- ✓ BRLD Coaching Assignments for 21-22
- ✓ LDNE Junior High Coaching Assignments for 21-22
- ✓ Graduation Sunday May 16, 2021 at 2 PM

I have included a page in the packet that lists all the following:

- BRLD Coaching Assignments for 21-22
- LDNE Junior High Coaching Assignments for 21-22

We have graduation scheduled for Sunday, May 16, 2021 at 2 PM. We are planning a regular graduation. I informed Mrs. Mace that Lisa, Corey and Evan will be on the stage for graduation. Are there specific students you want to give diplomas? I am sure that Corey will want to give Derek his diploma.

Mr. Swanson informed me that 4 seniors wrote a grant to the Future of Decatur Foundation to update the basketball court in Decatur. They were successful and will receive a \$39,000 grant! Those seniors are: Harlie Nolze, Rusty Hardeman, Daniel Hittle and Wyatt Millburg. When they approached the city of Decatur for approval Mark Siecke, Chairman of the Decatur town board, checked with the Burt Count Assessor's office and found out that this plot of ground is still owned by the Lyons-Decatur Northeast School District. This property has been maintained by the city of Decatur for 15 years after the sale of the school grounds in Decatur. I asked Mark to have the Decatur city attorney draw up papers to sell this ground to Decatur so that this project could proceed. Do any school board members have any concerns about selling this property to the City of Decatur? I do not expect the City of Decatur to pay LDNE anything for the property.

Leah is scheduled to review May bills and Corey is up for June.

**Awards and Citations:** See Attached

**How strengths were addressed:**

- a. Student Centered Leadership
  - Officers and members led all activities
  - Coordinated a diverse set of schedules with flexibility
- b. Supportive communities who support our students and school as well as the FFA program.
  - “I Believe in the Future of Ag” Campaign raised over \$1,000 for our chapter through local donations and matching statewide dollars
  - Utilized community members in student CDE training, LDE training, officer interviews/scoring, community members in SAE program development
  - Utilized field trips (as much as allowed this year), speakers, and other experiential activities
  - Curricular Support
  - Thank you notes, certificates
- c. Chapter SAE (Supervised Agricultural Experiences) attitude is very high. Students develop and learn from growing, expanding, and challenging programs.
  - See Attached Economic Impact report on income, hours, and experiences of our Agricultural Education Students.

**How weaknesses were addressed:**

- a. None glaring.
- b. Time conflicts
  - Met at a variety of times and locations
  - Tremendous parental support and involvement to allow students to “do it all”
  - Shout out to the FBLA program and Mrs. Seagren for the continued coordination allowing students to participate in both programs at high levels.
  - Remain a flexible organization able to change

**Areas for improvement:**

- a. Student Preparation/Knowledge
  - We continue to adjust studying and preparation for events as the students change to digital preparation. Not better or worse, just a new challenge.

**Summary of the year**

As was with every activity this year, things were quite up in the air regarding whether we'd actually be able to compete in competitions this year due to Covid. We began our Friday lunch practice sessions in September and continued them throughout the year, with the exception of November when I was home with Covid. So as to try and cover a diverse array of content and material, we utilized several quizzing and contest platforms online through the computer during our practice sessions. Some of these included Sporkle, Kahoot, and Quizlett Live, where students utilized their laptops to compete against one another as they engaged the information.

Fortunately, during second semester things begin to open up for Quiz Bowl opportunities. We participated in the Wayne Radio Station KTCH Quiz Bowl in January and in March were able to participate in the Northeast Community College Quiz Bowl, Northeast Community College Academic Competition (which was held online), the Educational Service Unit 2 Quiz Bowl, and the East Husker Conference Quiz Bowl at Howells-Dodge. Being a young team, once in tournament play of competition, we were eliminated by more experienced teams.

Despite our losing record this year, the atmosphere and overall attitude of the team during practice and competition was enthusiastic and positive. I'm quite excited about the larger number of new freshmen participating. All of them are planning to continue their participation next year.

**Board Of Education Report Form  
Beginning Form**

**Year:** 2020-2021

**Sport/Organization:** speech

**Coach/Sponsor:** Melissa Brokaw and Janelle Seagren

**Number Out:** 15

**Number out last year:** 7

**Returning Letterman:** Elise Anderson, Arianne Brokaw, Logan Olsen

**Class Breakdown:** Seniors 1, Juniors 2, Sophomores 1, Freshman 11

**Strengths:** Elise Anderson and Arianne Brokaw are returning state qualifiers, from freshman year, in duet. Arianne Brokaw also is a returning state medalist in entertainment from Freshman year. Last year at conference, Elise and Arianne placed 5th, Arianne placed 3rd in humorous and 2nd in entertainment.

**Weaknesses:**

Young and inexperienced group.

Not all students are able to enter every meet because of other school activities, for example, JV basketball tournaments, music festivals, or honor bands/choirs.

Unsure about the idea of online meets.

**Season so far:**

Our first two speech meets are scheduled in person with no spectators, masks required unless the student is performing.

**Board Of Education Report Form  
Ending Form**

**Year:** 2020-2021

**Sport/Organization:** speech

**Coach/Sponsor:** Melissa Brokaw and Janelle Seagren

**Number Finished:** 14

**Letterman:** Elise Anderson , Arianne Brokaw , Chance Mock, Brayden Hegge, Jessica Tompka, Logan Olsen

**Class Breakdown:** Seniors- 1 Juniors- 2 Soph- 1 Freshman- 10

**Awards and Citations:**

**EHC awards:** Logan Olsen 5th in humorous, Elise Anderson and Arianne Brokaw- 5th in duet, Chance Mock 4th in informative, Arianne Brokaw-champion in entertainment

**District Awards:** Jessica Tomka 5th in serious prose, Brayden Hegge 5th in informative, Chance Mock 2nd in informative, Arianne Brokaw 2nd in humorous, Arianne Brokaw champion in entertainment

**State Awards:** qualified: Chance Mock and Arianne Brokaw in 2 events

**How strengths were addressed:** The experienced members of our team did multiple events and helped to mentor the younger speakers. The girls particularly were strong supporters of their teammates and really encouraged them to practice and try multiple events.

**How weaknesses were addressed:** We really encouraged younger members to have extra practice and kept them competing at the novice level as long as possible to give them a taste of success.  
We attended all meets in person to give the kids the best speech experience possible.

**How the season went:** Overall, I am happy with the season. We are a fairly young team but were able to have some success at the conference and district level. I hope to build on this success next year.

**Areas for improvement:** An area for improvement is practice times and schedule. I am talking to other teams about practice times and different ideas to get kids to practice more. It will come as no surprise, that the kids that put in the most time were the ones that placed.

It was moved by Chad Brehmer, seconded by Leah Miller, to ratify the half-time Teacher Contract for Shannon Dmoski beginning in the 2021-2022 school year. Roll Call. Archer: Aye, Bacon: Absent, Brehmer: Aye, Christiansen: Absent, Miller: Aye, Myers: Aye, Petersen: Aye, Troutman: Aye, Vlach: Aye

(1) Electronic Devices

- a. Student Cell Phone and Other Electronic Devices. Students may **NOT** use cellular phones or other electronic devices while at school **except as permitted by this handbook**, and so long as they do so safely, responsibly and respectfully.

By bringing their cell phones and other electronic communication devices to school, students consent to the search of said devices by school staff when the staff determines that such a search is reasonable or necessary.

Students may not have cell phones or electronic devices on while they are in locker rooms or restrooms.

The taking, disseminating, transferring, or sharing of obscene, pornographic, lewd, or otherwise illegal images or photographs, whether by electronic data transfer or otherwise (commonly called texting, sexting, e-mailing, etc.) may constitute a crime under state and/or federal law. Any person engaged in these activities while on school grounds, in a school vehicle or at a school activity will be subject to the disciplinary procedures of the student code of conduct. Any student found to be in possession of obscene, pornographic, lewd, or otherwise illegal images or photographs will be promptly referred to law enforcement and/or other state or federal agencies, which may result in arrest, criminal prosecution and possible inclusion on sex offender registries.

While on school property, ~~as~~ **at** a school activity or in a school vehicle, students may not use their cell phones or electronic devices to bully, harass or intimidate any other person.

Students shall be personally and solely responsible for the security of their electronic devices. The district is not responsible for theft, loss or damage of any electronic device, including or any calls or downloads.

Students who violate this policy will have their cell phones or electronic devices confiscated immediately. The administration will return confiscated devices to the parent or guardian of the offending student, after meeting with the parent or guardian to discuss the rule violation.

Students who violate this policy may, at the discretion of the school's administration, be subject to additional discipline, up to and including suspension or expulsion.

- b. Philosophy and Purpose. In order to maintain a secure and orderly learning environment, and to promote respect and courtesy regarding the use of electronic devices, the District hereby establishes the following rules and regulations governing student use of electronic devices, and procedures to address student misuse of electronic devices.
- c. Definitions. "Electronic devices," include, but are not limited to, cell phones, Mp3 players, iPods, personal digital assistants, compact disc players, portable game consoles, cameras, digital scanners, lap top computers, **cellular/wi-fi watches** and other electronic or battery powered instruments which transmit voice, text, or data from one person to another.
- d. Possession and Use of Electronic Devices.

(1) **Elementary students may use cell phones or electronic devices on the school sidewalks and in the common areas of the school before and after school, so long as they do not create a distraction or a disruption. Students may not use cell phones or devices while riding in a school vehicle unless they**

have express permission to do so from the vehicle's driver or supervisor. During school hours students must keep their cell phone or other electronic devices in backpacks or lockers, powered off. Cellular/wi-fi watches are permitted for keeping time during the school day. Messages, calls, gaming, etc. is not permitted. Administrators have the discretion to prohibit student possession or use of electronic devices on school grounds in the event that they determine such further restrictions are appropriate.

(2) **Secondary** students are not permitted to possess or use any electronic devices during class time or during passing time except as otherwise provided by this policy. Students are permitted to possess and use electronic devices on the school sidewalks and the common areas before school hours, at lunchtime, and after school hours, provided that the student not commit any abusive use of the device. Administrators have the discretion to prohibit student possession or use of electronic devices on school grounds during these times in the event the administration determines such further restrictions are appropriate.

(3) Electronic devices may be used during class time when specifically approved by the teacher or a school administrator in conjunction with appropriate and authorized class or school activities or events

(4) Students may use electronic devices during class time when authorized pursuant to an Individual Education Plan (IEP), a Section 504 Accommodation Plan, or a Health Care Plan, or pursuant to a plan developed with the student's parent when the student has a compelling need to have the device (e.g., a student whose parent is in the hospital could be allowed limited use of the cell phone for family contacts, so the family can give the student updates on the parent's condition).

e. Violations

(1) Students shall not use electronic devices at any time or place for: (a) activities which disrupt the educational environment; (b) illegal activities in violation of state or federal laws or regulations; (c) unethical activities, such as cheating on assignments or tests; (d) immoral or pornographic activities; (e) use in locker rooms or bathrooms; (f) activities in violation of Board or school policies and procedures relating to student conduct and harassment; or (g) activities which invade the privacy of others. Such student misuses will be dealt with as serious school violations, and immediate and appropriate disciplinary action will be imposed, including, but not limited to, suspension and expulsion from school.

(2) Electronic devices used in violation of this policy may be confiscated by school personnel and returned to the student or parent/guardian at an appropriate time. If an electronic device is confiscated, the electronic device shall be taken to the school's main office to be identified, placed in a secure area, and returned to the student and/or the student's parent/guardian in a consistent and orderly way.

(3) **First Violation:** Depending upon the nature of the violation and the imposition of other appropriate disciplinary action, consequences at a minimum may include a relinquishment of the electronic device to the school administration and a conference between the student and school principal or assistant principal. The electronic device shall remain in the possession of the school administration until the student personally comes to the school's main office and retrieves the electronic device at the time the student is leaving school for the day.

(4) **Second Violation:** Depending upon the nature of the violation and the imposition of other appropriate disciplinary action, consequences at a minimum may include a relinquishment of the electronic device to the school administration and a conference between the student and the student's parent/guardian and the school principal or assistant principal. The electronic device shall remain in the possession of the school administration until the student's parent/guardian personally comes to the school's main office and retrieves the electronic device.

(5) **Third Violation:** Depending upon the nature of the violation and the imposition of other appropriate disciplinary action, consequences at a minimum may include a relinquishment of the

electronic device to the school administration, a conference between the student and his/her parent/guardian and the school principal or assistant principal, and suspension of the student from school. The electronic device shall remain in the possession of the school administration until the student's parent/guardian personally comes to the school's main office and retrieves the electronic device.

(6) Subsequent Violations: Students who are repeat offenders of this policy shall be subject to the imposition of any appropriate disciplinary action, which may include suspension and expulsion from school.

**SCIENCE:** ~~In science we use the Pearson Science book in conjunction with Elementary Science Study units in developing a rounded curriculum of hands-on activities combined with book work, record keeping, investigating and predicting. Health Units are also included in the books.~~ **In K-8 Science we use the TCI curriculum resources and program. This interactive hands-on curriculum is comprehensive and promotes blended learning methods and immersive learning experiences. Interactive challenges and investigations provide students the opportunity to explore, design, and solve problems.**

### **LANGUAGE ARTS (Reading, English, Spelling)**

- ★ Kindergarten focuses on encouraging a literate environment in which children experience the functional and pleasurable aspects of language and books.
- ★ Kindergarten to 3rd grade will use the Reading Mastery **Transformations** Program **for Language Arts..**
- ~~★ First, Second and Third Grades use the Adventures in Language program.~~
- ★ Grades 4-8 use the Expeditionary Learning Education Program for Language Arts.
- ★ K-3 uses the "Units of Study" program for instruction in writing. This program helps students become better thinkers, readers, listeners and speakers through a wide variety of writing experiences. These skills are integrated with basic grammar concepts.
- ★ The upper grades have a wide range of material crafted to support instruction and decision-making and students' meaningful practice and transfer of skills and strategies.
