Disclosures

For our brokerage clients

Brokerage assets are held by Vanguard Brokerage Services (VBS), a division of Vanguard Marketing Corporation, member FINRA and SIPC. Any bank sweep balances are held by program banks and are not cash balances held by VBS. Vanguard funds not held through your VBS account are held by The Vanguard Group, Inc. and are not protected by SIPC.

I. General information and key terms

Advice. Vanguard Brokerage Services provides point-in-time recommendations for certain brokerage products, accounts and services, and relating to account transfers and rollovers. However, unless Vanguard Brokerage Services affirmatively states that it is making a recommendation, it is not providing a recommendation. Vanguard Brokerage Services doesn't provide tax or legal advisory services and no one associated with Vanguard Brokerage Services is authorized to render such advice.

Direct Participation Program (DPP) and Real Estate Investment Trust (REIT). DPP and REIT securities are generally illiquid. The value of the security will be different than its purchase price. Any estimated value on your statement may not be realized when you seek to liquidate the security.

Financial statement. A Vanguard Brokerage financial statement is available for your inspection at any time upon request to Vanguard Brokerage Services.

Free credit balance. Any free credit balance carried for your account represents funds payable on demand, which, although properly accounted for on Vanguard Brokerage's books of record, aren't segregated and may be used in the conduct of its business to the extent permitted by law. Your settlement fund may be liquidated upon your request and the proceeds remitted to you.

Dividend reinvestment. When reinvesting dividends of eligible stocks, ETFs, and closed-end funds, Vanguard Brokerage Services combines cash distributions from the accounts of all clients who have requested reinvestment in the same security, and then uses that combined total to purchase additional shares of the security in the open market. The new shares are divided proportionately among the clients' accounts, in whole and fractional shares rounded to three decimal places. If the total purchase can't be completed in one trade, clients will receive shares purchased at the weighted average price paid by Vanguard Brokerage Services. Participants in our free dividend reinvestment program should refer to the "Completed transactions" area of the "Account activity for Vanguard Brokerage Account" section of their Vanguard statements for details of transaction history and dates.

For dividend reinvestment of mutual funds held in your brokerage account, the instructions are provided to the fund and the "settlement date" and "trade date" on your statement will generally represent the day the transaction is entered in your account record. Call Vanguard Brokerage Services with any questions.

Reporting brokerage account discrepancies. Promptly report in writing any inaccuracies or discrepancies in your Vanguard Brokerage account (including unauthorized trading) to Vanguard Brokerage Services. Any oral communication must be confirmed in writing to further protect your rights, including your rights under the Securities Investor Protection Act.

Margin accounts. If you maintain a margin account, this is a combined statement of your general account and a special memorandum account maintained for you under Regulation T issued by the Board of Governors of the Federal Reserve System. The permanent record of the separate account as required by Regulation T is available for your inspection upon request to Vanguard Brokerage Services. All securities must be held in your margin account. Note that purchases of open-end mutual funds and Vanguard ETFs® will settle in your cash account and after 30 days be moved into your margin account.

Money market fund transactions. Vanguard Brokerage Services may elect to send a monthly statement, in lieu of an immediate confirmation, for transactions executed pursuant to a periodic plan or an investment company plan, or executed in shares of any open-end registered money market mutual fund.

Orphaned fractional share transactions. Vanguard Brokerage Services may elect to send a monthly statement, in lieu of an immediate confirmation, for transactions executed to liquidate orphaned fractional share positions. Orphaned fractional share positions are fractional share positions held without a corresponding whole share position. Liquidations of these positions are executed by Vanguard Brokerage Services on a principal basis at the previous day's closing price, and the proceeds are credited to your account. No transaction fee is charged.

Open orders. A good-till-canceled (GTC) order will remain in effect for 60 calendar days after the business day on which the order was placed. If the 60th day falls during a weekend or on a holiday, the order will be canceled on the next business day before the markets open. GTC orders are automatically entered on a "do not reduce" (DNR) basis. The limit price won't be adjusted when a stock goes "ex-dividend." Orders for securities undergoing corporate actions such as, but not limited to, stock splits, stock dividends, special cash dividends, and spin-offs may be canceled before the market opening on the ex-dividend date of the corporate action. You must maintain records of all open orders. Be sure to review your open GTC orders periodically.

Option accounts. Information regarding commissions and charges related to the execution of an options transaction is provided in the transaction confirmation sent to you at the time of the transaction. These are also available upon request. You should advise us promptly of any changes in your investment objectives or financial situation.

Tax information. After year-end, Vanguard Brokerage Services is required to provide tax information to the IRS and other governmental authorities. At that time, you'll receive necessary information on the annual tax information statement; use that statement to prepare your tax filings. Note that certain types of assets typically need corrected tax forms.

Trade execution. Vanguard Brokerage Services may have acted as principal, agent, or both in the placement of trades for your account. Details are provided upon request to Vanguard Brokerage Services.

Average pricing. If average price transaction is indicated on this statement, details regarding the actual execution prices are available upon request to Vanguard Brokerage Services.

When issued. A short form of "when, as, and if issued." The term indicates a conditional transaction in a security authorized for issuance but not as yet actually issued. All "when issued" transactions are on an "if" basis, to be settled if and when the actual security is issued.

II. Portfolio holdings

The net market value of the securities in your account, including short positions, is reflected in this statement on a trade-date basis at the close of the statement period. The market prices have been obtained from quotation services that we believe to be reliable; however, we can't guarantee their accuracy. Securities for which a price isn't available are marked "—" and are omitted from the total. Prices listed reflect quotations on the statement date. Current prices are listed to help you track your account and aren't suitable for tax purposes. Account balances provided on the statement are displayed in short-form using only two decimal places.

Please logon to your account at Vanguard.com to review your account balances. Accrued interest represents interest earned but not yet received. Fund data on Vanguard.com is generally updated mid-month. Depending on when you log on, there may be a difference between the asset mix shown on your statement and the data shown online. There also may be a difference between your fund's actual asset allocation and its target allocation. For more information about your fund's target allocation, go to Vanguard.com.

Estimated values on statements. Vanguard Brokerage Services relies on external vendors to provide estimated, periodic valuation and market-price information for securities listed in your account statement. From time to time, this information isn't available or isn't received in time for posting to your account statement. In this case, the valuation or market price on your statement is marked "-" and the security hasn't been valued for purposes of calculating account totals. For owners of auction-rate securities: If an estimated valuation is provided on your account statement for auction-rate securities, please note that due to market illiquidity, you may not be able to sell the security at or near the estimated valuation listed on your account statement.

Asset mix for some funds recalculated by Vanguard. If the "Asset mix" section of your "Statement overview" page has a footnote that reads "Recalculated values are included," the asset allocation breakdown of particular funds within your portfolio among stocks, bonds, and short-term reserves has been calculated using long positions, margin credit or debit balances; short positions have been excluded. Certain funds employ trading strategies, such as risk hedging, short selling, and use of leverage and derivatives, that could result in significant short positions that can't be displayed using a standard asset allocation pie chart. Exclusion of these short positions may have a significant impact on the "Asset mix" pie chart. For more information about the strategies or holdings of a particular fund, see the fund's prospectus.

S&P Rating. Copyright 2021, S&P Global Market Intelligence. Reproduction of S&P Credit Ratings ("Ratings") in any form is prohibited except with the prior written permission of S&P Global Market Intelligence (together with its affiliates, "S&P Global"). S&P Global does not guarantee the accuracy, completeness, timeliness or availability of any information, including Ratings, and is not responsible for any errors or omissions (negligent or otherwise), regardless of the cause, or for the results obtained from the use of Ratings. S&P Global shall not be liable for any damages, costs, expenses, legal fees, or losses (including lost income or lost profit and opportunity costs) in connection with any use of Ratings. Ratings are statements of opinions and are not statements of fact or recommendations to purchase, hold or sell securities. They do not address the market value of securities or the suitability of securities for investment purposes, and should not be relied on as investment advice.

MS BAND AND CHOIR

The 6th-8th band students and 7th-8th choir students travelled to Palmyra Jr-Sr High School to participate in their Middle School music contest. This marks the first time the middle school music programs have attended a music contest in over 10 years, and we brought back all superior ratings, which is within the best category we can receive! These students have worked tirelessly throughout the year and this semester to get to this point, so if you see any of them, offer them a hearty congratulations.

Below are the results:

- 7th/8th Grade Band - Superior "I" Rating
- 6th Grade Band - Superior "I" Rating
- 7th/8th Grade Choir - Superior "I" Rating
- Kael S. (Choir Solo) - Superior "I-" Rating
- Jozlyn F. (Choir Solo) - Superior "I" Rating
- Gryffen H. (Trombone Solo) - Superior "I-" Rating
- Aleah B. (Oboe Solo) - Superior "I+" Rating
- Reagan T. (Trumpet Solo) - Superior "I+" Rating

The **Plattsmouth Middle School Quiz Bowl Team** placed 2nd at the Trailblazer Conference Quiz Bowl Meet. We were undefeated heading into the finals and then lost to a very good Platteview team. We didn't really know what to expect since they never practiced or competed together. With band & wrestling at the same time, we pulled from multiple teams and multiple grade

levels.

General Updates

PHS course registration for the 2026-2027 school year was held during Parent-Teacher Conferences. Students and Parents made appointments to meet with the student's advisor during conferences to finalize their courses together. The registration information is now being used to determine scheduling needs and course offerings.

On March 24th, Juniors took the ACT test as required by the state of Nebraska. During testing the freshmen visited Central Community College and sophomores visited University of Nebraska - Lincoln. The day was well organized and coordinated by our School Counselors, Jolene Boesch and Jeremy Woodworth. Funding for the college visits was provided through the Education Quest College Access Grant.

Our AFJROTC Unit completed their annual inspection on March 30th. This inspection had been scheduled for November 2025, but was rescheduled due to the government shut down. Our students and instructors showcased the outstanding work that they do at PHS and represented our program with excellence. The unit scored 98.5 out of 100 achieving an Exceeds Standards rating with zero discrepancies for the 7th year in a row. Congratulations to all members of the PHS AFJROTC and to their instructors, Col. DeSimone and Chief Price.

Jobs for America's Graduates (JAG) Report

JAG 10-11

Throughout the month of March, sophomore and junior JAG students participated in a variety of JAG Model Services centered on career readiness and academic success. Instruction focused on employability skills such as job applications, resume development, and interview preparation, with students continuing to build a permanent digital resume. Academic remediation remained a priority, with structured time for completing coursework alongside literacy activities including independent reading, journaling, and vocabulary development.

Students engaged in several employer and post-secondary connections through guest speakers and hands-on experiences. Guest speakers included representatives from Tarkio Tech, a data analyst from United Way, and members of the United States Air Force, all of whom provided insight into career pathways, training, and workforce expectations. In addition, students visited the Carpenters Training Institute, where they participated in a highly hands-on experience that included hanging drywall, operating a scissor lift, and using tools such as a plasma cutter, giving them direct exposure to skilled trades environments. Students Mason Irvine, Arianna Hctor, and Alexa Cook finished off the month by attending JAG Legislative Day at the State Capitol building. They watched a session of the Unicameral, spoke to Sen. Robert Clements about the JAG program and their experiences, and heard from Lt. Gov. Joe Kelly, after which they toured the capitol building.

Service learning was highlighted through the greenhouse project, where students began with cleanup and preparation efforts. However, it was later determined that the existing structure will be

torn down due to additional concerns. While this change shifted the direction of the project, students have remained actively engaged and are preparing to address the school board on Monday, April 13th. During the public comment portion of the meeting, students plan to share their perspectives, express their enthusiasm for the project, and present potential alternative ideas for consideration moving forward. Students also contributed to community service through greenhouse cleanup efforts and by working concessions at soccer games, reinforcing teamwork, responsibility, and community involvement.

Looking ahead, students have several upcoming opportunities to continue their career exploration. Planned activities include guest speakers from Wyoming Tech and the Creighton School of Nursing, attendance at a hands-on job fair in Glenwood, Iowa, and student participation in job shadowing experiences at the zoo. These upcoming events will continue to build on the program's goal of connecting students with real-world career pathways and post-secondary options.

3. Continuing the growth of our Career Academies and expanding Work-Based Learning opportunities.
4. Encouraging responsible citizenship and community engagement.

The PCMS Quiz Bowl Team placed second at the Trailblazer Conference Quiz Bowl Meet. We were undefeated heading into the finals and then lost to a very good Platteview team. We didn't really know what to expect since they never practiced or competed together. With band and wrestling at the same time, we pulled from multiple teams and multiple grade levels.

OSOB:

Our OSOB concluded Thursday, April 2nd with an evening of food and fun. The committee created a variety of educational activities centered around 'The Wizard of Oz' theme in which all children could participate. We certainly could not put on this activity without the help of our staff, high school volunteers, Kim Kubat and her crew, the Optimist Club members, and all of our amazing sponsors. Special shout out to Stacey Hicks and Danielle Drewes who go above and beyond to make this event a success!

Attendance Follow Up:

I am happy to report that the 7 Kindergarten students we targeted for chronic absenteeism have increased their average daily attendance! With the grant money we received, we were able to purchase incentives specifically chosen by those students. To see them excited about coming to school and earning their incentive has been great! Shout out to Sarah Coniglio and Troy Niehus for connecting with the students' parents, and determining what incentives would be most motivating for them!

Omaha Lancers:

The Omaha Lancers 'Stick to Reading' program is an opportunity for the hockey players to get out into various communities, and encourage students to read. We were lucky enough to have them come to us! Shout out to Susan Knox for putting this together!

Re: Grant No. 07CH012443

Dear Grant Recipient,

Your agency previously received a letter with the names of two updated monitoring review types for FY26. Since then, based on feedback from the Head Start community, OHS has refined the naming to ensure it remains consistent, clear, and familiar to recipients.

To reduce burden, and provide stability, OHS is building on the current review structure. Beginning in FY26 the review names will be:

- Focus Area 1: Program Systems Review (FA1)
- Focus Area 2: Comprehensive Services Review (FA2)

While the names differ, OHS is hoping that the name additions are more transparent on what to expect from the reviews themselves. OHS is looking forward to the continued partnership, and the increased efficiency with the reduced burden on these review events.

A Focus Area 2: Comprehensive Services Review (FA2) will be conducted for your program Plattsmouth Community Schools (07CH012443) during the week of **05/04/2026**. Please note: Review dates are firm, and the OHS will not authorize date changes.

Pre-Review Preparation:

All grant recipients must complete the following tasks no later than 14 days prior to your review event:

- Update contact information for program leadership in the Head Start Enterprise System (HSES).
- Update information pertinent to center and classroom operations, including the status (open/closed) of all classrooms and centers (*In HSES under the Programs/ Facilities tab*).
- Upload the following documents into HSES (*under Documents/Pre Review documents*):

Pre-Review Planning Call:

Your assigned Review Lead, Corey Frazier, will be in contact with you soon to schedule a pre-review planning call. During this call, they will share information about organizing and conducting the FA2 review, related forms and communication, and the responsibilities shared by both the grant recipient and the Review Lead. During this pre-review planning call, you will have an opportunity to share the service delivery options your program is currently providing and discuss specific details of the review event. Please plan to include your program's Head Start/Early Head Start director and fiscal officer on this call.

Your program should be prepared to discuss the following items during your pre-review planning call:

- Details around the service delivery for each Head Start grant, including fiscal details:
- Staff and staff turnover data:

On-site Preparation:

Examples of documentation that may be requested by the Review Team during your review event include:

- Detailed General Ledger from the most recently completed and current program year (inclusive of all Federal Head Start grants being reviewed) and detail of fiscal transactions
- Eligibility Files and Supporting Documentation
- Completed Criminal Records Check Tracking Sheet (see attached)
- Completed Staff Qualifications Tracking Form (see attached)
- Program Policies and Procedures, including Standards of Conduct
- Examples of data used to demonstrate program performance and compliance (e.g., eligibility, child health determination, child assessment, staff professional development, family partnership data etc.)

Please note the list above is not exhaustive; the Review Team will ask for additional documentation during the review week. It is preferred that all documents requested are provided in the English language.

Additional information about the Federal monitoring process, resources, and tools for grant recipients can be found on [HeadStart.gov](https://www.headstart.gov).

Sincerely,

OHS Monitoring Scheduling Team

Indicator 13

As part of monitoring for Indicator 13-Post-Secondary Transition, NDE will provide names of students whose files they would like to review, specifically focusing on the students' transition plan to ensure compliance with all required areas. Names will be shared with Districts on April 10, 2026 and requested documents are due to NDE on April 24, 2026.

Corrective Action Plan

NDE has provided updated information regarding the closure of the district's 2025-2026 Monitoring Corrective Action Plan. The District will provide three additional student names to NDE to allow them to review special education files. Selected student files need to include one student who was either re-evaluated or initially evaluated for special education services this school year, one secondary student file, and one elementary student file. After a review of files, NDE will issue a close out letter to end the monitoring process.

TIP

In building capacity of the MTSS framework, Nebraska requires each district to review their student data and establish a Targeted Improvement Plan (TIP). Each TIP is required to have (a) a focus for improvement, (b) a measurable goal with annual targets, (c) a student-centered, evidence-based strategy to affect the outcomes for students with disabilities, (d) level of implementation ratings, and (e) descriptions of data used for decision-making. The TIP must be aligned to the overall general education improvement activities being implemented at the district.

During the 2025-2026 school year, the district focus was on literacy to ensure alignment with State and District goals. In 2026-2027, Plattsmouth's TIP will continue to focus on literacy, specifically explicit instruction. The TIP is due May 1, 2026

Paraeducator Intent to Return

A nonbinding Intent to Return google form was sent to paraeducators in the district to assist in planning for the 2026-2027 school year.

Workload Rubrics

Workload rubrics were sent to all special education teachers in the district to assist in determining caseload assignments for the upcoming school year. Special education teachers indicate the level of need each student on their caseload has in the areas of Participation in Curriculum and Assessments, IEP Minutes, Meeting and Planning Time, Paraeducator Support, Communication, and Behavior. These rubrics are used by special education building teams to help in determining caseloads and needed support for the upcoming school year.

PCS Board of Education Report
Dr. Amber Pease
Director of Instructional Services
April 13, 2026

1. PCS Accreditation Update

Dr. Pease provided an overview of accreditation findings to each building during Professional Development on Friday, March 13, 2026.

During summer 2026, a timeline for action will be developed in collaboration with building administrators, focusing on both strengths and areas for growth identified during the external accreditation visit.

A detailed plan will be shared in the August 2026 PCS Board of Education DIS Report.

2. Spring 2026 Student Assessments - NSCAS & ACT

The Nebraska Student-Centered Assessment System (NSCAS) will be administered from March 23 – April 30, 2026 for all students in grades 3–8. Students will be assessed in English Language Arts (ELA) and Math, with Science assessments administered to 5th and 8th graders.

Additionally, Grade 11 students were administered the ACT on Tuesday, March 24, 2026. These results will help identify students' areas of strength and areas where continued support may be needed. This information will also guide ACT preparation opportunities and standards alignment as we plan for the 2026–2027 school year.

Student results for NSCAS will be available in fall 2026 and will remain embargoed until the Nebraska Department of Education releases scores publicly.

These assessments will provide valuable data to support instruction, planning, and student growth across the district.

3. K-8 Science Curriculum Committee Update

Based on survey feedback, results, and committee recommendations, K–8 will continue using HMH Dimensions as the adopted science curriculum.

A minimum of two full days of summer professional development (up to 6 hours each day) is in process. The professional development will focus on:

- Aligning instruction to revised standards using HMH Dimensions

- Identifying gaps related to standards, phenomenon-based learning, inquiry, and three-dimensional instruction
- Updating pacing guides to include formative and summative assessments
- Incorporating approved supplemental materials that align to high-quality instructional standards (Teachers Pay Teachers resources will not be approved)

Additionally, Instructional Practice Guide (IPG) – Science training will be provided. The IPG will support coaching to determine high-quality instruction, effective use of materials, and student engagement. Data from this process will inform targeted professional development as needed.

9- 12 High School Science Curriculum Update

High school science teachers are updating pacing guides, instructional materials, and assessments from January 2026 through June 2026.

- All other science courses have current, up-to-date resources, with only select courses requiring supplemental student textbooks.

Upon receipt of an application, the Superintendent or the Superintendent's designee shall provide the resident school district or, if the student attends a different district as an option student, the option district with the name of the applicant on or before April 1 or, in the case of an application submitted after March 15, within sixty days after submission.

- (1) Siblings: The application deadline will be waived where the application is for a student who is the sibling of a student attending Plattsmouth Community Schools as of the time the application is filed, provided the application is filed at least 30 days prior to the semester in which first enrollment is sought. The "sibling" of a student who is attending for purposes of this Policy means a child who resides in the same household on a permanent basis with an option student who is currently attending and who has the same mother or father or who is a stepbrother or stepsister to an option student.
- (2) Kindergarten: The application deadline will be waived where the application is for a student who is seeking to enroll and attend the Kindergarten grade level provided the application was filed on or before June 1 prior to the first semester of the next school year.
- (3) Plattsmouth residents (only applies for options into the District): The application deadline will be waived where the application is for a student who has a residence which includes a Plattsmouth address that is not located within the Plattsmouth Community School District boundaries.
- (4) Children of Plattsmouth Community Schools employees (only applies for options into the District): The application deadline will be waived where the application is for a student whose parent/guardian is an employee of the Plattsmouth Community Schools and the student resides with the parent/guardian.
- (5) Foreign Exchange Student (only applies for options into the District): If there is a foreign exchange student whose host family does not reside in the District, but there are other students in the household that are already approved for Option Enrollment, the application deadline shall be waived.
- (6) Educational Programming: A release will be granted where the needs of the student require the District to obtain additional staffing or equipment and it is in the best interests of the District and the student to enroll in the option district. The determination of whether this condition is met shall be made by the Superintendent or the Superintendent's designee.
- (7) No Pending Expulsion: The deadline shall not be waived if the administration is considering or has recommended expulsion of the student at the time the application is

filed, and the administration determines it is appropriate to complete the expulsion process.

- (8) Release Approval: For the foregoing exceptions to option into the Plattsmouth Community Schools, the application must be accompanied by a written release from the resident district or, if the student attends a different district as an option student, the student's current option district.
- (9) Other Conditions: The waiver of the deadline in the above circumstances does not require acceptance of the application, as such applications may be rejected for reasons other than late filing.
- (10) Capacity: For the foregoing exceptions, the application deadline shall not be waived if the application is for enrollment in any program, class, grade level or school building operated by this School District which have been determined by the School District to be at capacity in accordance with the capacity standards (Appendix "1"), and no waiver of the deadline shall be made for such an application regardless of whether such capacity determinations are declared invalid for any reason. For any option application for a student that would receive or could be eligible to receive special education or related services, the Director of Special Education or designee shall conduct a case-by-case analysis to determine if the District has the capacity to provide the student with the appropriate services and accommodations.

B. Rejection of Applications; Reasons

1. Capacity

An option enrollment application shall be rejected in the event the capacity of a program, class, grade level, or school building operated by the School District would be exceeded by acceptance of the application, and an option enrollment application shall be rejected in the event the application is for enrollment in a program, class, grade level, or school building which has been declared unavailable to option students due to lack of capacity.

The Director of Special Education shall review on a case-by-case basis all option applications for students that would receive or could be eligible to receive special education or related services. If the Director or designee determines that the District does not have the capacity to provide the student with the appropriate services and accommodations, then the Director or designee shall send a denial notice to the parent(s) or guardian(s) and include a description of services and accommodations that the District does not have the capacity to provide.

2. Timeliness

An option enrollment application shall be rejected in the event the application is not filed on or before the April 1st immediately preceding the school year in which enrollment is sought, and the filing deadline has not been waived.

3. Previous Option Enrollment

An option enrollment application shall be rejected in the event the student has exhausted their option enrollments in other school districts, as determined by state law.

4. Other Reasons

An option enrollment application may be rejected in the event the Superintendent, the Superintendent's designee, or the School Board determines: The application is not submitted on a form prescribed by the State Department of Education, is not completely and accurately filled in, is not received within the time required by law, or any additional information requested to be supplied is not supplied to the School District within the time lines indicated; or in the event acceptance of the application is not required by law. Matters that are legally prohibited from being considered as standards for acceptance or rejection of applications (including "previous academic achievement, athletic or extracurricular ability, disabilities, proficiency in the English language, or previous disciplinary proceedings" and further including, without limitation, race, national origin, and gender) shall not be considered as reasons for acceptance or rejection.

C. Priority of Acceptance

Priority shall be accorded in the following order: (1) first, to those applications required to be given priority by law, (2) second, to those with a sibling in attendance at Plattsmouth Community Schools, with priority within this group being given to those who had earliest filed applications, and (3) third to those without an option student sibling in attendance at Plattsmouth Community Schools, with priority within this group to those who had earliest filed applications.

Filing date determinations are made by the Superintendent, or the Superintendent's designee. In the event applications within a group are received at the same or substantially the same time, priority as between such same-date applications shall be determined on the basis of random drawing.

D. Determination of Capacity

The School District will determine and set, on an annual basis, the maximum number of option enrollment applications the School District will accept in any program, class, grade level or school building operated by this School District, based upon available staff, facilities, projected enrollment of resident students, projected number of students with which this School District will contract based on existing contractual arrangements, and may declare a program, class or school unavailable to option students due to lack of capacity. Such determinations may be made in the form of an Appendix "1" to this Policy. The determination and declaration made for any school year shall continue in effect for the next and subsequent school years unless otherwise determined and/or declared. The capacity for special education services shall be determined on a case-by-case basis as determined by the Director of Special Education or designee.

E. Notification of Acceptance or Rejection

In the case of an application to option enroll into the [Name] Public School District, the Superintendent or the Superintendent's designee shall notify, in writing, the parent or legal guardian of the student, and the resident school district or, if the student is an option student attending a different district, that option district whether the application is accepted or rejected on or before April 1 or, in the case of an application submitted after March 15, within sixty days after submission.

If an option enrollment application or a request for release is rejected by the [Name] Public School District, the Superintendent or the Superintendent's designee shall provide written notification to the parent or guardian stating the reasons for the rejection and the process for appealing such rejection to the State Board of Education. Such notification shall be sent by certified mail.

F. Applications Subsequent to Relocations or Mergers

An option enrollment application does not require a release and shall be accepted or rejected within forty-five days after filing in the following circumstances:

1. the student relocated to a different resident school district after February 1, or
2. the student's option school district merged with another district effective after February 1, and
3. the application is for attendance during the immediately following and subsequent school years.

G. Status of Option Student

A student who is admitted under the enrollment option program shall be treated as a resident student, and in such regard shall be required to provide such enrollment information and documentation as is required for enrollment of other students (e.g., certified birth certificate and evidence of physical examination, visual evaluation and immunization), shall be required to be enrolled on a full-time basis, and shall be required to adhere to student conduct rules. The building assignment for an option student, as well as classroom and grade level assignments, shall be determined by the administration.

An option student shall not be entitled to transportation except as required by law. Transportation or transportation reimbursement will be provided in the following circumstances:

1. The Plattsmouth Community Schools may, upon mutual agreement with the parent or legal guardian of an option student, provide transportation to the option student on the same basis as provided for resident students. The school district may charge the parents of each option student transported a fee sufficient to recover the additional costs of such transportation.
2. Option students who qualify for free lunches are eligible for either free transportation or transportation reimbursement from the option school district. The District's policy is that the District selects which service (transportation or reimbursement) is to be provided to students.
3. For option students receiving special education services, the transportation services required in the student's Individualized Education Plan shall be provided by the resident school district.

H. Information Regarding Schools, Programs, Policies and Procedures.

As part of the option enrollment program, the administration shall make information about the Plattsmouth Community Schools and its school, programs, policies, and procedures available to all interested persons and shall have a copy of the option enrollment policy and regulations available at each school building.

STUDENT FEES POLICY

The Board of Education of Plattsmouth Community Schools adopts the following student fees policy in accordance with the Public Elementary and Secondary Student Fee Authorization Act.

The District's general policy is to provide for the free instruction in school in accordance with the Nebraska Constitution and state and federal law. This generally means that the District's policy is to provide free instruction for courses which are required by state law or regulation and to provide the staff, facility, equipment, and materials necessary for such instruction, without charge or fee to the students.

The District does provide activities, programs, and services to children that extend beyond the minimum level of constitutionally required free instruction. Students and their parents have historically contributed to the District's efforts to provide such activities, programs, and services. The District's general policy is to continue to encourage and, to the extent permitted by law, to require such student and parent contributions to enhance the educational program provided by the District.

Under the Public Elementary and Secondary Student Fee Authorization Act, the District is required to set forth in a policy its guidelines or policies for specific categories of student fees. The District does so by setting forth the following guidelines and policies. This policy is subject to further interpretation or guidance by administrative or Board regulations which may be adopted from time to time. The Policy includes Appendix "1," which provides further specifics of student fees and materials required of students for the 2025-2026 school year. Parents, guardians, and students are encouraged to contact their building administration or their teachers or activity coaches and sponsors for further specifics.

(1) Guidelines for non-specialized attire required for specified courses and activities. Students have the responsibility to furnish and wear non-specialized attire meeting general District grooming and attire guidelines, as well as grooming and attire guidelines established for the building or programs attended by the students or in which the students participate. Students also have the responsibility to furnish and wear non-specialized attire reasonably related to the programs, courses and activities in which the students participate where the required attire is specified in writing by the administrator or teacher responsible for the program, course or activity.

The District will provide or make available to students such safety equipment and attire as may be required by law, specifically including appropriate industrial-quality eye protective devices for courses of instruction in vocational, technical, industrial arts, chemical or chemical-physical classes which involve exposure to hot molten metals or other molten materials, milling, sawing, turning, shaping, cutting, grinding, or stamping of any solid materials, heat treatment, tempering, or kiln firing of any metal or other materials, gas or electric arc welding or other forms of welding processes, repair or servicing of any vehicle, or caustic or explosive materials, or for laboratory classes involving caustic or explosive materials, hot liquids or solids, injurious radiations, or other

similar hazards. Building administrators are directed to assure that such equipment is available in the appropriate classes and areas of the school buildings, teachers are directed to instruct students in the usage of such devices and to assure that students use the devices as required, and students have the responsibility to follow such instructions and use the devices as instructed.

(2) Personal or consumable items & miscellaneous

(a) Extracurricular Activities. Students have the responsibility to furnish any personal or consumable items for participation in extracurricular activities.

(b) Courses

(i) General Course Materials. Items necessary for students to benefit from courses will be made available by the District for the use of students during the school day. Students may be encouraged, but not required, to bring items needed to benefit from courses including, but not limited to, pencils, paper, pens, erasers, notebooks, trappers, protractors and math calculators. A specific class supply list will be published annually in a Board-approved student handbook or supplement or other notice. The list may include refundable damage or loss deposits required for usage of certain District property.

(ii) Damaged or Lost Items. Students are responsible for the careful and appropriate use of school property. Students and their parents or guardian will be held responsible for damages to school property where such damage is caused or aided by the student and will also be held responsible for the reasonable replacement cost of school property which is placed in the care of and lost by the student.

(iii) Materials Required for Course Materials. Students are permitted to and may be encouraged to supply materials for course projects. Some course projects (such as projects in art and shop classes) may be kept by the student upon completion. In the event the completed project has more than minimal value, the student may be required, as a condition of the student keeping the completed project, to reimburse the District for the reasonable value of the materials used in the project. Standard project materials will be made available by the District. If a student wants to create a project other than the standard course project, or to use materials other than standard project materials, the student will be responsible for furnishing or paying the reasonable cost of any such materials for the project.

(iv) Music Course Materials. Students will be required to furnish musical instruments for participation in optional music courses. Use of a musical instrument without charge is available under the District's fee waiver policy. The District is not required to provide for the use of a particular type of musical instrument for any student.

(v) Parking. Students may be required to pay for parking on school grounds or at school-sponsored activities, and may be subject payment of fines or damages for damages caused with or to vehicles or for failure to comply with school parking rules.

(3) Extracurricular Activities-Specialized equipment or attire. Extracurricular activities means student activities or organizations which are supervised or administered by the District, which do not count toward graduation or advancement between grades, and in which participation is not otherwise required by the District. The District will generally furnish students with specialized

equipment and attire for participation in extracurricular activities. The District is not required to provide for the use of any particular type of equipment or attire. Equipment or attire fitted for the student and which the student generally wears exclusively, such as dance squad, cheerleading, and music/dance activity (e.g. choir or show choir) uniforms and outfits, along with T-shirts for teams or band members, will be required to be provided by the participating student. The cost of maintaining any equipment or attire, including uniforms, which the student purchases or uses exclusively, shall be the responsibility of the participating student. Equipment which is ordinarily exclusively used by an individual student participant throughout the year, such as golf clubs, softball gloves, and the like, are required to be provided by the student participant. Items for the personal medical use or enhancement of the student (braces, mouth pieces, and the like) are the responsibility of the student participant. Students have the responsibility to furnish personal or consumable equipment or attire for participation in extra curricular activities or for paying a reasonable usage cost for such equipment or attire. For musical extracurricular activities, students may be required to provide specialized equipment, such as musical instruments, or specialized attire, or for paying a reasonable usage cost for such equipment or attire.

(4) Extracurricular Activities-Fees for participation. Any fees for participation in extracurricular activities for the 2025-2026 school year are further specified in Appendix "1." Admission fees are charged for extracurricular activities and events.

(5) Postsecondary education costs. Students are responsible for postsecondary education costs. The phrase "postsecondary education costs" means tuition and other fees only associated with obtaining credit from a postsecondary educational institution. For a course in which students receive high school credit and for which the student may also receive postsecondary education credit, the course shall be offered without charge for tuition, transportation, books, or other fees, except tuition and other fees associated with obtaining credits from a postsecondary educational institution.

(6) Transportation costs. Students are responsible for fees established for transportation services provided by the District as and to the extent permitted by federal and state laws and regulations.

(7) Copies of student files or records. The Superintendent or the Superintendent's designee shall establish a schedule of fees representing a reasonable cost of reproduction for copies of a student's files or records for the parents or guardians of such student. A parent, guardian or student who requests copies of files or records shall be responsible for the cost of copies reproduced in accordance with such fee schedule. The imposition of a fee shall not be used to prevent parents of students from exercising their right to inspect and review the students' files or records and no fee shall be charged to search for or retrieve any student's files or records. The fee schedule shall permit one copy of the requested records be provided for or on behalf of the student without charge and shall allow duplicate copies to be provided without charge to the extent required by federal or state laws or regulations.

(8) Participation in before-and-after-school or pre-kindergarten services. Students are responsible for fees required for participation in before-and-after-school or pre-kindergarten services offered by the District, except to the extent such services are required to be provided without cost.

(9) Participation in summer school or night school. Students are responsible for fees required for participation in summer school or night school. Students are also responsible for correspondence courses.

(10) Breakfast and lunch programs. Students shall be responsible for items which students purchase from the District's breakfast and lunch programs. The cost of items to be sold to students shall be consistent with applicable federal and state laws and regulations. Students are also responsible for the cost of food, beverages, and personal or consumable items which the students

purchase from the District or at school, whether from a "school store," a vending machine, a booster club or parent group sale, a book order club, or the like. Students may be required to bring money or food for field trip lunches and similar activities.

(11) Waiver Policy. The District's policy is to provide fee waivers in accordance with the Public Elementary and Secondary Student Fee Authorization Act. Students who qualify for free or reduced-price lunches under United States Department of Agriculture child nutrition programs shall be provided a fee waiver or be provided the necessary materials or equipment without charge for: (1) participation in extracurricular activities and (2) use of a musical instrument in optional music courses that are not extracurricular activities. Participation in a free-lunch program or reduced-price lunch program is not required to qualify for free or reduced price lunches for purposes of this section. Students or their parents must request a fee waiver prior to participating in or attending the activity, and prior to purchase of the materials.

(12) Distribution of Policy. The Superintendent or the Superintendent's designee shall publish the District's student fee policy in the Student Handbook or the equivalent (for example, publication may be made in an addendum or a supplement to the student handbook). The Student Handbook or the equivalent shall be made available to every student of the District or to every household in which at least one student resides, at no cost.

(13) Student Fee Fund. The School Board hereby establishes a Student Fee Fund. The Student Fee Fund shall be a separate school district fund not funded by tax revenue, into which all money collected from students and subject to the Student Fee Fund shall be deposited and from which money shall be expended for the purposes for which it was collected from students. Funds subject to the Student Fee Fund consist of money collected from students for: (1) participation in extracurricular activities, (2) postsecondary education costs, and (3) summer school or night school.

CERTIFICATION

StudentsSchool Library Materials and Parent Access

The District will provide parents, guardians, and educational decisionmakers access to information regarding books available in the District's school library, and an opportunity to receive notification when their student checks out a library book.

For purposes of this Policy, the "school library" means the collection of books maintained by the District in a library or media center, as designated by the Superintendent or designee, located on school property and managed by District staff for student circulation. The term "school library" does not include: (1) classroom libraries or book collections maintained by individual teachers; (2) instructional textbooks or curriculum materials issued to students; (3) digital instructional materials, online databases, or subscription research services; and (4) materials accessed through a library not managed or supervised by the District. For purposes of this policy, a "book" means a bound or printed work cataloged within the District's school library circulation system.

The District will maintain a catalog of books available in each designated library. Such catalog will be made available for viewing by parents, guardians, and educational decisionmakers through a method designated by the Superintendent or designee.

The District will provide parents, guardians, and educational decisionmakers the opportunity to opt-in to receive notification when their student checks out a book from a designated library. If a parent, guardian, or educational decisionmaker elects to receive such notifications, the District shall provide such notice, which will include the: (1) title of the book; (2) author(s); and (3) date the book must be returned.

Requests to receive library checkout notifications must be submitted through a written request or through a process identified by the Superintendent or designee.

The Superintendent or designee may develop procedures to implement this Policy, and staff, parents, guardians, and educational decisionmakers must follow these procedures.

PROCEDURES AND STANDARDS FOR IDENTIFICATION OF LEARNERS WITH HIGH ABILITY

An adequate plan for the identification of high ability learners requires the use of multiple criteria in an effort to be inclusive. This process is based on triangulation of data obtained from an intelligence test, achievement test, and a teacher observation form.

Universal screening:

- All 3rd and 4th graders will take the district approved reading and math assessments
- Students at or above the 75% (national) are flagged for further review and a notification email will be shared with caregivers

Multiple Criteria:

- District approved reading and math assessments
- CogAT (verbal, nonverbal, quantitative)
- Teacher observation tools

Decision Rules:

- Student qualifies with evidence from at least two of the three criteria
- Eligibility Team will review evidence within six weeks to determine HAL placement

Communication:

- Parents will be notified via a letter mailed home or an email regarding their student's qualification

Appeals:

- Families have the right to appeal within 14 days of the date the letter or email was sent
- Families who wish to appeal should contact the High Ability Learner Coordinator

Equity Checks:

- At the completion of each testing window the HAL Eligibility Review Team will compare HAL group demographics with overall enrollment (gender, FRL, EL, SPED, race/ethnicity)

Deleted: 3rd - Grade 12 (current K-2 students that are currently eligible will be grandfathered) Screening

Students may enter the screening pool through direct referral by parent, educator, peer, or other individual who knows the child, at any time during the school year. In addition, the High Ability Learner Facilitator reviews all achievement test scores to identify students who have scored above the 90th percentile.

Parents/guardians of transfer students will complete a form at the time of registration indicating the type of services received at their previous school.

Following screening, parents are notified by letter that the identification process has been initiated for their child. At that time, the parents will be asked for written permission to continue with testing and/or collection of additional data. Formal assessment is scheduled upon receipt of the written parental permission.

Selection

After the collection of all required data, student profiles will be completed based on the tests and observation scores. Students must accumulate a total of 10 or more points on the Student Profile to meet the eligibility requirements of the program.

Placement in the Program

After the determination of eligibility, a letter is sent to the parents notifying them of the decision and soliciting permission for placement. Commencement of services begins upon receipt of written parental permission. A parental decision not to participate may be made without penalty or sanction.

Within the first 30 days of each school year, parents will be informed in writing of the student's identification, how the student was identified, and programs/instructional strategies available to the student.

Students who have previously been identified as high ability learners and transfer into the Plattsmouth Community School District will be automatically placed in the HAL Program for one year. Prior to starting their second school year in the HAL program, the students' most current profiles will be reviewed to determine continued eligibility.

A list of identified students and their areas of high ability will be provided to classroom teachers by the High Ability Learner Facilitator. The district will provide the Nebraska Department of Education with an annual report of identified students and information regarding identification criteria.

StudentsAsthma, Anaphylaxis, and Allergic Reaction Protocol

The District will adopt and implement the Emergency Response to Life-Threatening Asthma or Systemic Allergic Reactions (Anaphylaxis Protocol as required by the Nebraska Department of Education.

The Superintendent, in conjunction with licensed health personnel, shall establish administrative regulations for the implementation of this policy. The regulations established shall comply with NDE rules regarding the protocol to follow in case of a life-threatening asthma or systemic allergic reaction (including anaphylaxis) and use of an EpiPen and albuterol. These regulations and protocols shall also ensure that each school building will procure and maintain the equipment and medication necessary under the protocol in the case of any student or school staff emergency. Staff training in using the protocol shall occur periodically. Records of such training and occurrences of administering medication under the protocol shall be maintained.

The Emergency Protocol shall be implemented, and the equipment and medication necessary to implement the Emergency Protocol shall be maintained, at each school building while school is in session. For purposes of the Emergency Protocol, the phrase "while school is in session" is defined as the core instructional school day. The "core instructional school day" is defined as that portion of each day school is in session during which teachers are on duty to provide and students are scheduled to receive instruction in the School District's curriculum, generally beginning at 8:00 a.m. and ending at 3:30 p.m. The Emergency Protocol shall not be required to be implemented other than in the school buildings while school is in session, and as such is not required to be implemented at extracurricular activities, on school buses, or during school field trips. Implementation of the Emergency Protocol at such non-mandatory times or places shall be made in the discretion of the administration and shall be subject to the availability of the employees designated or trained in implementation of the Emergency Protocol and the availability of the necessary equipment and medication at such times or places.

The parent or guardian of a student of minority age may sign a waiver requesting that their student not receive emergency treatment under this protocol.

The Superintendent or designee shall further develop and implement protocols to address anaphylaxis and the emergency use of epinephrine at school buildings and school-sponsored activities. A school nurse or trained staff member may administer epinephrine to any individual believed to be experiencing anaphylaxis. These protocols will also address the District's response, documentation, notification, and reporting any instances of administering epinephrine. The District will continue to implement individualized health or Section 504 plans for students with known severe allergies, and nothing in this policy limits rights or accommodations under Section 504, the ADA, or the IDEA.

Plattsmouth Early Childhood Center Agency Position of Confidentiality

Families, children and staff have the right to protection of personal information about them in their relationship with Plattsmouth Early Childhood Program (Agency). The following principles should be kept in mind.

1. Parents (or legal guardians) and staff members should be the primary source of the information about themselves and the information sought from them should be limited to that which is essential for service and the program.
2. Confidential records collected by the Agency about individual families and staff members shall be maintained in locked file cabinets. Parents and other volunteers are prohibited from reviewing records other than those of their own children. Staff members are prohibited from reviewing records other than what is required to fulfill their assigned employment duties and their own confidential records (upon written request to the Early Childhood/Head Start Director).
3. Children's health, mental health, education and nutrition records and social services records on families are open only to Head Start staff members and special consultants on a "need to know" basis, as directed by the Confidential Release Form signed by the parent or legal guardian at enrollment. If unsure about releasing the information, check with a program manager or the Early Childhood/Head Start Director.
4. No information should be released to anyone outside of the program without written consent from the family/staff member, except in reporting suspected child abuse or neglect or when presented with the proper documentation from a legal/law enforcement entity.
5. Privileged information, written or verbal, shared by a parent with a staff member or members shall remain confidential and only discussed with the necessary staff at appropriate times in a private setting.
6. Written information from staff to individual families that would be considered confidential shall be delivered in a manner to protect the privacy.
7. Staff commitment to confidentiality about the program, staff, children and families shall be maintained when acting on behalf of the Agency with the Community.
8. School employees shall report to the principal when they have reasonable cause to believe that a child has been subjected to abuse or neglect, or circumstances that reasonably would result in abuse or neglect. The staff member will report the matter to the proper law enforcement agency or other agency (Child Abuse & Neglect Hotline @1-800-652-1999) as required by law.
9. A breakdown of confidentiality by a staff member is grounds for immediate dismissal from Plattsmouth Early Childhood program and/or Plattsmouth Community Schools.

I have read and understand the above Plattsmouth Early Childhood program confidentiality Policy.

Transporting Students in Private Vehicles

The Plattsmouth Community School District (PCSD) which is the grantee for the Cass County Head Start program does not have Employers Non-owned Auto Insurance. PCSD insurance **does not cover** staff transporting children, family members of the children, or community members in a private (staff owned) vehicle.

Please read the statements concerning some reasons why staff cannot transport preschool children in private vehicles:

- While most vehicles are presumably insured by their owners, there are still liabilities, which PCSD could be responsible for in the case of a serious accident.
- The car owner's personal insurance will not cover any liability that could be attributed to "negligence" on the part of PCSD. For example, if the investigation by the insurance company determines that the accident occurred because the driver was distracted with too many children in the car or because there was a lack of adequate supervision, PCSD might be determined to be "at fault."
- The car owner's personal insurance will not cover the legal fees of PCSD/Cass County Head Start if they were to be named as a co-defendant in a lawsuit.
- If PCSD/Cass County Head Start is determined to be the employer of the driver/owner, they would be held liable for costs not covered by the car owner's personal insurance. Most automobile accident injuries are attributable to the driver's negligence.

I have read and understand that all Plattsmouth Early Childhood Program/PCSD children, parents, and community members need to be transported in the school district buses or other vehicles and not in a privately owned vehicle. I further that I cannot utilize a cell phone for phone calls or texts while driving a school district vehicle. Failure to comply will be viewed as revocation of the ability to drive school district owned vehicles.
