Teaching Controversial Issues

The ability to discuss, listen, and dissent are essential elements of responsible citizenship. The school district encourages students to develop skills in analyzing issues, respecting the opinion of others, distinguishing between fact and opinion, considering all pertinent factors in reaching decisions, and arriving at group decisions.

Teachers may teach or lead discussions about controversial issues if they comply with the criteria contained in this policy. Controversial issues may be questions, subjects, or problems which can create a difference of opinion. They can include issues which may have political, social, environmental, or personal impacts on pupils and/or the wider community: locally, nationally or internationally. Often they have no easy answer, in part, because solutions may be based on an individual's personal values and beliefs.

1. The issues discussed must be relevant to the curriculum and be part of a planned educational program.
2. Students must have free access to appropriate materials and information for analysis and evaluation of the issues.
3. The teacher must encourage students to consider and discuss a variety of viewpoints.
4. The topic and materials used must be within the range, knowledge, maturity, and competence of the students.
5. The teacher must inform parents and the building principal before discussing sensitive or controversial issues.
6. The teacher must keep detailed, documentary evidence to prove that both sides and/or all facts available were presented.
7. Teachers must refrain from advocating partisan causes, sectarian religious views, or selfish propaganda of any kind through any classroom or a school device. However, a teacher shall not be

prohibited from expressing a personal opinion as long as the student is encouraged to reach his/her own decision independently.

Teachers who are unsure of their obligations under this policy must confer with their principal prior to discussing controversial issues in the classroom.

Selection and Review of Library Media

The board approves curriculum and curriculum-related materials for the district with input from administrators and staff. Those processes are covered in other board policies. Staff members seeking to procure materials for use during instruction must follow board policy, practices, and directives. Those items are not covered by this policy.

The district procures library books and other media available to students that are not part of a specific class or curriculum. For purposes of this policy, those will be called library materials. This policy addresses the selection and review of library materials, regardless of their source. This policy applies regardless of whether library materials are purchased using district funds, donated, or shared at no cost to the district.

No Right to Materials. The board supports having excellent educational opportunities for students, including availability of library materials used to enrich the educational experience. However, the board and administration are responsible for considering materials based on a variety of factors and legal obligations. There is no right to force any material to be included or excluded. Staff requesting library materials do so only within the course and scope of their employment with the district.

Selection Process. The selection and approval of new library materials must comply with the district's general requisition, donation, and budgeting requirements. Materials will be selected to supplement and develop a student's intellect and enjoyment. Library material selection is a building-based process. Individual school librarians best know the specific needs and interests of their school community and tailor their collections in order to ensure the resources and materials included will support the instructional and developmental needs of the children they serve.

School librarians shall evaluate available resources and curriculum needs and will consult reputable and professional reviews. The actual resource will be examined whenever possible. Purchases are made according to the limits of the budget allotment. Library materials acquisition shall, at a minimum, follow Nebraska Department of Education, Rule 10 guidelines.

To ensure materials selected are appropriate for the district's students and consistent with the district's legal obligations, the following process applies to selection of library materials:

The school librarian, media specialist, or any individual requesting library materials is responsible for submitting the request in writing to the building principal or to superintendent or designee if there is no principal assigned to the building. The request must include the following

1. Name of the book, author, material, or resource;
2. The physical medium (*i.e.*, book, magazine, video, game, digital subscription, etc.);
3. The cost of the material

The building principal or superintendent or designee will review the library material request and inform the requester whether the material will be accepted or denied. If the administrator reviewing the material has additional questions or requests additional information, the individual requesting the acquisition will provide the information requested. Materials which require expenditure of district funds will be processed consistently with the district's purchasing and procurement policies and practices. There is no appeal from this determination.

Requested Review of Library Materials. A concerned parent of a current student or patron living within the school district boundaries may request the review of a specific library material (*i.e.*, a specific book, magazine, etc.) or portion of a specific library material. The parent or patron must first discuss their concern with the building principal and explain their concern regarding the library material. If there is no principal assigned to that building, the parent or patron should discuss their concern with the superintendent. The board believes most concerns will be resolved in this manner.

If the parent or patron is dissatisfied after the informal review and discussion with the relevant administrator, they may request a review in writing. To request a review, the individual must complete the Library Material Review Request form and submit it to the superintendent.

Upon receiving the written request, the superintendent will convene a committee to review the material and the written request made up of individuals the superintendent deems appropriate given the material to be reviewed. The committee will review the material and shall report their findings to the superintendent.

The superintendent will review the committee findings within a reasonable time after receiving it. The superintendent may consult with the school's librarian or media specialist, staff, and legal counsel at his or her discretion. The superintendent may decide to remove the material, keep the material, restrict access to the material to students based on age or grade level, or

make any other determination the superintendent deems appropriate. The superintendent's decision regarding the review will be communicated to the requester in writing.

The decision of the superintendent is final, and the board will not hear any appeal regarding the review of library material.

Additional Rules for Library Media Review. Unless the superintendent decides otherwise, the library material will remain in circulation while a review is pending. Unless otherwise required by law, no library material will be reviewed again within 4 years after a requested review is completed. Any parent or patron requesting review of multiple library materials may only request a maximum of 1 item to be reviewed at one time, and a new request cannot be submitted until the prior review is completed and notice of the determination is provided to the requesting party. Nothing in this policy prohibits the superintendent or their designee from reviewing library material outside of the review process contained in this policy and taking any action the superintendent or their designee deems appropriate.

Repeat of Grade at Parent-Guardian Request

Parents and guardians may request that their student repeat a grade level under the following conditions:

Students in Kindergarten through Fourth Grade

Parents and guardians of students in kindergarten through fourth grade may request that their student repeat the grade level that the student has just completed under the following conditions:

- 1) If the student is at least one year below grade level and behind the child's typically developing peers in reading, English, and language arts such that the child does not possess the necessary academic skills required to succeed in reading, English, and language arts at grade level for the next grade to which the student would otherwise advance; or
- 2) If the student was absent fifty percent or more of the days in which school was in session for students during the school year which the student has just completed; or
- 3) If the student experienced a severe mental or physical illness resulting in hospitalization of two or more weeks during the school year.

Students in Fifth through Twelfth Grade

Parents and guardians of students in fifth through twelfth grade may request that their student repeat the grade level that the student has just completed if the student was absent fifty percent or more of the days in which school was in session for students during the school year which the student has just completed.

Procedure for Parent Requests for Student Grade Repetition

Parents and guardians who seek to have their student repeat the grade level just completed must submit a written request to the student's building principal no earlier than the day after the last scheduled student attendance day of the school year, and no later than two weeks after that date. This deadline may be waived by the superintendent for good cause shown. The request must include written documentation that provides evidence that the parents or guardians believe substantiate that the conditions outlined above

have been met.

The principal shall promptly forward the request to the superintendent or his/her designee, along with any building-level information about the student which the principal believes will be relevant to the superintendent or designee in responding to the parents' or guardian's request.

The superintendent or designee shall review the request and promptly schedule a meeting with the parents or guardians. At this meeting, the superintendent or designee shall identify any alternative educational opportunities available to the student, including remedial instruction if applicable, and verify any special education supports available to the student. If the child's parent or guardian still intends to have such child repeat a grade, the parent or guardian shall complete a form prescribed by the Nebraska Department of Education and return the form to the office of the superintendent of schools.

Upon completion of the form and if all requirements pursuant to this policy are met, the school district shall have the child repeat the child's grade for the next school year.

Nothing in this policy modifies the school district's policies on mandatory attendance and reporting excessive absenteeism to the county attorney or other members of law enforcement. Likewise, nothing in this policy shall dictate or direct the provision of special education or related services, including but not limited to any IEP team decision about the appropriate educational placement of a child with a disability under Rule 51 of the Nebraska Department of Education.

1. INTRODUCTION

The purpose of this report is to evaluate the feasibility of a future sewer connection of the Springfield Platteview Community Schools (SPCS) facilities on the site near 108th and Platteview Road to the Sarpy County and Cities Wastewater Agency (SCCWA) regional sewer system.

The key objectives of this evaluation are as follows:

- Review reports, data, and information in regard to current and future facility use. This information will be used to estimate water demands and wastewater flows.
- Determine proposed connection points to the SCCWA regional sewer system through correspondence with SCCWA.
- Evaluate and present options for wastewater infrastructure that will serve the needs of SPCS planned growth.
- Summarize the findings, recommendations, and opinions of cost.

2. FACILITY INFORMATION

The SPCS site located at 14801 S. 108th Street, Springfield, NE 68059 serves both Platteview High School (PHS) and Platteview Central Junior High School (PCJH). The 22-acre site contains multiple buildings and athletic fields. The original facilities were constructed in 1960 and have seen several expansions and additions to support the growth and needs of SPCS students, staff, and families.

2.1 Existing Facility Usage

A Wastewater Lagoon System Study completed in 2014 by Olsson documented school enrollment, staffing and usage at that time. The information presented in that study was reviewed and updated based on information presented in the District Masterplan completed in 2024 by Alley Poyner Macchietto Architecture.

For the 2023-2024 school year there were approximately 590 students and 100 staff between the combined PHS and PCJH facilities during the school year (September through May) and approximately 25 staff during the summer months (June through August).

The 2024 District Masterplan showed an enrollment growth rate of approximately 1.5 percent per year.

The numbers presented above were used to develop the current and future facility usage estimates in Table 1.

Table 1. Estimated Facility Usage.

Year	Enrollment PCS	Enrollment PCJH	Staff	Total
2024	396	191	100	687
2025	402	194	102	698
2030	433	209	110	752
2035	466	225	119	810
2040	502	242	128	872
2045	541	261	138	940

2.2 Wastewater Flow Estimation

The 2014 Olsson Study used metering data provided by SPCS to determine the average flow rate for students and staff at SPCS. It was estimated based on that data that the average wastewater flow rate for both students and staff was 12 gallons per day per user. These values have been used to estimate the average daily flow in gallons per day (gpd) and total yearly flow in gallons. These numbers are shown in Table 2.

Table 2. Estimated Wastewater Flows.

Year	Average Daily Flow (gpd)	Peak Hour Flow (gpm)	Total Yearly Flow (gallons)
2024	8,244	67	2,279,000
2025	8,376	68	2,315,000
2030	9,024	73	2,492,000
2035	9,720	79	2,682,000
2040	10,464	85	2,885,000
2045	11,280	92	3,108,000

Many aspects of wastewater treatment and conveyance are based upon average flow, while others require an understanding of the peak flow of a system. To estimate the peak hour flow in gallons per minute (gpm) the average daily flow was first divided over an eight-hour school day to determine the average daily flow in gpm.

The formula below from Nebraska Department of Environment and Energy (NDEE) Title 123 was used to determine the average daily flow to peak hour flow factor. It is based on the population the system serves, as a higher population spreads out flow over a longer period of usage, resulting in peak flows closer to average flows.

$$\text{Average Flow to Peak Hour} = \frac{18 + \sqrt{P}}{4 + \sqrt{P}}$$

For this analysis the current total facility usage of 687 was used to calculate a peak hour factor of 3.90. This value was used along with the average daily flows to calculate the peak hour flows shown in Table 2.

3. WASTEWATER SYSTEM ALTERNATIVES

Wastewater from PHS and the other facilities on the property are currently conveyed to a two-cell complete retention lagoon system on the northeast corner of the site constructed in 2016. The lagoon system consists of one 2.23-acre lagoon cell and one 0.57-acre lagoon cell. Flow is distributed between the two cells by a splitter structure.

Future site development plans show a new middle school building, a middle school track and field complex, tennis courts, a new high school building, and softball and baseball fields. These developments would require usage of the area where the current lagoons is located.

In reviewing the alternatives available to replace the current lagoon system there were two that were found to be feasible while having the least impact on the students and staff.

3.1 Relocation of Lagoons

In order to allow for development of the remainder of the PHS site, new lagoons could be constructed on adjacent property before decommissioning the existing lagoons. A flat site of approximately 12 acres would be needed to accommodate lagoons of the current size.

In addition, a lift station and force main may be needed to convey flow from the PHS site to the new lagoons based on the elevations of adjacent properties. These components would require continual maintenance over the life of the lagoons to remain in operation.

3.2 Connection to SCCWA

The SCCWA was contacted about the future connection of the SPCS campus at 108th and Platteview Road. The master planning exhibit published by SCCWA in November 2024 shows a future trunk sewer, labeled ZC-1B, one mile east of the SPCS property. This exhibit is located in the Appendix A. There are currently no plans to construct that trunk sewer in the near future and as such SCCWA suggested connecting to the regional sewer system near SCCWA Lift Station No. 2 near 108th and Mitchell Road.

This connection would require approximately 6,000 linear feet of sewer to be installed across the field to the southeast of the SPCS property. Easements would need to be acquired for access to the sewer alignment.

By NDEE Title 123 the minimum diameter of the gravity sewer that can be installed in this location is 8-inches, which will provide adequate capacity for SPCS into the future.

4. OPINION OF PROBABLE COST

Summaries of the estimated costs associated with the alternatives mentioned above can be found in Tables 3 and 4. These costs were prepared using vendor-supplied information and best available data. As design progresses, or the initial presumptions are confirmed or replaced, adjustments to the anticipated costs will be necessary.

Table 3. Opinion of Probable Cost, Relocation of Lagoons.

Bidding for Construction, Remodeling, Repair, or Site Improvement

I. Applicability of this policy.

Construction and contracts undertaken with federal funds, whether those funds are derived directly from the federal government (e.g. award of a federal grant) or are derived by pass-through awards from the Nebraska Department of Education (e.g. special education funds, school lunch funds, Title I funds) are subject to the policy on Construction with Federal Funds, which is found elsewhere in this section.

This policy applies to all other purchases and contracts made by the school district for construction, remodeling, repair and other site improvements.

II. Projects with an Estimated Cost of Less than \$136,000

- A. The school district will solicit quotes and/or estimates for all projects with an estimated cost of less than \$136,000.
- B. Prior to solicitation of the quotes and/or estimates, the superintendent will determine whether the district will accept oral submissions.
- C. Quotes and/or estimates may be solicited by the superintendent or his/her designee without board action.
- D. The terms of any construction project undertaken pursuant to this policy will be memorialized in a written contract which has been reviewed by the district's legal counsel and approved by the board.
- E. The district may use a Nebraska state-wide cooperative purchasing program in lieu of obtaining quotes or bids under this policy to the extent such a bid or quote is not otherwise independently required by law.
- F. Nothing in this subsection prohibits or requires the use of the formal bidding procedures. If the district is going to solicit formal bids for projects of less than \$136,000 they must follow the formal procedures outlined in this policy.

III. Formal Bidding for Major Purchases and Construction

- A. Pursuant to section 73-106 of the Nebraska statutes, the board will advertise for bids when the contemplated expenditure of the project

exceeds \$136,000 for the construction, remodeling or repair of a school-owned building or for site improvement.

B. In projects that involve professional engineering or architecture, the board will have a registered professional engineer or architect prepare the plans, specifications, and estimates when the anticipated cost of the project exceeds \$144,000.

C. Advertising for Bids

1. The superintendent or designee will arrange to advertise for bids under this section by publishing notice in any newspaper of general circulation within the school district at least 7 calendar days prior to the date on which bids are due.
2. Nothing in this policy shall prevent the superintendent or designee from advertising in additional media outlets or for a longer period of time.

D. Bid Documents

1. The bid documents shall identify the day upon which the bids shall be returned, received or opened and shall identify the hour at which the bids will close or be received or opened.
2. The invitation for bids will be sufficiently certain and specific, will include any specifications and pertinent attachments, and will define the items or services in order to allow the bidder to properly respond.
3. The bid documents shall also provide that such bids shall be opened simultaneously in the presence of the bidders or their representatives.
4. Bids received after the date and time specified in the bid documents shall be returned to the bidder unopened.
5. If bids are being opened on more than one contract, the board, in its discretion, may award each contract as the bids are opened.
6. Sealed bids will be opened in a place and at the specific time

stated in the bid form. Bidders shall be notified of the opening and invited to be present.

7. The board shall have discretion in determining which bidders are responsible and responsive and shall award the contract to the lowest, responsible, and responsive bidder whose bid meets the bid specifications.
- E. Any or all bids may be rejected if there is a sound documented reason
- F. The terms of any construction project undertaken pursuant to this policy will be memorialized in a written contract which has been reviewed by the district's legal counsel and approved by the board.

Bidding for Construction, Remodeling, Repair, or Related Projects
Financed with Federal Funds

I. Applicability of the Policy

This policy applies only to construction and contracts undertaken with federal funds which are subject to the federal Uniform Grant Guidance (UGG) and other applicable federal law, including but not limited to the Education Department and General Administration Regulations (EDGAR) and the United States Department of Agriculture (USDA) regulations governing school food service programs. In the event this policy conflicts or is otherwise inconsistent with mandatory provisions of the UGG, EDGAR or other applicable federal law, the mandatory provisions of the laws shall control.

The District will also comply with the requirements of the public lettings laws (NEB. REV. STAT. §§ 73-101 through 73-106) when the contemplated expenditure for the complete project exceeds \$136,000, the Political Subdivisions Construction Alternatives Act (NEB. REV. STAT. §§ 13-2901 through 13-2914), energy financing contracts (NEB. REV. STAT. §§ 66-1062 through 66-1066), other applicable state laws, and the board's general policy on Bidding for Construction and Related Projects. In addition, all procurement and construction shall comply with the rules and requirements of 2 CFR part 200.317 through 200.327 and 34 CFR sections 75.601 through 75.615. In the event of a conflict between state and federal law, the more stringent requirement shall apply.

II. All projects undertaken pursuant to this policy will be subject to the following bond requirements

- A. A bid guarantee from each bidder equivalent to five percent of the bid price. The "bid guarantee" must consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of the bid, execute such contractual documents as may be required within the time specified.
- B. A performance bond on the part of the contractor for 100 percent of the contract price. A "performance bond" is one executed in connection with a contract to secure fulfillment of all the contractor's obligations under such contract.
- C. A payment bond on the part of the contractor for 100 percent of the contract price. A "payment bond" is one executed in connection with a contract to assure payment as required by law of all persons supplying labor and material in the execution of the work provided for in the contract.

III. Construction Projects with an Anticipated Cost of Under \$350,000

A. Methods of Bidding/Soliciting Quotations or Estimates

The type of procedures required depends on the anticipated cost of the project.

- 1. Construction with an Anticipated Cost of up to \$15,000 (Micro-Purchases)

Micro-purchase means an individual procurement transaction for supplies or services using simplified acquisition procedures, the annual aggregate amount of which does not exceed \$15,000. Micro-purchases may be made or awarded without soliciting competitive quotations, to the extent district staff determine that the cost of the purchase is reasonable. For purposes of this policy "reasonable" means the purchase is comparable to market prices for the geographic area.

To the extent practicable, the District distributes micro-purchases equitably among qualified suppliers. The District will follow its standard policy on purchasing.

2. Construction with an Anticipated Cost of between \$15,000 and \$350,000 (Simplified Acquisition Procedures)

For construction projects subject to this policy, simplified acquisitions are purchases that, in the aggregate amount, is more than \$15,000 and less than \$350,000 annually. For simplified acquisitions, price or rate quotes shall be obtained in advance from a reasonable number of qualified sources as detailed in the district's standard policies on purchasing and on bid letting and contracts.

- B. Construction Projects with an estimated cost of between \$136,000 and \$349,999 will be made pursuant to the District's Policy on Bid Letting and Contracts.

Pursuant to Nebraska law, construction projects which have an anticipated aggregate cost of \$136,000 or more are subject to state public lettings laws (NEB. REV. STAT. §§ 73-101 through 73-106). The board will follow its standard policy on bid letting and contracts for construction projects financed with federal funds which have an anticipated aggregate cost of between \$136,000 and \$350,000.

IV. Construction Projects with an Anticipated Cost Over \$350,000

- A. Sealed Bids: All constructions projects subject to this policy with an anticipated cost of \$350,000 or more will be publicly solicited using the sealed bid method
 1. Bids must be solicited from an adequate number of known suppliers, providing them sufficient response time prior to the date set for opening the bids, for state, local, and tribal governments, the invitation for bids must be publicly advertised;
 2. The invitation for bids, which will include any specifications and pertinent attachments, must define the items or services in order for the bidder to properly respond;
 3. Sealed bids will be publicly opened in a place and at the specific time stated in the bid solicitation. Bidders shall be notified of the opening and invited to be present.
 4. The contract will be awarded to the lowest responsive and

responsible bidder.

- a) Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs must be considered in determining which bid is lowest.
- b) Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of.
- c) Any or all bids may be rejected if there is a sound documented reason.

5. The board shall have discretion in determining which bidders are responsible and responsive and shall award the contract to the lowest, responsible, and responsive bidder whose bid meets the bid specifications. This means that the board will select the bid that offers the best value and award a contract based upon the amount of the bid and the bidder's ability and capacity to carry on the work, its equipment and facilities, honesty, integrity, skills, business judgment, experience, equipment, facilities, financial stability, past performance, and other relevant factors.

6. The board will generally complete its review of bids and select a vendor within 30 days of bid submission.

B. Advertising for Bids.

1. The superintendent or designee will arrange to advertise for bids by publishing notice in any newspaper of general circulation within the school district at least 7 calendar days prior to the date on which bids are due.
2. Nothing shall prevent the superintendent or designee from advertising in additional media outlets or for a longer period of time.

C. Bid Documents

1. The bid documents shall identify the day upon which the bids shall be returned, received, or opened and shall identify the hour at which the bids will close or be received or opened.
2. The bid documents shall also provide that such bids shall be opened simultaneously in the presence of the bidders or their representatives.

3. Bids received after the date and time specified in the bid documents shall be returned to the bidder unopened.
4. If bids are being opened on more than one contract, the board, in its discretion, may award each contract as the bids are opened.
5. Sealed bids will be opened in a place and at the specific time stated in the bid solicitation. Bidders shall be notified of the opening and invited to be present.
6. Bids will be reviewed by the Superintendent and/or designee and submitted to the board for approval.
7. The board shall have discretion in determining which bidders are responsible and responsive and shall award the contract to the lowest, responsible, and responsive bidder whose bid meets the bid specifications. This means that the board will select the bid that offers the best value and award a contract based upon the amount of the bid and the bidder's ability and capacity to carry on the work, its equipment and facilities, honesty, integrity, skills, business judgment, experience, equipment, facilities, financial stability, past performance, and other relevant factors.
8. The board will generally complete its review of bids and select a vendor within 30 days of bid submission.

D. The terms of any construction project undertaken pursuant to this policy will be memorialized in a written contract which has been reviewed by the district's legal counsel and approved by the board.

V. Other Contract Matters.

A. Required Terms

The non-Federal entity's contracts must contain the applicable provisions required by section 200.327 and described in Appendix II to Part 200—Contract Provisions for non-Federal Entity Contracts Under Federal Awards. This includes a "Buy American" provision that provides that as appropriate and to the extent consistent with law, the District and contractor should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron,

aluminum, steel, cement, and other manufactured products). The requirements of the Buy American provision must be included in all subawards including all contracts and purchase orders for work or products under this award.

B. Contracting with Certain Vendors

Pursuant to the standards contained in 2 C.F.R. § 200.321, the District will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms are used when possible and consistent with state law.

To the maximum extent practicable, the school food program shall purchase domestic commodities or products produced in the U.S. or processed in the U.S. substantially using agricultural commodities produced in the U.S.

C. Full and Open Competition

The district's procurement transactions will be conducted in a manner providing full and open competition consistent with 2 C.F.R §200.319.

D. Debarment and Suspension

The District awards contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, public policy compliance, proper classification of employees (see the Fair Labor Standards Act, 29 U.S.C. 201, chapter 8), record of past performance, and financial and technical resources when conducting a procurement transaction.

The District may not subcontract with or award subgrants to any person or company who is debarred or suspended. For all contracts over \$25,000 the District verifies that the vendor with whom the District intends to do business with is not excluded or disqualified. 2 C.F.R. Part 200, Appendix II(1) and 2 C.F.R. §§ 180.220 and 180.300.

The District will verify debarment or suspension by reviewing the excluded parties list on SAM.gov, collecting a certification through the bidding process, and/or by including a debarment and suspension provision in the bid and contract documents. The Superintendent or his/her designee shall be responsible for such verification.

E. Settlements of Issues Arising Out of Contract

The District alone is responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the District of any contractual responsibilities under its contracts. Violations of law will be referred to the local, state, or federal authority having proper jurisdiction.

F. Record Keeping

1. Record Retention

- a) The District maintains all records that fully show (1) the amount of funds under the grant or subgrant; (2) how the subgrantee uses those funds; (3) the total cost of each project; (4) the share of the total cost of each project provided from other sources; (5) other records to facilitate an effective audit; and (6) other records to show compliance with federal program requirements. 34 C.F.R. §§ 76.730-.731 and §§ 75.730-.731. The District also maintains records of significant project experiences and results. 34 C.F.R. § 75.732. These records and accounts must be retained and made available for programmatic or financial audit.

- b) The U.S. Department of Education is authorized to recover any federal funds misspent within 5 years before the receipt of a program determination letter. 34 C.F.R. § 81.31(c). Schedule 10 (Local School Districts) and Schedule 24 (Local Agencies General Records) of the Nebraska Records Management Division as approved by the Nebraska Secretary of State/State Records Administrator requires the District to maintain records regarding construction projects for a minimum of five (5) years after the sale or demolition of the building. However, if any litigation, claim, or audit is started before the expiration of the record retention period, the records will be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. 2 C.F.R. § 200.334.

- c) Records will be destroyed in compliance with Schedule 10, Schedule 24, and State law. This includes the completion of a Records Disposition Report.
2. Maintenance of Construction Records for Projects Financed with Federal Funds
- a) The District must maintain records sufficient to detail the history of all construction projects financed with federal funds. These records will include, but are not necessarily limited to the following: rationale for the method of construction, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.
 - b) Retention of construction records shall be in accordance with applicable law and Board policy.

VI. Conflict of Interest and Code of Conduct

- A. Board and staff member conflicts of interest are governed by the district's conflict of interest policies.
- B. Contracts covered by this policy are subject to the following additional provisions.
 - 1. Employees, officers, and agents engaged in the selection, award, and/or administration of district contracts which are prohibited from engaging in such actions if a real or apparent conflict of interest is present.
 - 2. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.
 - 3. The board may determine at its discretion that a financial interest is not substantial enough to give rise to a conflict of interest.

C. Favors and Gifts

An employee, officer, agent, and board member of the District may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts, with the limited exception of unsolicited items of nominal value.

D. Enforcement

Disciplinary Actions will be applied for violations of such standards by officers, employees, board members, or agents of the District at the board's discretion.

VII. Financial Management

A. Identification.

The District will identify, in its accounts, all federal awards received and expended and the federal programs under which they were received. Federal program and award identification include, as applicable, the CFDA title and number, federal award identification number and year, name of the federal agency, and, if applicable, name of the pass-through entity.

B. Financial Reporting

The District will make an accurate, current, and complete disclosure of the financial results of each federal award or program in accordance with the financial reporting requirements set forth in the Education Department General Administrative Regulations (EDGAR).

C. Accounting Records

The District maintains records which adequately identify the source and application of funds provided for federally-assisted activities. These records must contain information pertaining to grant or subgrant awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.

D. Internal Controls

The Superintendent or his/her designee must maintain effective control and accountability for all funds, real and personal property,

and other assets through board review and approval of claims, an annual audit of the district's finances pursuant to the applicable Nebraska Department of Education and federal rules and regulations, and comparison of expenditures and outlays to budgeted amounts. The District adequately safeguards all such property and assures that it is used solely for authorized purposes.

E. Budget Control

Actual expenditures or outlays will be compared with budgeted amounts for each federal award at least annually and more often as required by law or deemed prudent by the board or administrative staff.

F. Payment Methods

The District will comply with applicable methods and procedures for payment that minimize the time elapsing between the transfer of funds and disbursement by the District, in accordance with the Cash Management Improvement Act at 31 CFR Part 205. Generally, the District receives payment from the Nebraska Department of Education on a reimbursement basis. 2 CFR § 200.305. However, if the District receives an advance in federal grant funds, the District will remit interest earned on the advanced payment quarterly to the federal agency. The District may retain interest amounts up to \$500 per year for administrative expenses. 2 CFR § 200.305(b)(9).

Consistent with state and federal requirements, the District will maintain source documentation supporting the federal expenditures (invoices, time sheets, payroll stubs, etc.) and will make such documentation available for the Nebraska Department of Education to review upon request.

G. Allowability of Costs

Expenditures must be aligned with approved budgeted items. Any changes or variations from the state-approved budget and grant application need prior approval.

When determining how the District will spend its grant funds, the Superintendent or his/her designee will review the proposed cost to determine whether it is an allowable use of federal grant funds before obligating and spending those funds on the proposed good or service. All costs supported by federal education funds must meet the standards

outlined in EDGAR, 2 CFR Part 3474 and 2 CFR Part 200, Subpart E. The Superintendent or his/her designee must consider these factors when making an allowability determination.

The Superintendent or his/her designee will consider Part 200's cost guidelines when federal grant funds are expended. The Superintendent or his/her designee will also consider whether all state - and District-level requirements and policies regarding expenditures have been followed.

H. Use of Program Income – Deduction, Addition, or Cost Sharing or Matching

The default method for the use of program income for the District is the deduction method. 2 C.F.R. § 200.307(e). Under the deduction method, program income is deducted from total allowable costs to determine the net allowable costs. Program income will only be used for current costs unless the District is otherwise directed by the federal awarding agency or pass-through entity. 2 C.F.R. § 200.307(e)(1). The District may also request prior approval from the federal awarding agency to use the addition method. Under the addition method, program income may be added to the Federal award by the Federal agency and the non-Federal entity. The program income must then be used for the purposes and under the conditions of the Federal award. 2 C.F.R. § 200.307(e)(2). The District may also request prior approval from the federal awarding agency to use the cost sharing or matching method.

While the deduction method is the default method, the District always refers to the grant award notice prior to determining the appropriate use of program income.

I. Cost Sharing or Matching

For all Federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the non-Federal entity's cost sharing or matching when such contributions meet all of the following criteria:

- (1) Are verifiable from the non-Federal entity's records;
- (2) Are not included as contributions for any other Federal award;
- (3) Are necessary and reasonable for accomplishment of project or program objectives;
- (4) Are allowable under [subpart E \(Cost Principles\) of this part](#);
- (5) Are not paid by the Federal Government under another Federal

award, except where the Federal statute authorizing a program specifically provides that Federal funds made available for such program can be applied to matching or cost sharing requirements of other Federal programs;

- (6) Are provided for in the approved budget when required by the Federal awarding agency; and
- (7) Conform to other provisions of this part, as applicable.

J. Documentation of Personnel Expenses

Records that reflect charges to federal awards for salaries and wages will comply with the rules and requirements of 2 CFR 200.430.

VIII. Other Contract Matters.

A. Required Terms

The non-Federal entity's contracts must contain the applicable provisions required by section 200.327 and described in Appendix II to Part 200—Contract Provisions for non-Federal Entity Contracts Under Federal Awards.

B. Contracting with Certain Vendors

Pursuant to the standards contained in 2 C.F.R. § 200.321, the District will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms are used when possible consistent with state law.

To the maximum extent practicable, the school food program shall purchase domestic commodities or products produced in US or processed in US substantially using agricultural commodities produced in US.

C. Record Keeping

1. Record Retention

- a) The District maintains all records that fully show (1) the amount of funds under the grant or subgrant; (2) how the subgrantee uses those funds; (3) the total cost of each project; (4) the share of the total cost of each project provided from other sources; (5) other records to facilitate an effective audit; and (6) other records to show

compliance with federal program requirements. 34 C.F.R. §§ 76.730-.731 and §§ 75.730-.731. The District also maintains records of significant project experiences and results. 34 C.F.R. § 75.732. These records and accounts must be retained and made available for programmatic or financial audit.

b) The U.S. Department of Education is authorized to recover any federal funds misspent within 5 years before the receipt of a program determination letter. 34 C.F.R. § 81.31(c). Schedule 10 (Local School Districts) and Schedule 24 (Local Agencies General Records) of the Nebraska Records Management Division as approved by the Nebraska Secretary of State/State Records Administrator requires the District to maintain records regarding federal awards for a minimum of six (6) years. Consequently, the District shall retain records for a minimum of six (6) years from the date on which the final Financial Status Report is submitted, unless otherwise notified in writing to extend the retention period by the awarding agency, cognizant agency for audit, oversight agency for audit, or cognizant agency for indirect costs. However, if any litigation, claim, or audit is started before the expiration of the record retention period, the records will be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. 2 C.F.R. § 200.333.

c) Records will be destroyed in compliance with Schedule 10, Schedule 24, and State law. This includes the completion of a Records Disposition Report.

2. Maintenance of Procurement Records

a) The District must maintain records sufficient to detail the history of all procurements. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.

b) Retention of procurement records shall be in

accordance with applicable law and Board policy.

D. Privacy

The District has protections in place to ensure that the personal information of both students and employees is protected. These include the use of passwords that are changed on a regular basis; staff training on the requirements of the Family Educational Rights and Privacy Act (FERPA) and State confidentiality requirements; and training on identifying whether an individual requesting access to records has the right to the documentation.

3004.1 Fiscal Management for Purchasing and Procurement Using Federal Funds

I. Applicability of Policy

This policy applies only to non-construction related purchases undertaken with federal funds which are subject to the federal Uniform Grant Guidance (UGG) and other applicable federal law, including but not limited to the Education Department and General Administration Regulations (EDGAR) and the United States Department of Agriculture (USDA) regulations governing school food service programs. In the event this policy conflicts or is otherwise inconsistent with mandatory provisions of the UGG, EDGAR or other applicable federal law, the mandatory provisions of the laws shall control.

All other non-construction purchases will be governed by the Board's general purchasing policy, which can be found earlier in this subsection. In the event of a conflict between state and federal law, the more stringent requirement shall apply.

This procurement policy shall govern all purchasing activities that relate to any aspect of the National School Lunch and Breakfast Programs. The district's goal is to fully implement all required procurement rules, regulations and policies set forth in 2 CFR 200, 7 CFR parts 210, 3016 and 3019, and by the Nebraska Department of Education.

II. Procurement System

The District maintains the following purchasing procedures.

A. Responsibility for Purchasing

The authority to make purchases shall be governed by the District's purchasing policy, which can be found elsewhere in this section. Except as otherwise provided in the District's purchasing policy, the acquisition of services, equipment, and supplies shall be centralized in the administration office under the supervision of the superintendent of schools, who shall be responsible for developing and administering the purchasing program of the school district. Purchases or commitments of district funds that are not authorized by this policy will be the responsibility of the person making the commitment.

B. Methods of Purchasing

The type of purchase procedures required depends on the cost of the item(s) being purchased.

1. Purchases up to \$15,000 (Micro-Purchases)

Micro-purchase means an individual procurement transaction for supplies or services using simplified acquisition procedures, the annual aggregate amount of which does not exceed \$15,000. Micro-purchases may be made or awarded without soliciting competitive quotations, to the extent district staff determine that the cost of the purchase is reasonable. For purposes of this policy "reasonable" means the purchase is comparable to market prices for the geographic area.

To the extent practicable, the District distributes micro-purchases equitably among qualified suppliers. The District will follow its standard policy on purchasing, which can be found earlier in this subsection.

2. Purchases between \$15,000 and \$350,000 (Simplified Acquisition Procedures)

Simplified acquisitions are purchases that, in the aggregate amount, are more than \$15,000 and less than \$350,000 annually. For simplified acquisitions, price or rate quotes shall be obtained in advance from a reasonable number of qualified sources as detailed in the district's standard policies on purchasing and on bid letting and contracts, which can be found earlier in this subsection.

3. Purchases Over \$350,000

a) Sealed Bids (Formal Advertising)

For purchases over \$350,000, the district will generally follow the bidding process outlined in the board's policy on Bidding for Construction, Remodeling, Repair or Site Improvement. If sealed bids are not accepted for a purchase of over \$350,000, the district will retain an explanation for that decision.

b) Contract/Price Analysis

The District performs a cost or price analysis in connection with every procurement action in excess of \$350,000, including contract modifications.

The district will make an independent estimate of costs prior to receiving bids or proposals.

4. Noncompetitive Proposals (Sole Sourcing)

- a) Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:
 - 1) The procurement transaction can only be fulfilled by a single source;
 - 2) The public exigency or emergency for the requirement will not permit a delay resulting from providing public notice of a competitive solicitation;
 - 3) The federal awarding agency or pass-through entity expressly authorizes written approval of noncompetitive proposals in response to a written request from the District; or
 - 4) After solicitation of a number of sources, competition is determined inadequate.
- b) Noncompetitive proposals may only be solicited with the approval of the superintendent or the board. Sufficient and appropriate documentation that justifies the sole sourcing decision must be maintained by the superintendent or designee.
- c) A cost or price analysis will be performed for noncompetitive proposals when the price exceeds \$350,000.

5. Competitive Proposals.

- a) The technique of competitive proposals is normally conducted with more than one source submitting an offer, and either a fixed price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids. If this method is used, the following requirements

apply:

- 1) Requests for proposals must be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals must be considered;
 - 2) Proposals must be solicited from an adequate number of qualified sources; and
 - 3) Contracts must be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered.
- b) The District may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used to procure A/E professional services. The method may not be used to purchase other services provided by A/E firms are a potential source to perform the proposed effort.

The evaluation may be conducted by the school board, a designated committee, or another designee of the school board.

C. Use of Purchase (Debit & Credit) Cards

District use of purchase cards is subject to the policy on purchase cards which can be found elsewhere in this subsection.

D. Federal Procurement System Standards

The District will maintain and follow general procurement standards consistent with 2 C.F.R. §200.318.

E. Debarment and Suspension

The District awards contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, public policy compliance, proper classification of employees (see the Fair Labor Standards Act, 29 U.S.C. 201, chapter 8), record of past performance, and financial and technical resources when conducting a procurement transaction.

The District may not subcontract with or award subgrants to any person or company who is debarred or suspended. For all contracts over \$25,000 the District verifies that the vendor with whom the District intends to do business with is not excluded or disqualified. 2 C.F.R. Part 200, Appendix II(1) and 2 C.F.R. §§ 180.220 and 180.300.

The District will verify debarment or suspension by revising the excluded parties list on SAM.gov, collecting a certification through the bidding process, and/or by including a debarment and suspension provision in the bid and contract documents. The Superintendent or his/her designee shall be responsible for such verification.

F. Settlements of Issues Arising Out of Procurements

The District alone is responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the District of any contractual responsibilities under its contracts. Violations of law will be referred to the local, state, or federal authority having proper jurisdiction.

III. Conflict of Interest and Code of Conduct

A. Board and staff member conflicts of interest are governed by the district's conflict of interest policies.

B. Purchases covered by this policy are subject to the following additional provisions.

1. Employees, officers, and agents engaged in the selection, award, and/or administration of district contracts which are prohibited from engaging in such actions if a real or apparent conflict of interest is present.

3. The board may determine at its discretion that a financial interest is not substantial enough to give rise to a conflict of interest.

C. Favors and Gifts

An employee, officer, agent, and board member of the District may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts, except that this provision does not prohibit the receipt of unsolicited items of nominal value. For purposes of this policy, "nominal value" means a fair market value of \$25 or less.

D. Enforcement

Disciplinary Actions including, but not limited to, counseling, oral reprimand, written reprimand, suspensions without pay, or termination of employment, will be applied for violations of such standards by officers, employees, board members, or agents of the District.

2. Supplies means all tangible personal property other than those described in §200.33 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the District for financial statement purposes or \$10,000, regardless of the length of its useful life. 2 C.F.R. §200.94.
3. Computing Devices means machines that acquire, store, analyze, process, and publish data and other information electronically, including accessories (or “peripherals”) for printing, transmitting and receiving, or storing electronic information. 2 C.F.R. §200.20.

D. Physical Inventory

1. A physical inventory of the property must be taken and the results reconciled with the property records at least once every two years.
2. The Superintendent or his/her designee will ensure that the physical inventory is performed. The physical inventory will generally occur during the months of June or July, but may be conducted during other time periods with the approval of the superintendent.

E. Maintenance

In accordance with 2 C.F.R. 313(d)(4), the District maintains adequate maintenance procedures to ensure that property is kept in good condition.

F. Lost or Stolen Items

The District maintains a control system that ensures adequate safeguards are in place to prevent loss, damage, or theft of the property. The District will notify the Federal agency or pass-through entity of any loss, damage, or theft of equipment that will have an impact on the program.

G. Use of Equipment

Equipment must be used in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by the federal award, and the District will not encumber the property for any non-federal program use without prior approval of the federal awarding agency and the pass-through entity.

H. Disposal of Equipment

When it is determined that equipment acquired under a federal award is no longer needed for the original project or program or for other activities currently or previously supported by a federal awarding agency, the Superintendent or his/her designee will contact the awarding agency (or pass-through for a state-administered grant) for disposition instructions.

If the item has a current fair market value of \$10,000 or less, it may be retained, sold, or otherwise disposed of with no further obligation to the federal awarding agency or pass-through entity. The Superintendent or his/her designee will utilize sales procedures which ensure the highest possible return on the disposal of the equipment.

I. Equipment Retention

When included in the terms and conditions of the Federal award, the Federal agency may permit the recipient to retain equipment, or authorize a pass-through entity to permit the recipient to retain equipment, with no further obligation to the Federal Government unless prohibited by Federal statute or regulation.

J. Equipment and Capital Expenditures

All equipment and capital expenditures shall comply with the rules and requirements of 2 CFR 200.439.

K. Depreciation

All depreciation shall comply with the rules and requirements of 2 CFR 200.436.

L. Reporting and Recording Federal Property Interest

The district will comply with federal interest reporting and submit annual reports, if required, regarding a real property

interest due to a renovation, major remodeling, construction, or real property project funded by federal grant funds.

V. Financial Management

A. Identification

The District will identify, in its accounts, all federal awards received and expended and the federal programs under which they were received. Federal program and award identification include, as applicable, the CFDA title and number, federal award identification number and year, name of the federal agency, and, if applicable, name of the pass-through entity.

B. Financial Reporting

The District will make an accurate, current, and complete disclosure of the financial results of each federal award or program in accordance with the financial reporting requirements set forth in the Education Department General Administrative Regulations (EDGAR).

C. Accounting Records

The District maintains records which adequately identify the source and application of funds provided for federally-assisted activities. These records must contain information pertaining to grant or subgrant awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.

D. Internal Controls

The Superintendent or his/her designee must maintain effective control and accountability for all funds, real and personal property, and other assets through board review and approval of claims, an annual audit of the district's finances pursuant to the applicable Nebraska Department of Education and federal rules and regulations, and comparison of expenditures and outlays to budgeted amounts. The District adequately safeguards all such property and assures that it is used solely for authorized purposes. The District takes reasonable cybersecurity and other measures to safeguard information including protected personally identifiable information.

E. Budget Control

Actual expenditures or outlays will be compared with budgeted amounts for each federal award at least annually and more often as required by law or deemed prudent by the board or administrative staff.

F. Payment Methods

The District will comply with applicable methods and procedures for payment that minimize the time elapsing between the transfer of funds and disbursement by the District, in accordance with the Cash Management Improvement Act at 31 CFR Part 205. Generally, the District receives payment from the Nebraska Department of Education on a reimbursement basis. 2 CFR § 200.305. However, if the District receives an advance in federal grant funds, the District will remit interest earned on the advanced payment quarterly to the federal agency. The District may retain interest amounts up to \$500 per year for administrative expenses. 2 CFR § 200.305(b)(9).

Consistent with state and federal requirements, the District will maintain source documentation supporting the federal expenditures (invoices, time sheets, payroll stubs, etc.) and will make such documentation available for the Nebraska Department of Education to review upon request.

G. Allowability of Costs

Expenditures must be aligned with approved budgeted items. Any changes or variations from the state-approved budget and grant application need prior approval.

When determining how the District will spend its grant funds, the Superintendent or his/her designee will review the proposed cost to determine whether it is an allowable use of federal grant funds before obligating and spending those funds on the proposed good or service. All costs supported by federal education funds must meet the standards outlined in EDGAR, 2 CFR Part 3474 and 2 CFR Part 200, Subpart E. The Superintendent or his/her designee must consider these factors when making an allowability determination.

The Superintendent or his/her designee will consider Part 200's cost guidelines when federal grant funds are expended. The Superintendent or his/her designee will also consider whether all state - and District-level requirements and policies regarding expenditures have been followed.

H. Use of Program Income – Deduction, Addition, or Cost Sharing or Matching

The default method for the use of program income for the District is the deduction method. 2 C.F.R. § 200.307(e). Under the deduction method, program income is deducted from total allowable costs to determine the net allowable costs. Program income will only be used for current costs unless the District is otherwise directed by the federal awarding agency or pass-through entity. 2 C.F.R. § 200.307(e)(1). The District may also request prior approval from the federal awarding agency to use the addition method. Under the addition method, program income may be added to the Federal award by the Federal agency and the non-Federal entity. The program income must then be used for the purposes and under the conditions of the Federal award. 2 C.F.R. § 200.307(e)(2). The District may also request prior approval from the federal awarding agency to use the cost sharing or matching method.

While the deduction method is the default method, the District always refers to the grant award notice prior to determining the appropriate use of program income.

I. Cost Sharing or Matching

For all Federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the non-Federal entity's cost sharing or matching when such contributions meet all of the following criteria:

- (1) Are verifiable from the non-Federal entity's records;
- (2) Are not included as contributions for any other Federal award;
- (3) Are necessary and reasonable for accomplishment of project or program objectives;
- (4) Are allowable under subpart E (Cost Principles) of this part;
- (5) Are not paid by the Federal Government under another Federal award, except where the Federal statute authorizing a program specifically provides that Federal funds made available for such program can be applied to matching or cost sharing requirements of other Federal programs;
- (6) Are provided for in the approved budget when required by the Federal awarding agency; and
- (7) Conform to other provisions of this part, as applicable.

J. Documentation of Personnel Expenses

Records that reflect charges to federal awards for salaries and wages will comply with the rules and requirements of 2 CFR 200.430.

VI. Written Compensation Policies

A. Time and Effort Standards

All employees who are paid in full or in part with federal funds must keep specific documents to demonstrate the amount of time they spent on grant activities. This includes an employee whose salary is paid with state or local funds but is used to meet a required "match" in a federal program. These documents, known as time and effort records, are maintained in order to charge the costs of personnel compensation to federal grants. Charges to federal awards for salaries and wages must be based on records that accurately reflect the work performed. These records must:

- (1) Be supported by a system of internal controls which provides reasonable assurance that the charges are accurate, allowable, and properly allocated;
- (2) Be incorporated into official records;
- (3) Reasonably reflect total activity for which the employee is compensated, not exceeding 100% of compensated activities;
- (4) Encompass both federally assisted and all other activities compensated by the District on an integrated basis;
- (5) Comply with the established accounting policies and practices of the District and
- (6) Support the distribution of the employee's salary or wages among specific activities or costs objectives.

B. Time and Effort Procedures

Time and effort procedures will follow and comply with 2 CFR 200.430(i).

C. Fringe Benefits

Except as provided otherwise by federal law, the costs of fringe benefits will be allowable provided that the benefits are reasonable and required by law, a district-employee agreement, or another policy of the District.

D. Leave

The cost of fringe benefits in the form of regular compensation paid to employees during periods of authorized absences from the job, such as for annual leave, family-related leave, sick leave, holidays, court leave, military leave, administrative leave, and other similar benefits, are allowable if they are provided under established written District leave policies.

E. Unexpected or Extraordinary Circumstances

In the event of a pandemic or other unexpected or extraordinary circumstance, the District may close school or individual buildings. In such case, the District may compensate federally funded or other employees during such closure to ensure the return of staff to employment after the closure as allowed by state or federal law.

F. Documentation for Personnel Expenses

Records that reflect charges to federal awards for salaries and wages will comply with the rules and requirements of 2 CFR 200.430.

VII. Other Contract Matters.

A. Required Terms

The non-Federal entity's contracts must contain the applicable provisions required by section 200.326 and described in Appendix II to Part 200—Contract Provisions for non-Federal Entity Contracts Under Federal Awards.

B. Contracting with Certain Vendors

Pursuant to the standards contained in 2 C.F.R. § 200.321, the District will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms are used when possible consistent with state law.

Buy American. The District participates in the National School Lunch Program and School Breakfast Program and is required to use the nonprofit food service funds, to the maximum extent practicable, to buy domestic commodities or products for Program meals. A "domestic commodity or product" is defined as one that is either produced in the U.S. or is processed in the U.S. substantially using agricultural commodities that are produced in the U.S. as provided in 7 CFR 210.21(d).

The District may deviate from this general requirement only if:

- The product is not produced or manufactured in the U.S. in sufficient and reasonably available quantities of a satisfactory quality; or
- Competitive bids reveal the costs of a U.S. product are significantly higher than the non-domestic product.

C. Record Keeping

1. Record Retention

The District also maintains records of significant project experiences and results. 34 C.F.R. § 75.732. These records and accounts must be retained and made available for programmatic or financial audit.
- b) The U.S. Department of Education is authorized to recover any federal funds misspent within 5 years before the receipt of a program determination letter. 34 C.F.R. § 81.31(c). Schedule 10 (Local School Districts) and Schedule 24 (Local Agencies General Records) of the Nebraska Records Management Division as approved by the Nebraska Secretary of State/State Records Administrator requires the District to maintain records regarding federal awards for a minimum of six (6) years. Consequently, the District shall retain records for a minimum of six (6) years from the date on which the final Financial Status Report is submitted, unless otherwise notified in writing to extend the retention period by the awarding agency, cognizant agency for audit, oversight agency for audit, or cognizant agency for indirect costs. However, if any litigation, claim, or audit is started before the expiration of the record retention period, the records will be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. 2 C.F.R. § 200.333.
- c) Records will be destroyed in compliance with Schedule 10, Schedule 24, and State law. This includes the completion of a Records Disposition Report.

2. Maintenance of Procurement Records

- a) The District must maintain records sufficient to detail the history of all procurements. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.
- b) Retention of procurement records shall be in accordance with applicable law and Board policy.

D. Privacy

The District has protections in place to ensure that the personal information of both students and employees is protected. These include the use of passwords that are changed on a regular basis; staff training on the requirements of the Family Educational Rights and Privacy Act (FERPA) and State confidentiality requirements; and training on identifying whether an individual requesting access to records has the right to the documentation.

E. Travel Costs

All travel expenses paid with federal grant funds shall meet the federal requirements such as:

- (1) All travel costs must be reasonable and necessary;
- (2) All travel costs must be consistent with District policy; and
- (3) All travel costs must be directly related to the grant award.

In addition, all travel expenses funded with federal grant funds must be preapproved by the Superintendent or designee. The state per diem rates for lodging shall be used to determine that maximum amount charged to a federal grant. For reimbursement of meals, the per diem rate and rules set by the State of Nebraska through the Nebraska Department of Administrative Service's Expense Reimbursement Document "ERD" Guidelines will apply. There will be no reimbursement for breakfast if the staff member's lodging provides continental breakfast at no cost. For reimbursement for mileage or fuel, the State of Nebraska mileage rate will apply. If a District-owned vehicle is available for travel, the District-owned vehicle must be utilized unless preapproved by the Superintendent or designee. All expenditures claimed by staff must include receipts and a completed voucher.

Any district employee who receives a report of sexual harassment or has actual knowledge of sexual harassment must convey that information to the Title IX Coordinator as soon as reasonably practicable, but in no case later than the end of the following school day.

Response to Sexual Harassment

General Obligations. When the district has actual knowledge of sexual harassment in its education program or activity against a person in the United States, the district will respond promptly in a manner that is not deliberately indifferent. For the purposes of this policy "education program or activity" includes locations, events, or circumstances over which the district exercised substantial control over both the respondent and the context in which the sexual harassment occurs. The district's ability to impose discipline for off-campus misconduct does not necessarily constitute "substantial control" over the respondent and the context. The district's response to an allegation of sex harassment will treat complainants and respondents equitably.

Limitations on Discipline. No respondent will have disciplinary sanctions imposed upon him/her until the conclusion of the formal grievance process described below.

Emergency Removal. Disciplinary sanctions do not include removal on an emergency basis where the respondent is an immediate threat to the health or safety of another as a result of allegations of sexual harassment. The district also may place any employee on administrative leave during the pendency of the grievance process below.

Grievance Process for Formal Complaints of Sexual Harassment

General Obligations. All Title IX team members and individuals carrying out district obligations will comply with the regulatory requirements of objective evaluations, avoiding conflict of interest or bias, training, and protection of legally privileged information.

Presumption. It is presumed that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

Grievance Procedure

Time Frames. The district will resolve grievances in a time frame that is reasonably prompt. Good cause for delay may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

Range of Possible Sanctions and Remedies. At the conclusion of the grievance process, the district may impose disciplinary sanctions and remedies in conformance with this and the district's student discipline policy, and other state and federal laws. Depending upon the circumstances, these policies provide for disciplinary sanctions and remedies up to and including expulsion and/or immediate discharge from employment.

Separation of Roles. The decision-maker cannot be the same person as the Title IX Coordinator or the investigator(s).

Notice of Allegations. Upon receipt of a formal complaint, the district will provide notice of this policy and the allegations to all parties. The notice will include sufficient details known by the district at that time to provide sufficient time to prepare a response before any initial interview. Sufficient details, if known by the district, include the identities of the parties involved in the incident, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident. The district will provide notice of additional allegations revealed during an investigation to the parties.

Dismissal of Formal Complaint. The district **must** dismiss a formal complaint if the conduct alleged in the formal complaint, would not constitute sexual harassment even if proven; did not occur in the district's education program or activity; or if the conduct alleged did not occur against a person in the United States.

The district **may** dismiss the formal complaint if, at any time during the investigation or hearing, the complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein; the respondent is no longer enrolled in or employed by the district; or specific circumstances prevent the district from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon a dismissal, the district will promptly send written notice of the dismissal and an explanation of that action simultaneously to the parties.

Dismissal of a formal complaint under this policy does not preclude the district from taking action under another provision of the district's code of conduct or pursuant to another district policy.

Investigation of Formal Complaint. When investigating a formal complaint and throughout the grievance process, the district will designate and authorize one or more persons (which need not be district employees) as investigator(s) to conduct the district's investigation of a formal complaint. The district may consolidate formal complaints where the allegations of sexual harassment arise out of the same facts or circumstances.

The district will bear the burden of gathering evidence sufficient to reach a determination regarding responsibility. All parties will have an equal opportunity to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence. The district may not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence.

All parties will have the same opportunity to be accompanied by the advisor of their choice in any meeting or grievance proceeding. This policy does not relieve the advisor of choice of any other applicable legal obligations or limitations. The district may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties.

The district will provide written notice of the date, time, location, participants, and purpose of all investigative interviews or other meetings, with sufficient time for the party to prepare to participate.

All parties will have an equal opportunity to inspect and review evidence obtained as part of the investigation if that evidence is directly related to the allegations raised in a formal complaint. The parties will have no less than 10 calendar days to review the evidence and submit a response. The investigative report will fairly summarize the relevant evidence and the investigator will send the finalized report to all parties and their advisors.

Determination Regarding Responsibility. Before the district reaches a determination regarding responsibility, each party may submit written, relevant questions of any party or witness. The decision-maker will provide

each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the complainant's sexual predisposition are never relevant. Questions about the complainant's prior sexual behavior are only relevant if those questions and evidence are offered (1) to prove that someone other than the respondent committed the conduct alleged by the complainant, or (2) are offered to prove consent and concern specific incidents of the complainant's prior sexual behavior with respect to the respondent. If the decision-maker decides to exclude a question because it is not relevant, he/she will explain the basis for that decision.

The decision-maker will issue a written determination regarding responsibility no sooner than ten days after the parties receive the final investigative report. The decision-maker will apply the preponderance of the evidence standard. The written determination will include:

- Identification of the allegations potentially constituting sexual harassment;
- A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
- Findings of fact supporting the determination;
- Conclusions regarding the application of the district's code of conduct to the facts;
- A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the district's education program or activity will be provided by the district to the complainant; and
- The district's procedures and permissible bases for the complainant and respondent to appeal.

The district will provide the written determination to the parties simultaneously. If neither party timely appeals, the determination becomes final. If a party appeals, the determination will become final on the date that the district provides the parties with the written determination of the result of the appeal.

Appeals. The district will offer both parties the opportunity to appeal from a determination regarding responsibility, and from the district's dismissal of a formal complaint or any allegations therein, on the grounds identified below.

Time for Appeal. Appeals may only be initiated by submitting a written Notice of Appeal to the Office of the Superintendent of Schools no later than 5:00 pm on the fifth calendar day after the written determination is issued. The Notice of Appeal must include (a) the name of the party or parties making the appeal, (b) the determination, dismissal, or portion thereof being appealed, and (c) a concise statement of the specific grounds upon which the appeal is based. A party's failure to timely submit a Notice of Appeal will be deemed a waiver of the party's right to appeal.

Grounds for Appeal. Appeals are limited to the following grounds:

- Procedural irregularity that affected the outcome of the matter;
- New evidence that was not reasonably available at the time the determination or dismissal was made that could affect the outcome of the matter; and
- The Title IX Coordinator, investigator(s), or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

The district will notify other parties in writing when an appeal is filed; implement appeal procedures equally for all parties; and ensure that the decision-maker for the appeal is not the same person as the decision-maker, the investigator(s), or the Title IX Coordinator.

The district will give both parties a reasonable, equal opportunity to submit a written statement that supports or challenges the outcome; issue a written decision describing the result of the appeal and the rationale for the result; and provide the written decision simultaneously to both parties.

Informal Resolution. The district may informally resolve allegations without completing the grievance procedure with the written consent of all parties. The process may not be used when allegations involve an employee harassing a student. As part of this process, the district will provide to the parties in writing a notice stating:

- the allegations;
- the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations;
- that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint; and
- any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

Recordkeeping. The district will maintain the following records for a period of seven years:

- Each sexual harassment investigation including any determination regarding responsibility, any disciplinary sanctions imposed, and any remedies provided;
- Any appeal and its result;
- Any informal resolution and its result; and
- All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The district will make these training materials publicly available on its website, or if the district does not maintain a website, then the district will make these materials available upon request for inspection by members of the public.

The district will also create records documenting any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the district will document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the district's education program or activity. If the district does not provide a complainant with supportive measures, then the district will document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the district in the future from providing additional explanations or detailing additional measures taken. The district will maintain these records for a period of seven years.

Retaliation Prohibited. Neither the district nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, 34 C.F.R. part 106, or this policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. The district will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the FERPA statute, 20 U.S.C. § 1232g, or FERPA regulations, 34 C.F.R. part 99, or as required by law, or to carry out the purposes of 34 C.F.R. part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder. Complaints alleging retaliation may be filed according to shall be addressed pursuant to Board Policy 2006 (Complaint Procedure).

The exercise of rights protected under the First Amendment does not constitute retaliation prohibited by this section. Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this part does not constitute retaliation prohibited under this section, provided that a determination regarding responsibility alone is not sufficient to conclude that any party made a materially false statement in bad faith.

Notification of Policy. The district will notify applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district of the existence of this policy. The requirement to not discriminate, as stated in Title IX and 34 C.F.R. part 106, in the district's education program(s) or activities extends to admission and employment, and inquiries about the application of Title IX and 34 C.F.R. part 106 to the district may be referred to the district's Title IX Coordinator, the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

Publication of Policy. The district will prominently display on its website, if any, and in each handbook that it makes available to applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district, the name or title, office address, electronic mail address, and telephone number of the

employee or employees designated as the Title IX Coordinator(s).

Application Outside the United States. The requirements of this policy apply only to sex discrimination occurring against a person in the United States.

Scope of Policy. Nothing herein shall be construed to be more demanding or more constraining upon the district than the requirements of Title IX (20 U.S.C. § 1681) and 34 C.F.R. part 106. To the extent that the district is in compliance with Title IX and 34 C.F.R. part 106, then all of the district's obligations under this policy shall be deemed to be fulfilled and discharged.

ACH Originator

The District sends electronic payments through the ACH (Automated Clearing House) Network such as payroll direct deposits and/or vendor payments. Because of these payments, the District is classified as an ACH Originator. As an ACH Originator, the District complies with the National Automated Clearing House Association (NACHA) Operating Rules which govern the ACH Network. The District's bank requires compliance with the Rules as a condition of the District's ability to send ACH Payments.

Responsibilities. The District follows all terms of its Originating Depository Financial Institution/Originator Agreement with its bank. The District obtains a written authorization before sending any ACH payment. The District meets all processing deadlines set by the bank and NACHA. The District gives authorization records to the bank upon request within NACHA's required timeframes. The District keeps all sensitive banking information secure. When the District receives a Notification of Change, it updates the payment record before the next ACH transaction. When the District receives a return due to an error or unauthorized activity, it stops all related subsequent payments until instructions are received from the Bank. The District keeps its computer systems and network secure in line with its bank agreement. The District uses procedures to spot unauthorized payments. All employees with ACH duties will complete training, if required by the Bank or NACHA, and respond to audit requests. The District will implement internal controls and procedures to mitigate errors and risk of unauthorized ACH entries.

Fraud Monitoring. The District reviews ACH transactions for unusual patterns or amounts before submitting each file. If the District suspects an error or unauthorized ACH transaction, the District will: determine whether the problem is fraud, a scam, or an internal error; notify the bank right away; contact law enforcement if needed; and stop all related future ACH transactions.

Employee Training. All employees with ACH duties will complete any ACH origination training required by the District's designated bank(s).

Relations with Employee Collective Bargaining Associations

The board of education recognizes the right of staff members to belong to professional employee organizations. The board will negotiate with organizations that have been certified or recognized in accordance with public employee bargaining statutes. The board or administration will coordinate with certified or recognized organizations for purposes of collective bargaining.

The district will allow professional employee organizations to make reasonable use of district facilities for meetings outside the district's and the employees' work hours. With administrative approval, organizations may use district resources, post notices of meetings, and provide other information on bulletin boards designated for this purpose, and use district email and mailboxes for delivery of information specific to the organization. Organizations must pay for all supplies used, damage caused, or the loss or theft of borrowed property.

For purposes of recruiting new members, organizations may host or attend certain meetings of certificated staff outside the district's and the employees' work hours. Attendance at any staff meetings does not include all-staff, building-level, committee, or other meetings called by the district, unless those meetings are open to other organizations or if required by law.

Unless otherwise specified in this policy or permitted law, organizations will be treated equally, and the district will not designate any day or break by reference to any specific organization.

4019 Workplace Injury Prevention and Safety Committee

The school district is committed to providing and maintaining a safe work environment, and to taking reasonable precautions for the safety of the students, employees, visitors, and all others having business with this school district. Every employee should show concern for the safety of fellow employees, students, and members of the public. The district shall have a safety committee as required by Nebraska law. Members of the safety committee may be established through the collective bargaining process.

The committee will adopt and maintain a written injury prevention program. The committee will participate in the development of safety education, training, and the establishment of safety rules, policies and procedures pursuant to this policy, the district's written injury prevention program, or as otherwise provided by law. Training for employees will be conducted annually.

The workplace injury prevention and safety committee will maintain minutes of all meetings and file them in the district office. The committee will implement accident investigation, record keeping procedures, safety rules, safety and health training, and policies. The district will maintain records for at least three years, or longer if directed by the Department of Labor.

The committee will meet at least once every three months or more frequently in the event of an employee complaint or of a job-related injury or death. The workplace injury prevention and safety committee will keep written minutes of all meetings and provide a copy to the superintendent or designee who will maintain the minutes in the district's administrative offices for a period of at least three years, unless otherwise instructed by the Department of Labor.

The workplace injury prevention and safety committee will develop an injury prevention plan and present it to the board. The plan should be developed and presented in the spirit of employees working together in a cooperative, non-adversarial effort to promote safety at the work sites within the district.

The superintendent or designee will assure that the safety training for employees is reviewed annually or more frequently, if needed. He or she will provide the following, as set forth in the initial written Employer's Injury Prevention Plan:

1. Initial safety orientation on rules, policies, and job specific procedures for new employees or employees who are assuming new and different duties within the school district, if appropriate.
2. Job specific training for employees before they perform potential hazardous work.
3. Periodic refresher training and dissemination of information on an annual basis, or more frequently if so designated by the administrator, for employees regarding the injury prevention plan of the unit and safety rules, policies, and procedures pertaining to safety within the school district.

In the event of a death in the workplace, the workplace injury prevention and safety committee will forward to the Department of Labor within 15 working days a copy of any review of the matter made by the workplace injury prevention and safety committee.

The superintendent or designee will establish or cause to be established record-keeping procedures to control and maintain all accident and injury records pertaining to accidents and injuries within the district or activities under the control of the district. Such records will be kept for at least three years, or longer if so advised by the Department of Labor.

The workplace injury prevention and safety committee will confer with the district's crisis team and will review the district's All-Hazard School Safety Plan upon its adoption by the crisis team.

4065 Staff Use of AI Tools

As used in this policy, artificial intelligence tools (“AI Tools”) means machine-based resources that use computer science, algorithms, large language models, and/or machine learning to perform tasks, answer questions, collect information, and respond to human-directed tasks, queries, and objectives. AI Tools include, but are not necessarily limited to, commercially-available resources like ChatGPT, Gemini, Claude, and similar technologies. The board wants to encourage staff to use AI tools to support student learning in safe and lawful ways.

This policy works together with the district’s policies on Student Use of AI Tools, Staff Internet and Computer Use, and Staff and District Social Media Use.

Tool Approval. Staff may not use an AI Tool with students or with student information unless a member of the district’s administration has approved it. To use a new tool, staff must request approval from his/her supervising administrator first. Before approving a tool, the district will review the vendor’s privacy and security practices, the kind of student information the tool would use, and whether a written data-sharing agreement with the vendor is required. The district will keep a list of approved AI Tools and the allowed uses for each.

I. Staff Expectations for Use of AI Tools in Education

A. Acceptable Use of AI Tools. Staff members must use their own professional oversight for any task they use AI Tools to complete and must carefully review the outputs of all AI Tools. Staff may use approved AI Tools to help with things like:

- 1.** Drafting lesson plans, learning goals, and activities;
- 2.** Assisting in initial review and feedback of student work;
- 3.** Making reading passages or practice problems at different levels;
- 4.** Drafting general messages like newsletters or announcements;
- 5.** Finding resources or summarizing public information;
- 6.** Drafting routine communications.

B. Protecting Student Information. Staff may upload student information into an AI Tool only when (a) the tool is district-approved, and (b) the vendor is bound by a written data-sharing agreement with terms that meet FERPA, COPPA, PPRA, and applicable state student data privacy laws. For this purpose, student information includes student names, ID numbers, education records, IEPs, Section 504 plans, evaluations, health records, and discipline records. This rule applies whether the staff member uses a district account, a personal account, a free version, or a paid version.

C. Recording and Transcription Tools. Staff may use AI recording or transcription tools only if:

1. The transcription tool has been approved by an administrator for use in the school context; and
2. All participants to the meeting are informed that the staff member is recording or transcribing the meeting.

The resulting recording or transcript may be subject to the district's retention and confidentiality policies.

D. Unacceptable Use of AI Tools in Education. Staff may never use AI tools to:

1. Upload FERPA-protected information about students without the express, written authorization from administrators who have assured themselves that such disclosure is lawful;
2. Relying solely on an AI Tool to grade student work that counts toward a grade or transcript or otherwise evaluate student academic progress;
3. Make or share deepfakes or fake images, audio, or video of any real person.
4. Make or share sexual or intimate images of any real person—even if the image is AI-generated;
5. Use AI to harass, bully, threaten, or impersonate any student, staff member, parent, board member, or community member;
6. Use AI to watch, track, or scan faces of students or staff outside of systems the board has approved;

7. Upload materials to AI if the copyright or license does not allow it;
8. Share district AI accounts or passwords with students or others;
9. Use district AI accounts for personal or business reasons; or
10. Use AI to bypass district network security, content filters, or device controls.

If any staff member is uncertain about the application of this policy to any AI Tool use, the staff member will check with a supervising administrator before use.

5003 Admission of Part-Time Students

A student may be permitted to enroll on a part-time basis pursuant to this policy and applicable curricular practices when enrollment is appropriate for reasons that include but are not limited to the following: the student attends another education institution on a primary basis; is enrolled for a limited number of credit hours needed to graduate; has a modified schedule because of a disability or as part of an individualized education plan; or is a student who attends a private, denominational, or parochial school or a school that elects not to meet accreditation or approval requirements (referred to herein as an exempt school student or an exempt school, respectively).

Eligibility and Application for Enrollment. A student may be eligible for part-time enrollment if the student:

1. is of appropriate age to attend school;
2. is a resident of this school district;
3. is a resident of another school district attending a private, denominational, parochial, or exempt school, but only if
 - a. this school district is the closest to the student's residence that offers the extracurricular sport or activity they desire to participate in, and their resident school district does not offer that sport or activity; or
 - b. the school building the student would attend if accepted for part-time enrollment is closer than the school building the student attends or would attend at the resident district;
4. has not graduated from high school; and
5. has not received a graduate equivalency diploma.

The parent or guardian must meet all of the district's admission requirements and file an application for enrollment on forms provided by the school district by August 1 prior to the year of enrollment. For second semester high school courses, the application must be filed by December . For students who move into the district mid-semester, the application must be filed within 20 days of moving into the district. The administration shall review the application, determine whether to approve or deny it, notify the parent or guardian, and schedule enrollment at an educationally appropriate time in the building or attendance center of the administration's choice. Enrollment does not carry over from one school year to the next, and the parent or guardian must apply for enrollment each school year.

Limitations Based on Resources. The part-time enrollment of students is subject to limitations for grades, classes, courses, and programs based on the limited resources available to the school district. Full-time students shall be given priority for enrollment in grades, classes, courses, and programs.

Placement of Students. Students accepted for part-time enrollment shall be placed in courses for which they have adequate preparation and which are determined to be educationally appropriate based on criteria that include, but are not limited to the student's age, achievement test scores, academic record, evaluation by school personnel and any other standards used by the district for the placement of students.

Grades and Academic Honors. Students accepted for part-time enrollment shall receive grades, report cards, and transcripts, but shall not be eligible to graduate, receive a diploma or qualify for class ranking unless they meet all district requirements including earning a sufficient number of credit hours and semesters of attendance.

Applicability of School Rules. Students accepted for part-time enrollment are subject to all rules and standards of the board of education and administration as set forth in policy, handbooks or other communications, as well as the rules and directives of the building administration and staff. They must remain on the school campus during scheduled classes but must leave the school campus when not engaged in a course, course-related activity, or an extracurricular activity or sport, unless the building principal approves their presence. Students who violate school policies, rules, or directives shall be subject to disciplinary procedures up to and including suspension and expulsion.

Extracurricular Sports and Activities. Students who are enrolled in a private, denominational, or parochial school may not participate in extracurricular sports and activities sponsored by the school district.

Exempt school students may only participate in extracurricular sports and activities if they are enrolled in at least 20 total credit hours per semester, when combining the exempt school credit hours and credit hours taken on a part-time basis at the school district. Exempt school students are not eligible to participate in extracurricular sports and activities sponsored by the school district if they participate in any sport or activity sponsored by any other public, private, denominational, or parochial school. Any such students who desire to participate in extracurricular sports and activities at the school district must enroll in the following number of credit hours from the school district:

1. For extracurricular sports and activities regulated by an athletics or activities association in which this school district is a member: 5 credit hours.
2. For extracurricular sports and activities governed by a national or state organization other than an athletics or activities association, such as FFA: the minimum number of credit hours offered by the school district as required by that national or state organization.
3. For extracurricular sports and activities not regulated or governed by any such entity: 5 credit hours

All students permitted to participate in extracurricular sports and activities under this policy must also meet all other eligibility requirements set by the board, administration, and coach/sponsor prior to participating and for continued participation in the sport or activity. This includes but is not limited to rules for completing courses; up/down lists for deficient grades and/or incompletes; and all eligibility and other requirements of the Nebraska School Activities Association and any other governing bodies for the activity or sport.

Transportation. Part-time school students are not entitled to transportation or reimbursement for transportation to and from the school for class attendance purposes, unless required by law. Eligible part-time students are entitled to transportation to and from practices and extracurricular events to the same extent as the school district's full-time students, but part-time students must arrange their own transportation and arrive timely to the designated pick-up point for such transportation.

Option Enrollment. Students may not enroll on a part-time basis pursuant to the school's option enrollment program.

5004 Option Enrollment

The board of education supports the concept embodied in the Enrollment Option Program that parents and legal guardians have the primary responsibility for ensuring that their children receive the best education possible. Accordingly, the school district will participate in the option enrollment program and receive option students as provided herein.

1. Definitions

- a. Option Student Defined.** Option student means a nonresident student who has chosen to attend the school district under the provisions of the option enrollment program.
- b. Resident School District Defined.** Resident school district means the school district in which a student resides or in which the student is admitted as a resident of the school district pursuant to state law.
- c. Option School District Defined.** Option school district means the school district that a student chooses to attend other than his or her resident school district.
- d. Elementary School Defined.** Elementary school means grades K - 6.
- e. Middle School/Jr High Defined.** Middle school means grades 7 - 8.
- f. High School Defined.** High school means grades 9 through 12.
- g. Individual Student Defined.** Individual Student means the individual person seeking to begin attendance as an option student in the school district and who such person's parent or legal guardian has identified in a written application for option enrollment submitted to the school board.
- h. Applicants Defined.** Applicants means the Individual Student together with all siblings of the Individual Student.
- i. Siblings Defined.** Siblings means all children residing in the same household on a permanent basis who have the same mother or father or who are stepbrother or stepsister to each

other who have not received a high school diploma or its equivalent.

- 2. Persons Entitled to Apply for Option Enrollment of Students.** Only parents and legal guardians may apply for option enrollment of students. Applications filed by foster parents and adults acting *in loco parentis* are not authorized and will be automatically denied.
- 3. Duties, Entitlements and Rights of Option Students.** Except as otherwise provided herein, once an option student's option enrollment application has been accepted he/she shall be treated as a resident student of the school district.
- 4. Automatic Acceptance.** The option school district must automatically accept applications of Individual Students under the following circumstances:
 - a.** The Individual Student relocates in a different school district but wants to continue attending his or her original resident school district and the Individual Student has been enrolled in his or her original resident school district for the immediately preceding two years (in which case the time deadlines are waived);
 - b.** The Individual Student relocates in a different school district but wants to continue attending the option school district (in which case the time deadlines are waived); or
 - c.** The Individual Student is a sibling of an option student enrolled in the option school district.
- 5. Standards for Acceptance or Rejection of All Other Option Students.** For Individual Students not entitled to automatic acceptance as described in the preceding section, no application for option enrollment may be accepted if enrollment in the school district if any of the Applicants would exceed the school district's capacity as described in this section.
 - a. Special Education Capacity.** Capacity for special education services will be determined on a case-by-case basis. If an application for option enrollment received by the school district indicates that any of the Applicants has an individualized education program under the federal Individuals with Disabilities Education Act, 20 U.S.C. 1400 et seq., or has been identified as a student with a disability as defined in section 79-1118.01, the

application will be evaluated by the director of special education services or the director's designee who must determine if the school district and the appropriate class, grade level, or school building has the capacity to provide all of the Applicants the appropriate services and accommodations. The Federal Educational Rights and Privacy Rights Act (FERPA) (20 U.S.C. § 1232g) permits the release of education records when a student seeks or intends to enroll in a different school district.

- b. Numeric Capacity.** The board of education may set the numeric capacity of programs, classes, grade levels, or school buildings by operation of this policy or through freestanding action by the board. Numeric Capacity will be determined based upon available staff, facilities, projected enrollment of resident students, and projected number of students with which the option school district will contract based on existing contractual arrangements. Individuals seeking information about the numeric capacity set by the board may contact the superintendent for a copy of that resolution.
- c. Programmatic Capacity.** In addition to the numeric capacity standards referred to above, the board may, by resolution, prior to October 15 of each school year, declare a program, a class, or a school unavailable for the next school year to option students due to lack of capacity. Individuals seeking information about the programs that have been declared to be unavailable due to lack of capacity may contact the superintendent for a copy of the board's resolution.
- d. Other Standards for Acceptance or Rejection of Option Enrollment Applications.** In addition to the numeric and programmatic capacity standards outlined above, the school district shall not accept any application for option enrollment when enrollment of any of the Applicants:

 - i. Would increase the operating costs of the school district, such as by requiring the hiring of new staff or contracting with outside entities to provide services to any of the Applicants;
 - ii. Would require the procurement of new equipment, technology, or furnishings;
 - iii. Would cause or require the rearrangement of caseloads for staff and contracted professionals;

- iv. Is reasonably deemed by appropriate school staff to pose a potential risk to the health or safety of students or staff;
 - v. May pose a risk of adversely affecting the quality of educational services being provided to resident students, as determined by appropriate school staff.
- e. Prohibited Standards.** The school district shall not base the decision to accept or reject the application of the Individual Student on any of the Applicants' previous academic achievement, athletic or other extracurricular ability, disabling condition(s), proficiency in the English language, or previous disciplinary proceedings.
- f. Order of Acceptance.** If there are more option student applicants for any program, class, grade level or school building than can be accepted into such program, class, grade level or school building, applicants shall be accepted
- i. in the order in which written applications were received by the school district.

5035 Student Discipline

Administrative and teaching personnel may take actions regarding student behavior, other than those specifically provided in this policy and the Student Discipline Act, which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, counseling of students, parent conferences, referral to restorative justice practices or services, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a Parent to such counseling or evaluation. Disciplinary consequences may also include in-school suspension, Saturday School, and any other consequence authorized by law. District administrators may develop building-specific protocols for the imposition of student discipline.

Any disciplinary action taken by staff must be consistent with the requirements of other applicable laws, including but not limited to the IDEA, Section 504, and Title IX.

In this policy, references to "Principal" shall include building principals, the principal's designee, or other appropriate school district administrators.

"Parent" means parent, guardian, or educational decisionmaker of the student. "Educational decisionmaker" means a person designated or ordered by a court to make educational decisions on behalf of a child.

Any statement, notice, recommendation, determination, or similar action specified in this policy shall be effectively given at the time written evidence thereof is delivered personally to or upon receipt of certified or registered mail or upon actual knowledge by a student or his or her Parent.

Any student who is suspended or expelled from school pursuant to this policy may not participate in any school activity during the duration of that exclusion including adjacent school holidays and weekends. The student activity eligibility of a student who is mandatorily reassigned shall be determined on a case-by-case basis by the principal of the building to which the student is reassigned.

Pre-Kindergarten through Second Grade Students

Notwithstanding any other provision of this policy, an elementary school shall not suspend a student in pre-kindergarten through second grade unless the student:

1. Brings a deadly weapon as defined in section 28-109 onto school grounds, into a vehicle owned, leased, or contracted by a school being used for a school purpose or into a vehicle being driven for a school purpose by a school employee or his or her designee, or at a school-sponsored activity or athletic event; or
2. Engages in violent behavior capable of causing physical harm to another student or school employee.

As an alternative to suspension, the school district may take any action authorized by law, including those provided in section 79-258.

Makeup Work for Suspended Students

Any student who is suspended must be given an opportunity to complete any classwork and homework missed during the period of suspension, including, but not limited to, examinations ("makeup work"). Any makeup work must be completed and turned in within 2 school days after completion of the suspension. This makeup guideline shall be provided to the student and a Parent at the time of suspension. Suspended students may not be required to attend the school's alternative program for expelled students in order to complete classwork or homework.

Short-Term Suspension

The Principal may exclude students from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

1. Conduct constituting grounds for expulsion as hereinafter set forth; or,
2. Other violations of rules and standards of behavior adopted by the Board of Education or the administrative or teaching staff of the school, that occur on or off school grounds, if such conduct interferes with school purposes or there is a connection between such conduct and school.

The following process applies to short-term suspension:

1. The Principal shall make a reasonable investigation of the facts and circumstances. Short-term suspension shall be imposed only after a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
2. After the principal has determined that a short-term suspension is necessary, but prior to commencement of the short-term suspension, the student and the Parent will be given oral and written notice of the charges against the student. They will be advised of what the student is accused of having done, be given an explanation of the evidence the authorities have, and be given an opportunity to present evidence of the student's version of the facts.
3. Within 24 hours or such additional time as is reasonably necessary, not to exceed an additional 48 hours, following the suspension, the Principal will send a written statement to the student, and the student's Parent, describing:
 - a. The student's conduct, misconduct or violation of the rule or standard;
 - b. The reasons for the action taken;
 - c. The actions made by the school to try to discontinue or alleviate the behavior of the student prior to considering suspension;
 - d. Resources the school is able to provide or recommend to assist the student; and
 - e. How the school plans to handle such behavior in the future, including an actionable plan aimed at maximizing strategies to keep the student in school.
4. An opportunity will be given to the student, and the student's Parent, to have a conference with the Principal ordering the short-term suspension before or at the time the student returns to school and shall document such effort in writing. The Principal shall determine who, in addition to the Parent, is to attend the conference. If no conference has been held, a Parent may submit a written request to the suspending principal before the student returns to school.
5. Students who are short-term suspended must be given the opportunity to complete classwork and homework missed during the period of suspension, including but not limited to examinations, as provided herein.

Emergency Exclusion

Students may be emergency excluded from school pursuant to the board's separate policy on emergency exclusion or state law.

Weapons and/or Firearms

Weapons. No student may possess, handle, or transmit any weapon while on school grounds, in a school vehicle, or at any school activity or event off school grounds except as permitted by this policy. **Definition of Weapon.** The term "weapon" means any object, device, instrument, material, or substance which is capable of causing injury in the manner it is used or intended to be used.

Firearms. No student may bring, possess, handle or transmit a firearm on school grounds, in a school owned vehicle, or at a school activity or event off school grounds, except as permitted by this policy. **Definition of Firearm.** The term "firearm, as defined in 18 U.S.C. 921, means any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive, the frame or receiver of any such weapon, any firearm muffler or firearm silencer, or any destructive device (excluding an antique firearm).

Exceptions Regarding Firearms and Weapons. The only exceptions for a student to bring or possess a weapon, including a firearm, are as follows:

1. The issuance of firearms to or possession of firearms by members of the Reserve Officers Training Corps when training or
2. Firearms which may lawfully be possessed by the person receiving instruction under the immediate supervision of an adult instructor who may lawfully possess firearms.

Consequences - Firearm. Any student who brings a firearm, as that term is defined in 18 United States Code 921, to school will be expelled from school for one calendar year. The superintendent of schools and the board of education shall have the authority to modify the expulsion requirement on a case-by-case basis.

Consequences - Weapon. State law and this policy provide that any student who violates this policy by knowingly bringing, possessing, handling or transmitting a weapon, other than a firearm, on school grounds, in a school owned vehicle, or at a school activity or event off school grounds may be suspended on a long-term basis, mandatorily reassigned, or expelled for the remainder of the school year in which the expulsion takes effect (if the misconduct occurs during the first semester) or the remainder of the second semester, summer school, and the first semester of the following school year (if the misconduct occurs during the second semester).

Confiscation of Firearms and Weapons. Administrative and teaching personnel are statutorily authorized, without a warrant, to confiscate any firearm or weapon possessed in violation of this policy. Any firearm that is confiscated by school personnel shall be delivered to a peace officer as soon as practicable. Such firearms are subject to being destroyed by law enforcement authorities.

Report to Law Enforcement Authorities. All school personnel are required to report any violation of this policy to a principal or the superintendent of schools. Pursuant to state and federal law, school personnel are required to report to law enforcement authorities when a student brings a firearm to school.

Long-Term Suspension

Students may be excluded by the Principal from school or any school function for a period of more than five school days but less than twenty school days (long-term suspension) for any conduct constituting grounds for expulsion as hereinafter set forth. The process for long-term suspension is set forth below.

Expulsion

1. **Meaning of Expulsion.** Expulsion means exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period.
2. **Summer Review.** Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year. The review will be conducted by the hearing officer who conducted the initial expulsion hearing, or a hearing officer appointed by the Superintendent in the event no hearing was previously held or the

initial hearing officer is no longer available or willing to serve, after the hearing officer has given notice of the review to the student and the student's Parent. This review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing officer that the student be readmitted for the upcoming school year. If the school board or board of education or a committee of such board took the final action to expel the student, the student may be readmitted only by action of the board. Otherwise the student may be readmitted by action of the Superintendent.

3. **Suspension of Enforcement of an Expulsion:** Enforcement of an expulsion action may be suspended (i.e., "stayed") for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect, and as a condition of such suspended action, the student may be assigned to a school, class, or program/plan and to such other consequences which the school district deems appropriate.
4. **Alternative School or Pre-expulsion Procedures.** The school shall either provide an alternative school, class or educational program for expelled students, or shall follow the pre-expulsion procedures outlined in NEB. REV. STAT. 79-266.
5. **Conclusion of Expulsion.** At the conclusion of an expulsion, the school district will reinstate the student and accept nonduplicative, grade-appropriate credits earned by the student during the term of expulsion from any Nebraska accredited institution or institution accredited by one of the six regional accrediting bodies in the United States.

Grade Placement and Academic Credits of Transfer Students

The district will use the criteria outlined below to determine both the grade-level placement and the academic credit awarded to transfer students. The administration is the final decision-maker, and decisions made pursuant to this policy may not be appealed to the board of education.

Transfer from an Accredited School District

A student transferring from an accredited school will generally be placed at the grade level comparable to the placement at the school from which the student is transferring. Temporary placement may be made until a student's records are received to verify the placement.

The student's building principal may place a student into a grade level that is different from the accredited school from which the student is transferring, after considering the following information:

- Student's chronological age
- Previous school experience
- Academic transcript received from the accredited school of origin
- Testing data from the accredited school of origin, including but not limited to, standardized achievement test data, criterion-referenced test data, classroom testing data, and diagnostic test data
- Testing data from any tests or assessments conducted by the school district

All credits awarded to a student by an accredited institution will count toward the applicable graduation requirements for the transferring student.

Transfer From a Non-Accredited School

A student or a parent/guardian of a student who is transferring into the district from a non-accredited school must provide the district with copies of all materials that have been used to provide instruction to the student that the family would like the district to consider in determining the appropriate grade level at which to place the student and the credits to be awarded to the student. The student's building principal will then consider those materials and the following factors in determining the grade level placement for the student:

- Student's chronological age
- Previous school experience

- Materials submitted by the student or family pursuant to this policy
- Testing data from any tests or assessments conducted by the school district

The district will award credit toward graduation for courses taken while the student was in a non-accredited school only if the student can demonstrate mastery of the concepts required for completion of that course. Transcripts will be reviewed; a course summary may be requested and reviewed; and, if needed, mastery will be assessed through standard and nonstandardized testing at the discretion of the administration.

Multiple Enrollments and Re-enrollments In the Same Semester

Students from non-accredited schools who disenroll and then re-enroll in the district multiple times during the same semester will be permitted to resume the grade placement they held at the time of prior enrollment. However, students who fail to attend the required number of days per semester will not be eligible to receive credit for the partial semester of enrollment.

The district will not retroactively award credit for time spent in exempt or non-accredited status.

A student's eligibility to participate in extracurricular activities upon re-entry is subject to all eligibility rules and the district's policies governing extracurricular eligibility.

Placement of International Students.

The district administration, in conjunction with the building principal, will determine the appropriate grade level/credit status of a student transferring from a country other than the US.

Graduation Requirements

Regardless of the school(s) previously attended, a student transferring into the school district in grades 9-12 will be responsible for meeting all graduation requirements to be awarded a diploma from the district.

6038 Student Use of AI Tools

As used in this policy, artificial intelligence tools (“AI Tools”) mean machine-based resources that use computer science, algorithms, large language models, and/or machine learning to perform tasks, answer questions, collect information, and respond to human-directed tasks, queries, and objectives. AI Tools include, but are not necessarily limited to, commercially-available resources like ChatGPT, Gemini, Claude and similar programs.

AI Tools may be useful to student learning. However, students and staff must ensure that student use of AI Tools should focus on using such tools as a resource and for background material, rather than using the AI Tools to complete the assignment. Therefore, AI Tools may only be used by students in accordance with the following requirements:

1. Students may not use AI tools on any assignment, test, or project unless the staff member has given express permission for the student to do so. 5. A student’s failure to meet the requirements stated in this policy will constitute a violation of the district’s prohibitions against cheating, plagiarism and/or academic dishonesty, including but not necessarily limited to such prohibitions stated in the Student Handbook, which violation will subject the student to discipline up to and including expulsion.
6. The student requirements stated above are the minimum requirements for any student assignment. An individual teacher may impose more stringent requirements for any specific academic assignment or coursework.

Under the Public Elementary and Secondary Student Fee Authorization Act, the district is permitted to charge students fees for these activities or to require students to provide specialized equipment and attire for certain purposes. This policy is subject to further interpretation or guidance by administrative or board regulations. Students are encouraged to contact their building administration, their teachers or their coaches, and sponsors for further specifics.

A. Definitions.

Parent and Guardian Involvement In Education Practices

The school district recognizes the importance of parental and guardian involvement in the education of their children. The school district will take the following steps to ensure that the rights of parents and guardians to participate in the education of their children are preserved.

1. Parents/Guardians will be provided access, as described in district procedures, to district-approved textbooks and other curricular materials and tests used in the district upon request.
 - a. A parental request to review specific approved textbooks and other district- or building-approved curricular materials (written, visual, and audio) should be made to the principal of the building where the textbooks and curriculum materials are used.
 - b. Parents may check out textbooks and may review curricular materials such as video and audio recordings within a time frame determined by the building principal to prevent disruption of the instructional process.
 - c. A parental request to review specific standardized and criterion-referenced tests used in the district should be made in writing to the building principal. Copies of the most recent tests used in the district will be available for parent review. Parents wishing to review statewide assessments will be provided with sample questions and a copy of a practice test, but will not be provided with copies of the actual assessment due to testing security. In the case of other secure tests such as the ACT, parents must contact the publisher to obtain copies of the test.
2. Parents/Guardians will be permitted, within district procedures, to attend and observe courses, assemblies, counseling sessions, and other instructional activities.
 - a. Parents/guardians are invited to make appointments with the building principal to visit classes, assemblies and other instructional activities. The principal shall give permission after determining that parental/guardian observation would not disrupt the activity. Observations that last more than 60 minutes or occur on consecutive days are typically disruptive and will not be permitted absent unusual circumstances, in the sole discretion of the building principal.

- b. Parents/guardians may contact the building principal to request permission to attend counseling sessions in which their child is involved.
- 3. Parents/guardians will be permitted, within district procedures, to ask that their children be excused from school experiences that parents find objectionable.
 - a. Building principals may excuse a student from any single school experience at the parent's written request.
 - b. When appropriate, alternative experiences will be provided for the student by the school.
- 4. Parents/guardians will be informed through the student handbook and district policies of the manner that the district will provide access to records of students.
- 5. Parents/guardians will be informed of the standardized and criterion-referenced district testing program. Parents may request additional information from the building principal.
- 6. Parents/guardians will be informed of the circumstances under which they may opt-out of state and federal assessments.
 - a. In accordance with federal law, at the beginning of the school year, the District shall provide notice of the right to request a copy of this policy to parents/guardians of students attending schools receiving Title I funds. The District will provide a copy of this policy to a requesting parent in a timely manner.
 - b. State Assessments

State and federal law simultaneously require students to take state assessments, with few exceptions, but also permit parents or guardians to request to opt their students out of these assessments. Approval of opt out requests is contrary to the mandatory testing laws, so the District cannot "approve" the request. Parents who do not present their child for testing will result in the child receiving the lowest score possible on the assessment.

c. National Assessment of Educational Progress

As a condition of receiving federal funds, the District participates in the National Assessment of Educational Progress (NAEP). To help ensure that the District has a representative sample of students taking the NAEP, which will allow the District to assess the quality and effectiveness of its programming on a national level, the District strongly encourages all eligible students to participate. However, student participation in NAEP is voluntary.

The District shall provide parents/guardians of eligible students with reasonable notice prior to the exam being administered. Parents/guardians wishing to opt their students out of the NAEP assessment must notify the district in writing at least seven days prior to the exam date to ensure that the District can coordinate supervision and alternative activities for students who have opted out.

7. Parents/guardians will be notified of their right to remove their children from surveys prior to district participation in surveys.
 - a. The principal must approve all surveys intended to gather information from students before they are administered to students.
 - b. Students' participation in surveys is voluntary. Parents/guardians may restrict their child from participating in any survey.

Required Attendance

Every person residing in the school district who has legal or actual charge or control of any child who is of mandatory attendance age shall cause that child to attend a public or private school regularly unless the child has graduated from high school or has been allowed to disenroll pursuant to this policy.

Mandatory Attendance Age

All children who are or will turn six years old before January 1 of the current school year are of mandatory attendance age. Children who have not turned eighteen years of age are of mandatory attendance age.

Exceptions

This policy does not apply when attendance is made impossible or impracticable by severe weather conditions or by the mental or physical illness of the student or a child whom the student is parenting.

A child who will not reach age 7 before January 1 of the current school year may be excused from mandatory attendance if the child's parent or guardian completes an affidavit affirming that alternative educational arrangements have been made for the child. A copy of the required affidavit is available if needed.

Discontinuing Enrollment – 5 Year Old Students

The person seeking to discontinue the enrollment of a student who will not reach six years of age prior to January 1 of the current school year shall submit a signed, written request to the superintendent using the form which is attached to this policy. The school district may request written verification or documentation that the person signing the form has legal or actual charge or control of the student. The school district shall discontinue the enrollment of any student who satisfies these requirements. Any student whose enrollment is discontinued under this subsection shall not be eligible to reenroll in this school district until the beginning of the following school year unless otherwise required by law.

Discontinuing Enrollment – 16 and 17 Year Old Students

Only children who are at least 16 years of age may be disenrolled from the district. The person seeking to discontinue the child's enrollment shall submit a signed, written request and submit it to the superintendent using the form which is attached to this policy. The district will follow the procedures outlined on the attached form in considering requests to disenroll.

Only children disenrolling to attend an exempt school may be exempt from this policy. The person with legal or actual charge or control of the child must provide the superintendent with a copy of the signed request submitted to the State Department of Education for attending exempt schools. The superintendent may confirm the validity of the submission with the State Department of Education.

Prohibition on Discontinuing Enrollment – Abuse or Neglect Investigation

Upon notice from the Department of Health and Human Services, the District shall not facilitate the transfer or disenrollment of a student whose parent, guardian, or educational decisionmaker is subject to an active investigation by the Department for fourteen days or until further notice from the Department, whichever occurs first.

Attendance Officer

Each building principal is designated as an attendance officer for the district. Each building principal, at his or her discretion, may delegate these responsibilities to any other qualified individual. The attendance officer is responsible for enforcing the provisions of state law relating to compulsory attendance. This responsibility includes but is not limited to filing a report with the county attorney of the county in which a student resides. Compensation for the duties of attendance officer is included in the salary for the superintendent or designee.

Excused Absences – Physical or Mental Illness

Absences shall be excused by a parent, guardian, or educational decision maker, as defined in section 79-530, of the child for physical or mental illness and as documented by a credentialed health professional, provided the documentation supports such absence. In the instance of chronic illness, documentation shall be reviewed each semester.

Excused Absences – Others

Excessive Absenteeism

When a student receives 7 absences or the hourly equivalent in any semester, the Attendance Officer or designee will send written notification of the student's total absences to the student's parent or guardian. When a student receives 15 absences or the hourly equivalent in any school year, the Attendance Officer or designee will send written notification of the student's total absences to the student's parent or guardian, and shall schedule a meeting with relevant stakeholders to discuss and address any barriers to the student's attendance, unless the Attendance Officer or designee determines that such a meeting would not be productive in facilitating the student's regular attendance.

When a student is absent more than 20 days per year or the hourly equivalent and any portion of the absences is unexcused, the Attendance

Officer may file a report with the county attorney of the county in which the student resides. For example, if the student accumulates 23 days of excused absences due to documented illness and is tardy one time, the Attendance Officer may file a report with the appropriate county attorney.

WELCOME

Dear Students and Parents:

On behalf of the faculty, administration, and board of education, we welcome you to another school year. We are looking forward to helping your children reach their learning potential and achieve their educational goals in the upcoming year.

Please read this handbook carefully. Students and their parents are responsible for knowing the rules, regulations, and procedures covered in this handbook. The student handbook is an extension of school policies and has the force and effect of board policy when approved by the board of education.

Required forms will be reviewed, completed, and submitted through the Returning Student Registration process at the beginning of each school year. **To ensure transportation services are in place for the first day of school, Returning Student Verification must be completed by August 1st.**

This handbook contains information of value to every student and parent. It contains explanations of school regulations and procedures necessary for our school to run smoothly and efficiently. If you are ever in doubt about what is the right thing to do, ask a classroom teacher, speak with the building principal, or contact my office.

Sincerely,

Dr. Ryan Saunders
Superintendent

Intent of Handbook

This handbook is intended to be used by students, parents, and staff as a guide to the rules, procedures, and general information about this school district. Students and their parents must become familiar with the handbook, and parents should use it as a resource and assist their children in following the rules contained in it. The use of the word "parents" refers to any adult who has the responsibility for making education-related decisions about a child, including, but not limited to biological parents, adoptive parents, legal guardians, and adults acting in loco parentis.

Although the information in this handbook is detailed and specific on many topics, it is not intended to be all-encompassing or to cover every situation and circumstance that may arise during a school day or school year. This handbook does not create a "contract" with parents, students, or staff, and the administration may make decisions and rule revisions at any time to implement the educational program and to assure the well-being of all students. The administration is responsible for interpreting the rules contained in the handbook. If a situation or circumstance arises that is not specifically covered in this handbook, the administration will make a decision based on applicable school district policies, and state and federal statutes and regulations.

Notice of Nondiscrimination

Leadership/Operations

SECTION ONE

BASIC SCHOOL RULES AND GENERAL PRACTICES

Attendance

Required Attendance

Every person residing in the school district who has legal or actual charge or control of any child who is of mandatory attendance age shall cause that child to attend a public or private school regularly unless the child has graduated from high school or has been allowed to disenroll pursuant to this policy.

Mandatory Attendance Age

All children who are or will turn six years old before January 1 of the current school year are of mandatory attendance age. Children who have not turned eighteen years of age are of mandatory attendance age.

Exceptions

This policy does not apply when attendance is made impossible or impracticable by severe weather conditions or by the mental or physical illness of the student or a child whom the student is parenting.

A child who will not reach age 7 before January 1 of the current school year may be excused from mandatory attendance if the child's parent or guardian completes an affidavit affirming that alternative educational arrangements have been made for the child. A copy of the required affidavit is attached to this policy.

Discontinuing Enrollment – 5 Year Old Students

The person seeking to discontinue the enrollment of a student who will not reach six years of age prior to January 1 of the current school year shall submit a signed, written request to the superintendent using the form which is attached to this policy. The school district may request written verification or documentation that the person signing the form has legal or actual charge or control of the student. The school district shall discontinue the enrollment of any student who satisfies these requirements. Any student whose enrollment is discontinued under this subsection shall not be eligible to reenroll in this school district until the beginning of the following school year unless otherwise required by law.

Discontinuing Enrollment – 16 and 17 Year Old Students

Only children who are at least 16 years of age may be disenrolled from the district. The person seeking to discontinue the child's enrollment shall

submit a signed, written request that demonstrates that the student meets the district's legal criteria allowing for disenrollment to the superintendent using the applicable district form. The district will follow the procedures outlined on the attached form in considering requests to disenroll.

Only children disenrolling to attend a non-accredited school may be exempt from this policy. The person with legal or actual charge or control of the child must provide the superintendent with a copy of the signed request submitted to the State Department of Education for attending non-accredited schools. The superintendent may confirm the validity of the submission with the State Department of Education.

Attendance Officer

Each building principal is designated as an attendance officer for the district. Each building principal, at his or her discretion, may delegate these responsibilities to any other qualified individual. The attendance officer is responsible for enforcing the provisions of state law relating to compulsory attendance. This responsibility includes but is not limited to filing a report with the county attorney of the county in which a student resides. Compensation for the duties of the attendance officer is included in the salary for the superintendent or designee.

Prohibition on Discontinuing Enrollment – Abuse or Neglect Investigation

Upon notice from the Department of Health and Human Services, the District shall not facilitate the transfer or disenrollment of a student whose parent, guardian, or educational decisionmaker is subject to an active investigation by the Department for fourteen days or until further notice from the Department, whichever occurs first.

Excused Absences – Physical or Mental Illness

Absences shall be excused by a parent, guardian, or educational decision maker, as defined in section 79-530, of the child for physical or mental illness and as documented by a credentialed health professional, provided the documentation supports such absence. In the instance of chronic illness, documentation shall be reviewed each semester.

Excessive Absenteeism

When a student receives 7 unexcused absences or the hourly equivalent in any semester, the Attendance Officer will follow the district's policy to address barriers to the student's attendance.

When a student is absent more than 20 days per year or the hourly equivalent and any portion of the absences is unexcused, the Attendance Officer may file a report with the county attorney of the county in which the student resides.

Absences Due to Illness

The school district will contact parents if a student becomes ill at school. A student who is absent due to illness has two days for every day of absence to complete missed assignments.

School Attendance on Days of Scheduled Activities

Students who are unexcused from school for any part of the day or who are absent for more than four periods will not be permitted to practice or participate in an extracurricular contest, practice or performance unless the student has the building principal's prior permission to participate despite the absence.

Planned absences

Parents who know in advance that a student will be absent must call the school or send a written note at the earliest possible date. Students who are absent are responsible for completing any work required by the teacher. Parents should make every attempt to schedule medical and other appointments after school hours when possible. Refer to each school Operation Guidelines for Absences

Students are obligated to:

- 1) Complete all class work in advance for any absence that can be anticipated.
- 2) Be in attendance for at least four periods or they will not be permitted to practice or participate in an extracurricular contest, practice or performance unless the student has the building principal's prior permission to participate despite the absence.
- 3) Check out of school at the office if leaving school during the school day.
- 4) Make up any and all work that is assigned by teachers as make-up work for the instructional time that has been missed.

Parents are obligated to:

- 1) Notify the appropriate building office to inform the school of the reason for each absence.
- 2) Submit a doctor's statement, if requested, for each period of absence due to illness that exceeds five days.

Pregnant and Parenting Students

The District will not discriminate in its education program or activity against any student based on the student's current, potential, or past pregnancy. Students who are pregnant or parenting are encouraged to continue participating in the district's educational and extracurricular programs. Students who anticipate deviations from their regular school experience or accrue absences due to pregnancy or parenting should notify their building principal as early as possible to discuss their educational programming in collaboration with the Title IX Coordinator.

Bills

Students should pay bills for supplies, fines, shop materials, clothing orders, etc. in the office. Any check for these payments should be made out to Springfield Platteview Community Schools unless otherwise instructed. Pursuant to board policy, the district will assess an additional penalty of \$30 for any check returned from the bank for insufficient funds.

When students purchase items of significant value, such as class rings and letter jackets, they must make payment at the time of purchase or when the order is placed

Books and Supplies

Students must take care of books and other supplies provided by the district. The school will assess fines for damage to books and school property.

Students must supply their own consumable items such as pens, pencils, tablets, notebooks, erasers, and crayons. Each classroom teacher will prepare a supply list for students at the beginning of the school year.

Breastfeeding and Lactation

In order to accommodate lactating and breastfeeding students, the district will provide reasonable opportunities to express breast milk or breastfeed in a place, other than a bathroom, which is shielded from view and free from intrusion from district students, employees, and the public. The district will also provide a location for students to store expressed breast milk in or near the location designated for students to express milk to create the least amount of disruption to the student's participation in class or activities.

Students who wish or need to express breast milk on a regular schedule must work with school administrators to create a schedule that accommodates the student's needs while facilitating education to the maximum extent possible.

In order to prevent interference with the educational process, no student shall express breast milk within school classrooms or buses. Nothing in this policy limits the authority of the administration to impose consequences consistent with the Student Discipline Act and other state and federal law.

Bullying

Students are prohibited from engaging in any form of bullying. The Centers for Disease Control and Prevention defines bullying as “any unwanted aggressive behavior(s) by another youth or group of youths who are not siblings or current dating partners that involves an observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated.” Nebraska statute defines bullying as “an ongoing pattern of physical, verbal or electronic abuse.” The District’s administrators will consider these definitions when determining whether any specific situation constitutes bullying. Both of these definitions include both in-person and cyberbullying behaviors.

The disciplinary consequences for bullying will depend on the severity, frequency, duration, and effect of the behavior and may result in sanctions up to and including suspension or expulsion. Students who believe they are being bullied should immediately inform a teacher or the building principal.

Reporting Bullying

Students who experience or observe bullying behavior must immediately report what happened to a teacher or administrator. Students can use the district’s anonymous platform- Sarpy County TIPS report site to make this report. Students may always confer with their parents or guardians about bullying they experience or witness, but the students must also ultimately report the situation to a teacher or administrator.

Bullying Investigations

School district staff will investigate allegations of bullying using the same practices and procedures that the district observes for student disciplinary matters. In no circumstance will school district staff be deliberately indifferent to allegations of bullying.

Cell Phones and Other Electronic Devices

Students are prohibited from using cellular phones or other electronic devices while at school, except as provided in this policy or as deemed appropriate by a student’s education team.

Students may use cell phones or other electronic devices on school sidewalks and in the common areas of the school before and after school, during passing periods, and during lunch so long as they do not create a distraction or a disruption and comply with all other policies and handbook provisions.

By bringing their cell phones and other electronic communication devices to school, students consent to the search of said devices by school staff when the staff determines that such a search is reasonable or necessary.

Students may not have cell phones or electronic devices while they are in locker rooms, classrooms, or restrooms. During school hours student cell phones or electronic devices must remain in lockers, backpacks, or be locked in a personal vehicle. Students may use cell phones or other technology in classrooms only with the express permission of the classroom teacher.

Students are strictly prohibited from sending, sharing, viewing, or possessing pictures, text messages, emails or other material of a sexual nature in electronic or any other form on a computer, cell phone, or other electronic device while at school. Students who possess prohibited material on their cell phone or other electronic device while at school shall be subject to disciplinary consequences as articulated by the student handbook.

Students may not use cell phones or electronic communication devices while riding in school vehicles, including listening to music, unless they have permission to do so from the driver or other adult responsible for their supervision.

Students shall be personally and solely responsible for the security of their cell phones and pagers. The district is not responsible for theft, loss or damage of a cell phone or any calls made on a cell phone.

Students who violate this policy or other school rules will have their cell phones or electronic devices confiscated immediately. The administration will return confiscated devices to the parent or guardian of the offending student, after discussing the rule violation with the student and parent or guardian. Students who violate this policy may, at the discretion of the school's administration, be subject to additional discipline, up to and including suspension or expulsion.

Cheating, Plagiarism, and Academic Dishonesty

Students may not cheat, plagiarize, or otherwise participate in any academic dishonesty in any form. Prohibited behavior includes:

- Obtaining, attempting to obtain, or aiding another person to obtain credit for work by any dishonest or deceptive means.
- Lying.
- Copying another person's work or answers.
- Discussing the answers or questions on a test or assignment unless specifically authorized by the teacher.
- Taking or receiving copies of a test without the permission of the teacher.
- Using or displaying notes, "cheat sheets," or other sources of unauthorized information.
- Using the ideas or work of another person as if they were your own without giving proper credit to the source.
- Submitting work or any portion of work completed by another person.
- Failing to give credit for ideas, statements, facts, or conclusions which rightfully belong to another person.
- Failing to use quotation marks or other appropriate means of attribution when quoting directly from another person or source.
- Using AI Tools unless an individual teacher affirmatively communicates to students that AI Tools may be used for a specific assignment, in all other instances AI Tools may not be used.

A student who cheats, plagiarizes, or otherwise participates in any academic dishonesty is subject to discipline, up to and including expulsion.

Child Abuse and Neglect

School employees will report suspected abuse or neglect of a child as required by state law and school policy. Nebraska law defines abuse or neglect as knowingly, intentionally, or negligently causing or permitting a minor child or an incompetent or disabled person to be (1) placed in a situation that endangers his or her life or physical or mental health; (2) cruelly confined or cruelly punished; (3) deprived of necessary food, clothing, shelter or care; (4) left unattended in a motor vehicle, if such child is six years of age or younger; (5) sexually abused; (6) placed in a situation to be sexually exploited through sex trafficking of a minor as defined in state law or by allowing, encouraging, or forcing such person to engage in debauchery, public indecency, or obscene or pornographic photography, films, or depictions; or (7) placed in a situation to be a trafficking victim as defined in state law.

Classroom Behavior

Student behavior and attitude in the classroom must be cooperative and serious. All students must:

- arrive to class on time;
- prepare for class with all necessary materials;
- be considerate of others;

- respond promptly to all directions of the teacher; and
- take care of school property and the property of others.

Teachers will establish classroom conduct rules that students must obey.

Communicable Diseases

Any student who has contracted a contagious disease may be restricted from attendance at school until the student is no longer contagious. The school district uses the Title 173- Nebraska Health and Human Services/Control of Communicable Disease, Chapter 3 of the Nebraska Administrative Code as a "best practice" guideline for contagious and infectious diseases. If there are questions regarding the communicability of your child's health condition or if you know your child has contracted a contagious or communicable disease or condition not otherwise specified in board policy or this handbook, please call the District Nurse at 402-339-3606.

Communicating with Parents

Parents shall be kept informed of student progress, grades, and attendance through report cards, progress reports, and parent/teacher conferences. The school district will notify parents if their students are failing or close to failing. The school district will endeavor to notify parents of failing students prior to entry of the failing grade on the student's report card. Parents will also be notified of their student's possible failure to meet graduation requirements. Other pertinent information will be communicated to parents by mail or by personal contact. Official transcripts of student progress, grades, and attendance will be sent to other school systems upon the student's transfer when the district receives a written request signed by the student's parent or guardian or upon being notified that the student has enrolled in another school.

Complaint Procedure

Good communication helps to resolve many misunderstandings and disagreements. This complaint procedure applies to complaints unless the complaint is subject to a different procedure required by law, policy or contract. Individuals who have a complaint should discuss their concerns with appropriate school personnel in an effort to resolve problems at the lowest level of the chain of command. When such efforts do not resolve matters satisfactorily, including matters involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age, a complainant should follow the procedures set forth in any specific policy addressing those areas or the procedures set forth below.

Allegations of sex discrimination covered by Title IX will be addressed through the board's Title IX policy.

References to “coordinator” in this policy refer to the board-designated coordinator for the applicable area, such as the Section 504 Coordinator for allegations of disability-based discrimination.

Under this policy, factual conclusions will be based on a preponderance of the evidence.

Complaint and Appeal Process

1. The first step is for the complainant to speak directly to the person(s) with whom the complainant has a concern. For example, a parent who is unhappy with a classroom teacher should initially discuss the matter with the teacher. However, the complainant should skip the first step if complainant reasonably believes speaking directly to the person would subject the complainant or complainant's student to discrimination or harassment.
2. The second step is for the complainant to speak to the building principal, coordinator, superintendent of schools, or president of the board of education, as set forth below. Anyone with questions about the appropriate person to speak with may request clarification from the superintendent.
 - a) Complaints about the operation, decisions, or personnel within a building should be submitted to the principal of the building.
 - b) Complaints about the operations of the school district or a building principal should be submitted in writing to the superintendent of schools.
 - c) Complaints about the superintendent of schools should be submitted in writing to the president of the board of education.
 - d) Complaints involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age may also be submitted at any time during the complaint procedure to the applicable coordinator. Complaints involving discrimination or harassment may also be submitted at any time to the Office for Civil Rights, U.S. Department of Education: by email at OCR.KansasCity@ed.gov; by telephone at (816) 268-0550; or by fax at (816) 268-0599.
3. When a complainant submits a complaint to an administrator or coordinator, the administrator or coordinator shall first determine whether another applicable procedure is required by policy or law and if so, direct the complaint to the appropriate person to follow that

procedure. If not, the administrator or coordinator will promptly and thoroughly investigate the complaint, and shall:

- a) Determine whether the complainant has discussed the matter with the respondent.
 - 1) If the complainant has not, urge the complainant to discuss the matter directly with the respondent, if appropriate.
 - 2) If the complainant refuses to discuss the matter with the respondent, the administrator or coordinator shall, in his or her sole discretion, determine whether the complaint should be pursued further.
 - b) Strongly encourage the complainant to reduce his or her concerns to writing.
 - c) Interview the complainant and, if necessary, the respondent against whom the complaint is filed, to determine:
 - 1) All relevant details of the complaint;
 - 2) All witnesses and documents which the complainant believes support the complaint;
 - 3) The action or solution which the complainant seeks.
 - d) Respond to the complainant. If the complaint involves discrimination or harassment, the response shall be in writing and shall be submitted within 180 calendar days after the administrator or coordinator receives the complaint.
4. If either the complainant or the respondent is not satisfied with the decision, he or she may appeal the decision to the superintendent. The superintendent may assign a qualified designee to hear any appeal.
- a) This appeal must be in writing.
 - b) This appeal must be received by the superintendent no later than three (3) calendar days from the date of the decision.
 - c) For complaints addressed through other applicable procedures that do not include a separate investigatory process, the superintendent will investigate as he or she deems appropriate.
 - d) The superintendent will prepare a written decision and provide it to the complainant and any other person entitled by law to receive the appeal decision. For complaints involving discrimination or harassment, the superintendent shall submit the decision within 180 calendar days after the superintendent received complainant's written appeal. Appeals to the

superintendent from complaints involving discrimination or harassment are final once the superintendent delivers the written decision, as are all other appeals/complaints to the superintendent unless the complaint can be appealed on the limited grounds to appeal to the board below.

5. The board's role is to set policy, establish and implement a budget, and evaluate the superintendent. The board does not manage the daily operations of the school district entrusted to its administration unless required by law or policy. Because of the board's statutory roles, it does not hear complaints or appeals that may involve oversight or discipline of students, staff, or others, unless those involve the superintendent as discussed below. The board does not hear complaints or appeals based on allegations of discrimination or harassment unless otherwise required by law. The board will hear appeals only in the following circumstances.
 - a) When the complaint is about a board policy, not implementation of the policy;
 - b) When the complaint involves the budget or school expenditures that have been or must be approved by the board; or
 - c) When the board is required by law, policy, or contract to hear a complaint or appeal.

6. If a complaint involves those limited grounds and a party is not satisfied with the superintendent's decision regarding the complaint or appeal, he or she may appeal the decision to the board.
 - a) This appeal must be in writing
 - b) This appeal must be received by the board president no later than ten (10) calendar days from the date the superintendent communicated his/her decision to the complainant.
 - c) This policy allows, but does not require the board to receive statements from interested parties and witnesses relevant to the complaint appeal. However, all matters involving discrimination or harassment allegations against the superintendent shall be promptly and thoroughly investigated by the board president or a designee.
 - d) The board president will notify the complainant and any other person legally required to receive the decision in writing of its decision. If the complaint involves discrimination or harassment allegations against the Superintendent, the board president shall submit its decision within 180 days after receiving the written appeal. complainant's written appeal.

- e) There is no appeal from any decision of the board unless authorized by law.
7. Formal complaints about the superintendent shall be filed with the president of the board. However, complaints about the superintendent do not include disagreement with the superintendent's decision on appeal based on a complaint of discrimination, harassment, or action of any other employee who is not the superintendent. Upon receipt of a complaint, the board president or his or her designee shall promptly and thoroughly investigate the complaint, and shall:
- a) Coordinate with school district staff, other than the superintendent, to determine if another procedure in policy or law requires the complaint against the superintendent to follow another procedure. If so, the board president will coordinate handling the complaint through that procedure. If another procedure applies, such as in the case of allegations of sex discrimination against the superintendent, the board president or, at his or her discretion, the full board will serve only to hear any appeal by a party to the complaint.
 - b) Determine whether the complainant has discussed the matter with the superintendent.
 - 1) If the complainant has not, the board president or designee will urge or require the complainant to discuss the matter directly with the superintendent, if appropriate or required.
 - 2) If the complainant refuses to discuss the matter with the superintendent, the board president shall, in his or her sole discretion, determine whether the complaint should or must be pursued further.
 - c) Determine, in his or her sole discretion, whether to place the matter on the board agenda for consideration at a regular or special meeting.
 - d) Respond to the complainant or appeal. If the complaint or appeal involves discrimination or harassment, the response shall be in writing and shall be submitted within 180 calendar days after the president received the complaint.
 - e) Appoint or contract with other individuals qualified to assist the board through this process or any other applicable procedure used to address allegations against the superintendent.

No Retaliation

The school district prohibits retaliation against any person for filing a complaint or for participating in the complaint procedure in good faith.

Special Rules Regarding Educational Services and Related Services to Students with Disabilities.

Students with disabilities and their families have specific rights outlined in state and federal law, including administrative processes by which they may challenge the educational services being provided by the school district. Therefore, the appeal process contained in this policy may not be used to challenge decisions made by a student's individualized education plan (IEP) team or 504 team.

Complaints about the educational services provided to a student with a disability, including but not limited to services provided to a student with an IEP, access to curricular and extracurricular activities, and educational placement must be submitted to the school district's Director of Special Services. The Director of Special Services will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of IDEA Parental Rights promulgated by the Nebraska Department of Education.

Complaints about the educational services provided a student with a disability pursuant to a Section 504 plan must be submitted to the school district's 504 Coordinator. The 504 Coordinator will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of Section 504 Parental Rights adopted by the board of education.

Complaints about the educational services provided to a student who is suspected of having a disability must be submitted in writing to the school district's Director of Special Services or to the district's 504 Coordinator. The Director of Special Services or 504 Coordinator will either refer the student for possible verification as a student with a disability or will provide prior written notice of the district's refusal to do so.

Bad Faith or Serial Filings

The purpose of the complaint procedure is to resolve complaints at the lowest level possible within the chain of command. Individuals who file complaints (a) without a good faith intention to attempt to resolve the issues raised; (b) for the purpose of adding administrative burden; (c) at a volume unreasonable to expect satisfactory resolution; or (d) for purposes inconsistent with the efficient operations of the district may be dismissed by

the superintendent without providing final resolution other than noting the dismissal. There is no appeal from dismissals made pursuant to this section.

Students are expected to use district provided technology and the Internet as an educational resource. The following procedures and guidelines govern the use of computers and the Internet at school.

I. Student Expectations in the Use of the Internet

The computer system is owned by the school district. As with any school property, any electronic files on the system are subject to search and inspection at any time.
2. The school district uses a technology protection measure that blocks access to some Internet sites that are not in accordance with the policy of the school district. Standard use of the Internet utilizes a proxy server-based filter that screens for non-curriculum related pages.
3. Due to the nature of filtering technology, the filter may at times filter pages that are appropriate for student research. The system administrator may override the technology protection measure for the student to access a site with legitimate educational value that is wrongly

blocked.

4. The school district staff will monitor students' use of the Internet through direct supervision and by monitoring Internet use history to ensure enforcement of the policy.

D. Consequences for Violation of this Policy

 - d. Other discipline as school administration and the school board deems appropriate.
2. Students who use school computer systems without permission and for non-school purposes may be guilty of a criminal violation and will be prosecuted.

III. Protection of Students

E. Children's Online Privacy Protection Act (COPPA)

1. The school will not allow companies to collect personal information from children under 13 for commercial purposes. The school will make reasonable efforts to disable advertising in educational computer applications.

F. Education About Appropriate On-Line Behavior

1. School district staff will educate students about appropriate online behavior, both in specific computer usage units and in the general curriculum.
2. Staff will specifically educate students on
 - a. Appropriate interactions with other individuals on social networking websites and in chat rooms.
 - b. Cyberbullying awareness and response.
3. The School District's technology director shall inform staff of this educational obligation and shall keep records of the instruction which occurs in compliance with this policy

Conferences

Students' academic success has been closely linked to parental involvement in school. The school district has formal parent-teacher conferences at the end of the first quarter and during the third quarter.

In addition to formal conferences, classroom teachers will communicate with parents as necessary. Parents are encouraged to communicate with their student's teacher or the building principal to discuss parental concerns, student needs or any other issue.

Copyright and Fair Use

The school district complies with federal copyright laws. Students must comply with copyright laws when using school equipment or working on school projects and assignments. Federal law prohibits the unauthorized reproduction of works of authorship, regardless of the medium in which they were created.

The "fair use" doctrine allows limited reproduction of copyrighted works for educational and research purposes. "Fair use" of a copyrighted work includes reproduction for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research. Students who are unsure whether their proposed reproduction of copyrighted material constitutes "fair use" should consult with their teacher or building principal, and review the school district's copyright compliance policy. You can find more information on copyright compliance requirements and permitted uses from the U.S. Copyright Office and the Library of Congress at the following site:

<http://www.loc.gov/teachers/usingprimarysources/copyright.html>.

Damage to School Property

Students who damage school property either intentionally or unintentionally may be required to pay to replace or restore the property, at the discretion of the administration.

Dating violence, as that term is defined by Nebraska law, will not be tolerated by the school district. Students who engage in dating violence on school grounds, in a school vehicle or at a school activity or that otherwise violates the Nebraska Student Discipline Act will receive consequences consistent with the Act and the district's student discipline policies.

The school district shall provide dating violence training to staff deemed appropriate by the administration and in accordance with Nebraska law.

Discrimination and Harassment

Students who believe that they have been the subject of unlawful discrimination or harassment due to their disability should contact the following Section 504 Coordinator: Jacci Lucas 402-592-1300 or at jacci.lucas@spscne.org or in person at the administration building.

Students who believe that they have been the subject of unlawful discrimination or harassment due to their sex should contact the following Title IX Coordinator: Jacci Lucas 402-592-1300 or at jacci.lucas@spcsne.org or in person at the administration building. Students who believe that they have been the subject of any other unlawful discrimination or harassment should contact Jacci Lucas 402-592-1300 or at jacci.lucas@spcsne.org or in person at the administration building. Students may report discrimination or harassment to any staff member who will then forward it on to the appropriate coordinator or administrator. The staff member will follow school district policies to respond to the report.

Dress Code

The District prohibits student attire or appearance that:

- Causes or is likely to cause a material and substantial disruption to the District's programs and activities.
- Promotes, depicts, or refers to violence, drugs, alcohol, vulgarity, obscenity, illegal activity, hate speech, bullying speech, or harassing speech.
- Includes words, gestures, or images that contain or imply sexual content or innuendo.
- Otherwise undermines the District's mission to instill the habits, manners, and values fundamental to civility, community, and the educational environment.

Violations of the dress code shall be addressed in a manner consistent with the Student Code of Conduct. The District reserves the right to request immediate attire changes from students. The District will require students to adhere to uniform standards and/or wear district approved or issued uniforms in order to participate in activities.

Students may be required to wear protective clothing or equipment or otherwise modify their attire or secure their hair to ensure the safety of themselves and others. In such cases, a good faith effort to reasonably accommodate students will be made to ensure safety without compromising religious beliefs, grooming practices, or requiring students to permanently alter their appearance. The least restrictive means appropriate to address the identified health or safety concern shall be used.

Driving and Parking Personal Vehicles

Students who drive privately owned motor vehicles to school must obey the following rules:

1. Students may not move their vehicles during the school day without the permission of the building principal or superintendent. Students will not

be allowed to sit in or be around their vehicles during the school day, without administrative permission.

2. Students must drive with care to ensure the safety of the pedestrians. Students may not drive carelessly or with excessive speed.
3. By driving personal vehicles to school and parking on school grounds, students consent to having that vehicle searched by school officials when they have reasonable suspicion that such a search will reveal a violation of school rules.

Drug Free Schools

The board of education has adopted policies to comply with the Federal Drug-Free Schools and Communities Act. Students are prohibited from using, possessing, or selling any drug, alcohol, or tobacco while on school grounds, at a school activity or in a school vehicle. In addition, students who participate in the school's activities program should refer to the Activities Handbook which prohibits the use or possession of alcohol, controlled substances and tobacco at all times.

Any student who violates any school policy regarding drug, alcohol, and tobacco use will be disciplined, up to and including short-term suspension, long-term suspension, or expulsion from school and/or referral to appropriate authorities for criminal prosecution.

Emergency Contact Information

Parents must complete returning student registration. There is an emergency information section for each child enrolled in the district. The information should list the family physician's name, where parents or a responsible adult can be located, and any necessary emergency instructions. Parents must promptly inform the school if this contact information changes during the school year.

Evacuations

The school district will hold routine evacuation drills throughout the school year. Classroom teachers will provide students with detailed instructions on building evacuations.

Eye Exams

All students enrolling in kindergarten or transferring into the school district from out of state must undergo a visual examination by a physician, a physician assistant, an advanced practice registered nurse, or an optometrist, which consists of testing for amblyopia, strabismus, and internal and external eye health, with testing sufficient to determine visual acuity, except that no such physical examination or visual evaluation shall be required of any child whose parent or guardian objects in writing. They

must provide evidence of the vision examination within six months prior to entrance. The cost of such physical examination and visual evaluation shall be borne by the parent or guardian of each child who is examined.

First-Aid

First-aid items may only be used by school staff. Students who need first aid should ask for assistance from their classroom teacher or the nearest staff member.

Food Service Program

The school district provides a food service program that is designed to provide adequate nutrition and an educational experience for students.

Breakfast

The school will serve breakfast daily from 7:30 a.m. until 7:50 a.m. Students who qualify for free or reduced-price lunch also qualify for free or reduced-price breakfast. Breakfast prices for K-6 is \$2.35, 7-12 is \$2.60, and \$3.15 for adults.

Lunch

Lunch prices depend on the federal funding that the program receives. Lunch for K-6 is \$3.75. Lunch for 7-12 lunch is \$3.95 for students and \$5.15 for adults. The cost for milk is \$0.75.

Payment for Meals

Students are encouraged to pay for meals several weeks in advance. Payment should be made in the office.

The district will provide a full reimbursable lunch whenever possible. If a student's parents do not respond to multiple notifications and requests to address a negative balance, the student may be provided and charged for a limited "courtesy meal" option, such as a plain sandwich.

Students who qualify for free meals will not be denied a reimbursable meal, even if they have accrued a negative balance from other food purchases. School staff may prohibit any students from charging a la carte or extra items if they do not have cash in hand or their account has a negative balance.

If a student repeatedly lacks funds to purchase a meal, has not brought a meal from home, and is not enrolled in a free meal program, the district will use its resources and contacts to protect the health and safety of the student. Failure or refusal of parents or guardians to provide meals for

students may require mandatory reporting to child protection agencies as required by law.

Collection of Delinquent Meal Charge Debt

The school district is required to make reasonable efforts to collect unpaid meal charges. The building principal or his or her designee will contact households about unpaid meal charges and notify them again of the availability of the free and reduced meal program and/or establish payment plans and due dates by telephone, e-mail, or other written or oral communication. If these collection efforts are unsuccessful, the school district may pursue any other methods to collect delinquent debt as allowed by law. Collection efforts may continue into a new school year. Students with outstanding balances may not be issued school provided devices, a diploma, or other school provided materials until the negative balance is paid in full.

Notice of Non-Discrimination

Additionally, program information may be made available in languages other than English.

Head Lice

Upon discovering the presence of live lice or louse eggs, the school will notify the student's parent(s) or guardian(s). The student will be isolated from contact with other students and their belongings, and a parent or guardian must pick the child up from school immediately.

By Nebraska DHHS regulation, students are not permitted to return to school until the student is treated such that no live lice or louse eggs can be detected. The parent(s) or guardian(s) will be required to treat the student and accompany the student to school to be examined. The student cannot ride the school bus until the district has cleared the student to return to school.

Health Problems Limiting Activities

Parents who do not want their children to play outdoors or participate in physical education for health reasons must send a written request to school. If a student persistently requests to be excused from these activities, the building principal or classroom teacher may require a doctor's verification.

Parents should notify the principal or superintendent if their student has any special health problems such as diabetes, asthma, or the like.

Homebound Instruction

The school district may provide a student with instruction in his or her home and under parental supervision if the student is physically or mentally ill or injured and unable to attend regular classes for an extended period of time. Homebound instruction shall be provided when the student's physical and mental condition are such that the student can benefit from instruction and no other provision will meet the student's educational needs. If you believe that homebound instruction is appropriate for your child, please contact the building principal to initiate the appropriate process to determine eligibility.

Homeless Children and Youth

Homeless students generally include children who lack a fixed, regular, and adequate nighttime residence, as further defined by applicable state and federal law.

It is the school's policy not to stigmatize or segregate homeless students on the basis of their status of being homeless. Transportation for homeless students who enroll in the district shall be furnished by the district under the same guidelines applying to other students or if such transportation is necessary for compliance with federal law.

Each homeless child shall be provided services for which the child is eligible comparable to services provided to other students in the school selected regardless of residency. Homeless children shall be provided access to education and other services that such children need to ensure that they have an opportunity to meet the same student performance standards to which all students are held.

If a homeless child registered to attend school in the district is receiving family reconciliation services pursuant to state law, the district will work in cooperation with any county or department of social services in the district to jointly develop an educational program for the child. The district's homeless coordinator is Director of Special Services, Jacci Lucas, who may be contacted at 402-592-1300.

Illness or Injury at School

Students who feel ill or are hurt while at school should seek immediate assistance from their classroom teacher or the nearest staff member. The school will contact parents to pick students up from school whenever necessary. When school officials determine that a student needs immediate medical attention but the parents cannot be reached by phone, emergency services will be summoned or the student will be taken directly to the doctor and/or hospital. Parents will provide emergency information for each child enrolled in the district.

Immunizations

All students must furnish one of the following to school officials:

- proof of adequate immunizations for mumps, measles, rubella; diphtheria, pertussis, tetanus; polio; and hepatitis B series; or
- a signed parental statement of refusal to provide the immunization history. Homeless students who are in need of immunizations will be referred to the homeless coordinator, who shall assist in obtaining necessary immunizations or medical records.

Provisional Enrollment. Students who meet the statutory requirements for provisional enrollment shall be allowed to attend school for sixty days without the necessary immunizations.

Students who are excepted from the immunization requirement may be excluded from school in the event of an outbreak of any contagious disease in the school population.

Initiations and Hazing

Initiations and hazing by members of classes, clubs, athletic teams, or any other organization affiliated with the district are prohibited except as

otherwise permitted by this policy. Any student engaging in hazing or non-approved initiations is subject to discipline as permitted by policy and law.

Initiations are defined as any ritualistic expectations, requirements, or activities placed upon new members of a school organization for the purpose of admission into the organization, even if those activities do not rise to the level of "hazing" as defined below. Initiations are prohibited except by permission of the superintendent.

Hazing is defined as any activity by which a person intentionally or recklessly endangers the physical or mental health or safety of an individual for the purpose of initiation into, admission into, affiliation with, or continued membership in any school organization. Hazing activities include, but are not limited to, whipping, beating, branding, an act of sexual penetration, an exposure of the genitals of the body done with the intent to affront or alarm any person, a lewd fondling or caressing of the body of another person, forced and prolonged calisthenics, prolonged exposure to the elements, forced consumption of any food, liquor, beverage, drug, or harmful substance not generally intended for human consumption, prolonged sleep deprivation, or any brutal treatment or the performance of any unlawful act that endangers the physical or mental health or safety of any person.

Lockers and Other School Property

The school district owns and exercises exclusive control over student lockers, desks, computer equipment, and other such property. Students should not expect privacy regarding usage of or items placed in or on school property, because school property is subject to search at any time by school officials. Periodic, random searches of lockers, desks, computers, and other such property may be conducted at the discretion of the administration. The assignment of a locker is on a temporary basis and may be revoked at any time. School officials may inspect student lockers without any particularized suspicion or reasonable cause.

Medications

Whenever possible, parents should arrange medication schedules to eliminate the need for giving medication during school hours. When it is necessary for school personnel to administer medication to students, the school district will comply with the Nebraska Medication Aide Act, the requirements of Title 92, Nebraska Administrative Code, Chapter 59, (promulgated by the Nebraska Department of Education and entitled *Methods of Competency Assessment of School Staff Who Administer Medication*), and all state and federal regulations. Parents and guardians

who wish to have their child receive medication from school personnel must comply with the following procedures:

Prescription medication. (1) Parents/guardians must provide a physician's written authorization for the administration of the medication. (2) Parents/guardians must provide their own written permission for the administration of the medication. (3) The medication must be brought to school in the prescription container and must be properly labeled with the student's name, the physician's name, and directions for administering the medication.

Non-prescription medication. (1) Parents/guardians must provide written permission for the administration of the medication. (2) The medication must be brought to the school in the manufacturer's container. (3) The container must be labeled with the child's name and with directions for provision or administration of the medication

The district reserves the right to review and decline requests to administer or provide medications that are not consistent with standard pharmacological references, are prescribed in doses that exceed those recommended in standard pharmacological references, or that could be taken in a manner that would eliminate the need for giving them during school hours. The district may request parental authorization to consult with the student's physician regarding any medication prescribed by such physician.

Memorials

Memorials or plaques honoring deceased students are generally not allowed in or on the school grounds unless authorized by board policy. Dedications to students will not be allowed.

Scholarships in the deceased person's name will not be set up by the school. Scholarships set up by outside organizations or individuals, such as a foundation, will be allowed.

Opting Out of Assessments

The Board of Education has adopted a policy on approval and denial of state and federal assessment opt-out requests, which is based on requirements in law. The policy can be requested by contacting the Superintendent of Schools.

Parental Involvement

The school district recognizes the unique needs of students who are being served in its Title I program, and the importance of parent and family

engagement in the Title I program. Parent and family engagement in the Title I Program shall include, but is not limited to:

1. An annual meeting to which all parents of participating children will be invited to inform parents of their school's participation under this part, to explain the requirements of this part, and the right of the parents to be involved. Invitations may take the form of notes sent with students or announcements in the school newsletter. Additional meetings may be scheduled, based upon need and interest for such meetings.
2. An explanation of the details for the child's and parents' participation, including but not limited to: curriculum objectives, the forms of academic assessment used to measure student progress and the achievement levels of the challenging State academic standards, type and extent of participation, parental input in educational decisions, coordination, and integration with other Federal, State, and district programs, and evaluations of progress.
3. Opportunities for participation in parent involvement activities, such as training to help parents work with their children to improve achievement. A goal of these parent activities is to provide parents with opportunities to participate in decisions relating to the education of their students, where appropriate.
4. The district will, to the extent practicable, provide parents of limited English proficiency, parents with disabilities, parents with limited literacy, are economically disadvantaged, are of a racial or minority background or parents of migratory children with opportunities for involvement in the Title I Program. Communication to parents about student progress and the district's other Title I Program communications will be provided in the language used in the home to the extent practicable. Responses to parent concerns will be provided in a timely manner.
5. Opportunities for parent-teacher conferences, in addition to those regularly scheduled by the school district, if requested by the parents or as deemed necessary by school district staff.
6. The district will coordinate and integrate parental involvement programs and activities with other programs in the community. These may include cooperation with other community programs such as Head Start and preschools and other community services such as the public library.
7. The district will educate teachers, specialized instructional support personnel, principals, and other school leaders, with the assistance of parents in the value and utility of contributions of

parents, how to reach out to, communicate with and work with parents as equal partners.

Physical Exam

Students entering kindergarten and the seventh grade, and those entering school from another state, are statutorily required to show evidence that they have had a physical examination within six months prior to the date of entering school.

Pictures

The school district arranges for a photographer to be present at school in the fall to take class pictures. Parents will be notified of the date.

Police Questioning and Apprehension

Police or other law enforcement officers may be called to the school at the request of school administration, or may initiate contact with the school in connection with a criminal investigation. The school district shall inform parents when law enforcement officers seek access to their student prior to the student being questioned unless the officers are investigating charges that the student has been the victim of abuse or neglect. Members of the school district staff will comply with board policy regarding police questioning of students.

Protection of Student Rights

The Board of Education respects the rights of parents and their children and has adopted a Protection of Pupil Rights policy in consultation with parents to comply with the Protection of Pupil Rights Amendment (PPRA). The policy is available on the district's website or upon request from the district's administrative office. Parents may opt their child out of participation in activities identified by the Protection of Pupil Rights policy by submitting a written request to the superintendent. Parents may have access to any survey or other material described in the Protection of Pupil Rights policy by submitting a written request to the superintendent.

ACT Exam Questionnaire

Students taking the ACT Exam will be prompted to complete a short, optional questionnaire addressing a number of topics. If you wish to review this questionnaire prior to the administration of the exam, please submit a written request to the Director of Learning. This will need to be completed at least 10 days prior to the district exam date to request approval from ACT.

Reasonable Suspicion Testing

Students may be required to submit to drug or alcohol testing if there is a reasonable suspicion that the student is under the influence of drugs or alcohol.

Rights of Custodial and Non-Custodial Parents

The school district will honor the parental rights of natural and adoptive parents unless those rights have been altered by a court.

The term "custodial parent" refers to a biological or adoptive parent to whom a court has given primary physical and legal custody of a child, and a person such as a caseworker or foster parent to whom a court has given legal custody of a child.

The district will not restrict the access of custodial and non-custodial parents to their students and their students' records, unless the district has been provided a copy of a court order that limits those rights. If the district is provided such a court order, school officials will follow the directives set forth in the order.

The district will provide the custodial parent with routine information about his or her child, including notification of conferences. The district will not provide the non-custodial parent with such information on a routine basis, but will provide it upon the non-custodial parent's request unless it has been denied by the courts.

A non-custodial parent who wishes to attend conferences regarding his or her child will be provided information about conference times so both parents may attend a single conference. The district is not required to schedule separate conferences if both parents have been previously informed of scheduled conference times.

If either or both parents' behavior is disruptive, staff members may terminate a conference and reschedule it with appropriate modifications or expectations.

Secret Organizations

Secret organizations are prohibited. School officials shall not allow any person or representative of any such organization to enter upon school grounds or school buildings for the purpose of rushing or soliciting students to participate in any secret fraternity, society, or association.

Self-Management of Diabetes or Asthma/Anaphylaxis

Subject to school policy, the school district will work with the parent or guardian in consultation with appropriate medical professionals to develop a

medical management plan for a student with diabetes, asthma, or anaphylaxis. Parents desiring to develop such a plan should contact the district nurse at 402-339-3606.

Smoking and Tobacco

The use or possession of any tobacco product, including cigarettes, cigars, or other tobacco or tobacco derivative products; vapor products or electronic nicotine delivery systems; alternative nicotine products; or any other such look-alike or imitation product, is not permitted on school property at any time.

Sniffer (Drug) Dogs

The administration is authorized to use sniffer dogs to minimize the presence of illicit items on school grounds. Students and staff are specifically notified of the following:

1. Lockers may be sniffed by sniffer dogs at any time.
2. Vehicles parked on school property may be sniffed by sniffer dogs at any time.
3. Classrooms and other common areas may be sniffed by sniffer dogs at any time students and staff are not present.
4. If contraband of any kind is found, the student or staff member shall be subject to appropriate disciplinary action.

Standardized Testing

The Nebraska Student-Centered Assessment System (NSCAS) is administered at least one time a year in grades 3-11 to determine the students' achievement probability for individual success. Tests are administered at least in the spring of each academic year, and the results are sent home. This assessment is paired with NWEA/MAP assessment to review growth for the individual student.

Student Assistance

Parents who believe their students have any learning, behavior, or emotional needs that they believe are not being addressed by the school district should contact the student's teacher. If appropriate, the teacher may convene the Student Assistance Team (SAT). The SAT can explore possibilities and strategies that will best meet the educational needs of the student.

Student Fee Policy

The school district shall provide free instruction in accordance with the Nebraska State Constitution and Nebraska state law. The district also provides activities, programs, and services that extend beyond the minimum level of constitutionally required free instruction. Under the Public Elementary and Secondary Student Fee Authorization Act, the district is permitted to charge students fees for these activities or to require students

to provide specialized equipment and attire for certain purposes. This policy is subject to further interpretation or guidance by administrative or board regulations. Students are encouraged to contact their building administration, their teachers or their coaches, and sponsors for further specifics.

Guidelines for Clothing Required for Specified Courses and Activities

Students are responsible for complying with the district's grooming and attire guidelines and for furnishing all clothing required for any special programs, courses or activities in which they participate. The teacher, coach, or sponsor of the activity will provide students with written guidelines that detail any special clothing requirements and explain why the special clothing is required for the specific program, course or activity.

Safety Equipment and Attire

The district will provide students with all safety equipment and attire that is required by law. Building administrators will assure that (a) such equipment is available in the appropriate classes and areas of the school buildings, (b) teachers are directed to instruct students in the use of such devices, and (c) students use the devices as required. Students are responsible for using the devices safely and as instructed.

Materials Required for Course Projects

The district will provide students with the materials necessary to complete all basic curricular projects. In courses where students choose to produce a project that requires materials beyond the basic materials provided by the district, the students will furnish the materials, purchase the materials from the school, or purchase the materials from an outside vendor with an order form provided by the school.

Technological Devices

The district will provide students with the technological devices necessary to complete all basic curricular projects.

Students with outstanding district fees, including unpaid meal balances, device fees, or other obligations from the previous school year, will not be issued a district device until those balances have been resolved.

Parents/guardians and students will review and acknowledge the Device Usage Fee Program and associated responsibilities during the Returning Student Verification process each fall.

Students who do not participate in the Device Usage Fee Program must leave their device in their classroom each day in grades K–6 and return their device to the school's media center at the conclusion of each school day in grades 7–12.

In the event of loss, theft, or damage, students and families who do not participate in the Device Usage Fee Program are responsible for the full cost of repair or replacement.

Extracurricular Activities.

The district may charge students a fee to participate in extracurricular activities to cover the district’s reasonable costs in offering such activities. The district may require students to furnish specialized equipment and clothing that is required for participation in extracurricular activities, or may charge a reasonable fee for the use of district-owned equipment or attire. Attached to this policy is a list of the fees charged for particular activities. Post-Secondary Education Costs

Some students enroll in postsecondary courses while still enrolled in the district's high school. As a general rule, students must pay all costs associated with such post-secondary courses. However, for a course in which students receive high school credit or a course being taken as part of an approved accelerated or differentiated curriculum program, the district shall offer the course without charge for tuition, transportation, books, or other fees. Students who choose to apply for post-secondary education credit for these courses must pay tuition and all other fees associated with obtaining credits from a post-secondary educational institution. The costs of these items will naturally vary,

but the maximum dollar amount of the fee is anticipated to be \$ 400 per course.

Copies of Student Files or Records

The district will charge a fee for making copies of a student's files or records for the parents or guardians of such student. The Superintendent or the Superintendent's designee shall establish a schedule of student record fees. Parents of students have the right to inspect and review the students' files or records without the payment of a fee, and the district shall not charge a fee to search for or retrieve any student's files or records.

The district will charge a fee of \$.10 per page for reproduction of student records.

Participation Pre-Kindergarten Services.

The district will charge reasonable fees for participation in pre-kindergarten services offered by the district pursuant to statute.

The maximum dollar amount charged by the district for these services shall be \$150.00/month

Participation in Summer School.

At the elementary level, the district will not charge fees for participation in summer school. There may be a reasonable fee charged for elementary summer enrichment courses.

Contributions for Junior and Senior Class Extracurricular Activities.

Students are eligible to participate in a number of unique extracurricular activities during their last two years in high school, including prom, various senior recognitions, and graduation. In order to fund these extracurricular activities, the school district will ask each student to make a contribution to their class's fund. This contribution is completely voluntary. Students who chose not to contribute to the class fund are still eligible to participate in the extra activities. The suggested donation to the class fund will be \$60.00.

Waiver Policy

Students who qualify for free or reduced-price lunches under United States Department of Agriculture child nutrition programs shall be provided a fee waiver or be provided the necessary materials or equipment without charge for (1) participation in extracurricular activities, (2) materials for course projects, and (3) the use of a musical instrument in optional music courses that are not

extracurricular activities. Students are not required to participate in the free or reduced-price lunch program to qualify for the waivers provided in this section. The district is not obligated to provide any particular type or quality of equipment or other material to eligible students. Students who wish to be considered for waiver of a particular fee must submit a completed fee waiver application to their building principal. Application forms are available in each school building office.

Voluntary Contributions to Defray Costs

When appropriate, the district will request donations of money, materials, equipment, or attire from parents, guardians and other members of the community to defray the costs of providing certain services and activities to students. These requests are not requirements, and staff members of the district are directed to communicate that fact clearly to students, parents, and patrons.

Fund-Raising Activities

Students may be permitted or required to engage in fund-raising activities to support various curricular and extracurricular activities in which they participate. Students who decline to participate in fund-raising activities are not eligible under this policy for waiver of the costs or fees which the fund-raising activity was meant to defray.

Student Illness

Students who suffer from a significant illness which has an actual or expected duration of six months or more may be eligible for accommodations and support under Section 504 of the Rehabilitation Act or under the Individuals with Disabilities in Education Act. The school will provide accommodations to students who are returning to school after a prolonged absence due to illness, including pediatric cancer, through a 504 plan or an IEP, as appropriate. The student's plan will include informal or formal accommodations, modifications of curriculum and monitoring by medical or academic staff as determined by the student's IEP team or 504 committee. Parents and staff will engage in ongoing communication about the needs of a student who is facing these circumstances.

Students who become ill at school will be sent to the building office where the school nurse or other school employee will determine the appropriate response. When a child is too ill to remain at school, a school employee will contact the child's parent(s) and arrange for the child to be picked up or sent home. If an illness or injury requires immediate medical attention, school officials shall attempt to contact the child's parent(s) regarding treatment for the child. If an illness or injury requires immediate medical attention, school officials shall attempt to contact the child's parent(s) regarding treatment for

the child. If the parents can not be contacted, school officials may call the emergency contact listed for the student. If emergency contact is not available, emergency services may be contacted. Costs for emergency services will be the responsibility of the parents/guardians. Students who show symptoms of a contagious disease may be sent home, and the district may require a physician's statement before allowing such students to return to school.

Student Government

Students are encouraged to formulate and participate in elective and representative student government activities. The organization, operation, and scope of the student government shall be administered by the superintendent or designee.

Student Records

The Family Education Rights and Privacy Act ("FERPA") provides parents certain rights with respect to their student's education records. These rights include the right to inspect and review the student's education records within 45 days of the date the school receives a request for access; and the right to request the amendment of the student's education records that you believe to be inaccurate.

If parents believe one of their student's records is inaccurate, they should write to the school principal, clearly identify the part of the record they want changed, and specify why they believe it is inaccurate. If the school decides not to amend the record as requested, it will notify the parents of the decision and advise them of their right to a hearing regarding the request for amendment.

Directory Information

FERPA and the Nebraska Public Records Law authorize school districts to make "directory information" available for review at the request of non-school individuals. These laws also give parents and guardians a voice in the decision-making process regarding the disclosure of directory information regarding their children. The school district has designated the following as directory information:

name and grade, name of parent and/or guardian, address, telephone number, including the student's cell phone number, e-mail address, date and place of birth, dates of attendance, the image or likeness of students in pictures, videotape, film or other medium, major field of study, participation in activities and sports, degrees and awards received, social media usernames and handles,

weight and height of members of athletic teams, most recent previous school attended, certain class work which may be published onto the Internet, classroom assignment and/or home room teacher, student ID number, user ID, or other unique personal identifier used by the student for purposes of accessing or communicating in electronic systems (but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password, or other factor known or possessed only the authorized user). Directory information does not include a student's social security number.

Directory information about students may be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that market or manufacture class rings, sell student photographs or publish student yearbooks.

Federal law requires school districts to provide military recruiters and institutions of higher education with the names, addresses, and telephone listings of high school students unless parents have notified the school district in writing that they do not want this information disclosed without prior written parental consent. Military recruiters will be granted the same access to a student in a high school grade as is provided to postsecondary educational institutions or to prospective employers of such students.

Parents who **OBJECT** to the disclosure of any directory information about their student should write a letter to the principal. This letter should specify the particular categories of directory information that the parents do not wish to have released about their child or the particular types of outside organizations to which they do not wish directory information to be released. This letter must be received by the school district upon completing Returning Student Enrollment.

Non-Directory Information

All of the other personally identifiable information about students that is maintained in the school district's education records will generally not be disclosed to anyone outside the school system except under one of two circumstances: (1) in accordance with the provisions of the FERPA statutes and related administrative regulations, or (2) in accordance with the parent's written instructions.

One FERPA exception permits disclosure to school officials with legitimate educational interests without consent. A school official includes, but is not necessarily limited to, a teacher or other educator, administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); school board member; volunteer; contractor or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, representative of the district's insurance providers, auditor, medical consultant, therapist, or a third-party website operator who has contracted with the school district or its agent to offer online programs for the benefit of students and/or the district; members of law enforcement acting on behalf of the school district; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a "legitimate educational interest" if the official needs to review an education record in order to fulfill a school-related professional, contractual, statutory, or regulatory responsibility.

The district will share information with the Department of Education necessary to comply with the requirement of state law that all third-year high school students take a college entrance exam. Any redisclosure of information related to the administration of this exam shall be governed by the agreement between the Nebraska Department of Education and the third-party testing company.

Transfer of Records Upon Student Enrollment

Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. The school is not obligated to inform parents when it makes a disclosure under this provision.

Complaints

Individuals who wish to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA may contact the Office that administers FERPA:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605

Student Schedule Changes

Student schedule changes may be made without penalty during the first five days of each semester. Drop and Add slips are to be obtained from the office of the Guidance Counselor and must be signed by the guidance counselor and building principal before they are presented to the teacher of the class that is to be added or dropped.

After the first week of the semester, students who insist on dropping a class, except for instances of an extended illness, will receive a "0" on their permanent records, and that grade will be averaged into the student's cumulative grade point average. If an extended illness makes it impossible or impracticable for a student to successfully complete a class or classes, the student may be allowed to withdraw from a class or classes as (WP)-Withdraw Passing or (WF)-Withdraw Failing. If permission to withdraw as WP or WF is given by the building principal and guidance counselor, the grade(s) will not be averaged into the cumulative grade point average of the student.

Before students are allowed to withdraw from a class as WP or WF, the student, the parents of the student, the guidance counselor, and the building principal must meet and review the circumstances of the situation. All available means that could be utilized to allow the student to successfully complete the course(s) must be reviewed before permission to withdraw as WP or WF is given by the building principal and guidance counselor.

Student Use of AI Tools

As used in this section, artificial intelligence tools ("AI Tools") mean machine-based resources that use computer science, algorithms, large language models, and/or machine learning to perform tasks, answer questions, collect information, and respond to human-directed tasks, queries, and objectives. AI Tools include, but are not necessarily limited to, commercially-available resources like ChatGPT, Gemini, Claude and similar programs.

AI Tools may be useful to student learning. However, students and staff must ensure that student use of AI Tools should focus on using such tools as a resource and for background material, rather than using the AI Tools to complete the assignment. Therefore, AI Tools may only be used by students in accordance with the following requirements:

1. Students may not use AI tools on any assignment, test, or project unless the staff member has given express permission for the student to do so. Staff Member permission to use an AI tool on one assignment does not carry over to other assignments. Individual staff

members will decide for each individual assignment the extent to which students may use AI Tools.

2. If a student uses any AI Tools in connection with a school assignment, the student must:
 - a. Give proper attribution to the specific AI Tool(s) used to the same extent that students are expected to give proper attribution to other sources of information such as books, texts, encyclopedias, secondary sources, and other traditional media. Such attribution may include, but is not necessarily limited to, accurate quotations, citations, footnotes, endnotes, and/or bibliography entries.
 - b. Never copy and paste the output from the AI Tool into the student's work as if the student wrote such section himself or herself.
3. Students may never use AI Tools to:
 - a. Cheat on any assignment, test, or quiz;
 - b. Help answer questions on a test or quiz without staff member permission;
 - c. Make or share deepfakes or fake images, audio, or video of any real person;
 - d. Make or share sexual, nude, or intimate images of any real person—even if the image is fake or AI-made;
 - e. Bully, harass, threaten, intimidate or impersonate any person;
 - f. Place another student or staff member name, photo, voice, or personal information into an AI Tool without staff member authorization;
 - g. Use AI Tools to bypass accommodations, content filters, or school security.
4. A student may use AI Tools as an accommodation if his/her IEP team or Section 504 committee has approved use of the tool. The student must disclose the use of AI Tools to the staff member grading the assignment.
5. A student's failure to meet the requirements stated in this policy will constitute a violation of the district's prohibitions against cheating plagiarism and/or academic dishonesty, including but not necessarily limited to such prohibitions stated in the Student Handbook, which violation will subject the student to discipline up to and including expulsion.
6. The student requirements stated above are the minimum requirements for any student assignment. An individual teacher may impose more

stringent requirements for any specific academic assignment or coursework.

Tardiness

Students who arrive late to school or for individual class periods will be counted and documented as tardy. Parents/guardians will be notified of tardies. When students continue to be tardy to a class or school, the building administrator or designee may assign consequences and/or request a parent conference as needed to address student tardies. In working with families, the goal is to partner together to get all students to school on time.

Telephone Calls

The school's telephone may be used only with permission of staff.

Threat Assessment and Response

The board of education is committed to providing a safe environment for members of the school community. Students, staff and patrons are urged to immediately report any statements or behavior that makes the observer fearful or uncomfortable about the safety of the school environment.

1. Definitions

- a. A **threat** is an expression of a willful intent to physically or sexually harm someone or to damage property in a way that indicates that an individual poses a danger to the safety of school staff, students or other members of the school community.
 - i. The threat may be expressed/communicated behaviorally, orally, visually, in writing, electronically, or through any other means.
 - ii. A transient threat is an expression of anger or frustration that can be quickly or easily resolved.
 - iii. A substantive threat is an expression of serious intent to harm others which includes, but is not limited to, any threat which involves a detailed plan and means.
- b. A **threat assessment** is a fact-based process emphasizing an appraisal of observed (or reasonably-observable) behaviors to identify potentially dangerous or violent situations, to assess them and to manage/address them. Threat assessment is the process of identifying and responding to serious threats in a systematic, data-informed way.
 - i. The threat assessment process is distinct from student disciplinary procedures. The mere fact that the district is

conducting a threat assessment does not by itself necessitate suspension, expulsion or emergency exclusion without complying with state law and board policy related governing those actions.

- ii. The threat assessment process is distinct from specialized instruction which a student with a disability may receive from the school district. The school district will not change a student's educational placement as that term is used in the Individuals with Disabilities in Education Act solely as part of a threat assessment.

2. Obligation to Report Threatening Statements or Behaviors.

All staff and students must report **substantive threats** to a member of the administration immediately and comply with any other mandatory reporting obligations. Staff and students who are unsure whether a threat is substantive or transient should report the situation. Staff and students must make such reports regardless of the nature of the relationship between the individual who initiated the threat or threatening behavior and the person(s) who were threatened or who were the focus of the threatening behavior. Staff and students must also make such reports regardless of where or when the threat was made or the threatening behavior occurred.

THREATS OR ASSAULTS WHICH REQUIRE IMMEDIATE INTERVENTION SHOULD BE REPORTED TO THE POLICE AT 911.

3. Threat Assessment Team

The threat assessment team (team) may consist of the Superintendent, Director of Special Services, Director of Learning, Information Technology Staff, School Nurse, Building Principal(s), Guidance Counselor, School Social Worker, and Local Law Enforcement.

Not every team member needs to participate in every threat assessment. If the threat has been made by or is directed towards, a student with a disability, the threat assessment team must include a staff member who is knowledgeable about special education services or Section 504 of the Rehabilitation Act, as appropriate. Neither the student nor their student's family members are part of the threat assessment team.

The team is responsible for investigating all reported threats to school safety, evaluating the significance of each threat, and devising an appropriate response. The threat assessment team shall work closely with the crisis team in planning for crisis situations. The threat assessment team shall be familiar with mental health resources available to students, staff and

patrons and shall collaborate with local mental health service providers as appropriate.

4. Threat Assessment Investigation and Response

When a threat is reported, the school administrator shall initiate an initial inquiry/triage and, in consultation with members of the threat assessment team, make a determination of the seriousness of the threat as expeditiously as possible. The school administrator must contact law enforcement if the administrator believes that an individual poses a clear and immediate threat of serious violence.

If there is no reasonably apparent imminent threat present or once such an imminent threat is contained, the threat assessment team will meet to evaluate and respond to the threatening behavior. The team may, but is not required to, review the following types of information:

- Review of the threatening behavior and/or communication;
- Interviews with the individuals involved including students, staff members, and family members as necessary and/or appropriate;
- Review of school and other records for any prior history or interventions with the students involved;
- Any other investigatory methods that the team determines to be reasonable and useful.

At the conclusion of the investigation, the team will determine what, if any, response to the threat is appropriate. The team is authorized to disclose the results of its investigation to law enforcement and to the target(s) of any threatened acts. The team may refer the individual of concern to the appropriate school administrator for consequences under the school's student discipline policy or, if appropriate, report the results of its investigation to the student's individualized education plan team.

Regardless of threat assessment activities, disciplinary action and referral to law enforcement will occur consistent with board policy and Nebraska law.

5. Communication with the Public about Reported Threats

The team will keep members of the school community appropriately informed about substantive threats and about the team's response to those threats. This communication may include oral announcements, written communication sent home with students, or communication through print or broadcast media. However, the team will not reveal the identity of the individual of concern or of any target(s) of threatened violence unless permitted by law.

6. Coordination with the Crisis Team After Resolution of Threat

The threat assessment team will confer with the district's crisis team after a threat has been investigated to provide the crisis team with information that the crisis team may use in assessing or revising the district's All-Hazard School Safety Plan.

Transportation Services

The district provides school buses as a convenience for students and parents. They represent a substantial investment, and students are expected to care for and respect them.

Transportation to School

Students who ride the bus to school will arrive in time for them to eat breakfast at school. Parents must contact their bus driver if a student will not ride the bus on a given day. Bus drivers endeavor to adhere to their schedule, and will wait for riders only a short period of time so as not to jeopardize the time remaining for the rest of their schedule.

The Contracted Transportation provider will schedule bus routes, and questions concerning them should be directed to that office.

Bus Regulations

Riding school vehicles is a privilege, not a right. The bus drivers have the same authority as teachers while transporting students. Students must comply with the following rules and all school conduct rules and directives while riding in school vehicles. In addition, students must also comply with the student code of conduct while riding in school vehicles. If misconduct is recurring, the student will not be allowed to ride the bus.

a) Rules of Conduct on School Vehicles:

- 1) Students must obey the driver promptly.
- 2) Students must wait in a safe place for the bus to arrive, clear of traffic and away from where the vehicle stops.
- 3) Students are prohibited from fighting, engaging in bullying, harassment, or horseplay.
- 4) Students must enter the bus without crowding or disturbing others and go directly to their assigned seats.
- 5) Students must remain seated and keep aisles and exits clear while the vehicle is moving.
- 6) Students are prohibited from throwing or passing objects on, from, or into vehicles.
- 7) Students may not use profane language, obscene gestures, tobacco, alcohol, drugs, or any other controlled substance on the vehicles.

- 8) Students may not carry weapons, look-a-like weapons, hazardous materials, nuisance items, or animals onto the vehicle.
- 9) Students may carry on conversations in ordinary tones, but may not be loud or boisterous and should avoid talking to the driver while the vehicle is in motion. Students must be absolutely quiet when the vehicle approaches a railroad crossing and any time the driver calls for quiet.
- 10) Students may not open windows without permission from the driver. Students may not dangle any item (e.g. legs, arms, backpacks) out of the windows.
- 11) Student must secure any item or items that could break or produce injury if tossed about the inside of the vehicle if the vehicle were involved in an accident
- 12) Students must respect the rights and safety of others at all times.
- 13) Students must help keep the vehicle clean, sanitary, and orderly. Students must remove all personal items and trash upon exiting.
- 14) Students may not leave or board the vehicle at locations other than the assigned stops at home or school unless approved prior to departure by the superintendent or designee.
- 15) Video cameras may be placed on buses, at random, to monitor student behavior on the bus.

b) **Consequences**

Drivers must promptly report all student misconduct to the administration. These reports may be oral or written. Students who violate the Rules for Conduct will be referred to their building principal for discipline. Disciplinary consequences may include a note home to parents, suspension of bus riding privileges, exclusion from extracurricular activities, in-school suspension, short-term or long-term suspension from school, and/or expulsion.

These consequences are not progressive, and school officials have discretion to impose any listed punishment they deem appropriate, in accordance with state and federal law and board policy.

c) **Records**

Records of vehicle misconduct will be forwarded to the appropriate building principal and will be maintained in the same

manner as other student discipline records. Reports of serious misconduct may be forwarded to law enforcement.

Requests to be dropped off at a point **not** on the regular route will not be accommodated, unless extenuating circumstances arise and the request is approved by the transportation director or administration.

Transportation to Activities

The school district may provide transportation to students who are participating in school-sponsored events and they must ride to those events in a school vehicle. Students who wish to take private transportation home from a school event must submit a release form to the sponsor that has been signed by that student's parent.

Video Surveillance and Photographs

The Board of Education has authorized the use of video cameras on school district property to ensure the health, welfare, and safety of all staff, students and visitors, and to safeguard District facilities and equipment. Video cameras may be used in locations deemed appropriate by the Superintendent. If a video surveillance recording captures a student or other building user violating school policies or rules or local, state, or federal laws, it may be used in appropriate disciplinary proceedings against the student or other building user and may also be provided to law enforcement agencies.

Recordings Made by Parents/Guardians and Patrons

Parents/guardians and patrons may make recordings of school activities intended to be public in a non-disruptive manner including things like athletic contests and school board meetings to the extent permitted by law unless otherwise lawfully restricted by the administration. Parents/guardians or patrons may not make recordings if they are volunteering or visiting school during the school day without permission of the administration or supervising staff member and subject to this policy, such as recording their child's classroom activities or recess. Parents may not record meetings with administrators or staff, including meetings related to a student's IEP or 504 Plan. Violation of this policy will result in immediate termination of any meeting that is being recorded and may be grounds for exclusion from school property, loss of volunteer privileges, or other restrictions deemed appropriate by the administration.

Recordings Made by Students

This policy applies to students during the school day on school grounds; when being transported to and from school activities or programs in a vehicle owned, leased or contracted by a school used for a school purpose by a school employee or by his or her designee; or at a school-sponsored

activity or athletic event. Students may make recordings of school activities in a non-disruptive manner including things like athletic contests and other extracurricular performances to the extent permitted by law. Students generally are not permitted to record classroom instruction or members of the school community during the school day without the express consent of a staff member or as required by the student's education plan. Student use of assistive technology that has the capacity to record and/or transmit recordings (e.g. AngelSense) must be approved by the student's education team or administration. Students remain subject to all other district policies and rules. In no event shall recordings be taken or made in restrooms, locker rooms, or other areas where there is a reasonable expectation of privacy. Students who violate this policy may be subject to discipline up to and including expulsion.

Weather-Related School Closing

The Superintendent will occasionally announce an emergency early school dismissal, late start, or cancellation of school due to extreme heat, snow, or ice. School closings will be announced through school messenger and social media. Parents should assume that school is open and a regular schedule is being followed if there is no announcement concerning the school district. Please do not call the school or individual staff members to find out whether school is being canceled. Parents who do not believe it is safe to transport their students to school may keep their students home after contacting the district office.

If schools are closed due to severe weather conditions, all after-school activities will be canceled.

Withdrawal From School

Students who are moving from the district must notify the school office.

Work Permits

The building principal or other authorized school official shall be responsible for the issuance of work permits for children in accordance with state law.

SECTION TWO

ACADEMIC INFORMATION

Class Rank

Student class rank shall be determined by using a numeric grade point average derived from all classes graded on a numeric basis. To be included in the class ranking, a student must have received a numeric grade for each course in which he/she was enrolled.

Students who transfer into the school district will be eligible to be included in class ranking.

Various courses at PHS are weighted due to the rigor of the course. Upon completion of the weighted course, the student will receive the grade earned on his/her transcript; however, the student will receive an adjustment to their mark points for the course (positively impacting their GPA). See mark point chart in this document for more information.

Credit for Non-Academic Work

Credit is not awarded for participation in extracurricular activities such as sports, speech, drama, etc. However, all such activities in which the student participates, as well as honors earned, are noted on the student's permanent record.

Grades

Grading Policy

1. Students will receive grades in their academic classes that indicate their understanding of grade-level expectations and district learning goals. Grades are intended to reflect what students know and can demonstrate academically within established assessment guidelines and timelines, separate from behaviors, effort, or participation.
2. Learning is a process. Opportunities for reteaching and retakes are designed to support growth, perseverance, and continued progress toward mastery. Because retake scores may be capped, a final grade may not always reflect the highest level of understanding a student ultimately reaches. This policy is grounded in accuracy, equity, and a commitment to maintaining clear and consistent expectations for all students.

3. Grades for students in grades 3–12 are available online throughout the school year to provide families with ongoing updates on student progress. Students in grades K–2 will receive report cards each quarter and at the end of each semester. Special course grades for K–6 will be reported at the semester only.
4. Students in grades 3–12 will receive progress reports at the end of the first and third quarters and semester report cards at the end of each semester. For students in grades 3–6, special course grades will be included on semester report cards.

Standards-Based Grading

1. Student achievement is reported using standards-based grading practices that emphasize mastery of learning goals over time. Instruction follows a gradual release of responsibility model in which students move from teacher-directed instruction to guided practice and ultimately to independent application. As standards increase in rigor and complexity throughout the year, performance expectations rise as well. As a result, changes in performance levels may reflect increased expectations as much as student growth. Movement between levels is a natural part of the learning process as students receive instruction, feedback, and intervention. Cut scores will be set by the grade level teams.
2. The Kindergarten through 2nd Grade and K-6 specials (art, music, physical education) courses grading system is as follows:
 - AD Advanced: in-depth understanding and the ability to extend and apply learning
 - PF Proficient: consistent, independent mastery of grade-level standards
 - PG Progressing: partial understanding and the need for guided practice and feedback
 - BG Beginning: limited understanding of grade-level standards and the need for significant instructional support
3. Third grade through sixth grade, junior high, and high school grading systems are as follows:

A	Superior	100% - 90%
B	Above Average	89% - 80%
C	Average	79% - 70%
D	Unsatisfactory/Below Average	69% - 60%
F	Failing (no credit)	59% - 0%
I	Incomplete	

Incomplete Grades at the Semester

An incomplete semester grade may be issued when a student fails to complete required academic work. In grades 7–12, an incomplete will remain on the student’s record until the “eligible” required work is completed to the teacher’s satisfaction. If the incomplete is not resolved within two weeks after the end of the grading period (including the second semester), the eligible work will be converted to a failing grade, which may affect the semester grade. If unique circumstances occur, an extension could be approved by the teacher, principal, and student. Seniors must resolve all incompletes in order to participate in graduation ceremonies. They will not be dismissed from school attendance until the classroom assignments are completed.

Assessment and Grading Practices

Grades are based solely on achievement of content-area standards and district learning goals. Extra credit will not be given. While collaborative learning is encouraged, academic grades must ultimately reflect individual student mastery. Group work may contribute to a summative assessment but may not serve as the sole measure of a student’s achievement. Academic work submitted for grading must reflect authentic student learning and original work. The use of artificial intelligence (AI), digital tools, collaboration, or outside assistance must align with teacher expectations and district academic integrity guidelines. Misuse of AI or other tools in a manner that misrepresents student understanding may result in academic consequences consistent with district procedures.

Effort, participation, attitude, and behavior are not included in academic grades unless explicitly identified as learning goals; otherwise, they will be reported separately. Performance-based courses and tasks (such as art, music, physical education, labs, internships, or presentations) may include evaluation of process skills and performance expectations aligned to course standards.

Formative and Summative Assessment Weighting

1. Grades will include both formative and summative evidence of learning.
2. Formative assessments are practice opportunities used to monitor progress and provide feedback. These may include classwork, assignments, drafts, and checks for understanding. Formative work is designed to guide instruction and support growth as students work toward mastery.
3. Summative assessments measure a student’s level of proficiency at the end of a learning cycle. These may include tests, projects,

performance tasks, or other demonstrations of learning aligned to standards.

Grades K–2 (Standards-Based Grading)

1. In grades K–2, student progress is reported using a standards-based grading system rather than percentages. Students are evaluated on their proficiency with grade-level standards. While teachers use both formative and summative evidence to determine proficiency levels, grades are not calculated using weighted percentages. Instead, educators review multiple sources of evidence to determine whether a student is Beginning, Progressing, Proficient, or Advanced on the standard.

Grades 3–12 (Percentage-Based Grading)

1. In grades 3–12, grades are calculated using a percentage-based system. Formative assessments will account for no more than 30 percent of the overall grade, and summative assessments will account for at least 70 percent of the overall grade. Grades must reflect sufficient and accurate evidence of student learning and mastery of standards.
2. Students who do not demonstrate proficiency on a summative assessment (excluding final exams) may be eligible to retake it. The retake process, including eligibility requirements and timelines, will be outlined in the course syllabus or building operations guide. Students enrolled in dual credit or Advanced Placement (AP) courses will follow the guidelines set by the higher education institution.
3. In both systems, grades should reflect multiple opportunities for students to demonstrate learning throughout the grading period. The purpose of grading is to clearly and accurately communicate students' learning, ensuring that grades reflect what students know and can do.

Late Work and Missing Work

Students are expected to complete the required formative work before summative assessments. Teachers may require completion of essential formative work prior to participation in a summative assessment. Work not submitted will be recorded as missing and a zero will be entered. The zero will not be permanent unless the student fails to complete the required work prior to a summative assessment. Late work penalties will not exceed 10 percent if the work is submitted before the summative assessment/project.

Attendance, Absences, and Make-Up Work

Students will not be penalized for work missed due to excused absences and will be given at least one school day per day absent to complete missed assignments or assessments without penalty. Work missed due to unexcused

absences will be treated as late work and subject to applicable penalties. If a student misses class for a school activity, the expectation is that the student will make arrangements with the teacher and understand the due-date expectations prior to missing class.

Retake Policy for Summative Assessments

At the Kindergarten through 6th grade level, grading reflects a growth model designed to support learning over time. When a student does not yet demonstrate proficiency on the district common summative assessment (reading, math, science, social studies), the teacher will provide targeted reteaching, additional practice, and appropriate instructional supports to address identified skill gaps. Following this support, students will have the opportunity to reassess and demonstrate their learning, with the ability to earn up to a proficient level in K–2 and up to 89 percent in grades 3–6 upon demonstrating mastery.

At the 7th-12th grade level, students who do not demonstrate proficiency on a summative assessment (excluding final exams) may be eligible for a retake if they score below 80 percent on the initial assessment, participate in required reteaching or intervention, and complete the retake within the timelines outlined in the course syllabus. Adjustments and additional support must be provided prior to the retake. The maximum score a student may earn on a retake is 79 percent, as determined by the district. The purpose of retakes is to support learning and mastery, not to replace initial effort.

Social Skills (K-6) and Citizenship (7-12) Reporting

Citizenship grades are reported separately from academic grades and provide meaningful feedback on a student's responsibility, engagement, and conduct. These indicators reflect the social and behavioral skills necessary to work effectively with others, manage responsibilities, demonstrate reliability, and contribute positively to a learning environment.

Reporting on citizenship and social skills also supports our College and Career Readiness focus. Skills such as collaboration, communication, initiative, problem-solving, time management, and professionalism are essential for success in postsecondary education, the workplace, and community involvement. By reporting these areas separately, we intentionally emphasize that readiness extends beyond academic content to include the habits and dispositions required for long-term success.

Together, academic grades, life skills indicators, and citizenship reporting provide a comprehensive picture of student readiness. Academic grades communicate what students know and can do. Life skills and citizenship grades communicate how students apply those skills to collaborate, lead, persevere, and engage as responsible, productive members of society.

Special Population Considerations

Students receiving support through individualized education programs (IEPs), 504 plans, multilingual learner services, or intervention plans will receive accommodations, modifications, and instructional supports consistent with district procedures and applicable plans.

For students receiving special education services, grading accommodations, modifications, or adjustments will be determined by the IEP team, aligned to individualized goals, documented within the student's IEP, and implemented consistently. Student grades will reflect the use of approved accommodations, and modifications will be noted on the report card.

Additional Procedures

Building procedures and course syllabi may provide additional implementation details, provided they remain aligned to district grading policy.

Graduation Requirements

Students must earn 49 total credit hours in order to graduate from high school.

Required courses and credit hours that students must complete in order to qualify for the Platteview High School Diploma are:

<u>Department</u>	<u>Number of courses</u>	<u>Notes</u>
Language Arts	8	To include Honors or English 9, Honors or English 10, English 11 or AP Literature and Composition, and 2 semesters of English electives in 12 grade or Dual enrollment courses.
Social Science	7	To include US History 9 (Class of 2026), Honors or World History, Dual enrollment or US History 11, US Government, and one additional social studies elective.
Mathematics	6	To include Algebra 1, Geometry, and Algebra 2
Science	6	Biology Physical Science (Previous Chemistry 1 & Physics) 2 semesters Science elective
PE	2	Students may choose from PE courses to acquire 2 credits
Health	1	Usually taken during the Sophomore Year

Business	1	Personal Finance
College & Career	1	Required of all juniors
Technology	1	Required for Class of 2028
Electives	16	General Electives

Transfer students must meet the minimum hour requirement for graduation both in terms of total number and specific subject areas. Substitutions may be made for deficiencies in required courses, provided that it was not possible to include the courses on the student's schedule while enrolled at this school district.

Students who receive special education services are mainstreamed into the regular education curriculum when appropriate. The curriculum content of regular education classes may be modified to accommodate the individual needs and abilities of verified special education students. Each curriculum modification will be included on the student's Individual Education Plan by the Multidisciplinary Team and/or school staffing teams composed of special and regular education staff. Hours in special education will be counted toward a high school diploma.

Parents of students who may not qualify for their high school diploma because of academic deficiencies will be notified of this possibility by the beginning of the second semester of the student's senior year.

Homework

Classroom teachers will often assign homework. Parents who have questions about homework or concerns about class work should contact the teacher. Questions not resolved by the teacher should be referred to the building principal.

Each student is expected to spend some time preparing for studies outside of school hours. The amount of time that is needed will depend upon each student.

Students who struggle to complete assignments or who must spend an inordinate amount of time completing an assignment should seek the help and advice of their teachers and consult with the principal and/or the guidance counselor.

Progress Reports/Report Cards

Progress reports are available or sent home the week following the end of the nine-week (quarter) reporting period. Report cards will be sent home at the end of each semester.

SECTION THREE

STUDENT DISCIPLINE

General Discipline Philosophy

The school district has the authority to discipline students who behave inappropriately on the way to school, at school, during lunch, on the way home, and at all school activities (home and away or any time while on school or district property).

The school district's discipline is guided by the following principles:

1. The school district's discipline policy is intended to ensure that students take responsibility for their behavior.
2. Behavior expectations and the potential consequences for failing to meet those expectations will be clearly communicated.
3. The severity of consequences for violating behavior expectations will generally be progressive in nature. That is, sanctions will increase with each instance of misconduct; however, each instance will be assessed on its own facts, and sanctions will be imposed based on the severity of the misconduct.
4. Parents play a vital role in supporting and reinforcing the school district's expectations of their students.
5. Behavior expectations apply to all students; consequences are enforced consistently without regard to a student's academic record or achievement.

Extracurricular activities, including athletics, cheerleading, band, chorus, and club activities, are governed by the Student Activity Handbook. Students who are involved in extracurricular activities may face consequences related to the activity in addition to the consequences discussed in this handbook.

The school district reserves the right to refer to the appropriate non-school agency any act or conduct of its students which may constitute a crime under federal, state, county, or local law. The administration will cooperate with these agencies in their investigations.

Forms of School Discipline

Administrative and teaching personnel may take actions regarding student behavior that are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, counseling of students, parent conferences, referral to restorative justice practices or services, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular

activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation. The actions may also include in-school suspensions during the day or mandatory attendance at Saturday school. When in-school suspensions, after-school assignments, Saturday School, or other disciplinary measures are assigned, the student is responsible for complying with such disciplinary measures; a failure to serve such assigned discipline as directed will serve as grounds for further discipline, up to expulsion from school. District administrators may develop building-specific protocols for the imposition of student discipline.

In this section, references to "Principal" shall include building principals, the principal's designee, or other appropriate school district administrators.

For purposes of this section, "Parent" means parent, guardian, or educational decisionmaker of the student. "Educational decisionmaker" means a person designated or ordered by a court to make educational decisions on behalf of a child.

Any statement, notice, recommendation, determination, or similar action specified in this section shall be effectively given at the time written evidence thereof is delivered personally to or upon receipt of certified or registered mail or upon actual knowledge by a student or his or her Parent.

Any student who is suspended or expelled from school pursuant to this section may not participate in any school activity during the duration of that exclusion including adjacent school holidays and weekends. The student activity eligibility of a student who is mandatorily reassigned shall be determined on a case-by-case basis by the principal of the building to which the student is reassigned.

After School Sessions and Detentions

Teachers and administrators may require students to stay after school or to serve a detention when the student violates any of the rules contained in this handbook or violates classroom-specific conduct rules set by individual teachers.

Students who ride the bus home from school will be given a 24-hour notice of after-school time or a detention so that the parents may make plans to pick up the student the following day.

- A student who fails to attend an after-school session may be given a detention by the teacher or may face additional disciplinary consequences up to and including long-term suspension and/or

expulsion. A student who has a conflict with an after-school session is responsible for working it out with the teacher.

In-School Suspension

The building administrator may require a student to serve in-school suspension. Students may be required to attend up to six hours per day of school-sponsored suspension a day at a designated location where they will study and participate in campus clean up. There will be zero tolerance for behavior problems from students placed in in-school suspension. Students not completing their In-School Suspension will face further disciplinary action.

Emergency Exclusion

Students may be emergency excluded from school pursuant to the board's separate policy on emergency exclusion or state law.

Short-Term Suspension

The Principal or the Principal's designee may exclude a student from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

1. Any of the conduct described in the subsections under "Grounds for Long-Term Suspension, Expulsion, or Mandatory Reassignment" below irrespective of the location at which such misconduct; or
2. Other violations of rules and standards of behavior adopted by the board of education or the administrative or teaching staff of the school, which occur on or off school grounds, if such conduct interferes with school purposes or there is a nexus between such conduct and school.

The following process will apply to short-term suspensions:

1. The Principal shall make a reasonable investigation of the facts and circumstances. Short-term suspension shall be imposed only after a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
2. After the principal has determined that a short-term suspension is necessary, but prior to commencement of the short-term suspension, the student and the Parent will be given oral and ~~or~~ written notice of the charges against the student. They will be advised of what the student is accused of having done, an explanation of the evidence the authorities have, and an opportunity to present evidence of the student's version of the facts.

3. Within 24 hours or such additional time as is reasonably necessary following the suspension,(not to exceed an additional 48 hours) the Principal will send a written statement to the student and the student's Parent, describing: the student's conduct, misconduct, or violation of the rule or standard; the reasons for the action taken; the actions made by the school to try to discontinue or alleviate the behavior of the student prior to considering suspension; resources the school is able to provide or recommend to assist the student; and how the school plans to handle such behavior in the future, including an actionable plan aimed at maximizing strategies to keep the student in school.

An opportunity will be given to the student, and the student's Parent, to have a conference with the Principal ordering the short-term suspension before or at the time the student returns to school and shall document such effort in writing. The Principal shall determine who, in addition to the Parent, is to attend the conference. If no conference has been held, a Parent may submit a written request to the suspending principal before the student returns to school.

Students who are short-term suspended will be given the opportunity to complete classwork, and will work with teachers to complete and follow the same timelines as a student who is absent.

Firearms

No student may bring, possess, handle or transmit a firearm on school grounds, in a school owned vehicle, or at a school activity or event off school grounds except as permitted by this policy.

Definition of Firearm

The term "firearm", as defined in 18 U.S.C. 921, means any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive, the frame or receiver of any such weapon, any firearm muffler or firearm silencer, or any destructive device (excluding an antique firearm).

Exceptions Regarding Firearms

The only exceptions for a student to bring or possess a weapon, including a firearm, are as follows:

1. The issuance of firearms to or possession of firearms by members of the Reserve Officers Training Corps when training or
2. Firearms which may lawfully be possessed by the person receiving instruction under the immediate supervision of an adult instructor who may lawfully possess firearms.

Consequences- Firearm

Any student who brings a firearm, as that term is defined in 18 United States Code 921, to school will be expelled from school for one calendar year. The superintendent of schools and the board of education shall have the authority to modify the expulsion requirement on a case-by-case basis.

Long-Term Suspension

Students may be excluded by the Principal from school or any school function for a period of more than five school days but less than twenty school days (long-term suspension) for any conduct constituting grounds for expulsion as hereinafter set forth. The process for long-term suspension is set forth below.

Pre-Kindergarten through Second Grade Students

An elementary school shall not suspend a student in pre-kindergarten through second grade unless the student:

1. Brings a deadly weapon as defined in section 28-109 on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or his or her designee, or at a school-sponsored activity or athletic event; or
2. Engages in violent behavior capable of causing physical harm to another student or school employee.

As an alternative to suspension, the school district may take any action authorized by law, including those provided in section 79-258.

Expulsion

1. **Meaning of Expulsion.** Expulsion means exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period.
2. **Summer Review.** Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled

for review before the beginning of the school year. The review will be conducted by the hearing officer who conducted the initial expulsion hearing, or a hearing officer appointed by the Superintendent in the event no hearing was previously held or the initial hearing officer is no longer available or willing to serve, after the hearing officer has given notice of the review to the student and the student's parent or guardian. This review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing officer that the student be readmitted for the upcoming school year. If the school board or board of education or a committee of such board took the final action to expel the student, the student may be readmitted only by action of the board. Otherwise, the student may be readmitted by action of the Superintendent.

monitoring of certain areas of the campus, and other similar measures.

Reporting Sexual Harassment. Any person who witnesses an act of unlawful sexual harassment is encouraged to report it to the district's Title IX Coordinator. district personnel will not retaliate against any individual based on any report of suspected sexual harassment. Any district employee who receives a report of sexual harassment or has actual knowledge of sexual harassment must convey that information to the Title IX Coordinator as soon as reasonably practicable, but in no case later than the end of the following school day.

Response to Sexual Harassment

General Obligations. When the district has actual knowledge of sexual harassment in its education program or activity against a person in the United States, the district will respond promptly in a manner that is not deliberately indifferent. For the purposes of this policy "education program or activity" includes locations, events, or circumstances over which the district exercised substantial control over both the respondent and the context in which the sexual harassment occurs. The district's ability to impose discipline for off-campus misconduct does not necessarily constitute "substantial control" over the respondent and the context. The district's response to an allegation of sex harassment will treat complainants and respondents equitably.

Limitations on Discipline. No respondent will have disciplinary sanctions imposed upon him/her until the conclusion of the formal grievance process described below.

Emergency Removal. Disciplinary sanctions do not include removal on an emergency basis where the respondent is an immediate threat to the health or safety of another as a result of allegations of sexual harassment. The district also may place any employee on administrative leave during the pendency of the grievance process below.

Grievance Process for Formal Complaints of Sexual Harassment

General Obligations. All Title IX team members and individuals carrying out district obligations will comply with the regulatory requirements of objective evaluations, avoiding conflict of interest or bias, training, and protection of legally privileged information.

Presumption. It is presumed that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the

conclusion of the grievance process.

Grievance Procedure

Time Frames. The district will resolve grievances in a time frame that is reasonably prompt. Good cause for delay may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

Range of Possible Sanctions and Remedies. At the conclusion of the grievance process, the district may impose disciplinary sanctions and remedies in conformance with this and the district's student discipline policy, and other state and federal laws. Depending upon the circumstances, these policies provide for disciplinary sanctions and remedies up to and including expulsion and/or immediate discharge from employment.

Separation of Roles. The decision-maker cannot be the same person as the Title IX Coordinator or the investigator(s).

Notice of Allegations. Upon receipt of a formal complaint, the district will provide notice of this policy and the allegations to all parties. The notice will include sufficient details known by the district at that time to provide sufficient time to prepare a response before any initial interview. Sufficient details, if known by the district, include the identities of the parties involved in the incident, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident. The district will provide notice of additional allegations revealed during an investigation to the parties.

Dismissal of Formal Complaint. The district **must** dismiss a formal complaint if the conduct alleged in the formal complaint, would not constitute sexual harassment even if proven; did not occur in the district's education program or activity; or if the conduct alleged did not occur against a person in the United States.

The district **may** dismiss the formal complaint if, at any time during the investigation or hearing, the complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein; the respondent is no longer enrolled in or employed by the district; or specific circumstances prevent the district from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon a dismissal, the district will promptly send written notice of the dismissal and an explanation of that action simultaneously to the parties.

Dismissal of a formal complaint under this policy does not preclude the district from taking action under another provision of the district's code of conduct or pursuant to another district policy.

Investigation of Formal Complaint. When investigating a formal complaint and throughout the grievance process, the district will designate and authorize one or more persons (which need not be district employees) as investigator(s) to conduct the district's investigation of a formal complaint. The district may consolidate formal complaints where the allegations of sexual harassment arise out of the same facts or circumstances.

The district will bear the burden of gathering evidence sufficient to reach a determination regarding responsibility. All parties will have an equal opportunity to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence. The district may not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence.

All parties will have the same opportunity to be accompanied by the advisor of their choice in any meeting or grievance proceeding. This policy does not relieve the advisor of choice of any other applicable legal obligations or limitations. The district may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties.

The district will provide written notice of the date, time, location, participants, and purpose of all investigative interviews or other meetings, with sufficient time for the party to prepare to participate.

All parties will have an equal opportunity to inspect and review evidence obtained as part of the investigation if that evidence is directly related to the allegations raised in a formal complaint. The parties will have no less than 10 calendar days to review the evidence and submit a response. The investigative report will fairly summarize the relevant evidence and the investigator will send the finalized report to all parties and their advisors.

Determination Regarding Responsibility. Before the district reaches a determination regarding responsibility, each party may submit written, relevant questions of any party or witness. The decision-maker will provide each party with the answers, and allow for additional, limited follow-up questions from each party. Questions and evidence about the complainant's sexual predisposition are never relevant. Questions about the complainant's prior sexual behavior are only relevant if those questions and evidence are

offered (1) to prove that someone other than the respondent committed the conduct alleged by the complainant, or (2) are offered to prove consent and concern specific incidents of the complainant's prior sexual behavior with respect to the respondent. If the decision-maker decides to exclude a question because it is not relevant, he/she will explain the basis for that decision.

The decision-maker will issue a written determination regarding responsibility no sooner than ten days after the parties receive the final investigative report. The decision-maker will apply the preponderance of the evidence standard. The written determination will include:

- Identification of the allegations potentially constituting sexual harassment;
- A description of the procedural steps taken from the receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
- Findings of fact supporting the determination;
- Conclusions regarding the application of the district's code of conduct to the facts;
- A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the district's education program or activity will be provided by the district to the complainant; and
- The district's procedures and permissible bases for the complainant and respondent to appeal.

The district will provide the written determination to the parties simultaneously. If neither party timely appeals, the determination becomes final. If a party appeals, the determination will become final on the date that the district provides the parties with the written determination of the result of the appeal.

Appeals. The district will offer both parties the opportunity to appeal from a determination regarding responsibility, and from the district's dismissal of a formal complaint or any allegations therein, on the grounds identified below.

Time for Appeal. Appeals may only be initiated by submitting a written Notice of Appeal to the Office of the Superintendent of Schools no later than 5:00 pm on the fifth calendar day after the written determination is issued. The Notice of Appeal must include (a) the name of the party or parties making the appeal, (b) the determination, dismissal, or portion thereof being appealed, and (c) a concise statement of the specific grounds upon which the appeal is based. A party's failure to timely submit a Notice of Appeal will be deemed a waiver of the party's right to appeal.

Grounds for Appeal. Appeals are limited to the following grounds:

- Procedural irregularity that affected the outcome of the matter;
- New evidence that was not reasonably available at the time the determination or dismissal was made that could affect the outcome of the matter; and
- The Title IX Coordinator, investigator(s), or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

The district will notify other parties in writing when an appeal is filed; implement appeal procedures equally for all parties; and ensure that the decision-maker for the appeal is not the same person as the decision-maker, the investigator(s), or the Title IX Coordinator.

The district will give both parties a reasonable, equal opportunity to submit a written statement that supports or challenges the outcome; issue a written decision describing the result of the appeal and the rationale for the result; and provide the written decision simultaneously to both parties.

Informal Resolution. The district may informally resolve allegations without completing the grievance procedure with the written consent of all parties. The process may not be used when allegations involve an employee harassing a student. As part of this process, the district will provide to the parties in writing a notice stating:

- the allegations;
- the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations;

- that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint; and
- any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

Recordkeeping. The district will maintain the following records for a period of seven years:

- Each sexual harassment investigation including any determination regarding responsibility, any disciplinary sanctions imposed, and any remedies provided;
- Any appeal and its result;
- Any informal resolution and its result; and
- All materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process. The district will make these training materials publicly available on its website, or if the district does not maintain a website, then the district will make these materials available upon request for inspection by members of the public.

The district will also create records documenting any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment. In each instance, the district will document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the district's education program or activity. If the district does not provide a complainant with supportive measures, then the district will document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the district in the future from providing additional explanations or detailing additional measures taken. The district will maintain these records for a period of seven years.

Retaliation Prohibited. Neither the district nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, 34 C.F.R. part 106, or this policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any

manner in an investigation, proceeding, or hearing under this policy. The district will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the FERPA statute, 20 U.S.C. § 1232g, or FERPA regulations, 34 C.F.R. part 99, or as required by law, or to carry out the purposes of 34 C.F.R. part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder. Complaints alleging retaliation may be filed according to shall be addressed pursuant to Board Policy 2006 (Complaint Procedure).

The exercise of rights protected under the First Amendment does not constitute retaliation prohibited by this section. Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this part does not constitute retaliation prohibited under this section, provided that a determination regarding responsibility alone is not sufficient to conclude that any party made a materially false statement in bad faith.

Notification of Policy. The district will notify applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district of the existence of this policy. The requirement to not discriminate, as stated in Title IX and 34 C.F.R. part 106, in the district's education program(s) or activities extends to admission and employment, and inquiries about the application of Title IX and 34 C.F.R. part 106 to the district may be referred to the district's Title IX Coordinator, the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

Publication of Policy. The district will prominently display on its website, if any, and in each handbook that it makes available to applicants for admission and employment, students, parents or legal guardians of students, employees, and all unions or professional organizations holding collective bargaining or professional agreements with the district, the name or title, office address, electronic mail address, and telephone number of the employee or employees designated as the Title IX Coordinator(s).

Application Outside the United States. The requirements of this policy apply only to sex discrimination occurring against a person in the United States.

Scope of Policy. Nothing herein shall be construed to be more demanding or more constraining upon the district than the requirements of Title IX (20 U.S.C. § 1681) and 34 C.F.R. part 106. To the extent that the district is in compliance with Title IX and 34 C.F.R. part 106, then all of the district's obligations under this policy shall be deemed to be fulfilled and discharged.

EMERGENCY RESPONSE TO LIFE-THREATENING ASTHMA OR SYSTEMIC ALLERGIC REACTIONS (ANAPHYLAXIS)

DEFINITION: Life-threatening asthma consists of an acute episode of worsening airflow obstruction. Immediate action and monitoring are necessary.

A systemic allergic reaction (anaphylaxis) is a severe response resulting in cardiovascular collapse (shock) after the injection of an antigen (e.g. bee or other insect sting), ingestion of a food or medication, or exposure to other allergens, such as animal fur, chemical irritants, pollens or molds, among others. The blood pressure falls, the pulse becomes weak, **AND DEATH CAN OCCUR.** Immediate allergic reactions may require emergency treatment and medications.

LIFE-THREATENING ASTHMA SYMPTOMS: Any of these symptoms may occur:

- Chest tightness
- Wheezing
- Severe shortness of breath
- Retractions (chest or neck "sucked in")
- Cyanosis (lips and nail beds exhibit a grayish or bluish color)
- Change in mental status, such as agitation, anxiety, or lethargy
- A hunched-over position
- Breathlessness causing speech in one-to-two word phrases or complete inability to speak

ANAPHYLACTIC SYMPTOMS OF BODY SYSTEM: Any of the symptoms may occur within seconds. The more immediate the reaction, the more severe the reaction may become. Any of the symptoms present require several hours of monitoring.

- **Skin:** warmth, itching, and/or tingling of underarms/groin, flushing, hives
- **Abdominal:** pain, nausea and vomiting, diarrhea
- **Oral/Respiratory:** sneezing, swelling of face (lips, mouth, tongue, throat), lump or tightness in the throat, hoarseness, difficulty inhaling, shortness of breath, decrease in peak flow meter reading, wheezing reaction
- **Cardiovascular:** headache, low blood pressure (shock), lightheadedness, fainting, loss of consciousness, rapid heart rate, ventricular fibrillation (no pulse)
- **Mental status:** apprehension, anxiety, restlessness, irritability

EMERGENCY PROTOCOL:

1. CALL 911.

2. Summon school nurse if available. If not, summon designated trained, non-medical staff to implement an emergency protocol.
3. Check airway patency, breathing, respiratory rate, and pulse.
4. Administer medications (epinephrine auto injector and nebulized albuterol) per standing order.
5. Determine cause as quickly as possible.
6. Monitor vital signs (pulse, respiration, etc.).
7. Contact parents immediately and prescribing health care practitioner as soon as possible.
8. Any individual treated for symptoms with epinephrine at a school will be transferred to a medical facility.

STANDING ORDERS FOR RESPONSE TO LIFE-THREATENING ASTHMA OR ANAPHYLAXIS:

- Administer epinephrine auto injector junior for any child less than 60 pounds or adult epinephrine auto injector for any individual over 60 pounds into the muscle towards the front and outer side of the thigh.
- Follow with nebulized albuterol while awaiting EMS.
- If symptoms persist, repeat epinephrine auto injector followed by nebulized albuterol every fifteen minutes while awaiting EMS arrival.
- Administer CPR, if indicated.

SECTION FIVE

FORMS

This section contains forms that students and their parents may need during the 2026-27 school year. Some forms will be completed digitally during the returning student registration process.

RECEIPT

This Student Handbook is distributed in accordance with Nebraska State Law, Section 79-262, paragraph three which states in part: "Rules and Standards which form the basis for discipline shall be distributed to students and parents at the beginning of each school year or at the time of enrollment..."

Parents (or guardians) and students are required to sign & return a digital copy of this form during the returning student registration process.

PARENT/STUDENT AGREEMENT

I have received and read the Student Handbook that describes the Springfield Platteview Community School District's discipline policies, regulations, rules, and expectations to be followed by students enrolled in the Springfield Platteview Community Schools, including the Drug Free School Policy. ADMINISTRATION OF NON- PRESCRIPTION DRUGS TO STUDENTS**

While the administration of medications to students should be scheduled outside of school hours whenever possible, occasionally it may be necessary for school personnel to administer nonprescription drugs to a student as authorized by the student’s parents, guardians, or medical professionals and state law. School personnel will only dispense those nonprescription drugs which have been approved by state and federal law for use as a drug and meet the definition of nonprescription drugs in Nebraska’s Medication Aide law which states:

Nonprescription drugs means nonnarcotic medicines or drugs which may be sold without a medical order and which are prepackaged for use by the consumer and labeled in accordance with the requirements of the laws and regulations of this state and the federal government.

In order for students to be administered nonprescription medication by school personnel, a parent or guardian must:

- Complete and return this authorization form.
- Provide the district with any nonprescription drugs you wish to be administered in its original container from the manufacturer, which must include legible, unadulterated manufacturer instructions. The container must be labeled with the student’s name.
- Provide the district with specific written instructions regarding the requested nonprescription drug’s administration, including the date(s) the student is to be administered the drug, the dosage to be administered, the frequency of administration, and any other details or conditions relevant to administration.

School personnel will not administer nonprescription drugs in a manner inconsistent with the manufacturer instructions or state law. School personnel will not administer non-prescription drugs that is expired.

Our Core Values

Our core values of Relationships, Community, Intentional, and Perseverance were created by our staff because we believe they best reflect our shared approach to education and the kind of environment we strive to build each day. We will strive to make sure these values guide how we teach, learn, and grow together. We are committed to modeling them consistently and finding meaningful ways to help students understand and experience their benefits in real life.

We also recognize that each individual brings their own unique and personal values, and we honor and encourage that diversity of thought. Together, our shared and personal values create a stronger, more welcoming school community.

When we lead with our values, we help students see what's possible—not just in school, but in life. Our values should shape every interaction, helping students feel seen, supported, and inspired to become their best selves. These values define not just what we teach, but how we build trust, foster growth, and create a meaningful educational experience.

Attendance

Regular attendance at school is a crucial for any student to be successful. The state of Nebraska creates mandatory attendance laws and the Springfield Platteview Community Schools Board of Education adopts policies for all of our schools. The SPCS attendance policies can be found in the District Handbook. The responsibility for regular attendance at school as stated by Nebraska law and by the policies of Platteview High School rests with the parent, but, for the same sources, it is equally as specific that the school is the only one who may excuse a student from attending school. Parents may ask to have a student excused but only the school may grant the excuse. The definition of countable vs uncountable absences can be found [HERE](#).

Absences will only be considered *communicated* if the office has received a phone call to the Attendance Secretary (a voice message may be left on voicemail if no answer) or an email prior to the absence whenever possible or by 9:30am the day of the absence. Failure to communicate absence(s) will result in the absence(s) being documented as countable.

Excessive absenteeism is defined as twelve (12) or more countable absences per semester for each individual class period for any reason other than school-sponsored activities, medical issues verified by a note from a physician and three college visits per school year. Attendance at a funeral of a direct family member, a required court appearance and a religious observance will also not be considered countable absences. School absences that do not meet the previously stated criteria and are excused by parents are countable absences. The school will notify the parent or guardian after 7 and then at 15 absences. Next steps will be considered by admin at this time if needed.

Reporting Habitual Truancy Students who accumulate twenty(20) countable absences or the hourly equivalent per year shall be deemed to be habitually truant. If attendance issues have not improved after contact from PHS, the Principal **could** file a report with the county attorney of the county in which such person resides. The full SPCS Compulsory Attendance and Excessive Absenteeism Policies [can be found here](#).

Arrival at School/Dismissal From School

Students are expected to arrive at school no more than 20 minutes prior to the first class or school program in which they are participating. **Prior to that time, the school is not responsible for supervision of the students.** Students will be admitted to the academic hallways **10 minutes** prior to the first class or school program. Unless a student has a pass from a teacher, hall supervisors will not allow students to enter academic hallways until this time. Students should have scheduled appointment with teachers arranged the day before. Students will be dismissed at the end of the last period of the school day unless there are other circumstances (early dismissal, detention etc.). Upon dismissal, students must leave the school grounds and proceed home or to a previously designated location unless participating in a school-sponsored activity. Students are expected to leave campus no later than 20 minutes after the conclusion of the school day or 20 minutes after participation in school activity whichever is later. **The school is not responsible for supervision of students once the students are to have left school grounds**

Closed Campus

All students are required to remain on campus during the school day. Students must sign in and out of the main office if they arrive after school has started or if they are leaving prior to dismissal. Students who have been approved for an open period with an adjusted start or departure time are not required to sign out. **Parents may not call a student out to allow the student to drive off campus for lunch. Students who leave campus for lunch will be subject to rules regarding skipping classes regardless of a parent call.** If a parent wishes to take their child out for lunch, the parent must be present physically to take the student to lunch. In this situation, the parent may not take friends or other students and we ask that this occurs sparingly. Also, once school starts, students will not be allowed to go their car unless it is deemed absolutely necessary by admin. Students, please plan ahead at the start of the school day to avoid this type of disruption. **Also, to minimize disruptions during Semester Finals, students will be released per parent request only between classes on days that Finals are being given (Study Hall would be exempt from this policy).** [LINK TO FINALS BELL SCHEDULE](#)

Lunch Expectations

Students are expected to bring their lunch to school or purchase food from the cafeteria. **Outside food delivery services of any kind (such as Doordash and Grubhub) can cause an unnecessary disruption for the office and are prohibited.** Parents may bring lunch to students but we ask that this is done sparingly as it can be disruptive. In the event that a student does have food delivered to PHS during the school day, administration will store the food and return it to the student at the end of the school day.

[2026-27 Lunch Prices can be found here.](#)

Parking Lot Expectations

Students are expected to abide by the following general expectations for parking lot usage. Failure to abide by all expectations and safety guidelines may result in loss of privileges to park in parking lot areas and may subject the student to disciplinary action.

- All students should have a hanging parking tag shall be in place and visible from outside the vehicle to make sure only PHS student cars are in the parking lot.
- The West parking lot in front of the school is closed to students for the 26-27 school year
- No one will be allowed to ride in the back of, or on the outside, of any vehicle.
- Students may not linger inside their vehicles in the parking lot areas.** At no time should a student have other students loitering in or around their vehicle before or after school.
- Any student driving recklessly in the parking lot (during or outside of school hours) will be referred to the Sarpy County Sheriff's Office and may also be subject to disciplinary measures, including loss of parking privileges.
- The posted speed limit in all parking lot areas on campus is 10 mph.

Personal Items/Cell Phones/Ear Buds

The school provides the necessary equipment for classroom and school day activities. Students should not bring items such as athletic equipment, electronic devices, toys, blankets or other similar personal items to school unless they have the prior permission of their classroom teacher or a school administrator. The school is not responsible for damaged or lost personal items or equipment. PHS believes cell phones create a consistent disruption to the learning environment and requires a more strict approach. Our updated policy can be found here: [2026-27 PHS Cell Phone Policy](#).

Student Fees

The school district shall provide free instruction in accordance with the Nebraska State Constitution and Nebraska state law. The district also provides activities, programs, and services that extend beyond the minimum level of constitutionally required free instruction. Under the Public Elementary and Secondary Student Fee Authorization Act, the district is permitted to charge students fees for these activities or to require students to provide specialized equipment and attire for certain purposes. Below is a list of classes that require extra fees at PHS:

Intro to Skills & Technical Science - \$35

Foundations of Art - \$25

Drawing and Painting - \$25

Advanced Art, Pottery, 3D Art - \$30

Material Science 1 & 2 - \$30

Woods 1 - \$50

Woods 2 - \$85

Foods 1 - \$30

Foods 2 - \$40 Foods 3 - \$45

Photography - no more than \$50

****Fee waivers are available to those who qualify for free/reduced lunch***

Dress Code

The school district establishes a dress code that can be found [here](#). Enforcement of the dress code begins at the start of Zero Hour every school day. On Mondays, start time is 8:20am. Tuesdays-Friday, start time is 7:15am. The specific policy for wearing clothes with school inappropriate messages [can be found here](#).

Student Technology Use Fees Structure

As part of Springfield Platteview Community Schools' 1:1 iPad Initiative, students and families are responsible for the care of district-issued devices and accessories. Fees for loss, theft, damage, or misuse may be assessed at the district's discretion. Students with outstanding district fees will not be issued a device until balances are resolved.

Students who do not participate in the Device Usage Fee Program must leave devices at school each day and are responsible for the full cost of any repair or replacement due to loss, theft, or damage.

For complete program details, responsibilities, fees, and expectations, please review the full Device Usage Fee Program information at the link. [Link](#)

Scholastic Achievement

Each year, the staff of Platteview High School will publish a Curriculum Guide that outlines the policies and procedures for taking classes at Platteview High School that provides information in great detail. Students and parents can access the current Curriculum Guide [at this link.](#)

Class Load

Students in grades 9-10 are required to carry a **minimum of seven (7) academic periods during each semester of high school.** A 9th or 10th grade student may:

- be enrolled in seven (7) courses and a study hall or
- be enrolled in eight (8) classes

Students in grade 11 are required to carry a **minimum of six (6) academic periods during each semester of high school.** Administration reserves the right to waive this requirement for an Internship or academic program that takes the student outside of PHS such as Metro Academy. This waiver will only be considered for students who are in good academic standing and on course for graduation.

Students in grade 12 are required to carry a **minimum of four (4) academic periods during each semester of high school and study hall does not count toward that number.** Seniors in good academic standing, on course for graduation or planning to graduate early may request abbreviated schedules. The Principal and Counselor will make scheduling decisions based on the needs of the individual student.

18+ Absences Procedure

When a student hits more than 18 countable absences in any single period, they will be dropped from that class with an 'F' but only if their current grade is failing. In that event, the highest grade a student can achieve in a class where they have earned more than 18 countable absences is a 70%. School-sponsored activities, medical issues verified by a note from a physician, three (3) college visits per school year, attendance at a funeral of a direct family member, a required court appearance and a religious observance do not count toward the total absences in this area. School absences that do not meet the previously stated criteria and are excused by parents are countable absences.

Senior Open Periods

In order to be eligible for an open period, a senior must meet pass Counselor verification that the student is on track for graduation. Administration reserves the right to determine which seniors will be allowed an open period.

Additional notes regarding open periods:

- The only time frames allowed for open periods to be scheduled by students that qualify will be 1st or 8th period.
- Students with an open period or periods may not be on campus during the open period unless the student has scheduled time with a staff member.
- Students with failing grades or poor attendance may have their open period revoked.
- The high school administration may assign alternate schedules to a student when extenuating circumstances arise.
- The process for requesting an open period will occur doing a student's scheduling meeting with the counselor or admin.

Study Hall/Online Academy Open Periods

Only Juniors and Seniors are eligible for an open period in lieu of attending their study hall or online academy period in person, and it is the responsibility of the student to apply for exemption from Study Hall or Online Academy at the start of each semester. Eligible students must meet (and maintain) the following qualifications:

- Remain in Good Standing ([Policy here](#)) throughout the semester and have no F's at the start of a new month.

Grade checks will happen on the **first Tuesday that is a school day of each month**. Students who do not meet the qualifications will be expected to attend their Study Hall/OA class and are subject to all attendance requirements including the [First & Eighth Period Study Hall/OA Attendance Policy](#).

Once a student qualifies for the open period for study hall and online academy periods, the following will apply:

The PHS administrative team will review the status of all Juniors and Seniors on the **first Tuesday that is a school day of each month** to assure the student remains eligible for exemption. If a student fails to meet the standard, the student loses the privilege of the open period until the next checkpoint.

PHS Admin reserves the right to decide if students with special needs or situations that do not meet the requirements laid out above can be allowed an open period if it is determined that the student would benefit from this arrangement.

Student Schedule Changes

Student schedule changes may be made without penalty during the first five school days of each semester. The acceptable reasons for a schedule change are: change in placement of a core class (honors vs regular) or change of choice in electives. Changes will not be made simply because a student wants a class at a different time or with different people. Significant time and effort is put into the creation and balancing of the master schedule and changes can create difficulties so we try to minimize them.

Drop and Add slips are to be obtained from Mrs Christiansen ([LINK](#)) and must be signed by both the teacher of the class being dropped and the teacher of the proposed new class. In addition, a parent signature must also be present on the form before the change will be made. After the first week of the semester (defined as 5 school days), students who insist on dropping a class, except for instances of an extended illness or other circumstance approved by the principal, will receive an “F” on their permanent records, and that grade will be averaged into the student’s cumulative grade point average.

Tardiness

A student who does not have a valid excuse for being tardy to any class may be required to serve detention or some other assigned intervention. At PHS, consequences for being tardy begin on the 3rd occurrence and reset every quarter. Tardiness is also one of the criteria in our Good Standing Policy which is addressed in another section of this operations guide. [Here is a link to those specific consequences.](#)

Graduation Requirements

Platteview High School and Springfield-Platteview Community Schools, in accordance with the Nebraska Department of Education and our local School Board, mandates 49 credits to complete graduation requirements. A semester class is worth 1 credit. Specifically, the following number of credits are required in academic areas: 8 in ELA, 6 in Math, 6 in Science, 7 in Social Studies, 2 in Business/College (3 starting with the Class of 2028 as the State of Nebraska mandated a Computer Sciences Class), 3 in PE/Health, 17 Electives (this number is 16 starting with the Class of 2028 due to new Computer Science class).

The absolute deadline for all graduating seniors to complete work is the Friday before Commencement at 11:00am. All names must be finalized by then to allow programs for the commencement ceremony on Sunday to be printed.

[Here is a link](#) to all credit requirements and what is taken during each of the four years.

Academic Integrity

Students are expected to abide by the standards of academic integrity established by their teachers and school administration. Standards of academic integrity are established in order for students to learn as much as possible from instruction, for students to be given grades which accurately reflect the student's level of learning and progress, to provide a level playing field for all students, and to develop appropriate values. Cheating and plagiarism violate the standards of academic integrity. Sanctions will be imposed against students who engage in such conduct.

Use of Artificial Intelligence

The emergence of Artificial Intelligence and online programs like ChatGPT has contributed to rising episodes of academic dishonesty at PHS made easily accessible by these new tools. ChatGPT is a natural language processing tool driven by AI technology that can answer questions and assist anyone with tasks, such as composing essays and answering questions. These generative AI sources make it simple for anyone to plagiarize any written assignment or create a full first draft then simply make changes to the source material not generated by the student. PHS views any use of AI and online programs like ChatGPT as plagiarism when the expectation is for students to create their own original work. PHS staff uses the help of Turnitin, an internationally recognized program that identifies uncited, unoriginal information in student work in our efforts to detect when work is being submitted that is not generated by the student. Teachers will use Turnitin to detect possible use of unoriginal information with the knowledge that no program is 100% accurate. Therefore, Turnitin will serve as a first line of detection but teachers will retain the ability to use their professional judgment with input from administration if needed when making a decision on the authenticity of a student submission.

Personal Electronic Devices

Students may not possess or use earbuds, headphones, smartwatches, smart glasses, cell phones, AI-enabled devices, or any device capable of recording, communicating, storing information, or accessing the internet during any assessment unless specifically authorized by school personnel. Possession of such a device during an assessment may result in the assessment being invalidated and disciplinary action for academic dishonesty

Students are prohibited from recording, filming, or disseminating physical altercations. Any student who records, photographs, live streams, encourages, promotes, or distributes images or video of a physical altercation, fight, confrontation, or other disruptive incident occurring on school property, at a school-sponsored activity, or while under school supervision may be subject to disciplinary action. The specific policy can be found [HERE](#)

Prohibited Behavior

Students may not cheat, plagiarize, or otherwise participate in any academic dishonesty in any form. Prohibited behavior includes:

- Obtaining, attempting to obtain, or aiding another person to obtain credit for work by any dishonest or deceptive means. This includes the use of any artificial intelligence or resources such as ChatGPT.
- Copying another person's work or answers.
- Willingly sharing your work with another student and allowing them to hand it in as their own.
- Taking or receiving copies of a test without the permission of the teacher.
- Using the ideas or work of another person as if they were your own without giving proper credit to the source.
- Failing to give credit for ideas, statements, facts, or conclusions which rightfully belong to another person.
- Failing to use quotation marks or other appropriate means of attribution when quoting directly from another person or source.

Students will face immediate consequences for making the choice to cheat. Because cheating leaves a teacher without any way to know whether or not a student has mastered a standard, it is important to provide a mechanism for re-measuring students' mastery of the standard - at least on the first offense. The following sanctions will be applied to students who have been caught cheating:

Sanctions for Academic Dishonesty

First Offense:

- The student will be notified of the violation.
- The parents/guardians will be notified of the violation.
- The student will immediately receive a zero (0) on the assignment involved, but will be allowed an opportunity to make up the assignment in whatever manner and time frame the teacher deems appropriate. At completion of the make up assignment, the student can be awarded up to a 60% grade.
- An “Academic Dishonesty 1st Offense Warning” will be documented in PowerSchool.
- Additional consequences may be considered – e.g., loss of student leadership positions, loss of candidacy for or membership in Platteview High School Honor Societies, eligibility for academic awards. This is at the discretion of the school administration.

Second Offense:

- The student will be notified of the violation.
- The parents/guardians will be notified of the violation.
- The student will receive a zero (0) on the assignment involved, and will not be allowed an opportunity to make up the assignment.
- The student will be ineligible for all academic awards.
- An “Academic Dishonesty 2nd Offense” will be documented in PowerSchool.
- Additional consequences may be considered – e.g., loss of the privilege to participate in school activities, loss of student leadership positions, and loss of candidacy or membership in Platteview High School Honor Societies. This is at the discretion of the school administration.

Third & Subsequent Offenses:

- The student will be notified of the violation.
- The parents/guardians will be notified of the violation.
- The student will receive a zero (0) on the assignment involved, and will not be allowed an opportunity to make up the assignment.
- If the third offense occurs in the same course as one of the prior two offenses, the student's grade for the semester will be lowered by one full letter grade.
- If the third offense occurs in the same course as both of the prior two offenses, the student will receive an F in the course for the semester, potentially impacting graduation and athletic eligibility. In addition, the student may be declared academically ineligible for a period no longer than two weeks at the discretion of the PHS Activities/Athletic Director.
- The student will be ineligible for academic awards.
- An "Academic Dishonesty 3rd Offense" will be documented in PowerSchool.
- The student will lose any student leadership positions held.
- The student will not be considered as a candidate for Honor Societies.
- The student will have membership in Honor Societies rescinded.

The student and parent retain the right to appeal any decision regarding academic dishonesty/cheating and sanctions imposed. The appeal will consist of a meeting with the school Principal, Assistant Principal, Counselor and teacher whose class the incident occurred. The Principal will make a final decision on the appeal with input from all involved.

Grading Policy

The Springfield Platteview Board of Education has established grading policies for the entire district. A statement of beliefs can be found [HERE](#). A few of the most frequently used policies are:

- Effort, participation, attitude, and other behaviors shall not be included in grades.
- Formative/summative percentages as part of an overall grade are determined within each department. Formatives shall not exceed 40% of an overall grade, summatives shall account for at least 60% of an overall grade.
- Students are expected to complete all required formative work through each summative assessment period.
- Before summative assessments, teachers may set due dates and deadlines for all marked work that will be part of a student grade. **This means that formative work will not be accepted after a summative assessment.**
- Penalties on late work shall not exceed 10% if turned in prior to the student taking the summative assessment.
- Students with excused absences shall be given at least 1 day, per day of absence, for make-up opportunities for all missed assignments/assessments.
- Second Chance opportunities shall be made available to students who would like a retake to improve their assessment/project score. All students must follow the department guidelines for second chance assessment opportunities. Students who are enrolled in dual credit courses will follow the partnering institute's guidelines and complete a credit intention form that will be on file at Platteview High School.
- The highest grade a student can attain on a second chance summative assessment is a 100%. Retake opportunities are not available for Finals assessments or Finals projects.
- Scheduling intervention(s) for a retake must be done within 1 calendar week of the original test/due date and the actual retake must be completed no more than 1 week after that. **This means that 2 weeks after an assessment/project is graded there will be no further opportunities for that retake.**
- If a student does not complete a summative project on the due date, they will have a 10% reduction on their project grade. The student's parents will be informed of a late summative project. On the 5th day the project is late, the student may not receive higher than a 79% on the project grade. If the student does not turn in the project on the 6th day, the student will receive a zero.

Credit Recovery/Trojan Academic Center

A student who has failed a course may either be referred to the Trojan Academic Center for credit recovery or will be advised to repeat the entire course. This decision will be based on the amount of work the student completed in the failed class and if skills or standards were achieved at a level that the student can move forward in that academic area. The TAC is designed for unit recovery, not course recovery and cannot be used for initial credit in any class. When repeating a course that a student has failed, it is important to note that the “F” will remain on a student’s transcript and calculated in GPA, while a “P” (not calculated in GPA) will be recorded if credit is earned in making up the credit.

Graduation/Commencement

It is the responsibility of each senior student to work with the school counselor to insure that they are on track to graduate by earning credits in all necessary courses. In addition, notices are sent starting early in the year to seniors and their parents regarding cap and gown rentals or purchasing. **It is the responsibility of the student to acquire a cap and gown to participate in the commencement ceremony.**

Platteview High School reserves the right to set guidelines and expectations to assure that we remain true to the purpose of the event. This includes determining what can and cannot be worn by graduates during the ceremony. [Here is a link](#) to Commencement Ceremony Expectations.

Early Graduation (Board of Education Policy):

Any senior that wishes to graduate at midterm must adhere to the following guidelines:

1. He/she must declare intent to graduate at midterm no later than June 1st preceding their senior year by filling out a form that is available in the counselor's office.
2. Upon an examination of credits to see if midterm graduation is possible, a letter will be sent to the student and a duplicate put in the student's file to confirm the intent of midterm graduation.
3. Any intent to graduate early is contingent upon the student passing course work he/she is enrolled in.
4. Midterm graduates may participate in graduation exercises in the spring with the rest of their class. There will be no formal midterm graduation ceremony.
5. Application to waive a semester of attendance must be made no later than June 1st of the preceding school year.
6. Students must have attended Platteview High School for 2 semesters.
7. At the point of withdrawal from classes the student shall become ineligible for participation in any interscholastic activity sanctioned by the Nebraska School Activities Association.

Graduation at the End of the Junior Year:

The Board of Education has authorized the Superintendent of Schools to permit students to graduate after the junior year in very special circumstances. The procedure to be followed to request graduation after the junior year is as follows:

- The student or parent will request a meeting with the Principal and the Senior Counselor. Both student and parent will attend this meeting.
- The student and parent will explain the special circumstances that they believe necessitate an early graduation. ▪ The Principal and Counselor, based on the parent/student meeting, will make a recommendation to the Superintendent of Schools.
- The Superintendent will make the final decision and notify the parent and student.
- The student will have to successfully pass all graduation requirements in order to graduate early.

Academic Honors

Class Rank

Class rank for all students is determined at the end of each semester and may be obtained from the counselor.

Principal's List

The Principal's List is a designation that is earned by a student who achieves a grade point average of 4.00 or above in a semester, and is enrolled in each of the four core academic classes (note 9th grade students may only be in three core courses one of their semesters and are still eligible).

Honor Roll

The PHS Honor Roll recognizes students who have achieved a grade point average of 3.5 to 3.99, and are enrolled in each of the four core academic classes (note 9th grade students may only be in three core courses one of their semesters and are still eligible). This recognition is given only at the end of the semester grading periods.

Academic Lettering

Students who have been named to the Principal's List or Honor Roll for both current semesters will be awarded an academic letter. Seniors who Academically Letter for four years will receive special recognition at Commencement. This award will be recognized at a school assembly near the start of the new school year.

English Excellence Award

To earn this award a student must achieve the following: 3.75 GPA, English composite score in the 85th percentile on the ACT, SAT, or PSAT, entered 3 to 5 writing contests or submissions to publications, and earn an 'A' in all Honors or Honors-related English courses or complete four years of Honors English Courses.

Boys State/Girls State

The American Legion and Auxiliary votes on and honors a select group of junior boys and girls from a field of applicants.

Academic Excellence in Mathematics

Students who have completed four years of mathematics courses, have no more than two B's in their math courses and score in the 75th percentile or greater on the ACT qualify for this recognition.

Key Staffer Awards

Recognition for this award is based on participation and excellence in the Journalism Department.

Hugh O'Brian Award

This award is presented to a sophomore student selected by staff to represent Platteview High School at the Youth Leadership Institute.

Most Representative Students

This award is voted on by teachers to recognize students who excel in all areas.

Man/Woman of the Year

This award is voted on by students to honor one boy and one girl from each class as the man or woman of the year.

Top Ten Percent of the Senior Class

This designation is determined by the weighted grade point average of students. No rounding will occur. Seniors will be officially informed of this honor as soon as possible when all grades have been entered and finalized. This will not be announced at Honors Night which occurs before the end of the academic term and therefore changes in the official list might happen after semester final grades are entered. Top 10% Cords will be handed out on the morning of Graduation.

Senior Honors Night

Each Spring, PHS will host a ceremony honoring the achievements of the Senior Class in academics and extracurriculars.

Recognition for Underclassmen

Individual recognition for non-seniors will occur at school-wide assemblies during the school year.

Extracurricular Activities

Definition

Extracurricular activity shall be defined as “any activity involving students of Platteview High School outside the established academic discipline, at which public attendance is encouraged, or involves contests involving students from other schools.” Such activities at Platteview High School include, but are not limited to athletics, vocal music, band, cheerleading, dance team, Debate, One-Act, National Honor Society, FBLA, Student Council, FCCLA, speech, dramatics and other activities that are NSAA-sanctioned.

Extracurricular Code of Conduct

Participation in Platteview High School extracurricular programs is a privilege, not a right. Students participating in our programs serve as representatives of PHS in and out of the classroom. Our expectations are rooted in our core values of Relationships, Community, Intentional and Perseverance, which further emphasize integrity, responsibility, respect, and a commitment to excellence. These values guide not only our academic mission but also how we approach competition, teamwork, and leadership in all extracurricular activities. In addition, student health and fitness must be maintained on a year-round basis to meet the demands of interscholastic competition. For these reasons, student-athletes are required to comply with the standards set by these training and personal conduct rules. Students that participate in Platteview High School extracurricular programs must abide by behavior and code of conduct standards as outlined below. The Code of Conduct rules apply regardless of whether the conduct occurs on or off school grounds. Generally, the school favors credible reports and evidence which come from a member of the certified school staff, law enforcement, or admission by the student or student’s parent or guardian. A student who is suspended or expelled from school shall not be permitted to participate in activities during the period of the suspension or expulsion, and may also receive an extended activity suspension. By choosing to participate, students commit to living out the core values of Platteview High School—on the field, on the stage, in the classroom, and in the community.

Good Standing Policy and Student Participation in School Sponsored Dances/School Events

To attend Homecoming or Prom or other school events as designated, a Platteview HS student must be in “Good Standing” specific to academics, daily attendance and tardies. To be in “Good Standing” at Platteview HS, students must meet all three of the following criteria at the time of ticket purchase. Eligibility checks for “Good Standing” will not be extended further than the last school day before the event - this will be a hard deadline.

Academics

*Grades 9-10 must earn a passing grade in at least Five (5) classes. Grade 11 must earn a passing grade in at least Four (4) classes. Grade 12 must earn a passing grade in at least half of their classes.

Daily Attendance

*Absent 10% or fewer total school days. School-sponsored activities, medical absences verified by a note from a physician, up to three (3) college visits per school year, attendance at a funeral of a direct family member, a required court appearance, or a religious observance will not be considered countable absences toward “Good Standing.” PHS Admin reserves the right to determine countable vs. uncountable absences if necessary. School absences that do not meet the previously stated criteria but are excused by parents are countable absences.

Tardiness/Skipping

*Loss of Good Standing with a cumulative total of 12 tardies or 3 confirmed incidents of skipping class. Skipping is defined as being absent from any part of the school day—including individual classes, lunch, or scheduled activities—without prior approval from the school. Full policy on skipping [can be found here](#).

Students failing to achieve “Good Standing” in all 3 categories (Academics, Daily Attendance, Tardiness) will not be permitted to attend the Homecoming Dance, Prom or other school events as designated. PHS Admin will communicate to students who are not in “Good Standing” periodically in hopes that this will motivate students to achieve “Good Standing.”

Individual Program Expectations

Individual coaches and sponsors may have program specific expectations that are unique to their particular program that students are expected to follow as a condition of participation and/ or lettering in the program. Such rules may exceed standards of the Platteview High School Parent-Student Handbook and NSAA By-laws, but may not be lower standards/expectations for participation in such a program. Any such additional standards and expectations that are program specific must be approved by the Activities Director and should be clearly communicated to all participants and parents in advance of participating in that program.

Sunday Activities

In order to provide students with sufficient time away from school for family-related interests, PHS does **not** allow the scheduling of athletics or activities practices on Sundays. In the event that a team or group has a unique scheduling event such as playing/performing on a Monday or if Districts/State are in the coming week, this rule can be waived by the Principal and/or the Activities Director.

Ejection from an Athletic Contest

Athletes or fans that are ejected from a contest will be suspended from play from the date of the ejection through the completion of the next contest the athlete or fan was suspended from. If the ejection was during the last contest of the season the suspension will be carried over into the next activity but not the next year.

Quitting or Being Removed from a Sport/Program

Any student who quits a sport or who is removed from a team automatically forfeits any letter he/she has earned during that season for that sport/program.

Attendance

Student participants are expected to meet the following attendance expectations:

1. Attend school regularly.
2. Be on time for all scheduled practices, contests and departure for contests. In the event a participant is unable to attend a practice or contests the participant should contact the coach or sponsor in advance.
3. On the day of a contest, performance or other activity, be in attendance for a minimum of four (4) full periods (no periods during day may be unexcused). A student who is not in attendance for four full periods (no periods during day may be unexcused) is ineligible for the contest, performance, or activity. Exceptions may be made for extenuating circumstances, such as doctor/dentist appointment with a note, 3 college visits a year, required court appearance, or family emergencies. The exception should be approved in advance by the Principal or Assistant Principal.

Academic Participation Policy

A student who chooses to participate in extracurricular activities and athletic programs must meet standards of the Nebraska School Activities Association and those of PHS in order to continue to participate and perform. Failure to do so may result in a loss of the privilege to participate in competition or performances, as outlined in the guidelines to follow. Any student who is participating in an extracurricular activity or athletic program, must be enrolled and pass at least 4 classes (20 credit hours) the previous semester in order to be eligible for varsity competition (NSAA Rule). In addition, Platteview High School has established weekly eligibility criteria for all NSAA extracurricular activities. Weekly eligibility will be established each Monday morning at 9:30AM throughout each semester beginning with the fifth full week of each semester. The criteria is as follows:

- No student may compete if they are in failing status in two (2) or more classes at time of weekly eligibility check.
- Students in failing status in two or more classes, will be declared ineligible to participate in game competitions or performances for that week, but may continue to practice.
- Students that fail to serve detentions for other discipline (including tardy consequences) will be deemed ineligible at the discretion of the administration.
- Students notified of their ineligibility for competition or performance, should initiate contact with their teacher(s) to create a plan of improvement.

Procedures

- The PHS Activity Eligibility List will be generated beginning on the fifth full week of any new semester.
- All work submitted through 5PM on Friday each week will be included in grading for the next eligibility period.
- Teachers are asked to communicate with students that are failing or near failing. However, Schoology and PowerSchool are available for student and parent access.
- The PHS Activity Eligibility List is run on Monday mornings at 9:30 AM.
- The Athletic and Activities Director will send the PHS Activity Eligibility List to all athletic and activity coaches/sponsors each Monday AM.
- The Athletic and Activities Directors will notify parents/guardians of students (and students) on the ineligible list via email on Monday AM.
- Coach/Sponsors will make contact with the students on the ineligible list at practice or during class to notify them of their status.

Concussions: Return to Learn Protocol

Students who sustain a concussion and return to school may need informal or formal accommodations, modifications of curriculum, and monitoring by medical and academic staff until the student is fully recovered. *Parents are responsible for notifying the health office when their student sustains a concussion during any school or non-school related activity.*

The school administration of Platteview High School adopts NDE Guidance entitled “Bridging the Gap From Concussion to the Classroom,” as its return to learn protocol, with the recognition that each student who has sustained a concussion will require an individualized response which may require time away from a sport or activity.

Students who participate in any extracurricular program and have suffered a concussion must follow the process set up in Return to Learn. The athletic trainer and athletic director retain the right to hold out of practice or a contest any student who sustained any level of concussion and has not been cleared by a medical professional or completed the Return to Learn protocol.

Specific grounds for extracurricular discipline and areas such as drug & alcohol use [can be found at this link.](#)

Student Expectations

- *Attend school to receive an education.* Schools cannot educate students who do not attend. Students must attend school daily unless ill or legally excused. See district policy regarding attendance.
- *Be on time for all classes.* Students who enter a classroom after a lesson has begun are interfering with the rights of others to learn and study. Punctuality is a habit that students must develop if they are to be successful in the world of work. This includes the first period of the day. Be on time for school!
- *Come to class with necessary materials.* A teacher should not have to delay instruction because a student comes to class unprepared. This interferes with the rights of others to learn and study.
- *Complete all in-class and homework assignments and meet all deadlines.* The full responsibility for student learning does not rest with the teacher. Educational efforts cannot be effective unless students take responsibility and parents support our structural endeavors.
- *Obey school rules and school personnel.* No one has the right to interfere with the education of others. Rules are designed to allow a school to meet its obligation to educate students. Students are expected to follow rules and be courteous to everyone who works in our schools along with classmates and peers.
- *Cooperate with school staff.* Every community depends upon its citizens to uphold the rules by which everyone has agreed to live. Students have the responsibility to provide truthful information when asked by school authorities.
- *Respect the rights and property of others.* Respecting the rights and properties of others and demonstrating personal integrity should guide student behavior at school, on the way to and from school, and school sponsored events. Always be a good person.
- *Respect public property.* Schools are a community investment and resource for young people. Students who damage school property will be held responsible.
- *See that school correspondence to parents reaches home.* From time to time, we will send important paperwork home (grade reports, notification of events, etc.).

Boys Town Social Skills: Springfield Platteview Community Schools is committed to teaching all students important social skills. Examples of social skills are “following directions” and “accepting no for an answer.” These examples have specific and observable behaviors which are taught and reinforced by staff. Student success in the social skill area is critical to a quality learning environment for all students.

Visitors

Parents and/or guardians are welcome at Platteview Central Junior High. Please check in at the office when arriving. Parents asking to visit a classroom in session are asked to contact the school office one day in advance to help with necessary planning. Students are NOT allowed to bring student visitors to school. Any visitor to our campus must be approved ahead of time with the principal. All school doors are locked during the school day.

Drop-off and Pick-up of Students

The drive in front of Platteview Central and circle radius at the south end of the drive is for quick drop off and pick up. There is a designated area in the southeast corner of the high school parking lot if you arrive early for pick up. The parking stalls in front of PC are for staff only. The visitor parking stalls are for guests that have business in the building. NOTE - Due to the Construction Project at PC and PHS, all drop off and pickup details will be communicated as changes occur.

Closed Campus

Platteview Central is a closed campus. Students may not leave school grounds during regular school hours. The campus is also closed during lunch time. Students may leave during lunch time only if a parent signs them out and accompanies them off campus. Exceptions must be approved by the principal.

See FERPA and PPRA attachments in the District Handbook for more information.

Withdrawal of a Student

Parents should notify the school at least two days ahead of the student's last day of attendance. The student will be given a withdrawal form to take to all classes. All textbooks, iPad (cord, charger, case), materials, and equipment must be returned to the school. Fines for lost or damaged items must be paid before withdrawing from Platteview Central.

Grading Policy

The district grading system uses a letter grade to represent each student’s progress. To more accurately reflect the precise grade, a plus or minus may be used. The following table shows the range and GPA assigned for each possible grade.

A+	97-100	4.0	C+	77-79	2.33
A	93-96	4.0	C	73-76	2.0
A-	90-92	3.67	C-	70-72	1.67
B+	87-89	3.33	D+	67-69	1.33
B	83-86	3.0	D	63-66	1.0
B-	80-82	2.67	D-	60-62	0.67
			F	0-59	0.0

Springfield Platteview Community Schools believes grades should clearly communicate student learning and progress toward grade-level standards and district learning goals. Academic grades are intended to reflect what students know and can demonstrate independently.

Students in grades 7–12 will receive progress reports at the end of the first and third quarters and semester report cards at the end of each semester. Grades will be available online throughout the school year through PowerSchool to provide families with ongoing updates regarding student progress.

Teachers use both formative and summative assessments to monitor student learning. In grades 7–12, formative assessments will account for no more than 30 percent of the overall grade, and summative assessments will account for at least 70 percent of the overall grade.

Learning is a process. Teachers may provide reteaching, intervention, feedback, and reassessment opportunities to support student growth and mastery of content-level standards. Students who score below 80 percent on a summative assessment may be eligible for a reassessment opportunity after completing teacher-directed reteaching or intervention requirements. Reassessment opportunities, timelines, and expectations may vary by course and teacher. The maximum score a student may earn on a reassessment is 79 percent in accordance with district grading practices.

For additional information regarding grading practices, reassessment opportunities, late work, and grading expectations, please refer to the Springfield Platteview Community Schools District Student Handbook and/or individual course syllabus.

Cheating and Plagiarism

Any student caught cheating (providing answers or assignments, copying answers or assignments, accepting and turning in assignments not completed by themselves, plagiarizing, or any other act which violates the academic integrity of our school, including the use of ChatGPT or other A.I. platforms), is subject to the following consequences —> Parents are notified. A detention is assigned. The assignment or assessment will be completed during detention (modified), a grade reduction of 1/3 (33%) will be administered. If multiple cheating violations occur, the consequences will double.

Grade Reports

Grade reports will be issued at least four times per school year. These reports will be at the end of each of the four quarters along with Parent Teacher Conferences in February. Grade reports communicate academic achievement, citizenship standing, tardies, and student absences. Semester grades are used to establish GPA.

Homework and Make-Up Work Policies

Homework supports learning at Platteview Central. It is used to reinforce skills already being taught in the classroom, to work on independent study, complete projects, and to complete classroom assignments. Students and parents should develop a study time set aside at night for this purpose (70 minutes for a 7th grader and 80 minutes for an 8th grader is recommended). This will develop habits for your student to become successful at high school and college levels of education, as well as future careers.

With each Platteview Central student being assigned an iPad, the expectation is that each student will use a homework and/or calendar app for purposes of staying current with homework, upcoming quizzes, tests or projects. Daily assignments are posted online on our webpage.

Students need to make-up assignments and tests due to an absence from school. The student is responsible for requesting missing assignments from the teacher and turning them in at the designated deadline set by the teacher (minimum 1 day for each day missed). Any parent wishing to pick up work for a student who is absent, needs to request it from the Office Manager before noon. Collected work will then be available by 3:25 PM unless arrangements are made with the Office Manager to pick it up sooner.

Homework Online

All daily homework can be found online. When accessing homework online, go to our school website at www.pc.springfieldplatteview.org and click “Students and Parents” on the menu bar, then select “Homework 7” or “Homework 8.” Homework remains posted for one week.

Schoology

Student assignments, grades, progress reports, and attendance records are available through use of PowerSchool and Schoology. To set up your Schoology account, please email our instructional technology department, by emailing Mr. Mahoney, at jeremy.mahoney@spscne.org.

Complete guidelines and instructions will be included in your account activation letter. It is important that each legal guardian protect their password. **PowerSchool and/or Schoology are not intended to replace teacher → student and / or teacher → parent communication.** Please contact the individual teacher if you have questions about your student's progress before contacting the school counselor and/or principal.

Middle School Assistance Process (MSAP):

Students are expected to complete each assignment given by each teacher, on time. The following process will be used to help students experience success when having trouble completing assignments on time. The probability of student learning is increased significantly when each teacher given assignment is completed in a timely and thorough manner.

- (1) If an assignment is not completed or presented at a satisfactory level at the time it is due, the student will be assigned to MSAP.
- (2) Parents will be contacted when after-school attendance at MSAP is required for the student to be successful.
- (3) MSAP will be from 3:25-4:05 PM on a daily basis for all teacher identified students. Students that participate in athletics or clubs after school will go to MSAP prior to their activity.
- (4) Students who do not report to MSAP as directed by a teacher may earn discipline consequences.

Watch List MSAP

- (1) MSAP for Watch List will begin after the first six weeks of each semester
- (2) Parents of students who appear on the Watch List for earning 3 or more D's and F's will be contacted for their student to stay for MSAP during the week.

Guided Study

Platteview Central students will be assigned to Guided Study in both 7th and 8th grade. Students not in band will have Guided Study each day, while band students will attend every other day. This study period will be used for mandatory silent reading (15 minutes to begin class), interventions for struggling students, additional assistance, homework completion, gifted opportunities and test make-ups. All core teachers are available during this time. Students will be assigned to a particular Guided Study, but can request a pass to get help from any teacher, as needed. This is an excellent way to make sure your student understands the work before he/she comes home.

Guided Study Intervention

As an alternative to MSAP, Guided Study intervention can/will happen during Guided Study period. Students that are on the D's and F's list may be assigned to Guided Study Intervention, along with any students who have not turned in homework or completed it to teacher satisfaction. A teacher will be available to oversee Guided Study Intervention.

Media Center

All students at Platteview Central will have an opportunity to utilize our outstanding media center facility. Students will contact the person in charge of the media center to receive the necessary pass. The media center is designed to be used as a resource center for students. When students report to the media center, they should be business-like, possess paper and writing instrument(s), and display appropriate behavior throughout the entire period. Students who violate media center rules are subject to the loss of privileges for a stated period of time and/or additional school discipline. Media Center privileges can be adjusted for students having failing grades or failing to meet other achievement expectations.

Book Responsibility: Each student is responsible for his/her library books. Books damaged/lost as a result of misuse will result in fines and/or replacement fees for the cost of the book. Library materials may be checked out for a maximum of two weeks. A fine of 5 cents per day will be charged for late books. Students consistently having late books, etc. will lose book checkout privileges. Students will be allowed to use both the junior high and senior high libraries for reference materials. A Platteview Central student should always have a book in their possession for quiet reading opportunities and earning Accelerated Reader Book Points in ELA classes.

Lost and Found

If your student has lost anything at school, chances are it can be located at the "Lost and Found" in the school cafeteria. Parents, please feel free to browse if your student is missing something.

Student Activities and Programs

Student Council:

The Platteview Central Student Council is comprised of students in 7th and 8th grade who are elected by the student body and/or teacher teams. The Student Council serves as a liaison between students and members of the faculty and administration. Members are expected to be positive student leaders who exhibit proper behavior and acceptable grades. Student Council members who do not meet these prerequisites may be replaced by an alternate member.

The Student Council is responsible for planning student activities throughout the school year and also functions in a leadership and organizational role. Individual students are encouraged to seek out their Student Council representatives to express views concerning school activities and programs.

Music Programs:

1. Vocal Music Program:

Choir is an elective course for all 7th and 8th grade students. In 8th grade, students may take World of Music as one of their elective classes if they are not in band or choir.

2. Instrumental Music Program:

Junior High Band is offered (as an elective) to both 7th and 8th grade students as a continuation of the elementary music curriculum. The junior high band participates in a Holiday Concert, a Fall Concert, a Spring Concert and a Music Contest. It also marches at a high school home football game in the fall of the year.

National Junior Honor Society:

The National Junior Honor Society (NJHS) was established at Platteview Central to stimulate high scholarship, develop leadership, provide service to school and community, and to recognize students who excel academically. Qualifications for induction into the National Junior Honor Society include a 3.7 GPA, recommendations by members of the faculty and the school principal. Candidates for induction into the National Junior Honor Society will be selected based on character, leadership, and service in addition to academic excellence.

HAL (High Ability Learners):

The purpose of the HAL program is to provide gifted students with challenges that go beyond those offered in the regular classroom. HAL also provides an opportunity to improve decision-making skills by planning individual/group activities. Qualification for the HAL program involves three levels of criteria. The student must qualify in all of the following areas: test scores, teacher recommendation, and gifted placement exams.

Student of the Month Awards: This student recognition by staff members is made to students who demonstrate the following characteristics:

Cooperation in class

Responsibility in completing work

Positive classroom leadership

Academic improvement

Concern for quality work

Consistent academic achievement

WeOverMe Character Traits → Nominations for WeOverMe come when students demonstrate outstanding qualities in specific areas, such as: Kindness, Respect of Others, Responsibility and Determination. These are awarded on a monthly basis with students earning small prizes.

Advisory Period: Advisory is a chance for students to meet consistently with one teacher who will serve as their adult advocate for the period of one school year.

Mission Statement: Daily and intentional time will be reserved to ensure every student at Platteview Central has at least one trusted adult advocate who will stand by them to listen, advise, mentor, and lead.

Sample Activities: Tracking grades, attendance, tardies, and discipline. Individual student meetings. Team building activities. ACT prep. MAP testing prep. Interventions. Exploration of study. Enrichment activities. Career education skill building. Core study practice. Reading. Character building and development. Games and competitions.

Athletics

Various athletic programs are available for both male and female student-athletes. A current school physical must be on file prior to participation in athletic practices or games. A 7th grade physical to begin the school year counts as the athletic physical. Activities throughout the school year include:

- 7th-8th grade boys' / girls' cross country (fall season)
- 7th-8th grade girls' volleyball (fall season)
- 7th-8th grade boys' football (fall season)
- 7th-8th grade boys' basketball (late fall season)
- 7th-8th grade girls' wrestling (late fall season)
- 7th-8th grade girls' basketball (winter season)
- 7th-8th grade boys' wrestling (late winter season)
- 7th-8th grade girls' and boys' track (spring season)
- 7th-8th grade girls' and boys' Esports (year round)

Items regarding athletic department policies and problems will be handled within the confines of the athletic department first. All coaches are directly responsible to the Activities Director, who in turn is responsible to the Principal and Superintendent. Any concerns of the athletic department should first be brought to the coach, and if not resolved, to the Activities Director.

Athletes that choose to start a sport after the season has begun, must **acclimate** to practices for the duration of time that every other athlete practiced prior to the start of games. As an example, if volleyball held 10 practices before having their first game, an athlete that started the season after games began, must first participate in 10 practices before being allowed to compete in games. Once the mid-point of a season has arrived, no additions will be made to a team or roster, unless special circumstances arise. If so, the administration will make the final decision if the player will be added to the roster (must acclimate first; see above procedure).

Guidance Services:

There is a full-time counselor assigned to students in Grades 7-8. Counselor goals include: providing assistance to all students in selecting classes and activities; administering the junior high MAP and NSCAS tests; working with teachers, students, and parents in assuring educational continuity; establish bullying prevention and dating violence lessons in accordance with state statutes; and assisting junior high students both on the personal and academic level.

Contact with the Counselor: Students may arrange for an appointment with the school counselor during study halls or before/after school. Parents may contact the counselor and arrange for a conference to discuss areas of concern, test results, or other school related matters.

Testing Program: Northwest Evaluation Assessment (MAP Testing - Measures of Academic Progress) is administered in the fall of the school year and the Nebraska Student-Centered Assessment System (NSCAS) is administered during the latter half of Semester 2. NWEA testing includes assessments in Math, Science, Language, and Reading. NSCAS tests will cover Math and Reading in grades 7 and 8 and Science in grade 8. Individual student profiles with test data are returned to parents along with the students' report card after school's completion in late May. Additional information may be obtained from the counselor regarding data interpretation.

Student Scheduling: Students register for classes in the spring of the school year with the guidance counselor. A parental signature is required on the student registration form to ensure parental involvement in this process. Questions concerning recommendations, requirements, electives, etc. should be referred to the counselor.

Schedule Changes: Elective courses may be dropped or added only after a parental note of approval has been given to the counselor. These schedule changes may be performed only during the first seven days of each semester. Changes are also dependent upon space availability in the new class. Exceptions to these rules are discouraged and will not be made unless there is teacher, parent, counselor, and administrative consensus.

Special Parent Reports: Parents/students requesting more frequent feedback about progress of a student should contact the teacher/counselor if they have immediate needs. Increasing communication between home and school is a goal of the counseling and guidance service.

Safety Drills

Platteview Central will conduct a variety of safety drills throughout the year. All safety drills, which may include fire, severe weather, bomb, or intruder, are important precautionary measures. It is essential that when the first signal is given, everyone follows instructions promptly and reports to the various areas assigned for safety. All classrooms have maps on where to go for safety and teachers will lead students to those areas of safety during a severe weather or crisis situation. Most importantly, it is critical to follow teacher directions.

Food and Drinks

Food and drinks are prohibited at Platteview Central, except these limited scenarios as described below:

** A snack (healthy options only) may be eaten during the first five minutes of Period 3 each day.

** A water bottle (preferably clear) is allowable at all times at Platteview Central. The bottles can only contain water.

No other food or drink is allowed, except at lunch, under any circumstances, unless pre-authorized by a teacher or sponsor. Consequences for abuse of this rule will start with confiscated food or drink (not returned), and can lead to detentions.

Tardies

Being prompt is a valuable lifetime habit and should be encouraged by staff and parents. Tardiness affects everyone. A student who arrives late to school should report to the office to sign in. When students continue to be tardy to a class or school the following consequences will serve as a reminder to the importance of being on time and to help build proper habits. Tardies are kept on a 9-week basis, per period and include tardies to school. Regardless if parents call the school to notify the office, a student is still tardy if they do not have a valid reason (doctor note, appointment verification, etc.).

- 1) **1-2 tardies** - student signs tardy sheet. These are considered FREE tardies.
- 2) **3 or more tardies** - Lunch Detention assigned for each tardy.

Locker Rules and Regulations:

Locker combinations will be given to students at the beginning of the school year. Lockers should be kept neat and appropriate at all times. There will be periodic “locker clean-outs” during the school year. **The school administration reserves the right to inspect lockers for any reasonable cause at any time during the school year.** Students should use only the locker assigned to them. Taking property not belonging to you is considered theft and will be subject to appropriate school discipline which can include suspension and expulsion. Students are not to tamper with other lockers ***nor give their combinations to another student(s).***

P. E. Lockers: Lockers are provided for Platteview Central student use during P.E. classes and athletic practices/games. Lockers come with built in combinations. It is expected that you lock up valuables at all times.

Any missing property should immediately be reported to the P.E. teacher or coach. After reporting the missing property to the P.E. teacher or coach, contact the school office manager and fill out a theft report when appropriate. Timeliness in this process is very important!

School Dances

Dances may be held periodically throughout the school year. If dances are held, the dances are open to students in grades 7 and 8 only and anyone attending must be a student of Platteview Central. NO EXCEPTIONS WILL BE MADE.....this includes friends, relatives, and former students. The following are guidelines for school dances:

- 1) All regular school rules are in effect before, during, and after school dances. Students not following rules or displaying inappropriate behavior will be asked to leave the dance and parents will be called to come pick up the student.
- 2) All students are to enter the dance through the designated door. Students will not be allowed to leave the dance once being admitted unless a parent is picking them up early.
- 3) Students who are under the influence of drugs or alcohol will be referred to the police, parents will be called, and school disciplinary procedures will follow.

School Closings

Any time school may be closed due to inclement weather, please listen to local television stations and check the district website. You will also receive district communication via email and/or text messaging. PLEASE DO NOT CALL THE SCHOOL FOR INFORMATION ON SCHOOL CLOSINGS. If school is open during inclement weather, parents may decide whether or not their children should attend school. We will work with you on an excused absence.

Remote Learning

Students may be expected to participate in Remote Learning from home through eLearning or other schoolwork as communicated by the Platteview Central principal.

Title IX

The school district prohibits sex discrimination in any education program or activity that it operates and individuals may report concerns or questions to the Title IX Coordinator. The school district's Title IX policy, notice, and other information may be accessed at the following link: <https://www.springfieldplatteview.org/Title-IX-Information>

Breakfast Served: <ul style="list-style-type: none">● Monday 8:45-9:05● Tuesday-Friday 7:45-8:05

There is no supervision for students before 7:45 a.m. as teachers are preparing for the school day. We encourage students to arrive no earlier than 8:00 a.m. unless the student is eating breakfast. Students should enter the building through the front door. Thank you for your cooperation on this arrival time.

Arrival and Dismissal Safety Practices

To provide safety for the pedestrian and the driver, your cooperation in helping your child observe the following rules will be appreciated:

1. Parents are encouraged to plan with their children the shortest and safest route to/from school.
2. Students should cross streets using the designated crosswalks where safety patrol is present.
3. Parents should instruct their children to cross at corners or areas where school crossing signs are posted and should assist students in understanding safety procedures.
4. For the safety of all and to model proper crossing for students, all adults and students need to follow the guidance and directions of the safety patrol on duty. Including only crossing at designated patrolled crosswalks.
5. If students are transported by motor vehicle to school, please follow the procedure outlined below:
 - a. Instruct your child to enter and leave your vehicle from the curbside. Never enter or leave on the street side of a vehicle. A serious accident could result from a child darting across the street or coming out between two parked cars.
 - b. If you choose to meet your child along streets not adjacent to the school, instruct your child to use proper crosswalks or to cross at the proper intersection.
 - c. Please do not drop off students in any of our parking areas/lots.

Attendance

It is our goal to have every student in school as many school days as possible and to work with parents and guardians to help students understand the importance of being in school. Students may be excused for illness, or if parents request, the student may miss school for a family emergency or special family need. We encourage students who are not feeling well or are running a fever to stay home and get healthy.

Parents and guardians are asked to call the school office by 9:00 a.m. if a student will be absent. Please include the reason so that we can properly document the absences. As a building, we keep track of the illnesses that are affecting our students, so we are better able to respond to students' needs. Students may also be excused from school to participate in a school-approved activity. Unless the school is notified, a call will be made to the student's home or parents' place of work to verify the absence.

Required Attendance

- Every person residing in the school district who has legal or actual charge or control of any child who is of mandatory attendance age shall cause that child to attend a public or private school regularly unless the child has graduated from high school or has been allowed to disenroll pursuant to district policy.

Expectations for Regular Attendance:

- Students are expected to attend every class, every day.
- The only "excused" absences shall be:
 - a.) absences when a licensed health care provider has confirmed in writing that, in his/her professional medical opinion and within his/her scope of practice, the student or a child whom the student is parenting is so physically or mentally ill that attendance of the student is impracticable or impossible;
 - b.) absences when the Nebraska State Patrol confirms in writing that weather conditions have made the roads impassable so that the student's attendance impracticable or impossible;
 - c.) student attendance at a school-sponsored activity;
 - d.) student has been suspended or expelled from school by the school district; and
 - e.) absences required by law enforcement, child protective services or a court of competent jurisdiction, confirmed in writing to the school district.
- All other absences, including absences for minor physical or mental illnesses, family events, routine medical appointments are simply "absences."

School Attendance on Days of Scheduled Activities

Students who are unexcused or sent home from school due to illness will not be permitted to practice or participate in an extracurricular contest, practice or performance unless the student has the building principal's prior permission to participate despite the absence.

Tardies

Students not in class on time will be counted as tardy. Many times parents do not know that their child has been tardy to school, parents will be provided official notice after 4 tardies. If deemed necessary, a conference may be requested. We hope that by keeping you informed, we can work together to help your child get to school on time.

Make-up Work

We appreciate parents'/guardians' conscientious regard for picking up homework for their child.

- If your child will be absent only one day, work may be made up or taken home upon return to school.
- If your child will be absent for an extended period of time, please contact the classroom teacher to plan for the completion of work. Students receive a minimum of two days for each day missed to complete make-up work.

Please call the school or email the child's classroom teacher in the morning to request homework to be picked up after school or sent home with a sibling.

Band

Students may participate in the elementary band and begin taking band lessons in 6th grade. Instruments will be provided by students or the school as provided by school policy. Fees may be charged as allowed or provided in the Public Elementary and Secondary Student Fee Authorization Act and the school's student fee policy or other applicable policy.

Before and After-School Care

Springfield Platteview Educational Foundation is proud to offer a before and after school program for K-6 students at Springfield Elementary School. Westmont Elementary students will be provided transportation to Westmont Elementary School in the mornings and to Springfield Elementary after school each day. If you are interested in the program and have additional questions, please contact the Kids Care Program Director at kidscare@spscne.org or (402) 657-8125.

Birthday Treats/Prizes/Invitations

Bringing birthday treats or prizes is optional for parents/students. We request that any foods offered on the school campus meet or exceed the USDA Smart Snacks in school nutrition standards. This includes school lunches and treats brought in or sent to school by parents or guardians. All treats and prizes must be approved by the classroom teacher or building administration in advance. We are asking parents to choose snacks that meet the USDA Smart Snacks in school nutrition standards. The District will provide or make available to parents a [list of foods and beverages that meet Smart Snacks](#) nutrition standards and provide a [list of alternative ways to celebrate children](#) to be used as guidelines and resources when deciding how to celebrate your child's birthday.

The most convenient birthday treats are healthy, easy to hand out, do not require refrigeration, and are easy to clean up. If you choose to provide a treat, please provide the teacher with any serving items necessary to distribute the treats such as spatulas, eating utensils, plates, bowls, napkins, etc.

If you are having a birthday party for your child, please mail or email the invitations or phone parents, unless you are inviting the whole class (all the boys or all the girls is also acceptable). Sending invites to only select students is not acceptable. This is intended to help avoid hurt feelings on the part of anyone in the class who may not be invited to the party. It also keeps distractions from learning to a minimum. Invitations are not the responsibility of the school or school staff. School staff will not be responsible for the delivery of invitations in any form (hard copy, digital, or electronic).

Bus Regulations

Riding school vehicles is a privilege, not a right. The bus drivers have the same authority as teachers while transporting students. Students must comply with the following rules and all school conduct rules and directives while riding in school vehicles.

Requests to be dropped off at a point **not** on the regular route will not be accommodated unless extenuating circumstances arise and the request is approved by the transportation director or administration.

Students who are not regular route riders may not ride the bus home with a friend. In addition, students must also comply with the student code of conduct while riding in school vehicles. If misconduct is recurring, the student will not be allowed to ride the bus.

Rules of Conduct on School Vehicles:

- 1) Students must obey the driver promptly.
- 2) Students must wait in a safe place for the bus to arrive, clear of traffic and away from where the vehicle stops.
- 3) Students are prohibited from fighting, engaging in bullying, harassment, or horseplay.
- 4) Students must enter the bus without crowding or disturbing others and go directly to their assigned seats.
- 5) Students must remain seated and keep aisles and exits clear while the vehicle is moving.
- 6) Students are prohibited from throwing or passing objects on, from, or into vehicles.
- 7) Students may not use profane language, obscene gestures, tobacco, alcohol, drugs, or any other controlled substance on the vehicles.
- 8) Students may not carry weapons, look-a-like weapons, hazardous materials, nuisance items, or animals onto the vehicle.
- 9) Students may carry on conversations in ordinary tones, but may not be loud or boisterous and should avoid talking to the driver while the vehicle is in motion. Students must be absolutely quiet when the vehicle approaches a railroad crossing and any time the driver calls for quiet.
- 10) Students may not open windows without permission from the driver. Students may not dangle any item (e.g. legs, arms, backpacks) out of the windows.
- 11) Student must secure any item or items that could break or produce injury if tossed about the inside of the vehicle if the vehicle were involved in an accident
- 12) Students must respect the rights and safety of others at all times.
- 13) Students must help keep the vehicle clean, sanitary, and orderly. Students must remove all personal items and trash upon exiting.
- 14) Students may not leave or board the vehicle at locations other than the assigned stops at home or school unless approved prior to departure by the superintendent or designee.
- 15) Video cameras are on each bus to monitor student behavior.

Transportation Consequences

Drivers must promptly report all student misconduct to the administration. These reports may be oral or written. Students who violate the Rules for Conduct will be referred to their building principal for discipline. Disciplinary consequences may include a note home to parents, suspension of bus riding privileges, exclusion from extracurricular activities, in-school suspension, short term or long term suspension from school, and/or expulsion.

These consequences are not progressive, and school officials have discretion to impose any listed punishment they deem appropriate, in accordance with state and federal law and board policy.

Records

Records of vehicle misconduct will be forwarded to the appropriate building principal and will be maintained in the same manner as other student discipline records. Reports of serious misconduct may be forwarded to law enforcement.

Transportation to Activities

The school district provides transportation of students who are participating in school-sponsored events and they must ride to those events in a school vehicle. Students who wish to take private transportation home from a school event must submit a release form to the sponsor that has been signed by that student's parent.

Transportation to School

Students utilizing district transportation will arrive at school in time to access breakfast services. Parents/guardians should notify the bus driver when a student will not be riding. To ensure routes remain on schedule, bus drivers will wait only a short period of time at each stop before continuing their route.

Requests for transportation services, including updates to existing transportation arrangements, are completed through the Returning Student Verification process each school year.

Candy, Gum, Soda Pop, Energy and Sports Drinks

Students may not bring candy, gum, soda pop, energy and sports drinks to school unless they have prior permission from their classroom teacher or the administration.

Controlled Access Entry

All visitors will have to be buzzed in during school hours. Building doors will be locked at the start time of each of the school days. To enter any of the buildings, visitors will have to identify themselves to office staff or other designated staff members who will have to grant them access. Once inside, all visitors must adhere to the following procedure: Upon entering the building or school grounds, all parents and visitors are required to sign in at the office and wear a visitor badge for the duration of their visit. Visitors are asked to check out at the conclusion of their visit.

Dens

We believe building strong relationships with students is vital to their success. One of the ways we do this is by having one or two staff members build strong relationships with students over the course of the seven years they could attend Westmont Elementary in Dens. The students have these people consistent in their lives throughout the entire time they attend here and if they have any problems they know they can go to their Den leader for help. Our Dens are held one day per month for 30 minutes. Students get a Den shirt and come together to learn social skills, practice good character traits and conduct team building activities.

Dismissal and Pick Up of Students

Classes are in session from the ringing of the tardy bell until the teacher dismisses the class. The bell at the end of the day is not a dismissal bell, and students may not leave their classrooms until they have been excused by their classroom teacher.

Students should go directly home or to a school-sanctioned activity after dismissal. It is important that all adults serve as good role models for safety. Please utilize the marked crosswalk and safety patrol personnel while crossing streets and driveways. Students should not play on school grounds after school unless supervised by a parent. Please talk with your child(ren) about their dismissal plans prior to leaving for school. Parents should call the office before 2:00 p.m. if there is a change in pick up routine for the child. The office will notify the student's teacher. Students who are not picked up 10 minutes after dismissal should go to the office to call parents and/or wait for parents. If parents cannot be reached, emergency contacts or other adults authorized to pick up will be called to come to pick up the student. If picking up your student(s) late becomes a pattern, a meeting with the building administration may be called in order to develop a plan. Action steps could include sending the student to the afterschool program (drop-in fees would be the responsibility of parents), and developing an alternative dismissal plan.

- Parents have a few options for pick up and drop off. Parents can use the car lane in the front loop, park in one of the designated parking spots in the front loop, or pick a designated location on Richland Drive where students can walk out to their car. If you choose to use the loop and your child is not outside at the time you pass through, a second trip through the drive may be necessary to keep the traffic flowing. When you see your student, please pull your car as far forward in the loop as you can get and over to the side. Please have them enter/exit your car on the curbside of the car for their safety.
- We respectfully ask you not to park your car in the loop at any time. If you need to leave your car, please park in the designated spots or on Richland Drive.

- Kindergarten and first grade students will be walked out of the building by staff for pick-up. Each parent is asked to complete a form indicating the child's after-school plan. Parents should keep the teachers informed of this plan or any deviation in routine.

Lost and Found

To help prevent lost articles, put your child's name on his/her belongings. If an article belonging to your child is missing, he/she should look in the lost and found area/box. All lost and found articles are to be taken to the lost and found area/box. Students may claim lost articles there. Unclaimed articles will be donated to a local charity or otherwise disposed of at the conclusion of each semester. **Students are asked not to bring expensive or fragile possessions to school.** It is important for the school and home to stress to our children the importance of being responsible with one's personal belongings. Please know that the school cannot be responsible for lost, stolen, or broken personal items.

Cafeteria & Meal Procedures

All foods offered on the school campus should meet or exceed the USDA Smart Snacks in School nutrition standards. This includes school lunches, treats brought in by parents or celebrations. Please refer to the guidelines as you plan to join your student for lunch at school.

Students may choose to eat a hot lunch at school or bring a cold lunch.

1. If a child wants a hot lunch they may:
 - a. bring cash or check (\$3.75 per meal).
 - b. purchase an extra milk (\$.75).
2. Parents may apply for free or reduced-cost lunch for their child. [Free or Reduced Lunch Applications](http://springfieldplatteview.org) are available online at springfieldplatteview.org. Please complete a new application available at the beginning of each year. Paper applications are available for families to complete or pick up at the district office or at Westmont/Springfield Elementary Office. (Eligibility for the free/reduced lunch program is determined by federal guidelines.)
3. Parents may attend the lunch with their child at any time, and are encouraged to let the office know by 9:30 a.m. if purchasing a hot lunch. Adult lunches cost \$5.15/meal and adult breakfasts cost \$3.15/meal.

If you are planning to join us for lunch you are welcome to order lunch through the cafeteria or bring your own meal. When bringing your own lunch or bringing lunch for your child we are asking you to bring healthy items that meet the federal guidelines for healthy snacks or meals. You may be asked to dine in a separate location due to available space in the cafeteria. Please call the office prior to arriving at school so we can ensure there is space reserved for you during the lunch period. **Due to health concerns and diet restrictions you are only allowed to bring in food for your child. Please do not bring food in for other students or to share.** It is important that any food brought into school meets health standards and is encouraging students to make healthy choices. If you choose to bring your lunch, we would ask you to bring your lunch in an unmarked container/bag so as not to advertise or promote an outside company. This request is due to Federal Lunch Program Guidelines. Those guidelines prohibit the advertising or encouragement of competition for the federally subsidized lunch program. Thank you for understanding. We look forward to you joining us for lunch.

Cafeteria Expectations:

- All food must be consumed in the areas designated by the school.

- After students have eaten, they must return trays to the kitchen. All straws, papers, milk cartons should be deposited in the trash cans. All leftover food should be scraped off the tray into the garbage cans provided. Forks and spoons should be placed in the pan with water, not thrown away.
- Students are to use proper manners, including eating quietly.
- Students may not throw food or other items.
- Second servings may be available to those who have made an effort to clean their trays and have requisite funds as required by board policy.
- Students should remain at their tables until they are dismissed.
- Students must treat lunch personnel with respect.
- Students who violate the above rules will be subject to disciplinary action.
- Students should only eat the food they have purchased or that they have brought for lunch. Food should not be shared or taken from someone else.

School Breakfast Program

Westmont and Springfield Elementary Schools offer an optional before-school breakfast program. Breakfast is served at 7:45 a.m. each morning. The cost of breakfast is \$2.35/meal. Children of families whose income falls within federal guidelines may eat breakfast at a reduced cost or free.

Media Center

Students must check out material from the staff on duty. Each borrower is responsible for all books checked out in his/her name. If a book is lost and not found, the student must pay for it or replace it. Students must also pay for any damage they cause to library books.

Pets at School

Pets are an important part of many students' lives and can provide many good learning experiences. The school administration must approve a visit by a pet in advance. Pets should be brought for a school visit by a parent or guardian and in suitable carriers. The administration will ask for verification that the pet is up to date on vaccinations. (See Allergies)

Physical Education

The school district requires students to receive physical education to assist them in developing gross and fine motor skills. Students are not required to wear P.E. uniforms, but are encouraged to wear tennis shoes for P.E. Students are not allowed to wear anything that may cause injury to themselves or to their classmates. A written note from the child's physician should be provided in order to excuse a child from participating in physical education classes.

Pictures

The school district arranges for a photographer to be present at school in the fall to take class pictures. School pictures will be taken on September 9, 2026 and retakes will be on October 21, 2026. Parents who want pictures of their students or of their student's class composite may purchase them directly from the photographer.

Student Appearance

It is everyone's responsibility to promote a school atmosphere in which all SPCS students make the most of their learning opportunities. Students are asked to dress comfortably and appropriately for the weather and are reminded that items that disrupt the learning environment, including inappropriate clothing, will not be permitted. If a student's dress results in a disruption

to the educational process, parents will be notified and a change of clothing required or a disruptive item removed.

Students are expected to dress in a way that is appropriate for a school setting. Students should not dress in a manner that is:

- dangerous to the student’s health and safety or to the health and safety of others.
- distracting or indecent to the extent that it interferes with the learning and teaching process.

The following are examples of attire that are not considered appropriate. Such list is not exclusive, and other forms of attire deemed inappropriate by the administration may be deemed inappropriate for the school setting:

- Clothing or jewelry that could be used as a weapon (chains, spiked apparel) or would encourage “horse-play,” or that exhibits beer, alcohol, tobacco, illegal drugs, obscene or lewd words or images that carry double meanings.
- Headwear including hats, caps, bandanas, hoods, and scarves (except during designated times or for religious reasons).
- Clothing that shows an inappropriate amount of bare skin or underwear (no “sagging” pants).
- Students may color their hair or wear their hair however they choose. If their hair color or style becomes a distraction to the learning environment, they will be asked to change it.

Consideration will be made for students who wear special clothing as required by religious beliefs, disability, or to convey a particularized message protected by law. The final decision regarding attire and grooming will be made by the administration or Superintendent. In the event a student is uncertain as to whether a particular item or method of grooming is consistent with the school’s guidelines, the student should contact the administration for approval.

Textbook, Material, and Technology Fines/Fees

It is the responsibility of each student to give proper care to instructional equipment, materials, and supplies. Where carelessness leads to the destruction or loss of equipment or materials beyond normal use, the student and parent should make appropriate restitution.

As part of Springfield Platteview Community Schools’ 1:1 iPad Initiative, all students are issued an iPad and, upon approval, a MacBook for educational purposes. Families should purchase device insurance to help cover potential damage or loss. Students may use the device at home or keep it at school during the day. If a parent chooses not to allow their student to take the device home, it must be returned to the school’s media center at the end of each school day.

The current fee is \$20 annually per device, applicable for one academic school year. The fee should not exceed \$60 per family annually.

Claims	With Fee	Without Fee	Additional Fee	Replacement Cost
*Lost/Stolen iPad/Non-Repairable	\$300	\$350 (full replacement cost)	Sync Cable Only	\$15

Students who do not participate in the Device Usage Fee Program must leave devices at school each day and are responsible for the full cost of any repair or replacement due to loss, theft, or damage.

For complete program details, responsibilities, fees, and expectations, please review the full Device Usage Fee Program information at the link. [Link](#)

SAFETY

Springfield Platteview Elementary Expectations **• BE SAFE • BE RESPONSIBLE • BE RESPECTFUL • BE KIND**

Be Safe

Keep their bodies and objects to themselves. Always walk in the building.

Be Responsible

Follow the directions of all adults the first time. Take good care of all property. Listen actively and be ready to learn. Do your personal best.

Be Respectful

Use appropriate language and tone of voice. Treat everyone as you would like to be treated.
No bullying.

Be Kind

Help others, include others, work to cheer others up.

Students and staff are asked to follow this guideline: Treat everyone as you would like to be treated. We believe in holding children accountable for behavior by allowing consequences that teach children appropriate behavior. Teachers will establish classroom conduct rules that students must obey. Children are given opportunities to think about their behavior and make good decisions. We encourage students to manage their own behavior by not making problems for themselves or others. Good social skills are equally important for strong academic development. The following social skills are taught throughout the year in all classrooms. Parents are urged to practice these skills with their children at home as well.

- 1) How to greet someone.
- 2) How to follow instructions.
- 3) How to accept criticism.
- 4) How to accept no for an answer.
- 5) How to get the teacher's attention (asking permission).
- 6) How to make a request.
- 7) How to disagree appropriately.
- 8) How to give negative feedback.
- 9) How to resist peer pressure (or say no).
- 10) How to apologize.
- 11) How to engage in a conversation.
- 12) How to give a compliment.
- 13) How to accept a compliment.
- 14) How to volunteer.

Bicycles, Skateboards, Rollerblades, Scooters, Anything With Wheels

Parents should use their judgment concerning the capabilities of their children to handle a bicycle and the traffic in which the child will have to ride. Bikes, skateboards, rollerblades, and scooters must be walked on and off the school grounds on the sidewalks. Bicycle racks are provided for bikes to be parked during the school day. We recommend your child lock the bicycle while in the rack.

Rollerblades, scooters, skateboards, and shoes with wheels are not to be used on school grounds. If your child has any of these items, they must be taken off and carried once they arrive on school grounds. Storing these items during the school day is a concern. Students are

responsible for storing their own items within the personal space allotted in the classroom or locker area.

Bike racks are located at the front of the building near the flagpole.

Bullying

SPCS is proactive in educating all students with good social skills and behaviors is integrated throughout all curriculum; including, but not limited to counseling courses, all-school assemblies, and programming. Bullying is not acceptable and will be dealt with on a case-by-case basis under the prohibited student conduct and procedures outlined within the district handbook.

The Centers for Disease Control and Prevention defines bullying as “any unwanted aggressive behavior(s) by another youth or group of youths who are not siblings or current dating partners that involves an observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated.” Nebraska statute defines bullying as “an ongoing pattern of physical, verbal or electronic abuse.” The District’s administrators will consider these definitions when determining whether any specific situation constitutes bullying. Both of these definitions include both in-person and cyberbullying behaviors. Bullying can include: making threats, spreading rumors, attacking someone physically or verbally, unwanted attention, or excluding someone on purpose.

Cell Phones and Smart Watches (Students’)

We understand parents want their students to have cell devices for after-school communication. If you want your student to have a cellular device (phones, watches, rings, tablets, or any device that can send and receive messages or connect to the internet), it must be turned off during the school day. Students may not use cell phones or other electronic devices while at school, except as permitted by a supervising adult.

Students may use cell phones or other electronic devices on the school sidewalks and in the common areas of the school before and after school, so long as they do not create a distraction or a disruption. All devices need to be stored and out of sight from the late bell at 8:10 a.m. until the end of the day. Students may not use cell phones or other electronic devices while they are in locker rooms or restrooms. Each teacher will designate a safe place to store cellular devices within the classroom. Teachers will give students an opportunity to check their devices for messages from parents prior to being dismissed in order to confirm. Students are not to use their personal cellular devices throughout the day.

Students must comply with each teacher’s classroom expectations regarding cell phone use in class.

Students may not use cell phones or other electronic devices while riding in a school vehicle unless they have express permission to do so from the vehicle’s driver.

Students shall be personally and solely responsible for the security of their cell phones and other personal electronic devices. The district is not responsible for theft, loss or damage of any personal electronic communication devices or any calls made on a device/cell phone.

Any unauthorized or inappropriate use of a cellular or personal electronic communication device during the day will lead the teacher to confiscate and store the device in the office. On the first offense, the student will pick up the phone in the office after the bell rings with a warning. The second offense, the student will come to the office and call their parents (on the

school phone) to explain that the phone was taken away and why before the phone is returned to the student at the end of the day. The third offense, the device will be stored in the office until parents can come and pick up the student's device. Additional consequences may be put in place as needed. The school is not responsible for electronic devices brought from home.

Emergency Protocol

In the interest of creating the safest environment possible for all our students and staff, Springfield Platteview Public Schools has adopted a consistent district-wide vocabulary, protocol, and practice for defining our response to various school incidents. The ability to effectively respond to natural or manmade emergencies and disasters is an essential component of any emergency operations/response plan in our schools – and a critical ingredient in the safe school recipe is the uniform classroom response to an incident at school. Weather events, fires, accidents, intruders, and other threats to student safety are scenarios that are planned and trained for by students, teachers, staff, and administration.

SPCS has adopted a school district's safety program utilizing the Standard Response Protocol. There are four specific actions that can be performed during a critical incident or emergency:

- Hold (in your room or area)
- Secure (get inside, lock outside doors, secure the perimeter)
- Lockdown (locks, lights, out of sight)
- Evacuate (to the announced location)
- Shelter (using announced type and method)

Hold is followed by the Directive: **“In Your Room or Area”** and is the protocol used when hallways need to be kept clear of occupants.

Secure is followed by the Directive: **“Get Inside. Lock Outside Doors”** and is the protocol used to safeguard people within the building.

Lockdown is followed by **“Locks, Lights, Out of Sight”** and is the protocol used to secure individual rooms and keep occupants quiet and in place.

Evacuate and may be followed by a location, and is used to move people from one location to a different location in or out of the building.

Shelter State the **Hazard and Safety Strategy** for group and self protection.

Emergency Protocol Drills (Fire, Intruder, and Tornado)

All schools will hold routine safety drills throughout the year, so students know what to do in case of an emergency, fire, or tornado in order to be safe. The safety of students is a top priority. Classroom teachers will provide students with detailed instructions on all safety drills and protocols. All schools cooperate with the local authorities to make sure the most effective safety procedures are followed.

Field Trips

Classes occasionally take field trips off school property for educational enrichment. A student's parent, or "caregiver" as that term is defined in the Nebraska Strengthening Families Act, must authorize a student to participate in a field trip by signing a permission slip and providing it to the school before the field trip. These forms are filled out during enrollment and are kept on file for the entire school year. Students who have not completed classroom work on time may not be allowed to attend field trips. Students must comply with the student code of conduct, any applicable extracurricular conduct codes, and all directives by trip chaperones.

Field trips provide students with opportunities to learn about our community and more in-depth about an area of study. Some field trips may benefit from adult chaperone participation. The need for chaperones will be determined on an individual basis. Most often, chaperones will be asked to meet the students at the field trip location or to meet at school to follow the bus in their personal vehicle. School buses are primarily used to transport students on field trips. Students will ride to field trips with their classmates on school-sponsored transportation. If a parent wants to have their child ride home with them from a school-sponsored trip, they must fill out a release form. Teachers and sponsors will have the release forms with them. Parents will be notified before each field trip as to the destination, date, and time of the trip. At times chaperones will be required to attend a meeting prior to the field trip. Chaperones are required to follow the grouping expectations, and always be with another adult while chaperoning. Students and chaperones are expected to demonstrate appropriate conduct as a basis for participation on field trips.

Lockers and Other School Property

The school district owns and exercises exclusive control over student lockers, desks, computer equipment, and other such property. Students should not expect privacy regarding usage of or items placed in or on school property, because school property is subject to search at any time by school officials. Periodic, random searches of lockers, desks, computers, and other such property may be conducted at the discretion of the administration. The assignment of a locker is on a temporary basis and may be revoked at any time. School officials may inspect student lockers without any particularized suspicion or reasonable cause.

Personal Items

The school provides the necessary equipment for classroom and school day activities. Students should not bring items such as athletic equipment, electronic devices, toys, or other similar personal items to school unless they have the prior permission of their classroom teacher or a school administrator. The school is not responsible for damaged or lost personal items or equipment. If items of this nature do come to school, they may, upon the request of teachers or administrators, be stored in the office, or parents may be contacted to pick them up. SPCS does not provide insurance for personal items, nor is it responsible for lost or stolen items or money.

We discourage students from bringing electronic devices to school. If brought, it is the student's responsibility to secure and must be turned off during the school day.

Playground/Outside

When weather permits, every attempt will be made to use the playground for recess. If children are not well enough to play outside, they are usually not well enough to be in school. Unless a physician's excuse has been obtained, a note from a parent is required if a child is to remain indoors during recess. The note should state the reason for the request.

Students are encouraged to dress appropriately for the weather. During wet, snowy weather, students not adequately attired for the conditions (outdoor boots, snow pants, etc.) will be asked to remain on the hard-surfaced play area for recess. Students must be able to put on their snow gear independently.

We will be going outside for recess or lining up in the morning outside if the temperature (actual, feels like, and wind chill) is **above 10 degrees**.

- Precipitation may cause us to stay indoors even if the temperature is above 10 degrees.
- Boots, snow pants, and a pair of dry shoes to change into are required for any student wishing to leave the blacktop area when snow is present.
- When the temperature drops students may be asked to add an additional layer of clothing to what they are wearing while in the building. (Coats, hats, and gloves are the best attire to keep students' skin covered while playing outside.) When the temperature (actual, feels like, and wind chill) is below 35 degrees, students will need to add an extra layer (hoodie, coat, jacket, sweatpants). Ultimately, supervising staff will decide when coats are required for recess.

Recess serves two purposes - a brain break from learning and time to build good social skills. Students will be supervised at play and must stay in designated play areas away from the roads, parking lots or hidden areas on the playground (not behind the tree line or between the school and the storage shed, etc.)

Playground Expectations

The school's playgrounds, equipment, and surrounding areas are generally not supervised. Staff will supervise students when the students are using their areas as part of the school day or as part of a school activity. At all other times and in all other circumstances, the school district does not provide supervision of its playgrounds, equipment and surrounding areas.

Students must follow these rules to keep the playground safe when they are using the playground as part of the school day:

- Students must obey the playground supervisor at all times.
- Students may not enter the street/highway/parking lot to retrieve a ball unless given permission by the playground supervisor.
- Students must play away from the school windows.
- Any game that includes tackling, shoving, or rough physical contact is prohibited.
- Students may throw balls and other authorized play equipment. They may not throw rocks, gravel, snowballs, and clothing.
- Students must use the playground equipment properly and in a safe manner.
- Students may not leave the playground after they have arrived at school for the day.

Students who violate these rules will be disciplined with the loss of recess or other privileges, detention and/or other consequences.

Safety Patrol

Our safety patrol personnel and sixth graders help students cross the street safely at two locations as they walk to and from school. Safety patrol staff and students are on duty starting at 8:00-8:10 a.m. in the morning and from 3:05-3:15 p.m. in the afternoon. There are two spots where we cross students. The first one is on Glenn Street just west of the exit to our front drop off loop and the second crossing is on Richland Drive just north of the entrance to the staff parking lot. All walking students are required to use one of these two locations unless a parent or guardian is present and walking their student to school.

Weapons or Perceived Weapons

Knives or any other item that might be considered a weapon (including toys that resemble a weapon) are strictly prohibited and should NEVER be brought to school.

According to state law, school personnel have the right at any time to search desks, school space assigned to students, or other school property such as computers or iPads. Students' personal belongings can be searched if there is reasonable suspicion of evidence of a rule or criminal violation.

SUPPORT SERVICES

Allergies

Due to the increasing number of students with allergies to certain foods, animals, or other materials, parents must get approval from the classroom teacher or building administration prior to bringing in any snack, treats, or pets into the building. The administration has the authority to restrict any foods, pets, or items allowed into the building if they believe the risk to other students warrants such restrictions.

If your child has an allergy or health concern, please set up an appointment to meet with our school district nurse and turn in the appropriate paperwork. The safety and health of our students is our utmost concern. Having their action plans on file helps us care for their individual needs.

Counseling Services

SPCS is proud to be able to offer elementary counseling services. Our counselor provides classroom lessons to help students see the many ways social skills can be used to communicate more effectively. The school counselor is also available for private counseling for any student needing his/her assistance. Parents/guardians are welcome to call the counselor directly to answer any questions you might have in this area of development.

Health, Accidents, Illnesses, and Medications

The health of all students is one of our primary concerns. We encourage children to be in regular attendance at school. However, if a child has signs of illness or fever over 100 degrees within the last 24 hours, he/she should stay home. Parents are required to contact the school office by 9:00 a.m. to report the child's illness or absence. All children are expected to participate in recess and outdoor activities unless they have a signed excuse from a medical professional or it is part of an individual health plan.

Since accidents can occur even though reasonable precautions are taken, we require an immediate and complete report of injury. If a child is injured or becomes ill while at school, the school will make every effort to notify the parent or person to be contacted in case of an emergency. No child will be sent home unless contact is made with the parent or guardian. In the case of an accident or illness of a serious nature, a rescue unit will be called immediately.

The school district provides a school nurse who has various hours in each of the schools. This person is, however, on-call to any building at any time during school hours.

Medications

Whenever possible, parents should arrange medication schedules to eliminate the need for giving medication during school hours. When it is necessary for school personnel to administer medication to students, the school district will comply with the Nebraska Medication Aide Act, the requirements of Title 92, Nebraska Administrative Code, Chapter 59, (promulgated by the Nebraska Department of Education and entitled Methods of Competency Assessment of School Staff Who Administer Medication), and all state and federal regulations. Parents and guardians who wish to have their child receive medication from school personnel must comply with the following procedures:

Prescription Medication

(1) Parents/guardians must provide a physician's written authorization for the administration of the medication. (2) Parents/guardians must provide their own written permission for the administration of the medication. (3) The medication must be brought to school in the

prescription container and must be properly labeled with the student's name, the physician's name, and directions for administering the medication.

Non-prescription Medication

(1) Parents/guardians must provide written permission for the administration of the medication. (2) The medication must be brought to the school in the manufacturer's container. (3) The container must be labeled with the child's name and with directions for provision or administration of the medication.

The district reserves the right to review and decline requests to administer or provide medications that are not consistent with standard pharmacological references, are prescribed in doses that exceed those recommended in standard pharmacological references, or that could be taken in a manner that would eliminate the need for giving them during school hours. The district may request parental authorization to consult with the student's physician regarding any medication prescribed by such physician.

Health Screenings

During the first quarter of each school year, health screenings will be conducted as per the Department of Health and Human Services minimum requirements per grade. The screening may consist of all or some of the following: hearing, vision, dental, height, and weight. Parents/Guardians shall be notified in writing of any concerns and encouraged to seek a professional evaluation. If a Parent/Guardian wishes to refuse school health screening, they must submit a written statement(s) from a qualified examiner annually that the child has received the minimum required screenings within the previous six months and there are no concerns, or the child will be screened at school.

For additional information, please, see the district website at <https://www.springfieldplatteview.org/Health-Services>.

HOME/SCHOOL COMMUNICATION

Change of Address, Phone Numbers, Work, etc.

Parents are requested to notify the school office staff whenever there is an address, a home telephone or a work telephone number change. Also, please report any changes in emergency numbers. This information is vital for the safety and well-being of your child if an emergency occurs. It is imperative that the school be able to contact you in case of emergency or illness. Parents are now able and encouraged to update this information online throughout the year on Parent Web. The Parent Web link is found on our district website www.springfieldplatteview.org. In order to receive emergency information or important notices from the district please opt into receiving communication through [School Messenger](#)

Communicating Student Progress with Parents

Parents shall be kept informed of student progress, grades, and attendance through report cards, progress reports, and parent/teacher conferences. The school district will notify parents if their students are failing or close to failing. The school district will endeavor to notify parents of failing students prior to entry of the failing grade on the student's report card. Parents will also be notified of their student's possible failure to meet graduation requirements. Other pertinent information will be communicated to parents by mail or by personal contact. Official transcripts of student progress, grades, and attendance will be sent to other school systems upon the student's transfer when the district receives a written request signed by the student's parent or guardian or upon being notified that the student has enrolled in another school.

Report cards and progress reports will be sent home throughout the school year. Although teacher conferences with parents are scheduled twice a year, parents with questions about their child's academic progress should feel free to contact the teacher through email or by phone before or after the school day. In addition, you are also welcome to utilize school provided communication tools such as Schoology, SeeSaw, SPCSNE.org email, PowerSchool to ask questions or gain information about your student's progress. If you wish to meet with a staff member in person, please schedule those appointments in advance.

Grading

Springfield Platteview Community Schools believes grades should clearly communicate student learning and progress toward grade-level standards. Academic grades are intended to reflect what students know and can demonstrate independently.

Students in grades K–2 will receive standards-based report cards each quarter and semester. Students in grades 3–6 will receive progress reports at the end of the first and third quarters and semester report cards at the end of each semester. Grades for students in grades 3–6 will be available online throughout the school year through PowerSchool.

Teachers use both formative and summative assessments to monitor student learning. In grades 3–6, formative assessments will account for no more than 30 percent of the overall grade, and summative assessments will account for at least 70 percent of the overall grade.

Learning is a process. Teachers will provide reteaching, intervention, feedback, and reassessment opportunities to support student growth and mastery of grade-level standards.

Citizenship, responsibility, collaboration, and work habits are important skills that support student success and may be communicated separately from academic grades through citizenship or social skills indicators.

For additional information regarding grading practices, reassessment opportunities, late work, and grading expectations, please refer to the Springfield Platteview Community Schools District Student Handbook.

Homework

Homework refers to the tasks that a student is given to do on his/her own time after school hours. A student should experience a regularly scheduled time at home, free of distractions or interruptions, where he/she can develop self-discipline and individual responsibility for learning. The type of home study assigned will be appropriate for the developmental and instructional level of the student. When students are not assigned specific homework practice, it would be beneficial for them to read a book, practice spelling words or math facts, or write a story.

Students who struggle to complete assignments or who must spend an inordinate amount of time completing an assignment should seek the help and advice of their teachers..

At the beginning of the year, classroom teachers will send home “homework expectations” appropriate to the age of the students. Students who do not meet homework expectations, may be required to make up missing or unfinished assignments before school, after school, or another determined time with the teacher. Parents will be notified prior to serving this time in order to make arrangements (childcare, transportation, etc.)

Parent Concern Procedure

If parents have a concern regarding a situation in their child’s school, as outlined by the Board of Education policy, they should first contact the student’s teacher to discuss the problem and possible solutions. Teachers are available for telephone calls between 7:45 a.m. - 8:00 a.m. and 3:15 p.m. - 3:25 p.m. for teachers at Westmont Elementary. If the matter cannot be resolved, the parent should then request a conference with the building administration. If the parent still believes their concern has not received favorable consideration, they may appeal to the Superintendent of Schools and Board of Education.

Parent/Teacher Conferences

Parent/teacher conferences are held twice a year, once during the first semester and once during the second semester. Conferences are opportunities for parents and teachers to discuss progress, strengths, and areas for improvement in each child. Please note that we will only be able to provide one conference time per child. A non-custodial parent who wishes to attend conferences regarding his or her child will be provided information about conference times so both parents may attend a single conference. The district is not required to schedule separate conferences if both parents have been previously informed of scheduled conference times. Having both parents or guardians present at the same conference ensures that each parent hears the same information at the same time. Parents are encouraged at any time to contact their child’s teacher(s) in the event of questions or concerns about their child’s progress. Parent teacher conferences will be held on October 14th and 15th and February 10th and 11th from 2.-7 p.m. each night. Both elementary buildings use an online parent teacher conference sign-up tool called PTC Fast. You will receive an email a few weeks prior to each conference with links for signing up for times for conferences. Please look for those emails and be sure to sign up for times that are convenient for you.

Parent-Teacher Organizations

The Parent/Teacher Organization (PTO) is organized to foster a better understanding and cooperation between the home and school. Since its beginning, the PTO has been giving its support to our schools in many ways. Parents are urged to participate and support this excellent organization. Information concerning your school's PTO scheduled activities is published throughout the year within our school's newsletters.

School News

Announcements are published in the school Newsletter and Website. To access the website enter <http://www.springfieldplatteview.org> click on Schools and Westmont Elementary. The newsletters will be published throughout the year and will be available both online and sent through email. Another way that we will be sharing school updates and news will be through our schools' official X accounts and Meta Pages. The links to these accounts are on the websites. Please check your child's weekly Friday folder for news items.

Student Placement

All teachers work as a professional learning community at SPCS. As a team we collaborate about all students in their grade levels to discuss the best approaches to meet the needs of the students academically, behaviorally, socially, and emotionally. Many components are considered when developing a class list. The teachers at each grade level, specialists, and building administration begin building class lists for the next year using the following criteria:

- Academic Needs
- Learning Styles
- Classroom Dynamics (behavior, social, emotional, and personality considerations among students)

A great deal of thought and effort goes into making these class lists. Granting every request would undo the long process that has been carefully put together and jeopardize the integrity of that work. In addition, children need to work in and with a variety of circumstances now and in the future, both in terms of personnel and environment.

If you feel you have some circumstances that you feel you must address, please do the following:

- Make a formal request in writing to the building principal, addressing your child's learning style and the type, not the name, of the teacher that would benefit your child, prior to May 1st.
- If there has been a request made in a previous year that still applies, such as not placing your child with another particular student, please make sure we are aware of the necessary details again for placement.

The building administration has the final say when developing a class list. We appreciate your understanding of the process, and we look forward to another terrific school year.

Student Use of Telephone

Parents who need to contact or visit with their child during the school day will be asked to leave their messages with the secretaries. Families should make arrangements for after-school pick up prior to each day so as to eliminate the need to use the telephone after school. Permission for students' use of the phone will be determined by staff.

Visitors

Parents or legal guardians are encouraged to visit the school. All visits, including lunch, playground, and classroom visits, need to be arranged with and are at the discretion of the

administration. For the safety and security of students, staff and our guests, all visitors are required to check in at the main entrance and may be asked to provide identification. Office staff will issue a nametag to inform other building staff that permission has been given and that the visitor has checked in at the office.

- Children not enrolled at Westmont may visit the school during lunch period when accompanied by an adult.
- We know that children often have additional important people in their lives that may want to visit school. If someone besides a parent or legal guardian is planning to visit the school (grandparent, older sibling, adopted grandparent, etc.), parents or legal guardians must call prior to the guest arriving at school to give them permission for a visit and ensure that the visit can be accommodated. Please include the guest's name, the relationship, and the anticipated time frame. When they check-in at the office, they will be asked to provide identification.
- Visitors are encouraged to limit personal items brought into the building. Extra belongings can be hard to store or have with you.

When visiting the school, we hope you have a wonderful time interacting with your students, learning more about their school day, or helping them make memories. Some students are not allowed to be photographed. Please refrain from taking photos unless permission has been given by school personnel. When communicating with other people's children, interactions need to be positive. Any concerns need to be directed to school personnel. We want visits to be a positive experience for all.

Weather Emergencies

The decision to close schools or have a late start due to extreme weather is made as early as possible by the Superintendent of Schools. All weather-related announcements concerning the cancellation of school, late starts, early dismissals, as well as emergency closings are made on local television and radio stations. Notification will also be sent out to parents who are registered to receive [School Messenger Alerts](#). Every attempt will be made to avoid closing schools once classes are in session. Parents will be asked to complete an emergency plan for their child to follow if emergency closings during the school day should occur. The ultimate decision as to whether a child will attend school rests with the parents.

After three days of school cancellation for snow/severe weather or any other reason, students may be expected to participate in school remotely from home through eLearning or other schoolwork as communicated by the school's principal.

When a late start is called, the school will utilize the following schedule and buses will run accordingly if at all possible.

Weather or Emergency Late Start Schedule

Monday-Friday:

- 10:00 Students enter the building
- 10:10 Tardy bell rings
- 3:05 K-1st Grade dismisses
- 3:10 2nd-6th Grade dismisses

Breakfast Served:

- Monday-Friday 9:45-10:05

Supervision will be on duty at 9:45 when a late start is needed due to weather or emergency-related late starts. Families needing to drop off students prior to 9:45, please see Kids Care for drop-in options.

Springfield Platteview Community Schools
Mission Statement

The mission of Springfield Platteview Community Schools is to ensure that all students acquire the college and career ready skills and behaviors necessary for each student to succeed now and into his/her future.

Dear Students and Parents/Guardians:

On behalf of the faculty, administration, and board of education, we welcome you to another school year. We are looking forward to helping your children reach their learning potential and achieve their educational goals in the upcoming year.

Please read this Operations Guide carefully. Students and their parents are responsible for knowing the rules, regulations, and procedures covered in this document in addition to the district handbook. The Operations Guide is an extension of school policies and has the force and effect of board policy when approved by the Board of Education.

This Operations Guide contains information of value to every student and parent. It contains explanations of school regulations and procedures necessary for our school to run smoothly and efficiently. If you are ever in doubt about what is the right thing to do, ask a classroom teacher, contact the school office, or speak with me.

Sincerely,

Megan Hanson

There is no supervision for students before 7:45 a.m. as teachers are preparing for the school day. We encourage students to arrive **no earlier than 8:00 am** unless the student is eating breakfast. Students should enter the building through their designated door. Thank you for your cooperation on this arrival time.

Arrival and Dismissal Safety Practices

To provide safety for the pedestrian and the driver, your cooperation in helping your child observe the following rules will be appreciated:

1. Parents are encouraged to plan with their children the shortest and safest route to/from school.
2. Students should cross streets using the designated crosswalks where safety patrol is present.
3. Parents should instruct their children to cross at corners or areas where school crossing signs are posted and should assist students in understanding safety procedures.
4. For the safety of all and to model proper crossing for students, all adults and students need to follow the guidance and directions of the safety patrol on duty. Including only crossing at designated patrolled crosswalks.
5. If students are transported by motor vehicle to school, please follow the procedure outlined below:
 - a. Instruct your child to **enter and leave your vehicle from the curbside**. Never enter or leave on the street side of a vehicle. A serious accident could result from a child darting across the street or coming out between two parked cars.
 - b. If you choose to meet your child along streets not adjacent to the school, instruct your child to use proper crosswalks or to cross at the proper intersection.
 - c. Please do not drop off students in any of our parking areas/lots.

Arrival & Dismissal Procedures

Each grade level is assigned a specific entrance and exit door for the school day. Upon arrival, students should line up at their designated door until the 8:10 a.m. bell rings. Students eating breakfast may enter through Door A and go directly to the cafeteria. After breakfast, students should return outside through Door A and wait with their class at their assigned locations. At

dismissal, students must check out with the staff member assigned to their designated exit door before leaving school grounds.

Grade Level Door Assignments

Grade Level	Door	Grade Level	Door
Preschool	F	3rd Grade	B
Kindergarten	A	4th Grade	H
1st Grade	A	5th Grade	H
2nd Grade	A	6th Grade	B

Traffic Procedures

All traffic must enter the parking lot from the east entrance off North 10th Ave. Once vehicles enter the front loop, traffic becomes one-way with two lanes moving west. Students may be dropped off curbside in front of the school or at their assigned door. For safety, **students must exit vehicles on the curbside only** and should never exit between traffic lanes. When dropping off or picking up students, please pull forward as far as possible, even past the crosswalk if directed. If your child is not ready when you reach the front of the line, please continue through the loop and re-enter to help keep traffic moving.

Parking is not allowed in the pick-up or passing lanes. Families needing to park should continue through the loop and use the angled parking stalls in Visitor Parking. Cars should avoid the designated bus lane to allow buses to safely enter and exit. Students dropped off away from the building must use the sidewalk and cross with Safety Patrol or school staff. Please do not stop on Main Street to load or unload students.

iDismiss Pick-Up System

Our school utilizes an online dismissal system to help ensure a safe, organized, and efficient dismissal process for all students called iDismiss. Each family will be assigned an identification number. New families will receive this at Open House night. The number should be displayed in the front windshield or passenger-side window of the vehicle, or held by a parent/guardian waiting outside. When a student's number is displayed, a staff member will enter the number into the iDismiss system to notify the classroom that the student's ride has arrived. Students will then be dismissed to exit through their assigned door (see above) and must check out with dismissal staff before leaving campus. This process helps us safely document and track all students during dismissal.

Early Pick Up of Students

Please review dismissal plans with your child before they leave for school each day. If there is a change to your child's pick-up routine, please contact the school office before 2:00 p.m. so the office can notify the classroom teacher.

Dismissal and Pick Up of Students

Classes are in session from the ringing of the tardy bell until the teacher dismisses the class. The bell at the end of the day is not a dismissal bell, and students may not leave their classrooms until they have been excused by their classroom teacher.

Students should go directly home or to a school-sanctioned activity after dismissal. It is important that all adults serve as good role models for safety. Please utilize the marked crosswalk and safety patrol personnel while crossing streets and driveways. Students should not play on school grounds after school unless supervised by a parent. Please talk with your child(ren) about their dismissal plans prior to leaving for school. Parents should call the office before 2:00 p.m. if there is a change in pick up routine for the child. The office will notify the student's teacher. Students who are not picked up 10 minutes after dismissal should go to the office to call parents and/or wait for parents. If parents cannot be reached, emergency contacts or other adults authorized to pick up will be called to come to pick up the student. If picking up your student(s) late becomes a pattern, a meeting with the building administration may be called in order to develop a plan. Action steps could include sending the student to the afterschool program (drop-in fees would be the responsibility of parents), and developing an alternative dismissal plan.

Attendance

It is our goal to have every student in school for as many school days as possible and to work with parents and guardians to help students understand the importance of being in school. Students may be excused for illness, or if parents request, the student may miss school for a

family emergency or special family need. We encourage students who are not feeling well or are running a fever to stay home and get healthy.

Parents and guardians are asked to call the school office by 9:00 a.m. if a student will be absent. Please include the reason so that we can properly document the absences. As a building, we keep track of the illnesses that are affecting our students so we are better able to respond to students' needs. Students may also be excused from school to participate in a school-approved activity. Unless the school is notified, a call will be made to the student's home or parents' place of work to verify the absence.

Required Attendance

Every person residing in the school district who has legal or actual charge or control of any child who is of mandatory attendance age shall cause that child to attend a public or private school regularly unless the child has graduated from high school or has been allowed to disenroll pursuant to district policy.

Expectations for Regular Attendance

- Students are expected to attend every class, every day.
- The only "excused" absences shall be:
 - a.) absences when a licensed health care provider has confirmed in writing that, in his/her professional medical opinion and within his/her scope of practice, the student or a child whom the student is parenting is so physically or mentally ill that attendance of the student is impracticable or impossible;
 - b.) absences when the Nebraska State Patrol confirms in writing that weather conditions have made the roads impassable so that the student's attendance impracticable or impossible;
 - c.) student attendance at a school-sponsored activity;
 - d.) student has been suspended or expelled from school by the school district; and
 - e.) absences required by law enforcement, child protective services or a court of competent jurisdiction, confirmed in writing to the school district.
- All other absences, including absences for minor physical or mental illnesses, family events, routine medical appointments are simply "absences."

School Attendance on Days of Scheduled Activities

Students who are unexcused or sent home from school due to illness will not be permitted to practice or participate in an extracurricular contest, practice or performance unless the student has the building principal's prior permission to participate despite the absence.

Tardies

Students not in class on time will be counted as tardy. Many times parents do not know that their child has been tardy to school; parents will be provided official notice after 4 tardies. If deemed necessary, a conference may be requested. We hope that by keeping you informed, we can work together to help your child get to school on time.

Make-up Work

We appreciate parents'/guardians' conscientious regard for picking up homework for their child.

- If your child will be absent only one day, work may be made up or taken home upon return to school.

- If your child will be absent for an extended period of time, please contact the classroom teacher to plan for the completion of work. Students receive a minimum of two days for each day missed to complete make-up work.

Please call the school or email the child's classroom teacher in the morning to request homework to be picked up after school or sent home with a sibling.

Band

Students may participate in the elementary band and begin taking band lessons in 6th grade. Instruments will be provided by students or the school as provided by school policy. Fees may be charged as allowed or provided in the Public Elementary and Secondary Student Fee Authorization Act and the school's student fee policy or other applicable policy.

Before and After-School Care

Springfield Platteview Educational Foundation is proud to offer a before and after school program for K-6 students at Springfield Elementary School. Students from Westmont Elementary will be provided transportation to Springfield Elementary. If you are interested in the program and have additional questions, please contact the Kids Care program director at kidscare@spscne.org or 402-657-8125.

Birthday Treats/Prizes/Invitations

Bringing birthday treats or prizes is optional for parents/students. We request that any foods offered on the school campus meet or exceed the USDA Smart Snacks in School nutrition standards. This includes school lunches and treats brought in or sent to school by parents or guardians. All treats and prizes must be approved by the classroom teacher or building administration in advance. The District will provide or make available to parents a [list of foods and beverages that meet Smart Snacks](#) nutrition standards and provide a [list of alternative ways to celebrate children](#) to be used as guidelines and resources when deciding how to celebrate your child's birthday.

The most convenient birthday treats are healthy, easy to hand out, do not require refrigeration, and are easy to clean up. If you choose to provide a treat, please provide the teacher with any serving items necessary to distribute the treats such as spatulas, eating utensils, plates, bowls, napkins, etc.

If you are having a birthday party for your child, please mail or email the invitations or phone parents, unless you are inviting the whole class (all the boys or all the girls is also acceptable). Sending invites to only select students is not acceptable. This is intended to help avoid hurt feelings on the part of anyone in the class who may not be invited to the party. It also keeps distractions from learning to a minimum. Invitations are not the responsibility of the school or school staff. School staff will not be responsible for the delivery of invitations in any form (hard copy, digital, or electronic).

Bus Regulations

Riding school vehicles is a privilege, not a right. The bus drivers have the same authority as teachers while transporting students. Students must comply with the following rules and all school conduct rules and directives while riding in school vehicles.

Requests to be dropped off at a point, **not** on the regular route will not be accommodated unless extenuating circumstances arise and the request is approved by the transportation director or administration.

Students who are not regular route riders may not ride the bus home with a friend. In addition, students must also comply with the student code of conduct while riding in school vehicles. If misconduct is recurring, the student will not be allowed to ride the bus.

Rules of Conduct on School Vehicles:

- 1) Students must obey the driver promptly.
- 2) Students must wait in a safe place for the bus to arrive, clear of traffic and away from where the vehicle stops.
- 3) Students are prohibited from fighting, engaging in bullying, harassment, or horseplay.
- 4) Students must enter the bus without crowding or disturbing others and go directly to their assigned seats.
- 5) Students must remain seated and keep aisles and exits clear while the vehicle is moving.
- 6) Students are prohibited from throwing or passing objects on, from, or into vehicles.
- 7) Students may not use profane language, obscene gestures, tobacco, alcohol, drugs, or any other controlled substance on the vehicles.
- 8) Students may not carry weapons, look-a-like weapons, hazardous materials, nuisance items, or animals onto the vehicle.
- 9) Students may carry on conversations in ordinary tones, but may not be loud or boisterous and should avoid talking to the driver while the vehicle is in motion. Students must be absolutely quiet when the vehicle approaches a railroad crossing and any time the driver calls for quiet.
- 10) Students may not open windows without permission from the driver. Students may not dangle any item (e.g. legs, arms, backpacks) out of the windows.
- 11) Students must secure any item or items that could break or produce injury if tossed about the inside of the vehicle if the vehicle were involved in an accident
- 12) Students must respect the rights and safety of others at all times.
- 13) Students must help keep the vehicle clean, sanitary, and orderly. Students must remove all personal items and trash upon exiting.
- 14) Students may not leave or board the vehicle at locations other than the assigned stops at home or school unless approved prior to departure by the superintendent or designee.
- 15) Video cameras may be placed on buses, at random, to monitor student behavior on the bus.

Transportation Consequences

Drivers must promptly report all student misconduct to the administration. These reports may be oral or written. Students who violate the Rules for Conduct will

be referred to their building principal for discipline. Disciplinary consequences may include a note home to parents, suspension of bus riding privileges, exclusion from extracurricular activities, in-school suspension, short term or long term suspension from school, and/or expulsion.

These consequences are not progressive, and school officials have discretion to impose any listed punishment they deem appropriate, in accordance with state and federal law and board policy.

Records

Records of vehicle misconduct will be forwarded to the appropriate building principal and will be maintained in the same manner as other student discipline records. Reports of serious misconduct may be forwarded to law enforcement.

Transportation to Activities

The school district provides transportation of students who are participating in school-sponsored events and they must ride to those events in a school vehicle. Students who wish to take private transportation home from a school event must submit a release form to the sponsor that has been signed by that student's parent.

Transportation to School

Students utilizing district transportation will arrive at school in time to access breakfast services. Parents/guardians should notify the bus driver when a student will not be riding. To ensure routes remain on schedule, bus drivers will wait only a short period of time at each stop before continuing their route.

Requests for transportation services, including updates to existing transportation arrangements, are completed through the Returning Student Verification process each school year.

Candy, Gum, Soda Pop, Energy and Sports Drinks

Students may not bring candy, gum, soda pop, energy or sports drinks to school unless they have prior permission from their classroom teacher or the administration.

Controlled Access Entry

All visitors will have to be buzzed in during school hours. Building doors will be locked at the start time of each of the school days. To enter any of the buildings, visitors will have to identify themselves to office staff or other designated staff members who will have to grant them access. Once inside, all visitors must adhere to the following procedure: Upon entering the building or school grounds, all parents and visitors are required to sign in at the office and wear a visitor

badge for the duration of their visit. Visitors are asked to check out at the conclusion of their visit.

Cafeteria & Meal Procedures

All foods offered on the school campus should meet or exceed the USDA Smart Snacks in School nutrition standards. This includes school lunches, treats brought in by parents or celebrations. Please refer to the guidelines as you plan to join your student for lunch at school.

Students may choose to eat a hot lunch at school or bring a cold lunch.

1. If a child wants a hot lunch they may:
 - a. bring cash or check (\$3.75 per meal).
 - b. purchase an extra milk (\$.75).
2. Parents may apply for free or reduced-cost lunch for their child. [Free or Reduced Lunch Applications](http://springfieldplatteview.org) are available online at springfieldplatteview.org. Please complete a new application available at the beginning of each year. Paper applications are available for families to complete or pick up at the district office or at Westmont/Springfield Elementary Office. (Eligibility for the free/reduced lunch program is determined by federal guidelines.)
3. Parents may attend the lunch with their child at any time and are encouraged to let the office know by 9:30 a.m. if purchasing a hot lunch. Adult meals cost \$5.15.

If you are planning to join us for lunch you are welcome to order lunch through the cafeteria or bring your own meal. When bringing your own lunch or bringing lunch for your child we are asking you to bring healthy items that meet the federal guidelines for healthy snacks or meals. You may be asked to dine in a separate location due to available space in the cafeteria. Please call the office prior to arriving at school so we can ensure there is space reserved for you during the lunch period. **Due to health concerns and diet restrictions, you are only allowed to bring in food for your child. Please do not bring food in for other students or to share.** It is important that any food brought into school meets health standards and is encouraging students to make healthy choices. If you choose to bring your lunch, we would ask you to bring your lunch in an unmarked container/bag so as not to advertise or promote an outside company. This request is due to Federal Lunch Program Guidelines. Those guidelines prohibit the advertising or encouragement of competition for the federally subsidized lunch program. Thank you for understanding. We look forward to you joining us for lunch.

Cafeteria Expectations:

- All food must be consumed in the areas designated by the school.
- After students have eaten, they must return their trays to the kitchen. All straws, papers, and milk cartons should be deposited in the trash cans. All leftover food should be scraped off the tray into the garbage cans provided. Forks and spoons should be placed in the pan with water, not thrown away.
- Students are to use proper manners, including eating quietly.
- Students may not throw food or other items.
- Second servings may be available to those who have made an effort to clean their trays and have requisite funds as required by board policy.
- Students should remain at their tables until they are dismissed.
- Students must treat lunch personnel with respect.
- Students who violate the above rules will be subject to disciplinary action.
- Students who bring their lunch from home are not allowed to eat at the peanut-free table unless they are a student with a nut allergy.

School Breakfast Program

Springfield Elementary Schools offer an optional before-school breakfast program. Breakfast is served at 7:45 a.m. each morning. The cost of breakfast is \$2.35. Adult breakfast costs \$3.15 each. Children of families whose income falls within federal guidelines may eat breakfast at a reduced cost or for free.

Students wishing to eat breakfast will enter Door A and walk into the cafeteria. Students will go through the serving line and put in their numbers. Students need to sit on the designated breakfast tables on the east side of the cafeteria. Students in Kids Care and students eating breakfast each have designated spaces.

Houses

One of the goals at Springfield Elementary is to ensure every student feels safe, supported, and connected to caring adults within our school community. One way we foster these positive relationships is through our House System. Students are assigned to a House when they enroll at Springfield Elementary and remain in that House throughout their elementary years. Each September, students participate in a Sorting Ceremony and receive a House shirt to wear during House events and meetings.

Houses meet once a month to build relationships and develop important skills such as leadership, teamwork, conflict resolution, and community service. Through the House System, students form lasting connections with peers and staff while helping create a positive and inclusive school culture where everyone feels they belong.

Lost and Found

To help prevent lost items, please label your child's belongings with their name. If something is missing, students should check the Lost and Found area. All found items are placed there for students to claim. Unclaimed items will be donated to a local charity at the end of each semester.

Students are asked not to bring expensive or fragile items to school. Both home and school can help reinforce the importance of being responsible for personal belongings. Please note that the school is not responsible for lost, stolen, or broken personal items.

Media Center

Students must check out material from the staff on duty. Each borrower is responsible for all books checked out in his/her name. If a book is lost and not found, the student must pay for it or replace it. Students must also pay for any damage they cause to library books.

Pets at School

Pets are an important part of many students' lives and can provide many good learning experiences. The school administration must approve a visit by a pet in advance. Pets should be brought for a school visit by a parent or guardian and in suitable carriers. The administration will ask for verification that the pet is up to date on vaccinations. (See Allergies)

Physical Education

The school district requires students to receive physical education to assist them in developing gross and fine motor skills. Students are not required to wear P.E. uniforms but are encouraged

to wear tennis shoes for P.E. Shoes need to be closed toe with full, permanent backs. Students are not allowed to wear anything that may cause injury to themselves or to their classmates. A written note from the child's physician should be provided in order to excuse a child from participating in physical education classes.

Pictures

The school district arranges for a photographer to be present at school in the fall to take class pictures.

Picture Days for the 2026-2027 School Year:
September 2, 2026 with retakes on October 21, 2026.

Parents who want pictures of their students or of their student's class composite may purchase them directly from the photographer. All students will have their pictures taken for our yearbook and/or class composites, even if parents choose not to purchase additional pictures. Be looking for an email from Interstate Photography.

Student Appearance

It is everyone's responsibility to promote a school atmosphere in which all SPCS students make the most of their learning opportunities. Students are asked to dress comfortably and appropriately for the weather and are reminded that items that disrupt the learning environment, including inappropriate clothing, will not be permitted. If a student's dress results in a disruption to the educational process, parents will be notified, and a change of clothing required or a disruptive item removed.

Students are expected to dress in a way that is appropriate for a school setting. Students should not dress in a manner that is:

- dangerous to the student's health and safety or to the health and safety of others.
- distracting or indecent to the extent that it interferes with the learning and teaching process.

The following are examples of attire that are not considered appropriate. Such list is not exclusive, and other forms of attire deemed inappropriate by the administration may be deemed inappropriate for the school setting:

- Clothing or jewelry that could be used as a weapon (chains, spiked apparel) or would encourage "horse-play," or that exhibits beer, alcohol, tobacco, illegal drugs, obscene or lewd words or images that carry double meanings.
- Headwear, including hats, caps, bandanas, hoods, and scarves (except during designated times or for religious reasons).
- Clothing that shows an inappropriate amount of bare skin or underwear (no "sagging" pants).
- Students may color their hair or wear their hair however they choose. If their hair color or style becomes a distraction to the learning environment, they will be asked to change it.

Consideration will be made for students who wear special clothing as required by religious beliefs, disability, or to convey a particularized message protected by law. The final decision regarding attire and grooming will be made by the administration or Superintendent. In the event a student is uncertain as to whether a particular item or method of grooming is consistent with the school's guidelines, the student should contact the administration for approval.

Textbook, Material, and Technology Fines/Fees

It is the responsibility of each student to give proper care to instructional equipment, materials, and supplies. Where carelessness leads to the destruction or loss of equipment or materials beyond normal use, the student and parent should make appropriate restitution.

As part of Springfield Platteview Community Schools' 1:1 iPad Initiative, students are required to pay a technology usage fee to check out an iPad and/or MacBook (when approved) for individual use.

- The current fee is \$20 per device, per school year.
- A family maximum of \$60 per year applies, regardless of the number of students or devices.

If a parent chooses not to have their student participate in the take-home program, the student must return the device to the school's media center at the end of each school day.

The current fee is \$20 annually per device, applicable for one academic school year. The fee should not exceed \$60 per family annually.

Claims	With Fee	Without Fee	Additional Fee	Replacement Cost
*Lost/Stolen iPad/Non-Repairable	\$300	\$350 (full replacement cost)	Sync Cable Only	\$15

Students and families are responsible for the care of district-issued devices and accessories. Fees for loss, theft, damage, or misuse may be assessed at the district's discretion. Students with outstanding district fees will not be issued a device until balances are resolved.

Students who do not participate in the Device Usage Fee Program must leave devices at school each day and are responsible for the full cost of any repair or replacement due to loss, theft, or damage.

For complete program details, responsibilities, fees, and expectations, please review the full Device Usage Fee Program information at the link. [Link](#)

SAFETY

Springfield Elementary Expectations:

• BE SAFE • BE RESPONSIBLE • BE RESPECTFUL • BE KIND

At Springfield Elementary, we.....

Be Safe

Keep our bodies and objects to ourselves. Stay in our assigned area. Walk Quietly.

Be Responsible

Do our best. Learn from our mistakes. Ask for help. Take care of our personal items.

Be Respectful

Listen and follow directions the first time. Say “please”, “thank you”, and “excuse me”. Get adults’ attention appropriately. Respond appropriately.

Be Kind

Include others. Use kind words. Help whenever possible.

Students and staff are asked to follow this guideline: Treat everyone as you would like to be treated. We believe in holding children accountable for behavior by allowing consequences that teach children appropriate behavior. Teachers will establish classroom conduct rules that students must obey. Children are given opportunities to think about their behavior and make good decisions. We encourage students to manage their own behavior by not making problems for themselves or others. Good social skills are equally important for strong academic development. The following social skills are taught throughout the year in all classrooms. Parents are urged to practice these skills with their children at home as well.

- 1) How to greet someone.

Bicycles, Skateboards, Rollerblades, Scooters, Really Anything With Wheels

Parents should use their judgment concerning the capabilities of their children to handle a bicycle and the traffic in which the child will have to ride. Bikes, skateboards, rollerblades, and scooters must be walked on and off the school grounds on the sidewalks. Bicycle racks are provided for bikes to be parked during the school day. We recommend your child lock the bicycle while in the rack.

Rollerblades, scooters, skateboards, and shoes with wheels are not to be used on school grounds. If your child has any of these items, they must be taken off and carried once they arrive on school grounds. Storing these items during the school day is a concern. Students are

responsible for storing their own items within the personal space allotted in the classroom or locker area.

Bike Racks

Bikes and scooters need to be stored on the bike racks. There are two sets of bike racks; (1) located on the West end of the building by Door B. (2) located by the outdoor classroom on the southeast corner of the building.

Bullying

SPCS is proactive in educating all students with good social skills and behaviors through our counseling courses, all-school assemblies, and programming. Bullying is not acceptable and will be dealt with on a case-by-case basis under the prohibited student conduct and procedures outlined within the district handbook.

The Centers for Disease Control and Prevention defines bullying as “any unwanted aggressive behavior(s) by another youth or group of youths who are not siblings or current dating partners that involves an observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated.” Nebraska statute defines bullying as “an ongoing pattern of physical, verbal or electronic abuse.” The District’s administrators will consider these definitions when determining whether any specific situation constitutes bullying. Both of these definitions include both in-person and cyberbullying behaviors. Bullying can include: making threats, spreading rumors, attacking someone physically or verbally, unwanted attention, or excluding someone on purpose.

Cell Phones and Smart Watches (Students’)

We understand parents want their students to have cell devices for after-school communication. If you want your student to have a cellular device (phones, watches, rings, tablets, or any device that can send and receive messages or connect to the internet), it must be turned off during the school day. Students may not use cell phones or other electronic devices while at school, except as permitted by supervising adults.

Students may use cell phones or other electronic devices on the school sidewalks and in the common areas of the school before and after school, so long as they do not create a distraction or a disruption. All devices need to be stored and out of sight from the late bell (Springfield 8:20) until the end of the day. Students may not use cell phones or other electronic devices while they are in locker rooms or restrooms. Each teacher will designate a safe place to store cellular devices within the classroom. Teachers will give students an opportunity to check their devices for messages from parents prior to being dismissed in order to confirm. Students are not to use their personal cellular devices throughout the day.

- Students must comply with each teacher’s classroom expectations regarding cell phone use in class.
- Students may not use cell phones or other electronic devices while riding in a school vehicle unless they have express permission to do so from the vehicle’s driver.
- Students shall be personally and solely responsible for the security of their cell phones and other personal electronic devices. The district is not responsible for theft, loss or damage of any personal electronic communication devices or any calls made on a device/cell phone.

Any unauthorized or inappropriate use of a cellular or personal electronic communication device during the day will lead the teacher to confiscate and store the device in the office. On the first offense, the student will pick up the phone in the office after the bell rings with a warning. The second offense, the student will come to the office and call their parents (on the school phone) to explain that the phone was taken away and why before the phone is returned to the student at the end of the day. The third offense, the device will be stored in the office until parents can come and pick up the student's device. Additional consequences may be put in place as needed. The school is not responsible for electronic devices brought from home.

Emergency Protocol Drills (Fire, Intruder, and Tornado)

All schools will hold routine safety drills throughout the year, so students know what to do in case of an emergency, fire, or tornado in order to be safe. The safety of students is a top priority. Classroom teachers will provide students with detailed instructions on all safety drills and protocols. All schools cooperate with the local authorities to make sure the most effective safety procedures are followed.

Emergency Protocol

In the interest of creating the safest environment possible for all our students and staff, Springfield Platteview Public Schools has adopted a consistent district-wide vocabulary, protocol, and practice for defining our response to various school incidents. The ability to effectively respond to natural or manmade emergencies and disasters is an essential component of any emergency operations/response plan in our schools – and a critical ingredient in the safe school recipe is the uniform classroom response to an incident at school. Weather events, fires, accidents, intruders, and other threats to student safety are scenarios that are planned and trained for by students, teachers, staff, and administration.

SPCS has adopted a school district's safety program utilizing the Standard Response Protocol. There are four specific actions that can be performed during a critical incident or emergency:

- **Hold** (in your room or area)
- **Secure** (get inside, lock outside doors, secure the perimeter. no guest will be allowed to enter the building or take students from the building without authorities or administration give permission)
- **Lockdown** (locks, lights, out of sight, no guest will be allowed to enter the building or take students from the building without authorities or administration give permission)
- **Evacuate** (to the announced location, reunification protocol will be put into place)
- **Shelter** (using announced type and method)

Hold is followed by the Directive: **“In Your Room or Area”** and is the protocol used when hallways need to be kept clear of occupants.

Secure is followed by the Directive: **“Get Inside. Lock Outside Doors”** and is the protocol used to safeguard people within the building.

Lockdown is followed by **“Locks, Lights, Out of Sight”** and is the protocol used to secure individual rooms and keep occupants quiet and in place.

Evacuate and may be followed by a location, and is used to move people from one location to a different location in or out of the building.

Shelter State the **Hazard** and **Safety Strategy** for group and self protection.

Field Trips

Classes occasionally take field trips off school property for educational enrichment. A student's parent, or "caregiver" as that term is defined in the Nebraska Strengthening Families Act, must authorize a student to participate in a field trip by signing a permission slip and providing it to the school before the field trip. These forms are filled out during enrollment and are kept on file for the entire school year. Students who have not completed classroom work on time may not be allowed to attend field trips. Students must comply with the student code of conduct, any applicable extracurricular conduct codes, and all directives by trip chaperones.

Field trips provide students with opportunities to learn about our community and more in-depth about an area of study. Some field trips may benefit from adult chaperone participation. The need for chaperones will be determined on an individual basis. Most often, chaperones will be asked to meet the students at the field trip location or to meet at school to follow the bus in their personal vehicle. School buses are primarily used to transport students on field trips. Students will ride to field trips with their classmates on school-sponsored transportation. If a parent wants to have their child ride home with them from a school-sponsored trip, they must fill out a release form. Teachers and sponsors will have the release forms with them. Parents will be notified before each field trip as to the destination, date, and time of the trip. At times chaperones will be required to attend a meeting prior to the field trip. Chaperones are required to follow the grouping expectations, and always be with another adult while chaperoning. Students and chaperones are expected to demonstrate appropriate conduct as a basis for participation on field trips.

Lockers and Other School Property

The school district owns and exercises exclusive control over student lockers, desks, computer equipment, and other such property. Students should not expect privacy regarding usage of or items placed in or on school property, because school property is subject to search at any time by school officials. Periodic, random searches of lockers, desks, computers, and other such property may be conducted at the discretion of the administration. The assignment of a locker is on a temporary basis and may be revoked at any time. School officials may inspect student lockers without any particularized suspicion or reasonable cause.

Personal Items

The school provides the necessary equipment for classroom and school day activities. Students should not bring items such as athletic equipment, electronic devices, toys, or other similar personal items to school unless they have the prior permission of their classroom teacher or a school administrator. The school is not responsible for damaged or lost personal items or equipment. If items of this nature do come to school, they may, upon the request of teachers or administrators, be stored in the office, or parents may be contacted to pick them up. SPCS does not provide insurance for personal items, nor is it responsible for lost or stolen items or money.

We discourage students from bringing electronic devices to school. If brought, it is the student's responsibility to secure and must be turned off during the school day.

Playground/Outside

When weather permits, every attempt will be made to use the playground for recess. If children are not well enough to play outside, they are usually not well enough to be in school. Unless a physician's excuse has been obtained, a note from a parent is required if a child is to remain indoors during recess. The note should state the reason for the request.

Students are encouraged to dress appropriately for the weather. During wet, snowy weather, students not adequately attired for the conditions (outdoor boots, snow pants, etc.) will be asked to remain on the hard-surfaced play area for recess. Students must be able to put on their snow gear independently.

We will be going outside for recess or lining up in the morning outside if the temperature (actual, feels like, and wind chill) is **above 10 degrees**.

- Precipitation may cause us to stay indoors even if the temperature is above 10 degrees.
- Boots, snow pants, and a pair of dry shoes to change into are required for any student wishing to leave the blacktop area when snow is present.
- When the temperature drops students may be asked to add an additional layer of clothing to what they are wearing while in the building. (Coats, hats, and gloves are the best attire to keep students' skin covered while playing outside.) When the temperature (actual, feels like, and wind chill) is below 35 degrees, students will need to add an extra layer (hoodie, coat, jacket, sweatpants). Ultimately, supervising staff will decide when coats are required for recess.

Playground Expectations

The school's playgrounds, equipment, and surrounding areas are generally not supervised. Staff will supervise students when the students are using their areas as part of the school day or as part of a school activity. At all other times and in all other circumstances, the school district does not provide supervision of its playgrounds, equipment and surrounding areas.

Students must follow these rules to keep the playground safe when they are using the playground as part of the school day:

- Students must obey the playground supervisor at all times.
- Students may not enter the street/highway/parking lot to retrieve a ball unless given permission by the playground supervisor.
- Students must play away from the school windows.
- Any game that includes tackling, shoving, or rough physical contact is prohibited.
- Students may throw balls and other authorized play equipment. They may not throw rocks, gravel, snowballs, and clothing.
- Students must use the playground equipment properly and in a safe manner.
- Students may not leave the playground after they have arrived at school for the day.

Students who violate these rules will be disciplined with the loss of recess or other privileges, detention and/or other consequences.

Recess Boundaries/Procedures

Equipment such as balls, jump ropes, yard games, etc. are provided by the school. Students may utilize equipment that is in the red bin in the entry way at Door C. Students are expected to put the equipment back when they are finished playing or called in.

Students are to stay on the main playground. Playground boundaries: North is the trail sidewalk, East is Door D, West is the sidewalk outside of Door C (ballfield is the exception). Ballfield, stay inside the fence. If in doubt, ask the adults on duty.

Safety Patrol

Springfield Elementary is fortunate to have amazing students who help make our school community a safe and welcoming place. One way students give back is by participating in our Safety Patrol program.

Fifth and sixth grade students can volunteer and be trained to serve as Safety Patrol Team members. These students help younger students safely cross the street before and after school. Safety Patrol staff and students are on duty from 8:00–8:20 a.m. and 3:15–3:35 p.m. each day at our four designated crosswalk locations.

Safety Patrol Team members wear bright safety vests or ponchos and work hard to keep students safe. Families and visitors are encouraged to use the designated crossings and wait for the Safety Patrol Team member to be in position and signal before crossing the street.

Weapons or Perceived Weapons

Knives or any other item that might be considered a weapon (including toys that resemble a weapon) are strictly prohibited and should NEVER be brought to school.

According to state law, school personnel have the right at any time to search desks, school space assigned to students, or other school property such as computers or iPads. Students' personal belongings can be searched if there is reasonable suspicion of evidence of a rule or criminal violation.

SUPPORT SERVICES

Allergies

Due to the increasing number of students with allergies to certain foods, animals, or other materials, parents must get approval from the classroom teacher or building administration prior to bringing in any snack, treats, or pets into the building. The administration has the authority to restrict any foods, pets, or items allowed into the building if they believe the risk to other students warrants such restrictions.

If your child has an allergy or health concern, please set up an appointment to meet with our school district nurse and turn in the appropriate paperwork. The safety and health of our students is our utmost concern. Having their action plans on file helps us care for their individual needs.

Counseling Services

SPCS is proud to be able to offer elementary counseling services. Our counselor provides classroom lessons to help students see the many ways social skills can be used to communicate more effectively. The school counselor is also available for private counseling for any student needing his/her assistance. Parents/guardians are welcome to call the counselor directly to answer any questions you might have in this area of development.

Health, Accidents, Illnesses, and Medications

The health of all students is one of our primary concerns. We encourage children to be in regular attendance at school. However, if a child has signs of illness or fever over 100.4 degrees within the last 24 hours, he/she should stay home. Parents are required to contact the school office by 9:00 a.m. to report the child's illness or absence. All children are expected to participate in recess and outdoor activities unless they have a signed excuse from a medical professional or it is part of an individual health plan.

Since accidents can occur even though reasonable precautions are taken, we require an immediate and complete report of injury. If a child is injured or becomes ill while at school, the school will make every effort to notify the parent or person to be contacted in case of an emergency. No child will be sent home unless contact is made with the parent or guardian. In the case of an accident or illness of a serious nature, a rescue unit will be called immediately.

The school district provides a school nurse who has various hours in each of the schools. This person is, however, on-call to any building at any time during school hours.

Medications

Whenever possible, parents should arrange medication schedules to eliminate the need for giving medication during school hours. When it is necessary for school personnel to administer medication to students, the school district will comply with the Nebraska Medication Aide Act, the requirements of Title 92, Nebraska Administrative Code, Chapter 59, (promulgated by the Nebraska Department of Education and entitled Methods of Competency Assessment of School Staff Who Administer Medication), and all state and federal regulations. Parents and guardians who wish to have their child receive medication from school personnel must comply with the following procedures:

Prescription Medication

1. Parents/guardians must provide a physician's written authorization for the administration of the medication.

2. Parents/guardians must provide their own written permission for the administration of the medication.
3. The medication must be brought to school in the prescription container and must be properly labeled with the student's name, the physician's name, and directions for administering the medication.

Non-prescription Medication

1. Parents/guardians must provide written permission for the administration of the medication.
2. The medication must be brought to the school in the manufacturer's container.
3. The container must be labeled with the child's name and with directions for provision or administration of the medication.

The district reserves the right to review and decline requests to administer or provide medications that are not consistent with standard pharmacological references, are prescribed in doses that exceed those recommended in standard pharmacological references, or that could be taken in a manner that would eliminate the need for giving them during school hours. The district may request parental authorization to consult with the student's physician regarding any medication prescribed by such physician.

Health Screenings

During the first quarter of each school year, health screenings will be conducted as per the Department of Health and Human Services minimum requirements per grade. The screening may consist of all or some of the following: hearing, vision, dental, height, and weight. Parents/Guardians shall be notified in writing of any concerns and encouraged to seek a professional evaluation. If a Parent/Guardian wishes to refuse school health screening, they must submit a written statement(s) from a qualified examiner annually that the child has received the minimum required screenings within the previous six months and there are no concerns, or the child will be screened at school.

For additional information, please, see the district website at <https://www.springfieldplatteview.org/Health-Services>.

HOME/SCHOOL COMMUNICATION

Change of Address, Phone Numbers, Work, etc.

Parents are requested to notify the school office staff whenever there is an address, a home telephone or a work telephone number change. Also, please report any changes in emergency numbers. This information is vital for the safety and well-being of your child if an emergency occurs. It is imperative that the school be able to contact you in case of emergency or illness. Parents are now able and encouraged to update this information online throughout the year on Parent Web. The Parent Web link is found on our district website www.springfieldplatteview.org. In order to receive emergency information or important notices from the district please opt into receiving communication through [School Messenger](#)

Communicating Student Progress with Parents

Parents shall be kept informed of student progress, grades, and attendance through report cards, progress reports, and parent/teacher conferences. The school district will notify parents if their students are failing or close to failing. The school district will endeavor to notify parents of failing students prior to entry of the failing grade on the student's report card. Parents will also be notified of their student's possible failure to meet graduation requirements. Other pertinent information will be communicated to parents by mail or by personal contact. Official transcripts of student progress, grades, and attendance will be sent to other school systems upon the student's transfer when the district receives a written request signed by the student's parent or guardian or upon being notified that the student has enrolled in another school.

Report cards and progress reports will be sent home throughout the school year. Although teacher conferences with parents are scheduled twice a year, parents with questions about their child's academic progress should feel free to contact the teacher through email or by phone before or after the school day. In addition, you are also welcome to utilize school provided communication tools such as Schoology, SeeSaw, SPCSNE.org email, PowerSchool to ask questions or gain information about your student's progress. If you wish to meet with a staff member in person, please schedule those appointments in advance.

Grading

Springfield Platteview Community Schools believes grades should clearly communicate student learning and progress toward grade-level standards. Academic grades are intended to reflect what students know and can demonstrate independently.

Students in grades K–2 will receive standards-based report cards each quarter and semester. Students in grades 3–6 will receive progress reports at the end of the first and third quarters and semester report cards at the end of each semester. Grades for students in grades 3–6 will be available online throughout the school year through PowerSchool.

Teachers use both formative and summative assessments to monitor student learning. In grades 3–6, formative assessments will account for no more than 30 percent of the overall grade, and summative assessments will account for at least 70 percent of the overall grade.

Learning is a process. Teachers will provide reteaching, intervention, feedback, and reassessment opportunities to support student growth and mastery of grade-level standards.

Citizenship, responsibility, collaboration, and work habits are important skills that support student success and may be communicated separately from academic grades through citizenship or social skills indicators.

For additional information regarding grading practices, reassessment opportunities, late work, and grading expectations, please refer to the Springfield Platteview Community Schools District Student Handbook.

Homework

Homework refers to the tasks that a student is given to do on his/her own time after school hours. A student should experience a regularly scheduled time at home, free of distractions or interruptions, where he/she can develop self-discipline and individual responsibility for learning. The type of home study assigned will be appropriate for the developmental and instructional level of the student. When students are not assigned specific homework practice, it would be beneficial for them to read a book, practice spelling words or math facts, or write a story.

Students who struggle to complete assignments or who must spend an inordinate amount of time completing an assignment should seek the help and advice of their teachers.

At the beginning of the year, classroom teachers will send home “homework expectations” appropriate to the age of the students. Students who do not meet homework expectations, maybe required to make up missing or unfinished assignments before school, after school, or another determined time with the teacher. Parents will be notified prior to serving this time in order to make arrangements (childcare, transportation, etc.)

Parent Concern Procedure

If parents have a concern regarding a situation in their child’s school, as outlined by the Board of Education policy, they should first contact the student’s teacher to discuss the problem and possible solutions. Teachers are available for telephone calls between 7:55 a.m. - 8:05 a.m. and 3:20 p.m. - 3:35 p.m. for teachers at Springfield Elementary. If the matter cannot be resolved, the parent should then request a conference with the building administration. If the parent still believes their concern has not received favorable consideration, they may appeal to the Superintendent of Schools and Board of Education.

Parent/Teacher Conferences

Parent/teacher conferences are held twice a year, once during the first semester and once during the second semester. Conferences are opportunities for parents and teachers to discuss progress, strengths, and areas for improvement in each child. Please note that we will only be able to provide one conference time per child. A non-custodial parent who wishes to attend conferences regarding his or her child will be provided information about conference times so both parents may attend a single conference, unless a current court order is in place. The district is not required to schedule separate conferences if both parents have been previously informed of scheduled conference times. Having both parents or guardians present at the same conference ensures that each parent hears the same information at the same time. Parents are encouraged at any time to contact their child’s teacher(s) in the event of questions or concerns about their child’s progress.

Conference Dates for the 2026-2027 School Year:

October 14-15, 2026 (2:00-7:00 p.m.)

February 10-11, 2027 (2:00-7:00 p.m.)

Both elementary buildings use an online parent teacher conference sign-up tool called PTC Fast. You will receive an email a few weeks prior to each conference with links for signing up for

times for conferences. Please look for those emails and be sure to sign up for times that are convenient for you.

Parent-Teacher Organizations

The Parent/Teacher Organization (PTO) is organized to foster a better understanding and cooperation between the home and school. Since its beginning, the PTO has been giving its support to our schools in many ways. Parents are urged to participate and support this excellent organization. Information concerning your school's PTO scheduled activities is published throughout the year in our school's newsletters.

School News

Announcements are published in the school Newsletter and Website. To access the website enter <https://www.springfieldplatteview.org/School-Info> click on Schools, then Springfield Elementary. The newsletters will be published throughout the year and will be available both online and sent through email. Another way that we will be sharing school updates and news will be through our schools' official Twitter accounts and Facebook Pages. The links to these accounts are on the websites. Please check your child's weekly Friday folder for news items.

Student Placement

All teachers work as a professional learning community at SPCS. As a team, we collaborate with all students in their grade levels to discuss the best approaches to meet the needs of the students academically, behaviorally, socially, and emotionally. Many components are considered when developing a class list. The teachers at each grade level, specialists, and building administration begin building class lists for the next year using the following criteria:

- Academic Needs
- Learning Styles
- Classroom Dynamics (behavior, social, emotional, and personality considerations among students)

A great deal of thought and effort goes into making these class lists. Granting every request would undo the long process that has been carefully put together and jeopardize the integrity of that work. In addition, children need to work in and with a variety of circumstances now and in the future, both in terms of personnel and environment.

If you feel you have some circumstances that you feel you must address, please do the following:

- Make a formal request in writing to the building principal, addressing your child's learning style and the type, not the name, of the teacher that would benefit your child, prior to May 1st..
- If there has been a request made in a previous year that still applies, such as not placing your child with another particular student, please make sure we are aware of the necessary details again for placement.

The building administration has the final say when developing a class list. We appreciate your understanding of the process, and we look forward to another terrific school year.

Student Use of Telephone

Parents who need to contact or visit with their child during the school day will be asked to call and leave their messages with the office staff. Families should make arrangements for after-school pick up prior to each day so as to eliminate the need to use the telephone after school. Permission for students' use of the phone will be determined by staff.

Visitors

Parents or legal guardians are encouraged to visit the school. All visits, including lunch, playground, and classroom visits, need to be arranged with and are at the discretion of the administration. For the safety and security of students, staff and our guests, all visitors are required to check in at the main entrance and may be asked to provide identification. Office staff will issue a nametag to inform other building staff that permission has been given and that the visitor has checked in at the office. Visitors need to visibly wear a visitor's badge for the duration of the visit.

- Children not enrolled at Springfield may visit the school during lunch period when accompanied by an adult.
- We know that children often have additional important people in their lives that may want to visit school. If someone besides a parent or legal guardian is planning to visit the school (grandparent, older sibling, adopted grandparent, etc.), parents or legal guardians must call prior to the guest arriving at school to give them permission for a visit and ensure that the visit can be accommodated. Please include the guest's name, the relationship, and the anticipated time frame. When they check in at the office, they will be asked to provide identification.
- Visitors are encouraged to limit personal items brought into the building. Extra belongings can be hard to store or have with you.

When visiting the school, we hope you have a wonderful time interacting with your students, learning more about their school day, or helping them make memories. Some students are not allowed to be photographed. Please refrain from taking photos unless permission has been given by school personnel. When communicating with other people's children, interactions need to be positive. Any concerns need to be directed to school personnel. We want visits to be a positive experience for all.

Weather Emergencies

The decision to close schools or have a late start due to extreme weather is made as early as possible by the Superintendent of Schools. All weather-related announcements concerning the cancellation of school, late starts, early dismissals, as well as emergency closings are made on local television and radio stations. Notification will also be sent out to parents who are registered to receive [School Messenger Alerts](#). Every attempt will be made to avoid closing schools once classes are in session. Parents will be asked to complete an emergency plan for their child to follow if emergency closings during the school day should occur. The ultimate decision as to whether a child will attend school rests with the parents.

After three days of school cancellation for snow/severe weather or any other reason, students may be expected to participate in school remotely from home through eLearning or other schoolwork as communicated by the school's principal.

When a late start is called, the school will utilize the following schedule and buses will run accordingly if at all possible.

Welcome to the Springfield Platteview Community Schools' Preschool Program

The Springfield Platteview Community Schools (SPCS) early childhood team would like to welcome you and your child! We believe YOU are your child's first and most important teacher. Our goal is to provide an environment that builds upon the foundation you have established with your child. We are here to partner with you, to encourage your child's growth and development. Together we will make a great team!

SPCS Philosophy of Early Childhood Education and Intervention:

We believe quality early childhood programs nurture the continuing growth of children's knowledge and understanding of themselves and their world. Quality early childhood programs provide a safe, nurturing, and stimulating environment that facilitates learning and development. SPCS early childhood programs recognize that children and families are individuals, and that every child and family is unique.

We believe children develop skills at their own rate. What your child CAN do will be the starting point in developing your child's program. Children need a structured, child-directed environment that fosters cognitive, social, self-help, physical, and communication skills. We believe in a process-centered approach. What is important is the process by which children discover and learn, not just the end product.

Preschool Hours

(See District Preschool Calendar)

A.M. Session- Monday-Friday 8:00am-11:00am

P.M. Session- Monday-Friday 12:15pm-3:15pm

**Please note: The classroom will not be open before class starts. This will allow the staff to prepare for class and also to hold any meetings.

Pick up/Drop off:

Students may be dropped off/picked up from the Preschool Classroom Entrance. The classroom door opens at the start of class time and will remain open for 5 minutes. After this time, the door will be locked, as preschool staff will be assisting children with classroom procedures. If you arrive late, please enter and check in at the main office. All doors to the school are locked. The school's main door has a buzzer system and you will need to push the button to be buzzed in.

Safety of our students is our number one priority. Your child will be released only to parents/guardians and those persons listed as emergency contacts. If someone else is going to be picking up/dropping off your student, it must be in writing from you. Please let the person picking up

your student know that the teacher may ask for photo identification to confirm that it is the correct person.

Please drop off and pick up your student on time. Our staff is preparing for the next class session and planning for the next day. The Paraeducators' hours are specifically set for classroom hours.

Springfield Preschool: Preschoolers enter the classroom from Door F on the east side of the elementary building. Please walk your child up to the door and wait for the teacher/Educational Assistant to let you in.

Westmont Preschool: Preschoolers enter the classroom at Door 2 (west entrance at the front of the school). Please walk your child up to the door and wait for the teacher/Educational Assistant to let you in.

Special Education Transportation:

If your child is eligible for special education transportation, please contact transportation when your child does NOT need to be picked up/dropped off. If you require a change in transportation arrangements, you need to contact transportation to make those arrangements. It may take 5-10 business days for the arrangements to be made. The number for transportation is 402-572-6160.

Attendance/Health:

Springfield Platteview Community Schools Early Childhood program believes in the importance of regular school attendance even at this early age. Regular attendance during the preschool years is just as important as regular attendance for later grades. Research shows that early, regular school attendance results in improved success not only in later grades but as adults. Learning for a child can only occur when they are in class and have access to the developmentally appropriate curriculum. The Early Childhood curriculum builds on each day's activities and is important for the learning process. If a child misses school frequently, they have missed an opportunity to learn and grow. Parents are asked to contact the school if a student is going to be absent.

We ask you to please follow the SPCS Elementary Student and Parent Handbook guidelines concerning illness. The guideline states, "Students who have been ill with vomiting, diarrhea, severe headaches, excessive coughing and excessive nasal drainage should not return to school until symptoms subside and their temperature is below 100 degrees for 24 hours without medication." If your child becomes ill at school, you will be called and expected to come for him/her as soon as possible. If you cannot be reached, the person(s) indicated on the emergency card will be notified.

If your child has more than 10 unexcused absences, SPCS reserves the right to discontinue preschool services (for children who qualify for special education, your IEP team will be required to hold a

meeting). Please communicate with your child's teacher on a regular basis concerning any attendance concerns.

Cancellation of School:

The school district will use our automated text messaging system to notify all parents of school cancellations/changes. This information will also be posted on social media (Facebook/Twitter).

Birthday/Party Invitations, Treats & Celebrations:

Birthday/party invitations can be passed out at preschool if the **ENTIRE class** is invited to the party. If your child is not inviting all of the children in their class, we will not pass out invitations at preschool. You will need to make other arrangements for sending out invitations.

Bringing birthday treats or prizes is optional for parents/students. All foods offered on the school campus needs to meet or exceed the USDA Smart Snacks in School nutrition standards. This includes school lunches and treats brought in or sent to school by parents or guardians. All treats and prizes must be approved by the classroom teacher or building administration in advance. We are asking parents to choose snacks that meet the USDA Smart Snacks in school nutrition standards. The most convenient birthday treats are healthy, easy to hand out, do not require refrigeration, and are easy to clean up. If you choose to provide a treat, please provide the teacher with any serving items necessary to distribute the treats such as plates, napkins, etc.

There will be special activities over the course of the year where you will have an opportunity to send treats to preschool. Due to student food allergies, we will be very strict on the district policy of NO HOMEMADE GOODS unless your child's teacher has a special activity planned that requires food. Please remember to notify your child's teacher of any allergies. **All donations must be store bought, sealed and still in the package so that we can double-check the ingredients!** Thank you for your contributions!

Preschool Snack Program

SPCS Preschool provides a healthy snack in accordance with the Nebraska Department of Education Rule 11 requirements and within the USDA Child Nutrition Guidelines as part of your child's monthly tuition. The snack menu will be available monthly.

If your child has special dietary requirements, you are welcome to talk with your child's teacher and arrange to send a healthy snack to preschool.

Suggested Supplies (including clothing):

Families are encouraged to provide your child with a backpack they will bring to preschool every day. This backpack should be large enough to accommodate preschool projects and to an 8 x 11

folder—mini-backpacks are usually not large enough for all of the creations your child will make over the course of the year! If you are unable to provide a backpack for your child, please let your early childhood teacher know.

Please send an extra change of clothes (shorts/pants, shirt, underwear, socks, etc.) to school, even if your child is potty trained or if he/she rarely has accidents. The extra clothes are good for days your child may get wet or messy during play/activities. If your child wears pull-ups or diapers, we would ask that you keep your child's backpack stocked with an adequate supply, including baby wipes. The change of clothes (including diapers/pull-ups/wipes) can remain in the backpack and travel from home to school daily, if that is your preference.

Dress your child in simple, washable clothing. Much time is spent on the floor and working with messy art materials. Closed-toe shoes make playing on the playground much easier and safer for the children. Open-toe shoes and "flip flops" are discouraged due to safety concerns. Please send your child to school in appropriate clothing for the weather—we will go outside and play, weather permitting.

We encourage self-help at toilet time. For this purpose it is helpful that children are dressed in clothing that is manageable for them to pull up, down, snap, zip, etc. Label all removable clothing such as coats, hats, mittens and your child's backpack with their FULL name.

Please make sure your child brings only necessary items to school (backpack, jacket, folder, etc.). Items from home (toys, stuffed animals, blankets, etc.) will not be allowed to be removed from backpacks. Please be sure to check your child's backpack every day!

Home Visits:

SPCS abides by Nebraska Department of Education Rule 11 Regulations for Prekindergarten Programs. One of the requirements is that 2 home visits are conducted each year. The home visits are designed to last about 20 minutes.

The intent of the home visits is to build positive relationships with families and to partner together to support your child. Research indicates that positive interactions during home visits lead to higher student growth and achievement in the classroom, along with more parent involvement in schools.

Home visits may be completed at another location, but please discuss this with your child's teacher if you would like to make these alternate arrangements.

Communication:

Communication between home and school is very important to the success of our program. If at any time you have questions or concerns about your child's preschool day, do not hesitate to send a note in your child's backpack, call, or email the teacher. A communication folder will be in your child's backpack every day. This will hold projects that have been completed, as well as any notes that need to go home to parents.

Teachers check backpacks daily and look for notes from parents. It is important for parents to check your child's backpack daily. If you have an emergency or need to get information to the teacher immediately, please call the school office.

Please check with your child's preschool teacher for the best time/method for contacting them. The following are some ways to share information:

- *Email and Phone Numbers (listed in the "important phone numbers" section)

- *Parent Teacher Conferences/home visits: There will be opportunities to meet with your child's early childhood teacher during the school year to discuss your child's progress.

- *Progress Reports: For those children who have Individualized Education Plans (IEP), progress reports will be sent home at the end of each quarter and annual IEP meetings will be held.

- *Teaching Strategies GOLD assessments reports are sent home in November and at the end of the school year.

Class Dojo

The main form of communication we use in our classroom is an app called Class Dojo. This is an app that only members of our classroom and their families have access to. We will post pictures and updates throughout each day as well as any reminders. A permission form for Class Dojo must be completed to participate.

If your child's contact/personal information changes in any way, it is critical that you communicate these changes to your child's teacher and/or building secretary. This may include any changes in address, phone number, emergency contact, guardianship, child care location, transportation, and custody arrangements.

Discipline:

Our preschool promotes positive behavior supports and actively teaches children how to solve simple social problems using a variety of strategies. You can find more information about our framework for social-emotional development at the Center on the Social and Emotional Foundations for Early Learning (CSEFEL) <http://csefel.vanderbilt.edu/>.

"Be Responsible, Be Respectful, Be Safe, Be Kind"- we teach our preschoolers these expectations across all aspects of their preschool day. We will send strategies home with you so that you can reinforce what your child is learning in school.

Children will be encouraged to learn self-discipline and practice social problem solving strategies. The following strategies are examples of what may be implemented: modeling of appropriate behaviors, redirection, verbal prompts, self-talk, planned ignoring, review of classroom rules, use of visual cues and supports, and facilitating peer mediation.

Each early childhood classroom uses multiple levels of social-emotional supports intended to support healthy social-emotional development, and the development of critical peer interaction strategies. SPCS teachers have completed training in The Well Managed Classroom from the Boys Town Education Model which supports using positive behavior strategies and positive reinforcement in the classroom. You will have an opportunity to learn more about the positive supports/strategies used in your child's classroom over the course of the preschool year.

Residency:

Families MUST reside within the Springfield Platteview Community Schools District boundaries to attend district preschool and receive services from SPCS staff. If you consider a move during the school year, please talk with your child's educational team prior to the move. They can help you determine whether your new location is within our district boundaries.

If you do move out of the SPCS boundaries, your child will be allowed to complete the semester in which they are currently enrolled. **They will NOT be "automatically" allowed to continue in SPCS for Kindergarten.** If you move out of our District and wish for your child to continue in SPCS Schools for Kindergarten, you MUST complete the application for option enrollment that can be found on our District website at spcsne.org. This does not guarantee your child will be able to continue in SPCS for Kindergarten. There are specific deadlines for application, and it is your responsibility to meet those deadlines.

If you have questions regarding your residency status, please contact our District Administration Office. Please note: Option Enrollment laws do not presently apply to early childhood-age students.

The SPCS preschool abides by all Nebraska regulations regarding immunizations, health physicals and birth certificate documentation. If you have questions regarding any of these issues, please contact your child's early childhood provider.

Preschool Tuition (Preschool Peers):

Preschool tuition is \$150 per month for all 3 and 4 year old Preschool Peer students. Families who meet eligibility requirements may apply for free or reduced tuition rates.

Tuition payments are due on the 15th of each month, beginning August 2026 and continuing through May 2027. If tuition is not paid for two consecutive due dates, the student may be removed from the program until the account is paid in full (Re-enrollment is subject to the availability of open preschool slots).

If a student will no longer be attending preschool, a two-week written notice is required.

What Can I Expect My Child to Learn in Preschool?

Springfield Platteview Community Schools is proud to offer high-quality early childhood learning environments that will engage your child in meaningful and structured play opportunities that enhance their learning.

Over the course of the preschool year your child can expect to experience a variety of developmentally appropriate activities which:

- Develop social skills including how to participate in a group setting, playing with other students, and relating to adults
- Nurture budding independence and self help skills
- Provide opportunities to develop executive function and self-regulation skills
- Engage in activities that develop fine and gross motor skills including outdoor play time when the weather permits
- Provide pre-literacy skills through exposure to literature and the alphabet
- Provide pre-mathematical skills through exposure to numbers and a variety of counting and measuring activities
- Encourage expressive and receptive language skills within the context of routine classroom activities including playtime

Teaching Strategies Creative Curriculum

Preschool students will engage in this rich curriculum that encourages learning in everyday experiences while taking into consideration individual differences and unique needs of every child. In an inquiry-based learning model, all preschoolers can be successful as they are building on their

prior knowledge to gain new knowledge. In inquiry-based learning, preschoolers generate questions about specific topics, make observations and gather data to answer the questions, collect, analyze and interpret their findings, and then make predictions about what might happen in the future. The Creative Curriculum is aligned with the Nebraska Early Learning Guidelines for 3-5 year olds.

Along with the developmental domains listed above, the SPCS preschool classroom curriculum facilitates specific instruction in social skills, interaction with other children, literacy, math concepts, and fine motor/pre-handwriting activities that are developmentally appropriate and aligned with the curriculum used in Kindergarten.

In addition to Creative Curriculum, SPCS utilizes the following supportive preschool curricula:

- Handwriting Without Tears to support fine motor and handwriting development.
- Heggerty to support phonemic awareness
- Second Step to support social emotional learning

Teaching Strategies GOLD Assessment

Your child will participate in the general education assessment which, at the early childhood level is Teaching Strategies GOLD. Results are provided based on widely held expectations. Widely held expectations are criterion-referenced: your child's performance is compared to specific research-based milestones of child development—not to the performance of other children. GOLD determines whether each child has achieved specific skills or concepts.

GOLD is intended to answer:

- Are children performing where research says they should (i.e., developmental expectations/widely held expectations)?
- Are children growing/adding skills?

Your child's development will be monitored through careful observation and you will receive updates regarding your child's progress throughout the year. You are also an important participant in this process, and we will ask for your input and observations regarding your child's skills. You will also have a chance to discuss your child's assessment at parent/teacher conferences and home visits.

Field Trips

The preschool program will participate in field trips that are aligned to the preschool curriculum. Teachers will share more information about the field trips as they are scheduled.

Early Childhood Advisory Team

The SPCS Early Childhood Advisory Team is part of Planning Region Team 3. The advisory team is a representative group of early childhood administrators and teachers, services coordinators, community partners, and parents. This team meets 3-4 times a year to collaborate in the

development and review of early childhood programs and resources for families and young children. If you are interested in learning more about the Early Childhood Advisory Team and/or are interested in participating as a member of the team, please call the Director of Special Services, Jacci Lucas, at 402-592-1300.

LEASE AGREEMENT

This Agreement is made by and between **Sarpy County School District 77-0046**, commonly known as **Springfield Platteview Community Schools**, a Nebraska political subdivision ("Lessor"), and the **First United Methodist Church of Springfield**, ("Lessee"). For good and valuable consideration, the parties hereto agree as follows:

- 1. Leased Premises.** The Lessor leases to the Lessee the use of the following real property: approximately 720 square feet of the Lessor's Community Room. The real property is rented "as is."
- 2. Use of Leased Premises.** Lessee shall use the Leased Premises for the operation of a Food Pantry. Lessee shall not use the Leased Premises for any other purpose without the prior written consent of the Lessor. Lessee may use the Leased Premises on the terms and conditions specified herein. Lessee understands and agrees that it will not exercise the rights granted to it by the Lessor in such a way as to interfere with or adversely affect (1) any other property of the Lessor or (2) the operation and control of any of the programs of the Lessor. Lessor, and its agents and invitees, shall retain primary use of the Leased Premises, and Lessee's right of usage shall be secondary, inferior, and subject to Lessor's primary right. Lessee agrees that it shall schedule events to prevent or minimize the overlapping use of the Leased Premises, and in the event that a conflict of usage occurs, Lessor shall have first option or right of exclusive usage of the Leased Premises.

Lessee further agrees that it will not allow any consumption of alcohol, drugs, or other controlled substances, gambling, or other immoral or unlawful activity upon the Leased Premises. Lessee shall not allow any activity on the Leased Premises which would be considered a nuisance activity to Lessor or adjoining landowner, or which are not in harmony with its usage as a Food Pantry.

Lessor and its agents and invitees retain the right of entry to the Leased Premises at any time and for any purpose.

- 3. Control and Supervision.** Lessee shall be responsible for the supervision and safety of all persons who use or visit the Leased Premises. Lessee shall exercise that degree of control and supervision as is necessary to manage the Leased Premises effectively. Such control and supervision will include the enforcement of rules and regulations for the safety of persons who visit or use the Leased Premises.
- 4. Equipment and Supplies.** Lessee shall provide all resources, equipment, and supplies necessary for its use of the Leased Premises.

- 5. Use of Leased Premises by Other Persons or Organizations.** Lessee shall not allow other parties not subject to this Agreement to use the Leased Premises except in relation to its use as a Food Pantry.
- 6. Maintenance and Cleaning.** Lessee shall be responsible for the maintenance and cleaning of the Leased Premises. Care to protect the floor, walls, doors, windows and other property is expected and damage repairs are the responsibility of the Lessee.
- 7. Utilities.** The Lessor shall provide the electricity, heat, water, sewer, and all currently supplied utilities for the Leased Premises. The cost for such utilities shall be included in the Cost of the Lease.
- 8. Term.** This Agreement shall remain in full force and effect from June 1 2026, through May 31, 2027, unless sooner terminated or modified by mutual agreement of the parties. Any termination or modification must be preceded by thirty (30) days written notice. The term of this Agreement may be extended for any further term or terms as the parties may from time to time mutually agree. Upon termination of this Agreement, the rights of Lessee shall terminate, and all rights granted to Lessee hereunder shall revert to the Lessor.
- 9. Cost of the Lease.** Lessee agrees to pay rent at the rate of \$500 per month. Rental payments shall be due on the 1st of each month. Failure to provide rent on a timely basis will constitute a material breach of this Agreement and constitutes grounds for immediate termination of the Agreement without notice as otherwise required in this Agreement.
- 10. Alterations.** Lessee shall not remodel, alter, or change the Leased Premises without the prior written consent of the Lessor except as specifically provided otherwise in this Agreement. Prior to making any alteration requiring Lessor's consent, Lessee shall submit plans for such alteration to the Lessor for the Lessor's review and approval. Costs relating to any alteration to the Leased Premises by Lessee with the consent of the Lessor shall be paid by Lessee unless the Lessor and Lessee otherwise agree in writing.
- 11. Signs.** Lessee must obtain the Lessor's prior written consent before installing any new sign on Lessor property or the Leased Premises. All signs shall comply with all applicable local, state and federal laws and ordinances, and the requirements of the Lessor.
- 12. Ownership.** The Leased Premises and all improvements relating thereto, including any replacement thereof, shall at all times be and remain the sole and exclusive property of the Lessor. Lessee shall have no right, title, or

interest therein or thereto; provided, however, Lessee's personal property located in or on the Leased Premises shall remain the property of Lessee.

- 13. Default.** Lessee shall be in default under this Agreement if it breaches, defaults on or otherwise fails to perform or satisfy any agreement, obligation, term, covenant, condition or provision set forth herein or arising hereunder, and such breach, default or failure to perform continues for a period of thirty (30) days after Lessee receives written notice of such breach or failure to perform from the Lessor; or, if such breach cannot reasonably be cured within such 30-day period, and Lessee fails to commence to cure such breach within such thirty (30) days after notice from the Lessor or fails to proceed diligently to cure such breach within a reasonable time thereafter.

13.1. Upon the occurrence of an event of default, the Lessor may, in addition to any other remedy or right given by law, terminate this Agreement by delivery of written notice of such termination to Lessee and, thereupon, the Lessor may enter the Leased Premises or any portion thereof, upon the dates specified in such notice; and the Lessor shall be entitled to retake possession of the Leased Premises. If the Lessor elects to terminate the agreement as provided in this paragraph, Lessee shall forfeit all rights relating to the Leased Premises.

13.2. No remedy herein conferred upon or reserved to the Lessor is intended to be exclusive of any other remedy herein or any remedy provided or permitted by law; but each shall be cumulative, shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute, and may be exercised concurrently, independently or successively.

- 14. Assignment and Subletting.** Lessee shall not assign any rights in this agreement or sublet the Leased Premises without the express written consent of the Lessor.

- 15. Insurance.** Lessee shall maintain, at its sole cost and expense, general liability insurance to protect against liability incident to the use of or resulting from any accident occurring in, on, or about the Leased Premises. The minimum coverage under such insurance shall be \$1,000,000 for one accident and \$5,000,000 in the aggregate. Lessee agrees to cause the Lessor to be named as an additional insured on the policy described in this paragraph and shall take any other action which is necessary and effective to obtain a waiver of subrogation from the insurer such that neither Lessee nor the Lessor shall be liable to the insurer for negligence.

- 16. Compliance with Law.** Lessee shall comply with all laws, orders, ordinances and other public requirements now or later pertaining to

Lessee's use of the Leased Premises. Lessor shall comply with all laws, orders, ordinances, and other public requirements now or later affecting the Leased Premises. Lessor shall ensure that the Leased Premises meets all current applicable code requirements, including but not limited to fire/life safety codes and the Americans with Disabilities Act Accessibility Guidelines.

- 17. Notices.** Notices required under this Agreement shall be sufficient if in writing and if personally delivered or mailed by certified mail, return receipt requested to the addressee at its address listed below:

Lessor: Springfield Platteview Community Schools
Attn: Superintendent
Administration Building
765 Main Street
Springfield, Nebraska 68059

Lessee: First United Methodist Church of Springfield
480 Main Street
Springfield, Nebraska 68059

- 18. Indemnification.** To the extent allowed by law, the Lessee hereby waives and agrees to indemnify and save harmless the Lessor and its officials, agents, employees, and volunteers (hereinafter collectively referred to as "Indemnities"), against any and all claims of injuries, death, damage to property, liabilities, judgments, costs and expenses which may otherwise accrue against the other party's Indemnities in consequence of the performance of this agreement, except for those losses or claims for damages solely caused by the negligence or willful misconduct of the Lessor or its Indemnities. The parties' obligation to indemnify and save harmless any Indemnities will survive the expiration or termination of this Agreement.

- 19. Damage or Destruction.** If the Leased Premises, or any portion thereof, are so damaged or destroyed by fire or other casualties, then Lessor and Lessee shall each have the right of canceling this Agreement by giving written notice to the other, within thirty (30) days of such damage, and the proceeds of any fire and extended coverage insurance policy shall be paid to, and the sole property of Lessor. If this Agreement is not terminated pursuant to this paragraph, then such insurance proceeds shall be applied to repair the improvements on the Leased Premises.

- 20. Nondiscrimination.** The parties and all subcontractors, if any, shall not discriminate against any employee or applicant who is to be employed for performance of this Agreement with respect to his or her hire, tenure,

terms, conditions, or privileges of employment, because of his race, color, religion, sex, disability, or national origin.

- 21. Applicable Law.** This Agreement shall be governed by the laws of the State of Nebraska.
- 22. Entire Agreement.** This Lease constitutes the entire agreement between Lessor and Lessee regarding the subject matter hereof and supersedes all oral statements and prior writings relating thereto. Except for those set forth in this Lease, no representations, warranties, or agreements have been made by Lessor or Lessee to the other with respect to this Lease or the obligations of Lessor or Lessee in connection therewith. The normal rule of construction that any ambiguities be resolved against the drafting party shall not apply to the interpretation of this Lease or any exhibits or amendments hereto.

TWELFTH: Teacher's failure to return a signed copy of the contract to the Superintendent of Schools or Secretary of the Board of Education of the District on or before **Friday, June 19, 2026** shall constitute a rejection of this offer of employment.

THIRTEENTH: Other Contract Terms: [THESE MAY INCLUDE TERMS SUCH AS RESIGNATION DEADLINES AND OTHERS NOT ALREADY COVERED BY THE COLLECTIVE BARGAINING AGREEMENT].
