**STATE OF TEXAS
OFFICE OF THE GOVERNOR**

Through the ages, each generation has been called upon to strengthen our foundation and prepare the way for the others. This spirit is especially evident in the education of our children, for it is through a quality education that we place students firmly on the path to a lifetime of excellence and achievement.

Ensuring a quality education is the work of many, and school boards are a vital component of this success. These local leaders use their time, energy, and knowledge to set and review budgets; oversee the management of Texas' public and charter schools; and ensure that students receive an exemplary education.

School board members play an integral role in promoting a lifelong love of learning in the next generation by collaborating with teachers, parents, and community members. They will continue to play a key role as we strive for educational excellence in the Lone Star State.

Each year, the month of January is set aside to honor school boards' many contributions and to recognize their commitment to education. At this time, I encourage all Texans to acknowledge the more than 7,000 school board members whose service represents the best of our great state.

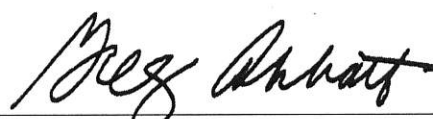

Therefore, I, Greg Abbott, Governor of Texas, do hereby proclaim January 2025 to be

School Board Appreciation Month

in Texas and urge all Texans to observe the occasion with appropriate ceremonies and activities.

In testimony whereof, I have hereunto affixed my signature this the 20th day of December, 2024.

Governor of Texas

Request Approval of the San Benito CISD Course Catalog for the 2025-2026 School Year

Superintendent's Recommendation:

The Superintendent recommends to the Board of Trustees to approve the San Benito CISD Course Catalog for the 2025-2026 school year.

The catalog includes updated courses and pathways to meet evolving student needs and interests, incorporating feedback from stakeholders.

Paperwork Impact:

The paperwork impact is minimal, as the course catalog primarily involves updating existing course offerings and making minor adjustments to reflect curriculum changes. Any necessary documentation will be handled by the appropriate personnel.

Budgetary Information:

San Benito CISD's financial responsibility will be minimal as the course catalog updated mainly involve existing resources and no significant new expenditures. Any new courses materials or staffing adjustments will be accounted for in the general budget or handled through grant funding, if applicable.

Suggested Course Sequence: *For all incoming 6th graders beginning 2025-2026.

These are the recommended sequences for courses in the four core areas based on the student’s level of ability and performance. These course sequences are only suggested; a student is not locked into a sequence once it starts. For example, a student may take Math 7 or Math 7 Honors in the seventh grade, then Math 8, or Algebra I in 8th grade. In most cases, students may not select a sequence of courses which would result in a loss of grade-level instruction in a content area.

Honors Courses Considerations

San Benito CISD supports any student who wants to accept the challenges of an advanced class. However, the opportunity to be in Honors classes carries with it certain assumptions about the capabilities and maturity of students who will be doing advanced work. Students are expected to take these courses to gain a deeper understanding of the more rigorous Texas Essential Knowledge and Skills. Honors courses are designed to prepare students for high school Honors and Advanced Placement (AP) courses.

Students are expected:

1. To be independent learners, willing to read, learn, ask questions, pursue outside reading and research, integrate and discuss material from diverse sources.
2. To spend, on average, approximately five hours per week studying for each Honors class.
3. To have proficient oral and written communication skills.
4. To be self-disciplined to plan, organize, and carry out tasks to completion.
5. To openly accept assignments, suggestions, and coaching from the teacher.
6. To accept that enrollment in an Honors course does not guarantee an A or B grade.
7. To thoughtfully select their course load.

Honors Entry Guidelines

San Benito CISD does not have requirements to enter Honors courses. A student must maintain a grade of 70 or above to remain in Honors classes. San Benito CISD recognizes the value of student participation in advanced coursework and encourages students to graduate from high school with at least one advanced academic course credit such as Advanced Placement or dual credit. To this end, San Benito CISD has an inclusive enrollment model for Honors courses that provides support systems for student success. Students are encouraged to access the most rigorous curriculum in which they can be successful, generally defined as earning a 70 or better semester average.

Honors courses are designed to challenge students beyond grade-level academic courses and prepare them for success in future advanced level coursework. Information provided by student performance in related courses, and teacher input are important elements for parents and students to consider in selecting advanced coursework. Students may require additional encouragement and support to be successful in these courses.

Students who participate in Honors must:

- Demonstrate mastery on course-related state mandated performance assessments including STAAR.
- Recognize the long-term benefits of participation
- Seek for assistance when needed
- Be committed to staying in the course for a minimum of one semester.

Advanced Mathematics Program:

Senate Bill (SB) 2124, passed by the 88th Texas Legislature, requires each school district and open-enrollment charter school to develop an advanced mathematics program for middle school students that is designed to enable those students to enroll in Algebra I in eighth grade. Under the program, a school district or open-enrollment charter school must automatically enroll in an advanced mathematics course each sixth grade student who performed in the top 40 percent on the fifth grade State of Texas Assessments of Academic Readiness (STAAR®) mathematics assessment, or a local measure that includes either the student's fifth grade class ranking or demonstrated proficiency in the student's fifth grade mathematics coursework.

The purpose of the Middle School Advanced Mathematics Program is to “increase the number of students who complete advanced mathematics courses in high school.” To this end, each school district and open-enrollment charter school is required to develop a program to enable students to take Algebra I in eighth grade. Specifically, the law requires LEAs to automatically enroll each sixth-grade student who performed in the top 40 percent on—

- the Grade 5 Math STAAR Assessment or
- a local measure, that includes
 - the student's fifth grade class ranking, or
 - demonstrated proficiency in the student's fifth grade mathematics coursework.

The parent or guardian of a student who has been identified for automatic enrollment in the middle school advanced mathematics program may opt the student out of the program.

NOTE: Due to the curricular differences between academic courses and Honors and for the benefit of students, entry into an Honors course from an academic course is discouraged after the beginning of each semester. It is recommended that students enter Honors courses at the beginning of the course, typically within the first week of instruction. Exceptions must have principal approval.

Honors Exit Guidelines

Exit processes are in place to assist students in making sound course selection decisions. Students and parents must be aware that, depending on the timeline, grades earned in an Honors course follow the student to the on-level academic course. These grades will be included in calculating the academic course grade and may impact UIL eligibility. Consult with the school counselor for more detailed information.

It is expected that students seek assistance when needed to be successful in the course and remain in the Honors course for at least one full semester.

Students wanting to exit an Honors course must meet the following criteria: conference with the teacher and completion of course assignments and/or attendance at recommended tutorials. To exit an Honors course parent permission is required. Granting the petition is based on input from the teacher, student performance in the course, availability of space in other courses and the timing of the request. Students experiencing success (able to maintain a “C” or better SEMESTER average) in the course should remain in the course for the semester. Contact the counselor for more information about documenting these requirements.

Students who earn a “69” or below at the end of an academic school year will be removed from the class(es) unless otherwise recommended by the teacher and the administrator.

In Spring 2012, the State of Texas Assessments of Academic Readiness (STAAR) became the new state standardized assessment. The STAAR program includes annual assessments in the following grades and subjects for middle school.

- Reading, Grades 6th-8th
- Mathematics, Grades 6th-8th
- Science, Grade 8
- Social Studies, Grade 8

Students taking **Algebra I** will take the **STAAR End of Course (EOC)** exam.

Credit by Examination (CBE) without Prior Instruction

Secondary students (grades 6-12) may place out of courses or gain credit if they have had no prior instruction in the courses for which credit is sought by taking a Credit by Examination. Students are required to have written permission and gain approval.

A minimum score of 80 on the exam is required for credit to be earned. For two-semester courses, each semester exam must be 80 or greater. If credit is awarded, then exam scores are recorded on the student's transcript. CBE scores for high school credit courses will not be calculated in the student's Grade Point Average.

COURSE DESCRIPTIONS

Courses are designed in various ways to meet the skills and interests of students. Courses are offered as Academic, Honors, and courses. Upper level courses may be offered as Academic, AP, or dual credit courses. A student's course of study may be a combination of courses with different designations. The student, parent, and school will work together to determine the best combination for each learner. See page 24 for information about the grading system, weighted grade point scale, and class ranking.

Academic Courses

San Benito CISD's on-level academic curriculum is a college-bound curriculum. These core and elective courses use a variety of teaching strategies, student activities, and assessments. The curriculum requires students to develop critical thinking and problem-solving skills as well as master core content. Courses are taught on grade level.

Honors/AP Courses

Honors/AP core and elective courses are designed to challenge motivated students and prepare them for success in college level coursework in high school and beyond. These advanced or above grade-level courses move at a faster pace, are more academically challenging and require more independent learning than academic courses. A few important factors to keep in mind are:

- While Honors courses are designed to better prepare students for AP, Honors courses are not a prerequisite for enrolling in most AP courses.
- Some AP courses have course prerequisites that must be completed. Check the course description for prerequisites.
- Honors/AP is not "all or nothing." Students may take from one to all of their core classes as Honors/AP.
- For most courses, it is possible to move from academic to Honors sections from one year to the next.

Honors/AP Entry Guidelines

The purpose of the Honors and AP entry guidelines is to provide information to facilitate placement of students in academically challenging courses.

1. San Benito CISD recognizes the value of student participation in advanced academic coursework and encourages students to graduate from high school with at least one advanced course credit such as Advanced Placement or dual credit. To this end, San Benito CISD has an inclusive enrollment model for AP and Honors courses that provides support systems for student success. Students are encouraged to access the most rigorous curriculum in which they can be successful.
2. Honors and AP courses redesigned to challenge students beyond grade-level academic courses and prepare them for success in future advanced level coursework. Student performance in related courses and teacher input are important elements for parents and students to consider in selecting advanced coursework. Students may require additional encouragement and support to be successful in these courses.
3. Students who opt to participate in AP or Honors must:
 - Successfully complete prerequisite courses as specified in the course catalog.
 - Demonstrate mastery on course-related state-mandated performance assessments including STAAR.
 - Recognize the long-term benefits of participation, seek assistance when needed, and commit to staying in the course for a minimum of one semester.

Questions about Honors/AP courses should be directed to the school counselor and/or the subject area teacher. NOTE: Due to the curricular differences between academic courses and Honors/AP and for the benefit of students, entry into a Honors/AP course from an academic course is discouraged after the beginning of each semester. It is recommended that students enter advanced placement courses at the beginning of the course, typically within the first week of instruction. Exceptions must have principal approval.

Exit Guidelines for High School

Exit processes are in place to assist students in making sound course selection decisions. Students and parents must be aware that, depending on the timeline, grades earned in a Honors or AP course follow the student to the corresponding academic course. These grades will be included in calculating the academic course grade and may impact UIL eligibility. Consult with the school counselor for more detailed information.

It is expected that students seek assistance when needed to be successful in the course and remain in the Honors or AP course for at least one full semester.

Note: Students may not drop an Honors/AP course until the first nine weeks are over, and they must demonstrate that they attended tutorials at least twice a week.

GENERAL COURSE DESCRIPTIONS

This section contains descriptions for all courses offered at Veterans Memorial Academy and San Benito High School, organized by content area. Courses can be identified by course title and a state-issued PEIMS Service ID.

OPPORTUNITIES FOR COLLEGE CREDIT WHILE IN HIGH SCHOOL

San Benito High School students have the opportunity to include courses in their high school graduation plan that may also apply toward college. Students can earn college credit immediately, earn credit that is awarded later, or prepare to take an advanced placement exam. **Each course taken for this purpose should be carefully selected to count towards the two or four-year degree that is appropriate to the student's area of interest.**

There are three ways a student can earn college credit for a course taken in high school:

DUAL CREDIT: San Benito High School offers students the opportunity to enroll in university courses while attending high school. This **Dual Enrollment Program** builds an academic bridge to the postsecondary level, while providing students and parents with a preview of postsecondary standards and expectations while studying in a familiar high school setting. Upon successful completion, these courses will be applied to the student's high school graduation requirements and may be applied to a postsecondary degree. Courses can be offered through a variety of options, such as by adjunct instructors at the SBHS campus or via online course delivery. SBHS students pay no tuition for dual enrollment courses.

ADVANCED PLACEMENT: Students who complete AP courses while in high school may be eligible to receive college credit based on the results of an AP end-of-course exam. All AP exams are developed and scored by the College Board. To find out the specific value of an AP exam grade at a specific college or university, visit www.collegeboard.com/ap/creditpolicy.

ADVANCED TECHNICAL CREDIT/ARTICULATED HIGH SCHOOL COURSES: A student who completes the coherent sequence of content-enhanced career technical courses in high school may be eligible for college credit after enrolling in technical programs at participating two-year colleges (articulation).

San Benito High School College and Career Center, in partnership with Texas Southmost College, has made the following academic Dual Enrollment courses available to San Benito High School students for the 2023-2024 school year.

ESOL English for Speakers of Other Languages

The goal of the Department of Other Languages is to provide courses for English Language Learners (ELLs) that help them rapidly acquire the English skills necessary for success:

- in the general education setting
- in content courses
- on state-mandated testing
- for post-secondary opportunities

Upon enrolling in San Benito CISD, students whose Home Language Survey indicates a language other than English are sent to the campus ESOL Lead Teacher for an evaluation of their oral and written English proficiency. High School ELLs who score at the non-English speaking level on an oral proficiency test are assigned to a FILAS Program to participate in an accelerated English language program. Other secondary ELLs are scheduled into appropriate classes based on their English proficiency. All placement and testing recommendations for ELLs are made by the Language Proficiency Assessment Committee (LPAC).

Gifted and Talented Program Services

General Information about Credits

Awarding of Credit

High school graduation course credit may be earned only if the student receives a grade equivalent to or higher than 70 on a 100-point scale, based upon the essential knowledge and skills of each course. A student who successfully completes only one semester of a two-semester course is awarded partial credit. However, for full year courses required for graduation, students must earn the remaining credit through a credit restoration method.

Denial of Credit

Students must be in attendance at least 90 percent of the time a class is in session to receive credit. (Texas Education Code 25.092). When attendance falls below 90 percent of the days the class is offered, after consideration of absences labeled as due to extraordinary circumstances, the student and parent(s) shall be notified in writing. The principal and/or campus Attendance Review Committee shall hear all cases where a student's attendance has fallen below 90 percent and an appeal has been filed in writing. To receive credit, the principal and/or Attendance Review Committee may assign one or more alternative learning activities to make up work missed or credit lost.

NOTE: The principal reviews all attendance cases between 75 - 90%; the Attendance Review Committee considers cases below 75%.

Ways to Earn Credits

Original credit is earned when a student takes a course for the first time and successfully meets the course requirements to earn a passing semester or yearly average. Recovery credit is earned when a student retakes a course for which credit was not awarded the first time because of a failing semester/yearly average. The recovery may occur by retaking the entire course in its standard format or by retaking it in an alternate format. Several of the ways to earn credit described below can be used for either original or recovery credit. The school counselor must be consulted before a final decision is made about how to earn the credit.

Fall and Spring Semesters, Grades 9 – 12 (Credit Recovery)

Students can earn all 26 required graduation credits for the Foundation High School Program + Endorsement by successfully completing required courses during the school day.

San Benito Summer Academic Term

San Benito CISD offers students an opportunity to recover credits for core classes and the opportunity to prep for a STAAR EOC exam prior to testing.

Credit By Examination Without Prior Instruction (CBE)

Secondary students (grades 6-12) may gain credit for a course without prior instruction by taking a Credit by Examination. Students are required to have written permission. Foreign language courses (LOTE) may only gain credit in grades 8-12. A minimum score of 80 on the exam is required for credit to be earned. For two-semester courses, the average of both semester exams must be 80 or greater. If credit is awarded, then both exam scores are recorded on the student's transcript. CBE scores will not be calculated in the student's GPA.

No Pre AP/AP credit can be earned through Credit by Exam.

Contact your School Counselor for more information or to receive an application.

Credit By Examination With Prior Instruction

Credit by Examination with Prior Instruction for credit recovery is only for San Benito CISD students who were enrolled in a core course during the previous school year and whose grade for the course was between 60 and 69, or if the Campus Attendance Committee requires the exam due to excessive absences[see EEJA(Regulation) A student may regain a maximum of two credits through Credit by Examination with Prior Instruction during high school. Students must score 70 percent or above on the examination. The exams allow qualified students the opportunity to replace the failing grade with a 70. This is the grade recorded on the student's transcript and will count in the calculation of GPA. Contact the school counselor for more information or to receive an application.

Out of District Summer Term (Original Credit)

All summer school course work for original credit requires prior approval of the principal/designee. Requests to take courses outside of SBCISD should be analyzed as follows:

- Is the provider an accredited public, private or parochial school?
- If not, does any Texas ISD (or school district in another state within which the program is located) accept the course for credit?
- Does the student receive an official grade and grade report?
- Does the scope/sequence of the course match the course as offered in SBCISD?
- Does the required time for the course match or exceed that of SBCISD summer term?

For unique requests, it is the responsibility of the student/parent to provide program information to help the principal/designee make a decision regarding approval. If using this rubric does not yield a decision, the Secondary and Curriculum Director is the contact person for questions regarding summer offerings for advanced courses.

Exploring Post-Secondary Options

In addition to online resources and those available from the College and Career Go Center at the high school campus, SBCISD offers several venues to assist in planning for post-secondary pursuits:

1. College Fair (Seniors in September / Juniors in May) gives students an opportunity to visit with representatives from colleges, universities, and training programs throughout the United States.
2. Financial Information Night (January) covers information related to financial need and explores such topics as completing the FAFSA,

NCAA Requirements

Students interested in pursuing opportunities in college athletic programs are required by the NCAA to have specific core courses for Division I and II schools. The core course requirements for the Texas Recommended and Distinguished high school graduation programs are aligned with the NCAA required core courses; however, interested students must consult the NCAA website for current information as they create/revise their high school four year plans. Visit www.ncaa.org, click on “Rules Compliance” and then “Eligibility”. Please read “Becoming Eligible” for more information.

Texas Success Initiative (TSI) Requirements

In order to determine the readiness of entering college students to enroll in freshman-level academic coursework, including though dual enrollment, institutions of higher education must assess the academic skills of entering students in reading, writing, and math.

(If a student fails to meet the assessment standards in any area, the institution of higher education will work with the student to develop a plan to assist the student in becoming ready to perform freshman-level academic coursework. This will most likely be done through “developmental coursework” as considered necessary by the institution to address a student's deficiencies in the student's readiness to perform freshman-level academic coursework.)

Freshmen entering higher education Fall 2013 or thereafter – as either traditional first time freshmen or as participants in a high school dual enrollment program - must demonstrate college readiness with the following scores on the TSI Assessment:

Mathematics – 350 Reading – 351 Writing – Essay score of 5 / or Essay score of 4 and Multiple Choice of 340

The Advanced Technical Credit (ATC) Program is an advanced placement program for students interested in preparing for college and a technical career that requires postsecondary education. Advanced Technical Credit is one way students can earn college credit while in high school. Students who take content-enhanced, ATC-articulated career and technology courses for high school credit may also be eligible for college credit at community and technical colleges statewide. ATC-articulated high school courses cover the same material as certain technical college courses and they are taught by high school faculty with special training. When preparing your high school graduation plan, you may select articulated courses that apply toward college certificates and/or degrees after enrollment in a related college technical program. High school juniors or seniors who earn a grade of 3.0 (B) or better may count ATC courses as advanced measures for the (DAP) Distinguished Achievement graduation plan. ***Ask your counselor if your high school offers ATC statewide-articulated courses.*** The program facilitates the use of articulated credit in colleges across the state and streamlines and standardizes the articulation process for students, schools, and colleges. [The ATC Standard Articulation Agreement](#) sets common statewide standards for the award of college credit for selected, content-enhanced high school courses. Any student who successfully completes ATC statewide-articulated secondary courses, graduates from any secondary school in the state, and meets the requirements outlined in the ATC Standard Articulation Agreement, is eligible to receive articulated credit from any participating public two-year college in the state that offers the corresponding college courses.

How Do I Qualify for College Credit?

- Enroll in ATC-articulated career and technology courses in high school. (Course abbreviations end in -TP and courses on your high school transcript should be noted with the letter A.)
 - Complete the course as a junior or a senior.
 - Make a minimum grade of 80 (3.0) in the course.
 - If there are course prerequisites, make a minimum grade of 80 (3.0) in each course.
 - Enroll in a participating college within 15 months of high school graduation.
 - Successfully complete six hours of non-developmental college credit.
 - AP and/or CLEP examinations may apply toward the six required hours.
- A complete list of possible colleges can be found at <https://www.inflexion.org/project/tea-atc/>. Check with your local community or technical colleges to see which are participating in the Advanced Technical Credit Program (statewide articulation) and what technical programs they offer.***

Steps to Get College Credit

- Ask your high school teacher or counselor for a “petition for credit” form (not required, but helpful).
 - Take a copy of your high school transcript to a participating two-year college when you enroll.
 - Tell the college admissions staff, counselor, or advisor that you took ATC statewide-articulated courses in high school.
 - College staff will help you identify the college courses that are equivalent to the articulated courses you took in high school.
 - Select a college certificate or degree plan that includes one or more of these courses.
-
- Complete six(6) additional, non-developmental college hours.
 - Check with the college registrar to make sure your articulated credit is posted to your transcript.

Want to find out more? Contact your high school counselor. The [Statewide Articulation Crosswalk](#) is a resource for schools and colleges to readily identify high school courses included in the Advanced Technical Credit (ATC) Program and the college equivalent course(s). Finally, state-required staff development provides information to teachers of articulated courses on the articulation process, content of college-equivalent courses, and expected levels of student performance.

Advantages of Statewide Articulation

- Provides a common core of articulated courses
- Provides a statewide standard for awarding college credit
- Provides a common method to identify articulated courses on high school transcripts
- Saves valuable resources: *time and money*

Enrollment Qualification

For UIL participation, a student must be enrolled for at least four hours per day to be considered in membership for one full day. The classes in which the student is enrolled for the four hours may be for either state approved or local credit. Students are eligible to participate if they meet the TEA requirements above and are subject to the UIL No Pass-No Play rule.

Out of District Courses via Correspondence, online, or virtual All courses taken through an out-of-district course provider (correspondence, online, or virtual) which counts towards high school graduation requirements, and not eligible for exemption as an advanced class, are subject to the No Pass-No Play rule.

Request Approval of the Targeted Improvement Plan (TIP) for La Paloma Elementary, GO Academy, and Miller Jordan Middle School and approval of Local Improvement Plan (LIP) for Fred Booth Elementary and Riverside Middle School

Superintendent's Recommendation:

The Superintendent recommends to the Board of Trustees to approve the Targeted Improvement Plan (TIP) for La Paloma Elementary, GO Academy, and Miller Jordan Middle School, and Approval of Local Improvement Plan (LIP) for Fred Booth Elementary and Riverside Middle School.

Rationale:

The Targeted Improvement Plan (TIP) is required for campuses identified by the Texas Education Agency (TEA) as needing Targeted Support and Improvement (TSI). Miller Jordan Middle School, GO Academy, and La Paloma Elementary have been identified based on state accountability data, including performance gaps in student groups. The TIP includes targeted strategies and actions to address these gaps, focusing on improving student performance, closing achievement gaps, and ensuring equitable access to high-quality education. The plan outlines evidence-based interventions, resources, and professional development opportunities aimed at supporting teachers and students in these areas of need. A Local Improvement Plan (LIP) is required to support campuses at the district level who have been identified as needing additional targeted support: Fred Booth Elementary and Riverside Middle School

Paperwork Impact:

Moderate to Significant, as the Targeted Improvement Plan involves detailed documentation of strategies, timelines, progress monitoring, submission of artifacts and regular reporting to the Texas Education Agency (TEA).

Board Hearing and Approval of Targeted Improvement Plan

January 21, 2025

Today, we will present our comprehensive Targeted Improvement Plan (TIP) designed to address identified areas for improvement based on 2024 TEA accountability data, focusing on student achievement gaps and aligning with the Effective Schools Framework (ESF).

Key Points:

- TEA designated areas of concern
- Measurable goals and timelines for progress
 - Specific strategies to address these areas

Schools Identified as Targeted Improvement

Comprehensive Support and Improvement Required Schools (Federally Identified):

- La Paloma Elementary
- Greyhounds Online
- Miller Jordan Middle School

Targeted Improvement Schools (Local Intervention Plan):

- Fred Booth Elementary
- Riverside Middle School

Requirements for School Improvement

State and Federal Accountability:

- Develop a Targeted Improvement Plan that consists of 2 Goals with 5 Strategies per goal to address areas of concern
- Participate in an ESF Diagnostic Review to help identify areas of strength and areas of improvement to guide our targeted interventions and supports.

Areas of Focus / Essential Action:

4.1 is focused on the implementation of high-quality-instructional materials

5.3 focuses on Data Driven Instruction.

Goal 1:

By the end of the 2024-2025 school year, campus instructional leaders will implement a structured process for all PK-5 and all 6-10 STAAR tested content teachers to analyze disaggregated student data in PLCs, identify trends in student misconceptions, create action plans, and facilitate protected time for data-driven discussions. Student progress towards measurable goals will be visible in every classroom, with 90% of teachers participating in data analysis sessions and 80% of classrooms displaying visible student progress towards mastery.

- Strategy 1: Implement a structured PLC Framework
- Strategy 2: Protect Time for Data Conversations via PLCs.
- Strategy 3: Provide Targeted Professional Development
- Strategy 4: Make student progress visible
- Strategy 5: Regularly monitor and reflect on progress

Goal 2:

By the end of the current academic year, 100% of teachers will consistently use high-quality, state-standard-aligned instructional materials that incorporate research-based instructional strategies that are tailored to meet the needs of all students, including special populations. Teachers will also receive guidance to collaboratively develop and implement high-quality units, lessons, and assessments that align with the adopted instructional materials.

Strategy 1: Implement an instructional materials campus audit twice a year

Strategy 2: Conduct ongoing monitoring of materials via PLCs

Strategy 3: Differentiate materials for special populations

Strategy 4: Develop a comprehensive professional development program for high quality instructional materials

Strategy 5: Establish clear and consistent protocols for instructional materials

Supports for Identified Schools:

- 3 Day Region One Training on the Effective Schools Framework
- Diagnostic Visit with Region One ESC
- Lesson Alignment coaching with campus administrators
- Targeted Improvement Planning Support Dates (12/10/2025)
- Targeted Improvement Plan Reviews prior to submission

Request Approval of Proposals on General Merchandise and Services.

Superintendent's Recommendation:

That the Board of Trustees approve the recommendation to accept the best value bid proposals as indicated on the attached bid tabulation as being in the best interest of San Benito CISD.

Rationale:

Currently, SBCISD purchases from local and area vendors for general merchandise and services on an "as needed" basis. These items are purchased by all schools and departments districtwide.

Due to the number of purchases necessitated by schools and departments districtwide, the administration solicited sealed proposals. In addition, the SBCISD will be in compliance with the purchasing rules and regulations as required by local and state policies. Requests for proposals were due Tuesday, December 03, 2024, at 3:00 p.m. where they were received.

Please see the attached bid tabulation. It is the recommendation of the administration to accept all the vendors that properly submitted Form 1295-Certificate of Interested Parties, and other required forms for these items. The contract will commence from the date of Board approval for a period of one year as being in the best interest of San Benito CISD.

Paperwork Impact:

This will not generate additional paperwork for the District.

Budgetary Information:

Funds are budgeted for the 2024-2025 school year for the procurement of these items.

Resource Personnel:

Monica Mata, Chief Financial Officer
Eddie Cavazos, Director of Purchasing

Request Approval of Proposals on Meals and Catering Services Districtwide.

Superintendent's Recommendation:

That the Board of Trustees approve the recommendation to accept the best value bid proposals as indicated on the attached bid tabulation as being in the best interest of San Benito CISD.

Rationale:

Currently, SBCISD purchases from local and area vendors for meals and catering services on an "as needed" basis. These items are purchased by all schools and departments districtwide.

Requests for proposals were due Tuesday, December 03, 2024, at 3:00 p.m. where they were received.

Please see the attached bid tabulation. It is the recommendation of the administration to accept all the vendors that properly submitted Form 1295-Certificate of Interested Parties, and other required forms for these items. The contract will commence from the date of Board approval for a period of one year as being in the best interest of San Benito CISD.

Paperwork Impact:

This will not generate additional paperwork for the District.

Budgetary Information:

Funds are budgeted for the 2024-2025 school year for the procurement of these items.

Property Coverage Provisions

Weather Perils: Weather Perils is an Occurrence of wind, hail, convective storm, or freeze. The Weather Perils Limit and Deductible shown on this CCS will apply to Loss (including ensuing Loss) by a Weather Peril. Weather Perils does not include Named/Numbered Windstorm.

Named/Numbered Windstorm: Named/Numbered Windstorm is an Occurrence directly caused by, resulting from, or arising from any hurricane, typhoon, tropical cyclone, tropical storm, or tropical depression that is designated by name or number by the National Weather Bureau, National Hurricane Center, or any recognized meteorological authority, including any related wind-driven rain, flood, tidal water or wave, storm surge, wave wash, surface water, overflow of bodies of water, or spray from any of these conditions. The Named/Numbered Windstorm Limit and Deductible indicated on this CCS will apply to Loss (including ensuing Loss) by a Named/Numbered Windstorm to Locations in Tier 1, Tier 2, and Harris counties. Outside of Tier 1, Tier 2, and Harris counties, the Weather Perils Limit and Deductible indicated on this CCS will apply to Loss to Covered Property directly caused by, resulting from, or arising from Named/Numbered Windstorm.

The term "Tier 1" means the Texas counties of Aransas, Brazoria, Calhoun, Cameron, Chambers, Galveston, Jackson, Jefferson, Kenedy, Kleberg, Matagorda, Nueces, Refugio, San Patricio, and Willacy.

The term "Tier 2" means the Texas counties of Bee, Brooks, Fort Bend, Goliad, Hardin, Hidalgo, Jasper, Jim Wells, Liberty, Live Oak, Newton, Orange, Victoria, and Wharton.

The term "Harris County" means the Texas county of Harris.

Percent Deductible/Occurrence Minimum Deductible: When Covered Property sustains a Loss caused by a Weather Peril (or a Named/Numbered Windstorm outside of a Tier 1, Tier 2, or Harris County Location), the Fund Member's deductible will be either a percent-based deductible or an Occurrence-based minimum deductible, depending on which is higher.

The Weather Peril (or a Named/Numbered Windstorm outside of a Tier 1, Tier 2, of Harris County Location) percent deductible will be calculated based on the designated percent, as shown on the CCS, applied to the Total Covered Value of the Loss-affected structure (including contents) in the Statement of Values schedule, which is considered a part of this CCS. This designated percentage is reflected as the deductible dollar amount listed under the deductible column of the schedule for each Loss-affected structure. The Fund will only pay once the covered Loss amount for each Loss-affected structure exceeds the deductible amount listed on the schedule. This deductible amount remains the same even if the entire structure (or contents) did not sustain a Loss. In the case of an Occurrence causing Loss to more than one member structure, the member may incur multiple percent-based deductibles, which will be added up to determine the total percent deductible.

When Covered Property sustains a Loss caused by a Named/Numbered Windstorm in a Tier 1, Tier 2, or Harris County Location, the Fund Member's deductible will be a percent-based Location deductible or an Occurrence-based minimum deductible, whichever is higher.

The Named/Numbered Windstorm percent deductible will be calculated based on the designated percent, as shown on the CCS, applied to the Total Covered Value of the Loss-affected Location. The Fund will only pay once the covered Loss amount for each Loss-affected Location exceeds the percentage deductible dollar amount. This deductible amount remains the same even if the entire Location did not sustain a Loss. In the case of an Occurrence causing Loss to more than one member Location, the member may incur multiple percent-based deductibles, which will be added up to determine the total percent deductible.

Regardless of the total percent deductible, the amount of Loss sustained, or the number of Loss-affected structures or Locations in an Occurrence, in no event will the member's total deductible obligation be less than the Occurrence-based minimum deductible listed on the CCS. To determine whether the total amount of the percent-based deductible(s) exceeds the Occurrence minimum deductible, only the actual Loss will apply toward the Occurrence minimum deductible. However, the Fund's payment obligations in excess of this Occurrence deductible are based on the Loss to each structure or Location (as applicable above) exceeding that structure's or Location's deductible dollar amount.

No coverage is available for Loss to Fund Member property excluded by the Property Coverage Agreement.

Location: Location is a single street address that is the site of the Covered Property. Locations may have multiple Covered Properties, including structures.

Flood Zone Exclusions: The Fund Member's Covered Property (as defined in the Coverage Agreement) is excluded from coverage under the Flood Endorsement of the Coverage Agreement if any portion of the Covered Property subject to loss is located in any Special Flood Hazard Areas (SFHA) beginning with 'A' or 'V' as identified on the most recently published pre-Loss FEMA Flood Insurance Rate Map (FIRM).

Other Limits: If more than one Per Occurrence Limit may be applicable, the Fund shall determine which limit will apply.

Statement of Values: The Statement of Values schedule will be provided to the Fund member before the beginning of the Participation Period and is considered incorporated into the Agreements between the Fund and the member. The Fund Member agrees to allow the Fund to conduct property appraisals of the Fund Member's property periodically and agrees to accept values provided by the Fund. The Fund reserves the right to adjust the Fund Member's Contribution for new Covered Property accepted within the first 180 days of the Participation Period.

Salvage: The Fund will have the right, at its discretion, to exercise rights of salvage to any damaged property paid for or replaced under the terms of this Agreement.

Single Ply Membrane: 'Single Ply Membrane' is a synthetic roofing material that includes EPDM, TPO, and PVC membranes. For Weather Perils, Single Ply Membrane roofs are subject to the Single Ply Membrane sublimit and deductible indicated on the CCS, except for roofs rated for Very Severe Hail by FM Global or UL Solution's equivalent rating, which are subject to the Weather Perils limit and deductible.

Fund Member Mitigation: As indicated in the Property Coverage Agreement, including Sections 9.29 and 12.5, the Fund Member must preserve Covered Property before and after Loss, or the Fund may exclude coverage.

Fund Member Notice: As indicated in the Property Coverage Agreement, including Section 13.1, time is of the essence for the Fund Member to give notice of a claim for all Loss. Coverage is only available if the Fund Member reports all Loss within 365 days of an Occurrence.

Limit Elimination: The Fund may reduce all Property limits to zero and cease all payments (promised or otherwise) to the member for any claim under this CCS if the Fund's applicable property reinsurance coverage exhausts during the Participation Period through any property claim payment to any Fund member.

Buyer and all Users shall conduct their operations in a manner that does not interrupt, impair or interfere with the operations of the interconnecting systems at or on Seller's side of the Point of Demarcation. Buyer and Users shall not adjust, align, attempt to repair, relocate or remove Seller's equipment or facilities, except as expressly authorized by Seller. If the equipment and facilities of Buyer or any User are not compatible with a Service provided to Buyer, any special interface equipment or facilities necessary to achieve compatibility shall be the sole responsibility and expense of the Buyer. Seller's equipment shall remain the sole and exclusive property of Seller, and nothing contained herein shall give or convey to Buyer any right, title or interest whatsoever in Seller's equipment. Seller's equipment shall at all times be and remain personal property, notwithstanding that it may be or become attached to or embedded in real property. Unless authorized by the Seller, Buyer shall not, and shall cause any User not to, tamper with, remove or conceal any identifying plates, tags or labels affixed to Seller's equipment or facilities and will not cause or permit Seller's equipment or facilities to be or become encumbered by any liens, security interests or other encumbrances.

(d) Buyer and, to the extent applicable, each User shall provide Seller and its agents and contractors, at no cost to Seller or its agents or contractors, all necessary or appropriate access whenever required to provide, modify and/or cease providing the Service under this Agreement, and all necessary or appropriate space, power and environmental conditions at any applicable Point of Demarcation. Where the granting of access or right-of-way to Seller and its agents and contractors requires the consent or approval of third parties, Buyer shall obtain such consent or approval on behalf of Seller and its agents and contractors. Buyer shall be liable for any loss or damage, including theft, to Seller's equipment or facilities to the extent that such loss or damage is the result of Buyer's or any Users', employees', agents' or contractors' negligent acts or omissions, willful misconduct, or breach of the terms of this Agreement.

3. **CHARGES AND PAYMENTS.** (a) The Service Order and/or Seller's Miscellaneous Price Schedule will set forth any one-time, non-recurring charges that may be applicable to the relevant Services (The "Non-Recurring Charges"), variable usage-based charges (the "Usage Charges"), and any Recurring Charges that may be applicable to the relevant Services (collectively, the "Charges"). Buyer shall be responsible for the payment of, and shall hold Seller and its Affiliates, harmless from and against, any sales, use, excise, consumption, access, bypass, gross receipts, duty, assessment, value-added and/or other taxes, fees, charges or regulatory surcharges that may arise in any jurisdiction (collectively "taxes") which are assessed by reason of the provision, sale or use of Services by Seller to Buyer under this Agreement (other than taxes imposed on Seller's net income, capital, or net worth). Buyer shall immediately pay Seller for any all such taxes. Seller may be required to report revenues from certain purchases of Services and/or make contributions based on such revenues and/or sales to a state and/or federal Universal Service Fund ("USF") and various other local, state and federal government and/or quasi-governmental programs (collectively, the "Funding Programs"). Seller may impose one or more fees and/or

surcharges to recover from Buyer the contributions made to such Funding Programs and Seller's costs associated therewith. Buyer understands and agrees that Seller may assume such contributions to the Funding Program are applicable to the Services provided to Buyer and charge and collect such assessments unless and until Buyer provides adequate exemption documentation and/or other required proof to Seller as determined by Seller in its sole discretion. Buyer shall provide any and all relevant government tax and/or Funding Program exemption proof to Seller prior to the provision of Services. If Buyer is not able to provide such satisfactory exemption proof, or there is no applicable exemption, Seller may charge Buyer, and Buyer shall pay Seller, taxes, and surcharges as set forth above. Buyer shall comply with all Applicable Laws permitting it to collect taxes or other charges from Users and/or requiring it to make payments to Funding Programs.

(b) Buyer shall be liable for Charges for all of its and any Users' use of the Services, and shall be so liable whether or not it receives payment or reimbursement for the same from Users. Seller shall provide Buyer invoices for the Charges and any other amounts owed by Buyer to Seller under this Agreement. All invoices shall be sent to Buyer's billing address set forth in the Service Order. Buyer agrees to make payment under this Agreement to Seller in available funds by check or wire transfer at such location as Seller may from time to time designate in writing on the invoice or otherwise. Buyer shall pay Seller such invoices on or before thirty (30) days after the date of the invoice for the Services provided or amounts otherwise owed under this Agreement, without deduction, setoff or delay for any reason. If the Services commence or end on a day other than the first day of a calendar month, then any Recurring Charges that are applicable for the period in which such Services commence or end shall be prorated in the proportion that the number of days the Services are provided in such month bears to the total number of days in the month. If the invoiced amount is not paid when due, then a late charge on any unpaid amount shall accrue and be owed at a rate of one and one-half percent (1 ½ %) per month, not to exceed any applicable maximum lawful rate, and Buyer shall pay to Seller any court costs, reasonable attorney's fees and all other costs of collection which Seller may incur in enforcing the terms of this Agreement. If such non-payment continues after the due date of such payment, then Seller may, without notice, suspend the Services without liability and without prejudice to its right to exercise other remedies. If any overcharge or undercharge shall at any time be found and the invoice therefore has been paid, Seller shall refund the amount of any overcharge received by Seller and Buyer shall pay the amount of any undercharge within thirty (30) days after final determination thereof; provided, there shall be no retroactive adjustment of any such overcharge or undercharge if the matter is not brought to the attention of the Seller in writing within one hundred twenty (120) days following the date the Services were provided under this Agreement regarding which the overcharge or undercharge applies; provided that such adjustment period shall be adjusted to coincide with the period in which adjustments are permitted under a third party's contract or tariff, whichever is applicable, with respect to Services provided on Third Party Facilities to the extent that such contract or tariff provides for different adjustment periods than those set forth above.

(c) In order to support Buyer's payment obligations under this Agreement, Seller may perform a credit review of Buyer from time to time. Based on Seller's credit review and/or other information available to Seller (including any history of delinquent payments), Seller may require Buyer at any time to provide adequate assurances that it will pay all obligations as they become due by providing to Seller a deposit or other Performance Assurance in the form and amount requested by Seller with five (5) days of such request. Notwithstanding provisions of Applicable Law, the Seller shall have the right to commingle, invest, and use cash collateral that Seller holds as Performance Assurance, and shall not be liable to Buyer for the payment or accrual of any interest thereon. Buyer grants Seller a present and continuing security interest in and to, lien upon, and right of set-off against any and all Performance Assurance. Upon the expiration of this Agreement, any Performance Assurance held by Seller may be applied to any outstanding charges hereunder and any remainder thereof shall be returned to Buyer, or in respect of a letter of credit, to the issuer thereof upon the settlement of the account.

4. **OPERATING AND PERFORMANCE MATTERS.** The operating and performance standards for each Service shall be as set forth in the Product Supplement for the relevant Service. Seller will provide Buyer five (5) days' prior written notice of any scheduled maintenance performed by or on behalf of Seller on its facilities that, in Seller's sole opinion, has a substantial likelihood of noticeably affecting the Service. Seller will provide Buyer as much advance notice as reasonably practicable with regard to any scheduled maintenance performed on any Third Party Facilities that provides Services under this Agreement. Notwithstanding the foregoing, in the event of an emergency, Seller will have the right to perform maintenance and/or restoration of its facilities or Third Party Facilities (including, without limitation, actions required to restore continuity to a severed or partially severed fiber optic cable, restore dysfunctional power and ancillary support equipment, or correction of any potential jeopardy conditions), and Seller will notify Buyer as soon as reasonably practicable thereafter. Buyer will follow Seller's procedures and processes for reporting repair, problem and maintenance requirements

associated with the Services provided to Buyer. If, on responding to a Buyer-initiated service call, Seller determines that the cause of a Service Outage or other problem is a failure, a malfunction or the inadequacy of Buyer's equipment or facilities, then Buyer shall compensate Seller, at Seller's prevailing rates, for time and materials expended during the service call. The remedies associated with any failure or delay of Seller (a) to provide the Services in accordance with the operating and performance standards set forth in the Product Supplement for the relevant Service, (b) to maintain and operate facilities in accordance with Sections 4 and 6, and/or (c) to otherwise perform in accordance with any other obligations it may have under this Agreement or otherwise to Buyer (any failure of Seller with respect to (a), (b), or (c) above being referred to as a "Performance Failure") shall be exclusively in the form of the liquidated damages and other express remedies (the "Performance Liquidated Damages") set forth in the Product Supplement for the relevant Service. **BUYER'S RIGHT TO RECEIVE SUCH PERFORMANCE LIQUIDATED DAMAGES SHALL BE BUYER'S SOLE AND EXCLUSIVE REMEDY AND SELLER'S SOLE AND EXCLUSIVE OBLIGATION IN THE EVENT OF A PERFORMANCE FAILURE, EVEN IF SUCH REMEDY IS DEEMED TO FAIL ITS ESSENTIAL PURPOSE.**

5. **TERM OF AGREEMENT.** (a) The term of this Agreement shall be for a period of three (3) years from the Effective Date ("Initial Term"). The term of this Agreement shall continue year to year after the Initial Term until terminated prior to the beginning of any contract year upon sixty (60) day's prior written notice by either Party delivered to the other party (with the combination of the Initial Term and any extension thereof in accordance with this Section 5(a) being referred to as the "Term"). Each Service Order placed under this Agreement shall have its own term, as indicated on such Service Order ("Service Term"). At the end of the Service Term for any Service Order, such Service Order shall continue on a year-to-year basis ("Extension Period") unless either Party gives written notice to the other that such Service Order shall not be continued, such notice to be delivered at least sixty (60) days before the end of the Service Term, or the Extension Period. Buyer's Charges, as set forth in the Service Order, for Services provided by Seller during the Service Term shall continue to apply to Buyer's Service throughout any Extension Period, unless modified by Seller on thirty (30) days' notice. If the Service Term of one or more Service Orders extends beyond the expiration or termination of this Agreement, notwithstanding the language above, then this Agreement will remain in effect as to each Service Order then in effect until the Service Terms for such Service Orders placed hereunder have expired. In no event will new Service Orders under this Agreement be permitted if the Agreement has expired or been terminated.
- (b) If Buyer desires to terminate any Service after Seller's acceptance of the Service Order and prior to the expiration of the Service Term, Buyer may do so by providing notification thereof to Seller at least thirty (30) days in advance of such termination. Unless otherwise agreed by the Parties in the Service Order for such terminated Service, in the event of any such termination, an amount equal to the Termination Charge, which shall be equal to the sum of (i) any Non-Recurring Charges applicable to the terminated Service to the extent not already paid by Buyer (including any and all waived Non-Recurring Charges); (ii) the Recurring Charge and/or minimum Usage Charges applicable to the terminated Service multiplied by the number of months (or other applicable billing interval) then remaining until the end of the applicable Service Term established pursuant to the Service Order for such terminated Service, plus any applicable taxes and surcharges for contributions to Funding Programs; (iii) any termination costs payable by Seller to any Third Party associated with any portion of the applicable terminated Service being provided on any Third Party Facilities and (iv) any reasonable internal costs that are not otherwise recovered by Seller through the payment of the amounts set forth in (i) through (iii) above.
- (c) A Party ("The Non-Defaulting Party") shall have the right to terminate this Agreement upon an Event of Default by the other Party (the "Defaulting Party") upon prior written notice to the Defaulting Party provided no later than the cure of any such Event of Default. The Non-Defaulting Party may, either additionally or in the alternative, elect to terminate one or more of the Services for which an Event of Default has occurred. An "Event of Default" shall be deemed to have occurred with respect to a Defaulting Party upon the occurrence of any of the following: (i) the failure by Buyer to make, when due, any payment required pursuant to the Agreement, or to provide Performance Assurance as provided in Section 3(c); (ii) the failure to perform any material covenant or obligation set forth in this Agreement (other than an Event of Default under (i), above, or any default for which the exclusive remedy is provided in Section 2 or, any other provision of this Agreement or the Product Supplement for the relevant Service), if such failure is not remedied within thirty (30) days after written notice thereof by the Non-Defaulting Party to the Defaulting Party; provided that if such default is not capable of being cured within such thirty day period with the exercise of reasonable diligence, then such cure period will be extended for an additional reasonable period of time (not to exceed ninety (90) days) so long as the Defaulting Party is exercising reasonable diligence to cure such failure; (iii) the Defaulting Party becomes Bankrupt; (iv) Buyer merges with or into, or reorganizes, amalgamates, consolidates or enters into any other transaction in which substantially all

of its assets are transferred to, another Person who fails to assume all of Buyer's obligations under this Agreement; or (v) Buyer fails to comply with the credit provisions set forth in Section 3(c). If an Event of Default with respect to Buyer occurs, in addition and without prejudice to its right to terminate as set forth above, Seller shall have the right without notice to Buyer to suspend the performance of all or part of its obligations under this Agreement for so long as such Event of Default is continuing. Upon termination of any Services and/or the Agreement under this Section 5(c), to the extent that Buyer is the Defaulting Party, Buyer shall be obligated to pay the Termination Charge and any outstanding charges for Services rendered prior to such termination and such obligations to pay shall expressly survive the termination of both the Services and this Agreement. **EXCEPT AS OTHERWISE EXPRESSLY SET FORTH IN THIS AGREEMENT, BUYER'S RIGHT TO TERMINATE THIS AGREEMENT AS A RESULT OF AN EVENT OF DEFAULT BY SELLER SHALL BE BUYER'S SOLE AND EXCLUSIVE REMEDY ASSOCIATED WITH SUCH EVENT OF DEFAULT.**

(d) If Buyer or any User has been permitted to install or furnish equipment or other property for use in connection with a Service ("Equipment") in any area owned or controlled by Seller, its Affiliates or their respective contractors or agents, and if Buyer fails to remove (or cause the User to remove) such Equipment from such area within ten (10) days after the expiration of the applicable Term or termination of the applicable Service Order, Seller may, without notice or demand and in addition to any other right or remedy available at law or equity, take possession of such Equipment, without being guilty of trespass. Seller may use all force necessary to effect such entry, to remove Buyer, to remove any person or User, or to remove any or all of Buyer's or a User's Equipment from such areas and store the same, all at Buyer's expense. Any Equipment removed may be stored in any public warehouse or elsewhere at the costs of and for the account of Buyer, and Seller shall not be responsible for the care or safekeeping thereof. Buyer expressly waives any and all claims for loss, destruction, damage, or injury, which may be occasioned by any of the aforesaid acts, and shall ensure that all Users agree to a substantially similar waiver. Any Equipment so removed will be returned to Buyer upon payment in full of all storage costs, past due license fees and Charges. If within ten (10) days following such Equipment removal, Buyer has not requested the return of its Equipment and paid any sums owed, then Seller may exercise all rights of ownership over such Equipment including the right to sell same and retain possession of sale proceeds. Seller's exercise of any remedies provided for in this section shall be without prejudice to any other remedies Seller may have provided for herein or by Applicable Law.

6. **INDEMNITIES AND LIMITATIONS OF LIABILITY.** (a) **Seller Indemnity.** Subject to the other provisions of this Agreement, Seller, on behalf of itself, its Affiliates, successors and assigns, agrees to indemnify, defend and hold harmless Buyer, its Affiliates, and their successors, assigns, officers, directors, employees, and agents, from and against any and all liabilities, losses, expenses and claims for personal injury or damage to tangible personal or real property that arise from or out of Seller's gross negligence or willful misconduct in performing its obligations under this Agreement.

The term "property" as used in this Section 6(b) shall include real, personal, tangible, and intangible property. **THE PARTIES INTEND THAT THE INDEMNITY OBLIGATIONS IN THIS SECTION 6(b) SHALL APPLY EVEN IF CAUSED, IN WHOLE OR IN PART BY THE SOLE, JOINT, OR CONCURRENT NEGLIGENCE OR OTHER FAULT, WHETHER PASSIVE OR ACTIVE, OF SELLER, ITS AFFILIATES, SUCCESSORS, ASSIGNS, OFFICERS, DIRECTORS, EMPLOYEES OR AGENTS.**

(e) Limitation of Representations and Warranties. EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, SELLER MAKES NO WARRANTY TO BUYER, OR ANY OTHER PERSON OR ENTITY, WHETHER EXPRESS, IMPLIED, OR STATUTORY, AS TO THE DESCRIPTION, QUALITY, MERCHANTABILITY, INFRINGEMENT, TITLE, COMPLETENESS OR FITNESS FOR ANY PARTICULAR PURPOSE OF ANY SERVICE PROVIDED OR NOT PROVIDED HEREUNDER OR DESCRIBED HEREIN, OR AS TO ANY OTHER MATTER, ALL OF WHICH WARRANTIES BY SELLER ARE HEREBY EXCLUDED AND DISCLAIMED.

(f) Survival and Duration. Claims for indemnified losses may be made so long as any claim may be made in respect of such matters under any applicable statute of limitations; provided, however, that the foregoing shall not affect any claim made in good faith prior to the date of such expiration.

- 7. **ENTIRE AGREEMENT AND AMENDMENT.** This Agreement represents the entire understanding of the Parties with respect to the subject matter of this Agreement and supersedes all previous understandings, written or oral, between the Parties with respect to the subject matter hereof. Unless provided otherwise in this Agreement, this Agreement may be amended only by a writing executed by the Parties.
- 8. **CONFIDENTIALITY.** Each party agrees that the terms of this Agreement and all information furnished to it by the other Party which is marked or reasonably identified or identifiable as confidential or proprietary, including pricing, maps, network routes, financial terms, design information, methodologies, specifications, locations or other information to which it has access under this Agreement, are deemed the confidential and proprietary information or trade secrets (collectively referred to as "Proprietary Information") of the Disclosing Party and will remain the sole and exclusive property of the Disclosing Party (the Party furnishing the Proprietary Information referred to as the "Disclosing Party" and the other Party referred to as the "Receiving Party"). The Receiving Party will treat the Proprietary Information of the Disclosing Party and the contents of this Agreement in a confidential manner and, except to the extent necessary in connection with the performance of its obligations under this Agreement, neither Party may directly or indirectly disclose the same to anyone other than its employees, agents, consultants, potential acquirers or investors, lenders, attorneys or other advisors on a need to know basis and who agree to be bound by the terms of this Section (8), without the written consent of the Disclosing Party. The Receiving Party will use Proprietary Information only as needed for the purposes of this Agreement. Information will not be deemed Proprietary Information if it (i) becomes publicly available other than through the actions of the Receiving Party; (ii) was previously known to or is independently developed by the Receiving Party free of any obligation to keep it confidential; or (iii) becomes available to the Receiving Party without restriction from a third party whose disclosure does not violate any confidentiality obligation. If the Receiving Party is required by a governmental or judicial law, order, rule, regulation or permit to disclose Proprietary Information, it must give prompt written notice to the Disclosing Party of the requirements of such disclosure and cooperate fully with the Disclosing Party to minimize such disclosure, and disclosure after such notice shall not be a breach thereof.
- 9. **AUP.** Buyer and all Users shall comply with Seller's Acceptable Use Policy ("AUP"), as set forth under the AUP link at <http://www.smartcomtelephone.com/aup>, and hereby agree to the terms thereof in their entirety as amended from time to time which are hereby incorporated into this Agreement for reference.
- 10. **CUSTOMER PROPRIETARY NETWORK INFORMATION.** Seller is required by Applicable Law to treat confidential account, usage, call detail and billing related information about the quantity, technical configuration, type, destination, location, and amount of use of Buyer's telecommunications services ("CPNI") confidentially. Buyer agrees that Seller may share CPNI within its business operations (e.g., broadband transport, colocation, direct internet access, IT services and broadband services divisions), and with businesses acting on Seller's behalf (but not to third parties not acting on Seller's behalf), to determine if Buyer could benefit from the wide variety of Seller products and services, and in its marketing and sales activities, Buyer may withdraw its authorization at any time by informing Seller in writing. Buyer's decision regarding Seller's use of CPNI will not affect the quality of service Seller provides Buyer. CPNI does not include Buyer's or any User's name, address, or telephone number. To the extent that Buyer is utilizing a consultant in procuring its Services from Seller, Buyer authorizes Seller to discuss its account, including CPNI, with such Buyer consultant.
- 11. **COUNTERPARTS AND DRAFTING.** This Agreement has been negotiated between and jointly drafted by Seller and Buyer, and the Service Order has been executed by an authorized representative of each party.
