Public Notice:

NOTICE PURSUANT TO GOVERNMENT CODE SEC. 2254.1036

WHEREAS, the Alief Independent School District (“District”), will consider entering into a contingent fee contract with the law firm of Perdue, Brandon, Fielder, Collins & Mott, L.L.P. (“Firm”) and hereby posts this notice pursuant to Sec. 2254.1036 of the Government Code.

WHEREAS, this notice shall be posted before or at the time of giving the written notice required by Government Code Sec. 551.041 for a meeting described by Sec. 2254.1036(a)(2) of the Government Code and shall announce the following:

A. The District is pursuing a contract with the Firm for the collection of delinquent ad valorem taxes owed to the District and through this contract the District seeks to increase recovery of its delinquent debts in as expeditious a manner as possible. GOVT. CODE § 2254.1036(a)(1)(A).

B. The District believes the Firm has the competency, qualifications, and experience necessary to fulfill this contract. GOVT. CODE § 2254.1036(a)(1)(B). The Firm has collected delinquent government receivables for more than 50 years, including the collection of delinquent ad valorem taxes. The Firm currently has 13 primary offices and multiple satellite offices throughout Texas, Oklahoma and Florida. It employs more than 400 individuals, including over 52 attorneys. It uses a multi-office, fully integrated team approach allowing the District access to all its offices and resources. Its collection team consists of long-term Firm employees, including attorneys, call center associates, paralegals, law clerks, legal secretaries, collection support personnel and information technology experts. The Firm utilizes proprietary collection software that can be tailored to meet any special need the District may have. This proprietary software also automates many aspects of the collection process, such as: account/debtor research, mailings and phone calls, return mail and address updates, payment notification and processing and workflow.

C. The nature of any relationship between the District and the Firm is as follows. GOVT. CODE § 2254.1036(a)(1)(C). The Firm has represented the District since 1996 in the collection of delinquent ad valorem taxes.

D. The District is unable to collect its delinquent ad valorem taxes. GOVT. CODE § 2254.1036(a)(1)(D). The District currently does not have adequate support staff, computer software/programming, or experience to internally conduct these collection services and acquiring these will result in substantial expense to the District.

E. These collection services cannot be provided for an hourly fee. GOVT. CODE § 2254.1036(a)(1)(E). The Tax Code allows the assessment of a percentage-based fee to recover the costs of collecting delinquent ad valorem taxes. This percentage-based fee is assessed only against the debtor and not the District or taxpayers of the District. The collection of delinquent ad valorem taxes is a high-volume practice, requiring a significant amount of research, mailing, and handling of outbound/inbound calls. An hourly fee for such work will likely exceed amount of delinquent ad valorem taxes due. Moreover, the District will bear the cost of these hourly fees and not the debtor, because the Tax Code does not expressly authorize the District to pay for collection services based on an hourly fee.

F. The District believes this contingent fee contract is in its best interest. GOVT. CODE § 2254.1036(a)(1)(F). Under the contingent fee contract, the Firm will be paid the amount of the percentage-based collection fee, regardless the number of hours the Firm spends researching, contacting and mailing to collect the delinquent debt. Additionally, the percentage-based collection penalty is a pass-through expense to the debtor and not an expense to the District or taxpayers in the District.

(Elizabeth Veloz-Powell, Deputy Superintendent of Human Resources)

Board Goal #3 World Class Employment: Alief ISD will recruit, develop, and retain highly qualified and effective personnel.

The following personnel are being recommended for approval. Texas law allows school districts to issue a school district teaching permit (SDTP) to individuals who do not hold a teaching certificate (Texas Education Code §21.055). A teacher employed on a school district teaching permit is not certified by the State Board for Educator Certification (SBECE); however, is certified by the district. These individuals have sufficient education and expertise to provide the instruction necessary to meet the essential knowledge and skills for the course they will be teaching.

RECOMMENDATION: We recommend that the board approve the school district's teaching permit.

MEETING DATE: November 18, 2025

AGENDA ITEM: Consider Approval of Library Materials for Acquisition.

Board Goal #1: Student Achievement: Alief ISD will close the achievement gap to ensure all students reach their academic potential and improve student preparation for college and career.

Alief ISD librarians and staff reviewed and submitted library materials for procurement approval in accordance with the district's collection development policy. Lists of these materials were posted for public review at least 30 days prior to the Board's scheduled vote.

Each Board member may propose changes before the Board takes action on the list of donated or proposed library materials. The Board shall either approve or reject the library materials that have been donated or proposed for procurement."

ALIEF INDEPENDENT SCHOOL DISTRICT

BOARD DOCUMENT

MEETING DATE: November 18, 2025

AGENDA ITEM: Consider Approval to Allow Alief ISD to Apply for the Texas Education Agency's Leadership & Instructional Foundations of Texas (LIFT) Grant.

Board Goal #1: Student Achievement: Alief ISD will close the achievement gap to ensure all students reach their academic potential and improve student preparation for college and career.

Authorized by the 89th Texas Legislature, LIFT consolidates the former Strong Foundations, Texas Instructional Leadership (TIL), and Texas Lesson Study programs. The initiative supports districts in developing coherent instructional systems through leadership development, curriculum alignment, and instructional planning. Grants focus on strengthening foundational academic practices, data-driven leadership, and sustainable improvement structures.

Leadership & Instructional Foundations for Texas (LIFT) is a three-year program designed to support Texas school systems in building the instructional and systems-level capacity needed to deliver high-quality learning experiences for all students. LIFT brings together the highest leverage components of Strong Foundations, Texas Instructional Leadership, and Texas Lesson Study, providing comprehensive support for districts to adopt HQIM.

- Anticipated 350-475 applicants will be awarded grants ranging from \$235,000 to \$1,500,000 per school system
- Three-year initiative duration
- LEA must commit to (with Board approval) implementing a Bluebonnet Learning (BL) product in the 2026–27 school year (if applying to the “Implementation Phase”) **OR committing to selecting and implementing a State Board of Education (SBOE)-approved high-quality instructional material (HQIM) in the 2027–28 school year (if applying to the “Planning Phase”)**.

Recommendation: It is our recommendation that the Alief ISD Board of Trustees consider approving the Leadership & Instructional Foundations of Texas (LIFT) Grant **Planning Phase** application submission to Texas Education Agency.

MEETING DATE: November 18, 2025

AGENDA ITEM: Rescind prior award for Roof Bid Package #2 and re-award to Reliable Commercial Roofing including alternates.

At the October Board Workshop, the Board approved the award of a Job Order Contract for districtwide roofing services (Work Packages #3 and #4), managed by Lockwood, Andrews & Newnam (Agenda Item 5.10).

It was later identified that the previously submitted total construction amount for Roof Bid Package #2 did not include an alternate of \$418,112.62 for additional roof replacement work at the Administration Building.

After adding the alternate, Reliable Commercial Roofing remains the lowest bidder and the total estimate, including the alternate for the work added to the administration building, is \$5,704,482.55. Therefore, we are asking the board to rescind the prior award and are seeking approval to award the Districtwide Roof Improvement Project – Roof Bid Package #2 to Reliable Commercial Roofing, inclusive of the alternate work.

Roof Package No. 2 to Reliable Commercial Roofing, for a contract amount of **\$5,704,482.55**. This award will include:

This job order contract proposal is for roofing services at Heflin ES, Crossroads, Youens ES and the Alief Administration. Work includes the demolition of the existing top membrane and installing a new Multi-Ply PVC Roof System to the existing deck. This project encompasses work identified in the 2021 bond referendum and is managed by Lockwood, Andrews & Newnam (LAN).

Mr. Glenn Jarrett, Director of Maintenance and Operation, recommends awarding Roof Package No. 2 to Reliable Commercial Roofing, as the best valued proposer offering the lowest proposal pricing for a contract amount of \$5,704,482.55. This award will include:

- Complete replacement of the main building roofing system at Heflin ES
- Complete roof replacement at Crossroads School
- Complete roof replacement of the main building at Youens ES
 - Due to the existing conditions of the roofing system at Youens ES, the scope of work was substantially increased to include a new roofing system for the entire main building in lieu of a partial replacement – Area A (Main Entrance)
 - Work was originally slated for later in the bond cycle but has been accelerated for 2025/2026 bond cycle.
- Complete roof replacement of the main roofing system at Alief’s Administration Building.
 - Due to the existing condition of the roofing system at the Administration Building, the scope of work was increased to include a new roofing system for the entire main building in lieu of a partial replacement.

This project is scheduled to begin November 24th, 2025, and be substantially complete on or before September 30, 2026.

The table below provides a breakdown of the construction budget amounts originally allocated for these projects, along with the year of the bond sale. It also reflects which project packages are projected to remain under budget and which are anticipated to exceed budget due to changes in the scope of work. Unassigned bond savings from previously completed projects will be applied to cover the expanded scope for these projects.

AGENDA ITEM: Annual Financial Accountability Management Report

The Annual Financial Accountability Management Report will be presented at the Board meeting. Senate Bill 218 of the 77th Legislature (2001) requires each school district to prepare this report which covers many business-related issues but focuses on the Schools FIRST (Financial Integrity Rating System of Texas) rating worksheet. Introduction

Senate Bill 218 of the 77th Legislature (2001) authorized the implementation of the Financial Integrity Rating System of Texas, which is officially referred to as Schools FIRST. The 2024-2025 Schools FIRST rating is based upon an analysis of staff and student data reported for the 2023-2024 school year, and budgetary and actual financial data for the 2023-2024 fiscal year. Senate Bill 218 also requires each school district to prepare an Annual Financial Accountability Management Report. Our report covers many business-related issues but focuses on the Schools FIRST rating worksheet.

This is the 23rd year of Schools FIRST. There were some significant changes as authorized by House Bill (HB) 5, Section 49, 83rd Legislature, Regular Session 2013. HB 5 amended section 39.082 of the Texas Education Code to require the Commissioner of Education to include processes in the financial accountability rating system for anticipating the future financial solvency of each school district and open-enrollment charter school. Texas Administrative Code, Title 19, Part 2, Chapter 109, Subchapter AA, Division 1, Rule §109.1001 Financial Accountability Ratings was updated in August of 2015. The Schools FIRST accountability rating system for 2024-2025 assigns one of four financial accountability ratings to Texas school districts, with the highest being “Superior” and the lowest being “Substandard Achievement.” Districts that receive the “Substandard Achievement” rating under Schools FIRST must file a corrective action plan with the Texas Education Agency.

The rating worksheet for the 2024-2025 rating year contains twenty-one indicators. A negative response to any of the first five critical indicators results in the district receiving a rating of “Substandard Achievement.” A ceiling indicator adds additional criteria to designated indicators 4, 5, 6, 16, 17, 20 and 21. If the additional ceiling criteria is not met by the school district a predetermined maximum number of points and highest applicable School FIRST rating that may be earned is assigned to the school district. The point values range from 0 to 10 for indicators 7, 8, 9, 10, 11, 12, 13, 14, and 18 while indicators 15 and 19 result in 0 or 5 points. The rating is assigned based on the answers to the critical indicators, the ceiling indicators and the aggregate number of points earned for indicators 7-20.

Alief ISD’s rating under Schools FIRST for the year ended August 31, 2024, was “**Superior**”. Alief ISD has received the highest rating since the system was implemented. This report briefly describes data used to calculate the rating and a description of each indicator. It also includes additional required disclosures from the amendments as well as other information affecting the District’s financial accountability.

 District Name: Alief ISD

Indicator	Description	Y/N or Points
1	Was the complete annual financial report (AFR) and data submitted to the TEA within 30 days of the November 27 or January 28 deadline depending on the school districts fiscal year end date of June 30 or August 31, respectively?	Yes
2	Was there an unmodified opinion in the AFR on the financial statements as a whole? (The American Institute of Certified Public Accountants (AICPA) defines unmodified opinion. The external independent auditor determines if there was an unmodified opinion.)	Yes
3	Was the school district in compliance with the payment terms of all debt agreements at fiscal year end? (If the school district was in default in a prior fiscal year, an exemption applies in following years if the school district is current on its forbearance or payment plan with the lender and the payments are made on schedule for the fiscal year being rated. Also exempted are technical defaults that are not related to monetary defaults. A technical default is a failure to uphold the terms of a debt covenant, contract, or master promissory note even though payments to the lender, trust, or sinking fund are current. A debt agreement is a legal agreement between a debtor (= person, company, etc. that owes money) and their creditors, which includes a plan for paying back the debt.)	Yes
4	Did the school district make timely payments to the Teachers Retirement System (TRS), Texas Workforce Commission (TWC), Internal Revenue Service (IRS), and other government agencies? (If the school district received a warrant hold and the warrant hold was not cleared within 30 days from the date the warrant hold was issued, the school district is considered to not have made timely payments and will fail critical indicator 4. If the school district was issued a warrant hold, the maximum points and highest rating that the school district may receive is 95 points, A = Superior Achievement, even if the issue surrounding the initial warrant hold was resolved and cleared within 30 days.)	Yes Ceiling Passed
5	Was the total net position in the governmental activities column in the Statement of Net Position (net of accretion of interest for capital appreciation bonds, net pension liability, and other post-employment benefits) greater than zero? (If it is not, the maximum points and highest rating that the school district may receive is 79 points, C = Meets Standard Achievement, unless the school district has an increase of students in membership over 5 years of 7 percent or more or 1,000 or more students in membership. If the school district has an increase of student membership over 5 years of 7 percent or more or 1,000 or more students in membership, the maximum points and highest rating that the school district may receive is 89 points, B = Above Standard Achievement.)	Ceiling Passed
6	Was the average change in (assigned and unassigned) fund balances over 3 years less than a 25 percent decrease or did the current year's assigned and unassigned fund balances exceed 75 days of operational expenditures? 8	Was the measure of current assets to current liabilities ratio for the school district sufficient to cover short-term debt?	10
9	Did the school district's general fund revenues equal or exceed expenditures (excluding facilities acquisition and construction)? If not, was the school district's number of days of cash on hand greater than or equal to 60 days?	10

County District #101-903
 District Name: Alief ISD

Indicator	Description	Y/N or Points
11	Was the ratio of long-term liabilities to total assets for the school district sufficient to support long-term solvency? If the school district's increase of students in membership over 5 years was 7 percent or more or more than 1,000 or more students in membership, then the school district automatically passes this indicator.	10
12	What is the correlation between future debt requirements and the district's assessed property value?	10
13	Was the school district's administrative cost ratio equal to or less than the threshold ratio?	10
14	Did the school district not have a 15 percent decline in the students to staff ratio over 3 years (total enrollment to total staff)? If the student enrollment did not decrease, the school district will automatically pass this indicator.	10
15	Was the school district's ADA within the allotted range of the district's biennial pupil projection(s) submitted to TEA? If the district did not submit pupil projections to TEA, did it certify TEA's projections?	5
16	Did the comparison of Public Education Information Management System (PEIMS) data to like information in the school district's AFR result in a total variance of less than 3 percent of all expenditures by function? Determination of District Rating

Did the district answer “No” to indicators 1,2,3, or 4? If so, the district’s rating is “Substandard Achievement”.

Alief ISD answered “Yes” to indicators 1, 2, 3, and 4.

Did the district answer “No” and fail the requirements for any of the following ceiling indicators 4, 5, 6, 16, 17, 20 or 21? If so the school district’s applicable maximum points and rating are disclosed in the table below:

Determination of Rating Based on Meeting Ceiling Criteria	Maximum Points	Maximum Rating
Indicator 4 (Timely Payments) - School District was issued a warrant hold	95	A = Superior Achievement
Indicator 5 (Net Position Greater Than 0)	89	B = Above Standard Achievement
Indicator 6 (Average Change in Fund Balance)	89	B = Above Standard Achievement
Indicator 16 (PEIMS to AFR)	89	B = Above Standard Achievement
Indicator 17 (Material Weakness)	79	C = Meets Standard Achievement
Indicator 20 (Property Values and Tax Discussion)	89	B = Above Standard Achievement
Indicator 21 (FSP Adjusted Payments)	70	C = Meets Standard Achievement

Alief ISD answered “Yes” to 4, 5, 6, 16, 17, or 20, “No” to 21 and passed all Ceiling Indicators.

Determine rating by the applicable number of points:

A = Superior 90-100
B = Above Standard Achievement 80-89
C = Meets Standard Achievement 70-79
F = Substandard Achievement <70

Alief ISD’s total score for the 2023-2024 school year was 100 earning a Superior Rating.

Overview of the Worksheet

Indicator #1 – Was the complete annual financial report (AFR) and data submitted to the TEA within 30 days of the November 27 or January 28 deadline depending on the school district’s fiscal year end date of June 30 or August 31, respectively?

Our Comprehensive Annual Financial Report for the fiscal year ended August 31, 2024, was filed with the Texas Education Agency before the deadline.

Indicator #2 – Was there an unmodified opinion in the AFR on the financial statements as a whole? (The American Institute of Certified Public Accountants (AICPA) defines unmodified opinion. The external independent auditor determines if there was an unmodified opinion.)

The opinion expressed by our independent auditors on the 2023-2024 Annual Comprehensive Financial Report was unmodified. A “modification” on a financial report would have meant that corrections were needed in reporting or financial controls.

Indicator #3 – Was the school district in compliance with the payment terms of all debt agreements at fiscal year end? (If the school district was in default in a prior fiscal year, an exemption applies in following years if the school district is current on its forbearance or payment plan with the lender and the payments are made on schedule for the fiscal year being rated. Also exempted are technical defaults that are not related to monetary defaults. A technical default is a failure to uphold the terms of a debt covenant, contract, or master promissory note even though payments to the lender, trust, or sinking fund are current. A debt agreement is a legal agreement between a debtor (= person, company, etc. that owes money) and their creditors, which includes a plan for paying back the debt.)

This indicator seeks to confirm that your district has timely paid all bills/obligations, including financing arrangements to pay for school construction, school buses, photocopiers, etc.

Alief ISD has had no instances of default on bonded indebtedness obligations.

Indicator #4 – Did the school district make timely payments to the Teachers Retirement System (TRS), Texas Workforce Commission (TWC), Internal Revenue Service (IRS), and other government agencies? (If the school district received a warrant hold and the warrant hold was not cleared within 30 days from the date the warrant hold was issued, the school district is considered to not have made timely payments and will fail this indicator. If the school district was issued a warrant hold, the maximum points and highest rating the school district may receive is 95 points, A = Superior Achievement (even if the issue surrounding the initial warrant hold was resolved and cleared within 30 days).

This indicator seeks to confirm the district fulfilled its obligation to the TRS, TWC and IRS to transfer payroll withholdings and to fulfill any additional obligations required to be paid by the district. Part A is a critical indicator that is looking to make sure the District has been making timely payments to TRS, TWC, and the IRS:

Alief ISD has made timely payments to the TRS, TWC and IRS.

Part B is a ceiling indicator that is looking to see if the District had been issued a warrant hold did it clear the hold within 30 days. A warrant hold is issued in connection with untimely payments to governmental entities.

Alief ISD was not issued any warrant holds.

Indicator #5 – Was the total net position in the governmental activities column in the Statement of Net Position (net of accretion of interest for capital appreciation bonds, net pension liability, and other post-employment benefits) greater than zero? (If it is not, the maximum points and highest rating that the school district may receive is 79 points, C = Meets Standard Achievement, unless the school district has an increase of students in membership over 5 years of 7 percent or more or 1,000 or more students in membership. If the school district has an increase of student membership over 5 years of 7 percent or more or 1,000 or more students in membership, the maximum points and highest rating that the school district may receive is 89 points , B = Above Standard Achievement.)

This indicator asks, “Did the district’s total assets exceed the total amount of liabilities, if you exclude accretion of interest for capital appreciation bonds, net pension liability and net other post-employment benefits?”

The sum of Total Net Position, net of Net Pension Liability, and Net Other Post-Employment Benefits in the governmental activities column in the Statement of Net Position was \$494,327,665.

Indicator #6 – Was the average change in (assigned and unassigned) fund balance over 3 years less than a 25% decrease or did the current year assigned and unassigned fund balance exceed 75 days of operational expenditures? (If the school district fails indicator 6, the maximum points and highest rating the school district may receive is 89 points, B = Above Standard Achievement.)

This indicator measures the percentage change in fund balance to see whether the fund balance is declining too quickly, and if it is declining, whether sufficient fund balance remains to operate for at least 75 days.

Alief ISD passed part A of this indicator with a 3-year average increase in fund balance of 16.92 %, which is well under the 25% threshold.

Indicator #7 – Was the number of days of cash on hand and current investments in the general fund for the school district sufficient to cover operating expenditures (excluding facilities acquisition and construction)?

This indicator measures how many days after the end of the fiscal year the school district could have disbursed funds for its operating expenditures without receiving any new revenues. At least 90 days must be covered to receive the maximum points.

Alief ISD's cash and current investments could cover 142.71 days of operating expenditures.

Indicator #8 – Was the measure of current assets to current liabilities ratio for the school district sufficient to cover short-term debt?

This indicator measures whether the school district had sufficient short-term assets at the end of the fiscal year to pay off its short-term liabilities.

Alief ISD's current assets in the Governmental Activities were \$392,323,313 while total short-term liabilities were \$85,002,089.

Indicator #9 – Did the school district's general fund revenues equal or exceed expenditures (excluding facilities acquisition and construction)? If not, was the school district's number of days of cash on hand greater than or equal to 60 days?

This indicator asks, "Did you spend more than you earned, or did you have at least 60 days of cash on hand?"

Alief ISD's general fund revenues were \$466,616,637 while the expenditures were \$442,111,231.

Indicator #10 – Did the school district average less than a 10 percent variance (90% to 110%) when comparing budgeted revenues to actual revenues for the last 3 fiscal years?

This indicator measures how accurately the District forecast projected revenue to actual revenue received.

This indicator was not scored for the 2024-2025 rating.

Indicator #11 – Was the ratio of long-term liabilities to total assets for the school district sufficient to support long-term solvency? If the school district's increase of students in membership over 5 years was 7 percent or more, then the school district automatically passes this indicator.

This indicator measures the percentage of assets financed with financial obligations which last for more than one year.

38.88% of Alief ISD's total assets were financed with financial obligations lasting more than one year.

Indicator #12 – What is the correlation between future debt requirements and the district’s assessed property value?

This indicator questions the school district’s ability to make debt principal and interest payments that will become due during the year. A debt service coverage ratio less than 4 indicates that the entity has sufficient income to pay its current debt obligations and earns all 10 points for this indicator.

Alief ISD’s debt service coverage ratio was 1.87 which indicates that Alief ISD has enough operating income to pay its current debt obligations.

Indicator #13 – Was the school district’s administrative cost ratio equal to or less than the threshold ratio?

This indicator measures the percentage of their budget that Texas school districts spent on administration. For districts in Alief ISD’s category, the administrative cost ratio should fall below 0.0855.

Alief ISD’s ratio for the 2023-2024 fiscal year was 0.060 which was well under the threshold.

Indicator #14 – Did the school district not have a 15 percent decline in the students to staff ratio over 3 years (total enrollment to total staff)? (If the student enrollment did not decrease, the school district will automatically pass this indicator.)

If a decline in student enrollment is occurring, this indicator measures if the decline in total staff is in proportion to the declining enrollment over a 3-year period. If declining enrollment is occurring, the change in this ratio cannot exceed 15 percent.

Alief ISD’s student to staff change in ratio was .664% which is well under the threshold.

Indicator #15 – Was the school district’s ADA within the allotted range of the district’s biennial pupil projection(s) submitted to TEA? If the district did not submit pupil projections to TEA, did it certify TEA’s projections?

This indicator measures the school district’s enrollment variance ratio to see if it is under a range the TEA has set as allowable based on the school districts size.

For districts Alief’s size TEA requires less than or equal to a 7% variance from projected. Alief’s variance was 2.66%.

Indicator #16 – Did the comparison of Public Education Information Management System (PEIMS) data to like information in the school district’s AFR result in a total variance of less than 3 percent of all expenditures by function?

This indicator compares the PEIMS expenditure report to the AFR data to see if the variance is less-than 3%.

Alief ISD’s rate of variance is 0% which is well under the 3% allowable range set by TEA.

Indicator #17 – Did the external independent auditor report that the AFR was free of any instance(s) of material weaknesses in internal controls over financial reporting and compliance for local, state, federal funds and free from substantial doubt about the school district’s ability to continue as a going concern?

Internal control weaknesses create a risk that a district would not be able to properly account for its use of public funds and should be immediately addressed. An independent audit report is required to disclose any instances of material weakness.

Whitley Penn, our independent auditor, did not find any instances of material weaknesses or going concerns in Alief ISD’s 2023-2024 Annual Comprehensive Financial Report.

Indicator #18 – Did the external independent auditor indicate the AFR was free of any instance(s) of material noncompliance for grants, contracts, and laws related to local, state, or federal funds?

This indicator measures whether the district is complying with laws, rules and regulations related to the expenditure of grant funds, contracts, and other local, state, or federal funds.

Whitley Penn, our independent auditor, did not find any instances of material noncompliance for grants, contracts, and laws related to local, state, or federal funds in Alief ISD’s 2023-2024 Annual Comprehensive Financial Report.

Indicator #19 – Did the school district post the required financial information on its website in accordance with Government Code, Local Government Code, Texas Education Code, Texas Administrative Code and other statutes, laws and rules that were in effect at the school district’s fiscal year end?

This indicator checks to make sure that the school district posted the required financial information on our website in accordance with Government Code, Local Government Code, Texas Education Code, Texas Administrative Code and other statutes, laws and rules that were in effect at the school district’s fiscal year end.

Alief ISD posted all the required financial information on our website in accordance with Government Code, Local Government Code, Texas Education Code, Texas Administrative Code and other statutes, laws and rules that were in effect at the end of our fiscal year.

Indicator #20 – Did the school district’s administration and school board members discuss any changes and/or impact to local, state, and federal funding at a board meeting within 120 days before the district adopted its budget?

This indicator measures whether the administration and the board had the opportunity to consider the impact of changes in local, state, and federal funding.

Alief ISD’s board discussed the changes and impacts to local, state, and federal funding within 120 days before the district adopted its current year budget.

Indicator #21 – Did the school district receive an adjusted repayment schedule for more than one fiscal year for an overallocation of Foundation School Program (FSP) funds because of a financial hardship?

This indicator determines if the district has an adjusted repayment schedule for an overallocation of FSP funds.

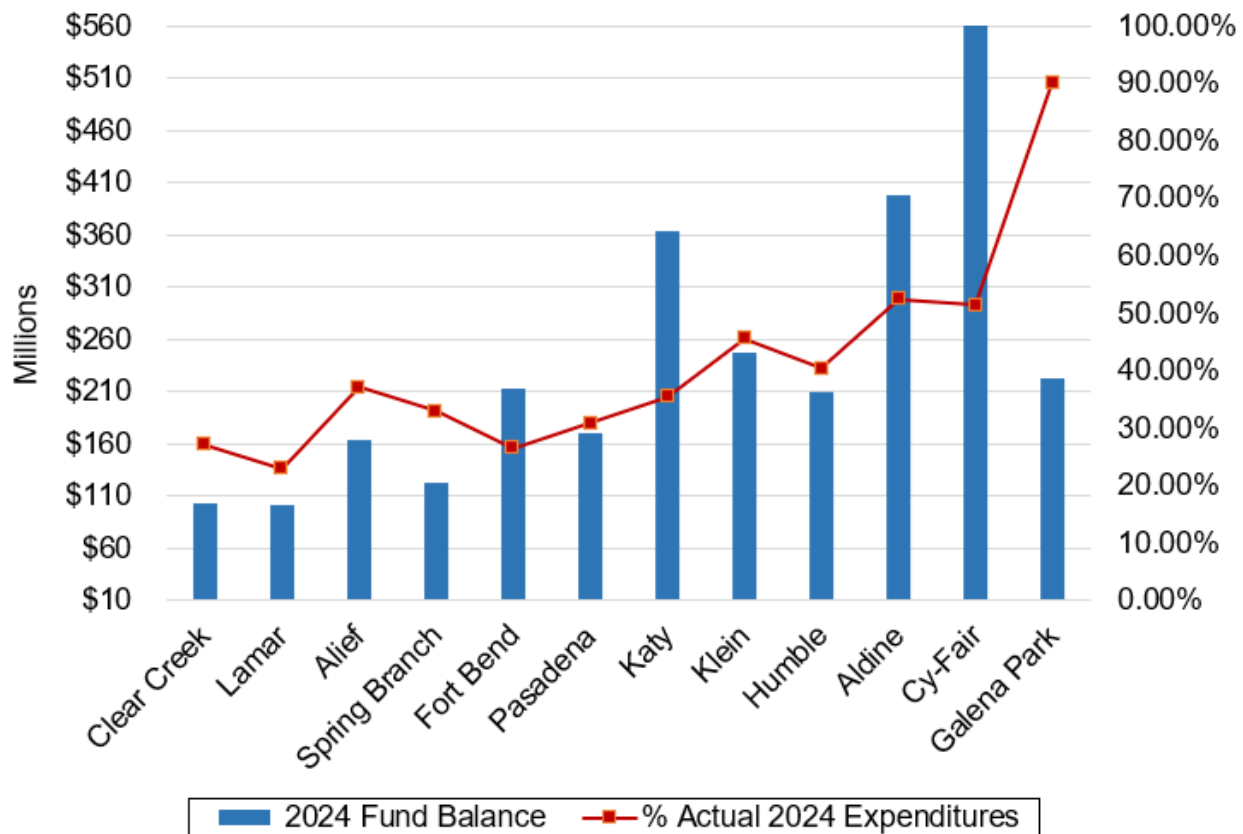

Alief ISD did not receive an adjusted repayment schedule for an over-allocation of FSP funds.

Additional Information and Comparisons

The purpose of this section of the report is to discuss other aspects of our business operations presented to compliment and enhance the information covered by the worksheet. In this section, we include historical information, comparison information with surrounding districts, and comparisons with state averages.

Financial Strength

There are many measures of financial strength. One commonly used measure is to look at the fund balance as a percentage of expenditures. The following graph presents this information for the General Fund along with comparison information for surrounding districts.

Operating Cost Management

Only a small portion of our total General Fund expenditures are flexible or variable in nature. Salaries and benefits comprise the largest expenditure each year. Contracted services, supplies, materials, and other operating costs (property/liability insurance, travel and training) make up the remainder of what is referred to as operating (controllable) costs. The chart below illustrates how our operating cost compares to surrounding districts, as well as the state average.

District	Operating Cost	Students	Operating Cost per Student	Total Cost per Student
Alief	\$435,854,537	39,451	\$11,048	\$11,165

Another measure used by the Texas Education Agency to analyze operating cost efficiency, is the administrative cost ratio. This measure is used with indicator number 13 discussed previously. This formula divides identified administrative costs by selected instructional costs to arrive at a percentage. A district's size determines its administrative cost standard. The administrative cost threshold standard is .0855 for districts of Alief ISD's size with average daily attendance of 10,000 and above. The following chart presents the District's history of administrative cost ratios which all fell well below the standard.

School Year	Administrative Cost Ratio	Administrative Cost Threshold Ratio
2018-2019	0.0449	0.0855
2019-2020	0.0459	0.0855
2020-2021	0.0565	0.0855
2021-2022	0.0549	0.0855
2022-2023	0.0550	0.0855
2023-2024	0.0605	0.0855

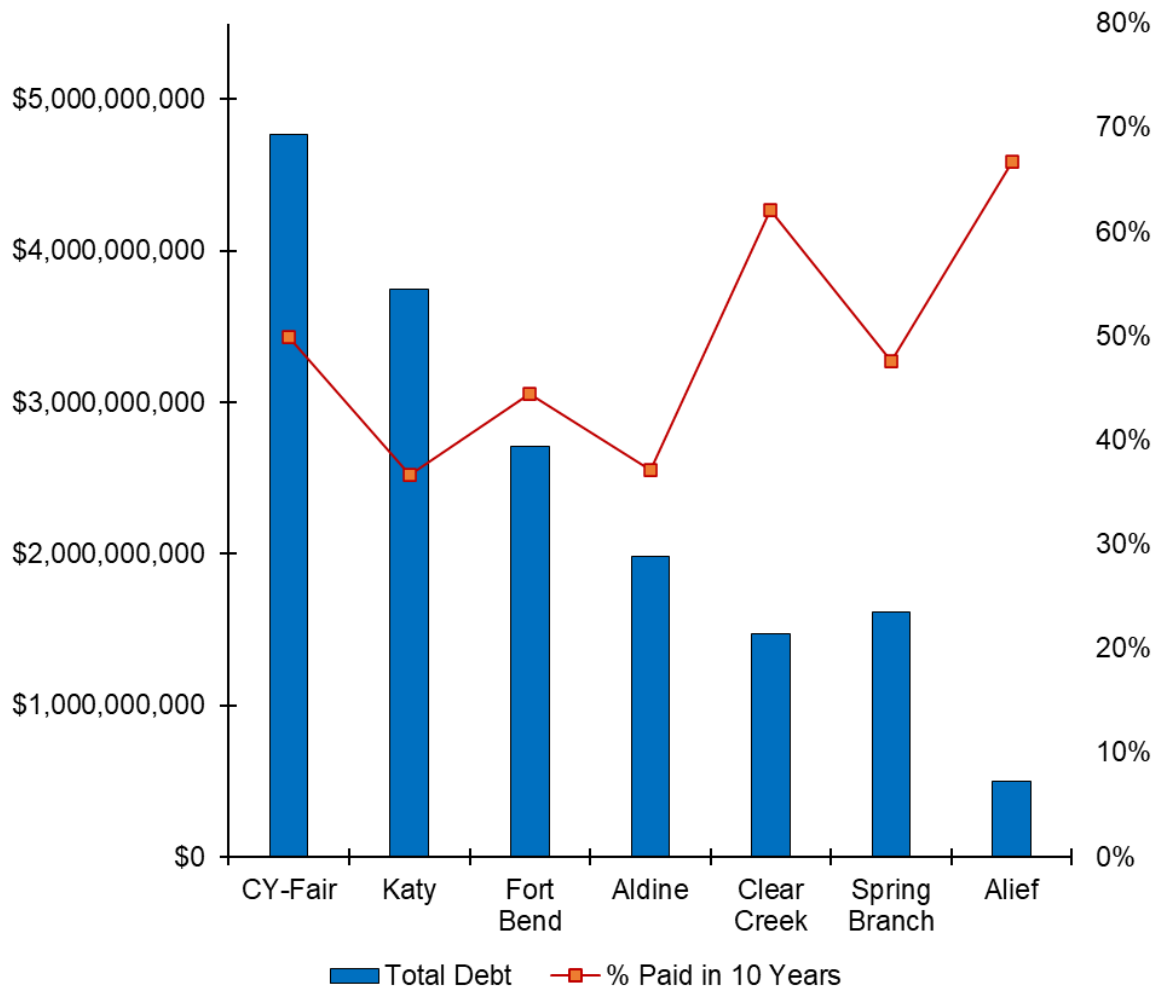

Personnel Management

The education of students is a labor-intensive process and payroll expenditures comprised 90% of the General Fund expenditures in 2023-24. The district gave a raise in teacher’s salary for the 2023-24 school year and starting teacher salary was \$62,000.

School Year	Starting Salary	Midpoint Raise %	Benefits Increase
2017-2018	\$ 53,600	2.00%	\$150
2018-2019	\$ 53,600	0.00%	\$40
2019-2020	\$ 57,400	6.00%	\$25
2020-2021	\$ 57,400	0.00%	\$0
2021-2022	\$ 59,700	4.00%	\$50
2022-2023	\$ 60,000	1.00%	\$0
2023-2024	\$ 62,000	3.00%	\$0

Debt Management

There were several indicators in the Financial Integrity Rating System that focused on debt management. Alief ISD has always strived to structure our bonded debt with an aggressive principal retirement schedule. As illustrated below, when compared with other peer districts, Alief continues to retire bonded debt at a faster pace. Within a ten-year period, we will retire approximately 67 percent of our existing debt.

Cash Management and Investment Policies

The District's cash management goals are to safeguard the district's funds while simultaneously maximizing interest earnings and minimizing bank fees. These goals are accomplished by maintaining sufficient bank balances which, when the district's Earnings Credit Rate is applied, earns credits that offset fees incurred. Because interest rates are low, this allows us to save more in bank fees than we would earn in interest on these funds. The District transfers all dollars above this target range into one of three investment pools used by the District (Texpool, the Local Government Investment Cooperative, and LoneStar). Funds that can be invested for a longer period are invested in individual agency securities after considering yield and cash flow projections.

Investment reports are submitted to the Board of Trustees quarterly for review. In addition, the District investment officer annually presents a comprehensive report on the investment program and investment activities.

Annual Audit Report

Each year the District is required to be audited by an independent auditor to provide reasonable assurance that the financial statements of the District are free of material misstatement. The independent audit involves examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. Our audit firm, Whitley Penn LLP, has concluded, based on the audit, that there was a reasonable basis for rendering an unmodified opinion that the District's financial statements for the fiscal year ended August 31, 2024, are fairly presented in conformity with Generally Accepted Accounting Principles.

Awards and Recognitions

The Government Finance Officers Association of the United States and Canada (GFOA) has awarded a Certificate of Achievement for Excellence in Financial Reporting to Alief Independent School District for its Annual Comprehensive Financial Report for the fiscal year ended August 31, 2024.

The Association of School Business Officials International (ASBO) has also awarded a Certificate of Excellence in Financial Reporting to the Alief Independent School District for its Annual Comprehensive Financial Report for the fiscal year ended August 31, 2024.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized Annual Comprehensive Financial Report (ACFR), whose contents conform to program standards. Such reports must satisfy accounting principles generally accepted in the United States of America and applicable legal requirements. In Texas, 5% of the school districts participate in this award program.

The national recognition received by successful participation in the financial reporting award program is a credit to the District and its taxpayers.

The Comptroller of Public Accounts launched the Texas Comptroller Leadership Circle program in December 2009, to recognize local governments across Texas that are striving to meet a high standard for financial transparency by posting the annual budget, the annual financial report, and the check register online to provide a clear and consistent picture of spending to the public. The public expectation for government transparency has changed dramatically since then which caused the state to launch a new Transparency Stars program in 2016. This program recognizes local governments that go above and beyond previous

standards for including downloadable datasets, visual representations of information, and bulleted lists of key figures. Alief ISD has been awarded three transparency stars (Traditional Finances and Debt Transparency). Only 7% of districts participated in this program. Alief ISD has been practicing the recommended procedures long before the program was implemented and has received the highest level for ten consecutive years.
