BP 5138 STUDENT USE OF WIRELESS COMMUNICATION DEVICES

The School Board recognizes that many students possess wireless communication devices. In the school setting, wireless communication devices are permitted, so long as their use is consistent with this policy and does not interfere with the educational process, or with safety and security.

For the purpose of this policy, "wireless communication device" is defined as a portable device that has the capability to provide voice, messaging, or other data communication between two or more parties and includes cellular phones, smartwatches, wireless headphones, tablet computers, laptop computers, and gaming devices.

(cf. 5030, School Discipline and Safety)

Conditions of Use - Wireless Communications Devices

For all students (grades K-12) wireless communication devices should be powered off and stored in a secure place, such as the student's locker or a closed backpack, at all times during school hours. This includes passing periods and school sponsored and supervised activities (e.g., school assemblies, public ceremonies, etc.) that occur during the school day.

Students in grades K-8 may only use wireless communication devices before and after school hours. High school students (grades 9-12) may use wireless communication devices before and after school hours, as well as outside the school building during a student's lunch or free period. High school students should otherwise have devices powered off and put away during school hours.

Exceptions are allowed for students to use a wireless communication device for medical or translation purposes, in the event of an emergency, or when a teacher or administrator of the school grants permission to a student to use a wireless communication device for educational purposes. This policy is not intended to prohibit students from using laptop computers to participate in instruction. This policy is also not intended to limit the ability of students to participate in online classes.

Use of wireless communication devices for students with disabilities will be outlined in a student's Individualized Education Program (IEP) or Section 504 plan, as determined appropriate by the IEP or 504 Team.

(cf. 6159, Individualized Education Program)

The principal may establish, and school personnel may enforce, additional guidelines limiting or prohibiting the possession and use of wireless communication devices as appropriate to campus needs. The learning environment includes all times that a student is in school during the school day and when school sponsored and supervised group activities are held during school hours. This does not apply to extracurricular

activities and events that occur outside of the regular school day. No student may use a wireless communication device in a manner, or at a time, that interferes with or is disruptive of other student's instructional time.

(cf. 6116, Classroom Interruptions)

Students will comply with this policy and with administrative and staff member directives regarding use. Students are required to turn wireless communication devices over to school personnel when requested. Students who refuse to do so are subject to disciplinary action.

A wireless communication device that has been confiscated by the district and not turned over to law enforcement will be released/returned to the parent/guardian when no longer necessary for investigation or disciplinary proceedings. As appropriate, the device may be returned directly to the student.

The district assumes no responsibility for loss or damage to personal property of students, including wireless communication devices, whether in the possession of students or if confiscated by school personnel pursuant to this policy.

(cf. 6116, Classroom Interruptions)

Prohibited Conduct

Possession of a wireless communication device by students is a privilege. This privilege will be forfeited by any student who fails to abide by the terms of this policy or otherwise engages in misuse of the device so as to violate the law or any other school or district rule. In addition to those conduct rules set forth elsewhere, the following actions are strictly prohibited and may result in disciplinary action:

1. Accessing and/or viewing an internet site that is otherwise blocked to students at school.
2. Sending an email, text message, or other communication that harasses, intimidates, threatens, bullies, or discriminates against another individual.
3. Taking, sending, downloading, or uploading a harassing, threatening, or inappropriate photograph of anyone.
4. Using a wireless communication device to take photos in a restroom, dressing room, or locker room, or to take a photo of any person who has requested that you not do so.
5. Using a wireless communication device to record or capture the content of tests, assessments, homework, or class work without express prior permission from the instructor.
6. Hacking or intentionally obtaining, accessing, or modifying files, passwords, or data belonging to others.

(cf. 5131, Conduct)

(cf. 5131.4, Campus Disturbances)

(cf. 5131.41, Violent and Aggressive Conduct)

(cf. 5131.42, Threats of Violence)

(cf. 5131.43, Harassment, Intimidation and Bullying)

(cf. 5131.9, Academic Honesty)

(cf. 5137, Positive School Climate)

(cf. 6161.4, Internet)

(cf. 6161.5, Web Sites/Pages)

Searches

The contents of a wireless communication device may be searched to determine ownership, to identify emergency contacts, or upon reasonable suspicion that a school or district rule or the law has been violated.

6/30/2026 Board Meeting Finance Report

REPORT COVERAGE:

For this board meeting, I am presenting the financial summary through end of day on 6/26/2026.

FY27 BUDGET:

- There is no FY27 budget activity at this time, even though some recent new possible allocations have been approved through Governor Dunleavy's signed budget, since we won't know where our FY27 count will fall until late January, 2027.
- Budget revision for FY27 revenue will be adjusted when the count is confirmed by the state of Alaska's Department of Education.

FY26 REVENUE SUMMARY:

- As promised, the city has funded based upon the actual student count for FY26, resulting in **\$10,191.70** more revenue than we had budgeted for FY26.
- We expect to receive at least the remainder of this line item **\$55,100.45** from CBS for reimbursement for the agreed upon % of utilities as well as some insurance recfunds we expect.
- **\$69,076** eRate revenue will be booked as receivable for FY26 and will be received in July, 2026.
- State Foundation Formula revenue, based upon actual count confirmed, exceeded our budget by **\$257,909.00** and additional Quality Schools revenue totaled **\$117.00**.
- State supplemental budget line for **\$7,000** is **NOT** expected. For FY26, it was a guess based upon past transportation support. NOTE: This is where potential energy aid that is currently being discussed would be listed.
- **\$1,202,050** TRS/PRS on behalf will always show on the revenue side of the balance sheet to offset the expenses we have to book, as they are paid by the state of Alaska, but are never "received".
- **\$5,558** Misc State Revenue includes dividend raffle funds
- We received **\$4,077.00** more from Impact Aid than was expected.
- **\$288,853.85** Forest Receipts/Secure Rural Schools appropriations and was not budgeted for
- 26-100-000-000-162-011 represents preschool revenue (**\$151,085.46**).
- 26-100-000-140-000-040 represents revenue earned through REACH for course fees (**\$5,950**).
- **\$125,000** received to reimburse fro PAC Mgmt contract

FY26 EXPENDITURE SUMMARY:

- Function 200/220-SPED Specialists underbudgeted due to higher needs than expected
- Function 350-eRate reimbursable in July (internet)
- Function 511-reclassified labor for board secretary
- Function 600-Electricity, custodial (some of this will be reimbursed by CBS)

*The State has required all Districts to recognize and report on their financial statements their portion of the TRS/PERS relief as passed by 2008 Legislature appropriation. This causes the total budget to appear inflated by 2,404,470 from the approved 2011 budget due to this recognition. The value is represented in the Revenue section as TRS On-Behalf (2,270,918) and PERS On-Behalf (133,552) and the Expenditure section it is included in the various functions as a portion of benefits (2,404,470). No actual dollars pass through the District.

Dr. Deidre Jenson
Superintendent Report
6/30/26 Board Meeting

Professional Development: Strategy 1: We will identify strategies to close learning gaps and Strategy 5: We will develop an internal and external District communication plan.

- A group of approximately 10 staff and community partners attended the Educator's Confluence in Butte, Montana. The conference focused on two things: instructional strategies and practices to engage all students in learning and culturally responsive school climate, connections enhancement, and school-community engagement.
- Several staff members are attending PowerSchool University, ISTE (International Society for Technology in Education) conference and other select trainings coming soon.
- More staff are attending the Culturally Responsive Education Training in Juneau at the beginning of August.

Retirement Incentive Projects: Strategy 5: We will develop an internal and external District communication plan.

- The following projects are being worked on for retirement incentives: substitute handbook and onboarding tool, student handbooks, mentoring to assist in transitioning new staff and departments and teaching ESY (extended school year for students with special needs).

Capital Improvement Application:

- SERRC came to Sitka on May 25th to spend a few days working with the Maintenance department and Superintendent. We made great progress on our application for September, and Mr. Giron is confident that we will have a complete application this September.

Food Service Update: (Strategy 5: We will develop an internal and external District communication plan.)

- Our goals for next year are as follows:
 - engage students further in sampling
 - invite families to join students at mealtimes
 - increase school lunch participation
- We are waiting for final expenditures and revenues; then I will be able to give you more information about our ending balance.

Additional State Funding:

- Governor Dunleavy signed the state budget on Wednesday, June 24th with some line-item reductions, including teacher incentives.

- The budget did provide energy relief for school districts. Sitka's appropriation is \$324,860.
- The budget also included almost \$150M for school maintenance and construction. This means more projects will be approved than in recent years (33 projects on the current list).
- It also left a one-time funding of approximately \$458 increase to the BSA equating to an additional \$1,122,803.98. We will likely not be making a budget revision regarding revenue until after our count has been verified by the state later in the year.

Kindergarten Day: We are changing the length of the kindergarten day to match the 1st grade schedule. This is requiring some logistical troubleshooting for parent pickup; we are working through that with the maintenance department and bus company.

Superintendent Travel: Personal time mid-July.

Agenda Item Details

SSD MEMORANDUM #014 (2025-26)

June 30, 2026

TO: SCHOOL BOARD
FROM: DEIDRE JENSON, SUPERINTENDENT
SUBJECT: Technology Purchase for SY27

RECOMMENDATION: Approval for Technology Refresh Purchase

PERTINENT FACTS:

- If our congressionally directed funding makes it through the final approval committee with the budget submitted, we would receive \$631,000.
- The quotes would cover a refresh for K-12 and would cost \$641,177, leaving \$10,177 to be covered from general fund from the technology supplies line item.
- If we get a one-time BSA increase and a 6% transportation increase, a rough estimate from the state would equal \$566,133. This does not include the energy relief or reading incentives.
- We want to get this approved so if this comes through by the end of June, we can purchase without waiting for another board meeting.
- If our additional funds from the state does NOT meet the need of \$631,000 within \$25,000, we will bring it back to the board for further consideration.

SSD MEMORANDUM #013 (2025-26)

June 30, 2026

TO: SCHOOL BOARD
FROM: DEIDRE JENSON, SUPERINTENDENT
SUBJECT: Verkada Security license subscription

RECOMMENDATION: To approve the 5-year subscription for the Verkada security licenses.

PERTINENT FACTS:

- Verkada subscription includes 88 camera licenses, 3 door licenses, and 20 vape sensor licenses.
- Verkada license pricing will be increasing soon with additional increases every year after this year.
- Purchasing multiple-year subscriptions gives us a discount; it also locks in the price, avoiding annual increases.
- Savings from 3 year vs. 1 year - \$12,660,51 plus any inflationary increases.
- Savings from 5 year vs. 1 year - \$20,725.43 plus any inflationary increases.
- We are not likely to change companies soon, which would require new hardware and increase the costs even more.

SSD MEMORANDUM #015 (2025-2026)

June 30, 2026

TO: SCHOOL BOARD
FROM: DEIDRE JENSON, SUPERINTENDENT
SUBJECT: Network Equipment Purchase

RECOMMENDATION: To approve the network equipment purchase from AKA Comp Solutions for the approximate cost of \$223,925.90.

PERTINENT FACTS:

- **E-Rate** is a federal program administered by the Universal Service Administrative Company that helps schools and libraries offset the cost of internet, network equipment, and telecommunications by reimbursing a percentage of eligible expenses based on district need. SSD contracts with an E-Rate consultant to manage the application and compliance process, and through the **BEAR (Billed Entity Applicant Reimbursement)** method, SSD pays eligible costs up front and is reimbursed by USAC—typically in July—while accruing that revenue back into the previous fiscal year.
- This network equipment would typically cost \$500,000 on the market; however, Juniper worked with AKA to reduce the costs to match our e-rate reimbursement amount.
- This network equipment is required for district internet access.
- This is a one-time purchase that will be good for five (5) years. We could stay with our current equipment, but to update and continue use, it would cost us more than this quote, and would only cover one year, not five.
- Even though the equipment cost is \$223,925.90 up front, we will be reimbursed approximately 70% of that through BEAR, leaving our cost at \$67,177.71, which is already accounted for in the FY27 budget.

About Us

AKA Comp is a Chicago based technology solution provider, with a specialization in incorporating technology with the school curriculum in a very seamless way. We do not provide ready made solutions but rather we research with our client's needs and develop a tailored solution to meet their vision.

Over the past 15 years AKA Comp has closely worked with many different schools in the Chicagoland area both from the technical as well as the academic side to understand the needs for integration of technology in the classroom. We have assisted these schools in achieving a new level of acquaintance with the technology to provide the teachers with greater efficiency thus also improving retention level in students.

Our Engineers are well qualified to provide high quality services and maintenance in a very cost effective manner. We not only render technical services but also provide professional development sessions for the administration as well as the staff members to get them acquainted with the newly deployed services.

Dear Sitka School Board Members,

I am writing to express my interest in being appointed to fill one of the vacant School Board Seats for the remainder of the current term. Having worked in education in Sitka and across Alaska, and as someone whose family is deeply invested in this community, I would welcome the opportunity to serve in this role. My professional background spans teaching, counseling, special education leadership, school administration, and statewide educational support, giving me a broad perspective on the opportunities and challenges facing public schools. My time working within the Sitka School District, along with leadership roles at Mt. Edgecumbe High School and broader work supporting Alaska schools, has given me both firsthand operational experience and a systems-level understanding of education.

Beyond my professional experience, this is personal for me. Sitka is home, and my family has chosen to put down our roots here. One of my children will be attending 3rd Grade at Keet Gooshi Heen next year, with a second soon to follow, giving me an even greater appreciation for the importance of strong governance, thoughtful leadership, and a school system that serves all students well today and into the future. As both an educator and a parent, I understand the importance of balancing long-term vision with practical decision-making, maintaining trust with staff and families, and keeping students at the center of every conversation.

I also believe this is a particularly important time for Sitka's schools. Public education is navigating significant challenges and opportunities, from supporting student achievement and staff retention to responding thoughtfully to changing community needs and financial realities. My professional background has given me experience working through complex educational issues with a focus on collaboration, problem-solving, and keeping the bigger picture in mind. I would welcome the opportunity to bring that perspective to the board while helping ensure Sitka's schools remain strong, responsive, and focused on the success and well-being of every student.

I would bring a collaborative leadership style, a practical understanding of educational systems, and a commitment to listening carefully, asking thoughtful questions, and working constructively toward solutions. I respect the critical role of school board governance and the importance of supporting district leadership while maintaining clear governance boundaries. It would be an honor to serve the Sitka community in this capacity, and I appreciate your consideration.

Sincerely,
Matthew L. Potter

Subject: EXTERNAL: Interest in Sitka School District Board Vacancy

[EXTERNAL EMAIL - CAUTION: Do not open unexpected attachments or links and beware of requests for information.]

Dear Sitka School District Board,

I am writing to express my interest in filling one of the currently open seats on the Sitka School District Board. As a member of the Sitka community, I care deeply about the success and well-being of our students, staff, and schools.

With my background in healthcare, including administration, I have experience with policies, budgets, creating safe working environments, and making tough decisions for the benefit of the organization. I value collaboration, close-loop communication, and thoughtful decision-making, and I would be committed to contributing positively to the Board's work.

I am aligned with the district's current goals and would support efforts to ensure:

- Every student achieves at least one year of measurable growth each school year
- All students successfully graduate
- Every middle and high school student has a clear post-graduation plan
- All students have access to the mental health supports they need

I would welcome the opportunity to serve the district and help ensure that our schools continue to provide a strong, supportive educational environment for every student.

Please let me know if you need any additional information to support my application. Thank you for your time and consideration.

Sincerely,
Kat Richards
