To Whom It May Concern,

I am writing to inform you of my intentions to
retire on August 28th, 2026.

Lauren Thiessen

July 13, 2026

What has Happened:

- All reporting complete. Working on setting up for success next year!

What will Happen:

- Updates to Student Handbook (both on page 16)

- Water bottles will be clear and kept in lockers

- In keeping with our wellness initiatives, Windom Elementary will ask parents to not bring fast food for students at school. This undermines our health initiatives and creates inequalities among students.

- New Teacher Bootcamp Jul 21, 2025

Other News:

- Shout out to the custodians and maintenance team. They are busy making our buildings and grounds beautiful and working hard. It's the middle of summer, and everything is looking great!

Thank you for supporting our youngest Eagles!

**Windom Area School District
Special Education Board Report
07/13/2026**

What's Happened:

- Over the past month, much of my work has focused on preparing for the upcoming school year. One of the biggest tasks has been finalizing our plans for paraprofessional support across the district. While student enrollment and service needs naturally continue to shift throughout the summer, we've reached the point where we have a good understanding of where support will be needed in each building and can begin focusing on filling those positions before students return in the fall.
- We completed our end-of-year MARSS reporting. This work is important to ensure that the district is able to access available reimbursement through the Medical Assistance billing program.
- In June, I attended three days of MTSS training with members of the administrative team and District Leadership Team. Following the training, we participated in additional planning sessions, including a meeting with our regional COMPASS representative from SWWC. These conversations have focused on identifying ways to bring together the many strong systems and supports already in place across the district into a more cohesive and efficient framework for supporting student learning.
- I've begun preparing professional development and in-service activities for our special education staff for August, with a focus on providing practical resources and support as we begin the new school year.
- Our first Extended School Year (ESY) sessions were held in June, with additional sessions scheduled throughout July and August. I want to express my appreciation to the staff members who give up part of their summer break to provide these services. Their work helps ensure that students maintain the skills they have worked so hard to develop during the school year. I would also like to recognize our Birth-2 team members, who continue to provide services to families year-round.

Looking Ahead:

- Over the coming weeks, my primary focus will be on staffing, finalizing preparations for August in-service activities, and developing resources to support our new special education teachers as they begin the school year.
- One area we will continue to monitor closely is staffing. With several of our current paraprofessionals transitioning into year-round positions associated with the new daycare, we anticipate hiring a larger number of paraprofessionals than usual as we prepare for the start of the school year.
- Please note that I will be out of the office for a family vacation from July 2 through July 18.

Respectfully submitted,

Amanda Wilson

Enrollment

The last day of school (in 2026), enrollment shows a total of 1129 K-12 students. As we look ahead, the soft projections for K-12 in September show 1135 students. The kindergarten class has 80 students registered. This usually increases as we get closer to the first day of school. This is an average number for us.

Principal evaluations were completed in June. Each principal and I met individually to reflect on various aspects of the evaluation protocol. It's a nice opportunity to celebrate successes and make goals for the next school year.

Kaliediscope on KDOM

Once a month, I appear on KDOM for their Kaleidoscope segment. I typically highlight upcoming events, school board action, or happenings at school. Last month, I focused on reflections from the 2025-2026 school year including the incredible turnout from the community for the baseball team, the 16 college courses that we offer and the teachers who teach them, and of course, the Soaring Eagles Childcare Center.

The purpose of this handbook is to provide middle/high school students and their parents with clear policies and procedures for school operations. Please keep this available for reference purposes, but note that the handbook is available on the Windom Area School website. We encourage students and parents to spend time familiarizing themselves with this handbook. We believe that if families understand the policies of the school, the great majority will make every effort to comply.

It is the position of the school district that a fair and equitable district-wide school discipline policy will contribute to the quality of a student's educational experience. Without discipline in the schools, learning cannot occur. Therefore, these district-wide policies and procedures have been adopted. If a family has concerns or would like clarification, we encourage contact with our school.

The success of a school is dependent on the support and cooperation of its students and their parents. We thank you in advance for your support of our school's discipline policy and procedures.

Attendance/Absence

Our Philosophy: Attendance is a priority at Windom Area Middle/High School. We believe learning is enhanced by regular attendance. Research indicates that there is a significant correlation between student absences and achievement. Class attendance is critical to the successful completion of coursework and outcomes. The entire process of education requires continuity of instruction, classroom participation and a variety of learning experiences, and consistent study in order to reach the goal of maximum educational benefit for each student. Absent students cannot expect to make the same progress as they would if they were in attendance at school. We firmly believe a course cannot be successfully completed with excessive absence. Teachers are expected to take attendance within the first 10 minutes of each class, and communicate with the office if there are changes to submitted attendance.

Minnesota statutes require the district to monitor students' attendance. School administration will therefore inform parents/guardians of any attendance problems concerning their child. However, we need parents/guardians to be actively involved in resolving any deviations in their child's attendance and to work with the school district to ensure maximum attendance.

Maximum Absence Rule: A student who misses a class more than 10% (roughly 10 days) of the semester is considered chronically absent. ALL absences (including excused absences) will be counted, except those absences which result from participation in school authorized activities, official religious holidays, or a death in the immediate family. To proactively avoid situations of loss of credit, Teachers will communicate with main office staff should absences approach the following checkpoints:

Mid Quarter 1/3 - 3 absences

End of Quarter 1/3 - 6 absences

Mid Quarter 2/4 - 9 absences

End of Quarter 2/4 - 12 absences

Classifications of Absences:

1. School Authorized Absences (Exempt):

- a. These are to be verified at the time of absence and are NOT counted in the Maximum Absence Rule. Make-up work IS required.
 - i. Curricular & co-curricular pre-authorized school events & programs.
 - ii. Official religious holidays.
 - iii. Death of immediate family member (parent, stepparent, guardian, sibling, Grandparent, child).

2. Excused Absences:

Parents or guardians must verify each hour absent in writing or by phone. Calls should be placed to the school by 10 am the same day. Students should remind the parent to contact the attendance office prior to, the day of, or no later than 10:00 a.m. the day after the absence and when possible to schedule appointments during non-school hours. The number to contact during school hours is 507.831.6910 and extensions 300 (Middle School), 309 (High School) or 311 (Spanish Speaking). You may also email attendancemshs@isd177.com. The after hour answering service number is 507-831-6910 ext.

300 (Middle School) or ext 309 (High School). **Parent excuses will not be honored after 48 hours (two school days) after the date of the absence. Absences not called in for after 48 hours will be coded as unexcused and count toward truancy calculations.** Students (including 18 year olds) must have a parent/guardian communicate all absences to the office. Makeup work is required. The following reasons are valid and should be used by parents and students as guidelines:

a. Illness

- i. A day of absence will be counted for each day a student is absent due to illness. In the event of extended (3+ days) or chronic illness, verified by a medical doctor, the student may appeal to the Attendance Committee. The attendance committee will consist of the Principal, Counselor/Social Worker & one of the student's teachers.
- ii. In the event you become ill during the day, please go to the nurse's office. Office staff will assist you. If your illness justifies sending you home, arrangements may be made according to the Emergency Contacts information listed in Infinite Campus.

b. Family emergency

c. Medical/dental appts. that cannot be made outside of school time

d. Court ordered appearances

e. Preplanned absences (family trips, etc), which have been arranged and pre-approved by administration. Absences in excess of maximum allowable absences that result due to an out of town family trip may be excused at the discretion of administration. It is the responsibility of the absent student to make all necessary arrangements with teachers prior to the trip so as to remain caught up in courses. Makeup work must be completed within the allowable time period (2 days per day absent.) (Arrangements made prior to the absence in order to be excused; one week ahead recommended.)

h. Driver's license test

i. Seniors who wish to visit a postsecondary school or college may use two (2) days for this purpose. **ALL COLLEGE VISITS MUST BE COMMUNICATED TO THE SCHOOL ATTENDANCE SECRETARY.**

k. Out-of-School Suspension (OSS): These absences ARE counted in the Maximum Absence Rule. Completion of make-up work is required and credit given. All students meeting or exceeding 10 absences due to an OSS will discuss attendance and may enter into a behavior/attendance contract at the re-entry meeting.

l. All students must report to the office to receive a permit to class pass upon returning to school. This pass must be shown to all teachers. This pass serves as verification of the absence by the office.

m. Parent excused - parents/guardians may excuse an absence for extenuating circumstances not listed in the reasons above up to 2 times per school year.

3. Part-Day Excused Absences:

- a. Medical, dental appointments and court ordered appearances: Parents/guardians are requested to telephone and/or write a note. Students must obtain a Permit to Leave School prior to the day of the appointment. Upon return, students must check in with the school office and provide verification of the appointment. Most of these appointments should be scheduled for times when school is not in session.
- b. Illness or injury during the school day: The student must sign out through the school office. Parent/guardian authorization is required and a Permit to Leave School is issued.
- c. Emergency during the School Day: Student must sign out through the school office and a Permit to Leave School is issued.
- d. **Failure to receive a Permit to Leave School may result in the absence being unexcused.**

EXCUSED PARTIAL DAY ABSENCES DO COUNT TOWARD THE MAXIMUM ABSENCE RULE

Consequences for Exceeding Absence Limits:

1. On the third (3) absence for a semester course, the student will be informed in person and the attendance secretary may send an Attendance Letter and a copy of the policy to the student's parent/guardian by mail.
2. If the student has reached six (6) absences from a semester course, the student will be informed in person and the attendance secretary may send, once again, the Attendance Form and an Appeals Form to the parent/guardian. **After 10 excused absences in one semester, a doctor's note may be required.** An administrator/counselor may conduct a conference after the 6th absence with the parent/guardian.

An attendance contract may be drafted, signed and enforced.

Upon notification, the student may see the counselor to determine suitable options.

Should absences reach 20% for a semester class a No Credit (NC) will be issued and the student may need to make up the credit.

- a. In the rare event a student has suffered a long-term (chronic) illness, which can be verified by a doctor's signed statement, the student's record will show an incomplete (I). If the work has been made up according to the Make Up Work Policy guidelines, the incomplete (I) will be changed to a grade. If the work is not done according to Make Up Work Policy guidelines, the incomplete (I) will be changed to (NC) or (F). NOTE: See Make Up Work Policy.
3. The attendance committee will meet with students/parents to address absences exceeding the maximum absence rule. The attendance committee will consist of the Principal, Counselor/Social Worker & 1 of the students teachers.
 4. Minimum seat time requirement - loss of credit for a course. Students who do not attend class for 80% of the class periods in session (~68/86 days in a semester) may earn a No Credit and need to retake the course or complete credit recovery to earn full credit.

***Students with a verified medical condition/extenuating circumstance may appeal and earn full credit despite exceeding the maximum absence rule at the discretion of the attendance policy committee (Principal, Counselor/Social Worker & 1 of the students teachers.)

A student receiving a waiver on the maximum absence rule must complete required coursework to earn credit for all impacted courses.

Check Out Procedure

If a student is to leave the school during the regular school day, the following procedure shall be followed:

1. The student shall present the parental request to leave the school to personnel on duty in the high school office before school in the morning. Legitimate reasons for out-of-building passes include such things as medical or dental appointments, court appearances, and special family obligations. The student may present a written request signed by a parent or guardian OR parents/guardians may also make arrangements by calling 831-6910. Student requests without parental consent may not be honored.
2. When the request to leave school is approved, the office personnel may issue a pass stating the time that the student will be excused from class. At checkout time, the student will report to the office, show the pass and sign out. A sign-out sheet/form is provided as an official record.
3. A student who becomes ill or injured during the school day must report to the nurse's office. An evaluation of the student's health status will be made. If it is necessary for the student to go home, the student's parent/guardian (or parent's designee on the emergency call sheet) will be called by the Nurse/main office to come for their student or to authorize the student to drive home. The student will

be given a pass to present to the attendance secretary in the Administration Office. The student will follow the sign out per procedure.

4. Failure to follow check out procedures may result in absences being counted as unexcused at the discretion of administration.

Tardiness

Tardiness is defined as being late to a class by any amount of time after the start of the class up to 5 minutes. Arriving after 5 minutes without an excused pass will constitute an unexcused absence for the class period. Students arriving to class unprepared to learn may be counted tardy at the discretion of the teacher. Teachers will also use discretion in tardiness so as to create a welcoming environment - students who are in seats ready to learn when the teacher begins class shall not be counted tardy.

1. A student may be excused for being late to class only when detained by another teacher or office personnel.
2. The detaining teacher or office personnel will issue a pass/email to the detained student making sure to list the time the student was released on the pass.
3. After receiving a tardy pass, the student will be expected to report to class immediately. Students arriving more than five minutes after the tardy pass was issued will be considered unexcused and the teacher should treat the offense accordingly.
4. Unexcused tardies are to be counted in the Attendance Policy. Upon receiving a 4th unexcused tardy in any class during the quarter, a student will be assigned one (1) detention to be served within 1 week of being assigned the detention and will lose open campus (lunch/TA/Principal's Hour) privileges for the remainder of the quarter. Upon receiving further unexcused tardies during the quarter, consequences for the student will be assigned accordingly: 5th Tardy equals one (1) detention. Consequences for the 6th Tardy and beyond will be determined at the administration's discretion and may include a parent meeting, further loss of privileges, Saturday School and up to In School Suspension.

Make Up Work Policy

The following items are guidelines with the understanding that the completion of school work in a timely manner is of the utmost importance.

1. Students absent one (1) day will have two (2) days to make up work missed for the first (1st) day and two (2) for each succeeding day missed (or shorter/longer if mutually agreed upon by the teacher and student upon the student's return). If a student is unable to turn in the make-up assignments due to another absence, the make-up work from the initial absence will be due the next day the student is in attendance.
2. Teachers may request the assignments missed due to school-sponsored field trips, co-curricular activities, official religious holidays or pre-planned absences be completed in advance by the student.
3. Special arrangements may be made for long term (chronic) illnesses verified by a doctor's signed statement. An incomplete (I) may be given to allow for make-up time.
4. A homework request may be made for absences of more than one school day through the main Office or via email directly to the teacher by parent/guardian. Students' teachers may be asked to email students/parents and/or bring assignments to the main office for parents/guardians to collect.
5. Students with unexcused absences will receive make-up work for the class period(s).

Truancy/Skipping

If a student is willfully absent from school/class without permission, he/she assumes the responsibility and the consequences of violating a right and privilege. Windom Public Schools have adopted the policy of Cottonwood County in regards to truancy. A copy of this policy is found on our district website.

1. Unexcused Absences (Truancy) are defined as a student who is absent from school/class without full knowledge or consent of his/her parents/guardians. The student is absent from school with or without consent of the parent or guardian for reasons unexcused by the school authorities. Makeup work is required.

Examples of unexcused absences may include, but limited to the following:

- a. Leaving school without obtaining a Permit to Leave School from the school office.
- b. Is absent from school without proper verification from his/her parent/guardian.
- c. Is absent from class without permission.
- d. Obtains a pass to go to a certain place and does not report there.
- e. Becomes ill and goes home instead of reporting to the school office, or staying in the restroom and not returning to classes.
- f. Comes to school but does not attend classes.
- g. Leaves for lunch without a pass and not returning without parental consent.
- h. Oversleeping
- i. Personal grooming appointments (hair, nails, tanning, etc)
- j. Employment/interview
- k. Shopping/errands
- l. Family vacations
- m. Needed at home/babysitting
- n. Missed the bus/car trouble
- o. Needing to sleep/rest
- p. Interpreting for another person

Administrative discretion may be used in any of the aforementioned situations to excuse an absence.

2. Tardiness: Students who are more than 5 minutes late to a class may be marked with an unexcused absence, not a tardy.

3. Excessive Absences: Request by parent or guardians may be denied or counted as unexcused if they are for excessive absences. Excusing absenteeism and tardiness is at the discretion of the principal/administration.

4. Unexcused absences are made up through detention.

- a. One class (45 minutes) = one 45-minute detention.
- b. A skipped day of school equals eight (8) 45-minute detentions or 1 Saturday School. Students must attempt to check in with the teacher whom class was missed with to make up missing content. This check can be done via email for documentation purposes. Detention supervisor will check for this communication.
- c. A student will lose open campus (lunch/TA/Principal's Hour) privileges for the remainder of the quarter for any unexcused absences.
- d. Students serving a detention to make up class time are expected to touch base with the teacher for whom they missed class prior to detention. Students are expected to work on missing content during the detention period.

5. Students with an unexcused absence will be subject to the school Truancy Policy. (There are no school sanctioned "Skip" days.)

Truancy Policy

According to Minnesota Statutes 120.101, subdivision 5, students under the age of 18 must attend school. If a 16 or 17 year old is in attendance, they must follow the same guidelines as students under the age of 16. In cooperation with Des Moines Valley Health & Human Services, Cottonwood County Court System and local law enforcement agencies, Windom Public Schools has developed the following Truancy Diversion Policy:

Step One

After three (3) unexcused absences, a school letter (Certified with Return Receipt Requested) is sent to the parent of the truant student. Included in this letter will be:

- a. Copy of State Truancy Laws
- b. Copy of School Truancy Policy
- c. Students current attendance report

Step Two

- a. Upon the fourth (4th) unexcused absence, a (phone call/letter) parent contact is made.
- b. School personnel forward student's most current attendance report, copies of letters sent to parents, any other documentation pertinent to the student's truancy including interactions with the student and/or parents to the County Attorney's office.

- c. The County Attorney will forward the appropriate information to the Cottonwood County Family Service Truancy Coordinator to begin the mediation program.
- d. The CCFSTC will obtain a release of information and contact the school if the family accepts services.

Step Three

- a. Upon the fifth (5th) unexcused absence, a (phone call/letter) parent contact is made.
- b. School personnel fax updated attendance to Cottonwood County Attorney and Des Moines Valley Health & Human Services with proper release of information.
- c. Upon receipt, the county attorney will write a letter to the parent of the truant student asking them and the student to participate in a diversionary meeting.

Step Four

- a. Upon the sixth (6th) unexcused absence, school personnel may make a (phone call and/or letter) parent contact and fax updated attendance to Cottonwood County Attorney and Des Moines Valley Health & Human Services with proper release of information.

Step Five

- a. Should the student reach seven (7) unexcused absences and an attempt has been made by the school to address the student's attendance concerns as described above: the school should notify the County Attorney for a CHIPS petition.

Students who are 18 years of age are allowed to "withdraw" from school with their parent's permission.

THE SAME SET OF ATTENDANCE RULES APPLIES TO ALL STUDENTS REGARDLESS OF AGE.

Discipline

Windom Schools take pride in the positive behavior of students and rewards those who show a daily understanding of what we hold as valuable in our daily behavior.

As a school district, we want to see our students soar higher and achieve better and we strongly believe that we will, if we follow this simple belief:

At Windom Area Schools, learning is first. We take pride in our safe & positive environment. Be proud. Be respectful. Be Responsible.

You are an EAGLE!

Eagle Pride Matrix

Restorative Discipline

When students fall short of Eagle Pride expectations, restoration of the strained relationship(s) may be necessary. Restorative discipline practices focus on building back the relationships that were strained as a result of a poor choice in words/actions. Restorative discipline practices are not punitive and are not focused on punishment. Restorative practices focus on teaching the student the ways in which their actions fell short of Eagle Pride expectations, and ways to learn and improve to do better in the future. A major goal of restorative discipline is keeping the student(s) in the classroom for the learning if at all possible. Restorative discipline may look differently for each student as natural consequences for actions are at the core of restorative practices. Windom Schools staff will work with all students to learn from mistakes and repair strained relationships. Restorative practices may include, but are not limited to:

- Mediation conferences (between students and all stakeholders.)
- Corrective action (example; Conflict: student leaves a lunch table a mess. Staff intervention: discussion with students about what happened and why. Action: student apologizes to lunchroom supervisor and lunchroom staff, spends a few minutes cleaning up the area.)
- Time in the office - when the student is not quite ready to be back in class at that time and they need to work with administration to discuss meeting future expectations.
- Time in the student support room (possibly a debrief with the counselor or social worker)
- Detention - when extra time is needed beyond the school day (before or after school, or during lunch) to help the student correct their behavior, or the student was not ready/willing to participate in mediation.
- Suspension - either in school or out - only when the presence of a student in the classroom causes a significant disruption to the learning environment and/or the offense was highly severe.

All of the above measures are intended to be non-exclusionary and work with students to remain in the learning environment.

Behavior Flow Chart

Backpack/Bags

Backpacks/book bags/purses/any handbag/belt bag used to carry items to and from school must be left in lockers during the school day. Backpack searches may be conducted at administrative discretion based on a reasonable suspicion of a policy violation or for building security safety checks.

Refer to District Policy 502 for search procedures. [District Policy Manual](#).

Searches of Student lockers, desks, personal possessions and student's person

In the event of the existence of reasonable suspicion of a violation of school policy, students may be subject to a search by school administration. Searches of lockers, backpacks, persons and possessions may be conducted should reasonable suspicion of a school policy violation exist. When possible, a second adult will be present. When suspicion exists that a student may have in their possession a vaping device on their person, school administration may utilize a metal detecting wand. Students will not be asked to expose any part of their person and should suspicion exist that a device is present, parents will be called to come in and assist in the search, unless the suspicion relates to a direct safety threat to students and staff. Should a locker search be conducted, students will be alerted in a timely manner.

Book Policy

The Windom School District provides students with all textbooks; if necessary. Normal wear is expected on these books. Abnormal wear, however, is not expected and students who intentionally drop, throw, sit on, write on, or otherwise misuse textbooks in any manner will be fined for damages to the book. An amendment to Minnesota Statutes 120.101 provides that schools may charge for lost or destroyed textbooks, workbooks, or library books. The school will charge an appropriate replacement fee for textbooks, workbooks, or library books lost or destroyed by students.

Chromebooks

The Windom School District provides Chromebooks, a Chromebook charger cable and a Chromebook charger block to each student for educational purposes. Students must adhere to Chromebook use guidelines and pay all appropriate fees as communicated at orientation prior to the start of the school year. Students found to be using Chromebooks inappropriately may be assigned Chromebook use re-education modules to satisfactorily complete prior to receiving Chromebook privileges back. Any fees assessed for Chromebook misuse/breaks/losses must be paid prior to graduation or receiving a Chromebook for the following year. HS Students are issued Chromebooks to take home and care for throughout the school year. Chromebooks are available for MS student use, but Chromebooks will remain in classrooms and students will not carry with them throughout the school day.

Bus Conduct

Bus drivers have the authority to implement and enforce rules of behavior deemed appropriate to assure safety to and from school. Students are responsible for their behavior during the times they are being transported. Students with chronic behavior problems on the bus may lose the privilege of riding the bus. The bus is an extension of the school day. All students will be taught appropriate bus behavior and must submit the acknowledgement of the bus safety test during the first week of school. School disciplinary policy will be enforced.

Please keep in mind that the law says:

Student Dress

A dress code serves the purpose of establishing and maintaining a respectful environment conducive to learning. The intent of the dress code is to create an environment grounded in respect for every individual in the building and their right to feel safe, welcome & treated with dignity throughout their educational journey. The responsibility to adhere to the dress code rests with the students and their parents/guardians. Students must use mature judgment when choosing clothing to wear at school and students have the right to choose the manner in which they project themselves in public unless it causes a disruption with work, creates a classroom or school disruption or could be interpreted as harassment by others.

UNIFORM GUIDANCE & DISCIPLINE POLICY

Part I: Philosophy and Purpose

Philosophy:

It is the belief of the Board of Education of Independent School District #177 that each individual should be accepted into the educational program as he or she is; that the student shall be provided with a stimulating environment and opportunities for learning designed to assist the student in realizing his or her maximum mental, physical, emotional, and social development.

The Board also believes that the primary obligation for developing self-discipline, responsibility, and respect for other people begins in the home and with the parents/guardians. Children who have developed these qualities usually progress well in school. The school is also concerned with the development of attitudes, habits, and behavior and must provide a proper climate for learning; therefore, the school strives to work cooperatively with parents/guardians. Teachers want all students to learn, but their efforts can be thwarted by disruptive behavior. When students do not follow the rules of proper conduct, the school has a responsibility to take action in the interest of those students and the other students in the school.

Purpose:

To ensure an atmosphere that is conducive to learning, it is necessary to carefully balance a student's individual rights with his or her responsibilities for good citizenship. It is in an effort to preserve this proper balance that the school board has adopted this code. The intended effect is to create an educational climate conducive to learning, to responsible and considerate behavior and one in which the safety of students and all persons is assured.

The school district takes very seriously any individual(s) making "terroristic threats." The school district will take every means possible in conjunction with law enforcement toward the arrest and conviction of the individual(s) responsible for making a terroristic threat. The person(s) could face felony charges, which carry a maximum penalty of five years in jail and a \$10,000 fine. (Policy 121A.55 MN Statute-General Statement.

PART II: DISCIPLINARY POLICIES & PROCEDURES

Introduction:

The development of responsible behavior and self-discipline among students occurs at two levels within a school. First, since the student spends the greatest amount of time during the school day in the classroom, the classroom teacher must assume the primary responsibility for gaining the respect and cooperation of the students so that an effective learning environment may be maintained. Each teacher must apply a carefully thought out approach to classroom discipline and administer it with a sense of fairness and consistency.

At other times, disciplinary problems, which are beyond the scope of the classroom teacher's area of responsibility (i.e. between classes, lunchtime, before and after school) or are of a serious enough nature to require referral to the administration. Through the school-wide discipline program, the principal/assistant principal sets the tone for acceptable behavior throughout the school and campus. Students may be disciplined for off campus conduct, which disrupts, interferes with, or otherwise affects the learning environment,

activities, or operation of the school. The principal/assistant principal also must operate from a carefully developed set of rules and consequences that ensure fair treatment, consistency, and due process.

Part II of this code is designed to describe the approach to classroom and school-wide discipline adopted by the Board of Education.

Detention:

A period of time beyond the regular school day (before/after school) in a supervised area specified by the principal/behavior specialist. The administration assigns detention by use of Infinite Campus and the Detention assignment sheet. If possible, students/parents may be given a minimum of 24 hours advance notice of the serving of such detention. Work/practice is not an excuse for not making up detention. Detention is a time scheduled upon agreement by administration. Students will be responsible for their own transportation home after serving detention.

Administration reserves the right to withhold any student with outstanding detentions from any school activity until all detentions are served.

In-School Support Room:

This room may be used as a cooling down/support room for students after an event has taken place. Students utilizing the In School Support Room will be supported by Student Support staff and will return to class after they have cooled down and are ready to enter the academic environment.

In-School Suspension:

This is the act of prohibiting a student from attending classes while still attending school in person. The student serves the suspension time in the school building in the in-school suspension room.

Out-of-School Suspension:

This is the act of prohibiting a student from attending school for a period of no more than 10 (ten) school days.

Expulsion:

An action taken by the school board to prohibit an enrolled student from further attendance for a period that shall not extend beyond an amount of time equal to one school year from the date a student is expelled.

Grounds for expulsion include MS. 121A.45, which states a student may be dismissed on any of the following grounds:

1. Willful violation of any reasonable school board regulation;
2. Willful conduct that significantly disrupts the rights of others to an education;
3. Willful conduct that endangers the student or other students, surrounding persons or the property of the school.

Reasonable Force:

Principals, teachers, and staff may use reasonable force when it is necessary under the circumstances to restrain or correct a student to prevent bodily harm or death to another.

Student Discipline:

1. School Board Policy 506 will be used to address all issues of student discipline.
2. A good learning atmosphere in the classroom is the joint responsibility of the teacher and students. This atmosphere will be promoted through clearly established and understood expectations and regulations. Because of varying classroom environments, these expectations may differ somewhat from teacher to teacher.
3. Classroom expectations, once established, are to be posted in each classroom.
4. The teacher or designee has the responsibility to act on infractions of classroom expectations. In cases where corrective actions prove ineffective, the teacher may remove the student from the classroom and refer him/her to the office and fill out an office Disciplinary Referral form on Infinite Campus.

Progressive Discipline Guidelines:

The classroom is the building block of a disciplined school experience. When classroom attempts to support a learner fall short, it may be necessary to refer disciplinary situations to the principal. To establish continuity and provide for guidance for progressive discipline when behaviors fall short of expectations and violate school policy, the following guidance is provided;

Administration will use the table above as a guide, but reserves the right to exercise discretion in the issuance of progressive discipline at any time to maintain the order of the school so all students can learn in a safe and positive environment and all staff can work in the same safe and positive environment. Through PBIS (Eagle Pride) Windom Area Schools strives to help students learn positive, responsible and respectful behaviors. When students fall short of taught expectations, the above list shall serve as a guide to help reinforce to students the importance of their behavior choices. Correcting the undesired behavior is always the goal within our disciplinary proceedings.

Rights of Appeal

If a student feels a right violation has taken place, they should first bring the matter to the attention of the building principal, unless the alleged violation involves this person. If the principal is involved or an appeal of a principal's decision is desired, the case may be brought to the Superintendent of Schools, and a further appeal may be made to the Board of Education at their next regular meeting. A student may appeal their case in court without going through the administrative process outlined above, but the court may require the student to first exhaust those channels with the local system. The local Board of Education also has the right of appeal. [Here is the discipline instance complaint/appeal form.](#)

PART III: STUDENT BEHAVIOR & PARTICIPATION IN SCHOOL ACTIVITIES

Participation in the co-curricular activities offered by Windom Area High School is a privilege earned through maintaining satisfactory progress toward the school's graduation requirements and demonstrating responsible behavior. The Board of Education believes that students involved in disciplinary infractions resulting in suspension should be denied the right to participate in co-curricular and extra-curricular activities during the period of suspension. Students who participate in extra curricular activities are subject to the MSHSL Code of Conduct and must abide by the rules and regulations contained in the code. Violations of the Code of Conduct will result in suspensions from participation in extracurricular activities.

Local Policy:

Any student placed on suspension for a period of a day(s) or any part of a day(s) (in-school or out-of-school) will not be allowed to practice, participate in, attend, or in any other way take part in a school activity sponsored by Windom Area Middle/High School until the suspension is completed. This rule will apply to ALL activities (athletic, music, club, organizations, dances, etc.) sponsored by Windom Area Middle/High School.

Discipline of Special Education Students:

Generally speaking, this discipline code applies to all students of Windom Area Middle/High School. However, a suspension or expulsion of a special education student may be construed as a change of the student's Individualized Educational Plan (I.E.P.) and may not occur without a team meeting.

The team shall:

- (a) Consistent with federal law governing days of removal and section 121A.46 of the MN Pupil Fair Dismissal Act, school personnel may suspend a child with a disability. When a child with a disability has been suspended for more than ten consecutive school days or ten cumulative school days in the same school year,

and that suspension does not involve a recommendation for expulsion or exclusion or other change of placement under federal law, relevant members of the child's individualized education program team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's individualized education program. That meeting must occur as soon as possible, but no more than ten days after the sixth consecutive day of suspension or the tenth cumulative day of suspension has elapsed.;

(b) A dismissal for one school day or less is a day or a partial day of suspension if the child with a disability does not receive regular or special education instruction during that dismissal period. The notice requirements under section 121A.46 of the MN Pupil Fair Dismissal Act do not apply to a dismissal of one day or less.

(c) A child with a disability shall be provided alternative educational services to the extent a suspension exceeds five consecutive school days.

(d) Before initiating an expulsion or exclusion under sections 121A.40 to 121A.56 of the MN Pupil Fair Dismissal Act, the district, relevant members of the child's individualized education program team, and the child's parent shall, consistent with federal law, determine whether the child's behavior was caused by or had a direct and substantial relationship to the child's disability and whether the child's conduct was a direct result of a failure to implement the child's individualized education program. When a child with a disability who has an individualized education program is excluded or expelled under sections 121A.40 to 121A.56 for misbehavior that is not a manifestation of the child's disability, the district shall continue to provide special education and related services during the exclusion or expulsion.

Drug and Alcohol Offenses

Grades/Honor Roll

Grading System

Windom Area Schools are focused on academic standards that will challenge students to excel beyond their own expectations. Grades communicate student achievement at a point in time. An academic grade based on course content aligned with local and Minnesota Academic State Standards will be communicated at the conclusion of each nine-week period for each subject taken. College courses will be graded as required by the college. The academic grade will be a measure of student growth toward the mastery of standards in that subject. Separate grades for each subject will also be reported that will encompass behaviors related to respect and responsibility such as effort, participation, attendance, and timeliness of homework. Additional comments may also be included on the report card. Although teachers have different styles of grading, grades for the student's report card may follow a scale similar to this:

Student academic grades will be calculated using the following scale:

- 93-100: A = 4.0
- 90-92: A- = 3.5 - 3.99
- 87-89: B+ = 3.25 - 3.49
- 83-86: B = 3.0 - 3.24
- 80-82: B- = 2.5 - 2.99
- 77-79: C+ = 2.25 - 2.49
- 73-76: C = 2.0 - 2.24
- 70-72: C- = 1.5 - 1.99
- 67-69: D+ = 1.25 - 1.49
- 63-66: D = 1.0 - 1.24
- 60-62: D- = .5 - .99
- 50-59: F (Fail)

Changes in Registration

Changes to schedules need to be completed within two weeks of the first day of classes for the semester. College course changes fall under the guidelines of each institution.

Student academic grades are calculated for each term using the following breakdown:

Semester 1

Quarter 1 (50% of Semester 1 Grade):

Academic Grade = 80%

Engagement Grade = 20%

Quarter 2 (50% of Semester 1 Grade):

Academic Grade = 80%

Engagement Grade = 20%

Semester 1 Total:

Academic Grade = 80%

Engagement Grade = 20%

Total _____=100%

Semester 2

Quarter 3 (50% of Semester 2 Grade):

Academic Grade = 80%

Engagement Grade = 20%

Quarter 4 (50% of Semester 2 Grade):

Academic Grade = 80%

Engagement Grade = 20%

Semester 2 Total:

Academic Grade = 80%

Engagement Grade = 20%

Total _____=100%

Employability skills such as attendance, collaboration, respect, responsibility, timeliness, completing work on time & engagement in class are skills that Windom Area Middle and High School students must practice in order to graduate with the skills needed to have success in the 21st century employment climate. To aid students in these areas, and to provide meaningful feedback, an engagement grade will make up 20% of each student's semester grade. This will help comprise the overall academic grade for a student. Teachers will utilize the following [rubric](#) to help provide feedback to students in this category.

College classes are always weighted $\frac{1}{3}$ higher - example: A student in College Biology who earned a 85% B - 3.0, this would be weighted as a 88% B+ - 3.33 in our grading system. The teacher puts the 85% B in the grading system, the system automatically bumps the grade $\frac{1}{3}$ higher for the HS transcript.

Honor Roll

To be eligible for the 'A' or 'B' semester honor roll, students must have the minimum G.P.A. (Grade Point Average) as listed below with at least five (5) subjects carrying letter grades (A-F). All subjects for which letter grades (A-F) are given are included in the determination of honor roll eligibility.

G.P.A. required for 'A' Honor Roll—
G.P.A. of 3.5 to 4.00

G.P.A. required for 'B' Honor Roll—

Incompletes

If a student is absent, he/she is given two days for each day absent in order to complete work that was missed. If the absence occurs near the end of the quarter/semester, the student may receive a grade of “Incomplete” on their report card. The grade of “incomplete” indicates a student has two weeks from the end of the grading period in order to complete required work. In cases of extended illness, the student may be given more time to complete the required work. Teachers are expected to change the “Incomplete” to a letter grade within two weeks of the end of the marking period.

**** Students who are failing a class, or have incomplete(s), must be referred to participate in the Extended Learning Period and/or Study Table.**

Transfers and Withdrawals

It is the intent of this administration and faculty to give each student the best possible education we can. In order for that to occur, students must be in school on a very regular basis and participate in the activities of the individual classes on a satisfactory basis. However, in a few instances, Windom Middle High School may not be the most appropriate setting for a student's education; therefore, the student or the guidance office may request for a transfer/withdrawal from our school.

Withdrawing from a College Course offered at Windom Area Schools

When students drop a college class they will receive a "W" (Withdrawal) on their high school and college transcript. The drop period is from day one of class until the official drop date given by the college.

Windom Middle/High School Academic Eligibility Policy

Our primary focus at Windom Middle/High School is the academic progress of each student. Because of this, an academic eligibility requirement has been established to promote student academic responsibility.

Academic Eligibility

The criteria for academic eligibility is to maintain a passing grade throughout each quarter of the school year. Students who do not sustain the criteria for academic eligibility will be placed on the Ineligibility List. The Ineligibility List will be generated on the following dates and start the Wednesday immediately following:

- September 22nd - Probationary - Must attend Eagle Elevation/seek help from teachers
- October 13th - Ineligible if grade remains at a Fail - must have an appeals form signed in order to participate
- November 3rd (End Qtr 1) - Ineligible for any failing grade, must have an appeals form signed in order to participate
- November 24th - Probationary - Must Attend Eagle Elevation/Seek Help from Teachers
- December 15th - Ineligible if grade remains at a Fail - must have an appeals form signed in order to participate
- January 19th (End Qtr 2, Semester 1)- Ineligible for any failing grade, must have an appeals form signed in order to participate***UPDATED DATE DUE TO SNOW DAY***

- Ineligibility runs from the dates listed above until the next list is run. Within each period an appeals form must be completed in order to maintain eligibility.

Should a student be placed on the Ineligibility List due to academic failure/insufficient progress, she/he will be ineligible based on the guidelines outlined above. Students placed on the Ineligibility List may be removed from ineligibility if a teacher determines the student is making satisfactory academic progress towards a passing grade and the teacher signs the appeals form. A form to verify a student has made satisfactory progress is available in the office. It is the responsibility of the student to have the form completed and present the form to their coach when completed and fully eligible. It is the responsibility of the teacher to communicate any failures to students in a proactive manner. Passing grades may not be overridden to failing grades. Should a student complete credit recovery summer school they will be removed from the ineligibility list and be fully eligible during the subsequent season. While the student is on the Ineligibility List, she/he is not allowed to compete in the activities listed below. The school's ineligibility policy applies to all school activities and events listed below. The ineligibility list shall be pulled from Infinite Campus and any student failing a class at the time of the list being populated will be determined to be ineligible.

Academic eligibility probation Students failing an entire semester or quarter for which they no longer have that course have the opportunity to meet with the high school counselor, activities director and high school principal to discuss the possibility of academic eligibility probation. The high school counselor, activities director and high school principal may meet with a student and discuss terms and expectations for academic probation. Should the student fall short of the expectations laid out in the probationary agreement, they will serve their ineligibility period for one (1) week or one (1) contest whichever is greater.

Revised 2023

514 BULLYING PROHIBITION POLICY

[Note: School districts are required by statute to have a policy addressing bullying.]

I. PURPOSE

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with a student's ability to learn and/or a teacher's ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

II. GENERAL STATEMENT OF POLICY

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited:
 - 1. on the school premises, at the school functions or activities, on the school transportation;
 - 2. by the use of electronic technology and communications on the school premises, during the school functions or activities, on the school transportation, or on the school computers, networks, forums, and mailing lists; or
 - 3. by use of electronic technology and communications off the school premises to the extent such use substantially and materially disrupts student learning or the school environment.

- B. A school-aged child who voluntarily participates in a public school activity, such as a cocurricular or extracurricular activity, is subject to the policy provisions applicable to the public school students participating in the activity.
- C. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources. This policy also applies to sexual exploitation.

514-1

- D. Malicious and sadistic conduct involving race, color, creed, national origin, sex, age, marital status, status with regard to public assistance, disability, religion, sexual harassment, and sexual orientation and gender identity as defined in Minnesota Statutes, chapter 363A is prohibited. This prohibition applies to students, independent contractors, teachers, administrators, and other school personnel.

Malicious and sadistic conduct and sexual exploitation by a school district or school staff member, independent contractor, or enrolled student against a staff member, independent contractor, or student that occurs as described in Article II.A above is prohibited.

- E. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
- F. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.
- G. Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
- H. False accusations or reports of bullying against another student are prohibited.
- I. A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures, including the school district's discipline policy (See MSBA/MASA Model Policy 506). The school district may take into account the following factors:
 - 1. The developmental ages and maturity levels of the parties involved;
 - 2. The levels of harm, surrounding circumstances, and nature of the behavior;
 - 3. Past incidences or past or continuing patterns of behavior;
 - 4. The relationship between the parties involved; and
 - 5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the school district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events.

- J. The school district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is

514-2

found to have violated this policy.

The building principal, the principal's designee, or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving reports of bullying or other prohibited conduct at the building level. Any person may report bullying or other prohibited conduct directly to a school district human rights officer or the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. The building report taker or a third party designated by the school district shall be responsible for the investigation. The building report taker shall provide information about available community resources to the target or victim of the bullying or other prohibited conduct, the perpetrator, and other affected individuals as appropriate.

- D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute bullying or other prohibited conduct

514-4

shall make reasonable efforts to address and resolve the bullying or prohibited conduct and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute bullying or other prohibited conduct or who fail to make reasonable efforts to address and resolve the bullying or prohibited conduct in a timely manner may be subject to disciplinary action.

- E. Reports of bullying or other prohibited conduct are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of bullying and the record of any resulting investigation.
- F. Submission of a good faith complaint or report of bullying or other prohibited conduct will not affect the complainant's or reporter's future employment, grades, work assignments, or educational or work environment.
- G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

V. SCHOOL DISTRICT ACTION

- A. Within three days of the receipt of a complaint or report of bullying or other prohibited conduct, the school district shall undertake or authorize an investigation by the building report taker or a third party designated by the school district.
- B. The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the bullying or other prohibited conduct, the complainant, the reporter, and students or others, pending completion of an investigation of the bullying or other prohibited conduct, consistent with applicable law.
- C. The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.

- D. Upon completion of an investigation that determines that bullying or other prohibited conduct has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited conduct. Remedial responses to the bullying or other prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; the student discipline policy (See MSBA/MASA Model Policy 506) and other applicable school district policies; and applicable regulations.
- E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students who are targets of bullying or other prohibited conduct and the parent(s) or guardian(s) of alleged perpetrators of bullying or other prohibited conduct who have been involved in

514-5

a reported and confirmed bullying incident of the remedial or disciplinary action taken, to the extent permitted by law.

- F. In order to prevent or respond to bullying or other prohibited conduct committed by or directed against a child with a disability, the school district shall, when determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in bullying or other prohibited conduct.

VI. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged bullying or prohibited conduct, who provides information about bullying or prohibited conduct, who testifies, assists, or participates in an investigation of alleged bullying or prohibited conduct, or who testifies, assists, or participates in a proceeding or hearing relating to such bullying or prohibited conduct. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct. Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy.

VII. TRAINING AND EDUCATION

- A. The school district shall discuss this policy with school personnel and volunteers and provide appropriate training to school district personnel regarding this policy. The school district shall establish a training cycle for school personnel to occur during a period not to exceed every three school years. Newly employed school personnel must receive the training within the first year of their employment with the school district. The school district or a school administrator may accelerate the training cycle or provide additional training based on a particular need or circumstance. This policy shall be included in employee handbooks, training materials, and publications on school rules, procedures, and standards of conduct, which materials shall also be used to publicize this policy.
- B. The school district shall require ongoing professional development, consistent with Minnesota Statutes section 122A.60, to build the skills of all school personnel who regularly interact with students to identify, prevent, and appropriately address bullying and other prohibited conduct. Such professional development includes, but is not limited to, the following:
 - 1. Developmentally appropriate strategies both to prevent and to immediately and effectively intervene to stop prohibited conduct;
 - 2. The complex dynamics affecting a perpetrator, target, and witnesses to prohibited conduct;

3. Research on prohibited conduct, including specific categories of students at risk for perpetrating or being the target or victim of bullying or other prohibited conduct in school;
4. The incidence and nature of cyberbullying; and

514-6

5. Internet safety and cyberbullying.
- C. The school district annually will provide education and information to students regarding bullying, including information regarding this school district policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to prevent bullying and other prohibited conduct.
 - D. The administration of the school district is directed to implement programs and other initiatives to prevent bullying, to respond to bullying in a manner that does not stigmatize the target or victim, and to make resources or referrals to resources available to targets or victims of bullying.
 - E. The administration is encouraged to provide developmentally appropriate instruction and is directed to review programmatic instruction to determine if adjustments are necessary to help students identify and prevent or reduce bullying and other prohibited conduct, to value diversity in school and society, to develop and improve students' knowledge and skills for solving problems, managing conflict, engaging in civil discourse, and recognizing, responding to, and reporting bullying or other prohibited conduct, and to make effective prevention and intervention programs available to students.

The administration must establish strategies for creating a positive school climate and use evidence-based social-emotional learning to prevent and reduce discrimination and other improper conduct.

The administration is encouraged, to the extent practicable, to take such actions as it may deem appropriate to accomplish the following:

1. Engage all students in creating a safe and supportive school environment;
 2. Partner with parents and other community members to develop and implement prevention and intervention programs;
 3. Engage all students and adults in integrating education, intervention, and other remedial responses into the school environment;
 4. Train student bystanders to intervene in and report incidents of bullying and other prohibited conduct to the schools' primary contact person;
 5. Teach students to advocate for themselves and others;
 6. Prevent inappropriate referrals to special education of students who may engage in bullying or other prohibited conduct; and
 7. Foster student collaborations that, in turn, foster a safe and supportive school climate.
- F. The school district may implement violence prevention and character development education programs to prevent or reduce policy violations. Such programs may offer instruction on character education including, but not limited to, character qualities such as attentiveness, truthfulness, respect for authority, diligence, gratefulness, self-discipline, patience, forgiveness, respect for others, peacemaking, and resourcefulness.
- G. The school district shall inform affected students and their parents of rights they may have under state and federal data practices laws to obtain access to data related to an incident and their right to contest the accuracy or completeness of the data. The school

district may accomplish this requirement by inclusion of all or applicable parts of its protection and privacy of pupil records policy (See MSBA/MASA Model Policy 515) in the student handbook.

VIII. NOTICE

- A. The school district will give annual notice of this policy to students, parents or guardians, and staff, and this policy shall appear in the student handbook.
- B. This policy must be conspicuously posted throughout each school building, in the administrative offices of the school district, and in the office of each school.
- C. This policy must be distributed to each school district or school employee and independent contractor at the time of hiring or contracting.
- D. Notice of the rights and responsibilities of students and their parents under this policy must be included in the student discipline policy (See MSBA/MASA Model Policy 506) distributed to parents at the beginning of each school year.
- E. This policy shall be available to all parents and other school community members in an electronic format in the language appearing on the school district's or a school's website.
- F. Each school must develop a process for discussing this policy with students, parents of students, independent contractors, and school employees.
- G. The school district shall provide an electronic copy of its most recently amended policy to the Minnesota Commissioner of Education.

IX. POLICY REVIEW

To the extent practicable, the school board shall, on a cycle consistent with other school district policies, review and revise this policy. The policy shall be made consistent with Minnesota Statutes, sections 121A.031 and 121A.0312 and other applicable law. Revisions shall be made in consultation with students, parents, and community organizations.

Windom Area Elementary Principal Welcome Statement

Welcome to Windom Area Elementary School

Dear Students,

Welcome to Windom Area Elementary School! We are proud to serve approximately 430 students in kindergarten through fourth grade. Our dedicated staff is committed to creating a school where every child feels valued, supported, and inspired to learn each day.

At Windom Area Elementary School, we embrace the Windom Schools vision: **to create a safe, responsive, and nurturing environment where every learner receives a high-quality, challenging education that empowers them with the skills and knowledge needed for a successful future.** This vision guides every decision we make and every opportunity we provide for our students.

We believe that every child can achieve great things when high expectations are paired with strong relationships and meaningful support. Together with our families, we will foster a culture of excellence by maintaining high expectations for student behavior, academic achievement, and attendance. By working as partners, we can ensure that every student is prepared not only for success in school but also for success in life.

This handbook is designed to provide students and families with important information about our school procedures, programs, and expectations. We encourage you to review it together and use it as a resource throughout the school year. We look forward to partnering with you as we make this a year of learning, growth, and Eagle Pride at Windom Area Elementary School.

Corey Barfknecht
PreK-4 Principal

General Information

ABSENCES / ATTENDANCE RECORDS

Windom Eagles, the State of Minnesota requires all students to be enrolled in school. Regular attendance is directly related to successful academic achievement. Consistent school attendance is the way a student develops responsibility and self-discipline. For this reason, student absence from school should be limited to those instances in which absence is genuinely unavoidable. Please make every attempt to make medical and dental appointments after school hours or during non-school days. If it is necessary to take a student out of school, parents should contact the school to make arrangements for the child's pick up and return to school. The State of Minnesota requires that every child entering kindergarten this school year must graduate from high school or remain in high school or in an alternative program until age 18. Only those who have been accepted into the military or at an institution of higher learning can leave school before they are 18 years old. Because attendance records are an important part of your child's permanent school file, Windom Area Schools policy requires parents/guardians to call the Windom Area elementary office at 507-831-6925 or email attendanceelem@isd177.com before 8:30 a.m. to inform the school of the student's absence or late arrival. Parents may call during the evening hours and leave a voice message. If no call is received, the school office will attempt to contact the parent. This policy is for the protection and safety of the student and to assure the school and the parents that the student is attending school. We want our Windom Eagles at school.

Upon returning to school, or within 48 hours of the absence, a signed note should be brought to the homeroom teacher or school office. If you know your child will be absent from school in advance, please contact your child's teacher or the school office so that any assignments can be completed ahead of time. Vacations should be pre-arranged with the child's teacher.

Absences: Excused

An excused absence is a legal absence from school and requires parent/guardian verification with school staff. The following are situations that constitute an excused absence:

- Student illness: upon returning to school, a student must bring a written note giving the name, date, days of absence, and reason for the absence signed by their parent/guardian.
- Serious illness or death in the student's family
- A death or funeral in the student's immediate family
- Medical, dental or orthodontic treatment, or counseling appointments
- Court appearances

- Legitimate work of parents
- Official school trips or activities
- Vacation with prior school approval
- Impassable roads/inclement weather
- Dismissal of a student pursuant to a suspension. Suspensions are to be handled as excused absences and students will be permitted to complete makeup work
- Family emergencies
- A student's condition that requires ongoing treatment for a mental health diagnosis
- In the case of special circumstances, the Administration may approve additional excused absences

After 15 days of any absence within one semester, a physician's note is required for subsequent absences. If a student is absent for 3 consecutive days, a physician's note may be required. Failure to provide a doctor's note within 2 school days will result in the absence being marked as unexcused. At 7 absences, a letter will be sent home to communicate the total absences for the current semester.

Absences: Illness During the Day

Any student who becomes ill during the school day must report to the office to go home. Permission to leave school will not be given unless a parent, relative, or adult is first contacted. If a student leaves without checking out at the office, his/her absence will be unexcused.

Absences: Reporting

Parents are expected to call the Windom Area Elementary office at 507-831-6925 or email attendanceelem@isd177.com to inform the school of the student's absence or late arrival. Parents may call during the evening hours and leave a voice message.

Absences: School Related

Official school field trips or other school-sponsored events are excusable absences. In the case of special circumstances, the administration may approve additional excused absences. Students are responsible for making up all missed work.

Absences: Suspension Related

Absences due to suspension are excused. The school will coordinate and provide assignments for all suspensions. These assignments will be available in the main office for pickup.

Absences: Tardy to School

When a student reports to school after class has started, they will be reported as tardy. A student arriving late to school will report to the office for a late slip. Excessive tardiness will be reviewed by the classroom teacher and attendance team, which may result in a conference with the parent and student. At 7 tardies per semester, a letter will be sent home to remind parents/guardians of school policy. At 15 tardies per semester, an attendance contract will be offered to facilitate positive school attendance.

Absences: Truancy

Truancy is defined as being absent unexcused from school for 7 days or more (doesn't need to be consecutive). Students who are truant will be reported to Department of Human Services and disciplined according to a school board-approved policy. A truancy charge may be filed with the Juvenile Court.

Absences: Unexcused

Unexcused absences are recorded when: the school has not been notified of an absence, or an absence could have been avoided or delayed, or prior arrangements and/or approval have not been made through the school office. The following will be examples of unexcused absences: shopping, hair appointments, alarm clock failure, errands, photo appointments, overslept, no specific reason given, or the office being unable to reach a parent to confirm a student's absence. If in doubt regarding a particular absence please call the principal.

Unexcused: Absent from school without parent or guardian approval.

Minnesota State Law concerning educational neglect states that parents or guardians of a child under 12 years of age are held accountable for any unexcused absences. Every student regardless of age enrolled in school, must follow the Compulsory Attendance law.

The consequences of unexcused absences are as follows:

After 3 unexcused absences – parents are notified by certified letter

After 4 unexcused absences - a 2nd letter is sent to parents, County offers truancy remediation

After 5 unexcused absences – a 3rd letter is sent to parents and a meeting is scheduled

After 6 unexcused absences - a 4th letter is sent to parents

After 7 unexcused absences – a 5th letter is sent to parents, and the school administration requests to file a truancy/educational neglect petition with the County Attorney

Attendance Records: Attendance is recorded each morning by the classroom teacher and updated as necessary throughout the school day. Regular attendance is necessary to maintain a

good and favorable school record. School District #177 insists that students attend school every day unless they have an excusable reason.

If a student reaches 15 absences, staff will reach out to families in an attempt to establish a student/family contract so that students are able to be successful at school.

ACCEPTABLE GUIDELINES FOR TECHNOLOGY, SERVICES, AND INTERNET

The school district is committed to the goal of providing a safe and effective digital learning environment for all students. Acceptable uses of technology are activities that support teaching and learning and are done so in a responsible, efficient, ethical, educational, and legal manner. The use of technology and access to the Internet is a privilege and not a right and any misuse may result in loss of privileges and possible disciplinary action.

ACCIDENTS

Every effort is made to prevent accidents. Students should report all injuries to the teacher in charge and/or the school office immediately. A parent or guardian will be called if the accident requires medical treatment. The school does not provide accident insurance.

ADDRESS OR CONTACT INFORMATION CHANGES

Updated information is very important for academic and student safety purposes. Emergency contact information should be included. Changes in address, telephone number(s), email address, and other pertinent information should be reported to the school office as soon as possible. Changes to student contact information may only be made by the custodial parent/guardian. Parents/guardians should keep the information up to date on Infinite Campus through family access.

ALARMS/SAFETY PROTOCOLS

Our school teaches students safety protocols and how to respond when alarms sound. We practice responses throughout the year. Failure to follow protocols may result in disciplinary action.

Our school will run at least 5 lock-down drills, 5 fire drills, and 1 tornado drill. Students are allowed to opt out of participating in an active shooter drill, no negative consequence to

attendance will be imposed. Mental health services will be available to any student seeking support following the drill.

Emergency Response

Students and staff follow active threat procedures as taught and practiced.

Containment or Shelter in Place

Normal delivery of instruction occurs and all students remain in the classrooms. Those needing to leave the classroom for emergency purposes and all visitors are provided with escorts throughout the building.

Fire

Everyone is to leave the building when an alarm is sounded; persons failing to do so will face disciplinary and/or legal action. Any student tampering with a fire detection device will face disciplinary action and will be subject to prosecution by the proper authorities.

Severe Weather

Students and staff follow the evacuation route posted and follow take cover procedures.

ANNUAL FERPA STATEMENT

Access to Student Educational Records Under FERPA and the MGDPA, Windom Area School recognizes its responsibility in regard to the collection, maintenance, and dissemination of student records and the protection of the privacy rights of students as provided in federal law and state statutes. Requests for the release of student information are governed by the Family Education Rights and Privacy Act (FERPA) and the Minnesota Government Data Practices Act (MGDPA). The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records

unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies

- Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information
- Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
 - School officials with legitimate educational interest
 - Other schools to which a student is transferring
 - Specified officials for audit or evaluation purposes
 - Appropriate parties in connection with financial aid to a student
 - Organizations conducting certain studies for or on behalf of the school
 - Accrediting organizations
 - To comply with a judicial order or lawfully issued subpoena
 - Appropriate officials in cases of health and safety emergencies
 - State and local authorities, within a juvenile justice system, pursuant to specific State law

Schools may disclose, without consent, information the school district identifies as "directory" information.

For Windom Area Schools, directory information includes the following:

- The student's name
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams;
- Dates of attendance (e.g. student attended school in Windom Area from 2001-2005, not specific information about attendance on a particular date)
- Degrees and awards received In addition, Windom Area Schools has identified directory information that may only be shared with law enforcement personnel as follows:
 - Student's home address
 - Telephone number
 - Date of birth

- Class schedule
- Parent/guardian names, telephone numbers, and addresses
- Digital images of the student Requests for school records should be directed to the Windom Area School Office.

BICYCLES

Bicycle racks are provided for students riding their bikes to school. All bicycles are to be parked in the bicycle racks during the school day located by the bus drop-off doors (West). Bicycles are the responsibility of the owner. To avoid accidents on our congested school grounds, students are not to ride bicycles on the sidewalks surrounding the playground area or on the playground.

Students should leave other students' bicycles alone.

CAFETERIA

Your cooperation and your thoughtful consideration for other students are expected and appreciated.

- All lunches must be eaten in the cafeteria/commons unless special permission is given
- Students are to conduct themselves in a manner that meets school-wide Eagle Pride Expectations in the lunch lines and while eating
- Students are responsible for the cleanliness of the table where they eat and for the surrounding area
- Trays and other items should be returned to the dishwashing area after use. Garbage, organics, and recycling should be placed in the designated bins.

CODE OF CONDUCT

Students who attend Windom Area Schools have various rights and opportunities. Students also have responsibilities to all Windom Area School staff, adult and student helpers, and fellow peers. Please reference the Student Code of Conduct found on the district website for detailed information.

COMMUNITY EDUCATION

Community Education provides leadership in the creation of an educational environment in which citizen involvement and lifelong learning are essential. Community Education classes are offered throughout the year. For more information, please contact the Community Education office at 507-832-8746.

DATA PRIVACY ACT

The building principal shall be responsible for maintaining and securing the privacy and/or confidentiality of student records. Student records may be reviewed only with the written permission of the parent or the student (if the student is 18 years of age) except under the following circumstances:

1. When school officials have a legitimate educational interest in the student's records.
2. When student records are forwarded to other schools or post-secondary education institutions to which the student transfers, applies for admissions, and/or enrolls.
3. To federal, state, and local authorities when such information is specifically required by law.

DISMISSAL AND ARRIVAL POLICY

At ARRIVAL we ask that all students in K-4 use the following guidelines: Students arriving at school should report to the elementary commons (K-4) no earlier than 7:30 AM. Students may eat breakfast or attend morning recess (7:45-8:00 a.m.). Students walking and being dropped off will enter the building on the south side in the morning at both the elementary and high school.

At DISMISSAL we ask that all students in K-4 use the following guidelines:

Parent Pick Up/Drop Off: Students being picked up need to exit the building through Door 1-The main entrance..

Bus Riders: Students that ride the bus need to exit on the west side (Door 6) of the elementary building and the east side of the MS/HS. Unless being escorted by school staff.

These guidelines are aligned with the transportation policy and are in an effort to keep our school safe during the school day. We as a staff appreciate your cooperation.

DOCTOR, DENTAL, MEDICAL, and OTHER APPOINTMENTS

Parents are asked to make every effort to schedule any appointments outside of school hours.

However, when this is not possible, students will be excused for these special appointments with

a written note from a doctor or medical facility. Only the student with an appointment will be excused.

DRESS CODE

The responsibility to dress reasonably and appropriately rests with parents and students themselves. Clothing should be neat, clean, inoffensive, and reflect appropriate work attire.

A student's dress practices may be restricted if it is obscene or in poor taste, unclean, or substantially disrupts the educational process as determined by the principal. We do not, and will not, accept students wearing clothing that has a message or image that is obscene, lewd, profane, vulgar, or that harasses, threatens, intimidates, or demeans any individual or group of individuals because of sex, color, race, religion, handicap, national origin, sexual orientation or indicates an activity that is illegal for school-age youth (smoking, drinking, drugs, weapons, etc.). We believe that students should be able to distinguish between appropriate and inappropriate clothing.

Students of all ages should be aware that skirts and dresses should be appropriate in length and will not be allowed to wear clothing that reveals undergarments. Students that chose to wear a skirt or dress should wear shorts over their undergarments.

Students will not be allowed to expose the midriff in the front or back when their arms are raised. We will not accept students wearing clothing that could signify gang affiliation or wearing chains on the belt loops. Students should also use discretion in the length of the shorts they wear. Hats and hoods may not be worn in the building during the normal school day. Hats worn appropriately will be allowed during sponsored activities outside the school day. Hats with alcohol, beer, and other questionable wording will not be allowed.

Students found to be in violation of dress code will be sent to the office to borrow appropriate attire and parents will be notified.

DUE PROCESS

Students who are currently identified as having a disability under IDEA will be subject to the provisions of IDEA.

EARLY CHILDHOOD FAMILY EDUCATION

Early Childhood and Family Education (ECFE) is where parents/guardians and their children between the ages of birth and kindergarten go to discover new things about each other by spending time together – and apart. ECFE was created to support and strengthen families – the

first and most important influences on the development of a child – through information, education, and networking. Some classes focus on more specific age groups while others include the whole family. For more information, contact the Bridges Preschool office at 507-832-8746.

FIELD TRIPS

At various times during the school year, students may take field trips to enrich their classroom studies. Details of the trip and parent permission slip to be signed by the parents are sent home prior to the trip. Participation is available to students enrolled during the current school year.

FOOD AND BEVERAGES

Windom Area Schools has a wellness policy that is approved by the School Board. This policy can be found on the Windom Area School website. Classroom birthday celebrations which include food and beverages need to be store-bought and are encouraged to be a healthy snack. Classroom parties or celebrations such as holiday parties or recognition parties should be limited to once a month and may include store-bought food brought in from parents. Parents will be encouraged to bring in foods listed from the "Windom Area Schools Healthy Snacks" for Classrooms. Water is encouraged as the beverage of choice for classroom celebrations.

The District is committed to fostering healthy eating habits that support student learning, physical well-being, and long-term wellness. Committing to this, our school prohibits students and parents from bringing fast food on campus during school hours. Allowing fast food on campus undermines our wellness goals, conflicts with nutrition standards, and may contribute to health inequities among students.

The following exceptions may apply:

- Students with documented medical or dietary needs, as approved by school administration
- School approved events, celebrations, or incentives authorized by the principal.

Students are allowed to bring water, however it must be in a clear bottle that will remain in their locker.

HOMEWORK

Homework is important. It is an extension of the learning that takes place at school. Homework can provide practice and drill that reinforces classroom learning and can provide opportunities for independent study, research, and creative thinking. Parents can help their children by

arranging quiet, comfortable places for the students to work and by seeing that assignments are completed.

ILLNESS OR INJURY

In case of illness or injury, a student will be cared for temporarily by the school nurse or a member of the school staff. School personnel will render first aid treatment only. If emergency medical treatment is necessary the parent will be contacted. If parents are not available, the student will be taken to the emergency room at the hospital. At the discretion of school personnel, a parent will be contacted or 911 will be called and a parent will be called regarding the situation.

IMMUNIZATIONS

State law requires that every student who is admitted to public school must show proof of vaccination for diphtheria, tetanus, whooping cough, polio, measles/mumps/rubella, hepatitis B, and varicella (chicken pox). Questions regarding immunizations should be directed to the school nurse.

INVITATIONS TO PARTIES

Students are asked not to pass out invitations at school unless the student is inviting the entire class or all the boys/girls to protect the feelings of those not involved.

LOST and FOUND

Students, if you lose something or if you find something, lost and found articles should place them on the lost and found bench located at the entrance of the elementary gym. Small items can be brought to the office where they will be kept. The owner may come to the office to claim the item. After a reasonable time period, all items will be donated or recycled.

LUNCH ACCOUNTS

It has been the policy of the Windom Area Schools that all family lunch accounts operate with a positive balance. This policy has been approved by the Windom Area School Board and appears in the school handbook. Therefore any account for student(s) in grades K-12 that is overdrawn by \$20.00 or more, is not allowed to charge for a second entrée or a la carte items, however, students may purchase these items with cash. If your account becomes negative, an electronic notice will be sent to the email address that is on file at school. If you do not have email access, a

paper notice will be sent home with your child. It is the responsibility of the parent/student to monitor their account. You may access your account information through the Windom Area Schools website or by calling the office. Payments can also be made online with a debit or credit card. We continue to accept checks and cash payments. The federal application for free or reduced lunch is available at any time during the school year by contacting the school office or completing the form electronically in the Infinite Campus Management Software program.

LUNCH, BREAKFAST & MILK PROGRAMS

Windom Eagles, you may either participate in the hot lunch program or bring a sack lunch for lunchtime. All students (PreK-4) can get one breakfast and one lunch free of charge each day at school. Extra milk for students is at a cost of \$.40. Information and federally funded applications for free and reduced meals are mailed to all families during the month of August and are also available in the office, or online electronically in the Infinite Campus Management Software program. Applications for free/reduced lunches are effective on the date that they are received by the school district. Lunch money can be given to the homeroom teacher or brought to the office where it will be directed to the lunch department for deposit in your family lunch account. Each student will be issued an ID number at enrollment that acts as their lunch number. Students will learn their lunch ID number and tell their lunch ID number to the cafeteria staff as they go through the breakfast/lunch line during the school year.

Students in first through third grades wishing to have milk during the break will pay \$20 per quarter for the current milk cost. Milk prices are subject to changes for future quarters. All kindergarten students are eligible for free milk during their break.

MANDATED REPORTING

Windom Area school personnel are mandated by law to report suspected abuse or neglect of children. This includes physical, sexual, or emotional abuse. Abuses of child custody arrangements are also included.

MEDIA CENTER

Our Elementary Library is open daily to allow our students and staff the opportunity to use reference materials and interest books. You, as a Windom Eagle, will receive services from our Elementary Librarian.

NOTICES TO PARENTS and GUARDIANS

Occasionally we find it necessary to send notices home. Past experience has proven that frequently these notices do not always reach home. Family notices from the elementary office will be sent home with the oldest child attending elementary school. Please impress upon your child the importance of receiving every message or bulletin sent home from school. Windom Area Schools uses Thrillshare school marketing, messaging, and communication systems to send out alerts to families. Please be sure your information is up to date in Skyward to receive these alerts.

PARENTAL CUSTODY

Parents sometimes request that one parent or another not be allowed to visit school, talk to their child/children, or pick their child/children up at school. In order for Windom Area to honor restrictions of this nature, the custodial parent must present a court order or other legal document to the building principal. In most cases, such restrictions are set through legal proceedings. The information allows the principal to respond promptly to your request and be in conformance with the law while recognizing the rights of both parents.

PERMITS TO LEAVE THE BUILDING

Remember students, no one is allowed to leave the building during the school day without permission. A signed note or verbal communication from a parent or guardian must be provided. A parent is required to sign out their elementary child in the school office before leaving the building. Upon returning the student must check-in at the school office.

PRESCRIPTION MEDICATIONS

A frequent request from parents is that a dose of medicine is given to a student during the school day. If it is imperative that prescription medication be given during school hours, it will be administered by school staff designated by and under the supervision of the school nurse as per *M.S. 126.202 subd.4*. This designee is exempt from any liability, as per chapter 466 *Tort Liability Law* for political subdivisions, in the administration of medication when following this school procedure. The following procedure must be followed:

- Short Term Prescriptions (EX. Antibiotics): Prescription medication to be given for a short period of time, less than thirty days, must be in a pharmacy labeled container and accompanied by a signed permission slip from the parent. Medication will be stored in a locked cabinet. Prescription medications administered three times a day should be taken at home before school, after school, and at bedtime.

- Long-Term Prescriptions (EX. Ritalin): Prescription medicine which must be taken over a long period of time, more than thirty days, must be in a pharmacy labeled container, accompanied by a written order by the physician, and written permission from the parent. Medication will be stored in a locked cabinet.
- Non-Prescription Medicines: Non-prescription medicines must be in the original container and accompanied by a written note from the parent with specific instructions. Over-the-counter medications are not provided by the school.

*** All medications are required to be transported to and from school by an adult. ***

PET POLICY

Due to OSHA indoor clean air requirements, we are no longer permitted to allow pets or animals from home to be brought inside the school building.

PHOTOGRAPHING AND VIDEOTAPING

Our school district will be photographing and videotaping activities as a way to highlight our school and communities. Photographs and video footage could be used on our district's website, in newsletters, in video production shown over local television, etc. Any use of pictures or taping will follow appropriate guidelines for publications, web publishing, and video production. If you do not want the school to use pictures or taping that may include your child, please make your request in writing and submit it to the building principal. If you have any questions, please contact your school office.

RECESS EXPECTATIONS

All students will go outside for recess during their lunch period. Please make sure your child is dressed appropriately each and every day. During inclement weather, students will not go outside for recess. If your child has health concerns that will limit him/her from going outside, please contact the teacher, school nurse, or the office. The school reserves the right to request a doctor's note. Students may bring recess equipment (football, soccer ball, volleyball, basketball, etc) from home, but the school is not responsible for damaged, lost, or stolen equipment.

Eagle Pride Matrix

If an incident occurs while at recess, children are encouraged to report the incident immediately to the nearest adult.

Weather permitting, the students will be outside during this time. We use the wind chill as a guideline in cold weather and do not go outside if the wind chill is below 0 degrees. In the fall and spring, students will not be outside if it is raining. When students are inside, they will be in the classroom or flexible learning area.

RECORDS

Student records are maintained in the Elementary School Office. Confidential records will be protected as required by school policy and law. The following individuals may see student records:

- * A parent or legal guardian of minor students
- * A minor or adult student
- * A staff member of ISD #177 schools who has an education responsibility for an individual student.

The school reserves the right to transfer a student's records to another educational institution upon the institution's request.

SCHOOL NURSE

The school nurse is available to all students of the Windom Area Schools. The main objective of the school nurse is to maintain, protect, and promote school health. The nurse is available to provide health counseling to students, parents, and school personnel, in addition to emergency first aid care.

SCHOOL PATROL

Windom Eagle third, fourth, and fifth-grade students have the option to serve in the School Safety Patrol Program. Students will have the opportunity to sign up to participate starting at the end of the 2nd grade for the coming school year. Their participation provides a very important service to the students at our school while at the same time giving them an opportunity to practice self-discipline, leadership, and time management skills. All students and visitors should obey the crossing guards at crossing areas. Violators will be reported to the principal.

SCHOOL SOCIAL WORKER

School social workers are available in the school district. If you, as a parent, feel there is a need for these services for your child, please notify your child's classroom teacher or contact the school office.

SEVERE WEATHER

In the event of severe weather conditions, parents and students may be kept informed by listening to KDOM radio. A Thrillshare message will go out to families based on the contact information provided to the district thereby necessitating frequently updated demographic information.

SOCIAL MEDIA

Windom Area recognizes that many of our students (as well as staff and parents) are active social media users. In addition, the District values and encourages the use of new technology tools and resources to engage and educate all learners. However, student online interactions, both inside and outside of school, can disrupt the learning environment as well as affect student safety. As a result, students are expected to adhere to our responsible use policy as outlined in board policy 524.

SPECIAL EDUCATION SERVICES

The Individuals with Disabilities Education Act requires that schools receiving federal funding ensure adequate and appropriate services for children with disabilities. Educational services for children with disabilities can begin as early as birth and continue until the child reaches the age of 22 or receives a high school diploma. School districts have the responsibility to provide free and appropriate education to every child, regardless of disability. A child is only eligible to receive Special Education services if the multi-disciplinary team determines that the student is disabled under one or more specific qualifying conditions and requires specially designed instruction to benefit education. It is required that parents receive written notice with respect to the identification, evaluation, and/or placement of a child with disabilities.

STUDENT DROP-OFF PLAN

Students who do not ride a bus to school MUST be dropped off in the parent drop-off loop on the south side of Windom Elementary School no earlier than 7:30 AM. Please do not drop students off in the south or west parking lots. Parents of kindergarten students may accompany students to breakfast during the first week of school, but will be asked to not pass the office area the rest of the year in order to encourage student independence, socializing, and self-confidence.

STUDENT PICK-UP PLAN

If you pick your child up at the end of the day, please park in the pick-up loop on the south side of the elementary building. Please only use the pick-up loop or park in a parking spot and walk up to meet your child. All students MUST be picked up by 3:15 p.m. If 3:15 p.m. is difficult for pick-up, then the best plan is to enroll your child in Adventure Club After School Child Care program to provide a safe environment. They can be reached at 507-832-8746 ext. 603. When students need to be picked up during the school day or at dismissal, or if students are to go home with another child, an email or phone call should be made to the office and teacher.

TITLE IX

It is the policy of District #177 not to discriminate on the basis of sex, race, color, and/or disability in its education programs, activities, or employment policies as required by Title IX of the 1972 Education Amendments. Inquiries regarding compliance with Title IX may be directed to the superintendent (507) 831-6901 or the Director of the Office for Civil Rights, Department of Health, Education, and Welfare, Washington D.C.

TOYS AT SCHOOL

At our school, we focus on creating a positive, safe, and engaging learning environment for all students. To help everyone stay focused, build strong friendships, and avoid distractions or conflicts, we ask that toys remain at home. Toys can sometimes lead to hurt feelings, arguments, or worry about items getting lost or broken, which can take away from learning time. We want students to enjoy playing together using school materials and shared activities that include everyone. If a toy is brought to school, staff will kindly remind the student to keep it in their backpack or hold it in the office until the end of the day. Thank you for partnering with us to support a fun, inclusive, and focused school day for all students.

VISITORS TO SCHOOL

During school hours, all outside doors will be locked. In order to gain access to our school, all visitors must wait outside the office. Office staff will be able to respond by unlocking the door.

ALL visitors should report to the elementary office and receive a visitor's pass when visiting the school during school hours.

Friends, relatives, or student visitors are not allowed to attend school with students as it is a disruption to the school day. Parents are welcome to visit their child's classroom, but as a courtesy to staff, we ask that arrangements be made with the teacher prior to the visit. All visitors must check in at the school office.

Curriculum & Instruction

ASSESSMENT & STATE TESTING

Assessments

Students in grades K-12 take a variety of tests and assessments each school year. We administer assessments to determine your instructional level and to measure academic growth throughout the school year, and from year to year, in a variety of areas. You will take some assessments on a device and some paper/pencil. If you have questions about assessment purposes, time frames, or results, please contact your teacher directly. Your classroom teacher can provide your family with additional resources for skill development.

State Testing

The Minnesota Comprehensive Assessment (State testing) will be held during the second half of the year. For specific dates, please see the online testing calendar.

Parents/Guardians may choose to have their child opt out of statewide assessments. See more information regarding opt-out at our website (Teaching & Learning, Assessment & Testing, Parent Refusal Form).

REPORT CARDS

Report cards are issued following the completion of each quarter. A paper copy of the report card is sent home with students in kindergarten through fourth grade each quarter. Parents, please

review your child's progress and contact your child's teacher if you have questions regarding grades.

TEXTBOOKS

All textbooks are furnished by the school district. Students are requested to exercise care in using them in order that they may not become soiled or damaged. Lost, stolen, or damaged books must be paid for by the student.

TITLE I SERVICES

Students who need additional assistance with reading and mathematics may qualify for Title I services in which they have the opportunity to work with the Title I teacher or the Title I associate. Title I is funded through federal funding. Parents will be notified if their child qualifies for this service.

Behavior & Discipline

(ANTI) BULLYING/SAFE SCHOOLS

Windom Area Board Policy 514 requires that a safe and civil environment is needed for students to learn and attain high academic success and promote healthy human relationships. Bullying is conduct that interferes with students' ability to learn and teachers' ability to educate in a safe environment. An act of bullying, by students, employees, or other individuals is expressly prohibited on Windom Area District 177 Schools property or at school-related functions or activities, or on school transportation. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying.

Bullying Defined

Bullying includes intimidating, threatening, abusing, or harming conduct that is objectively offensive and:

1. there is an actual or perceived imbalance of power between the student engaging in prohibited conduct and the target of the behavior, and the conduct is repeated or forms a pattern in or out of school; or
2. materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges.

Reporting Procedures

Victims: All students who believe they have been the victims of bullying shall promptly report the bullying to a school staff member. Apparent permission or consent by a student being bullied does not lessen the prohibitions contained in this policy.

Families: All parents who become aware of any bullying are encouraged to report the bullying to a building administrator or designee. This would include parents of victims, perpetrators or bystanders.

Witnesses: All students who witness bullying shall immediately report the bullying to a school staff member. Any school staff who witnesses bullying shall immediately intervene and take appropriate action to stop the bullying.

Staff: A teacher, volunteer, educational contractor, or other school employees shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who receives a report of, observes, or has other knowledge or belief of conduct that may constitute bullying shall inform the building principal or designee immediately for appropriate action.

Administrators: A principal or designee who observes bullying or receives a verbal report of bullying shall document and promptly investigate the matter. When possible administrators shall seek to discuss bullying with the victim in a place where the victim feels secure. The initial discussion with the victim shall not take place in the presence of the offending student(s). If more than one student is involved in perpetrating the bullying, the administrator shall talk to each of the offending student(s) separately. After the investigation has been completed, the building principal shall take appropriate action consistent with the bullying policy.

CAMERAS

Use of any photographic device that infringes upon the rights of others is strictly prohibited. Use of any such device in a school locker room or bathroom in a way that violates the personal privacy of the individual is prohibited and may result in school discipline or referral to law enforcement.

CELL PHONES & CELLULAR WATCHES

Cell phone use is not permitted during the school day at the elementary school. Students are not allowed to use or carry a cell phone on themselves while at school. If it is necessary that a child

bring a cell phone to school, they must leave their phone turned “off” and in their backpack. The school is not responsible for any lost or stolen cell phones. Many families also have cellular watches for elementary students. These watches should be left at home or in the student's backpack as they are treated like cell phones. If a cell phone should interfere with the school day, it will be confiscated and returned at an appropriate time.

CONDUCT AT ATHLETIC EVENTS

Everyone should observe the accepted rules for good sportsmanship and conduct. Students should not walk or stand in front of the spectators while the event is in progress. All who have paid to see an athletic event can expect this courtesy. Students, please don't run around the athletic complexes. We are all there to enjoy the events that are taking place.

CYBERBULLYING

Cyberbullying is strictly prohibited. The school staff does not monitor the activities of students outside of school hours and must rely on family supervision to eliminate all incidents of cyberbullying. However, cyberbullying incidents that impact the school environment will be addressed.

ELECTRONIC DEVICES

Students are not to bring electronic devices to school. The school will not be responsible for any lost or stolen entertainment devices. They will be confiscated and returned at an appropriate time. Gaming devices, watches, phones, etc. should be left at home.

EXPULSION

Expulsion from school may be imposed by the School Board upon the recommendation of the Superintendent or Principal for a period of time of more than five days up to the end of the school year. Expulsions may be imposed only after the student has had the opportunity to present evidence at a hearing as to why he or she should not be expelled. Hearings will be conducted in accordance with the Minnesota Pupil Fair Dismissal Act.

FIGHTING/PHYSICAL ASSAULTS/HARASSMENT

Students fighting and committing a physical assault may be given up to ten days of In or Out-Of-School Suspension. If a student is physically assaulted or harassed, he/she should report the incident immediately to a teacher, coach, counselor, or principal. Physical assaults are against the law and may be reported to the Liaison officer and Law Enforcement. Fights are considered disorderly conduct and may also be reported to Law Enforcement. The School Resource Officer may file charges.

FIREWORKS ON SCHOOL PROPERTY

Possession of fireworks, under Minnesota State Statute, is punishable by a fine of \$300 and thirty (30) days in jail. Students who possess or use fireworks, smoke bombs, or other incendiary devices will be subject to immediate suspension. Parents will be notified of such infractions. The information will be given to the local Law Enforcement agency for prosecution.

IN-SCHOOL SUSPENSION

In-School Suspension (ISS) from regular classes may be for a period of time up to and including three days, to be imposed by an administrator depending on the type or the frequency of unacceptable behavior. The student will remain in school but will not attend regular classes. Instead, he/she will be assigned to an In-School Suspension room to work on school assignments. All schoolwork will be made up and will count toward the student's grades.

LIGHTERS AND INCENDIARY DEVICES

Lighters, matches, and other incendiary devices are not allowed in school. They will be confiscated and a serious consequence will be assigned to the person or persons who had them in their possession.

OUT-OF-SCHOOL SUSPENSION (DISMISSAL)

Suspension from school or a class may be for a period of time up to and including ten days, to be imposed by an administrator after an administrative conference. Students may not be dismissed unless nonexclusionary discipline has been exhausted and there is an ongoing serious safety threat to the child or others. Students in grades PreK-3 may not be dismissed for more than one day. Within 48 hours of the suspension, a letter will be sent to the parents and the student detailing the reason for the suspension and the procedure for readmission. Suspension

procedures, however, do not apply to dismissal for one school day or less. Supervision policies and guidelines of the State of Minnesota are followed as stated in Chapter 572-S.F. No.2580 Sections 127.26-127.40. A student suspended from school is not able to attend or participate in school activities during the suspension days and is not allowed on any school grounds without advance approval from the principal. When a student returns from an Out-Of-School Suspension that was a result of a classroom incident, a parent-teacher conference may be scheduled with the staff member(s) involved to establish classroom expectations.

RESPECT FOR SCHOOL PROPERTY

The maintenance of any building is a necessary and continuous effort. Our custodians work hard to provide a clean and well-kept building for students and staff. Students who damage, disturb, or destroy property will be required to pay for damages. We realize that accidents do happen. If a student destroys property without intent, he/she will still be responsible for the damages.

SEXUAL HARASSMENT AND SEXUAL VIOLENCE

Sexual harassment is a form of sex discrimination, which violates Section 703 of Title VII of the Civil Rights Act of 1964, as amended, 42 U.S.C. 200e, et seq., and MN Statute 363.01-.14, the Minnesota Human Rights Act. Sexual violence is a physical act of aggression that includes a sexual act or sexual purpose.

It is the policy of Independent School District #177 to maintain a learning and working environment that is free from sexual harassment and sexual violence. The school district prohibits any form of sexual harassment and sexual violence.

It shall be a violation of this policy for any student or employee of the School District to harass a student or employee through conduct or communication of a sexual nature as defined by this policy.

It shall be a violation of this policy for any student or employee of School District #177 to be sexually violent to a student or employee.

The School District will act to investigate all complaints, either formal or informal, verbal or written, of sexual harassment or sexual violence, and to discipline any student or employee who sexually harasses or is sexually violent to a student or employee of the School District.

The building principal is the person responsible for receiving oral or written reports of sexual harassment or sexual violence at the building level.

A copy of the complete Sexual Harassment and Sexual Violence policy may be acquired in the District Office, High School Principal's Office, Elementary Principal's Office, Counselor's Offices, or Nurse's Office.

SMOKING, POSSESSION OF CIGARETTES/TOBACCO PRODUCTS, ALCOHOLIC BEVERAGES, UNPRESCRIBED DRUGS, OR CONTROLLED SUBSTANCES

A student shall not knowingly, buy, sell, possess, use, transmit, be under the influence of, or show any effect of any narcotic drug, a hallucinogenic drug, amphetamine, barbiturate, marijuana, alcoholic beverage, cigarette or e-cigarette, tobacco product, or intoxicant of any kind while on school property. If an administrator has reason to believe that an illegal act or violation of school rules has been committed, he or she is authorized to search the student and his or her property or school property and confiscate any contraband. Law Enforcement agencies may be contacted. Students who violate the rule against alcoholic beverages, un-prescribed drugs, tobacco products, or controlled substances may be suspended from school for up to and including ten days and may be excluded from after-school activities as a spectator for a period of time determined by the school administrator. The student may also be referred to the Student Assistance Team for evaluation.

WEAPONS

"Weapon" means any firearm whether loaded or unloaded; any device or instrument designed as a weapon or, through its use, capable of threatening or producing great bodily harm or death; or any device or instrument that is used to threaten or cause bodily harm or death. Some examples of weapons are guns (including pellet guns, look-alike guns, and non-functioning guns that could be used to threaten others); knives; clubs; metal knuckles (used in a threatening manner); throwing stars; explosives; stun guns; ammunition. A student that finds a weapon on the way to school or in the school building and immediately takes the weapon to the principal's office shall not be considered in possession of a weapon.

Possession of a weapon may result in:

1. Confiscation of the weapon.
2. An initial suspension of up to 10 days.
3. Law Enforcement referral, and

4. A recommendation to the Superintendent that the student is expelled.

“Possession” refers to having a weapon on one’s person, or in an area subject to one’s control on school property or at a school activity. Possession of a weapon on school property is a violation of Minnesota Law and is considered a felony. Violations of the terms of Minnesota Law will result in penalties including expulsion from school in addition to significant fines and prison.

“Assault” is a threat of bodily harm or death to another person, without physical contact. A threat will result in a parent/guardian conference and may lead to suspension of up to ten days. A student who threatens bodily harm or death to another without physical contact while in possession of a weapon shall be dealt with under the preceding section of this policy dealing with “weapons.”

School Bus Rules

School bus transportation is a privilege, not a right! Infractions will be reported and disciplinary action will be taken with the following guidelines:

BUS EXPECTATIONS

Expectations of student behavior while on a school bus closely mirror that of the schools. Bus safety is of the utmost importance for both the rider and the driver, as such administration and the transportation department work closely together to resolve any unsafe situations. Infractions will be reported and disciplinary action will be handled by the transportation director, and/or administration.

CONSEQUENCES

Bus safety is of the utmost importance for both the rider and the driver, as such administration and the transportation department work closely together to resolve any unsafe situations. Infractions will be reported and disciplinary action will be handled by the transportation director, and/or administration.

Consequences for school bus or bus stop misconduct will apply to all regular and late routes. Decisions regarding a student's ability to ride the bus in connection with co-curricular and extra-curricular events (for example, field trips or competitions) will be at the sole discretion of the School District. Parents or guardians will be notified of any suspension of bus privileges.

BUS PASSES PROCEDURE

Students (K-4) must bring a note from a parent to the elementary office, or a parent must call the K-4 office where a bus pass will be issued for a student to ride the school bus to a non-registered location, or for a student not registered to ride a bus. It is important to have all written and/or phone messages for bus passes include the following each time a request for a bus pass is made:

- an exact street address for the drop
- a first name & last name of the individual responsible for the student at the drop, which would be the name of another student or an adult at the drop-off location (please be specific and do not use descriptions such as “grandma’s house,” “daycare,” etc.)

If you are requesting a pick-up or drop at a non-registered location, please contact the transportation office to determine if the location is on a bus route. To have an additional passenger on the school bus, the student must bring a permission note for a bus pass.

Individual bus passes are available on a limited basis for up to two students per rider. If your child is having a birthday party or friends over, we ask that you provide the transportation on that day. Students are not allowed to get off at a different location on their regular bus route without a bus pass.

CRIMINAL CONDUCT

In cases involving criminal conduct (for example, assault, weapons possession, or vandalism), the superintendent, administration, local Law Enforcement officials, and the Department of Public Safety will be informed.

RECORDS

Records of school bus and bus stop misconduct will be forwarded to the principal and will be retained. Reports of serious misconduct will be provided to the Department of Public Safety.

REPORTABLE OFFENSE

Reportable Offenses, which must be reported to police, include misbehavior causing an immediate and substantial danger to self or surrounding persons or property under Section 127.29 (Minn. Statute Section 169.4582).

VANDALISM or DAMAGE TO SCHOOL BUS(ES)

Students damaging school buses will be responsible for damages. Failure to pay such damages or make arrangements to pay may result in the loss of bus privileges until damages are paid.

Windom Area Schools & SWWC

Winfair Building

July

13

2026

Southwest West Central Cooperative has provided services in Windom for decades.

- ALC – Alternative Learning Center for credit recovery for High School Students.
- ELC – Educational Learning Centers –
 - Bridges – education for students having behavior challenges.
- SUN – Students with Unique Needs – autism spectrum disorder or other disabilities with minimal verbal skills.

SWWC Locations

For many years, the ALC and ELC were located in the Highland Building, leasing from WAS.

In 2020, when the Windom Elementary School was built, SWWC moved into the Winfair Building as their program was growing and needed more space.

**SWWC continues to grow
and refine their space
needs based on the
students they serve.**

In 2025, Bloom Hay Dobbs performed a facility study.

This shows that there is \$9.8 million of deferred maintenance for the Winfair Building. This is consistent with the facility study from 2014 plus inflation.

Roof replacement, tuckpointing, mechanical systems, and electrical systems will need to be addressed within the next 7-10 years.

Windom Area Schools has no need for the Winfair building.

WAS & SWWC

The region continues to need the specialized services that SWWC provides.

In 2025–2026

- 24 of our students attended ALC
- 19 attended the ELC

In addition to long-term facility maintenance costs, SWWC has proposed a need to remodel to address their growing programming needs. The Fit Plan addresses options, but none have been selected.

Solution

SWWC is interested in purchasing the Winfair Building .

The Finance Committee has met with SWWC several times to work on terms for the sale.

Coming up from \$1, SWWC has verbally agreed to purchase Winfair for \$350,000 for 7 acres. WAS would retain 3 acres to the north of the fair buildings.

The \$9.8 million of facility maintenance would then be SWWC's responsibility.

They would plan the remodeling of the building and find funds to support it.

The funds received from the sale will go into a capital fund for future maintenance & improvement of Windom Schools.

Next Steps:

A lease is in place to for the 2027 fiscal year. Once a purchase agreement is approved by the board, the lease will cease and a transfer of ownership will take place.

Purchase agreement will be reviewed by the district's attorney.

A resolution will be brought to the board for approval.

School Board Resolution
Independent School District No. 177
Adopting The School District's Fiscal Year (FY) 2028

School Board Member _____ moved for the resolution adoption and the motion was duly seconded by School Board Member _____ and, upon vote being thereon, the following voted in favor of the motion:

And the following voted against _____.

The Facility Condition Assessment Process

Being Strategic

- Need to know the “Current” status of their facilities:
 - *To understand what the needs are...*
 - *To understand the impacts...*
 - *To clarify decisions based on the data*
- Facilities that are often not well documented
 - *Need for knowledge transfer (Succession Planning)*
 - *Need for a dynamic long-term maintenance plan*
- Need to make strategic decisions
 - *Develop financial models (Limited Dollars)*
 - *Invest, Divest, Remodel, Rebuild, Expand*
 - *Future Growth (Master Planning)*

Our way.... a way:

Step 1: Define

- Identify goals and objectives
 - Facility Condition Assessment
 - “Facility Condition Index”= FCI
 - “Facility Needs Index” = FNI
 - Energy Efficiency/Sustainability
 - Strategic Facility Planning
 - Master Planning
- Identify stakeholders
- Identify timeline

Step 2: Collect

- Site Interview
 - *"Knowledge Transfer"*
 - *In-Person*
 - *Poker-face*
- Site Walkthrough
 - *Digitized findings*
 - *Inventory the facility*

Step 3: Develop

- Identify deferred maintenance & upcoming facility expenditures
 - *Scope- What do we do?*
 - *Priorities – When do we do it?*
 - *Cost Estimates – What will it cost?*
- Present day costs / Future day costs
 - *Impact of inflation due to timing*
 - *Procurement timing*
- Present day costs / Future day costs

Step 4: Collaborate

- Discussing with owner
 - *Scoping of remediation*
 - *Priorities*
 - *Cost*
- Working with owner
 - *Levers to bundle projects*
 - *Understand major initiatives*
 - *Presentation of findings*

Step 5: Present

- "Tell the story"
- Bottom line up front
- Major Priorities only
- Action based
- "Greatest Hits" tour
- Making the data "Live"

Analysis: Measure The Facility

- Facilities are measured based upon IFMA Standard to calculate the Facility Condition Index
- "Is the facility worth the investment?"

$$FCI = \frac{\text{Deferred Maintenance Deficiencies}}{\text{Building Replacement Costs}}$$

Knowing The Status

- Current status the of facility
 - *Gather/collect the data*
 - *Understand the costs*
 - *Let the data tell the story*

506 STUDENT DISCIPLINE

[NOTE: School districts are required by statute to have a policy addressing these issues.]

I. PURPOSE

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others, and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making, and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.

In view of the foregoing and in accordance with Minnesota Statutes, section 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

III. DEFINITIONS

- A. "Nonexclusionary disciplinary policies and practices" means policies and practices that are alternatives to dismissing a pupil from school, including but not limited to evidence-based positive behavior interventions and supports, social and emotional services,

school-linked mental health services, counseling services, social work services, academic screening for Title 1 services or reading interventions, and alternative education services. Nonexclusionary disciplinary policies and practices include but are not limited to the policies and practices under Minnesota Statutes, sections 120B.12; 121A.575, clauses (1) and (2); 121A.031, subdivision 4, paragraph (a), clause (1); 121A.61, subdivision 3, paragraph (r); and 122A.627, clause (3).

- B. "Pupil withdrawal agreement" means a verbal or written agreement between a school administrator or district administrator and a pupil's parent to withdraw a student from the school district to avoid expulsion or exclusion dismissal proceedings. The duration of the withdrawal agreement cannot be for more than a 12-month period.

IV. POLICY

- A. The school board must establish uniform criteria for dismissal and adopt written policies and rules to effectuate the purposes of the Minnesota Pupil Fair Dismissal Act. The policies must include nonexclusionary disciplinary policies and practices consistent with Minnesota Statutes, section 121A.41, subdivision 12, and must emphasize preventing dismissals through early detection of problems. The policies must be designed to address students' inappropriate behavior from recurring.
- B. The policies must recognize the continuing responsibility of the school for the education of the pupil during the dismissal period.
- C. The school is responsible for ensuring that alternative educational services, if the pupil wishes to take advantage of them, must be adequate to allow the pupil to make progress toward meeting the graduation standards adopted under Minnesota Statutes, section 120B.02 and help prepare the pupil for readmission in accordance with section Minnesota Statutes, section 121A.46, subdivision 5.
- D. For expulsion and exclusion dismissals and pupil withdrawal agreements as defined in Minnesota Statutes, section 121A.41, subdivision 13:
 - 1. for a pupil who remains enrolled in the school district or is awaiting enrollment in a new district, the school district's continuing responsibility includes reviewing the pupil's schoolwork and grades on a quarterly basis to ensure the pupil is on track for readmission with the pupil's peers. The school district must communicate on a regular basis with the pupil's parent or guardian to ensure that the pupil is completing the work assigned through the alternative educational services as defined in Minnesota Statutes, section 121A.41, subdivision 11. These services are required until the pupil enrolls in another school or returns to the same school;
 - 2. a pupil receiving school-based or school-linked mental health services in the school district under Minnesota Statutes, section 245.4889 continues to be eligible for those services until the pupil is enrolled in a new district; and
 - 3. the school district must provide to the pupil's parent or guardian information on accessing mental health services, including any free or sliding fee providers in the community. The information must also be posted on the school district website.

V. AREAS OF RESPONSIBILITY

- A. The School Board. The school board holds all school personnel responsible for the

maintenance of order within the school district and supports all personnel acting within the framework of this discipline policy.

- B. Superintendent. The superintendent shall establish guidelines and directives to carry out this policy, hold all school personnel, students, and parents responsible for conforming to this policy, and support all school personnel performing their duties within the framework of this policy. The superintendent shall also establish guidelines and directives for using the services of appropriate agencies for assisting students and parents. Any guidelines or directives established to implement this policy shall be submitted to the school board for approval and shall be attached as an addendum to this policy.
- C. Principal. The school principal is given the responsibility and authority to formulate building rules and regulations necessary to enforce this policy, subject to final school board approval. The principal shall give direction and support to all school personnel performing their duties within the framework of this policy. The principal shall consult with parents of students conducting themselves in a manner contrary to the policy. The principal shall also involve other professional employees in the disposition of Behavior referrals and shall make use of those agencies appropriate for assisting students and parents. A principal, in exercising the person's lawful authority, may use reasonable force when it is necessary under the circumstances to correct or restrain a student to prevent bodily harm or death to the student or another. A principal shall not use prone restraint and shall not inflict any form of physical holding that restricts or impairs a student's ability to breathe; restricts or impairs a student's ability to communicate distress; places pressure or weight on a student's head, throat, neck, chest, lungs, sternum, diaphragm, back, or abdomen; or results in straddling a student's torso.
- D. Teachers. IX. RECESS AND OTHER BREAKS

- A. "Recess detention" means excluding or excessively delaying a student from participating in a scheduled recess period as a consequence for student behavior. Recess detention does not include, among other things, providing alternative recess at the student's choice.
- B. The school district is encouraged to ensure student access to structured breaks from the demands of school and to support teachers, principals, and other school staff in their efforts to use evidence-based approaches to reduce exclusionary forms of discipline.
- C. The school district must not use recess detention unless:
 1. a student causes or is likely to cause serious physical harm to other students or staff;

- 2. the student's parent or guardian specifically consents to the use of recess detention; or
 - 3. for students receiving special education services, the student's individualized education program team has determined that withholding recess is appropriate based on the individualized needs of the student.
- D. The school district must not withhold recess from a student based on incomplete schoolwork.
 - E. The school district must require school staff to make a reasonable attempt to notify a parent or guardian within 24 hours of using recess detention.
 - F. The school district must compile information on each recess detention at the end of each school year, including the student's age, grade, gender, race or ethnicity, and special education status. This information must be available to the public upon request. The school district is encouraged to use the data in professional development promoting the use of nonexclusionary discipline.
 - G. The school district must not withhold or excessively delay a student's participation in scheduled mealtimes. This section does not alter a district or school's existing responsibilities under Minnesota Statutes, section 124D.111 or other state or federal law.

X. DISCIPLINARY ACTION OPTIONS

The general policy of the school district is to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within the discretion of the school district. At a minimum, violation of school district code of conduct, rules, regulations, policies, or procedures will result in discussion of the violation and a verbal warning. The school district shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the school district. Disciplinary action may include, but is not limited to, one or more of the following:

- A. Student conference with teacher, principal, counselor, or other school district personnel, and verbal warning;
- B. Confiscation by school district personnel and/or by law enforcement of any item, article, object, or thing, prohibited by, or used in the violation of, any school district policy, rule, regulation, procedure, or state or federal law. Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, assigning detention or other consequences, or contacting the student's parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student's conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy. "Removal from class" and "removal" mean any actions taken by a teacher, principal, or other school district employee to prohibit a student from attending a class or activity period for a period of time not to exceed five (5) days, pursuant to this discipline policy.

Grounds for removal from class shall include any of the following:

- 1. Willful conduct that significantly disrupts the rights of others to an education, including conduct that interferes with a teacher's ability to teach or communicate effectively with students in a class or with the ability of other students to learn;
- 2. Willful conduct that endangers surrounding persons, including school district employees, the student or other students, or the property of the school;
- 3. Willful violation of any school rules, regulations, policies or procedures, including the Code of Student Conduct in this policy; or
- 4. Other conduct, which in the discretion of the teacher or administration, requires

removal of the student from class.

Such removal shall be for at least one (1) activity period or class period of instruction for a given course of study and shall not exceed five (5) such periods.

A student must be removed from class immediately if the student engages in assault or violent behavior. "Assault" is an act done with intent to cause fear in another of immediate bodily harm or death; or the intentional infliction of, or attempt to inflict, bodily harm upon another.

- B. If a student is removed from class more than ten (10) times in a school year, the school district shall notify the parent or guardian of the student's tenth removal from class and make reasonable attempts to convene a meeting with the student's parent or guardian to discuss the problem that is causing the student to be removed from class.

- A. "Dismissal" means the denial of the current educational program to any student, including exclusion, expulsion, and suspension. Dismissal does not include removal from class.

The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.

The school district shall not dismiss any student without attempting to use

nonexclusionary disciplinary policies and procedures before dismissal proceedings or pupil withdrawal agreements, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

The use of exclusionary practices for early learners as defined in Minnesota Statutes, section 121A.425, is prohibited. The use of exclusionary practices to address attendance and truancy issues is prohibited.

B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:

1. Willful violation of any reasonable school board regulation, including those found in this policy;
2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or
3. Willful conduct that endangers the student or other students, or surrounding persons, including school district employees, or property of the school.

C. Disciplinary Dismissals Prohibited

1. A pupil enrolled in the following is not subject to dismissals under the Pupil Fair Dismissal Act:
 - a. a preschool or prekindergarten program, including an early childhood family education, school readiness, ~~school readiness plus~~, voluntary prekindergarten, Head Start, or other school-based preschool or prekindergarten program; or
 - b. kindergarten through Grade 3.
2. This section does not apply to a dismissal from school for less than one school day, except as provided under Minnesota Statutes, chapter 125A and federal law for a student receiving special education services.
3. Notwithstanding this section, expulsions and exclusions may be used only after resources outlined under ~~n~~Nonexclusionary discipline have been exhausted, and only in circumstances where there is an ongoing serious safety threat to the child or others.

D. Suspension Procedures

1. "Suspension" means an action by the school administration, under rules promulgated by the ~~s~~School ~~b~~Board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during that dismissal period.
2. School administration must allow a suspended pupil the opportunity to complete

all school work assigned during the period of the pupil's suspension and to receive full credit for satisfactorily completing the assignments. The school principal or other person having administrative control of the school building or program is encouraged to designate a district or school employee as a liaison to work with the pupil's teachers to allow the suspended pupil to (1) receive timely course materials and other information, and (2) complete daily and weekly assignments and receive teachers' feedback.

3. If a student's total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student's parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening for the student at the parent or guardian's expense. The purpose of this meeting is to attempt to determine the student's need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.
4. The definition of suspension under Minnesota Statutes, section 121A.41, subdivision 10, does not apply to a student's dismissal from school for less than one day, except as provided under federal law for a student with a disability. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.
5. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than ten (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.
6. Alternative education services must be provided to a pupil who is suspended for more than five (5) consecutive school days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate

assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minnesota Statutes, section 123A.05 selected to allow the student to progress toward meeting graduation standards under Minnesota Statutes, section 120B.02, although in a different setting.

7. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.
8. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:
 - a. strongly encourage a parent or guardian of the student to attend school with the student for one day;
 - b. assign the student to attend school on Saturday as supervised by the principal or the principal's designee; and
 - c. petition the juvenile court that the student is in need of services under Minnesota Statutes, chapter 260C.
9. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)
10. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.
11. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.
12. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) consecutive school days.

E. Expulsion and Exclusion Procedures

1. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.
2. "Exclusion" means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.
3. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.
4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.
5. The student and parent or guardian shall be provided written notice of the school district's intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56; describe the nonexclusionary disciplinary practices accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the hearing; (2) examine the student's records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school district must advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE) and is posted on its website.
6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent, or guardian.
7. All hearings shall be held at a time and place reasonably convenient to the student, parent, or guardian and shall be closed, unless the student, parent, or guardian requests an open hearing.
8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.
9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.
10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.

11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.
12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.
13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.
14. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.
15. The student cannot be compelled to testify in the dismissal proceedings.
16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.
17. The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of the Minnesota Department of Education (Commissioner) of the basis and reason for the decision.
18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minnesota Statutes, section 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.
19. The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.
20. The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal

report must include state student identification numbers of affected students.

21. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to attend and to be reinstated in the school district.

XIII. ADMISSION OR READMISSION PLAN

A school administrator must prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan must include measures to improve the student's behavior, which may include completing a character education program consistent with Minnesota Statutes, section 120B.232, subdivision 1, social and emotional learning, counseling, social work services, mental health services, referrals for special education or 504 evaluation, and evidence-based academic interventions. The plan must include reasonable attempts to obtain parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

XIV. NOTIFICATION OF POLICY VIOLATIONS

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

In addition, the school district must report, through the MDE electronic reporting system, each exclusion or expulsion, each physical assault of a school district employee by a pupil, and each pupil withdrawal agreement within thirty (30) days of the effective date of the dismissal action, pupil withdrawal, or assault, to the MDE Commissioner. This report must include a statement of the nonexclusionary disciplinary practices, or other sanction, intervention, or resolution in response to the assault given to the pupil and the reason for, the effective date, and the duration of the exclusion or expulsion or other sanction, intervention, or resolution. The report must also include the pupil's age, grade, gender, race, and special education status.

XV. STUDENT DISCIPLINE RECORDS

The policy of the school district is that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minnesota Statutes, chapter 13.

XVI. STUDENTS WITH DISABILITIES

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy, unless the student's IEP or 504 plan specifies a necessary modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i) caused by or had a direct and substantial relationship to the child's disability and (ii) whether the child's conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the

school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student’s educational program provides otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student’s disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student’s disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

XVII. OPEN ENROLLED STUDENTS

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minnesota Statutes, section 124D.03) or Enrollment in Nonresident District (Minnesota Statutes, section 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minnesota Statutes, chapter 260A), and the student’s case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of seventeen (17) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

XVIII. DISCIPLINE COMPLAINT PROCEDURE

Students, parents and other guardians, and school staff may file a complaint and seek corrective action when the requirements of the Minnesota Pupil Fair Dismissal Act, including the implementation of the local behavior and discipline policies, are not being implemented appropriately or are being discriminately applied.

The Discipline Complaint Procedure must, at a minimum:

1. provide procedures for communicating this policy including the ability for a parent to appeal a decision under Minnesota Statutes, section 121A.49 that contains explicit instructions for filing the complaint;
2. provide an opportunity for involved parties to submit additional information related to the complaint;
3. provide a procedure to begin to investigate complaints within three school days of receipt, and identify personnel who will manage the investigation and any resulting record and are responsible for keeping and regulating access to any record;
4. provide procedures for issuing a written determination to the complainant that addresses each allegation and contains findings and conclusions;
5. if the investigation finds the requirements of Minnesota Statutes, sections 121A.40 to 121A.61, including any local policies that were not implemented appropriately, contain procedures that require a corrective action plan to correct a student's record and provide relevant staff with training, coaching, or other accountability practices to ensure appropriate compliance with policies in the future; and

6. prohibit reprisals or retaliation against any person who asserts, alleges, or reports a complaint, and provide procedures for applying appropriate consequences for a person who engages in reprisal or retaliation.

XIX. DISTRIBUTION OF POLICY

The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. This policy shall also be available upon request in each principal's office.

XX. REVIEW OF POLICY

The principal and representatives of parents, students and staff in each school building shall confer at least annually to review this discipline policy, determine if the policy is working as intended, and to assess whether the discipline policy has been enforced. Any recommended changes shall be submitted to the superintendent for consideration by the school board, which shall conduct an annual review of this policy.

513 STUDENT PROMOTION, RETENTION, AND PROGRAM DESIGN

I. PURPOSE

The purpose of this policy is to provide guidance to professional staff, parents, and students regarding student promotion, retention, and program design.

II. GENERAL STATEMENT OF POLICY

The school board expects all students to achieve at an acceptable level of proficiency. Parental assistance, tutorial and remedial programs, counseling, and other appropriate services shall be coordinated and utilized to the greatest extent possible to help students succeed in school.

A. Promotion

Students who achieve at levels deemed acceptable by local and state standards shall be promoted to the next grade level at the completion of each school year.

B. Retention

Retention of a student may be considered when professional staff and parents feel that it is in the best interest of the student. Physical development, maturity, and emotional factors shall be considered, as well as scholastic achievement. The superintendent's decision shall be final.

C. Program Design

1. The superintendent, with participation of the professional staff and parents, shall develop and implement programs to challenge students that are consistent with the needs of students at every level. A process to assess and evaluate students for program assignment shall be developed in coordination with such programs. Opportunities for special programs and placement outside of the school district shall also be developed as additional options. All programs will be aligned with creating comprehensive achievement and civic readiness.
2. The school district may identify students, locally develop programs and services addressing instructional and affective needs, provide staff development, and evaluate programs to provide gifted and talented students with challenging and appropriate educational programs and services.
3. The school district must adopt guidelines for assessing and identifying students for participation in gifted and talented programs and services consistent with Minnesota Statutes, section 120B.11. The guidelines should include the use of:
 - a. multiple objective criteria; and
 - b. assessments and procedures that are valid and reliable, fair, and based on current theory and research. Assessments and procedures should be sensitive to under-represented groups, including, but not limited to, low-income, minority, twice-exceptional, and English learners.

4. The school district must adopt procedures for the academic acceleration of gifted and talented students. These procedures will include how the school district will:
 - a. assess a student's readiness and motivation for acceleration; and
 - b. match the level, complexity, and pace of the curriculum to a student to achieve the best type of academic acceleration for that student.
5. The school district must adopt procedures consistent with Minnesota Statutes, section 124D.02 for early admission to kindergarten or first grade of gifted or talented learners consistent with Minnesota Statutes, section 120B.11, subdivision 2, clause (2). The procedures must be sensitive to underrepresented groups.

516.5 OVERDOSE MEDICATION

[NOTE: The 2023 Minnesota legislature enacted legislation requiring school districts to maintain a supply of opiate antagonists. School districts and their employees are legally permitted to purchase, store, and administer Naloxone (Narcan) in response to an opiate overdose in schools and those who do assist with such administration are immune from civil liability as well as exempt from criminal prosecution from possession, use, etc. of medication. The provisions of this policy outline the requirements of the law with respect to the use of Naloxone (Narcan) in schools.]

I. PURPOSE

As a means of enhancing the health and safety of its students, staff and visitors, the school district will acquire, administer, and store doses of an opiate antagonist, specifically Naloxone (Narcan), and administration devices or kits for emergency use to assist a student, staff member, or other individual believed or suspected to be experiencing an opioid overdose on school district property during the school day or at school district activities.

II. GENERAL STATEMENT OF POLICY

The school board authorizes school district administration to obtain and possess opioid overdose reversal medication, such as Naloxone, to be maintained and administered to a student or other individual by trained school staff if the staff member determines in good faith that the person to whom the medication is administered is experiencing an opioid overdose. Authorization for obtaining, possessing and administering Naloxone or similar permissible medications under this policy are contingent upon: (1) the continued validity of state and federal law that permit a person who is not a healthcare professional to dispense an opiate antagonist to the school district and its employees by law; (2) that the school district and its staff are immune from criminal prosecution and not otherwise liable for civil damages for administering the opiate antagonist to another person who the staff member believes in good faith to be suffering from a drug overdose; and (3) the availability of funding either from outside sources or as approved by the school board to obtain and administer opioid overdose reversal medication.

III. DEFINITIONS

- A. **"Drug-related overdose"** means an acute condition, including mania, hysteria, extreme physical illness, respiratory depression or coma, resulting from the consumption or use of a controlled substance, or another substance with which a controlled substance was combined, and that a layperson would reasonably believe to be a drug overdose that requires immediate medical assistance.
- B. **"Naloxone Coordinator"** is a school district staff person or administrator appointed to monitor adherence to protocols outlined in this policy and referenced procedures. The Naloxone Coordinator is responsible for building-level administration and management of Opiate Antagonist medications and supplies. The school district's Naloxone Coordinator is [insert title of staff person appointed as coordinator].
- C. **"Opiate"** means any dangerous substance having an addiction forming or addiction

sustaining liability similar to morphine or being capable of conversion into a drug having such addiction forming or addiction sustaining liability.

- D. **"Opiate Antagonist"** means naloxone hydrochloride ("Naloxone") or any similarly acting drug approved by the federal Food and Drug Administration for the treatment of a drug overdose.
- E. **"Standing Order"** means directions from the school district's medical provider that sets forth how to house and administer Naloxone or other Opiate Antagonist medications to students, staff members or other individuals believed or suspected to be experiencing an opioid overdose. This Standing Order should include the following information:
 - 1. Administration type
 - 2. Dosage
 - 3. Date of issuance
 - 4. Signature of the authorized provider

IV. GENERAL STATEMENT OF POLICY AND RESPONSIBILITIES

- A. The school district must maintain a supply of opiate antagonists at each school site to be administered in compliance with Minnesota law. Each school building must have two doses of nasal naloxone available on-site.

[NOTE: The Minnesota Department of Education offered guidance regarding the meaning of "school site." If a school site includes multiple buildings, the two-dose requirement applies to buildings used for instruction. It does not apply to administrative buildings, facility buildings, ice arenas, and similar buildings not used for instruction.]

- B. A licensed physician, a licensed advanced practice registered nurse authorized to prescribe drugs pursuant to Minnesota Statutes, section 148.235, or a licensed physician assistant may authorize a nurse or other personnel employed by, or under contract with, a public school may be authorized to administer opiate antagonists as defined under Minnesota Statutes, section 604A.04, subdivision 1.
- C. A licensed practical nurse is authorized to possess and administer an opiate antagonist in a school setting notwithstanding Minnesota Statutes, 148.235, subdivisions 8 and 9.
- D. District Collaborative Planning and Implementation Team

To the extent Naloxone is obtained for use consistent with this policy, the school district will establish a district-wide collaborative planning and implementation team ("District Planning Team") who will oversee the general development and operations related to the use of opiate antagonist Naloxone and regularly report to the school board as to its activities.

- 1. The District Planning Team will include the Naloxone Coordinator and may include the superintendent (or designee), school nurse, public health experts, first responders, student or family representatives, and community partners who will be assigned to the Team by the superintendent or designee or solicited as volunteers by the superintendent.

2. The District Planning Team, through the Naloxone Coordinator, will obtain a protocol or Standing Order from a licensed medical prescriber for the use of Naloxone or other Opiate Antagonist by school district staff in all school facilities and activities and will update or renew the protocol or Standing Order annually or as otherwise required. A copy of the protocol or Standing Order will be maintained in the office of the Naloxone Coordinator.
3. The District Planning Team will develop district-wide guidelines and procedures and determine the form(s) of Naloxone to be used within the school district (nasal, auto injector, manual injector) and the method and manner of arranging for the financing and purchasing, storage and use of Naloxone to be approved by the school board. Once approved by the school board, these guidelines and procedures will be attached and incorporated into this policy. At a minimum, these guidelines and procedures will:
 - a. Ensure that when Naloxone is administered, school district employees must activate the community emergency response system (911) to ensure additional medical support due to the limited temporary effect of Naloxone and the continued need of recipients of additional medical care;
 - b. Require school district employees to contact a school district healthcare professional to obtain medical assistance for the recipient of the Naloxone, if possible, pending arrival of emergency personnel;
 - c. Direct school district employees to make immediate attempts to determine if the recipient is a minor and, if so, locate the identity of the parent or guardian of the minor and ensure contact with that parent or guardian is made as soon as possible after administration of the Naloxone for the purpose of informing the parent or guardian of the actions that have been taken; and
 - d. Require school district staff to inform the building administrator or other administrator overseeing an event or activity of the administration of Naloxone, as well as the Naloxone Coordinator, after taking necessary immediate emergency steps.
4. The District Planning Team will determine the type and method of annual training, identify staff members at each school site to be trained and coordinate the implementation of the training with the assistance of the Naloxone Coordinator.

E. Site Planning Teams

1. In consultation with the District Planning Team, the administrator at each school site may establish, in the manner the superintendent or Naloxone Coordinator deems appropriate, a Site Planning Team within the school site.
2. The Site Planning Team will be responsible for the coordination and implementation of this policy, district-wide guidelines and procedures within the school site and will develop and implement any specific guidelines and procedure for the storage and use of Naloxone within the school site in a manner consistent with this policy and district wide procedures and guidelines.

F. School District Staff

School district staff members will be responsible for attending all required training pertaining to the policy, procedures and guidelines for the storage and use of Naloxone and performing any assigned responsibilities pursuant to the guidelines and procedures.

G. The school district allows a student in grades 9 through 12 to possess and administer an opiate antagonist to another high school student. The protections of Minnesota Statutes, section 604A.04 apply to the possession and administration of opiate antagonists according to Minnesota Statutes, section 121A.224.

[NOTE: The 2025 Minnesota legislature enacted paragraph G. This provision is optional: school districts are not required to adopt paragraph G.]

V. NALOXONE STORAGE

A. The Site Planning Team will select numerous Naloxone storage locations within the school site and outside the school site when activities are conducted off school grounds (i.e., transportation services, field trips, etc.).

[NOTE: School districts may decide that Naloxone will not be sent on field trips, transportation or activities that occur outside of the typical school day or off school property and may modify this statement accordingly. If Naloxone is provided during these auxiliary activities, schools should ensure that it is only provided if there is an available trained staff member to administer it and that the medication can be safely and legally stored and transported.]

B. The selected storage locations of Naloxone will be classified as non-public "security information" as the school board has determined that the disclosure of this data to the general public would be likely to substantially jeopardize the security of the medication that could be subject to theft, tampering, and improper use. Therefore, the identity of the storage locations will be shared only with those school district staff members whom the District Planning Team or Site Team have determined need access to this information to aid public health and safety as determined in the procedures and guidelines.

C. Stock Naloxone will be clearly labeled, monitored for expiration dates, and stored in a secured location that is accessible by trained staff as set forth in paragraph V.B.

VI. Privacy Protections

The school district will maintain the privacy of students and staff related to the administration of Naloxone as required by law.

Marketing of unhealthy brands may be limited. This could be in educational materials, school publications and fundraising. (2024) Only food/beverages marketed or advertised must be items that meet Smart Snacks nutrition Standards.
12. The school district will support the development of farm to school programs, a school garden, foods grown in the Ag Department, or foods prepared with the FACS Department. These programs can promote healthier lifelong eating patterns to encourage students to eat more nutritious foods, and support the local economy and the local farmers, as well as teach students about the origins of their foods and how their food is grown.

C. Foods provided from the school, outside of School Food Service

1. Vending foods that are available should include a variety of choices of nutritious foods, such as fruits, vegetables, whole grains, and low-fat or nonfat dairy foods and Smart Snacks approved. This would include all school stores selling foods.
2. Classroom birthday celebrations will be encouraged to use healthy choices, including healthy snack options and/or physical activity opportunities. Other ways to recognize are offered in Appendix B.
3. Classroom parties or celebrations (that are not part of birthday celebrations) such as holiday parties or recognition parties should be limited to once a month and may include food brought in from parents. Parents will be encouraged to bring in foods listed from the “Windom Schools Suggested healthy snacks for classroom parties List” (see appendix B). Water is encouraged as the beverage of choice for classroom celebrations. Foods must be purchased from an approved source, no homemade items are allowed.
4. No competitive foods or beverages may be sold during the school day.
5. Encourage healthy food and drink options served to students at functions such as sports, plays, music celebrations, and other celebrations to encourage healthy choices when on campus. (2024)

D. Nutrition Education and Promotion

1. The school district will encourage and support healthy eating by students and engage in nutrition promotion that is:

- a. offered as part of a comprehensive program designed to provide students with the knowledge and skills necessary to promote and protect their health;
 - b. part of health education classes as well as classroom instruction in subjects such as math, science, language arts, family consumer science, social sciences, and elective subjects such as school garden teaching tools and growing hydroponic labs, where appropriate; and
 - c. enjoyable, developmentally appropriate, culturally relevant, and includes participatory activities, such as contests, promotions, taste testing, and field trips.
2. Classroom education will complement physical education by reinforcing the knowledge and self-management skills needed to maintain a physically active lifestyle and to reduce time spent on sedentary activities and screen time.
3. Classroom education promotes fruits, vegetables, whole grain products, low-fat and fat-free dairy products, healthy food preparation methods, and health-enhancing nutrition policies.
4. The school district will encourage all students to make age-appropriate, healthy selections of foods and beverages, including those sold individually outside the reimbursable school meal programs, such as through a la carte lines, vending machines, fundraising events, concessions stands and student stores using the Smart Snack Guidelines. Water and non caffeinated beverages will be offered for fundraising events. (2024)
5. Schools will encourage non-foods as rewards for academic performance or good behavior, and will not withhold food or beverages (including food served through school meals) as punishment. Schools will encourage school staff to use physical activity as a reward for academic performance or good behavior, as appropriate.

E. Physical Activity

1. Students need opportunities for physical activity and to fully embrace regular physical activity as a personal behavior. Toward that end, health education will reinforce the knowledge and self-management skills needed to maintain a healthy lifestyle and reduce sedentary activities such as watching television and using electronic device such as computers, iPods, iPads and smartphones;
2. District will evaluate ways to meet physical education recommendations suggested by the Minnesota Academic Standards in Physical Education.

3. Students will spend at least 50 percent of physical education class time participating in moderate to vigorous physical activity.
4. All physical education classes will be taught by licensed physical education teachers.
5. Classroom teachers are encouraged to provide short physical activity breaks in the classroom every day. This could include utilizing classroom energizers for break times or incorporating movement in academic subjects. Classroom teachers are encouraged to offer physical activity breaks prior to testing or any extended periods of sitting.
6. All elementary school students will have at least 20 minutes of supervised recess, preferably outdoors, during which schools should encourage moderate to vigorous physical activity verbally and through the provision of space and equipment. Administration will consider scheduling recess prior to lunch in grades K-3, when space and schedules are available.
7. The school district will encourage walking and bicycling to school as the preferred transportation modes for students who resided within close proximity to school.

F. Communications with Parents

1. The school district recognizes that parents and guardians have a primary role in promoting their children's health and well-being.
2. The school district will support parents' efforts to provide a healthy diet and daily physical activity for their children.
3. The school district encourages parents to pack healthy lunches and snacks that meet nutritional guidelines (see Appendix A and B) and refrain from beverages and foods without nutritional value. A Healthy Snack Plan letter will be provided to parents at the beginning of the school year.
4. The school district will provide information about physical education and other school-based physical activity opportunities and will support parents' efforts to provide their children with opportunities to be physically active outside of school.

IV. IMPLEMENTATION AND MONITORING

- A. After approval by the school board, the wellness policy will be implemented throughout the school district.

- B. School food service staff, at the school or district level, will ensure compliance within the school's food service areas and will report to the food service director, the building principal, or the superintendent's designee, as appropriate.
- C. The school district's food service director will provide nutrition updates to the superintendent setting forth the nutrition guidelines and procedures for selection of all foods made available on campus.
- D. The superintendent or designee will ensure compliance with the wellness policy and will provide an annual report of the school district's compliance with the policy to the school board.
- E. Building principals, teachers, and staff will implement and monitor those sections of the Wellness Policy related to classroom instruction and activities, physical activity, and nutrition education. They will ensure the policy for food and beverage consumption is followed throughout the school day.
- F. The Wellness Committee will review implementation and suggested changes to this policy every 3 years or as recommended by the USDA. The school community including parents, students, representatives of the school food authority, teachers of physical education, school health professionals, the school board, and school administrators are welcome to participate in Wellness Committee meetings.
- G. The rule requires that Local Education Agency (LEA) must make available to the public:
 - a. The wellness policy, including any updates to and about the wellness policy on an annual basis at a minimum and
 - b. The Triennial Assessment, including progress toward meeting the goals of the policy. This will be completed by the Wellness Committee.

Nuts and nut butters (they contain more than 35% of calories from total fat but are recognized as healthy food)

Low fat yogurt (yogurt may contain more than 35% of calories from totals sugars but are recognized as healthy food)

II. Evaluating the healthfulness of **Beverages** offered.

- Milk offered should be skim or 1% milk. Skim milk may be flavored.
- 100% fruit juice may be offered with an attempt to limit the portion size to no more than an 8-oz portion
- Bottled waters may be offered
- No sugar-sweetened beverages should offered, including fruit drinks, soda, sports drinks, sweetened teas or coffee drinks

721 PROCUREMENT POLICY

[NOTE: School districts are required by the federal Uniform Grant Guidance (UGG) regulations, 2 Code of Federal Regulations, part 200, to have the policies that establish uniform administrative requirements, cost principles, and audit requirements for federal awards to non-federal entities including school districts. In June 2018, the United States Office of Management and Budget increased the threshold dollar amounts for both simplified acquisition costs (\$250,000) and micro-purchases (\$10,000). In addition, school districts must comply with Minnesota laws on procurement.]

I. PURPOSE

The purpose of this policy is to ensure compliance with the requirements of the federal Uniform Grant Guidance regulations by establishing uniform administrative requirements, cost principles, and audit requirements for federal grant awards received by the school district. This policy also seeks to ensure compliance with Minnesota procurement laws governing school districts.

II. DEFINITIONS

- A. "Compensation for personal services" includes all remuneration, paid currently or accrued, for services of employees rendered during the period of performance under the federal award, including, but not necessarily limited to, wages and salaries. Compensation for personal services may also include fringe benefits which are addressed in 2 Code of Federal Regulations, section 200.431 (Compensation - Fringe Benefits).
- B. "Competitive procurement process" means a process for procurement by sealed bids or by proposals under Minnesota Statutes, section 471.345.
- C. "Contract" means a legal instrument by which the school district purchases property or services needed to carry out the project or program under a federal award. The term, as used in 2 Code of Federal Regulations, Part 200, does not include a legal instrument, even if the school district considers it a contract, when the substance of the transaction meets the definition of a federal award or subaward.
- D. "Direct costs" are those costs that can be identified specifically with a particular final cost objective, such as a federal award, or other internally or externally funded activity, or that can be directly assigned to such activities relatively easily with a high degree of accuracy.
- E. "Equipment" means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which exceeds the lesser of the capitalization level established by the school district for financial statement purposes, or \$10,000.
- F. "Federal award" has the meaning, depending on the context, in either paragraph 1. or 2. below:
 - 1.
 - a. The federal financial assistance that the school district receives directly from a federal awarding agency or indirectly from a pass-through entity, as described in 2 Code of Federal Regulations, section 200.101; or

- b. The cost-reimbursement contract under the federal Acquisition Regulations that the school district receives directly from a federal awarding agency or indirectly from a pass-through entity, as described in 2 Code of Federal Regulations, section 200.101.
 - 2. The instrument setting forth the terms and conditions. The instrument is the grant agreement, cooperative agreement, other agreement for assistance covered in paragraph (2) of the definition of *Federal financial assistance* in 2 Code of Federal Regulations 200.1, or the cost-reimbursement contract awarded under the federal Acquisition Regulations.
 - 3. "Federal award" does not include other contracts that a federal agency uses to buy goods or services from a contractor or a contract to operate federal-government-owned, contractor-operated facilities.
- G. "Grants" includes
- 1. "State-administered grants" are those grants that pass through a state agency such as the Minnesota Department of Education (MDE).
 - 2. "Direct grants" are those grants that do not pass through another agency such as MDE and are awarded directly by the federal awarding agency to the grantee organization. These grants are usually discretionary grants that are awarded by the U.S. Department of Education (DOE) or by another federal awarding agency.
- [NOTE: All requirements outlined in this policy apply to both direct grants and state-administered grants.]**
- H. "Non-federal entity" means a state, local government, Indian tribe, institution of higher education, or nonprofit organization that carries out a federal award as a recipient or subrecipient.
 - I. "Post-retirement health plans" refer to costs of health insurance or health services not included in a pension plan covered by 2 Code of Federal Regulations, section 200.431(g) for retirees and their spouses, dependents, and survivors.
 - J. "Severance pay" is a payment in addition to regular salaries and wages by the school district to workers whose employment is being terminated.
 - K. "Travel costs" are the expenses for transportation, lodging, subsistence, and related items incurred by employees who are in travel status on official business of the school district.

III. PROCUREMENT METHOD OPTIONS

A. Procurement by micro-purchase

The acquisition of supplies or services when the aggregate dollar amount of the procurement transaction does not exceed the micro-purchase threshold (generally \$10,000, except as otherwise discussed in 48 Code of Federal Regulations, subpart 2.1 or as periodically adjusted for inflation).

[NOTE: Minnesota school districts may choose to increase their federal micro-purchase threshold to \$25,000, which would align with the Minnesota limit. School districts choosing to adopt this increase must annually certify the higher threshold. The annual certification must include a justification, clear identification of the threshold, and supporting documentation of any of the following: (1) a qualification as a low-risk auditee, in accordance with the criteria established in 2 Code of Federal Regulations, section 200.520 for the

most recent audit; (2) an annual internal institutional risk assessment to identify, mitigate, and manage financial risks; or (3) a higher threshold consistent with state law.]

B. Procurement by small purchase procedures

This procurement method may be used when the value of the procurement transaction does not exceed the federal simplified acquisition threshold and is within the state threshold of \$175,000. If a small purchase procedure is used, price or rate quotations must be obtained from an adequate number of qualified sources. Unless specified by the Federal agency, the school district may exercise judgment in determining what number is adequate.

[NOTE: Despite the federal government's increase in the dollar cap for small purchases to \$250,000, Minnesota Statutes, section 471.345 limits the cap for small purchase procedures to \$175,000.]

C. Procurement by sealed bids (formal advertising)

This procurement method involves a publicly solicited and a firm, fixed-price contract (lump sum or unit price) awarded to the responsible bidder whose bid, conforming to all the material terms and conditions of the invitation for bids, is the lowest in price.

D. Procurement by competitive proposals

This procurement method is normally conducted with more than one source submitting an offer, and either a fixed-price or cost-reimbursement type contract is awarded. Competitive proposals are generally used when conditions are not appropriate for the use of sealed bids.

E. Procurement by noncompetitive proposals

This procurement method involves solicitation of a proposal from only one source.

[NOTE: Article IV. on Conflict of Interest has been moved to Article XI. to create a seamless set of Articles regarding procurement.]

IV. GENERAL PROCUREMENT STANDARDS

- A. The school district must use its own documented procurement procedures that reflect applicable state laws, provided that the procurements conform to the applicable federal law and the standards identified in the Uniform Grant Guidance.
- B. The school district must maintain oversight to ensure that contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders.
- C. The school district's procedures must avoid acquisition of unnecessary or duplicative items. Consideration should be given to consolidating or breaking out procurements to obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives and any other appropriate analysis to determine the most economical approach. Breaking up a procurement into smaller components to avoid the thresholds established in this policy is prohibited.
- D. The school district must award contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

- E. The school district must maintain records sufficient to detail the history of procurement. These records will include, but are not necessarily limited to, the following: rationale for the method of procurement; selection of the contract type; contractor selection or rejection; and the basis for the contract price.
- F. The school district alone must be responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the school district of any contractual responsibilities under its contracts.
- G. The school district must take all necessary affirmative steps to assure that minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms are considered.
- H. Thresholds for Employee Purchases

1. The superintendent and/or **[insert title(s) as appropriate]**, in conjunction with the school board, is responsible for overseeing the procurement process, including establishment of procedures, internal controls, quality assurance, methods of greatest economy, and compliance with all applicable laws. To be valid, all contracts must be approved by the board, except as otherwise provided in this policy. Nothing in this paragraph shall be construed to waive or supersede statutory requirements relating to public contracts, competitive bidding thresholds, or school board oversight, except as expressly permitted by law.

2. Individual school district employees may incur expenditures in the following amounts without prior board approval so long as such expenditures are consistent with the school board-approved budget, provided that in all cases the school board retains authority to disapprove any expenditure for any reason at its sole discretion:

a. Any school district employee may make a purchase for use in connection with school district operations when the expenditure is less than \$1,000 and is consistent with this policy's requirements.

b. In addition to the foregoing, the following school district employees may execute a purchase or procurement that requires the expenditure of up to the following amounts:

(1). Superintendent: Up to **[insert dollar amount]**

(2). **[insert title]**: Up to **[insert dollar amount]**

[NOTE: The school board has the authority to determine whether to adopt Subparagraph H.2. In addition, the board may determine the employees to be included and the expenditure amounts to be authorized.]

3. Emergency expenditures and procurement authorization

Notwithstanding other provisions of this policy, including the threshold authorization above, the superintendent is authorized to approve emergency expenditures when the superintendent determines that a public exigency or emergency exists that threatens the health, safety, or welfare of students, staff, or school district property and that the expenditure cannot be delayed until the next regular or special meeting of the school board without material harm to the school district.

In an emergency, the Superintendent may authorize an expenditure in excess of the Superintendent's delegated purchasing authority, subject to the following conditions:

1. The procurement shall comply with applicable state and federal law, including the use of noncompetitive procurement when permitted by law;
2. The superintendent shall document the nature of the emergency, the basis for determining that immediate action was required, and the reason competitive procurement procedures were not used;
3. The expenditure shall be reported to the school board for ratification at the next regular or specially called school board meeting; and
4. Emergency authority under this paragraph is limited to the specific emergency circumstances and does not constitute a permanent increase in the superintendent's purchasing authority.

[NOTE: Optional Dollar Limitation: Emergency expenditures authorized by the superintendent under this paragraph shall not exceed \$ [REDACTED] per occurrence, unless prior school board approval is obtained or such approval is impracticable due to the timing and nature of the emergency, in which case Board ratification shall be sought as soon as practicable.]

V. PROCUREMENT METHODS WHEN USING STATE FUNDS

The school district must use one of the following methods of procurement when using state funds:

A. Procurements for \$25,000 or less

If the amount of the contract is estimated to be \$25,000 or less, the contract may be made either upon quotation or in the open market, in the school district's discretion. If the contract is made upon quotation it shall be based, so far as practicable, on at least two (2) quotations which shall be kept on file for a period of at least one (1) year after their receipt.

Alternatively, the school district may award a contract for construction, alteration, repair, or maintenance work to the vendor or contractor offering the best value under a request for proposals as described in Minnesota Statutes, section 16C.28, subdivision 1, paragraph (a), clause (2), and paragraph (c).

Procurements for \$25,000 or less also may be conducted by micro-purchase.

B. Procurements Exceeding \$25,000 but not \$175,000

1. Sealed Bids or Direct Negotiation

If the amount of the contract is estimated to exceed \$25,000 but not to exceed \$175,000, the contract may be made either upon sealed bids or by direct negotiation, by obtaining two (2) or more quotations for the purchase or sale when possible, and without advertising for bids or otherwise complying with the requirements of competitive bidding. All quotations obtained shall be kept on file for a period of at least one (1) year after receipt thereof.

2. Best Value Alternative

As an alternative to the procurement method described in Subparagraph B.1 above, the school district may award a contract for construction, alteration, repair, or maintenance work to the vendor or contractor offering the best value under a request for proposals as described in Minnesota Statutes, section 16C.28, subdivision 1, paragraph (a), clause (2), and paragraph (c).

C. Procurements Exceeding \$175,000

If the amount of the contract is estimated to exceed \$175,000, sealed bids shall be solicited by public notice in the manner and subject to the requirements of the law governing school district contracts.

Procurement by Sealed Bids

Procurement by sealed bids means a process in which bids are publicly solicited and a firm fixed price contract by lump sum or unit price is awarded to the responsible bidder whose bid, conforming with all material terms and conditions of the invitation for bids, is the lowest in price. If sealed bids are used, the following requirements apply:

1. bids must be solicited from an adequate number of qualified sources, providing bidders sufficient response time prior to the date set for opening bids;
2. the invitation for bids, which includes any specifications and pertinent attachments, must define the items or services in order for the bidder to properly respond;
3. all bids will be opened at the time and place prescribed in the invitation for bids, and the bids must be opened publicly;
4. a firm fixed price contract award will be made in writing to the lowest responsive and responsible bidder. Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs must be considered in determining which bid is lowest. Payment discounts will only be used to determine the low bid when prior experience indicates that the discounts are usually taken advantage of;
5. any or all bids may be rejected if there is a sound documented reason; and
6. in order for a sealed bid to be feasible, the following conditions must be present:
 - a. a complete, adequate, and realistic specification or purchase description is available;
 - b. two (2) or more responsible bidders are willing and able to compete effectively for the business; and
 - c. the procurement lends itself to a firm fixed price contract and the selection of the successful bidder can be made principally on the price.

D. Procurement by Proposals

"Procurement by proposals" means a process in which either a fixed price or cost-reimbursement type contract is awarded. Proposals are generally used when conditions are not appropriate for the use of sealed bids. They are awarded in accordance with the following requirements:

1. requests for proposals must be publicized and identify all evaluation factors and their relative importance. Proposals must be solicited from an adequate number

of qualified offerors. Any response to publicized requests for proposals must be considered to the maximum extent practical;

2. the school district must have a written method for conducting technical evaluations of the proposals received and for making selections; and
3. contracts must be awarded to the responsible offeror whose proposal is most advantageous to the school district, with price and other factors considered.

VI. PROCUREMENT METHODS WHEN USING FEDERAL FUNDS

A. Procurement by Competitive Proposals

This is a procurement method used when conditions are not appropriate for using sealed bids. This procurement method may result in either a fixed-price or cost-reimbursement contract. If this method is used, the following requirements apply:

1. Requests for proposals require public notice, and all evaluation factors and their relative importance must be identified. Proposals must be solicited from multiple qualified entities. To the maximum extent practicable, any proposals submitted in response to the public notice must be considered;
2. Proposals must be solicited from an adequate number of qualified sources;
3. The school district must have a written method for conducting technical evaluations of the proposals received and for selecting recipients;
4. Contracts must be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered; and
5. The school district may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method where price is not used as a selection factor can only be used in procurement of A/E professional services; it cannot be used to purchase other types of services, though A/E firms are a potential source to perform the proposed effort.

B. Procurement by Noncompetitive Proposals

Procurement by noncompetitive proposals may be used only when one (1) or more of the following circumstances apply:

1. The aggregate amount of the procurement transaction does not exceed the micro-purchase threshold;
2. The item is available only from a single source;
3. The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;
4. The DOE or MDE expressly authorizes noncompetitive proposals in response to a written request from the school district; or
5. After solicitation of a number of sources, competition is determined inadequate.

C. Competition

1. All procurement transactions under the Federal award must be conducted in a manner that provides full and open competition and is consistent with the standards of 2 Code of Federal Regulations, sections 200.319 and .320.
2. The school district must have written procedures for procurement transactions. These procedures must ensure that all solicitations:
 - a. are made in accordance with 2 Code of Federal Regulations, section 200.319(b);
 - b. incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description must not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product, or service to be procured and, when necessary, must set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible. When making a clear and accurate description of the technical requirements is impractical or uneconomical, a "brand name or equivalent" description may be used as a means to define the performance or other salient requirements of procurement. The specific features of the named brand which must be met by offers must be clearly stated; and
 - c. identify all requirements which the offerors must fulfill and all other factors to be used in evaluating bids or proposals.
- D. The school district must ensure that all prequalified lists of persons, firms, or products used in procurement transactions are current and include enough qualified sources to ensure maximum open competition. When establishing or amending prequalified lists, the school district must consider objective factors that evaluate price and cost to maximize competition. The school must not preclude potential bidders from qualifying during the solicitation period.
- E. The school district is prohibited from contracting with or making subawards under "covered transactions" to parties that are suspended or debarred or whose principals are suspended or debarred. "Covered transactions" include procurement contracts for goods and services awarded under a grant or cooperative agreement that are expected to equal or exceed \$25,000.
- F. All nonprocurement transactions entered into by a recipient (i.e., subawards to subrecipients), irrespective of award amount, are considered covered transactions, unless they are exempt as provided in 2 Code of Federal Regulations, section 180.215.

[NOTE: Thresholds are now set in Article IV.H above.]

G. Managing Property and Equipment and Safeguarding Assets

1. Property Standards

The school district must, at a minimum, provide the equivalent insurance coverage for real property and equipment acquired or improved with federal funds as provided to other property owned by the school district. Federally owned property need not be insured unless required by the terms and conditions of the federal award.

The school district must adhere to the requirements concerning real property, equipment, supplies, and intangible property set forth in 2 Code of Federal Regulations, sections 200.311, 200.314, and 200.315.

2. Managing Equipment

Procedures for managing equipment (including replacement equipment), whether acquired in whole or in part under a federal award, until disposition takes place will, at a minimum, meet the following requirements:

- a. Property records must be maintained that include a description of the property; a serial number or other identification number; the source of the funding for the property (including the federal award identification number (FAIN)); who holds title; the acquisition date; the cost of the property; the percentage of the federal participation in the project costs for the federal award under which the property was acquired; the location, use, and condition of the property; and any ultimate disposition data, including the date of disposition and sale price of the property.
- b. A physical inventory of the property must be taken and the results reconciled with the property records at least once every two (2) years.
- c. A control system must be developed to ensure adequate safeguards to prevent loss, damage, or theft of the property. Any loss, damage, or theft must be investigated.
- d. Adequate maintenance procedures must be developed to keep property in good condition.
- e. If the school district is authorized or required to sell the property, proper sales procedures must be established to ensure the highest possible return.

H. Cybersecurity

The school district must take reasonable cybersecurity and other measures to safeguard

1. Personally identifiable information;
2. Information that the federal agency or pass-through entity designates as sensitive; and
3. other information that the school district considers sensitive and is consistent with applicable federal, state, local, and tribal laws regarding privacy and responsibility over confidentiality.

[NOTE: See 2 Code of Federal Regulations, section 200.303, which establishes internal controls that the school district must implement.]

VII. FINANCIAL MANAGEMENT REQUIREMENTS

A. Financial Management

The school district's financial management systems, including records documenting compliance with federal statutes, regulations, and the terms and conditions of the federal award, must be sufficient to permit the preparation of reports required by general and program-specific terms and conditions; and tracking expenditures to establish that funds have been used in accordance with federal statutes, regulations, and the terms and conditions of the federal award.

B. Payment

The school district must be paid in advance, provided it maintains or demonstrates the willingness to maintain both written procedures that minimize the time elapsing between the transfer of funds and disbursement between the school district and the financial management systems that meet the standards for fund control and accountability.

Advance payments to the school district must be limited to the minimum amounts needed and be timed with actual, immediate cash requirements of the school district in carrying out the purpose of the approved program or project. The timing and amount of advance payments must be as close as is administratively feasible to the actual disbursements by the school district for direct program or project costs and the proportionate share of any allowable indirect costs. The school district must make timely payment to contractors in accordance with the contract provisions.

C. Internal Controls

The school district must establish and maintain effective internal control over the federal award that provides reasonable assurance that the school district is managing the federal award in compliance with federal statutes, regulations, and the terms and conditions of the federal award. These internal controls should align with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States, or the "Internal Control Integrated Framework," issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

The school district must comply with federal statutes, regulations, and the terms and conditions of the federal award.

The school district must evaluate and monitor the school district's compliance with statutes, regulations, and the terms and conditions of the federal award.

The school district must take prompt action when instances of noncompliance are identified, including noncompliance identified in audit findings.

The school district must take reasonable measures to safeguard protected personally identifiable information and other information considered sensitive consistent with applicable federal and state laws regarding privacy and obligations of confidentiality.

VIII. ALLOWABLE USE OF FUNDS AND COST PRINCIPLES

A. Allowable Use of Funds

The school district administration and school board will enforce appropriate procedures and penalties for program, compliance, and accounting staff responsible for the allocation of federal grant costs based on their allowability and their conformity with federal cost principles to determine the allowability of costs.

B. Definitions

1. "Advance payment" means a payment that a federal agency or pass-through entity makes by any appropriate payment mechanism and payment method before the school district disburses the funds for program purposes.
2. "Allowable cost" means a cost that complies with all legal requirements that apply to a particular federal education program, including statutes, regulations, guidance, applications, and approved grant awards.

3. "Education Department General Administrative Regulations (EDGAR)" means a compilation of regulations that apply to federal education programs. These regulations contain important rules governing the administration of federal education programs and include rules affecting the allowable use of federal funds (including rules regarding allowable costs, the period of availability of federal awards, documentation requirements, and grants management requirements).
4. "Omni Circular"(also known as 2 Code of Federal Regulations, part 200, the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, or the Uniform Grant Guidance means federal cost principles that provide standards for determining whether costs may be charged to federal grants.

C. Allowable Costs

The following items are costs that may be allowable under the 2 Code of Federal Regulations, part 200, subpart E under specific conditions (review the specific part of 2 Code of Federal Regulations 200, subpart E for allowability requirements for the specific cost):

1. Advertising and public relations;
2. Advisory councils;
3. Audit costs and related services;
4. Bonding costs;
5. Compensation - personal services;
6. Compensation – fringe benefits;
7. Conferences;
8. Contingency provisions;
9. Depreciation;
10. Employee health and welfare costs;
11. Equipment and other capital expenditures;
12. Gains and losses on disposition of depreciable assets;
13. Insurance and indemnification;
14. Intellectual property;
15. Maintenance and repair costs;
16. Materials and supplies costs, including costs of computing devices;
17. Memberships, subscriptions, and professional activity costs;
18. Organization costs;
19. Participant costs;

20. Plant and security costs;
21. Pre-award costs;
22. Professional service costs;
23. Proposal costs;
24. Publication and printing costs;
25. Rearrangement and reconversion costs;
26. Recruiting costs;
27. Relocation costs of employees;
28. Rental costs of buildings and equipment;
29. Scholarships, student aid costs, and tuition remission;
30. Specialized service facilities;
31. Taxes;
32. Telecommunication and video surveillance costs;
33. Termination and standard closeout costs;
34. Training and education costs;
35. Transportation costs; and
36. Travel costs.

D. Costs Forbidden by Federal Law

2 Code of Federal Regulations, part 200 and EDGAR identify certain costs that may never be paid with federal funds. The list below provides examples of such costs. If a cost is on this list, it may not be supported with federal funds unless an exception exists (review the specific part of 2 Code of Federal Regulations 200, subpart E for possible exceptions to unallowable costs). The fact that a cost is not on this list does not mean it is necessarily permissible. Other important restrictions apply to federal funds, such as those items detailed in the 2 Code of Federal Regulations, part 200, subpart E; thus, the following list is not exhaustive:

1. Alcoholic beverages;
2. Bad debts;
3. Contingency provisions (with limited exceptions);
4. Contributions and donations
5. Entertainment (with limited exception);
6. Fines, penalties, damages, and other settlements;
7. Fundraising and investment management costs (with limited exceptions);

8. General costs of government (with limited exceptions pertaining to Indian tribal governments and Councils of Government (COGs));
9. Goods or services for personal use;
10. Interest (except interest specifically stated in 2 Code of Federal Regulations, section 200.449 as allowable);
11. Lobbying;
12. Losses on other Federal awards or contracts;
13. Selling and marketing;
14. Student activity costs;
15. Religious use;
16. The acquisition of real property (unless specifically permitted by programmatic statute or regulations, which is very rare in federal education programs);
17. Construction (unless specifically permitted by programmatic statute or regulations, which is very rare in federal education programs); and
18. Tuition charged or fees collected from students applied toward meeting matching, cost sharing, or maintenance of effort requirements of a program.

E. Program Allowability

1. Any cost paid with federal education funds must be permissible under the federal program that would support the cost.
2. Many federal education programs detail specific required and/or allowable uses of funds for that program. Issues such as eligibility, program beneficiaries, caps or restrictions on certain types of program expenses, other program expenses, and other program specific requirements must be considered when performing the programmatic analysis.
3. The two largest federal K-12 programs, Title I, Part A, and the Individuals with Disabilities Education Act (IDEA), do not contain a use of funds section delineating the allowable uses of funds under those programs. In those cases, costs must be consistent with the purposes of the program in order to be allowable.

F. Federal Cost Principles

The Omni Circular defines the parameters for the permissible uses of federal funds. While many requirements are contained in the Omni Circular, it includes core principles that serve as an important guide for effective grant management. These core principles require all costs to be:

1. Necessary for the proper and efficient performance or administration of the program.
2. Reasonable. An outside observer should clearly understand why a decision to spend money on a specific cost made sense in light of the cost, needs, and requirements of the program.

3. Allocable to the federal program that paid for the cost. A program must benefit in proportion to the amount charged to the federal program – for example, if a teacher is paid 50% with Title I funds, the teacher must work with the Title I program/students at least 50% of the time. Recipients also need to be able to track items or services purchased with federal funds so they can prove they were used for federal program purposes.
4. Authorized under state and local rules. All actions carried out with federal funds must be authorized and not prohibited by state and local laws and policies.
5. Adequately documented. A recipient must maintain proper documentation so as to provide evidence to monitors, auditors, or other oversight entities of how the funds were spent over the lifecycle of the grant.

G. Program Specific Fiscal Rules

The Omni Circular also contains specific rules on selected items of costs. Costs must comply with these rules in order to be paid with federal funds.

1. All federal education programs have certain program specific fiscal rules that apply. Determining which rules apply depends on the program; however, rules such as supplement, not supplant, maintenance of effort, comparability, caps on certain uses of funds, etc., have an important impact when analyzing whether a particular cost is permissible.
2. Many state-administered programs require school districts to use federal program funds to supplement the amount of state, local, and, in some cases, other federal funds they spend on education costs and not to supplant (or replace) those funds. Generally, the “supplement, not supplant” provision means that federal funds must be used to supplement the level of funds from non-federal sources by providing additional services, staff, programs, or materials. In other words, federal funds normally cannot be used to pay for things that would otherwise be paid for with state or local funds (and, in some cases, with other federal funds).
3. Auditors generally presume supplanting has occurred in three (3) situations:
 - a. The school district uses federal funds to provide services that the school district is required to make available under other federal, state, or local laws.
 - b. The school district uses federal funds to provide services that the school district provided with state or local funds in the prior year.
 - c. The school district uses Title I, Part A, or Migrant Education Program funds to provide the same services to Title I or Migrant students that the school district provides with state or local funds to nonparticipating students.
4. These presumptions apply differently in different federal programs and also in schoolwide program schools. Staff should be familiar with the supplement not supplant provisions applicable to their program.

H. Approved Plans, Budgets, and Special Conditions

1. As required by the Omni Circular, all costs must be consistent with approved program plans and budgets.

2. Costs must also be consistent with all terms and conditions of federal awards, including any special conditions imposed on the school district's grants.

I. Training

1. The school district will provide training on the allowable use of federal funds to all staff involved in federal programs.
2. The school district will promote coordination between all staff involved in federal programs through activities, such as routine staff meetings and training sessions.

J. Employee Sanctions

Any school district employee who violates this policy will be subject to discipline, as appropriate, up to and including the termination of employment.

K. Reduction in Aid

If the school district makes a purchase without a procurement policy adopted by the school board or makes a purchase not in conformity with the school district's procurement policy, the Commissioner may reduce that school district's state aid in an amount equal to the purchase.

L. Property, Financial Investments, and Contracting

The school district is subject to and must comply with Minnesota Statutes, sections 15.054 and 118A.01 to 118A.06 governing government property and financial investments and sections 471.38, 471.391, 471.392, and 471.425 governing municipal contracting.

M. Mandatory Disclosures

The school district must promptly disclose whenever, in connection with the federal award (including any activities or subawards thereunder), it has credible evidence of the commission of a violation of federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in 18 United States Code or a violation of the civil False Claims Act (31 United States Code, sections 3729–3733).

The disclosure must be made in writing to the DOE, MDE, and the MDE Office of Inspector General (if applicable). School districts are also required to report matters related to school district integrity and performance in accordance with Appendix XII of 2 Code of Federal Regulations, part 200. Failure to make required disclosures can result in any of the remedies described in 2 Code of Federal Regulations, section 200.339.

IX. COMPENSATION – PERSONAL SERVICES EXPENSES AND REPORTING

A. Compensation – Personal Services

Costs of compensation are allowable to the extent that they satisfy the specific requirements of the Uniform Grant Guidance and that the total compensation for individual employees:

1. Is reasonable for the services rendered and conforms to the established written school district policy consistently applied to both federal and non-federal activities; and
2. Follows an appointment made in accordance with the school district's written policies and meets the requirements of federal statute, where applicable.

Unless an arrangement is specifically authorized by a federal awarding agency, the school district must follow its written non-federal, entity wide policies and practices concerning the permissible extent of professional services that can be provided outside the school district for non-organizational compensation.

B. Compensation – Fringe Benefits

1. During leave

The costs of fringe benefits in the form of regular compensation paid to employees during periods of authorized absences from the job, such as for annual leave, family-related leave, sick leave, holidays, court leave, military leave, administrative leave, and other similar benefits, are allowable if all of the following criteria are met:

- a. They are provided under established written leave policies;
- b. The costs are equitably allocated to all related activities, including federal awards; and
- c. The accounting basis (cash or accrual) selected for costing each type of leave is consistently followed by the school district.

2. The costs of fringe benefits in the form of employer contributions or expenses for social security; employee life, health, unemployment, and worker's compensation insurance (except as indicated in 2 Code of Federal Regulations, section 200.447(d)); pension plan costs; and other similar benefits are allowable, provided such benefits are granted under established written policies. Such benefits must be allocated to federal awards and all other activities in a manner consistent with the pattern of benefits attributable to the individuals or group(s) of employees whose salaries and wages are chargeable to such federal awards and other activities and charged as direct or indirect costs in accordance with the school district's accounting practices.

3. Actual claims paid to or on behalf of employees or former employees for workers' compensation, unemployment compensation, severance pay, and similar employee benefits (e.g., post-retirement health benefits) are allowable in the year of payment provided that the school district follows a consistent costing policy.

4. Pension plan costs may be computed using a pay-as-you-go method or an acceptable actuarial cost method in accordance with the school district's written policies.

5. Post-retirement costs may be computed using a pay-as-you-go method or an acceptable actuarial cost method in accordance with established school district written policies.

6. Costs of severance pay are allowable only to the extent that, in each case, severance pay is required by law; employer-employee agreement; established policy that constitutes, in effect, an implied agreement on the school district's part; or circumstances of the particular employment.

C. Insurance and Indemnification

Types and extent and cost of coverage are in accordance with the school district's policy and sound business practice.

D. Recruiting Costs

Short-term, travel visa costs (as opposed to longer-term, immigration visas) may be directly charged to a federal award, so long as they are:

1. Critical and necessary for the conduct of the project;
2. Allowable under the cost principles set forth in the Uniform Grant Guidance;
3. Consistent with the school district's cost accounting practices and school district policy; and
4. Meeting the definition of "direct cost" in the applicable cost principles of the Uniform Grant Guidance.

E. Travel Costs

Under 2 Code of Federal Regulations, section 200.475, travel costs include the transportation, lodging, subsistence, and related items incurred by employees who are in travel status on official business of the school district.

Travel costs may be charged on an actual cost basis, on a per diem or mileage basis, or on a combination of the two, provided the method used is applied to an entire trip and not to selected days of the trip. The method used must be consistent with those normally allowed in like circumstances in the school district's other activities and in accordance with the school district's established written policies.

Costs incurred by employees and officers for travel, including costs of lodging, other subsistence, and incidental expenses, must be considered reasonable and otherwise allowable only to the extent such costs do not exceed charges normally allowed by the school district in its regular operations as a result of the school district's written policy.

In addition, when costs are charged directly to the federal award, documentation must justify that:

1. Participation of the individual is necessary to the federal award; and
2. The costs are reasonable and consistent with the school district's established written policy.

Temporary dependent care costs above and beyond regular dependent care are allowable provided that these costs are:

1. A direct result of the individual's travel for the federal award;
2. Consistent with the school district's established written policy for all school district travel; and
3. Only temporary during the travel period.

[NOTE: Noncompliance. If a school district fails to comply with federal statutes, regulations, or the terms and conditions of a federal award, the DOE or MDE may impose additional conditions, as described in 2 Code of Federal Regulations, section 200.208 (Specific Conditions).

If the DOE or MDE determines that noncompliance cannot be remedied by imposing specific conditions, the DOE or MDE may take one or more of the following actions, as appropriate under the circumstances: (1) Temporarily withhold payments until the school district takes corrective action;; (2)

Disallow (that is, deny both use of funds and any applicable matching credit for) costs for all or part of the activity associated with the noncompliance; (3) Wholly or partly suspend or terminate the federal award; (4) Initiate suspension or debarment proceedings as authorized under 2 Code of Federal Regulations, part 180 and DOE regulations (or, in the case of MDE, recommend such a proceeding be initiated by the DOE); (5) Withhold further federal awards (new awards or continuation funding) for the project or program; and/or (6) Take other remedies that may be legally available.]

X. SUBRECIPIENT MONITORING

[NOTE: MDE auditors have stated that subrecipient monitoring must be covered in policy.]

A. The school district will:

1. Verify that the subrecipient is not excluded or disqualified in accordance with 2 Code of Federal Regulations, section 180.300. Verification methods are provided in section 180.300, which include confirming in *SAM.gov* that a potential subrecipient is not suspended, debarred, or otherwise excluded from receiving federal funds.
2. Ensure that every subaward is clearly identified to the subrecipient as a subaward and includes the information provided below. A pass-through entity must provide the best available information when some of the information below is unavailable. A pass-through entity must provide the unavailable information when it is obtained.

a. Required information includes:

(1) Federal award identification

- i. Subrecipient's name (must match the name associated with its unique entity identifier);
- ii. Subrecipient's unique entity identifier;
- iii. Federal Award Identification Number (FAIN);
- iv. Federal Award Date;
- v. Subaward Period of Performance Start and End Date;
- vi. Subaward Budget Period Start and End Date;
- vii. Amount of Federal Funds Obligated in the subaward;
- viii. Total Amount of Federal Funds Obligated to the subrecipient by the pass-through entity, including the current financial obligation;
- ix. Total Amount of the Federal Award committed to the subrecipient by the pass-through entity;
- x. Federal award project description, as required by the Federal Funding Accountability and Transparency Act (FFATA);

- xi. Name of the Federal agency, pass-through entity, and contact information for awarding official of the pass-through entity;
 - xii. Assistance Listings title and number; the pass-through entity must identify the dollar amount made available under each Federal award and the Assistance Listings Number at the time of disbursement;
 - xiii. Identification of whether the federal award is for research and development; and
 - xiv. Indirect cost rate for the federal award (including if the de minimis rate is used in accordance with 2 Code of Federal Regulations, section 200.414).
 - (2) All requirements of the subaward, including requirements imposed by Federal statutes, regulations, and the terms and conditions of the Federal award;
 - (3) Any additional requirements that the pass-through entity imposes on the subrecipient for the pass-through entity to meet its responsibilities under the Federal award. This includes information and certifications (see 2 Code of Federal Regulations, section 200.415) required for submitting financial and performance reports that the pass-through entity must provide to the federal agency;
 - (4) Indirect cost rate:
 - (5) A requirement that the subrecipient permit the pass-through entity and auditors to access the subrecipient's records and financial statements for the pass-through entity to fulfill its monitoring requirements; and
 - (6) Appropriate terms and conditions concerning the closeout of the subaward.
3. Evaluate each subrecipient's fraud risk and risk of noncompliance with a subaward to determine the appropriate subrecipient monitoring described in 2 Code of Federal Regulations, section 200.332, paragraph (f). When evaluating a subrecipient's risk, a pass-through entity should consider the following:
- a. The subrecipient's prior experience with the same or similar subawards;
 - b. The results of previous audits. This includes considering whether or not the subrecipient receives a Single Audit in accordance with 2 Code of Federal Regulations, part 200, subpart F and the extent to which the same or similar subawards have been audited as a major program;
 - c. Whether the subrecipient has new personnel or new or substantially changed systems; and
 - d. The extent and results of any federal agency monitoring (for example, if the subrecipient also receives federal awards directly from the federal agency).

4. If appropriate, consider implementing specific conditions in a subaward as described in 2 Code of Federal Regulations, section 200.208 and notify the Federal agency of the specific conditions.
5. Monitor the activities of a subrecipient as necessary to ensure that the subrecipient complies with Federal statutes, regulations, and the terms and conditions of the subaward. The pass-through entity is responsible for monitoring the overall performance of a subrecipient to ensure that the goals and objectives of the subaward are achieved. In monitoring a subrecipient, a pass-through entity must:
 - a. Review financial and performance reports.
 - b. Ensure that the subrecipient takes corrective action on all significant developments that negatively affect the subaward. Significant developments include Single Audit findings related to the subaward, other audit findings, site visits, and written notifications from a subrecipient of adverse conditions which will impact their ability to meet the milestones or the objectives of a subaward. When significant developments negatively impact the subaward, a subrecipient must provide the pass-through entity with information on their plan for corrective action and any assistance needed to resolve the situation.
 - c. Issue a management decision for audit findings pertaining only to the Federal award provided to the subrecipient from the pass-through entity as required by 2 Code of Federal Regulations, section 200.521.
 - d. Resolve audit findings specifically related to the subaward. However, the pass-through entity is not responsible for resolving cross-cutting audit findings that apply to the subaward and other Federal awards or subawards. If a subrecipient has a current Single Audit report and has not been excluded from receiving Federal funding (meaning, has not been debarred or suspended), the pass-through entity may rely on the subrecipient's cognizant agency for audit or oversight agency for audit to perform audit follow-up and make management decisions related to cross-cutting audit findings in accordance with 2 Code of Federal Regulations, section 200.513(a)(4)(viii). Such reliance does not eliminate the responsibility of the pass-through entity to issue subawards that conform to agency and award-specific requirements, to manage risk through ongoing subaward monitoring, and to monitor the status of the findings that are specifically related to the subaward.
6. Depending upon the pass-through entity's assessment of the risk posed by the subrecipient (as described in 2 Code of Federal Regulations, section 200.332, paragraph (c)), the following monitoring tools may be useful for the pass-through entity to ensure proper accountability and compliance with program requirements and achievement of performance goals:
 - a. Providing subrecipients with training and technical assistance on program-related matters;
 - b. Performing site visits to review the subrecipient's program operations; and
 - c. Arranging for agreed-upon-procedures engagements as described in 2 Code of Federal Regulations, section 200.425.
7. Verify that a subrecipient is audited as required by 2 Code of Federal Regulations, part 200, subpart F.

8. Consider whether the results of a subrecipient's audit, site visits, or other monitoring necessitate adjustments to the pass-through entity's records.
9. Consider taking enforcement action against noncompliant subrecipients as described in 2 Code of Federal Regulations, section 200.339 and in program regulations.

XI. CONFLICT OF INTEREST

A. Standards of Conduct

The school district will maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award and administration of contracts.

- B. No employee, officer, agent, or board member may participate in the selection, award, or administration of a contract supported by a federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, agent, or board member, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract. The employees, officers, agents, and board members of the school district may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, the school district may set standards for situations in which the financial interest is not substantial or the gift is an unsolicited item of nominal value. The standards of conduct must provide for disciplinary actions to be applied for violations of such standards by employees, officers, agents, or board members of the school district. Disciplinary actions may be undertaken pursuant to the school district's Discipline, Suspension, and Dismissal of School Employees policy.

The school district's Conflict of Interest policies and procedures provide additional measures regarding conflicts of interest.

[NOTE: The Minnesota Department of Education confirmed that the "written standards of conduct" required under 2 Code of Federal Regulations, section 200.318(c)(1) may appear in this policy, another policy and/or in an employee handbook. School boards may decide whether to adopt this section or address written standards of conduct elsewhere.]

C. Organizational Conflicts of Interest

If the school district has a parent, affiliate, or subsidiary organization that is not a state, local government, or Indian tribe, the school district must maintain written standards concerning organizational conflicts of interest. Organizational conflicts of interest means that because of relationships with a parent company, affiliate, or subsidiary organization, the school district is unable or appears to be unable to be impartial in conducting a procurement action involving the related organization.

D. Disclosing Conflicts of Interest

The school district will disclose in writing any potential conflict of interest to MDE in accordance with established federal agency policies.

722 PUBLIC DATA AND DATA SUBJECT REQUESTS

[NOTE: School districts are required by statute to establish procedures consistent with the Minnesota Government Data Practices Act for public data requests and data subject requests.]

I. PURPOSE

The school district recognizes its responsibility relative to the collection, maintenance, and dissemination of public data as provided in state statutes.

II. GENERAL STATEMENT OF POLICY

The school district will comply with the requirements of the Minnesota Government Data Practices Act, Minnesota Statutes, chapter 13 (MGDPA), and Minnesota Rules, parts 1205.0100-1205.2000 in responding to requests for public data.

III. DEFINITIONS

A. Confidential Data on Individuals

Data made not public by statute or federal law applicable to the data and are inaccessible to the individual subject of those data.

B. Data on Individuals

All government data in which any individual is or can be identified as the subject of that data, unless the appearance of the name or other identifying data can be clearly demonstrated to be only incidental to the data and the data are not accessed by the name or other identifying data of any individual.

C. Data Practices Compliance Officer

The data practices compliance official is the designated employee of the school district to whom persons may direct questions or concerns regarding problems in obtaining access to data or other data practices problems. The responsible authority may be the data practices compliance official.

D. Government Data

All data collected, created, received, maintained or disseminated by any government entity regardless of its physical form, storage media or conditions of use.

E. Individual

"Individual" means a natural person. In the case of a minor or an incapacitated person as defined in Minnesota Statutes, section 13D.02, subdivision 8, "individual" includes a parent or guardian or an individual acting as a parent or guardian in the absence of a parent or guardian, except that the responsible authority shall withhold data from parents or guardians, or individuals acting as parents or guardians in the absence of

parents or guardians, upon request by the minor if the responsible authority determines that withholding the data would be in the best interest of the minor.

F. Inspection

"Inspection" means the visual inspection of paper and similar types of government data. Inspection does not include printing copies by the school district, unless printing a copy is the only method to provide for inspection of the data. For data stored in electronic form and made available in electronic form on a remote access basis to the public by the school district, inspection includes remote access to the data by the public and the ability to print copies of or download the data on the public's own computer equipment.

G. Not Public Data

Any government data classified by statute, federal law, or temporary classification as confidential, private, nonpublic, or protected nonpublic.

H. Nonpublic Data

Data not on individuals made by statute or federal law applicable to the data: (a) not accessible to the public; and (b) accessible to the subject, if any, of the data.

I. Private Data on Individuals

Data made by statute or federal law applicable to the data: (a) not public; and (b) accessible to the individual subject of those data.

J. Protected Nonpublic Data

Data not on individuals made by statute or federal law applicable to the data (a) not public and (b) not accessible to the subject of the data.

K. Public Data

All government data collected, created, received, maintained, or disseminated by the school district, unless classified by statute, temporary classification pursuant to statute, or federal law, as nonpublic or protected nonpublic; or, with respect to data on individuals, as private or confidential.

L. Public Data Not on Individuals

Data accessible to the public pursuant to Minnesota Statutes, section 13.03.

M. Public Data on Individuals

Data accessible to the public in accordance with the provisions of Minnesota Statutes, section 13.03.

N. Responsible Authority

The individual designated by the school board as the individual responsible for the collection, use, and dissemination of any set of data on individuals, government data, or summary data, unless otherwise provided by state law. Until an individual is designated by the school board, the responsible authority is the superintendent.

O. Summary Data

Statistical records and reports derived from data on individuals but in which individuals are not identified and from which neither their identities nor any other characteristic that could uniquely identify an individual is ascertainable. Unless classified pursuant to Minnesota Statutes, section 13.06, another statute, or federal law, summary data is public.

IV. REQUESTS FOR PUBLIC DATA

A. All requests for public data must be made in writing directed to the responsible authority.

1. A request for public data must include the following information:
 - a. Date the request is made;
 - b. A clear description of the data requested;
 - c. Identification of the form in which the data is to be provided (e.g., inspection, copying, both inspection and copying, etc.); and
 - d. Method to contact the requestor (such as phone number, address, or email address).
2. Unless specifically authorized by statute, the school district may not require persons to identify themselves, state a reason for, or justify a request to gain access to public government data. A person may be asked to provide certain identifying or clarifying information for the sole purpose of facilitating access to the data.
3. The identity of the requestor is public, if provided, but cannot be required by the government entity.
4. The responsible authority may seek clarification from the requestor if the request is not clear before providing a response to the data request.

B. The responsible authority will respond to a data request at reasonable times and places as follows:

1. The responsible authority will notify the requestor in writing as follows:
 - a. The requested data does not exist; or
 - b. The requested data does exist but either all or a portion of the data is not accessible to the requestor; or
 - (1) If the responsible authority determines that the requested data is classified so that access to the requestor is denied, the responsible authority shall inform the requestor of the determination either orally or in writing at the time of the request, or in writing as soon after that time as possible, and shall cite the specific statutory section, temporary classification, or specific provision of federal law on which the denial was based.

(2) Upon the request of a requestor who is denied access to data, the responsible authority shall certify in writing that the request has been denied and cite the specific statutory section, temporary classification, or specific provision of federal law upon which the denial was based.

c. If the school district notifies the requesting person that responsive data or copies are available for inspection or collection, and the requesting person does not inspect the data or collect the copies within five (5) business days of the notification, the school district may suspend any further response to the request until the requesting person inspects the data that has been made available, or collects and pays for the copies that have been produced.

~~[NOTE: The 2025 Minnesota legislature enacted Subparagraph C.]~~

2. The school district's response time may be affected by the size and complexity of the particular request, including necessary redactions of the data, and also by the number of requests made within a particular period of time.
3. The school district will provide an explanation of technical terminology, abbreviations, or acronyms contained in the responsive data on request.
4. The school district is not required by the MGDPA to create or collect new data in response to a data request, or to provide responsive data in a specific form or arrangement if the school district does not keep the data in that form or arrangement.
5. The school district is not required to respond to questions that are not about a particular data request or requests for data in general.

V. REQUEST FOR SUMMARY DATA

- A. A request for the preparation of summary data shall be made in writing directed to the responsible authority.
1. A request for the preparation of summary data must include the following information:
 - a. Date the request is made;
 - b. A clear description of the data requested;
 - c. Identify the form in which the data is to be provided (e.g., inspection, copying, both inspection and copying, etc.); and
 - d. Method to contact requestor (phone number, address, or email address).
- B. The responsible authority will respond within ten (10) business days of the receipt of a request to prepare summary data and inform the requestor of the following:
1. The estimated costs of preparing the summary data, if any; and

2. The summary data requested; or
 3. A written statement describing a time schedule for preparing the requested summary data, including reasons for any time delays; or
 4. A written statement describing the reasons why the responsible authority has determined that the requestor's access would compromise the private or confidential data.
- C. The school district may require the requestor to pre-pay all or a portion of the cost of creating the summary data before the school district begins to prepare the summary data.

VI. DATA ~~BY~~ABOUT AN INDIVIDUAL DATA SUBJECT

- A. Collection and storage of all data on individuals and the use and dissemination of private and confidential data on individuals shall be limited to that necessary for the administration and management of programs specifically authorized by the legislature or local governing body or mandated by the federal government.
- B. Private or confidential data on an individual shall not be collected, stored, used, or disseminated by the school district for any purposes other than those stated to the individual at the time of collection in accordance with Minnesota Statutes section 13.04, except as provided in Minnesota Statutes, section 13.05, subdivision 4.
- C. Upon request to the responsible authority or designee, an individual shall be informed whether the individual is the subject of stored data on individuals, and whether it is classified as public, private or confidential. Upon further request, an individual who is the subject of stored private or public data on individuals shall be shown the data without any charge and, if desired, shall be informed of the content and meaning of that data.
- D. After an individual has been shown the private data and informed of its meaning, the data need not be disclosed to that individual for six (6) months thereafter unless a dispute or action pursuant to this section is pending or additional data on the individual has been collected or created.
- E. The responsible authority or designee shall provide copies of the private or public data upon request by the individual subject of the data. The responsible authority or designee may require the requesting person to pay the actual costs of making and certifying the copies.
- F. The responsible authority or designee shall comply immediately, if possible, with any request made pursuant to this subdivision, or within ten (10) days of the date of the request, excluding Saturdays, Sundays and legal holidays, if immediate compliance is not possible.
- G. An individual subject of the data may contest the accuracy or completeness of public or private data. To exercise this right, an individual shall notify in writing the responsible authority describing the nature of the disagreement. The responsible authority shall within ~~thirty~~ (30) days either: (1) correct the data found to be inaccurate or incomplete and attempt to notify past recipients of inaccurate or incomplete data, including recipients named by the individual; or (2) notify the individual that the authority believes the data to be correct. Data in dispute shall be disclosed only if the individual's statement of disagreement is included with the disclosed data.

- H. The determination of the responsible authority may be appealed by a data subject pursuant to the provisions of the Administrative Procedure Act relating to contested cases. Upon receipt of an appeal by an individual, the Commissioner of the Minnesota Department of Administration ("Commissioner") shall, before issuing the order and notice of a contested case hearing required by Minnesota Statutes, chapter 14, try to resolve the dispute through education, conference, conciliation, or persuasion. If the parties consent, the Commissioner may refer the matter to mediation. Following these efforts, the Commissioner shall dismiss the appeal or issue the order and notice of hearing.
- I. Data on individuals that have been successfully challenged by an individual must be completed, corrected, or destroyed by a government entity without regard to the requirements of Minnesota Statutes, section 138.17.
- J. After completing, correcting, or destroying successfully challenged data, the school district may retain a copy of the Commissioner's order issued under Minnesota Statutes, chapter 14 or, if no order were issued, a summary of the dispute between the parties that does not contain any particulars of the successfully challenged data.

VII. REQUESTS FOR DATA BY AN INDIVIDUAL SUBJECT OF THE DATA

- A. All requests for individual subject data must be made in writing directed to the responsible authority.
- B. A request for individual subject data must include the following information:
 - 1. Statement that one is making a request as a data subject for data about the individual or about a student for whom the individual is the parent or guardian;
 - 2. Date the request is made;
 - 3. A clear description of the data requested;
 - 4. Proof that the individual is the data subject or the data subject's parent or guardian;
 - 5. Identification of the form in which the data is to be provided (e.g., inspection, copying, both inspection and copying, etc.); and
 - 6. Method to contact the requestor (such as phone number, address, or email address).
- C. The identity of the requestor of private data is private.
- D. The responsible authority may seek clarification from the requestor if the request is not clear before providing a response to the data request.
- E. The school district's Protection and Privacy of Pupil Records policy addresses requests of students or their parents for educational records and data.

VIII. COSTS

- A. Public Data
 - 1. The school district will charge for copies provided as follows:

- a. One hundred (100) or fewer pages of black and white, letter or legal sized paper copies will be charged at twenty-five (25) cents for a one-sided copy or fifty (50) cents for a two-sided copy.
- b. More than one hundred (100) pages or copies of other materials are charged based upon the actual cost of searching for and retrieving the data and making the copies or electronically sending the data, unless the cost is specifically set by statute or rule.
 - (1) The actual cost of making copies includes employee time, the cost of the materials onto which the data is copied (paper, CD, DVD, etc.), and mailing costs (if any).
 - (2) Also, if the school district does not have the capacity to make the copies, e.g., photographs, the actual cost paid by the school district to an outside vendor will be charged.
2. All charges must be paid for **[in cash or by check]** in advance of receiving the copies.

[NOTE: The district should identify the payment methods that it will accept.]

B. Summary Data

1. Any costs incurred in the preparation of summary data shall be paid by the requestor prior to preparing or supplying the summary data.
2. The school district may assess costs associated with the preparation of summary data as follows:
 - a. The cost of materials, including paper, the cost of the labor required to prepare the copies, any schedule of standard copying charges established by the school district, any special costs necessary to produce such copies from a machine-based record-keeping system, including computers and microfilm systems;
 - b. The school district may consider the reasonable value of the summary data prepared and, where appropriate, reduce the costs assessed to the requestor.

C. Data Belonging to an Individual Subject

1. The responsible authority or designee may require the requesting person to pay the actual costs of making and certifying the copies.

The responsible authority shall not charge the data subject any fee in those instances where the data subject only desires to view private data.

The responsible authority or designee may require the requesting person to pay the actual costs of making and certifying the copies. Based on the factors set forth in Minnesota Rule, 1205.0300, subpart 4, the school district determines that a reasonable fee would be the charges set forth in Paragraph VIII.A of this policy that apply to requests for data by the public.

2. The school district may not charge a fee to search for or to retrieve educational records of a child with a disability by the child's parent or guardian or by the child upon the child reaching the age of majority.

IX. Safe at Home Participants and Data Privacy

Prohibition of Discrimination

The school district must not, on the basis of an individual's status as an Address Confidentiality Program participant where a reasonable person, considering all the circumstances, would conclude that the refusal, different terms or requirements, or other action was motivated by the individual's status as a program participant rather than by a legitimate, nondiscriminatory business purpose, safety or operational concern, or a requirement of federal or state law:

- A. refuse to provide education services to an individual;
- B. provide services to an individual on different terms or with different requirements than an individual who is not a program participant; or
- C. otherwise discriminate against an individual.

X. Annual Review and Posting

- A. The responsible authority shall prepare a written data access policy and a written policy for the rights of data subjects (including specific procedures the school district uses for access by the data subject to public or private data on individuals). The responsible authority shall update the policies no later than August 1 of each year, and at any other time as necessary to reflect changes in personnel, procedures, or other circumstances that impact the public's ability to access data.
- B. Copies of the policies shall be easily available to the public by distributing free copies to the public or by posting the policies in a conspicuous place within the school district that is easily accessible to the public or by posting them on the school district's website.

806 CRISIS MANAGEMENT POLICY

~~[NOTE: The Commissioner of the Minnesota Department of Education (Commissioner) is required to maintain and make available to school boards and charter schools a Model Crisis Management Policy. See Minnesota Statutes, section 121A.035. School boards and charter schools must adopt a Crisis Management Policy to address potential crisis situations in their school districts or charter schools. Id. This Model Crisis Management Policy was originally the result of a collaborative effort among the Minnesota Department of Education, Division of Compliance and Assistance; the Minnesota Department of Public Safety, Division of Homeland Security and Emergency Management; and the Minnesota School Boards Association.]~~

I. PURPOSE

The purpose of this ~~Model~~ Crisis Management Policy is to act as a guide for school district and building administrators, school employees, students, school board members, and community members to address a wide range of potential crisis situations in the school district. The step-by-step procedures suggested by this Policy will provide guidance to each school building in drafting ~~crisis management~~ action plans to coordinate protective actions prior to, during, and after any type of emergency or potential crisis situation. Each school district should develop tailored building-specific crisis management plans for each school building in the school district, and sections or procedures may be added or deleted in those crisis management plans based on building needs.

The school district will, to the extent possible, engage in ongoing emergency planning within the school district and with emergency responders and other relevant community organizations. The school district will ensure that relevant emergency responders in the community have access to their building-specific crisis management plans and will provide training to school district staff to enable them to act appropriately in the event of a crisis.

II. GENERAL INFORMATION

A. The Policy and Plans

The school district's Crisis Management Policy has been created in consultation with local community response agencies and other appropriate individuals and groups that would likely be involved in the event of a school emergency. It is designed so that each building administrator can tailor a building-specific crisis management plan to meet that building's specific situation and needs.

The school district's administration and/or the administration of each building shall present tailored building-specific crisis management plans to the school board for review and approval. The building-specific crisis management plans will include general crisis procedures and crisis-specific procedures. Upon approval by the school board, such crisis management plans shall be an addendum to this Crisis Management Policy. This Policy and the plans will be maintained and updated on an annual basis.

B. Elements of the District Crisis Management Policy

1. General Crisis Procedures

The Crisis Management Policy includes general crisis procedures for securing buildings, classroom evacuation, building evacuation, campus evacuation, and sheltering. The Policy designates the individual(s) who will determine when these actions will be taken. These district-wide procedures may be modified by building administrators when creating their building-specific crisis management plans. A communication system will be in place to enable the designated individual to be contacted at all times in the event of a potential crisis, setting forth the method to contact the designated individual, the provision of at least two designees when the contact person is unavailable, and the method to convey contact information to the appropriate staff persons. The alternative designees may include members of the emergency first responder response team. A secondary method of communication should be included in the plan for use when the primary method of communication is inoperable. Each building in the school district will have access to a copy of the Comprehensive School Safety Guide (2011 Edition) to assist in the development of building-specific crisis management plans.

All general crisis procedures will address specific procedures for the safe evacuation of children and employees with special needs such as physical, sensory, motor, developmental, and mental health challenges.

~~**[NOTE: More specific information on planning for children with special needs can be found in the Comprehensive School Safety Guide (2011 Edition) and United States Department of Education's document entitled, "Practical Information on Crisis Planning, a Guide for Schools and Communities." A website link is provided in the resource section of this Policy.]**~~

a. Lock-Down Procedures

Lock-down procedures will be used in situations where harm may result to persons inside the school building, such as a shooting, hostage incident, intruder, trespass, disturbance, or when determined to be necessary by the building administrator or his or her designee. The building administrator or designee will announce the lock-down over the public address system or other designated system. Code words will not be used. Provisions for emergency evacuation will be maintained even in the event of a lock-down. Each building administrator will submit lock-down procedures for their building as part of the building-specific crisis management plan.

[NOTE: Minnesota law requires a minimum of five school lock-down drills each school year. See Minnesota Statutes, section 121A.035.]

b. Evacuation Procedures

Evacuations of classrooms and buildings shall be implemented at the discretion of the building administrator or his or her designee. Each building's crisis management plan will include procedures for transporting students and staff a safe distance from harm to a designated safe area until released by the building administrator or designee. Safe areas may change based upon the specific emergency situation. The evacuation procedures should include specific procedures

for children with special needs, including children with limited mobility (wheelchairs, braces, crutches, etc.), visual impairments, hearing impairments, and other sensory, developmental, or mental health needs. The evacuation procedures should also address transporting necessary medications for students that take medications during the school day.

~~**[NOTE: Minnesota law requires a minimum of five school fire drills, consistent with Minnesota Statutes, section 299F.30, and one school tornado drill each school year. See Minnesota Statutes, section 121A.035.]**~~

c. Sheltering Procedures

Sheltering provides refuge for students, staff, and visitors within the school building during an emergency. Shelters are safe areas that maximize the safety of inhabitants. Safe areas may change based upon the specific emergency. The building administrator or his or her designee will announce the need for sheltering over the public address system or other designated system. Each building administrator will submit sheltering procedures for his or her building as part of the building-specific crisis management plan.

~~**[NOTE: The Comprehensive School Safety Guide (2011 Edition) has sample lock-down procedures, evacuation procedures, and sheltering procedures.]**~~

2. Crisis-Specific Procedures

The Crisis Management Policy includes crisis-specific procedures for crisis situations that may occur during the school day or at school-sponsored events and functions. These district-wide procedures are designed to enable building administrators to tailor response procedures when creating building-specific crisis management plans. See section V of this policy for a list of potential situations that should be addressed in building' crisis management plans.

~~**[NOTE: The Comprehensive School Safety Guide (2011 Edition) includes crisis-specific procedures.]**~~

~~**[NOTE: The 2024 Minnesota legislature enacted permissive language stating that a school board "may adopt the model cardiac emergency response plan provided by" the Commissioner (as of June 4, 2024, a response plan is not yet available.)**~~

3. School Emergency Response Teams

a. Composition

The building administrator in each school building will select a school emergency response team that will be trained to respond to emergency situations. All school emergency response team members will receive on-going training to carry out the building's crisis management plans and will have knowledge of procedures, evacuation routes, and safe areas. For purposes of student safety and accountability, to the extent possible, school emergency response team members will not have direct

responsibility for the supervision of students. Team members must be willing to be actively involved in the resolution of crises and be available to assist in any crisis situation as deemed necessary by the building administrator. Each building will maintain a current list of school emergency response team members which will be updated annually. The building administrator, and his or her alternative designees, will know the location of that list in the event of a school emergency. A copy of the list will be kept on file in the school district office, or in a secondary location in single building school districts.

~~[NOTE: The Comprehensive School Safety Guide (2011 Edition) has a sample School Emergency Response Team list.]~~

b. Leaders

The building administrator or his or her designee will serve as the leader of the school emergency response team and will be the primary contact for emergency response officials. In the event the primary designee is unavailable, the designee list should include more than one alternative designee and may include members of the emergency response team. When emergency response officials are present, they may elect to take command and control of the crisis. It is critical in this situation that school officials assume a resource role and be available as necessary to emergency response officials.

III. PREPARATION BEFORE AN EMERGENCY

A. Communication

1. District Employees

Teachers generally have the most direct contact with students on a day-to-day basis. As a result, they must be aware of their role in responding to crisis situations. This also applies to non-teaching school personnel who have direct contact with students. All staff shall be aware of the school district's Crisis Management Policy and their own building's crisis management plan. Each school's building-specific crisis management plan shall include the method and dates of dissemination of the plan to its staff. Employees will receive a copy of the relevant building-specific crisis management plans and shall receive periodic training on plan implementation.

2. Students and Parents

Students and parents shall be made aware of the school district's Crisis Management Policy and relevant tailored crisis management plans for each school building. Each school district's building-specific crisis management plan shall set forth how students and parents are made aware of the district and school-specific plans. Students shall receive specific instruction on plan implementation and shall participate in a required number of drills and practice sessions throughout the school year.

B. Planning and Preparing for Fire

1. Designate a safe area at least 50 feet away from the building to enable students and staff to evacuate. The safe area should not interfere with emergency

responders or responding vehicles and should not be in an area where evacuated persons are exposed to any products of combustion. (Depending on the wind direction, where the building on fire is located, the direction from which the fire is arriving, and the location of fire equipment, the distance may need to be extended.)

[NOTE: Evacuation areas at least 50 feet from school buildings are recommended but not mandated by statute or rule. Evacuation areas should be selected based on safety and the individual school site's proximity to streets, traffic patterns, and other hazards. If circumstances are such that designated evacuation areas are not able to be used and an alternative is not able to be safely established at least 50 feet from buildings, school officials will use their judgement to identify an alternative evacuation area that may be closer to a school building but which reduces exposure to hazards.]

2. Each building's facility diagram and site plan shall be available in appropriate areas of the building and shall identify the most direct evacuation routes to the designated safe areas both inside and outside of the building. The facility diagram and site plan must identify the location of the fire alarm control panel, fire alarms, fire extinguishers, hoses, water spigots, and utility shut offs.
3. Teachers and staff will receive training on the location of the primary emergency evacuation routes and alternate routes from various points in the building. During fire drills, students and staff will practice evacuations using primary evacuation routes and alternate routes.
4. Certain employees, such as those who work in hazardous areas in the building, will receive training on the locations and proper use of fire extinguishers and protective clothing and equipment.
5. Fire drills will be conducted periodically without warning at various times of the day and under different circumstances, e.g., lunchtime, recess, and during assemblies. State law requires a minimum of five fire drills each school year, consistent with Minnesota Statutes, section 299F.30. See Minnesota Statutes, section 121A.035.

~~[NOTE: The State Fire Marshal advises schools to defer fire drills during the winter months.]~~

6. A record of fire drills conducted at the building will be maintained in the building administrator's office.

~~[NOTE: The Comprehensive School Safety Guide (2011 Edition), under the Preparedness/Planning section, has a sample fire drills schedule and log.]~~

7. The school district will have prearranged sites for emergency sheltering and transportation as needed.
8. The school district will determine which staff will remain in the building to perform essential functions if safe to do so (e.g., switchboard, building engineer, etc.). The school district also will designate an administrator or his or her designee to meet local fire or law enforcement agents upon their arrival.

~~[NOTE: The Comprehensive School Safety Guide (2011 Edition), under the Response section, has a sample fire procedure form, evacuation/relocation and student reunification/release procedures, and planning for student reunification.]~~

C. Facility Diagrams and Site Plans

All school buildings will have a facility diagram and site plan that includes the location of primary and secondary evacuation routes, exits, designated safe areas inside and outside of the building, and the location of fire alarm control panel, fire alarms, fire extinguishers, hoses, water spigots, and utility shut offs. All facility diagrams and site plans will be updated regularly and whenever a major change is made to a building. Facility diagrams and site plans will be maintained by the building administrator and will be easily accessible and on file in the school district office. Facility diagrams and site plans will be provided to first responders, such as fire and law enforcement personnel.

~~[NOTE: For single building school districts, such as charter schools, a secondary location for the diagrams and site plans will be included in the district's Crisis Management Policy and may include filing documents with a charter school sponsor, or compiling facility diagrams and site plans and distributing copies to first responders or sharing the documents with first responders during the crisis planning process.]~~

~~[NOTE: To the extent data contained in facility diagrams and site plans constitute security information pursuant to Minnesota Statutes, section 13.37, school districts are advised to consult with appropriate officials and/or legal counsel prior to dissemination of the facility diagrams or site plans to anyone other than first responders.]~~

D. Emergency Telephone Numbers

Each building will maintain a current list of emergency telephone numbers and the names and addresses of local, county, and state personnel who may be involved in a crisis situation. The list will include telephone numbers for local police, fire, ambulance, hospital, the Poison Control Center, county and state emergency management agencies, local public works departments, local utility companies, the public health nurse, mental health/suicide hotlines, and the county welfare agency. A copy of this list will be kept on file in the school district office, or at a secondary location for single building school districts and will be updated annually.

School district employees will receive training on how to make emergency contacts, including 911 calls, when the school district's main telephone number and location is electronically conveyed to emergency personnel instead of the specific building in need of emergency services.

School district plans will set forth a process to internally communicate an emergency, using emergency communication apps, telephones in classrooms, intercom systems, or two-way radios, as well as the procedure to enable the staff to rapidly convey emergency information to a building designee. Each plan will identify a primary and secondary method of communication for both internal and secondary use. It is recommended that the plan include several methods of communication because computers, intercoms, telephones, and cell phones may not be operational or may be dangerous to use during an emergency.

~~[NOTE: The Comprehensive School Safety Guide (2011 Edition), under the~~

~~Preparedness/Planning section, has a sample Emergency Phone Numbers list.]~~

E. Warning and Notification Systems

The school district shall maintain a warning system designed to inform students, staff, and visitors of a crisis or emergency. This system shall be maintained on a regular basis under the maintenance plan for all school buildings. The school district should consider an alternate notification system to address the needs of staff and students with special needs, such as vision or hearing.

The building administrator shall be responsible for informing students and employees of the warning system and the means by which the system is used to identify a specific crisis or emergency situation. Each school's building-specific crisis management plan will include the method and frequency of dissemination of the warning system information to students and employees.

F. Early School Closure Procedures

The superintendent will make decisions about closing school or buildings as early in the day as possible. The early school closure procedures will set forth the criteria for early school closure (e.g., weather-related, utility failure, or a crisis situation), will specify how closure decisions will be communicated to staff, students, families, and the school community (designated broadcast media, local authorities, e-mail, or district or school building web sites), and will discuss the factors to be considered in closing and reopening a school or building.

Early school closure procedures also will include a reminder to parents and guardians to listen to designated local radio and TV stations for school closing announcements, where possible.

~~[NOTE: The Comprehensive School Safety Guide (2011 Edition), under the Response section, provides universal procedures for severe weather shelter.]~~

G. Media Procedures

The superintendent has the authority and discretion to notify parents or guardians and the school community in the event of a crisis or early school closure. The superintendent will designate a spokesperson who will notify the media in the event of a crisis or early school closure. The spokesperson shall receive training to ensure that the district is in strict compliance with federal and state law relative to the release of private data when conveying information to the media.

~~[NOTE: The Comprehensive School Safety Guide (2011 Edition), under the Response section, has a sample Media Procedures form.]~~

H. Behavioral Health Crisis Intervention Procedures

Short-term behavioral health crisis intervention procedures will set forth the procedure for initiating behavioral health crisis intervention plans. The procedures will utilize available resources including the school psychologist, counselor, community behavioral health crisis intervention, or others in the community. Counseling procedures will be used whenever the superintendent or the building administrator determines it to be necessary, such as after an assault, a hostage situation, shooting, or suicide. The behavioral health crisis intervention procedures shall include the following steps:

1. Administrator will meet with relevant persons, including school psychologists and counselors, to determine the level of intervention needed for students and staff.
2. Designate specific rooms as private counseling areas.
3. Escort siblings and close friends of any victims as well as others in need of emotional support to the counseling areas.
4. Prohibit media from interviewing or questioning students or staff.
5. Provide follow-up services to students and staff who receive counseling.
6. Resume normal school routines as soon as possible.

I. Long-Term Recovery Intervention Procedures

Long-term recovery intervention procedures may involve both short-term and long-term recovery planning:

1. Physical/structural recovery.
2. Fiscal recovery.
3. Academic recovery.
4. Social/emotional recovery.

~~[NOTE: The Comprehensive School Safety Guide (2011 Edition), under the Recovery section, addresses the recovery components in more detail.]~~

IV. **ACTIVE SHOOTER DRILL**

A. Definitions

1. "Active shooter drill" means an emergency preparedness drill designed to teach students, teachers, school personnel, and staff how to respond in the event of an armed intruder on campus or an armed assailant in the immediate vicinity of the school. An active shooter drill is not an active shooter simulation, nor may an active shooter drill include any sensorial components, activities, or elements which mimic a real life shooting.
2. "Active shooter simulation" means an emergency exercise including full-scale or functional exercises, designed to teach adult school personnel and staff how to respond in the event of an armed intruder on campus or an armed assailant in the immediate vicinity of the school which also incorporates sensorial components, activities, or elements mimicking a real life shooting. Activities or elements mimicking a real life shooting include, but are not limited to, simulation of tactical response by law enforcement. An active shooter simulation is not an active shooter drill.
3. "Evidence-based" means a program or practice that demonstrates any of the following:
 - a. a statistically significant effect on relevant outcomes based on any of

the following:

- i. strong evidence from one or more well designed and well implemented experimental studies;
 - ii. moderate evidence from one or more well designed and well implemented quasi-experimental studies; or
 - iii. promising evidence from one or more well designed and well implemented correlational studies with statistical controls for selection bias.
- b. a rationale based on high-quality research findings or positive evaluations that the program or practice is likely to improve relevant outcomes, including the ongoing efforts to examine the effects of the program or practice.
4. "Full-scale exercise" means an operations-based exercise that is typically the most complex and resource-intensive of the exercise types and often involves multiple agencies, jurisdictions, organizations, and real-time movement of resources.
 5. "Functional exercises" means an operations-based exercise designed to assess and evaluate capabilities and functions while in a realistic, real-time environment, however, movement of resources is usually simulated.

B. Criteria

An active shooter drill conducted according to Minnesota Statutes, section 121A.037 with students in early childhood through grade 12 must be:

1. accessible;
2. developmentally appropriate and age appropriate, including using appropriate safety language and vocabulary;
3. culturally aware;
4. trauma-informed; and
5. inclusive of accommodations for students with mobility restrictions, sensory needs, developmental or physical disabilities, mental health needs, and auditory or visual limitations.

C. Student Mental Health and Wellness

Active shooter drill protocols must include a reasonable amount of time immediately following the drill for teachers to debrief with their students. The opportunity to debrief must be provided to students before regular classroom activity may resume. During the debrief period, students must be allowed to access any mental health services available on campus, including counselors, school psychologists, social workers, or cultural liaisons. An active shooter drill must not be combined or conducted consecutively with any other type of emergency preparedness drill. An active shooter drill must be accompanied by an announcement prior to commencing. The announcement must use concise and age-appropriate language and, at a minimum, inform students there is no

immediate danger to life and safety.

D. Notice

1. The school district must provide notice of a pending active shooter drill to every student's parent or legal guardian before an active shooter drill is conducted. Whenever practicable, notice must be provided at least 24 hours in advance of a pending active shooter drill and inform the parent or legal guardian of the right to opt their student out of participating.
2. If a student is opted out of participating in an active shooter drill, no negative consequence must impact the student's general school attendance record nor may nonparticipation alone make a student ineligible to participate in or attend school activities.
3. The ~~Commissioner~~ Building Administrators must ensure the availability of alternative safety education for students who are opted out of participating or otherwise exempted from an active shooter drill. Alternative safety education must provide essential safety instruction through less sensorial safety training methods and must be appropriate for students with mobility restrictions, sensory needs, developmental or physical disabilities, mental health needs, and auditory or visual limitations.

E. Participation in Active Shooter Drills

Any student in early childhood through grade 12 must not be required to participate in an active shooter drill that does not meet the Criteria set forth above.

F. Active Shooter Simulations

A student must not be required to participate in an active shooter simulation. An active shooter simulation must not take place during regular school hours if a majority of students are present, or expected to be present, at the school. A parent or legal guardian of a student in grades 9 through 12 must have the opportunity to opt their student into participating in an active shooter simulation.

G. Violence Prevention

1. A school district or charter school conducting an active shooter drill must provide students in middle school and high school at least one hour, or one standard class period, of violence prevention training annually.
2. The violence prevention training must be evidence-based and may be delivered in-person, virtually, or digitally. Training must, at a minimum, teach students the following:
 - a. how to identify observable warning signs and signals of an individual who may be at risk of harming oneself or others;
 - b. the importance of taking threats seriously and seeking help; and
 - c. the steps to report dangerous, violent, threatening, harmful, or potentially harmful activity, including providing information about the Department of Public Safety's statewide anonymous threat reporting system and any local threat reporting systems.

~~[NOTE: The Minnesota legislature enacted the addition to 2.c in 2025 (Session Law Chapter 35).]~~

3. A school district or charter school must ensure that students have the opportunity to contribute to their school's safety and violence prevention planning, aligned with the recommendations for multihazard planning for schools, including but not limited to:
 - a. student opportunities for leadership related to prevention and safety;
 - b. encouragement and support to students in establishing clubs and programs focused on safety; and
 - c. providing students with the opportunity to seek help from adults and to learn about prevention connected to topics including bullying, sexual harassment, sexual assault, and suicide.

H. Board Meeting

At a regularly scheduled school board meeting, a school board of a district that has conducted an active shooter drill must consider the following:

1. the effect of active shooter drills on the safety of students and staff; and
2. the effect of active shooter drills on the mental health and wellness of students and staff.

~~[NOTE: School buildings must maintain Material Safety Data Sheets (M.S.D.S.) for all chemicals on campus. State law, federal law, and OSHA require that pertinent staff have access to M.S.D.S. in the event of a chemical accident.]~~

B. Visitors

The school district shall implement procedures mandating visitor sign in and visitors in school buildings. ~~See MSBA/MASA Model Policy 903 (Visitors to School District Buildings and Sites).~~

The school district shall implement procedures to minimize outside entry into school buildings except at designated check-in points and assure that all doors are locked prior to and after regular building hours.

C. Student Victims of Criminal Offenses at or on School Property

~~The school district shall establish procedures allowing student victims of criminal offenses on school property the opportunity to transfer to another school within the school district.~~

~~[NOTE: The Every Student Succeeds Act, 20 United States Code, section 6301, et seq.; Title IX, 20 United States Code, section 1681, et seq.; and the Unsafe School Choice Option, 20 United States Code, section 7912, require school districts to establish such transfer procedures.]~~

~~D. Radiological Emergencies at Nuclear Generating Plants [OPTIONAL]~~
