**AASB POLICY REFERENCE MANUAL UPDATE SERVICE  
FALL 2024  
INSTRUCTION SHEET**

NOTE: This packet includes only those policy manual pages that have been revised, deleted or newly established. Full text pages are included and are to be substituted as indicated below.

For ease of School Boards, AASB has identified those portions of the Update that require formal Board action in order to implement the policy changes. This is indicated by a “Yes” or “No.” A “No” is used if changes have been made only to an AR or an Exhibit, or if policy changes are limited to explanatory notes, legal reference or cross-reference updates, or minor grammatical or stylistic changes that have not changed the policy meaning.

<b>REPLACE/ADD</b>	<b>FORMAL ADOPTION REQUIRED</b>	<b>DESCRIPTION</b>
<b><u>ARTICLE 1, Series 1000 – Community Relations</u></b>		
Remove AR 0520	No	<p><b>**Remove Administrative Regulation**</b></p> <p>This administrative regulation implemented the old star rating system for school accountability, which has been revised and replaced in state law and regulation. The current school accountability regulations, 4 AAC 06.800 - .899, are reflected in model Board Policy 0520, which was updated in 2021 to reflect the changes.</p>
BP 1250	Yes	<p>This update modifies BP 1250 to clarify that background checks should be completed for all volunteers, regardless of the number of hours worked. It also clarifies that school visitors do not need to obtain a background check.</p>
AR 1250	No	<p><b>**New Administrative Regulation**</b></p> <p>This is new model AR addresses the expectations, roles and responsibilities principals, the district, and volunteers have when utilizing volunteer assistance. This regulation is not exhaustive, and all the parties may have more or fewer roles.</p>
<b><u>ARTICLE 4, Series 4000 – Personnel</u></b>		
BP 4112.10	No	<p>This policy incorporates House Bill 230, which passed the legislature and became law this summer. It specifies that a retired long-term substitute may teach for up to, but not more than, 165 days in one school year.</p>
<b><u>ARTICLE 5, Series 5000 – Students</u></b>		
BP 5121	Yes	<p>This policy update reflects AASB’s determination that automatically assigning failing grades to students for truancy is not in best practice. This is because:</p> <ul style="list-style-type: none"> <li>• If a student has earned a grade by demonstrating mastery of the content, they should be able to keep the grade they have earned.</li> <li>• Some districts maintain policies where multiple tardies result in</li> </ul>

However, individual districts may revise this policy as they best see fit.</p>
Remove BP 5125.3	Yes	<p><b>**Remove Board Policy**</b></p> <p>As with BP 5121, AASB believes this policy, which permits the withholding of grades, transcripts, and diplomas if a student is indebted to a district for lost or damaged items, does not reflect best practice. AASB recommends removing and archiving this policy in its entirety for the following reasons:</p> <ul style="list-style-type: none"> <li>Withholding grades, diplomas, or transcripts can have significant long-term consequences for students and their post-secondary employment or education opportunities, and in turn on their families and communities.</li> <li>Students earn their grades and diplomas by demonstrating mastery of the content. If a student has earned their grades or diploma, they should not be withheld as a punishment or deterrence.</li> <li>School districts have other means to seek reparations or recover losses from equipment or property damages, rather than withholding grades, diplomas, or transcripts.</li> <li>The language suggesting that students who are unable to pay for assessed damages should provide voluntary work instead is inequitable. Voluntary work and community service can be an appropriate assignment for all students. Those students whose parents can afford to pay for damages should not be exempt from community service if the district deems this an appropriate response to property or equipment damage.</li> </ul> <p>The model policy has been updated to remove this policy in its entirety. However, individual districts may revise this policy as they best see fit.</p>
BP 5131.1	Yes	This minor update revises the language of the policy to clarify expectations for students riding the bus.
BP 5131.5	Yes	This policy has been updated to reflect the removal of BP 5125.3, above. If an individual district does not remove BP 5125.3, this policy should not be updated.
BP 5131.6	Yes	This revision updates BP 5131.6 to be in compliance with House Bill 202, which passed the legislature and became law this summer. The bill will become effective in December of 2024, but this policy revision may be made now. The bill and policy update require that districts have opioid overdose drugs available at each main school building and at school-sponsored events. It also requires that a district have at least one person trained to administer the drugs at each main school site.
BP 5141.3	Yes	This minor update revises language regarding health examinations for students,

REPLACE/ADD	FORMAL ADOPTION REQUIRED	DESCRIPTION
		and clarifies that districts may require health examinations for student participation in extracurricular activities.
BP 5141.31	Yes	This update clarifies that under state law, personal or philosophical opposition to vaccinations is not sufficient to receive an exemption from the state’s mandatory vaccination requirements for students. The only exemptions permitted are for medical or religious reasons. The update also provides that students who are considered homeless under the McKinney-Vento Homeless Assistance Act may be provisionally admitted to school even without a vaccination record.
BP 5141.51	Yes	This minor update updates the model policy on At-Risk Youths to utilize best practice language and clarify districts should be an active participant in identifying students in need of aid.
<b><u>ARTICLE 6, Series 6000 – Instruction</u></b>		
BP 6161.2	Yes	This update adds language to address damaged or lost equipment along with damaged or lost instructional materials. It has also been updated to reflect the removal of BP 5125.3, above. If an individual district does not remove BP 5125.3, the edit removing reference to BP 5125.3 should not be accepted.
Remove E 6171	No	<p><b>**Remove Exhibit**</b></p> <p>This exhibit was a notice to parents created as part of the transition from the No Child Left Behind Act to the Every Student Succeeds Act in 2016. It is no longer applicable and may be removed.</p>

## **AR 0520 SCHOOL ACCOUNTABILITY/SCHOOL IMPROVEMENT**

### **School Improvement Plan - Development, Approval and Implementation**

The [Superintendent/Chief School Administrator] shall designate the individual responsible to oversee development of school improvement plans. Required plans must be developed by November 1 of each school year.

#### **A. Schools Requiring a Plan**

The following schools require a school improvement plan:

1. Any school designated with a rating of one, two, or three stars;
2. Any school identified by the Department as a priority or focus school; and
3. Any school designated with a rating of four or five stars if the school:
  - a. Has failed to meet its annual measurable objectives for two consecutive years for the school as a whole or any subgroup;
  - b. Has experienced a decline in the school's graduation rate on the whole or for any subgroup (high schools only); or
  - c. Has a participation rate of less than 95% on state standards-based assessments.

#### **B. State Involvement**

If the school is identified by the Department of Education and Early Development as a priority or focus school, the school improvement plan will be prepared in consultation with the Department and is subject to Department approval.

If the school has received a one- or two-star rating, the school improvement plan must be submitted to the Department.

#### **C. Plan Preparation**

The school improvement plan will be prepared utilizing a computerized self-assessment and improvement program selected by the Department. The self-assessment program will address the following six domains: 1) curriculum; 2) assessment policy and practice; 3) instruction; 4) school learning environment; 5) professional development policy and practices; and 6) leadership.

The school improvement plan is to be prepared with the maximum feasible public participation of the community, including, as appropriate, interested individuals, teachers, parents, parent organizations, students, tribal groups, local government representatives, and other community groups.

#### **D. Plan Contents for Priority Schools**

The Plan must provide for a system of comprehensive intervention using all required turnaround principles. The district will consult with and obtain the approval of the Department to address deficiencies in each of the six domains, as identified in the computerized self-assessment or in a desk or instructional audit.

Comprehensive turnaround principles to be implemented at the school must include:

1. **School Calendar Adjustments.** The school day, week, and year, will provide more time

for student learning and teacher collaboration. This includes the following minimum requirements:

- a. dedicated time block each week for teacher collaboration;
  - b. 90 minutes daily of core reading instruction for all students grades K-6;
  - c. 30 additional minutes of intervention daily for K-6 students below grade level in reading;
  - d. dedicated time block daily for structured reading interventions for students grades 7-12 who are below grade level in reading;
  - e. 60 minutes daily of core math instruction for all students grades K-6; and
  - f. dedicated time block daily for structured math intervention for students grades 7-12 who are below grade level in math.
2. **Teacher Effectiveness.** The district's policies and actions will ensure that all teachers at the school are effective teachers. This includes the following actions:
- a. each teacher's effectiveness is reviewed by the district and principal, including a review of student learning data;
  - b. replacement or improvement of ineffective teachers;
  - c. requiring teachers transferring to the school to be proven effective; and
  - d. providing job-embedded professional development that targets the specific needs of teacher and students.
3. **Instructional Program.** The instructional program will be strengthened through the following methods:
- a. adoption and use of research-based curricula that are aligned with state standards;
  - b. implementation of reading curricula that addresses the essential elements of reading;
  - c. implementation of reading and math support programs for students behind grade level;
  - d. using data to inform instruction, including at least three times per year, utilize a universal screening tool approved by the Department for all students, grades K-8; utilize a diagnostic assessment to determine the specific reading or math deficiencies for all students one or more years below grade level; and base instruction and interventions on the specific needs of the student as identified by screenings or assessments.
  - e. establishing a school environment that improves school safety and discipline, including implementation of a school-wide behavior plan, and that addresses the social, emotional, and health needs of students;
  - f. providing for family engagement in the school, including cultural awareness and understanding of cultural values; and
  - g. providing strong leadership, including reviewing the performance of the principal, including a review of student learning data; retention of the existing principal or hire of a new principal based upon the existing principal's performance on indicators in the leadership domain; and providing the principal with flexibility in areas that should be tailored to the needs of the school such as scheduling, staff, or budget.
4. **Additional Requirements.** The improvement plan must, to the extent possible, include measures to:
- a. increase local control of education;
  - b. increase parental choice; and
  - c. not require a direct increase in state or federal funding for the school or district.

## **E. Plan Contents for Focus Schools**

The school improvement plan for a focus school will identify targeted interventions that consider each of the comprehensive turnaround principles. Interventions will be targeted for any subgroup that is performing below grade level. In addition, appropriate interventions will be targeted to any deficiencies revealed through data analysis or the results of an instructional or desk audit.

In preparing the school improvement plan, the district will consult with the Department.

## **F. Plan Implementation**

The school shall implement the plan immediately upon district approval. Should the Department determine that changes in the plan will improve the performance or progress of students, the school will implement the changes required by the Department.

The district will ensure appropriate technical assistance to the school during development of the plan and throughout the plan's duration. Technical assistance may be provided by the district, the Department, an institution of higher education, a private organization, an educational service agency, or another entity with experience in helping schools improve academic achievement.

Technical assistance must be based on research and may include:

1. assistance in analyzing assessment data and other examples of student work in order to identify and develop solutions to problems in instruction, parental involvement and professional development, and plan implementation, including district- and school-level responsibilities under the plan;
2. assistance in identifying and implementing professional development and instructional strategies and methods that have proven effective, through research, in addressing the specific instructional issues that caused the school's rating of one, two, or three stars; and/or
3. assistance in analyzing and revising the school's budget so that the school allocates its resources more effectively to the activities most likely to increase student academic achievement.

## **District Improvement Plan - Development and Contents**

A district improvement plan will be prepared by [the Superintendent/Chief Administrative Officer] and submitted to the Department in the following circumstances:

1. At least 25% of the district's schools have been designated as one- or two-star schools; 2. At least 25% of the district's students attend a one or two-star designated school;
3. An instructional or desk audit at the district, or its schools, demonstrates significant deficiencies in the following domains of successful schools: curriculum, assessment policy and practice, instruction, school learning environment, professional development policy and practices, and leadership; or
4. An instructional or desk audit shows that one or more subgroups in the district is not making progress toward the subgroup's annual measurable objectives.

The district improvement plan will be developed in the same manner as school improvement plans.

## **BP 5121 GRADES/EVALUATION OF STUDENT ACHIEVEMENT**

The School Board believes that students and parents/guardians have the right to receive course grades that represent an accurate evaluation of the student's achievement. Teachers shall evaluate a student's work in relation to standards which apply to all students at his/her grade level, not in relation to the work of other students in one particular class.

Grades should be based on impartial, consistent observation of the quality of the student's work and his/her mastery of course content and objectives as demonstrated through classroom participation, homework and tests. The student's behavior and effort shall be reported in separate evaluations, not in his/her academic grade.

In order to promote self esteem and experiences of success, students in kindergarten through third grade shall receive narrative performance or skill-based evaluations rather than letter grades.

The Superintendent or designee shall establish and regularly evaluate a uniform grading system. Principals shall ensure that student grades conform to this system.

### Unexcused Absences

The Board desires to emphasize the importance of school attendance. Therefore, students with excessive unexcused absences (10 absences per semester) shall receive a failing grade and shall not receive credit for the class(es).

If a student misses class without an excuse and does not subsequently turn in homework, take a test or fulfill another class requirement which he/she missed, the teacher may lower the student's grade for nonperformance. **Unexcused Absences**

Note: The following optional policy authorizes teachers to ~~assign failing grades to~~ modify grades for students who have excessive unexcused absences and may be revised or deleted as desired. While the use of academic penalties for truancy is probably permissible, districts must bear in mind that academic penalties are a severe form of sanction with the potential for permanent harm. In adopting such a policy, several precautions should be followed. First, the school policy must be applied fairly and consistently among students; there should be no question about arbitrary or capricious enforcement. Second, the severity of the academic penalty should correspond to the gravity of the offense. Third, students should be warned ahead of time of all requirements and consequences pertaining to the use of academic penalties. Finally, students should be accorded due process before penalties are consummated, including an opportunity for the student to explain his or her conduct.

## **BP 5131.6 ALCOHOL AND OTHER DRUGS**

(cf. E 4020 - Drug and Alcohol - Free Workplace Notice to Employees)

Because the use of alcohol and other drugs adversely affects a student's ability to achieve academic success, is physically and emotionally harmful, and has serious social and legal consequences, the School Board intends to keep district schools free of alcohol and prohibited drugs.

Alcohol, marijuana, and other controlled substances are prohibited for use or possession by students. The School Board desires that every effort be made to reduce the chances that our students will begin or continue the use of alcohol and other drugs. The Superintendent or designee shall develop a comprehensive prevention program that includes instruction, intervention, recovering student support, and enforcement/discipline. The Superintendent or designee shall clearly communicate to students, staff and parents/guardians all School Board policies, regulations, procedures and school rules related to this prevention program. Special efforts shall be made to ensure that these materials are understood by parents/guardians and students of limited literacy or limited English proficiency.

Specifically, the Board prohibits the actual or attempted sale, distribution, use, or possession by a student of alcohol, prohibited drugs or inhalants, drug paraphernalia, substances that are designed to look or act like prohibited drugs or alcohol, or substances purported to be prohibited drugs or alcohol. Prohibited drugs are defined as:

1. Drugs that are illegal if possessed by those under 21, under any local, state, or federal law; or any drug that can be legally obtained but which has been obtained through illegal means.
2. Alternatives to illegal drugs such as designer or synthetic drugs, whether or not prohibited by law, which are purported to, designed to, or which do impair, restrict, or alter normal cognitive function when absorbed, ingested, injected, or inhaled.
3. Prescription drugs that are not legally obtained or prescribed, are not being used for the prescribed purpose, are being used in excess of the prescribed amount, are being used by other than the person to whom prescribed, or are being sold, traded or distributed.

Recognizing that keeping schools free of alcohol and other drugs is a concern common to the district and community, the School Board supports cooperation among schools, parents/guardians, law enforcement and other appropriate community organizations involved in preventing alcohol and drug abuse.

(cf. 1410 Interagency Cooperation for Student & Staff Safety)

To obtain the widest possible input and support for district policies and programs, the School Board shall appoint a districtwide school-community advisory committee to make recommendations related to the prevention of alcohol and other drug abuse. The committee should make its recommendations based on input from students, parents, teachers, school administrators, and community members. The School Board also encourages the use of site-level advisory groups in this area.

(cf. 1220 - Citizen Advisory Committees)

### **Instruction**

The district shall provide preventative instruction which helps students avoid the use of alcohol, marijuana, or other drugs and teaches students how to influence their peers to avoid and/or discontinue the use of alcohol or drugs. Instruction shall be designed to answer students' questions related to alcohol and drugs.

The instructional programs will help students obtain and use current and accurate information, develop and maintain a positive self-concept, take positive actions to cope with stress, and use appropriate social and personal skills to resist involvement with alcohol and drugs.

The curriculum will be K-12, comprehensive and sequential in nature and suited to meet the needs of students at their respective grade levels. All instruction and related materials shall stress the concept that alcohol and prohibited drugs can be dangerous and should never be used when such use is illegal.

The School Board encourages staff to display attitudes and behaviors which make them positive role models for students with regard to alcohol, marijuana and other drugs. Staff should help students see themselves as responsible partners in efforts to maintain a safe, constructive school climate.

The School Board recognizes that children exposed to alcohol or other drugs prior to birth may have disabilities requiring special attention and modifications in the regular education program. The Superintendent or designee shall provide appropriate staff training in the needs of such students as required by law.

(cf. 6142.2 - AIDS Instruction)

(cf. 6143 -Courses of Study)

(cf. 6159 - Individualized Education Program)

### **Intervention**

The School Board recognizes that there are students on our campuses who use alcohol and other drugs and can benefit from intervention. The School Board supports intervention programs that include the involvement of students, parents/guardians and community agencies/organizations.

School personnel should be trained to identify symptoms which may indicate use of alcohol and other drugs. The Superintendent or designee shall identify responsibilities of staff in working with, intervening, and reporting students suspected of alcohol and other drug use.

Students and parents/guardians shall be informed about the signs of alcohol and other drug use and about appropriate agencies offering counseling.

### **Nonpunitive Self-Referral**

The School Board strongly encourages any student who is using alcohol or drugs to discuss the matter with his/her parent/guardian or with any staff member. Students who self-disclose past use of alcohol or other drugs in order to seek help to quit using shall not be punished or disciplined for such past use. State and local extra-curricular activities eligibility rules may apply further conditions related to the admission of drug or alcohol use.

### **Enforcement/Discipline**

The Superintendent or designee shall take appropriate action to eliminate possession, use or sale of alcohol and prohibited drugs and related paraphernalia on school grounds, at school events, or in any situation in which the school is responsible for the conduct and well-being of students. Students possessing, selling and/or using alcohol, marijuana or other drugs or related paraphernalia shall be subject to disciplinary procedures which may result in suspension or expulsion.

(cf. 5144.1 - Suspension and Expulsion/Due Process)

School authorities may search students and school properties for the possession of alcohol, marijuana and other drugs as long as such searches are conducted in accordance with law.

## ALCOHOL AND OTHER DRUGS

BP 5131.6(a)

Note: Districts must have in place written standards to address the needs of students for whom mental health or substance abuse may be a contributing factor to noncompliance with the school disciplinary and safety program. AS 14.33.120(a)(6). In addition, districts receiving funds for prevention programs pursuant to the Drug-Free Schools and Community Act of 1986, as amended by the Every Student Succeeds Act, are required to have a policy on drug abuse prevention instruction and procedures for eliminating the sale or use of alcohol and other drugs. ESSA also requires that those districts inform and involve parents in violence and drug prevention efforts. Districts must make reasonable efforts to inform parents of the content of safe and drug-free school programs and activities other than classroom instruction. If a parent objects in writing, the district must withdraw the student from the program or activity. AS 14.30.360 encourages districts to provide K-12 health education, including alcohol and drug abuse education. The following sample policy may be revised as appropriate.

Note: Despite the passage of AS 17.38, effective February of 2015, which authorizes the use of marijuana under certain conditions, all use, possession and distribution of marijuana by those under 21 is illegal. In addition, as a recipient of federal funds, the district is obligated to maintain a drug-free workplace consistent with federal law, which prohibits the manufacture, distribution, possession and sale of marijuana for all individuals, regardless of age. For purposes of the district's policy and legal obligation, marijuana is prohibited.

*(cf. E 4020 –Drug and Alcohol – Free Workplace Notice to Employees)*

Because the use of alcohol and other drugs adversely affects a student's ability to achieve academic success, is physically and emotionally harmful, and has serious social and legal consequences, the School Board intends to keep district schools free of alcohol and prohibited drugs.

Alcohol, marijuana, and other controlled substances are prohibited for use or possession by students. The School Board desires that every effort be made to reduce the chances that our students will begin or continue the use of alcohol and other drugs. The Superintendent or designee shall clearly communicate to students, staff and parents/guardians all School Board policies, regulations, procedures and school rules related to this prevention program. Special efforts shall be made to ensure that these materials are understood by parents/guardians and students of limited literacy or limited English proficiency.

Note: Drug use by students is not limited to illegal drugs and can also include abuse of prescription drugs and over-the-counter medications. There is also a growing problem of youth using what are commonly referred to as designer or synthetic drugs. Designer or synthetic drugs come in various forms and may be a chemical compound, a plant-based substance, or a combination. Common names for these drugs include bath salts, K2, spice, salvia, and synthetic marijuana. These drugs have serious and dangerous effects. Synthetic marijuana is an illegal substance in Alaska. AS 11.71.040-.050, 11.71.160. The following optional language prohibits the possession, use, or distribution of "prohibited drugs," which includes all dangerous substances that pose a risk to district students.

Specifically, the Board prohibits the actual or attempted sale, distribution, use, or possession by a student of alcohol, prohibited drugs or inhalants, drug paraphernalia, substances that are designed to look or act like prohibited drugs or alcohol, or substances purported to be prohibited drugs or alcohol. Prohibited drugs are defined as:

2. Alternatives to illegal drugs such as designer or synthetic drugs, whether or not prohibited by law, which are purported to, designed to, or which do impair, restrict, or alter normal cognitive function when absorbed, ingested, injected, or inhaled.
3. Prescription drugs that are not legally obtained or prescribed, are not being used for the prescribed purpose, are being used in excess of the prescribed amount, are being used by other than the person to whom prescribed, or are being sold, traded or distributed.

Recognizing that keeping schools free of alcohol and other drugs is a concern common to the district and community, the School Board supports cooperation among schools, parents/guardians, law enforcement and other appropriate community organizations involved in preventing alcohol and drug abuse.

*(cf. 1410 Interagency Cooperation for Student & Staff Safety)*

Note: Districts are required to establish a citizen advisory committee in order to receive Public Law 99-570 funds. Additionally, AS 14.33.110 requires that the school disciplinary and safety program maintain community standards of school behavior that are developed by members of each school, including students, parents, teachers, school administrators, and other responsible persons.

To obtain the widest possible input and support for district policies and programs, the School Board shall appoint a districtwide school-community advisory committee to make recommendations related to the prevention of alcohol and other drug abuse. The committee should make its recommendations based on input from students, parents, teachers, school administrators, and community members. The School Board also encourages the use of site-level advisory groups in this area.

*(cf. 1220 - Citizen Advisory Committees)*

**Opioid Overdose Protection**

In accordance with AS 14.30.145, the Superintendent shall ensure that:

- 1) A person trained to administer an opioid overdose drug is on site when the main school building of each school in the school district is open to students or staff, including periods when the school building is open before and after school hours and during weekend activities; and during each school-sponsored event conducted on school grounds.
- 2) The main school building of each school in the school district has at least two doses of an opioid overdose drug available on site; and
- 3) At least one dose of an opioid overdose drug is available during a school-sponsored event conducted on school grounds.

Per AS 14.30.145, a school district, school, or individual is not liable for civil damages for an injury to another individual resulting from a failure to possess or maintain an opioid overdose drug as required by the statute.

**Intervention**

The School Board recognizes that there are students on our campuses who use alcohol and other drugs and can benefit from intervention. The School Board supports intervention programs that include the involvement of students, parents/guardians and community agencies/organizations.

School personnel should be trained to identify symptoms which may indicate use of alcohol and other drugs. The Superintendent or designee shall identify responsibilities of staff in working with, intervening, and reporting students suspected of alcohol and other drug use.

Students and parents/guardians shall be informed about the signs of alcohol and other drug use and about appropriate agencies offering counseling.

**ALCOHOL AND OTHER DRUGS (continued)**

BP 5131.6(d)

**Nonpunitive Self-Referral**

The School Board strongly encourages any student who is using alcohol or drugs to discuss the matter with his/her parent/guardian or with any staff member. Students who self-disclose past use of alcohol or other drugs in order to seek help to quit using shall not be punished or disciplined for such past use. State and local extra-curricular activities eligibility rules may apply further conditions related to the admission of drug or alcohol use.

**Enforcement/Discipline**

The Superintendent or designee shall take appropriate action to eliminate possession, use or sale of alcohol and prohibited drugs and related paraphernalia on school grounds, at school events, or in any situation in which the school is responsible for the conduct and well-being of students. Students possessing, selling and/or using alcohol, marijuana or other drugs or related paraphernalia shall be subject to disciplinary procedures which may result in suspension or expulsion.

*(cf. 5144.1 - Suspension and Expulsion/Due Process)*

School authorities may search students and school properties for the possession of alcohol, marijuana and other drugs as long as such searches are conducted in accordance with law.

**NOTICE TO PARENTS REQUIRED BY EVERY STUDENT SUCCEEDS ACT**

Notes: Under the Every Student Succeeds Act, parent notifications for the 2016-2017 school year are required but they must align to NCLB requirements. However, not all NCLB notices are required. This list of parental notice requirements is designed to help districts meet the many notice requirements of NCLB as required for the 2016-2017 school year. NCLB makes it clear that schools receiving federal funds must ensure that parents are actively involved and knowledgeable about their schools and their child's education. The law requires schools to give parents many different kinds of information and notices in a uniform and understandable format and to the extent practicable, in a language that parents understand. The only notices applying to districts that do not receive Title I funds are those regarding student privacy. The notices described in this example are summarized; please see the specific NCLB section cited for the exact requirements. The NCLB citations are retained for purposes of implementing notice requirements for the 2016-17 school year.
