VII. SUPERINTENDENT'S REPORT

A. Recognition – Bloomfield High School Girls' Track Team

J. Thompson reminded everyone of the Bloomfield High School Girls' Track Team successful year, ending the season winning the State Open Track Meet. This was last achieved 17 years ago. The Connecticut High School Coaches Association has awarded the 2012

Bloomfield High School Girls' Track Team with the honor of Girls' Team of the Year. This award is presented to a girls' team, of any sport, in any school, in Connecticut. The district is very proud of their amazing accomplishment.

B. School Improvement Grant (SIG) - Bloomfield High School Update

J. Thompson reported at a recent statewide meeting of the School Improvement Grant recipients, Bloomfield High School was highlighted for its successful transformation strategies and results. Some of the key initiatives and activities that contributed to the success at Bloomfield High School were:

- Coordinated initiatives and shared responsibilities on behalf of the district and school administrators,
- Renewed focus on data teams,
- Use of the Northwest Evaluation Association Assessments to drive instruction and professional development,
- Targeted interventions have been identified, implemented, modified or expanded for students,
- Increased learning opportunities,
- School pride, and
- New teacher and administrator evaluation documents, developed collaboratively.

Results of the CAPT assessments and other performance indicators have demonstrated the excellent use of the SIG grant funds.

C. Board of Education Committee Meetings – October 23, 2012

The next Board of Education Committee meetings will be held on October 23, 2012 at 6:00PM. Detailed agendas will be forthcoming. All committee meetings will be held on the 3rd Tuesday of the month.

Tuition bills have been sent for out of district students. The CREC Tuition bill for Bloomfield District Students will be received in December. It was noted that transportation is provided for Bloomfield students for all schools within the district.

MEMORANDUM

TO: BFEP and Board of Education Members

FROM: Christopher G. Leone, Chief Operating Officer

DATE: November 8, 2012

SUBJECT: Bloomfield Federation of Educational Personnel Contract Language

The following contract addendum language regarding an incentive pool for members of the Bloomfield Federation of Educational Personnel (BFEP) was shared with the Finance Committee on October 23, 2012. The addendum was moved to the full board for its consideration.

This language crafted in collaboration with the BFEP leadership will take effect from date of approval through the end of the current contract, which expires on June 30, 2014. The language revision includes the creation of an incentive pool based on meeting the established academic performance targets of the district.

The draft language recommended for Board of Education approval is:

Beginning in the 2012-2013 school year, the Board shall establish a group incentive pool that should not be confused with individual merit. Recognizing the need for the entire school district to perform better, this pool will be for all BFEP members who have worked at least seven months of the school year and will be paid as either a lump sum or into a tax-sheltered annuity insert timeframe here.

The incentive will be divided into eight (8) categories of \$50.00 each based on the district targets for academic improvement. If the district meets, or exceeds, all targets the sum of \$400 will be paid to each qualifying BFEP member. If the district meets or exceeds a percentage of the eight targets then the incentive will be calculated as "Number of District Targets Met or Exceeded x \$50.00" (For Example: Four (4) District Targets Met or Exceeded x \$50.00 = \$200.00). This incentive will reset each school year based upon the targets achieved by the district in the prior school year. In any year that bonuses are awarded, each individual BFEP member shall elect to receive his or her bonus as a lump sum or a payment to a tax-sheltered annuity.

The new language has no fiscal impact on the 2012-2013 bud get due to the expected release of performance scores in July 2013. If all targets are met in 2012 the maximum fiscal impact for the 2013-2014 budget would be based on the number of employees and is estimated to cost \$35,000.

The district thanks the leadership of the BFEP for its collaboration and continued focus on the academic achievement of all Bloomfield children.
