IX. Adjournment	

(Items do not have to be taken in the same order as shown on the meeting agenda.)

**Thank you for your
Above & Beyond
Service!**

Public Comments

Medina Valley
INDEPENDENT SCHOOL DISTRICT

Response to Prior Public Comments

Use of Bond Funds

1. Is the District allowed to spend bond proceeds outside of the primary projects it had identified during the election period if there are excess funds?
2. If so, can the District use those excess funds prior to the completion of the primary projects?
3. If it is determined that there are excess bond funds, can the district use interest earned on bond proceeds for other district initiatives?
4. If the District found out that a primary project came in over budget and there were no excess funds, but they had already used bond funds for other initiatives, what is the District's obligation to the primary project over budget?
5. Please discuss the purpose for obtaining credit ratings during the bond process and their obligation to investors to ensure an institution is financially sound.

FIRST Financial Rating

Financial Integrity Rating System of Texas

2021-2022 RATINGS BASED ON SCHOOL YEAR 2020-2021 DATA - DISTRICT STATUS DETAIL

Name: MEDINA VALLEY ISD(163908)	Publication Level 1: 8/2/2022 2:05:39 PM
Status: Passed	Publication Level 2: 8/4/2022 12:15:48 PM
Rating: A = Superior Achievement	Last Updated: 8/4/2022 12:15:48 PM
District Score: 96	Passing Score: 70

The FIRST Rating score is based upon 18 Indicators.

The District scored a perfect score on all indicators except for Indicator 12, which we earned a 6 out of 10.

Indicator 12

Indicator Description	20-21	21-22
Was the debt per \$100 of assessed property value ratio sufficient to support future debt repayments? (<=4 is equal to 10 points) <i>Response: Medina Valley ISD's ratio was 8.062 for 2021. Currently almost all fast growth districts do not meet the criteria for the full 10 points, as they are penalized for having to issue bonds for growth before having the values to meet this criteria.</i>	6	6

Open Meetings Act

Basic Principles

Published online in [TASB School Law eSource](#)

1. What is the Texas Open Meetings Act?

The Texas Open Meetings Act (“OMA”), Chapter 551 of the Texas Government Code, requires that meetings of all governmental bodies must be open to the public except for expressly authorized closed sessions. Among other requirements, the OMA generally provides that the public must be given notice of the time, place, and subject matter of meetings of governmental bodies. Tex. Gov’t Code §§ 551.002, .041.

The purpose of the OMA is to ensure that when governmental bodies hold meetings to exercise their powers, the public will have access to these meetings and have the opportunity to be informed concerning the transactions of public business. *Fielding v. Anderson*, 911 S.W.2d 858, 864 (Tex. App.—Eastland 1995, writ denied); *Toyah Indep. Sch. Dist. v. Pecos-Barstow Indep. Sch. Dist.*, 466 S.W.2d 377 (Tex. Civ. App.—San Antonio 1971, no writ).

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Medina Valley Independent School District
Castroville, Texas

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Medina Valley Independent School District, as of and for the year ended August 31, 2022, and the related notes to the financial statements, which collectively comprise the Medina Valley Independent School District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Medina Valley Independent School District, as of August 31, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Medina Valley Independent School District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Change in Accounting Principle

As described in Note F to the financial statements, in 2022, the District adopted new accounting guidance, *GASB Statement No. 87, Leases*. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Medina Valley Independent School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- * Exercise professional judgement and maintain professional skepticism throughout the audit.
- * Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- * Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Medina Valley Independent School District's internal controls. Accordingly, no such opinion is expressed.
- * Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- * Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Medina Valley Independent School District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Schedule of Revenues, Expenditures, and Changes in Fund Balance - Budget and Actual - General Fund, Schedule of the District's Proportionate Share of the Net Pension Liability, Schedule of District Contributions for Pensions, Schedule of the District's Proportionate Share of the Net OPEB Liability, and Schedule of the District Contributions for Other Post-Employment Benefits on pages 7-12 and 55-63 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Government Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide an assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purposes of forming opinions on the financial statements that collectively comprise the Medina Valley Independent School District's basic financial statements. The accompanying combining and individual nonmajor fund financial statements and Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the Schedule of Expenditures of Federal Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Texas Education Agency requires school districts to include certain information in the Annual Financial and Compliance Report in conformity with laws and regulations of the State of Texas. This information is in exhibits identified in the Table of Contents as J-1, J-2, J-3, and J-4. These schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 2, 2022, on our consideration of the Medina Valley Independent School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Medina Valley Independent School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Medina Valley Independent School District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The annual financial report of the Medina Valley Independent School District (the District) is presented in six sections, Management's Discussion and Analysis (this part), Basic Financial Statements, Required Supplementary Information, Combining and Other Statements, T.E.A. Required Schedules, and Federal Section. This section of the District's annual financial report presents our discussion and analysis of the financial performance during the fiscal year ending August 31, 2022. Please read it in conjunction with the District's financial section, which follows.

Overview of the Basic Financial Statements

The basic financial statements include two kinds of statements that present different views of the District:

- * The first two statements are *government-wide financial statements* that provide both *long-term* and *short-term* information about the District's *overall* financial status.
- * The remaining statements are *fund financial statements* that focus on *individual parts* of the government, reporting the District's operations in *more detail* than the government-wide statements.
 - * The *governmental fund* statements tell how *general government* services were financed in the *short-term* as well as what remains for future spending.
 - * *Proprietary fund* statements offer *short- and long-term* financial information about the activities the government operates on a cost reimbursement basis, such as self-insurance.
 - * *Fiduciary fund* statements provide information about the financial relationships in which the District acts solely as a *trustee or agent* for the benefit of others, to whom the resources in question belong.

The financial statements also include *notes* that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of *required supplementary information* that further explains and supports the information in the financial statements.

Government-Wide Statements

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes *all* of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

The two government-wide statements report the District's *net position* and how they have changed. Net position, the difference between the District's assets, deferred outflows and liabilities and deferred inflows, is one way to measure the District's financial health or *position*.

- * Over time, increases or decreases in the District's net position are an indicator of whether its financial health is improving or deteriorating, respectively.
- * To assess the overall health of the District, you need to consider additional nonfinancial factors, such as changes in the District's tax base and student enrollment.

The government-wide financial statements of the District include the *Governmental activities*. Most of the District's basic services are included here, such as instruction, extracurricular activities, curriculum and staff development, health services, and general administration. Property taxes and grants finance most of these activities.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's most significant *funds*, not the District as a whole. Funds are accounting devices that the District uses to keep track of specific sources of funding and spending for particular purposes.

- * Some funds are required by State law and by bond covenants.
- * The Board of Trustees (the Board) establishes other funds to control and manage money for particular purposes or to show that it is properly using certain taxes and grants.

The District has three kinds of funds:

- * *Governmental funds* - Most of the District's basic services are included in governmental funds, which focus on (1) how *cash and other financial assets* can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed *short-term* view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of government-wide statements, we provide additional information at the bottom of the governmental funds statement, or on the subsequent page, then explain the relationship (or differences) between them.
- * *Proprietary fund* - Services for which the District charges customers a fee is generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both long- and short-term financial information.

We use *internal service funds* to report activities that provide supplies and services for the District's other programs and activities-such as the District's Self Insurance Fund.
- * *Fiduciary fund* - The District is the custodian, or *fiduciary*, for certain funds. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the District's fiduciary activities are reported in a separate Statement of Fiduciary Net Position. We exclude these activities from the District's government-wide financial statements because the District cannot use these assets to finance its operations.

Financial Highlights

* The District's combined net position was \$15,754,306 at August 31, 2022, an increase of \$6,634,001.

* During the year, the District's revenue was \$90,637,213 as reflected below:

	Governmental Activities		
	Current Year	Prior Year	Change
a) Taxes	\$ 41,566,320	\$ 33,997,886	\$ 7,568,434
b) State Aid	34,455,289	34,117,124	338,165
c) Federal Aid	12,804,359	7,619,889	5,184,470
d) Investment Earnings	533,568	76,242	457,326
e) Other	1,277,677	2,011,536	(733,859)
Total	<u>\$ 90,637,213</u>	<u>\$ 77,822,677</u>	<u>\$ 12,814,536</u>

* During the year, the District's expenses were \$84,003,212 as reflected below:

	Governmental Activities		
	Current Year	Prior Year	Change
a) Instruction and instructional related	\$ 44,310,039	\$ 39,418,429	\$ 4,891,610
b) Instruction leadership/school leadership	4,785,456	4,796,286	(10,830)
c) Guidance, social work, health, transportation	8,154,145	7,049,466	1,104,679
d) Food services	5,055,172	4,191,487	863,685

Total Liabilities	\$ 249,077,911	\$ 246,419,202	\$ 2,658,709
Deferred resource inflow	<u>\$ 20,693,596</u>	<u>\$ 14,496,643</u>	<u>\$ 6,196,953</u>
Net position:			
Net investment in capital assets	\$ 12,930,555	\$ 11,575,788	\$ 1,354,767
Restricted	7,375,109	4,282,899	3,092,210
Unrestricted	<u>(4,551,358)</u>	<u>(6,738,382)</u>	<u>2,187,024</u>
Total Net Position	\$ 15,754,306	\$ 9,120,305	\$ 6,634,001

* Property tax rates were reduced by 0.18 cents for the year. The tax base increased during the past year by \$569,446,951. The increase in the tax levy was \$7,654,449.

* State program revenues increased for the year by \$338,165.

* Federal program revenues increased by \$5,184,470.

* Investment earnings increased by \$457,326.

* The General Fund transferred \$1,080 to the Child Nutrition Fund.

Capital Assets and Debt Administration

Capital Assets

Net capital assets for the District at the end of the fiscal year August 31, 2022 amounted to \$173,884,209. It is the District's policy to charge off as a current expenditure any purchases less than \$5,000. The total capital assets recorded were land and its improvements, buildings, equipment and vehicles, right-to-use lease assets, and construction in progress as reflected below:

District's Capital Assets

	Governmental Activities		
	Current Year	Prior Year	Change
Land	\$ 13,128,163	\$ 9,068,221	\$ 4,059,942
Buildings and improvements	204,022,406	172,990,391	31,032,015
Equipment	16,551,066	15,915,563	635,503
Right-to-use lease assets - furniture & equipment	241,676	-	241,676
Construction in progress	349,417	30,271,333	(29,921,916)
Totals at historical cost	234,292,728	228,245,508	6,047,220
Total accumulated depreciation	(60,408,519)	(54,270,159)	(6,138,360)
Net capital assets	<u>\$ 173,884,209</u>	<u>\$ 173,975,349</u>	<u>\$ (91,140)</u>

Long-term Liabilities

For the year ended August 31, 2022, the District made bond debt principal payments of \$6,405,000.

District's Long Term Liabilities

	Governmental Activities		
	Current Year	Prior Year	Change
Bonds payable	\$ 198,907,932	\$ 190,617,932	\$ 8,290,000
Right to use lease liabilities	163,780	241,676	(77,896)
Compensated absences	124,596	157,983	(33,387)
Sub-total	199,196,308	191,017,591	8,178,717
Accreted interest on capital appreciation bonds	1,254,109	1,074,959	179,150
Premium on bond issuance	16,695,115	17,227,805	(532,690)
Total Long-Term Liabilities	<u>\$ 217,145,532</u>	<u>\$ 209,320,355</u>	<u>\$ 7,825,177</u>

Governmental Funds

Financial Highlights

At the close of the fiscal year ending August 31, 2022, the District's governmental funds reported a combined fund balance of \$89,092,953. This compares to a combined fund balance of \$75,056,552 at August 31, 2021. The significant increase is due to the issuance of new bonds of \$14,695,000. The General Fund increased \$1,287,508 as revenues were above original projections and expenditures were below original projections. The Debt Service Fund increased \$1,811,235 as the property values increased.

Budgetary Highlights

In accordance with State law and Generally Accepted Accounting Standards (GAAS), the District prepares an annual budget for the General Fund, the Food Service Special Revenue Fund, and the Debt Service Fund. Special revenue funds have budgets approved by the funding agency and are amended throughout the year as required.

During the period ended August 31, 2022, the District amended its budget as required by State law and to reflect current levels of revenue and anticipated expenses. The General Fund budgeted revenues increased from an adopted budget amount of \$61,687,876 to the final amended budget amount of \$64,254,376. The General Fund's actual revenues were \$64,589,757. The General Fund appropriations were more than the original budget by \$1,613,293, but budget amendments were board approved throughout the year.

Economic Factors and Next Year's Budgets and Rates

The following factors were considered in establishing the District's budget for 2022-2023:

- * Student enrollment and attendance for 2022-2023 is projected to increase. The district demographer estimated a district enrollment of 7,724. The budget is based on an enrollment projection of 7,415 students. This is to account for historical trends of not achieving the demographer estimation by the October snapshot date. Average daily attendance is estimated to increase from 6,404 to 6,842 in 2022-2023.
- * Property values for ad valorem tax purposes are projected to increase by \$1.09 billion or 37.8% for 2022-2023, as compared to the taxable values for 2021-2022. The District's maintenance and operations tax rate was decreased to \$0.0174, and the interest and sinking tax rate had no change at \$0.47219.
- * The General Fund budget was a balanced budget with revenues and appropriations budgeted at \$68.5 million. Appropriations for the 2021-2022 General Fund budget increased over the appropriations for 2021-2022 General Fund budget by \$4.3 million.
- * The district added 66 new positions to account for the expected student growth at an estimated cost of \$3.8 million.
- * The largest increase can be found in appropriations for Instruction in the amount of \$3.2 million.

Contacting the District's Financial Management

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Business Office at 8449 FM 471 S., Castroville, TX 78009.

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE
STATEMENT OF NET POSITION
AUGUST 31, 2022

EXHIBIT C-2

Total Fund Balances - Governmental Funds	\$	89,092,953
1 The District uses internal service funds to charge the costs of self-insurance to appropriate functions in other funds. The assets and liabilities of the internal service fund are included in governmental activities in the statement of net position. The net effect of this consolidation is to increase net position.		267,424
2 Capital assets used in governmental activities are not financial resources and therefore are not reported in governmental funds. At the beginning of the year, the cost of these assets was \$228,245,511, and the accumulated depreciation was \$(54,270,159). In addition, long-term liabilities, including bonds payable of \$(190,617,932) and leases payable of \$(241,680) are not due and payable in the current period, and therefore are not reported as liabilities in the funds. The net effect of including the beginning balances for capital assets (net of depreciation) and long-term debt in the governmental activities is to decrease net position.		(16,884,260)
3 Current year capital outlays and long-term debt principal payments are expenditures in the fund financial statements, but they should be shown as increases in capital assets and reductions in long-term debt in the government-wide financial statements. The net effect of including the 2022 capital outlays of \$6,107,940 and debt principal payments of \$6,482,896 is to increase net position.		12,590,836
4 The 2022 depreciation expense increases accumulated depreciation. The net effect of the current year's depreciation is to decrease net position.		(6,199,080)
5 Included in the items related to debt is the recognition of the District's proportionate share of the net pension liability required by GASB 68 in the amount of \$(7,763,668), a deferred resource inflow of \$(8,736,876), and a deferred resource outflow of \$6,017,170. The net effect of this recognition is to decrease net position.		(10,483,374)
6 Included in the items related to debt is the recognition of the District's proportionate share of the net OPEB liability required by GASB 75 in the amount of \$(17,190,274), a deferred resource inflow of \$(11,956,720), and a deferred resource outflow of \$8,209,729. The net effect of this recognition is to decrease net position.		(20,937,265)
7 Various other reclassifications and recognitions are necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. These include recognizing unavailable taxes receivable of \$1,401,654 as revenue, and recognizing the liabilities associated with maturing long-term debt interest of \$(325,763), recognizing accumulated accretion on capital appreciation bonds of \$(1,254,109), unamortized bond premium of \$(16,695,115), accumulated local leave of \$(124,596), reclassifying the proceeds of bonds issued of \$(14,695,000) and rounding of \$1. The net effect of these reclassifications and recognitions is to decrease net position.		(31,692,928)

 RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES,
 AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
 FOR THE YEAR ENDED AUGUST 31, 2022

EXHIBIT C-4

Total Net Change in Fund Balances - Governmental Funds	\$ 14,036,401
The District uses an internal service fund to charge the costs of self-insurance to appropriate functions in other funds. The change in net position of the internal service fund is reported with governmental activities. The net effect of this consolidation is to decrease net position.	(396,390)
Current year capital outlays and long-term debt principal payments are expenditures in the fund financial statements, but they should be shown as increases in capital assets and reductions in long-term debt in the government-wide financial statements. The net effect of removing the 2022 capital outlays of \$6,107,940 and bond debt principal payments of \$6,482,896 is to increase net position.	12,590,836
Depreciation is not recognized as an expense in governmental funds since it does not require the use of current financial resources. The net effect of the current year's depreciation is to decrease net position.	(6,199,080)
The reporting of GASB 68 for the current year resulted in a decrease in revenue of \$(2,183,695) but also decreased expenses of \$2,915,372. The result of these items is to increase net position.	731,677
The reporting of GASB 75 for the current year resulted in the recognition of revenue of \$104,373 and a decrease in related expenses of \$77,660. The result of these items is to increase net position.	182,033
Various other reclassifications and recognitions are necessary to convert from the modified accrual basis of accounting to accrual basis of accounting. These include recognizing the change in unavailable tax revenue of \$39,949, and recognizing the change in accrued bond interest of \$(43,353). Also, recognizing the increase in accreted interest on capital appreciation bonds of \$(179,150), bond issuance premium increase of \$948,190, the change in accrued local leave of \$33,387, reclassifying bond proceeds of \$(14,695,000), premium on bonds issued of \$(415,500) and rounding of \$1. The net effect of these reclassifications and recognitions is to decrease net position.	(14,311,476)

MEDINA VALLEY INDEPENDENT SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED AUGUST 31, 2022

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Medina Valley Independent School District (the District) is a public educational agency operating under the applicable laws and regulations of the State of Texas. It is governed by a seven-member Board of Trustees (the Board) elected by registered voters of the District. The District prepares its basic financial statements in conformity with Generally Accepted Accounting Principles (GAAP) promulgated by the Governmental Accounting Standards Board (GASB) and other authoritative sources identified in *GASB Statement No. 76*; and it complies with the requirements of the appropriate version of Texas Education Agency's *Financial Accountability System Resource Guide* (the Resource Guide) and the requirements of contracts and grants of agencies from which it receives funds.

Pensions. The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes, for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities, and additions to/deductions from the TRS fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Post-Employment Benefits. The fiduciary net position of the Teacher Retirement System of Texas (TRS) TRS-Care Plan has been determined using the flow of economic resource measurement focus and full accrual basis of accounting. This includes for purposes of measuring the Net OPEB Liability, deferred outflows of resources and deferred inflows of resources related to other post-employment benefits, OPEB expense, and information about assets, liabilities, and additions to/deductions from TRS-Care's fiduciary net position. Benefit payments are recognized when due and payable in accordance with the benefit terms. There are no investments as this is a pay-as-you-go plan and all cash is held in a cash account.

Fair Value. The District applies GASB Statement No. 72, Fair Value Measurement and Application. GASB Statement No. 72 provides guidance for determining fair value measurement for reporting purposes and applying fair value to certain investments and disclosures related to all fair value measurements.

A. REPORTING ENTITY

The Board is elected by the public and has the authority to make decisions, appoint administrators and managers, and significantly influence operations. It also has the primary accountability for fiscal matters. Therefore, the District is a financial reporting entity as defined by GASB in its Statement No. 14, "The Financial Reporting Entity." There are no component units included within the reporting entity.

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The Statement of Net Position and the Statement of Activities are government-wide financial statements. They report information on all of the District nonfiduciary activities with most of the interfund activities removed. *Governmental activities* include programs supported primarily by taxes, state foundation funds, grants, and other intergovernmental revenues.

The Statement of Activities demonstrates how other people or entities that participate in programs the District operates have shared in the payment of the direct costs. The “Charges for Services” column includes payments made by parties that purchase, use, or directly benefit from, goods or services provided by a given function or segment of the District. Examples include tuition paid by students not residing in the district, school lunch charges, etc. The “Grants and Contributions” column includes amounts paid by organizations outside the District to help meet the operational or capital requirements of a given function. Examples include grants under the Elementary and Secondary Education Act. If a revenue is not a program revenue, it is a general revenue used to support all of the District’s functions. Taxes are always general revenues.

Interfund activities between governmental funds and proprietary funds appear as due to/due froms on the Governmental Fund Balance Sheet and the Proprietary Fund Statement of Net Position and as other resources and other uses on the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balance and on the Proprietary Fund Statement of Revenues, Expenses and Changes in Fund Net Position. All interfund transactions between governmental funds and between governmental funds and internal service funds are eliminated on the government-wide statements. Interfund activities between governmental funds and fiduciary funds remain as due to/due froms on the government-wide Statement of Net Position.

The fund financial statements provide reports on the financial condition and results of operations for three fund categories - governmental, proprietary, and fiduciary. Since the resources in the fiduciary funds cannot be used for District operations, they are not included in government-wide statements. The District considers some governmental funds major and reports their financial condition and results of operations in a separate column.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses result from providing services and producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. All other revenues and expenses are nonoperating.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements use the economic resources measurement focus and the accrual basis of accounting, as do the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements use the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets, current liabilities, and fund balances are included on the Balance Sheet. Operating statements of these funds present net increases and decreases in current assets (i.e., revenues and other financing sources and expenditures and other financing uses).

The modified accrual basis of accounting recognizes revenues in the accounting period in which they become both measurable and available, and it recognizes expenditures in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest and principal on long-term debt, which is recognized when due. The District considers all revenues available if they are collectible within 60 days after year-end.

Revenues from local sources consist primarily of property taxes. Property tax revenues and revenues received from the State are recognized under the “susceptible to accrual” concept, that is, when they are both measurable and available. The District considers them “available” if they will be collected within 60 days of the end of the fiscal year. Miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned, since they are both measurable and available.

Grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant. Accordingly, when such funds are received, they are recorded as unearned revenues until related and authorized expenditures have been made. If balances have not been expended by the end of the project period, grantors may require the District to refund all or part of the unused amount.

The proprietary fund types and fiduciary funds are accounted for on a flow of economic resources measurement focus and utilize the accrual basis of accounting. This basis of accounting recognizes revenues in the accounting period in which they are earned and become measurable and expenses in the accounting period in which they are incurred and become measurable. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the fund Statement of Net Position. The fund equity is segregated into net investment in capital assets, restricted net position, and unrestricted net position.

D. FUND ACCOUNTING

The District reports the following major governmental funds:

1. **The General Fund** - The General Fund is the District’s primary operating fund. It accounts for all financial resources except those required to be accounted for in another fund.
2. **Debt Service Fund** - The District accounts for resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds in a debt service fund.
3. **Capital Projects Fund** - The proceeds from long-term debt financing and revenues and expenditures related to authorized construction and other capital asset acquisitions are accounted for in a capital projects fund.

Additionally, the District reports the following fund type(s):

Non-major Governmental Funds:

1. **Special Revenue Funds** - The District accounts for resources restricted to, or designated for, specific purposes by the District or a grantor in a special revenue fund. Most Federal and some State financial assistance is accounted for in a special revenue fund, and sometimes unused balances must be returned to the grantor at the close of specified project periods.

Proprietary Funds:

2. **Internal Service Funds** - Revenues and expenses related to services provided to organizations inside the District on a cost reimbursement basis are accounted for in an internal service fund. The District’s internal service fund is the Workers’ Compensation Fund.

Fiduciary Funds:

3. **Custodial Funds** - The District accounts for resources held for others in a custodial capacity in custodial funds. The District’s custodial fund is the Student Activity Account.

E. FUND BALANCE POLICY

The District reports fund balance for governmental funds in classifications based primarily on the extent to which the district is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The **nonspendable** classification represents assets that will be consumed or “must be maintained intact” and therefore will never convert to cash, such as inventories of supplies. Provisions of laws, contracts, and grants specify how fund resources can be used in the **restricted** classification. The nature of these two classifications precludes a need for a policy from the Board. However, the Board has adopted fund balance policies for the three unrestricted classifications – committed, assigned, and unassigned.

From time to time, the Board may commit fund balances by a majority vote in a scheduled meeting. The Board’s commitment may be modified or rescinded by a majority vote in a scheduled meeting. Board commitments cannot exceed the amount of fund balance that is greater than the sum of nonspendable and restricted fund balances since that practice would commit funds that the district does not have. Commitments may be for facility expansion or renovation, program modifications, wage and salary adjustments, financial cushions, and other purposes determined by the Board.

The Board may delegate authority to specified persons or groups to make assignments of certain fund balances by a majority vote in a scheduled meeting. The Board may modify or rescind its delegation of authority by the same action. The authority to make assignments shall be in effect until modified or rescinded by the Board by majority vote in a scheduled meeting. The Board has delegated this authority to the Superintendent or Assistant Superintendent for Business and Operations.

When the District incurs expenditures that can be made from either restricted or unrestricted balances, the expenditures should be charged to restricted balances. When the District incurs expenditures that can be made from either committed, assigned, or unassigned balances, the expenditures should be charged in the same order.

Nonspendable		
Inventories in the general fund		\$ -
Total Nonspendable		<u>-</u>
Restricted		
Capital acquisition		56,067,282
Debt service		5,542,220
Federal or state grants		<u>1,832,889</u>
Total Restricted		<u>63,442,391</u>
Committed		
Construction		4,000,000
Special revenue funds		<u>110,533</u>
Total Committed		<u>4,110,533</u>
Unassigned		<u>21,540,029</u>
Total Fund Balances		<u><u>\$ 89,092,953</u></u>

F. OTHER ACCOUNTING POLICIES

1. The District reports inventories of supplies at cost including consumable custodial, maintenance, instructional, and office supplies. Inventories of supplies are recorded as expenditures when they are consumed rather than when they are purchased. Although commodities are received at no cost, their fair market value is supplied by the Texas Department of Human Services and recorded as revenue when received. When requisitioned, inventory is relieved, and expenditures are charged.
2. Cash and cash equivalents include cash and high liquid investments such as investment pools.
3. Unearned revenue accounted for on the Balance Sheet relates to excess funds received from funding sources over earned amounts.
4. The District provides risk management obligations by carrying appropriate insurance. Property and general liability insurance are obtained from a licensed insurer. Risk of loss is not retained by the District.
5. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.
6. The Data Control Codes refer to the account code structure prescribed by TEA in the *Financial Accountability System Resource Guide*. Texas Education Agency requires school districts to display these codes in the financial statements filed with the Agency in order to ensure accuracy in building a Statewide data base for policy development and funding plans.
7. In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District's deferred outflows of resources consist of differences between expected and actual actuarial experience (pension & OPEB), changes in actuarial assumptions (pension & OPEB), differences between projected and actual investment earnings (OPEB), change in proportion and differences between employer's contributions and the proportionate share of contributions (pension & OPEB), and contributions paid to TRS subsequent to the measurement date (pension & OPEB).
8. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has one type of item which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Uncollected property taxes which are assumed collectible are reported in this category on the balance sheet for governmental funds. They are not reported in this category on the government-wide Statement of Net Position. In the government-wide financial statements, the District reports a deferred inflow of resources for differences between expected and actual actuarial experience (pension & OPEB), changes in actuarial assumptions (pension & OPEB), difference between projected and actual investment earnings (pension), and changes in proportion and differences between employer's contributions and the proportionate share of contributions (pension).

9. In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. The District implemented GASB 87 for reporting leases during the reporting period. A right-to-use lease is defined as a contract that conveys control of another entity's nonfinancial asset as specified in the contract for a period of time in an exchange or exchange-like transaction. To be accounted for as a lease, the lease must meet the definition of a "long-term" lease provided in GASB 87 and must meet the capitalization level set by the Board. The right-to-use lease liability is reported in the government-wide statements. The lease liability is calculated as the present value of the reasonably certain expected payments to be made over the term of the lease and the interest included in the lease payment is recorded as an expense.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing resources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures. With GASB 87, the initial measure of a new right-to-use lease arrangement is reported in government fund types as an other financial source during the current period. Monthly payments are reported as principal and interest payments during the reporting period of the fund level statements.

10. Upon separation from the District, an employee in good standing who has ten or more years of employment in the District and who has accumulated 15 or more local leave days shall be paid one-third of the employee's daily rate of pay for the accrued and unused local leave days, up to a maximum of \$5,000.
11. Capital assets, which include land, buildings, furniture and equipment, and right-to-use lease assets are reported in the applicable governmental columns in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The right-to-use lease asset capitalization level is determined by the Board. The term of the lease must be the noncancelable period during which the District has the right to use the tangible assets of another entity plus any periods in which either the lessee or the lessor has the sole option to extend the lease if it is reasonably certain the option will be exercised, plus any periods in which either the lessee or the lessor has the sole option to terminate the lease if it is reasonably certain the option will not be exercised by that party and must not meet the definition of a short-term lease under GASB 87. If the lease is in a governmental fund, the full amount of the lease asset will be reported as an expenditure in the fund level statements the year the agreement is made. Note, with existing contracts that were evaluated as leases for this year of implementation, the recording of the lease asset and liability would not be reported in governmental fund statements but would be reported in the government-wide statements.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Buildings, furniture and equipment, and lease assets of the District are depreciated using the straight-line method over the following estimated useful lives or, for the lease asset, for the term of the lease if the estimated useful life is longer than the term of the lease, if there is an option to purchase, which is expected to be exercised:

<u>Assets</u>	<u>Years</u>
Buildings	40
Vehicles	7-15
Equipment	5-15

II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. BUDGETARY DATA

The Board adopts an “appropriated budget” for the General Fund, Debt Service Fund, and the Food Service Fund which is included in the Special Revenue Funds. The District is required to present the adopted and final amended budgeted revenues and expenditures for each of these funds. The District compares the final amended budget to actual revenues and expenditures. The General Fund Budget report appears in Exhibit G-1 and the other two reports appear in Exhibits J-2 and J-3.

The following procedures are followed in establishing the budgetary data reflected in the basic financial statements:

1. Prior to August 20, the District prepares a budget for the next succeeding fiscal year beginning September 1. The operating budget includes proposed expenditures and the means of financing them.
2. A meeting of the Board is then called for the purpose of adopting the proposed budget. At least ten days’ public notice of the meeting must be given.
3. Prior to September 1, the budget is legally enacted through passage of a resolution by the Board. Once a budget is approved, it can only be amended at the function and fund level by approval of a majority of the members of the Board. Amendments are presented to the Board at its regular meetings. Each amendment must have Board approval. As required by law, such amendments are made before the fact, are reflected in the official minutes of the Board, and are not made after fiscal year-end. Because the District has a policy of careful budgetary control, several amendments were necessary during the year.
4. Each budget is controlled by the budget coordinator at the revenue and expenditure function/object level. Budgeted amounts are as amended by the Board. All budget appropriations lapse at year-end. A reconciliation of fund balances for both appropriated budget and nonappropriated budget special revenue funds is as follows:

<u>August 31, 2022</u>	
<u>Fund Balance</u>	
Appropriated Budget Funds - Food Service Special Revenue Funds	\$ 1,832,889
Nonappropriated Budget Funds	<u>110,533</u>
All Special Revenue Funds	<u><u>\$ 1,943,422</u></u>

B. EXPENDITURES IN EXCESS OF APPROPRIATIONS

As noted in Exhibit J-2, the Child Nutrition Program had expenditures in excess of budget in function 35 of \$45,927.

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNT GROUPS

A. CASH, CASH EQUIVALENTS, AND INVESTMENTS

Cash and Cash Equivalents

District Policies and Legal and Contractual Provisions Governing Deposits

Custodial Credit Risk for Deposits - State law requires governmental entities to contract with financial institutions in which funds will be deposited to secure those deposits with insurance or pledged securities with a fair value equaling or exceeding the amount on deposit at the end of each business day. The pledged securities must be in the name of the governmental entity and held by the entity or its agent. Since the District complies with this law, it has no custodial credit risk for deposits.

At fiscal year-end, the District had funds on deposit of \$3,079,458 in excess of FDIC coverage, fully secured by pledged securities of the depository bank.

District Policies and Legal and Contractual Provisions Governing Investments

Compliance with the Public Funds Investment Act

The **Public Funds Investment Act**, Government Code Chapter 2256 (the Act), contains specific provisions in the areas of investment practices, management reports, and establishment of appropriate policies. Among other things, it requires a governmental entity to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity; (2) portfolio diversification; (3) allowable investments; (4) acceptable risk levels; (5) expected rates of return; (6) maximum allowable stated maturity of portfolio investments; (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio; (8) investment staff quality and capabilities; and (9) bid solicitation preferences for certificates of deposit.

Statutes authorize the entity to invest in (1) obligations of the U.S. Treasury, certain U.S. agencies, and the State of Texas and its agencies, (2) guaranteed or secured certificates of deposit issued by state and national banks domiciled in Texas, (3) obligations of states, agencies, counties, cities, and other political subdivisions of any state having been rated as to investment quality not less than an "A", (4) no load money market funds with a weighted average maturity of 90 days or less, (5) fully collateralized repurchase agreements, (6) commercial paper having a stated maturity of 270 days or less from the date of issuance and is not rated less than A-1 or P-1 by two nationally recognized credit rating agencies OR one nationally recognized credit agency and is fully secured by an irrevocable letter of credit, (7) secured corporate bonds rated no lower than "AA-" or the equivalent, (8) public funds investment pools, and (9) guaranteed investment contracts for bond proceeds investment only, with a defined termination date and secured by U.S. Government direct or agency obligations approved by the Texas Public Funds Investment Act in an amount equal to the bond proceeds. The Act also requires the entity to have independent auditors perform test procedures related to investment practices as provided by the Act. The District is in substantial compliance with the requirements of the Act and with local policies.

As of August 31, 2022, the District had the following investments, which are classified on the Balance Sheet as cash and cash equivalents:

Investment Type	Credit Rating	Amount	Maturity		
			Less than 1 Year	1-5 Years	10+ Years
External Investment Pools	AAAm	\$ 86,542,099	\$ -	\$ -	\$ -
Total		\$ 86,542,099	\$ -	\$ -	\$ -

Additional policies and contractual provisions governing deposits and investments of the District are specified below:

Credit Risk - To limit the risk that an issuer or other counterparty to an investment will not fulfill its obligations, the District limits investments to those allowed by Government Code 2256. As of August 31, 2022, the District's investments were limited to investment pools.

Custodial Credit Risk for Investments - To limit the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that are in possession of an outside party. The District requires counterparties to register the securities in the name of the District's custodian and hand them over to the District or its designated agent. All of the securities are held by the District's agent.

Concentration of Credit Risk - To limit the risk of loss, the District's investment portfolio is diversified in terms of investment instruments, maturity schedule, and financial institutions.

Interest Rate Risk - To limit the risk that changes in interest rates will adversely affect the fair value of investments, the District's investment portfolio has various maturities.

Foreign Currency Risk for Investment - The District has no foreign currency investments.

Fair Value Measurement

The District categorizes its fair value measurements with the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient are not classified in the fair value hierarchy. In instances where inputs used to measure fair value fall into different levels in the above fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The District's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset or liability.

Investments	Amount	Fair Value Measurement Using Input:		
		Level 1	Level 2	Level 3
External Investment Pools	\$ 86,542,099	\$ -	\$ 86,542,099	\$ -
Total	\$ 86,542,099	\$ -	\$ 86,542,099	\$ -

The investment pools used by the District are organized under the authority of the Interlocal Cooperation Act, Chapter 791, Texas Government Code, and the Public Funds Investment Act, Chapter 2256, Texas Government Code. The investment pools are public funds investment pools created to provide a safe environment for the placement of local government funds in authorized short-term investment.

The District's investment in investment pools, which are exempt from regulation by the Securities and Exchange Commission, have as one of their objectives the maintenance of stable net asset value of \$1. The book value of the position in the pools is the same as the number of the shares in each pool; the market value of a share should approximately equal the book value of a share.

Lone Star Investment Pool (the Pool): The Pool's liquidity fund operates in a manner consistent with the SEC Rule 2a7 of the Investment Company Act of 1940, which allows the fund to use amortized cost rather than market value to report net assets to compute share prices. Accordingly, the fair value of the District's position in the Pool is the same as the value of the Pool's shares and does not include any unrealized gains and losses.

The Pool is governed by an eleven-member Board of Trustees made up of active participants in the Pool. The Board of Trustees has the responsibility of adopting and monitoring compliance with the investment policy, appointing investment officers, overseeing the selection of an investment advisor, custodian, investment consultant, administrator, and other service providers. The Board of Trustees is also responsible for monitoring performance of the Pool. Financial information for the Pool can be obtained by writing to Post Office Box 400, Austin, Texas, 78767-0400 or by calling 1-800-758-3927.

B. PROPERTY TAXES

Property taxes are levied by October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in the District in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. On January 31 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed. Property tax revenues are considered available (1) when they become due or past due and receivable within the current period, and (2) when they are expected to be collected during a 60-day period after the close of the school fiscal year.

C. DELINQUENT TAXES RECEIVABLE

Delinquent taxes are prorated between maintenance and debt service based on rates adopted for the year of the levy. Allowances for uncollectible tax receivables within the General and Debt Service Funds are based on historical experience in collecting property taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the District is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature.

D. INTERFUND BALANCES AND TRANSFERS

Interfund balances at August 31, 2022 consisted of the following amounts:

Due to General Fund From:		
Intrafund		\$ 448,393
Capital Projects Fund		49
Nonmajor Funds		<u>35,613</u>
Total Due to General Fund		<u><u>\$ 484,055</u></u>
 Due to Capital Projects Fund From:		
Nonmajor Funds		<u>\$ 38,068</u>
Total Due to Capital Projects Fund		<u><u>\$ 38,068</u></u>
 Transfers From General Fund To:		
National Breakfast and Lunch Program		<u>\$ 1,080</u>
Total Transferred From General Fund		<u><u>\$ 1,080</u></u>

Interfund balances are primarily in support of payroll clearing and operating activities.

E. DISAGGREGATION OF RECEIVABLES AND PAYABLES

Receivables at August 31, 2022, were as follows:

	Property Taxes	Other Governments	Due From Other Funds	Other	Total Receivables
Governmental Activities:					
General Fund	\$ 1,144,206	\$ 5,272,984	\$ 484,055	\$ 30,919	\$ 6,932,164
Debt Service Fund	497,371	-	-	450	497,821
Capital Projects	-	-	38,068	-	38,068
Nonmajor Governmental Funds	-	1,271,781	-	-	1,271,781
Total Governmental Activities	<u>\$ 1,641,577</u>	<u>\$ 6,544,765</u>	<u>\$ 522,123</u>	<u>\$ 31,369</u>	<u>\$ 8,739,834</u>
Amount not scheduled for collection during subsequent year	<u>\$ 164,158</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 164,158</u>

Payables at August 31, 2022, were as follows:

	Accounts Payables	Salaries and Benefits	Due to Other Funds	Due to Other Governments	Other	Total Payables
Governmental Activities:						
Governmental Fund-						
General Fund	\$ 129,902	\$ 5,140,317	\$ 448,393	\$ -	\$ -	\$ 5,718,612
Debt Service Fund	450	-	-	8,091	-	8,541
Capital Projects Funds	-	-	49	-	-	49
Nonmajor Governmental Funds	2,792	459,661	73,681	1,395	-	537,529
Total Governmental Activities	<u>\$ 133,144</u>	<u>\$ 5,599,978</u>	<u>\$ 522,123</u>	<u>\$ 9,486</u>	<u>\$ -</u>	<u>\$ 6,264,731</u>
Proprietary Fund-						
Internal Service Fund	<u>\$ 795,192</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 795,192</u>
Amount not scheduled for payment during subsequent year	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

F. CAPITAL ASSET ACTIVITY

Capital asset activity for the year ended August 31, 2022 was as follows:

	Beginning Balance	Additions	Reclassifications and Deletions	Ending Balance
Governmental Activities:				
Land	\$ 9,068,221	\$ 4,059,942	\$ -	\$ 13,128,163
Buildings and improvements	172,990,391	794,405	30,237,610	204,022,406
Equipment	15,915,563	696,224	(60,720)	16,551,066
Right to use lease assets - furniture & equipment	-	241,675	-	241,675
Construction in progress	30,271,333	315,694	(30,237,610)	349,417
Total at historical cost	<u>228,245,508</u>	<u>6,107,940</u>	<u>(60,720)</u>	<u>234,292,728</u>
Less accumulated depreciation				
Buildings and improvements	(44,408,078)	(5,025,784)	-	(49,433,862)
Equipment	(9,862,081)	(1,076,626)	60,720	(10,877,987)
Right to use lease assets - furniture & equipment	-	(96,670)	-	(96,670)
Total accumulated depreciation	<u>(54,270,159)</u>	<u>(6,199,080)</u>	<u>60,720</u>	<u>(60,408,519)</u>
Governmental activities capital assets, net	<u>\$ 173,975,349</u>	<u>\$ (91,140)</u>	<u>\$ -</u>	<u>\$ 173,884,209</u>

Depreciation expense was charged to governmental activities as follows:

Instruction	\$ 3,287,685
Instructional resources and media services	53,459
Curriculum and instructional staff development	47,595
Instructional leadership	99,915
School leadership	272,716
Guidance, counseling and evaluation services	136,504
Social work services	34,471
Health services	74,748
Student (pupil) transportation	371,771
Food services	512,636
Extracurricular activities	190,853
General administration	163,251
Facilities maintenance and operations	715,650
Security and monitoring services	87,881
Data processing services	145,855
Community services	<u>4,090</u>
Total Depreciation Expense	<u><u>\$ 6,199,080</u></u>

G. BONDS PAYABLE

Bonded indebtedness of the District is reflected in the Statement of Net Position, and current requirements for principal and interest expenditures are accounted for in the Debt Service Fund. The bonds mature serially and term through the year 2051, with interest rates of 0.0536% to 5.0%.

A summary of changes in bonds payable for the year ended August 31, 2022 is as follows:

Description	Interest Rate Payable	Amounts Original Issue	Interest Current Year	Payable Amounts Outstanding 9/1/2021	Issued	Retired/ Refunded	Amounts Outstanding 8/31/2022	Amounts Due Within One Year
Unlimited Tax Refunding Bonds Series 2014	2.00% - 4.00%	6,937,932	147,000	6,937,932	-	-	6,937,932	862,247
Unlimited Tax Refunding Bonds Series 2015	2.00% - 4.00%	8,665,000	333,650	8,525,000	-	-	8,525,000	115,000
Unlimited Tax Refunding Bonds Series 2015A	2.00% - 4.00%	6,800,000	116,425	3,845,000	-	545,000	3,300,000	570,000
Unlimited Tax Refunding Bonds Series 2016	2.00% - 5.00%	22,079,220	630,550	17,340,000	-	2,215,000	15,125,000	325,000
Unlimited Tax School Building Bonds, Series 2016	2.00% - 4.00%	71,080,000	2,820,000	70,950,000	-	90,000	70,860,000	235,000
Unlimited Tax School Building Bonds, Series 2019	2.25% - 5.00%	47,035,000	1,586,275	43,765,000	-	525,000	43,240,000	1,465,000
Unlimited Tax School Building Bonds, Series 2021	3.00% - 5.00%	39,255,000	1,143,953	39,255,000	-	3,030,000	36,225,000	2,470,000
Unlimited Tax School Building Bonds, Series 2022	5.00% - 4.00%	14,695,000	-	-	14,695,000	-	14,695,000	150,000
Totals			\$ 6,777,853	\$ 190,617,932	\$ 14,695,000	\$ 6,405,000	\$ 198,907,932	\$ 6,192,247

On May 4, 2019, voters of the District approved the issuance of \$107,000,000 of Unlimited Tax School Building Bonds by the District for school facilities and the levying of a tax in payment thereof. As of August 31, 2022, \$100,985,000 of the bonds have been issued.

Debt service requirements are as follows:

Year Ended August 31,	Principal	Interest	Total Requirements
2023	\$ 6,192,247	\$ 7,818,306	\$ 14,010,553
2024	3,926,072	7,603,937	11,530,009
2025	4,002,934	7,527,075	11,530,009
2026	4,348,795	7,743,685	12,092,480
2027	4,872,884	7,203,165	12,076,049
2028-2032	29,765,000	30,620,250	60,385,250
2033-2037	36,040,000	24,339,300	60,379,300
2038-2042	43,680,000	16,702,950	60,382,950
2043-2047	46,950,000	7,721,925	54,671,925
2048-2051	19,130,000	1,348,525	20,478,525
Total	<u>\$ 198,907,932</u>	<u>\$ 118,629,118</u>	<u>\$ 317,537,050</u>

There are a number of limitations and restrictions contained in the general obligation bond indenture. Management has indicated that the District is in compliance with all significant limitations and restrictions at August 31, 2022.

H. RIGHT-TO-USE LEASE LIABILITIES PAYABLE

The District leases laptops with an agreement having a 5-year term. Annual payments of \$86,046 are made which consist of principal and annual interest of 3.38%. No assets were pledged as collateral for this lease.

A summary of right-to-use lease arrangements for the year ended August 30, 2022 is as follows:

Description	Date of Issue	Maturity	Interest Rate	Interest Current Year	Amounts Outstanding 9/1/2021	Issued	Retired	Amounts Outstanding 8/31/2022	Amounts Due Within One Year
Technology Equipment	2/29/2020	2/29/2024	3.38%	\$ 8,169	\$ 241,676	\$ -	\$ 77,896	\$ 163,780	\$ 80,529
Totals				<u>\$ 8,169</u>	<u>\$ 241,676</u>	<u>\$ -</u>	<u>\$ 77,896</u>	<u>\$ 163,780</u>	<u>\$ 80,529</u>

Future principal and interest payments due to maturity as of the end of the fiscal year are as follows:

Year Ended August 31,	Principal	Interest	Total Requirements
2023	\$ 80,529	\$ 5,536	\$ 86,065
2024	83,251	2,814	86,065
2025	-	-	-
2026	-	-	-
Total	<u>\$ 163,780</u>	<u>\$ 8,350</u>	<u>\$ 172,130</u>

I. CHANGES IN LONG-TERM LIABILITIES

Long-term activities for the year ended August 31, 2022, was as follows:

	Balance 9/1/2021	Additions	Retirement	Balance 8/31/2022	Due Within One Year
Governmental Activities:					
Bonds	\$ 190,617,932	\$ 14,695,000	\$ 6,405,000	\$ 198,907,932	\$ 6,192,247
Right-to-use lease liabilities	241,676	-	77,896	163,780	80,529
Compensated absences	157,983	124,596	157,983	124,596	124,596
Total Governmental Activities	191,017,591	14,819,596	6,640,879	199,196,308	6,397,372
Accreted interest on capital					
Appreciation Bonds, Series 2014	1,074,959	179,150	-	1,254,109	-
Bond Premium, Refunding Series 2014	1,846,344	-	142,027	1,704,317	-
Bond Premium, Refunding Series 2015	812,185	-	70,625	741,560	-
Bond Premium, Refunding Series 2015A	305,784	-	42,667	263,117	-
Bond Premium, Refunding Series 2016	2,333,639	-	185,455	2,148,184	-
Bond Premium, Series 2015	6,138,037	-	293,452	5,844,585	-
Bond Premium, Series 2019	2,962,141	-	105,791	2,856,350	-
Bond Premium, Series 2021	2,829,675	-	94,323	2,735,352	-
Bond Premium, Series 2022	-	415,500	13,850	401,650	-
Totals	\$ 209,320,355	\$ 15,414,246	\$ 7,589,069	\$ 217,145,532	\$ 6,397,372

On October 15, 2015, the District issued \$6,800,000 of Unlimited Tax Refunding Bonds, Series 2015A. The proceeds of the bonds were used for refunding certain maturities of the 2006 Series Bonds. The Series 2006 maturities of February 15, 2019 through February 15, 2031 totaling \$7,405,000, with an average interest rate of 4.238% were refunded by the 2015A Series Bonds with an average interest rate of 2.064%. The cash flow savings to the District as a result of this refunding was \$1,849,588. The net present value savings is \$1,187,498. The proceeds of the refunding bonds were used to purchase U.S. Government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for certain debt service payments on the Series 2006 bonds through 2031. As a result, those portions of the Series 2006 Bonds were considered defeased and the liability for those bonds has been removed from the District's long-term debt accounting group. The defeased Series 2006 bonds are callable on August 15, 2025.

On March 1, 2016, the District issued \$22,079,220 of Unlimited Tax Refunding Bonds, Series 2016. The proceeds of the bonds were used for refunding certain maturities of the 2007 Series Bonds. The Series 2007 maturities of February 15, 2019 through February 15, 2037 totaling \$22,079,220, with an average interest rate of 4.999% were refunded by the 2017 Series Bonds with an average interest rate of 3.097%. The cash flow savings to the District as a result of this refunding was \$8,009,466. The net present value savings is \$4,901,874. The proceeds of the refunding bonds were used to purchase U.S. Government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for certain debt service payments on the Series 2007 bonds through 2037. As a result, those portions of the Series 2007 Bonds were considered defeased and the liability for those bonds has been removed from the District's long-term debt accounting group. The defeased Series 2007 bonds are callable on February 15, 2026.

On August 15, 2022, the District deposited \$1,130,000 of its existing resources with an escrow agent in trust for the defeasance of \$1,130,000 of bonds from its Unlimited Tax School Building Bonds, Series 2021 that mature February 15, 2051. By placing the funds in trust with the escrow agent, the District looks to exercise the call date of August 15, 2022. Total debt service to maturity of the bonds amounts to \$2,292,431 and total debt service to the call date amounts to \$1,130,000, for a total cash flow savings to the District of \$1,162,431. As a result, those portions of the bonds refunded were considered defeased and the liability for those bonds has been removed from the District's long-term debt account groups.

J. ACCUMULATED UNPAID VACATION AND LEAVE BENEFITS

The State of Texas has created a minimum personal leave program consisting of five days per year leave with no limit on accumulation and transferability among districts for every teacher regularly employed in Texas public schools.

Each district's local Board of Education is required to establish a leave plan. Local school districts may provide additional leave beyond the state minimum. The District provides that upon separation from the District, an employee in good standing who has ten or more years of employment in the District and who has accumulated 15 or more local leave days shall be paid one-third of the employee's daily rate of pay for the accrued and unused local leave days, up to a maximum of \$5,000. This liability has been recorded in the General Long-term Debt account group.

K. DEFINED BENEFIT PENSION PLAN

Plan Description. The District participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). It is a defined benefit pension plan established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard workload and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

Pension Plan Fiduciary Net Position. Detailed information about the Teacher Retirement System's fiduciary net position is available in a separately issued Annual Comprehensive Financial Report (ACFR) that includes financial statements and required supplementary information. That report may be obtained on the Internet at https://www.trs.texas.gov/Pages/about_publications.aspx; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

Benefits Provided. TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service, or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic post-employment benefit changes; including automatic COLAs. Ad hoc post-employment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the Plan description above.

Texas Government Code section 821.006 prohibits benefit improvements, if, as a result of the particular action, the time required to amortize TRS' unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. Actuarial implications of the funding provided in the manner are determined by the System's actuary.

Contributions. Contribution requirements are established or amended pursuant to Article 16, Section 67 of the Texas Constitution which requires the Texas Legislature to establish a member contribution rate of not less than 6 percent of the member's annual compensation and a state contribution rate of not less than 6 percent and not more than 10 percent of the aggregate annual compensation paid to members of the System during the fiscal year.

Employee contribution rates are set in state statute, Texas Government Code 825.402. The TRS Pension Reform Bill (Senate Bill 12) of the 86th Texas Legislature amended Texas Government Code 825.402 for member contributions and increased employee and employer contribution rates for fiscal years 2020 thru 2025.

Contributions Rates		
	<u>2021</u>	<u>2022</u>
Member	7.70%	8.00%
Non-Employer Contributing Entity (State)	7.50%	7.75%
Employers	7.50%	7.50%
District's 2022 FY Employer Contributions		\$ 1,729,609
District's 2022 FY Member Contributions		\$ 3,844,362
Measurement Year NECE On-Behalf Contributions		\$ 2,337,113

Contributors to the plan include members, employers and the State of Texas as the only non-employer contributing entity. The State is the employer for senior colleges, medical schools, and state agencies including TRS. In each respective role, the State contributes to the plan in accordance with state statutes and the General Appropriations Act (GAA).

As the non-employer contributing entity for public education, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers including public schools are required to pay the employer contribution rate in the following instances:

- * On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- * During a new member's first 90 days of employment.
- * When any part, or all of an employee's salary is paid by federal funding sources or a privately sponsored source, from non-educational and general, or local funds.

In addition to the employer contributions listed above, there is an additional surcharge an employer is subject to.

- * All public schools, charter schools, and regional educational service centers must contribute 1.6 percent of the member's salary beginning in fiscal year 2021, gradually increasing to 2 percent in fiscal year 2025.
- * When employing a retiree of the Teacher Retirement System the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.

Actuarial Assumptions.

The total pension liability in the August 31, 2020 actuarial valuation was determined using the following actuarial assumptions:

Valuation Date	August 31, 2020 rolled forward to August 31, 2021
Actuarial Cost Method	Individual Entry Age Normal
Asset Valuation Method	Fair Value
Single Discount Rate	7.25%
Long-term Expected Rate	7.25%
Municipal Bond Rate as of August 2020	1.95%. Source for the rate is the Fixed Income Market Data/Yield Curve/Data Municipal Bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-Year Municipal GO AA Index."
Last year ending August 31 in Projection Period (100 years)	2120
Inflation	2.30%
Salary Increases	3.05% to 9.05% including inflation
Ad-Hoc Post-Employment Benefit Changes	None

The actuarial methods and assumptions used in the determination of the total pension liability assumptions are the same assumptions used in the actuarial valuation as of August 31, 2020. For a full description of these assumptions please see the actuarial valuation report dated November 9, 2020.

Discount Rate. A single discount rate of 7.25 percent was used to measure the total pension liability. The single discount rate was based on the expected rate of return on plan investments of 7.25 percent. The projection of cash flows used to determine the single discount rate assumed that contributions from active members, employers and the non-employer contributing entity will be made at the rates set by the legislature during the 2020 session. It is assumed that future employer and state contributions will be 8.50 percent of payroll in fiscal year 2020 gradually increasing to 9.55 percent of payroll over the next several years. This includes all employer and state contributions for active and rehired retirees.

Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term expected rate of return on pension plan investments is 7.25 percent. The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the Systems target asset allocation as of August 31, 2021 are summarized below:

Asset Class*	Target Allocation** %	Long-Term Expected Geometric Real Rate of Return***	Expected Contribution to Long-Term Portfolio Returns
Global Equity			
USA	18.00%	3.60%	0.94%
Non-U.S. Developed	13.00%	4.40%	0.83%
Emerging Markets	9.00%	4.60%	0.74%
Private Equity	14.00%	6.30%	1.36%
Stable Value			
Government Bonds	16.00%	-0.20%	0.01%
Absolute Return	0.00%	1.10%	0.00%
Stable Value Hedge Funds	5.00%	2.20%	0.12%
Real Return			
Real Estate	15.00%	4.50%	1.00%
Energy, Natural Resources & Infrastructure	6.00%	4.70%	0.35%
Commodities	0.00%	1.70%	0.00%
Risk Parity			
Risk Parity	8.00%	2.80%	0.28%
Asset Allocation Leverage			
Cash	2.00%	-0.70%	-0.01%
Asset Allocation Leverage	-6.00%	-0.50%	0.03%
Inflation Expectation			2.20%
Volatility Drag****			-0.95%
Expected Return	100%		6.90%

* Absolute Return includes Credit Sensitive Investments.

** Target allocations are based on the FY2020 policy model.

*** Capital Market Assumptions come from Aon Hewitt (as of 08/31/2020).

**** The volatility drag results from the conversion between arithmetic and geometric mean returns.

Discount Rate Sensitivity Analysis. The following table presents the Net Pension Liability of the plan using the discount rate of 7.25 percent, and what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.25 percent) or one percentage point higher (8.25 percent) than the current rate.

	1% Decrease in Discount Rate (6.25%)	Discount Rate (7.25%)	1% Increase in Discount Rate (8.25%)
District's proportionate share of the net pension liability:	\$16,964,847	\$7,763,668	\$298,719

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At August 31, 2022, the District reported a liability of \$7,763,668 for its proportionate share of the TRS's net pension liability. This liability reflects a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the collective net pension liability	\$ 7,763,668
State's proportionate share that is associated with the District	13,946,890
Total	<u>\$ 21,710,558</u>

The net pension liability was measured as of August 31, 2020 and rolled forward to August 31, 2021 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer's proportion of the net pension liability was based on the employer's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2020 thru August 31, 2021.

At August 31, 2021 the employer's proportion of the collective net pension liability was 0.00304858530% which was an increase of 0.0015606204% from its proportion measured as of August 31, 2020.

Changes Since the Prior Actuarial Valuation

There were no changes in assumptions since the prior measurement date.

For the year ended August 31, 2022, the District recognized pension expense of \$55,758 and revenue of \$55,758 for support provided by the State in the Government Wide Statement of Activities.

At August 31, 2022, the District reported its proportionate share of the TRS deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual actuarial experience	\$ 12,992	\$ 546,568
Changes in actuarial assumptions	2,744,305	1,196,282
Net difference between projected and actual investment earnings	-	6,509,735
Changes in proportion and differences between the employer's contributions and the proportionate share of contributions	1,530,264	484,291
Contributions paid to TRS subsequent to the measurement date	1,729,609	-
Total	<u>\$ 6,017,170</u>	<u>\$ 8,736,876</u>

The net amounts of the employer's balances of deferred outflows and inflows (not including the deferred contribution paid subsequent to the measurement date) of resources related to pensions will be recognized in pension expense as follows:

Measurement year ended August 31:	Pension Expense Amount
2023	\$ (609,312)
2024	(703,797)
2025	(1,296,004)
2026	(1,890,852)
2027	29,940
Thereafter	20,710

L. DEFINED OTHER POST-EMPLOYMENT BENEFIT PLANS

Plan Description. The District participates in the Texas Public School Retired Employees Group Insurance Program (TRS-Care). It is a multiple-employer, cost-sharing defined Other Post-Employment Benefit (OPEB) plan that has a special funding situation. The TRS-Care program was established in 1986 by the Texas Legislature.

The TRS Board of Trustees administers the TRS-Care program and the related fund in accordance with the Texas Insurance Code Chapter 1575. The Board of Trustees is granted the authority to establish basic and optional group insurance coverage for participants as well as to amend benefit terms as needed under Chapter 1575.052. The Board may adopt rules, plans, procedures, and orders reasonably necessary to administer the program, including minimum benefits and financing standards.

OPEB Plan Fiduciary Net Position. Detail information about the TRS-Care's fiduciary net position is available in the separately issued TRS Annual Comprehensive Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at www.trs.texas.gov/Pages/about_publications.aspx; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

Components of the net OPEB liability of the TRS-Care plan as of August 31, 2021 are as follows:

Net OPEB Liability	Total
Total OPEB Liability	\$ 41,113,711,083
Less: Plan fiduciary net position	(2,539,242,470)
Net OPEB liability	<u>\$ 38,574,468,613</u>
Net position as a percentage of total OPEB liability	<u>6.18%</u>

Benefits Provided. TRS-Care provides health insurance coverage to retirees from public and charter schools, regional education service centers and other educational districts who are members of the TRS pension plan. Optional dependent coverage is available for an additional fee.

Eligible non-Medicare retirees and their dependents may enroll in TRS-Care Standard, a high-deductible health plan. Eligible Medicare retirees and their dependents may enroll in the TRS-Care Medicare Advantage medical plan and the TRS-Care Medicare Rx prescription drug plan. To qualify for TRS-Care coverage, a retiree must have at least 10 years of service credit in the TRS pension system. There are no automatic post-employment benefit changes; including automatic COLAs.

The premium rates for retirees are reflected in the following table:

TRS-Care Monthly Premium Rates

	Medicare		Non-Medicare
Retiree*	\$ 135		\$ 200
Retiree and Spouse	529		689
Retiree* and Children	468		408
Retiree and Family	1,020		999

*or surviving spouse

Contributions. Contribution rates for the TRS-Care plan are established in state statute by the Texas Legislature, and there is no continuing obligation to provide benefits beyond each fiscal year. The TRS-Care plan is currently funded on a pay-as-you-go basis and is subject to change based on available funding. Funding for TRS-Care is provided by retiree premium contributions and contributions from the state, active employees, and school districts based upon public school district payroll. The TRS Board of Trustees does not have the authority to set or amend contribution rates.

Texas Insurance Code, Section 1575.202 establishes the state's contribution rate, which is 1.25 percent of the employee's salary. Section 1575.203 establishes the active employee's rate, which is .75 percent of pay. Section 1575.204 establishes an employer contribution rate of not less than 0.25 percent or not more than 0.75 percent of the salary of each active employee of the public school. The actual employer contribution rate is prescribed by the Legislature in the General Appropriations Act. The following table shows contributions to the TRS-Care plan by type of contributor.

Contributions Rates

	2021		2022
Active Employee	0.65%		0.65%
Non-Employer Contributing Entity (State)	1.25%		1.25%
Employers	0.75%		0.75%
Federal/private Funding Remitted by Employers	1.25%		1.25%
District's 2022 FY Employer Contributions		\$	409,216
District's 2022 FY Member Contributions		\$	312,354
Measurement Year NECE On-Behalf Contributions		\$	466,437

In addition to the employer contributions listed above, there is an additional surcharge all TRS employers are subject to (regardless of whether or not they participate in the TRS Care OPEB program). When employers hire a TRS retiree, they are required to pay to TRS-Care, a monthly surcharge of \$535 per retiree.

TRS-Care received supplemental appropriations from the State of Texas as the Non-Employer Contributing Entity in the amount of \$5,520,343 in fiscal year 2021 for consumer protections against medical and health care billing by certain out-of-network providers.

Actuarial Assumptions.

The actuarial valuation was performed as of August 31, 2020. Update procedures were used to roll forward the Total OPEB Liability to August 31, 2021. The actuarial valuation was determined using the following actuarial assumptions:

The actuarial valuation of the OPEB plan offered through TRS-Care is similar to the actuarial valuation performed for the pension plan, except that the OPEB valuation is more complex. All of the demographic assumptions, including rates of retirement, termination, and disability, and most of the economic assumptions, including general inflation and salary increases, used in the OPEB valuation were identical to those used in the respective TRS pension valuation. The demographic assumptions were developed in the experience study performed for TRS for the period ending August 31, 2017.

The following assumptions and other inputs used for members of TRS-Care are based on an established pattern of practice and are identical to the assumptions used in the August 31, 2020 TRS pension actuarial valuation that was rolled forward to August 31, 2021:

Rates of Mortality	General Inflation
Rates of Retirement	Wage Inflation
Rates of Termination	Expected Payroll Growth
Rates of Disability Incidence	

The active mortality rates were based on 90 percent of the RP-2014 Employee Mortality Tables for males and females, with full generational mortality using Scale BB. The post-retirement mortality rates for healthy lives were based on the 2018 TRS of Texas Healthy Pensioner Mortality Tables, with full generational projection using the ultimate improvement rates from the most recently published scale MP-2018.

Additional Actuarial Methods and Assumptions:

Valuation Date	August 31, 2020 rolled forward to August 31, 2021
Actuarial Cost Method	Individual Entry Age Normal
Inflation	2.30%
Single Discount Rate	1.95% as of August 31, 2021
Aging Factors	Based on plan specific experience
Expenses	Third-party administrative expenses related to the delivery of health care benefits are included in the age-adjusted claims costs.
Salary Increases	3.05% to 9.05% including inflation
Ad-Hoc Post-Employment Benefit Changes	None

Discount Rate. A single discount rate of 1.95 percent was used to measure the total OPEB liability. There was a decrease of .38 percent in the discount rate since the previous year. Because the plan is essentially a pay-as-you-go plan, the single discount rate is equal to the prevailing municipal bond rate. The projection of cash flows used to determine the discount rate assumed that contributions from active members and those of the contributing employers and the non-employer contributing entity are made at the statutorily required rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to not be able to make all future benefit payments of current plan members. Therefore, the municipal bond rate was used for the long-term rate and was applied to all periods of projected benefit payments to determine the total OPEB liability.

The source of the municipal bond rate is the Fidelity “20-year Municipal GO AA Index” as of August 31, 2021 using the fixed income municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds.

Sensitivity of the Net OPEB Liability:

Discount Rate Sensitivity Analysis. The following schedule shows the impact of the Net OPEB Liability if the discount rate used was 1 percentage point lower than and 1 percentage point higher than the discount rate that was used (1.95%) in measuring the Net OPEB Liability.

	1% Decrease in Discount Rate (0.95%)	Discount Rate (1.95%)	1% Increase in Discount Rate (2.95%)
District's proportionate share of the Net OPEB Liability:	\$20,735,432	\$17,190,274	\$14,400,120

Healthcare Cost Trend Rates Sensitivity Analysis. The following schedule shows the impact of the OPEB liability if healthcare trend rate that is 1 percentage point less than and 1 percentage point greater than the health trend rates assumed.

	1% Decrease	Current Healthcare Cost Trend Rate	1% Increase
District's proportionate share of the Net OPEB Liability:	\$13,923,553	\$17,190,274	\$21,573,403

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs. At August 31, 2022, the District reported a liability of \$17,190,274 for its proportionate share of the TRS's Net OPEB Liability. This liability reflects a reduction for State OPEB support provided to the District. The amount recognized by the District as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the District were as follows:

District's proportionate share of the collective net OPEB liability	\$ 17,190,274
State's proportionate share that is associated with the District	23,031,137
Total	<u><u>\$ 40,221,411</u></u>

The Net OPEB Liability was measured as of August 31, 2020 and rolled forward to August 31, 2021 and the Total OPEB Liability used to calculate the Net OPEB Liability was determined by an actuarial valuation as of that date. The employer's proportion of the Net OPEB Liability was based on the employer's contributions to the OPEB plan relative to the contributions of all employers to the plan for the period September 1, 2020 thru August 31, 2021.

At August 31, 2021 the employer's proportion of the collective Net OPEB Liability was 0.0445638655% compared to 0.0428896096% as of August 31, 2020.

Changes Since the Prior Actuarial Valuation. The following were changes to the actuarial assumptions or other inputs that affected measurement of the Total OPEB liability (TOL) since the prior measurement period:

1. The discount rate changed from 2.33 percent as of August 31, 2020 to 1.95 percent as of August 31, 2021. This change increased the Total OPEB Liability.

Changes of Benefit Terms Since the Prior Measurement Date. There were no changes in benefit terms since the prior measurement date.

For the year ended August 31, 2022, the District recognized OPEB expense of \$850,025 and revenue of \$850,025 for support provided by the State.

At August 31, 2022, the District reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to other post-employment benefits from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual actuarial experience	\$ 740,123	\$ 8,321,295
Changes in actuarial assumptions	1,904,025	3,635,425
Net difference between projected and actual investment earnings	18,664	-
Changes in proportion and differences between the employer's contributions and the proportionate share of contributions	5,137,701	-
Contributions paid to TRS subsequent to the measurement date	409,216	-
Total	\$ 8,209,729	\$ 11,956,720

The net amounts of the employer's balances of deferred outflows and inflows (not including the deferred contribution paid subsequent to the measurement date) of resources related to OPEBs will be recognized in OPEB expense as follows:

Year ended August 31:	OPEB Expense Amount	Balance of Deferred Outflows (Deferred Inflows)
2023	\$ (1,010,521)	\$ (3,145,686)
2024	(1,010,942)	(2,134,744)
2025	(1,010,827)	(1,123,917)
2026	(558,334)	(565,583)
2027	54,267	(619,850)
Thereafter	(619,850)	-

M. MEDICARE PART D - ON BEHALF PAYMENTS

The Medicare Prescription Drug, Improvement and Modernization Act of 2003, which was effective January 1, 2006, established prescription drug coverage for Medicare beneficiaries known as Medicare Part D. One of the provisions of Medicare Part D allows for the Texas Public School Retired Employee Group Insurance Program (TRS-Care) to receive drug subsidy payments from the federal government to offset certain prescription drug expenditures for eligible TRS-Care participants. Payments made on behalf of the District for fiscal years 2020, 2021, and 2022 were \$184,955, \$181,103, and \$197,936 respectively.

N. LITIGATION

The District is occasionally involved in litigation in the general course of business. Attorneys for the District indicate that the District has pending or threatened litigation as of August 31, 2022. No provision has been made in these financial statements regarding these matters.

O. GENERAL FUND FEDERAL SOURCE REVENUES

Federally financed programs are generally accounted for in the Special Revenue Funds of the District, except for certain federal programs which are accounted for in the General Fund as prescribed by the TEA. The District recognized in the General Fund such revenues for the year ended August 31, 2022, from federal sources as follows:

<u>Program or Source</u>	<u>Amount</u>
ROTC	\$ 85,647
SHARS	770,129
Indirect Costs	636,940
E-Rate	<u>18,760</u>
Total:	<u><u>\$ 1,511,476</u></u>

P. INTERNAL SERVICE FUNDS

Workers Compensation Program

During the year ended August 31, 2022, employees of the District were covered by a self-funded workers' compensation program. All administrative costs were paid to a third-party administrator acting on behalf of the District. The contract between the District and the Administrator is renewable September 1, 2022, and terms of coverage and cost are included in the contractual provisions.

The District, through a self-funded program, was protected with a specific retention limit of \$1,000,000 and an aggregate limit of \$5,000,000 per statute through Texas Educational Insurance Association and Midwest Employers Casualty Company, commercial insurers licensed or eligible to do business in Texas in accordance with the Texas Insurance Code.

Estimates of claims payable and of claims incurred, but not reported at year end are reflected as other long-term debt of the Proprietary Fund.

Changes in the balances of claims liabilities during the past year are as follows:

	Year Ended August 31, 2022	Year Ended August 31, 2021
Unpaid claims, beginning of the year	\$ 486,355	\$ 219,196
Incurred claims (including IBNR'S)	513,793	465,336
Claim payments	<u>(204,956)</u>	<u>(198,177)</u>
Unpaid claims, end of fiscal year	<u>\$ 795,192</u>	<u>\$ 486,355</u>

Q. UNEARNED REVENUE

Unearned revenue at year end consisted of the following:

	Special Revenue Fund
State Entitlements	\$ 114,374
Federal	500
Other	-
Total Unearned Revenue	<u>\$ 114,874</u>

R. RECEIVABLES FROM OTHER GOVERNMENTS

The District participates in a variety of federal and state programs from which it receives grants to partially or fully finance certain activities. In addition, the District receives entitlements from the State through the School Foundation and Per Capita Programs. Amounts due from federal and state governments as of August 31, 2022, are summarized below. All federal grants shown below are passed through the TEA and are reported on the combined financial statements as Due from Other Governments.

Fund	State Entitlements	Federal Grants	Other	Total
General	\$ 5,272,984	\$ -	\$ -	\$ 5,272,984
Debt Service	-	-	-	-
Capital Projects	-	-	-	-
Special Revenue	<u>-</u>	<u>1,271,781</u>	<u>-</u>	<u>1,271,781</u>
Total	<u>\$ 5,272,984</u>	<u>\$ 1,271,781</u>	<u>\$ -</u>	<u>\$ 6,544,765</u>

S. REVENUE FROM LOCAL AND INTERMEDIATE SOURCES

During the current year, revenues from local and intermediate sources consisted of the following:

	General Fund	Debt Service Fund	Capital Projects Fund	Special Revenue Funds	Total
Property Taxes	\$ 26,956,317	\$ 14,537,781	\$ -	\$ -	\$ 41,494,098
Penalties, Interest and Other					
Tax-related Income	274,510	139,234	-	-	413,744
Investment Income	164,191	56,919	312,458	-	533,568
Food Sales	-	-	-	502,638	502,638
Co-curricular Student Activities	141,634	-	-	165,467	307,101
Other	82,022	3,951	-	494	86,467
Total	<u>\$ 27,618,674</u>	<u>\$ 14,737,885</u>	<u>\$ 312,458</u>	<u>\$ 668,599</u>	<u>\$ 43,337,616</u>

T. SIGNIFICANT COMMITMENTS AND CONTINGENCIES

On August 29, 2022, the Board of Trustees approved a board resolution providing for the redemption in the 2022-2023 fiscal year certain currently outstanding obligations designated as the Medina Valley Independent School District Fixed and Variable Rate Unlimited Tax School Building Bonds, Series 2021. The amount of cash expected to be used for defeasance is \$5,250,000.

As of August 31, 2022, the District has contractual commitments for construction of \$42,499,608, which will be provided for during the 2022-2023 fiscal year.

There were no changes in assumptions since the prior measurement date.

B. Notes to Schedules for the TRS OPEB Plan

Changes in Benefit.

There were no changes in benefit terms since the prior measurement date.

Changes in Assumptions.

The following assumptions, methods, and plan changes which are specific to TRS-Care were updated from the prior year's report:

- * The discount rate changed from 2.33 percent as of August 31, 2020 to 1.95 percent as of August 31, 2021. This change increased the Total OPEB Liability.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees
Medina Valley Independent School District
Castroville, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Medina Valley Independent School District, as of and for the year ended August 31, 2022, and the related notes to the financial statements, which collectively comprise the Medina Valley Independent School District's basic financial statements, and have issued our report thereon dated December 2, 2022.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Medina Valley Independent School District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Medina Valley Independent School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Medina Valley Independent School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Medina Valley Independent School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Trustees
Medina Valley Independent School District
Castroville, Texas

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the Medina Valley Independent School District's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the Medina Valley Independent School District's major federal programs for the year ended August 31, 2022. The Medina Valley Independent School District's major federal programs are identified in the Summary of the Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, the Medina Valley Independent School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Medina Valley Independent School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the Medina Valley Independent School District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Medina Valley Independent School District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Medina Valley Independent School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with Generally Accepted Auditing Standards (GAAS), *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Medina Valley Independent School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- * Exercise professional judgment and maintain professional skepticism throughout the audit.
- * Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Medina Valley Independent School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- * Obtain an understanding of the Medina Valley Independent School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Medina Valley Independent School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit, we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

MEDINA VALLEY INDEPENDENT SCHOOL DISTRICT
NOTES ON ACCOUNTING POLICIES FOR FEDERAL AWARDS
FOR YEAR ENDED AUGUST 31, 2022

- * For all Federal programs, the District uses the fund types specified in Texas Education Agency's *Financial Accountability System Resource Guide*. Special revenue funds are used to account for resources restricted to, or designated for, specific purposes by a grantor. Federal and state financial assistance generally is accounted for in a Special Revenue Fund.
- * The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The Governmental Fund types are accounted for using a current financial resources measurement focus. All Federal grant funds were accounted for in a Special Revenue Fund or, in some instances, in the General Fund, which are Governmental Fund type funds.

With this measurement focus, only current assets and current liabilities and the fund balance are included on the balance sheet. Operating statements of these funds present increases and decreases in net current assets. The modified accrual basis of accounting is used for the Governmental Fund types. This basis of accounting recognizes revenues in the accounting period in which they become susceptible to accrual, i.e., both measurable and available, and expenditures in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on General Long-Term Debt, which is recognized when due, and certain compensated absences and claims and judgments, which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Federal grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant, and, accordingly, when such funds are received, they are recorded as unearned revenues until earned.

- * The period performance for federal grant funds for the purpose of liquidation of outstanding obligations made on or before the ending date of the federal project period extended 90 days beyond the federal project period ending date, in accordance with provisions in Section H, Period of Performance of Federal Funds, Part 3, Uniform Guidance Compliance Supplement.
- * CFDA numbers for commodity assistance are the CFDA numbers of the programs under which USDA donated the commodities.
- * Indirect cost reimbursement for federal programs for this fiscal year was received in the amount of \$636,940.

SCHOOLS FIRST QUESTIONNAIRE

MEDINA VALLEY INDEPENDENT SCHOOL DISTRICT

Fiscal Year 2022

SF1	Was there an unmodified opinion in the Annual Financial Report on the financial statements as a whole?	Yes
SF2	Were there any disclosures in the Annual Financial Report and/or other sources of information concerning nonpayment of any terms of any debt agreement?	No
SF3	Did the school district make timely payments to the Teachers Retirement System (TRS), Texas Workforce Commission (TWC), Internal Revenue Service (IRS), and other government agencies? (If there was a warrant hold not cleared in 30 days, then not timely.)	Yes
SF4	Was the school district issued a warrant hold? (Yes even if cleared within 30 days.)	No
SF5	Did the Annual Financial Report disclose any instances of material weaknesses in internal controls over financial reporting and compliance for local, state or federal funds?	No
SF6	Was there any disclosure in the Annual Financial Report of material noncompliance for grants, contracts, and laws related to local, state, or federal funds?	No
SF7	Did the school district post the required financial information on its website in accordance with Government Code, Local Government Code, Texas Education Code, Texas Administrative Code and other statutes, laws and rules in effect at the fiscal year end?	Yes
SF8	Did the school board members discuss the school district's property values at a board meeting within 120 days before the school district adopted its budget?	Yes
SF9	Total accumulated accretion on CABs included in government-wide financial statements at fiscal year end.	\$1,254,109

Reference: R above class number with first 3 letters of author

Professional: PRO above call number

Reading Program

Accelerated Reader: No Label - Tag Only

Bar code and Automation System Information

Automation System: DESTINY

Bar code number: 2106185

Bar code symbology: Code 39

Bar code prefix: 32001

Bar code length: 14

Data format: MARC21

Follett Content Solutions

Because publishers frequently change the availability of titles, we may not be able to ship 100% of your list. Therefore, we encourage you to use our Do Not Exceed service. When placing an order:

1. Enter a Do Not Exceed amount on your order,
2. Over order 10% by listing additional titles on your list, and
3. Indicate any top priority titles by checking the "First Choice" box next to the titles.

Return Policy: Book/content orders that have been subject to any customized processing, either prior to shipment or after receipt by the customer, are not eligible for return or cancellation, excluding material processing errors solely attributable to Follett. Customized processing shall include, but is not limited to, stamping, label application and barcoding, as determined by Follett in its sole discretion.

Get help using Titlewave — searching, working with lists, or analyzing your entire collection:

Alert: We noticed titles on your list that are "Not Yet Published." We'll ship what's immediately available to help avoid delays with your order and then deliver the balance in a second shipment when the titles become available to us. Reviewing the titles and moving them to another list is also another option you may want to consider.

Bar code and Automation System Information

Automation System: DESTINY

Bar code number: 2104652

Bar code symbology: Code 39

Bar code prefix: 32042

Bar code length: 14

Data format: MARC21

Follett Content Solutions

Because publishers frequently change the availability of titles, we may not be able to ship 100% of your list. Therefore, we encourage you to use our Do Not Exceed service. When placing an order:

1. Enter a Do Not Exceed amount on your order,
2. Over order 10% by listing additional titles on your list, and
3. Indicate any top priority titles by checking the "First Choice" box next to the titles.

Return Policy: Book/content orders that have been subject to any customized processing, either prior to shipment or after receipt by the customer, are not eligible for return or cancellation, excluding material processing errors solely attributable to Follett. Customized processing shall include, but is not limited to, stamping, label application and barcoding, as determined by Follett in its sole discretion.

Get help using Titlewave — searching, working with lists, or analyzing your entire collection:

Alert: We noticed titles on your list that are "Not Yet Published." We'll ship what's immediately available to help avoid delays with your order and then deliver the balance in a second shipment when the titles become available to us. Reviewing the titles and moving them to another list is also another option you may want to consider.

Reference: REF above class number with first 3 letters of author

Professional: PRO above call number

Reading Program

Accelerated Reader: Orange AR Sticker and Title Infolabel

Bar code and Automation System Information

Automation System: DESTINY

Bar code number: 2110631

Bar code symbology: Code 39

Bar code prefix: 32043

Bar code length: 14

Data format: MARC21

Holding code: LMA

Follett Content Solutions

Because publishers frequently change the availability of titles, we may not be able to ship 100% of your list. Therefore, we encourage you to use our Do Not Exceed service. When placing an order:

1. Enter a Do Not Exceed amount on your order,
2. Over order 10% by listing additional titles on your list, and
3. Indicate any top priority titles by checking the "First Choice" box next to the titles.

Return Policy: Book/content orders that have been subject to any customized processing, either prior to shipment or after receipt by the customer, are not eligible for return or cancellation, excluding material processing errors solely attributable to Follett. Customized processing shall include, but is not limited to, stamping, label application and barcoding, as determined by Follett in its sole discretion.

Get help using Titlewave — searching, working with lists, or analyzing your entire collection:

Alert: We noticed titles on your list that are "Not Yet Published." We'll ship what's immediately available to help avoid delays with your order and then deliver the balance in a second shipment when the titles become available to us. Reviewing the titles and moving them to another list is also another option you may want to consider.

Automation System: DESTINY

Bar code number: 4595

Bar code symbology: Code 39

Bar code prefix: 3210321

Bar code length: 14

Data format: MARC21

Follett Content Solutions

Because publishers frequently change the availability of titles, we may not be able to ship 100% of your list. Therefore, we encourage you to use our Do Not Exceed service. When placing an order:

1. Enter a Do Not Exceed amount on your order,
2. Over order 10% by listing additional titles on your list, and
3. Indicate any top priority titles by checking the "First Choice" box next to the titles.

Return Policy: Book/content orders that have been subject to any customized processing, either prior to shipment or after receipt by the customer, are not eligible for return or cancellation, excluding material processing errors solely attributable to Follett. Customized processing shall include, but is not limited to, stamping, label application and barcoding, as determined by Follett in its sole discretion.

Get help using Titlewave — searching, working with lists, or analyzing your entire collection:

Contact our Titlewave Support Specialists by [email](#), or call **888.511.5114** (708.884.5051)

Free shipping and handling on books and audiovisual materials within the United States and its territories. Shipping and brokerage are free to Canada.

Alert: We noticed titles on your list that are "Not Yet Published." We'll ship what's immediately available to help avoid delays with your order and then deliver the balance in a second shipment when the titles become available to us. Reviewing the titles and moving them to another list is also another option you may want to consider.

Follett Content Solutions

Because publishers frequently change the availability of titles, we may not be able to ship 100% of your list. Therefore, we encourage you to use our Do Not Exceed service. When placing an order:

1. Enter a Do Not Exceed amount on your order,
2. Over order 10% by listing additional titles on your list, and
3. Indicate any top priority titles by checking the "First Choice" box next to the titles.

Return Policy: Book/content orders that have been subject to any customized processing, either prior to shipment or after receipt by the customer, are not eligible for return or cancellation, excluding material processing errors solely attributable to Follett. Customized processing shall include, but is not limited to, stamping, label application and barcoding, as determined by Follett in its sole discretion.

Get help using Titlewave — searching, working with lists, or analyzing your entire collection:

Contact our Titlewave Support Specialists by [email](#), or call **888.511.5114** (708.884.5051)

Do Not Exceed \$19,000.00

Total Books (Qty.)	496 (1,103)	\$19,254.69
Total cataloging and processing for Books		\$1,116.99
Grand total		\$20,371.68

Free shipping and handling on books and audiovisual materials within the United States and its territories. Shipping and brokerage are free to Canada.

Alert: We noticed titles on your list that are "Not Yet Published." We'll ship what's immediately available to help avoid delays with your order and then deliver the balance in a second shipment when the titles become available to us. Reviewing the titles and moving them to another list is also another option you may want to consider.

Bar code number: 3912

Bar code symbology: Code 39

Bar code prefix: 3210521

Bar code length: 14

Data format: MARC21

Follett Content Solutions

Because publishers frequently change the availability of titles, we may not be able to ship 100% of your list. Therefore, we encourage you to use our Do Not Exceed service. When placing an order:

1. Enter a Do Not Exceed amount on your order,
2. Over order 10% by listing additional titles on your list, and
3. Indicate any top priority titles by checking the "First Choice" box next to the titles.

Return Policy: Book/content orders that have been subject to any customized processing, either prior to shipment or after receipt by the customer, are not eligible for return or cancellation, excluding material processing errors solely attributable to Follett. Customized processing shall include, but is not limited to, stamping, label application and barcoding, as determined by Follett in its sole discretion.

Get help using Titlewave — searching, working with lists, or analyzing your entire collection:

List Notes

Do Not Exceed \$18,500.00

Total Books (Qty.)	489 (1,113)	\$18,242.72
Total cataloging and processing for Books		\$1,109.04
Grand total		\$19,351.76

Free shipping and handling on books and audiovisual materials within the United States and its territories. Shipping and brokerage are free to Canada.

Alert: We noticed titles on your list that are "Not Yet Published." We'll ship what's immediately available to help avoid delays with your order and then deliver the balance in a second shipment when the titles become available to us. Reviewing the titles and moving them to another list is also another option you may want to consider.

Reference: REF above class number with first 3 letters of author

Professional: PRO above call number

Reading Program

Accelerated Reader: Orange AR Sticker and Title Infolabel

Bar code and Automation System Information

Automation System: DESTINY

Bar code number: 2110162

Bar code symbology: Code 39

Bar code prefix: 32106

Bar code length: 14

Data format: MARC21

Holding code: LSE

Follett Content Solutions

Because publishers frequently change the availability of titles, we may not be able to ship 100% of your list. Therefore, we encourage you to use our Do Not Exceed service. When placing an order:

1. Enter a Do Not Exceed amount on your order,
2. Over order 10% by listing additional titles on your list, and
3. Indicate any top priority titles by checking the "First Choice" box next to the titles.

Return Policy: Book/content orders that have been subject to any customized processing, either prior to shipment or after receipt by the customer, are not eligible for return or cancellation, excluding material processing errors solely attributable to Follett. Customized processing shall include, but is not limited to, stamping, label application and barcoding, as determined by Follett in its sole discretion.

Get help using Titlewave — searching, working with lists, or analyzing your entire collection:

List Notes

Do Not Exceed \$5,000.00

Total Books (Qty.)	216 (300)	\$5,041.01
Total cataloging and processing for Books		\$301.50
Grand total		\$5,342.51

Free shipping and handling on books and audiovisual materials within the United States and its territories. Shipping and brokerage are free to Canada.

Alert: We noticed titles on your list that are "Not Yet Published." We'll ship what's immediately available to help avoid delays with your order and then deliver the balance in a second shipment when the titles become available to us. Reviewing the titles and moving them to another list is also another option you may want to consider.

[Review Not Yet Published Titles](#)

Prices guaranteed through 12/01/2022

The pricing in this quote is based on information provided by you, our Customer, and is guaranteed through 12/01/2022. Any variations to the quote, including but not limited to, title selection, processing, shipping/handling fees, and any additional products or services, shall result in additional costs.

For details on cataloging or processing options offered by Follett Content Solutions, call customer service at 888.511.5114 or 708.884.5150.

- Collective Biography:** 920 with first 3 letters of author's surname
- Easy Fiction:** E with first 3 letters of author's surname
- Short Story:** Follow fiction option
- Foreign Language:** Language code above class number assigned by subject
- Reference:** REF above class number with first 3 letters of author
- Professional:** PRO above call number

Reading Program

- Accelerated Reader:** Orange AR Sticker and Title Infolabel

Bar code and Automation System Information

- Automation System:** DESTINY
- Bar code number:** 2111891 to 2199999
- Bar code symbology:** Code 39
- Bar code prefix:** 32107
- Bar code length:** 14
- Data format:** MARC21
- Holding code:** LES

Follett Content Solutions

Because publishers frequently change the availability of titles, we may not be able to ship 100% of your list. Therefore, we encourage you to use our Do Not Exceed service. When placing an order:

1. Enter a Do Not Exceed amount on your order,
2. Over order 10% by listing additional titles on your list, and
3. Indicate any top priority titles by checking the "First Choice" box next to the titles.

Return Policy: Book/content orders that have been subject to any customized processing, either prior to shipment or after receipt by the customer, are not eligible for return or cancellation, excluding material processing errors solely attributable to Follett. Customized processing shall include, but is not limited to, stamping, label application and barcoding, as determined by Follett in its sole discretion.

Get help using Titlewave — searching, working with lists, or analyzing your entire collection:

Safe Fleet Preventative Maintenance Program

Ensure your fleet safety systems are running optimally, increasing system and safety performance and reducing operational cost.

[ASK US HOW IT WORKS](#)

All purchases must be confirmed with an authorized signature from the purchaser; company issued purchase orders should be provided for all purchases exceeding \$10,000.00 (in addition to authorized proposal). Any purchases that are exempt from sales taxes must be accompanied by a tax exemption and/or resellers certificate.

By signing this proposal (the "Proposal") (or, if this Proposal is attached to, referenced in, or otherwise accompanies any other agreement, statement of work, purchase order, or other similar document, by or between the parties and/or their applicable affiliates (any of the foregoing, collectively, the "Accompanying Agreement"), then by signing such Accompanying Agreement), the Customer agrees to all terms and conditions set forth herein, including without limitation those set out in this Comments and Terms section, and to the Safe Fleet Video & Telematics Products and Services Standard Customer Terms & Conditions, currently available at safefleet.net/v-and-t-general-terms (as may be updated or amended by Safe Fleet from time to time in its discretion, the "Ts&Cs"), which are incorporated herein and will govern all products, services, and other matters set forth herein. Capitalized terms used but not defined herein shall have the meaning ascribed to them in the Ts&Cs.

Customer and Safe Fleet expressly agree that, notwithstanding anything to the contrary in the Accompanying Agreement, including any provision thereof relating to order of precedence, conflicts, or "battle of the forms," in the event of any conflict, ambiguity, or inconsistency (any of the foregoing, a "Conflict") between any term, provision, requirement, request, specification, or other provision (any of the foregoing, a "Provision") of the Accompanying Agreement and any Provision of this Proposal (including, for clarity, the Ts&Cs), this Proposal shall prevail and control; Customer and Safe Fleet intend this Proposal to be, and this Proposal shall be deemed to be, an amendment to any Conflicting Provision of the Accompanying Agreement.

The warranties applicable to the products, services, and other matters set forth herein are available at <https://www.safefleet.net/product-and-service-warranties> (the "Warranty Documentation"). Notwithstanding any other provision in this Agreement, the Warranty Documentation sets forth the sole warranties with respect to the products, services, and other matters set forth herein, and Safe Fleet hereby expressly disclaims all other representations and warranties, express or implied.

Seon Additional Comments & Terms:

Proposed installation prices are based on all vehicles being present and available, in a single location, at the time of scheduled installation. Any offsite installation work or the requirement to return to the site at a later date are subject to additional fees including labor and associated travel costs.

Seon cloud-based services, metadata retention duration: Transit systems

Metadata for Seon's vMax Commander and vMax Live Plus cloud-based services (standard service), is maintained for 12 months and then permanently deleted from the Seon cloud servers.

Metadata refers to all records created, input, or collected through the cloud-based service and stored on our cloud servers, excluding Media Files as described below:

Metadata includes

- Data created, input, logged or collected through the cloud-based service related to the fleet, vehicle location, or vehicle speed, and operational data related to alarms.
- Equipment health check information

Metadata does NOT include

- User names and passwords
- Media Files – **any audio, video, or photo data that is** created, input, or collected through use of the Software service
- Any fleet set-up data entered by users such as bus IDs, route IDs, driver IDs, vehicle types

This quote is valid for up to 60 days. All sales are final. A restocking fee of 20% will apply for any product returns and/or exchanges requested after initial shipment of the product. Note that product returns and/or exchanges will only be accepted for new, unused product that is within the original, unopened packaging.

Thank you for the opportunity to provide a Proposal for your mobile surveillance and fleet management needs. We trust this customized solution will help you meet your goals for passenger and driver safety and security.

Please feel free to contact me directly at 1.877.630.7366 if you have any questions or concerns. We look forward to partnering with you.

Best regards,

Joe Allen

The following model policies and procedures are consistent with the requirements of the *Texas Education Code (TEC) 37.115* and reflect research-based best practices. Elements of the procedure that are aligned with *TEC* requirements include a cross-reference to the applicable section of the *TEC*. Please note this document is not to be used as a train the trainer model.

MODEL POLICIES AND PROCEDURES TO ESTABLISH AND TRAIN ON THREAT ASSESSMENT

PURPOSE

As part of the Safe and Supportive School Program, the purpose of this document is to provide model policies and procedures for public school districts and charter schools in establishing and training teams that conduct threat assessment in Texas.

POLICY

The Texas School Safety Center (TxSSC) has worked with the Texas Association of School Boards (TASB) in recommending a school board policy [FFB (LEGAL) & (LOCAL)] for Safe and Supportive School Program Teams. School Boards must adopt LOCAL policies. LEGAL policies are required by law.

DEFINITIONS

- A **"Safe and Supportive School Program Team"** is a team that conducts behavioral threat assessments by assessing and reporting individuals who make threats of violence or exhibit harmful, threatening, or violent behavior and who gathers and analyzes data to determine the level of risk and appropriate intervention. The team serves as a safety net for the community and school by:
 1. Conducting a fact-based, systematic, and investigative approach to determining how likely a person is to carry out a threat of violence.
 2. Identifying, assessing, and managing appropriate interventions of individuals who are at risk for violence against themselves and others.
 3. Providing guidance to students and school employees on recognizing harmful, threatening, or violent behavior that may pose a threat to the community, school, or individual.

When conducting this process with fidelity it leads to a positive and safe school climate. This process is not intended to be punitive or adversarial; rather, it is a way to build trust and situational awareness.

- **"Harmful, threatening, or violent behavior"** includes behaviors such as verbal threats, threats of self-harm, bullying, cyberbullying, fighting, the use or possession of a weapon, sexual assault, sexual harassment, dating violence, stalking, or assault, by a student. [TEC 37.115(a)(1)]

- **"Team"** means a Safe and Supportive School Program Team established by the board of trustees of a school district. [TEC 37.115(a)(2)]
- A **"threat"** is a concerning communication or behavior that indicates that an individual poses a danger to the safety of school staff or students through acts of violence or other behavior that would cause harm to self or others. The threat may be communicated behaviorally, orally, visually, in writing, electronically, or through any other means, and is considered a threat regardless of whether it is observed by or communicated directly to the target of the threat or observed by or communicated to a third party, and regardless of whether the target of the threat is aware of the threat.

SAFE AND SUPPORTIVE SCHOOL PROGRAM TEAM

- The board of trustees of each school district shall establish a Safe and Supportive School Program Team to serve at each campus of the district. [TEC 37.115(c)]
- The superintendent of the district shall ensure, to the greatest extent practicable, that the members appointed to each team have expertise in counseling, behavior management, mental health and substance use, classroom instruction, special education, school administration, school safety and security, emergency management, and law enforcement. [TEC 37.115(d)]
- A team may serve more than one campus of a school district, provided that each district campus is assigned a team. [TEC 37.115(d)]
- Each team must report required information regarding the team's activities to TEA. [TEC 37.115(k)]
- The superintendent of a school district **may** establish a committee or assign to an existing committee established by the district, the duty to oversee the operations of teams established for the district. A committee with oversight responsibility must include members with expertise in human resources, education, special education, counseling, behavior management, school administration, mental health and substance use, school safety and security, emergency management, and law enforcement. [TEC 37.115(e)]
- Team members shall work collaboratively with each other, with other school staff, and (as appropriate) with community resources to support the purposes of the team and the safety of the school and its students and staff.
- All team members should be involved with the assessment and intervention of individuals whose behavior poses a threat to the safety of school staff or students.
- Team members shall actively, lawfully, and ethically communicate with each other; with school administrators; and with other school staff who need to know specific information to support the safety and well-being of the school, students, and staff.
- Each team shall conduct a threat assessment that includes:
 1. Assessing and reporting individuals who make threats of violence or exhibit harmful, threatening, or violent behavior. [TEC 37.115(f)(1)(a)]
 2. Gathering and analyzing data to determine the level of risk and appropriate intervention, including referring a student for mental health assessment, and implementing an escalation procedure (if appropriate). [TEC 37.115(f)(1)(b)]

- Each team shall:
 1. Provide guidance to students and school employees on recognizing harmful, threatening, or violent behavior that may pose a threat to the community, school, or individual. [TEC 37.115(f)(2)]
 2. Support the district in implementing the district’s multi-hazard emergency operations plan. [TEC 37.115(f)(3)]
 3. Report immediately to the superintendent a team’s determination that a student or other individual poses a serious risk of violence to self or others. [TEC 37.115(h)]
 4. Act in accordance with the district’s suicide prevention program upon identifying a student at risk of suicide. [TEC 37.115(i)]
 5. Act in accordance with the district policies and procedures related to substance use prevention and intervention upon identifying a student using or possessing tobacco, drugs, or alcohol. [TEC 37.115(j)]
- A team may not provide a mental health care service to a student who is under 18 without written consent from the parent of or person standing in parental relation to the student. [TEC 37.115(g)]

BUILDING A THREAT ASSESSEMENT PROGRAM—8 STEPS

Step One: Create and promote safe school climates

- Assess current school climate
- Enhance current school climate
- Strengthen students’ connectedness

Step Two: Establish a multidisciplinary team

- Name it the Safe and Supportive School Program Team
- Identify team membership
- Designate a team leader
- Establish team procedures and protocols
- Meet on a regular basis and as needed

Step Three: Define prohibited and concerning behaviors

- Establish policy defining prohibited behaviors
- Identify other behaviors for screening or intervention
- Define threshold for intervention

Step Four: Create a central reporting mechanism

- Establish one or more anonymous reporting mechanisms
- Provide training and guidance to encourage reporting
- Ensure availability to respond
- Establish trust that reports will be acted upon

Step Five: Determine threshold for law enforcement intervention

- Most reports can be handled by school-based team
- Establish which behaviors should be referred for law enforcement intervention

Step Six: Establish threat assessment procedures

- Decide how to document cases
- Create procedures to screen reports
- Establish procedures for gathering information
- Organize information around 11 Investigative Questions
- Make assessment and decide on intervention

Step Seven: Develop risk management options

- Identify all available resources for creating individualized management plans
- Identify resources to assist targets/victims
- Establish points of contact for all resources

Step Eight: Conduct training for all stakeholders

- Training for threat assessment team
- Training for students, staff, and parents
- Training for students, staff, and community stakeholders to anonymously report dangerous, violent, or unlawful activity

THREAT ASSESSMENT PROCEDURES

- Receive report about an individual of concern. Screen for imminency (of the threat or other concern) and whether there is a need for a full threat assessment.
 - If the team believes the report **does** present an **imminent danger or safety concern**:
 - Immediately notify law enforcement.
 - Once the emergency has been contained, the team should complete a full threat assessment.
 - If report involves a student, the team should notify the superintendent who will notify the parent or guardian. [TEC 37.115(h)]
 - If report involves a student at risk of suicide, team shall conduct a full threat assessment in addition to actions taken in accordance with the district's suicide prevention program. [TEC 37.115(i)]
 - Make other notifications (i.e., anyone that is or may be directly impacted).
- OR
- If the team **does not** believe the report presents an **imminent danger or safety concern**, determine if there is a need for a full threat assessment.
- If not, document initial report and screening and add information to threat assessment database.
 - If there is, proceed with a full threat assessment using steps below.

- If a report involves sexual harassment, sexual assault, dating violence, stalking, or a domestic violence assault, notify the District's Title IX Coordinator immediately.
- If the student has a Functional Behavior Assessment (FBA)/Behavior Intervention Plan (BIP), 504 Plan, Individualized Education Program (IEP), and/or health plan, notify the school staff who manage the student's plan(s) to see if this is a known baseline behavior. If not, continue with this process.
- Gather information about the person and situation from various sources, including an internet search.
- Organize and analyze information using the 11 investigative questions detailed in the U.S. Secret Service and U.S. Department of Education threat assessment guide. [[Threat Assessment In Schools: A Guide to Managing Threatening Situations And To Creating Safe School Climates](#)]
- Make assessment about whether the individual of concern **poses** a threat of violence or self-harm, or if they are otherwise in need of intervention.
- Develop and implement a case management plan to reduce risk.
- As needed, refer individual of concern to the local mental health authority or healthcare provider for evaluation and/or treatment.
- As needed, refer individual of concern for a full and individual evaluation (FIE) for special education services.
- Monitor, re-evaluate, and modify plan as needed to ensure that the identified intervention(s) is effective, and the individual of concern no longer poses a threat of violence or self-harm.

TRAINING

- Each team must complete training provided by the TxSSC or a regional education service center (ESC). [TEC 37.115(c)]
- On a regular basis, each district should monitor its team membership and quickly replace and train new members as needed.
- Districts should develop a system to ensure all stakeholders receive training on a continual basis.
- If a District or Charter school chooses to contract with a provider to deliver training for their District and/or multiple campus teams, the Texas School Safety Center recommends that training be based on the U.S. Secret Service and Department of Education model (i.e., SIGMA Threat Management Associates LLC, Salem-Keizer Threat Assessment System, Comprehensive School Threat Assessment Guidelines, Virginia Model for Student Threat Assessment).
