533 – WELLNESS/NUTRITION POLICY OF THE SCHOOL DISTRICT

I. Purpose

II. General Statement of Policy

- A. The School Board recognizes that nutrition education and physical education, physical activity, and other school-based activities that promote student wellness are essential components of the educational process and that good health fosters student attendance and education.
- B. The school environment will promote students' health and well-being, and ability to learn by encouraging healthy eating and physical activity.

The School District encourages involvement of students, parents, representatives of the school food authority, teachers, school health professionals, the school board, school administrators, and the general public in the development, implementation, and periodic review and update of the school district's wellness policy.
- D. Children need access to healthy foods and opportunities to be physically active in order to grow, learn and thrive.
- E. All students in grades P-K-12 will have opportunities, support, and encouragement to be physically active on a regular basis.
- F. Qualified food service personnel will provide students with access to a variety of affordable, nutritious, and appealing foods that meet the health and nutrition needs of students; ~~try to accommodate the religious, ethnic, and cultural diversity of the student body in meal planning; [1]~~ and will provide clean, safe, and pleasant settings and adequate time for students to eat.

III. Wellness Goals

A. Nutrition Education and Promotion

 - a. offered as part of a comprehensive program designed to provide students with the knowledge and skills necessary to promote and protect their health;

B. Physical Activity

1. Students need opportunities for physical activity and to fully embrace regular physical activity as a personal behavior. Toward that end, health and physical education will reinforce the knowledge and self-management skills needed to maintain a healthy lifestyle and reduce sedentary activities, such as watching television.
2. Opportunities for physical activity will be incorporated into other subject lessons, where appropriate; and
3. Classroom teachers will provide short physical activity breaks between lessons or classes, as appropriate.

534 –SCHOOL MEALS POLICY

~~[Note: In 2021, the Minnesota Legislature amended Minnesota Statutes, section 124D.11, to require that Minnesota school districts that participate in the national school lunch program adopt a school meals policy. In 2023, the Minnesota legislature amended the statute to create the free school meals program.]~~

~~[Note: This MSBA/MASA model policy is drafted to be consistent for all grade levels. However, local school districts may vary the meal charge policy for elementary, middle, and high schools.]~~

~~[Note: School districts must follow appropriate debt collection practices when attempting to recover unpaid a la carte items or second meal charges.][1]~~

I. PURPOSE

The purpose of this policy is to ensure that students receive healthy and nutritious meals through the school district's nutrition program and that school district employees, families, and students have a shared understanding of expectations regarding meal charges. The policy of the school district is to provide meals to students in a respectful manner and to maintain the dignity of students by prohibiting lunch shaming or otherwise ostracizing the student. The policy seeks to allow students to receive the nutrition they need to stay focused during the school day and minimize identification of students with insufficient funds to pay for a la carte items or second meals as well as to maintain the financial integrity of the school nutrition program.

II. PAYMENT OF MEALS

A. ~~[OPTION 1: All a la carte items or second meal purchases are to be prepaid before meal service begins. Payments can be made via the school district's online payment portal or via check or cash at any school office. Insert description for how families may add money to students' accounts (e.g., electronic payment options, pay at the school office, etc.).] A student who does not have sufficient funds will not be allowed to charge a la carte items or a second meal until additional money is deposited in the student's account.][2]~~

~~———[OPTION 2: Students have use of a meal account. When the balance reaches zero, a student may charge no more than \$[insert amount] or [insert number of meals] to this account]. When an account reaches this limit, a student shall not be allowed to charge second meals or a la carte items~~

~~until the negative account balance is paid. [Insert description for how families may add money to students' accounts (e.g., electronic payment options, pay at the school office, etc.).]~~

~~[OPTION 3: Insert a school district-specific process for payment of a-la-carte items or second meals.]~~[3]

B. A school that participates in the United States Department of Agriculture National School Lunch program and has an Identified Student Percentage at or above the federal percentage determined for all meals to be reimbursed at the free rate must participate in the federal Community Eligibility Provision in order to participate in the free school meals program.

C. Each school that participates in the free school meals program must:

(1) participate in the United States Department of Agriculture School Breakfast Program and the United States Department of Agriculture National School Lunch Program; and

(2) provide to all students at no cost up to two federally reimbursable meals per school day, with a maximum of one free breakfast and one free lunch.

(3) a student who has been determined eligible for free and reduced-price meal must always be served a reimbursable meal even if the student has an outstanding debt.

D. Once a meal has been placed on a student's tray or otherwise served to a student, the meal may not be subsequently withdrawn from the student by the cashier or other school official, whether or not the student has an outstanding meals balance.

E. When a student has a negative account balance, the student will not be allowed to charge any extras including snack item, Ala Carte, extra juice, extra milks.

F. Members of the same family, employee(s) and student(s), will share a common family food service account.

III. LOW OR NEGATIVE ACCOUNT BALANCES – NOTIFICATION

B. Families will be notified of an outstanding negative balance. Families will be notified by email and letters sent home(e.g., verbal, telephone, email, letters sent home)).^[4]

C. Reminders for payment of outstanding student meal balances will not demean or stigmatize any student participating in the school lunch program, including, but not limited to, dumping meals, withdrawing a meal that has been served, announcing or listing students' names publicly, providing alternative meals not specifically related to dietary needs; providing non-reimbursable meals or affixing stickers, stamps, or pins.

IV. UNPAID MEAL CHARGES

A. The school district will make reasonable efforts to communicate with families to resolve the matter of unpaid charges. Where appropriate, families may be encouraged to apply for free or reduced-price meals for their children.

B. The school district will make reasonable efforts to collect unpaid meal charges classified as delinquent debt. Unpaid meal charges are designated as delinquent debt when payment is overdue, the debt is considered collectable, and efforts are being made to collect it.

C. Negative balances of \$50.00 or more for the prior year will be turned over to the superintendent or superintendent's designee for collection. In some instances, the school district does use a collection agency to collect unpaid school meal debts after reasonable efforts first have been made by the school district to collect the debt. Collection options may include, but are not limited to, use of collection agencies, claims in the conciliation court, or any other legal method permitted by law.

D. The school district may not enlist the assistance of non-school district employees, such as volunteers, to engage in debt collection efforts.

E. The school district will not impose any other restriction prohibited under Minnesota Statutes Sections 123B.37 due to unpaid student meal balances. The school district will not limit a student's participation in any school activities, graduation ceremonies, field trips, athletics, activity clubs, or other extracurricular activities or access to materials, technology, or other items provided to students due to unpaid student meal balance.

3. all school district personnel who are responsible for enforcing this policy.

B. The school district will post this policy on the school district's website, ~~or the website of the organization where the meal is served,~~^[5] in addition to providing the required written notification described above.

III. DEFINITIONS

- A. "Child with a disability" includes every child identified under federal and state special education law as deaf or hard of hearing, blind or visually impaired, deafblind, or having a speech or language impairment, a physical impairment, other health disability, developmental cognitive disability, an emotional or behavioral disorder, specific learning disability, autism spectrum disorder, traumatic brain injury, or severe multiple impairments, and who needs special education and related services, as determined by the rules of the Commissioner of the Minnesota Department of Education ("Commissioner"). A licensed physician, an advanced practice nurse, a physician assistant, or a licensed psychologist is qualified to make a diagnosis and determination of attention deficit disorder or attention deficit hyperactivity disorder for purposes of identifying a child with a disability. In addition, every child under age three, and at the school district's discretion from age three to seven, who needs special instruction and services, as determined by the rules of the Commissioner, because the child has a substantial delay or has an identifiable physical or mental condition known to hinder normal development is a child with a disability. A child with a short-term or temporary physical or emotional illness or disability, as determined by the rules of the Commissioner, is not a child with a disability.
- B. "Home" is the legal residence of the child. In the discretion of the school district, "home" also may be defined as a licensed day care facility, school day care facility, a respite care facility, the residence of a relative, or the residence of a person chosen by the student's parent or guardian as the home of a student for part or all of the day, if requested by the student's parent or guardian, or an afterschool program for children operated by a political subdivision of the state, if the facility, residence, or program is within the attendance area of the school the student attends. Unless otherwise specifically provided by law, a homeless student is a resident of the school district if enrolled in the school district.
- C. "Homeless student" means a student, including a migratory student, who lacks a fixed, regular, and adequate nighttime residence and includes: students who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional

shelters; are abandoned in hospitals; are awaiting foster care placement; have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings; are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings, and migratory children who qualify as homeless because they are living in any of the preceding listed circumstances.

- D. "Nonpublic school" means any school, church, or religious organization, or home school wherein a resident of Minnesota may legally fulfill the compulsory instruction requirements of Minnesota Statutes section 120A.22, which is located within the state, and which meets the requirements of Title VI of the Civil Rights Act of 1964.
- E. "Nonresident student" is a student who attends school in the school district and resides in another district, defined as the "nonresident district." In those instances when the divorced or legally separated parents or parents residing separately share joint physical custody of a student and the parents reside in different school districts, the student shall be a resident of the school district designated by the student's parents. When parental rights have been terminated by court order, the legal residence of a student placed in a residential or foster facility for care and treatment is the district in which the student resides.
- F. "Pupil support services" are health, counseling, and guidance services provided by the public school in the same district where the nonpublic school is located.
- G. "School of origin," for purposes of determining the residence of a homeless student, is the school that the student attended when permanently housed or the school in which the student was last enrolled.
- H. "Shared time basis" is a program where students attend public school for part of the regular school day and who otherwise fulfill the requirements of Minnesota Statutes section 120A.22 by attendance at a nonpublic school.
- I. "Student" means any student or child attending or required to attend any school as provided in Minnesota law and who is a resident or child of a resident of Minnesota.

IV. ELIGIBILITY

- A. Upon the request of a parent or guardian, the school district shall provide transportation to and from school, at the expense of the school district, for all resident students who reside two miles or more from the school, except for those students whose transportation privileges have been revoked or have been voluntarily surrendered by the student's parent or guardian.
- B. The school district may, in its discretion, also provide transportation to any student to and from school, at the expense of the school district, for any other purpose deemed appropriate by the school board.
- C. In the discretion of the school district, transportation along regular school bus routes may also be provided, where space is available, to any person where such use of a bus does not interfere with the transportation of students. The cost of providing such transportation must be paid by those individuals using these services or some third-party payor. Bus transportation also may be provided along school bus routes when space is available for participants in early childhood family education programs and school readiness programs if these services do not result in an increase in the school district's expenditures for transportation
- D. For purposes of stabilizing enrollment and reducing mobility, the school district may, in its discretion, establish a full-service school zone and may provide transportation for

students attending a school in that full-service school zone. A full-service school zone may be established for a school that is located in an area with higher than average crime or other social and economic challenges and that provides education, health or human services, or other parental support in collaboration with a city, county, state, or nonprofit agency.

V. TRANSPORTATION OF NONRESIDENT STUDENTS

- A. If requested by the parent of a nonresident student, the school district shall provide transportation to a nonresident student within its borders at the same level of service that is provided to resident students.
- B. If the school district decides to transport a nonresident student within the student's resident district, the school district will notify the student's resident district of its decision, in writing, prior to providing transportation.
- C. When divorced or legally separated parents or parents residing separately reside in different school districts and share physical custody of a student, the parents shall be responsible for the transportation of the student to the border of the school district during those times when the student is residing with the parent in the nonresident school district.
- D. The school district may provide transportation to allow a student who attends a high-need English language learner program and who resides within the transportation attendance area of the program to continue in the program until the student completes the highest grade level offered by the program.

VI. TRANSPORTATION OF RESIDENT STUDENTS TO NONDISTRICT SCHOOLS

- A. In general, the school district shall not provide transportation between a resident student's home and the border of a nonresident district where the student attends school under the Enrollment Options Program. A parent may be reimbursed by the nonresident district for the costs of transportation from the pupil's residence to the border of the nonresident district if the student is from a family whose income is at or below the poverty level, as determined by the federal government. The reimbursement may not exceed the pupil's actual cost of transportation or 15 cents per mile traveled, whichever is less. Reimbursement may not be paid for more than 250 miles per week. (Minn. Stat. § 124D.03, Subd. 8)
- B. Resident students shall be eligible for transportation to and from a nonresident school district at the expense of the school district, if in the discretion of the school district, inadequate room, distance to school, unfavorable road conditions, or other facts or conditions make attendance in the resident student's own district unreasonably difficult or impracticable. The school district, in its discretion, may also provide for transportation of resident students to schools in other districts for grades and departments not maintained in the district, including high school, for the whole or a part of the year or for resident students who attend school in a building rented or leased by the school district in an adjacent district.
- C. In general, the school district is not responsible for transportation for any resident student attending school in an adjoining state under a reciprocity agreement but may provide such transportation services at its discretion.

VII. SPECIAL EDUCATION STUDENTS/STUDENTS WITH A DISABILITY/ STUDENTS WITH TEMPORARY DISABILITIES

- A. Upon a request of a parent or guardian, the board must provide necessary transportation, consistent with Minnesota Statutes section 123B.92, subdivision 1(b)(4), for a resident child with a disability not yet enrolled in kindergarten for the provision of special instruction and services. Special instruction and services for a

child with a disability not yet enrolled in kindergarten include an individualized education program (IEP) team placement in an early childhood program when that placement is necessary to address the child's level of functioning and needs.

- B. Resident students with a disability whose disabling conditions are such that the student cannot be safely transported on the regular school bus and/or school bus route and/or when the student is transported on a special route for the purpose of attending an approved special education program shall be entitled to special transportation at the expense of the school district or the day training and habilitation program attended by the student. The school district shall determine the type of vehicle used to transport students with a disability on the basis of the disabling condition and applicable laws. This provision shall not be applicable to parents who transport their own child under a contract with the school district.
- C. Resident students with a disability who are boarded and lodged at Minnesota state academies for educational purposes, but who also are enrolled in a public school within the school district, shall be provided transportation, by the school district to and from said board and lodging facilities, at the expense of the school district.
- D. If a resident student with a disability attends a public school located in a contiguous school district and the school district of attendance does not provide special instruction and services, the school district shall provide necessary transportation for the student between the school district boundary and the educational facility where special instruction and services are provided within the school district. The school district may provide necessary transportation of the student between its boundary and the school attended in the contiguous district, but shall not pay the cost of transportation provided outside the school district boundary.
- E. When a student with a disability or a student with a short-term or temporary disability is temporarily placed for care and treatment in a day program located in another school district and the student continues to live within the school district during the care and treatment, the school district shall provide the transportation, at the expense of the school district, to that student. The school district may establish reasonable restrictions on transportation, except if a Minnesota court or agency orders the child placed at a day care and treatment program and the school district receives a copy of the order, then the school district must provide transportation to and from the program unless the court or agency orders otherwise. Transportation shall only be provided by the school district during regular operating hours of the school district.
- F. When a nonresident student with a disability or a student with a short-term or temporary disability is temporarily placed in a residential program within the school district, including correctional facilities operated on a fee-for-service basis and state institutions, for care and treatment, the school district shall provide the necessary transportation at the expense of the school district. Where a joint powers entity enters into a contract with a privately owned and operated residential facility for the provision of education programs for special education students, the joint powers entity shall provide the necessary transportation.
- G. Each driver and aide assigned to a vehicle transporting students with a disability will be provided with appropriate training for the students in their care, will assist students with their safe ingress and egress from the bus, will ensure the proper use of protective safety devices, and will be provided with access to emergency health care information as required by law.
- H. Any parent of a student with a disability who believes that the transportation services provided for that child are not in compliance with the applicable law may utilize the alternative dispute resolution and due process procedures provided for in Minnesota Statutes chapter 125A.

VIII. HOMELESS STUDENTS

- A. Homeless students shall be provided with transportation services comparable to other students in the school district.
- B. Upon request by the student's parent, guardian, or homeless education liaison, the school district shall provide transportation for a homeless student as follows:
 - 1. A resident student who becomes homeless and is residing in a public or private shelter location or has other non-shelter living arrangements within the school district shall be provided transportation to and from the student's school of origin and the shelter or other non-shelter location on the same basis as transportation services are provided to other students in the school district.
 - 2. A resident student who becomes homeless and is residing in a public or private shelter location or has other non-shelter living arrangements outside of the school district shall be provided transportation to and from the student's school of origin and the shelter or other non-shelter location on the same basis as transportation services are provided to other students in the school district, unless the school district and the school district in which the student is temporarily placed agree that the school district in which the student is temporarily placed shall provide transportation.
 - 3. If a nonresident student is homeless and is residing in a public or private homeless shelter or has other non-shelter living arrangements within the school district, the school district may provide transportation services between the shelter or non-shelter location and the student's school of origin outside of the school district upon agreement with the school district in which the school of origin is located.
 - 4. A homeless nonresident student enrolled under Minnesota Statutes section 124D.08, subdivision 2a, must be provided transportation from the student's district of residence to and from the school of enrollment.

IX. AVAILABILITY OF SERVICES

Transportation shall be provided on all regularly scheduled school days or make-up days. Transportation will not be provided during the summer school break. Transportation may be provided for summer instructional programs for students with a disability or in conjunction with a learning year program. Transportation between home and school may also be provided, in the discretion of the school district, on staff development days.

SCHEDULING AND ROUTING

Transportation services will be provided insofar as possible as follows:

- A. On a city, county or township-owned road which is maintained by the city, county or township and is one-half mile long or more one way and comes out to a main traveled road.

There is a suitable and maintained place to turn around.

If vision is obscured at the point of turn-around, other arrangements will be necessary and will be at the discretion of the transportation contractor and the Transportation Director.

All turn-arounds must be plowed out wide enough to accommodate sufficient space for the safe turn-around of a bus. Transportation routes will be established to arrange the time and order of pick-up to minimize, to the degree possible, the amount of time a student is to ride on a school bus to and from school.

Insofar as possible, students will be transported towards the school of attendance without hauling students greater distances out into the country than necessary.

Families may designate a pickup location that is different from their dropoff location. Multiple pickup or dropoff locations will not be allowed except if approved by the Transportation Director. All pickup and dropoff locations must be in the same attendance area as the school of record

All bus routes will be controlled directly by the Transportation Director and all questions by School Board members, parents, bus drivers, and bus owners shall be first referred to the Transportation Director for his review, consideration and recommendation.

Buses will not be operated on private roads or driveways unless, in the judgment of the bus contractors and the Transportation Director, a greater safety hazard exists in backing or turning around the bus in a hazardous area on a township or county-owned road.

In general, the Detroit Lakes Public Schools will offer transportation to all students assigned to a building of record providing the student's record of residence is a minimum of one mile or more from the assigned school of attendance.

Students residing more than one half mile from their residence to the nearest edge of school property within the city boundaries of Detroit Lakes or who are classified as a Hazardous Transportation Category will be provided daily transportation to and from school. Hazardous Transportation Categories are as follows: students whose residence in relation to their building of attendance requires the crossing of U.S. Highway 10, Minnesota Highway 34, Washington Avenue, Corbett Road, 11th Avenue from 8th Street to MN Hwy 34, Roosevelt Avenue from U.S. Hwy 10 to MN Hwy 34, or the Burlington Northern and Canadian Pacific railroad tracks. A map depicting such areas is available for inspection at the Administration Center.

Unique or temporary locations within the city limits will be determined by the Transportation Director.

X. MANNER OF TRANSPORTATION

The scheduling of routes, establishment of the location of bus stops, manner and method of transportation, control and discipline of school children, the determination of fees, and any other matter relating thereto shall be within the sole discretion, control and management of the school board. The school district may, in its discretion, provide room and board, in lieu of transportation, to a student who may be more economically and conveniently provided for by that means.

XI. RESTRICTIONS

Transportation by the school district is a privilege and not a right for an eligible student. A student's eligibility to ride a school bus may be revoked for a violation of school bus safety or conduct policies, or violation of any other law governing student conduct on a school bus pursuant to the school district's discipline policy. Revocation of a student's bus riding privilege is not an exclusion, expulsion, or suspension under the Pupil Fair Dismissal Act. Revocation procedures for a student who is an individual with a disability under 20 United States Code section 1415 (Individuals with Disabilities Act), 29 United States Code section 794 (the Rehabilitation Act), and 42 United States Code section 12132, (Americans with Disabilities Act) are governed by these provisions.

XII. FEES

- A. In its discretion, the school district may charge fees for transportation of students to and from extracurricular activities conducted at locations other than school, where attendance is optional.
- B. The school district may charge fees for transportation of students to and from school when authorized by law. If the school district charges fees for transportation of students to and from school, guidelines shall be established for that transportation to ensure that no student is denied transportation solely because of inability to pay. The

school district also may waive fees for transportation if the student's parent is serving in, or within the past year has served in, active military service as defined in Minnesota Statutes section 190.05.

- C. The school district may charge reasonable fees for transportation of students to and from post-secondary institutions for students enrolled under the post-secondary enrollment options program. Families who qualify for mileage reimbursement may use their state mileage reimbursement to pay this fee
- D. Where, in its discretion, the school district provides transportation to and from an instructional community-based employment station that is part of an approved occupational experience vocational program, the school district may require the payment of reasonable fees for transportation from students who receive remuneration for their participation in these programs.

709 - STUDENT TRANSPORTATION SAFETY POLICY

[Note: School districts are required by statute to have a policy addressing these issues.]

I. PURPOSE

The purpose of this policy is to provide safe transportation for students and to educate students on safety issues and the responsibilities of school bus ridership.

Administrative procedures of the transportation system have been adopted by the School Board. The bus drivers and contractors shall be responsible to the Superintendent, who may delegate to the Transportation Director authority in the area of transportation.

Riding a school bus is a privilege, not a right. The transportation routing system provided by Detroit Lakes Public Schools is designed as a mass transit system with common collection points and is not intended to be a cab service. A student's eligibility to ride a school bus may be revoked for a violation of school bus safety or conduct policies, or violation of any other law governing student conduct on a school bus pursuant to the School District's discipline policy. Revocation of a student's bus riding privilege is not an exclusion, expulsion, or suspension under the Pupil Fair Dismissal Act. Revocation procedures for a student who is an individual with a disability under 20 U.S.C. § 1415 (Individuals with Disabilities Act), 29 U.S.C. § 794 (the Rehabilitation Act), and 42 U.S.C. § 12132, (Americans with Disabilities Act) are governed by these provision. (MN Stat § 121A.59)

~~II. RIDER ELIGIBILITY QUALIFICATIONS~~

~~The Detroit Lakes School District will provide transportation services insofar as possible to students eligible for transportation under provisions of state rules and regulations and as described in this policy concerning school district transportation. The bus contractor will have the responsibility to develop and assign bus routes in the safest and most efficient manner possible, taking into consideration bus route lengths, time of pick up, and all the related considerations for the efficient management of district transportation services. The Transportation Director shall have the responsibility to review and adjust, if necessary, any or all provisions of transportation services provided by the district and by a private contractor for the district.~~

~~A. Regular Transportation~~

~~Upon the request of a parent or guardian, the School District shall provide transportation to and from school, at the expense of the School District, for all resident students who reside one mile or more from the school or are classified in a hazardous transportation category, except for those students whose transportation privileges have been revoked or have been voluntarily surrendered by the student's parent or guardian. (MN Stat § 123B.88, Subd.1).~~

~~B. Special Education Transportation~~

~~Resident disabled students whose handicapped conditions are such that the student cannot be safely transported on the regular school bus and/or school bus route and/or when the student is transported on a special route for the purpose of attending an approved special education program shall be entitled to special transportation at the expense of the School District. The School District shall determine the type of vehicle used to transport disabled students on the basis of the handicapping condition and applicable laws. This provision shall not be applicable to parents who transport their own child under a contract with the School District. (MN Rules Part 7470.1600).~~

~~C. Open Enrollment Transportation~~

~~The district may provide transportation to open-enrolled (non-resident) students who are attending Detroit Lakes Public Schools in the following manner:~~

- ~~1. Generally speaking from the closest pick-up/drop-off point assigned by the Transportation Director within the geographical boundary of Detroit Lakes Schools.~~
- ~~2. The district will consider exceptions to the above policy by assigning pick-up/drop-off points in contiguous districts. The district will consider several factors to include safety, cost, increased riding time for resident students, practicality, and route efficiency. The Transportation Director will make the determination in these cases.~~

~~D. Homeless Student~~

~~Unless otherwise specifically provided by law, a homeless student is a resident of the School District if enrolled in the School District. (MN Stat. § 123B.92, Subd. 1(b)(1); MN Stat § 127A.47, Subd. 2). "Homeless student" means a student, including a migratory student, who lacks a fixed, regular, and adequate nighttime residence and includes: students who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of adequate alternative accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; are awaiting foster care placement; have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings; are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings. (42 U.S.C. § 11434a);[1]~~

~~III. SCHEDULING AND ROUTING~~

~~Transportation services will be provided insofar as possible as follows:~~

- ~~A. On a city, county or township owned road which is maintained by the city, county or township and is one half mile long or more one way and comes out to a main traveled road.~~
- ~~B. There is a suitable and maintained place to turn around.~~
- ~~C. If vision is obscured at the point of turn-around, other arrangements will be necessary and will be at the discretion of the transportation contractor and the Transportation Director.~~

D. All turn arounds must be plowed out wide enough to accommodate sufficient space for the safe turn around of a bus.

E. Transportation routes will be established to arrange the time and order of pick up to minimize, to the degree possible, the amount of time a student is to ride on a school bus to and from school.

F. Insofar as possible, students will be transported towards the school of attendance without hauling students greater distances out into the country than necessary.

G. Families may designate a pickup location that is different from their dropoff location. Multiple pickup or dropoff locations will not be allowed except if approved by the Transportation Director. All pickup and dropoff locations must be in the same attendance area as the school of record

H. All bus routes will be controlled directly by the Transportation Director and all questions by School Board members, parents, bus drivers, and bus owners shall be first referred to the Transportation Director for his review, consideration and recommendation.

I. Buses will not be operated on private roads or driveways unless, in the judgment of the bus contractors and the Transportation Director, a greater safety hazard exists in backing or turning around the bus in a hazardous area on a township or county owned road.

J. In general, the Detroit Lakes Public Schools will offer transportation to all students assigned to a building of record providing the student's record of residence is a minimum of one mile or more from the assigned school of attendance.

[2]

● IV. HAZARDOUS QUALIFICATIONS

Students residing more than one half mile from their residence to the nearest edge of school property within the city boundaries of Detroit Lakes or who are classified as a Hazardous Transportation Category will be provided daily transportation to and from school. Hazardous Transportation Categories are as follows: students whose residence in relation to their building of attendance requires the crossing of U.S. Highway 10, Minnesota Highway 34, Washington Avenue, Corbett Road, 11th Avenue from 8th Street to MN Hwy 34, Roosevelt Avenue from U.S. Hwy 10 to MN Hwy 34, or the Burlington Northern and Canadian Pacific railroad tracks. A map depicting such areas is available for inspection at the Administration Center.

Unique or temporary locations within the city limits will be determined by the Transportation Director.

[3]

V. SEAT BELTS

The typical school bus used by Detroit Lakes Schools utilizes the concept of "compartmentalization" whereby the backs of each seat are fully padded to reduce the risk of injury in the event of an accident. In addition, accident (crash) testing conducted by the National Traffic Safety Board has warned that the use of seat belts may result in a greater hazard to occupants than without seat belts. As a result, seat belts will

~~not be used in school buses except when transporting students requiring special education services. Special education van/buses will be equipped with seat belts, and students will be belted because the buses used are smaller, lighter, and seat belts assist the students by keeping the students in their seats facing forward.~~ [4]

A. School Bus Safety Week

The school district may designate a school bus safety week. The National School Bus Safety Week is the third week in October.

B. Student ~~School Bus Safety~~ Training

~~d.~~ The school district and a nonpublic school may provide kindergarten pupils with active transportation safety training before the first day of school.

3. Instruction

- a. The school district may provide active transportation safety training through distance learning.
- b. The district and a nonpublic school must make reasonable accommodations for the active transportation safety training of pupils known to speak English as a second language and pupils with disabilities.

VIII. [6] CONDUCT ON SCHOOL BUSES AND CONSEQUENCES FOR MISBEHAVIOR

A. Riding the school bus is a privilege, not a right. The school district's general student behavior rules are in effect for students on school buses, including nonpublic and charter school students.

B. Consequences for school bus/bus stop misconduct will be imposed by the school district under adopted administrative discipline procedures. In addition, all school bus/bus stop misconduct will be reported to the school district's transportation safety director. Serious misconduct may be reported to local law enforcement.

1. School Bus and Bus Stop Rules.

The School District school bus safety rules are to be posted on every bus. If these rules are broken, the school district's discipline procedures are to be followed. In most circumstances, consequences are progressive and may include suspension of bus privileges. It is the school bus driver's responsibility to report unacceptable behavior to the school district's Transportation Office/School Office.

2. Rules at the Bus Stop

- a. Get to your bus stop 5 minutes before your scheduled pick up time. The school bus driver will not wait for late students.
- b. Respect the property of others while waiting at your bus stop.
- c. Keep your arms, legs, and belongings to yourself.
- d. Use appropriate language.
- e. Stay away from the street, road, or highway when waiting for the bus.
- f. Wait until the bus stops before approaching the bus.
- g. After getting off the bus, move away from the bus.
- h. If you must cross the street, always cross in front of the bus where the driver can see you. Wait for the driver to signal to you before crossing the street.
- i. No fighting, harassment, intimidation, or horseplay.

- j. No use of alcohol, tobacco or drugs.

3. Rules on the Bus

- a. Immediately follow the directions of the driver.
- b. Sit in your seat facing forward.
- c. Talk quietly and use appropriate language.
- d. Keep all parts of your body inside the bus.
- e. Keep your arms, legs and belongings to yourself.
- f. No fighting, harassment, intimidation or horseplay.
- g. Do not throw any object.
- h. No eating, drinking, or use of alcohol, tobacco or drugs.
- i. Do not bring any weapon or dangerous objects on the school bus.
- j. Do not damage the school bus.

4. Consequences

- a. Consequences for school bus/bus stop misconduct will apply to all regular and late routes. Decisions regarding a student's ability to ride the bus in connection with co curricular and extracurricular events (for example field trips or competitions) will be in the sole discretion of the school district. Parents or guardians will be notified of any suspension of bus privileges. Listed below is an example of progressive discipline that may be used by school administration.

(1) Elementary (K-5)

1st Offense -warning

2nd Offense -3 school-day suspension from riding the bus

3rd Offense -5 school-day suspension from riding the bus

4th Offense -10 school-day suspension from riding the bus/meeting with parent

Further offenses – individually considered. Students may be suspended for longer periods of time, including the remainder of the school year.

(2) Secondary (6-12)

1st Offense -warning

2nd Offense -5 school-day suspension from riding the bus

3rd Offense -10 school-day suspension from riding the bus

4th Offense -20 school-day suspension from riding the bus/meeting with parent

5th Offense -suspended from riding the bus for the remainder of the school year

Note: When any student goes 60 transportation days without a report, the student's consequences may start over at the first offense.

(3) Other Discipline

Based on the severity of a student's conduct, more serious consequences may be imposed at any time. Depending on the nature of the offense, consequences such as suspension or expulsion from school also may result from school bus/bus stop misconduct.

(4) Records

Records of school bus/bus stop misconduct will be forwarded to the individual school building and will be retained in the same manner as other student discipline records. Reports of serious misbehavior on a school bus or in a bus-loading or unloading area that are reasonably believed to cause an immediate and substantial danger to the student surrounding persons or property shall be provided by the school district to local law enforcement and the Department of Public Safety in accordance with state and federal law.

(5) Vandalism/Bus Damage

Students damaging school buses will be responsible for the damages. Failure to pay such damages (or make arrangements to pay) within two weeks may result in the loss of bus privileges until damages are paid.

(6) Notice

School bus and bus stop rules and consequences for violations of these rules will be reviewed with students annually and copies of these rules will be made available to students. School bus rules are to be posted on each school bus.

(7) Criminal Conduct

In cases involving criminal conduct (for example, assault, weapons, drug possession, or vandalism), appropriate school district personnel and local law enforcement officials will be informed.

IV.VIII.[7] PARENT AND GUARDIAN INVOLVEMENT

VII.C.1.[9] SCHOOL BUS DRIVER TRAINING

A. Training

1. All new school bus drivers shall be provided with pre-service training, including in-vehicle (actual driving) instruction, before transporting students and shall meet the competency testing specified in the Minnesota Department of Public Safety Model School Bus Driving Training Manual. All school bus drivers shall receive in-service training annually. For purposes of this section, "annually" means at least once every 380 days from the initial or previous evaluation and at least once every 380 days from the initial or previous license verification. The school district shall retain on file an annual individual school bus driver "evaluation certification" form for each school district driver as contained in the Model School Bus Driver Training Manual.

[NOTE: The Model School Bus Driver Training Manual is available online through the Minnesota Department of Public Safety State Patrol web page.]

2. All bus drivers operating a type III vehicle will be provided with annual training and certification as set forth in Section VII.C.1.b., below, by either the school district or the entity from whom such services are contracted by the school district.

B. Evaluation

School bus drivers with a Class D license will be evaluated annually and all other bus drivers will be assessed periodically for the following competencies:

1. Safely operating the type of school bus the driver will be driving;
2. Understand student behavior, including issues relating to students with disabilities;
3. Ensure orderly conduct of students on the bus and handling incidents of misconduct appropriately;
4. Know and understand relevant laws, rules of the road, and local school bus safety policies;

[Note: The school district may use alternative assessments rather than those set forth in the Model School Bus Driver Training Manual for bus driver training competencies with the approval of the Commissioner of Public Safety. A driver also may receive at least 8 hours of school bus in-service training in any year as an alternative to being assessed for bus driver competencies after the initial year of being assessed for bus driver competencies.]

VXII.[10] **OPERATING RULES AND PROCEDURES**

A. General Operating Rules

1. School buses shall be operated in accordance with state traffic and school bus safety laws and the procedures contained in the Minnesota Department of Public Safety Model School Bus Driver Training Manual.

[Note: The Model School Bus Driver Training Manual is available online through the Minnesota Department of Public Safety State Patrol web page.]

Only students assigned to the school bus by the school district shall be transported. The number of students or other authorized passengers transported in a school bus shall not be more than the legal capacity for the bus. No person shall be allowed to stand when the bus is in motion.

3. The parent/guardian may designate, pursuant to school district policy, a day care facility, respite care facility, the residence of a relative, or the residence of a person chosen by the parent or guardian as the address of the student for transportation purposes. The address must be in the attendance area of the assigned school and meet all other eligible requirements.

4. Bus drivers must minimize, to the extent practical, the idling of school bus engines and exposure of children to diesel exhaust fumes.

5. To the extent practical, the school district will designate school bus loading/unloading zones at a sufficient distance from school air-intake systems to avoid diesel fumes from being drawn into the systems.

[Note: A school district is not required to comply with Section VII.A.5. if the school board determines that alternative locations block traffic, impair student safety, or are not cost effective.]

6. A bus driver may not operate a school bus while communicating over, or otherwise operating, a cellular phone for personal reasons, whether handheld or hands free, when the vehicle is in motion or a part of traffic. For purposes of this paragraph, “school bus” has the meaning given in Minnesota Statutes section. § 169.011, Subdivision. 71. In addition, “school bus” also includes type III vehicles when driven by employees or agents of the school district. “Cellular phone” means a cellular, analog, wireless, or digital telephone capable of sending or receiving telephone or text messages without an access line for service.

B. Type III Vehicles

1. Type III vehicles are restricted to passenger cars, station wagons, vans, and buses having a maximum manufacturer’s rated seating capacity of 10 or fewer people including the driver and a gross vehicle weight rating of 10,000 pounds or less. A van or bus converted to a seating capacity of 10 or fewer and placed in service on or after August 1, 1999, must have been originally manufactured to comply with the passenger safety standards.

2. Type III vehicles must be painted a color other than national school bus yellow.

3. Type III vehicles shall be state inspected in accordance with legal requirements.

4. ~~Vehicles model year 2007 or older must not be used as type III vehicles to transport school children, except those vehicles that are manufactured to meet the structural requirements of federal motor vehicle safety standard 222, Code of Federal Regulations, title 49, part 271.~~

5. If a type III vehicle is school district owned, the school district name will be clearly marked on the side of the vehicle. The type III vehicle must not have the words “school bus” in any location on the exterior of the vehicle or in any interior location visible to a motorist.

6. A “type III vehicle” must not be outwardly equipped and identified as a type A, B, C, or D bus.

7. Eight-lamp warning systems and stop arms must not be installed or used on type III vehicles.

8. Type III vehicles must be equipped with mirrors as required by law.

9. Any type III vehicle may not stop traffic and may not load or unload before making a complete stop and disengaging gears by shifting into neutral or park. Any type III vehicle used to transport students must not load or unload so that a student has to cross the road, except where not possible or impractical, then the driver or assistant must escort a student across the road. If the driver escorts the student across the road, then the motor must be stopped, the ignition key removed, the brakes set, and the vehicle otherwise rendered immobile.

10. Any type III vehicle used to transport students must carry emergency equipment including:
- a. Fire extinguisher. A minimum of one 10BC rated dry chemical type fire extinguisher is required. The extinguisher must be mounted in a bracket, and must be located in the driver's compartment and be readily accessible to the driver and passengers. A pressure indicator is required and must be easily read without removing the extinguisher from its mounted position.
 - b. First aid kit and body fluids cleanup kit. A minimum of a 10-unit first aid kit and a body fluids cleanup kit is required. They must be contained in removable, moisture- and dust-proof containers mounted in an accessible place within the driver's compartment and must be marked to indicate their identity and location.
 - c. Passenger cars and station wagons may carry a fire extinguisher, a first aid kit, and warning triangles in the trunk or trunk area of the vehicle if a label in the driver and front passenger area clearly indicates the location of these items.
11. Students will not be regularly transported in private vehicles that are not state inspected as type III vehicles. Only emergency, unscheduled transportation may be conducted in vehicles with a seating capacity of 10 or fewer without meeting the requirements for a type III vehicle. Also, parents may use a private vehicle to transport their own children under a contract with the district. The school district has no system of inspection for private vehicles.
12. All drivers of Type III vehicles will be legally licensed drivers and will be familiar with the use of required emergency equipment. The school district will not knowingly allow a person to operate a type III vehicle if the person has been convicted of an offense that disqualifies the person from operating a school bus.
13. Type III vehicles will be equipped with child passenger restraints, and child passenger restraints will be utilized to the extent required by law.

C. Type III Vehicle Driven by Employees with a Driver's License Without a School Bus Endorsement

 - (d) placing the type III vehicle in “park” during loading and unloading;
 - (e) escorting a student across the road under clause (c) only after the motor is stopped, the ignition key is removed, the brakes are set, and the vehicle is otherwise rendered immobile; and

Date Revised: 07/14/03, 11/09/09, 02/13/17; 1/13/2020, 11/28/22, <u>04/22/24</u>	

902 - RENTAL POLICY - BUILDINGS & FACILITIES

The Detroit Lakes Public Schools (DLPS) wishes to encourage the full use of the educational facilities, when they are not being used by students or staff, by making its facilities available to organizations, associations, and individuals of the community for civil, cultural, welfare or recreational events that are in the best interest of the school system.

The purpose of this policy is to define the use of DLPS facilities.

I. ADMINISTRATIVE RESPONSIBILITY

- A. The Supervisor of Operations or his/her designee shall approve scheduling of DLPS facilities and equipment. All requests for facility use must be submitted electronically or in hardcopy format.
- B. Facility/equipment usage should be scheduled one (1) week by DLPS employees or four (4) weeks by non- DLPS groups/individuals prior to the event, but not to exceed one calendar year in advance. The Supervisor of Operations or designee may alter the scheduling timeframe.
- C. Facility reservations will be assigned first come, first served. The only exception is DLPS sponsored events that come up and cannot be scheduled to another date, time or location. If this happens, the permit holder will be contacted immediately and offered to change to an alternate date, time or location. If an event is rescheduled, there will be no monetary reimbursement.
- D. A building may not be occupied by any group unless a qualified custodian is present. The head custodian of the building being used will be responsible for assigning a custodian to work during the scheduled event that is not held during the regularly scheduled hours of the custodial staff. The custodian on duty will supervise the operation of the physical plant and shall not be required to supervise groups or events. There will be no additional fee for custodial staff being present under either of the following conditions:
 - i. The event is held during the regularly scheduled hours of the custodial staff, and clean-up after the event did not result in the custodian accruing overtime.
 - ii. A DLPS employee has requested to be used in lieu of a custodian by signing the section on the *Facility Permit Request*, and the request has been approved by the Supervisor of Operations or designee.

II. USAGE/PERMIT PROCEDURE

- A. Prior to using District facilities, every non-DLPS group/organization and individual must complete the *Facility Permit Request* found on the last two pages of this policy and submit it to the Supervisor of Operations or designee. Facility/equipment usage should be scheduled one (1) week by DLPS employees or four (4) weeks by non- DLPS groups/individuals prior to the event, but not to exceed one calendar year in advance. The Supervisor of Operations or designee may alter the scheduling timeframe.
- B. The individual/organization making the request is responsible for all fees assessed for the event.
- C. Every permit request for the use of DLPS facilities shall state the general nature and purpose of the event. Permits will be issued only for the dates, hours, areas and equipment specified.

- D. A permit will not be granted for any use that in the judgment of DLPS administration may conflict with the mission of the DLPS or for which satisfactory sponsorship or adequate adult supervision is not provided.
- E. Once a permit is granted to an organization or individual, facilities shall be used strictly for the purpose for which the space was requested. Permit holders may not transfer or sublet the permit to another organization or individual; doing so nullifies an approved permit.
- F. DLPS administration may cancel a permit effective immediately, if, in its judgment, continuation would be potentially harmful, dangerous, or the program or participants' actions are not of a moral standard equivalent to that generally accepted by the community.
- G. All rentals of facilities will be coordinated with the building principal and/or the Activities Director in order to assure the availability of facilities requested.
 - i. Events are scheduled on a first-come-first-serve basis. However, DLPS events shall always have priority, and contracted rented facilities have priority over unscheduled DLPS staff use.
 - ii. All athletic camps/clinics are to be pre-approved by the Activities Director prior to submittal to the Supervisor of Operations for reserving facilities.
 - iii. Camps or clinics that are neither appropriately routed the process listed in subsection (ii) nor approved by the Activities Director are not construed to fall under the control of the School Board, and therefore, will be subject to rental fees and will not be covered by the DLPS insurance program.
- H. Once the *Facility Permit Request* is approved, the event will be entered into the DLPS facility calendar. !
- I. A copy of the reservation with the permit number will be provided to the policy holder either as a hard copy or electronic document. This document in either form must be with the permit holder during the event at the DLPS facility.
- J. Access to and operation of the sound, video, and light systems in the Middle School auditorium must be pre-approved by the Supervisor of Operations. An additional fee will be charged for the sound/light operator's time.

III. PERMIT HOLDER'S RESPONSIBILITY

- A. Completion of the *Facility Permit Request* constitutes acceptance by the applicant of the responsibilities state and the willingness to comply with all DLPS policies, rules, and regulations regarding the use of facilities.
- B. The permit holder agrees to protect, indemnify and hold harmless the District and its employees from any and all claims, liabilities, damages, or rights of action, directly or indirectly, growing out of the use of the premises covered by the permit.
- C. The permit holder will indemnify DLPS for all damage to its facility or equipment occurred during the scheduled event by persons participating or in attendance.
- D. All organizations and individuals using DLPS facilities shall have a copy of the approved permit on site, either as an electronic file, email, or hardcopy. Custodians may request a copy of the permit from the organization or individual. If an approved permit cannot be verified, the custodians may request the organization or individual to leave the facilities or grounds. Law enforcement shall be contacted when a non-verified organization or individual fails to leave the facilities/grounds when requested to by the DLPS representative.
- E. All events are required to be supervised by responsible adults, over age 21, for the entire duration of usage time and until all participants have vacated the premises in order to accept responsibility for the conduct of event attendees and the care of the building and equipment.
- F. It shall be the responsibility of the organizational leaders to confine use of the facilities rented to members of their group and for the purpose and function under the terms of the rental contract.

- G. Programs must be concluded in time for clearance of building in accordance with the terms of the rental contract. Any additional time required to clean-up after an organization's use of the facility shall be charged to the organization in addition to the rental schedule.

IV. FACILITY USAGE

- A. All buildings must be vacated by 10:30 p.m. on school nights and 12:00 a.m. on non-school nights, unless arranged differently with the Supervisor of Operations or designee. However, DLPS sponsored events may vacate at a later time at the discretion of the principal/building administrator.
- B. A group must obtain prior approval to bring in any organizational equipment and must remove all equipment immediately after the event, unless special permission is granted in advance by the Supervisor of Operations or designee.
- C. Gym shoes must be worn on gym floors. No one shall be allowed to participate in any organized event on the gym floors with leather soles or heels. Every renter is required to use every reasonable precaution to see that snow, water, or mud is removed from shoes before persons are allowed to enter the gym.
- D. As the need arises, building access/keys will be issued by the building principals, their designee, or operations department.
- E. Animals and other pets are not allowed in DLPS facilities unless specifically pre-approved by the building administrator or the Supervisor of Operations. This does not apply to service animals or service animals in training.
- F. Tobacco use is not permitted on any DLPS premises. Alcohol used for consumption, other controlled substances, and guns are banned from all DLPS premises.
- G. There are certain areas where specifically trained personnel will need to be present. These are:
 - i. School Kitchens including DLHS Culinary Labs: a trained DLPS food service employee must be present. There will be a fee charged for this employee's time. If a group is selling any type of food or beverage for an event they will be required to use DLPS facilities and a licensed DLPS Food Service Professional or provide a valid Special Events Food Stand License.
 - ii. Wrestling Building: it will be required for trained DLPS personnel to clean wrestling mats after the event; this person does not have to be present during the event. There will be a fee charged for this employee's time.
 - iii. High School Swimming Pool: certified lifeguard must be present. It is the policy holder's responsibility to find this person. A copy of the lifeguard's certification must be submitted with the *Facility Permit Request*.
 - iv. Middle School Auditorium/Lakeshirts Fieldhouse/Mollberg Field: persons trained to work the A/V equipment, rigging and lighting must be present. DLPS will provide the policy holder a list of those who have been trained on this equipment, but it is the policy holder's responsibility to make arrangements for person(s) to operate the system for the event. The Supervisor of Operations or designee must be informed who has been scheduled to operate these systems for the event.

V. FEES

- A. Fees will be charged for the following three categories based on the classification of organization using DLPS facilities and the schedule of rental rates:
 - i. Facility use
 - ii. Additional equipment provided/set up by the DLPS
 - iii. Hourly rate of any DLPS food service employee, custodian, and Middle School auditorium operator required to work additional hours in order to be on site for the event.

B. Rate of Fees:

- i. Groups using DLPS facilities are grouped into different rate classes based on the nature and purpose of each group, agency or organization. All other requirements for use, such as application procedure, standards for conduct during use, supervision, etc., are constant for all user groups regardless of organizational differences. Each group will pay this percentage of the rental fees for facility and equipment use:
 - 0%:

 - DLPS employees using the facilities for personal, non-commercial use

- C. A down payment of 50% of the facility rental is required at the time of the submitting the *Facility Permit Request* to confirm the reservation. The remainder and other charges will be due by the end of the month following the event.
- D. Food and beverages may be served without using the kitchen. Use of the kitchen, even by DLPS employees, requires the presence of a DLPS food service employee. A fee will be assessed for damaged, lost, stolen, or unclean equipment or facility.

VI. FUNCTIONS NOT ALLOWED

- A. No dances open to the general public shall be allowed
- B. Any and all use of DLPS facilities shall be free from obscure and controversial purposes or purposes of a disruptive nature.

The following page shows the hourly and daily rates for renting the facilities. These rates are designed to encourage public use. DLPS reserves the right to revise building rental rates. It shall be the responsibility of the renting organization/individual to obtain the cost of the current rental rates and fees. DLPS will not be responsible for informing individuals or organizations of revisions in rental rates.

AGREEMENT TO EXTEND PROBATIONARY PERIOD

This Agreement is entered into by and between Independent School District No. 22, Detroit Lakes ("District") and Leslie Anderson ("Employee").

WHEREAS, Minnesota Statutes section 122A.40, subdivision 5, states: "The first three consecutive years of a teacher's first teaching experience in Minnesota in a single district are deemed to be probationary years of employment, and after completion thereof, the probationary period in each district in which the teacher is thereafter employed shall be one year;"

WHEREAS, Employee is a teacher who completed her first year of employment with the District in 2023-24; and

WHEREAS, Employee had previously completed a 3-year probationary period in another Minnesota School District; and

WHEREAS, the District would like to offer a teaching contract to Employee for the 2024-25 school year; and

WHEREAS, unless otherwise specified, upon offer and acceptance of the contract, the Employee would attain non-probationary status under Minnesota Statutes section 122A.40; and

WHEREAS, District administrators believe they have not had an adequate opportunity to determine whether Employee consistently demonstrates the knowledge and skills expected of a non-probationary teacher in the District;

THEREFORE, The District would like to offer Employee a contract for the 2024-25 school year and extend her probationary period for one additional school year.

AND, Employee understands she is under no obligation to sign this Agreement;

WHEREAS, Employee has reviewed her rights under Minnesota Statutes section 122A.40, and has carefully considered her options; and

WHEREAS, Employee understands that her options include, but are not necessarily limited to, the following:

1. Employee can choose to sign this Agreement. If she signs this Agreement, Employee understands that she will be agreeing to extend her probationary period of employment for one year, and that she will be waiving certain rights under Minnesota Statutes section 122A.40. If Employee signs this Agreement, the

School Board would then have the following options: (a) approve this Agreement and, thereby, hire the Employee offering her an annual contract for one year; (b) reject this Agreement and not approve a subsequent contract which would result in board action of non-renewal; or (c) take no action, in which the board would take action to non-renew employee;

2. Employee can choose not to sign this Agreement. The School Board would then: (a) act to terminate employee's annual contract, thus the board would act to non-renew employee;

NOW, THEREFORE, IN CONSIDERATION OF the foregoing and the mutual promises contained in this Agreement, including the relinquishment of certain rights, Employee and the District now agree as follows:

1. **Waiver of Rights and Extension of Probationary Period.** Employee knowingly and voluntarily waives her right to the probationary period described in Minnesota Statutes section 122A.40. Employee agrees to extend the statutory probationary period for one additional year, which will run from July 1, 2024 through June 30, 2025. In addition, for the 2024-2025 school year, Employee waives all rights that are afforded to non-probationary teachers (sometimes referred to as "continuing contract teachers" or "tenured teachers") under Minnesota law.
2. **Contract for 2024-2025 School Year.** The District will offer Employee an annual contract for the 2024-2025 school year. During the 2024-2025 school year, Employee's employment rights will be the same, and no greater than, the employment rights of a probationary teacher under Minnesota Statutes section 122A.40.
3. **Right to Non-Renew or Discharge.** This Agreement does not constitute a guarantee of employment. The School Board may or may not renew Employee's 2024-2025 contract as it sees fit, provided it gives notice of non-renewal before July 1, 2025. In addition, at any time during the 2024-2025 school year (provided the extension of the probationary period is agreed upon by all parties), the District may terminate Employee's annual contract by discharging her as provided by law.
