## ALEDO ISD BOARD MEETING TEMPLATE

**MEETING DATE:** November 14, 2022

**AGENDA ITEM:** Consider Approval of 2022-2023 Class Size Exception Waivers

**PRESENTER:** Lynn McKinney, Deputy Superintendent

### **BACKGROUND INFORMATION:**

- Per Texas law, Kindergarten through Grade 4 are required to have a 22:1 student/teacher ratio. The Administration works diligently to both stay within the 22:1 student/teacher ratio and to be efficient with staffing. The Administration reviews student enrollment and potential additional staffing needs on a weekly basis.
- Enrollment at Stuard has increased and now require the following waivers:
- First grade: 2 classes at 23
- The district will now have a total of two class size waivers, both at Stuard.

### **FISCAL INFORMATION:**

None

### **ATTACHMENTS:**

None

### **ADMINISTRATIVE RECOMMENDATION:**

Administration recommends approval of two Maximum Class Size Exception Waivers at Stuard Elementary.

## **ALEDO ISD BOARD MEETING TEMPLATE**

**MEETING DATE:** November 14, 2022

**AGENDA ITEM:** Consider Approval of Purchase of Police Vehicle

**PRESENTER:** Earl Husfeld, Chief Financial Officer

### **BACKGROUND INFORMATION:**

- Per Board Policy CH (Local), any single, budgeted purchase of goods or services that costs \$50,000.00 or more, regardless of whether the goods or services are competitively purchased, shall require Board approval before a transaction may take place.
- On December 3, 2021, an order was placed with Holiday Ford for an additional vehicle for the District's Police Department.
- As the cost of this vehicle order was less than \$50,000.00, Board of Trustees approval was not needed for this purchase.
- Due to supply chain issues, the District was given an anticipated delivery date of October 2022 at the time this order was placed.
- On October 18, 2022, the District was notified that Ford Motor Company (Ford) had cancelled the District's order. Additionally, we were told that Ford had cancelled orders for many other units besides ours.
- The following proposal was received to replace the cancelled order. The current pricing for a comparable police vehicle is more than the \$50,000.00 limit that requires approval by the Board of Trustees.
- To ensure the best pricing and value, the District utilized the Tarrant County Cooperative Purchasing Program to obtain the proposal on the following pages from Holiday Chevrolet.

### **FISCAL INFORMATION:**

The \$57,470.00 cost of the police vehicle will be paid from General Fund 199, Function 52.

### **ATTACHMENTS:**

Proposal from Holiday Chevrolet

### **ADMINISTRATIVE RECOMMENDATION:**

The Administration recommends the Board of Trustees approve the proposal submitted by Holiday Chevrolet in the amount of \$57,470.00 for the purchase of one (1) police vehicle as presented.

## **ALEDO ISD BOARD MEETING TEMPLATE**

**MEETING DATE:** November 14, 2022

**AGENDA ITEM:** Consider Approval of 2022-2023 General Fund Budget Amendment

**PRESENTER:** Earl Husfeld, Chief Financial Officer

### **BACKGROUND INFORMATION:**

- Per Board Policy CE (Local), the Board of Trustees shall amend the budget when a change is made increasing any one of the functional spending categories or increasing revenue object accounts or other resources.
- In accordance with Board Policy CE (Local), the budget amendment itemized on the following page is presented for your review and consideration.
- This budget amendment is necessary so the District's 2022-2023 budget accounting records will reflect the replacement of the cancelled order for an additional vehicle for the District's Police Department. When the financial records for the 2021-2022 fiscal year are finalized, the cancellation of the 2021-2022 police vehicle order will result in the fund balance in the General Fund being approximately \$50,000.00 greater than anticipated. This fund balance increase will be used in the 2022-2023 fiscal year for the replacement order for the police vehicle. In summary, this budget amendment provides for "shifting" the cost of the police vehicle from the 2021-2022 fiscal year to the 2022-2023 fiscal year.

### **FISCAL INFORMATION:**

The budget amendment presented will increase the 2022-2023 General Fund appropriations by \$61,000.00.

### **ATTACHMENTS:**

Reporting Period 3  
October 19-November 11, 2022

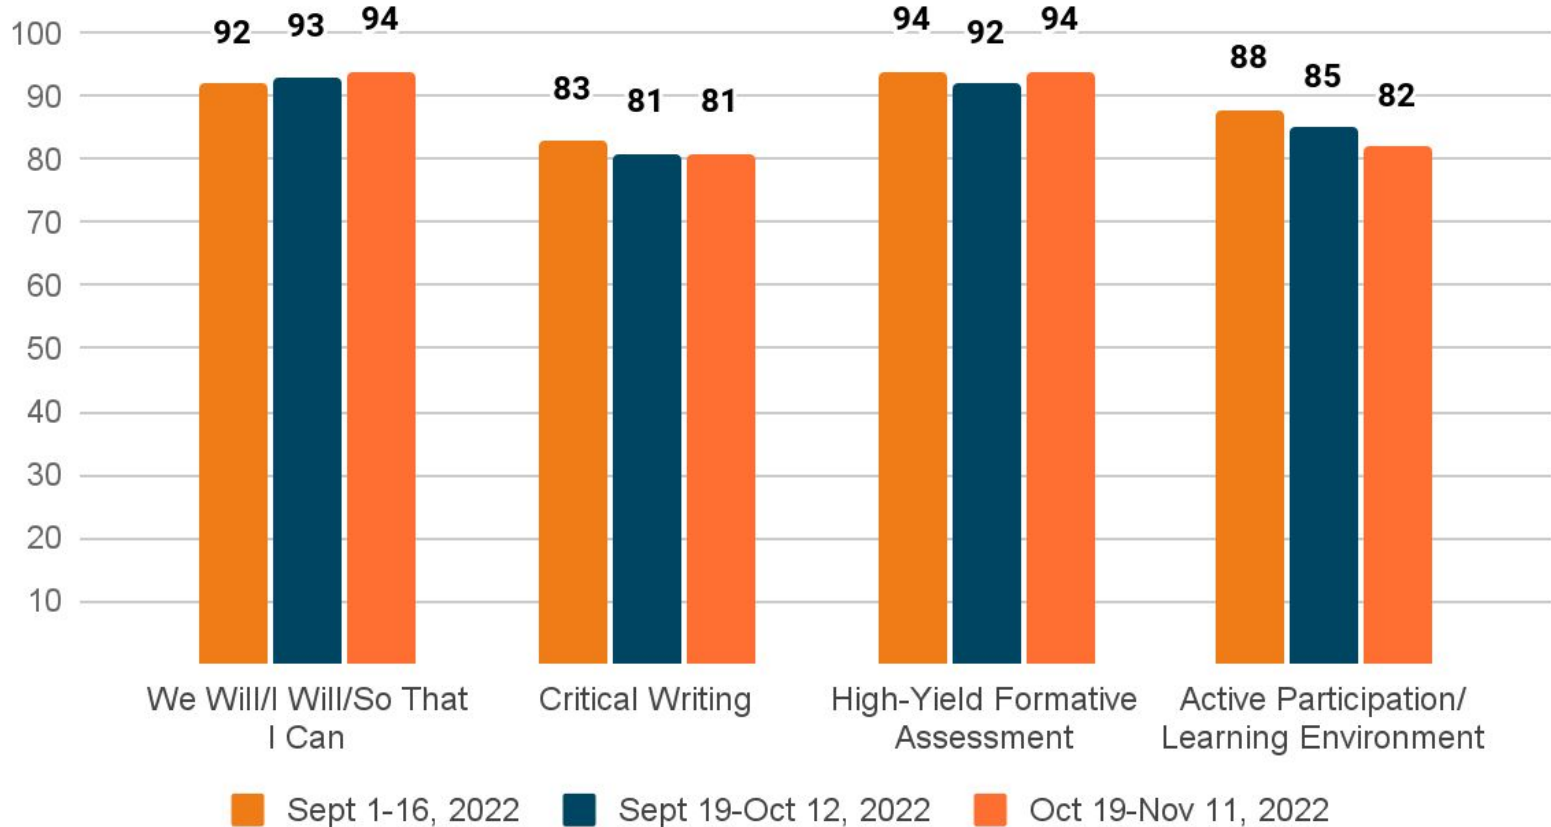

# AISD Overall Growth by Look Fors

# AISD Elementary Growth by Look Fors

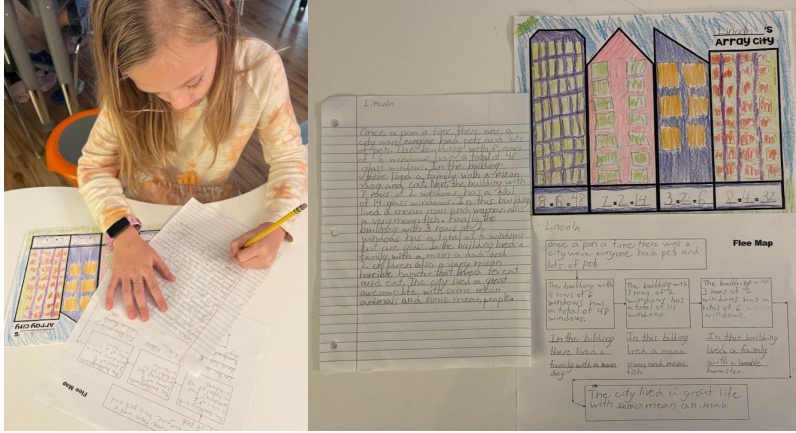

# AISD Secondary Growth by Look Fors

# Student-Driven Learning

## Annetta Elementary: 3rd Math, Ms. Cook

Students designed their Array Cities by generating factors for each building's window allowing them to find the product. They decorated their city and designed a story that described the building and the events that took place there.

## Daniel Ninth Grade Campus: PAP Geometry, Ms. Norman

Students evaluated the steps involved in playing a game of Uno to deduce an understanding of postulates and theorems. They were then given a specific hand in Uno and had to prove how and why they were able to play each card based on those postulates. They applied what they learned to solving algebraic proofs in Geometry.

# Student-Driven Learning

## Stuard Elementary:

1st Social Studies, Ms. Harbour & Ms. Martin

Students spent time learning about the reasons that Americans use voting as a way of making decisions. They then learned about the processes of voting. They registered to vote and received their voter's registration card. They researched the candidates by reading the books, *Grace for President*, *My Teacher for President* and *Duck for President*. On election day, students presented their voter registration card and voted by way of secret ballot. They collectively elected the teacher as President.

## Aledo High School:

11th Grade U.S. History, Ms. Allen

Students were reviewing the history that prompted the emergence of the United States as a world power between 1898 and 1920, in this case, WWI. Students worked together with either team on one day to review on WWI terminology, examples and stimuli to recreate the Frayer model QR code correctly. The QR code, when scanned, gives the clues that are needed to open the lock boxes. On the second day they review other relevant content using an escape room strategy. Getting the lock box open or escaping the breakout room was evidence that the team had thoroughly reviewed.

# Student-Driven Learning

Stuard Elementary:  
4th Grade Science, Ms. Matuni

Students investigated thermal and electrical conductors and insulators. Students built circuits to test materials for electrical conductivity.

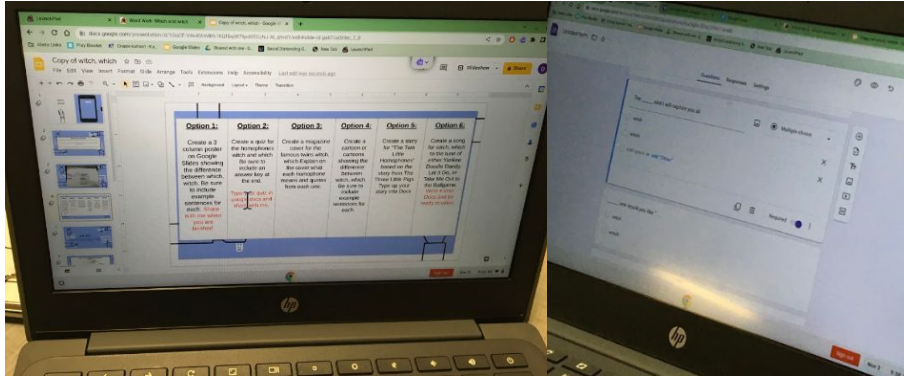

McAnally Middle School:  
7th Grade Science, Ms. Myres

Students were investigating the function of the kidneys as part of their study of the human body systems.

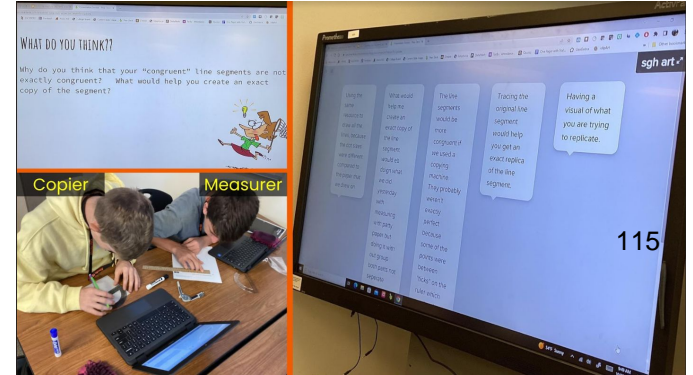

# Student-Driven Learning

## Stuard Elementary: 4th RLA, Ms. Wurth Hills

4th grade students are studying the homophone pair "witch, which". Students work in Canvas to access a choice board of ways they can share their learning about the homophone pair. Students had the option to create a poster, magazine cover, cartoon, a song, and even a Google Forms Quiz so they could challenge their peers. Including a choice of product led to high levels of engagement and relevance for the students.

## Daniel Ninth Grade Campus: PAP Geometry, Ms. Norman

Students were tasked to collaborate with a peer to accurately recreate geometric slopes with different measurement tools on patty paper. Each pair were assigned roles, a measurer and a copier. Based on a worksheet, the measurer verbally instructed the copier what to draw on a transparent patty paper.

After completing the challenge, the copier placed their patty paper over the worksheet to compare their created slopes to the line segments on the worksheet. After comparison, students reflected in PearDeck about why their geometric slopes were not accurate and what would help them create an exact copy of the line segment.

**AGENDA ITEM:** Aledo High School Auditorium Air Conditioning Rooftop Units

**PRESENTER:** Chris Campbell, Chief Facilities and Construction Officer

### **BACKGROUND INFORMATION:**

- Per Board Policy CH (Local), any single, budgeted purchase of goods or services that costs \$50,000 or more, regardless of whether the goods or services are competitively purchased, shall require Board approval before a transaction may take place.

New units will operate consistently and will be more energy efficient. The new units will also utilize bipolar ionization, this improves indoor air quality. This project also includes installation of digital controls for the new units. Controls help with the management of energy usage and cost.

## **ALEDO ISD BOARD MEETING TEMPLATE**

**MEETING DATE:** November 14, 2022

**AGENDA ITEM:** Consider Approval of Aledo ISD Legislative Priorities, 88th Legislative Session

**PRESENTER:** Legislative Subcommittee, Jessica Brown, David Lear, and Forrest Collins; Susan K Bohn, Superintendent

### **BACKGROUND INFORMATION:**

At the August 20th, 2018 regular Board meeting, the Board of Trustees created the Board Legislative Subcommittee. The committee provides reports about laws, policies, and activities by our state and federal lawmakers that may impact Aledo ISD. The committee has also worked to construct Aledo ISD's legislative priorities, and will lead the Board in identifying and participating in opportunities for Board members to advocate for the needs of AISD's students, staff, and community.

The 88th Texas Legislative session convenes in January 2023, and the Board Legislative Subcommittee has constructed Aledo ISD Legislative Priorities for the session. The Board and Administration will discuss the priorities and the plan of action for advocacy on behalf of the students, staff, and community of Aledo ISD during the session.

The Board discussed the Aledo ISD Legislative Priorities for the 88th Legislative session at the October 18, 2022 Regular Board meeting.

**Aledo Independent School District  
Legislative Priorities  
88th Texas Legislative Session**

**Protect local control, including the rights of local parents and citizens.**

We advocate that the state:

- Recognize that each community and its expectations, priorities, and needs are unique and that continued and further state-led restrictions and requirements of local public community schools take away the rights of local parents and citizens
- Leave decisions about the operations of community public schools to the discretion of parents and citizens of a local community through their locally-elected boards of trustees
- Maintain the ability of all local governments to hold elections on the two uniform election dates in May and November
- Revise current required ballot language to increase clarity and transparency for voters
- Reauthorize the ability and discretion of local governments, including school districts, to engage in economic incentive agreements in an effort to meet local economic development needs

We oppose:

- Measures that erode the decision making authority of local, citizen-elected school boards in the operation of local public schools
- Measures that centralize state control of local public schools in the Texas Education Agency or Commissioner of Education
- State takeover of local instructional decisions through implementation of a state-wide and state-operated instructional system
- Further state regulations of how elected school board trustees shall conduct business and govern
- State interference in local elections, including measures that further restrict election dates and require confusing ballot language
- Any measure that censors local community voice by prohibiting locally-elected officials to associate and collaborate to share the needs of a community's children with the Texas Legislature, state agencies, and the executive branch

**Protect and increase public school funding.**

We advocate that the state:

- Increase per pupil funding in recognition of the impact of rising costs and inflation on the operation of our schools and keeping qualified teachers in our classrooms
- Protect sustainable state funding for House Bill 3
- Ensure that no school district faces a loss of funding due to the expiration of the Formula Transition Grant

- Fund schools based on student enrollment/membership (like the vast majority of states), rather than attendance
- Increase the School Safety Allotment (currently only \$9.75 per student) to address any current and additional state requirements and authorize local districts to expend such funds based upon local community needs, expectations, and priorities
- Increase capacity of the Fast Growth Allotment to acknowledge the growing statewide need and reduce proration
- Increase capacity of the New Instructional Facility Allotment (NIFA) to meet its intended use to support the increased operational costs of rapidly growing school districts rather than diverting the funding to other programs

**Require accountability and transparency to Texans for the use of local and state tax dollars.**

We advocate that the state:

- Require that the use of tax dollars for public education is governed by locally-elected boards of trustees so that the expectations and priorities of local parents and citizens are represented in decisions
- Invest state dollars equitably and only on public schools that are held to the same financial accountability and transparency rules as traditional public schools
- Rework how new charters are granted and how charters are permitted to expand by requiring clear financial management requirements and making traditional public school funding per student equal to that sent to charter schools

We oppose:

- The state's use of increases in local property values to fund state programs other than education
- The privatization of public schools and any measures that propose private school vouchers in any form
- Any effort to divert local property tax revenues for non-public education purposes

**Support Texas public school students and educators and permit local parents and citizens to hold their public schools accountable.**

We advocate that the state:

- Implement measure that support recruitment and retention of the public school workforce, increasing flexibility and decreasing the rigid requirements of state-developed programs
- Permit local discretion and flexibility in instructional planning and implementation for accelerated learning by revising and/or repealing the one-size fits all requirements of HB 4545
- Permit school accountability systems to be crafted by the local community and constructed of measures of student success that reflect the local values and priorities of our community

- deemphasize performance on a standardized test that a child takes on one day, prohibiting such performance to serve as the primary indicator of success
