2	Rains ISD: Equal Opportunities for Employment, No Matter Who You Are... Qualified Over Favorites, Dress Code Considerations Should Be Made: Student Facial Hair, Tattoos, and Nose Piercings-- Worry More About Education Rather Than Perception. Be Confident, Independent Decision Makers, Do Not Wait on Another District Before Making Calls-- Student/Staff Safety Should Take Precedence EVERY Time Campus: Needs a One Stop Shop for Communication (Too Many Things Going with Too Many Places to Find Information)	2/13/2023 4:51 PM
3	I believe the communication from top administration is blurred and often secretive. During the "gas issue" maintenance was told they are not allowed to discuss anything with anyone. The number of gas leaks and the information to high school staff was greatly skewed and kept under wraps. The way things are often handle from Top administration seems to be very shady.	2/13/2023 4:18 PM

7	We need another counselor, there is no way that Mrs. Penny can do everything she does. She only gets it all done because she works at home at 3am all the time. She will either burn out or leave us. The CCMR is alot on top of our students who have SEL and mental health problems. Our students need access to a counselor for mental health only.	2/13/2023 3:43 PM
8	*Post positions when they're available to everyone to encourage retention *Many surrounding districts are posting to their school websites that they're accepting applicants at every level, we should do the same. *Dress code is an ongoing battle with no end in sight *Would like to see more board member involvement on a campus basis *At new hire training especially for (one on one aides, inclusion aides, etc.) really drive home the importance of professional boundaries with our students. *Encourage and support existing staff who aspire to complete their degrees/certifications within the district. Share information about programs available.	2/13/2023 3:38 PM

Our instructional coach helps with ideas for these things when I specifically ask for it. However, I would really benefit from someone checking in frequently, modeling, and giving me consistent support and encouragement.	2/8/2023 12:52 PM

50	We need a new schedule so we can plan together. We have a very nice library, but our students need a time to go.	2/6/2023 3:14 PM
51	Listen to teachers when they say they are overwhelmed. It seems that every year more gets piled on and nothing is taken off. Stop listening to "experts" who have not been in the classroom in twenty years. Most just want to sell you something.	2/6/2023 2:30 PM
52	There are many things that we can do better. We need to actively address student discipline on each campus. There needs to be consistent and swift consequences for student misbehavior as well as incentives for students who do a good job following the rules. We need to have high expectations for all students. We aren't doing our students and staff any favors when we overlook poor behavior. We also need to hire only personnel who are certified and qualified for the positions in which they are hired. We need to interview for those positions and hire the most qualified candidates and not hire someone simply because we like/know them. When we do that we could potentially be short-changing our students and staff. We should always strive to provide the very best staff at R.I.S.D. That will provide the very best results.	2/6/2023 12:11 PM
53	Identify the roles and responsibilities of the many resources we have on our campus. Great problem to have!	2/6/2023 12:02 PM
54	Hire more para-staff	2/6/2023 10:23 AM
55	A staff newsletter could be implemented at the district level to help coordinate the communication that does out to all employees. 60	Incentives for reading, better reading curriculum, math curriculum, stop buying computer programs and invest in textbooks for subjects that need them I think it is time to do something different. Constantly being online trying to find a lesson or resource for that week's lesson isn't working. Where are the academic resources? Our scores are low. Why would we continue to do something that isn't working?	2/3/2023 1:05 PM
61	Prioritize time better on getting things accomplished.	2/3/2023 11:53 AM
62	Our campus administrators need better discipline with consequences and consistency.	2/3/2023 11:40 AM
63	Communication about expectations	2/3/2023 11:25 AM
64	I believe that the High School campus as a whole can do a better job of disciplining for dress code. I know this is an on going battle but not addressing small problems can lead to bigger issues. I like the idea of placing students in a holding room away from the general student population, for being out of dress code.	2/3/2023 10:23 AM

65	Hire people who are qualified in all areas, rather than move people around. Too many times I've seen people put in jobs they did not qualify for or have an aptitude for doing that job. It's not what is best for kids. Support teachers when and where they need it. Teachers need to be able to voice where they need help without feeling like we are going to be hit with more professional development or trainings. Many teachers just do not feel heard.	2/3/2023 10:12 AM

76	Handle discipline, listen to the teachers concerns and support them. Change our schedule. I feel like I am on a race to get everything achieved from the minute I walk in the door until the last bell rings. We do not have enough time in the day to make parent telephone calls, grade papers, lesson plans, take a restroom break, or make copies. This schedule is very draining and I feel very stressed.	1/31/2023 1:50 PM
77	Encourage teachers to stay by meeting their needs , allowing paras or other staff members to grow within the district and not immediately hiring from outside sources. Employees have zero incentive to stay at RISD , we know that we're easily replaced and it happens every year . Changes have to be made and not ignored . The numbers of employees we lose every single year shows that . We keep hiring new crappy teachers who do not benefit our students , they're not mentored in being any better . We just deal with it knowing that they won't be here next year . They make \$40,000 a year to do the minimum when staff members barely make \$12 an hour do double the work and are over looked and under appreciated.	1/31/2023 12:28 PM

Not just warnings and then sent back to class. Consequences need to happen. Some kids behavior are unacceptable and nothing is really done about it except do what makes them happy.... Do PLC once a month. We are drowning and not able to really spend time with our planning. Instead. planning is rushed and doesn't always get the attention it should to have the best lessons for our kids and many times we are having to finish plans after school or during our short conference time. That leads to not being able to discuss plans with your team because we have different conferences.	1/30/2023 2:39 PM

during class, and there are frequent intercom announcements asking students by name to go back to class and asking students to return other students' missing Chromebooks that have been taken off of the charging carts. All of these announcements are random and frequent throughout the school day. When there are visitors to the building, it makes it appear as if we have no control. In addition, the high number of occurrences of these announcements inhibits learning.

123	Encourage teachers to stay by meeting their needs , allowing paras or other staff members to grow within the district and not immediately hiring from outside sources. Employees have zero incentive to stay at RISD . we know that we're easily replaced and it happens every year . Changes have to be made and not ignored . The numbers of employees we lose every single year shows that . We keep hiring new crappy teachers who do not benefit our students . they're not mentored in being any better . We just deal with it knowing that they won't be here next year . They make \$40,000 a year to do the minimum when staff members barely make \$12 an hour do double the work and are over looked and under appreciated.	1/30/2023 11:20 AM

Truly give the day off to the staff, coaches will be up there working anyways, but that is just part of their job and career choice. Be sure campus counselors and admin work with staff on the master schedule and students in the classroom. Some problems early on in the year can be avoided with extra eyes on the master schedules.	2/13/2023 3:43 PM

27	WIN time is not working. Currently I have over 20 students in each WIN time. I cannot successfully plan and implement targeted and individualized instruction for this amount of students twice a day on top of regular core class planning. I believe WIN time is designed for small group instruction, and currently students are not able to receive this. Even 10-12 students would be more manageable than 25. I also want to ensure that even though we will have Fridays off, conference time will still be respected. We still will need an adequate amount of time to prep and plan, out of PLC meetings.	2/8/2023 12:52 PM
28	Many teachers and employees are leaving due to pay and needing more support from admin that is needed and required. We don't feel valued and are told the turnover rate is normal for education, it is not . You expect half of our teachers to leave, and instead of trying to find a way to keep them, you ignore their complaints, survey suggestions, and the number of people who don't return. Open the board up to our concerns, I'm sure they are unaware of the issues and concerns everyone has. Have surveys sent out from the board on what needs to be changed when the superintendent's and admin's evaluations come up . Let the ones who are affected by their decision making have a say in how they are doing .	2/8/2023 11:15 AM

for how to address the outcomes of the "big ideas" that come from those surveys. We never hear what the surveys say so we don't know what common issues are and there isn't a clear line of communication from the study to the action plan. Create a year-long tentative plan of events and release that so we can plan our lessons around events and the travel of students to events or testing. Leaders expect a scope and sequence for the year and should have one for the campus. It will be critical for a four-day week to keep all staff of four different campuses on the same page. Staff also need to be released at the same time on staff development days or early release/PLC days. Have agendas for PLC days so we aren't wasting our time. Having children on different campuses makes it difficult to coordinate when they are released and how to get them to me, or when we must wait for another child to be released when each campus is "doing their own thing".

99	23-24 is hard to speak for because we are going to four days a week (which is a mistake) but again Rains ISD really needs more resources and spending more time with the kids that struggle with discipline and academics, instead of teachers and staff counting the days those kids are out of our schools. We are so focused on our athletes and the ones who help us with our "numbers" academically, we forget about the ones who really need our guidance and stability!	1/30/2023 2:23 PM

You can never let your guard down as something can slip through the cracks. Admind and other teachers need to realize how different our jobs are day to day.	1/30/2023 12:51 PM

Evaluation of courses offered at the high school: as we are growing some of our CTE pathways, numbers are dropping in other CTE courses. Are those courses necessary? Should we offer them when they have less than five students in them? Try and keep our core classes at 15-20 students. This will also help close gaps and give our students more one-on-one time with their teachers. We have been better at this, and I would like to see it continue to be a priority.	1/30/2023 12:15 PM

3	OPEN COMMUNICATION, again all the information that went out about the gas leaks was not truthful. Gas leaks had already been found when the first information went out and instead of addressing it head on it was just a gas issue that cost the district \$11,000 and still isn't fixed.	2/13/2023 4:18 PM
4	Do a town hall meeting where there can be candid conversation.	2/13/2023 4:07 PM

7	not real sure. I think we are doing an ok job with community leaders/members able to join in on Rains Academy and different meetings.	2/13/2023 3:43 PM
8	Our community relationship will never improve without some transparency and taking control back of the narrative. When we vaguely remark about what happens on our campuses the community draws a picture in all the grey area we leave. Black and white, concise and honest.....until that happens on a regular basis we are treading water. Transparency is the key.	2/13/2023 3:38 PM

16	Not sure you can do much. This district makes strong efforts to communicate to the parents, community, etc. Too few parents are even involved, and it appears that most community members without school aged children have no interest in supporting Rains ISD.	2/13/2023 1:12 PM
17	That is a very tough question. After the last few VATRE elections, I have noticed many of the older of the community do not have ties or connections to the school. How can we involve them?	2/13/2023 11:26 AM
18	This is difficult. We put things out on Facebook, but maybe other media? Newspaper? Involve/invite parents to events?	2/10/2023 2:46 PM
19	Transparency across the whole district that involves more parents	2/9/2023 2:54 PM

60	We need to invite the community to participate. Mineola ISD has a walking program for its students that allows community members to walk with the students once a month. They walk around the playground and each lap earns them a point. The community members who come can add to their totals. Communicate what is happening at school with the community. There have been times when things have gone on at my child's school and I had no idea and I work here. Elementary needs to accept phone calls after 2 and not tell parents when they can and cannot pick up their children. Also don't only allow parents to eat with their children on Fridays. Some parents are not off on Fridays so some students never get to have their parents eat lunch with them.	2/3/2023 1:05 PM
61	I think we are doing our best. The community has to want to improve the relationship and I don't know if they do.	2/3/2023 11:53 AM
62	More parent involvement in the school. We need to bring back Friday morning meetings, family nights, play day, etc and invite parents to attend.	2/3/2023 11:40 AM
63	I don't know what else could be done. They don't take advantage of the opportunities we already give them.	2/3/2023 11:25 AM
64	I feel that the relationship between the school and the community is a working relationship that leads to more student success. As a coach and someone who has been an athlete throughout my high school years I have been apart of and seen first hand of what it looks like to the a community back a school district. Therefore, I think the community is more likely to be involved with sports first rather than academics. Doing thins like the community to buy season passes to sporting events, more community pep rallies for all sports, things like senior citizens dinners, cook outs before games. These are all ideas and small things that can help to get the community more involved which in return will help build a better relationship between the school and the community.	2/3/2023 10:23 AM

81	I feel that we could benefit from a program for dad involvement, like the D.O.G.S (Dads Of Great Students) program. Sometime those connections are not able to be made at home and having the opportunity for them to be made at school would be a great benefit for our students.	1/31/2023 8:25 AM

A lot of things are negative and it's disheartening because we have the best staff and we love our kids. They need to see more of what actually goes on at school. office and is a good, average kid. They are not a rockstar or trouble maker so they are able to fly under the radar. I have very little idea about what they are actually doing in class because the newsletter each week is written in language even I don't understand (academic language specific to higher level classes). I feel like I have to be the one to initiate any contact to find out how they are doing because the grades are so behind being put in the grade book consistently and this has been a problem for many years. Provide me with information on how my kids are functioning compared to their peers at the beginning, middle, and end of the year, and what I can do to support them. Use some of the Fridays to schedule parent conferences to achieve this. Staff would need training to really understand the data as most "use their gut" to explain how a student is doing and that is not data-driven. This leads to confusion when as a parent I then receive a letter stating they need MTSS and if that doesn't work they will be referred for special education testing. Bring in mentors from the community willing to consistently fill in the gaps with our students that need mentors. We have willing community members that do not know how to get involved. We have representatives that meet with the Superintendent Council but we don't know what the Superintendent wants to know and so I don't send anything for fear it will look like it is just complaining. Share with us the issues and as natural problem-solvers, we can help lessen the burden by brainstorming viable alternatives.

110	Continue to work on the relationship with the community and the schools. Try to keep the community informed on things that goes on at the campuses	1/30/2023 12:27 PM
111	For sure have more planned parent invites. In my precious districts we had "extra" activities (muffins with mom, donuts with dad etc) by grade level and each teacher had to attend. This made it much more personable and allowed more interaction with the family members. We also were required to have two face to face conferences. As of now we only have to make phone conferences and sometimes that doesn't even happen. The more parents are involved the more likely their will be a positive relationship between the parents, teachers, and staff.	1/30/2023 12:22 PM

1	The district pushes data. WHEN will district leaders acknowledge problematic areas and will follow through with a plan, instead of developing a plan to improve all campuses?	2/13/2023 4:51 PM
2	I have truly enjoyed being apart of Rains ISD. while our students struggle greatly with mental health, they are a great group of kids and a little compassion goes a long way with them. The teachers at the high school are absolutely fantastic and I have never been more impressed with a principal and assistant principal in my life. I feel like the community would be more accepting of spending their tax dollars if there was more transparent communication between the superintendent and the community. The shadiness that goes on seems unnecessary and a true hinderance to our school district.	2/13/2023 4:18 PM

4	Please make time for communication. We are given a plethora of information; however, this is only one way. Communication requires a speaker and a listener. Remember the story of the tortoise and the hare. Slow and steady wins the race. The people who have been here for the long haul have value, and theirs might be the voices of wisdom others need to hear.	2/13/2023 4:06 PM
5	Better pay	2/13/2023 3:58 PM
6	Does the TRE run again? We need more days given to teachers. The 5 state days and 2 local days are not enough. I have been at districts that are 5/5. Staff need more local days especially those young ones who are saving their state days for future maternity leave.	2/13/2023 3:43 PM
7	This is my first year as a special education paraprofessional and I am enjoying it very much. Ms. Prinz does a fantastic job on keeping track of the students needs and their class work. anyone knowing the job was even open, don't hire for the same position at other campuses when others in the same position don't make that, include board members in more so they're aware of why everyone is leaving and unhappy, and listen to what everyone is suggesting and make changes accordingly. What we have been doing is not working; we are losing a fantastic principal, past principals, and teachers who have been here for many, many years over issues that could easily be fixed and upper admin being held accountable .

21	When are RISD employees going to be given the same compensation (local days, or benefits) as literally every district in the area? Is it possible to reward staff for continued service and dedication rather than concentrate on keeping dead weight?	2/8/2023 11:11 AM

Many have not gone to school to be teachers and college really doesn't prepare them for the reality of teaching. Defined job titles and better communication between those people. When choosing mentor teachers it should be someone that teaches the same subject and grade level.	2/6/2023 2:30 PM

44	Our students can not read. Cannot write. Cannot tell time. Being left back needs to be reinstated. There is no consequence for students not working. Teachers are forced to pass undeserving students and students know this. Certified teachers are imperative. District of innovation? Where's the innovation? 46	We need better benefits. Since we don't have the pay, we need something else to entice teachers. Paid lunches or at least a discount. I understand paying more for an adult tray, however, there is zero difference between an adult tray and a kids tray at my campus. Match what we put into our retirements. Or at least raise what you do put in. Give teachers 5 local days to use where we don't have to pay for our own substitutes.	1/31/2023 3:48 PM

60	I used to feel I could express myself when I needed help to do the very best job for Rains ISD. I do not at this time. I feel certain that if I do ask for help I will be shamed, shut down, belittled, or told "there is no money" although it feels like we find money when we want to purchase new vehicles or uniforms. The line I have been told and heard others say they have been told often is, "I'll accept your resignation at any time." when they have expressed being overworked/overwhelmed. This doesn't leave anyone feeling as if we are secure in our positions or heard when it is difficult to reach out for help. We are told that our families come first although that is just "lip service" and the job is still expected to happen without support. The individuals that have remained with Rains through thick and thin are not valued for remaining with Rains and now we are in a state of courting and hiring uncertified staff with no	1/30/2023 2:33 PM

experience, and no degree. The odds are they will move on to another school as soon as they obtain the degree they are building on the backs of experienced staff. Value the people that have remained with Rains. They are invested in the community, families, and educating our children. We are losing these individuals at an alarming rate and our district and community are suffering because of it. The community will not trust people they do not have long relationships with.

66	Give a pay rate incentive for subbing lifeskills. I have spoken to many subs about why they choose to not sub in LS and they are saying they don't get enough pay. And that coaching for a sub pays more plus the sub has more class periods off. It is impossible to get subs for life skills. As a 1:1 if I'm not there it is very difficult for anyone to do my job. It is unfair to my student, the other students in the class and the other staff members. Also, reevaluate how lifeskills paras are paid. As stated above it is impossible to be replaced with a sub. Also, more respect for lifeskills paras and teacher. Often times we are pulled to aide in subbing. We are short staffed and pulling someone makes it hard and not safe for everyone involved. 1:1 need to have a longer break during the day to ensure they do not get frustrated, stressed, or upset when something happens. Para burn out is real. When a student (any campus) hits, bites, pulls hair, scratches, screams, basic difficult behavior it takes a mental toll on everyone. The classroom suffers when someone is not there to tap out.	1/30/2023 12:51 PM
67	Consider paved parking in front of the high school—the students have spilled over into the teacher/staff parking lot due to their parking lot being overcrowded. First off I love my job! But mentally and physically being a clinic aid I deserve more money than what we get. I'm super happy we are trying the 4 day work week. But in all what we do and go through at times we are underpaid. I help run the office as well when needed and try to help where needed. We have just been stretched thin the past couple years and it has mentally drained us. Which I know we aren't the only ones.

1	I've been able to reach people in the administration, but any issues I've brought up the response has always been "have you talked to the teacher? And oh you have talked to the teacher, have you talked to the principal?" 1	Half the time my 7th grader's grades aren't entered in and I get daily emails that my kid is failing because of the teacher's inability to do their job and enter grades in timely. Also, I have ABSOLUTELY no idea what he is doing in school. I've asked for a syllabus multiple times and have in fact been told by a teacher they don't know what a syllabus is. How does a supposed college educated individual not know what a syllabus is? They should at least be able to provide me with a list of bullet points of what topic is being taught per 9 weeks. After hitting brick wall after brick wall about the issue, I truly feel like something is being hidden. It's like y'all don't want us knowing what you're teaching.	5/1/2023 7:45 PM

Spring 2023 Rains ISD Parent and Family Survey (Title I)

Q31 What could Rains ISD do to help your child be more successful?

Answered: 98 Skipped: 166

#	RESPONSES	DATE
1	How about actually take action on parent concerns. Stop trying to pass them off on someone else. Make your teachers provide a syllabus or something that can help parents keep track of what their kids are doing. I can't help my kids when I'm kept in the dark about what they're learning. Please take action on this. It's a losing battle year after year trying to understand what's being taught. Why even do the surveys? Please don't let this survey just be another box that's checked so y'all can get your state and federal funds. Give a darn about our kids.	5/1/2023 7:45 PM
2	They could communicate more with me on what my child needs help with and what they are doing well on. I expect to know things about my child's education and behavior. How can we be on the same page if you don't communicate with me? How can students understand that the school and parents work together.... because right now it doesn't feel like they do.	4/20/2023 1:28 PM
3	Reassurance and continued support	4/17/2023 11:58 AM
4	Please get information about fundraisers out sooner than a day or two before needing to be turned in. Get parents more involved with daily work. My child received a paper at beginning of school year that would show this but had never been filled out. Let the students be outside for recess more. A better process for returning library books. my child has come home every year with a letter saying they're being charged for a book and we search and cannot find then the school finds it. Scheduled conferences quarterly. WIN time be more structured to the students needing extra help, open communication with teachers about needing extra help or more options to get the help they need.	4/14/2023 6:55 PM
5	Pay teachers more to keep quality teachers. Keep parents out of school during the school day it's a destruction and a safety issue.	4/13/2023 1:52 PM
6	Hire quality teachers	4/12/2023 7:31 PM
7	Have an educational video or in person class that teaches parents how to use skyward or clever. How parents can come along side their child to help manage their school work. Communication with families on how they can get involved with the school. School/child/parent all come together to make each child successful.	4/12/2023 4:14 PM
8	More technology and WIFI for students	4/12/2023 10:19 AM
9	Rains ISD could focus on in-person instruction a little more. instead of constantly putting them on a device with very little instruction on how to complete assignments. RISD could encourage their teachers/coaches/etc to be a little more compassionate & attentive to the kids needs. Most kids do not feel happy, safe, supported, or secure at this school. RISD could communicate in a more effective way. such as paper sent home.	4/11/2023 7:53 PM
10	We are pleased with Rains Intermediate!	4/11/2023 7:33 PM
11	I feel like the school doesn't care about the kids. I have talked to a lot of kids who feel they are gambling with their education because teachers not wanting to work and the fast track of the four day school week. A lot of parents have the same concerns. It has been voted on even by the staff and that's not where interest lies	4/11/2023 7:02 PM
12	Provide information about learning extension opportunities such as summer camps	4/11/2023 5:30 PM
13	So many things! Start with getting a new superintendent then hire people who have an actual heart for teaching, not just there for an easy work day. Teachers are very unhappy with admin and put it on tax payers to give them raises. This will make things better? No one ever went into a teaching degree thinking they were going to get rich! Also, a students entire year is focused on the dang test in the spring and that is it!!!!!!!!!!!!!!!!!!!!	4/11/2023 5:28 PM
14	Ask EVERY STUDENT their side of what happened before being punished/yelled at. More teachers/aids so that the bullying can actually be stopped. Make learning fun, it doesn't have	4/11/2023 4:31 PM

Spring 2023 Rains ISD Parent and Family Survey (Title I)

	to be book-work. It can be video games, songs, puzzles, etc. I want my kids and their friends to not come home every day begging not to go to school tomorrow.	
15	Have teachers keep the parents more aware of grades students are making. I wasn't aware my child had a lower grade than normal till the very end of the 9 weeks when there wasn't time to help improve the grade or see why they were making that grade.	4/11/2023 4:29 PM
16	My child feels that certain groups of students are given privileges. They get out of class a lot, teachers look the other way for them, etc. and some students take their 'differences' to extremes and they too are given certain privileges, so as not to 'judge their choices'. Just the regular good kids have to toe the line.	4/11/2023 4:12 PM
17	Rains is a great place to be a part of.	4/11/2023 4:06 PM
18	I don't have this problem anymore but I think teacher need to make YouTube videos on lessons to help parents to be able to help their kiddos with homework.	4/11/2023 3:54 PM
19	Teach core subjects and stop worrying about only teaching to pass the Starr test. And actually teach/give work/homework in subjects.	4/11/2023 3:52 PM
20	Try having a teachers that's there.....(Big +). Teachers that know how to teach the subject that they're a teacher in.. there's way too many Rent-A-Teachers that have no idea what they're doing...	4/11/2023 3:49 PM
21	try and keep quality teachers and coaches instead of letting the goods teachers and coaches walk out the door	4/11/2023 3:21 PM
22	There is nothing RISD can do to help. The county and school are not able to fund what is needed to properly advance students. My senior reminds me daily that the teachers are MIA most of the time. Can't afford to fund teachers you get what you pay for. There are some really good teachers just not enough of them. I realize there is no money.	4/11/2023 3:04 PM
23	I think that teacher communication could improve. I know that some teachers go above and beyond while others are not up-to-date on communication practices. For example, classroom Remind, teacher/classroom Facebook groups, or other forms of communication other than simply relying on folders or an occasional email would be nice. I also believe positive contact with parents goes along way, I would like to have positive feedback on my child.	4/11/2023 2:56 PM
24	I believe our High School Students should be more challenged with homework, to better prepare them for college.	4/11/2023 2:50 PM
25	Make sure our children are safe at school. Giving options for extra help when needed and making parents aware of how their child is doing. How to help make improvements when needed.	4/11/2023 2:49 PM
26	Employ certified teachers instead of leaning on the innovation district crutch	4/11/2023 2:28 PM
27	More streamlined process for communication. There is an app for this, an app for that, and then you have to go to 2 other websites to get information. On top of that only certain social media sites post certain things. Half of the phone storage is taken up by different apps that may or may not give all the information needed. Need a more centralized way of communicating because going through all of the different events to find ones that are applicable to my children is difficult.	4/11/2023 2:18 PM
28	Improve the Football program. Athlete departments.	4/11/2023 2:10 PM
29	Work on the bullying situations better	4/11/2023 2:04 PM
30	Pay teachers more so we can keep the good teachers. The ones that want our kids to learn and succeed. My kids have always had and have great teachers but the good ones will leave for more pay. Then our kids will be stuck with the teachers that just want holidays and summers off. If that happens then our children's future to become successful just went down.	4/11/2023 1:56 PM
31	Provide an environment of expectation of learning.	4/11/2023 1:54 PM
32	Students need a more robust technology program that teaches keyboarding skills and digital citizenship. We live in a day in age where students are using technology and the internet without any true knowledge about the power they hold.	4/11/2023 1:54 PM
33	Have tutoring groups or classes for kids that struggle. Have teacher listen and understand that	4/11/2023 1:54 PM

Spring 2023 Rains ISD Parent and Family Survey (Title I)

not all kids learn the same and find alternative ways to teach. My child has struggle with math and had to find tutoring outside of the district for my child to somewhat succeed.

- | | | |
|----|--|-------------------|
| 34 | The curriculum at Rains ISD seems very slow paced and is not challenging for my child. There have been no homework assignments or supplemental / extra credit projects for my child. The teachers have rarely communicated with me about anything happening at school or in the classroom. Our experience with third grade has been a huge disappointment. My son recently moved to a different teaching pod, at my request, and the teachers in his new pod have been great so far. My answers to the survey questions are based on our experience with the previous pod of teachers. | 4/11/2023 1:53 PM |
| 35 | Pay your staff more. | 4/11/2023 1:47 PM |
| 36 | Allow teachers to discipline kids. | 4/11/2023 1:39 PM |
| 37 | More rigor and consequent so they are more apt to succeed in college. | 4/11/2023 1:39 PM |
| 38 | Get a better hold of the bullying and teachers playing favorites. Nothing like your kid going to school and getting bullied by the teacher because she/he doesn't play sports. Or maybe teach the kids real world issues instead of the agenda you want then to know. | 4/11/2023 1:39 PM |
| 39 | Mental health needs for the kids | 4/10/2023 3:09 PM |
| 40 | Be there for ALL students not just the ones you want to be there for. Have teachers that want to teach and aren't there for just a paycheck. | 4/6/2023 11:23 PM |
| 41 | I appreciated the daily math videos posted in google classroom. I know this is a lot of extra work on their part but boy was it a lifesaver. | 4/6/2023 1:49 PM |
| 42 | Get rid of useless _____ that is a waste of the 2 raises she received when she doesn't even live in district!!! | 4/5/2023 10:01 AM |
| 43 | Monitor the girls athletic coach. She's bullied kids, called them names. I feel she her punishing the class as a whole teaches resentment and hostility to those that act up. The ones acting up. IN OTHER CLASSES, should be dealt with one in one. | 4/3/2023 4:29 PM |
| 44 | It is important to have parental involvement, however, the Elementary has actively made it harder for parents to be at the school. They made lunch with parents only on Fridays, restricting if and when a parent can come. It also sets up a day that students think all parents should be at school, and when they cannot, it hurts the child. It doesn't seem like a good choice for the school. Also asking parents to send things to school for parties and the note says parents may not attend... or have a program at school... post the time... and then say parents may not attend.... why? It seemed like they wanted us (parents) to know what was going on, but that they also wanted us to know that they did NOT want us there. | 4/3/2023 8:51 AM |
| 45 | N/A | 4/2/2023 8:01 PM |
| 46 | Better communication than a newsletter about what exactly my students are learning and why. | 4/2/2023 6:07 PM |
| 47 | Hire better teachers who have been teaching longer than a few years and who have actually gotten their degree. Also the VP needs to listen to the kids and investigate the situation instead of jumping to conclusions about certain things, but letting other things go that are just as important. Discipline the teacher(s) when a bunch of parents have complained about them or their behavior towards our children, instead of doing nothing. Hire teachers that want to be there, want to teach, and actually like kids. Stop showing favoritism to certain kids with certain last names. That's not the real world. Offer higher learning classes for the kids that are advanced. | 4/1/2023 11:30 AM |
| 48 | Encourage. _____ or whoever becomes Athletic director will not kick kids out of locker room/athletics for not being football or basketball players. Strength training is important for youth especially when they've been playing athletics their whole life. I was an athlete and I have always encouraged my boys to play everything. Baseball, soccer, basketball, tennis, golf, swimming, track, lifting, wrestling. However, I'm not a fan of my boys playing football. Especially after one of my sons experienced a concussion with ill fitting equipment years ago. But I can tell you it hit them hard and it was a blow to me too when two of my boys were kicked out of athletics this year. No weights at school all the sudden removed from their friend circle. Mental whipping! We equipped our house with weights and such but that doesn't recoup the hurt of pain that was given. I hope this protocol changes. Last I knew it still takes muscles to swing a racquet and the best attitude can be formed when we adapt to changes. | 3/29/2023 9:34 PM |

Spring 2023 Rains ISD Parent and Family Survey (Title I)

49	I think RISD is doing a great job for the most part. As many other schools, there is improvement to be made. I just ask for continuing to allow parents (who actually) care to be a part of their childrens school life.	3/29/2023 5:57 PM
50	Pay, train and retain good teachers.	3/28/2023 8:28 PM
51	Keep and retain great teachers, coaches so the endorsements are successful. Math and reading scores improve. When we came to RISD, the intermediate teachers from each grade worked to ensure they were getting the kids ready to be successful/ready for the next year. Once my kids got to the junior high that all changed. And has continued in high school. My kids have fallen behind in Math and English.	3/28/2023 8:20 PM
52	All the teachers & staff are amazing. Very caring & thoughtful. thank yall for what yall do	3/28/2023 7:34 PM
53	Rains ISD is doing great!	3/28/2023 5:35 PM
54	Your doing an awesome job!	3/28/2023 3:51 PM
55	Keep up the good work and keep us parents informed	3/28/2023 3:41 PM
56	Concentrate more on education/ and other post graduation subjects rather than if the sports team get 2 or 3 new uniforms every year	3/28/2023 3:30 PM
57	No comment	3/28/2023 2:47 PM
58	Quit nit picking facial hair and kids wearing hoodies and hats. Upper classman can but lowers in HS cant.	3/28/2023 2:40 PM
59	Hopefully get a new school board... This school has always only cared about your last name.. Like this 4 day school week I haven't seen anything that's going to help parents on Friday when they have to work.... This school district is horrible... But there's no use in trying to make a change cause it want happen..	3/28/2023 2:10 PM
60	I know that teachers are people, but all of my kids have had problems with teachers this year making them, not unsafe, but feel unwelcome at school and in their classes. Most of the teachers have been great and encouraging, which makes me think it's not the kids. However, these specific teachers have made comments to my children and to others about my children to demean them. Other students I know and have spoken with have expressed their own concerns about those teachers, too. I don't know how the school should address it, if they could. Most of the teachers at the school have been wonderful and encouraging.	3/28/2023 1:45 PM
61	Teach at a level that will prepare them for post secondary life instead of at a level that is not challenging.	3/28/2023 1:42 PM
62	Hold teachers accountable for the type of teaching they are providing in the classroom. Provide assistance/support. Delegate tasks to volunteering parents that can take a load off teachers and staff.	3/28/2023 12:52 PM
63	Put God first and prayer. Teach them about good economics. how interests work, savings and spending.	3/28/2023 12:38 PM
64	More detailed/ up to date information.	3/28/2023 12:37 PM
65	I feel the kids that ride the bus get left out on a lot of the fun activities and dress up days. There is always pictures of the car riders but no one greets the bus riders like the car riders and there is hardly any pictures of them arriving on dress up days.	3/28/2023 12:25 PM
66	While I agree that the assemblies provided for the students are important. I feel they need more programs involving bullying. One of my students has been a victim of bullying in the past that was handled very well. But after the tragic incident involving a student that lost their life, I feel stricter policies need to be implemented so no other family has to go through such heartbreaking sadness like last year.	3/28/2023 11:38 AM
67	Cut the woke ideology out put prayer back in hold the rules to apply to all students get the drugs out of the school and stop letting the ones that throw the biggest fit just get away with things so you don't have to deal with them and build our children into better people	3/28/2023 11:25 AM
68	Stop the bullying, send more homework and papers home, communicate with parents. teach not watch movie, extra playtime, and prompt positive attitudes from teachers not ones that loose tempers and cuss in class or use negative words.	3/28/2023 11:18 AM

Spring 2023 Rains ISD Parent and Family Survey (Title I)

69	I would like to know what my child is learning throughout the 9 weeks, and also to be contacted if she is falling behind in a subject or if tutoring is recommended by the teacher.	3/28/2023 11:15 AM
70	Keep parents up to date with weekly or monthly information from teachers. What kids are learning and when do that we can do it at home too.	3/28/2023 11:05 AM
71	Please bring back AR to the Intermediate school. My children are highly motivated to read at the Elementary and read HUNDREDS of book each year just to gain AR points. Reading this many books is invaluable. The intermediate has done away with AR and brought in Who's reading. While I understand that this program is meant to help our students with the STAAR test, the format is not working to motivate students. As soon as my children reach the Intermediate, their book reading drops drastically. I also understand that AR is expensive, it will be worth the expense in the end when our students are reading more! Ditch Who's Reading and bring back AR!	3/28/2023 10:56 AM
72	I think just communicating better as a district. We didn't have issues in elementary with communication however it seems to lack in the intermediate. Not with the teachers, but events and such don't get communicated until the last minute. Other than that we love Rains ISD and know y'all are doing a fantastic job!	3/28/2023 10:36 AM
73	The curriculum seems to be a slower pace than schools in other districts. My children are quick learners and are not being challenged. The teachers are wonderful and perfectly capable of teaching at a faster pace but I feel that they are being held back by the current mandated curriculum.	3/28/2023 10:34 AM
74	None at the moment	3/28/2023 10:02 AM
75	Keep kids accountable. With cell phone use. With assignment deadlines. With tardiness. With consequences when not followed.	3/28/2023 9:56 AM
76	Make Rains ISD desired employer in order to keep and hire highly qualified teachers to educate our children. Take care of our teachers and in return they will pour into our children in the district. Pay them a competitive salary so they will stay. Or so we can hire teachers that are actually certified that have a DEGREE in EDUCATION. This is how our children will receive a better education and get prepared for life after Rains ISD.	3/28/2023 9:53 AM
77	I would just like to know what all programs they offer due to us being new to the school.	3/28/2023 9:50 AM
78	Overall better communication from both administrators and teachers. Also with things being accessible on the Internet, please make them accessible in paper form.	3/28/2023 9:44 AM
79	Teach them real world activities and not just teach to a test.	3/28/2023 9:32 AM
80	Teach instead of letting YouTube teach. Hire teachers who cares for the kids and not certificate who just wants a paycheck	3/28/2023 9:28 AM
81	ADHD Treatment Education or support groups for parents. So many kids are diagnosed but not being treated due to basic lack of understanding and education ADHD can be difficult for many parents to identify and accept but parents who have been there see it clear as day and feel for the students struggling blindly. XXXXXXXXXX	3/28/2023 9:22 AM
82	Pay the staff better the staff is underpaid and overworked and that effects the child's access to learning as well as parents being involved	3/28/2023 9:20 AM
83	Boost morale for the staff and teachers because when they are happy they engage more with the students creating a better learning environment.	3/28/2023 9:19 AM
84	Nothing I can think of right now.	3/28/2023 9:18 AM
85	"Adulging" classes. I. E. Taxes, loans, home maintenance, bills, budgeting, insurance, time management	3/28/2023 9:15 AM
86	give him/her the help they need in class and pay attention to the things happening around campus.... hense, bullying, from kids and adults/teachers/coaches.	3/28/2023 9:14 AM
87	To many teachers passing time instead of teaching. Example is high school teachers that spend entire periods in their phones instead of instructing.	3/28/2023 9:13 AM
88	As they progress into Junior High, more emphasis put on other extra curricular activities and not just football.	3/28/2023 9:12 AM

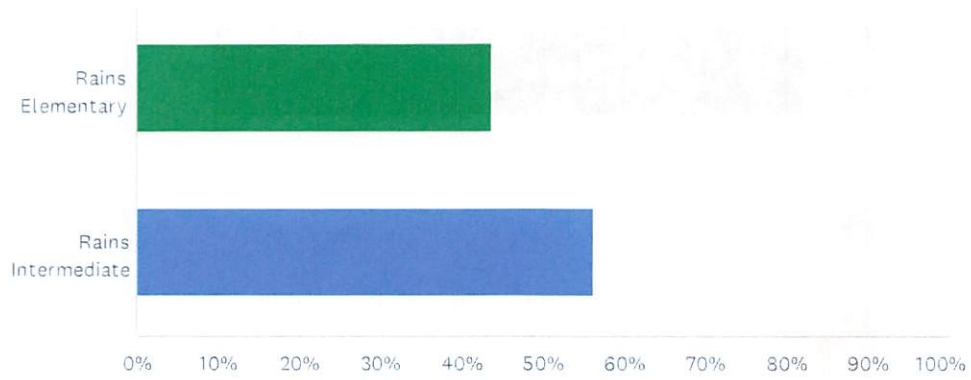

Spring 2023 Rains ISD Parent and Family Survey (Title I)

89	Anti bullying programs, speakers, some sort of program to bring attention to bullying and how it can be prevented	3/28/2023 9:12 AM
90	My kid isn't challenged at this school even in GT program. It seems the school is more interested in the teachers best interests and not the students kinda like the vote for the longer school days and 4 day week. I think my child would be more successful if her education was the priority and not those that work at the school	3/28/2023 9:12 AM
91	Not have teachers single out kids. Give testing help for ones that suffer from test anxiety	3/28/2023 9:11 AM
92	Rains needs a nice place for programs to be held at. Way behind. The parking for the high school and pickup line is awful. They need parking.	3/28/2023 9:11 AM
93	Life skills	3/28/2023 9:10 AM
94	Homework	3/28/2023 9:09 AM
95	Computer classes (general) Computer programming classes Any type of technology classes would be great!	3/28/2023 9:09 AM
96	There needs to be tutoring available multiple times a day to help the students and or parents work schedule.	3/28/2023 9:09 AM
97	Provide materials to assist parents to help with homework. I understand that the teachers have a heavy workload but better communication with the parents especially when a child is struggling would be helpful. I say that meaning to learn what can I do as a parent to assist the child and teacher to get them on track.	3/28/2023 9:09 AM
98	Have an actual meeting about my child's 504 plan. I know absolutely NOTHING about it.	3/28/2023 9:07 AM

The lunch food is fine. but the drinks are always out of date. so maybe try and fix that issue. Most importantly, treat everyone fairly. There is no reason for me to be contacted about it. 13	This school is too easy. It's not real education. Real education puts less stress on test and more on understanding. I only ever felt that way in Spanish, not that it has to be exactly like Spanish, but that we need less stress on test and busy work.	4/20/2023 9:51 AM
14	Most teachers don't actually teach they just hand you work and tell you to do it even when it's a new topic	4/20/2023 7:57 AM

Q12 What, if any, suggestions do you have that could make RHS even better for students?

1	Fix the athletic program by getting rid of a select few coaches and a new head coach who doesn't put their children first in varsity football over students who have played years in Rains and worked hard. Reward the hard working student and not the lazy one. Allow beards, but not neck collars cause that don't make sense and raise the teachers salary.	5/5/2023 12:01 AM
2	i personally feel like cosmotolgy should have african american learning with hair im not in it but i heard some of the girls i know talking about it	5/4/2023 12:45 PM
3	Add more ways for the kids to branch out. Make the coaches teach better too.	5/4/2023 12:40 PM
4	Na	5/4/2023 11:02 AM
5	Pay more to the teachers so their can be better educated kids and have better cameras outside and focus more of their attention on the kids that actually do bad stuff versus the kids that skip in the halls	5/4/2023 10:35 AM
6	More caring teachers	5/4/2023 10:32 AM
7	I think the technology needs to improve... it would be helpful if computers in the computer labs and library worked more consistently. The Chromebooks are great, however! Secondly, I think it would be a good idea to start making honors level courses tailored more towards honors level students. After being in several honors classes, it seems that they are quite similar in content to the regular classes. AP Lit has been great though! I also think it would be great to implement more AP classes, or a wider range of options. Lastly, students need more freedom in the way that they choose to show their school spirit. In my opinion, pep rallies could have been so much more fun, but there are too many restrictions on things we can and cannot do. Within reason, I think a little more leniency on activities and things like that will expand the amount of school spirit/excitement/involvement.	5/4/2023 10:03 AM
8	Better teaching ability	5/3/2023 3:42 PM
9	Sometimes its good to be tuff on kids but sometimes things get stressful and a break is necessary	5/2/2023 6:54 PM
10	Change the dress code also can't even began to start on how many times I cut myself with those razors terrible how dare you make a student shave with those that's like actual child abuse	4/26/2023 9:36 PM
11	Find actual teachers that know how to teach students the material.	4/21/2023 9:42 AM

19	Have teachers that get more involved with students and offer more electives.	4/20/2023 2:15 PM

25	Relax some of the dress code, ie. hair	4/20/2023 9:34 AM
