President George presided and conducted. The Board of Education met in a study session to discuss the following:

A. Student and Employee Health and Wellness Update

Dr. Anderson, Associate Superintendent, invited Travis Hamblin, Director of Student Services, and McKinley Withers, Health and Wellness Specialist, to share information about Health and Wellness supports and offerings.

Mr. Hamblin explained student wellness supports include: psychologists, school-based mental health therapists, school counselors, and mental health teams. He said this is the forty-sixth year of the Jordan Family Education Center which provides many resources for students as well as families.

Mr. Hamblin highlighted other wellness resources such as: tiered supports and intervention, crisis response, teen centers, at-risk supports, and school safety supports.

Dr. Withers indicated that the Health and Wellness department focuses on three areas: student crisis prevention, mental health services for students, and wellness for employees. Dr. Anderson praised intervention programs like Bark (a content monitoring software) and SafeUT that have saved lives of students in the District.

Dr. Withers shared student health and wellness data and employee wellness highlights, and emphasized the value of mental health resources for both groups. He gave information on the upcoming Health and Wellness Day that will be held February 6, 2026, noting there will be numerous "stress buster" activities students can complete on this virtual learning day. District employees can also take advantage of many wellness activities sponsored by local business partners.

Mr. Barnett said some constituents question the value of providing a Health and Wellness Day for employees and students. Dr. Godfrey said the District is trying to fill gaps in student wellness which directly affects learning. In addition, mental health services are always done in collaboration with families

to support what is happening in the home. Mr. Dunford added that the District is solving mental health issues that are happening in school.

Board members asked about advertising for Health and Wellness Day and Mr. Hamblin said ParentSquare messages have been sent to families and Jordan Employee Memos have also been sent electronically. Dr. Godfrey said another email will go out to parents today and schools will send out more information to students in the next few days. Dr. Withers said information on Health and Wellness Day can be found at wellnessday@jordandistrict.org.

B. Review of Summer Project

Brian Barnett, Facilities Committee Chair, explained the lighting and sound project at Elk Ridge Middle School was partially approved at a former Board meeting, but was removed in favor of a Daybreak remodel. The Auxiliary Services Department suggests going out to bid on this project along with other summer projects. After discussing the need, the following motion was made:

MOTION: It was moved by Bryce Dunford and seconded by Brian Barnett to instruct staff to pursue a bid for sound and lighting upgrades at Elk Ridge Middle School.

Ms. Barrow asked if the virtual schools will be using Elk Ridge Middle School for graduation ceremonies this year and Dr. Godfrey confirmed this.

Dr. Godfrey said the bid for this project will come in after other capital projects have been approved. President George called for a vote and the motion passed unanimously.

C. Enrollment Considerations

Brian Barnett, Facilities Committee Chair, referred to the Enrollment Considerations for Growth document on BoardBook with guidelines outlining potential action for schools with declining enrollment. He said there was confusion after a recent Facilities Committee meeting about who should be invited to participate in the meeting, to discuss a school on the enrollment "watch list." Occasionally, a school being discussed is represented by a Board member not on the Committee, so the Board considered protocol for this situation.

The Enrollment Considerations document states: "The Facilities Committee chair will notify the Board member representing the area under consideration if that member is not on the Facilities Committee." It was proposed to change the wording "notify" to "consults with" and specify this communication happen "prior to the initial meeting and throughout the process". All agreed with this recommendation.

Mr. Dunford also suggested Policy A13 *School Consolidation/Closure* be revised to align with the Trigger Point document. It was decided this will be brought back for further discussion in a future study session.

D. Legislative Review

Suzanne Wood, Government Relations Chair, thanked Dr. Anderson for his expertise in legislative matters. She gave a reminder of the February 11, 2026 Legislative Day on the Hill and February 18, 2026 JSD Board/Legislator luncheon with high school student body officers. Ms. Wood invited Dr. Anderson to give a review of proposed legislation that could affect the District.

Associate Superintendent Anderson said there are many proposed cuts, including the "One Beautiful Bill" that will impact income tax and cause an estimated \$300 million shortfall statewide. He said the recommended weighted pupil unit (WPU) is projected to be a 4.2% increase; and bills of interest and items of concern include the following:

- HB241 – Charter school amendments, which give charter schools the first right of refusal on school properties being sold.

Due to time constraints, it was decided to return to this discussion in a continued study session after tonight's business meeting.

At 6:06 p.m., the meeting adjourned. The general session started at 6:36 p.m.

Niki Goerge requested data on the enrollment capacity and number of students accepted in these programs and Dr. Godfrey said he will share historical as well as current data with the Board as it becomes available.

Ms. Barrow asked how parents were given the information about the open house. Dr. Godfrey said secondary students received a ParentSquare notification.

V. **Discussion Items**

A. **Committee Reports and Comments by Board Members**

Brian Barnett reported on the Facilities Committee which is hoping to gather information from the Board on under-enrollment issues at some District schools. Mr. Barnett asked the Board if there was any interest in analyzing the remodel or upgrade needs of middle schools in the District. Board members agreed with this suggestion.

Lisa Dean gave a reminder about the Jordan Education Foundation Outstanding Educator Awards bus tour day on March 19, 2026 and the LEAC meeting scheduled for February 9, 2026 at JATC South.

President George reminded Board members of the January 30, 2026 Legislative “Day on the Hill” for those who wish to attend. She said the Joint Legislation Committee will be discussing the recent “Public Education Day” at their next meeting.

Darrell Robinson, Board Member
Suzanne Wood, Board Member

Lisa LeStarge, Administrative Assistant

President George presided and conducted. The Board of Education continued its study session to discuss the following:

D. Legislative Review, continued

Dr. Anderson resumed his presentation about proposed legislation that could affect Jordan School District. Other bills of interest and items of concern include the following:

- SB69 – Cell phone bill which proposes a bell-to-bell ban on cell phones in all classrooms. However, LEA’s can make a policy to modify this policy if they choose.
- HB256 – Shifts Board elections from non-partisan to a partisan format. If passed, it would take effect in the 2027 election cycle.
- SB62 – School funding bill which modifies the WPU on the current year October enrollment instead of using the average daily membership.
- SB164 – School construction amendment that requires all school construction to be overseen by the Division of Facility Construction Management (DFCM). As JSD currently uses in-house construction experts, it is estimated this could cost the District up to 1.5 percent more.
- SB52 – Substitute teacher requirements that remove the 20-day limit on non-licensed subs.
- SB62 – Income tax fund (a version of last years’ vetoed bill SB37) which allows the legislature more flexibility with using income tax.
- HB293 – Would require schools to initiate an additional sports moratorium in the summer. In addition, it would limit practice time to fifteen hours per week and double off-season moratoriums.

President George wondered if limits should also be placed on the time students spend working on charity drives and Mr. Robinson suggested possibly holding charity drives at another time of year, rather than during the winter holiday season.

President George thanked Dr. Anderson for his advocacy and keeping the Board well-informed.

E. Review of Board Policies GP105 through GP110

President George initiated a review of the following policies, and Board members made suggestions as follows:

- GP105 *Board President's Role* – It was suggested a policy review cycle be more general, rather than on a specific calendar timeline. In reference to the items the Superintendent is required to report on, President George requested this be aligned with new Ends policies. Ms. Barrow added that GP105 and the appendix should be aligned to specify that the Board President or designee provides training for new Board members.
- GP106 *Board First Vice President's Role*
- GP107 *Board Second Vice President's Role* – It was proposed that GP106 and GP107 be merged and specify both the First and Second Board Vice Presidents be chairs of the Finance and Facilities Committees, respectively; with the Board President designating which will serve as chair of these specific committees. In addition, the Board President shall assign the parliamentarian for the Board.
- GP108 *Meeting Planning* – It was suggested to remove Town Hall meetings and to change the verbiage of “may” plan to “may and/or will” plan specified meetings.

It was decided to revise the discussed policies as proposed and Mr. Dunford will bring them back to the Board Policy Committee on February 4, 2026. It was also decided to discuss policies GP109 *Construction of the Agenda* and GP110 *Public Participation at Board Meetings* at a future date.

Ms. Barrow also mentioned GP108 states the Board will do a “re-exploration” of Ends Policy annually. She suggested this wording be changed to “review” instead.

MOTION: At 9:21 p.m., it was moved by Lisa Dean and seconded by Erin Barrow to go into closed session and to adjourn the closed session at the close of the meeting. The motion passed with a unanimous vote.

Jordan School District
MINUTES OF BOARD OF EDUCATION MEETING
February 10, 2026

The Board of Education of Jordan School District met in a study session on Tuesday, February 10, 2026, beginning at 4:00 p.m. in the Jordan Academy for Technology and Careers South Campus, 12723 S., Park Avenue, Riverton, Utah.

STUDY SESSION

Those recognized or signed in as present:

Niki George, Board President
Bryce Dunford, First Vice President
Brian W. Barnett, Second Vice President
Erin Barrow, Board Member
Lisa Dean, Board Member
Darrell Robinson, Board Member
Suzanne Wood, Board Member
Anthony Godfrey, Superintendent
John Larsen, Business Administrator
Michael Anderson, Associate Superintendent
Paul Van Komen, BVKTS Law
Scott Thomas, Administrator of Auxiliary Services
Ian Roberts, Facility Capital Outlay Manager, Facility Services
Roxane Siggard, Administrative Assistant, Office of the Superintendent

President Niki George called the meeting to order and welcomed everyone. The Board of Education met in a study session to discuss the following:

A. Draft Resolution of Salt Lake County Hazard Mitigation Plan

Scott Thomas, Administrator of Auxiliary Services, explained that the need for a Hazard Mitigation Plan was first brought to the Board in September 2024, as a requirement to qualify for FEMA funding in the case of a large natural disaster. During this initial discussion, the options for a Hazard Mitigation Plan for Jordan School District were to: 1) develop its own plan; 2) join a multijurisdictional plan with Salt Lake County; or 3) annex into another plan. The Board at that time directed staff to proceed with joining Salt Lake County. The Board of Education must now adopt a resolution to demonstrate its commitment to hazard mitigation and to achieve the goals outlined in the 2025 Pre-Disaster Mitigation Plan.

Ian Roberts, Facility Capital Outlay Manager, answered specific questions about the mitigation plan. This is a five-year plan that does not bind the District financially, but rather brings awareness. Jordan staff took part in workshops, gave input, and identified hazards and mitigation in helping to develop the plan. Paul Van Komen assisted in drafting the resolution. Suzanne Wood pointed out that this resolution is in line with policy AA435 *Community Emergency Management Programs*, which states that the District will cooperate with local, county, state and federal agencies in the event of an emergency or disaster. Staff was directed to include the resolution on the February 24, 2026, consent agenda for approval.

B. Exception Request to Administrative Policy AA414 Student Overnight Travel

Brad Sorensen, Administrator of Schools, and Thomas Gatten, Principal, Herriman High School, presented a request for an additional local overnight trip for the Herriman High School track team. The team would like to participate in a track tournament in St. George in April 2026. The benefits

would include giving additional opportunities to qualify for the state tournament and increasing the team's standings.

MOTION: Darrell Robinson made the motion to approve the additional trip for the Herriman High School track team. Bryce Dunford seconded. The motion was approved unanimously.

C. Discussion Regarding the Approval Process for the 2026-27 Student Fee Schedule

President George explained the purpose of reviewing the process for approving the fee schedule. Dr. Godfrey expressed the desire to have Board members' questions answered prior to requesting approval. Questions and discussion on fees included the following:

- Is it okay to charge different fees for the same program in schools?
 - The consensus of the Board was that the answer is "yes."
- Do we want a narrow or broad path to graduation without fees?
 - The requirement under the law is that a student can go all the way through high school to graduation without paying any fees. Dr. Godfrey said that it would cost approximately \$700,000 to eliminate fees on all entry-level elective classes. Staff is to bring back options for both a narrow, least expensive pathway with only enough options to graduate, and a wider, more expensive pathway that would provide more opportunities for electives needed for graduation without incurring fees.
- Can parents raise concerns without damaging relationships?
 - The Board discussed having an anonymous way for parents to make fee complaints vs. talking to a coach/school with possible repercussions. Options were reviewed that are already in place for anonymous reporting, including the Superintendent's "SOS" communication link on his webpage, where he can communicate directly through email. Parents are encouraged to first work through the school, then consider "SOS" second.
- Can teams make additional charges outside the voted fee?
 - No.
- Can a fee be amended after approval?
 - The amended fee schedule would need to go through the same process, including the opportunity for public comment and Board approval.
- How can parents see the way their fees are being used?
 - Board members requested that the fee schedule include a statement that parents may request information on the budget and spending from their school.
- What are principals hearing?
 - Brad Sorensen, Administrator of Schools, will report on this at the next meeting.

Athletic fees for Jordan District high schools include covering the cost of transportation, which is a big part of the expense, whereas some districts pay for transportation for athletics. Mr. Robinson felt this was good information to provide to parents since Jordan's athletic fees are higher than those of other districts.

A fee schedule must be approved by April 1, 2026, to comply with Utah code. The timeline for approving the 2026 Student Fee Schedule is:

February 24, 2026	Presentation on fees (the fee website would go live for the public after the Board gives approval) Opportunity for Public Comment #1
-------------------	---

March 10, 2026	Discussion in study session Opportunity for Public Comment #2
March 24, 2026	Special Business item to approve fee schedule Public comments on special business item

Dr. Godfrey will check on the specific requirements for public comments vs. public hearing and email Board members with that information.

D. Calendar Committee Representative

Dr. Anderson recommended that the nominated parent serve on the Calendar Committee as the Herriman Feeder parent representative. In accordance with Administrative Policy D207 *Calendar Development*, he asked for the Board's approval for her appointment. After discussion and review of the website for the Calendar Committee, including how a parent could get on the Committee, the following motion was made:

MOTION: Brian Barnett made the motion to approve the nominated parent to serve on the Calendar Committee as the Herriman Feeder parent representative. Lisa Dean seconded. The motion was approved unanimously.

E. Continued Discussion on Under-Enrolled Schools on Watch List

Brian Barnett, Chair of the Facilities Committee, noted that policy A13 *School Consolidation/Closure* gives the Facilities Committee the responsibility to analyze trigger point data as well as school information and make recommendations to the Board. He emphasized that this discussion is to determine the Board's appetite for consolidating and closing schools that are under-enrolled. The reasons for closing an under-enrolled school include the cost to maintain the school, limited curriculum when there are not enough students to fill classes, and class and teacher flexibility. Rather than discussing specific schools, the Committee is looking for a general approach, from less aggressive to more aggressive.

Board members reviewed draft enrollment maps from Planning and Enrollment, and expressed the desire to look at plans that would be less aggressive to the center of the scale. Mr. Barnett felt he had enough information for the Facilities Committee to proceed with reviewing the data and bringing back options.

F. Legislative Review

Dr. Anderson reviewed the bills being tracked by USBA. He said the 5% cut that state departments are being asked to make is currently a budget exercise. If this reduction is finalized, among the cuts would be the digital grant, and the funds for professional development would be cut by 44%. Representative Tracy Miller was instrumental in keeping the flexible line item intact.

Bills reviewed were:

- HB236 – Clarifies property tax notification requirements for Truth in Taxation hearings; districts must prove they can continue with a fallback plan if the tax increase is not approved; supported by the Joint Legislative Committee (JLC).
- SB 241 – Early literacy/80% proficiency in reading for third graders by 2030; schools not meeting the goal must allocate 50% of their TSSA plans to improve reading; student retention would occur in third grade.

- HB170 – Referendums would be allowed on school board decisions that are not made with a super majority (at least 5-2 vote for Jordan); Mr. Van Komen stated the bill may have constitutional issues.
- HB273 – Referred to as the “balance act”, it would limit screen time for students; it would not apply to online schools or carve-outs/ 504, etc.
- HB293 – Schools would be required to initiate an additional sports moratorium in the summer; it would also limit practice time to fifteen hours per week and double off-season moratoriums.
- HB 467 – Utah Fits All Scholarship changes; it tightens who and what types of schools/programs qualify.
- HB 241 – Puts charter schools on par with cities for first right of refusal when school districts surplus property.
- HB440 – School lunch amendment; requires SCC to take considerable responsibility for school lunch targets. JLC opposes, as it should be a local decision.
- HB528 – Affects local school board reporting.
- SB167 – Requires reintegration plans for students who have committed serious offenses; data to be shared between districts in cooperation with the Juvenile Justice Center.

G. Review of Board Policies GP108 through GP110

Bryce Dunford, Chair, Board Policy Committee, led a discussion on each of the policies and asked for input on areas of concern. The Policy Committee will make the recommended revisions and bring the policies back for review at a future meeting.

- *GP108 Meeting Planning* – The revisions that were discussed at the last meeting were reviewed.
- *GP109 Construction of the Agenda* – The effectiveness of using the current tracking document to request items be placed on the agenda was discussed. It was decided to continue the practice with the option to include the date by a Board member’s name when it is seconded. Wording changes were recommended for section C.4., and section D. needs to be clarified.
- *GP110 Public Participation at Board Meetings* – Board members discussed section B. concerning adding emailed comments as another option for public participation.

H. Board and Superintendent Reports and Comments

Brian Barnett said the Facilities Committee will be meeting in a week.

Chair Bryce Dunford said the Finance Committee does not have a meeting scheduled, but will be getting together as soon as they have the projections needed to work on the budget.

Chair for the Licensed Employee Committee (LEAC), Lisa Dean, gave an update on the meeting that was held on February 9, 2026. Mr. Dunford and President George attended along with Dr. Anderson and Dr. Godfrey. The focus of the meeting was on behaviors in the classroom. One item mentioned was arena scheduling as being somewhat problematic for behavior when groups of friends are in the same class. Mr. Robinson asked for further discussion on the topic at another meeting.

Chair of the Joint Legislative Committee (JLC), Niki George, said she is now chairing the USBA Legislative Committee. Included in her new responsibilities will be planning the pre-delegate and delegate assemblies. JLC is meeting every Friday on The Hill, which she said is advantageous with increased face time with legislators. She will forward the legislative update to the Board each week.

Erin Barrow reported on the Region 6 PTA by stating that they are taking note of the Governor's reading initiative. She said that the National PTA website has resources available to help parents with their students who are struggling with reading.

Bryce Dunford, who is on the Utah High School Activities Board of Directors, reported that the executive director, Rob Cuff, is retiring and they are looking for candidates to replace him. They are also starting the realignment process.

Superintendent Godfrey reported that the Health & Wellness Day on February 6, 2026, was the best so far. Employees were out doing things and going to activities to get to know each other. Every year, there are better lessons and activities for families. A full report will be presented at the next meeting. Darrell commented that the connection being made with the community is phenomenal.

A question was asked about student protests. Dr. Godfrey confirmed that student protests must be off school property. Class consequences are imposed for walking out of school, as for other absences.

Mr. Robinson noted that South Jordan City is celebrating the country's 250th birthday and also the 25th anniversary of 9/11. He and Dr. Godfrey are on the planning committee. The celebration will start the day after Labor Day and go for a week.

MOTION: At 8:46 p.m., it was moved by Lisa Dean and seconded by Suzanne Wood to go into a closed session and adjourn the meeting at the conclusion of the closed session. The motion passed with a unanimous roll call vote.

CLOSED SESSION:

Those recognized or signed in as present:

Niki George, Board President
Bryce Dunford, First Vice President

The closed session discussion was recorded and archived. The meeting was declared adjourned at 9:09 p.m.

Board of Education

Superintendent Evaluation

January 13, 2026

The Board finds that Superintendent Anthony Godfrey is an exceptional leader whose professionalism, kindness, and strong work ethic are evident in all aspects of his role. He demonstrates a genuine concern for students, staff, families, and the broader community, and maintains a strong commitment to advancing student achievement in alignment with the Board's Ends policies. Under his leadership, student outcomes continue to improve as students progress through their educational experience, avoiding the plateau seen in some states where early gains diminish by middle school. This sustained growth reflects a deliberate, long-term focus on student success.

Superintendent Godfrey is widely respected for his collaborative, personable, and thoughtful approach with staff, students, families, and the Board. When he has been involved in parent or student concerns, feedback has consistently been positive, highlighting his willingness to listen carefully, engage respectfully, and bring people together in pursuit of meaningful, workable solutions. He is passionate about creating a positive and supportive environment for teachers, students, and parents, and has taken innovative steps to support employee well-being, including initiatives such as a health and wellness day.

A dynamic and forward-thinking leader, Superintendent Godfrey consistently thinks outside the box and demonstrates effective problem-solving in an increasingly complex and fast-paced educational landscape. His thoughtful discernment ensures that creative initiatives remain aligned with district priorities, are meaningful in their impact, and maximize the effective use of resources to achieve the greatest benefit—the biggest bang for our buck—for students and the community. He has assembled a highly capable cabinet and is intentional about leadership development, providing the associate superintendent with opportunities to learn and experience all facets of the superintendent role.

The Board finds that Superintendent Godfrey meets or exceeds expectations in every category of performance, particularly in the areas most critical to the district's success. The Board appreciates his commitment to holding himself, and the district, to a high standard of accountability and excellence. The Board has complete confidence in his leadership, both now and looking to the future, and strongly recommends renewing his contract in the summer of 2026. The Jordan School District community is fortunate to benefit from Anthony Godfrey's leadership and deep commitment to public education.

Business Administrator Evaluation

January 13, 2026

The Board finds that John Larsen demonstrates exceptional expertise, diligence, and financial stewardship in the administration of district business. He effectively oversees a balanced budget, faithfully implements Board direction, and carefully monitors and maintains district reserves. His consistent record of unqualified audit reports reflects a strong commitment to accountability, compliance, and sound financial practices that safeguard district operations and taxpayer resources, enabling the district to remain focused on delivering the highest-quality educational opportunities for students.

John is hardworking, highly knowledgeable, and deeply committed to honesty and transparency. He provides the Board with clear, thorough, and well-explained budget updates and is diligent in ensuring the district remains within allocated budgets. He proactively anticipates and thoroughly addresses Board members' financial questions, providing clear context, detailed analysis, and thoughtful considerations to support informed decision-making. His well-organized and accessible materials significantly enhance the Board's understanding of complex financial information and are greatly appreciated.

The Board recognizes the complexity of John's role in representing both the Board of Education and the Superintendent as appropriate. The Board values his continued commitment to transparency and relies on his ability to clearly communicate the financial implications of decisions, including in circumstances where those implications may differ from proposed ideas. In addition to his technical expertise, John is kind, approachable, and consistently helpful, strengthening professional relationships and supporting effective governance.

Based on the Board's experience working with John over multiple years, the Board has full confidence in his integrity, professionalism, character, and sound financial practices. The Board finds that he meets—and frequently exceeds—every expectation for the role and considers him among the most capable school district business administrators in the nation. Accordingly, the Board strongly recommends renewing John Larsen's contract in the summer of 2026 and affirms its confidence in his continued leadership as Business Administrator.
