DATE: August 20, 2025

TO: Mark Jenson, Superintendent and Board of Education

FROM: Anne Skjold, Food Service Director

SUBJECT: **2024-2025 Food Service Program Recap**

My team consistently goes above and beyond expectations, serving over 532,394 meals while enduring many challenges including more restrictive federal meal guidelines, staff shortages and supply chain issues. Please commend my staff for their efforts and commitment to the students and families of Detroit Lakes Public Schools.

PARTICIPATION:

- A big thank you to the students and staff that dine with us.
 - Lunch – in 24-25 we were still able to participate in MN Free Meals our participation increased about 2% over the prior year. We served on average, 63% of all students district wide every day with our lunch program for an annual total of 310,500 lunches served. Our average lunch count per day was 1695.
 - Breakfast – even though free breakfast has been part of the district since 2016 this past year we saw an increase in breakfast participation of 6%. Our average breakfast count per day was 783 students or 29% of the enrolled student population. Annual breakfast total of 157,000 meal served.
 - Page 3 has a five year history of meals served.
- We had \$352,886.66 gross non-program revenue such as contracts with M-State and Mahube-Otwa, Concessions and miscellaneous special events. Net proceeds after all expenses \$20,114.54 (Summary page 3).
- Summer Food was offered under various formats for Credit Recovery groups, SAIL, Laker Kids, and the YES network. We offered the federal Rural Non-congregate meal program again this year. We are still inputting data for claiming our estimated summer numbers are
 - June: 23,741 = 3,308 standard reimbursable meals + 1,347 Snacks Only + 19,086 Rural NC Distribution Meals
 - July: 25,841 = 4,200 standard reimbursable meals + 1,041 Snacks Only + 20,600 Rural NC Distribution Meals
 - August Estimate: 14,837 = 2,538 standard reimbursable meals + 943 Snacks Only + 11,356 Rural NC Meals

64,419 total summer meals

We asked our Rural Non-congregate Families how Sun Meals2Go has benefited their family. You can see all the responses on the last page. One example is *“They mean a variety of fruits, vegetables and new nutritious treats that my budget doesn’t allow. My kids get to try new things and Are able to help with the preparation of meals with the addition of the great menu that I found published. In my opinion it is priceless.”*

KINDERGARTEN MILK PROGRAM:

- We participated in the Minnesota Kindergarten Milk Program with 25,467 additional half pints being served to Kindergarten students.
- Cost to the District was mostly covered by State aid.

NEGATIVE ACCOUNT BALANCES:

Thank you to all that Donated funds throughout the year to go towards Negative Student Balances.

Due to receipt of these generous donations (approximately \$1,512), all negative student accounts have been brought current. This includes prior year carryover negative balances in addition to negative balances created in 24-25, which mostly occurred when students brought a meal from home and charged milk to their accounts.

FREE AND REDUCED APPLICATIONS:

- Total free and reduced students on file May 31, 2025 were 1234 (45.8%) compared to 1223 (44.0%) in May of 2024. This was the third year of the MN Medicaid Direct Certification pilot program which has greatly increased the number of Free and Reduced students in the last few years.
- 45% of Lunch meals served were to free or reduced approved students.
- 47% of the meals served for breakfast were to free or reduced approved students
- In accordance with federal regulation, we verified free and reduced participants by performing a focused sampling of our free and reduced applications which we have on file.

MINNESOTA DEPARTMENT OF HEALTH:

- The MDH inspected each of our kitchens, including our Central Site at MState, Lincoln Education Center and Transitions during the year. All schools in Minnesota are mandated to be inspected twice each year. We received only a few non-critical orders, which have been corrected.

Farm to School:

- We received a \$25,000 grant to continue our efforts in Farm to School
- We continue to purchase from several local sources including Lakeview Greenhouse's (aka Skarie tomatoes), Hammer Apples, Little Elbow Farms, Annie Garden of Fresh Produce, Four Hills Farms & Camp Aquila

- My kid has had balanced meals available at home to eat! This is huge! Especially when I am working all day. Thank you.
- Helped maintain a healthy fresh diet for children in home over summer break. Assisted with offsetting cost of food to feed family. We are extremely grateful!
- I have no worries that my child is eating while I'm at work. It is a relief knowing she is just heating something in the microwave. Thank you
- Makes snacks and milk stretch 10 times! Plus they give you enough variety if you have a picky eater! Very thankful
- Helped with quick meals when didn't have time to cook.
- Takes away the stress of planning meals!
- It helps a lot. Being able to stretch our food budget due to the Meals2Go has been a great help. Everything has become more expensive. Thank you.

- It has helped us stretch our budget having to pay for summer camp for our 1st grader
- With the state of the economy, money is already tight. Then add on kids being home all summer, going through growth spurts, it helps so much! It has been such a weight lifted off our family
- It has been helpful for my family not only financially but ease of my kids having a balanced meal to eat while I am working during the day. Thank you.

- We added a new baby June 3rd via C-section & the summer meal program has been such a blessing having meals for my other 3 already prepped, saving me so much stress about planning. My oldest is such a help & loves looking at the calendar & helping get everything set out for the day.
- Helped save money on food and snacks and lactose free milk
- Helps with meals
- So nice to get the food and especially the milk!

Newsletter

Our electronic newsletter, *The Rossman Report*, will be sent out weekly via email to inform families about upcoming events and celebrate our students. Parent/family attention to the weekly newsletter is appreciated. The newsletter will also be posted on the Rossman School website.

Closings/Delays

Inclement weather may result in the district decision to start late, dismiss early, or cancel classes. Official announcements concerning these will be made over KDLM (AM 1340), KRCQ (FM 102.3) radio stations in Detroit Lakes; and over WDAY (AM 970) or WDAY TV Channel 6 in Fargo. District Instant Alerts, the Facebook page and/or communication from your children's teacher may also be other avenues to obtain this information. Parents/families will be notified by the phone or email on file. Parents, please be sure the office has current and accurate contact information so messages are delivered. Weather announcements will be posted on the school district's social media accounts (Facebook/Twitter/Instagram).

Students living in rural areas must have an emergency plan with an alternate place to stay in the event weather disables bus transportation. Information regarding emergency weather placement must be recorded on the student's registration card. Children without an emergency placement plan will be kept at school if arrangements cannot be made.

Bus Transportation

Families must register for bus transportation online or by calling the District Office. Riding the bus is a privilege, and rules for conduct on school buses are listed in detail in the Activity Calendar. The school principal is responsible for determining consequences for discipline problems that arise on the school bus. Failure to abide by rules of conduct will result in disciplinary action.

Academics

Grading

Parents may follow student progress on the QMLATIV (Skyward) web-based system password protected so only you see your child's grades).

Report Cards/Progress Reports

Report cards will be used in grades K-5. Report cards will be issued at the end of each trimester for all students. Parent-Teacher conferences are held in the Fall and Spring.

Physical Education

All students K-5 have an organized physical education program. All children are expected to take part in regular physical education classes unless they have a doctor's written request if not able to participate.

Language Access Plan

Based on changes in MN state law, districts and charter schools are required to adopt a Language Access Plan that specifies the district's process and procedures to render effective language assistance to students and adults who communicate in a language other than English. This Language Access Plan must be available to the public and included in the school's handbook. Further information can be found on the Detroit Lakes Public School website: www.dlschools.net under Student Support Services - English Language Learner Services - Direct Links.

Attendance

Arrival Time

Teachers' contract day begins at 7:50 a.m. School doors open at 7:30 a.m. Students coming early must go to the cafeteria where supervision is provided. Breakfast is served beginning at 7:40 a.m. Student drop-off area: Front entrance (circle driveway) on Rossman Avenue. DO NOT drop students off in the back parking lot (East side). This area is reserved for buses only. The first bell is at 7:55 a.m.. The school day begins at 8:15 a.m.

Attendance Procedure

Philosophy

School attendance is the combined responsibility of the student, the parents, and the school. A student can readily make up missed assignments, but missed time in the classroom cannot be replaced. *For a student to realize their full learning potential, daily class attendance is of highest importance.*

Definitions

Excused Absence

Absences from school for reasons recognized by the State of Minnesota, the Detroit Lakes Public Schools, or deemed legitimate by administration of the school include: Personal illness, death or medical emergency in the immediate family, and inclement weather. Other reasons that may be approved as *excused* and are requested in advance include: medical or legal appointments, religious activities, travel, essential work at home, and family vacations. Any absence for participation in a school-sponsored activity is excused.

Unexcused Absence

Unexcused absences are those not meeting described criteria for excused absences. Common examples of unexcused absences include: oversleeping, shopping, hair appointments, missing bus, non-essential work at home, and part or full time work.

Continuing Truant

Continuing Truant is defined as: A child who is subject to the compulsory attendance laws of Minnesota Statute 120.101 and is absent from instruction in school without a valid excuse within a single school year for: (1) three days if the child is in elementary school; or (2) three or more class periods on three days if the child is in middle school, senior high school.

Procedures

Absence Reporting Procedures

Whenever possible, the parent/guardian must contact the school on the day of absence. If it is not possible to contact the school on the day of the absence, a note signed by a parent/guardian or a phone call from the parent/guardian indicating reason for absence is required upon the return of the child to school. If an absence is not reported by 10:00 AM, the Rossman Elementary office will be contacting parents to verify the student's

absence. The building administrator/or designee shall determine if the absence will be excused or unexcused. If the school does not receive a note or phone call when the child returns to school, the absence shall be classified as unexcused until a note or phone call is received. The district reserves the right to require a signed note from a doctor or other appropriate medical personnel for absences due to illness or other medical reasons. If a student has been absent due to participation in a school-sponsored activity, no note or phone call from the parent/guardian is required.

Advance Notice

The district requests that the parent/guardian notify the school in writing or phone call in advance with the reason for the absence such as dental or medical appointments. The building administrator will determine if the absence will be excused or unexcused.

Continuing Truancy

Upon classification as a continuing truant, the school attendance officer or other designated school official will notify the child's parent or legal guardian by first class mail or other reasonable means, of the following:

- 1) That the child is truant;
- 2) That the parent or guardian should notify the school if there is a valid excuse for the child's absence;
- 3) That the parent or guardian is obligated to compel the attendance of the child at school pursuant to Minnesota Statute 120.101 and parents or guardians who fail to meet this obligation may be subject to prosecution under Minnesota Statute 120A.34;
- 4) That this notification serves as notification required by Minnesota Statute 127.20;
- 5) That alternative educational programs and services may be available in the district;
- 6) That the parent or guardian has the right to meet with appropriate school personnel to discuss solutions to the child's truancy;
- 7) That if the child continues to be truant, the parent and child may be subject to juvenile court proceedings;
- 8) That if the child is subject to juvenile court proceedings, the child may be subject to suspension, restriction or delay of the child's driving privileges; and
- 9) That it is recommended that the parent or guardian accompany the child to school and attend classes with the child for one day.

A copy of this letter shall also be sent to county social services.

On the seventh unexcused absence the county attorney will be notified, requesting a petition of truancy be filed.

Tardy and Absence Guidelines

The following guidelines regarding tardies and absences have been set:

Tardy - Any student who arrives at school after 8:25 AM.

Unexcused tardy - Students coming late to school without a note or parent contact. Excessive unexcused tardies will result in disciplinary action.

Morning absence - Students coming after 8:45 AM are considered absent for the AM

Afternoon absence - Students leaving before 2:45 PM are considered absent for the PM

Make Up Work

Students absent for any reason will be required to make up work missed in each class. Teachers will encourage and assist the students in this process.

Field Trips

A yearly field trip permission slip will be filled out by all parents at the beginning of the school year. Teachers will inform parents of all trips and of any additional waivers/forms that may be necessary.

Student Drop-Off/Pick-Up

Morning drop-off areas: Rossman Ave (circle driveway) and Forest Ave (southside). Parents/Guardians are asked to drop off on the school campus curbside so students do not have to cross the street.

Pick-Up Zones have been assigned to every grade level to organize the end-of-day traffic flow around Rossman Elementary. Please obtain a copy of the Rossman Parent Pick-Up Zones on the school website or in the school office. Changes to student dismissal plans must be called into the office by 2:30 PM.

Leaving School Grounds

Students are not permitted to leave the school grounds once they have arrived at school. Parent/Guardian permission in the form of a signed/dated note or a phone call must be submitted to the school office to alert staff of a student's release from school. Parents/guardians must come to the office to sign out their children upon picking up for appointments prior to dismissal. Parents must sign the student in if the child arrives late to school. The sign in/out book is located in the office.

Withdrawal of Student from School

Parents are asked to notify the school several days prior to withdrawal to indicate their child's final day of attendance. This allows an orderly transfer of information and student records to the new school.

Behavior and Discipline

Discipline Policy

The Detroit Lakes School board is committed to promoting healthy human relationships and learning environments that are physically and psychologically safe. It further believes that students are the first priority and that no physical or emotional harm is to come to them during school activities, on school grounds, or during any school-related activity.

It is the policy of Independent School District #22 to maintain a learning and working environment that is free from threats or harmful influence of any person(s) or group(s) which exhibit and promote violence and disruptive behaviors.

All pupils who attend school in ISD #22 shall comply with the regulations established by the school administration, with the policies established by the Board of Education, and shall recognize the authority of the teachers and principals of the district's schools. District employees or agents of the district shall not engage in emotionally abusive acts including malicious shouting, ridicule, and/or threats as well as other forms of corporal punishment.

The district activity calendar contains the district wide discipline policy, sent in the mail before school starts. Parents are encouraged to review the policy with their children. Additional copies are available upon request.

Behavior Expectations

Belief Statements:

- We believe ... that an environment in which appropriate behavior is consistently and fairly expected creates a sense of security for each child which makes him/her free to learn.
- We believe ... that students can do their best learning and teachers their best teaching in an atmosphere in which appropriate behavior is expected from all.
- We believe ... in Positive Behavior Interventions and Supports (PBIS).

The Purpose of a Discipline Plan

This plan was created with the following goals in mind:

1. To develop an atmosphere in which all staff and students treat each other with respect.
2. To provide all staff and students with the necessary skills to effectively work, play, and solve problems together.
3. To consistently recognize positive choices made by students and staff.
4. To provide consistent, structured consequences when students do not utilize good decision making skills on the playground.
5. The purpose of any consequence is to assist the student in making better behavior choices in the future.

Discipline Plan

Rossman implements school-wide *Positive Behavior and Intervention Support (PBIS)*. PBIS is a systems approach to explicit teaching and reinforcing positive school and classroom behaviors. Through PBIS, Rossman has developed school-wide expectations to teach, model, and promote positive behavior in all students. PBIS helps to create and maintain a safe learning environment for all staff and students.

Rossman PBIS Expectations for ALL Students: Kind, Safe, Ready. Behavior expectations, teaching, and support focus on decision making, responsibility, and respect toward self and others under the themes of Kind, Safe, Ready. Appropriate behavior choices are praised and further supported through discussions, reteaching, modeling, and redirecting students.

If a student exhibits behaviors that are not aligned with the established expectations, often the first step is to use the situation as an opportunity to re-teach and model the expected behavior. Students who are not exhibiting expected behaviors will likely have a conversation with a staff member. Behavior redirection and support will be applied to meet the individual need of the student and the specific situation.

Consequences for behavior, beyond reteaching expectations, are at the discretion of the building principal and in alignment with district policies and state statutes.

Parent involvement in disciplining and/or cooperating with the consequences of misbehavior is extremely valuable to school staff, and, more importantly, to the child. It is best for the student when school and home work together to come to a resolution, understand the antecedent to the inappropriate behavior, and reteach/model expectations. We believe that every child can take responsibility for their choices and deserves an opportunity to learn and continue to grow – both academically and behaviorally.

Money/Valuables/Personal Property

Electronics, toys, jewelry, and large sums of money should not be brought to school. The school is not responsible for money, toys, electronic devices, or phones lost or damaged at school. If items are lost, they are the responsibility of the student, not the teacher or school.

Cell Phones/Smart Watches

Student cell phones and smart watches are not permitted during the school day. Cell phones and smart watches must be put away upon entrance to the building and stored until after the dismissal bell. Parents and guardians must contact the Rossman office with messages or communication with their students and students' teachers. Cell phones, smart watches, or other electronic devices that are used in violation of this guideline may be removed from the student's possession until the end of the school day.

Bicycles/Skateboards/Roller Blades/Scooters

Children who ride bicycles to school as a necessary means of transportation are not allowed to ride on the school grounds during the school day. Note: the school will not be responsible for bicycle security. It is recommended that bikes be parked and locked in the bike rack on the south entrance of the building.

Searches of Lockers, Desks, Personal Possessions and Person

In an effort to provide a safe and healthful educational experience for students, the School District reserves the right to search school lockers, desks, the personal possessions of students and a student's person. School lockers and desks are the property of the school district and, at no time, does the school district relinquish its exclusive control of lockers and desks that are provided for the convenience of students. Inspection of lockers and desks may be conducted by school officials for any reason at any time, without notice, without student consent, and without a search warrant.

The personal possessions of students and/or a student's person (including, but not limited to purses, backpacks, book bags, packages and clothing) may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law or school rules. The search will be reasonable in its scope and intrusiveness.

The school district may use contraband-sniffing animals through law enforcement or private certified contractors to conduct a general search of the hallways adjacent to student lockers, common areas, gym areas and parking lots. School administration may also request a limited number of classrooms be checked according to the administrator's choice of a random selection system.

Chemical Use/Abuse Policy

The following statement of philosophy relating to chemical use and/or abuse was adopted by the Board of Education for School District #22 on June 20, 1983. For further information, interpretation or assistance, contact the District Chemical Dependency Counselor at 847-4491, or the building principal.

Statement of Philosophy

The Board of Education of Independent School District #22 endorses a chemical policy and set of procedures predicated upon the following beliefs:

1. A positive relationship exists between successful school experiences and sound physical, mental, social, and emotional health.

2. It is the responsibility of the staff and administration of School District #22 to maintain an atmosphere that will promote quality learning and provide an effective response system to conditions which threaten the atmosphere.
3. The misuse of any mood-altering chemical constitutes a hazard to the learning environment and the positive development of all students.
4. A K-12 educational program, including an awareness of chemical use and dependency as well as the provision of support services for early misuse may assist in preventing chemical dependency.
5. Chemical dependency is a treatable illness; early identification and intervention is conducive to successful treatment.
6. The harmfully involved and chemically dependent cannot always help themselves by themselves. Opportunity for assistance shall be provided to students and their families in obtaining appropriate service.
7. If treatment becomes necessary outside the school setting, every effort must be exerted to affect a successful continuation in/or re-entry into the school system.

Tobacco

Possession and use of all tobacco products is prohibited on K-12 school district property and at school-sponsored activities off school property within district boundaries. This includes school buildings, grounds, and school-owned vehicles. Please refer to District Policy 419 for detailed information.

Appropriate Dress

Students should come to school ready for a variety of weather conditions. Unless special permission has been granted, students will not wear caps/hats, bandanas, or face-coverings during school hours within the building. Students will not be permitted to wear clothing with tobacco or alcohol advertising on it, or any other content that may be deemed inappropriate and disruptive to the learning environment. Because of health and safety factors, all students MUST wear shoes while attending school. Tennis shoes are required for PE classes. "Wheelie" shoes are prohibited (roller wheels in the heel).

Hazing Policy

Hazing is an act committed against a person, or coercion of a person into committing an act, that creates a substantial risk of harm to a person, in order for the person to be initiated into or affiliated with an organization, or for any other purpose. Hazing activities of any type are inconsistent with the educational goals of the school district and are prohibited at all times.

This is a summary of policy 526. A complete copy of the hazing policy is available from any school or the district office.

Bullying Prohibition

POLICY 514: BULLYING PROHIBITION POLICY

[Note: School districts are required by statute to have a policy addressing bullying. The following is a summary of DLPS Policy 514. The policy in its entirety can be found on the district website.]

I. PURPOSE A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with students' ability to learn and/or teachers' ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying

between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior

II. GENERAL STATEMENT OF POLICY

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school premises, on school district property, at school functions or activities, or on school transportation. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student, other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyber-bullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources.
- B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
- C. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.
- D. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
- E. False accusations or reports of bullying against another student are prohibited.
- F. A student who engages in an act of bullying, reprisal, retaliation, or knowingly making a false report of bullying shall be subject to discipline or other remedial responses for that act in accordance with school district's policies and procedures, including the school district's discipline policy (See Policy 506). A teacher, administrator, volunteer, contractor, or other employee of the school district who permits, condones, or tolerates bullying or engages in an act of reprisal, retaliation, or knowingly making a false reporting of bullying shall be subject to disciplinary action.

REPORTING PROCEDURE

- A. Any student who believes he or she has been the target or victim of bullying or should report the alleged acts as soon as possible but in no event longer than one school day to an appropriate school district official designated by this policy. Any teacher, administrator, volunteer, contractor, or other employee of the school district with knowledge or belief of conduct that may constitute bullying or prohibited conduct under this policy shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report bullying anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.
- B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available in the school district office, but oral reports shall be considered complaints as well.
- C. The building principal, the principal's designee, or the building supervisor (hereinafter "building report taker") is the person responsible for receiving reports of bullying or other prohibited conduct at the building level. Any person may report bullying or other prohibited conduct directly to a school district human rights officer or the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant. The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. The building report taker or a third party designated by the school district shall be responsible for the investigation. The building report taker shall provide information about available community resources to the target or victim of the bullying or other prohibited conduct, the perpetrator, and other affected individuals as appropriate.
- D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who witnesses,

observes, receives a report of, or has other knowledge or belief of conduct that may constitute bullying or other prohibited conduct shall make reasonable efforts to address and resolve the bullying or prohibited conduct and shall inform the building report taker as soon as possible but in no event longer than one school day. School district personnel who fail to inform the building report taker of conduct that may constitute bullying or other prohibited conduct or who fail to make reasonable efforts to address and resolve the bullying or prohibited conduct in a timely manner may be subject to disciplinary action.

E. Reports of bullying or other prohibited conduct are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of bullying and the record of any resulting investigation.

F. Submission of a good faith complaint or report of bullying or other prohibited conduct will not affect the complainant's or reporter's future employment, grades, or work assignments, or educational or work environment.

G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

MALICIOUS and SADISTIC CONDUCT

"Malicious and sadistic conduct" is defined as conduct that creates a hostile learning environment by acting with the intent to cause harm and injury without just cause or reason or engaging in extreme or excessive cruelty or delighting in cruelty

Malicious and sadistic conduct involving race, color, creed, national origin, sex, age, marital status with regard to public assistance, disability, religion, sexual harassment, and sexual orientation and gender identity as defined in Minnesota Statutes, chapter 363A, is prohibited. This prohibition applies to students, independent contractors, teachers, administrators, and other school personnel.

Health, Security, Safety

Wellness Policy

Policy # 533 – WELLNESS/NUTRITION POLICY OF THE SCHOOL DISTRICT. The purpose of this policy is to assure a school environment that enhances student attendance and academic performance by supporting healthy eating and physical activity.

Illness/Medications

If a child is in school and doesn't feel well, they will be sent to the Health Office to visit the Health Assistant. The following symptoms of illness will result in the child being sent home: Fever, vomiting, diarrhea, live head lice, impetigo, pink eye, chicken pox, measles, and any other infectious disease. Complaints of stomachaches and headaches will be treated in the following manner: The child will be allowed to rest in the sick bay area of the health office. If symptoms improve, the student will be sent back to class. If symptoms do not improve, parents will be notified to come and pick up the child.

MEDICATION ADMINISTRATION

Students must have a statement signed by physician and parent, with medication named, directions for administration and an authorization for school personnel to administer the medicine. The form is available in the Main Office and should be returned to the school along with the medication in an originally labeled bottle from the pharmacy that issued the medication. Prescription medication must be kept in the health office and will be distributed under the supervision of a health assistant or certified staff member.

The school staff cannot administer over the counter medications unless the parent provides the health office with the medicine in its original container and signed permission slip. Students are not allowed to carry any medicine (prescription or over-the-counter) on them. All medication is to be kept in the health office at all times. Parents must keep current contact and emergency information on file with the health and school offices.

OVERDOSE MEDICATION

Effective July 1, 2023, Minnesota law requires a school district or charter school to:

1. Maintain a supply of opiate antagonists at each school site
2. Have two doses of nasal naloxone available on-site

Immunizations

The State of Minnesota has a policy that all students must be protected against Rubella (German measles), Rubella (red measles), diphtheria, tetanus, pertussis (whooping cough), polio, mumps, and Hepatitis B before starting school unless there is a religious exemption. Students not protected must be, by law, excluded from school. Parents of children not in compliance with immunization requirements will be contacted.

Parent/Student Rights in Identification (Sec. 504)

Section 504 is an Act which prohibits discrimination against persons with disability in any program or activity that receives or benefits from Federal Financial assistance. The Act defines a person with a disability as anyone whom:

1. has a physical or mental impairment which substantially limits one or more major life activities including activities such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.
2. has a record of such an impairment; or
3. is regarded as having such an impairment.

(34 Code of Federal Regulations Part 104.3)

In order to fulfill its obligations under Section 504, the Detroit Lakes School District #22 recognizes a responsibility to avoid discrimination in policies and practices regarding its personnel and learners. No discrimination against any person with a disability will be permitted in any of the programs and practices in the school system.

The school district has specific responsibilities under the Act, which include the responsibility to identify, evaluate, and if the child is determined to be eligible under Section 504, provide access to appropriate education services.

If the parent or guardian disagrees with the determination made by the professional staff of the school district, he/she has a right to a hearing with an impartial hearing officer.

The Family Educational Rights and Privacy Action (FERPA) also specifies rights related to educational records. The Act gives the parent or guardian the right to: 1) inspect and review his/her child's educational records; 2) make copies of these records; 3) receive a list of all individuals having access to those records; 4) ask for an explanation of any item in the records; 5) ask for amendment to any report on the grounds that it is inaccurate, misleading, or violates the child's rights; and 6) a hearing on the issue if the school refuses to make the amendment.

If there are any questions, please feel free to contact 504 Coordinator for the school district, at 847-9271 or the building principal.

Emergencies/Illness/Injuries

Unfortunately, children may get sick or injured at school from time to time. It is very important that an emergency contact is on file in the office in the event parents cannot be reached. If no one with authority to seek medical attention can be contacted, the school will act in the best interest of the child.

Weapons

Detroit Lakes Schools and their grounds are a weapons-free zone. Students in possession of a weapon will be disciplined. (Policy #501)

Safety Drills

The Detroit Lakes School District ensures the safest and most secure environment possible for students and staff. As part of this practice, all of our schools have adopted policies for a variety of emergency situations. Students will be taught how to appropriately respond in an emergency or crisis.

Lockdown drills are mandated by Minnesota State Law and will be practiced a certain number of times per year. Teachers will go through the steps with the students and help to answer any questions they may have. There are two types of lockdowns:

CODE YELLOW is a Shelter-In-Place modified lockdown that keeps students secured in rooms and suspends regular school functions but still allows teachers to have classes and assigns some staff members to alternate duties. A Code Yellow may be used for a variety of situations and there is no reason to panic. Students not already in classrooms should report to their homeroom or the nearest classroom promptly.

CODE RED is a Lockdown Emergency where all students and staff must take shelter in a room immediately. It is a potentially unstable and dangerous situation that will stop all school functions and involve law enforcement officers. A Code Red involves moving students and staff to the nearest safe place right away. Students and staff outside the building will go to the school evacuation point and wait there for further direction.

Background Checks

Employment and services criminal history background checks -

The school district has adopted a policy that promotes the physical, social and psychological well-being of its students. Pursuant to this policy, the school district shall seek criminal history background checks for all individuals who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district. These positions include, but are not limited to, all athletic coaches, extracurricular academic coaches, assistants and advisors. The school district may also elect to seek criminal history background checks for other volunteers, independent contractors, and student employees.

5. Your right to privacy will be respected as much as possible.
6. We take all reports of sexual, racial, or religious harassment or violence seriously and will take timely and appropriate action based on the report.
7. The School District will also take action if anyone tries to intimidate you or take action to harm you because you have made a report.
8. This is a summary of the policy prohibiting sexual, racial, and religious harassment and violence of Independent School District #22. If you would like a copy of the complete policy, have questions or would like further clarification, please contact the District Human Rights Officer at 847-9271 or your building administrator.

Insurance

The district does not carry insurance on students. Parents, however, have the opportunity to take out insurance at group rates. Information will be sent home early in the school year. If you do not have family insurance, you may wish to consider enrolling your children. Contact the school office with questions.

Water Quality

The Detroit Lakes School District follows the recommendations of the Minnesota Department of Health's "Lead Contamination Control in School Drinking Water Guidance Manual." The Detroit Lakes School District completed lead in water testing of all potable water sources during the 2021-2022 school years. The Detroit Lakes School District followed Minnesota Department of Health's protocol in the reduction of any water sources found to be above action levels of lead. There are no known sources of water above the recommended action level for lead. Testing will be completed every 5 years. The results of testing are available upon request.

Food Service

School Meals Program

Students are allowed one free breakfast and one free lunch per day. More information on MDE Free School Meals Program: <https://education.mn.gov/MDE/dse/FNS/SNP/free/>
Students may choose to bring lunch from home. Milk may be purchased by the student who brings a cold lunch from home. *Please refrain from sending soda/pop in student lunches - it is against federal lunch regulations to have pop in the lunchroom during lunch hours. Also, we continue to encourage our students to make healthy choices.

All families are asked to fill out the 2025-26 Educational Benefits Form. Children in households participating in the Supplemental Nutrition Assistance Program (SNAP), MN Family Investment Program (MFIP), or Food Distribution Program on Indian Reservations (FDPIR) and foster, homeless, migrant and runaway children can qualify without reporting household income.

Students have the option to participate in the MILK/JUICE BREAK program; participation is purely optional. Parents may pay for half a year in September and again in January. There will be NO refund and students must select milk or juice. Students will not be permitted to buy daily. Payments can be made through QMLATIV/Skyward (the student information system) is a family-based system. Money will be deposited into and deducted from a family account. If a family has more than one child in the district, money for lunch has to only be sent to school with one child, and will be deposited in your family account.

General Information

Conferences

Parent/teacher conferences are scheduled on the school calendar two times each school year. In addition to this, other individual conferences may be scheduled as needed. Parents are encouraged to contact the school at any time they have a concern.

Change of Information

Parents must keep the school office informed of changes of address, phone number, and emergency information. It is extremely important that we are able to contact parents in the event of illness or other emergencies.

Lost and Found

Lost articles found at school are kept in a location for students or parents to reclaim. Please mark student's items with first and last names to help us find the owner. Please stop in periodically to check for lost articles. At the end of each month all lost and found items will be donated to a local charity.

Parent Volunteers

Rossman Elementary welcomes participation and involvement of parents and community members in school activities and functions. Parents and community members who wish to volunteer are asked to contact the school office or their child's teacher.

Pest Control

Detroit Lakes Public School personnel may apply pest control materials inside buildings or on school grounds as necessary. Pest control materials are requested by the US Environmental Protection Agency (EPA) and are selected and applied according to label directions. The long-term health effects on children from the application of such pest control materials, or the class of materials to which they belong, may not be fully understood.

An estimated schedule of interior pest control inspections and possible treatments is available for review or copying at the district office located at 702 Lake Ave. Parents of students may request to receive, at their expense, prior notification of any application of a pest control material, should an application be deemed necessary on a day different from the days specified in the schedule.

Pets

Due to many student allergies, along with safety concerns, pets are typically not allowed in the school building for show-and-tell.

PTO - Parent Teacher Organization

Rossman PTO is a vibrant and involved organization. Every family with a child at Rossman is considered a member. There is no membership fee. The PTO of Rossman Elementary strives to create a caring partnership between students, family, school and community. To get more information about the PTO, please contact the Rossman Elementary School office. PTO meeting dates will be published in the Rossman Report.

Pledge of Allegiance

Minnesota Statute 121A.11 requires schools to recite the Pledge of Allegiance to the Flag of the United States of America one or more times per week. Anyone who does not wish to participate in reciting the Pledge of Allegiance for any personal reasons may elect not to do so, and this choice is respected by all students and staff.

Recess

Students will play outdoors on school playgrounds before school and before/after lunch on most days. Students need to dress according to weather conditions. Suggested winter wear for children during cold weather months include: warm coat, hat, mittens, snow pants, and winter boots. All children are expected to go out for recess

when the weather temperature or wind chill temperature is at or above -10 degrees. Noon supervisors oversee lunch and recess activities in the cafeteria, hallways, and on the playground.

Student Promotion, Retention, and Placement

School District #22 Board of Education, administration, and the teaching staff believe that promotion, retention, and placement of students must permit flexibility and recognize individual differences. Factors such as academic achievement, student performance, social and emotional needs, and a student's special education Individual Education Plan (IEP) are considered. Efforts will be made to identify the special needs and talents of students early in their school careers so that an appropriate placement can be made. The final decision as to promotion, retention, or placement will be made by the principal after consultation and review of recommendations from teachers, parents and other resource personnel. The complete copy of this policy can be obtained at the school or district office.

Title IX Policy

It is the policy of the Board of Education of School District #22 not to discriminate on the basis of sex in its educational programs, activities, or employment policies as required by Title IX of the 1972 Education Amendments. Inquiries regarding compliance with Title IX may be directed to the Title IX coordinator, at 702 Lake Avenue, Detroit Lakes, (218-847-9271), or to the Director of the Office for Civil Rights, Department of Health and Welfare, Washington, D.C.

Visitors

Parents interested in visiting their child's class school during regular classroom hours must prearrange the visit with the classroom teacher. Children are not permitted to visit school unless accompanied by an adult or pre-arrangements have been made with the teacher or the building administrator.

The building is locked during the school day. All visitors will check in the office upon entrance to the building to visit or to check a child out for appointments. A "Visitor" badge must be obtained upon sign-in worn AT ALL TIMES while visiting the building.

Opt Out Form for MCA Testing

A copy of the opt out form is available in the office.

Distribution of Non School Sponsored Materials

The purpose of policy 505 is to protect the exercise of students' and employees' free speech rights, taking into consideration the educational objectives and responsibilities of the school district.

The school district recognizes that students and employees have the right to express themselves on school property. This protection includes the right to distribute, at a reasonable time and place and in a reasonable manner, non school-sponsored material. To protect First Amendment rights, while at the same time preserving the integrity of the educational objectives and responsibilities of the school district, the school board has adopted regulations and procedures regarding distribution of non-school-sponsored material on school property and at school activities.

This is a summary statement of Policy 505. A complete copy of the policy is available at any school or the district administration center.

Technology

Acceptable Use Policy

All Detroit Lakes Public School buildings have access to the Internet. The school district has adopted an acceptable use policy for staff and students concerning Internet usage. In addition, the district takes steps to prohibit access by students to inappropriate materials on the Internet. An acceptable use form must be signed by student and parent before a student is allowed access to the Internet. A copy of the entire acceptable use policy is available at any school or the district office.

School Web Page

Rossman School Web page can be accessed at www.dlschools.net. Please notify the school office to share feedback or information that should be on the website.

Statewide Computer Reporting System

All Minnesota school districts are part of a statewide computer reporting system which uses the student social security number to record information about your child. This information is in turn provided to the Minnesota Department of Children, Families and Learning. This Department is required by law to collect and store information about each pupil, each staff member, and each educational program. Therefore, we ask that you, the parent, provide your child's social security number although you are not legally required to do so.

This information is used to determine how much money your school district receives from the state and federal government, to judge the quality of the state's educational programs, to improve instruction, to follow trends in student enrollment, and to track student participation in various programs.

The school district will use all social security numbers currently collected unless a parent and/or student withdraws that permission. If you choose to withdraw that permission, please notify the school your child presently attends.

Surveillance Equipment

Rossman Elementary uses video cameras for surveillance on school property including, but not limited to, halls, cafeterias, gymnasiums, and parking areas. Video cameras will not be used for classroom surveillance unless the principal and classroom teacher consent to the surveillance. Video cameras will not be used at a time or location that would violate a student's reasonable expectation of privacy including, but not limited to, locker rooms and bathrooms.

Parent/Guardian Responsibility

Parents will be notified that their students will be using school district resources/accounts to access the Internet and that the school district will provide parents the option to request alternative activities not requiring Internet access. This notification should include:

1. Instructions for where to obtain a copy of the Student/Parent Alternative To Internet Use Request Form for those parents requesting alternative activities not requiring Internet access.
2. A description of parent/guardian responsibilities.
3. A notification that the parents have the option to request alternative educational activities not requiring Internet access and how to exercise this option.
4. A statement that the school district's acceptable use policy is available for parental review.

Newsletter

Our electronic newsletter, *Roosevelt Revelations*, will be sent out weekly to inform families about upcoming events. Your attention to this is appreciated. The newsletter will also be posted on the Roosevelt School website. Please contact the school office if you are not receiving it after September 15, 2025, and we will add you to the mailing list.

Closings/Delays

Inclement weather may result in the district decision to start late, dismiss early, implement a flex learning day, or cancel classes. Official announcements concerning these will be made over KDLM (AM 1340), KRCQ (FM 102.3) radio stations in Detroit Lakes; and over WDAY (AM 970) or WDAY TV Channel 6 in Fargo. District Instant Alerts, the Facebook page and/or communication from your children's teacher may also be other avenues to obtain this information. Parents/families will be notified by the phone or email on file. Parents, please be sure the office has current and accurate contact information so messages are delivered. Weather announcements will be posted on the school district's social media accounts (Facebook/Twitter/Instagram).

Students living in rural areas must have an emergency plan with an alternate place to stay in the event weather disables bus transportation. Information regarding emergency weather placement must be recorded on the student's registration card. Children without an emergency placement plan will be kept at school if arrangements cannot be made.

Bus Transportation

Transportation for students will be provided either by Schultz Bus Company (847-9266), Olander Bus Company (847-7533), or district buses (847-9271). To view bus assignment procedures, visit the school district website (www.dlschools.net). Rules for conduct on school buses are listed in detail in the Activity Calendar. The school principal is responsible for determining consequences for discipline problems that arise on the school bus. Failure to abide by rules of conduct will result in disciplinary action. The maintenance of the discipline policy as established by the School Board will be carried out by the bus driver.

Academics

Grading

Parents may follow student progress on the QMLATIV (Skyward) web-based system password protected so only you see your child's grades.

Report Cards/Progress Reports

Report cards will be used in grades K-5. Report cards will be issued at the end of each trimester for all students. Parent-Teacher conferences are held in the Fall and Spring.

Physical Education

All students K-5 have an organized physical education program. All children are expected to take part in regular physical education classes unless they have a doctor's written request if not able to participate.

Attendance

Arrival Time

Elementary teachers begin each day at 7:50 a.m. The school day begins at 8:15 a.m. School doors open at 7:30 a.m. Students coming early must stay in the cafeteria. Breakfast is served beginning at 7:40 a.m. **Students should be dropped off in the SOUTH parent parking lot ONLY.** DO NOT drop students off in the upper parking lot (West side of building). This area is reserved for staff and buses only. Please follow this for your child's safety.

Attendance Procedure

Philosophy

School attendance is the combined responsibility of the student, the parents, and the school. A student can readily make up missed assignments, but missed time in the classroom cannot be replaced. *For a student to realize their full learning potential, daily class attendance is of highest importance.*

Definitions

Excused Absence

Absences from school for reasons recognized by the State of Minnesota, the Detroit Lakes Public Schools, or deemed legitimate by administration of the school include: Personal illness, death or medical emergency in the immediate family, and inclement weather. Other reasons that may be approved as excused and are requested in advance include: medical or legal appointments, religious activities, travel, essential work at home, and family vacations. Any absence for participation in a school-sponsored activity is excused.

Unexcused Absence

Unexcused absences are those not meeting described criteria for excused absences. Common examples of unexcused absences include: oversleeping, shopping, hair appointments, missing bus, non-essential work at home, and part or full time work.

Continuing Truant

Continuing Truant is defined as: A child who is subject to the compulsory attendance laws of Minnesota Statute 120.101 and is absent from instruction in school without a valid excuse within a single school year for: (1) three days if the child is in elementary school; or (2) three or more class periods on three days if the child is in middle school, senior high school.

Procedures

Absence Reporting Procedures

Whenever possible, the parent/guardian must contact the school on the day of absence. If it is not possible to contact the school on the day of the absence, a note signed by a parent/guardian or a phone call from the parent/guardian indicating reason for absence is required upon the return of the child to school. If an absence is not reported by 10:00 AM, the Roosevelt Elementary office will be contacting parents to verify the student's absence. The building administrator/or designee shall determine if the absence will be excused or unexcused. If the school does not receive a note or phone call when the child returns to school, the absence shall be classified as unexcused until a note or phone call is received. The district reserves the right to require a signed note from a doctor or other appropriate medical personnel for absences due to illness or other medical reasons. If a student has been absent due to participation in a school-sponsored activity, no note or phone call from the parent/guardian is required.

Advance Notice

The district requests that the parent/guardian notify the school in writing or phone call in advance with the reason for the absence such as dental or medical appointments. The building administrator will determine if the absence will be excused or unexcused.

Continuing Truancy

Upon classification as a continuing truant, the school attendance officer or other designated school official will notify the child's parent or legal guardian by first class mail or other reasonable means, of the following:

- 1) That the child is truant;
- 2) That the parent or guardian should notify the school if there is a valid excuse for the child's absence;
- 3) That the parent or guardian is obligated to compel the attendance of the child at school pursuant to Minnesota Statute 120.101 and parents or guardians who fail to meet this obligation may be subject to prosecution under Minnesota Statute 120A.34;
- 4) That this notification serves as notification required by Minnesota Statute 127.20;
- 5) That alternative educational programs and services may be available in the district;
- 6) That the parent or guardian has the right to meet with appropriate school personnel to discuss solutions to the child's truancy;
- 7) That if the child continues to be truant, the parent and child may be subject to juvenile court proceedings;
- 8) That if the child is subject to juvenile court proceedings, the child may be subject to suspension, restriction or delay of the child's driving privileges; and
- 9) That it is recommended that the parent or guardian accompany the child to school and attend classes with the child for one day.

A copy of this letter shall also be sent to county social services.

On the seventh unexcused absence the county attorney will be notified, requesting a petition of truancy be filed.

Tardy and Absence Guidelines

The following guidelines regarding tardiness and absences have been set:

Tardy - Any student who arrives at school after the 8:20 AM bell.

Unexcused tardy - Students coming late to school without a note or parent contact. Excessive unexcused tardies will result in disciplinary action.

Morning absence - Students coming after 9:00 AM are considered absent for the AM

Afternoon absence - Students leaving before 2:00 PM are considered absent for the PM

Make Up Work

Students absent for any reason will be required to make up work missed in each class. Teachers will encourage and assist the students in this process.

Field Trips

A yearly field trip permission slip will be filled out by all parents at the beginning of the school year. Teachers will inform parents of all trips and of any additional waivers/forms that may be necessary.

Student Drop-Off/Pick-Up

Pick-Up & Drop Off Areas: 11th Ave Entrance ONLY. (South Parent Parking Lot and vehicle loop.)

Parents/Guardians are asked to drop children off **curbside** so students do not have to cross the street.

Leaving School Grounds

Children will not be permitted to leave the school grounds once they have arrived at school unless the teachers and office personnel have a *signed and dated note from home granting permission or a phone call from the parent/guardian*.

Parents must come to the office to sign out their children upon picking up for appointments prior to dismissal. Parents must sign the student in if the child arrives late to school. The sign in/out book is located in the office.

Withdrawal of Student from School

Parents are asked to notify the school several days prior to withdrawal to indicate their child's final day of attendance. This allows an orderly transfer of information and student records to the new school.

Behavior and Discipline

Discipline Policy

The Detroit Lakes School board is committed to promoting healthy human relationships and learning environments that are physically and psychologically safe. It further believes that students are the first priority and that no physical or emotional harm is to come to them during school activities, on school grounds, or during any school-related activity.

It is the policy of Independent School District #22 to maintain a learning and working environment that is free from threats or harmful influence of any person(s) or group(s) which exhibit and promote violence and disruptive behaviors.

All pupils who attend school in ISD #22 shall comply with the regulations established by the school administration, with the policies established by the Board of Education, and shall recognize the authority of the teachers and principals of the district's schools. District employees or agents of the district shall not Intro in emotionally abusive acts including malicious shouting, ridicule, and/or threats as well as other forms of corporal punishment.

The district activity calendar contains the district wide discipline policy, sent in the mail before school starts. Parents are encouraged to review the policy with their children. Additional copies are available upon request.

Behavior Expectations

Belief Statements:

- We believe ... that an environment in which appropriate behavior is consistently and fairly expected creates a sense of security for each child which makes him/her free to learn.
- We believe ... that students can do their best learning and teachers their best teaching in an atmosphere in which appropriate behavior is expected from all.
- We believe ... in Positive Behavior Interventions and Supports (PBIS).

The Purpose of a Discipline Plan

This plan was created with the following goals in mind:

1. To develop an atmosphere in which all staff and students treat each other with respect.
2. To provide all staff and students with the necessary skills to effectively work, play, and solve problems together.
3. To consistently recognize positive choices made by students and staff.
4. To provide consistent, structured consequences when students do not utilize good decision making skills on the playground.
5. The purpose of any consequence is to assist the student in making better behavior choices in the future.

The Discipline Plan

Roosevelt implements school-wide ***Positive Behavior and Intervention Support (PBIS)***. PBIS is a systems approach to teaching and reinforcing positive school and classroom behaviors. Through PBIS, Roosevelt has developed school-wide expectations to teach, model, and promote positive behavior in all students. PBIS helps to create and maintain a safe learning environment for all staff and students.

Roosevelt PBIS Expectations for ALL Students: **Kind, Safe, Ready**. Behavior expectations, teaching, and support focus on decision making, responsibility, and respect toward self and others under the themes of Kind, Safe, Ready. Appropriate behavior choices are praised and further supported through discussions, reteaching, modeling, and redirecting students.

If a student exhibits behaviors that are not aligned with the established expectations, often the first step is to use the situation as an opportunity to re-teach and model the expected behavior. Students who are not exhibiting expected behaviors will likely have a conversation with a staff member. Behavior redirection and support will be applied to meet the individual need of the student and the specific situation.

Consequences for behavior, beyond reteaching expectations, are at the discretion of the building principal and in alignment with district policies and state statutes.

Parent involvement in disciplining and/or cooperating with the consequences of misbehavior is extremely valuable to school staff, and, more importantly, to the child. It is best for the student when school and home work together to find a resolution, understand the conditions that may result in the behavior, and reteach/model expectations. We believe that every child can take responsibility for their choices and deserves an opportunity to learn and continue to grow – both academically and behaviorally.

Money/Valuables/Personal Property

Electronics, toys, jewelry, and large sums of money should not be brought to school. The school is not responsible for money, toys, electronic devices, or phones lost or damaged at school. If items are lost, they are the responsibility of the student, not the teacher or school.

Cell Phones/Smart Watches

Student cell phones and smart watches are not permitted during the school day. Cell phones and smart watches must be put away upon entrance to the building and stored until after the dismissal bell. Parents and guardians must contact the Roosevelt office with messages or communication with their students and students' teachers. Cell phones, smart watches, or other electronic devices that are used in violation of this guideline may be removed from the student's possession until the end of the school day.

Bicycles/Skateboards/Roller Blades/Scooters

Children who ride bicycles to school as a necessary means of transportation are not allowed to ride on the school grounds during the school day. Note: the school will not be responsible for their security and recommend that they be parked and locked in the bike rack on the south entrance of the building.

Searches of Lockers, Desks, Personal Possessions and Person

In an effort to provide a safe and healthful educational experience for students, the School District reserves the right to search school lockers, desks, the personal possessions of students and a student's person. School lockers and desks are the property of the school district and, at no time, does the school district relinquish its exclusive control of lockers and desks that are provided for the convenience of students. Inspection of lockers and desks may be conducted by school officials for any reason at any time, without notice, without student consent, and without a search warrant.

The personal possessions of students and/or a student's person (including, but not limited to purses, backpacks, book bags, packages and clothing) may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law or school rules. The search will be reasonable in its scope and intrusiveness.

The school district may use contraband-sniffing animals through law enforcement or private certified contractors to conduct a general search of the hallways adjacent to student lockers, common areas, gym areas and parking lots. School administration may also request a limited number of classrooms be checked according to the administrator's choice of a random selection system.

Chemical Use/Abuse Policy

The following statement of philosophy relating to chemical use and/or abuse was adopted by the Board of Education for School District #22 on June 20, 1983. For further information, interpretation or assistance, contact the District Chemical Dependency Counselor at 847-4491, or the building principal.

Statement of Philosophy

The Board of Education of Independent School District #22 endorses a chemical policy and set of procedures predicated upon the following beliefs:

1. A positive relationship exists between successful school experiences and sound physical, mental, social, and emotional health.
2. It is the responsibility of the staff and administration of School District #22 to maintain an atmosphere that will promote quality learning and provide an effective response system to conditions which threaten the atmosphere.
3. The misuse of any mood-altering chemical constitutes a hazard to the learning environment and the positive development of all students.
4. A K-12 educational program, including an awareness of chemical use and dependency as well as the provision of support services for early misuse may assist in preventing chemical dependency.

5. Chemical dependency is a treatable illness; early identification and intervention is conducive to successful treatment.
6. The harmfully involved and chemically dependent cannot always help themselves by themselves. Opportunity for assistance shall be provided to students and their families in obtaining appropriate service.
7. If treatment becomes necessary outside the school setting, every effort must be exerted to affect a successful continuation in/or re-entry into the school system.

Tobacco

Possession and use of all tobacco products is prohibited on K-12 school district property and at school-sponsored activities off school property within district boundaries. This includes school buildings, grounds, and school-owned vehicles. Please refer to District Policy 419 for details.

Appropriate Dress

Students should come to school ready for a variety of weather conditions. Unless special permission has been granted, students will not be permitted to wear caps/hats, bandanas, etc. during school hours within the building. Students will not be permitted to wear clothing with tobacco or alcohol advertising on it, or any other content that may be deemed inappropriate and disruptive to the learning environment. Shirts and tops should not allow for a student's midriff to be visible. Because of health and safety factors, all students **MUST** wear shoes while attending school. Tennis shoes are required for PE classes. "Wheelie" shoes are prohibited (roller wheels in the heel). If students are in violation of this policy, parents will be notified and called to make arrangements for different clothing. If parents can not be reached, an alternative clothing option, offered by the school, will be offered to the student.

Hazing Policy

Hazing is an act committed against a person, or coercion of a person into committing an act, that creates a substantial risk of harm to a person, in order for the person to be initiated into or affiliated with an organization, or for any other purpose. Hazing activities of any type are inconsistent with the educational goals of the school district and are prohibited at all times.

This is a summary of policy 526. A complete copy of the hazing policy is available from any school or the district office.

Bullying Prohibition

POLICY 514: BULLYING PROHIBITION POLICY

[Note: School districts are required by statute to have a policy addressing bullying. The following is a summary of DLPS Policy 514. The policy in its entirety can be found on the district website.]

I. **PURPOSE** A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that

interferes with students' ability to learn and/or teachers' ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior

II. GENERAL STATEMENT OF POLICY

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school premises, on school district property, at school functions or activities, or on school transportation. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student, other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyber-bullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources.
- B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
- C. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.
- D. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
- E. False accusations or reports of bullying against another student are prohibited.
- F. A student who engages in an act of bullying, reprisal, retaliation, or knowingly making a false report of bullying shall be subject to discipline or other remedial responses for that act in accordance with school district's policies and procedures, including the school district's discipline policy (See Policy 506). A teacher, administrator, volunteer, contractor, or other employee of the school district who permits, condones, or tolerates bullying or engages in an act of reprisal, retaliation, or knowingly making a false reporting of bullying shall be subject to disciplinary action.

REPORTING PROCEDURE

- A. Any student who believes he or she has been the target or victim of bullying or should report the alleged acts as soon as possible but in no event longer than one school day to an appropriate school district official designated by this policy. Any teacher, administrator, volunteer, contractor, or other employee of the school district with knowledge or belief of conduct that may constitute bullying or prohibited conduct under this policy shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report bullying anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.
- B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available in the school district office, but oral reports shall be considered complaints as well.
- C. The building principal, the principal's designee, or the building supervisor (hereinafter "building report taker") is the person responsible for receiving reports of bullying or other prohibited conduct at the building level. Any person may report bullying or other prohibited conduct directly to a school district human rights officer or the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly

with the superintendent or the school district human rights officer by the reporting party or complainant. The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. The building report taker or a third party designated by the school district shall be responsible for the investigation. The building report taker shall provide information about available community resources to the target or victim of the bullying or other prohibited conduct, the perpetrator, and other affected individuals as appropriate.

D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute bullying or other prohibited conduct shall make reasonable efforts to address and resolve the bullying or prohibited conduct and shall inform the building report taker as soon as possible but in no event longer than one school day. School district personnel who fail to inform the building report taker of conduct that may constitute bullying or other prohibited conduct or who fail to make reasonable efforts to address and resolve the bullying or prohibited conduct in a timely manner may be subject to disciplinary action.

E. Reports of bullying or other prohibited conduct are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of bullying and the record of any resulting investigation.

F. Submission of a good faith complaint or report of bullying or other prohibited conduct will not affect the complainant's or reporter's future employment, grades, or work assignments, or educational or work environment.

G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

MALICIOUS and SADISTIC CONDUCT

"Malicious and sadistic conduct" is defined as conduct that creates a hostile learning environment by acting with the intent to cause harm and injury without just cause or reason or engaging in extreme or excessive cruelty or delighting in cruelty

Malicious and sadistic conduct involving race, color, creed, national origin, sex, age, marital status with regard to public assistance, disability, religion, sexual harassment, and sexual orientation and gender identity as defined in Minnesota Statutes, chapter 363A, is prohibited. This prohibition applies to students, independent contractors, teachers, administrators, and other school personnel.

Health, Security, Safety

Wellness Policy

Policy # 533 – WELLNESS/NUTRITION POLICY OF THE SCHOOL DISTRICT. The purpose of this policy is to assure a school environment that enhances student attendance and academic performance by supporting healthy eating and physical activity.

Illness/Medications

If a child is in school and doesn't feel well, they will be sent to the Health Office to visit the Health Assistant. The following symptoms of illness will result in the child being sent home: Fever, vomiting, diarrhea, head lice, impetigo, pink eye, chicken pox, measles, and any other infectious disease. Complaints of stomachaches and headaches will be treated in the following manner: The child will be allowed to rest in the sick bay area of the health office. If symptoms improve, the student will be sent back to class. If symptoms do not improve, parents will be notified to come and pick up the child.

MEDICATION ADMINISTRATION

Students must have a statement signed by physician and parent, with medication named, directions for administration and an authorization for school personnel to administer the medicine. The form is available in the Main Office and should be returned to the school along with the medication in an originally labeled bottle from the pharmacy that issued the medication. Prescription medication must be kept in the health office and will be distributed under the supervision of a health assistant or certified staff member.

The school staff cannot administer over the counter medications unless the parent provides the health office with the medicine in its original container and signed permission slip. Students are not allowed to carry any medicine on them. Any medication is to be kept in the health office at all times.

Parents must keep current contact and emergency information on file with the health and school offices.

OVERDOSE MEDICATION

Effective July 1, 2023, Minnesota law requires a school district or charter school to:

1. Maintain a supply of opiate antagonists at each school site
2. Have two doses of nasal naloxone available on-site

Immunizations

The State of Minnesota has a policy that all students must be protected against Rubella (German measles), Rubella (red measles), diphtheria, tetanus, pertussis (whooping cough), polio, mumps, and Hepatitis B before starting school unless there is a religious exemption. Students not protected must be, by law, excluded from school. Parents of children not in compliance with immunization requirements will be contacted.

Parent/Student Rights in Identification (Sec. 504)

Section 504 is an Act which prohibits discrimination against persons with disability in any program or activity that receives or benefits from Federal Financial assistance. The Act defines a person with a disability as anyone whom:

1. has a physical or mental impairment which substantially limits one or more major life activities including activities such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.
2. has a record of such an impairment; or
3. is regarded as having such an impairment.

(34 Code of Federal Regulations Part 104.3)

In order to fulfill its obligations under Section 504, the Detroit Lakes School District #22 recognizes a responsibility to avoid discrimination in policies and practices regarding its personnel and learners. No discrimination against any person with a disability will be permitted in any of the programs and practices in the school system.

The school district has specific responsibilities under the Act, which include the responsibility to identify, evaluate, and if the child is determined to be eligible under Section 504, provide access to appropriate education services.

If the parent or guardian disagrees with the determination made by the professional staff of the school district, he/she has a right to a hearing with an impartial hearing officer.

The Family Educational Rights and Privacy Act (FERPA) also specifies rights related to educational records. The Act gives the parent or guardian the right to: 1) inspect and review his/her child's educational records; 2) make copies of these records; 3) receive a list of all individuals having access to those records; 4) ask for an explanation of any item in the records; 5) ask for amendment to any report on the grounds that it is inaccurate, misleading, or violates the child's rights; and 6) a hearing on the issue if the school refuses to make the amendment.

If there are any questions, please feel free to contact 504 Coordinator for the school district, at 847-9271 or the building principal.

Emergencies/Illness/Injuries

Unfortunately, children may get sick or injured at school from time to time. It is very important that an emergency contact is on file in the office in the event parents cannot be reached. If no one with authority to seek medical attention can be contacted, the school will act in the best interest of the child.

Weapons

Detroit Lakes Schools and their grounds are a weapons-free zone. Students in possession of a weapon will be disciplined. (Policy #501)

Safety Drills

The Detroit Lakes School District ensures the safest and most secure environment possible for students and staff. As part of this practice, all of our schools have adopted policies for a variety of emergency situations. Students will be taught how to appropriately respond in an emergency or crisis.

Lockdown drills are mandated by Minnesota State Law and will be practiced a certain number of times per year. Teachers will go through the steps with the students and help to answer any questions they may have. There are two types of lockdowns:

CODE YELLOW is a Shelter-In-Place modified lockdown that keeps students secured in rooms and suspends regular school functions but still allows teachers to have classes and assigns some staff members to alternate duties. A Code Yellow may be used for a variety of situations and there is no reason to panic. Students not already in classrooms should report to their homeroom or the nearest classroom promptly.

CODE RED is a Lockdown Emergency where all students and staff must take shelter in a room immediately. It is a potentially unstable and dangerous situation that will stop all school functions and involve law enforcement officers. A Code Red involves moving students and staff to the nearest safe place right away. Students and staff outside the building will go to the school evacuation point and wait there for further direction.

Background Checks

Employment and services criminal history background checks -

The school district has adopted a policy that promotes the physical, social and psychological well-being of its students. Pursuant to this policy, the school district shall seek criminal history background checks for all individuals who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district. These positions include, but are not limited to, all athletic coaches, extracurricular academic coaches, assistants and advisors. The school district may also elect to seek criminal history background checks for other volunteers, independent contractors, and student employees.

4. You may also make a written report using your own paper or the district report form available in the principal's office, School District office, or the office of the Human Rights Officer. It should be given to the teacher, counselor, social worker, principal, or the District Human Rights Officer.
5. Your right to privacy will be respected as much as possible.
6. We take all reports of sexual, racial, or religious harassment or violence seriously and will take timely and appropriate action based on the report.
7. The School District will also take action if anyone tries to intimidate you or take action to harm you because you have made a report.
8. This is a summary of the policy prohibiting sexual, racial, and religious harassment and violence of Independent School District #22. If you would like a copy of the complete policy, have questions or would like further clarification, please contact the District Human Rights Officer at 847-9271 or your building administrator.

The district does not carry insurance on students. Parents, however, have the opportunity to take out insurance at group rates. Information will be sent home early in the school year. If you do not have family insurance, you may wish to consider enrolling your children. Contact the school office with questions.

Food Service

2025-26 School Meals Program

Students are allowed one free breakfast and one free lunch per day. More information on MDE Free School Meals Program: <https://education.mn.gov/MDE/dse/FNS/SNP/free/>

Students may choose to bring lunch from home. Milk may be purchased by a student who brings a cold lunch from home. This charge will be made to their school lunch account.

*Please refrain from sending soda/pop in student lunches - it is against federal lunch regulations to have pop in the lunchroom during lunch hours. Also, we continue to encourage our students to make healthy choices.

All families are asked to fill out the 2025-26 Educational Benefits Form. Children in households participating in the Supplemental Nutrition Assistance Program (SNAP), MN Family Investment Program (MFIP), or Food Distribution Program on Indian Reservations (FDPIR) and foster, homeless, migrant and runaway children can qualify without reporting household income.

Students have the option to participate in the MILK/JUICE BREAK program; participation is purely optional. Parents may pay for half a year in September and again in January. There will be NO refund and students must select milk or juice. Students will not be permitted to buy daily. Payments can be made through QMLATIV/Skyward (the student information system) is a family-based system. Money will be deposited into and deducted from a family account. If a family has more than one child in the district, money for lunch has to only be sent to school with one child, and will be deposited in your family account.

General Information

Conferences

Parent/teacher conferences are scheduled on the school calendar each school year. In addition to this, other individual conferences may be scheduled as needed. Parents are encouraged to contact their child's teacher at any time they have a concern.

Change of Information

Parents must keep the school office informed of changes of address, phone number, and emergency information. It is extremely important that we are able to contact parents in the event of illness or other emergencies.

Lost and Found

Lost articles found at school are kept in a location for students or parents to reclaim. Please mark student's items with first and last names to help us find the owner. Please stop in periodically to check for lost articles. At the end of each month all lost and found items will be donated to a local charity.

Parent Volunteers

Roosevelt Elementary greatly benefits from the participation and involvement of parents and community members in school activities and functions. Parents wishing to volunteer at school are asked to contact the school office or their child's teacher.

Pest Control

Detroit Lakes Public School personnel may apply pest control materials inside buildings or on school grounds as necessary. Pest control materials are requested by the US Environmental Protection Agency (EPA) and are selected and applied according to label directions. The long-term health effects on children from the application of such pest control materials, or the class of materials to which they belong, may not be fully understood.

An estimated schedule of interior pest control inspections and possible treatments is available for review or copying at the district office located at 702 Lake Ave. Parents of students may request to receive, at their expense, prior notification of any application of a pest control material, should an application be deemed necessary on a day different from the days specified in the schedule.

Pets

Due to many student allergies, along with safety concerns, pets are typically not allowed in the school building.

PTO - Parent Teacher Organization

Roosevelt PTO is a vibrant and involved organization. Every family with a child at Roosevelt is considered a member. There is no membership fee. The PTO of Roosevelt Elementary strives to create a caring partnership between students, family, school and community. To get more information about the PTO, please contact the Roosevelt Elementary School office. PTO meeting dates will be published in the Roosevelt Revelations e-newsletter.

Pledge of Allegiance

Minnesota Statute 121A.11 requires schools to recite the Pledge of Allegiance to the Flag of the United States of America one or more times per week. Anyone who does not wish to participate in reciting the Pledge of

Allegiance for any personal reasons may elect not to do so, and this choice is respected by all students and staff. Roosevelt students recite the Pledge daily.

Recess

Students will play outdoors on school playgrounds before school and before/after lunch on most days. Students need to dress according to weather conditions. Suggested winter wear for children during cold weather months include: warm coat, hat, mittens, snow pants, and winter boots. All children are expected to go out for recess when the weather temperature or wind chill temperature is at or above -5 degrees. Noon supervisors oversee lunch and recess activities in the cafeteria, hallways, and on the playground.

Student Promotion, Retention, and Placement

School District #22 Board of Education, administration, and the teaching staff believe that promotion, retention, and placement of students must permit flexibility and recognize individual differences. Factors such as academic achievement, student performance, social and emotional needs, and a student's special education Individual Education Plan (IEP) are considered. Efforts will be made to identify the special needs and talents of students early in their school careers so that an appropriate placement can be made. The final decision as to promotion, retention, or placement will be made by the principal after consultation and review of recommendations from teachers, parents and other resource personnel. The complete copy of this policy can be obtained at the school or district office.

Title IX Policy

It is the policy of the Board of Education of School District #22 not to discriminate on the basis of sex in its educational programs, activities, or employment policies as required by Title IX of the 1972 Education Amendments. Inquiries regarding compliance with Title IX may be directed to the Title IX coordinator, at 702 Lake Avenue, Detroit Lakes, (218-847-9271), or to the Director of the Office for Civil Rights, Department of Health and Welfare, Washington, D.C.

Visitors

Parents interested in visiting their child's class school during regular classroom hours must prearrange the visit with the classroom teacher. Children are not permitted to visit school unless accompanied by an adult or pre-arrangements have been made with the teacher or the building administrator.

The building is locked during the school day. All visitors will check in the office upon entrance to the building to visit or to check a child out for appointments. A "Visitor" badge must be obtained upon sign-in worn AT ALL TIMES while visiting the building.

Opt Out Form for MCA Testing

A copy of the opt out form is available via email or in the office.

Distribution of Non School Sponsored Materials

The purpose of policy 505 is to protect the exercise of students' and employees' free speech rights, taking into consideration the educational objectives and responsibilities of the school district.

The school district recognizes that students and employees have the right to express themselves on school property. This protection includes the right to distribute, at a reasonable time and place and in a reasonable manner, non school-sponsored material. To protect First Amendment rights, while at the same time preserving the integrity of the educational objectives and responsibilities of the school district, the school board has adopted regulations and procedures regarding distribution of non-school-sponsored material on school property and at school activities.

This is a summary statement of Policy 505. A complete copy of the policy is available at any school or the district administration center.

Technology

Acceptable Use Policy

All Detroit Lakes Public School buildings have access to the Internet. The school district has adopted an acceptable use policy for staff and students concerning Internet usage. In addition, the district takes steps to prohibit access by students to inappropriate materials on the Internet. An acceptable use form must be signed by student and parent before a student is allowed access to the Internet. A copy of the entire acceptable use policy is available at any school or the district office.

School Web Page

Roosevelt School Web page can be accessed at www.rv.dlschools.net. Please notify the school office to share feedback or information that should be on the website.

Statewide Computer Reporting System

All Minnesota school districts are part of a statewide computer reporting system which uses the student social security number to record information about your child. This information is in turn provided to the Minnesota Department of Children, Families and Learning. This Department is required by law to collect and store information about each pupil, each staff member, and each educational program. Therefore, we ask that you, the parent, provide your child's social security number although you are not legally required to do so.

This information is used to determine how much money your school district receives from the state and federal government, to judge the quality of the state's educational programs, to improve instruction, to follow trends in student enrollment, and to track student participation in various programs.

The school district will use all social security numbers currently collected unless a parent and/or student withdraws that permission. If you choose to withdraw that permission, please notify the school your child presently attends.

Surveillance Equipment

To help ensure the safety of students and staff, Roosevelt Elementary uses video cameras for surveillance on school property including, but not limited to, halls, cafeterias, gymnasiums, and parking areas. Video cameras will not be used for classroom surveillance unless the principal and classroom teacher consent to the surveillance. Video cameras will not be used at a time or location that would violate a student's reasonable expectation of privacy including, but not limited to, a locker room, bathroom, or another area where a student may disrobe.

Parents Responsibility

Parents will be notified that their students will be using school district resources/accounts to access the Internet and that the school district will provide parents the option to request alternative activities not requiring Internet access. This notification should include:

1. Instructions for where to obtain a copy of the Student/Parent Alternative To Internet Use Request Form for those parents requesting alternative activities not requiring Internet access.
2. A description of parent/guardian responsibilities.
3. A notification that the parents have the option to request alternative educational activities not requiring Internet access and how to exercise this option.
4. A statement that the school district's acceptable use policy is available for parental review.

LEARNER GOALS

The goal of the Detroit Lakes Middle School is to improve the skill level of all students, particularly in the state assessed skill areas of reading, math and science.

- Reading/Math/Science– During the 2025-2026 school year, 100% of the students will demonstrate appropriate growth and achievement in reading, mathematics and science from 2024-2025 as measured by the Minnesota Comprehensive Assessments (MCA) and Star Assessment reports.

SCHOOL DAY AND SCHOOL HOURS

The school day will begin at 8:20 a.m. All students will be expected to remain in the commons area until 7:55 a.m unless they are receiving assistance with schoolwork from a staff member or need to be in the Library/Media Center. Afternoon dismissal is at 3:30 p.m. Students working with staff members or those participating in a club or activity are welcome in the building under staff supervision. All other students are expected to leave the building as soon as possible after the 3:30 dismissal time. Students who must remain in the building while waiting to be picked up must remain in the lower commons by the south door or by north doors in the upper commons.

All students will report to their Primetime rooms at 8:20 each day. The only bells that will be used will be at 8:15 a.m., 8:20 a.m., lunch bells, and 3:30 p.m. There will be an approximate 28-minute lunch period for each grade.

ATTENDANCE

School attendance is the combined responsibility of the student, the parents, and the school. A student can readily make up missed assignments, but missed class time cannot be replaced. Therefore, for a student to realize their full learning potential, daily class attendance is important.

Students are expected to:

- Attend school for all days of the established school calendar.
- Appear in class on time, prepared for academic endeavors.
- When absent, contact teachers upon return to plan for makeup work.
- Complete work as assigned by the teacher when an advanced make-up slip is presented for a planned absence.
- For advanced make-up slips, go to the office, have teachers sign the form and return it to the office.

An excused absence is an absence from school for reasons recognized by the State of Minnesota, the Detroit Lakes Public School or those deemed legitimate by the administration of the school. The State of Minnesota recognizes the following reasons for absences: personal illness, death or medical emergency in the immediate family, and inclement weather. Other reasons that could be acknowledged as excused are those that are requested in advance such as medical or legal appointments, religious activities, travel, essential work at home and family vacations. Any absence for participation in a school-sponsored activity shall be considered an excused absence.

An unexcused absence is an absence from school without a valid excuse. Common examples of unexcused absences include: oversleeping, shopping, hair appointments, missing the bus, non-essential work at home, and part or full time work.

Whenever possible, the school should be contacted between 7:45 a.m. and 9:00 a.m. on the day of the absence. If it is not possible to call the school between those hours you can call and leave a message on the voice mail. If it is not possible to contact the school on the day of the absence, a note signed by a

parent/guardian or a phone call from the parent/guardian indicating the reason for the absence is required upon the return of the child to school. The principal/assistant principal shall determine if the absence will be excused or unexcused. If the school does not receive a note or phone call when the child returns to school, the absence will be classified as unexcused until a note or phone call is received. The district reserves the right to require a signed note from a doctor or other appropriate medical personnel for absences due to illness or other medical reasons. Students' attendance of sibling school programs must be accompanied by a parent. Attendance of programs by "friends" at school performances is prohibited.

A child who is subject to the compulsory attendance laws and is absent from instruction in our middle school for three or more class periods on three days without a valid excuse will be classified as a continuing truant. If this happens the assistant principal will notify the child's parent/guardian by phone or mail. On the seventh unexcused absence, the county attorney will be notified, requesting a petition of truancy be filed.

GRADING

Student grades are standards based on a five point (0-4) proficiency scale. The grade on the 7th and 8th grade report card will be the standard based proficiency level average achieved. Sixth grade report cards will be by standard and no averaging or grade point average will be tabulated. In general, a grade must reflect an accurate measure of each student's level of achievement pertaining to established local, state, or national standards and the essential learning outcomes related to those standards. The standards based proficiency scale is as follows:

Description

Exemplary 3.4-4.0	Student performance demonstrates thorough mastery and exceeds learning expectations by completing all requirements in a manner considered exemplary.
Meets Standards 2.60-3.39	Student performance demonstrates mastery of course standards that meet established proficiency criteria.
Partially Meets Standards 2.0-2.59	Student performance demonstrates incomplete mastery of course standards but meets some criteria relating to essential learning.
Does Not Meet 1.0-1.99	Student performance demonstrates incomplete and inadequate mastery of essential standards.
No Evidence 0.0-0.99	Student performance indicates no achievement after all remediation efforts.

SCHOLASTIC ELIGIBILITY

Eligibility requirements shall be those set forth by the MSHSL, as well as, the following:

- B. Students must make satisfactory progress in school to be eligible. Academic status will be reviewed by Core Teams periodically beginning the fourth week of the school year. Any student receiving notice of failing or incomplete grades will be ineligible to participate in extra-curricular activities until satisfactory progress has been shown by the student and verified by the Core Team. Eligibility will be determined by the DLMS Administration.

Students involved in behavioral referrals or incidents may be removed from extra-curricular activities at the discretion of the building administration.

While we have no formalized dress code at Detroit Lakes Middle School, we expect that students wear clothing that is appropriate to wear in the school setting, for weather conditions and in good taste. There are some guidelines that students need to follow:

- Caps, bandanas, hoods, or any other head covering will not be worn in the school from 8:20-3:30.
- Clothing with alcoholic, gang related or other inappropriate slogans will not be allowed.

Parents will be notified of a violation. The student will call home to make arrangements to change clothing. If parents cannot be reached, an alternate clothing option, provided by the school, will be offered to the student. When in doubt about what to wear, use common sense and/or ask a staff member for an opinion. These standards for proper attire also apply for school sponsored activities.

AREA LEARNING CENTER

This program has been created to help students having difficulties achieving success in traditional mainstream courses realize success in a different learning environment. The academics support the traditional mainstream courses using differentiated learning and instruction, a multiple intelligence assignment base, utilizing the community as a learning tool, and a hands-on approach in smaller classes with more individualized instruction. If necessary, students will be taught reading and math strategies using their course curriculum as the content used for teaching the strategies.

BICYCLES, ROLLERBLADES, SKATEBOARDS

If bicycles are ridden to school, they must be kept in the bicycle racks located on the south side of the Middle School or in front of Roosevelt School. Bicycles should be locked at all times. Students are not to ride their bicycles once the students arrive at school.

Rollerblades and/or skateboards are not to be used during the school day. If they are brought to school they need to be stored in the student's locker until the end of the day.

BULLETINS/ANNOUNCEMENTS

A weekly bulletin will be put out typically on Thursday of each week for the following week. The bulletin will contain a list of scheduled events and announcements. Items for the weekly bulletin should be emailed or in writing and in the principal's office by 4:00 p.m. on Wednesday the week preceding the announcement.

The intercom will be used to make daily announcements and emergency announcements.

BUS TRANSPORTATION

Bus transportation is provided by district buses (847-9271), Olander Bus Company (847-7533), and Schultz Bus Company (847-9266).

School bus riders may be subject to electronic surveillance on school buses. The conversations and actions of school bus riders may be recorded on videotape. These videotapes may be made accessible to person(s) appearing on the videotape. School District employees whose work assignments reasonably require access to the information on the videotape, and any other person or entity authorized by law to have access to the information including, but not limited to, law enforcement agencies. The rules for conduct on school buses are listed in the District Activity Calendar.

The school principal, or his designee, is responsible for dealing with discipline problems on the school bus. Failure to abide by the bus rules will result in disciplinary action. The maintenance of the discipline policy, as established by the School Board, will be carried out by the bus driver.

BUS LOADING PROCEDURES

1. Students who ride the buses which load in the north bus lane must wait inside or in front of the Middle School until your bus arrives. You are not to wait on the sidewalk by the Roosevelt School or inside the Roosevelt School.
2. Students must walk on the sidewalk when leaving the Middle School.
3. All middle school students must wait for elementary students to load before getting in line for the bus.
4. Students waiting for buses in front of the Middle School are to line up in an orderly manner at least three feet from the curb and wait for the bus to come to a complete stop before moving forward.

CELLULAR PHONES/PERSONAL ELECTRONIC DEVICES

DLMS is not responsible for cell phones and other personal electronic devices brought to school. The complete personal electronic device policy is at the end of this document.

DIRECTORY INFORMATION

In accordance with FERPA, School Board Policy #515 and Minnesota State Statute DLMS protects the privacy of pupil records using the following standards.

A. Student contact information

Under Minnesota law, a school district may not designate a student's home address, telephone number, email address, or other personal contact information as "directory information."

B. Parent contact information

The 2025 Minnesota legislature enacted the following: A parent's personal contact information must be treated as private data on individuals regardless of whether that contact information was previously designated as or treated as directory information under Minnesota Statutes, section 13.32, subdivision 2.

In addition, the 2025 Minnesota legislature enacted the following: Data concerning parents is private data on individuals but may be treated as directory information if the same procedures that are used

by a school district to designate student data as directory information are followed, except that a parent's home address, telephone number, email address, or other personal contact information may not be treated as directory information.

The federal FERPA definition of "directory information" states: "Directory information" means information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. It includes the student's name; address; telephone listing; electronic mail address; photograph; date and place of birth; major field of study; dates of attendance; grade level; enrollment status (i.e., full-time or part-time); participation in officially recognized activities and sports; weight and height of members of athletic teams; degrees, honors and awards received; and the most recent educational agency or institution attended. It also includes the name, address, and telephone number of the student's parent(s).

Directory information *does not* include:

- a. a student's social security number
- b. a student's identification number (ID), user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems if the identifier may be used to access education records without use of one or more factors that authenticate the student's identity such as a personal identification number (PIN), password, or other factor known or possessed only by the authorized user;
- c. a student ID or other unique personal identifier that is displayed on a student ID badge if the identifier can be used to gain access to educational records when used in conjunction with one or more factors that authenticate the student's identity, such as a PIN, password, or other factor known or possessed only by the student;
- d. personally identifiable data which references religion, race, color, social position, or nationality; or
- e. data collected from nonpublic school students, other than those who receive shared time educational services, unless written consent is given by the student's parent or guardian.

A complete copy of Policy #515 is available at any school, the district administration center, or the school website located at <https://meetings.boardbook.org/Public/Organization/2364>

DROPPING COURSES

Any students wanting to drop a course must do so within the first four days of the school year. The drop must be approved by the parent, administration, and counselor.

EMERGENCY PROCEDURES

A continuous buzzing of the alarm signals Fire Drills. When you hear the fire alarm, leave the building immediately through the nearest exit. Follow the teacher's instructions. Do not take books with you. Do not go to your locker for a jacket, even in winter. Exit routes are posted in each classroom. Teachers will explain the procedure during the first day of classes. Remain outside the building until you hear the signal to return to classes.

Tornado drills are signaled by an announcement over the intercom system. Go to your designated area and sit on the floor. Follow all teacher instructions.

ENGLISH LANGUAGE LEARNER SERVICES

Programming information for English Language Learner Services can be found at:
<https://www.dlschools.net/departments/student-support-services/english-language-learner-services>

FEES

Public education in Minnesota is free to all students who are residents. However, fees may be charged under the following circumstances:

- A project in Art, Family and Consumer Science, Ind. Technology or some other course that is in excess of material requirements of the minimum course outline, provided the student elects to do such a project with the approval of the instructor.
- Cost of school equipment or material destroyed or broken or unduly damaged through carelessness, failure to follow instructions or vandalism, in the amount necessary to restore the item involved to service.
- Rental charges on school owned musical instruments, if the student is using the instrument.
- Cost of field trips, which are available from time to time, but not required as a part of the course, should the student choose to participate in the field trip.
- Admission fees for concerts, plays, athletic events, and other programs or activities, which the student may attend at their option.

Students are required to furnish their own paper, pencils, pens, notebooks, sketch pads, phy. ed. clothing and shoes, and other items of personal equipment.

COUNSELING/STUDENT SERVICES

The Middle School has two full-time counselors. Counseling services are available for every student in school. These services include assistance with academic concerns, study help, help with home, school and/or social concerns, or any questions the student may feel he/she would like to discuss with the counselor. Students and parents can contact the counselors at any time.

HOMEWORK

Purpose:

Homework contributes toward building responsibility, self-discipline and lifelong learning habits. It is the intention of the Detroit Lakes Middle School staff to assign relevant, challenging, and meaningful homework assignments that reinforce classroom learning objectives. Homework should provide students with the opportunity to apply information they have learned, and complete unfinished class assignments.

Homework Types:

- Practice exercises to follow classroom instruction.
- Preview assignments to prepare for subsequent lessons.
- Extension assignments transfer new skills or concepts to new situations.
- Creative activities to integrate many skills toward the production of a response or product.

Student Absence:

Students who miss school because of an absence are expected to collect all of their homework and catch up on their assignments. It is the student's responsibility to get work missed due to an illness or absence. Students

that miss class because of an activity are expected to collect their homework before the day of the activity and have their assignments completed for the next day.

Responsibilities of Students:

- Keep track of assignments/activities utilizing your device.
- Ask teachers for help when you don't understand an assignment.
- Make sure all assignments are of QUALITY work and completed on time.
- Use Directed Study to help make up work, get help from teachers or work on homework.
- Remember to get work before an activity and make up work after an absence.

Responsibility of Parents:

- Set a regular, uninterrupted study time each day in a well-lit, quiet area.
- Check your child's PLANNER daily
- Regularly access Skyward to help monitor your child's progress.
- Use the DLMS web site to check weekly homework assignments.
- Help your student work to find the answers, not just get it done.
- Be aware your child can make arrangements to get extra help from his/her teachers before school 8:00-8:20 and after school 3:30-4:00.
- Contact teachers to stay well informed about your child's progress.

Responsibility of Teachers:

- Provide appropriate, quality instructional input and make sure students understand the material before assigning homework.
- When relevant, assign meaningful homework that reinforces classroom learning.
- Check and review homework with students and provide immediate feedback.
- Be available to help students who are having trouble with an assignment.
- Communicate with other teachers and resource staff.
- Inform parents when a pattern of late or incomplete work develops.

We ask that parents help us with the homework issue. While students may say, "I have none," or "I will do it in Directed Study," home study time should still be maintained by studying for upcoming assessments or reading. All students have access to technology that allows them to access teacher resources and information and to keep a calendar of events/assignments.

ILLNESS/INJURIES DURING SCHOOL DAY

In case of sudden illness or accident during the school day, students should report to the nurse's office or main office if the nurse is not there. The parents will be called to pick the student up if needed. Office personnel must talk to one of the parents before that student will be allowed to sign out.

IMMUNIZATIONS

State law requires all students attending public school to have a complete history of all required immunizations or a copy of a legal exemption form on file at school. You will need to prove a record of these or notarized exemption from on or before the first day of school. If we do not have these records on file, your child may be denied attendance in school until such records are in compliance.

Before entering 7th grade, students are required to have a Tdap booster (tetanus-diphtheria-pertussis) and the Meningococcal vaccine in addition to previously required vaccinations.

LIBRARY/MEDIA CENTER

Your Library is your information place. Computers, photography, videotapes, CD disks, books, magazines, newspapers, TV studio, drawing room, and many other components make up the housing, locating and using of information. It is a fun place with much to do. However, it is a place where the rights of others to concentrate and study quietly must be maintained. Responsible behavior will be required at all times. The Library/Media Center will be open before school, during the lunch period and after school for student use as well as during the day.

LOCKERS

School lockers are the property of the school district. At no time does the school relinquish its exclusive control of lockers provided for the convenience of students. Inspection of the interior of lockers may be conducted by school authorities for any reason at any time, without notice, without student consent and without a search warrant. The personal possessions of students within a school locker may be searched only when school authorities have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student's personal possessions, school authorities must provide notice of the search to the students whose lockers were searched unless disclosure would impede an ongoing investigation by police or school officials. The School District may use canine detection services to conduct a general search of the Middle School hallways adjacent to student lockers. If the dog(s) indicate that contraband is located in a locker, the interior of the locker and the items inside the locker will be searched.

Lockers should be used to house your textbooks and other school materials when they are not in use, and other personal belongings. You will be assigned a locker at the beginning of the year and will be expected to use that locker for the entire school year unless assigned another locker by the Principal or Assistant Principal. It is important that you not share your locker combination with any other students. Students are responsible at all times for their personal property. You will be expected to keep your locker clean during the school year.

LOST AND FOUND

Lost and found articles that are turned in will be in the office or the rack in the south foyer. If you have lost an item, check in the foyer or office. Lost and found materials are typically taken to the Boys and Girls Club Thrift Store several times a year.

LUNCH PROGRAM

The options the students have for lunch each day are: regular hot lunch, salads, choice line, or bringing their own lunch. School lunches and breakfast are again free this school year. Ala Carte items are priced on an individual basis.

Each student will have a keypad number for the computer in the kitchen area when they receive their lunch. Each lunch is recorded to the family lunch account. There must be funds in the student's account for the student to eat ala Carte. Statements will be available from the school office to any parent who requests them. Lunch payments can be made by the week, by the month, or by whatever method parents feel comfortable with. Students can bring in lunch money before school each day or during the lunch period on the first school day.

each week. Parents or guardians may have the remaining money left in their student's account at the end of the year carried over to the next school year.

Information on free and reduced price lunches has been mailed to all homes in the district. If you were missed for any reason, this information is available in the school office throughout the school year. If you are eligible for free or reduced meals, you must fill out the application each year and return it to the office. Free and reduced lunch applications must be in by October 1 to continue in the program. The free and reduced lunch program applies only to the basic meal. Any additional items purchased are the responsibility of the family.

There will be three lunch periods. Each will be 28 minutes long. The lunch tables will be set up in the south part of the lower Commons. Students are expected to return their trays and eating utensils to the designated area. Each student is expected to pick up the table area where they were sitting and eating. Students are expected to walk to lunch and line up in an orderly manner. After students finish their lunch, they are expected to remain in the commons area by the office or go outside. Students who go home for lunch must sign out in the office. Parents who pick their student(s) up for lunch must sign them out in the office. It is expected that these students will be back at school for the start of the class period immediately after the 28 minute lunch period.

MEDICATION PROCEDURES

All medication must be kept in the nurse's office and dispensed by office personnel. A written request from the parent or guardian for medication must be on record at the school before any medication can be dispensed.

OFFICE

The office is the business center of the school. Students having business in the office should let the office personnel know what they need as soon as they get to the office. Students who need to get copies made, either for themselves or for a teacher, must check with office personnel. No students should go directly to the workroom. If students are sent to the office for disciplinary reasons, they should let the office personnel know this, then sit down quietly and wait to see the principal or assistant principal. Parents and other visitors to the school should register in the office for security reasons.

PHYSICAL EXAMS

Athletic physicals are required for all students in 7th grade and new 8th grade students before being allowed to participate in athletics. Physical exam forms are available at the clinic/service provider office. Students should make their own appointments for physicals and try to avoid scheduling them during the school day.

PLEDGE OF ALLEGIANCE

The Pledge of Allegiance will be recited in accordance with District #22 guidelines, traditionally the first day of the week.

POP, CANDY, GUM

There is to be no pop or candy consumed in instructional areas by students during the school day (8:20 – 3:30), unless it is a special day or under circumstances that would allow it. These special days or circumstances need to be cleared through the office. Outside groups or individuals who sell candy as a fund-raising effort are not to sell during the school day. Gum chewing in the classroom is at the discretion of the individual teacher.

POSTERS AND SIGNS

Before any kind of poster or sign is put up in the halls or commons, it must be approved by the Administration. Posters that are permitted are those relating to school activities, activities of other district and neighboring schools, church activities, or civic service groups.

PROHIBITED MATERIALS

Students should bring only necessary materials to school. All other materials are considered unnecessary and a potential distraction to the instructional program.

The following are some, but not all, of the items which students should not have at school: rubber bands and paper wedges, boom boxes, digital music devices, headphones, video games, squirt guns, water balloons, toys of any kind, permanent markers, matches, lighters, throwing stars, nunchucks, harpoons, fortnite weapons, tridents, light sabers, laser devices, incendiary devices, silly string, menacing jewelry, super glue, spray cans of any kind, dangerous objects, valuable objects, and firecrackers. If it becomes necessary to conduct a search for contraband material to ensure the safety of student(s) and the maintenance of an appropriate academic atmosphere, it will be done in accordance with the school policy. The school is not responsible for confiscated prohibited materials and is not obligated to investigate thefts or missing prohibited materials. Possession of prohibited materials may result in disciplinary action that may include detention and/or suspension.

STUDENT ASSEMBLIES

Student assemblies are held to provide information to students or for student entertainment. Students are expected to be well behaved and act in a respectful manner at all times. Any student that does not cooperate will not be allowed to attend future programs.

SCHOOL CLOSINGS/WEATHER

Inclement weather may result in a decision to start late, dismiss early or cancel classes for the entire day. Official announcements concerning these will be made over [KDLM\(AM1340\)](#), [KRCQ\(FM102.3\)](#) in Detroit Lakes; and [WDAY\(AM 970\)](#) or [WDAY TV Channel 6](#) in Fargo and via the [Instant Alert system](#).

STUDENT COUNCIL

The Student Council will be a student leadership organization and has permission to recommend student activity days with administrative approval. Students wishing to participate will be allowed to sign up for the student council. Students participating in the student council will be expected to maintain their academic standing. Members of the student council will be expected to participate in meetings, learn about leadership and attend a school board meeting, city council meeting and county commissioners meeting during the school year. Volunteerism will be an integral part of the student council. The student council will usually meet on a monthly basis, and special meetings may be called when there is a need for such meetings.

STUDENT PROMOTION CRITERIA

Students in grades 6-8 are promoted to the next grade level by making satisfactory progress on the standards in the core classes of English/Reading, Math, Science, and Social Studies.

Students who do not make satisfactory progress in three of their four core classes may repeat the entire grade unless they attend summer school programming.

Students who do not make satisfactory progress in one or two of their core classes can use the following options:

- a. *Summer school*
- b. *Independent study during the summer.*

The parents or guardians of students not passing core classes will be contacted to review possible options.

Students must complete the required Middle School curriculum and be recommended to enter the high school program by the Middle School Principal.

STUDENT SIGN-IN/SIGN-OUT

Students who arrive at school after the school day begins must sign in at the office stating the reason for being late and the time.

Students who leave the building during the day must sign out in the office. If students leave for a scheduled appointment, they must have an out-of-building pass. To receive this pass, they must have a note from their parents/guardian or parents/guardian must call in prior to the time. It is best if this can be taken care of before school on the day of the appointment. When students are ready to leave the building, they must sign out in the office giving the reason for signing out and the time. If students return to the building on the same day, they must sign in at the office when they return.

STUDENT TECHNOLOGY

Students will be issued technology devices this year (Chromebooks). They are responsible for their technology and the appropriate use thereof. Students will sign appropriate use agreements. Personal electronic devices (cellular/smart phone, mp3 players, etc.) are not allowed during the school day. Personal devices must be off, secured, and essentially invisible during the school day. DLMS and ISD #22 are not responsible for personal electronic devices. School and district policy prohibits video/audio recording of students/staff without their consent and approval of school officials.

SURVEILLANCE EQUIPMENT

To help ensure the safety of students and staff, Detroit Lakes Middle School uses video cameras for surveillance on school property including, but not limited to, halls, auditoriums, cafeterias, gymnasiums, and parking areas. Video cameras will not be used for classroom surveillance unless the principal of the school and the teacher of the classroom consent to the surveillance.

Video cameras will not be used at a time or location that would violate a student's reasonable expectation of privacy including, but not limited to, a locker room, lavatory, or another area where a student may disrobe.

TARDY POLICY

A primary responsibility of our students is to report to all classes in a timely fashion. All students are expected to be in the classroom, with the necessary instructional materials, prepared to work exactly on time as instructed by your teachers. Being tardy to class is dealt with through Level I discipline referral.

TELEPHONE/MESSAGES

Students need permission to use the telephone in the office during the day. Students are not to use telephones in the classrooms. Because of the limited number of phone lines, calls should be as brief as possible.

****Messages for students that are not of an emergency nature will be hung up in the office window. Students should check for messages periodically throughout the day.**

TEXTBOOKS

Textbooks and workbooks are provided free to all students. Students will be asked to cover the books with book covers. We expect normal wear each year in the use of textbooks. Damage that exceeds normal wear and lost textbooks will be charged to the student.

VISITORS

Parents are always welcome at Detroit Lakes Middle School. All parents and visitors must report to the office before going to other parts of the building. Because we need to keep disruptions to a minimum, all other visitations are to be discouraged. Students who would like to bring a visitor must get permission from a Principal at least one day prior to the visit. The student visitor must be in grades 6-8. Non-enrolled students are not to be on campus without permission.

VOLUNTEERS

There are times throughout the school year when the Middle School needs adult volunteers. These times may include class projects, field trips, school parties/dances, classroom tutoring, assisting with clerical tasks, answering the telephone, etc. If you would be interested in volunteering, call the school office at 847-9228.

WITHDRAWAL PROCEDURES

Any student leaving to attend another school withdraws from the Middle School through the student services office. Written requests to withdraw are submitted by the parents/guardian. The student then takes a withdrawal form to each class and has it signed by the teacher who records the grade on the form and certifies that all textbooks and materials have been returned. The student also has the form signed by the librarian indicating that all materials have been returned. All fines and lunch bills must be paid. The form is then returned to the student services office completing the withdrawal process. The process should take an entire school day so please plan accordingly.

POLICY PROHIBITING SEXUAL, RACIAL, AND RELIGIOUS HARASSMENT AND VIOLENCE

Everyone in the Detroit Lakes Public School has a right to feel respected and safe. Consequently, it is important for everyone to know about the district policy to prohibit sexual, racial, or religious harassment or violence of any kind.

A harasser may be a student or an adult. Harassment may include, but is not limited to any of the following when related to race, religion, sex or gender:

- a. *name calling, jokes or rumors;*

- b. *pulling on clothes;*
- c. *graffiti;*
- d. *notes or cartoons;*
- e. *unwelcome touching of a person or clothing;*
- f. *offensive or graphic posters, book covers; or any words or actions that make you feel uncomfortable, embarrass you, hurt your feelings, or make you feel bad.*

If any words or actions make you feel uncomfortable or fearful, you need to tell a teacher, counselor, social worker, principal, assistant principal or the District Human Rights Officer (847-9271).

You may also make a written report using your own paper or the district report form available in the principal's office, School District office, or the office of Human Rights Officer. It should be given to the teacher, counselor, social worker, principal, assistant principal, or the District Human Rights Officer.

Your right to privacy will be respected as much as possible.

We will take seriously all reports of sexual, racial, or religious harassment or violence and will take timely and appropriate action based on your report.

SECTION 504 INFORMATION

Section 504 is an Act that prohibits discrimination against persons with a disability in any program or activity that receives benefits from Federal Financial assistance. The Act defines a person with a disability as anyone who:

- has a physical or mental impairment which substantially limits one or more major life activities, including activities such as caring for one's self, performing manual tasks walking, seeing, hearing, speaking, breathing, learning or working;
- has a record of such an impairment; or
- is regarded as having such impairment. (34 Code of Regulations Part 104.3)

In order to fulfill its obligations under Section 504, the Detroit Lakes School District #22 recognizes a responsibility to avoid discrimination in policies and practices regarding its personnel and learners. No discrimination against any person with a disability will be permitted in any of the programs and practices of the school district.

The school district has specific responsibilities under the Act, which include the responsibility to identify, evaluate and, if the child is determined to be eligible under Section 504, provide access to appropriate education services.

If the parent or guardian disagrees with the determination made by the professional staff of the school district, he/she has the right to a hearing with an impartial hearing officer.

The Family Educational Rights and Privacy Act (FERPA) also specifies rights related to educational records. The Act gives the parent or guardian the right to: 1) inspect and review his/her child's educational records; 2) make copies of these records; 3) receive a list of all individuals having access to those records; 4) ask for an explanation of any item in the records; 5) ask for amendment to any report on the grounds that it is inaccurate, misleading, or violates the child's rights; and 6) a hearing on the issue if the school refuses to make the amendment.

If there are any questions, please feel free to contact Renee Kerzmann, Education Director, at 847-9271.

ACCEPTABLE USE POLICY

All of our schools have access to the Internet. The school district has adopted an acceptable use policy for students using the Internet. In addition, the district is taking steps to prohibit access by students to inappropriate materials on the Internet. An acceptable use form needs to be signed by the student and parent before a student is allowed access to the Internet. This completed form is kept on file and needs to be completed only once. A copy of the entire acceptable use policy is available in the middle school office or the district office.

CHEMICAL USE/ABUSE POLICY AND PROCEDURES

Independent School District #22 believes that a positive relationship exists between successful school experiences and sound physical, mental, social and emotional health. It is a belief that any misuse of mood altering chemicals constitutes a hazard to the learning environment and the positive development of students. The school district has a K-12 educational awareness program of chemical use and dependency and support staff to deal with these issues. The complete policy dealing with chemical use/abuse and the procedures is located in the main office.

CHILD ABUSE/NEGLECT POLICY AND PROCEDURES

It is the policy of Independent School District #22 to protect children whose health and welfare may be jeopardized through physical or sexual abuse and conditions of neglect and to comply with the law requiring the reporting of suspected physical and sexual abuse and conditions of neglect involving children. The reporting of maltreatment of minors shall be strictly adhered to in accordance with provisions of Minnesota Statute, Chapter 625.556. A complete copy of this policy is in the main office.

TITLE IX POLICY NOTIFICATION

It is the policy of the Board of Education of School District #22 not to discriminate on the basis of sex in its educational programs, activities or employment policies as required by Title IX of the 1972 Education Amendments. Inquiries regarding compliance with Title IX may be directed to the Title IX Coordinator, Kylie Johnson, at 702 Lake Avenue, Detroit Lakes (218) 847-9271 or to the Director of the Office of Civil Rights, Department of Health and Welfare, Washington, D.C.

DISTRIBUTION OF NONSCHOOL-SPONSORED MATERIALS ON SCHOOL PREMISES BY STUDENTS AND EMPLOYEES

The purpose of policy 505 is to protect the exercise of students' and employees' free speech rights, taking into consideration the educational objectives and responsibilities of the school district. The school district recognizes that students and employees have the right to express themselves on school property. This protection includes the right to distribute, at a reasonable time and place and in a reasonable manner, non-school sponsored material. To protect First Amendment rights, while at the same time preserving the integrity of the educational objectives and responsibilities of the school district, the school board has adopted

regulations and procedures regarding distribution of non-school-sponsored material on school property and at school activities.

HAZING POLICY

The act of hazing means committing an act against a person, or coercing a person into committing an act, that creates a substantial risk of harm to a person, in order for a person to be initiated into, or be affiliated with an organization, or for any other purpose. Hazing activities of any type are inconsistent with the educational goals of the school district and are prohibited at all times.

PEST CONTROL MATERIALS NOTICE

Detroit Lakes Public School personnel may apply pest control materials inside or on school grounds as needed.

Pest control materials are registered by the U.S. Environmental Protection Agency (EPA) and are selected and applied according to label directions. An estimated schedule of interior pest control inspections and possible treatments is available for review or copying at the district office located at 702 Lake Avenue. Parents of students may request to receive, at their expense, prior notification of any application of a pest control material, should an application be deemed necessary on a day different from the days specified in the schedule.

SHELTER IN PLACE/LOCKDOWNS/CASE

The Detroit Lakes School District wants to ensure the safest and most secure environment possible for students and staff. As part of this practice, all of our schools have adopted policies for a variety of emergency situations. Students should be aware of how to respond during these incidents.

Lockdown drills are mandated by Minnesota State Law and will be practiced a certain number of times per year. Your teacher will go through the steps with you and help to answer any questions you may have. There are two types of lockdowns:

Shelter in Place: Is a shelter in place modified lockdown that keeps students secured in rooms and suspends regular school functions but still allows teachers to have classes and assigns other staff members different duties. A code yellow may be used for a variety of situations and there is no reason to panic. Students not already in classrooms should report to their homeroom or the nearest classroom promptly.

CASE: Is the acronym for Counter, Alert/Alarm, Secure, Evacuate – These are the non sequential options/expectations for emergency situations in our school. Staff are trained on CASE measures and this research based method is the most effective countermeasure and is used by many schools and other organizations throughout the country.

MIDDLE SCHOOL BEHAVIOR AND RESPONSIBILITY PLAN

Statement of Purpose

The Detroit Lakes Middle School believes that:

- every student has the right to learn

To allow this to occur, students need to learn that they are individually responsible for their actions and attitudes. The process of maturation requires the student to develop the skill of self-discipline. To allow this goal requires continuous communication between teacher, student and parents in terms of expectations of student behavior and the consequences for inappropriate behavior.

School-Wide Behavior Expectations

The purpose of the school-wide behavior expectations is to provide a safe, positive and orderly environment conducive to academic, social and emotional development for our students. To accomplish this goal students are expected to:

- show respect for themselves, others, and all property
- be responsible for their behavior
- cooperate with others
- solve conflicts and problems in a constructive manner
- put forth their best effort and be actively involved and committed to their learning

Detroit Lakes Middle School Physical Education Information

At DLMS, Health and Physical Education serves the entire student population daily. Our mission is to foster a healthy lifestyle in all students by providing developmentally appropriate Health and Physical Education for every child. The intent is to provide children of all abilities and interests with a foundation of knowledge and movement experiences that will allow them to make healthy choices.

DLMS provides each student with a lock that is to be returned at the end of the year. If a lock is not returned the student will be charged \$8. Our department uses Glencoe Teen Health: Course 3 textbooks for our Health units. Students will need to bring their planner, notebook, homework folder, and writing utensil to Health instruction. For Physical Education, 7th/8th grade students must change out of their

school clothes into an appropriate t-shirt or sweatshirt; shorts or sweat pants; and appropriate tennis shoes. Shoes must be tied tightly for safety reasons. Clothes should be appropriate for active outdoor participation in Minnesota. Tank tops, sleeveless shirts, jean shorts or boxer shorts are not appropriate attire.

Active participation is expected unless a student is sick or injured. Students will not receive their daily participation points when sitting out or absent and will be expected to complete make up work. A note from a parent or guardian will excuse the student from class. If a student is not able to participate for more than three days due to an injury or illness, a physician's note is required. Any excused absence must be made up within the date assigned by the teacher.

To see our complete Health and Physical Education requirements and curriculum visit the DLMS website and click on Physical Education.

Cell Phones and Personal Electronic Communication Devices

The use of all cell phones and other personal non-school issued electronic devices from 8:20 a.m. to 3:28 p.m., is prohibited. Cell phones and other non-school issued electronic devices shall be turned off/silenced and locked in the student's issued locker during the school day. If parents/guardians need to be in contact with their student, they are asked to call the main office. This policy still applies if students are on a school field trip.

Consequences for violating this procedure, at the discretion of the school administrators, are as follows:

1st offense: Device is taken to the office for the student to pick up at the end of the school day.

2nd offense: Device is taken to the principal for the student to pick up at the end of the school day.

3rd offense: Device is taken to the office and must be picked up by the student's parent/guardian.

Progressive disciplinary action will be taken for each violation following the 3rd offense. Any student refusing to turn over a device or becoming disrespectful/defiant with a staff member will result in further disciplinary action.

The faculty, staff, and students of DLMS maintain a reasonable expectation of privacy while at school, on campus, and at school-related activities and events. Explicit permission must be obtained prior to recording others. A student identified as improperly posting to social media or using a device to take or transmit unrequested or unwanted images or recordings may face disciplinary action in accordance with district policy.

Detroit Lakes Middle School will not be responsible for lost, stolen, or damaged cell phones or personal electronic devices.

DLALC MISSION

The mission of Detroit Lakes Public Schools is to simply deliver educational excellence. You will often hear “Laker Pride” used around the district. A further illustration of our mission is represented in the graphic below. In addition our building goals are directly tied to this idea of “Laker Pride.” This graphic represents our road map for success not only at the district level, but at the building level as well.

Laker PRIDE

	Purpose our intention, what drives us	Deliver educational excellence.
	Relationships the ways we connect and behave toward each other	Care and communicate positively and respectfully within and across our schools and community. - District ↔ parents and community members - District ↔ building - Building ↔ teacher - Building ↔ parents - Teacher ↔ parent - Teacher ↔ students
	Innovation the creation, development and implementation of a new idea or concept to enhance educational opportunities	Embrace creativity and critical thinking. - Renew and bring up to date all systems and practices - Utilize growth mindset to hone existing intentions/objectives and explore new ideas - Support diverse ways of thinking and doing - Embed equity continually in every facet of our work
	Development a process that creates growth, progress, positive change or the addition of physical, economic, environmental, social and demographic components	Foster the academic, social, emotional, and cultural needs of all learners. - Implement and sustain PBIS at all levels - Hone our support for social/emotional health - Further learning and implementation of equitable feedback, assessment, grading and reporting - Provide professional development that supports PRIDE
	Equity the quality of being fair (not equal) and impartial	Ensure that our values, policies, and practices are equitable for our students, staff, and community. - Clarify and support understanding of equity vs. equality for all - Actively promote equity (institutional, personal, and instructional) - Remove systemic barriers - Accommodate different learning styles - Give students a voice

ALC Programs

The Credit Recovery Program is designed for students who need to do most of their high school work independently. Students are required to meet with an instructor for an hour and then complete necessary units of work. They meet with the teacher again to review work and get the next assignment. A total of 75 hours is equal to a semester credit. This program is flexible and tailored to meet individual learner needs.

Please help communicate the importance of academic interventions with your student. Utilizing this time in our schedule effectively helps students who have questions, need extra support, or are struggling. Remember that our goal is to prepare students for success beyond our walls! Having flexible time in our schedule helps teach students how to prioritize and be responsible for their own learning. Two very important skills required as an adult!

*If you are not caught up in courses or are struggling this is the primary resource to take advantage of!

The Seat-based Program is designed for students who need the structure of a traditional school day, but a different educational experience. Students participate in hands-on activities, community involvement, and a variety of field experiences. A focus of this program is to work on the barriers or obstacles that cause students

to struggle in school. Small groups and social activities are utilized to develop school skills. Strong partnerships with community businesses and agencies are also utilized.

The Recovery School is designed for students who are committed to sobriety. Detroit Lakes Recovery School is dedicated to assisting students in recovery to maintain their sobriety, achieve academic success, and experience social and emotional growth.

PROGRAM COMPONENTS

Intervention Based Education

Intervention based education is an approach to education that identifies barriers and challenges that inhibit a learners ability to learn and experience academic growth. These challenges may be academic, mental health, chemical health, social skills, family crisis, disabilities, etc... Staff, students, parents, appropriate community resources, and family support systems will develop intervention plans. These plans are intended to support learners and families, so they can continue to learn and develop. The Response to Intervention, or Rtl, process will be utilized in assessing, monitoring and programming to meet the academic and behavioral needs of our students.

Restorative Measures

Restorative Measures is a practice based on using disciplinary situations as an opportunity to repair the harm done and learn from the experience. This model focuses on learning from mistakes, taking responsibility, and providing some sort of restitution instead of a consequences only approach to discipline.

Community Involvement

Students are required to participate in service learning or work experience community participation class. 1 semester (75 hours) is required outside of their school day.

Enrollment

Students, who wish to attend the Area Learning Center as an alternative to their traditional high school, **need to be referred** to the Student Assistance Team for consideration of educational placement. Students can refer themselves (with parent approval), or by staff, parents, or community agencies.

Students must qualify for enrollment in alternative education services. These qualifications are defined by the Graduation Incentives Criteria.

The Student Assistance Team will consider many educational services and options as they work with parents and students to create positive educational experiences. Alternative education services may or may not be recommended.

Dismissal

Students who are not making adequate progress may be dismissed from the seat-based program. Students, parents, staff, and community interventions will be utilized to problem solve obstacles or barriers and provide support. When student effort and/or resources have been exhausted, students will be referred back to their residential high school, or the Independent Study Program for continued educational programming. A student may be dismissed immediately or after numerous interventions dependent on circumstances and/or parent and student efforts.

ATTENDANCE

DLALC ATTENDANCE PHILOSOPHY

“Every Student, Every Day”

A student’s academic success is directly related to regular, daily attendance. Students who attend school every day receive opportunities for important contact with their teachers, a safe and stable environment, and establish a record of responsibility and dependability for themselves.

Detroit Lakes ALC’s minimum attendance goal for every student is 90% attendance. This means a student should not miss more than four days each semester or eight days during the course of the school year. Students who are absent from school for unauthorized reasons must understand that many of the activities that happen in class are not possible to make up and their grades could suffer because they have missed valuable learning opportunities because of their absences.

Minnesota state law (MN 120A.22; 120A.34) states the parents of every child between the ages of seven and 17 are responsible for ensuring their child receives instruction with the primary purpose of that instruction being that the child acquires the knowledge and skills essential for effective citizenship.

The Detroit Lakes ALC’s attendance procedures are guided by research from the organization Attendance Works. The idea behind this system is that we spend effort proactively teaching the importance of attendance, communicating effectively to parents and families about attendance issues, use attendance data to problem solve attendance issues, and creating high quality relationships with students and families so that coming to school is a priority. Please understand that any absence, even “excused absences” can have an effect on student achievement. The graphic below illustrates the difference between truancy and chronic absenteeism. Our goal is to reduce absences of all types so that our students have the best possible chance for success in their education! You will often hear the phrase: “Every Student, Every Day” when we talk about attendance.

When Do Absences Become a Problem?

Truancy Vs. Chronic Absence

TRUANCY

- Counts only unexcused absences
- Emphasizes compliance with school rules
- Relies on legal & administrative solutions

VS.

CHRONIC ABSENCE

- Counts all absences: excused, unexcused & suspensions
- Emphasizes academic impact of missed days
- Uses community-based, positive strategies

OTHER REMINDERS ABOUT ATTENDANCE:

- Student academic and personal achievement is the primary purpose of DLALC. To achieve at a high level regular attendance is critical.
- To ensure student safety and accountability, families need to know if their children are absent from school.
- Students who are tardy will be subject to consequences determined by the classroom teacher. Chronic tardiness will be referred to the administrator for review.

PARENTAL NOTIFICATION OF STUDENT ABSENCES

A student becomes a “Continuing Truant” when a child who is subject to the compulsory instruction requirements (MN Statute 120A.22) is absent from instruction without valid excuse within a single school year for: (1) three days if the child is in elementary school; or (2) one class period on three separate days if the child is in middle school, junior high school, or high school.

DLALC follows state law concerning the procedure for addressing student absences (MN Statute 260A.01 - 260A.07)

- Upon the 3rd accumulated Non-Exempt absence, the school can notify the student and parents via phone/letter that their child has 3 absences in said class period. They will be invited to set up a meeting with the school. Becker County Social Services will also be notified.
- The purpose of these truancy prevention meetings is to problem solve issues causing poor attendance and create an attendance contract that prevents further absence from school.
- Upon the 7th accumulated Non-Exempt absence, the school can notify the student and parents via phone/letter. A meeting with the School Attendance Review Board will be required.
 - On the seventh unexcused absence the Becker County Social Services and the Becker County Attorney will be notified, requesting a petition of truancy be filed for those students required to be in school by the laws of the State of Minnesota.

*Remember that if students continue to accumulate Non-Exempt absences, especially after the implementation of a truancy improvement plan and referral to Becker County, they can be dropped/failed from a course and lose credit. Students who are dropped or fail a course have to make up credits using the credit recovery options provided in the district.

DLALC ATTENDANCE INTERVENTION PROCEDURES

The graphic below outlines the specific procedures that DLALC follows when attendance concerns arise. All teachers, administrators, counselors, and support staff in our building work together each week to help students find success.

DROP/FAIL FOR ATTENDANCE REASONS

Unexcused and Non-Exempt student absences could result in a student being “Drop/Failed” from a course. Our highest priority is getting students to attend classes so that they can stay on track, earn credits, and graduate! Understand that courses at the High School level cannot simply be “made up” after lengthy time periods of learning loss. Particularly if a student shows a continued pattern of absences or no effort in their courses without any improvement after staff intervention.

- Students who have been non-exempt in a class are eligible to be dropped from the classes they have been skipping. Drop/Failing a class will not happen until they qualify for the 7 Day Truancy Letter and will be built into their Attendance Contract.

ABSENCE CLASSIFICATIONS

Exempt Absences	Non-Exempt Absences
- Absences approved by the state of Minnesota (120A.22): - child illness verified by medical provider school nurse in writing - medical, dental, orthodontic, or counseling appointments verified by the medical provider in writing; - family emergencies (such as a house fire, critical injury to parent/guardian) - the death or serious illness or funeral of an immediate family member - active duty in any military branch of the	- Medical appointments not verified by medical provider - College visits (beyond the first two per year) - Driver’s training instruction - Emergency family matters not excused by the State of Minnesota - Family trips (beyond the first five days per year) - Others as determined by administration - Leaving campus without following proper check-out procedures in the office - Unverified absences

United States - o The child has a condition that requires ongoing treatment for a mental health diagnosis - o Religious observations approved by parents (must notify DLALC in writing beforehand) • Absences approved by school administration: - o Child illness not verified by medical provider or school nurse (Medical verification required after the eighth cumulative non-medically verified absence due to illness) - o School supported extra/co-curricular activities - o School suspensions - o Court dates/appearances - o College visits approved by administration (2 days per year; must notify DLALC in writing before the absence) - o Transportation problems (1 per year) - o Family trips (up to five days per year; includes hunting; must notify DLALC in writing before the absence) - o Others as determined by administration	• Personal appointments or activities • Babysitting • Transportation problems (any after 1 exempt) • Oversleeping, Running Late, studying, volunteering, etc • Skipping their assigned class period for any other reason • Others as determined by administration
--	--

*The reasons for not being in school listed under the Non-Exempt categories of Excused and Unexcused are examples and not to be considered a complete list. Any reason given that does not fall under the Exempt category will be considered Non-Exempt at the discretion of administration.

ABSENCE REPORTING PROCEDURES

- Parents are to contact the school prior to, or the day of, all planned absences and provide a reason for the student's absence.
- Absences which are not reported to the school with the required documentation when the student returns to school will be considered Non-Exempt.
 - o Appointment verification is required for any appointments which take a student out of the school building during the school day.
 - o Students are required to return to school with an appointment card from the clinic that includes the date and time of the appointment and are required to present this information to the office before going to class.
 - o Appointments should be scheduled during a student's lunch or after school.
- The school district may require a signed note from a medical professional for absences due to illness or medical reasons, especially when those absences become excessive.
- A student who is absent due to participation in a school-sponsored activity does not need to be excused by a note or phone call from a parent.
- Students who are 18 years old and are independent as defined by section 152 of the Internal Revenue Code and who have provided documentation of independence may excuse their own absences, but are required to abide by all DLALC attendance rules and regulations. 18 year old students who are claimed as dependents by their parents or guardian are, in accordance with Minnesota Statute

120A.20, governed by the same set of rules and regulations that are applied to all other students.

- If a student arrives at school after classes have started or will be leaving before the school day has ended, they must report to the office to check-in and check- out.

PARTICIPATION IN ACTIVITIES

To ensure that activities are uniform and known to all students, the Board of Education of I.S.D. #22 has adopted the Minnesota State High School League (MSHSL) participation rules and regulations for all activities offered to Detroit Lakes students, regardless of whether they are league activities or school sponsored activities.

A student must attend at least one-half of the school day (4 consecutive periods) in order to be allowed to participate in or attend after-school activities that day. If a student misses all day because of an Exempt absence, they may be allowed to participate upon the determination of an administrator.

A student must be in good standing academically, behaviorally, and in attendance to participate in activities. In addition to meeting the MSHSL eligibility requirements for participation, the administration reserves the right to limit participation by students deemed not to be making adequate progress toward graduation. The administration also reserves the right to limit participation by students with excessive behavioral detention hours.

A student who has been determined to have been truant from school will be ineligible to participate in the next competition, regardless of the date and/or time of the contest.

Instances of excessive absence from school and chronic tardiness will be handled on a case-by-case by school administration and consequences will be determined based on the merit of each case.

It is vital that students and parents communicate absences immediately to the school to ensure accurate attendance and avoid Loss of Privileges.

If there are any circumstances or issues interfering with your ability to attend class, visit with your Advisor ASAP.

STUDENT SUPPORT RESOURCES

COUNSELORS and ADVISORY

The school counselor and advisors play an important role in the development of our high school students. DLALC has one school counselor that provides student support for social and emotional well being, academic planning, college and career readiness. This brings unique experience and expertise to our school to serve our students as a connection to resources, advocates, liaisons between teachers, parents, and administration and most importantly as trusted adults to support our students throughout their high school careers.

STUDENT SUPPORT SERVICES

DLALC also provides student support services to meet the needs of all students. In addition to school counselors, DLALC provides a Native American College and Career Facilitator, Chemical Health Coordinator, and has access to Stellher Mental Health Services. These groups all work together to provide appropriate services for all of our students at DLALC.

ACADEMICS

ACADEMIC INTEGRITY (CHEATING / PLAGIARISM)

Having academic integrity means:

- Being intellectually honest
- Possessing personal truthfulness
- Learning for its own sake
- Valuing the creations and opinions of others

You are *acting* with academic integrity when you:

- Take full credit for your own work, and give full credit to others who have helped you or influenced you, or whose work you have incorporated into your own.
- Represent your own work honestly and accurately.
- Collaborate with other students only as specifically directed and authorized.
- Report breaches of academic integrity to a teacher, counselor or administrator

What is cheating? Cheating is defined as seeking to obtain (or aiding another to obtain) credit or improved scores through the use of any unauthorized or deceptive means.

WHAT DOES CHEATING LOOK LIKE?

- **Sending answers, copies of assignments, or sharing Google Docs of assignments electronically with friends! (*This has been a common problem since the Pandemic!)**
- Presenting someone else's information/work as your own (with or without their permission) or allowing someone else to use your work as his or her own.
- Taking shortcuts (such as unauthorized use of study aids) to bypass steps of an assignment.
- Using forbidden material, such as cheat sheets, graphing calculators, or cell phones, during an exam.
- Asking about or sharing questions and/or answers to quizzes and exams.
- Submitting the same work for more than one assignment without express permission from your teacher(s).
- Altering corrections or scores with the intent of changing your grade.
- Being dishonest with your teacher such as saying you've turned in an assignment when you did not, or that you've worked hours longer than you actually did to complete an assignment.
- Fabricating information to try to earn more time, more credit, or grading leniency on an assignment, project, or exam, ie. *"My dog ate my homework"!*
- Missing class in order to avoid turning in an assignment or taking a test.

WHAT ARE YOUR RESPONSIBILITIES?

- Read and know the *DLPS Academic Integrity Policy* AND observe all rules and consequences established by your teachers.
- Report to the teacher if cheating is taking place and how it is being done.
- Do not copy homework or let someone else copy your homework. Do not use study aids (ie. Sparknotes).
- Only work with others when the teacher has specifically given permission.
- Seek only appropriate help from parents, tutors, or other students; make sure it is pre-approved by the teacher.
- If working with other students is not approved, the assignment must be completed on your own.

- Take responsibility for doing your fair share on a collaborative assignment.
- On papers, do not summarize, paraphrase or quote without proper documentation.
- During tests/quizzes:
 - o Keep your paper covered and your eyes on your own paper.
 - o Clarify if notes, calculators, etc. can be used on the test.
 - o Do not talk during a test except to the teacher.
 - o Do not discuss any aspect of the test until the teacher has returned it or given permission to discuss it.

WHAT ARE THE CONSEQUENCES?

Students can face disciplinary consequences for academic dishonesty. These can include everything from losing credit and having to redo the assignment to suspension from school depending on the severity of the cheating. Keep in mind that this can also cause a “Code of Conduct” Violation from MSHSL sports and activities!

All parties concerned—students and parents—are to understand that the teachers and administrators professional judgment will determine whether a violation of the Academic Integrity Policy has occurred.

POLICY 621: GRADING AND REPORTING OF PUPIL ACHIEVEMENT

I. PURPOSE

The purpose of this policy is to establish grading and reporting practices that reflect a student's academic achievement of the course standards.

II. GENERAL STATEMENT OF POLICY

It is the Detroit Lakes Public School District's responsibility to ensure grades represent an accurate measure of each student's level of achievement pertaining to established local, state or national standards and the essential learning outcomes related to those standards.

For this reason, the District shall establish a clear and accurate system of grading student achievement and shall provide students, parents, teachers, and the community with reports that accurately reflect this information.

The Detroit Lakes Public Schools supports a system of guiding principles for clear and accurate grading and reporting policies and procedures. To achieve these goals, the grading and reporting system must reflect academic achievement; contain meaningful feedback; be honest, fair, transparent, credible, useful and user friendly; be criterion referenced; align with school board approved Detroit Lakes Public Schools curriculum; reflect consistency within and among courses, grade levels, departments, and/or schools; communicate in a clear and timely manner information to parties; reflect high expectations of all students across all courses and programs; and be developmentally appropriate for all students.

GRADING PARAMETERS

- A. The primary purpose of grading is to determine the level of achievement of students related to essential learning expectations.
- B. Additional purposes for grading include:
 1. providing information to the students, their families, employers, and post-secondary institutions.
 2. providing information that students can use for self-evaluation.
 3. providing information that teachers can use to modify planning and instruction.
 4. evaluating the effectiveness of instructional programs.

A complete copy of Policy 621 is available at any school, the district administration center, or the school website located at www.dlschools.net or <http://dlschools.net/page/2706>.

GRADING OF COURSES

DLALC Uniform Grading Scale: Unless the course has been granted an exception or is under specified grading parameters because it is a concurrent enrollment course, final grades are determined by at least **85%** of the final grade coming from Summative Assessments and at most **15%** coming from Formative Assessments for all courses.

- **Summative Assessments** are work conducted when a student has had adequate instruction and practice to be responsible for the material. It is designed to provide information to be used in making judgment about a student's achievement at the end of a sequence of instruction, e.g. final drafts/attempts, tests, exams, assignments, projects, performances.
- **Formative Assessments** are work conducted when a student is still learning the material. It is an assessment that is designed to provide direction for both students and teachers. For the students, the adjustment may mean reviewing, additional practice, or confirmation that they are ready to move forward. For the teachers, it may mean changing instructional strategies, providing additional practice, or being ready to move forward. (e.g. teacher observation, quizzes, homework, rough drafts, peer editing, or notebook checks).

All teachers at DLALC will use the following grading scale to determine final grades for all of their courses.

A	90%-100%
B	80%-89%
C	70%-79%
D	60%-69%
F	Below 60%

LETTER GRADE DESCRIPTIONS

For “Regular” courses (non-weighted courses):

<u>Grade</u>	<u>Grade Pts</u>	<u>Description</u>
A	4	Superior or excellent achievement. Student performance demonstrates thorough knowledge of the course materials and exceeds course expectations by completing all requirements in a superior manner.
B	3	Above Average or very good work. Student performance demonstrates above-average comprehension of the course materials and meets or exceeds course expectations on all tasks as defined in the course syllabus.
C	2	Average work or competence. Student performance demonstrates incomplete understanding of course materials, but still meets basic course expectations.
D	1	Below average or unsatisfactory work. Student performance demonstrates incomplete and inadequate understanding of course materials.
F	0	Failure. Student performance is significantly below teacher expectations and quality of work is of very poor quality and/or completeness.

REASSESSMENTS

The purpose of reassessment is to ensure that students have competency in the learning outcomes identified as essential. It is not designed for students to just earn enough points to get an “A” in the course or to “Pass” courses. Students will be allowed to take a reassessment on content if they complete the necessary steps outlined in the reassessment plan by the instructor of the course. Each instructor has a communicated reassessment plan that must be completed prior to any student getting a “retake” on a summative assessment. Remember that the ultimate goal of reassessment is to demonstrate learning and mastery, not just earn points. Additionally, all reassessments will follow the procedure outline below:

- A teacher may require students to complete all formative assessments tied to the summative assessment that is being retaken.
- A teacher may require students to complete all the steps in the “reassessment plan” that they have communicated at the beginning of the course. This includes a relearning plan detailing what students will need to do in order to earn a reassessment.
- No “blind reassessments;” students do not automatically get to just retake any assessment without demonstrating relearning. Remember that the goal is competency in learning, not earning points!
- The reassessment grade will never be lower than the original grade.
- The teacher may assign a reasonable timeline for reassessment. Typically this timeline is 2 weeks (10 days) from the time that feedback was provided on the original assessment.
 - ◆ Students have ten days from the date they receive feedback on the original assessment to meet with their teacher, complete their relearning, and schedule their reassessment.

DEADLINES

A common misconception in today’s grading practices is that “there are no deadlines” for students. This is not accurate. Showing up reliably and on time everyday is perhaps one of the most important skills of all! At the same time we also understand and value that not all students learn at exactly the same pace. Below is an outline of some common deadlines that are given.

- Students will be allowed a reasonable amount of time to complete a “reassessment” or “retake” on a summative assessment.
 - ◆ Typically this is 10 school days from when feedback was given on the original assessment.
- Teachers may have a more strict deadline for Formative Assessments (practice).

DISCIPLINARY ACTION OPTIONS

It is the general policy of the school district to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within the discretion of the school district. At a minimum, violation of school district rules, regulations, policies or procedures will result in discussion of the violation and a verbal warning. The school district shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the school district.

- **Examples of privileges afforded to students that may be lost due to misbehavior include: Open Lunch, parking in the school lot, attending school activities as a spectator, attending school dances and Prom, being part of the Homecoming or Snoball coronation, participation in the Graduation ceremony, participating in athletic competitions, among others.**

REMOVAL OF STUDENTS FROM CLASS OR ACTIVITY PERIODS

Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, assigning detention or other consequences, or contacting the student's parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student's conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy. "Removal from class" and "removal" mean any actions taken by a teacher, principal, or other school district employee to prohibit a student from attending a class or activity for a period of time not to exceed five (5) days, pursuant to this discipline policy.

GROUND FOR REMOVAL FROM CLASS SHALL INCLUDE ANY OF THE FOLLOWING:

1. Willful conduct that significantly disrupts the rights of others to an education, including conduct that interferes with a teacher's ability to teach or communicate effectively with students in a class or with the ability of other students to learn;
2. Willful conduct that endangers surrounding persons, including school district employees, the student or other students, or the property of the school;
3. Willful violation of any school rules, regulations, policies or procedures, including the Code of Student
4. Other conduct, which in the discretion of the teacher or administration, requires removal of the student from class

REASONABLE FORCE STANDARD

A teacher, school principal, school bus driver, or other agent of the district, in exercising the person's lawful authority, may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another. (Minn. Stat. § 121A.582 Student discipline; reasonable

force)

POLICY 413: HARASSMENT AND VIOLENCE POLICY

Everyone in the Detroit Lakes Public School has a right to feel respected and safe. Consequently, it is important for everyone to know about the district policy to prohibit sexual, racial, or religious harassment or violence.

A harasser may be a student or an adult. Harassment may include, but is not limited to any of the following when related to race, religion, sex or gender:

- a. Name calling, jokes or rumors;
- b. Pulling on clothes;
- c. Graffiti;
- d. Notes or cartoons;
- e. Unwelcome touching of a person or clothing;
- f. Offensive or graphic posters, book covers; or any words or actions that make you feel uncomfortable, embarrass you, hurt your feelings, or make you feel bad.

If any words or actions make you feel uncomfortable or fearful, you need to tell a teacher, counselor, social worker, principal, or the District Human Rights Officer.

You may also make a written report using your own paper or the district report form available in the principal's office, School District office, or the office of the Human Rights Officer. It should be given to the teacher, counselor, social worker, principal, or the District Human Rights Officer. Your right to privacy will be respected as much as possible.

We will take all reports of sexual, racial, or religious harassment or violence seriously and will take timely and appropriate action based on your report. The School District will also take action if anyone tries to intimidate you or take action to harm you because you have made a report.

A complete copy of Policy 413 is available at any school, the district administration center, or the school website located at www.dlschools.net.

POLICY 417: CHEMICAL USE/ABUSE POLICY/PROCEDURES

Statement of Philosophy: The Board of Education of Independent School District #22 endorses a chemical policy and set of procedures predicated upon the following beliefs:

1. A positive relationship exists between successful school experiences and sound physical, mental, social and emotional health.
2. It is the responsibility of the staff and administration of School District #22 to maintain an atmosphere that will promote quality learning and to provide an effective response system to conditions which threaten that atmosphere.
3. The misuse of any mood-altering chemical constitutes a hazard to the learning environment and the positive development of all students.
4. Chemical dependency is a treatable illness; early identification and intervention is conducive to successful treatment.
5. The harmfully involved and chemically dependent cannot always help themselves by themselves. Opportunity for assistance shall be provided to students and their families in obtaining appropriate

services.

6. If treatment becomes necessary outside the school setting, every effort must be exerted to effect a successful continuation in/or re-entry into the school system.

A complete copy of Policy 417 is available at any school, the district administration center, or the school website located at www.dlschools.net.

ALCOHOL SCREENING FOR AFTER SCHOOL EVENTS

Detroit Lakes Public Schools may choose to administer alcohol screening tests to students who choose to attend after-school events such as dances, Prom, athletic contests, etc. Students who are detected to have alcohol in their system will be referred to an on-duty officer from the Detroit Lakes Police Department. Our School Resource Officer is always involved in these screenings.

POLICY 526: HAZING POLICY

At Detroit Lakes Public Schools, hazing means committing an act against a person or coercing a person into committing an act that creates a risk of physical or emotional harm to a person (with or without the person's consent) in order for the person to be initiated into an organization or for any other purpose. Hazing activities of any type, including displays of clothing or other articles that promote hazing activities, are inconsistent with the educational goals of the school district and are prohibited at all times. The district's hazing policy applies to behavior that occurs on or off school property and during and after school hours and applies to any student organization even if the group is not an official school organization.

A complete copy of Policy 526 is available at any school, the district administration center, or the school website located at www.dlschools.net

POLICY 514: BULLYING PROHIBITION POLICY

[Note: School districts are required by statute to have a policy addressing bullying.]

I. PURPOSE

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with students' ability to learn and/or teachers' ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

II. GENERAL STATEMENT OF POLICY

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school premises, on school district property, at school functions or activities, or on school transportation. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited

conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student, other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyber-bullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources.

- B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
- C. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.
- D. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
- E. False accusations or reports of bullying against another student are prohibited.
- F. A student who engages in an act of bullying, reprisal, retaliation, or knowingly making a false report of bullying shall be subject to discipline or other remedial responses for that act in accordance with school district's policies and procedures, including the school district's discipline policy (See Policy 506). A teacher, administrator, volunteer, contractor, or other employee of the school district who permits, condones, or tolerates bullying or engages in an act of reprisal, retaliation, or knowingly making a false reporting of bullying shall be subject to disciplinary action. The school district may take into account the following factors:

1. The developmental ages and maturity levels of the parties involved;
2. The levels of harm, surrounding circumstances, and nature of the behavior;
3. Past incidences or past or continuing patterns of behavior;
4. The relationship between the parties involved; and
5. The context in which the alleged incidents occurred

Consequences for students who commit acts of bullying or other prohibited conduct may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the school district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or knowingly make a false report of bullying may result in disciplinary action up to and including termination or discharge.

- G. The school district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

For purposes of this policy, the definitions included in this section apply.

- A. "Bullying" means intimidating, threatening, abusive, or harming conduct that is 514-3 objectively offensive and:
 1. an actual or perceived imbalance of power exists between the student engaging in the prohibited conduct and the target of the prohibited conduct, and the conduct is repeated or forms a pattern; or
 2. materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges.

The term, "bullying," specifically includes cyberbullying as defined in this policy.

- B. "Cyberbullying means bullying using technology or other electronic communication, including, but not limited to, a transfer of a sign, signal, writing, image, sound, or data, including a post on a social network Internet website or forum, transmitted through a computer, cell phone, or other electronic device. The term applies to prohibited conduct which occurs on school premises, on school district property, at school functions or activities, on school transportation, or on school computers, networks, forums, and mailing lists, or off school premises to the extent that it substantially and materially disrupts student learning or the school environment.
- C. "Immediately" means as soon as possible but in no event longer than 24 hours.
- D. "Intimidating, threatening, abusive or harming conduct" means, but is not limited to, conduct that does the following:
 - 1. Causes physical harm to a student or a student's property or causes a student to be in reasonable fear of harm to person or property;
 - 2. Under Minnesota common law, violates a student's reasonable expectation of privacy, defames a student, or constitutes intentional infliction of emotional distress against a student; or
 - 3. Is directed at any student, including those based on a person's actual or perceived race, ethnicity, color, creed, religion, national origin, immigration status, sex, marital status, familial status, socioeconomic status, physical appearance, sexual orientation including gender identity and expression, academic status related to student performance, disability, or status with regard to public assistance, age or any additional characteristic defined in the Minnesota Human Rights Act (MHRA). However, prohibited conduct need not be based on any particular characteristic defined in this paragraph or the MHRA.
- E. "On school premises, on school district property, at school functions or activities, or on school transportation" means all school district buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. While prohibiting bullying at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.
- F. "Prohibited conduct" means bullying or cyberbullying as defined in this policy or retaliation or reprisal for asserting, alleging, reporting, or providing information about such conduct or knowingly making a false report about bullying.
- G. "Remedial response" means a measure to stop and correct prohibited conduct, prevent prohibited conduct from recurring, and protect, support, and intervene on behalf of a student who is the target or victim of prohibited conduct.
- H. "Student" means a student enrolled in a public school or a charter school.

IV. REPORTING PROCEDURE

- A. Any student who believes he or she has been the target or victim of bullying or should report the alleged acts as soon as possible but in no event longer than one school day to an appropriate school district official designated by this policy. Any teacher, administrator, volunteer, contractor, or other employee of the school district with knowledge or belief of conduct that may constitute bullying or prohibited conduct under this policy shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report bullying anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.
- B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available in the school district office, but oral reports shall

be considered complaints as well.

- C. The building principal, the principal's designee, or the building supervisor (hereinafter "building report taker") is the person responsible for receiving reports of bullying or other prohibited conduct at the building level. Any person may report bullying or other prohibited conduct directly to a school district human rights officer or the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant. The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. The building report taker or a third party designated by the school district shall be responsible for the investigation. The building report taker shall provide information about available community resources to the target or victim of the bullying or other prohibited conduct, the perpetrator, and other affected individuals as appropriate.
- D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute bullying or other prohibited conduct shall make reasonable efforts to address and resolve the bullying or prohibited conduct and shall inform the building report taker as soon as possible but in no event longer than one school day. School district personnel who fail to inform the building report taker of conduct that may constitute bullying or other prohibited conduct or who fail to make reasonable efforts to address and resolve the bullying or prohibited conduct in a timely manner may be subject to disciplinary action.
- E. Reports of bullying or other prohibited conduct are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of bullying and the record of any resulting investigation.
- F. Submission of a good faith complaint or report of bullying or other prohibited conduct will not affect the complainant's or reporter's future employment, grades, or work assignments, or educational or work environment.
- G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

V. SCHOOL DISTRICT ACTION

- A. Within three school days receipt of a complaint or report of bullying or other prohibited conduct, the school district shall undertake or authorize an investigation by the building report taker or third party designated by the school district.
- B. The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the bullying or other prohibited conduct, the complainant, the reporter, and students or others, pending completion of an investigation of bullying or other prohibited conduct, consistent with applicable law.
- C. The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- D. Upon completion of the investigation that determines that bullying or other prohibited conduct has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited conduct.

Remedial responses to the bullying or other prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II. F of this policy. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; the student discipline policy (See MSBA/MASA Model Policy 506) and other applicable school district policies; and applicable regulations.

- E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students involved in a bullying or other prohibited conduct and the parent(s) or guardian(s) of alleged perpetrators of bullying or other prohibited conduct who have been involved in a reported and confirmed bullying incident of the remedial or disciplinary action taken, to the extent permitted by law.
- F. In order to prevent or respond to bullying or other prohibited conduct committed by or directed against a child with a disability, the school district shall, when determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in bullying or other prohibited conduct.

VI. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged bullying or prohibited conduct, who provides information about bullying or prohibited conduct, who testifies, assists, or participates in an investigation of alleged bullying or prohibited conduct, or who testifies, assists, or participates in a proceeding or hearing relating to such bullying or prohibited conduct. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engage in the prohibited conduct. Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II. F of this policy.

VII. TRAINING AND EDUCATION

- A. The school district shall discuss this policy with school personnel and volunteers and provide appropriate training to the school district personnel regarding this policy. The school district shall establish a training cycle for school personnel to occur during a period not to exceed every three school years. Newly employed school personnel must receive the training within the first year of their employment with the school district. The school district or a school administrator may accelerate the training cycle or provide additional training based on a particular need or circumstance. This policy shall be included in employee handbooks, training materials, and publications on school rules, procedures, and standards of conduct, which materials shall also be used to publicize this policy.

DRESS CODE

At Detroit Lakes Public Schools we believe students' standard of dress and appearance should be a positive reflection of themselves and compatible with an effective learning environment. We expect Lakers to be recognized for their academic excellence and personal qualities such as character, leadership, and respect. Dress and appearance should promote respect, responsibility, and safety.

The purpose of the DLALC dress code is:

Minimally, students who are in violation of the dress code will be asked to remove offending items. Students whose clothing is particularly offensive or who continue to violate this policy or who willingly fail to comply with directives to remove offending items will face disciplinary action for insubordination.

SOCIAL MEDIA PROCEDURES

Schools are authorized to discipline students for off campus behavior as long as there is some connection (a “nexus”) between the behavior and the school and the behavior materially disrupts the school in some manner. Social media can be one of these “nexus” to school and often is the place where harassment, bullying, hazing, and even cheating on academics take place in today’s world. Understand that the primary responsibility for monitoring student use of social media lies with the parent. DLALC will respond in accordance with the discipline policies established by our School Board and by the State of MN when students are harassed, bullied, otherwise mistreated, or participate in academic dishonesty using social media or other online means. One of the best tools we have to combat these online forms of bullying is to promote healthy use of social media with our children. Below is a social media emergency plan that we employ when issues arise on social media. Please help us by monitoring your student’s use of social media accounts, and by reporting issues that you see to administration.

Social Media Emergency Plan - has a list of linked information on how to report things on different programs.

- Parents can lock down their kids’ accounts on different programs.
- Investigation Plan: determine High, Medium, and Low Risk issues:
 - Step 1: Determine nature of the threat
 - Step 2: Investigate and Remove
 - Step 3: Communicate with families

POLICY 527: STUDENT USE AND PARKING OF MOTOR VEHICLES; PATROLS, INSPECTIONS AND SEARCHES

PURPOSE:

The purpose of this policy is to provide guidelines for use and parking of motor vehicles by students in school district locations, to maintain order and discipline in the schools, and to protect the health, safety and welfare of students and school personnel.

GENERAL STATEMENT OF POLICY:

It is the policy of this school district to allow the limited use and parking of motor vehicles by students in school district locations. It is the position of the school district that a fair and equitable district-wide student motor vehicle policy will contribute to the quality of the student's educational experience, will maintain order and discipline in the schools, and will protect the health, safety and welfare of students and school personnel. This policy applies to all students in the school district.

DEFINITIONS:

- A. "Contraband" means any unauthorized item possession of which is prohibited by school district policy and/or law. It includes but is not limited to weapons and "look-alikes," alcoholic beverages, controlled substances and "look-alikes," overdue books and other materials belonging to the school district, and stolen property.
- B. "Reasonable suspicion" means that a school official has grounds to believe that the search will result in evidence of a violation of school district policy, rules, and/or law. Reasonable suspicion may be based on a school official's personal observation, a report from a student, parent or staff member, a student's suspicious behavior, a student's age and past history or record of conduct both in and out of the school context, or other reliable sources of information.
- C. "Reasonable scope" means that the scope and/or intrusiveness of the search is reasonably related to the objectives of the search. Factors to consider in determining what is reasonable include the seriousness of the suspected infraction, the reliability of the information, the necessity of acting without delay, the existence of exigent circumstances necessitating an immediate search and further investigation (e.g. to prevent violence, serious and immediate risk of harm or destruction of evidence), and the age of the student.
- D. "School district location" means property that is owned, rented, leased, or borrowed by the school district for school purposes, as well as property immediately adjacent to such property that may be used for parking or gaining access to such property. A school district location also shall include off school property at any school-sponsored or school-approved activity, event, or function, such as a field trip or athletic event, where students are under the jurisdiction of the school district.

STUDENT USE OF MOTOR VEHICLES IN SCHOOL DISTRICT LOCATIONS:

Students generally are not permitted to use motor vehicles during the school day in any school district location. Students may use motor vehicles on campus during the school day only during the student's designated lunch period or if there is an emergency and permission has been granted to the student by the building principal to use a motor vehicle during the school day.

STUDENT PARKING OF MOTOR VEHICLES IN SCHOOL DISTRICT LOCATIONS:

Students are permitted to park in a school district location as a matter of privilege, not of right. Students driving a motor vehicle to campus may park the motor vehicle in the parking lot designated for student parking only. Students will not park vehicles in driveways, on private property, or in other designated areas, [e.g. parking lots designated for use only by staff or by the general public].

PATROLS, INSPECTIONS AND SEARCHES:

School officials may conduct routine patrols of school district locations and routine inspections of the

exteriors of the motor vehicles of students. In addition, the interiors of motor vehicles of students in school district locations may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule.

B. Patrols and Inspections

School officials may conduct routine patrols of student parking lots and other school district locations and routine inspections of the exteriors of the motor vehicles of students. Such patrols and inspections may be conducted without notice, without student consent, and without a search warrant.

C. Search of Interior of Student Motor Vehicle

The interiors of motor vehicles of students in school district locations, including glove or trunk compartments, may be searched when school officials have a reasonable suspicion that the search will uncover a violation of law and/or school policy or rule. The search will be reasonable in its scope and intrusiveness. Such searches may be conducted without notice, without consent, and without a search warrant. A student will be subject to withdrawal of parking privileges and to discipline if the student refuses to open a locked motor vehicle under the student's control or its compartments upon the request of a school official.

D. Prohibition of Contraband and Interference with Patrols, Inspections, Searches and/or Seizures

It shall be a violation of this policy for students to store or carry contraband in motor vehicles in a school district location or to interfere with patrols, inspections, searches and/or seizures as provided by this policy.

E. Seizure of Contraband

If a search yields contraband, school officials will seize the item and may turn it over to legal officials for ultimate disposition when appropriate.

F. Dissemination of Policy

A copy of this policy will be printed in the student handbook or disseminated in any other way which school officials deem appropriate.

DIRECTIVES AND GUIDELINES:

The superintendent is granted authority to develop and present for school board review and approval reasonable directives and guidelines which address specific needs of the school district related to student use and parking of motor vehicles in school district locations, such as a permit system and parking regulations. Approved directives and guidelines shall be attached as an addendum to this policy.

VIOLATIONS:

A student found to have violated this policy and/or the directives and guidelines implementing it shall be subject to withdrawal of parking privileges and/or to discipline in accordance with the school district's Student Discipline Policy, which may include suspension, exclusion, or expulsion. In addition, the student may be referred to legal officials when appropriate.

HEALTH, SECURITY, AND SAFETY

YOU FEEL SICK OR INJURE YOURSELF DURING SCHOOL?

- Ask your teacher for a pass to the office. You will receive permission to use the telephone in the Main Office to contact your parents. The office must speak to your parent and issue you a pass to leave the building. Be sure to follow proper sign-out procedures to avoid an unexcused absence.

MEDICATION ADMINISTRATION

In the event that it is necessary for you to take prescription medication during school hours, it is necessary to have a statement signed by your physician and parent, with medication named, directions for administration and an authorization for school personnel to administer the medicine. The form is available in the Main Office and should be returned to the school along with the medication in an originally labeled bottle from the pharmacy that issued the medication. Prescription medication must be kept in the main office and will be distributed under the supervision of a health assistant or certified staff.

EMERGENCY PROCEDURES

EVACUATION AND LOCKDOWN DRILLS

The state of Minnesota requires all schools in the state to conduct eleven emergency drills during the course of a school year. Schools must conduct five fire drills, five lockdown drills in accordance with district emergency procedures, and one tornado drill.

- **CODE YELLOW** is a lockdown alert that keeps students secured in rooms and suspends regular school functions, but still allows teachers to carry on with instruction in most situations. A Code Yellow may be used for a variety of situations and there is no reason to panic. Students not already in classrooms should report to their homeroom or the nearest classroom.
- **CODE RED** is a lockdown emergency where all students and staff must implement their emergency procedures training. A Code Red is an unstable situation that will stop all school functions and will involve law enforcement officers. Students and staff have full options on how to handle the situation including evacuation or lockdown. A Code Red means that you must get to the nearest safe place right away. If you are outside of a classroom, get to a classroom immediately or hide somewhere safe. If you are outside of the building you should go to the school evacuation point when the situation has ended.
- Students and staff are trained on these procedures each year and practice drills as required by the State of MN.
- MState provides audio alerts for emergency procedures broadcast throughout the MState campus.

SCHOOL PROPERTY AND SEARCHES

We conduct regular and random searches of everything on school property including the parking lot, lockers, and classrooms. The school district contracts with a detection business who assists in our searches.

SCHOOL LIAISON OFFICER

DLPS has a Detroit Lakes police officer assigned to work in our schools during the school year. Our students have benefited from the relationships they have with the officers who have worked in our schools. If you need to visit with our school resource officer, stop by the main office.

The school Liaison Officer's responsibilities include:

- Taking reports and conducting investigations of alleged criminal conduct which occur on school property or buses.
- Present to students, parents, teachers, and administrators information that relates to school safety.
- Attend school activities as appropriate.
- Be visible in the school climate and build positive relationships with students and staff.

STUDENT CONDUCT AND “The Big Five”

We expect our students to:

Attend - Everyday. All Day

Respect - Everyone deserves and gives respect.

Work - Do it! Effort is valued.

Restore - If you make a mistake, fix it!

Grow - Academic, personal, emotional, social, professional.

BUS TRANSPORTATION AND SAFETY

Transportation for students is provided by district buses, Olander Bus Company (847-7533), and Schultz Bus Company (847-9266). Rules for conduct on school buses are listed in detail in the Activity Calendar and school board policy. Building Administrators are responsible for dealing with discipline problems on the school bus. Failure to abide by rules of conduct will result in disciplinary action. The maintenance of the discipline policy as established by the School Board, will be carried out by the bus driver. For security reasons, the district may utilize surveillance equipment at school and on the bus.

Buses play vital roles in the life of a school and understanding bus safety is important for all students, parents, and staff. Many of our high school students ride buses to and from school, but even those who get to school in other ways will ride a school bus for various school-related activities.

Students receive training about bus safety from their teachers and Bus Drivers when they are in elementary and middle school, but, because many students do not ride the bus every day, many miss the annual bus safety training when they get to high school.

The following points are emphasized:

- **Always** return to the curb if a bus driver honks his horn.
- **Always** stay seated and use your inside voice when on the bus. “Back to back and seat to seat.”
- **Never** go into the “danger zone” (the area 10 feet around the bus) unless the bus driver tells you it is OK to get on the bus.
- **Always** listen to the bus driver’s instructions as they are helping keep you safe.

GENERAL INFORMATION

BACKPACKS

For school security, student health, and corridor congestion reasons, students are asked to limit the contents that are carried in their backpacks during the school day. Teachers will determine appropriate use and storage of backpacks in their settings during class time.

FEES

School Board Policy #542 - CLASSROOM SUPPLIES AND MATERIALS FEE

No student will be charged a fee for books or supplies necessary to complete the basic educational requirements for graduation. In classes (such as shop, ag, home economics, art, etc.) where projects are completed using materials (wood, metal, cloth, ceramics, paints, etc.) purchased by the school district, the project completed remains the property of the school district unless the student wishes to purchase the item for the actual cost of materials. In any class where a student elects to build or make an item above and beyond minimum course requirements, the student will pay for all materials used and retain ownership of such project.

FOOD AND BEVERAGES IN SCHOOL

Students are permitted to have food and beverages and are permitted to carry water with them during the school day unless specifically prohibited by the classroom teacher. Students are expected to assist in keeping our building clean and should dispose of garbage appropriately and report any spills immediately to the office or a classroom teacher. During lunch periods, students are expected to eat in the cafeteria, in the Commons or in other areas as determined by school administration.

GYMNASIUMS, WEIGHT ROOM, AND INSTRUCTIONAL SPACES

activities unless approval has been given by staff and/or administration.

Community Education activities will be under the supervision of the District #22 Community Education Director.

Money for your lunch account must be deposited in the Main Office in order to be credited to your family lunch account. Students are not permitted to have a negative balance in their account. It is the responsibility of the student and parent/guardian to ensure that adequate funds are in the student's lunch account.

If you are eligible for free or reduced priced meals, you must fill out the application each school year and return it to the Main Office. Forms are available in the main office of each school in the district as well as at the district administrative center.

Seniors with money left in their lunch account at the end of their senior year will leave the balance for their younger sibling at the high school or will be reimbursed by check made payable to the parent/guardian from the administration center.

The Main Office accepts cash and checks for deposit only. Change will not be given back from checks or cash presented to pay into a lunch account.

MATERIALS ISSUED TO STUDENTS

Students are responsible for all materials and textbooks issued to them as part of a class. Materials and textbooks will be collected at the end of each term. Materials and textbooks not turned in at this time will result in the cost of the item being assessed to the student.

MESSAGES

Telephone messages left by parents for students will be announced during the school day as time permits. The Main Office is not responsible for unclaimed messages or deliveries. Students will not be called out of class to receive phone messages unless an emergency situation exists and has been discussed with an administrator. Due to the number of students at DLALC, we ask that the number of individual student messages be kept to a minimum.

MILITARY RECRUITERS

In accordance with the "No Child Left Behind Act of 2001", school districts are required to provide the name, address, and telephone listing of secondary students to military recruiters upon request unless the parent or eligible student has requested the information not be released to military recruiters without prior consent. In such a case, the school district will seek to obtain the parent's or eligible student's written consent before releasing the data and, if there is refusal to give such consent, not provide the data.

Consider these messages your “warning.” Students violating this policy can be asked to turn the nuisance item over to the teacher and may retrieve it at the end of the school day from the office. Subsequent violations by the student will result in increased consequences as determined by school administration.

OFF CAMPUS BEHAVIOR

Schools are authorized to discipline students for off campus behavior as long as there is some connection between the behavior and the school and the behavior materially disrupts the school in some manner. Consequences for actions that occur off campus, but materially disrupt the school include, but are not limited to:

Out-of-school- suspension (OSS), loss of extra-curricular eligibility as defined by Minnesota State High School League bylaws, and social suspensions (revoking of privilege to attend extra-curricular or other school-sponsored activities). “Off Campus” is defined as locations not part of the school district. Parking lots on school property and property belonging to facilities used for school-sponsored activities are considered to be on campus.

PARKING

Driving to and from school is a privilege, not a right. Students must comply with all laws related to the operation of a motor vehicle in the State of Minnesota. Speeding, exhibition driving, etc. will result in automatic suspension of DLALC driving privileges.

PLEDGE OF ALLEGIANCE

The Pledge of Allegiance is recited by students and staff at least one time per week according to the Minnesota Statute 121A.11. Anyone who does not wish to participate in reciting the Pledge of Allegiance for any personal reasons may elect not to do so. POST-SECONDARY ENROLLMENT OPTIONS (PSEO)

Any student interested in PSEO or Concurrent Enrollment Courses (CE) must make an appointment with their school counselor and parents to discuss eligibility and graduation requirements. Students who fail classes at the ALC or Post-Secondary institution while enrolled in a PSEO program may lose their PSEO status and will be at risk of not graduating. More information about PSEO can be found on our school website by clicking on this link: <https://hs.dlschools.net/students/registration-information>

PROGRESS REPORTS AND REPORT CARDS

Progress reports and report cards can always be obtained electronically, at any time, by logging into your Skyward family or student access account. Parents can access their students' grades via the Skyward Parent Portal.

RECORDS

The school has student grades, attendance, and standardized test scores on file. If a student has attended several different schools, these records are now on file in Detroit Lakes.

A student or their parents may:

- review the contents of these records by making an appointment to do so with the Principal or a school counselor.
- have copies made of anything in the school records, but you are not permitted to take the original record out of the Counseling Center or the Main Office.
- place any statement or items in your record that you wish to, if it pertains to your schoolwork.
- request that items be removed from your file. In the event that you or your parent or guardian makes such a request,
 - the person in charge of the record may or may not grant the request. In the event the request is denied, you may appeal the decision to the next highest school official, and ultimately to the School Board.

Your records, or any part thereof, cannot be transferred in writing or orally to any other place without the written consent of you and your parent or guardian, with the exception of another public school in the state in which you have already enrolled after transferring from this school.

This means that your school will not, and cannot by law, without first receiving written consent from you and your parent or guardian:

- send a transcript of your school record to a college.
- send a transcript to a vocational school or university.
- give information from your record to a prospective employer.

Written consent can be given by using a form available in the Main Office of the principal or school counselor, or by writing a letter to the Main Office requesting the transfer of such records.

Students who are 18 years of age or older need not seek consent of their parents or guardian to exercise their rights of access or control of transfer of their records.

All students' records will be treated in accordance with the provisions of Public Laws 93-380, passed by Congress in 1974, and Chapter 479 of the 1974 Session Laws of the State of Minnesota. These laws and the resulting procedures described on these pages also apply to the records of all graduates of this school.

RELEASE OF DIRECTORY INFORMATION

Directory information includes, but is not limited to: the student's name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, the most recent previous educational agency or institution attended. It also includes the name, address and telephone number of the student's parent(s). Directory information does not include personally identifiable data that references religion, race, color, social position or nationality.

A. Student Contact Information

Under Minnesota law, a school district may not designate a student's home address, telephone number, email address, or other personal contact information as "directory information."

B. Parent Contact Information

The 2025 Minnesota legislature enacted the following: A parent's personal contact information must be treated as private data on individuals regardless of whether that contact information was previously designated as or treated as directory information under Minnesota Statutes, section 13.32, subdivision 2.

In addition, the 2025 Minnesota legislature enacted the following: Data concerning parents is private data on individuals but may be treated as directory information if the same procedures that are used by a school district to designate student data as directory information are followed, except that a parent's home address, telephone number, email address, or other personal contact information may not be treated as directory information.

SCHOOL-TO-WORK (STW)

The DLALC School-to-Work program connects the community and the classroom by providing meaningful and relevant learning experiences for all learners regardless of age. The three main goals of School-To-Work are:

1. Career Exploration
2. Application of Knowledge and Skills
3. A seamless transition from K-12 into post-secondary education or the workplace.

School-To-Work is a partnership between our schools, community organizations, employers, and post-secondary institutions. They work together to provide learning experiences that develop broad transferable skills which help students learn how school and careers fit together. Students learn academic knowledge, technical proficiency, task management skills, critical thinking skills, communication skills, team work, and problem solving skills

School-To-Work has three components. They are as follows:

- School-Based Learning: Students learn math, science, English/Language Arts, social studies,

technology and other knowledge, skills and standards in the context of the world of work.

- Work-Based Learning: Students gain practical experience and training through learning activities provided by community businesses and agencies. Examples are field trips, guest speakers, job shadowing, internships, mentorships, and youth apprenticeships.
- Connecting Activities: Links between employers, schools, teachers, and students are formed to match young people with employers, mentors, and other learning experiences.

SECTION 504

REHABILITATION ACT OF 1973 (ANNUAL NOTICE AND INFORMATION REGARDING SECTION 504 ACT)

Section 504 is an Act which prohibits discrimination against persons with disability in any program or activity that receives or benefits from Federal Financial assistance. The Act defines a person with a disability as anyone who:

1. has a physical or mental impairment which substantially limits one or more major life activities including activities such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning and working; or
2. has a record of such an impairment; or
3. is regarded as having such an impairment. (34 Code of Federal Regulations Part 104.3). In order to fulfill its obligations under Section 504, the Detroit Lakes School District #22 recognizes a responsibility to avoid discrimination in policies and practices regarding its personnel and learners. No discrimination against any person with a disability will be permitted in any of the programs and practices in the school system.

The school district has specific responsibilities under the Act, which include the responsibility to identify, evaluate and if the child is determined to be eligible under Section 504, provide access to appropriate education services.

If the parent or guardian disagrees with the determination made by the professional staff of the school district, he/she has a right to a hearing with an impartial hearing officer.

The Family Educational Rights and Privacy Act (FERPA) also specifies rights related to educational records. The Act gives the parent or guardian the right to:

1. inspect and review his/her child's educational records;
2. make copies of these records;
3. receive a list of all individuals having access to those records;
4. ask for an explanation of any item in the records;
5. ask for amendment to any report on the grounds that it is inaccurate, misleading, or violates the child's rights; and
6. a hearing on the issue if the school refuses to make the amendment.

Please contact the office at 844-5687 if you have questions.

POLICY 520: STUDENT SURVEYS PURPOSE

Occasionally the school district utilizes surveys to obtain student opinions and information about students. The purpose of this policy is to establish the parameters of information that may be sought in student surveys. Student surveys may be conducted as determined necessary by the school district.

STUDENT SURVEYS IN GENERAL

- A. Student surveys will be conducted anonymously and in an indiscernible fashion. No mechanism will be used for identifying the participating student in any way. No attempt will be made in any way to identify a student survey participant. There will be no requirement that the student return the survey, and no record of the student returning a survey will be maintained.
- B. Surveys containing questions pertaining to the student's or the student's parent(s) or guardian(s) personal beliefs or practices in sex, family life, morality and religion will not be administered to any student unless the parent or guardian of the student is notified in writing that such survey is to be administered and the parent or guardian of the student gives written permission for the student to participate in such survey. Any and all documents containing the written permission of a parent for a student to participate in a survey will be maintained by the school district in a file separate from the survey responses.

A complete copy of Policy 520 is available at any school, the district administration center, or the school website located at www.dlschools.net.

SURVEILLANCE EQUIPMENT

To help ensure the safety of students and staff, Detroit Lakes ALC uses video cameras for surveillance on school property including, but not limited to, hallways, the commons, the cafeteria, the gymnasium, and parking areas. Video cameras are not to be used for classroom surveillance unless the principal of the school and the teacher of the classroom consent to the surveillance.

Video cameras are not used at a time or location that would violate a student's reasonable expectation of privacy including, but not limited to, a locker room, lavatory, or another area where a student may disrobe.

TESTING

Minnesota's statewide assessments measure that curriculum and instruction in our schools are aligned to the academic standards, ensuring all students are being provided an equitable education. A statewide assessment is just one measure of your student's achievement, but your student's participation is important to understand how effectively the education is aligned to the academic standards.

In Minnesota's implementation of the federal Every Student Succeeds Act, a student not participating in the statewide assessments will not receive an individual score and will be counted as "not proficient" for the purpose of school and district accountability, including opportunities for school support and recognition.

Students who receive a college-ready score on the high school MCA are not required to take a remedial, non credit course at a Minnesota State college or university in the corresponding subject area, potentially saving

the student time and money.

Educators and policy makers use information from assessments to make decisions about resources and support provided.

School performance results that are publicly released and used by families and communities are negatively impacted if students do not participate in assessments. 27 / The Minnesota Comprehensive Assessments are given annually to students in grade 10 (reading), grade 11 (mathematics), and biology (science). A complete testing calendar will be available each year on the [assessment page](#) of the District website. Including information about the opting out procedures.

TITLE IX POLICY

It is the policy of the Board of Education of School District #22 not to discriminate on the basis of sex in its educational program, activities or employment policies as required by Title IX of the 1972 Education Amendments. Inquiries regarding compliance with Title IX may be directed to Title IX Coordinator at 702 Lake Avenue, Detroit Lakes (847-9271) or to the Director of the Office for Civil Rights, Department of Health and Welfare, Washington, D.C.

NICOTINE & TOBACCO

In accordance with State Law: No person shall at any time smoke, chew, or otherwise ingest tobacco, or carry or use an activated electronic delivery device as defined in section 609.685, subdivision 1, in a public school, as defined in section 120A.05, subdivisions 9, 11, and 13, This shall include school buildings, grounds and school owned vehicles. Possession of tobacco products by K-12 students on school property is prohibited.

Tobacco products are defined as “tobacco,” “tobacco-related devices,” and “electronic delivery devices” in Minnesota Statute 609.685.

WATER QUALITY

The Detroit Lakes School District will follow the recommendations of the Minnesota Department of Health’s “Lead Contamination Control in School Drinking Water Guidance Manual.” The Detroit Lakes School District completed lead in water testing of all potable water sources during the 2021-2022 school years. The Detroit Lakes School District followed Minnesota Department of Health’s protocol in the reduction of any water sources found to be above action levels of lead. There are no known sources of water above the recommended action level for lead. Testing will be completed every 5 years. The results of testing are available upon request.

TECHNOLOGY USE

Any cell phone or other recording device used to record any illegal activity will be confiscated by the SRO as evidence.

The Detroit Lakes Public School District has established School Board Policy 524 “Access to and Use of

the District Technology System (Networked Information Resources)” to detail district expectations and guidelines regarding the use of these resources. The information below is a summary of Policy 524. The full policy is available on the DLPS website at <https://meetings.boardbook.org/Public/Organization/2364>

The school district is providing students with access to the school district computer system, which includes Internet access. The purpose of the system is more specific than providing students with general access to the Internet. The school district system has a limited educational purpose, which includes use of the system for classroom activities, educational research, and professional or career development activities. Users are expected to use Internet access through the district system to further educational and personal goals consistent with the mission of the school district and school policies. Uses which might be acceptable on a user’s private personal account on another system may not be acceptable on this limited-purpose network.

Electronic mail as well as telephone communication, voicemail, and data stored, received or sent via DLPS phone equipment, computers and related computer equipment are the sole property of the school district. Users of these systems should assume no privacy with respect to these systems.

The use of the school district system and access to use of the Internet is a privilege, not a right. Depending on the nature and degree of the violation and the number of previous violations, unacceptable use of the school district system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate school district policies, including suspension, expulsion, or exclusion; or civil or criminal liability under other applicable laws.

UNACCEPTABLE USES

The following uses {not limited to those listed} of the school district system and Internet resources or accounts pertain to student users and are considered unacceptable:

1. Users will not use the school district system to access, review, upload, download, store, print, post, receive, transmit or distribute:
 - a. pornographic, obscene or sexually explicit material or other visual depictions;
 - b. obscene, abusive, profane, lewd, vulgar, rude, inflammatory, threatening, disrespectful, or sexually explicit language;
 - c. materials that use language or images that are inappropriate in the education or professional setting, or disruptive to the educational process;
 - d. information or materials that could cause damage or danger of disruption to the educational process;
 - e. materials that use language or images that advocate violence or discrimination toward other people (hate literature) or that may constitute harassment or discrimination.
2. Users will not use the district system to knowingly or recklessly post, transmit or distribute false or defamatory information about a person or organization, or to harass another person, or to engage in personal attacks, including prejudicial or discriminatory attacks.
3. Users will not use the school district system to engage in any illegal act or violate any local, state or federal statute or law.
4. Users will not use the school district system to vandalize, damage or disable the property of another person or organization, will not make deliberate attempts to degrade or disrupt equipment, software or system performance by spreading computer viruses or by any other means, will not tamper with, modify or change the school district system software, hardware or wiring or take any action to violate the school district’s security system, and will not use the school district system in such a way as to disrupt the use of the system

- by other users.
5. Users will not use the school district system to gain unauthorized access to information resources or to access another person's materials, information or files without the implied or direct permission of that person.
 6. Unless directed and for official school district use, users will not use the school district system to post private information about another person's personal contact information about themselves or other persons, or other personally identifiable information, including, but not limited to, addresses, telephone numbers, school addresses, work addresses, identification numbers, account numbers, access codes or passwords, labeled photographs or other information that would make the individual's identity easily traceable, and will not repost a message that was sent to the user privately without permission of the person who sent the message.
 - a. These prohibitions specifically prohibit a user from utilizing the school district system to post personal information about a user or another individual on social networks, including, but not limited to, social networks such as "Instagram", "Twitter" and "Facebook."
 7. Users must keep all account information and passwords for software (which is not housed or managed on the district network) on file and/or communicate the location of this information to the employee's building administrator or supervisor. It is not necessary to keep account information and passwords on file for Skyward or the district network login information. Users may not share account information or passwords with others users. Users will not attempt to gain unauthorized access to the school district system or any other system through the school district system, attempt to log in through another person's account, or use computer accounts, access codes or network identification other than those assigned to the user. Messages and records on the school district system may not be encrypted without the permission of appropriate school authorities.
 8. Users will not use the school district system to violate copyright laws or usage licensing agreements, or otherwise to use another person's property without the person's prior approval or proper citation, including the downloading or exchanging of pirated software or copying software to or from any school computer, and will not plagiarize works they find on the Internet.
 9. Users will not use the school district system for conducting business, for unauthorized commercial purposes or for financial gain unrelated to the mission of the school district. Users will not use the school district system to offer or provide goods or services or for product advertisement.

A student engaging in the foregoing unacceptable uses of the Internet when off school district premises also may be in violation of this policy as well as other school district policies. Examples of such violations are, but are not limited to, situations where the school district system is compromised or if a school district employee or student is negatively impacted. If the school district receives a report of an unacceptable use originating from a non-school computer or resource, the school district may investigate such reports to the best of its ability. Students may be subject to disciplinary action for such conduct, including, but not limited to, suspension or cancellation of the use or access to the school district computer system and the Internet and discipline under other appropriate school district policies, including suspension, expulsion, or exclusion.

If a user inadvertently accesses unacceptable materials or an unacceptable Internet site, the user shall immediately disclose the inadvertent access to an appropriate school district official. In the case of a school district employee, the immediate disclosure shall be to the employee's immediate supervisor and/or the building administrator. This disclosure may serve as a defense against an allegation that the user has intentionally violated this policy. In certain rare instances, a user also may access otherwise unacceptable materials if necessary to complete an assignment and if done with the prior approval of and with appropriate guidance from the superintendent.

FILTER

With respect to any of its computers with Internet access, the School District will monitor the online activities of minors and employ technology protection measures during any use of such computers by minors and adults. The technology protection measures utilized will block or filter Internet access to any visual depictions that are 1) obscene; 2) child pornography; or 3) harmful to minors. The term “harmful to minors” means any picture, image, graphic image file, or other visual depiction that:

1. Taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; or
2. Depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and
3. Taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

An administrator, supervisor, or other person authorized by the Superintendent may disable the technology protection measure, during use by an adult, to enable access for bona fide research or other lawful purposes. Violations of the above activities will result in disciplinary action, based upon the current discipline policy.

VIOLATION GUIDELINES

- 1st offense: Up to 30 days loss of computer privileges district wide and/or disciplinary action.
- 2nd offense: 60 days loss of computer privileges district wide, plus disciplinary action.
- 3rd offense: One calendar year loss of computer privileges district wide, plus disciplinary action.
- Depending upon the severity of the violation, additional actions may result.

The School District will educate students about appropriate online behavior including interacting with other individuals on Social Networking Websites and in chat rooms and cyber bullying awareness and response.

CONSISTENCY WITH OTHER SCHOOL POLICIES

Use of the school district computer system and use of the Internet shall be consistent with school district policies and the mission of the school district.

LIMITED EXPECTATION OF PRIVACY

- a) By authorizing use of the school district system, the school district does not relinquish control over materials on the system or contained in files on the system. Users should expect no privacy in the contents of personal files, including email, on the school district system.
- b) Routine maintenance and monitoring of the school district system may lead to a discovery that a user has violated this policy, another school district policy, or the law.
- c) An individual investigation or search will be conducted if school authorities have a reasonable suspicion that the search will uncover a violation of law or school district policy.
- d) Parents have the right at any time to investigate or review the contents of their child's files and e-mail files. Parents have the right to request the termination of their child's individual account at any time.
- e) The school district will cooperate fully with local, state and federal authorities in any investigation concerning or related to any illegal activities or activities not in compliance with school district policies conducted through the school district system.

LIMITATION ON SCHOOL DISTRICT LIABILITY

Use of the school district system is at the user's own risk. The system is provided on an "as is, as available" basis. The school district will not be responsible for any damage users may suffer, including, but not limited to, loss, damage or unavailability of data stored on school district diskettes, tapes, hard drives or servers, or for delays or changes in or interruptions of service or mis-deliveries or non-deliveries of information or materials, regardless of the cause. The school district is not responsible for the accuracy or quality of any advice or information obtained through or stored on the school district system. The school district will not be responsible for financial obligations arising through unauthorized use of the school district system or the Internet.

Detroit Lakes Public Schools cannot realistically censor access to all inappropriate materials. Use of the internet is at the user's own risk. The district will make every effort to monitor or control information accessible through the internet, but the district does not accept responsibility for any content found on the internet.

PARENTS' RESPONSIBILITY; NOTIFICATION OF STUDENT INTERNET USE

Outside of school, parents bear responsibility for the same guidance of Internet use as they exercise with information sources such as television, telephones, radio, movies and other possibly offensive media. Parents are responsible for monitoring their student's use of the school district system and of the Internet if the student is accessing the school district system from home or a remote location.

As with other curricular issues, parents have the option to request alternative educational activities not requiring Internet access. If a parent desires this option, requests should be made to the classroom teacher, a school counselor, or a school administrator.

By enrolling in Detroit Lakes Public Schools, parents and students agree to follow the policies and procedures implemented by the School Board and each school, including the policies regarding technology.

- **Title II of Americans with Disabilities Act** – Requires school districts to inform applicants, participants, and other interested persons of protections against discrimination based on disability under the Americans with Disabilities Act. The notice shall designate the responsible authority (name, office address, and telephone number) and grievance procedures shall be published. [28 C.F.R. 35.106](#) and [35.107](#)
- **Age Discrimination Act** – Requires school districts to notify students and others of protections against discrimination based on age. The notice shall designate the responsible authority (name, office address, and telephone number) and grievance procedures shall be published [34 C.F.R. 110.25](#)

Student Protections

- **Bullying Prohibition Policy** - School boards shall adopt a Bullying Prohibition Policy that conforms with Minnesota Statutes sections 121A.41 to 121A.56. The policy shall be conspicuously posted in the administrative offices of the school and school district in summary form; given to each school employee and independent contractor (if the contractor regularly interacts with students); included in the student handbook; and be available to all parents and other school community members in an electronic format in the languages appearing on the district or school website. [Minn. Stat. 121A.031](#).
- A district or school must include in student discipline policy that the district distributes or otherwise transmits to students and their parents annually at the beginning of each school year notice about rights and responsibilities of students and parents under the Safe and Supportive Minnesota Schools Act. [Minn. Stat. 121A.0311](#)
- **Malicious and Sadistic Conduct** - School districts and charter schools must adopt a written policy to address malicious and sadistic conduct and sexual exploitation. The policy must be conspicuously posted throughout each school building, distributed to each district or school employee and independent contractor at the time of hiring or contractions, and included in each school's student handbook. [Minn. Stat. 121A.0312](#)
- **NOTE:** MDE agreed that schools could update their existing Bullying Prohibition Policy to include this new law (rather than create a separate policy on malicious and sadistic conduct). Please note that the Bullying Prohibition Policy can be posted "in summary form." This phrase does not appear in the Malicious and Sadistic Conduct statute. Schools could choose to post the entire Malicious and Sadistic Conduct provisions and continue to post a summary of the Bullying Prohibition Policy (rather than post the entire Bullying Prohibition Policy).
- **Hazing Policy** - School boards shall adopt a written policy governing student or staff hazing that conforms with [Minn. Stat. 121A.69](#) and the [Pupil Fair Dismissal Act](#). The policy must appear in the student handbook.
- **Sexual, Religious, and Racial Harassment and Violence Policy** - School boards must adopt a written policy regarding harassment and violence based on sex, religion, and race that conforms with [Minn. Stat. Ch 363A](#). The policy must be included in each school's student handbook on school policies; conspicuously posted throughout each school building; and given to each district employee and independent contract. [Minn. Stat. 121A.03](#)

Testing Assessments

- **State Assessment Information** - School districts and schools must provide information on each assessment required by the state and the school district. The information must include: (1) subject matter assessed; (2) purpose of the assessment; (3) source of the requirement and if information is

available; (4) length of time expected and schedule for the assessments; and (5) time and format for disseminating results. 20 U.S.C. § 6311; [Minn. Stat. 120B.31, subd. 4\(a\)](#); [20 U.S.C. 6312\(e\)](#)

DLHS MISSION

The mission of Detroit Lakes Public Schools is to deliver educational excellence. You will often hear “Laker Pride” used around the district. A further illustration of our mission is represented in the graphic below. In addition our building goals are directly tied to this idea of “Laker Pride.” This graphic represents our road map for success not only at the district level, but at the building level as well.

Laker PRIDE

	Purpose our intention, what drives us	Deliver educational excellence.
	Relationships the ways we connect and behave toward each other	Care and communicate positively and respectfully within and across our schools and community. • District ↔ parents and community members • District ↔ building • Building ↔ teacher • Building ↔ parents • Teacher ↔ parent • Teacher ↔ students
	Innovation the creation, development and implementation of a new idea or concept to enhance educational opportunities	Embrace creativity and critical thinking. • Renew and bring up to date all systems and practices • Utilize growth mindset to hone existing intentions/objectives and explore new ideas • Support diverse ways of thinking and doing • Embed equity continually in every facet of our work
	Development a process that creates growth, progress, positive change or the addition of physical, economic, environmental, social and demographic components	Foster the academic, social, emotional, and cultural needs of all learners. • Implement and sustain PBIS at all levels • Hone our support for social/emotional health • Further learning and implementation of equitable feedback, assessment, grading and reporting • Provide professional development that supports PRIDE
	Equity the quality of being fair (not equal) and impartial	Ensure that our values, policies, and practices are equitable for our students, staff, and community. • Clarify and support understanding of equity vs. equality for all • Actively promote equity (institutional, personal, and instructional) • Remove systemic barriers • Accommodate different learning styles • Give students a voice

Electronic device procedures at DLHS

- **Cellphones are to be on silent and placed in the classroom phone caddy during academic class periods.**
 - All classrooms require students to place their devices in a phone caddy. It is our expectation that this occurs every class period.
 - Cell phones are not needed to carry out any academic work that our instructors have students complete.
 - As a 1:1 technology school, every student is issued a Chromebook each year that is capable of fulfilling all technology requests that are needed for academics.
- Earbuds and AirPods are not allowed in the classroom.
- When a student requests to use the restroom, their phone will remain in the classroom phone caddy.
- No Phones Are Allowed During Academic Intervention Time (AIT) or Advisory as these periods are treated just like any other classroom where attendance is taken.
- Important reminder: No unsolicited pictures should be taken of other students without consent at any time! Unsolicited pictures that are taken or sent to other students are a form of bullying or harassment and will not be tolerated.
- Phones can be used during passing time, during lunch, and in a course where the teacher specifically instructs students to use them for academic purposes only.

Consequences for inappropriate use

- First Violation
 - ◆ The device will be confiscated by the teacher and brought to the office.
 - ◆ The student can pick up their device at the end of the day.
 - ◆ The teacher will communicate home about the issue.
- Second Violation
 - ◆ The device will be confiscated by the teacher and brought to the office.
 - ◆ The student will meet with an administrator and call home.
 - ◆ The device will be held in the office for 5 days during school hours.
- Third Violation
 - ◆ The device will be confiscated by the teacher and brought to the office.
 - ◆ A parent meeting will be held to discuss solutions to the problem.
 - ◆ The device will be held in the office for 10 days during school hours.

*At any time if a student refuses to give an adult their device when asked, they will be brought to ISS in the main office and a parent meeting will be required.

**The administration reserves the right to adjust these consequences on a case-by-case basis if needed. For example, extreme behaviors that break the law or engaging in bullying or harassment of other students may result in different, more severe consequences.

Students receive information and reminders regarding expectations for cell phone and electronics usage throughout the year during advisory lessons.

Snow Day/Flex-Learning Day Plan

BAD WEATHER/SNOW DAY

DLPS will not have any Flex-Learning Days built into the schedule for the 2025-2026 School Year.

- We have built in makeup days at the end of May in case we need to use extra bad weather days during the school year. The District will notify families if these days need to be used. Bad Weather Make-up days are May 22, 26, 27, 28, and 29.

2 HOUR LATE START

In the event we must use a 2 hour late start schedule, students will attend all of the classes they were scheduled to attend that day. Classes on the 2 hour late start days will be shortened so students can go to all of their scheduled classes for the day.

- For example: If we have a 2 hour late start on an Odd Block day, students will report to their 1st hour class by 10:15.

ACADEMIC INTERVENTION TIME

Academic Intervention Time (AIT) is a period that is available for students 3 days each week (Tuesday, Thursday and Friday). Students are assigned to academic intervention time by instructors for help with academics, reassessments, to complete relearning, or to make up missing items. Students also have the ability to sign themselves up for help as well. There is intentional time for this on Monday and Wednesday during Laker Time to help students develop the important life skills of prioritizing and asking for help. Attendance during AIT time is required each day just like a regular class period unless you meet the criteria below.

- 9th graders may not leave the building during intervention time.
- 10th, 11th, and 12th graders who are caught up academically and not signed up for intervention by an instructor are allowed to leave by checking out at the main entrance.
 - ◆ Students must have their student I.D. to check out!

- ◆ Students must check out at the main entrance to leave the building!

Please help communicate the importance of this time with your student. Utilizing this time in our schedule effectively helps students who have questions, need extra support, or are struggling. Remember that our goal is to prepare students for success beyond our walls. Having flexible time in our schedule helps teach students how to prioritize and be responsible for their own learning. Two very important skills required as an adult. Our goal is not simply to provide "open hours" or "open time" for students during the day or during your senior year.

*If you are not caught up in courses or are struggling this is the primary resource to take advantage of!

LAKER TIME

Laker Time is an advisory period that is used to intentionally teach students about how our building works and organize themselves for academic success. Laker Time happens as needed during the school year and will be held either during AIT or during students' 3rd hour class. During this time students engage in lessons about building procedures, attendance, open lunch check-out, leaving for appointments, signing up for AIT, school safety, lockdowns, evacuation locations, mental health, and other building related items that help with success. Additionally, students check their emails and grades during this time and get themselves signed up for AIT sessions throughout the week. These are two very important things for students to learn and help them tremendously to succeed academically.

COMMUNICATION (Stay Connected)

DLHS employs several different methods of communication. Below are the most important ones for you to be aware of and know how to access.

1. Email

- Check your email regularly so that you do not miss important communications from your instructors or from administration.
- We have found that email is the most successful means of communication with parents. This includes the following very important items:
 - DLHS Newsletter: Weekly Wave is sent via email and routinely gets over 1,200 views each week.
 - BARR communication emails from teachers are sent via email updating parents/guardians on student strengths, concerns, and interventions that we are trying to help students succeed.
 - Attendance communications from DLHS are sent via email.
 - Positive Laker Pride tickets are sent to both students and parents via email.
- Please be sure that your email is updated in Skyward so that you do not miss any important information from our school!

STUDENT SUPPORT RESOURCES

COUNSELORS

School counselors play an important role in the development of our high school students. DLHS has three school counselors that provide student support for social and emotional well being, academic planning, college and career readiness. Mrs. Doreen Richter, Mrs. Sara Pender, and Mr. Nathan Ochsner have many years of experience in school counseling. They each bring unique experiences and expertise to our school as they serve our students as a connection to resources, advocates, liaisons between teachers, parents, and administration and most importantly as trusted adults to support our students throughout their high school careers. Our school counselors are organized by alphabet, with each serving approximately 280 students. They are available to meet with students by appointment in the counseling center, are frequently visible in classrooms or around our school, and work hard to build relationships with our students. If you have questions about academic schedules, post secondary options, or other school related matters handled by the counselors please contact the counseling center at 847-4491.

STUDENT SUPPORT SERVICES

DLHS also provides student support services to meet the needs of all students. In addition to school counselors, DLHS provides a Native American College and Career Facilitator, Chemical Health Coordinator, and has access to Stellher Mental Health Services. These groups all work together to provide appropriate services for all of our students at DLHS.

ATTENDANCE

DLHS ATTENDANCE PHILOSOPHY

“Every Student, Every Day”

A student's academic success is directly related to regular, daily attendance. Students who attend school every day receive opportunities for important contact with their teachers, a safe and stable environment, and establish a record of responsibility and dependability for themselves.

Detroit Lakes High School's minimum attendance goal for every student is 95% attendance. This means a student should not miss more than four days each semester or eight days during the course of the school year. Students who are absent from school for unauthorized reasons must understand that many of the activities that happen in class are not possible to make up and their grades could suffer because they have missed valuable learning opportunities because of their absences.

Minnesota state law (MN 120A.22; 120A.34) states the parents of every child between the ages of 7 and 17 are responsible for ensuring their child receives instruction with the primary purpose of that instruction being that the child acquires the knowledge and skills essential for effective citizenship.

The Detroit Lakes High School attendance procedures are guided by research from the organization Attendance Works. The idea behind this system is that we spend effort proactively teaching the importance of attendance, communicating effectively to parents and families about attendance issues, use attendance data to problem solve attendance issues, and creating high quality relationships with students and families so that coming to school is a priority. Please understand that any absence, even “excused absences” can have an effect on student achievement. The graphic below illustrates the difference between truancy and chronic absenteeism. Our goal is to reduce absences of all types so that our students have the best possible chance for success in their education! You will often hear the phrase: “Every Student, Every Day” when we talk about attendance.

PARENTAL NOTIFICATION OF STUDENT ABSENCES

A student becomes a “Continuing Truant” when a child who is subject to the compulsory instruction requirements (MN Statute 120A.22) is absent from instruction without valid excuse within a single school year for: (1) three days if the child is in elementary school; or (2) one class period on three separate days if the child is in middle school, junior high school, or high school.

DLHS follows state law concerning the procedure for addressing student absences (MN Statute 260A.01 - 260A.07)

- Upon the 3rd accumulated Non-Exempt absence, the school will notify the student and parents via phone/letter that their child has 3 absences in said class period. They will be invited to set up a meeting with the school. Becker County Social Services will also be notified.
- The purpose of these truancy prevention meetings is to solve issues causing poor attendance and create an attendance contract that prevents further absence from school.
- Upon the 7th accumulated Non-Exempt absence, the school will notify the student and parents via phone/letter. A meeting with parents will be required.
 - ◆ On the seventh unexcused absence the Becker County Social Services and the Becker County Attorney will be notified, requesting a petition of truancy be filed for those students required to be in school by the laws of the State of Minnesota.

*Remember that if students continue to accumulate Non-Exempt absences, especially after the implementation of a

truancy improvement plan and referral to Becker County, they can be dropped/failed from a course and lose credit. Students who are dropped or fail a course have to make up credits using the credit recovery options provided in the district.

DLHS ATTENDANCE INTERVENTION PROCEDURES

The graphic below outlines the specific procedures that DLHS follows when attendance concerns arise.

DLHS ATTENDANCE

It is essential that Detroit Lakes High School students and their families take responsibility for knowing and following the attendance expectations. Please review the following definitions and expectations closely:

ABSENCE REPORTING PROCEDURES

- 1. All Day Absence**
 - a. Parent/Guardian should report student absences using the Skyward Absence Notification App by 8:00 a.m. on the day of the absence.
- 2. Leaving Early**
 - a. Parent/Guardian can use the Skyward Absence Notification App if there is more than 2 hours before the absence.
 - b. If there is not 2 hours please call the HS Attendance Line: 218-847-4491
- 3. Arriving Late**
 - a. Student checks in at the Main Office with the greeter
 - i. Greeter updates the student's attendance
- 4. Illness At School**
 - a. Students who are unwell at school need to leave through the DLHS Health Office. Parents/Guardians will be notified.
- 5. Out of the Building Passes**
 - a. Students leaving early will be issued an electronic pass via email.
 - b. Students will check out if they are leaving early with the supervisor at the front door.

***Please allow a minimum of 2 hours during the school day to process your requested absence in Skyward Family**

Access.

****Note: The attendance line cannot accommodate last minute requests!**

- Parents are to contact the school prior to, or the day of, all planned absences and provide a reason for the student's absence.
- Absences which are not reported to the school with the required documentation when the student returns to school will be considered Non-Exempt.
 - ◆ Appointment verification is required for any appointments which take a student out of the school building during the school day.
 - ◆ Students are required to return to school with an appointment card from the clinic that includes the date and time of the appointment and are required to present this information to the office before going to class.
- The school district may require a signed note from a medical professional for absences due to illness or medical reasons, especially when those absences become excessive.
- A student who is absent due to participation in a school-sponsored activity does not need to be excused by a note or phone call from a parent.
- Students who are 18 years old and are independent as defined by section 152 of the Internal Revenue Code and who have provided documentation of independence may excuse their own absences, but are required to abide by all DLHS attendance rules and regulations. 18 year old students who are claimed as dependents by their parents or guardian are, in accordance with Minnesota Statute 120A.20, governed by the same set of rules and regulations that are applied to all other students.
- If a student arrives at school after classes have started or will be leaving before the school day has ended, they must report to the office to check-in and check-out.

ABSENCE CLASSIFICATIONS

Exempt Absences	Non-Exempt Absences
→ Absences approved by the state of Minnesota (120A.22): ◆ child illness verified by medical provider school nurse in writing ◆ medical, dental, orthodontic, or counseling appointments verified by the medical provider in writing; ◆ family emergencies (such as a house fire, critical injury to parent/guardian) ◆ the death or serious illness or funeral of an immediate family member ◆ active duty in any military branch of the United States ◆ The child has a condition that requires ongoing treatment for a mental health diagnosis ◆ Religious observations approved by parents (must notify DLHS in writing beforehand)	→ Medical appointments not verified by medical provider → College visits (beyond the first two per year) → Driver's training instruction → Emergency family matters not excused by the State of Minnesota → Family trips (beyond the first five days per year) → Others as determined by administration → Leaving campus without following proper check-out procedures in the office → Unverified absences → Personal appointments or activities → Babysitting → Transportation problems (any after 1 exempt) → Oversleeping, Running Late, studying, volunteering, etc → Skipping their assigned class period for any other reason → Others as determined by administration
Absences approved by school administration are Exempt	
◆ Child illness verified by medical provider or school nurse (Medical verification required after the eighth cumulative non-medically verified absence due to illness) ◆ School supported extra/co-curricular activities	

- ◆ School suspensions - Absences due to suspension do not apply to a student's total absence count. All schoolwork may be made up for full credit.
- ◆ Court dates/appearances
- ◆ College visits approved by administration (2 days per year; must notify DLHS in writing before the absence)
- ◆ Transportation problems (1 per year)
- ◆ Family trips (up to five days per year; includes hunting; must notify DLHS in writing before the absence)
- ◆ Others as determined by administration

*The reasons for not being in school listed under the Non-Exempt categories of Excused and Unexcused are examples and not to be considered a complete list. Any reason given that does not fall under the Exempt category will be considered Non-Exempt at the discretion of administration.

PARTICIPATION IN ACTIVITIES

To ensure that activities are uniform and known to all students, the Board of Education of I.S.D. #22 has adopted the Minnesota State High School League (MSHSL) participation rules and regulations for all activities offered to Detroit Lakes students, regardless of whether they are league activities or school sponsored activities.

A student must attend at least one-half of the school day (4 consecutive periods) in order to be allowed to participate in or attend after-school activities that day. If a student misses all day because of an Exempt absence, they may be allowed to participate upon the determination of an administrator.

A student must be in good standing academically, behaviorally, and in attendance to participate in activities. In addition to meeting the MSHSL eligibility requirements for participation, the administration reserves the right to limit participation by students deemed not to be making adequate progress toward graduation. The administration also reserves the right to limit participation by students with excessive behavioral detention hours.

A student who has been determined to have been truant from school will be ineligible to participate in the next competition, regardless of the date and/or time of the contest.

Instances of excessive absence from school and chronic tardiness will be handled on a case-by-case by school administration and consequences will be determined based on the merit of each case.

It is vital that students and parents communicate absences immediately to the school to ensure accurate attendance and avoid Loss of Privileges.

If there are any circumstances or issues interfering with your ability to attend class, visit with your counselor.

system seamlessly connects with and is built into our BARR (Building Assets Reducing Risks) system where all teachers, administrators, counselors, and support staff in our building work together each week to help students find success.

PARTIAL LOSS OF CREDIT FOR ATTENDANCE REASONS

Excessive absence in any class, excused or otherwise, could result in students earning partial/prorated credit for the course. Our highest priority is getting students to attend classes so that they can stay on track, earn credits, and graduate! Understand that courses at the High School level cannot simply be "made up" after lengthy time periods of learning loss. Allocation of full credit for a course requires consistent participation in daily instruction and interaction with classmates. If a student shows a continued pattern of absences or no effort in their courses without any improvement after staff intervention, it is likely they will be dropped from the course.

- Students who have been non-exempt in a class are eligible to be dropped from the classes they have been skipping. Drop/Failing a class will not happen until they qualify for the 7 Day Truancy Letter and will be built into

their Attendance Contract.

Appeal Process

Students and families that wish to appeal credit allocation or drop/fail should contact the principal or assistant principal to explain any extenuating circumstances that may have caused these absences. A conference with the AP and/or head principal will occur.

PRIVILEGES OPEN HOURS AND OPEN LUNCH

Open Hours

Students in grades 11-12 have the ability to have an "open hour" in place of a 7th class if it fits into their schedule and they are on track for graduation. This system works very well for building capacity in our students to manage their time wisely.

Having an open hour is a privilege and is directly tied to attendance and grades. Parent permission must be granted for a student to have an open hour. The requirements for having an open hour are below:

- ★ Open hours for 11th-12th can start as soon as the electronic parent permission form is submitted (*if students qualify with grades/attendance/and parent permission*).
- ★ **Students must check out for open hours at the Main Entrance Only!**
 - **If students do not check out they will be marked absent, unexcused!**
 - **If students leave through other doors, they will lose their open hours!**

Important Reminders About Open Hours

- *Parents always have the ability to request that their students not have open hours!*
- *Open hours can always be taken away for poor attendance or grades.*
 - ◆ *There are 4 intervals each semester where these checks are performed for grades.*
 - *Grade Check Intervals for Semester 1: mid-Oct, mid-Nov, mid-Dec, and mid-Jan.*
 - ◆ *Students may not have any F's and no more than 1 D in any course during the 4 grade check intervals.*
 - ◆ *Poor attendance can cause a loss of open hours at any time!*
- **Students must check out for open hours at the Main Entrance Only!**
 - ◆ **If students do not check out they will be marked absent, unexcused!**
 - ◆ **If students leave through other doors, they will lose their open hours!**

Open Lunch

Students in grades 10-12 have the ability to leave campus for lunch. Open lunch is a privilege that is tied to attendance (including tardies and unexcused absences) and grades. Below are the requirements for having an open lunch.

- **Less than 5 tardies to class**
 - ◆ Consequence: Lose open lunch for 1 week
 - ◆ Each tardy within this period will add an additional week of no open lunch!
- **Less than 3 days with an unexcused absence**
 - ◆ Consequence: Lose open lunch for 1 week
 - If a student has 1 more unexcused absence during the semester an additional week of no open lunch will be added!
 - If a student has more than 1 unexcused absence after the original 3, they will lose open lunch privilege for the remainder of the semester.
- **Not checking out at the main entrance and using other doors**
 - ◆ Consequence: Loss of open lunch for 1 week.
- **Passing all their classes**
 - ◆ Consequence: Loss of open lunch until they are passing all their classes
 - ◆ Interval checks for grades will be conducted for all students during the semester. *If they are failing classes during these checks, they will lose their open lunch privileges.*

- Semester 1: Oct. 11, Nov. 8, Dec. 6, Jan. 10.
- Semester 2: Feb. 7, Mar. 21, April 11, May 2,
- ◆ Students could also lose their open lunch for course failures at any time if academic concerns are discussed at a BARR meeting.
- ◆ This standard is very similar to our activity/athletic participation standard.

Important Reminders About Open Lunch

- Open lunch is a privilege, in fact, most schools do not have an open campus for lunch. We are fortunate to have this option for students here at DLHS but we need your partnership as parents to help enforce basic, minimum requirements for this luxury.
- *Parents always have the ability to request that their students not have open lunch!*
- Tardiness to classes (5+), Unexcused absences (3+), or having 2 or more course failures will result in loss of open lunch privileges for 1 week or until the student is passing all their classes.
 - ◆ Additional tardiness or unexcused absences during this period will result in another week of no open lunch privilege being added.
 - ◆ Once a student has completed their consequence week of no open lunch with no additional tardies, they will be given a clean slate.
 - ◆ In the case of grades, students will lose their open lunch privilege until they are passing all their classes.
- Poor behavior in the community can also result in loss of privilege for open lunch. These include calls for bad driving, littering in neighborhoods or the city park, or returning to school excessively late!
- **Students must check out at the Main Entrance Only!**
 - ◆ **If students do not check out they will be marked absent, unexcused!**
 - ◆ **If students leave out other doors in the building, they will lose their open lunch privilege!**

ACADEMICS

ACADEMIC INTEGRITY (CHEATING / PLAGIARISM)

Having academic integrity means:

- Being intellectually honest
- Possessing personal truthfulness
- Learning for its own sake
- Valuing the creations and opinions of others

You are *acting* with academic integrity when you:

- Take full credit for your own work, and give full credit to others who have helped you or influenced you, or whose work you have incorporated into your own.
- Represent your own work honestly and accurately.
- Collaborate with other students only as specifically directed and authorized.
- Report breaches of academic integrity to a teacher, counselor or administrator

What is cheating? Cheating is defined as seeking to obtain (or aiding another to obtain) credit or improved scores through the use of any unauthorized or deceptive means.

WHAT DOES CHEATING LOOK LIKE?

- **Sending answers, copies of assignments, or sharing Google Docs of assignments electronically with friends! (*This has been a common problem since the Pandemic!)**
- **Using AI tools to complete assignments for you!**
- Presenting someone else's information/work as your own (with or without their permission) or allowing someone else to use your work as his or her own.
- Taking shortcuts (such as unauthorized use of study aids) to bypass steps of an assignment.
- Using forbidden material, such as cheat sheets, graphing calculators, or cell phones, during an exam.
- Asking about or sharing questions and/or answers to quizzes and exams.
- Submitting the same work for more than one assignment without express permission from your teacher(s).

- Being dishonest with your teacher such as saying you've turned in an assignment when you did not, or that you've worked hours longer than you actually did to complete an assignment.
- Fabricating information to try to earn more time, more credit, or grading leniency on an assignment, project, or exam, ie. *"My dog ate my homework"*!
- Missing class in order to avoid turning in an assignment or taking a test.

WHAT ARE YOUR RESPONSIBILITIES?

- Read and know the *DLHS Academic Integrity Policy* AND observe all rules and consequences established by your teachers.
- Report to the teacher if cheating is taking place and how it is being done.
- Do not copy homework or let someone else copy your homework. Do not use study aids (ie. Sparknotes).
- Only work with others when the teacher has specifically given permission.
- Seek only appropriate help from parents, tutors, or other students; make sure it is pre-approved by the teacher.
- If working with other students is not approved, the assignment must be completed on your own.
- Take responsibility for doing your fair share on a collaborative assignment.
- On papers, do not summarize, paraphrase or quote without proper documentation.
- During tests/quizzes:
 - o Keep your paper covered and your eyes on your own paper.
 - o Clarify if notes, calculators, etc. can be used on the test.
 - o Do not talk during a test except to the teacher.
 - o Do not discuss any aspect of the test until the teacher has returned it or given permission to discuss it.

WHAT ARE THE CONSEQUENCES?

Students can face disciplinary consequences for academic dishonesty. These can include everything from losing credit and having to redo the assignment to suspension from school depending on the severity of the cheating. Keep in mind that this can also cause a "Code of Conduct" Violation from MSHSL sports and activities!

All parties concerned—students and parents—are to understand that the teachers and administrators professional judgment will determine whether a violation of the Academic Integrity Policy has occurred.

POLICY 621: GRADING AND REPORTING OF PUPIL ACHIEVEMENT

I. PURPOSE

The purpose of this policy is to establish grading and reporting practices that reflect a student's academic achievement of the course standards.

II. GENERAL STATEMENT OF POLICY

It is the Detroit Lakes Public School District's responsibility to ensure grades represent an accurate measure of each student's level of achievement pertaining to established local, state or national standards and the essential learning outcomes related to those standards.

For this reason, the District shall establish a clear and accurate system of grading student achievement and shall provide students, parents, teachers, and the community with reports that accurately reflect this information.

The Detroit Lakes Public Schools supports a system of guiding principles for clear and accurate grading and reporting policies and procedures. To achieve these goals, the grading and reporting system must reflect academic achievement; contain meaningful feedback; be honest, fair, transparent, credible, useful and user friendly; be criterion referenced; align with school board approved Detroit Lakes Public Schools curriculum; reflect consistency within and among courses, grade levels, departments, and/or schools; communicate in a clear and timely manner information to parties; reflect high expectations of all students across all courses and programs; and be developmentally appropriate for all students.

GRADING PARAMETERS

A. The primary purpose of grading is to determine the level of achievement of students related to essential learning expectations.

B. Additional purposes for grading include:

1. providing information to the students, their families, employers, and post-secondary institutions.
2. providing information that students can use for self-evaluation.
3. providing information that teachers can use to modify planning and instruction.
4. evaluating the effectiveness of instructional programs.

A complete copy of Policy 621 is available at any school, the district administration center, or the school website located at www.dlschools.net or <http://dlschools.net/page/2706>.

GRADING OF COURSES

DLHS Uniform Grading Scale: Unless the course has been granted an exception or is under specified grading parameters because it is a concurrent enrollment course, final grades are determined by at least **85%** of the final grade coming from Summative Assessments and at most **15%** coming from Formative Assessments for all courses.

- **Summative Assessments** are work conducted when a student has had adequate instruction and practice to be responsible for the material. It is designed to provide information to be used in making judgment about a student's achievement at the end of a sequence of instruction, e.g. final drafts/attempts, tests, exams, assignments, projects, performances.
- **Formative Assessments** are work conducted when a student is still learning the material. It is an assessment that is designed to provide direction for both students and teachers. For the students, the adjustment may mean reviewing, additional practice, or confirmation that they are ready to move forward. For the teachers, it may mean changing instructional strategies, providing additional practice, or being ready to move forward. (e.g. teacher observation, quizzes, homework, rough drafts, peer editing, or notebook checks).

All teachers at DLHS will use the following grading scale to determine final grades for all of their courses.

A	90%-100%
B	80%-89%
C	70%-79%
D	60%-69%
F	Below 60%

LETTER GRADE DESCRIPTIONS

For "Regular" courses (non-weighted courses):

<u>Grade</u>	<u>Grade Pts</u>	<u>Description</u>
A	4	Superior or excellent achievement. Student performance demonstrates thorough knowledge of the course materials and exceeds course expectations by completing all requirements in a superior manner.
B	3	Above Average or very good work. Student performance demonstrates above-average comprehension of the course materials and meets or exceeds course expectations on all tasks as defined in the course syllabus.
C	2	Average work or competence. Student performance demonstrates incomplete understanding of course materials, but still meets basic course expectations.
D	1	Below average or unsatisfactory work. Student performance demonstrates incomplete and inadequate understanding of course materials.
F	0	Failure. Student performance is significantly below teacher expectations and quality of work is of very poor quality and/or completeness.

For concurrent enrollment and Advanced Placement courses:

<u>Grade</u>	<u>Grade Pts</u>	<u>Description</u>
A	5	Extraordinary achievement. Student performance demonstrates full command of the course materials and evinces a high level of originality and/or creativity that far surpasses course expectations.
B	4	Superior or excellent achievement. Student performance demonstrates thorough knowledge of the course materials and exceeds course expectations by completing all requirements in a superior manner.
C	3	Very good work. Student performance demonstrates above- average comprehension of the course materials and meets or exceeds course expectations on all tasks as defined in the course syllabus.
D	1	Below Average or unsatisfactory work. Student performance demonstrates incomplete and inadequate understanding of course materials.
F	0	Failure. Student performance is significantly below teacher expectations and quality of work is of very poor quality and/or completeness.

REASSESSMENTS

The purpose of reassessment is to ensure that students have competency in the learning outcomes identified as essential. It is not designed for students to just earn enough points to get an “A” in the course or to “Pass” courses. Students will be allowed to take a reassessment on content if they complete the necessary steps outlined in the reassessment plan by the instructor of the course. Each instructor has a communicated reassessment plan that must be completed prior to any student getting a “retake” on a summative assessment. Remember that the ultimate goal of reassessment is to demonstrate learning and mastery, not just earn points. Additionally, all reassessments will follow the procedure outline below:

- A teacher may require students to complete all formative assessments tied to the summative assessment that is being retaken.
- A teacher may require students to complete all the steps in the “reassessment plan” that they have communicated at the beginning of the course. This includes a relearning plan detailing what students will need to do in order to earn a reassessment.
- No “blind reassessments;” students do not automatically get to just retake any assessment without demonstrating relearning. Remember that the goal is competency in learning, not earning points!
- The reassessment grade will never be lower than the original grade.
- The teacher may assign a reasonable timeline for reassessment. Typically this timeline is 2 weeks (10 days) from the time that feedback was provided on the original assessment.
 - ◆ Students have ten days from the date they receive feedback on the original assessment to meet with their teacher, complete their relearning, and schedule their reassessment.

DEADLINES

A common misconception in today’s grading practices is that “there are no deadlines” for students. This is not accurate. In fact, getting things done on time is one of the “10 Commandments for Career Success” that are taught as part of our academy model. Showing up reliably and on time everyday is perhaps one of the most important skills of all! At the same time we also understand and value that not all students learn at exactly the same pace. Below is an outline of some common deadlines that are given.

- Students will be allowed a reasonable amount of time to complete a “reassessment” or “retake” on a summative assessment.
 - ◆ Typically this is 10 school days from when feedback was given on the original assessment.
- Teachers may have a more strict deadline for Formative Assessments (practice).

WEIGHTED GRADES POLICY

In accordance with MN Statute: 124D.09, Subd. 12.Credits; grade point average weighting policy

Weighted grades are awarded to recognize the rigor of certain advanced coursework. At Detroit Lakes High School (DLHS), the following courses qualify for weighted grades:

Advanced Placement (AP) courses: Weighted at an additional 1.0 grade point. For example, an "A" in an AP course earns 5 grade points, compared to 4 grade points in a regular course.

Concurrent Enrollment (CE) and Post-Secondary Enrollment Options (PSEO) courses: Weighted at an additional 0.5 grade point. For example, an "A" in a CE/PSEO course earns 4.5 grade points.

Weighted grades for PSEO courses will only be awarded for equivalent CE courses offered at DLHS.

See attached list for CE courses offered at DLHS

Eligibility and Transfer Credits:

Weighted grades are awarded only for AP and CE/PSEO courses that align with DLHS curriculum.

When students transfer to DLHS, weighted credit will only be granted for AP courses that are also available to all DLHS students. CE/PSEO courses must meet DLHS curriculum standards to be eligible for weighted grades.

SCHEDULING PROCEDURES DROP/ADD

Drop Option

- There is a Schedule Change form available in the counseling office. Parents must sign the form before changes will be made to a student's schedule.
- Any drop after the 5th day of any course will result in an "F" for the class on the student's permanent transcript.
 - Unless exercising the one time "Withdraw Option." See below for more information.
- If students drop a course after the first 5 days, we will not move classes around in their schedule to accommodate

adding another class. Classes that can be added are the ones offered that hour, or they can replace the dropped class with a study hall and make up the credit at a later time.

- We will not overload other classes to accommodate course drops!
- If a student drops/withdraws from an AP course and they have already signed up to take the exam, a refund will not be given for the cost of the exam.
 - The school is required to pay for the AP exams prior to them being administered and we do not get refunds for students who choose not to take the exam!

***Course drop requests will be reviewed by administration for approval. They will take into account information from the counseling center, instructors, parents, and the student.**

****PSEO and Concurrent enrollment classes do not follow the DLHS drop/add timeline. ***PSEO Deadline*** The deadline to notify the school and meet with counselors is **May 30th, 2026** for the upcoming school year.**

SCHEDULING CHANGES

- **The following will be the only justifiable reasons accepted for schedule changes:**
 - You are missing a class (full time students must have at least 7 credits).
 - You have too many classes (students may have a maximum of 8 classes each semester).
 - You are scheduled for a class you've already taken.
 - You have completed a course on your schedule during summer school.
 - Schedule a class required for graduation.
 - There is a scheduling conflict.
 - Emergency situation approved by counselor and administrator.
 - You are exercising your Withdrawal Option.
- **Schedule changes will not be allowed for the following reasons:**
 - If you want to change your lunch period.
 - If you want a different teacher for a class.
 - If you want to change the period you have a certain class.
 - If you want to be in a class with a friend.
 - If you failed to turn in your registration sheet when it was due.

PASS/FAIL OPTION

- There is a Schedule Change form available in the counseling office. Parents must sign the form before changes will be made.
- **Students may take one course (not CE/AP/Advanced) for a Pass/Fail grade during their high school career. This needs to be determined by mid-semester.**

WITHDRAW OPTION

- There is a Schedule Change form available in the counseling office. Parents must sign the form before changes will be made.
- **Students may “withdraw” from one course during their high school career and get a “W” on their transcript. This gives them flexibility if things in their life are getting in the way of school.**
 - The deadline for withdrawing from a course is prior to 80% of the course completion.
 - Semester 1 deadline: December 13, 2024

The Academic Lettering Award is given to students who have demonstrated excellence in the classroom at Detroit Lakes High School earning a 3.5 GPA or higher. Students who qualify for an Academic Letter are given a physical letter with the

words academics on it, the first time they earn this award. In successive years, students will get an academic pin. Students can earn an academic letter each year that they are in high school.

The goals of the academic lettering program are:

- To recognize students who excel academically
- To demonstrate to students, staff, and the community the importance of academics. Especially effort over time.

GRADUATION CEREMONY PARTICIPATION

Participation in the Graduation Ceremony is a privilege extended to students who have met all state and school district graduation requirements by the date of the graduation ceremony and are in good standing with the school.

Examples of not being in good standing include, but are not limited to:

- Not accumulating enough credits
- Being under suspension or expulsion
- Committing school pranks that cause disruption, endanger other students, or damage school property.

All required coursework must be completed and turned in to the classroom teacher before 3:30 on the last day of school for Seniors. Students at risk of not participating in the ceremony and their parents are informed of their status on a regular basis throughout the school year.

GRADUATION CEREMONY STUDENT SPEAKERS

Student graduation speakers are nominated by students in the graduating class and staff. Administration has final decision making power on graduation speakers. Attendance, behavior, academics, positive school involvement, and content of speeches are all taken into consideration. All speeches must be pre-approved by DLHS Administration.

GRADUATION - EARLY

Students may be considered for early graduation, as provided for within Minn. Stat. 120B.07, upon meeting the following conditions:

1. All course, credit and academic standard requirements must be met.
2. The principal or designee shall conduct an interview with the student and parent or guardian, familiarize the parties with opportunities available in post-secondary education.
3. The principal's decision shall be in writing and may be subject to review by the superintendent and school board.

Early graduation is a privilege, and requires the written approval of a student's parent/guardian, a school counselor, and the principal. It also requires advanced planning so that the student meets all requirements established by the State Department of Education and the Board of Education of ISD #22. Students contemplating early graduation should contact the Counseling Center for additional information. Students who are early graduates, but who return to take additional classes, are subject to the same regulations and rules as all other students. In order for early grads to be eligible for spring activities:

1. You cannot accept your diploma until spring graduation exercises.
2. You must be properly enrolled and attending school regularly.
3. You must be carrying a minimum of six credits spring semester.
4. When you graduate and are a member of a team with a season in progress, you may complete the season providing three or fewer weeks remain of the regularly scheduled contests, excluding tournament play.

A complete copy of Policy #613 is available at any school, the district administration center, or the school website located at [this link](#).

PROGRESS REPORTS AND REPORT CARDS

Progress reports and report cards can always be obtained electronically, at any time, by logging into your Skyward family or student access account. Mid-term progress reports will be mailed for students in danger of or failing a course shortly after the mid-way point of each semester. Report cards will be mailed shortly after the end of a semester. End of semester dates are included in the district calendar. Parents who "opt out" of hard copy grade reports will only receive hard copy grade reports at the end of the school year.

LANGUAGE ACCESS PLAN

DLPS uses the follow methods of providing services to multilingual students:

ELIGIBILITY AND SCHOOL ACTIVITIES POLICY

The Detroit Lakes Public Schools adopts, and follows the Minnesota State High School League (MSHSL) rules for all extracurricular activities. In addition to the MSHSL rules, the district has established policies that pertain to student eligibility in activities. These rules and procedures will be shared with coaches/advisors, athletes and parents prior to the start of an activity.

The entire policy is available upon request from any school office, the district administration office, or on the school website located at www.dlschools.net.

BEHAVIOR & DISCIPLINE

STUDENT CONDUCT AND “LAKERS” PRIDE

We expect our students to show LAKERS PRIDE at DLHS. This stands for **L**eaders, having a good **A**ttitude, being **K**ind, striving for **E**xcellence, being **R**esponsible, and being **S**afe.

NON-EXCLUSIONARY DISCIPLINE

Maintaining a safe and welcoming learning environment is of utmost importance at DLHS. The procedures and policies below play a major role in maintaining the type of environment where students can learn, feel connected and safe here at school. When behavior issues do arise, DLHS staff intervene with the utmost professionalism with techniques that are pedagogically proven to improve student behavior. This includes the use of non-exclusionary discipline practices as a first resort whenever possible.

REMOVAL OF STUDENTS FROM CLASS OR ACTIVITY PERIODS

Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, assigning detention or other consequences, or contacting the student's parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student's conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy. “Removal from class” and “removal” mean any actions taken by a teacher, principal, or other school district employee to prohibit a student from attending a class or activity period for a period of time not to exceed five (5) days, pursuant to this discipline policy.

GROUND FOR REMOVAL FROM CLASS SHALL INCLUDE ANY OF THE FOLLOWING:

1. Willful conduct that significantly disrupts the rights of others to an education, including conduct that interferes with a teacher's ability to teach or communicate effectively with students in a class or with the ability of other students to learn;
2. Willful conduct that endangers surrounding persons, including school district employees, the student or other students, or the property of the school;
3. Willful violation of any school rules, regulations, policies or procedures, including the Code of Student
4. Other conduct, which in the discretion of the teacher or administration, requires removal of the student from class

REASONABLE FORCE STANDARD

A teacher, school principal, school bus driver, or other agent of the district, in exercising the person's lawful authority, may use reasonable force when it is necessary under the circumstances to correct or restrain a student to prevent bodily harm or death to the student or to another. (Minn. Stat. § 121A.582 Student discipline; reasonable force)

ALCOHOL, DRUGS, AND DRUG PARAPHERNALIA

Alcohol, Drugs, and Drug Paraphernalia have no place in schools and will not be tolerated at DLHS. Staff officials who have a reason to suspect use or possession of illegal drugs on school campus, are authorized to search the student, his/her locker, car or property and confiscate any contraband. If illegal items are discovered, parents/guardians will be notified as soon as possible by an administrator and may be requested to come to school immediately to help address the situation. This includes the use, possession and distribution of non-prescribed medications. Violations of this policy will result in the following:

- Suspension from school.
- Possible loss of parking privileges until a chemical health program has been completed.
- Referral to our Chemical Health Coordinator
- Referral to our Detroit Lakes Police SRO Officer
- Referral to outside chemical health agencies for repeat offenses.

ALCOHOL SCREENING FOR AFTER SCHOOL EVENTS

Detroit Lakes High School may choose to administer alcohol screening tests to students who choose to attend

after-school events such as dances, Prom, athletic contests, etc. Students who are detected to have alcohol in their system will be referred to an on-duty officer from the Detroit Lakes Police Department. Our School Resource Officer is always involved in these screenings.

COMPLIANCE WITH SCHOOL PERSONNEL

Students are expected to comply with all reasonable requests from any school personnel. Requests for a student's name, to accompany the staff member or report to the office, or directives to cease an activity are always considered reasonable requests. Refusal to comply with a reasonable directive, fleeing or giving a false name will be treated as insubordination and result in appropriate disciplinary action.

DISPLAYS OF AFFECTION

School is not the appropriate place for students to display physical affection. Students are asked to refrain from intimate behavior (kissing, embracing, etc.) during school or at school events. Teachers and staff members are instructed to address students whose displays of affection are not appropriate for school.

DISRUPTIVE BEHAVIOR

Each and every student is responsible for behaving in a manner that does not disrupt the order and safety of the learning environment. Students exhibiting behavior that creates or has the potential to disrupt the learning environment is in violation of school Rule 8 of District Discipline Regulations. Examples include, but are not limited to, throwing food in the lunchroom or being involved in activities such as the assassins game, which disrupt the learning environment of the school. Consequences may include mediation, in-school suspension, out-of-school suspension, and restitution for damages to the building and personal belongings.

BULLYING/CYBERBULLYING/MALICIOUS AND SADISTIC CONDUCT

The safety and wellbeing of all DLHS students is of the utmost importance to our staff. School Board Policy #514 supports our goal of preventing and responding to any act of bullying, intimidation, violence, or other disruptive behaviors.

"Bullying" means intimidating, threatening, abusive, or harming conduct that is objectively offensive and:

1. an actual or perceived imbalance of power exists between the student engaging in the prohibited conduct and the target of the prohibited conduct, and the conduct is repeated or forms a pattern; or
2. materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. The term, "bullying," specifically includes cyberbullying as defined in School Board policy #514.
3. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school premises, on school district property, at school functions or activities, or on school transportation. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student, other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges.

Malicious and Sadistic Conduct (New in 2023)

2023 legislation outlines the prohibition of malicious or sadistic conduct under the bullying provision. A definition of this type of conduct is below.

- "Malicious and sadistic conduct" means creating a hostile learning environment by acting with the intent to cause harm by intentionally injuring another without just cause or reason or engaging in extreme or excessive cruelty or delighting in cruelty.
- Malicious and sadistic conduct involving race, color, creed, national origin, sex, age, marital status, status with regard to public assistance, disability, religion, sexual harassment, and sexual orientation and gender identity as defined in Minnesota Statutes, chapter 363A is prohibited. This prohibition applies to students, independent contractors, teachers, administrators, and other school personnel.

DRESS CODE

The purpose of a dress code is to maintain a safe, respectful, professional learning environment for all students. Additionally, to ensure that all students are treated equitably regardless of gender, gender identification, sexual orientation, race ethnicity, cultural observance, body type/size, household income, religion and personal style. Students are generally allowed to wear clothing of their choice as long as it is not disruptive to the educational environment or causes a safety concern in school. Appropriate clothing includes clothes that are reasonably modest, commonly decent, covers the body well and is appropriate for school. Inappropriate clothing for school can include (but is not limited to) the following:

1. Creates a potential danger to students' health and safety
2. Creates disorder/distraction in the learning environment
3. Causes others to be intimidated by fear or violence
4. Apparel promoting illegal activity by minors (For example, drugs or alcohol)
5. Is offensive or discriminatory in nature (lewd, sexual in nature, or promotes chemical use)
6. Communicates a message that is racist, sexist, or otherwise derogatory.
7. Approve, advance or provoke any form of harassment and/or violence against any individual or group of people.

School administration reserves the right to make determinations relating to appropriate dress and attire in the event that questions arise relating to the details above. Minimally, students who are in violation of the dress code will be asked to remove offending items and store them in their locker or in the office. Students whose clothing is particularly offensive or who continue to violate this policy or who willingly fail to comply with directives to remove offending items will face disciplinary action for insubordination.

DISCIPLINARY ACTION OPTIONS

It is the general policy of the school district to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within the discretion of the school district. At a minimum, violation of school district rules, regulations, policies or procedures will result in discussion of the violation and a verbal warning. The school district shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the school district.

- **Examples of privileges afforded to students that may be lost due to misbehavior include: Open Lunch, Open Hour, parking in the school lot, attending school activities as a spectator, attending school dances and Prom, being part of the Homecoming or Snoball coronation, participation in the Graduation ceremony, participating in athletic competitions, and others determined by administration.**

FIGHTING AND ASSAULT

Fighting, Assault, or other acts of aggression will not be tolerated at DLHS. Students engaging in these behaviors will be suspended from school for a minimum of 3-5 days and referred to law enforcement for legal consequences.

HARASSMENT AND VIOLENCE

Everyone in the Detroit Lakes Public School has a right to feel respected and safe. Consequently, it is important for everyone to know about the district policy to prohibit sexual, racial, or religious harassment or violence.

A harasser may be a student or an adult. Harassment may include, but is not limited to any of the following when related to race, religion, sex or gender:

- a. Name calling, jokes or rumors;
- b. Pulling on clothes;
- c. Graffiti;
- d. Notes or cartoons;
- e. Unwelcome touching of a person or clothing;
- f. Offensive or graphic posters, book covers; or any words or actions that make you feel uncomfortable, embarrass you, hurt your feelings, or make you feel bad.

If any words or actions make you feel uncomfortable or fearful, you need to tell a teacher, counselor, social worker, principal, assistant principal, or the District Human Rights Officer.

You may also make a written report using your own paper or the district report form available in the principal's office, School District office, or the office of the Human Rights Officer. It should be given to the teacher, counselor, social worker, principal, assistant principal, or the District Human Rights Officer. Your right to privacy will be respected as much as possible.

We take all reports of sexual, racial, or religious harassment or violence seriously and will take timely and appropriate action based on your report. The School District will also take action if anyone tries to intimidate you or take action to harm you because you have made a report.

HAZING

At Detroit Lakes High School, hazing means committing an act against a person or coercing a person into committing an act that creates a risk of physical or emotional harm to a person (with or without the person's consent) in order for the person to be initiated into an organization or for any other purpose. Hazing activities of any type, including displays of clothing or other articles that promote hazing activities, are inconsistent with the educational goals of the school district and are prohibited at all times. The district's hazing policy applies to behavior that occurs on or off school property and during and after school hours and applies to any student organization even if the group is not an official school organization.

INAPPROPRIATE LANGUAGE

Use of profane and inappropriate language has no place in the school setting and may result in disciplinary action.

INSUBORDINATION

Insubordination means that a student does not comply with a reasonable request from a teacher, any staff member, administrator, or volunteer. When students display this type of behavior they jeopardize the safety of themselves and others in the school environment.

NUISANCE ITEMS

There are items that are not appropriate for the school setting and can cause disruption or distraction. Students in possession of these types of items will be asked by a staff member to turn them in. Examples include but are not limited to: laser pointers, liquid sprays, lighters, glow sticks, glitter, confetti, stink spray, etc..

RESPECT FOR PROPERTY

The citizens of the Detroit Lakes School District have provided us with amazing facilities. Students are expected to do their part in taking care of our building including classroom areas, hallways, and especially the commons/lunchroom. Students are always expected to clean up after themselves and will be reminded to do so if garbage, food, or other items are left in the common areas. We expect students to take pride in these amazing spaces and begin to learn the importance of keeping things in good condition.

SOCIAL MEDIA PROCEDURES

Schools are authorized to discipline students for off campus behavior as long as there is some connection (a "nexus") between the behavior and the school and the behavior materially disrupts the school in some manner. Social media can be one of these "nexus" to school and often is the place where harassment, bullying, hazing, and even cheating on academics take place in today's world.

Understand that the primary responsibility for monitoring student use of social media lies with the parent. DLHS will respond in accordance with the discipline policies established by our School Board and by the State of MN when students are harassed, bullied, otherwise mistreated, or participate in academic dishonesty using social media or other online means. One of the best tools we have to combat these online forms of bullying is to promote healthy use of social media with our children. Below is a social media emergency plan that we employ when issues arise on social media. Please help us by monitoring your student's use of social media accounts, and by reporting issues that you see to administration.

Social Media Emergency Plan

- Parents can always lock down their kids' accounts on different programs.

- Investigation Plan: DLHS will determine High, Medium, and Low Risk issues:
 - Step 1: Determine nature of the threat, bullying, harassment, or inappropriate conduct.
 - Step 2: Investigate and work to get content taken down from social media platforms.
 - Step 3: Communicate with families the steps taken and the next steps to help remedy the situation.
 - Step 4: Develop a safety plan moving forward for those affected.
 - Step 5: Conduct an after action review to ensure that the problem has been addressed appropriately.

TOBACCO/VAPING

In accordance with State Law and School Board policy #419, no student, teacher, administrator, other school personnel of the school district, or person may smoke or uses tobacco, tobacco-related devices, or carry or use an activated electronic delivery device in a public school. This prohibition extends to all facilities, whether owned, rented, or leased, and all vehicles that a school district owns, leases, rents, contracts for, or controls. In addition, this prohibition includes vehicles used, in whole or in part, for work purposes, during hours of school operation, if more than one person is present. This prohibition includes all school district property and all off-campus events sponsored by the school district.

***In accordance with District Policy #632 and State statute, tobacco used for the purpose of Indigenous ceremonies that are conducted under the supervision of a school official or Tribal Elder is not part of the tobacco policy referenced above. Indigenous students at DLHS regularly participate in smudging ceremonies and are encouraged to do so in celebration of their cultural heritage.**

WEAPONS/REPLICA WEAPONS/DANGEROUS OBJECTS

A “weapon” means any object, device or instrument designed as a weapon or through its use is capable of threatening or producing bodily harm or which may be used to inflict self-injury including, but not limited to, any firearm, whether loaded or unloaded; air guns; pellet guns; BB guns; all knives; blades; clubs; metal knuckles; num-chuks; throwing stars; explosives; fireworks; mace and other propellants; stun guns; ammunition; poisons; chains; arrows; and objects that have been modified to serve as a weapon. No person shall possess, use, or distribute anything which appears to be a weapon. Consequences for broken or fake weapons will be the same as for real and functional weapons.

VANDALISM

Vandalism is a violation of the law and will not be tolerated at DLHS. Student actions that cause damage to school equipment, property, or any property belonging to staff may result in suspension from school, payment for damages, restitution for the school’s expenses or a recommendation for expulsion.

IN-SCHOOL SUSPENSION

DLHS utilizes an In-School Suspension program for students who are not following the rules or are otherwise disrupting the operation of the school.

Students who violate the following rules will be assigned to ISS for the remainder of the school day:

- Skipping class (in a bathroom, wandering the hallways, hiding in a study room, in the wrong classroom, etc)
- More than one student in a single bathroom stall
- Leaving the building without permission (using a side door during the school day)

Students assigned to ISS will be marked Unexcused for the classes they are assigned to ISS unless they report to ISS and are cooperative (if a student is assigned to ISS for the afternoon and refuses to go to ISS by leaving school or hiding, they will be marked unexcused for those periods). Unexcused absences due to not reporting to ISS will count towards a student’s attendance ultimately resulting in being dropped from a class and earning a Failing grade on their transcript.

DLHS BEHAVIOR GUIDE

The behavior guide below is used by DLHS staff to respond to behaviors in a professional, research based, and consistent manner. Unique or special circumstances always arise that may call for a response that is different from a typical response listed in the chart below. Administration always has the ability to use discretion in these situations.

HEALTH, SECURITY, AND SAFETY

YOU FEEL SICK OR INJURE YOURSELF DURING SCHOOL?

- Ask your teacher for a pass to see the nurse. You will receive permission to use the telephone in the Main Office to contact your parents. The attendance secretary must speak to your parent and issue you a pass to leave the building. Be sure to follow proper sign-out procedures to avoid an unexcused absence.

MEDICATION ADMINISTRATION

In the event that it is necessary for you to take prescription medication during school hours, it is necessary to have a statement signed by your physician and parent, with medication named, directions for administration and an authorization for school personnel to administer the medicine. The form is available in the Main Office and should be returned to the school along with the medication in an originally labeled bottle from the pharmacy that issued the medication. Prescription medication must be kept in the health office and will be distributed under the supervision of a health assistant or certified staff member.

EMERGENCY PROCEDURES

EVACUATION AND LOCKDOWN DRILLS

The state of Minnesota requires all schools in the state to conduct eleven emergency drills during the course of a school year. Schools must conduct five fire drills, five lockdown drills in accordance with district emergency procedures, and one tornado drill.

LOCKDOWN EXPLANATIONS

- **CODE YELLOW** is a shelter in place alert that keeps students secured in rooms and suspends regular school functions, but still allows teachers to carry on with instruction in most situations. A Code Yellow may be used for a variety of situations and there is no reason to panic. Students not already in classrooms should report to their homeroom or the nearest classroom. Students are regularly trained on Code Yellow when we conduct our required lockdown drills each year.
- **CODE RED** is a lockdown emergency where all students and staff must implement their emergency procedures training. A Code Red is an unstable situation that will stop all school functions and will involve law enforcement officers. Students and staff have full options on how to handle the situation including evacuation or lockdown. A Code Red means that you must get to the nearest safe place right away. If you are outside of a classroom, get to a classroom immediately or hide somewhere safe. If you are outside of the building you should go to the school evacuation point when the situation has ended.
- Students and staff are trained on these procedures each year and practice drills are conducted in accordance with State law.

WATER SAFETY - TESTING FOR LEAD IN DRINKING WATER

The Detroit Lakes School District will follow the recommendations of the Minnesota Department of Health's "Lead Contamination Control in School Drinking Water Guidance Manual." The Detroit Lakes School District completed lead in water testing of all potable water sources during the 2021-2022 school years. The Detroit Lakes School District followed Minnesota Department of Health's protocol in the reduction of any water sources found to be above action levels of lead. There are no known sources of water above the recommended action level for lead. Testing will be completed every 5 years. The results of testing are available upon request.

STUDENT IDs

Students are expected to carry their Student ID with them in the building. Throughout the year student IDs are scanned for attendance when students leave or enter the building during the day. They are also used in the media center to check out school materials. Students will be issued their student ID once they arrive after pictures. DLHS Student IDs also contain the Suicide Prevention information below as required by State Law.

SCHOOL DOORS

Students are expected to use the primary entrance and check in or out during the school day. All other doors will be locked during the school day for security purposes. Propping of doors to get back in after lunch or to let other students into the building is a major safety concern and will not be tolerated. Using doors inappropriately will result in disciplinary action.

SCHOOL PROPERTY AND SEARCHES

We conduct regular and random searches of everything on school property including the parking lot, lockers, and classrooms. The school district contracts with a detection business who assists in our searches.

SCHOOL LIAISON OFFICER

DLPS is thankful to have a Detroit Lakes police officer assigned to work in our schools during the school year. Our students have benefited from the relationships they have with the officers who have worked in our schools. If you need to visit with our school resource officer, stop by the main office.

The school Liaison Officer's responsibilities include:

- Taking reports and conducting investigations of alleged criminal conduct which occur on school property or buses.
- Present to students, parents, teachers, and administrators information that relates to school safety.
- Attend school activities as appropriate.
- Be visible in the school climate and build positive relationships with students and staff.

BUS TRANSPORTATION AND SAFETY

Transportation for students is provided by district buses, Olander Bus Company (847-7533), and Schultz Bus Company (847-9266). Rules for conduct on school buses are listed in detail in the Activity Calendar and school board policy. Building Administrators are responsible for dealing with discipline problems on the school bus. Failure to abide by rules of conduct will result in disciplinary action. The maintenance of the discipline policy as established by the School Board, will be carried out by the bus driver. For security reasons, the district may utilize surveillance equipment at school and on the bus.

Buses play vital roles in the life of a school and understanding bus safety is important for all students, parents, and staff. Many of our high school students ride buses to and from school, but even those who get to school in other ways will ride a school bus for various school-related activities.

Students receive training about bus safety from their teachers and Bus Drivers when they are in elementary and middle school, but, because many students do not ride the bus every day, many miss the annual bus safety training when they get to high school.

The following Bus Safety instructions are emphasized:

- **Always** return to the curb if a bus driver honks his horn.
- **Always** stay seated and use your inside voice when on the bus. "Back to back and seat to seat."
- **Never** go into the "danger zone" (the area 10 feet around the bus) unless the bus driver tells you it is OK to get on the bus.
- **Always** listen to the bus driver's instructions as they are helping keep you safe.

GENERAL INFORMATION

AREA LEARNING CENTER

The Detroit Lakes Area Learning Center was established to meet the needs of students who have experienced difficulty in the public educational system. Students must meet Graduation Incentive criteria to qualify for any of the Area Learning Center's alternative programs. ALC referrals are available in the Counseling Center and will be reviewed by the Student Assistance Team for consideration of alternative services.

BACKPACKS

For school security, student health, and corridor congestion reasons, students are asked to limit the contents that are carried in their backpacks during the school day. Teachers will determine appropriate use and storage of backpacks in their settings during class time.

CHILD ABUSE/NEGLECT POLICY/PROCEDURES

1. It is the policy of Independent School District #22 to protect children whose health or welfare may be jeopardized through physical, emotional or sexual abuse and conditions of neglect.
2. It is the policy of Independent School District #22 to comply with the law requiring the reporting of suspected physical, emotional or sexual abuse and conditions of neglect involving children.
3. The reporting of maltreatment of minors shall be strictly in accordance with provisions of Minnesota Statute, Chapter 625.556.

For further interpretation or assistance contact the District Social Worker.

A complete copy of Policy 414 is available at any school, the district administration center, or the school website located at <https://meetings.boardbook.org/Public/Organization/2364>

DIRECTORY INFORMATION

In accordance with FERPA, School Board Policy #515 and Minnesota State Statute DLHS protects the privacy of pupil records using the following standards.

A. Student contact information

Under Minnesota law, a school district may not designate a student's home address, telephone number, email address, or other personal contact information as "directory information."

B. Parent contact information

The 2025 Minnesota legislature enacted the following: A parent's personal contact information must be treated as private data on individuals regardless of whether that contact information was previously designated as or treated as directory information under Minnesota Statutes, section 13.32, subdivision 2.

In addition, the 2025 Minnesota legislature enacted the following: Data concerning parents is private data on individuals but may be treated as directory information if the same procedures that are used by a school district to designate student data as directory information are followed, except that a parent's home address, telephone number, email address, or other personal contact information may not be treated as directory information.

The federal FERPA definition of "directory information" states: "Directory information" means information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. It includes the student's name; address; telephone listing; electronic mail address; photograph; date and place of birth; major field of study; dates of attendance; grade level; enrollment status (i.e., full-time or part-time); participation in officially recognized activities and sports; weight and height of members of athletic teams; degrees, honors and awards received; and the most recent educational agency or institution attended. It also includes the name, address, and telephone number of the student's parent(s).

Directory information *does not* include:

- a. a student's social security number
- b. a student's identification number (ID), user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems if the identifier may be used to access education records without use of one or more factors that authenticate the student's identity such as a personal identification number (PIN), password, or other factor known or possessed only by the authorized user;
- c. a student ID or other unique personal identifier that is displayed on a student ID badge if the identifier can be used to gain access to educational records when used in conjunction with one or more factors that authenticate the student's identity, such as a PIN, password, or other factor known or possessed only by the student;
- d. personally identifiable data which references religion, race, color, social position, or nationality; or
- e. data collected from nonpublic school students, other than those who receive shared time educational services, unless written consent is given by the student's parent or guardian.

FEES

School Board Policy #542 - CLASSROOM SUPPLIES AND MATERIALS FEE

No student will be charged a fee for books or supplies necessary to complete the basic educational requirements for graduation. In classes (such as shop, ag, home economics, art, etc.) where projects are completed using materials (wood, metal, cloth, ceramics, paints, etc.) purchased by the school district, the project completed remains the property of the school district unless the student wishes to purchase the item for the actual cost of materials. In any class where a student elects to build or make an item above and beyond minimum course requirements, the student will pay for all materials used and retain ownership of such project.

A complete copy of Policy 542 is available at any school, the district administration center, or the school website located at

<https://meetings.boardbook.org/Public/Book/2364?docTypeId=223646&file=a3d6d3a6-98dd-4e0e-87f9-7c4c33eba9f5>

FOOD AND BEVERAGES IN SCHOOL

Students are permitted to store food and beverages in their lockers and are permitted to carry water with them during the school day unless specifically prohibited by the classroom teacher. Students are expected to assist in keeping our building clean and should dispose of garbage appropriately and report any spills immediately to the office or a classroom teacher. During lunch periods, students are expected to eat in the cafeteria, in the Commons or in other areas as determined by school administration.

GYMNASIUMS, WEIGHT ROOM, AND INSTRUCTIONAL SPACES

The High School gymnasiums, weight rooms, and all instructional workspaces are not available for unsupervised activities. Students will not use these facilities unless a teacher or other administration-approved staff member is in attendance to supervise. Community Education activities will be under the supervision of the District #22 Community Education Director.

HALL PASSES

Students are required to obtain permission from their teacher before leaving their classroom. Hall passes are used regularly at DLHS. Students are provided a hall pass they are to keep with them while in the hallway. If students are asked by an adult to see their hall pass, the expectation is that students respectfully comply with this request.

LOCKERS - PROPERTY

School lockers are the property of the school district. At no time does the school relinquish its exclusive control of lockers provided for the convenience of students. Inspection of the interior of lockers may be conducted by school authorities for any reason at any time, without notice, without student consent and without a search warrant. The personal possessions of students within a school locker may be searched only when school authorities have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student's personal possessions, school authorities must provide notice of the search to the students whose lockers were searched unless disclosure would impede an ongoing investigation by police or school officials. The School District may use contraband-sniffing dogs through law enforcement or private certified contractors to conduct a general search of the hallways adjacent to student lockers. If the contraband-sniffing dog indicates that contraband is located in a locker, the interior of the locker and the items inside the locker will be searched.

Lockers should be used to house your textbooks and other school materials when they are not in use, and other personal belongings. You will be assigned a locker at the beginning of the year and will be expected to use that locker for the entire school year unless assigned another locker by a school principal. Students will be expected to keep their lockers clean and any item displayed within the locker should be in accordance with school policy.

It is important that you not share your locker or locker combination with any other student. Students are responsible at all times for their personal property and all items in their locker. You will be expected to keep your locker clean during the school year.

A complete copy of Policy #502 is available at any school, the district administration center, or the school website located at <https://meetings.boardbook.org/Public/Organization/236>.

LUNCH ACCOUNTS

Money for your lunch account must be deposited in the Main Office in order to be credited to your family lunch account. Students are not permitted to have a negative balance in their account. It is the responsibility of the student and parent/guardian to ensure that adequate funds are in the student's lunch account.

Seniors with money left in their lunch account at the end of their senior year will leave the balance for their younger sibling at the high school or will be reimbursed by check made payable to the parent/guardian from the administration center.

The Main Office accepts cash and checks for deposit only. Change will not be given back from checks or cash presented to pay into a lunch account.

On March 17, 2023, Governor Walz signed the MN Free School Meals bill into law. The MN Free School Meals Program is a permanent program that provides state reimbursement to schools that participate in the National School Lunch Program and the School Breakfast Program so that students can have one breakfast and one lunch at no extra cost to the student when they are in school. The Free School Meals Program began on July 1, 2023.

What is the Minnesota Free School Meals Program?

The Minnesota Free School Meals Program provides state reimbursement to schools that participate in the National School Lunch Program and School Breakfast Program so that students can have one breakfast and one lunch at no cost at school.

Can the meals be picked up or brought home like we did during the pandemic?

No. Congregate meal service is required in the National School Lunch Program and the School Breakfast Program. Meals may not be taken off campus, sent home, delivered, or picked up by parents or others.

Do I still need to complete the Application for Educational Benefits?

It is important for families to complete the Application for Educational Benefits. Applications for Educational Benefits determine how much funding your child's school receives for educational programs and supports. Additionally, eligible families can qualify for other benefits, such as: • WIC Benefits • Metro Transits' Transit Assistance Program • FCC Affordable Connectivity Program/Reduced price internet programs • Some summer camps, athletics programs and/or child cares offer scholarships or discounts.

What is included in the MN Free School Meals Program?

In schools with Offer versus Serve (high schools and many elementary schools): • At breakfast, the student must choose at least 3 items to be counted as a reimbursable meal. The student must choose a ½ cup serving of fruit or vegetable as part of their breakfast. • At lunch, the student must choose at least 3 components to be counted as a reimbursable meal. The student must choose a ½ cup serving of fruit or vegetable as part of their lunch.

If you are eligible for free or reduced priced meals, you must fill out the application each school year and return it to the Main Office. Forms are available in the main office of each school in the district as well as at the district administrative center.

MATERIALS ISSUED TO STUDENTS

Students are responsible for all materials and texts issued to them as part of a class. Materials and textbooks will be collected at the end of each term. Materials and textbooks not turned in at this time will result in the cost of the item being assessed to the student.

MESSAGES

Telephone messages left by parents for students will be announced during the school day as time permits. The Main Office is not responsible for unclaimed messages or deliveries. Students will not be called out of class to receive phone messages unless an emergency situation exists and has been discussed with an administrator. Due to the number of students at DLHS, we ask that the number of individual student messages be kept to a minimum.

MILITARY RECRUITERS

In accordance with the “No Child Left Behind Act of 2001”, school districts are required to provide the name, address, and telephone listing of secondary students to military recruiters upon request unless the parent or eligible student has requested the information not be released to military recruiters without prior consent. In such a case, the school district will seek to obtain the parent’s or eligible student’s written consent before releasing the data and, if there is refusal to give such consent, not provide the data.

MOBILE PHONES AND PERSONAL ELECTRONIC DEVICES (PEDS)

Electronic device procedures at DLHS:

1. Cellphones are to be on silent and placed in the classroom phone caddy during academic class periods.
2. All classrooms require students to place their devices in a phone caddy. It is our expectation that this occurs every class period.
3. Cell phones are not needed to carry out any academic work that our instructors have students complete.
4. As a 1:1 technology school, every student is issued a Chromebook each year that is capable of fulfilling all technology requests that are needed for academics.
5. Earbuds and AirPods are not allowed in the classroom.
6. When a student requests to use the restroom, their phone will remain in the classroom phone caddy.
7. No Phones Are Allowed During Academic Intervention Time (AIT) or Advisory as these periods are treated just like any other classroom where attendance is taken.
8. Important reminder: No unsolicited pictures should be taken of other students without consent at any time! Unsolicited pictures that are taken or sent to other students are a form of bullying or harassment and will not be tolerated.
9. Phones can be used during passing time, during lunch, and in a course where the teacher specifically instructs students to use them for academic purposes only.

Consequences for inappropriate use:

- First Violation
 - ◆ The device will be confiscated by the teacher and brought to the office.
 - ◆ The student can pick up their device at the end of the day.
 - ◆ The teacher will communicate home about the issue.
- Second Violation
 - ◆ The device will be confiscated by the teacher and brought to the office.
 - ◆ The student will meet with an administrator and call home.
 - ◆ The device will be held in the office for 5 days during school hours.
- Third Violation
 - ◆ The device will be confiscated by the teacher and brought to the office.
 - ◆ A parent meeting will be held to discuss solutions to the problem.
 - ◆ The device will be held in the office for 10 days during school hours.

*At any time if a student refuses to give an adult their device when asked, they will be brought to ISS in the main office and a parent meeting will be required.

**The administration reserves the right to adjust these consequences on a case-by-case basis if needed. For example, extreme behaviors that break the law or engaging in bullying or harassment of other students may result in different, more severe consequences.

Students receive information regarding expectations for cell phone and electronics usage throughout the year during advisory lessons. Consider these messages your “warning.” Students violating this policy will be asked to turn the nuisance item over to the teacher and may retrieve it at the end of the school day from the office. Students violating this policy may be required to turn the nuisance item into the office for five school days. The student may retrieve the item at the end of each day. Subsequent violations by the student will result in increased consequences as determined by school administration.

NEXUS TO SCHOOL/OFF CAMPUS BEHAVIOR

Schools are authorized to discipline students for off campus behavior as long as there is some connection (a “nexus”) between the behavior and the school and the behavior materially disrupts the school in some manner. Consequences for actions that occur off campus, but materially disrupt the school include, but are not limited to: placement in in-school-suspension (ISS), out-of-school- suspension (OSS), loss of extra-curricular eligibility as defined by Minnesota State High School League bylaws, and social suspensions (revoking of privilege to attend extra-curricular or other school-sponsored activities). “Off Campus” is defined as locations not part of the school district. Parking lots on school property and property belonging to facilities used for school-sponsored activities are considered to be on campus.

OPEN ENROLLED STUDENTS

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minn. Stat. § 124D.03) or Enrollment in Nonresident District (Minn. Stat. § 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minn. Stat. Ch. 260A), and the student’s case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of sixteen (16) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

PARKING

All students must obtain a parking permit for any vehicle they plan to park in the school’s student parking lot. Parking permits are \$20 and available in the Main Office. Parking of student cars will be permitted only in the student parking lot to the south and west of the building. The northeast parking lot is reserved for staff parking and school bus use only.

Violations of parking policy include:

- Failing to follow posted traffic signs and markings
- Failing to follow standard traffic laws
- Parking anywhere except the southwest student parking lot (No parking in visitor spaces, handicapped spaces, or Laker Pride spaces without a permit)
- Parking in a way which occupies more than a single parking space. Consequences for violating the parking expectations may include:
 - assigned detention time, or
 - fined for illegal parking or not having a parking permit (minimum \$5), or
 - denied the privilege of parking in school’s student parking lot and warned that further violations will result in towing, or
 - towed at the owner/operator’s expense. Damage that may be incurred as a result of towing shall be the sole responsibility of the owner/operator.

PARKING FINE SCHEDULE

- 1st Violation – \$5 Fine
- 2nd Violation – \$5 Fine
- 3rd Violation – \$20 Fine and Parking Permit revoked for the remainder of the school year.
- 4th Violation – \$20 Fine and Towed (due to being banned from DLHS Parking Lots in 3rd violation)

PESTICIDE USE

Occasionally pesticides are used to control harmful insects or weeds. Parents and students will be notified if pesticides are used in the building or on the grounds.

PLEDGE OF ALLEGIANCE

The Pledge of Allegiance is recited by students and staff at least one time per week according to the Minnesota Statute 121A.11. In accordance with State Law, anyone who does not wish to participate in reciting the Pledge of Allegiance for any personal reasons may elect not to do so. Students must respect the rights of others to make the choice to say or not to say the Pledge of Allegiance. Any disruption during this time may result in disciplinary action.

POST-SECONDARY ENROLLMENT OPTIONS (PSEO)

Any student interested in PSEO or Concurrent Enrollment Courses (CE) must make an appointment with their school counselor and parents to discuss eligibility and graduation requirements. Students who fail classes at the high school or Post-Secondary institution while enrolled in a PSEO program may lose their PSEO status and will be at risk of not graduating. More information about PSEO can be found on our school website by clicking on this link: <https://hs.dlschools.net/students/registration-information>

*Note that there are deadlines for enrollment in PSEO that are communicated to both students and parents.

POSTERS

1. Posters or signs shall not be placed in the building without permission from a building administrator. The main office will mark all approved posters.
2. Approved posters may be placed in the following designated areas:
 - On designated bulletin boards in the halls;
 - In the commons area;
 - In individual rooms and in the display cases if the student has permission from the teacher.
3. Posters shall be neat in appearance and appropriate in subject matter, grammar, spelling, etc.
4. Posters allowed to be displayed in Detroit Lakes High School are:
 - those having to do with Detroit Lakes High School events, or
 - other school sponsored activities.
5. Posters shall be removed by the organization the day after the event or function they advertised.

RECORDS

The school has student grades, attendance, and standardized test scores on file. If a student has attended several different schools, these records are now on file in Detroit Lakes. A student or their parents may:

- review the contents of these records by making an appointment to do so with the Principal or a school counselor.
- have copies made of anything in the school records, but you are not permitted to take the original record out of the Counseling Center or the Main Office.
- place any statement or items in your record that you wish to, if it pertains to your schoolwork.
- request that items be removed from your file. In the event that you or your parent or guardian makes such a request,
 - the person in charge of the record may or may not grant the request. In the event the request is denied, you may appeal the decision to the next highest school official, and ultimately to the School Board.

Your records, or any part thereof, cannot be transferred in writing or orally to any other place without the written consent of you and your parent or guardian, with the exception of another public school in the state in which you have already enrolled after transferring from this school. This means that your school will not, and cannot by law, without first receiving written consent from you and your parent or guardian:

- send a transcript of your school record to a college.
- send a transcript to a vocational school or university.
- give information from your record to a prospective employer.

Written consent can be given by using a form available in the Main Office of the principal or school counselor, or by writing a letter to the Main Office requesting the transfer of such records.

Students who are 18 years of age or older need not seek consent of their parents or guardian to exercise their rights of access or control of transfer of their records.

All students' records will be treated in accordance with the provisions of Public Laws 93-380, passed by Congress in

1974, and Chapter 479 of the 1974 Session Laws of the State of Minnesota. These laws and the resulting procedures described on these pages also apply to the records of all graduates of this school.

RELEASE OF DIRECTORY INFORMATION

The school district may disclose directory information from the education records of a student and information regarding parents without prior written consent of the parent of the student or eligible student, except as provided herein. Directory information includes, but is not limited to: the student's name, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, the most recent previous educational agency or institution attended. Directory information does not include personally identifiable data that references religion, race, color, social position or nationality.

A parent or eligible student who does not wish to have any or all of the directory information disclosed must provide written notice to the responsible administrator that shall include the following:

1. Name of the student and/or parent, as appropriate;
2. Home address;
3. School presently attended by student;
4. Parent's legal relationship to student, if applicable; and
5. Specific categories of directory information to be made not public with the parent's or eligible student's prior written consent, which shall only be applicable for that school year.

A complete copy of Policy 515 is available at any school, the district administration center, or the school website located at www.dlschools.net

SCHOOL-TO-WORK (STW)

The DLHS School-to-Work program connects the community and the classroom by providing meaningful and relevant learning experiences for all learners regardless of age. The three main goals of School-To-Work are:

1. Career Exploration
2. Application of Knowledge and Skills
3. A seamless transition from K-12 into post-secondary education or the workplace.

School-To-Work is a partnership between our schools, community organizations, employers, and post-secondary institutions. They work together to provide learning experiences that develop broad transferable skills which help students learn how school and careers fit together. Students learn academic knowledge, technical proficiency, task management skills, critical thinking skills, communication skills, team work, and problem solving skills

School-To-Work has three components. They are as follows:

- School-Based Learning: Students learn math, science, English/Language Arts, social studies, technology and other knowledge, skills and standards in the context of the world of work.
- Work-Based Learning: Students gain practical experience and training through learning activities provided by community businesses and agencies. Examples are field trips, guest speakers, job shadowing, internships, mentorships, and youth apprenticeships.
- Connecting Activities: Links between employers, schools, teachers, and students are formed to match young people with employers, mentors, and other learning experiences.

SECTION 504

REHABILITATION ACT OF 1973 (ANNUAL NOTICE AND INFORMATION REGARDING SECTION 504 ACT)

Section 504 is an Act which prohibits discrimination against persons with disability in any program or activity that receives or benefits from Federal Financial assistance. The Act defines a person with a disability as anyone who:

1. has a physical or mental impairment which substantially limits one or more major life activities including activities such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning and working; or
2. has a record of such an impairment; or
3. is regarded as having such an impairment. (34 Code of Federal Regulations Part 104.3). In order to fulfill its

obligations under Section 504, the Detroit Lakes School District #22 recognizes a responsibility to avoid discrimination in policies and practices regarding its personnel and learners. No discrimination against any person with a disability will be permitted in any of the programs and practices in the school system.

The school district has specific responsibilities under the Act, which include the responsibility to identify, evaluate and if the child is determined to be eligible under Section 504, provide access to appropriate education services.

If the parent or guardian disagrees with the determination made by the professional staff of the school district, he/she has a right to a hearing with an impartial hearing officer.

The Family Educational Rights and Privacy Act (FERPA) also specifies rights related to educational records. The Act gives the parent or guardian the right to:

1. inspect and review his/her child's educational records;
2. make copies of these records;
3. receive a list of all individuals having access to those records;
4. ask for an explanation of any item in the records;
5. ask for amendment to any report on the grounds that it is inaccurate, misleading, or violates the child's rights; and
6. a hearing on the issue if the school refuses to make the amendment.

Please contact your child's counselor at 847-4491 if you have questions.

SEMESTER ASSESSMENTS ("FINALS")

All students are expected to be in all of their classes (including study halls and classes they do not have a final test) during "Finals". Attendance procedures operate the same as any other school day: teachers will be reporting all absences, parents are expected to notify the Main Office of absences, and students are liable for consequences resulting from unexcused absences.

Students are responsible for making arrangements with teachers to make up final tests if absent on test days.

POLICY 520: STUDENT SURVEYS PURPOSE

Occasionally the school district utilizes surveys to obtain student opinions and information about students. The purpose of this policy is to establish the parameters of information that may be sought in student surveys. Student surveys may be conducted as determined necessary by the school district.

STUDENT SURVEYS IN GENERAL

- A. Student surveys will be conducted anonymously and in an indiscernible fashion. No mechanism will be used for identifying the participating student in any way. No attempt will be made in any way to identify a student survey participant. There will be no requirement that the student return the survey, and no record of the student returning a survey will be maintained.
- B. Surveys containing questions pertaining to the student's or the student's parent(s) or guardian(s) personal beliefs or practices in sex, family life, morality and religion will not be administered to any student unless the parent or guardian of the student is notified in writing that such survey is to be administered and the parent or guardian of the student gives written permission for the student to participate in such survey. Any and all documents containing the written permission of a parent for a student to participate in a survey will be maintained by the school district in a file separate from the survey responses.

A complete copy of Policy 520 is available at any school, the district administration center, or the school website located at www.dlschools.net.

SURVEILLANCE EQUIPMENT

To help ensure the safety of students and staff, Detroit Lakes High School uses video cameras for surveillance on school

property including, but not limited to, hallways, the commons, the cafeteria, the gymnasiums, and parking areas. Video cameras are not to be used for classroom surveillance unless the principal of the school and the teacher of the classroom consent to the surveillance.

Video cameras are not used at a time or location that would violate a student's reasonable expectation of privacy including, but not limited to, a locker room, lavatory, or another area where a student may disrobe.

STATEWIDE TESTING AND ASSESSMENT INFORMATION

Minnesota's statewide assessments measure that curriculum and instruction in our schools are aligned to the academic standards, ensuring all students are being provided an equitable education. A statewide assessment is just one measure of your student's achievement, but your student's participation is important to understand how effectively the education is aligned to the academic standards.

In Minnesota's implementation of the federal Every Student Succeeds Act, a student not participating in the statewide assessments will not receive an individual score and will be counted as "not proficient" for the purpose of school and district accountability, including opportunities for school support and recognition.

Students who receive a college-ready score on the high school MCA are not required to take a remedial, non credit course at a Minnesota State college or university in the corresponding subject area, potentially saving the student time and money.

Educators and policy makers use information from assessments to make decisions about resources and support provided.

School performance results that are publicly released and used by families and communities are negatively impacted if students do not participate in assessments. 27 / The Minnesota Comprehensive Assessments are given annually to students in grade 10 (reading), grade 11 (mathematics), and biology (science). A complete testing calendar will be available each year on the [assessment page](#) of the District website. Including information about the opting out procedures.

TITLE IX POLICY

It is the policy of the Board of Education of School District #22 not to discriminate on the basis of sex in its educational program, activities or employment policies as required by Title IX of the 1972 Education Amendments. Inquiries regarding compliance with Title IX may be directed to Title IX Coordinator (Kylie Johnson, HR Director) at 702 Lake Avenue, Detroit Lakes (847-9271) or to the Director of the Office for Civil Rights, Department of Health and Welfare, Washington, D.C.

TECHNOLOGY USE

Any cell phone or other recording device used to record any illegal activity will be confiscated by the SRO as evidence.

The Detroit Lakes Public School District has established School Board Policy 524 "Access to and Use of the District Technology System (Networked Information Resources)" to detail district expectations and guidelines regarding the use of these resources. The information below is a summary of Policy 524. The full policy is available on the DLPS website at <https://meetings.boardbook.org/Public/Organization/2364>

The school district is providing students with access to the school district computer system, which includes Internet access. The purpose of the system is more specific than providing students with general access to the Internet. The school district system has a limited educational purpose, which includes use of the system for classroom activities, educational research, and professional or career development activities. Users are expected to use Internet access through the district system to further educational and personal goals consistent with the mission of the school district and school policies. Uses which might be acceptable on a user's private personal account on another system may not be acceptable on this limited-purpose network.

A student engaging in the foregoing unacceptable uses of the Internet when off school district premises also may be in violation of this policy as well as other school district policies. Examples of such violations are, but are not limited to, situations where the school district system is compromised or if a school district employee or student is negatively impacted. If the school district receives a report of an unacceptable use originating from a non-school computer or resource, the school district may investigate such reports to the best of its ability. Students may be subject to disciplinary action for such conduct, including, but not limited to, suspension or cancellation of the use or access to the school district computer system and the Internet and discipline under other appropriate school district policies, including suspension, expulsion, or exclusion.

If a user inadvertently accesses unacceptable materials or an unacceptable Internet site, the user shall immediately disclose the inadvertent access to an appropriate school district official. In the case of a school district employee, the immediate disclosure shall be to the employee's immediate supervisor and/or the building administrator. This disclosure may serve as a defense against an allegation that the user has intentionally violated this policy. In certain rare instances, a user also may access otherwise unacceptable materials if necessary to complete an assignment and if done with the prior approval of and with appropriate guidance from the superintendent.

FILTER

With respect to any of its computers with Internet access, the School District will monitor the online activities of minors and employ technology protection measures during any use of such computers by minors and adults. The technology protection measures utilized will block or filter Internet access to any visual depictions that are 1) obscene; 2) child pornography; or 3) harmful to minors. The term "harmful to minors" means any picture, image, graphic image file, or other visual depiction that:

1. Taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; or
2. Depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and
3. Taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

An administrator, supervisor, or other person authorized by the Superintendent may disable the technology protection measure, during use by an adult, to enable access for bona fide research or other lawful purposes. Violations of the above activities will result in disciplinary action, based upon the current discipline policy.

- 2nd offense: 60 days loss of computer privileges district wide, plus disciplinary action.

CONSISTENCY WITH OTHER SCHOOL POLICIES

Use of the school district computer system and use of the Internet shall be consistent with school district policies and the mission of the school district.

LIMITED EXPECTATION OF PRIVACY

- a) By authorizing use of the school district system, the school district does not relinquish control over materials on the system or contained in files on the system. Users should expect no privacy in the contents of personal files, including email, on the school district system.
- b) Routine maintenance and monitoring of the school district system may lead to a discovery that a user has violated this policy, another school district policy, or the law.
- c) An individual investigation or search will be conducted if school authorities have a reasonable suspicion that the

search will uncover a violation of law or school district policy.

e) The school district will cooperate fully with local, state and federal authorities in any investigation concerning or related to any illegal activities or activities not in compliance with school district policies conducted through the school district system.

LIMITATION ON SCHOOL DISTRICT LIABILITY

Use of the school district system is at the user's own risk. The system is provided on an "as is, as available" basis. The school district will not be responsible for any damage users may suffer, including, but not limited to, loss, damage or unavailability of data stored on school district diskettes, tapes, hard drives or servers, or for delays or changes in or interruptions of service or mis-deliveries or non-deliveries of information or materials, regardless of the cause. The school district is not responsible for the accuracy or quality of any advice or information obtained through or stored on the school district system. The school district will not be responsible for financial obligations arising through unauthorized use of the school district system or the Internet.

Detroit Lakes Public Schools cannot realistically censor access to all inappropriate materials. Use of the internet is at the user's own risk. The district will make every effort to monitor or control information accessible thru the internet, but the district does not accept responsibility for any content found on the internet.

PARENTS' RESPONSIBILITY; NOTIFICATION OF STUDENT INTERNET USE

Outside of school, parents bear responsibility for the same guidance of Internet use as they exercise with information sources such as television, telephones, radio, movies and other possibly offensive media. Parents are responsible for monitoring their student's use of the school district system and of the Internet if the student is accessing the school district system from home or a remote location.

As with other curricular issues, parents have the option to request alternative educational activities not requiring Internet access. If a parent desires this option, requests should be made to the classroom teacher, a school counselor, or a school administrator.

By enrolling in Detroit Lakes Public Schools, parents and students agree to follow the policies and procedures implemented by the School Board and each school, including the policies regarding technology.

413 - HARASSMENT AND VIOLENCE

[Note: State law (Minnesota Statutes, § 121A.03) requires that school districts adopt a sexual, religious, and racial harassment and violence policy that conforms with the Minnesota Human Rights Act, Minnesota Statutes, section 363A (MHRA). This policy complies with that statutory requirement and addresses the other classifications protected by the MHRA and/or federal law. While the recommendation is that school districts incorporate the other protected classifications, in addition to sex, religion, and race, into this policy, they are not specifically required to do so by Minnesota Statutes, section 121A.03. The Minnesota Department of Education (MDE) is required to maintain and make available a model sexual, religious, and racial harassment policy in accordance with Minnesota Statutes, section 121A.03. MDE's policy differs from that of MSBA and imposes greater requirements upon school districts than required by law. For that reason, MSBA recommends the adoption of its model policy by school districts. Each school board must submit a copy of the policy the board has adopted to the Commissioner of MDE.]

I. PURPOSE

The purpose of this policy is to maintain a learning and working environment free from harassment and violence for all students and staff, especially on the basis of race, ~~color, creed,~~ religion, and ~~national origin,~~ sex, in accordance with Minnesota statute 121A.03 ~~age, marital status, familial status, status with regard to public assistance, sexual orientation, or disability~~ (Protected Class).

II. GENERAL STATEMENT OF POLICY

A. The policy of the school district is to maintain a learning and working environment free from harassment and violence on the basis of Protected Class. The school district prohibits any form of harassment or violence on the basis of Protected Class.

B. A violation of this policy occurs when any student, teacher, administrator or other school district personnel harasses a student, teacher, administrator or other school district personnel or group of students, teachers, administrators, or other school district personnel through conduct or communication based on a person's Protected Class, as defined by this policy. (For purposes of this policy, school district personnel include school board members, school employees, agents, volunteers, contractors, or persons subject to the supervision and control of the district.)

C. A violation of this policy occurs when any student, teacher, administrator, or other school district personnel inflicts, threatens to inflict, or attempts to inflict violence upon any student, teacher, administrator, or other school district personnel or group of students, teachers, administrators, or other school district personnel based on a person's Protected Class.

D. The school district will act to investigate all complaints, either formal or informal, verbal or written, of harassment or violence based on a person's Protected Class, and to discipline or take appropriate action against any student, teacher, administrator or other school district personnel found to have violated this policy.

IV. REPORTING PROCEDURES

A. Any person who believes he or she has been the target or victim of harassment or violence on the basis of Protected Class by a student, teacher, administrator, or other school district personnel, or any person with knowledge or belief of conduct which may constitute harassment or violence prohibited by this policy toward a student, teacher, administrator or other school district personnel or group of students, teachers, administrators, or other school district personnel should report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report conduct that may constitute harassment or violence anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.

B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available from the school district office, but oral reports shall be considered complaints as well.

C. Nothing in this policy shall prevent any person from reporting harassment or violence directly to a school district human rights officer or to the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

D. In Each School Building - The building principal, the principal's designee, or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving oral or written reports of harassment or violence prohibited by this policy at the building level. Any adult school district personnel who receives a report of harassment or violence prohibited by this policy shall inform the building report taker immediately. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant. The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as a primary contact on policy and procedural matters.

E. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include acts of harassment or violence. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute harassment or violence shall make reasonable efforts to address and resolve the harassment or violence and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute harassment or violence or who fail to make reasonable efforts to address and resolve the harassment or violence in a timely manner may be subject to disciplinary action.

F. Upon receipt of a report, the building report taker must notify the school district human rights officer immediately, without screening or investigating the report. The building report taker may request, but may not insist upon a written complaint. A written statement of the facts alleged will be forwarded as soon as practicable by the building report taker to the human rights officer. If the report was given verbally, the building report taker shall personally reduce it to written form within 24 hours and forward it to a human

rights officer. Failure to forward any harassment or violence report or complaint as provided herein may result in disciplinary action against the building report taker.

G. In the District. The school board hereby designates the Human Resources Manager as the school district human rights officer(s) to receive reports or complaints of harassment or violence prohibited by this policy. If the complaint involves a human rights officer, the complaint shall be filed directly with the superintendent.

H. The school district shall conspicuously post the name of the human rights officer(s), including mailing addresses and telephone numbers.

I. Submission of a good faith complaint or report of harassment or violence prohibited by this policy will not affect the complainant or reporter's future employment, grades, or work assignments, or educational or work environment.

J. Use of formal reporting forms is not mandatory.

K. Reports of harassment or violence prohibited by this policy are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law.

L. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's legal obligations to investigate, to take appropriate action, and to comply with any discovery or disclosure obligations.

M. Retaliation against a victim, good faith reporter, or a witness of violence or harassment is prohibited.

N. False accusations or reports of violence or harassment against another person are prohibited.

O. A person who engages in an act of violence or harassment, reprisal, retaliation, or false reporting of violence or harassment, or permits, condones, or tolerates violence or harassment shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures.

Consequences for students who commit, or are a party to, prohibited acts of violence or harassment or who engage in reprisal or intentional false reporting may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion.

Consequences for employees who permit, condone, or tolerate violence or harassment or engage in an act of reprisal or intentional false reporting of violence or harassment may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of violence or harassment may include, but not be limited to, exclusion from school district property and events and/or termination of services and/or contracts.

V. INVESTIGATION

A. By authority of the school district, the human rights officer, within three (3) days of the receipt of a report or complaint alleging harassment or violence prohibited by this policy, shall undertake or authorize an investigation. The investigation may be conducted by school district officials or by a third party designated by the school district.

B. The investigation may consist of personal interviews with the complainant, the individual(s) against whom the complaint is filed, and others who may have knowledge of the alleged incident(s) or

circumstances giving rise to the complaint. The investigation may also consist of any other methods and documents deemed pertinent by the investigator.

C. In determining whether alleged conduct constitutes a violation of this policy, the school district should consider the surrounding circumstances, the nature of the behavior, past incidents or past or continuing patterns of behavior, the relationships between the parties involved, and the context in which the alleged incidents occurred. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all the facts and surrounding circumstances.

D. In addition, the school district may take immediate steps, at its discretion, to protect the target or victim, the complainant, and students, teachers, administrators or other school district personnel pending completion of an investigation of alleged harassment or violence prohibited by this policy.

E. The alleged perpetrator of the act(s) of harassment or violence shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.

F. The investigation will be completed as soon as practicable. The school district human rights officer shall make a written report to the superintendent upon completion of the investigation. If the complaint involves the superintendent, the report may be filed directly with the school board. The report shall include a determination of whether the allegations have been substantiated as factual and whether they appear to be violations of this policy.

VI. SCHOOL DISTRICT ACTION

A. Upon completion of an investigation that determines a violation of this policy has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited behavior. School district action taken for violation of this policy will be consistent with requirements of applicable collective bargaining agreements, Minnesota and federal law, and applicable school district policies and regulations.

B. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the targets or victims and alleged perpetrators of harassment or violence, the parent(s) or guardian(s) of targets or victims of harassment or violence and the parent(s) or guardian(s) of alleged perpetrators of harassment or violence who have been involved in a reported and confirmed harassment or violence incident of the remedial or disciplinary action taken, to the extent permitted by law.

C. In order to prevent or respond to acts of harassment or violence committed by or directed against a child with a disability, the school district shall, where determined appropriate by the child's individualized education program (IEP) or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in acts of harassment or violence.

VII. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator or other school district personnel who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged harassment or violence prohibited by this policy, who testifies, assists or participates in an investigation of retaliation or alleged harassment or violence, or who testifies, assists or participates in a proceeding or hearing relating to such harassment or violence. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violation and to appropriately discipline the individual(s) who engaged in the harassment or violence. Remedial responses to the harassment or violence shall be tailored to the particular incident and nature of the conduct.

VIII. RIGHT TO ALTERNATIVE COMPLAINT PROCEDURES.

These procedures do not deny the right of any individual to pursue other avenues of recourse which may include filing charges with the Minnesota Department of Human Rights or another state or federal agency, initiating civil action, or seeking redress under state criminal statutes and/or federal law.

IX. HARASSMENT OR VIOLENCE AS ABUSE

A. Under certain circumstances, alleged harassment or violence may also be possible abuse under Minnesota law. If so, the duties of mandatory reporting under Minnesota Statutes Chapter 260E may be applicable.

B. Nothing in this policy will prohibit the school district from taking immediate action to protect victims of alleged harassment, violence or abuse.

X. DISSEMINATION OF POLICY AND TRAINING

A. This policy shall be conspicuously posted throughout each school building in areas accessible to students and staff members.

B. This policy shall be given to each school district employee and independent contractor who regularly interacts with students at the time of initial employment with the school district.

C. This policy shall appear in the student handbook.

D. The school district will develop a method of discussing this policy with students and employees.

E. The school district may implement violence prevention and character development education programs to prevent and reduce policy violations. Such programs may offer instruction on character education including, but not limited to, character qualities such as attentiveness, truthfulness, respect for authority, diligence, gratefulness, self-discipline, patience, forgiveness, respect for others, peacemaking, resourcefulness, and/or sexual abuse prevention.

E. This policy shall be reviewed at least annually for compliance with state and federal law.

Any report shall be of sufficient content to identify the child, any person believed to be responsible for the maltreatment of the child if the person is known, the nature and extent of the maltreatment and the name and address of the reporter.
- C. Regardless of whether a report is made, as soon as practicable after a school receives information regarding an incident that may constitute maltreatment of a child in a school facility, the school shall inform the parent, legal guardian, or custodian of the child that an incident has occurred that may constitute maltreatment of the child, when the incident occurred, and the nature of the conduct that may constitute maltreatment.

V. INVESTIGATION

- A. The responsibility for assessing or investigating reports of suspected maltreatment rests with the appropriate state, county, or local agency or agencies. The agency responsible for assessing or investigating reports of maltreatment has the authority to interview the child, the person or persons responsible for the child's care, the alleged offender, and any other person with knowledge of the maltreatment for the purpose of gathering facts, assessing safety and risk to the child, and formulating a plan. The investigating agency may interview the child at school. The interview may take place outside the presence of the alleged offender or parent, legal guardian, or school official. The investigating agency, not the school, is responsible for either notifying or withholding notification of the interview to the parent, guardian or person responsible for the child's care. School officials may not disclose to the parent, legal custodian, or guardian the contents of the notification or any other related information regarding the interview until notified in writing by the local welfare or law enforcement agency that the investigation or assessment has been concluded.
- B. When the investigating agency determines that an interview should take place on school property, written notification of intent to interview the child on school property must be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct an interview on school property.

- C. Except where the alleged offender is believed to be a school official or employee, the time and place, and manner of the interview on school premises shall be within the discretion of school officials, but the local welfare or law enforcement agency shall have the exclusive authority to determine who may attend the interview. The conditions as to time, place, and manner of the interview set by the school officials shall be reasonable and the interview shall be conducted not more than 24 hours after the receipt of the notification unless another time is considered necessary by agreement between the school officials and the local welfare or law enforcement agency. Every effort must be made to reduce the disruption of the educational program of the child, other students, or school employees when an interview is conducted on school premises.
- D. Where the alleged offender is believed to be a school official or employee, the school district shall conduct its own investigation independent of MDE and, if involved, the local welfare or law enforcement agency.
- E. Upon request by MDE, the school district shall provide all requested data that are relevant to a report of maltreatment and are in the possession of a school facility, pursuant to an assessment or investigation of a maltreatment report of a student in school. The school district shall provide the requested data in accordance with the requirements of the Minnesota Government Data Practices Act, Minnesota Statute Chapter 13 and the Family Educational Rights and Privacy Act, 20 United States Code section 1232g.

VI. MAINTENANCE OF SCHOOL RECORDS CONCERNING ABUSE OR POTENTIAL ABUSE

- A. When a local welfare or local law enforcement agency determines that a potentially abused or abused child should be interviewed on school property, written notification of the agency's intent to interview on school property must be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct the interview. The notification shall be private data. School officials may not disclose to the parent, legal custodian, or guardian the contents of the notice or any other related information regarding the interview until notified in writing by the local welfare or law enforcement agency that the investigation has been concluded.
- B. All records regarding a report of maltreatment, including any notification of intent to interview which was received by the school as described above in Paragraph A., shall be destroyed by the school only when ordered by the agency conducting the investigation or by a court of competent jurisdiction.

VII. PHYSICAL OR SEXUAL ABUSE AS SEXUAL HARASSMENT OR VIOLENCE

Under certain circumstances, alleged physical or sexual abuse may also be sexual harassment or violence under Minnesota law. If so, the duties relating to the reporting and investigation of such harassment or violence may be applicable.

VIII. DISSEMINATION OF POLICY AND TRAINING

- A. This policy shall appear in school personnel handbooks.
- B. The school district will develop a method of discussing this policy with school personnel.
- C. This policy shall be reviewed at least annually for compliance with state law.

Resources: To support the requirements for school districts and charter schools outlined in Minnesota Statute 2024, section 120B.215, subdivision 2, and in accordance with subdivision 1, MDE, in collaboration with MDH, the Minnesota Department of Human Services (DHS), and education experts, has created a

List of Model Cannabis Education Programs for School District and Charter School Consideration.

Schools may choose to implement one of the listed programs or they may implement their own program(s) identified through a local curriculum adoption process by the 2026-27 school year. While it is not required for a school district or charter school to use one of the programs in the list, the list and rubric provided may be useful to school districts and charter schools in their own decision-making process.

420 - STUDENTS AND EMPLOYEES WITH SEXUALLY TRANSMITTED INFECTIONS AND DISEASES AND CERTAIN OTHER COMMUNICABLE DISEASES AND INFECTIOUS CONDITIONS

[Note: School districts are not required by statute to have a policy addressing these issues. However, Minnesota Statute section 121A.23 provides that school districts must have a program that incorporates the provisions contained in this policy.]

I. PURPOSE

Public concern that students and staff of the school district be able to attend the schools of the district without becoming infected with serious communicable or infectious diseases, including but not limited to, Human Immunodeficiency Virus (HIV), Acquired Immunodeficiency Syndrome (AIDS), Hepatitis B, and Tuberculosis, requires that the school board adopt measures effectively responding to health concerns while respecting the rights of all students, employees, and contractors, including those who are so infected. The purpose of this policy is to adopt such measures.

II. GENERAL STATEMENT OF POLICY

A. Students

The policy of the school board is that students with communicable diseases not be excluded from attending school in their usual daily attendance setting so long as their health permits and their attendance does not create a significant risk of the transmission of illness to students or employees of the school district. A procedure for minimizing interruptions to learning resulting from communicable diseases will be established by the school district in its IEP and Section 504 team process, if applicable, and in consultation with community health and private health care providers. Procedures for the inclusion of students with communicable diseases will include any applicable educational team planning processes, including the review of the educational implications for the student and others with whom the student comes into contact.

B. Employees

The policy of the school board is that employees with communicable diseases not be excluded from attending to their customary employment so long as they are physically, mentally and emotionally able to safely perform tasks assigned to them and so long as their employment does not create a significant risk of the transmission of illness to students, employees, or others in the school district. If a reasonable accommodation will eliminate the significant risk of transmission, such accommodation will be undertaken unless it poses an undue hardship to the school district.

C. Circumstances and Conditions

1. Determinations of whether a contagious individual's school attendance or job performance creates a significant risk of the transmission of the illness to students or employees of the school district will be made on a case by case basis. Such decisions will be based upon the nature of the risk (how it is transmitted), the duration of the risk (how long the carrier is infectious), the severity of the risk (what is the potential harm to third parties), and the probabilities the disease will be transmitted and will cause varying degrees of harm. When a student is disabled, such a determination will be made in consultation with the educational planning team.
2. The school board recognizes that some students and some employees, because of special circumstances and conditions, may pose greater risks for the transmission of infectious conditions than other persons infected with the same illness. Examples include students who display biting behavior, students or employees who are unable to control their bodily fluids, who have oozing skin lesions, or who have severe disorders which result in spontaneous external bleeding. These conditions need to be taken into account and considered in assessing the risk of transmission of the disease and the resulting effect upon the educational program of the student or employment of the employee by consulting with the Commissioner of Health, the physician of the student or employee, and the parent(s)/guardian(s) of the student.

D. Students with Special Circumstances and Conditions

1. Detroit Lakes Schools, along with the infected individual's physician, the infected individual or parent(s)/guardian(s), and others, if appropriate, will weigh risks and benefits to the student and to others, consider the least restrictive appropriate educational placement, and arrange for periodic reevaluation as deemed necessary by the state epidemiologist. The risks to the student shall be determined by the student's physician.

E. Extracurricular Student Participation

Student participation in nonacademic, extracurricular and non-educational programs of the school district are subject to a requirement of equal access and comparable services.

F. Precautions

The school district will develop routine procedures for infection control at school and for educating employees about these procedures. The procedures shall be developed through cooperation with health professionals taking into consideration any guidelines of the Minnesota Department of Education and the Minnesota Department of Health. (These precautionary procedures shall be consistent with the school district's procedures regarding blood-borne pathogens developed pursuant to the school district's employee right to know policy.)

G. Information Sharing

1. Employee and student health information shall be shared within the school district only with those whose jobs require such information and with those who have a legitimate educational interest (including health

and safety) in such information and shall be shared only to the extent required to accomplish legitimate educational goals and to comply with employees' right to know requirements.

2. Employee and student health data shall be shared outside the school district only in accordance with state and federal law and with the school district's policies on employee and student records and data.

H. Reporting

If a medical condition of student or staff threatens public health, it must be reported to the Minnesota Commissioner of Health.

I. Prevention

The school district shall, with the assistance of the Minnesota Commissioners of Health and Education, implement a program to prevent and reduce the risk of sexually transmitted diseases in accordance with Minnesota Statute section 121A.23 that includes:

1. planning materials, guidelines, and other technically accurate and updated information;
2. a comprehensive, developmentally appropriate, technically accurate, and updated curriculum that includes helping students to abstain from sexual activity until marriage;
3. cooperation and coordination among school districts and Service Cooperatives;
4. a targeting of adolescents, especially those who may be at high risk of contracting, sexually transmitted diseases and infections for prevention efforts;
5. involvement of parents and other community members;
6. in-service training for district staff and school board members;
7. collaboration with state agencies and organizations having a sexually transmitted infection and disease prevention or sexually transmitted infection and disease risk reduction program;
8. collaboration with local community health services, agencies and organizations having a sexually transmitted infection and disease risk reduction program; and
9. participation by state and local student organizations.
10. The program must be consistent with the health and wellness curriculum.
11. The school district may accept funds for sexually transmitted infection and disease prevention programs developed and implemented under this section from public and private sources, including public health funds and foundations, department professional development funds, federal block grants, or other federal or state grants.

J. Vaccination and Screening

The school district will develop procedures regarding the administration of Hepatitis B vaccinations and Tuberculosis screenings in keeping with current state and federal law. The procedures shall provide that the Hepatitis B vaccination series be offered to all who have occupational exposure at no cost to the employee.

506 - K-12 DISCIPLINE AND VIOLENCE PREVENTION POLICY

[Note: School districts are required by statute to have a policy addressing these issues.]

I. PURPOSE

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minnesota Statute sections 121A.40-121A.56.

In view of the foregoing and in accordance with Minnesota Statute section 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

III. DEFINITIONS

A. "Nonexclusionary disciplinary policies and practices" means policies and practices that are alternatives to dismissing a pupil from school, including but not limited to evidence-based positive behavior interventions and supports, social and emotional services, school-linked mental health services, counseling services, social work services, academic screening for Title 1 services or reading interventions, and alternative education services. Nonexclusionary disciplinary policies and practices include but are not limited to the policies and practices under Minnesota Statutes sections 120B.12; 121A.575, clauses (1) and (2); 121A.031, subdivision 4, paragraph (a), clause (1); 121A.61, subdivision 3, paragraph (r); and 122A.627, clause (3).

B. "Pupil withdrawal agreement" means a verbal or written agreement between a school administrator or district administrator and a pupil's parent to withdraw a student from the school district to avoid expulsion or exclusion dismissal proceedings. The duration of the withdrawal agreement cannot be for more than a 12-month period.

IV. POLICY

A. The school board must establish uniform criteria for dismissal and adopt written policies and rules to effectuate the purposes of the Minnesota Pupil Fair Dismissal Act. The policies must include nonexclusionary disciplinary policies and practices consistent with Minnesota Statutes, section 121A.41, subdivision 12, and must emphasize preventing dismissals through early detection of problems. The policies must be designed to address students' inappropriate behavior from recurring.

B. The policies must recognize the continuing responsibility of the school for the education of the pupil during the dismissal period.

C. The school is responsible for ensuring that alternative educational services, if the pupil wishes to take advantage of them, must be adequate to allow the pupil to make progress toward meeting the graduation standards adopted under Minnesota Statutes, section [120B.02](#) and help prepare the pupil for readmission in accordance with section Minnesota Statutes, section 121A.46, subdivision 5.

D. For expulsion and exclusion dismissals and pupil withdrawal agreements as defined in Minnesota Statutes, section 121A.41, subdivision 13:

1. for a pupil who remains enrolled in the school district or is awaiting enrollment in a new district, the school district's continuing responsibility includes reviewing the pupil's schoolwork and grades on a quarterly basis to ensure the pupil is on track for readmission with the pupil's peers. The school district must communicate on a regular basis with the pupil's parent or guardian to ensure that the pupil is completing the work assigned through the

alternative educational services as defined in Minnesota Statutes, section 121A.41, subdivision 11. These services are required until the pupil enrolls in another school or returns to the same school;

2. a pupil receiving school-based or school-linked mental health services in the school district under Minnesota Statutes, section 245.4889 continues to be eligible for those services until the pupil is enrolled in a new district; and

3. the school district must provide to the pupil's parent or guardian information on accessing mental health services, including any free or sliding fee providers in the community. The information must also be posted on the school district website.

V. AREAS OF RESPONSIBILITY

- A. The School Board. The school board holds all school personnel responsible for the maintenance of order within the school district and supports all personnel acting within the framework of this discipline policy.
- B. Superintendent. The superintendent shall establish guidelines and directives to carry out this policy, hold all school personnel, students, and parents responsible for conforming to this policy, and support all school personnel performing their duties within the framework of this policy. A school employee, school bus driver, or other agent of a school district, in exercising his or her lawful authority, may use reasonable force when it is

necessary under the circumstances to restrain a student to prevent bodily harm or death to the student or another.

For the purpose of Minnesota Statutes, section 121A.582 (Student Discipline; Reasonable Force), a school resource officer, as defined in Minnesota Statutes, section 626.8482, subdivision 1, paragraph (c) is not a school employee or agent of the district.

in their efforts to use evidence-based approaches to reduce exclusionary forms of discipline.

C. The school district must not use recess detention unless:

1. a student causes or is likely to cause serious physical harm to other students or staff;

D. The school district must not withhold recess from a student based on incomplete schoolwork.

E. The school district must require school staff to make a reasonable attempt to notify a parent or guardian within 24 hours of using recess detention.

F. The school district must compile information on each recess detention at the end of each school year, including the student's age, grade, gender, race or ethnicity, and special education status. This information must be available to the public upon request. The school district is encouraged to use the data in professional development promoting the use of nonexclusionary discipline.

X. DISCIPLINARY ACTION OPTIONS

The general policy of the school district is to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within the discretion of the school district. At a minimum, violation of school district rules, regulations, policies or procedures will result in discussion of the violation and a verbal warning. The school district shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the school district. Disciplinary action may include, but is not limited to, one or more of the following:

- A. Student conference with teacher, principal, counselor or other school district personnel, and verbal warning;
- B. Confiscation by school district personnel and/or by law enforcement of any item, article, object or thing, prohibited by, or used in the violation of, any school district policy, rule, regulation, procedure, or state or federal law. If confiscated by the school district, the confiscated item, article, object, or thing will be released only to the parent/guardian following the completion of any investigation or disciplinary action instituted or taken related to the violation.

XI. REMOVAL OF STUDENTS FROM CLASS

- A. The teacher of record shall have the general control and government of the classroom. Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, assigning detention or other consequences, or contacting the student's parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student's conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy. "Removal from class" and "removal" mean any actions taken by a teacher, principal, or other school district employee to prohibit a student from attending a class or activity period for a period of time not to exceed five (5) days, pursuant to this discipline policy.

Grounds for removal from class shall include any of the following:

- 1. Willful conduct that significantly disrupts the rights of others to an education, including conduct that interferes with a teacher's ability to teach or communicate effectively with students in a class or with the ability of other students to learn;
- 2. Willful conduct that endangers surrounding persons, including school district employees, the student or other students, or the property of the school;

3. Willful violation of any school rules, regulations, policies or procedures, including the Code of Student Conduct in this policy; or
4. Other conduct, which in the discretion of the teacher or administration, requires removal of the student from class.

Such removal shall be for at least one (1) activity period or class period of instruction for a given course of study and shall not exceed five (5) such periods.

A student must be removed from class immediately if the student engages in assault or violent behavior. "Assault" is an act done with intent to cause fear in another of immediate bodily harm or death; or the intentional infliction of, or attempt to inflict, bodily harm upon another. The removal from class shall be for a period of time deemed appropriate by the principal, in consultation with the teacher.

If a student is removed from class more than ten (10) times in a school year, the school district shall notify the parent or guardian of the student's tenth removal from class and make reasonable attempts to convene a meeting with the student's parent or guardian to discuss the problem that is causing the student to be removed from class.

[Note: The following Sections C. – J. must be developed and inserted by each school district based upon individual district practices, procedures, and preferences. School districts may consider developing and inserting procedures identified in Sections K-N]

C. Procedures for Removal of a Student from a Class.

2. The removal from class may be imposed without an informal conference where it appears that the student will create an immediate substantial danger to himself/herself or to persons or property. If a student is removed from class due to immediate and substantial danger to himself/herself and an escort is needed the teacher will notify the office immediately;
3. The length of time of the removal from class shall be at the discretion of the principal after consultation with the teacher, subject to the provisions of Minn. Stat. 127.41, Subd. 3(e) and the Pupil Fair Dismissal Act.
4. A written disciplinary report shall be submitted by the teacher or district employee within 24 hours of the removal of any student from his/her class.

E. Responsibility for and Custody of a Student Removed from Class.

The student must report directly to the office and at that time the building administrator or his/her designee will determine the appropriate consequences. The

building administrator or his/her designee will have responsibility for and custody of the student once removed from the classroom and has reported to the office.

F. Procedures for Return of a Student to a Class from Which the Student Was Removed.

The building administrator will determine the appropriate classroom re-entry plan.

G. Procedures for Notification.

Parents are to be notified whenever a child is referred to the office for disciplinary reasons. Notification may be in written or verbal form. Administrators will determine who will notify the parents and if follow up conferences are necessary.

H. Students with Disabilities; Special Provisions.

1. Procedures for consideration of whether there is a need for further assessment;
2. Procedures for consideration of whether there is a need for a review of the adequacy of the current Individualized Education Program (IEP) of a disabled student with a disability who is removed from class or disciplined; and

The team will be composed of classroom teachers, administrators, and other appropriate professional staff to the extent they exist in each school, such as school nurse, school counselor or psychologist, social worker, chemical abuse specialist, or others. (In many cases, this will be the buildings Student Assistance Team)
2. The team is responsible for addressing reports of chemical abuse problems and making recommendations for appropriate responses to the individual reported cases.
3. Within 45 days after receiving an individual reported case, the team shall make a determination whether to provide the student and, in the case of a minor, the student's parents with information about school and community services in connection with chemical abuse.

A school employee, school bus driver, or other agent of a district, in exercising the person's lawful authority, may use reasonable force when it is necessary under the circumstances to restrain a student or prevent bodily harm or death to another. O. Unscheduled Student Removal From Class

A public school is encouraged to adopt a school policy on parental notification for unscheduled student removal from class. The public school must consult with child abuse prevention experts to incorporate best practices into the school policy. A public school with a policy on parental notification must include the policy in the employee handbook and disseminate information to school staff regarding child abuse prevention in a school setting.

[NOTE: The 2024 Minnesota legislature enacted this provision, which does not require a school board to adopt policy language. School districts may determine whether to adopt policy language.]

XII. DISMISSAL

- A. "Dismissal" means the denial of the current educational program to any student, including exclusion, expulsion and suspension. Dismissal does not include removal from class.

The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.

The school district shall not dismiss any student without attempting to use nonexclusionary policies and procedures before dismissal proceedings or pupil withdrawal agreements, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

The use of exclusionary practices for early learners as defined in Minnesota Statutes, section 121A.425 is prohibited. The use of exclusionary practices to address attendance and truancy issues is prohibited.

- B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:

1. Willful violation of any reasonable school board regulation, including those found in this policy;
2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or
3. Willful conduct that endangers the student or other students, or surrounding persons, including school district employees, or property of the school.

- C. Disciplinary Dismissals Prohibited

1. A pupil enrolled in the following is not subject to dismissals under the Pupil Fair Dismissal Act:

- a. a preschool or prekindergarten program, including an early childhood family education, school readiness, voluntary prekindergarten, Head Start, or other school-based preschool or prekindergarten program; or

- b. kindergarten through Grade 3.

2. This section does not apply to a dismissal from school for less than one school day, except as provided under Minnesota Statutes, chapter 125A and

federal law for a student receiving special education services.

3. Notwithstanding this section, expulsions and exclusions may be used only after resources outlined under nonexclusionary discipline have been exhausted, and only in circumstances where there is an ongoing serious safety threat to the child or others.

D. Suspension Procedures

1. "Suspension" means an action by the school administration, under rules promulgated by the School Board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during the dismissal period.
2. School administration must allow a suspended pupil the opportunity to complete all school work assigned during the period of the pupil's suspension and to receive full credit for satisfactorily completing the assignments. The school principal or other person having administrative control of the school building or program is encouraged to designate a district or school employee as a liaison to work with the pupil's teachers to allow the suspended pupil to (1) receive timely course materials and other information, and (2) complete daily and weekly assignments and receive teachers' feedback.
3. If a student's total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student's parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening for the student at the parent or guardian's expense. The purpose of this meeting is to attempt to determine the student's need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.
4. The definition of suspension under Minnesota Statutes, section 121A.41, subdivision 10, does not apply to a student's dismissal from school for one school day or less, except as provided under federal law for a student with a disability. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child

abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.

5. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than 10 (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.
6. Alternative education services must be provided to a pupil who is suspended for more than five (5) consecutive school days.s. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minnesota Statute section 123A.05 selected to allow the student to progress toward meeting graduation standards under Minnesota Statute section 120B.02, although in a different setting.
7. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.
8. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:
 - a. strongly encourage a parent or guardian of the student to attend school with the student for one day;
 - b. assign the student to attend school on Saturday as supervised by the principal or the principal's designee; and
 - c. petition the juvenile court that the student is in need of services under

Minnesota Statutes chapter 260C.

9. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minnesota Statute sections 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)
10. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.
11. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.
12. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) consecutive school days.

E. Expulsion and Exclusion Procedures

1. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.
2. "Exclusion" means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.
3. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minnesota Statute sections 121A.40-121A.56.
4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.
5. The student and parent or guardian shall be provided written notice of the school district's intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minnesota Statute sections 121A.40-121A.56; describe the nonexclusionary disciplinary practices accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the hearing; (2) examine the student's

records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school district must advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE) and is posted on the website.

6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent or guardian.
7. All hearings shall be held at a time and place reasonably convenient to the student, parent or guardian and shall be closed, unless the student, parent or guardian requests an open hearing.
8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.
9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.
10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.
11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.
12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.
13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon the which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.
14. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.
15. The student cannot be compelled to testify in the dismissal proceedings.
16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.
17. The school board shall base its decision upon the findings and

recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of Education (Commissioner) of the basis and reason for the decision.

18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minnesota Statute section 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.
19. The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.
20. The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students.
21. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to attend and to be reinstated in the school district.

XIII. ADMISSION OR READMISSION PLAN

A school administrator must prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan must include measures to improve the student's behavior, which may include completing a character education program consistent with Minnesota Statute section 120B.232, Subdivision 1, social and emotional learning, counseling, social work services, mental health services, referrals for special education or 504 evaluation, and evidence-based academic interventions. The plan must include reasonable attempts to obtain- parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

XIV. NOTIFICATION OF POLICY VIOLATIONS

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

In addition, the school district must report, through the MDE electronic reporting system, each exclusion or expulsion, each physical assault of a school district employee by a pupil, and each pupil withdrawal agreement within thirty (30) days of the effective date of the dismissal

action, pupil withdrawal, or assault, to the MDE Commissioner. This report must include a statement of the nonexclusionary discipline practices, or other sanction, intervention, or resolution in response to the assault given to the pupil in response to the assault and the reason for, the effective date, and the duration of the exclusion or expulsion or other sanction, intervention, or resolution. The report must also include the pupil's age, grade, gender, race, and special education status.

XV. STUDENT DISCIPLINE RECORDS

The policy of the school district is that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minnesota Statute Chapter 13.

XVI. STUDENTS WITH DISABILITIES

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy, unless the student's IEP or 504 plan specifies a necessary modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i) caused by or had a direct and substantial relationship to the child's disability and (ii) whether the child's conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

XIII. OPEN ENROLLED STUDENTS

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minnesota Statute section 124D.03) or Enrollment in Nonresident District (Minnesota Statute section 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minn. Stat. Ch. 260A), and the student's case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of seventeen (17) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

XVIII. DISCIPLINE COMPLAINT PROCEDURE

Students, parents and other guardians, and school staff may file a complaint and seek

corrective action when the requirements of the Minnesota Pupil Fair Dismissal Act, including the implementation of the local behavior and discipline policies, are not being implemented appropriately or are being discriminately applied.

The Discipline Complaint Procedure must, at a minimum:

1. provide procedures for communicating this policy including the ability for a parent to appeal a decision under Minnesota Statutes, section 121A.49 that contains explicit instructions for filing the complaint;
2. provide an opportunity for involved parties to submit additional information related to the complaint;
3. provide a procedure to begin to investigate complaints within three school days of receipt, and identify personnel who will manage the investigation and any resulting record and are responsible for keeping and regulating access to any record;
4. provide procedures for issuing a written determination to the complainant that addresses each allegation and contains findings and conclusions;
5. if the investigation finds the requirements of Minnesota Statutes, sections 121A.40 to 121A.61, including any local policies that were not implemented appropriately, contain procedures that require a corrective action plan to correct a student's record and provide relevant staff with training, coaching, or other accountability practices to ensure appropriate compliance with policies in the future; and
6. prohibit reprisals or retaliation against any person who asserts, alleges, or reports a complaint, and provide procedures for applying appropriate consequences for a person who engages in reprisal or retaliation.

XIX. DISTRIBUTION OF POLICY

The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. This policy shall also be available upon request in each principal's office.

XX. REVIEW OF POLICY

The principal and representatives of parents, students and staff in each school building shall confer at least annually to review this discipline policy, determine if the policy is working as intended, and to assess whether the discipline policy has been enforced. Any recommended changes shall be submitted to the superintendent for consideration by the school board, which shall conduct an annual review of this policy.

522 TITLE IX SEX NONDISCRIMINATION POLICY, GRIEVANCE PROCEDURE AND PROCESS

I. GENERAL STATEMENT OF POLICY

A. The school district does not discriminate on the basis of sex in its education programs or activities, and it is required by Title IX of the Education Amendments Act of 1972, and its implementing regulations, not to discriminate in such a manner. The requirement not to discriminate in its education program or activity extends to admission and employment. The school district is committed to maintaining an education and work environment that is free from discrimination based on sex, including sexual harassment.

B. The school district prohibits sexual harassment that occurs within its education programs and activities. When the school district has actual knowledge of sexual harassment in its education program or activity against a person in the United States, it shall promptly respond in a manner that is not deliberately indifferent.

C. This policy applies to sexual harassment that occurs within the school district's education programs and activities and that is committed by a school district employee, student, or other members of the school community. This policy does not apply to sexual harassment that occurs off school grounds, in a private setting, and outside the scope of the school district's education programs and activities. This policy does not apply to sexual harassment that occurs outside the geographic boundaries of the United States, even if the sexual harassment occurs in the school district's education programs or activities.

D. Any student, parent, or guardian having questions regarding the application of Title IX and its regulations and/or this policy and grievance process should discuss them with the Title IX Coordinator. The school district's Title IX Coordinator(s) is/are:

[INSERT: NAME(S) TITLE(S) PHONE NUMBER(S) OFFICE ADDRESS(ES) EMAIL ADDRESS(ES)]

Questions relating solely to Title IX and its regulations may be referred to the Title IX Coordinator(s), the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

E. The effective date of this policy is August 14, 2020, and applies to alleged violations of this policy occurring on or after August 14, 2020.

II. DEFINITIONS

A. "Actual knowledge" means notice of sexual harassment or allegations of sexual harassment to the school district's Title IX Coordinator or to any employee of the school district. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only official of the school district with actual knowledge is the respondent.

B. "Complainant" means a person who is alleged to be the victim of conduct that could constitute sexual harassment under Title IX. A Title IX Coordinator who signs a formal complaint is not a complainant unless the Title IX Coordinator is alleged to be the victim of the conduct described in the formal complaint.

C. "Day" or "days" means, unless expressly stated otherwise, business days (i.e. day(s) that the school district office is open for normal operating hours, Monday - Friday, excluding State-recognized holidays).

D. "Deliberately indifferent" means clearly unreasonable in light of the known circumstances. The school district is deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances.

E. "Education program or activity" means locations, events, or circumstances for which the school district exercises substantial control over both the respondent and the context in which the sexual harassment occurs and includes school district education programs or activities that occur on or off of school district property.

F. "Formal complaint" means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the school district investigate the allegation of sexual harassment.

1. A formal complaint filed by a complainant must be a physical document or an electronic submission. The formal complaint must contain the complainant's physical or digital signature, or otherwise indicate that the complainant is the person filing the formal complaint, and must be submitted to the Title IX Coordinator in person, by mail, or by email.

2. A formal complaint shall state that, at the time of filing the formal complaint, the complainant was participating in, or attempting to participate in, an education program or activity of the school district with which the formal complaint is filed.

G. "Informal resolution" means options for resolving a formal complaint that do not involve a full investigation and adjudication. Informal resolution may encompass a broad range of conflict resolution strategies, including mediation or restorative justice.

H. "Relevant questions" and "relevant evidence" are questions, documents, statements, or information that are related to the allegations raised in a formal complaint. Relevant evidence includes evidence that is both inculpatory and exculpatory. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

I. "Remedies" means actions designed to restore or preserve the complainant's equal access to education after a respondent is found responsible. Remedies may include the same individualized services that constitute supportive measures, but need not be non-punitive or non-disciplinary, nor must they avoid burdening the respondent.

J. "Respondent" means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment under Title IX.

K. "Sexual harassment" means any of three types of misconduct on the basis of sex that occurs in a school district education program or activity and is committed against a person in the United States:

1. Quid pro quo harassment by a school district employee (conditioning the provision of an aid, benefit, or service of the school district on an individual's participation in unwelcome sexual conduct);

2. Unwelcome conduct that a reasonable person would find so severe, pervasive, and objectively offensive that it denies a person equal educational access; or

3. Any instance of sexual assault (as defined in the Clery Act, 20 United States Code, section 1092(f)(6)A(v)), dating violence, domestic violence, or stalking (as defined in the Violence Against Women Act, 34 United States Code, section 12291).

L. "Supportive measures" means individualized services provided to the complainant or respondent without fee or charge that are reasonably available, non-punitive, non-disciplinary, not unreasonably burdensome to the other party, and designed to ensure equal educational access, protect safety, and deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, alternative educational services as defined under Minnesota Statutes, section 121A.41, as amended, mutual restrictions on contact between the parties, changes in work locations, leaves of absence, increased security and monitoring of certain areas of the school district buildings or property, and other similar measures.

M. "Title IX Personnel" means any person who addresses, works on, or assists with the school district's response to a report of sexual harassment or formal complaint, and includes persons who facilitate informal resolutions. The following are considered Title IX Personnel:

1. "Title IX Coordinator" means an employee of the school district that coordinates the school district's efforts to comply with and carry out its responsibilities under Title IX. The Title IX Coordinator is responsible for acting as the primary contact for the parties and ensuring that the parties are provided with all notices, evidence, reports, and written determinations to which they are entitled under this policy and grievance process. The Title IX Coordinator is also responsible for effective implementation of any supportive measures or remedies. The Title IX Coordinator must be free from conflicts of interest and bias when administering the grievance process.

2. "Investigator" means a person who investigates a formal complaint. The investigator of a formal complaint may not be the same person as the Decision-maker or the Appellate Decision-maker. The Investigator may be a school district employee, school district official, or a third party designated by the school district.

3. "Decision-maker" means a person who makes a determination regarding responsibility after the investigation has concluded. The Decision-maker cannot be the same person as the Title IX Coordinator, the Investigator, or the Appellate Decision-maker.

4. "Appellate Decision-maker" means a person who considers and decides appeals of determinations regarding responsibility and dismissals of formal complaints. The Appellate Decision-maker cannot be the same person as the Title IX Coordinator, Investigator, or Decision-maker. The Appellate Decision-maker may be a school district employee, or a third party designated by the school district.

5. The superintendent of the school district may delegate functions assigned to a specific school district employee under this policy, including but not limited to the functions assigned to the Title IX Coordinator, Investigator, Decision-maker, Appellate Decision-maker, and facilitator of informal resolution processes, to any suitably qualified individual and such delegation may be rescinded by the superintendent at any time. The school district may also, in its discretion, appoint suitably qualified persons who are not school district employees to fulfill any function under this policy, including, but not limited to, Investigator, Decision-maker, Appellate Decision-maker, and facilitator of informal resolution processes.

III. BASIC REQUIREMENTS FOR GRIEVANCE PROCESS

A. Equitable Treatment

1. The school district shall treat complainants and respondents equitably. However, equality or parity with respect to supportive measures provided to complainants and respondents is not required.

2. The school district will not impose any disciplinary sanctions or take any other actions against a respondent that do not constitute supportive measures until it has completed this grievance process and the respondent has been found responsible.

3. The school district will provide appropriate remedies to the complainant any time a respondent is found responsible.

B. Objective and Unbiased Evaluation of Complaints

1. Title IX Personnel, including the Title IX Coordinator, Investigator, Decision-maker, and Appellate Decision-maker, shall be free from conflicts of interest or bias for or against complainants or respondents generally or a specific complainant or respondent.

2. Throughout the grievance process, Title IX Personnel will objectively evaluate all relevant evidence, inculpatory and exculpatory, and shall avoid credibility determinations based solely on a person's status as a complainant, respondent, or witness.

C. Title IX Personnel will presume that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

D. Confidentiality

The school district will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the Family Educational Rights and Privacy Act (FERPA), 20 United States Code, section 1232g, FERPA regulations, 34 Code of Federal Regulations, part 99, Minnesota law under Minnesota Statutes section 13.32, or as required by law, or to carry out the purposes of 34 Code of Federal Regulations, part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder (i.e., the school district's obligation to maintain confidentiality shall not impair or otherwise affect the complainants and respondents receipt of the information to which they are entitled with respect to the investigative record and determination of responsibility).

E. Right to an Advisor; Right to a Support Person

Complainants and respondents have the right, at their own expense, to be assisted by an advisor of their choice during all stages of any grievance proceeding, including all meetings and investigative interviews. The advisor may be, but is not required to be, an attorney. In general, an advisor is not permitted to speak for or on behalf of a complainant or respondent, appear in lieu of complainant or respondent, participate as a witness, or participate directly in any other manner during any phase of the grievance process.

A complainant or respondent with a disability may be assisted by a support person throughout the grievance process, including all meetings and investigative interviews, if such accommodation is necessary. A support person may be a friend, family member, or any individual who is not otherwise a

potential witness. The support person is not permitted to speak for or on behalf of a complainant or respondent, appear in lieu of complainant or respondent, participate as a witness, or participate directly in any other manner during any phase of the grievance process.

F. Notice

The school district will send written notice of any investigative interviews or meetings to any party whose participation is invited or expected. The written notice will include the date, time, location, participants, and purpose of the meeting or interview, and will be provided to allow sufficient time for the party to prepare to participate.

G. Consolidation

The school district may, in its discretion, consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances.

H. Evidence

1. During the grievance process, the school district will not require, allow, rely upon, or otherwise use questions or evidence that constitute or seek disclosure of information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.

2. The school district shall not access, consider, disclose, or otherwise use a party's medical, psychological, and similar treatment records unless the school district obtains the party's voluntary, written consent.

I. Burden of Proof

1. The burden of gathering evidence and the burden of proof shall remain upon the school district and not upon the parties.

2. The grievance process shall use a preponderance of the evidence standard (i.e. whether it is more likely than not that the respondent engaged in sexual harassment) for all formal complaints of sexual harassment, including when school district employees are respondents.

J. Timelines

1. Any informal resolution process must be completed within thirty (30) calendar days following the parties' agreement to participate in such informal process.

2. An appeal of a determination of responsibility or of a decision dismissing a formal complaint must be received by the school district within five (5) days of the date the determination of responsibility or dismissal was provided to the parties.

3. Any appeal of a determination of responsibility or of a dismissal will be decided within thirty (30) calendar days of the day the appeal was received by the school district.

4. The school district will seek to conclude the grievance process, including any appeal, within 120 calendar days of the date the formal complaint was received by the school district.

5. Although the school district strives to adhere to the timelines described above, in each case, the school district may extend the time frames for good cause. Good cause may include, without limitation: the complexity of the allegations; the severity and extent of the alleged misconduct; the number of parties, witnesses, and the types of other evidence (e.g., forensic evidence) involved; the availability of the parties, advisors, witnesses, and evidence (e.g., forensic evidence); concurrent law enforcement activity; intervening school district holidays, breaks, or other closures; the need for language assistance or accommodation of disabilities; and/or other unforeseen circumstances.

K. Potential Remedies and Disciplinary Sanctions

1. The following is the range of possible remedies that the school district may provide a complainant and disciplinary sanctions that the school district might impose upon a respondent, following determination of responsibility: counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, mutual or unilateral restrictions on contact

between the parties, changes in work locations, leaves of absence, monitoring of certain areas of the school district buildings or property, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge.

2. If the Decision-maker determines a student-respondent is responsible for violating this policy, the Decision-maker will recommend appropriate remedies, including disciplinary sanctions/consequences. The Title IX Coordinator will notify the superintendent of the recommended remedies, such that an authorized administrator can consider the recommendation(s) and implement appropriate remedies in compliance with MSBA Model Policy 506 – Student Discipline. The discipline of a student-respondent must comply with the applicable provisions of Minnesota Pupil Fair Dismissal Act, the Individuals with Disabilities Education Improvement Act (IDEA) and/or Section 504 of the Rehabilitation Act of 1972, and their respective implementing regulations.

IV. REPORTING PROHIBITED CONDUCT

A. Any student who believes they have been the victim of unlawful sex discrimination or sexual harassment, or any person (including the parent of a student) with actual knowledge of conduct which may constitute unlawful sex discrimination or sexual harassment toward a student should report the alleged acts as soon as possible to the Title IX Coordinator.

B. Any employee of the school district who has experienced, has actual knowledge of, or has witnessed unlawful sex discrimination, including sexual harassment, or who otherwise becomes aware of unlawful sex discrimination, including sexual harassment, must promptly report the allegations to the Title IX Coordinator without screening or investigating the report or allegations.

C. A report of unlawful sex discrimination or sexual harassment may be made at any time, including during non-business hours, and may be made in person, by mail, by telephone, or by e-mail using the Title IX Coordinator's contact information. A report may also be made by any other means that results in the Title IX Coordinator receiving the person's verbal or written report.

D. Sexual harassment may constitute both a violation of this policy and criminal law. To the extent the alleged conduct may constitute a crime, the School District may report the alleged conduct to law enforcement authorities. The school district encourages complainants to report criminal behavior to the police immediately.

V. INITIAL RESPONSE AND ASSESSMENT BY THE TITLE IX COORDINATOR

A. When the Title IX Coordinator receives a report, the Title IX Coordinator shall promptly contact the complainant confidentially to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.

B. The school district will offer supportive measures to the complainant whether or not the complainant decides to make a formal complaint. The school district must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the school district's ability to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

C. If the complainant does not wish to file a formal complaint, the allegations will not be investigated by the school district unless the Title IX Coordinator determines that signing a formal complaint to initiate an investigation over the complainant's wishes is not clearly unreasonable in light of the known circumstances.

D. Upon receipt of a formal complaint, the school district must provide written notice of the formal complaint to the known parties with sufficient time to prepare a response before any initial interview. This written notice must contain:

1. The allegations of sexual harassment, including sufficient details known at the time, the identities of the parties involved in the incident (if known), the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident, if known;

2. A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made at the conclusion of the grievance process;

3. A statement explaining that the parties may have an advisor of their choice, who may be, but is not required to be, an attorney;

4. A statement that the parties may inspect and review evidence gathered pursuant to this policy;

5. A statement informing the parties of any code of conduct provision that prohibits knowingly making false statements or knowingly submitting false information; and

6. A copy of this policy.

VI. STATUS OF RESPONDENT DURING PENDENCY OF FORMAL COMPLAINT

A. Emergency Removal of a Student

1. The school district may remove a student-respondent from an education program or activity of the school district on an emergency basis before a determination regarding responsibility is made if:

a. The school district undertakes an individualized safety and risk analysis;

b. The school district determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal of the student-respondent; and

c. The school district determines the student-respondent poses such a threat, it will so notify the student-respondent and the student-respondent will have an opportunity to challenge the decision immediately following the removal. In determining whether to impose emergency removal measures, the Title IX Coordinator shall consult related school district policies, including MSBA Model Policy 506 – Student Discipline. The school district must take into consideration applicable requirements of the Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973, prior to removing a special education student or Section 504 student on an emergency basis.

B. Employee Administrative Leave

The school district may place a non-student employee on administrative leave during the pendency of the grievance process of a formal complaint. Such leave will typically be paid leave unless circumstances justify unpaid leave in compliance with legal requirements. The school district must take into consideration applicable requirements of Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act prior to removing an individual with a qualifying disability.

VII. Informal Resolution OF A FORMAL COMPLAINT

A. At any time prior to reaching a determination of responsibility, informal resolution may be offered and facilitated by the school district at the school district's discretion, but only after a formal complaint has been received by the school district.

B. The school district may not require as a condition of enrollment or continued enrollment, or of employment or continued employment, or enjoyment of any other right, waiver of the right to a formal investigation and adjudication of formal complaints of sexual harassment.

C. The informal resolution process may not be used to resolve allegations that a school district employee sexually harassed a student.

D. The school district will not facilitate an informal resolution process without both parties' agreement, and will obtain their voluntary, written consent. The school district will provide to the parties a written notice disclosing the allegations, the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, the parties' right to withdraw from the informal resolution process, and any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

E. At any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint.

VIII. Dismissal of a Formal Complaint

A. Under federal law, the school district must dismiss a Title IX complaint, or a portion thereof, if the conduct alleged in a formal complaint or a portion thereof:

1. Would not meet the definition of sexual harassment, even if proven;

2. Did not occur in the school district's education program or activity; or

3. Did not occur against a person in the United States.

B. The school district may, in its discretion, dismiss a formal complaint or allegations therein if:

1. The complainant informs the Title IX Coordinator in writing that the complainant desires to withdraw the formal complaint or allegations therein;

2. The respondent is no longer enrolled or employed by the school district; or

3. Specific circumstances prevent the school district from gathering sufficient evidence to reach a determination.

C. The school district shall provide written notice to both parties of a dismissal. The notice must include the reasons for the dismissal.

D. Dismissal of a formal complaint or a portion thereof does not preclude the school district from addressing the underlying conduct in any manner that the school district deems appropriate.

IX. INVESTIGATION OF A FORMAL COMPLAINT

A. If a formal complaint is received by the School District, the school district will assign or designate an Investigator to investigate the allegations set forth in the formal complaint.

B. If during the course of the investigation the school district decides to investigate any allegations about the complainant or respondent that were not included in the written notice of a formal complaint provided to the parties, the school district must provide notice of the additional allegations to the known parties.

C. When a party's participation is invited or expected in an investigative interview, the Investigator will coordinate with the Title IX Coordinator to provide written notice to the party of the date, time, location, participants, and purposes of the investigative interview with sufficient time for the party to prepare.

D. During the investigation, the Investigator must provide the parties with an equal opportunity to present witnesses for interviews, including fact witnesses and expert witnesses, and other inculpatory and exculpatory evidence.

E. Prior to the completion of the investigative report, the Investigator, through the Title IX Coordinator, will provide the parties and their advisors (if any) with an equal opportunity to inspect and review any evidence directly related to the allegations. The evidence shall be provided in electronic format or hard copy and shall include all relevant evidence, evidence upon which the school district does not intend to rely in reaching a determination regarding responsibility, and any inculpatory or exculpatory evidence whether obtained from a party or another source. The parties will have ten (10) days to submit a written response, which the Investigator will consider prior to completion of the investigative report.

F. The Investigator will prepare a written investigative report that fairly summarizes the relevant evidence. The investigative report may include credibility determinations that are not based on a person's status as a complainant, respondent or witness. The school district will send the parties and their advisors (if any) a copy of the report in electronic format or hard copy, for their review and written response at least ten (10) days prior to a determination of responsibility.

X. Determination Regarding Responsibility

A. After the school district has sent the investigative report to both parties and before the school district has reached a determination regarding responsibility, the Decision-maker must afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness.

B. The Decision-maker must provide the relevant questions submitted by the parties to the other parties or witnesses to whom the questions are offered, and then provide each party with the answers, and allow for additional, limited follow-up questions from each party.

C. The Decision-maker must explain to the party proposing the questions any decision to exclude a question as not relevant.

D. When the exchange of questions and answers has concluded, the Decision-maker must issue a written determination regarding responsibility that applies the preponderance of the evidence standard to the facts and circumstances of the formal complaint. The written determination of responsibility must include the following:

1. Identification of the allegations potentially constituting sexual harassment;

2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;

3. Findings of fact supporting the determination;

4. Conclusions regarding the application of the school district's code of conduct to the facts;

5. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the school district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the recipient's education program or activity will be provided by the school district to the complainant; and

6. The school district's procedures and permissible bases for the complainant and respondent to appeal and the date by which an appeal must be made.

E. In determining appropriate disciplinary sanctions, the Decision-maker should consider the surrounding circumstances, the nature of the behavior, past incidents or past or continuing patterns of behavior, the relationships between the parties involved, and the context in which the alleged incident occurred.

F. The written determination of responsibility must be provided to the parties simultaneously.

G. The Title IX Coordinator is responsible for the effective implementation of any remedies.

H. The determination regarding responsibility becomes final either on the date that the school district provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

XI. APPEALS

A. The school district shall offer the parties an opportunity to appeal a determination regarding responsibility or the school district's dismissal of a formal complaint or any allegations therein, on the following bases:

1. A procedural irregularity that affected the outcome of the matter (e.g., a material deviation from established procedures);

2. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and

3. The Title IX Coordinator, Investigator, or Decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

B. If notice of an appeal is timely received by the school district, the school district will notify the parties in writing of the receipt of the appeal, assign or designate the Appellate Decision-maker, and give the parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome.

C. After reviewing the parties' written statements, the Appellate Decision-maker must issue a written decision describing the result of the appeal and the rationale for the result.

D. The written decision describing the result of the appeal must be provided simultaneously to the parties.

E. The decision of the Appellate Decision-maker is final. No further review beyond the appeal is permitted.

XII. Retaliation prohibited

A. Neither the school district nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this policy, or because the individual made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this policy, constitutes retaliation. Retaliation against a person for making a report of sexual harassment, filing a formal complaint, or participating in an investigation, constitutes a violation of this policy that can result in the imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

B. Any person may submit a report or formal complaint alleging retaliation in the manner described in this policy and it will be addressed in the same manner as other complaints of sexual harassment or sex discrimination.

C. Charging an individual with violation of school district policies for making a materially false statement in bad faith in the course of a grievance proceeding under this policy shall not constitute retaliation, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

XIII. TRAINING

A. The school district shall ensure that Title IX Personnel receive appropriate training. The training shall include instruction on:

1. The Title IX definition of sexual harassment;

2. The scope of the school district's education program or activity;

3. How to conduct an investigation and grievance process, appeals, and informal resolution processes, as applicable;

4. How to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias;

5. For Decision-makers, training on issues of relevance of questions and evidence, including when questions and evidence about the complainant's prior sexual behavior are not relevant; and

6. For Investigators, training on issues of relevance, including the creation of an investigative report that fairly summarizes relevant evidence.

B. The training materials will not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints.

C. Materials used to train Title IX Personnel must be posted on the school district's website. If the school district does not have a website, it must make the training materials available for public inspection upon request.

XIV. DISSEMINATION OF POLICY

A. This policy shall be made available to all students, parents/guardians of students, school district employee, and employee unions.

B. The school district shall conspicuously post the name of the Title IX Coordinator, including office address, telephone number, and work e-mail address on its website and in each handbook that it makes available to parents, employees, students, unions, or applicants.

C. The school district must provide applicants for admission and employment, students, parents or legal guardians of secondary school students, employees, and all unions holding collective bargaining agreements with the school district, with the following:

1. The name or title, office address, electronic mail address, and telephone number of the Title IX Coordinator;

2. Notice that the school district does not discriminate on the basis of sex in the education program or activity that it operates, and that it is required by Title IX not to discriminate in such a manner;

3. A statement that the requirement not to discriminate in the education program or activity extends to admission and employment, and that inquiries about the application of Title IX may be referred to the Title IX Coordinator, to the Assistant Secretary for Civil Rights of the United States Department of Education, or both; and

4. Notice of the school district's grievance procedures and grievance process contained in this policy, including how to report or file a complaint of sex discrimination, how to report or file a formal complaint of sexual harassment, and how the school district will respond.

XV. RECORDKEEPING

A. The school district must create, and maintain for a period of seven calendar years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the school district must document:

1. The basis for the school district's conclusion that its response to the report or formal complaint was not deliberately indifferent;

2. The measures the school district has taken that are designed to restore or preserve equal access to the school district's education program or activity; and

3. If the school district does not provide a complainant with supportive measures, then it must document the reasons why such a response was not clearly unreasonable in light of the known circumstances. Such a record must be maintained for a period of seven years.

4. The documentation of certain bases or measures does not limit the recipient in the future from providing additional explanations or detailing additional measures taken.

B. The school district must also maintain for a period of seven calendar years records of:

1. Each sexual harassment investigation including any determination regarding responsibility, any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the recipient's education program or activity;

2. Any appeal and the result therefrom;

3. Any informal resolution and the result therefrom; and

4. All materials used to train Title IX Personnel.

~~522—TITLE IX SEX NONDISCRIMINATION POLICY, GRIEVANCE PROCEDURE AND PROCESS~~

[Note: On May 6, 2020, the U.S. Department of Education, Office for Civil Rights (OCR), released the long-awaited final rule amending Title IX regulations at 34 Code of Federal Regulations part 106. These regulations, which went into effect on August 14, 2020, are the first Title IX regulations applicable to sexual harassment and are applicable to complaints by both school district students and employees. The extensive regulations will require districts to revise their policies and procedures with respect to sexual harassment and ensure that administration and staff are trained on the new requirements.

The final rule requires school districts to provide notice of its nondiscrimination policy and grievance procedures, including how to file or report sexual harassment and how the school district will respond to the following groups: applicants for admission and employment; students; parents or legal guardians; and unions or professional organizations holding agreements with the school district. 34 Code of Federal Regulations section 106.8(b). The provisions of this policy generally conform to the requirements of the new regulations.]

~~I. GENERAL STATEMENT OF POLICY~~

~~A. The school district does not discriminate on the basis of sex, sexual orientation, and gender identity in its education programs or activities, and it is required by Title IX of Education Amendments Act of 1972, and its implementing regulations, not to discriminate in such a manner. The requirement not to discriminate in its education program or activity extends to admission and employment. The school district is committed to maintaining an education and work environment that is free from discrimination based on sex sexual orientation, and gender identity, including sexual harassment.~~

~~B. The school district prohibits sexual harassment that occurs within its education programs and activities. When the school district has actual knowledge of sexual harassment in its education program or activity against a person in the United States, it shall promptly respond in a manner that is not deliberately indifferent.~~

~~C. This policy applies to sexual harassment that occurs within the school district's education programs and activities and that is committed by a school district employee, student, or other members of the school community. This policy does not apply to sexual harassment that occurs off school grounds, in a private setting, and outside the scope of the school district's education programs and activities. This policy does not apply to sexual harassment that occurs outside the geographic boundaries of the United States, even if the sexual harassment occurs in the school district's education programs or activities.~~

~~D. Any student, parent or guardian having questions regarding the application of Title IX and its regulations and /or this policy and grievance process should discuss them with the Title IX coordinator. The school district's Title IX Coordinator is Kylie Johnson, Human Resources Director, 218-847-9271, 702 Lake Avenue, Detroit Lakes, MN 56501, kyliejohnson@detlakes.k12.mn.us~~

Questions relating solely to Title IX and its regulations may be referred to Title IX Coordinator(s), the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

~~E. The effective date of this policy is August 14, 2020, and applies to alleged violations of this policy occurring on or after August 14, 2020.~~

~~II. DEFINITIONS~~

~~A. "Actual knowledge" means notice of sexual harassment or allegations of sexual harassment to the school district's Title IX Coordinator or to any employee of the school district. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only official of the school district with actual knowledge is the respondent.~~

~~B. "Complainant" means a person who is alleged to be the victim of conduct that could constitute sexual harassment under Title IX. A Title IX Coordinator who signs a formal complaint is not a complainant unless the Title IX Coordinator is alleged to be the victim of the conduct described in the formal complaint.~~

~~C. "Days" or "days" means, unless expressly stated otherwise, business days (i.e. day(s) that the school district office is open for normal operating hours, Monday — Friday, excluding State-recognized holidays).~~

~~D. "Deliberately indifferent" means clearly unreasonable in light of the known circumstances. The school district is deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances.~~

~~E. "Education program or activity" means locations, events, or circumstances for which the school district exercises substantial control over both the respondent and the context in which the sexual harassment occurs and includes school district education programs or activities that occur on or off of school district property.~~

~~F. "Formal complaint" means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the school district investigate the allegation of sexual harassment.~~

~~1. A formal complaint filed by a complainant must be a physical document or an electronic submission. The formal complaint must contain the complainant's physical or digital signature, or otherwise indicate that the complainant is the person filing the formal complaint, and must be submitted to the Title IX Coordinator in person, by mail, or by email.~~

~~2. A formal complaint shall state that, at the time of filing the formal complaint, the complainant was participating in, or attempting to participate in, an education program or activity of the school district with which the formal complaint is filed.~~

~~G. "Informal resolution" means options for resolving a formal complaint that do not involve a full investigation and adjudication. Informal resolution may encompass a broad range of conflict resolution strategies, including mediation or restorative justice.~~

~~H. "Relevant questions" and "relevant evidence" are questions, documents, statements, or information that are related to the allegations raised in a formal complaint. Relevant evidence includes evidence that is both inculpatory and exculpatory. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the~~

respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

~~I. "Remedies" means actions designed to restore or preserve the complainant's equal access to education after a respondent is found responsible. Remedies may include the same individualized services that constitute supportive measures, but need not be non-punitive or non-disciplinary, nor must they avoid burdening the respondent.~~

~~J. "Respondent" means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment under Title IX.~~

~~K. "Sexual harassment" means any of three types of misconduct on the basis of sex, sexual orientation, and gender identity that occurs in a school district education program or activity and is committed against a person in the United States.~~

~~1. Quid pro quo harassment by a school district employee (conditioning the provision of an aid, benefit, or service of the school district on an individual's participation in unwelcome sexual conduct);~~

~~2. Unwelcome conduct that a reasonable person would find so severe, pervasive, and objectively offensive that it denies a person equal educational access; or~~

~~3. Any instance of sexual assault (as defined in the Clery Act, 20 United States Code sections 1092(f)(6)A(v)), dating violence, domestic violence, or stalking (as defined in the Violence Against Women Act, 34 United States Code section 12291).~~

~~L. "Supportive measures" means individualized services provided to the complainant or respondent without fee or charge that are reasonably available, non-punitive, non-disciplinary, not unreasonably burdensome to the other party, and designed to ensure equal educational access, protect safety, and deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, alternative educational services as defined under Minnesota Statutes section 121A.41, as amended, mutual restrictions on contact between the parties, changes in work locations, leaves of absence, increased security and monitoring of certain areas of the school district buildings or property, and other similar measures.~~

~~M. "Title IX Personnel" means any person who addresses, works on, or assists with the school district's response to a report of sexual harassment or formal complaint, and includes persons who facilitate information resolutions. The following are considered Title IX Personnel:~~

~~1. "Title IX Coordinator" means an employee of the school district that coordinates the school district's efforts to comply with and carry out its responsibilities under Title IX. The Title IX Coordinator is responsible for acting as the primary contact for the parties and ensuring that the parties are provided with all notices, evidence, reports, and written determinations to which they are entitled under this policy and grievance process. The Title IX Coordinator is also responsible for effective implementation of any supportive measures or remedies. The Title IX Coordinator must be free from conflicts of interest and bias when administering the grievance process.~~

~~2. "Investigator" means a person who investigates a formal complaint. The investigator of a formal complaint may not be the same person as the Decision maker or the Appellate Decision maker. The Investigator may be a school district employee, school district official, or a third party designated by the school district.~~

~~3. "Decision-maker" means a person who makes a determination regarding responsibility after the investigation has concluded. The Decision-maker cannot be the same person as the Title IX Coordinator, the Investigator, or the Appellate Decision-maker.~~

~~4. "Appellate Decision-maker" means a person who considers and decides appeals of determinations regarding responsibility and dismissals of formal complaints. The Appellate Decision-maker cannot be the same person as the Title IX Coordinator, Investigator, or Decision-maker. The Appellate Decision-maker may be a school district employee, or a third party designated by the school district.~~

~~5. The superintendent of the school district may delegate functions assigned to a specific school district employee under this policy, including but not limited to the functions assigned to the Title IX Coordinator, Investigator, Decision-maker, Appellate Decision-maker, and facilitator of informal resolution processes, to any suitably qualified individual and such delegation may be rescinded by the superintendent at any time. The school district may also, in its discretion, appoint suitably qualified persons who are not school district employees to fulfill any function under this policy, including, but not limited to, Investigator, Decision-maker, Appellate Decision-maker, and facilitator of informal resolution processes.~~

~~[Note: It is recommended that school districts designate a primary Title IX Coordinator and at least one alternate Title IX Coordinator so that the alternate can undertake Title IX Coordinator responsibilities in the event the primary Title IX Coordinator is a party to a complaint, or is otherwise not qualified under this policy to serve in that role in a particular case.]~~

~~II. BASIC REQUIREMENTS FOR GRIEVANCE PROCESS~~

~~A. Equitable Treatment~~

~~1. The school district shall treat complainants and respondents equitably. However, equality or parity with respect to supportive measures provided to complainants and respondents is not required.~~

~~2. The school district will not impose any disciplinary sanctions or take any other actions against a respondent that do not constitute supportive measures until it has completed this grievance process and the respondent has been found responsible.~~

~~3. The school district will provide appropriate remedies to the complainant any time a respondent is found responsible.~~

~~B. Objective and Unbiased Evaluation of Complaints~~

~~1. Title IX Personnel, including the Title IX Coordinator, Investigator, Decision-maker, and Appellate Decision-maker, shall be free from conflicts of interest or bias for or against complainants or respondents generally or a specific complainant or respondent.~~

~~2. Throughout the grievance process, Title IX Personnel will objectively evaluate all relevant evidence, inculpatory and exculpatory, and shall avoid credibility determinations based solely on a person's status as a complainant, respondent, or witness.~~

~~C. Title IX Personnel will presume that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.~~

~~D. Confidentiality~~

~~The school district will keep confidential the identity of any individual who has made a report or complaint of sex, sexual orientation, and gender identity discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex, sexual orientation, and gender identity discrimination, any respondent, and any witness, except as may be permitted by the Family Educational Rights and Privacy Act (FERPA), 20 United States Code section 1232g, FERPA regulations, 34 Code of Federal Regulations part 99 Minnesota law under Minnesota Statutes section 13.32,, or as required by law, or to carry out the purposes of 34 Code of Federal Regulations part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder (i.e., the school district's obligation to maintain confidentiality shall not impair or otherwise affect the complainants and respondents receipt of the information to which they are entitled with respect to the investigative record and determination of responsibility).~~

~~E. Right to an Advisor; Right to a Support Person~~

~~Complaints and respondents have the right, at their own expense, to be assisted by an advisor of their choice during all stages of any grievance proceeding, including all meetings and investigative interviews. The advisor may be, but is not required to be, an attorney. In general, an advisor is not permitted to speak for or on behalf of a complainant or respondent, appear in lieu of complainant or respondent, participate directly in any other manner during any phase of the grievance process.~~

~~A complainant or respondent with a disability may be assisted by a support person throughout the grievance process, including all meetings and investigative interviews, if such accommodation is necessary. A support person may be a friend, family member, or any individual who is not otherwise a potential witness. The support person is not permitted to speak for or on behalf of a complainant or respondent, appear in lieu of complainant or respondent, participate as a witness, or participate directly in any other manner during any phase of the grievance process.~~

~~F. Notice~~

~~The school district will send written notice of any investigative interviews or meetings to any party whose participation is invited or expected. The written notice will include the date, time, location, participants, and purpose of the meeting or interview, and will be provided to allow sufficient time for the party to prepare to participate.~~

~~G. Consolidation~~

~~The school district may, in its discretion, consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances.~~

~~H. Evidence~~

~~1. During the grievance process, the school district will not require, allow, rely upon, or otherwise use questions or evidence that constitute or seek disclosure of information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.~~

~~2. The school district shall not access, consider, disclose, or otherwise use a party's medical, psychological, and similar treatment records unless the school district obtains the party's voluntary, written consent.~~

~~I. Burden of Proof~~

~~1. The burden of gathering evidence and the burden of proof shall remain upon the school district and not upon the parties.~~

~~2. The grievance process shall use a preponderance of the evidence standard (i.e. whether it is more likely than not that the respondent engaged in sexual harassment) for all formal complaints of sexual harassment, including when school district employees are respondents.~~

~~J. Timelines~~

~~[Note: The Title IX regulations require reasonably prompt timeframes for conclusion of the grievance process, but do not specify any particular timeframes. The time periods below are suggested. School districts may establish their own district-specific timeline, although it is recommended that legal counsel be consulted before adjusting time periods.]~~

~~1. Any informal resolution process must be completed within thirty (30) calendar days following the parties' agreement to participate in such informal process.~~

~~2. An appeal of a determination of responsibility or of a decision dismissing a formal complaint must be received by the school district within five (5) days of the date the determination of responsibility or dismissal was provided to the parties.~~

~~3. Any appeal of a determination of responsibility or of a dismissal will be decided within thirty (30) calendar days of the day the appeal was received by the School District.~~

~~4. The school district will seek to conclude the grievance process, including any appeal, within 120 calendar days of the date the formal complaint was received by the School District.~~

~~5. Although the school district strives to adhere to the timelines described above, in each case, the school district may extend the time frames for good cause. Good cause may include, without limitation: the complexity of the allegations; the severity and extent of the alleged misconduct; the number of parties, witnesses, and the types of other evidence (e.g., forensic evidence) involved; the availability of the parties, advisors, witnesses, and evidence (e.g., forensic evidence); concurrent law enforcement activity; intervening school district holidays, breaks, or other closures; the need for language assistance or accommodation of disabilities; and/or other unforeseen circumstances.~~

~~K. Potential Remedies and Disciplinary Sanctions~~

~~1. The following is the range of possible remedies that the school district may provide a complainant and disciplinary sanctions that the school district might impose upon a respondent, following determination of responsibility: counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, mutual or unilateral restrictions on contact between the parties, changes in work locations, leave of absence, monitoring of certain areas of the school district buildings or property, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge.~~

~~2. If the Decision-maker determines a student respondent is responsible for violating this policy, the Decision-maker will recommend appropriate remedies, including disciplinary sanctions/consequences. The Title IX Coordinator will notify the superintendent of the recommended remedies, such that an authorized administrator can consider the recommendation(s) and implement appropriate remedies in compliance with MSBA Model Policy 506—Student Discipline. The discipline of a student respondent must comply with the applicable provisions of Minnesota Pupil Fair Dismissal Act, the Individuals with Disabilities Education Improvement Act (IDEA) and/or Section 504 of the Rehabilitation Act of 1972, and their respective implementing regulations.~~

~~IV. REPORTING PROHIBITED CONDUCT~~

~~A. Any student who believes they have been the victim of unlawful sex, sexual orientation, and gender identity discrimination or sexual harassment, or any person (including the parent of a student) with actual knowledge of conduct which may constitute unlawful sex, sexual orientation, and gender identity discrimination or sexual harassment toward a student should report the alleged act as soon as possible to the Title IX Coordinator.~~

~~B. Any employee of the school district who has experienced, has actual knowledge of, or has witnessed unlawful sex, sexual orientation, and gender identity discrimination, including sexual harassment, or who otherwise becomes aware of unlawful sex, sexual orientation, and gender identity discrimination, including sexual harassment, must promptly report the allegations to the Title IX Coordinator without screening or investigating the report or allegations.~~

~~C. A report of unlawful sex, sexual orientation, and gender identity discrimination or sexual harassment may be made at any time, including during non-business hours, and may be made in person, by mail, by telephone, or by e-mail using the Title IX Coordinator's contact information. A report may also be made by any other means that results in the Title IX Coordinator receiving the person's verbal or written report.~~

~~D. Sexual harassment may constitute both a violation of this policy and criminal law. To the extent the alleged conduct may constitute a crime, the School District may report the alleged conduct to law enforcement authorities. The school district encourages complainants to report criminal behavior to the police immediately.~~

~~V. INITIAL RESPONSE AND ASSESSMENT BY THE TITLE IX COORDINATOR~~

~~A. When the Title IX Coordinator receives a report, the Title IX Coordinator shall promptly contact the complainant confidentially to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.~~

~~B. The school district will offer supportive measures to the complainant whether or not the complainant decides to make a formal complaint. The school district must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the school district's ability to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.~~

~~C. If the complainant does not wish to file a formal complaint, the allegations will not be investigated by the school district unless the Title IX Coordinator determines that signing a formal~~

~~complaint to initiate an investigation over the complainant's wishes is not clearly unreasonable in light of the known circumstances.~~

~~D. Upon receipt of a formal complaint, the school district must provide written notice of the formal complaint to the known parties with sufficient time to prepare a response before any initial interview. This written notice must contain:~~

~~1. The allegations of sexual harassment, including sufficient details known at the time, the identities of the parties involved in the incident (if known), the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident, if known;~~

~~2. A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made at the conclusion of the grievance process;~~

~~3. A statement explaining that the parties may have an advisor of their choice, who may be, but is not required to be, an attorney;~~

~~4. A statement that the parties may inspect and review evidence gathered pursuant to this policy;~~

~~5. A statement informing the parties of any code of conduct provision that prohibits knowingly making false statements or knowingly submitting false information; and~~

~~6. A copy of this policy.~~

~~VI. STATUS OF RESPONDENT DURING PENDENCY OF FORMAL COMPLAINT~~

~~A. Emergency Removal of a Student~~

~~1. The school district may remove a student respondent from an education program or activity of the school district on an emergency basis before a determination regarding responsibility is made if:~~

~~a. The school district undertakes an individualized safety and risk analysis;~~

~~b. The school district determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal of the student respondent; and~~

~~c. The school district determines the student respondent poses such a threat, it will so notify the student respondent and the student respondent will have an opportunity to challenge the decision immediately following the removal. In determining whether to impose emergency removal measures, the Title IX Coordinator shall consult related school district policies, including MSBA Model Policy 506—Student Discipline. The school district must take into consideration applicable requirements of the Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973, prior to removing a special education student or Section 504 student on an emergency basis.~~

~~[NOTE: The interrelationship between the Title IX regulations authorizing the emergency removal of student and the Minnesota Pupil Fair Dismissal Act (MPFDA) is unclear at this time. School districts should consult with legal counsel regarding the emergency removal of a student. At a minimum, it is recommended that school districts provide alternative educational services, as defined in the MPFDA, to any student so removed under the Title IX regulations.]~~

~~B. Employee Administrative Leave~~

~~The school district may place a non-student employee on administrative leave during the pendency of the grievance process of a formal complaint. Such leave will typically be paid leave unless circumstances justify unpaid leave in compliance with legal requirements. The school district must take into consideration applicable requirements of Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act prior to removing an individual with a qualifying disability.~~

~~VII. INFORMAL RESOLUTION OF A FORMAL COMPLAINT~~

~~A. At any time prior to reaching a determination of responsibility, informal resolution may be offered and facilitated by the school district at the school district's discretion, but only after a formal complaint has been received by the school district.~~

~~B. The school district may not require as a condition of enrollment or continued enrollment, or of employment or continued employment, or enjoyment of any other right, waiver of the right to a formal investigation and adjudication of formal complaints of sexual harassment.~~

~~C. The informal resolution process may not be used to resolve allegations that a school district employee sexually harassed a student.~~

~~D. The school district will not facilitate an informal resolution process without both parties' agreement, and will obtain their voluntary, written consent. The school district will provide to the parties a written notice disclosing all allegations, the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, the parties' right to withdraw from the informal resolution process, and any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.~~

~~E. At any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint.~~

~~VIII. DISSEMINATION OF A FORMAL COMPLAINT~~

~~A. Under federal law, the school district must dismiss a Title IX complaint, or a portion thereof, if the conduct alleged in a formal complaint or a portion thereof:~~

- ~~1. Would not meet the definition of sexual harassment, even if proven;~~
- ~~2. Did not occur in the school district's education program or activity; or~~
- ~~3. Did not occur against a person in the United States.~~

~~B. The school district may, in its discretion, dismiss a formal complaint or allegations therein if:~~

- ~~1. The complainant informs the Title IX Coordinator in writing that the complainant desires to withdraw the formal complaint or allegations therein;~~
- ~~2. The respondent is no longer enrolled or employed by the school district; or~~

~~3. Specific circumstances prevent the school district from gathering sufficient evidence to reach a determination.~~

~~C. The school district shall provide written notice to both parties of a dismissal. The notice must include the reasons for the dismissal.~~

~~D. Dismissal of a formal complaint or a portion thereof does not preclude the school district from addressing the underlying conduct in any manner that the school district deems appropriate.~~

~~[NOTE: For example, school districts are reminded of the obligation under Minnesota Statutes section 122A.20, subdivision 2, to make a mandatory report to PELSB concerning any teacher who resigns during the course of an investigation of misconduct.]~~

~~IX. INVESTIGATION OF A FORMAL COMPLAINT~~

~~A. If a formal complaint is received by the school district, the school district will assign or designate an Investigator to investigate the allegations set forth in the formal complaint.~~

~~B. If during the course of the investigation the school district decides to investigate any allegations about the complainant or respondent that were not included in the written notice of a formal complaint provided to the parties, the school district must provide notice of the additional allegations to the known parties.~~

~~C. When a party's participation is invited or expected in an investigative interview, the Investigator will coordinate with the Title IX Coordinator to provide written notice to the party of the date, time, location, participants, and purposes of the investigative interview with sufficient time for the party to prepare.~~

~~D. During the investigation, the Investigator must provide the parties with an equal opportunity to present witnesses for interviews, including fact witnesses and expert witnesses, and other inculpatory and exculpatory evidence.~~

~~E. Prior to the completion of the investigative report, the Investigator, through the Title IX Coordinator, will provide the parties and their advisors (if any) with an equal opportunity to inspect and review any evidence directly related to the allegations. The evidence shall be provided in electronic format or hard copy and shall include all relevant evidence, evidence upon which the school district does not intend to rely in reaching a determination regarding responsibility, and any inculpatory or exculpatory evidence whether obtained from a party or another source. The parties will have ten (10) days to submit a written response, which the Investigator will consider prior to completion of the investigative report.~~

~~F. The Investigator will prepare a written investigative report that fairly summarizes the relevant evidence. The investigative report may include credibility determinations that are not based on a person's status as a complainant, respondent or witness. The school district will send the parties and their advisors (if any) a copy of the report in electronic format or hard copy, for their review and written response at least ten (10) days prior to a determination of responsibility.~~

~~X. DETERMINATION REGARDING RESPONSIBILITY~~

~~[NOTE: The Title IX regulations do not require school districts to conduct live hearings as part of the decision-making phase of the grievance process. Accordingly, this Policy does not include procedures for a live hearing. If a school district desires to create such procedures, legal counsel should be consulted.]~~

~~A. After the school district has sent the investigative report to both parties and before the school district has reached a determination regarding responsibility, the Decision-maker must afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness.~~

~~B. The Decision-maker must provide the relevant questions submitted by the parties to the other parties or witnesses to whom the questions are offered, and then provide each party with the answers, and allow for additional, limited follow-up questions from each party.~~

~~C. The Decision-maker must explain to the party proposing the questions any decision to exclude a question as not relevant.~~

~~D. When the exchange of questions and answers has concluded, the Decision-maker must issue a written determination regarding responsibility that applies the preponderance of the evidence standard to the facts and circumstances of the formal complaint. The written determination of responsibility must include the following:~~

~~1. Identification of the allegations potentially constituting sexual harassment;~~

~~2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;~~

~~3. Findings of fact supporting the determination;~~

~~4. Conclusions regarding the application of the school district's code of conduct to the facts;~~

~~5. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the school district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the recipient's education program or activity will be provided by the school district to the complainant; and~~

~~6. The school district's procedures and permissible bases for the complainant and respondent to appeal and the date by which an appeal must be made.~~

~~E. In determining appropriate disciplinary sanctions, the Decision-maker should consider the surrounding circumstances, the nature of the behavior, past incidents or past or continuing patterns of behavior, the relationships between the parties involved, and the context in which the alleged incident occurred.~~

~~F. The written determination of responsibility must be provided to the parties simultaneously.~~

~~G. The Title IX Coordinator is responsible for the effective implementation of any remedies.~~

~~H. The determination regarding responsibility becomes final either on the date that the school district provides the parties with the written determination of the results of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.~~

~~XI. APPEALS~~

~~A. The school district shall offer the parties an opportunity to appeal a determination regarding responsibility or the school district's dismissal of a formal complaint or any allegations therein, on the following bases:~~

~~1. A procedural irregularity that affected the outcome of the matter (e.g., a material deviation from established procedures);~~

~~2. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcomes of the matter; and~~

~~3. The Title IX Coordinator, Investigator, or Decision maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.~~

~~B. If notice of an appeal is timely received by the school district, the school district will notify the parties in writing of the receipt of the appeal, assign or designate the Appellate Decision maker, and give the parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome.~~

~~C. After reviewing the parties' written statements, the Appellate Decision maker must issue a written decision describing the result of the appeal and the rationale for the result.~~

~~D. The written decision describing the result of the appeal must be provided simultaneously to the parties.~~

~~E. The decision of the Appellate Decision maker is final. No further review beyond the appeal is permitted.~~

~~XII. RETALIATION PROHIBITED~~

~~A. Neither the school district nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this policy, or because the individual made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex, sexual orientation, and gender identity discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex, sexual orientation, and gender identity discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this policy, constitutes retaliation. Retaliation against a person for making a report of sexual harassment, filing a formal complaint, or participating in an investigation, constitutes a violation of this policy that can result in the imposition of disciplinary sanctions/consequences and/or other appropriate remedies.~~

~~B. Any person may submit a report or formal complaint alleging retaliation in the manner described in this policy and it will be addressed in the same manner as other complaints of sexual harassment or sex, sexual orientation, and gender identity discrimination.~~

~~C. Charging an individual with violation of school district policies for making a materially false statement in bad faith in the course of a grievance proceeding under this policy shall not constitute retaliation, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.~~

~~XIII. TRAINING~~

~~A. The school district shall ensure that Title IX Personnel receive appropriate training. The training shall include instruction on:~~

~~1. The Title IX definition of sexual harassment;~~

~~2. The scope of the school district's education program or activity;~~

~~3. How to conduct an investigation and grievance process, appeals, and informal resolution processes, as applicable;~~

~~4. How to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias;~~

~~5. For Decision makers, training on issues of relevance of questions and evidence, including when questions and evidence about the complainant's prior sexual behavior are not relevant; and~~

~~6. For Investigators, training on issues of relevance, including the creation of an investigative report that fairly summarizes relevant evidence.~~

~~B. The training materials will not rely on sex, sexual orientation, and gender identity stereotypes and must promote impartial investigations and adjudications of formal complaints.~~

Detroit Lakes Public Schools Policy # 707

707 TRANSPORTATION OF PUBLIC SCHOOL STUDENTS

I. PURPOSE

The purpose of this policy is to provide for the transportation of students consistent with the requirements of law.

II. GENERAL STATEMENT OF POLICY

- A. The policy of the school district is to provide for the transportation of students in a manner which will protect their health, welfare, and safety.
- B. The school district recognizes that transportation is an essential part of the school district services to students and parents but further recognizes that transportation by school bus is a privilege and not a right for an eligible student.

III. DEFINITIONS

- A. "Child with a disability" includes every child identified under federal and state special education law as deaf or hard of hearing, blind or visually impaired, deafblind, or having a speech or language impairment, a physical impairment, other health disability, developmental cognitive disability, an emotional or behavioral disorder, specific learning disability, autism spectrum disorder, traumatic brain injury, or severe multiple impairments, and who needs special education and related services, as determined by the rules of the Commissioner of the Minnesota Department of Education ("Commissioner"). A licensed physician, an advanced practice nurse, a physician assistant, or a licensed psychologist is qualified to make a diagnosis and determination of attention deficit disorder or attention deficit hyperactivity disorder for purposes of identifying a child with a disability. In addition, every child under age three, and at the school district's discretion from age three to seven, who needs special instruction and services, as determined by the rules of the Commissioner, because the child has a substantial delay or has an identifiable physical or mental condition known to hinder normal development is a child with a disability. A child with a short-term or temporary physical or emotional illness or disability, as determined by the rules of the Commissioner, is not a child with a disability.
- B. "Home" is the legal residence of the child. In the discretion of the school district, "home" also may be defined as a licensed day care facility, school day care facility, a respite care facility, the residence of a relative, or the residence of a person chosen by the student's parent or guardian as the home of a student for part or all of the day, if requested by the student's parent or guardian, or an afterschool program for children operated by a political subdivision of the state, if the facility, residence, or program is within the attendance area of the school the student attends. Unless otherwise specifically provided by law, a homeless student is a resident of the school district if enrolled in the school district.
- C. "Homeless student" means a student, including a migratory student, who lacks a fixed, regular, and adequate nighttime residence and includes: students who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters;

are abandoned in hospitals; are awaiting foster care placement; have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings; are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings, and migratory children who qualify as homeless because they are living in any of the preceding listed circumstances.

- D. "Nonpublic school" means any school, church, or religious organization, or home school wherein a resident of Minnesota may legally fulfill the compulsory instruction requirements of Minnesota Statutes section 120A.22, which is located within the state, and which meets the requirements of Title VI of the Civil Rights Act of 1964.
- E. "Nonresident student" is a student who attends school in the school district and resides in another district, defined as the "nonresident district." In those instances when the divorced or legally separated parents or parents residing separately share joint physical custody of a student and the parents reside in different school districts, the student shall be a resident of the school district designated by the student's parents. When parental rights have been terminated by court order, the legal residence of a student placed in a residential or foster facility for care and treatment is the district in which the student resides.
- F. "Pupil support services" are health, counseling, and guidance services provided by the public school in the same district where the nonpublic school is located.
- G. "School of origin," for purposes of determining the residence of a homeless student, is the school that the student attended when permanently housed or the school in which the student was last enrolled.
- H. "Shared time basis" is a program where students attend public school for part of the regular school day and who otherwise fulfill the requirements of Minnesota Statutes section 120A.22 by attendance at a nonpublic school.
- I. "Student" means any student or child attending or required to attend any school as provided in Minnesota law and who is a resident or child of a resident of Minnesota.

IV. ELIGIBILITY

- A. [1][2][3] Upon the request of a parent or guardian, the school district shall provide transportation to and from school, at the expense of the school district, for all resident students who reside ~~1/2~~^{two} miles or more from the school, except for those students whose transportation privileges have been revoked or have been voluntarily surrendered by the student's parent or guardian.
- B. The school district may, in its discretion, also provide transportation to any student to and from school, at the expense of the school district, for any other purpose deemed appropriate by the school board.
- C. In the discretion of the school district, transportation along regular school bus routes may also be provided, where space is available, to any person where such use of a bus does not interfere with the transportation of students. The cost of providing such transportation must be paid by those individuals using these services or some third-party payor. Bus transportation also may be provided along school bus routes when space is available for participants in early childhood family education programs and school readiness programs if these services do not result in an increase in the school district's expenditures for transportation
- D. For purposes of stabilizing enrollment and reducing mobility, the school district may, in its discretion, establish a full-service school zone and may provide transportation for

students attending a school in that full-service school zone. A full-service school zone may be established for a school that is located in an area with higher than average crime or other social and economic challenges and that provides education, health or human services, or other parental support in collaboration with a city, county, state, or nonprofit agency.

V. TRANSPORTATION OF NONRESIDENT STUDENTS

- A. If requested by the parent of a nonresident student, the school district shall provide transportation to a nonresident student within its borders at the same level of service that is provided to resident students.
- B. If the school district decides to transport a nonresident student within the student's resident district, the school district will notify the student's resident district of its decision, in writing, prior to providing transportation.
- C. When divorced or legally separated parents or parents residing separately reside in different school districts and share physical custody of a student, the parents shall be responsible for the transportation of the student to the border of the school district during those times when the student is residing with the parent in the nonresident school district.
- D. The school district may provide transportation to allow a student who attends a high-need English language learner program and who resides within the transportation attendance area of the program to continue in the program until the student completes the highest grade level offered by the program.

VI. TRANSPORTATION OF RESIDENT STUDENTS TO NONDISTRICT SCHOOLS

- A. In general, the school district shall not provide transportation between a resident student's home and the border of a nonresident district where the student attends school under the Enrollment Options Program. A parent may be reimbursed by the nonresident district for the costs of transportation from the pupil's residence to the border of the nonresident district if the student is from a family whose income is at or below the poverty level, as determined by the federal government. The reimbursement may not exceed the pupil's actual cost of transportation or 15 cents per mile traveled, whichever is less. Reimbursement may not be paid for more than 250 miles per week. (Minn. Stat. § 124D.03, Subd. 8)
- B. Resident students shall be eligible for transportation to and from a nonresident school district at the expense of the school district, if in the discretion of the school district, inadequate room, distance to school, unfavorable road conditions, or other facts or conditions make attendance in the resident student's own district unreasonably difficult or impracticable. The school district, in its discretion, may also provide for transportation of resident students to schools in other districts for grades and departments not maintained in the district, including high school, for the whole or a part of the year or for resident students who attend school in a building rented or leased by the school district in an adjacent district.
- C. In general, the school district is not responsible for transportation for any resident student attending school in an adjoining state under a reciprocity agreement but may provide such transportation services at its discretion.

VII. SPECIAL EDUCATION STUDENTS/STUDENTS WITH A DISABILITY/ STUDENTS WITH TEMPORARY DISABILITIES

- A. Upon a request of a parent or guardian, the board must provide necessary transportation, consistent with Minnesota Statutes section 123B.92, subdivision 1(b)(4), for a resident child with a disability not yet enrolled in kindergarten for the provision of special instruction and services. Special instruction and services for a child with a

disability not yet enrolled in kindergarten include an individualized education program (IEP) team placement in an early childhood program when that placement is necessary to address the child's level of functioning and needs.

- B. Resident students with a disability whose disabling conditions are such that the student cannot be safely transported on the regular school bus and/or school bus route and/or when the student is transported on a special route for the purpose of attending an approved special education program shall be entitled to special transportation at the expense of the school district or the day training and habilitation program attended by the student. The school district shall determine the type of vehicle used to transport students with a disability on the basis of the disabling condition and applicable laws. This provision shall not be applicable to parents who transport their own child under a contract with the school district.
- C. Resident students with a disability who are boarded and lodged at Minnesota state academies for educational purposes, but who also are enrolled in a public school within the school district, shall be provided transportation, by the school district to and from said board and lodging facilities, at the expense of the school district.
- D. If a resident student with a disability attends a public school located in a contiguous school district and the school district of attendance does not provide special instruction and services, the school district shall provide necessary transportation for the student between the school district boundary and the educational facility where special instruction and services are provided within the school district. The school district may provide necessary transportation of the student between its boundary and the school attended in the contiguous district, but shall not pay the cost of transportation provided outside the school district boundary.
- E. When a student with a disability or a student with a short-term or temporary disability is temporarily placed for care and treatment in a day program located in another school district and the student continues to live within the school district during the care and treatment, the school district shall provide the transportation, at the expense of the school district, to that student. The school district may establish reasonable restrictions on transportation, except if a Minnesota court or agency orders the child placed at a day care and treatment program and the school district receives a copy of the order, then the school district must provide transportation to and from the program unless the court or agency orders otherwise. Transportation shall only be provided by the school district during regular operating hours of the school district.
- F. When a nonresident student with a disability or a student with a short-term or temporary disability is temporarily placed in a residential program within the school district, including correctional facilities operated on a fee-for-service basis and state institutions, for care and treatment, the school district shall provide the necessary transportation at the expense of the school district. Where a joint powers entity enters into a contract with a privately owned and operated residential facility for the provision of education programs for special education students, the joint powers entity shall provide the necessary transportation.
- G. Each driver and aide assigned to a vehicle transporting students with a disability will be provided with appropriate training for the students in their care, will assist students with their safe ingress and egress from the bus, will ensure the proper use of protective safety devices, and will be provided with access to emergency health care information as required by law.
- H. Any parent of a student with a disability who believes that the transportation services provided for that child are not in compliance with the applicable law may utilize the alternative dispute resolution and due process procedures provided for in Minnesota Statutes chapter 125A.

VIII. HOMELESS STUDENTS

- A. Homeless students shall be provided with transportation services comparable to other students in the school district.
- B. Upon request by the student's parent, guardian, or homeless education liaison, the school district shall provide transportation for a homeless student as follows:
 - 1. A resident student who becomes homeless and is residing in a public or private shelter location or has other non-shelter living arrangements within the school district shall be provided transportation to and from the student's school of origin and the shelter or other non-shelter location on the same basis as transportation services are provided to other students in the school district.
 - 2. A resident student who becomes homeless and is residing in a public or private shelter location or has other non-shelter living arrangements outside of the school district shall be provided transportation to and from the student's school of origin and the shelter or other non-shelter location on the same basis as transportation services are provided to other students in the school district, unless the school district and the school district in which the student is temporarily placed agree that the school district in which the student is temporarily placed shall provide transportation.
 - 3. If a nonresident student is homeless and is residing in a public or private homeless shelter or has other non-shelter living arrangements within the school district, the school district may provide transportation services between the shelter or non-shelter location and the student's school of origin outside of the school district upon agreement with the school district in which the school of origin is located.
 - 4. A homeless nonresident student enrolled under Minnesota Statutes section 124D.08, subdivision 2a, must be provided transportation from the student's district of residence to and from the school of enrollment.

IX. AVAILABILITY OF SERVICES

Transportation shall be provided on all regularly scheduled school days or make-up days. Transportation will not be provided during the summer school break. Transportation may be provided for summer instructional programs for students with a disability or in conjunction with a learning year program. Transportation between home and school may also be provided, in the discretion of the school district, on staff development days.

SCHEDULING AND ROUTING

Transportation services will be provided insofar as possible as follows:

- A. On a city, county or township-owned road which is maintained by the city, county or township and is one-half mile long or more one way and comes out to a main traveled road.

There is a suitable and maintained place to turn around.

If vision is obscured at the point of turn-around, other arrangements will be necessary and will be at the discretion of the transportation contractor and the Transportation ~~Coordinator~~^{[4]Director}.

All turn-arounds must be plowed out wide enough to accommodate sufficient space for the safe turn-around of a bus. Transportation routes will be established to arrange the time and order of pick-up to minimize, to the degree possible, the amount of time a student is to ride on a school bus to and from school.

Insofar as possible, students will be transported towards the school of attendance without hauling students greater distances out into the country than necessary.

Families may designate a pickup location that is different from their dropoff location. Multiple pickup or dropoff locations will not be allowed except if approved by the Transportation ~~Coordinator~~Director. All pickup and dropoff locations must be in the same attendance area as the school of record

All bus routes will be controlled directly by the Transportation ~~Coordinator~~Director and all questions by School Board members, parents, bus drivers, and bus owners shall be first referred to the Transportation ~~Coordinator~~Director for his review, consideration and recommendation.

Buses will not be operated on private roads or driveways unless, in the judgment of the bus contractors and the Transportation ~~Coordinator~~Director, a greater safety hazard exists in backing or turning around the bus in a hazardous area on a township or county-owned road.

In general, the Detroit Lakes Public Schools will offer transportation to all students assigned to a building of record providing the student's record of residence is a minimum of one mile or more from the assigned school of attendance.

Students residing more than one half mile from their residence to the nearest edge of school property within the city boundaries of Detroit Lakes or who are classified as a Hazardous Transportation Category will be provided daily transportation to and from school. Hazardous Transportation Categories are as follows: students whose residence in relation to their building of attendance requires the crossing of U.S. Highway 10, Minnesota Highway 34, Washington Avenue, Corbett Road, 11th Avenue from 8th Street to MN Hwy 34, Roosevelt Avenue from U.S. Hwy 10 to MN Hwy 34, or the Burlington Northern and Canadian Pacific railroad tracks. A map depicting such areas is available for inspection at the Administration Center.

Unique or temporary locations within the city limits will be determined by the Transportation ~~Coordinator~~Director.

X. MANNER OF TRANSPORTATION

The scheduling of routes, establishment of the location of bus stops, manner and method of transportation, control and discipline of school children, the determination of fees, and any other matter relating thereto shall be within the sole discretion, control and management of the school board. The school district may, in its discretion, provide room and board, in lieu of transportation, to a student who may be more economically and conveniently provided for by that means.

XI. RESTRICTIONS

Transportation by the school district is a privilege and not a right for an eligible student. A student's eligibility to ride a school bus may be revoked for a violation of school bus safety or conduct policies, or violation of any other law governing student conduct on a school bus pursuant to the school district's discipline policy. Revocation of a student's bus riding privilege is not an exclusion, expulsion, or suspension under the Pupil Fair Dismissal Act. Revocation procedures for a student who is an individual with a disability under 20 United States Code section 1415 (Individuals with Disabilities Act), 29 United States Code section 794 (the Rehabilitation Act), and 42 United States Code section 12132, (Americans with Disabilities Act) are governed by these provisions.

XII. FEES

- A. In its discretion, the school district may charge fees for transportation of students to and from extracurricular activities conducted at locations other than school, where attendance is optional.
- B. The school district may charge fees for transportation of students to and from school when authorized by law. If the school district charges fees for transportation of students to and from school, guidelines shall be established for that transportation to ensure that

no student is denied transportation solely because of inability to pay. The school district also may waive fees for transportation if the student's parent is serving in, or within the past year has served in, active military service as defined in Minnesota Statutes section 190.05.

- C. The school district may charge reasonable fees for transportation of students to and from post-secondary institutions for students enrolled under the post-secondary enrollment options program. Families who qualify for mileage reimbursement may use their state mileage reimbursement to pay this fee
- D. Where, in its discretion, the school district provides transportation to and from an instructional community-based employment station that is part of an approved occupational experience vocational program, the school district may require the payment of reasonable fees for transportation from students who receive remuneration for their participation in these programs.

709 - STUDENT TRANSPORTATION SAFETY POLICY

[Note: School districts are required by statute to have a policy addressing these issues.]

I. PURPOSE

The purpose of this policy is to provide safe transportation for students and to educate students on safety issues and the responsibilities of school bus ridership.

Administrative procedures of the transportation system have been adopted by the School Board. The bus drivers and contractors shall be responsible to the Superintendent, who may delegate to the Transportation ~~Coordinator~~Director authority in the area of transportation.

Riding a school bus is a privilege, not a right. The transportation routing system provided by Detroit Lakes Public Schools is designed as a mass transit system with common collection points and is not intended to be a cab service. A student's eligibility to ride a school bus may be revoked for a violation of school bus safety or conduct policies, or violation of any other law governing student conduct on a school bus pursuant to the School District's discipline policy. Revocation of a student's bus riding privilege is not an exclusion, expulsion, or suspension under the Pupil Fair Dismissal Act. Revocation procedures for a student who is an individual with a disability under 20 U.S.C. § 1415 (Individuals with Disabilities Act), 29 U.S.C. § 794 (the Rehabilitation Act), and 42 U.S.C. § 12132, (Americans with Disabilities Act) are governed by these provision. (MN Stat § 121A.59)

II. PLAN FOR STUDENT TRANSPORTATION SAFETY TRAINING

A. School Bus Safety Week

The school district may designate a school bus safety week. The National School Bus Safety Week is the third week in October.

B. Student Training

1. The school district shall provide students enrolled in grades kindergarten (K) through 10 with age-appropriate school bus safety training of the following concepts:

- a. transportation by school bus is a privilege, not a right;
- b. school district policies for student conduct and school bus safety;

- c. appropriate conduct while on the bus;
- d. the danger zones surrounding a school bus;
- e. procedures for safely boarding and leaving a school bus;
- f. procedures for safe vehicle lane crossing; and
- g. school bus evacuation and other emergency procedures.

2. All students in grades K through 6 who are transported by school bus and are enrolled during the first or second week of school must receive the school bus safety training by the end of the third week of school. All students in grades 7 through 10 who are transported by school bus and are enrolled during the first or second week of school must receive the school bus safety training or receive bus safety instruction materials by the end of the sixth week of school, if they have not previously received school bus training. Students in grades K through 10 who enroll in a school after the second week of school, are transported by school bus, and have not received training in their previous school districts shall undergo school bus safety training or receive bus safety instructional materials within 4 weeks of their first day of attendance.

3. The school district and a nonpublic school with students transported by school bus at public expense must provide students enrolled in grades K through 3 school bus safety training twice during the school year.

4. Students taking driver's training instructional classes must receive training in the laws and proper procedures for operating a motor vehicle in the vicinity of a school bus as required by Minnesota Statutes 169.446, Subdivision 2.

5. The school district and a nonpublic school with students transported by school bus at public expense must conduct a school bus evacuation drill at least once during the school year.

6. The school district will make reasonable accommodations in training for students known to speak English as a second language and students with disabilities.

7. The school district may provide kindergarten students with school bus safety training before the first day of school.

8. The school district shall adopt and make available for public review a curriculum for transportation safety education.

9. Nonpublic school students transported by the school district will receive school bus safety training by their nonpublic school. The nonpublic schools may use the school district's school transportation safety education curriculum. Upon request by the school district superintendent, the nonpublic school must certify to the school district's school transportation safety director that all students enrolled in grades K through 10 have received the appropriate training

C. Active Transportation Safety Training

1. Training Required

a. The school district must provide public school pupils enrolled in kindergarten through grade 3 with age-appropriate active transportation safety training. At a minimum, the training must include pedestrian safety, including crossing roads.

b. The school district must provide pupils enrolled in grades 4 through 8 with age-appropriate active transportation safety training. At a minimum, the training must include:

(1) pedestrian safety, including crossing roads safely using the searching left, right, left for vehicles in traffic technique;

(2) bicycle safety, including relevant traffic laws, use and proper fit of protective headgear, bicycle parts and safety features, and safe biking techniques; and

(3) electric-assisted bicycle safety, including that a person under the age of 15 is not allowed to operate an electric-assisted bicycle.

[NOTE: The 2024 Minnesota legislature enacted this provision.]

III. CONDUCT ON SCHOOL BUSES AND CONSEQUENCES FOR MISBEHAVIOR

A. Riding the school bus is a privilege, not a right. The school district's general student behavior rules are in effect for students on school buses, including nonpublic and charter school students.

B. Consequences for school bus/bus stop misconduct will be imposed by the school district under adopted administrative discipline procedures. In addition, all school bus/bus stop misconduct will be reported to the school district's transportation safety director. Serious misconduct may be reported to local law enforcement.

1. School Bus and Bus Stop Rules.

The School District school bus safety rules are to be posted on every bus. If these rules are broken, the school district's discipline procedures are to be followed. In most circumstances, consequences are progressive and may include suspension of bus privileges. It is the school bus driver's responsibility to report unacceptable behavior to the school district's Transportation Office/School Office.

2. Rules at the Bus Stop

a. Get to your bus stop 5 minutes before your scheduled pick up time. The school bus driver will not wait for late students.

b. Respect the property of others while waiting at your bus stop.

c. Keep your arms, legs, and belongings to yourself.

d. Use appropriate language.

e. Stay away from the street, road, or highway when waiting for the bus.

f. Wait until the bus stops before approaching the bus.

g. After getting off the bus, move away from the bus.

Parents or guardians will be notified of any suspension of bus privileges. Listed below is an example of progressive discipline that may be used by school administration.

(1) Elementary (K-5)

1st Offense -warning

2nd Offense -3 school-day suspension from riding the bus

3rd Offense -5 school-day suspension from riding the bus

4th Offense -10 school-day suspension from riding the bus/meeting with parent

Further offenses – individually considered. Students may be suspended for longer periods of time, including the remainder of the school year.

(2) Secondary (6-12)

1st Offense -warning

2nd Offense -5 school-day suspension from riding the bus

3rd Offense -10 school-day suspension from riding the bus

4th Offense -20 school-day suspension from riding the bus/meeting with parent

5th Offense -suspended from riding the bus for the remainder of the school year

Note: When any student goes 60 transportation days without a report, the student's consequences may start over at the first offense.

(3) Other Discipline

Based on the severity of a student's conduct, more serious consequences may be imposed at any time. Depending on the nature of the offense, consequences such as suspension or expulsion from school also may result from school bus/bus stop misconduct.

(4) Records

Records of school bus/bus stop misconduct will be forwarded to the individual school building and will be retained in the same manner as other student discipline records. Reports of serious misbehavior on a school bus or in a bus-loading or unloading area that are reasonably believed to cause an immediate and substantial danger to the student surrounding persons or property shall be provided by the school district to local law enforcement and the Department of Public Safety in accordance with state and federal law.

(5) Vandalism/Bus Damage

Students damaging school buses will be responsible for the damages. Failure to pay such damages (or make arrangements to pay) within two weeks may result in the loss of bus privileges until damages are paid.

(6) Notice

School bus and bus stop rules and consequences for violations of these rules will be reviewed with students annually and copies of these rules will be made available to students. School bus rules are to be posted on each school bus.

(7) Criminal Conduct

In cases involving criminal conduct (for example, assault, weapons, drug possession, or vandalism), appropriate school district personnel and local law enforcement officials will be informed.

A. Training

1. All new school bus drivers shall be provided with pre-service training, including in-vehicle (actual driving) instruction, before transporting students and shall meet the competency testing specified in the Minnesota Department of Public Safety Model School Bus Driving Training Manual. All school bus drivers shall receive in-service training annually. For purposes of this section, "annually" means at least once every 380 days from the initial or previous evaluation and at least once every 380 days from the initial or previous license verification. The school district shall retain on file an annual individual school bus driver "evaluation certification" form for each school district driver as contained in the Model School Bus Driver Training Manual.

[NOTE: The Model School Bus Driver Training Manual is available online through the Minnesota Department of Public Safety State Patrol web page.]

2. All bus drivers operating a type III vehicle will be provided with annual training and certification as set forth in Section VII.C.1.b., below, by either the school district or the entity from whom such services are contracted by the school district.

B. Evaluation

School bus drivers with a Class D license will be evaluated annually and all other bus drivers will be assessed periodically for the following competencies:

1. Safely operating the type of school bus the driver will be driving;
2. Understand student behavior, including issues relating to students with disabilities;
3. Ensure orderly conduct of students on the bus and handling incidents of misconduct appropriately;
4. Know and understand relevant laws, rules of the road, and local school bus safety policies;

6. Safely load and unload students.

The evaluation must include completion of an individual “school bus driver evaluation form” (road test evaluation) as contained in the Model School Bus Driver Training Manual.

[Note: The school district may use alternative assessments rather than those set forth in the Model School Bus Driver Training Manual for bus driver training competencies with the approval of the Commissioner of Public Safety. A driver also may receive at least 8 hours of school bus in-service training in any year as an alternative to being assessed for bus driver competencies after the initial year of being assessed for bus driver competencies.]

VII. OPERATING RULES AND PROCEDURES

A. General Operating Rules

1. School buses shall be operated in accordance with state traffic and school bus safety laws and the procedures contained in the Minnesota Department of Public Safety Model School Bus Driver Training Manual.

[Note: The Model School Bus Driver Training Manual is available online through the Minnesota Department of Public Safety State Patrol web page.]

Only students assigned to the school bus by the school district shall be transported. The number of students or other authorized passengers transported in a school bus shall not be more than the legal capacity for the bus. No person shall be allowed to stand when the bus is in motion.

3. The parent/guardian may designate, pursuant to school district policy, a day care facility, respite care facility, the residence of a relative, or the residence of a person chosen by the parent or guardian as the address of the student for transportation purposes. The address must be in the attendance area of the assigned school and meet all other eligible requirements.

4. Bus drivers must minimize, to the extent practical, the idling of school bus engines and exposure of children to diesel exhaust fumes.

5. To the extent practical, the school district will designate school bus loading/unloading zones at a sufficient distance from school air-intake systems to avoid diesel fumes from being drawn into the systems.

[Note: A school district is not required to comply with Section VII.A.5. if the school board determines that alternative locations block traffic, impair student safety, or are not cost effective.]

6. A bus driver may not operate a school bus while communicating over, or otherwise operating, a cellular phone for personal reasons, whether handheld or hands free, when the vehicle is in motion or a part of traffic. For purposes of this paragraph, “school bus” has the meaning given in Minnesota. Statutes section. § 169.011, Subdivision. 71. In addition, “school bus” also includes type III vehicles when driven by employees or agents of the school district. “Cellular phone” means a cellular, analog, wireless, or digital telephone capable of sending or receiving telephone or text messages without an access line for service.

B. Type III Vehicles

1. Type III vehicles are restricted to passenger cars, station wagons, vans, and buses having a maximum manufacturer’s rated seating capacity of 10 or fewer people including the driver and a gross vehicle weight rating of 10,000 pounds or less. A van or bus converted to a seating capacity of 10 or fewer and placed in service on or after August 1, 1999, must have been originally manufactured to comply with the passenger safety standards.

2. Type III vehicles must be painted a color other than national school bus yellow.

3. Type III vehicles shall be state inspected in accordance with legal requirements.

4. If a type III vehicle is school district owned, the school district name will be clearly marked on the side of the vehicle. The type III vehicle must not have the words “school bus” in any location on the exterior of the vehicle or in any interior location visible to a motorist.

5. A “type III vehicle” must not be outwardly equipped and identified as a type A, B, C, or D bus.

6. Eight-lamp warning systems and stop arms must not be installed or used on type III vehicles.

7. Type III vehicles must be equipped with mirrors as required by law.

8. Any type III vehicle may not stop traffic and may not load or unload before making a complete stop and disengaging gears by shifting into neutral or park. Any type III vehicle used to transport

students must not load or unload so that a student has to cross the road, except where not possible or impractical, then the driver or assistant must escort a student across the road. If the driver escorts the student across the road, then the motor must be stopped, the ignition key removed, the brakes set, and the vehicle otherwise rendered immobile.

9. Any type III vehicle used to transport students must carry emergency equipment including:

a. Fire extinguisher. A minimum of one 10BC rated dry chemical type fire extinguisher is required. The extinguisher must be mounted in a bracket, and must be located in the driver's compartment and be readily accessible to the driver and passengers. A pressure indicator is required and must be easily read without removing the extinguisher from its mounted position.

b. First aid kit and body fluids cleanup kit. A minimum of a 10-unit first aid kit and a body fluids cleanup kit is required. c. Passenger cars and station wagons may carry a fire extinguisher, a first aid kit, and warning triangles in the trunk or trunk area of the vehicle if a label in the driver and front passenger area clearly indicates the location of these items.

10. Students will not be regularly transported in private vehicles that are not state inspected as type III vehicles. Only emergency, unscheduled transportation may be conducted in vehicles with a seating capacity of 10 or fewer without meeting the requirements for a type III vehicle. Also, parents may use a private vehicle to transport their own children under a contract with the district. The school district has no system of inspection for private vehicles.

11. All drivers of Type III vehicles will be legally licensed drivers and will be familiar with the use of required emergency equipment. The school district will not knowingly allow a person to operate a type III vehicle if the person has been convicted of an offense that disqualifies the person from operating a school bus.

12. Type III vehicles will be equipped with child passenger restraints, and child passenger restraints will be utilized to the extent required by law.

C. Type III Vehicle Driven by Employees with a Driver's License Without a School Bus Endorsement

The School District recognizes its responsibility relative to the collection, maintenance, and dissemination of public data as provided in state statutes.

II. GENERAL STATEMENT OF POLICY

The school district will comply with the requirements of the Minnesota Government Data Practices Act, Minnesota Statutes chapter 13 (MGDPA), and Minnesota Rules parts 1205.0100-1205.2000 in responding to requests for public data.

III. DEFINITIONS

A. Confidential Data on Individuals

Data made not public by statute or federal law applicable to the data and are inaccessible to the individual subject of those data.

B. Data on Individuals

All government data in which any individual is or can be identified as the subject of that data, unless the appearance of the name or other identifying data can be clearly demonstrated to be only incidental to the data and the data are not accessed by the name or other identifying data of any individual.

C. Data Practices Compliance Officer

The data practices compliance official is the designated employee of the school district to whom persons may direct questions or concerns regarding problems in obtaining access to data or other data practices problems. The responsible authority may be the data practices compliance official.

D. Government Data

All data collected, created, received, maintained or disseminated by any government entity regardless of its physical form, storage media or conditions of use.

E. Individual

"Individual" means a natural person. In the case of a minor or an incapacitated person as defined in Minnesota Statutes section 524.5-102, subdivision 6, "individual" includes a parent or guardian or an individual acting as a parent or guardian in the absence of a parent or guardian, except that the responsible authority shall withhold data from parents or guardians, or individuals acting as parents or guardians in the absence of parents or guardians, upon request by the minor if the responsible authority determines that withholding the data would be in the best interest of the minor.

F. Inspection

"Inspection" means the visual inspection of paper and similar types of government data. Inspection does not include printing copies by the school district, unless printing a copy is the only method to provide for inspection of the data. For data stored in electronic form and made available in electronic form on a remote access basis to the public by the school district, inspection includes remote access to the data by the public and the ability to print copies of or download the data on the public's own computer equipment.

G. Not Public Data

Any government data classified by statute, federal law, or temporary classification as confidential, private, nonpublic, or protected nonpublic.

H. Nonpublic Data

Data not on individuals made by statute or federal law applicable to the data: (a) not accessible to the public; and (b) accessible to the subject, if any, of the data.

I. Private Data on Individuals

Data made by statute or federal law applicable to the data: (a) not public; and (b) accessible to the individual subject of those data.

J. Protected Nonpublic Data

Data not on individuals made by statute or federal law applicable to the data (a) not public and (b) not accessible to the subject of the data.

K. Public Data

All government data collected, created, received, maintained, or disseminated by the school district, unless classified by statute, temporary classification pursuant to statute, or federal law, as nonpublic or protected nonpublic; or, with respect to data on individuals, as private or confidential.

L. Public Data Not on Individuals

Data accessible to the public pursuant to Minnesota Statutes section 13.03.

M. Public Data on Individuals

Data accessible to the public in accordance with the provisions of section 13.03.

N. Responsible Authority

The individual designated by the school board as the individual responsible for the collection, use, and dissemination of any set of data on individuals, government data, or summary data, unless otherwise provided by state law. Until an individual is designated by the school board, the responsible authority is the superintendent.

O. Summary Data

Statistical records and reports derived from data on individuals but in which individuals are not identified and from which neither their identities nor any other characteristic that could uniquely identify an individual is ascertainable. Unless classified pursuant to Minnesota Statutes section 13.06, another statute, or federal law, summary data is public.

IV. REQUESTS FOR PUBLIC DATA

- A. All requests for public data must be made in writing directed to the responsible authority.
 - 1. A request for public data must include the following information:
 - a. Date the request is made;
 - b. A clear description of the data requested;
 - c. Identification of the form in which the data is to be provided (e.g., inspection, copying, both inspection and copying, etc.); and
 - d. Method to contact the requestor (such as phone number, address, or email address).
 - 2. Unless specifically authorized by statute, the school district may not require persons to identify themselves, state a reason for, or justify a request to gain access to public government data. A person may be asked to provide certain identifying or clarifying information for the sole purpose of facilitating access to the data.
 - 3. The identity of the requestor is public, if provided, but cannot be required by the government entity.
 - 4. The responsible authority may seek clarification from the requestor if the request is not clear before providing a response to the data request.
- B. The responsible authority will respond to a data request at reasonable times and places as follows:
 - 1. The responsible authority will notify the requestor in writing as follows:
 - a. The requested data does not exist; or
 - b. The requested data does exist but either all or a portion of the data is not accessible to the requestor; or
 - (1) If the responsible authority determines that the requested data is classified so that access to the requestor is denied, the responsible authority will inform the requestor of the determination in writing, as soon thereafter as possible, and shall cite the specific statutory section, temporary

classification, or specific provision of federal law on which the determination is based.

(2) Upon the request of a requestor who is denied access to data, the responsible authority shall certify in writing that the request has been denied and cite the specific statutory section, temporary classification, or specific provision of federal law upon which the denial was based.

c. The requested data does exist and provide arrangements for inspection of the data, identify when the data will be available for pick-up, or indicate that the data will be sent by mail. If the requestor does not appear at the time and place established for inspection of the data or the data is not picked up within ten (10) business days after the requestor is notified, the school district will conclude that the data is no longer wanted and will consider the request closed.

2. The school district's response time may be affected by the size and complexity of the particular request, including necessary redactions of the data, and also by the number of requests made within a particular period of time.

3. The school district will provide an explanation of technical terminology, abbreviations, or acronyms contained in the responsive data on request.

4. The school district is not required by the MGDPA to create or collect new data in response to a data request, or to provide responsive data in a specific form or arrangement if the school district does not keep the data in that form or arrangement.

5. The school district is not required to respond to questions that are not about a particular data request or requests for data in general.

V. REQUEST FOR SUMMARY DATA

A. A request for the preparation of summary data shall be made in writing directed to the responsible authority.

1. A request for the preparation of summary data must include the following information:

a. Date the request is made;

b. A clear description of the data requested;

c. Identify the form in which the data is to be provided (e.g., inspection, copying, both inspection and copying, etc.); and

d. Method to contact requestor (phone number, address, or email address).

B. The responsible authority will respond within ten (10) business days of the receipt of a request to prepare summary data and inform the requestor of the following:

1. The estimated costs of preparing the summary data, if any; and

2. The summary data requested; or

3. A written statement describing a time schedule for preparing the requested summary data, including reasons for any time delays; or

4. A written statement describing the reasons why the responsible authority has determined that the requestor's access would compromise the private or confidential data.

C. The school district may require the requestor to pre-pay all or a portion of the cost of creating the summary data before the school district begins to prepare the summary data.

VI. DATA BY AN INDIVIDUAL DATA SUBJECT

A. Collection and storage of all data on individuals and the use and dissemination of private and confidential data on individuals shall be limited to that necessary for the administration and management of programs specifically authorized by the legislature or local governing body or mandated by the federal government.

B. Private or confidential data on an individual shall not be collected, stored, used, or disseminated by the school district for any purposes other than those stated to the individual at the time of collection in accordance with Minnesota Statutes section 13.04, except as provided in Minnesota Statutes section 13.05, subdivision 4.

C. Upon request to the responsible authority or designee, an individual shall be informed whether the individual is the subject of stored data on individuals, and whether it is classified as public, private or confidential. Upon further request, an individual who is the subject of stored private or public data on individuals shall be shown the data without any charge and, if desired, shall be informed of the content and meaning of that data.

D. After an individual has been shown the private data and informed of its meaning, the data need not be disclosed to that individual for six months thereafter unless a dispute or action pursuant to this section is pending or additional data on the individual has been collected or created.

E. The responsible authority or designee shall provide copies of the private or public data upon request by the individual subject of the data. The responsible authority or designee may require the requesting person to pay the actual costs of making and certifying the copies.

F. The responsible authority or designee shall comply immediately, if possible, with any request made pursuant to this subdivision, or within ten days of the date of the request, excluding Saturdays, Sundays and legal holidays, if immediate compliance is not possible.

G. An individual subject of the data may contest the accuracy or completeness of public or private data. To exercise this right, an individual shall notify in writing the responsible authority describing the nature of the disagreement. The responsible authority shall within 30 days either: (1) correct the data found to be inaccurate or incomplete and attempt to notify past recipients of inaccurate or incomplete data, including recipients named by the individual; or (2) notify the individual that the authority believes the data to be correct. Data in dispute shall be disclosed only if the individual's statement of disagreement is included with the disclosed data.

H. The determination of the responsible authority may be appealed pursuant to the provisions of the Administrative Procedure Act relating to contested cases. Upon receipt of an appeal by an individual, the commissioner shall, before issuing the order and notice of a contested case hearing required by Minnesota Statutes chapter 14, try to resolve the dispute through education, conference, conciliation, or persuasion. If the parties consent, the commissioner may refer the matter to

mediation. Following these efforts, the commissioner shall dismiss the appeal or issue the order and notice of hearing.

I. Data on individuals that have been successfully challenged by an individual must be completed, corrected, or destroyed by a government entity without regard to the requirements of Minnesota Statutes section 138.17.

J. After completing, correcting, or destroying successfully challenged data, the school district may retain a copy of the commissioner of administration's order issued under Minnesota Statutes chapter 14 or, if no order were issued, a summary of the dispute between the parties that does not contain any particulars of the successfully challenged data.

VII. REQUESTS FOR DATA BY AN INDIVIDUAL SUBJECT OF THE DATA

A. All requests for individual subject data must be made in writing directed to the responsible authority.

B. A request for individual subject data must include the following information:

1. Statement that one is making a request as a data subject for data about the individual or about a student for whom the individual is the parent or guardian;

2. Date the request is made;

3. A clear description of the data requested;

4. Proof that the individual is the data subject or the data subject's parent or guardian;

5. Identification of the form in which the data is to be provided (e.g., inspection, copying, both inspection and copying, etc.); and

6. Method to contact the requestor (such as phone number, address, or email address).

C. The identity of the requestor of private data is private.

D. The responsible authority may seek clarification from the requestor if the request is not clear before providing a response to the data request.

E. Policy 515 (Protection and Privacy of Pupil Records) addresses requests of students or their parents for educational records and data.

VIII. COSTS

A. Public Data

1. The school district will charge for copies provided as follows:

a. 100 or fewer pages of black and white, letter or legal sized paper copies will be charged at 25 cents for a one-sided copy or 50 cents for a two-sided copy.

b. More than 100 pages or copies on other materials are charged based upon the actual cost of searching for and retrieving the data and making the copies or electronically sending the data, unless the cost is specifically set by statute or rule.

(1) The actual cost of making copies includes employee time, the cost of the materials onto which the data is copied (paper, CD, DVD, etc.), and mailing costs (if any).

(2) Also, if the school district does not have the capacity to make the copies, e.g., photographs, the actual cost paid by the school district to an outside vendor will be charged.

2. All charges must be paid for [in cash or by check] in advance of receiving the copies.

[Note: the district should identify the payment methods that it will accept.]

B. Summary Data

1. Any costs incurred in the preparation of summary data shall be paid by the requestor prior to preparing or supplying the summary data.

2. The school district may assess costs associated with the preparation of summary data as follows:

a. The cost of materials, including paper, the cost of the labor required to prepare the copies, any schedule of standard copying charges established by the school district, any special costs necessary to produce such copies from a machine-based record-keeping system, including computers and microfilm systems;

b. The school district may consider the reasonable value of the summary data prepared and, where appropriate, reduce the costs assessed to the requestor.

C. Data Belonging to an Individual Subject

1. The responsible authority or designee may require the requesting person to pay the actual costs of making and certifying the copies.

The responsible authority shall not charge the data subject any fee in those instances where the data subject only desires to view private data.

The responsible authority or designee may require the requesting person to pay the actual costs of making and certifying the copies. Based on the factors set forth in Minnesota Rule 1205.0300, subpart 4, the school district determines that a reasonable fee would be the charges set forth in section VIII.A of this policy that apply to requests for data by the public.

2. The school district may not charge a fee to search for or to retrieve educational records of a child with a disability by the child's parent or guardian or by the child upon the child reaching the age of majority.

IX. Annual Review and Posting

A. The responsible authority shall prepare a written data access policy and a written policy for the rights of data subjects (including specific procedures the school district uses for access by the data subject to public or private data on individuals). The responsible authority shall update the policies no later than August 1 of each year, and at any other time as necessary to reflect changes in personnel, procedures, or other circumstances that impact the public's ability to access data.

B. Copies of the policies shall be easily available to the public by distributing free copies to the public or by posting the policies in a conspicuous place within the school district that is easily accessible to the public or by posting them on the school district's website.

806 - CRISIS MANAGEMENT POLICY

[NOTE: The Commissioner of the Minnesota Department of Education (Commissioner) is required to maintain and make available to school boards and charter schools a Model Crisis Management Policy. See Minnesota Statutes section 121A.035. School boards and charter schools must adopt a Crisis Management Policy to address potential crisis situations in their school districts or charter schools. Id. This Model Crisis Management Policy was originally the result of a collaborative effort among the Minnesota Department of Education, Division of Compliance and Assistance; the Minnesota Department of Public Safety, Division of Homeland Security and Emergency Management; and the Minnesota School Boards Association.]

I. PURPOSE

The purpose of this Model Crisis Management Policy is to act as a guide for school district and building administrators, school employees, students, school board members, and community members to address a wide range of potential crisis situations in the school district. The step-by-step procedures suggested by this Policy will provide guidance to each school building in drafting crisis management plans to coordinate protective actions prior to, during, and after any type of emergency or potential crisis situation. Each school district should develop tailored building-specific crisis management plans for each school building in the school district, and sections or procedures may be added or deleted in those crisis management plans based on building needs.

The school district will, to the extent possible, engage in ongoing emergency planning within the school district and with emergency responders and other relevant community organizations. The school district will ensure that relevant emergency responders in the community have access to their building-specific crisis management plans and will provide training to school district staff to enable them to act appropriately in the event of a crisis.

II. GENERAL INFORMATION

A. The Policy and Plans

The school district's Crisis Management Policy has been created in consultation with local community response agencies and other appropriate individuals and groups that would likely be involved in the event of a school emergency. It is designed so that each building administrator can tailor a building specific crisis management plan to meet that building's specific situation and needs

The school district's administration and/or the administration of each building shall present tailored building-specific crisis management plans to the school board for review and approval. The building-specific crisis management plans will include general crisis procedures and crisis-specific procedures. Upon approval by the school board, such crisis management plans shall be an addendum to this Crisis Management Policy. This Policy and the plans will be maintained and updated on an annual basis.

B. Elements of the District Crisis Management Policy

1. **General Crisis Procedures.** The Crisis Management Policy includes general crisis procedures for securing buildings, classroom evacuation, building evacuation, campus evacuation, and sheltering. The Policy designates the individual(s) who will determine when these actions will be taken. These districtwide procedures may be modified by building administrators when creating their building specific crisis management plans. A communication system will be in place to enable the designated individual to be contacted at all times in the event of a potential crisis, setting forth the method to contact the designated individual, provision of at least two designees when the contact person is unavailable, and the method to convey contact information to the appropriate staff persons. The alternative designees may include members of the emergency first responder response team. A secondary method of communication should be included in the plan for use when the primary method of communication is inoperable. Each building in the school district will have access to a copy of the Comprehensive School Safety Guide (2011 Edition) to assist in development of the building specific crisis management plans.

All general crisis procedures will address specific procedures for the safe evacuation of children and employees with special needs such as physical, sensory, motor, developmental, and mental health challenges.

[NOTE: More specific information on planning for children with special needs can be found in the Comprehensive School Safety Guide (2011 Edition) and United States Department of Education's document entitled, "Practical Information on Crisis Planning, a Guide for Schools and Communities." A website link is provided in the resource section of this Policy.]

a. **LockDown Procedures.** Lockdown procedures will be used in situations where harm may result to persons inside the school building, such as a shooting, hostage incident, intruder, trespassing, disturbance, or when determined to be necessary by the building administrator or

designee. The building administrator or designee will announce the lockdown over the public address system or other designated system. Code words will not be used. Provisions for emergency evacuation will be maintained even in the event of a lockdown. Each building administrator will submit lock-down procedures for their building as part of the building-specific crisis management plan.

[Note: Minnesota law requires a minimum of five school lock-down drills each school year. See Minnesota Statutes section 121A.035.]

b. Evacuation Procedures. Evacuations of classrooms and buildings shall be implemented at the discretion of the building administrator or his or her designee. Each building's crisis management plan will include procedures for transporting students and staff a safe distance from harm to a designated safe area until released by the building administrator or designee. Safe areas may change based upon the specific emergency situation. The evacuation procedures should include specific procedures for children with special needs, including children with limited mobility (wheelchairs, braces, crutches, etc.), visual impairments, hearing impairments, and other sensory, developmental, or mental health needs. The evacuation procedures should also address transporting necessary medications for students that take medications during the school day.

[Note: Minnesota law requires a minimum of five school fire drills, consistent with Minnesota Statutes section 299F.30, and one school tornado drill each school year. See Minnesota Statutes section 121A.035.]

c. Sheltering Procedures. Sheltering provides refuge for students, staff, and visitors within the school building during an emergency. Shelters are safe areas that maximize the safety of inhabitants. Safe areas may change based upon the specific emergency. The building administrator or his or her designee will announce the need for sheltering over the public address system or other designated system. Each building administrator will submit sheltering procedures for his or her building as part of the building-specific crisis management plan.

[Note: The Comprehensive School Safety Guide (2011 Edition) has sample lock-down procedures, evacuation procedures, and sheltering procedures.]

2. CrisisSpecific Procedures. The Crisis Management Policy includes crisis specific procedures for crisis situations that may occur during the school day or at school sponsored events and functions. These districtwide procedures are designed to enable building administrators to tailor response procedures when creating building specific crisis management plans.

[Note: The Comprehensive School Safety Guide (2011 Edition) includes crisis-specific

procedures.]

[NOTE: The 2024 Minnesota legislature enacted permissive language stating that a school board "may adopt the model cardiac emergency response plan provided by" the Commissioner (as of June 4, 2024, a response plan is not yet available.)

3. School Emergency Response Teams

a. Composition. The building administrator in each school building will select a school emergency response team that will be trained to respond in emergency situations. All school emergency response team members will receive on-going training to carry out the building's crisis management plans and will have knowledge of procedures, evacuation routes, and safe areas. For purposes of student safety and accountability, to the extent possible, school emergency response team members Will not have direct responsibility for the supervision of students. Team members must be willing to be actively involved in the resolution of crises and be available to assist in any crisis situation as deemed necessary by the building administrator. Each building will maintain a current list of school emergency response team members which will be updated annually. The building administrator, and his or her alternative designee, will know the location of that list in the event of a school emergency. A copy of the list will be kept on file in the school district office, or in a secondary location in single building school districts.

[Note: The Comprehensive School Safety Guide (2011 Edition) has a sample School Emergency Response Team list.]

b. Leaders. The building administrator or his or her designee will serve as the leader of the school emergency response team and will be the primary contact for emergency response officials. In the event the primary designee is unavailable, the designee list should include more than one alternative designee and may include members of the emergency response team. When emergency response officials are present, they may elect to take command and control of the crisis. It is critical in this situation that school officials assume a resource role and be available as necessary to emergency response officials.

III. PREPARATION BEFORE AN EMERGENCY

A. Communication

1. District Employees. Teachers generally have the most direct contact with students on a daytoday basis. As a result, they must be aware of their role in responding to crisis situations. This also applies to nonteaching school personnel who have direct contact with students. All staff should be aware of the school district's Crisis Management Policy and their own building's crisis

management plan. Each school's building-specific crisis management plan shall include the method and dates of dissemination of the plan to its staff. Employees will receive a copy of the relevant building-specific crisis management plans and shall receive periodic training on plan implementation.

2. Students and Parents. Students and parents shall be made aware of the school district's Crisis Management Policy and relevant tailored crisis management plans for each school building. Each school district's building-specific crisis management plan shall set forth how students and parents are made aware of the district and school-specific plans. Students shall receive specific instruction on plan implementation and shall participate in a required number of drills and practice sessions throughout the school year.

B. Planning and Preparing for Fire

1. Designate a safe area at least 50 feet away from the building to enable students and staff to evacuate. The safe area should not interfere with emergency responders or responding vehicles and should not be in an area where evacuated persons are exposed to any products of combustion. (Depending on the wind direction, where the building on fire is located, the direction from which the fire is arriving, and the location of fire equipment, the distance may need to be extended.)

[Note: Evacuation areas at least 50 feet from school buildings are recommended but not mandated by statute or rule. Evacuation areas should be selected based on safety and the individual school site's proximity to streets, traffic patterns, and other hazards.]

2. Each building's facility diagram and site plan shall be available in appropriate areas of the building and shall identify the most direct evacuation routes to the designated safe areas both inside and outside of the building. The facility diagram and site plan must identify the location of the fire alarm control panel, fire alarms, fire extinguishers, hoses, water spigots, and utility shut offs.

3. Teachers and staff will receive training on the location of the primary emergency evacuation routes and alternate routes from various points in the building. During fire drills, students and staff will practice evacuations using primary evacuation routes and alternate routes.

4. Certain employees, such as those who work in hazardous areas in the building, will receive training on the locations and proper use of fire extinguishers and protective clothing and equipment.

5. Fire drills will be conducted periodically without warning at various times of the day and under different circumstances, e.g., lunchtime, recess, and during assemblies. State law requires a minimum of five fire drills each school year, consistent with Minn. Stat. § 299F.30. See

Minnesota Statutes section 121A.035.

[Note: The State Fire Marshall advises schools to defer fire drills during the winter months.]

6. A record of fire drills conducted at the building will be maintained in the building administrator's office.

[Note: The Comprehensive School Safety Guide (2011 Edition), under the Preparedness/Planning section, has a sample fire drills schedule and log.]

7. The school district will have prearranged sites for emergency sheltering and transportation as needed.

8. The school district will determine which staff will remain in the building to perform essential functions if safe to do so (e.g., switchboard, building engineer, etc.). The school district also will designate an administrator or his or her designee to meet local fire or law enforcement agents upon their arrival.

[Note: The Comprehensive School Safety Guide (2011 Edition), under the Response section, has a sample fire procedure form, evacuation/relocation and student reunification/release procedures, and planning for student reunification.]

C. Facility Diagrams and Site Plans

All school buildings will have a facility diagram and site plan that includes the location of primary and secondary evacuation routes, exits, designated safe areas inside and outside of the building, and the location of the fire alarm control panel, fire alarms, fire extinguishers, hoses, water spigots, and utility shut offs. All facility diagrams and site plans will be updated regularly and whenever a major change is made to a building. Facility diagrams and site plans will be maintained by the building administrator and will be easily accessible and on file in the school district office. Facility diagrams and site plans will be provided to first responders, such as fire and law enforcement personnel.

[Note: For single building school districts, such as charter schools, a secondary location for the diagrams and site plans will be included in the district's Crisis Management Policy and may include filing documents with a charter school sponsor, or compiling facility diagrams and site plans and distributing copies to first responders or sharing the documents with first responders during the crisis planning process.]

[Note: To the extent data contained in facility diagrams and site plans constitute security information pursuant to Minnesota Statutes section 13.37, school districts are advised to

consult with appropriate officials and/or legal counsel prior to dissemination of the facility diagrams or site plans to anyone other than first responders.]

D. Emergency Telephone Numbers

Each building will maintain a current list of emergency telephone numbers and the names and addresses of local, county, and state personnel who may be involved in a crisis situation. The list will include telephone numbers for local police, fire, ambulance, hospital, the Poison Control Center, county and state emergency management agencies, local public works departments, local utility companies, the public health nurse, mental health/suicide hotlines, and the county welfare agency. A copy of this list will be kept on file in the school district office, or at a secondary location for single building school districts, and will be updated annually.

School district employees will receive training on how to make emergency contacts, including 911 calls, when the school district's main telephone number and location is electronically conveyed to emergency personnel instead of the specific building in need of emergency services.

School district plans will set forth a process to internally communicate an emergency, using telephones in classrooms, intercom systems, or two-way radios, as well as the procedure to enable the staff to rapidly convey emergency information to a building designee. Each plan will identify a primary and secondary method of communication for both internal and secondary use. It is recommended that the plan include several methods of communication because computers, intercoms, telephones, and cell phones may not be operational or may be dangerous to use during an emergency.

[Note: The Comprehensive School Safety Guide (2011 Edition), under the Preparedness/Planning section, has a sample Emergency Phone Numbers list.]

E. Warning and Notification System

The school district shall maintain a warning system designed to inform students, staff, and visitors of a crisis or emergency. This system shall be maintained on a regular basis under the maintenance plan for all school buildings. The school district should consider an alternate notification system to address the needs of staff and students with special needs, such as vision or hearing.

The building administrator shall be responsible for informing students and employees of the warning system and the means by which the system is used to identify a specific crisis or emergency situation. Each school's building-specific crisis management plan will include the method and frequency of dissemination of the warning system information to students and employees.

F. Early School Closure Procedures

The superintendent will make decision about closing school or buildings as early in the day as possible. The early school closure procedures will set forth the criteria for early school closure (e.g., weather-related, utility failure, or a crisis situation), will specify how closure decisions will be communicated to staff, students, families, and the school community (designated broadcast media, local authorities, e-mail, or district or school building web sites), and will discuss the factors to be considered in closing and reopening a school or building.

Early school closure procedures also will include a reminder to parents and guardians to listen to designated local radio and TV stations for school closing announcements, where possible.

[Note: The Comprehensive School Safety Guide (2011 Edition), under the Response section, provides universal procedures for severe weather shelter.]

G. Media Procedures

The superintendent has the authority and discretion to notify parents or guardians and the school community in the event of a crisis or early school closure. The superintendent will designate a spokesperson who will notify the media in the event of a crisis or early school closure. The spokesperson shall receive training to ensure that the district is in strict compliance with federal and state law relative to the release of private data when conveying information to the media.

[Note: The Comprehensive School Safety Guide (2011 Edition), under the Response section, has a sample Media Procedures form.]

H. Behavioral Health Crisis Intervention Procedures

Short-term behavioral health crisis intervention procedures will set forth the procedure for initiating behavioral health crisis intervention plans. The procedures will utilize available resources including the school psychologist, counselor, community behavioral health crisis intervention, or others in the community. Counseling procedures will be used whenever the superintendent or the building administrator determines it to be necessary, such as after an assault, a hostage situation, shooting, or suicide. The behavioral health crisis intervention procedures shall include the following steps:

1. Administrator will meet with relevant persons, including school psychologists and counselors, to determine the level of intervention needed for students and staff.
2. Designate specific rooms as private counseling areas.
3. Escort siblings and close friends of any victims as well as others in need of emotional support to the counseling areas.

4. Prohibit media from interviewing or questioning students or staff.
5. Provide follow-up services to students and staff who receive counseling.
6. Resume normal school routines as soon as possible.

I. Long-Term Recovery Intervention Procedures

Long-term recovery intervention procedures may involve both short-term and long-term recovery planning:

1. Physical/structural recovery.
2. Fiscal recovery.
3. Academic recovery.
4. Social/emotional recovery.

[Note: The Comprehensive School Safety Guide (2011 Edition), under the Recovery section, addresses the recovery components in more detail.]

IV. ACTIVE SHOOTER DRILL

A. Definitions

1. "Active shooter drill" means an emergency preparedness drill designed to teach students, teachers, school personnel, and staff how to respond in the event of an armed intruder on campus or an armed assailant in the immediate vicinity of the school. An active shooter drill is not an active shooter simulation, nor may an active shooter drill include any sensorial components, activities, or elements which mimic a real life shooting.
2. "Active shooter simulation" means an emergency exercise including full-scale or functional exercises, designed to teach adult school personnel and staff how to respond in the event of an armed intruder on campus or an armed assailant in the immediate vicinity of the school which also incorporates sensorial components, activities, or elements mimicking a real life shooting. Activities or elements mimicking a real life shooting include, but are not limited

to, simulation of tactical response by law enforcement. An active shooter simulation is not an active shooter drill.

3. "Evidence-based" means a program or practice that demonstrates any of the following:

a. a statistically significant effect on relevant outcomes based on any of the following:

i. strong evidence from one or more well designed and well implemented experimental studies;

ii. moderate evidence from one or more well designed and well implemented quasi-experimental studies; or

iii. promising evidence from one or more well designed and well implemented correlational studies with statistical controls for selection bias; or

b. a rationale based on high-quality research findings or positive evaluations that the program or practice is likely to improve relevant outcomes, including the ongoing efforts to examine the effects of the program or practice.

4. "Full-scale exercise" means an operations-based exercise that is typically the most complex and resource-intensive of the exercise types and often involves multiple agencies, jurisdictions, organizations, and real-time movement of resources.

5. "Functional exercises" means an operations-based exercise designed to assess and evaluate capabilities and functions while in a realistic, real-time environment, however, movement of resources is usually simulated.

B. Criteria

An active shooter drill conducted according to Minnesota Statutes, section 121A.037 with students in early childhood through grade 12 must be:

1. accessible;

2. developmentally appropriate and age appropriate, including using appropriate safety language and vocabulary;

3. culturally aware;

4. trauma-informed; and

5. inclusive of accommodations for students with mobility restrictions, sensory needs, developmental or physical disabilities, mental health needs, and auditory or visual limitations.

C. Student Mental Health and Wellness

Active shooter drill protocols must include a reasonable amount of time immediately following the drill for teachers to debrief with their students. The opportunity to debrief must be provided to students before regular classroom activity may resume. During the debrief period, students must be allowed to access any mental health services available on campus, including counselors, school psychologists, social workers, or cultural liaisons. An active shooter drill must not be combined or conducted consecutively with any other type of emergency preparedness drill. An active shooter drill must be accompanied by an announcement prior to commencing. The announcement must use concise and age-appropriate language and, at a minimum, inform students there is no immediate danger to life and safety.

D. Notice

1. The school district must provide notice of a pending active shooter drill to every student's parent or legal guardian before an active shooter drill is conducted. Whenever practicable, notice must be provided at least 24 hours in advance of a pending active shooter drill and inform the parent or legal guardian of the right to opt their student out of participating.

2. If a student is opted out of participating in an active shooter drill, no negative consequence must impact the student's general school attendance record nor may nonparticipation alone make a student ineligible to participate in or attend school activities.

3. The Commissioner must ensure the availability of alternative safety education for students who are opted out of participating or otherwise exempted from an active shooter drill. Alternative safety education must provide essential safety instruction through less sensorial safety training methods and must be appropriate for students with mobility restrictions, sensory needs, developmental or physical disabilities, mental health needs, and auditory or visual limitations.

E. Participation in Active Shooter Drills

Any student in early childhood through grade 12 must not be required to participate in an active shooter drill that does not meet the Criteria set forth above.

A student must not be required to participate in an active shooter simulation. An active shooter simulation must not take place during regular school hours if a majority of students are present, or expected to be present, at the school. A parent or legal guardian of a student in grades 9 through 12 must have the opportunity to opt their student into participating in an active shooter simulation.

G. Violence Prevention

1. A school district or charter school conducting an active shooter drill must provide students in middle school and high school at least one hour, or one standard class period, of violence prevention training annually.

2. The violence prevention training must be evidence-based and may be delivered in-person, virtually, or digitally. Training must, at a minimum, teach students the following:

a. how to identify observable warning signs and signals of an individual who may be at risk of harming oneself or others;

b. the importance of taking threats seriously and seeking help; and

c. the steps to report dangerous, violent, threatening, harmful, or potentially harmful activity, including providing information about the Department of Public Safety's statewide anonymous threat reporting system and any local threat reporting systems.

[NOTE: The Minnesota legislature enacted the addition to 2.c in 2025 (Session Law Chapter 35).]

3. A school district or charter school must ensure that students have the opportunity to contribute to their school's safety and violence prevention planning, aligned with the recommendations for multihazard planning for schools, including but not limited to:

- a. student opportunities for leadership related to prevention and safety;
- b. encouragement and support to students in establishing clubs and programs focused on safety; and
- c. providing students with the opportunity to seek help from adults and to learn about prevention connected to topics including bullying, sexual harassment, sexual assault, and suicide.

H. Board Meeting

At a regularly scheduled school board meeting, a school board of a district that has conducted an active shooter drill must consider the following:

- 1. the effect of active shooter drills on the safety of students and staff; and
- 2. the effect of active shooter drills on the mental health and wellness of students and staff.

V. SAMPLE PROCEDURES INCLUDED IN THIS POLICY

Sample procedures for the various hazards/emergencies listed below are attached to this Policy for use when drafting specific crisis management plans. SUBJECT: **Additional Staffing Requests - DLHS and Roosevelt Elementary School**

DLHS Activities

DLHS Activities is requesting to add an additional Boys Soccer coach due to increased registration for the 2025-26 season. Registration for 7th and 8th Grade participants is higher than expected - allowing for three teams to compete for the season.

DLHS - Science

Detroit Lakes High School is requesting to add a 6th Class Assignment for the Science Department to account for higher registrations in 9th Grade Science.

Roosevelt Elementary - Educational Assistants/Lunchroom Supervision

Roosevelt Elementary is requesting to add two part-time Educational Assistants that would also provide lunchroom supervision.

Administration and Finance Committee recommends approval.

ADDITIONAL STAFFING PROPOSAL FORM
BUDGET YEAR: 2025-2026

Instructions:

1. Must be complete for all positions requested after the approval of the annual staffing plan.
2. Make a copy for each position requested.
3. Administrative approval required.

Name of the Building: DLHS (Activities)

Topic of Proposal: Boys Soccer - Additional Coach

Submitted By: Rob Nielsen

Date: August 1, 2025

Date to be Implemented: August 11, 2025

Person responsible to

Recommend to Superintendent: Rob Nielsen - Activities Director

Recommendation by person responsible: Recommend approval of an additional Boys Soccer Coach.

Complete a description of your program proposal. All six(6) areas must be addressed and support the proposal. The proposal should be as comprehensive as possible and must support the district philosophy.

1. Describe the proposal for funding: It is looking like we will have the numbers to have a MS team this year for the first time in many years. We currently have a Varsity Head Coach, an Assistant coach and a MS 7-12 Assistant who has coached the JV team that has consisted of players in grades 7-11. With the expected numbers of 7th and 8th graders based off summer soccer participation we will likely have numbers in the middle 50's in grades 7-12 and enough 7/8 players to support their own team which would involve them playing some games on separate dates and sites that would require an additional coach. Depending on numbers this would put potentially 40 or more kids with one coach at the JV level.

**ADDITIONAL STAFFING PROPOSAL FORM
BUDGET YEAR: 2025-2026**

2. Explain in detail the rationale or purpose of the proposal. (Please relate, if possible, the rationale to the previously identified high priority needs): If we have 3 levels with the large number of MS students projected this would be our only team sport that does not have a head coach, a varsity assistant and a JV coach if we needed to split those 3 coaches between 3 teams.

3. State the negative implications if the proposal is not approved: We could potentially have 40 students with one coach. These players would also likely have to share playing time on one JV team rather than having a JV and a 7/8 team. The 7/8 team would also allow those students to compete against students their own age more consistently.

4. List alternative actions if this proposal is not approved. It is assumed that any alternative listed is less desirable than the proposal. We would have 1 coach at each of the three levels. This would be our only team sport that does not have a head coach, a varsity assistant if we needed to go with one coach at each level.

5. Estimate the cost implications of this proposal on the following chart:

Topic of Proposal: Science - 6th Class Assignment (Science - Semester 1)

Submitted By: Justin Messer/Jill Walter

Date: 8/18/2025

Date to be Implemented: First Semester (2025-26 School Year)

Person responsible to

Recommend to Superintendent: Jill Walter & Justin Messer

Recommendation by person responsible:

Complete a description of your program proposal. All six (6) areas must be addressed and support the proposal. The proposal should be as comprehensive as possible and must support the district philosophy.

1. Describe the proposal for funding:

- During the Scheduling process we found that our 9th grade classes in Semester 1 of the 2026 School Year had between 33-37 students. These classes meet core MN graduation requirements (English, Geography, Science) and shouldn't have more than 30 students. As the science classrooms with lab spaces were planned for a max occupancy of 28 students, we should attempt to limit the number of students in them to 28 as well.
- Solution: add another 9th grade core class (preferably Science) which will allow these class numbers to come into line with the room capacities.

ADDITIONAL STAFFING PROPOSAL FORM

2. Explain in detail the rationale or purpose of the proposal. (Please relate, if possible, the rationale to the previously identified high priority needs):

- Solution: add another 9th grade core class (preferably Science) which will allow these class numbers to come into line with the room capacities.

3. State the negative implications if the proposal is not approved:

- Three core MN graduation requirement classes would remain at 33-37 students each.
- Our new science classrooms with labs were not designed for more than 28 students.

4. List alternative actions if this proposal is not approved. It is assumed that any alternative listed is less desirable than the proposal.

- Alternative solutions to the problem have already been attempted:
 - Counselors and Mr. Messer have reviewed individual student schedules to attempt to reduce the number of students in each class but schedule changes were not possible without other classes being impacted.
 - Leave the situation as-is: 33-37 students in 6th hour Geography and English and Science.

5.Estimate the cost implications of this proposal on the following chart:

Topic of Proposal: Education Assistants/Lunchroom Supervisor - Roosevelt Elementary

Submitted By: Trish Mariotti

Date: August 1, 2025

Date to be Implemented: Start of 2025-26 School Year

Person responsible to

Recommend to Superintendent: Trish Mariotti & Anne Skjold

Recommendation by person responsible: Recommend approval of two part-time educational assistants to support classrooms and lunchroom supervision.

Complete a description of your program proposal. All six(6) areas must be addressed and support the proposal. The proposal should be as comprehensive as possible and must support the district philosophy.

1. Describe the proposal for funding: The proposal is to add two part-time (4 hours per day) educational assistants that will support classroom instruction and lunchroom supervision. With the reduction of licensed academic interventionists there is a loss of lunchroom supervision staff that are consistently scheduled. To make the position more attractive for recruiting, it is recommended to pair classroom support time.

**ADDITIONAL STAFFING PROPOSAL FORM
BUDGET YEAR: 2025-2026**

2. Explain in detail the rationale or purpose of the proposal. (Please relate, if possible, the rationale to the previously identified high priority needs): The added positions would provide support to lunchroom supervision as students enter and depart the serving area.

3. State the negative implications if the proposal is not approved: The District could run into contractual preparation time issues if classroom teachers are required to assist supervision for longer periods of time.

4. List alternative actions if this proposal is not approved. It is assumed that any alternative listed is less desirable than the proposal. Create a supervision schedule that may impact instructional time of elective teachers, support services from counselors/social workers or administrative duties of principals.

5. Estimate the cost implications of this proposal on the following chart:

19. This Contract may only be canceled by written mutual agreement of the parties.

20. Seller and/or Lessor understands that Broker may list other properties during the term of this Contract which may
21. compete with Seller's and/or Lessor's Property for potential buyers and/or tenants.

22. **MLS DATA FEED OPTIONS:**

23. **EXPLANATIONS AND DEFINITIONS:**

24. "**IDX site**" means a web site operated by a broker participating in the MLS on which the broker can advertise the
25. listings of other brokers in MLS, subject to certain MLS rules. The consumer visiting an IDX site is not required to
26. register on the site or to have a brokerage relationship with the broker displaying listings on the site.

27. "**Virtual office web site**" ("**VOW**") means a web site operated by a broker participating in the MLS that delivers
28. brokerage services to consumers over the world wide web. Visitors to a VOW are required to register on the site (with
29. their name and a real e-mail address) and enter a brokerage relationship with the broker operating the VOW. The
30. broker operating the VOW can then show the visiting customer/client nearly all of the information available to the
31. broker in MLS. The seller(s) of a listing has the right to opt out of certain kinds of data display under the MLS's VOW
32. policy. The MLS imposes various other rules and restrictions on VOWs.

33. For each of the following options, the MLS system automatically defaults to "Yes." Seller's and/or Lessor's instructions
34. pertaining to the Internet display of the MLS input data for the Property are as follows:

35. **Option 1. Listing display on the Internet.** If Seller and/or Lessor selects "No," this listing will not be included in MLS
36. data feeds to Internet web sites that display property listing data, whether intended for advertising the
37. Property or providing online brokerage services (e.g., VOWs). Brokers participating in MLS can still disclose
38. the listing to customers/clients via other means, including e-mail, fax, mail, hand delivery, and orally.

39. Shall the Property listing be displayed on the Internet, including sold information? ☒ Yes ☐ No

40. Seller and/or Lessor understands and acknowledges that if Seller and/or Lessor has selected "No" for
41. Option 1, consumers who conduct searches for listings on the Internet will not see information about the
42. Property in response to their searches.

**COMMERCIAL LISTING CONTRACT:
EXCLUSIVE**

43. Page 2

44. Property located at TBD & 220 E WILLOW ST

DETROIT LAKES

MN 56501

45. If "No" was selected at Option 1, skip Options 2-4. If "Yes" was selected for Option 1, continue to Option 2.

46. **Option 2. Listing address (Property and unit numbers and street name) display on the Internet.** If Seller and/
47. or Lessor selects "No," the address of the Property will be hidden on web sites receiving data feeds from
48. MLS that result in Internet listing display, whether intended for advertising the Property or providing online
49. brokerage services (e.g., VOWs). Brokers participating in MLS can still disclose the address to customers/
50. clients via other means, including e-mail, fax, mail, hand delivery, and orally.

51. Shall the listing address (Property and unit numbers and street name) be displayed
52. on the Internet?

☒ Yes ☐ No

53. **Option 3. An automated valuation of the Property listing or a link to an automated valuation of it may be**
54. **displayed adjacent to the listing.** Some VOWs or IDX sites may provide an automated valuation model
55. ("AVM") function/service. An AVM uses statistical calculations to estimate the value of a property based
56. upon data from public records, MLS, and other sources, and incorporating certain assumptions. The
57. accuracy of AVMs has sometimes been criticized because they do not take into consideration all relevant
58. factors in valuing a property. Seller and/or Lessor, by selecting "No," may prohibit display of an automated
59. valuation of his or her listing adjacent to the listing.

60. Shall an automatic valuation of the Property listing or a link to an automated
61. valuation be displayed adjacent to the listing?

☐ Yes ☒ No

62. **Option 4. Comments or reviews of the Property by persons other than the displaying broker may be displayed**
63. **with or attached as a link to the listing data of the Property.** Some VOWs or IDX sites may provide
64. functionality that permits the customers/clients using the VOW or IDX site to enter comments or reviews
65. with the listing or by hyperlink to such comments or reviews. Note that the broker displaying the listing
66. on his or her VOW or IDX site may add commentary representing his or her professional judgment regarding
67. the listing's value, etc.

68. Shall comments or reviews of the Property by persons other than the displaying
69. broker be displayed with or attached as a link to the listing data of the Property?

☐ Yes ☒ No

70. **SELLER'S AND/OR LESSOR'S OBLIGATION:** It is agreed that Seller and/or Lessor shall promptly furnish Broker
71. with complete information concerning any person who during the period of this Contract makes inquiry to Seller and/
72. or Lessor regarding the sale, exchange, or lease of the Property.

73. If the Property is sold, Seller hereby agrees to furnish to buyer an Abstract of Title, a Registered Property Abstract
74. or an ALTA Title Insurance Commitment, certified to date, to include proper searches covering bankruptcies and state
75. and federal judgments and liens, and to execute or cause to be executed a deed conveying title to the Property to the
76. buyer and any further documents as may be required to consummate the sale in accordance with the terms above
77. designated or with the terms to which Seller may hereafter consent.

78. Seller and/or Lessor further agrees to promptly notify Broker of any notices pertaining to the Property which are hereafter
79. received during the term of this Contract.

80. It is further agreed that Seller and/or Lessor shall permit Broker to erect a "For Sale" and/or "For Lease" sign on the
81. Property and to remove all other "For Sale" and/or "For Lease" signs from the Property during the period of this
82. Contract. Seller and/or Lessor shall permit Broker to place information on the Minnesota Commercial Property
83. Exchange ("MCPE") or other type of multiple listing service forum ("MLS") and the Internet concerning the Property.
84. Upon final acceptance of a purchase and/or lease agreement, Seller and/or Lessor allows Broker to withdraw the
85. Property from the market. Broker may notify the MCPE or MLS and member REALTORS® of the price and terms of
86. the sale and/or lease.

87. Seller and/or Lessor has the full legal right to sell and/or lease the Property.

88. Seller and/or Lessor certifies that as of the date of execution of this Contract, Seller and/or Lessor has not received
89. any notice of building, health, or fire code violations, nor vacant building registration notification, nor notice of hazardous
90. waste on the Property, nor notice of condemnation pertaining to the Property, except as herein noted (if none, state

105. 3. lend a key to enter the Property, directly or through a lockbox.

107. occupied by someone other than Seller and/or Lessor, Seller and/or Lessor shall comply with Minnesota law and

108. applicable lease provisions of an existing lease and provide tenant with any required notice in advance of any Property

109. showing.

110. Seller and/or Lessor understands that prospective buyers/tenants and others authorized to access the Property may

111. record the Property by photograph, video, or other medium while accessing the Property.

112. **RECORDING ON THE PROPERTY:** Seller and/or Lessor understands that MN Statute 626A.02 specifically prohibits

113. the interception of oral communications without the consent of at least one of the two parties to the communication.

114. Seller and/or Lessor should seek appropriate legal advice regarding compliance with this statute if Seller and/or Lessor

115. intends to utilize technology that may intercept oral communications between persons other than Seller and/or Lessor.

116. **SELLER AND/OR LESSOR CONTENT LICENSE:** In the event Seller and/or Lessor provides content, including, but

117. not limited to, any photos or videos of the Property ("Seller and/or Lessor Content") to Broker, Seller and/or Lessor

118. grants to Broker a nonexclusive, perpetual, world-wide, transferable, royalty free license to sub-license (including through

WIRE FRAUD ALERT

Internet fraud — the use of Internet services or software with Internet access to defraud victims — is on the rise in real estate transactions.

THESE SOPHISTICATED CRIMINALS COULD:

- **HACK INTO YOUR E-MAIL ACCOUNT** or the e-mail of others involved in your real estate transaction and may direct you to wire money to the hacker's account.
- **SEND FRAUDULENT E-MAILS** that appear to be from your real estate licensee, lender, or closing agent.
- **CALL YOU** claiming they have revised wiring instructions.

Buyers/Tenants and Sellers/Owners are advised to:

- (1) Never wire funds without confirming the wiring instructions directly with the intended recipient.
- (2) Verify that the contact information for the wire transfer recipient is legitimate by calling a known phone number for the broker or closing agent. Do not rely on the information given to you in an e-mail communication.
- (3) Never send personal information through unsecured/unencrypted e-mail.

If you suspect wire fraud in your transaction:

- (1) Immediately notify your bank, closing agent, and real estate licensee.
- (2) File a complaint online at the Internet Crime Complaint Center (IC3) at <http://www.ic3.gov>.

The undersigned acknowledge receipt of this wire fraud alert and understand the importance of taking proactive measures to avoid being a victim of wire fraud in a real estate transaction.
