Student Services Report

Following Spring Break, Student Services prioritized resetting and reinforcing school-wide expectations to support a positive and structured learning environment. Staff took time to review recess rules and expectations with all students. This included revisiting appropriate play behaviors, safety guidelines, and conflict resolution strategies. The goal of this reset was to ensure consistency across grade levels and to help students transition back into routines after the break.

In addition, we introduced a new attendance incentive program for all students. This initiative was inspired by successful practices observed in other schools within Lane County that have been implementing similar systems throughout the school year with positive results. The purpose of this incentive is to encourage consistent attendance, reinforce the importance of being present at school, and celebrate students who demonstrate strong attendance habits.

We are excited to see how these efforts support improved student behavior during recess and increased student attendance as we move through the remainder of the school year.

Board Report: Attendance Data Review

As part of our ongoing efforts to ensure accurate and meaningful attendance tracking, we recently conducted a review of our current attendance data.

During this review, we identified that some entries marked as “ABS” (absent) appear to be the result of human error when taking attendance. In these cases, the absence code was not updated to reflect one of our school’s defined attendance categories. While this does impact the accuracy and detail of our internal data, it is important to note that this does not impact our ADM (Average Daily Membership), as a student marked absent is counted as absent regardless of the specific code used.

Here are our standardized attendance codes used for daily attendance.

Attendance Code Key:

- Medical – Student is marked medical when a parent/guardian indicates the student is attending a medical appointment.
- Illness – Student is marked ill when a parent/guardian reports the student is home sick.
- Excused Absence – Student is marked excused when a parent/guardian communicates that they are excusing the absence without specifying a reason.
- Unexcused Absence – Student is marked unexcused when the school is unable to contact a parent/guardian, or the parent/guardian indicates the absence is not excused.
- Vacation – Student is marked on vacation when a parent/guardian reports the student is out of town or on a trip.
- In School Working – Student is on campus but not in their regularly scheduled classroom (e.g., working in another location or with staff).
- Athletics – Student is absent due to participation in a school-sponsored athletic event.
- Field Trip – Student is absent from class due to participation in a school-sponsored field trip.

Parents can mark their own on Parent Square for absences, vacations, medical, and illness.

Next Steps:

To improve accuracy and consistency, we will begin implementing a weekly attendance review process. This will allow us to:

- Identify and correct coding errors in a timely manner
- Ensure all absences are categorized appropriately
- Maintain reliable data for decision-making and reporting

Accurate attendance data is critical for understanding student engagement, identifying support needs, and meeting reporting requirements. This process will help ensure our records reflect a clear and accurate picture of student attendance.
