October 2024 Board Meeting Board Report

Krista Nieraeth, Superintendent and Special Education Director

1. CTE Building

The final touches are now what we need to have the building fully completed. We will be having electrical work done to increase the amount of power outlets. The equipment and materials that were ordered from the SIA grant have fully arrived and are being used. We hosted an Open House for the building on October 2nd and it was well attended. We had the community visit, as well as representatives from Benton Community Foundation, Benton County Sheriff's Office, Senator Anderson's Office, Linn Benton Lincoln ESD, Harrisburg School District, and Lebanon High School. Current Benton County Commissioner Pat Malone also attended. Our district is very lucky to have such great support from our community and region and we are excited to show off the amazing things that are happening in our district.

2. VCSA Update

The Valley Coast Superintendent Association has been meeting to discuss our ESD's Local Service Plan (LSP) for our region for the upcoming year. Approximately 4% of the State School Fund goes directly to the ESDs to help fund services for regions. Services that Alsea uses from the ESD include SPED services, technology, finance, and school improvement. Currently, the superintendents are working to advise the ESD on priorities in our region and how money from the state can be best spent on ensuring programs in our region are suited to best serve our students.

3. PLC – K – 6 Literacy

Mrs. Shunk and Mr. Pearson are working with our elementary teachers (both in Brick and Mortar and at LaHO) to create professional development through Professional Learning Communities (PLC) that focus on best practices in literacy. Once a month, for 45 minutes, Mrs. Shunk and Mr. Pearson lead this group in looking at data and how to implement best teaching practices. During this time, teachers are broken up into grade level bands to discuss ideas of implementation in their grades.

4. SIOP (Sheltered Instruction Observation Protocol) Districtwide Training

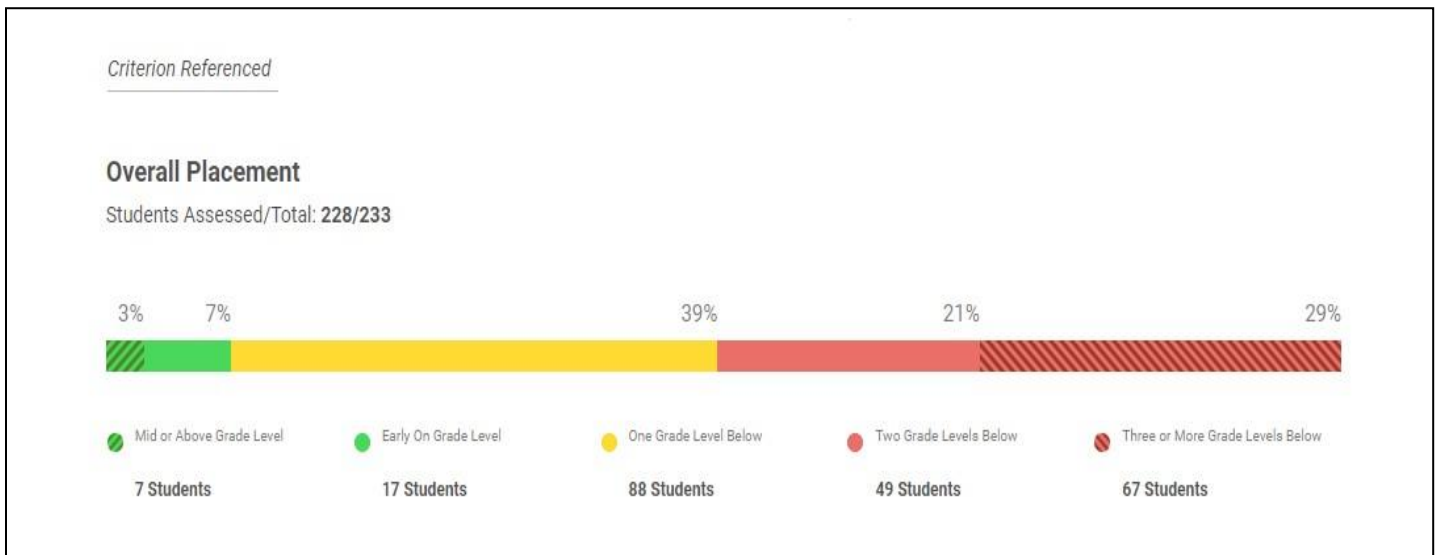

As a part of the District's Title III plan, we will be hosting a Districtwide PD on October 11th for the SIOP (Sheltered Instruction Observation Protocol) Model for all of our teachers K - 12. Ms. Pinion, our 3rd grade teacher and ELL coordinator, will be conducting this training. Last year, she became a certified trainer in this protocol. The goal of SIOP is to help teachers integrate academic language development into their lessons, allowing students to learn and practice English as it is used in the context of school, including the vocabulary used in textbooks and lectures in each academic discipline. This protocol is great for our ELL students, but also great for ALL students, as it helps teachers use strategies that explain concepts and information in a way that is comprehensible to all students.

6. Facilities / Transportation Update

Mr. Elbers is continuing to finish up projects around the school, including the parts of the CTE building project that fall under the district's scope of work. He is also working the Chris and Nancy Giggy to help facilitate work on the building in preparation for pre-work on the Seismic Grant to help with the scope and design of work for the construction next summer.

The District also has a transportation audit from ODE at the end of October that Mr. Elbers, Mrs. Smallwood, and Mr. Staehely are currently working on. The District also received the 2 new buses for WLA and are getting them ready for service.

Do you know how your charter schools are doing?

Per statute, a charter school authorizer must visit its sponsored charter school at least once annually, and must review the charter school on its compliance with the contract. This review is typically based on the charter school's performance academically, financially and organizationally.

OSBA's experts in charter school performance and operations will facilitate this process according to national best practices. **OSBA will:**

- Conduct a thorough site visit, including classroom observations, consultation with the school director, document collection and review, and panel discussions with staff, parents, charter school board members and students (if appropriate)
- Review the terms of the contract for compliance
- Analyze required deliverables and audits
- Analyze the school's academic performance data
- Consult with the authorizer about the charter school's performance over the year
- Provide a comprehensive written report for the authorizer on the charter school's performance and compliance aligned to charter law and the requirements of the contract. The report will include areas of strength, and suggestions for improvement in the academic, financial and organizational domains

The annual charter school evaluation should be a tool for both the authorizer and the charter school. The charter school can use the recommendations made in the evaluation for continuous improvement, and the district will look back on its annual evaluations of the charter school as part of the charter renewal process. Simply put, the annual evaluation is a record of the charter school's performance.

3. 9th Grade Regional Collaboration

Kayla Wilson and I attended a 9th Grade Regional Collaborative on September 24th at LBLES D. At this meeting, we met with other districts, reviewed district and regional data for 9th grade, discussed best practices, and created Action Plans around tracking 9th grade in our individual schools. We will be administering a Relational Trust Inventory (RTI) to our 9th graders during Advisory Period on October 4th. We will also be working on communications with families about the importance of their student's 9th grade year to a success for graduation.

4. College and Trade School Visits

Kayla Wilson and Roxy Cessnun are working on providing opportunities for our 7 – 12 students to visit colleges and trade schools, as well as give time for representatives to visit our students. We had a representative from University of Oregon and Oregon State University on campus with our juniors and seniors, as well as our volleyball team visiting Oregon Institute of Technology (OIT) on a recent volleyball trip. It is important for our students to experience places and programs that allow them to see what's available after school to them.

5. FFA Olympics

On September 26th, our JH and HS Ag students attended the Ag Olympics in Scio. Congratulations to Kyler Campbell and Carter Campbell for placing in Vet Science and Milk Quality competitions! This was a great opportunity for our students, and we are excited to be able to have them do these types of things.

6. K – 12 Open House

We hosted our Open House on September 18th. We had over 100 people attend our open house and had community partners to give information out to our families. Families were able to visit their student's teachers and classrooms and see what our school looks like. Thank you to Sara Littlefield for planning this event and to our volunteers who helped make this event possible!!

7. CTE Grand Opening

We hosted the Grand Opening of our CTE / Vocational Tech Building on October 2nd. Representatives from Benton Community Foundation, Benton County Sheriff's Office, Senator Anderson's Office, Linn Benton Lincoln ESD, Harrisburg School District, and Lebanon High School, as Benton County Commissioner Pat Malone attended our Grand Opening. We had community members, and our school families also come to see the new building. Thank you to Mr. Stevens and the students for their hard work in getting the building ready, and to our community for investing in our students!

d. Athletics and Activities

Board Report – 10/9/2024

Summary:

Alsea Fall athletics are in full swing and they are having some great success on and off the field. Both of our varsity teams are doing well with their respective schedules. Our athletes are performing well in the classroom as well and are continuing to be leaders in the classrooms.

As of right now we are forecasting for the basketball season. We would love to see both teams at Alsea without a co-op of some sort. We have mostly filled our basketball schedules at this point, so we are just waiting to see actual numbers. The Clemens basketball tournament is full and will take place from 12/26 to 12/28. We will be in need of volunteers, so if you don't have anything to do the couple of days after Christmas then please reach out.

Homecoming week is Monday, 10/14 through 10/18. The leadership class has several activities planned for the week culminating with a Homecoming dance on Friday. Wednesday of homecoming week will be the "noise parade", our "Blue Bash" night and the bon fire following the activities. We hope everyone can come out and support. Senior night for VB will be during the game vs Mohawk on 10/24, and Senior night for FB will be the next evening during our game with Triangle Lake. Again, we hope everyone can come out to support a great group of student athletes.

I have been working to clean up our athletic handbook. This year we are monitoring grades very closely and checking in with our students every 2 weeks.

Currently we are in the planning process for our school wide positive behavior programs. We will be putting together a committee consisting of all levels of stakeholders. We will be looking for community members to serve and provide that input, so if you think you might be interested in being a part, please reach out to me or Ms. Nieraeth.

Financial Summary – September 30, 2024

All authorized positions and payroll benefits have been encumbered. The September payroll included changes to OEGB health benefits that become effective October 1, 2024. This fiscal year was the initial year for an insurance pool for licensed staff and non-licensed staff. Based on the selections employees made, staff had no out-of-pocket costs for health benefits.

General Fund Resources

- State School Support – As shared last month, the district will be a hold harmless district due to current attendance figures. The final 23-24 figures have yet to be published. The 24-25 figures are based on the projected 23-24 figures. The district will be lose approximately \$325,000 compared to the budgeted amount.
- 1510 - Earnings on investments – The earnings rate with the Local Government Investment Pool (LGIP) is still at 5.3%. The district presently is earning \$34,000 per month but this will be declining as the district uses beginning cash to maintain programs.
- All other revenues are projected as the budgeted amount.

General Fund Expenditures

- As shared previously, salary and benefits have been encumbered and are included in the financial statements.
- As with payroll, the October statements will include most contract and provide a more accurate financial picture.
- Next month I will do a cash flow analysis that will provide a more accurate picture on the estimated ending fund balance.

Special Revenue

- The statement represents the awarded grants and carryover amounts. All federal funds go through September 30, while state funds go through June 30.
- ESSER III – the grant has been finalized will be finalized by September 30, with all funds collected. The grant was spent on the HVAC upgrade.
- School Improvement Grant – the carryover amount of \$152,036 has been spent and finalized by September 30. The remaining funds in the grant are the 24-25 allocation which needs to be spent by 9/30/25.
- The district just received the two new buses for WLA. The purchase and lease will be reflected on the next statements.

Food Service Program

- The district was awarded a Fresh Fruit and Vegetable Program grant for \$15,096, which is not reflected on the statements.
- Included in the statements is the detail on participation and federal reimbursement through 9/30/24. Currently, 68.8% of the students are participating in the breakfast program; 63.9%, lunch program. The financial projections are based on these figures for the remaining of the school year.
- The projected transfer from the General Fund will be approximately \$63,000. The average cost per meal is \$5.55 while reimbursement is \$3.75.

Debt Service

- The only activity is interest earned on monies at the LGIP and prior year taxes. The current levy dollars will not be received from the counties starting at the end of October.

Capital Projects

- 400 – Capital Projects - reflects interest received on monies at the LGIP. Expenditures are the replacement of the windows and architectural services for the kitchen.
- 410 - Bond 2021 and OSCIM Grant – The final OSCIM claim will be made this month. All funds will have been collected from the grant allocation.
- 430 – Seismic Rehabilitation – represents approved service contracts.

Unemployment Reserve

- The district budgeted \$183,679 to cover quarterly unemployment claims. All salaries are charged a rate, and the funds are transferred into the reserve to cover the claims. Based on the upcoming quarterly claims, the amount transferred will be adjusted.

Alsea School District Bond Projects Construction Manager's Report

Report Date: October 3, 2024

GENERAL OVERVIEW

The CTE Building construction is complete. We're reviewing final closeout documents with the design team to wrap up the project this month.

The Electrical Upgrade work has been finished. Our 3rd party commissioning agent identified a few small items that will be resolved this month for project completion.

HVAC Upgrade systems have been completed but the gym RTU has a leak in the refrigerant coil that was discovered during testing in September. A replacement coil is on order and should be installed mid-October. The rest of the HVAC systems have been tested by our 3rd party commissioning agent and there are a number of items the contractor will be addressing this month.

The 50% design for the Seismic Retrofit to the gym and adjacent office areas was completed on schedule in late September. We reviewed these documents with the project team and they're now working towards completion of 75% design documents in early December. Final design documents will be completed for bidding in February 2025. We'll be advertising the revised contractor selection RFP at the end of this week with plans to complete the selection process in early November.

A second seismic grant application for the High School classroom wing is in progress and will be submitted late this year for the next round of grants.

Conceptual design for a new kitchen building is being completed this month with the District, ourselves and Soderstrom Architects.

PROJECT TEAM

No changes.

BUDGET

The updated budget summary and details for both the bond projects and the seismic retrofit project are attached. Comments are noted below along with notes about the kitchen project costs.

Bond Projects

The current program budget is \$4.77 million including ESSER funds, the OSCIM grant and bond interest.

Alsea School District Bond Program Construction Manager's Report

The "Current Budget" column in Expenses shows the projected costs matched to the Revenue budget. All budget elements and final contractor change orders have been included and there is \$74k remaining in Owner's Contingency.

The "Committed Costs" column shows the value of work that has been contracted so far. There were no significant changes in the last month.

The "Paid to-Date" column shows the value of work that has been paid for. So far, \$4.5 million has been spent on completed work. The project management fee from IMS does not include a donated value of \$76k to-date.

Seismic Retrofit

The current project budget is \$2.48 million from the seismic grant.

The "Current Budget" column in Expenses shows the projected costs for construction design, management and other associated elements. There is a projected value of \$187k in Owner's Contingency for actual construction costs or unforeseen items.

The "Committed Costs" column shows the value of work that has been contracted so far. There were additional costs for material testing contracted last month.

The "Paid to-Date" column shows the value of work that has been paid for. So far, \$72k has been spent on completed work.

Kitchen Building

Soderstrom Architects was contracted for master planning and conceptual design for a new kitchen and commons building. A not-to-exceed fee of \$12k was authorized for this work. IMS is not charging a management fee until the Board decides to move forward with a full design.

SCHEDULE

CB Construction's electrical contractor will be on-site this week to finish the few quality items identified by our commissioning agent.

CB Construction's HVAC contractor will be on-site this week to address the quality items identified by our commissioning agent. Also, they expect to install the replacement coil for the gym RTU mid-October. Then we can have the commissioning agent verify operation.

PROJECT-SPECIFIC ACTIVITY

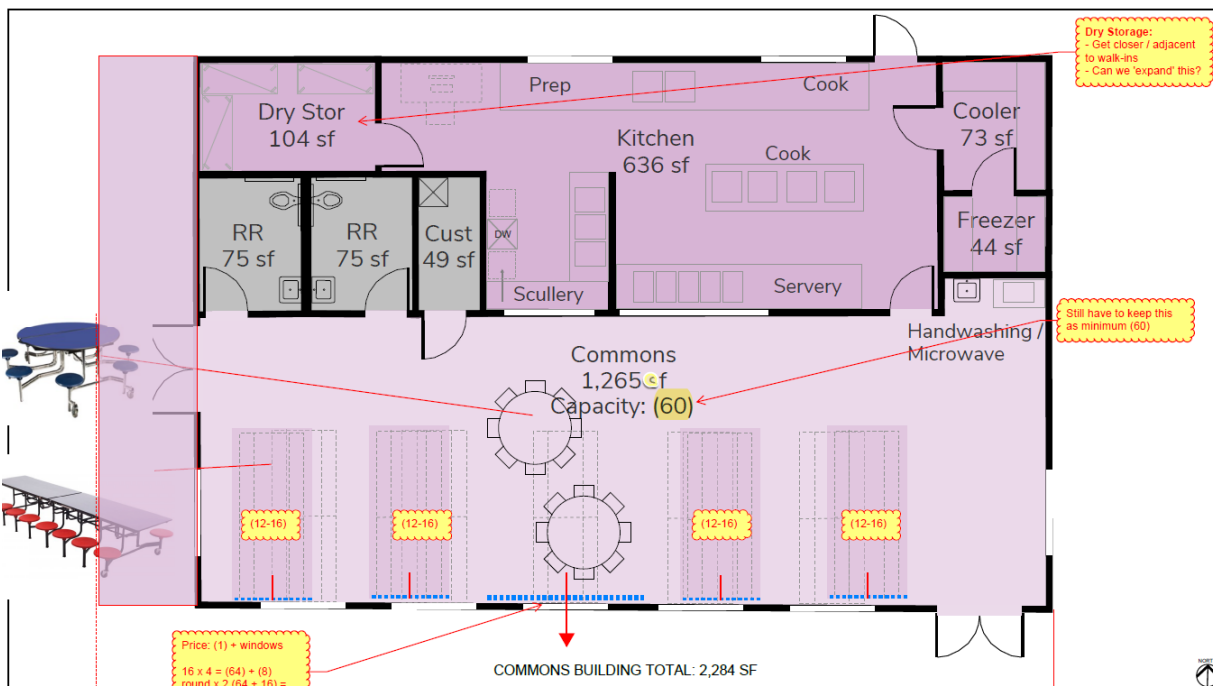

Gym Seismic Design

Excerpts from the 50% design documents are included below. The work includes replacement of the roof over the gym, the stage, and the High School office wing along with wall reinforcements throughout the project area. The only work inside the gym will be strengthening the ceiling glulam beams, so impacts to the gym floor will be minimized.

Alesea School District Bond Program Construction Manager's Report

New Kitchen Building

A final conceptual design meeting was held with the District and Soderstrom Architects earlier this week. Based on direction provided by the Benton Community Foundation, the District expanded project to include some "wants" for additional grant fund requests. Notes from the meeting are included in the diagrams below. The revised plans and cost estimate will be completed in 2 weeks.

Alsea School District
Safety Committee Meeting Agenda
September 25, 2024 3:30 PM

Committee Members present: Sara Littlefield, Keenan Elbers, Mary O'Brien
Committee Members absent: Joe Harris

1. Staff Concerns
 - a. Holly Olsen requests curtains for the new windows. Heat protection as well as covering in safety threats.
 - The committee agreed with this request. Lora Nickle will measure the windows and look into ordering for both Holly Olsen's and Miranda Treadway's classrooms.
 - b. Erick Taylor has the concern of the ladder that is up on stage. There is a broken tree branch dangling from the tree in front of the school.
 - The ladder is temporarily placed there so that Keenan Elbers can get the King Fisher publications down for the library.
 - Keenan Elbers is aware of the broken branch. He is waiting for the leaves to fall off so that he can prune all of the trees in front of the school.
2. PACE
 - a. 5% Discount checklist
 - Lora Nickle spoke about what is included on the checklist and how it saves the district money.
 - b. Quarterly walk through, 1st – needs to be done
 - Keenan Elbers will do the first quarterly walk through.
3. Fire Drill
 - a. Thursday, October 10th @ 1:45 PM

5. **New Business**

- a. Division 22 Standards

Division 22 Standards Assurances for the 2023-24 School Year

October 9, 2024

Krista Nieraeth, M.Ed.

Superintendent

Overview

What are the Division 22 Standards?

- All Oregon administrative rules (OARs) set out in Chapter 581, Division 22, Standards for Public Elementary and Secondary Schools.

Example: 581 - 022 - 0102 Definitions
Chp. Div. Rule Title

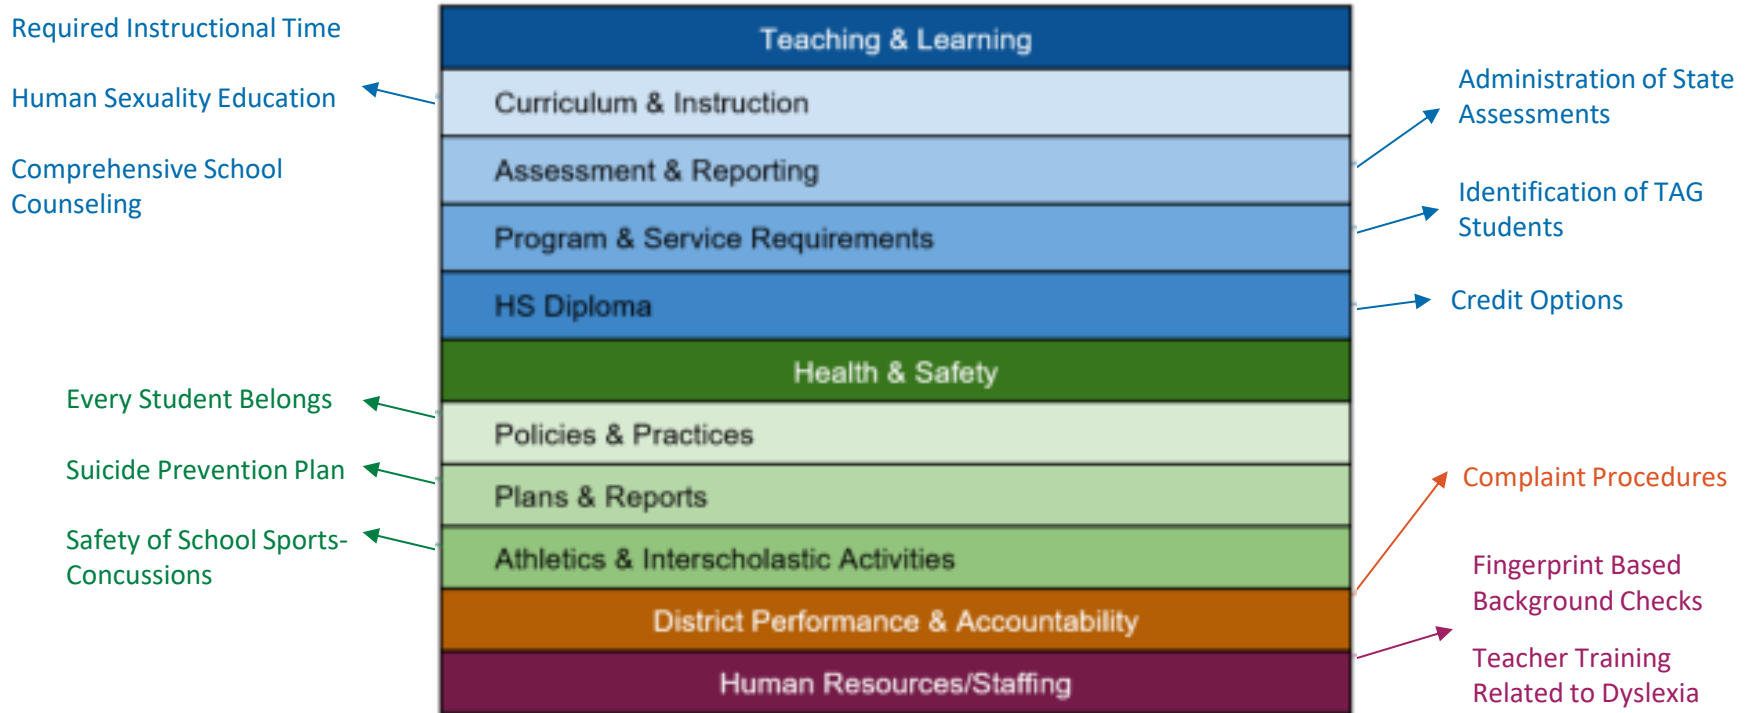

- The standards that the Oregon legislature or the State Board has determined must be met in order to be a standard school district.
- Compliance with these rules ensures a baseline level of service across the state.

Division 22 Rule Categories

Division 22 standards include over 50 rules.

Teaching & Learning
Curriculum & Instruction
Assessment & Reporting
Program & Service Requirements
HS Diploma
Health & Safety
Policies & Practices
Plans & Reports
Athletics & Interscholastic Activities
District Performance & Accountability
Human Resources/Staffing

Snapshot: Division 22 Rules

What are the requirements for each of the rules?

Consult the following resources for information:

Resource	Description
<u>ODE's Rules at a Glance Summary</u>	Provides a high level summary of each rule
<u>Secretary of State's Oregon Administrative Rules Database</u>	Consult the text of the OAR for all of the specific details
<u>ODE's Division 22 Standards Newsletter</u>	Biannual publication that highlights new/revised rules, clarifies existing rules; provides insights on how the standards intersect with current issues and trends in K-12 education, as well as resources and promising practices

What are the Division 22 Standards Assurances?

Combined Accountability Model

Districts report annually on compliance with each of the standards and include an explanation and corrective action plan for any rule with which the district is out of compliance.

Local Accountability

Districts must:

- report to their local school board by Nov 1
- make a report available on the district website by Nov 1

State Accountability

- Districts must submit assurances to ODE by Nov 15
- ODE reviews all submissions and follows up with districts that have self-reported as being out of compliance

Division 22 Standards & Assurances of Compliance

“Our Why”

- Signals our commitment to providing a high-quality educational experience and equitable opportunities for all students.
- Division 22 standards articulate the floor of the education to be provided to students, not the ceiling.
- Assurances process offers an opportunity for districts not in compliance to reflect on areas in need of attention and receive technical assistance.

What happens if the district is out of compliance?

- ODE reviews the district's proposed corrective action plan and either approves or rejects it.
- If the plan is not approved as submitted, ODE contacts the district and provides technical assistance and support.
- Once the district has an approved plan in place, ODE specialists may continue to provide support, as needed.
- The corrective action must be complete by the beginning of the next school year.
- If a district fails to come back into compliance after an opportunity for corrective action, ODE may withhold a portion of the district's State School Fund monies.

Report for the 2023-24 School Year

Division 22 Waivers for 2023-24

- [581-022-2115\(3\) Assessment of Essential Skills:](#)
 - **Essential Skills Graduation Requirements** are waived for students graduating through the end of the 2027-28 school year.
 - Note: Local Performance Assessment requirement in Section (2) remains in effect.
- [OAR 581-022-2120 Essential Skill Assessments for English Language Learners](#)
 - This related policy requirement has also been waived through the end of the 2027-28 SY.

New Rule in Effect for the 2023-24 SY

[OAR 581-022-2515 Menstrual Dignity for Students](#)

- Adopted by State Board of Education in October 2023
- This is the first time districts are reporting on compliance with this rule
- Requires free and accessible menstrual products (tampons and pads) in every school bathroom K-12, instructions on use of menstrual products within bathrooms, and Menstrual Health education in the classroom as part of the health and sexuality education program.

Rule Revision in Effect for the 2023-24 SY

OAR 581-022-2220 Health Services

- New requirements were adopted by the State Board of Education in June 2023.
- Requires school districts to develop, implement, and annually update a written, prevention-oriented health services plan for all students.

District Report on Compliance with Division 22 Standards

We are in compliance with all Division 22 Standards, including the Menstrual Dignity Act, and the Health Services. All policies required are updated, all plans have been submitted and are posted on the website.

Corrective Action Implemented

The district worked to become fully compliant for the Required PE minutes for K – 6. Last year, all grades received on average 120 minutes per week of PE.

Looking Ahead: Compliance for the 2024-25 SY

New/Revised Rules & Requirements

OAR 581-022-2030 District Curriculum

Beginning in 2024-25, districts must have:

- a planned K-12 instructional program for Social and Emotional Learning; and
- a planned 9-12 instructional program which includes the Personal Financial Education and Higher Education and Career Path Skills content standards.

OAR 581-022-2000 Diploma Requirements

- Credit requirements for students who were first enrolled in grade 9 during the 2023-24 school year or first enrolled in grade 9 in any subsequent school year include 0.5 credit in Personal Financial Education and 0.5 credit in Higher Education & Career Path Skills (SB 3 – 2023).

New/Revised Rules & Requirements

Modified Diploma, Extended Diploma, and Certificate of Attendance

Districts must annually provide parents information about diploma availability and requirements, and disclosure about certificates of attendance. On-site access to all courses is required for a diploma at all high schools.

OAR 581-022-2045 Substance Use Prevention and Intervention Plan

Requires a comprehensive plan for substance use prevention and intervention. Includes K-12 substance use prevention education that meets the Health Education Standards; **requires a minimum of 1 ODE Opioid Prevention Education lesson in grades 6, 7, and 8 and once in High School (SB 238 – 2023).**

Compliance for the 2024-25 SY

- The district has created a class called Junior Seminar (1st semester) and Personal Finance (2nd Semester) this year that all juniors will be required to take to meet the state requirement.
- The district is working to implement the diploma options requirement through updating board policy.
- The district is implementing WayFinder as the SEL curriculum K – 12. This will be done in classrooms in grade K – 6 and in health classes in grades 7 – 10 and in Personal Finance/Junior Seminar in grade 11.
- The district will be working with ODE to implement the requirement of Opioid Abuse Lessons in Grades 6, 7, 8 and HS within the health curriculum.

b. Transportation - Type 20 license

**Alsea School District 7J
Board Recommendation Form**

To: The Board of Directors of Alsea School District
Krista Nieraeth, Superintendent

Prepared By: Keenan Elbers, Maintenance/Transportation Director

Date: October 9, 2024

Background:

In the Spring of 2023, the board approved the salary scale for bus drivers and for sub bus driver/Type 10. The wage for a sub bus driver is step 1 of the salary scale, which is currently \$25.50/hr. For a Type 10/Sub Driver, the wage is \$16/hr.

This past year, the district is asking staff to obtain their Type 20 bus license, which requires a minimum 10 hours of class and behind the wheel training. The training for the license requires more than the training for Type 10, but not the same amount of training for a CDL. This license type is not reflected on the Alsea salary scale.

We are requesting that the board add a Type 20/Sub Driver wage of \$20.75/hr. This wage is exactly in the middle of the wages for an employee who holds a CDL license and an employee who holds a Type 10 license.

Action Requested:

We would request that the board approve a wage of \$20.75 for any sub driver who carries a Type 20 license.

Motion Requested:

“I motion to approve a Type 20 sub driver wage of \$20.75 per hour.”

c. Family and Community Engagement Survey Results

Thematic Analysis of Parent responses to the community engagement survey from September of 2024 in Alsea School District.

For the first question of, "What are two things you like about your child's experience in Alsea School District?" Here are the responses analyzed into key themes based on patterns that emerge:

1. Small Class Sizes

- Small class size is repeatedly mentioned and appreciated by many respondents. It seems to foster a more personal learning experience.
 - Example responses:
 - "Small class sizes and the staff are warm and helpful."
 - "Small class size, positive environment."
 - "Small class sizes, ability to meet each student where they are at."

2. Caring and Supportive Staff

- Many respondents value the supportive, caring, and helpful nature of the staff.
 - Example responses:
 - "The teachers show concern and care for the students."
 - "Every staff member knows his name and cares about him."
 - "The staff are warm and helpful."

3. Close-Knit, Community Feel

- A sense of community or a family-like environment is important to the respondents.
 - Example responses:
 - "Community/family feel and real heart."
 - "I like the people and the small community."
 - "Small school size; familiarity across the entire school between staff and students."

4. Individual Attention for Students

- Due to the smaller size, students receive more individualized attention and personalized support.
 - Example responses:
 - "Ability to meet each student where they are at."
 - "Small school allows my child to know almost everyone at the school."

5. Positive, Nurturing Environment

- The nurturing and welcoming atmosphere at the school is highly appreciated.

- Example responses:
 - "It has been wonderful watching my son overcome profound shyness in the nurturing and welcoming environment."
 - "Encouraging kids' attendance in such a fun way."

6. Art and Enrichment Opportunities

- A few responses mention specific programs such as art classes that enhance the child's experience.
 - Example response:
 - "The fact that she gets to go to art class."

7. Safety and Security

- A couple of respondents mention physical security measures like fencing as something they value.
 - Example responses:
 - "The security fencing."
 - "The security fence system."

8. Values and Patriotism

- Some respondents value the presence of patriotic symbols or values within the school.
 - Example response:
 - "American flags are present and the staff."

Summary

The two most common positive aspects mentioned about the Alsea School District are the **small class sizes** and the **caring, supportive staff**. Additionally, there is a strong appreciation for the close-knit community feel, individual attention to students, and the positive, nurturing environment provided by the school. Safety measures and specific enrichment activities like art class are also highlighted as key factors.

- Improvement and upgrades of existing facilities.

3. Community and Inclusivity

- A few responses focus on the need to restore the sense of community and belonging, suggesting that the school no longer feels as welcome.
 - Example responses:
 - "ASD used to make the community feel like part of the school family. That spirit seems gone."
 - "After school is taken up with sports. Additional options for exploring areas of interest within the school day."

4. Behavior and Discipline Concerns

- There are complaints about inconsistent enforcement of rules, particularly in discipline and behavior management.
 - Example responses:
 - "The discipline and listening to the students."
 - "All staff holding to expectations for students. It's frustrating when rules aren't upheld."
 - "Bus issues and same rules for all."

5. Consistency and Follow-Through

- Respondents also call for more consistency in rule enforcement and follow-through from the administration and staff.
 - Example responses:
 - "FOLLOW THROUGH!!! CONSISTENCY."
 - "All staff holding to expectations for students."

6. Support for Students with diverse needs.

- There is a desire for more academic support for students, particularly in reading and other resource-related services.
 - Example responses:
 - Continued communication around the school district's continuum of support options for academic skills.
 - "Continue to strive to be a destination school rather than a dumping ground for students struggling in other districts."

7. Improved Extracurricular and Sports Opportunities

- Parents would like to see more sports and extracurricular activities, particularly for younger students, as well as more opportunities beyond just athletics.

- Example responses:
 - "More sport opportunities for the younger kids."
 - "Additional options for exploring areas of interest within the school day."

8. Improved Facilities and Logistics

- Respondents mention logistical and facilities-based improvements such as better food, bus system accommodations for long commutes.

Example responses:

- "Being able to eat a snack on the bus or before the long bus ride."
- "The food."

9. No Suggestions or Issues

- A few respondents felt that there was no need for improvement at the moment.
 - Example responses:
 - "Nothing at this point."
 - "None that I can think of now."

Summary

The most prominent suggestions for improvement in the Alsea School District revolve around **enhancing academic opportunities, continuous improvement of district facilities, and restoring a sense of community and consistent discipline**. Parents also emphasize the importance of **following through on rules**, offering **more support for struggling students**, and providing a greater variety of **extracurricular activities**. Improvements in **facilities** and addressing logistical concerns like bus rides and food also feature in the feedback.

Here is the thematic analysis of responses to the optional question, "Is there any other information you would like to share that you did not get a chance to?":

1. Positive Feedback about Teachers

- Respondents express satisfaction with the quality of teachers, reflecting gratitude for their child's educational experience.
 - Example response:
 - "She has had great teachers!"

2. Perception of Programs for Special Services

- One respondent acknowledges the effectiveness of programs for students who require extra services, though they note that their own children do not use these services.
 - Example response:
 - "I feel like the school has a lot of good programs for those that need them."

3. Transportation and Bus Communication Issues

- A specific concern was raised regarding communication about which bus (big or small) would be used for student drop-offs, impacting where the guardian needs to be for pickup.
 - Example response:
 - "How will I know when they will be on the big bus versus the little bus to know which end to be at?"

4. No Additional Information

- Some respondents felt they had no further information to share.
 - Example response:
 - "No."

Summary

The feedback highlights **positive experiences with teachers** and appreciation for the **supportive programs** for students requiring extra services. However, there is an **individual logistical concern** around bus communication for student drop-offs. Some respondents felt there was no additional information to provide.

To analyze the survey results for the question "How well does your child's school provide information that is easy to understand?" (on a scale of 1 to 5, with 1 being the lowest and 5 being the highest), we can assess the data based on the distribution of responses, the average rating, and patterns in the feedback.

1. Distribution of Ratings

- **Ratings of 3 (Neutral):** 2 responses (10.5%)
- **Ratings of 4 (Above Average):** 10 responses (52.6%)
- **Ratings of 5 (Highest):** 5 responses (26.3%)
- **Ratings of 2 (Below Average):** 1 response (5.3%)

- **Ratings of 1 (Lowest):** 0 responses (0%)

2. Average Rating

The average rating can be calculated as ≈ 4.17

3. Key Observations

- **Majority Rate the School Highly (4 or 5):** Most of the responses (83%) rate the school 4 or 5, indicating that parents generally find the information provided by the school easy to understand.
- **Neutral or Moderate Responses (3):** There are 2 responses rating the school a 3, suggesting that some parents feel the school's communication is adequate but could be improved.
- **Few Negative Responses (2):** Only 1 parent gave a rating of 2, indicating dissatisfaction with the clarity of communication, but no one rated the school as a 1, implying that no parent found it extremely poor.

4. Summary

The average rating of **4.17** suggests that overall, parents feel the school does a good job of providing information in an understandable way, with the majority rating it as above average or excellent. There is, however, a small portion of respondents who believe there is room for improvement, particularly those giving a rating of 3 or below (15.8% of responses). The school could focus on refining communication for the minority who are less satisfied, potentially enhancing the clarity and accessibility of information for all parents.

Here's a thematic analysis of responses to the question about desired workshops for the school to offer:

1. Academic Motivation

- The most frequently mentioned workshop theme is "Academic Motivation," which highlights parents' interest in understanding how to help their children stay motivated academically.

2. Math Skills

- Improving math skills is another prominent request, suggesting that parents are looking for strategies to support their children in this subject.

3. Reading Strategies

- Reading strategies were frequently mentioned as well, indicating parents' focus on helping their children improve literacy skills.

Here's the count of how often each workshop type was mentioned:

Workshop Types and Frequency of Mentions:

1. **Academic Motivation** – 14 mentions
2. **Math Skills** – 9 mentions
3. **Reading Strategies** – 8 mentions
4. **Improving Science Skills** – 3 mentions
5. **Internet Safety** – 5 mentions
6. **Nutrition** – 4 mentions
7. **Career/Post-HS Readiness** – 3 mentions
8. **Speakers from Asea community and Asea alums** – 2 mentions
9. **Options after high school** – 1 mention
10. **Parenting Strategies** – 3 mentions

Summary

The most common requests for workshops revolve around **academic motivation**, **math skills**, and **reading strategies**, with additional interest in **science skills** and **internet safety**. Parents are also interested in workshops on **nutrition**, **career readiness**, and **parenting strategies**, along with hearing from **community speakers and alumni** about future opportunities. The emphasis on both academic support and life preparation reflects a desire for well-rounded workshops that address both educational and personal development aspects of the students' lives.

Here's a thematic analysis of responses to the question about how the school can help parents become more involved in school activities and programs:

1. Improved Communication

- The most common theme is the need for **better communication** between the school and parents about volunteer opportunities, events, and activities.
 - Example responses:

- "Communication of needs and opportunities."
- "More email, not just Facebook."
- "Better communication for sports."
- "Clear communication."
- "I'm loving ParentVue and Remind!"

2. Volunteer Coordination

- Several respondents highlight the need for better **volunteer coordination**. They mention being willing to help but not receiving adequate information on how or where to contribute.
 - Example responses:
 - "I am signed up to volunteer but never hear anything about opportunities to help."
 - "Have a volunteer fair in the gym!"
 - "Do you have a volunteer coordinator? They should be maximizing volunteer and parental involvement."

3. Scheduling Flexibility

- **Timing of events** was a significant issue for many respondents. They emphasized the need to schedule activities in ways that accommodate parents' work schedules and travel distances.
 - Example responses:
 - "Scheduling activities and programs with enough time for families to attend after work."
 - "We live by Waldport, so it's hard for us to be involved because by the time I get off work, it's too late for any activities."
 - "5:30 events are hard for me to get to on time working in Corvallis."

4. Parent-Teacher Organizations (PTO/PTA)

- A few respondents suggested starting or strengthening a **Parent-Teacher Organization (PTO)** or **Parent-Teacher Association (PTA)** as a way to facilitate parental involvement.
 - Example response:
 - "Help start a PTO or PTA."

5. Engaging and Varied Activities

- Some respondents mentioned the need to make activities more **engaging and varied** to attract more parents and increase participation.
 - Example response:
 - "Make them more engaging and varied."

Alsea School District Community Engagement

October 9th, 2024

Analysis of Parent
responses to the
community engagement
survey from September of
2024 in Alsea School
District

Perspectives from an outside expert not included from the parent survey results:

-Alsea SD had an exceptionally high turnout for parents attending parent night event.

-No parent/guardian was required to give input, we only heard from parents or guardians who wished to share.

-Your families shared stories of powerful and trusting relationships with school staff directly with me that are not included in the report document.

-Having a delicious meal available to all was an incredible positive touch to fostering a welcoming event.

-This document is intended to be integrated with other data and feedback sources to look for common trends.

What makes Alsea School District Special?

-Communication: Average Rating: 4.17 out of 5. 83% of responses rated the communication as 4 or 5.

- Small Class Sizes: Personalized learning and individual attention.

- Caring and Supportive Staff: Warm and helpful staff with strong connections to students.

-Close-Knit Community: Family-like environment with familiarity between staff and students.

- Positive, Nurturing Environment: Encouraging atmosphere that supports student growth.

-Enrichment Opportunities that are Engaging: Availability of programs like art classes, CTE courses, quality instruction practices in core courses.

-Safety and Security: Parents appreciate security measures like fencing.

What areas could Alsea SD consider exploring?

- Continuous improvement of facilities, space and logistics

- Continued investment in Parent & Family participation: Parents, guardians, and families love to be involved in your school district.

- Consider ways to ensure school rules and discipline are understood and applied equitably.

- Although communication is a strong point from parent surveys, there is a desire for a continuous commitment to quality and multi-formats of communication.

- Continued communication around the school district's continuum of support options for academic skills.

- When possible - continue to enhance academic and enrichment opportunities for various interests.

What next?

It is already happening...

- Look for trends for what was shared in this survey alongside your other data and feedback sources.
 - Look for connections between them.
 - Continue the work of taking good feedback in quality actions by the district team.
 - Re-engage with families to let them know you listened, the changes made, and listen to them in the future.
-

Thank you!

6. **Old Business**

- a. Student Representative to Board

**Alsea School District 7J
Board Recommendation Form**

To: The Board of Directors of Alsea School District
Prepared By: Jamie Olsen, Board Member
Date: October 6, 2024

Background: Student representation on the board – I was asked to do some research on other districts in our state and how they utilize student reps. What I found was very different from district to district. Some reps were student elected, some were board chosen, some had terms, while some rotated quarterly. I also found in my research that this is a very common thing in the state of Washington and there is an entire network established through their Washington State School Directors’ Association. My takeaway from this research is that each Board and District were able to design what this looked like for THEIR district to fit THEIR needs and goals.

Action Requested: I believe that we as a board should not turn away any of the 6 students that applied. I believe that we should schedule work sessions to educate the students on the role and function of the board and collaborate with the students under the guidance and direction of Vincent Adams with OSBA. I think we should work with these students to design what our student representative role will look like and how it will function. Once decided I think we should adopt a policy to support the role and function. As we go into our mission and goal setting, we will have the most important voice at our table truly lining us up to be working for and supporting every student.

I believe that this could also lead to discussions and hopefully future reinstatement of student government in our district.

Motion Requested: I motion to accept the 6 student applications and schedule work sessions with the students and OSBA to establish the position and policy of Student Representative on the Alsea School Board of Directors.
