If a student entering grade 9 during the 2007-08 school year or thereafter is unable to comply with all of the requirements for a physical education course due to a physical limitation certified by a licensed medical practitioner, a modification to a physical education course does not prohibit the student from earning a Recommended or Advanced/Distinguished High School Program diploma. A student with a physical limitation must still demonstrate proficiency in the relevant knowledge and skills in a physical education course that do not require physical activity.

Transfers from Out-of-State or Nonpublic Schools

Out-of-state or out-of-country transfer students (including foreign exchange students) and transfer students from Texas nonpublic schools are eligible to receive Texas diplomas but shall complete all applicable high school graduation requirements. Any course credits required for graduation that are not completed before enrollment may be satisfied through credit by examination, correspondence courses, distance learning, or completing the course, according to the provisions of 19 Administrative Code 74.26. *19 TAC 74.11(g)* [See EHDB, EHDC, EHDE, and EI]

Modified Curriculum and Content

Modified curriculum and modified content refer to any reduction of the amount or complexity of the required knowledge and skills in 19 Administrative Code Chapters 110-117, 126-128, and 130. Substitutions that are specifically authorized in statute or rule must not be considered modified curriculum or modified content. *19 TAC 89.1070(k)*

Employability and Self-Help Skills

Employability and self-help skills are those skills directly related to the preparation of students for employment, including general skills necessary to obtain or retain employment. *19 TAC 89.1070(i)*

Summary of Academic Achievement and Evaluation

A summary of academic achievement and functional performance must be provided prior to exit from public school for students who meet one of the following conditions:

1. A student who has met requirements for graduation specified in 19 Administrative Code 89.1070(b)(1) or who has exceeded the maximum age eligibility as described by 19 Administrative Code 89.1035; or

2. A student who has met requirements for graduation specified in 19 Administrative Code 89.1070(b)(2) or (b)(3)(A), (B), or (C). A student meeting this condition is entitled to an evaluation as described by 34 C.F.R. 300.305(e)(1).

goals, as required by 34 C.F.R. 300.305(e)(3). This summary must also consider, as appropriate, the views of the parent and student and written recommendations from adult service agencies on how to assist the student in meeting postsecondary goals. Students who meet graduation requirements under 19 Administrative Code 89.1070(b)(2) or (b)(3)(A), (B),or (C) and who will continue enrollment in public school to receive special education services aligned to their transition plan will be provided the summary of performance upon exit from the public school system. These students are entitled to participate in commencement ceremonies and receive a certificate of attendance after completing four years of high school.

Graduation Criteria

A student who receives special education services may graduate and be awarded a diploma if the student meets one of the following conditions:

1. The student has demonstrated mastery of the required state standards (or district standards if greater) in 19 Administrative Code Chapters 110-117, 126-128, and 130; satisfactorily completed credit requirements for graduation under the foundation high school program applicable to students in general education; and demonstrated satisfactory performance as established in Education Code Chapters 28 and 39, on the required EOC assessment instruments, which could include meeting the requirements of 19 Administrative Code 89.1070(d).

2. The student has demonstrated mastery of the required state standards (or district standards if greater) in 19 Administrative Code Chapters 110-117, 126-128, and 130; the student has satisfactorily completed credit requirements for graduation under the foundation high school program specified in 19 Administrative Code 74.12 applicable to students in general education; and the student's ARD committee has determined that satisfactory performance, beyond what would otherwise by required in 19 Administrative Code 89.1070(b)(1) and (d), on the required EOC assessment instruments is not required for graduation.

3. The student has satisfactorily completed credit requirements for graduation under the foundation high school program, one or more of which contain modified curriculum that is aligned to the standards applicable to students in general education; demonstrated mastery of the required state standards (or district standards if greater) in 19 Administrative Code Chapters 110-117, 126-128, and 130 in accordance with modified con-

tent and curriculum expectations established in the student's IEP; and demonstrated satisfactory performance on the required EOC assessment instruments, unless the student's ARD committee has determined that satisfactory performance on the required EOC assessment instruments is not required for graduation. The student must also successfully complete the student's IEP and meet one of the following conditions:

a. Consistent with the IEP, the student has obtained full-time employment, based on the student's abilities and local employment opportunities, in addition to mastering sufficient self-help skills to enable the student to maintain the employment without direct and ongoing educational support of the local school district;

b. Consistent with the IEP, the student has demonstrated mastery of specific employability skills and self-help skills that do not require direct ongoing educational support of the local school district; or

c. The student has access to services or other supports that are not within the legal responsibility of public education, including employment or postsecondary education established through transition planning.

When a student receives a diploma under item 2 or 3(a), (b), or (c), above, the ARD committee must determine needed educational services upon the request of the student or parent to resume services, as long as the student meets the age eligibility requirements.

   b. With modification of the curriculum, provided that the curriculum, as modified, is sufficiently rigorous as determined by the student's ARD committee and documented in the student's IEP.

The ARD committee of a student in a special education program shall determine whether the student is required to achieve satisfactory performance on an end-of-course assessment instrument to earn the distinguished level of achievement or an endorsement on the student's transcript.

Graduation of Military Dependents

Course Waiver

District officials shall waive specific courses required for graduation if similar coursework has been satisfactorily completed by a military student in another district or shall provide reasonable justification for denial. Should a waiver not be granted to a student who would qualify to graduate from the sending school, the district shall provide an alternative means of acquiring required coursework so that graduation may occur on time.

Transfers During Senior Year

Should a military student transferring at the beginning or during the student's senior year be ineligible to graduate from the district after all alternatives have been considered, the sending and receiving districts shall ensure the receipt of a diploma from the sending district, if the student meets the graduation requirements of the sending district. In the event that one of the states in question is not a member of this compact, the member state shall use best efforts to facilitate the on-time graduation of the student.

Substitute Passing Standard

The commissioner shall adopt a passing standard on one or more national norm-referenced achievement tests for purposes of permitting a qualified military dependent to meet that standard as a substitute for completing a specific course otherwise required for graduation. The passing standard is available only for a student who enrolls in a public school in this state for the first time after completing the ninth grade or who reenrolls in a public school in this state at or above the 10th-grade level after an absence of at least two years from the public schools of this state. Each passing standard in effect when a student first enrolls in a Texas public high school remains applicable to the student for the duration of

the student's high school enrollment, regardless of any subsequent revision of the standard.

Graduation of Student Who Is Homeless or in Conservatorship of DFPS

If an 11th or 12th grade student who is homeless or in the conservatorship of the Department of Family and Protective Services transfers to a different school district and the student is ineligible to graduate from the district to which the student transfers, the district from which the student transferred shall award a diploma at the student's request, if the student meets the graduation requirements of the district from which the student transferred. *Education Code 28.025(i)*

Local Achievement Testing

In addition to the state-administered assessment instruments, a district may adopt and administer criterion-referenced or norm-referenced assessment instruments, or both, at any grade level. A locally adopted norm-referenced assessment instrument must be economical, nationally recognized, and state-approved.

For purposes of this provision, "assessment instrument" means a district-commissioned achievement test, either nationally normed or criterion-referenced, that is group administered and reported publicly (such as to a board) in the aggregate.

A company or organization scoring an assessment instrument shall send test results to a district for verification. A district shall have 90 days to verify the accuracy of test data and report the results to the board.

A district shall follow procedures for test security and confidentiality set forth in 19 Administrative Code Chapter 101, Subchapter C. [See EKB]

Education Code 39.026, .032; 19 TAC 101.101

Assessment Instrument Limitations

In any subject area for which a state assessment is administered, a district may not administer locally required assessments designed to prepare students for state assessments to any student on more than ten percent of the instructional days in any school year. A campus-level planning and decision-making committee may limit the administration of locally required assessments to ten percent or a lower percentage of the instructional days in any school year. This prohibition does not apply to the administration of college preparation assessments, advanced placement tests, international baccalaureate examinations, or state assessments. *Education Code 39.0262*

Benchmark Assessment Instruments

"Benchmark assessment instrument" means a district-required assessment instrument designed to prepare students for a corresponding state-administered assessment instrument.

A district may not administer to any student more than two benchmark assessment instruments to prepare the student for a corresponding state-administered assessment instrument.

This prohibition does not apply to the administration of a college preparation assessment instrument, including the PSAT, the PreACT, the SAT, or the ACT, an advanced placement test, an international baccalaureate examination, or an independent classroom examination designed or adopted and administered by a classroom teacher.

A parent of or person standing in parental relation to a student who has special needs, as determined in accordance with commissioner of education rule, may request administration to the student of additional benchmark assessment instruments.

Education Code 39.0263

Designed to Prepare

For purposes of Education Code 39.0262 and 39.0263, an assessment instrument designed to prepare students for state-administered assessment instruments is an assessment that:

1. Evaluates students' potential performance relative to the state's blueprint in whole for a state-administered assessment; or
2. Is primarily focused on test-taking techniques.

This provision does not include an assessment designed to evaluate students' mastery of parts of the Texas Essential Knowledge and Skills or the efficacy of instructional practice.

19 TAC 101.6003

College Preparation Assessments

Each school year, and at state cost, a district may administer an established, valid, reliable, and nationally norm-referenced preliminary college preparation assessment instrument:

1. To students in the spring of the eighth grade, for the purpose of diagnosing the academic strengths and deficiencies of students before entrance into high school; and
2. To students in the tenth grade, for the purpose of measuring a student's progress toward readiness for college and the workplace.

The provisions of Education Code 39.0261(a)(1) and (a)(2), above, apply only if the legislature appropriates funds for those purposes.

Education Code 39.0261(a)(1)–(a)(2), (f)

High school students, in the spring of the eleventh grade or during the twelfth grade, may select and take once, at state cost:

1. One of the valid, reliable, and nationally norm-referenced assessment instruments used by colleges and universities as part of their undergraduate admissions processes;
2. The assessment instrument designated by the Texas Higher Education Coordinating Board under Education Code 51.334; or

3. A nationally recognized career readiness assessment instrument that measures foundational workforce skills approved by commissioner rule.

A high school student is not prohibited from taking the test more than once, at the student's own expense.

Education Code 39.0261(a)(3), (e)

A district is entitled to reimbursement for the amount of fees paid by the district for the administration of an assessment instrument under Education Code 39.0261(a)(3), above. *Education Code 48.155*

Homeschooled Students

The following provisions apply to a homeschooled student entitled under Education Code 25.001 to attend school in a district.

A district shall permit a homeschooled student to participate in an administration of the PSAT/NMSQT or a college advanced placement test offered by the district.

"Homeschooled student" means a student who predominantly receives instruction in a general elementary or secondary education program that is provided by the parent, or a person standing in parental authority, in or through the child's home.

Fees

A district shall require a homeschooled student to pay the same fee to participate in such a test that a student enrolled in the district is required to pay.

Notice

A district shall post on an internet website maintained by the district the date the PSAT/NMSQT will be administered and the date any college advanced placement tests will be administered. The notice must state that the PSAT/NMSQT or the advanced placement test is available for homeschooled students eligible to attend school in the district and describe the procedures for a homeschooled student to register for the test.

A district that does not maintain an internet website must publish the notice in a newspaper in the district. If a newspaper is not published in the district, the district shall provide for the publication of notice in at least one newspaper in the county in which the district's central administrative office is located.

The required notice must be posted or published at the same time and with the same frequency with which the information is provided to a student who attends a district school.

Armed Services Vocational Aptitude Battery Test

Each school year each school district shall provide students in grades 10 through 12 an opportunity to take the Armed Services Vocational Aptitude Battery (ASVAB) test and consult with a military recruiter.

The test must be scheduled:

1. During normal school hours; and
2. To optimize student participation, at a time that limits conflicts with extracurricular activities.

Each school district shall provide each student in grades 10 through 12 and the student's parent or person standing in parental relation to the student a notice of the date, time, and location of the scheduled administration of the ASVAB test.

A school district may elect not to provide the ASVAB test only if the district or school provides an alternative test that:

1. Assesses a student's aptitude for success in a career field other than a career field that requires postsecondary education;
2. Is free to administer;
3. Requires minimal training and support of district or school faculty and staff to administer the test; and
4. Provides the student with a professional interpretation of the test results that allows the student to:
    a. Explore occupations that are consistent with the student's interests and skills; and
    b. Develop strategies to attain the student's career goals.

A school district or high school that, before September 1, 2017, entered into a contract under which a vocational aptitude test that does not comply with the requirements for an alternative test is provided to students in grades 10 through 12, may elect not to provide the ASVAB test for the term of the contract. On the expiration of the contract term, this exemption is not applicable.

State Assessment of Academic Skills

Every student receiving instruction in the essential knowledge and skills shall take the appropriate criterion-referenced assessments, as required by Education Code Chapter 39, Subchapter B [see Testing in Grades 3-8, below]. *Education Code 39.023(a), (c), (f); 19 TAC 101.5*

A student may not receive a high school diploma until the student has performed satisfactorily on end-of-course (EOC) assessment instruments [see End-of-Course Assessments, below]. *Education Code 39.025(a); 19 TAC 101.4001*

Emergent Bilingual Students

In grades 3-12, an emergent bilingual student, as defined by Education Code Chapter 29, Subchapter B, shall participate in the state assessment in accordance with commissioner rules at 19 Administrative Code Chapter 101, Subchapter AA. *Education Code 39.023(l), (m)* [See EKBA]

Special Education

The Texas Education Agency (TEA) shall develop or adopt appropriate criterion-referenced alternative assessment instruments to be administered to each student in a special education program for whom a state assessment instrument adopted under Education Code 39.023(a), even with allowable accommodations, would not provide an appropriate measure of student achievement, as determined by the student's admission, review, and dismissal (ARD) committee, including assessment instruments approved by the commissioner of education that measure growth. The assessment instruments developed or adopted, including the assessment instruments approved by the commissioner, must, to the extent allowed under federal law, provide a district with options for the assessment of students.

TEA may not adopt a performance standard that indicates that a student's performance on the alternate assessment does not meet standards if the lowest level of the assessment accurately represents the student's developmental level as determined by the student's ARD committee.

The student's ARD committee shall determine whether any allowable modification is necessary in administering to the student a required EOC assessment instrument under Education Code 39.023(c), and whether the student is required to achieve satisfactory performance on an EOC assessment instrument to receive a high school diploma.

Education Code 39.023(b)-(c), .025(a-4)

Military Dependents

If the student is a military dependent, the district shall incorporate procedures to accept:

© 2025 Texas Association of School Boards, Inc. All rights reserved. Permission granted to TASB Policy Service subscribers to reproduce for internal use only.

1. Exit or EOC exams required for graduation from the sending state;
2. National norm-referenced achievement tests; or
3. Alternative testing, in lieu of testing requirements for graduation in the receiving state.

In the event the above alternatives cannot be accommodated by the receiving state for a military dependent transferring in his or her senior year, then Education Code 162.002 article VII, section C, shall apply.

Education Code 162.002 art. VII [See EIF]

Administration

A district shall follow the test administration procedures established by TEA in the applicable test administration materials. A superintendent shall be responsible for administering tests. *19 TAC 101.25, .27*

Schedule

The commissioner shall specify the schedule for testing that is in compliance with Education Code 39.023(c-3) and supports reliable and valid assessments. Participation in University Interscholastic League (UIL) area, regional, or state competitions is prohibited on any days on which testing is scheduled between Monday and Thursday of the school week in which the primary administration of assessment instruments occurs.

The commissioner may provide alternate dates for the administration of tests required for a high school diploma to students who are migratory children and who are out of the state.

19 TAC 101.25

On request by a district, the commissioner may allow the district to administer an assessment instrument on the first instructional day of a week if administering the assessment instrument on another instructional day would result in a significant administrative burden due to specific local conditions. *Education Code 39.023(c-3)*

Religious Holy Days

The board may consider the dates of religious holy days or periods of observance likely to be observed by the students enrolled in the district during the period set by the State Board of Education (SBOE) for the administration of state assessment instruments in establishing:

1. The district's calendar for that school year; and
2. The instructional days within that period on which students are administered the required assessment instruments, provided that the board not exclude more than two instructional

days from that period based solely on the occurrence of a single religious holy day or period of observance.

"Religious holy day or period of observance" means a holy day or a period of holy days observed by a religion whose places of worship would be exempt from property taxation under Tax Code 11.20.

In establishing a school calendar under this provision, the board shall provide for alternative dates for the administration of state assessment instruments to a student who is absent from school to observe a religious holy day or period of observance on the date an assessment instrument is administered.

Education Code 39.0238

Alternate Test Dates

The commissioner shall consider requests from districts or campuses for alternate test dates on a case-by-case basis. Alternate test dates will only be allowed if the campus or district is closed on the day on which testing is scheduled or if there is an exceptional circumstance, defined below, that may affect a district's or campus's ability to administer an assessment or the students' performance on the assessment.

"Exceptional circumstances" include:

1. Inclement weather or natural disasters that would cause a district or campus to be closed or that would cause a small percentage of students to be in attendance on the day testing is scheduled;
2. Health epidemics that result in a large number of students being absent on the day of testing;
3. Death of a student or school official that may impact student performance; and
4. Sudden emergencies that occur on the day of testing or shortly before testing that may inhibit students from completing the assessments, such as a fire on campus, a bomb threat, an extended power outage, or a water main break.

If an alternate test date for primary test administration is approved, the commissioner may prohibit a district or campus from participating in UIL competition on the new test date if that is determined to be in the best interest of the district, campus, and students.

19 TAC 101.5003

Test Administration Training

The commissioner may require training for district employees involved in the administration of the assessment instruments. The commissioner may only require for the employee at each district

campus who oversees the administration of the assessment instruments to annually receive the training. The district employee who oversees test administration on a district campus may, with discretion, require other district employees involved in the administration of assessment instruments to repeat the training. *Education Code 39.0304(a), (b-1)-(b-2)*

Paper Administration

A district may administer a state assessment instrument required under Education Code 39.023(a), (c), or (l) in paper format to any student whose parent, guardian, or teacher in the applicable subject area requests the assessment instrument be administered to the student in paper format.

A request for the administration of an assessment instrument in paper format to a student must be submitted to the district:

1. For a fall administration of an assessment instrument, not later than September 15 of the school year in which the assessment instrument will be administered; and
2. For a spring administration of an assessment instrument, not later than December 1 of the school year in which the assessment instrument will be administered.

The number of students enrolled at a district who are administered an assessment instrument in paper format for any single administration under this provision may not exceed three percent of the number of students enrolled in the district. On receipt of more requests for administration of an assessment instrument than the maximum number permitted, the district shall accept the requests in the order received until the maximum number is reached.

This limitation does not apply to a student whose ARD committee determines that the administration of an assessment instrument in paper format is a necessary modification for the student.

Education Code 39.02342

Notice to Parents and Students

A superintendent shall be responsible for the following in order to provide timely and full notification of graduation requirements:

1. Notifying each student and his or her parent or guardian in writing no later than the beginning of the student's seventh-grade year of the testing requirements for graduation;
2. Notifying each student in grades 7-12 new to the district and his or her parent or guardian in writing of the testing requirements for graduation; and
3. Notifying each student who shall take the tests required for graduation and his or her parent or guardian, as well as out-

Testing in Grades 3-8

Except as provided below, all students, other than students who are assessed under Education Code 39.023(b) (alternative assessment instrument) or 39.023(l) (emergent bilingual students) or exempted under Education Code 39.027, shall be assessed in:

1. Mathematics, annually in grades 3-8;
2. Reading, annually in grades 3-8;
3. Social studies in grade 8;
4. Science in grades 5 and 8; and
5. Any other subject and grade required by federal law.

Education Code 39.023(a)

Exception

For purposes of federal accountability, a student shall not be administered a grade-level assessment if the student:

1. Is enrolled in a course or subject intended for students above the student's enrolled grade level and will be administered a grade-level assessment instrument developed under the list above that aligns with the curriculum for that course or subject within the same content area; or
2. Is enrolled in a course for high school credit in a subject intended for students above the student's enrolled grade level and will be administered an EOC assessment instrument that aligns with the curriculum for that course or subject within the same content area.

For purposes of federal accountability, a grade 3-8 student who is accelerated in mathematics, reading/language arts, or science and on schedule to complete the high school end-of-course assessments in that same content area prior to high school shall be assessed at least once in high school with the ACT or the SAT.

A student is only eligible to take an assessment instrument intended for use above the student's enrolled grade if the student is on schedule to complete instruction in the entire curriculum for that subject during the semester the assessment is administered.

A student in grade 5 or 8 described above may not be denied promotion on the basis of failure to perform satisfactorily on an as-

Accommodations

Testing accommodations are permitted for any student unless they would make a particular test invalid. Decisions regarding testing accommodations shall take into consideration the needs of the student and the accommodations the student routinely receives in classroom instruction. Permissible testing accommodations shall be described in the appropriate test administration materials.

The committee established by a board to determine the placement of students with dyslexia or related disorders shall determine whether any allowable modification is necessary in administering an assessment to such a student.

A student's ARD committee shall determine the allowable accommodations and shall document them in the student's individualized education program (IEP). [See Special Education, above]

A student must meet satisfactory performance on an EOC assessment listed in Education Code 39.023(c) in order to be eligible to receive a Texas diploma, except as described below at Exceptions, Credits Earned Prior to Enrollment, Individual Graduation Committee, and Special Education.

The standard in place when a student first takes an EOC assessment is the standard that will be maintained throughout the student's school career.

Exceptions

English I or English II

A student who was administered separate reading and writing EOC assessments under Education Code 39.023(c), for the English I or English II course has met that course's assessment graduation requirement if the student has:

1. Achieved satisfactory performance on either the reading or writing EOC assessment for that course;
2. Met at least the minimum score on the other EOC assessment for that course; and
3. Achieved an overall scale score of 3750 or greater when the scale scores for reading and writing are combined for that course.

Exceptions related to English I also apply to emergent bilingual students who meet the criteria in 19 Administrative Code 101.1007. [See EKBA]

19 TAC 101.3022(a)-(c)

Credits Earned Prior to Enrollment

If a student earned high school credit for a course with an EOC assessment prior to enrollment in a Texas public school district and the credit has been accepted by a Texas public school district, or a student completed a course for Texas high school credit in a course with an EOC assessment prior to the 2011-12 spring administration, the student is not required to take the corresponding EOC assessment. *19 TAC 101.3021(e)*

Substitute Assessments

A student at any grade level is eligible to use a substitute assessment as provided in the commissioner's chart at 19 Administrative Code 101.4002(b) if the student:

1. Was administered an approved substitute assessment for an equivalent course in which the student was enrolled;
2. Received a satisfactory score on the substitute assessment as determined by the commissioner and provided in the chart at 19 Administrative Code 101.4002(b); and
3. Using a Texas Success Initiative Assessment (TSIA) or a Texas Success Initiative Assessment, Version 2.0 (TSIA2) also meets the additional criteria of 19 Administrative Code 101.4002(d).

TSI Additional Criteria

A student must meet the criteria established in 19 Administrative Code 101.4002(d) in order to qualify to use TSIA or TSIA2 as a substitute assessment.

Accountability Testing

A student electing to substitute an assessment for graduation purposes must still take the corresponding EOC assessment required under Education Code 39.023(c) at least once for accountability purposes. If a student sits for an EOC assessment, a district may not void or invalidate the test in lieu of a substitute assessment.

A student who fails to perform satisfactorily on a PSAT or PreACT test as indicated in the chart in 19 Administrative Code 101.4002(b) must take the appropriate EOC assessment required under Education Code 39.023(c). However, a student who does not receive a passing score on the EOC assessment and retakes a PSAT or PreACT test is eligible to meet the requirements specified in 19 Administrative Code 101.4002(c).

19 TAC 101.4002

Verification of Results

An eligible student is responsible for providing a district an official copy of the student's scores from the substitute assessment.

Upon receipt of official results of an approved substitute assessment, a district must:

1. Verify the student's score on the substitute assessment; and
2. Determine whether the student met the performance standard required to qualify for a public high school diploma in Texas as established by the commissioner.

Individual Graduation Committee

A student in grade 11 or 12 who has failed to comply with the EOC assessment instrument performance requirements under Education Code 39.025 for not more than two courses may qualify to graduate on the basis of a review by an individual graduation committee (IGC). [See EIF] *Education Code 28.0258, 39.025(a-5)*

A student may not graduate under an IGC if the student did not take each required EOC assessment or an approved substitute assessment for each course in which the student was enrolled in a Texas public school for which there is an EOC assessment. A district shall determine whether the student took each required EOC assessment or an approved substitute assessment. For purposes of this provision only, a student who does not make an attempt to take all required EOC assessments may not qualify to graduate by means of an individual graduation committee.

Notwithstanding any action taken by a student's individual graduation committee, a district must provide a student an opportunity to retake an EOC assessment under Education Code 39.023(c) if the student has not previously achieved satisfactory performance on an assessment for that course. A student is not required to retake a course in order to be administered a retest of an EOC assessment.

19 TAC 101.3022(e)(1), (3)

For provisions related to an IGC and emergent bilingual students, see EKBA.

Special Education

A student receiving special education services is not subject to the IGC requirements in Education Code 28.0258. As provided in 19 Administrative Code 89.1070 (Graduation Requirements) and 19 Administrative Code 101.3023 (Participation and Graduation Assessment Requirements for Students Receiving Special Education Services), a student's ARD committee determines whether a student is required to achieve satisfactory performance on an EOC assessment to graduate. [See EIF]

A student dismissed from a special education program who achieved satisfactory performance on an alternate EOC assessment while enrolled in a special education program is not required to take and achieve satisfactory performance on the general EOC assessment to graduate. A student who took an EOC assessment while enrolled in a special education program is not required to retake and achieve satisfactory performance on the EOC assessment if the student's ARD committee determined that the student was not required to achieve satisfactory performance on the EOC assessment to graduate. A student dismissed from a special education program must achieve satisfactory performance on any re-

maining EOC assessments that the student is required to take. If the student fails to achieve satisfactory performance on no more than two of the remaining EOC assessments, the student is eligible for IGC review under Education Code 28.0258 and is subject to the IGC provisions above. [See Individual Graduation Committee, above]

19 TAC 101.3022(f)

For more information on graduation requirements for special education students, see EIF.

Credit by Examination

An EOC assessment administered under Education Code 39.023(c) cannot be used for purposes of credit by examination under 19 Administrative Code 74.24. [See EHDB, EHDC] *19 TAC 101.3021(c)*

Retakes

Each time an EOC assessment instrument is administered, a student who failed to achieve a score requirement may retake the assessment instrument. [See Satisfactory Performance, above]

A student is not required to retake a course as a condition of retaking an EOC assessment instrument.

If a student failed a course but achieved satisfactory performance on the applicable EOC assessment, that student is not required to retake the assessment if the student is required to retake the course.

Education Code 39.025(b); 19 TAC 101.3021(f), .3022(d)

Note: For information on instructional requirements for students who fail to perform satisfactorily on a state assessment instrument, see EHBC and EHBCA.

Reporting Results

Overall student performance data, aggregated by ethnicity, sex, grade level, subject area, campus, and district, shall be made available to the public, with appropriate interpretations, at regularly scheduled meetings of a board, after receipt from TEA. The information shall not contain the names of individual students or teachers. *Education Code 39.030(b)*

To the Public

To the Board

A superintendent shall accurately report all test results with appropriate interpretations to a board according to the schedule in the applicable test administration materials.

To Parents, Students, and Teachers

A district shall notify each of its students, his or her parent or guardian, and his or her teacher for that subject of test results, observing confidentiality requirements stated at Confidentiality of Results, below. All test results shall be included in each student's aca-

demic achievement record and shall be furnished for each student transferring to another district or charter school or private school. The scoring contractor will provide districts with the results of the machine-scorable assessments within a 21-day period following the close of the testing window. Upon receipt of the assessment results from the test contractor, a district shall disclose a student's assessment results to a student's teacher in the same subject area as the assessment for that school year. [See BQ series, FD, and FL]

19 TAC 101.3014(a)-(d)

TEA shall adopt a series of questions to be included in an EOC assessment instrument administered under Education Code 39.023(c) to be used for purposes of identifying students who are likely to succeed in an advanced high school course. A district shall notify a student who performs at a high level on the questions and the student's parent or guardian of the student's performance and potential to succeed in an advanced high school course. A district may not require a student to perform at a particular level on the questions to be eligible to enroll in an advanced high school course. *Education Code 39.0233(b)*

Parents Right-to-Know Under ESEA

As a condition of receiving assistance under Title I, Part A of the Elementary and Secondary Education Act (ESEA) (20 U.S.C. 6301 et seq.), a district shall provide to each individual parent of a child who is a student in such school, with respect to such student information on the level of achievement and academic growth of the student, if applicable and available, on each of the state academic assessments required under Part A. *20 U.S.C. 6312(e)(1)(B)(i)*

Parental Access

A parent is entitled to access to a copy of each state assessment instrument administered to the parent's child. This right of access does not apply, however, to those instruments or particular questions that are being field-tested by TEA. *Education Code 26.005, .006(a)(2), 39.023(e)*

Out-of-State Transfers

A district shall accurately report to TEA whether that student transferred into the district from out of state during the current school year.

Procedures for the reporting of out-of-state-transfer students to TEA shall be established in the applicable test administration materials. A district shall follow procedures specified in those test administration materials.

The assessment results of the out-of-state transfer students shall be reported separately to districts from the results of the district's

Security and Confidentiality

All assessment instruments included in the student assessment program are considered secure, and the contents of these tests, including student information used or obtained in their administration, are confidential.

Districts and campuses and the superintendent and campus principals in each district and campus shall:

1. Implement and ensure compliance with state test administration procedures and training activities;
2. Notify TEA as soon as the district becomes aware of any alleged or suspected violation of the security or confidential integrity of a test [see Violations, below];
3. Report all confirmed testing violations to TEA within 10 working days of the district becoming aware of the violation in accordance with the reporting process stipulated in the test administration materials;
4. Ensure that the only individuals with access to secure test materials are district employees who have:
    a. Met the requirements to participate in the student assessment program;
    b. Received training in test security and test administration procedures; and
    c. Signed an oath affirming they understand their obligation to maintain and preserve the security and confidentiality of all state assessments and student information, acknowledge their responsibility to report any suspected testing violation, and are aware of the range of penalties that may result from a violation of test security and confidentiality or a departure from test administration procedures; and
5. Ensure the security of the test materials as required by 19 Administrative Code 101.3031(a)(2)(E).

19 TAC 101.3031(a)(1)-(2)

Violations

Violations of the security and confidential integrity of a test include:

1. Directly or indirectly assisting students with responses to test questions;

12. Failing to report to an appropriate authority that an individual has engaged or is suspected of engaging in the above conduct or in any other serious violation of security and confidentiality under this provision;
13. Failing to implement sufficient procedures to prevent student cheating; and
14. Failing to implement sufficient procedures to prevent alteration of test documents by anyone other than the student.

Consequences

If a district determines that a student has cheated or attempted to cheat on a state assessment either by providing or receiving direct assistance, the district shall invalidate the student's test results.

Any violation of test security or confidential integrity may result in TEA:

1. Invalidating student test results;
2. Referring certified educators to the State Board for Educator Certification (SBEC) for sanctions in accordance with 19 Administrative Code Chapter 247 (Educators' Code of Ethics)

3. Lowering the district's accreditation status or a district's or campus's accountability rating in accordance with Education Code 39.003(d), or appointment of a monitor, conservator, or management team to the district in accordance with Education Code Chapter 39A.

Test Administration Procedures

Test administration procedures shall be delineated in the test administration materials provided to districts annually. Districts must comply with all of the applicable requirements specified in the test administration materials.

Districts shall ensure that test coordinators and administrators receive training to ensure that testing personnel have the necessary skills and knowledge required to administer assessment instruments in a valid, standardized, and secure manner.

Records Retention

As part of test administration procedures, the commissioner shall require districts to maintain records related to the security of assessment instruments for five years.

19 TAC 101.3031(a)(3)-(d)

SBEC may take disciplinary action against a person who has violated the security or integrity of any assessment required by Education Code Chapter 39, Subchapter B or has committed an act that is a departure from the test administration procedures established by the commissioner under 19 Administrative Code Chapter 101.

The superintendent and campus principal must develop procedures to ensure the security and confidentiality of the tests and will be responsible for notifying TEA in writing of conduct that violates the security or confidentiality of a test. Failure to report can subject the person responsible to the applicable penalties.

19 TAC 249.15(a)-(b), (g)(8)

Kindergarten Reading Readiness

The commissioner of education shall adopt a reading instrument that a school district shall use at the beginning of the school year to measure a kindergarten student's foundational literacy skills in reading development and comprehension. A reading instrument adopted under this section may include other developmental skills as part of a multidimensional assessment tool. *Education Code 28.006(b)*

The commissioner may approve not more than two alternative reading instruments for use in measuring the foundational literacy skills in reading development and comprehension of kindergarten students. *Education Code 28.006(b-1)*

Not later than the 60th day after the beginning of the school year, each district shall administer at the kindergarten level a reading instrument adopted by the commissioner or an alternative reading instrument approved by the commissioner. The district shall administer the reading instrument in accordance with the commissioner's recommendations and policies developed by commissioner rule.

The commissioner by rule shall determine the performance on the reading instrument that indicates kindergarten readiness. Each reading instrument must provide for the ability to compare the performance that indicates kindergarten readiness on that instrument with the performance that indicates kindergarten readiness on other instruments adopted or approved by the commissioner.

Education Code 28.006(c-2)–(c-3)

Reports

A superintendent shall:

1. Report to the commissioner and the board at a public meeting the results of a reading instrument;
2. Not later than the earlier of the 20th school day or the 30th calendar day after the date on which the results of a reading instrument are available, report, in writing or electronically, to a student's parent or guardian the student's results on the reading instrument; and

Definition

For the purpose of this policy, "parent" is the person who is indicated on the student registration form at the campus. The signature of only one parent of a student is required for a charter created by petition or a cooperative program charter. *Education Code 12.051(1), .052(b), .053(b)*

Policy

A district shall adopt a campus charter and program charter policy, which shall specify the:

1. Process for approval of a campus charter or program charter;
2. Statutory requirements with which a campus charter or program charter must comply; and
3. Items that must be included in a charter application.

Education Code 12.058

Campus or Program Charter

A board may grant a charter to parents and teachers for a campus or a program on a campus.

A board shall grant or deny the charter, through a public vote, if the board is presented with a petition signed by:

1. The parents of a majority of the students at that campus; and
2. A majority of the classroom teachers at that campus.

A board may not arbitrarily deny a charter.

Education Code 12.052

New Campus or Contract Charter

A board may grant a charter for:

1. A new district campus; or
2. A program that is operated:
    a. By an entity that has entered into a contract with the district under Education Code 11.157 [see EEL] to provide educational services to the district through the campus or program; and
    b. At a facility located in the boundaries of the district.

Voluntary Enrollment

A student's parent or guardian may choose to enroll the student at a campus or in a program charter. A district may not assign a student to the campus or program unless the student's parent or guardian has voluntarily enrolled the student.

Parental Removal

A student's parent or guardian may, at any time, remove the student from the campus or program and enroll the student at the campus to which the student would ordinarily be assigned.

Teacher Assignment

A district may not assign to the campus or program a teacher who has signed a written statement that the teacher does not agree to that assignment.

Education Code 12.0521

Contract Charter Funding

Beginning with the 2019–20 school year, a district is eligible to receive funding under Education Code 48.252 on the renewal of a contract. A district under contract with an open-enrollment charter school to jointly operate a campus or campus program during the 2017–18 school year and under any renewal of that contract during the 2018–19 school year is eligible to receive funding under former Education Code 42.2511 for each student or the portion of each student's school day under the direction of the open-enrollment charter school. *Education Code 11.157(b); 19 TAC 61.1010*

District Charter

A board may grant a district charter to a campus.

Enrollment Limit

A district charter may be granted only to one or more campuses serving in total a percentage of the district's student enrollment equal to not more than 15 percent of the district's student enrollment for the preceding school year.

Exception

The percentage limit may not prevent a district from granting a district charter to at least one feeder pattern of schools, including an elementary, middle or junior high, and high school.

A district charter may be granted to any campus that has received the lowest performance rating under Subchapter C, Chapter 39, Education Code.

Open-Enrollment Charter School

Subchapter D, Chapter 39, Education Code (open-enrollment charter schools) applies to a campus granted a district charter as though the campus were granted a charter under that subchapter, and the campus is considered an open-enrollment charter school.

A district charter is not considered for purposes of the limit on the number of charters for open-enrollment charter schools imposed by Education Code 12.101.

Education Code 12.0522

Cooperative Campus Charter

A board may grant a charter to parents and teachers at two or more campuses in the district for a cooperative charter program if the board is presented with a petition signed by:

1. The parents of a majority of the students at each school; and
2. A majority of the classroom teachers at each school.

Education Code 12.053

Performance Contract

A board that grants a charter shall enter into a performance contract with the principal or equivalent chief operating officer of the campus or program. The performance contract must specify enhanced authority granted to the principal or equivalent officer in order to achieve the academic goals that must be met by campus or program students.

Duration of Charter

A charter granted by the board expires ten years from the date the charter is granted unless the specified goals are substantially met, as determined by the board.

Education Code 12.0531

Neighborhood School

A board may determine that a campus granted a charter will be a neighborhood school.

The principal or equivalent chief operating officer of a neighborhood school shall manage the funding provided for the school under the Education Code and any other funding provided for the school in the manner the principal or other officer determines best meets the needs of the school's students. The district in which the school is located may retain that portion of funding that the district generally withholds from a campus for costs associated with the salary of the superintendent or other district governance.

The principal or equivalent chief operating officer of a neighborhood school may use school funding to purchase from the school district in which the school is located services for the school, including bus service, facilities maintenance services, and other services generally provided by a school district to district campuses. The school shall pay for each service an amount that reflects the actual cost to the district of providing the service for the number of the school's students for which the service is provided.

Education Code 12.0532

Student Eligibility

Eligibility criteria for admission of students to the charter campus or program must give priority on the basis of geographic and residency considerations. After priority is given on those bases, secondary consideration may be given to a student’s age, grade level, or academic credentials, in general or in a specific area, as necessary for the type of program offered.

The campus or program may require an applicant to submit an application not later than a reasonable deadline the campus or program establishes.

Sexual Orientation and Gender Identity

A district or district employee may not provide or allow a third party to provide instruction, guidance, activities, or programming regarding sexual orientation and gender identity to students enrolled in prekindergarten through 12th grade.

This provision may not be construed to:

2. Limit the ability of a person who is authorized by the district to provide physical or mental health-related services to provide the services to a student, subject to any required parental consent; or

Authorization Agreement

"Adult caregiver" means an adult person whom a parent has authorized to provide temporary care for a child under Family Code Chapter 34. *Family Code 34.0015(1)*

A parent, as defined in Family Code 101.024, or both parents of a child may enter into an authorization agreement with an adult caregiver to authorize the adult caregiver to perform acts described in Family Code 34.002 in regard to the child, such as:

1. Authorizing medical, dental, psychological, or surgical treatment and immunization of the child, including executing any consents or authorizations for the release of information as required by law relating to the treatment or immunization;

2. Enrolling the child in the district; and

3. Authorizing the child to participate in age-appropriate extracurricular, civic, social, or recreational activities, including athletic activities.

Family Code 34.002

A parent may enter into an authorization agreement with an adult caregiver with whom a child is placed under a parental child safety placement agreement approved by the Department of Family and Protective Services (DFPS) to allow the person to perform the acts described above with regard to the child during an investigation of abuse or neglect or while the department is providing services to the parent. *Family Code 34.0021*

The authorization agreement must conform to the requirements of Family Code Chapter 34.

A child who is the subject of an authorization agreement is not considered to be placed in foster care and the parties to the agreement are not subject to any law or rule governing foster care providers. *Family Code 34.0022(b)*

An authorization agreement does not affect the rights of the child's parent or legal guardian regarding the care, custody, and control of the child, and does not mean that the adult caregiver has legal custody of the child. *Family Code 34.007(b)*

Only one authorization agreement may be in effect for a child at any time. Execution of a subsequent authorization agreement does not by itself supersede, invalidate, or terminate a prior authorization agreement. An authorization agreement is void if it is executed while a prior authorization agreement remains in effect. *Family Code 34.002(d), .008(f)*

An authorization agreement is for a term of six months and renews automatically for six-month terms unless an earlier expiration date is stated in the agreement, the agreement is terminated under Family Code 34.008, or a court authorizes continuation. *Family Code 34.0075*

Immunity

A person who is not a party to the authorization agreement who relies in good faith on the authorization agreement, without actual knowledge that the authorization agreement is void, revoked, or invalid, is not subject to civil or criminal liability to any person, and is not subject to professional disciplinary action, for that reliance if the agreement is completed as required by Family Code Chapter 34. *Family Code 34.007(a)*

Temporary Authorization for Care

A person eligible to consent to treatment of a child under Family Code 32.001 or a person eligible to enter an authorization agreement [see Authorization Agreement, above] may seek a court order for temporary authorization for care of a child by filing a petition in the district court in the county in which the person resides if:

1. The child has resided with the person for at least the 30 days preceding the date the petition was filed; and
2. The person does not have an authorization agreement or other signed, written documentation from a parent, conservator, or guardian that enables the person to provide necessary care for the child.

Family Code 35.001-.002

The order may authorize the petitioner to, among other things:

1. Consent to medical, dental, psychological, and surgical treatment and immunization of the child;
2. Enroll the child in the district; and
3. Authorize the child to participate in age-appropriate extracurricular, civic, social, or recreational activities, including athletic activities.

A temporary authorization order does not affect the rights of the child's parent, conservator, or guardian regarding the care, custody, and control of the child, and does not establish legal custody of the child. *Family Code 35.007(b)*

Immunity

A person who relies in good faith on a temporary authorization order is not subject to civil or criminal liability to any person, or to professional disciplinary action. *Family Code 35.007(a)*

A student who was enrolled in a primary or secondary public school before the student entered the conservatorship of DFPS and who is placed at a residence outside the attendance area for a school or outside a district is entitled to continue to attend the

The student is entitled to continue to attend the school regardless of whether the student remains in the conservatorship of DFPS for the duration of the student's enrollment in the school. *Education Code 25.001(g)*

If a student who is in the conservatorship of DFPS is enrolled in a primary or secondary public school, other than the school in which the student was enrolled at the time the student was placed in the conservatorship of DFPS, the student is entitled to continue to attend that school without payment of tuition until the student successfully completes the highest grade level offered by the school at the time of enrollment in the school, even if the child's placement is changed to a residence outside the attendance area for that school or outside the district. The student is entitled to continue to attend the school regardless of whether the student remains in the conservatorship of DFPS for the duration of the student's enrollment in the school. *Education Code 25.001(g-1)*

A written case plan for any child in foster care under the responsibility of the state must include a plan for ensuring the educational stability of the child while in foster care, including:

1. Assurances that each placement of the child in foster care takes into account the appropriateness of the current educational setting and the proximity to the school in which the child in enrolled at the time of placement; and

2. An assurance that the appropriate state agency has coordinated with a district to ensure that the child remains in the school in which the child is enrolled at the time of each placement; or if remaining in that school is not in the best interests of the child, assurances by the state agency and the district to provide immediate and appropriate enrollment in a new school, with all of the educational records of the child provided to the school.

Students Holding F-1 Student Visas

If a student is required, as a condition of obtaining or holding the appropriate U.S. student visa, to pay tuition to the district that the student attends to cover the cost of the student's education provided by the district, the district shall accept tuition for the student in an amount equal to the full unsubsidized per capita cost of providing the student's education for the period of the student's attendance at school in the district.

The commissioner shall develop guidelines for determining the amount of the full unsubsidized per capita cost of providing a student's education. A district may not accept tuition in an amount greater than the amount computed under the commissioner's guidelines unless the commissioner approves a greater amount as a more accurate reflection of the cost of education to be provided by the district.

The attendance of a student for whom a district accepts tuition is not counted for purposes of allocating state funds to the district.

A district may revoke for the remainder of the school year the enrollment of a person who has more than five unexcused absences in a semester, except a school district may not revoke the enrollment of a person under this provision on a day on which the person is physically present at school.

A person whose enrollment is revoked for exceeding this limit may be considered an unauthorized person on school grounds for the purposes of Education Code 37.107 regarding trespassing.

The district may not require the student or student's parent to provide more documentation or information than is required by the form. *Education Code 25.087(g)*

Higher Education Visits

A district may excuse a student from attending school to visit an institution of higher education accredited by a generally recognized accrediting organization during the student's junior and senior years of high school for the purpose of determining the student's interest in attending the institution of higher education, provided that:

1. The district may not excuse for this purpose more than two days during the student's junior year and two days during the student's senior year; and
2. The district adopts:

Make-Up Work

The student shall be allowed a reasonable time to make up schoolwork missed on the days described above. If the student satisfactorily completes the work, the days of absence shall be counted as days of compulsory attendance.

Education Code 25.087(d)

A person required to attend school may be excused for temporary absence resulting from any cause acceptable to the teacher, principal, or superintendent of the school in which the person is enrolled. *Education Code 25.087(a)*

Notices to Parents

Warning Notice

A district shall notify a student's parent in writing at the beginning of the school year that, if the student is absent from school on 10 or more days or parts of days within a six-month period in the same school year, the student's parent is subject to prosecution under Education Code 25.093, and the student is subject to referral to a truancy court for truant conduct under Family Code 65.003(a).

Notice of Absences

A district shall notify a student's parent if the student has been absent from school, without excuse under Education Code 25.087, on three days or parts of days within a four-week period. The notice must:

1. Inform the parent that:
    a. It is the parent's duty to monitor the student's school attendance and require the student to attend school;
    b. The student is subject to truancy prevention measures under Education Code 25.0915; and
2. Request a conference between school officials and the parent to discuss the absences.

© 2025 Texas Association of School Boards, Inc. All rights reserved. Permission granted to TASB Policy Service subscribers to reproduce for internal use only.

The fact that a parent did not receive the notices described above is not a defense for the parent's failure to require a child to attend school nor for the student's failure to attend school.

Education Code 25.095

Non-Attendance

Parent Liability

A parent or person standing in parental relation commits an offense if:

1. A warning notice is issued;
2. The parent with criminal negligence fails to require the child to attend school as required by law; and
3. The child has absences for the amount of time specified under Family Code 65.003(a).

The attendance officer [see FED] or other appropriate school official shall file a complaint against the parent in an appropriate court, as permitted under Education Code 25.093.

Affirmative Defense — Parent

It is an affirmative defense to prosecution that one or more of the absences required to be proven was excused by a school official or should be excused by the court. A decision by the court to excuse an absence for this purpose does not affect the ability of a district to determine whether to excuse the absence for another purpose.

Education Code 25.093

Student Liability

A child engages in truant conduct if the child is required to attend school under the compulsory attendance laws, and fails to attend school on 10 or more days or parts of days within a six-month period in the same school year. Truant conduct may be prosecuted only as a civil case in a truancy court. *Family Code 65.003(a)-(b)*

"Child" means a person who is 12 years of age or older and younger than 19 years of age. *Family Code 65.002(1)*

Truancy Courts

The following are designated as truancy courts:

1. The constitutional county court in a county with a population of 2.1 million or more;
2. Justice courts; and
3. Municipal courts.

A truancy court has exclusive original jurisdiction over cases involving allegations of truant conduct.

Family Code 65.004(a)-(b)

© 2025 Texas Association of School Boards, Inc. All rights reserved. Permission granted to TASB Policy Service subscribers to reproduce for internal use only.

Affirmative Defense — Student

It is an affirmative defense to an allegation of truant conduct that one or more of the absences required to be proven:

1. Have been excused by a school official or by the court;
2. Were involuntary; or
3. Were due to the child's voluntary absence from the child's home because of abuse, as defined by Family Code 261.001.

The affirmative defense is not available if, after deducting the absences described above, there remains a sufficient number of absences to constitute truant conduct.

In asserting an affirmative defense, the burden is on the child to show by a preponderance of the evidence that the absence has been or should be excused, was involuntary, or was due to the child's voluntary absence from the child's home because of abuse, as defined by Family Code 261.001.

A decision by the court to excuse an absence does not affect the ability of the district to determine whether to excuse the absence for another purpose.

Family Code 65.003(c)-(f)

Truancy Prevention Measures

If a student fails to attend school without excuse on three or more days or parts of days within a four-week period but does not fail to attend school for the time described below, the district shall initiate truancy prevention measures on the student. [See FED] *Education Code 25.0915(a-4)*

District Complaint or Referral

If a student fails to attend school without excuse on 10 or more days or parts of days within a six-month period in the same school year, a district shall within 10 school days of the student's 10th absence refer the student to a truancy court for truant conduct under Family Code 65.003(a). [See FED] *Education Code 25.0951(a)*

Student Attendance Accounting Handbook

The commissioner will annually establish student attendance accounting guidelines and procedures to be used by a district to maintain records and make reports on student attendance and student participation in special programs.

The standard procedures that a district must use to maintain records and make reports on student attendance and student participation in special programs are described in the official TEA publication *Student Attendance Accounting Handbook.* A copy of the *Student Attendance Accounting Handbook* is available on the TEA website with information related to financial compliance.

Data from previous school years will continue to be subject to the student attendance accounting handbook as the handbook existed in those years.

Incentive for Additional Instructional Days

The commissioner shall adjust the average daily attendance of a district under Education Code 48.005 in the manner provided by Education Code 48.0051(b) if the district:

1. Provides the minimum number of minutes of operational and instructional time required under Education Code 25.081 and commissioner rules adopted under that section over at least 180 days of instruction; and

2. Offers an additional 30 days of half-day instruction for students enrolled in prekindergarten through fifth grade.

Education Code 48.0051(a)

Funding for Off-Campus Programs

Funding eligibility for a student participating in an off-campus program will include time instructed in the off-campus program. A campus may choose an alternate attendance-taking time for a group of students that is scheduled to be off-campus during the regular attendance-taking time. The alternate attendance-taking time will be in effect for the period of days or weeks for which the group is scheduled to be off-campus during the regular attendance-taking time (for example, for the semester or for the duration

of employment). This alternate attendance-taking time may not be changed once it is selected for a particular group of students. If attendance is taken at an off-campus location, the district must ensure that attendance is taken in accordance with the *Student Attendance Accounting Handbook*.

For a district to receive FSP funding for a student participating in an off-campus program, the district must have documentation of an agreement between the district and the college.

19 TAC 129.1031(c)-(d) [See EHDD]

[For information regarding funding for courses taken with the Texas Virtual School Network, see EHDE.]

Disasters

The commissioner may adjust the average daily attendance of a district all or part of which is located in an area declared a disaster area by the governor under Government Code Chapter 418 if the district experiences a decline in average daily attendance that is reasonably attributable to the impact of the disaster.

The commissioner may make the adjustment under this section for the two-year period following the date of the governor's initial proclamation or executive order declaring the state of disaster.

Education Code 48.006(a), (c)

Emergency or Crisis

In a school year in which the occurrence of an emergency or crisis, as defined by commissioner rule, causes a statewide decrease in average daily attendance of school districts entitled to funding under the Foundation School Program or, for an emergency or crisis occurring only within a specific region of Texas, causes a regional decrease in the average daily attendance of school districts located in the affected region, the commissioner shall modify or waive requirements applicable to the affected districts for average daily attendance under Education Code 48.005 and adopt appropriate safeguards as necessary to ensure the continued support and maintenance of an efficient system of public free schools and the continued delivery of high-quality instruction under that system. *Education Code 48.005(e-1)*

District Complaint or Referral

Against Student

If a student fails to attend school without excuse on 10 or more days or parts of days within a six-month period in the same school year, a district shall within 10 school days of the student's 10th absence refer the student to a truancy court for truant conduct under Family Code 65.003(a). [See FEA]

Against Parent

The district may file a complaint against the student's parent in a county, justice, or municipal court for an offense of parent contributing to nonattendance under Education Code 25.093 if the district provides evidence of the parent's criminal negligence.

A court shall dismiss a complaint made by a district against a parent that does not comply with Education Code 25.0951; does not allege the elements required for the offense; is not timely filed, unless the district delayed the referral as provided below; or is otherwise substantively defective.

Delaying a Referral

A district may delay a referral of a student for truant conduct, or may choose to not refer a student for truant conduct, if the district:

1. Is applying truancy prevention measures to the student under Education Code 25.0915; and
2. Determines that the truancy prevention measures are succeeding and it is in the best interest of the student that a referral be delayed or not be made.

Education Code 25.0951

Referral Prohibited

A district may not refer a student to truancy court if the school determines that the student's truancy is the result of pregnancy, being in the state foster program, homelessness, severe or life-threatening illness or related treatment, or being the principal income earner for the student's family. [See Truancy Prevention Measures, below] *Education Code 25.0915(a-3)*

Filing Requirements

Each referral to truancy court for conduct described by Family Code 65.003(a) must:

1. Be accompanied by a statement from the student's school certifying that the school applied the truancy prevention measures to the student, and the measures failed to meaningfully address the student's school attendance; and
2. Specify whether the student is eligible for or receives special education services under Education Code Chapter 29, Subchapter A.

A truancy court shall dismiss a petition filed by a truant conduct prosecutor under Family Code 65.054, if the court determines that the district's referral:

2. Does not satisfy the elements required for truant conduct;
3. Is not timely filed, unless the school district delayed the referral as provided above [see Delaying a Referral, above]; or
4. Is otherwise substantively defective.

Education Code 25.0915(b), (c)

Expunction of Records

An individual who was convicted of a truancy offense under former Education Code 25.094 or has had a complaint for a truancy offense dismissed is entitled to have the conviction or complaint and records relating to the conviction or complaint expunged.

Regardless of whether the individual has filed a petition for expunction, the court in which the individual was convicted or a complaint for a truancy offense was filed shall order the conviction, complaints, verdicts, sentences, and other documents relating to the offense, including any documents in the possession of a district or law enforcement agency, to be expunged from the individual's record. After entry of the order, the individual is released from all disabilities resulting from the conviction or complaint, and the conviction or complaint may not be shown or made known for any purpose.

Code of Criminal Procedure 45A.464

Attendance Officer

A board may select a school attendance officer. A school attendance officer also may be selected by two or more boards to serve their districts jointly. *Education Code 25.088*

3. To monitor school attendance compliance by each student investigated by the officer;

4. To maintain an investigative record on each compulsory school attendance requirement violation and related court action and, at the request of a court, the board, or the commissioner, to provide a record to the individual or entity requesting the record;

5. To make a home visit or otherwise contact the parent of a student who is in violation of compulsory school attendance requirements, except that the attendance officer may not enter a residence without permission of the parent or of the owner or tenant of the residence; and

6. At the request of a parent, to escort a student from any location to a school campus to ensure the student's compliance with compulsory school attendance requirements.

Education Code 25.091(a), (b-1)

Truancy Prevention Measures

A district shall adopt truancy prevention measures designed to address student conduct related to truancy in the school setting before the student engages in conduct described by Family Code 65.003 and minimize the need for referrals to truancy court for conduct described by Family Code 65.003(a). *Education Code 25.0915(a)*

A district shall take one or more of the following actions as a truancy prevention measure:

1. Impose:

   a. A behavior improvement plan on the student that must be signed by an employee of the school, that the district has made a good faith effort to have signed by the student and the student's parent or guardian, and that includes:

      (1) A specific description of the behavior that is required or prohibited for the student;

      (2) The period for which the plan will be effective, not to exceed 45 school days after the date the contract becomes effective; or

(3) The penalties for additional absences, including additional disciplinary action or the referral of the student to a truancy court; or

b. School-based community service; or

2. Refer the student to counseling, mediation, mentoring, a teen court program, community-based services, or other in-school or out-of-school services aimed at addressing the student's truancy. A referral may include participation by the child's parent or guardian if necessary.

A school district shall offer additional counseling to a student and may not refer the student to truancy court if the school determines that the student's truancy is the result of:

1. Pregnancy;

2. Being in the state foster program;

3. Homelessness;

4. Severe or life-threatening illness or related treatment; or

5. Being the principal income earner for the student's family.

If a student fails to attend school without excuse on three or more days or parts of days within a four-week period but does not fail to attend school for the time described by Education Code 25.0951(a), the district shall initiate truancy prevention measures on the student.

Education Code 25.0915

Minimum Standards

The minimum standards for the truancy prevention measures implemented by a district under Education Code 25.0915 include:

1. Identifying the root cause of the student's unexcused absences and actions to address each cause;

2. Maintaining ongoing communication with students and parents on the actions to be taken to improve attendance;

3. Establishing reasonable timelines for completion of the truancy prevention measure; and

4. Establishing procedures to notify the admission, review, and dismissal committee or the Section 504 committee of attendance issues relating to a student with a disability and ensure that the committee considers whether the student's attendance issues warrant an evaluation, a reevaluation, and/or

modifications to the student's individualized education program or Section 504 plan, as appropriate.

Best Practices

A district shall consider the following best practices for truancy prevention measures:

1. Develop an attendance policy that clearly outlines requirements related to truancy in accordance with Education Code, Chapter 25, Subchapter C, and communicate this information to parents at the beginning of the year.
2. Create a culture of attendance that includes training staff to talk with students and parents about the attendance policy and the root causes of unexcused absences.
3. Create incentives for perfect attendance and improved attendance.
4. Educate students and their families on the positive impact of school attendance on performance.
5. Provide opportunities for students and parents to address causes of absence and/or truancy with district staff and link families to relevant community programs and support.
6. Develop collaborative partnerships, including planning, referral, and cross-training opportunities, between appropriate school staff, attendance officers, program-related liaisons, and external partners, such as court representatives, community and faith-based organizations, state or locally funded community programs for truancy intervention or prevention, and law enforcement to assist students.
7. Determine root causes of unexcused absences and review campus- and district-level data on unexcused absences to identify systemic issues that affect attendance.
8. Use existing school programs such as Communities in Schools, 21st Century Community Learning Centers, restorative discipline, and positive behavior interventions and supports (PBIS) to provide students and their parents with services.
9. At the beginning of each school year, conduct a needs assessment and identify and list, or map, services and programs available within the district and the community that a school, a student, or a student's parent or guardian may access to address the student's barriers to attendance and make the infor-

10. After identifying and listing, or mapping, services available in the district and community, school districts should target any new resources, programs, or services to gaps in services identified during the needs assessment.

11. School districts should ensure that personnel, including truancy prevention facilitators or juvenile case managers, attendance officers, McKinney-Vento (homeless) liaisons, foster care liaisons, Title IX coordinators, 504 coordinators, pregnancy and parenting coordinators, dropout prevention coordinators, special education staff, and other appropriate student

Sanctions

An aggrieved party may file a written complaint with the Texas Education Agency (TEA) regarding an allegation that a district has failed to comply with Education Code 25.0915 or 19 Administrative Code Chapter 129, Subchapter BB related to truancy prevention measures. TEA may request that a district provide documentation regarding its compliance in response to a complaint. A district may request in writing an informal review of TEA's preliminary report in accordance with 19 Administrative Code 157.1123 (Informal Review). Following the informal review, or if no informal review is requested by the deadline, a final report will be issued. The commissioner of education may implement any sanction listed in Education Code 39.102(a) against a district found to be out of compliance with Education Code 25.0915 or 19 Administrative Code Chapter 129, Subchapter BB. *19 TAC 129.1047*

Notification Procedure

The Texas Education Agency (TEA) shall adopt a procedure for school districts to notify the parent of a student enrolled in the district regarding any change in services provided to or monitoring of the student related to the student's mental, emotional, or physical health or well-being.

A school district may not adopt a procedure that:

1. Prohibits a district employee from notifying the parent of a student regarding information about, or a change in services provided to or monitoring of the student related to, the student's mental, emotional, or physical health or well-being;

2. Encourages or has the effect of encouraging a student to withhold from the student's parent information described by item 1; or

3. Prevents a parent from accessing education or health records concerning the parent's child.

These requirements do not require the disclosure of information to a parent if a reasonably prudent person would believe the disclosure is likely to result in the student suffering abuse or neglect, as those terms are defined by Family Code 261.001.

District Employees

A district employee may not discourage or prohibit parental knowledge of or involvement in critical decisions affecting a student's mental, emotional, or physical health or well-being.

Consent for Questionnaire or Form

Before administering a student well-being questionnaire or health screening form to a student enrolled in prekindergarten through 12th grade, the district must provide a copy of the questionnaire or form to the student's parent and obtain the parent's consent, which must be made in writing and returned to the district, to administer the questionnaire or form.

Limitations on Statute

These requirements may not be construed to:

1. Limit or alter the requirements of Education Code 38.004 (child abuse reporting) or Family Code Chapter 261 (investigation of report of child abuse or neglect); or

2. Limit a school district employee's ability to inquire about a student's daily well-being without parental consent.

    a. The requirement for the individual making the report to provide his or her name and telephone number;

    b. The requirement for the individual making the report to provide his or her home address or, if the individual making the report is a school employee, agent, or contractor, provide his or her business address and profession; and

19 TAC 103.1401(b)(2)

The policies may not require that school personnel report suspicions of child abuse or neglect to a school administrator before making a report to one of the agencies listed above.

The policies must:

1. Include the current toll-free number for DFPS;
2. Provide for cooperation with law enforcement child abuse investigations without the consent of the child's parent, if necessary, including investigations by DFPS; and
3. Include child abuse anti-victimization programs in elementary and secondary schools consisting of age-appropriate, research-based prevention designed to promote self-protection and prevent sexual abuse and trafficking.

19 TAC 103.1401(b)(5)-(8)

Annual Distribution and Staff Development

The policies required by these provisions and adopted by the board shall be distributed to all personnel at the beginning of each school year. The policies shall be addressed in staff development programs at regular intervals determined by a board. *19 TAC 103.1401(c)* [See also DH and GRA]

[For training requirements under these provisions, see DMA.]

Required Poster

Using a format and language that is clear, simple, and understandable to students, each public school shall post, in English and in Spanish:

1. The current toll-free DFPS Abuse Hotline telephone number;
2. Instructions to call 911 for emergencies; and
3. Directions for accessing the DFPS Texas Abuse Hotline website[1] for more information on reporting abuse, neglect, and exploitation.

A district shall post the information specified above at each school campus in at least one high-traffic, highly and clearly visible public area that is readily accessible to and widely used by students. The information must be on a poster (11x17 inches or larger) in large print and placed at eye-level to the student for easy viewing. Note: The following legal provisions address dating violence and sexual harassment. For legal provisions addressing discrimination on the basis of disability, sex, and other protected characteristics, see FB.

Dating Violence

Policy Requirements

A district shall adopt and implement a dating violence policy to be included in the district improvement plan.

A dating violence policy must include:

1. A definition of dating violence that includes the intentional use of physical, sexual, verbal, or emotional abuse by a person to harm, threaten, intimidate, or control another person in a dating relationship, as defined by Family Code 71.0021;
2. A clear statement that dating violence is not tolerated at school; and
3. Reporting procedures and guidelines for students who are victims of dating violence, including a procedure for immediately notifying the parent or guardian of a student about a report received by the district identifying the student as an alleged victim or perpetrator of dating violence.

A dating violence policy must also address safety planning, enforcement of protective orders, school-based alternatives to protective orders, training for teachers and administrators at each district campus that instructs students in grade 6 or higher, counseling for affected students, and awareness education for students and parents.

Education Code 37.083, .0831 [See BQ]

Student Resources

To the extent possible, a district shall make available to students age-appropriate educational materials that include information on the dangers of dating violence and resources to students seeking help. *Education Code 37.0831(c)*

Sexual Harassment

A district may develop and implement a sexual harassment policy to be included in the district improvement plan. *Education Code 37.083* [See BQ]

Sexual abuse of a student by an employee, when there is a connection between the physical sexual activity and the employee's duties and obligations as a district employee, violates a student's constitutional right to bodily integrity. Sexual abuse may include fondling, sexual assault, or sexual intercourse. *U.S. Const. Amend. 14; Doe v. Taylor Indep. Sch. Dist., 15 F.3d 443 (5th Cir. 1994)*

No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal financial assistance. *20 U.S.C. 1681 (Title IX)*

A district's treatment of a complainant or a respondent in response to a formal complaint of sexual harassment may constitute discrimination on the basis of sex under Title IX. *34 C.F.R. 106.45; 20 U.S.C. 1681* [See also FB regarding Title IX]

Civil Liability

A school district that is grossly negligent or reckless, or engages in intentional misconduct, in hiring, supervising, or employing a professional school employee is liable for an act or omission that is committed by the employee against a student enrolled in the school and that is sexual misconduct.

For purposes of this provision, "sexual misconduct" means sexual abuse or conduct described by Penal Code:

1. 20A.02 (trafficking of persons);
2. 21.02 (continuous sexual abuse of young child or disabled individual);
3. 21.07 (public lewdness);
4. 21.08 (indecent exposure);
5. 21.11 (indecency with a child);
6. 21.12 (improper relationship between educator and student);
7. 21.15 (invasive visual recording);
8. 21.16 (unlawful disclosure or promotion of intimate visual material);
9. 21.165 (possession or promotion of lewd visual material depicting child);
10. 21.17 (voyeurism);
11. 21.18 (sexual coercion);
12. 21.19 (bestiality);
13. 22.011 (sexual assault);
14. 22.012 (indecent assault);
15. 22.021 (aggravated sexual assault); and
16. 43.25 (sexual performance by a child).

For purposes of this provision, "professional school employee" includes:

1. A superintendent, principal, teacher, including a substitute teacher, supervisor, social worker, school counselor, nurse, and teacher's aide employed by a district;
2. A teacher employed by a company that contracts with a district to provide the teacher's services to the school;
3. A student in an education preparation program participating in a field experience or internship;
4. A school bus driver certified in accordance with standards and qualifications adopted by the Department of Public Safety of the State of Texas;
5. A member of the board; and
6. Any other person employed by the district whose employment requires certification and the exercise of discretion.

A district's governmental immunity to suit and from liability is waived to the extent of liability created above.

The professional school employee who committed the act of failure to report must be named as a defendant. The employee may not assert official immunity in such an action.

Civil Practice and Remedies Code 118.001, .002, .006

Designation of Title IX Coordinator

A district must designate and authorize at least one employee to coordinate its efforts to comply with its responsibilities under Title IX, which employee must be referred to as the "Title IX Coordinator."

Parties Entitled to Notice

The district must notify applicants for admission and employment, students, parents or legal guardians, employees, and all professional organizations holding professional agreements with the district ("Parties Entitled to Notice") of the name or title, office address, electronic mail address, and telephone number of the employee or employees designated as the Title IX Coordinator.

34 C.F.R. 106.8(a)

Reporting

Any person may report sex discrimination, including sexual harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment), in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. Such a report

may be made at any time (including during nonbusiness hours) by using the telephone number or electronic mail address, or by mail to the office address, listed for the Title IX Coordinator. *34 C.F.R. 106.8(a)*

Notification of Policy

A district must notify the Parties Entitled to Notice, above, that the district does not discriminate on the basis of sex in the education program or activity that it operates, and that it is required by Title IX not to discriminate in such a manner. The notification must state that the requirement not to discriminate in the education program or activity extends to employment, and that inquiries about the application of Title IX to such district may be referred to the district's Title IX Coordinator, to the assistant secretary for civil rights of the Department of Education, or both. *34 C.F.R. 106.2(d), .8(b)(1)*

Publication Requirements

A district must prominently display the contact information required to be listed for the Title IX Coordinator and the nondiscrimination policy described at Notification of Policy, above, on its website, if any, and in each handbook that it makes available to the Parties Entitled to Notice, above.

A district must not use or distribute a publication stating that the district treats applicants, students, or employees differently on the basis of sex except as such treatment is permitted by Title IX.

34 C.F.R. 106.8(b)(2)

Note: To distinguish the process described below from the district's general grievance policies [see DGBA, FNG, and GF], this policy refers to the grievance process required by Title IX regulations for responding to formal complaints of Title IX sexual harassment in an education program or activity and against a person in the United States as the district's "Title IX formal complaint process."

Adopting and Publishing Complaint Procedures

A district must adopt and publish procedures that provide for the prompt and equitable resolution of student and employee complaints alleging any action that would be prohibited by Title IX and a Title IX formal complaint process that complies with 34 C.F.R. 106.45 for formal complaints as defined below.

A district must provide notice to the Parties Entitled to Notice, above, of the district's procedures and Title IX formal complaint process, including how to report or file a complaint of sex discrimination, how to report or file a formal complaint of sexual harassment, and how the district will respond.

The requirements of this provision apply only to sex discrimination occurring against a person in the United States.

34 C.F.R. 106.8(c)-(d)

Response to Sexual Harassment

Definitions

"Actual knowledge" means notice of sexual harassment or allegations of sexual harassment to a district's Title IX Coordinator or any official of the district who has authority to institute corrective measures on behalf of the district, or to any employee of an elementary and secondary school. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only official of the district with actual knowledge is the respondent. The mere ability or obligation to report sexual harassment or to inform a student about how to report sexual harassment, or having been trained to do so, does not qualify an individual as one who has authority to institute corrective measures on behalf of the district. "Notice" as used in this paragraph includes, but is not limited to, a report of sexual harassment to the Title IX Coordinator.

"Complainant" means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

"Consent" is not defined by the Title IX regulations, nor do the regulations require districts to adopt a particular definition of consent with respect to sexual assault.

"Formal complaint" means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the district investigate the allegation of sexual harassment. At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the district with which the formal complaint is filed. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information required to be listed for the Title IX Coordinator, and by any additional method designated by the district. As used in this paragraph, the phrase "document filed by a complainant" means a document or electronic submission (such as by electronic mail or through an online portal provided for this purpose by the district) that contains the complainant's physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint. Where the Title IX Coordinator signs a formal complaint, the Title IX Coordinator is not a complainant or otherwise a party to a Title IX formal complaint, and must comply with the requirements of the Title IX formal complaint process, including the informal resolution process.

© 2025 Texas Association of School Boards, Inc. All rights reserved. Permission granted to TASB Policy Service subscribers to reproduce for internal use only.

"Respondent" means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

"Sexual harassment" means conduct on the basis of sex that satisfies one or more of the following:

1. An employee of the district conditioning the provision of an aid, benefit, or service of the district on an individual's participation in unwelcome sexual conduct;

2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district's education program or activity; or

3. "Sexual assault" as defined in 20 U.S.C. 1092(f)(6)(A)(v), "dating violence" as defined in 34 U.S.C. 12291(a)(10), "domestic violence" as defined in 34 U.S.C. 12291(a)(8), or "stalking" as defined in 34 U.S.C. 12291(a)(30).

"Supportive measures" means nondisciplinary, nonpunitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the district's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the district's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or district-provided housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The district must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the district to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

34 C.F.R. 106.2, .30(a)

Deliberate Indifference

A district with actual knowledge of sexual harassment in an education program or activity of the district against a person in the United States, must respond promptly in a manner that is not deliberately indifferent. A district is deliberately indifferent only if its response to

sexual harassment is clearly unreasonable in light of the known circumstances.

Education Program or Activity

For the purposes of 34 C.F.R. 106.30 [see Definitions, above] and 106.45 [see Process for Title IX Formal Complaint, below], "education program or activity" includes locations, events, or circumstances over which the district exercised substantial control over both the respondent and the context in which the sexual harassment occurs.

34 C.F.R. 106.44(a)

Title IX Coordinator Response

The Title IX Coordinator must promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint. The Title IX Coordinator must respond in this manner with or without a formal complaint. *34 C.F.R. 106.44(b)(1)*

Supportive Measures Required

A district's response must treat complainants and respondents equitably by offering supportive measures and by following a process that complies with 34 C.F.R. 106.45 [see Process for Title IX Formal Complaint, below] before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent. [For Emergency Removal procedures, see below.]

Constitutional Restrictions

The Department of Education may not deem a district to have satisfied the district's duty to not be deliberately indifferent under Title IX based on the district's restriction of rights protected under the U.S. Constitution, including the First Amendment, Fifth Amendment, and Fourteenth Amendment.

34 C.F.R. 106.44(a)

Response to a Formal Complaint

In response to a formal complaint, a district must follow a process that complies with 34 C.F.R. 106.45 [see Process for Title IX Formal Complaint, below]. *34 C.F.R. 106.44(b)(1)*

Emergency Removal

The Title IX regulations do not preclude a district from removing a respondent from the district's education program or activity on an emergency basis, provided that the district:

1. Undertakes an individualized safety and risk analysis;
2. Determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal; and

3. Provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

This provision may not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

34 C.F.R. 106.44(c)

Administrative Leave

The Title IX regulations do not preclude a district from placing a nonstudent employee respondent on administrative leave during the pendency of a Title IX formal complaint. This provision may not be construed to modify any rights under Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act. *34 C.F.R. 106.44(d)*

Process for Title IX Formal Complaint

For the purpose of addressing formal complaints of sexual harassment, a district's process must comply with the following requirements. Any provisions, rules, or practices other than those required by this provision that a district adopts as part of its process for handling formal complaints of sexual harassment must apply equally to both parties. *34 C.F.R. 106.45(b)*

A district's Title IX formal complaint process must:

1. Treat complainants and respondents equitably by providing remedies to a complainant where a determination of responsibility for sexual harassment has been made against the respondent, and by following a process that complies with the Title IX regulations before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent. Remedies must be designed to restore or preserve equal access to the district's education program or activity. Such remedies may include the same individualized services described as supportive measures; however, remedies need not be nondisciplinary or nonpunitive and need not avoid burdening the respondent;

2. Require an objective evaluation of all relevant evidence—including both inculpatory and exculpatory evidence—and provide that credibility determinations may not be based on a person's status as a complainant, respondent, or witness;

3. Require that any individual designated by a district as a Title IX Coordinator, investigator, decision-maker, or any person designated by a district to facilitate an informal resolution process, not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. A district must ensure that Title IX Coordinators, investigators, decision-makers, and any person

who facilitates an informal resolution process, receive training on the definition of sexual harassment, the scope of the district's education program or activity, how to conduct an investigation and Title IX formal complaint process including hearings, appeals, and informal resolution processes, as applicable, and how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias. A district must ensure that decision-makers receive training on any technology to be used at a live hearing, if any, and on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant. [See Hearings, below] A district also must ensure that investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence. [See Investigation of a Formal Complaint, below] Any materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, must not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints of sexual harassment;

4. Include a presumption that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the Title IX formal complaint process;

5. Include reasonably prompt time frames for conclusion of the Title IX formal complaint process, including reasonably prompt time frames for filing and resolving appeals and informal resolution processes if the district offers informal resolution processes, and a process that allows for the temporary delay of the Title IX formal complaint process or the limited extension of time frames for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities;

6. Describe the range of possible disciplinary sanctions and remedies or list the possible disciplinary sanctions and remedies that the district may implement following any determination of responsibility;

7. State whether the standard of evidence to be used to determine responsibility is the preponderance of the evidence standard or the clear and convincing evidence standard, apply the

same standard of evidence for formal complaints against students as for formal complaints against employees, including faculty, and apply the same standard of evidence to all formal complaints of sexual harassment;

8. Include the procedures and permissible bases for the complainant and respondent to appeal;

9. Describe the range of supportive measures available to complainants and respondents; and

10. Not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege.

34 C.F.R. 106.45(b)(1)

Notice of Allegations

Upon receipt of a formal complaint, a district must provide the following written notice to the parties who are known:

1. Notice of the district's Title IX formal complaint process, including any informal resolution process.

2. Notice of the allegations of sexual harassment potentially constituting sexual harassment, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include:

   a. The identities of the parties involved in the incident, if known;

   b. The conduct allegedly constituting sexual harassment; and

   c. The date and location of the alleged incident, if known.

   The written notice must include a statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the Title IX formal complaint process. The written notice must inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney and may inspect and review evidence [see Investigation of a Formal Complaint, below]. The written notice must inform the parties of any provision in the district's code of conduct that prohibits knowingly making false statements or knowingly submitting false information during the Title IX formal complaint process.

© 2025 Texas Association of School Boards, Inc. All rights reserved. Permission granted to TASB Policy Service subscribers to reproduce for internal use only.

If, in the course of an investigation, the district decides to investigate allegations about the complainant or respondent that are not included in the Notice of Allegations, above, the district must provide notice of the additional allegations to the parties whose identities are known.

34 C.F.R. 106.45(b)(2)

Dismissal of a Formal Complaint

The district must investigate the allegations in a formal complaint. If the conduct alleged in the formal complaint would not constitute sexual harassment even if proved, did not occur in the district's education program or activity, or did not occur against a person in the United States, then the district must dismiss the formal complaint with regard to that conduct for purposes of sexual harassment under Title IX; such a dismissal does not preclude action under another provision of the district's code of conduct.

The district may dismiss the formal complaint or any allegations therein, if at any time during the investigation or hearing: a complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein; the respondent is no longer enrolled or employed by the district; or specific circumstances prevent the district from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon a dismissal required or permitted pursuant to 34 C.F.R. 106.45(b)(3), the district must promptly send written notice of the dismissal and reason(s) therefor simultaneously to the parties.

Consolidation of Formal Complaints

A district may consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances. Where a Title IX formal complaint process involves more than one complainant or more than one respondent, references in this provision to the singular "party," "complainant," or "respondent" include the plural, as applicable.

34 C.F.R. 106.45(b)(3)-(4)

Investigation of a Formal Complaint

When investigating a formal complaint and throughout the Title IX formal complaint process, a district must:

1. Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the district and not on the parties provided that the district cannot access, consider, disclose, or otherwise use a party's records that are made or maintained by a physi-

cian, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the district obtains that party's voluntary, written consent to do so for a Title IX formal complaint (if a party is not an "eligible student," as defined in 34 C.F.R. 99.3 then the district must obtain the voluntary, written consent of a "parent," as defined in 34 C.F.R. 99.3) [see FL(LEGAL) at Education Records];

2. Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;

3. Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;

4. Provide the parties with the same opportunities to have others present during any Title IX formal complaint proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or Title IX formal complaint proceeding; however, the district may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties;

5. Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;

6. Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint, including the evidence upon which the district does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to conclusion of the investigation. Prior to completion of the investigative report, the district must send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties must have at least 10 days to submit a written response, which the investigator will

consider prior to completion of the investigative report. The district must make all such evidence subject to the parties' inspection and review available at any hearing to give each party equal opportunity to refer to such evidence during the hearing, including for purposes of cross-examination; and

7. Create an investigative report that fairly summarizes relevant evidence and, at least 10 days prior to a hearing (if a hearing is required or otherwise provided) or other time of determination regarding responsibility, send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response.

34 C.F.R. 106.45(b)(5)

Hearings

The district's Title IX formal complaint process may, but need not, provide for a hearing. With or without a hearing, after the district has sent the investigative report to the parties pursuant to 34 C.F.R. 106.45(b)(5)(vii) [see Investigation of a Formal Complaint, above] and before reaching a determination regarding responsibility, the decision-maker(s) must afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. With or without a hearing, questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The decision-maker(s) must explain to the party proposing the questions any decision to exclude a question as not relevant. *34 C.F.R. 106.45(b)(6)(ii)*

Determination Regarding Responsibility

The decision-maker(s), who cannot be the same person(s) as the Title IX Coordinator or the investigator(s), must issue a written determination regarding responsibility. To reach this determination, the district must apply the standard of evidence described at Process for Title IX Formal Complaint, above.

The written determination must include:

1. Identification of the allegations potentially constituting sexual harassment;

2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and wit-

nesses, site visits, methods used to gather other evidence, and hearings held;

3. Findings of fact supporting the determination;

4. Conclusions regarding the application of the district's code of conduct to the facts;

5. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the district's education program or activity will be provided by the district to the complainant; and

6. The district's procedures and permissible bases for the complainant and respondent to appeal.

The district must provide the written determination to the parties simultaneously. The determination regarding responsibility becomes final either on the date that the district provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

34 C.F.R. 106.45(b)(7)(i)-(ii)

Implementation of Remedies

The Title IX Coordinator is responsible for effective implementation of any remedies. *34 C.F.R. 106.45(b)(7)(iv)*

Appeals

A district must offer both parties an appeal from a determination regarding responsibility, and from a district's dismissal of a formal complaint or any allegations therein, on the following bases:

1. Procedural irregularity that affected the outcome of the matter;

2. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and

3. The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

A district may offer an appeal equally to both parties on additional bases.

As to all appeals, the district must:

1. Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties;
2. Ensure that the decision-maker(s) for the appeal is not the same person as the decision-maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator;
3. Ensure that the decision-maker(s) for the appeal complies with the standards in the Title IX regulations regarding conflict of interest and bias [see Process for Title IX Formal Complaint, item 3, above];
4. Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;
5. Issue a written decision describing the result of the appeal and the rationale for the result; and
6. Provide the written decision simultaneously to both parties.

34 C.F.R. 106.45(b)(8)

Informal Resolution

A district may not require as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, waiver of the right to an investigation and adjudication of formal complaints of sexual harassment consistent with Title IX. Similarly, a district may not require the parties to participate in an informal resolution process and may not offer an informal resolution process unless a formal complaint is filed. However, at any time prior to reaching a determination regarding responsibility the district may facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication, provided that the district:

1. Provides to the parties a written notice disclosing:
    a. The allegations;
    b. The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the Title IX formal complaint process with respect to the formal complaint; and
    c. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared;

2. Obtains the parties' voluntary, written consent to the informal resolution process; and

3. Does not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

34 C.F.R. 106.45(b)(9)

Recordkeeping

A district must maintain for a period of seven years records of:

1. Each sexual harassment investigation including any determination regarding responsibility, any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the district's education program or activity;

2. Any appeal and the result therefrom;

3. Any informal resolution and the result therefrom; and

4. All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. A district must make these training materials publicly available on its website or if the district does not maintain a website the district must make these materials available upon request for inspection by members of the public.

For each response required under Title IX Coordinator Response, above, a district must create, and maintain for a period of seven years, records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the district must document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the district's education program or activity.

If a district does not provide a complainant with supportive measures, then the district must document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the district in the future from providing additional explanations or detailing additional measures taken.

34 C.F.R. 106.45(b)(10)

Retaliation Prohibited

No district or other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, or because the individual has made a report or complaint, testified, assisted, or participated

or refused to participate in any manner in an investigation, proceeding, or hearing under Title IX.

Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX, constitutes retaliation.

Complaints alleging retaliation may be filed according to the Process for Title IX Formal Complaint above.

The exercise of rights protected under the First Amendment does not constitute retaliation prohibited by Title IX.

Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a Title IX formal complaint proceeding does not constitute retaliation prohibited by Title IX, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

34 C.F.R. 106.71(a)-(b)

Confidentiality

The district must keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the Family Educational Rights and Privacy Act (FERPA) statute, 20 U.S.C. 1232g, or FERPA regulations, 34 C.F.R. Part 99, or as required by law, or to carry out the purposes of 34 C.F.R. Part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder. *34 C.F.R. 106.71(a)*

"Education Records" Defined

For the purposes of this policy, the term "education records" means those records, files, documents, and other materials that contain information directly related to a student and are maintained by an education agency or institution or by a person acting for such agency or institution.

The term "education records" does not include:

1. Records that are created or received by a district after an individual is no longer a student in attendance and that are not directly related to the individual's attendance as a student.
2. Records made by district personnel that are kept in the sole possession of the maker, are used only as a personal memory aid, and are not accessible or revealed to anyone other than a temporary substitute for the maker of the record.
3. Records maintained by a law enforcement unit of a district that were created by that law enforcement unit for the purpose of law enforcement.
4. Records on a student who is 18 years of age or older, or who is attending an institution of postsecondary education, that are:
    a. Made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in his or her professional capacity or assisting in a paraprofessional capacity;
    b. Made, maintained, or used only in connection with treatment of the student; and
    c. Disclosed only to individuals providing the treatment. For the purpose of this definition, "treatment" does not include remedial educational activities or activities that are part of the program of instruction at the agency or institution.
5. Grades on peer-graded papers before they are collected and recorded by a teacher.

Specific approval from students, parents, or guardians is not required prior to making such record transfers. *Education Code 38.002* [See FFAB]

Medical Records

The parent or guardian of a student is entitled to access to the student's medical records maintained by a district. On request of a student's parent or guardian, a district shall provide a copy of the student's medical records to the parent or guardian. A district may not impose a charge that exceeds the amount authorized by Section 552.261 of the Government Code [see GBAA]. *Education Code 38.0095*

To the extent a district is a covered entity under the Health Insurance Portability and Accountability Act (HIPAA), the district must comply with the Privacy Rule, 45 C.F.R. Part 164, with respect to protected health information that is not an education record. *45 C.F.R. 160.103, 164.501* [See CRD]

However, overall student performance data shall be aggregated by ethnicity, sex, grade level, subject area, campus, and district, and made available to the public, with appropriate interpretations, at regularly scheduled board meetings. If the district determines that there is an articulable and significant threat to the health or safety of a student or other individuals, it may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other individuals. If, based on the information available at the time of the determination, there is a rational basis for the determination, the United States Department of Education (U.S. ED) will not substitute its judgment for that of the district in evaluating the circumstances and making its determination.

If a district decides to amend the records as a result of the hearing, it shall inform the parent in writing. If, as a result of the hearing, the district decides not to amend the records, it shall inform the parent of the right to place a statement in the records commenting on the contested information and/or stating why the parent disagrees with the decision of the district. Any explanation shall be maintained with the contested part of the record for as long as the record is maintained and shall be disclosed whenever the contested portion of the record is disclosed. *34 C.F.R. 99.21*

Fees for Copies

No fee shall be charged to search for or to retrieve the education records of a student. A fee may be charged for a copy of education records which is made for the parent or an eligible student, unless the imposition of a fee effectively prevents a parent or eligible student from exercising the right to inspect and review those records. *20 U.S.C. 1232g; 34 C.F.R. 99.11; Education Code 26.012*

a. The student ID number, user ID number, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password, or other factor known or possessed only by the authorized user; or

b. The student ID number or other unique personal identifier that is displayed on a student ID badge cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a PIN, password, or other factor known or possessed only by the authorized user.

34 C.F.R. 99.3

Disclosure of Directory Information

A district may release directory information if it has given public notice to parents of students in attendance and eligible students in attendance at the district of:

1. The types of personally identifiable information that it has designated as directory information.

2. A parent's or eligible student's right to refuse to let the district designate any or all of those types of information about the student as directory information.

3. The period of time within which the parent has to notify the district in writing that he or she does not want any or all of those types of information about the student designated as directory information.

Restrictions on the Right of Refusal

A parent or eligible student may not use the right of refusal to opt out of directory information disclosures to prevent a district from disclosing or requiring a student to disclose the student's name, identifier, or institutional email address in a class in which the student is enrolled or to prevent a district from requiring a student to wear, to display publicly, or to disclose a student ID card or badge that exhibits information that may be designated as directory information and that has been properly designated by the district as directory information in the public notice provided under this section.

Former Students

A district may disclose directory information about former students without satisfying the public notice conditions above. However, the district must continue to honor any valid request to opt out of the disclosure of directory information made while a student was in attendance unless the student rescinds the opt-out request.

Confirmation of Identity or Records

A district may not disclose or confirm directory information without meeting the written consent requirements in 34 C.F.R. 99.30 if a student's social security number or other non-directory information is used alone or combined with other data elements to identify or help identify the student or the student's records.

34 C.F.R. 99.3, .37

Homeless Students

Information about a homeless child's living situation shall be treated as a student education record, and shall not be deemed to be directory information. *42 U.S.C. 11432(g)(3)(G)*

Directory Information Designation

A district may designate as directory information any or all information defined as directory information by FERPA. Directory information under that Act that is not designated by a district as directory information for that district is excepted from disclosure by the district under Government Code Chapter 552 (Public Information Act). [See GBA]

Directory information consented to by a parent for use only for a limited school-sponsored purpose, such as for a student directory, student yearbook, or district publication, if any such purpose has been designated by a district, remains otherwise confidential and may not be released under Government Code Chapter 552.

Annual Notice

A district shall provide the following to the parent of each district student, at the beginning of each school year or on enrollment of the student after the beginning of the school year:

      (2) The parent's objection to the release of a secondary student's name, address, and telephone number to a military recruiter or institution of higher education; and

      (3) The parent's consent to the release of one or more specific categories of directory information for a limited school-sponsored purpose if such purpose has been designated by the district and is specifically identified, such as for a student directory, student yearbook, or district publication; and

3. A statement that federal law requires districts receiving assistance under the Elementary and Secondary Education Act of 1965 to provide a military recruiter or an institution of higher education, on request, with the name, address, or telephone number of a secondary student unless the parent has advised the district that the parent does not want the student's information disclosed without the parent's prior written consent.

Consent to Release

A student who has attained 18 years of age or a parent of a secondary school student may submit a written request to a district that the student's name, address, and telephone listing not be released for purposes described above without prior written consent. Upon receiving such request, a district may not release the student's name, address, and telephone listing for such purposes without the prior written consent of the parent or student. A district shall notify parents of the option to make a request.

No Opt-In Process

Nothing in this provision shall be construed to allow a district to withhold access to a student's name, address, and telephone listing from a military recruiter or institution of higher education by implementing an opt-in process or any other process other than the written consent request process above.

20 U.S.C. 7908

A district shall:

1. Provide to military recruiters the same access to secondary school students as is provided generally to postsecondary educational institutions or to prospective employers of those students; and

Eligibility	A student otherwise eligible to participate in an extracurricular activity or a UIL competition is not ineligible because the student is enrolled in a course offered for joint high school and college credit, or in a course offered under a concurrent enrollment program, regardless of the location at which the course is provided. *Education Code 33.087*

Extracurricular Activities

An extracurricular activity is an activity sponsored by the UIL, a board, or an organization sanctioned by board resolution. The activity is not necessarily directly related to instruction of the essential knowledge and skills but may have an indirect relation to some areas of the curriculum.

Extracurricular activities include, but are not limited to, public performances, contests, demonstrations, displays, and club activities. In addition, an activity is subject to this policy if any one of the following criteria applies:

1. The activity is competitive;
2. The activity is held in conjunction with another activity that is considered extracurricular;
3. The activity is held off-campus, except in a case in which adequate facilities do not exist on campus;
4. The general public is invited; or
5. An admission is charged.

Exceptions

Public Performances

A student ineligible to participate in an extracurricular activity, but who is enrolled in a state-approved course that requires demonstration of the mastery of the essential knowledge and skills in a public performance, may participate in the performance if:

1. The general public is invited; and
2. The requirement for student participation in public is stated in the essential knowledge and skills of the course.

State-Approved Music Courses

A student ineligible to participate in an extracurricular activity, but who is enrolled in a state-approved music course that participates in UIL Concert and Sight-Reading Evaluation, may perform with the ensemble during the UIL evaluation performance.

2. A student may also participate in a tournament or post-district contest, as well as a contest postponed by weather or public disaster that may determine advancement to a post-district level of competition.

3. For each extracurricular activity, a district must limit students to a maximum of eight hours of practice and rehearsal outside the school day per school week.

19 TAC 76.1001(d); Education Code 33.081(a)

During the School Day

Limitations on practice and rehearsal during the school day shall be as follows:

1. A district must limit a student to one period of practice during the regularly scheduled school day for practice of extracurricular activities, such as athletics, drill team, or cheerleading.

2. The limit in item 1 does not prohibit a student from enrolling in any state-approved class. A student who is enrolled in a state-approved class that includes essential knowledge and skills that relate to the preparation for an extracurricular activity may practice that extracurricular activity for no more than one period during the school day.

3. A student may not be permitted to miss a scheduled academic class to practice for an unrelated extracurricular activity.

4. A district must limit extracurricular practice during the school day to ensure that class periods for extracurricular practice do not exceed the time allotted for other class periods.

5. Regardless of the schedule type in place (traditional or nontraditional), a school may elect to practice extracurricular activities daily, provided the total minutes allowed for the extracurricular practice is not greater than 300 minutes during the school week.

services from a mental health facility or the student's absence during instructional time while receiving outpatient mental health services from a mental health facility.

Education Code 33.0833(c)-(d)

Participation by Homeschooled Students

Except as provided below, a public school that participates in an activity sponsored by UIL shall provide a non-enrolled student, who otherwise meets UIL eligibility standards to represent that school in a UIL activity, with the opportunity to participate in the activity on behalf of the school in the same manner that the school provides the opportunity to participate to students enrolled in the school.

Not later than the date specified under UIL rule, the board may adopt a policy declining to grant non-enrolled students the opportunity to participate in UIL activities.

"Non-enrolled student" means a student who receives instruction as a homeschooled student as described by Education Code 29.916(a)(1) from a nonpublic school [see EK].

[For requirements specific to participation in Junior Reserve Officers' Training Corps by homeschooled students, see EEL.]

Relevant Policies

A non-enrolled student who seeks to participate or participates in a UIL activity on behalf of a school is subject to the following relevant policies that apply to students enrolled in the school:

1. Registration for UIL activities;
2. Age eligibility;
3. Fees;
4. Insurance;
5. Transportation;
6. Physical condition;
7. Qualifications;
8. Responsibilities;
9. Event schedules;
10. Standards of behavior; and

11. Performance.

Residency Requirements

Except as provided below, a non-enrolled student may only participate in a UIL activity for the school in the district that the student would be eligible to attend based on the student's residential address. A non-enrolled student who seeks to participate in a UIL activity on behalf of a school shall be required to establish minimum proof of residency acceptable to the district in the same manner as an applicant to attend a school in the district under Education Code 25.001 [see FD].

If the school that a non-enrolled student would be eligible to attend is subject to a policy declining to grant non-enrolled students the opportunity to participate in UIL activities, the student may participate in a UIL activity for the closest school, based on geographic proximity to the student's residential address, that is not subject to such a policy.

Academic Requirements

The parent or person standing in parental relation to a non-enrolled student is responsible for oversight of academic standards relating to the student's participation in a UIL activity. As a condition of eligibility to participate in a UIL activity during the first six weeks of a school year, a non-enrolled student must demonstrate grade-level academic proficiency on any nationally recognized, norm-referenced assessment instrument, such as the Iowa Test of Basic Skills, Stanford Achievement Test, California Achievement Test, or Comprehensive Test of Basic Skills. A non-enrolled student demonstrates the required academic proficiency by achieving a composite, core, or survey score that is within the average or higher than average range of scores, as established by the applicable testing service. A district shall accept assessment results administered or reported by a third party.

A non-enrolled student's demonstration of academic proficiency is sufficient for the school year in which the student achieves the required score and the subsequent school year.

After the first six weeks of a school year, the parent or person standing in parental relation to a non-enrolled student participating in a UIL activity on behalf of a public school must periodically, in accordance with the school's grading calendar, provide written verification to the school indicating that the student is receiving a passing grade in each course or subject being taught.

Previous Enrollment in Public School

A non-enrolled student is not authorized by this section to participate in a UIL activity during the remainder of any school year during which the student was previously enrolled in a public school.

Prohibitions

With respect to a non-enrolled student's education program, nothing in these provisions shall be construed to permit an agency of this state, a public school district, or any other governmental body to exercise control, regulatory authority, or supervision over a non-enrolled student or a parent or person standing in parental relation to a non-enrolled student beyond the control, regulatory authority, or supervision required to participate in a UIL activity.

Subject only to eligibility requirements, the curriculum or assessment requirements, performance standards, practices, or creed of the education program provided to a non-enrolled student may not be required to be changed in order for the non-enrolled student to participate in a UIL activity. Subject only to eligibility requirements, for a non-enrolled student participating in an education program on January 1, 2021, the education program provided to that student may not be required to comply with any state law or agency rule relating to that education program unless the law or rule was in effect on January 1, 2021.

UIL Classification

When assigning league classification to a public school based on student enrollment, the UIL must use the same student enrollment calculation formula for a school that allows a non-enrolled student to participate in a league activity as the formula used to determine the student enrollment of a school that does not allow a nonenrolled student to participate in the league activity.

Education Code 33.0832

UIL Allotment

For each nonenrolled student who participates in a UIL activity for a school in a district that allows participation of nonenrolled students, the district is entitled to an annual allotment of $1,500 per UIL activity in which the nonenrolled student participates. *Education Code 48.305*

Definitions

“Activity season” means the period established by a school or the UIL in which practices, rehearsals, and interschool competitions or contests take place.

“Nonenrolled student” means a student who predominantly receives instruction in a general elementary or secondary education program that is provided by the parent, or a person standing in parental authority, in or through the child’s home. This may include a student who is designated as enrolled, not in membership.

“Participation” means the active involvement of a student in a minimum of 75 percent of a combined total of practices, rehearsals, or preparation activities and associated competitions and contests, including selection as an alternate, for a specific UIL activity.

© 2025 Texas Association of School Boards, Inc. All rights reserved. Permission granted to TASB Policy Service subscribers to reproduce for internal use only.

"University Interscholastic League or UIL activity" means any official UIL activity identified in the UIL Constitution and Contest Rules, not including pilot activities.

UIL activities shall:

1. Be overseen by a school district-approved coach or sponsor;
2. Provide for a minimum of four weeks of coach- or sponsor-led practice, rehearsal, or preparation specific to the activity within the designated activity season; and
3. Provide opportunities for students to take part in formal, interschool competitions or contests in the associated activity during the designated activity season.

A district may still receive the allotment if a student began the activity season without injury or illness and later experienced an injury or prolonged illness that prevented participation.

For audit purposes, a district shall maintain documentation to support the requirements of this provision.

A district will be provided with estimated funding during a school year for nonenrolled students in accordance with 19 Administrative Code 105.1031(g).

19 TAC 105.1031

Suspension from Extracurricular Activities

Length of Suspension

A suspension continues for at least three school weeks and is not removed during the school year until the conditions of Reinstatement, described below, are met. A suspension shall not last beyond the end of a school year.

Grade Evaluation Period

"Grade evaluation period" means:

1. The six-week grade reporting period; or
2. The first six weeks of a semester and each grade reporting period thereafter, in the case of a district with a grade reporting period longer than six weeks.

instruction on the last instructional day of the calendar week, excluding holidays. *19 TAC 76.1001(b)*

Exempt Courses

The suspension and reinstatement provisions of Education Code 33.081(c) and (d) do not apply to an advanced placement or international baccalaureate course, or to an honors or dual credit course in the subject areas of English language arts, mathematics, science, social studies, economics, or a language other than English. *Education Code 33.081(d-1)*

Honors classes for purposes of eligibility to participate in extracurricular activities are listed at 19 Administrative Code 74.30(a).

Districts may identify additional honors courses in the subject areas of English language arts, mathematics, science, social studies, or a language other than English for the purposes of extracurricular eligibility but must identify such courses before the semester in which any exemptions related to extracurricular activities occur.

Districts are neither required to nor restricted from considering courses as honors for the purpose of grade point average calculation.

19 TAC 74.30

Students with Disabilities

In the case of a student with a disability that significantly interferes with the student's ability to meet regular academic standards, suspension must be based on the student's failure to meet the requirements of the student's individualized education program (IEP). The determination of whether the disability substantially interferes with the student's ability to meet the requirements of the student's IEP must be made by the admission, review, and dismissal (ARD) committee.

For the purposes of this provision, "student with a disability" means a student who is eligible for a district's special education program under Education Code 29.003(b).

Education Code 33.081(e)

Practice or Rehearsal

A student suspended under Education Code 33.081 may practice or rehearse with other students for an extracurricular activity but may not participate in a competition or other public performance. This provision does not apply to a student prohibited from participation for certain conduct involving extracurricular officials [see below]. *Education Code 33.081(f)*

Reinstatement

Until the suspension is removed or the school year ends, a district shall review the grades of a student at the end of each three-week period following the date on which the suspension began. At the

time of a review, the suspension is removed if the student's grade in each class, other than a course described above at Exempt Courses, is equal to or greater than the equivalent of 70 on a scale of 100. The principal and each of the student's teachers shall make the determination concerning the student's grades. *Education Code 33.081(d)*

Suspension for Certain Conduct Involving Extracurricular Officials

A student who is enrolled in a district in Texas or who participates in a UIL competition shall be prohibited from participation in any future extracurricular activity sponsored or sanctioned by the district or the UIL if the state executive committee of the league determines that the student intentionally, knowingly, or recklessly causes bodily injury to a person serving as referee, judge, or other official of an extracurricular activity in retaliation for or as a result of the person's actions taken in performing the duties of a referee, judge, or other official of the extracurricular activity.

Reinstatement After Conduct

A student prohibited from participation may submit to the UIL a request that the student be permitted to participate in future extracurricular activities sponsored or sanctioned by the UIL. The request must be submitted at least one year after the date the student engaged in the conduct that resulted in the prohibition if the student was enrolled in eighth grade or below at the time of the conduct or two years after the date the student engaged in the conduct that resulted in the prohibition if the student was enrolled in ninth grade or above at the time of the conduct.

Education Code 33.081(e-1)-(e-2)

Spectator Suspension

A district shall prohibit a spectator of an extracurricular athletic activity or competition, including a parent or guardian of a student participant, from attending any future extracurricular athletic activity or competition sponsored or sanctioned by the district or the UIL if the spectator engages in conduct that intentionally, knowingly, or recklessly causes bodily injury to a person serving as referee, judge, or other official of an extracurricular athletic activity or competition in retaliation for or as a result of the person's actions taken in performing the duties of a referee, judge, or other official of the extracurricular athletic activity or competition.

A district may establish an appeals process by which a person may appeal the prohibition to the district and the district may determine the facts associated with the conduct for which the district imposed the prohibition.

A prohibition imposed under this provision must be for not less than one year after the date on which the prohibition is imposed

Anonymous Evaluations

Anonymous evaluations of a student that determine whether the student may participate in a school-related program do not provide full information about the student's school activities. A district may by policy establish the parameters for parental contact with evaluating teachers, taking into account the type of evaluation, the information elicited in the evaluation, and scheduling and workload requirements of the teachers. *Byard v. First Amendment

A district shall take no action respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition a board for a redress of grievances. *U.S. Const. Amend. I*

Freedom of Speech

Students do not shed their constitutional rights to freedom of speech or expression at the schoolhouse gate. At school and school events, students have First Amendment rights, applied in light of the special characteristics of the school environment.

Student expression that is protected by the First Amendment may not be prohibited absent a showing that the expression will materially and substantially interfere with the operation of the school or the rights of others.

Tinker v. Des Moines Indep. Cmty. Sch. Dist., 393 U.S. 503 (1969) [See also FNCI]

The special characteristics of the school environment and the governmental interest in stopping student drug abuse allow a district to restrict student expression that it reasonably regards as promoting illegal drug use. *Morse v. Frederick, 551 U.S. 393 (2007)*

When a student threatens violence against a student body, such specific threatening speech to a school or its population is unprotected by the First Amendment: school officials may punish such speech without first collecting evidence sufficient to prove a reasonable belief that disruption would occur as a result of the speech. *Ponce v. Socorro Indep. Sch. Dist., 508 F.3d 765 (5th Cir. 2007)*

The inculcation of fundamental values necessary to the maintenance of a democratic society is part of the work of the school. The First Amendment does not prevent school officials from determining that particular student expression is vulgar and lewd, and therefore contrary to the school's basic educational mission. *Bethel Sch. Dist. No. 403 v. Fraser, 478 U.S. 675 (1986)*

Public schools may have a special interest in regulating some off-campus student speech, however, the interest must be sufficient to overcome the student's interest in free expression. Circumstances that may implicate a school's regulatory interests include serious or severe bullying or harassment targeting particular individuals; threats aimed at teachers or other students; the failure to follow rules concerning lessons, the writing of papers, the use of computers, or participation in other online school activities; and breaches of school security devices. *Mahanoy Area School District v. B.L, 141 S.Ct. 2038 (2021)*

Prayer at School Activities

A public school student has an absolute right to individually, voluntarily, and silently pray or meditate in school in a manner that does not disrupt the instructional or other activities of the school. A student shall not be required or coerced to engage in or refrain from such prayer or meditation during any school activity. *Education Code 25.901*

Nothing in the Constitution as interpreted by the U.S. Supreme Court prohibits any public school student from voluntarily praying at any time before, during, or after the school day. But the religious liberty protected by the Constitution is abridged when a district affirmatively sponsors the particular religious practice of prayer.

A district shall not adopt a policy that establishes an improper majoritarian election on religion and has the purpose and creates the perception of encouraging the delivery of prayer at a series of important school events.

Santa Fe Indep. Sch. Dist. v. Doe, 530 U.S. 290 (2000) (addressing school-sponsored, student-led prayer delivered over the public address system at high school football games) [For invocations and benedictions at commencement, see FMH.]

Federal Funds

As a condition of receiving federal funds under the Elementary and Secondary Education Act (ESEA), a district shall certify in writing to the Texas Education Agency (TEA) that no policy of the district prevents, or otherwise denies participation in, constitutionally protected prayer in public schools, as detailed in the guidance from the United States secretary of education regarding constitutionally protected prayer. The certification shall be provided by October 1 of each year.

By November 1 of each year, TEA shall report to the secretary a list of districts that have not filed the certification or against which complaints have been made to TEA that the district is not in compliance with this section. The secretary may issue and secure compliance with rules or orders with respect to a district that fails to certify, or is found to have certified in bad faith, that no policy of the district prevents, or otherwise denies participation in, constitutionally protected prayer in public schools.

20 U.S.C. 7904

Expression of Religious Viewpoints

A district shall treat a student's voluntary expression of a religious viewpoint, if any, on an otherwise permissible subject in the same manner the district treats a student's voluntary expression of a secular or other viewpoint on an otherwise permissible subject and may not discriminate against the student based on a religious view-

point expressed by the student on an otherwise permissible subject. *Education Code 25.151*

Policies

A district shall adopt and implement a local policy regarding a limited public forum and voluntary student expression of religious viewpoints. If a district voluntarily adopts and follows the model policy governing voluntary religious expression in public schools at Education Code 25.156, the district is in compliance with the provisions of Education Code Chapter 25, Subchapter E covered by the model policy.

A district shall adopt a policy that includes the establishment of a limited public forum for student speakers at all school events at which a student is to publicly speak. The policy regarding the limited public forum must also require a district to:

1. Provide the forum in a manner that does not discriminate against a student's voluntary expression of a religious viewpoint, if any, on an otherwise permissible subject;
2. Provide a method, based on neutral criteria, for the selection of student speakers at school events and graduation ceremonies;
3. Ensure that a student speaker does not engage in obscene, vulgar, offensively lewd, or indecent speech; and
4. State, in writing, orally, or both, that the student's speech does not reflect the endorsement, sponsorship, position, or expression of the district.

Student expression on an otherwise permissible subject may not be excluded from the limited public forum because the subject is expressed from a religious viewpoint.

Disclaimer

The disclaimer required by item 4, above, must be provided at all graduation ceremonies. A district must continue to provide the disclaimer at any other event in which a student speaks publicly for as long as a need exists to dispel confusion over the district's nonsponsorship of the student's speech.

Education Code 25.152, .155

Class Assignments

Students may express their beliefs about religion in homework, artwork, and other written and oral assignments free from discrimination based on the religious content of their submissions. Homework and classroom assignments must be judged by ordinary academic standards of substance and relevance and against other legitimate pedagogical concerns identified by a district. Students may not be

penalized or rewarded on account of the religious content of their work. *Education Code 25.153*

Designated Time for Prayer and Religious Reading

The board may by record vote adopt a policy requiring every campus of the district to provide students and employees with an opportunity to participate in a period of prayer and reading of the Bible or other religious text on each school day.

Resolution

A board resolution to adopt the policy must read as follows:

"The (insert name of school district) shall adopt a policy requiring every campus of (insert name of district) to provide a period of prayer and reading of the Bible or other religious text as provided by Section 25.0823, Education Code."

Policy Requirements

A policy adopted above must:

1. Prohibit a student or employee of the district from being permitted to participate in the period of prayer and reading of the Bible or other religious text unless the employee or parent or guardian of the student submits to the district a signed consent form that includes:
    a. An acknowledgment that the student or employee has a choice as to whether to participate in the period of prayer and reading of the Bible or other religious text;
    b. A statement that the person has no objection to the student's or employee's participation in or hearing of the prayers or readings offered during the period; and
    c. An express waiver of the person's right to bring a claim under state or federal law arising out of the adoption of a policy under this section, including a claim under the Establishment Clause of the First Amendment to the United States Constitution or a related state or federal law, releasing the district or school and district or school employees from liability for those claims brought in state or federal court;
2. Prohibit the provision of a prayer or reading of the Bible or other religious text over a public address system;
3. Specify that a period of prayer or reading of the Bible or other religious text may not be a substitute for instructional time; and

© 2025 Texas Association of School Boards, Inc. All rights reserved. Permission granted to TASB Policy Service subscribers to reproduce for internal use only.

4. Include provisions ensuring a prayer or reading of the Bible or other religious text is not provided in the physical presence of, within the hearing of, or in another manner which would constitute an injury in fact within the meaning of the United States or Texas Constitution on a person for whom a signed consent form has not been submitted or has been revoked.

In order to comply with the requirements above, the policy may require that the period of prayer and reading of the Bible or other religious text be provided:

1. Before normal school hours;

2. Only in classrooms or other areas in which a consent form has been submitted for every employee and student, which may include an entire district if a consent form has been submitted for each employee and student at the campus; or

3. By any other method recommended by the attorney general or legal counsel for the district or school.

Revocation of Consent

An employee or parent or guardian of a student may revoke the person's consent provided above by informing the appropriate school administrator, as determined by the district. An employee or student for whom consent has been revoked may not participate in the period of prayer and reading of the Bible or other religious text until the employee or parent or guardian of the student submits to the district a new consent and remains bound by the waiver described above.

Attorney General Assistance and Defense

The attorney general, on request from the board, shall:

1. Provide advice on best methods for a district to comply with the requirements above;

2. Provide a model consent form that may be used for purposes of providing consent described above; and

3. Defend the district in a cause of action arising out of the adoption of a policy described above.

If the attorney general defends a district, the state is liable for the expenses, costs, judgments, or settlements of the claims arising out of the representation. The attorney general may settle or compromise any and all claims under this provision. The state may not be liable for any expenses, costs, judgments, or settlements of any claims arising out of the adoption of a policy described above against a district not being represented by the attorney general.

Individual Right Unaffected

Regardless of whether the board adopts a policy described above, this provision does not prohibit a student or employee of the district from participating in prayer or reading the Bible or other religious text during a period of the school day that is not designated as a period of prayer and reading of the Bible or other religious text.

Education Code 25.0823

Patriotic Observances

A district may officially encourage students to express love for the United States by reciting historical documents or singing official anthems that contain religious references; such patriotic or ceremonial occasions do not constitute a school-sponsored religious exercise. *Engel v. Vitale, 370 U.S. 421 (1962)*

A district shall not, however, compel students to participate in patriotic observances. *West Virginia State Bd. of Educ. v. Barnette, 319 U.S. 624 (1943) (holding unconstitutional a requirement that students salute the United States flag and recite the Pledge of Allegiance)*

[See EC for more information regarding the pledge of allegiance.]

Winter Celebrations

A district may educate students about the history of traditional winter celebrations, and allow students and district staff to offer traditional greetings regarding the celebrations, including:

1. "Merry Christmas";
2. "Happy Hanukkah"; and
3. "Happy holidays."

A district may display on school property scenes or symbols associated with traditional winter celebrations, including a menorah or a Christmas image such as a nativity scene or Christmas tree, if the display includes a scene or symbol of more than one religion or one religion and at least one secular scene or symbol.

A display relating to a traditional winter celebration may not include a message that encourages adherence to a particular religious belief.

Equal Access Act

If a district secondary school receives federal financial assistance and has a limited open forum, as defined below, it shall not deny equal access or a fair opportunity to, or discriminate against, any students who wish to conduct a meeting within that limited open forum on the basis of the religious, political, philosophical, or other content of the speech at such meetings. *20 U.S.C. 4071(a)*

Limited Open Forum in Secondary Schools

A district secondary school has a limited open forum for purposes of the Equal Access Act whenever the school grants an offering to or an opportunity for one or more noncurriculum-related student groups to meet on school premises during noninstructional time. *20 U.S.C. 4071(b)*

"Secondary school" means a public school that provides secondary education as determined by state law.

"Meeting" includes those activities of student groups that are permitted under a school's limited open forum and that are not directly related to the school curriculum.

"Noninstructional time" means time set aside by the school before actual classroom instruction begins or after actual classroom instruction ends.

20 U.S.C. 4072(1), (3)–(4)

"Noncurriculum-related student group" means any student group that does not directly relate to the body of courses offered by the school. A student group directly relates to the school's curriculum if it meets any of the following criteria:

1. The subject matter of the group is actually taught or will soon be taught in a regularly offered course.
2. The subject matter of the group concerns the body of courses as a whole.
3. Participation in the group is required for a particular course.
4. Participation in the group results in academic credit.

Westside Cmty. Sch. v. Mergens, 496 U.S. 226 (1990)

If a school has a limited open forum, it shall be deemed to offer a fair opportunity for students to conduct meetings within its forum if it uniformly provides that:

1. The meeting is voluntary and student-initiated.
2. There is no sponsorship of the meeting by the school or any government or its agents or employees. "Sponsorship" includes the act of promoting, leading, and participating in a

meeting. The assignment of a teacher, administrator, or other school employee to a meeting for custodial purposes does not constitute sponsorship of the meeting.

3. School employees are present at religious meetings only in a nonparticipatory capacity.

4. The meeting does not materially and substantially interfere with the orderly conduct of educational activities within the school.

5. Nonschool persons shall not direct, conduct, control, or regularly attend activities of student groups.

20 U.S.C. 4071(c), 4072(2)

The establishment of a limited open forum shall not authorize a school or district to:

1. Influence the form or content of any prayer or other religious activity.

2. Require any person to participate in prayer or other religious activity.

3. Expend public funds beyond the incidental cost of providing the space for student-initiated meetings.

4. Compel any school agent or employee to attend a meeting if the content of the speech at the meeting is contrary to the beliefs of the agent or employee.

5. Sanction meetings that are otherwise unlawful.

6. Limit the rights of groups of students that are not of a specified numerical size.

7. Abridge the constitutional rights of any person.

20 U.S.C. 4071(d)

Maintain Order

The establishment of a limited open forum shall not limit the authority of a school, a district, its agents, or its employees to maintain order and discipline on school premises, to protect the well-being of students and faculty, and to assure that attendance of students at meetings is voluntary. *20 U.S.C. 4071(f)*

Religious Groups and Activities

Students may organize prayer groups, religious clubs, “see you at the pole” gatherings, or other religious gatherings before, during, and after school to the same extent that students are permitted to organize other noncurricular student activities and groups. Religious groups must be given the same access to school facilities for

assembling as is given to other noncurricular groups without discrimination based on the religious content of the students' expression.

If student groups that meet for nonreligious activities are permitted to advertise or announce meetings of the groups, the district may not discriminate against groups that meet for prayer or other religious speech.

The district may disclaim school sponsorship of noncurricular groups and events in a manner that neither favors nor disfavors groups that meet to engage in prayer or religious speech.

Education Code 25.154

[For information on student expression of religious viewpoints, see FNA]

Student Clubs

Except as provided below, a school district may authorize or sponsor a student club.

A district may not authorize or sponsor a student club based on sexual orientation or gender identity.

A district must require the written consent of the parent of a student enrolled in the district before the student may participate in a student club authorized or sponsored at the district or school.

Use or Possession by Students

A board shall prohibit students from smoking, using, or possessing e-cigarettes or tobacco products at a school-related or school-sanctioned activity on or off school property.

"E-cigarette" means an electronic cigarette or any other device that simulates smoking by using a mechanical heating element, battery, or electronic circuit to deliver nicotine or other substances to the individual inhaling from the device or a consumable liquid solution or other material aerosolized or vaporized during the use of an electronic cigarette or other device, regardless of whether the liquid solution or material contains nicotine. The term does not include a prescription medical device, prescription medication, or other prescribed substance unrelated to the cessation of smoking. The term "e-cigarette" includes:

1. A device regardless of whether it is manufactured, distributed, or sold as an e-cigarette, e-cigar, or e-pipe or under another product name or description; and

2. A component, part, or accessory for the device, regardless of whether the component, part, or accessory is sold separately from the device.

[For information regarding the disciplinary consequences of student e-cigarette use, see FOC.]

Enforcement

The board shall ensure that district personnel enforce the policies on school property. *Education Code 38.006* [See DH and GKA]

Definition

A "personal communication device" means a telephone, cell phone such as a smartphone or flip phone, tablet, smartwatch, radio device, paging device, or any other electronic device capable of telecommunication or digital communication. The term does not include an electronic device provided to a student by a school district.

Personal Communication Device Policy

A board shall adopt, implement, and ensure the district complies with a written policy prohibiting a student from using a personal communication device while on school property during the school day. The district policy may provide for the district to comply by:

1. Prohibiting a student from bringing a personal communication device on school property; or
2. Designating a method for the storage of a student's personal communication device while the student is on school property during the school day.

Exceptions

In adopting the policy, the board must authorize the use of a personal communication device:

1. As necessary to implement an individualized education program, a plan created under Section 504, Rehabilitation Act of 1973 (29 U.S.C. Section 794), or a similar program or plan;
2. By a student with a documented need based on a directive from a qualified physician; or
3. As necessary to comply with a health or safety requirement imposed by law or as part of the district's safety protocols.

Penalties

The policy must establish disciplinary measures to be imposed for violation of the prohibition and may provide for confiscation of the personal communication device.

Disposal

A district policy may provide for disposal of a confiscated personal communication device in any reasonable manner, provided the district provides the student's parent 90 days' prior notice in writing of the district's intent to dispose of the device.

Education Code 37.082(a)-(d)

Calculator Application

A district shall permit a student enrolled in a course that requires the student to use a graphing calculator to use a calculator application on a computing device, including a personal, laptop, or tablet computer, that provides the same functionality, unless the district makes available to the student a graphing calculator at no cost to the student.

A district may adopt policies related to student use of a computing device for purposes of a calculator application. To the extent Education Code 25.904 conflicts with Education Code 37.082 [see Personal Communication Device Policy, above], Education Code 25.904 prevails.

Exception

A student may not be expelled solely on the basis of the student's use, exhibition, or possession of a firearm that occurs:

1. At an approved target range facility that is not located on a school campus; and
2. While participating in or preparing for a school-sponsored shooting sports competition or a shooting sports educational activity that is sponsored or supported by the Parks and Wildlife Department or a shooting sports sanctioning organization working with the department.

This section does not authorize a student to bring a firearm on school property to participate in or prepare for a school-sponsored shooting sports competition or a shooting sports educational activity.

20 U.S.C. 7961; Education Code 37.007(e) [See FOD]

Exception

This provision shall not apply to a firearm that is lawfully stored inside a locked vehicle on school property, or if it is for activities approved and authorized by the district and the district adopts appropriate safeguards to ensure student safety. *20 U.S.C. 7961(g)* [See also DH and GKA]

3. Outline conditions under which a student may be suspended, as provided by Education Code 37.005 [see FOB], or expelled, as provided by Education Code 37.007 [see FOD].

4. Specify that consideration will be given, as a factor in each decision concerning suspension, removal to a DAEP, expulsion, or placement in a juvenile justice alternative education program (JJAEP), regardless of whether the decision concerns a mandatory or discretionary action, to:

6. Address the notification of the parent or guardian of a student's violation of the Student Code of Conduct that results in suspension, removal to a DAEP, or expulsion.

7. Prohibit bullying, harassment, and making hit lists and ensure that district employees enforce those prohibitions. "Bullying" has the meaning provided by Education Code 37.0832. [See FFI] "Harassment" means threatening to cause harm or bodily injury to another student, engaging in sexually intimidating conduct, causing physical damage to the property of another student, subjecting another student to physical confinement or restraint, or maliciously taking any action that substantially harms another student's physical or emotional health or safety. "Hit list" means a list of people targeted to be harmed using a firearm, as defined by Penal Code 46.01(3) [see FNCG]; a knife, as defined by Penal Code 46.01(7) (any bladed hand instrument that is capable of inflicting serious bodily injury or death by cutting or stabbing a person with the instrument); or any other object to be used with intent to cause bodily harm.

8. Provide, as appropriate for students at each grade level, methods, including options, for:

The methods adopted must provide that a student who is enrolled in a special education program under Education Code Chapter 29, Subchapter A, may not be disciplined in a manner that results in a change in the student's educational placement for bullying, harassment, or making hit lists until an admission, review, and dismissal

A single person at each campus must be designated to serve as the campus behavior coordinator (CBC). The person may be the campus principal or any other campus administrator selected by the principal.

The CBC is primarily responsible for maintaining student discipline and the implementation of Education Code Chapter 37, Subchapter A. Additional school staff members may assist the CBC in the performance of the CBC's duties, provided that the CBC personally verifies that all aspects of Education Code Chapter 37, Subchapter A, are appropriately implemented.

Duties

Except as provided below, the specific duties of the CBC may be established by campus or district policy. If a parent or guardian entitled to notice has not been reached by telephone or in person by 5 p.m. of the first business day after the day the disciplinary action is taken, a CBC shall mail written notice of the action to the parent or guardian at the parent's or guardian's last known address.

2. If a behavioral agreement is developed and the student and the student's parent comply with the terms of the agreement, a reduction in the period of the disciplinary placement imposed on the student except as provided below.

© 2025 Texas Association of School Boards, Inc. All rights reserved. Permission granted to TASB Policy Service subscribers to reproduce for internal use only.

A reduction in the period of a disciplinary placement does not entitle the student for whom the period of placement was reduced to a different disciplinary placement. The reduction in the period of a disciplinary placement is at the sole discretion of the principal, CBC, or other appropriate administrator and may be revoked or amended at any time if the student or the student's parent does not comply with the terms of the behavioral agreement.

A behavioral agreement must include in writing the specific reduction in the period of the student's disciplinary placement with which the student will be credited if the student and the student's parent comply with the terms of the behavioral agreement.

The commissioner of education shall adopt a model behavioral agreement for use by districts in developing a behavioral agreement.

Mandatory Removal by a Teacher

A teacher shall remove from class and send to the principal for placement in a disciplinary alternative education program (DAEP) or expulsion, as appropriate, a student who engages in conduct described in Education Code 37.006 (removal) or 37.007 (expulsion). [See FOC and FOD] *Education Code 37.002(d)*

Routine Referral

A teacher may send a student to the campus behavior coordinator's (CBC) office to maintain effective discipline in the classroom. The CBC shall respond by employing appropriate discipline management techniques, consistent with the Student Code of Conduct that can reasonably be expected to improve the student's behavior before returning the student to the classroom. If the student's behavior does not improve, the CBC shall employ alternative discipline management techniques, including any progressive interventions designated as the responsibility of the CBC in the Student Code of Conduct. *Education Code 37.002(a)* [See FO]

Discretionary Removal

A teacher may remove from class a student who:

1. Repeatedly interferes with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn;
2. Demonstrates behavior that is unruly, disruptive, or abusive toward the teacher, another adult, or another student; or
3. Engages in conduct that constitutes bullying, as defined by Education Code 37.0832 [see FFI].

Education Code 37.002(b)

Subject to requirements related to teaching and discussing certain debated and controversial topics under Education Code 28.0022(a)(2) and (d) [see EMB], a teacher may remove a student from class based on a single incident of behavior described above. *Education Code 37.002(b-3)*

Reporting Classroom Removals

A student who is sent to the campus behavior coordinator's or other administrator's office under a routine referral or a discretionary removal, as described above, is not considered to have been removed from the classroom for the purposes of reporting data through the Public Education Information Management System (PEIMS) or other similar reports required by state or federal law. *Education Code 37.002(e)*

[See DNA for information about teacher evaluations and disciplinary referrals.]

A teacher, campus behavior coordinator, or other appropriate administrator shall notify a parent of a student of the removal of a student from class described above. *Education Code 37.002(b-2)*

Placement of Student

If a teacher removes a student from class under the provisions above, the principal may place the student in another appropriate classroom, in-school suspension, or DAEP [see FOC]. *Education Code 37.002(c)*

Conference by Third Day Required

Not later than the third class day after the day on which a student is removed from class by the teacher under the above provision or by the school principal or other appropriate administrator under the Student Code of Conduct, the campus behavior coordinator or other appropriate administrator shall schedule a conference among the campus behavior coordinator or other appropriate administrator, a parent or guardian of the student, the teacher removing the student from class, if any, and the student. At the conference, the student is entitled to written or oral notice of the reasons for the removal, an explanation of the basis for the removal, and an opportunity to respond to the reasons for the removal. The student may not be returned to the regular classroom pending the conference. Following the conference, and whether or not each requested person is in attendance after valid attempts to require the person's attendance, the campus behavior coordinator, after consideration of the mitigating factors (see below), shall order the placement of the student for a period consistent with the Student Code of Conduct. *Education Code 37.009(a)*

Appeals

A student may appeal the student's removal from class described above to:

1. The school's placement review committee [see Placement Review Committee, below]; or
2. The campus's threat assessment and safe and supportive school team, in accordance with a district policy providing for such an appeal to be made to the team.

Education Code 37.002(f)

If district policy allows a student to appeal to the board or the board's designee, a decision of the campus behavior coordinator or other appropriate administrator, other than an expulsion under Section 37.007, the decision of the board or the board's designee is final and may not be appealed. *Education Code 37.009(a)*

Placement Length

The period of the placement may not exceed one year unless, after a review, the district determines that the student is a threat to the safety of other students or to district employees. The student may

not be returned to the regular class pending the required conference. *Education Code 37.009(a)*

Mitigating Factors

The CBC must consider whether the student acted in self-defense, the intent or lack of intent at the time the student engaged in the conduct, the student's disciplinary history, and whether the student has a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct. *Education Code 37.009(a)*

[See Student Code of Conduct, item 4, at FO(LEGAL) for mitigating factors.]

Prohibitions on Activities

The terms of the removal may prohibit the student from attending or participating in school-sponsored or school-related activities. *Education Code 37.002(c)*

Note: A power granted to a campus principal under Education Code Chapter 37, Subchapter A may be exercised by the CBC.

Return to Class

The principal may not return the student to the class of the teacher who removed the student without the teacher's written consent, unless the placement review committee determines that such placement is the best or only alternative available and, not later than the third class day after the day on which the student was removed from class, a conference in which the teacher has been provided an opportunity to participate has been held. [See Conference by Third Day Required, above]

Return to Class Plan

The principal may not return the student to that teacher's class unless the teacher provides written consent for the student's return or a return to class plan has been prepared for that student. The principal may only designate an employee of the school whose primary duties do not include classroom instruction to create a return to class plan. A return to class plan must be created before or at the conference described by that subsection. A plan created before the conference must be discussed at the conference.

The commissioner of education shall adopt a model return to class plan for use by a district in creating a return to class plan for a student.

Education Code 37.002(c), (c-1), (c-2)

Return After Assault

If the teacher removed the student from class because the student engaged in the elements of an offense listed in Education Code 37.007(a)(2)(A) or (a)(4) (assault, sexual assault, assault against a district employee or volunteer) against the teacher, the student

may not be returned to the teacher's class without the teacher's written consent. The teacher may not be coerced to consent.

Education Code 37.002(c), (d)

Placement Review Committee

Each school shall establish a three-member committee to determine the placement of a student when a teacher refuses the return of a student to the teacher's class. The committee shall make recommendations to the district regarding readmission of expelled students.

Composition

Committee members shall be appointed as follows:

1. Campus faculty shall choose two teachers to serve as members and one teacher to serve as an alternate member; and
2. The principal shall choose one member from the professional staff of a campus.

The teacher refusing to readmit the student may not serve on the committee.

Education Code 37.003

Right to Appeal

The principal, campus behavior coordinator, or other appropriate administrator shall notify a student who has been removed from class and the student's parent of the student's right to appeal the decision of the committee. [See Appeals, above] *Education Code 37.002(f-1)*

Removal by School Bus Driver

The driver of a school bus transporting students to or from school or a school-sponsored or school-related activity may send a student to the principal's office to maintain effective discipline on the school bus.

The principal shall respond by employing appropriate discipline management techniques consistent with the Student Code of Conduct.

Education Code 37.0022

Suspension Authorized

The principal or other appropriate administrator may suspend a student who engages in conduct identified in the Student Code of Conduct as conduct for which a student may be subject to an in-school or out-of-school suspension. *Education Code 37.005(a)*

In-School Suspension

An in-school suspension under this section is not subject to any time limit. *Education Code 37.005(b)*

No Time Limit

Placement Review

The principal or other appropriate administrator shall review the in-school suspension of a student at least once every 10 school days after the date the suspension begins to evaluate the educational progress of the student and to determine if continued in-school suspension is appropriate. If the principal or other appropriate administrator determines that continued in-school suspension is appropriate, the principal or other appropriate administrator shall document the determination. *Education Code 37.005(b-1)*

Support Services

The district shall provide a student subject to an in-school suspension with appropriate behavioral support services and comparable educational services as the student would receive in the classroom.

If the student receives special education services, the student must continue to receive special education and related services specified in the student's individualized education program and have an opportunity to progress in the general curriculum. *Education Code 37.005(b-2)*

Out-of-School Suspension

An out-of-school suspension may not exceed three school days. *Education Code 37.005(b)*

Maximum Length

[See FO for provisions regarding coursework to students in suspension.]

Students Below Grade 3

c. An alcoholic beverage, as defined by Alcoholic Beverage Code 1.04.

Education Code 37.005(c)

Students Who Are Homeless

A district may not place a student who is homeless in out-of-school suspension unless the student engages in conduct described at items 1–4, above, while on school property or while attending a school-sponsored or school-related activity on or off of school property. The campus behavior coordinator may coordinate with the district's homeless education liaison to identify appropriate alternatives to out-of-school suspension for a student who is homeless. In Education Code 37.005(d), "student who is homeless" has the meaning assigned to the term "homeless children and youths" under 42 U.S.C. Section 11434a. *Education Code 37.005(d)*

Alternative Placement Request

On receiving a written request from the student's parent, the principal or other appropriate administrator may at the principal's or other appropriate administrator's sole discretion reassign a student placed in out-of-school suspension to an in-school suspension if the student's parent demonstrates through supporting information and documentation that the parent is unable to provide suitable supervision for the student during school hours during the period of the suspension.

The alternative placement provided by this provision may be used only in extenuating circumstances and may not be used as a routine replacement for out-of-school suspension.

The district shall maintain documentation of each reassignment under this subsection, including the parent's request, the reason for the parent's unavailability, and the supporting information and documentation.

Education Code 37.005(c-2)

Positive Behavior Program

A district may develop and implement a program, in consultation with campus behavior coordinators employed by the district [see FO] and representatives of a regional education service center, that provides a disciplinary alternative for a student enrolled in a grade level below grade 3 who engages in conduct described by Education Code 37.005(a) [at Suspension Authorized, above] and

1. Be age-appropriate and research-based;
2. Provide models for positive behavior;
3. Promote a positive school environment;
4. Provide alternative disciplinary courses of action that do not rely on the use of in-school suspension, out-of-school suspension, or placement in a disciplinary alternative education program to manage student behavior; and
5. Provide behavior management strategies including:
    a. Positive behavioral intervention and support;
    b. Trauma-informed practices;
    c. Social and emotional learning;
    d. A referral for services, as necessary; and

Education Code 37.006(d)

One Year After Conduct

A principal or other appropriate administrator may, but is not required to, remove a student to a DAEP for off-campus conduct, for which removal would otherwise be required, if the principal or other appropriate administrator did not have knowledge of the conduct before the first anniversary of the date the conduct occurred. *Education Code 37.006(n)*

Process for Removal

Conference

Not later than the third class day after a student is removed by a teacher or by the school principal or other appropriate administrator, the campus behavior coordinator (CBC) or other appropriate administrator shall schedule a conference among the CBC or other appropriate administrator, the student's parent or guardian, the teacher removing the student from class, if any, and the student. At the conference, the student is entitled to written or oral notice of the reasons for the removal, an explanation of the basis for the removal, and an opportunity to respond to the reasons for the removal. The student may not be returned to the regular class pending the conference.

Mitigating Factors

Before ordering removal, the CBC must consider whether the student acted in self-defense, the intent or lack of intent at the time the student engaged in the conduct, the student's disciplinary history, and whether the student has a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct, regardless of whether the decision of the behavior coordinator concerns a mandatory or discretionary action.

Order

Following the conference, and whether or not each requested person is in attendance after valid attempts to require the person's attendance, the CBC, after considering any mitigating factors under Education Code 37.001(a)(4) [see FO], shall order the placement of the student for a period consistent with the Student Code of Conduct.

Appeal

If district policy allows a student to appeal to the board or the board's designee a decision of the CBC or other appropriate administrator, the decision of the board or the board's designee is final and may not be appealed.

Education Code 37.009(a) [See Student Code of Conduct]

Right to Request a Special Education Evaluation

On the placement of a student in a DAEP, the district shall provide information to the student's parent or person standing in parental relation to the student regarding the process for requesting a full individual and initial evaluation of the student under Education Code 29.004 [see EHBAA]. *Education Code 37.006(p)*

Term of Removal

The period of the placement after removal may not exceed one year unless, after a review, a district determines that the student is a threat to the safety of other students or to district employees. *Education Code 37.009(a)*

A board or designee shall set a term for a student's placement in a DAEP. If the period of placement is inconsistent with the guidelines in the Student Code of Conduct, the order must give notice of the inconsistency. The period of placement in a DAEP may not exceed

one year unless, after a review, a district determines that the student is a threat to the safety of other students or to district employees or extended placement is in the best interest of the student. *Education Code 37.009(d)*

Beyond Grading Period or 60 Days

If placement in a DAEP is to extend beyond 60 days or the end of the next grading period, whichever is earlier, the student's parent or guardian is entitled to notice of and an opportunity to participate in a proceeding before a board or designee.

No Appeal

Any decision of a board or designee concerning placement beyond 60 days or the end of the next grading period is final and cannot be appealed.

Education Code 37.009(b)

Beyond End of School Year

Before a student may be placed in a DAEP for a period that extends beyond the end of the school year, a board or designee must determine that:

1. The student's presence in the regular classroom program or at the student's regular campus presents a danger of physical harm to the student or another individual; or
2. The student has engaged in serious or persistent misbehavior that violates the Student Code of Conduct.

Education Code 37.009(c)

Order of Removal

A board or designee shall deliver to the student and the student's parent or guardian a copy of the order placing the student in a DAEP. *Education Code 37.009(g)*

Not later than the second business day after the date of the removal conference, a board or designee shall deliver a copy of the order placing the student in a DAEP and any information required under Family Code 52.04 to the authorized officer of the juvenile court in the county in which the juvenile resides. *Education Code 37.010(a)*

Activities

The terms of a placement under Education Code 37.006 must prohibit the student from attending or participating in school-sponsored or school-related activities. *Education Code 37.006(g)*

In addition to any notice required under Code of Criminal Procedure 15.27 [see GRAA], a principal or designee shall inform each educator who has responsibility for, or is under the direction and supervision of an educator who has responsibility for, the instruction of a student who has engaged in conduct for which DAEP placement must or may be ordered.

Placement of Student Who Engaged in Violent Conduct

If a DAEP is at capacity at the time a CBC is deciding placement for a student who engaged in conduct described under Education Code 37.007 that constitutes violent conduct [see below at Determination of Violent Conduct], a student who has been placed in the program for conduct described under Education Code 37.006(a)(2)(C-1), (C-2), (D), or (E) (above) may be removed from the program and placed in in-school suspension to make a position in the program available for the student who engaged in violent conduct. If removed from the program and a position in the program becomes available before the expiration of the period of the placement, the student shall be returned to the program for the remainder of the period.

Determination of Violent Conduct

Violent conduct means an act by a student against another person that is intended to result in physical harm, bodily injury, or assault or a threat that reasonably places the other person in fear of imminent physical harm, bodily injury, or assault. A CBC may determine whether a specific instance of conduct listed below rises to the level of violent conduct for purposes of determining placement in a DAEP.

Completion of Proceedings Upon Withdrawal

If a student withdraws from a district before an order for placement in a DAEP is entered, the principal or board, as appropriate, may complete the proceedings and enter an order. If the student re-enrolls in the district the same or subsequent school year, the district may enforce the order at that time except for any period of the placement that has been served by the student in another district that honored the order. If the principal or board fails to enter an order after the student withdraws, the next district in which the student enrolls may complete the proceedings and enter an order. *Education Code 37.009(i)*

Enrollment in Another District

If a student placed in a DAEP enrolls in another district before the expiration of the placement, a board shall provide to the district in which the student enrolls a copy of the placement order at the same time it provides other records. The district in which the student enrolls shall inform each educator who will have responsibility for, or will be under the direction and supervision of an educator who will have responsibility for, the instruction of the student of the contents of the placement order. The district in which the student enrolls may continue the placement or allow the student to attend regular classes without completing the period of placement. [See FO] The district in which the student enrolls may take any of these actions if:

1. The student was placed in a DAEP by an open-enrollment charter school and the charter school provides the district a copy of the placement order; or
2. The student was placed in a DAEP by a district in another state and:
    a. The out-of-state district provides a copy of the placement order; and
    b. The grounds for placement are the same as grounds for placement in the enrolling district.

Education Code 37.008(j)

Out-of-State Placement

If a student was placed in a DAEP in another state for more than one year and the enrolling district continues the placement under Education Code 37.008(j), the enrolling district shall reduce the period of placement so that the aggregate period does not exceed one year unless the enrolling district determines that:

1. The student is a threat to the safety of other students or to district employees; or
2. Extended placement is in the best interest of the student.

Education Code 37.008(j-1)

Court-Ordered Placement

Unless a board and the juvenile board for the county in which a district's central administrative office is located have entered into a memorandum of understanding concerning the juvenile probation department's role in supervising and providing other support services for students in DAEP programs:

1. A court may not order a student expelled under Section 37.007 to attend a school district DAEP as a condition of probation;
2. A court may not order a student to attend a DAEP without a district's consent, until the student has successfully completed any sentencing requirements, if the court has ordered the student to attend a DAEP as a condition of probation once during a school year and the student is referred to juvenile court again during that school year.

Placement After Court Disposition

After the student has successfully completed any court disposition requirements, including conditions of deferred prosecution or conditions required by the prosecutor or probation department, a district may not refuse to admit the student if the student meets the requirements for admission into the public schools. A district may place the student in the DAEP.

Notwithstanding Education Code 37.002(d) [see FOA], the student may not be returned to the classroom of the teacher under whose supervision the offense occurred without that teacher's consent. The teacher may not be coerced to consent.

Education Code 37.010(f)

Not Guilty/ Insufficient Evidence/Charges Dropped

The office of the prosecuting attorney or the office or official designated by the juvenile board shall, within two working days, notify the school district that removed a student to a DAEP under Education Code 37.006 if:

1. Prosecution of a student was refused for lack of prosecutorial merit or insufficient evidence, and no formal proceedings, deferred adjudication, or deferred prosecution will be initiated; or
2. A court or jury found the student not guilty or made a finding the child did not engage in delinquent conduct or conduct indicating a need for supervision and the case was dismissed with prejudice.

On receipt of the notice, the superintendent or designee shall review the student's placement in the DAEP. The student may not be returned to the regular classroom pending the review. The superintendent or designee shall schedule a review of the student's placement with the student's parent or guardian not later than the third class day after the superintendent or designee receives notice from the office or official designated by the court.

After reviewing the notice and receiving information from the student's parent or guardian, the superintendent or designee may continue the student's placement in the DAEP if there is reason to believe that the presence of the student in the regular classroom threatens the safety of other students or teachers.

A board shall, at the next scheduled meeting, review the notice provided by the office of the prosecuting attorney or the office or official designated by the juvenile board; receive information from the student, the student's parent or guardian, and the superintendent or designee; and confirm or reverse the superintendent's decision. The board shall make a record of the proceedings.

If a board confirms the decision, the board shall inform the student and the student's parent or guardian of the right to appeal to the commissioner of education. The student may not be returned to the regular classroom pending the appeal to the commissioner.

Education Code 37.006(i)-(j)

120-Day Review of Status

A student placed in a DAEP shall be provided a review of the student's status, including a review of the student's academic status, by a board's designee at intervals not to exceed 120 days. In the case of a high school student, the board's designee, with the student's parent or guardian, shall review the student's progress toward meeting high school graduation requirements and shall establish a specific graduation plan for the student. The district is not required to provide a course in the DAEP, except as required by Education Code 37.008(l). [See FOCA] At the review, the student or the student's parent or guardian must be given the opportunity to present arguments for the student's return to the regular classroom or campus. The student may not be returned to the classroom of the teacher who removed the student without that teacher's consent. The teacher may not be coerced to consent. *Education Code 37.009(e)*

Additional Proceedings

If, during the term of placement, a student engages in additional conduct for which placement in a DAEP or expulsion is required or permitted, additional proceedings may be conducted and the principal or board, as appropriate, may enter an additional order. *Education Code 37.009(j)*

Reporting

A district may include the number of students removed to a DAEP in its annual performance report. *Education Code 39.306(e)(5)* [See AIB]

Conference

Not later than the third class day after a student is removed by a teacher or by the school principal or other appropriate administrator, the campus behavior coordinator (CBC) or other appropriate administrator shall schedule a conference among the CBC or other appropriate administrator, the student's parent or guardian, the teacher removing the student from class, if any, and the student. At the conference, the student is entitled to written or oral notice of the reasons for the removal, an explanation of the basis for the removal, and an opportunity to respond to the reasons for the removal. The student may not be returned to the regular class pending the conference.

Mitigating Factors Before Ordering Removal

Before ordering removal, the CBC must consider whether the student acted in self-defense, the intent or lack of intent at the time the student engaged in the conduct, the student's disciplinary history, and whether the student has a disability that substantially im-

pairs the student's capacity to appreciate the wrongfulness of the student's conduct, regardless of whether the decision of the behavior coordinator concerns a mandatory or discretionary action.

Order the Placement

Following the conference, and whether or not each requested person is in attendance after valid attempts to require the person's attendance, the CBC, after considering any mitigating factors under Education Code 37.001(a)(4) [see FO], shall order the placement of the student for a period consistent with the Student Code of Conduct.

Education Code 37.009(a) [See Student Code of Conduct]

Expulsion Proceedings

Due Process

Before a student may be expelled, a board or its designee shall provide the student a hearing at which the student is afforded appropriate due process as required by the federal constitution and which the student's parent or guardian is invited, in writing, to attend. *Education Code 37.009(f)*

The minimum procedural requirements necessary to satisfy due process depend upon the circumstances and the interests of the parties involved. Federal due process requires notice and some opportunity for hearing.

Notice

The notice should contain a statement of the specific charges and grounds that, if proven, would justify expulsion. In some cases, the student should be given the names of the witnesses against him or her and an oral or written report on the facts to which each witness testifies.

Hearing

The rights of the student may properly be determined upon the hearsay evidence of school administrators who investigate disciplinary infractions.

Representative

At the hearing, the student is entitled to be represented by the student's parent, guardian, or another adult who can provide guidance to the student and who is not an employee of the district. If a district makes a good-faith effort to inform the student and the student's parent or guardian of the time and place of the hearing, the district may hold the hearing regardless of whether the student, the student's parent or guardian, or another adult representing the student attends.

Mitigating Factors Before Ordering Expulsion

Before ordering the expulsion of a student, the board or the board's designee must consider whether the student acted in self-defense, the intent or lack of intent at the time the student engaged in the conduct, the student's disciplinary history, and whether the student has a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct, regardless of whether the decision of the board concerns a mandatory or discretionary action. [See Student Code of Conduct, item 4, at FO(LEGAL) for additional mitigating factors.]

Appeal

If the decision to expel a student is made by the board's designee, the decision may be appealed to the board. The decision of the board may be appealed by trial de novo to a district court of the county in which the district's central administrative office is located.

Education Code 37.009(f)

Term of Expulsion

If the period of expulsion is inconsistent with the guidelines on length of expulsion in the Student Code of Conduct, the order must give notice of the inconsistency.

Beyond One Year

The period of expulsion may not exceed one year unless a district determines that:

1. The student is a threat to the safety of other students or to district employees; or
2. Extended placement is in the best interest of the student.

Education Code 37.009(h)

Notice of Expulsion Order

A board or its designee shall deliver a copy of the order expelling the student to the student and the student's parent or guardian. After such notification, the parent or guardian shall provide adequate supervision for the student during the period of expulsion. *Education Code 37.009(g)-(h)*

To Parent or Guardian

To Court

Not later than the second business day after the date an expulsion hearing is held, a board or its designee shall deliver a copy of the expulsion order and any information required under Family Code 52.04 to the authorized officer of the juvenile court in the county in which the student resides.

Family Code 52.04 requires the following information from a referring entity that is not a law enforcement agency or has not taken the child into custody:

1. All information in a district's possession pertaining to the identity of the child and the child's address; the name and address of the child's parent, guardian, or custodian; the names and

addresses of any witnesses; and the child's present whereabouts; and

2. A complete statement of the circumstances of the alleged delinquent conduct or conduct indicating a need for supervision.

Education Code 37.010(a); Family Code 52.04(a), .041(a)-(b)

To Juvenile Board

In a county that operates a JJAEP [see FODA], no student shall be expelled without written notification by a board or its designee to the juvenile board's designated representative. The notification shall be made not later than two business days following a board's determination that the student is to be expelled. Failure to timely notify the designated representative shall result in the child's duty to continue attending a district's educational program, which shall be provided to that child until such time as the notification to the designated representative is properly made. *Family Code 52.041*

To Staff

In addition to providing any notice required under Code of Criminal Procedure 15.27 [see GRA], a district shall inform each educator who has responsibility for, or is under the direction and supervision of an educator who has responsibility for, the instruction of a student who has engaged in expellable conduct.

Each educator shall keep the information confidential from any person not entitled to the information, except that the educator may share the information with the student's parent or guardian as provided by state or federal law. An educator's certificate may be suspended or revoked for intentional failure to keep such information confidential.

Education Code 37.007(g)

Completion of Proceeding Upon Withdrawal

If a student withdraws from a district before an order for expulsion is entered, the principal or board, as appropriate, may complete the proceedings and enter an order. If the student subsequently enrolls in the district during the same or subsequent school year, the district may enforce the order at that time except for any period of the expulsion that has been served by the student in another district that honored the order. If the principal or board fails to enter an order after the student withdraws, the next district in which the student enrolls may complete the proceedings and enter an order. *Education Code 37.009(i)*

Additional Proceedings

If, during the term of expulsion, a student engages in additional conduct for which placement in a DAEP or expulsion is required or permitted, additional proceedings may be conducted and the principal or board, as appropriate, may enter an additional order. *Education Code 37.009(j)*

Appeals

A decision by a board's designee to expel a student may be appealed to the board. If the hearing is not before the board directly, the results and findings of the hearing should be presented in a report open to the student's inspection. *Education Code 37.009(f); Dixon v. Alabama State Bd. of Educ., 294 F.2d 150 (5th Cir. 1961), cert. denied, 368 U.S. 930 (1961)*

Restrictions on Court Orders

A court may not order an expelled student to attend a regular classroom, a regular campus, or a district DAEP as a condition of probation.

Exception

A court may order a student to attend a regular classroom, a regular campus, or a district DAEP if the district has entered into a memorandum of understanding (MOU) with the juvenile board for the county in which the district's central administrative office is located, concerning the juvenile probation department's role in supervising and providing other support services for students in DAEPs.

Education Code 37.010(c)

District Responsibility for Expelled Student

Students Not Eligible for Existing JJAEP

In a county that operates a JJAEP, a district is responsible for providing an immediate educational program to a student who engages in behavior for which expulsion is permitted but not required under Education Code 37.007, but who is not eligible for admission into the JJAEP in accordance with an MOU. [See FODA]

Contracting for Services

A district may provide the program, or the district may contract with a county juvenile board, a private provider, or one or more other school districts to provide the program.

Education Code 37.011(l)

Certain Districts

This provision applies to a district located in a county considered to be a county with a population of 125,000 or less because it has a population of more than 200,000 and less than 233,500; has five or more school districts located wholly within the county's boundaries; and has located in the county a JJAEP that, on May 1, 2011, served fewer than 15 students. A qualifying district shall provide educational services to a student who is expelled from school. The district is entitled to count the student in the district's average daily attendance for purposes of receipt of state funds under the Foundation School Program. An educational placement under this section may include:

1. The district's DAEP.
2. A contracted placement with another school district, an open-enrollment charter school, an institution of higher education,

an adult literacy council, or a community organization that can provide an educational program that allows the student to complete the credits required for high school graduation.

An educational placement other than a district's DAEP is subject to the educational and certification requirements applicable to an open-enrollment charter school under Education Code Chapter 12, Subchapter D.

Education Code 37.011(a-3)-(a-5)

Return to Class

Early / Permissive

On the recommendation of the placement review committee, or on its own initiative, a district may readmit an expelled student while the student is completing any court disposition requirements.

Required

After an expelled student has successfully completed any court disposition requirements, including conditions of a deferred prosecution, or conditions required by the prosecutor or probation department, a district may not refuse to admit the student if the student meets the requirements for admission. [See FD] A district may place the student in a DAEP.

The student may not be returned to the classroom of the teacher under whose supervision the offense occurred without that teacher's consent. The teacher may not be coerced to consent.

Education Code 37.010(f)

Expelled from Another District

If a student has been expelled from another school district, the expelling district shall provide to a district in which the student enrolls a copy of the expulsion order and the referral to the authorized officer of the juvenile court. A district in which the student enrolls may continue the expulsion under the terms of the order, may place the student in a DAEP for the period specified by the expulsion order, or may allow the student to attend regular classes without completing the period of expulsion.

Out-of-State Expulsion

A district may take any of the above actions if the student was expelled by a district in another state if:

1. The out-of-state district provides a copy of the expulsion order; and
2. The grounds for the expulsion are also grounds for expulsion in the district in which the student is enrolling.

Education Code 37.010(g)

If the student was expelled for more than one year and the enrolling district continues the expulsion or places the student in a

DAEP, the aggregate period of expulsion or placement may not exceed one year unless the district determines that:

1. The student is a threat to the safety of other students or to district employees; or
2. Extended placement is in the best interest of the student.

Education Code 37.010(g-1)

Note: See FOF for provisions concerning expulsion of students with disabilities.

Virtual Expulsion Program

The principal or other appropriate administrator may place a student who has been expelled under Education Code 37.007 or 37.0081 in a virtual expulsion program established by the district and provide virtual instruction and instructional materials for remote learning to the student only if:

1. The district is located in a county that operates a JJAEP or the school district contracts with the juvenile board of another county for the provision of a JJAEP, and the JJAEP rejects admission of the student or returns the student before the expiration of the discipline assignment; or
2. The district is not located in a county that operates a JJAEP and does not contract with the juvenile board of another county for the provision of a JJAEP.

A school district must ensure that, to the extent practicable in a virtual setting, the district's virtual expulsion program complies with the requirements for a disciplinary alternative education program under Education Code 37.008. [See FOC]

Equipment and Internet

If the principal or other appropriate administrator places a student in a virtual expulsion program under this section, the school district shall ensure that the student has suitable computer equipment and internet access and provide the computer equipment and internet access if necessary.

Review of Placement

The principal or other appropriate administrator shall review the placement of a student in a virtual expulsion program at least once every 45 school days after the date the placement begins to determine if continued placement in the program is appropriate. The review must consider whether a position for the grade level in which the student is enrolled has become available in an in-person setting in a JJAEP. If the principal or other appropriate administrator determines that such a position has become available, the district shall plan for the student's transition to an in-person setting as

soon as practicable. If the principal or other appropriate administrator determines that continued placement is appropriate, the principal or other appropriate administrator shall document the determination.

Funding

A student placed in a virtual expulsion program shall be counted toward the district's average daily attendance for purposes of receipt of state funds under the Foundation School Program if the district can confirm the student's daily attendance in the virtual expulsion program.

The commissioner of education shall adopt rules providing for a method of taking attendance for students placed in a virtual expulsion program.

Teachers

A district may not require a teacher who provides virtual instruction to students in a virtual expulsion program to provide virtual instruction and in-class instruction for a course during the same class period. A teacher may not provide instruction for a virtual expulsion program course unless the teacher has completed a professional development course on virtual instruction.

The commissioner of education shall adopt rules requiring districts to provide basic professional development training for teachers providing instruction in a virtual expulsion program.

Meetings with Juvenile Board

A board or designee shall regularly meet with either:

1. The juvenile board for the county in which a district's central administrative office is located; or
2. The juvenile board's designee.

The meeting shall be called by the board president and shall address supervision and rehabilitative services appropriate for expelled students and students assigned to disciplinary alternative education programs (DAEPs).

Matters for discussion shall include:

1. Service by probation officers at the DAEP site;
2. Recruitment of volunteers to serve as mentors and provide tutoring services; and
3. Coordination with other social service agencies.

Education Code 37.013

Juvenile Justice Alternative Education Program

For the purposes of the following provisions, only a DAEP operated under the authority of a juvenile board of a county is considered a juvenile justice alternative education program (JJAEP).

Mandatory JJAEP

The juvenile board of a county with a population greater than 125,000 shall develop a JJAEP, subject to the approval of the Texas Juvenile Justice Department (TJJD).

Voluntary JJAEP

The juvenile board of a county with a population of 125,000 or less may develop a JJAEP. Such a JJAEP is not required to be approved by the TJJD. Further, it is not subject to Education Code 37.011(c), (d), (f), (g), (k) or (m).

Education Code 37.011(a), (k), (m)

County Population

A county with a population greater than 125,000 is considered to be a county with a population of 125,000 or less if:

1. The county had a population of 125,000 or less according to the 2000 federal census and the juvenile board of the county enters into, with the approval of the TJJD, a memorandum of understanding (MOU) with each school district within the county that:
    a. Outlines the responsibilities of the board and school districts in minimizing the number of students expelled without receiving alternative educational services; and
    b. Includes the coordination procedures required by Education Code 37.013, above.

2. Has a population of 195,000 or less; is adjacent to two counties, each of which has a population of more than 1.7 million; and has seven or more school districts located wholly within the county's boundaries.

3. Has a population of more than 200,000 and less than 233,500; has five or more school districts located wholly within the county's boundaries; and has located in the county a JJAEP that, on May 1, 2011, served fewer than 15 students.

Education Code 37.011(a-1)-(a-3)

Note: The following provisions apply to all districts that operate JJAEPs, whether voluntary or mandatory.

Placement of Students in JJAEP — Expelled Students

An expelled student shall, to the extent provided by law or by the MOU, immediately attend the educational program from the date of expulsion. *Education Code 37.010(a)* [See FOD]

Court-Ordered Placement

If a student admitted under Education Code 25.001(b) is expelled for conduct for which expulsion is required under Education Code 37.007(a) or (e) or for conduct that contains the elements of the offense of terroristic threat as described by Penal Code 22.07(c-1), (d), or (e), the juvenile court, juvenile board, or juvenile board's designee, as appropriate, shall:

1. If the student is placed on probation under Family Code 54.04, order the student to attend the JJAEP in the county in which the student resides from the date of disposition as a condition of probation, unless the child is placed in a post-adjudication treatment facility;

2. If the student is placed on deferred prosecution under Family Code 53.03 by the court, prosecutor, or probation department, require the student to immediately attend the JJAEP in the county in which the student resides for a period not to exceed six months as a condition of the deferred prosecution;

3. In determining the condition of the deferred prosecution or court-ordered probation, consider the length of a district's expulsion order for the student; and

4. Provide timely educational services to the student in the JJAEP in the county in which the student resides, regardless of the student's age or whether the juvenile court has jurisdiction over the student. This provision does not require that ed-

ucational services be provided to a student who is not entitled to admission under Education Code 25.001(b).

Education Code 37.011(b)-(b-1)

A student transferred to a JJAEP must participate in the program for the full period ordered by the juvenile court, unless a district agrees to accept the student before the date ordered by the juvenile court. *Education Code 37.011(i)*

Students Who Move

If a student who is ordered to attend a JJAEP moves from one county to another, the juvenile court may request the JJAEP in the county to which the student moves to provide educational services to the student in accordance with the local MOU between the district and the juvenile board in the receiving county. *Education Code 37.011(n)*

Entry and Exit Transition Plans

For each student, the JJAEP must coordinate with the sending school district to develop a written transition plan for entrance into the JJAEP. For each student, the JJAEP must develop a written exit transition plan, provide the plan to the receiving school district, and maintain written verification that the plan was sent. The exit transition plan must include all information regarding courses in progress or completed, current grades for courses in progress, and the number of attendance days and absent days. *37 TAC 348.212(b)*

[See FOCA for requirements regarding transition to the regular classroom.]

Funding for JJAEPs

Except as determined by the commissioner of education, a student served by a JJAEP on the basis of conduct for which expulsion is required under Education Code 37.007 is not eligible for Foundation School Program funding if the JJAEP receives funding from the TJJD. *Education Code 37.011(h)*

Mandatory Expulsions

Court-Assigned Students

A district is not required to provide funding to a juvenile board for a student who is assigned by a court to a JJAEP but who has not been expelled. *Education Code 37.012*

Title 5 Felony Placements

A district shall reimburse a JJAEP in which a student is placed under Education Code 37.0081 [see FOE] for the actual cost incurred each day the student is enrolled in the program. For purposes of this subsection:

1. The actual cost incurred each day for the student is determined by the juvenile board of the county operating the program; and

2. The juvenile board shall determine the actual cost each day of the program based on the board's annual audit.

Education Code 37.0081(g)

Funding for Discretionary Expulsions

Subject to Education Code 37.011(n) [see Students Who Move, above], the district in which a student is enrolled on the date the student is expelled for conduct for which expulsion is permitted but not required under Education Code 37.007 shall, if the student is served by the JJAEP, provide funding to the juvenile board in an amount determined by the MOU under Education Code 37.011(k).

The amount of the funds transferred is determined by the portion of the school year for which the JJAEP provides educational services to a district.

Education Code 37.012(a)

Arbitration of Disputes

If a district elects to contract with the juvenile board for the placement of students who are expelled for conduct for which expulsion is permitted but not required under Education Code 37.007, and the juvenile board and the district are unable to reach an agreement in the MOU, either party may request that the issues of dispute be referred to a binding arbitration process that uses a qualified alternative dispute resolution arbitrator.

Each party shall pay its pro rata share of the arbitration costs and shall submit its final proposal to the arbitrator. If the parties cannot agree on an arbitrator, the juvenile board shall select an arbitrator, the district shall select an arbitrator, and those two arbitrators shall select an arbitrator who shall decide the issues in dispute.

Decision of Arbitrator

The arbitration decision is enforceable in a court in the county in which the JJAEP is located. Any decision by an arbitrator concerning the amount of the funding for a student who is expelled and attending a JJAEP must provide an amount sufficient based on operation of the JJAEP. In determining the amount to be paid by a district for an expelled student enrolled in a JJAEP, the arbitrator shall consider the relevant factors, including evidence of:

1. The actual average total per student expenditure in the district's DAEP;

2. The expected per student cost in the JJAEP as described and agreed on in the MOU and in compliance with Education Code Chapter 37; and

3. The costs necessary to achieve the accountability goals under Education Code Chapter 37.

Fees

Except as otherwise authorized by law [see FP], a JJAEP may not require a student, or the parent or guardian, to pay any fee, including an entrance or supply fee, for participating in the program. *Education Code 37.012(e)*

Location and Staffing

A JJAEP may be provided in a facility owned by a district. A district may provide personnel and services for a JJAEP under a contract with the juvenile board. *Education Code 37.011(e)*

Academic Mission of JJAEP

Academically, the mission of the JJAEP shall be to enable students to perform at grade level.

Accountability

For purposes of accountability under Education Code Chapters 39 and 39A, a student enrolled in a JJAEP is reported as if the student were enrolled at the student's assigned campus in the student's regularly assigned education program, including a special education program.

Education Code 37.011(h)

Program Requirements

JJAEP programs operated under Education Code 37.011 must comply with the requirements found at 37 Administrative Code Chapter 348. *37 TAC 348.104(b)*

Note: The following provisions apply only to districts located in counties with a population greater than 125,000 that are not exempt from the application of the provisions as detailed in Education Code 37.011(a-1), (a-2), or (a-3) [see County Population, above].

A district and the county juvenile board shall, no later than September 1 of each school year, enter into a joint MOU that:

1. Outlines the responsibilities of the juvenile board concerning the establishment and operation of a JJAEP;
2. Defines the amount and conditions on payments from the district to the juvenile board for students who are served in the JJAEP whose placement was not made on the basis of expulsion required under Education Code 37.007(a) or (e);
3. Establishes that a student may be placed in the JJAEP if the student engages in serious misbehavior, as defined by Education Code 37.007(c);
4. Identifies and requires a timely placement and specifies a term of placement for expelled students for whom the district has received a notice under Family Code 52.041(d);

essary to fulfill a student's high school graduation requirements other than a course specified above.

Education Code 37.011(d)

Days and Hours

The JJAEP must operate at least seven hours per day and 180 days per year, except that a JJAEP may apply to the TJJD for a waiver of the 180-day requirement. The commissioner may not grant a waiver to a JJAEP for a number of days that exceeds the highest number of instructional days waived by the commissioner during the same school year for a district served by the program. *Education Code 37.011(f)*

Performance Reports

TJJD completes a performance assessment report as required by the General Appropriations Act. At mandatory JJAEPs (i.e., JJAEPs whose operation is required by law), the JJAEP administrator must provide a copy of the report to the juvenile board and the superintendent of each school district that participates in the JJAEP. *37 TAC 348.300*

Emergency Placements

DAEP

The principal or the principal's designee is not prohibited from ordering the immediate placement of a student in a disciplinary alternative education program (DAEP) if the principal or designee reasonably believes that the student's behavior is so unruly, disruptive, or abusive that it seriously interferes with a teacher's ability to communicate effectively with students in class, with the ability of students to learn, or with the operation of school or a school-sponsored activity.

Expulsion

A principal or designee may order the immediate expulsion of a student if the principal or designee reasonably believes that such action is necessary to protect persons or property from imminent harm.

Procedure

At the time of an emergency placement or an emergency expulsion, the student shall be given oral notice of the reason for the action. The reason must be a reason for which placement in a DAEP or expulsion may be made on a nonemergency basis. Within a reasonable time, but not later than the 10th day after the placement or expulsion, the student shall be accorded the appropriate due process required for a removal or an expulsion. [See FOA, FOC, and FOD]

Single Incident

The principal or principal's designee may order the emergency placement or expulsion of a student based on a single incident of behavior by the student.

Students with Disabilities

If the student is a student with disabilities who receives special education services, the emergency placement is subject to federal law and regulations and must be consistent with the consequences that would apply under Education Code Chapter 37, Subchapter A, to a student without a disability. [See FOF]

Immunity

A principal or designee is not liable in civil damages for an emergency placement.

2. The board or the board's designee determines that the student's presence in the regular classroom:

    a. Threatens the safety of other students or teachers;

    b. Will be detrimental to the educational process; or

    c. Is not in the best interests of the district's students.

A board or designee may expel the student and order the placement regardless of:

1. The date the conduct occurred;

2. The location of the conduct;

3. Whether the conduct occurred while the student was enrolled in the district; or

4. Whether the student has successfully completed any court disposition requirements imposed in connection with the conduct.

Alternative Setting

The student must be placed in:

1. A juvenile justice alternative education program (JJAEP), if a district is located in a county that operates a JJAEP or the district contracts with the juvenile board of another county for the provision of a JJAEP; or

2. A DAEP.

Duration of Placement

Notwithstanding Education Code Section 37.009(c) or (d) (placements beyond one year) or any other provision of Education Code Chapter 37, Subchapter C, the student is subject to the placement until:

1. The student graduates from high school;

2. The charges are dismissed or reduced to a misdemeanor offense; or

3. The student completes the term of the placement or is assigned to another program

These provisions continue to apply if the student transfers to another district in the state.

The student is entitled to periodic review [see FOC].

Any decision of a board or designee under the above provisions is final and may not be appealed.

The above provisions apply notwithstanding any other provision of Education Code Chapter 37, Subchapter A, except that Section 37.007 (expulsion) prevails to the extent of a conflict.

Education Code 37.0081

Registered Sex Offenders

The following provisions apply to a student who is required to register as a sex offender under Code of Criminal Procedure, Chapter 62 (Chapter 62), but not to a student who is no longer required to register as a sex offender, including a student who receives an exemption from registration or a student who receives an early termination of the obligation to register.

Applicability

Removal from Regular Classroom

Notwithstanding any provision of Education Code Chapter 37, Subchapter A, on receiving notice under Code of Criminal Procedure article 15.27 or Chapter 62 that a student is required to register as a sex offender, a district shall remove the student from the regular classroom and determine the appropriate placement.

Education Code 37.302–.303

Student Under Court Supervision

A district shall place a student who is a registered sex offender and who is under any form of court supervision, including probation, community supervision, or parole, in the appropriate alternative education program for at least one semester.

If a student transfers to another district during the placement, the district to which the student transfers may:

1. Require the student to complete an additional semester in the appropriate alternative education program without conducting a review of the student's placement for that semester; or
2. Count any time spent by the student in an alternative education program in the district from which the student transfers toward the mandatory placement requirement.

Education Code 37.304

Student Not Under Court Supervision

A district may place a student who is a registered sex offender and who is not under any form of court supervision in the appropriate alternative education program for one semester or in the regular classroom. A district may not place the student in the regular classroom if the board or designee determines that the student's presence in the regular classroom:

1. Threatens the safety of other students or teachers;
2. Will be detrimental to the educational process; or

3. Is not in the best interests of the district's students.

Education Code 37.305

Appropriate Program

Except as provided below, a district shall place a student who is required by the board or designee to attend an alternative education program in a DAEP. *Education Code 37.309*

Exception

A district shall place the student in a JJAEP if:

1. The memorandum of understanding between the district and juvenile board provides for the placement of students who are registered sex offenders in JJAEP; or

2. A court orders the placement of the student in a JJAEP.

A JJAEP is entitled to funding for the student in the same manner as for students who are subject to discretionary expulsion.

Education Code 37.309–.310

Review

At the end of the first semester of a student's placement, a board or designee shall convene a committee to review the placement.

Review Committee

The committee must be composed of:

1. A classroom teacher from the campus to which the student would be assigned were the student not placed in an alternative education program;

2. The student's parole or probation officer or, in the case of a student who does not have a parole or probation officer, a representative of the local juvenile probation department;

3. An instructor from the alternative education program to which the student is assigned;

4. A district designee selected by the board or designee; and

5. A school counselor employed by the district.

Recommendation

The committee by majority vote shall determine and recommend to the board or designee whether the student should be returned to the regular classroom or remain in the alternative education program.

If the committee recommends that the student be returned to the regular classroom, a board or designee shall return the student to the regular classroom unless the board or designee determines that the student's presence in the regular classroom:

1. Threatens the safety of other students or teachers;

2. Will be detrimental to the educational process; or

© 2025 Texas Association of School Boards, Inc. All rights reserved. Permission granted to TASB Policy Service subscribers to reproduce for internal use only.

3. Is not in the best interests of the district's students.

If the committee recommends that the student remain in the alternative education program, a board or designee shall continue the student's placement in the alternative education program unless the board or designee determines that the student's presence in the regular classroom:

1. Does not threaten the safety of other students or teachers;

2. Will not be detrimental to the educational process; and

3. Is not contrary to the best interests of the district's students.

If a board or designee determines that the student should remain in an alternative education program, the board or designee shall reconvene the committee before the beginning of each school year to review the student's placement in an alternative education program.

Education Code 37.306

Appeal

A student or the student's parent or guardian may appeal a decision by a board or designee to place the student in an alternative education program by requesting a conference among the board or designee, the student's parent or guardian, and the student. The conference is limited to the factual question of whether the student is required to register as a sex offender under Chapter 62.

If a board or designee determines at the conclusion of the conference that the student is required to register as a sex offender, the student is subject to placement in an alternative education program.

The decision of a board or designee is final and may not be appealed.

Education Code 37.311

Liability

The above provisions regarding placement of a student who is a registered sex offender do not:

1. Waive any liability or immunity of a governmental entity or its officers or employees; or

2. Create any liability for or a cause of action against a governmental entity or its officers or employees.

Special Education Student	The placement of a student with a disability who receives special education services must be made in compliance with the Individuals with Disabilities Education Act (20 U.S.C. Section 1400 et seq.). The review of the student's placement may be made only by a duly constituted ARD committee [see EHBAB]. The ARD committee may request that a board or designee convene a review committee to assist in conducting the review. *Education Code 37.307*
Transfer Students	Except where a student under court supervision transfers during a mandatory placement, a district shall determine whether to place a transfer student who is a registered sex offender in the appropriate alternative education program or in a regular classroom. A district shall follow the procedures at Review, above, in making the determination. *Education Code 37.308*

Students with Disabilities Under Section 504

A district shall conduct an evaluation in accordance with 34 C.F.R. 104.35(b) before taking any action with respect to any significant change in placement of a student with a disability who needs or is believed to need special education and related services. *34 C.F.R. 104.35(a)*

A district may take disciplinary action pertaining to the use or possession of illegal drugs or alcohol against any student with a disability who is currently engaging in the illegal use of drugs or in the use of alcohol to the same extent that the district would take disciplinary action against nondisabled students. The due process procedures afforded under Section 504 do not apply to such disciplinary action. *29 U.S.C. 705(20)(C)(iv)*

Note: The provisions below apply only to students eligible for special education and related services under the Individuals with Disabilities Education Act (IDEA).

Students Receiving Special Education Services

ARD Committee Required

Except as set forth below, the placement of a student with a disability who receives special education services may be made only by a duly constituted admission, review, and dismissal (ARD) committee. Any disciplinary action regarding the student shall be determined in accordance with federal law and regulations. *Education Code 37.004(a)-(b)*

The methods adopted in the Student Code of Conduct [see FO] for discipline management and for preventing and intervening in student discipline problems must provide that a student who is enrolled in the special education program may not be disciplined in a manner that results in a change in the student's educational placement for bullying, harassment, or making hit lists until an ARD committee meeting has been held to review the conduct. *Education Code 37.001(b-1)*

DAEP Placement Not Solely for Educational Purposes

A student with a disability who receives special education services may not be placed in a disciplinary alternative education program (DAEP) solely for educational purposes. A teacher in a DAEP who has a special education assignment must hold an appropriate certificate or permit for that assignment. *Education Code 37.004(c)-(d)*

Removal for 10 Days or Less

School personnel may remove a student with a disability who violates a student code of conduct from his or her current placement to an appropriate interim alternative educational setting, another setting, or suspension, for not more than 10 consecutive school days, to the extent those alternatives are applied to children without disabilities. *20 U.S.C. 1415(k)(1)(B); 34 C.F.R. 300.530(b)(1)*

Services During Removal	A district is required to provide services during the period of removal if the district provides services to a child without disabilities who is similarly removed. *34 C.F.R. 300.530(d)*
Subsequent Removals of 10 Days or Less	School personnel may remove the student for additional removals of not more than 10 consecutive school days in that same school year for separate incidents of misconduct, as long as those removals do not constitute a change in placement (see below). *34 C.F.R. 300.530(b)(1)*
Services During Removal	After a student has been removed from his or her current placement for 10 school days in the same school year, during any subsequent removal of 10 consecutive school days or less, school personnel, in consultation with at least one of the student's teachers, shall determine the extent to which services are needed so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the student's individualized education program (IEP). *20 U.S.C. 1415(k)(1)(D); 34 C.F.R. 300.530(d)(4)*
Notice of Procedural Safeguards	Not later than the date on which the decision to take the disciplinary action is made, a district shall notify the student's parents of the decision and of all procedural safeguards [see EHBAE]. *20 U.S.C. 1415(k)(1)(H)*
Removals That Are a Change in Placement	Any disciplinary action that would constitute a change in placement may be taken only after the student's ARD committee conducts a manifestation determination review. Any disciplinary action regarding the student shall be determined in accordance with federal law and regulations, including laws or regulations requiring the provision of functional behavioral assessments; positive behavioral interventions, strategies, and supports; behavioral intervention plans; and the manifestation determination review [see Manifestation Determination, below]. *Education Code 37.004(b)*
Behavior Assessment and Intervention	If a district takes a disciplinary action regarding a student with a disability who receives special education services that constitutes a change in placement under federal law, the district shall: 1. Not later than the 10th school day after the change in placement: a. Seek consent from the student's parent or person standing in parental relation to the student to conduct a functional behavioral assessment of the student, if a functional behavioral assessment has never been conducted

on the student or the student's most recent functional behavioral assessment is more than one year old; and

b. Review any previously conducted functional behavioral assessment of the student and any behavior improvement plan or behavioral intervention plan developed for the student based on that assessment; and

2. As necessary, develop a behavior improvement plan or behavioral intervention plan for the student if the student does not have a plan or, if the student has a behavior improvement plan or behavioral intervention plan, revise the student's plan.

Education Code 37.004(b-1)

Change in Placement

For purposes of disciplinary removal of a student with a disability, a change in placement occurs if a student is:

1. Removed from the student's current educational placement for more than 10 consecutive school days; or

2. Subjected to a series of removals that constitute a pattern because:

a. The series of removals total more than 10 school days in a school year;

b. The student's behavior is substantially similar to the student's behavior in the previous incidents that resulted in the series of removals; and

c. Additional factors exist, such as the length of each removal, the total amount of time the student is removed, and the proximity of the removals to one another.

The district determines, on a case-by-case basis, whether a pattern of removals constitutes a change in placement. The district's determination is subject to review through due process and judicial proceedings.

34 C.F.R. 300.536

School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a student who violates a code of student conduct. *20 U.S.C. 1415(k)(1)(A)*

Manifestation Determination

Within 10 school days of any decision to change the placement of a student because of a violation of a code of student conduct, a district, parents, and relevant members of the ARD committee (as determined by the parent and the district) shall review all relevant information in the student's file, including the student's IEP, any

teacher observations, and any relevant information provided by the parents to determine whether the conduct in question was:

1. Caused by, or had a direct and substantial relationship to, the student's disability; or

2. The direct result of the district's failure to implement the IEP.

If the district, the parent, and relevant members of the ARD committee determine that either of the above is applicable, the conduct shall be determined to be a manifestation of the student's disability.

If the district, the parent, and relevant members of the ARD committee determine the conduct was the direct result of the district's failure to implement the IEP, the district must take immediate steps to remedy those deficiencies.

20 U.S.C. 1415(k)(1)(E); 34 C.F.R. 300.530(e)

Not a Manifestation

If the determination is that the student's behavior was not a manifestation of the student's disability, school personnel may apply the relevant disciplinary procedures to the student in the same manner and for the same duration as for students without disabilities. The ARD committee shall determine the interim alternative educational setting. *20 U.S.C. 1415(k)(1)(C), (k)(2); 34 C.F.R. 300.530(c)*

Expulsion

In a county with a juvenile justice alternative education program (JJAEP) [see FODA], a district must invite the administrator of the JJAEP or the administrator's designee to an ARD committee meeting convened to discuss the discretionary expulsion under Education Code 37.007 of a student with a disability. The district must provide written notice of the meeting at least five school days before the meeting or a shorter timeframe agreed to by the student's parents. A copy of the student's current IEP must be provided to the JJAEP representative with the notice. If the JJAEP representative is unable to attend the ARD committee meeting, the representative must be given the opportunity to participate in the meeting through alternative means, including conference telephone calls. The JJAEP representative may participate in the meeting to the extent that the meeting relates to the student's placement in the JJAEP and implementation of the student's current IEP in the JJAEP. *19 TAC 89.1052*

Services During Removal

The student must:

1. Continue to receive educational services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the student's IEP.

© 2025 Texas Association of School Boards, Inc. All rights reserved. Permission granted to TASB Policy Service subscribers to reproduce for internal use only.

2. Receive, as appropriate, a functional behavioral assessment, and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur.

These services may be provided in an interim alternative educational setting.

34 C.F.R. 300.530(d)(1)-(2)

For a student with a disability who was expelled under a discretionary expulsion under Education Code 37.007, an ARD committee meeting must be convened to reconsider placement of the student in the JJAEP if the JJAEP provides written notice to the district of specific concerns that the student's education or behavioral needs cannot be met in JJAEP.

The district must invite the JJAEP administrator or the administrator's designee to the meeting and must provide written notice of the meeting at least five school days before the meeting or a shorter timeframe agreed to by the student's parents. If the JJAEP representative is unable to attend the ARD committee meeting, the representative must be given the opportunity to participate in the meeting through alternative means, including conference telephone calls. The JJAEP may participate in the meeting to the extent that the meeting relates to the student's continued placement in JJAEP.

19 TAC 89.1052

Manifestation

If the district, the parents, and relevant members of the ARD committee determine that the conduct was a manifestation of the student's disability, the ARD committee shall:

1. Conduct a functional behavioral assessment (FBA), unless the district had conducted an FBA before the behavior that resulted in the change in placement occurred, and implement a behavioral intervention plan (BIP) for the student; or

2. If a BIP has already been developed, review the BIP and modify it, as necessary, to address the behavior.

Except as provided at Special Circumstances, below, the ARD committee shall return the student to the placement from which the student was removed, unless the parent and the district agree to a change in placement as part of the modification of the BIP.

Special Circumstances

School personnel may remove a student to an interim alternative educational setting for not more than 45 school days without regard to whether the behavior is determined to be a manifestation of the student's disability, if the student:

1. Carries or possesses a weapon to or at school, on school premises, or to or at a school function under the jurisdiction of the Texas Education Agency (TEA) or a school district;
2. Knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school, on school premises, or at a school function under the jurisdiction of TEA or a school district; or
3. Has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of TEA or the district.

20 U.S.C. 1415(k)(1)(G); 34 C.F.R. 300.530(g)

The ARD committee shall determine the interim alternative education setting. *20 U.S.C. 1415(k)(2)*

Services During Removal

The student must:

1. Continue to receive educational services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the student's IEP.
2. Receive, as appropriate, a functional behavioral assessment, and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur.

These services may be provided in an interim alternative educational setting.

34 C.F.R. 300.530(d)(1)

Appeals

A parent who disagrees with a placement decision or the manifestation determination may request a hearing. A district that believes that maintaining a current placement of a student is substantially likely to result in injury to the student or others may request a hearing. *20 U.S.C. 1415(k)(3)(A); 34 C.F.R. 300.532(a); 19 TAC 89.1151* [See EHBAE]

Placement During Appeals

When an appeal has been requested by a parent or a district, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the student's assignment to the alternative setting, whichever oc-

curs first, unless the parent and district agree otherwise. *20 U.S.C. 1415(k)(4); 34 C.F.R. 300.533*

Reporting Crimes

Federal law does not prohibit a district from reporting a crime committed by a student with a disability to appropriate authorities. If a district reports a crime, the district shall ensure that copies of the special education and disciplinary records of the student are transmitted for consideration by the appropriate authorities to whom the district reported the crime. A district may transmit records only to the extent permitted by the Family Educational Rights and Privacy Act (FERPA). *20 U.S.C. 1415(k)(6); 34 C.F.R. 300.535* [See FL]

Students Not Yet Identified

A student who has not been determined to be eligible for special education and related services and who has engaged in behavior that violated a code of student conduct may assert any of the protections provided for in the IDEA if a district had knowledge that the student had a disability before the behavior that precipitated that disciplinary action occurred. *20 U.S.C. 1415(k)(5)(A); 34 C.F.R. 300.534(a)*

District Knowledge

A district shall be deemed to have knowledge that a student has a disability if, before the behavior that precipitated the disciplinary action occurred:

1. The parent of the student expressed concern in writing to supervisory or administrative personnel of the district, or to the teacher of the student, that the student was in need of special education and related services;
2. The parent requested an evaluation of the student for special education and related services; or
3. The student's teacher, or other district personnel, expressed specific concerns about a pattern of behavior demonstrated by the student directly to the special education director or to other supervisory personnel of the district.

20 U.S.C. 1415(k)(5)(B); 34 C.F.R. 300.534(b)

Exception

A district shall not be deemed to have knowledge that the student had a disability if:

1. The parent has not allowed an evaluation of the student;
2. The parent has refused services; or
3. The student has been evaluated and it was determined that the student did not have a disability.

If a district does not have knowledge (as described above), before taking disciplinary measures, that a student has a disability, the student may be subjected to the same disciplinary measures applied to students without disabilities who engaged in comparable behaviors.

However, if a request is made for an evaluation during the time period in which the student is subjected to disciplinary measures, the evaluation shall be conducted in an expedited manner. Until the evaluation is completed, the student shall remain in the educational placement determined by school authorities, which can include suspension or expulsion without educational services.

20 U.S.C. 1415(k)(5)(D); 34 C.F.R. 300.534(d)

Behavior Management Techniques

It is the policy of the state to treat all students with dignity and respect, including students with disabilities who receive special education services. Any behavior management technique and/or discipline management practice must be implemented in such a way as to protect the health and safety of the student and others. No discipline management practice may be calculated to inflict injury, cause harm, demean, or deprive the student of basic human necessities. *Education Code 37.0021(a); 19 TAC 89.1053(j)*

[For restrictions on aversive techniques, see FO.]

Rules on Restraint and Seclusion

The commissioner by rule shall adopt procedures for the use of restraint and time-out by a district employee or volunteer or an independent contractor of a district in the case of a student with a disability receiving special education services. The procedures must be consistent with Education Code 37.0021(d). *Education Code 37.0021(d)*

School Peace Officers

This provision and any rules or procedures adopted under this provision apply to a peace officer only if the peace officer:

1. Is employed or commissioned by a district; or
2. Provides, as a school resource officer, a regular police presence on a district campus under a memorandum of understanding between the district and a local law enforcement agency.

Education Code 37.0021(h); 19 TAC 89.1053(m)

Exceptions

Education Code 37.0021 (use of confinement, seclusion, restraint, and time-out) does not apply to:

1. A peace officer, while performing law enforcement duties, except as provided above [see School Peace Officers] and by

Education Code 37.0021(i) [see Restraint, Documentation, below];

2. Juvenile probation, detention, or corrections personnel; or

3. An educational services provider with whom a student is placed by a judicial authority, unless the services are provided in an educational program of a school district.

Law Enforcement Duties

"Law enforcement duties" means activities of a peace officer relating to the investigation and enforcement of state criminal laws and other duties authorized by the Code of Criminal Procedure.

Education Code 37.0021(b)(4), (g); 19 TAC 89.1053(m), (n)

Further, Education Code 37.0021 does not prevent a student's locked, unattended confinement in an emergency situation while awaiting the arrival of law enforcement personnel if:

1. The student possesses a weapon; and

2. The confinement is necessary to prevent the student from causing bodily harm to the student or another person.

For these purposes, "weapon" includes any weapon described under Education Code 37.007(a)(1). [See FNCG]

Education Code 37.0021(f)

Peace Officer or Security Personnel Use of Restraint or Taser

A peace officer performing law enforcement duties or school security personnel performing security-related duties on school property or at a school-sponsored or school-related activity must not restrain or use a chemical irritant spray or Taser on a student enrolled in fifth grade or below, unless the student poses a serious risk of harm to the student or another person [see FO defining Taser]. *19 TAC 89.1053(l)*

Confinement

A student with a disability who receives special education services may not be confined in a locked box, locked closet, or other specially designed locked space as either a discipline management practice or a behavior management technique. *Education Code 37.0021(a)*

Seclusion

A district employee or volunteer or an independent contractor of a district may not place a student in seclusion. *Education Code 37.0021(c)*

"Seclusion" means a behavior management technique in which a student is confined in a locked box, locked closet, or locked room that:

Education Code 37.0021(b)(2)

Restraint

"Restraint" means the use of physical force or a mechanical device to significantly restrict the free movement of all or a portion of a student's body. *19 TAC 89.1053(b)(2)*

The following provisions do not apply to the use of physical force or a mechanical device that does not significantly restrict the free movement of all or a portion of the student's body. Restraint that involves significant restriction as referenced above does not include:

1. Physical contact or appropriately prescribed adaptive equipment to promote normative body positioning and/or physical functioning;
2. Limited physical contact with a student to promote safety (e.g., holding a student's hand), prevent a potentially harmful action (e.g., running into the street), teach a skill, redirect attention, provide guidance to a location, or provide comfort;
3. Limited physical contact or appropriately prescribed adaptive equipment to prevent a student from engaging in ongoing, repetitive self-injurious behaviors, with the expectation that instruction will be reflected in the IEP as required by 34 C.F.R. 300.324(a)(2)(i) to promote student learning and reduce and/or prevent the need for ongoing intervention; or
4. Seat belts and other safety equipment used to secure students during transportation.

19 TAC 89.1053(f)

Limitations on Use of Restraint

A school employee, volunteer, or independent contractor may use restraint only in an emergency and with the following limitations:

1. Restraint shall be limited to the use of such reasonable force as is necessary to address the emergency.
2. Restraint shall be discontinued at the point at which the emergency no longer exists.
3. Restraint shall be implemented in such a way as to protect the health and safety of the student and others.
4. Restraint shall not deprive the student of basic human necessities.

1. Imminent, serious physical harm to the student or others; or
2. Imminent, serious property destruction.

Public Information

See GB(LEGAL) for the definition of public information.

Availability of Public Information

Person Whose Information the District Holds

A person or a person's authorized representative has a special right of access, beyond the right of the general public, to information held by the district that relates to the person and that is protected from public disclosure by laws intended to protect that person's privacy interests. A district may not deny this access on the grounds that the information is considered confidential by privacy principles under the Public Information Act but may assert as grounds for denial other provisions of the PIA or other law not intended to protect the person's privacy interests. Access to information under this provision shall be provided in the manner prescribed by Government Code 552.229 (consent to release) and 552.307 (timely release), below. *Gov't Code 552.023(a), (b), (e)*

Contracting Information	Contracting information, as that term is defined in Government Code 552.003(1-a) [see GBAA], is public and must be released unless excepted from disclosure under the Public Information Act. The exceptions to disclosure provided by Government Code 552.110 (trade secrets) and 552.1101 (proprietary information) do not apply to the types of contracting information listed at Government Code 552.0222(b). *Gov't Code 552.0222(a), (b)* [See GBAA for additional procedures related to contracting information.]

Note: For confidentiality and access provisions addressed by specific statutes other than Government Code Chapter 552 (Public Information Act), see the applicable policy code.

Privileged Attorney-Client Information	The Texas Rules of Civil Procedure and the Texas Rule of Evidence are "other law" within the meaning of Government Code 552.022 (allowing "other law" to make information confidential from required disclosure). A district does not forfeit the attorney-client privilege by failing to timely request an attorney general's decision, and the privilege is sufficiently compelling to rebut the presumption of public disclosure after an untimely request. *In re City of Georgetown, 53 S.W.3d 328, 336 (Tex. 2001); Paxton v. City of Dallas, 509 S.W.3d 247 (Tex. 2017)* The attorney-client privilege does not apply if the attorney or attorney's representative acts in a capacity other than that of providing or facilitating professional legal services to the client. *Harlandale*

In addition, a student record shall be made available on the request of district personnel, the student, the student's parents, legal guardian, or spouse, or a person conducting a child abuse investigation required by Family Code Chapter 261, Subchapter D.

Except as provided by Government Code 552.114(e) (information in enrollment or transfer records, below), a district may redact information in a student record from information required to be disclosed under the Public Information Act without requesting a decision from the attorney general.

Invasion of Privacy

Information is excepted from public disclosure if it is information in a personnel file, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, except that all information in the personnel file of a district employee is to be made available to that employee or the employee's designated representative as public information is made available under the Public Information Act. The exception to public disclosure created by this provision is in addition to any exception created by Government Code 552.024. Public access to personnel information covered by Government Code 552.024 is denied to the extent provided by that provision. *Gov't Code 552.102(a)*

Employee Birth Dates

Disclosure of employee birth dates would constitute a clearly unwarranted invasion of personal privacy, and thus such dates are excepted from disclosure under Government Code 552.102(a). *Texas Comptroller of Public Accts. v. Atty. Gen'l of Texas, 354 S.W.3d 336 (Tex. 2010)*

The superintendent of a district is the officer for public information. Each department head is an agent of the officer for public information for purposes of complying with Government Code Chapter 552 (Public Information Act [PIA]).

Duties

The officer is responsible for the release of public information as required by the Public Information Act. Subject to penalties provided by the Public Information Act, the officer for public information shall:

1. Make public information available for public inspection and copying;
2. Carefully protect public information from deterioration, alteration, mutilation, loss, or unlawful removal;
3. Repair, renovate, or rebind public information when necessary to maintain it properly; and
4. Make reasonable efforts to obtain public information from a temporary custodian if:
    a. The information has been requested from the district;
    b. The officer is aware of facts sufficient to warrant a reasonable belief that the temporary custodian has possession, custody, or control of the information;
    c. The officer is unable to comply with the duties imposed by the Public Information Act without obtaining the information from the temporary custodian; and
    d. The temporary custodian has not provided the information to the officer or the officer's agent.

The officer is not responsible for the use made of the information by the requestor or the release of the information after it is removed from a record as a result of an update, correction, or change of status of the person to whom the information pertains.

Gov't Code 552.201(a)-.204; Keever v. Finlan, 988 S.W.2d 300 (Tex. App.—Dallas 1999, pet. dism'd) (a district's chief administrative officer is the superintendent)

Training

This provision applies to an elected or appointed board member and the officer for public information.

Each person shall complete a course of training of not less than one and not more than two hours regarding the responsibilities of the district and its board members and employees under the Public Information Act not later than the 90th day after the date:

1. The board member takes the oath of office; or
2. The officer for public information assumes duties as officer for public information.

A public information coordinator who is primarily responsible for administering the responsibilities of the board under the Public Information Act and designated for board members to satisfy the training requirement of this provision shall complete the training course regarding the responsibilities of the board and district employees under the PIA not later than the 90th day after the date the coordinator assumes the person's duties as coordinator. [See BBD, CPC(LOCAL)]

Designation of a public information coordinator does not relieve a board member from the duty to comply with any other requirement of the Public Information Act that applies to the board member.

A district shall maintain and make available for public inspection the record of its board members' or, if applicable, the public information coordinator's completion of the training.

Gov't Code 552.012(a)-(c), (e)

Training After Failure to Comply

The attorney general may require each elected or appointed board member and the officer for public information of a district to complete the course of training if the attorney general determines that the district has failed to comply with a requirement of the Public Information Act. The attorney general must notify each person in writing of the attorney general's determination and the requirement to complete the training. A person who receives notice from the attorney general under this provision must complete the training not later than the 60th day after the date the person receives the notice. *Gov't Code 552.012(a),(b-1)*

PIA Sign

The officer for public information shall prominently display a sign (PIA sign) in the form prescribed by the attorney general that contains basic information about the rights of a requestor, the responsibilities of a district, and the procedures for inspecting or obtaining a copy of public information under the Public Information Act. The officer shall display the sign at one or more places in the district's administrative offices where it is plainly visible to:

1. Members of the public who request public information in person; and

Gov't Code 552.205(a)

Requests for Public Information

A person may make a written request for public information only by delivering the request by one of the following methods to the officer for public information or a person designated by that officer:

Method of Requesting Public Information

1. United States mail;
2. Electronic mail;
3. Hand delivery; or
4. Any other appropriate method approved by the district, including facsimile transmission and electronic submission through the district's website.

A district is considered to have approved another method only if the district includes a statement on the PIA sign or the district's website that states a request for public information may be made by that method.

Designated Addresses to Receive Requests

A district may designate one mailing address and one electronic mail address for receiving written requests for public information and shall provide the designated mailing address and electronic mailing address to any person on request.

A district that posts a designated mailing address or electronic mail address on the district's website or that prints those addresses on the PIA sign is not required to respond to a written request for public information unless the request is received:

1. At one of those addresses;
2. By hand delivery; or
3. By a method described above that has been approved by the district.

Gov't Code 552.234(c), (d)

Notification to Attorney General

Not later than October 1 each year, a school district shall notify the attorney general of the current mailing address and electronic mail address designated by the governmental body for receiving written requests for public information.

The attorney general shall create and maintain on the office of the attorney general's website a publicly accessible database of the

mailing addresses and electronic mail addresses provided by governmental bodies, including districts.

Gov't Code 552.234(e), (f)

Optional Request Form

The attorney general shall create a public information request form that provides a requestor the option of excluding from a request information that the district determines is:

1. Confidential; or
2. Subject to an exception to disclosure that the district would assert if the information were subject to the request.

A district that allows requestors to use the attorney general's form and maintains a website shall post the form on its website.

Gov't Code 552.235

District Response to Requests

Uniform Treatment

The officer for public information or the officer's agent shall treat all requests for information uniformly without regard to the position or occupation of the requestor, the person on whose behalf the request is made, or the status of the individual as a member of the media. *Gov't Code 552.223*

Inquiries by District

The officer for public information and the officer's agent may not make an inquiry of a requestor except to establish proper identification or except as provided below.

Requests to Clarify or Narrow

If what information is requested is unclear to the district, the district may ask the requestor to clarify the request. If a large amount of information has been requested, the district may discuss with the requestor how the scope of the request might be narrowed, but the district may not inquire into the purpose for which the information will be used.

Additional Information for Vehicle Records

If the information requested relates to a motor vehicle record, the officer for public information or agent may require the requestor to provide additional identifying information sufficient for the officer or agent to determine whether the requestor is eligible to receive the information under Transportation Code Chapter 730. In this provision, "motor vehicle record" has the meaning assigned that term by Transportation Code 730.003.

Gov't Code 552.222(a)-(c)

Statement of Consequences

A written request for clarification or discussion or for additional information, as described above, must include a statement as to the consequences of the failure by the requestor to timely respond to the request for clarification, discussion, or additional information. *Gov't Code 552.222(e)*

Requestor's Failure to Respond

If by the 61st day after the date the district sends a written request for clarification or discussion or for additional information, as described above, the district, officer for public information, or agent does not receive a written response from the requestor, the underlying request for public information is considered to have been withdrawn by the requestor.

Exception to Automatic Withdrawal

Except when the requestor's information request was sent by electronic mail, described below, if the requestor's information request included the requestor's physical or mailing address, the request may not be considered to have been withdrawn unless the district or officer for public information or agent sends the request for clarification or discussion or for additional information, as described above, to that address by certified mail.

If the requestor's information request was sent by electronic mail, the request may be considered to have been withdrawn if:

1. The district, officer for public information, or agent sends the request for clarification or discussion or the written request for additional information by electronic mail to the same electronic mail address from which the original request was sent or to another electronic mail address provided by the requestor; and

2. The district, officer for public information, or agent does not receive from the requestor a written response or response by electronic mail within the period described by Government Code 552.222(d).

Gov't Code 552.222(d), (f)-(g)

No Responsive Information

If the district determines it has no information responsive to a request for information, the officer for public information shall notify the requestor in writing not later than the 10th business day after the date the request is received. *Gov't Code 552.221(f)*

Time for Production

Promptly

An officer for public information shall promptly produce public information for inspection, duplication, or both, on application by any person to the officer. "Promptly" means as soon as possible under the circumstances, that is, within a reasonable time, without delay. A district may not automatically withhold for 10 business days public information not excepted from disclosure. *Gov't Code 552.221(a); Atty. Gen. ORD 664 (2000)*

Business Day

In the Public Information Act, "business day" means a day other than a Saturday or Sunday, a national holiday, or a state holiday [see below].

© 2025 Texas Association of School Boards, Inc. All rights reserved. Permission granted to TASB Policy Service subscribers to reproduce for internal use only.

Rosh Hashanah, Yom Kippur, or Good Friday are not business days of a district if the officer for public information of the district observes the optional holidays.

The Friday before or Monday after a national or state holiday is not a business day of a district if the holiday occurs on a Saturday or Sunday and the district observes the holiday on that Friday or Monday.

The fact that an employee works from an alternative work site does not affect whether a day is considered a business day.

Locally Designated Nonbusiness Days

A district may designate a day on which the district's administrative offices are closed or operating with minimum staffing as a nonbusiness day. The designation of a nonbusiness day for a district must be made by the board. A district may designate not more than 10 nonbusiness days under this subsection each calendar year.

Gov't Code 552.0031(a)-(c), (e)-(f), 662.003(c)

Certifications of Availability

If an officer for public information cannot produce the public information for inspection or duplication within 10 business days after the date the information is requested, the officer shall certify that fact in writing to the requestor and set a date and hour within a reasonable time when the information will be available for inspection or duplication.

If the requested information is unavailable at the time of the request to examine because it is in storage or active use, an officer for public information shall certify this fact in writing to the requestor and set a date and hour within a reasonable time when the information will be available for inspection or duplication.

Gov’t Code 552.221(c), (d)

Administrative Offices Closed

Unless the district has initiated a temporary suspension of the Public Information Act during a catastrophe [see below], if a district closes its physical offices, but requires staff to work, including remotely, then the district shall make a good faith effort to continue responding to applications for public information, to the extent staff have access to public information responsive to an application while its administrative offices are closed.

Failure to respond to requests may constitute a refusal to request an attorney general’s decision or a refusal to supply public information or information that the attorney general has determined is public information that is not excepted from disclosure.

Gov’t Code 552.2211

Methods of Production

An officer for public information complies with the requirement to promptly produce public information by:

1. Providing the information for inspection or duplication in the offices of a district. The Public Information Act does not authorize a requestor to remove an original copy of a public record from the office of a district;

© 2025 Texas Association of School Boards, Inc. All rights reserved. Permission granted to TASB Policy Service subscribers to reproduce for internal use only.

2. Sending copies of the information by first class United States mail, if the requestor requests that copies be provided and pays the postage and any other applicable charges that the requestor has accrued under Government Code Chapter 552, Subchapter F [see Authorized Costs and Charges, below]; or

3. Referring a requestor to an exact internet location or uniform resource locator (URL) address on a website maintained by the district and accessible to the public if the requested information is identifiable and readily available on that website. If the person requesting the information prefers a manner other than access through the URL, the district must supply the information in the manner described above at items 1 and 2.

   If the officer for public information provides by email an internet location or URL address as permitted by item 3, above, the email must contain a statement in a conspicuous font clearly indicating that the requestor may nonetheless access the requested information by inspection or duplication or by receipt through United States mail, as described above at items 1 and 2.

Gov't Code 552.221(b)-(b-2), .226

Inspection and Duplication Procedures

A district may promulgate reasonable rules of procedure under which public information may be inspected and copied efficiently, safely, and without delay. These rules may not be inconsistent with any provision of the Public Information Act. *Gov't Code 552.230*

The officer for public information or agent shall give the requestor all reasonable comfort and facility for the full exercise of the right granted by the Public Information Act. *Gov't Code 552.224*

Time For District to Provide Copies

It shall be a policy of a district to provide a suitable copy of public information within a reasonable time after the date on which the copy is requested. *Gov't Code 552.228(a)*

Time for Requestor to Appear and Complete Inspection

A request is considered to have been withdrawn if the requestor fails to inspect or duplicate the public information in district offices on or before the 60th day after the date the information is made available or fails to pay the postage and any other applicable charges accrued under Government Code Chapter 552, Subchapter F on or before the 60th day after the date the requestor is informed of the charges.

A requestor must complete the examination of the information not later than the 10th business day after the date the custodian of the information makes it available. If the requestor does not complete the examination within 10 business days and does not file a request for additional time under Government Code 552.225(b) (de-

scribed below), the requestor is considered to have withdrawn the request.

The officer for public information shall extend the initial examination period by an additional 10 business days if, within the initial period, the requestor files with the officer a written request for additional time. The officer shall extend an additional examination period by another 10 business days if, within the first additional period, the requestor files with the officer a written request for more additional time.

The time during which a person may examine information may be interrupted by the officer if the information is needed for use by the district. The period of interruption is not considered to be a part of the time during which the person may examine the information.

Gov't Code 552.221(e), .225

Electronic Data

If public information exists in an electronic or magnetic medium, the requestor may request a copy in an electronic medium, such as on diskette or on magnetic tape. A district shall provide a copy in the requested medium if:

1. The district has the technological ability to produce a copy of the information in the requested medium;
2. The district is not required to purchase any software or hardware to accommodate the request; and
3. Provision of a copy of the information in the requested medium will not violate the terms of any copyright agreement between the district and a third party.

If a district is unable to comply with a request to produce a copy of information in a requested medium for any of these reasons, the district shall provide a copy in another medium that is acceptable to the requestor. A district is not required to copy information onto a diskette or other material provided by the requestor but may use district supplies.

Gov't Code 552.228(b), (c)

Requests Requiring Programming or Data Manipulation

Written Statement Required

A district shall provide to a requestor a written statement, described below, if the district determines:

1. That responding to a request for information will require programming or manipulation of data; and
2. That:
   a. Compliance with the request is not feasible or will result in substantial interference with operations; or

© 2025 Texas Association of School Boards, Inc. All rights reserved. Permission granted to TASB Policy Service subscribers to reproduce for internal use only.

b. The information could be made available in the requested form only at a cost that covers the programming and manipulation of data.

The written statement shall include:

1. A statement that the information is not available in the requested form;
2. A description of the form in which the information is available;
3. A description of any contract or services that would be required to provide the information in the requested form;
4. A statement of the estimated cost of providing the information in the requested form, as determined in accordance with the rules established by the attorney general under Government Code 552.262; and
5. A statement of the anticipated time required to provide the information in the requested form.

Time For Programming or Manipulation Statement

A district shall provide the written statement to the requestor within 20 days after the date the district receives the request. The district has an additional 10 days to provide the statement if the district gives written notice to the requestor, within 20 days after receiving the request, that additional time is needed.

Requestor Reply Required

On providing the written statement described above, the district does not have any further obligation to provide the information in the requested form or in the form in which it is available, unless within 30 days the requestor states in writing that the requestor:

1. Wants the district to provide the information in the requested form according to the cost and time parameters set out in the written statement or according to other terms to which the requestor and the district agree; or
2. Wants the information in the form in which it is available.

If a requestor does not make a timely written statement to the district, the requestor is considered to have withdrawn the request for information.

Processing Procedures and Recordkeeping

The officer for public information shall establish policies that assure the expeditious and accurate processing of requests for information that require programming or manipulation of data. A district shall maintain a file containing all written statements issued concerning responding to requests for information that require programming or manipulation of data in a readily accessible location.

Repetitious or Redundant Requests

A district that determines a requestor has made a request for information for which the district has previously furnished or made copies available to the requestor on payment of applicable charges must respond to the request, in relation to the information for which copies have already been furnished or made available, except that:

1. The district is not prohibited from furnishing the information or making the information available to the requestor again in accordance with the request; and
2. The district is not required to comply with these provisions in relation to information that the district simply furnishes or makes available to the requestor again in accordance with the request.

Gov't Code 552.232(a)

These provisions do not apply to information not previously furnished to a requestor or made copies available to the requestor on payment of applicable charges.

A request by the requestor for information for which copies have not previously been furnished or made available to the requestor, including information for which copies were not furnished or made available because the information was redacted from other information that was furnished or made available or because the information did not exist at the time of an earlier request shall be treated in the same manner as any other request for public information under the Public Information Act.

Gov't Code 552.232(d)

Certification of Previous Production

A district shall certify to the requestor that copies of all or part of the requested information were previously furnished or made available to the requestor. The certification must include:

2. The date the district received the requestor's original request for that information;
3. The date the district previously furnished copies or made available copies of the information to the requestor;
4. A certification that no subsequent additions, deletions, or corrections have been made to that information; and
5. The name, title, and signature of the officer for public information or agent making the certification.

Withholding Excepted Information

Request for Attorney General Decision Required

A district that receives a written request for information that it wishes to withhold from public disclosure and that it considers to be within one of the exceptions to required disclosure under Government Code Chapter 552, Subchapter C [see GBA] must ask for a decision from the attorney general about whether the information is within that exception if there has not been a previous determination about whether the information falls within one of the exceptions [see Request for Attorney General Decision Not Required, below]. *Gov't Code 552.301(a)*

Consequences of Missed Deadlines

If a district does not request an attorney general decision and provides the requestor with the information required by Government Code 552.301(d) and (e-1) [see Information to Requestor, below], the information requested in writing is presumed to be subject to public disclosure and must be released unless there is a compelling reason to withhold it. *Gov't Code 552.302*

Electronic Submission

A district that requests an attorney general decision must submit the request through the attorney general's designated electronic filing system. This requirement does not apply if:

1. The district has fewer than 16 full-time employees;
2. The district is located in a county with a population of less than 150,000;
3. The amount or format of responsive information at issue in a particular request makes use of the attorney general's electronic filing system impractical or impossible; or
4. The request is hand delivered to the office of the attorney general.

Gov't Code 552.3031(a)-(b)

Request and Submissions to Attorney General

The district must ask for the attorney general's decision and state the specific exceptions that apply within a reasonable time but not later than the 10th business day after the date of receiving the written request.

When a district requests an attorney general decision, it shall, within a reasonable time but not later than the 15th business day after receiving the request for information, submit to the attorney general all of the following:

© 2025 Texas Association of School Boards, Inc. All rights reserved. Permission granted to TASB Policy Service subscribers to reproduce for internal use only.

1. Written comments stating the reasons why the stated exceptions apply that would allow the information to be withheld;
2. A copy of the written request for information;
3. A signed statement as to the date on which the written request for information was received by the district or evidence sufficient to establish that date; and
4. A copy of the specific information requested, or representative samples of the information if a voluminous amount of information was requested. The district shall label the copies or representative samples to indicate which exceptions apply to which parts of the copy.

Gov't Code 552.301(b), (e)

Information to Requestor

A district that requests an attorney general decision shall provide to the requestor within a reasonable time but not later than the 10th business day after the date of receiving the requestor's written request:

1. A written statement that the district wishes to withhold the requested information and has asked for a decision from the attorney general about whether the information is within an exception to public disclosure; and
2. A copy of the district's written communication to the attorney general asking for the decision. If a district's written communication to the attorney general discloses the requested information, the district shall provide a redacted copy of that written communication.

The district shall send a copy of the comments to the requestor not later than the 15th business day after the district receives the written request. If the written comments disclose or contain the substance of the information requested, the copy of the comments provided to the requestor shall be redacted.

Calculating Timeliness

For the purposes of Government Code Chapter 552, Subchapter G (Attorney General Decisions), if a district receives a written request by United States mail and cannot adequately establish the actual date of receipt, the request is considered to have been received by the district on the third business day after the date of the postmark on a properly addressed request. *Gov't Code 552.301(a-1)*

When Government Code Chapter 552, Subchapter G requires a request, notice, or other document to be submitted or otherwise given to the attorney general within a specified period, the require-

ment is met in a timely fashion if the district submits the document through the attorney general's designated electronic filing system within that period. This provision does not affect the right of a district to submit information to the attorney general by specified methods of mail under Government Code 552.308.

When the attorney general is required to deliver a notice, decision, or other document within a specified period, the requirement is met in a timely fashion if the attorney general electronically transmits the document within that period.

For information surrendered or returned to a district by a temporary custodian, the district is considered to receive the request for that information on the date the information is surrendered or returned to the district. [See GB]

Gov't Code 552.233(d), .309

Except as required by Government Code 552.031 (electronic submission [see above]), when the attorney general decision process requires a request, notice, or other document to be submitted or otherwise given to a person within a specified period, the requirement is met in a timely fashion if the document is sent to the person by first class United States mail or common or contract carrier properly addressed with postage or handling charges prepaid and:

1. It bears a post office cancellation mark or a receipt mark of a common or contract carrier indicating a time within that period; or

2. The person required to submit or otherwise give the document furnishes satisfactory proof that it was deposited in the mail or with a common or contract carrier within that period.

Gov't Code 552.308

Third Party Privacy or Property Interests

Third Party Submissions

A person whose interests may be involved as described above, or any other person, may submit in writing to the attorney general the person's reasons why the information should be withheld or released. A district may, but is not required to, submit its reasons why the information should be withheld or released. The propri-

If release of a person's proprietary information may be subject to exception under Government Code 552.101 (information confidential by law), 552.110 (trade secrets), 552.1101 (proprietary information), 552.113 (geological or geophysical information), 552.131 (economic development information), or 552.143 (investment information), a district that requests an attorney general decision shall make a good faith attempt to notify that person of its request. The notice must:

1. Be in writing and sent within a reasonable time not later than the 10th business day after the district receives the request for information; and

2. Include:

   a. A copy of the written request for information, if any, received by the district; and

   b. A statement, in the form prescribed by the attorney general, that the person is entitled to submit to the attorney general, not later than the 10th business day after the person receives the notice:

      (1) Each reason the person has as to why the information should be withheld; and

      (2) A letter, memorandum, or brief in support of that reason.

A person who submits a letter, memorandum, or brief to the attorney general under this provision shall send a copy of that letter, memorandum, or brief to the person who requested the information from the district. If the letter, memorandum, or brief submitted to the attorney general contains the substance of the information requested, the copy of the letter, memorandum, or brief may be a redacted copy.

1. Information in a voucher or contract relating to the receipt or expenditure of public funds by a district;
2. Solicitation or bid documents relating to a contract with a district;
3. Communications sent between a district and a vendor, contractor, potential vendor, or potential contractor during the solicitation, evaluation, or negotiation of a contract;
4. Documents, including bid tabulations, showing the criteria by which a district evaluates each vendor, contractor, potential vendor, or potential contractor responding to a solicitation and, if applicable, an explanation of why the vendor or contractor was selected; and
5. Communications and other information sent between a district and a vendor or contractor related to the performance of a final contract with the district or work performed on behalf of the district.

Gov't Code 552.003(1-a)

Government Code 552.371 applies to an entity that is not a governmental body that executes a contract with a district that:

1. Has a stated expenditure of at least $1 million in public funds for the purchase of goods or services by the district; or
2. Results in the expenditure of at least $1 million in public funds for the purchase of goods or services by the district in a fiscal year of the district.

Government Code 552.371 applies to a written request for public information received by a district that is party to a contract described above for contracting information related to the contract that is in the custody or possession of the entity and not maintained by the district.

Gov't Code 552.371(a), (b)

District Request to Contracting Entity

A district that receives a written request for contracting information shall request that the entity provide the information to the district. The district must send the request in writing to the party not later than the third business day after the date the district receives the written request. *Gov't Code 552.371(c)*

Requesting Decision About Contracting Information

A district's request for an attorney general's decision to determine whether contracting information not maintained by the district falls within an exception to disclosure under the Public Information Act is considered timely if made not later than the 13th business day after the date the district receives the written request described above. *Gov't Code 552.371(d)(1)*

The statement and copy described above [see Information to Requestor] is considered timely if provided to the requestor not later than the 13th business day after the date the district receives the written request. *Gov't Code 552.371(d)(2)*

A submission and copy described above [see Request and Submissions to Attorney General] is considered timely if sent not later than the 18th business day after the date the district receives the written request. *Gov't Code 552.371(d)(3), (4)*

The presumption that information is subject to disclosure for failing to comply with Government Code 552.301 [see Request and Submissions to Attorney General, above] does not apply if a district:

1. Complies with the requirements of Government Code 552.371(c) in a good faith effort to obtain contracting information not maintained by the district;
2. Is unable to meet a deadline because the contracting entity failed to provide the information to the district not later than the 13th business day after the date the district received the written request for the information; and
3. Complies with all notice requirements not later than the eighth business day after the date the district receives the information from the contracting entity.

Gov't Code 552.371(e)

Nothing in Government Code 552.371 affects the deadlines or duties of a district related to requesting an attorney general opinion regarding contracting information the district maintains. *Gov't Code 552.371(f)*

Request for Attorney General Decision Not Required

Previous Determinations

Same Information

A district must release the requested information and is prohibited from asking for a decision from the attorney general about whether information requested under this chapter is within an exception under Government Code Chapter 552, Subchapter C if the district has previously requested and received a determination from the attorney general concerning the precise information at issue in a pending request and the attorney general or a court determined that the information is public information that is not excepted by Subchapter C. *Gov't Code 552.301(f)*

Categories of Previously Determined Information

A district may rely on a previous determination by the attorney general regarding a specific, clearly delineated category of information if:

1. The previous decision is applicable to a school district;
2. The previous decision concludes that the category of information is or is not excepted from public disclosure;
3. The elements of law, fact, and circumstances are met to support the previous decision's conclusion that the requested records and information at issue are or are not excepted from public disclosure; and
4. The previous decision explicitly provides that the governmental body or bodies, such as the district, to which the decision applies may withhold the information without the necessity of seeking a decision from the attorney general.

Atty. Gen. ORD 673 (2001)

Notification to Requestor

If a district that determines the requested information is subject to a previous determination that permits or requires the district to withhold the requested information, the officer for public information shall notify the requestor in writing that the information is being withheld and identify in the notice the specific previous determination the governmental body is relying on to withhold the requested information. The officer for public information shall provide the notification not later than the 10th business day after the date the request is received. *Gov't Code 552.221(g)*

When Request Is Allowed for Previous Determination

A district may ask for another decision from the attorney general concerning the precise information that was at issue in a prior decision made by the attorney general if:

1. A suit challenging the prior decision was timely filed against the attorney general in accordance with the Public Information Act concerning the precise information at issue;
2. The attorney general determines that the requestor has voluntarily withdrawn the request for the information in writing or has abandoned the request; and
3. The parties agree to dismiss the lawsuit.

Gov't Code 552.301(g)

Response After Attorney General Decision

A district shall as soon as practicable but within a reasonable period of time after the date the attorney general issues an opinion regarding information requested under the Public Information Act:

1. Provide the requestor of the information an itemized estimate of charges for production of the information if the estimate is required by Government Code 552.2615;

2. If the requested information is voluminous:

   a. Take the following actions if the district determines that it is able to disclose the information in a single batch:

      (1) Provide a written certified notice to the requestor and the attorney general that it is impractical or impossible for the district to produce the information within a reasonable period of time;

      (2) Include in the notice the date and hour that the district will disclose the information to the requestor, which may not be later than the 15th business day after the date the district provides the notice; and

      (3) Produce the information at the date and time included in the notice; or

   b. Take the following actions if the district determines that it is unable to disclose the information in a single batch:

      (1) Provide a written certified notice to the requestor and the attorney general that it is impractical or impossible for the district to produce the information within a reasonable period of time and in a single batch;

      (2) Include in the notice the date and hour that the district will disclose the first batch of information to the requestor, which may not be later than the 15th business day after the date the district provides the notice;

      (3) Provide a written certified notice to the requestor and the attorney general when each subsequent batch of information is disclosed to the requestor of the date and hour that the district will disclose the next batch of information to the requestor, which may not be later than the 15th business day after the date the district provides the notice; and

      (4) Produce the requested information at each date and time included in a notice;

3. Produce the information if it is required to be produced;

4. Notify the requestor in writing that the district is withholding the information as authorized by the opinion; or

5. Notify the requestor in writing that the district has filed suit against the attorney general under Government Code 552.324 [see Filing Suit to Challenge Attorney General's Decision, below] regarding the information.

A district is presumed to have complied with the above requirements if the district takes an action regarding information that is the subject of an opinion issued by the attorney general not later than the 30th day after the date the attorney general issues the opinion.

Gov't Code 552.306(c)-(d)

Note: For rules regarding the attorney general's review of redactions, see 1 Administrative Code Chapter 63. For complete cost rules issued by the attorney general, see 1 Administrative Code Chapter 70.

Authorized Costs and Charges

Attorney General's Cost Rules

A district shall use the attorney general's rules to determine the charges for providing copies of public information and to determine the charge, deposit, or bond required for making public information that exists in a paper record available for inspection, except to the extent that other law provides for charges for specific kinds of public information. The charges for providing copies of public information may not be excessive and may not exceed the actual cost of producing the information or for making public information that exists in a paper record available for inspection.

A district may determine its own charges for providing copies of public information and its own charge, deposit, or bond for making public information that exists in a paper record available for inspection. However, a district may not charge an amount that is greater than 25 percent more than the amount established by the attorney general, unless the district requests an exemption.

Gov't Code 552.262(a); 1 TAC 70.1(b), .3, .10.

Exemption

A district may request that it be exempt from part or all of the rules adopted by the attorney general for determining charges. The request must be made in writing to the attorney general and must state the reason for the exemption. If a district receives notice from the attorney general that an exemption has been granted, the district may amend its charges according to the attorney general's determination. *Gov't Code 552.262(c)*

Multiple Requests

All requests received in one calendar day from an individual may be treated as a single request for purposes of calculating costs. A

district may not combine multiple requests from separate individuals who submit requests on behalf of an organization. *Gov't Code 552.261(e)*

Charges for Producing Copies

The charge for providing a copy of public information shall be an amount that reasonably includes all costs related to reproducing the information, including costs of materials, labor, and overhead.

50 Pages or Less

If a request is for 50 or fewer pages of paper records, the charge for providing the copy of the information may not include costs of materials, labor, or overhead, but shall be limited to the charge for each page of the paper record that is photocopied, unless the pages to be photocopied are located in two or more separate buildings that are not physically connected with each other or a remote storage facility. A connection of two buildings by a covered or open sidewalk, an elevated or underground passageway, or a similar facility is insufficient to cause the buildings to be considered separate buildings.

Statement of Labor Costs

If the charge for providing a copy of public information includes costs of labor, the requestor may require the officer for public information or agent to provide the requestor with a written statement as to the amount of time that was required to produce and provide the copy. The statement must be signed by the officer or agent, and the officer or agent's name must be typed or legibly printed below the signature. A charge may not be imposed for providing the written statement to the requestor.

Accrual of Charges

Charges for providing a copy of public information are considered to accrue at the time the district advises the requestor that the copy is available on payment of the applicable charges.

Gov't Code 552.261(a)-(d)

Deposit or Bond for Copies

The officer for public information or agent may require a deposit or bond for payment of anticipated costs for the preparation of a copy of public information if:

1. The officer or agent has provided the requestor with the written itemized statement required by Government Code 552.2615 (itemized estimate of charges, below); and
2. The charge for providing the copy is estimated by the district to exceed $100, if the district has more than 15 full-time employees, or $50, if the district has fewer than 16 full-time employees.

The officer or agent may not require a deposit or bond as a down payment for copies of public information that the requestor may request in the future.

Gov't Code 552.263(a), (b)

Effect on Timelines

For purposes of Government Code Chapter 552, Subchapters F (Charges for Providing Copies of Public Information) and G (Attorney General Decisions), a request for a copy of public information is considered to have been received by the district on the date the district receives the deposit or bond for payment of anticipated costs or unpaid amounts if the officer for public information or agent requires a deposit or bond.

A requestor who fails to make such a deposit or post such a bond for payment of anticipated costs for the preparation of copies before the 10th business day after the date the deposit or bond is required is considered to have withdrawn the request for the copy of public information that precipitated the requirement of the deposit or bond.

Gov't Code 552.263(e), (f)

Modified Request

If a requestor modifies a request in response to the requirement of a deposit or bond, the modified request is considered a separate request and is considered received on the date the district receives the written modified request. *Gov't Code 552.263(e-1)*

Unpaid Amounts

The officer for public information or agent may require a deposit or bond for payment of unpaid amounts the requestor owes a district in relation to previous public information requests before preparing a copy of public information in response to a new request, if those unpaid amounts exceed $100. The officer for public information or agent may not seek payment of those unpaid amounts through any other means.

Documentation of Unpaid Amounts

A district must fully document the existence and amount of those unpaid amounts or the amount of any anticipated costs before requiring a deposit or bond. The documentation is subject to required public disclosure.

Gov't Code 552.263(c), (d)

Pre-Payments

A district that receives a request from a requestor to produce public information for inspection or publication or to produce copies of public information in response to a requestor who, within the preceding 180 days, has accepted but failed to pay written itemized statements of estimated charges from the district as provided under Government Code 552.261(b) (statement of labor costs, above) may require the requestor to pay the estimated charges for the request before the request is fulfilled. *Gov't Code 552.2661*

© 2025 Texas Association of School Boards, Inc. All rights reserved. Permission granted to TASB Policy Service subscribers to reproduce for internal use only.

Waivers

A district shall provide a copy of public information without charge or at a reduced charge if the district determines that waiver or reduction of the charge is in the public interest because providing the information primarily benefits the general public.

If the cost to a district of processing the collection of a charge for providing a copy of public information will exceed the amount of the charge, the district may waive the charge.

Gov't Code 552.267

District Publications

Government Code Chapter 552, Subchapter F (charges for providing copies of public information) does not apply to a publication that is compiled and printed by or for a district for public dissemination. If the cost of the publication is not determined by state law, a district may determine the charge for providing the publication. This provision does not prohibit the district from providing the publication free of charge if state law does not require that a certain charge be made. *Gov't Code 552.270*

Copies for Parents

A district may charge a reasonable fee in accordance with the above requirements for copies of materials provided to parents pursuant to Education Code Chapter 26. *Education Code 26.012*

Charges for Inspection Without Copies

If the requestor does not request a copy of public information, a district may not impose a charge for making available for inspection any public information that exists in a paper record, except as set forth below.

Copy of Edited Page

If a page contains confidential information that must be edited from the record before the information can be made available for inspection, the district may charge for the cost of making a photocopy of the page from which the confidential information must be edited. No charge other than the cost of the photocopy may be imposed.

Payment, Deposit, or Bond for Inspections

The officer for public information or agent may require a requestor to pay, or to make a deposit or post a bond for the payment of, anticipated personnel costs for making available for inspection public information that exists in paper records if:

1. The information specifically requested by the requestor is older than five years or completely fills, or when assembled will completely fill, six or more archival boxes; and

2. The officer for public information or agent estimates that more than five hours will be required to make the information available for inspection.

Gov't Code 552.271(a)-(c)

Exception for Certain Small Districts

If a district has fewer than 16 full-time employees, the payment, deposit, or bond may be required only if:

1. The information specifically requested by the requestor is older than three years or completely fills, or when assembled will completely fill, three or more archival boxes; and

2. The officer for public information or agent estimates that more than two hours will be required to make the information available for inspection.

Gov't Code 552.271(d)

Inspection of Electronic Records

In response to a request to inspect information that exists in an electronic medium and that is not available directly online to the requestor, a charge may not be imposed for access to the information unless complying with the request will require programming or manipulation of data. If programming or manipulation of data is required, a district shall notify the requestor before assembling the information and provide the requestor with an estimate of charges that will be imposed to make the information available [see also Requests Requiring Programming or Data Manipulation, above].

If public information exists in an electronic form on a computer owned or leased by a district and if the public has direct access to that computer through a computer network or other means, the electronic form of the information may be electronically copied from that computer without charge if accessing the information does not require processing, programming, or manipulation on the district-owned or district-leased computer before the information is copied. If such information also requires processing, programming, or manipulation before it can be electronically copied, a district may impose charges.

If information is created or kept in an electronic form, a district is encouraged to explore options to separate confidential information from public information and make the public information available to the public through electronic access through a computer network or by other means.

Gov't Code 552.272

Itemized Estimate of Charges

If a request for a copy of public information will result in the imposition of a charge that exceeds $40, or a request to inspect a paper record without requesting copies will result in the imposition of a charge that exceeds $40, a district shall provide the requestor with a written itemized statement that details all estimated charges that will be imposed, including any allowable charges for labor or personnel costs. If an alternative less costly method of viewing the records is available, the statement must include a notice that the

requestor may contact the district regarding the alternative method. A district must inform the requestor of the responsibilities imposed on the requestor by Government Code 552.2615 and the rights granted by that section and give the requestor the information needed to respond as detailed in Government Code 552.2615(a).

If, after a district provides the requestor the itemized statement but before it makes the copy or the paper record available, the district determines that the estimated charges will exceed the charges detailed in the original itemized statement by 20 percent or more, the district shall send to the requestor an updated written itemized statement that details all estimated charges that will be imposed, including any allowable charges for labor or personnel costs.

Requestor's Response

A request for which a district is required to produce an (original or updated) itemized statement of estimated charges is considered to have been withdrawn if the requestor does not respond in writing to the itemized statement by informing the district within 10 business days after the date the statement is sent to the requestor that:

1. The requestor will accept the estimated charges;
2. The requestor is modifying the request in response to the itemized statement; or
3. The requestor has sent to the attorney general a complaint alleging that the requestor has been overcharged for being provided with a copy of the public information.

Actual Charges

If the actual charges exceed $40, the charges may not exceed:

1. The amount estimated in the updated itemized statement; or
2. If an updated itemized statement is not sent to the requestor, an amount that exceeds by 20 percent or more the amount estimated in the original itemized statement.

No Effect on Deadlines To Request Attorney General Decision

An original or updated itemized statement is considered to have been sent by a district, and a requestor is considered to have responded to the statement, on the date that the statement or response is:

1. Delivered in person;
2. Deposited, properly addressed, in the United States mail; or
3. Transmitted by electronic mail or facsimile, provided the requestor agrees to receive the statement by those means.

The time deadlines for providing or responding to the required statement of estimated charges do not affect the application of a time deadline imposed on a district for requesting a decision by the

attorney general under Government Code Chapter 552, Subchapter G.

Gov't Code 552.2615

Temporary Suspension of Requirements for Districts Impacted by Catastrophe

The requirements of the Public Information Act do not apply to a district that is currently significantly impacted by a catastrophe such that the catastrophe directly causes the inability of the district to comply with the requirements of the PIA and the district complies with requirements below to elect a suspension period.

"Catastrophe" means a condition or occurrence that directly interferes with the ability of a district to comply with the requirements of the PIA, including:

1. Fire, flood, earthquake, hurricane, tornado, or wind, rain, or snow storm;
2. Power failure, transportation failure, or interruption of communication facilities;
3. Epidemic; or
4. Riot, civil disturbance, enemy attack, or other actual or threatened act of lawlessness or violence.

"Catastrophe" does not mean a period when staff is required to work remotely and can access information responsive to an application for information electronically, but the physical office of the governmental body is closed.

"Suspension period" means the period of time during which a district may suspend the applicability of the requirements of the Public Information Act.

Initial Suspension Period

A district may suspend the applicability of the Public Information Act to the district for an initial suspension period only once for each catastrophe, which may not exceed seven consecutive days and must occur during the period that:

1. Begins not earlier than the second day before the date the district submits notice to the attorney general; and
2. Ends not later than the seventh day after the date the district submits that notice.

Extension of Initial Suspension Period

A board may extend an initial suspension period if the board determines that the district is still impacted by the catastrophe on which the initial suspension period was based. The initial suspension period may be extended one time for not more than seven consecutive days that begin on the day following the day the initial suspension period ends.

© 2025 Texas Association of School Boards, Inc. All rights reserved. Permission granted to TASB Policy Service subscribers to reproduce for internal use only.

Maximum Suspension Period Per Catastrophe

A board that initiates an initial suspension period may not initiate another suspension period related to the same catastrophe, except for a single extension period as described above.

The combined suspension period for a district filing for both an initial suspension period and a subsequent extension may not exceed a total of 14 consecutive calendar days with respect to any single catastrophe.

Upon conclusion of any suspension period the district shall immediately resume compliance with all requirements of the Public Information Act.

Notices to the Attorney General

A district that elects to suspend the Public Information Act must submit notice to the attorney general that the district is currently impacted by a catastrophe and has elected to suspend the applicability of the PIA during the initial suspension period.

A board that elects to extend an initial suspension period must submit notice of the extension on the form prescribed by the attorney general.

The notices on the form prescribed by the attorney general must require the district to:

1. Identify and describe the catastrophe that the district is currently impacted by;
2. State the date the initial suspension period determined by the board begins and the date that period ends;
3. If the board has determined to extend the initial suspension period:
    a. State that the district continues to be impacted by the catastrophe; and
    b. State the date the extension to the initial suspension period begins and the date the period ends; and
4. Provide any other information the office of the attorney general determines necessary.

Notice to the Public

A district that elects to suspend the Public Information Act must provide notice to the public of the suspension in a place readily accessible to the public and in each other location the district is required to post a notice under Government Code Chapter 551, Subchapter C (Notice of Meetings). The district must maintain the notice of the suspension during the suspension period.

Requests During Suspension Period

Notwithstanding another provision of the Public Information Act, a request for public information received by a district during a suspension period is considered to have been received by the district on the first business day after the date the suspension period ends.

Pending Requests Tolled

A request for public information received by a district before the date an initial suspension period begins are tolled until the first business day after the date the suspension period ends.

Gov't Code 552.2325(a)-(j), (l), (m)

Large or Frequent Requests

A district may establish reasonable monthly and yearly limits on the amount of time that district employees are required to spend producing public information for inspection or duplication by a requestor, or providing copies of public information to a requestor, without recovering its costs attributable to that personnel time. A yearly time limit may not be less than 36 hours for a requestor during the 12-month period that corresponds to a district's fiscal year. A monthly time limit may not be less than 15 hours for a requestor for a one-month period.

Annual Limits on Personnel Time

Request by Minor

In determining whether a time limit applies, any time spent complying with a request submitted in the name of a minor, as defined by Family Code 101.003(a), is to be included in the calculation of the cumulative amount of time spent complying with a request for public information by a parent, guardian, or other person who has control of the minor under a court order and with whom the minor resides, unless that parent, guardian, or other person establishes that another person submitted that request in the name of the minor.

Gov't Code 552.275(a), (b), (c)

Written Statement of Cumulative Personnel Time

If a district establishes a time limit, each time the district complies with a request for public information, the district shall provide the requestor with a written statement of the amount of personnel time spent complying with that request and the cumulative amount of time spent complying with requests for public information from that requestor during the applicable monthly or yearly period. The amount of time spent preparing the written statement may not be included in the amount of time included in the statement to the requestor unless the requestor's time limit for the period has been exceeded. *Gov't Code 552.275(d)*

Photo Identification

A district may request photo identification from a requestor for the sole purpose of establishing that the requestor has not exceeded a limit established by the district and concealed the requestor's identity.

© 2025 Texas Association of School Boards, Inc. All rights reserved. Permission granted to TASB Policy Service subscribers to reproduce for internal use only.

Statement Required — A request for photo identification must include a written estimate of charges applicable to the requestor who has exceeded a limit established by the district and a statement that describes each specific reason why the request for photo identification may apply to the requestor.

Proof or Payment — The district shall accept as proof of a requestor's identification physical presentment of photo identification or an image of the photo identification that is transmitted electronically or through the mail. A requestor from whom a district has requested photo identification may decline to provide identification and obtain the requested information by paying the charge assessed in the written estimate.

Gov't Code 552.275(n)-(o)

Written Estimate of Charges Beyond Time Limit — Subject to unpaid cost estimates for large and frequent requests, as described below, if in connection with a request for public information, the cumulative amount of personnel time spent complying with requests for public information from the same requestor equals or exceeds the district-established time limit, the district shall provide the requestor with a written estimate of the total cost, including materials, personnel time, and overhead expenses, necessary to comply with the request. The written estimate must be provided to the requestor on or before the 10th day after the date on which the public information was requested. The amount of this charge relating to the cost of locating, compiling, and producing the public information shall be established by rules prescribed by the attorney general under Government Code 552.262(a) and (b).

Additional Time — If a district provides the requestor with written notice that additional time is required to prepare the written estimate, the district must provide the written estimate as soon as practicable, but on or before the 10th day after the date the district provided the notice that additional time was required.

Gov't Code 552.275(e), (f)

Unpaid Cost Estimate — When a request is made by a requestor who has made a previous request to the district that has not been withdrawn, for which the district has located and compiled documents in response, and for which the district has issued a written estimate of charges that remains unpaid on the date the requestor submits the new request, the district is not required to locate, compile, produce, or provide copies of documents or prepare an estimate of charges in response to a new request until the date the requestor pays each unpaid statement issued in connection with a previous request or withdraws the previous request to which the statement applies.

Production Not Required Until Payment

If a district provides a requestor with a written estimate of charges or a written statement regarding photo identification and the district's time limits regarding the requestor have been exceeded, the district is not required to produce public information for inspection or duplication or to provide copies of public information in response to the requestor's request unless on or before the 10th day after the date the district provided the written estimate, the requestor submits payment of the amount stated in the written estimate or provides identification.

If the requestor fails or refuses to provide identification or submit payment, the requestor is considered to have withdrawn the request.

Gov't Code 552.275(g)-(h)

Exceptions

The provisions above concerning requests that require large amounts of employee or personnel time do not apply if the requestor is:

1. An individual who, for a substantial portion of the individual's livelihood or for substantial financial gain, gathers, compiles, prepares, collects, photographs, records, writes, edits, reports, investigates, processes, or publishes news or information for and is seeking the information for:
    a. Dissemination by a news medium or communication service provider (as defined by Government Code 552.275(m)), including:
        (1) An individual who supervises or assists in gathering, preparing, and disseminating the news or information; or
        (2) An individual who is or was a journalist, scholar, or researcher employed by an institution of higher education at the time the person made the request for information; or
    b. Creation or maintenance of an abstract plant as described by Insurance Code 2501.004.
2. An elected official of the United States, this state, or a political subdivision of this state.
3. A representative of a publicly funded legal services organization that is exempt from federal income taxation under Internal Revenue Code 501(a), as amended, by being listed as an exempt entity under 501(c)(3) of that code.

No Inspections for Others Until Payment

A requestor who has exceeded a limit established by a district under Government Code 552.275 may not inspect public information on behalf of another requestor unless the requestor who exceeded the limit has paid each statement issued by the district under Government Code 552.175(e). *Gov't Code 552.271(e)*

Filing Suit to Challenge Attorney General's Decision

The only suit a district may file seeking to withhold information from a requestor is a suit that:

1. Is filed in a Travis County district court against the attorney general in accordance with Government Code 552.325, and
2. Seeks declaratory relief from compliance with a decision by the attorney general issued under Government Code Chapter 552, Subchapter G.

The district must bring the suit not later than the 30th calendar day after the date the district receives the attorney general's decision determining that the requested information must be disclosed to the requestor. If the district does not bring suit within that period, the district shall comply with the decision of the attorney general.

Exception for Affirmative Defenses

If the district wishes to preserve an affirmative defense for its officer for public information as provided by Government Code 552.353(b)(3), the district must file suit not later than the 10th calendar day after receipt of the attorney general's decision.

A court shall grant such a suit precedence over other pending matters to ensure prompt resolution of the subject matter of the suit. Notwithstanding any other law, a district may not appeal the decision of the court. This prohibition does not affect the right of a parent to appeal the decision. If a district does not bring suit within the period established, the district shall comply with the decision of the attorney general.

This provision does not affect the earlier deadline for purposes of Government Code 532.353(b)(3) (exception for affirmative de-

A district is eligible for designation as a district of innovation if the district's final and most recent performance rating under Education Code 39.054 reflects at least acceptable performance.

A board may not vote on the final approval of the innovation plan if the district is assigned either a final or preliminary rating below acceptable performance. In the event the preliminary rating is changed, the board may then vote to become an innovation district.

Consideration of designation as a district of innovation may be initiated by a resolution adopted by the board or a petition signed by a majority of the members of the district-level committee [see BQA].

Education Code 12A.001; 19 TAC 102.1303

Public Hearing

Local Innovation Plan

A local innovation plan meeting all legal requirements must be developed for a district before the district may be designated as a district of innovation.

The local innovation plan must provide for a comprehensive educational program for the district, which program may include:

The commissioner of education shall maintain a list of provisions from which designated districts of innovation are exempt. The commissioner shall notify the legislature of each provision from which districts enrolling a majority of students in this state are exempt.

Adoption of Local Innovation Plan

The board may not vote on adoption of a proposed local innovation plan unless:

1. The final version of the proposed plan has been available on the district's website for at least 30 days;
2. The board has notified the commissioner of the board's intention to vote on adoption of the proposed plan; and
3. The district-level committee [see BQA] has held a public meeting to consider the final version of the proposed plan and has approved the plan by a majority vote of the committee members. The public meeting may occur at any time, including up to or on the same date at which the board intends to vote on final adoption of the proposed plan.

The board may adopt a proposed local innovation plan by an affirmative vote of two-thirds of the membership of the board.

On adoption of a local innovation plan, the district is designated as a district of innovation for the term specified in the plan, but no longer than five calendar years, and shall begin operation in accordance with the plan. In addition, the district is exempt from state requirements identified under Education Code 12A.003(b)(2). [See Local Innovation Plan, above]

The district shall notify the commissioner of approval of the plan along with a list of approved exemptions by completing the agency's form provided at 19 Administrative Code 102.1307(d).

A district's exemption under the plan includes any subsequent amendment or redesignation of an identified state requirement, unless the subsequent amendment or redesignation specifically applies to an innovation district.

The district shall ensure that a copy of the plan is posted on the district's website in accordance with Education Code 12A.0071, for the term of the designation as an innovation district.

Education Code 12A.005; 19 TAC 102.1307

TEA shall promptly post the current local innovation plan on the agency's website. *19 TAC 102.1307(g); Education Code 12A.0071(b)*

Term

The term of a district's designation as a district of innovation may not exceed five years and is effective upon district approval and notification of the plan to the TEA. A district may only have one innovation plan at any given time. *Education Code 12A.006; 19 TAC 102.1311*

Amendment, Rescission, or Renewal of Local Innovation Plan

A local innovation plan may be amended, rescinded, or renewed if the action is approved by a vote of the district-level committee [see BQA] and a two-thirds majority vote of the board.

An amendment to an approved plan does not change the date of the term of designation as an innovation district. Exemptions that were already formally approved are not required to be reviewed.

A district must notify TEA within five business days of rescission and provide a date at which time it will be in compliance with all sections of the Education Code, but no later than the start of the following school year.

During renewal, all sections of the plan and exemptions shall be reviewed, and the district must follow all components outlined in 19 Administrative Code 102.1307 relating to Adoption of Local Innovation Plans, except that a district is not required to notify the commissioner of the board's intention to vote on the adoption of the proposed plan.

The term of a renewed plan, subject to 19 Administrative Code 102.1311, may not begin prior to the date on which the board votes to adopt the renewed plan, unless the plan is adopted during the six months subsequent to the plan's date of expiration.

If a plan is renewed during the timeline described in this provision, the renewed plan will have a term not to exceed five calendar years, beginning on the date of expiration of the prior term.

If a plan is renewed during the timeline described in this provision and changes are made to the plan during the renewal process, those changes will be in effect from the date of adoption of the renewed plan through the expiration date of the renewed plan, unless amended, rescinded, or terminated.

If changes are made to the plan during the renewal process, the district shall mark the changes with the date of the vote to renew the plan in order to denote the earliest date those changes may take effect.

A district whose plan is not renewed during the timeline described in this provision shall comply with all previously adopted exemptions immediately upon expiration of the plan and begin the adoption process over again in its entirety should the district wish to pursue designation as a district of innovation in the future.

19 TAC 102.1313(a)(3)(B)

Accredited means TEA recognizes the district as a public school of this state that meets the standards determined by the commissioner under Education Code 39.052(b) and (c), and specified in 19 Administrative Code 97.1059; and is not currently assigned an accreditation status of Accredited-Warned or Accredited-Probation;

2. Accredited-Warned. Accredited-Warned means the district exhibits deficiencies in performance, as specified in 19 Administrative Code 97.1055(b), that, if not addressed, will lead to probation or revocation of its accreditation status;

3. Accredited-Probation. Accredited-Probation means the district exhibits deficiencies in performance, as specified in 19 Administrative Code 97.1055(c), that must be addressed to avoid revocation of its accreditation status; and

4. Not Accredited-Revoked. Not Accredited-Revoked means TEA does not recognize the district as a Texas public school because the district's performance has failed to meet standards adopted by the commissioner under Education Code 39.052(b) and (c), and specified in 19 Administrative Code 97.1055(d).

Education Code 39.051; 19 TAC 97.1055(a)(1)

Annual Evaluation

Each year, the commissioner shall determine the accreditation status of each district. In determining the accreditation status of a district, the commissioner:

1. Shall evaluate and consider performance:

   a. On achievement indicators under Education Code 39.053 [see Performance Indicators, below]; and

b. Under the financial accountability rating system developed under Education Code, Chapter 39, Subchapter D [see CFA].

2. May evaluate and consider:

a. The district's compliance with statutory requirements and requirements imposed by rule of the commissioner or State Board of Education that relate to:

(1) Reporting data through the Public Education Information Management System (PEIMS) or other reports required by state or federal law or court order;

(2) High school graduation requirements; or

(3) Extracurricular activities, student health and safety, purchasing, elementary class size limits, removal of a disruptive student from the classroom, at-risk programs, and prekindergarten programs;

b. The effectiveness of the district's programs for special populations; and

c. The effectiveness of the district's career and technology program.

Based on a district's performance, the commissioner shall assign each district an accreditation status or revoke the accreditation of the district and order closure of the district.

A district's accreditation status may be raised or lowered based on the district's performance or may be lowered based on the performance of one or more campuses in the district that is below a standard required by Education Code Chapter 39, Subchapter C.

Education Code 7.056(e)(3)(C)-(I), 39.052; 19 TAC 97.1055

For additional information on the commissioner process for assigning accreditation status, see 19 Administrative Code 97.1055.

Notice of Status

The commissioner shall notify a district if the district has received an accreditation status of accredited-warned or accredited-probation, or a campus's performance is below standard. *Education Code 39.052(e)*

To Parents and Property Owners

A district assigned an accreditation status of accredited-warned, accredited-probation, or not accredited-revoked shall notify the parents of students enrolled in the district and property owners in the district as specified in 19 Administrative Code 97.1055. The district's notice must contain information about the accreditation sta-

The district's notice must:

1. Not later than 30 calendar days after the accreditation status is assigned, appear on the home page of the district's website, with a link to the required notification, and remain until the district is assigned the accredited status; and

2. Appear in a newspaper of general circulation, as defined in 19 Administrative Code 97.1051 (Definitions), in the district for three consecutive days as follows:

   a. From Sunday through Tuesday of the second week following assignment of the status; or

   b. If the newspaper is not published from Sunday through Tuesday, then for three consecutive issues of the newspaper beginning the second week following assignment of the status; or

3. Not later than 30 calendar days after the status is assigned, be sent by first class mail addressed individually to each parent of a student enrolled in the district and each property owner in the district; or

4. Not later than 30 calendar days after the status is assigned, be presented as a discussion item in a public meeting of the board of trustees conducted at a time and location that allows parents of students enrolled in the district and property owners in the district to attend and provide public comment.

To TEA

A district required to act under this subsection shall send the following to TEA via certified mail, return receipt requested:

board meeting in which the notice was presented and publicly discussed.

19 TAC 97.1055(f)

Performance Indicators

The commissioner shall adopt a set of indicators of the quality of learning and achievement, including three domains of achievement indicators. [See Achievement Indicators, below] *Education Code 39.053(a)*

The indicators must measure and evaluate districts and campuses with respect to:

1. Improving student preparedness for success in subsequent grade levels and entering the workforce, the military, or post-secondary education;
2. Reducing, with the goal of eliminating, student academic achievement differentials among students from different racial and ethnic groups and socioeconomic backgrounds; and
3. Informing parents and the community regarding campus and district performance.

Education Code 39.053(a-1)

Achievement Indicators

Districts and campuses must be evaluated based on indicators of achievement grouped in three domains:

1. Student achievement domain;
2. School progress domain; and
3. Closing the gaps domain.

Education Code 39.053(c)

Performance on the achievement indicators in the three domains shall be compared to state-established standards. The indicators must be based on information that is disaggregated by race, ethnicity, and socioeconomic status. *Education Code 39.053(b)*

Each school district shall submit the data required for the indicators to the commissioner. *Education Code 39.053(i)*

A-F Performance Ratings

Except when the commissioner determines the assignment of an overall performance rating would be inappropriate [see Assignment of Not Rated, below], the commissioner shall adopt rules to evaluate district and campus performance and assign each district and campus an overall performance rating of A, B, C, D, or F.

© 2025 Texas Association of School Boards, Inc. All rights reserved. Permission granted to TASB Policy Service subscribers to reproduce for internal use only.

In addition to the overall performance rating, the commissioner shall assign each district and campus a separate domain performance rating of A, B, C, D, or F for each domain under Education Code 39.053(c) [see Achievement Indicators, above].

An overall or domain performance rating of:

1. A reflects exemplary performance.
2. B reflects recognized performance.
3. C reflects acceptable performance.
4. D reflects performance that needs improvement.
5. F reflects unacceptable performance.

A district may not receive an overall or domain performance rating of A if the district includes any campus with a corresponding overall or domain performance rating of D or F.

For purposes of assigning districts and campuses an overall and a domain performance rating, the commissioner shall ensure that the method used to evaluate performance is implemented in a manner that provides the mathematical possibility that all districts and campuses receive an A rating.

Not later than August 15 of each year, the following information shall be made publicly available as provided by rules adopted by the commissioner:

1. The performance ratings for each district and campus; and
2. If applicable, the number of consecutive school years of unacceptable performance ratings for each district and campus.

Education Code 39.054(a), (a-3), (b)

Assignment of Not Rated

Notwithstanding any other law, the commissioner may assign a district or campus an overall performance rating of “Not Rated” if the commissioner determines that the assignment of a performance rating of A, B, C, D, or F would be inappropriate because:

1. The district or campus is located in an area that is subject to a declaration of a state of disaster under Government Code Chapter 418 and due to the disaster, performance indicators for the district or campus are difficult to measure or evaluate and would not accurately reflect quality of learning and achievement for the district or campus;

© 2025 Texas Association of School Boards, Inc. All rights reserved. Permission granted to TASB Policy Service subscribers to reproduce for internal use only.

2. The district or campus has experienced breaches or other failures in data integrity to the extent that accurate analysis of data regarding performance indicators is not possible;

3. The number of students enrolled in the district or campus is insufficient to accurately evaluate the performance of the district or campus; or

4. For other reasons outside the control of the district or campus, the performance indicators would not accurately reflect quality of learning and achievement for the district or campus.

Education Code 39.054(a-4)

Calculating Consecutive Years

Notwithstanding any other law, an overall performance rating of "Not Rated" is not included in calculating consecutive school years of unacceptable performance ratings and is not considered a break in consecutive school years of unacceptable performance ratings for purposes of any provision of the Education Code. *Education Code 39.054(a-5)*

Acceptable Performance

A reference in law to an acceptable performance rating or acceptable performance includes an overall or domain performance rating of A, B, or C or performance that is exemplary, recognized, or acceptable. A reference in law to an unacceptable performance rating or unacceptable performance includes an overall or domain performance rating of F. For the purposes of public reporting requirements, an overall or domain performance rating of D shall be referred to as performance that needs improvement. *Education Code 39.0543(a)*

D Rating

A reference in law to an acceptable performance rating or acceptable performance for a district or campus includes an overall performance rating of D if, since previously receiving an overall performance rating of C or higher, the district or campus has not previously received more than one overall performance rating of D or has not received an overall performance rating of F. *Education Code 39.0543(b)*

Appeal and Revision

The process and timeline by which a district or campus may appeal ratings are based upon the requirements described in the *Accountability Ratings Appeals Process and Timeline* adopted under 19 Administrative Code 97.1002 and apply to all accountability rating appeals from 2023 and beyond until otherwise updated. The calendar dates for the accountability year will be announced in conjunction with the release of preliminary accountability ratings. *19 TAC 97.1002(b)*

Ratings may be revised as a result of investigative activities by the commissioner as authorized under Education Code 39.003. *19 TAC 97.1002(c)*

19 TAC 97.1002

Local Accountability System

The local accountability system standards established by the commissioner under Education Code 39.0544 shall be used by districts to develop a plan to locally evaluate the performance of their campuses. *19 TAC 97.1003(a)*

Local Accountability Plan

A local accountability plan created by a district must include domain performance ratings assigned by the commissioner under Education Code 39.054, and performance ratings based on locally developed domains or sets of accountability measures. *19 TAC 97.1003(b)*

A district must create its local accountability plan based on school type. The four school types are elementary school, middle school, high school, and kindergarten-grade 12. The plan must include all campuses within a school type. The district may also request to identify an additional school group within a school type for which to customize its local accountability plan. Otherwise, all campuses within a school type must be evaluated on a common set of components determined by the district. A district may also request to identify a campus rated under alternative education accountability provisions as a unique school type. *19 TAC 97.1003(b)(4)*

Plan Components

A locally developed domain or set of accountability measures is referred to as a plan component. Plan components must describe each item and the reason for its inclusion in the plan. A district must assign each component to one of the following five domains: academics, culture and climate, extra- and co-curricular, future-ready learning, and locally determined. The weight of all plan components must equal 100 percent. *19 TAC 97.1003(b)(1)*

A district may assign weights to each plan component, as determined by the district, provided that the plan components must in the aggregate account for no more than 50 percent of the combined overall performance rating. A local accountability plan may include no fewer than two and no more than 10 components weighted between 5 percent and 60 percent. *19 TAC 97.1003(c)*

Each plan component must contain levels of performance that allow for differentiation, with assigned standards for achieving the differentiated levels that are aligned to a letter grade of A, B, C, D, or F and meet the requirements of 19 Administrative Code 97.1003(d)(1)-(3). *19 TAC 97.1003(d)*

© 2025 Texas Association of School Boards, Inc. All rights reserved. Permission granted to TASB Policy Service subscribers to reproduce for internal use only.

Each plan component measure must meet standards for reliability and validity as required by 19 Administrative Code 97.1003(e)(1)-(3). *19 TAC 97.1003(e)*

Campuses without STAAR or State Ratings

For the purposes of assigning state accountability ratings, a campus that does not serve any grade level for which a State of Texas Assessments of Academic Readiness (STAAR) examination is administered is paired with a campus in its district that serves grade levels for which STAAR examinations are administered.

A campus not rated under the state accountability system is not eligible to combine state and local ratings. Local accountability data for a campus without state ratings may be displayed on TEA, district, and campus websites but will not be combined with state accountability data. The state accountability manual adopted under 19 Administrative Code 97.1001 (Accountability Rating System) provides information about campus ratings and eligibility for applicable years.

19 TAC 97.1003(b)(3)

Campus Performance Ratings

A district authorized to assign campus performance ratings shall evaluate the performance of each campus and assign each campus a performance rating of A, B, C, D, or F for overall performance and for each locally developed domain or set of accountability measures. Not later than a date established by the commissioner, the district shall:

1. Report the performance ratings to the agency; and
2. Make the performance ratings available to the public as provided by commissioner rule.

Education Code 39.0544(e)

Each campus with an approved district plan is eligible to receive a local accountability rating. A campus with an overall state accountability rating of C or higher based on ratings derived from student performance at the campus is eligible to combine an overall local accountability rating with the overall state accountability rating to determine the combined rating. *19 TAC 97.1003(b)(2); Education Code 39.054(a)*

Submission and Audit Standards

Calculations for each plan component and overall performance ratings must be capable of being audited by a third party.

A district must use a one-to-one correspondence when converting campus grades based on plan component measures to a standard scale of 30-100 where A=90-100, B=80-89, C=70-79, D=60-69, and F=30-59.

© 2025 Texas Association of School Boards, Inc. All rights reserved. Permission granted to TASB Policy Service subscribers to reproduce for internal use only.

Categorical data, or data not on a continuous scale, must be converted to the standard scale of A=90-100, B=80-89, C=70-79, D=60-69, and F=30-59 by assigning the maximum value for each scaled score interval with the corresponding category used in the campus rating scale.

A district is required to submit a local accountability plan that includes components, domains, and overall scaled scores and ratings to TEA on a timeline determined by the commissioner. The timeline will be published on the TEA website.

All scaled scores and letter grades submitted by a school district are subject to audit. Any data discrepancies or any indication that data have been compromised may result in verification and audit of district and campus data used to assign local accountability ratings. The audit process may include requests for data used for campus-level calculation of component and domain scaled scores.

On an annual basis, TEA will randomly select districts for local accountability audits, and, for each such audit, TEA will randomly select components for review. Selected districts must submit the requested data for review within the timeframe specified. A district must maintain documentation of its local accountability plan, along with all associated data used to assign campus ratings, for two years after the end of the plan implementation period.

Responsibility for the accuracy and quality of data used to determine local accountability ratings rests with each district. Superintendent certification of data accuracy during the ratings submission process shall include an assurance that calculations have been verified to ensure that all data were included as appropriate for all components.

19 TAC 97.1003(f)(1)-(6)

Scorecard and Website

A district must produce a campus scorecard and make available on the district website an explanation of the methodology used to assign local accountability performance ratings. The campus scorecard shall include, at a minimum, the scaled score and rating for each component and domain along with the overall rating. A link to the local accountability ratings posted by the district must be provided to TEA and may be included on the agency-developed school report card. *19 TAC 97.1003(g)*

Appeal and Revision

An appeal of a local accountability rating may be submitted by the superintendent once ratings are released. The local accountability appeals timeline follows the appeal deadline dates and processes as described in the state accountability manual adopted under 19

Administrative Code 97.1001 of this title for the applicable year. *19 TAC 97.1003(f)(7)*

Ratings may be revised as a result of investigative activities by the commissioner as authorized under Education Code 39.057(d) and (e) (redesignated to Education Code 39.003). *19 TAC 97.1003(h)*

Distinction Designations for Outstanding Performance

The commissioner shall award distinction designations for outstanding performance. A distinction designation awarded to a district or campus shall be referenced directly in connection with the performance rating assigned to the district or campus and made publicly available together with the A-F performance ratings.

A district or campus may not be awarded a distinction designation unless the district or campus has acceptable performance under the A-F performance ratings.

Education Code 39.201

Academic Distinction

The commissioner shall establish an academic distinction designation for districts and campuses for outstanding performance in attainment of postsecondary readiness based on the commissioner's adopted criteria. *Education Code 39.202*

Campus Distinction

The commissioner shall award a campus a distinction designation for outstanding performance in:

1. Improvement in student achievement;
2. Closing student achievement differentials; and
3. Academic achievement in English language arts, mathematics, science, or social studies.

Education Code 39.203

The commissioner may award a distinction designation for outstanding performance in advanced middle or junior high school student achievement. *Education Code 39.203(d)*

Excellence Exemptions

Except as listed below, a district or campus that is rated A (exemplary) is exempt from requirements and prohibitions imposed under the Education Code, including regulations adopted under the Education Code.

An exemplary campus or district is not exempt from:

1. A prohibition on conduct that constitutes a criminal offense;
2. Requirements imposed by federal law or rule, including requirements for special education or bilingual education programs;

3. A requirement, restriction, or prohibition relating to:

   a. Curriculum essential knowledge and skills or high school graduation requirements;

   b. Public school accountability;

   c. Extracurricular activities;

   d. Health and safety;

   h. At-risk programs;

   i. Prekindergarten programs;

   j. Rights and benefits of school employees;

   k. Special education programs; or

   l. Bilingual education programs.

The commissioner may exempt an exemplary campus from class size limits if the campus submits a written plan showing steps that will be taken to ensure that the exemption will not be harmful to the academic achievement of the students on the school campus. If granted, the exemption remains in effect until the commissioner determines that achievement levels of the campus have declined.

Federal Report Card

A district that receives Title I funding shall prepare and disseminate an annual federal report card that includes information on the district as a whole and each school within the district.

Implementation

The federal report card shall be concise; presented in an understandable and uniform format, and to the extent practicable, in a language that parents can understand; and accessible to the public, which shall include placing the report card on the district's website.     c. Any financial accountability standard as determined by commissioner rule [see CFA]; or
2. The commissioner considers the action to be appropriate on the basis of a special investigation under Education Code 39.003.

Education Code 39A.001

Authorized Commissioner Actions

If a district is subject to commissioner action, the commissioner may:

1. Issue public notice of the deficiency to the board;
2. Order a hearing to be conducted by the board to notify the public of:
    a. The insufficient performance;
    b. The improvements in performance expected by the Texas Education Agency (TEA); and
    c. The interventions and sanctions that may be imposed if the performance does not improve;
3. Order the preparation of a student achievement improvement plan that addresses each academic achievement indicator under Education Code 39.053(c) for which the district's performance is insufficient, the submission of the plan to the commissioner for approval, and the implementation of the plan;
4. Order a hearing to be held before the commissioner or the commissioner's designee at which the president of the board and the district's superintendent shall appear and explain the district's low performance, lack of improvement, and plans for improvement;
5. Arrange a monitoring review of the district;
6. Appoint a TEA monitor to participate in and report to TEA on the activities of the board or superintendent;

7. Appoint a conservator to oversee the operations of the district;

8. Appoint a management team to direct the operations of the district in areas of insufficient performance or require the district to obtain certain services under a contract with another person;

9. Authorize the district to enter into a memorandum of understanding with an institution of higher education that provides for the assistance of the institution of higher education in improving the district's performance; or

10. Order the use of the board improvement and evaluation tool as provided by Education Code 11.182 [see BG].

Education Code 39A.002

Regardless of whether the commissioner lowers a district's status or rating, the commissioner may take action under Education Code Chapters 39 and 39A or 19 Administrative Code 97.1057 if the commissioner determines that the action is necessary to improve any area of performance by the district or campus.

Subject to 19 Administrative Code 97.1057(h)-(k), once the commissioner takes action under 19 Administrative Code Chapter 97, Subchapter EE (accreditation status, standards, and sanctions), the commissioner may impose on the district or campus any other sanction under Education Code Chapter 39 or 39A, or Subchapter EE, singly or in combination, to the extent the commissioner determines is reasonably required to achieve the purposes specified in 19 Administrative Code 97.1053.

19 TAC 97.1057(c), (e)

In making a determination to impose district and campus accreditation sanctions under 19 Administrative Code Chapter 97, Subchapter EE, the commissioner shall meet the requirements of 19 Administrative Code 97.1059. *19 TAC 97.1059*

Conservator or Management Team

The commissioner shall clearly define the powers and duties of a conservator or management team appointed to oversee the operations of a district.

At least every 90 days, the commissioner shall review the need for the conservator or management team and shall remove the conservator or management team unless the commissioner determines that continued appointment is necessary for effective governance of the district or delivery of instructional services.

4. Adopt a budget for the district that provides for spending a different amount, exclusive of required debt service, from that previously adopted by the board.

A conservator or management team may exercise the powers and duties defined by the commissioner or described above regardless of whether the conservator or management team was appointed to oversee the operations of a district in its entirety or the operations of a certain campus within the district.

Education Code 39A.003

Regardless of whether a district has satisfied the accreditation criteria, if for two consecutive school years, including the current school year, a district has had a conservator or management team assigned to the district or campus for any reason, the commissioner may appoint a board of managers, a majority of whom must be residents of the district, to exercise the powers and duties of the board of trustees. For purposes of this subsection, a school year begins on the first day of instruction and includes any portion of the school year. This applies to an appointed conservator or management team, regardless of the scope or any changes to the scope of the conservator's or team's oversight. *19 TAC 97.1057(d); Education Code 39A.006(a)-(b)*

3. Fails to satisfy financial accountability standards as determined by commissioner rule.

Education Code 39A.004

A performance rating of D that is considered acceptable may not be included in calculating consecutive school years of unacceptable performance ratings and is not considered a break in consecutive school years of unacceptable performance ratings.

Interventions or sanctions implemented prior to a pause shall continue during a school year for which interventions or sanctions listed above are paused.

Education Code 39A.118

Certain D-Rating Improvement Plans

A district or campus that is assigned a rating of D that qualifies under Education Code 39.0543(b) [see AIA] shall develop and implement a local improvement plan using the guidance provided by TEA.

The district or campus shall:

Commissioner Approval or Rejection

Not later than June 15 of each year, the commissioner shall, in writing, either approve or reject any campus turnaround plan prepared and submitted to the commissioner by a district. If the commissioner rejects a campus turnaround plan, the commissioner must also send the district an outline of the specific concerns regarding the turnaround plan that resulted in the rejection. *Education Code 39A.107(a-1)*

If the commissioner rejects a campus turnaround plan, the district must create a modified plan with assistance from TEA staff and submit the modified plan to the commissioner for approval not later than the 60th day after the date the commissioner rejects the campus turnaround plan. The commissioner shall notify the district in writing of the commissioner's decision regarding the modified plan not later than the 15th day after the date the commissioner receives the modified plan. *Education Code 39A.107(a-2)*

The commissioner may approve a campus turnaround plan only if the commissioner determines that the campus will satisfy all student performance standards required under Education Code 39.054(e) not later than the second year the campus receives a performance rating following the implementation of the campus turnaround plan.

Education Code 12.0522(b) does not apply to a district charter approved by the commissioner. An approved district charter may be renewed or continue in effect after the campus is no longer subject to the commissioner’s order under Education Code 39A.101.

If the commissioner does not approve a campus turnaround plan, the commissioner shall order:

1. Appointment of a board of managers to govern the district;
2. Alternative management of the campus; or
3. Closure of the campus.

Preparation	Following approval of a campus turnaround plan by the commissioner, the district, in consultation with the campus intervention team, may take any actions needed to prepare for the implementation of the plan. *Education Code 39A.108*
Assistance and Partnerships	A district may: 1. Request that a regional education service center provide assistance in the development and implementation of a campus turnaround plan; or 2. Partner with an institution of higher education to develop and implement a campus turnaround plan. *Education Code 39A.109*

Implement the campus turnaround plan; 2. Implement a modified version of the campus turnaround plan; or 3. Withdraw the campus turnaround plan. A district required to implement a campus turnaround plan may modify the plan if the campus receives an acceptable performance rating for two consecutive school years following implementation of the plan. The commissioner may authorize modification of an approved campus turnaround plan if the commissioner determines that due to a change in circumstances occurring after the plan's approval, a modification of the plan is necessary to achieve the plan's objectives. *Education Code 39A.110*
Continued Unacceptable Performance Rating	If a campus is considered to have an unacceptable performance rating for five consecutive school years, the commissioner shall order: 1. Appointment of a board of managers to govern the district; or 2. Closure of the campus. *Education Code 39A.111*

If the commissioner is presented, in the time and manner specified by commissioner rule, with a written petition signed by the parents of a majority of the students enrolled at a campus with an unacceptable performance rating for three consecutive school years, specifying an authorized action that the parents request the commissioner to order, the commissioner shall order the specific action requested.

If the board presents to the commissioner, in the time and manner specified by commissioner rule, a written request that the commissioner order specific authorized action other than the specific action requested in the parents' petition and a written explanation of the basis for the board's request, the commissioner may order the action requested by the board.

Education Code 12.051, 39A.112; 19 TAC 97.1065(d)

Repurposing of Closed Campus

If the commissioner orders the closure of a campus, that campus may be repurposed to serve students at that campus location only if the commissioner finds that the repurposed campus offers a distinctly different academic program and approves a new campus identification number for the repurposed campus. A campus may be repurposed if the campus:

1. Serves a majority of grade levels not served at the original campus; or
2. Is operated under a contract, approved by the school board, with a nonprofit organization exempt from federal taxation under Section 501(c)(3), Internal Revenue Code of 1986 that:
    a. Has a governing board that is independent of the district;
    b. Has a successful history of operating school district campuses or open-enrollment charter schools:
        (1) That cumulatively serve 10,000 or more students; and
        (2) A majority of which have been assigned an overall performance rating of B or higher under Education Code 39.054 for the preceding school year; and
    c. Has been assigned an overall performance rating of B or higher under Education Code 39.054 for the preceding school year.

Student Enrollment and Assignment

Any student assigned to a campus that has been closed must be allowed to transfer to any other campus in the district that serves that student's grade level and on request must be provided transportation to the other campus.

The commissioner may grant an exemption allowing students assigned to a closed campus to attend the repurposed campus if there is no other campus in the district at which the students may enroll.

Noncontracted Repurposed Campus

The majority of students assigned to a campus that has been closed and repurposed may not have attended that campus in the previous school year if the campus was repurposed to serve a majority of grade levels not served at the original campus.

Enrollment Provision in Contract

A contract approved by the school board with a nonprofit organization must provide that a student residing in the attendance zone of the campus immediately before the campus was repurposed shall be admitted for enrollment at the repurposed campus.

Education Code 39A.113; 19 TAC 97.1066

Targeted Technical Assistance

If the commissioner determines that the basis for the unacceptable performance of a campus for more than two consecutive school years is limited to a specific condition that may be remedied with targeted technical assistance, the commissioner may require the district to contract for the appropriate technical assistance. *Education Code 39A.114*

Alternative Management

The commissioner shall appoint a monitor, conservator, management team, or board of managers whenever such action is required, as determined by 19 Administrative Code 97.1073. Action under any other section of 19 Administrative Code Chapter 97, Subchapter EE is not a prerequisite to acting under this section. *19 TAC 97.1073*

The superintendent, upon appointment, immediately assumes all powers, duties, rights, and responsibilities of the superintendent of the district to which the superintendent is appointed.*19 TAC 97.1073(f)*

Solicitation of Proposals

If the commissioner orders alternative management of a campus, the commissioner shall solicit proposals from qualified nonprofit entities to assume management of the campus or appoint a school district as provided below. The commissioner may solicit proposals from qualified for-profit entities if a nonprofit entity has not responded to the commissioner's request for proposals.

The commissioner may appoint a school district to assume management of the campus if the district:

1. Is not the district in which the campus is located; and
2. Is located within the boundaries of the same regional education service center as the campus.

If a school district is appointed, the district shall assume management of the campus in the same manner as a qualified entity or in accordance with commissioner rule.

The commissioner may annually solicit proposals for the alternative management of a campus. The commissioner shall notify a qualified entity that has been approved as a provider under this section.

Education Code 39A.151

Qualifications of Managing Entity

To qualify for consideration as a managing entity, the entity must submit a proposal that provides information relating to the entity's management and leadership team that will participate in management of the campus under consideration, including information relating to individuals who have:

1. Documented success in whole school interventions that increased the educational and performance levels of students in campuses considered to have an unacceptable performance rating;
2. A proven record of effectiveness with programs assisting low-performing students;
3. A proven ability to apply research-based school intervention strategies;
4. A proven record of financial ability to perform under the management contract; and
5. Any other experience or qualifications the commissioner determines necessary.

In selecting a managing entity, the commissioner shall give preference to a qualified entity that:

1. Meets any of the commissioner’s qualifications; and
2. Has documented success in educating students from similar demographic groups and with similar educational needs as the students who attend the campus to be operated by the managing entity.

Education Code 39A.152

Contract with Managing Entity

If the commissioner has ordered alternative management of a campus, the district shall execute a contract with an approved provider to serve as a managing entity for the campus. The term of the contract may not exceed five years with an option to renew the contract. The district must execute the contract and relinquish control of the campus before January 1 of the school year.

The management contract must include:

1. A provision describing the district's responsibilities in supporting the operation of the campus; and

2. Provisions approved by the commissioner requiring the managing entity to demonstrate improvement in campus performance, including negotiated performance measures.

Performance measures must be consistent with the priorities of Education Code Chapters 39 and 39A.

The management contract must be approved by the commissioner before the contract is executed. As appropriate, the commissioner may require the district, as a term of the contract, to support the campus in the same manner as the district was required to support the campus before the execution of the contract.

Education Code 39A.153; 19 TAC 97.1067

Extension of Management Contract

The commissioner may require a district to extend the term of a management contract with a managing entity if the commissioner determines that extending the contract on expiration of the initial term is in the best interest of the students attending the campus. The terms of the contract must be approved by the commissioner. *Education Code 39A.154*

Evaluation of Managing Entity

The commissioner shall evaluate a managing entity's performance on the first and second anniversaries of the date of the management contract.

If the evaluation fails to demonstrate improvement as negotiated under the management contract by the first anniversary of the date of the contract, the district may:

1. Terminate the contract, with the commissioner's consent, for nonperformance or breach of contract; and

2. Select another provider from an approved list provided by the commissioner.

If the evaluation fails to demonstrate significant improvement, as determined by the commissioner, by the second anniversary of the date of the management contract, the district shall:

1. Terminate the contract; and

2. Select another provider from an approved list provided by the commissioner or resume operation of the campus if approved by the commissioner.

If the commissioner approves the district's resumed operation of the campus, the commissioner shall assign a technical assistance team to assist the campus.

Education Code 39A.155

Cancellation of Management Contract

If a campus receives an unacceptable performance rating for two consecutive school years after a managing entity assumes management of the campus, the commissioner shall cancel the contract with the managing entity. *Education Code 39A.156*

Return of Management to District

Unless a campus has an unacceptable performance rating for three consecutive school years [see Continued Unacceptable Performance Rating, above], at the end of a management contract term or on the cancellation of a management contract, the board shall resume management of the campus. *Education Code 39A.157*

Applicability of Accountability Provisions

Each campus operated by a managing entity is subject to Education Code Chapters 39 and 39A in the same manner as any other campus in the district. *Education Code 39A.158*

Funding

The funding for a campus operated by a managing entity may not be less than the funding of the other campuses in the district on a per student basis so that the managing entity receives at least the same funding the campus would otherwise have received. *Education Code 39A.159*

Open Meetings and Public Information

With respect to the management of a campus by a managing entity:

1. A managing entity is considered to be a governmental body for purposes of Government Code Chapter 551 (Open Meetings Act) and Government Code Chapter 552 (Public Information Act); and

2. Any requirement in the Open Meetings Act or Public Information Act that applies to a school district or the board of trustees of a district applies to a managing entity.

1. The powers of the board are suspended for the period of the appointment; and

2. The commissioner shall appoint a district superintendent.

A board of managers appointed to govern a school district may amend the budget of the district.

Education Code Chapter 39A applies to a school district governed by a board of managers in the same manner it applies to any other district.

Education Code 39A.202

Composition of Board of Managers

A board of managers appointed by the commissioner must, if possible, include community leaders, business representatives who have expertise in leadership, and individuals who have knowledge or expertise in the field of education. *Education Code 39A.204*

The commissioner may at any time replace a member of a board of managers. The commissioner may adopt rules necessary to implement this section. *Education Code 39A.207*

Expiration of Appointment

A board of managers shall, during the period of the appointment, order the election of members of the board of trustees of the school district in accordance with the law. The members of the board of trustees do not assume any powers or duties after the election until the appointment of the board of managers expires.

Not later than the second anniversary of the date the board of managers of a school district was appointed, the commissioner shall notify the board of managers and the board of trustees of the date on which the appointment of the board of managers will expire. Following each of the last three years of the period of the appointment, one-third of the members of the board of managers shall be replaced by the number of members of the board of trustees who were elected at an election that constitutes, as closely as possible, one-third of the membership of the board of trustees.

If, before the second anniversary of the date the board of managers of a school district was appointed, the commissioner determines, after receiving local feedback, that insufficient progress has been made toward improving the academic or financial performance of the district, the commissioner may extend the authority of the board of managers for a period of up to two additional years.

On the expiration of the appointment of the board of managers, the board of trustees assumes all of the powers and duties assigned to a board of trustees by law, rule, or regulation.

Following the expiration of the period of appointment of a board of managers for a school district, the commissioner shall provide training in effective leadership strategies to the board of trustees.

Education Code 39A.208; 19 TAC 97.1073

If a campus that was the basis for the appointment of a board of managers receives an unacceptable performance rating for two additional consecutive years following the appointment of the board of managers, the commissioner may remove the board of managers and, in consultation with the local community, may appoint a new board of managers to govern the district.

Following the removal of a board of managers, or at the request of a managing entity to oversee the implementation of alternative management, the commissioner may appoint a conservator or monitor for the district to ensure district-level support for low-performing campuses and to oversee the implementation of the updated targeted improvement plan.

Education Code 39A.209; 19 TAC 97.1073

Challenge of Intervention or Sanction

Review of Sanctions by SOAH

A district must appeal under this provision if the district intends to challenge the commissioner's decision to close the district or a campus, pursue alternative management of a campus, appoint a board of managers to the district, or appoint a conservator or management team to the district.

A challenge is under the substantial evidence rule [see Government Code Chapter 2001, Subchapter G]. The commissioner shall adopt procedural rules for a challenge under this section.

Notwithstanding other law:

1. The State Office of Administrative Hearings (SOAH) shall conduct an expedited review of a challenge;
2. The administrative law judge shall issue a final order not later than the 30th day after the date on which the hearing is finally closed;
3. The decision of the administrative law judge is final and may not be appealed; and
4. The decision of the administrative law judge may set an effective date for an action under this section.

Education Code 39A.301

Appeals

If an order, decision, or determination is described as final in Education Code Chapter 7, 11, 12, 39, or 39A, an interlocutory or intermediate order, decision, report, or determination made or reached before the final order, decision, or determination may be appealed only as specifically authorized by the Education Code or a rule adopted under the Education Code. *Education Code 5.003*

Annual Review

The commissioner shall annually review the performance of a district or campus subject to intervention and sanction to determine the appropriate actions to be implemented.

The commissioner must review at least annually the performance of a district for which the accreditation status or performance rating has been lowered due to insufficient student performance and may not raise the accreditation status or performance rating until the district has demonstrated improved student performance.

If the review reveals a lack of improvement, the commissioner shall increase the level of state intervention and sanction unless the commissioner finds good cause for maintaining the current status.

Education Code 39A.901

Increasing Intensity

If a district or campus does not exhibit improvement in student performance, the commissioner may increase the intensity of intervention and sanction that would otherwise be required by statute or rule, including ordering campus closure, district annexation, or appointment of a board of managers.

For purposes of this section, improvement means an increase in the scaled score for the overall academic performance rating under Education Code Chapter 39.

1. Includes students at any grade level from prekindergarten through fifth grade;
2. Is assigned an overall performance rating of D or F; and

Miscellaneous Provisions

Acquisition of Professional Services

In addition to other authorized interventions and sanctions, the commissioner may order a district or campus to acquire professional services at the expense of the district or campus to address the applicable financial, assessment, data quality, program, performance, or governance deficiency. Special Program Performance Determination

The commissioner shall assign districts an annual determination level based on performance levels of certain special populations student groups under 19 Administrative Code 97.1001 [see AIA] according to the criteria and requirements in 19 Administrative Code 97.1071(e)-(g).

In addition to determination levels, the commissioner shall develop a system of cyclical monitoring to ensure every district participates in general supervision activities. Based on a district's assigned determination level, as part of its cyclical monitoring process, or as part of compliance monitoring activities, a district may be required to implement and/or participate in:

1. Focused self-analysis of district data and program effectiveness;
2. Focused remote and/or on-site review;
3. Required stakeholder engagement;
4. Focused compliance reviews;
5. Strategic support and continuous improvement planning; and/or

Intervention Pause

Except as otherwise provided by 19 Administrative Code 97.1062 and unless extended by the commissioner, TEA will cease to enforce the interventions under Education Code 39A.101-39A.111 until conclusion of the second consecutive school year of operation under:

1. A partnership as defined by 19 Administrative Code 97.1077(a)(2), (b), or (c) of this title [see ELA]; or
2. Designation as a mathematics innovation zone under Education Code 28.020 and applicable rules.

Any intervention or sanction not covered by the provision above shall continue.

If a campus ceases to qualify for the intervention pause at any point during a school year, TEA will resume previously ordered interventions and sanctions, order interventions and sanctions based on the rating from that school year, and count that rating for purposes of consecutive years of performance.

Failure to Submit Emergency Operations Plan

If TEA receives notice from the Texas School Safety Center of a district's failure to submit a multihazard emergency operations plan [see CKC], the commissioner may appoint a conservator for the district under Education Code Chapter 39A. The conservator may order the district to adopt, implement, and submit a multihazard emergency operations plan. If a district fails to comply with a conservator's order to adopt, implement, and submit a multihazard emergency operations plan within the time frame imposed by the commissioner, the commissioner may appoint a board of managers under Education Code Chapter 39A to oversee the operations of the district. *Education Code 37.1082(a)-(b)*

Note: The following provisions apply to a district with a central administrative office that is located in a county with a population of more than two million and that has a student enrollment that is more than 125,000 and less than 200,000, and that is operating under a turnaround plan.

Student Board Member

Notwithstanding Education Code 11.051(b) (number of trustees on a school board), the board may adopt a resolution establishing as a nonvoting member a student trustee position. If a board adopts such a resolution, the board shall adopt a policy addressing the topics specified in statute. If TEA's findings indicate the board has observed a lawfully adopted policy, TEA may not substitute its judgment for that of the board;
7. When excessive numbers of students in special education programs are assessed through modified assessment instruments;
8. In response to an allegation regarding, or an analysis using a statistical method result indicating, a possible violation of an assessment instrument security procedure;

11. When resource allocation practices indicate a potential for significant improvement in resource allocation;

Supervision Under IDEA

In exercising its general supervision authority under 34 C.F.R. sections 300.149 and 300.600, TEA has established a process that provides for the investigation and issuance of findings regarding credible allegations of violations of the Individuals with Disabilities Education Act (IDEA), Part B, or a state statute or administrative rule created to implement IDEA, that arise from an area of concern. The following guidelines shall apply to this process.

Definitions

"Area of concern" means that TEA has been made aware of an allegation regarding a violation of, or noncompliance with, a requirement of IDEA, Part B, or a state special education law or administrative rule.

"Credible allegation" means that TEA has determined that an allegation arising from an area of concern is credible enough to investigate further to determine if a violation or noncompliance has occurred.

Credibility Determination

Information and awareness of an area of concern may arise directly from TEA or from external sources.

TEA will engage in a process to determine if an area of concern is determined to be a credible allegation, and, if determined credible, TEA will initiate an investigation to determine if findings of noncompliance will be issued.

TEA will generally not engage in the process described below to determine if an area of concern is a credible allegation if it is a media report, social media post, or an anonymous report, unless TEA receives corroborating information and facts that a specific violation of state or federal law or rule has occurred if the allegation were to be confirmed true.

When an individual or organization reports a special education area of concern, TEA may direct the individual or organization to the established dispute resolution processes. Depending on the frequency or specificity of the type of allegation made, TEA may engage in a process to determine credibility of the allegation.

Process

The process to determine if an area of concern is a credible allegation may include one or more of the following actions:

1. Reviewing existing citations of noncompliance or any noncompliance identified within the last two school years on the same or similar alleged violation;
2. Reviewing filed state complaints that are in process of being investigated or that have been substantiated within the last two school years on the same or similar alleged violation;
3. Reviewing due process hearing decisions issued within the last two years in which the hearing officer's final written decision contains a finding of noncompliance on the same or similar alleged violation;
4. Gathering evidence from groups that represent or advocate for families and communities served by the district;
5. Reviewing and analyzing available student- or district-level data that relate to the alleged violation;
6. Reviewing and analyzing fiscal and program information, such as grant applications, contracts, self-assessments, and other special education documents submitted to TEA by the district; and
7. Any other activity or measure used to gather evidence within TEA's general supervision and monitoring authority.

The investigation to determine if a credible allegation will result in the issuance of findings will include contacting the school district that is the subject of the allegation and requesting a response from the school district. Additional investigative actions may include one or more of the following:

1. Conducting interviews with the district, staff, parents, or students;
2. A referral for review or investigation by any other appropriate unit or division within TEA;
3. Utilizing the review and analysis of the activities conducted during the review process in this provision to determine if noncompliance is found; and

4. Any other activity or measure within TEA's general supervision and monitoring authority.

Intervention and Sanction

TEA may apply any intervention or sanction within its authority if noncompliance or a violation is substantiated, including those described in 19 Administrative Code 89.1076 [see AIC].

Residence

"Residence" Defined

In the Election Code, "residence" means domicile, that is, one's home and fixed place of habitation to which one intends to return after any temporary absence. A person may not establish residence for the purpose of influencing the outcome of a certain election. A person does not lose the person's residence by leaving to go to another place for temporary purposes only. A person does not acquire a residence in a place to which the person has come for temporary purposes only and without the intention of making that place the person's home. A person may not establish a residence at any place the person has not inhabited. A person may not designate a previous residence as a home and fixed place of habitation unless the person inhabits the place at the time of designation and intends to remain. *Election Code 1.015*

Note: The issue of whether a candidate has satisfied residency requirements should be judicially determined. *State v. Fischer, 769 S.W.2d 619 (Tex. App.—Corpus Christi 1989, writ dism'd w.o.j.)*

Intent to Return

For purposes of satisfying the continuous residency requirement, a person who claims an intent to return to a residence after a temporary absence may establish that intent only if the person has made a reasonable and substantive attempt to effectuate that intent and has a legal right and practical ability to return to the residence. This does not apply to a person displaced from the person's residence

Registration as Sex Offender

A person is not eligible to serve as a trustee of an independent school district if the person is required to register as a sex offender under Chapter 62, Code of Criminal Procedure. *Education Code 11.061(b-1)*

Note: If the district is subject to a court order or other binding legal determination, the district shall conduct its elections in accordance with that court order or determination, applicable law, and this policy. To the extent of any conflict, the court order or other legal determination shall prevail. [See BBB(LOCAL)]

Membership

The board consists of the number of members that the district had on September 1, 1995. *Education Code 11.051(b)*

Increase in Membership

A board that has three or five members may by resolution increase the membership to seven. A board that votes to increase its membership must consider whether the district would benefit from also adopting a single-member election system under Education Code 11.052. [See Single-Member Districts, below.]

A resolution increasing the number of trustees takes effect with the second regular election of trustees that occurs after the adoption of the resolution. The resolution must provide for a transition in the number of trustees so that when the transition is complete, trustees are elected as provided by Education Code 11.059 (terms).

Education Code 11.051(c)

Terms

A trustee of a district serves a term of three or four years.

Elections for trustees with three-year terms shall be held annually. The terms of one-third of the trustees, or as near to one-third as possible, expire each year.

Elections for trustees with four-year terms shall be held biennially. The terms of one-half of the trustees, or as near to one-half as possible, expire every two years.

Board policy must state the schedule on which specific terms expire.

Education Code 11.059

Changing Term Lengths

Not later than December 31, 2030, the board of trustees may adopt a resolution changing the length of the terms of its trustees until the date the November election is canvassed. The resolution must provide for staggered terms of either three or four years and specify the manner in which the transition from the length of the former term to the modified term is made. The transition must begin with the first regular election for trustees that occurs after the board adopts the resolution, and a trustee who serves on the date the resolution is adopted shall serve the remainder of that term.

HB 3546

Joint Elections

Required

A district trustee election shall be held on the same date as:

1. The election for the members of the governing body of a municipality located in the district;
2. The general election for state and county officers, which is held on the first Tuesday after the first Monday in November in even-numbered years under Election Code 41.002;
3. The election for the members of the governing body of a hospital district, if the school district:
    a. Is wholly or partly located in a county with a population of less than 50,000 that is adjacent to a county with a population of more than three million; and
    b. Held its election for board members jointly with the election for the members of the governing body of the hospital district before May 2007; or
4. The election for the members of the governing board of a public junior college district in which the school district is wholly or partly located.

Elections held on the same date as provided above shall be held as a joint election under Election Code Chapter 271, and the voters

shall be served by common polling places consistent with Election Code 271.003(b).

Education Code 11.0581(a)-(c)

A board may enter into an agreement with another political subdivision holding an election on the same day in all or part of the same county to hold the elections jointly. The terms of a joint election agreement must be stated in an order, resolution, or other official action adopted by the board. *Election Code 271.002*

Methods of Election — Options

In a district in which the positions of trustees are not designated by number or in which the trustees are not elected from single-member trustee districts, the candidates receiving the highest number of votes shall fill the positions the terms of which are normally expiring. *Education Code 11.057(b)*

At Large

Position or Place

The positions on the board shall be designated by number in any district in which the board by resolution orders that all candidates for trustee be voted on and elected separately for positions on the board and that all candidates be designated on the official ballot according to the number of the positions for which they seek election.

Not later than the 60th day before the date of an election, the board must make the resolution and number the positions on the board in the order in which the terms of office expire. Once a board has ordered the election of trustees by numbered positions, neither the board nor their successors may rescind the action.

Education Code 11.058(c)-(f)

Single-Member Districts

On Board's Motion

Except as provided below, the board, on its own motion, may order that trustees of the district are to be elected from single-member districts or that not fewer than 70 percent of the members of the board are to be elected from single-member districts with the remaining board members to be elected from the district at large.

If a majority of the area of a district is located in a county with a population of less than 10,000, a board, on its own motion, may order that trustees of the district are to be elected from single-member districts or that not fewer than 50 percent of the members of the board are to be elected from single-member districts with the remaining board members to be elected from the district at large.

Before adopting an order, a board must:

1. Hold a public hearing at which registered voters of a district are given an opportunity to comment on whether or not they

favor the election of trustees in the manner proposed by the board; and

2. Publish notice of the hearing in a newspaper that has general circulation in the district, not later than the seventh day before the date of the hearing.

An order adopted by the board must be entered not later than the 120th day before the date of the first election at which all or some of the trustees are elected from single-member districts authorized by the order.

Education Code 11.052(a)-(d)

By Voter Petition

If at least 15 percent or 15,000 of the registered voters of the district, whichever is less, sign and present to the board a petition requesting submission to the voters of the proposition that trustees be elected in a specific manner, which must be generally described on the petition and which must be a manner of election the board could have ordered on its own motion, the board shall order that the appropriate proposition be placed on the ballot at the first regular election of trustees held after the 120th day after the date the petition is submitted to the board. The proposition must specify the number of trustees to be elected from single-member districts. Beginning with the first regular election of trustees held after an election at which a majority of the registered voters voting approve the proposition, trustees shall be elected in the manner prescribed by the approved proposition. *Education Code 11.052(e)*

Board Member Districts

If single-member districts are adopted or approved by either method described above, the board shall divide the district into the appropriate number of trustee districts, based on the number of members that are to be elected from single-member districts, and shall number each trustee district. The trustee districts must be compact and contiguous and must be as nearly as practicable of equal population. In a district with 150,000 or more students in average daily attendance, the boundary of a trustee district shall not cross a county election precinct boundary except at a point at which the district boundary crosses the county election precinct boundary. Trustee districts must be drawn not later than the 90th day before the date of the first election of trustees from those districts. *Education Code 11.052(f)*

Residency for First Election

Residents of each trustee district are entitled to elect one trustee to the board. A trustee elected to represent a trustee district at the first election of members must be a resident of the district the trustee represents not later than the 90th day after the date election returns are canvassed, or the 60th day after the date of a final judgment in an election contest filed concerning that trustee district. A

trustee vacates the office if the trustee fails to move into the district the trustee represents within the time provided. [For more information on residency, see BBA and BBC.] *Education Code 11.052(g)*

Number and Term

At the first election at which some or all of the trustees are elected from single-member trustee districts and after each redistricting, all positions on a board shall be filled. The trustees then elected shall draw lots for staggered terms as provided by Education Code 11.059 (terms). *Education Code 11.052(h)*

Redistricting

Not later than the 90th day before the date of the first regular board election at which trustees may officially recognize and act on the last preceding federal census, a board shall redivide a district into the appropriate number of trustee districts if the census data indicates that the population of the most populous district exceeds the population of the least populous district by more than 10 percent. Redivision of a district shall be in the manner provided above at Board Member Districts. *Education Code 11.052(i)*

Phase-in Option

The board of a district that adopts a redistricting plan may provide for the trustees in office when the plan is adopted or the district is redistricted to serve for the remainder of their terms in accordance with this provision. The trustee district and any at-large positions provided by the district's plan shall be filled as the staggered terms of trustees then in office expire. Not later than the 90th day before the date of the first election from trustee districts and after each redistricting, a board shall determine the order in which the positions will be filled. *Education Code 11.053*

Boundary Change Notice

A district that changes its boundaries or the boundaries of districts used to elect members to the board shall not later than the 30th day after the date the change is adopted:

1. Notify the voter registrar of the county in which the area subject to the boundary change is located of the adopted boundary change; and

2. Provide the voter registrar with a map of an adopted boundary change in a format that is compatible with the mapping format used by the registrar's office.

Election Code 42.0615

Methods of Voting — Options

Plurality

Except as otherwise provided at Majority, below, to be elected to a public office, a candidate elected at large, at large by position, or by single-member districts must receive more votes than any other candidate for the office. *Education Code 11.057(a), (b); Election Code 2.001*

Cumulative

The board of a district that elects its trustees at large or at large by position may order that elections for trustees be held using the cumulative voting procedure.

If a board adopts an order requiring the use of cumulative voting, only the board member positions that were scheduled to be filled at the election are filled through the use of cumulative voting.

At an election at which more than one board member position is to be filled, all of the positions that are to be filled at the election shall be voted on as one race by all the voters of a district. Each voter is entitled to cast a number of votes equal to the number of positions to be filled at the election.

A voter may cast one or more of the specified number of votes for any one or more candidates in any combination. Only whole votes may be cast and counted. If a voter casts more than the number of votes to which the voter is entitled in the election, none of the voter's votes may be counted in that election. If a voter casts fewer votes than entitled, all of the voter's votes are counted in that election.

The candidates who are elected are those, in the number to be elected, receiving the highest number of votes.

A district that adopts an order requiring the use of cumulative voting may not elect its members by position as provided by Education Code 11.058.

Education Code 11.054

Majority

The board of a district in which the positions of trustees are designated by number or in which the trustees are elected from single-member districts may provide by resolution, not later than the 180th day before the date of an election, that a candidate must receive a majority of the votes cast for a position or in a trustee district, as applicable, to be elected.

The resolution is effective until rescinded by a subsequent resolution adopted not later than the 180th day before the date of the first election to which the rescission applies.

A board member or district employee may participate remotely in a board meeting by means of a videoconference call if the video and audio feed of the board member's or employee's participation, as applicable, is broadcast live at the meeting and complies with the provisions below. A board member who participates by videoconference call shall be counted as present at the meeting for all purposes. A board member who participates in a meeting by video conference call shall be considered absent from any portion of the meeting during which audio or video communication with the member is lost or disconnected. The board may continue the meeting only if a quorum remains present at the meeting location or, if applicable, continues to participate in a meeting conducted as specified at Multiple Counties, below. *Gov't Code 551.127(a-1)-(a-3)*

Quorum in One Location

A meeting may be held by videoconference call only if a quorum of the board is physically present at one location of the meeting, except as provided at Multiple Counties, below.

Multiple Counties

A meeting of a board of a district that extends into three or more counties may be held by videoconference call only if the board member presiding over the meeting is physically present at one location of the meeting that is open to the public during the open portions of the meeting.

Additional Notice Requirements

A meeting held by videoconference call is subject to the notice requirements applicable to other meetings in addition to the notice requirements applicable to meetings by videoconference call.

The notice of a meeting to be held by videoconference call must specify as a location of the meeting the location where a quorum of the board will be physically present and specify the intent to have a quorum present at that location, except that the notice of a meeting held by videoconference call described above at Multiple Counties must specify as a location of the meeting the location where the board member presiding over the meeting will be physically present and specify the intent to have that member present at that location.

Gov't Code 551.127(b)-(e)

Quality of Audio and Video Signals

Each portion of a meeting held by videoconference call that is required to be open to the public shall be visible and audible to the public at the location specified in the notice. If a problem occurs that causes a meeting to no longer be visible and audible to the public at that location, the meeting must be recessed until the problem is resolved. If the problem is not resolved in six hours or less, the meeting must be adjourned.

The location specified in the notice, and each remote location from which a member of the board participates, shall have two-way audio and video communication with each other location during the entire meeting. The face of each participant in the videoconference call, while that participant is speaking, shall be clearly visible, and the voice audible, to each other participant and, during the open portion of the meeting, to the members of the public in attendance at the physical location described by the notice and at any other location of the meeting that is open to the public.

The quality of the audio and video signals perceptible at each location of the meeting must meet or exceed minimum standards specified by the Department of Information Resources (DIR). The audio and video signals perceptible by members of the public at the location of the meeting described by the notice and at each remote location from which a member participates must be of sufficient quality so that members of the public at each location can observe the demeanor and hear the voice of each participant in the open portion of the meeting.

All computer-based videoconferencing applications shall employ a minimum bandwidth transmission speed and/or adequate data compression algorithm to produce a sufficient quality for audio and video such that audio volume and clarity and video clarity are sufficient to hear and view all speaking participants on the videoconference clearly.

Computer-based videoconferencing applications may specify unique minimum requirements for computer central processing units, memory, and video capability to run the computer-based videoconferencing application. A board shall comply with these minimum requirements.

If the videoconference call hosts a public audience at a location or locations specified by the official notice of the open meeting posted in compliance with Open Meetings Act requirements, then the district shall establish a minimum of one host computer at the location(s) that will run the computer-based videoconferencing application. This host computer shall then be connected to:

1. Either a separate video monitor of size proportional to the room and clearly visible to all in the room or multiple video monitors so that all attendees may clearly view the video stream; and

2. External speakers of suitable volume and sound quality such that all meeting attendees at the host location may clearly hear the meeting.

Any personal computer used by a board member for the purpose of videoconferencing for an open meeting subject to the Open Meetings Act shall contain a camera and speakers of sufficient quality to permit all meeting attendees to see the individual who is

1. Make a video and audio recording of reasonable quality of each:
   a. Regularly scheduled open meeting that is not a work session or a special called meeting; and
   b. Open meeting that is a work session or special called meeting at which the board votes on any matter or allows public comment or testimony [see BED for requirements regarding public testimony]; and

A board shall:

1. Make the archived recording of each meeting to which these provisions apply available on the internet not later than seven days after the date the recording was made; and
2. Maintain the archived recording on the internet for not less than two years after the date the recording was first made available.

District Website

A district that maintains an internet site shall make available on that site, in a conspicuous manner, the archived recording of each meeting or an accessible link to the archived recording of each such meeting.

Exemption

A board is exempt from the internet posting requirements if the board's failure to make the required recording of a meeting available is the result of a catastrophe, as defined by Government Code 551.0411 [see Catastrophe, above], or a technical breakdown. Following a catastrophe or breakdown, a board must make all reasonable efforts to make the required recording available in a timely manner.

Attorney Consultation

A board may use a telephone conference call, videoconference call, or communications over the internet to conduct a public consultation with its attorney in an open meeting of the board or a private consultation with its attorney in a closed meeting of the board. [See BEC]

Each part of a public consultation by a board with its attorney in an open meeting must be audible to the public at the location specified in the notice of the meeting as the location of the meeting.

These provisions do not authorize the members of a board to conduct a meeting of the board by telephone conference call, video conference call, or communications over the internet; or create an exception to the application of Government Code Chapter 551, Subchapter F (meetings using telephone, videoconference, or internet).

Exception

These provisions do not apply to a consultation with an attorney who is an employee of a district. An attorney who receives compensation for legal services performed, from which employment taxes are deducted by the district, is an employee of the district.

Available School Fund

The available school fund is apportioned annually to Texas counties according to the scholastic population of each. *Education Code 43.001(b)*

Foundation School Program

The purposes of the Foundation School Program (FSP) set forth in Education Code Chapter 48 are to guarantee that each district in the state has:

1. Adequate resources to provide each eligible student a basic instructional program and facilities suitable to the student's educational needs; and
2. Access to a substantially equalized program of financing in excess of basic costs for certain services, as provided by that chapter.

The FSP consists of:

1. Two tiers that in combination provide for:
    a. Sufficient financing for all school districts to provide a basic program of education that is rated acceptable or higher under Education Code 39.054 and meets other applicable legal standards; and
    b. Substantially equal access to funds to provide an enriched program; and
2. A facilities component as provided by Education Code Chapter 46. [See CCA]

Education Code 48.002

The cost of the FSP for a district is the total sum of:

1. The sum of the tier one allotments and other funding as follows:
    a. The basic allotment under Education Code Chapter 48, Subchapter B;
    b. The student-based allotments under Education Code Chapter 48, Subchapter C; and
    c. The additional funding under Education Code Chapter 48, Subchapter D (including the transportation allotment [see CNA] and the new instructional facility allotment below); and
2. The tier two allotment under Education Code Chapter 48, Subchapter E.

© 2025 Texas Association of School Boards, Inc. All rights reserved. Permission granted to TASB Policy Service subscribers to reproduce for internal use only.

The sum of the FSP maintenance and operations costs for all accredited school districts in this state constitutes the total maintenance and operations cost of the FSP.

The FSP shall be financed by:

1. State available school funds distributed in accordance with the law;
2. Ad valorem tax revenue generated by local school district effort [see CCG series]; and
3. State funds appropriated for the purposes of public school education and allocated to each district in an amount sufficient to finance the cost of each district's FSP not covered by other funds specified.

Education Code 48.251

PEIMS

A district shall participate in the Public Education Information Management System (PEIMS) and shall provide through that system information required for the administration of Education Code Chapter 48 (Foundation School Program) and of other appropriate provisions of the Education Code. Data standards, established by the commissioner of education, shall be used by a district to submit required information. *Education Code 48.008; 19 TAC ~~61.1025~~55.1001(b)*

19 TAC 55.1001 (Redesignation)

Allotment for Basic Costs

A district is entitled to an annual allotment of $106 for each student enrolled in the district. Money allocated may be used only to pay costs associated with:

1. Transportation;
2. Hiring retired teachers;
3. Providing health insurance and employee benefits and paying for payroll taxes;
4. Contributions and other costs under Government Code, Subchapter E, Chapter 825 (Teacher Retirement System);
5. Utilities; and
6. Property and casualty insurance.

New Instructional Facility Allotment (NIFA)

A district is entitled to an additional allotment as provided by Education Code 48.152 for operational expenses associated with opening a new instructional facility. A district entitled to an allotment may use funds from the district's allotment to renovate an existing instructional facility to serve as a dedicated cybersecurity computer laboratory. *Education Code 48.152*

Definitions

"Instructional facility" means real property, an improvement to real property, or a necessary fixture of an improvement to real property that is used predominantly for teaching the curriculum required by Education Code 28.002. *Education Code 46.001, 48.152(a)(1); 19 TAC 61.1034(a)(2)* [See CCA for the Instructional Facilities Allotment]

"New instructional facility" is a facility that includes:

1. A newly constructed instructional facility, which is a new instructional campus built from the ground up;

2. A repurposed instructional facility, which is a facility that has been renovated to become an instructional facility for the first time for the applying school district; ~~or~~

3. A leased facility operating for the first time as an instructional facility with a minimum lease term of not less than 10 years. The lease must not be a continuation of or renegotiation of an existing lease for an instructional facility~~.~~; or

4. A renovated portion of an instructional facility to be used for the first time to provide high-cost and undersubscribed career and technology education programs, as determined by the commissioner.

Education Code 48.152(a)(2); 19 TAC 61.1034(a)(3)

HB 2 and HB 120

Eligibility

The following eligibility criteria apply to the NIFA in accordance with Education Code 48.152.

1. The facility for which NIFA funds are requested must meet the following requirements:

   a. The facility must qualify as an instructional campus and a new instructional facility used for teaching the curriculum required by Education Code Chapter 28.

   b. To qualify for first-year funding, a new facility must not have been occupied in the prior school year. To qualify for follow-up funding, the facility must have been occupied for the first time in the prior school year and funded

for the NIFA for that first year. If an instructional facility qualifies as a new instructional facility but did not receive the allotment in the first year of eligibility due to a failure to apply, the school district or open-enrollment charter school may still apply for and receive funding for the average daily attendance (ADA) earned only during the second year of occupation in the new instructional facility.

c. With the exception of a covered walkway connecting the new facility to another building, the new facility must be physically separate from other existing school structures.

d. Career and technical education (CTE) campuses must report each CTE campus student's ADA when the ADA for that student is reported at the student's home campus.

2. Expansion or renovation of existing instructional facilities, as well as portable and temporary structures, are not eligible for the NIFA.

3. All instructional buildings on the campus must be newly constructed as new instructional facilities, except for an existing gymnasium that remains on the campus and will be utilized on the instructional campus.

Application Process

To apply for the NIFA, a district must complete the Texas Education Agency's (TEA) online application process requesting funding pursuant to the NIFA.

The initial (first-year) application, or an application for one-year funding only, must be submitted electronically no later than July 15. The application must include the following:

1. The electronic submission of TEA's online application for initial funding; and

2. The electronic submission of the following materials:

a. A brief description and photograph of the newly constructed, repurposed, or leased instructional facility;

b. A copy of a legal document that clearly describes the nature and dates of the new or repurposed construction or a copy of the applicable lease;

c. A site plan;

d. A floor plan; and

e. If applicable, a demolition plan.

© 2025 Texas Association of School Boards, Inc. All rights reserved. Permission granted to TASB Policy Service subscribers to reproduce for internal use only.

Second-year applications require only the electronic submission of TEA's online application for follow-up funding no later than July 15 of the year preceding the applicable school year.

Survey on Days of Instruction

In the fall of the school year after a school year for which an applicant received NIFA funds, the district that received the funds must complete an online survey on the number of instructional days held in the new facility and submit the completed survey electronically. TEA will use submitted survey information in determining the final (settle-up) amount earned by each eligible school district, as described by 19 Administrative Code 61.1034(e)(6).

Costs and Payments

The costs and payments for the NIFA are determined by the commissioner.

The allotment for the NIFA is a part of the cost of the first tier of the FSP. This allotment is not counted in the calculation of weighted average daily attendance for the second tier of the FSP.

If, for all eligible applicants combined, the total cost of the NIFA exceeds the amount appropriated, each allotment is reduced so that the total amount to be distributed equals the amount appropriated. Reductions to allotments are made by applying the same percentage adjustment to each school district.

Allocations will be made in conjunction with allotments for the FSP in accordance with the school district's payment class. For school districts that are subject to the excess local revenue provisions under Education Code 48.257, and do not receive payments from the Foundation School Fund, NIFA distributions will be reflected as reduced recapture payments.

For school districts that are subject to the excess local revenue provisions under Education Code 48.257, NIFA distributions increase the amount of the FSP entitlement and so will automatically reduce any excess local revenue and reduce the requirement to send recapture to the state in the amount of the NIFA allocation.

For all school districts receiving the NIFA, a final (settle-up) amount earned is determined by the commissioner when information reported through the survey described above is available in the fall of the school year after the school year for which NIFA funds were received. [See Survey on Days of Instruction, above] The final amount earned is determined using the submitted survey information and final counts of ADA for the school year for which NIFA funds were received, as reported through PEIMS.

The amount of funds to be distributed for the NIFA to a school district is in addition to any other state aid entitlements.

Note: In preparing an official statement, a district may reasonably rely on the advice of outside professionals who are also subject to the antifraud provisions, but a district is primarily liable for the content of its official statement and other disclosures. *SEC Exchange Act Release No. 36761 (Jan. 24, 1996)*

A district may engage qualified consultants, including qualified disclosure or securities counsel and a financial adviser, to assist with preparing an official statement and other primary disclosures relating to a bond offering. Creation of internal procedures may help to insulate a district against criticism or liability under federal securities laws.

Districts may also engage disclosure counsel and/or other professionals to assist with secondary disclosure, including advice and assistance ensuring that (1) reporting requirements imposed by a CDA are satisfied and (2) information disclosed in periodic and occasional reports is accurate and complete.

Internal procedures may provide for (1) appointment of, and disclosure training for, district officials and employees who will be part of the financing team, (2) a procedure of accountability for review of the disclosures, and (3) ensuring that any procedures established are in fact followed.

Tax Rate Adoption

Maintenance Taxes

The board may levy, assess, and collect annual ad valorem taxes for the maintenance of the district's schools. Taxes may not be levied unless authorized by a majority of the qualified voters of the district, voting at an election called for that purpose. *Education Code 45.002, .003(a)*

Restriction on Maintenance Tax Levy

A district may not levy the district's maintenance taxes at a rate intended to create a surplus in maintenance tax revenue for the purpose of paying the district's debt service. *Education Code 45.0021(a)* [See Taxpayer Injunction, below]

Note: For information on the consequences of violating this restriction, see Education Code 45.0021(c)-(e). See also Taxpayer Injunction, below.

Exceptions

Education Code 45.0021 does not prohibit a district from:

1. Using a surplus in maintenance tax revenue to pay the district's debt service if the district's interest and sinking fund tax revenue is insufficient to pay the district's debt service due to circumstances beyond the district's control and the use of the surplus maintenance tax revenue to pay the district's debt service is necessary to prevent a default on the district's debt;
2. Paying a portion of the district's maintenance tax revenue into the tax increment fund for a reinvestment zone under Tax Code Chapter 311; or
3. Using money disbursed from the tax increment fund for a reinvestment zone under Tax Code Chapter 311 in accordance with the agreement entered into by the district with the governing body of the municipality or county that designated the zone under Tax Code 311.013(f).

Education Code 45.0021(f)

Maintenance Tax Rate Components

Tier One

A district's tier one maintenance and operations tax rate is the number of cents levied by the district for maintenance and operations that does not exceed the maximum compressed rate, as determined under Education Code 48.2551. *Education Code 45.0032(a)*

Maximum Compressed Rate

"MCR" is the district's maximum compressed rate, which is the tax rate for the current tax year per $100 of valuation of taxable property at which the district must levy a maintenance and operations tax to receive the full amount of the tier one allotment to which the district is entitled under Education Code Chapter 48. The Texas Education Agency (TEA) shall calculate and make available school districts' maximum compressed rates.

© 2025 Texas Association of School Boards, Inc. All rights reserved. Permission granted to TASB Policy Service subscribers to reproduce for internal use only.

Local appraisal districts, school districts, and the comptroller shall provide any information necessary to TEA to implement Education Code 48.2551.

Education Code 48.2551(a)(3), (d), (d-1)

School districts' maximum compressed maintenance and operations tax rates shall be calculated using locally certified property values and adjusted to estimate for exclusions under Government Code 403.302(d).

TEA will open a data collection from 12:01 a.m. on July 18 through 11:59 p.m. on August 1 for districts. Districts must submit the data specified in 19 Administrative Code 61.1000(c). TEA will use any available data to calculate MCR absent data collection submissions from a school district.

19 TAC 61.1000(b), (c), (h)

TEA will calculate and make available preliminary maximum compressed tier one tax rates to each district on or before August 5. If TEA receives an appeal of a preliminary MCR, TEA will issue a final determination to the district no later than August 31. If TEA does not receive an appeal of a preliminary MCR, the preliminary MCR automatically becomes a final MCR 10 calendar days following TEA's approval of the district's preliminary MCR. *19 TAC 61.1000(d)-(f)*

A district may appeal its preliminary MCR through the following process:

1. The TEA division responsible for MCRs must receive a written appeal no later than 10 calendar days after TEA's approval of the district's preliminary MCR. The appeal must include adequate evidence and additional information that supports the position of the district. Appeals received 11 calendar days or more after TEA approves a district's preliminary MCR will not be considered.

2. TEA will only consider appeals that would result in a change of the preliminary MCR.

19 TAC 61.1000(g); Education Code 48.2551(d-2)

Tier Two

A district's enrichment tax rate consists of:

1. Any cents of additional maintenance and operations tax effort, not to exceed eight cents over the maximum tier one tax rate; and

© 2025 Texas Association of School Boards, Inc. All rights reserved. Permission granted to TASB Policy Service subscribers to reproduce for internal use only.

2. Any cents of additional maintenance and operations tax effort that exceeds the sum of the maximum tier one tax rate and the maximum number of cents permitted under item 1 above.

Education Code 45.0032(a), (b)

Districts Subject to Disaster Exception

For a district to which Tax Code 26.042(e) [see Disaster Exception to Election Requirement, below] applies, the amount by which the district's maintenance tax rate exceeds the district's voter-approval tax rate, excluding the district's current debt rate under Tax Code 26.08(n)(3) for the preceding year is not considered in determining a district's tier one maintenance and operations tax rate or the district's enrichment tax rate for the current tax year. *Education Code 45.0032(d)*

Maximum Tax Rate

For any year, the maintenance tax rate per $100 of taxable value adopted by the district may not exceed the rate equal to the sum of $0.17 and the district's maximum compressed rate, as determined under Education Code 48.2551.

A rate that exceeds the maximum rate for the year in which the tax is to be imposed is void. A district with a tax rate that is void under this provision may, subject to requirements imposed by other law, adopt a rate for that year that does not exceed the specified maximum rate for that year.

Education Code 45.003(d), (e)

Districts with 2005 Tax Rate over $1.50

Notwithstanding any other law, a district that levied a maintenance tax for the 2005 tax year at a rate greater than $1.50 per $100 of taxable value in the district as permitted by special law [Art. 2784g Tex. Rev. Civ. Stat.] may not levy a maintenance tax at a rate that exceeds the rate per $100 of taxable value that is equal to the sum of $0.17 and the product of 66.67 percent multiplied by the rate of the maintenance tax levied by the district for the 2005 tax year, minus any amount by which $1.00 exceeds the product of the state compression percentage, as determined under Education Code 48.255, multiplied by $1.00. *Education Code 45.003(f)*

For a district described above, any cents of maintenance and operations tax effort that exceeds the maximum rate described at Maximum Tax Rate are not included in the district's tier one maintenance and operations tax rate or the district's enrichment tax rate and the district is not entitled to the guaranteed yield amount of state funds under Education Code 48.202 for those cents of tax effort. *Education Code 45.0032(c)*

Assessor and Collector

The board may employ a person to assess or collect the district's taxes and may compensate the person as the board considers appropriate. This provision does not prohibit a district from providing

for the assessment or collection of the district's taxes under a method authorized by Tax Code Chapter 6, Subchapter B. *Education Code 45.231*

A district that used a method of selection for the 1994 tax year that was authorized by former Education Code Chapter 23, Subchapter F, may continue to use that method until the district uses another method authorized above. *Education Code 45.232*

The assessor and collector shall assess, collect, or assess and collect taxes, as applicable. *Tax Code 6.23(b)*

Collector's Bond

A district that has its own collector shall require the collector to give bond conditioned on the faithful performance of duties. The bond must be made payable to and be approved by the board in an amount determined by the board. The board may require a new bond at any time, and failure to give new bond within a reasonable time after demand is a ground for removal from office. The board may prescribe additional requirements for the bond.

A district whose taxes are collected by a person other than the district's own collector may require that person to give bond conditioned on the faithful performance of duties. The bond must be payable to, approved by, and paid for by the board in an amount determined by the board. The board may prescribe additional requirements for the bond.

A district shall pay the premium for a required bond from its general fund or as provided by intergovernmental contract.

Tax Code 6.29

Certified Estimate of Values

By April 30, the chief appraiser shall prepare and certify to the district's assessor an estimate of the taxable value of district property. *Tax Code 26.01(e)*

Appraisal Roll

By July 25, the chief appraiser shall prepare and certify to the assessor for the district that part of the appraisal roll that lists the property taxable by the district. The part certified to the assessor is the appraisal roll for the district.

If by July 20 the appraisal review board has not approved the appraisal records as required under Tax Code 41.12, the chief appraiser shall not later than July 25 prepare and certify to the assessor for a school district an estimate of the taxable value of property in the school district.

Tax Code 26.01(a)-(a-1)

By August 1 or as soon thereafter as practicable, the district's assessor shall submit to the board the district's appraisal roll, showing the total appraised, assessed, and taxable values of all property and the total taxable value of new property.

By August 1 or as soon thereafter as practicable, a district's collector shall certify to the board the anticipated collection rate for the current year. If the collector certified an anticipated collection rate in the preceding year and the actual collection rate in that year exceeded the anticipated rate, the collector shall also certify the amount of debt taxes collected in excess of the anticipated amount in the preceding year.

Tax Code 26.04(b)

Designated Employee/Officer to Calculate Rates

After the district's assessor submits the appraisal roll to the board, an officer or employee designated by the board shall calculate the no-new-revenue tax rate and the voter-approval tax rate for the district.

Required Calculation Forms

The designated officer or employee shall use the tax rate calculation forms prescribed by the comptroller under Tax Code 5.07 in calculating the no-new-revenue tax rate and the voter-approval tax rate.

Calculation Forms to County Tax Assessor-Collector

As soon as practicable after the designated officer or employee calculates the no-new-revenue tax rate and the voter-approval tax rate of the district, the designated officer or employee shall submit the tax rate calculation forms used in calculating the rates to the county assessor-collector for each county in which all or part of the territory of the district is located.

If an amount described by Tax Code 26.012(6)(C) is excluded from the current total value of a district that is wholly or partly located in a county that has a population of less than 500,000 and is located on the Gulf of Mexico for a tax year, the designated officer or employee for the district shall include as an addendum to the tax rate calculation forms for that tax year:

1. Documentation that supports the exclusion; and

2. Each statement submitted to the designated officer or employee under Tax Code 41.48(c)(2) for that tax year.

Tax Code 26.04(c), (d-1), (d-3)

Notice of Certain Appeals; Submissions by Property Owner

Not later than July 1, the designated officer or employee of a district that is wholly or partly located in a county that has a population of less than 500,000 and is located on the Gulf of Mexico shall notify each property owner in the district who owns a property that had a taxable value in the preceding tax year that was one of the 20 highest in the appraisal district in which the property is located that the owner may have to comply with the requirements of Tax Code 41.48.

A property owner or associated business entity of the owner that intends to file an appeal under Chapter 42 that is part of anticipated substantial litigation, as defined by Tax Code 26.012(1-b), shall submit to the designated officer or employee of a district in which the property included in the litigation is located:

1. The total amount of uncontested taxable value of all property located in the district that may be the subject of an appeal by the property owner or entity and that is part of the litigation; and

2. A written statement providing that the property owner or entity intends to pay the tax due on the amount of the uncontested taxable value.

A property owner or associated business entity of the property owner must submit the information not later than the earlier of August 7 or the 21st day after the date the first hearing regarding a protest of the value of any property included in the anticipated substantial litigation is conducted.

Notwithstanding any other provision, the amount of uncontested taxable value submitted to a designated officer or employee may be used by the designated officer or employee only for the purpose of calculating a tax rate under Tax Code 26.04 and may not be construed as an amount of value of a property that is not in dispute for purposes of a proceeding under Tax Code Chapter 42.

budget must be adopted before the adoption of the tax rate for the tax year in which the fiscal year covered by the budget begins. *Education Code 44.004(a), (g)* [See CE]

Published Notice

The board president shall provide for publication of notice of the budget and proposed tax rate meeting in a daily, weekly, or bi-weekly newspaper published in the district. If no daily, weekly, or biweekly newspaper is published in the district, the president shall provide for publication of notice in at least one newspaper of general circulation in the county in which the district's central administrative office is located. The notice shall be published not earlier than the 30th day or later than the 10th day before the date of the hearing.

Form and Contents

The notice of public meeting to discuss and adopt the budget and the proposed tax rate may not be smaller than one-quarter page of a standard-size or a tabloid-size newspaper, and the headline on the notice must be in 18-point or larger type and contain the information set out in Education Code 44.004(c) and (c-1).

The notice must include a statement that a district may not increase its maintenance and operations tax rate to create a surplus in maintenance and operations tax revenue for the purpose of paying the district's debt service.

A notice is not valid if it does not substantially conform to the language and format prescribed by the comptroller.

Education Code 44.004(b)-(d)

Budget and Taxpayer Impact Statement

The notice of a meeting at which a district will discuss or adopt the district's budget must include:

1. A physical copy of the proposed budget unless the district has made the proposed budget clearly accessible on the home page of the district's website [see CQA for provisions regarding optional website postings]; and

2. A taxpayer impact statement showing, for the median-valued homestead property, a comparison of the property tax bill in dollars pertaining to the property for the current fiscal year to an estimate of the property tax bill in dollars for the same property for the upcoming fiscal year if the proposed budget is adopted.

Debt Service Rate Decrease

If the published interest and sinking fund (debt service) rate decreases after the publication of the required notice, the president is not required to publish another notice or call another meeting to discuss and adopt the budget and the proposed lower tax rate. *Education Code 44.004(g-1)*

Districts with July 1 Fiscal Year

Notwithstanding the provisions above, a district with a fiscal year beginning July 1 may use the certified estimate of the taxable value of district property in preparing the required notice if the district does not receive the certified appraisal roll on or before June 7. A district that uses a certified estimate may adopt a budget at the public meeting designated in the published notice prepared using the estimate, but the district may not adopt a tax rate before the district receives the certified appraisal roll for the district.

After receipt of the certified appraisal roll, a district must publish a revised notice and hold another public meeting before the district may adopt a tax rate that exceeds:

1. The rate proposed in the notice prepared using the estimate; or
2. The district's voter-approval rate determined under Tax Code 26.08 using the certified appraisal roll.

Education Code 44.004(h), (i)

Tax Rate Adoption Requirements

Deadline

The board shall adopt a tax rate for the current tax year and shall notify the assessor of the tax rate adopted. [See Adoption of Tax Roll, below] The board must adopt a tax rate before the later of September 30 or the 60th day after the date the certified appraisal roll is received by the district, except that the board must adopt a tax rate that exceeds the voter-approval tax rate not later than the 71st day before the next uniform election date that occurs in November of that year. [Note that Election Code 3.005(c) requires that an election to be held on a uniform date be ordered not later than the 78th day before election day; see Time for Election, below.]

The tax rate consists of two components, each of which must be approved separately. The components are:

1. The interest and sinking fund (debt service) rate calculated under Education Code 44.004(c)(5)(A)(ii)(b) ("Rate to Maintain Same Level of Maintenance & Operations Revenue & Pay Debt Service"); and
2. The rate that, if applied to the total taxable value, will impose the amount of taxes needed to fund maintenance and operation expenditures of the district for the next year.

Tax Code 26.05(a)

Exceeding the Rate to Maintain Same Level of Maintenance & Operations Revenue & Pay Debt Service

A board may approve an interest and sinking fund rate that exceeds the Rate to Maintain Same Level of Maintenance & Operations Revenue & Pay Debt Service for the district only if:

1. The rate is proposed to be approved by a motion that:
   a. States the calculated rate;
   b. States the proposed rate;
   c. States the difference between the proposed rate and the calculated rate; and
   d. Describes the purpose for which the excess revenue collected from the proposed rate will be used; and
2. The motion is approved by at least 60 percent of the members of the governing body.

If the board approves a rate in this manner for a tax year, the rate approved is considered to be the current debt rate of the district for that tax year. The officer or employee designated by the district to calculate the voter-approval tax rate of the district shall recalculate that rate to account for the new current debt rate, and that recalculated voter-approval tax rate is considered to be the voter-approval tax rate of the taxing unit for that tax year.

Tax Code 26.05(a-1), (a-2)

SB 1453

Tax Date for Certain Districts

A district that before January 1, 1989, has for at least 10 years followed a practice of adopting its tax rate at a different date than as provided by Tax Code Chapter 26 and of billing for and collecting its taxes at different dates than as provided by Chapters 31 and 33 may continue to follow that practice. This does not affect the dates provided by the Property Tax Code (Tax Code Title 1) for other purposes, including those relating to the appraisal and taxability of property, the attachment of tax liens and personal liability for taxes, and administrative and judicial review under Chapters 41 and 42. *Tax Code 26.135*

Vote

A board may not impose property taxes in any year until it has adopted a tax rate for that year, and the annual tax rate must be set by ordinance, resolution, or order. The vote on the ordinance, resolution, or order setting the tax rate must be separate from the vote adopting the budget. The vote on the ordinance, resolution, or order setting a tax rate that exceeds the sum of the district's no-new-revenue maintenance and operations tax rate and the district's

current debt rate must be a record vote, and at least 60 percent of the members of the board must vote in favor of the ordinance, resolution, or order.

Motion

A motion to adopt an ordinance, resolution, or order setting a tax rate that exceeds the no-new-revenue tax rate must be made in the following form: "I move that the property tax rate be increased by the adoption of a tax rate of (specify tax rate), which is effectively a (insert percentage by which the proposed tax rate exceeds the no-new-revenue tax rate) percent increase in the tax rate."

Language and Internet Posting

If the ordinance, resolution, or order sets a tax rate that, if applied to the total taxable value, will impose an amount of taxes to fund maintenance and operation expenditures of the district that exceeds the amount of taxes imposed for that purpose in the preceding year the district must:

1. Include in the ordinance, resolution, or order in type larger than the type used in any other portion of the document:

    a. The following statement: "THIS TAX RATE WILL RAISE MORE TAXES FOR MAINTENANCE AND OPERATIONS THAN LAST YEAR'S TAX RATE"; and

    b. If the tax rate exceeds the no-new-revenue maintenance and operations rate, the following statement: "THE TAX RATE WILL EFFECTIVELY BE RAISED BY (INSERT PERCENTAGE BY WHICH THE TAX RATE EXCEEDS THE NO-NEW-REVENUE MAINTENANCE AND OPERATIONS RATE) PERCENT AND WILL RAISE TAXES FOR MAINTENANCE AND OPERATIONS ON A $100,000 HOME BY APPROXIMATELY $(Insert amount)."; and

2. Include on the home page of any internet website operated by the district:

    a. The following statement: "(Insert name of unit) ADOPTED A TAX RATE THAT WILL RAISE MORE TAXES FOR MAINTENANCE AND OPERATIONS THAN LAST YEAR'S TAX RATE"; and

    b. If the tax rate exceeds the no-new-revenue maintenance and operations rate, the following statement: "THE TAX RATE WILL EFFECTIVELY BE RAISED BY (INSERT PERCENTAGE BY WHICH THE TAX RATE EXCEEDS THE NO-NEW-REVENUE MAINTENANCE AND OPERATIONS RATE) PERCENT AND WILL RAISE TAXES FOR MAINTENANCE AND OPERATIONS ON A

Tax Code 26.05(b)

Adoption of Tax Roll

On receipt of notice of the tax rate for the current tax year, the assessor for a district shall calculate the tax imposed on each property included on the appraisal roll for the district. The assessor shall enter the amount of tax in the appraisal roll and submit it to the board for approval. The appraisal roll with amounts of tax entered as approved by the board constitutes the district's tax roll. *Tax Code 26.09(a), (e)*

Failure to Adopt Tax Rate

If the board does not adopt a tax rate before the date required at Deadline above, the tax rate for the district for that tax year is the lower of the no-new-revenue tax rate calculated for that tax year or the tax rate adopted by the district for the preceding tax year. A tax rate established by this provision is treated as an adopted tax rate. Before the fifth day after the establishment of a tax rate by this provision, the board must ratify the applicable tax rate in the manner set out at Tax Rate Adoption Requirements above. *Tax Code 26.05(c)*

Taxpayer Injunction

A person who owns taxable property in a district is entitled to an injunction restraining the collection of taxes by the district if the district has not complied with the requirements of Education Code 44.004(b), (c), (c-1), (c-2), and (d), and, if applicable, (i) [see above at Published Notice, including Form and Contents, and Districts with July 1 Fiscal Year, if applicable] and the failure to comply was not in good faith. An action to enjoin the collection of taxes must be filed before the date a district delivers substantially all of its tax bills. *Education Code 44.004(e)*

A person who owns taxable property is entitled to an injunction prohibiting the district in which the property is taxable from adopting a tax rate if the assessor or designated officer or employee of the district, the chief appraiser of the applicable appraisal district, or the district, as applicable, has not complied with the computation, publication, or posting requirements of Tax Code 26.04 or 26.16, 26.17, or 26.18 [see below at Tax Information to County, Appraisal District Property Tax Database, and Internet Posting of Tax Rate and Budget Information]. It is a defense in an action for an injunction under this provision that the failure to comply was in good faith. *Tax Code 26.04(g)*

A person who owns taxable property is entitled to an injunction restraining the collection of taxes by a district in which the property is taxable if the district has not complied with the requirements of Tax Code 26.04 and 26.05 [see above at Designated Employee/Officer

An action to enjoin the collection of taxes must be filed not later than the 15th day after the date the district adopts a tax rate. A property owner is not required to pay the taxes imposed by a district on the owner's property while an action filed by the property owner to enjoin the collection of taxes imposed by the district on the owner's property is pending. If the property owner pays the taxes and subsequently prevails in the action, the property owner is entitled to a refund of the taxes paid, together with reasonable attorney's fees and court costs. The property owner is not required to apply to the collector for the district to receive the refund. *Tax Code 26.05(e)*

A person who owns taxable property in a district is entitled to an injunction restraining the collection of taxes by the district if the district adopts a maintenance tax in violation of Education Code 45.0021(a) [see above at Restriction on Maintenance Tax Levy]. An action to enjoin the collection of taxes must be filed before the date a district delivers substantially all of its tax bills. *Education Code 45.0021(b)*

Tax Information to County

A district shall provide to the county assessor-collector for each county in which all or part of district territory is located the district's adopted tax rate, maintenance and operations rate, debt rate, no-new-revenue tax rate, no-new-revenue maintenance and operations rate, and voter-approval tax rate for posting on the county's internet website. The district shall provide the information annually following the adoption of a tax rate by the district for the current tax year. *Tax Code 26.16(a)-(b)*

Appraisal District Property Tax Database

The officer or employee designated by the board to calculate the no-new-revenue tax rate and the voter-approval tax rate for the district must electronically incorporate into the database created and maintained by the chief appraiser under Tax Code 26.17 the information required by Tax Code 26.17(e). *Tax Code 26.17(e)*

The assessor for the district shall post prominently on the district's internet website a notice informing each owner of property located in the appraisal district that the estimated amount of taxes to be imposed on the owner's property by each taxing unit in which the property is located may be found in the property tax database maintained by the appraisal district under Tax Code 26.17. The notice must include the elements required by Tax Code 26.04(e-2). *Tax Code 26.04(e-2)*

Each district shall maintain an internet website or have access to a generally accessible internet website that may be used for the purposes of this provision. Each district shall post or cause to be posted on the internet website the information required by Tax Code 26.18 in a format prescribed by the comptroller. *Tax Code 26.18* [See CE for required information]

Election to Approve Tax Rate

If the board adopts a tax rate that exceeds the district's voter-approval tax rate, the registered voters of the district at an election held for that purpose must determine whether to approve the adopted tax rate. *Tax Code 26.08(a), (n)*

2. The greater of:

   a. The district's enrichment tax rate for the preceding tax year~~, less any amount by which the district is required to reduce the district's enrichment tax rate under Education Code 48.202(f) in the current tax year~~; or

   b. The rate of $0.05 per $100 of taxable value; and

3. The district's current debt rate.

Efficiency Audit

"Efficiency audit" means an investigation of the operations of a district to examine fiscal management, efficiency, and utilization of resources.

The board shall conduct an efficiency audit before seeking voter approval to adopt a tax rate for the maintenance and operations of the district at an election held for that purpose and may not hold an election without complying with this requirement.

The board may select the auditor that conducts the district's annual audit under Education Code 44.008 and may include the efficiency audit as part of the district's annual audit. [See CFC] A district must pay for the costs associated with an efficiency audit required under this provision. A district shall provide all documents, records, and personnel requested by the auditor as needed to conduct the audit in an efficient manner.

The board must select an auditor to conduct an efficiency audit not later than four months before the date on which the district proposes to hold an election to adopt a maintenance and operations tax rate. An auditor selected by the board must maintain independence from the district and complete the efficiency audit not later than three months after the date the auditor was selected.

Before an election at which a district seeks voter approval to adopt a tax rate, the board must hold an open meeting to discuss the results of the efficiency audit. Not later than 30 days before the date of the election, the results of an efficiency audit must be posted on the district's internet website.

Education Code 11.184

Legislative Budget Board Guidelines

The Legislative Budget Board (LBB) shall establish guidelines identifying the scope and areas of investigation of an efficiency audit, including identification of resources being used effectively and efficiently and identification of cost savings or reallocations. The auditor selected by the board of a district must follow the guidelines established by the LBB under this provision. *Education Code 11.184(f)*

The LBB Efficiency Audit Guidelines[2] are found on the LBB website.

Disaster Exception

To Efficiency Audit Requirement

The board of a district all or part of which is located in an area declared a disaster area by the governor may hold an election to seek voter approval to adopt a maintenance and operations tax rate during the two-year period following the date of the declaration without conducting an efficiency audit otherwise required above. *Education Code 11.184(b-1)*

To Election Requirement

When increased expenditure of money by a district is necessary to respond to a disaster, including a tornado, hurricane, flood, wildfire, or other calamity, but not including a drought, epidemic, or pandemic, that has impacted a district and the governor has requested federal disaster assistance for the area in which the district is located, an election is not required under Tax Code 26.08 to approve the tax rate adopted by the board for the year following the year in which the disaster occurs. A tax rate adopted under this provision applies only in the year for which the rate is adopted. *Tax Code 26.042(e)*

A board may not adopt a tax rate under Tax Code 26.042(e) above, for a tax year in which:

1. The board previously adopted a tax rate that exceeded the district's voter-approval tax rate;

© 2025 Texas Association of School Boards, Inc. All rights reserved. Permission granted to TASB Policy Service subscribers to reproduce for internal use only.

2. An election was held under Education Code 26.08 for the purpose of determining whether to approve the district's adopted tax rate [see Election to Approve Tax Rate, above]; and

3. The proposition to approve the district's adopted tax rate was not approved by the voters of the district at the election.

Tax Code 26.042(e-1)

SB 1502

If a district adopts a tax rate under Tax Code 26.042(e) above, the amount by which that rate exceeds the district's voter-approval tax rate for that tax year may not be considered when calculating the district's voter-approval tax rate for the tax year following the year in which the district adopts the rate.

A district that in a tax year elects to adopt a tax rate that exceeds the district's voter-approval tax rate for that tax year without holding an election under Tax Code 26.042(e) above must specify the disaster declaration that provides the basis for authorizing the district to calculate or adopt a tax rate under that provision. A district that in a tax year specifies a disaster declaration as providing the basis for authorizing the district to adopt a tax rate under Tax Code 26.042(e) above may not in a subsequent tax year specify the same disaster declaration as providing the basis for authorizing the district to adopt a tax rate under that provision if in an intervening tax year the taxing unit specifies a different disaster declaration as the basis for authorizing the taxing unit to adopt a tax rate under that provision.

Tax Code 26.042(f)-(g)

Time for Election

The board shall order that the election be held in the district on the next uniform election date prescribed by Election Code 41.001 that occurs after the date of the election order and that allows sufficient time to comply with the requirements of other law. *Tax Code 26.08(b)*

Uniform Election Date

For an election to be held on a uniform election date, the election shall be ordered not later than the 78th day before election day. *Election Code 3.005(c)* [See BBBA for other election procedures and requirements.]

Proposition

At the election, the ballots shall be prepared to permit voting for or against the proposition: "Ratifying the ad valorem tax rate of _____ (insert adopted tax rate) in (name of school district) for the current year, a rate that will result in an increase of _____ (insert percentage increase in maintenance and operations tax revenue under the

adopted tax rate as compared to maintenance and operations tax revenue in the preceding tax year) percent in maintenance and operations tax revenue for the district for the current year as compared to the preceding year, which is an additional $_____ (insert dollar amount of increase in maintenance and operations tax revenue under the adopted tax rate as compared to maintenance and operations tax revenue in the preceding tax year).". *Tax Code 26.08(b)*

In addition to any other requirement imposed by law for a proposition, including a provision prescribing the proposition language, a proposition submitted to the voters for approval of the imposition or increase of a tax shall ~~specifically~~ be printed in mixed-case typewritten letters and:

1. State the amount of or maximum tax rate of the tax or tax increase for which approval is sought~~.~~; and

2. Include at the top of the proposition in capital typewritten letters of the same font size as the rest of the proposition, the statement "THIS IS A TAX INCREASE".

Election Code 52.072(e)(1)

SB 1025

Each proposition on the ballot must identify the name of the authority ordering the election on the measure. *Election Code 52.095(c)*

Election Outcome

If a majority of the votes cast in an election favor the proposition, the tax rate for the current year is the rate that was adopted by the board. If the proposition is not approved, a board may not adopt a tax rate for the current year that exceeds the district's voter-approval tax rate. *Tax Code 26.08(c)-(d)*

Exemptions

Homestead

Mandatory

An adult is entitled to exemption from taxation by a district of $~~100~~140,000 of the appraised value of the adult's residence homestead, as defined by Tax Code 11.13(j), except that only $5,000 of the exemption applies to an entity operating under former Education Code Chapters 17, 18, 25, 26, 27, or 28, as those chapters existed on May 1, 1995, as permitted by Education Code 11.301. *Tax Code 11.13(b)*

SB 4

Persons 65 or Older or Disabled

In addition to the mandatory exemption above, an adult who is disabled, as defined by Tax Code 11.13(m)(1), or 65 or older is entitled to an exemption of $~~10~~60,000 of the appraised value of the ~~individual's~~person's residence homestead. *Tax Code 11.13(c)*

SB 23

Tax Limitation

A district may not increase the total annual amount of ad valorem tax it imposes on the residence homestead of an individual 65 years of age or older, or on the residence homestead of an individual who is disabled, above the amount of the tax it imposed in the first tax year in which the individual qualified that residence homestead for an applicable exemption. *Tax Code 11.26(a)*

Improvements

If an individual subject to a tax limitation makes improvements to the individual's residence homestead, other than improvements required to comply with governmental requirements or repairs, the district may increase the tax on the homestead in the first year the value of the homestead is increased on the appraisal roll because of the enhancement of value by the improvements. A limitation then applies to the increased amount of tax until more improvements, if any, are made. *Tax Code 11.26(b)*

Exception

An improvement to property that would otherwise constitute an improvement discussed above is not treated as an improvement if it is a replacement structure for a structure that was rendered uninhabitable or unusable by a casualty or by wind or water damage. For purposes of appraising the property in the tax year in which the structure would have constituted an improvement, the replacement structure is considered to be an improvement only if the square footage of the replacement structure exceeds that of the replaced structure as that structure existed before the casualty or damage occurred or the exterior of the replacement structure is of higher

quality construction and composition than that of the replaced structure. *Tax Code 11.26(o)*

Portability of Tax Limitation

If an individual who receives a tax limitation, including a surviving spouse, discussed below, subsequently qualifies a different residence homestead for the same exemption, a district may not impose ad valorem taxes on the subsequently qualified homestead in a year in an amount that exceeds the amount of taxes calculated in accordance with Tax Code 11.26(g). *Tax Code 11.26(g)*

Surviving Spouse

If an individual who qualifies for the exemption at Persons 65 or Older or Disabled, above, dies, the surviving spouse of the individual is entitled to the limitation applicable to the residence homestead of the individual if the surviving spouse is 55 years of age or older when the individual dies, and the residence homestead of the individual is the residence homestead of the surviving spouse on the date that the individual dies and remains the residence homestead of the surviving spouse. *Tax Code 11.26(i)*

Local Options

All Taxpayers

In addition to other exemptions in Tax Code 11.13, an individual is entitled to an exemption from taxation by a district of a percentage of the appraised value of the individual's residence homestead if the exemption is adopted by the board before July 1 in the manner provided by law for official action by the board. If the percentage set by the district produces an exemption in a tax year of less than $5,000 when applied to a particular residence homestead, the individual is entitled to an exemption of $5,000 of the appraised value. The percentage adopted by the district may not exceed 20 percent. *Tax Code 11.13(n)*

A board that adopted an exemption for the 2022 tax year may not reduce the amount of or repeal the exemption. The requirements in this paragraph expire December 31, 2027. *Tax Code 11.13(n-1)*

Disabled or 65 or Older

An individual who is disabled or 65 or older is entitled to an exemption from taxation by a district of a portion of the appraised value of the individual's residence homestead if the exemption is adopted either by the board or by a favorable vote of a majority of the qualified voters of the district at an election called by the board, and the board shall call the election on the petition of at least 20 percent of the number of qualified voters who voted in the preceding election of the district.

Amount

The amount of an exemption adopted as provided at Disabled or 65 or Older is $3,000 of the appraised value of the residence homestead unless a larger amount is specified by the board if the board authorizes the exemption or the petition for the election if the exemption is authorized through an election. Once authorized, an exemption adopted may be repealed or decreased or increased in

amount by the board or by the petition and election procedure. In the case of a decrease, the amount of the exemption may not be reduced to less than $3,000 of the market value.

Tax Code 11.13(d)-(f)

Continuation of Exemption during Construction

If a qualified residential structure for which the owner receives a homestead exemption under Tax Code 11.13 is rendered uninhabitable or unusable by a casualty or by wind or water damage, the owner may continue to receive the exemption for the structure and the land and improvements used in the residential occupancy of the structure while the owner constructs a replacement qualified residential structure on the land in accordance with Tax Code 11.135. *Tax Code 11.135(a), .26(n); 34 TAC 9.416*

Surviving Spouse of First Responder

Partially Disabled with Donated Residence

A disabled veteran who has a disability rating of less than 100 percent is entitled to an exemption from taxation of a percentage of the appraised value of the disabled veteran's residence homestead equal to the disabled veteran's disability rating if the residence homestead was donated to the disabled veteran by a charitable organization at no cost to the disabled veteran, or at some cost to the disabled veteran in the form of a cash payment, a mortgage, or both in an aggregate amount that is not more than 50 percent of the good faith estimate of the market value of the residence homestead made by the charitable organization as of the date of the donation. *Tax Code 11.132(b)*

Surviving Spouse of Veteran

The surviving spouse of a disabled veteran, as defined by Tax Code 11.22(h)(3), is entitled to the same exemption from taxation of the same property to which the disabled veteran's exemption applied or would have applied if it had been in effect on the date of death if:

1. The surviving spouse has not remarried since the death of the disabled veteran; and

Goods-in-Transit *Exemption*

A person is entitled to an exemption from taxation of the appraised value of that portion of the person's property that consists of goods-in-transit, as defined in Tax Code 11.253(a)(2). *Tax Code 11.253(b)*

[For information on the board's option in a district located in a disaster area to extend the date by which goods-in-transit must be transported, see Tax Code 11.253(l).]

Option to Tax

A board, by official action, may provide for the taxation of goods-in-transit exempt under Tax Code 11.253(b) and not exempt under other law. The official action to tax the goods-in-transit must be taken before January 1 of the first tax year in which the board proposes to tax goods-in-transit. Before acting to tax the exempt property, a board must conduct a public hearing as required by Texas Constitution Article VIII, Section 1-n(d). If the board provides for the taxation of the goods-in-transit as provided by this provision, the exemption stated above does not apply to that district. The goods-in-transit remain subject to taxation by the district until the board, by official action, rescinds or repeals its previous action to tax

Notwithstanding official action that was taken before October 1, 2011, to tax goods-in-transit, a district may not tax such goods-in-transit in a tax year that begins on or after January 1, 2012, unless the board takes official action on or after October 1, 2011, to provide for the taxation of the goods-in-transit.

Exception

If a board, before October 1, 2011, took action to provide for the taxation of goods-in-transit and pledged the taxes imposed on the goods-in-transit for the payment of a debt of the district, the district tax officials may continue to impose the taxes against the goods-in-transit until the debt is discharged, if cessation of the imposition would impair the obligation of the contract by which the debt was created.

Tax Code 11.253(j)-(j-2)

Payment Options

The board may adopt, by official action, one or both of the discount options below. *Tax Code 31.05(a)*

If a district that has adopted the split-payment mails its tax bills after November 30, the first one-half of the district's taxes must be paid before the first day of the next month following the first full calendar month following the date the tax bills are mailed.

If a board contracts with the appraisal district for collection of taxes, the split-payment option does not apply to taxes collected by the appraisal district unless approved by resolution adopted by a majority of the governing bodies of the taxing units whose taxes the appraisal district collects and filed with the secretary of the appraisal district board of directors. Tax Increments

Amount

The amount of a district's tax increment for a year is the amount of property taxes levied and assessed by the district for that year on the captured appraised value of real property taxable by the district and located in a reinvestment zone or the amount of property taxes levied and collected by the district for that year on the captured appraised value of real property taxable by the district and located in a reinvestment zone. The board of the district shall determine which of the methods is used to calculate the amount of the district's tax increment.

1. Property taxes produced from the tax increments that are, by contract executed before the designation of the area as a reinvestment zone, required to be paid by the district to another political subdivision; and

2. A portion, not to exceed 15 percent, of the tax increment produced by the district as provided by the reinvestment zone financing plan or a larger portion as provided at Agreement Required below.

Tax Code 311.013(a)-(b)

Notwithstanding any termination of the reinvestment zone and unless otherwise specified by an agreement between the district and the municipality or county that created the zone, a district shall make the required payment not later than the 90th day after the later of the delinquency date for district property taxes or the date the municipality or county that created the zone submits to the district an invoice specifying the tax increment produced by the district and the amount the district is required to pay into the tax increment fund for the zone. A district is not required to pay into a tax increment fund the applicable portion of a tax increment attributable to delinquent taxes until those taxes are collected. *Tax Code 311.013(c), (i)*

A district whose taxable value is reduced under Government Code 403.302(d)(4) (determination of district property values by the comptroller) shall pay into the tax increment fund, in addition to the amount otherwise required to be paid, an amount equal to the amount by which the amount of taxes the district would have been required to pay into the fund in the current year if the district levied taxes at the rate the district levied in 2005 exceeds the amount the district is otherwise required to pay into the fund in the year of the reduction. This additional amount may not exceed the amount the district receives in state aid for the current tax year under Education Code 48.253 (additional state aid for tax increment financing payments). The district shall pay the additional amount after the district receives the state aid to which the district is entitled for the current tax year under Education Code 48.253. *Tax Code 311.013(n)*

Agreement Required

A district is not required to pay into the tax increment fund any of its tax increment produced from property located in a reinvestment zone designated under Tax Code 311.005(a) or in an area added to a reinvestment zone under Tax Code 311.007 unless the district enters into an agreement to do so with the governing body of the municipality or county that designated the zone. *Tax Code 311.013(f)*

A district that participates in a zone is not required to increase the percentage or amount of the tax increment to be contributed by the district because of an amendment to the project plan or reinvestment zone financing plan for the zone unless the board by official action approves the amendment. *Tax Code 311.011(g)*

A district is not required to pay into the tax increment fund any of its tax increment produced from property located in an area added to the reinvestment zone under Tax Code 311.007(a) or (b) unless the board enters into an agreement to do so with the governing body of the municipality or county that created the zone. *Tax Code 311.013(k)*

If the governing body of the municipality or county that designated a reinvestment zone extends the term of all or a portion of the zone, a district is not required to participate in the zone or portion of the zone for the extended term unless the district enters into a written agreement to do so. *Tax Code 311.007(c)*

Notwithstanding the designation of a later termination date under Tax Code 311.017(a), a district that taxes real property located in the reinvestment zone is not required to pay any of its tax increment into the tax increment fund for the zone after the termination date designated in the ordinance or order creating the zone unless the board enters into an agreement to do so with the governing body of the municipality or county that created the zone. *Tax Code 311.017(a-1)*

Reinvestment Zone

Notwithstanding any other provision of Tax Code Chapter 312 to the contrary, the board, in the manner required for official action and for purposes of former Tax Code Chapter 313, Subchapter B or C [see Texas Economic Development Act below] or Government Code Chapter 403, Subchapter T [see Texas Jobs, Energy, Technology, and Innovation Act below], may designate an area entirely within the territory of the district as a reinvestment zone if the board finds that, as a result of the designation and the granting of a limitation on appraised value, for property located in the reinvestment zone, the designation is reasonably likely to:

1. Contribute to the expansion of primary employment in the reinvestment zone; or

2. Attract major investment in the reinvestment zone that would:

    a. Be a benefit to property in the reinvestment zone and to the district; and

    b. Contribute to the economic development of the region of this state in which the district is located.

Interest

A payment begins to accrue interest on the date the payment becomes overdue. The rate in effect on September 1 is equal to the sum of one percent and the prime rate as published in the Wall Street Journal on the first day of July of the preceding fiscal year that does not fall on a Saturday or Sunday.

Interest on an overdue payment stops accruing on the date a district or vendor mails or electronically transmits the payment.

The district may withhold from payments required no more than 110 percent of the disputed amount. *Gov't Code 2251.042*

Vendor Remedy for Nonpayment

A vendor may suspend performance required under a contract with a district if the district does not pay the vendor an undisputed amount within the time limits provided above, and the vendor gives the district written notice informing the district that payment has not been received and stating the intent of the vendor to suspend performance for nonpayment.

The vendor may not suspend performance before the tenth day after the date the vendor gives this notice.

A vendor who suspends performance is not:

This provision does not apply to an electronic copy of OER instructional material.

Education Code 31.104(c), (g)-(h)

Responsibility for Instructional Materials and Equipment

Each student or the student's parent or guardian is responsible for all instructional material and technological equipment not returned in an acceptable condition by the student. A student who fails to return in an acceptable condition all instructional materials and technological equipment forfeits the right to free instructional materials and technological equipment until all instructional materials and technological equipment previously issued but not returned in an acceptable condition are paid for by the student, parent, or guardian.

As provided by board policy, a district may waive or reduce the payment required if the student is from a low-income family. [See FP] The district shall allow the student to use instructional materials and technological equipment at school during each school day.

If instructional materials or technological equipment is not returned in an acceptable condition or paid for, a district may withhold the student's records. A district may not prevent the student from graduating, participating in a graduation ceremony, or receiving a diploma. [See FL and GBA regarding student and parental right to access records; and FD, FFAB, and FL regarding a district's duties to provide records to another district]

The board may not require an employee of the district who acts in good faith to pay for instructional materials or technological equipment that is stolen, misplaced, or not returned by a student. [See DG]

These provisions do not apply to an electronic copy of OER instructional material.

Education Code 31.104(d), (e), (h) [See also EFA]

2. The electronic materials perform as they did when they were new;

3. The electronic instructional materials do not contain computer code (e.g., bug, virus, worm, or similar malicious software) that has been designed to self-replicate, damage, change, or otherwise hinder the performance of any computer's memory, file system, or software; and

4. The electronic instructional materials have not been installed with plug-ins, snap-ins, or add-ins without the prior approval of the district.

Technological equipment is considered to be in acceptable condition if:

jurisdiction under the NSLP, and for a minimum of 50 percent of schools under its jurisdiction with every school being reviewed at least once every two years under the SBP.

The on-site review shall take place prior to February 1 of each school year. Further, if the review discloses problems with a school's meal counting or claiming procedures or general review areas, the SFA shall ensure that the school implements corrective action and, within 45 days of the review, conduct a follow-up on-site review to determine that the corrective action resolved the problems. Each on-site review shall ensure that the school's claim is based on the counting system and that the counting system, as implemented, yields the actual number of reimbursable free, reduced price, and paid meals, respectively, served for each day of operation.

To be eligible to participate in the CEP, an LEA, group of schools, or school must:

1. Have an identified student percentage of at least 25 percent, as of April 1 of the school year prior to participating in the CEP, unless otherwise specified by the USDA Food and Nutrition Service (FNS). Individual schools participating in a group may have less than 25 percent identified students, provided that the average identified student percentage for the group is at least 25 percent.

2. Participate in the NSLP and SBP for the duration of the four-year cycle. Schools that operate on a limited schedule, where it is not operationally feasible to offer both lunch and breakfast, may elect CEP with FNS approval.

3. Comply with the procedures and requirements specified in 7 C.F.R. 245.9(f)(4) to participate in the CEP.

Under the plan, the fund also may be used to pay

the costs of administering the fund. The fund consists of money contributed by the district and money deducted from salaries of employees for dependent or employee coverage. Money for the fund may not be deducted from an employee's salary unless the employee authorizes the deduction in writing. The plan shall attempt to protect the district against unanticipated catastrophic individual loss, or unexpectedly large aggregate loss, by securing individual stop-loss coverage, or aggregate stop-loss coverage, or both, from a commercial insurer.

The board may amend or cancel the district's health-care plan at any regular or special board meeting. If the plan is canceled, any valid claim against the fund for payment of health-care costs resulting from illness or injury occurring during the time the plan was in effect shall be paid out of the fund. If the fund is insufficient to pay the claim, the costs shall be paid out of other available district funds.

Education Code 22.005

Compliance Report

Each district that does not participate in the program shall prepare a report addressing its compliance with Education Code 22.004. The report must be available for review, together with the policy or contract for the group health coverage plan, at the central administrative office of each campus in the district and be posted on the district's internet website if the district maintains a website, must be based on the district group health coverage plan in effect during the current plan year, and must include:

5. A project for major renovation that includes minor scopes of work in an area of a school facility that is separate and distinct from the project scope of the major renovation may be performed as a part of a construction services contract for the major renovation without the minor scope of work becoming subject to the standards in section 61.1040(g), (h), or (i) if:
    a. The minor scopes of work would not, on a stand-alone basis, be considered a major renovation project; and

Compliance

The requirement for a long-range facility plan is met when a district completes the long-range facility plan, presents it to the board, and makes it available to the prime design professional for a capital improvement project. The long-range facility plan expires after five years from the date of the final plan presented to the board and must be updated prior to commencement of a subsequent capital improvement project. Exceptions

A district is exempt from the requirements of section 61.1040(d) (Educational Adequacy):

1. If a school facility experiences catastrophic damage and the board approves a capital improvement project in accordance with Education Code 44.0312(c) (delegation of contracting authority); or

The requirements establish a method by which a district shall demonstrate compliance with the requirements in section 61.1040(e) and with the construction quality standards and construction code requirements in section 61.1040(j). Any express reference to, or omission of, an applicable statutory provision in section 61.1040(e) may not be construed to diminish, alter, or abate a

Safety and Security Requirements for Facilities

Facilities Standards Compliance

A district must ensure that each district facility complies with each school facilities standard, including performance standards and operational requirements, related to safety and security adopted under Education Code 7.061 (Facilities Standards) or provided by other law or agency rule.

A district must develop and maintain documentation of the district's implementation of and compliance with school safety and security facilities standards for each district facility, including a good cause exception claimed under Education Code 37.353 [see Good Cause Exception, below], and shall, if requested by the Texas Education Agency (TEA), provide that documentation in the manner prescribed by TEA.

Education Code 37.351

Good Cause Exception

If a district is unable to bring a district facility into compliance with a school facilities standard related to safety and security, the district may claim a good cause exception from the requirement to comply with that standard, including for a reason related to:

1. The age, physical design, or location of the noncompliant facility;
2. The projected remaining use or functional life of the noncompliant facility;
3. Availability of funding; or
4. Supply chain obstacles.

A district that claims a good cause exception must develop an alternative performance standard with which the district is able to comply.

A good cause exception claimed by a district expires on the fifth anniversary of the date on which the exception is claimed. On the expiration of the exception, the district must reevaluate whether the district is able to comply with each school facility standard related to safety and security, and if not, renew the claim for an exception and the alternative performance standard.

[See CKE for good cause exception from compliance with armed security officer requirement.]

1. Determine whether the facility meets school safety and security requirements as described by commissioner rule; and

2. Identify security vulnerabilities at the facility in the event of an active shooter incident and describe strategies to mitigate each vulnerability identified.

Education Code 37.1087

Confidentiality

Any document or information collected, identified, developed, or produced relating to a safety or security requirement is confidential under Government Code 418.177 and 418.181 (Texas Disaster Act) and not subject to disclosure under Government Code Chapter 552 (Public Information Act). *Education Code 37.355.*

The provisions of 19 Administrative Code 61.1031 apply to all school instructional facilities owned, operated, or leased by a school system, regardless of the date of construction or date of lease. The provisions ensure that all school system instructional facilities have access points that are secured by design, maintained to operate as intended, and appropriately monitored. *19 TAC 61.1031(b)*

A school system shall implement the following safety and security standards compliance requirements to all school instructional facilities owned, operated, or leased by the school system.

Doors, Entrances, and Windows

All instructional facilities campus-wide, including modular, portable buildings, must include the addition of graphically represented alpha-numerical characters on both the interior and exterior of each exterior door location. The characters may be installed on the door, or on at least one door at locations where more than one door leads from the exterior to the same room inside the facility, or on the wall immediately adjacent to or above the door location. Characters shall comply with the International Fire Code Section 505. The primary entrance of an instructional facility shall always be the first in the entire sequence and is the only door location that does not require numbering. The numbering sequence shall be clockwise and may be sequenced for the entire campus or for each facility individually. The door-numbering process must comply with any and all accessibility requirements related to signage.

Unless a secure vestibule is present, a primary entrance shall:

1. Meet all standards for exterior doors;
2. Include a means to allow an individual located within the building to visually identify an individual seeking to enter the primary entrance when the entrance is closed and locked, including, but not limited to, windows, camera systems, and/or intercoms;
3. Feature a physical barrier that prevents unassisted access to the facility by a visitor; and
4. Feature a location for a visitor check-in and check-out process.

All exterior doors shall:

1. Be, by default, set to a closed, latched, and locked status, except that:
    a. A door may be unlocked if it is actively monitored or within an exterior secured area; and
    b. For the purposes of ventilation, a school system may designate in writing as part of its multihazard emergency operations plan specific exterior doors that are allowed to remain open for specified periods of time if explicitly authorized by the school safety and security committee when a quorum of members are present, and only if it is actively monitored or within an exterior secured area;
2. Be constructed, both for the door and door frame and their components, of materials and in a manner that make them resistant to entry by intruders. Unless inside an exterior secured

area, doors constructed of glass or containing glass shall be constructed or modified such that the glass cannot be easily broken and allow an intruder to open or otherwise enter through the door (for example, using forced entry-resistant film);

3. Include:

   a. A mechanism that fully closes and engages locking hardware automatically after entry or egress without manual intervention, regardless of air pressure within or outside of the facility; and

   b. A mechanism that allows the door to be opened from the inside when locked to allow for emergency egress while remaining locked; and

4. If keyed for re-entry, be capable of being unlocked with a single (or a small set of) master key(s), whether physical key, punch code, or key-fob or similar electronic key device.

Except when inside an exterior secured area, classrooms with exterior entry doors shall include a means to allow an individual located in the classroom to visually identify an individual seeking to enter the classroom when the door is closed and locked, including, but not limited to, windows, camera systems, and/or intercoms.

Except when inside an exterior secured area, all windows that are adjacent to an exterior door and that are of a size and position that, if broken, would easily permit an individual to reach in and open the door from the inside shall be constructed or modified such that the glass cannot be easily broken.

Except when inside an exterior secured area, all ground-level windows near exterior doors that are of a size and position that permits entry from the exterior if broken shall be constructed or modified such that the glass cannot be easily broken and allow an intruder to enter through the window frame (for example, using forced entry-resistant film).

If designed to be opened, all ground-level windows shall have functional locking mechanisms that allow for the windows to be locked from the inside and, if large enough for an individual to enter when opened or if adjacent to a door, be closed and locked when staff are not present.

Roof access doors should default to a locked, latched, and closed position when not actively in use and be lockable from the interior.

All facilities must include one or more distinctive, exterior secure master key box(es) designed to permit emergency access to both law enforcement agencies and emergency responder agencies from the exterior (for example, a Knox box) at a location designated by the local authorities with applicable jurisdiction or provide all local law enforcement electronic or physical master key access to the building(s).

Communications Infrastructure

A communications infrastructure shall be implemented that must:

1. Ensure equipment is in place such that law enforcement and emergency responder two-way radios can function within most portions of the building(s); and

2. Include a panic alert button, duress, or equivalent alarm system, via standalone hardware, software, or integrated into other telecommunications devices or online applications, that includes the following functionality:

    a. An alert must be capable of being triggered by campus staff, including temporary or substitute staff, from an integrated or enabled device.

    b. An alert must be triggered automatically in the event a district employee makes a 9-1-1 call using the hardware or integrated telecommunications devices from any location within the school system.

    c. With any alert generated, the location of where the alert originated shall be included.

    d. The alert must notify a set of designated school administrators as needed to provide confirmation of response, and, if confirmed, notice must be issued to the 9-1-1 center of an emergency situation requiring a law enforcement and/or emergency response and must include the location of where the alert originated. A notice can simultaneously be issued to all school staff of the need to follow appropriate emergency procedures.

    e. For any exterior doors that feature electronic locking mechanisms that allow for remote locking, the alert system will trigger those doors to automatically lock.

Compliance with 9-1-1 Rules and Regulations

In implementing these requirements, school systems shall comply with state and federal Kari's Laws and federal RAY BAUM's Act and corresponding rules and regulations pertaining to 9-1-1 service for school telephone systems, including a multi-line telephone system.

19 TAC 61.1031(c)

Operating Requirements

A school system shall implement the following.

1. Access control. The board shall adopt a policy requiring the following continued auditing of building access:

    a. Conduct at least weekly inspections during school hours of all exterior doors of all instructional facilities to certify that all doors are, by default, set to a closed, latched, and locked status and cannot be opened from the outside without a key as required above;

    b. Report the findings of weekly inspections to the school system's safety and security committee and ensure the results are kept for review as part of the safety and security audit;

    c. Report the findings of weekly inspections to the principal or leader of the instructional facility to ensure awareness of any deficiencies identified and who must take action to reduce the likelihood of similar deficiencies in the future; and

    d. Include a provision in the school system's applicable policy stating that nothing in a school system's access control procedures will be interpreted as discouraging parents, once properly verified as authorized campus visitors, from visiting campuses they are authorized to visit.

2. Exterior and interior door numbering site plan.

    a. A school system must develop and maintain an accurate site layout and exterior and interior door designation document for each instructional facility school system-wide that identifies all exterior and interior doors in the instructional facility and depicts all exterior doors on a floor plan with an alpha-numeric designation, in accordance with the door numbering specifications established above.

    b. Copies of exterior and interior door numbering site plans shall be readily available in each campus main office.

    c. Electronic copies of exterior and interior door numbering site plans shall be supplied to the local 9-1-1 administrative entity so that the site plans can be made available to emergency responders by 9-1-1 dispatchers.

© 2025 Texas Association of School Boards, Inc. All rights reserved. Permission granted to TASB Policy Service subscribers to reproduce for internal use only.

d. The site layout and exterior and interior door designation document should be oriented in a manner that depicts true north.

3. Maintenance.

a. A school system shall perform at least twice-yearly maintenance checks to ensure the facility components function as required. At a minimum, maintenance checks shall ensure the following:

(1) Instructional facility exterior doors function properly, including meeting the requirements above;

(2) The locking mechanism for any ground-level windows that can be opened function properly;

(3) Any perimeter barriers and related gates function properly;

(4) All panic alert or similar emergency notification systems in classrooms and campus central offices function properly, which includes at least verification from multiple campus staff and classroom locations that a notification can be issued and received by the appropriately designated personnel, that the alert is successfully broadcast to all campus staff and to appropriate law enforcement and emergency responders, and that a potential threat observed on video triggers an alert from video surveillance monitoring systems;

(5) All school telephone systems and communications infrastructure provide accurate location information when a 9-1-1 call is made in accordance with state and federal laws and rules and when an alert is triggered;

(6) All exterior master key boxes function properly and the keys they contain function properly;

(7) Law enforcement and emergency responder two-way radios operate effectively within each instructional facility; and

(8) Two-way radios used by school system peace officers, school resource officers, or school marshals properly communicate with local law enforcement and emergency response services.

b. A school system shall ensure procedures are in place to require that staff who become aware of a facility component functionality deficiency that would be identified during the twice-yearly maintenance review immediately report the deficiency to the school system's administration, regardless of the status of the twice-yearly maintenance review.

c. A school system shall promptly remedy any deficiencies discovered as a consequence of maintenance checks.

Compliance With Standards for Construction

In implementing the requirements of 19 Administrative Code 61.1031, school systems shall comply with the provisions of 19 Administrative Code 61.1040(j). [See CS]

To the extent that any provisions of 19 Administrative Code 61.1031 conflict with rules adopted in Chapter 61, Subchapter CC, (relating to Commissioner's Rules Concerning School Facilities), including terms defined or standards established, the provisions of 19 Administrative Code 61.1031 prevail.

In implementing these requirements, school systems shall comply with the standards adopted under Government Code 469.052 (Elimination of Architectural Barriers).

19 TAC 61.1031(e), (f), (g)

1. The school system has taken the necessary steps to initiate an upgrade of the facility component to ensure compliance; and

2. For the 2023-24 school year, the contractor or supplier has been procured and has provided a time frame when the upgrade will be completed.

TEA may modify rule requirements or grant provisional certification for individual site needs as determined by TEA.

Rules related to provisional certification expire August 31, 2024.

Silent Panic Alert Technology

Beginning with the 2025-26 school year, a district shall provide each classroom in the district with silent panic alert technology that allows for immediate contact with district emergency services and emergency services agencies, law enforcement agencies, health departments, and fire departments.

Silent panic alert technology provided by a district does not satisfy the requirement under Education Code 37.108(a)(2) [see CKC] for the district to ensure employees have classroom access to a telephone or another electronic communication device.

While engaged in procuring goods or services, awarding a contract, or overseeing procurement or construction for a public work or public improvement under Government Code Chapter 2269, a district:

1. May not consider whether a person is a member of or has another relationship with any organization; and
2. Shall ensure that its bid specifications and any subsequent contract or other agreement do not deny or diminish the right of a person to work because of the person's membership or other relationship status with respect to an organization.

Gov't Code 2269.054

Collective Bargaining

A district awarding a public work contract funded with state money, including the issuance of debt guaranteed by the state, may not:

1. Prohibit, require, discourage, or encourage a person bidding on the public work contract, including a contractor or subcontractor, from entering into or adhering to an agreement with a collective bargaining organization relating to the project; or
2. Discriminate against a person described by item 1 based on the person's involvement in the agreement, including the person's status or lack of status as a party to the agreement or willingness or refusal to enter into the agreement.

crease the quantity of work to be performed or of materials, equipment, or supplies to be furnished, the district may approve change orders making the changes. The district may grant general authority to an administrative official to approve the change orders.

The total contract price may not be increased because of the changes unless additional money for increased costs is approved for that purpose from available money or is provided for by the authorization of the issuance of time warrants.

A contract with an original contract price of $1 million or more may not be increased by more than 25 percent. If a change order for a contract with an original contract price of less than $1 million increases the contract amount to $1 million or more, the total of the subsequent change orders may not increase the revised contract amount by more than 25 percent of the original contract price.

Education Code 44.0411

Unsigned Change Orders

A vendor may elect not to proceed with additional work directed by a district under a public work contract if:

1. The vendor has not received a written, fully executed change order for the district-directed additional work; and

2. The aggregate actual or anticipated value of the additional work under the vendor's contract terms plus any previous district-directed additional work for which the vendor has not received a written, fully executed change order exceeds 10 percent of the vendor's original public work contract amount.

A subcontractor may elect not to proceed with additional work directed by a vendor under a subcontract if:

1. The subcontractor has not received a written, fully executed change order for the district-directed additional work from the vendor; and

2. The aggregate actual or anticipated value of the additional work under the subcontractor's subcontract terms plus any previous district-directed additional work for which the subcontractor has not received a written, fully executed change order exceeds 10 percent of the subcontractor's subcontract amount.

A vendor or subcontractor who elects not to proceed with additional work is not responsible for damages associated with the election not to proceed.

Inspection, Verification, and Testing

Independently of the contractor, construction manager-at-risk, or design-build firm, a district shall provide or contract for the construction materials engineering, testing, and inspection services and the verification testing services necessary for acceptance of the facility by the district. The district shall select the services for which it contracts in accordance with Government Code 2254.004. *Gov't Code 2269.058*

Note: For additional requirements related to code compliance, including fees and contracts, see 19 Administrative Code 61.1040(e)(5).

Impact Fees

A district is not required to pay impact fees imposed under Local Government Code Chapter 395 unless the board consents to the payment of the fees by entering a contract with the political subdivision that imposes the fees. The contract may contain terms the board considers advisable to provide for the payment of the fees. *Local Gov't Code 395.022*

Design Professionals

A district shall designate one design professional to be the prime design professional for a capital improvement project and shall contractually engage the prime design professional to review and coordinate the design of the project, allowing the prime design professional to rely on and contract for other design professionals where appropriate. *19 TAC 61.1040(a)(4), (e)(4)(D)*

A district shall require any design professional contractually engaged to procure professional design services from any other design professional as a subconsultant to select and subcontract the professional design services based on the qualification-based selection process established in Government Code Chapter 2254. [See Procuring Architectural or Engineering Services, below] *19 TAC 61.1040(e)(5)(B)*

Architects and Engineers

An architect or engineer required to be selected or designated under Government Code Chapter 2269 has full responsibility for complying with Occupations Code Chapter 1051 or 1001, as applicable.

If the selected or designated architect or engineer is not a full-time employee of the district, the district shall select the architect or engineer on the basis of demonstrated competence and qualifications as provided by Government Code 2254.004 [see Procuring Professional Services, below].

Registered Architect

An architectural plan or specification for any of the following may be prepared only by an architect:

1. A new building having construction costs exceeding $100,000 that is to be:
    a. Constructed and owned by a district; and
    b. Used for education, assembly, or office occupancy; or
2. An alteration or addition having construction costs exceeding $50,000 that:
    a. Is to be made to an existing building that:
        (1) Is owned by a district; and
        (2) Is or will be used for education, assembly, or office occupancy; and
    b. Requires the removal, relocation, or addition of a wall or partition or the alteration or addition of an exit.

This provision does not prohibit an owner of a building from contracting with an architect or engineer as the prime design professional for a building construction, alteration, or addition project. Designation as the prime design professional does not expand the scope of practice of an architect or engineer beyond the scope of practice that the architect or engineer is authorized to practice under Occupations Code Chapter 1001 or 1051.

Occupations Code 1051.703; 22 TAC 1.212

Registered Engineer

A district may not construct a public work involving engineering in which the public health, welfare, or safety is involved, unless:

1. The engineering plans, specifications, and estimates have been prepared by an engineer; and
2. The engineering construction is to be performed under the direct supervision of an engineer.

Occupations Code 1001.407

The following work is exempt from Occupations Code Chapter 1001 (Texas Engineering Practice Act):

1. A public work that involves electrical or mechanical engineering, if the contemplated expense for the completed project is $8,000 or less; or

2. A public work that does not involve electrical or mechanical engineering, if the contemplated expense for the completed project is $20,000 or less.

Certification for Purchases Through Purchasing Cooperatives

A district may not enter into a contract to purchase construction-related goods or services through a purchasing cooperative under Government Code Chapter 791 in an amount greater than $50,000 unless a person designated by the district certifies in writing that:

1. The project for which the construction-related goods or services are being procured does not require the preparation of plans and specifications under Occupation Code Chapter 1001 or 1051; or

2. The plans and specifications required under Occupation Code Chapters 1001 and 1051 have been prepared.

"Purchasing cooperative" means a group purchasing organization that governmental entities join as members and the managing entity of which receives fees from members or vendors.

Gov't Code 791.011(j)

Note: For legal provisions related to interlocal contracts, generally, see GRB.

For legal provisions related to using interlocal contracts for purchasing goods and services, see CH.

Procuring Architectural or Engineering Services

Education Code 44.031 does not apply to a contract for professional services rendered, including the services of an architect. *Education Code 44.031(f)* [See CH for information on the Professional Services Procurement Act generally.]

In procuring architectural, engineering, or land-surveying services, a district shall:

1. First select the most highly qualified provider on the basis of demonstrated competence and qualifications; and

2. Then attempt to negotiate with that provider a contract at a fair and reasonable price.

If a satisfactory contract cannot be negotiated with the most highly qualified provider of architectural, engineering, or land-surveying services, a district shall formally end negotiations with that provider, select the next most highly qualified provider, and attempt to negotiate a contract with that provider at a fair and reasonable

price. The district shall continue this process to select and negotiate with providers until a contract is entered into.

Contracts for Engineering ~~or~~, Architectural, or Land Surveying Services

A covenant or promise in, in connection with, or collateral to a contract for engineering ~~or~~, architectural, or land surveying services to which a district is a party is void and unenforceable if the covenant or promise provides that a licensed engineer ~~or~~, registered architect, or land surveyor whose work product is the subject of the contract must indemnify or hold harmless the district against liability for damage, other than liability for damage to the extent that the damage is caused by or results from an act of negligence, intentional tort, intellectual property infringement, or failure to pay a subcontractor or supplier committed by the indemnitor or the indemnitor's agent, consultant under contract, or another entity over which the indemnitor exercises control.

Indemnification

Duty to Defend

Except as provided below, a covenant or promise in, in connection with, or collateral to a contract for engineering ~~or~~, architectural, or land surveying services to which a district is a party is void and unenforceable if the covenant or promise provides that a licensed engineer ~~or~~, registered architect, or land surveyor whose work product is the subject of the contract must defend a party, including a third party, against a claim based wholly or partly on the negligence of, fault of, or breach of contract by the district, the district's agent, the district's employee, or other entity, excluding the engineer ~~or~~, architect, or land surveyor or that person's agent, employee, or subconsultant, over which the district exercises control. A covenant or promise may provide for the reimbursement of a district's reasonable attorney's fees in proportion to the engineer's ~~or~~, architect's, or land surveyor's liability.

District as Additional Insured

A district may require in a contract for engineering ~~or~~, architectural, or land surveying services to which the district is a party that the engineer ~~or~~, architect, or land surveyor name the district as an additional insured under the engineer's ~~or~~, architect's, or land surveyor's general liability insurance policy and provide any defense provided by the policy.

Standard of Care

A contract for engineering ~~or~~, architectural, or land surveying services to which a district is a party must require a licensed engineer ~~or~~, registered architect, or land surveyor to perform services:

© 2025 Texas Association of School Boards, Inc. All rights reserved. Permission granted to TASB Policy Service subscribers to reproduce for internal use only.

1. With the professional skill and care ordinarily provided by competent engineers ~~or~~, architects, or land surveyors practicing under the same or similar circumstances and professional license; and

2. As expeditiously as is prudent considering the ordinary professional skill and care of a competent engineer ~~or~~, architect, or land surveyor.

In a contract for engineering ~~or~~, architectural, or land surveying services to which a district is a party, a provision establishing a different standard of care than a standard described above is void and unenforceable. If a contract contains a void and unenforceable provision, the standard of care described above applies.

Nothing in these provisions prohibits a district in a contract for engineering or architectural services to which the district is a party from including and enforcing conditions that relate to the scope, fees, and schedule of a project in the contract.

Local Gov't Code 271.904

SB 687

Payment and Performance Bonds

A district that makes a public work contract with a prime contractor shall require the contractor, before beginning the work, to execute to the district:

1. A performance bond if the contract is in excess of $100,000; and

2. A payment bond if the contract is in excess of $25,000.

A bond required by this provision must be executed by a corporate surety in accordance with Insurance Code Article 7.19-1 (now Insurance Code 3503.001-.005). A bond for a public work contract with a district must be payable to and its form must be approved by the awarding board.

Gov't Code 2253.021(a), (d)-(e)

The performance bond is solely for the protection of the district awarding the public work contract, in the amount of the contract, and conditioned on the faithful performance of the work in accordance with the plans, specifications, and contract documents. *Gov't Code 2253.021(b)*

The payment bond is solely for the protection and use of payment bond beneficiaries who have a direct contractual relationship with the prime contractor or a subcontractor to supply public work labor

or material, and in the amount of the contract. *Gov't Code 2253.021(c)*

Failure to Obtain Payment Bond

If a district fails to obtain from a prime contractor a payment bond as required above or fails to include in a lease the lease terms required by Government Code 2252.909 [see CDB]:

1. The district is subject to the same liability that a surety would have if the surety had issued a payment bond and if the district had obtained the bond; and
2. A payment bond beneficiary is entitled to a lien on money due to the prime contractor in the same manner and to the same extent as if the public work contract were subject to Property Code Chapter 53, Subchapter J (Lien on Money Due Public Works Contractor).

Gov't Code 2253.027(a)

Bond for Insured Loss

A district shall ensure that an insurance company that is fulfilling its obligation under a contract of insurance by arranging for the replacement of a loss, rather than by making a cash payment directly to the district, furnishes or has furnished by a contractor:

1. A performance bond as described above for the benefit of a district; and
2. A payment bond, as described above for the benefit of the beneficiaries described above.

If the payment bond is not furnished, the district is subject to the same liability that a surety would have if the surety had issued the payment bond and the district had required the bond to be provided.

The bonds required to be furnished by the provisions above shall be furnished before the contractor begins work. It is an implied obligation under a contract of insurance for the insurance company to furnish these bonds.

Exception to Bond Requirement

These provisions do not apply to a district when a surety company is complying with an obligation under a bond that had been issued for the benefit of the district.

1. Not less than the general prevailing rate of per diem wages for work of a similar character in the locality in which the work is performed; and

2. Not less than the general prevailing rate of per diem wages for legal holiday and overtime work.

The requirements above do not apply to maintenance work. A worker is employed on a public work for purposes of this provision if the worker is employed by a contractor or subcontractor in the execution of a contract for public work with a district.

Gov't Code 2258.021

For a contract for a public work awarded by a district, the board shall determine the general prevailing rate of per diem wages in the district for each craft or type of worker needed to execute the contract and the prevailing rate for legal holiday and overtime work by:

1. Conducting a survey of the wages received by classes of workers employed on projects of a character similar to the contract work in the district in which the public work is to be performed; or

2. Using the prevailing wage rate as determined by the U.S. Department of Labor in accordance with the Davis-Bacon Act (40 U.S.C. Section 276a et seq.), and its subsequent amendments.

The board shall determine the general prevailing rate of per diem wages as a sum certain, expressed in dollars and cents. A board shall specify in the call for bids for the contract and in the contract itself the wage rates determined under these provisions. The board's determination of the general prevailing rates of per diem wages is final.

Gov't Code 2258.022(a), (c)-(e)

Government Code 2258.022(b) applies to a public work located in a county bordering the United Mexican States or in a county adjacent to a county bordering the United Mexican States. *Gov't Code 2258.022(b)*

Enforcement

A board awarding a contract, and an agent or officer of the board, shall:

1. Take cognizance of complaints of all violations of Government Code Chapter 2258 committed in the execution of the contract; and

2. Withhold money forfeited or required to be withheld under Government Code Chapter 2258 from the payments to the contractor under the contract, except that the board may not withhold money from other than the final payment without a determination by the board that there is good cause to believe that the contractor has violated Government Code Chapter 2258.

On receipt of information, including a complaint by a worker, concerning an alleged violation of Government Code 2258.023 [see Penalty for Noncompliance, below] by a contractor or subcontractor, a board shall make an initial determination as to whether good cause exists to believe that the violation occurred. A board must make its determination before the 31st day after the date the board receives the information. A board shall notify in writing the contractor or subcontractor and any affected worker of its initial determination.

Gov't Code 2258.051-.052(a)-(c)

Retainage and Reimbursement

A board shall retain any amount due under the contract pending a final determination of the violation. *Gov't Code 2258.052(d)*

Note: Arbitration of unresolved issues is governed by Government Code 2258.053-.055.

A board shall use any amounts retained under Government Code Chapter 2258 to pay the worker the difference between the amount the worker received in wages for labor on the public work at the rate paid by the contractor or subcontractor and the amount the worker would have received at the general prevailing rate as provided in the arbitrator's award. The board may adopt rules, orders, or ordinances relating to the manner in which the reimbursement is made. *Gov't Code 2258.056(a)-(b)*

Penalty for Noncompliance

The contractor who is awarded a contract by a district or a subcontractor of the contractor shall pay not less than the rates determined under these provisions to a worker employed by it in the execution of the contract. A contractor or subcontractor who violates this provision shall pay to the district on whose behalf the contract is made, $60 for each worker employed for each calendar day or part of the day that the worker is paid less than the wage rates stipulated in the contract. A board awarding a contract shall specify this penalty in the contract. A contractor or subcontractor does not violate this section if a board awarding a contract does not determine the prevailing wage rates and specify the rates in the contract as required by these provisions. The board shall use any money

As a condition of receiving assistance under Title I, Part A of the Elementary and Secondary Education Act (ESEA) (20 U.S.C. 6301 et seq.), a district shall, at the beginning of each school year, notify the parents of each student attending any school receiving such funds that the parents may request, and the district shall provide the parents on request (and in a timely manner), information regarding the professional qualifications of the student's classroom teachers, including, at a minimum, the following:

1. Whether the student's teacher:
    a. Has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
    b. Is teaching under emergency or other provisional status through which state qualification or licensing criteria have been waived; and
    c. Is teaching in the field of discipline of the certification of the teacher.
2. Whether the child is provided services by paraprofessionals and, if so, their qualifications.

If a district assigns an inappropriately certified or uncertified teacher (as defined below) to the same classroom for more than 30 consecutive instructional days during the same school year, it shall provide written notice of the assignment to the parents or guardians of each student in that classroom.

A superintendent shall provide the notice not later than the 30th instructional day after the date of the assignment of the inappropriately certified or uncertified teacher. An "inappropriately certified or uncertified teacher" includes an individual serving on an emergency certificate or an individual who does not hold any certificate or permit. It does not include an individual who is:

1. Certified and assigned to teach a class or classes outside his or her area of certification, as determined by State Board for Educator Certification (SBEC) rules specifying the certificate required for an assignment;
2. Serving on a certificate issued due to a hearing impairment;
3. Serving on a certificate issued pursuant to enrollment in an approved alternative certification program;
4. Certified by another state or country and serving on a certificate issued under Education Code 21.052;
5. Serving on a school district teaching permit; or
6. Employed under a waiver granted by the commissioner of education.

The state notice requirement does not apply if a school is required in accordance with Section 1006, Every Student Succeeds Act [20 U.S.C. Section 6312(e)(1)(B)(ii)], to provide notice to a parent or guardian regarding a teacher who does not meet certification requirements at the grade level and subject area in which the teacher is assigned, provided the school provides notice as required by that Act. [See Federally Required Notice—Lack of Credentials, above]

If the Texas Education Agency (TEA) has developed a model notice, the superintendent must use that model to provide the notice required under this section.

A local innovation plan may not provide for the exemption of a district designated as a district of innovation from this parental notification requirement. [See AF]
