SUPERINTENDENT'S REPORT ***March 2026***

Legislative Update

The Executive Budget Recommendations were released on February 11, 2026. Some highlights:

- \$525.4 million for Michigan's 28 community colleges, including \$476.1 million ongoing and \$49.2 million one-time dollars, all funded through the state school aid fund
- Increases per-pupil foundation allowance by \$250 per-pupil to \$10,300
- Increase to ISD operation funding (6%)
- Included funding for MiSTEM and 32p – programs cut last year
- Supported special education funding and language to implement a weighted special education funding formula
- Literacy supports
- \$300 million for a continuation of discretionary per-pupil funding for mental health and student safety (kept waiver language)

This is the first of three budget recommendations. The posturing is in full swing in Lansing.

Positive news - Michigan's 2025 four-year graduation rate improved to the highest level since the state adopted the federal formula for calculating the rate in 2008. The graduation rate increased to just over 84%, up by 1.2 percentage points from 82.8% the previous year. (MDE) Many of our local districts exceed this rate (mischooldata.org).

ERate Bids are due March 20, 2026. Rather than scheduling a special board meeting, I'm seeking authorization from the board to accept the bids and award the contract on their behalf on March 26th with the EUP ERate Consortium representatives, Bob Lohff and Bob Vaught.

Mental Health Supports

Research from the [U.S. Department of Education](#) shows that students are **six times more likely** to receive needed help when support is available at school—making early intervention possible and improving overall student success. This month’s report focuses on mental health support provided through the EUPISD Special Education Department.

EUPISD Learning Center – Mental Health Supports

The EUPISD Learning Center provides individualized support to address students’ social and emotional needs in a variety of ways. These supports may include school-wide initiatives such as Positive Behavioral Interventions and Supports (PBIS), classroom-based lessons and strategies, individualized services from school social work staff, and additional adult mentorship and support. Students with the most significant needs may also receive targeted time with school-based mental health staff, focusing on developing skills connected to their specific skill-based IEP goals.

Mental Health Coordination

The EUPISD employs a Mental Health Coordinator to manage our 31n program and strengthen mental health supports regionwide. In addition to 31n, our Mental Health Coordinator supports the regional [TRAILS to Wellness](#) program as well as the ISD facilitated Youth Mental Health Committee. This year the Youth Mental Health Committee sponsored a Bully Prevention Conference that included speakers from [OK2SAY](#), [Kids Empowered](#), and [Defeat the Label](#).

School Social Work

School Social Workers across the Eastern Upper Peninsula provide essential support to help students succeed both in and out of the classroom. Their primary role is to support students’ social, emotional, and behavioral needs so they can learn, feel safe, and thrive at school.

EASTERN UPPER PENINSULA
INTERMEDIATE SCHOOL DISTRICT

Director of Special Education Report
March 2026

School Social Workers offer a range of services for students of all ages, including:

- Individual and group counseling
- Social-skills instruction
- Support for anxiety, depression, trauma, and emotional regulation
- Behavior intervention planning
- Crisis response when students or families need immediate help

They are key members of special education teams, helping to identify student needs early, participate in evaluations, develop IEP supports, and ensure services are provided in the least restrictive environment. They work closely with teachers, families, and other specialists to create plans that help students access learning and make progress.

Because the EUP includes many rural communities, School Social Workers also act as a bridge between school and community resources. They help families connect to outside mental-health providers, coordinate referrals, and support ongoing communication. Their involvement reduces barriers to care and ensures students receive consistent support at school, at home, and in the community.

School Social Workers play a vital role in creating safe, supportive school environments. By addressing mental-health needs proactively, partnering with families, and guiding school staff, they help students build resilience, develop healthy coping skills, and experience greater success in school and life.

School-Based Mental Health Services ([31n Program](#))

A 31N provider is a licensed mental-health clinician who works in schools to support students with mild to moderate mental-health needs. They provide:

- Individual and group counseling
- Classroom and schoolwide support
- Collaboration with teachers and families

These services are for students who are not already receiving mental-health support through special education (IEP/IFSP), ensuring all students have access to the right level of care when they need it.

Michigan funds these services through Section 31N of the School Aid Act, which helps schools expand mental-health support, bring services to districts with limited resources, or partner with community agencies.

EASTERN UPPER PENINSULA
INTERMEDIATE SCHOOL DISTRICT

Director of Special Education Report
March 2026

As of February 2026, the EUPISD employs **five full-time 31N mental health providers** and offers 31N services in most EUP districts. During the **2024–2025 school year**, the 31N program:

- Provided mental health therapy to **234 individual students**
- Delivered **1,979 individual therapy sessions**
- Facilitated **84 group sessions**
- Responded to **24 crises** outside of the ISD’s formal PREPaRE response system

Emergency Student Assistance Team: Student-level Crisis Support

The Emergency Student Assistance Team (ESAT) process is used when a student displays dangerous behaviors that pose an imminent threat to themselves or others. When such behaviors occur, a school administrator can contact designated ESAT screeners to review the case and determine if a full ESAT meeting is necessary.

The purpose of the ESAT meeting is to assess the student’s level of risk, develop an appropriate supervision plan, and coordinate next steps to ensure the well-being of both the student and the school community. If the screening determines an ESAT is not needed there are a variety of supports that are considered, including team meetings, a supervision plan, special education supports for eligible students, Child Find evaluation for students who are not special education eligible, behavior supports, etc.

ESAT Meeting Components:

- Participants are selected by school administrators in consultation with parents
- School data review - attendance, behavior, grades, teacher input
- Developmental History and current status information obtained from parents.
- Creation of a supervision plan
- Consideration of additional assessments, including a school-based risk assessment
- Plan for sharing information with relevant staff to ensure supervision plan can be fully implemented
- Follow Up meeting scheduled to monitor the student’s progress and adjust support when appropriate; ensuring ongoing student safety and well-being

Our EUPISD ESAT staff work closely with district personnel and community agency partners to support the mental health needs of students across the region. This collaborative approach has strengthened communication and coordination between

schools, families, and outside agencies, ensuring that students receive comprehensive and consistent support in all settings.

PREPaRE: Schoolwide Crisis Support

PREPaRE is a training curriculum developed by the National Association of School Psychologists (NASP) aimed at enhancing school crisis prevention and response capabilities. PREPaRE provides training to school employed mental health professionals and educators on their roles in crisis response teams, focusing on preparedness, prevention, response, and recovery.

The EUPISD has trained school psychologists, school social workers, licensed counselors, special education supervisors, and teacher consultants in the PREPaRE model which allows the EUPISD to support local districts when a crisis occurs. Support is provided at both the systems level and the student level.

- Systems Level Support: planning for the school day, written communication to targeted stakeholders (parents, educators), resource distribution
- Individualized: group and individual debriefing and triage of students and staff, identification of students and staff who need ongoing support, connection of students and staff to in-district and external resources for more in-depth support

The EUPISD has developed a partnership in crisis support with HOPE Animal Assisted Crisis Response teams who bring emotional support via highly trained canine and handler teams. To learn more about HOPE, visit this website: <https://www.hopeaacr.org/>

State-wide partnerships

The EUPISD has additionally developed partnerships with the [University of Michigan's MC3 Program](#) for School-based Consultation with their pediatric psychiatry team as well as with the Michigan State University Prevent2Protect Program. The [Prevent2Protect Program](#) is focused on the prevention of adolescent violence.

FINE MOTOR ACTIVITY

Scarlett was having a fun time working on fine-motor skills building block towers in preschool.

THE BISTRO

Our student-run bistro is more than just a place to grab a snack—it's a hands-on learning environment where students gain skills in a variety of areas. Students, working under the supervision of Ms. Kaye, develop culinary skills by preparing food safely, measuring ingredients, and presenting dishes professionally. They also learn the importance of time management, problem-solving, and customer service. Beyond the kitchen, the bistro serves as a practice area for math and business skills. Students organize bills, keep track of inventory, and manage orders. The bistro not only provides treats, meals, and drinks for staff but also equips students with confidence and practical knowledge that prepares them for jobs after high school.

VALENTINES DAY Fun!

Thank you to Mr. Dankert's class for hosting a Valentine's Day Cake Walk this year. Students from a variety of classrooms walked, rolled, and danced their way through the gym winning a variety of treats!

SELC Outdoor Discovery & Exploration Station - Project Update

The Sault Early Learning Center (SELC) has completed the design phase for the Outdoor Discovery and Exploration Station, a new outdoor learning space that will expand opportunities for movement, exploration, and hands-on learning for young children and families. The project is funded through the Michigan Department of Health and Human Services (MDHHS) Healthy Community Zones grant, which supports community initiatives that promote health and wellness.

The design process included significant community input to ensure the space reflects the needs of the children and families we serve. Feedback was gathered through community surveys and focus groups that included early childhood educators, parents, special education providers, tribal and community partner agencies. This input helped guide the development of a space that supports inclusive play and accessible learning opportunities for children of all abilities.

The project aligns with the Healthy Community Zones focus areas of movement, nature-based learning, and nutrition. Planned features encourage active play and gross motor development, provide opportunities for children to explore and learn in natural environments, and include garden and outdoor learning areas that support early conversations about healthy foods and nutrition.

Outdoor play is a critical component of early childhood development. Access to well-designed outdoor environments supports physical development, social-emotional growth, creativity, and problem-solving. It also provides opportunities for hands-on learning and helps children build connections to the natural world.

Installation of the first phase of the Outdoor Discovery and Exploration Station is planned for June 2026. In addition, \$240,000 in funding for FY27 has been secured to support a second phase of the project. Pending site and weather conditions, we are hopeful to complete the second phase of equipment installation in October 2026 before frost occurs.

The second phase will also include a focus on outdoor curriculum, nutrition education, and family engagement:

- Outdoor curriculum helps educators extend classroom learning into the natural environment and supports inquiry-based, hands-on experiences.
- Nutrition education allows children to learn about healthy foods through gardening and interactive activities that build lifelong healthy habits.
- Family engagement creates opportunities for families to participate in outdoor learning and strengthens the connection between school, home, and community.

Career and Technical Student Organizations (CTSOs) are an essential component of Career and Technical Education (CTE). CTOS provide students with opportunities to apply the technical and leadership skills they learn in the classroom through real-world experiences, competitions, and leadership activities.

Participation in CTOS helps students develop critical employability skills including communication, teamwork, problem solving, professionalism, and leadership. These organizations also connect classroom learning with industry expectations and career pathways.

This month, several of our CTE students will be representing our district at the state leadership conference for **Business Professionals of America (BPA)**. Students qualified for the state competition by demonstrating strong skills in business, technology, and workplace readiness through regional events and local preparation.

At the state conference, students will compete in events related to business management, finance, information technology, digital communication, and other career-focused areas. In addition to competition, students participate in leadership development workshops, networking opportunities, and sessions focused on career readiness.

Participation in CTOS such as BPA, Skills USA, HOSA reinforces the goals of Career and Technical Education by preparing students for college, careers, and lifelong leadership. We are proud of the dedication and effort our students have shown in preparing for this opportunity and wish them the best as they represent our school at the state level.

Bootstrap Algebra 1 & 2 by [Bootstrap](#) is a free, research-based, integrated Computer Science and Data Science modules for Math, Science, Business and Social Studies classes grades 8-12. **Explore new ways to teach required Algebra concepts** using meaningful, **real-world data**. This **five-day workshop series** will equip educators with the ability to implement **module-based math lessons** that capitalize on the modern digital tools that computer science offers to support effective and efficient teaching and learning. The modules are designed so that teachers can mix-and-match content to fit their needs, whether to incorporate a few lessons, a 3-week unit, or a standalone course in data science, sophisticated interactive programming,

Teachers enrolling in the Algebra 1 & 2 series are eligible for a stipend. See website for more information. [Mi-coding.com](#) - [LINK](#)

Bootstrap: Expressions and Equations, three-day summer workshop, equips teachers to integrate computer science concepts into mathematics classrooms using the Bootstrap curriculum. Participants explore how programming and mathematical modeling can reinforce core mathematics standards, such as Order of Operations, Algebraic Properties (Commutativity, Associativity, Distribution, Identity, Inverses, and more!), Exponents, Opposites and Absolute Values, Variables and Solving Equations.

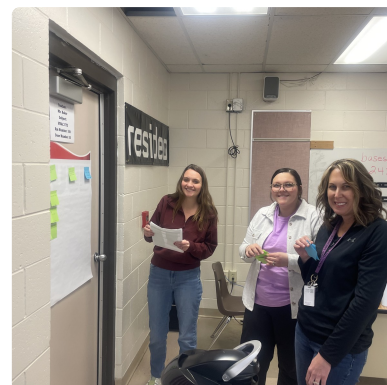

Teachers will experience lessons as learners, then unpack the underlying mathematics and pedagogy. By the end of the workshop, participants will be prepared to implement the curriculum

with confidence, connect coding to real-world problem-solving, and support all students in deepening their understanding of math through engaging, project-based learning.

Elementary Science Teacher Leader Corps - Observation through Instructional Rounds

Teacher Leaders have identified the need to focus on a community of practice in which they can share through the observation of instruction. The days at the school districts would consist of observation of classroom instruction followed by a professional learning protocol to learn from those observations. The goal is to increase instructional capacity and our ability to support high quality instruction. These days will also function to identify and develop projects within the group that stem from the needs and goals that are identified through our professional learning and observation process. Goals and deliverables will be established, and this work will be shared regionally as the projects develop.

Classroom observations and meetings will take place at Rudyard Elementary on October 22, 2025 and Sault Elementary on March 10, 2026.

EUP Regional Communities of Practice

Regional communities of practice are designed for teachers to improve teaching and learning, focusing on challenges in the classroom and innovative practices. Members will share ideas, strategies, and resources, offer feedback and engage in professional learning, fostering a culture of continuous improvement. This collaboration will strengthen individual practices and the school community, leading to positive educational outcomes.

Seeds for STEM - Projects Announced!

Seeds for STEM is a partnership between the EUPISD, EUP MiSTEM Region and the Chippewa County Community Foundation. Teachers can apply for funding to support project, problem, and place-based learning. Proposals were received from schools across the Eastern Upper Peninsula, and the following were awarded with a combined funding total of over \$12,500!

- Sault Area High School: Becky Arbic – Roar Rocket Sk8board Manufacturing
- Sault Area High School: Marielle Sirk – Reviving Anatomy Education Through Hands-on Fetal Pig Dissection
- Malcolm High School: Susy Talentino – From Pain to Passion to Purpose
- EUPISD Learning Center: Gwen Malaska – Hying Up Our Hydroponics
- Moran Township School: Jaime Clark – 3D Printing in the Classroom
- Pickford Elementary School: Rachel Horde – Pumpkin Life Cycle and STEM Exploration
- Pickford Elementary School: Wendy Halsey – Michigan Lumber – Then, Now and the Future
- Pickford Elementary School: Jessie Metrish-Lytle – Soo Locks Boat Tour for Earth Science

Michigan Agriculture in the Classroom

Did you know that Michigan is the nation's second largest producer of apples? There are more than 17.6 million apple trees covering 38,000 acres on 850 family run farms in Michigan. Growers pride themselves on a rich heritage of producing an array of Michigan apple varieties.

Here are some [Lessons and resources](#)!

The [STEM Teaching Tools](#) are resources that have been developed through a project called [ACESSE](#) through the Council of State Science Supervisors. EUP teacher Billie Ennes was part of the team from Michigan, along with MiSTEM Executive Director Megan Schrauben who contributed to the development of the [newest STEM Teaching Tool](#) aimed at helping STEM education leaders move with community towards culturally affirming and sustaining practices! FINANCE/HUMAN RESOURCES REPORT TO THE EASTERN UPPER PENINSULA INTERMEDIATE SCHOOL DISTRICT BOARD OF EDUCATION

Dena Mayer, Director of Finance and Human Resources
March 2026

BUSINESS/FINANCE

2025-26 Budgets. We are working on the third budget amendment for this fiscal year, and it will be presented for your approval at the meeting. This will reflect much of the information that was unknown in our last budget amendment. We still have some unknowns and will adjust with our final amendment in June.

2026-27 Budgets. The law requires ISD's to provide their General Fund budget projections to the local counties by April 1 of each year and then to our local districts by May 1 of each year. As part of our regional practice, we present all our budget projections and request your approval to present these budgets. As a reminder, the "official" approval of the actual budgets will still be at the June meeting. As in the past, there are many assumptions in these figures, and they are the best projections we have at this time. There may be adjustments that we become aware of between now and official adoption in June and those will be noted on the "assumptions" document that will accompany the budgets.

February 2026, Financials. The financials are still being worked on and will be posted to the agenda as soon as possible.

HUMAN RESOURCES

EASTERN UPPER PENINSULA INTERMEDIATE SCHOOL DISTRICT

2026-2027
PROPOSED BUDGET
for local district review

March 11, 2026

EASTERN UPPER PENINSULA INTERMEDIATE SCHOOL DISTRICT

2026-2027

PROPOSED BUDGET ASSUMPTIONS

Attached you will find a “Budget Summary” for the General Fund and Special Revenue Funds. The following are assumptions used in the creation of the estimated 2026-2027 budgets for what is known at this time.

OVERALL:

- Current collective bargaining agreements - settled
- Overall staff compensation increase – 6% (salary + benefits)
- Overall reduction to investment earning as rates continue to decline
- Elimination of 147g expenditure
- Property tax revenues – assume 3% tax base growth
- Reduction of staff due to the elimination of the following grants:
 - MiSTEM
 - 32p Early Childhood
 - LifeSpan
 - NAHF-Indigenous Ed Funding
- 0% increase in Section 81
- Grant funding carryover from FY26 will be adjusted in FY27
- The approximately \$8 million regional fiber build construction project is scheduled to begin this summer. At this time, it is still unclear when the project will be completed, when local districts’ Internet and transport services will be activated, and when the region will transition services over to Merit.

GENERAL FUND

- 0% increase in Section 81 revenue
- Decrease in millage election costs
- Continued support of the early childhood centers
- Continued regional curriculum support – Math Coaching, Early Literacy Coaching, Reading Recovery

EARLY CHILDHOOD FUND - *A reminder that the Early Childhood grant activity (approximately \$6 million) was moved to a separate fund in 2023-24 and the overall % of fund balance in the General Fund has increased due to a lower denominator of overall costs; however, the same level of fund balance is maintained to ensure fiscal responsibility and ability to maintain adequate cash flow and reserves in the event of an emergency.*

- Continuation of early childhood centers (ages birth to 2; ages 2 to 4)

SPECIAL EDUCATION FUND - *Additional .75 mills was passed in tax millage in 2022. These funds are spent according to the regional plan developed by our local superintendents. As of June 2027, there is approximately \$800k of funding that remains from the amount that has been committed by the EUPISD Board of Education for continued expansion of regional services.*

- Continuation of \$1.3 million distribution to local districts
- Continuation of \$360k distribution to offset Speech & Language Chargebacks
- Continuation of per pupil flowthrough funding to the local districts from the Federal IDEA grant
- Addition of a regional ASD Teacher Consultant and School Psychologist
- Decrease of approximately \$400k of state aid for “catchup” of 2024-25 costs settlement
 - Approximately \$320k of state aid for “catchup” of the increased 2026-27 costs will be received in FY2028
- Continuation of Special Education Teacher Apprenticeship Program positions
- Continuation of School Social Worker and School Psychologist Internship positions
- Increase of more in-person ancillary contracted services

- Full staffing of the special education service center

NOTE: Professional Staff Collective Bargaining Agreement expires 6/30/27

NOTE: Support Staff Collective Bargaining Agreement expires 6/30/27

EUPCONNECT COLLABORATIVE FUND –

- Continuation of the EUPConnect Collaborative through the end of the 2026-27 fiscal year
- \$200,000 committed to the HUTS (Regional Fiber Build)

To: EUPISD Board Members
From: Katia Hughes
Position: Transition Coordinator/Special Education Supervisor
Date: February 23, 2026
Subject: Request to Attend the AOTA INSPIRE Annual Conference 2026

Dear EUPISD Board Members,

I am writing to formally request approval to attend the American Occupational Therapy Association (AOTA) INSPIRE Annual Conference & Expo, which will be held April 22-25, 2026 at the Anaheim Convention Center in Anaheim, California. As the world's largest gathering of occupational therapy practitioners, this event offers exceptional professional development, extensive networking, and direct exposure to emerging research and practice innovations.

The AOTA INSPIRE Conference offers direct access to the newest research, evidence-based practices, and innovative strategies shaping the future of school-based occupational therapy. The sessions align with my responsibilities as Transition Coordinator and Special Education Supervisor for Occupational Therapy, and they support several initiatives our agency is actively advancing to improve consistency, service quality, and student outcomes. Key sessions include:

- Empowering Students: How OT Supports Successful Secondary Transition Planning
- Enhancing Interprofessional Collaboration: Developing Student-Centered IEP Goals for Transition Success
- A Comprehensive Approach to Sensory Interventions in the School Setting
- Determining School-Based OT Services in the Least Restrictive Environment

Beyond the formal sessions, the conference fosters meaningful connections with thousands of practitioners, educators, and leaders in the field. These interactions often spark collaboration and generate new perspectives that can directly benefit our team and the students we serve.

Attending this conference will provide a valuable opportunity to deepen my expertise and bring back current, high-quality resources to share with our special education team and occupational therapists. The knowledge gained will support our ongoing efforts to strengthen best practices across the region and enhance outcomes for students.

Estimated Costs

Item	Estimated Cost
Conference Registration	\$720
Airfare	\$800 (round trip)

Item	Estimated Cost
Hotel (4 nights @ ~\$289/night +tax)	\$2,000
Meals	\$340
Transportation (to Flint and rideshares)	\$590
Total Estimated Cost	\$4,450

Note: Rates are based on current pricing from the AOTA INSPIRE 2026 conference website and standard travel estimates.

I am confident that attending this conference will be a high-value investment, both for my professional growth and for advancing our department's mission to improve outcomes for students with disabilities.

Thank you for considering this request.

Sincerely,

 MSOT, OTRL

FACING ADVERSITY WITH OPTIMISM AND RESILIENCE

JR Martinez

None of us knows what we're capable of until we're faced with a tough or unexpected challenge. Often this means having to adjust your dream or vision and sometimes even to create an entirely new goal. It can also mean getting through a tough time a week, day, hour, or even minute at a time. By focusing on shorter term goals and keeping optimism (and even humor) at the forefront, your entire outlook and perspective can be transformed. We are all stronger and more resilient than we think. In facing challenges and recovering from setbacks, we have new opportunities to develop the unique gifts that have been given to us. It's about being able to become more what you can envision at the moment. Join JR for this inspiring and recharging opening keynote presentation.

2:30 pm–3:30 pm

CONSCIOUS CARE: FOR SELF, FOR SOCIETY

Douglene Jackson, PhD, OTR/L, LMT, ATP, CYT, FAOTA

In today's evolving workplace and society, occupational therapy practitioners and students are charged with meeting the wide-ranging needs of communities while navigating increasing demands, systemic stressors, and personal burnout. This Lela Llorens Lecture presentation introduces the Conscious CARE framework, a values-based approach grounded in compassion, awareness, reflection, and embodiment to promote personal and workforce well-being. Participants will explore how cultivating internal alignment strengthens our collective capacity to engage more fully, ethically, and sustainably in the workplace and beyond.

How do we confront the formidable and deeply complex reality of the opioid epidemic? How have opioids claimed not only lives, but the wellbeing and futures of countless individuals and communities? And most importantly—what can we do to help?

This is Different, a filmed theatrical production, brings to life the voices of 20 individuals who have experienced opioid use disorder. Through their stories, the production illuminates the shared humanity at the heart of the crisis and invites viewers into a powerful exploration of meaning, healing, and connection. Join us for this 60-minute film, to be followed by a moderated panel discussion with the audience.

OUR DEFINING MOMENT: REIMAGINING OUR FUTURE, TOGETHER

Arameh Anvarizadeh, OTD, OTR/L, FAOTA

Join AOTA President Arameh Anvarizadeh for her highly anticipated presidential address where she will share her powerful vision for unifying and reimagining the occupational therapy profession. Her message centers on her foundational Presidential 4 C's: Community, Connection, Coalition-building, and Courage. President Anvarizadeh will articulate why every distinct specialty, practice setting, and professional background is an

essential and valuable part of the whole. Join her in this vital call to action, to move beyond re-envisioning and take bold steps toward building a more visible, united, and resilient future for the occupational therapy profession.

2:15 pm–3:15 pm

I'M NOT LIMPING. THAT'S SWAGGER - THE PATIENT EXPERIENCE

Kelsey Tainsh, CSP

A two-time pediatric brain tumor and stroke survivor, the story of Kelsey's journey back and her relationship with her occupational therapists along the way, is both remarkable and inspiring. Kelsey gives an amazing patient account, while offering a unique and actionable message on gratitude and perspective. Her story is an important reminder of the difference occupational therapy practitioners make in the lives of their patients every day.

Armed with her quirky sense of humor, engaging stories and relevant message, Kelsey equips health care teams with the tools to foster empathy, strengthen relationships, and approach their work with renewed gratitude and a revitalized sense of purpose.

THE PARADOX OF THE WEARY HEALER

Odeth Richardson, BSc, MSc, PG Cert, - Chair, Royal College of Occupational Therapists

The paradox of the weary healer explores the internal conflict experienced

by people in caregiving professions. It's a struggle many can relate to between the compassionate desire to help others and the personal toll it takes on the individuals leading to exhaustion and burnout. Occupational therapy practitioners are experts in helping others live a balanced life but often struggle with their own work life balance. A number of factors contribute to this from the systemic pressures of high caseloads, administrative burdens, productivity demands to the emotional toll of this empathetic work. The inherent irony of teaching clients to listen to their bodies and pace themselves whilst as practitioners, we push past own limits is a matter of professional integrity and effective practice.

In this International Breakfast presentation, drawing from her personal and professional experience, Odeth will explore the science of rest as a meaningful occupation and offer practical strategies that will support occupational therapy practitioners to care for themselves, just as they would for a client.

BEYOND THE SCORE: RECLAIMING THE MEANING OF ASSESSMENT IN RELATIONSHIP-CENTERED CARE

Trudy Mallinson, PhD, OTR/L, FACRM, FAOTA, NZROT

Assessment in occupational therapy is complex. While measuring human experience is necessary, it's not always clear how to choose the right tool or how the data truly informs our work. This Slagle Award address explores how we can move past simple scores to a truly collaborative process where patients, care partners, and practitioners co-administer, interpret, and use assessment data. Learn how a relationship-centered approach to assessment can overcome current challenges, address social injustices, and co-create treatment plans that authentically support shared occupational performance goals.
