A. Traci Thorpe, Superintendent/CEO

Superintendent and Executive Director Honor Roll letters went out this week for first semester - 153 Superintendent and 142 Executive Director honorees were recognized. We have not yet received the ODCTE Final Feedback Report from the October Accreditation Site Visit. Due to the number of centers they were evaluating this Fall, they indicated we may not see it within the 60-day timeframe typically expected. Business and Industry Services. December B&I Breakfast was focused on the Construction Trades sector. We had over twenty attendees and representatives from nine different industry partners within the construction industry. Discussion centered around skills needed in prospective workforce, preparation courses for industry exams, and the search for higher skilled employees like Construction Superintendents and Project Managers. PTC shared about resources we can provide to support business with Quickbooks and how the WorkKeys assessment/certification can indicate preparedness and skill level for potential employees. Industry partners discussed collaborating on jobs and how beneficial that has been in providing connections with customers for different specialties needed on a job. Traci, Molly Kyler, and Janet Schwabe attended the Enid Regional Development Authority luncheon on Rural Healthcare and the impact of the Medicaid/Medicare changes for Oklahoma hospitals. The projections of the current landscape and the future with the changes fully implemented indicate that it is going to be difficult for many hospitals to continue to operate. Rural Oklahoma hospitals are particularly at risk. Capital Planning. We are in the process of training all staff for the implementation of the Centegix alert badge system. Campus first responders were trained in November, and will be finishing all staff training this week. We have performed some testing of the outdoor beacons around the perimeter of the campus and have been in communication with the police department to ensure they are also receiving the notifications as expected. We will be working with the City of Ponca City on additional crisis event planning and agreements for reunification and have communicated with PCPS about the Memorandum of Understanding we have in place with them. We were required to provide additional documentation for the USDA grant, but have done so and are still planning to go out to bid mid-January. The bid opening would be January 31st, and we anticipating finalizing the bid approvals at the February board meeting.

B. Molly Kyler, Executive Director, Business & Industry Services

Full-Time Programs

- State Superintendent of Public Instruction, Lindel Fields, and State ODCTE Director, Brent Haken, attended the PTC Area/OASA Region 4 Superintendent meeting on the 3rd, hosted at PTC. They visited with a group of 40 administrators and other school staff about updates and priorities from both agencies.
- We have received the ODCTE Final Feedback Report from the October Accreditation Site Visit. Accreditation team members reviewed the document and provided feedback to ODCTE for finalization of the report. PTC will attend the ODCTE State Board meeting in either February or March, when the school accreditation is on the agenda for approval.
- PTC students in several program areas have been competing in events to qualify for state competition.
 - SkillsUSA District Cosmetology Contest resulted in the following students qualifying to proceed to state: Post-Secondary Nails: 1st place: Jenna Waggoner; **Secondary Nails**: 1st Place: Joana Navarro; **Secondary Barbering**: 1st Place: Carlee Mayfield; 2nd Place: Emma Heath; **Secondary**

Cosmetology: 2nd Place: Layla Fishburn; 5th Place: Melody Derrick; **Secondary Esthetics:** 2nd Place: Antonia Lopez; 3rd Place: Jayden Williamson

Business and Industry Services

- PTC participated in a Zoom meeting with Eastern Oklahoma County Technology Center and eight other schools to discuss a new consortium agreement, with EOC as the lead site, for Paramedic training. Kiamichi participated to offer support, guidance and information about distance education and accreditation for the program.
- PTC has submitted Tom Riley, and Tomco Fabrication, as this year's OkACTE Partner in Progress. Tom has been an incredible partner and provided uncommon support to PTC for years, serving on the PTC Foundation Board, and went well above and beyond by opening his facilities to PTC's welding program last year during the shop renovation project. The use of his facility and the support he provided was critical in allowing our students and classes to continue without disruption during the remodel.

Capital Planning

- Annual equipment, technology and furniture requests have been submitted will be reviewed by department area supervisors and the Admin team before submission for board approval at the March meeting.
- We are waiting for the weather to warm and remain clear of winter precipitation to begin the fencing around the back of the property.
- Bids were opened for the USDA grant to update the drive around the BIS building and incubator facilities on January 30th and are on the February agenda for board approval.

Retirements/Resignations/Staff Changes

- We are collecting applications for the TANF Navigator position and hope to have a candidate identified soon. Resignation was received for Braden Fields, Safety Instructor, and the position vacancy has been opened for applications. A letter of retirement was submitted, effective June 30, 2026, for Karen Ware, Administrative Assistant in Student Services.

Upcoming Events

February 13 – Blackwell Chamber Banquet
February 16 – President's Day
February 18 – CTE Superintendent meeting – Francis Tuttle
February 20 – SkillsUSA Leadership Competition at PTC

**Directors' Report to the PTC Board of Education – February 2026

Practical Nursing

- PN students came back from Christmas break and have been working hard to complete clinicals and skills in FON and Pharm.
- The September 24 cohort first time NCLEX pass rate is 6 out of 6 and we are still waiting on three students from this cohort to test this week.
- The PN programs first time NCLEX pass rate for 2025 was 96.15%! 24 out of 25 students passed on first attempt. We are very proud of all of them and their hard work.
- The March 25 cohort went to Bethany Children's Hospital for clinicals in January and also completing mental health clinicals at Billings.
- The PN Select class are working hard in Fundamentals and learning skills. They will start Basic clinicals in Feb.
- OBN approved the updated PN Curriculum changes. The program will change hours from 1463 to 1450 in August. We have a lot to do to update with the new objectives and hours.

Health, BITE and Special Programs

Medical Services

- **Medical Assistant (MA) Program**
 - With all core skills now obtained, the MA students are shifting their focus to the administrative and legal side of the field.
 - Students have transitioned into SimChart, allowing them to practice accurate virtual charting and electronic health record management.
 - We are currently covering healthcare ethics and law, as well as the practicalities of determining health insurance coverage and navigating patient billing.

- Students are in the final countdown to starting clinicals in a couple of weeks, where they will finally put their comprehensive skill sets into practice.
- **Veterinary Assistant (VA) Program**
 - The VA students are broadening their scope to include large animal handling while continuing their specialized studies.
 - We currently have one active clinical site and I am continuing outreach in hopes of securing additional partners. I am happy to share that the Northern Oklahoma Humane Society is expected to have a new veterinarian join staff, after which, they are open to our students for part of their clinical rotations starting in March.
 - The class has been studying livestock restraint techniques and continues to advance through their Veterinary Terminology curriculum.
- **Health Services Day at the Capitol**
 - On February 10th, the entire Medical Services class (MA and VA) will attend Health Services Day at the Capitol. This is a perfect bridge for our current curriculum, as students will get to observe how healthcare laws are considered and debated, providing real-world context to our recent lessons on medical law.

Academic Math

- The Academic Lab is going well. More students are finishing up their Math or Science. We are continuing the process for those who finish, taking their Placement Exams for WorkKeys.
- Adult MA Students are progressing well. All have completed their Medical terminology course. All but one student has completed their Anatomy & Physiology course

Teacher Prep

- Teacher prep students have been busy taking their first round of assessments! First years have taken the ELCCT and returners are working to pass their Master Teacher Exam.
- We have a representative coming from Conscious Discipline on February 4th to provide our students with valuable classroom management training.
- Mrs. Day has been working on contacting our partner schools to place students for their externship experience the week of March 9-13th!

HCC

- Students are working on LTC/HHA curriculum

AEFL

- 1 student received employment

BITE

- The BITE programs are gearing up for the state BPA competition that will take place Mar. 2-4 in Tulsa. We have 15 students that will be competing in a variety of events.
- The spring season for esports starts the first week of February and we have 25 students competing this semester.

Biomed

- Our first-year students have been exploring the nervous system in a super fun way — they made brain hats! This hands-on activity helped them understand how different parts of the brain work. They also learned about how certain drugs can negatively impact the nervous system, which is an important lesson for making healthy choices.
- Meanwhile, we kicked off a new unit on patient care. Students practiced taking blood pressure and even got to try drawing blood using a phlebotomy simulation arm. It's a great way to build confidence and skills for future healthcare careers!
- Our second-year students are starting their final course: Medical Interventions. They're following a fictional patient who contracted meningitis at college and investigating the chain of infection to see who else might be at risk.
- They also completed a cool lab where they created a "superbug" — a bacteria resistant to antibiotics. Don't worry, this superbug is completely non-pathogenic, so it's safe and just a great way to learn about antibiotic resistance and why it's so important to use medicines wisely.

Children's Lab and Preschool

- In November, Cheyanne Herring and Kylia Carlson attended the annual NAEYC Conference in Orlando, Florida.
- In December, Kylia Carlson earned her Associate's Degree from Northern Oklahoma College and began working toward her Bachelor's Degree at Oklahoma State University in January.
- Cheyanne Herring welcomed her second baby girl on January 19.
- The Lab has partnered with the Ponca City Library and hosts a librarian to read to the children twice per month.

WRO

- January workshop was the week of 1/12/26 with 12 participants who completed. PO's include 2 participants attending CDL and 1 for Dental Assisting. Barrier removal includes 2 vehicle repairs, and 1 Newkirk Utility Bill. Our employment numbers for January (including December participants) were high, with "I got the job" reports all month long.

- Other WR expenditures include advertising in the PC Baseball program and at the Father Daughter Dance event that includes 2 participant/child pairs to attend: both who are thrilled to share the experience with their daughter.
- Community engagements included Cena attending WRO Data Discussion meeting in OKC, Dondi attending a variety of Chamber activities in Ponca and Tonkawa, staff distributing workshop flyers and WBBZ morning radio appearance. My Media Matters does a podcase that will air an interview done on 1/23 for their 2/12 airing on their social media.
- We have a Zoom staffing with Public Strategies rescheduled for 2/4 at 8:30am to better understand NICRA budget lines and their expectation of overhead not being more than 15% of our monthly invoice. Lastly, GREAT funding news: on 1/9/26 Melissa from PSI shared “Moving forward, **all WRO participants**, including those eligible for TANF safety net programs, may be offered supports as defined in the WRO contract, subject to available resources. This means there is no difference between participants and auditors. Everyone who attends/completes your workshop can receive a resume from the resume writer, and has access to program supports, participant barrier removal funds, and training and certification dollars. You are now better equipped to assist even more Oklahomans!” As I clarified we still give priority to TANF eligible participants as 75% of our services should be low-income as our target audience. This applies to December 2025 participants moving forward AND- the resume writers will finish the fiscal year being paid a total of \$75 per resume rather than distinguishing between Federal (\$75) and State (\$60) pay rate as of our January class.

Refill Your Cup self-care session to be held on Jan. 21

By **CALLEY LAMAR**

calley@poncacitynews.com

Pioneer Technology Center (PTC) will be hosting a special self-care focused session called "Refill Your Cup" on Wednesday, Jan. 21 from 10 am to 11:30 am.

This session, facilitated by Clear Path Leadership founder Brady Ross, will explore three counterintuitive principles that help to protect your energy and show up stronger.

Ross is a leadership coach, speaker, and trainer who helps both individuals and teams to grow clarity, confidence, and effectiveness in the way they lead. He is recognized as a Top 15 Coach, as well as one of Oklahoma City's Ten Most Influential Young Professionals. Ross is invested in leadership and coaching communities, and serves with Coach Approach Ministries and as a board member for ICF Arkansas-Oklahoma. Additional-

ly, he also serves as Director of Membership Services, and Development for Oklahoma City Young Professionals, where he supports the growth of the next generation of upcoming leaders.

The session aims to showcase how "caring for yourself isn't selfish", and why you should make room for yourself, instead of waiting until you've become drained. The National Institute of Mental Health¹ notes that self-care can help you manage stress, lower your risk of illness, and increase your energy.

Refill Your Cup will be held on the PTC campus in Room B131. The cost for the session is \$25, and those wishing to be a part of the session can reach out to Gail Boswell at 580-718-4222, or by email at gailb@pioneertech.edu.
