\*Public participation is limited to the designated open forum portion of a meeting. Members of the community are encouraged to participate in school district affairs through this special section of the agenda set aside for that purpose. All constructive views and suggestions are welcome and will be considered.

Patrons who are concerned with problems relating to specific school operations are expected to first go through regular channels. Board action will not be taken unless regular channels have been pursued, except in an emergency.

When speakers lodge complaints, a 'code of ethics' is expected - one which: avoids 'first person' by addressing condition/position; is positive and constructive; is suggestive of remediation; and reflects district/patron team effort. Speakers should please limit their remarks to five minutes. Delegations of more than five persons shall appoint one person to present their views before the Board. Your cooperation will assist the Board in conducting an orderly/timely meeting. I

The Board shall not deliberate or decide regarding any subject that is not on the agenda posted with notice of the meeting. Should a topic presented require study, investigation, or cannot be legally handled during the current meeting. (and if it so merits) it may be placed on a future Board agenda for further consideration and resolution.
