Dena,

Photos are of a Google Expedition Cart MNE has that was purchased by our PTO in 2015 or 2016, not sure. Per Micky Brooks it was purchased at Best Buy for a cost of \$10,000.00 but I thought I heard they were more than that with the charging cart. (Micky & Trent went around to the schools promoting these).

The 30 pair of goggles have a cell phone inside (photo #3). Although the VR Goggles still work, they will not run on these old cell phones-if you put in a newer phone, they will work. However, Google has done away with the software that ran these. Basically the technology is too old to be of any use and they want to discard all of it. I've got a disposable of asset form but am waiting on tech to see if we could use the cart for laptop charging. The cart was stored in the library closet locked up for years, but this year our calm coach took it to use as he is very

tech savvy & they were working for a while until the operating system update, now no longer work. Therefore, I doubt you would be able to sale on gov.com---I asked our tech & coach that was using it if it was worth even trying & they didn't think so. The VR Googles with a new phone in them would work but no software to go with it and they told me VR googles don't cost that much anyway.

I will forward the disposal form to you as soon as I hear from tech.

Thanks.

Summary

The Board is requested to adopt the attached resolution to formally participate in the state-funded educator bonus program for the 2024-25 school year. This resolution fulfills legal requirements set forth in the law. Although funds will be generated based on 2024-2025 staffing, funds are not expected until after July 1, 2025, during the FY26 fiscal year.

Staff Recommendation

Approve the Participate in Section 4 of The Education Freedom Act

Fiscal Impact

The district will act as a pass-through entity for state-appropriated funds, allocating bonus payments directly to eligible educators in accordance with TDOE guidelines, resulting in no additional local fiscal impact.

For each bonus, districts will receive a total payment of \$2,306.60 to cover the employer share of benefits (social security, Medicare, and TCRS). These funds above the bonus amount ensure the district is not responsible for the employer share of benefits for a state-supported bonus payment. (This operates in the same manner as the Career Ladder program.)

 - d. Contractor shall submit a written report with invoice to MBPE each month setting forth the services provided in the billing period. Such report shall include, but not be limited to, a description of type of service, date, time and duration of service. Payment of invoices may be withheld if documentation is not sufficient. MBPE may request additional documentation or explanation regarding services at any time and Contractor shall respond to such requests promptly with such additional information as MBPE may require.
 - e. In no event shall the total compensation for this Contract exceed \$30,000,000 for the Contract term.
6. **MBPE Right to Inspect.** MBPE shall have the right to inspect any facility or project site, upon reasonable notice to Contractor, where the products/services provided under this Contract are to be produced/performed.
 7. **Taxes.** MBPE shall not be responsible for any taxes that are imposed on Contractor. Furthermore, Contractor understands that it cannot claim exemption from taxes by virtue of any exemption that is provided to MBPE.
 8. **Warranty.** As outlined in Contractors Proposal.
 9. **License.** Contractor warrants and represents that it is the owner of or otherwise has the right to and does hereby grant MBPE a license to use any software provided for the purposes for which the software was obtained.
 10. **Copyright, Trademark, Service Mark, or Patent Infringement.**
 - a) Contractor shall, at its own expense, be entitled to and shall have the duty to defend any suit which may be brought against MBPE to the extent that it is based on a claim that the products or services furnished infringe a copyright, Trademark, Service Mark, or patent. Contractor shall further indemnify and hold harmless MBPE against any award of damages and costs made against MBPE by a final judgment of a court of last resort in any such suit. MBPE shall provide Contractor immediate notice in writing of the existence of such claim, and full right and opportunity to conduct the defense thereof, together with all available information and reasonable cooperation, assistance and authority to enable Contractor to do so. No costs or expenses shall be incurred for the account of Contractor without its written consent. MBPE reserves the right to participate in the defense of any such action. Contractor shall have the right to enter into negotiations for and the right to effect settlement or compromise of any such action, but no such settlement or compromise shall be binding upon MBPE unless approved by the Metropolitan Department of Law Settlement Committee and, where required, the Metropolitan Council.
 - b) If the products or services furnished under this Contract are likely to, or do become, the subject of such a claim of infringement, then without diminishing Contractor's obligation to satisfy the final award, Contractor may, at its option and expense:

- i) Procure for MBPE the right to continue using the products or services, or
 - ii) Replace or modify the alleged infringing products or services with other equally suitable products or services that are satisfactory to MBPE, so that they become non-infringing, or
 - iii) Remove the products or discontinue the services and cancel any future charges pertaining thereto, provided, however, that Contractor will not exercise option b.iii. until Contractor and MBPE have determined that options b.i. and b.ii. are impractical.
- c) Contractor shall have no liability to MBPE, however, if any such infringement or claim thereof is based upon or arises out of:
- i) The use of the products or services in combination with apparatus or devices not supplied or else approved by Contractor, or
 - ii) The use of the products or services in a manner for which the products or services were neither designated nor contemplated, or
 - iii) The claimed infringement in which MBPE has any direct or indirect interest by license or otherwise, separate from that granted herein.

11. Termination for Breach. Should Contractor fail to fulfill in a timely and proper manner its obligations under this Contract or if it should violate any of the terms of this Contract, MBPE shall have the right to immediately terminate the Contract if Contractor has not corrected the cause of the breach to the satisfaction of MNPS within thirty (30) days of written notification of the breach by MNPS. MBPE shall also have the right to terminate this Contract if Contractor becomes insolvent, makes an assignment for the benefit of its creditors, a receiver is appointed or a petition in bankruptcy is filed with respect to Contractor and is not dismissed within thirty (30) days.

12. Termination for Funding. In the event MBPE, in its sole discretion, does not or cannot obtain or continue the funding for this Contract from any source or sources at an aggregate level sufficient to allow for payment for the Work, MBPE may exercise one of the following alternatives: (1) terminate this Contract effective upon a date specified in a Termination Notice; or (2) continue this Contract by reducing, through written notice to Contractor, the amount of this Contract and the scope of work, consistent with the nature, amount, and circumstances of the loss of funding. Any termination or reduction of this Contract pursuant to this subsection shall not affect any obligations or liabilities of either Party accruing prior to such termination or reduction. MBPE shall not face any liability or penalty as a result of such termination or reduction of this Contract.

13. Termination for Convenience. MBPE may terminate this Contract at any time upon thirty (30) days written notice to Contractor. Contractor shall be paid in full for all authorized expenditures and goods or services satisfactorily provided to date, but in no case shall MBPE be liable to Contractor for compensation for any good or service which has not been rendered. A termination for convenience shall not be a breach of this Contract by MBPE. The final decision as to the amount, for which MBPE shall be liable, shall be determined by MBPE. Contractor shall not have any right to any actual general, special, consequential, incidental, or any other damages whatsoever of any description or amount for MBPE's exercise of its right to terminate for convenience.

14. Compliance with Laws. Contractor agrees to comply with any applicable federal, state and local laws and regulations.

18. Modification of Contract. This Contract may be modified only by written amendment executed by all parties and their signatories hereto.

19. Partnership/Joint Venture. Nothing herein shall in any way be construed or intended to create a partnership or joint venture between the parties or to create the relationship of

principal and agent between or among any of the parties. None of the parties hereto shall hold itself out in a manner contrary to the terms of this paragraph. No party shall become liable for any representation, act or omission of any other party contrary to the terms of this paragraph.

- 20. Waiver.** No waiver of any provision of this Contract shall affect the right of any party thereafter to enforce such provision or to exercise any right or remedy available to it in the event of any other default.
- 21. Criminal Background Checks.** Contractor shall comply with Public Chapter 587 of 2007, as codified in Tennessee Code Annotated Section 49-5-413, which requires all contractors to facilitate a criminal history records check conducted by the Tennessee Bureau of Investigation and the Federal Bureau of Investigation for each employee prior to permitting the employee to have contact with students or enter school grounds when students are present.

The requirement stated in the preceding paragraph does not apply to a person whose contract is for the performance of a service at a school-sponsored activity, assembly or event at which school officials or employees are present when the service is performed and where the activity, assembly or event is conducted under the supervision of school officials or employees.

- 22. Insurance.** Contractor shall maintain comprehensive general liability insurance, automobile liability insurance, professional liability insurance, and, if necessary, commercial umbrella insurance, each with limits of not less than one million dollars (\$1,000,000) per occurrence. Contractor shall maintain workers' compensation insurance with statutory limits as required by the State of Tennessee or other applicable laws and employers' liability insurance with limits of not less than five hundred thousand dollars (\$500,000). A certificate of insurance, on a standard ACORD form, evidencing said coverage shall be provided to MBPE prior to commencement of performance of this Contract. The METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY by and through the METROPOLITAN BOARD OF PUBLIC EDUCATION shall be included as an additional insured and this insurance shall apply as primary insurance with respect to any other insurance programs afforded MBPE. There shall be no endorsement or modification to make this insurance excess over other available insurance. **Throughout the term of this Contract, Contractor shall provide an updated certificate of insurance upon expiration of the current certificate.**

MBPE is part of a metropolitan form of government as set out under the Governmental Tort Liability Act in T.C.A. § 29-20-101, et seq., and as such has its liability limits defined by law. MBPE carries no insurance and is self-insured in an adequately funded Self-Insurance Program, up to the limits as set out by the statute.

- 23. Performance Bond:** Contractor shall maintain a performance bond in the amount of five hundred thousand Dollars (\$500,000).

Contractor must meet this performance bond requirement by providing MNPS either:

1. A performance bond that covers the entire Contract period including all options to extend the Contract, or
2. A performance bond for the first, twelve (12) calendar months of the Contract in the amount detailed above, and, thereafter, a new or re-issued performance bond in the amount detailed above covering each subsequent twelve (12) calendar month period of the Contract. (In which case, the Contractor must provide the new (or re-issued) performance bond to MNPS no later than thirty (30) days preceding each subsequent period of the Contract to be covered by the new (or re-issued) bond.)

Contractor must obtain the performance bond in form and substance acceptable to and provide it to MNPS no later than the start of the contract.

Failure to provide to MNPS a performance bond as required by performance bond deadlines shall result in termination of the contract.

MNPS will not assist the Contractor with securing the services of any fidelity or guaranty underwriter.

This bond may be reduced or the requirement waived at any time during the life of this contract with the agreement of both parties.

- 24. Indemnification and Hold Harmless.** Contractor shall indemnify and hold harmless MBPE, its officers, agents and employees from:

 - c) MBPE will not indemnify, defend or hold harmless in any fashion the Contractor from any claims arising from any failure, regardless of any language in any attachment or other document that the Contractor may provide.
- 25. School District Statutory Immunity.** Any other term, covenant, or condition of this Contract to the contrary notwithstanding, the School District, its officers, employees and agents, and the members of the Board of Education, retain their statutory governmental, official, and any other immunity provided pursuant to the laws of the State of Tennessee, including under T.C.A. 29-20-101 et seq., and do not waive the defenses of governmental and official immunity derived from such laws. The School District does not waive for itself or its officers, employees, agents, or for members of the Board of Education, any other defenses or immunities available to it or any of them.
- 26. Attorney Fees.** Contractor agrees that, in the event either party deems it necessary to take legal action to enforce any provision of this Contract, or, in the event MBPE prevails, Contractor shall pay all expenses of such action including MBPE's attorney fees and costs at all stages of the litigation.
- 27. Assignment--Consent Required.** The provisions of this Contract shall inure to the benefit of and shall be binding upon the respective successors and assignees of the parties hereto. Except for the rights of money due to Contractor under this Contract, neither this Contract nor any of the rights and obligations of Contractor hereunder shall be assigned or transferred in whole or in part without the prior written consent of MBPE. Any such assignment or transfer shall not release Contractor from its obligations hereunder. NOTICE OF ASSIGNMENT OF

ANY RIGHTS TO MONEY DUE TO CONTRACTOR UNDER THIS CONTRACT MUST BE SENT TO THE ATTENTION OF MBPE'S CHIEF ACCOUNTANT, DIVISION OF ACCOUNTS, DEPARTMENT OF FINANCE, 2601 BRANSFORD AVENUE, NASHVILLE, TENNESSEE 37204.

- 28. Entire Contract.** This Contract sets forth the entire agreement between the parties with respect to the subject matter hereof and shall govern the respective duties and obligations of the parties.
- 29. Force Majeure.** No party shall have any liability to the other hereunder by reason of any delay or failure to perform any obligation or covenant if the delay or failure to perform is occasioned by *force majeure*, meaning any act of God, storm, fire, casualty, unanticipated work stoppage, strike, lockout, labor dispute, civil disturbance, riot, war, national emergency, act of Government, act of public enemy, or other cause of similar or dissimilar nature beyond its control.
- 30. Governing Law/Venue.** The validity, construction and effect of this Contract and any and all extensions and/or modifications thereof shall be governed by the laws of the State of Tennessee. Tennessee law shall govern regardless of any language in any attachment or other document that the Contractor may provide. Any action between the parties arising from this Contract shall be maintained in the courts of Davidson County, Tennessee.
- 31. Severability.** Should any provision of this Contract be declared to be invalid by any court of competent jurisdiction, such provision shall be severed and shall not affect the validity of the remaining provisions of this Contract.
- 32. Confidentiality, Student Records.**
- a) Contractor shall keep in strict confidence as required and to the fullest extent required by any Applicable Law, including but not limited to the Family Educational Rights and Privacy Act ("FERPA") 20 U.S.C. § 1232g and the Children's Online Privacy Protection Act of 1998 ("COPPA") 15 U.S.C. § 6501-6506, any and all records and information, in whatever form or format received, pertaining to MBPE's individual students and children, including but not limited to any academic or grade information, attendance, truancy, discipline, receipt of special education services or supplemental educational services, social security or public benefits, or information as to race, ethnicity, or disability.
 - b) With regard to any reports, studies, or other works developed in the course of this Contract, or as a result thereof, Contractor shall not publish Confidential Information or any other information which identifies students, employees, or officers of MBPE by full name without first obtaining written consent from such individuals, or in the case of a student, his or her parent or legal guardian. Contractor shall provide to MBPE for its review any proposed publication, brochure, or advertisement in which MBPE is named not less than thirty (30) calendar days prior to submission for publication and Contractor shall remove MBPE's name or information identifying MBPE from the publication if MBPE requests removal. Contractor shall not issue, publish, or divulge any Materials developed or used in the performance of this Contract or make any statement to the media relating to this Contract without the prior consent of MBPE.
- 33. Contingent Fees.** Contractor hereby represents that Contractor has not been retained, nor has retained any persons, to solicit or secure a MBPE contract upon an agreement or understanding for a contingent commission, percentage, or brokerage fee, except for retention of bona fide employees or bona fide established commercial selling agencies for the purpose of securing business. Breach of the provisions of this paragraph is, in addition to a breach of

this Contract, a breach of ethical standards which may result in civil or criminal sanction and/or debarment or suspension from being a contractor or subcontractor under MBPE contracts.

- 34. Gratuities and Kickbacks.** It shall be a breach of ethical standards for any person to offer, give or agree to give any employee or former employee, or for any employee or former employee to solicit, demand, accept, or agree to accept from another person, a gratuity or an offer of employment in connection with any decision, approval, disapproval, recommendation, or preparation of any part of a program requirement or a purchase request, influencing the content of any specification or procurement standard, rendering of advice, investigation, auditing, or in any other advisory capacity in any proceeding or application, request for ruling, determination, claim, or controversy or other particular matter, pertaining to any program requirement of a contract or subcontract or to any solicitation or proposal therefor. It shall be a breach of ethical standards for any payment, gratuity, or offer of employment to be made by or on behalf of a subcontractor under a contract to the prime contractor, higher tier subcontractor, or a person associated therewith, as an inducement for the award of a subcontract or order. Breach of the provisions of this paragraph is, in addition to a breach of this Contract, a breach of ethical standards which may result in civil or criminal sanction and/or debarment or suspension from being a contractor or subcontractor under Metropolitan Government contracts.
- 35. Non-Discrimination.** It is the policy of MBPE not to discriminate on the basis of age, race, sex, color, national origin, or disability in its hiring, promotion, demotion, dismissal or laying off, and employment practices, or in admission to, access to, or operation of its programs, services, and activities. With regard to all aspects of this Contract, Contractor certifies and warrants that it will comply with this policy. No person shall be excluded from participation in, be denied benefits of, be discriminated against in the admission or access to, or be discriminated against in treatment or employment in MBPE's contracted programs or activities, on the grounds of handicap and/or disability, age, race, color, religion, sex, national origin, or any other classification protected by federal or Tennessee State Constitutional or statutory law; nor shall they be excluded from participation in, be denied benefits of, or be otherwise subjected to discrimination in the performance of contracts with MBPE or in the employment practices of MBPE's Contractors. Accordingly, all Proposers entering into contracts with MBPE shall, upon request, be required to show proof of such nondiscrimination and to post in conspicuous places that are available to all employees and applicants, notices of nondiscrimination.
- 36. Compliance with the Americans with Disabilities Act.** Contractor will provide assurances that it does not discriminate on the basis of disability in admission to, access to, or operations of its program, services, or activities, including *hiring or employment practices*. Contractor will ensure that qualified applicants and participants with disabilities in its services, programs, or activities have communication access that is equally effective as that provided to people without disabilities. Information shall be made available in accessible formats and auxiliary aids and services shall be provided upon the reasonable request of a qualified person with a disability.
- 37. Debarment and Suspension.** Contractor certifies, to the best of its knowledge and belief, that it, its current and future principals, its current and future subcontractors and their principals:
- a) are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal or state department or agency;
 - b) have not within a three (3) year period preceding this Contract been convicted of, or had a civil judgment rendered against them from commission of fraud, or a criminal offence

in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or grant under a public transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification, or destruction of records, making false statements, or receiving stolen property;

- c) are not presently indicted or otherwise criminally or civilly charged by a government entity (federal, state, or local) with commission of any of the offenses detailed in section b. of this certification; and
- d) has not within a three (3) year period preceding this Contract had one or more public transactions (federal, state, or local) terminated for cause or default.
- e) Contractor shall provide immediate written notice to MBPE if at any time it learns that there was an earlier failure to disclose information or that due to changed circumstances, its principals or the principals of its subcontractors are excluded or disqualified.

38. Effective Date. This Contract shall not be binding upon the parties until it has been signed first by the Contractor and then by the authorized representatives of the Metropolitan Government and has been filed in the office of the Metropolitan Clerk. When it has been so signed and filed, this Contract shall be effective as of the date first written above.

Dark Fiber -

ENA plans to deliver all service required by this RFP using the lit services bid in Categories I, II and III. Per bid requirements, we have also provided dark fiber pricing as an additional alternative for end site service. Design based on all sites in a District, if a subset of sites is requested, pricing may vary

Each span must cross at least one public right of way (ROW).
 The dark fiber solution will use a mix of aerial and underground delivery as needed to deliver. Underground solution, where utilized, will use 1.25" conduit and standard depth. Pricing includes full maintenance and locating services as requested.
 Dark fiber excludes any equipment required to light or manage the resulting service. Fiber will be leased and will not be agency owned as requested

Our service attaches the voicemail message to the e-mail as an audio file. More transcription options are likely to be available in future releases.

Paging capabilities -

ENA has been successful in integrating our ENA SmartVoice solution with various manufacturer's external paging systems. We also provide several SIP-based paging options for our handsets:

- ▶ **Intercom System Integration:** ENA SmartVoice can integrate with a wide range of analog and IP-based intercom systems.
 - ▶ **One-to-Many/Zone Paging Over the Handsets:** Given the increased focus on security in our schools and libraries, ENA offers a one-to-many paging function. This feature provides the ability for customers to set up 25 zones per site, so you have the flexibility to set up zones for different wings of your building, or break it down by role (i.e. 3rd grade teachers), whatever configurations meet your needs.
 - ▶ **One-to-One Paging/Intercom:** The Polycom VVX phones offer the ability to initiate a page directly to another phone. This feature is useful for front office staff to communicate directly into a specific classroom. The phone on the receiving end of the page, does not need to "answer" the phone, the microphone is automatically opened when they receive a page, so they can respond, hands-free.
 - ▶ **SIP Paging Speakers:** ENA has partnered with Algo to provide a true, SIP-endpoint pager speaker that can be added and installed in areas where a telephone may not be appropriate or loud enough but quality coverage for announcements and security is required. The Algo 8180 SIP Audio Alerter will "listen" to the Polycom One-to-Many and One-to-One paging options to provide ease of adding paging coverage.

In addition, ENA will offer further phone replacement and maintenance service beyond manufacturer's warranty for 25% of the original cost of the phone for a period not to exceed five years from the original purchase date of the phone. This additional service is subject to certain standard terms and conditions that will be approved by District prior to order.

1. Pricing is for managed Internet access service (WAN and Egress) at specified speeds including all required ENA equipment and all installation costs.
2. There are currently no governmental fees applicable to the broadband services requested. However, if such fees become applicable in the future, governmental fees (to the extent the customer is not exempt from such fees) including state, local, and federal taxes, fees, USF, E911 taxes/fees, and similar are in addition to the above rates. These fees will be charged at the applicable rates set by governmental entities and are subject to change over the life of the service contract.
3. ENA broadband services are subject to ENA's acceptable use policy.
4. ENA will notify the customer once the carrier installs the circuit, and ENA is ready to turn up service. ENA will work with the customer to determine a mutually agreed upon date to turn up service. In the event of customer delays in turning up service, ENA reserves the right to start billing the customer for the service two weeks after ENA's notification that service is ready to be turned up.

Brightbytes Pricing Notes:

BrightBytes uses a tiered pricing model based on functionality, implementation, number of students impacted, and services requested as well as contract length. This pricing structure allows customers the flexibility to make the purchase that best fits their needs at the time of purchase and years down the road. While BrightBytes does not provide services on a per-student site-license, services are based on ADE (average daily enrollment) of the purchasing organization. Discounts are levied based upon scale of the organization. **The table above outlines examples of BrightBytes' pricing for different organization sizes and volume pricing discounts for each product.** BrightBytes' pricing increases 5% annually. This document is current January 2016 pricing.

Similar to module pricing, module add-ons and tools have a base fee and volume discounts apply.

BrightBytes module pricing includes base services rather than base services being a separate cost. In addition to the embedded support and services that will be provided to all BrightBytes' customers, there is the option to purchase Premium Services for \$8,500 annually or to have a BrightBytes Professional Development Leader provide premium on-site professional development. Professional development services are priced at \$4,500 for a 6-hour, 1 day onsite session, including travel expenses.

BrightBytes agrees to offer all future product introductions and add-ons at prices that are proportionate to pricing as outlined in this document.

4. Warranty or Extended Warranty Costs

Address any warranty and/or extended warranty costs for all proposed goods and services.

ENA acknowledges and will comply. Equipment used by ENA in its delivery of our managed Internet access service, with firewall and content filtering, and voice service (excluding handsets) is the property of ENA and will be maintained by ENA at ENA's cost during the life of the service contract. No warranty is required since ENA retains ownership and full maintenance.

For ENA's SmartVoice VoIP service (managed VoIP pricing section), ENA offers its phone handsets for sale in addition to the VoIP service. These handsets come with the manufacturer's one year warranty.

5. Lifecycle Costs

Include any additional lifecycle costs.

ENA acknowledges and will comply. All lifecycle costs are included in ENA's **Attachment E Price Proposal Page** for the services requested.

6. Cost Overrun Risks

Identify potential cost overrun risks associated with the execution of this contract and how your firm proposes mitigating those risks.

ENA is not aware of any potential cost overrun risks associated with this contract. ENA has been providing services of the type requested by this RFP for 20 years and is currently providing fiber services to almost every site on the MNPS Consortium site list. ENA is not aware of any site on the site list where high speed broadband is not available consistent with ENA's response to this RFP. ENA has been successful working with school districts in Tennessee to initially install service and to upgrade service as needed by the districts. ENA is proposing to continue to provide those similar services to any consortium participant we are currently serving and we are prepared to install new services where required and scale existing services to higher levels as requested.

7. Shipping Charges

All prices provided in response to this RFP are to be inclusive of all shipping charges (FOB dock).

ENA acknowledges and will comply. Prices in ENA's response to this RFP will be inclusive of all shipping costs (FOB dock).

8. Federal, State, and Local Taxes

All prices submitted must be free of all federal, state and local taxes unless otherwise imposed by a government body and applicable to the materials on this RFP.

All prices submitted are free from all federal, state and local taxes other than as noted in our Price Proposal for taxes and fees (specifically USF and related fees on voice services that are imposed by a governmental body and specifically applicable to the services delivered in this RFP). Only taxes and fees that do not exempt TN K-12 schools from payment will be billed. ENA will monitor taxes and fees for changes in government policies and will adjust any taxes and fees billed to MNPS Consortium members consistent with the guidance of the applicable taxing authority.

CONSUMER DISCLOSURE

From time to time, Metro Nashville Public Schools (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through your DocuSign, Inc. (DocuSign) Express user account. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to these terms and conditions, please confirm your agreement by clicking the 'I agree' button at the bottom of this document.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. For such copies, as long as you are an authorized user of the DocuSign system you will have the ability to download and print any documents we send to you through your DocuSign user account for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. To indicate to us that you are changing your mind, you must withdraw your consent using the DocuSign 'Withdraw Consent' form on the signing page of your DocuSign account. This will indicate to us that you have withdrawn your consent to receive required notices and disclosures electronically from us and you will no longer be able to use your DocuSign Express user account to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through your DocuSign user account all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

Department: Technology

Presented by: Trey Duke

Board Agenda Category:

Requires City Council Approval: Yes No

Summary

In accordance with E-Rate requirements, a mini-bid was completed for switches, UPS and racks for Black Fox, Bradley, Discovery, Hobgood, Overall Creek, Cason Lane Academy, John Pittard, Northfield and Salem . Switches in a network connect multiple devices enabling them to exchange data packets. As a network's needs increase, switches must be updated. The switches at these locations are those most in need. UPS are battery backup to allow for short term power outages. The TN Education Broadband Consortium (TEBC) requires the State Master Contract (SMC) order form be completed following the awarding of a mini-bid contract. The SMC in your packet requires your approval prior to the filing of the Form 471 to request funding from Universal Service Administrative Company (USAC) Schools and Libraries Division.

Staff Recommendation

Approval of the state master contracts with Central Technologies to replace racks and UPS's and with CDWG to replace switches.

Fiscal Impact

Erate provides 80% funding for these services. The balance will be paid for as budgeted through GP Funds.

Connection to MCS's Five-Year Strategic Plan

- Known:** Every student will be *known* through whole-child programs and support.
- Safe:** Every student will be *safe* through equitable access to buildings, facilities, and infrastructure that meets their needs.
- Challenged:** Every student will be *challenged* by learning from highly effective educators and employees.
- Empowered:** Every student will be *empowered* through academic success
