Fiscal Year

The District shall operate on a fiscal year beginning July 1 and ending June 30.

Budget Planning

Budget planning shall be an integral part of overall program planning so that the budget effectively reflects the District's programs and activities and provides the resources to implement them. In the budget planning process, general educational goals, specific program goals, capital improvement goals, and alternatives for achieving program goals shall be considered, as well as input from the District- and campus-level planning and decision-making committees. Budget planning and evaluation are continuous processes and shall be a part of each month's activities.

Budget Meeting

The annual public meeting to discuss the proposed budget and tax rate shall be conducted as follows:

1. The Board President shall request at the beginning of the meeting that all persons who desire to speak on the proposed budget and/or tax rate sign up on the sheet provided.
2. Prior to the beginning of the meeting, the Board may establish time limits for speakers.
3. Speakers shall confine their remarks to the appropriation of funds as contained in the proposed budget and/or the tax rate.
4. No officer or employee of the District shall be required to respond to questions from speakers at the meeting.

Authorized Expenditures

The adopted budget provides authority to expend funds for the purposes indicated and in accordance with state law, Board policy, and the District's approved purchasing procedures. The expenditure of funds shall be under the direction of the Superintendent or designee who shall ensure that funds are expended in accordance with the adopted budget.

Budget Amendments

The Board shall amend the budget when a change is made increasing any one of the functional spending categories or increasing revenue object accounts and other resources.

Fund Balance

Nonspendable and Restricted

The District shall report fund balances for governmental funds in classifications based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The nonspendable classification shall represent assets that will be consumed or must remain intact, such as inventories of supplies and endowments, and therefore cannot be converted to cash. Provisions of law, contracts, and grants shall specify how fund resources can be used in the re-

stricted classification. The nature of these two classifications precludes a need for a policy from the Board. However, the Board has adopted rules for the three unrestricted classifications of committed, assigned, and unassigned.

Committed

From time to time, the Board may commit fund balances by a majority vote in a scheduled meeting. This commitment may be modified or rescinded by a majority vote in a scheduled meeting. Board commitments shall not exceed the amount of fund balance that is greater than the sum of nonspendable and restricted fund balances, as this practice would commit funds that the District does and would not have. Commitments may be made for facility expansion or renovation, program modifications, wage and salary adjustments, financial cushions such as a rainy day fund, and other purposes determined by the Board.

Assigned

Assigned fund balance comprises amounts intended to be used by the government for specific purposes. Funds set aside for carryover appropriations, early termination notification, contingencies, and projected budgetary deficit in the subsequent year's budget are examples to be included in the assigned category. Any funds set aside must be reported to the Board. The Board has authority to remove or change the assignment of the funds with a majority vote. The assignment need not be made before the end of the reporting period, but rather may be made any time prior to the issuance of the financial statements.

Unassigned

Unassigned fund balance is the residual classification for the general fund and shall include all amounts not contained in the other classifications. Unassigned amounts represent the resources available for future spending. The District's goal to maintain two months of operating costs shall be identified as unassigned fund balance. The general fund should be the only fund that reports a positive unassigned fund balance amount. However, in funds other than the general fund, it may be necessary to report a negative unassigned fund balance amount if expenditures incurred for specific purposes exceeded the amounts restricted, committed, or assigned to those purposes.

Capital Budget

Once the multi-year capital plan has been adopted [see CT(LOCAL)], the District shall develop and implement a capital improvement projects budget or a capital budget. The capital budget shall be essential to ensure the proper planning, funding, and implementing of major projects. The capital budget shall be adopted as part of the annual budget process and shall incorporate the appropriate year of the multi-year capital plan.

Capital projects shall be considered different from programs adopted in the operating budget since they will often represent very

large financial obligations that may span two or more fiscal years. Therefore, the processes for preparing, prioritizing, and presenting them to the Board may be different from the operating budget.

Non-Routine Projects

The District shall provide a greater level of detail and information for non-routine capital projects. For non-routine projects, the capital budget shall describe the impact on the operating budget, number of additional positions required, tax or fee implications, and other financial or service impacts. When developing the capital budget, the District shall consider measures to mitigate risk related to undertaking major non-routine projects. Based on the size of the capital budget and the complexity of the capital projects, it may be necessary for the District to budget additional reserves for project overruns or insurance coverage.

Reviewing and Reporting

All stakeholders shall have the ability to review the status and expected completion of approved capital projects. Periodic reports shall be discussed with the Board regarding ongoing capital projects. These reports shall compare actual expenditures with those in the original budget, identify the level of completion of the project, enumerate any changes in the scope of the project, and alert the Board to any concerns with the completion of the project on time or on schedule.

Authorized Expenditures

A district shall not lend its credit or gratuitously grant public money or things of value in aid of any individual, association, or corporation. *Tex. Const. Art. III, Sec. 52; Brazoria County v. Perry, 537 S.W.2d 89 (Tex. Civ. App.—Houston [1st Dist.] 1976, no writ)*

A district shall not grant any extra compensation, fee, or allowance to a public officer, agent, servant, or contractor after service has been rendered or a contract entered into and performed in whole or in part. Nor shall a district pay or authorize the payment of any claim against the district under any agreement or contract made without authority of law. *Tex. Const. Art. III, Sec. 53; Harlingen Indep. Sch. Dist. v. C.H. Page and Bro., 48 S.W.2d 983 (Comm. App. 1932)*

The public school funds may not be spent except as provided by Education Code 45.105. The state and county available funds may be used only for the payment of teachers' and superintendents' salaries and interest on money borrowed on short time to pay those salaries that become due before school funds for the current year become available. Loans for the purpose of payment of teachers may not be paid out of funds other than those for the current year.

Local funds from district taxes, tuition fees, other local sources, and state funds not designated for a specific purpose may be used for the purposes listed above for state and county available funds and for purchasing appliances and supplies; paying insurance premiums; paying janitors and other employees; buying school sites; buying, building, repairing, and renting school buildings, including acquiring school buildings and sites by leasing through annual payments with an ultimate option to purchase [see CHG]; and, except as provided below, for other purposes necessary in the conduct of the public schools as determined by the board.

Exception

Funds described above may not be used to initiate or maintain any action or proceeding against the state or an agency or officer of the state arising out of a decision, order, or determination that is final and unappealable under a provision of the Education Code, except that funds may be used for an action or proceeding that is specifically authorized by a provision of the Education Code or a rule adopted under the Education Code and that results in a final and unappealable decision, order, or determination.

Education Code 45.105(a)–(c), (c-1)

Fiscal Year

The fiscal year of a district begins on July 1 or September 1 of each year, as determined by the board. *Education Code 44.0011*

Budget Preparation

On or before the date set by the State Board of Education (SBOE), a superintendent shall prepare, or cause to be prepared, a proposed budget covering all estimated revenue and proposed expenditures of a district for the following fiscal year. The budget must be prepared according to generally accepted accounting principles, rules adopted by the SBOE, and adopted policies of the board of trustees. *Education Code 44.002; 19 TAC 109.1(a), .41, .5001*

Funds for Accelerated Instruction

A district that is required to provide accelerated instruction under Education Code 29.081(b-1) [see EHBC] shall separately budget sufficient funds, including funds under Education Code 48.104, for that purpose. *Education Code 29.081(b-2)*

Itemization of Certain Expenditures

The proposed budget of a district must include, in a manner allowing for as clear a comparison as practicable between those expenditures in the proposed budget and actual expenditures for the same purpose in the preceding year, a line item indicating expenditures for:

1. Notices required by law to be published in a newspaper by the district or a representative of the district; and
2. Directly or indirectly influencing or attempting to influence the outcome of legislation or administrative action, as those terms are defined in Government Code 305.002.

Local Gov't Code 140.0045

Public Meeting on Budget and Proposed Tax Rate

When the budget has been prepared, the board president shall call a board meeting for the purpose of adopting a budget for the succeeding fiscal year. Any taxpayer of a district may be present and participate in the meeting. *Education Code 44.004(a), (f)* [See CCG for provisions governing tax rate adoption.]

The meeting must comply with the notice requirements of the Open Meetings Act. *Gov't Code 551.041, .043* [See BE]

Published Notice

The board president shall provide for publication of notice of the budget and proposed tax rate meeting in accordance with Education Code 44.004. [For specific requirements regarding the form, contents, and publication of the notice, see CCG(LEGAL).]

Publication of Proposed Budget Summary

Concurrently with the publication of notice of the budget under Education Code 44.004, a district shall post a summary of the proposed budget on the school district's internet website or, if the district has no internet website, in the district's central administrative office.

The budget summary must include a comparison to the previous year's actual spending and information relating to per student and aggregate spending on:

1. Instruction;
2. Instructional support;
3. Central administration;
4. District operations;
5. Debt service; and
6. Any other category designated by the commissioner.

Education Code 44.0041

Budget Adoption

The board, at the meeting called for that purpose, shall adopt a budget to cover all expenditures for the succeeding fiscal year. The budget must be adopted before the adoption of the tax rate for the tax year in which the fiscal year covered by the budget begins. *Education Code 44.004(f)–(g)*

Appendix for Tax Rate Calculation Forms

The board shall include as an appendix to the district's budget for a fiscal year the tax rate calculation forms used by the designated officer or employee of the district to calculate the no-new-revenue tax rate and the voter-approval tax rate of the district for the tax year in which the fiscal year begins. *Tax Code 26.04(e-5)* [See CCG]

Districts with July 1 Fiscal Year

A district with a fiscal year beginning July 1 may use the certified estimate of the taxable value of district property [see CCG] in preparing the required notice if the district does not receive the certified appraisal roll on or before June 7. A district that uses a certified estimate may adopt a budget at the public meeting designated in the published notice prepared using the estimate, but the district may not adopt a tax rate before the district receives the certified appraisal roll for the district. *Education Code 44.004(h)–(i)*

Budget Adoption After Tax Rate Adoption

Notwithstanding Education Code 44.004(g), (h), and (i), above, a district may adopt a budget after the district adopts a tax rate for the tax year in which the fiscal year covered by the budget begins if the district elects to adopt a tax rate before receiving the certified appraisal roll for the district. If a district elects to adopt a tax rate before adopting a budget, the district must publish notice and hold a meeting for the purpose of discussing the proposed tax rate. Following adoption of the tax rate [see CCG], the district must publish notice and hold another public meeting before the district may adopt a budget. The comptroller shall prescribe the language and format to be used in the notices. The district may use the certified

estimate of taxable value in preparing a notice under this provision. *Education Code 44.004(j)*

Publication of Adopted Budget

On final approval of the budget by the board, the district shall post on the district's internet website a copy of the budget adopted by the board. The district's website must prominently display the electronic link to the adopted budget. A district shall maintain the adopted budget on the district's website until the third anniversary of the date the budget was adopted. *Education Code 44.0051*

On or before a date set by the SBOE, the budget must be filed with the Texas Education Agency according to rules established by the SBOE. *Education Code 44.005*

Internet Posting of Tax Rate and Budget Information

Each district shall maintain an internet website or have access to a generally accessible internet website that may be used for the purposes of these provisions. Tax Code 26.18

Effect of Adopted Budget and Amendment

Public funds of the district may not be spent in any manner other than as provided for in the budget adopted by the board, but the board may amend a budget or adopt a supplementary emergency budget to cover necessary unforeseen expenses. Any amendment or supplementary budget must be prepared and filed in accordance with SBOE rules. *Education Code 44.006*

Spending Violation/Offense

A trustee who votes to approve any expenditure of school funds in violation of a provision of the Education Code, for a purpose for which those funds may not be spent, or in excess of the item or items appropriated in the adopted budget or a supplementary or amended budget commits an offense. *Education Code 44.052(c)*

Certain Donations

A district may donate funds or other property or service to the adjutant general's department, the Texas National Guard, or the Texas State Guard. *Gov't Code 437.111(b), .252, .304(a)*

Commitment of Current Revenue

A contract for the acquisition, including lease, of real or personal property is a commitment of a district's current revenue only, provided the contract contains either or both of the following provisions:

1. Retains to a board the continuing right to terminate the contract at the expiration of each budget period during the term of the contract.
2. Is conditioned on a best-efforts attempt by the board to obtain and appropriate funds for payment of the contract.

Local Gov't Code 271.903

Prohibited Uses of Resources

Improvements to Real Property

Except as provided below or by Education Code 45.109(a-1), (a-2), or (a-3) [see CX], the board may not enter into an agreement authorizing the use of school district employees, property, or resources for the provision of materials or labor for the design, construction, or renovation of improvements to real property not owned or leased by the district.

This provision does not prohibit the board from entering into an agreement for the design, construction, or renovation of improvements to real property not owned or leased by the district if the improvements benefit real property owned or leased by the district. Benefits to real property owned or leased by the district include the design, construction, or renovation of highways, roads, streets, sidewalks, crosswalks, utilities, and drainage improvements that serve or benefit the real property owned or leased by the district.

Education Code 11.168

Hotels	The board may not impose taxes; issue bonds; use or authorize the use of district employees; use or authorize the use of district property, money, or other resources; or acquire property for the design, construction, renovation, or operation of a hotel. The board may not enter into a lease, contract, or other agreement that obligates the board to engage in an activity prohibited by this provision or obligates the use of district employees or resources in a manner prohibited by this provision. "Hotel" means a building in which members of the public obtain sleeping accommodations for consideration. The term includes a motel. *Education Code 11.178*
Electioneering	For restrictions on using district funds for electioneering, see BBBD.

Re: Furniture, Installation, and Related Services; RFP # 24-01

The Evaluation Committee has reviewed the responses and recommend that the following companies be awarded:

- Affordable Interior Systems, Inc. (AIS)
- Allsteel LLC
- Enwork (ASSA Group dba Enwork)
- DLT Solutions LLC
- Exemplis LLC (SitOnIt Seating)
- Identity Group
- Irwin Seating Company
- Jasper Seating Company, Inc. (dba JSI/Jasper Group)
- Kimball International Brands, Inc.
- Krueger International, Inc.
- Lakeshore Learning Materials, LLC
- Meteor Education, LLC
- ODP Business Solutions (ODP Business Solutions, LLC)
- OFS Brands Inc.
- Safco Products Co.
- School Specialty, LLC
- Teknion LLC
- The HON Company LLC
- VS America, Inc.
- WB Manufacturing, LLC
- Wenger Corporation

The recommended vendors submitted offers that were determined to be most advantageous to OMNIA Partners, Public Sector members, based upon the bid tabulation. All the recommended respondents were determined to be competitively priced and strong for the specified services outlined in the RFP.

We believe all recommended vendors demonstrate the ability to provide and perform the services requested in the proposal. We will monitor their performance and determine at the end of each year if they are eligible for renewal with each new term.

This multiple award is recommended as most advantageous as it limits contract awards to the least number of suppliers necessary to meet the requirements of OMNIA Partners, Public Sector members. In order to serve the entire nation, a multiple award is recommended to provide any governmental agency with complete coverage of commodities, services and any other offering within the scope of proposal.

Please let me know if you have any questions.

"De-Identified Data" refers to Subscriber Data with the following removed: personally identifiable information and the names and addresses of Subscriber and any of its Users.)

6. SUBSCRIBER'S RESPONSIBILITIES & RESTRICTIONS.

6.1. Acceptable Use. Subscriber and each of Subscriber's Clients shall comply with the AUP. Subscriber shall not: (a) in any way allow third parties to exploit the Services, except Subscriber's Clients as specifically authorized by this Agreement; (b) provide Services passwords or other log-in information to any third party, except Subscriber's Clients as specifically authorized by this Agreement; (c) share non-public features or content of the Services with any third party, except Subscriber's Clients as specifically authorized by this Agreement; (d) access the Services in order to build a competitive product or service, to build a product using similar ideas, features, functions, or graphics, or to copy any ideas, features, functions, or graphics of the Services; or (e) engage in web scraping or data scraping on or related to the Services, including without limitation collection of information through any software that simulates human activity or any bot or web crawler. In the event that Vendor suspects any breach of the requirements of this Section 6.1, including without limitation by Subscriber's Clients, Vendor may suspend Subscriber's and all Subscriber's Clients' access to the Services without advanced notice, in addition to such other remedies as Vendor may have. Neither this Agreement nor the AUP requires that Vendor take any action against Subscriber or any User or other third party for violating the AUP, this Section 6.1, or this Agreement, but Vendor is free to take any such action at its sole discretion.

6.2. Unauthorized Access. Subscriber and Subscriber's Clients shall take reasonable steps to prevent unauthorized access to the Services, including without limitation by protecting passwords and other

log-in information. Subscriber and Subscriber's Clients shall notify Vendor immediately of any known or suspected unauthorized use of the Services or breach of Subscriber's security and shall use best efforts to stop said breach.

6.3. Compliance with Laws. In using the Services, Subscriber and Subscriber's Clients shall comply with all applicable laws, including without limitation laws governing the protection of personally identifiable information and other laws applicable to the protection of Subscriber Data, including without limitation FERPA, the Government Code, and the TEC.

6.4. Subscriber's Clients & Other Users; Services Access. Subscriber is responsible and, to the extent permitted by law, liable for: (a) Subscriber's Clients' use of the Services, including without limitation unauthorized User conduct and any User conduct that would violate the AUP, the Subscriber's Clients Terms of Service, or the requirements of this Agreement applicable to Subscriber; and (b) any use of the Services through Subscriber's account, whether authorized or unauthorized.

6.5. Communications from Vendor. Subscriber and each of Subscriber's Clients consent to receive electronic communication (e.g., email and/or text messages) from Vendor in connection with use of the Services at Subscriber's sole cost.

7. INTELLECTUAL PROPERTY ("IP") & FEEDBACK.

7.2. Feedback. Vendor has not agreed to and does not agree to treat as confidential any Feedback (as defined below) that Subscriber, Subscriber's Clients, or other Users provide to Vendor, and nothing in this Agreement or in the parties' dealings arising out of or related to this Agreement will restrict Vendor's right to use, profit from, disclose, publish, keep secret, or otherwise exploit Feedback, without compensating or crediting Subscriber or the Subscriber's Client or other User in question. Feedback will not constitute Subscriber's confidential information. Subscriber, on its own behalf and on behalf of its end users, hereby grants Vendor a perpetual, irrevocable, royalty-free right and license to exploit Feedback in any and every way. ("Feedback" refers to any suggestion or idea for improving or otherwise modifying any of Vendor's products or services.)

8. CONFIDENTIAL INFORMATION. "Confidential Information" refers to the following items Vendor discloses to Subscriber or Subscriber's Clients: (a) any document Vendor marks "Confidential"; (b) any information Vendor orally designates as "Confidential" at the time of disclosure, provided Vendor confirms such designation to Subscriber in writing within five (5) business days; (c) the Documentation, whether or not marked or designated confidential; and (d) any other nonpublic, sensitive information Subscriber or Subscriber's Clients should reasonably consider a trade secret or otherwise confidential. Notwithstanding the foregoing, Confidential Information does not include information that: (i) is in Subscriber's possession at the time of disclosure; (ii) is independently developed by Subscriber without

use of or reference to Confidential Information; (iii) becomes known publicly, before or after disclosure, other than as a result of Subscriber's improper action or inaction; or (iv) is approved for release in writing by Vendor.

8.1. Nondisclosure. Subscriber shall not use Confidential Information for any purpose other than facilitating human capital management of educators using the Services (the "Purpose"). Subscriber: (a) shall not disclose Confidential Information to any employee or contractor of Subscriber unless such person needs access in order to facilitate the Purpose and executes a nondisclosure agreement with Subscriber with terms no less restrictive than those of this Section 8; and (b) shall not disclose Confidential Information to any other third party without Vendor's prior written consent. Without limiting the generality of the foregoing, Subscriber shall protect Confidential Information with the same degree of care it uses to protect its own confidential information of similar nature and importance, but with no less than reasonable care. Subscriber shall promptly notify Vendor of any misuse or misappropriation of Confidential Information that comes to Subscriber's attention. Notwithstanding the foregoing, Subscriber may disclose Confidential Information as required by applicable law or by proper legal or governmental authority. Subscriber shall give Vendor prompt notice of any such legal or governmental demand and reasonably cooperate with Vendor in any effort to seek a protective order or otherwise to contest such required disclosure, at Vendor's expense.

8.2. Injunction. Subscriber agrees that breach of this Section 8 would cause Vendor irreparable injury, for which monetary damages would not provide adequate compensation, and that in addition to any other remedy, Vendor will be entitled to injunctive relief against such breach or threatened breach, without proving actual damage or posting a bond or other security.

8.3. Termination & Return. With respect to each item of Confidential Information, the obligations of Section 8.1 above (*Nondisclosure*) will terminate five (5) years after termination of this Agreement; provided that such obligations related to Confidential Information constituting Vendor's trade secrets shall continue so long as such information remains subject to trade secret protection pursuant to applicable law. Upon termination of this Agreement, Subscriber shall return all copies of Confidential Information to Vendor or certify, in writing, the destruction thereof.

8.4. Retention of Rights. This Agreement does not transfer ownership of Confidential Information or grant a license thereto. Vendor will retain all right, title, and interest in and to all Confidential Information.

8.5. Exception & Immunity. Pursuant to the Defend Trade Secrets Act of 2016, 18 USC Section 1833(b), Subscriber is on notice and acknowledges that, notwithstanding the foregoing or any other provision of this Agreement:

(a) *IMMUNITY.* An individual shall not be held criminally or civilly liable under any Federal or State trade secret law for the disclosure of a trade secret that- (A) is made- (i) in confidence to a Federal, State, or local government official, either directly or indirectly, or to an attorney; and (ii) solely for the purpose of reporting or investigating a suspected violation of law; or (B) is made in a complaint or other document filed in a lawsuit or other proceeding, if such filing is made under seal.

(b) *USE OF TRADE SECRET INFORMATION IN ANTI-RETALIATION LAWSUIT.* An individual who files

a lawsuit for retaliation by an employer for reporting a suspected violation of law may disclose the trade secret to the attorney of the individual and use the trade secret information in the court proceeding, if the individual- (A) files any document containing the trade secret under seal; and (B) does not disclose the trade secret, except pursuant to court order.

(c) *NO WAIVER OF IMMUNITY.* Vendor is a governmental entity of the State of Texas, and, as such, enjoys certain privileges and immunities under state and federal law. Nothing contained herein shall be considered as a limitation or waiver of any such privilege or immunity.

9. REPRESENTATIONS & WARRANTIES.

9.1. From Vendor. Vendor represents and warrants that it is the owner of the Services and of each and every component thereof, or the recipient of a valid license thereto, and that it has and will maintain the full power and authority to grant the rights granted in this Agreement without the further consent of any third party. Vendor's representations and warranties in the preceding sentence do not apply to use of the Services in combination with hardware or software not provided by Vendor. In the event of a breach of the warranty in this Section 9.1, Vendor, at its own expense, will promptly take the following actions: (a) secure for Subscriber the right to continue using the Services; (b) replace or modify the Services to make it non-infringing; or (c) terminate the infringing features of the Services and refund to Subscriber any prepaid fees for such features, in proportion to the portion of the Term left after such termination. In conjunction with Subscriber's right to terminate for breach where applicable, the preceding sentence states Vendor's sole obligation and liability, and Subscriber's sole remedy, for breach of the warranty in this Section 9.1 and for potential or actual intellectual property infringement by the Services.

9.2. From Subscriber.

(a) *Regarding Subscriber.* Subscriber represents and warrants that: (i) it has the full right and authority to enter into, execute, and perform its obligations under this Agreement and that no pending or threatened claim or litigation known to it would have a material adverse impact on its ability to perform as required by this Agreement; (ii) it has accurately identified itself and it has not provided any inaccurate information about itself to or through the Services; and (iii) it is an entity authorized to do business pursuant to applicable law.

(b) *Regarding Subscriber's Clients.* Subscriber represents and warrants that, to the best of its knowledge: (i) each Subscriber's Client will have the full right and authority to enter into, execute, and perform its obligations as required under this Agreement and the Client ToS, with no pending or threatened claim or litigation that would have a material adverse impact on its ability so to perform; (ii) Subscriber will accurately identify each Subscriber's Client and will not provide any inaccurate information about a Subscriber's Client or other User to or through the Services; and (iii) each Subscriber's Client is an individual human person 18 years old or older.

9.3. Warranty Disclaimers. Except to the extent set forth in in Section 9.1 above, SUBSCRIBER AGREES THAT SUBSCRIBER ACCEPTS THE SERVICES "AS IS" AND AS AVAILABLE, WITH NO REPRESENTATION OR WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR NONINFRINGEMENT OF INTELLECTUAL PROPERTY RIGHTS, OR ANY IMPLIED WARRANTY ARISING FROM STATUTE, COURSE OF DEALING, COURSE OF PERFORMANCE, OR USAGE OF TRADE. WITHOUT

LIMITING THE GENERALITY OF THE FOREGOING: (a) VENDOR HAS NO OBLIGATION TO INDEMNIFY OR DEFEND SUBSCRIBER AGAINST CLAIMS RELATED TO INFRINGEMENT OF INTELLECTUAL PROPERTY; (b) VENDOR DOES NOT REPRESENT OR WARRANT THAT THE SERVICES WILL PERFORM WITHOUT INTERRUPTION OR ERROR; (c) VENDOR DOES NOT REPRESENT OR WARRANT THAT THE SERVICES ARE SECURE FROM HACKING OR OTHER UNAUTHORIZED INTRUSION OR THAT SUBSCRIBER DATA WILL REMAIN PRIVATE OR SECURE; (d) VENDOR DISCLAIMS ANY REPRESENTATION OR WARRANTY CONCERNING PRODUCTS OR SERVICES PROVIDED BY OTHER USERS OF THE SERVICES OR OTHER THIRD PARTIES; AND (e) VENDOR DISCLAIMS ANY REPRESENTATION OR WARRANTY CONCERNING ACCURACY, SET-UP, AND CONFIGURATION OF SERVICES, INCLUDING WITHOUT LIMITATION, SUBSCRIBER DATA.

10. INDEMNIFICATION. To the extent permitted by law, Subscriber shall defend, indemnify, and hold harmless Vendor and the Vendor Associates (as defined below) against any "Indemnified Claim," meaning any claim, suit, or proceeding arising out of or related to Subscriber's alleged or actual use of, misuse of, or failure to use the Services, including without limitation: (a) claims by Subscriber's Clients or other Users or by Subscriber's employees; (b) claims related to unauthorized disclosure or exposure of personally identifiable information or other private information, including Subscriber Data; (c) claims related to infringement or violation of a copyright, trademark, trade secret, or privacy or confidentiality right by written material, images, logos or other content uploaded to the Services through Subscriber's account, including without limitation by Subscriber Data; (d) claims that use of the Services through Subscriber's account, including by Subscriber's Clients or other Users, harasses, defames, or defrauds a third party or violates the CAN-Spam Act of 2003 or any other law or restriction on electronic advertising; and (e) claims that use of the Services through Subscriber's account, including by Subscriber's Clients or other Users, violates FERPA or the TEC. Indemnified Claims include, without limitation, claims arising out of or related to Vendor's negligence. Subscriber's obligations set forth in this Section 10 include retention and payment of attorneys and payment of court costs, as well as settlement at Subscriber's expense and payment of judgments. Vendor will have the right, not to be exercised unreasonably, to reject any settlement or compromise that requires that it admit wrongdoing or liability or subjects it to any ongoing affirmative obligations. (The "Vendor Associates" are Vendor's officers, directors, shareholders, parents, subsidiaries, agents, successors, and assigns.)

11. LIMITATION OF LIABILITY.

11.1. Dollar Cap. VENDOR'S LIABILITY ARISING OUT OF OR RELATED TO THIS AGREEMENT WILL NOT EXCEED THE SUBSCRIPTION FEE PAID BY SUBSCRIBER FOR ANY TWELVE-MONTH PERIOD.

11.2. Exclusion of Consequential Damages. IN NO EVENT WILL VENDOR BE LIABLE TO SUBSCRIBER FOR ANY CONSEQUENTIAL, INDIRECT, SPECIAL, INCIDENTAL, OR PUNITIVE DAMAGES ARISING OUT OF OR RELATED TO USE OF THE SERVICES OR THIS AGREEMENT.

11.3. Clarifications & Disclaimers. THE LIABILITIES LIMITED BY THIS SECTION 11 APPLY: (a) TO LIABILITY FOR NEGLIGENCE; (b) TO LIABILITY FOR BREACH OF WARRANTIES; (c) REGARDLESS OF THE FORM OF ACTION, WHETHER IN CONTRACT, TORT, STRICT PRODUCT LIABILITY, OR OTHERWISE; (d) EVEN IF VENDOR IS ADVISED IN ADVANCE OF THE POSSIBILITY OF THE DAMAGES IN QUESTION AND EVEN IF SUCH DAMAGES WERE FORESEEABLE; AND (e) EVEN IF SUBSCRIBER'S REMEDIES FAIL OF THEIR ESSENTIAL PURPOSE. If applicable law limits the application of the provisions of this Section 11, Vendor's liability will be limited to the maximum extent permissible. For the avoidance of doubt, Vendor's liability limits and other rights set forth in this Section 11 apply likewise to Vendor's

affiliates, licensors, suppliers, advertisers, agents, sponsors, directors, officers, employees, consultants, and other representatives.

12. Term & Termination.

12.1. Term. The term of this Agreement (the "Term") shall commence on the Effective Date and continue until August 31, 2024. Thereafter, the Term will automatically renew for successive twelve (12) month periods, unless either party provides written notice of termination sixty (60) or more days before the anniversary of the Effective Date. Subscriber shall pay the then-applicable Subscription Fee for any such renewal pursuant to an additional Order.

12.2. *Termination for Cause*. Either party may terminate this Agreement for the other's material breach by written notice specifying in detail the nature of the breach, effective in 30 days unless the other party first cures such breach, or effective immediately if the breach is not subject to cure. Without limiting Vendor's other rights and remedies, Vendor may suspend or terminate a Subscriber's Client's or other User's access to the Services at any time, without advanced notice, if Vendor reasonably concludes such Subscriber's Client or other User has conducted itself in a way that is not consistent with the requirements of the AUP, the Client ToS, or the other requirements of this Agreement or in a way that subjects Vendor to potential liability.

12.3. Effects of Termination. Upon termination of this Agreement, Subscriber shall cease all use of the Services and delete, destroy, or return all copies of the Documentation in its or Subscriber's Clients' possession or control. The following provisions will survive termination or expiration of this Agreement: (a) any obligation of Subscriber to pay Subscription Fees incurred before termination; (b) Sections 7 (*Intellectual Property & Feedback*), 8 (*Confidential Information*), 9.2 (*Warranty Disclaimers*), 10 (*Indemnification*), 11 (*Limitation of Liability*), and 13 (*Miscellaneous*); and (c) any other provision of this Agreement that must survive to fulfill its essential purpose.

13.MISCELLANEOUS.

13.1. Independent Contractors. Vendor and Subscriber are independent contractors and will so represent themselves in all regards. Neither Vendor nor Subscriber is the agent of the other, and neither may contract on the other's behalf. Dual Post-Secondary Credit Partnership Agreement

Between Laredo College and (School Districts)

PURPOSE

This Dual Credit Partnership Agreement ("Agreement") will serve as the instructional partnership between Laredo College (the College) and School Districts (the District), enter into the following Memorandum of Understanding ("MOU") effective_____ ("Effective Date") through _____. This agreement complies with and incorporates the requirements of House Bill 1638 (85th Legislature, Regular Session), House Bill 3650 (86th Legislature, Regular Session), Senate Bill 1276 (86th Legislature, Regular Session) & Senate Bill 1277 (87th Legislature, Regular Session), Senate Bills 12 and 412 (89th Legislature, Regular Session), and all other applicable legislation.

DUAL CREDIT COURSES (*Statewide Goal 4*)

a. Dual credit courses are courses in which a high school student enrolls in a college course and receives simultaneous academic credit for the course from both the college and high school. Courses offered for dual credit must be identified by the College as college-level academic or college-level workforce courses.

b. In addition to dual credit courses, the College and the District may offer continuing education (CE) courses that are non–college-level credit courses designed to support workforce development and industry certification pathways. Students enrolled in these courses may earn continuing education credit through Laredo College, and participation in these courses does not automatically grant high school credit unless approved by the District.

c. The College will teach dual credit courses and continuing education course sections with at least a minimum number of 12 students per section. Exceptions can be made on a case-by-case basis and as agreed between both institutions.

d. The College reserves the right, in its sole discretion, to suspend or decline to offer dual credit or continuing education courses to District high school students under this Agreement if conditions, including but not limited to financial exigency or other institutional constraints, prevent or limit the College's ability to do so.

e. Laredo College ensures that all dual credit courses, regardless of instructor or delivery method, maintain the same instructional standards, academic rigor, practices, procedures, and policies as equivalent college-level courses offered by

the College. Dual credit courses shall be offered in compliance with Texas Education Code §28.009 and the rules of the Texas Higher Education Coordinating Board (THECB), as well as the requirements of the College's recognized accrediting agency and other applicable regulatory entities. All dual credit courses are college-level courses and shall be governed by the College's approved curriculum, academic standards, grading policies, student conduct codes, and administrative procedures. Faculty qualifications, course content, rigor, and evaluation methods shall be consistent with those applicable to the same courses offered on the College campus. The official course grade shall be assigned and recorded by the College and shall serve as the grade of record for both institutions. These standards also apply to all non-college-level courses and programs.

f. College Connect Courses will be available through the Dual Credit program. These courses combine college-level content with college-readiness instruction to support students who are still developing the skills needed for college success. Designed to align with the institution's core curriculum, these courses offer students added flexibility and an opportunity to begin earning college credit while building readiness for future coursework.

g. The District and the College will develop a course crosswalk identifying the college and high school courses for dual credit and/or CCMR Certification (see addendums).

STUDENT ELIGIBILITY

a. To be eligible for enrollment in dual credit courses and continuing education courses, high school students must meet Laredo College's admissions requirements. This includes completing and submitting the Laredo College online admissions application (ApplyTexas) and providing the following supporting documents:
   i. A copy of the student's most recent high school transcript
   ii. Official Texas Success Initiative (TSI) scores, if applicable
   iii. Documentation demonstrating exemption from TSI requirements, if applicable, and approval by Laredo College
   iv. Proof of compliance with state-mandated vaccination requirements, if applicable

b. The High School student(s) interested in taking a dual credit course and/or continuing education courses must submit all admissions paperwork by the deadlines listed below.

    Fall Semester: June 15
    Spring Semester: November 15
    Summer Session 1: May 1
    Summer Session 2: June 1
    Note: If the date falls on the weekend, the deadline will be the Friday before.

c. The College requires that any high school student demonstrate eligibility to enroll in dual credit courses by meeting one of the following (1) Texas Success Initiative; (2) Texas Administrative Code for dual credit standards; or (3) LC's course placement requirements.

d. Please note: The District may choose to pilot the non-degree-seeking option at high school sites. Dual credit students selecting the non-degree-seeking major may enroll in up to 15 credit hours of dual credit courses without fulfilling Texas Success Initiative (TSI) standards. It is highly recommended that students enroll in the appropriate college-level English and math courses to satisfy TSI requirements prior to the conclusion of 15 credit hours.

e. Student eligibility and academic requirements for dual credit or continuing education programs may vary depending on the specific program or pathway in which the student is enrolled. Certain programs, including some offered at the district level—particularly workforce education programs—may have minimum GPA standard or other eligibility criteria outlined in the district's student handbook which will be found in their District's website.

f. Students must meet all the college's prerequisite requirements as outlined in our Laredo College catalog and/or in the Student Program Handbook for each designated dual credit course or CCMR Certification.

g. As defined by the College catalog, students must remain in good academic standing at their high school and at the College while enrolled at both institutions. Students placed on academic suspension will not be allowed to enroll in subsequent semesters unless they submit a Laredo College Academic Appeal

Form, and if approved, the student may enroll under specific conditions. The College's Academic Appeal Process and Form can be found in College's website.

h. The District and the College agreed on a clearly defined educational pathway that aligns with the students' academic and career goals. Student course registration must align with the student's declared major. This intentional focus minimizes course duplication, supports timely degree or certification completion, and helps students make efficient progress toward transfer or workforce readiness. The intent is also to reduce the excess amount of credit hours and possibly non-credit that could potentially in the future affect the students financial aid.

i. Students enrolled in specialty programs at Laredo College—such as those in Health Sciences or Workforce Education—may be required to maintain higher academic performance standards, including a minimum grade of C (70%) in each course. These requirements are detailed in the Laredo College catalog and/or the program student handbook that can be located on College website.

STUDENT RECRUITMENT

a. The District will recruit eligible high school students with ample time to submit admissions and enrollment documents to the College. The recruitment process will include, but is not limited to, a website that will provide recruitment and admission information; the distribution of recruitment/admission packets; and informational meetings to explain the opportunities and commitment required of Dual Credit students.

b. Certain programs at Laredo College, including those in Health Sciences and Workforce Education, require a secondary admissions process. These programs may involve a separate application, additional eligibility criteria, and selective review beyond general college admission. Consult the Laredo College catalog for detailed admissions requirements specific to each program.

c. The District and the College will establish a set of expectations for the cohort seeking participation in the Dual Credit program to be shared with students and parents. The Academic expectations will be contingent upon the program to which the student is admitted.

d. The College will participate in the District's Parent-Student Dual Credit Informational Sessions scheduled for each campus.

PARENTAL INVOLVEMENT & OUTREACH (*Statewide Goal 1*)

a. The District will lead parental involvement and outreach efforts to ensure parents/guardians understand the Dual Credit concept and that students are earning college credit which may have long-term ramifications on their college careers and federal financial aid eligibility. High-level behavior and academic standards are expected of all dual credit students and the parents of these students are expected to be involved in the program.

b. The District personnel, counselors, and administrators will be responsible for all communication with parents. College personnel will not be expected to communicate directly with parents due to the limitations imposed on the College under the Family Educational Rights and Privacy Act ("FERPA").

c. If a parent or guardian wishes to access a dual credit student's educational records, the student must first submit a signed FERPA release form to the Laredo College Office of the Registrar.

Compliance with Federal and State Laws

a. The College and the District agree to work collaboratively to comply with all requirements, guidelines, and policies established under Federal and State Laws, including any future amendments or updates. Both parties will maintain open communication to ensure compliance and proper implementation of the law.

b. Any concerns raised by students, parents, or guardians related to Federal and State law will be addressed by the District, with the College providing support as appropriate to ensure that all concerns are managed in a timely and effective manner.

LOCATION OF CLASSES & SCHEDULE

a. Dual Credit courses will be taught on the College campuses, High Schools, Online, or Hybrid in accordance with the College's academic calendar. Online courses are reserved for LC faculty only unless otherwise approved by the College under emergency or unforeseen circumstances.
    i. Face-to-face: One where the student(s) and instructor(s) are in the same physical location for the majority of the instruction.

ii. Hybrid: Distance education course in which more than 50 percent but less than 100 percent of instructional activity takes place when the student(s) and instructor(s) are in separate physical locations.
iii. Online: Distance education course in which 100 percent of instructional activity takes place when the student(s) and instructor(s) are in separate physical locations.

b. If a Dual Credit course is being taught on the College campuses, a District employee must be present at all times. This District employee will be known as a facilitator and will have to be present at all times while the course is being taught.

c. The College will offer Dual Credit courses and Continuing Education courses for the District based on a mutually agreed-upon location, schedule, and academic calendar, which will be conveyed in writing and revised as needed. Changes to the schedules, modalities, location, and instructor must adhere to approval by the LC's respective instructional dean and the Laredo College Office of the Registrar.

d. The College will require the District to provide a list of courses to be taught in the upcoming semester by specified deadlines.**
   i. Fall deadline for spring semester courses – Last week of September of each fall semester
   ii. Spring deadline for Summer and Fall courses – Last week of February of each spring semester

   **It is imperative that these deadlines are supported to ensure appropriate courses are open and faculty assigned where it is necessary to do so.

c. High school teachers selected to teach Dual Credit courses must meet the same approved criteria that the College uses for adjunct faculty and will be evaluated each instructional semester by the College's appropriate Department Chair using the same evaluation instruments and procedures that are used for faculty at the College. Approved high school teachers will be granted access to the College's facilities, services, and resources.

d. If a Dual Credit course is being taught by a Laredo College Instructor, the district will designate a full-time district employee to serve as a facilitator within the course. The facilitator's role is to provide on-site support for students, assist with communication between the instructor and the district, and ensure that all instructional and administrative processes align with both district and college expectations.

e. Dual Credit students will evaluate their instructors using the same evaluation instruments and procedures that are used for faculty at the College.

c. Textbooks/Materials/Technology used in Dual Credit courses will be the same as those used in the college course taught by the College. The college will make every reasonable attempt to adopt textbooks for a minimum period of three (3) years, whenever possible, and consider open resource textbooks.

d. Students enrolled in Dual Credit course(s), offered under this Agreement, will have access to all available instructional resources at the College.

e. The College will report student midterm letter grades, final letter grades, final numerical grades, and GPAs to District designees via a secure File Transfer Protocol (FTP) folder.

ACADEMIC POLICIES & STUDENT SUPPORT SERVICES (*Statewide Goal 3*)

c. Regular academic policies and procedures applicable to college courses taught by the College will also apply to Dual Credit courses and Continuing Education courses offered under this Agreement. These policies and procedures include the appeal process for disputed grades, academic probation/suspension, drop policy, the communication of grading policy to students, distribution of course syllabus and any pertinent policies or guidelines associated with the Dual Credit courses. All of the academic policies and procedures may be found within the College catalog. Archived and current course syllabus can be found in our college website.

d. Student drops will only be processed upon the District's request. A request to drop from a student or a parent/guardian will not be accepted. Drops after the census period will require the District's internal drop form to be submitted to the College's Office of Recruitment and Dual Enrollment. Students dropping after the census period will not be allowed to enroll in other courses during the same semester even if the student is moving to another campus within the District offering the same course. The exception is GOLD students with approval from the District. A student dropping after the census period will earn a "W" but will not count towards their 6 state drops.

e. Students enrolled in Dual Credit courses will be eligible to access the same or comparable support services available to Laredo College students. The College will ensure timely and efficient access to enrollment-related services, including academic advising, counseling, academic support services, disability services, and guidance regarding the transferability of credit to two-year and four-year institutions, in accordance with Laredo College policies and applicable state regulations. PREAMBLE

WHEREAS the parties to this Memorandum of Understanding desire to establish an Early College High School ("ECHS"), serving grades 9-12, and provide Concurrent Enrollment for Academic Dual Credit University courses for high school students for whom a smooth transition into postsecondary education remains a continuing challenge , including students who are first-generation college goers, students who have not had access to the academic preparation needed to meet college readiness standards, students for whom the cost of college is prohibitive, underrepresented minorities, and English language learners; and

WHEREAS Early College High Schools are small schools in which students earn both a high school diploma and two years of college credit toward a Bachelor's degree;

WHEREAS Early College High Schools prepare high school students through the implementation of high school readiness standards for successful career and educational futures through a full integration of high school, college, and the world of work, improve academic performance and self-concept, and increase high school and college/university completion rates; and

WHEREAS both the District and the University are willing and able to participate in the facilitation of this program to the benefit of the students the program seeks to assist;

NOW, THEREFORE, in consideration of the covenants, conditions, and provisions set forth herein, the parties agree as follows:

STATEMENT OF GENERAL DUTIES AND OBLIGATIONS

1. **GOVERNANCE**

a. The Early College High School established under this agreement will be governed by state and federal laws and regulations, and District policies and requirements.
b. An advisory committee composed of representatives from the University and District will meet at least once a year to evaluate instructional and programmatic activities, identify problems, issues and challenges that arise, and make recommendations regarding more effective coordination and collaboration.
c. The school principal (chief administrative officer of the Early College High School) will be an employee of the District. The District will be responsible for payment of benefits, if any, to the principal, and the principal shall not be entitled to receive employee benefits from the University, including but not

limited to unemployment compensation, workers' compensation, health insurance and retirement benefits. The District assumes full responsibility for all benefits including, but not limited to, workers' compensation, unemployment insurance, social security, Medicare and income taxes with respect to the principal.

Should the school principal position become vacant and the need to appoint a new principal arise, following all Laredo ISD Human Resources Policies and Procedures, the University will be represented on the principal search committee, take part in the deliberations, and {along with the committee} make a recommendation to the Superintendent.

d. All ECHS instructors must meet state certification requirements in their subject area to teach in the state of Texas. ECHS faculty will be hired and evaluated by the District. All University instructors must meet the University's academic requirements for the Academic Dual Credit Courses. University faculty will be hired and evaluated by the University.

e. This Agreement does not create a partnership or a joint venture between the parties hereto, nor does it authorize either party to serve as the legal representative or agent of the other. Neither party will have any right or authority to assume, create, or incur any liability or any obligation of any kind, expressed or implied, against or in the name of or on behalf of the other party.

2. PROVISIONS OF COURSES

The University will give credit for courses taken as dual credit courses, with primary emphasis on the core curriculum requirements for all degrees, which includes a total of 42-60 semester credit hours (SCHs}. Additionally, possibly during their senior year and after completion of their 42 SCH core curriculum, students may take courses in their chosen field of study.

3. COURSE COMPLIANCE

The University is responsible for involving full-time faculty teaching in the discipline to oversee University course selection and sequence as appropriate for ECHS students. Academic department chairs and their faculty will be involved in the assignment of faculty to teach the University courses.

4. ADMINISTRATION OF STATEWIDE INSTRUMENTS AND COLLEGE ASSESSMENTS

The ECHS shall comply with State Board of Education rules regarding administration of the assessment instruments as required by Subchapter 8, Chapter 39. In addition, the ECHS must administer the Texas Success Initiative (TSI) college placement exam to all incoming ninth (9th) graders to assess college readiness and to enable students to begin University courses based on their performance as soon as students are able and willing. The University will assist the ECHS in the administration of the TSI college placement exam

5. CURRICULUM ALIGNMENT

The ECHS will organize a curriculum committee with representatives from the District, ECHS faculty, and University faculty representing core content areas. This committee will maintain curriculum alignment and ascertain that attainment of college readiness standards features prominently in the high school curriculum. If applicable, stipends for University faculty will not be paid by the Laredo ISD. The ECHS is responsible for ensuring that state course requirements for high school graduation are fulfilled.

6. PROFESSIONAL DEVELOPMENT FOR ECHS FACULTY

The ECHS and University shall provide opportunities for ECHS and higher-education faculty to collaborate

through planning, teaching, and professional development. The ECHS will provide common planning time for ECHS instructional faculty and other appropriate staff, including school leaders and, when possible, higher-education faculty. Teacher mentoring and professional development will be made available where necessary. When possible, the University shall participate and create professional development opportunities for ECHS faculty, including adjunct and dual enrollment faculty trainings each semester.

7. FACILITIES

Courses will be conducted at facilities provided by the District on the ECHS site and/or on the University campus. High school students and high school instructors will have access to all ECHS instructional facilities on the University campus and to certain agreed upon non-instructional resources available at the University. Students and instructors will receive a campus identification card. The District will evaluate the facilities on an on-going basis and determine the necessity of providing additional facilities in the future.

8. TUITION AND FEES

The District will assume responsibility for the timely payment of all tuition and fees for students enrolled in required ECHS courses. The University will provide an account of student's tuition and fees and will invoice the District for that amount. Tuition and fees are reviewed annually and will be adjusted, if there is any campus-wide increase to the applicable tuition rates or fees, or if the legislature increases the state rate of tuition or decreases the formula funding for dual credit courses. Additionally, new fees may be added if the University and District agree to add new fees (from those currently charged to University students) in exchange for the delivery of additional services or access to additional facilities. Any such adjustments will be communicated to the District during the spring semester to align with the District's budget process. At present, the University waives the student services, health, student center, and athletics fees and discounts board authorized tuition and the university services fee.

9. BOOKS AND SUPPLEMENTAL MATERIALS

The District will provide ECHS students with University-approved textbooks, for courses taught by University faculty. The District will be responsible for purchasing textbooks and supplemental materials required for classes from the most cost effective entity as determined by the course syllabi and provided to students enrolled in the ECHS program. Textbooks purchased by the District for University courses taught as part of the ECHS program should be used for at least 3 years from the date of purchase or until a new edition is available. The District will decide whether to opt-in or opt-out of the Books IncludED program based on students' classification at ECHS, with particular attention to juniors and seniors. The District will notify the University of the students being opted out by August 1 of each year. Whenever possible, e-books will be used by ECHS students. University faculty are not required to use Open Education Resources (OER) but may choose to do so if they wish.

10. TECHNOLOGY AND TECHNOLOGY SUPPORT

The University's Office of Information Technology (OIT) will provide support for University-owned systems and infrastructure. The District's Technology Department serves as the primary support for ECHS students and will engage the University's OIT team to resolve any issues that may arise when accessing or utilizing University resources, including but not limited to those on District or student-owned devices.

11. STUDENT RECRUITMENT AND SELECTION

To secure the broadest applicant pool possible, the ECHS will recruit qualified eighth-grade students at all participating districts' middle schools. This process will include:

- Creation of an ECHS website that provides recruitment and admission information;
- Distribution of recruitment/admission packets to middle school students in the District;
- Meetings with middle school counselors to introduce and explain the concept of the ECHS;
- Student/parent meetings at all middle school campuses explaining the opportunities and commitment required of ECHS;
- Presentation of recruitment and admission information in a bilingual mode; and
- Parent and student interviews

12. STUDENT ENROLLMENT AND ATTENDANCE POLICIES

All ECHS students will take the required college placement exams and meet the minimum score requirements as determined by the University in order to enroll in University courses. Upon mutual agreement, the University will assist with enrollment at the ECHS at least once per semester for all students who are qualified and wish to enroll in academic dual credit courses. The ECHS principal's office and counseling center, working with the University's registrar's office, will maintain a schedule of courses that will be offered to every cohort class for planning and advising purposes. Students will be advised as to the transferability of all University credit offered and earned.

It is assumed that a vital part of every student's education is regular attendance of class meetings. Every faculty member keeps a current attendance record on all students. Additional information is available in the current University Student Handbook.

A student who abandons courses without officially withdrawing will receive a grade of "F" in each course, regardless of when that student ceases to attend classes.

13. GRADING PERIODS AND POLICIES

The University will keep the ECHS abreast of students in jeopardy of failing a class and provide numerical grades for all university classes for the purpose of calculating district GPAs. The University will report the status of ECHS students' progress in University classes by providing Mid-semester grades during the eighth week. Semester grades and grading policies are outlined in each instructor's course syllabus. ECHS personnel are responsible for advising ECHS students concerning academic progress in the course's high school component.

Grades are due in the Office of the Registrar by the published date and time. Grade reports will reflect term and cumulative GPAs. Numerical grades will also be provided to ECHS in a timely manner during the Mid-semester and final grades periods. Transcript corrections due to major change or repeat course are updated prior to the next grade reporting period. The University Registrar will provide appropriate security and confidentiality measures for reporting and posting of grades and transcript maintenance.

The ECHS shall follow District policy as to the weighing system for the University grade for the ECHS student's final high school grade point average (GPA).

ECHS students must meet academic standards for coursework completed at the University. The ECHS, in

addition to students, will be notified at the end of each semester and summer of any student placed in academic probation and/or suspension. Students will be placed on Academic Probation at the conclusion of any long semester (Fall or Spring) when their institutional cumulative grade point average at the University falls below 2.0. Such students are encouraged to participate in academic support programs and to seek academic advising. Students on Academic Probation may enroll for one additional semester in an attempt to achieve the required institutional cumulative grade point average of 2.0 or better. All grade points earned by a student will be included in the computation of the current semester grade point average. In the case of a repeated course, the last grade recorded will be used in the computation. Students on Academic Probation who fail to achieve the minimum institutional cumulative grade point average during the next long semester will be placed on Academic Suspension.

Students on Academic Suspension must sit out one long semester and may re-enroll after such absence under Academic Probation. Prior to enrolling, the returning student must meet with an academic advisor to develop an academic improvement plan. The student may appeal the Academic Suspension to the Dean of the College/School, or the Dean's designate, in which he/she is pursuing a degree by submitting a petition for academic reinstatement and a student self-assessment. If the petition is approved, the student will be permitted to enroll on Academic Probation. Prior to enrolling, the returning student must meet with the Dean to develop an academic improvement plan.

Removal of Academic Suspension Status by Wintermester, Maymester or Summer Study Students placed on Academic Suspension at the end of fall or spring semesters may attend the subsequent wintermester, maymester or summer sessions at the University. If the student achieves an institutional cumulative grade point average of 2.0 or better at the conclusion of the Wintermester, Maymester or summer terms, the Academic Suspension status will be removed.

The University uses the following grading system:

Grade	Interpretation	Grade Points Per Sem. Hour
A	Excellent	4.0
B	Good	3.0
C	Satisfactory	2.0
D	Minimum Passing	1.0
F	Failing	0.0
I	Incomplete	Not Computed
W	Withdrew	Not Computed
Ww	Failure for Non-Attendance	FN
FN		

14. FUNDING AND AVERAGE DAILY ATTENDANCE (ADA)

The ECHS shall generate ADA funds from the attendance of students which will be used to provide funding for the operations and expenditures of the high school as authorized in the education code. District elective courses and activities involving fine and performing arts, UIL academic participation, intramural activities, clubs etc. may be funded through ADA or high school allotment as appropriate.

15. INSTRUCTIONAL CALENDAR

For University courses taken for credit, the University instructional calendar will be used. The ECHS will follow the District's calendar for all other courses and for satisfying mandated school district instructional day attendance requirements and ADA.

16. TRANSPORTATION

The district will provide transportation to the University. Pick up and drop off areas will be determined by the District.

17. CONDUCT

ECHS students are required to adhere to University regulations regarding facilities and equipment usage, and University and District codes of conduct and policies, subject to appropriate action taken by the District and University.

18. PERFORMANCE EVALUATION

The University and the District will evaluate the effectiveness of the collaboration each academic year. The results will be reported to the Advisory Committee.

19. SUSTAINABILITY

The University and District have planned and budgeted for sustainability beyond the expenditure of start-up funds. The District will provide local funds for instructional, administrative, professional development and maintenance of facility costs. The University will provide administrative, instructional, and support services.

20. PROVISIONS FOR DISCONTINUING THE ECHS OPERATIONS

Should the University or District decided to discontinue the Early College High School, provisions will be made to allow the 11th and 12th grade cohort to continue operation through that cohort's scheduled graduation from the ECHS. Both the University and the District will continue to meet all of the required design elements and provide full support for all students enrolled under the ECHS Model.

21. SAFETY

WHEREAS, on September 1, 2025, the Parties entered into an agreement for the establishment and continuation of an Early College High School to provide activities relating to the continuation of the Early College High School, serving grades 9-12 and provide concurrent enrollment for academic dual credit university courses for high school students.

NOW THEREFORE, TAMIU and LISD agree to amend as follows:

1. **INCORPORATE A NEW SECTION FOLLOWING SECTION 21 (and then continue the numbering order):**
    a. STUDENT HEALTH SERVICES
        i. GECHS students will report to the GECHS nurse for illness or minor accidents. The GECHS nurse is available Monday - Friday 8:00AM-5:00PM. If a GECHS student requires emergency care while on TAMIU grounds, University Police Department (UPD) will respond as they would for any emergency. Emergency transport may be initiated by activating 911 if necessary. If TAMIU UPD is notified that a student feels ill or has an accident while attending a TAMIU class, UPD will call 911 and may render aid. The GECHS administration/nurse will be advised as soon as feasible about the incident as permitted by HIPAA. LISD Health Services Director/GECHS nurse will provide TAMIU's Director of Student Health Services (SHS) with a list of students who have approved documentation from a U.S. physician granting permission to self-carry and self-administer medication (e.g., Insulin, MDI) or perform special procedures on themselves (e.g., blood glucose monitoring) while at school, along with copies of the current student Emergency Treatment Card. SHS may provide a confidential space for said students to use for required medical conditions while attending TAMIU classes and during regular operating hours. TAMIU's SHS' hours of operation are Monday – Friday from 8:00AM – 5:00PM. Outside of normal business hours, UPD is available to respond to emergencies occurring on campus.

2. REMOVE "STUDENT SERVICES" FROM SECTION 8 SINCE THE STUDENT SERVICES FEE DOES NOT EXIST ANYMORE.

Except as expressly provided in this addendum, all other terms, conditions, and provisions of the Contract, shall continue in full force and effect as provided therein.

This Addendum may be executed in any number of counterparts, including facsimile or scanned PDF documents. Each such counterpart, facsimile, or scanned PDF document shall be deemed an original instrument, and all of which, together, shall constitute one and the same executed agreement.

In witness whereof, the parties hereto, represented by officials authorized to bind them, have caused this Addendum to be executed on the dates indicated below.

August 2026

Greetings,

Welcome to the 2026-2027 school year at Laredo Independent School District.

The Laredo Independent School District is dedicated to providing our 19,000 children with a quality education in a safe environment conducive to learning. The mission of Laredo ISD is to graduate all of our students and prepare them for success in higher education or in a career of their choice.

The purpose of the LISD Student Code of Conduct and Student Handbook is to present district policies, procedures, state mandated laws and regulations pertaining to student conduct and discipline to our parents and students. This publication also provides subjects of special interest that include the standardized dress code, Clear Bag regulation, report cards, progress reports, parent conferences, admission, attendance, parent and students' rights and responsibilities. All of the policies and procedures are in accordance with the law.

Students are expected to uphold LISD standards which can be found in this manual and online in LISD's website at www.laredoisd.org by clicking on the Student Code of Conduct. We urge you to familiarize yourself with these guidelines and encourage you to review and discuss them with your child. Please pay special attention to the bell schedules for elementary, middle and high schools.

LISD strongly encourages all students to abide by the standardized dress code in order to maintain the highest level of safety and security at all campuses. In addition, a quality education can only be obtained through daily student attendance, which will always be enforced.

We thank you for your commitment in ensuring safety and a quality education in our schools. Should you have any questions, I ask that you please contact your campus principal or call the LISD Health and Occupational Safety Support Services at 956-273-1010. LISD staff is ready to answer your questions and work with you to understand our Student Code of Conduct.

Yours in the interest of children

DISTRICT GOALS

2026-2027
VISION

Diverse opportunities for student excellence make LISD schools the primary choice for families in the district. Our schools are safe and nurturing environments that motivate and prepare students to contribute and excel in life. They build on the strong and expanding foundation already established by families, local business leaders and community partners involved in student learning.

MISSION

LISD will prepare students to be highly successful, critical thinkers and effective problem solvers who are confident, self-motivated, and actively involved in our local and global community.

GOAL 1: Laredo ISD establishes and pursues expectations of excellence and equity to achieve college, career, and military readiness.

GOAL 2: Laredo ISD provides a safe, secure and healthy learning environment designed to nurture positive academic, social, and life skills development.

GOAL 3: Laredo ISD develops and maintains meaningful student-centered relationships with parents, businesses, and community leaders in support of campus and district initiatives.

GOAL 4: Laredo ISD establishes and maintains efficient organizational support structures that promote positive performance outcomes and comply with financial accountability standards.

The Laredo Independent School District (LISD) policy prohibits discrimination on the basis of race, religion, color, national or ethnic origin, gender, sex (including pregnancy, sexual orientation, and gender identity), handicap, disability, age, or any other basis prohibited by law in its educational services, vocational programs, services, and activities, as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972; and Section 504 of the Rehabilitation Act of 1973 as amended.

CLEAR BACKPACK REQUIREMENT FOR 2025–2026 SCHOOL YEAR

Laredo ISD will continue to implement its clear backpack policy for the upcoming school year. Beginning with the 2025–2026 school year, all students in grades kindergarten through 12th grade will be required to use clear backpacks.

To maintain student safety while allowing for limited privacy, students may carry personal items in a non-clear pouch no larger than 8.5" x 5.5" inside their clear backpack. Additionally, lunch bags and purses up to 6" x 9" will be permitted and may be subject to search.

Students involved in extracurricular activities may bring non-transparent bags for their equipment, which must be searched and stored in a designated area upon arrival at school.

Please be advised that Laredo ISD will not be providing clear backpacks for the 2025–2026 school year. Families are encouraged to make necessary preparations before the start of the school year. We appreciate your continued support in helping us keep our campuses safe.

Para continuar reforzando la seguridad escolar, el Distrito Escolar Independiente de Laredo implementará nuevamente el uso obligatorio de mochilas transparentes para todos los estudiantes de kínder a 12.° grado durante el año escolar 2025–2026.

Los estudiantes pueden llevar objetos personales (como teléfonos, dinero o productos de higiene) dentro de una bolsa no transparente que esté colocada dentro de la mochila, con un tamaño máximo de 8.5" x 5.5" (21.6 cm x 14 cm). También se permite el uso de loncheras y monederos de hasta 6" x 9" (15 cm x 23 cm), los cuales estarán sujetos a inspección.

Los estudiantes que participen en actividades extraescolares pueden usar bolsas no transparentes para su equipo, las cuales deberán ser inspeccionadas y guardadas en las áreas designadas al ingresar a la escuela, en coordinación con los patrocinadores de las actividades.

Favor de tomar en cuenta que el Distrito Escolar Independiente de Laredo no proporcionará mochilas para el ciclo escolar 2025–2026. Se recomienda a las familias prepararse con anticipación antes del inicio del año escolar. Agradecemos su apoyo continuo para mantener nuestras escuelas seguras.

Purpose

The Laredo Independent School District's ("LISD" or the "District") Board of Trustees (Board) has adopted the 2026-2027 Student Code of Conduct in order to "establish and maintain an environment within the District which maximizes safety for all students and employees."

The Student Code of Conduct and Handbook guidelines, procedures and protocols apply all year from July 1, 2026 to June 30, 2027. The Student Code of Conduct ("Code of Conduct"), as required by Chapter 37 of the Texas Education Code, provides methods and options for managing student behavior, preventing and intervening in student discipline problems, and imposing discipline.

The law requires the District to define misconduct that may—or must—result in a range of specific disciplinary consequences, including removal from a regular classroom or campus, out-of-school suspension, placement in a disciplinary alternative education program (DAEP), placement in a juvenile justice alternative education program (JJAEP), or expulsion from school.

This Code of Conduct has been adopted by the Laredo I.S.D Board of Trustees and developed with the advice of the District-level planning and decision-making committee. It provides information to parents and students regarding standards of conduct, consequences of misconduct, and procedures for administering discipline. This Code of Conduct remains in effect during summer school and at all school-related events and activities outside the school year until the Board adopts an updated version for the next school year.

In accordance with state law, the Code of Conduct shall be posted at each school campus or shall be available for review at the campus principal's office. Additionally, the Code of Conduct shall be available at the campus behavior coordinator's office and posted on the District's website. Parents shall be notified of any conduct violation that may result in a student being suspended, placed in a DAEP or JJAEP, expelled, or taken into custody by a law enforcement officer under Chapter 37 of the Education Code.

Because the Code of Conduct is adopted by the District's Board of Trustees, it has the force of policy. In the event of a conflict between the Code of Conduct and the Student Handbook, the Code of Conduct shall prevail.

Please note: The discipline of students with disabilities who are eligible for services under federal law (Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973) is subject to the provisions of those laws.

Campus Behavior Coordinator (CBC)
As required by law, a single at each campus must be designated to serve as the Campus Behavior Coordinator. The designated person may be the principal of the campus or any other school administrator selected by the principal. Additional staff members may assist the CBC in

the performance of the CBC's duties, provided that the CBC personally verifies that all aspects of Chapter 37, Subchapter A are appropriately implemented. The CBC is primarily responsible for maintaining student discipline. The CBC shall monitor disciplinary referrals and report the following behavior to the campus's threat assessment and safe and supportive school team:

• Conduct that contains the elements of the offense of terroristic threat under Penal Code 22.07;
• Conduct that contains the elements of the offense of unlawfully carrying weapons under Penal Code 46.02;
• Conduct that contains the elements of the offense of exhibiting, using, or threatening to exhibit or use a firearm under Education Code 37.125*;* and
• Any concerning student behaviors or behavioral trends that may pose a serious risk of violence to the student or others.

The District maintains a current list of the persons serving as a campus behavior coordinator in the Student Handbook or on the District's website at www.laredoisd.org.

Behavior Threat Assessment Team(s) - Safe and Supportive Schools Program (SSSP)
Texas Education Code § 37.115(c) requires Districts to establish a threat assessment and safe and supportive school team to serve at each campus and adopt policies and procedures for the teams. The CBC or other appropriate administrator will work closely with the campus threat assessment and safe and supportive school team to implement the district's threat assessment policy and procedures, as required by law, and shall take appropriate disciplinary action in accordance with the Code of Conduct. Each team will conduct threat assessments for individuals who make threats of violence or exhibit harmful, threatening, or violent behavior as defined.

Threat Assessment – "Harmful, threatening, or violent behavior" includes behaviors, such as verbal threats, threats of self-harm, bullying, cyberbullying, fighting, the use or possession of a weapon, sexual assault, sexual harassment, dating violence, stalking, or assault by a student that could result in:

- Specific interventions, including mental health or behavioral supports;
- In-school suspension (ISS);
- Out-of-school suspension (OSS); or,
- The student's expulsion or removal to a disciplinary alternative education program (DAEP, F.S. Lara Academy) or a juvenile justice alternative program (JJAEP).

"Team" means a threat assessment and safe and supportive school team established by the board under Education Code 37.115.

Laredo ISD follows Texas Education Code § 37.115 and has established Behavior Threat Assessment Teams in all campuses as well as a District team. Members of the campus Behavior Threat Assessment Teams have received training and certification through the Texas School Safety Center as required.

Searches
District officials may conduct searches of students, their belongings, and their vehicles in accordance with state and federal law and District policy. Searches of students shall be conducted in a reasonable and nondiscriminatory manner. Refer to the District's policies at FNF(LEGAL) and FNF(LOCAL) for more information regarding investigations and searches.

The District has the right to search a vehicle driven to school by a student and parked on school property whenever there is reasonable suspicion to believe it contains articles or materials prohibited by the District.

Desks, lockers, District-provided technology, and similar items are the property of the District and are provided for student use as a matter of convenience. District property is subject to search or inspection at any time without notice.

To maintain a safe and disciplined learning environment, in accordance with FNF (Local), the District provides notice to students, parents, and visitors that the District reserves the right to subject students, parents, and visitors to metal detector/weapons detection searches when entering a District campus, and at off-campus, school-sponsored activities.

Random Drug Searches/Drug Detection Dogs
In order to ensure a drug-free learning environment, the District may conduct random drug searches of the school facilities. During these random drug searches, lockers, hallways, classrooms, ground vehicles, etc. are subject to drug checks by trained dogs ("K9") at any time. If a dog alerts to a locker, a vehicle, or any item in a classroom, or a common area, these areas may be searched by school officials. Trained dogs' sniffing of cars does not constitute a search under the Fourth Amendment. The alert of a trained dog to a locker or car provides reasonable cause for a search of the locker or car. The District has the right to search a vehicle driven to school by a student and parked on school property whenever there is a reasonable cause to believe it contains articles or materials prohibited by the District.

Such visits to schools shall be unannounced. The K9 shall be used to sniff vacant classrooms, vacant common areas, the areas around student lockers, and the areas around vehicles parked on school property. The K9 shall not be used with students. If a K9 alerts to a locker, a vehicle,

or an item in a classroom, it may be searched by school officials. Searches of vehicles shall be conducted as described above. [See FNF (Local) FNF (Legal)]

The principal and other school administrators as appropriate shall report crimes as required by law and shall call local law enforcement when an administrator suspects that a crime has been committed on campus.

Fight Back Against Crime in Your School. Students can report illegal activities to Crime Stoppers at 727-TIPS. All reports are anonymous.

Alert! If you "find" or "see" **a weapon or drug --- DO NOT PICK "IT" UP!**

You should make a report immediately to a teacher, administrator, security guard or police officer! A student that makes a report on drugs or weapons to District staff will not be prosecuted under the Student Code of Conduct.

Security Personnel

The Board utilizes police officers *and* security personnel to ensure the security and protection of students, staff, and property. In accordance with law, the Board has coordinated with the CBC and other District employees to ensure appropriate law enforcement duties are assigned to these persons. Provisions addressing the various types of security personnel can be found in the District CKE policy series.

Police Department

LISD has its own police force. The officers work closely with the Laredo Police Department, Webb County Constable's Office and the Webb County Sheriff's Office to assist at all LISD campuses and school-related functions. They will investigate acts of vandalism, burglary, disruption, or any act that would be considered a violation of the law or harmful to LISD schools, staff or students.

Rights and Responsibilities of Students:
All students are entitled to enjoy the basic rights of citizenship recognized and protected by law for persons of their age and maturity. It is the belief of this School Board that the students in this District should and do represent youth of integrity and high character and should be treated accordingly. Each student is to respect the rights and privileges of students, teachers and District staff. Each student is expected to act responsibly, consistent with his/her state of maturity, at all times on District property, at school-sponsored or school related events outside of District property, and while coming to and from school. It is with this as a premise that the following rules of conduct and discipline are established. Students who violate the rights of others or who violate District, campus or classroom rules shall be subject to disciplinary measures to correct misconduct and for discipline purposes.

Under the Influence
When a school administrator/CBC has reason to believe that a student is under the influence (alcohol or drugs), the student is to be escorted to the nurse's office. The school nurse will only check for vital signs and ensure student does not need emergency assistance (911, etc.). The school administrator/CBC is to proceed and fill out the "Observation Checklist for Students "Under the Influence Form,". **Only school administrators/CBC who have attended a Drug Impairment Training for Education Professionals (DITEP) can conduct the screening.** The student is expected to cooperate during the screening. A student refusing to submit and cooperate with school administrator/CBC may infer the student is under the influence. This action can lead to a DAEP mandatory placement upon recommendation from school administrator/CBC through due process procedures.

The District is not required to accept alcohol/drug test results under the expense of the parent/guardian. It is under the discretion of the school administrator/CBC to accept negative alcohol/drug test. If alcohol/drug test is to be accept, results must be stamped on the date of notification from school/administrator/CBC of incident.

If parent/guardian does not agree with a DAEP mandatory placement, a review hearing may be requested by filling out the "Hearing Request Form" (See Section for Review Hearings).

Electronic Devices

Parents/Guardians and all users of electronic devices issued by the District (laptop or Chromebook) shall be required to acknowledge receipt and understanding of all administrative regulations governing use of such devices by agreeing in writing to allow monitoring of student(s) use. As a condition of acceptance, compliance at all times to the Laredo Independent School District's Parent/Student Device Handbook and Student/Parent Device Use Agreement is required. The parent/guardian and student(s) are responsible for the care and safekeeping of such electronic device. It is understood and agreed upon that the device is, and shall remain, the property of the District. Therefore, the student must timely return the device in working condition as designated by the District. Failure to timely return the electronic device will result in the District using reasonable means to attempt recovery of the device. Further noncompliance with this policy may result in suspension of access or termination or privileges and other disciplinary action consistent with District policies. [See Board Policies: DH, FN series, and FO series]. If circumstances warrant, failure to comply with all the terms of this agreement may result in referral to authorities. Violations of law may result in criminal prosecution. The District reserves the right to administer a charge for an unreturned or damaged electronic device.

Possession of Personal Communication Devices
Students shall not:

    - With documented need based on a directive from a qualified physician; or
    - To comply with a health or safety requirement imposed by law or as part of the district's safety protocols.

Inappropriate use of a personal communication device during the school day will result in disciplinary action in accordance with this Code of Conduct.

SECTION II: INAPPROPRIATE CONDUCT

DRAFT

In general, discipline will be designed to correct misconduct and to encourage all students to adhere to their responsibilities as citizens of the school community. LEVEL III – Offenses That May Require Discipline Alternative Education Program (DAEP)
The following actions constitute offenses that shall or may result in placement at the Discipline Alternative Education Program located at F.S. Lara Academy. Level III offenses are considered to be more serious than the Level II Serious Offenses listed in this Code. The terms of a placement under this section shall prohibit the student from attending or participating in school-sponsored or school-related activities, including, but not limited to, extracurricular activities. A principal is not prohibited from suspending a student immediately prior to the student's placement in the DAEP. Some offenses listed under this section may lead to an expulsion to JJAEP if student receives charges constituting mandatory placement.

Removal to a Discipline Alternative Education Program (DAEP) and Due Process Conference
When a student is removed from class for a DAEP offense, the appropriate administrator will schedule a conference within three school days with the student's parent/guardian, the student, and the teacher, in the case of a teacher removal. Due Process can be conducted through teleconference, virtual meeting, or in person (face-to-face). The student and parent/guardian will be notified in a timely manner of any guidelines and procedures that must be followed during any Due Process conference. Failure to comply with any of the foregoing requirements may result in rescheduling the Due Process conference.

At the conference, the appropriate administrator will provide Due Process and inform the student, orally or in writing, of the reasons for the removal and will give the student an explanation of the basis for the removal and an opportunity to respond to the reasons for the removal. If the student has been alleged to have committed an offense as described in TEC, §37.006 then the school administrator/CBC holding the conference meeting must present substantiated documentation of the alleged behavior as provided by a law enforcement agency or as created/obtained by the school District administrator. Following valid attempts to require attendance, the District may hold the conference and make a placement decision regardless of whether the student or the student's parents/guardians attend the conference. The final decision shall be communicated promptly to the student and parent/guardian. A newly enrolled student with a DAEP placement from a District in another city or state will be placed, as any other newly enrolled student if the behavior committed is a reason for DAEP placement in the receiving District.

Discretionary Placement in a Discipline Alternative Education Program (DAEP) (Offenses Occurring on Campus or at School-Related Activities)
If a student has been assigned to DAEP (F.S. Lara Academy), the student must not enter any other LISD campus or LISD school activity during the time that he/she has been assigned to DAEP. 1. Threatens the safety of other students or teachers;
2. Will be detrimental to the educational process; or
3. Is not in the best interest of the District's students.

SECTION III: CONSEQUENCES OF INAPPROPRIATE BEHAVIOR

General Guidelines for Assessing Discipline Penalties

When imposing discipline, District personnel shall adhere to the following general guidelines:

1. Consideration will be given to self-defense as a factor in a decision to order suspension, removal to a disciplinary alternative education program, or expulsion;
2. Discipline shall be administered when necessary to protect students, school employees, or properly maintain essential order and discipline, and to teach students proper conduct;
3. Students shall be treated fairly and equitably. Discipline shall be based on a careful assessment of the circumstances of each case. Factors to consider shall include:

    a. Seriousness of the offense;
    b. Student's age;
    c. Grade level;
    d. Disciplinary history;
    e. Intent or lack of intent;
    f. Potential effect of the misconduct on the school environment;
    g. Statutory requirements; or,
    h. Student's disabling condition, if any.

Because of these factors, discipline for a particular offense (unless otherwise specified by law) may bring into consideration varying techniques and responses. Generally, academic sanctions shall not be used as discipline. However, when the disciplinary infraction is academically related, such as cheating or plagiarism, academic sanctions determined by the teacher may be imposed. See Board Policy FO (LOCAL).

Discipline Management Techniques

Discipline shall be designed to improve conduct and encourage students to be responsible members of the school community. Disciplinary action shall draw on the professional judgment of teachers and administrators and on a range of discipline management techniques, including restorative practices. Discipline shall be based on the seriousness of the offense, the student's age and grade level, the frequency of misbehavior, the student's attitude, the effect of the misconduct on the school environment, and statutory requirements. Discipline management techniques are always available when assessing penalties for violations of the Code of Conduct, regardless of the offense, except as otherwise required by law. The following discipline management techniques may be used – alone, in combination, or as part of progressive interventions – for behavior prohibited by the Student Code of Conduct or by campus or classroom rules:

1. Verbal warning (redirection)/written correction
2. Cooling-off or time-out;
3. Seating changes in the classroom;
4. Parent/Guardian Phone call/Email
5. Confiscation of items that disrupt the educational process;
6. Parent/Guardian-student-teacher conferences;
7. Pre-Referral Interventions Manual (PRIM) Intervention Strategies
8. Parent/Guardian shadow: Parent/Guardian escorts his/her child for a specified period of time during school hours. The parent/guardian must meet the visitor guidelines and will be processed through the District's raptor system.
9. Counseling by teacher, counselors (academic, at-risk, LCDC, etc.), special services (behavioral specialist), or administrative personnel;
10. Referral to outside agency (school-community programs)
11. At parent/guardian cost, drug test for under the influence incident (see section for Under the Influence)
12. Implementation of Behavioral Plan
13. Positive Behavioral Interventions and Supports (PBIS)
14. Mutual Respect Agreement
15. Gang/clique warning letter (see glossary GANG/CLIQUE ACTIVITIES AND SECRET SOCIETIES)
16. Participation in peer conflict resolution proceedings with administrator or counselor in Motivation Circles (Restorative Practices);
17. Sending the student to the office or other assigned areas;
18. Assigned school duties other than class tasks, including such tasks as cleaning or picking up litter with proper Personal Protective Equipment (PPE);
19. Withdrawal of privileges, including, but not limited to, participation in extracurricular activities or eligibility for seeking or holding honorary positions;

DRAFT

20. Withdrawal of all paging, electronic communication devices/cellular phone privileges on school property or while attending a school-sponsored or school-related activity on or off school property;
21. Withdrawing or restricting bus privileges: Transportation privileges may be taken away from a student with disabilities only if transportation is not determined to be necessary as a related service or modification by the ARD or Section 504 Committee. A change in transportation services for a student with a disability for whom transportation is a related service requires ARD Committee action; a change in transportation services for Section 504 students requires Section 504 committee action;
22. Grade reductions as permitted by Board Policies;
23. Removal from regular educational setting or reassignment to another classroom: A teacher or administrator may remove a student from class for behavior that violates this Code to maintain effective discipline in the classroom and school activity/environment (See LEVEL I – Teacher Directed Discipline);
24. Assigned community service hours
25. Assigned projects such as essays, PowerPoint, etc. to have student reflect on behavior
26. Afterschool or Lunch Detention [Policy FO (LOCAL)];
27. In-School suspension (ISS): For offenses at Level II, III and IV, students may be assigned to ISS. Additionally, students may be placed in In-School Suspension pending DAEP placement or expulsion.
28. Out-of-School suspension (OSS): For offenses at Level II, III and IV, students may be assigned to OSS for a maximum of 3 school days per behavior violation. Additionally, students may be suspended pending DAEP placement or expulsion.
29. Reflection Behavioral Camp (Discipline Boot Camp);
30. Refer to Laredo ISD Police Department**:** Aside from school administrators/CBC conducting their own investigation, the LISD Police Department will investigate acts of vandalism, burglary, disruption, or any act that would be considered a violation of the law or harmful to LISD schools, staff or students. The LISD police officers are commissioned and have authority to arrest violators of the law, both on and off campuses. They may also issue citations for violations of the Penal Code. When a student is arrested or receives a citation, that student may be required to appear in court and may receive other consequences imposed by the legal system as a result of these events. Certain acts of misconduct may constitute criminal offenses in addition to violations of the Student Code of Conduct.
31. Due Process for recommendation of placement to DAEP or JJAEP
32. Removal to a Discipline Alternative Education Program (DAEP) or On-Home Campus DAEP (for elementary students only, cases by case determination);
33. Expulsion (JJAEP);
34. Criminal Trespassing Warning
35. Review or Appeal Hearings for placements of DAEP or JJAEP
36. Other programs or consequences that can be implemented for the best interest of the student

First-Time Offense of Possession or Use of Nicotine Delivery Product or E-Cigarette
An appropriate administrator may place a student in a disciplinary alternative education program for the first-time offense of possession or use of a nicotine delivery product or e-cigarette, as defined by Section 161.081, Health and Safety Code.

If a student who possesses or uses an e-cigarette is not placed in a disciplinary alternative education program for the first-time offense under Education Code 37.008, the student shall be placed in in-school suspension for a period of at least 10 school days.

Students with Disabilities
The discipline of students with disabilities is subject to applicable state and federal law in addition to the Code of Conduct. In the event of any conflict, the district shall comply with federal law. For more information regarding discipline of students with disabilities, see policy FOF(LEGAL).

In accordance with the Education Code, a student who receives special education services may not be disciplined in a manner that results in a change to the student's educational placement for conduct meeting the definition of bullying, cyberbullying, harassment, or making hit lists [see Glossary] until an Admission, Review, and Dismissal (ARD) committee meeting has been held to review the conduct.

In deciding whether to order suspension, DAEP placement, or expulsion, regardless of whether the action is mandatory or discretionary, the district shall take into consideration a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct.

Prohibited Aversive Techniques
Texas Education Code §37.0023 prohibits a District employee, volunteer, or independent contractor from using an aversive technique or causing an aversive technique to be used on a student. These are techniques intended to reduce misbehavior by intentionally inflicting significant physical or emotional discomfort or pain. The bills clarify that the new provisions do not prohibit a teacher from removing a student from class under Education Code 37.002.

DRAFT

Aversive techniques are prohibited for use with students and are defined as techniques or interventions intended to reduce the reoccurrence of a behavior by intentionally inflicting significant physical or emotional discomfort or pain. Aversive techniques include:

- Using techniques designed or likely to cause physical pain, other than corporal punishment as permitted by District policy [See Policy FO (LOCAL)];
- Using techniques designed or likely to cause physical pain by electric shock or any procedure involving pressure points or joint locks;
- Directed release of noxious, toxic, or unpleasant spray, mist, or substance near a student's face;
- Denying adequate sleep, air, food, water, shelter, bedding, physical comfort, supervision, or access to a restroom facility;
- Ridiculing or demeaning a student in a manner that adversely affects or endangers the learning or mental health of the student or constitutes verbal abuse;
- Employing a device, material, or object that immobilizes all four of a student's extremities, including prone or supine floor restraint;
- Impairing the student's breathing, including applying pressure to the student's torso or neck or placing something in, on, or over the student's mouth or nose or covering the student's face;
- Restricting the student's circulation;
- Securing the student to a stationary object while the student is standing or sitting;
- Inhibiting, reducing, or hindering the student's ability to communicate;
- Using chemical restraints;
- Using time-out in a manner that prevents the student from being able to be involved in and progress appropriately in the required curriculum or any applicable individualized education program (IEP) goals, including isolating the student by the use of physical barriers; or,
- Depriving the student of one or more of the student's senses, unless the technique does not cause the student discomfort or complies with the student's IEP or behavior intervention plan (BIP).

Parental Involvement
The district has not adopted a policy for parental involvement in school disciplinary placements under Education Code 37.0014.

Physical Restraint
In accordance with TEC 37.0021, any District employee may, within the scope of the employee's duties, use and apply physical restraint to a student that the employee reasonably believes is necessary in order to:

1. Protect a person, including the person using physical restraint, from physical injury;
2. Obtain possession of a weapon or other dangerous object;
3. Prevent a student from fleeing;
4. Protect property from serious damage;
5. Remove from a specific location a student refusing a lawful command of a school employee, including from a classroom or other school property, in order to restore order or impose disciplinary measures; or,
6. Restrain an irrational student.

Placement and/or Expulsion for Certain Serious Offenses
This section includes two categories of serious offenses for which the Education Code provides unique procedures and specific consequences. Upon receiving notification in accordance with state law that a student is currently required to register as a sex offender, the administration must remove the student from the regular classroom and determine appropriate placement unless the court orders JJAEP placement. If the student is under any form of court supervision, including probation, community supervision, or parole, the placement will be in either DAEP or JJAEP for at least one semester. If the student is not under any form of court supervision, the placement may be in DAEP or JJAEP for one semester or the placement may be in a regular classroom. The placement may not be in the regular classroom if the board or its designee determines that the student's presence:

1. Threatens the safety of other students or teachers;
2. Will be detrimental to the educational process; or,
3. Is not in the best interests of the District's students.

At the end of the first semester of a student's placement in an alternative educational setting and before the beginning of each school year for which the student remains in an alternative placement, the District shall convene a committee, in accordance with state law, to review the student's placement. The committee will recommend whether the student should return to the regular classroom or remain in the placement. After a special finding, the board of trustees or its designee must follow the committee's recommendation.

DRAFT

Discipline and Students with Disabilities
A student with disabilities may be ordered to an appropriate interim alternative education setting, another setting, or suspension for not more than 10 school days (to the extent such alternatives would be applied to students without disabilities). School personnel may consider any unique circumstance on a case-by-case basis when determining whether to order a change in placement for a student with a disability.

Within 10 school days of a consideration to change the placement, the ARD or 504 committee must determine whether the behavior of the student is a manifestation of the student's disability. When making a manifestation determination, the ARD or 504 committee shall review all the relevant information in the student's file, including the student's IEP or IAP, any teacher observation, and any relevant information provided by the parents/guardians.

The placement review of a student with a disability who receives special education or 504 services must be made by the ARD or 504 committee. If a student enrolls in the District during a mandatory placement as a registered sex offender, the District may count any time already spent by the student in a placement or may require an additional semester in an alternative placement without conducting a review of the placement.

A student or the student's parent/guardian may review the placement by requesting a conference between the Board or its designee, the student, and the student's parent. The conference is limited to the factual question of whether the student is required to register as a sex offender. Any decision of the Board or its designee under this section is final and may not be appealed.

Regardless of whether placement or expulsion is required or permitted by one of the reasons in the DAEP Placement or Expulsion sections, in accordance with Education Code 37.0081, a student may be expelled and placed in either DAEP or JJAEP if the Board or its designee makes certain findings and the following circumstances exist in relation to a felony offense under Title 5 of the Texas Penal Code. The student must:

- Have received deferred prosecution for conduct defined as a Title 5 felony offense;
- Have been found by a court or jury to have engaged in delinquent conduct for conduct defined as a Title 5 felony offense;
- Have been charged with engaging in conduct defined as a Title 5 felony offense;
- Have been referred to a juvenile court for allegedly engaging in delinquent conduct defined as a Title 5 felony offense; or,
- Have received probation or deferred adjudication or have been arrested for, charged with, or convicted of a Title 5 felony offense.

The District may expel the student and order placement under these circumstances regardless of:

1. The date on which the student's conduct occurred;
2. The location at which the conduct occurred;
3. Whether the conduct occurred while the student was enrolled in the District; or,
4. Whether the student has successfully completed any court disposition requirements imposed in connection with the conduct.

The student must first have a hearing before the Board or its designee, who must determine that in addition to the circumstances above that allow for the expulsion, the student's presence in the regular classroom:

1. Threatens the safety of other students or teachers;
2. Will be detrimental to the educational process; or,
3. Is not in the best interest of the District's students.

Any decision of the Board or the board's designee under this section is final and may not be appealed.

The student is subject to the placement until:

1. The student graduates from high school;
2. The charges are dismissed or reduced to a misdemeanor offense; or,
3. The student completes the term of the placement or is assigned to another program.

A student who enrolls in the District before completing a placement under this section from another school District must complete the term of the placement. **Please note: Parental questions or complaints regarding disciplinary measures should be addressed to the teacher or campus administration as appropriate and in accordance with Board Policy FNG (LOCAL). A copy of this Policy may be obtained from the principal's office. Consequences will not be deferred pending the outcome of a grievance.**

DRAFT

Detention
For infractions of the Code of Conduct or other polices and regulations, teachers may detain students after school hours. Before assigning students to detention, the teacher shall inform the student of the conduct that allegedly constitutes the violation, and the student shall be given an opportunity to explain his or her version of the incident.

When detention is used, written notice shall first be given to the student's parent or guardian to inform the parent of the reason for the detention and permit arrangements for the necessary transportation of the student. Except in the case of a student who is 18 or older, the detention shall not begin until the parent has been notified. The student's parent or guardian, if the student is a minor, may be required to provide transportation when the student has been assigned to detention. See Board Policy FO (LOCAL)

Review/Appeal
Questions or complaints from parents/guardians regarding disciplinary measures should be addressed to the teacher or school administration/CBC as appropriate, and in accordance with Board Policy FNG (LOCAL). (See Student Handbook for Appeals). A copy of this policy may be obtained from the central administration office or online at https://pol.tasb.org/PolicyOnline/PolicyDetails?key=1208&code=FNG#localTabContent. Appeals are not required to delay a consequence while a parent pursues a Review/Appeal.

Review Proceedings
Regardless of the duration of the student's placement, the student or the student's parent or guardian is entitled to participate in a proceeding before the District's Student Hearings Officer. A student's parent or guardian, who wishes to review the removal of the student to a disciplinary alternative education program, may do so by requesting a review proceeding hearing to the Student Hearings Officer. The request to review the student's placement at the District disciplinary alternative education program (F.S. Lara Academy) must be made in writing and received by the Student Hearings Officer within five (5) workdays from the date of the Due Process Conference. Prior to the review proceedings hearing being scheduled, the student must be enrolled and attending a Disciplinary Alternative Education Program (F.S. Lara Academy) or enrolled and attending another educational institution. Disciplinary consequences will not be deferred pending the outcome of a review proceeding. The decision of the Student Hearings Officer is final and may not be appealed.

The Student Hearings Officer is the only person who shall make a tape recording of the Review Hearing Proceedings. Review Hearings can be conducted through teleconference, virtual or in person (face-to-face). The student and parent/guardian will be notified in a timely manner of any guidelines and procedures that must be followed to conduct the review proceeding. Failure to comply with any of the foregoing requirements may result in having to reschedule the review proceeding. For further information see "Review Hearings Form." A copy of the form should be provided to parent/guardian during Due Process.

Appeals
Regardless of the duration of the student's expulsion, the student or the student's parent or guardian is entitled to participate in a proceeding before the LISD Board of Trustees. A student's parent or guardian who wishes to appeal the removal of the student to the Juvenile Justice Alternative Education Program (JJAEP), may do so by requesting an appeal hearing to the LISD Board of Trustees through the Student Hearings Officer. The request to appeal the student's expulsion to Webb County's Juvenile Justice Alternative Education Program (JJAEP) must be made in writing and received by the Student Hearings Officer within five (5) work days from the date of the expulsion hearing. Prior to the appeal hearing being scheduled, the student must be enrolled and attending the Juvenile Justice Alternative Education Program (JJAEP) or enrolled and attending another educational institution. Disciplinary consequences will not be deferred pending the outcome of an appeal. The decision of the Board of Trustees is final and may not be appealed. Appeal Hearings can be conducted through teleconference, virtual or in person (face-to-face). The student and parent/guardian will be notified in a timely manner of any guidelines and procedures that must be followed to conduct the appeal hearing. Failure to comply with the guidelines and procedures may result in having to reschedule the Appeal Hearing. For further information see "Appeal Hearings Form." A copy of the form should be provided to parent/guardian upon request and after expulsion hearing of student.

LEVEL I – Teacher Directed Discipline
The classroom teacher shall successfully manage most student misbehaviors. **There must be immediate and consistent teacher documented interventions for any behavior, which impedes the orderly operation of the classroom.** Dress Code violations must be dealt with immediately. A Student Discipline Action Form must be completed when sending student to administrator. Administrators or designee may request copies of student violations from teachers for review.

Teacher Removals:

1. A teacher may send a student to the Principal's office to maintain effective discipline in the classroom. The Principal shall respond by employing appropriate discipline management techniques consistent with this Student Code of Conduct adopted under Education Code, Section 37.001.
2. A teacher may remove from class a student:

DRAFT

a. Who has repeatedly interfere with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn.
b. Whose behavior the teacher determines is so unruly, disruptive or abusive toward the teacher, another adult, or another student in the classroom.
c. A student engages in conduct that constitutes bullying, as defined by Education Code 37.0832.0.

3. If a teacher removes a student from class under subsection (b), the principal may place the student into another appropriate classroom, in in-school suspension, or in a discipline alternative education program as provided by Section 37.008. The principal may not return the student to that teacher's class without the teacher's consent unless the Committee established under Section 37.003 determines that such placement is the best or only alternative available. **The terms of the removal may prohibit the student from attending or participating in school-sponsored or school-related activities.**
4. A teacher shall remove from class based on a single incident of behavior and send to the principal for placement in a discipline alternative education program or for expulsion, as appropriate, a student who engages in conduct described under Section 37.006 or 37.007. The student may not be returned to that teacher's class without the teacher's consent unless the Committee established under Section 37.003 determines that such placement is the best or only alternative available. See TEC 37.002

Campus Placement Review Committee [37.003]: Each campus will establish a three-member committee composed of two teachers chosen by the faculty and one member chosen by the principal. In addition, there will be one alternative member chosen by the faculty. The purpose of this committee is to determine placement of a student when a teacher refuses the return of a student to the teacher's class and to make recommendations to the District regarding re-admission of students.

Conference and Review Procedures for Students Removed from Class:

1. Not later than the third class day after the day in which the student is removed from the class by the teacher under Section 37.002 (b) or (d), or by the principal or other appropriate administrator under Section 37.001(a)(2), Section 37.006, the principal or other appropriate administrator shall schedule a conference among the principal or other appropriate administrator, a parent or guardian of the student, the teacher removing the student from class, if any, and the student.
2. At the conference, the student is entitled to written or oral notice of the reasons for the removal, an explanation of the basis for the removal, and an opportunity to respond to the reasons for the removal. The student may not be returned to the regular classroom pending the conference.
3. Following the conference, and whether or not all requested parties are in attendance after valid attempts to require their attendance, the principal shall order the placement of the student as provided by Sections 37.002 or 37.006, as applicable, for a period consistent with the Student Code of Conduct. "If the period of the placement is inconsistent with the guidelines included in the Student Code of Conduct regarding how the length of placement will be determined, the order will give notice of this inconsistency" TEC 37.009.
4. Students with disabilities may not be removed in violation of specific IEP/IAP provisions or for more than ten days without ARD/504 Committee approval.
5. A student who has been formally removed from class by a teacher for conduct against the teacher containing the elements of assault, aggravated assault, sexual assault, or aggravated sexual assault may not be returned to the teacher's class without the teacher's written consent.
6. The principal may not return the student to the classroom of the teacher who removed the student without the teacher's consent unless the Campus Placement Review Committee determines that such placement is the best or only alternative, and not later than the third class day after the day the student was removed from class, a conference in which the teacher was provided an opportunity to participate has been held. The student may not be returned to the teacher's class unless the teacher provides written consent for the student's return or a return to class plan has been prepared for that student.

Appeals of Formal Teacher Removals
A student may appeal the teacher's removal of the student from class to the school's placement review committee or the campus's threat assessment and safe and supportive school team, in accordance with a district policy providing for such an appeal to be made to this team.

LEVEL II – Administrator Directed Discipline
Some infractions or frequent infractions will result in a referral to an administrator. The disciplinary actions will depend on the offense, previous infractions, and the seriousness of the misbehavior. Included are those acts that interfere with the orderly educational process in the classroom and/or the school. A teacher and/or staff member who observes a serious offense violation of the Student Code of Conduct must complete a Student Discipline Action Form.

Each Special Education and Section 504 student is expected to follow the Student Code of Conduct unless specified differently in an Individual Education Plan (IEP)/Behavior Intervention Plan (BIP) and/or Individual Accommodation Plan (IAP)/BIP as appropriate and shall address the student's specialized needs on discipline, including which of the discipline management techniques can appropriately be used

DRAFT

with the student. Senate Bill 1196, enacted by the 77th Texas Legislature, establishes requirements for students enrolled in special education programs related to the use of confinement, restraint, seclusion, and time-out.

Credit during Disciplinary Process
Students shall receive full credit for assignments completed in a Discipline Alternative Education Program, including in-school suspension. Students suspended from school are entitled to make up assignments or tests, regardless of the reason for the suspension. Teachers are to inform students of the time allotted for completion of the work. Students are responsible for obtaining the assignments and completing the work within the time allotted, and students are allowed to make up both class work and homework.

Students who are placed in the District's in-school suspension or disciplinary alternative education program will be offered an opportunity to complete coursework before the beginning of the next school year. Available methods to complete coursework include, but are not limited to, correspondence courses, distance learning, or summer school. Students with disabilities will receive educational services during expulsion as determined by the Admission, Review, and Dismissal (ARD) or §504 Committee.

Suspensions
Students may be suspended from school for engaging in Serious Offenses. Additionally, students may be suspended pending DAEP placement or expulsion. See TEC 37.005. A principal or other appropriate administrator may suspend a student prior to (but not in lieu of) placement in a Discipline Alternative Education Program or prior to (but not in lieu of) expulsion, where a student's conduct requires such placement or expulsion.

Before suspending a student, the principal, designee, or campus behavior coordinator shall follow the student's IEP/IAP and/or BIP, if in existence, and considering reasonable alternatives, including appropriate discipline management techniques. After the third time a student has been suspended, the student may appeal the suspension to the Superintendent or the Superintendent's designee, who shall have the opportunity to speak to the individuals involved in the incident, which forms the basis for the suspension. Any decision by the Superintendent or Superintendent's designee is final and may not be appealed.

In-School Suspensions (ISS)
Students may be placed in In-School Suspension for engaging in any Minor Offenses or Serious Offenses. Additionally, students may be placed in In-School Suspension, pending DAEP placement or expulsion.

An in-school suspension is not subject to any time limit.

A school's principal or other appropriate administrator shall review the in-school suspension of a student at least once every 10 school days after the date of the suspension begins to evaluate the educational progress of the student and to determine if continued in-school suspension is appropriate.

During in-school suspension, a student shall receive appropriate behavioral support services and comparable educational services as the student would receive in the classroom. If the student receives special education services, the student must continue to receive special education and related services specified in the student's individualized education program (IEP) and continue to have an opportunity to progress in the general curriculum.

Off-Campus or Out of School Suspensions (OSS)
Students may not be suspended at home for Level I (Minor) Offenses. For Level II and above offenses, students may be suspended for a maximum of 3 school days at a time (Principal notification required). The student who is suspended is not allowed on the home campus or any other school campus or at any school related activity, including but not limited to, in-town or out of town, District games or events, during the period of suspension. If a student violates the prohibition on District property, the student can be charged with illegal trespass, a Class C misdemeanor. TEC 37.005

Students receiving Special Education or 504 services may be subject to In-School and/or Off-Campus short-term suspensions for up to 10 school days (maximum of 3 school days at a time) without ARD or 504 committee action. Before the 10th day of removal, an ARD or 504 committee shall convene to determine services to be provided such that the student can progress in the general education curriculum and on his/her IEP or IAP goals and objectives. The ARD or 504 committee shall also determine if the pattern of removals (length of each removal, total time removed, and proximity of removals to each other) constitutes a long-term change of placement and, if so, shall conduct a manifestation determination review, (MDR); review and modify, if necessary any existing Behavior Improvement Plan (BIP), conduct a Functional Behavioral Assessment (FBA) and develop a BIP if none exist. For each subsequent suspension, the ARD or 504 committee shall again convene, review the pattern of removals, determine if removals constitute a long-term change of placement, conduct a manifestation determination review (MDR) and FBA if needed and review the existing BIP.

Homeless students cannot be placed in OSS unless for the following discipline reason codes: controlled substance, alcohol substance, firearm, knife with a blade longer than 5.5 inches, prohibited weapon, assault against school employee or volunteer, assault against a student,

DRAFT

aggravated assault against school employee or volunteer, aggravated assault against a student, sexual assault or aggravated sexual assault against employee or volunteer, sexual assault or aggravated sexual assault against a student under Education Code 37.005.

The district shall not use out-of-school suspension for students below grade 3 unless the conduct meets the requirements established in law.

A student below grade 3 or a student who is homeless shall not be placed in out-of-school suspension unless, while on school property or while attending a school-sponsored or school-related activity on or off school property, the student engages in:

- Conduct that contains the elements of a weapons offense, as provided in Penal Code sections 46.02 or 46.05;
- Conduct that threatens the immediate health and safety of other students in the classroom;
- Documented conduct that results in repeated or significant disruption to the classroom; or
- Selling, giving, or delivering to another person or possessing, using, or being under the influence of any amount of marijuana, an alcoholic beverage, or a controlled substance or dangerous drug as defined by federal or state law.

The district shall use a positive behavior program as a disciplinary alternative for students below grade 3 who commit general conduct violations instead of suspension or placement in a DAEP. The program shall meet the requirements of law.

Misconduct
Students may be suspended for any behavior listed in the Code as a general conduct violation, DAEP offense, or expellable offense. The District shall not use out-of-school suspension for students in grade 2 or below unless the conduct meets the requirements established in law. A student in grade 2 or below shall not be placed in out-of-school suspension unless, while on school property or while attending a school-sponsored or school-related activity on or off school property, the student engages in:

- Conduct that contains the elements of a weapons offense, as provided in Penal Code Section 46.02 or 46.05;
- Conduct that contains the elements of assault, sexual assault, aggravated assault, or aggravated sexual assault, as provided by the Penal Code; or,
- Selling, giving, or delivering to another person or possessing, using, or being under the influence of any amount of marijuana, an alcoholic beverage, or a controlled substance or dangerous drug as defined by federal or state law.

The District shall use a positive behavior program as a disciplinary alternative for students in grade 2 or below that commit general conduct violations instead of suspension or placement in a DAEP. The program shall meet the requirements of law.

Notification to Parents/Guardians
The School Administrator/CBC shall promptly notify a student's parent/guardian by phone or in person of any violation that may result in In-School (ISS) or Out-of-School (OSS) suspension, placement in a DAEP (F.S. Lara Academy), placement in a JJAEP, or expulsion. The School Administrator/CBC shall also notify a student's parent/guardian if the student is taken into custody by a law enforcement officer under the disciplinary provisions of the Education Code.

A good-faith effort shall be made to provide written notice of the disciplinary action to the student, on the day the action was taken, for delivery to the student's parent/guardian. If the parent/guardian has not been reached by telephone or in person by 5:00 p.m. of the first business day after the day the disciplinary action was taken, the School Administrator/CBC shall send written notification by U.S. Mail or email provided through Skyward.

Student Discipline Referral Form/Skyward Referral
A teacher may submit a "Student Discipline Referral Form" after conducting interventions for Level I or Level II (see Discipline Flow Chart) offenses committed in the classroom such as insubordination, disruptive behavior, bullying, etc. Teacher should be contacting parent/guardian regarding classroom behavior.

Review Committee Placements (DAEP& JJAEP)
At the end of the first semester of a student's placement in an alternative educational setting and before the beginning of each school year for which the student remains in an alternative placement, the District shall convene a committee, in accordance with state law, to review the student's placement. The committee will recommend whether the student should return to the regular classroom or remain in the placement. Absent a special finding, the Board or its designee must follow the committee's recommendation.

Discipline Alternative Education Programs (DAEP)
The District shall provide for the continuing education of students placed in a Discipline Alternative Education Program, which may include:

1. Transfer to a different campus;
2. Transfer to a school-community guidance center;
3. Transfer to a community-based alternative school; or,

DRAFT

4. Transfer to an off-campus Discipline Alternative Education Programs.

The terms of a placement under this section shall prohibit the student from attending or participating in school-sponsored or school-related activities, including, but not limited to, extracurricular activities. [TEC 37.008].

Elementary students assigned to a Discipline Alternative Education Program must be separated from secondary students assigned to a Discipline Alternative Education Program. "On-Home Campus DAEP" (elementary students only) will be determined on a case by case by school administrator/CBC and Superintendent's designee. Elementary students might be required to arrive early and be released at a later time than regular school time. Elementary school administrator/CBC will explain all the rules and guidelines during due process of placement recommendation.

Students younger than six years of age shall only be placed in a disciplinary alternative education program in the event that the student brings a firearm, as defined by 18 U.S.C.§921, to school. If during the term of a placement in a disciplinary alternative education program, a student engages in additional conduct for which placement in a disciplinary alternative education program or expulsion is required or permitted, additional proceedings may be conducted regarding that conduct and the principal or the Board designee, as appropriate, may enter an additional order as a result of those proceedings.

Transfer or Withdrawal from a Discipline Alternative Education Program (DAEP)
If a student transfers into LISD from another District or school in which the student was placed in a discipline alternative education program, LISD shall continue the discipline alternative education program placement under the terms of the order provided by the sending District or school.

Students who transfer out of LISD to another public or private institution, including students who withdraw from LISD for the purpose of home schooling, and students who do not attend the discipline alternative education program for the duration of the placement for any reason (other than reasons which constitute an "excused absence" under LISD policy), shall be required, upon return to LISD, to complete the number of days missed in the discipline alternative education program before being allowed to return to the regular campus.

If the principal or Board of the District in which the student was formerly enrolled fails to enter an order after the student withdraws, LISD may complete the proceedings and enter an order. Any period of the placement that has been served by the student on enrollment in another District that honors the order will be credited toward their placement.

Placement of Students with Disabilities
1. A student with disabilities may be ordered to an appropriate interim alternative education setting, another setting, or suspension for not more than 10 school days (to the extent such alternatives would be applied to students without disabilities).
2. Within 10 school days of any decision to change the placement, the ARD or 504 committee must determine whether the behavior of the student is a manifestation of the student's disability.

A student with a disability being served in Special Education or Section 504 may be placed in a DAEP for engaging in conduct that would warrant such action for a student without such disabilities only if the ARD or 504 Committee determines the misconduct is not directly and substantially related to the student's disabling condition or the direct result of inappropriate placement or services unless the behavior involves drugs, weapons or serious bodily injury. [TEC 37.004]. The ARD or 504 Committee shall determine the appropriate alternative placement and instructional and related services to be provided during the time of placement. The student's IEP shall include goals and objectives designed to assist in returning the student to school, permit progress on the general curriculum and IEP goals, and address the target behavior resulting in DAEP placement.

If the ARD or 504 Committee determines that the student's disruptive behavior is directly and substantially related to the disabling condition or the direct result of inappropriate placement, the student shall not be placed in a DAEP (except when the violation involves drugs, weapons or serious bodily injury). If the disruptive behavior on the part of the student indicates the behavior occurred as a direct result of an inappropriate placement, the ARD or 504 Committee shall review the placement and recommend alternatives. If the ARD or 504 Committee determines that the behavior was directly and substantially related to the disabling condition, it shall review any existing BIPs and modify if necessary or if a BIP is not currently in existence, the ARD or 504 committee shall conduct a functional behavioral assessment and develop a BIP to address the behavior that resulted in the change of placement consideration.

A student with a disability who receives Special Education or Section 504 services may not be placed in Discipline Alternative Education Programs solely for educational purposes if the student has not also committed one of the offenses warranting placement in the Discipline Alternative Education Program. A student who is disabled according to Section 504 shall not be placed in a DAEP unless the District first determines that the misbehavior is not a manifestation of the student's disabling condition (except when the violation involves drugs, weapons or serious bodily injury).

DRAFT

That determination may be made by the same group of people who make placement decisions. The group must have available evaluation data that is recent enough to afford an understanding of the student's current behavior. The §504 Committee should consider whether the student's behavior warrants new evaluation data. The §504 Committee may adjourn to obtain the new data. At a minimum, the §504 Committee shall include persons knowledgeable about the student and the meaning of the evaluation data.

Emergency Placement in Discipline Alternative Education Program (DAEP)
The principal or the principal's designee may order the immediate placement of a student in the Discipline Alternative Education Program if the principal or the principal's designee reasonably believes the student's behavior is so unruly, disruptive, or abusive that it seriously interferes with a teacher's ability to communicate effectively with the students in a class, with the ability of the student's classmates to learn, or with the operation of school or a school-sponsored activity.

If the student has committed an offense or engaged in behavior that either under state law (TEC §37.006) or the local Student Code of Conduct requires a DAEP placement and the principal or their designee reasonably believes that the student's behavior is so unruly, disruptive, or abusive that it seriously interferes with a teacher's ability to communicate effectively with the students in a class, with the ability of the student's classmates to learn, or with the operation of school or a school-sponsored activity, then the student may be placed on an emergency and temporary basis to a DAEP pending a conference hearing required under TEC §37.009 taking place.

At the time of the emergency placement, the student shall be given oral notice of the reason for the action. The reason must be a reason for which placement in a disciplinary alternative education program may be made on a non-emergency basis. Within a reasonable time after the emergency placement, but not later than the 10th day after the date of the placement, the student shall be accorded the appropriate Due Process. If the student subject to the emergency placement is a student with disabilities who receives §504 or Special Education services, the term of the student's emergency placement is subject to the requirements of the Individuals with Disabilities Education Act (IDEA)/Section 504 and their accompanying regulations. [TEC 37.019]

Duration of Placement in Discipline Alternative Education Program
The duration of a student's placement will be determined on a case-by-case basis by the home school administration. DAEP placement will be correlated to the seriousness of the offense, the student's age and grade level, the frequency of misconduct, the student's attitude, and statutory requirements. The maximum period of DAEP placement shall be one calendar year except as provided below.

Placement in a DAEP may exceed one year when a review by the District determines that:

1. The student is a threat to the safety of other students or to District employees, or
2. Extended placement is in the best interest of the student.

The statutory limitations on the length of a DAEP placement do not apply to a placement resulting from the Board's decision to place a student who engaged in the sexual assault of another student so that the students are not assigned to the same campus. Regardless of the duration of the student's placement (actual days present), the student or the student's parent or guardian is entitled to participate in a proceeding before the District's Student Hearings Officer. Any decision of the District's Student Hearings Officer is final and may not be appealed. If the period of the placement is inconsistent with the guidelines included in the student code of conduct regarding how the length of the placement will be determined, the order must give notice to the inconsistency.

If student is being recommended under a (21) code of the Student Code of Conduct offense(s), a BIP (Behavior Improvement Plan) must have been in place before placement to DAEP.

Exceeds School Year
Students who are in a DAEP placement at the end of one school year may be required to continue that placement at the start of the next school year to complete the assigned term of placement.

For placement in a DAEP to extend beyond the end of the school year, the board's designee (Laredo ISD Student Hearing Officer) must determine that:

1. The student's presence in the regular classroom or campus presents a danger of physical harm to the student or others; or
2. The student has engaged in serious or persistent misbehavior [see Glossary] that violates the district's Code of Conduct.

Age of DAEP placements
Under TEC, §37.006(a), (b), (c), and (l), all students, who are at least 6 years of age on the date that an offense is committed, must be removed to a DAEP, for a time period that is determined by the local Student Code of Conduct, if one of the following acts are committed: on or within 300 feet of school property, or while the student is attending a school-sponsored, or school related activity, on or off of school property. The school administrator/CBC designated must first establish a reasonable belief that the act has been committed and then corroborate and document that belief with appropriate law enforcement officials.

Students under age six cannot be placed in a DAEP unless they commit a federal firearms offense. Student between six and nine years of age who commit expellable offenses listed in Education Code 37.007 may not be expelled and must be placed in a DAEP.

Review of Student Status in Discipline Alternative Education Program (DAEP) (for Students Placed in a Discipline Alternative Education Program (DAEP) for 120 Days or More)
A student placed in a DAEP shall be provided a review of the student's status, including a review of the student's academic status, by the Board's designee at intervals not to exceed 120 days. In the case of a high school student, the Board's designee, with the student's parent or guardian, shall review the student's progress towards meeting high school graduation requirements and shall establish a specific graduation plan for the student.

Graduating Seniors/Juniors in Discipline Alternative Education Programs (DAEP)
When a student is placed in the DAEP during their graduating year, LISD shall allow that student to participate in graduation ceremonies, provided that all prerequisites for graduation are met and provided that the student has successfully completed all of the days that the student was assigned to the DAEP. If the student in question has unexcused absences or has not completed his/her days in the DAEP for any other reason, such as withdrawal or transfer to another school District, the student may not be allowed to participate in graduation ceremonies. Only graduating students who are placed on a discretionary placement will be given consideration for early dismissal by the High School principal, DAEP principal and District Student Hearing Officer. District Student Hearing must authorize early dismissal for the dismissal to occur.

Transition Services
In accordance with law and District procedures, campus staff shall provide transition services to a student returning to the regular classroom from an alternative education program, including a DAEP. See policy FOCA(LEGAL) for more information.

Expulsion - Duration of Expulsion
The duration of a student's expulsion will be determined on a case-by-case basis. Expulsions will be correlated to the seriousness of the offense, the student's age and grade level, the frequency of misconduct and statutory requirements. The maximum period of expulsion days shall be one calendar year except for the following reason:

The length of expulsion will be made in accordance with the guidelines set forth by the Laredo Independent School District. Expulsion to a Juvenile Justice Alternative Education Program (JJAEP) may exceed one (1) year when a review by the District determines that:

1. The student is a threat to the safety of other students or to District employees, or
2. Extended expulsion is in the best interest of the student.
    a. Students must be in attendance at the Juvenile Justice Alternative Education Program (JJAEP) for the total number of days placed before they will be returned to the home campus.
    b. Appeal Hearings: The L.I.S.D. Board of Trustees will hold appeal hearings when requested by parents/guardians.
    c. The only way a student can return to their home campus before completion of assigned days to JJAEP will be if charges are dropped by the County Attorney or District Attorney's office.

All Schools	
First & Subsequent Offense(s)	
Mandatory Offenses	90-180 days
Discretionary Offenses	45-90 days

Hearing and Required Findings
The student must first have a hearing before the board or its designee, who must determine that in addition to the circumstances above that allow for the expulsion, the student's presence in the regular classroom:

1. Threatens the safety of other students or teachers;
2. Will be detrimental to the educational process; or
3. Is not in the best interest of the district's students.

Any decision of the board or the board's designee under this section is final and may not be appealed.

Length of Placement
The student is subject to the placement until:

1. The student graduates from high school;
2. The charges are dismissed or reduced to a misdemeanor offense; or
3. The student completes the term of the placement or is assigned to another program.

Expulsion of Students Under Six Years of Age
Students under age six shall not be expelled or placed in a Discipline Alternative Education setting with the exception of a student under the age of six years old who brings a firearm, as defined by 18 U.S.C. §921, to school. In such a case, the student will be expelled under the terms set forth under TEC §37.007 (e) and shall be provided educational services in a disciplinary alternative education program.

Expulsion of Students under Ten Years of Age
Students younger than ten who commit expellable offenses shall be provided a disciplinary alternative education program under the terms set forth under TEC 37.008 that:

1. Is provided in a setting other than a student's regular classroom;
2. Is located on or off a regular school campus; and,
3. Provides for the students who are assigned to the disciplinary alternative education program to be separated from students who are not assigned to the program.

Under TEC, §37.007(a), (d), and (h), and §37.007(f), students who are younger than 10 years of age on the date that an offense is committed, and have committed a mandatory expellable offense other than bringing a firearm to school, **must be placed in a DAEP** for a period of time that is determined by the Superintendent or their designee.

DRAFT

Under TEC, §37.007(e), (student brings a firearm to school), students who are younger than 10 years of age on the date that an offense is committed, **must be expelled and placed in a DAEP** for a minimum term of one year, unless the expulsion term is reduced by the Superintendent or designee.

Firearm Violations
State and federal law require a student to be expelled from the regular classroom for a period of at least one calendar year for bringing a firearm, as defined by federal law, to school. However, the Superintendent or other appropriate administrator may modify the length of the expulsion on a case-by-case basis. The District shall provide educational services to an expelled student in an Alternative Education Program if the student is younger than ten years of age on the date of expulsion. The District may provide services to an expelled student who is older than ten years of age in a Discipline Alternative Education Program.

Activity Restrictions for Expelled Students
Students who are expelled shall not participate in school-sponsored or school-related activities during the period of expulsion. If, during the term of an expulsion order, a student engages in additional conduct for which placement in a disciplinary alternative education program or expulsion is required or permitted, additional proceedings may be conducted regarding that conduct and the principal or board, as appropriate, may enter an additional order as a result of those proceedings.

Expelled Transfer Students
If an expelled student from another District or school enrolls in LISD, the governing body of the District or school taking the disciplinary action shall provide LISD or the school in which the student enrolls, at the same time other student records are provided a copy of the expulsion order. Any period of the expulsion that has been served by the student on enrollment in another District that honors LISD's expulsion order will be credited toward the expulsion. If the principal or Board of the District in which the student was formerly enrolled fails to enter an order after the student withdraws, LISD may complete the proceedings and enter an order.

LISD may continue the expulsion order of a school District in another state if the out-of-state District provides LISD a copy of the expulsion order and the grounds for the expulsion are also grounds for expulsion in LISD. If the period of expulsion by the out-of-state District exceeds one year, and LISD continues the expulsion, LISD will reduce the period of expulsion so that the aggregate period does not exceed one year unless, after a review, LISD determines that:

1. The student is a threat to the safety of other students or to District employees; or,
2. Extended placement in the best interest of the student.

Emergency Expulsions
A principal or the principal's designee may order the immediate expulsion of a student if the principal or the principal's designee reasonably believes that action is necessary to protect persons or property from imminent harm. At the time of the emergency expulsion, the student shall be given oral notice of the reason for that action. The reason must be a reason for which expulsion may be made on a non-emergency basis. Within a reasonable time after the emergency expulsion, but not later than the 10th day after the date of the expulsion, the student shall be accorded the appropriate due process.

If the student has committed an offense or engaged in behavior under state law (TEC §37.007) that would require an expulsion or the student has committed a behavior under state law (TEC §37.007) that would allow for a discretionary expulsion and the local Student Code of Conduct requires/allows for the discretionary expulsion and the principal or their designee reasonably believes that the immediate expulsion of the student is necessary to protect persons or property from imminent harm, then the student may be expelled on an emergency and temporary basis to a setting without educational services available pending an expulsion hearing required under TEC §37.009 taking place.

If the student subject to the emergency expulsion is a student with disabilities who receives Special Education services or §504, the term of the emergency expulsion is subject to the requirements of the Individuals with Disabilities Education Act (IDEA)/Section 504 and their accompanying regulations.

Expulsion of Special Education Students
A student with a disability being served in Special Education or Section 504 may be expelled for engaging in conduct that would warrant such action for a student without such disabilities only if the ARD or 504 Committee determines the misconduct is not directly and substantially related to the student's disabling condition or the direct result of inappropriate placement unless the behavior involves drugs, weapons or serious bodily injury.

Representation during the Expulsion Hearing (All Students)
At an expulsion hearing, the student may be represented by the student's parent or guardian or another adult who can provide guidance to the student. The student and student's representative shall be notified in writing of the date, time, and place of the expulsion hearing at least 72 hours prior to the hearing. The hearing shall be held within ten school days from the date of the offense. The date of the hearing may be deferred beyond the tenth day only by the mutual consent of the student's parent or guardian and the District's representative.

DRAFT

If the student has been removed under the emergency expulsion provision prior to assignment to home-based instruction pending the expulsion hearing, the District shall obtain the parent's written agreement if the student will be excluded from the school setting for more than ten consecutive school days before the hearing is conducted. If the parent's agreement cannot be obtained, the District shall return the student to school for more than ten consecutive days without an opportunity for a due process hearing.

Due Process for Expulsions

Before a student is expelled, the Board or its designee shall provide the student an opportunity for a hearing at which the student is afforded due process, which shall include the following:

1. Prior notice of the charges and the proposed sanctions so as to afford a reasonable opportunity for preparation;
2. Right to a full and fair hearing before the Board designee;
3. Right to an adult representative or legal counsel;
4. Opportunity to testify and present evidence and witnesses in his or her defense; and,
5. Opportunity to examine the evidence presented by the school administration and question the administration's witnesses.

If the school District makes a good faith effort to inform the student and the student's parents/guardians of the time and place of the hearing, the District may hold the hearing, regardless of whether the student, the student's parent or guardian, or another adult representing the student attends. **Expulsion Hearings can be conducted by teleconference, virtual, or in person (face-to-face). The student and parent/guardian will be notified in a timely manner of any guidelines and procedures that must be followed to conduct the review hearing. Failure to comply with any of the guidelines and procedures may result in having to reschedule the review hearing.**

The notice shall be in writing and shall advise of the nature of the evidence to be used against the student. The decision shall be based exclusively on evidence presented at the hearing. The final decision shall be communicated promptly to the student and parent. A student who wishes to appeal the decision made at the hearing may do so by appealing to the Superintendent or the Superintendent's designee. The decision of the Superintendent or Superintendent's designee may be appealed to the Board. If an appeal to the Board is initiated, a tape recording or transcript of the preceding shall be made for the Board's review. [TEC 37.009]

Transition Services

In accordance with law and District procedures, campus staff shall provide transition services for a student returning to the regular classroom from placement in an alternative education program, including a DAEP or JJAEP. See Board Policies FOCA(LEGAL) and FODA(LEGAL) for more information.

When a school administrator/CBC has reason to believe that a student is under the influence (alcohol or drugs), the student is to be escorted to the nurse's office. The school nurse will only check for vital signs and ensure student does not need emergency assistance (911, etc.). The school administrator/CBC is to proceed and fill out the "Observation Checklist for Administrators: Under the Influence Form,". Only school administrators/CBC who have attended a Drug Impairment Training for Education Professionals (DITEP) can conduct the screening. The student is expected to cooperate during the screening. A student refusing to submit and cooperate with school administrator/CBC may infer the student is under the influence. This action can lead to a DAEP mandatory placement upon recommendation from school administrator/CBC through due process procedures.

DRAFT

The District is not required to accept alcohol/drug test results under the expense of the parent/guardian. It is under the discretion of the school administrator/CBC to accept negative alcohol/drug test. If alcohol/drug test is to be accept, results must be stamped on the date of notification from school/administrator/CBC of incident.

If parent/guardian does not agree with a DAEP mandatory placement, a review hearing can be request upon filling out the form and ensuring to follow the guidelines (see Review Hearings for more information).
