AI Overview of these policies:

Overview of Policies 5023–5036

5023 – Student Illness

This policy outlines procedures for responding when students become ill at school and how the district handles serious or prolonged illnesses. It explains that students with long-term illnesses may receive accommodations through Section 504 plans or IEPs and establishes procedures for contacting parents, providing medical care when necessary, and maintaining emergency contact information for each student.

5024 – Medication of Students

This policy governs the administration of prescription and non-prescription medication by school personnel. It requires written parental permission, physician authorization for prescription medication, proper labeling of medication containers, and compliance with the Nebraska Medication Aide Act and related regulations.

5025 – Student Insurance

This policy clarifies that the school district is not an insurer of student safety. Parents are encouraged to obtain insurance coverage for injuries, particularly for students participating in athletics or extracurricular activities. The district may share information about available insurance plans.

5026 – Left Blank

5027 – Left Blank

5028 – Initiations and Hazing

This policy prohibits hazing and unauthorized initiations in school organizations, clubs, and athletic teams. It defines hazing broadly to include actions that endanger a student's physical or mental health or safety. Students who engage in hazing or non-approved initiations are subject to disciplinary consequences.

5029 – Left Blank

5030 – Dating Violence

This policy states that dating violence will not be tolerated by the district. Students who engage in dating violence may face disciplinary consequences under the Nebraska Student Discipline Act. The district is also required to provide training for appropriate staff and include the policy in the student handbook.

5031 – Student Appearance

This policy authorizes the administration to establish and enforce student dress codes through the student handbook. It allows the district to prohibit attire that is disruptive, unsafe, or

promotes inappropriate content. The policy also ensures dress codes are applied without discrimination and protects attire and hairstyles associated with race, religion, or national origin. It prohibits staff from altering a student's hair and outlines procedures for addressing health and safety concerns related to attire.

5032 – Closed Campus

This policy establishes that the school operates as a closed campus, meaning students must remain on school grounds during the school day unless they receive permission from the principal or a designated administrator.

5033 – Student Driving and Parking

This policy regulates student driving and parking on school property. It establishes parking rules, speed limits, and restrictions on students accessing their vehicles during the school day without permission. It also states that students who park on campus consent to vehicle searches when school officials have reasonable suspicion of a rule violation.

5034 – Left Blank

5035 – Student Discipline

This is the district's primary policy outlining student disciplinary authority and procedures. It includes:

- General authority for staff to impose discipline.
- Procedures for short-term suspension, long-term suspension, expulsion, and mandatory reassignment.
- Requirements under the Nebraska Student Discipline Act.
- Rules regarding weapons, firearms, drugs, bullying, and other misconduct.
- Due process procedures for disciplinary hearings.
- Special limitations on suspending pre-K through grade 2 students except in serious situations.

5036 – Lockers

This policy states that student lockers are school district property. Students are permitted to use lockers but have no expectation of privacy, and school officials may inspect lockers without individualized suspicion.

CENTENNIAL GRADUATION REQUIREMENTS

The Centennial Board of Education believes the many benefits of a high school education cannot be fully realized in less than four years. Further, it views the entire senior year as an important period during which the student should be able to enjoy many experiences providing academic growth and enrichment, exploration of new areas, and social growth and maturity.

All students (grades 9-12) are required to register for and complete a minimum of 60 hours of credit each year. Exception: (Students enrolled in vocal music may register for 56 hours of credit.) All seniors are required to successfully complete a minimum of 45 hours of credit in their fourth year of high school.

- Seniors (must have 45 hours completed & turned in by Homecoming and 50 hours completed & turned in by Prom/Day Out of School)

DRIVERS EDUCATION

Students successfully completing driver education at Centennial will receive three (3) credit hours. Driver education grades do not count toward student grade point averages.

Graduation Requirement: Extracurricular Participation

Purpose

The Board of Education believes that participation in extracurricular activities enhances students' overall educational experience by fostering personal growth, leadership, and teamwork. The Board recognizes that these activities provide valuable opportunities for students to explore interests, develop talents, and build meaningful relationships with peers and mentors. Research indicates that students engaged in extracurricular programs often achieve higher academic success, develop strong time management skills, and feel a greater sense of belonging within their school community. Furthermore, involvement in athletics, fine arts, clubs, and other school-sponsored activities helps students build resilience, responsibility, and essential life skills that prepare them for success beyond high school.

Requirement

Effective beginning with the graduating class of 2027, all students must participate in at least one extracurricular activity during their high school years as a requirement for graduation.

Definition of Extracurricular Activity

An extracurricular activity is defined as any school-sponsored club, organization, athletic team, fine arts program, or academic competition.

These activities include but are not limited to:

- FFA, FBLA, FCCLA, Student Council, Quiz Bowl, Speech, One Act, Band, Jazz Band, Choir, Show Choir, Chess Club, Yearbook, Edrising, Journalism, Digital Media, eSports, Dance, Cross Country, Softball, Volleyball, Football, Wrestling, Basketball, Unified Bowling, Track, Baseball, Golf, and other clubs that have been approved by the administration.

Participation Criteria

- Students must actively participate in at least one extracurricular activity for a full season or designated period as determined by the sponsor or coach.
 - For activities such as: FFA, FBLA, FCCLA, Student Council, Quiz Bowl, Chess Club, Yearbook, Edrising, Journalism, Digital Media, eSports, and other activities approved by administration a full season will be defined as one semester of participation.
- Students who are unable to physically participate due to injury or health conditions may still fulfill this requirement if they remain a member of the team or group, attend practices, and contribute in a meaningful way as determined by the sponsor or coach.
- Transfer students who enroll after the start of high school must meet the participation requirement to the extent feasible during their time at Centennial Public School.

Reasonable adjustments will be made based on the time of enrollment and prior participation at other accredited schools.

- All activities must be approved by the school administration.

Verification of Participation

- The school administration will maintain records of student participation.
- Students must submit a verification form, signed by the activity sponsor or coach, to their school counselor by May 1st of their junior year.

Exceptions and Waivers

- Exceptions may be granted in cases of extenuating circumstances, such as medical conditions, employment obligations, or other approved reasons.
- Requests for exemptions must be submitted in writing to the school principal for review and approval.
- Students that are barred from interscholastic competitions for disciplinary reasons are still expected to participate in practices and team activities to the extent possible to meet this graduation requirement.

Implementation and Support

- School staff will provide students with information on available extracurricular opportunities.
- Accommodations will be made to ensure all students have access to participate, including students with disabilities, financial limitations, or other barriers to involvement.
- A designated staff member will be available to assist students in identifying and enrolling in suitable extracurricular activities.

Description

Henry® MiraSEAL is a fast curing, one component elastomeric, solvent free, moisture cure waterproofing membrane designed to provide a cold technology alternative to hot applied rubberized membrane systems or replace conventional hot mop felt ply and/or pre-formed sheeting systems. It is applied in a high build two ply system or single ply application which cures through reaction with atmospheric moisture to provide a heavy-duty "seamless" rubber-like, impervious membrane. Due to the moisture-reactive and non-gassing properties of the membrane, it provides tenacious adhesion to concrete substrates above- and below-grade, preventing lateral water migration, even with moisture present in the concrete. The inherent toughness and resilience of **MiraSEAL** enables it to bridge structural or shrinkage cracks that may develop in the substrate. **MiraSEAL** can be applied wet on wet in a horizontal application resulting in reduced installation time.

Features and benefits

- Solvent Free
- Can be applied to green concrete 24 hours after forms are removed
- Fast curing cold applied membrane
- Very low odor
- Seamless rubberized asphalt membrane
- Excellent adhesion to most construction surfaces such as concrete, stone, wood, cement and metal
- Safe for use in confined spaces or "hard to get at" applications

Usage

Henry MiraSEAL may be used as a waterproofing and roofing membrane on horizontal or vertical surfaces. This cold-applied technology is an ideal alternative to hot rubberized membrane applications for podium decks, plaza decks, balconies, tunnels, foundation walls, planters, green roofs and protected membrane assemblies.

Application

Refer to **Henry MiraSEAL** Guide Specifications and details for detailed application information. For ease of application, condition material to room temperature prior to application. All surfaces to be coated must be above 32 °F (0 °C). Apply material with a trowel, roller or long-handle squeegee. Squeegee applications are preferred for horizontal decks.

Henry MiraSEAL Elastomeric Fluid-Applied Waterproofing/Roofing Membrane

Coverage:

26 ft²/US Gal (0.64 m²/L) at 60 mils
18 ft²/US Gal (0.64 m²/L) at 90 mils
13 ft²/US Gal (0.32 m²/L) at 120 mils

All fluid-applied product application rates are based on theoretical coverage relative to the percentage of solids in the material. These are minimum application rates to achieve the required dry film thickness for the system and do not account for substrate condition or porosity. A thicker application of the product may be necessary to achieve the required dry film thickness for system relative to the substrate.

Above-Grade Systems:

- **120 - Mil System:** Apply **Henry MiraSEAL** in one coat using a roller, trowel, or squeegee at 26 sq. ft. per gallon or as required to obtain a 60-mil thickness to the entire area to receive waterproofing, including over all detail coats. Immediately install Polyester Reinforcing Fabric into the wet **Henry MiraSEAL**. Brush or roll the fabric into the wet **Henry MiraSEAL**, ensuring it is completely saturated into the wet **Henry MiraSEAL**. Overlap adjoining fabric sheets a minimum of ½". Ensure overlapping fabric is completely saturated in between overlaps. Install carefully to avoid wrinkles. In the event of wrinkles or fishmouths, cut the fabric and overlap the excess to avoid trapped air. Apply an additional coat of **Henry MiraSEAL** on top of the fabric at 26 sq. ft. per gallon or as required to obtain a 60-mil thickness, extending past the edge of the fabric to completely encapsulate it. The first coat, Polyester Reinforcing Fabric, and the second coat will need to all be completed in the same day or working period. Do not apply the first coat and Polyester Reinforcing Fabric in an area that can't be coated with the second coat in the same day. Total system dry film thickness shall be 120-mils. Do not leave Reinforcing Fabric exposed overnight.
- **90 - Mil System:** Apply **Henry MiraSEAL** in one coat using a roller, trowel, or squeegee at 35 sq. ft. per gallon or as required to obtain a 45-mil thickness to the entire area to receive waterproofing, including over all detail coats. If using reinforcement, immediately install Polyester Reinforcing Fabric into the wet **Henry MiraSEAL**. Brush or roll the fabric into the wet **Henry MiraSEAL**, ensuring it is completely saturated into the wet **Henry MiraSEAL**. Overlap adjoining fabric sheets a minimum of ½". Ensure overlapping fabric is completely saturated in between overlaps. Install carefully to avoid wrinkles. In the event of wrinkles or fishmouths, cut the fabric and overlap the excess to avoid trapped air. Apply an additional coat of **Henry MiraSEAL** on top of the first coat at 35 sq. ft. per gallon or as required to obtain a 45-mil thickness, extending past the edge of the fabric or membrane to completely encapsulate it. The first coat, Polyester Reinforcing Fabric, and the second coat will need to all be completed in the same day or working period. Do not apply the first coat and Polyester Reinforcing Fabric in an area that can't be coated with the second coat in the same day. Total system dry film thickness shall be 90-mils. Do not leave Reinforcing Fabric exposed overnight.

Foundation Systems:

- **120 – Mil System:** Apply **Henry MiraSEAL** in one coat using a roller, trowel, or squeegee at 26 sq. ft. per gallon or as required to obtain a 60-mil thickness to the entire area to receive waterproofing, including over all detail coats. Once first coat is tacky, apply an additional coat of **Henry MiraSEAL** on top of the first coat at 26 sq. ft. per gallon or as required to obtain a 60-mil thickness. The first coat and the second coat will need to all be completed in the same day or working period. Total system dry film thickness shall be 120-mils.
- **90 – Mil System:** Apply **Henry MiraSEAL** in one coat using a roller, trowel, or squeegee at 35 sq. ft. per gallon or as required to obtain a 45-mil thickness to the entire area to receive waterproofing, including over all detail coats. Once first coat is tacky, apply an additional coat of **Henry MiraSEAL** on top of the first coat at 35 sq. ft. per gallon or as required to obtain a 45-mil thickness. The first coat and the second coat will need to all be completed in the same day or working period. Total system dry film thickness shall be 90-mils.
- **60 – Mil System:** Using a roller, trowel, or brush apply **Henry MiraSEAL** at 26 sq. ft. per gallon or as required to obtain a 60-mil thickness. Apply **Henry MiraSEAL** in one coat using a roller, trowel, or squeegee at 26 sq. ft. per gallon or as required to obtain a 60-mil thickness to the entire area to receive waterproofing, including over all detail coats.

Note: For best results, the following should be considered when installing Henry MiraSEAL in certain weather conditions:

Cold Weather/Low Humidity:

Spray apply a light mist of water over the surface of wet **Henry MiraSEAL** after installation to accelerate the curing process.

Hot Weather / High Humidity:

Schedule application time as temperatures are falling to minimize occurrence of blisters from substrate vapor drive. Alternatively, install **Henry MiraSEAL** in multiple coats of reduced mil thickness allowing each coat to cure before applying additional coats. A small test application is suggested prior to large-scale installation when applying **Henry MiraSEAL** in direct sunlight at temperatures above 80 °F.

Henry MiraSEAL Elastomeric Fluid-Applied Waterproofing/Roofing Membrane

Protection

Henry MiraSEAL should be adequately protected from construction activities and installation of overburden. Acceptable protection courses include **Henry G100s/s, 990-31, Protection Board HS, Protection Board 300HV**, appropriate **Henry MiraDRAIN** drainage composite or a semi-rigid asphalt board. Work only off boards or sheets previously placed. Contact Henry Technical Services if hot mix paving will be installed over the **Henry MiraDRAIN system**.

Shelf Life

12 months in unopened containers when stored in dry conditions.

Precautions

DO NOT THIN. Do not heat container or store at temperatures greater than 100 °F (38 °C). When transporting this product, make sure the pail is secured and the lid is tight to prevent spills.

Clean Up

Use mineral spirits for general clean-up before product cures. Use waterless hand cleaner to remove from skin.

Caution

WARNING. Causes skin irritation. Causes serious eye irritation. May cause respiratory irritation.

Prevention: Wash thoroughly after handling. Avoid breathing mists and sprays. Use only outdoors or in a well-ventilated area. Wear protective gloves and eye protection.

Response: IF ON SKIN: Wash with plenty of soap and water. If skin irritation occurs; Get medical advice or attention. Take off contaminated clothing and wash it before reuse. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists; Get medical advice or attention. IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor if you feel unwell.

See safety data sheet for further details regarding the safe use of this product.

KEEP OUT OF REACH OF CHILDREN.

Sam, disregard previous –

LF of pavement cut = 132 LF

LF of excavation (total including under pavement) = 200

Plan to dig a section 4' wide including concrete/asphalt removal. Backfill will be by you.

We will salvage landscape materials (rock, edging, and replacement)

Thanks,

Sean Murphy

Attached is product data for a product we would recommend at 60mil.

Bid: \$1,900.00 to waterproof footing and up wall.

Please let me know if you have any questions.

Thank you!

Brandon, can you recommend a product and give me a price to provide the below grade waterproofing for centennial per the attached?

The detail says "sheet membrane waterproofing." But the footings are so rough that we would prefer something that is liquid applied.

Thanks,

All, please see attached PR002 for centennial.

- Koch – need a number to cut and remove paving and dig down to footing, about 3' in ALL areas.
- Big Red – please price the removal / reinstall of fence posts for the gate that is in the way.
- Brandon – please confirm your price includes the cleaning of footing to ensure adherence of waterproofing or update to include. They will want to make sure this is nice and clean prior to covering anything up.

Mike, I am copying you because there are some electrical penetrations below grade that I don't expect we need to do anything with but want you to be aware.

Thanks guys.

Mr. Seth Ford
Superintendent
Centennial Public Schools
1301 Centennial Avenue
Utica, Nebraska 68456

Dear Mr. Ford,

On behalf of Clark & Enersen, we are pleased to submit a Design Services Fee Proposal to assist Centennial Public Schools with the design of a bus barn

Our proposal is based upon our discussions and previous design process.

Project Assumptions:

- Building approximately 60' x 160'
- 5 double bays
- Space for vehicle storage
- Space for maintenance and wash bay
- Space for office, break, bus and maintenance staff meetings
- Radiant heat
- Lift for school bus

For design services associated with this scope, we propose a **Fixed Fee of \$67,500.**

We anticipate starting immediately upon notice to proceed

We are hopeful that this fee proposal is consistent with the scope of work that you deem appropriate for this project. If you have any questions regarding the proposal, please feel free to contact me at your convenience.

Sincerely,

Tim Ripp, AIA, LEED AP
Senior Principal

The 2% charge will appear on the customer proposal and invoice as a S&H charge.

Taxes: All pricing in this quote is exclusive of any applicable sales, use or other similar taxes or duties. The customer is responsible for any such taxes or duties that may apply; if the customer is tax exempt, evidence of such tax exemption must be provided. Estimated tax may be provided solely for customer convenience. The amount indicated is only an estimate and is intended to be helpful for budgeting purposes. The actual amount of sales tax assessed at the time of invoicing may be more or less.

Platforms: Savvas, and any third party for which Savvas serves as the sales agent or distributor, reserve the right to change and/or update technology platforms, including possible edition updates to customers during the term of access. Customers will be notified of any change prior to the beginning of the new school year.

Damaged & Defective Products: If a print product, or the print component of a blended (print & digital) product, is received in damaged or defective condition, Savvas will issue a credit or replacement at no charge to the customer if the customer promptly (no later than 120 days) returns the damaged or defective product. Customers must report missing product immediately upon receipt.

Return Policy: Returns (other than damaged or defective products) are subject to the following conditions: (a) materials must be returned to Savvas at the customer's expense in new, unused condition, suitable for resale by Savvas (note that any barcoding, stickering, stamping or similar marking on any print materials renders them unsuitable for resale); (b) materials must be returned within six (6) months from the date of purchase; (c) the customer must obtain a Return Materials Authorization ("RMA") from Savvas prior to returning the materials, and must ship the materials back to Savvas within thirty days of receiving the RMA; (d) all materials sold in a set or package must be returned complete as originally sold; and (e) any materials provided by Savvas to the customer on a no-charge basis in consideration of the customer's purchase must be returned in proportion to the purchased materials that are being returned for a credit. A restocking fee of 3% may be applied to credits over \$1,000. Savvas' return policy does not apply to science lab kits or trade publication novels, which are sold on a non-returnable basis.

Consumable Worktexts: Subsequent year consumable worktexts will ship each year on the anniversary of the original order date for the duration of their license. Worktexts will ship to the location listed on the original order. Quantities for each grade level and title will remain consistent each year. Changes to quantities of titles previously ordered, shipping location changes, or any other changes to consumable worktext shipments must be made 4 weeks prior to shipment date. (the anniversary of the original order date unless changed). Changes can be made on the Subscription Worktext Site: <https://worktext-subscriptions.savvas.com>

Annual subscriptions for iLit and Successmaker Only: Savvas' iLit and Successmaker products (and no others) automatically renew on the anniversary date of the original purchase and will be invoiced accordingly unless otherwise specified. If you wish to cancel, please let us know in writing prior to the date of renewal by completing the customer service request form which you can access here:

Price quote: This is a price quote for the customer's convenience only, and not an offer to contract. All quotes are subject to review and final acceptance by an authorized representative of Savvas at its offices. Savvas reserves the right to correct typographical, computational or other errors. Savvas' standard payment terms are net 30 days unless otherwise specified. All pricing is in US Dollars unless otherwise specified. Pricing calculations use multiple decimal places to determine the most accurate extended pricing but are represented in standard currency format.

Shipping & handling charges (where applicable) are shown on the quote. S&H rates quoted are for standard ground transportation and may not reflect account contracted rates. If expedited shipping is requested, actual charges may be higher. For orders picked up at the Savvas warehouse by the customer or a third party carrier contracted by the customer, a 2% handling charge will be applied to shippable items. The 2% charge will appear on the customer proposal and invoice as a S&H charge.

Taxes: All pricing in this quote is exclusive of any applicable sales, use or other similar taxes or duties. The customer is responsible for any such taxes or duties that may apply; if the customer is tax exempt, evidence of such tax exemption must be provided. Estimated tax may be provided solely for customer convenience. The amount indicated is only an estimate and is intended to be helpful for budgeting purposes. The actual amount of sales tax assessed at the time of invoicing may be more or less.
