Attorney General, *Ex Officio* Bond Commissioner of
the State of Oklahoma

SECTION 3. That each of said Bonds shall be signed by the manual or facsimile signature of the President of the Board of Education, have the corporate seal of said School District affixed thereto in manual or facsimile form, and be attested by the manual or facsimile signature of the Clerk of the Board of Education; that said officers are hereby authorized and directed to cause said Bonds to be prepared and to execute the same for and on behalf of said Board; have the same registered by the Treasurer of said School District, endorsed by the District Attorneys and County Clerks and presented to the Attorney General, *Ex Officio* Bond Commissioner, together with a certified transcript of all proceedings had in connection with their issuance, for his approval and endorsement; that thereafter said Bonds shall be delivered to the purchasers, upon payment of the purchase price thereof, which shall not be less than par and accrued interest. The proceeds derived from the sale of said Bonds shall be placed in a special fund and used solely for the purpose of providing funds for the purposes set out in the Bond in Section 2 hereof. The School District certifies and covenants that none of the proceeds of the Bonds described herein will be used to pay interest on any lease, lease-purchase contract, lease purchase installments or other obligations, nor will Bond proceeds be used in violation of applicable provisions of the Oklahoma Constitution and laws.

SECTION 4. Whenever any registered Bond or Bonds shall be exchanged for another registered Bond or Bonds of different denomination, the Registrar/Paying Agent shall cancel the Bond or Bonds surrendered in such exchange on the face thereof and on the Registration Record. If the supply of registered Bonds for making exchanges shall have been exhausted, the Registrar/Paying Agent shall cause additional registered Bonds to be prepared, at the expense of the School District. The School District covenants that upon

The Registrar/Paying Agent will keep the Registration Record open for registrations during its business hours. In the event of a change of Registrar/Paying Agent, notice thereof shall be mailed, registered or certified United States Mail, postage prepaid, to the Registered Holder of each registered Bond. The name and address of the Registered Holder as the same appears on the Registration Record shall be conclusive evidence to all persons and for all purposes whatsoever and no person other than the Registered Holder shown on the Registration Record shall be entitled to any right or benefit in relation to the Bond so registered; provided, that the foregoing shall not apply to any successor by operation of law of such Registered Holder. Registered Bonds shall be transferable only upon delivery of such Bonds to the Registrar/Paying Agent, duly endorsed or accompanied by a written instrument of transfer in form satisfactory to the Registrar/Paying Agent, executed by the Registered Holder thereof or his attorney duly authorized in writing, and such transfer registered on the Registration Record. If the Form of Assignment on such Bonds is exhausted, such Registered Bonds delivered to the Registrar/Paying Agent for registration of transfer shall be cancelled by the Registrar/Paying Agent on the face thereof and the Registrar/Paying Agent shall authenticate and deliver to the transferee Bonds in the aggregate principal amount equal to the unpaid principal of the surrendered Bonds in new registered Bonds, in denominations of \$1,000.00 or any integral multiple thereof except one Bond may be in an amount so as to complete the issue. The Registrar/Paying Agent shall not be obligated to make such transfer after the fifteenth (15th) day of the calendar month preceding any interest payment date until after said latter date.

SECTION 6. Rule 15c2-12 In connection with the offering and sale of the Bonds, there has been prepared a Preliminary Official Statement, dated October 8, 2025, setting forth information concerning the Bonds and the Issuer (the "Preliminary Official Statement"). As used herein, "Permitted Omissions" shall mean the offering prices, interest rates, selling compensation, aggregate principal amount, principal amounts per maturity, delivery date, sinking fund installments, ratings and other terms of the Bonds depending on such matters, all with respect to the bonds. The Preliminary Official Statement is deemed final as of its date within the meaning of the Rule as of this date except for Permitted Omissions.

SECTION 7. The School District hereby covenants and agrees that it will, not later than ten months following the end of the fiscal year (as of the date of this Resolution, June 30 is the end of the fiscal year), or later as such information becomes publicly available, and each fiscal year thereafter, submit to the Municipal Securities Rulemaking Board's Electronic Municipal Market Access (EMMA) system financial and operating information for the School District. The School District hereby covenants and agrees that it will also provide notice of events specified in paragraph (b)(5)(i)(C) of Rule 15c2-12 promulgated by the Securities and Exchange Commission within 10 business days of the occurrence of the applicable event. The specific nature of the financial information and operating data to be provided and the events for which notice must be provided is described in the Continuing Disclosure Certificate.

SECTION 8. There is hereby created and established a system of registration for uncertificated registered public obligations with respect to the Bonds as provided in the Registered Public Obligations Act of Oklahoma, Title 62 Oklahoma Statutes, Section 582(13)(b), whereby books shall be maintained on behalf of the School District by The Depository Trust Company, New York, New York, for the purpose of registration of transfer of the uncertificated registered public obligations with respect to the Bonds which specify the persons entitled to the Bonds and the rights evidenced thereby shall be registered upon such books, and the President and Clerk (or in their absence or incapacity, the Vice President and Deputy Clerk, respectively) are hereby authorized and directed to execute such documents and instruments as may be required to implement the foregoing system of registration.

SECTION 9. That beginning in the year 2026-27, a continuing annual tax sufficient to pay the interest on said Bonds when due and for the purpose of providing a sinking fund with which to pay the principal of said Bonds when due shall be and is hereby ordered levied upon all taxable property of said School District, in addition to all other taxes, said sinking fund to be designated "General Obligation Building Bonds of 2025 Sinking Fund". Said tax shall be and is hereby ordered certified, levied and extended upon the tax rolls and collected by the same officers in the same manner and at the same time as the taxes for general purposes in each of said years are certified, levied, extended and collected; that all funds derived from said tax shall be placed in said sinking fund, which, together with all interest collected on same, shall be irrevocably pledged to the payment of the interest on and principal of said Bonds when and as the same fall due.

1. E911 Services FOR IMPORTANT INFORMATION ABOUT COX'S 911 PRACTICES, PLEASE REVIEW THE INFORMATION ABOUT E911 SERVICE IN THE GENERAL TERMS AND ON THE WEBSITE http://ww2.cox.com/business/voice/regulatory_cox.

2. Service Start Date and Term The "Initial Term" shall begin upon installation of Service and shall continue for the applicable Term commitment set forth above in the Service Terms. However, if Customer delays installation or is not ready to receive Services on the agreed-upon installation date, Cox may begin billing for Services on the date Services would have been installed. Cox shall use reasonable efforts to make the Services available by the requested service date. Cox shall not be liable for damages for delays in meeting service dates due to install delays or reasons beyond Cox's control. If Customer delays installation for more than ninety (90) days after Customer's execution of this Agreement, Cox reserves the right to terminate this Agreement by providing written notice to Customer and Customer shall be liable for Cox's reasonable costs incurred. AFTER THE INITIAL TERM, THIS AGREEMENT SHALL AUTOMATICALLY RENEW FOR ONE (1) YEAR TERMS (EACH AN "EXTENDED TERM") UNLESS A PARTY GIVES THE OTHER PARTY WRITTEN TERMINATION NOTICE AT LEAST THIRTY (30) DAYS PRIOR TO THE EXPIRATION OF THE INITIAL TERM OR THEN CURRENT EXTENDED TERM. "Term" shall mean the Initial Term and Extended Term (s), if any. Cox reserves the right to increase rates for all Services by no more than ten percent (10%) during any Extended Term by providing Customer with at least sixty (60) days written notice of such rate increase. This limitation on rate increases shall not apply to video Services or Services for which rates, terms and conditions are governed by a Cox tariff or SG. Upon notice to Customer, Cox may change the rates for video Services periodically during the Term. Cox may change the rates for telephone Service subject to a Cox tariff or SG periodically during the Term. For the avoidance of doubt, promotional rates and promotional discounts provided to Customer will expire at the end of the Initial Term or earlier as set forth in the promotion language. Customer's payment for Service after notice of a rate increase will be deemed to be Customer's acceptance of the new rate.

3. Termination Customer may terminate any Service before the end of the Term selected by Customer above in the Service Terms upon at least thirty (30) days written notice to Cox; provided, however, if Customer terminates any such Service before the end of the Term (except for breach by Cox), unless otherwise expressly stated in the General Terms, Customer will be obligated to pay Cox a termination fee equal to the nonrecurring charges (if unpaid) and One Hundred Percent (100%) of the monthly recurring charges for the terminated Service(s) multiplied by the number of months, including partial months, remaining in the Term. Cox may terminate this Agreement without liability at any time prior to installation of Services if Cox determines that Customer's location is not reasonably serviceable or there is signal interference with any Cox Service(s) according to Cox's standard practices. If Customer terminates or decreases any Service that is part of a bundle offering, the remaining Service(s) shall be subject to price increases for the remaining Term. If Customer terminates this Agreement prior to installation of Service by Cox, Customer shall be liable for Cox's costs incurred. This provision survives termination of the Agreement.

4. Payment Customer shall pay Cox all monthly recurring charges ("MRCs") and all non-recurring charges ("NRCs"), if any, by the due date on the invoice. Any amount not received by the due date shown on the applicable invoice will be subject to interest or a late charge no greater than the maximum rate allowed by law. If Cox terminates this Agreement due to Customer's breach, or if Customer fails to pay any amounts when due and fails to cure such non-payment upon receipt of written notice of non-payment from Cox, Customer will be deemed to have terminated this Agreement and will be obligated to pay the termination fee described above. If applicable to the Service, Customer shall pay sales, use, gross receipts, and excise taxes, access fees and all other fees, universal service fund assessments, 911 fees, franchise fees, bypass or other local, State and Federal taxes or charges, and deposits, imposed on the use of the Services. NEITHER COX NOR ANY COX RELATED PARTY WILL BE LIABLE FOR DAMAGE TO PROPERTY OR FOR PHYSICAL INJURY TO ANY PERSON ARISING FROM THE INSTALLATION OR REMOVAL OF EQUIPMENT UNLESS CAUSED BY THE NEGLIGENCE OF COX. UNDER NO CIRCUMSTANCES WILL COX OR ANY COX RELATED PARTY BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES, INCLUDING LOST PROFITS, ARISING FROM THIS AGREEMENT OR PROVISION OF THE SERVICES.

8. WARRANTIES EXCEPT AS PROVIDED IN THIS AGREEMENT, THERE ARE NO OTHER AGREEMENTS, WARRANTIES OR REPRESENTATIONS, EXPRESS OR IMPLIED, EITHER IN FACT OR BY OPERATION OF LAW, STATUTORY OR OTHERWISE, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, RELATING TO THE SERVICES. SERVICES PROVIDED ARE A BEST EFFORTS SERVICE AND COX DOES NOT WARRANT THAT THE SERVICES, EQUIPMENT OR SOFTWARE SHALL BE ERROR-FREE OR WITHOUT INTERRUPTION. COX DOES NOT GUARANTEE THAT SERVICE CAN BE PROVISIONED TO CUSTOMER'S LOCATION, OR THAT INSTALLATION OF SERVICE WILL OCCUR IN A SPECIFIED TIMEFRAME. COX DOES NOT WARRANT THAT ANY SERVICE OR EQUIPMENT WILL MEET CUSTOMER'S NEEDS, PERFORM AT A PARTICULAR SPEED, BANDWIDTH OR THROUGHPUT RATE, OR WILL BE UNINTERRUPTED, ERROR-FREE, SECURE, OR FREE OF VIRUSES, WORMS, DISABLING CODE OR THE LIKE. 1. E911 Services FOR IMPORTANT INFORMATION ABOUT COX'S 911 PRACTICES, PLEASE REVIEW THE INFORMATION ABOUT E911 SERVICE IN THE GENERAL TERMS AND ON THE WEBSITE <http://ww2.cox.com/business/voice/regulatory.cox>.

2. Service Start Date and Term The "Initial Term" shall begin upon installation of Service and shall continue for the applicable Term commitment set forth above in the Service Terms. However, if Customer delays installation or is not ready to receive Services on the agreed-upon installation date, Cox may begin billing for Services on the date Services would have been installed. Cox shall use reasonable efforts to make the Services available by the requested service date. Cox shall not be liable for damages for delays in meeting service dates due to install delays or reasons beyond Cox's control. If Customer delays installation for more than ninety (90) days after Customer's execution of this Agreement, Cox reserves the right to terminate this Agreement by providing written notice to Customer and Customer shall be liable for Cox's reasonable costs incurred. AFTER THE INITIAL TERM, THIS AGREEMENT SHALL AUTOMATICALLY RENEW FOR ONE (1) YEAR TERMS (EACH AN "EXTENDED TERM") UNLESS A PARTY GIVES THE OTHER PARTY WRITTEN TERMINATION NOTICE AT LEAST THIRTY (30) DAYS PRIOR TO THE EXPIRATION OF THE INITIAL TERM OR THEN CURRENT EXTENDED TERM. "Term" shall mean the Initial Term and Extended Term (s), if any. Cox reserves the right to increase rates for all Services by no more than ten percent (10%) during any Extended Term by providing Customer with at least sixty (60) days written notice of such rate increase. This limitation on rate increases shall not apply to video Services or Services for which rates, terms and conditions are governed by a Cox tariff or SG. Upon notice to Customer, Cox may change the rates for video Services periodically during the Term. Cox may change the rates for telephone Service subject to a Cox tariff or SG periodically during the Term. For the avoidance of doubt, promotional rates and promotional discounts provided to Customer will expire at the end of the Initial Term or earlier as set forth in the promotion language. Customer's payment for Service after notice of a rate increase will be deemed to be Customer's acceptance of the new rate.

3. Termination Customer may terminate any Service before the end of the Term selected by Customer above in the Service Terms upon at least thirty (30) days written notice to Cox; provided, however, if Customer terminates any such Service before the end of the Term (except for breach by Cox), unless otherwise expressly stated in the General Terms, Customer will be obligated to pay Cox a termination fee equal to the nonrecurring charges (if unpaid) and One Hundred Percent (100%) of the monthly recurring charges for the terminated Service(s) multiplied by the number of months, including partial months, remaining in the Term. Cox may terminate this Agreement without liability at any time prior to installation of Services if Cox determines that Customer's location is not reasonably serviceable or there is signal interference with any Cox Service(s) according to Cox's standard practices. If Customer terminates or decreases any Service that is part of a bundle offering, the remaining Service(s) shall be subject to price increases for the remaining Term. If Customer terminates this Agreement prior to installation of Service by Cox, Customer shall be liable for Cox's costs incurred. This provision survives termination of the Agreement.

4. Payment Customer shall pay Cox all monthly recurring charges ("MRCs") and all non-recurring charges ("NRCs"), if any, by the due date on the invoice. Any amount not received by the due date shown on the applicable invoice will be subject to interest or a late charge no greater than the maximum rate allowed by law. If Cox terminates this Agreement due to Customer's breach, or if Customer fails to pay any amounts when due and fails to cure such non-payment upon receipt of written notice of non-payment from Cox, Customer will be deemed to have terminated this Agreement and will be obligated to pay the termination fee described above. If applicable to the Service, Customer shall pay sales, use, gross receipts, and excise taxes, access fees and all other fees, universal service fund assessments, 911 fees, franchise fees, bypass or other local, State and Federal taxes or charges, and deposits, imposed on the use of the Services. Taxes will be separately stated on Customer's invoice. No interest will be paid on deposits unless required by law.

5. Service and Installation Cox shall provide Customer with the Services identified above in the Service Terms and may also provide

related facilities and equipment, the ownership of which shall be retained by Cox (the "Cox Equipment"), or for certain Services, Customer, may purchase equipment from Cox ("Customer Purchased Equipment"). Customer is responsible for damage to any Cox Equipment. If Cox Equipment is not returned to Cox after termination or disconnection of Services, Customer shall be liable for the Cox Equipment costs. Customer may use the Services for any lawful purpose, provided that such purpose: (i) does not interfere or impair the Cox network or Cox Equipment; (ii) complies with the AUP; and (iii) is in accordance with the terms and conditions of this Agreement. Customer shall use the Cox Equipment only for the purpose of receiving the Services. Customer shall use Customer Purchased Equipment in accordance with the terms of this Agreement and any related equipment purchase agreement. Unless provided otherwise herein, Cox shall use commercially reasonable efforts to maintain the Services in accordance with applicable performance standards. Cox network management needs may require Cox to modify upstream and downstream speeds. Use of the Services shall be subject to the AUP at <http://ww2.cox.com/aboutus/policies/business-policies.cox>, which is incorporated herein by reference. Cox may change the AUP from time to time during the Term. Customer's continued use of the Services following an AUP amendment shall constitute acceptance of the revised AUP.

6. General Terms The General Terms are hereby incorporated into this Agreement by reference. BY EXECUTING THIS AGREEMENT AND/OR USING OR PAYING FOR THE SERVICES, CUSTOMER ACKNOWLEDGES THAT IT HAS READ, UNDERSTOOD, AND AGREED TO BE BOUND BY THE GENERAL TERMS.

7. LIMITATION OF LIABILITY IN ADDITION TO ANY OTHER LIMITATIONS ON LIABILITY CONTAINED IN THE AGREEMENT, NEITHER COX NOR ANY COX RELATED PARTY SHALL BE LIABLE FOR DAMAGES FOR FAILURE TO FURNISH OR INTERRUPTION OF ANY SERVICES, OR FOR ANY LOSS OF DATA OR STORED CONTENT, IDENTITY THEFT, OR FOR ANY PROBLEM WITH THE SERVICES OR EQUIPMENT OF ANY THIRD PARTY, NOR SHALL COX NOR ANY COX RELATED PARTY BE RESPONSIBLE FOR FAILURE OR ERRORS OF ANY COX SERVICE, COX EQUIPMENT, SIGNAL TRANSMISSION, LICENSED SOFTWARE, LOST DATA, FILES OR SOFTWARE DAMAGE REGARDLESS OF THE CAUSE. NEITHER COX NOR ANY COX RELATED PARTY WILL BE LIABLE FOR DAMAGE TO PROPERTY OR FOR PHYSICAL INJURY TO ANY PERSON ARISING FROM THE INSTALLATION OR REMOVAL OF EQUIPMENT UNLESS CAUSED BY THE NEGLIGENCE OF COX. UNDER NO CIRCUMSTANCES WILL COX OR ANY COX RELATED PARTY BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES, INCLUDING LOST PROFITS, ARISING FROM THIS AGREEMENT OR PROVISION OF THE SERVICES.

8. WARRANTIES EXCEPT AS PROVIDED IN THIS AGREEMENT, THERE ARE NO OTHER AGREEMENTS, WARRANTIES OR REPRESENTATIONS, EXPRESS OR IMPLIED, EITHER IN FACT OR BY OPERATION OF LAW, STATUTORY OR OTHERWISE, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, RELATING TO THE SERVICES. SERVICES PROVIDED ARE A BEST EFFORTS SERVICE AND COX DOES NOT WARRANT THAT THE SERVICES, EQUIPMENT OR SOFTWARE SHALL BE ERROR-FREE OR WITHOUT INTERRUPTION. COX DOES NOT GUARANTEE THAT SERVICE CAN BE PROVISIONED TO CUSTOMER'S LOCATION, OR THAT INSTALLATION OF SERVICE WILL OCCUR IN A SPECIFIED TIMEFRAME. COX DOES NOT WARRANT THAT ANY SERVICE OR EQUIPMENT WILL MEET CUSTOMER'S NEEDS, PERFORM AT A PARTICULAR SPEED, BANDWIDTH OR THROUGHPUT RATE, OR WILL BE UNINTERRUPTED, ERROR-FREE, SECURE, OR FREE OF VIRUSES, WORMS, DISABLING CODE OR THE LIKE. INTERNET AND WIFI SPEEDS WILL VARY. COX MAKES NO WARRANTY AS TO TRANSMISSION OR UPSTREAM OR DOWNSTREAM SPEEDS OF THE NETWORK.

9. Public Performance If Customer engages in a public performance of any copyrighted material contained in any of the Services, Customer, and not Cox, shall be responsible for obtaining any public performance licenses at Customer's expense. The Video Service that Cox provides under this Agreement does not include a public performance license.

Exhibit C

Cox Ethernet WAN (E-WAN) Private Line Transport Service Service Level Agreement

1. **Scope.** This Service Level Agreement (“SLA”) is incorporated into the Commercial Services Agreement or Master Services Agreement (“Agreement”) by and between Cox and Customer, each as defined in the Agreement. The performance standards and service levels set forth in this SLA are Cox’s objectives with respect to the Cox Ethernet WAN (E-WAN) Private Line Transport Services (“E-WAN Services”) provided to the Customer.

2. **E-WAN Network Availability.** Cox’s objective is to make the E-WAN Services available for Customer’s use at least (i) Ninety-Nine and Ninety-Nine One-Hundredths Percent (99.99%) of the time with respect to the on-net portion of the circuit and (ii) Ninety-Nine and Nine-Tenths Percent (99.9%) of the time with respect to the portion of Services or circuits obtained by Cox from third party carriers, commonly known as “Type II” Service, (collectively and individually, (i) and (ii) shall be referred to as “E-WAN Network Availability”). The E-WAN Network Availability is calculated by dividing the number of minutes that the E-WAN Services are available for Customer’s use by the total number of minutes in a given calendar month and multiplying by one hundred (100). Unavailability of the E-WAN Services due to the reasons or causes set forth in Section 9 of this SLA shall not be included in determining whether Cox has met the E-WAN Network Availability objective. For example, if the E-WAN Services experience an outage for one (1) day due to a Force Majeure event, and otherwise experience no other outage or E-WAN Service Interruption during the applicable month, Cox will be deemed to have met the E-WAN Network Availability performance standard and no Service Credit(s) (as defined below) will be provided.

3. **E-WAN Service Interruption.** An “E-WAN Service Interruption” is a loss of signal to the Customer that results in a total disruption of E-WAN Service beyond the E-WAN Network Availability level. Any E-WAN Service Interruption, outage, degradation of E-WAN Service or a failure to meet any objective stated in this SLA is not a default or breach under the Agreement, but may entitle Customer to a Service Credit (as defined below) for a qualifying E-WAN Service Interruption. An E-WAN Service Interruption period begins when Customer makes a Trouble Report (as defined below) to Cox’s Network Operations Center (“NOC”) under the methods and procedures set forth in Section 7 of this SLA and ends when Cox restores the E-WAN Services to Customer.

4. **Service Response and Repair.** In the event Cox receives a Trouble Report (defined below) from Customer, Cox will initiate action to clear the trouble within thirty (30) minutes. If the Trouble Report is the result of an electronic

component failure, the estimated restoration time is four (4) hours. If the Trouble Report is the result of a cable or fiber failure or any other issue, the estimated restoration time is eight (8) hours.

5. **Service Credits.** The following are each types of “Service Credits” which may be available to Customer as described below and subject to all limitations in the SLA, including Section 9.

(a) **E-WAN Service Interruption Service Credit.** The available Service Credit for an E-WAN Service Interruption is identified in the table below as a percentage of the monthly recurring charge (“MRC”) for the portion of the affected E-WAN Services experiencing a qualifying E-WAN Service Interruption. Service Credits are not cumulative (e.g. if a qualifying E-WAN Service Interruption lasted 20 hours, Customer will receive a credit equal to 20% of the MRC for the portion of the E-WAN Services experiencing an E-WAN Service Interruption, but Customer does not also receive a separate Service Credit for the “≥ 30 min. to < 4 hours”, “≥ 4 hours to < 8 hours” and “≥ 8 hours to < 16 hours” timeframes identified in the table below.) The amount of the Service Credit shall be as follows:

<i>E-WAN Services Interruption Length</i>	<i>Credit of the MRC for the portion of the E-WAN Services experiencing an E-WAN Service Interruption</i>
≥ 30 min. to < 4 hours	5% of applicable MRC
≥ 4 hours to < 8 hours	10% of applicable MRC
≥ 8 hours to < 16 hours	15% of applicable MRC
≥ 16 hours to < 24 hours	20% of applicable MRC
≥ 24 hours	25% of applicable MRC

(b) **Network Latency Service Credit.** Network Latency, as it relates to E-WAN Services, is defined by Cox as the round-trip delay for a packet to travel between two Regional Data Centers (“RDCs”) on the Cox IP backbone, averaged on a monthly basis across all RDCs and IP peering locations on the Cox IP backbone network (“Network Latency”). The average monthly round-trip delay is measured in milliseconds. The Cox Network Latency Service Level for E-WAN Service is Fifty (50) milliseconds or less. Network Latency due to the reasons or causes set forth in Section 9 of this SLA shall not be included in determining whether Cox has met the applicable performance standard for Network Latency. Network performance statistics and methodology related to the Cox Network Latency Service Level for E-WAN Service are posted at the following location:

<https://www.cox.com/business/networking/svnpn.html>.

If the Cox Network Latency Service Level for E-WAN Service is greater than Fifty (50) milliseconds in a calendar month, the available Service Credit equals Ten Percent (10%) of the MRC for the affected E-WAN Services for any Network Latency in a calendar month.

(c) **Data Delivery Service Credit.** Data Delivery Rate, as it relates to E-WAN Services, is defined by Cox as the percentage of packets delivered during a transmission between two RDCs on the Cox IP backbone, averaged on a monthly basis across all RDCs and IP peering locations on the Cox IP backbone network ("Date Delivery Rate"). The average monthly packet delivery is measured in percentage of packets delivered per One Hundred (100) and shall be Ninety-Nine and Nine-Tenths Percent (99.9%) or greater, averaged on a monthly basis. Non-delivery of packets due to the reasons or causes set forth in Section 9 of this SLA shall not be included in determining whether Cox has met the applicable performance standard for Data Delivery Rate.

Network performance statistics and methodology related to the Cox Network Data Delivery Rate for E-WAN Services are posted at the following location:

<https://www.cox.com/business/networking/svnpn.html>.

If the Data Delivery Rate for E-WAN Services in a calendar month is less than Ninety-Nine and Nine-Tenths Percent (99.9%), the available Service Credit equals Ten Percent (10%) of the MRC for the portion of the affected E-WAN Services for any Data Delivery Rate issues in a calendar month.

6. **Chronic Outage.** If three (3) or more separate times during a thirty (30) consecutive day period, the E-WAN Services experience an E-WAN Service Interruption for a period greater than eight (8) consecutive hours, ("Chronic Outage"), subject to Section 9 below, Customer may terminate the affected circuit(s) without charge or payment of any termination charges otherwise provided in the Agreement; provided Customer complies with the notification process described in this Section 6. Within thirty (30) days of the occurrence of the third Chronic Outage, Customer shall notify Cox in writing of its election to terminate the circuit(s) and the circuit(s) shall be terminated upon Cox's receipt of such notice. If Customer fails to notify Cox within thirty (30) days of the third Chronic Outage, of its intent to terminate the circuit(s), then Customer shall be deemed to have waived its right to terminate the circuit(s) under this Section 6 until the occurrence of a subsequent Chronic Outage, if any. Upon termination under this Section 6, neither party shall have any further rights, obligations, or liabilities to the other party with respect to such terminated affected circuit(s), except those accrued through the termination date, and that expressly survive termination of this Agreement.

7. **Customer Responsibilities/Trouble Reports.**

Cox shall maintain a twenty-four (24) hour, seven (7) day a week point-of-contact for Customer to report E-WAN Service troubles, including E-WAN Services Interruptions, Network Latency and Data Delivery Rate issues. Customer shall call Trouble Reports to the telephone number provided by Customer's local market sales representative. A "Trouble Report" means any report made by Customer relating to the E-WAN Services or the equipment provided by Cox.

Cox will investigate the Trouble Report and assign a trouble ticket number. To qualify for any Service Credit(s), Customer must request, in writing, a Service Credit within thirty (30) calendar days of a qualifying Trouble Report. Cox will be the only party to determine (in its sole discretion) whether Cox has not met any of the SLA terms specified herein and whether a Service Credit is to be issued. Customer shall cooperate with Cox at all times in testing, determining and verifying that a qualifying E-WAN Service Interruption, Network Latency, and/or Data Delivery Rate issue has occurred.

8. **E-WAN Service Installation Delays.**

(a) **E-WAN Service Installation and Availability.**

Cox will make commercially reasonable efforts to install, provision and make the E-WAN Services available for Customer's use within ten (10) business days of the installation date if explicitly defined in the Agreement, if any ("Estimated Install Date"). E-WAN Services shall be deemed as available upon Cox's installation of the equipment and facilities necessary to provide Customer the E-WAN Services.

(b) **Installation Delay Credit.** Cox shall provide Customer with an Installation Delay Credit if the E-WAN Services are not available for Customer's use within ten (10) business days of the Estimated Install Date. In this event, Cox will provide an "Installation Delay Credit" of One Hundred Percent (100%) off the standard nonrecurring charge ("NRC") paid by Customer for the portion of the E-WAN Service that was unavailable. This Installation Delay Credit shall apply only to Cox standard NRCs and shall not apply to construction or other non-standard charges billed to Customer that are associated with providing E-WAN Services to Customer.

(c) **Exceptions to Installation Delay Credits.**

Installation Delay Credits shall not be provided for installation delays (i) caused by or requested by Customer, its employees, agents or subcontractors; (ii) due to inability or difficulties of Cox to access Customer's premises; (iii) due to the public utility company restricting Cox's access to necessary conduits or wiring in Customer's building or property; (iv) due to any delays in obtaining any necessary permits, licenses, pole attachment agreements, rights of way, or other access or property rights; (v) due to any causes addressed in Section 9; or (vi) due to Force Majeure events.

9. **Exceptions to Credit Allowance.**

(a) **Exceptions:** Credit Allowances shall not be provided for any E-WAN Services Interruptions or failure to meet the E-WAN Service Availability, Data Restoration Rate or Network Latency objectives, estimated restoration time, Estimated Install Date or any other term specified in this SLA: (i) caused by Customer, its employees, agents or subcontractors; (ii) due to failure of power or other equipment provided by Customer or the public utility company supplying power to Cox or Customer; (iii) during any period in which Cox is not allowed access to the premises of Customer to access Cox equipment; (iv) due to scheduled maintenance and repair; (v) caused by or due to violations of the Cox Acceptable Use Policy or any misconduct or accident of the Customer; (vi) caused by a loss of service or failure of the Customer's internal wiring or other Customer equipment; (vii) due to Customer's failure to release the E-WAN Service for testing and/or repair to Cox; or (viii) due to Force Majeure events. For purposes of this SLA, Force Majeure shall mean (i) third party cable cuts, acts of God, fire, flood, or other natural disaster; (ii) laws, orders, rules, regulations, directions, or actions of governmental authorities having jurisdiction over the E-WAN Services; (iii) any civil or military action including national emergencies, riots, war, civil insurrections or terrorist attacks; (iv) taking by condemnation or eminent domain of a party's facilities or equipment; (v) strikes or labor disputes; (vi) fuel or energy shortages; (vii) delays in obtaining permits or other approvals from governmental authorities for construction or E-WAN Services provisioning; or (viii) any other causes beyond the reasonable control of Cox. In addition, Service Credits shall not apply (a) if Customer is entitled to any other available credits, compensation or remedies under the Agreement for the same E-WAN Service Interruption, deficiency, degradation, delay, or issue (b) for E-WAN Service Interruptions, deficiencies, degradations, delays, or issues not reported by Customer to Cox within a reasonable period of time, not to exceed thirty (30) days from when it started, (c) where Customer reports a E-WAN Service Interruption, Network Latency and/or Data Delivery Rate issue, but Cox does not find any such issue, (d) to any Service locations served via a third party (i.e. Type-II site),

or (e) to any service not provided under the Agreement even if the service is provided by a Cox affiliate or subsidiary. For any E-WAN Service locations served via a third party, Cox may pass through any E-WAN Service credits it receives from the third party associated with any E-WAN Service Interruption not to exceed the Service Credit amount.

(b) **Limitations.** With respect to all Service Credits under this SLA, no Service Credits shall be issued if: (i) Customer is in breach of its Agreement with Cox; (ii) Customer has a past due balance with Cox under the Agreement; or (iii) Customer is otherwise not in good financial standing with Cox. In addition, in any calendar month, Customer's combined credits for Network Latency and Data Delivery Rate shall not exceed ten percent (10%) of the MRC for the affected E-WAN Services. Furthermore, in any calendar month, Customer's combined credits for Network Latency, Data Delivery Rate, Service Interruptions and Installation Delay Credits will be no more than one (1) full MRC for the affected E-WAN Service. The calculation of credits under this SLA are exclusive of any applicable taxes, fees, or surcharges charged to the Customer or collected by Cox. All claims for Service Credits must be initiated by the Customer and are subject to review and verification by Cox. Cox reserves the right to change or modify the SLA program rules and regulations at any time without notice. For the avoidance of doubt, Cox and Customer agree that Customer's sole and exclusive remedy for any E-WAN Service Interruptions, installation delays, missed Data Delivery Rate, missed Network Latency, missed repair objectives, service degradations, or any other outages or issues related to the E-WAN Services provided under the Agreement shall be strictly limited to the Service Credits or the Installation Delay Credit, as applicable, as set forth in this SLA.

1.61 Wellness Policy Sept 2025 edit

Purpose

Owasso Public Schools (hereto referred to as the District) is committed to the optimal development of every student. The District believes that for students to have the opportunity to achieve personal, academic, developmental and social success, we need to create positive, safe and health-promoting learning environments at every level, in every setting, throughout the school year.

This policy outlines the District's approach to ensuring environments and opportunities for all students to practice healthy eating and physical activity behaviors throughout the school day while minimizing commercial distractions. Specifically, this policy establishes goals and procedures to ensure that:

- Students in the District have access to healthy foods throughout the school day – both through reimbursable school meals and other foods available throughout the school campus– in accordance with federal and state nutrition standards;
- Students receive quality nutrition education that helps them develop lifelong healthy eating behaviors;
- Students have opportunities to be physically active before, during and after school;
- Schools engage in nutrition and physical activity promotion and other activities that promote student wellness;
- School staff are encouraged and supported to practice healthy nutrition and physical activity behaviors in and out of school;
- The community is engaged in supporting the work of the District in creating continuity between school and other settings for students and staff to practice lifelong healthy habits; and
- The District establishes and maintains an infrastructure for management, oversight, implementation, communication about and monitoring of the policy and its established goals and objectives.

This policy applies to all students, staff and schools in the District. Specific measurable goals and outcomes are identified within each section below.

I. School Wellness Committee

Committee Role and Membership

The District will convene a representative district wellness committee (hereto referred to as the DWC or work within an existing school health committee) that meets at least two times per year meeting once per semester to establish goals for and oversee school health and safety policies and programs, including development, implementation and periodic review and update of this district-level wellness policy (heretofore referred to as “wellness policy”).

The DWC membership will represent all school levels (elementary and secondary schools) and include (to the extent possible), but not be limited to: parents and caregivers; students; representatives of the school nutrition program (e.g., school nutrition director); physical education teachers; health education teachers; school health professionals (e.g., health education teachers, school health services staff [e.g., nurses, physicians, dentists, health educators, and other allied health personnel who provide school health services], and mental health and social services staff [e.g., school counselors, psychologists, social workers, or psychiatrists]; school administrators (e.g., superintendent, principal, vice principal), school board members; health professionals (e.g., dietitians, doctors, nurses, dentists); and the general public. When possible, membership will also include Supplemental Nutrition Assistance Program Education coordinators (SNAP-EDEDSNAP-Ed). To the extent possible, the DWC will include representatives from each school building and reflect the diversity of the community.

If you would like to be involved with the Wellness committee please email Ram.Meals@Owassops.org. Our Child Nutrition team will help connect you with your established building committee as well as provide details on the publicly accessible District Wellness Committee. Community participation is important in helping us promote the health and wellness of our students and community.

Each school within the District will establish an ongoing School Wellness Committee (SWC) that convenes to review school-level issues, in coordination with the DWC.]

Leadership

The Superintendent or designee(s) will convene the DWC and facilitate the development of and updates to the wellness policy, and will ensure each school's compliance with the policy.

The designated official for oversight is the Assistant Superintendent of Teaching and Learning.

The name(s), title(s), and contact information (email address is sufficient) of this/these individual(s) is (are):

Name	Title / Relationship to the School or District	Email address	Role on Committee
Bryce Wood	Child Nutrition Specialist	bryce.wood@owassops.org	Meeting Coordinator Contributor
Haley Schlepp	Nurse	Haley.schlepp@owassops.org	Contributor

Rickey Peaker	Secondary PE	rickey.peaker@owassops.org	Contributor
Kristen Knowles	Elementary PE	kristen.knowles@owassops.org	Contributor

Each school will designate a school wellness policy coordinator, who will ensure compliance with the policy. Refer to Owassops.org for a list of school-level wellness policy coordinators.

II. Wellness Policy Implementation, Monitoring, Accountability and Community Engagement

Implementation Plan

The District will develop and maintain a plan for implementation to manage and coordinate the execution of this wellness policy. The plan delineates roles, responsibilities, actions and timelines specific to each school; and includes information about who will be responsible to make what change, by how much, where and when; as well as specific goals and objectives for nutrition standards for all foods and beverages available on the school campus, food and beverage marketing, nutrition promotion and education, physical activity, physical education and other school-based activities that promote student wellness. It is recommended that the school use the [Healthy Schools Program online tools](#) to complete a school-level assessment based on the Centers for Disease Control and Prevention’s School Health Index, create an action plan that fosters implementation and generate an annual progress report.

This wellness policy and the progress reports can be found at: owassops.org

Recordkeeping

- The District will retain records to document compliance with the requirements of the wellness policy at **the** Child Nutrition Office. Documentation maintained in this location will include but will not be limited to:
 - The written wellness policy;
 - Documentation demonstrating that the policy has been made available to the public;
 - Documentation of efforts to review and update the Local Schools Wellness Policy; including an indication of who is involved in the update and methods the district uses to make stakeholders aware of their ability to participate on the DWC;
 - Documentation to demonstrate compliance with the annual public notification requirements;
 - The most recent assessment on the implementation of the local school wellness policy;
 - Documentation demonstrating the most recent assessment on the implementation of the Local School Wellness Policy has been made available to the public.

Annual Notification of Policy

The District will actively inform families and the public each year of basic information about this policy, including its content, any updates to the policy and implementation status. The District will make this information available via the district website and/or district-wide communications. The District will provide as much information as possible about the school nutrition environment. This will include a summary of the District's and/or school events or activities related to wellness policy implementation. Annually, the District will also publicize the name and contact information of the District Leaders leading and coordinating committee, as well as information on how the public can get involved with the school wellness committee.

Triennial Progress Assessments

At least once every three years, the District will evaluate compliance with the wellness policy to assess the implementation of the policy and include:

- The extent to which schools under the jurisdiction of the District are in compliance with the wellness policy;
- The extent to which the District's wellness policy compares to the Alliance for a Healthier Generation's model wellness policy; and
- A description of the progress made in attaining the goals of the District's wellness policy.

The position/person responsible for managing the triennial assessment and contact information is Director of Child Nutrition.

The DWC, in collaboration with individual schools, will monitor schools' compliance with this wellness policy.

The District will actively notify households/families of the availability of the triennial progress report.

Revisions and Updating the Policy

The DWC will update or modify the wellness policy based on the results of the annual School Health Index and triennial assessments and/or as District priorities change; community needs change; wellness goals are met; new health science, information, and technology emerges; and new Federal or state guidance or standards are issued. The wellness policy will be assessed and updated as indicated at least every three years, following the triennial assessment.

Community Involvement, Outreach and Communications

The District is committed to being responsive to community input, which begins with awareness of the wellness policy. The District will actively communicate ways in which representatives of DWC and others can participate in the development, implementation and periodic review and update of the wellness policy through a variety of means appropriate for that district. The District will also inform parents of the improvements that have been made to school meals and compliance with school meal standards, availability of child nutrition programs and how to apply, and a description of and compliance with Smart Snacks in School nutrition standards. The District will use

electronic mechanisms, such as email or displaying notices on the district's website, as well as non-electronic mechanisms, such as newsletters, presentations to parents, or sending information home to parents, to ensure that all families are actively notified of the content of, implementation of, and updates to the wellness policy, as well as how to get involved and support the policy. The District will ensure that communications are culturally and linguistically appropriate to the community, and accomplished through means similar to other ways that the district and individual schools are communicating important school information with parents.

The District will actively notify the public about the content of or any updates to the wellness policy annually, at a minimum. The District will also use these mechanisms to inform the community about the availability of the annual and triennial reports.

III. Nutrition

School Meals

Our school district is committed to serving healthy meals to children, high in fiber, with plenty of fruits, vegetables, whole grains, and fat-free and low-fat milk; that are low in sodium, sugar and saturated fat, and have zero grams' *trans*-fat per serving (nutrition label or manufacturer's specification); and to meet the nutrition needs of school children within their calorie requirements. The school meal programs aim to improve the diet and health of school children, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs.

All schools within the District participate in USDA child nutrition programs, including the National School Lunch Program (NSLP) and the School Breakfast Program (SBP). The District also operates additional nutrition-related programs and activities including Healthy High School Challenge and Future **Chefs**. All schools within the District are committed to offering school meals through the NSLP and SBP programs, and other applicable Federal child nutrition programs, that:

- Are accessible to all students;

- Are served in clean and pleasant and supervised settings.
- Meet or exceed current nutrition requirements and portion sizes established by local, state, and Federal statutes and regulations. (The District offers reimbursable school meals that meet USDA nutrition standards.)
- Students are encouraged to start the day with a healthy breakfast. Breakfast is available to all students at every site daily.
- Daily fruit options are displayed in a location in the line of sight and reach of students.
- A reimbursable meal can be created in any service area available to students (e.g., salad bars, snack rooms, etc.).

- Menus will be created and all meals reviewed by a Registered Dietitian or other certified nutrition professional.
- School meals are administered by a team of child nutrition professionals.
- The District child nutrition program will accommodate students with special dietary needs.
- Students are served lunch at a reasonable and appropriate time of day.
- Applications for reimbursable meal programs to families will be available on the district website at the start of the school year and throughout the year. Families will also receive applications through electronic methods as well as US Mail. The district will distribute materials to inform families of the availability and location of free Summer Food Service Program meals for students when school is not in session.
- The District will promote activities to involve students and parents in the lunch program.
- The District will allow students at least 10 minutes to eat breakfast and 20 minutes to eat lunch from the time they are seated and/or provide sufficient lunch periods that are long enough to give all students (K-12) adequate time to be served and eat their lunches.
- Promote healthy food and beverage choices using at least ten of the following marketing and merchandising techniques:
 - Whole fruit options are displayed in attractive bowls or baskets (instead of chafing dishes or hotel pans) at the secondary level.
 - Sliced or cut fruit is available daily.
 - All available vegetable options have been given creative or descriptive names.
 - Daily vegetable options are bundled into all grab-and-go meals available to students.

- All staff members, especially those serving, have been trained to politely prompt students to select and consume the daily vegetable options with their meal.
- White milk served in accordance with USDA regulations.
- Alternative entrée options (e.g., salad bar, yogurt parfaits, etc.) are highlighted on posters or signs within all service and dining areas.
- Student surveys and taste-testing opportunities are used to inform menu development, dining space decor, and promotional ideas.
- Daily announcements are used to promote and market menu options.
- Students will be allowed at least 10 minutes to eat breakfast and at least 20 minutes to eat lunch, counting from the time they have received their meal and are seated.
- Lunch will follow the recess period to better support learning and healthy eating when possible.
- Participation in Federal child nutrition programs will be promoted among students and families to help ensure that families know what programs are available in their children's school.
- Materials will be distributed to inform families of the availability and location of free Summer Food Service Program meals for students when school is not in session.
- The District will also offer breakfast using alternate meal service options such as Breakfast in the Classroom, Second Chance Breakfast, Breakfast at the Bell, and/or Grab and Go Breakfast carts in the hallway as applicable to each site.

Staff Qualifications and Professional Development

All school nutrition program directors, managers and staff will meet or exceed hiring and annual continuing education/training requirements in the *USDA professional standards for child nutrition professionals*. These school nutrition personnel will refer to USDA's Professional Standards for School Nutrition Standards website to search for training that meets their learning needs.

Water

To promote hydration, free, safe, unflavored drinking water will be available to all students without restriction throughout the school day* and throughout every school

campus* (“school campus” and “school day” are defined in the glossary). The District will make drinking water available where school meals are served during mealtimes.

- Water cups/jugs will be available in the cafeteria if a drinking fountain is not present.
- All water sources and containers will be maintained on a regular basis to ensure good hygiene and health safety standards. Such sources and containers may include drinking fountains, water jugs, hydration stations, water jets and other methods for delivering drinking water.
- Students will be allowed to bring and carry (approved) water bottles filled with only water with them throughout the day.
- Bottle fillers available at every site.

Competitive Foods and Beverages

The District is committed to ensuring that all foods and beverages available to students on the school campus* during the school day* support healthy eating. The foods and beverages sold and served outside of the school meal programs (e.g., “competitive” foods and beverages) will meet the USDA Smart Snacks in School nutrition standards, at a minimum. Smart Snacks aim to improve student health and well-being, increase consumption of healthful foods during the school day and create an environment that reinforces the development of healthy eating habits. A summary of the standards and information, as well as a Guide to Smart Snacks in Schools are available at: <http://www.fns.usda.gov/school-meals/tools-schools-smart-snacks>. The Alliance for a Healthier Generation provides a set of tools to assist with implementation of Smart Snacks available at <http://www.healthiergeneration.org/>.

To support healthy food choices and improve student health and well-being, all foods and beverages outside the reimbursable school meal programs that are *sold* to students on the school campus during the school day and ideally, the extended school day, will meet or exceed the USDA Smart Snacks nutrition standards. These standards will apply in all locations and through all services where foods and beverages are sold, which may include, but are not limited to, à la carte options in cafeterias, vending machines, school stores and snack or food carts. Only fundraisers that feature non-food items or foods and beverages that meet Smart Snack standards will be permitted.

In accordance with Oklahoma State Department of Education guidelines Owasso Public Schools allows up to 30 exempt fundraisers per semester/per site for the sale of non-Smart Snack compliant foods such as (but not limited to) bake sales, Blue & Gold sausage, and cookie dough.

Celebrations and Rewards

All foods *offered* on the school campus will meet or exceed the USDA Smart Snacks in School nutrition standards including **through**:

1. Celebrations and parties. During the year there will be only two school-wide parties, Winter Holiday and Valentine's Day. Any refreshments brought to school for these parties must be store-bought. Parents may not bring birthday treats for the class. The district will provide a list of healthy party ideas to parents and teachers, including non-food celebration ideas. Healthy party ideas are available from the Alliance for a Healthier Generation and from the USDA.
2. Classroom snacks brought by parents. The District will provide to parents a list of foods and beverages that meet Smart Snacks nutrition standards.
3. Rewards and incentives. The District will provide teachers and other relevant school staff a list of alternative ways to reward children. Food and beverages will not be used as a reward, or withheld as punishment for any reason, such as for performance or behavior.

Fundraising

Foods and beverages that meet or exceed the USDA Smart Snacks in Schools nutrition standards may be sold through fundraisers on the school campus* during the school day*. The District will make available to parents and teachers a list of healthy fundraising ideas [*examples from the Alliance for a Healthier Generation and the USDA*].

Nutrition Promotion

Nutrition promotion and education positively influence lifelong eating behaviors by using evidence-based techniques and nutrition messages, and by creating food environments that encourage healthy nutrition choices and encourage participation in school meal programs. Students and staff will receive consistent nutrition messages throughout schools, classrooms, gymnasiums, and cafeterias. Nutrition promotion also includes marketing and advertising nutritious foods and beverages to students and is most effective when implemented consistently through a comprehensive and multi-channel approach by school staff, teachers, parents, students and the community.

The District will promote healthy food and beverage choices for all students throughout the school campus, as well as encourage participation in school meal programs. This promotion will occur through at least:

- Implementing at least ten or more evidence-based healthy food promotion techniques through the school meal programs using marketing and merchandising techniques; and
- Ensuring 100% of foods and beverages promoted to students meet the USDA Smart Snacks in School nutrition standards. Additional promotion techniques that the District and individual schools may use are available at <http://www.healthiergeneration.org/>.
- The District will promote healthy nutrition choices through exhibiting posters, signs, or other displays on the school campus.

Nutrition Education

The District will teach, model, encourage and support healthy eating by all students. Schools will provide nutrition education and engage in nutrition promotion that:

- Is designed to provide students with the knowledge and skills necessary to promote and protect their health;
- Is part of not only health education classes, but also integrated into other classroom instruction through subjects such as math, science, language arts, social sciences and elective subjects;
- Includes enjoyable, developmentally-appropriate, culturally-relevant and participatory activities, such as cooking demonstrations or lessons, promotions, taste-testing, farm visits and school gardens;

- Promotes fruits, vegetables, whole-grain products, low-fat and fat-free dairy products and healthy food preparation methods;

- Links with school meal programs, cafeteria nutrition promotion activities, school gardens, Farm to School programs, other school foods and nutrition-related community services;
- Teaches media literacy with an emphasis on food and beverage marketing; and includes nutrition education training for teachers and other staff.

Essential Healthy Eating Topics in Health Education

Food and Beverage Marketing in Schools

The District is committed to providing a school environment that ensures opportunities for all students to practice healthy eating and physical activity behaviors throughout the school day while minimizing commercial distractions. The District strives to teach students how to make informed choices about nutrition, health and physical activity. These efforts will be weakened if students are subjected to advertising on District property that contains messages inconsistent with the health information the District is imparting through nutrition education and health promotion efforts. It is the intent of the District to protect and promote student's health by permitting advertising and marketing for only those foods and beverages that are permitted to be sold on the school campus, consistent with the District's wellness policy.

Any foods and beverages marketed or promoted to students on the school campus* during the school day* will meet or exceed the USDA Smart Snacks in School nutrition standards, such that only those foods that comply with or exceed those nutrition standards are permitted to be marketed or promoted to students.

Food and beverage marketing is defined as advertising and other promotions in schools. Food and beverage marketing often includes an oral, written, or graphic statements made for promoting the sale of a food or beverage product made by the producer, manufacturer, seller or any other entity with a commercial interest in the product.[1] This term includes, but is not limited to the following:

- Brand names, trademarks, logos or tags, except when placed on a physically present food or beverage product or its container.
- Displays, such as on vending machine exteriors
- Corporate brand, logo, name or trademark on school equipment, such as marquees, message boards, scoreboards or backboards (Note: immediate replacement of these items are not required; however, districts will replace or update scoreboards or other durable equipment when existing contracts are up for renewal or to the extent that is in financially possible over time so that items are in compliance with the marketing policy.)
- Corporate brand, logo, name or trademark on cups used for beverage dispensing, menu boards, coolers, trash cans and other food service equipment; as well as on posters, book covers, pupil assignment books or school supplies displayed, distributed, offered or sold by the District.
- Advertisements in school publications or school mailings.
- Free product samples, taste tests or coupons of a product, or free samples displaying advertising of a product.

As the District/school nutrition services/Athletics Department/PTA/PTO reviews existing contracts and considers new contracts, equipment and product purchasing (and replacement) decisions should reflect the applicable marketing guidelines established by the District wellness policy.

IV. Physical Activity

Children and adolescents should participate in at least 60 minutes of physical activity every day. A substantial percentage of students' physical activity can be provided through a comprehensive school physical activity program (CSPAP). A CSPAP reflects strong coordination and synergy across all of the components: quality physical education as the foundation; physical activity before, during and after school; staff involvement and family and community engagement; and the district is committed to providing these opportunities. Schools will ensure that these varied physical activity opportunities are in addition to, and not as a substitute for, physical education (addressed in "Physical Education" subsection). All schools in the district will be encouraged to successfully address all CSPAP areas.

Physical activity during the school day (including but not limited to recess, classroom physical activity breaks or physical education) will not be withheld as punishment for

any reason (“*This does not include participation on sports teams that have specific academic requirements*). Teachers and other school personnel will not use physical activity (e.g., running laps, push-ups) as punishment. The district will provide teachers and other school staff with a list of ideas for alternative ways to discipline students.

To the extent practicable, the District will ensure that its grounds and facilities are safe and that equipment is available to students to be active. The District will conduct necessary inspections and repairs.

Physical Education

The District will provide students with physical education, using an age-appropriate, sequential physical education curriculum consistent with national and state standards for physical education. The physical education curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts (discussed in the “*Essential Physical Activity Topics in Health Education*” subsection). The curriculum will support the essential components of physical education.

All students will be provided an equal opportunity to participate in physical education classes. The District will make appropriate accommodations to allow for equitable participation for all students and will adapt physical education classes and equipment as necessary.

All District elementary students in each grade will receive physical education in combination with recess for an average of 120 minutes per week throughout the school year.

All District secondary students (middle and high school, grades 6-12) are strongly encouraged to take the equivalent of one academic year of physical education.

The District physical education program will promote student physical fitness through individualized fitness and activity assessments and will use criterion-based reporting for each student.

- Students will engage in moderate to vigorous activity for more than 50% of class time in physical education class.
- During physical education classes, students will be given the opportunity to participate in many types of physical activity, including both cooperative and competitive games.
- When possible physical education classes will have a student/teacher ratio comparable to core subject classroom size
- All physical education classes in the district are taught by licensed teachers.

Essential Physical Activity Topics in Health Education

Health education will be required in all grades (elementary) and the district will require middle and high school students to take and pass at least one health education course. The District will include in the health education curriculum a minimum of 12 the following essential topics on physical activity:

- The physical, psychological, or social benefits of physical activity
- How physical activity can contribute to a healthy weight
- How physical activity can contribute to the academic learning process
- How an inactive lifestyle contributes to chronic disease
- Health-related fitness, that is, cardiovascular endurance, muscular endurance, muscular strength, flexibility, and body composition
- Differences between physical activity, exercise and fitness
- Phases of an exercise session, that is, warm up, workout and cool down
- Overcoming barriers to physical activity
- Decreasing sedentary activities, such as TV watching
- Opportunities for physical activity in the community
- Preventing injury during physical activity
- Weather-related safety, for example, avoiding heat stroke, hypothermia and sunburn while being physically active
- How much physical activity is enough, that is, determining frequency, intensity, time and type of physical activity
- Developing an individualized physical activity and fitness plan
- Monitoring progress toward reaching goals in an individualized physical activity plan
- Dangers of using performance-enhancing drugs, such as steroids

- Social influences on physical activity, including media, family, peers and culture.
- How to find valid information or services related to physical activity and fitness.
- How to influence, support, or advocate for others to engage in physical activity.
- How to resist peer pressure that discourages physical activity.

Recess (Elementary)

All elementary schools will offer at least 20 minutes of recess on all days during the school year (*This policy may be waived on early dismissal or late arrival days*). If recess is offered before lunch, schools will have appropriate hand-washing facilities and/or hand-sanitizing mechanisms located just inside/outside the cafeteria to ensure proper hygiene prior to eating and students are required to use these mechanisms before eating. Hand-washing, as well as time to put away coats/hats/gloves, will be built into the recess transition period/time frame before students enter the cafeteria.

Outdoor recess will be offered when weather is feasible for outdoor play.

In the event that the school or district must conduct indoor recess, teachers and staff will develop and follow the indoor recess guidelines that promote physical activity for students, to the extent practicable.

Recess will complement, not substitute, physical education class. Recess monitors or teachers will encourage students to be active, and will serve as role models by being physically active alongside the students whenever feasible.

In order to increase food consumption, reduce waste and improve classroom attentiveness recess will be held before lunch when possible.

Classroom Physical Activity Breaks (Elementary and Secondary)

The District recognizes that students are more attentive and ready to learn if provided with periodic breaks when they can be physically active or stretch. Thus, students will be offered periodic opportunities to be active or to stretch throughout the day. The District recommends teachers provide to all students short (3-5-minute) physical activity breaks throughout the day to stretch, move around and break up their time spent sitting. These physical activities may take place during and/or between classroom times. These physical activity breaks will complement, not substitute, for physical education class, recess, and class transition periods.

Schools will allow teachers the opportunity to participate in or lead physical activities throughout the school day.

Active Academics

Teachers will incorporate movement and kinesthetic learning approaches into “core” subject instruction when possible (e.g., science, math, language arts, social studies and others) and do their part to limit sedentary behavior during the school day.

The District will support classroom teachers incorporating physical activity and employing kinesthetic learning approaches into core subjects by providing annual professional development opportunities and resources, including information on leading activities, activity options, as well as making available background material on the connections between learning and movement.

Teachers will serve as role models by being physically active alongside the students whenever feasible.

Before and After School Activities

The District offers opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods. The District will encourage students to be physically active before and after school by: FOR Sports, Running Club, Secondary Band and Athletics.

Active Transport

The District will support active transport to and from school, such as walking or biking. The District will encourage this behavior by engaging in *six or more* of the activities below; including but not limited to:

- Promote activities such as International Walk to School Week, National Walk and Bike to School Week.
- Secure storage facilities for bicycles and helmets (e.g., shed, cage, fenced area, bike racks).
- Instruction on walking/bicycling safety provided to students.
- Promote safe routes program to students, staff, and parents via newsletters, websites, local newspaper and encourage parents to supervise groups of children who walk or bike to and from school.
- Use crossing guards.
- Use crosswalks on streets leading to schools.
- District will work with local officials to designate safe or preferred routes to school.

V. Other Activities that Promote Student Wellness

The District will integrate wellness activities across the entire school setting, not just in the cafeteria, other food and beverage venues and physical activity facilities. The District will coordinate and integrate other initiatives related to physical activity, physical education, nutrition and other wellness components so all efforts are complementary, not duplicative, and work towards the same set of goals and objectives promoting student well-being, optimal development and strong educational outcomes.

Schools in the District are encouraged to coordinate content across curricular areas that promote student health, such as teaching nutrition concepts in mathematics, with consultation provided by either the school or the District's curriculum experts.

All efforts related to obtaining federal, state or association recognition for efforts, or grants/funding opportunities for healthy school environments will be coordinated with and complimentary of the wellness policy, including but not limited to ensuring the involvement of the DWC/SWC.

All school-sponsored events will adhere to the wellness policy guidelines. All school-sponsored wellness events will include physical activity and healthy eating opportunities when appropriate.

Community Partnerships

The District will continue relationships with community partners (e.g., hospitals, universities/colleges, local businesses, SNAP-Ed providers and coordinators, etc.) in support of this wellness policy's implementation. Existing and new community partnerships and sponsorships will be evaluated to ensure that they are consistent with the wellness policy and its goals.

Community Health Promotion and Family Engagement

The District will promote to parents/caregivers, families, and the general community the benefits of and approaches for healthy eating and physical activity throughout the school year. Families will be informed and invited to participate in school-sponsored activities and will receive information about health promotion efforts.

As described in the "Community Involvement, Outreach, and Communications" subsection, the District will use electronic mechanisms (e.g., email or displaying notices on the district's website), as well as non-electronic mechanisms, (e.g., newsletters, presentations to parents or sending information home to parents), to ensure that all families are actively notified of opportunities to participate in school-sponsored activities and receive information about health promotion efforts.

Staff Wellness and Health Promotion

The district recognizes that employee health is essential to student health and creating healthy school environments. Accordingly, the district will implement an employee wellness program that promotes healthy eating. The District may partner with community agencies and organizations (e.g. local health departments, hospitals, health insurance companies, and local chapters of national organizations). The district may partner with community agencies and organizations to assist in providing education services and resources for staff.

Professional Learning

When feasible, the District will offer annual professional learning opportunities and resources for staff to increase knowledge and skills about promoting healthy behaviors in the classroom and school (e.g., increasing the use of kinesthetic teaching approaches or incorporating nutrition lessons into math class). Professional learning will help **the** District staff understand the connections between academics and health and the ways in which health and wellness are integrated into ongoing district reform or academic improvement plans/efforts.

Child Nutrition staff will receive training on basic nutrition, nutrition education, safe food preparation, and nutrition standards for healthy meals and snacks. In addition the Child Nutrition staff will organize and participate in educational activities that support healthy eating behaviors and food safety.

5.01 Administration of Medicine to Students

Purpose

The purpose of this policy is to identify when district personnel are authorized to administer medication to students, when students are authorized to self-medicate and how district personnel will maintain, administer, monitor and dispose of student medication.

Definitions

For purposes of this policy, these terms have the following definitions:

"Medicine" or "medications" includes prescription medications and over-the-counter medicines such as but not limited to cough drops, antacid medicated ointments and any other item used to treat an illness, disease or malady. This term shall not include "Sunscreen" as defined below.

"Parent" means a parent, a court appointed guardian or a person having legal custody.

"Physician" means a licensed physician or other health care provider with prescriptive authority. "Sunscreen" means a compound topically applied to prevent sunburn.

Policy

Under Oklahoma law, a school nurse, an administrator or a designated school employee may administer prescription and nonprescription medications and assist in applying sunscreen to students. Medications may be given only with written permission from the parent/guardian, or physician order. The Student's need for non-prescription medications will be assessed by the Registered Nurse, Licensed Practical Nurse, Health Aid or designee who has documented training and given per consulting physician order guidelines.

Except as provided in this policy and in the district's Student Diabetes Care and Management policy, students may not retain possession of or self-administer any medicine. Violation of this rule will be reported to the student's parents/guardians and may result in discipline, including out-of-school suspension.

As further set out below, the district retains the discretion to reject requests for the administration of medication or application of sunscreen and to discontinue the administration of medication or application of sunscreen.

All students in Owasso Public Schools must provide registration information (InfoSnap) each school year. Part of registration includes a "Medication Authorization" permission form, which must be on file for each student in order to administer any medication to the student.

The parent must deliver the student's medicine to the school nurse or designated school employee in its original container with the parent's written authorization for administration of the medicine. Sunscreen for application by a school nurse must be delivered to the school nurse or

designated school employee in its original container with the parent's written authorization for application of sunscreen. The parent's authorization for either administration of medicine or application of sunscreen must identify the student, the medicine or sunscreen, and include or refer to the label for instructions on administration of the medicine. The school nurse, an administrator or a designated employee will administer the medicine to the student or assist the student in applying sunscreen pursuant to the parent's instructions and the directions for use on the label or in the physician's prescription. The parent must complete a new authorization form annually and for each change of medication or sunscreen. The district will maintain the authorization form as a part of the student's health record. Authorization forms will be available in the front office of every school site. A parent who chooses to do so may come to the school and personally dispense medication or apply sunscreen to the student.

The administration of each school will keep a record of the students to whom medicine is administered or sunscreen is applied, the date of administration or application, the person who administered the medicine or applied the sunscreen, and the name or type of medicine or sunscreen administered.

Medications and sunscreen will be stored in a separate locked drawer or cabinet that is readily accessible only to the persons who will administer the medication or apply the sunscreen. Medications requiring refrigeration will be refrigerated in a secure area.

Any person administering medicine or applying sunscreen to a student will participate in training by October 1 of each year conducted by a school nurse or other health care professional. The training will include:

- Review of state statutes and school rules and regulations (including this policy) regarding administration of medication and application of sunscreen by school personnel;
- Procedures for administration, documentation, handling and storage of medication; and
- Medication needs of specific students, desired effects, potential side effects, adverse reactions and other observations.

Only those persons who successfully complete the training are authorized to administer medication or apply sunscreen. Each school site will maintain a current list of those authorized to administer medication and apply sunscreen at that site.

Students who are able to self-administer specific medications, such as inhaled asthma medication or anaphylaxis medication, or use specialized equipment, such as an inhaler or Epinephrine injector, replacement pancreatic enzymes for Cystic Fibrosis; may do so provided such medication and specialized equipment are transported and maintained under the students' control in compliance with the following rules:

- A licensed physician or dentist must provide a written order that the student has a particular medical condition (asthma, anaphylaxis, etc.), is capable of and has been instructed in the proper method of self-administration of medication. It is the parent's

responsibility to contact the physician and have the physician complete and return the required order.

- The parent must provide a written authorization for self-administration of medication.
- Parents who elect self-medication understand and agree that the district, its agents and employees shall incur no liability for any adverse reaction or injury the student suffers as a result of self-administration of medication and/or use of specialized equipment.
- The written authorization will terminate at the end of the school year and must be renewed annually.
- If the parent and physician authorize self-medication, the district is not responsible for safeguarding the students' medications or specialized equipment.
- Students who self-medicate are prohibited from sharing or playing with their medication or special equipment. If a student engages in these activities the parent will be contacted and a conference will be scheduled with the parent, student, nurse and other appropriate persons.
- Students will not be allowed to self-administer:
 - Narcotics;
 - Essential Oils and CBD Oils
 - Prescription painkillers;
 - Medication used to treat ADD/ADHD or other psychological or behavioral disorders; and
 - Other medication hereafter designated in writing by the district.

Except as otherwise provided by an individual student's school health plan, students may self administer non-diabetes and non-anaphylaxis-related injectables only in the school office in the presence of authorized school personnel. Diabetes-related injectables will be administered in accordance with the district's Management of Students with Diabetes policy.

Students who self-medicate are encouraged to wear Medic Alert bracelets or necklaces.

The parent will provide an emergency supply of a student's inhaled asthma medication or anaphylaxis medication to be administered by school personnel, as required by state law.

Students who are able to self-apply sunscreen may do so provided such sunscreen is regulated by the Food and Drug Administration. Students may self-apply sunscreen without the written authorization of a parent, legal guardian or physician. All students are permitted to possess sunscreen that is regulated by the Food and Drug Administration.

Sunscreen

School staff will only assist the student in applying sunscreen with the parent's written authorization and according to label directions or, if applicable, written instructions from the student's physician. The sunscreen must be in the original container indicating:

- Ingredients; and
- Directions for Application.

Nonprescription Medication

School staff will only administer nonprescription medication with the parent's written authorization and according to label directions and/or written instructions from the student's physician. The medication must be in the original container that indicates:

- Student name (affixed to the container);
- Ingredients;
- Expiration date;
- Dosage and frequency;
- Administration route, i.e., oral, drops, etc.; and
- Other directions as appropriate.

School staff will only administer aspirin (acetylsalicylic acid) and products containing salicylic acid with written instructions from the student's physician. The parent must provide and maintain a supply of nonprescription medication for the student.

Prescription Medication

School staff will only administer prescription medication with written authorization and instructions. Prescription medication must be in the original container that indicates:

- Student name;
- Name and strength of medication and expiration date;
- Dosage and directions for administration;
- Name of the licensed physician or dentist;
- Date, name, address and phone number of the pharmacy.

If medication is a sample from the Doctor's office, a physician's note must accompany the sample with all of the information requested in the previous section.

The initial dose of a new medication will NOT be given at school due to possible reaction.

No more than a one-month supply of prescription medication be kept at school.

The transportation of prescription medication to and from school is the responsibility of the parent/guardian.

Vitamins/herbs/homeopathic remedies, essential oils, and CBD products not FDA approved will not be given at school.

The parent must provide and maintain the supply of prescription medication for the student.

The parent must reclaim any remaining medication by the last official day of school closing or within seven days after the prescribing physician discontinues the medication. The school nurse or designated employee will destroy in a non-recoverable fashion in the presence of a witness any medication not timely reclaimed. The person who destroys the medication will record the following information:

- Date of destruction;
- Time of destruction;
- Name and quantity of medication destroyed; and
- Manner of destruction of medication

Any and all controlled substances will be destroyed according to state law.

The school nurse or designated employee will advise the principal or designee if discontinuance of medication to a student is appropriate and assist in informing the parent. Legitimate reasons for discontinuing administration of medication include, but are not limited to the following:

- A legitimate lack of space or facility to adequately store specific medication; • Lack of cooperation by the student, parent and/or prescribing doctor and the district;
- An unexpected and/or adverse medical reaction to the medication at school, i.e., mood change, allergic reaction, etc., considered to be harmful to the health and well-being of the student;
- Any apparent change in the medication's appearance, odor, or other characteristics that raise reasonable doubts about the quality of the medication; and
- The medication expiration date has passed.

Narcotic medication will not be stored or administered at school by school personnel. Custodial parents/guardians of students being treated by a physician with prescription narcotic medication may administer such medication to their child during the school day. Parents/guardians administering the narcotics medication should report to the main office to request their child for administration of the narcotic medication.

Under state law the Board of Education, the School District, or employees of the District shall not be liable to the student or the student's parents or guardian for civil damages for any personal injuries to the student which result from acts of omissions of school employees in administering the narcotic medicine. Also the School district, its agents and employees shall incur no liability for any adverse reaction or injury suffered by the students as a result of the parent's/guardian's administration of narcotic medication during school hours.

District-Wide Emergency Use Stock Inhalers

- Per Senate Bill 381, inhalers and spacer devices may be stocked for use when a student is in need of an inhaler and does not have access to a personal device. Any stock inhalers must be prescribed to the District by a licensed physician. Trained personnel may administer an emergency inhaler when they believe in good faith that a student is having respiratory distress. In the event that a stock inhaler is administered because of respiratory distress, EMS services will be contacted as soon as possible.

District-Wide Administration of Opiate Antagonists (Narcan)

- District medical personnel or other district employees trained in recognizing signs of opiate overdose may administer an opiate antagonist (Narcan) for a student or other individual exhibiting signs of an opiate overdose.

District-Wide Use of Epinephrine Injectors

- Per Senate Bill 381, epinephrine injectors may be stocked for use when a student is in need of an epinephrine injection and does not have access to a personal device. Any stock epinephrine injectors must be prescribed to the District by a licensed physician. Trained personnel may administer an emergency Epinephrine injection when they believe in good faith that a student is having an anaphylactic reaction. In the event that a stock epinephrine injection is administered because of an anaphylactic reaction, 911/EMS services and the student's guardian will be contacted as soon as possible.
- There will be designated and trained personnel at each school site responsible for:
 - Obtaining the Epinephrine injectors at each school site
 - Ensuring appropriate training on the administration of the injectors for designated staff members
 - Distributing and maintaining annual parent/guardian consent forms.
- No Epinephrine injection shall be given if the proper written consent is not on file with the District.

In addition, district employees have an obligation to report suspected abuse, neglect, exploitation or trafficking affecting students to principals or other school officials to ensure the student's safety and welfare while at school or participating in school activities.
