ANNUAL AMENDMENT TO RENEW THE FOOD SERVICE MANAGEMENT COMPANY CONTRACT RENEWAL FOR SCHOOL YEAR 2026-2027

District Name: Davis Public Schools County/District Code: 50-I010

The current Fixed-Price Per Meal rate charged for SY2026: \$ 4.0410

This amendment is to renew the 2022-23 (original year of RFP) food service management company (FSMC) contract between Davis Public Schools (district) and Opaa! Food Management (FSMC) for renewal year 2026-2027.

The term of this contract shall be for one (1) year beginning on July 1, 2026, and continuing until June 30th, 2027, unless terminated by either party.

The Fixed-Price per Meal rate for the 2026-2027 school year is \$ 4.1945

The fixed-price per meal listed above shall not exceed the March CPI of 3.8% and will remain unchanged for the duration of the 2027 school year. The FSMC will not and cannot change the rate before June 30, 2027, or directly bill the district at any time.

The SFA and the FSMC Agree [X] Did Not Agree [] on a labor transaction fee in the original RFP (allowed in contracts prior to SY2024). If it was agreed by both parties, the amount the FSMC will charge the district if an employee leaves is \$ 0.1775 per employee with a maximum charge of \$ 4.5495 (if applicable, if no max type N/A) if all or most employees leave the district.

The Meal Equivalency Rate used in section 2, Extra Revenue, on the Attachment M is the total of the Free lunch reimbursement rate + meal performance incentive + USDA Foods for nonprogram foods. This rate will change every July when the rates change.

DO NOT SIGN THIS DOCUMENT until you receive it back from Karen Davis with her signature.

School Photography Contract

New Century Photography shall be the exclusive provider of school photography services (i.e. Fall undergrad, Senior, Class Groups, Spring photos) for Davis Schools for the 2026-2027 school year.

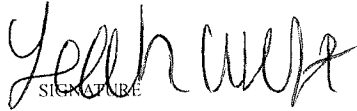

New Century Photography agrees to return to the school 10% of the gross sales, excluding sales taxes of senior, fall, spring and class portrait photo sales. New Century Photography will work with the school's yearbook sponsor to provide requested Administration data to the school at no charge.

Every undergrad student and staff member will be photographed at no charge for Fall Portraits. A Senior Session fee of \$10 will be charged to seniors to offset the cost of the drapes, suit coats & ties, proofs, etc. New Century Photography will work with the schools administration and yearbook sponsor to schedule photography at a time convenient for photographs. Other terms or conditions:

All parties signing below agree to the terms and conditions of this agreement.

BASIC LEGAL SERVICES PROGRAM 2026-2027 AGREEMENT

Davis Public Schools

Independent School District No. 10 of Murray County, Oklahoma

Agreement between the school district named above (“District”) and The Center for Education Law, P.C., an Oklahoma professional corporation, (“Center”) for Fiscal Year 2026-2027 (“Fiscal Year”).

IT IS AGREED:

1. Scope of Services: Center shall provide legal representation and services to District as directed by the Superintendent or the President of the Board of Education as provided below.
2. Program Fee and Benefits: District shall pay Center the sum of One Thousand Dollars (\$1,000.00) as a participation fee for Center's 2026-2027 Basic Legal Services Program and be entitled to the following:
 - a. Center shall provide District with a Seventy-five Dollar (\$75.00) discount on attorney fees and expenses billed in each calendar month of the Fiscal Year which shall not be cumulative;
 - b. Center shall provide District with a toll-free telephone number (800-375-3375) to call the Center;
 - c. Center shall provide the hourly rates set forth below which are discounted from the firm's regular hourly rates;
 - d. Center shall provide the availability of an on-call attorney after hours for consultation during board meetings Monday through Thursday until 10:30 p.m. with advanced notice; and
 - e. Travel time will be billed at one-half the rates set forth above for travel outside of Oklahoma County.
3. Discounted Hourly Rates: District shall compensate Center for legal services provided by Center to District on an hourly basis, billed in one-tenth-hour (6 minutes) increments, as follows:

Shareholders/Of Counsel	\$ 300.00
Senior Associates	\$ 260.00
Associate Attorneys	\$ 245.00
Legal Interns/Paralegals	\$ 125.00
4. Reimbursed Expenses: The following expenses incurred in the representation of District by Center shall be reimbursed by District:
 - a. Litigation costs including but not limited to, filing fees, deposition costs, witnesses and investigation expenses;
 - b. Photocopies at 15¢ per copy;

- c. Computerized legal research;
 - d. Postage and actual charges incurred for out-of-office copy, courier, and express mailing services; and
 - e. Mileage for travel per mile from Center's office at the rate approved by the Internal Revenue Service.
5. Invoices: Center shall submit invoices to District for fees and expenses for calendar months in which fees and expenses are incurred. Monthly summaries of fees and expenses will be provided to District's Superintendent.
6. Other Representation: District acknowledges that Center represents other entities, including but not limited to public schools in Oklahoma. Center will disclose any potential conflicts of interest once identified and may seek consent to waive any conflict of interest if applicable.
7. Staffing: From time to time, two or more attorneys may confer or attend meetings and/or proceedings on District's behalf. We believe that this practice facilitates communication, improves the quality of work, and better serves your legal needs.
8. Technology: Center utilizes various technology, including electronic communications and case management software which cannot be fully protected from unauthorized interception and, due to human error, may result in electronic communications being inadvertently sent to the wrong person. You authorize Center to transmit information, including confidential information, by unencrypted e-mail, text messages, or case management software when we believe it is appropriate.
9. Use of Artificial Intelligence: Center may utilize artificial intelligence ("AI") tools or software to assist in the performance of its legal services. These tools may be used to enhance legal research, drafting, document review, or other tasks to improve efficiency and reduce costs. Center is fully responsible for all work product and will review and supervise any output generated with the assistance of AI tools to ensure it meets professional standards and complies with applicable ethical obligations. Confidentiality will be maintained in accordance with applicable rule of professional conduct. No confidential client information will be entered into any AI system without reasonable assurances that such information will remain protected and not be shared, stored, or used by third parties without authorization. By entering into this Agreement, District acknowledges and consents to Center's limited use of AI tools as described above.

Overview

Background

The Oklahoma Schools Insurance Group (OSIG) is a public entity of the State of Oklahoma, formed as an Interlocal Agreement in accordance with 74 O.S. 1004(f), for the purpose of joining together a group of Oklahoma public school districts. OSIG will allow member districts to more efficiently and more economically obtain and manage their insurance programs.

OSIG obtained approval to operate from the Oklahoma Attorney General on June 28, 2001. Effective July 1, 2002, OSIG began full operation by providing its member districts with broad insurance coverage through "A" rated insurance carriers and professional risk management services. Over the past 24 years, OSIG's membership has grown to 541 and the program insures more than \$32 Billion in school property across Oklahoma.

Structure

OSIG is a non-profit, member-owned, public entity program whose management is completely controlled by a Board of your peers.

"The mission of Oklahoma Schools Insurance Group (OSIG) is to provide quality, cost effective risk management products and services to member schools."

The group purchases insurance and reinsurance from "A"-rated carriers. OSIG's insurance providers are long-term partners and committed to OSIG and Oklahoma schools.

OSIG has contracted with Risk Program Administrators in Tulsa to administer the program. RPA is one of the largest insurance brokers in the world and manages programs similar to OSIG across the country.

It is important to know that the insurance coverage provided by OSIG was specifically tailored to meet the needs of Oklahoma schools. The coverage is what you need to protect your school's property, your students and patrons.

Losses are a part of life. Only OSIG has the collective strength and staying power to provide the protections you need. By remaining together as a group, OSIG will be able to continue to provide you with the quality, fair-priced **insurance and risk management** services you need to protect your school's assets, your board, your staff and, most importantly, your children.

Financial Strength

OSIG is financially strong and we have the funds (cash) we need to pay your claims. OSIG has returned more than \$9 million to our members over the years as distributions. Surplus at year ended 6/30/2025 was more than \$21 million and our assets were more than \$105 million.

We believe in complete transparency. We submit to an annual financial audit each year end and share our operating results with our members each year.

The financial condition of an insurance group should be of utmost importance to you when choosing an insurance partner for your district.

Statement of Net Assets	
As of 06/30/2025	
Cash	\$67,503,673
Other Assets	\$37,632,794
Total Assets	\$105,136,467
Total Liabilities	\$83,166,312
Total Net Assets/Surplus	\$21,970,155

We urge you to obtain and review audited financial statements from every insurance provider that may offer your school district a quote. Financial statements are required by law and can be obtained at ok.gov/oid. Click on Interlocals under the Quick Links section of the homepage. Your school's auditor can help in analyzing the statements.

Important Plan Information

It is important to understand that OSIG is not an insurance company, but rather a non-profit, cooperative risk management program owned and directed by Oklahoma Schools. Its mission is to reduce insurance costs and stabilize rates by aggregating purchasing power **with an intense focus on controlling member losses**. When losses are controlled, OSIG's member schools retain the underwriting profit and investment income thereby increasing fund reserves for future years. OSIG purchases per occurrence and liability aggregate protection for its member schools. The per occurrence insurance protects member schools up to \$2,000,000,000 for property losses and \$2,000,000 for liability claims in **each and every occurrence subject to a \$10M annual aggregate limit**. The aggregate insurance protection is purchased in the unlikely event that sum total of all OSIG losses are significantly more than actuarially projected. Additional excess liability limits are available for members requiring higher limits.

This proposal is an outline of the coverages proposed by insurers based on the information provided by your school district. It does not include all the terms, coverages, exclusions, limitations and conditions of the actual contract language. Please refer to the plan document for the details.

Actuarial Review

An independent actuary has been retained by OSIG to make projections as to anticipated claims and losses the program should expect on an annual basis. The OSIG actuary has relied on the historical loss experience and exposures provided to OSIG by the member school districts to make projections of OSIG's expected losses. OSIG adequately funds to, or in excess of, the expected loss projections through member contributions (insurance cost) and our own surplus.

Membership contributions are used to buy insurance, pay administrative expenses and fund for members' claims. Similar successful programs throughout the country for schools and municipalities are protected using the same insurance structure as OSIG has deployed. As with any insurance mechanism, OSIG does not guarantee full funding in the event unimaginable losses would materialize that are many times greater than what is indicated by past history. The OSIG board is charged with developing a plan to address under funding in this unlikely event.

Procedure to Renew Coverage

Notify your agent of your acceptance of this insurance renewal proposal. Your agent will advise the OSIG administrative staff in writing that you wish to renew the insurance coverage.

The signed Resolution by the member's Board of Education should be returned to OSIG before June 30, 2026 in order to bind coverage effective 7/1/2026.

Resolution of Davis ISD #10 to Join Oklahoma Schools Insurance Group

Whereas, Oklahoma Schools Insurance Group (“OSIG”) is an Oklahoma interlocal formed in accordance with Oklahoma law to enable Oklahoma School Districts to cooperate with each other to procure insurance services, benefits and insure against losses and possible liabilities in the most cost effective manner; and

Whereas, Davis ISD #10 is an Oklahoma public school district (“the District”); and

Whereas, OSIG has provided to the District a Plan Document which includes a quotation for certain insurance coverages for the 2026/2027 plan year; and

Whereas, the quotation is acceptable to the District;

Now, therefore be it resolved, that the District hereby joins OSIG as a Member;

Be it further resolved, that so long as the District remains as a Member, the District shall comply with OSIG’s bylaws, the Plan Document and OSIG claim reporting procedures; and

Be it further resolved, that by the adoption and signing of this resolution, Davis ISD #10 understands and agrees that school district members are responsible for their own loss experience and will not be singly responsible for other members’ losses.

EXTENDED SCHOOL YEAR PROGRAM STANDARDS (REGULATIONS)

In accordance with the policy of the board of education, the following regulations shall govern the standards for the Extended School Year (ESY) program. The school district will strictly follow the requirements as set forth in *Policies and Procedures for Special Education in Oklahoma* and the technical assistance document *Extended School Year (ESY) Services for Children and Youth With Disabilities*.

Individuals over the age of twenty-one and under the age of twenty-six years, who are legal residents of this school district, may be entitled to receive educational privileges and opportunities in order to complete a secondary education program when they have been unable to complete the twelfth grade due to physical disability or military service. Legal residents of this school district nineteen years of age or older, who are not enrolled in a high school program and have not completed the twelfth grade, may attend adult high school completion programs if such programs are established by the school district and approved by the Oklahoma State Department of Education (SDE).

This school district is responsible for providing Free Appropriate Public Education (FAPE) for children ages 3 through 21 years when it is determined by the individualized education program (IEP) team that the services are needed to receive FAPE.

Extended school year (ESY) services are defined as special education and related services provided by this school district to children with disabilities beyond the regular instructional year as a necessary part of FAPE. The type, amount, or duration of ESY services may not be unilaterally limited, but must be determined on an individual basis by the IEP team. The time period during which ESY may be offered may not be restricted, but will be determined on an individual basis by each student's IEP team.

A disabled student will be eligible for ESY services when it is determined that in the absence of such services the student will regress to such a marked degree that the student will be unable to recoup the loss within a reasonable time. Many factors will be considered in evaluating a student's need for an ESY program. Some of these factors are:

1. **Nature of the Handicapping Condition:** Certain children, by the nature of their handicap, may be predisposed to severe regression and limited recoupment. ESY services will not be limited based upon particular categories of disabilities.
2. **Severity of Handicapping Condition:** Children more severely disabled are most likely to need services.
3. **Availability of Home Stimulus During Summer Months:** In many instances it is feasible for a parent to monitor and implement a child's program during the summer break. When such a non-school program can be implemented by the student's parents and/or peers, it may provide a child the dual benefit of a vacation break from school without severe regression.
4. **Other Factors:** Other factors to be considered in determining the need for ESY include, but are not limited to: the degree of the child's disability; the parents' ability to provide education in the home; the child's rate of progress; the child's need for interaction with nondisabled peers and vocational training; and whether the requested services are an integral part of a program for children with similar disabilities.

EXTENDED SCHOOL YEAR PROGRAM STANDARDS, REGULATIONS (Cont.)

The following factors **must** be considered by the Individual Education Program (IEP) team in determining need for ESY programming:

- Degree of impairment;
- Degree of regression;
- Recovery time from this regression;
- Ability of parents to provide educational structure at home;
- Child's rate of progress;
- Child's behavioral problems;
- Child's physical problems;
- Availability of alternative resources;
- Ability of the child to interact with children and youth who are not disabled;
- Area(s) in curriculum that need continuous attention;
- Child's vocational needs;
- Whether the requested service is extraordinary for the child's condition, as opposed to an integral part of a program for those with the child's condition; and
- Other relevant factors as determined by the IEP team.

Determination of the need for ESY services must be made on an individual basis and addressed appropriately on the IEP.

ESY services may also be appropriate for some children who have received SoonerStart services. To determine need for ESY services, the Individualized Family Service Plan (IFSP) and IEP teams (including family members) will meet and consider all pertinent information including background information, current evaluations, and information provided by SoonerStart. IEP team participants will include:

- an administrator or administrative representative;
- the child's regular education teacher;
- a special education teacher qualified to provide special education in the area of the suspected disability;
- the child's parent(s);
- the child, as appropriate;
- other individuals at the discretion of the parent(s) or this district; and
- a member of the multidisciplinary evaluation team or a representative of the district or some other person who is knowledgeable about the evaluation procedures and the results.

ESY Review Procedures

The IEP review may occur at any time the team member(s) considers appropriate. However, a review must occur on or before the anniversary date of the IEP (i.e., at least once a year). The review requires participation of team members as described under Team Participants in this section. Any team member, including a parent, may initiate a review of placement when revision of the IEP is needed. The IEP should reflect the specific amount and type of special education and related services provided to a child at all times.

EXTENDED SCHOOL YEAR PROGRAM STANDARDS, REGULATIONS (Cont.)

The educational progress and appropriateness of the placement for each eligible child shall be reviewed on at least an annual basis. The review of the IEP shall be accomplished with reference to the schedules and procedures for evaluation of the goals and objectives specified in the IEP. The IEP team continues to provide: ongoing review of the effectiveness and appropriateness of the child's special education and related services; need for changes in type, frequency, or duration of services; and whether the child's placement continues to be the least restrictive environment or needs to be changed.

A review of placement meeting should occur following reevaluation or consideration of new information concerning the educational program of the child. The purpose of this meeting would be to review the present placement, services and any necessary change in services in relation to the new information.

Extended School Year (ESY) services are provided to children with disabilities who meet requirements of this ESY policy. ESY services must be determined and documented through the IEP. Special education and related services shall be provided beyond the regular instructional year as a necessary part of a free appropriate public education, for individual children determined eligible for ESY. Such determinations shall be made on an individual basis.

All special education students will be considered for an ESY program and screened upon request of a parent or other member of the IEP team.

Data and Evaluation Information to Determine ESY Needs

The IEP team must determine a child's need for ESY services by collecting, reviewing, and analyzing existing information and pertinent data, including, but not limited to, the child's disability, educational history, and present levels of performance/educational functioning and needs. Examples of data and information could involve a review of the following:

Criterion-referenced and standardized tests, including pretest and posttest data of a student's progress;

Functional assessments used in natural environments (e.g., home, community, work, school);

Analysis of data collected on a regular basis;

Evaluations and progress records for related services;

Parent, student, and/or service provider information;

Attendance records;

Behavior and disciplinary records;

EXTENDED SCHOOL YEAR PROGRAM STANDARDS, REGULATIONS (Cont.)

Health/medical information;

Interviews with teachers and parents, students; and

Progress reports and assessments to determine the child's performance of IEP annual goals and objectives or benchmarks across time.

Screening Process

1. All special education students will be considered for an ESY program at their annual IEP team meeting and provision will be made on the IEP at that time if the team determines that an ESY program is necessary. Likewise, notation will be made on the IEP if a determination has been made that the student does not need or desire an ESY program.
2. February screening of students will be conducted upon special request by a parent, teacher, or other service provider.
3. All screening forms must be returned prior to the end of the second week in March.
4. The district will compile a list of those students requiring additional consideration and analyze possible service needs.
5. For those students identified as in need of ESY, the district will prepare recommendations as to the nature, duration, and frequency of services needed to assure that significant regression will not occur to such a degree that recoupment cannot be accomplished within a reasonable period of time.
6. At either the spring IEP review or a specially convened IEP team meeting, the team shall be advised of the referral for ESY and the recommendation, if any, that the student be placed in an ESY program for the summer. The advantages and disadvantages of such a program shall be explained to the parent as well as the basis for the referral and recommendation.

If the parent rejects the ESY, such should be recorded on the IEP. If the parent accepts the recommendation for an ESY, the IEP team should complete an amendment to the IEP with regard to services to be provided.

ESY services may be necessary for a free appropriate public education; therefore, procedural safeguards include the right to request a due process hearing. Parents or guardians may request a hearing to challenge the identification, evaluation, or educational placement. Mediation must be available as an option whenever a hearing is requested. However, parents and schools may use mediation to resolve a dispute regarding ESY without a request for a due process hearing.

CHILD IDENTIFICATION, LOCATION, SCREENING, AND EVALUATION NOTICE TO PARENTS

The Davis Public Schools makes a continuing effort to locate any children in the district ages 3-21 who may be disabled and/or developmentally delayed who are not currently being served by the school. State law recognizes the following qualifying conditions: autism, deaf-blindness, hearing impairment, other health impairment, serious emotional disturbance, specific learning disability, speech or language impairment, traumatic brain injury, visual impairment, or developmental delay.

Anyone knowing a child who might be in need of services is asked to notify the local superintendent, principals, or special education teacher at 580-369-2386.

This notice is to inform parents of the child identification, location, screening, and evaluation activities to be conducted throughout the year by the local school district in coordination with the Oklahoma State Department of Education. Personally identifiable information shall be collected and maintained in a confidential manner in carrying out the following activities:

Referral

Preschool children, ages 3–5, and students enrolled in K–12 who are suspected of having disabilities which may require special education and related services may be referred for screening and evaluation through the local schools. Local school districts coordinate with the Sooner Start Early Intervention Program in referrals for identification and evaluation of infants and toddlers who may be eligible for early intervention services beginning at three years of age. The Oklahoma Areawide Service Information System (OASIS), through a toll free number (1-800-42-OASIS), also provides state-wide information and referrals to local schools and other service providers.

Screening

Screening activities may include vision, hearing, and health. Other screening activities may include: review of records and educational history, interviews, observations, and specially developed readiness or educational screening instruments.

1. **Readiness Screening:** Personally identifiable information is collected on all kindergarten and first grade students participating in school-wide readiness screening to assess readiness for kindergarten and first grade entry. Results of the screening are made available to parents or legal guardians, teachers, and school administrators. No child shall be educationally screened for readiness or evaluated without notice to the child's parent or legal guardian.
2. **Educational Screening:** Educational screening includes procedures for the identification of children who may have special learning needs and may be eligible for special education and related services. Each school district in the state provides educational screening. No child shall be educationally screened whose parent or legal guardian has filed written objection with the school district.

Educational screening is implemented for all first grade students each school year.

**CHILD IDENTIFICATION, LOCATION, SCREENING, AND
EVALUATION, NOTICE TO PARENTS (Cont.)**

Second through twelfth grade students shall be screened as needed or upon request of the parent, legal guardian, or teacher.

Students entering the public school system from another state or from within the state without previous educational screening, shall be educationally screened within six months from the date of entry.

Evaluation

Evaluation means procedures used in accordance with federal laws and regulations to determine whether a child has a disability and the nature and extent of the special education and related services that the child needs. The term means procedures used selectively or procedures used with all children in a school, grade, or class. Written consent of the parent or legal guardian for such evaluation must be on file with the local school district prior to any child receiving an initial evaluation for special education and related services.

Collection of Personally Identifiable Information

Educational records containing personally identifiable information collected by the schools in the identification, location, screening, and evaluation of children shall be maintained in accordance with the Family Educational Rights and Privacy Act (FERPA) and the Policies and Procedures for Special Education in Oklahoma. School districts develop and implement a local policy regarding the collection, storage, disclosure, and destruction of confidential student records. Parents may obtain a copy of the local policy from the local school administrator.
