Turtle Mountain Community High School

Annual Report Summary to the School Board

School Year 2024–2025

Introduction and School Context

Turtle Mountain Community High School (TMCHS) respectfully submits this annual summary to the School Board, highlighting key accomplishments, progress toward strategic goals, and continued areas of focus for the 2024-2025 school year. TMCHS remains committed to its mission of *preparing students for a changing world while preserving culture and heritage*, while educating the whole child academically, socially, emotionally, physically, and culturally.

During the 2024-2025 school year, TMCHS served 557 students and operated with a staff of 106 employees, maintaining full staffing with no vacancies. The school population is predominantly Native American, with a significant percentage of students identified as low-income and receiving special education services. Despite these challenges, TMCHS continues to demonstrate measurable progress in student achievement, attendance, graduation outcomes, and postsecondary readiness.

The school's work is grounded in the Seven Teachings: Wisdom, Love, Respect, Bravery, Honesty, Humility, and Truth, which guide instruction, behavior expectations, leadership practices, and school culture.

Student Achievement and School Climate

Throughout the year, TMCHS students demonstrated strong engagement across academics, athletics, leadership, and community involvement. Students participated in a wide range of extracurricular and co-curricular opportunities that supported leadership development, teamwork, and civic responsibility.

Athletic programs achieved notable success, including state tournament appearances, individual state placers in wrestling, and a state championship title for the Braves Special Olympics basketball team. The school also celebrated historic milestones such as the inaugural girls' soccer game on the new turf field. These accomplishments reflect a strong commitment from students, effective leadership coaching, and community support.

Academically, students were recognized for research, leadership, and service. Highlights included student presentations at statewide academic conferences, participation in the National Honor Society and the Student Council, and student-led community service initiatives. These experiences reinforce the school's emphasis on developing well-rounded, engaged learners prepared for postsecondary pathways.

School climate efforts remained a priority, with a continued focus on student belonging, cultural identity, and positive behavior supports aligned to Indigenous values. Family and community engagement remained strong through cultural celebrations, school events, and collaborative partnerships.

Staff Excellence and Professional Capacity

TMCHS staff demonstrated high levels of dedication, professionalism, and leadership throughout the school year. Staff accomplishments included advanced degree completion, statewide and regional recognitions, and

leadership roles within the school system. The Teacher of the Year award recognized exemplary instructional practice and commitment to student success.

The school honored numerous staff members for milestones in years of service, ranging from five to thirty-five years, highlighting staff stability and institutional knowledge. Professional development opportunities supported instructional improvement, cultural responsiveness, leadership collaboration, and data-informed decision-making.

The school community also honored the memory of a valued staff member whose contributions to students, athletics, and school culture left a lasting impact. This recognition reflects the strong relational foundation that characterizes TMCHS.

Progress Toward Strategic SMART Goals

SMART Goal 1: English Language Arts (Grades 9–10)

TMCHS did not fully meet the targeted 3% increase in ELA proficiency; however, data indicate meaningful progress. The percentage of students performing at the **Novice level decreased significantly**, reflecting effective instructional strategies, targeted interventions, and MTSS supports. Long-term trend data show sustained improvement over multiple years, with student performance aligning closely with statewide averages on the ND A+ assessment.

SMART Goal 2: Mathematics (Grades 9–10)

TMCHS **met and exceeded** its mathematics growth goal, achieving a **4% increase in proficiency**. There has been a steady reduction in the percentage of students performing at the Novice level over the past four years. These gains are attributed to the implementation of math coaching, structured MTSS interventions, regular data reviews, and targeted professional learning.

SMART Goal 3: Attendance (Grades 9–12)

The school **met its attendance goal**, increasing overall attendance from **79.65% to 84.79%** year over year. Early indicators from the subsequent school year show continued improvement, particularly among freshmen and seniors. Contributing strategies included multidisciplinary student support teams, improved communication with families, digital monitoring tools, and culturally responsive engagement practices.

SMART Goal 4: Choice Ready and Graduation Rate (Grade 12)

TMCHS demonstrated exceptional progress in postsecondary readiness. The school achieved a 20% increase in Choice Ready status, growing from minimal levels four years ago to nearly 89% Choice Ready. Graduation rates increased by 14%, supported by credit recovery programming, student mentorship initiatives, and the integration of Choice Ready components into coursework and alternative education pathways.

Conclusion and Forward Focus

The 2024-2025 school year reflects continued positive momentum for Turtle Mountain Community High School. Through intentional leadership, culturally grounded practices, data-driven instruction, and comprehensive student supports, TMCHS continues to strengthen outcomes for students and families.

As the school looks ahead to the 2025-2026 school year, priorities will remain focused on sustaining academic growth, strengthening MTSS systems, improving attendance, expanding Choice Ready opportunities, and deepening the integration of culture and language across all learning environments. TMCHS remains committed to continuous improvement and to ensuring every student is supported, prepared, and empowered to succeed beyond high school.

Three Year Accountability Data

Over the past three years, Turtle Mountain Community High School has demonstrated steady and meaningful improvement in statewide accountability performance. In the 2022-2023 school year, TMCHS earned an accountability score of 71.86%, placing the school in Quartile 1 statewide. In 2023-2024, the school showed substantial growth, increasing its accountability score to 80.56% and moving into Quartile 3. This positive trajectory continued in 2024-2025, with TMCHS earning an accountability score of 83.12% and maintaining its Quartile 3 placement. Overall, TMCHS has improved by more than 11 percentage points over three years, reflecting sustained progress across academic achievement, student growth, engagement, and graduation indicators. This trend highlights the collective efforts of students, staff, families, and the community and demonstrates continued momentum toward long-term improvement.
