Superintendent Petersen reported that the new kitchen hood has been installed. An issue was discovered with the kitchen flooring, and bids have been solicited to address the necessary repairs.

The new carpeting has been installed in the elementary school. A few doors required trimming to accommodate the new flooring, and the finished project looks very nice.

The concession stand project continues to progress, although at a slower pace than anticipated. The district is also working to schedule the upcoming concrete projects. Work on the rock parking lot will begin once the boom truck has been relocated from the area.

Superintendent Petersen also reported that the elementary school roof will be replaced due to damage sustained during recent storms. The district anticipates that the roofing project will be completed before the start of the school year.

Korbyn Schiermeyer, Stephanie Kriovohlavek, and Amy Rikl presented an update on the TeamMates Mentoring Program to the Board. However, there is currently a waiting list of students due to the need for additional mentors.
