As provided by law, parents of district students will also, upon request, be permitted to excuse their student from covered activities. The rights provided to parents under this policy, transfer to the student when the student turns 18 years old, or is an emancipated minor under applicable state law.

The superintendent will ensure that activities requiring parental notification are provided as required by law and that reasonable notice of the adoption or continued use of this policy is provided to parents of students enrolled in district schools. The input of parents will be encouraged in the development, adoption and any subsequent revision of this policy.

3. Covered activities requiring notification means those activities involving the collection, disclosure or use of personal information collected from students for the purpose of marketing or for selling that information or otherwise providing that information to others for that purpose; the administration of any survey containing one or more covered survey items; and any nonemergency, invasive physical examination or screening that is required as a condition of attendance and administered and scheduled by the school in advance;
4. Third parties include, but are not limited to, school volunteers, parents, school visitors, service contractors or others engaged in district business, such as employees of businesses or organizations participating in cooperative work programs with the district and others not directly subject to district control;

Solicitation of sales or use of the name of the school system to promote any product or religious belief shall not be permitted.

ADVERTISEMENTS AND POSTERS

Public:

Such practices as allowing advertising and posters should be avoided as often as possible. 2. The schools may use films or other educational materials bearing only simple mention of the producing firm and provided such materials can be justified on the basis of their actual educational values.

The superintendent may, at his discretion, announce or authorize to be announced, any lecture, community activity, or film of particular educational merit.

Policy Code: DJEC Federal Purchasing and Procurement

Policy:

FEDERAL PURCHASING AND PROCUREMENT

The Jackson County School District shall comply with all state and federal laws regarding purchasing and procurement. The implementation of this guidance is to reduce administrative burden and risk of waste, fraud, and abuse for federal awards.

When utilizing federal funds, district staff must strictly adhere to the guidance and rules outlined by the Office of Management and Budget (OMB) in the Uniformed Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (2 Part 200); including but not limited to the following:

- Federal purchases of services and perishable foods/supplies under \$10,000 are considered "micro purchases." The purchase orders for micro purchases may be awarded without soliciting any competitive quotes if the costs are deemed reasonable. To the extent practicable, these purchases should be distributed equitably among qualified suppliers.
- All federal purchases of services between the amounts of \$10,000 to \$250,000 must have at least two (2) price or rate quotes. Any services over \$250,000 will need to follow the competitive bidding process.

The state of Mississippi is more restrictive on the purchase of goods (commodities); therefore, district staff must also adhere strictly to the guidance and rules outlined by the Mississippi State Purchase Law Summary, including the following:

- Purchases which do not involve an expenditure of more than \$5,000 may be made without advertising or otherwise requesting competitive bids if the costs are deemed reasonable.
- For all (irrespective of funding source) purchases of goods (commodities) between the amounts of \$5,000 and \$75,000, districts must have at least two (2) price quotes.
- For all (irrespective of funding source) purchases of goods (commodities) over \$75,000 must adhere to the Mississippi State Purchase Law Summary which requires the application of a competitive bidding process.
- The state of Mississippi allows exceptions to the bidding requirements for outside equipment repairs and perishable supplies or food purchased for use in connection with the school lunch programs.

The superintendent or designee shall develop procedures for the support of this policy.
