CONSORTIUM**

Madison

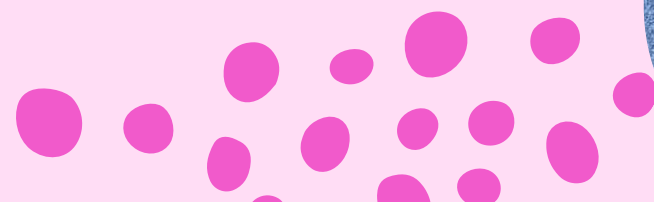

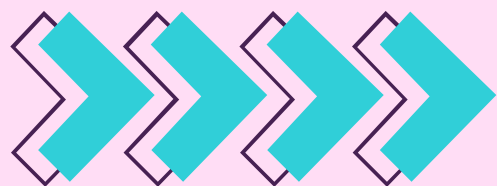

Connecticut

There are over 10 early childhood centers and home providers in Madison!

THE WHY

The Madison Community Pre-K Consortium (MCPC) was founded on the belief that early childhood education is essential for lifelong success. While our town is fortunate to have many early childhood facilities, there is an opportunity to strengthen collaboration and create a professional learning community to support teachers and students.

To whom it may concern,

I hope this email finds you well as you continue to shape our littlest learners. The Madison Public Schools system shares your passion, dedication, and focus on ensuring the success of every child, regardless of their age and circumstances.

We recognize the challenges of being a local pre-kindergarten program during these turbulent times. In addition to the educational challenges that exist in the world today, we know that it is also a challenging time for small businesses. We empathize with the struggles that small businesses face.

There is power in working with a community of like-minded professionals that are working toward the same goal. We feel that we could become a curricular resource for local pre-kindergarten programs.

In the spirit of this, we would like to invite interested pre-kindergarten facility owners, directors, and educators who share our passion to join us for an opportunity to gather, discuss common interests, and find synergistic opportunities to collaborate.

Please join us at:
Location: Madison B.O.E. Office, 10 Campus Drive, Madison (Hammonasset Conference Room)
Date: Monday, November 13th 6:15 pm - 7:15 pm

We will be offering some light refreshments, an opportunity to gather as a community, and some activities that will allow us to get to know each other better.

If you have additional questions or plan to attend, please contact Drew Sellitti by November 6th at his email address: sellitti.drew@madisonps.org.

We look forward to this unique opportunity to work together.

Sincerely,

The MPS Pre-K Team

We contacted various pre-K programs and early childhood centers in Madison, unsure whether other early childhood educators shared the same interest in this initiative.

THE FEEDBACK WAS MOTIVATING

Teachers are looking for ways to connect with other professionals in town.

Connecting with fellow educators to share experiences and ideas is invaluable for supporting young learners.

MPS values the work we are doing in our schools!

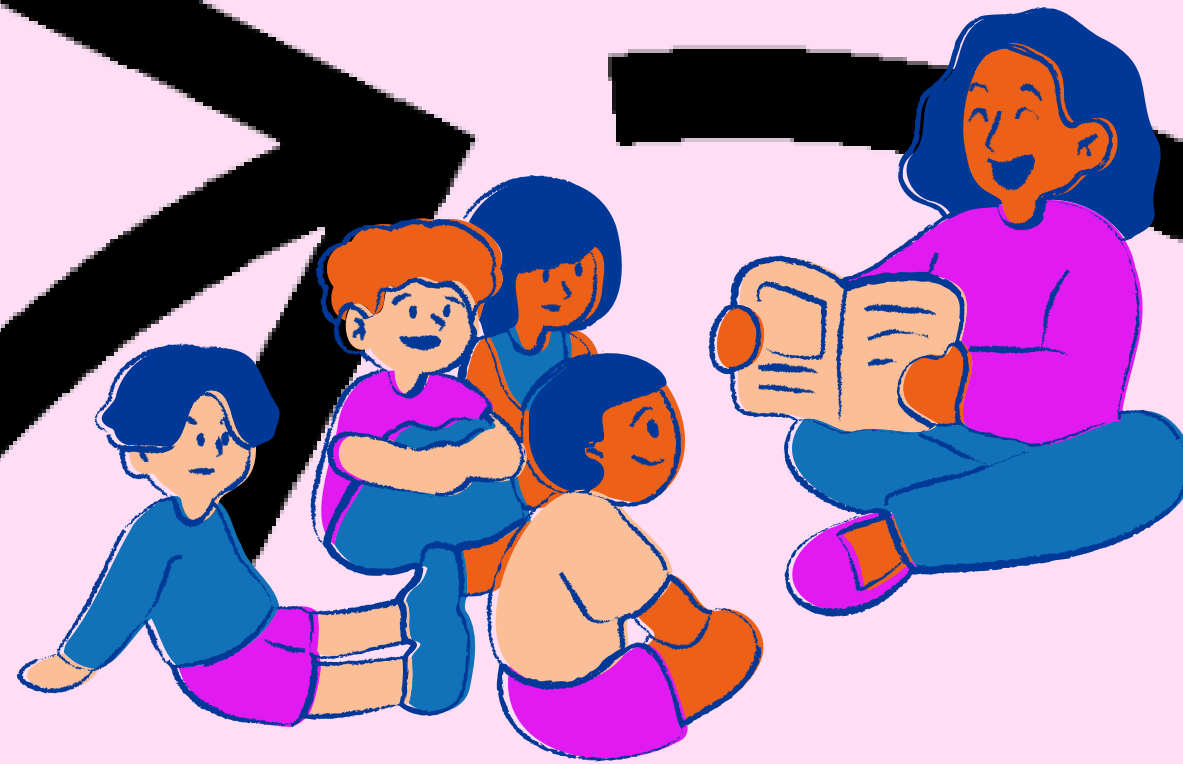

What was you were able to take away from this session?

Networking with colleagues.

THE FEEDBACK WAS MOTIVATING

Uniting public schools with private institutions.

What is Play Based Learning in PK and K?

The bill requires each school board to provide play-based learning during the instructional time of each regular school day for students in kindergarten and preschool. The play-based learning must

- (1) be incorporated and integrated into daily practice;
- (2) allow for the students' needs to be met through free play, guided play, and games; and
- (3) not involve, predominantly, using mobile electronic devices.

OUR SECOND YEAR

We had a strong vision heading into our second year of this work and learned a lot from our first year.

In support of our work, First Selectwoman Peggy Lyons provided us with some funding (from remaining ARPA funds) to provide professional development for our MCPC members.

The MCPC team got right to work!
