Fiscal Year

The District shall operate on a fiscal year beginning July 1 and ending June 30.

Budget Planning

Budget planning shall be an integral part of overall program planning so that the budget effectively reflects the District's programs and activities and provides the resources to implement them. In the budget planning process, general educational goals, specific program goals, capital improvement goals, and alternatives for achieving program goals shall be considered, as well as input from the District- and campus-level planning and decision-making committees. Budget planning and evaluation are continuous processes and shall be a part of each month's activities.

Budget Meeting

The annual public meeting to discuss the proposed budget and tax rate shall be conducted as follows:

1. The Board President shall request at the beginning of the meeting that all persons who desire to speak on the proposed budget and/or tax rate sign up on the sheet provided.
2. Prior to the beginning of the meeting, the Board may establish time limits for speakers.
3. Speakers shall confine their remarks to the appropriation of funds as contained in the proposed budget and/or the tax rate.
4. No officer or employee of the District shall be required to respond to questions from speakers at the meeting.

Authorized Expenditures

The adopted budget provides authority to expend funds for the purposes indicated and in accordance with state law, Board policy, and the District's approved purchasing procedures. The expenditure of funds shall be under the direction of the Superintendent or designee who shall ensure that funds are expended in accordance with the adopted budget.

Budget Amendments

The Board shall amend the budget when a change is made increasing any one of the functional spending categories or increasing revenue object accounts and other resources.

Fund Balance

Nonspendable and Restricted

The District shall report fund balances for governmental funds in classifications based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The nonspendable classification shall represent assets that will be consumed or must remain intact, such as inventories of supplies and endowments, and therefore cannot be converted to cash. Provisions of law, contracts, and grants shall specify how fund resources can be used in the re-

stricted classification. The nature of these two classifications precludes a need for a policy from the Board. However, the Board has adopted rules for the three unrestricted classifications of committed, assigned, and unassigned.

Committed

From time to time, the Board may commit fund balances by a majority vote in a scheduled meeting. This commitment may be modified or rescinded by a majority vote in a scheduled meeting. Board commitments shall not exceed the amount of fund balance that is greater than the sum of nonspendable and restricted fund balances, as this practice would commit funds that the District does and would not have. Commitments may be made for facility expansion or renovation, program modifications, wage and salary adjustments, financial cushions such as a rainy day fund, and other purposes determined by the Board.

Assigned

Assigned fund balance comprises amounts intended to be used by the government for specific purposes. Funds set aside for carryover appropriations, early termination notification, contingencies, and projected budgetary deficit in the subsequent year's budget are examples to be included in the assigned category. Any funds set aside must be reported to the Board. The Board has authority to remove or change the assignment of the funds with a majority vote. The assignment need not be made before the end of the reporting period, but rather may be made any time prior to the issuance of the financial statements.

Unassigned

Unassigned fund balance is the residual classification for the general fund and shall include all amounts not contained in the other classifications. Unassigned amounts represent the resources available for future spending. The District's goal to maintain two months of operating costs shall be identified as unassigned fund balance. The general fund should be the only fund that reports a positive unassigned fund balance amount. However, in funds other than the general fund, it may be necessary to report a negative unassigned fund balance amount if expenditures incurred for specific purposes exceeded the amounts restricted, committed, or assigned to those purposes.

Capital Budget

Once the multi-year capital plan has been adopted [see CT(LOCAL)], the District shall develop and implement a capital improvement projects budget or a capital budget. The capital budget shall be essential to ensure the proper planning, funding, and implementing of major projects. The capital budget shall be adopted as part of the annual budget process and shall incorporate the appropriate year of the multi-year capital plan.

Capital projects shall be considered different from programs adopted in the operating budget since they will often represent very

large financial obligations that may span two or more fiscal years. Therefore, the processes for preparing, prioritizing, and presenting them to the Board may be different from the operating budget.

Non-Routine Projects

The District shall provide a greater level of detail and information for non-routine capital projects. For non-routine projects, the capital budget shall describe the impact on the operating budget, number of additional positions required, tax or fee implications, and other financial or service impacts. When developing the capital budget, the District shall consider measures to mitigate risk related to undertaking major non-routine projects. Based on the size of the capital budget and the complexity of the capital projects, it may be necessary for the District to budget additional reserves for project overruns or insurance coverage.

Reviewing and Reporting

All stakeholders shall have the ability to review the status and expected completion of approved capital projects. Periodic reports shall be discussed with the Board regarding ongoing capital projects. These reports shall compare actual expenditures with those in the original budget, identify the level of completion of the project, enumerate any changes in the scope of the project, and alert the Board to any concerns with the completion of the project on time or on schedule.

Authorized Expenditures

A district shall not lend its credit or gratuitously grant public money or things of value in aid of any individual, association, or corporation. *Tex. Const. Art. III, Sec. 52; Brazoria County v. Perry, 537 S.W.2d 89 (Tex. Civ. App.—Houston [1st Dist.] 1976, no writ)*

A district shall not grant any extra compensation, fee, or allowance to a public officer, agent, servant, or contractor after service has been rendered or a contract entered into and performed in whole or in part. Nor shall a district pay or authorize the payment of any claim against the district under any agreement or contract made without authority of law. *Tex. Const. Art. III, Sec. 53; Harlingen Indep. Sch. Dist. v. C.H. Page and Bro., 48 S.W.2d 983 (Comm. App. 1932)*

The public school funds may not be spent except as provided by Education Code 45.105. The state and county available funds may be used only for the payment of teachers' and superintendents' salaries and interest on money borrowed on short time to pay those salaries that become due before school funds for the current year become available. Loans for the purpose of payment of teachers may not be paid out of funds other than those for the current year.

Local funds from district taxes, tuition fees, other local sources, and state funds not designated for a specific purpose may be used for the purposes listed above for state and county available funds and for purchasing appliances and supplies; paying insurance premiums; paying janitors and other employees; buying school sites; buying, building, repairing, and renting school buildings, including acquiring school buildings and sites by leasing through annual payments with an ultimate option to purchase [see CHG]; and, except as provided below, for other purposes necessary in the conduct of the public schools as determined by the board.

Exception

Funds described above may not be used to initiate or maintain any action or proceeding against the state or an agency or officer of the state arising out of a decision, order, or determination that is final and unappealable under a provision of the Education Code, except that funds may be used for an action or proceeding that is specifically authorized by a provision of the Education Code or a rule adopted under the Education Code and that results in a final and unappealable decision, order, or determination.

Education Code 45.105(a)–(c), (c-1)

Fiscal Year

The fiscal year of a district begins on July 1 or September 1 of each year, as determined by the board. *Education Code 44.0011*

Budget Preparation

On or before the date set by the State Board of Education (SBOE), a superintendent shall prepare, or cause to be prepared, a proposed budget covering all estimated revenue and proposed expenditures of a district for the following fiscal year. The budget must be prepared according to generally accepted accounting principles, rules adopted by the SBOE, and adopted policies of the board of trustees. *Education Code 44.002; 19 TAC 109.1(a), .41, .5001*

Funds for Accelerated Instruction

A district that is required to provide accelerated instruction under Education Code 29.081(b-1) [see EHBC] shall separately budget sufficient funds, including funds under Education Code 48.104, for that purpose. *Education Code 29.081(b-2)*

Itemization of Certain Expenditures

The proposed budget of a district must include, in a manner allowing for as clear a comparison as practicable between those expenditures in the proposed budget and actual expenditures for the same purpose in the preceding year, a line item indicating expenditures for:

1. Notices required by law to be published in a newspaper by the district or a representative of the district; and
2. Directly or indirectly influencing or attempting to influence the outcome of legislation or administrative action, as those terms are defined in Government Code 305.002.

Local Gov't Code 140.0045

Public Meeting on Budget and Proposed Tax Rate

When the budget has been prepared, the board president shall call a board meeting for the purpose of adopting a budget for the succeeding fiscal year. Any taxpayer of a district may be present and participate in the meeting. *Education Code 44.004(a), (f)* [See CCG for provisions governing tax rate adoption.]

The meeting must comply with the notice requirements of the Open Meetings Act. *Gov't Code 551.041, .043* [See BE]

Published Notice

The board president shall provide for publication of notice of the budget and proposed tax rate meeting in accordance with Education Code 44.004. [For specific requirements regarding the form, contents, and publication of the notice, see CCG(LEGAL).]

Publication of Proposed Budget Summary

Concurrently with the publication of notice of the budget under Education Code 44.004, a district shall post a summary of the proposed budget on the school district's internet website or, if the district has no internet website, in the district's central administrative office.

The budget summary must include a comparison to the previous year's actual spending and information relating to per student and aggregate spending on:

1. Instruction;
2. Instructional support;
3. Central administration;
4. District operations;
5. Debt service; and
6. Any other category designated by the commissioner.

Education Code 44.0041

Budget Adoption

The board, at the meeting called for that purpose, shall adopt a budget to cover all expenditures for the succeeding fiscal year. The budget must be adopted before the adoption of the tax rate for the tax year in which the fiscal year covered by the budget begins. *Education Code 44.004(f)–(g)*

Appendix for Tax Rate Calculation Forms

The board shall include as an appendix to the district's budget for a fiscal year the tax rate calculation forms used by the designated officer or employee of the district to calculate the no-new-revenue tax rate and the voter-approval tax rate of the district for the tax year in which the fiscal year begins. *Tax Code 26.04(e-5)* [See CCG]

Districts with July 1 Fiscal Year

A district with a fiscal year beginning July 1 may use the certified estimate of the taxable value of district property [see CCG] in preparing the required notice if the district does not receive the certified appraisal roll on or before June 7. A district that uses a certified estimate may adopt a budget at the public meeting designated in the published notice prepared using the estimate, but the district may not adopt a tax rate before the district receives the certified appraisal roll for the district. *Education Code 44.004(h)–(i)*

Budget Adoption After Tax Rate Adoption

Notwithstanding Education Code 44.004(g), (h), and (i), above, a district may adopt a budget after the district adopts a tax rate for the tax year in which the fiscal year covered by the budget begins if the district elects to adopt a tax rate before receiving the certified appraisal roll for the district. If a district elects to adopt a tax rate before adopting a budget, the district must publish notice and hold a meeting for the purpose of discussing the proposed tax rate. Following adoption of the tax rate [see CCG], the district must publish notice and hold another public meeting before the district may adopt a budget. The comptroller shall prescribe the language and format to be used in the notices. The district may use the certified

estimate of taxable value in preparing a notice under this provision. *Education Code 44.004(j)*

Publication of Adopted Budget

On final approval of the budget by the board, the district shall post on the district's internet website a copy of the budget adopted by the board. The district's website must prominently display the electronic link to the adopted budget. A district shall maintain the adopted budget on the district's website until the third anniversary of the date the budget was adopted. *Education Code 44.0051*

On or before a date set by the SBOE, the budget must be filed with the Texas Education Agency according to rules established by the SBOE. *Education Code 44.005*

Internet Posting of Tax Rate and Budget Information

Each district shall maintain an internet website or have access to a generally accessible internet website that may be used for the purposes of these provisions. Each district shall post or cause to be posted on the internet website the following information in a format prescribed by the comptroller:

1. The name of each member of the board;
2. The mailing address, email address, and telephone number of the district;

Expenditure rate of bond proceeds are monitored for tax compliance and the expectation is to spend or commit 5% of bond proceeds within 6 months and to spend 85% within 3 years. Failure to comply with the spend-down rules may cause negative tax consequences for the district, including the repayment of interest earnings to the IRS (rebate) or, in the worst case, the loss of tax-exempt status of a bond issue.

REGION 7 EDUCATION SERVICE CENTER
DMAC SOFTWARE LICENSE AGREEMENT

This Software License Agreement (the "Agreement") is entered into as of the 1st day of September, 2026 (the "Effective Date") by and between Region One Education Service Center ("REGION ONE ESC") and LAREDO ISD (the "Licensee") (each a "Party" and together, the "Parties"). Licensee's acknowledgement of this Agreement constitutes acceptance of the Terms of Use and Privacy Policy, attached hereto as Exhibits A and B.

1. **DMAC CONTENT.**

1.01. DMAC Services. REGION 7 ESC provides a suite of Internet-hosted, multi-user software applications known as "DMAC Solutions" or "DMAC" that is resident on REGION 7 ESC's servers, and accessible through an Internet portal maintained by REGION 7 ESC. Licensees (and their "Authorized Users") with appropriate software, data input and connectivity are permitted to access purchased modules. Licensee may accomplish tasks using DMAC by establishing an Internet link with REGION 7 ESC's Internet server, by entering or posting data using that link and by requesting and receiving Processed Data using that link. REGION 7 ESC shall permit Licensee, through the Authorized Users designated by Licensee, to access and use DMAC on a non-exclusive basis, subject to the terms of this Agreement and its Exhibits, and provided that REGION 7 ESC may restrict, condition or terminate Licensee's access and use at any time if it reasonably believes that such continued access or use will imminently and materially disrupt, degrade or injure continued function or use of DMAC software and services with respect to other Licensees.

1.02. Product Support. REGION 7 ESC shall provide Product Support Service during its regular service hours. Current Product Support hours and contact information can be found at https://www.dmac-solutions.net/dmac-staff. Additional support services (such as on-site training and assistance) are available for an additional fee.

1.03. Software and Connectivity Requirements. Proper function of DMAC requires Licensee's compliance with REGION 7 ESC's minimum specifications for equipment, software and connectivity. Current system requirements can be found at https://www.dmac-solutions.net/tech-requirements. These requirements may change periodically as new technology is introduced. Subscribers to the e-newsletter will receive alerts when these requirements are changed or updated (please see the attached Terms of Use as Exhibit B). All other Licensees and users who have "opted out" of such e-newsletter will be solely responsible for periodic review of the above-mentioned site for the most current system requirements. Licensee shall, at its own expense, acquire, select, obtain, install, use and maintain equipment and services meeting or exceeding the specifications provided by REGION 7 ESC for user equipment, software, connectivity to the Internet and system configuration, including but not limited to a relationship with a reputable Internet service provider to permit Internet communication with REGION 7 ESC's servers. Licensee acknowledges that DMAC Software response times and other performance may be adversely affected by peak usage and limited capacity within the Licensee's own network infrastructure.

1.04. Additional Services. Licensee may request additional services (such as on-site training, assistance or troubleshooting, custom programming, etc.) at REGION 7 ESC's then current rate for such services and fees as determined by REGION 7 ESC. Licensee shall be responsible for all related expenses for any such additional services beyond the base fees for purchase modules.

1.05. General Licensee Obligations. Licensee shall provide REGION 7 ESC with complete, accurate and timely information necessary to permit REGION 7 ESC to provide the services contemplated in this Agreement. Licensee shall maintain and retain necessary and appropriate records of Licensee and enter all necessary data in its possession into DMAC including, but not limited to, usernames and passwords for all Authorized Users using DMAC, as well as assigned DMAC District Administrator privileges (see Paragraph 1.05). Licensee shall cooperate promptly to provide accurate and full responses to any inquiry or concern of REGION 7 ESC for clarification, documentation or further information related to the DMAC Software.

1.06. DMAC District Administrator. Each Licensee shall designate at least one current employee to serve as the "DMAC District Administrator." The DMAC District Administrator shall be designated by name within this Agreement and shall serve as the primary point of contact between REGION 7 ESC and Licensee. The DMAC District Administrator shall be responsible for the administration and maintenance of the Licensee's DMAC software and services, and shall coordinate the training of Licensee's authorized users on such software and services. The DMAC District Administrator will ensure that all user accounts are kept up to date, and will promptly delete accounts for users no longer employed by Licensee.

Notwithstanding any other provisions of this Agreement, REGION 7 ESC performance hereunder is contingent upon the following:

(a) Licensee's use of DMAC Software and submission of data in accordance with REGION 7 ESC specifications;

(b) Licensee's maintenance of site conditions and equipment in accordance with REGION 7 ESC's specifications;

(c) Licensee's notification of any failure as soon as practicable after becoming aware of the failure; and

(d) Licensee allowing full and free access to REGION 7 ESC to Licensee's hardware for purposes of performing any related DMAC services.

1.07. Authorized Users. Licensee shall identify to REGION 7 ESC one or more of its personnel as "Authorized Users" who are duly authorized by Licensee to access and use DMAC on its behalf, to submit data into and retrieve data from DMAC on its behalf and to represent Licensee in its access and use of DMAC. Licensee shall not permit individuals to access or use DMAC without authorization or beyond the scope of their authorization. Authorized Users must comply with all material aspects of this Agreement, including the requirement to comply with the Family Educational Rights and Privacy Act ("FERPA"), 20 U.S.C. §1232g, when accessing student data.

1.08. Access to Update Information. Only subscribers to the DMAC listserv will receive up-to-date notifications regarding the latest information and news on the DMAC suite of software. Those Licensees who choose to "opt out," in accordance with the Privacy Policy, are solely responsible for routine review of the DMAC website for current system requirements and software updates.

2. **LICENSE.**

2.01. Grant. REGION 7 ESC hereby grants to Licensee a non-exclusive, non-transferable license to access and use DMAC within the United States during the term of this Agreement, under the conditions and requirements set forth in this Agreement. Access and use under this license is conditioned on such compliance with the conditions and requirements of this Agreement.

REGION 7 shall not be liable for any breach of FERPA requirements by Licensee or its Authorized Users.

(d) Licensee shall not distribute or transmit DMAC Software, DMAC Content, or Materials to any third party

(g) Licensee Use and Responsibility for Pre-/Post-Test and Other Applications. The Licensee acknowledges and agrees that any use of the DMAC software, including but not limited to its use for pre-test, post-test, or any other assessment or educational application, is solely at the Licensee's discretion and risk. The Licensee accepts full responsibility and liability for all outcomes, data, and consequences resulting from such use. REGION 7 ESC shall have no liability or responsibility for any claims, damages, losses, or actions arising from the Licensee's use of the DMAC software for pre-/post-test or any other purpose, whether such use is authorized, unauthorized, intended, or unintended. To the extent permitted by law, the Licensee shall indemnify and hold harmless REGION 7 ESC from and against any and all claims, liabilities, damages, costs, and expenses (including reasonable attorneys' fees) arising out of or related to the Licensee's use of the DMAC software for pre-/post-test or any other application.

Violations or default by the Licensee of any requirements or restrictions set forth above shall constitute a material breach of this Agreement and shall be pursued to the fullest extent of the law in accordance with REGION 7 ESC's applicable protections under federal and state copyright and trademark laws.

INTERLOCAL AGREEMENT AND MEMORANDUM OF UNDERSTANDING ("MOU") BETWEEN

THE WEBB COUNTY JUVENILE BOARD ("Juvenile Board") AND LAREDO INDEPENDENT SCHOOL DISTRICT ("LISD")

2026-2027 School Year

I.
Background

State law requires juvenile boards and independent school districts in counties with populations of 125,000 or more to jointly provide alternative education options for public school students. Texas Education Code §37.008 requires Laredo Independent School District ("LISD" or the "District") to establish a district-level Disciplinary Alternative Education Program ("DAEP"). The Webb County Juvenile Board ("Juvenile Board") must create a Juvenile Justice Alternative Education Program ("JJAEP") in accordance with §37.011 of the Texas Education Code. Unless otherwise stated, all references to section and chapter numbers in this Agreement are to the Texas Education Code. The JJAEP is not allowed by law to require a student or the parent or guardian of a student to pay any fee, including an entrance fee or supply fee, for participation in the program.

II.
Purpose

This Memorandum of Understanding is between LISD and the Juvenile Board and is intended to do the following:

1. Outline the responsibilities of the Juvenile Board concerning the establishment and operation of the JJAEP:

2. Define the amount and conditions of payments from LISD to the Juvenile Board for students of LISD served in the JJAEP whose placement was not made on the basis of an expulsion under §37.007(a), (d), or (e);

3. Identify those categories of conduct that LISD has defined in its Student Code of Conduct (SCOC) as constituting serious misbehavior for which a student may be placed in the JJAEP;

4. Identify and require a timely placement and specify a term of placement for expelled students for whom LISD has received a notice under §52.041(d) of the Texas Family Code:

5. Establish services for the transition of expelled students to LISD prior to the completion of the student's placement in the JJAEP;

6. Identify a plan that provides transportation services for regular-ed, special-ed., or 504 students placed in the JJAEP;

7. Establish the circumstances and conditions under which a juvenile may be allowed to remain in the JJAEP once the juvenile is no longer under Juvenile Court jurisdiction;

8. Establish a plan to address Special Education services required by law;

9. Address the reimbursement of the JJAEP by LISD for students who are placed in accordance with §37.0081.

III.
Student Eligibility

A. MANDATORY PLACEMENT OFFENSES

Students who are admitted into the public schools of a school district under Section 25.001(b) of the Texas Education Code and who have been expelled from school for an offense enumerated under §37.007(a), (d), or (e) of the Texas Education Code (See Exhibit "A") must, according to State Law, be placed in the Webb County JJAEP pursuant to §37.011(b). The Webb County Juvenile Board should be aware that pursuant to §37.001(a) of the Education Code commission of a §37.007(a), (d), or (e) offense may not lead to a student's expulsion if mitigating factors exist as outlined under §37.001(a), which may preclude LISD from expelling the student. Should a juvenile court proceed to court order the placement of a juvenile, who has committed a §37.007(a), (d), or (e) offense but has not been expelled by LISD, at the JJAEP, then LISD will not be financially responsible for the court ordered placement ("expulsion") of the student.

According to State Law, students who are expelled for offenses under this section of this Memorandum of Understanding ("Section III.A Mandatory Placement Offenses") must be referred to the Juvenile Probation Department for those offenses. If the police report or complaint does not describe conduct which would rise to the level of a Section III.A Offense, the Webb County Juvenile Board may require LISD to provide additional information to support the assignment to Section III A.

B. DISCRETIONARY PLACEMENT OFFENSES

Students who are expelled from LISD while placed in a District-level DAEP are eligible for enrollment in the JJAEP if they continue to engage in serious misbehavior that violates LISD' s Student Code of Conduct or other offenses under §37.007(b), (c), (f) or (i). (see Exhibit “B”) Also, under §37.0081, a LISD student may be expelled and placed into the JJAEP for (a) receiving deferred prosecution under Family Code §53.012, for conduct defined as a Title 5 felony offense or the felony offense of aggravated robbery under Title 7, Section 29.03, Penal Code; (b) being found by a court or jury to have engaged in delinquent conduct under Family Code §54.03 for conduct defined as a Title 5 felony offense or the felony offense of aggravated robbery under Title

7, Section 29.03, Penal Code; (c) being charged with engaging in conduct defined as a Title 5 felony offense or the felony offense of aggravated robbery under Title 7, Section 29.03, Penal Code; (d) being referred to a juvenile court for allegedly engaging in delinquent conduct under Family Code §54.03 for conduct defined as Title 5 felony offense or the felony offense of aggravated robbery under Title 7, Section 29.03, Penal Code; (e) receiving probation or deferred adjudication for a Title 5 felony offense; or (f) for being convicted of a felony offense or the felony offense of aggravated robbery under Title 7, Section 29.03, Penal Code; or (g) being arrested or charged with a Title 5 felony offense or the felony offense of aggravated robbery under Title 7, Section 29.03, Penal Code.

The Student Code of Conduct is adopted by the District's Board of Trustees and has the force of policy. During a legislative year, any state law supersedes the Student Code of Conduct, and the District shall proceed with guidelines and procedures as approved by state law, the Education Code, Texas Penal Code and Texas Education Agency ("TEA"). This includes any changes for mandatory and discretionary expulsions.

C. PRE-ADJUDICATION PLACEMENT

Every expelled student who is not detained or who is not receiving treatment under Court Order must attend the JJAEP pending adjudication and disposition of the offense for which he/she was expelled. Upon proper notification by LISD pursuant to §52.041 of the Texas Family Code, the Juvenile Board's designee shall facilitate the placement of the expelled student in the JJAEP.

D. PLACEMENT OF DETAINEES FOLLOWING RELEASE

Students who are expelled and who have been detained at the Juvenile Detention Center shall attend the JJAEP immediately following their release from the Detention Center. The expelled student's Probation Officer shall notify the Juvenile Board's designee of the expelled student's release from the Detention Center in order to facilitate placement in the JJAEP.

E. PLACEMENT OF STUDENTS ON EMERGENCY EXPULSION

Any student who is placed on emergency expulsion pursuant to §37.019 shall be afforded due process rights under §37.009 and shall be placed in the JJAEP.

F. SERIOUS MISBEHAVIOR/AEP PLACEMENTS

Subject to Section III.B above, students who have been removed from the classroom pursuant to §37.006 of the Texas Education Code, who have been placed in the LISD's DAEP, and who have been placed on deferred prosecution, may attend the JJAEP, at the sole discretion of the LISD.

G. STUDENTS WHO ARE REGISTERED SEX OFFENDERS

This MOU does not provide for the placement of a LISD student who must register as a sex offender. Only those LISD students who are required to register as a sex offender who are ordered by a court to attend the JJAEP will be placed into the JJAEP.

H. ALL OTHER PLACEMENTS

The parties to this Agreement acknowledge that there may be certain students or populations of students not previously identified in this Agreement who might benefit from placement in the JJAEP. During the term of this Agreement, when such placement is allowed by law and when the parties to this Agreement mutually agree in writing, other students or populations of students who do not otherwise meet the aforementioned eligibility requirements may be placed in the JJAEP.

Students between the ages of 10 and 18 years old who are charged for a felony crime or a Title 5, Penal Code offense or the felony offense of aggravated robbery under Title 7, Section 29.03, Penal Code committed off-campus or at a non-school related activity, may be referred by the School District Committee to the JJAEP pending court disposition. Students who have not committed an expellable offense but whose personal behavior consistently disrupts the teaching process and can best be served at the JJAEP, may be placed at the discretion of LISD.

Students considered as adults under the Texas Penal Code and Texas Code of Criminal Procedures and/or charged for a crime as an adult and presently pending adjudication and disposition before any Court in Webb County for a prior offense committed while a juvenile, may be placed in the JJAEP if the District Student Hearings Officer and the Juvenile Court Judge concur.

Where it is advisable or contemplated that a student may withdraw from a School District, the student may be allowed to attend the Webb County JJAEP. A School District Committee comprised of the District Student Hearings Officer and the Campus Administrator, will, within a five-day school period, ascertain the most appropriate placement for the student.

I. PREGNANCY RELATED PLACEMENTS

Students that are placed at JJAEP who require Pregnancy Related Services (Compensatory Education Home Instruction) will be enrolled at and receive services from the home campus. Once the student is released from the services, the student must be withdrawn from the home campus and register at JJAEP to complete the assigned days.

J. HOMEBOUND SERVICES

Students that are placed at JJAEP who require Homebound Services will be enrolled at and receive services from their home campus. Once the student is released from the services, they must withdraw from home campus and register at JJAEP to complete their assigned days.

IV.
Readmission to LISD

A student is required to enroll at the JJAEP and satisfactorily complete the terms of expulsion before he/she can return to a LISD school unless one of the following conditions occurs:

1. The student is acquitted of the offense by a court of law; or

2. The student is determined by the Juvenile Court system to have committed a lesser offense which does not constitute a "Section III.A" or "Section III.B" Offense; or

3. The Webb County Attorney's Office has determined that a petition will not be filed with the Juvenile Court alleging that the student is delinquent or in need of supervision, or has determined that no criminal prosecution will take place based on the facts that formed the basis for the expulsion; or

4. The petition alleging delinquency has been withdrawn (juvenile has been placed on deferred adjudication), then LISD shall consider readmitting the student. If the student is not readmitted, the student shall either remain in the JJAEP until the end of the expulsion period, or he/she may be removed to the LISD's DAEP as LISD deems appropriate.

5. Only after consultation and mutual agreement between the parties, the JJAEP staff may assign back to the School District any discretionary-expelled student that has been determined not to function properly in a JJAEP environment.

6. Upon withdrawal from JJAEP, a student must fulfill admission/residency requirements and obtain approval from LISD's Student Services Department and Student Hearings Office prior to re-enrollment at JJAEP to complete the pending expulsion term. JJAEP must advise LISD's Student Hearings Office of student withdrawal at least two days before completion of student's placement.

7. The length of stay shall not be less than ninety (90) days for a mandatory student, forty-five (45) days for a discretionary high school student, and thirty (30) days for a discretionary middle school student. For those students charged with a drug possession offense of Penalty Group three (3) or four (4), students shall be assigned to JJAEP for not less than forty-five (45) days for high school students and thirty (30) days for middle school students. These minimum lengths of stay do not apply to a finding pursuant to a Level I or Level II hearing conducted by the Superintendent or the Superintendent's designee, or a school board Level III hearing.

V.
Length of Placement

A. MINIMUM LENGTH OF STAY FOR LEVEL I and LEVEL II PLACEMENTS

MANDATORY STUDENTS - The Board and LISD agree that mandatory expelled students who are placed in the JJAEP should remain in the setting for a minimum of ninety (90) school days in order to derive the maximum benefit from the programs and disciplinary techniques offered at the JJAEP. For those students charged with a drug possession offense of Penalty Group three (3) or

four (4), students shall be assigned to the JJAEP for not less than a forty-five (45) day period for high school students and thirty (30) days for middle school students. These minimum lengths of stay do not apply to a finding pursuant to a Level I or Level II hearing conducted by the Superintendent or the Superintendent's designee, or a school board Level III hearing.

DISCRETIONARY STUDENTS - The Board and LISD agree that discretionary expelled high school students who are placed in the JJAEP should remain in the setting for a minimum of forty-five (45) days in order to derive the maximum benefit from the program and disciplinary techniques offered at the JJAEP. The Board and LISD further agree that discretionary expelled middle school students who are placed in the JJAEP should remain in the setting for a minimum of thirty (30) days in order to derive the maximum benefit from the program and disciplinary techniques offered at the JJAEP. These minimum lengths of stay do not apply to a finding pursuant to a Level I or Level II hearing conducted by the Superintendent or the Superintendent's designee, or a school board Level III hearing.

LISD and the JJAEP administrator will consider the impact that the issue of timeliness will have on returning a student to his or her campus. Grades, completion of courses, and awarding of credits will be a major focus.

In the event of overcrowding or at the sole discretion of the JJAEP Principal, the JJAEP reserves the right to return Discretionary Placement Offenders (as set forth in "Section III.B") to his or her home District prior to the term of expulsion or placement.

TERM MODIFICATIONS – Should there be a term modification, LISD will provide notice 5 working days prior to release.

B. MAXIMUM LENGTH OF STAY

Both parties agree that the maximum period of time that a student should be placed in the JJAEP is one (l) calendar year unless the student is placed under Texas Education Code §37.0081.

VI.
Special Education

A. MANIFESTATION DETERMINATION REQUIREMENT

A student who commits an offense under §37.006 or §37.007 and who is classified as a student with a disability under IDEA or Section 504 may be expelled from LISD only after a duly constituted Admission, Review, and Dismissal ("ARD") or Section 504 committee determines that the alleged offense is not a manifestation of the student's disability, in accordance with §37.004 of the Texas Education Code, the Individuals with Disabilities Education Act (IDEA), §504 of the Rehabilitation Act and other applicable State and Federal laws. If the committee determines that a student's conduct is not a manifestation of his or her disability, the student may be expelled and placed in the JJAEP for any length of time otherwise consistent with this MOU.

B. INTERIM ALTERNATIVE EDUCATIONAL SETTING (SPECIAL CIRCUMSTANCES)

In accordance with Section 504 of the Rehabilitation Act, Section 615 (d) (1)(G)(i)(iii) of the Individuals With Disabilities Education Act 2004, and all other applicable State and Federal laws, school personnel may remove a student to an interim alternative educational setting without regard to whether the behavior is a manifestation of the child's disability, in cases where a child, while under the jurisdiction of the State or local educational agency, (1) carries or possesses a weapon to or at school on school premises or to or at a school function; (2) knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school on school premises, or at a school function; or (3) has inflicted serious bodily injury upon another person while at school on school premises, or at a school function. The length of stay in an interim alternative educational setting will be determined by personnel without regard to whether the behavior is determined to be a manifestation of the child's disability, but for not more than 45 school days in accordance with all applicable statutes. The JJAEP may be designated as the interim alternative educational setting.

C. OTHER ASPECTS OF PLACEMENT

For students with disabilities who are adjudicated and placed in the JJAEP by a Juvenile Court, LISD's ARD or Section 504 Committee (as appropriate) may review the student's Individual Education Plan ("IEP") or Individual Accommodation Plan ("IAP") and determine the appropriate educational services to be provided for the student while in the JJAEP. If a student with a disability is being considered for placement at the JJAEP as a result of an ARD or Section 504 meeting, the JJAEP administrator or designee shall be given reasonable notice of the ARD or Section 504 meeting by LISD so that a JJAEP representative may participate in the deliberations of the committee.

D. EDUCATIONAL SERVICES

Students with disabilities who are placed in the JJAEP shall be afforded those educational services determined by a duly constituted ARD Committee, which are required to allow the students to receive a free and appropriate public education as defined by Federal and State law. Both parties understand that the Webb County area is currently experiencing a shortage of certified special education teachers to serve the public-school students. However, the Juvenile Board agrees to use its best efforts to hire a sufficient number of certified special education teachers to meet the needs of special education students assigned to the JJAEP. LISD agrees to provide assistance to the JJAEP in locating qualified individuals who are either fully certified in special education or who meet the requirements for an Alternative or Emergency certificate. The Board agrees to provide academic special education for JJAEP students from LISD. LISD further agrees to be financially and logistically responsible for all other educational support services, related and non-educational services for special education students assigned to the JJAEP as indicated in the ARD and agreed to by the ARD committee.

As per Title 37, Part 11, Section 348.208 of the Texas Administrative Code, JJAEP and the sending school district must collaborate to ensure a student with a disability who receives special education services is provided educational services that will support the student in meeting the goals

identified in the individualized education program established by an ARD committee, in accordance with Section 37.004 of the Texas Education Code, and federal requirements. Each school district must be responsible for providing any auxiliary services outlined in a student's Individual Education Plan (IEP) and/or Behavior Intervention Plan ("BIP:) which are not available at the JJAEP.

E. REFERRAL FOR TESTING/SECTION 504

Any student assigned to the JJAEP who, after a review of all relevant records by representatives of the JJAEP, is suspected to be in need of services under the IDEA or §504 shall be referred to LISD for the determination of eligibility in accordance with applicable Federal and State statutes and regulations. Any student who is assessed for eligibility and who is determined to qualify for services under the IDEA or §504 shall be afforded all required educational services and protections by the school district to the extent that the JJAEP is not able to provide the service and the district is notified of the need to provide the service.

The JJAEP must collaborate with the sending school district to ensure a student who is eligible for services under Section 504 of the Rehabilitation Act of 1973, is provided with services and instruction appropriate to address the student's needs, as determined by a Section 504 committee. In accordance with the Memorandum of Understanding, each school district must be responsible for providing any auxiliary services recommended by Section 504 which are not available at the JJAEP. The Program Administrator must maintain a copy of the Section 504 eligibility determination in the student's file.

F. ENGLISH AS A SECOND LANGUAGE

JJAEP and the sending schools district must collaborate to ensure a student who is non-English speaking or who speaks English as a second language is provided ESL services and instructions appropriate to address the student's needs, as determined by a Language Proficiency Assessment Committee ("LPAC"). In accordance with the Memorandum of Understanding, each school district must be responsible for providing any auxiliary services recommended by the LPAC which are not available at the JJAEP. The Program Administrator must maintain a copy of the LPAC determination in the student's file.

VII.
Transfer Students

If a student who has been expelled from another school district transfers to and enrolls in LISD, LISD may opt to either continue the student's expulsion under the terms of the expulsion order or may place the student in LISD's DAEP for the period specified by the expulsion order or may allow the student to return to regular classes without completing the period of expulsion.

VIII.
Responsibilities of the Juvenile Board

The Juvenile Board shall establish and operate the JJAEP as required by §37.011 of the Texas Education Code and in accordance with applicable State and Federal laws. Academically, the mission of the educational components of the Program shall be to enable students to perform at grade level. The educational program shall focus on English language arts, mathematics, science, social studies, and self-discipline. (Each school district is required by law to consider course credit earned by a student while in a juvenile justice alternative education program as credit earned in a district school.) The program shall administer assessment instruments under Texas Education Code Subchapter B, Chapter 39 and shall offer a High School Equivalency Program. LISD shall assist the JJAEP by providing non-core course work for those LISD students enrolled at the JJAEP who are required to take such course work for graduation purposes, course work not offered by the JJAEP. LISD will make its best efforts to provide those affected students the course work at the JJAEP location. It is understood and agreed that LISD shall not be responsible for any aspect of the operation of the JJAEP unless it is expressly provided in this Agreement and Memorandum of Understanding or is otherwise provided for under State or Federal laws or regulations.

The Juvenile Board shall provide timely educational services to students in the JJAEP who reside in Webb County, regardless of the student's age or whether the juvenile court has jurisdiction over the student. However, the Juvenile Board is not required to provide educational services to a student who is not entitled to admission into the Laredo Independent School District under Texas Education Code §25.001(b).

The Juvenile Board shall provide one Probation Officer to monitor the discipline and/or conditions of probation of all students at the JJAEP.

The Juvenile Board shall provide a hot lunch on each day for all students attending the JJAEP.

IX.
Responsibilities of the Laredo Independent School District

A. NOTICE TO THE COUNTY

LISD shall adhere to the expulsion notice requirements outlined in §52.041(a)-(e) of the Texas Family Code.

B. ACCOUNTABILITY

In accordance with Chapter 37 of the Texas Education Code, accountability for students placed in the JJAEP shall remain with LISD.

C. TRANSFER OF RECORDS

Upon referral of a student in the JJAEP, LISD shall forward to the JJAEP the same records it is required to forward to any public school in which a student seeks to enroll. Records that should be forwarded to the JJAEP include but are not limited to the following student records:

- The student's current transcript including all achievement test records;

- The student's current year report card;
- Withdrawal form, which shall indicate the list of courses in which the student is currently enrolled and the current earned grade in each course for the current grading cycle;
- The student's State Assessment summary, sheet which includes the student's TSDS number/Unique ID;
- The student's Individual Education Plan (I.E.P.), and most recent admission, review, and dismissal (ARD) documents including minutes or in the case of Section 504 students, the student's Individual Accommodation Plan (IAP) and most recent Section 504 Committee documents;
- The student's behavioral manifestation determination;
- The student's immunization records;
- Home Language Survey; and
- The student's current discipline records.

D. LISD's CONTRIBUTION

On expelled students, a recommendation of retention or promotion shall be made by the home school personnel/ designee by the second week of June for students not attending summer school and/or September 4th for those students attending summer school.

1. LISD shall provide a nurse once every other month to the JJAEP for the purpose of offering health screenings for students attending the JJAEP.

2. LISD shall provide one (1) academic guidance counselor to serve the JJAEP a minimum of one time per month while the JJAEP is in session. LISD shall also provide one (1) licensed chemical dependency counselor (LCDC) to serve the JJAEP a minimum of one (1) time per month when the JJAEP is in session. The home campus counselor shall be available for Special Education ARD Meeting.

3. LISD shall make available staff development services to the JJAEP staff by allowing them to participate in these sessions.

4. LISD may lend the JJAEP equipment (desks, chairs, laptops, Chromebooks, iPads, floor machines, carpet vacuums, carpet extractors, etc.) that has been identified for repurposing pursuant to CI (LOCAL). Board Authority

The board may adopt rules and procedures for the acquisition of goods and services. *Education Code 44.031(d)*

Delegation of Authority

The board may, as appropriate, delegate its authority regarding an action authorized or required by Education Code Chapter 44, Subchapter B, to be taken by a district to a designated person, representative, or committee.

The board may not delegate the authority to act regarding an action authorized or required to be taken by the board by Education Code Chapter 44, Subchapter B.

Disaster Delegation

Notwithstanding any other provision of the Education Code, in the event of a catastrophe, emergency, or natural disaster affecting a district, the board may delegate to the superintendent or designated person the authority to contract for the replacement, construction, or repair of school equipment or facilities under Education Code Chapter 44, Subchapter B if emergency replacement, construction, or repair is necessary for the health and safety of district students and staff.

Education Code 44.0312

Purchases Valued at or Above $50,000

Methods

Except as provided by Education Code Chapter 44, Subchapter B, all district contracts for the purchase of goods and services, except contracts for the purchase of produce or vehicle fuel, valued at $50,000 or more in the aggregate for each 12-month period, shall be made by the method, of the following methods, that provides the best value for a district:

1. Competitive bidding for services other than construction services.
2. Competitive sealed proposals for services other than construction services.
3. A request for proposals for services other than construction services.
4. An interlocal contract.
5. A method provided by Government Code Chapter 2269 for construction services [see CV series];
6. The reverse auction procedure as defined by Government Code 2155.062(d).
7. The formation of a political subdivision corporation under Local Government Code 304.001 (purchase of electricity).

Education Code 44.031(a)

Exceptions

Emergency Damage or Destruction

If school equipment, a school facility, or a part of a school facility or personal property is destroyed or severely damaged or, as a result of an unforeseen catastrophe or emergency, undergoes major operational or structural failure, and the board determines that the delay posed by the methods provided for in Education Code 44.031 would prevent or substantially impair the conduct of classes or other essential school activities, then contracts for the replacement or repair of the equipment, school facility, or the part of the school facility may be made by methods other than those required by Education Code 44.031. *Education Code 44.031(h)*

Sole Source

Without complying with Education Code 44.031(a) above, a district may purchase an item that is available from only one source, including:

1. An item for which competition is precluded because of the existence of a patent, copyright, secret process, or monopoly.
2. A film, manuscript, or book.
3. A utility service, including electricity, gas, or water.
4. A captive replacement part or component for equipment.

The exceptions above do not apply to mainframe data-processing equipment and peripheral attachments with a single-item purchase price in excess of $15,000.

Education Code 44.031(j)–(k)

Competitive Bidding

Except to the extent prohibited by other law and to the extent consistent with Education Code Chapter 44, Subchapter B, a district may use competitive bidding to select a vendor as authorized by Education Code 44.031(a)(1).

A district shall award a competitively bid contract at the bid amount to the bidder offering the best value for the district. In determining the best value for the district, the district is not restricted to considering price alone but may consider any other factors stated in the selection criteria. The selection criteria may include the factors listed in Education Code 44.031(b) [see Contract Selection Factors, below].

Except as provided below, Local Government Code Chapter 271, Subchapter B (Competitive Bidding on Certain Public Works Contracts) does not apply to a competitive bidding process under this policy.

Local Government Code Sections 271.026 (Opening of Bids), 271.027(a) (Award of Contract), and 271.0275 (Safety Record of Bidder Considered) apply to a competitive bidding process under Education Code Chapter 44, Subchapter B. [See CVA for these requirements.]

Education Code 44.0351

[For information on additional competitive procedures under the Public Property Finance Act, see CHH.]

Competitive Sealed Proposals

In selecting a vendor through competitive sealed proposals as authorized by Education Code 44.031(a)(2), a district shall follow the procedures prescribed below.

Request for Proposals

The district shall prepare a request for competitive sealed proposals that includes information that vendors may require to respond to the request. The district shall state in the request for proposals the selection criteria that will be used in selecting the successful offeror.

Opening Proposals

The district shall receive, publicly open, and read aloud the names of the offerors and, if any are required to be stated, all prices stated in each proposal. Not later than the 45th day after the date on which the proposals are opened, the district shall evaluate and rank each proposal submitted in relation to the published selection criteria.

Selection

The district shall select the offeror that offers the best value for the district based on the published selection criteria and on its ranking evaluation. The district shall first attempt to negotiate a contract with the selected offeror. The district may discuss with the selected

offeror options for a scope or time modification and any price change associated with the modification. If the district is unable to negotiate a satisfactory contract with the selected offeror, the district shall, formally and in writing, end negotiations with that offeror and proceed to the next offeror in the order of the selection ranking until a contract is reached or all proposals are rejected.

In determining the best value for the district, the district is not restricted to considering price alone but may consider any other factors stated in the selection criteria.

Education Code 44.0352

Interlocal Contracts

"Interlocal contract" means a contract or agreement made under Government Code Chapter 791 (Interlocal Cooperation Act). A district may contract or agree with another local government or a federally recognized Indian tribe, as listed by the U.S. secretary of the interior under 25 U.S.C. 479a-1, whose reservation is located within the boundaries of this state to perform governmental functions and services in accordance with Government Code Chapter 791. A district may agree with another local government and with the state or a state agency, including the comptroller, to purchase goods and services. *Gov't Code 791.003(2), .011(a), .025(a)*

An interlocal contract must:

1. Be authorized by the governing body of each party to the contract;
2. State the purpose, terms, rights, and duties of the contracting parties; and
3. Specify that each party paying for the performance of governmental functions or services must make those payments from current revenues available to the paying party.

An interlocal contractual payment must be in an amount that fairly compensates the performing party for the services or functions performed under the contract. An interlocal contract may be renewed. Notwithstanding item 2 above, an interlocal contract may have a specified term of years.

Gov't Code 791.011(d)–(f), (i)

A district may agree with another local government, including a nonprofit corporation that is created and operated to provide one or more governmental functions and services, or with the state or a state agency, including the comptroller, to purchase goods and any services reasonably required for the installation, operation, or

maintenance of the goods. This provision does not apply to services provided by firefighters, police officers, or emergency medical personnel. *Gov't Code 791.025(b)*

A district that purchases goods and services under Government Code 791.025 satisfies the requirement to seek competitive bids for the purchase of the goods and services. *Gov't Code 791.025(c); Atty. Gen. Op. JC-37 (1999)*

Reverse Auction

A district that uses the reverse auction procedure must include in the procedure a notice provision and other provisions necessary to produce a method of purchasing that is advantageous to the district and fair to vendors. *Local Gov't Code 271.906(b)*

"Reverse auction procedure" means:

1. A real-time bidding process usually lasting less than one hour and taking place at a previously scheduled time and internet location, in which multiple suppliers, anonymous to each other, submit bids to provide the designated goods or services; or

2. A bidding process usually lasting less than two weeks and taking place during a previously scheduled period and at a previously scheduled internet location, in which multiple suppliers, anonymous to each other, submit bids to provide the designated goods or services.

Gov't Code 2155.062(d)

Site-Based Purchasing

If a purchase is made at the campus level in a district with a student enrollment of 180,000 or more that has formally adopted a site-based decision-making plan under Education Code Subchapter F, Chapter 11 [see BQ series], that delegates purchasing decisions to the campus level, Education Code 44.031 applies only to the campus and does not require the district to aggregate and jointly award purchasing contracts. A district that adopts site-based purchasing under this provision shall adopt a policy to ensure that campus purchases achieve the best value to the district and are not intended or used to avoid the requirement that a district aggregate purchases under Education Code 44.031(a). *Education Code 44.031(m)*

Contract Selection Factors

Except as provided by Education Code Chapter 44, Subchapter B, in determining to whom to award a contract, the district shall consider:

1. The purchase price.

2. The reputation of the vendor and of the vendor's goods or services.

3. The quality of the vendor's goods or services.

4. The extent to which the goods or services meet the district's needs.

5. The vendor's past relationship with the district.

6. The impact on the ability of the district to comply with laws and rules relating to historically underutilized businesses.

7. The total long-term cost to the district to acquire the vendor's goods or services.

8. For a contract for goods and services, other than goods and services related to telecommunications and information services, building construction and maintenance, or instructional materials, whether the vendor or the vendor's ultimate parent company or majority owner has its principal place of business in this state or employs at least 500 persons in this state.

9. Any other relevant factor specifically listed in the request for bids or proposals.

Education Code 44.031(b)

In awarding a contract by competitive sealed bid under Education Code 44.031, a district that has its central administrative office located in a municipality with a population of less than 250,000 may consider a bidder's principal place of business in the manner provided by Local Government Code 271.9051. This provision does not apply to the purchase of telecommunications services or information services, as those terms are defined by 47 U.S.C. Section 153. *Education Code 44.031(b-1)*

The factors listed above are the only criteria that may be considered by a district in its decision to award a contract. *R.G.V. Vending v. Weslaco Indep. Sch. Dist., 995 S.W.2d 897 (Tex. App.—Corpus Christi 1999, no pet.)*

Preferences

Agricultural Products

A district that purchases agricultural products shall give preference to those produced, processed, or grown in Texas if the cost to the district is equal and the quality is equal. If agricultural products produced, processed, or grown in Texas are not equal in cost and quality to other products, the district shall give preference to agricultural products produced, processed, or grown in other states of the United States, if the cost and quality of the U.S. and foreign products are equal.

"Agricultural products" includes textiles and other similar products.

"Processed" means canning, freezing, drying, juicing, preserving, or any other act that changes the form of a good from its natural state to another form.

A district may not adopt product purchasing specifications that unnecessarily exclude agricultural products produced, processed, or grown in Texas.

Vegetation for Landscaping

A district that purchases vegetation for landscaping purposes, including plants, shall give preference to Texas vegetation if the cost to the district is equal and the quality is equal.

Education Code 44.042

[For legal requirements applicable to school nutrition procurement, including produce and agricultural products, with federal funds, see COA.]

Recycled Products

A district shall give preference in purchasing to products made of recycled materials if the products meet applicable specifications as to quantity and quality and the average price of the product is not more than ten percent greater than the price of comparable nonrecycled products. Preferences will be applied in accordance with state procurement statutes and rules. *30 TAC 328.203*

Subchapter K of 30 Administrative Code (Governmental Entity Recycling and Purchasing of Recycled Materials) does not apply to a district with a student enrollment of less than 10,000 students. *30 TAC 328.204(a)*

A district regularly shall review and revise its procurement procedures and specifications for the purchase of goods, supplies, equipment, and materials in order to:

1. Eliminate procedures and specifications that explicitly discriminate against products made of recycled materials;
2. Encourage the use of products made of recycled materials; and
3. Ensure to the maximum extent economically feasible that the district purchases products that may be recycled when they have served their intended use.

In developing new procedures and specifications, the district shall encourage the use of recycled products and products that may be recycled or reused.

Health and Safety Code 361.426(b)–(c)

Bidder's Place of Business

In awarding a contract by competitive sealed bid under Education Code 44.031, a district that has its central administrative office located in a municipality with a population of less than 250,000 may consider a bidder's principal place of business in the manner provided by Local Government Code Section 271.9051. This provision does not apply to the purchase of telecommunications services or information services, as those terms are defined by 47 U.S.C. 153. *Education Code 44.031(b-1)*

Notice Publication

Notice of the time by when and place where the bids or proposals, or the responses to a request for qualifications, will be received and opened shall be published in the county in which the district's central administrative office is located, once a week for at least two weeks before the deadline for receiving bids, proposals, or responses to a request for qualifications. If there is not a newspaper in that county, the advertising shall be published in a newspaper in the county nearest the county seat of the county in which a district's central administrative office is located. In a two-step procurement process, the time and place where the second-step bids, proposals, or responses will be received are not required to be published separately. *Education Code 44.031(g)*

Electronic Bids or Proposals

A district may receive bids or proposals under Education Code Chapter 44 through electronic transmission if the board adopts rules to ensure the identification, security, and confidentiality of electronic bids or proposals and to ensure that the electronic bids or proposals remain effectively unopened until the proper time.

Notwithstanding any other provision of Education Code Chapter 44, an electronic bid or proposal is not required to be sealed. A provision of Education Code Chapter 44 that applies to a sealed bid or proposal applies to a bid or proposal received through electronic transmission in accordance with the rules adopted by the board.

Education Code 44.0313

Right to Work

While a district is engaged in procuring goods and services or awarding a contract, or overseeing procurement or construction for a public work or public improvement, a district:

1. May not consider whether a vendor is a member of or has another relationship with any organization; and
2. Shall ensure that its bid specifications and any subsequent contract or other agreement do not deny or diminish the right of a person to work because of the person's membership or other relationship status with respect to any organization.

Education Code 44.043

Contract with Person Indebted to District

The board by resolution may establish regulations permitting the district to refuse to enter into a contract or other transaction with a person indebted to the district. It is not a violation of Education Code Chapter 44, Subchapter B (Purchases; Contracts) for a district, under regulations adopted under this provision, to refuse to award a contract to or enter into a transaction with an apparent low bidder or successful proposer that is indebted to the district.

"Person" includes an individual, sole proprietorship, corporation, nonprofit corporation, partnership, joint venture, limited liability company, and any other entity that proposes or otherwise seeks to enter into a contract or other transaction with the district requiring approval by the board.

Education Code 44.044

Out-of-State Bidders

A district may not award a governmental contract to a nonresident bidder unless the nonresident underbids the lowest bid submitted by a responsible resident bidder by an amount that is not less than the greater of the amount by which a resident bidder would be required to underbid the nonresident bidder to obtain a comparable contract in the state in which the nonresident's principal place of business is located, or the state in which a majority of the manufacturing relating to the contract will be performed. *Gov't Code 2252.002*

This requirement does not apply to a contract involving federal funds. A district shall use the information published by the comptroller under Government Code 2252.003 (Publication of Other State's Laws on Contracts) to evaluate the bid of a nonresident bidder. A district may rely on information published under Government Code 2252.003 to meet the requirements of Government Code 2252.002. *Gov't Code 2252.003–.004*

"Governmental contract" means a contract awarded by a governmental entity, including a public school district, for general construction, an improvement, a service, or a public works project or for a purchase of supplies, materials, or equipment.

"Resident bidder" refers to a person whose principal place of business is in this state, including a contractor whose ultimate parent company or majority owner has its principal place of business in this state.

Gov't Code 2252.001

Professional Services

Education Code 44.031 does not apply to a contract for professional services rendered, including the services of an architect, attorney, certified public accountant, engineer, or fiscal agent. A district may, at its option, contract for professional services rendered

by a financial consultant or a technology consultant in the manner provided by Government Code 2254.003 (Professional Services Procurement Act) (see below), in lieu of the methods provided by Education Code 44.031. *Education Code 44.031(f)*

Professional Services Procurement Act

Selection

A district may not select a provider of professional services or a group or association of providers or award a contract for the services on the basis of competitive bids submitted for the contract or for the services, but shall make the selection and award on the basis of demonstrated competence and qualifications to perform the services and for a fair and reasonable price. *Gov't Code 2254.003(a)*

Definition

"Professional services" means services:

1. Within the scope of the practice, as defined by state law, of accounting, architecture, landscape architecture, land surveying, medicine, optometry, professional engineering, real estate appraising, professional nursing, or forensic science;

2. Provided in connection with the professional employment or practice of a person who is licensed or registered as a certified public accountant, architect, landscape architect, land surveyor, physician, optometrist, professional engineer, state-certified or state-licensed real estate appraiser, registered nurse, or a forensic analyst or forensic science expert; or

3. Provided by a person lawfully engaged in interior design, regardless of whether the person is registered as an interior designer under Occupations Code Chapter 1053.

Gov't Code 2254.002

[For specific information on procuring architectural or engineering services, see CV. For information on procuring services of physicians, optometrists, and registered nurses under certain circumstances, see Government Code 2254.008.]

Contingent Fee Contract for Legal Services

"Contingent fee contract" means a contract for legal services under which the amount or the payment of the fee for the services is contingent in whole or in part on the outcome of the matter for which the services were obtained. The term includes an amendment to a contract for legal services described by this provision if the amendment changes the scope of representation or may result in the filing of an action or the amending of a petition in an existing action. *Gov't Code 2254.101(2)*

Government Code Chapter 2254, Subchapter C provides the manner in which and the situations under which a district may compensate a public contractor under a contingent fee for legal services. That subchapter does not apply to a contract for legal services:

1. Provided to a district under Government Code Chapter 403, Subchapter M; or

2. Entered into by a district for the collection of an obligation, as defined by Government Code 2107.001, that is delinquent [see CCGA(LEGAL) regarding delinquent tax collection] or for services under Government Code 1201.027 [see CCA(LEGAL) regarding issuance of public securities], except that Government Code sections 2254.1032, 2254.1034, 2254.1036, and 2254.1037 do apply to the contract.

Gov't Code 2254.102

A district may select an attorney or law firm to award a contingent fee contract only in accordance with Government Code 2254.003(a) (Professional Services Procurement Act) [see Selection, above] and Government Code 2254.1032.

In procuring legal services under a contingent fee contract, a district shall:

1. Select a well-qualified attorney or law firm on the basis of demonstrated competence, qualifications, and experience in the requested services; and

2. Attempt to negotiate a contract with that attorney or law firm for a fair and reasonable price.

Gov't Code 2254.1032

Specific Purchases

Computers

A district may acquire computers and computer-related equipment, including computer software, through the Department of Information Resources (DIR) under contracts entered into in accordance with Government Code Chapter 2054 or 2157. *Education Code 44.031(i)*

Automated Information System

Memorandum of Understanding
Between
Texas A&M International University
and
Laredo Independent School District
For a Collaborative Literacy Partnership

This Memorandum of Understanding ("MOU or agreement") constitutes and outlines an agreement between Texas A&M International University a state agency and component of the Texas A&M University System, located at 5201 University Boulevard in Laredo, Texas, United States of America ("TAMIU"), and Laredo Independent School District ("LISD", "district"), located at 2400 San Bernardo Ave., Laredo, Texas; jointly referred as "Parties".

1. **PARTIES AND PURPOSE**

The primary goals of the partnership are to provide literacy intervention (tutoring) services to children enrolled in LISD schools who are performing below their target reading level (hereinafter "emerging readers"), and meaningful pre-professional work and/or service-learning experiences for TAMIU students and others. Literacy centers and literacy-related support services will be established in participating schools, providing intervention and support to district-identified emerging readers based on research-based principles and practices. A secondary goal of the literacy partnership is to support best practices in literacy teaching and learning in partnership schools.

2. **TERMS AND DEFINITIONS**

a) The following department shall be contacted for any communications regarding this MOU: Office of LBV Literacy Partnership.
b) This MOU will be implemented in accordance with the rules of Texas A&M International University, the policies of the Texas A&M University System, and other applicable rules, policies, and statues of the State of Texas and its agencies.
c) This MOU shall commence upon the last signature (the "Effective Date") and continue through August 2029. (the "Term") unless earlier terminated as provided herein.
d) The Parties reserve and have the right to terminate this MOU upon service of written notice to the other party 90 days prior to the date of the termination. In this event, the date of termination will be the day after the end of the semester during which the 90 days period expires.

3. **LITERACY PARTNERSHIP FOUNDATION**

Beginning in 2011 at Cuellar Elementary School, the TAMIU Literacy Partnership (herein after "Partnership") was implemented in phases. In 2015 the support of the Lamar Bruni Vergara Charitable Trust enabled a significant expansion of services: since that time, external sources (private and federal) have funded the work of the Partnership along with support from TAMIU, LC, civic organizations, and partner schools. Ongoing Partnership enhancements and refinements will continue as services are adapted to best address the needs of both parties and the children we serve.

4. **PARTNERSHIP OUTLOOK**

As part of the Partnership's continuous improvement and pursuit of sustainability, this memorandum establishes the following expanded and enhanced services for the coming year(s):

a. Tutoring service to emerging readers will be offered two to five service days per week.
b. Partnership staff and district/school staff will collaborate in an ongoing longitudinal evaluation to investigate long-term scholastic outcomes for participating children, as required by funding sources.
c. All partners and stakeholders will pursue a renewed commitment to regularly scheduled communication.
d. The Partnership will continue to offer skilled literacy support for teachers at partner campuses.

5. PARTNER SCHOOLS

The number of partner schools supported by this agreement will vary based on available funding, as well as TAMIU and district priorities.

a. The number of partner schools served will be based on funding each year.
b. Partner schools are designated only by three-way agreement among the school principal, Partnership staff, and the district.
c. Each year, the principal of each partner school will sign a participation agreement that includes the details of implementing Partnership activities at that campus.
d. The process for including different or additional schools in the Partnership is:
    i. No fewer than twelve weeks before the proposed change, the district liaison will arrange a meeting with the Literacy Partnership director and the principals of the potential future partner schools;
    ii. application procedures will be agreed upon at that meeting;
    iii. inclusion of the new school will be determined by unanimous agreement among TAMIU, district, and partner school leaders.
e. In 2019, the trustees of the Lamar Bruni Vergara Charitable Trust continued their long-term commitment to the Literacy Partnership to ensure priority service at two LISD elementary schools. In the event of reduced or loss of other external funding, the literacy centers at LBV-prioritized campuses will remain open, as long as LBV Trust funding is available. LBV-Prioritized campuses will not receive any different level of service, except in the event that other non-LBV funding is reduced or otherwise unavailable.
f. At the time of this agreement, the LBV-prioritized campuses are Ligarde Elementary, Bruni Elementary, and Santa Maria Elementary. These campuses have a history of an open and collaborative partnership with TAMIU. The LBV Partnership and the school district shall convene annually to review district data and mutually identify partner schools.
g. LBV-prioritized campuses may be redesignated based on the priorities of the LBV Trust or based on a revised agreement between TAMIU and the district.

6. AGREEMENTS AND UNDERSTANDINGS

a. Points of communication: TAMIU and the district will identify lead personnel to facilitate and manage Partnership activities and program development. A liaison will be designated at the district level and for each partner campus. Ideally, the campus liaison will be the reading interventionist.
b. Professional development: TAMIU and district personnel will share effective practices in literacy instruction, assessment, and intervention. Partners may collaborate in professional development activities for partner campus personnel.

c. Physical facilities: Partner schools will provide dedicated and furnished space for the literacy center(s) in close proximity to emerging readers (typically first or second grade). Partnership tutors and the partner school's reading interventionist will share the center whenever possible; otherwise, the reading interventionist's workspace must be adjacent to the center.
d. Curriculum materials: partner school(s) will share access to assessment resources, curriculum materials, and library/media resources for collaborative instructional uses with emerging readers. TAMIU will provide basic tutoring resources.
    i. TAMIU will provide a library of leveled books (English). In the event of expansion to other sites, or the addition of Spanish-language tutoring to a site, the district and TAMIU will negotiate shared cost for additional books and materials based on available funding.
    ii. TAMIU will provide basic activity resources (e.g. magnetic letters, dry erase boards, reference materials, posters, print materials) at each tutoring center. These books and materials remain the property of TAMIU and must not be removed from the center except with explicit permission of the Partnership director(s).
e. Partner school personnel (typically a reading interventionist) will identify emerging readers who are performing below their reading level and academic potential. Children will be paired with Partnership tutors at designated times to receive one-on-one literacy intervention and support, under the cooperative supervision of TAMIU and district personnel.
f. Parental permission is required for any component of participation by a child, school or district personnel will obtain and document that permission. If permission is denied, it is the district's sole responsibility to ensure compliance.
g. Virtual Tutoring: District will provide TAMIU tutors with credentials to access the district's remote learning platform, such as Google classroom and Google Meet, to facilitate virtual tutoring, if needed.
    i. Tutors will submit the required district forms to receive credentials and abide by district online policies.

7. MEDIA AND INTELLECTUAL PROPERTY

a. With respect to any copyrighted, trademarked, or licensed materials used in the tutoring centers; whether owned/licensed by TAMIU, the district, or another partner entity, all parties agree to abide by applicable laws and licensing agreements.
b. TAMIU certifies tutors each semester to use the Literacy intervention model Tutor certification expires annually, and ongoing training is required for ongoing certification. Uncertified tutors, or tutors with lapsed certification, are not permitted to use the Literacy Intervention Model
c. As appropriate, school personnel will seek media releases for students to be recorded (photograph, audio, video, or other media) for evaluation, training, or promotional purposes. These artifacts may be utilized by TAMIU and school/district personnel for professional development and program evaluation purposes; and for research if an approved IRB protocol permits their use.
d. TAMIU will obtain and document media releases for participating employees and volunteers.

e. Neither TAMIU nor district personnel or representatives will record any form of media of a child or adult employee or volunteer who declines to sign a media release or who retracts a previous release.

8. TUTORS AND TUTORING OPERATIONS

a. TAMIU will conduct a criminal background check of all TAMIU employees at the time of hire.
b. TAMIU will collaborate with district personnel to ensure that TAMIU- or LC-managed tutors (employed or volunteer) and supervisory staff undergo the district volunteer or student observer screening process before they work with children.
c. If the district wishes to assign district-managed tutors (employed, volunteer, or service learning) to Partnership service, Partnership staff will provide training and periodic fidelity coaching. District staff must oversee clearances and supervision.
d. District personnel will inform Partnership staff of any changes to the screening process in a timely manner. Both parties will collaborate to identify the most efficient, mutually satisfactory clearance processes. TAMIU personnel will provide training, coaching, and fidelity monitoring for Partnership tutors.
e. The partner school reading interventionist or school liaisons are encouraged to provide coaching to tutors in literacy intervention and basic school expectations for professionalism (such as how to participate in and support a school safety drill).
f. A school employee must be present in the center during normal tutoring hours. Ideally this is the reading interventionist. This employee should report unexpected tutor absences to designated TAMIU partners.
g. In addition to one-on-one tutoring, when skilled tutors are available, TAMIU may provide small group early intervention services (typically to kindergarten students) as agreed upon at each campus;
h. TAMIU may add course-related service-learning components to Literacy Partnership services, but these components will not interfere with the effectiveness of literacy intervention services.
i. Tutors are not available to serve students who read at or above the district benchmark. If a partner school's student body becomes so successful that there are not enough students reading below benchmark to fill the tutoring schedule, one or more tutors will be reassigned to another school for the remainder of the semester or year.
j. If a partner school consistently needs the services of fewer than 21/2 tutors (about 15 students, varying by individual tutor and school schedules) then the school principal and reading interventionist, district partner(s), and TAMIU Partnership staff will meet to determine a more appropriate service model for that partner school.

9. RESEARCH AND PROGRAM EVALUATION

a. All personnel and representatives of TAMIU and the district will abide by applicable research regulation and policies.
b. The TAMIU Institutional Review Board (IRB) is the primary IRB regulating the research protocol(s) related to Partnership activity. The district IRB's approval is required by TAMIU's IRB to fully approve a research protocol.
c. The district will designate a liaison for data, evaluation, and research who will collaborate with TAMIU personnel to gather and interpret relevant data. This may require the district data liaison to maintain a research certification record with the TAMIU IRB each year.

d. TAMIU and district personnel will collaborate to share and safeguard relevant data and records for the following purposes:
    i. to ensure clinical interventions are based on accurate assessments;
    ii. so that tutor performance may be evaluated (including teacher candidate tutors);
    iii. for program development and school improvement purposes; and
    iv. for dissemination to partnership funders, stakeholders, and the professional community.
    v. to support long-term program evaluation and research.
e. LISD may be identified by name, as may the names of partner campuses. Private individual participants (children, faculty, tutors, etc....) will not be identified without express written consent. When the individual is a public figure acting in a public role (e.g. the Literacy Partnership Director or similar), an identity may not be feasibly concealable and will be used in accordance with TAMIU research regulations.
f. In all publications, public presentation, or other forms of dissemination, participants' privacy will be protected.

10. <u>GENERAL PROVISIONS</u>

caused such force majeure event(s), shall use reasonable commercial efforts to avoid or remove such causes of nonperformance, and shall continue performance hereunder with reasonable dispatch whenever such causes are removed. Either Party shall provide the other Party with prompt written notice of any delay or failure to perform that occurs by reason of force majeure, including describing the force majeure event(s) and the actions taken to minimize the impact of such event(s).

f. GOVERNING LAW

The validity of this MOU and all matters pertaining to this MOU, including but not limited to, matters of performance, non-performance, breach, remedies, procedures, rights, duties, and interpretation or construction, shall be governed and determined by the Constitution and the laws of the State of Texas.

h. INDEPENDENT CONTRACTOR

Notwithstanding any provision of this MOU to the contrary, the Parties hereto are independent contractors. No employer-employee, partnership, agency, or joint venture relationship is created by this MOU or by LISD's service to TAMIU. Except as specifically required under the terms of this MOU, LISD (and its representatives, agents, employees and subcontractors) will not represent themselves to be an agent or representative of TAMIU or A&M SYSTEM. As an independent contractor, the LISD is solely responsible for all taxes, withholdings, and other statutory or contractual obligations of any sort, including but not limited to workers' compensation insurance. LISD and its employees shall observe and abide by all applicable TAMIU policies, regulations, rules and procedures, including those applicable to conduct on its premises.

i. SEVERABILITY

In case any one or more of the provisions contained in this MOU shall, for any reason, be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provisions hereof, and this MOU shall be construed as if such invalid, illegal, and unenforceable provision had never been contained herein. The Parties agree that any alterations, additions, or deletions to the provisions of the MOU that are required by changes in federal or state law or regulations are automatically incorporated into the MOU without written amendment hereto and shall become effective on the date designated by such law or by regulation.

j. INDEMNIFICATION

LISD shall indemnify and hold harmless A&M SYSTEM, TAMIU, and their regents, employees and agents (collectively, the "A&M System Indemnitees") from and against any third-party claims, damages, liabilities, expense or loss asserted against A&M System Indemnities arising out of any acts or omissions of LISD or its employees or agents pertaining to the activities and obligations under this Agreement, except to the extent such liability, loss or damage arises from an A&M System Indemnitee's gross negligence or willful misconduct.

k. AMENDMENT

The Parties to this MOU understand that it may be necessary to amend and modify this MOU from time to time in order to address additional concerns or issues; however, no amendment, modification, or alteration of the terms of this MOU shall be binding unless the same be in writing, dated subsequent to the date hereof and duly executed by an authorized representative of the Parties hereto and agreed to in writing.

LISD shall submit written notice of a claim of breach of contract under this Chapter to the University Contracts Officer of TAMIU, who shall examine LISD's claim and any counterclaim and negotiate with LISD in an effort to resolve the claim. This provision and nothing in this Agreement waives TAMIU's sovereign immunity to suit or liability, and TAMIU has not waived its right to seek redress in the courts.

m. NON-DISCRIMINATION

Any discrimination by any institution or their agents or employees on account of race, color, sex, age, religion, disability, or national origin in relation to the performance of any obligations or duties under this Agreement is prohibited.

n. NON-WAIVER PRIVILEGES AND IMMUNITIES

TAMIU is an agency of the state of Texas and under the Constitution and the laws of the state of Texas possesses certain rights and privileges, is subject to certain limitations and restrictions, and only has authority as is granted to it under the Constitution and the laws of the state of Texas. The **LISD** expressly acknowledges that TAMIU is an agency of the state of Texas and nothing in this MOU will be construed as a waiver or relinquishment by TAMIU of its right to claim such exemptions, remedies, privileges, and immunities as may be provided by law, including the sovereign immunity of TAMIU.

o. CONFLICT OF INTEREST

LISD certifies, to the best of their knowledge and belief, that no member of the A&M SYSTEM Board of Regents, nor any employee of TAMIU or A&M SYSTEM, has a direct or indirect financial interest in the LISD or in the transaction that is the subject of the MOU.

p. CONFIDENTIAL INFORMATION

A. The Parties anticipate that under this MOU it may be necessary for a Party (the "Disclosing Party") to disclose information of a confidential nature ("Confidential Information") to the other Party (the "Receiving Party"). The Disclosing Party shall clearly identify Confidential Information at the time of disclosure by (i) appropriate stamp or markings on the document exchanged, or (ii) written notice, with attached listings of all material, copies of all documents, and complete summaries of all oral disclosures (under prior assertion of the confidential nature of the same) to which each notice relates, delivered within thirty (30) days of the disclosure to the Receiving Party. Confidential Information shall include all information, data or other content that MEMBER, its affiliates, and their employees, contractors, students, or end-users enter, submit, upload, or otherwise

provide to COLLABORATOR to fulfill the Purpose under this MOU (collectively, the "Member Data").

B. "Confidential Information" does not include information that: (i) is or becomes publicly known or available other than as a result of a breach of this MOU by the Receiving Party; (ii) was already in the possession of the Receiving Party as the result of disclosure by an individual or entity that was not then obligated to keep that information confidential; (iii) the Disclosing Party had disclosed or discloses to an individual or entity without confidentiality restrictions; or (iv) the Receiving Party had developed or develops independently before or after the Disclosing Party discloses equivalent information to the Receiving Party; provided, however, that the above exclusions do not apply to Member Data that is personally identifiable information or other personal or private data that is protected under applicable laws or regulations.

C. The Receiving Party shall handle Confidential Information with the same care that the Receiving Party uses to protect its own information of comparable sensitivity, but not less than reasonable care. The Receiving Party may use Confidential Information only for the Purpose under this MOU and may disclose Confidential Information only to the Receiving Party's employees, contractors, agents, and other representatives ("Representatives") having a need to know the Confidential Information to fulfill the Purpose under this MOU; provided that they are subject to confidentiality obligations not less restrictive than those set forth herein, and the Receiving Party remains responsible for its Representatives' compliance with the obligations under this Section.

D. The Receiving Party shall promptly notify the Disclosing Party of any known unauthorized disclosure, misappropriation, or misuse of Confidential Information and shall take prompt and effective steps to prevent a recurrence of such misappropriation or misuse.

E. If the Receiving Party is legally required to disclose Confidential Information, the Receiving Party shall, to the extent allowed by law, promptly give the Disclosing Party written notice of the requirement so as to provide the Disclosing Party a reasonable opportunity to pursue appropriate process to prevent or limit the disclosure. If the Receiving Party complies with the terms of this Section, disclosure of that portion of the Confidential Information, which the Receiving Party is legally required to disclose, will not constitute a breach of this MOU.

F. The Receiving Party shall, upon request of the Disclosing Party, promptly return or destroy all materials embodying Confidential Information other than materials in electronic backup systems or otherwise not reasonably capable of being readily located and segregated without undue burden or expense, except that the Receiving Party may securely retain one (1) copy in its files solely for record purposes; provided that any such Confidential Information shall remain subject to the confidentiality obligations set forth herein. The Receiving Party's obligations as to Confidential Information will survive the termination or expiration of this MOU for a period of one (1) year.

q. FERPA

For purposes of the Family Educational Rights and Privacy Act ("FERPA"), TAMIU hereby designates LISD as a school official with a legitimate educational interest in any education records (as defined in FERPA) that LISD is required to create, access, receive, or maintain in order to fulfill its obligations under this Agreement. LISD shall comply with FERPA as to any such education records and is prohibited from redisclosure of the education records except as provided for in this MOU or otherwise authorized by FERPA or TAMIU in writing. LISD is only permitted to use the education records for the purpose of fulfilling its obligations under this

MOU and shall restrict disclosure of the education records solely to those employees, subcontractors or agents who have a need to access the education records for such purpose. LISD shall require any such subcontractors or agents to comply with the same restrictions and obligations imposed on LISD in this Section, including without limitation, the prohibition on redisclosure. LISD shall implement and maintain reasonable administrative, technical, and physical safeguards to secure the education records from unauthorized access, disclosure or use.

r. NOT ELIGIBLE FOR REHIRE

LISD is responsible for ensuring that its employees involved in any work being performed for TAMIU under this MOU have not been designated as "Not Eligible for Rehire" as defined in A&M System policy 32.02, *Discipline and Dismissal of Employees*, Section 4 ("NEFR Employee"). In the event TAMIU becomes aware that LISD has a NEFR Employee involved in any work being performed under this MOU, TAMIU will have the sole right to demand removal of such NEFR Employee from work being performed under this MOU. Non-conformance to this requirement may be grounds for termination of this MOU by TAMIU.

This Services Agreement ("Agreement") is entered into and effective upon final signature (the "Effective Date"), by and between Texas A & M International University, a member of The Texas A&M University System ("A&M System") and an agency of the state of Texas (hereafter referred to as "MEMBER"), and Laredo Independent School District, (hereafter referred to as "PROVIDER"). MEMBER and PROVIDER are sometimes hereafter referred to as "Party" individually or "Parties" collectively.

MEMBER and PROVIDER hereby agree as follows:

1. SERVICES

A. PROVIDER will perform the services as set forth in Exhibit A, Statement of Work, attached hereto ("Services"), in accordance with the terms and subject to the conditions contained in this Agreement.

2. PROVIDER OBLIGATIONS

A. PROVIDER will perform the Services in accordance with the standards of care, skill, and diligence expected of a qualified, competent and experienced professional in the provision of the type of services required under this Agreement.

B. PROVIDER will perform the Services substantially in accordance with PROVIDER's documentation, including without limitation, any marketing materials, user guides, technical specifications, training materials, instructions, documented policies or other written materials regarding the Services that are posted, delivered or otherwise made available by PROVIDER to MEMBER.

C. PROVIDER will obtain, maintain in effect, and pay the cost for all licenses, permits, or certifications that may be necessary for PROVIDER's performance of this Agreement.

D. PROVIDER represents and warrants that there are no obligations, commitments, third party rights, or impediments of any kind that will limit or prevent PROVIDER's performance of the Services.

3. TERM AND TERMINATION

A. This Agreement will commence on the Effective Date and continues through May 31, 2029 (the "Term"), unless earlier terminated as provided herein. The Term of the Agreement may be extended for one (1) additional one (1) year periods upon mutual written agreement executed by the Parties; provided that the total term of the Agreement shall not exceed four (4) years from the Effective Date.

B. In the event of a breach of a material term of this Agreement by a Party, the non-defaulting Party may terminate this Agreement upon thirty(30) days' prior written notice to the other Party detailing the nature of the breach and the other Party fails to fully cure the breach within such 30 day period.

C. MEMBER may immediately terminate this Agreement if (i) the PROVIDER's insurance coverage required under this Agreement is cancelled or non-renewed; or (ii) the PROVIDER declares bankruptcy, is placed into involuntary bankruptcy or receivership or becomes insolvent.

D. MEMBER may terminate this Agreement without cause upon thirty (30) days' prior written notice to PROVIDER.

E. In the event that MEMBER terminates this Agreement for cause, MEMBER shall receive a pro-rata refund of any pre-paid amounts.

4. PAYMENT TERMS

A. In full consideration for the Services rendered by PROVIDER under this Agreement, MEMBER shall

DRAFT

pay PROVIDER in accordance with the terms set forth in Exhibit B, Payment Terms, attached hereto. The total compensation to PROVIDER under this Agreement will not exceed one thousand dollars ($1,000) without an amendment to this Agreement.

B. PROVIDER will submit monthly invoices to MEMBER. Each invoice must reference the MEMBER purchase order number (which will be provided to PROVIDER within 15 days of the execution of this Agreement) and include a description of services provided to include but not limited to time, deliverables, and activities along with documentation that MEMBER may reasonably request to support the invoice amount. MEMBER will make payment on a properly prepared and submitted invoice in accordance with Chapter 2251, Texas Government Code (the "Texas Prompt Payment Act"), which shall govern remittance of payment and remedies for late payment and non-payment.

C. For reasonable business-related travel, lodging and/or meal expenses validly incurred directly and solely in support of the Services and approved by MEMBER in advance, PROVIDER will be reimbursed by MEMBER according to the State of Texas rates, rules, and regulations (https://fmx.cpa.texas.gov/fmx/travel/textravel/rates/current.php). When requesting such reimbursement, PROVIDER will submit to MEMBER receipts, invoices and other documentation as required by MEMBER. Under no circumstances will PROVIDER be reimbursed for alcohol purchases. State travel rates are subject to change without notice and will be adjusted accordingly. Mileage rates will be calculated from point-to-point (PROVIDER's place of business to job site) using the State of Texas mileage. Should the Agreement be renewed for an additional term, travel reimbursement amounts will be renegotiated at that time.

D. All payments will be made by electronic direct deposit. PROVIDER is required to complete and submit to MEMBER a Vendor Direct Deposit Authorization form prior to the first payment request. The form can be accessed at:

5. OWNERSHIP OF CREATED WORKS

The Parties intend that all works prepared by PROVIDER under this Agreement ("Deliverables") will be works made for hire and the copyrights and all other rights in the Deliverables will be the sole and exclusive property of MEMBER. If, for any reason, the Deliverables would not be works made for hire, then PROVIDER irrevocably assigns, transfers and conveys to MEMBER, for no additional consideration, all of PROVIDER's ownership, rights, title and interest in and to the Deliverables, including, without limitation, all copyrights, patents, trademarks, trade secrets and other intellectual property rights and all other rights that may hereafter be vested relating to the Deliverables under law. PROVIDER certifies that all Deliverables will be original, or that PROVIDER will have obtained all rights necessary for the ownership and unrestricted use of the Deliverables by MEMBER. PROVIDER shall secure for MEMBER all consents, releases, and contracts and perform other reasonable acts as MEMBER may deem necessary to secure and evidence MEMBER's rights in any Deliverable.

6. CONFIDENTIALITY

A. The Parties anticipate that under this Agreement it may be necessary for a Party (the "Disclosing Party") to disclose information of a confidential nature ("Confidential Information") to the other Party (the "Receiving Party"). The Disclosing Party shall clearly identify Confidential Information at the time of disclosure by (i) appropriate stamp or markings on the document exchanged, or (ii) written notice, with attached listings of all material, copies of all documents, and complete summaries of all oral disclosures (under prior assertion of the confidential nature of the same) to which each notice relates, delivered within thirty (30) days of the disclosure to the Receiving Party.

Confidential Information shall include all information, data or other content that MEMBER, its affiliates, and their employees, contractors, students, or end-users enter, submit or upload to Services or otherwise provide to PROVIDER through use of the Services under this Agreement (collectively, the "Customer Data").

B. "Confidential Information" does not include information that: (i) is or becomes publicly known or available other than as a result of a breach of this Agreement by the Receiving Party; (ii) was already in the possession of the Receiving Party as the result of disclosure by an individual or entity that was not then obligated to keep that information confidential; (iii) the Disclosing Party had disclosed or discloses to an individual or entity without confidentiality restrictions; or (iv) the Receiving Party had developed or develops independently before or after the Disclosing Party discloses equivalent information to the Receiving Party; provided, however, that the above exclusions do not apply to Customer Data that is personally identifiable information or other personal or private data that is protected under applicable laws or regulations.

C. The Receiving Party shall handle Confidential Information with the same care that the Receiving Party uses to protect its own information of comparable sensitivity, but not less than reasonable care. The Receiving Party may use Confidential Information only for purposes of performing its obligations under this Agreement and may disclose Confidential Information only to the Receiving Party's employees, contractors, agents, and other representatives ("Representatives") having a need to know the Confidential Information to fulfill the Receiving Party's obligations under this Agreement; provided that they are subject to confidentiality obligations not less restrictive than those set forth herein, and the Receiving Party remains responsible for its Representatives' compliance with the obligations under this Section.

D. The Receiving Party shall promptly notify the Disclosing Party of any known unauthorized disclosure, misappropriation, or misuse of Confidential Information and shall take prompt and effective steps to prevent a recurrence of such misappropriation or misuse.

E. If the Receiving Party is legally required to disclose Confidential Information, the Receiving Party shall, to the extent allowed by law, promptly give the Disclosing Party written notice of the requirement so as to provide the Disclosing Party a reasonable opportunity to pursue appropriate process to prevent or limit the disclosure. If the Receiving Party complies with the terms of this Section, disclosure of that portion of the Confidential Information, which the Receiving Party is legally required to disclose, will not constitute a breach of this Agreement.

F. The Receiving Party shall, upon request of the Disclosing Party, promptly return or destroy all materials embodying Confidential Information other than materials in electronic backup systems or otherwise not reasonably capable of being readily located and segregated without undue burden or expense, except that the Receiving Party may securely retain one (1) copy in its files solely for record purposes; provided that any such Confidential Information shall remain subject to the confidentiality obligations set forth herein. The Receiving Party's obligations as to Confidential Information will survive the termination or expiration of this Agreement for a period of one (1) year.

7. CUSTOMER DATA PRIVACY

A. MEMBER shall retain all right, title, and interest in and to Customer Data. Furthermore, if the Services provided include content generated by artificial intelligence ("AI"), MEMBER shall retain all right, title, and interest in and to the AI generated outputs.

B. PROVIDER shall, within two (2) days of discovery, report to MEMBER any use or disclosure of Customer Data not authorized by this Agreement or in writing by MEMBER. PROVIDER's report must identify: (a) the nature of the unauthorized use or disclosure, (b) the Customer Data used or disclosed, (c) who made the unauthorized use or received the unauthorized disclosure (if known),

(d) what PROVIDER has done or will do to mitigate any deleterious effect of the unauthorized use or disclosure, and (e) what corrective action PROVIDER has taken or will take to prevent future similar unauthorized use or disclosure. PROVIDER shall provide such other information, including a written report, as reasonably requested by MEMBER.

C. Within thirty (30) days of the expiration or termination of this Agreement, PROVIDER, as directed by MEMBER, shall return in acceptable electronic format all Customer Data in its possession (or in the possession of any of its subcontractors or agents) to MEMBER or, at MEMBER's option, delete all such Customer Data, if return is not feasible. PROVIDER shall provide MEMBER with at least ten (10) days' written notice of PROVIDER's intent to delete such Customer Data and shall confirm such deletion in writing.

8. COMPLIANCE WITH LAWS

A. **General.** Each Party shall comply with all federal, state, and local laws, executive orders, rules, and regulations applicable to the performance of its obligations under this Agreement.

B. **Export Control.** Each Party shall comply with U.S. export control regulations. If either Party desires to disclose to the other Party any information, technology, or data that is identified on any U.S. export control list, the disclosing Party shall advise the other Party at or before the time of intended disclosure and may not provide export-controlled information to the other Party without the written consent of the other Party. PROVIDER certifies that none of its personnel participating in the activities under this Agreement is a "restricted party" as listed on the Denied Persons List, Entity List, and Unverified List (U.S. Department of Commerce), the Debarred Parties Lists (U.S. Department of State), the Specially Designated Nationals and Blocked Persons List (U.S. Department of Treasury), or any similar governmental lists.

C. **FERPA.** If applicable, for purposes of the Family Educational Rights and Privacy Act ("FERPA"), MEMBER hereby designates PROVIDER as a school official with a legitimate educational interest in any education records (as defined in FERPA) that PROVIDER is required to create, access, receive, or maintain to fulfill its obligations under this Agreement. PROVIDER shall comply with FERPA as to any such education records and is prohibited from redisclosure of the education records except as provided for in this Agreement or otherwise authorized by FERPA or MEMBER in writing. PROVIDER is only permitted to use the education records for the purpose of fulfilling its obligations under this Agreement and shall restrict disclosure of the education records solely to those employees, subcontractors or agents who have a need to access the education records for such purpose. PROVIDER shall require any such subcontractors or agents to comply with the same restrictions and obligations imposed on PROVIDER in this Section, including without limitation, the prohibition on redisclosure. PROVIDER shall implement and maintain reasonable administrative, technical, and physical safeguards to secure the education records from unauthorized access, disclosure or use.

D. **Payment Card Industry (PCI) Compliance.** For purposes of this Agreement, "PCI DSS" means the most current version of the Payment Card Industry Data Security Standard administered by the Payment Card Industry Security Standards Council. If applicable, PROVIDER acknowledges and agrees that it is responsible for the security of cardholder data it possesses or otherwise stores, processes or transmits on behalf of MEMBER, or to the extent that PROVIDER could impact the security of the cardholder data environment and agrees as follows:

i. PROVIDER represents and warrants that, as of the Effective Date of this Agreement, it has complied with all PCI DSS requirements and has performed the necessary steps to validate its compliance with PCI DSS. PROVIDER shall maintain such compliance for the Term of this Agreement and send documentation of its most recent validation of compliance to MEMBER annually during the Term of this Agreement. In the event that

PROVIDER learns that it is no longer PCI DSS compliant, PROVIDER will notify MEMBER within two (2) business days of discovery and immediately remediate such non-compliance.

ii. PROVIDER acknowledges that unauthorized access to the cardholder data environment (a "cardholder data breach") resulting from a lapse in PROVIDER's security obligations is grounds for early termination of this Agreement, without penalty and with immediate effect, at MEMBER's discretion. PROVIDER agrees to comply with all laws, rules, and regulations applicable to cardholder data services, including without limitation, those laws requiring notification of individuals in the event of a cardholder data breach.

iii. PROVIDER agrees to indemnify and hold harmless MEMBER from and against any third-party claims, damages, or other harm related to a cardholder data breach. This provision survives termination of this Agreement.

9. INDEMNIFICATION

Subject to the statutory duties of the Texas Attorney General, PROVIDER shall indemnify, defend and hold harmless MEMBER, A&M System, and their regents, employees and agents (collectively, the "A&M System Indemnitees") from and against any third-party claims, demands, damages, liabilities, expense or loss asserted against A&M System Indemnities (each, a "Claim") arising out of or related to (i) an allegation that any of the Services infringe upon, misappropriate, or otherwise violate the intellectual property rights of a third party; (ii) PROVIDER's breach of any certification, representation, or warranty contained in this Agreement; or (iii) any acts or omissions of PROVIDER or its employees or agents pertaining to the activities and obligations under this Agreement, except to the extent such Claim arises from an A&M System Indemnitee's gross negligence or willful misconduct.

10. INSURANCE

PROVIDER shall obtain, and maintain, for the duration of this Agreement, the minimum insurance coverage set forth on Exhibit C, attached hereto.

11. MISCELLANEOUS

A. **Authority to Contract.** Each Party represents and warrants that it has full right, power and authority to enter into and perform its obligations under this Agreement, and that the person signing this Agreement is duly authorized to enter into this Agreement on its behalf.

B. **Entire Agreement.** This Agreement, together with the exhibits hereto, constitutes the entire and only agreement between the Parties relating to the subject matter hereof and supersedes any prior understanding, written or oral agreements between the Parties, or "side deals" which are not described in this Agreement. This Agreement may be amended only by a subsequent written agreement signed by authorized representatives of both Parties.

C. **Force Majeure.** Neither Party shall be held liable or responsible to the other Party nor be deemed to have defaulted under or breached this Agreement for failure or delay in fulfilling or performing any obligation under this Agreement if and to the extent such failure or delay is caused by or results from causes beyond the affected Party's reasonable control, including, but not limited to, acts of God, strikes, riots, flood, fire, epidemics, natural disaster, embargoes, war, insurrection, terrorist acts or any other circumstances of like character; provided, however, that the affected Party has not caused such force majeure event(s), shall use reasonable commercial efforts to avoid or remove such causes of nonperformance, and shall continue performance hereunder with

reasonable dispatch whenever such causes are removed. Either Party shall provide the other Party with prompt written notice of any delay or failure to perform that occurs by reason of force majeure, including describing the force majeure event(s) and the actions taken to minimize the impact of such event(s).

D. **Independent Contractor.** Notwithstanding any provision of this Agreement to the contrary, the Parties hereto are independent contractors. No employer-employee, partnership, agency, or joint venture relationship is created by this Agreement or by PROVIDER's Service to MEMBER. Except as specifically required under the terms of this Agreement, PROVIDER (and its representatives, agents, employees and subcontractors) will not represent themselves to be an agent or representative of MEMBER or the A&M System. As an independent contractor, PROVIDER is solely responsible for all taxes, withholdings, and other statutory or contractual obligations of any sort, including but not limited to workers' compensation insurance. PROVIDER and its employees shall observe and abide by all applicable policies, regulations, rules and procedures of MEMBER and A&M System, including those applicable to conduct on its premises.

E. **Non-Assignment.** PROVIDER shall neither assign its rights nor delegate its duties under this Agreement without the prior written consent of MEMBER. Any purported assignment in violation of this Section will be void.

F. **Non-Waiver of Defaults.** The failure of either Party at any time to require performance by the other Party of any provision of this Agreement will in no way affect the right to require such performance at any time thereafter nor will the waiver by either Party of a breach of any provision be taken or held to be a waiver of any succeeding breach of such provision or as a waiver of the provision itself.

G. **Notices.** Any notice required or permitted under this Agreement must be in writing, and shall be deemed given: (i) three (3) business days after it is deposited and post-marked with the United States Postal Service, postage prepaid, certified mail, return receipt requested, (ii) the next business day after it is sent by overnight carrier, (iii) on the date sent by email transmission with electronic confirmation of receipt by the party being notified, or (iv) on the date of delivery if delivered personally. Upon MEMBER's request, PROVIDER shall promptly deliver to MEMBER (i) a certificate of good standing certified by the appropriate governmental officer in its jurisdiction of incorporation or organization; and (ii) a certificate of fact issued by the Texas Secretary of State.

I. **Severability.** In case any one or more of the provisions contained in this Agreement shall, for any reason, be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provisions hereof, and this Agreement shall be construed as if such invalid, illegal, and unenforceable provision had never been contained herein. The Parties agree that any alterations, additions, or deletions to the provisions of the Agreement that are required by changes in federal or state law or regulations are automatically incorporated into the Agreement without written amendment hereto and shall become effective on the date designated by such law or by regulation.

J. **Survival.** Any provision of this Agreement that may reasonably be interpreted as being intended by the Parties to survive the termination or expiration of this Agreement will survive the termination or expiration of this Agreement.

K. **U.S. Currency.** All amounts payable hereunder shall be paid in United States dollars.

L. **Use of Name.** Each Party acknowledges that all rights in any trademarks, service marks, slogans, logos, designs, and other similar means of distinction associated with that Party (its "Marks"), including all goodwill pertaining to the Marks, are the sole property of that Party. Neither Party may use the Marks of the other without the advance written consent of that Party, except that each Party may use the name of the other Party in factual statements that, in context, are not misleading. The Parties will mutually agree in advance upon any public announcements, or communications to the media regarding this Agreement or the Services to be provided pursuant to this Agreement.

12. STATE AGENCY CLAUSES

A. **Conflict of Interest.** PROVIDER certifies, to the best of their knowledge and belief, that no member of the A&M System's Board of Regents, nor any officer of MEMBER or A&M System, has a direct or indirect financial interest in PROVIDER or in the transaction that is the subject of the Agreement.

B. **Delinquent Child Support Obligations.** A child support obligor who is more than 30 days delinquent in paying child support and a business entity in which the obligor is a sole proprietor, partner, shareholder, or owner with an ownership interest of at least 25 percent is not eligible to receive payments from state funds under an agreement to provide property, materials, or services until all arrearages have been paid or the obligor is in compliance with a written repayment agreement or court order as to any existing delinquency. Under Section 231.006, Texas Family Code, PROVIDER certifies that it is not ineligible to receive the payments under this Agreement and acknowledges that this Agreement may be terminated and payment may be withheld if this certification is inaccurate.

C. **Dispute Resolution.** To the extent that Chapter 2260, Texas Government Code is applicable to this Agreement, the dispute resolution process provided in Chapter 2260, and the related rules adopted by the Texas Attorney General pursuant to Chapter 2260, shall be used by MEMBER and PROVIDER to attempt to resolve any claim for breach of contract made by PROVIDER that cannot be resolved in the ordinary course of business. PROVIDER shall submit written notice of a claim

of breach of contract under this Chapter to the Contracts Officer of MEMBER, who shall examine PROVIDER's claim and any counterclaim and negotiate with PROVIDER in an effort to resolve the claim. This provision and nothing in this Agreement waives MEMBER's sovereign immunity to suit or liability, and MEMBER has not waived its right to seek redress in the courts.

D. **Executive Order GA-43.** To the extent that PROVIDER is providing goods to MEMBER under this Agreement, PROVIDER represents and warrants that the goods are not produced in or exported from the Gaza Strip or from any organization or state actor with ties to Hamas.

E. **Executive Order GA-48.** PROVIDER represents and warrants that PROVIDER is not and, if applicable, none of its holding companies or subsidiaries are (i) listed in Section 889 of the 2019 National Defense Authorization Act ("NDAA") regarding telecommunications and video surveillance; (ii) listed in Section 1260H of the 2021 NDAA regarding Chinese military companies in the US; (iii) owned by the government of a country on the U.S. Department of Commerce's foreign adversaries list under 15 C.F.R. § 791.4 ("15 C.F.R. § 791.4 List"); or (iv) controlled by any governing or regulatory body located in a country on the 15 C.F.R. § 791.4 List. PROVIDER acknowledges that a false certification is a material breach of contract and is grounds for immediate termination of this Agreement with no further obligation on the part of MEMBER or the A&M System. If this Agreement is terminated due to a false certification, PROVIDER will immediately reimburse MEMBER for all prepaid costs.

F. **Franchise Tax Certification.** If PROVIDER is a taxable entity subject to the Texas Franchise Tax (Chapter 171, Texas Tax Code), then PROVIDER certifies that it is not currently delinquent in the payment of any franchise (margin) taxes or that PROVIDER is exempt from the payment of franchise (margin) taxes.

G. **Governing Law.** The validity of this Agreement and all matters pertaining to this Agreement, including but not limited to, matters of performance, non-performance**,** breach, remedies, procedures, rights, duties, and interpretation or construction, shall be governed and determined by the Constitution and the laws of the State of Texas.

H. **Loss of Funding.**

Performance by MEMBER under this Agreement may be dependent upon the appropriation and allotment of funds by the Texas State Legislature (the "Legislature"). If the Legislature fails to appropriate or allot the necessary funds, MEMBER will issue written notice to PROVIDER and MEMBER may terminate or cancel this Agreement without further duty or obligation hereunder. PROVIDER acknowledges that appropriation of funds is beyond the control of MEMBER. In the event of a termination or cancellation under this Section, MEMBER will not be liable to PROVIDER for any damages that are caused or associated with such termination or cancellation.

I. **Non-Waiver of Privileges and Immunities.** MEMBER is an agency of the state of Texas and under the Constitution and the laws of the state of Texas possesses certain rights and privileges, is subject to certain limitations and restrictions, and only has authority as is granted to it under the Constitution and the laws of the state of Texas. PROVIDER expressly acknowledges that MEMBER is an agency of the state of Texas and nothing in this Agreement will be construed as a waiver or relinquishment by MEMBER of its right to claim such exemptions, remedies, privileges, and immunities as may be provided by law, including the sovereign immunity of MEMBER.

J. **Not Eligible for Rehire.** PROVIDER is responsible for ensuring that its employees involved in any work being performed for MEMBER under this Agreement have not been designated as "Not Eligible for Rehire" as defined in A&M System policy 32.02, *Discipline and Dismissal of Employees*, Section 4 ("NEFR Employee"). In the event MEMBER becomes aware that PROVIDER has a NEFR Employee involved in any work being performed under this Agreement, MEMBER will have the sole right to demand removal of such NEFR Employee from work being performed under this

Agreement. Non-conformance to this requirement may be grounds for termination of this Agreement by MEMBER.

K. **Payment of Debt or Delinquency to the State.** Pursuant to Sections 2107.008 and 2252.903, Texas Government Code, PROVIDER agrees that any payments owing to PROVIDER under this Agreement may be applied directly toward certain debts or delinquencies that PROVIDER owes the State of Texas or any agency of the State of Texas regardless of when they arise, until such debts or delinquencies are paid in full.

Cardiac Emergency Response Plan (CERP)

Legislative Authority

In accordance with Texas Senate Bill 865 (SB 865), also known as the Landon Payton Act, school districts are required to establish and implement a Cardiac Emergency Response Plan (CERP) designed to provide a rapid and coordinated response to sudden cardiac arrest and other life-threatening cardiac emergencies occurring on school property or during school-sponsored activities. The law requires school districts to develop emergency response procedures, maintain trained responders, conduct regular cardiac emergency drills, and ensure the availability and accessibility of Automated External Defibrillators (AEDs) to improve survival outcomes during cardiac emergencies.

Laredo Independent School District has adopted this Cardiac Emergency Response Plan (CERP) to meet the requirements of SB 865 and to support the safety and well-being of students, staff, visitors, and community members participating in district activities.

Recognition of a Cardiac Emergency

A cardiac emergency requires an immediate and coordinated response. Cardiac emergencies may result from Sudden Cardiac Arrest (SCA), heart attack, or other life-threatening cardiac conditions. Sudden Cardiac Arrest occurs when the heart's electrical system malfunctions, causing the heart to stop beating effectively and resulting in the sudden loss of blood flow to the brain and vital organs.

Personnel should be alert for the following signs and symptoms of Sudden Cardiac Arrest:

-Not moving, unresponsive or unconscious
-Not breathing normally (not breathing, may have irregular breathing, gasping or gurgling)
-Seizure or convulsion-like activity

***NOTE:** Those who collapse shortly after being struck in the chest by a firm projectile/direct hit may have SCA.

Any employee who observes or suspects a cardiac emergency shall immediately activate the Medical Emergency Response Team (MERT), call 911, and initiate the district's Cardiac Emergency Response Plan (CERP).

Developing a Medical Emergency Response Team (MERT)

- Your Medical Emergency Response Team (MERT) should be comprised of at least 5 people who are able to step away from their tasks to assist when your CERP is activated. It may include the school nurse, coaches, and an administrator. Designate one person to assemble the MERT team in the event of an emergency.
- All team members on the MERT should have current CPR/AED training in accordance with standards set by the American Heart Association, the American Red Cross, or another nationally recognized certifying organization.
- Team members shall be cross-trained and prepared to assume multiple response roles, as necessary, to ensure continuity of emergency operations in the event of staff absences, vacancies, or unforeseen circumstances.

- Laredo Independent School District shall make reasonable efforts to provide CPR/AED training opportunities to additional staff members in order to strengthen campus emergency preparedness and support a rapid response to cardiac emergencies.

Activation of Medical Emergency Response Team during an identified cardiac emergency:

- Members of the Medical Emergency Response Team (MERT) shall be notified immediately whenever a cardiac emergency is suspected. Activation of the MERT will occur through the District's RAPTOR Alert System by pressing the badge three (3) times and sending a message to the team with the description of the emergency and location. Staff will also announce via intercom or walkie-talkie.
- Upon activation, designated responders shall immediately proceed to the location of the emergency. Team members shall retrieve the nearest AED, initiate appropriate emergency response measures, and coordinate care until Emergency Medical Services (EMS) arrives.
- Cardiac Emergency response procedures, including MERT activation, CPR initiation, AED deployment, EMS notification, and post event responsibilities are outlined in the Laredo ISD Emergency Response Protocol.

Automated External Defibrillators (AEDs) – Placement, Installation and Maintenance

- Regularly check and maintain each AED in accordance with the AED's operating manual and maintain a log of the maintenance activity including periods of time where the building or location will not be used for long periods of time, such as summer months when school is not in session.
- Designated staff from the Health Services and Athletics Departments at each campus or site will perform required AED inspections, replace batteries and pads, and ensure AED readiness. A copy of the report will be provided to the Health Services Director and Campus Safety Officer. AED issues shall be reported to the Health Services Director for follow-up.
- Additional Resuscitation Equipment: A resuscitation kit shall be connected to the AED carry case. The kit shall contain latex-free gloves, razor, scissors, towel, antiseptic wipes, a CPR barrier mask, and a dose of Naloxone. Stop the Bleed Kits will be available if needed in the AED storage mount as well.
- AEDs will be stored in a location that is always easily and quickly accessible. AEDs shall be accessible for responding to a cardiac emergency during day and night activities (e.g., sports activities) and after-hours activities (e.g., after-school activities) in accordance with this CERP.
- Each AED should have one set of AED pads ready for use with the device. A pediatric set of pads or a spare set of pads may be available in the AED case based on the population of the campus/site.
- Signage: All AEDs should have clear AED signage to be easily identified. These should be visible from the normal path of travel.
- Locations of the AEDs on campus are to be listed in the Emergency Response Protocol.

Communication of Cardiac Emergency Response Plan (CERP)

- The Emergency Response Protocol should be distributed to:
  - All staff and administrators at the start of each school year, with updates distributed as made.

- All staff should be educated on the protocol at their school yearly.
- All staff should be educated on recognizing the signs of a cardiac emergency that is or may become a SCA, how to activate a response, location of AEDs, and ideally have an introduction to at least hands-only CPR and AED use.
- New staff members should receive the protocol in their orientation materials.
- The protocol will be posted adjacent to each AED and in strategic school campus locations (ex. gym, cafeteria, break room, front office).

Training in Cardiopulmonary Resuscitation (CPR) and AED Use

- Staff training:
  - The MERT team and a sufficient number of staff should be trained in cardiopulmonary resuscitation (CPR) and in the use of an AED. Training shall be renewed at least every two years.
  - The campus administrator will designate the staff members who will receive training based on their job requirements and job duties.
  - The School Nurse or campus administrator shall serve as the Campus Medical Emergency Response Team Coordinator and shall assist with training coordination and implementation of the Cardiac Emergency Response Plan (CERP).
  - CPR/AED certification shall be conducted by an instructor who holds current certification through a nationally recognized training organization and is qualified to provide instruction in accordance with current American Heart Association (AHA) guidelines for CPR. Training may be traditional classroom, on-line, or blended instruction but should include cognitive learning, hands-on practice, and testing.
  - All staff and faculty, regardless if they are a MERT member, should receive annual training on SCA and understand how to recognize a cardiac arrest, how to initiate the response team, where the AEDs in the building are located and how to perform hands-only CPR.
  - Include as many other people as possible (staff, faculty, coaches, volunteers, students, parents, etc.) who can receive additional CPR/AED education and awareness of the plan to ensure an effective response.

Conduct Practice Drills

- Cardiac Emergency Response Drills are an essential component of your CERP. The campus should perform at least one successful Cardiac Emergency Response drill each year with participation from all designated members of the Medical Emergency Response Team (MERT).
- A successful Cardiac Emergency Response Drill is defined as the completion of all required response actions outlined in the Project Adam Drill Checklist, including retrieval, application and operation of an Automated External Defibrillator (AED) in 3 minutes or less.
- Drill reports and supporting documents will be provided to the Health Services Director and Campus/Site Safety Officer.

Local Emergency Medical Services (EMS) Integration with the School Plan

- Laredo Independent School District shall provide a copy of the Cardiac Emergency Response Plan (CERP) to local Emergency Medical Services (EMS) agencies to promote coordination, preparedness, and effective response during cardiac emergencies occurring on District property or at District sponsored events.

Annual Review and Evaluation of the Plan

- Laredo Independent School District will conduct an annual internal review of the CERP for schools. The review should focus on ways to improve the response process.
- A post-event review will be completed following an event. This includes review of existing documentation for any identified cardiac emergency that occurred at the campus or District.

Discussion and presentation on the proposed phasing modification to Cigarroa High School construction project.

Objectives

- Expedite demolition of old Cigarroa High School section L. (Including L-200 and L-300) and North portion of M building.
- This plan will allow the simultaneous construction of new phases 2 and 2.5 eliminating the phasing between them.
- Shortens the delivery time for the entire vocational building for Cigarroa High School.
- Provides added safety by eliminating demolition adjacent to currently utilized instructional areas.

Requirements

- The proposed plan requires the relocation of 6 classrooms currently housed at the L-300 and M wings.
- These 6 classrooms will be relocated as follows:
  - 1 to the new academic wing
  - 1 to the old CMS orchestra area currently utilized by the High School for robotics.
  - 4 classrooms to the south portion of building M (In front of CMS courtyard).
- Access to other Middle School areas will be blocked to ensure safety of students.
- Campus administration will assign personnel to monitor the relocated classrooms.

Discussion and presentation on proposed initiatives to reduce expenditures on instructional supplies.

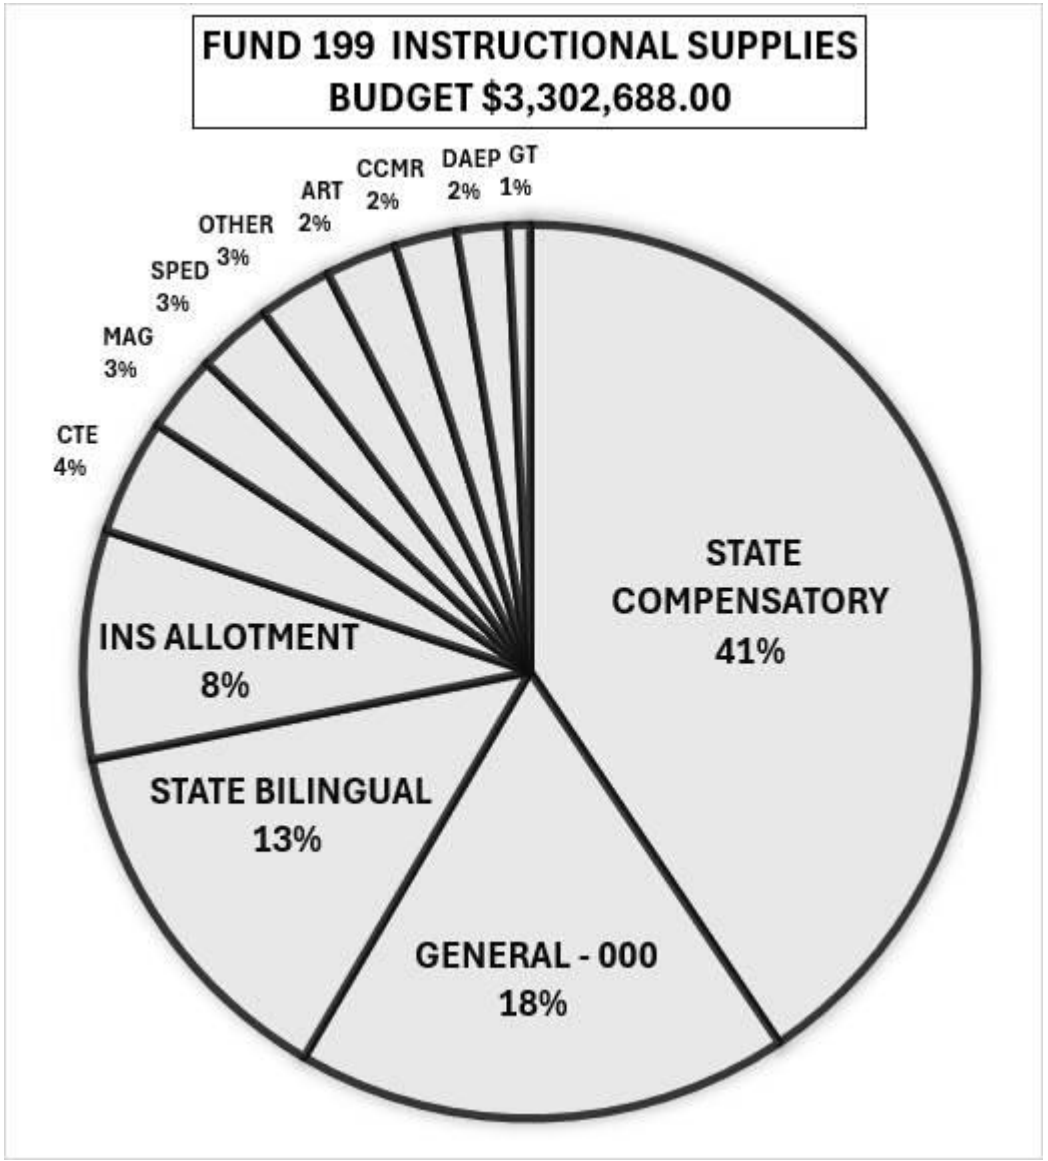

Instructional Supplies

- Currently there are 355 active accounts for Instructional General Supplies across campuses and departments.
- These accounts support a broad range of programs and projects and are based on student enrollment and/or state allotment.
- Meeting with our Finance Department was held on June 10th to discuss a new process to restrict the purchases for instructional supplies and funnel all instructional items needs through our bid items warehouse.
