5. Presentations

A. Student Representative Report – Bloomfield High School

Student representatives from Bloomfield High School (BHS) introduced themselves and shared a Power Point with the Board of Education. The students provided updates from their school including recent merit and sports recognitions, events, clubs and activities. Their presentation included an update on the BHS Marching Band, college fairs and upcoming events.

6. Superintendent's Report

A. District Enrollment

Dr. Tracy Youngberg, Superintendent, provided an update to the Board of Education on the district enrollment as of October 1, 2025. She noted the district is down in overall enrollment from 2024 by 122 students. The majority of the trend data is attributed to the families leaving from Global Experience Magnet School as the school will be closing at the end of the 2025-2026 school year.

K. Dunbar inquired if any exit interviews have been conducted to find out why families are leaving.

T. Moore asked about the large number of student leaving from Bloomfield High School. Mr. Jesse White, Principal, noted that is due to the 2025 graduating class, which had 140 student and the incoming freshman class only have 103 students.

B. Educator Roundtable

An Educator Roundtable was held on September 30, 2025. This was to celebrate those educators whose classes scored better than the State of CT on the Smarter Balanced Assessment. In addition, they discussed and shared strategies for how they advanced student learning.

C. Next Generation Accountability (District & Schools)

Dr. Tracy Youngberg, Superintendent of Schools shared an overview of the CT Next Generation Report and gave a brief explanation of the indicators. Dr Youngberg discussed the projected 2024-2025 data for the district as some data is not year

released, and noted areas where the district outperformed the state or improved from the previous year. The presentation provided comparison data of the District Performance Index (DPI) to other school districts in the District Reference Group (DRG – G) and the Alliance District. She also reported on the projected Accountability Index by school, and included the strength areas and next steps for each school. It was further noted that this data is publicly available on EdSight.

It was inquired how the district performed compared to CREC magnet schools. Dr. Youngberg noted that Bloomfield Public Schools outperformed CREC schools in all indicators of the DPI.

L. Easmon inquired why there is a significant difference in the Post-Secondary indicator (#5) between Bloomfield High School and Global Experience Magnet School.

T. Moore inquired about the math and science scores and how the district is addressing the scores. Ms. Lamenzo described the multi-faceted approach including curriculum development.

K. Dunbar noted the positive growth among all school if it is represented by just a small margin.

F. Bogle-Assegai asked to see the benchmarking data for the lower grades K-2.

D. Human Resources – Staffing Report

Grace Martinez, Executive Director of Talent Management and Community Partnerships provided a staffing report update. The report included new hires, reassignments, resignations and retirements for certified and non-certified staff for the month of September 2025.

One question was regarding the district mail courier and the status of the position. Dr. Youngberg noted the printshop was recently closed as it was an inefficiency and that staff person was moved to a new position. It was also inquired if the retirement or resignation positions will be filled. Dr. Youngberg looks at each position and determines, if it needs to be replaced or not. In addition, two IT staff members retired. It was noted the district is now engaging in shared services with the town in regards to Information Technology.

E. Financial Report – September 2025

Domenic Greco, Executive Director of Finance and Operations reported financials as of October 8, 2025. He noted that 12.64% of the adopted budget has yet to be expended or encumbered.

Mr. Greco noted on the one-page summary report, major account 01 Certified Salaries is overbudget by 1.2 million dollars. This line will be offset with expected revenue for special education out-of-district tuition. The other major object is 11 Operations is overbudget by \$400,000 as the district expects to receive funds from the Town for the set aside account.

On page 1 of the six-page detail report, object 1217, Salaries, Speech Asst as a new position was hired due to student needs. Object 1240, Salaries, Clerical is also overbudget by almost \$69,000 due to moving a position from Central Office to the vocational agricultural program. The final position is the new benefits coordinator position. The district has yet to book the receivables from the State of CT, as it will eliminate the overages.

K. Dunbar inquired when the district expects to receive the revenue. The receivables are booked monthly by Student Support Services.

7. Board of Education Committee Reports

A. Finance Committee

Finance Committee met on September 30, 2025. The committee reviewed the District Alliance grant application and what the grant will be funding. They also received a staffing update from Human Resources.

B. Curriculum Committee

No report.

C. Policy Committee

The policy committee reviewed seven policies for a first reading. All of these policies were developed using model language from the Connecticut Association of Boards of Education (CABE) and are all mandated policies.

8. Public/PTO Comment

Vaugh Glanville, 55 Prospect Street, Bloomfield. Vaugh is a Bloomfield High School Student, and he shared his experience with math and science within the district. He believes it would be beneficial to have a pipeline between schools to support students who are ready for more advanced mathematics. Mr. Glanville mentioned seeking outside programs to achieve a higher level of math skills.

9. New Business

A. The Office of Teaching, Learning and Leadership Goals for 2025-26

Lisa Lamenzo, Executive Director of Teaching, Learning, and Leadership, Nicole Jones, District Teaching and Learning Specialist and Magnolia Coates, District Teaching and Learning Coach shared an update on the 2025-2026 goals for their department.

Ms. Lamenzo, shared the vision, a brief history and overview of multi-year goals.

Each goal was carefully reviewed by the presenters, who described its purpose and provided relevant examples for context. The goals are:

- Build a district MTSS system (Multi-Tiered System of Supports)
- Continue curriculum revival process PK-12
- Develop and implement a district coaching model
- Create a shared understanding of Tier I instruction and planning
- Launch Responsive Classroom K-8
- Expand professional learning opportunities
- Expand School to Career exploration opportunities, including credentialing

F. Bogle-Assegai thanked them for the presentation. She was pleased to here about the professional development and is hopeful the work is collaborative with the school administrators. She noted the missing piece is the role of parents. She would also like to hear more about technology and how we are preparing students for the 21st century.

K. Dunbar noted she is excited the district is taking a deep dive into our curriculum. She inquired when the last time the district reviewed curriculum.

L. Easmon commented on the positive approach, hard work and progression she has seen relative to curriculum.

B. Policies for an Initial Reading

- 1. Library Material Review & Reconsideration – 1312.3/6161.12**
- 2. Library Collection Development and Maintenance – 1312.4/6161.13**
- 3. Library Display and Program – 1312.5/6161.14**
- 4. Educational Opportunities for Military Children – 5118.2**
- 5. Use of Exclusionary Time Out – 5144.2**
- 6. Special Education - 6171**
- 7. Evaluation of the Special Education Program – 6181**

Dr. Youngberg noted all of the policies for an initial reading are mandated policies and the language is recommended by the Connecticut Association of Boards of Education (CABE). Dr. Youngberg briefly reviewed each policy and it was noted they would go back to the policy committee for a second reading.

10. Board Comments

T. Moore shared it was an informative meeting. He recognized Vaugh Glanville on his achievements and noted Bloomfield does more than just sports. He encouraged parents to come out to the Board meetings. He also recognized the track teams and the March Band coming back. He noted all the changes in the last 10 months and the hard work put in. He stated it has been a pleasure to work his fellow Board members and encouraged the Town to continue to support the Board.

T. Mack-Mohammed stated that Mr. Moore will be missed on the Board. She is grateful for all the principal being present. She commented that there is much to be celebrated in regards to the data shared. She highlighted that there is a lot of opportunity by involving

parents in the curriculum development. She suggested they go out and share the information with parents and families.

K. Dunbar welcomed fall and thanked the principals and teachers for their dedication to the students. She thanked them for their energy and leadership. She thanked the students for bringing their voices and perspective to the meeting. She recognized the celebration of Hispanic Heritage month and Indigenous Peoples' day. She also commented that Mr. Moore will be missed by the Board. She encouraged all to visit the district website.

F. Bogle-Assegai thanked the educators and principals and she looks forward to seeing things in Bloomfield turnaround. She thanked Mr. Glanville for sharing with the Board

L. Easmon thanked everyone for coming out to the Board meeting. She noted that the Board is invested in the success of Bloomfield. Ms. Easmon thanked Vaughn Glanville and stated she is proud of his accomplishments. She shared sentiments for Mr. Moore and wished him well.

RE: Library Material Review & Reconsideration

Approved: Date

The Bloomfield Board of Education understands that, on occasion, a member of the public will wish to lodge a complaint against instructional material used in the classroom or available in the school library/media center. Consideration of requests to reconsider and remove material, displays, or student programs, is limited to individuals with a vested interest. An individual with vested interest may challenge any library and other educational materials, display or student program by initiating a review of such material via the submission of a request for reconsideration form.

It shall be the policy of the Bloomfield Board of Education that the removal, exclusion or censoring of any book shall not occur on the sole basis that a person with a vested interest finds such book offensive. No library and other educational material, display or program shall be removed from library media centers, or programs be canceled, because of the origin, background or viewpoints expressed in such material, display or program or because of the origin, background or viewpoints of the creator of such material, display or program. Library and other educational materials, displays and student programs shall only be excluded for legitimate pedagogical purposes or for professionally accepted standards of collection maintenance practices as adopted in the collection development and maintenance policy or the display and program policy.

Until a final decision is made by the review committee any library and other educational material being challenged shall remain available in the school library media center according to such material's catalog record and be available for a student to reserve, check out or access.

A school district may consolidate any requests for review and reconsideration of the same challenged library and other educational material. Once a decision has been made by the review committee on any library and other educational material, such material cannot be subject to a new request for review and reconsideration for a period of three years.

The Bloomfield Board of Education will review and update this policy as necessary every five years.

Definitions

"Library and other educational material" means any material belonging to, on loan to or otherwise in the custody of a school library media center, including, but not limited to, nonfiction and fiction books, magazines, reference books, supplementary titles, multimedia and digital material, software and other material not required as part of classroom instruction.

"School library staff member" means a school library media specialist, school librarian, any certified or non-certificated staff member whose assignment is in the school library or any individual carrying out or assisting with the functions of a school library media specialist or school librarian.

RE: Library Material Review & Reconsideration

Approved: Date

Definitions (continued)

"Individual with a vested interest" means any school staff member employed by a local or regional board of education, parent or guardian of a student currently enrolled in a school at the time a reconsideration form is filed and any student currently enrolled in a school at the time a reconsideration form is filed.

"Remove" means deliberately taking library material out of a library's collection. **"Remove"** does not include the process of clearing such collection of any materials that are no longer useful.

Material Review and Reconsideration Procedure

The Board of Education has established the following procedure for addressing complaints regarding the utilization of library and other educational materials:

1. Individuals with a vested interest may initiate the review or reconsideration of any library and other educational materials, display or student program by submitting a request for recommendation form to the principal of the school in which the library and other education material is being challenged.
2. The Principal, or the Principal's designee, shall promptly forward the request for reconsideration to the Superintendent of Schools for the school district.
3. The Superintendent, or the Superintendent's designee, shall appoint a review committee consisting of:
 - a. The Superintendent, or the Superintendent's designee
 - b. the Principal of the school in which the library and other educational material is being challenged, or the Principal's designee
 - c. the Director of curriculum, or a person in an equivalent
 - d. a representative from the local or regional board of education
 - e. at least one grade-level-appropriate teacher familiar with the library material, provided the teacher selected is not the individual who submitted the form
 - f. a parent or guardian of a student age thirteen years or younger enrolled in the school district, provided the parent or guardian selected is not the individual who submitted the form
 - g. a parent or guardian of a student age fourteen years or older enrolled in the school district, provided the parent or guardian selected is not the individual who submitted the form
 - h. a certified school librarian employed by such board or employed by another board of education in the state.

RE: Library Material Review & Reconsideration

Approved: Date

In cases where such form is submitted by a student enrolled in grades nine to twelve, inclusive, and when appropriate and at the discretion of the superintendent, a student enrolled in grades nine to twelve, inclusive, may serve on the review committee if such student did not submit the reconsideration form, provided the superintendent consults with the principal of the school involved in such reconsideration request prior to making this determination whether to include such student on the review committee.

4. The review committee shall evaluate the request for reconsideration form by reading the challenged material in its entirety and evaluating the challenged material against the school district's Collection Development and Maintenance Policy.
5. The review committee shall make a written decision on whether or not to remove the challenged material within sixty school days from the date of receiving such request and provide a copy of the committee's decision and report to the individual with a vested interest who submitted the form and to the principal of the school.
6. The individual with a vested interest who submitted the request for reconsideration form may appeal to the review committee's decision to the local or regional board of education for the school district. The Board shall determine whether the reconsideration process was followed and publish the decision on the Internet website of the school district.

General Provisions

Any school library media specialist or school library staff member who, in good faith, implements the policies described in this section shall be immune from any liability, civil or criminal, that might otherwise be incurred or imposed and shall have the same immunity with respect to any judicial proceeding that results from such implementation.

RE: Library Collection Development and Maintenance

Approved: Date

The Bloomfield Board of Education recognizes that library and other education materials should be provided for the interest, information and enlightenment of all students, and represent a wide range of varied and diverging viewpoints in the collection as a whole.

Students shall have access to the library and other educational material that is relevant to the research, independent reading interests and educational needs of students based on a student's age, development or grade level.

The library media center is an important place for voluntary inquiry, the dissemination of information and ideas, and the promotion of free expression and free access to ideas by students.

A school library media specialist is professionally trained to curate and develop a collection that shall provide students with access to the widest array of age-appropriate and grade level-appropriate library and other educational material.

The Bloomfield Board of Education directs the Superintendent to create an administrative regulation that establishes a procedure for a certified school library media specialist to continually review library and other educational material within a school library media center using professionally accepted standards which shall include, but need not be limited to: the material's relevance, physical condition of the material, availability of duplicates or copies of the material, availability of more recent age-appropriate or grade-level appropriate material and continued demand for the material.

RE: Educational Opportunities for Military Children

Approved: DATE

To facilitate the placement, enrollment, graduation, data collection, and provision of special services for students transferring into or out of the District because of their parents being on active duty in the U.S. Armed Services, the District supports and will implement its responsibilities as outlined in the ***Interstate Compact on Educational Opportunity for Military Children***. The Board of Education believes it is appropriate to remove barriers to educational success imposed on children of military families because of their parents' frequent moves and deployment.

Definitions

“Children of military families” means school-aged children, enrolled in kindergarten through 12th grade, in the household of an active-duty member of the uniformed service of the United States, including members of the National Guard and Reserve.

“Deployment” means the period one month before the service members depart from their home station on military orders, six months after return to their home station.

“Education(al) records” means official records, files, and data directly related to a student and maintained by the school, including, but not limited to, records encompassing all the material kept in the student's cumulative folder.

The requirements applicable to eligible students, which must be fulfilled, are listed below. Eligible students are those who are children of active-duty personnel, active-duty personnel or veterans who have been severely injured and medically discharged, and active-duty personnel who die on active duty within one year of service. Students are not eligible for the provisions of the Compact if they are children of inactive Guard or Reserves, retired personnel, veterans not included above, or U.S. Department of Defense personnel and other federal civil service employees and contract employees.

The District's responsibilities to eligible children include the following:

- Sending schools must send either official or unofficial records with the moving students, and District receiving schools must use those records for immediate enrollment and educational placement.
- Simultaneously, the receiving school must request official records, and the sending schools shall respond within 10 days with the records.
- Immunization requirements of the District may be met within 30 days from the date of enrollment (or be in progress).
- Receiving schools must honor placement of students in all courses from the sending school. These include, but are not limited to, Honors, International Baccalaureate, Advanced Placement, vocational-technical, and career pathway courses if those courses are offered in the receiving school.

RE: Educational Opportunities for Military Children

Approved: DATE

- In compliance with federal law, special education students must be placed by the existing IEP with reasonable accommodations in the receiving school.
- If a child of a member of the armed forces is enrolled in a school under the jurisdiction the district, and such member has received military orders directing them from such town, or any other documents from the armed forces indicating a change of residency from such town during the school year, the child may continue to be enrolled in the school until the end of the school year while such member remains a member of the armed forces, except that any such child in grade eleven may continue to be enrolled in the school for an additional school year while such member remains a member of the armed forces.
- The District will exercise, as deemed appropriate, the right to waive prerequisites for all courses and programs, while also maintaining its right to re-evaluate the student to ensure continued enrollment, as deemed appropriate.
- Students of active-duty personnel shall have additional excused absences at the discretion of the District for visitations relative to leave or deployment.

RE: Use of Exclusionary Time Out

Approved: Date

The Board of Education (the Board) acknowledges that behavior management practices for students may sometimes include the use of exclusionary time out settings. A time out setting is an area for a student to safely deescalate, self-regulate, self-calm, regain control and prepare to meet expectations to return to his/her educational program. A time out setting shall only be used in conjunction with a behavior management program which teaches and reinforces acceptable behaviors, except where it is necessary to remove a student from a potentially dangerous situation or an unanticipated situation.

Definitions

“Exclusionary time out” means a temporary, continuously monitored separation of a student from an ongoing activity in a non-locked setting, for the purpose of calming such student or deescalating such student's behavior.

“Seclusion” means the involuntary confinement of a student in a room, physically prevented from leaving. Seclusion does not include an exclusionary time out.

“Physical restraint” means any mechanical or personal restriction that immobilizes or reduces the free movement of a person's arms, legs or head, including, but not limited to, carrying or forcibly moving a person from one location to another. Excluded from this definition is briefly holding a person in order to calm or comfort the person; restraint involving the minimum contact necessary to safely escort a person from one area to another; medical devices including but not limited to, supports prescribed by a health care provider to achieve proper body position or balance; helmets or other protective gear used to protect a person from injuries due to a fall; helmets, mitts and similar devices used to prevent self-injury when the device is part of a documented treatment plan or individualized education program pursuant to Connecticut's special education laws or prescribed or recommended by a medical professional and is the least restrictive means to prevent such self-injury or an exclusionary timeout.

Types of Time Out

A time-out is a behavioral support strategy in which a student temporarily separates from the learning activity or classroom, either by choice or by staff direction for the purpose of calming.

There are two kinds of time-out:

- Inclusionary - when a student is removed from positive reinforcement or full participation in the class while remaining in the class. The use of inclusionary time-out functions as a behavior support strategy while allowing the student to remain fully aware of the learning activities in the classroom.
- Exclusionary - when a student is separated from the rest of the class through complete visual separation or actual physical separation.

RE: Use of Exclusionary Time Out

Approved: Date

Time-out is used for calming an agitated student. Time-out is not used for punishment or discipline.

Use of Exclusionary Time Out Setting/Space

If a time out setting/space is to be used, it must be used as a behavioral intervention strategy that is designed to teach and reinforce alternative appropriate behaviors in which a student is removed to a supervised area or room in order to facilitate self-control or when it is necessary to remove a student from a potentially dangerous situation and for unanticipated situations that pose an immediate concern for the physical safety of a student or others.

The Board has adopted and implemented the following policy and procedures governing school use of time out settings/spaces as part of its behavior management approach consistent with P.A. 18-51.

At a minimum, the use of exclusionary time out settings/spaces shall be governed by the following rules and standards:

1. The Board prohibits placing a student in a locked room or space or in a setting where the student cannot be continuously observed and supervised. The time out space shall be unlocked and the door must be able to be opened from the inside. The use of locked rooms or spaces for purposes of time out or emergency interventions is prohibited.

Staff shall continuously monitor the student in a time out setting. The staff must be able to see and hear the student at all times. At least one school employee must remain with the student or be immediately available to the student so that the student and the staff member can communicate verbally throughout the time out.

Under no circumstances shall a time out setting/space in a school program be used for seclusion of the student, where the term "seclusion" is interpreted to mean placing a student in a locked room or space or in a room where the student is not continuously

observed and supervised.

2. Factors which may precipitate the use of the time out setting/space:
 - a. Student fails to respond to less severe interventions (behavior that cannot be controlled through interventions short of isolation in the designated time out space or room)
 - b. Behavior that is severely disruptive

BLOOMFIELD PUBLIC SCHOOLS
Bloomfield, Connecticut

BOARD POLICY

No. 5144.2(c)

RE: Use of Exclusionary Time Out

Approved: Date

c. Dangerous behavior that presents a risk of injury or harm to that student or to others

d. Behavior that is dangerous or presents a risk of significant property damage.

The designated time out setting/space shall not be used for punitive purposes, for staff convenience or to control minor misbehavior.

3. Time limitations for the use of the time out setting/space:

A student should remain in the designated time out setting/space only for the time necessary for the student to compose him/herself sufficiently to return to the classroom with minimal risk that the behavior will quickly reoccur, in the opinion of school staff monitoring the intervention. The time should normally not exceed 30 minutes. (A suggested time-legislation does not specify time limits)

School staff shall not keep a student in the designated time out setting/space for more than one hour. If the student continues to present dangerous behaviors after this period of time, the placement in that space may be continued only with written authorization of the building Principal or designee. In that event, the student's parent/guardian should also be called for the purpose of taking the student home for the remainder of that school day.

If, at any point during the student's stay in the designated time out space, the building Principal or his/her designee believes that the student cannot be maintained safely even in that setting, the building Principal/designee shall call the student's parent/guardian to come pick up the student, and may also call other emergency personnel for the purpose of taking custody of the student and ensuring the student's safety.

Further, a student's IEP shall specify when a behavioral intervention plan includes the use of a time out setting for a student with a disability, including the maximum amount of time a student will need to be in a time out setting as a behavioral consequence as determined on an individual basis in consideration of the student's age and individual needs.

School administration or other personnel shall be notified in the event a student is placed in a time out setting for excessive amounts of time; and such information shall be considered when determining the effectiveness of the student's behavioral intervention plan and the use of the time out setting for the student. Whether the student requires a debriefing following the use of a time out setting shall be left to the staff knowledgeable about the individual student.

No. 5144.2(d)

RE: Use of Exclusionary Time Out

Approved: Date

When it is decided through the program planning process to use a time out setting as a behavioral intervention, it should be clearly articulated in the planning what will be done if the student refuses to comply with the request to move to a time out setting or if the use of this strategy is not successful in managing the student's behavior. Should staff be required to physically remove the student to the time out setting, it is important that non-violent crisis techniques be used. Consideration must be given to the procedures pertaining to use of physical restraint and/or seclusion as defined in policy [5144.1](#).

4. Staff training on the policies and procedures related to the use of time out setting/space shall include, but not be limited to, the following measures:

- a. The Director of Student Support Services shall be responsible to the Superintendent for establishing administrative practices and procedures for training all District personnel responsible for use of time out.

- b. Specific Training Activities and Programs:

Staff members working with students who have the use of the time out space will:

- Receive full training in the policy and procedures for the use of a time out setting.
- Participate in work sessions to review each student's Behavior Intervention Plan and receive specific instruction in the implementation of the plan. The work sessions will include teachers, teaching assistants, monitors, building administrators and the Director of Pupil Personnel Services.

5. Data collection to monitor the effectiveness of the use of time out settings/spaces:

The District shall establish and implement procedures to document the use of time out space, including information to monitor the effectiveness of the use of the time out space to decrease specified behaviors. Such data may be subject to review by the State Education Department (SED) upon request.

Such data collection should appropriately include, but is not limited to, the following information:

- a. A record for each student showing the date and time of each use of the time out setting;

- b. A detailed account of the antecedent conditions/specific behavior that led to the use of the time out setting;
 - c. The amount of time that the student was in the time out setting; and
 - d. Information to monitor the effectiveness of the use of the time out setting to decrease specified behaviors which resulted in the student being placed in the setting.
6. Information to be provided to parents:

The School District shall inform the student's parents prior to the initiation of a behavioral intervention plan that will incorporate the use of a time out setting for a student, and shall give the parent the opportunity to see the physical space that will be used as a time out setting and provide the parent with a copy of the school's policy on the use of time out settings/spaces.

Additionally, parents should be notified if their child was placed in a time out setting. Minimally, whenever a time out setting is used as an emergency intervention the parent shall be notified of the emergency intervention. Such notification will be provided the same day whenever possible. The use of a time out setting must be included on the student's IEP.

Parent reports of alleged inappropriate interventions used in a time out setting should be directed to school administrators.

Physical Space Used as a Time Out Setting/Space

The physical space used as a time out setting must meet certain standards:

- a. The area shall provide a means for continuous visual and auditory monitoring of the student. (Staff assigned to monitor the time out area must be able to see and hear the student at all times and be able to communicate verbally with the student throughout the time out.)
- b. The space or setting used for an exclusionary time out must be appropriate for calming or deescalating the student's behavior.

- c. The area shall be of adequate width, length and height to allow the student to move about and recline comfortably.
- d. Wall and floor coverings should be designed to prevent injury to the student, and there shall be adequate lighting and ventilation.
- e. The temperature of the area shall be within the normal comfort range and consistent with the rest of the building.
- f. The area shall be clean and free of objects and fixtures that could be potentially dangerous to a student and shall meet all local fire and safety codes.
- g. The setting must be unlocked and the door must be able to be opened from the inside at all times. The use of locked rooms or spaces for the purpose of time out is strictly prohibited.

RE: Special Education

Approved: Date

The Bloomfield Board of Education accepts its legal duties and responsibilities for providing special education for the students of the school district.

The district shall provide a free appropriate public education and necessary related services to all children requiring special education, as defined in PA 25-67 Section 1, residing within the district, required under the Individuals with Disabilities Education Act ("IDEA"), Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act, and Connecticut Statutes.

It is the intent of the District to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated, and provided a free appropriate public education and equal access to educational opportunities. Students may be disabled under Section 504 of the Rehabilitation Act even though they do not require services pursuant to the IDEA.

For students eligible for services under IDEA, the District shall follow procedures for identification, evaluation, placement, and delivery of services to children with disabilities provided in state and federal statutes that govern special education. For those students who are not eligible for services under IDEA, but because of a disability as defined by Section 504 of the Rehabilitation Act of 1973, need or are believed to need accommodations to receive equal access to educational opportunities, the District shall establish and implement a system of procedural safeguards. The safeguards shall cover students' identification, evaluation, and educational placement. This system shall include notice, an opportunity for the student's parent(s)/guardian(s)/surrogate parent to examine relevant records, an impartial hearing with opportunity for participation by the student's parent(s)/guardians(s), representation by counsel, and a review procedure.

Effective July 1, 2023, all students remain eligible for special education services under the Individuals with Disabilities Education Act (IDEA) through the end of the school year during which the student turns age 22, or until the student graduates from high school with a regular high school diploma, whichever occurs first. Pursuant to the Connecticut General Statutes §[10-259](#), school year is defined as July 1 through June 30. A free appropriate public education (FAPE) must be provided to any child requiring special education beginning on or after the child's third birthday, whether that birthday occurs during the regular school year.

In making a determination of eligibility for special education and related services, through use of a variety of assessment tools and strategies designed to gather relevant functional, developmental, and academic information, a student shall not be determined to be a disabled student if the dominant factor for such a determination is a lack of appropriate instruction in reading, including in the essential components of reading instruction, as defined in the Every Student Succeeds Act, lack of instruction in math or limited English proficiency or evidence that a child's behavior repeatedly violated disciplinary policy.

Further, the District is not required to take into consideration whether a student has a severe discrepancy between achievement and intellectual ability in oral expression, listening

comprehension, written expression, basic reading skills, reading comprehension or mathematical calculation or reasoning. A child may become eligible for special education services on his or her third birthday.

In determining whether a child has a specific learning disability, the District may use a process that determines if the student responds to scientific, research-based intervention as a part of the evaluation procedures to determine eligibility. The program to which each student with a disability is assigned shall provide an appropriate education, seek to assure success in learning, and offer the least restrictive environment, in accordance with federal and state regulations. No student with a disability shall be denied, because of disability, participation in activities, programs, or services offered or recognitions rendered to District students, unless participation is not possible because of the disability.

Each student requiring special education, as defined in PA 25-67 section 1, who is a resident of the district shall be provided quality education programs and services that meet the student's needs for educational, instructional, transitional and related services. The special education program shall be designed to comply with federal and state law; conform to district goals; and integrate programs of special education with the regular instructional programs of the schools, consistent with the interests of the student requiring special education and other students. If necessary and as determined by the PPT, students requiring special education may be placed in an approved public or private programs. Students with disabilities are required by federal law to be included in State and District-wide assessments, with appropriate accommodations where necessary.

In accordance with the regulations of the State Board of Education, each local and regional Board of Education shall:

1. Provide special education for children requiring special education, as defined in PA 25-67 section 1.
2. The obligation of the school district under this subsection shall terminate when such child graduates from high school or at the end of the school year during which such child reaches age twenty-two, whichever occurs first.
3. Report to the Department of Education on each placement of a student receiving special education services for which the board is paying a portion of the cost:

Evaluation of Special Education Program

On or after June first, but prior to September thirtieth annually, the superintendent shall provide, at a regularly scheduled meeting of the Board of Education, an annual report concerning the special education programs of the school district with the following information:

1. The number and names of all community-based organizations with whom the board of education has executed a formal memorandum of understanding, memorandum of agreement, or contract to provide support services to students in the school district, disaggregated by school and type of support service provided;
2. The workforce development programs offered by the board of education to students in which the board has partnered with an outside entity, including, but not limited to, cooperatives, internships, in-school job training programs provided by businesses, and in-school workforce board presentations, and
3. Attrition data for certified and noncertified staff, disaggregated by school and subject, not including in-district transfers.

The report shall also include recommendations of the Superintendent and staff, and by any advisory groups, for improvement in the program.

In addition to the annual report, the Superintendent shall make interim reports whenever any phase of the program is significantly less satisfactory than was expected so that necessary adjustments may be made.

The Superintendent shall make certain that the individualized education plan of each student is reviewed periodically, or at least annually.

The Superintendent of Schools or his/her designee is directed to develop a comprehensive plan for compliance with all the requirements of federal and state law for the education of students with disabilities residing in or attending school in the school district. The Board of Education requests that the plan be in harmony with the school district's financial abilities, with the availability of special facilities needed, and the availability of trained and certified personnel.

BOARD POLICY

No. 3542.43(a)

RE: Charging Policy Food Service

Approved: Date

The goal of the food service program is to provide students with nutritious and healthy foods, through the District's food services program, that will enhance learning. The school nutrition program is an essential part of the education system and by providing good-tasting, nutritious meals in pleasant surroundings; we are helping to teach students the value of good nutrition.

The Board of Education (Board) has an agreement with the Connecticut State Department of Education to participate in one or more school Child Nutrition Programs and accepts full responsibility for adhering to the federal and state guidelines and regulations pertaining to these school Child Nutrition Programs. The Board also accepts full responsibility for providing free or reduced price meals to eligible elementary and secondary students enrolled in the District's schools. Applicants for such meals are responsible to pay for meals until the application for the free or reduced price meals is completed and approved. All applications for free and reduced price lunch and any related information will be considered strictly confidential and not to be shared outside of the District's food services program. Meals are planned to meet the specified nutrient standards outlined by the United States Department of Agriculture for children based on their age or grade group.

Although not required by law, because of the District's participation in the Child Nutrition Programs, the Board approves the establishment of a system to allow a student to charge a meal.

The Board realizes that funds from the non-profit school food service account, according to federal regulations, cannot be used to cover the cost of charged meals that have not been paid.

Moreover, federal funds are intended to subsidize the meals of children and may not be used to subsidize meals for adults (teachers, staff and visitors). Adults are not allowed to charge meals and shall pay for such meals at the time of service or through pre-paid accounts.

The Board prohibits the public identification or shaming of a child/student for any unpaid charges, including, but not limited to, the following:

- Delaying or refusing to serve a meal to such student,
- Designating a specific meal option for such student or otherwise taking any disciplinary action against such student.

A student needing to charge a meal will be informed of his/her right to purchase a meal, which may exclude a la carte items, for any school breakfast, lunch or other feeding.

In order to sustain the District's food services program, the District cannot permit the excessive charging of student meals. Therefore, any charging of meals must be consistent with this policy and any accompanying regulations. The Superintendent or his/her designee shall develop regulations designed to effectively and respectfully address family responsibility for unpaid meals.

RE: Charging Policy Food Service

Approved: Date

Any parent/guardian who anticipates a problem with paying for meals is encouraged to contact the Food Services Manager/Director and/or the applicable school Principal for assistance. The Board encourages all families who may have a child eligible for free or reduced price lunch to apply.

Definitions

"Delinquent Debt" are unpaid meal charges, like any other money owed to the nonprofit school food service account when payment is overdue, as defined by state or local policies.

"Bad Debt" are when unpaid meal charges are not collected and are considered a loss. Such debt must be written off as an operating loss, which cannot be absorbed by the nonprofit school food service account, but must be restored using nonfederal funds.

Elementary Students

1. The District shall maintain a "no charging policy." The charge/no charge policy will be strictly enforced to eliminate unnecessary debt within the School Food Service Program.
2. The District uses **Linq School Nutrition (Titan)**, an automated prepayment system, which allows parents/guardians to view their child's meal account balance and purchases, receive low-balance notifications, as well as, make deposits, to their child's school meal account. Any student whose account has insufficient funds (i.e., is at the charging limit) and does not bring a meal from home may charge any combination of meals up to an amount not to exceed the cost of thirty (30) meals. Negative balance status can be avoided by making a payment in the form of cash, check, or by credit card to the **Linq Connect** website. (<https://linqconnect.com>)
3. Students shall be allowed up to thirty (30) reimbursable meal charges. All other a-la-carte items shall not be charged. After thirty charges, the parents/guardians of such child will be referred to the District's homeless education liaison. The alternate meal shall consist of one or more of the examples listed above. When a charge is occurred, a written notification shall be sent home to parents. All credited meals must be repaid.

Communications with parents/guardians regarding collection of a child's unpaid meal charges shall include information on local food pantries, application for free or reduced price meals and the Department of Social Services' supplemental nutrition assistance program and a link to the District's website that lists any community services available to town/city residents.

4. No elementary or middle school student shall be deprived a reimbursable meal due to forgotten or lost meal money. The school Principal will be responsible for maintaining a

fund of money to loan to students without meal money. The pool of money may be established from school or PTA/PTO funds. The Principal or his/her designee is responsible for collecting money that has been loaned to students. Students will be responsible for repaying all loaned money within an established timeframe. A note shall be given to the student to take home or mailed to the student's home to inform parents of the loan obligation. In situations in which a student is consistently without meal money, the Principal or his/her designee should encourage the parent/guardian to apply for free or reduced price meals.

Communications with parents/guardians regarding collection of a child's unpaid meal charges shall include information on local food pantries, application for free or reduced price meals and the Department of Social Services' supplemental nutrition assistance program and a link to the District's website that lists any community services available to town/city residents.

The Board will accept gifts, donations, or grants from any public or private sources for the purpose of paying off any unpaid charges for school meals.

5. The District strongly discourages meal charges, but understands that an occasional emergency makes it necessary at the elementary level. The District/school policy is as follows:
 - a. All charges must be paid in 10 days.
 - b. Students may not charge more than 5 reimbursable meals.
 - c. Parents will be notified and asked for prompt payment after 3 charges.
 - d. Communications with parents/guardians regarding collection of a child's unpaid meal charges shall include information on local food pantries, application for free or reduced price meals and the Department of Social Services' supplemental nutrition assistance program and a link to the District's website that lists any community services available to town/city residents.
6. Students shall be allowed to charge up to thirty meals. The student will be given the same reimbursable meal that other children are provided. Parents of students who charge shall be notified by phone, after their child has received the meal. If a pattern of charging continues, attempts will be made to discuss the issue with the parents/guardians and encourage them to complete a free and reduced meal application. Communications with parents/guardians regarding collection of a child's unpaid meal charges shall include information on local food pantries, application for free or reduced price meals and the

Department of Social Services' supplemental nutrition assistance program and a link to the District's website that lists any community services available to town/city residents.

Secondary Students

1. A student shall not be allowed to purchase any reimbursable meal on credit.
2. The District uses **Linq School Nutrition (Titan)**, an automated prepayment system, which allows parents/guardians to view their child's meal account balance and purchases, receive low-balance notifications, as well as, make deposits, to their child's school meal account. Any student whose account has insufficient funds (i.e., is at the charging limit) and does not bring a meal from home may charge any combination of meals up to a negative balance of \$6.00. No snacks or a-la-carte items may be charged. *(A source of funding needs to be established based upon the fact that the cost of this meal cannot come out of the school food service account.)* If a student with a negative balance attempts to purchase a-la-carte items with cash, the money must first be applied to the negative balance.
3. Students shall be allowed to charge up to two meals. The student will be given the same reimbursable meal that other children are provided. Parents of students who charge shall be notified by phone, after their child has received the meal. After charging four meals, the parents shall receive written notification. If a pattern of charging continues, attempts will be made to discuss the issue with the parents/guardians and encourage them to complete a free and reduced meal application.

District-Wide

1. Parents are responsible for providing meals or meal money for their student(s). Borrowing or charging is for one meal only in an emergency. Repayment is expected without delay. Snack and a-la-carte purchases are cash only.
2. Although not required by law, because of the District's participation in the school Child Nutrition Programs, the Board of Education approves the establishment of a system to allow a student to charge a meal. The Board authorizes the Superintendent to develop rules which address:
 - a. What can be charged;
 - b. The limit on the number of charges per student;
 - c. The system used for identifying and recording charged meals;
 - d. The system used for collection of repayments; and

- e. Ongoing communication of the policy to parents/guardians and students.

Delinquent Debt and Bad Debt

The District's efforts to recover from households money owed due to the charging of meals must not have a negative impact on the children involved and shall focus primarily on the adults in the household responsible for providing funds for meal purchases. The school food authority is encouraged to consider whether the benefits of potential collections outweigh the costs which would be incurred to achieve those collections.

Money owed because of unpaid meal charges shall be considered "delinquent debt," as defined, as long as it is considered collectable and reasonable efforts are being made to collect it. Such debt must be paid by June 30, effective with the 2017-2018 school year.

After reasonable attempts are made to collect the delinquent debt, and it is determined that further collection efforts are useless or too costly, the debt must be reclassified as "bad debt." Such debt shall be written off as an operating loss not to be absorbed by the nonprofit school food service account but must be restored using non-federal funds.

Dissemination of Policy

This policy shall be provided in writing to all households at the start of each school year and to households transferring to the school or school district during the school year.

This policy shall be included in student/parent handbooks, on online portals that households use to access student accounts, placed on the District's website, on the website of each school, and published at the beginning of each school year at the time information is distributed regarding free and reduced price meals and again to the household the first time the policy is applied to a specific child.

This policy shall be provided to all school staff and/or school food authority staff responsible for its enforcement. In addition, school social workers, nurses, the homeless liaison, and other staff members assisting children in need or who may be contacted by families with unpaid meal charges also should be informed of this policy.

The District's school food authority shall maintain, as required, documentation of the methods used to communicate this policy to households and school or school food authority-level staff responsible for policy enforcement.
