3. Consider and Discuss an Interlocal Agreement for the 2025-2026 School Year with the Region 10 Education Service Center for Child Nutrition Cooperative Purchasing and Commodity Processing
The CCISD Child Nutrition Department has been a member of the Region 10 ESC Multi-Region Purchasing Cooperative for many years. The Cooperative provides purchasing and commodity processing with the goal of obtaining substantial savings on food service items through volume pricing. There is no cost to the District for being a member. It is required that School Board approve the agreement and a representative from School Board sign Interlocal Agreement.

4. Consider and Discuss a Revision Policy CKE (LOCAL): Safety Program/Risk Management - Security Personnel

We are recommending a revision to Policy CKE (LOCAL) to allow CCISD to employ Level 3 Armed Security Guards to ensure all campuses have an armed security officer on each campus during regular school hours.

5. Consider and Discuss the Payment of Teacher Designation Fees to the Teacher Incentive Allotment Program

6. Consider and Discuss the Repair and Replacement of the Rigging System and Controls for Lea Ledger Auditorium (Difital Resources Inc., - TIPS Contract # 230901 - \$1,990,692.00 - Budgeted Funds

Over the last two years the District has undertaken a number of projects related to maintaining Lea Ledger Auditorium. The first project focused on making sure the auditorium was safe for use and involved replacing the stage curtains, including the replacement of a new fire curtain. Once, curtain replacement was complete the District focused on other issues related to the repair and replacement of the rigging system and the control system used to operate the rigging. This phase of the project, and the associated costs, have been shared previously with the Board. Attached you will find the quote for the described repairs.

7. Consider and Discuss CCISD's Participation in Purchasing Cooperatives for 2024 – 2025

In order to secure the best value on products, while maintaining a wide variety of choices, administration recommends approval of the attached list of Purchasing Cooperatives for the 2024-2025 fiscal year.

8. Consider and Discuss the Appointment of Investment Officers for CCISD

Dr. Burns recommends that Clifton Heath and Dr. Joseph Burns be appointed as investment officers for CCISD.

9. Consider and Discuss CCISD's Impact Aid Authorized Representatives for the 2024 - 2025 School Year

In order to secure and receive all federal impact aid, it is recommended the district identify authorized representatives as part of the process of completing the annual application for federal impact aid. Continuous Professional Education

Training Overview

The instructional training for certification portion is targeted to challenge students and requires ongoing attention, persistence, and commitment. The training establishes a strong foundation of knowledge that you can draw from when you get in front of your students. We have received wonderful feedback from our principals and our own candidates after interviewing and entering the classroom. The latest feedback from 752 student course ratings shows a 97% rating of a four or five-star score on a five-star scale.

These virtually based, online courses are developed for independent, self-paced study. Teachworthy is one of the few organizations that has a certified teacher working in the portal (assessment lead / teacher) to ensure you are meeting the expectations of the assignments. This "live" support provides you with additional support and feedback to help you make continual progress towards completion.

Betty Ann Williams is the lead evaluator in Teachworthy. Ms. Williams is a devoted educator and has spent 30 years in the classroom teaching middle school English. She spent her last 8 years teaching Teen Leadership and PALS, Peer Assistance and Leadership. She was honored to be Teacher of the Year at two schools and was named Fort Bend ISD Secondary Teacher of the Year in 2004. Ms. Williams has been involved with alternative certification for the past 18 years as the lead instructor and curriculum writer for ACT Houston and currently curriculum evaluator for Teachworthy. She is also the managing director of a test review company, TExES Success Review. She is passionate about mentoring new teachers and helping equip them with the skills they will need to be successful in today's classroom.

We do use a textbook to support and enhance your learning. This is a great resource for first year teachers and is easily accessible on Amazon for \$28.49. However, it is optional for a district cohorts per the district administrator's expectations.

Thompson, Julia G. (2018). *The First-Year Teacher's Survival Guide, 4th edition*. San Francisco, CA: Jossey-Bass.

This book provides information about specific topics and a wide variety of tested strategies, activities, and tools for creating a positive and dynamic learning environment. It offers valuable tips -- everything from becoming effective team players and connecting with students to handling behavior problems and working within diverse classrooms.

Below you will see the name for each of the eight courses, along with a brief description of each course..

What to Expect in the Courses

Course 1: Learners in the Room

Learners in the Room allows you to initially reflect on the strengths and constraints you witnessed from teachers in *your* journey through school. The course helps you to identify your personal learning style and core values. The second half of this course focuses on the students you will serve by reviewing the required developmental stages and brain development of **all** learners from pre-school through high school. This is an in-depth review of theories, so take notes as you go and use the information to support you on the assessment.

Course 2: Ed Tech

Learners will demonstrate the mastery of knowledge regarding digital learning, digital literacy, and use of appropriate technology for use in a K-12 Classroom. Teachers are required to use technology to engage students and maximize learning. However, since each campus has differing technology resources, it is essential to identify the technology available to you and your students. In this course there are many excellent educational resources and technology-based activities to infuse in your classroom. Learners will create a designated file folder in their computer to save important teacher resources to implement in their classroom.

Course 3: Foundational Strategies

In *Foundational Strategies*, you will learn about some standard, targeted practices for instruction before we ask you to use them independently. This information will give you the big picture of instruction. You can then implement these strategies throughout the training. As you progress through each research based instructional strategy, we will explain the process in "layman's terms" and provide plenty of examples so you will be prepared to implement these techniques in your classroom with success.

Teaching requires an understanding of how we can organize our instruction and student learning to meet all students' needs, not just students at the level we are teaching at that moment in time.

Course 4: Instructional Design and Planning

This is where you will implement the strategies that you have learned to this point. The course begins with a focus on lesson planning and standards. Using state standards, you will develop SMART objectives to prepare a complete lesson plan and delivery plan.

You will also learn the purpose and rationale behind various types of assessments that you will then incorporate into your lesson planning. Finally, you will create lessons for a week of instruction. Preparation and planning are vital components to success in the classroom for a teacher. This is the most rigorous course in the sequence and will take more time than the other courses. So plan on giving it your full attention by setting aside more time for deep processing of important processes in the lesson planning assignments. You will use this lesson plan in future courses and during your role as a Classroom Instructor/Intern.

Course 5: Management the Environment

This course shares specific recommendations for creating a rich, engaging, organized, and mutually respectful learning environment. We recognize that each teacher brings a unique style. But we also know that having a specific implementation plan for classroom management diminishes problems down the road. This course focuses on building relationships, first impressions, classroom procedures, a management plan for student conduct, and communicating with parents. Teachworthy is proud to be the sole alternative certification provider in Texas of the nationally acclaimed *Capturing Kids' Hearts* training for teachers. Each candidate will be provided this highly sought-after training as part of your teacher preparation program in a two-day training.

Course 6: Special Populations

This course is a dive into critical teaching components, legal processes, and compliance expectations of educating special populations. While many of the processes are prescribed by Federal and State level authorities and consistent across all schools, some schools may have a unique approach to their process of implementation. Compliance to federal and state laws is mandatory, so please take your time as you go through the various processes expected of all educators.

Your classroom will have students of various talents, skills, limitations, language barriers, and cognitive needs. We embrace every child, and this course will provide directed support for students with disabilities, second language learners, and dyslexia. Reading and thinking about how you can implement language acquisition strategies or support practices for kids from high poverty are also embedded in this course's expectations.

Course 7: Reading Foundations

READING SKILLS

USE BACKGROUND KNOWLEDGE 	ASK QUESTIONS 	IDENTIFY THE AUTHOR'S PURPOSE 	IDENTIFY THE MAIN IDEA 
RECOGNIZE SEQUENCE 	RECOGNIZE CAUSE AND EFFECT 	MAKE INFERENCES 	MAKE PREDICTIONS 
SUMMARIZE 	DISTINGUISH BETWEEN FACT AND OPINION 	FIND FACTS AND DETAILS 	RECOGNIZE COMPARE AND CONTRAST 
MAKE CONNECTIONS 	VISUALIZE 	REREAD FOR CLARITY 	ADJUST YOUR PACING 

THE CLASSROOM KEY

All teacher candidates are required to understand how to teach reading in every certification area offered by SBEC. Some certification areas require a second reading course titled Science of Teaching Reading (STR) that is also within our course curriculum if your content area requires it.. Reading is considered an expectation for all teachers. It is a requirement to support all students with reading skills in their education. All levels of instruction can incorporate strategies to support the learning development of readers' fluency and comprehension.

Reading is very complex and is present in EVERY classroom. You will be learning about the basic building blocks of reading for the elementary and secondary level. This course will take you through the influences affecting students and their reading skills, foundational practices and resources you should use to support learners, and strategies to improve reading and literacy in your classroom.

Course 8: Teachers as Leaders

This course reviews the expectations of teachers in the profession. Teachers have a very defined Code of Ethics that is expected of all educators to follow and comply with at all times. Ethics around anger management, student contact, social media, personal behavior off-campus, copyright practices and professional collaboration will be shared in the course, so you can have a clear understanding of these expectations and boundaries. The second area of focus for teachers is the accountability system for students and for educators. The course will expose you to a basic understanding of the STAAR assessment and examples of what students will be administered; a glimpse at reviewing and interpreting data; and seeing what the teacher evaluation criteria and expectations are of you in your evaluations. The final part of the course is focused on vision and reflection. Good leaders most often have strong personal and professional vision and reflection practices they use to become the best they can be in what they do.

Optional: Science of Teaching Reading (STR)

The STR is a new requirement for all certifications that began January 1, 2021, for the following areas:

- EC-3
- EC-6 core subjects
- 4-8 core subjects
- 4-8 ELAR
- 4-8 ELAR/SS

The course will be taken for certificates in the above areas after the candidate is enrolled in Teachworthy following completion of their degree. This is a rigorous course focused on foundational strategies of development in attaining and improving reading, vocabulary, fluency, and comprehension skills. A candidate is required to successfully complete and show proficiency in 13 competencies in order to be granted Teachworthy test permission for the STR certification exam.

TEACHWORTHY ACP GUIDANCE

ELEVATE

Getting Started with Elevate

- Complete the MOU process with Teachworthy and IWU.

Need assistance? Contact:

Kelsie Acres → Kelsie.Acres@teachworthy.org

Jim Christensen → Jim.Christensen@teachworthy.org

Kevin Wachtel → Kevin.Wachtel@Indwes.edu

- With a signed MOU, complete an ExCEL spreadsheet with Elevate candidate information: Student Name, Email, Date of Birth, and a TEA ID. You may need to assist candidate in securing a TEA ID: (go to TEAL on the TEA website: https://pryor.tea.state.tx.us/TSP/TEASecurePortal/jsp/manage_profile.jsp)
- With the completed spreadsheet, candidates will be enter into the Elevate database. Each candidate will receive a participation agreement via email for electronic signature. Agreement will upload to the system and will send the candidate an email with a username and password to access the Elevate Portal. Candidates will be able to log in to the Learning Management System (Canvas) and begin working on the Elevate courses.
- Each candidate will have a series of coursework to complete in the portal.

Intro to Elevate

There is an Introductory course that give an overview of the Learning Management System, course expectations and processes for completing the courses

Coursework

There are 8 courses to complete. When they first enter the portal, 3 courses will be on their dashboard: Intro, 1. Learners in the Room, and FBE (see below). When candidates complete Course 1, the next course will populate on the dashboard.

*These courses are self-paced and should be complete over a 4 month window. Candidates are responsible for reviewing all submitted work to see if corrections are required and will need to download a Certificate of Completion for EACH course. These certificates must be presented to IWU for the PLA to be added to the official transcript.

Field Based Experiences

The FBE course provides an opportunity for candidates to receive credit for observations that they are completing of other certified teachers on campus. There are 10 hours of required video observations that provide a visual of what research based best practices look like in the classroom, and 20 hours of required face to face observations and reflections.

- When a candidate enters in to the last semester with IWU (based on a traditional calendar of Fall, Spring, Summer) and have completed the TW courses, Elevate candidates can begin the application process with Teachworthy <https://www.teachworthy.org/apply/> with the same email address used for the Elevate process.

Getting Started with Teachworthy (Pre Internship)

- Elevate candidates complete the Teachworthy application and connect with a personal Teachworthy Program Advisor (PA). It is important that PAs can see completed CPE coursework and FBE on the IWU transcript to receive credit for TW training.
- The PA will meet with the candidate and review the transcript, testing areas, next steps and answer any questions.
- Candidates receive and sign a Certification Plan and Formal Admission (or Contingent Admission) Letter that provides direction and access to the Teachworthy portal and dashboard.
- Candidates will have a new dashboard view with the following courses: **Intro to Teachworthy**, **PTP** (Preparing for the Teaching Profession) and **PPR**. **FBE** and **STR** (Science of Teaching Reading) courses will be loaded if needed.

PTP Course

The PTP course is a step by step guide of all activities that need to be complete for the certification process. Information on content testing requirements is housed in this course. All candidates are required to demonstrate test readiness before being granted test permission. This requires candidates to complete test preparation from a third party vendor.

*If the certification area is EC-6 Core, 4-8 core, 4-8 ELAR, 4-8 ELAR / SS, candidates are required to complete the **STR course** with mastery before gaining permission for the STR exam.

PPR Course

The PPR course provides an opportunity for candidates to demonstrate test readiness to take the EC-12 PPR course by making a required score on a quiz over the completed material mastered the Elevate coursework. With mastery of this quiz, candidates could receive PPR test permission, with the recommendation to take this test within 4 weeks of passing the quiz for greater opportunities for success.

- Elevate CPE credits completed and **present on an IWU transcript at admission** will be accepted for Teachworthy training courses. *If the Elevate CPE courses are not present on the IWU transcript, candidates are required to complete all coursework in Teachworthy portal.*
- With passing content TExES scores, confirmation of completed training and FBE, and an official degree conferred transcript, candidates can be issued a Statement of Eligibility (SOE) for employment as an Intern.

As a reminder, candidates are enrolling and participating in district purchased professional development (CPE) from Elevate. The intent of the coursework is to lay a foundation of skills required to be a successful teacher and to accelerate their degree program with IWU. Candidates are eligible for contingency admission in the last semester before receiving their degree conferred transcript.
