Budgeting Theory Practice

- Grand Island Public Schools follows a modified version of the “Budget Maximization Theory”.
- Unlike the original “Budget Maximization Theory” GIPS seeks to only maximize our budget resources within statutory limits. While limiting our utilization of those resources in our efforts to achieve Every Student, Every Day, A Success.
- A good example of this is Federal Programs budgeted at \$30M but utilizing about half of that amount in reality. This allows for flexibility for when things like COVID-19 come along (ESERS I, II, & III).

General Fund

The General Fund finances all facets of services rendered by the school district. General Fund receipts are classified according to source while its expenditures are classified according to specific functions. The General Fund is maintained by all operating school districts in the state. General Fund expenditures are limited by statute. The tax levy for this fund is restricted. The General Fund cannot be used to purchase buildings or land for the district -- those are functions of the Special Building Fund. The General Fund is a taxing fund and the levy restricted to \$1.05.

DEPRECIATION FUND

A Depreciation Fund may be established by a school district in order to facilitate the eventual purchase of costly capital outlay by reserving such monies from the General Fund. To allocate monies from the General Fund, a school district will show the movement of monies as an expense from the General Fund and the Depreciation Fund will show the revenue as a transfer from the General Fund. The school district may divide this fund into more than one account to allocate a portion of this fund for different valid purposes. The purpose of the Depreciation Fund is to spread replacement costs over a period of years in order to avoid a disproportionate tax effort in a single year to meet such an expense. This fund is restricted by statute as part of the Allowable Reserve limitation. The Depreciation Fund is not specifically provided for in law; therefore, this fund shall be considered a component of the General Fund.

DEPRECIATION FUND (Cont'd)

- There are no changes from FY 22-23 to FY 23-24 for the Depreciation Fund.
- The amount budgeted is above the actual cash available in the bank.
- This is done so we can achieve two things;
 - Utilize all our budgeted Cash Reserve on the LC2.
 - Anticipate a late in the year transfer from the General Fund that could have to be spent in the right circumstances.

EMPLOYEE BENEFIT FUND

An Employee Benefit Fund may be established in order to specifically reserve General Fund money for the benefit of school district employees (unemployment compensation, early retirement, health insurance deductibles, etc.) To allocate monies from the General Fund, a school district will show the movement of monies as an expense from the General Fund, and the Employee Benefit Fund will show the revenue as a transfer from the General Fund. A school district may divide this fund into more than one account to allocate a portion of this fund for different valid purposes. The cash reserve of this fund is restricted by statute as part of the Allowable Reserve limitation. The Employee Benefit Fund is not specifically provided for in law; therefore, this fund shall be considered a component of the General Fund.

- There are no changes from FY 22-23 to FY 23-24 for the Employee Benefit Fund.
- The amount budgeted \$3.5M very closely matches our actual cash available in the bank.
- GIPS Typically uses the fund for any unemployment claims which are normally covered by interest earned so these expenses are not a draw on the General Fund. GIPS is self-funded for unemployment compensation claims.
- Only allowable expenditures include (unemployment compensation, early retirement Incentives, health insurance deductibles, etc.).

CONTINGENCY FUND

A Contingency Fund is authorized by statute (§79-1072) and may be established by a school district to fund uninsured losses and legal fees incurred by the school district for defense against public losses. Expenditures from this fund shall not exceed five percent of the total budgeted General Fund expenditures of the school district. To allocate monies from the General Fund, a school district shall show the movement of monies as an expense from the General Fund, and the Contingency Fund shall show the revenue as a transfer from the General Fund.

CONTINGENCY FUND

- There is a slight increase from FY 22-23 to FY 23-24 for the Contingency Fund.
- The amount budgeted \$1.15M very closely matches our actual cash available in the bank.
- GIPS uses this fund only for uninsured losses and legal fees incurred by the school district for defense against public losses. Which historically, have been minimal.

A vertical decorative strip on the left side of the slide features a stack of books, a red graduation cap with a tassel, a green apple, and a pile of US dollar bills.

ACTIVITIES FUND

The Activities Fund is required to account for the financial operations of quasi-independent student organizations, inter-school athletics, and other self-supporting or partially self-supporting school activities. The inclusion of such accounts in the General Fund would distort the financial position of the basic school operation and would complicate the computation of the net expense incurred in conducting school services. The Activities Fund shall not be used to record general operation revenues or expenditures, nor shall this fund be used as a clearinghouse for the General Fund. The school district may divide this fund into more than one account to allocate a portion of this fund for different purposes. The financial operations of all school-connected activities are a legal responsibility of the board of education.

ACTIVITIES FUND

(Cont'd)

If deficits in such activities are incurred, they shall be covered by funds transferred from the General Fund. Such revenue shall finance only those projects that qualify for approval under policies established by the school district board of education for such activities. Districts offering curriculum to build or construct homes or other structures that may be sold to the public should include those revenues and corresponding costs to the Activities Fund.

SCHOOL NUTRITION FUND

The School Nutrition Fund is required to accommodate the financial activities of all Nutrition Programs operated by the school district. The School Nutrition Fund shall reflect a record of all revenues and expenditures specific to the operation of all Nutrition Programs. If a deficit is incurred in the operation, the deficiency shall be covered by funds from the General Fund. Funds to support the Nutrition Fund will be done as a transfer from the General Fund (see code 8000-912) and those funds are not allowed to be transferred back. **Federal regulations allow for loans to the Nutrition Fund from the General Fund but must be recorded as a Interfund Loan (see code 9005) when funds are initially loaned to the School Nutrition Fund. This loan must be repaid to the General Fund with no interest incurred.**

BOND FUND

The Bond Fund shall be used to record tax receipts, investment interest, and the payment of bond principal, interest, and other related costs (i.e., trustee fees). If the fund balance is not sufficient to meet interest or bond retirement payments from the Bond Fund, the General Fund shall be used for these payments. Revenue from a levy to retire bonds in any school district is retained in a separate fund by the county treasurer, the financial institution serving as a fiscal agent, or the school district. Funds shall be disbursed upon appropriate demand. All records of the transactions in this area shall be maintained in this fund. Proceeds from a bond issue shall be deposited into the Special Building Fund to be expended on the actual building project. The Bond Fund is a taxing fund and is not part of the \$1.05 cap. The tax levy for this fund is restricted for expenditures other than principal and interest on bonds. Proceeds from a bond issue shall be deposited into the Special Building Fund to be expended on the actual building project.

SPECIAL BUILDING FUND

A Special Building Fund shall be established when a school board decides to acquire or improve sites and/or to erect, alter or improve buildings. The sale of bonds, the sale of property, or tax receipts will be the primary sources of revenue for the Special Building Fund. Regardless of the source of money to be used for building construction and related costs, all income for the purposes of this fund shall be accountable through this fund. General Fund expenditures for the purpose of this fund are not allowable. Special Building Fund accounting provides a more effective means of identifying those expenditures associated with construction activities and provides a complete and consolidated record of all costs of the building program at the conclusion of a project(s).

A vertical decorative strip on the left side of the slide features a stack of books, a red graduation cap with a tassel, a green apple, and a pile of US dollar bills.

SPECIAL BUILDING FUND

(CONT'D)

If more than one Special Building Fund project is active at the same time, separate accounts for each project may be established within the single Special Building Fund. Teacherage-related transactions are included in the Special Building Fund. The Special Building Fund is a taxing fund and part of the \$1.05 cap. The tax levy for this fund is restricted to 14¢ with local board approval or 17.5¢ following a vote of the people for a term not to exceed ten years (§79-1098 R.R.S.)

QUALIFIED CAPITAL PURPOSE UNDERTAKING FUND

Qualified Capital Purpose Undertaking Fund (QCPUF) may be established for the removal of environmental hazards, the reduction or elimination of accessibility barriers in school district buildings, the repayment of a qualified zone academy bond issued for a qualified capital purpose, modifications for life safety code violations, life safety hazards, and mold abatement and prevention projects for existing facilities only. General Fund expenditures for the purpose of this fund are not allowable. Qualified Zone Academy Bonds, Qualified School Construction Bonds, and Build America Bonds are included in the Qualified Capital Purpose Undertaking Fund if issued prior to April 19, 2016. The QCPUF Fund is a taxing fund and not part of the \$1.05 cap. Effective April 19, 2016, the tax levy for this fund is restricted to 3¢. The tax levy for QCPUF projects in place prior to April 19, 2016, remains at 5.2¢..

A vertical decorative strip on the left side of the slide features a stack of books, a red graduation cap with a tassel, a green apple, and a pile of US dollar bills.

QUALIFIED CAPITAL PURPOSE UNDERTAKING FUND (Cont'd)

The levy may exceed the 3¢ levy limit if valuation has decreased from the previous year bond(s) were issued, and the bond principal and interest obligation cannot be met. Tax levies for the removal of environmental hazards, the reduction or elimination of accessibility barriers in school district buildings, the repayment of a qualified zone academy bond issued for a qualified capital purpose, modifications for life safety code violations, mold abatement and prevention projects cannot exceed *ten years* for each project. Tax levies for each qualified capital purpose for which the Qualified Zone Academy Bond (QZAB) is issued according to (§79-10,110 R.R.S.) cannot exceed *fifteen years*
