1. What motivates you to want to become a board member?

My mother was on the school board while I was growing up and my father was on the city planning commission. They taught me to give back to the community and now it is my turn. I am an alumnus of Yukon, two of my children graduated from YHS, with two more still in the district. With that family history of public service and my background in education, I wanted the opportunity to serve the community in this area. The success of our students and the district is very important to me.

2. What do you see as the board's roles and responsibilities?

The board upholds and revises policies as needed and helps create new policies. Board members evaluate and hire the superintendent. They also listen to the parties involved in the final appeal process to be able to make an informed decision. To listen to the constituents and make sure their voices are heard. To uphold the legal obligations and to ensure open and transparent processes.

3. How would you handle the requests, if approached, by an individual? Special interest groups?

I would encourage the individual or group to follow the proper chain of command. If a person has an issue with a teacher, he should first speak with the teacher, then the principal followed by the superintendent if necessary. If a group is concerned about issue or personnel, I would direct them to the administration office.

4. What qualities, behaviors should board members exhibit?

Board members should be reasonable and patient with the ability to clearly communicate concerns and points of view. They need to be able to stand firm in their convictions while being open to other perspectives in the community. They need to support district administrators while also holding them accountable.

5. What is your vision for education in this community?

My vision for education is to hold our district to our traditionally high standards and to enhance and expand programs that will give more students greater opportunities to succeed in furthering their education, entering the workforce and living a well-rounded life. I believe our schools provide excellent learning opportunities beyond the core subject areas and that our students should have the chance to explore these other areas of interest. Educational success looks different for each student, and our district must be mindful of this when evaluating current programs, creating new ones and developing partnerships throughout the community.

6. Do you understand the role of the superintendent? Describe the superintendent's role.

The superintendent's role is to be the Chief Executive Officer of the Yukon School District. A superintendent is charged with putting together a team to lead, encourage, educate and grow all Education Professionals and Support Staff. He or she should be equipped to deliver a high-quality, well-rounded education for the Yukon community. The superintendent should strive to balance and improve the physical and financial needs of the district with the rising and changing needs of the community without compromising the spirit of the students, faculty and staff.

7. Do board members/the board have a role in the day-to-day operation of the district?

If the administration is operating in a responsible, efficient and legal manner, board members do not need to be involved in the day-to-day operation of the district.

8. Can you/should you support a board decision that you were not in favor of?

I can't imagine a situation where I would support a decision I was not in favor of.

9. What do you see as the primary work of the board?

The primary work of the board is to address policies and procedures, approve financial decisions, ensure the district is operating in a legal manner and advising the superintendent as needed.

10. What is the most important responsibility of a school board?

The most important responsibility is to make sure the educational needs of the community are being met and the residents' concerns are addressed.

##### 7.A. Minutes of the June 1, 2020, Special board meeting.

7.B. Discussion and possible action on new school calendar for school year 2020-2021.

The calendar revision serves many purposes

- Construction at Redstone has been delayed because of rain and shut down of production lines at companies because of Covid. This will give us a better opportunity to open the building if not in full, hopefully at least 4th and 5th grade ( we have made plans for 4th - 6th or just 6th to be in old 6th grade center if needed).
- With our new mandate to provide continuous learning even if we are not in school our staff needs more professional development days while on contract to learn the new program and begin the preparation of online lessons for students.
- This will also allow us a little of a buffer between the currently increasing number of cases daily and what we pray will be a decreasing trend by August.
- The end date of school does not change, it does however decrease the number of "extra" days we have available. In the case of extended weather or other somewhat predictable emergencies we will have the ability to use our learning management system and virtual classrooms to mitigate that loss of time.

7.C. Continuation of Jim Fenrick as Treasurer, Dayna Jones as Encumbrance Clerk, Brenda Smith as Deputy Treasurer, Deanne Rowe as Minute Clerk, and Amy Haberzettl as Deputy Minute Clerk for the 2020-2021 school year.

7.D. Renewal of the Sublease Agreement dated May 1, 2020, between the District and Canadian County Educational Facilities Authority for the fiscal year ending June 30, 2021, as required under the provisions of the agreement.

Cost analysis: \$16,960,000.00. There is no change in the sublease agreement or the cost of same.

##### 7.E. Declare attached listed items as surplus

7.F. Renewal of Lifetouch contract for SY 20-21

The only change in the contract from last year is the addition of Redstone Intermediate School and zero cost to the district.

7.G. Discussion and possible action on new policies DA-R1, DA-R2, and DA-R3 initially posted at the June 1, 2020, board meeting. The full policies can be found by clicking on the link: [https://docs.google.com/document/d/1qn6pFivFsD7FNns0BPel5o9ax1ghQSA7\\_00zICvrCD4](https://docs.google.com/document/d/1qn6pFivFsD7FNns0BPel5o9ax1ghQSA7_00zICvrCD4)

7.H. Contract renewals for OTIS

7.I. Continuing contract with CCEC for 18 alternative education spots for 7th through 12 graders.

Cost analysis: As in past years, the fee of \$3,500. per student for 18 students is waived for the 20-21 school year.

7.J. Renewal of contract with Core Counseling Mental Health Services

Cost analysis: No change in cost from last year.

7.K. Renewal of contract with Aspire.

Cost analysis: There is no change in this contract from last year.

7.L. Renewal of contract with Big 5. The partnership allows YPS to provide enhanced PreK services to low income children and families and allows YPS to be reimbursed 50% of the cost of a PreK teacher and a PreK classroom aide.

Cost analysis: The invoiced amount to Big Five will allow for an increase in the amount due to YPS of \$1,541.14

7.M. Discussion and possible action on activity funds for sites and departments

8. Personnel Docket:

8.A. Approval of Personnel Items as listed.

This contract is made by and between the City of Yukon Police Department; herein "City", and the Yukon Public School District; herein "District" for the purpose of establishing the terms under which the City shall provide the District with School Resource Officers and the compensation.

### Witnesseth

2. The School Resource Officers shall be initially screened by the Yukon Police Department. A list of approved candidates will be forwarded to the Principals of the aforementioned schools; each principal shall make a selection from the list of approved candidates to serve as SROs. If a Principal is not satisfied with the performance of the School Resource Officer assigned to his or her school, he or she may request the Chief of Police or his Designee to replace the officer and the Chief or his Designee shall make every attempt to do so.
3. The City shall assign the School Resource Officers to the schools as their primary duty assignment and will not regularly be assigned additional police duties. However; the City reserves the right to reassign these officers in the event of an emergency or for training.

#### B. Job Responsibilities of the School Resource Officer

1. The primary function of the School Resource Officers shall be to insure the safety of the students and faculty and provide campus security. Specifically, the School Resource Officer shall assist in limiting access to the school grounds to authorized persons, provide police protection of school property, personnel and students, investigate criminal acts on school grounds and serve as liaison between the school, the police department, juvenile officials, probation officials, courts and other agencies of the juvenile justice system.

2. The Principal shall retain his or her authority regarding all school issues. The School Resource Officer shall determine all law enforcement issues. The School Resource Officer shall communicate with the Principal regarding all law enforcement incidents on the campus or at school related activities and the Principal shall be involved in the decision making process involving custodial arrests. 3. The School Resource Officer shall attend professional development training as required by the City, District and School Resource Officers' training.
4. The School Resource officers shall be available as a resource to provide information on topics on which the officers have special competence due to their law enforcement training. The School Resource Officers shall also attempt to identify and counter deviant behavior and any other behavior that would be disruptive or unsafe to the students, faculty or district property.
5. The School Resource Officers shall make themselves visible in a public relations role in order to provide a highly visible crime deterrent on school property in order to effectively promote security and order in the schools.
6. The School Resource Officers shall also attempt to provide guidance and direction for students, parents and staff when appropriate; to work with the school administrators to resolve school-police problems; and to work with parents of troubled youth.
7. The Principal of the school to which an officer is assigned and the Chief of Police may agree to establish and modify, as needed, rules and regulations concerning the School Resource Officers' duties and schedule so long as they both agree on such changes.

C. Hours of Work

1. Unless otherwise directed by the Principal, City shall assign officers to work during the instructional days of the school year, Monday through Friday, eight hours a day, with Saturday and Sunday off. Subject to the approval of the Chief of Police, each Principal shall be responsible for determining a consistent eight-hour schedule per day for the School Resource Officer assigned to that Principal's campus.

2. Any hours scheduled by the Principal outside of the standard eight-hour day for the School Resource Officer shall be paid to the office by the District at the current security rate of pay for school activities.
3. The School Resource Officer will not work on District professional development days, during summer school, or during student holidays unless requested by the District. The School Resource Officers will not routinely work during the summer vacation. If the School Resource Officers are utilized during summer school or summer break, the District will provide request for the officer ten (10) days in advance and shall pay the City for the time worked.

D. Consideration

1. The District agrees to pay the City for the use of the four (4) School Resource Officers a total sum of \$200,000.00 (two hundred thousand dollars) for the period of ten (10) months, August to May, of the contract term. The District will pay the City \$20,000.00 (twenty thousand dollars) a month after each completed month of service. The City will pay any remaining balance of the Officer' yearly salary and benefits.
2. The City will provide law enforcement training and certifications, vehicle and police equipment; including communications equipment needed to allow the officer to contact headquarters and other officers. The District may provide any radio equipment needed to allow the officers to communicate with school staff, if desired by the District.

E. Term

1. This Contract shall be effective July 1<sup>st</sup> of 2020 to June 30<sup>th</sup> of 2021. Either City or District may cancel this contract by giving the other party thirty (30) days written notice of cancellation. Purpose and goals of applicant group To provide both financial and volunteer backing to the members of the YHS student athletic training aides. These students, both male and female, in grades 9-12 work cooperatively with school administrators, school board members, coaches and other organizations to promote the athletic program, while providing on-site support to all athletes who represent YHS across multiple

athletic teams. The YHS Sports Medicine program allows student members the opportunity to learn through hands-on experiences and explore careers in athletic training-while supporting YHS Sports Medicine faculty members.

Describe how the school district and its students will benefit if sanctioning is granted The school district and students benefit from the efforts of the Yukon Sports Medicine student athletic training aides as they attend, and provide support to all student athletic teams, players and faculty members. Through participation in various fundraisers within the community, sports medicine team members raise funds the Yukon Sports Medicine Booster Club then uses to purchase uniforms and other personal, ancillary items to support their participation as a sports medicine trainer. These funds alleviate the majority of the financial burden faced by the families of these students.

**ITEM FOR CONSIDERATION**  
**Board of Education Meeting**  
August 3, 2020

**TOPIC:** VACAVA Inc. Precision Software and Integration. This company has a software called AchieveMore used at Yukon Middle School and Yukon High School to manage student enrollments in their Rethink intervention programs on Wednesday of each week.

**RATIONALE FOR RECOMMENDATION:**

AchieveMore by Vacava is an academic intervention and enrichment scheduling, communication and tracking software. This is a continuing contract for a site license for both the middle and high school. These sites use the program for their weekly intervention and enrichment time called Rethink in which students are assigned intervention sections by specific teachers or given the choice to select enrichment sections. The total cost of the contract is \$12,200, which is the same cost as last year. However, the following change to the pay structure has been agreed upon in order to protect the district.

- Due to the current pandemic, instead of a full year contract, we have worked with VACAVA to pay three months upfront for September to November. The remainder of the contract will be month to month for December to May in order to give us flexibility to cancel if/when we have had the need to launch our continuous learning plan. With this change, Yukon Schools will pay \$4066.70 upfront with the remaining \$8133.30 being paid on a month to month needed basis at \$1355.55 per month.

**FISCAL NOTE:** This program will be paid for out of our general fund. As described above, the total cost of this continuing contract is \$12,200 with \$4066.70 being paid upfront by Yukon Public Schools for the first three months of service (September to November). The remaining six months (December to May) will be paid on a month to month basis at a monthly cost of \$1355.55 with a maximum of \$8133.30 for the last six months of service. Yukon Public Schools will make the determination of the month to month need.
