Background

- Due to funding reductions and ever-increasing regulatory pressures, PHAs across the United States are repositioning public housing properties to a voucher based program. The voucher structure permits greater autonomy in operating, which reduces operating costs. The voucher is also a more stable income source as it is contract based and not contingent upon appropriations from US Congress.

6.1.2. Finance/Procurement/Operations Committee Resolutions

6.1.2.1. Resolution 2026-22 Custodial Contract

Memorandum

To: The Board of Commissioners

From: Charles Karl, Capital Improvements Director

Date: May 7th, 2026

Re: Recommendation for Contract – Custodial Services

RECOMMENDED ACTION:

The Housing Authority of the City of Omaha (hereinafter “OHA”) staff recommends the OHA Board of Commissioners approve contracts with Just Clean, Cleansin Cleaning, Superior Contractors LLC, DNR Cleaning Company, and Gazellas Bright for residential and commercial custodial services in an amount not to exceed \$850,000, jointly and severally. These contracts would be for a term of twelve months, with OHA reserving the right to renew for four additional twelve-month terms with Board of Commissioners approval.

EXPLANATION:

OHA currently outsources most routine common area cleaning for its public housing properties and Central Office. In keeping with its mission, and for practical operational reasons, OHA prefers to have custodial work divided among multiple, smaller firms.

METHOD OF PROCUREMENT:

OHA invited qualified firms to present proposals for custodial services. The Request for Proposal (RFP) was publicly advertised in accordance with HUD procurement guidelines, and OHA staff performed extensive outreach to current and prospective vendors.

Eight firms submitted proposals. A committee of OHA staff evaluated and scored them according to the RFP criteria. Firms were rated on technical factors (50 of 100 points) and price (50 of 100 points); price scoring was done on a property-specific basis. (See score summary on the next page.)

One firm was disqualified due to improper document submission; five firms scored in the competitive range (at least 70 of 100 possible points). The Evaluation Committee recommended awarding contracts to all competitive firms. Award of custodial work will be based on property-specific pricing, vendor capacity, and other operational factors.

PROJECT COST: These contracts will not exceed \$850,000 (jointly and severally)

6.1.2.6. Resolution 2026-27 Scattered Site Window Replacement Contract

Memorandum

To: The OHA Board of Commissioners
From: Charles Karl, Capital Improvements Director
Date: May 7th, 2026
Re: Recommendation for Contract – Scattered Site Window Replacements

RECOMMENDED ACTION:

Omaha Housing Authority (“OHA”) staff recommends the OHA Board of Commissioners approve the following:

- A contract for \$83,526 with TCI General Contracting to provide window replacement services for OHA’s Scattered Site locations. This contract would be for an initial term of six months, with the option to renew for two additional six-month terms.
- At OHA’s discretion, an increase of up to 10% of the contract amount without additional Board of Commissioners’ approval.

EXPLANATION:

Maintenance staff identified several single-family homes with windows that have exceeded their useful life and/or do not operate properly. OHA received quotes to replace the windows at eight single family home locations.

METHOD OF PROCUREMENT

Since the project cost estimates did not exceed the Simplified Acquisition Threshold of \$100,000, OHA used Small Purchase procurement procedures, and received quotes from three qualified firms, with TCI General Contracting submitting the lowest quote. This will be a Firm Fixed Price (FFP) contract.

6.1.2.7. Resolution 2026-28 Electrical Services Contract

Memorandum

To: The Board of Commissioners

From: Charles Karl, Capital Improvements Director

Date: May 7th, 2026

Re: Recommendation for Contract – Electrical Services

RECOMMENDED ACTION:

The Housing Authority of the City of Omaha (hereinafter “OHA”) staff recommends the OHA Board of Commissioners approve contracts with Davids Electric, Muth Electric, and Omaha Electric for residential and commercial electrical services in an amount not to exceed \$150,000, jointly and severally. These contracts would be for a term of twelve months, with OHA reserving the right to renew for four additional twelve-month terms with Board of Commissioners approval.

EXPLANATION:

OHA often needs electrical work, which must be outsourced due to the specialized skills and licensing required. This will be an Indefinite Delivery, Indefinite Quantity (IDIQ) Contract that establishes a pool of available electrical vendors. Electrical projects will be awarded by purchase order based on vendor pricing, availability, and other factors.

METHOD OF PROCUREMENT:

OHA invited qualified firms to present proposals for electrical services. The Request for Proposal (RFP) was publicly advertised in accordance with HUD procurement guidelines, and OHA staff performed outreach to current and prospective vendors.

Four firms submitted proposals. A committee of OHA staff evaluated and scored them according to the RFP criteria. Firms were rated on technical factors (50 of 100 points) and price (50 of 100 points). Three firms scored in the competitive range (at least 70 of 100 possible points). The Evaluation Committee recommended awarding contracts to all competitive firms.

Firm	Technical Factors (0-50 Points)	Pricing Factors (0-50 Points)	Total Score
Davids Electrical	47	50	97
Muth Electrical	50	43	93
Omaha Electrical	50	38	88

PROJECT COST: These contracts will not exceed \$150,000, jointly and severally

WHEREAS, staff recommends that the OHA Board of Commissioners approve a contract with by Davids Electric, Muth Electric and Omaha Electric in an amount not to exceed \$150,000, and for a contract term of one year with an option to renew for four additional one-year terms, jointly and severally, to provide electric services;

NOW, THEREFORE, BE IT RESOLVED THAT the Board of Commissioners of the Housing Authority of the City of Omaha hereby approves a contract with Davids Electric, Muth Electric and Omaha Electric in an amount not to exceed \$150,000, and for a contract term of one year with an option to renew for four additional one-year terms, jointly and severally, to provide electric services.

6.1.2.8. Resolution 2026-29 Alamo Exterior Contract

Memorandum

To: The OHA Board of Commissioners
From: Charles Karl, Capital Improvements Director
Date: May 7th, 2026
Re: Recommendation for Contract - Alamo Exterior (Revised)

RECOMMENDED ACTION:

Omaha Housing Authority ("OHA") staff recommends the OHA Board of Commissioners approve the following:

- A contract for \$125,000 with JEM Restoration Services Inc. to provide exterior repair services for OHA's Alamo Apartments located at 118 North 36th St. in Omaha. This contract would be for an initial term of 6 months, with the option to renew for two additional six-month terms.
- A contract for \$110,000 with HHERS LLC to replace fire escapes and concrete for OHA's Alamo Apartments located at 118 North 36th St. in Omaha. This contract would be for an initial term of 6 months, with the option to renew for two additional six-month terms.
- At OHA's discretion, an increase to one or both contracts of up to 10% of the contract amount without additional Board of Commissioners' approval.

EXPLANATION:

OHA contracted with Alley Poyner Macchietto Architecture to complete A&E planning for exterior and site renovations at Alamo Apartments, a public housing multifamily property. OHA used the architect's completed specifications to conduct a formal solicitation for the work. This project is divided into two lots: Lot 1 includes masonry and exterior repairs; Lot 2 includes replacement of existing fire escapes and concrete structures.

The Board of Commissioners approved a previous version of this recommendation. Subsequently, HHERS notified OHA that their bid had been incorrectly calculated. While allowing a bidder to modify their bid after solicitation closing is unusual, HUD procurement guidelines permit OHA to accept the modified bid with sufficient justification. OHA's General Counsel reviewed this decision.

METHOD OF PROCUREMENT

Since the project cost estimates exceeded the Simplified Acquisition Threshold of \$100,000, OHA conducted an Invitation for Bid (IFB 260206) which was publicly advertised and open for more than 30 days. OHA staff also performed outreach to qualified vendors. Six firms submitted bids:

	HHERS, LLC	Elkhorn West, Inc.	JEM Restoration Inc	Mid-Continental Restoration	Giant Rocks Construction	Fisher Building
Lot 1	\$155,000	\$592,222	\$124,378	\$203,180	\$482,172	\$329,000
Lot 2	\$110,000	\$251,860	\$186,353	No Bid	\$156,749	\$303,950

PROJECT COST: These contracts will not exceed \$257,816

Re: HUD Section 18 Applications Update (for Scattered Site Single Family Homes)

OHA staff were informed that additional verification of virtual resident meetings were required to complete the application review. OHA staff will satisfy this requirement by submitting a Zoom virtual attendance log report generated by Zoom.

OHA intends to submit disposition applications for the following units and that may be subject to additional verification, and staff will bring future resolutions to the board for future applications:

Furthermore, the mainstream program is currently experiencing a shortfall for 2026. OHA has been referred to the shortfall team and will follow their guidance and the next steps as instructed.

OHA is only billing at this time and will no longer absorb portability cases.

The Southside relocation project is being completed in Phases 4 and 5.

The waitlist department has been reassigned to support the Project-Based Voucher department with appointments and file processing for the Scattersite Northeast and Pine Tower repositioning.

OHA Board Report Summary

Public Housing – March 2026 Board Summary

MASS & Occupancy Performance

March closed with the portfolio holding steady at **98.3%** occupancy, reflecting only a slight dip from February and continuing the overall trend of strong performance across most properties. The towers remain the most consistent drivers of stability, maintaining high occupancy and anchoring the broader portfolio.

Our MASS score for March is **18.5**, reflecting the recalibrated calculations following HUD's approved exemptions for KayJay and Florence Towers. With those adjustments now fully integrated, our reporting will be more accurate, giving us a clearer picture of true operational performance.

While occupancy remains a bright spot, the collection component of PHAS continues to be our most persistent challenge. Past-due balances remain elevated, and although staff are actively engaging residents through outreach, support, and repayment agreements, progress continues to be slow. Coordination with Finance has strengthened over the past month, helping us align strategies and reinforce consistent expectations across sites.

In addition, we are currently developing an internal process for collecting move-out balances to ensure clearer procedures, improved tracking, and more consistent follow-through. We anticipate having this process finalized within the next month or two.

As we move into the next quarter, our focus remains on sustaining high occupancy, tightening financial controls, and reinforcing operational consistency to support long-term MASS improvement.

Affordable Housing

The Affordable Housing portfolio remains stable overall, though March brought a few notable changes. Farnam currently has two vacant units undergoing turnover work. With 30 units total, the property remains largely stable, and staff are actively preparing the two units to return them to service as quickly as possible.

At Ernie Chambers Court, the long-anticipated sale officially closed in April. Property Management played a key role throughout the final stages of the process, supporting due diligence, coordinating access, and ensuring a smooth operational handoff to the new ownership team. With the transition complete, the property has formally exited the portfolio.

Market Rate Housing

North Villas maintained 100% occupancy through March, marking another month of full stabilization. Three units are expected to turn over in early April, and the team is already preparing targeted marketing to ensure quick re-leasing and minimal downtime.

Repositioning Update

Repositioning efforts continued to advance across the portfolio throughout March, with both Florence Tower and KayJay Tower making steady progress. Staff at each site have been working closely with residents to ensure they remain fully informed and prepared for the upcoming transitions. Regular communication, one-on-one conversations, and ongoing support have helped residents understand timelines, expectations, and next steps, resulting in a smoother and more predictable transition process.

Within the scattered-site portfolio, remaining tasks are nearly complete. Most of the 117 homes have now fully transitioned or are in their final stages, and the team is actively closing out the last outstanding items. We currently have one duplex with ongoing resident-compliance issues related to inspections, and staff continue to work directly with the household to achieve compliance so the unit can move forward in the process.

Maintenance & Inspection Update

March included an on-site visit from Stephen Burt of HUD, who conducted field inspections across several properties. The visit proved to be a valuable learning and training opportunity for both me and Tanner, our Assistant Director of Facilities. His walkthroughs and feedback offered practical insights that will help us strengthen our inspection readiness and refine our internal processes moving forward.

Operationally, the team continues to work through the backlog of work orders, with particular focus on the scattered-site portfolio where delays have been most concentrated. To accelerate progress, we have been temporarily pulling maintenance staff from the towers, when possible, to support scattered-site needs. This added capacity has helped us make steady headway while still maintaining essential coverage at the larger properties.

Overall, the team remains focused on improving workflow efficiency, preparing for all inspections, and ensuring units meet HUD standards

Re: Compliance Department Update- March 2026

Intake Department

During March, there were 201 public housing applications submitted through the on-line portal. 37 of the applications met the criteria for one-bedroom senior households for designated senior towers. A total of 47 public housing applications were approved during this period with 28 for one bedroom, 13 for two bedrooms, 6 for three bedrooms and 0 for four bedrooms. 4 applications were processed with 3 approved during March for River City Housing Connection for the Scattered Northeast Project Based Vouchers (PBVs).

In addition to the 164 applications not eligible to apply, there were an additional 132 applicants who were withdrawn during the full application process for no response, failed background checks, over income, unit offer refusals, monies owed to housing agencies and applicant requests.

During the first quarter of 2026, we compiled the total number of files that were selected and identified the status for withdrawn, approved and leased:

Selected:	353
Withdrawn:	242
Approved:	84
Leased:	15

Note: these numbers do not include any outstanding files from 2025 that were carried over. For the files selected during the first quarter, 91% of the files were fully processed by Intake staff. 24% of the files selected were approved.

Reexaminations

HUD's monthly Reexamination Delinquency Report score continues to be maintained at a high level. The February score was 99.89%. The Compliance team's persistence in trying different strategies in contacting residents for them to complete the on-line portal and to also provide required documentation so their annuals and interims can be completed is showing positive results. We have 1 late 2025, 0 for January and February and 7 for March-May 2026 recertifications to finish up.

Our interim completion rate is 72% in March. Our number of interims will increase due to the monitoring of HUD reports for new hires and new move ins with unreported income.

Our Teams established goals to meet for each step of the recertification process. They are determining their score each month to measure their outcomes and strategize on how improvements can be made if needed.

Tower Repositioning Planning

Planning for renovation and preservation for OHA's public housing towers through a variety of HUD redevelopment tools has started with OHA's RAD consultant, AH Forward, and development partner, Brinshore.

The Pine Tower RAD conversion closed mid-November 2025. OHA has continued to work with Brinshore, BCM, and Seldin to ensure the property management changeover and construction continues as scheduled.
