Unified School District No. 364
Marysville, Kansas

Independent Auditor's Report

Adverse and Unmodified Opinions

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of Unified School District No. 364 (the District), as of and for the year ended June 30, 2025 and the related notes to the financial statement.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse and Unmodified Opinions section of our report, the accompanying financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the District as of June 30, 2025, or changes in financial position and cash flows thereof for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the accompanying financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the District as of June 30, 2025, and the aggregate receipts and expenditures for they year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* (KMAAG) described in Note 1.

Basis for Adverse and Unmodified Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS), KMAAG, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statement section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinions.

Matter Giving Rise to the Adverse Opinion on U.S. Generally Accepted Accounting Principles

As discussed in Note 1 of the financial statement, the financial statement is prepared by the District on the basis of the financial reporting provisions of the KMAAG, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Responsibilities of Management for the Financial Statement

Management is responsible for the preparation and fair presentation of the financial statement in accordance with KMAAG as described in Note 1; this includes determining regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statement that is free from material misstatement, whether due to fraud or error.

In preparing the financial statement, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor’s Responsibilities for the Audit of the Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statement.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statement, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statement.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District’s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expenditures-actual and budget, individual fund schedules of regulatory basis receipts and expenditures-actual and budget, schedule of regulatory basis receipts and expenditures-agency funds (Schedules 1, 2, 3 and 4 as listed in the table of contents) are presented for purposes of additional analysis and are not required part of the basic financial statement; however, are required to be presented under the provisions of the KMAAG. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information is fairly stated in all material respects, in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1.

Other Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statement that collectively comprises the District's basic financial statement. The Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards is presented for purposes of additional analysis and is not a required part of the basic financial statement. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the basic financial statement as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 30, 2025 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENT
June 30, 2025

Note 1: Summary of Significant Accounting Policies

Unified School District No. 364 (the District) is a Kansas school district governed by an elected seven-member Board of Education. The District prepares and reports its financial information in conformance with the regulatory basis of accounting as prescribed by the Director of Accounts and Reports of the State of Kansas and published in the *Kansas Municipal Audit and Accounting Guide*.

Reimbursed Expenses

Expenditures in the amount of \$65,150 are classified as reimbursed expenses in the General Fund. The purpose of these expenditures is payments for goods and services in which fees are collected and such expenditures are exempt from the budget law under K.S.A. 79-2934.

Reimbursed expenses are defined as repayments of amounts remitted on behalf of another party. All reimbursed expenses shown in the financial statement meet the following criteria:

1. The related disbursement was made in the current year on behalf of the payee,
2. The item paid for was directly identifiable as having been used by or provided to the payee, and
3. The amount of the reimbursed expense was directly tied to the amount of the original cash disbursement.

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America

The *Kansas Municipal Audit and Accounting Guide* (KMAAG) regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The District has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement of application of generally accepted accounting principles and allowing the District to use the regulatory basis of accounting.

Regulatory Basis Fund Types

General Fund -- the chief operating fund. Used to account for all resources except those required to be accounted for in another fund.

Special Purpose Fund -- used to account for the proceeds of specific tax levies and other specific revenue sources (other than Capital Project and tax levies for long-term debt) that are intended for specified purposes.

Bond and Interest Fund -- used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.

Trust Fund - used to report assets held in trust for the benefit of the municipal financial reporting entity (i.e. pension funds, investment trust funds, private purpose trust funds which benefit the municipal reporting entity, scholarship funds, etc.).

Agency Fund -- used to report assets held by the District in a purely custodial capacity.

UNIFIED SCHOOL DISTRICT NO. 364
Marysville, Kansas
NOTES TO FINANCIAL STATEMENT
June 30, 2025

Note 1: Summary of Significant Accounting Policies (Continued)

Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute) and bond and interest funds. The statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding twelve month period on or before August 1st of each year.
2. Publication in a local newspaper of the proposed budget and this notice of public hearing on the budget on or before August 5th.
3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
4. Adoption of the final budget on or before August 25th.

If the District is holding a revenue neutral rate hearing, the budget timeline for the public hearing is adjusted to no sooner than August 20th and no later than September 20th, but at least ten days after all statutory notification and publication requirements have been met. Municipal budgets requiring a hearing to exceed the revenue neutral rate should be adopted on or before October 1st but may not be adopted prior to the revenue neutral rate hearing. The District did hold a revenue neutral hearing.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication the hearing may be held and the governing body may amend the budget at that time.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison statements are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which revenues are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the District for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budget expenditure authority lapses at year end.

A legal operating budget is not required for capital project funds, trust and agency funds, and the following special purpose funds:

Contingency Reserve	Textbook & Student Material Revolving	Title I
Title IV-A	COPS Grant	Stay Positive Test Negative
HRSA Grant	ESSER	Kids University
Gifts & Grants	Long Range Capital Outlay	

Spending in funds which are not subject to the legal annual operating budget requirement are controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

 Marysville, Kansas
NOTES TO FINANCIAL STATEMENT
 June 30, 2025

Note 2: Deposits and Investments (Continued)

K.S.A. 9-1401 established the depositories which may be used by the District. The statute requires banks eligible to hold the District's funds have a main or branch bank in the county in which the District is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The District has no other policies that would further limit interest rate or depository risk.

K.S.A. 12-1675 limits the District's investment of idle funds to time deposits, open accounts, and certificates of deposit with financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool (KMIP). The District has no investment policies that would further limit its investment choices.

Some of the District's investments are of bond proceeds invested pursuant to K.S.A. 10-131. This statute allows additional investment authority beyond that of K.S.A. 12-1675. Investments of bond proceeds may follow K.S.A. 12-1675 or include other investments such as the KMIP, direct obligations of the U.S. government or any agency thereof, and various other investments as specified in K.S.A. 10-131.

Concentration of credit risk. State statutes place no limit on the amount the District may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405. The District's allocation of investments as of June 30, 2025, is as follows:

<u>Investment Type</u>	<u>Cost Value</u>	<u>Investment Maturities (in Years)</u>	
		<u>Less than 1</u>	<u>1 - 2</u>
Kansas Municipal Investment Pool	\$ 1,230,634	\$ 1,230,634	\$ -

Custodial credit risk -- deposits. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. State statutes require the District's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. The District has no designated "peak periods". All deposits were legally secured at June 30, 2025.

At June 30, 2025, the carrying amount of the District's deposits was \$8,262,402. The bank balance was \$9,326,671. The bank balance was held by one bank resulting in a concentration of credit risk. Of the bank balances, \$250,000, was secured by FDIC insurance and the remaining \$9,076,671 was collateralized by pledged securities with a fair market value of \$9,357,627 held under joint custody receipts issued by a third-party bank in the District's name.

Custodial credit risk -- investments. For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured.

UNIFIED SCHOOL DISTRICT NO. 364
 Marysville, Kansas
NOTES TO FINANCIAL STATEMENT
 June 30, 2025

Note 3: Prior Year Debt Defeasance

In prior year, the District defeased certain general obligation bonds by placing the proceeds of new bonds in an irrevocable escrow account to provide for all future debt service payments on the old refunded bonds. Accordingly, the escrow account assets and the liability for the defeased bonds are not included in the District's financial statement. The final payout of the defeased bonds will be September 1, 2025.

At June 30, 2025, the following defeased bonds are outstanding:

Bond Series	<u>\$ 3,450,000</u>
-------------	---------------------

Note 6: Defined Benefit Pension Plan

Plan description. The District participates in the Kansas Public Employees Retirement System (KPERs), a cost-sharing, multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et. seq. Kansas law establishes and amends benefit provisions. KPERs issues a publicly available financial report that includes financial statements and required supplementary information. KPERs financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERs website at KSPERS.gov or by writing to KPERs (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions. K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERs member-employee contribution rates. KPERs has multiple benefit structures and contribution rates depending on whether the employee is a KPERs 1, KPERs 2 or KPERs 3 member. KPERs 1 members are active and contributing members hired before July 1, 2009. KPERs 2 members were first employed in a covered position on or after July 1, 2009 and KPERs 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERs member-employee contribution rate of 6% of covered salary for KPERs 1, KPERs 2 and KPERs 3 members. Member contributions are withheld by their employer and paid to KPERs according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERs 1, KPERs 2 and KPERs 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate and the statutory contribution rate (not including the 1% contribution rate for the Death and Disability Program) was 13.38% and 12.57%, respectively, for the fiscal year ended June 30, 2024. The actuarially determined employer contribution rate and the statutory contribution rate was 11.60% and 11.54% for the fiscal year ended June 30, 2025.

The 2015 Legislature passed and the Governor approved Senate Bill 228 authorizing the issuance of \$1.0 billion in pension obligation bonds to fund a portion of the School-Group's unfunded actuarial liability. The bonds were successfully issued in August 2015 and the proceeds transferred to the System.

The 2021 Legislature passed House Bill 2405, which authorizes the State of Kansas to issue pension obligation bonds, series 2021K, net proceeds of \$500 million to fund a portion of the School-Group's unfunded actuarial liability. The bond proceeds were received by KPERs on August 26, 2021.

The 2022 Legislature passed Senate Bill 421, which authorized the State of Kansas to transfer \$1.125 billion from the State General Fund directly to KPERs in Fiscal Years 2022 and 2023. The first \$253.9 million paid off outstanding accounts receivable for KPERs-School employer contributions withheld in Fiscal Year 2017 and Fiscal Year 2019 while the remaining \$871.1 million was applied to the KPERs-School unfunded actuarial liability. In Fiscal Year 2022, \$600 million was transferred in May/June 2022.

In addition, Senate Bill 421 authorizes two additional transfers in Fiscal Year 2023 which totaled \$271.1 million. The first transfer of \$146.1 million was received on August 1, 2022. The second transfer of \$125 million was received on December 1, 2022.

The State of Kansas is required to contribute the statutory required employer's share except for retired District employees. The District is responsible for the employer's portion of the cost for retired District employees. The District received and remitted amounts equal to the statutory contribution rate, which totaled \$884,091 for the year ended June 30, 2025.

UNIFIED SCHOOL DISTRICT NO. 364
Marysville, Kansas
NOTES TO FINANCIAL STATEMENT
June 30, 2025

Note 6: Defined Benefit Pension Plan (Continued)

Net Pension Liability. At June 30, 2025, the District's proportionate share of the collective net pension liability reported by KPERS was \$7,686,629. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2023, which was rolled forward to June 30, 2024. The District's proportion of the net pension liability was based on the ratio of the District's contributions to KPERS, relative to the total employer and non-employer contributions of the State/School subgroup within KPERS for the fiscal year ended June 30, 2025. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in this financial statement.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at www.kspers.gov or can be obtained as previously described.

Note 7: Other Post-Employment Benefits

As provided by K.S.A. 12-5040, the District allows retirees to participate in the group health plan. While each retiree pays the full amount of the applicable premium, conceptually, the District is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in this financial statement.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the District makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured.

Fringe Benefits

Each teacher shall be entitled once annually to elect to have a portion of the teacher's salary set aside on a Plan 125 not to exceed, \$10,000. The plan may pay for group health insurance or the following programs: term life insurance up to \$50,000, salary protection insurance, child care, and supplemental medical insurance such as dental, vision, and cancer. The District moved out of the State Health Plan January 1, 2022, to BCBS for health, Delta Dental for dental and Surency for vision. Contribution rates by the employer will be at the current rates at the time of exit from the State of Kansas Plan. If an employee participates in a HSA eligible plan, the District will make an annual negotiable contribution on the employee's behalf. The District also offers a Flex Spending account option.

Compensated Absences

The District's policies regarding vacation and sick leave are: Each full time teacher shall earn 12 days personal leave. Days not used shall roll over to either banked or sick leave. Banked leave is capped at 12 days and sick leave capped at 78 days; the superintendent is allowed twelve days leave and 12 days vacation; the principals are allowed twelve days leave accumulative to 102 days; District employees who have a nine month contract are allowed six days sick leave accumulative to 100 days; District employees who have over a nine month contract are allowed an extra day per month; ten days sick leave accumulative to 100 days; the custodians, secretaries, and U.S.D. clerk who have a twelve month contract are allowed 10 sick days and 5 days of vacation the first year of employment and 10 days of vacation for 2-14 years of employment; the director of building and grounds and the director of transportation are allowed 10 sick days accumulative to 100 and 12 days of vacation; the director of technology is allowed 12 days sick leave and 12 days of vacation accumulative to 102 days.

Liability for compensated absences is not reflected in the financial statement.

UNIFIED SCHOOL DISTRICT NO. 364
Marysville, Kansas
NOTES TO FINANCIAL STATEMENT
June 30, 2025

Note 8: Commitments and Contingencies

Grant Program Involvement

The District participates in federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the District may be required to reimburse the grant government. As of the date of this report, District management believes that any disallowed expenditures based on subsequent audits will not have a material effect on the governmental funds or the overall financial position of the District.

Note 9: Stewardship, Compliance and Accountability

Compliance with Finance-Related Legal and Contractual Provisions

Funds with a Deficit Unencumbered Cash Balance - Generally, school districts are required by K.S.A. 10-1113 to limit fund expenditures to the available monies in that fund. K.S.A. 12-1663 provides an exception for those funds which are to be financed by Federal government sources and other grants and gifts. This exception allows these funds to expend in excess of currently available resources with the expectation that the District will be reimbursed for qualifying grant expenditures.

The following funds had a deficit balance of unencumbered cash as of June 30, 2025: HRSA Grant and COPS grant. These funds are financed by State and Federal funding and the District is expecting reimbursement of qualifying grant expenditures.

Note 10: Subsequent Events

Management has evaluated the effects on the financial statement of subsequent events occurring through the date of the financial statement, which is the date at which the financial statement was available to be issued.

December 30, 2025

Board of Education
Unified School District No. 364
Marysville, Kansas

**Independent Auditor's Report on Internal Control Over Financial Reporting
and on Compliance and Other Matters Based on an Audit of Financial Statement
Performed in Accordance With *Government Auditing Standards***

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statement of Unified School District No. 364 (the District) as of and for the year ended June 30, 2025, and the related notes to the financial statement, which collectively comprise the District's basic financial statement, and have issued our report thereon dated December 30, 2025.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statement, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statement will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statement is free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

December 30, 2025
Unified School District No. 364
(continued)

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

December 30, 2025

Board of Education
Unified School District No. 364
Marysville, Kansas

**Independent Auditor's Report on Compliance for Each
Major Program and on Internal Control Over
Compliance in Accordance with the Uniform Guidance**

Unmodified Opinions

We have audited Marysville Unified School District No. 364's (the District), compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of District's major federal programs for the year ended June 30, 2025. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2025.

Basis for Unmodified Opinions

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

Auditor's Responsibilities for the Audit of Compliance (continued)

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

This purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. According, this report is not suitable for any other purpose.

SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS (CONTINUED)
For the Year Ended June 30, 2025

Note 1: Basis of Presentation

The schedule of expenditures of federal awards includes the federal grant activity of the District and is presented on the cash basis of accounting, modified to include recognition of accounts payable and encumbrances.

The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance).

Note 2: Non-Cash Assistance, Insurance, and Loans

The District did not receive or expend any Federal awards in the form of noncash assistance, insurance, loans or loan guarantees for the year ended June 30, 2025.

Note 3: Indirect Cost Rate

The District has not elected to use the 10% de minimis indirect cost rate provisioned by the Uniform Guidance, Section 414 for reporting costs charged to federal award programs.

Reportable conditions identified not considered to be material weaknesses?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> None reported

Type of auditor's report issued on compliance for major programs: Unmodified

Any audit findings disclosed that are required to be reported in accordance with Title 2 U.S. Code of Federal Regulations (CFR) Part 200.516(a)? Yes No

Identification of major programs:

Name of Federal program	CFDA Number(s)
Child Nutrition Cluster	10.553/10.555/10.556/10.559
Special Education Cluster	84.027 and 84.173

Dollar threshold used to distinguish between Type A and Type B programs: \$ 750,000

Auditee qualified as a low-risk auditee? Yes No

Note:

Beginning with the year ended June 30, 2016, the criteria for determination of low-risk auditee status was changed by the U.S. Office of Management and Budget (OMB). Specifically, the regulatory basis of accounting prescribed by the State of Kansas does not meet the criteria established by OMB in the Uniform Grant Guidance (UGG). The District continues, however, to meet each of the other criteria for low-risk auditee status.

Section II - Financial Statement Findings

No matters were reported

Section III - Federal Award Findings and Questioned Costs

There were no current year findings or questioned costs.

RE: Epoxy Flooring Phase I Elementary and Transportation Office

Greenbush # 22.7 ESC-PROJMGMT2022

Mr. Darren Schroeder:

We are pleased to offer our proposal for installing epoxy flooring at Marysville Elementary Phase 1 (cafeteria, entry) and at the transportation office. We have based this proposal on a preliminary site visit and performing the work during normal school hours.

Epoxy Floor at Marysville Elementary:

- removal of carpet tile
- install new epoxy four coat full flake system with 4" epoxy cove base
- wainscoting over blue glazed tile
- chemical resistant topcoat
- 4'x4' logo in entrance

Epoxy Floor at Transportation Office:

- removal of tile and vinyl base
- install new epoxy four coat full flake with 4" epoxy base
- with high traffic urethane chemical resistance topcoat

Price for this scope of work is: **\$63,592**

Not included is any state or local sales tax, bond, high moisture primer if needed, work beyond this scope.

Sincerely,
DCS Services
Darrel Kohlman
Darrel Kohlman

DCS SERVICES TERMS and CONDITIONS

Acceptance. A proposal made upon these terms is subject to acceptance within thirty days from date and the prices are subject to change without notice prior to acceptance by Customer. If your order is an acceptance of a written proposal, on a form provided by DCS Services (DCS), without the addition of any other terms and conditions of sale or any other modification, this document shall be treated solely as an acknowledgement of such order, subject to credit approval. If your order is not such an acceptance, then this document is DCS's offer, subject to credit approval, to provide the goods and/or Work solely in accordance with the following terms and conditions of sale. If we do not hear from you within two weeks from the date hereof, DCS shall rely upon your silence as an acceptance of these terms and conditions and performance will be made in accordance herewith. Customer's acceptance of goods and/or Work by DCS on this order will in any event constitute an acceptance by Customer of these terms and conditions.

Contract Price & Taxes. The Contract Price includes standard ground transportation and, if required by law, includes all sales, consumer, use and similar taxes legally enacted as of the date hereof only for equipment and material installed by DCS. Equipment sold on an uninstalled basis and any taxable labor do not include sales tax and applicable taxes will be added.

Exclusions From Work. DCS's obligation is limited to the Work as defined and does not include any modifications to the Premises under the Americans with Disabilities Act or any other law or building code(s).

Construction Procedures. DCS shall supervise and direct the Work using its best skill and attention and have exclusive control over construction means, methods, techniques, sequences and procedures.

Payment Terms. Customer shall pay DCS invoices within net thirty (30) days of invoice date. DCS may invoice Customer for all equipment or material furnished, whether delivered to the installation site or to an off-site storage facility and for all work performed on-site or off-site. No retention shall be withheld from any payments except as expressly agreed in writing by DCS, in which case retention shall be reduced per the contract documents and released no later than the date of substantial completion. Under no circumstances shall any retention be withheld for the equipment portion of the order. If payment is not received as required hereby, DCS may suspend performance and the time for completion shall be extended for a reasonable period of time not less than the period of suspension. Customer shall be liable to DCS for all reasonable shutdown, standby and start-up costs as a result of the suspension. All amounts outstanding 10 days beyond the due date are subject to a service charge not to exceed 1.5% of the principal amount due or the maximum allowable legal interest rate, retroactive to the due date. Customer shall pay all costs (including attorneys' fees) incurred by DCS in attempting to collect amounts due and otherwise enforcing these terms and conditions.

Time for Completion. Except to the extent otherwise expressly agreed in writing signed by an authorized representative of DCS, all dates provided by DCS or its representatives for commencement, progress or completion are estimates only. While DCS shall use commercially reasonable efforts to meet such estimated dates, DCS shall not be responsible for any damages for its failure to do so.

Access. DCS and its contractors or subcontractors shall be provided access to the Premises during regular business hours, or such other hours as may be requested by DCS and acceptable to the Premises' owners or tenant for the performance of the Work, including sufficient areas for staging, mobilization, and storage. DCS's access to correct any emergency condition shall not be restricted.

Permits and Governmental Fees. DCS shall secure (with Customer's assistance) and pay for building and other permits and governmental fees, licenses, and inspection necessary for proper performance and completion of the Work, which are legally required when bids from DCS's subcontractors are received, negotiations thereon concluded, or the effective date of a relevant Change Order, whichever is later. Customer is responsible for necessary approvals, easements, assessments and charges for construction, use or occupancy of permanent structures or for permanent changes to existing facilities.

Utilities During Construction. DCS shall be provided without charge all water, heat, and utilities during performance of the Work.

Concealed or Unknown Conditions. In the performance of the Work, if DCS encounters conditions at the Premises that are (i) subsurface or otherwise concealed physical conditions that differ materially from those indicated on drawings expressly incorporated herein or (ii) unknown physical conditions of an unusual nature that differ materially from those conditions ordinarily found to exist and generally recognized as inherent in construction activities of the type and character as the Work, DCS shall notify Customer of such conditions promptly, prior to significantly disturbing same. If such conditions differ materially and cause an increase in DCS's cost of, or time required for, performance of any part of the Work, DCS shall be entitled to, and Customer shall consent by Change Order to, an equitable adjustment in the Contract Price, contract time, or both.

Asbestos And Hazardous Materials. DCS's Work and other services in connection with this Agreement expressly excludes any identification, abatement, cleanup, control, disposal, removal or other work connected with asbestos, polychlorinated biphenyl ("PCB"), or other hazardous materials (hereinafter, collectively, "Hazardous Materials"). Customer warrants and represents that, except as set forth in a writing signed by DCS, there are no Hazardous Materials on the Premises that will in any way affect DCS's Work and Customer has disclosed to DCS the existence and location of any Hazardous Materials in all areas within which DCS will be performing the Work. Should DCS become aware of or suspect the presence of Hazardous Materials, DCS may immediately stop work in the affected area and shall notify Customer. Customer will be responsible for taking any and all action necessary to correct the condition in accordance with all applicable laws and regulations. Customer shall be exclusively responsible for any claims, including the payment thereof, arising out of or relating to any Hazardous Materials on or about the Premises, not brought onto the Premises by DCS. DCS shall be required to resume performance of the Work in the affected area only in the absence of Hazardous Materials or when the affected area has been rendered harmless. In no event shall DCS be obligated to transport or handle Hazardous Material, to provide any notices to any governmental agency, or to examine the Premises for the presence of Hazardous Materials.

Conditions Beyond Control of Parties. If DCS shall be unable to carry out any material obligation under this Agreement due to events beyond its control, such as acts of God, governmental or judicial authority, insurrections, riots, labor disputes, labor or material shortages, fires, or explosions, this Agreement shall at DCS's election (i) remain in effect but DCS's obligations shall be suspended until the uncontrollable

event terminates; or (ii) be terminated upon ten (10) days notice to Customer, in which event Customer shall pay DCS for all parts of the Work furnished to the date of termination.

Customer's Breach. Each of the following events or conditions shall constitute a breach by Customer and shall give DCS the right, without an election of remedies, to terminate this Agreement by delivery of written notice declaring termination, upon which event Customer shall be liable to DCS for all Work furnished to date and all damages sustained by DCS (including lost profit and overhead): (1) Any failure by Customer to pay amounts due more than thirty (30) days after the date of the invoice thereof; or (2) Any failure by Customer to perform or comply with any material provision of this Agreement.

Indemnification. DCS and Customer shall indemnify, defend and hold each other harmless from any and all claims, actions, costs, expenses, damages and liabilities, including reasonable attorneys' fees, resulting from death or bodily injury or damage to real or personal property, to the extent caused by the negligence or misconduct of their respective employees or other authorized agents in connection with their activities within the scope of this Agreement. However, neither party shall indemnify the other against claims, damages, expenses or liabilities to the extent attributable to the negligence or misconduct of the other party. If the parties are both at fault, the obligation to indemnify shall be proportional to their relative fault. The duty to indemnify will continue in full force and effect, notwithstanding the expiration or early termination hereof, with respect to any claims based on facts or conditions that occurred prior to expiration or termination. Notwithstanding any contrary provision, neither party shall be liable to the other for any special, incidental, consequential or punitive damages.

Workmanship And Equipment Warranty. DCS warrants that, for a period of one year from the date of substantial completion (the "Warranty Period"), DCS equipment installed hereunder and Work (i) shall be free from defects in material, manufacture, and workmanship and (ii) shall have the capacities and ratings set forth in DCS's catalogs and bulletins; substantial completion shall be the earlier of the date that the Work is sufficiently complete so that Customer can utilize the Work for its intended use or the date that Customer receives beneficial use of the Work. For DCS equipment not installed by DCS, the Warranty Period is the lesser of 12 months from initial start-up or 18 months from the date of shipment. If such defect is discovered within the Warranty Period, DCS will correct the defect or furnish replacement equipment (or, at its option, parts therefore) and, if said equipment was installed pursuant hereto, labor associated with the replacement of parts or equipment not conforming to this warranty. No liability whatever shall attach to DCS until said equipment and Work have been paid for in full and then said liability shall be limited to DCS's cost to correct the defective Work and/or the purchase price of the equipment shown to be defective. Equipment and/or parts that are not manufactured by DCS are not warranted by DCS and have such warranties as may be extended by the respective manufacturer. DCS's warranties expressly exclude any remedy for damage or defect caused by corrosion, erosion, or deterioration, abuse, modification or repairs not performed by DCS, improper operation, or normal wear and tear under normal usage. DCS shall not be obligated to pay for the cost of lost refrigerant.

THE WARRANTY AND LIABILITY SET FORTH IN THE PRECEDING PARAGRAPH ARE IN LIEU OF ALL OTHER WARRANTIES AND LIABILITIES, WHETHER IN CONTRACT OR IN NEGLIGENCE, EXPRESS OR IMPLIED, IN LAW OR IN FACT, INCLUDING IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR USE OR FITNESS FOR A PARTICULAR PURPOSE. IN NO EVENT SHALL DCS BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL, OR PUNITIVE DAMAGES.

Applicable Law. This agreement is made and shall be interpreted and enforced in accordance with the laws of the state in which the Work is performed.

Assignment. Customer may not assign, transfer, or convey this Agreement, or any part hereof, or its right, title or interest herein, without the written consent of DCS. Subject to the foregoing, this Agreement shall be binding upon and inure to the benefit of Customer's successors and assigns.

Complete Agreement. This Agreement shall constitute the entire agreement between both parties and this Agreement may not be amended, modified or terminated except by a writing signed by the parties hereto. No documents shall be incorporated herein by reference except to the extent DCS is a signatory thereon.

Equal Employment Opportunity/Affirmative Action Clause. The DCS is a federal contractor which complies fully with Executive Order 11246, as amended, and the applicable regulations contained in 41 C.F.R. Parts 60-1 through 60-60, 29 U.S.C. Section 793 and the applicable regulations contained in 41 C.F.R. Part 60-741; and 38 U.S.C. Section 4212 and the applicable regulations contained in 41 C.F.R. Part 60-250.

Price Increases. Prices stated are firm provided that notification of release for immediate production and shipment is received at the factory not later than five months from order receipt. If such release is received later than five months from order receipt date but within eight months of order receipt date, prices will be increased a straight 1% (not compounded) for each one-month period (or part thereof) beyond the five-month firm price option, or the order will be cancelled. If for any reason Customer delays shipment after release, prices are subject to increase as stated herein.
