Board of Trustees**

**BOARD
OPERATING
PROCEDURES**

Welcome Marathon ISD Family!

Public education needs the input and support of the communities it serves to pursue true educational excellence. The members of the Marathon ISD Board of Trustees are proud to share with you this information about the workings of the board and encourage you to join them in this pursuit. The local school board concept grew out of American history dating back more than 300 years. Times have changed, but the basic function of school boards remains the same: to provide local citizen supervision and control over education at a point closest to the parent and child. Board members are not representatives, but are trustees who are entrusted with the education of ALL students in the district. With that in mind, the school board must work to serve the best interest of ALL students. Citizen input is important and the board listens to concerns and suggestions as part of their decision-making process.

It is an honor to serve the community and the students of Marathon ISD. The school board trustee is a volunteer position and requires many hours of dedication and service. Our board appreciates the support of our community and MISD staff.

Because a school board is a governmental body, it can take action only by majority vote at a legally called public meeting. The individual board member's major responsibility is to study, evaluate, and deliberate the policy issues confronting his or her district; then to vote in the best interest of ALL students. A board member may not step out of the policy-making role and attempt—without authorization—to speak for the total board, direct members of the staff, interfere with the administration of policy or make other individual decisions. Within the framework of state and federal law, State Board of Education, and Commissioner of Education rules, local school districts have the responsibility to shape the educational programs of their schools. It is the responsibility of the local school board to advocate for ALL students at the state and federal levels.

Superintendent Evaluation

The Superintendent evaluation instrument will be updated and approved annually in conjunction with the adoption of the Board and Superintendent Goals.

1. Up to two evaluations may be conducted annually in closed sessions at the Board Agenda Workshops. The suggested dates of these evaluations are the Agenda Workshops in **January or February**, or as close to those months as possible. New Board members will receive training on how to evaluate the superintendent prior to the first formative dialogue session. A summative evaluation will be conducted in closed session annually in **June or July**.
2. This closed session shall be on a date separate from the regular monthly Board Agenda Workshop or Board Meeting.
3. This session may include a discussion of the Superintendent's contract. The Board will use the approved evaluation instrument for the summative evaluation. A copy of the evaluation document will be completed in advance by each Board Member and brought with the Board Member to a special closed session meeting. After coming to a consensus on each evaluated item, the Board shall prepare a single composite Summative Evaluation Document to be given to the Superintendent for discussion during that closed meeting. The Board shall strive to accomplish the following objectives during each evaluation:
 - a. Develop and sustain a harmonious working relationship between the Board and the Superintendent.
 - b. Formulate Board consensus about the Superintendent's performance and the District's progress toward achieving its goals and objectives.

Compliance of Board Operating Procedures

1. If a Board Member has a serious, specific, concern about the performance of another member which appears to be in violation of Board Operating Procedures or Policies, the recommended process for addressing such concerns shall be the following:
 - a. The concerned member shall have a private conversation with the member in order to work out the differences or resolve the issue(s).
 - b. If the concern(s) remain, the concerned member will meet privately with the Board President and outline the specific issue(s). The Board President and the complainant will meet with the member and attempt to resolve the issue(s). If the concern is with the performance of the Board President, the Vice President will be notified and will meet with the complainant.
 - c. If the issue is still not resolved, the complainant will hold a conference with the Board President (or Vice President with concerns regarding the President) and the Superintendent (or the Superintendent's designee) to develop a plan of action to resolve the concerns.
 - d. When a member with concern(s) about another member's performance has gone through the outlined steps above and the issue(s) remain unresolved the concerned member will, through the Board President, request that an item be placed on a regularly scheduled agenda as an executive/closed session item, posted as "Consideration of the Duties of a Public Officer." See Board Operating Procedure, Meetings, "Preparation of the Agenda," regarding the steps to follow when placing an item on the agenda. Should the Board determine that reprimand or censorship is warranted, such action may only be taken in a duly posted public meeting.
 - e. No action may be taken that would conflict with the Texas Open Meetings Act. Nothing in this operating procedure shall be construed to limit a Board Member's constitutional rights.
