RE: KSB Policy Service

This memorandum provides a description of our policy service and costs, which we believe is much simpler and cheaper than a full review of your current policy book. We also believe that the service concept allows boards and administrators to stay more current in the ever-expanding universe of policies that state and federal law require, and it allows them to have more ownership by focusing on the policy-level decisions. We also try very hard to save administrators a significant amount of time when updating policies and handbooks.

Service Model. We call our policy system a “service” on purpose. We do not sell a policy book or provide form policies, only to leave you on your own. Nor do we think it is a good system to force the board and administration into sifting through what is legally required versus what is a true policy-level decision. When you purchase our policy service, it’s a commitment from KSB, as well. Once you subscribe, any questions you have about things like policy wording, unique changes you want to make, or any other policy-related questions are free of charge. If you call us 5 years from now and ask us whether you can make a change to an existing policy, any research or amending we do will be free of charge. In short, we do not want boards or administrators to hesitate to ask policy questions for fear of big legal bills.

Writing Style. Our policies are as short as possible and contain more headings and numbers than most policies. We believe that careful writing, attention to detail, familiarity with school practices, and a thorough knowledge of the law are essential to creating good policies. We describe our writing style as “lean and clean.” We have seen too many instances when an employee, a disgruntled patron, or a plaintiff’s attorney has turned flowery, loosely written, or overly complicated policies to a school district’s disadvantage. We strive to write policies that are short, clear, and useful. If no one can understand a policy provision, it’s useless.

Organization. Our policies are divided into the following six sections:

1000 Series: Mission and Belief Statements

2000 Series: The Role and Conduct of the Board of Education

3000 Series: Business Operations

4000 Series: Employees

5000 Series: Students

6000 Series: Instruction and Extracurricular Activities

There is nothing special about this organizational system. If you have traditionally used letters rather than numbers or if you have used a numbered system that you want to retain, you can simply place our policies into the structure you prefer. However, we strongly recommend adopting the numbering system used by the entity that provides your policies to make updating simpler.

Additional Services. We want to make sure that you have all the policies you want in the form you want. As part of the service, we will write any policies that you request and will work with you to make sure that the policies incorporate the elements that you want. We will also work with you to incorporate any special existing policies that the board wants in its policy manual. We fully understand that boards often have unique local issues they like to address through policy.

Policy Updates. We will provide you with policy updates during the school year, and at the end of each school year necessitated by court decisions and changes in state and federal law and regulations. We provide the policy updates as part of the service free for a two-year period. After the initial two-year period, we will continue to provide you with updated policies for a modest annual fee (currently the annual subscription fee is \$1,000). We also conduct an informational webinar to explain the updates and answer

questions about them. If your administrators or board members cannot attend it, we do record it. We are also happy to arrange a private conference or call to review any particular questions you have about any updates. All of that is included in the policy update fee.

Delivery of Policies. Most boards tackle the policies one section at a time, but some boards do more at one time or split them out further. All of the policies, forms, indices, and cover memos for each section stay resident on our portal, so you and the board can go at whatever pace you prefer. We include a memorandum with each set explaining the purpose of the policies and pointing out areas in which you might want to exercise some discretion or have to make a choice.

Board Adoption of Policies. Some boards require two readings of a policy before they may adopt it. There is no legal requirement of two readings, and we recommend against it because there are many instances when boards needed to act quickly to adopt or amend a policy.

We recommend that the board record the dates when it reviews, adopts, and revises each policy. These dates can be useful in communicating the board's commitment to following its policies when patrons try to convince administrators to deviate from policy "just this once." They are also useful markers for reviews and audits by regulatory agencies relating to things like federal spending, lunch programs, special education, and others.

Some boards prefer to update and use our sections as they go, and other boards elect to approve them all over several months but use your existing policies until you have all of ours ready to go, then "flip the switch." We're more than happy to talk through with you and the board your options for implementation and then to help form a plan which works for you.

Administrative Regulations. Some school districts have elaborate systems of policies, administrative regulations, guidelines, or protocols. As a general rule, we prefer that the board establish written policies and that administrative practice be less formal. We much prefer only having one place to go to find answers to policy and practice questions—the policies. The danger of a system of multiple written policies, procedures and protocols is that the policies change over time, but the written protocols don't, or administrators simply overlook one set of written documents. The only written protocols we recommend, other than board policy, are your school safety plans, student handbooks, and staff handbooks.

Handbooks. As part of the service, we provide you with KSB's preferred handbooks which align with our policies. In addition to annual policy updates, we update the handbooks annually, as well. Current subscribers

tell us this is one of the best features of the service because it saves so much administrative time which would otherwise be spent updating handbooks each summer. We will assist you both in creating your “new” handbooks based on KSB’s policies and model handbooks, and also in your annual review and updating process.

Cost and Billing for Policy Service. The cost of the policy service is \$9,500. It includes a full set of policies and policy updates for a two-year period. We can bill you in 12 monthly installments or in a lump sum(s) according to your preference. After the initial two-year period, we do charge an additional fee to keep your subscription current so that you can receive all the updates. This year that fee was \$1,500.

We would be delighted to work with you and the board on policies. If you have questions about the service, the policies, or any other matter, please contact me.

Parent Involvement in Education Practices

For purposes of this policy, “parent” includes a parent, guardian, or educational decisionmaker (a person designated or ordered by a court to make educational decisions on behalf of a student).

The school district recognizes the importance of parental involvement in the education of their children. To the extent practicable, the school district will make a reasonable effort to make any learning materials, including original materials, available for inspection by a parent upon request.

The school district will take the following steps to ensure that the rights of parents to participate in the education of their children are preserved.

1. Parents will be provided access to textbooks, tests, activities information; digital materials; websites or applications used for learning; training materials for teachers, administrators, and staff; procedures for the review and approval of training materials, learning materials, and activities; and other curriculum materials (“curricular materials”) as follows:
 - a. A parental request to review specific curricular materials (written, visual, or audio) should be made to the principal of the building where the curricular materials are used.
 - b. The building principal will assess the request and determine the allowable volume and time frame of the review to prevent disruption to the efficient operations of the district.
 - c. The purpose of this provision is to allow reasonable access to the extent practicable. Individuals who make requests (a) for the purpose of adding staff burden; (b) at an unreasonable frequency or volume; or (c) for purposes inconsistent with the efficient operations of the district may be denied access to materials.
 - d. A parental request to review specific standardized and criterion-referenced tests used in the district should be made in writing to the building principal. Copies of the most recent tests used in the district will be available for parent review. Parents wishing to review statewide assessments will be provided with sample questions and a copy of a practice test, but will not be provided with copies of the actual assessment due to testing security. In

the case of other secure tests such as the ACT, parents must contact the publisher to obtain copies of the test.

2. Parents will be permitted, within district procedures, to attend and observe courses, assemblies, counseling sessions, and other instructional activities.
 - a. Parents are invited to make appointments with the building principal to visit classes, assemblies, and other instructional activities. The principal shall give permission after determining that parental observation would not disrupt the activity. Observations that last more than 60 minutes or occur on consecutive days are typically disruptive and will not be permitted absent unusual circumstances, in the sole discretion of the building principal.
 - b. Parents may contact the building principal to request permission to attend counseling sessions in which their child is involved.
3. Parents may request that their children be excused from testing (except as provided below), classroom instruction, learning materials, activities, guest speaker events, and other school experiences ("school events") that parents find objectionable.
 - a. Parents must submit this request in writing to the building principal for consideration.
 - b. Building principals may excuse a student from any school events at the parent's written request if, in the principal's professional judgment, excusal from the activity would not result in diminution of the student's educational experience.
 - c. When the building principal determines it appropriate, alternative experiences may be provided for the student by the school.
4. Parents will be informed through the student handbook and district policies of the manner that the district will provide access to records of students.
5. Parents will be informed of the standardized and criterion-referenced district testing program. Parents may request additional information from the building principal.

6. Parents will be informed of the circumstances under which they may opt-out of state and federal assessments.

- a. In accordance with federal law, at the beginning of the school year, the District shall provide notice of the right to request a copy of this policy to parents of students attending schools receiving Title I funds. The District will provide a copy of this policy to a requesting parent in a timely manner.

- b. State Assessments

State and federal law simultaneously require students to take state assessments, with few exceptions, but also permit parents to request to opt their students out of these assessments. Approval of opt out requests is contrary to the mandatory testing laws, so the District cannot “approve” the request. Parents who do not present their child for testing will result in the child receiving the lowest score possible on the assessment.

- c. National Assessment of Educational Progress

As a condition of receiving federal funds, the District participates in the National Assessment of Educational Progress (NAEP). To help ensure that the District has a representative sample of students taking the NAEP, which will allow the District to assess the quality and effectiveness of its programming on a national level, the District strongly encourages all eligible students to participate. However, student participation in NAEP is voluntary.

The District shall provide parents of eligible students with reasonable notice prior to the exam being administered. Parents wishing to opt their students out of the NSCAS assessment must notify the district in writing at least three days prior to the exam date to ensure that the District can coordinate supervision and alternative activities for students who have opted out.

7. Parents will be notified of their right to remove their children from surveys prior to district participation in surveys.

- a. The principal must approve all surveys intended to gather information from students before they are administered to students.
- b. Students' participation in surveys is voluntary. Parents may restrict their child from participating in any survey.
- c. If the school administers (1) a survey requesting that students provide sexual information, mental health information, medical information, information on health-risk behaviors, religious information, information of political affiliation, or any other information that the school board deems to be sensitive in nature or (2) a non-anonymous survey requesting students provide information relating to drug, vape, alcohol, or tobacco use, the school district shall, at least fifteen days prior to the administration of the survey, notify parents, guardians, and educational decisionmakers of students that are to receive such survey. The notice will be made through the school's electronic notification system or by physical mail to the address on file for the student. The notice will describe the nature and types of questions included in the survey, the purposes and age-appropriateness of the survey, how information collected by the survey will be used, who will have access to such information, the steps that will be taken to protect student privacy, and whether and how any findings or results of such survey will be disclosed.
- d. Parents have the right to: (1) request that a copy of the survey be sent through the school's electronic notification system or physical mail to the address on file for the student, (2) review the survey in person at the school, and (3) exempt their child from participating in the survey.
- e. Unless required by federal or state law or regulation, school personnel administering any survey shall not disclose personally identifiable information of a child.
- f. No survey requesting sexual information of a student shall be administered to any student in kindergarten through grade six.
- g. The district will also comply with any survey requirements found in the district's policy on Protection of Pupil Rights.

8. The district will make this policy accessible by a prominently displayed link on its public website. Any amended policy will be made accessible within a reasonable time of its amendment.

District Title I Parent and Family Engagement Policy

The school district will jointly develop with parents a School-Parent-Student Compact that outlines how the parents, school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the State's high standards.

The written District Parent and Family Engagement Policy will be jointly developed and distributed to parents and family members of participating children and the local community in an understandable format and to the extent practicable, in a language the parents can understand. An annual evaluation of the content and effectiveness of the Parent and Family Engagement Policy will be used to design evidence-based strategies for more effective parental involvement, to revise the Parent and Family Engagement Policy and to remove barriers to participation.

The school district recognizes the unique needs of students who are being served in its Title I program, and the importance of parent and family engagement in the Title I program. Parent and family engagement in the Title I Program shall include, but is not limited to:

1. An annual meeting to which all parents of participating children will be invited to inform parents of their school's participation under this part, to explain the requirements of this part, and the right of the parents to be involved. Invitations may take the form of notes sent with students or announcements in the school newsletter. Additional meetings may be scheduled, based upon need and interest for such meetings.
2. An explanation of the details for the child's and parents' participation, including but not limited to: curriculum objectives, the forms of academic assessment used to measure student progress and the achievement levels of the challenging State academic standards, type and extent of participation, parental input in educational decisions, coordination and integration with other Federal, State, and district programs, and evaluations of progress.
3. Opportunities for participation in parent involvement activities such as training to help parents work with their children to

improve achievement. A goal of parent activities is to provide parents with opportunities to participate in decisions relating to the education of their students, where appropriate.

4. The district will, to the extent practicable, provide parents of limited English proficiency, parents with disabilities, parents with limited literacy, are economically disadvantaged, are of a racial or minority background or parents of migratory children with opportunities for involvement in the Title I Program. Communication to parents about student progress and the district's other Title I Program communications will be provided in the language used in the home to the extent practicable. Responses to parent concerns will be provided in a timely manner.
5. Opportunities for parent-teacher conferences, in addition to those regularly scheduled by the school district, if requested by the parents or as deemed necessary by school district staff.
6. The district will coordinate and integrate parental involvement programs and activities with other programs in the community. These may include cooperation with other community programs such as Head Start and preschools and other community services such as the public library.
7. Educate teachers, specialized instructional support personnel, principals, and other school leaders, with the assistance of parents in the value and utility of contributions of parents, how to reach out to, communicate with and work with parents as equal partners.

This policy shall be reviewed annually at the annual meeting where concerned parties can have a conversation about possible changes to the Parent and Family Engagement Policy.

5054 Student Bullying

Definition of Bullying. Nebraska statute defines bullying as “an ongoing pattern of physical, verbal or electronic abuse.” The Centers for Disease Control and Prevention defines bullying as “any unwanted aggressive behavior(s) by another youth or group of youths who are not siblings or current dating partners that involves an observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated.” The school district’s administrators will consider these definitions when determining whether any specific situation constitutes bullying. These definitions include both in-person and cyberbullying behaviors.

Bullying Prohibited. Students are prohibited from engaging in any form of bullying behavior.

Reporting Bullying. Students who experience or observe bullying behavior must immediately report what happened to a teacher or administrator. Students may always confer with their parents or guardians about bullying they experience or witness, but the students must also ultimately report the situation to a teacher or administrator.

Bullying Investigations. School district staff will investigate allegations of bullying using the same practices and procedures that the district observes for student disciplinary matters. In no circumstance will school district staff be deliberately indifferent to allegations of bullying.

Disciplinary Consequences. The disciplinary consequences for bullying behavior will depend on the frequency, duration, severity and effect of the behavior.

A student who engages in bullying behavior on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or his or her designee, or at school-sponsored activities or school-sponsored athletic events may be subject to disciplinary consequences including but not limited to long-term suspension, expulsion, or mandatory reassignment.

Without limiting the foregoing, a student who engages in bullying behavior that materially and substantially interferes with or disrupts the educational environment, the district’s day-to-day operations, or the education process, regardless of where the student is at the time

of engaging in the bullying behavior, may be subject to discipline to the extent permitted by law.

Bullying Based on Protected Class Status. Bullying based on protected class status is unique and may require additional investigation. The appropriate district staff member or coordinator will promptly investigate bullying complaints that violate the district's antidiscrimination policies.

Support for Students Who Have Experienced Bullying. Regardless of where the bullying occurred, the district will consider whether victims of bullying are suffering an adverse educational impact and, if appropriate, will refer those students to the district's student assistance team.

Bullying Prevention and Education. Students and parents are encouraged to inform teachers or administrators orally or in writing about bullying behavior or suspected bullying behavior. School employees are required to inform the administrator of all such reports. The appropriate administrator shall promptly investigate all such reports. Each building shall engage in activities which educate students about bullying, bullying prevention and digital citizenship.

Policy Review. The school district shall review this policy annually.

School Meal Program and Meal Charges

Meal Program. The school district will make a school meal program available to students. The cost of the program will be determined by the board of education so as to make the program as nearly self-supporting as possible. With board approval, the district may contract with a private company or corporation for the management and/or provision of the program.

The district will notify the families with children attending school of the current guidelines for free or reduced-price school meals. A copy of the complete regulations and procedures regarding reduced-price and free meals shall be available in the office of the superintendent. Families may apply for free or reduced-price school meals at any time during the school year.

Payment Options. Families may pay for school lunches using cash or check. Electronic or e-fund payments are also available through a link on the school district's website.

Meal Charge Policy. The district will notify students and their families of the policy for charged meals, meaning meals received by a student when the student does not have money in hand or in his or her food account. This policy applies to students who receive meals at the free, reduced, or full rates.

Notice of this policy must be provided in writing to all households at the start of each school year and to households that transfer to the school during the school year. Notice may be provided through the student handbook, student registration materials, online portal used to access student accounts, direct mailing or e-mail, newsletter, the district website, and/or any other appropriate means. Notice of this policy will also be provided to all school staff responsible for the enforcement of it, including food service professionals responsible for collecting payment for meals at the point of service, staff involved in notifying families of low or negative balances, and other staff involved in enforcing any aspect of this policy.

The district's policy on charged meals is:

If a student has no funds available to pay for a meal, the student will be permitted to charge up to ten meals. Thereafter, if a student has no funds available to pay for a meal, no food will be provided.

Students who qualify for free meals will not be denied a reimbursable meal, even if they have accrued a negative balance from other food purchases.

School staff may prohibit any students from charging a la carte or extra items if they do not have cash in hand or their account has a negative balance.

If a student repeatedly lacks funds to purchase a meal, has not brought a meal from home, and is not enrolled in a free meal program, the district will use its resources and contacts to protect the health and safety of the student. Failure or refusal of parents or guardians to provide meals for students may require mandatory reporting to child protection agencies as required by law.

Collection of Delinquent Meal Charge Debt

The school district is required to make reasonable efforts to collect unpaid meal charges. The building principal or his or her designee will contact households about unpaid meal charges and notify them again of the availability of the free and reduced meal program and/or establish payment plans and due dates by telephone, e-mail, or other written or oral communication. If these collection efforts are unsuccessful, the school district may pursue any other methods to collect delinquent debt as allowed by law.

Collection efforts may continue into a new school year.

In the event that the Nebraska Department of Education develops a state-level meal charge policy, it shall supersede that portion of this policy.

These signs and symptoms include fever, flushed face, headache, body aches, unexplained tiredness, loss of appetite, stomachache, nausea, vomiting, diarrhea, convulsions, sore throat, nasal congestion or discharge, unexplained skin eruption, and sore or inflamed eyes. The district will notify the parent or guardian of the student’s signs or symptoms. Upon notice, the parent or guardian must immediately cooperate with the district to arrange safe transportation home or another appropriate caregiver for the student. The district will report any failure to reasonably cooperate with the district to the Department of Health and Human Services or local law enforcement as appropriate.

Notice to School Authority. When the district sends a student home for a suspected contagious or infectious disease, the principal or school nurse will notify the superintendent or designee without delay.

Reports to Public Health. The school nurse, or a person acting in the capacity of a school nurse, will report each case or suspected case of a reportable communicable disease. The report must go to the local public health department or the Nebraska DHHS Division of Public Health as provided in 173 NAC 1-007.04.

School Attendance and Participation in School Sponsored Activities.

The district will provide educational services to a student diagnosed with a communicable disease as required by law. The district will restrict the student as needed to prevent the spread of disease, to protect the student's health and privacy, and to protect others. Participation in Nebraska School Activities Association (NSAA) events is subject to NSAA rules and the provisions of the district activity handbook.

Infection and Exposure Control Procedures/Universal Precautions.

The district will monitor the information available through the Federal Centers for Disease Control, the Nebraska Department of Health and Human Services, and the Occupational Safety and Health Administration. This policy and any procedures, universal precautions, or exposure control plans will be modified, if appropriate, based upon the best new medical information provided by the above sources.

Outbreaks. In an outbreak or epidemic of a communicable disease, the superintendent may exclude students, reassign students, or close one or more schools. The superintendent will coordinate with the local health department and the Nebraska Department of Health and Human Services as needed.

Confidentiality. The district will keep information about a person's communicable disease confidential. The district will share information only with staff on a need-to-know basis. When the district must inform a person about another person's condition, the district will inform that person of the duty to keep the information confidential. The district will communicate about a student's communicable disease consistent with the student's IEP or Section 504 Plan, if any.

Staff Training. Staff will receive training regarding communicable diseases and the requirements of this policy and any adopted procedures as part of the training received under the Workplace Injury Prevention and Safety Committee policy.

Drug Free Workplace

It is vitally important to have a healthy workforce that is free from the effects of illegal drugs. The use or possession of unlawful drugs in the workplace has a very detrimental effect upon safety and morale of the affected employee, coworkers, and the public at large; and on productivity and the quality of work.

Federal law requires this school district, as a recipient of federal funds, to maintain a drug-free workplace. The unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in the district's workplace is prohibited. The term "workplace" includes every location where district employees may be found during their working hours or while they are on duty, regardless of whether the location is within the geographic boundaries of the district. Any employee who violates this policy will be disciplined with measures up to and including discharge. The district may, in its sole discretion, require or allow an employee who violates this policy to participate in and satisfactorily complete a drug abuse assistance or rehabilitation program.

The district shall provide every current employee with a copy of this policy, and shall provide each newly hired employee with a copy upon hiring. Every employee shall be required to signify receipt of a copy of the policy in writing. All district employees must abide by this policy, including those who are not directly engaged in the performance of work pursuant to a federal grant.

An employee must notify his/her supervisor of any conviction of a criminal drug statute for a violation occurring in the workplace within five days. The failure to report such a conviction will be grounds for dismissal. If the employee convicted of such an offense is engaged in the performance of work pursuant to the provisions of a federal grant, the district shall notify the grant agency within 10 days of receiving notice of a conviction from the affected employee or of receiving actual notice of such a conviction.

In the event this policy conflicts or is otherwise inconsistent with mandatory provisions of the UGG, EDGAR or other applicable federal law, the mandatory provisions of the laws shall control.

The District will also comply with the requirements of the public lettings laws (NEB. REV. STAT. §§ 73-101 through 73-106) when the contemplated expenditure for the complete project exceeds \$136,000, the Political Subdivisions Construction Alternatives Act (NEB. REV. STAT. §§ 13-2901 through 13-2914), energy financing contracts (NEB. REV. STAT. §§ 66-1062 through 66-1066), other applicable state laws, and the board's general policy on Bidding for Construction and Related Projects. In addition, all procurement and construction shall comply with the rules and requirements of 2 CFR part 200.317 through 200.327 and 34 CFR sections 75.601 through 75.615. In the event of a conflict between state and federal law, the more stringent requirement shall apply.

II. All projects undertaken pursuant to this policy will be subject to the following bond requirements

- A. A bid guarantee from each bidder equivalent to five percent of the bid price. The "bid guarantee" must consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of the bid, execute such contractual documents as may be required within the time specified.
- B. A performance bond on the part of the contractor for 100 percent of the contract price. A "performance bond" is one executed in connection with a contract to secure fulfillment of all the contractor's obligations under such contract.
- C. A payment bond on the part of the contractor for 100 percent of the contract price. A "payment bond" is one executed in connection with a contract to assure payment as required by law of all persons supplying labor and material in the execution of the work provided for in the contract.

III. Construction Projects with an Anticipated Cost of Under \$350,000

A. Methods of Bidding/Soliciting Quotations or Estimates

The type of procedures required depends on the anticipated cost of the project.

- 1. Construction with an Anticipated Cost of up to \$15,000 (Micro-Purchases)

Micro-purchase means an individual procurement transaction for supplies or services using simplified acquisition procedures, the annual aggregate amount of which does not exceed \$15,000. Micro-purchases may be made or awarded without soliciting competitive quotations, to the extent district staff determine that the cost of the purchase is reasonable. For purposes of this policy "reasonable" means the purchase is comparable to market prices for the geographic area.

To the extent practicable, the District distributes micro-purchases equitably among qualified suppliers. The District will follow its standard policy on purchasing.

2. Construction with an Anticipated Cost of between \$15,000 and \$350,000 (Simplified Acquisition Procedures)

For construction projects subject to this policy, simplified acquisitions are purchases that, in the aggregate amount, is more than \$15,000 and less than \$350,000 annually. For simplified acquisitions, price or rate quotes shall be obtained in advance from a reasonable number of qualified sources as detailed in the district's standard policies on purchasing and on bid letting and contracts.

- B. Construction Projects with an estimated cost of between \$136,000 and \$349,999 will be made pursuant to the District's Policy on Bid Letting and Contracts.

Pursuant to Nebraska law, construction projects which have an anticipated aggregate cost of \$136,000 or more are subject to state public lettings laws (NEB. REV. STAT. §§ 73-101 through 73-106). The board will follow its standard policy on bid letting and contracts for construction projects financed with federal funds which have an anticipated aggregate cost of between \$136,000 and \$350,000.

IV. Construction Projects with an Anticipated Cost Over \$350,000

- A. Sealed Bids: All constructions projects subject to this policy with an anticipated cost of \$350,000 or more will be publicly solicited using the sealed bid method
 1. Bids must be solicited from an adequate number of known suppliers, providing them sufficient response time prior to the date set for opening the bids, for state, local, and tribal governments, the invitation for bids must be publicly advertised;
 2. The invitation for bids, which will include any specifications and pertinent attachments, must define the items or services in order for the bidder to properly respond;
 3. Sealed bids will be publicly opened in a place and at the specific time stated in the bid solicitation. Bidders shall be notified of the opening and invited to be present.
 4. The contract will be awarded to the lowest responsive and

responsible bidder.

- a) Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs must be considered in determining which bid is lowest.
- b) Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of.
- c) Any or all bids may be rejected if there is a sound documented reason.

5. The board shall have discretion in determining which bidders are responsible and responsive and shall award the contract to the lowest, responsible, and responsive bidder whose bid meets the bid specifications. This means that the board will select the bid that offers the best value and award a contract based upon the amount of the bid and the bidder's ability and capacity to carry on the work, its equipment and facilities, honesty, integrity, skills, business judgment, experience, equipment, facilities, financial stability, past performance, and other relevant factors.

6. The board will generally complete its review of bids and select a vendor within 30 days of bid submission.

B. Advertising for Bids.

- 1. The superintendent or designee will arrange to advertise for bids by publishing notice in any newspaper of general circulation within the school district at least 7 calendar days prior to the date on which bids are due.
- 2. Nothing shall prevent the superintendent or designee from advertising in additional media outlets or for a longer period of time.

C. Bid Documents

- 1. The bid documents shall identify the day upon which the bids shall be returned, received, or opened and shall identify the hour at which the bids will close or be received or opened.
- 2. The bid documents shall also provide that such bids shall be opened simultaneously in the presence of the bidders or their representatives.

3. Bids received after the date and time specified in the bid documents shall be returned to the bidder unopened.
4. If bids are being opened on more than one contract, the board, in its discretion, may award each contract as the bids are opened.
5. Sealed bids will be opened in a place and at the specific time stated in the bid solicitation. Bidders shall be notified of the opening and invited to be present.
6. Bids will be reviewed by the Superintendent and/or designee and submitted to the board for approval.
7. The board shall have discretion in determining which bidders are responsible and responsive and shall award the contract to the lowest, responsible, and responsive bidder whose bid meets the bid specifications. This means that the board will select the bid that offers the best value and award a contract based upon the amount of the bid and the bidder's ability and capacity to carry on the work, its equipment and facilities, honesty, integrity, skills, business judgment, experience, equipment, facilities, financial stability, past performance, and other relevant factors.
8. The board will generally complete its review of bids and select a vendor within 30 days of bid submission.

- D. The terms of any construction project undertaken pursuant to this policy will be memorialized in a written contract which has been reviewed by the district's legal counsel and approved by the board.

V. Other Contract Matters.

A. Required Terms

The non-Federal entity's contracts must contain the applicable provisions required by section 200.327 and described in Appendix II to Part 200—Contract Provisions for non-Federal Entity Contracts Under Federal Awards. This includes a "Buy American" provision that provides that as appropriate and to the extent consistent with law, the District and contractor should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron,

aluminum, steel, cement, and other manufactured products). The requirements of the Buy American provision must be included in all subawards including all contracts and purchase orders for work or products under this award.

B. Contracting with Certain Vendors

Pursuant to the standards contained in 2 C.F.R. § 200.321, the District will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms are used when possible and consistent with state law.

To the maximum extent practicable, the school food program shall purchase domestic commodities or products produced in the U.S. or processed in the U.S. substantially using agricultural commodities produced in the U.S.

C. Full and Open Competition

The district's procurement transactions will be conducted in a manner providing full and open competition consistent with 2 C.F.R §200.319.

D. Debarment and Suspension

The District awards contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, public policy compliance, proper classification of employees (see the Fair Labor Standards Act, 29 U.S.C. 201, chapter 8), record of past performance, and financial and technical resources when conducting a procurement transaction.

The District may not subcontract with or award subgrants to any person or company who is debarred or suspended. For all contracts over \$25,000 the District verifies that the vendor with whom the District intends to do business with is not excluded or disqualified. 2 C.F.R. Part 200, Appendix II(1) and 2 C.F.R. §§ 180.220 and 180.300.

The District will verify debarment or suspension by reviewing the excluded parties list on SAM.gov, collecting a certification through the bidding process, and/or by including a debarment and suspension provision in the bid and contract documents. The Superintendent or his/her designee shall be responsible for such verification.

E. Settlements of Issues Arising Out of Contract

The District alone is responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the District of any contractual responsibilities under its contracts. Violations of law will be referred to the local, state, or federal authority having proper jurisdiction.

F. Record Keeping

1. Record Retention

- a) The District maintains all records that fully show (1) the amount of funds under the grant or subgrant; (2) how the subgrantee uses those funds; (3) the total cost of each project; (4) the share of the total cost of each project provided from other sources; (5) other records to facilitate an effective audit; and (6) other records to show compliance with federal program requirements. 34 C.F.R. §§ 76.730-.731 and §§ 75.730-.731. The District also maintains records of significant project experiences and results. 34 C.F.R. § 75.732. These records and accounts must be retained and made available for programmatic or financial audit.
- b) The U.S. Department of Education is authorized to recover any federal funds misspent within 5 years before the receipt of a program determination letter. 34 C.F.R. § 81.31(c). Schedule 10 (Local School Districts) and Schedule 24 (Local Agencies General Records) of the Nebraska Records Management Division as approved by the Nebraska Secretary of State/State Records Administrator requires the District to maintain records regarding construction projects for a minimum of five (5) years after the sale or demolition of the building. However, if any litigation, claim, or audit is started before the expiration of the record retention period, the records will be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. 2 C.F.R. § 200.334.

- c) Records will be destroyed in compliance with Schedule 10, Schedule 24, and State law. This includes the completion of a Records Disposition Report.
- 2. Maintenance of Construction Records for Projects Financed with Federal Funds
 - a) The District must maintain records sufficient to detail the history of all construction projects financed with federal funds. These records will include, but are not necessarily limited to the following: rationale for the method of construction, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.
 - b) Retention of construction records shall be in accordance with applicable law and Board policy.

VI. Conflict of Interest and Code of Conduct

- A. Board and staff member conflicts of interest are governed by the district's conflict of interest policies.
- B. Contracts covered by this policy are subject to the following additional provisions.
 - 1. Employees, officers, and agents engaged in the selection, award, and/or administration of district contracts which are prohibited from engaging in such actions if a real or apparent conflict of interest is present.
 - 2. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.
 - 3. The board may determine at its discretion that a financial interest is not substantial enough to give rise to a conflict of interest.

C. Favors and Gifts

An employee, officer, agent, and board member of the District may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts, with the limited exception of unsolicited items of nominal value.

D. Enforcement

Disciplinary Actions will be applied for violations of such standards by officers, employees, board members, or agents of the District at the board's discretion.

VII. Financial Management

A. Identification.

The District will identify, in its accounts, all federal awards received and expended and the federal programs under which they were received. Federal program and award identification include, as applicable, the CFDA title and number, federal award identification number and year, name of the federal agency, and, if applicable, name of the pass-through entity.

B. Financial Reporting

The District will make an accurate, current, and complete disclosure of the financial results of each federal award or program in accordance with the financial reporting requirements set forth in the Education Department General Administrative Regulations (EDGAR).

C. Accounting Records

The District maintains records which adequately identify the source and application of funds provided for federally-assisted activities. These records must contain information pertaining to grant or subgrant awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.

D. Internal Controls

The Superintendent or his/her designee must maintain effective control and accountability for all funds, real and personal property,

and other assets through board review and approval of claims, an annual audit of the district's finances pursuant to the applicable Nebraska Department of Education and federal rules and regulations, and comparison of expenditures and outlays to budgeted amounts. The District adequately safeguards all such property and assures that it is used solely for authorized purposes.

E. Budget Control

Actual expenditures or outlays will be compared with budgeted amounts for each federal award at least annually and more often as required by law or deemed prudent by the board or administrative staff.

F. Payment Methods

The District will comply with applicable methods and procedures for payment that minimize the time elapsing between the transfer of funds and disbursement by the District, in accordance with the Cash Management Improvement Act at 31 CFR Part 205. Generally, the District receives payment from the Nebraska Department of Education on a reimbursement basis. 2 CFR § 200.305. However, if the District receives an advance in federal grant funds, the District will remit interest earned on the advanced payment quarterly to the federal agency. The District may retain interest amounts up to \$500 per year for administrative expenses. 2 CFR § 200.305(b)(9).

Consistent with state and federal requirements, the District will maintain source documentation supporting the federal expenditures (invoices, time sheets, payroll stubs, etc.) and will make such documentation available for the Nebraska Department of Education to review upon request.

G. Allowability of Costs

Expenditures must be aligned with approved budgeted items. Any changes or variations from the state-approved budget and grant application need prior approval.

When determining how the District will spend its grant funds, the Superintendent or his/her designee will review the proposed cost to determine whether it is an allowable use of federal grant funds before obligating and spending those funds on the proposed good or service. All costs supported by federal education funds must meet the standards

outlined in EDGAR, 2 CFR Part 3474 and 2 CFR Part 200, Subpart E. The Superintendent or his/her designee must consider these factors when making an allowability determination.

The Superintendent or his/her designee will consider Part 200's cost guidelines when federal grant funds are expended. The Superintendent or his/her designee will also consider whether all state - and District-level requirements and policies regarding expenditures have been followed.

H. Use of Program Income – Deduction, Addition, or Cost Sharing or Matching

The default method for the use of program income for the District is the deduction method. 2 C.F.R. § 200.307(e). Under the deduction method, program income is deducted from total allowable costs to determine the net allowable costs. Program income will only be used for current costs unless the District is otherwise directed by the federal awarding agency or pass-through entity. 2 C.F.R. § 200.307(e)(1). The District may also request prior approval from the federal awarding agency to use the addition method. Under the addition method, program income may be added to the Federal award by the Federal agency and the non-Federal entity. The program income must then be used for the purposes and under the conditions of the Federal award. 2 C.F.R. § 200.307(e)(2). The District may also request prior approval from the federal awarding agency to use the cost sharing or matching method.

While the deduction method is the default method, the District always refers to the grant award notice prior to determining the appropriate use of program income.

I. Cost Sharing or Matching

For all Federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the non-Federal entity's cost sharing or matching when such contributions meet all of the following criteria:

- (1) Are verifiable from the non-Federal entity's records;
- (2) Are not included as contributions for any other Federal award;
- (3) Are necessary and reasonable for accomplishment of project or program objectives;
- (4) Are allowable under [subpart E \(Cost Principles\) of this part](#);
- (5) Are not paid by the Federal Government under another Federal

award, except where the Federal statute authorizing a program specifically provides that Federal funds made available for such program can be applied to matching or cost sharing requirements of other Federal programs;

- (6) Are provided for in the approved budget when required by the Federal awarding agency; and
- (7) Conform to other provisions of this part, as applicable.

J. Documentation of Personnel Expenses

Records that reflect charges to federal awards for salaries and wages will comply with the rules and requirements of 2 CFR 200.430.

VIII. Other Contract Matters.

A. Required Terms

The non-Federal entity's contracts must contain the applicable provisions required by section 200.327 and described in Appendix II to Part 200—Contract Provisions for non-Federal Entity Contracts Under Federal Awards.

B. Contracting with Certain Vendors

Pursuant to the standards contained in 2 C.F.R. § 200.321, the District will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms are used when possible consistent with state law.

To the maximum extent practicable, the school food program shall purchase domestic commodities or products produced in US or processed in US substantially using agricultural commodities produced in US.

C. Record Keeping

1. Record Retention

- a) The District maintains all records that fully show (1) the amount of funds under the grant or subgrant; (2) how the subgrantee uses those funds; (3) the total cost of each project; (4) the share of the total cost of each project provided from other sources; (5) other records to facilitate an effective audit; and (6) other records to show

compliance with federal program requirements. 34 C.F.R. §§ 76.730-.731 and §§ 75.730-.731. The District also maintains records of significant project experiences and results. 34 C.F.R. § 75.732. These records and accounts must be retained and made available for programmatic or financial audit.

b) The U.S. Department of Education is authorized to recover any federal funds misspent within 5 years before the receipt of a program determination letter. 34 C.F.R. § 81.31(c). Schedule 10 (Local School Districts) and Schedule 24 (Local Agencies General Records) of the Nebraska Records Management Division as approved by the Nebraska Secretary of State/State Records Administrator requires the District to maintain records regarding federal awards for a minimum of six (6) years. Consequently, the District shall retain records for a minimum of six (6) years from the date on which the final Financial Status Report is submitted, unless otherwise notified in writing to extend the retention period by the awarding agency, cognizant agency for audit, oversight agency for audit, or cognizant agency for indirect costs. However, if any litigation, claim, or audit is started before the expiration of the record retention period, the records will be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. 2 C.F.R. § 200.333.

c) Records will be destroyed in compliance with Schedule 10, Schedule 24, and State law. This includes the completion of a Records Disposition Report.

2. Maintenance of Procurement Records

a) The District must maintain records sufficient to detail the history of all procurements. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.

b) Retention of procurement records shall be in

accordance with applicable law and Board policy.

D. Privacy

The District has protections in place to ensure that the personal information of both students and employees is protected. These include the use of passwords that are changed on a regular basis; staff training on the requirements of the Family Educational Rights and Privacy Act (FERPA) and State confidentiality requirements; and training on identifying whether an individual requesting access to records has the right to the documentation.

Fiscal Management for Purchasing and Procurement Using Federal Funds

I. Applicability of Policy

This policy applies only to non-construction related purchases undertaken with federal funds which are subject to the federal Uniform Grant Guidance (UGG) and other applicable federal law, including but not limited to the Education Department and General Administration Regulations (EDGAR) and the United States Department of Agriculture (USDA) regulations governing school food service programs. In the event this policy conflicts or is otherwise inconsistent with mandatory provisions of the UGG, EDGAR or other applicable federal law, the mandatory provisions of the laws shall control.

All other non-construction purchases will be governed by the Board's general purchasing policy, which can be found earlier in this subsection. In the event of a conflict between state and federal law, the more stringent requirement shall apply.

This procurement policy shall govern all purchasing activities that relate to any aspect of the National School Lunch and Breakfast Programs. The district's goal is to fully implement all required procurement rules, regulations and policies set forth in 2 CFR 200, 7 CFR parts 210, 3016 and 3019, and by the Nebraska Department of Education.

II. Procurement System

The District maintains the following purchasing procedures.

A. Responsibility for Purchasing

The authority to make purchases shall be governed by the District's purchasing policy, which can be found elsewhere in this section. Except as otherwise provided in the District's purchasing policy, the acquisition of services, equipment, and supplies shall be centralized in the administration office under the supervision of the superintendent of schools, who shall be responsible for developing and administering the purchasing program of the school district. Purchases or commitments of district funds that are not authorized by this policy will be the responsibility of the person making the commitment.

B. Methods of Purchasing

The type of purchase procedures required depends on the cost of the item(s) being purchased.

1. Purchases up to \$15,000 (Micro-Purchases)

Micro-purchase means an individual procurement transaction for supplies or services using simplified acquisition procedures, the annual aggregate amount of which does not exceed \$15,000. Micro-purchases may be made or awarded without soliciting competitive quotations, to the extent district staff determine that the cost of the purchase is reasonable. For purposes of this policy "reasonable" means the purchase is comparable to market prices for the geographic area.

To the extent practicable, the District distributes micro-purchases equitably among qualified suppliers. The District will follow its standard policy on purchasing, which can be found earlier in this subsection.

2. Purchases between \$15,000 and \$350,000 (Simplified Acquisition Procedures)

Simplified acquisitions are purchases that, in the aggregate amount, are more than \$15,000 and less than \$350,000 annually. For simplified acquisitions, price or rate quotes shall be obtained in advance from a reasonable number of qualified sources as detailed in the district's standard policies on purchasing and on bid letting and contracts, which can be found earlier in this subsection.

3. Purchases Over \$350,000

a) Sealed Bids (Formal Advertising)

For purchases over \$350,000, the district will generally follow the bidding process outlined in the board's policy on Bidding for Construction, Remodeling, Repair or Site Improvement. If sealed bids are not accepted for a purchase of over \$350,000, the district will retain an explanation for that decision.

b) Contract/Price Analysis

The District performs a cost or price analysis in connection with every procurement action in excess of \$350,000, including contract modifications.

The district will make an independent estimate of costs prior to receiving bids or proposals.

4. Noncompetitive Proposals (Sole Sourcing)

- a) Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:
 - 1) The procurement transaction can only be fulfilled by a single source;
 - 2) The public exigency or emergency for the requirement will not permit a delay resulting from providing public notice of a competitive solicitation;
 - 3) The federal awarding agency or pass-through entity expressly authorizes written approval of noncompetitive proposals in response to a written request from the District; or
 - 4) After solicitation of a number of sources, competition is determined inadequate.
- b) Noncompetitive proposals may only be solicited with the approval of the superintendent or the board. Sufficient and appropriate documentation that justifies the sole sourcing decision must be maintained by the superintendent or designee.
- c) A cost or price analysis will be performed for noncompetitive proposals when the price exceeds \$350,000.

5. Competitive Proposals.

- a) The technique of competitive proposals is normally conducted with more than one source submitting an offer, and either a fixed price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids. If this method is used, the following requirements

apply:

- 1) Requests for proposals must be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals must be considered;
 - 2) Proposals must be solicited from an adequate number of qualified sources; and
 - 3) Contracts must be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered.
- b) The District may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used to procure A/E professional services. The method may not be used to purchase other services provided by A/E firms are a potential source to perform the proposed effort.
- c) The District may select a proposal that offers the best value and that is based upon the proposer's responsiveness to the proposal, experience, reputation, staff qualifications, ability and capacity to carry on the work, price, honesty, integrity, skills, business judgment, financial stability, past performance, and other relevant factors. The evaluation may be conducted by the school board, a designated committee, or another designee of the school board.

C. Use of Purchase (Debit & Credit) Cards

District use of purchase cards is subject to the policy on purchase cards which can be found elsewhere in this subsection.

D. Federal Procurement System Standards

The district's procurement transactions will be conducted in a manner providing full and open competition consistent with 2 C.F.R §200.319.

The District will maintain and follow general procurement standards consistent with 2 C.F.R. §200.318.

E. Debarment and Suspension

The District awards contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, public policy compliance, proper classification of employees (see the Fair Labor Standards Act, 29 U.S.C. 201, chapter 8), record of past performance, and financial and technical resources when conducting a procurement transaction.

The District may not subcontract with or award subgrants to any person or company who is debarred or suspended. For all contracts over \$25,000 the District verifies that the vendor with whom the District intends to do business with is not excluded or disqualified. 2 C.F.R. Part 200, Appendix II(1) and 2 C.F.R. §§ 180.220 and 180.300.

The District will verify debarment or suspension by revising the excluded parties list on SAM.gov, collecting a certification through the bidding process, and/or by including a debarment and suspension provision in the bid and contract documents. The Superintendent or his/her designee shall be responsible for such verification.

F. Settlements of Issues Arising Out of Procurements

The District alone is responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the District of any contractual responsibilities under its contracts. Violations of law will be referred to the local, state, or federal authority having proper jurisdiction.

III. Conflict of Interest and Code of Conduct

A. Board and staff member conflicts of interest are governed by the district's conflict of interest policies.

B. Purchases covered by this policy are subject to the following additional provisions.

1. Employees, officers, and agents engaged in the selection, award, and/or administration of district contracts which are prohibited from engaging in such actions if a real or apparent conflict of interest is present.
2. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.
3. The board may determine at its discretion that a financial interest is not substantial enough to give rise to a conflict of interest.

C. Favors and Gifts

An employee, officer, agent, and board member of the District may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts, except that this provision does not prohibit the receipt of unsolicited items of nominal value. For purposes of this policy, "nominal value" means a fair market value of \$25 or less.

D. Enforcement

Disciplinary Actions including, but not limited to, counseling, oral reprimand, written reprimand, suspensions without pay, or termination of employment, will be applied for violations of such standards by officers, employees, board members, or agents of the District.

IV. Property Management Systems

A. Property Classifications

1. Equipment means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost that equals or exceeds the lesser of the capitalization level established by the District for financial statement purposes, or \$10,000.

2. Supplies means all tangible personal property other than those described in §200.33 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the District for financial statement purposes or \$10,000, regardless of the length of its useful life. 2 C.F.R. §200.94.
3. Computing Devices means machines that acquire, store, analyze, process, and publish data and other information electronically, including accessories (or “peripherals”) for printing, transmitting and receiving, or storing electronic information. 2 C.F.R. §200.20.
4. Capital Assets means tangible or intangible assets used in operations having a useful life of more than one year which are capitalized in accordance with GAAP. Capital assets include:
 - a) Land, buildings (facilities), equipment, and intellectual property (including software) whether acquired by purchase, construction, manufacture, lease-purchase, exchange, or through capital leases; and
 - b) Additions, improvements, modifications, replacements, rearrangements, reinstallations, renovations or alterations to capital assets that materially increase their value or useful life (not ordinary repairs and maintenance). 2 C.F.R. §200.12.

B. Inventory Procedure

Newly purchased property shall be received and inspected by the staff member who ordered it to ensure that that it matches the purchase order, invoice, or contract and that it is in acceptable condition.

Equipment, Computing Devices, and Capital Assets must be tagged with an identification number, manufacturer, model, name of individual who tagged the item, and date tagged).

C. Inventory Records

For equipment, computing devices, and capital assets purchased with federal funds, the following information is maintained in the property management system:

1. Serial number;
2. District identification number;
3. Manufacturer;
4. Model;
5. Date tagged and individual who tagged it;
6. Source of funding for the property;
7. Who holds title;
8. Acquisition date and cost of the property;
9. Percentage of federal participation in the project costs for the federal award under which the property was acquired;
10. Location, use and condition of the property; and
11. Any ultimate disposition data including the date of disposal and sale price of the property.

The inventory list shall be adjusted by the superintendent of schools or his/her designee for property that is sold, lost, stolen, cannot be repaired, or that cannot be located.

D. Physical Inventory

1. A physical inventory of the property must be taken and the results reconciled with the property records at least once every two years.
2. The Superintendent or his/her designee will ensure that the physical inventory is performed. The physical inventory will generally occur during the months of June or July, but may be conducted during other time periods with the approval of the superintendent.

E. Maintenance

In accordance with 2 C.F.R. 313(d)(4), the District maintains adequate maintenance procedures to ensure that property is kept in good condition.

F. Lost or Stolen Items

The District maintains a control system that ensures adequate safeguards are in place to prevent loss, damage, or theft of the property. The District will notify the Federal agency or pass-through entity of any loss, damage, or theft of equipment that will have an impact on the program.

G. Use of Equipment

Equipment must be used in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by the federal award, and the District will not encumber the property for any non-federal program use without prior approval of the federal awarding agency and the pass-through entity.

H. Disposal of Equipment

When it is determined that equipment acquired under a federal award is no longer needed for the original project or program or for other activities currently or previously supported by a federal awarding agency, the Superintendent or his/her designee will contact the awarding agency (or pass-through for a state-administered grant) for disposition instructions.

If the item has a current fair market value of \$10,000 or less, it may be retained, sold, or otherwise disposed of with no further obligation to the federal awarding agency or pass-through entity. The Superintendent or his/her designee will utilize sales procedures which ensure the highest possible return on the disposal of the equipment.

I. Equipment Retention

When included in the terms and conditions of the Federal award, the Federal agency may permit the recipient to retain equipment, or authorize a pass-through entity to permit the recipient to retain equipment, with no further obligation to the Federal Government unless prohibited by Federal statute or regulation.

J. Equipment and Capital Expenditures

All equipment and capital expenditures shall comply with the rules and requirements of 2 CFR 200.439.

K. Depreciation

All depreciation shall comply with the rules and requirements of 2 CFR 200.436.

L. Reporting and Recording Federal Property Interest

The district will comply with federal interest reporting and submit annual reports, if required, regarding a real property

interest due to a renovation, major remodeling, construction, or real property project funded by federal grant funds.

V. Financial Management

A. Identification

The District will identify, in its accounts, all federal awards received and expended and the federal programs under which they were received. Federal program and award identification include, as applicable, the CFDA title and number, federal award identification number and year, name of the federal agency, and, if applicable, name of the pass-through entity.

B. Financial Reporting

The District will make an accurate, current, and complete disclosure of the financial results of each federal award or program in accordance with the financial reporting requirements set forth in the Education Department General Administrative Regulations (EDGAR).

C. Accounting Records

The District maintains records which adequately identify the source and application of funds provided for federally-assisted activities. These records must contain information pertaining to grant or subgrant awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.

D. Internal Controls

The Superintendent or his/her designee must maintain effective control and accountability for all funds, real and personal property, and other assets through board review and approval of claims, an annual audit of the district's finances pursuant to the applicable Nebraska Department of Education and federal rules and regulations, and comparison of expenditures and outlays to budgeted amounts. The District adequately safeguards all such property and assures that it is used solely for authorized purposes. The District takes reasonable cybersecurity and other measures to safeguard information including protected personally identifiable information.

E. Budget Control

Actual expenditures or outlays will be compared with budgeted amounts for each federal award at least annually and more often as required by law or deemed prudent by the board or administrative staff.

F. Payment Methods

The District will comply with applicable methods and procedures for payment that minimize the time elapsing between the transfer of funds and disbursement by the District, in accordance with the Cash Management Improvement Act at 31 CFR Part 205. Generally, the District receives payment from the Nebraska Department of Education on a reimbursement basis. 2 CFR § 200.305. However, if the District receives an advance in federal grant funds, the District will remit interest earned on the advanced payment quarterly to the federal agency. The District may retain interest amounts up to \$500 per year for administrative expenses. 2 CFR § 200.305(b)(9).

Consistent with state and federal requirements, the District will maintain source documentation supporting the federal expenditures (invoices, time sheets, payroll stubs, etc.) and will make such documentation available for the Nebraska Department of Education to review upon request.

G. Allowability of Costs

Expenditures must be aligned with approved budgeted items. Any changes or variations from the state-approved budget and grant application need prior approval.

When determining how the District will spend its grant funds, the Superintendent or his/her designee will review the proposed cost to determine whether it is an allowable use of federal grant funds before obligating and spending those funds on the proposed good or service. All costs supported by federal education funds must meet the standards outlined in EDGAR, 2 CFR Part 3474 and 2 CFR Part 200, Subpart E. The Superintendent or his/her designee must consider these factors when making an allowability determination.

The Superintendent or his/her designee will consider Part 200's cost guidelines when federal grant funds are expended. The Superintendent or his/her designee will also consider whether all state - and District-level requirements and policies regarding expenditures have been followed.

H. Use of Program Income – Deduction, Addition, or Cost Sharing or Matching

The default method for the use of program income for the District is the deduction method. 2 C.F.R. § 200.307(e). Under the deduction method, program income is deducted from total allowable costs to determine the net allowable costs. Program income will only be used for current costs unless the District is otherwise directed by the federal awarding agency or pass-through entity. 2 C.F.R. § 200.307(e)(1). The District may also request prior approval from the federal awarding agency to use the addition method. Under the addition method, program income may be added to the Federal award by the Federal agency and the non-Federal entity. The program income must then be used for the purposes and under the conditions of the Federal award. 2 C.F.R. § 200.307(e)(2). The District may also request prior approval from the federal awarding agency to use the cost sharing or matching method.

While the deduction method is the default method, the District always refers to the grant award notice prior to determining the appropriate use of program income.

I. Cost Sharing or Matching

For all Federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the non-Federal entity's cost sharing or matching when such contributions meet all of the following criteria:

- (1) Are verifiable from the non-Federal entity's records;
- (2) Are not included as contributions for any other Federal award;
- (3) Are necessary and reasonable for accomplishment of project or program objectives;
- (4) Are allowable under subpart E (Cost Principles) of this part;
- (5) Are not paid by the Federal Government under another Federal award, except where the Federal statute authorizing a program specifically provides that Federal funds made available for such program can be applied to matching or cost sharing requirements of other Federal programs;
- (6) Are provided for in the approved budget when required by the Federal awarding agency; and
- (7) Conform to other provisions of this part, as applicable.

J. Documentation of Personnel Expenses

Records that reflect charges to federal awards for salaries and wages will comply with the rules and requirements of 2 CFR 200.430.

VI. Written Compensation Policies

A. Time and Effort Standards

All employees who are paid in full or in part with federal funds must keep specific documents to demonstrate the amount of time they spent on grant activities. This includes an employee whose salary is paid with state or local funds but is used to meet a required "match" in a federal program. These documents, known as time and effort records, are maintained in order to charge the costs of personnel compensation to federal grants. Charges to federal awards for salaries and wages must be based on records that accurately reflect the work performed. These records must:

- (1) Be supported by a system of internal controls which provides reasonable assurance that the charges are accurate, allowable, and properly allocated;
- (2) Be incorporated into official records;
- (3) Reasonably reflect total activity for which the employee is compensated, not exceeding 100% of compensated activities;
- (4) Encompass both federally assisted and all other activities compensated by the District on an integrated basis;
- (5) Comply with the established accounting policies and practices of the District and
- (6) Support the distribution of the employee's salary or wages among specific activities or costs objectives.

B. Time and Effort Procedures

Time and effort procedures will follow and comply with 2 CFR 200.430(i).

C. Fringe Benefits

Except as provided otherwise by federal law, the costs of fringe benefits will be allowable provided that the benefits are reasonable and required by law, a district-employee agreement, or another policy of the District.

D. Leave

The cost of fringe benefits in the form of regular compensation paid to employees during periods of authorized absences from the job, such as for annual leave, family-related leave, sick leave, holidays, court leave, military leave, administrative leave, and other similar benefits, are allowable if they are provided under established written District leave policies.

E. Unexpected or Extraordinary Circumstances

In the event of a pandemic or other unexpected or extraordinary circumstance, the District may close school or individual buildings. In such case, the District may compensate federally funded or other employees during such closure to ensure the return of staff to employment after the closure as allowed by state or federal law.

F. Documentation for Personnel Expenses

Records that reflect charges to federal awards for salaries and wages will comply with the rules and requirements of 2 CFR 200.430.

VII. Other Contract Matters.

A. Required Terms

The non-Federal entity's contracts must contain the applicable provisions required by section 200.326 and described in Appendix II to Part 200—Contract Provisions for non-Federal Entity Contracts Under Federal Awards.

B. Contracting with Certain Vendors

Pursuant to the standards contained in 2 C.F.R. § 200.321, the District will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms are used when possible consistent with state law.

Buy American. The District participates in the National School Lunch Program and School Breakfast Program and is required to use the nonprofit food service funds, to the maximum extent practicable, to buy domestic commodities or products for Program meals. A "domestic commodity or product" is defined as one that is either produced in the U.S. or is processed in the U.S. substantially using agricultural commodities that are produced in the U.S. as provided in 7 CFR 210.21(d).

The District may deviate from this general requirement only if:

- The product is not produced or manufactured in the U.S. in sufficient and reasonably available quantities of a satisfactory quality; or
- Competitive bids reveal the costs of a U.S. product are significantly higher than the non-domestic product.

C. Record Keeping

1. Record Retention

- a) The District maintains all records that fully show (1) the amount of funds under the grant or subgrant; (2) how the subgrantee uses those funds; (3) the total cost of each project; (4) the share of the total cost of each project provided from other sources; (5) other records to facilitate an effective audit; and (6) other records to show compliance with federal program requirements. 34 C.F.R. §§ 76.730-.731 and §§ 75.730-.731. The District also maintains records of significant project experiences and results. 34 C.F.R. § 75.732. These records and accounts must be retained and made available for programmatic or financial audit.
- b) The U.S. Department of Education is authorized to recover any federal funds misspent within 5 years before the receipt of a program determination letter. 34 C.F.R. § 81.31(c). Schedule 10 (Local School Districts) and Schedule 24 (Local Agencies General Records) of the Nebraska Records Management Division as approved by the Nebraska Secretary of State/State Records Administrator requires the District to maintain records regarding federal awards for a minimum of six (6) years. Consequently, the District shall retain records for a minimum of six (6) years from the date on which the final Financial Status Report is submitted, unless otherwise notified in writing to extend the retention period by the awarding agency, cognizant agency for audit, oversight agency for audit, or cognizant agency for indirect costs. However, if any litigation, claim, or audit is started before the expiration of the record retention period, the records will be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. 2 C.F.R. § 200.333.
- c) Records will be destroyed in compliance with Schedule 10, Schedule 24, and State law. This includes the completion of a Records Disposition Report.

2. Maintenance of Procurement Records

- a) The District must maintain records sufficient to detail the history of all procurements. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.
- b) Retention of procurement records shall be in accordance with applicable law and Board policy.

D. Privacy

The District has protections in place to ensure that the personal information of both students and employees is protected. These include the use of passwords that are changed on a regular basis; staff training on the requirements of the Family Educational Rights and Privacy Act (FERPA) and State confidentiality requirements; and training on identifying whether an individual requesting access to records has the right to the documentation.

E. Travel Costs

All travel expenses paid with federal grant funds shall meet the federal requirements such as:

- (1) All travel costs must be reasonable and necessary;
- (2) All travel costs must be consistent with District policy; and
- (3) All travel costs must be directly related to the grant award.

In addition, all travel expenses funded with federal grant funds must be preapproved by the Superintendent or designee. The state per diem rates for lodging shall be used to determine that maximum amount charged to a federal grant. For reimbursement of meals, the per diem rate and rules set by the State of Nebraska through the Nebraska Department of Administrative Service's Expense Reimbursement Document "ERD" Guidelines will apply. There will be no reimbursement for breakfast if the staff member's lodging provides continental breakfast at no cost. For reimbursement for mileage or fuel, the State of Nebraska mileage rate will apply. If a District-owned vehicle is available for travel, the District-owned vehicle must be utilized unless preapproved by the Superintendent or designee. All expenditures claimed by staff must include receipts and a completed voucher.

Every person residing in the school district who has legal or actual charge or control of any child who is of mandatory attendance age shall cause that child to attend a public or private school regularly unless the child has graduated from high school or has been allowed to disenroll pursuant to this policy.

Mandatory Attendance Age

All children who are or will turn six years old before January 1 of the current school year are of mandatory attendance age. Children who have not turned eighteen years of age are of mandatory attendance age.

Exceptions

This policy does not apply when attendance is made impossible or impracticable by severe weather conditions or by the mental or physical illness of the student or a child whom the student is parenting.

A child who will not reach age 7 before January 1 of the current school year may be excused from mandatory attendance if the child's parent or guardian completes an affidavit affirming that alternative educational arrangements have been made for the child. A copy of the required affidavit is attached to this policy.

Discontinuing Enrollment – 5 Year Old Students

The person seeking to discontinue the enrollment of a student who will not reach six years of age prior to January 1 of the current school year shall submit a signed, written request to the superintendent using the form which is attached to this policy. The school district may request written verification or documentation that the person signing the form has legal or actual charge or control of the student. The school district shall discontinue the enrollment of any student who satisfies these requirements. Any student whose enrollment is discontinued under this subsection shall not be eligible to reenroll in this school district until the beginning of the following school year unless otherwise required by law.

Each building principal, at his or her discretion, may delegate these responsibilities to any other qualified individual. The attendance officer is responsible for enforcing the provisions of state law relating to compulsory attendance. This responsibility includes but is not limited to filing a report with the county attorney of the county in which a student resides. Compensation for the duties of attendance officer is included in the salary for the superintendent or designee.

Excused Absences – Others

The following additional absences will be considered excused if they are confirmed by communication to the school from the student's parent/guardian:

1. Severe weather
2. Medical appointments for the student

When a student receives 5 unexcused absences or the hourly equivalent in any semester, the Attendance Officer may send written notification of the student's total absences to the student's parent or guardian. When a student receives 10 unexcused absences or the hourly equivalent in any school year, the Attendance Officer will send written notification of the student's total absences to the student's parent or guardian and offer to meet with the student's parents or guardians to discuss any barriers to the student's attendance. When a student receives 15 unexcused absences or the hourly equivalent in any school year, the Attendance Officer will send written notification of the student's total absences to the student's parent or guardian and shall schedule a meeting with relevant stakeholders to discuss and address any barriers to the student's attendance, unless the Attendance Officer determines that such a meeting would not be productive in facilitating the student's regular attendance.

When a student is absent more than twenty days per year or the hourly equivalent and any portion of the absences is unexcused, the Attendance Officer may/must file a report with the county attorney of the county in which the student resides. For example, if the student accumulates 23 days of excused absences due to documented illness and is tardy one time, the Attendance Officer **may** file a report with the appropriate county attorney.

Making Up Absences

When a 7-12 student receives 5 unexcused absences or the hourly equivalent in any quarter, the student shall be required to make up those absences through attendance in Saturday School or other arrangement by the administration. Absences shall be made up at a rate of 30 minutes per class period missed over 5.

5003 Admission of Part-Time Students

A student may be permitted to enroll on a part-time basis pursuant to this policy and applicable curricular practices when enrollment is appropriate for reasons that include but are not limited to the following: the student attends another education institution on a primary basis; is enrolled for a limited number of credit hours needed to graduate; has a modified schedule because of a disability or as part of an individualized education plan; or is a student who attends a private, denominational, or parochial school or a school that elects not to meet accreditation or approval requirements (referred to herein as an exempt school student or an exempt school, respectively).

Eligibility and Application for Enrollment. A student may be eligible for part-time enrollment if the student:

1. is of appropriate age to attend school;
2. is a resident of this school district;
3. is a resident of another school district attending a private, denominational, parochial, or exempt school, but only if
 - a. this school district is the closest to the student's residence that offers the extracurricular sport or activity they desire to participate in, and their resident school district does not offer that sport or activity; or
 - b. the school building the student would attend if accepted for part-time enrollment is closer than the school building the student attends or would attend at the resident district;
4. has not graduated from high school; and
5. has not received a graduate equivalency diploma.

The parent or guardian must meet all of the district's admission requirements and file an application for enrollment on forms provided by the school district by **August 1st of the** year of enrollment. For second semester high school courses, the application must be filed by **January 1st**. For students who move into the district mid-semester, the application must be filed within **20** days of moving into the district. The administration shall review the application, determine whether to approve or deny it, notify the parent or guardian, and schedule enrollment at an educationally appropriate time in the building or attendance center of the administration's choice. Enrollment does not carry over from one school year to the next, and the parent or guardian must apply for enrollment each school year.

Limitations Based on Resources. The part-time enrollment of students is subject to limitations for grades, classes, courses, and programs based on the limited resources available to the school district. Full-time students shall be given priority for enrollment in grades, classes, courses, and programs.

Placement of Students. Students accepted for part-time enrollment shall be placed in courses for which they have adequate preparation and which are determined to be educationally appropriate based on criteria that include, but are not limited to the student's age, achievement test scores, academic record, evaluation by school personnel and any other standards used by the district for the placement of students.

Grades and Academic Honors. Students accepted for part-time enrollment shall receive grades, report cards, and transcripts, but shall not be eligible to graduate, receive a diploma or qualify for class ranking unless they meet all district requirements including earning a sufficient number of credit hours and semesters of attendance.

Applicability of School Rules. Students accepted for part-time enrollment are subject to all rules and standards of the board of education and administration as set forth in policy, handbooks or other communications, as well as the rules and directives of the building administration and staff. They must remain on the school campus during scheduled classes but must leave the school campus when not engaged in a course, course-related activity, or an extracurricular activity or sport, unless the building principal approves their presence. Students who violate school policies, rules, or directives shall be subject to disciplinary procedures up to and including suspension and expulsion.

Extracurricular Sports and Activities. [OPTION 1: accredited private school students can't participate] Students who are enrolled in a private, denominational, or parochial school may not participate in extracurricular sports and activities sponsored by the school district.

[OPTION 2: accredited private school students can participate]. Students who are enrolled in a private, denominational, or parochial school may not participate in extracurricular sports and activities sponsored by the school district if they participate in extracurricular sports and activities at any other public, private, denominational, or parochial school. Any such students who desire to participate in extracurricular sports and activities at the school district must enroll in the following number of credit hours from the school district:

1. For extracurricular sports and activities regulated by an athletics or activities association in which this school district is a member: 5 credit hours.
2. For extracurricular sports and activities governed by a national or state organization other than an athletics or activities association, such as FFA: the minimum number of credit hours offered by the school district as required by that national or state organization.
3. For extracurricular sports and activities not regulated or governed by any such entity: 5 credit hours.

Exempt school students may only participate in extracurricular sports and activities if they are enrolled in at least 20 total credit hours per semester, when combining the exempt school credit hours and credit hours taken on a part-time basis at the school district. Exempt school students are not eligible to participate in extracurricular sports and activities sponsored by the school district if they participate in any sport or activity sponsored by any other public, private, denominational, or parochial school. Any such students who desire to participate in extracurricular sports and activities at the school district must enroll in the following number of credit hours from the school district:

1. For extracurricular sports and activities regulated by an athletics or activities association in which this school district is a member: 5 credit hours.
2. For extracurricular sports and activities governed by a national or state organization other than an athletics or activities association, such as FFA: the minimum number of credit hours offered by the school district as required by that national or state organization.
3. For extracurricular sports and activities not regulated or governed by any such entity: 5 credit hours.

All students permitted to participate in extracurricular sports and activities under this policy must also meet all other eligibility requirements set by the board, administration, and coach/sponsor prior to participating and for continued participation in the sport or activity. This includes but is not limited to rules for completing courses; up/down lists for deficient grades and/or incompletes; and all eligibility and other requirements of the Nebraska School Activities Association and any other governing bodies for the activity or sport.

Transportation. Part-time school students are not entitled to transportation or reimbursement for transportation to and from the school for class attendance purposes, unless required by law. Eligible part-time students are entitled to transportation to and from practices and extracurricular events to

the same extent as the school district's full-time students, but part-time students must arrange their own transportation and arrive timely to the designated pick-up point for such transportation.

Option Enrollment. Students may not enroll on a part-time basis pursuant to the school's option enrollment program.

5035 Student Discipline

Administrative and teaching personnel may take actions regarding student behavior, other than those specifically provided in this policy and the Student Discipline Act, which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, counseling of students, parent conferences, referral to restorative justice practices or services, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a Parent to such counseling or evaluation. Disciplinary consequences may also include in-school suspension, Saturday School, and any other consequence authorized by law. District administrators may develop building-specific protocols for the imposition of student discipline.

Any disciplinary action taken by staff must be consistent with the requirements of other applicable laws, including but not limited to the IDEA, Section 504, and Title IX.

In this policy, references to "Principal" shall include building principals, the principal's designee, or other appropriate school district administrators.

"Parent" means parent, guardian, or educational decisionmaker of the student. "Educational decisionmaker" means a person designated or ordered by a court to make educational decisions on behalf of a child.

Any statement, notice, recommendation, determination, or similar action specified in this policy shall be effectively given at the time written evidence thereof is delivered personally to or upon receipt of certified or registered mail or upon actual knowledge by a student or his or her Parent.

Any student who is suspended or expelled from school pursuant to this policy may not participate in any school activity during the duration of that exclusion including adjacent school holidays and weekends. The student activity eligibility of a student who is mandatorily reassigned shall be determined on a case-by-case basis by the principal of the building to which the student is reassigned.

Pre-Kindergarten through Second Grade Students

Notwithstanding any other provision of this policy, an elementary school shall not suspend a student in pre-kindergarten through second grade unless the student:

1. Brings a deadly weapon as defined in section 28-109 onto school grounds, into a vehicle owned, leased, or contracted by a school being used for a school purpose or into a vehicle being driven for a school purpose by a school employee or his or her designee, or at a school-sponsored activity or athletic event; or
2. Engages in violent behavior capable of causing physical harm to another student or school employee.

As an alternative to suspension, the school district may take any action authorized by law, including those provided in section 79-258.

Makeup Work for Suspended Students

Any student who is suspended must be given an opportunity to complete any classwork and homework missed during the period of suspension, including, but not limited to, examinations ("makeup work"). Any makeup work must be completed and turned in within 2 school days after completion of the suspension. This makeup guideline shall be provided to the student and a Parent at the time of suspension. Suspended students may not be required to attend the school's alternative program for expelled students in order to complete classwork or homework.

Short-Term Suspension

The Principal may exclude students from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

1. Conduct constituting grounds for expulsion as hereinafter set forth; or
2. Other violations of rules and standards of behavior adopted by the Board of Education or the administrative or teaching staff of the school, that occur on or off school grounds, if such conduct interferes with school purposes or there is a connection between such conduct and school.

The following process applies to short-term suspension:

1. The Principal shall make a reasonable investigation of the facts and circumstances. Short-term suspension shall be imposed only after a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
2. After the principal has determined that a short-term suspension is necessary, but prior to commencement of the short-term suspension, the student and the Parent will be given oral and written notice of the charges against the student. They will be advised of what the student is accused of having done, be given an explanation of the evidence the authorities have, and be given an opportunity to present evidence of the student's version of the facts.
3. Within 24 hours or such additional time as is reasonably necessary, not to exceed an additional 48 hours, following the suspension, the Principal will send a written statement to the student, and the student's Parent, describing:
 - a. The student's conduct, misconduct or violation of the rule or standard;
 - b. The reasons for the action taken;
 - c. The actions made by the school to try to discontinue or alleviate the behavior of the student prior to considering suspension;
 - d. Resources the school is able to provide or recommend to assist the student; and
 - e. How the school plans to handle such behavior in the future, including an actionable plan aimed at maximizing strategies to keep the student in school.
4. An opportunity will be given to the student, and the student's Parent, to have a conference with the Principal ordering the short-term suspension before or at the time the student returns to school and shall document such effort in writing. The Principal shall determine who, in addition to the Parent, is to attend the conference. If no conference has been held, a Parent may submit a written request to the suspending principal before the student returns to school.
5. Students who are short-term suspended must be given the opportunity to complete classwork and homework missed during the period of suspension, including but not limited to examinations, as provided herein.

Emergency Exclusion

Students may be emergency excluded from school pursuant to the board's separate policy on emergency exclusion or state law.

Weapons and/or Firearms

Weapons. No student may possess, handle, or transmit any weapon while on school grounds, in a school vehicle, or at any school activity or event off school grounds except as permitted by this policy. **Definition of Weapon.** The term "weapon" means any object, device, instrument, material, or substance which is capable of causing injury in the manner it is used or intended to be used.

Firearms. No student may bring, possess, handle or transmit a firearm on school grounds, in a school owned vehicle, or at a school activity or event off school grounds, except as permitted by this policy. **Definition of Firearm.** The term "firearm, as defined in 18 U.S.C. 921, means any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive, the frame or receiver of any such weapon, any firearm muffler or firearm silencer, or any destructive device (excluding an antique firearm).

Exceptions Regarding Firearms and Weapons. The only exceptions for a student to bring or possess a weapon, including a firearm, are as follows:

1. The issuance of firearms to or possession of firearms by members of the Reserve Officers Training Corps when training or
2. Firearms which may lawfully be possessed by the person receiving instruction under the immediate supervision of an adult instructor who may lawfully possess firearms.

Consequences - Firearm. Any student who brings a firearm, as that term is defined in 18 United States Code 921, to school will be expelled from school for one calendar year. The superintendent of schools and the board of education shall have the authority to modify the expulsion requirement on a case-by-case basis.

Consequences – Weapon. State law and this policy provide that any student who violates this policy by knowingly bringing, possessing, handling or transmitting a weapon, other than a firearm, on school grounds, in a school owned vehicle, or at a school activity or event off school grounds may be suspended on a long-term basis, mandatorily reassigned, or expelled for the remainder of the school year in which the expulsion takes effect (if the misconduct occurs during the first semester) or the remainder of the second semester, summer school, and the first semester of the following school year (if the misconduct occurs during the second semester).

Confiscation of Firearms and Weapons. Administrative and teaching personnel are statutorily authorized, without a warrant, to confiscate any firearm or weapon possessed in violation of this policy. Any firearm that is confiscated by school personnel shall be delivered to a peace officer as soon as practicable. Such firearms are subject to being destroyed by law enforcement authorities.

Report to Law Enforcement Authorities. All school personnel are required to report any violation of this policy to a principal or the superintendent of schools. Pursuant to state and federal law, school personnel are required to report to law enforcement authorities when a student brings a firearm to school.

Long-Term Suspension

Students may be excluded by the Principal from school or any school function for a period of more than five school days but less than twenty school days (long-term suspension) for any conduct constituting grounds for expulsion as hereinafter set forth. The process for long-term suspension is set forth below.

Expulsion

1. **Meaning of Expulsion.** Expulsion means exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period.
2. **Summer Review.** Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year. The review will be conducted by the hearing officer who conducted the initial expulsion hearing, or a hearing officer appointed by the Superintendent in the event no hearing was previously held or the

initial hearing officer is no longer available or willing to serve, after the hearing officer has given notice of the review to the student and the student's Parent. This review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing officer that the student be readmitted for the upcoming school year. If the school board or board of education or a committee of such board took the final action to expel the student, the student may be readmitted only by action of the board. Otherwise the student may be readmitted by action of the Superintendent.

3. **Suspension of Enforcement of an Expulsion:** Enforcement of an expulsion action may be suspended (i.e., "stayed") for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect, and as a condition of such suspended action, the student may be assigned to a school, class, or program/plan and to such other consequences which the school district deems appropriate.
4. **Alternative School or Pre-expulsion Procedures.** The school shall either provide an alternative school, class or educational program for expelled students, or shall follow the pre-expulsion procedures outlined in NEB. REV. STAT. 79-266.
5. **Conclusion of Expulsion.** At the conclusion of an expulsion, the school district will reinstate the student and accept nonduplicative, grade-appropriate credits earned by the student during the term of expulsion from any Nebraska accredited institution or institution accredited by one of the six regional accrediting bodies in the United States.

Due Process Afforded to Students Facing Long-term Suspension or Expulsion

The following procedures shall be followed regarding any long-term suspension, expulsion, or mandatory reassignment:

1. The decision to recommend discipline shall be made within two school days after learning of the alleged student misconduct. On the date of the decision to discipline, the Principal shall file with the

Superintendent a written charge and a summary of the evidence supporting such charge.

2. The Principal shall serve the student and the student's Parent with a written notice by registered or certified mail or personal service within two school days of the date of the decision to recommend long-term suspension or expulsion. The notice shall include the following:
 - a. The rule or standard of conduct allegedly violated and the acts of the student alleged to constitute a cause for long-term suspension, expulsion, or mandatory reassignment, including a summary of the evidence to be presented against the student;
 - b. The penalty, if any, which the principal has recommended in the charge and any other penalty to which the student may be subject;

 - e. A statement that, before long-term suspension, expulsion, or mandatory reassignment can be invoked, the student has a right to a hearing, upon request, and that if the student is suspended pending the outcome of the hearing, the student may complete classwork and homework, including, but not limited to, examinations, missed during the period of suspension pursuant to district guidelines which shall not require the student to attend the school district's alternative programs for expelled students in order to complete classwork or;
 - f. A description of the hearing procedures provided by the act, along with procedures for appealing any decision rendered at the hearing;
 - g. A statement that the principal, legal counsel for the school, the student, the student's Parent, or the student's representative has the right (i) to examine the student's academic and disciplinary records and any affidavits to be used at the hearing concerning the alleged misconduct and (ii) to know the identity of the witnesses to appear at the hearing and the substance of their testimony; and

3. When a notice of intent to discipline a student by long-term suspension, expulsion, or mandatory reassignment is filed with the superintendent, the student may be suspended by the principal until the date the long-term suspension, expulsion, or mandatory reassignment takes effect, if the principal determines that the student must be suspended immediately to prevent or substantially reduce the risk of (a) interference with an educational function or school purpose or (b) a personal injury to the student himself or herself, other students, school employees, or school volunteers.
4. Nothing in this policy shall preclude the student, the student's Parent, or representative from discussing and settling the matter with appropriate school personnel prior to the time the long-term suspension, expulsion, or mandatory reassignment takes effect.
5. If a hearing is requested within five days after receipt of the notice, the Superintendent shall recommend appointment of a hearing examiner within two school days after receipt of the hearing request. The student or the student's Parent may request designation of a hearing examiner other than the hearing examiner recommended by the superintendent if notice of the request is given to the superintendent within two school days after receipt of the superintendent's recommended appointment. Upon receiving such request, the superintendent must provide one alternative hearing examiner who is not an employee of the school district or otherwise currently under contract with the school district and whose impartiality may not otherwise be reasonably questioned. The student or the student's Parent must, within five school days, select a hearing examiner to conduct the hearing who was recommended or provided as an alternative hearing examiner, and shall notify the superintendent in writing of the selection. The superintendent must appoint the selected hearing examiner upon receipt of such notice.
6. The hearing examiner must, within two school days after being appointed, give written notice to the principal, the student, and the student's Parent of the time and place for the hearing.
7. The hearing shall be held within a period of five school days after appointment of the hearing examiner, but such time may be changed by the hearing examiner for good cause with consent of the parties. No hearing shall be held upon less than two school days' actual notice to the principal, the student, and the student's Parent, except with the consent of all the parties.
8. The principal or legal counsel for the school, the student, the student's Parent, or representative have the right to receive a copy of all records and written statements referred to in the Student Discipline Act as well as the statement of any witness in the possession of the school board

or board of education no later than forty-eight hours prior to the hearing.

9. If a hearing is requested more than five school days following the receipt of the written notice, but not more than thirty calendar days after receipt, the Superintendent shall appoint a hearing examiner. The hearing will be held according to the requirements of section 79-269. The student shall be entitled to a hearing but the consequence imposed may continue in effect pending final determination.
10. If a request for hearing is not received within thirty calendar days following the mailing or delivery of the written notice, the student shall not be entitled to a hearing.

In the event a hearing is requested, the hearing, hearing procedures, the student's rights and any appeals or judicial review permitted by law shall be governed by the applicable provisions of the Nebraska Student Discipline Act (NEB. REV. STAT. § 79-254 to 79-294).

Student Use of AI Tools

As used in this policy, artificial intelligence tools ("AI Tools") mean machine-based resources that use computer science, algorithms, large language models, and/or machine learning to perform tasks, answer questions, collect information, and respond to human-directed tasks, queries, and objectives. AI Tools include, but are not necessarily limited to, commercially-available resources like ChatGPT, Gemini, Claude and similar programs.

AI Tools may be useful to student learning. However, students and staff must ensure that student use of AI Tools should focus on using such tools as a resource and for background material, rather than using the AI Tools to complete the assignment. Therefore, AI Tools may only be used by students in accordance with the following requirements:

1. Students may not use AI tools on any assignment, test, or project unless the staff member has given express permission for the student to do so. Staff Member permission to use an AI tool on one assignment does not carry over to other assignments. Individual staff members will decide for each individual assignment the extent to which students may use AI Tools.
2. If a student uses any AI Tools in connection with a school assignment, the student must:
 - a. Give proper attribution to the specific AI Tool(s) used to the same extent that students are expected to give proper attribution to other sources of information such as books, texts, encyclopedias, secondary sources, and other traditional media. Such attribution may include, but is not necessarily limited to, accurate quotations, citations, footnotes, endnotes, and/or bibliography entries.
 - b. Never copy and paste the output from the AI Tool into the student's work as if the student wrote such section himself or herself.
3. Students may never use AI Tools to:
 - a. Cheat on any assignment, test, or quiz;
 - b. Help answer questions on a test or quiz without staff member permission;

- c. Make or share deepfakes or fake images, audio, or video of any real person;
 - d. Make or share sexual, nude, or intimate images of any real person—even if the image is fake or AI-made;
 - e. Bully, harass, threaten, intimidate or impersonate any person;
 - f. Place another student or staff member name, photo, voice, or personal information into an AI Tool without staff member authorization;
 - g. Use AI Tools to bypass accommodations, content filters, or school security.
4. A student may use AI Tools as an accommodation if his/her IEP team or Section 504 committee has approved use of the tool. The student must disclose the use of AI Tools to the staff member grading the assignment.
5. A student's failure to meet the requirements stated in this policy will constitute a violation of the district's prohibitions against cheating plagiarism and/or academic dishonesty, including but not necessarily limited to such prohibitions stated in the Student Handbook, which violation will subject the student to discipline up to and including expulsion.
6. The student requirements stated above are the minimum requirements for any student assignment. An individual teacher may impose more stringent requirements for any specific academic assignment or coursework.

4065 Staff Use of AI Tools

As used in this policy, artificial intelligence tools ("AI Tools") means machine-based resources that use computer science, algorithms, large language models, and/or machine learning to perform tasks, answer questions, collect information, and respond to human-directed tasks, queries, and objectives. AI Tools include, but are not necessarily limited to, commercially-available resources like ChatGPT, Gemini, Claude, and similar technologies. The board wants to encourage staff to use AI tools to support student learning in safe and lawful ways.

This policy works together with the district's policies on Student Use of AI Tools, Staff Internet and Computer Use, and Staff and District Social Media Use.

Tool Approval. Staff may not use an AI Tool with students or with student information unless a member of the district's administration has approved it. To use a new tool, staff must request approval from his/her supervising administrator first. Before approving a tool, the district will review the vendor's privacy and security practices, the kind of student information the tool would use, and whether a written data-sharing agreement with the vendor is required. The district will keep a list of approved AI Tools and the allowed uses for each.

I. Staff Expectations for Use of AI Tools in Education

A. Acceptable Use of AI Tools. Staff members must use their own professional oversight for any task they use AI Tools to complete and must carefully review the outputs of all AI Tools. Staff may use approved AI Tools to help with things like:

1. Drafting lesson plans, learning goals, and activities;
2. Assisting in initial review and feedback of student work;
3. Making reading passages or practice problems at different levels;
4. Drafting general messages like newsletters or announcements;
5. Finding resources or summarizing public information;
6. Drafting routine communications.

B. Protecting Student Information. Staff may upload student information into an AI Tool only when (a) the tool is district-approved, and (b) the vendor is bound by a written data-sharing agreement with terms that meet FERPA, COPPA, PPRA, and applicable state student data privacy laws. For this purpose, student information includes student names, ID numbers, education records, IEPs, Section 504 plans, evaluations, health records, and discipline records. This rule applies whether the staff member uses a district account, a personal account, a free version, or a paid version.

C. Recording and Transcription Tools. Staff may use AI recording or transcription tools only if:

1. The transcription tool has been approved by an administrator for use in the school context; and
2. All participants to the meeting are informed that the staff member is recording or transcribing the meeting.

The resulting recording or transcript may be subject to the district's retention and confidentiality policies.

D. Unacceptable Use of AI Tools in Education. Staff may never use AI tools to:

1. Upload FERPA-protected information about students without the express, written authorization from administrators who have assured themselves that such disclosure is lawful;
2. Relying solely on an AI Tool to grade student work that counts toward a grade or transcript or otherwise evaluate student academic progress;
3. Make or share deepfakes or fake images, audio, or video of any real person.
4. Make or share sexual or intimate images of any real person—even if the image is AI-generated;
5. Use AI to harass, bully, threaten, or impersonate any student, staff member, parent, board member, or community member;
6. Use AI to watch, track, or scan faces of students or staff outside of systems the board has approved;

7. Upload materials to AI if the copyright or license does not allow it;
8. Share district AI accounts or passwords with students or others;
9. Use district AI accounts for personal or business reasons; or
10. Use AI to bypass district network security, content filters, or device controls.

If any staff member is uncertain about the application of this policy to any AI Tool use, the staff member will check with a supervising administrator before use.

Option Enrollment

The board of education supports the concept embodied in the Enrollment Option Program that parents and legal guardians have the primary responsibility for ensuring that their children receive the best education possible. Accordingly, the school district will participate in the option enrollment program and receive option students as provided herein.

1. Definitions

- a. Option Student Defined.** Option student means a nonresident student who has chosen to attend the school district under the provisions of the option enrollment program.
- b. Resident School District Defined.** Resident school district means the school district in which a student resides or in which the student is admitted as a resident of the school district pursuant to state law.
- c. Option School District Defined.** Option school district means the school district that a student chooses to attend other than his or her resident school district.
- d. Elementary School Defined.** Elementary school means grades K - 6.
- e. Middle School Defined.** Middle school means grades 7 - 8.
- f. High School Defined.** High school means grades 9 through 12.
- g. Individual Student Defined.** Individual Student means the individual person seeking to begin attendance as an option student in the school district and who such person's parent or legal guardian has identified in a written application for option enrollment submitted to the school board.
- h. Applicants Defined.** Applicants means the Individual Student together with all siblings of the Individual Student.
- i. Siblings Defined.** Siblings means all children residing in the same household on a permanent basis who have the same mother or father or who are stepbrother or stepsister to each

other who have not received a high school diploma or its equivalent.

- 2. Persons Entitled to Apply for Option Enrollment of Students.** Only parents and legal guardians may apply for option enrollment of students. Applications filed by foster parents and adults acting *in loco parentis* are not authorized and will be automatically denied.
- 3. Duties, Entitlements and Rights of Option Students.** Except as otherwise provided herein, once an option student's option enrollment application has been accepted he/she shall be treated as a resident student of the school district.
- 4. Automatic Acceptance.** The option school district must automatically accept applications of Individual Students under the following circumstances:
 - a.** The Individual Student relocates in a different school district but wants to continue attending his or her original resident school district and the Individual Student has been enrolled in his or her original resident school district for the immediately preceding two years (in which case the time deadlines are waived);
 - b.** The Individual Student relocates in a different school district but wants to continue attending the option school district (in which case the time deadlines are waived); or
 - c.** The Individual Student is a sibling of an option student enrolled in the option school district.
- 5. Standards for Acceptance or Rejection of All Other Option Students.** For Individual Students not entitled to automatic acceptance as described in the preceding section, no application for option enrollment may be accepted if enrollment in the school district if any of the Applicants would exceed the school district's capacity as described in this section.
 - a. Special Education Capacity.** Capacity for special education services will be determined on a case-by-case basis. If an application for option enrollment received by the school district indicates that any of the Applicants has an individualized education program under the federal Individuals with Disabilities Education Act, 20 U.S.C. 1400 et seq., or has been identified as a student with a disability as defined in section 79-1118.01, the

application will be evaluated by the director of special education services or the director's designee who must determine if the school district and the appropriate class, grade level, or school building has the capacity to provide all of the Applicants the appropriate services and accommodations. The Federal Educational Rights and Privacy Rights Act (FERPA) (20 U.S.C. § 1232g) permits the release of education records when a student seeks or intends to enroll in a different school district.

- b. Numeric Capacity.** The board of education may set the numeric capacity of programs, classes, grade levels, or school buildings by operation of this policy or through freestanding action by the board. Numeric Capacity will be determined based upon available staff, facilities, projected enrollment of resident students, and projected number of students with which the option school district will contract based on existing contractual arrangements. Individuals seeking information about the numeric capacity set by the board may contact the superintendent for a copy of that resolution.
- c. Programmatic Capacity.** In addition to the numeric capacity standards referred to above, the board may, by resolution, prior to October 15 of each school year, declare a program, a class, or a school unavailable for the next school year to option students due to lack of capacity. Individuals seeking information about the programs that have been declared to be unavailable due to lack of capacity may contact the superintendent for a copy of the board's resolution.
- d. Other Standards for Acceptance or Rejection of Option Enrollment Applications.** In addition to the numeric and programmatic capacity standards outlined above, the school district shall not accept any application for option enrollment when enrollment of any of the Applicants:

 - i. Would increase the operating costs of the school district, such as by requiring the hiring of new staff or contracting with outside entities to provide services to any of the Applicants;
 - ii. Would require the procurement of new equipment, technology, or furnishings;
 - iii. Would cause or require the rearrangement of caseloads for staff and contracted professionals;

- iv. Is reasonably deemed by appropriate school staff to pose a potential risk to the health or safety of students or staff;
 - v. May pose a risk of adversely affecting the quality of educational services being provided to resident students, as determined by appropriate school staff.
- e. **Prohibited Standards.** The school district shall not base the decision to accept or reject the application of the Individual Student on any of the Applicants' previous academic achievement, athletic or other extracurricular ability, disabling condition(s), proficiency in the English language, or previous disciplinary proceedings.
- f. **Order of Acceptance.** If there are more option student applicants for any program, class, grade level or school building than can be accepted into such program, class, grade level or school building, applicants shall be accepted
 - i. in the order in which written applications were received by the school district.
- g. **Maximum Capacity Report.** The school district will annually establish, publish, and report the capacity for each school building under the district's control pursuant to procedures, criteria, and deadlines established by the Nebraska Department of Education.
- 6. **False or Misleading Option Applications.** If, prior to the Individual Student's attendance as an option student, the school district discovers that a previously accepted option application contained false or substantively misleading information about any of the Applicants, the option application will be rejected.
- 7. **Academic Credits and Graduation.** The school district shall accept credits toward graduation that were awarded by another school district, and shall award a diploma to an option student if the student meets the graduation requirements of the school district.
- 8. **Information Regarding Schools, Programs, Policies and Procedures.** The school district, its officers and employees, shall make information about the school district and its schools, programs, policies and procedures available to all interested people.

9. Procedure for Students Optioning Into or Out of the School District.

- a.** The parent or legal guardian of any student desiring to option into or out of the school district shall submit a proper and timely application to the board of education and the other affected school district for enrollment during the following and subsequent school years. Any application requiring the approval of the school district shall be deemed submitted when the application is actually received in the school district's business office.
- b.** On or before April 1st, the school district shall notify the parent or legal guardian of any Individual Student who has submitted an application to option into the school district and the resident school district, in writing, whether the application is accepted or rejected. If an application is rejected, the reason for such rejection shall be stated in the notification. This written notice shall be sent via certified mail to the address listed on the option application.

10. Late Applications and Requests for Release

- a.** The board of education may refuse a request of a student seeking to option out of the school district when the option application is submitted after March 15th under the following conditions:
 - i. When the district has already entered into contracts with teaching staff for the following school year;
 - ii. When the district has already contracted for the performance of specific services for the student;
 - iii. When the release of the student would have a negative financial impact or loss of revenue for the district.
- b.** The board of education will approve late applications to option into the district under the following conditions:
 - i. When the resident district has released the student, or if the student is an option student at the time of such application and applying to become an option student at a subsequent option school district, a release approval from

the option school district the student is attending at the time of such application;

- ii. When the student's late enrollment into the district meets the standards for acceptance or rejection of option students contained elsewhere in this policy;

OR

- b. The board of education will deny all applications to option into the district that are received by the district after March 15 of the school year prior to the student's requested enrollment.
- c. The superintendent will notify parents or guardians who have submitted properly completed option applications after March 15th no later than 60 days following submission of the application of the board's acceptance or rejection of the application.

11. Students Who Do Not Need a Release from the Resident District

- a. A student does not need to be released from his/her resident district or the option school district the student is attending at the time of application under the following circumstances:
 - i. When the student has relocated to a different resident school district after February 1
 - ii. When a student's option school district merges with another district effective after February 1
- b. The school district shall accept or reject an application from a student under this paragraph using the criteria set forth in this policy and will accept or reject the application within forty-five days.

11. Cancellation of Option.

Students who option either into or out of the school district shall:

- a. Attend the option school district until graduation or relocation/re-option in a different resident school district unless the student chooses to return to the resident school district, in which case the student's parent or legal guardian shall timely submit a cancellation form to the school board or board of education of the option school district and the resident school district for approval for the following year.

- b.** Attend an option school district for not less than one school year unless the student relocates to a different resident school district, completes requirements for graduation prior to the end the school year, transfers to a parochial or private school, or upon mutual agreement of the resident and option school districts cancels the enrollment option and returns to the resident school district.

12. Authority of Superintendent.

The board of education authorizes the superintendent of schools to make decisions on its behalf pursuant to and to apply the criteria articulated by this policy in determining whether to grant or deny option enrollment applications.

Highlights to Note

Grace Ellis received the Outstanding Early Career Teacher Award from the Nebraska Writing Project. From the website: The Nebraska Writing Project (NeWP) is a network of educators, kindergarten through college, committed to the teaching of writing across disciplines and communities. We are a site of the [National Writing Project](#), the largest organization in the US devoted to writing education. We offer professional development, graduate classes, youth writing camps, writing workshops for community members, teacher leadership initiatives, writing events in national parks, and more—our programs are designed and facilitated by teachers themselves. Come join a community of educators passionate about how writing can enable learning, innovation, and change. Ms. Ellis continues to be involved with this organization to further her love of writing and better her instruction. Congratulations to Ms. Ellis. We are blessed to have her with us here.

Three 8th grade students competed at National FBLA in San Antonio, TX with John Adam serving as sponsor. McKinley Skiles placed 9th overall in Exploring Leadership. Congratulations!
