KASB

Sen. Sub. for Sub. for HB 2299 Updated Guidance: Social Media and Staff-Student Communication

The April 2026 guidance from KASB attorneys on social media and messaging between staff and students has been revised. While the initial guidance was inadvertently more restrictive than the language of the bill suggests, KASB's team still recommends districts abide by the best practice of monitoring and archiving all direct communication between staff and students.

KEY PRINCIPLE:

Two-way communication between employees and students is not permitted through any social media platform, no exceptions. Social media platforms include traditional sites/apps, such as Facebook, Instagram, Snapchat, X, and TikTok.

Permitted Use of Social Media

- The district may maintain accounts on board-approved social media platforms used solely for one-way, public-facing communications (e.g., news, events, announcements).
- These platforms function as supplements to the district website.
- Two-way communication with students *is prohibited* on these platforms.
- As written, the law is not clear about whether public comments on public posts qualify as two-way communication. Districts should consider how to handle comments, including the option of disabling comments for all posts. If comments are enabled, staff should not reply to or engage with comments. In this case, the district should provide notice that staff are available by phone or email but will not be engaging with comments.

Permitted Options for Two-Way Communication

The following platforms are permitted for staff-student messaging because they are not defined as a social media platform in Sen. Sub. For Sub. for HB 2299. Boards may adopt more restrictive policies (e.g., limiting all staff communications to board-approved platforms). While recommended, this is not required under the law.

DISTRICT RESPONSIBILITIES & NEXT STEPS

- Evaluate communication tools currently in use by district staff
- Verify the applicable statutory category for each tool.
- Determine if an exception exists for each tool.
- Discontinuing tools that do not comply.
- Document board approvals where required.
- Provide staff training to prevent inadvertent noncompliance.

DISTRICT MESSAGING PLATFORMS

These platforms are the recommended option for two-way communication between students and staff. Using a district messaging platform provides the best opportunity for administrative oversight, as well as protection of students and staff. To be compliant, these tools must meet the requirements of New Sec. 3(c)(2)(B):

- Be approved by the board;
- Be owned, licensed, or contractually controlled by the district;
- Allow communications to be monitored, archived, retained, or audited by designated staff; and
- Ensure records can be produced upon parental request.

EDUCATIONAL TOOLS

Platforms that are primarily educational, such as tools for students' access to curriculum, assignments, grades, and/or academic communication, are exempt under New Sec.

3(c)(2)(A). These tools:

- Do not require board approval under this law; and
- May continue to be used without additional action, provided they are used as intended for educational purposes.

DIRECT MESSAGING SERVICES

Certain apps may qualify under New Sec. 3(c)(2)(D) and be exempt from regulation if they:

- Use direct messaging only;
- Share messages exclusively between the sender and named recipients; and
- Do not display messages publicly.

This exception may include some tools commonly used by coaches and activity sponsors.

While these tools often do not provide districts the valuable oversight, monitoring, and archiving of messages, districts may permit their use if the tool clearly meets these criteria and is determined to be in the district's best interest.

OTHER COMMUNICATION METHODS

The following forms of communication are not regulated by this law:

- Email,
- Text messaging, and
- Phone calls.

Districts may continue to allow these communications unless the board adopts more restrictive local policies.

At-a-Glance Guidance for Sub for HB 2299 New Cell Phone Requirements

A member resource from the Kansas Association of School Boards | Spring 2026

In July 2026, a new Kansas law will take effect to regulate student possession and use of cell phones and other personal electronic communication devices at school from “bell to bell.” Districts must adopt a policy that meets criteria outlined in Sub for HB 2299.

This resource is provided as a summary and does not replace the detailed guidance available on KASB+ for KASB members who are also members of the Legal Assistance Fund.

✓ KEY LEGAL REQUIREMENTS

- **Schools must restrict student use of and access to cell phones and personal electronic communication devices during the school day.** Smartwatches, earbuds, tablets, etc. must be turned off and stored away from students from the start of school until dismissal. This includes lunch and passing periods.
- **Students may choose not to bring devices to school at all.** They can leave them at home or in their car in the school parking lot.
- **Students must have a way to contact parents/guardians** using a school phone provided by the school.
- **There are limited exceptions during the school day.** A student may use a device only as a last resort if it is required by an IEP or 504 plan. A licensed physician could also document it as medically necessary with no reasonable alternative.
- **The rules do not apply during travel to or from off-campus learning,** such as technical school classes, work-based learning and college classes during the school day.
- **Virtual schools** are exempt from this law.

▶ DISTRICT NEXT STEPS

1. **Decide on a storage solution** for each grade level/school in your district and document how the decision was made.
2. **Update or create a cell phone/device policy** that clearly addresses the law's requirements. *Refer to KASB Legal Team guidance and model policy.*
3. **Adopt handbook policy** that specifies the cell phone procedures students and families can expect.
4. **Review special-needs documentation,** such as IEPs, 504 plans and medical notes.
5. **Outline procedures for off-campus access** when students leave for learning experiences. Include procedures for students leaving during the day for personal appointments or being checked out by a parent/guardian.
6. **Train staff** on the new policy, including what is allowed, how to handle exceptions and the plan for storing and returning student devices.
7. **Communicate with families** as policies and procedures are adopted. Include a special focus on how family communication and emergencies will be handled, as well as the exceptions allowed.
8. **Keep written records of decisions** made for storage, policies and procedures. Include a list of training efforts and communication materials.
9. **Submit certification** to the Kansas State Board of Education by Sept. 1, 2026.

What about...

BRING YOUR OWN DEVICE. To comply with the law, schools will likely need to stop “bring your own device” practices for use at school or in the classroom.

CERTIFICATION DEADLINE. Districts are expected to adopt compliant policies and submit certification to the Kansas State Board of Education by Sept. 1, 2026.

COMMUNICATING WITH FAMILIES AND STAFF. The May 1 KASB Connect toolkit will provide communication templates and resources.

**Student Handbook:****Messaging Between Students and Employees**

Safety of our students and staff is our top priority. This includes the use of digital communication tools that are used with district oversight. At [School Name/District Name/Attendance Level], messaging between our students and teachers, coaches, sponsors, or other employees will use the district's email system, as well as [Official District Messaging Tool Name].

Please allow an employee up to 24 hours for a response during a school week. School staff members are not requested nor required to monitor messages over weekends or other times when the school is closed for breaks or holidays, unless they are working in an official capacity during that time.

If you have an urgent need, please contact the school office or [district office / 911 / proper authorities / other] for assistance. Use of other digital communication tools for direct communication between a student and employee is otherwise limited to academic platforms and direct message services only as authorized by law. Two-way communication between employees and students are not permitted through any social media platform, such as Facebook, Instagram, Snapchat, X, and TikTok. Individuals making unauthorized two-way communications using social media may be subject to disciplinary action. For assistance accessing your [Official District Messaging Tool Name] account, contact [the school office]. If you ever have concerns about communication between a student and employee, please contact the [principal / coordinator / etc.] without delay to request assistance or make a report.

Student Handbook:**Student Use of Cell Phones and Other Personal Electronic Communication Devices**

Kansas law prohibits students from using or having access to their cell phones and other personal electronic communication devices from the start of school at [X:XX a.m.] until the dismissal bell at [X:XX p.m.], except as otherwise provided in board policy JCDC. When entering the school each day, [School Name] students will be required to [storage plan details]. [School/district] employees will be responsible for keeping the devices turned off and properly stored away from the student during the school day. At the end of the school day, students will retrieve their phones and other personal electronic communication devices by [procedure].

If you need to contact your child during the school day for any reason, please call or email the office at [contact info] so that we may assist. If your child needs to reach a family member or caregiver during the school day, they should [let a teacher know / stop in the office during passing period / etc.] for prompt assistance from our team.

We acknowledge the complexity of this issue. We encourage students to leave personal electronic communication devices at home or in a locked vehicle during the school day. We also understand that is not always possible or preferable. Please note that students failing to comply with this policy will be subject to disciplinary action.

At [School Name], we value the partnership of parents and guardians. When families and school staff work together, we can create a positive, healthy and focused learning experience for every student.

The Northern Valley Education Association

(Ratified by the members of NVEA, May 22, 2026)

USD 212 – Northern Valley 2026 - 27

ARTICLE 1-DEFINITIONS AND GENERAL AGREEMENTS

Section 1

Duty Day

The normal duty day shall be eight and one-half (8.5) hours for contact days and eight (8) hours for all other days as determined and scheduled by the Board. The Board shall have the right to determine the number of periods, length of periods, length of instructional time and the right to change the components of the duty day. The duty day may be extended to include open houses, parent-teacher conferences and special education staffing as determined by the administrators. In the event the extension for staffing extends into a scheduled activity of a teacher, the meeting shall be rescheduled to a more appropriate time.

Teachers are expected to be on duty for all days identified on the adopted calendar for the duty day period of eight hours and thirty minutes as scheduled by the Board. An exception to this shall occur when a partial school day is scheduled immediately prior to all holiday breaks, in which case teachers will be expected to remain on duty until dismissed by their building administrators. In no event shall a teacher be required to remain on duty more than 30 minutes after the student's early dismissal time.

The administrator will determine the duty day for teachers when school is dismissed early for the scheduling of special events.

When school is cancelled due to inclement weather teachers are not expected to report for duty. If the day that is cancelled must be made up, teachers will be expected to report for the make-up day(s) as scheduled by the Board.

At the beginning of each semester, each professional employee will be able to choose one of the options below:

1. A duty-free period each contract duty day for the purpose of eating lunch and having a brief respite period. This time shall be equal to the time allowed students for a lunch break.
2. To receive a free lunch in exchange for eating in the cafeteria to help monitor students for the lunch period. Monitoring students during the lunch period includes ensuring appropriate behavior, assisting students getting their food items and condiments if needed, and giving permission to scrape and/or leave the cafeteria.

Section 2

Duty Year

The basic duty year will not exceed 170 days (*based on an 8.5 hr. contact day*) as determined and scheduled by the Board.

Section 3

Each year, the Calendar Committee will submit the following school year's proposed calendar to the superintendent by the March Board meeting.

Section 7

The coverage under the group health-care benefits will cease at such time as (1) the retired employee attains the age of 65 years of age, (2) the retired employee

fails to make their required premium payments on a timely basis, or (3) the retired employee becomes covered or is eligible to be covered under a group plan of another employer.

ARTICLE 6-REDUCTION IN FORCE

Section 1

Reduction of Teaching Staff

In the event the board decides the size of the teaching staff must be reduced, guidelines in the following proposal will be followed. Insofar as possible, reduction will be accomplished by attrition due to resignations and retirement.

The following steps will be utilized by the district's administrative staff:

To determine the number of teaching positions to be reduced, the administrative staff will ascertain the educational program for the district to meet the educational goals established by the board. The number of teachers needed to implement the district's educational program will then be determined by the administrative staff based on those educational goals as determined by the board.

All teachers will be evaluated in relation to the educational goals of the district. Individual qualifications and specific skill areas or disciplines shall be ascertained and applied to the teacher needs of the district. Evaluation forms, instruments or tools will be used to measure each staff member's teaching ability.

In the event two or more teachers have similar qualifications, skills and teaching abilities in a teaching area deemed necessary to fulfill the district's educational goals, the superintendent shall recommend a more experienced teacher before recommending a less experienced teacher for the position in question.

Any certified employee who has not been re-employed as a result of reduction of the teaching staff shall be considered for re-employment if a vacancy exists for which the teacher would qualify. The superintendent will recommend to the board reinstatement of any such teacher whom he deems qualified and able to serve the best interests of the district. The board shall not be required to consider reinstatement of any such teacher after a period of one year from the date of non-renewal.

ARTICLE 7 -DISCIPLINE, SUSPENSION AND DISMISSAL OF SCHOOL DISTRICT EMPLOYEES

I. PURPOSE

The purpose of this policy is to achieve the effective operation of the school district's programs through the cooperation of all employees under a system of policies and rules applied fairly and uniformly. The district wishes to retain, recruit, and equip staff who model professionalism, continued personal growth, and whose skills are utilized appropriately to benefit the district's students.

II. GENERAL STATEMENT OF POLICY

The disciplinary process described herein is designed to utilize progressive steps, where appropriate, to produce positive corrective action. While the school district intends that in most cases progressive discipline will be administered, the specific form of discipline chosen in a particular case and/or the decision to impose discipline in a manner otherwise, is solely within the discretion of the school district.

III. DISCIPLINE

A. Violation of District Policies or Laws: The form of discipline imposed for violations of district policies or laws may range from an oral reprimand to termination of employment or non-renewal of contract depending upon factors such as the nature of the violation, whether the violation was intentional, knowing and/or willful, and whether the employee has been the subject of prior disciplinary action of the same or a different nature. District policies and laws to which this provision applies include:

1. All policies of the school district;
2. directives and/or job requirements imposed by administration and/or the employee's supervisor; and
3. federal, state and local laws, rules and regulations, including, but not limited to, the rules and regulations adopted by federal and state agencies.

B. Substandard Performance: An employee's substandard performance may result in the imposition of discipline ranging from an oral reprimand to termination of employment or non-renewal of contract. In most instances, discipline imposed for the reason of substandard performance will follow a progressive format and will be accompanied by a measurable plan of improvement. The plan of improvement will be collaboratively developed, but the final decision on the plan rests with the designated administrator. This administrator will also provide guidance, help, and encouragement to improve. The employee will be given reasonable time for correction of the employee's deficiency.

C. Misconduct: Misconduct of an employee will result in the imposition of discipline consistent with the seriousness of the misconduct. Conduct which falls into this category includes, but is not limited to:

1. unprofessional conduct;
2. failure to observe rules, regulations, policies and standards of the school district and/or directives and orders of supervisors and any other act of an insubordinate nature;
3. continuing neglect of duties in spite of oral warnings, written warnings and/or other forms of discipline;
4. personal and/or immoral misconduct;
5. use of illegal drugs, alcohol or any other chemical substance on the job or any use off the job which impacts on the employee's performance;
6. deliberate and serious violation of the rights and freedoms of other employees, students, parents or other persons in the school community;
7. activities of a criminal nature relating to the fitness or effectiveness of the employee to perform the duties of the position;
8. failure to follow the canons of professional and personal ethics;
9. falsification of credentials and experience;
10. unauthorized destruction of school district property;
11. other good and sufficient grounds relating to any other act constituting inappropriate conduct;
12. neglect of duty;
13. violation of the rights of others as provided by federal and state laws related to human rights.

IV. FORMS OF DISCIPLINE

A. The forms of discipline that may be imposed by the school district include, but are not limited to:

1. oral warning;
2. written warning or reprimand;
3. probation;
4. disciplinary suspension, demotion or leave of absence with pay;
5. disciplinary suspension, demotion or leave of absence without pay; *and*
6. dismissal/termination or non-renewal from employment.

B. Other forms of discipline, including any combination of the forms described in paragraph A above, may be imposed if, in the judgment of the administration, another form of discipline will better accomplish the school district's objective of stopping or correcting the offending conduct and improving the employee's performance.

V. PROCEDURES FOR ADMINISTERING POLICY

A. In an instance where any form of discipline is imposed, the employee's supervisor will:

1. Advise the employee of any inadequacy, deficiency or conduct which is the cause of the discipline, either orally or in writing. If given orally, the supervisor will document the fact that an oral warning was given to the employee specifying the date, time and nature of the oral warning.
2. Provide directives to the employee to correct the conduct or performance.
3. Forward copies of all writings to the administrator in charge of personnel for filing in the employee's personnel file.
4. Allow a reasonable period of time, when appropriate, for the employee to correct or remediate the performance or conduct.
5. Specify the expected level of performance or modification of conduct to be required from the employee.

B. The school district retains the right to immediately discipline, terminate or non-renewal an employee as appropriate, subject to relevant governing law and collective bargaining agreements where applicable.

VI. RIGHTS OF EMPLOYEES RECOMMENDED FOR TERMINATION OR NON-RENEWAL

A. After three complete years of service, employees recommended for termination or non-renewal of contract have a right to:

1. Provide written information to the board regarding the termination or non-renewal
2. Meet with the board in executive session to hear the reason for the proposed termination or non-renewal, and to respond

GENERAL INFORMATION TEACHING AND LEARNING

CURRICULUM

Staff shall develop and implement instruction programs in accordance with State Education Standards and board-approved district goals and learning objectives.

INSTRUCTIONAL MATERIALS

All textbooks, videos, software, and other instructional materials used in the district must support the district's instructional goals and learning objectives and meet all copyright and fair use guidelines.

Videos and other instructional materials must be pre-screened by staff, must be age-appropriate, and may not be used in the classroom solely for recreational purposes.

LESSON PLANS

Each teacher shall develop, maintain and follow lesson plans, which conform to the board-approved curriculum, the district's educational goals, expected student learning outcomes and include the state indicator(s) covered. A copy of lesson plans shall be available to the principal during formal or informal observations and to substitute teachers.

HOMEWORK

Homework shall not be used as a means to discipline students. Homework shall be assigned as needed to reinforce lessons introduced in the classroom.

GRADES

Northern Valley Schools will utilize a 4-point grade system.

A = 4 points, B = 3 points, C = 2 points, D = 1 point and F or I = 0 points.

All teachers will follow the grade scale guidelines as adopted during the 1986-87 school year. The grading system is as follows:

100-90% = A
89-80% = B
79-70% = C
69-60% = D
59% and below = F

Grades for each class will be recorded each nine weeks. A semester grade for each class will be recorded at the end of each semester. The semester grade shall be determined by averaging the two nine - week grades (percentages), and all + and -'s will be dropped. Letter grades will be recorded on the official transcript. Letter grades and percentages will be duly recorded on all grade reports distributed to students, parents and/or guardians.

MAKE-UP WORK

The student is responsible for getting all missed assignments from their teachers. If a student has an excused absence on the due date of an assignment, the student must turn in the assignment on the day she/he returns to class, provided that the assignment was made prior to the absence. A student who misses class because of a school sponsored activity may be required by the instructor to complete assignments in advance of the activity. Students should understand that it may be impossible to earn a daily participation grade if not present in a class.

Two class periods are given to complete daily work missed due to each day of excused absence. For example, if you are absent on Monday, and you meet in class on Tuesday, the missed assignment is due on Thursday. If you are absent on Tuesday, and you meet in class on Wednesday; the missed assignment is due on Friday. For extended illness, the student will be limited to five (5) school days following their return to make-up work missed. Exceptions to this rule can be made through special arrangements with the teacher or administration.

No make-up credit will be allowed for un-excused absences.

Students in in-school suspension will be given one day to turn in missed assignments for credit. Students assigned to out-of-school suspensions students ARE required to make up work, but can only receive a maximum of 50% credit for this work and it must be returned the day after they return.

REPORTS

Progress Reports

Student progress shall be periodically reported to the students and his/her parents/guardians. Whenever a student is falling behind or is failing to meet the grade level/course objectives, the teacher shall inform the student's parent/guardian. The teacher may attempt to assist the student and parent/guardian in developing a plan for improved performance.

Report Cards

Report Cards shall be issued to each student's parent/guardian at the end of the **first quarter, first semester, third quarter and second semester** for each subject taken. Reasons for deficiencies and/or failures shall be given. **Grades must be submitted through Power School and hard copies must be reviewed and signed off by each teacher by the due date for each grading period. Corrections to grades in Power School are the responsibility of the teaching staff.**

Any employee may file a complaint with their supervisor concerning a school rule, regulation, policy or decision that affects the employee.

If the complaint is covered by the grievance procedure, refer to the negotiated agreement or board policy.

Employees are to follow the proper “chain of command” by first contacting your immediate supervisor for resolution of problems. Exceptions may be made if the supervisor is the source of the complaint, for example, in a situation involving sexual or racial harassment (see GAAC or JGEC for details). If neither of these policies apply, employees shall first discuss all concerns with their immediate supervisor before taking additional action.

If the complaint is not covered by the grievance procedures, the complaint shall be in writing; filed within ten (10) days following the offending event, and shall specify the basis of the complaint. The supervisor shall meet with the employee and provide a written response within ten (10) days. If the employee disagrees with the decision, the employee may appeal to the superintendent. The superintendent’s decision shall be final.

Alternatively, or in addition to any action short of termination, the employee may be required to participate satisfactorily in an approved drug abuse assistance or rehabilitation program as a condition of continued employment.

The employee shall bear the cost of participation in such program.

This is intended to implement the requirements of the federal regulations promulgated under the Drug Free Workplace Act of 1988, 34 CFR Part 85, and Subpart F. SEXUAL HARASSMENT

General Policy

U.S.D. #212 is committed to providing a positive learning and working environment for its students and employees and will not tolerate sexual harassment or sexual violence. Sexual harassment is illegal and will not be tolerated in the school district. It is a violation of Title VII of the Civil Rights Act of 1964 and Title IX of the Education Amendments of 1972, and may constitute sexual harassment abuse under Kansas's statutes. This policy applies to males and females, and includes same sex harassment. This policy is applicable to employees while on school premises and in the discharge of their duties at off-site locations. Sexual harassment of employees or students, vendors, and any other having business or other contact with the school district is strictly prohibited.

No district employee or student shall sexually harass or be sexually harassed, or fail to investigate or refer a complaint of sexual harassment for investigation. Complaints of sexual harassment by employees will be promptly investigated and resolved. Initiation of a complaint of sexual harassment will not adversely affect the job security or status of an employee, nor will it affect his or her compensation or work assignment.

Violation of this policy shall result in disciplinary action, including but not limited to reprimand, probation, demotion, suspension, termination, or other sanctions as determined appropriate against any employee. Individuals who harass may be held personally liable under civil suits.

Definition

Sexual harassment shall include, but not limited to, unwelcome sexual advances, requests for sexual favors, or other verbal, written or physical conduct of sexual nature when:

- (1) submission to such conduct is made, explicitly or implicitly, a term or condition of an individual's employment;
- (2) (2) submission to or rejection of such conduct by an individual is used as a basis for employment decisions affecting such individual; or
- (3) (3) such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment.

Sexual harassment is demeaning and degrading. It affects an individual's self-esteem, and can have a negative impact on performance at work or in class. It can make an individual feel angry, powerless, and fearful. Sexual

harassment may include, but is not limited to: verbal or written harassment or abuse including teasing, jokes, posters, pictures or cartoons; pressure for sexual activity; repeated remarks with sexual or demeaning implication; unwelcome touching, patting, pinching, hugging, or brushing against another's body; suggesting or demanding sexual involvement accompanied by implied or explicit threats or promises concerning an individual's employment; sexual assault or battery as defined by current law. The fact that someone did not intend to sexually harass an individual is generally not considered a defense to a complaint of sexual harassment. In most cases, it is the effect and characteristics of the behavior that determine if the behavior constitutes sexual harassment.

Reporting Incidents

Anyone may seek advice, information or counseling on matters related to sexual harassment without having to lodge a formal complaint. Most complaints can be resolved through informal procedures. Informal procedures are aimed at stopping the behavior rather than determining guilt. Informal complaints do not have to be in writing and are generally not investigated in depth. The intent of the informal reporting procedure is to provide a simple procedure for a person to lodge a complaint and have it quickly looked into and has the offending behavior stopped. Informal resolution of sexual harassment is strictly voluntary on the part of the complainant.

Any employee may elect to file a formal complaint under the district's discrimination complaint procedure. Official disciplinary action cannot be taken without a formal hearing. Formal complaints must be put in writing and normally addressed to the building principal or compliance coordinator.

Every individual has the right to bypass the normal reporting chain to report sexual harassment directly to the District School Board or Office of Civil Rights.

The confidentiality of the reporting party will be observed to the utmost, provided it does not interfere with the ability to investigate the alleged harassment or to take corrective action.

Retaliation against anyone reporting or thought to have reported sexual harassment behaviors is prohibited. Such retaliation shall be considered a serious violation of the policy and shall be independent of whether a charge or informal complaint of sexual harassment is substantiated. Encouraging others to retaliate also violates this policy.

Examples of retaliation are ridicule, threats, name-calling, withholding of normally disseminated information, adverse effect on job status, security or compensation, or further harassment.

All complaints of sexual harassment are taken seriously. Employees who falsely and maliciously accuse others of sexual harassment shall be disciplined in accordance with district disciplinary procedures.

The following steps should be followed when lodging an informal complaint:

1. Employees who believe they have been subjected to sexual harassment should report the problem to their immediate supervisor. If the employee's immediate supervisor is the alleged harasser, the employee should bypass the supervisor and report the harassment directly to the building principal, Director of Special Education, the Superintendent, or the Board of Education.
2. The person seeking information will be counseled as the options for actions available under policy and will be provided a copy of this policy. They will be informed about resources available, such as videos or books, which provide information regarding sexual harassment. They will be informed that they will have the opportunity to participate in discussions regarding the method of resolving the matter.
3. Informal resolution will be attempted. Resolution may be as simple as conducting refresher training, having a discussion with the alleged offender, or sending a memo to all employees indicating concern about sexual harassment in the district. The alleged offender will not be contacted without permission of the complainant.
4. If the problem is resolved informally, a written summary will be made and kept in a confidential file. The compliance coordinator will follow up within one month to determine whether the victim has been subject to any further sexual harassment or retaliation.

5. If the problem cannot be resolved informally, or is not resolved within 5 workdays, the complainant will be advised of formal complaint procedures. The filing of a written complaint is required for a matter to be formally investigated. Formal sexual harassment complaints will be in accordance with the district's discrimination complaint procedure.

Any questions regarding the U.S.D. #212 Sexual Harassment Policy should be addressed to the Superintendent, 512 W. Bryant, Almena, KS 67622, 785-669-2445.

DISCRIMINATION COMPLAINTS

Discrimination against any individual on the basis of race, color, national origin, sex, disability, age, or religion in the admission or access to, or treatment or employment in the district's programs and activities is prohibited. Superintendent of Schools U.S.D. #212, 512 W Bryant St., Almena, KS 67622, (785) 669-2445 has been designated to coordinate compliance with nondiscrimination requirements contained in Title VI of the Civil Rights Act of 1964, Title IX of Education Amendments of 1972, and Section 504 of the Rehabilitation Act of 1973, and The Americans with Disabilities Act of 1990. Complaints of discrimination should be addressed to an employee's supervisor or to the compliance coordinator. Complaints of discrimination against the superintendent should be addressed to the board of education or compliance coordinator. Complaints of discrimination will be resolved using the district's discrimination complaint procedure.

The employee shall be allowed to return to duty upon recovery from the illness, when authorized by the employee's physician or by the health assessment team.

The board reserves the right to require a written statement from the employee's physician indicating the employee is free from all communicable disease symptoms.

As a condition to entering or continuing employment, certified employees must present a district approved form to the clerk, completed by a health care professional, which states "that there is no evidence of physical condition that would conflict with the health, safety, or welfare of the pupils; and that freedom from tuberculosis has been established." If at any time there is a reasonable cause to believe any employee is suffering from an illness detrimental to the health of the pupils, the school board may require a new certification of health. (K.S.A. 72-5213)

The board reserves the right to have any employee examined at any time by a physician of the board's choice to determine if the employee is able to fulfill and perform the obligations of employment and to abide by and implement the policies and rules of the board. The costs of any examination required will be borne by the board.

MEDICATIONS, ADMINISTERING

Supervision of Medication

The supervision of medications shall be in strict compliance with the rules and regulations of the board as carried out by district personnel. In certain circumstances, when medication is necessary in order that the student remain in school, the school may cooperate with the parents in the supervision of medication that the student will use. However, the medical person authorized to prescribe medication, or the parent if it is a non-prescription medication, must send a written order to the building administrator who may supervise the administration of the medication or treatment. The parent(s) must submit a written request to the building administrator requesting the school's cooperation in such supervision and releasing the school district and personnel from liability.

Two containers, one for home and one for the school should be requested from the pharmacist. Only oral medications should be administered, except in emergency situations.

Any changes in types of drugs or dosage and/or time of administration should be accompanied by new physician and parent permission signatures with a newly labeled pharmacy container.

Medications should be inventoried every semester. Out of date stock should be returned to parent or destroyed.

Over the counter medications should not be maintained on any school premises, including athletic areas, unless written parent permission to administer is obtained.

The building administrator may choose to discontinue the administration of medication provided that the parent(s) or medical people are notified in advance of the date and of the reasons for discontinuance.

After medication is administered, students should be observed for possible reactions to the medication. This observation may occur at the site of administration or in the classroom as a part of the normal routine.

This policy shall be shared with all local physicians and dentists where practicable. Forms should also be made available to the health care providers in the community.

An individual record should be kept of each medication administered. The record should include student identification, date prescribed, name of medication, time and date(s) administered, signature of person administering, and section for comments.

As used in this policy, medication means a medicine for the treatment of anaphylaxis or asthma including, but not limited to, any medicine defined in current federal regulation as an inhaled bronchodilator or auto-injectable epinephrine. Self-administration is the student's discretionary use of an approved medication for which the student has a prescription or written direction from a health care provider.

SPECIAL EDUCATION INFORMATION

Individuals with Disabilities Education Improvement Act of 2004 was reauthorized by Congress and signed by President Bush on December 3, 2004. The legislation basically amended the 1997 IDEA that was the cornerstone of federally mandated services for disabled students. Special education categorical areas include autism, deaf-blindness, deafness, hearing impairment, mental retardation, multiple disabilities, orthopedic impairment, other

health impairment, emotional disturbance, specific learning disability speech or language impairment, traumatic brain injury, visual impairment and blindness, early childhood disabilities and gifted.

The Individuals with Disabilities Education Act provides for a free, appropriate public education for all disabled students. The foundation of IDEA is its requirement that schools develop an Individualized Education Program (IEP) for each disabled student. The IEP requirement combines the evaluation of disabled students with the achievement of specific goals. The student's parents, school administrators, and regular and special education teachers working together typically set these goals.

The North Central Kansas Special Education Cooperative Interlocal #636 will continue to provide special education programs and services to all exceptional children. The NCKSEC consist of eleven Unified School Districts as follow: #110 Thunder Ridge, #211-Norton, #212-Northern Valley, #237-Smith Center, #269-Palco, #270-Plainville, #271-Stockton, #325-Phillipsburg, #326-Logan, #392-Osborne, and #399-Natoma.

The purpose of the NCKSEC is to identify all students in the eleven participating districts who are eligible for and need special education services. Special programs and services are then provided to assist these students in reaching their potential. All these services must meet the requirements and specifications stated in federal and state statues and further clarified in the Kansas Special Education Process Handbook. Additionally, the NCKSEC must make assurances in the provision of these services. These assurances include confidentiality of student records, provision of student's and parent's due process rights, nondiscriminatory and multi-disciplinary evaluations, and provision of services in the least restrictive environment of most normal setting to the maximum extent appropriate.

If anyone believes that a child may qualify for and need any of these services, please contact any building administrator in any of the thirteen districts or Cher Greving, Director for the North Central Kansas Special Education Cooperative Interlocal #636, 205 F Street Suite 235, PO Box 369Phillipsburg, KS 67661-0369 (785-543-2149).

Much of the student information processed by district employees is confidential, and state and federal law limits its release; for example, driver record and vehicle registration information, information obtained pursuant to Department of Children and Families interventions, social security number information, and professional misconduct background checks.

Employees are prohibited from divulging information contained in the student records and files of the district, except to other, authorized employees who may need such information for an education purpose in connection with their duties and to authorized persons or agencies only in accordance with law, district policies, and administrative rules.

If an employee is approached to provide information inappropriately, the employee must refuse to release the requested information unless authorized by his/her supervisor or otherwise be required to release the information under law or court order. In all cases, the employee's immediate supervisor shall immediately be informed, of any requests.

Any employee who inappropriately releases information, or uses confidential information obtained in the course of his/her employment with the district will be disciplined in accordance with board policies, the negotiated agreement, and district procedures. Disciplinary action may include penalties, up to and including, termination.

JUNE 2026 UPDATED KASB POLICIES

The KASB June 2026 Policy Updates are now available. The following policy recommendations have been made by the KASB Legal/Policy Services staff. The table below explains the changes in recommended policies. Please review and compare these updates with what you have adopted to ensure you have the most up-to-date KASB recommended policies.

If you have any questions concerning these policy updates, please direct them to Leslie Garner, KASB's Policy Specialist/Legal Coordinator, at lgarner@kasb.org or call 1-800-432-2471.

	RATIONALE FOR RECOMMENDED REVISION, ADDITION, OR DELETION	RECOMMENDED ACTION
DFE Investment of Funds (revised)	This policy on school district investment of funds was updated to reflect changes in law caused by the passage of HB 2152 in the 2025 Kansas Legislative Session and related training from the Kansas State Department of Education ("KSDE") and the Kansas State Treasurer's Office. It has been further updated to incorporate changes to the same laws passed during this legislative session in SB 435.	Review and adopt based on changes in law caused by HB 2152 (L. 2025) and SB 435 (L. 2026) effecting K.S.A. 9-1401 and K.S.A. 12-1675.
EBBE Emergency Drills (revised)	HB 2534 made several changes to law regarding school district crisis management. While present law already required districts to perform three crisis drills per year, this legislation defines "crisis drills" to include intruder response drills, lockdown drills, and active shooter drills but excludes active shooter simulations. The bill tasked KSDE with developing guidelines for conducting an active shooter drill in school, which they must produce by October 1, 2026, and mandates districts follow those guidelines in conducting such drills.	Review and adopt based on HB 2534 (L. 2026).
EE Food Services Management (revised)	This bill was revised to better align with Federal school meal requirements. This was an item noted for correction by KSDE.	Review and adopt to avoid corrective action from KSDE.
GAAC Sexual Harassment Sex-Based Discrimination (revised-name change)	This policy regarding staff member conduct was revised to better align with Federal law and regulations. Since August of 2020, the Title IX regulations have required a complex grievance procedure for the investigations, determinations of responsibility, and appeals of alleged sexual harassment as defined therein. In addition to clarifying the sexual harassment grievance process, this revision carves out the sexual harassment procedures for use in those cases but allows sex discrimination not including sexual harassment to be	Review and adopt, if preferred.

	handled using a simpler process. We believe this will reduce the time and resources needed to deal with complaints of sex discrimination not involving sexual harassment.	
IDAD Title I Programs Policy (revised)	This policy was revised to better align with Federal law and U.S. Department of Education guidance on Parent and Family Engagement required for districts and individual schools receiving Title I funds. This will require active steps to engage parents and families in addition to changing policy.	Review and adopt.
IDAD Title I Programs Regulation (revised)	This regulation document will provide a framework for your team to work through, plan, and document District-Wide Parent Engagement actions. Once the plan has been developed, your board will need to adopt it for implementation.	Review and adopt once the plan is developed.
IHF Graduation Requirements (revised)	This policy was revised to reflect the updated graduation requirements that high school students must complete two accomplishments that demonstrate the student will be a successful high school graduate.	Review and adopt based upon KSDE's K.A.R. 91-31-35.
IIBGC Staff Online Activities (revised)	This policy on staff online activities was further revised since the April 2026 KASB Policy Updates to ensure the language fully supports all the legal options available for use in district and staff online communication tools since the passage of Sub. for Sub. for HB 2299. We also made some updates to the disciplinary actions section to make it more responsive to district needs.	Review and adopt, if preferred to April 2026 version, based upon Sub. For Sub. For HB 2299 (L. 2026).
JB Attendance Records (revised)	As there was an education budget proviso that requires the Kansas State Board of Education to develop a complaint process and fine districts experiencing student walkouts as defined therein, we made changes to current policy to clearly reflect the expectations of students and staff regarding attendance. This is the first of a few policy updates that make it clear that unexcused absences will be subject to disciplinary and/or truancy reporting, as appropriate. Under this proviso, a penalty equating to the district's superintendent's base salary would be assessed against a district if the Kansas State Board of Education determines that all the following events have occurred: The district experiences a student walkout and fails to obtain written parental consent for each absent student to leave the school building;	Review and adopt, based upon HB 2513 (L. 2026) at Section 88, Subsection (m), Pages 154-155.

	• It fails to enforce school attendance laws and policies with associated disciplinary actions for such absent students; <u>and</u> • It has staff encourage, facilitate or enable such student walkout. In addition, any day that a district is found by the Kansas State Board of Education to have experienced a student walkout would not count as an instructional school day for purposes of meeting the mandatory school term requirements of Kansas law. For the purposes of this proviso, "student walkout" means an organized effort for students to willfully violate school attendance requirements.	
JBC Enrollment (revised)	This policy was revised to address legislative change regarding foster student enrollment and attendance. Per the new law, any student of school age shall be permitted to enroll in and attend school in any school district or remain enrolled in and continue attending school in the student's school of origin. If a court or the Department for Children and Families ("DCF") changes the placement of a student across a school boundary within the school district, the student shall be permitted to: • enroll in and attend the school where the student is placed; or • remain enrolled in and continue attending the student's school of origin. DCF ultimately determines the child's enrollment and attendance based on the best interests of the child. Districts cannot deny or delay enrollment and attendance of any foster student whose placement has changed on the basis that the district or school is not in possession of the student's educational records.	Review and adopt, based upon HB 2320 (L. 2026) and SB 382 (L. 2026).
JBCB Foster Care Students Policy (revised)	As legislation impacted several facets of foster student educational services this year, we decided to address the changes in the specific subject matter's policy instead of putting all the changes in this one. We made references in this policy to direct you to where the specific changes were made.	Review and adopt, based upon HB 2320 (L. 2026).

JBCB Foster Care Students Regulation (revised)	We added language to this regulation regarding Foster Care Student educational services (first recommended after passage of the Every Student Succeeds Act at the Federal level) to include language on required considerations for foster student transportation brought about by HB 2320.	Review and adopt if preferred, based upon HB 2320 (L. 2026).
JBCC Enrollment of Nonresident Students (revised)	This policy was revised to address changes in law regarding foster and foreign exchange students. Any foster care student of school age must now be permitted to enroll in and attend any school in any school district of the state or remain enrolled in and continue attending school in the student's school of origin without application and acceptance through this policy. Also, any foreign exchange student who resides, or will reside, with a host family in the district may be permitted to enroll in and attend school in the district as if the student were a resident and shall not be subject to the open-seat lottery for enrollment and attendance purposes.	Review and adopt, based upon HB 2320 (L. 2026) and SB 382 (L. 2026).
JBD Absences and Excuses (revised)	This is another policy we revised to address student absences due to student walkouts, ensuring that unexcused absences would subject a student to appropriate disciplinary action.	Review and adopt, based upon HB 2513 (L. 2026).
JCDC Student Personal Electronic Communications Devices	This policy was <u>not</u> revised, and the version issued in the April 2026 KASB Policy Updates is still current, but we are sharing it with you again in case you missed it. This policy was created in response to the new legal requirements to securely store students' personal electronic communications devices during the school day.	Review and adopt, based upon HB 2299 (L. 2026).
JGEC Sexual Harassment Sex-Based Discrimination (revised-name change)	This policy regarding student conduct was revised to better align with Federal law and regulations. Since August of 2020, the Title IX regulations have required a complex grievance procedure only for the investigations, determinations of responsibility, and appeals of alleged sexual harassment as defined therein. In addition to clarifying the sexual harassment grievance process, this revision carves out the sexual harassment procedures for use in those cases but allows sex discrimination not including sexual harassment to be handled using a simpler process.	Review and adopt, if preferred.

JGFGA Administration of Emergency Opioid Antagonists (revised)	State law will now require each school in the school district to have stock supplies of Naloxone (an emergency opioid antagonist). This change also extends the length of time you can keep Naloxone on hand past its expiration date (10 years), although your school nurses' licensure requirements won't allow them to prescribe, dispense, distribute or furnish an expired emergency opioid antagonist, so you will need to work around that limitation. Please note, there are resources to get free access to these Naloxone products. DCCCA, Inc. has capacity to provide schools with naloxone and has provided kits to 205 school districts through the Kansas Naloxone Program. They are happy to provide Naloxone to any district through the Kansas Naloxone Program - https://www.dccca.org/program/kansas-naloxone-program/. They can also provide training on Naloxone administration to school staff as needed. KSDE, the Kansas Attorney General's Office, DCCCA, and KASB have been discussing how best to support schools with this effort, and we will be sure to provide more information on this topic as it becomes available.	Review and adopt, based upon HB 2534 and Sub. For HB 2250 (L. 2026).
JGFGAA Stock Supply of Emergency Medication (revised)	Minor changes to this policy on stock supply of epinephrine and/or albuterol were made due to legislative action. This is a simple change in terminology.	Review and adopt, based upon Sub. For HB 2250 (L. 2026).
JGFGBA Student Self-Administration of Medication (revised)	Minor revisions to this policy on student self-administration of medicine were made due to legislative action concerning epinephrine and/or albuterol.	Review and adopt, based upon Sub. For HB 2250 (L. 2026).
JQKA Foreign Exchange Student (revised)	Legislation this year ensures that any foreign exchange student admitted into the district in accordance with this policy who resides, or will reside, with a host family residing therein may be permitted to enroll in and attend school in the district as if the student were a resident of the school district. Note this is not a requirement that all districts must take all foreign exchange students. It is still acceptable for the district to only work through district approved organizations to accept foreign exchange students, to consider other foreign exchange students' visas in securing funding for the student's attendance, etc.	Review and adopt, based upon SB 382 (L. 2026).

JRB Release of Student Records (revised)	This policy was revised to address changes in law regarding swifter student record transfer for special education and foster students that move from school to school within the same or different districts. Note that the law now requires the records of certain special education students and foster students experiencing a change in placement due to governmental agency action to be forwarded within two business days. The law does allow some flexibility in timing for days the administrative offices are not open.	Review and adopt, based upon HB 2320 (L. 2026).

EBBE - Emergency Drills

Building principals shall be responsible for scheduling and conducting emergency and safety drills as required by law and for ensuring students are instructed in the procedures to follow during the drills and in an actual emergency.

Each building principal shall develop a written plan for specific emergency drills required by law. The plan shall include specific arrangements for the evacuation of mobility impaired and other individuals who may need assistance from staff members to safely exit the building. Although plans for evacuation are essential, the state fire marshal may grant exemptions to the number or manner of drills required by law with regard to students receiving special education or related services, upon request.

Each principal shall conduct briefings with the staff concerning the emergency plan.

Each teacher shall explain relevant portions of the plan to students under their jurisdiction prior to a date established by the principal. Within one week thereafter, the building principal shall conduct a surprise drill. Other drills shall be held at times determined by the building principal.

The four fire drills and three crisis drills required by law may be scheduled at any time during the school year. “Crisis drills” includes intruder response drills, lockdown drills, and active shooter drills but does not include active shooter simulations. However, the two tornado drills required shall be conducted in September and March. All these drills must be conducted by each school during school hours and cannot be made part of regular dismissal at the close of the school day.

Each emergency and safety drill plan shall be reviewed by the superintendent and filed with the clerk.

Active Shooter Drills

For the purposes of this policy, terms have the following meanings.

“Active shooter drill” means an emergency preparedness drill designed to inform and instruct students, teachers, school personnel and other school staff on how to respond in the event that an armed intruder is on the school campus or an armed assailant is in the immediate vicinity of the school. "Active shooter drill" includes:

- For grades kindergarten through five, instruction through tabletop exercises and identification of appropriate places for students to locate during an emergency; and
- for grades six through 12, the information described earlier in this definition and the practice of active shooter drills.

“Active shooter drill” does not include any sensory components, activities or elements that mimic a real-life shooting. "Active shooter drill" is not an active shooter simulation.

“Active shooter simulation” means an emergency exercise, including full-scale or functional exercises, designed to inform and instruct adult teachers, school personnel and other school staff on how to respond in the event of an armed intruder on the school campus or an armed assailant in the immediate vicinity of the school. “Active shooter simulation” includes activities or elements mimicking a real-life shooting, including, but not limited to, simulation of tactical response by law enforcement. "Active shooter simulation" does not include active shooter drills.

“School” means any elementary or secondary public school maintained and operated by a school district and any accredited nonpublic school that provides any of the grades kindergarten through 12.

“Tabletop exercise” means an exercise designed to help students better understand their individual or group roles and responsibilities. “Tabletop exercises” may include constructive problem-solving as it relates to an armed intruder on the school property or an armed assailant in the immediate vicinity of the school and may incorporate age-appropriate written or video scenarios for students to follow.

The district shall conduct active shooter drills that are consistent with the guidelines published by the Kansas State Department of Education.

Once per year, the board shall review the efficacy and effect of active shooter drills and any impacts of such drills on the safety and mental health of students, teachers, and other school personnel and staff.

The principal in any district school where an active shooter drill, active shooter simulation, or tactical training exercise is to take place shall ensure a school employee notifies each parent or person acting as parent at least 24 hours prior to an active shooter drill, active shooter simulation, or tactical training exercise. The notice shall provide that the parent or person acting as parent may opt their student out of participation in such drill or simulation. Any student who is opted out of an active shooter drill or simulation shall have the opportunity to participate in alternative safety education and shall not receive any negative or punitive treatment for not participating in such drill or simulation. If notice cannot be provided at least 24 hours prior to an active shooter drill or simulation, notice shall be provided within 24 hours of the conclusion of the active shooter drill or simulation.

Nothing in this section shall be deemed to supersede or limit the ability of a parent or person acting as parent to opt their student out of participation in an active shooter drill or simulation; or require any school to conduct active shooter drills in a manner that conflicts with the guidelines published by the Kansas State Department of Education.

Except as otherwise provided in this policy regarding tactical training exercises with law enforcement, no school shall conduct, sponsor, or permit any active shooter simulation on school property where students in grades kindergarten through eight regularly attend school.

The board of education or governing body of a school may conduct, sponsor, or permit active shooter simulations on school property, if only students in grades 9 through 12 regularly attend school on such school property.

Nothing in this section shall prohibit law enforcement agencies and adult school personnel from conducting or participating in tactical training exercises on school property if:

- The exercises do not occur during regular school hours or any time when students are present or expected to be present;
- no student participates in such exercises; and

the board has provided prior written authorization for the use of school property for such exercises.

EE - Food Services Management

(See EBBB)

A supervisor may be hired by the board to oversee the district's food service program.

Sanitation Inspections

The building principal shall inspect each lunchroom to ensure that proper sanitation procedures are being followed.

Records

The supervisor shall be responsible for keeping food service records required by state and federal laws and regulations.

The supervisor shall be under the direct supervision of the superintendent and shall have control over all aspects of the district's food service programs subject to board policy, rules and state and federal regulations.

Meal Prices

Meal prices shall be determined by the board.

Free or Reduced Price Meals

Parents or guardians of students attending schools participating in federal school meal programs must be informed of the availability of reimbursable school meals and provided with information about eligibility and the process for applying for free or reduced price meals on or before the start of school each year. Access to this policy will be provided to parents or guardians when they receive information regarding eligibility and applying for free or reduced price meals.

Unpaid Meal Charges

The district's meal charging requirements are as follows.

Option 1:

A charge account for students paying full or reduced price for meals may be established with the district. Students may charge no more than \$___ in the elementary grades, \$___ in the middle or junior high grades, and \$___ in the high school grades for the purchase of meals to this account without triggering the district's delinquent debt proceedings as outlined in this policy and board policy DP. Charging of a la carte or extra items to this account will not be permitted.

When the charge levels identified in this policy have been met, a student's meal account becomes delinquent. The student will be allowed to purchase a meal if the student pays for the meal when it is received. Students who have delinquent accounts and cannot pay out of pocket for a meal will be provided a regular, reimbursable meal from the cafeteria menu, which shall be charged to the student's

account while the district proceeds with attempts to resolve the delinquent debt with the student's parent or guardian. If attempts to receive payment for charged meals do not result in full payment of the debt in the timelines provided herein, debt collection proceedings will begin in accordance with board policy DP.

At least one verbal and one written warning shall be provided to a student and the student's parent or guardian prior to reaching the delinquent debt threshold outlined herein. Access to this policy will be provided to the student's parent or guardian with the written warning. If payment of the negative balance is not received within 5 working days of the delinquent debt threshold being attained, the debt will be turned over to the superintendent or superintendent's designee for collection in accordance with board policy DP. If the debt is not paid within 10 days of mailing the final notice of the negative account balance under policy DP, it shall be considered bad debt for the purposes of federal law concerning unpaid meal charges. Bad debt must be written off as an operating loss and restored using non-Federal funds, even if it has been turned over for collection through other legal means.

Payments for school meals may be made at the school or district office, at the point of service of school meals, or online at _____. Students, parents, and guardians of students are encouraged to prepay meal costs.

The district will provide a copy of this unpaid meal charges policy to all households at or before the start of school each year and to families and students that transfer into the district at the time of transfer. The terms of this policy will also be communicated to all district staff responsible for enforcing any aspect of the policy, a copy of the policy will be posted in district meal service facilities, and the policy will be made available on the district's website and social media accounts. Records of how and when it is communicated to households and staff will be retained.

Option 2:

A charge account for students paying full or reduced price for meals may be established with the district. Students may charge no more than \$____ in the elementary grades, \$____ in the middle or junior high grades, and \$____ in the high school grades for the purchase of meals to this account. Charging of a la carte or extra items to this account will not be permitted.

Any student failing to keep a charge account solvent as required by this policy shall not be allowed to charge further meals until the negative account balance has been paid in full. However, such students will be allowed to purchase a meal if the student pays for the meal when it is received. Students who have charged the maximum allowance to this account and cannot pay out of pocket for a meal will be provided an alternate meal consisting of a peanut butter nut butter alternative, or deli meat sandwich, fruit, vegetable, and milk. Care will be taken by staff members requesting and distributing any alternate meals per this policy to do so discretely, while protecting the privacy of the student and the student's

parent or guardian regarding negative account balances. When providing an alternate meal, district staff will provide reasonable accommodations to students with disabilities with special dietary needs.

At least one verbal and one written warning shall be provided to a student and the student's parent or guardian prior to denying meals for exceeding the district's charge limit. Access to this policy will be provided to the student's parent or guardian with the written warning. If payment of the negative balance is not received within 5 working days of the maximum charge limit being attained, the debt will be turned over to the superintendent or superintendent's designee for collection in accordance with board policy DP. JBCB – FOSTER CARE STUDENT REGULATIONS

Foster Care Student Regulations

To Aid [In](#) Implementation of Federal Law

NOTE: -This document MUST be approved by board action to become policy. File with clerk, distribute to principals, and duplicate as necessary in district newsletters and other documents.

The Every Student Succeeds Act (“ESSA”) addresses additional protections for students in foster care and establishes a system of joint responsibility for school districts, the Kansas State Department of Education (“KSDE”), and the Kansas Department for Children and Families (“DCF”) to ensure the educational stability of students in foster care.

For the purposes of these regulations, “foster care” means 24-hour substitute care for children placed away from their parents and for whom a child welfare agency has placement and care duties. This includes, but is not limited to, placements in foster family homes, foster homes of relatives, group homes, emergency shelters, residential facilities, child-care institutions, and pre-adoptive homes.

Transportation of Students in Foster Care ([See sample transportation procedure below](#))

ESSA requires each Kansas school district to collaborate with child welfare agencies, such as DCF and tribal child welfare agencies, to develop and implement clear, written procedures for how transportation to maintain a student in foster care in his or her school of origin (when in the student’s best interest) will be provided, arranged, and funded. The procedures must ensure that the transportation will be provided promptly, in a cost-effective manner, and in accordance with federal law. Also, they must address how additional costs will be absorbed. Therefore, if there are any additional costs incurred to maintain a foster care student in his or her school of origin, the district will provide the transportation if:

1. DCF agrees to reimburse the district for the additional costs;
2. The district agrees to pay the additional costs; or
3. DCF and the district split the additional costs.

Upon request, the district will provide an assurance to KSDE that the district has transportation procedures meeting the above requirements.

Additional Costs

“Additional costs” reflect the difference between what the district would spend to transport a student to the assigned school and the cost of transporting a student in foster care to his or her school of origin. Title I, Part A funds may be used to pay for additional transportation costs in Title I districts.

School of Origin

The “school of origin” is the school in which a student is enrolled at the time of placement in foster care or of a change in placement. A student in foster care is entitled to remain enrolled in his or her school of origin unless it is determined not to be in the student’s best interest to stay at that school.

Best-Interest Determination

DCF will make the final decision regarding whether it is in a student’s best interest to remain in the school of origin. District staff may be asked to provide information on the “educational best interest” of the student to support educational decision-making based on what is best for the student academically. For students receiving special education and related services under the Individual with Disabilities Education Act or for students on Section 504 accommodation plans, it is recommended that relevant team

members should be consulted in the best interest determination process, as the district will still be required to ensure compliance with Least Restrictive Environment requirements.

The United States Department of Education has provided a list of factors that may be considered in determining the student's educational best interest, which include appropriateness of the current setting, proximity of placement to school attendance centers, the child's preference, the parents' preference, the child's attachment to the school of origin, where siblings will be placed, and the availability of needed services. The "best-interest determination" may not be made based on transportation costs or funding.

District Foster Care Liaison

The "district foster care liaison" is a district employee who facilitates the enrollment in or transfer to a public school of a student in the district who is a ward of the state. The district's foster care liaison is considered the designated point of contact for collaboration with DCF on transportation procedures.

The District has designated the following staff person as the District foster care liaison:

Name:

Position:

E-mail:

Address:

Telephone:

Child Welfare Agency

In Kansas, DCF is the regular child welfare agency for collaboration on transportation procedures. The Child Protective Services ("CPS") division of DCF will typically be the division that works with the district on issues related to students in foster care, however, tribal child welfare agencies may also be involved with this process. Therefore, whenever DCF is used in these regulations, it may be deemed to apply to any child welfare agency based on the circumstances.

Child Welfare Contact

The district, if receiving Title I, Part A funds, must collaborate on transportation procedures with the DCF-designated contact if DCF notifies the district in writing that DCF has designated an employee to serve as a point of contact for the district.

Approved:

KASB Recommended Regulations – 12/16; 5/26

General Transportation Procedures (OPTIONAL)

To ensure that transportation is provided promptly when it is determined to be in the best interest of a student in foster care to remain in the school of origin, the district has developed the following transportation procedures. These procedures will guide the development of an individual transportation plan for a student needing transportation to his or her school of origin.

If the secretary of DCF changes the placement of a child from one school district to another school district or across a school boundary within the same district, and determines that it is in the best interests of the child to remain enrolled in and attending the school of origin, the affected school district and the secretary shall coordinate to develop a transportation plan to get the child to and from such school of origin.

Such plan shall address the availability and cost of such transportation, including how such costs shall be reimbursed by the secretary, paid by the school district, or shared between both parties. When developing such transportation plan, consideration shall be given to the:

- (A) Age, maturity and behavioral capacity of the child;
- (B) type of transportation available;
- (C) flexibility in the school schedule;
- (D) the effect of extracurricular activities on transportation options;
- (E) traffic routes and patterns; and
- (F) individualized needs of the child.

Funding Strategies

The district and DCF have identified the following funding options that may be implemented if additional costs to transport a student in foster care to the school of origin are determined:

(Adjust the items below to include those agreed upon by the district and DCF. Consider any cost-sharing strategies that the district has used successfully with neighboring districts in transporting students who are homeless to and from their school of origin or any other programs where transportation costs are shared.)

1. Cost sharing between the district and DCF through use of a specific transportation strategy in which each party is responsible for a segment of the transportation;
2. Offset of costs by DCF, such as using Title IV-E funds paid to a foster parent or caregiver for transportation;
3. Cost sharing between the school district of attendance and the school district where the student is living;
4. Use of the district's Title I funds;
5. Use of Medicaid reimbursements if the IEP for a student receiving special education services will include transportation as a related service;
6. Use of any available grant funds; and
7. [Other].

Transportation Strategies

The following transportation strategies may be considered in achieving transportation to a student's school of origin:

(Adjust the items below to include those agreed upon by the district and DCF. Consider any strategies that have been used successfully to transport students who are homeless to and from their school of origin and effective practices currently used to share transportation costs with neighboring districts, community partners, or others.)

1. Arranging transportation by the foster parent or caregiver to the school of origin or to a bus stop on a route to the school of origin, such as when the foster parent lives within a certain distance from the school of origin;
2. Arranging transportation by a relative or another adult approved by DCF with whom the student has a relationship and whose existing commute aligns with the student's transportation need to the school of origin or a bus stop on a route to the school of origin;
3. Maximizing the existing district transportation system by exploring ways the student can be transported to an existing bus stop that serves the school of origin (options to transport the student to an existing bus stop could occur through use of public transportation with a bus pass or transportation voucher, or transportation by the foster parent or caregiver, a relative, or another adult with whom the student has a relationship);
4. Using existing intradistrict transportation options that allow students to be transported within the district, such as routes for students who are homeless, students attending magnet programs, or students receiving special education services (this option may require the addition of a bus stop on an existing route or that an existing route be rerouted to accommodate the transportation needs);
5. Coordinating with the district in which the student is living to provide transportation to the district boundaries or an existing bus stop within the district;
6. Evaluating whether an IEP for a student receiving special education services will include transportation to the student's special education program at the school of origin as a related service;
7. Contracting with a private transportation company, such as a taxi service, for the student's transportation needs;
8. Using public transportation with a bus pass or transportation voucher;
9. Adding a district transportation route; or
10. [Other].

Individual Transportation Plan

When DCF determines that the best interest of a student in foster care is to remain in the school of origin, the district foster care liaison will take steps to promptly collaborate with relevant DCF staff on how transportation to the school of origin will be provided, arranged, and funded.

When possible, and to allow for adequate consideration of the student's needs, individual transportation planning will begin in advance of placement changes and will occur in coordination with the consultation on the student's educational best interest.

The district foster care liaison will convene a meeting to establish an individualized transportation plan for the student. The liaison will attempt to include the student's DCF education decision-maker and others who may be involved in education decision-making for the student, such as the student's caseworker, foster parent or caregiver, and the court-appointed special advocate (CASA) liaison. The District foster care liaison may also involve other district staff, as appropriate. The liaison will involve the district transportation director if the individual transportation plan will involve adjustments to existing bus routes.

If necessary, the district foster care liaison will identify a short-term transportation strategy that may be used until the final transportation plan is completed so that the student can remain at the school of origin without interruption.

In evaluating transportation options to the school of origin, participants will prioritize student safety, cost effectiveness, reliability, and time and distance of the commute.

Determining Additional Costs

To identify whether additional costs will be incurred in an individual transportation plan to transport the student to the school of origin, the foster care liaison will consult with the district transportation director to calculate the cost of transporting the student to the school that the student would otherwise attend, which will be used as a comparison. In accordance with the federal Non-Regulatory Guidance, if the district is able to provide transportation through an established bus route, there are no additional costs. If the district will reroute buses or provide transportation through a private vehicle or transportation company, the district may consider as additional costs the cost of rerouting buses or the difference between the special transportation costs and the usual transportation costs.

Administrative costs, such as additional staff time to coordinate transportation, will also be considered in determining whether there are additional costs to transport the student in foster care to the school of origin.

Plan Elements

The individual transportation plan may include:

1. A daily transportation strategy;
2. One or more backup transportation strategies;
3. Transportation strategies to allow participation in after-school and extracurricular activities;
4. A description of the funding strategy that will be used if additional costs to transport the student to the school of origin are identified;
5. Identification of who is responsible for each aspect of the transportation strategy;
6. Designation of an adult to accompany younger students, if necessary, such as when public transportation is used;
7. For transportation strategies with multiple segments, sign off procedures to ensure that the student safely and successfully completes each segment;
8. A communication protocol between the District and DCF when transportation for a student is no longer needed; and
9. A regular review process for adjusting transportation strategies when circumstances change.

The final individual transportation plan will require a signature by the foster care liaison and a district official who has authority to approve any additional expenditure. The DCF education decision-maker and the foster parent or caregiver, if different from the education decision-maker, will also be asked to sign the plan.

JBCC - Enrollment of Nonresident Students

(See JBC, JBCA, JBCB, and JQKA)

Kansas law requires the board to allow nonresident students to enroll in and attend the schools of the district if the board's capacity determination finds there are open seats for such students. In order to determine the district's capacity to accept nonresident students at each grade level in each district school, the board has adopted this policy.

Details concerning the nonresident enrollment and continued enrollment processes for nonresident students may be found in this policy, while general processes on enrollment documentation, assignment to buildings and classes, etc., may be found in board policy JBC.

Determining Capacity for Nonresident Enrollment

The superintendent or designee has the responsibility for studying capacity in each school of the school district and at each grade level within each school and for making recommendations to the board regarding the district's capacity to accept nonresident students. To make recommendations to the board to assist with determining capacity, the superintendent or the superintendent's designee(s) shall do the following.

The superintendent or designee shall develop recommendations on capacity and classroom student-to-teacher ratios in each grade level in each school serving kindergarten students and students in grades one through eight. Such recommendations may be based on, but not be limited to, the following factors:

- Present classroom student-teacher ratios in each grade level in each school;
- projected enrollment shifts based on the resident student population, which may include a percentage adjustment for anticipated growth or decline based on documented enrollment trends; and

- maximum capacity of the classroom and associated learning, activity, and common area spaces.

The superintendent or designee shall develop recommendations on capacity and student-to-teacher ratios for each school building or program serving students in grades nine through twelve. Such recommendations may be based on, but not be limited to, the following factors:

- Present building or program student-teacher ratios;
- projected enrollment shifts based on the resident student population, which may include a percentage adjustment for anticipated growth or decline based on documented enrollment trends;
- anticipated demand for particular courses or programming; and
- maximum capacity of the classroom and associated learning, activity, and common area spaces.

On or before May 1st of each year, the superintendent shall present the recommendations concerning capacity and student-to-teacher ratios to the board for adoption or modification, and the board shall determine, for each grade level in each school building of the school district for the next succeeding school year, the following:

- Capacity based on the study conducted by the superintendent or the superintendent's designee;
- the number of students expected to attend school in the school district; and
- the number of open seats available to nonresidents at each grade, building, or program level.

On or before June 1st of each year, the district shall publish the number of open seats available to nonresident students in each grade level for each school building of the district for the next succeeding school year on the school district's website.

From January 1st through June 15th, district administration shall accept applications from nonresident students seeking to enroll in and attend the district in the next school year.

If the number of applications for a grade level in a school building is ~~less~~ fewer than the number of available seats for that grade level in the school building, the nonresident students shall be accepted for enrollment and attendance at the school district, unless the nonresident student is deemed not in good standing.

If the number of applications for a grade level in a school building is greater than the number of available seats for the grade level in the school building, district administration shall randomly select

nonresident students deemed in good standing using a confidential, open-seat lottery process. This process shall be completed on or before July 15th of each year.

The district shall provide to the parent or person acting as a parent of a nonresident student who was not accepted for or denied enrollment at such school district the reason for the nonacceptance or denial and an explanation of the nonresident student selection process on or before July 30th of each year.

Priority in Filling Open Seats

Regardless of capacity determinations, any nonresident student whose parent or person acting as parent is employed by the district ~~the following categories of students~~ shall be allowed to enroll as if a resident student ~~while the parent or person acting as a parent remains employed by the district, if and they the are student is~~ deemed to be in good standing by district administration.:

- ~~any child who is in the custody of the Department for Children and Families and who is living in the home of a nonresident student who transfers to the district; or~~
- ~~any nonresident student who has a parent or person acting as parent employed by the district, while the parent or person acting as a parent remains employed by the district.~~

Subject to having capacity to enroll nonresident students, the district shall give priority in enrollment to the following nonresident students deemed in good standing to enroll. These students shall receive open seats without necessity of being selected through any open-seat lottery:

- Any sibling of a nonresident student who is enrolled in and attending school in the district or who is accepted to enroll in and attend school in the district, with priority given when the nonresident student is first accepted and, if necessary, at any other time the district considers transfer applications; and
- any nonresident student who is a military student as defined in K.S.A. 72-5139, with priority given when the student is first accepted and, if necessary, at any other time the district considers transfer applications.

_____ If one of these exceptions no longer applies to the student, the student's enrollment status would be subject to review based upon the considerations for determining good standing in this policy.

Prohibitions Regarding Open Enrollment Provisions of this Policy

The district shall not:

- Charge tuition or fees to any nonresident student who transfers to the district pursuant to this policy, except fees that are otherwise charged to every student enrolled in and attending school in the district; or

- accept or deny a nonresident student transfer based on ethnicity; national origin; gender; income level; disabling condition; proficiency in the English language; or measure of achievement, aptitude, or athletic ability.

Except for a child in the custody of the Department for Children and Families or a child who is experiencing homelessness, a nonresident student shall not transfer more than once per school year to one or more receiving school districts pursuant to the provisions of this policy or authorizing Kansas law.

Transportation of Students

Neither a resident school district nor a receiving school district shall be required to provide transportation to nonresident students unless otherwise required by applicable law. If space is available on district transportation vehicles, the district may assign nonresident students an in-district bus stop to and from which transportation may be provided by the district for nonresident students. The receiving district may provide transportation from the student's residence by notifying the sending district of the receiving district's intent to provide transportation. The district shall ensure that transportation for nonresident homeless students is provided comparably to that of housed students.

KSHSAA Eligibility

Nothing in this policy or state law shall exempt a nonresident student who transfers into the district from the requirements of the Kansas State High School Activities Association ("KSHSAA") regarding eligibility to participate in KSHSAA activities.

Information Share with the Kansas State Department of Education

The superintendent shall annually submit, or have submitted, to the Kansas State Department of Education this policy, the number of nonresident student transfers approved and denied in each grade level, and whether the denials were based on capacity or in accordance with the policy's terms.

Nonresident Student Continued Enrollment

A nonresident student who has been accepted for enrollment and attendance at a district school shall be permitted to continue enrollment and attendance in the district until such student graduates from high school, reaches the age of 21 (if the student is a student with an exceptionality, not solely eligible for gifted services under an individualized education program), or receives a G.E.D., unless such student is no longer deemed by district administration to be in good standing.

Except as otherwise specified herein, nonresident students who were enrolled in and attending the district during school year 2023-2024, who were attending the district as a resident student in 2023-2024 but have since moved out of the district, or who have been accepted for enrollment by the school district on or after June 1, 2024, will be allowed to continue enrollment in the district as specified above. The

district will not require parents of such students or adult or emancipated students to resubmit a new application each school year.

Determining Good Standing

Regardless of capacity to accept nonresident students at a nonresident student's grade level or in the student's designated school or program, an individual student may be denied enrollment or continued enrollment for not being in good standing. Nonresident student applicants for enrollment and nonresident students already enrolled in and attending school in the district shall be evaluated by district administration to determine standing for enrollment or continued enrollment.

Students may be denied enrollment or continued enrollment for the next school year based on the results of these evaluations. However, if the student has a disability, the student's ability to meet these expectations shall be considered prior to denying continued enrollment in the district. Similarly, administration shall consider the adverse impact of homelessness on a student's attendance and any resulting suspensions or expulsions before making a determination on the enrollment or continued enrollment of a student who is homeless. As part of this reflection, administration shall consider the obstacles a homeless student faces to arrive at school on time or each day due to housing instability, lack of transportation, or lack of other basic resources that can hinder consistent attendance.

A student meeting one or more of the following criteria shall automatically be deemed not in good standing and may be denied enrollment or continued enrollment based solely thereon.

- The nonresident student failed to maintain a 90% attendance rate in the last school year, excluding excused absences under board policy JBD and/or any relevant student handbook language;
- the nonresident student or the student's parent or person acting as a parent provided false or fraudulent information in the application process;
- the nonresident student is not a Kansas resident;
- the student is currently under a period of suspension or expulsion from any Kansas school district, and such suspension or expulsion will not expire until after the next school year has begun.
- the student has had three or more out-of-school suspensions in the current school year, excluding suspensions determined to be a manifestation of the student's disability or a failure on the part of school staff to implement an individualized education program, Section 504 plan, or behavior intervention plan; or
- the student has been given a long-term suspension or expulsion by a school district in the current school year.

Parents shall be informed of any administrative decision not to enroll or to discontinue enrollment of a nonresident student.

If district administration denies the enrollment application of a nonresident student due to the school district deeming the nonresident student as not in good standing, the parent or person acting as a parent of such student may appeal the decision to the board. A current nonresident student who is determined not to be in good standing shall not be entitled to the appeal process outlined herein.

Any student who has been denied enrollment or continued enrollment due to being deemed not in good standing may reapply for nonresident enrollment in subsequent school years.

Appeal Process

If a nonresident student's application for enrollment is denied because the student is determined not to be in good standing, the parent or person acting as a parent may appeal the administrative decision to the board.

If a parent or person acting as a parent wishes to appeal this decision, a written request for an appeal must be submitted to the clerk of the board within 10 days of receiving notice the student's application has been denied for lack of good standing. Such request shall include the individual's reasons for disagreeing with the administration's decision.

The board shall consider any appeal of these decisions and any supplemental documentation provided therewith at the next regularly scheduled board meeting following receipt of the request for appeal, and the board's designee shall notify the requestor of the result of the appeal in writing within 10 days of the board's decision thereon.

Enrollment of Out-of-State Students

If capacity for nonresident student enrollment remains after the aforementioned application, enrollment, and the disenrollment process has concluded, district administration may consider applications for enrollment submitted by students who are not Kansas residents. However, priority in enrollment shall be given to Kansas residents.

If a student who is an out-of-state resident is in good standing and has a parent or a person acting as a parent who is employed by the district, district administration may allow the student to enroll in and attend school in the district as if they were a resident of the district.

JBD - Absences and Excuses

(See AEB, IHEA, JB, JBE, JBH, and JDD)

When a student is absent from school, an attempt shall be made to contact the parent or guardian to determine the reason for the absence. The principal has been designated to determine the acceptability and validity of excuses presented by the parent(s) or the student.

Procedures for notifying parents on the day of a student's absence shall be published in the student handbook.

Excused/Unexcused Absences

- Students of ~~active-duty~~active-duty military personnel may have additional excused absences at the discretion of the principal for visitations relative to leave or deployment.

All absences which do not fit into one of the above categories would be considered an unexcused absence and would subject a student to appropriate disciplinary action. A student serving a period of suspension or expulsion from the district shall not be considered inexcusably absent.

Significant Part of a School Day

An absence of two or more hours in any school day shall be considered an absence for a significant part of the school day.

Make-Up Work

It is the student's responsibility to obtain make-up assignments from teachers following an excused or unexcused absence.

JCDC - Student Personal Electronic Communications Devices

(See BDA, JBD, and JDD)

Students are prohibited from using or accessing personal electronic communication devices during the school day while on district owned or operated property, except as expressly permitted by this policy or by law.

This policy does not apply to any virtual school, as defined by Kansas law.

When personal electronic communication device use is not permitted, students are allowed reasonable access to a school-provided telephone or communication device during the school day to contact a parent or person acting as a parent.

Device Storage

All student personal electronic communication devices shall be powered off and securely stored away from the student's person in an inaccessible location during the school day, unless an exception applies to this requirement as specified in this policy.

Students may choose not to bring personal electronic communication devices to school by leaving such devices at home or in a vehicle, including a vehicle located on school premises. As students will not have the ability to access or use such devices during the school day, students are encouraged to leave any personal electronic communication devices not necessary for the implementation of their Individualized Education Program (hereafter "IEP") or Section 504 accommodation plan (hereafter "504 plan"), communication during their commute to or from school, for work, or learning experience that is not located on the school premises at home. If students elect to leave such devices in their vehicle, students are encouraged to lock their vehicles to protect against theft of or damage to the devices.

Kansas law provides that the board, school district employees, and/or any agents thereof shall not be liable for any damage to personal electronic communication devices or for storage of such devices that are brought to school.

The superintendent or superintendent's designee(s) shall develop procedures to ensure all personal electronic communication devices are turned off and securely stored away from the student's person in an inaccessible location during the school day. Such procedures shall be included in student handbooks as adopted by the board and communicated to students and parents/guardians as deemed appropriate by district administration.

Definitions

For purposes of this policy, the following definitions apply:

"Personal electronic communication device" is any wireless electronic communication device that both provides for voice, text, or video communication between two or more parties, including, but not limited to, a mobile or cellular phone, tablet, computer, watch, wireless headphones or earbuds, text

messaging device, or personal digital assistant; and is not owned or issued to students by the school district.

“School day” is the time from the start of school until dismissal at the end of the day on the school premises, including, but not limited to, the time in any classroom, structured or unstructured learning setting, recess, lunch or passing period. The term “school day” excludes any time associated with a student's travel to or from a learning experience that is not located on the school premises, including any postsecondary educational course, career technical education course, work-based learning program, or other alternative educational opportunity.

Permitted Exception

A student may be permitted to use a personal electronic communication device during the school day under the following circumstances.

Any student may use a personal electronic communication device during the school day if it is the intervention of last resort such that there is no other reasonable alternative option available for such student, and the use is either:

- Required for the implementation of a student's IEP or 504 plan; or
- Approved by a licensed physician as a medical necessity to support the health or well-being of the student.

Use During School-Sponsored Activities Before and After the School Day

Students [*may/shall not*] use or access personal electronic communication devices during school-sponsored activities, programs, or events occurring before and after the regular school day, subject to district-approved procedures, event-specific rules, and staff direction.

Enforcement and Disciplinary Action

Violations of this policy [*may/shall*] result in disciplinary action in accordance with the district's student code of conduct. Disciplinary measures may include, but are not limited to, confiscation of the device through the end of the school day, referral to administration for determination of appropriate consequence, parental notification, or other appropriate disciplinary response, up to and including suspension and/or expulsion from school.

Discipline shall be applied in a nondiscriminatory manner and shall not interfere with rights provided under an IEP, 504 plan, or applicable law.

Administrative Procedures and Directives

The superintendent or designee(s) may develop administrative procedures and provide directives necessary to ensure consistent implementation of this policy and any board approved regulations and

handbooks across district buildings, so long as such procedures and directives are not in conflict with board approved policy, regulation, or handbook language.

Actions determined to be in violation of this policy shall result in disciplinary action, up to and including termination for employees and expulsion for students. Actions which are in violation of other policies but do not constitute sex-based discrimination may also result in appropriate discipline.

Any employee who witnesses an act of sexual harassment or receives a complaint of harassment from another employee or a student shall report the complaint to the Title IX Coordinator, the employee's supervisor, or other designated district official. Employees who fail to appropriately report complaints or incidents of sexual harassment to the Title IX Coordinator, their supervisor, or other designated district official may face disciplinary action.

Investigators shall receive training on issues of relevance of questions and evidence in order to create investigative reports that fairly summarize relevant evidence.

Decision-makers shall receive training on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant.

Employees who fail to report complaints or incidents of sexual harassment to appropriate district officials may face disciplinary action. District officials who fail to investigate and take appropriate corrective action in response to complaints of sexual harassment may also face disciplinary action.~~

~~Complaints received will be investigated to determine whether, under the totality of the circumstances, the alleged behavior constitutes sexual harassment under the definition outlined above. Unacceptable student conduct may or may not constitute sexual harassment, depending on the nature of the conduct and its severity, pervasiveness, and persistence. Behaviors which are unacceptable but do not constitute harassment may provide grounds for discipline under the code of student conduct.~~

~~If discrimination or harassment has occurred, the district will take prompt, remedial action to stop it and prevent its reoccurrence.~~

- at any time prior to agreeing to a resolution, any party to have the right to withdraw from the informal resolution process and resume the investigation of the formal complaint and to be informed of any consequences resulting from participating in the informal resolution process;
- that the parties voluntarily consent, in writing, to the informal resolution process; and
- that the informal resolution process is not used to resolve allegations that an employee has sexually harassed a student.

If the matter is resolved to the satisfaction of the parties, the facilitator shall document the nature of the complaint and the resolution, have both parties sign the agreement, provide a copy of the agreement to both parties, and forward it to the Title IX Coordinator. If the matter is not resolved, the informal resolution facilitator will notify the Title IX Coordinator, who will resume the formal complaint process.

The Title IX Coordinator must dismiss the complaint if it is determined that:

- Even if all the facts alleged are true, the conduct alleged in the formal complaint would not constitute sexual harassment as defined herein;
- the conduct did not occur in the recipient's education program or activity; or

During the course of the formal grievance process, the Title IX Coordinator may dismiss the complaint if:

- the respondent is no longer enrolled in or employed by the district; or
- specific circumstances prevent the recipient from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon a dismissal of a complaint, the Title IX Coordinator must promptly send written notice of the dismissal and reason(s) therefor simultaneously to the parties.

JGFGA - Administration of Emergency Opioid Antagonists

Kansas law creates standards governing the use and administration of emergency opioid antagonists approved by the U.S. Food and Drug Administration (“FDA”) to inhibit the effects of opioids and for the treatment of an opioid overdose. Any first responder or school nurse is authorized to possess, store, distribute, and administer emergency opioid antagonists as clinically indicated, provided that all personnel with access to emergency opioid antagonists are trained in proper protocol.

Similarly, Kansas law allows a patient or bystander (meaning a family member, friend, caregiver, or other person in a position to assist a person who the bystander believes to be experiencing an opioid overdose) to acquire and utilize emergency opioid antagonists.

Therefore, to further prioritize student health and safety in its schools, programs, and activities, ~~the board authorizes~~ the district ~~to~~ shall obtain, store, and administer the emergency opioid antagonist naloxone ~~Naloxone~~, which is commonly known by the brand name Narcan, ~~and/or other opioid antagonists~~ for emergency use in its schools. A stock supply of Naloxone may consist of one or more standard-dose prepackaged nasal spray devices. The school nurse ~~or~~ and other properly trained and designated district staff members may administer such medication in emergency situations to an individual who displays the signs and symptoms of opioid overdose at school, on school property, or at a school-sponsored event if such school nurse or designated school staff member reasonably believes that an individual is exhibiting the signs and symptoms of an overdose. Opioid antagonists may be available during the regularly scheduled school day. They may be available at other times at the discretion of the superintendent.

The board establishes the following rules governing the utilization and administration of emergency opioid antagonists, such as, but not necessarily limited to, ~~n~~Naloxone ~~and Narcan~~, by members of district staff.

Training

If obtaining the emergency opioid antagonist through a pharmacy, the providing pharmacy of the emergency opioid antagonist (hereafter “the product”) shall provide written education and training materials to the individual to whom the product is dispensed. First Aid for Opioid Overdose must be obtained by each school nurse and other staff members designated by the superintendent to respond to potential opioid overdose situations. In addition, all district staff members with access to emergency opioid antagonists shall be trained, at a minimum, on the following:

- Techniques to prevent opioid overdose, to recognize signs of such an ~~opioid~~ overdose and to effectively respond thereto;

- Standards and procedures to safely store the emergency opioid antagonist where readily accessible to the school nurse, if applicable, or other designated school staff members responsible for distribution, distribute, and administer an administration of the emergency opioid antagonist;
- Spotting potential side effects or adverse events that may occur as a result of administering an emergency opioid antagonist;
- Emergency follow-up procedures, including the requirement to summon emergency ambulance-medical services either immediately before or immediately after administering an emergency opioid antagonist to a patient; ~~and~~
- Inventory requirements, recordkeeping, and reporting any administration of an emergency opioid antagonist to the school nurse or another healthcare provider-; and
- Availability of drug treatment programs.

District staff members personally acquiring such products for use as a patient or bystander are encouraged to inform the school nurse or the superintendent's designee, so that they may be trained in proper protocol and included in the school or district's crisis response plan regarding potential opioid overdose.

Procurement of the Product

The school nurse or other staff member(s) designated by the superintendent will be responsible for the procurement of the product.

Storage

The following storage protocols shall be followed:

- The product will be clearly marked and stored in an accessible place at the discretion of the school nurse or the superintendent's designee.

- Inspection of the product shall be conducted at least quarterly.
- The individual responsible for the product's safekeeping shall check, document, and track the expiration date found on the box. Pursuant to Kansas law, "emergency opioid antagonist" is defined to include an expired emergency opioid antagonist up to 10 years past the products expiration date. Therefore, the individual responsible for the product's safekeeping shall-and replace the product ~~once it has expired~~ on or before the 10th anniversary of its expiration date.

Use of the Product

In case of a suspected opioid overdose, the school nurse, designee, or other individual shall follow the protocols outlined in the training or product instructions in administering the product.

Follow-up

- After administration of the product, the school nurse, or other designated staff, will report appropriate information to emergency services, parents (guardians), central office personnel, and if determined necessary, the patient will be transported to a hospital.
- The school nurse or other designated staff will complete the designated incident report and file the report with the school nurse or district office, whichever is applicable.

Limitations on School Nurses

While Kansas law supports the use of emergency opioid antagonists for up to 10 years after their expiration dates, school nurses are not to prescribe, dispense, distribute, or furnish expired emergency opioid antagonist, in order to protect their professional licenses.

Gifts, Grants, and Donations

The board is authorized by law to accept monetary gifts, grants, and donations to provide a stock supply of Naloxone for emergency use in its schools or may accept Naloxone nasal spray devices from manufacture or wholesalers.

Protection from Liability

Any patient, bystander, school nurse, a first responder, or technician operating under a first responder agency, who, in good faith and with reasonable care, receives and administers an emergency opioid antagonist pursuant to this policy to a person experiencing a suspected opioid overdose shall not, by an act or omission, be subject to civil liability or criminal prosecution, unless personal injury results from the gross negligence or willful or wanton misconduct in the administration of the emergency opioid antagonist.

Publish Policies and Procedures

The district shall publish information related to its Naloxone policies and procedures in student handbooks and any other locations, as determined by appropriate by the superintendent.

The student's parent or guardian shall sign a statement acknowledging that the school district and its officers, employees, or agents incur no liability for damage, injury, or death resulting directly or

indirectly from the self-administration of over-the-counter medication and agreeing to release, indemnify, and hold the district and its officers, employees, and agents harmless from and against any claims relating to the self-administration of medication allowed by this policy.

JRB - Release of Student Records

(See BCBK, CN, CNA, ECA, IDAE, JGGA, JR et seq. and KBA)

Individual student files are not available for public inspection. Except as provided in IDAE with regard to student records which are student data submitted to or maintained in a statewide longitudinal data system, the custodian of student records shall disclose the student's educational records only as provided for in this policy.

Directory Information

Annual notice shall be given to parents and eligible students concerning their rights with regard to student records. In addition, the custodian of the educational records shall give annual public notice of the class of records the institution has designated as directory information and of the right of the parent or eligible student to opt-out of the release of directory information without prior written consent. The appropriate forms for providing notice shall be on file in the office of the custodian of the educational records.

After giving notice and allowing a reasonable period of time for parents or eligible students to inform the district that any or all of the directory information should not be released without prior written consent, the custodian of records may make directory information available without parental or eligible student's consent.

The custodian of records shall make student recruiting information (including student name, address, and telephone listing) available to military recruiters and postsecondary institutions unless parents or eligible students provide a written request to the district providing that the specified information not be released without prior written consent. Notice of the option to opt-out of the release of recruitment information shall be provided to parents and eligible students in the district's annual notice of rights under the Family Educational Rights and Privacy Act.

For the purposes of this policy, school official means teacher, administrator, other certified employee, or board of education. The district may disclose, without the parents or eligible students' consent, personally identifiable information to school officials with a legitimate educational interest. A school official is a person employed by the school as an administrator, supervisor, instructor, or support-staff member (including health or medical staff and law enforcement unit personnel); the school board (in executive session); a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

The custodian may disclose students' education records to the following persons without the prior consent of the parents:

- Other school officials, including teachers within the district who have legitimate educational interests;
- Officials of other schools or school systems in which the student intends to enroll. The school district will forward student records to such institutions without further notice to the parents or eligible student when the disclosure is initiated by a parent or eligible student, or an annual notice provided to parents and eligible students by the district informs them that such records will be automatically disclosed to these institutions for the purposes of enrollment or transfer of the student;
- Authorized persons to whom a student has applied for or from whom a student has received financial aid;
- State and local officials or authorities to whom such information is specifically required to be reported or disclosed pursuant to state statutes;

- Accrediting organizations;
- Parents of a student 18 years of age if parents claim the student as a dependent for income tax purposes;
- Appropriate persons if knowledge of any information is necessary to protect the health or safety of the student or other persons in an emergency;
- An agency caseworker or representative of a state or local child welfare agency or tribal organization who has the right to access a student's case plan when such agency or organization is legally responsible for the care and protection of the student and when any further disclosure of such information thereby will be limited in accordance with law; and
- In compliance with a lawfully issued subpoena or judicial order.

Access will be granted to any third party upon written authorization of the eligible student, parent or guardian.

No personally identifiable information contained in personal school records shall be furnished to any person other than those named herein. When there is written instruction from the student's parents, guardian or the eligible student specifying the records, the reasons and the person(s) to whom the release is to be made, a copy of the records to be released shall be made available to the student, parents or guardian upon request. When information is requested in compliance with a judicial order or pursuant to

any lawfully issued subpoena, parent(s)/guardian and the student shall be notified of the orders or subpoenas in advance of compliance with the order or subpoena unless:

- ~~The~~ order or subpoena specifically forbids such disclosure; or
- the order is issued in the context of a court proceeding where a parent is a party and the proceeding involves child abuse and neglect or dependency matters.

Nothing contained in this policy shall preclude authorized representatives of the Comptroller General of the United States, the Secretary and an administrative head of an educational agency or state authorities from having access to student or other records which may be necessary in connection with the audit and evaluation of federally supported education programs or the enforcement of the federal legal requirements which relate to these programs.

The data collection by such official with respect to individual students shall not include information (including social security numbers) which would permit the personal identification of students or their parents or guardian on the data collected and provided.

All persons, agencies or organizations desiring access to the records of a student shall be required to sign a form, which shall be kept permanently with the student's file, but only for inspection by the parents/guardian, the student or a school official responsible for record maintenance. The form signed shall indicate the specific educational or other interest of each person, agency or organization has in seeking this information.

Personal information shall be transferred to a third party only on the condition that such party shall not permit any other party to have access to such information without the written consent of the student's parents or the eligible student. The board and staff shall protect the rights of privacy of students and their families in connection with any surveys or data-gathering activities conducted, assisted or authorized by the board or administration.

Regulations established under this policy shall include provisions controlling the use, dissemination and protection of such data.

~~Forwarding Prohibition on Withholding Pupil Records~~

Administrators shall forward student's school records upon request and may not withhold them for any reason.

~~Expedited Transfer of Exception Student Records~~

~~All records of an exceptional student, who is transferred to another district or across a school boundary within the district, shall be transferred at the same time that the student is transferred, or as soon thereafter as possible.~~

~~If an exceptional student's transfer is a result of the student's change in placement by the Department for Children and Families ("DCF"), the Kansas Department of Corrections, or the Office of~~

Juvenile Justice and Delinquency Prevention, it shall be the duty of the respective secretary or commissioner to notify the affected school district or districts that the student's placement has changed and request that student's records be transferred.

It shall be the duty of the school district and school in possession of any records pertaining to the student to cooperate with the secretary or commissioner and transfer all such records to the school district or school where such student is transferred. Such records shall be transferred as soon as possible following receipt of such notice , but not later than two business days following the business day that such notice was received by the school district.

Records of Transferred Foster Care Students

The school district and school in possession of any records pertaining to a foster care student transferred due to a change in placement from one school district to another or across a school boundary within the district shall cooperate with DCF and transfer all school records of the student to the school district where the student is transferred. These records shall be transferred as soon as possible following receipt of notice of the student's change of placement, but not later than two business days following the business day that such notice was received by the school district.

As used in this policy, "business day" means any weekday from Monday through Friday in which the school district or school's administrative office is open. "Business day" does not include any federal or state holiday, any weekday that the school district or school's administrative office is closed, or any weekday in which the school day has been canceled due to inclement weather or any other unforeseen circumstances

Northern Valley School Board,

It is with deep regret that I am resigning from my coaching positions: Assistant JH Volleyball and Assistant JH Girls Basketball. The needs of Lochlan and our farm are changing so I need to be present to help with both of these. Thank you for the opportunity to get to coach our stellar, young athletes during these last five seasons.

Sincerely,

Amy McKinney
