Ninnekah Public Schools Policy AF

Adopted August 18th, 2022

Public Participation at Board Meetings: The purpose of a Board meeting is for the Board to conduct district's business and deliberate and act upon matters before the Board, unless the Board is specifically conducting a public hearing on a matter. The public is encouraged to attend and to observe meetings of the Board and to participate whenever a public hearing is being held. Members of the public shall not be recognized while the Board is conducting its official business.

Public participation time will be available at all regular meetings. Persons may complete the required form and request to address the Board during the Public Comment section of the agenda so long as such request is made more than twenty-four hours prior to the posting of the agenda. If the request to address the Board is approved, each person or group addressing the Board shall be allowed three (3) minutes to address the Board on matters/items which are listed on the agenda. Groups consisting of three (3) or more persons shall designate a spokesperson who shall speak for and represent the group. The Board President will recognize speakers, maintain proper order, and comply with time limits.

Persons addressing the board shall not be permitted to engage in defamatory conduct and shall not engage in disruptive behavior. The Board will not tolerate personal attacks on members of the Board, the administrative staff, or any employee.

Board Members and District Administrative Staff are not required to respond to questions or comments from the public since doing so could be in violation of the Oklahoma Open Meeting Act. The Board will not take any action on an item addressed by the public unless such item is properly posted on the agenda as an action item or is properly considered new business as defined by law.

11. Consent Agenda:

All of the following items, which concern items of a routine nature normally approved at board meetings, will be approved by one vote unless any board member desires to have a separate vote on any or all items. CONTRACT FOR GOVERNMENTAL SERVICES
GRADY COUNTY AND NINNEKAH PUBLIC SCHOOL DISTRICT

This Contract for Governmental Services entered pursuant to 69 O.S. 1903 and 74 O.S. 1008 is entered into by and between the BOARD OF COUNTY COMMISSIONERS, GRADY COUNTY, OKLAHOMA, hereinafter referred to as "COUNTY" and the Ninnekah Public School District, hereinafter referred to as "NPS District," effective July 1, 2026. The governing boards of Grady County, Oklahoma and the Ninnekah Public School District, find that it is to the mutual benefit of the citizens of both the NPS District and the COUNTY, to approve this Agreement of Mutual Cooperation pertaining to maintenance, construction, improvements and repair of certain projects within the School District and County.

WHEREFORE, in mutual consideration of the promises and covenants herein made, the parties agree as follows:

AS TO THE PARKING LOT(S) IN THE NPS District:

1. If the NPS District determines a need for construction, maintenance, improvement or repair on a NPS District project, the NPS District may make a written request for help with the labor and/or equipment to accomplish the maintenance, construction, improvements, or repair to the appropriate County Commissioner.
2. The NPS District request shall be in writing and shall state the scope of the proposed work, that part to be done by the NPS District and that part to be done by the COUNTY and the proposed time frame for the completion of the work.
3. Unless otherwise agreed to in writing, engineering for each project shall be the sole responsibility of the NPS District. The NPS District will determine and properly mark (sign) all detour routes, provide signage for all projects and ensure all utility lines/locations are properly identified for all work sites.

4. The COUNTY'S services to the NPS District pursuant to 69 O.S. 1903 will be provided in consideration of the NPS District service to the COUNTY.
5. The COUNTY retains the right to perform all work requested, part of the work requested or none of the work, at the sole discretion of the COUNTY, with or without cause.
6. Provided further, the NPS District hereby promises, covenants, and agrees to indemnify, hold harmless and pay any judgments rendered against the COUNTY for any suit or damages recovered by any third party against the COUNTY arising out of COUNTY'S service rendered to NPS District under this agreement. However, the parties agree that NPS District shall have no duty to indemnify COUNTY for injuries or damages to COUNTY'S agents and employees and shall have no duty to indemnify COUNTY for COUNTY'S own negligent acts or omissions.
7. Nothing in the Agreement shall be deemed to waive the Oklahoma Governmental Tort Claims Act, Title 51 Oklahoma Statutes Section 151 et seq.
8. This agreement shall be effective from the date of signing by, and proper approval of, all necessary parties herein through the end of the current and existing fiscal year.
9. This agreement shall automatically renew for a term reflecting and matching the following fiscal year unless one of the parties notifies the other parties of its intent not to renew said agreement. The notification of non-renewal shall be in writing and delivered to the other parties within forty-five (45) days of the expiration of the current and existing fiscal year. Any such automatic renewal shall be for one (1) instance or fiscal year only.
10. In the event of breach of this agreement by either party, the aggrieved party may terminate this agreement upon written notice to the breaching party.

Facility Use

OSIG members are frequently approached by various groups to use the members' facilities. These requests can range from using one room for a meeting, to sports events in the gymnasium and social events, such as reunions or chili suppers, in the cafeteria. The groups and uses can vary widely from member to member. Each of these requests can create potential liabilities for the OSIG member so we have developed several methods to assist in eliminating or transferring the risk.

This section gives you several methods of assessing and dealing with the risks associated with having the public use your facilities. There are three sections:

1. **Facility Use Request Form-** This is a form to be completed by each group wanting to use your facilities. When completed, you will have an understanding of the group and the event and can use this to determine the best way to protect your district against potential suits. (Note: There is a "sample" form, followed by a blank form. You can fill in the key blocks on the blank form in advance and then copy it for use as needed.)
2. **Certificates of Insurance-** Once you have approved the use of your facility by an organization you need to determine if they have insurance. If they do, you will need to obtain a Certificate of Insurance that confirms their coverage. The procedures in this section are intended to help you get a Certificate with the proper wording that can maximize your protection.
3. **Hold Harmless Agreements-** If a group or organization does not have insurance you have two choices; they can purchase a Special Events policy available through the OSIG Administrators or they can sign a Hold Harmless Agreement. This section has procedures concerning these, as well as three sample agreements developed by a law firm. Note: Hold Harmless Agreements may also be called Indemnity Clauses and are required in addition to insurance in construction or service contracts. The enclosed agreements are not intended to be used for construction or service contracts. Those should be crafted by your district's legal counsel.

If you have any questions about any of these sections, please call the OSIG Administration Team at Gallagher Oklahoma @ 866-444-0061.

Risk Assessment

Risk Management is the business of identifying your loss exposures (risk), and effectively dealing with them. There are basically three means of dealing with risk: 1) you can eliminate the risk entirely; 2) you can transfer the risk; 3) you can assume the risk. There is also a combination of 2 and 3, in which you assume the normal risk, and then transfer the catastrophic risk to an insurance company. This combination is called self-insurance.

Regardless of the type of business you are in, you are at risk. To protect the investment of OSIG and its members, someone is charged with the responsibility of identifying and managing risk. To properly carry out this function, you need to develop standardized procedures to effectively deal with an element of exposure that may affect your investments. This is the exposure you pick up when dealing with contractors, vendors or organizations. Your day-to-day business transactions of simply allowing someone to use your property may cause a financial strain on your program, because you failed to effectively identify and transfer those exposures. It is very commonplace in today's legal system to bring anybody and everybody into the lawsuit. The lawyers and courts are looking for a source to get money for an injured party. In many cases, you can get out of a lawsuit, if there is no negligence on your part, but you will still have to pay defense costs. There may also be a situation where an employee of a contractor you hired is injured. If the contractor failed to carry Workers' Compensation insurance, your insurance would be held vicariously responsible for that employee.

For these and numerous other possibilities, it is most important that Certificates of Insurance or Hold Harmless Agreements be obtained from all contractors, vendors, groups/organizations and individuals that you deal with, regardless of whether or not it is a contractual arrangement or gratuitous arrangement. Remember, each time some other party becomes involved, they change your exposure, and in some instances, that exposure may be far greater than what you anticipated.

With this in mind, we developed the Facility Use Request Form to assist you in assessing the potential risks you may face from allowing various groups to use your facilities. In addition, there are various recommendations regarding obtaining and follow-up procedures for Certificates of Insurance and Hold Harmless Agreements.

Certificates Of Insurance

All contractors, vendors, organizations, or groups that indeed carry insurance should be required to provide a Certificate of Insurance. The Certificate of Insurance is a method to evidence insurance.

Your school district should be named as an Additional Insured. This means their policy would defend you if a claim arose because of the other party's negligence. The importance of the Certificate of Insurance naming your school district as an Additional Insured cannot be over emphasized.

It is important to request a Certificate of Insurance. The following suggested procedures should be established with regard to obtaining, monitoring and reviewing Certificates of Insurance.

After a Certificate of Insurance is received, it should be reviewed for the following:

- a. The name insured is the same as that on the contract.
- b. All coverages are sufficient to cover the exposure.
- c. After the contract is signed, you should establish a diary system to make sure the Certificate is received within a reasonable amount of time, usually, no longer than 30 days.
- d. The policy limits should be adequate. In most cases, the limits should be no less than \$1,000,000, and if an exposure dictates, the limits should be increased.
- e. Check the policy expiration dates to make sure they cover the contract period. If the policy expires before the contract terminates, then there should be a diary system to follow up approximately 30 days before the expiration date, and request an updated certificate.
- f. Check to make sure the legal name of your district is named as an "Additional Insured" on the Certificate. The wording "Additional Insured" must appear on the certificate. Having the name appear only in the box "Certificate Holder" is not sufficient.
- g. The wording in the cancellation clause should be changed from "endeavor" to "will notify", and the wording "failure to mail such notice shall impose no obligation or liability of any kind upon the district", should be taken out. There should be at least 30 days cancellation notice provided.
- h. Make sure that the person signing the Certificate has the authority to do so. You can require such evidence (A handwritten certificate is not acceptable.)

- i. The Certificate of Insurance should be maintained until the Statute of Limitations expires.
- j. When it is determined that the possible exposure is severe, you should request a copy of the policy. Normally this will be the exception, not the rule.
- k. We would also suggest that a description of the contractor, vendor, organization or group, duties and exposures be sent along with the contract to your office. In this way, you will know what coverage and limits should be required.

Although the process of requiring, reviewing and following up on Certificates of Insurance may seem like a menial and tedious task, it is one of the most important tools in an effective Risk Management System.

Hold Harmless Agreements

If the entity or organization does not have insurance, a Hold Harmless Agreement should be required. There are three sample agreements following this page.

The first is used when an individual is participating in a specific event and the school district requires an acknowledgement that insurance is not provided by the district.

The second is for a group or organization wanted to use your facilities.

The third agreement is for groups who will use the facilities on a periodic basis, such as a basketball or volleyball league, which will use it over a period of several weeks. All participants should sign that agreement.

NOTE: Hold Harmless Agreements should also be in situations where the other party has insurance, such as in construction or service contracts.

1. All contracts should have an Indemnity/Hold Harmless Clause built in. The insuring agreements should provide a Hold Harmless protecting you from any and all claims. Your attorney should review any contract before it is signed.
2. Your attorney should review any special requests that require a waiver of your rights, such as a waiver of subrogation interests or the transferring of any risk to your institution. These could create situations that are not in your best interest.
