Lake Travis Independent School District
Investment Strategy
2024-2025

Introduction

Investments in the State of Texas are governed by Chapter 2256 of the Texas Government Code. All investments made by Lake Travis ISD shall comply with the Public Funds Investment Act and all federal, state, and local statutes and regulations.

1. Investment policies should include the methods used to monitor the market price and include a requirement for settlement of all transactions, except investment pool funds and mutual funds, on a delivery versus payment basis.

2. The Board of Trustees must act upon an annual review of the District's investment policy and strategies.

3. Training requirements are required of the investment officers. Eight hours of training is required every two years.

4. A qualified representative of sellers of investments must review the District's investment policies.

5. Quarterly investment reports must be in accordance with generally accepted accounting principles and must include accrue interest and presented to the Board of Trustees.

6. A formal annual review of the quarterly reports by an independent auditor is necessary except for investments in pools, money market funds or depository bank investments.

Investment Policy and Strategy

Lake Travis ISD's investment policy requires focus on safety, liquidity and diversity. Investments are made in a manner that ensures the preservation of capital in the overall portfolio. The District's investments are sufficiently liquid to meet anticipated cash flow needs. Investments are diversified to reduce the risk of any one investment type. Internal controls exist to protect against losses of public funds arising from fraud, employee error, and misrepresentation by a third party.

Investment strategy is applied to each major fund type. Investment strategies for operating funds (including any commingled pools containing operating funds) shall have as their primary objectives safety, investment liquidity, and maturity sufficient to meet anticipated cash flow requirements. The Debt Service fund and Capital Projects funds have longer thresholds for investing due to the nature of the cash flow requirements. Investments for these funds may exceed one year provided legal limits are not exceeded.

For the 2023-2024 school year, the District's investment policy limited any investment to the nine types stated in Board Policy CDA (Legal and Local):

1. Obligations of the United States or Texas or its agencies and instrumentalities and political subdivisions
2. Certificates of deposit
3. Fully collateralized repurchase agreements
4. Securities lending program
5. Banker's acceptances from a bank with a rating not less than A1/P1
6. Commercial paper rated not less than A1/P1
7. Money market mutual funds rated AAA and maintaining a $1 net asset value
8. A guaranteed investment contract as an investment vehicle for bond proceeds
9. Public funds investment pools

Lake Travis ISD investments during 2023-2024 school year were spread among two public funds investment pools (TexPool and Texas CLASS) and money market mutual funds (Prosperity Bank).

Day to day investments are managed by the Director of Finance. The Assistant Superintendent of Business Services oversees the investment function of the District and presents quarterly reports to the Board of Trustees. The Assistant Superintendent of Business Services and Director of Finance shall maintain the appropriate training requirements.

The District shall monitor interest rate risk using weighted average maturity and specific identification.

Internal Controls

A system of internal controls shall be established and documented in writing and must include specific procedures designating who has authority to withdraw funds. Also, they shall be designed to

RATIONALE
Lake Travis ISD has received its preliminary 2024 School Financial Integrity Rating System of Texas (FIRST) rating based on financial indicators per 19 Texas Administrative Code (TAC), Section 109.1001(e)(6). Within two months of the release of the final ratings, each school district must announce and hold a public meeting to distribute a financial management report that explains the district's rating and its performance under each of the 21 indicators for the prior year. The first of two required published newspaper notices, to inform taxpayers of the meeting, may not be more than 30 days or less than 10 days prior to the public meeting in accordance with 19 TAC, Section 109.1005. 1	Was the complete annual financial report (AFR) and data submitted to the TEA within 30 days of the November 27 or January 28 deadline depending on the school district's fiscal year end date of June 30 or August 31, respectively?	4/19/2024 6:26:34 PM	Yes

3	Was the school district in compliance with the payment terms of all debt agreements at fiscal year end? (If the school district was in default in a prior fiscal year, an exemption applies in following years if the school district is current on its forbearance or payment plan with the lender and the payments are made on schedule for the fiscal year being rated. Also exempted are technical defaults that are not related to monetary defaults. A technical default is a failure to uphold the terms of a debt covenant, contract, or master promissory note even though payments to the lender, trust, or sinking fund are current. If the school district was issued a warrant hold, the maximum points and highest rating that the school district may receive is 95 points, A = Superior Achievement, even if the issue surrounding the initial warrant hold was resolved and cleared within 30 days.)	4/19/2024 6:26:34 PM	Yes Ceiling Passed

DETERMINATION OF RATING

A.	Did the school district fail any of the critical indicators 1, 2, 3, or 4? If so, the school district's rating is **F for Substandard Achievement** regardless of points earned.	
B.	Determine the rating by the applicable number of points.

or refusal to achieve said deadlines. Such actual and direct damages are, and will continue to be, impracticable and extremely difficult to determine. Execution of this Agreement under these specifications shall constitute agreement by Owner and Contractor that the amount stated below is the minimum value of the costs and actual and direct damages caused by failure of Contractor to substantially and finally complete the work within the allotted times, that such sum is liquidated direct damages and shall not be construed as a penalty, and that such sum may be deducted from payments due Contractor if such delay occurs. It is expressly understood that the said sum per day is agreed upon as a fair estimate of the pecuniary damages which will be sustained by the Owner in the event that the Work is not completed within the agreed time, or within the agreed extended time, if any, otherwise provided for herein. Said sum shall be considered as liquidated damages only and in no sense shall be considered a penalty, said damages being caused by, but not limited to, additional compensation for personnel, attorneys fees, architectural fees, engineering fees, program management fees, inspection fees, storage costs, food service costs, transportation costs, utilities costs, costs of temporary facilities, loss of interest on money, and other miscellaneous increased costs, all of which are difficult to exactly ascertain. Failure to complete the Work within the designated or agreed extended dates of Substantial or Final Completion, shall be construed as a breach of this Agreement

.2 It is expressly agreed as a part of the consideration inducing the Owner to execute this Agreement that the Owner may deduct from the Final Payment made to the Contractor a sum equal to $250.00 per day for each and every additional calendar day beyond the agreed date of Substantial Completion that the project has not achieved such Substantial Completion.

.3 Timely Final Completion is an essential condition of this Agreement. Contractor agrees to achieve Final Completion of the Agreement within 30 days of the designated or extended date of Substantial Completion. Owner and Contractor agree that should Contractor fail to achieve Final Completion of the Agreement by the deadline, Owner shall continue to be damaged to a greater degree by such delay. Contractor and Owner agree that the amount of liquidated damages for each calendar day Final Completion is delayed beyond the date set for Final Completion shall be the sum of $250.00 per day. Owner may deduct from the Final Payment made to Contractor, or, if sufficient funds are not available, then Contractor shall pay Owner the amounts specified per day for each and every calendar day the breach continues after the deadline for Final Completion of the Work.

.4 Such damages shall be in addition to, and not in lieu of, any other rights, claims or remedies Owner may have against Contractor. If the Work is not finally completed by the time stated in the Agreement, or as extended, no payments for Work completed beyond that time shall be made until the Project reaches Final Completion.

§ 4.6 Other:
(Insert provisions for bonus or other incentives, if any, that might result in a change to the Contract Sum.)

ARTICLE 5 PAYMENTS

§ 5.1 Progress Payments

§ 4.1 The Owner shall pay the Contractor the Contract Sum in current funds for the Contractor's performance of the Contract. The Contract Sum shall be ~~($),~~ **FOUR MILLION FIVE HUNDRED SIXTY THOUSAND NINE HUNDRED AND SEVENTY-THREE UNITED STATES DOLLARS AND NO CENTS ($4,560,973.00)** subject to additions and deductions as provided in the Contract Documents.

.1 Time is of the essence in all phases of the Work. It is specifically understood and agreed by and between Owner and Contractor that time is of the essence in the Substantial Completion and Final Completion of the Project and Owner shall sustain actual and direct damages as a result of Contractor's failure, neglect or refusal to achieve said deadlines. Such actual and direct damages are, and will continue to be, impracticable and extremely difficult to determine. Execution of this Agreement under these specifications shall constitute agreement by Owner and Contractor that the amount stated below is the minimum value of the costs and actual and direct damages caused by failure of Contractor to substantially and finally complete the work within the allotted times, that such sum is liquidated direct damages and shall not be construed as a penalty, and that such sum may be deducted from payments due Contractor if such delay occurs. It is expressly understood that the said sum per day is agreed upon as a fair estimate of the pecuniary damages which will be sustained by the Owner in the event that the Work is not completed within the agreed time, or within the agreed extended time, if any, otherwise provided for herein. Said sum shall be considered as liquidated damages only and in no sense shall be considered a penalty, said damages being caused by, but not limited to, additional compensation for personnel, attorneys fees, architectural fees, engineering fees, program management fees, inspection fees, storage costs, food service costs, transportation costs, utilities costs, costs of temporary facilities, loss of interest on money, and other miscellaneous increased costs, all of which are difficult to exactly ascertain. Failure to complete the Work within the designated or agreed extended dates of Substantial or Final Completion, shall be construed as a breach of this Agreement

.2 It is expressly agreed as a part of the consideration inducing the Owner to execute this Agreement that the Owner may deduct from the Final Payment made to the Contractor a sum equal to $250.00 per day for each and every additional calendar day beyond the agreed date of Substantial Completion that the project has not achieved such Substantial Completion.

.3 Timely Final Completion is an essential condition of this Agreement. Contractor agrees to achieve Final Completion of the Agreement within 30 days of the designated or extended date of Substantial Completion. Owner and Contractor agree that should Contractor fail to achieve Final Completion of the Agreement by the deadline, Owner shall continue to be damaged to a greater degree by such delay. Contractor and Owner agree that the amount of liquidated damages for each calendar day Final Completion is delayed beyond the date set for Final Completion shall be the sum of $250.00 per day. Owner may deduct from the Final Payment made to Contractor, or, if sufficient funds are not available, then Contractor shall pay Owner the amounts specified per day for each and every calendar day the breach continues after the deadline for Final Completion of the Work.

.4 Such damages shall be in addition to, and not in lieu of, any other rights, claims or remedies Owner may have against Contractor. If the Work is not finally completed by the time stated in the Agreement, or as extended, no payments for Work completed beyond that time shall be made until the Project reaches Final Completion.

An additional certificate evidencing continuation of commercial liability coverage, including coverage for completed operations, shall be submitted with the final Application for Payment and thereafter upon renewal or replacement of such coverage until the expiration of the periods required by Section A.3.2.1 and Section A.3.3.1. The certificates will show the Owner as an additional insured on the Contractor's Commercial General Liability and excess or umbrella liability policy or policies.

§ A.3.1.2 Deductibles and Self-Insured Retentions. The Contractor shall disclose to the Owner any deductible or self-insured retentions applicable to any insurance required to be provided by the Contractor.

§ A.3.1.3 Additional Insured Obligations. To the fullest extent permitted by law, the Contractor shall cause the commercial general liability coverage to include (1) the Owner, the Architect, and the Architect's consultants as additional insureds for claims caused in whole or in part by the Contractor's negligent acts or omissions during the Contractor's operations; and (2) the Owner as an additional insured for claims caused in whole or in part by the Contractor's negligent acts or omissions for which loss occurs during completed operations. The additional insured coverage shall be primary and non-contributory to any of the Owner's general liability insurance policies and shall apply to both ongoing and completed operations. It is the intent of the parties to this Agreement that the General Liability coverage required herein shall be primary to and shall seek no contribution from all insurance available to Owner, with Owner's insurance being excess, secondary and non-contributing. The excess policy shall not require the exhaustion of the underlying limits only through the actual payment by the underlying insurers. Excess Liability shall have policy limits of not less than One Million and No/100 Dollars ($1,000,000.00) each occurrence and in the aggregate.

§ A.3.2.5 Workers' Compensation at statutory limits for all liability arising out of Contractor's employment of workers and anyone for whom Contractor shall be liable for Worker's Compensation claims. Worker's Compensation is required and no "alternative" form of insurance shall be permitted.

.6 The Contractor shall retain all required certificates of coverage for the duration of the Project and for one (1) year thereafter.

.7 The Contractor shall notify the Owner in writing by certified mail or personal delivery, within ten (10) days after the Contractor knew or should have known, of any change that materially affects the provision of coverage of any person providing services on the Project.

ARTICLE 1 GENERAL PROVISIONS

§ 1.1 Basic Definitions

§ 1.1.1 The Contract Documents

The Contract Documents shall consist of the Standard Form of Agreement between the Owner and Contractor (AIA Document AIA A101-2017) as modified by the parties for the Project including all Addenda and Exhibits thereto ("Agreement" or "Contract"); the General Conditions (AIA A201-2017 General Conditions of the Contract for Construction), as modified by the parties for the Project ("General Conditions"); any Supplementary Conditions; prepared by The Architect; all amendments to the Agreement; all amendments to the General Conditions; the Contractor's proposal, and written addenda to the proposal; the Construction Documents approved by Owner; the Contractor's bonds and proof of insurance; the Drawings, Specifications; Addenda issued prior to the execution of the Contract; other documents identified as Contract Documents in the Contract; and Modifications issued after execution of the Contract. A Modification is (1) a written amendment to the Contract signed by both parties, (2) a Change Order, (3) a Construction Change Directive or (4) a written order for a minor change in the work issued by the Architect.

§ 1.1.2 The Contract

The Contract Documents form the Contract for Construction. The Contract represents the entire and integrated agreement between the parties hereto and supersedes prior negotiations, representations, or agreements, either written or oral. The Construction Documents become part of the Contract when accepted by the Owner. All sections of the Project Manual shall be a part of the Contract, including any Proposal signed by the Contractor, and any Request for Proposals for the Project ("RFP"). The Contract may be amended or modified only by a written Modification signed by the Owner, The Contract Documents shall not be construed to create a contractual relationship of any kind (1) between the Contractor and the Architect or the Architect's consultants, (2) between the Owner and a Subcontractor or a Sub-subcontractor, (3) between the Owner and the Architect or the Architect's consultants, or (4) between any persons or entities other than the Owner and the Contractor. The Architect shall, however, be entitled to performance and enforcement of obligations under the Contract intended to facilitate performance of the Architect's duties.

§ 1.1.3 The Work

The term "Work" means all construction services required by, intended by, and included in the Contract Documents for the Project and each sub-project, if applicable, whether completed or partially completed, and includes all other labor, materials, equipment, parts, supplies, skills, supervision, transportation, services, and other facilities and things necessary, proper, or incidental for the Contractor to carry out and complete its obligations under the terms of the Contract. The Work may constitute the whole or a part of the Project.

§ 1.1.4 The Project

The Project is the total construction of which the Work performed under the Contract Documents may be the whole or a part and which may include construction by the Owner and by Separate Contractors.

§ 1.1.5 The Drawings

The Drawings are the graphic and pictorial portions of the Contract Documents showing the design, location and dimensions of the Work, generally including plans, elevations, sections, details, schedules, and diagrams.

§ 1.1.6 The Specifications

The Specifications are that portion of the Contract Documents consisting of the written requirements for materials, equipment, systems, standards and workmanship for the Work, and performance of related services.

(Paragraphs deleted)

§ 1.1.7 CONSTRUCTION DOCUMENTS

Construction Documents are representations, in any medium of expression now known or later developed, of the tangible and intangible creative work performed by the Architect and the Architect's consultants under their respective professional services agreements. Construction Documents may include, without limitation, studies, surveys, models, sketches, drawings, specifications, and other similar materials.

§ 1.1.8 Initial Decision Maker

The Initial Decision Maker is the person identified in the Agreement to render initial decisions on Claims in accordance with Section 15.2.

§ 1.1.9 All references to "Contractor" shall include "Construction Manager at Risk" or "Construction Manager," where applicable.

§ 1.2 Correlation and Intent of the Contract Documents

§ 1.2.1 Performance by the Contractor shall be required only to the extent consistent with the Contract Documents.

§ 1.2.1.1 The invalidity of any provision of the Contract Documents shall not invalidate the Contract or its remaining provisions. If it is determined that any provision of the Contract Documents violates any law, or is otherwise invalid or unenforceable, then that provision shall be revised to the extent necessary to make that provision legal and enforceable. In such case the Contract Documents shall be construed, to the fullest extent permitted by law, to give effect to the parties' intentions and purposes in executing the Contract.

§ 1.2.2 Organization of the Specifications into divisions, sections and articles, and arrangement of Drawings shall not control the Contractor in dividing the Work among Subcontractors or in establishing the extent of Work to be performed by any trade.

§ 1.2.3 Unless otherwise stated in the Contract Documents, words that have well-known technical or construction industry meanings are used in the Contract Documents in accordance with such recognized meanings.

§ 1.2.4 Conflicts or discrepancies among the Contract Documents shall be resolved in the following order of priority: (1) the Agreement (including any attachments), as may be modified or amended; (2) these General Conditions; (3) any Supplementary Conditions; (4) Drawings and Specifications; (5) other documents forming the Contract Documents and Modifications issued after the execution of the Contract. Except as otherwise specified herein, amendments, revisions, and Modifications of later date take precedence over those of earlier date. Drawings govern Specifications for quantity and location, and Specifications govern Drawings for quality and performance requirements. If there is a discrepancy in the quantity or quality stated, the Contractor shall be deemed to have estimated the Work on the basis of the greater quantity or better quality.

§ 1.2.5 STANDARDS AND REQUIREMENTS

When the Work is governed by reference to standards, building codes, manufacturer's instructions, or other documents, unless otherwise specified, the current edition as of the Contract date shall apply. Requirements of public authorities apply as minimum requirements only and do not supersede more stringent specified requirements. When specific products, systems, or items of equipment are referred to in the Contract Documents, any ancillary devices necessary for proper functioning also shall be provided to the extent that it is customary or a trade practice within Contractor's specialty to provide such ancillary devices.

§ 1.2.5.1 During the course of the Work, should any conflict be found in or between the Contract Documents, the Contractor shall be deemed to have included in the cost of the Work the greater quantity or better quality, or the most stringent requirements, unless Contractor shall have obtained an interpretation in writing from the Architect as to what shall govern before the submission of Contractor's Proposal. The Architect, in case of such conflict, may interpret or construe the document so as to obtain the most substantial and complete performance of the Work consistent with the Contract Documents and reasonably inferable therefrom, in the best interests of Owner, and the Architect's interpretation shall be final. The terms and conditions of this clause shall not relieve any party of any other obligation under the Contract Documents.

§ 1.2.6 OPTIONAL MATERIALS AND PROCESSES

Where the Drawings and Specifications, certain products, manufacturer's trade names, or catalog numbers are given, the parties shall deem this provided for the express purpose of establishing a standard of function, dimension, appearance, and quality of design in harmony with the Work, and not intended for the purposes of limiting competition. Materials or equipment shall not be substituted unless the Contractor obtains approval from the Owner for such substitution. When requesting substitution, the Contractor shall submit the proposed substitution in writing and should contain sufficient information to allow the Owner to determine if the proposed substitution is in fact equal or better than the requirements of the Contract Documents. The Owner shall review the proposed substitutions within a reasonable time. The Owner may approve substitutions only when the substitution is clearly proven by the Contractor to be equal in performance characteristics to the requirement of the Contract Documents, to be equally compatible with existing installations, and to be complimentary to the architectural design of the Work. § 1.4 Interpretation

In the interest of brevity the Contract Documents frequently omit modifying words such as "all" and "any" and articles such as "the" and "an," but the fact that a modifier or an article is absent from one statement and appears in another is not intended to affect the interpretation of either statement.

§ 1.5 Ownership and Use of Drawings, Specifications, and Other Instruments of Service

§ 1.5.1 Intentionally deleted.

§ 1.5.2 The Contractor, Subcontractors, Sub-subcontractors and material or equipment suppliers are authorized to use and reproduce the Construction Documents provided to them solely and exclusively for execution of the Work. All copies made under this authorization shall bear the copyright notice, if any, shown on the Construction Documents. The Contractor, Subcontractors, Sub-subcontractors, and material or equipment suppliers may not use the Construction Documents on other projects or for additions to this Project outside the scope of the Work without the specific written consent of the Owner and Architect. Submittal or distribution to meet official regulatory requirements or for other purposes in connection with this Project is not to be construed as publication in dereliction of any copyrights or other reserved rights. Except for its record set, Contractor shall deliver all copies of the Construction Documents to Owner upon the earlier to occur of the Owner's request, completion of the Work, or termination of the Contract.

§ 1.6 Notice

§ 1.6.1 Except as otherwise provided in Section 1.6.2, where the Contract Documents require one party to notify or give notice to the other party, such notice shall be provided in writing to the designated representative of the party to whom the notice is addressed and shall be deemed to have been duly served if delivered in person, by mail, by courier, or by electronic transmission if a method for electronic transmission is set forth in the Agreement.

§ 1.7 Digital Data Use and Transmission

The parties shall endeavor to agree upon protocols governing the transmission and use of Instruments of Service or any other information or documentation in digital form. The parties may upon written agreement use AIA Document E203™–2013, Building Information Modeling and Digital Data Exhibit, to establish the protocols for the development, use, transmission, and exchange of digital data.

§ 1.8 The Drawings, Specifications, and other Documents, including those in electronic form, prepared by the Owner, Contractor, Architect, design consultants or professionals, other consultants, (but not including documents relating to their respective businesses in general), are Owner's Property ("Construction Documents ") through which the work to be executed by the Contractor is described. The Contractor may retain one record set of the Construction Documents. Neither the Contractor nor the Architect, nor any design consultant or professional, other consultant, Subcontractor, Sub-subcontractor, nor material or equipment supplier shall own or claim a copyright in the Construction Documents, and unless otherwise indicated, the Owner will own them and have all common law, statutory, and other reserved rights, in addition to the copyright, upon creation of the Construction Documents. To this end and to the extent that Contractor has any ownership interest in the Construction Documents, Contractor agrees and does hereby assign, grant, transfer, and convey to Owner, its successors and assigns, Contractor's entire right, title, interest and ownership in and to such Construction Documents, including, without limitation, the right to secure copyright registration. Contractor confirms that Owner and its successors and assigns shall own Contractor's right, title, interest in and to,

§ 2.4 Owner's Right to Stop the Work

§ 2.4.1 If the Contractor defaults or fails to carry out the Work in accordance with the Contract Documents and fails within a ten (10) day period after receipt of a written notice from Owner to commence and continue correction of such default or neglect, the Owner may after the ten (10) day period order the Contactor to stop work until such deficiencies have been corrected, subject to the other terms of this Agreement.

§ 2.5 Owner's Right to Carry Out the Work

In such case an appropriate Change Order shall be issued deducting from payments then or thereafter due the Contractor the reasonable cost of correcting such deficiencies, including Owner's expenses and compensation for the Architect's additional services made necessary by such default, neglect or failure. If current and future payments are not sufficient to cover such amounts, the Contractor shall pay the difference to the Owner. If the Contractor disagrees with the actions of the Owner or the Architect, or the amounts claimed as costs to the Owner, the Contractor may file a Claim pursuant to Article 15.

§ 2.5.2 After the Work or any portion thereof has stopped prior to final completion, the Owner may make necessary emergency repairs to the Work if necessary to prevent further damage if the Contractor does not promptly respond to a notice of a condition requiring repairs. Contractor shall be responsible to Owner for this cost if the reason for the repairs is defects in the work provided by the Contractor or any of Contractor's consultants, Subcontractors, Sub-subcontractors, suppliers, or materialmen. If payments then or thereafter due the Contractor are not sufficient to cover such amounts, the Contractor shall pay the difference to the Owner.

ARTICLE 3 CONTRACTOR

§ 3.1.3 The Contractor shall not be relieved of its obligations to perform the Work in accordance with the Contract Documents either by activities or duties of the Architect in the Architect's administration of the Contract, or by tests, inspections or approvals required or performed by persons or entities other than the Contractor.

§ 3.2 Review of Contract Documents and Field Conditions by Contractor

§ 3.2.1 The Owner and Contractor agree that the Contract Documents may not be free from errors, inconsistencies, or omissions, and further agree that the Owner makes no warranty as to the completeness or accuracy of the Contract documents, either express or implied. Execution of the Contract by the Contractor is a representation that the Contractor has thoroughly reviewed and become familiar with the Contract Documents and that the Contractor is not aware of any discernable errors or, inconsistencies in the Contract Documents which would delay the Contractor in the performance of the Contract Work. The Contractor shall not be entitled to any damages or increase in the Contract Amount due to delays or disruptions to the Work

§ 3.2.2 Since the Contract Documents are complementary, before starting each portion of the Work, the Contractor shall exercise reasonable care to (1) study and compare the various Drawings and other Contract Documents relative to that portion of the Work, as well as the information furnished by the Owner pursuant to Section 2.2.3, (2) take field measurements of any existing conditions related to that portion of the Work and (3) observe any conditions at the site affecting it. These obligations are for the purpose of facilitating construction by the Contractor and are not for the purpose of discovering errors, omissions, or inconsistencies in the Contract Documents. Any errors, inconsistencies or omissions discovered by the Contractor shall be reported promptly to the Architect as a request for information in such form as the Architect may require. In beginning each portion of the Work, the Contractor represents that it has exercised reasonable care to visit and examine the Site and its surroundings and evaluate the condition of the Site and the Work. The circumstances evaluated by Contractor are the location and nature of the Work; generally prevailing nature of the geotechnical, ground, and subsoil; and the form and nature of the Site. The Contractor further represents that it has exercised reasonable care to familiarize itself with the local conditions under which the Work is to performed, the location and character of existing or adjacent work or structures, the Contract Documents, the extent and nature of the Work and materials necessary for carrying out and completing the Work, the general character and accessibility of the Site, the applicable laws (including labor laws), and the accommodations the Contractor may require. Contractor further represents that it has correlated its visible observations with the requirements of the Contract Documents; and subject to the right to rely upon specific information as may be set forth herein, has assumed the risk of such visible conditions. The Contractor shall not, except as expressly provided in the Contract Documents, be entitled to any extensions of the Contract Time or to any adjustment of the Contract Sum on grounds of misinterpretation or misunderstanding of any such matter that could not have been discovered through the exercise of reasonable care, nor shall it, except as provided in the Contract Documents, be released from any of the risks accepted or obligations undertaken by it under the Contract Documents. Furthermore, in the event that Contractor relies upon such information, the Contractor may not rely upon such information when it knows or reasonably should have known that the information is inaccurate, inadequate, incomplete, or otherwise unfit for its intended purpose, or would infringe the intellectual property rights of third parties. Notwithstanding the foregoing, the Contractor shall not be responsible for evaluating the geotechnical conditions at the site, nor ensuring that the design documents are consistent with or compliant with the recommendations of any geotechnical engineer. Moreover, the parties recognize and agree the Contractor is not a design professional. All site investigations are limited to what is discernible upon reasonable visual inspection. Contractor is not required or responsible for identifying errors, omissions, discrepancies or defects in the Contract Documents that are the responsibility of the Architect and its consultants.

§ 3.2.3 Any design errors or omissions noted by the Contractor during this review shall be reported promptly to the Owner. The Contractor is not required to ascertain that the Contract Documents are in accordance with applicable laws, statutes, ordinances, building codes, and rules and regulations, but any non-conformity discovered by or which was made known to the Contractor, shall be reported promptly to the Owner.

§ 3.2.4 If the Contractor has knowledge that any of the products or systems specified will perform in a manner that will limit the Contractor's ability to satisfactorily perform the Work or to honor its warranty, it shall promptly notify the Owner in writing, providing substantiation for its position. Any necessary changes, including substitution of materials, shall be accomplished by appropriate Modification. If the Contractor believes that additional cost or time is involved because of clarifications or instructions issued by the Architect or Owner in response to the Contractor's notices or requests for information pursuant to Section 3.2.2, the Contractor shall make Claims as provided in Article 15. If the Contractor fails to perform the obligations of Section 3.2.2, the Contractor shall pay such costs and damages to the Owner as would have been avoided if the Contractor had performed such obligations. If the Contractor meets these

obligations, the Contractor shall not be liable to the Owner for damages resulting from errors, inconsistencies or omissions in the Contract Documents or for differences between field measurements or conditions and the Contract Documents.

§ 3.3 Supervision and Construction Procedures

§ 3.3.1 The Contractor shall supervise and direct the Work, using the Contractor's best skill and attention. The Contractor shall be solely responsible for, and have control over, construction means, methods, techniques, sequences, and procedures, and for coordinating all portions of the Work under the Contract. If the Contract Documents give specific instructions concerning construction means, methods, techniques, sequences, or procedures, the Contractor shall evaluate the jobsite safety thereof and shall be solely responsible for the jobsite safety of such means, methods, techniques, sequences, or procedures. If the Contractor determines that such means, methods, techniques, sequences or procedures may not be safe, the Contractor shall give timely notice to the Owner and Architect, and shall propose alternative means, methods, techniques, sequences, or procedures. The Architect shall evaluate the proposed alternative solely for conformance with the design intent for the completed construction. Unless the Architect objects to the Contractor's proposed alternative, the Contractor shall perform the Work using its alternative means, methods, techniques, sequences, or procedures; however Contractor is not required to proceed until a mutually agreeable alternative is determined.

§ 3.3.2 The Contractor shall be responsible to the Owner for acts and omissions of the Contractor's employees, Subcontractors and their agents and employees, and other persons or entities performing portions of the Work for, or on behalf of, the Contractor or any of its Subcontractors.

§ 3.3.3 The Contractor shall be responsible for inspection of portions of Work already performed to determine that such portions are in proper condition to receive subsequent Work. Provided, however, under no circumstances shall Contractor be responsible or liable to Owner for work performed by others that is defective or in improper condition and not actually discovered by Contractor through the exercise of commercially reasonable diligence.

§ 3.3.4 The Contractor shall review Subcontractor's safety programs, procedures and precautions in connection with performance of the Work. However, the Contractor's duties shall not relieve any Subcontractor(s) or any other person or entity (e.g., a supplier), including any person or entity with whom the Contractor does not have a contractual relationship, of their responsibility or liability relative to compliance with all applicable federal, state, and local laws, rules, regulations, and ordinances, which shall include the obligation to provide of the safety of their employees, persons, and property and their requirements to maintain a work environment free of recognized hazards. The foregoing notwithstanding, the requirements of this section are not intended to impose upon the Contractor any additional obligations that the Contractor would not have under any applicable state or federal laws, including, but not limited to, any rules, regulations, or statutes pertaining to the Occupational Safety and Health Administration.

§ 3.3.5 Contractor shall bear responsibility for design and execution of acceptable trenching and shoring procedures, in accordance with Texas Government Code, Section 2166.303 and Texas Health and Safety Code, chapter C, Sections 756.021, *et seq.*

§ 3.3.6 Contractor acknowledges that the Work may be performed in connection with an educational facility which is currently occupied and in use. It is imperative that Contractor's operations and the performance of the Work not interfere with, interrupt, disturb, or disrupt Owner's normal operations or facilities. Contractor agrees to and shall comply with all rules, regulations and requirements of the Owner and the school campus on which the Work is to be performed , and shall take all steps necessary to protect and guard the safety of the employees, students and invitees of Owner. Contractor shall exercise the utmost skill and judgment to ensure that continuing construction activity will not interfere with the use, occupancy and quiet enjoyment of facilities in use on the site. Contractor recognizes that the ongoing activities in proximity with its construction activities shall result in the need for prompt and effective coordination of its services with those involved in the ongoing utilization of the premises. Such coordination and adequate site access shall be the responsibility of Contractor. Contractor understands and accepts the difficulties and costs associated with working in an existing facility and the potential delays and disruptions in its Work and has reasonably included such items in the Contract Time and the Contract Sum. The Contractor shall perform all the Work in such a manner as to cause minimum interference with the operations of the Owner and other contractors and Subcontractors on the site, and shall take, and cause the Contractor's and its Subcontractor's employees, agents, licensees and permittees to take all necessary precautions to protect the Work and the site and all persons and property thereon from damage or injury.

§ 3.3.7 In the event Contractor shall fall behind schedule at any time, for any reason, Owner shall be entitled to direct acceleration or resequencing of the Work to bring the Work back on schedule. Contractor shall be entitled to compensation from the Construction Contingency , or if such contingency funds are exhausted, pursuant to Change Order, for such acceleration only (a) to the extent necessitated by excusable and compensable delays, and (b) to the extent of premium pay and additional equipment cost actually incurred by Contractor. In the event Contractor determines that the Substantial Completion or Final Completion cannot be met by resequencing the Work, then Contractor shall immediately provide to the Owner, and in any event within five (5) business days after the date of receipt of any request by Owner for resequencing or acceleration , a plan to complete the Work in the shortest possible time. No approval by the Owner of any plan for resequencing or acceleration of the Work submitted by Contractor pursuant to this paragraph shall constitute a waiver by Owner of any damages or losses which Owner may suffer by reason of such resequencing or the failure of Contractor to meet Substantial Completion or Final Completion.

§ 3.4 Labor and Materials

§ 3.4.1 Unless otherwise provided in the Contract Documents, the Contractor shall provide and pay for labor, materials, equipment, tools, construction equipment and machinery, water, heat, utilities, transportation, and other facilities and services necessary for proper execution and completion of the Work, whether temporary or permanent and whether or not incorporated or to be incorporated in the Work.

§ 3.4.2 Except in the case of minor changes in the Work approved by the Architect in accordance with Section 3.12.8 or ordered by the Architect in accordance with Section 7.4, the Contractor may make substitutions only with the consent of the Owner, after evaluation by the Architect and in accordance with a Change Order or Construction Change Directive.

§ 3.4.2.1 Substitutions and alternates may be rejected by the Owner without explanation and will be considered only under one or more of the following conditions: (i) the proposal is required for compliance with interpretation of code requirements or insurance regulations then existing; (ii) specified products are unavailable through no fault of the Contractor; and (iii) when in the judgment of the Owner, a substitution would be substantially in the Owner's best interests, in terms of cost, time, or other considerations.

§ 3.4.2.2 The Contractor must submit to the Owner (i) a full explanation of the proposed substitution and submittals of all supporting data, including technical information, catalog cuts, warranties, test results, installation instructions, operating procedures, and other like information necessary for a complete evaluation for the substitution; (ii) a written explanation of the reasons the substitution should be considered, including the benefits to the Owner and the Work in the event the substitution is acceptable; (iii) the adjustment, if any, in the time of completion of the Work and the construction schedule; and (iv) an affidavit stating (a) the proposed substitution conforms to and meets all requirements of the pertinent Specifications and the requirements shown on the Drawings; and (b) the Contractor accepts the warranty and will coordinate the Work to be complete in all respects, as if originally specified by the Owner. Proposals for substitutions shall be submitted in triplicate to the Owner in sufficient time to allow the Owner no less than seven (7) working days for review. No substitutions will be considered or allowed without the Contractor's submittal of complete substantiating data and information.

§ 3.4.3 The Contractor shall enforce strict discipline and good order among the Contractor's employees and other persons carrying out the Work. The Contractor shall not permit employment of unfit persons or persons not properly skilled in tasks assigned to them. Furthermore, upon Owner's instruction, Contractor may not use any employee, subcontractor, supplier or vendor in the performance of the Work to whom the Owner makes a reasonable objection.

§ 3.4.4 Contractor and Contractor's consultants, subcontractors, sub-subcontractors, materialmen, and suppliers shall bear responsibility for compliance with all federal and state laws, regulations, guidelines, and ordinances pertaining to worker safety and applicable to the Work. Contractor further recognizes that the Owner does not owe the Contractor any duty to supervise or direct his work so as to protect the Contractor from the consequences of its own conduct.

§ 3.5 Warranty

§ 3.5.1 The Contractor warrants to the Owner that materials and equipment furnished under the Contract will be of good quality and new unless otherwise required or permitted by the Contract Documents, that the Work will be free from defects not inherent in the quality required or permitted, and that the Work will conform to the requirements of the Contract Documents. Work not conforming to these requirements, including substitutions not properly approved

and authorized, will be considered defective. The Contractor's warranty excludes remedy for damage or defect caused by abuse by the Owner, modifications not executed by the Contractor, improper or insufficient maintenance, unless such maintenance is the Contractor's responsibility as provided for in the Contract Documents, improper operation, or normal wear and tear and normal usage, but only to the extent such exclusions occur after Owner has taken occupancy of such portion of the Project. If required by the Owner, the Contractor shall furnish satisfactory evidence as to the kind and quality of materials and equipment. Upon written notice from Owner, Contractor in a manner acceptable to Owner may (a) repair or replace the defective Work, or (b) re-perform defective Services in conformity with the Contract Documents. Owner must report any failure of the Work to Contractor in writing, provided that Owner's failure to report does not relieve Contractor of its warranty obligations. Except for defect caused by a failure of an equipment warranty that is assignable to the Owner, this warranty of Contractor to repair or replace the defective Work as set forth in this Section 3.5.1 or to re-perform defective Services is not assignable.

§ 3.5.2 Contractor shall certify and warrant that the Project has been constructed in compliance with the Contract Documents. Notwithstanding anything in the Contract Documents to the contrary, Owner and Contractor expressly agree that the warranties stated herein shall mean the individual warranties associated with each particular Work within the Project; each such individual warranty shall run from the applicable Work's Substantial Completion date (unless otherwise expressly provided in the applicable Contract Documents for that particular Work). Contractor's express warranty is in addition to, and not in lieu of, Owner's other available remedies under the Contract Documents or law.

§ 3.5.3 When deemed necessary by the Owner and prior to installation of any item specifically made subject to a performance standard or regulatory agency standard under any provision of the Contract Documents, Contractor shall furnish proof of conformance to the Owner. Proof of conformance shall be in the form of product literature that the item is in conformance with the applicable standard.

§ 3.5.4 In the event of failure of materials, products, or workmanship, either during construction or the warranty period, the Contractor shall take appropriate measures to ensure correction or replacement of the defective items, when notified by the Owner. Except as otherwise provided by law or where a longer period is specified or where a longer period is included in a manufacturer's warranty, the warranty period for workmanship of the Contractor, consultants, subcontractors and sub-subcontractors shall be one (1) year from the Date of Substantial Completion.

§ 3.5.5 In the event of failure of materials, products, or workmanship, either during construction or the warranty period (which shall be one (1) year from the Date of Substantial Completion, except where a longer term is specified), the Contractor shall take appropriate measures to ensure correction or replacement of the defective items, when notified by the Owner.

§ 3.5.6 To the extent provided and allowed, the Contractor agrees to assign to the Owner, prior to Final Completion of the Work, any and all manufacturers' warranties relating to materials and labor used in the Work and agrees to perform the Work in such manner so as to preserve any and all such manufacturers' warranties. All warranties and forms will be required to be submitted prior to Final Payment.

§ 3.5.7 Contractor shall maintain a complete and accurate schedule of the date(s) of Substantial Completion, the date(s) of Final Completion, and the dates upon which the warranty on each phase or building will expire. Contractor shall provide a copy of such schedules to Owner. Prior to termination of the warranty period and upon request by the Owner, Contractor shall accompany Owner on reinspection of the Work in the Project and Contractor shall be responsible for correcting any warranty items that are observed or reported during the warranty period. Contractor shall prosecute such warranty work without interruption until accepted by Owner, even though such work should extend beyond the warranty period. If Contractor fails to provide the schedules to Owner, Contractor's warranty obligation described herein shall continue until such inspection is conducted and deficiencies are corrected.

§ 3.5.8 The warranties of Contractor provided in Section 3.5.1 shall in no way limit or abridge the warranties of the suppliers of equipment and systems which are to comprise a portion of the Work and all of such warranties shall be in form and substance as required by the Contract Documents. Contractor shall issue in the Owner's name all manufacturers' warranties for all equipment furnished by Contractor under this Contract and Contractor shall take no action or fail to act in any way that result in the termination or expiration of such third party warranties or that otherwise results in prejudice to the rights of Owner under such warranties. Contractor agrees to provide all notices required for the effectiveness of such warranties and shall include provisions in the contracts with the providers and

manufacturers of such systems and equipment whereby Owner shall have a direct right, but not a duty, of enforcement of such warranty obligations.

§ 3.6 Taxes

§ 3.6.1 The Owner represents that this Project is eligible for exemption from the State Sales Tax on tangible personal property and material incorporated in the Project, provided that the Contractor fulfills the requirements of the Limited Sales, Excise and Use Tax Rules and Regulations. For the purpose of establishing exemption, it is understood and agreed that the Contractor may be required to segregate materials and labor costs at the time a contract is awarded, and will accept a Certificate of Exemption from the Owner. Contractor shall issue Certificates of Exemption to its Subcontractors and suppliers in lieu of said taxes for all such materials and supplies and shall obtain Certificates of Resale from Contractor suppliers. Failure of Contractor to issue Certificates of Exemption or to obtain Certificates of Resale from Contractor suppliers shall make the Contractor responsible for absorbing the tax, without compensation from Owner.

§ 3.7 Permits, Fees, Notices and Compliance with Laws

§ 3.7.1 Unless otherwise provided in the Contract Documents, the Contractor shall secure and pay for the building permit as well as for other permits, fees, licenses, and inspections by government agencies necessary for proper execution and completion of the Work that are customarily secured after execution of the Contract and legally required at the time bids are received or negotiations concluded.

§ 3.7.2 The Contractor shall comply with and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities applicable to performance of the Work. Unless otherwise provided in the Contract Documents, the Contractor shall procure and obtain all bonds, other than long-term maintenance bonds, required of the Owner or the Contractor by the municipality in which the Project is located or by any other public or private body with jurisdiction over the Project. In connection with such bonds, the Contractor shall prepare all applications, supply all necessary back-up material and furnish the surety with any required personal undertakings. Unless otherwise provided in the Contract Documents, the Contractor shall also obtain and pay all charges for all approvals for street closings, traffic control, parking meter removal, and other similar matters as may be necessary or appropriate for the performance of the Work.

§ 3.7.3 If the Contractor observes that portions of the Contract Documents are at variance with applicable laws, statutes, ordinances, building codes, rules, and/or regulations, the Contractor promptly shall notify the Owner in writing, and necessary changes may be accomplished by appropriate Modification upon Owner's written request. However, if such variances are due to a change in the law, statutes, ordinances, building codes, rules, and/or regulations after execution of the Agreement, then Contractor may seek an increase to the Contract Sum for actual costs incurred and/or Contract Time for actual time lost as provided under the Contract that are directly attributable to changes required as provided in this Section 3.7.3.

§ 3.7.4 Concealed or Unknown Conditions

If the Contractor encounters conditions at the site that are (1) subsurface or otherwise concealed physical conditions that differ materially from those indicated in the Contract Documents or (2) unknown physical conditions of an unusual nature that differ materially from those ordinarily found to exist and generally recognized as inherent in construction activities of the character provided for in the Contract Documents, the Contractor shall promptly provide notice to the Owner and the Architect before conditions are disturbed and in no event later than 14 days after first observance of the conditions. The Architect will promptly investigate such conditions and, if the Architect determines that they differ materially and cause an increase or decrease in the Contractor's cost of, or time required for, performance of any part of the Work, an equitable adjustment shall be made in the Contract Sum or Contract Time, or both. If the Architect determines that the conditions at the site are not materially different from those indicated in the Contract Documents and that no change in the terms of the Contract is justified, the Architect shall promptly notify the Owner and Contractor, stating the reasons. If either party disputes the Architect's determination or recommendation, that party may submit a Claim as provided in Article 15.

§ 3.7.5 If, in the course of the Work, the Contractor encounters human remains or recognizes the existence of burial markers, archaeological sites or wetlands not indicated in the Contract Documents, the Contractor shall immediately suspend any operations that would affect them and shall notify the Owner and Architect. Upon receipt of such notice, the Owner shall promptly take any action necessary to obtain governmental authorization required to resume the operations. The Contractor shall continue to suspend such operations until otherwise instructed by the Owner but shall

continue with all other operations that do not affect those remains or features. Requests for adjustments in the Contract Sum and Contract Time arising from the existence of such remains or features may be made as provided in Article 15.

§ 3.7.6 The Contractor shall be responsible for timely notification to and coordination with all utility companies regarding the provision of or revising of services to the Project. The Contractor shall inform the Owner at once when the Owner's participation is required. Connections for temporary utilities required for the Work are the responsibility of the Contactor. Unless otherwise provided in the Contract Documents, payment for temporary services, tap charges, and water meter charges shall be the responsibility of the Contractor. Payment for permanent utility services shall be the responsibility of the Owner. The Contractor shall also obtain all permits and approvals, and pay all fees and expenses, if any, associated with Storm Water Pollution Prevention and Pollution Control Plan (SWPPP) regulations administered by the Texas Commission on Environmental Quality (TCEQ) and local authorities, as well as the National Pollutant Discharge Elimination System (NPDES). All of the foregoing expenses paid by the Contractor shall be considered Costs of the Work.

§ 3.8 Allowances

§ 3.8.1 The Contractor shall include in the Contract Sum all allowances stated in the Contract Documents. Items covered by allowances shall be supplied for such amounts and by such persons or entities as the Owner may direct, but the Contractor shall not be required to employ persons or entities to whom the Contractor has reasonable objection.

§ 3.8.2 Unless otherwise provided in the Contract Documents,

.1 allowances shall cover the cost to the Contractor of materials and equipment delivered at the site and all required taxes, less applicable trade discounts; and

.2 Contractor's costs for unloading and handling at the site, labor, installation costs, overhead, profit and other expenses contemplated for stated allowance amounts shall be included in the Contract Sum but not in the allowances.

§ 3.8.3 Materials and equipment under an allowance shall be selected by the Owner.

§ 3.9 Superintendent

§ 3.9.1 The Contractor shall employ a competent superintendent and necessary assistants who shall be in attendance at the Project site during performance of the Work. The superintendent shall represent the Contractor, and communications given to the superintendent shall be as binding as if given to the Contractor. Important communications shall be confirmed in writing. Other communications shall be similarly confirmed on written request in each case. Such superintendent shall remain full-time on the Project until all items of the punch list are completed and accepted by the Owner. Prior to execution of the Contract, the Contractor shall furnish a list to the Owner of all consultants, job-site superintendent(s), Subcontractors, and suppliers involved in the Project. Notwithstanding the foregoing, Contractor shall keep on the job the superintendent approved by Owner who shall not be transferred from the Work without Owner's consent (which shall not be unreasonably withheld). However, such obligation to furnish the superintendent shall not be construed (1) to preclude the promotion within Contractor's organization of any person assigned to Work, or (2) to give rise to any liability of Contractor if any person assigned to the Work leaves Contractor's employ. If Owner reasonably determines that any employee of Contractor or of its Subcontractors is careless, not qualified to perform the Work assigned to him, incompetent, insubordinate, or acts in violation of any provision of these Contract Documents, and Owner and Contractor cannot, after a diligent and good faith attempt, agree what action should be taken with respect to the removal or reassignment of such employees, the Contractor shall promptly remove such employee from the Work and replace such employee. All times while activities are being performed in Contractor's office, Contractor shall appoint an individual (approved by Owner, acting reasonably) authorized to act on behalf of Contractor and with whom Owner may consult at all reasonable times, and who shall be authorized to receive the instructions, requests, and decisions of Owner. All of Contractor's and Subcontractor's personnel shall comply with all applicable health, safety, and loss prevention rules of applicable authorities. Contractor shall, at its own expense, remove from the Work any person who fails to comply with such rules and instructions in any material respect.

§ 3.9.2 The Contractor, as soon as practicable after award of the Contract, shall notify the Owner and Architect of the name and qualifications of a proposed superintendent. Within 14 days of receipt of the information, the Architect may notify the Contractor, stating whether the Owner or the Architect (1) has reasonable objection to the proposed superintendent or (2) requires additional time for review. Failure of the Architect to provide notice within the 14-day period shall constitute notice of no reasonable objection.

§ 3.9.3 The Contractor shall not employ a proposed superintendent to whom the Owner or Architect has made reasonable and timely objection. The Contractor shall not change the superintendent without the Owner's consent, which shall not unreasonably be withheld or delayed.

§ 3.10 Contractor's Construction and Submittal Schedules

§ 3.10.1 If the bid documents contain a Project schedule setting out the beginning and ending of construction, or if there are any other limits on the time of performance set out in the Contract Documents, the Contractor, promptly after being awarded the Contract, shall develop a construction schedule reasonably defining a plan for completing the Work within the required time. The format and detail of the schedule shall be in keeping with the size and complexity of the Project and in conformity with the Contract Documents. The schedule and any updates thereof shall be subject to approval of the Owner. The schedule and any updates shall not exceed time limits current under the Contract Documents (including granted time extensions) and shall be revised at appropriate intervals as reasonably required by the Contractor, shall be related to the entire project (if more than one Contract is involved in the Project), and shall provide for expeditious and practicable execution of the Work. All updated schedules shall address the subject of how the Contractor intends to overcome any delays previously encountered.

§ 3.10.2 The Contractor, promptly after being awarded the Contract and thereafter as necessary to maintain a current submittal schedule, shall submit a submittal schedule for the Architect's approval. The Architect's approval shall not be unreasonably delayed or withheld. The submittal schedule shall (1) be coordinated with the Contractor's construction schedule, and (2) allow the Architect reasonable time to review submittals. If the Contractor fails to submit a submittal schedule, or fails to provide submittals in accordance with the approved submittal schedule, the Contractor shall not be entitled to any increase in Contract Sum or extension of Contract Time based on the time required for review of submittals.

§ 3.10.3 The Contractor shall perform the Work in general accordance with the most recent schedules submitted to the Owner and Architect.

§ 3.10.4 The Contractor shall hold weekly progress meetings at the Project Site, provided that this provision shall not impact any requirement otherwise agreed to between the Owner and the Architect regarding progress meetings, or at such other time and frequency as are acceptable to or requested by the Owner. Progress of the work shall be reported at said meetings with reference to Contractor's construction schedule. The Contractor shall submit to the Owner with each monthly application for payment a copy of the progress schedule showing all Modifications required, and shall take whatever corrective action is necessary to assure that the Project completion schedule is met at no additional cost to Owner, except as allowed herein.

§ 3.10.5 The process of approving Contractor's schedules and updates to Contractor's schedule shall not constitute a warranty by the Owner that any non-Contractor milestones or activities will occur as set out on Contractor's schedule. Approval of a Contractor's schedule does not constitute a commitment by the Owner to furnish any Owner-furnished information or material any earlier than Owner would otherwise be obligated to furnish that information or material under the Contract Documents. The construction schedule shall be in a detailed format satisfactory to the Owner and also shall:

.1 provide a graphic representation of all activities and events that will occur during performance of Work;
.2 identify each phase of construction and occupancy; and
.3 set forth dates that are critical in ensuring the timely and orderly completion of the Work in accordance with the requirements of the Contract Documents (hereinafter referred to as Milestone Date).

If not accepted by the Owner, the Contractor promptly shall revise the construction schedule in accordance with the reasonable recommendations of the Owner and re-submit the construction schedule for acceptance. The Contractor shall monitor the progress of the Work for conformance with the requirements of the construction schedule and promptly shall advise the Owner of any delays or potential delays. The accepted construction schedule shall be updated to reflect actual conditions (sometimes referred to in these General Conditions as progress reports) as set forth in Section 3.10.1 or if requested by the Owner. § 3.10.6 The Owner shall have the reasonable right to reschedule the time of day for the performance of any part of the Work that may interfere with the operation of the Owner's premises or any tenants or invitees thereof. The Contractor shall, upon the Owner's reasonable request, reschedule any portion of the Work affecting operation of the premises during hours when the premises are not in operation. In the event the rescheduling of the Work results in delays or additional costs incurred by the Contractor for which it could not have reasonably foreseen, or as required by the Contract Documents; the Contractor will be compensated accordingly for both.

§ 3.11 Documents and Samples at the Site

The Contractor shall make available, at the Project site, the Contract Documents, including Change Orders, Construction Change Directives, and other Modifications, in good order and marked currently to indicate field changes and selections made during construction, and the approved Shop Drawings, Product Data, Samples, and similar required submittals. These shall be in electronic form or paper copy, available to the Architect and Owner, and delivered to the Architect for submittal to the Owner upon completion of the Work as a record of the Work as constructed.

§ 3.12 Shop Drawings, Product Data and Samples

§ 3.12.1 Shop Drawings are drawings, diagrams, schedules, and other data specially prepared for the Work by the Contractor or a Subcontractor, Sub-subcontractor, manufacturer, supplier, or distributor to illustrate some portion of the Work.

§ 3.12.2 Product Data are illustrations, standard schedules, performance charts, instructions, brochures, diagrams, and other information furnished by the Contractor to illustrate materials or equipment for some portion of the Work.

§ 3.12.3 Samples are physical examples that illustrate materials, equipment, or workmanship, and establish standards by which the Work will be judged.

§ 3.12.4 Shop Drawings, Product Data, Samples, and similar submittals are not Contract Documents. Their purpose is to demonstrate how the Contractor proposes to conform to the information given and the design concept expressed in the Contract Documents for those portions of the Work for which the Contract Documents require submittals. Review by the Architect is subject to the limitations of Section 4.2.7. Informational submittals upon which the Architect is not expected to take responsive action may be so identified in the Contract Documents. Submittals that are not required by the Contract Documents may be returned by the Architect without action.

§ 3.12.5 The Contractor shall review for compliance with the Contract Documents, approve, and submit to the Architect, Shop Drawings, Product Data, Samples, and similar submittals required by the Contract Documents, in accordance with the submittal schedule approved by the Architect or, in the absence of an approved submittal schedule, with reasonable promptness and in such sequence as to cause no delay in the Work or in the activities of the Owner or of Separate Contractors.

§ 3.12.6 By submitting Shop Drawings, Product Data, Samples, and similar submittals, the Contractor represents to the Owner and Architect that the Contractor has (1) reviewed and approved them, (2) determined and verified materials, field measurements and field construction criteria related thereto, or will do so, and (3) checked and coordinated the information contained within such submittals with the requirements of the Work and of the Contract Documents.

§ 3.12.7 The Contractor shall perform no portion of the Work for which the Contract Documents require submittal and review of Shop Drawings, Product Data, Samples, or similar submittals, until the respective submittal has been approved by the Architect.

§ 3.12.8 The Work shall be in accordance with approved submittals except that the Contractor shall not be relieved of responsibility for deviations from the requirements of the Contract Documents by the Architect's approval of Shop Drawings, Product Data, Samples, or similar submittals, unless the Contractor has specifically notified the Architect of such deviation at the time of submittal and (1) the Architect has given written approval to the specific deviation as a minor change in the Work, or (2) a Change Order or Construction Change Directive has been issued authorizing the

§ 3.12.9 The Contractor shall direct specific attention, in writing or on resubmitted Shop Drawings, Product Data, Samples, or similar submittals, to revisions other than those requested by the Architect on previous submittals. In the absence of such notice, the Architect's approval of a resubmission shall not apply to such revisions.

§ 3.12.10 The Contractor shall not be required to provide professional services that constitute the practice of architecture or engineering unless such services are specifically required by the Contract Documents for a portion of the Work or unless the Contractor needs to provide such services in order to carry out the Contractor's responsibilities for construction means, methods, techniques, sequences, and procedures. The Contractor shall not be required to provide professional services in violation of applicable law.

§ 3.12.10.1 If professional design services or certifications by a design professional related to systems, materials, or equipment are specifically required of the Contractor by the Contract Documents, the Owner and the Architect will specify all performance and design criteria that such services must satisfy. The Contractor shall be entitled to rely upon the adequacy and accuracy of the performance and design criteria provided in the Contract Documents. The Contractor shall cause such services or certifications to be provided by an appropriately licensed design professional, whose signature and seal shall appear on all drawings, calculations, specifications, certifications, Shop Drawings, and other submittals prepared by such professional. Shop Drawings, and other submittals related to the Work, designed or certified by such professional, if prepared by others, shall bear such professional's written approval when submitted to the Architect. The Owner and the Architect shall be entitled to rely upon the adequacy and accuracy of the services, certifications, and approvals performed or provided by such design professionals, provided the Owner and Architect have specified to the Contractor the performance and design criteria that such services must satisfy. Pursuant to this Section 3.12.10, the Architect will review and approve or take other appropriate action on submittals only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents.

§ 3.12.10.2 If the Contract Documents require the Contractor's design professional to certify that the Work has been performed in accordance with the design criteria, the Contractor shall furnish such certifications to the Architect at the time and in the form specified by the Architect.

§ 3.12.11 Adequate copies of shop drawings for architectural, structural, mechanical, and electrical work shall be submitted to the Architect or Owner for review. The Contractor shall submit complete drawings, data, and samples to the Architect or Owner at least ten (10) days prior to the date the Contractor needs the reviewed submittals and samples returned. Once samples of all key items are received, the Architect or Owner will finalize color selections. There may be occasions where review and responses in less than the 10 days are warranted. For these instances the Contractor shall notify the Owner and Architect of this need and they shall put all efforts forward to meet the Contractor's deadline.

§ 3.12.12 The Contractor shall submit electronic files of product data and two (2) samples to the Architect or Owner. One additional set may be requested for the Owner's representative. Where shop drawings are involved, the Contractor shall submit electronic files of the shop drawing for the Owner. After final review and correction of the submittal, if necessary, the Contractor shall send one corrected set to the Owner.

§ 3.13 Use of Site

§ 3.13.1 The Contractor shall confine operations at the site to areas permitted by law, ordinances, permits and the Contract Documents and shall not unreasonably encumber the site with materials or equipment. When the Work is to be performed at an existing location in which instructional classes and activities are conducted and ongoing, Contractor shall schedule and perform the Work in a manner that does not compromise the safety to students, faculty, and staff, and does not unreasonably disrupt or interfere with the continuing normal routine of the school. Contractor will perform the work so as not to interfere with classes and the operation of Owner's adjacent buildings and comply with any reasonable requests of Owner to make adjustments to avoid adversely affecting school operations at or near the site. The Contractor will abide by all applicable policies, rules, and regulations of the Owner with respect to conduct, including smoking, access to the Project Site, parking of vehicles, tree preservation, and entry to any adjacent facilities that are owned by the Owner.

§ 3.14.1 The Contractor shall be responsible for cutting, fitting, or patching required to complete the Work or to make its parts fit together properly. All areas requiring cutting, fitting, or patching shall be restored to the condition existing prior to the cutting, fitting, or patching, unless otherwise required by the Contract Documents.

§ 3.14.2 The Contractor shall not damage or endanger a portion of the Work or fully or partially completed construction of the Owner or Separate Contractors by cutting, patching, or otherwise altering such construction, or by excavation. § 4.2.1 The Architect will provide administration of the Contract as described in the Contract Documents and will be an Owner's representative during construction until the date the Architect issues the final Certificate for Payment. The Architect will have authority to act on behalf of the Owner only to the extent provided in the Contract Documents.

§ 4.2.2 The Architect will visit the site at intervals appropriate to the stage of construction, or as otherwise agreed with the Owner, to become generally familiar with the progress and quality of the portion of the Work completed, and to determine in general if the Work observed is being performed in a manner indicating that the Work, when fully completed, will be in accordance with the Contract Documents. However, the Architect will not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the Work. The Architect will not have control over, charge of, or responsibility for the construction means, methods, techniques, sequences or procedures, or for the safety precautions and programs in connection with the Work, since these are solely the Contractor's rights and responsibilities under the Contract Documents. The Contractor shall reimburse the Owner for reasonable compensation paid to the Architect for additional site visits made necessary by the fault, neglect or request of the Contractor.

§ 4.2.3 On the basis of the site visits, the Architect will keep the Owner reasonably informed about the progress and quality of the portion of the Work completed, and promptly report to the Owner (1) known deviations from the Contract Documents, (2) known deviations from the most recent construction schedule submitted by the Contractor, and (3) defects and deficiencies observed in the Work. Neither the Owner nor Architect will not be responsible for the Contractor's failure to perform the Work in accordance with the requirements of the Contract Documents. The Architect will not have control over or charge of, and will not be responsible for acts or omissions of, the Contractor, Subcontractors, or their agents or employees, or any other persons or entities performing portions of the Work.

§ 4.2.4 Communications

Except as otherwise provided in the Contract Documents or when direct communications have been specially authorized, the Owner and Contractor shall endeavor to communicate with each other through the Architect and Owner's Program Manager, if applicable, about matters arising out of or relating to the Contract. Communications by and with the Architect's consultants shall be through the Architect. Communications by and with Subcontractors and material suppliers shall be through the Contractor. Communications by and with separate contractors shall be through the Owner. The Owner may use a representative or agent to perform some of the administrative functions of the Project on behalf of the Owner. The Contractor; Architect; other design professionals and consultants; and the Owner and/or the representative or agent shall cooperate with each other in the performance of their respective functions. The management and reporting systems used by the Owner and/or the representative or agent, including the use of the representative or agent, may be changed by Owner during the Project.

§ 4.2.5 Based on the Architect's evaluations of the Contractor's Applications for Payment, the Architect will review and certify the amounts due the Contractor and will issue Certificates for Payment in such amounts.

§ 4.2.6 The Architect has authority to reject Work that does not conform to the Contract Documents. Whenever the Architect considers it necessary or advisable, the Architect will have authority to require inspection or testing of the Work in accordance with Sections 13.4.2 and 13.4.3, whether or not the Work is fabricated, installed or completed. However, neither this authority of the Architect nor a decision made in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of the Architect to the Contractor, Subcontractors, suppliers, their agents or employees, or other persons or entities performing portions of the Work.

§ 4.2.7 The Architect will review and approve, or take other appropriate action upon, the Contractor's submittals such as Shop Drawings, Product Data, and Samples, but only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. The Architect's action will be taken in accordance with the submittal schedule approved by the Architect or, in the absence of an approved submittal schedule, with reasonable promptness while allowing sufficient time in the Architect's professional judgment to permit adequate review. Review of such submittals is not conducted for the purpose of determining the accuracy and completeness of other details such as dimensions and quantities, or for substantiating instructions for installation or performance of equipment or systems, all of which remain the responsibility of the Contractor as required by the Contract Documents. The Architect's review of the Contractor's submittals shall not relieve the Contractor of the obligations under Sections 3.3, 3.5, and 3.12. The Architect's review shall not constitute approval of safety precautions or of any construction means, methods, techniques, sequences, or procedures. The Architect's approval of

a specific item shall not indicate approval of an assembly of which the item is a component. The fact that the Architect may have allowed Work not in accordance with the Contract Documents shall not prevent the Architect from insisting that the faulty Work be corrected to conform to the Contract Documents and the Contractor shall correct same.

§ 4.2.8 The Architect will prepare Change Orders and Construction Change Directives, and may order minor changes in the Work as provided in Section 7.4. The Architect will investigate and make determinations and recommendations regarding concealed and unknown conditions as provided in Section 3.7.4.

§ 4.2.9 The Architect will conduct inspections to determine the date or dates of Substantial Completion and the date of final completion; issue Certificates of Substantial Completion pursuant to Section 9.8; receive and forward to the Owner, for the Owner's review and records, written warranties and related documents required by the Contract and assembled by the Contractor pursuant to Section 9.10; and issue a final Certificate for Payment pursuant to Section 9.10.

§ 4.2.10 If the Owner and Architect agree, the Architect will provide one or more Project representatives to assist in carrying out the Architect's responsibilities at the site. The Owner shall notify the Contractor of any change in the duties, responsibilities and limitations of authority of the Project representatives.

§ 4.2.11 The Architect will interpret and decide matters concerning performance under, and requirements of, the Contract Documents on written request of either the Owner or Contractor. The Architect's response to such requests will be made in writing within any time limits agreed upon or otherwise with reasonable promptness.

§ 4.2.12 Interpretations and decisions of the Architect will be consistent with the intent of, and reasonably inferable from, the Contract Documents and will be in writing or in the form of drawings.

§ 4.2.13 The Owner's decisions on matters relating to aesthetic effect will be final if consistent with the intent expressed in the Contract Documents.

§ 4.2.14 The Architect will review and respond to requests for information about the Contract Documents. The Architect's response to such requests will be made in writing within any time limits agreed upon or otherwise with reasonable promptness. If appropriate, the Architect will prepare and issue supplemental Drawings and Specifications in response to the requests for information.

ARTICLE 5 SUBCONTRACTORS

§ 5.1 Definitions

§ 5.1.1 A Subcontractor is a person or entity who has a direct contract with the Contractor to perform a portion of the Work at the site. The term "Subcontractor" is referred to throughout the Contract Documents as if singular in number and means a Subcontractor or an authorized representative of the Subcontractor. The term "Subcontractor" does not include a Separate Contractor or the subcontractors of a Separate Contractor.

§ 5.1.2 A Sub-subcontractor is a person or entity who has a direct or indirect contract with a Subcontractor to perform a portion of the Work at the site. The term "Sub-subcontractor" is referred to throughout the Contract Documents as if singular in number and means a Sub-subcontractor or an authorized representative of the Sub-subcontractor.

§ 5.1.3 Contractor promptly shall notify Owner and Architect of any material defaults by any Subcontractor or Sub-subcontractor that may affect the progress of the Work.

§ 5.1.4 Notwithstanding any provision contained in this Article 5 to the contrary, it is hereby acknowledged and agreed that Owner has in no way agreed, expressly or implicitly, nor will Owner agree, to allow any Subcontractor, Sub-subcontractor, or other materialman or workman employed by Contractor the right to obtain a personal judgment or to create a mechanic's or materialman's lien against Owner, Owner's property, or the Work or Project for the amount due from the Owner or the Contractor.

§ 5.2 Award of Subcontracts and Other Contracts for Portions of the Work

§ 5.2.1 Unless otherwise stated in the Contract Documents, the Contractor, as soon as practicable after award of the Contract, shall notify the Owner and Architect of the persons or entities proposed for each principal portion of the Work, including those who are to furnish materials or equipment fabricated to a special design. Within 14 days of

receipt of the information, the Architect may notify the Contractor whether the Owner or the Architect (1) has reasonable objection to any such proposed person or entity or (2) requires additional time for review. Failure of the Architect to provide notice within the 14-day period shall constitute notice of no reasonable objection. The selection of subcontractors shall be in accordance with Section 2269.256 of the Texas Government Code.

§ 5.2.2 The Contractor shall not contract with a proposed person or entity to whom the Owner or Architect has made reasonable and timely objection. The Contractor shall not be required to contract with anyone to whom the Contractor has made reasonable objection.

§ 5.2.3 If the Owner or Architect has reasonable objection to a person or entity proposed by the Contractor, the Contractor shall propose another to whom the Owner or Architect has no reasonable objection. If the proposed but rejected Subcontractor was reasonably capable of performing the Work, the Contract Sum and Contract Time shall be increased or decreased by the difference, if any, actually and directly occasioned by such change, and an appropriate Change Order shall be issued before commencement of the substitute Subcontractor's Work. However, no increase in the Contract Sum or Contract Time shall be allowed for such change unless the Contractor has acted promptly and responsively in submitting names as required.

§ 5.2.4 The Contractor shall not sublet the Work as a whole. The approval of Subcontractors in no way relieves the Contractor from full responsibility for performance and completion of the Work and its obligations under the Contract Documents.

§ 5.3 Subcontractual Relations

(Paragraph deleted)

§ 5.3.1 By appropriate agreement, written for all subcontract agreements for principal portions of the Work or where legally required for validity, the Contractor shall require each Subcontractor, to the extent of the Work to be performed by the Subcontractor, to be bound to the Contractor by terms of the Contract Documents, and to assume toward the Contractor all the obligations and responsibilities, including the responsibility for safety of the Subcontractor's Work, which the Contractor, by these Documents, assumes toward the Owner and Architect. Each subcontract agreement shall preserve and protect the rights of the Owner and Architect under the Contract Documents with respect to the Work to be performed by the Subcontractor so that subcontracting thereof will not prejudice such rights. The Contractor shall require each Subcontractor to enter into similar agreements with Sub-subcontractors. The Contractor shall make available to each proposed Subcontractor, prior to the execution of the subcontract agreement, copies of the Contract Documents to which the Subcontractor will be bound, and, upon written request of the Subcontractor, identify to the Subcontractor terms and conditions of the proposed subcontract agreement which may be at variance with the Contract Documents. Subcontractors will similarly make copies of applicable portions of such documents available to their respective proposed Sub-subcontractors. Nothing contained in this Article 5 shall be construed as creating any obligations on the part of the Owner to any Subcontractor or Sub-Subcontractor nor shall it permit any Subcontractor or Sub-subcontractor.

§ 5.3.2 Except as otherwise expressly approved in writing by Owner, Contractor shall (a) require all Subcontractors for principal portions of the Work to carry such insurance as is required of the Contractor under the Contract Documents, or such lesser amount approved by Owner for a particular Subcontractor; (b) obtain from such Subcontractors indemnities in favor of the Owner to the same extent as required of the Contractor under the Contract Documents for the Subcontractor's portion of the Work; and (c) obtain from such Subcontractors assignment of all intellectual property rights to the Owner to the same extent as required by Contractor under the Contract Documents. Contractor shall promptly inform the Owner in writing of any inability to comply with the provisions of this section.

§ 5.3.3 To the extent not encompassed by Contractor's warranty provided hereunder, Contractor shall assign to Owner, from time to time as Owner may request, all assignable guaranties, warranties, and indemnities extended by any Subcontractor, Sub-subcontractor, materialman, mechanic, or vendor with respect to any work, materials, equipment, or services performed or furnished by the issuing party and forming a part of the Work to the extent allowed by such guaranties or warranties. Contractor shall use its best efforts to obtain assignable guaranties, warranties, and indemnities with respect to the Work.

§ 5.5 RESPONSIBILITY

§ 5.5.1 Contractor shall be fully responsible for the performance of its consultants, subcontractors, sub-subcontractors, materialmen, and suppliers, including those referred or approved by the Owner. Nothing herein or elsewhere in the Contract shall be construed as requiring Contractor to engage any Subcontractor to which it has reasonable objection.

ARTICLE 6 CONSTRUCTION BY OWNER OR BY SEPARATE CONTRACTORS

§ 6.1 Owner's Right to Perform Construction and to Award Separate Contracts

§ 6.1.1 The Owner reserves the right to perform other construction work, maintenance, and repair work, and school program operations at the Site and near the Site during the time period of the Work as long as such work is bid in compliance with Chapter 2269 subchapter F of the Texas Government Code. Owner may perform other work with separate contractors or forces at Owner's sole discretion. Owner shall have access to the building on the Site at all times. If the Contractor claims that delay or additional cost is involved because such action by the Owner as set forth in this Section 6.1.1, the Contractor may make such Claim as provided in Article 15.

§ 6.1.3 The Owner shall provide for coordination of the activities of the Owner's own forces and of each Separate Contractor with the Work of the Contractor, who shall cooperate with them. The Contractor shall participate with any Separate Contractors and the Owner in reviewing their construction schedules. Upon written approval by Owner and Architect, the Contractor shall make any reasonable revisions to its construction schedule deemed necessary after a joint review and mutual agreement. The construction schedules so approved by Owner shall then constitute the schedules to be used by the Contractor, Separate Contractors, and the Owner until subsequently revised.

§ 6.1.4 Intentionally deleted.

§ 6.2 Mutual Responsibility

§ 6.2.1 The Contractor shall afford the Owner and Separate Contractors reasonable opportunity for introduction and storage of their materials and equipment and performance of their activities, and shall connect and coordinate the Contractor's construction and operations with theirs as required by the Contract Documents.

§ 6.2.2 If part of the Contractor's Work depends, for proper execution or results, upon construction or operations by the Owner or a Separate Contractor, the Contractor shall, prior to proceeding with that portion of the Work, promptly notify the Architect of discovered discrepancies or defects in the construction or operations by the Owner or Separate Contractor that would render it unsuitable for proper execution and results of the Contractor's Work. The Contractor shall not be responsible for discrepancies or defects in the construction or operations by the Owner or Separate Contractor except to the extent such defects are actually discovered by Contractor in the exercise of reasonable care and not reported to the Architect as set forth in this section.

§ 6.2.3 The Contractor shall reimburse the Owner for costs the Owner incurs that are payable to a Separate Contractor because of the Contractor's delays, improperly timed activities or defective construction. The Owner shall be responsible to the Contractor for costs the Contractor incurs because of a Separate Contractor's delays, improperly timed activities, damage to the Work or defective construction.

§ 6.2.4 The Contractor shall promptly remedy damage that the Contractor wrongfully causes to completed or partially completed construction or to property of the Owner or Separate Contractor as provided in Section 10.2.5.

§ 6.2.5 The Owner and each Separate Contractor shall have the same responsibilities for cutting and patching as are described for the Contractor in Section 3.14.

§ 6.3 Owner's Right to Clean Up

If a dispute arises among the Contractor, Separate Contractors, and the Owner as to the responsibility under their respective contracts for maintaining the premises and surrounding area free from waste materials and rubbish, the Owner may clean up and the Architect will allocate the cost among those responsible.

ARTICLE 7 CHANGES IN THE WORK

§ 7.1 General

§ 7.1.1 Changes in the Work may be accomplished after execution of the Contract, and without invalidating the Contract, by Change Order, Construction Change Directive or order for a minor change in the Work as set forth in Article 7 of these General Conditions. The Contract Sum, and/or Contract Time may be increased for changes in the Work only if the provisions and requirements of Section 7 of these General Conditions are met.

§ 7.1.1.1 A field directive or field order shall not be recognized as having any impact upon the Contract Sum, and/or Contract Time, and Contractor shall have no Claim therefore, unless it shall, prior to complying with the directive and in any event within ten (10) business days of receiving the directive or such reasonable time thereafter, submit a change proposal to the Owner, and a Change Order is subsequently approved and executed by the Board or Superintendent as provided in this Contract.

§ 7.1.2 A Change Order shall be based upon agreement among the Owner, Contractor, and Architect. A Construction Change Directive requires agreement by the Owner and Architect and may or may not be agreed to by the Contractor. An order for a minor change in the Work may be issued by the Architect alone.

§ 7.1.3 Changes in the Work shall be performed under applicable provisions of the Contract Documents, and the Contractor shall proceed promptly, unless otherwise provided in the Change Order, Construction Change Directive or order for a minor change in the Work. A change in the Contract Sum or the Contract Time shall be accomplished only by Change Order.

§ 7.1.4 The Contractor, upon receipt of written notification by the Owner of a proposed item of change in the scope of the Work, shall prepare as soon as possible a Change Proposal in such form or forms as directed by the Owner.

- **.1** Each separate Change Proposal shall be numbered consecutively and shall include materials, costs, labor costs, fees, overhead and profit. The Proposal shall specify all costs related to the proposed Change in the Work, including any disruption or impact on performance to the extent known at the time of submission;
- **.2** The Subcontractor's itemized accounting shall be included with the Change Proposal;
- **.3** If a Change Proposal is returned to the Contractor for additional information or if the scope of the proposed change in the Work is modified by additions, deletions, or other revisions, the Contractor shall revise the Change Proposal accordingly and resubmit the revised Change Proposal to the Owner;
- **.4** Upon written approval of a Change Proposal by the Owner, the Owner will prepare a Change Order authorizing such change in the Work; and
- **.5** The Contractor may request an increase in Contract Sum or an extension of Contract Time due to changes in the scope of the Work only at the time of submitting its Change Proposal.

§ 7.2 Change Orders

§ 7.2.1 A Change Order is a written instrument initiated by the Owner and signed by the Owner and the Contractor for the reasons set forth in Subsection 8.2.2 and stating their agreement upon all of the following:

- **.1** The change in the Work;
- **.2** The change is necessary;
- **.3** The amount of the adjustment, if any, to the Contract Sum and prices submitted by the Contractor; and
- **.4** The extent of adjustment, if any, to the Contract Time.

§ 7.2.2 The parties mutually may agree upon a Change Order that adjusts Contract Time and/or Contract Sum based on a change in the Scope of Work requested by the Owner or that results from unanticipated, extraordinary adverse weather conditions as described in Article 15 of these General Conditions. The parties further agree that Contractor shall proceed with the Work only as set forth in a Change Order upon Contractor's physical receipt of a Change Order duly executed by the Owner.

§ 7.2.3 If a change in the Work is to be ordered, a written request shall be issued by Owner to Contractor describing the change and requesting the submission of a Change Order Request. When time does not permit the processing of a Change Order in advance of commencing the change in the Work, upon receipt of a written authorization from Owner,

Contractor shall proceed with a change in the Work pursuant to a Construction Change Directive and Contractor shall concurrently proceed with submission of a Change Order Request.

§ 7.2.4 Within thirty (30) days following receipt of a written request, Contractor shall submit a Change Order Request to Owner together with the revised or new documents which, if approved, will become part of the Contract Documents setting forth any requested adjustment in the Contract Sum or the Contract Time, and including an itemization of all costs of material and labor with extensions listing quantities and total costs, and a substantiation of any Claim for an extension of the Contract Time. Any Change Order for a change in the work must be signed by the Owner before the Owner is obligated for payment related to the Change Order. If Contractor is unable to submit the above information within the time limit, it shall notify Owner in writing, setting forth for Owner's approval a date by which Contractor will submit the information as well as a schedule for the performance of the Work for which a Change Order Request will be forthcoming. If within the 30 days the Contractor cannot ascertain the financial or time impact of a claim a letter alerting the Owner of a forthcoming claim will suffice. This must be sent during this 30-day window.

§ 7.2.5 If Owner accepts a Change Order Request submitted by Contractor, Contractor shall prepare a Change Order that is based upon such Change Order Request for execution by Contractor and Owner and to the extent that the Owner and Contractor agree, the Contract Sum and Contract Time shall be adjusted as provided in the Change Order upon execution of such Change Order.

§ 7.2.6 Nothing contained herein shall limit the right of Owner to order changes in Work by Change Orders that have not been signed by Contractor, and Contractor shall promptly perform all Work required under the Contract Documents or a Change Order despite its failure to execute the Change Order. However, the Owner shall issue and execute a Change Order authorizing payment for all undisputed amounts.

§ 7.2.7 No change in the Work shall be the basis of an addition to the Contract Sum or a change in the Contract Time unless and until such change has been authorized by a Change Order executed and issued by the Owner in accordance with the Contract Documents. Changes in the Work may be made without notice to Contractor's sureties and absence of such notice shall not relieve such sureties of any of their obligations to Owner.

§ 7.2.8 Acceptance of a Change Order by the Contractor shall constitute full accord and satisfaction for any and all Claims, whether direct or indirect, including but not limited to, impact or delay damages, arising from the subject matter of the Change Order; or attorneys' fees and costs arising from a dispute with a Subcontractor over the Change Order.

§ 7.3 Construction Change Directives

§ 7.3.1 A Construction Change Directive is a written order prepared by the Architect and signed by the Owner and Architect, directing a change in the Work and stating a proposed basis for adjustment, if any, in the Contractor Sum or Contract Time, or both, prior to agreement on any such adjustment. The Owner may by Construction Change Directive, without invalidating the Contract, order changes in the Work within the general scope of the Contract consisting of additions, deletions, or other revisions, the Contract Sum and Contract Time being adjusted accordingly.

§ 7.3.2 A Construction Change Directive shall be used in the absence of total agreement on the terms of a Change Order.

§ 7.3.3

(Paragraphs deleted)

The Construction Change Directive shall include the Owner's unilateral change in the Contract Time reflecting the Owner's reasonable view of the appropriate change in the Contract Time for the change in the Work covered by the Construction Change Directive. Until agreement is reached by the Owner and Contractor on these issues, the changes in Contract Time set out in the Construction Change Directive shall be used for scheduling purposes. Nothing herein shall be deemed a waiver of Contractor's right to dispute any Construction Change Directive.

§ 7.3.5 If the Contractor disagrees with the adjustment in the Contract Time, the Contractor may make a Claim in accordance with applicable provisions of Article 15.

§ 7.3.6 Upon receipt of a Construction Change Directive, the Contractor shall promptly proceed with the change in the Work involved and advise the Architect of the Contractor's agreement or disagreement with the method, if any, provided in the Construction Change Directive for determining the proposed adjustment in the Contract Sum or Contract Time.

§ 7.3.7 Intentionally deleted.

§ 7.3.8 The amount of credit to be allowed by the Contractor to the Owner for a deletion or change that results in a net decrease in the Contract Sum shall be actual net cost as confirmed by the documentation submitted by the Contractor to substantiate the decrease and is confirmed by the Architect and approved by the Owner. When both additions and credits covering related Work or substitutions are involved in a change, the allowance for overhead and profit shall be figured on the basis of net increase, if any, with respect to that change and approved by the Owner.

§ 7.3.9 Pending final determination of the total cost of a Construction Change Directive to the Owner, the Contractor may request payment for Work completed under the Construction Change Directive in Applications for Payment. The Architect will make an interim determination for purposes of monthly certification for payment for those costs and certify for payment the amount that the Architect determines, in the Architect's professional judgment, to be reasonably justified. The Architect's interim determination of cost shall adjust the Contract Sum on the same basis as a Change Order, subject to the right of either party to disagree and assert a Claim in accordance with Article 15.

§ 7.3.10 When the Owner and Contractor agree with a determination made by the Architect concerning the adjustments in the Contract Sum and Contract Time, or otherwise reach agreement upon the adjustments, such agreement shall be effective immediately and the Architect will prepare a Change Order. Change Orders may be issued for all or any part of a Construction Change Directive.

§ 7.3.11 In the absence of agreement between Owner and Contractor on the proper change to the Contract Sum or Contract Time because of a change in the Work, Contractor may treat the matter as a Claim under Article 15. In such event, the Contractor shall be entitled to recover only the amount by which it provides credible evidence that its direct costs have actually increased over the direct cost of performing the Work without the change in the scope of the Work. Direct costs shall be limited to the following:

.1 Reasonable cost of labor, including Social Security, old age and unemployment insurance, fringe benefits required by agreement or custom, and worker's compensation insurance;
.2 Materials, supplies and equipment including cost of transportation, whether incorporated or consumed;
.3 Rental cost of machinery and equipment, exclusive of hand tools, at rates that are no greater than market rates in the locale of the Work at the time of the Work;
.4 Premiums for all bonds and insurance permit fees and sales, use or similar taxes related to the Work;
.5 Cost of Subcontractor for performing the change in the Work. The amount allowable for Subcontractors shall be calculated using the same standards set out herein for direct Work by the Contractor; and
.6 Additional costs of supervision and field office personnel directly attributable to and necessarily required for such charges.

§ 7.4 Minor Changes in the Work

The Architect may order minor changes in the Work that are consistent with the intent of the Contract Documents and do not involve an adjustment in the Contract Sum or an extension of the Contract Time. The Architect's order for minor changes shall be in writing. If the Contractor believes that the proposed minor change in the Work will affect the Contract Sum or Contract Time, the Contractor shall notify the Architect and shall not proceed to implement the change in the Work. If the Contractor performs the Work set forth in the Architect's order for a minor change without prior notice to the Architect that such change will affect the Contract Sum or Contract Time, the Contractor waives any adjustment to the Contract Sum or extension of the Contract Time. Minor changes in the Work shall not include changes that involve the outward appearance of the structure, color schemes, floor plans, building materials, landscaping, or mechanical equipment.

ARTICLE 8 TIME

§ 8.1 Definitions

§ 8.1.1 Unless otherwise provided, Contract Time is the period of time, including authorized adjustments, allotted in the Contract Documents for Substantial Completion of the Work.

§ 8.1.2 The date of commencement of the Work is the date established in the Agreement.

§ 8.1.3 The date of Substantial Completion and Final Completion are the dates certified by the Architect and approved by the Owner in accordance with Section 9.8.

§ 8.1.4 The term "day" as used in the Contract Documents shall mean calendar day unless otherwise specifically defined. The term "business day" shall mean a day on which the Owner's administrative offices are open for business and not a holiday as set forth in Chapter 662 of the Texas Government Code.

§ 8.2 Progress and Completion

§ 8.2.1 Time limits stated in the Contract Documents are of the essence of the Contract. By executing the Agreement, the Contractor confirms that the Contract Time is a reasonable period for performing the Work.

§ 8.2.2 The Contractor shall not knowingly, except by agreement or instruction of the Owner in writing, commence the Work prior to the effective date of insurance required to be furnished by the Contractor and Owner.

§ 8.2.3 The Contractor shall proceed expeditiously with adequate forces and shall achieve Substantial Completion within the Contract Time.

§ 8.3 Delays and Extensions of Time

The affected Party shall make commercially reasonable efforts to resume performance and shall give written notice to the other Party as soon as reasonably practical during or after the occurrence of such Force Majeure Event. Upon termination of the Force Majeure Event, the performance of any suspended obligation or duty shall recommence as soon as commercially and reasonably practical. The Party affected by the Force Majeure Event shall not be liable to the other Party for any delay or other damages, costs, or expenses arising out of or relating to the suspension or termination of any of its obligations or duties under this Contract by reason of the occurrence of the Force Majeure Event, provided such Party complies in all material respects with its obligations under this Section.

§ 8.3.4 Intentionally deleted.

ARTICLE 9 PAYMENTS AND COMPLETION

§ 9.1 Contract Sum

§ 9.1.1 The Contract Sum is stated in the Agreement and, including authorized adjustments, is the total amount payable by the Owner to the Contractor for the satisfactory performance of the Work under the Contract Documents.

§ 9.1.2 If unit prices are stated in the Contract Documents or subsequently agreed upon, and if quantities originally contemplated are materially changed so that application of such unit prices to the actual quantities causes substantial inequity to the Owner or Contractor, the applicable unit prices shall be equitably adjusted.

§ 9.2 Schedule of Values

§ 9.2.1 Where the Contract is based on a stipulated sum, the Contractor shall submit to the Architect, before the first Application for Payment, a schedule of values allocating the entire Contract Sum to the various portions of the Work and prepared in such form to substantiate its accuracy as the Architect may require. Upon approval by the Owner, and updated for changes in the Work, the schedule of values shall be used only as a basis for reviewing the Contractor's Applications for Payment and is not to be taken as evidence of market or other value. The schedule shall not overvalue early job activities. Each item shall include a pro rata portion of overhead and profit. The schedule shall follow the trade divisions of the Specifications so far as practicable. The schedule of values shall be prepared in such a manner that each major item of Work, whether done by Contractor's own forces or by Subcontractors, is shown as a single line item on Contractor's Application for Payment. Contractor's fee shall be shown as a separate line item.

§ 9.2.2 In order to facilitate the review of Applications for Payment, the Schedule of Values shall include Contractor's cost for Contractor's fee, bonds and insurance, mobilization, and similar items shall be listed as individual line items. Contractor's costs for various construction items in the Schedule of Values shall be detailed. For example, concrete work shall be subdivided into footings, grade beams, floor slabs, paving, etc. These subdivisions shall appear as individual line items. All parties expressly acknowledge and agree that any and all individual line items on the Schedule of Values in the Contract Sum are not separately and individually guaranteed by the Contractor; rather, only the Contract Sum is guaranteed.

§ 9.3 Applications for Payment

§ 9.3.1 At the time specified in the Contract, the Contractor shall submit to Owner each Application for Payment, which shall be itemized and reflect operations completed in accordance with the Schedule of Values. Each application shall be notarized substantiating the Contractor's right to payment and must be accompanied by lien waivers from all Subcontractors, consultants, suppliers, and materialmen for the previous Application for Payment. The Contractor shall submit Applications for Payment in quadruplicate using AIA Document G702-1992 and G703-1992 Application and Certificate for Payment, 2009 Edition. All blanks in the form must be completed and signatures of Contractor and Notary Public must be original on each form. Contractor agrees that, for purposes of Texas Government Code section 2251.042, receipt of the Application for Payment by the Architect shall not be construed as receipt of an invoice by the Owner. Contractor further agrees that Owner's receipt of the Architect's Certificate for Payment shall be construed as a receipt of an invoice by the Owner, for purposes of Texas Government Code section 2251.042.

§ 9.3.1.1 Payments will be made on account of materials or equipment incorporated in the Work and suitably stored at the Site.

§ 9.3.1.2 Applications for Payment shall not include requests for payment for portions of the Work for which the Contractor does not intend to pay a Subcontractor or supplier, unless such Work has been performed by others whom the Contractor intends to pay.

§ 9.3.2 Unless otherwise provided in the Contract Documents, payments shall be made on account of materials and equipment delivered and suitably stored at the site for subsequent incorporation in the Work. If approved in advance by the Owner, payment may similarly be made for materials and equipment suitably stored off the site at a location agreed upon in writing. Payment for materials and equipment stored on or off the site shall be conditioned upon compliance by the Contractor with procedures satisfactory to the Owner to establish the Owner's title to such materials

and equipment or otherwise protect the Owner's interest, and shall include the costs of applicable insurance, storage, and transportation to the site, for such materials and equipment stored off the site.

§ 9.3.3 Upon payment by the Owner of the invoiced cost, Contractor shall ensure that title to all such materials and equipment shall irrevocably pass to the Owner. The Contractor warrants that title to all materials and equipment covered by an Application for Payment will pass to Owner upon the receipt of payment by the Contractor. Such title shall be free and clear of all liens, claims, security interests, or encumbrances. No work, material, or equipment covered by an Application for Payment shall be subject to an agreement under which an interest is retained or an encumbrance is attached by the seller, the Contractor, or other party. CONTRACTOR SHALL INDEMNIFY AND HOLD OWNER HARMLESS FROM ANY LIENS, CLAIMS, SECURITY INTEREST, OR ENCUMBRANCES FILED BY THE CONTRACTOR, SUBCONTRACTORS, OR ANYONE CLAIMING BY, THROUGH, OR UNDER THE CONTRACTOR OR SUBCONTRACTOR FOR ITEMS COVERED BY PAYMENTS MADE BY THE OWNER TO CONTRACTOR.

9.3.3.1 In each Request for Payment, Contractor shall certify that there are no known mechanics' or materialmens' liens outstanding at the date of this requisition, that all due and payable bills with respect to the Work have been paid to date or are included in the amount requested in the current application and that except for such bills not paid but so included, there is no known basis for the filling of any mechanics' or materialmens' liens on the Work, and that releases from all contractors and materialmen have been obtained in such form as to constitute an effective release of lien under the laws of the State of Texas covering all Work theretofore performed and for which payment has been made by Owner to Contractor.

§ 9.4 Certificates for Payment

§ 9.4.1 The Architect will, within seven days after receipt of the Contractor's Application for Payment, either (1) issue to the Owner a Certificate for Payment in the full amount of the Application for Payment, with a copy to the Contractor; or (2) issue to the Owner a Certificate for Payment for such amount as the Architect determines is properly due, and notify the Contractor and Owner of the Architect's reasons for withholding certification in part as provided in Section 9.5.1; or (3) withhold certification of the entire Application for Payment, and notify the Contractor and Owner of the Architect's reason for withholding certification in whole as provided in Section 9.5.1.

§ 9.4.2 The issuance of a Certificate for Payment will constitute a representation by the Architect to the Owner, based on the Architect's evaluation of the Work and the data in the Application for Payment, that, to the best of the Architect's knowledge, information, and belief, the Work has progressed to the point indicated, the quality of the Work is in accordance with the Contract Documents, and that the Contractor is entitled to payment in the amount certified. The foregoing representations are subject to an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, to results of subsequent tests and inspections, to correction of minor deviations from the Contract Documents prior to completion, and to specific qualifications expressed by the Architect. However, the issuance of a Certificate for Payment will not be a representation that the Architect has (1) made exhaustive or continuous on-site inspections to check the quality or quantity of the Work; (2) reviewed construction means, methods, techniques, sequences, or procedures; (3) reviewed copies of requisitions received from Subcontractors and suppliers and other data requested by the Owner to substantiate the Contractor's right to payment; or (4) made examination to ascertain how or for what purpose the Contractor has used money previously paid on account of the Contract Sum.

§ 9.4.3 The issuance of a Certificate for Payment shall constitute a recommendation to the Owner regarding the amount to be paid. This recommendation is not binding on the Owner if Owner knows of other reasons under the Contract Documents why payment should be withheld.

§ 9.5 Decisions to Withhold Certification

§ 9.5.1 The Architect may withhold a Certificate for Payment in whole or in part, to the extent reasonably necessary to protect the Owner, if in the Architect's opinion the representations to the Owner required by Section 9.4.2 cannot be made. If the Architect is unable to certify payment in the amount of the Application, the Architect will notify the Contractor and Owner as provided in Section 9.4.1. If the Contractor and Architect cannot agree on a revised amount, the Architect will promptly issue a Certificate for Payment for the amount for which the Architect is able to make such representations to the Owner. The Architect or Owner may also withhold a Certificate for Payment or, because of subsequently discovered evidence, may nullify the whole or a part of a Certificate for Payment previously issued, to such extent as may be necessary in the Architect's or Owner's opinion to protect the Owner from loss for which the

Contractor is responsible, including, but not limited to, loss resulting from acts and omissions described in Section 3.3.2, because of:

.1 Defective Work not remedied after receipt of notice from Owner identifying such Defective Work;
.2 Third party claims filed or reasonable evidence indicating probable filing of such claims unless security acceptable to the Owner is provided by the Contractor;
.3 Failure of the Contractor to make payments timely and properly to Subcontractors or for labor, materials or equipment in accordance with Contractor's agreements with such parties;
.4 Reasonable evidence that the Work cannot be completed for the unpaid balance of the Contract Sum together with a detailed accounting supporting the Owner's conclusion;
.5 Damage to the Owner or another contractor caused by Contractor;
.6 Reasonable evidence that the Work will not be completed within the Contract Time, and that the unpaid balance would not be adequate to cover actual or liquidated damages for the anticipated delay; or
.7 Persistent failure to carry out the Work in accordance with the Contract Documents after receipt of notice from the Owner identifying such failure.

§ 9.5.2 When either party disputes the Architect's decision regarding a Certificate for Payment under Section 9.5.1, in whole or in part, that party may submit a Claim in accordance with Article 15.

§ 9.5.3 When the reasons for withholding certification are removed, certification will be made for amounts previously withheld.

§ 9.5.4 Intentionally deleted.

§ 9.5.5 Notwithstanding any provision contained within this Contract, if the Work has not attained Substantial Completion within the date scheduled for Substantial Completion, subject to extensions of time allowed under the General Conditions, the Owner may withhold any further payment to Contractor to the extent necessary to preserve sufficient funds to complete the construction of the Project and to cover liquidated damages assessed against Contractor up to the time of the Application for Payment and to the time it is reasonably anticipated that Substantial Completion will be achieved. The Owner shall not be deemed in default by reason of withholding payment as provided for herein.

§ 9.6 Progress Payments

§ 9.6.1 Once each month, the Owner shall make a progress payment of undisputed amounts to the Contractor on the basis of a duly certified and approved payment application for the Work performed during the preceding month under this Contract Owner's obligation to pay Contractor is a dependent covenant conditioned upon Contractor's satisfactory performance under the Contract. To ensure the proper performance of the Contract, the Owner will retain five percent (5%) of the amount of each payment for the completed Work. All materials and Work covered by partial payments made shall thereupon become the sole property of the Owner, but this provision shall not be construed as relieving the Contractor from the sole responsibility for the care and protection of materials and Work upon which payments have been made, or the restoration of any damaged Work, or as a waiver of the right of the Owner to require the fulfillment of all of the terms of the Contract. Payments to the Contractor shall not be construed as releasing the Contractor or his Surety from any obligations under this Contract.

§ 9.6.2 The Contractor shall, within ten (10) business days following receipt of payment from the Owner, pay all bills for labor and materials performed and furnished by others in connection with the Work that are owed by the Contractor under and in conformity with the Contractor's contractual and/or legal obligations to such third parties, and shall, if requested, provide the Owner with evidence of such payment. Contractor's failure to make payments without cause within such time shall constitute a material breach of this Contract. Contractor shall include a provision in each of its subcontracts imposing the same payment obligations on its Subcontractor as are applicable to the Contractor hereunder, and if the Owner so requests, shall provide copies to the Owner of such Subcontractor payments. Owner is not obligated to monitor payments to Subcontractors or Sub-subcontractors, and nothing in this section shall create any right on the part of a Subcontractor or Sub-subcontractor against Owner. If the Contractor has failed to make payment promptly to the Contractor's Subcontractors or for materials or labor used in the Work for which the Owner has made payment to the Contractor, the Owner shall be entitled to withhold payment to the Contractor in part or in whole to the extent necessary to protect the Owner. If the Owner becomes aware that Contractor is not current in its

legitimate obligations to suppliers, laborers, and/or Subcontractors on the Project, Owner may (but is not obligated to) withhold payment until it receives reasonable proof from the Contractor that this situation no longer exists.

§ 9.6.3 The Owner may, on request, furnish to a Subcontractor, if practicable, information regarding percentages of completion or amounts applied for by the Contractor and action taken thereon by the Architect and Owner on account of portions of the Work done by such Subcontractor.

§ 9.6.4 The Owner has the right to request written evidence from the Contractor that the Contractor has properly paid Subcontractors and suppliers amounts paid by the Owner to the Contractor for subcontracted Work. If the Contractor fails to furnish such evidence within seven days, the Owner shall have the right to contact Subcontractors and suppliers to ascertain whether they have been properly paid. Neither the Owner nor Architect shall have an obligation to pay, or to see to the payment of money to, a Subcontractor or supplier, except as may otherwise be required by law.

§ 9.6.5 The Contractor's payments to suppliers shall be treated in a manner similar to that provided in Sections 9.6.2, 9.6.3 and 9.6.4.

§ 9.6.6 A Certificate for Payment, a progress payment, or partial or entire use or occupancy of the Project by the Owner shall not constitute acceptance of Work not in accordance with the Contract Documents.

§ 9.6.7 Unless the Contractor provides the Owner with a payment bond in the full penal sum of the Contract Sum or as required by applicable law, payments received by the Contractor for Work properly performed by Subcontractors or provided by suppliers shall be held by the Contractor for those Subcontractors or suppliers who performed Work or furnished materials, or both, under contract with the Contractor for which payment was made by the Owner. Nothing contained herein shall require money to be placed in a separate account and not commingled with money of the Contractor, create any fiduciary liability or tort liability on the part of the Contractor for breach of trust, or entitle any person or entity to an award of punitive damages against the Contractor for breach of the requirements of this provision.

§ 9.6.8 Provided the Owner has fulfilled its payment obligations under the Contract Documents, the Contractor shall defend and indemnify the Owner from all loss, liability, damage or expense, including reasonable attorney's fees and litigation expenses, arising out of any lien claim or other claim for payment by any Subcontractor or supplier of any tier. Upon receipt of notice of a lien claim or other claim for payment, the Owner shall notify the Contractor. If approved by the applicable court, when required, the Contractor may substitute a surety bond for the property against which the lien or other claim for payment has been asserted.

§ 9.7 Failure of Payment

§ 9.7.1 If the Owner does not pay Contractor any undisputed amount that is due and owing under this Contract within fifteen (15) days of the date when it is overdue in accordance with Texas Government Code § 2251.021, then the Contractor may, upon ten (10) additional days' written notice or such time period established by Chapter 2251 of the Texas Government Code, whichever is later, stop the Work until payment of the undisputed amount owing has been received. The Contract Time shall be extended appropriately, by the Contractor's actual reasonable delay in shutdown and start-up and the Contract Sum shall be increased for any demobilization or remobilization costs.

§ 9.7.2 If the Owner is entitled to reimbursement or payment from the Contractor under or pursuant to the Contract Documents, such payment shall be made promptly upon demand by the Owner. Notwithstanding anything contained in the Contract Documents to the contrary, if the Contractor fails to promptly make any payment due to Owner, or the Owner incurs any costs and expenses to cure any default of the Contractor or to correct defective Work, pursuant to the Contract, the Owner shall have a right to offset such amount against the Contract Sum and may, in the Owner's sole discretion, elect either to:

.1 Deduct an amount equal to that which the Owner is entitled from any payment then or thereafter due to Contractor from the Owner; or

.2 Issue a written notice to the Contractor reducing the Contract Sum by an amount equal to that which the Owner is entitled.

§ 9.8 Substantial Completion

§ 9.8.1 The Work as set out herein will not be considered Substantially Complete unless and until, as a condition to Owner's obligation to pay Contractor, and the term Substantial Completion shall mean that the performance of the work is to the point where (1) all Project systems included in the Work are operational; (2) as to such Work, all required governmental inspections and certification required of Contractor have been made and posted; (3) as to such Work, designated initial instruction described in the Contract Documents of Owner's personnel in the operation of systems has been completed; (4) as to such Work, all the required finishes set out in the Contract Documents are in place; (5) the Work can be used by the Owner for its intended purpose; (6) a final completion list has been prepared by Contractor and approved by Owner; and (7) lien waivers, and guarantees for Work completed to that date have been delivered to Owner. A significantly large number of items to be completed or corrected will preclude the Architect from issuing a Certificate of Substantial Completion. The Owner and Architect will be sole judge of the detailed list of items of Work to be completed or corrected at the date of Substantial Completion which list will be no longer than one or two typed pages.

§ 9.8.2 When the Contractor considers that the Work, or a portion thereof which the Owner agrees to accept separately, is substantially complete, the Contractor shall prepare and submit to the Architect a comprehensive list of items to be completed or corrected prior to final payment. Failure to include an item on such list does not alter the responsibility of the Contractor to complete all Work in accordance with the Contract Documents.

§ 9.8.3 Upon receipt of the Contractor's list, the Architect will make an inspection to determine whether the Work or designated portion thereof is substantially complete. If the Architect's inspection discloses any item, whether or not included on the Contractor's list, which is not sufficiently complete in accordance with the Contract Documents so that the Owner can occupy or utilize the Work or designated portion thereof for its intended use, the Contractor shall, before issuance of the Certificate of Substantial Completion, complete or correct such item upon notification by the Architect. In such case, the Contractor shall then submit a request for another inspection by the Architect to determine Substantial Completion.

§ 9.8.4 When the Parties believe that the Work, or designated portion thereof, is substantially complete, the Owner in conjunction with the Contractor will prepare a proposed Certificate of Substantial Completion, which shall set forth the responsibilities of the Owner and Contractor for security, maintenance, heat, utilities, damage to the Work, and insurance and the time within which the Contractor shall finish all items on the list accompanying the Certificate. Warranties required by the Contract Documents shall commence on the date of Substantial Completion of the Work or designated portion thereof unless otherwise provided in the Certificate of Substantial Completion. Warranties on any items, which are completed after the Substantial Completion date shall commence on the date of completion of such item.

9.8.4.1 in Architect's opinion during the inspection, the Project, or the designated portion thereof which Owner has agreed to accept separately, is not sufficiently complete to warrant inspection, or if the list of items to be completed or corrected is not sufficiently complete to warrant inspection, then Architect may terminate the inspection and notify the Contractor that the Project is not ready for inspection. If for such reasons, Architect is required to make additional inspections, the Owner may reasonably deduct the cost of Architect's additional services made necessary thereby from any payments due the Contractor. The Architect's reasonable compensation shall be determined in accordance with the applicable provisions of the Agreement between the Owner and Architect. Except with the consent of the Owner, the Architect will perform no more than TWO (2) inspection to determine whether the Work has attained Substantial Completion in accordance with the Contract Documents. The Owner shall be entitled to deduct from the Contract Sum reasonable amounts paid to the Architect, Engineer, Consultant or service provider for any additional inspections.

§ 9.8.5 Thirty (30) days after completion of all incomplete work or correction of defective work as outlined in the Certificate of Substantial Completion, upon receipt of Consent of Surety, and upon the Owner's receipt of all Close-out documents as described in the Specifications, the Owner shall make payment of retainage, except for amounts required to be withheld pursuant to Texas Government Code 2253.

requirements of Section 9.8.1 and any additional requirements for Substantial Completion in the Project Manual have been met.

§ 9.9 Partial Occupancy or Use

§ 9.9.1 The Owner may occupy or use any completed or partially completed portion of the Work at any stage when such portion is designated by separate agreement with the Contractor, provided such occupancy or use is consented to by the insurer and authorized by public authorities having jurisdiction over the Project. Such partial occupancy or use may commence whether or not the portion is substantially complete, provided the Owner and Contractor have accepted in writing the responsibilities assigned to each of them for payments, retainage, if any, security, maintenance, heat, utilities, damage to the Work and insurance, and have agreed in writing concerning the period for correction of the Work and commencement of warranties required by the Contract Documents. When the Contractor considers a portion substantially complete, the Contractor shall prepare and submit a list to the Architect as provided under the Contract Documents. Consent of the Contractor to partial occupancy or use shall not be unreasonably withheld. The stage of the progress of the Work shall be determined by written agreement between the Owner and Contractor or, if no agreement is reached, by decision of the Architect and Owner.

§ 9.9.2 Immediately prior to such partial occupancy or use, the Owner, Contractor, and Architect shall jointly inspect the area to be occupied or portion of the Work to be used in order to determine and record the condition of the Work.

§ 9.9.3 Unless otherwise agreed upon, partial occupancy or use of a portion or portions of the Work shall not constitute acceptance of Work not complying with the requirements of the Contract Documents.

§ 9.9.4 In the event that Owner takes partial occupancy prior to Substantial Completion of the Project, Contractor shall obtain to the best of Contractor's ability an endorsement to Contractor's builder's risk policy to provide extended coverage for partial occupancy if Contractor's builder's risk coverage under the Contract Documents would not otherwise provide such coverage.

§ 9.10 Final Completion and Final Payment

§ 9.10.1 Upon receipt of the Contractor's notice that the Work is ready for final inspection and acceptance and upon receipt of a final Application for Payment, the Architect will promptly make such inspection. When the Architect finds the Work acceptable under the Contract Documents and the Contract fully performed and after receipt of and satisfaction with all closeout documents identified in Section 9.10.2, the Architect will promptly issue a final Certificate for Payment stating that to the best of the Architect's knowledge, information and belief, and on the basis of the Architect's on-site visits and inspections, the Work has been completed in accordance with the Contract Documents and that the entire balance found to be due the Contractor and noted in the final Certificate is due and payable, less any amounts withheld under the Contract. The Architect's final Certificate for Payment will constitute a further representation that conditions listed in Section 9.10.2 as precedent to the Contractor's being entitled to final payment have been fulfilled.

§ 9.10.2 Neither final payment nor any remaining retained percentage shall become due until and as a condition precedent to Owner's obligation to make the Final Payment and pay any retainage, the Contractor shall meet all the requirements of this Section 9.10.2 and shall submit to the Architect and Owner (1) an affidavit that payrolls, bills for materials and equipment, and other indebtedness connected with the Work for which the Owner or the Owner's property might be responsible or encumbered (less amounts withheld by Owner) have been paid or otherwise satisfied, or will be paid or otherwise satisfied with the proceeds of final payment; (2) a certificate evidencing that insurance required by the Contract Documents to remain in force after final payment is currently in effect and will not be canceled or allowed to expire until at least 30 days' prior written notice has been given to the Owner; (3) a written statement that the Contractor knows of no substantial reason that the insurance will not be renewable to cover the period required by the Contract Documents; (4) consent of surety, if any, to final payments; (5) if required by the Owner, other data establishing payment or satisfaction of obligations, such as receipts, releases and waivers of liens, claims, security interests or encumbrances arising out of the Contract, to the extent and in such form as may be designated by the Owner. If a Subcontractor refuses to furnish a release or waiver required by the Owner, the Contractor may furnish a bond satisfactory to the Owner to indemnify the Owner against such lien. If such lien remains unsatisfied after payments are made, the Contractor shall refund to the Owner all money that the Owner may be compelled to pay in discharging such lien, including all costs and reasonable attorneys' fees;(6) Contractor's Affidavit of Payment of Debts and Claims, AIA Document G706; (7) Contractor's Affidavit of Release of Liens, AIA Document G706A; (8) Consent of Surety to Final Payment, AIA Document G707; (9) Contractor's Guarantee –

All manuals will contain an index listing the information submitted. The index sections will be divided and identified by tabbing each section as listed in the index. If the Contractor has satisfied the requirements herein and if the Owner is satisfied that the Work has been fully performed in accordance with the Contract Documents, final payment, constituting the entire unpaid balance of the Contract Sum, including any retainage, shall be paid by the Owner to the Contractor thirty-one (31) days after Final Completion of the Work unless otherwise stipulated in the Certificate of Substantial Completion.

§ 9.10.3 If, after Substantial Completion of the Work, final completion thereof is materially delayed through no fault of the Contractor or by issuance of Change Orders affecting final completion, and the Architect so confirms, the Owner shall, upon application by the Contractor and certification by the Architect, and without terminating the Contract, make payment of the balance due for that portion of the Work fully completed, corrected, and accepted. If the remaining balance for Work not fully completed or corrected is less than retainage stipulated in the Contract Documents, and if bonds have been furnished, the written consent of the surety to payment of the balance due for that portion of the Work fully completed and accepted shall be submitted by the Contractor to the Architect prior to certification of such payment. Such payment shall be made under terms and conditions governing final payment, except that it shall not constitute a waiver of Claims.

§ 9.10.4 The making of final payment shall constitute a waiver of Claims by the Owner except those arising from

.1 liens, Claims, security interests, or encumbrances arising out of the Contract and unsettled;
.2 failure of the Work to comply with the requirements of the Contract Documents;
.3 terms of special warranties required by the Contract Documents; or
.4 audits performed by the Owner, if permitted by the Contract Documents, after final payment.

§ 9.10.5 Acceptance of final payment by the Contractor, a Subcontractor, or a supplier, shall constitute a waiver of claims by that payee except for any Claims then pending that comply with the requirements of Article 15.

§ 9.11 LIQUIDATED DAMAGES

§ 9.11.1 Failure of the Contractor to complete the Project within the Contract Time will result in damages being sustained by the Owner. Such direct damages are, and will continue to be, impracticable and extremely difficult to determine. Should Contractor fail to achieve Substantial Completion of the Project within the date established for Substantial Completion of the Project and/or Final Completion, Contractor and the surety shall be liable for and shall pay, as liquidated damages, the sum set forth in the Agreement (Section 4.5 of AIA A101-2017) for each calendar day of delay, after any authorized time extensions. From the compensation otherwise to be paid to the Contractor, the Owner may retain a sum sufficient to cover liquidated damages which may include, but may not be limited to, consultant fees, supervision, supplementation of forces by the Owner, loss of use, and loss of revenue for each calendar day that the Work remains uncompleted, which sum when presented by the Owner is agreed upon as the proper measure the Owner will sustain per day upon the failure of the Contractor to substantially complete the Work in the time stipulated. Execution of the Contract under these specifications shall constitute agreement by Owner and Contractor that the amounts stated in this paragraph are the minimum value of the costs and damages caused by failure of Contractor to substantially and/or finally complete the Work within the allotted times, that such sums shall not be construed as a penalty, and that such sums may be deducted from payments due Contractor if such delay occurs; except that if the liquidated damages exceed the amount owed to the Contractor under the Contract, then the Contractor or its surety shall pay any additional damages due. Notwithstanding the foregoing, Owner reserves the right to enforce and/or seek all other remedies and damages available in law or equity for Contractor's failure to perform any its other obligations, any other acts or omissions of Contractor, or any other breach or default of Contractor under the Contract.

§ 9.11.2 Owner and Contractor agree that late completion of the Work and/or delay of the Work due to defective or non-conforming Work will result in Owner being damaged in an amount estimated to be the liquidated damages amount to cover such damages to include, but not limited to, the following:

.1 for rental expenses and other costs for temporary buildings or alternative space obtained by the Owner due to loss of use of the Work or any part of the Work;

In the event, that the Owner, the Architect, or any agent or representative of the Owner becomes a party to a lawsuit or other proceeding involving such accident or event or reasonably anticipates the filing of a lawsuit or institution of a proceeding involving such accident or event, the Contractor shall provide full details of the accident or event and any and all statements of any witnesses. In addition, if death, serious personal injuries, or serious property damages occur, the Contractor shall report the event immediately by telephone or messenger to the Owner.

§ 10.2.10 The Contractor shall be responsible for the protection and security of the Work and the Project, until the receipt by the Contractor of written notification that the Substantial Completion of the Work has been accepted by the Board of Regents.

§ 11.2.2 Failure to Purchase Required Property Insurance. If the Owner fails to purchase and maintain the required property insurance, with all of the coverages and in the amounts described in the Agreement or elsewhere in the Contract Documents, the Owner shall inform the Contractor in writing prior to commencement of the Work. Upon receipt of notice from the Owner, the Contractor may delay commencement of the Work and may obtain insurance that will protect the interests of the Contractor, Subcontractors, and Sub-Subcontractors in the Work. When the failure to provide coverage has been cured or resolved, the Contract Sum and Contract Time shall be equitably adjusted. In the event the Owner fails to procure coverage, the Owner waives all rights against the Contractor, Subcontractors, and Sub-subcontractors to the extent the loss to the Owner would have been covered by the insurance to have been procured by the Owner. The cost of the insurance shall be charged to the Owner by a Change Order. If the Owner does not provide written notice, and the Contractor is damaged by the failure or neglect of the Owner to purchase or maintain the required insurance, the Owner shall reimburse the Contractor for all reasonable costs and damages attributable thereto.

§ 11.2.3 Notice of Cancellation or Expiration of Owner's Required Property Insurance. Within three (3) business days of the date the Owner becomes aware of an impending or actual cancellation or expiration of any property insurance required by the Contract Documents, the Owner shall provide notice to the Contractor of such impending or actual cancellation or expiration. Unless the lapse in coverage arises from an act or omission of the Contractor: (1) the Contractor, upon receipt of notice from the Owner, shall have the right to stop the Work until the lapse in coverage has been cured by the procurement of replacement coverage by either the Owner or the Contractor; (2) the Contract Time and Contract Sum shall be equitably adjusted; and (3) the Owner waives all rights against the Contractor, Subcontractors, and Sub-subcontractors to the extent any loss to the Owner would have been covered by the insurance had it not expired or been cancelled. If the Contractor purchases replacement coverage, the cost of the insurance shall be charged to the Owner by an appropriate Change Order. The furnishing of notice by the Owner shall not relieve the Owner of any contractual obligation to provide required insurance.

§ 11.3 Waivers of Subrogation

§ 11.3.1 The Owner and Contractor waive all rights against (1) each other and any of their subcontractors, sub-subcontractors, agents and employees, each of the other, and (2) the Architect, Architect's consultants, separate contractors described in Article 6, if any, and any of their subcontractors, sub-subcontractors, agents and employees, for damages caused by fire or other causes of loss to the extent covered by property insurance obtained pursuant to this Section 11.3 or other property insurance applicable to the Work, except such rights as they have to proceeds of such insurance held by the Owner as fiduciary. The Owner or Contractor, as appropriate, shall require of the Architect, Architect's consultants, separate contractors described in Article 6, if any, and the subcontractors, sub-subcontractors, agents and employees of any of them, by appropriate agreements, written where legally required for validity, similar waivers each in favor of other parties enumerated herein. The policies shall provide such waivers of subrogation by endorsement or otherwise. A waiver of subrogation shall be effective as to a person or entity even though that person or entity would otherwise have a duty of indemnification, contractual or otherwise, did not pay the insurance premium directly or indirectly, and whether or not the person or entity had an insurable interest in the property damaged. Notwithstanding any provision to the contrary, the waiver of subrogation rights under the property insurance coverage in favor of the Architect, Architect's consultants, separate contractors described in Article 6 of the General Conditions of the Contract, if any, and any of the subcontractors, agents and employees shall be limited to such parties' site activities only, and shall not include any professional liability related to errors or omissions in their design or engineering services.

(Paragraph deleted)

§ 11.3.2 Until the Work is substantially completed and accepted by the Owner, the Contractor shall purchase and maintain property insurance upon the entire Work at the Site to the full insurable value thereof. The property insurance shall also cover portions of the Work stored off Site after written approval of the Owner of the value established in the approval, and also portions of the Work in transit. This insurance shall include the interests of the Owner, the Contractor, Subcontractors and Sub-subcontractors in the Work and shall insure against the perils of fire and extended coverage including flood and earthquake and shall include all risk insurance for physical loss or damage, including, without duplication of coverage, theft, vandalism and malicious mischief. This all risk policy shall be written Incorporating Texas Form No. 21 (Actual Completed Value Form) and Form No. 77 (General Change Endorsement) Incorporating the following language:

The Certificate of Insurance must include the names of the Insured Contractor and the Board of Regents of the Owner.

§ 11.4 Loss of Use, Business Interruption, and Delay in Completion Insurance

The Owner, at the Owner's option, may purchase and maintain insurance that will protect the Owner against loss of use of the Owner's property, or the inability to conduct normal operations, due to fire or other causes of loss. The Owner waives all rights of action against the Contractor and Architect for loss of use of the Owner's property, due to fire or other hazards however caused.

§11.5 Adjustment and Settlement of Insured Loss

The Contractor shall pay Subcontractors their just shares of insurance proceeds received by the Contractor, and by appropriate agreements, written where legally required for validity, shall require Subcontractors to make payments to their Sub-subcontractors in similar manner.

§ 11.5.2 The Owner as fiduciary shall have power to adjust and settle a loss with insurers unless one of the parties in interest shall object in writing within 10 business days after occurrence of loss to the Owner's exercise of this power; if such objection is made, the dispute shall be resolved in the manner selected by the Owner and Contractor as the method of binding dispute resolution in the Agreement.

§ 11.6.2 Upon the request of any person or entity appearing to be a potential beneficiary of bonds covering payment of obligations arising under the Contract, the Contractor shall promptly furnish a copy of the bonds or shall permit a copy to be made.

ARTICLE 12 UNCOVERING AND CORRECTION OF WORK

§ 12.1 Uncovering of Work

§ 12.1.1 If a portion of the Work is covered contrary to the Architect's request or to requirements specifically expressed in the Contract Documents, it must, if requested in writing by the Architect, be uncovered for the Architect's examination and be replaced at the Contractor's expense without change in the Contract Time.

§ 12.1.2 If a portion of the Work has been covered that the Architect has not specifically requested to examine prior to its being covered, the Architect may request to see such Work and it shall be uncovered by the Contractor. If such Work is in accordance with the Contract Documents, the Contractor shall be entitled to an equitable adjustment to the Contract Sum and Contract Time as may be appropriate. If such Work is not in accordance with the Contract Documents, the costs of uncovering the Work, and the cost of correction, shall be at the Contractor's expense.

§ 12.2 Correction of Work

§ 12.2.1 Before Substantial Completion

The Contractor shall promptly correct Work rejected by the Architect or failing to conform to the requirements of the Contract Documents, discovered before Substantial Completion and whether or not fabricated, installed or completed. Costs of correcting such rejected Work, including additional testing and inspections, the cost of uncovering and replacement, and compensation for the Architect's services and expenses made necessary thereby, shall be at the Contractor's expense.

§ 12.2.2 After Substantial Completion

§ 12.2.2.1 In addition to the Contractor's obligations under Section 3.5, if, within one year after the date of Substantial Completion of the Work or designated portion thereof or after the date for commencement of warranties established under Section 9.9.1, or by terms of any applicable special warranty required by the Contract Documents, any of the Work is found to be not in accordance with the requirements of the Contract Documents, the Contractor shall correct it promptly after receipt of notice from the Owner to do so, unless the Owner has previously given the Contractor a written acceptance of such condition. The Owner shall give such notice promptly after discovery of the condition. If the Contractor fails to correct nonconforming Work within a reasonable time during that period after receipt of notice from the Owner or Architect, the Owner may correct it in accordance with Section 2.5.

§ 12.2.2.2 The one-year period for correction of Work shall be extended with respect to portions of Work first performed after Substantial Completion by the period of time between Substantial Completion and the actual completion of that portion of the Work.

§ 12.2.2.3 The one-year period for correction of Work shall not be extended by corrective Work performed by the Contractor pursuant to this Section 12.2.

§ 12.2.3 The Contractor shall remove from the site portions of the Work that are not in accordance with the requirements of the Contract Documents and are neither corrected by the Contractor nor accepted by the Owner.

§ 12.2.4 The Contractor shall bear the cost of correcting destroyed or damaged construction of the Owner or Separate Contractors, whether completed or partially completed, caused by the Contractor's correction or removal of Work that is not in accordance with the requirements of the Contract Documents.

§ 12.2.4.1 Where nonconforming Work is found, the entire area of Work involved shall be corrected unless the Contractor can completely define the limits to the Owner's satisfaction. Additional testing, sampling, or inspecting needed to define nonconforming Work shall be at the Contractor's sole expense, and performed by a testing laboratory

designated by the Owner if such services are reasonably required by the Owner. All corrected work shall be retested at the Contractor's sole expense.

§ 12.2.5 Nothing contained in this Section 12.2 shall be construed to establish a period of limitations with respect to any obligations that the Contractor might have under the Contract Documents. Nothing contained in this Section 12.2 is intended to limit or modify any obligations under the law or under the Contract Documents, including any warranty obligations, expressed or implied.

§ 12.2.6 Contractor shall (i) re-execute any parts of the Work that fail to conform with the requirements of the Contract that appear in the progress of the Work; (ii) remedy any defects in the Work due to faulty materials or workmanship that appear within a period of one (1) year from Substantial Completion of the Work hereunder,; and (iii) replace, repair, or restore any parts of the Project or furniture, fixtures, equipment, or other items placed therein (whether by Owner or any other party) that are injured or damaged by any such parts of the Work that do not conform to the requirements of the Contract or defects in the Work.

§ 12.2.7 The provisions of this Section 12.2 apply to Work done by Subcontractors of the Contractor as well as Work done directly by employees of the Contractor. The provisions of this Section 12.2.7 shall not apply to corrective work attributable solely to the acts or omissions of any separate contractor of Owner (unless Contractor is acting in such capacities). The cost to Contractor of performing any of its obligations under this Section 12.2.7 to the extent not covered by insurance shall be borne by Contractor.

§ 12.2.8 If, the Owner and Contractor deem it inexpedient to require the correction of Work that is defective, damaged, or not done in accordance with the Contract Documents, an equitable deduction from the Contract Sum shall be made by agreement between Contractor and Owner. Until such settlement, Owner may withhold such reasonable sums, if any, due Contractor pursuant to this Agreement as Owner deems just and reasonable. The settlement shall not be unreasonably delayed by the Owner and the amount of money withheld shall be based on estimated actual cost of the correction to Owner.

§ 12.2.9 Contractor's express warranty set forth in this Article 12.2, including the warranty in Section 12.2.2.1, shall be in addition to, and not in lieu of, any other remedies Owner may have under the Contract, at law or in equity, for defective Work.

§ 12.3 Acceptance of Nonconforming Work

If the Owner prefers to accept Work that is not in accordance with the requirements of the Contract Documents, the Owner may do so instead of requiring its removal and correction, in which case the Contract Sum will be reduced as appropriate and equitable. Such adjustment shall be effected whether or not final payment has been made.

ARTICLE 13 MISCELLANEOUS PROVISIONS

§ 13.3.2 No action or failure to act by the Owner, Architect, or Contractor shall constitute a waiver of a right or duty afforded them under the Contract, nor shall such action or failure to act constitute approval of or acquiescence in a breach thereunder, except as may be specifically agreed upon in writing.

§ 13.4 Tests and Inspections

§ 13.4.1 Tests, inspections, and approvals of portions of the Work shall be made as required by the Contract Documents and by applicable laws, statutes, ordinances, codes, rules, and regulations or lawful orders of public authorities. § 13.4.4 Required certificates of testing, inspection, or approval shall, unless otherwise required by the Contract Documents, be secured by the Contractor and promptly delivered to the Architect.

§ 13.4.5 If the Architect is to observe tests, inspections, or approvals required by the Contract Documents, the Architect will do so promptly and, where practicable, at the normal place of testing.

§ 13.4.6 Tests or inspections conducted pursuant to the Contract Documents shall be made promptly to avoid unreasonable delay in the Work.

§ 13.8.1 This section is applicable to Contracts and Subcontracts exceeding $10,000.00 that are not exempt from the provisions of the Equal Opportunity Clause.

§ 13.8.2 By the signing of this Contract, the Contractor signifies that it does not maintain or provide for its employees any segregated facilities at any of its establishments, and that it does not permit its employees to perform their services at any location, under its control, where segregated facilities are maintained. It certifies further that it will not maintain or provide for its employees any segregated facilities at any of its establishments, and that it will not permit its employees to perform their services at any location, under its control, where segregated facilities are maintained. If it becomes necessary to employ any person in a trade or occupation not herein listed, such person shall be paid not less than an hourly rate fairly comparable to the rates shown hereinafter.

§ 13.9.2 This determination of prevailing wages shall not be construed to prohibit the payment of more than the rates named.

ARTICLE 14 TERMINATION OR SUSPENSION OF THE CONTRACT

§ 14.1 Termination by the Contractor

§ 14.1.1 Contractor may terminate the Contract for the following reasons:

.1 The Work has been stopped for thirty (30) consecutive days because of court order, of act by any government authority having jurisdiction over the Work, or by order of Owner in accordance with the Contract Documents, provided that such stoppages are not due in whole or part to the acts or omissions of the Contractor, or any employee, consultants, Subcontractors, Sub-subcontractors, or any other person for whose acts or omissions the Contractor may be responsible;

.2 Owner's failure to provide Contractor with any information, permits, or approvals that are Owner's responsibility under the Contract Documents that result in the Work being stopped for thirty (30) consecutive days even though Owner has not ordered Contractor in writing to stop and suspend the Work in accordance with the Contract documents;

.3 Owner's failure to cure the problem as set forth in the Contract Documents after Contractor has stopped the Work; or

.4 Owner has not made payment of undisputed sums due on an approved Application for Payment within the time to cure provided in the Contract.

§ 14.1.2 Upon the occurrence of an event set forth in 14.1.1 above, Contractor may provide written notice to Owner that it intends to terminate the Contract unless the problem cited is cured, or commenced to be cured, within a reasonable period of time after Owner's receipt of such notice. If Owner fails to cure, or fails to reasonably commence to cure, such problem, then Contractor may give a second written notice to Owner of its intent to terminate. If Owner fails to cure, or reasonably commences to cure, such problem within a reasonable period of time after such notice, then Contractor may declare the Contract terminated for default by providing written notice to Owner of such declaration. In such case, Contractor shall be entitled to recover from the Owner payment not yet made for Work actually and satisfactorily completed and accepted by Owner up to the point of termination and for actual proven unrecoverable loss with respect to materials, equipment, tools, and construction equipment and machinery purchased or rented prior to the time the event in Section 14.1.1 occurred upon payment by Owner of amounts paid for materials, equipment, tools and machinery under this Section 14.1.2, all title and rights to such items to transfer to Owner.

§ 14.1.3 If one of the reasons described in Section 14.1.1 or 14.1.2 exists, the Contractor may, upon seven days' notice to the Owner and Architect, terminate the Contract and recover from the Owner payment in an amount that would have been recoverable had the termination been for the Owner's convenience.

§ 14.1.4 If the Work is stopped for a period of 30 consecutive days through no act or fault of the Contractor, a Subcontractor, a Sub-subcontractor, or their agents or employees or any other persons or entities performing portions of the Work because the Owner has repeatedly failed to fulfill the Owner's obligations under the Contract Documents with respect to matters important to the progress of the Work, the Contractor may, upon seven additional days' notice to the Owner and the Architect, terminate the Contract and recover from the Owner as provided in Section 14.1.3.

§ 14.2 Termination by the Owner for Cause

§ 14.2.1

(Paragraphs deleted)

Owner may terminate the Contract for cause for Contractor's material breach of any provision of the Contract upon written notice to the Contractor specifying the provisions so breached. After receiving written notice of breach, Contractor shall have seventy-two (72) hours to cure the breach. If the Contractor fails to cure or reasonably commences to cure the breach within the time period so prescribed, the Owner may declare the Contract terminated

Adjustment of the Contract Sum shall include the cost associated with the termination of the contract including all labor, equipment and materials and the balance of the Contractor's fee supervisory labor and reasonable profit. No adjustment shall be made to the extent:

.1 that performance is, was or would have been so suspended, delayed or interrupted by another cause for which the Contractor is responsible; or
.2 that an equitable adjustment is made or denied under another provision of the Contract.

§ 14.4 Termination by the Owner for Convenience
§ 14.4.1 The Owner may, at any time, terminate the Contract for the Owner's convenience and without cause by giving Contractor thirty (30) days notice.

.3 except for Work directed to be performed prior to the effective date of termination stated in the notice, terminate all existing subcontracts and purchase orders and enter into no further subcontracts and purchase orders related to the Project.

§ 1.2.4 Conflicts or discrepancies among the Contract Documents shall be resolved in the following order of priority: (1) the Agreement (including any attachments), as may be modified or amended; (2) these General Conditions; (3) any Supplementary Conditions; (4) Drawings and Specifications; (5) other documents forming the Contract Documents and Modifications issued after the execution of the Contract. Except as otherwise specified herein, amendments, revisions, and Modifications of later date take precedence over those of earlier date. Drawings govern Specifications for quantity and location, and Specifications govern Drawings for quality and performance requirements. If there is a discrepancy in the quantity or quality stated, the Contractor shall be deemed to have estimated the Work on the basis of the greater quantity or better quality.

§ 1.2.5 STANDARDS AND REQUIREMENTS

When the Work is governed by reference to standards, building codes, manufacturer's instructions, or other documents, unless otherwise specified, the current edition as of the Contract date shall apply. Requirements of public authorities apply as minimum requirements only and do not supersede more stringent specified requirements. When specific products, systems, or items of equipment are referred to in the Contract Documents, any ancillary devices necessary for proper functioning also shall be provided to the extent that it is customary or a trade practice within Contractor's specialty to provide such ancillary devices.

§ 1.2.5.1 During the course of the Work, should any conflict be found in or between the Contract Documents, the Contractor shall be deemed to have included in the cost of the Work the greater quantity or better quality, or the most stringent requirements, unless Contractor shall have obtained an interpretation in writing from the Architect as to what shall govern before the submission of Contractor's Proposal. The Architect, in case of such conflict, may interpret or construe the document so as to obtain the most substantial and complete performance of the Work consistent with the Contract Documents and reasonably inferable therefrom, in the best interests of Owner, and the Architect's interpretation shall be final. The terms and conditions of this clause shall not relieve any party of any other obligation under the Contract Documents.

§ 1.2.6 OPTIONAL MATERIALS AND PROCESSES

Where the Drawings and Specifications, certain products, manufacturer's trade names, or catalog numbers are given, the parties shall deem this provided for the express purpose of establishing a standard of function, dimension, appearance, and quality of design in harmony with the Work, and not intended for the purposes of limiting competition. Materials or equipment shall not be substituted unless the Contractor obtains approval from the Owner for such substitution. When requesting substitution, the Contractor shall submit the proposed substitution in writing and should contain sufficient information to allow the Owner to determine if the proposed substitution is in fact equal or better than the requirements of the Contract Documents. The Owner shall review the proposed substitutions within a reasonable time. The Owner may approve substitutions only when the substitution is clearly proven by the Contractor to be equal in performance characteristics to the requirement of the Contract Documents, to be equally compatible with existing installations, and to be complimentary to the architectural design of the Work. The final selection of color and pattern will be made by the Owner from the range available within the options selected by the Contractor, unless the item is specified to match a specific color or sample furnished.

Contractor agrees to and shall comply with all rules, regulations and requirements of the Owner and the school campus on which the Work is to be performed , and shall take all steps necessary to protect and guard the safety of the employees, students and invitees of Owner. Contractor shall exercise the utmost skill and judgment to ensure that continuing construction activity will not interfere with the use, occupancy and quiet enjoyment of facilities in use on the site. Contractor recognizes that the ongoing activities in proximity with its construction activities shall result in the need for prompt and effective coordination of its services with those involved in the ongoing utilization of the premises. Such coordination and adequate site access shall be the responsibility of Contractor. Contractor understands and accepts the difficulties and costs associated with working in an existing facility and the potential delays and disruptions in its Work and has reasonably included such items in the Contract Time and the Contract Sum. The Contractor shall perform all the Work in such a manner as to cause minimum interference with the operations of the Owner and other contractors and Subcontractors on the site, and shall take, and cause the Contractor's and its Subcontractor's employees, agents, licensees and permittees to take all necessary precautions to protect the Work and the site and all persons and property thereon from damage or injury.

§ 3.3.7 In the event Contractor shall fall behind schedule at any time, for any reason, Owner shall be entitled to direct acceleration or resequencing of the Work to bring the Work back on schedule. Contractor shall be entitled to compensation from the Construction Contingency , or if such contingency funds are exhausted, pursuant to Change Order, for such acceleration only (a) to the extent necessitated by excusable and compensable delays, and (b) to the extent of premium pay and additional equipment cost actually incurred by Contractor. In the event Contractor determines that the Substantial Completion or Final Completion cannot be met by resequencing the Work, then Contractor shall immediately provide to the Owner, and in any event within five (5) business days after the date of receipt of any request by Owner for resequencing or acceleration , a plan to complete the Work in the shortest possible time. No approval by the Owner of any plan for resequencing or acceleration of the Work submitted by Contractor pursuant to this paragraph shall constitute a waiver by Owner of any damages or losses which Owner may suffer by reason of such resequencing or the failure of Contractor to meet Substantial Completion or Final Completion.

§ 3.4.2.1 Substitutions and alternates may be rejected by the Owner without explanation and will be considered only under one or more of the following conditions: (i) the proposal is required for compliance with interpretation of code requirements or insurance regulations then existing; (ii) specified products are unavailable through no fault of the Contractor; and (iii) when in the judgment of the Owner, a substitution would be substantially in the Owner's best interests, in terms of cost, time, or other considerations.

§ 3.4.2.2 The Contractor must submit to the Owner (i) a full explanation of the proposed substitution and submittals of all supporting data, including technical information, catalog cuts, warranties, test results, installation instructions, operating procedures, and other like information necessary for a complete evaluation for the substitution; (ii) a written explanation of the reasons the substitution should be considered, including the benefits to the Owner and the Work in the event the substitution is acceptable; (iii) the adjustment, if any, in the time of completion of the Work and the construction schedule; and (iv) an affidavit stating (a) the proposed substitution conforms to and meets all requirements of the pertinent Specifications and the requirements shown on the Drawings; and (b) the Contractor accepts the warranty and will coordinate the Work to be complete in all respects, as if originally specified by the Owner. Proposals for substitutions shall be submitted in triplicate to the Owner in sufficient time to allow the Owner no less than seven (7) working days for review. No substitutions will be considered or allowed without the Contractor's submittal of complete substantiating data and information.

§ 3.4.3 The Contractor shall enforce strict discipline and good order among the Contractor's employees and other persons carrying out the Work. The Contractor shall not permit employment of unfit persons or persons not properly skilled in tasks assigned to them. Furthermore, upon Owner's instruction, Contractor may not use any employee, subcontractor, supplier or vendor in the performance of the Work to whom the Owner makes a reasonable objection.

§ 3.5.1 The Contractor warrants to the Owner ~~and Architect~~ that materials and equipment furnished under the Contract will be of good quality and new unless ~~the Contract Documents require or permit otherwise. The Contractor further warrants that the Work will conform to the requirements of the Contract Documents and will be free from defects, except for those inherent in the quality of the Work the Contract Documents require or permit. Work, materials, or equipment not conforming to these requirements may~~ otherwise required or permitted by the Contract Documents, that the Work will be free from defects not inherent in the quality required or permitted, and that the Work will conform to the requirements of the Contract Documents. Work not conforming to these requirements, including substitutions not properly approved and authorized, will be considered defective. The Contractor's warranty excludes remedy for damage or defect caused by ~~abuse, alterations to the Work~~ abuse by the Owner, modifications not executed by the Contractor, improper or insufficient maintenance, unless such maintenance is the Contractor's responsibility as provided for in the Contract Documents, improper operation, or normal wear and tear and normal ~~usage. If required by the Architect,~~ usage, but only to the extent such exclusions occur after Owner has taken occupancy of such portion of the Project. If required by the Owner, the Contractor shall furnish satisfactory evidence as to the kind and quality of materials and equipment. Upon written notice from Owner, Contractor in a manner acceptable to Owner may (a) repair or replace the defective Work, or (b) re-perform defective Services in conformity with the Contract Documents. Owner must report any failure of the Work to Contractor in writing, provided that Owner's failure to report does not relieve Contractor of its warranty obligations. Except for defect caused by a failure of an equipment warranty that is assignable to the Owner, this warranty of Contractor to repair or replace the defective Work as set forth in this Section 3.5.1 or to re-perform defective Services is not assignable.

§ 3.5.2 ~~All material, equipment, or other special warranties required by the Contract Documents shall be issued in the name of the Owner, or shall be transferable to the Owner, and shall commence in accordance with Section 9.8.4.~~Contractor shall certify and warrant that the Project has been constructed in compliance with the Contract Documents. Notwithstanding anything in the Contract Documents to the contrary, Owner and Contractor expressly agree that the warranties stated herein shall mean the individual warranties associated with each particular Work within the Project; each such individual warranty shall run from the applicable Work's Substantial Completion date (unless otherwise expressly provided in the applicable Contract Documents for that particular Work). Contractor's express warranty is in addition to, and not in lieu of, Owner's other available remedies under the Contract Documents or law.

§ 3.5.3 When deemed necessary by the Owner and prior to installation of any item specifically made subject to a performance standard or regulatory agency standard under any provision of the Contract Documents, Contractor shall furnish proof of conformance to the Owner. Proof of conformance shall be in the form of product literature that the item is in conformance with the applicable standard.

§ 3.5.4 In the event of failure of materials, products, or workmanship, either during construction or the warranty period, the Contractor shall take appropriate measures to ensure correction or replacement of the defective items, when notified by the Owner. Except as otherwise provided by law or where a longer period is specified or where a longer period is included in a manufacturer's warranty, the warranty period for workmanship of the Contractor, consultants, subcontractors and sub-subcontractors shall be one (1) year from the Date of Substantial Completion.

§ 3.5.5 In the event of failure of materials, products, or workmanship, either during construction or the warranty period (which shall be one (1) year from the Date of Substantial Completion, except where a longer term is specified), the Contractor shall take appropriate measures to ensure correction or replacement of the defective items, when notified by the Owner.

§ 3.5.6 To the extent provided and allowed, the Contractor agrees to assign to the Owner, prior to Final Completion of the Work, any and all manufacturers' warranties relating to materials and labor used in the Work and agrees to perform the Work in such manner so as to preserve any and all such manufacturers' warranties. § 3.5.7 Contractor shall maintain a complete and accurate schedule of the date(s) of Substantial Completion, the date(s) of Final Completion, and the dates upon which the warranty on each phase or building will expire. Contractor shall provide a copy of such schedules to Owner. Prior to termination of the warranty period and upon request by the Owner, Contractor shall accompany Owner on reinspection of the Work in the Project and Contractor shall be responsible for correcting any warranty items that are observed or reported during the warranty period. Contractor shall prosecute such warranty work without interruption until accepted by Owner, even though such work should extend beyond the warranty period. If Contractor fails to provide the schedules to Owner, Contractor's warranty obligation described herein shall continue until such inspection is conducted and deficiencies are corrected.

§ 3.5.8 The warranties of Contractor provided in Section 3.5.1 shall in no way limit or abridge the warranties of the suppliers of equipment and systems which are to comprise a portion of the Work and all of such warranties shall be in form and substance as required by the Contract Documents. Contractor shall issue in the Owner's name all manufacturers' warranties for all equipment furnished by Contractor under this Contract and Contractor shall take no action or fail to act in any way that result in the termination or expiration of such third party warranties or that otherwise results in prejudice to the rights of Owner under such warranties. Contractor agrees to provide all notices required for the effectiveness of such warranties and shall include provisions in the contracts with the providers and manufacturers of such systems and equipment whereby Owner shall have a direct right, but not a duty, of enforcement of such warranty obligations.

~~The Contractor shall pay sales, consumer, use and similar taxes for the Work provided by the Contractor that are legally enacted when bids are received or negotiations concluded, whether or not yet effective or merely scheduled to go into effect.~~**§ 3.6.1** The Owner represents that this Project is eligible for exemption from the State Sales Tax on tangible personal property and material incorporated in the Project, provided that the Contractor fulfills the requirements of the Limited Sales, Excise and Use Tax Rules and Regulations. For the purpose of establishing exemption, it is understood and agreed that the Contractor may be required to segregate materials and labor costs at the time a contract is awarded, and will accept a Certificate of Exemption from the Owner. Contractor shall issue Certificates of Exemption to its Subcontractors and suppliers in lieu of said taxes for all such materials and supplies and shall obtain Certificates of Resale from Contractor suppliers. Failure of Contractor to issue Certificates of Exemption or to obtain Certificates of Resale from Contractor suppliers shall make the Contractor responsible for absorbing the tax, without compensation from Owner.

§ 3.7.2 The Contractor shall comply with and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities applicable to performance of the Work. In connection with such bonds, the Contractor shall prepare all applications, supply all necessary back-up material and furnish the surety with any required personal undertakings. Unless otherwise provided in the Contract Documents, the Contractor shall also obtain and pay all charges for all approvals for street closings, traffic control, parking meter removal, and other similar matters as may be necessary or appropriate for the performance of the Work.

§ 3.7.3 If the Contractor ~~performs Work knowing it to be contrary to applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, the Contractor shall assume appropriate responsibility for such Work and shall bear the costs attributable to correction.~~observes that portions of the Contract Documents are at variance with applicable laws, statutes, ordinances, building codes, rules, and/or regulations, the Contractor promptly shall notify the Owner in writing, and necessary changes may be accomplished by appropriate Modification upon Owner's written request. The Architect will promptly investigate such conditions and, if the Architect determines that they differ materially and cause an increase or decrease in the Contractor's cost of, or time required for, performance of any part of the Work, ~~will recommend that~~ an equitable adjustment shall be made in the Contract Sum or Contract Time, or both. If the Architect determines that the conditions at the site are not materially different from those indicated in the Contract Documents and that no change in the terms of the Contract is justified, the Architect shall promptly notify the Owner and Contractor, stating the reasons. § 3.7.6 The Contractor shall be responsible for timely notification to and coordination with all utility companies regarding the provision of or revising of services to the Project. The Contractor shall inform the Owner at once when the Owner's participation is required. Connections for temporary utilities required for the Work are the responsibility of the Contactor. Unless otherwise provided in the Contract Documents, payment for temporary services, tap charges, and water meter charges shall be the responsibility of the Contractor. § 3.9.1 The Contractor shall employ a competent superintendent and necessary assistants who shall be in attendance at the Project site during performance of the Work. The superintendent shall represent the Contractor, and communications given to the superintendent shall be as binding as if given to the Contractor. Important communications shall be confirmed in writing. Other communications shall be similarly confirmed on written request in each case. Such superintendent shall remain full-time on the Project until all items of the punch list are completed and accepted by the Owner. Prior to execution of the Contract, the Contractor shall furnish a list to the Owner of all consultants, job-site superintendent(s), Subcontractors, and suppliers involved in the Project. Notwithstanding the foregoing, Contractor shall keep on the job the superintendent approved by Owner who shall not be transferred from the Work without Owner's consent (which shall not be unreasonably withheld). However, such obligation to furnish the superintendent shall not be construed (1) to preclude the promotion within Contractor's organization of any person assigned to Work, or (2) to give rise to any liability of Contractor if any person assigned to the Work leaves Contractor's employ. If Owner reasonably determines that any employee of Contractor or of its Subcontractors is careless, not qualified to perform the Work assigned to him, incompetent, insubordinate, or acts in violation of any provision of these Contract Documents, and Owner and Contractor cannot, after a diligent and good faith attempt, agree what action should be taken with respect to the removal or reassignment of such employees, the Contractor shall promptly remove such employee from the Work and replace such employee. § 3.10.1 ~~The~~ If the bid documents contain a Project schedule setting out the beginning and ending of construction, or if there are any other limits on the time of performance set out in the Contract Documents, the Contractor, promptly after being awarded the Contract, shall ~~submit for the Owner's and Architect's information a Contractor's construction schedule for the Work. The schedule shall contain detail appropriate for the Project, including (1) the date of commencement of the Work, interim schedule milestone dates, and the date of Substantial Completion; (2) an apportionment of the Work by construction activity; and (3) the time required for completion of each portion of the Work. The schedule shall provide for the orderly progression of the Work to completion and~~ develop a construction schedule reasonably defining a plan for completing the Work within the required time. The format and detail of the schedule shall be in keeping with the size and complexity of the Project and in conformity with the Contract Documents. The schedule and any updates thereof shall be subject to approval of the Owner. The schedule and any updates shall not exceed time limits current under the Contract ~~Documents. The schedule~~ Documents (including granted time extensions) and shall be revised at appropriate intervals as ~~required by the conditions of the Work and Project.~~ reasonably required by the Contractor, shall be related to the entire project (if more than one Contract is involved in the Project), and shall provide for expeditious and practicable execution of the Work. All updated schedules shall address the subject of how the Contractor intends to overcome any delays previously encountered.

§ 3.10.4 The Contractor shall hold weekly progress meetings at the Project Site, provided that this provision shall not impact any requirement otherwise agreed to between the Owner and the Architect regarding progress meetings, or at such other time and frequency as are acceptable to or requested by the Owner. Progress of the work shall be reported at said meetings with reference to Contractor's construction schedule. The Contractor shall submit to the Owner with each monthly application for payment a copy of the progress schedule showing all Modifications required, and shall take whatever corrective action is necessary to assure that the Project completion schedule is met at no additional cost to Owner, except as allowed herein.

§ 3.10.5 The process of approving Contractor's schedules and updates to Contractor's schedule shall not constitute a warranty by the Owner that any non-Contractor milestones or activities will occur as set out on Contractor's schedule. Approval of a Contractor's schedule does not constitute a commitment by the Owner to furnish any Owner-furnished information or material any earlier than Owner would otherwise be obligated to furnish that information or material under the Contract Documents. The construction schedule shall be in a detailed format satisfactory to the Owner and also shall:

.1 provide a graphic representation of all activities and events that will occur during performance of Work;
.2 identify each phase of construction and occupancy; and
.3 set forth dates that are critical in ensuring the timely and orderly completion of the Work in accordance with the requirements of the Contract Documents (hereinafter referred to as Milestone Date).

If not accepted by the Owner, the Contractor promptly shall revise the construction schedule in accordance with the reasonable recommendations of the Owner and re-submit the construction schedule for acceptance. The Contractor shall monitor the progress of the Work for conformance with the requirements of the construction schedule and promptly shall advise the Owner of any delays or potential delays. The accepted construction schedule shall be updated to reflect actual conditions (sometimes referred to in these General Conditions as progress reports) as set forth in Section 3.10.1 or if requested by the Owner. In the event any progress report indicates any Contractor caused delays and Contractor is responsible for such delays, the Contractor shall propose an affirmative plan to correct the delay, including overtime and/or additional labor, if necessary. In no event shall any progress report constitute an adjustment in the Contract Time, any Milestone Date, or the Contract Sum unless any such adjustment is agreed to by the Owner and authorized pursuant to Change Order.

§ 3.10.6 The Owner shall have the reasonable right to reschedule the time of day for the performance of any part of the Work that may interfere with the operation of the Owner's premises or any tenants or invitees thereof. The Contractor shall, upon the Owner's reasonable request, reschedule any portion of the Work affecting operation of the premises during hours when the premises are not in operation. § 3.12.11 Adequate copies of shop drawings for architectural, structural, mechanical, and electrical work shall be submitted to the Architect or Owner for review. The Contractor shall submit complete drawings, data, and samples to the Architect or Owner at least ten (10) days prior to the date the Contractor needs the reviewed submittals and samples returned. Once samples of all key items are received, the Architect or Owner will finalize color selections. There may be occasions where review and responses in less than the 10 days are warranted. For these instances the Contractor shall notify the Owner and Architect of this need and they shall put all efforts forward to meet the Contractor's deadline.

§ 3.12.12 The Contractor shall submit electronic files of product data and two (2) samples to the Architect or Owner. One additional set may be requested for the Owner's representative. Contractor will perform the work so as not to interfere with classes and the operation of Owner's adjacent buildings and comply with any reasonable requests of Owner to make adjustments to avoid adversely affecting school operations at or near the site. The Contractor will abide by all applicable policies, rules, and regulations of the Owner with respect to conduct, including smoking, access to the Project Site, parking of vehicles, tree preservation, and entry to any adjacent facilities that are owned by the Owner.

§ 3.13.2 Only materials and equipment that are to be used directly in the Work shall be brought to and stored on the Project Site by the Contractor. After equipment is no longer required for the Work, it shall be promptly removed from the Project Site. Reasonable protection of construction material and equipment stored at the Project Site from weather, theft, damage and all other adversity is solely the responsibility of the Contractor.

§ 3.13.3 Except as may be set forth herein, the Contractor and any entity for whom the Contractor is responsible shall not erect any sign on the Project Site without the prior written consent of the Owner.

§ 3.13.4 Contractor shall ensure that the Work, at all times, is performed in a manner that affords reasonable access, both vehicular and pedestrian, to the Site and all adjacent areas. The Work shall be performed, to the fullest extent reasonably possible, in such a manner that public areas adjacent to the Site shall be free from all debris, building materials, and equipment likely to cause hazardous conditions. Without limitation of any other provision on the Contract Documents, Contractor shall use its best efforts to minimize any interference with the occupancy or beneficial use of:

.1 any area and buildings adjacent to the Site of the Work, or

Minor changes in the Work shall not include changes that involve the outward appearance of the structure, color schemes, floor plans, building materials, landscaping, or mechanical equipment.

Owner is not obligated to monitor payments to Subcontractors or Sub-subcontractors, and nothing in this section shall create any right on the part of a Subcontractor or Sub-subcontractor against Owner. Developer shall construct, at Developer's sole cost and expense, all facilities relating to the Proposed Development, including the Developer Facilities, in compliance with the WTCPUA Rules and Policies. Developer shall submit all Plans and Specifications for all facilities relating to the Proposed Development, including the Developer

Facilities, including any phase or portion thereof, to the WTCPUA for review and approval prior to commencement of construction. Construction of all facilities relating to the Proposed Development including the Developer Facilities shall be subject to all WTCPUA Rules and Policies. Further, the Developer, at its sole cost and expense, shall grant to the PUA all on-site and off-site easements necessary for the PUA to own and operate the facilities.

Section 3.2 Developer Deposit. As of the Effective Date, Developer has deposited with the WTCPUA the sum of $5,000 ("Developer Deposit"), which shall be used to pay the WTCPUA's charges and fees as provided in Sections 5.14 through 5.17 of the WTCPUA Rules and Policies with respect to the extension of service to the Proposed Development. To the extent such charges and fees incurred for the Proposed Development exceed or are projected to exceed the amount of the Developer Deposit as specified above, the WTCPUA shall invoice Developer for such additional amounts and payment by Developer shall be due upon its receipt of such invoice. Delay by Developer in paying an invoice when due shall delay WTCPUA review and acceptance of any facility relating to the Proposed Development, including the Developer Facilities and the commencement of service to the Proposed Development. Any funds remaining in the Developer Deposit not used by the WTCPUA shall be reimbursed to Developer upon the commencement of service in accordance with Article IV.

ARTICLE IV
COMMENCEMENT OF SERVICE BY WTCPUA

Section 4.1 Conditions Precedent to Commencement of Facilities Construction or Service. Except as provided in Section 4.2, Developer and WTCPUA agree that the WTCPUA is not required to approve commencement of facilities construction or commence retail water service to a Retail Customer in the Proposed Development until Developer and/or a Retail Customer has complied with WTCPUA Rules and Policies including:

Prior to release of plans for construction, the Developer shall pay all required engineering review fees, outside engineering and legal fees, inspection fees, reservation fees, and impact fees relating to all tasks required by the WTCPUA to provide service to the Proposed Development.

Prior to release of water meters for the Proposed Development, the Developer shall submit close out documents including a final plat and executed easements in a form and manner acceptable for WTCPUA recording per the WTCPUA close out check list, an executed Conveyance Agreement in a form and manner acceptable to the WTCPUA and pay all applicable fees due including but not limited to, any outstanding engineering review fees, outside engineering and legal fees and deposit replenishment billings, tap fees, meter-drop in fees and all other associated meter fees. All close out documents shall be submitted and approved by the PUA within 45 calendar days of substantial completion of the PUA approved project; otherwise, the project shall be considered expired and shall be subject to a new SER application and review process.

Each customer within the Proposed Development is encouraged to install and maintain a customer service pressure reducing valve located on the water service line located outside the respective customer’s meter box.

DocuSign Envelope ID: 81F01093-3AA7-420D-9A55-62D7A4236417

Developer agrees and understands that the WTCPUA's commitment of _14_ LUEs of water service runs with and is assigned to the Proposed Development.

Section 4.2 Impact Fees. Developer agrees to pay such Impact Fees (current Impact Fees in effect at the time of payment) for 14 LUEs to the WTCPUA. Impact fees shall be paid prior to construction plan approval; however, Developer may choose to pay impact fees at any earlier time to avoid the assessment of annual reservations fees in accordance with Section 4.3, if the impact fee payment date is earlier than the annual due date of the reservation fees. Paid reservation will not offset or be credited against impact fee assessments.

Section 4.3. Reservation Fees. Fees shall be calculated by multiplying the current Reservation Fee as contained in the WTCPUA Rules and Policies at the time of each anniversary of the date of the Written Service Commitment times the number of unused LUEs reserved for the Developer pursuant to this Agreement. Developer shall calculate and pay annual Reservation Fees for reserved water LUEs on each annual anniversary of the commencement of the Reservation Period ("Due Date"). If Developer pays the Reservation Fees prior to or on the Due Date, the LUEs for which Reservation Fees have been paid will be considered to be in "reserved status" for the next contract year in the Reservation Period. Reservation Fees are non-refundable and non-reimbursable. If Reservation Fees are not paid on the Due Date, such nonpayment shall be an event of default. If Developer fails to pay Reservation Fees on the Due Date, the WTCPUA may terminate this Agreement, with immediate effect, by giving notice to the Developer. Any remaining LUEs for which Reservation Fees are not paid will no longer be considered in "reserved status" and such nonpayment will be considered a breach of contract and Developer may be subject to any and all penalties and remedies applicable to a breach of this Agreement.

Should Developer transfer or assign this Agreement, neither the reservation of nor right to reserve LUEs shall be automatically assigned to any future successor in interest of the Developer as a component of any assignment of this Agreement without express written consent of the WTCPUA.

Reservation Fees for the initial year of the Reservation Period must be paid not later than six (6) months from the date of the Written Service Commitment by the WTCPUA Board of Directors if a water meter or meters having up to _14_ LUEs of water has not been installed in accordance with WTCPUA Rules and Policies. Any LUEs in reserved status, but which are connected and for which impact fees are paid during the six (6) month grace period, will be deducted from the number of LUEs for which the initial years' Reservation Fees are due.

Furthermore, the Developer agrees and understands that the WTCPUA's commitment of 14 LUEs of water service runs with and is assigned to the Proposed Development.

Section 4.4 Right of Access. Developer agrees to provide the WTCPUA with immediate access to the Developer Facilities, or any other portion of the Developer Facilities, when required for the WTCPUA to construct, install, operate, repair, maintain, replace, inspect, or upgrade the Developer Facilities.

ARTICLE V
TERM; DEFAULT

Section 5.1 Term; Termination. This Agreement shall become effective upon the latest date of execution by either the Developer or the WTCPUA (the "Effective Date"). WTCPUA may terminate this agreement upon written notice to Developer for any of the _14_ LUEs water of which a Retail Customer has not requested service in accordance with the WTCPUA Rules and Policies by the fourth anniversary of the Effective Date. The Parties may extend the termination deadlines in this Section upon written amendment of this Agreement. Unless otherwise earlier terminated, this Agreement shall extend from the Effective Date for as long as the WTCPUA provides service to Retail Customers located in the Proposed Development.

Section 5.2 Default.

(a) In the event that Developer defaults on or materially breaches any one or more of the provisions of this Agreement, other than the payment of Reservation Fees, the WTCPUA shall give Developer thirty (30) days to cure such default or material breach after the WTCPUA has made written demand to cure the same. A breach is material if Developer fails to meet or otherwise violates its obligations and responsibilities as set forth in this Agreement. If Developer fails to cure a breach or default involving the payment of money to WTCPUA within such thirty days or fails to cure or take reasonable steps to effectuate such a cure within thirty days if the breach or default does not involve the payment of money to WTCPUA and is not capable of being cured within thirty days, WTCPUA may terminate this Agreement upon written notice to Developer. Upon termination of this Agreement, including termination for nonpayment of Reservation Fees, WTCPUA will retain all payments made, if any, by Developer to the WTCPUA made under this Agreement and WTCPUA shall have no duty to extend water service to Retail Customers within the Proposed Development after the date of termination. If any default is not capable of being cured within thirty (30) days, then WTCPUA may not terminate this Agreement or exercise any other remedies under this Agreement so long as Developer diligently and continuously pursues curative action to completion.

(b) In the event that WTCPUA defaults on or materially breaches any one or more of the provisions of this Agreement, Developer shall give WTCPUA thirty (30) days to cure such default or material breach after Developer has made written demand to cure the same and before Developer files suit to enforce the Agreement. In the event of default by WTCPUA, Developer may, as its sole and exclusive remedy either: (a) seek specific performance or a writ of mandamus from a court of competent jurisdiction compelling and requiring WTCPUA and its officers to observe and perform their obligations under this Agreement; or (b) if specific performance and a writ of mandamus are barred by governmental immunity, then pursue all other legal and equitable remedies. A breach is material if WTCPUA violates its obligations and responsibilities as set forth in this Agreement.

Service Availability Letter from West Travis County Public Utility Agency for HPR Elementary #8

RECOMMENDED ACTION
Approve the Service Availability Letter from West Travis County Public Utility Agency for HPR Elementary #8 and authorize the Superintendent or his designee to execute the letter.

RATIONALE
The Service Availability Letter (SAL) is the WTCPUA response to the Service Extension Request for 14 LUEs of water service to the school. The SAL lists the conditions that the District has to meet to obtain a water meter for the school. The WTCPUA requires applicants for water service to agree to the conditions for water service by signing the SAL.

The first condition in the SAL is the District entering into a Non-Standard Water Service Agreement (NSSA) with the WTCPUA for 14 LUEs of domestic water service. The SAL is essentially an outline of the terms in the NSSA.

RECOMMENDED ACTION
For approval with Consent Agenda.

RATIONALE
TASB regularly sends updates of legal and local policy reflective of legislative changes, court cases, Commissioner's rulings, letters, etc. Update 121 includes updates to legal policies primarily due to legislative and regulatory changes. The local policy changes offered for board consideration in this update were prompted primarily by changes to the Texas Administrative Code and federal regulations, as well as new guidance from the Governmental Accounting Standards Board. In addition, the series of local policies addressing school safety personnel has been rearranged to better align with the associated legal policy codes.

For a detailed summary of the recommended changes see the Update 121 packet, explanatory notes, and local policy comparison packet. Below is a summary of the recommended changes to local policies.

CFB(LOCAL): ACCOUNTING - INVENTORIES - Revisions regarding the capitalization threshold are based on amended guidance from GASB Implementation Guide 2021-1, Question 5.1, regarding the capitalization of assets with individual acquisition costs below the threshold if the assets in the aggregate are significant. The amended guidance applies to re-porting periods beginning after June 15, 2023.

CKE(LOCAL): SAFETY PROGRAM/RISK MANAGEMENT - SECURITY PERSONNEL - To better align the district's legal and local policies, provisions addressing commissioned peace officers have been relocated to CKEA(LOCAL).

CKEA(LOCAL): SECURITY PERSONNEL - COMMISSIONED PEACE OFFICERS - Provisions addressing commissioned peace officers have been relocated to this code from CKE(LOCAL). Please review the provisions for accuracy. If revisions are needed regarding other security personnel or if the

district's police department has a body-worn camera program or considers one in the future, please contact your policy consultant.

CLB(LOCAL): BUILDINGS, GROUNDS, AND EQUIPMENT MANAGEMENT – MAINTENANCE - Administrative Code rules regarding integrated pest management (IPM) were amended to include district-owned residential property among the district facilities subject to the IPM requirements. Although the changes to the rules add "residential property" to the buildings and grounds subject to IPM requirements, it is our understanding from the Texas Department of Agriculture that this inclusion is intended to apply only to district-owned residential property that is primarily used as student housing. As requested by TDA, revisions include such residential property among the district facilities subject to the district's IPM program.

CO(LOCAL): FOOD AND NUTRITION MANAGEMENT - Based on information received from the district, the enclosed revisions are recommended to update the district's grace period for students who have exhausted all funds or have an insufficient balance in their prepaid meal account.

COA(LOCAL): FOOD AND NUTRITION MANAGEMENT – PROCUREMENT - Based on information received from the district, the enclosed revisions are recommended to update the position of the employee responsible for overseeing procurement with federal child nutrition funds and for determining whether the district will apply a geographic preference when procuring certain products.

CRF(LOCAL): INSURANCE AND ANNUITIES MANAGEMENT - UNEMPLOYMENT INSURANCE - There are no significant revisions to the text on reasonable assurance; however, the policy template has been updated to accommodate the new adoption date function in Policy Online®. This policy is being issued at no charge to the district.

CVA(LOCAL): FACILITIES CONSTRUCTION - COMPETITIVE BIDDING - Policy BJA(LOCAL) authorizes the superintendent to delegate responsibilities to other employees of the district as permitted by law; thus, it is not necessary to include a reference to the superintendent's de-signee at Specifications. In addition, the policy template has been updated to accommodate the new adoption date function in Policy Online®. This policy is being issued at no charge to the district.

CVB(LOCAL): FACILITIES CONSTRUCTION - COMPETITIVE SEALED PROPOSALS -As noted above, policy BJA(LOCAL) authorizes the superintendent to delegate responsibilities to other employees of the district as permitted by law; thus, it is not necessary to include a reference to the super-intendent's designee at Specifications. In addition, the policy template has been updated to accommodate the new adoption date function in Policy Online®. This policy is being issued at no charge to the district.

DEA(LOCAL): COMPENSATION AND BENEFITS - COMPENSATION PLAN - To eliminate the possibility of confusion about the frequency of pay, we recommend replacing bimonthly with the more specific and widely used semi-monthly. Other revisions are recommended for policy style and to clarify the circumstances under which certain employees will receive premium pay during an emergency closing for a disaster.

If the district no longer wants to provide premium pay for nonexempt employees who are required to work during an emergency closing for a disaster, please contact your policy consultant for appropriate revisions to this policy.

FD(LOCAL): ADMISSIONS - Recommended revisions to this policy at Transition Assistance reflect the repeal and replacement of an Administrative Code provision regarding awarding credit to a student who is homeless or in substitute care. Under the new rule, a district must adopt a policy to ensure credit has been awarded appropriately prior to enrollment. Other changes provide greater flexibility for the district with regard to requiring proof of residency by removing specific requirements and referring to administrative regulations. Additional local updates are included to address changes in the section related to establishing residency based on grandparents who provide after care.

FFI(LOCAL): STUDENT WELFARE - FREEDOM FROM BULLYING - The Minimum Standards for Bullying Prevention, completed by TEA on January 31, 2023, include a requirement for policy provisions on reporting bullying incidents. Existing policy language addresses reporting by students and staff. The enclosed revisions are recommended to address the new minimum standards.

In this packet, you will find:

- Policies being recommended for revision (annotated)
- New policies (not annotated)
- Policies recommended for deletion (annotated in PDF; not shown in Word)

Annotations are shown as follows:

- Deletions are in a red strike-through font: ~~deleted text~~.
- Additions are in a blue, bold font: **new text**.
- Blocks of text that were moved without changes are shown in green, with double underline and double strike-through formatting to distinguish the text's new placement from its original location: ~~moved text~~ becomes moved text.
- Revision bars appear in the right margin to show sections with changes.

Note: While the annotation software competently identifies simple changes, large or complicated changes—as in an extensive rewrite—may be more difficult to follow. In addition, TASB's recent changes to the policy templates to facilitate accessibility sometimes make formatting changes appear tracked, even though the text remains the same.

For provisions regarding discrimination and harassment involving District students, see FFH. Note that FFI shall be used in conjunction with FFH for certain prohibited conduct. For reporting requirements related to child abuse and neglect, see FFG.

Bullying Prohibited

The District prohibits bullying, including cyberbullying, as defined by state law. Retaliation against anyone involved in the complaint process is a violation of District policy and is prohibited.

Examples

Bullying of a student could occur by physical contact or through electronic means and may include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name calling, rumor spreading, or ostracism.

Minimum Standards

In accordance with law, the Superintendent shall develop administrative procedures to ensure that minimum standards for bullying prevention are implemented.

Retaliation

The District prohibits retaliation by a student or District employee against any person who in good faith makes a report of bullying, serves as a witness, or participates in an investigation.

Examples

Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

False Claim

A student who intentionally makes a false claim, offers false statements, or refuses to cooperate with a District investigation regarding bullying shall be subject to appropriate disciplinary action.

Timely Reporting

Reports of bullying shall be made as soon as possible after the alleged act or knowledge of the alleged act. A failure to immediately report may impair the District's ability to investigate and address the prohibited conduct.

Reporting Procedures

To obtain assistance and intervention, any student who believes that he or she has experienced bullying or believes that another student has experienced bullying should immediately report the alleged acts to a teacher, school counselor, principal, or other District employee. The Superintendent shall develop procedures allowing a student to anonymously report an alleged incident of bullying.

Report Format	A report may be made orally or in writing. The principal or designee shall reduce any oral reports to written form.
Periodic Monitoring	The Superintendent shall periodically monitor the reported counts of bullying incidents, and that declines in the count may represent not only improvements in the campus culture because bullying declines but also declines in the campus culture because of a decline in openness to report incidents.
Notice of Report	When an allegation of bullying is reported, the principal or designee shall notify a parent of the alleged victim on or before the third business day after the incident is reported. The principal or designee shall also notify a parent of the student alleged to have engaged in the conduct within a reasonable amount of time after the incident is reported.
Prohibited Conduct	The principal or designee shall determine whether the allegations in the report, if proven, would constitute prohibited conduct as defined by policy FFH, including dating violence and harassment or discrimination on the basis of race, color, religion, sex, gender, national origin, or disability. If so, the District shall proceed under policy FFH. If the allegations could constitute both prohibited conduct and bullying, the investigation under FFH shall include a determination on each type of conduct.
Investigation of Report	The principal or designee shall conduct an appropriate investigation based on the allegations in the report. The principal or designee shall promptly take interim action calculated to prevent bullying during the course of an investigation, if appropriate.
Concluding the Investigation	Absent extenuating circumstances, the investigation should be completed within ten District business days from the date of the initial report alleging bullying; however, the principal or designee shall take additional time if necessary to complete a thorough investigation. The principal or designee shall prepare a final, written report of the investigation. The report shall include a determination of whether bullying occurred, and if so, whether the victim used reasonable self-defense. A copy of the report shall be sent to the Superintendent or designee.
Notice to Parents	If an incident of bullying is confirmed, the principal or designee shall promptly notify the parents of the victim and of the student who engaged in bullying.

The District may notify law enforcement in certain circumstances.

Discipline

A student who is a victim of bullying and who used reasonable self-defense in response to the bullying shall not be subject to disciplinary action.

The discipline of a student with a disability is subject to applicable state and federal law in addition to the Student Code of Conduct.

Corrective Action

Examples of corrective action may include a training program for the individuals involved in the complaint, a comprehensive education program for the school community, follow-up inquiries to determine whether any new incidents or any instances of retaliation have occurred, involving parents and students in efforts to identify problems and improve the school climate, increasing staff monitoring of areas where bullying has occurred, and reaffirming the District's policy against bullying.

Transfers

The principal or designee shall refer to FDB for transfer provisions.

Counseling

The principal or designee shall notify the victim, the student who engaged in bullying, and any students who witnessed the bullying of available counseling options.

If the investigation reveals improper conduct that did not rise to the level of prohibited conduct or bullying, the District may take action in accordance with the Student Code of Conduct or any other appropriate corrective action.

Confidentiality

To the greatest extent possible, the District shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation.

Legal policies:

- Reflect the ever-changing legal context for governance and management of the district
- Inform local decision making
- Are NOT adopted, but only reviewed

Local policies:

- Require close attention by the administration and the board
- Reflect the practices of the district and the intentions of the board
- Are changed only by board action (adopt, revise, or repeal)

Keep Your Administrative Regulations Current

District of Innovation

A district is eligible for designation as a district of innovation if the district's most recent performance rating under Education Code 39.054 reflects at least acceptable performance.

A board may not vote on the final approval of the innovation plan if the district is assigned either a final or preliminary rating below acceptable performance. In the event the preliminary rating is changed, the board may then vote to become an innovation district.

The board may adopt a proposed local innovation plan by an affirmative vote of two-thirds of the membership of the board.

On adoption of a local innovation plan, the district is designated as a district of innovation for the term specified in the plan, but no longer than five calendar years, and shall begin operation in accordance with the plan. In addition, the district is exempt from state requirements identified under Education Code 12A.003(b)(2). [See Local Innovation Plan, above]

The district shall notify the commissioner of approval of the plan along with a list of approved exemptions by completing the agency’s form provided at 19 Administrative Code 102.1307(d).

A district's exemption under the plan includes any subsequent amendment or redesignation of an identified state requirement, un-

Amendment, Rescission, or Renewal of Local Innovation Plan	A local innovation plan may be amended, rescinded, or renewed if the action is approved by a vote of the district-level committee [see BQA] and a two-thirds majority vote of the board of trustees. An amendment to an approved plan does not change the date of the term of designation as an innovation district. Exemptions that were already formally approved are not required to be reviewed. A district must notify TEA within five business days of rescission and provide a date at which time it will be in compliance with all sections of the Education Code, but no later than the start of the following school year. During renewal, all sections of the plan and exemptions shall be reviewed, and the district must follow all components outlined in 19 Administrative Code 102.1307 relating to Adoption of Local Innovation Plans. The Texas Education Agency (TEA) may enter into an agreement with a federal agency concerning a project related to education, including provision of school lunches and construction of school buildings. TEA, or another state agency designated by the governor, shall coordinate the actions of a district participating in a federal financial assistance program. *Education Code 7.021(b), (c); Gov't Code 742.003*

Retirement and Insurance Contributions

Under the Texas Public School Retired Employees Group Benefits Act, Insurance Code Chapter 1575, a district that applies for money provided by the United States or a privately sponsored source shall, if any of the money will pay part or all of an active employee's salary, also apply for any legally available money to pay state contributions required by Insurance Code Chapter 1575, Subchapter E. *Insurance Code 1575.252*

Such district must comply with the requirements of Insurance Code Chapter 1575, Subchapter F. *Insurance Code 1575.252(2)–.257*

Under the Teacher Retirement System, Government Code, Title 8, Subtitle C, if a district applies for money provided by the United States, an agency of the United States, or a privately sponsored source, and if any of the money will pay part or all of an employee's salary, the district shall apply for any legally available money to pay state contributions required by Government Code 825.404 or 830.201. *Gov't Code 825.406(a)*

Such district must comply with the requirements of Government Code 825.406.

Block Grant Funds

If a district receives more than $5,000 in block grant funds to be used as the district determines is appropriate, it shall provide evidence to TEA that a public meeting or hearing was held in a timely manner solely to seek public comment on the needs or uses of block grant funds received by the district. The board may hold this meeting or hearing in conjunction with another board meeting or hearing if the meeting or hearing to consider block grant funds is clearly noted in an announcement of the other meeting or hearing. *Gov't Code 2105.058*

Education Department General Administrative Regulations (EDGAR)

Note: For information regarding procurement under state law, see the CH policy series regarding Purchasing and Acquisition and the CV series regarding Facilities Construction.

For additional legal requirements applicable to school nutrition procurement, see COA.

EDGAR means the Education Department General Administrative Regulations (34 C.F.R. 75, 76, 77, 79, 81, 82, 84, 86, 97, 98, and 99). *34 C.F.R. 77.1(c)*

Uniform Guidance (2 C.F.R. 200)

The Department of Education (ED) adopts the Office of Management and Budget (OMB) Guidance in 2 C.F.R. Part 200 Uniform Guidance, except for 2 C.F.R. 200.102(a) and 2 C.F.R. 200.207(a). Thus, 2 C.F.R. Chapter XXXIV, Part 3474 gives regulatory effect to the OMB guidance and supplements the guidance as needed for the ED. *2 C.F.R. 3474.1*

The Uniform Guidance establishes uniform administrative requirements, cost principles, and audit requirements for federal awards to non-federal entities, including school districts, as described in 2 C.F.R. 200.101 (Applicability). *2 C.F.R.200.100(a)(1)*

Note: For more information on EDGAR, the Uniform Guidance, and the federal regulations that apply to federal education grant awards, visit TEA's EDGAR Materials and Resources[1] and the ED's EDGAR website[2] and Uniform Guidance website.[3]

General Compliance

A district is responsible for complying with all requirements of the federal award. *2 C.F.R. 200.300(b)*

Throughout 2 C.F.R. Part 200 when the word "must" is used it indicates a requirement. Whereas, use of the word "should" or "may" indicates a best practice or recommended approach rather than a requirement and permits discretion. *2 C.F.R. 200.101(b)(1)*

Disclosures

Conflicts

A district must disclose in writing any potential conflict of interest to the federal awarding agency (e.g., ED) or pass-through entity (e.g., TEA) in accordance with applicable federal awarding agency policy. *2 C.F.R. 200.112*

Crimes

A district must disclose, in a timely manner, in writing to the federal awarding agency or pass-through entity all violations of federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the federal award. Failure to make required disclosures can result in any of the remedies described in 2 C.F.R. 200.339 (Remedies for Noncompliance). *2 C.F.R. 200.113*

Procurement Standards

District Procedures

The district must have and use documented procurement procedures, consistent with state, local, and tribal laws and regulations and the standards of 2 C.F.R. 200.318, for the acquisition of property or services required under a federal award or subaward. The district's documented procurement procedures [see Competition,

below] must conform to the procurement standards identified in 2 C.F.R. 200.317 through 200.327.

Oversight — The district must maintain oversight to ensure that contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders.

Conflicts of Interest — The district must maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award, and administration of contracts. No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a federal award if he or she has a real or apparent conflict of interest. A conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization that employs or is about to employ any of these parties, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract. The officers, employees, and agents of the district may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, districts may set standards for situations in which the financial interest is not substantial or the gift is an unsolicited item of nominal value. The standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the district. [See BBFA, CAA(LOCAL), CB(LOCAL), DBD]

Records — The district must maintain records sufficient to detail the history of procurement. These records will include, but are not necessarily limited to, the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price. [See Pre-procurement Review and Contract Cost and Price, below]

2 C.F.R. 200.318(a), (b), (c)(1), (i)

[See 2 C.F.R. 200.334 for record retention requirements.]

Financial Management — The district's financial management systems, including records documenting compliance with federal statutes, regulations, and the terms and conditions of the federal award, must be sufficient to permit the preparation of reports required by general and program-specific terms and conditions; and the tracing of funds to a level of expenditures adequate to establish that such funds have been used according to the federal statutes, regulations, and the terms and conditions of the federal award. [See also 2 C.F.R. 200.450 (Lobbying)]

The district's financial management system must comply with 2 C.F.R. 200.302(b). [See also 2 C.F.R. 200.334 (Retention requirements for records), .335 (Requests for transfer of records), .336 (Methods for collection, transmission and storage of information), and .337 (Access to records)]

2 C.F.R. 200.302

Internal Controls

The district must:

1. Establish and maintain effective internal control over the federal award that provides reasonable assurance that the district is managing the award in compliance with federal statutes, regulations, and the terms and conditions of the award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States or the "Internal Control Integrated Framework" issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).
2. Comply with the U.S. Constitution, federal statutes, regulations, and the terms and conditions of the award.
3. Evaluate and monitor the district's compliance with statutes, regulations and the terms and conditions of federal awards.
4. Take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings.
5. Take reasonable measures to safeguard protected personally identifiable information and other information the federal awarding agency or pass-through entity designates as sensitive or the district considers sensitive consistent with applicable federal, state, local, and tribal laws regarding privacy and responsibility over confidentiality.

2 C.F.R. 200.303

"Internal controls" for districts means processes designed and implemented by districts to provide reasonable assurance regarding the achievement of objectives in the following categories:

1. Effectiveness and efficiency of operations;
2. Reliability of reporting for internal and external use; and
3. Compliance with applicable laws and regulations.

2 C.F.R. 200.1

Competition

All procurement transactions for the acquisition of property or services required under a federal award must be conducted in a manner providing full and open competition consistent with the standards of 2 C.F.R. 200.319 and 200.320 (Methods of procurement to be followed).

In order to ensure objective contractor performance and eliminate unfair competitive advantage, contractors that develop or draft specifications, requirements, statements of work, or invitations for bids or requests for proposals must be excluded from competing for such procurements.

The district must conduct procurements in a manner that prohibits the use of statutorily or administratively imposed state, local, or tribal geographical preferences in the evaluation of bids or proposals, except in those cases where applicable federal statutes expressly mandate or encourage geographic preference. Nothing in this provision preempts state licensing laws. When contracting for architectural and engineering services, geographic location may be a selection criterion provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.

The district must have written procedures for procurement transactions. These procedures must ensure that all solicitations meet the requirements of 2 C.F.R. 200.319(d). [See Procurement Standards, above]

The district must ensure that all prequalified lists of persons, firms, or products which are used in acquiring goods and services are current and include enough qualified sources to ensure maximum open and free competition. Also, the district must not preclude potential bidders from qualifying during the solicitation period.

Noncompetitive procurements can only be awarded in accordance with 2 C.F.R. 200.320(c).

2 C.F.R. 200.319

Procurement Methods

The district must have and use documented procurement procedures, consistent with the standards of 2 C.F.R. 200.320 and 200.317 (Procurements by states), 200.318 (General procurement standards), and 200.319 (Competition) for any of the following methods of procurement used for the acquisition of property or services required under a federal award or sub-award. *2 C.F. R. 200.320*

Informal Procurement Methods

When the value of the procurement for property or services under a federal award does not exceed the simplified acquisition threshold, as defined in 2 C.F.R. 200.1, or a lower threshold established

by a district, formal procurement methods are not required. The district may use informal procurement methods to expedite the completion of its transactions and minimize the associated administrative burden and cost. The informal methods used for procurement of property or services at or below the simplified acquisition threshold include:

Micro-Purchases—Definitions

"Micro-purchase" means a purchase of supplies or services, the aggregate amount of which does not exceed the micro-purchase threshold. Micro-purchases comprise a subset of a district's small purchases as defined in 2 C.F.R. 200.320.

"Micro-purchase threshold" means the dollar amount at or below which a district may purchase property or services using micro-purchase procedures. Generally, the micro-purchase threshold for procurement activities administered under federal awards is not to exceed the amount set by the Federal Acquisition Regulations (FAR) at 48 C.F.R. Part 2, Subpart 2.1 [see below], unless a higher threshold is requested by the district and approved by the cognizant agency for indirect costs.

2 C.F.R. 200.1

Micro-purchase threshold means $10,000, except as provided by 48 C.F.R. 2.101. *48 C.F.R. 2.101*

Micro-Purchase Distribution

The acquisition of supplies or services, the aggregate dollar amount of which does not exceed the micro-purchase threshold. [See the definition of "micro-purchase" above.] To the maximum extent practicable, the district should distribute micro-purchases equitably among qualified suppliers. *2 C.F.R. 200.320(a)(1)(i)*

Micro-Purchase Awards

Micro-purchases may be awarded without soliciting competitive price or rate quotations if the district considers the price to be reasonable based on research, experience, purchase history or other information and documents it files accordingly. Purchase cards can be used for micro-purchases if procedures are documented and approved by the district. *2 C.F.R. 200.320(a)(1)(ii)*

Micro-Purchase Thresholds

The district is responsible for determining and documenting an appropriate micro-purchase threshold based on internal controls, an evaluation of risk, and its documented procurement procedures. The micro-purchase threshold used by the district must be authorized or not prohibited under state, local, or tribal laws or regulations. Districts may establish a threshold higher than the federal threshold established in the FAR in accordance with 2 C.F.R. 200.320(a)(1)(iv) and (v). *2 C.F.R. 200.320(a)(1)(iii)*

Districts may establish a threshold higher than the micro-purchase threshold identified in the FAR in accordance with the requirements

of 2 C.F.R. 200.320. The district may self-certify a threshold up to $50,000 on an annual basis and must maintain documentation to be made available to the federal awarding agency and auditors in accordance with 2 C.F.R. 200.334. The self-certification must include a justification, clear identification of the threshold, and supporting documentation of any of the following:

1. A qualification as a low-risk auditee, in accordance with the criteria in 2 C.F.R. 200.520 for the most recent audit.
2. An annual internal institutional risk assessment to identify, mitigate, and manage financial risks; or,
3. For public institutions, a higher threshold consistent with state law.

2 C.F.R. 200.320(a)(1)(iv)

Micro-purchase thresholds higher than $50,000 must be approved by the cognizant agency for indirect costs. The district must submit a request with the requirements included in 2 C.F.R. 200.320(a)(1)(iv). The increased threshold is valid until there is a change in status in which the justification was approved. *2 C.F.R. 200.320(a)(1)(v)*

Small Purchases—Procedures

The acquisition of property or services, the aggregate dollar amount of which is higher than the micro-purchase threshold but does not exceed the simplified acquisition threshold. If small purchase procedures are used, price or rate quotations must be obtained from an adequate number of qualified sources as determined appropriate by the district. *2 C.F.R. 200.320(a)(2)(i)*

Small Purchases—Simplified Acquisition Thresholds

“Simplified acquisition threshold” means the dollar amount below which a district may purchase property or services using small purchase methods. Districts adopt small purchase procedures in order to expedite the purchase of items at or below the simplified acquisition threshold. The simplified acquisition threshold for procurement activities administered under federal awards is set by the FAR at 48 C.F.R. Part 2, Subpart 2.1 [see below]. The district is responsible for determining an appropriate simplified acquisition threshold based on internal controls, an evaluation of risk, and its documented procurement procedures. However, in no circumstances can this threshold exceed the dollar value established in the FAR (48 C.F.R. Part 2, Subpart 2.1) for the simplified acquisition threshold. Recipients should determine if local government laws on purchasing apply. *2 C.F.R. 200.1, .320(a)(2)(ii)*

Simplified acquisition threshold means $250,000, except as provided by 48 C.F.R. 2.101. *48 C.F.R. 2.101*

Formal Procurement Methods

When the value of the procurement for property or services under a federal financial assistance award exceeds the simplified acquisition threshold, or a lower threshold established by a district, formal procurement methods are required. Formal procurement methods require following documented procedures. Formal procurement methods also require public advertising unless a non-competitive procurement can be used in accordance with 2 C.F.R. 200.319 or 200.320(c). The following formal methods of procurement are used for procurement of property or services above the simplified acquisition threshold or a value below the simplified acquisition threshold the district determines to be appropriate:

Sealed Bids

A procurement method in which bids are publicly solicited and a firm fixed-price contract (lump sum or unit price) is awarded to the responsible bidder whose bid, conforming with all the material terms and conditions of the invitation for bids, is the lowest in price. The sealed bids method is the preferred method for procuring construction, if the conditions [*sic*].

In order for sealed bidding to be feasible, the following conditions should be present:

1. A complete, adequate, and realistic specification or purchase description is available;
2. Two or more responsible bidders are willing and able to compete effectively for the business; and
3. The procurement lends itself to a firm fixed price contract and the selection of the successful bidder can be made principally on the basis of price.

If sealed bids are used, the following requirements apply:

1. Bids must be solicited from an adequate number of qualified sources, providing them sufficient response time prior to the date set for opening the bids, for local governments, the invitation for bids must be publicly advertised;
2. The invitation for bids, which will include any specifications and pertinent attachments, must define the items or services in order for the bidder to properly respond;
3. All bids will be opened at the time and place prescribed in the invitation for bids, and for local governments, the bids must be opened publicly;
4. A firm fixed price contract award will be made in writing to the lowest responsive and responsible bidder. Where specified in bidding documents, factors such as discounts, transportation

cost, and life cycle costs must be considered in determining which bid is lowest. Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of; and

5. Any or all bids may be rejected if there is a sound documented reason.

2 C.F.R. 200.320(b)(1)

Proposals A procurement method in which either a fixed price or cost-reimbursement type contract is awarded. Proposals are generally used when conditions are not appropriate for the use of sealed bids. They are awarded in accordance with the following requirements:

1. Requests for proposals must be publicized and identify all evaluation factors and their relative importance. Proposals must be solicited from an adequate number of qualified offerors. Any response to publicized requests for proposals must be considered to the maximum extent practical;

2. The district must have a written method for conducting technical evaluations of the proposals received and making selections;

3. Contracts must be awarded to the responsible offeror whose proposal is most advantageous to the district, with price and other factors considered; and

4. The district may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby offeror's qualifications are evaluated and the most qualified offeror is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types of services though A/E firms are a potential source to perform the proposed effort.

2 C.F.R. 200.320(b)(2)

Noncompetitive Procurement There are specific circumstances in which noncompetitive procurement can be used. Noncompetitive procurement can only be awarded if one or more of the following circumstances apply:

1. The acquisition of property or services, the aggregate dollar amount of which does not exceed the micro-purchase threshold;

2. The item is available only from a single source;

3. The public exigency or emergency for the requirement will not permit a delay resulting from publicizing a competitive solicitation;

4. The federal awarding agency or pass-through entity expressly authorizes a noncompetitive procurement in response to a written request from the district; or

5. After solicitation of a number of sources, competition is determined inadequate.

2 C.F.R. 200.320(c)

Cooperative Purchasing

To foster greater economy and efficiency, and in accordance with efforts to promote cost-effective use of shared services across the federal government, the district is encouraged to enter into state and local intergovernmental agreements or inter-entity agreements where appropriate for procurement or use of common or shared goods and services. Competition requirements will be met with documented procurement actions using strategic sourcing, shared services, and other similar procurement arrangements. *2 C.F.R. 200.318(e)*

Minority, Small, and Women's Businesses

The district must take all necessary affirmative steps to assure that minority businesses, women's business enterprises, and labor surplus area firms are used when possible. Affirmative steps must include:

1. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;

2. Assuring that small and minority businesses and women's business enterprises are solicited whenever they are potential sources;

3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;

4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises;

5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce; and

6. Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in items 1 through 5 above.

2 C.F.R. 200.321

Domestic Preference

As appropriate and to the extent consistent with law, the district should, to the greatest extent practicable under a federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of 2 C.F.R. 200.322 must be included in all subawards including all contracts and purchase orders for work or products under this award.

For purposes of this provision:

1. "Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

2. "Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

2 C.F.R. 200.322

Pre-procurement Review

The district must make available upon request, for the federal awarding agency or pass-through entity pre-procurement review, procurement documents, such as requests for proposals or invitations for bids, or independent cost estimates, when:

1. The district's procurement procedures or operation fails to comply with the procurement standards in 2 C.F.R. Part 200;

2. The procurement is expected to exceed the simplified acquisition threshold and is to be awarded without competition or only one bid or offer is received in response to a solicitation;

3. The procurement, which is expected to exceed the simplified acquisition threshold, specifies a "brand name" product;

4. The proposed contract is more than the simplified acquisition threshold and is to be awarded to other than the apparent low bidder under a sealed bid procurement; or

5. A proposed contract modification changes the scope of a contract or increases the contract amount by more than the simplified acquisition threshold.

2 C.F.R. 200.325(b)

Contract Cost and Price

The district must perform a cost or price analysis in connection with every procurement action in excess of the simplified acquisition threshold including contract modifications. The method and degree of analysis is dependent on the facts surrounding the particular procurement situation, but as a starting point, the district must make independent estimates before receiving bids or proposals.

The district must negotiate profit as a separate element of the price for each contract in which there is no price competition and in all cases where cost analysis is performed. To establish a fair and reasonable profit, consideration must be given to the complexity of the work to be performed, the risk borne by the contractor, the contractor's investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work.

Costs or prices based on estimated costs for contracts under the federal award are allowable only to the extent that costs incurred or cost estimates included in negotiated prices would be allowable for the district under 2 C.F.R. Part 200, Subpart E. The district may reference its own cost principles that comply with the federal cost principles.

The cost plus a percentage of cost and percentage of construction cost methods of contracting must not be used.

2 C.F.R. 200.324

Contract Provisions

The district's contracts must contain the applicable provisions described in appendix II to 2 C.F.R. Part 200. *2 C.F.R. 200.327*

Suspension and Debarment

Districts are subject to the non-procurement debarment and suspension regulations at 2 C.F.R. Part 180. These regulations restrict awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in federal assistance programs or activities. *2 C.F.R. 200.214*

Remedies for Noncompliance

If a district fails to comply with the U.S. Constitution, federal statutes, regulations, or the terms and conditions of a federal award, the federal awarding agency or pass-through entity may impose additional conditions, as described in 2 C.F.R. 200.208 (Specific Conditions). If the federal awarding agency or pass-through entity determines that noncompliance cannot be remedied by im-

posing additional conditions, the federal awarding agency or pass-through entity may take one or more of the following actions, as appropriate in the circumstances:

1. Temporarily withhold cash payments pending correction of the deficiency by the district or more severe enforcement action by the federal awarding agency or pass-through entity.
2. Disallow (that is, deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance.
3. Wholly or partly suspend or terminate the federal award.
4. Initiate suspension or debarment proceedings as authorized under 2 C.F.R. Part 180 and federal awarding agency regulations (or in the case of a pass-through entity, recommend such a proceeding be initiated by a federal awarding agency).
5. Withhold further federal awards for the project or program.
6. Take other remedies that may be legally available.

2 C.F.R. 200.339

Travel Costs

Travel costs are the expenses for transportation, lodging, subsistence, and related items incurred by employees who are in travel status on official business of the district. Such costs may be charged on an actual cost basis, on a per diem or mileage basis in lieu of actual costs incurred, or on a combination of the two, provided the method used is applied to an entire trip and not to selected days of the trip, and results in charges consistent with those normally allowed in like circumstances in the district's non-federally funded activities and in accordance with the district's written travel reimbursement policies.

In the absence of an acceptable, written district policy regarding travel costs, the rates and amounts established under 5 U.S.C. 5701-11 (Travel and Subsistence Expenses; Mileage Allowances), or by the administrator of general services, or by the president (or his or her designee) pursuant to any provisions of such subchapter must apply to travel under federal awards [48 C.F.R. 31.205–46(a)].

2 C.F.R. 200.475(a), (d)

Property Standards

Federally Owned Property

Title to federally owned property remains vested in the federal government. The district must submit annually an inventory listing of federally owned property in its custody to the federal awarding agency. Upon completion of the federal award or when the prop-

erty is no longer needed, the district must report the property to the federal awarding agency for further federal agency utilization.

Exempt property means property acquired under a federal award where the federal awarding agency has chosen to vest title to the property to the district without further responsibility to the federal government, based upon the explicit terms and conditions of the federal award. The federal awarding agency may exercise this option when statutory authority exists. Absent statutory authority and specific terms and conditions of the federal award, title to exempt property acquired under the federal award remains with the federal government.

2 C.F.R. 200.312(a), (c)

Property Trust Relationship

Real property, equipment, and intangible property that are acquired or improved with a federal award must be held in trust by the district as trustee for the beneficiaries of the project or program under which the property was acquired or improved. The federal awarding agency may require the district to record liens or other appropriate notices of record to indicate that personal or real property has been acquired or improved with a federal award and that use and disposition conditions apply to the property. *2 C.F.R. 200.316*

Real Property

Subject to the requirements and conditions set forth in 2 C.F.R. 200.311, title to real property acquired or improved under a federal award will vest upon acquisition in the district.

Except as otherwise provided by federal statutes or by the federal awarding agency, real property will be used for the originally authorized purpose as long as needed for that purpose, during which time the district must not dispose of or encumber its title or other interests.

When real property is no longer needed for the originally authorized purpose, the district must obtain disposition instructions from the federal awarding agency or pass-through entity. The instructions must provide for one of the following alternatives:

1. Retain title after compensating the federal awarding agency an amount determined under 2 C.F.R. 200.311(c)(1).
2. Sell the property and compensate the federal awarding agency an amount determined under 2 C.F.R. 200.311(c)(2).
3. Transfer title to the federal awarding agency or to a third party designated/approved by the federal awarding agency. The district is entitled to be paid an amount calculated by applying the district's percentage of participation in the purchase of the

real property (and cost of any improvements) to the current fair market value of the property.

Equipment

Title and Use

Subject to the requirements and conditions set forth in 2 C.F.R. 200.313, title to equipment acquired under a federal award will vest upon acquisition in the district. Unless a statute specifically authorizes the federal agency to vest title in the district without further responsibility to the federal government, and the federal agency elects to do so, the title must be a conditional title. Title must vest in the district subject to the following conditions:

1. Use the equipment for the authorized purposes of the project during the period of performance, or until the property is no longer needed for the purposes of the project.
2. Not encumber the property without approval of the federal awarding agency or pass-through entity.
3. Use and dispose of the property in accordance with the provisions below.

Equipment must be used by the district in the program or project for which it was acquired in accordance with 2 C.F.R. 200.313(c).

Procedures for managing equipment (including replacement equipment), whether acquired in whole or in part under a federal award, until disposition takes place will, as a minimum, meet the requirements of 2 C.F.R. 200.313(d).

Disposition

If the district is authorized or required to sell the property, proper sales procedures must be established to ensure the highest possible return.

When original or replacement equipment acquired under a federal award is no longer needed for the original project or program or for other activities currently or previously supported by a federal awarding agency, except as otherwise provided in federal statutes, regulations, or federal awarding agency disposition instructions, the district must request disposition instructions from the federal awarding agency if required by the terms and conditions of the federal award. Disposition of the equipment will be made as prescribed in 2 C.F.R. 200.313(e), in accordance with federal awarding agency disposition instructions.

2 C.F.R. 200.313

Supplies

Title to supplies will vest in the district upon acquisition. If there is a residual inventory of unused supplies exceeding $5,000 in total aggregate value upon termination or completion of the project or pro-

	gram and the supplies are not needed for any other federal award, the district must retain the supplies for use on other activities or sell them, but must, in either case, compensate the federal government for its share. The amount of compensation must be computed in the same manner as for equipment under 2 C.F.R. 200.313(e)(2). *2 C.F.R. 200.314(a)*
Intangible Property	Title to intangible property acquired under a federal award vests upon acquisition in the district. The district must use that property for the originally authorized purpose, and must not encumber the property without approval of the federal awarding agency. When no longer needed for the originally authorized purpose, disposition of the intangible property must occur in accordance with the provisions in 2 C.F.R. 200.313(e). *2 C.F.R. 200.315(a)*
Foreign Telecommunications Equipment	Recipients and subrecipients are prohibited from obligating or expending loan or grant funds in violation of 2 C.F.R. 200.216(a).
Direct Grant Programs	The regulations in 34 C.F.R. Part 75 apply to each direct grant program of the ED. *34 C.F.R. 75.1*
State-Administered Programs	The regulations in 34 C.F.R. Part 76 apply to each state-administered program of the ED. *34 C.F.R. 76.1*
General Education Provision Act	The regulations in 34 C.F.R. Part 81 govern the enforcement of legal requirements under applicable programs administered by the ED and implement Part E of the General Education Provisions Act (GEPA). *34 C.F.R. 81.1*

All bonds shall be issued in accordance with the Public Security Procedures Act. *Gov't Code, Ch. 1201*

Use of Proceeds for Utilities

The proceeds of bonds issued by school districts for the construction and equipment of school buildings in the district and the purchase of the necessary sites for school buildings may be used, among other things, to pay the cost of acquiring, laying, and installing pipes or lines to connect with the water, sewer, or gas lines of a municipality or private utility company, whether or not the water, sewer, or gas lines adjoin the school, so that the school district may provide its public school buildings the water, sewer, or gas services. *Education Code 45.101*

State Facilities Funding

Instructional Facilities Allotment

"Instructional facility" means real property, an improvement to real property, or a necessary fixture of an improvement to real property that is used predominantly for teaching the required curriculum. *Education Code 46.001*

Under the Instructional Facilities Allotment, Education Code Chapter 46, Subchapter A, for each year, except as provided by Education Code 46.005 (limitation on the guaranteed amount) and 46.006 (shortage or excess of appropriated funds), a district is guaranteed a specified amount per student in state and local funds for each cent of tax effort, up to the statutory maximum in Education Code 46.003(b), to pay the principal of and interest on eligible bonds issued to construct, acquire, renovate or improve an instructional facility. *Education Code 46.003(a)* [See 19 Administrative Code 61.1032 for commissioner's rules related to the instructional facilities allotment.]

Unspent Bond Proceeds

A district may use unspent proceeds of issued general obligation bonds only:

1. For the specific purposes for which the bonds were authorized;

3. For a purpose other than the specific purposes for which the bonds were authorized if:
    a. The specific purposes are accomplished or abandoned; and

b. The board at a public meeting held only for the purpose of considering the use of the unspent bond proceeds approves in separate votes the use of the proceeds for:

(1) A purpose other than to retire the bonds; and

(2) The purpose specified at the time the vote is taken.

In addition to other requirements, notice of a public meeting held under this provision must include a statement that the board will consider the use of unspent bond proceeds for a purpose other than the specific purposes for which the bonds were authorized. A public meeting held under this provision must provide the public an opportunity to address the board on the question of using the unspent bond proceeds for a purpose other than the specific purposes for which the bonds were authorized.

2. Transportation-related items, including buses.

Unspent Proceeds

Capital appreciation bond proceeds unspent after completion of the project identified as the proceeds' intended use may be used only for a use identified on the district's website as required above, unless another use is approved by the voters of the district at an election held for that purpose.

Extension

A district may not extend the maturity date of an issued capital appreciation bond, including through the issuance of refunding bonds that extend the maturity date, unless:

1. The extension of the maturity date will decrease the total amount of projected principal and interest to maturity; or

Federal Securities Law

Disclosure Obligations for Bond and Other Debt Offerings

Prior to publicly offering bonds, a school district must prepare and deliver to an underwriter an official statement containing the terms of the bond offering, a description of the district itself, financial and operating data of the district, and any other information that may be material to an investor interested in purchasing the district's bonds or otherwise required by Rule 15c2-12 of the Securities Exchange Commission (SEC) (SEC Rule 15c2-12(b)). *17 C.F.R. 240.15c2-12* [See Note, below]

Continuing Disclosure after Issuing Bonds

Except for exempt offerings, SEC Rule 15c2-12(b) requires underwriters to obtain a continuing disclosure agreement (CDA) from the district when the district issues bonds. A CDA obligates the district to prepare and file continuing disclosures of financial information and operating data annually after the bonds are issued. A CDA also requires filing notice regarding the occurrence of events listed under SEC Rule 15c2-12(b)(5)(i)(C) within 10 business days following the occurrence of any such event. *17 C.F.R. 240.15c2-12* [See Note, below]

of 1933 (the "Securities Act"), Section 10(b) of the Securities Exchange Act of 1934 (the "Exchange Act") and Rule 10b-5 of the SEC. The antifraud provisions generally prohibit false or misleading statements made in connection with the offer or sale of a district's bonds (or the omission of material facts from such statements), including the official statement itself and any other statement reasonably expected to reach bond investors (disclosures). *SEC Exchange Act Release No. 33741 (Mar. 9, 1994)*

The antifraud provisions also apply to a district's continuing disclosure obligations under SEC Rule 15c2-12(b) after a district's bonds are issued. [See Continuing Disclosure after Issuing Bonds, above] *SEC Report on the Municipal Securities Market (July 31, 2012) (the "SEC 2012 Report") at pg. 29*

Note: In preparing an official statement, a district may reasonably rely on the advice of outside professionals who are also subject to the antifraud provisions, but a district is primarily liable for the content of its official statement and other disclosures. *SEC Exchange Act Release No. 36761 (Jan. 24, 1996)*

A district may engage qualified consultants, including qualified disclosure or securities counsel and a financial adviser, to assist with preparing an official statement and other primary disclosures relating to a bond offering. Creation of internal procedures may help to insulate a district against criticism or liability under federal securities laws.

Districts may also engage disclosure counsel and/or other professionals to assist with secondary disclosure, including advice and assistance ensuring that (1) reporting requirements imposed by a CDA are satisfied and (2) information disclosed in periodic and occasional reports is accurate and complete.

Internal procedures may provide for (1) appointment of, and disclosure training for, district officials and employees who will be part of the financing team, (2) a procedure of accountability for review of the disclosures, and (3) ensuring that any procedures established are in fact followed.

Exemptions

Homestead

Mandatory

An adult is entitled to exemption from taxation by a district of $40,000 of the appraised value of the adult's residence homestead, as defined by Tax Code 11.13(j), except that only $5,000 of the exemption applies to an entity operating under former Education Code Chapters 17, 18, 25, 26, 27, or 28, as those chapters existed on May 1, 1995, as permitted by Education Code 11.301. *Tax Code 11.13(b)*

Persons 65 or Older or Disabled

In addition to the mandatory exemption above, an adult who is disabled, as defined by Tax Code 11.13(m)(1), or 65 or older is entitled to an exemption of $10,000 of the appraised value of the individual's residence homestead. *Tax Code 11.13(c)*

Tax Limitation

A district may not increase the total annual amount of ad valorem tax it imposes on the residence homestead of an individual 65 years of age or older, or on the residence homestead of an individual who is disabled, above the amount of the tax it imposed in the first tax year in which the individual qualified that residence homestead for an applicable exemption. *Tax Code 11.26(a)*

Improvements

If an individual subject to a tax limitation makes improvements to the individual's residence homestead, other than improvements required to comply with governmental requirements or repairs, the district may increase the tax on the homestead in the first year the value of the homestead is increased on the appraisal roll because of the enhancement of value by the improvements. A limitation then applies to the increased amount of tax until more improvements, if any, are made. *Tax Code 11.26(b)*

Exception

An improvement to property that would otherwise constitute an improvement discussed above is not treated as an improvement if it is a replacement structure for a structure that was rendered uninhabitable or unusable by a casualty or by wind or water damage. For purposes of appraising the property in the tax year in which the structure would have constituted an improvement, the replacement structure is considered to be an improvement only if the square footage of the replacement structure exceeds that of the replaced structure as that structure existed before the casualty or damage occurred or the exterior of the replacement structure is of higher quality construction and composition than that of the replaced structure. *Tax Code 11.26(o)*

Portability of Tax Limitation

If an individual who receives a tax limitation, including a surviving spouse, discussed below, subsequently qualifies a different residence homestead for the same exemption, a district may not impose ad valorem taxes on the subsequently qualified homestead in a year in an amount that exceeds the amount of taxes calculated in accordance with Tax Code 11.26(g). *Tax Code 11.26(g)*

Surviving Spouse

If an individual who qualifies for the exemption at Persons 65 or Older or Disabled, above, dies, the surviving spouse of the individual is entitled to the limitation applicable to the residence homestead of the individual if the surviving spouse is 55 years of age or older when the individual dies, and the residence homestead of the individual is the residence homestead of the surviving spouse on the date that the individual dies and remains the residence homestead of the surviving spouse. *Tax Code 11.26(i)*

Local Options

All Taxpayers

In addition to other exemptions in Tax Code 11.13, an individual is entitled to an exemption from taxation by a district of a percentage of the appraised value of the individual's residence homestead if the exemption is adopted by the board before July 1 in the manner provided by law for official action by the board. If the percentage set by the district produces an exemption in a tax year of less than $5,000 when applied to a particular residence homestead, the individual is entitled to an exemption of $5,000 of the appraised value. The percentage adopted by the district may not exceed 20 percent. *Tax Code 11.13(n)*

Disabled or 65 or Older

An individual who is disabled or 65 or older is entitled to an exemption from taxation by a district of a portion of the appraised value of the individual's residence homestead if the exemption is adopted either by the board or by a favorable vote of a majority of the qualified voters of the district at an election called by the board, and the board shall call the election on the petition of at least 20 percent of the number of qualified voters who voted in the preceding election of the district.

Amount

The amount of an exemption adopted as provided at Disabled or 65 or Older is $3,000 of the appraised value of the residence homestead unless a larger amount is specified by the board if the board authorizes the exemption or the petition for the election if the exemption is authorized through an election. Once authorized, an exemption adopted may be repealed or decreased or increased in amount by the board or by the petition and election procedure. In the case of a decrease, the amount of the exemption may not be reduced to less than $3,000 of the market value.

Tax Code 11.13(d)–(f)

Continuation of Exemption during Construction

If a qualified residential structure for which the owner receives a homestead exemption under Tax Code 11.13 is rendered uninhabitable or unusable by a casualty or by wind or water damage, the owner may continue to receive the exemption for the structure and the land and improvements used in the residential occupancy of the structure while the owner constructs a replacement qualified residential structure on the land in accordance with Tax Code 11.135. *Tax Code 11.135(a), .26(n); 34 TAC 9.416*

Surviving Spouse of First Responder

The surviving spouse of a first responder who is killed or fatally injured in the line of duty is entitled to an exemption from taxation of the total appraised value of the surviving spouse's residence homestead if the surviving spouse is an eligible survivor for purposes of Government Code Chapter 615 as determined by the Employees Retirement System of Texas and has not remarried since the first responder's death. *Tax Code 11.134*

Veteran Exemptions

100 Percent Disabled

A disabled veteran who has been awarded by the U.S. Department of Veterans Affairs or its successor 100 percent disability compensation due to a service-connected disability and a rating of 100 percent disabled or of individual unemployability is entitled to an exemption from taxation of the total appraised value of the veteran's residence homestead. *Tax Code 11.131(b)*

Partially Disabled with Donated Residence

A disabled veteran who has a disability rating of less than 100 percent is entitled to an exemption from taxation of a percentage of the appraised value of the disabled veteran's residence homestead equal to the disabled veteran's disability rating if the residence homestead was donated to the disabled veteran by a charitable organization at no cost to the disabled veteran, or at some cost to the disabled veteran in the form of a cash payment, a mortgage, or both in an aggregate amount that is not more than 50 percent of the good faith estimate of the market value of the residence homestead made by the charitable organization as of the date of the donation. *Tax Code 11.132(b)*

Surviving Spouse of Veteran

The surviving spouse of a disabled veteran, as defined by Tax Code 11.22(h)(3), is entitled to the same exemption from taxation of the same property to which the disabled veteran's exemption applied or would have applied if it had been in effect on the date of death if:

1. The surviving spouse has not remarried since the death of the disabled veteran; and

2. The property was the residence homestead of the surviving spouse when the disabled veteran died and remains the residence homestead of the surviving spouse.

Tax Code 11.131(c), .132(c)

Surviving Spouse of Individual Killed in Action

The surviving spouse of a member of the armed services of the United States who is killed or fatally injured in the line of duty is entitled to an exemption from taxation of the total appraised value of the surviving spouse's residence homestead if the surviving spouse has not remarried since the death of the member of the armed services. *Tax Code 11.133(b)*

Tex. Const. Art. VIII, Sec. 1-b (Residence Homestead Tax Exemptions and Limitations)

Disabled Veteran

A disabled veteran is entitled to an exemption from taxation of a portion of the assessed value of a property the veteran owns and designates under Tax Code 11.22(f). *Tax Code 11.22*

Exemption for Subsequent Residence

The surviving spouse of a first responder, disabled veteran, or armed services member killed in action who receives an exemption for a residence homestead is entitled to receive an exemption from taxation of a different property that the surviving spouse subsequently qualifies as the surviving spouse's residence homestead in an amount equal to the dollar amount of the exemption from taxation of the first property for which the surviving spouse received the exemption in the last year in which the surviving spouse received that exemption if the surviving spouse has not remarried. *Tax Code 11.131(d), .132(d), .133(c), .134(d)*

Temporary Exemption for Property Damaged by Disaster

A person is entitled to an exemption from taxation by a district of a portion of the appraised value of qualified property, as defined by Tax Code 11.35(a), that the person owns in an amount determined by the chief appraiser under Tax Code 11.35(h). *Tax Code 11.35(b)*

A person who qualifies for an exemption under this provision must apply for the exemption not later than the 105th day after the date the governor declares the area in which the person's qualified property is located to be a disaster area. *Tax Code 11.43(s)*

"Damage" means physical damage. *Tax Code 11.35(a)(1)*

Optional Exemptions

Among others, a board may grant additional tax exemptions in accordance with applicable law for:

1. Residential property owned by the United States or an agency of the United States and used to provide transitional housing for the indigent under a program operated or directed by the

U.S. Department of Housing and Urban Development. *Tax Code 11.111*

2. Land and housing units on the land owned by a community land trust. *Tax Code 11.1827*

3. Certain historic structures or archeological sites and the land necessary to access and use the structure or archeological site. The board may not repeal or reduce the amount of an exemption for a property that otherwise qualifies for the exemption unless the property owner consents to the repeal or reduction or the district provides written notice of the repeal or reduction to the owner not later than five years before the date the board repeals or reduces the exemption. *Tax Code 11.24*

4. Property on which approved water conservation initiatives, desalination projects, or brush control initiatives have been implemented. *Tax Code 11.32*

If a district adopts, amends, or repeals an exemption that the district by law has the option to adopt or not, the district shall notify the appraisal office of its action and of the terms of the exemption within 30 days after the date of its action. *Tax Code 6.08*

Goods-in-Transit *Exemption*

A person is entitled to an exemption from taxation of the appraised value of that portion of the person's property that consists of goods-in-transit, as defined in Tax Code 11.253(a)(2). *Tax Code 11.253(b)*

[For information on the board's option in a district located in a disaster area to extend the date by which goods-in-transit must be transported, see Tax Code 11.253(l).]

Option to Tax

A board, by official action, may provide for the taxation of goods-in-transit exempt under Tax Code 11.253(b) and not exempt under other law. The official action to tax the goods-in-transit must be taken before January 1 of the first tax year in which the board proposes to tax goods-in-transit. Before acting to tax the exempt property, a board must conduct a public hearing as required by Texas Constitution Article VIII, Section 1-n(d). If the board provides for the taxation of the goods-in-transit as provided by this provision, the exemption stated above does not apply to that district. The goods-in-transit remain subject to taxation by the district until the board, by official action, rescinds or repeals its previous action to tax goods-in-transit, or otherwise determines that the exemption will apply to that district.

Notwithstanding official action that was taken before October 1, 2011, to tax goods-in-transit, a district may not tax such goods-in-

transit in a tax year that begins on or after January 1, 2012, unless the board takes official action on or after October 1, 2011, to provide for the taxation of the goods-in-transit.

Exception

If a board, before October 1, 2011, took action to provide for the taxation of goods-in-transit and pledged the taxes imposed on the goods-in-transit for the payment of a debt of the district, the district tax officials may continue to impose the taxes against the goods-in-transit until the debt is discharged, if cessation of the imposition would impair the obligation of the contract by which the debt was created.

Tax Code 11.253(j)–(j-2)

Payment Options

The board may adopt, by official action, one or both of the discount options below. *Tax Code 31.05(a)*

Discounts

Option 1

A district may adopt the following discounts to apply regardless of the date on which the district mails its tax bills:

1. Three percent if the tax is paid in October or earlier.
2. Two percent if the tax is paid in November.
3. One percent if the tax is paid in December.

Tax Code 31.05(b)

This discount does not apply to taxes that are calculated too late for it to be available. *Tax Code 31.04(c)*

Option 2

A district may adopt the following discounts to apply when the district mails its tax bills after September 30:

1. Three percent if the tax is paid before or during the next full calendar month following the date on which the tax bills were mailed.
2. Two percent if the tax is paid during the second full calendar month following the date on which the tax bills were mailed.
3. One percent if the tax is paid during the third full calendar month following the date on which the tax bills were mailed.

Tax Code 31.05(c)

Both Options

If a board adopts both discounts, the discounts described at Option 1 apply unless the tax bills for the district are mailed after September 30, in which case only the discounts described at Option 2 apply. *Tax Code 31.05(a)*

Rescission

The board may rescind a discount lawfully adopted by the board. The rescission of a discount takes effect in the tax year following the year in which the discount is rescinded. *Tax Code 31.05(d)*

Split Payments

The board of a district that collects its own taxes may provide, by official action, that a person who pays one-half of the district's taxes before December 1 may pay the remaining one-half of the taxes without penalty or interest at any time before July 1 of the following year.

If a board contracts with the appraisal district for collection of taxes, the split-payment option does not apply to taxes collected by the appraisal district unless approved by resolution adopted by a majority of the governing bodies of the taxing units whose taxes the appraisal district collects and filed with the secretary of the appraisal district board of directors. The split-payment option may be revoked in the same manner as provided for adoption.

Tax Code 31.03

This payment option does not apply to taxes that are calculated too late for it to be available. *Tax Code 31.04(c)*

In Certain Counties

The board of a district located in a county having a population of not less than 285,000 and not more than 300,000 that borders a county having a population of 3.3 million or more and the Gulf of Mexico that has its taxes collected by another taxing unit that has adopted the split-payment option may provide, by official action, that the split-payment option does not apply to the district's taxes collected by the other taxing unit. *Tax Code 31.03(d)*

Installment Payments

Certain Homesteads

An individual who is disabled or at least 65 years of age and qualified for a homestead exemption under Tax Code 11.13(c), or an individual who is a disabled veteran or the unmarried surviving spouse of a disabled veteran and qualified for an exemption under Tax Code 11.132 or 11.22, may pay district taxes imposed on the person's residence homestead property in four equal installments without penalty or interest if paid by the applicable dates set out in Tax Code 31.031. *Tax Code 31.031*

Disaster or Emergency Area

Property Damaged — Automatic

A person may pay district taxes imposed on certain property the person owns in four equal installments without penalty or interest if paid in accordance with Tax Code 31.032.

This provision applies to real and tangible personal property described in Tax Code 31.032(a) and taxes that are imposed on the property by a district before the first anniversary of the disaster or emergency.

Tax Code 31.032

Property Not Damaged — Board Option

The board may authorize a person to pay district taxes imposed on certain property that the person owns in installments. If the board adopts the installment-payment option under this provision, Tax Code 31.032(b), (b-1), (c), and (d) apply to the payment by a person of district taxes imposed on property that the person owns in the same manner as those subsections apply to the payment of taxes imposed on property to which Tax Code 31.032 applies.

This provision applies to real and tangible personal property described in Tax Code 31.033(b) and taxes that are imposed on the property by a district before the first anniversary of the disaster or emergency.

Tax Code 31.033; 34 TAC 9.3061(b), (c)

Definitions

"Disaster" has the meaning assigned by Government Code 418.004.

"Emergency" means a state of emergency proclaimed by the governor under Government Code 433.001.

Tax Code 31.032(g), .033(a); 34 TAC 9.3061(a)

Services in Lieu of Paying Taxes

The board by resolution may permit certain individuals or business entities to perform certain services for the district in lieu of paying the district property taxes. While performing services for a district, the individual is not an employee of the district and is not entitled to any benefit, including workers' compensation coverage, that the district provides to its employees. *Tax Code 31.035, .036, .037*

Persons 65 and Over

Subject to the requirements of Tax Code 31.035, the board by order or resolution may permit an individual who is at least 65 years of age to perform service for the district in lieu of paying taxes imposed by a district on property owned by the individual and occupied as the individual's residence homestead. Property owners performing services for a district under this provision may only supplement or complement the regular personnel of the district. A district may not reduce the number of persons the district employs or reduce the number of hours to be worked by employees of the district because the district permits property owners to perform services for the district under this provision. *Tax Code 31.035(a), (g)*

Teaching Services

An individual is qualified to perform teaching services for a district under the provisions below only if the individual holds a baccalaureate or more advanced degree in a field related to each course to be taught and:

1. Is certified as a classroom teacher under Education Code Chapter 21, Subchapter B; or

2. Obtains a school district teaching permit under Education Code 21.055.

By Individual

Subject to the requirements of Tax Code 31.036, the board by resolution may permit qualified individuals to perform teaching services for the district at a junior high school or high school of the district in lieu of paying taxes imposed by the district on property owned and occupied by the individual as a residence homestead. *Tax Code 31.036*

By Employee of Business Entity

Subject to the requirements of Tax Code 31.037, a board by resolution may authorize a corporation or other business entity to permit a qualified individual employed by the business entity to perform teaching services in a high school or a junior high school for the district in lieu of paying taxes imposed by the district on property owned by the business entity. *Tax Code 31.037*

Delinquent Taxes

Except as provided by Tax Code 31.02(b) (payment by certain eligible persons on active duty in the armed forces), 31.03 (split payments), and 31.04 (postponement of delinquency date based on mailing date of tax bills), taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. *Tax Code 31.02*

Note: Delinquent taxes incur penalties and accrue interest in accordance with Tax Code 33.01, subject to any waiver by the board pursuant to Tax Code 33.011.

Delinquent Tax Collection

A board may contract with any competent attorney to represent the district to enforce the collection of delinquent taxes. The attorney's compensation is set in the contract, but the total amount of compensation provided may not exceed 20 percent of the amount of delinquent tax, penalty, and interest collected. *Tax Code 6.30(c)* [See CH(LEGAL) regarding contingent fee contracts for legal services and Government Code 2254.102(e) for additional requirements.]

Additional Penalties

The board may provide, by official action, that taxes that become delinquent at a certain time incur an additional penalty to defray costs of collection if the board has contracted with an attorney as provided above. *Tax Code 33.07, .08*

Tax Increment Financing Act

Except as provided at Large Municipality below, each district that levies taxes on real property in a reinvestment zone designated by a county or municipality in accordance with the Tax Increment Financing Act, Tax Code Chapter 311, may appoint one member of the reinvestment zone board of directors if the district has approved the payment of all or part of the tax increment produced by the district into the tax increment fund for the zone. A district may waive its right to appoint a director. *Tax Code 311.009(a), (b)*

Board of Directors

Large Municipality

In a reinvestment zone designated by a municipality which is wholly or partially located in a county with a population of less than 1.8 million in which the principal municipality has a population of 1.1 million or more, each taxing unit that approves the payment of all or part of its tax increment into the tax increment fund is entitled to appoint a number of members to the board in proportion to the taxing unit's pro rata share of the total anticipated tax increment to be deposited into the tax increment fund during the term of the zone. *Tax Code 311.0091(a)–(c)*

Tax Increments

Amount

The amount of a district's tax increment for a year is the amount of property taxes levied and assessed by the district for that year on the captured appraised value of real property taxable by the district and located in a reinvestment zone or the amount of property taxes levied and collected by the district for that year on the captured appraised value of real property taxable by the district and located in a reinvestment zone. The board of the district shall determine which of the methods is used to calculate the amount of the district's tax increment.

"Captured Appraised Value"

The captured appraised value of real property taxable by a district for a year is the total taxable value of all real property taxable by the district and located in a reinvestment zone for that year less the tax increment base of the district.

"Tax Increment Base"

The tax increment base of a district is the total taxable value of all real property taxable by the district and located in a reinvestment zone for the year in which the zone was designated under Tax Code Chapter 311.

Tax Code 311.012

Collection and Deposit

Each district that taxes real property located in a reinvestment zone shall provide for the collection of its taxes in the zone as for any other property taxed by the district. Each district shall pay into the tax increment fund for the zone an amount equal to the tax increment produced by the district, less the sum of:

1. Property taxes produced from the tax increments that are, by contract executed before the designation of the area as a

reinvestment zone, required to be paid by the district to another political subdivision; and

2. A portion, not to exceed 15 percent, of the tax increment produced by the district as provided by the reinvestment zone financing plan or a larger portion as provided at Agreement Required below.

Tax Code 311.013(a)–(b)

Notwithstanding any termination of the reinvestment zone and unless otherwise specified by an agreement between the district and the municipality or county that created the zone, a district shall make the required payment not later than the 90th day after the later of the delinquency date for district property taxes or the date the municipality or county that created the zone submits to the district an invoice specifying the tax increment produced by the district and the amount the district is required to pay into the tax increment fund for the zone. A district is not required to pay into a tax increment fund the applicable portion of a tax increment attributable to delinquent taxes until those taxes are collected. *Tax Code 311.013(c), (i)*

A district whose taxable value is reduced under Government Code 403.302(d)(4) (determination of district property values by the comptroller) shall pay into the tax increment fund, in addition to the amount otherwise required to be paid, an amount equal to the amount by which the amount of taxes the district would have been required to pay into the fund in the current year if the district levied taxes at the rate the district levied in 2005 exceeds the amount the district is otherwise required to pay into the fund in the year of the reduction. This additional amount may not exceed the amount the district receives in state aid for the current tax year under Education Code 48.253 (additional state aid for tax increment financing payments). The district shall pay the additional amount after the district receives the state aid to which the district is entitled for the current tax year under Education Code 48.253. *Tax Code 311.013(n)*

Agreement Required

A district is not required to pay into the tax increment fund any of its tax increment produced from property located in a reinvestment zone designated under Tax Code 311.005(a) or in an area added to a reinvestment zone under Tax Code 311.007 unless the district enters into an agreement to do so with the governing body of the municipality or county that designated the zone. *Tax Code 311.013(f)*

A district that participates in a zone is not required to increase the percentage or amount of the tax increment to be contributed by the

district because of an amendment to the project plan or reinvestment zone financing plan for the zone unless the board by official action approves the amendment. *Tax Code 311.011(g)*

A district is not required to pay into the tax increment fund any of its tax increment produced from property located in an area added to the reinvestment zone under Tax Code 311.007(a) or (b) unless the board enters into an agreement to do so with the governing body of the municipality or county that created the zone. *Tax Code 311.013(k)*

If the governing body of the municipality or county that designated a reinvestment zone extends the term of all or a portion of the zone, a district is not required to participate in the zone or portion of the zone for the extended term unless the district enters into a written agreement to do so. *Tax Code 311.007(c)*

Notwithstanding the designation of a later termination date under Tax Code 311.017(a), a district that taxes real property located in the reinvestment zone is not required to pay any of its tax increment into the tax increment fund for the zone after the termination date designated in the ordinance or order creating the zone unless the board enters into an agreement to do so with the governing body of the municipality or county that created the zone. *Tax Code 311.017(a-1)*

Property Redevelopment and Tax Abatement Act

On or after September 1, 2001, a school district may not enter into a tax abatement agreement under Tax Code Chapter 312. *Tax Code 312.002(f)*

Reinvestment Zone for Chapter 313

Notwithstanding any other provision of Tax Code Chapter 312 to the contrary, the board, in the manner required for official action and for purposes of Tax Code Chapter 313, Subchapter B or C [see Texas Economic Development Act below], may designate an area entirely within the territory of the district as a reinvestment zone if the board finds that, as a result of the designation and the granting of a limitation on appraised value, for property located in the reinvestment zone, the designation is reasonably likely to:

1. Contribute to the expansion of primary employment in the reinvestment zone; or

2. Attract major investment in the reinvestment zone that would:

    a. Be a benefit to property in the reinvestment zone and to the district; and

    b. Contribute to the economic development of the region of this state in which the district is located.

The board may seek the recommendation of the commissioners court of each county and the governing body of each municipality that has territory in the district before designating an area as a reinvestment zone.

Tax Code 312.0025

Texas Economic Development Act

Note: The Texas Economic Development Act, Tax Code Chapter 313, Subchapters B and C, expired on December 31, 2022. *Tax Code 313.007*

A limitation on appraised value approved before the expiration continues in effect according to the law as it existed immediately before its expiration, and the law is continued in effect for purposes of the limitation on appraised value. *Tax Code 313.171*

In implementing the Texas Economic Development Act, Tax Code Chapter 313, districts should strictly interpret the criteria and selection guidelines provided by Chapter 313 and approve only those applications for an ad valorem tax benefit that:

1. Enhance the local community;
2. Improve the local public education system;
3. Create high-paying jobs; and
4. Advance the economic development goals of Texas.

Board Authority

The board may adopt rules and procedures for the acquisition of goods and services. *Education Code 44.031(d)*

Delegation of Authority

The board may, as appropriate, delegate its authority regarding an action authorized or required by Education Code Chapter 44, Subchapter B, to be taken by a district to a designated person, representative, or committee.

The board may not delegate the authority to act regarding an action authorized or required to be taken by the board by Education Code Chapter 44, Subchapter B.

Disaster Delegation

Notwithstanding any other provision of the Education Code, in the event of a catastrophe, emergency, or natural disaster affecting a district, the board may delegate to the superintendent or designated person the authority to contract for the replacement, construction, or repair of school equipment or facilities under Education Code Chapter 44, Subchapter B if emergency replacement, construction, or repair is necessary for the health and safety of district students and staff.

Education Code 44.0312

Purchases Valued at or Above $50,000

Methods

Except as provided by Education Code Chapter 44, Subchapter B, all district contracts for the purchase of goods and services, except contracts for the purchase of produce or vehicle fuel, valued at $50,000 or more in the aggregate for each 12-month period, shall be made by the method, of the following methods, that provides the best value for a district:

1. Competitive bidding for services other than construction services.
2. Competitive sealed proposals for services other than construction services.
3. A request for proposals for services other than construction services.
4. An interlocal contract.
5. A method provided by Government Code Chapter 2269 for construction services [see CV series];
6. The reverse auction procedure as defined by Government Code 2155.062(d).
7. The formation of a political subdivision corporation under Local Government Code 304.001 (purchase of electricity).

Education Code 44.031(a)

Exceptions

Emergency Damage or Destruction

If school equipment, a school facility, or a part of a school facility or personal property is destroyed or severely damaged or, as a result of an unforeseen catastrophe or emergency, undergoes major operational or structural failure, and the board determines that the delay posed by the methods provided for in Education Code 44.031 would prevent or substantially impair the conduct of classes or other essential school activities, then contracts for the replacement or repair of the equipment, school facility, or the part of the school facility may be made by methods other than those required by Education Code 44.031. *Education Code 44.031(h)*

Sole Source

Without complying with Education Code 44.031(a) above, a district may purchase an item that is available from only one source, including:

1. An item for which competition is precluded because of the existence of a patent, copyright, secret process, or monopoly.
2. A film, manuscript, or book.
3. A utility service, including electricity, gas, or water.
4. A captive replacement part or component for equipment.

The exceptions above do not apply to mainframe data-processing equipment and peripheral attachments with a single-item purchase price in excess of $15,000.

Education Code 44.031(j)–(k)

Competitive Bidding

Except to the extent prohibited by other law and to the extent consistent with Education Code Chapter 44, Subchapter B, a district may use competitive bidding to select a vendor as authorized by Education Code 44.031(a)(1).

A district shall award a competitively bid contract at the bid amount to the bidder offering the best value for the district. In determining the best value for the district, the district is not restricted to considering price alone but may consider any other factors stated in the selection criteria. The selection criteria may include the factors listed in Education Code 44.031(b) [see Contract Selection Factors, below].

Except as provided below, Local Government Code Chapter 271, Subchapter B (Competitive Bidding on Certain Public Works Contracts) does not apply to a competitive bidding process under this policy.

Local Government Code Sections 271.026 (Opening of Bids), 271.027(a) (Award of Contract), and 271.0275 (Safety Record of Bidder Considered) apply to a competitive bidding process under Education Code Chapter 44, Subchapter B. [See CVA for these requirements.]

Education Code 44.0351

[For information on additional competitive procedures under the Public Property Finance Act, see CHH.]

Competitive Sealed Proposals

In selecting a vendor through competitive sealed proposals as authorized by Education Code 44.031(a)(2), a district shall follow the procedures prescribed below.

Request for Proposals

The district shall prepare a request for competitive sealed proposals that includes information that vendors may require to respond to the request. The district shall state in the request for proposals the selection criteria that will be used in selecting the successful offeror.

Opening Proposals

The district shall receive, publicly open, and read aloud the names of the offerors and, if any are required to be stated, all prices stated in each proposal. Not later than the 45th day after the date on which the proposals are opened, the district shall evaluate and rank each proposal submitted in relation to the published selection criteria.

Selection

The district shall select the offeror that offers the best value for the district based on the published selection criteria and on its ranking evaluation. The district shall first attempt to negotiate a contract with the selected offeror. The district may discuss with the selected

offeror options for a scope or time modification and any price change associated with the modification. If the district is unable to negotiate a satisfactory contract with the selected offeror, the district shall, formally and in writing, end negotiations with that offeror and proceed to the next offeror in the order of the selection ranking until a contract is reached or all proposals are rejected.

In determining the best value for the district, the district is not restricted to considering price alone but may consider any other factors stated in the selection criteria.

Education Code 44.0352

Interlocal Contracts

"Interlocal contract" means a contract or agreement made under Government Code Chapter 791 (Interlocal Cooperation Act). A district may contract or agree with another local government or a federally recognized Indian tribe, as listed by the U.S. secretary of the interior under 25 U.S.C. 479a-1, whose reservation is located within the boundaries of this state to perform governmental functions and services in accordance with Government Code Chapter 791. A district may agree with another local government and with the state or a state agency, including the comptroller, to purchase goods and services. *Gov't Code 791.003(2), .011(a), .025(a)*

An interlocal contract must:

1. Be authorized by the governing body of each party to the contract;

2. State the purpose, terms, rights, and duties of the contracting parties; and

3. Specify that each party paying for the performance of governmental functions or services must make those payments from current revenues available to the paying party.

An interlocal contractual payment must be in an amount that fairly compensates the performing party for the services or functions performed under the contract. An interlocal contract may be renewed. Notwithstanding item 2 above, an interlocal contract may have a specified term of years.

Gov't Code 791.011(d)–(f), (i)

A district may agree with another local government, including a nonprofit corporation that is created and operated to provide one or more governmental functions and services, or with the state or a state agency, including the comptroller, to purchase goods and any services reasonably required for the installation, operation, or maintenance of the goods. This provision does not apply to ser-

vices provided by firefighters, police officers, or emergency medical personnel. *Gov't Code 791.025(b)*

A district that purchases goods and services under Government Code 791.025 satisfies the requirement to seek competitive bids for the purchase of the goods and services. *Gov't Code 791.025(c); Atty. Gen. Op. JC-37 (1999)*

Reverse Auction

A district that uses the reverse auction procedure must include in the procedure a notice provision and other provisions necessary to produce a method of purchasing that is advantageous to the district and fair to vendors. *Local Gov't Code 271.906(b)*

"Reverse auction procedure" means:

1. A real-time bidding process usually lasting less than one hour and taking place at a previously scheduled time and internet location, in which multiple suppliers, anonymous to each other, submit bids to provide the designated goods or services; or

2. A bidding process usually lasting less than two weeks and taking place during a previously scheduled period and at a previously scheduled internet location, in which multiple suppliers, anonymous to each other, submit bids to provide the designated goods or services.

Gov't Code 2155.062(d)

Site-Based Purchasing

If a purchase is made at the campus level in a district with a student enrollment of 180,000 or more that has formally adopted a site-based decision-making plan under Education Code Subchapter F, Chapter 11 [see BQ series], that delegates purchasing decisions to the campus level, Education Code 44.031 applies only to the campus and does not require the district to aggregate and jointly award purchasing contracts. A district that adopts site-based purchasing under this provision shall adopt a policy to ensure that campus purchases achieve the best value to the district and are not intended or used to avoid the requirement that a district aggregate purchases under Education Code 44.031(a). *Education Code 44.031(m)*

Contract Selection Factors

Except as provided by Education Code Chapter 44, Subchapter B, in determining to whom to award a contract, the district shall consider:

1. The purchase price.

2. The reputation of the vendor and of the vendor's goods or services.

3. The quality of the vendor's goods or services.

4. The extent to which the goods or services meet the district's needs.

5. The vendor's past relationship with the district.

6. The impact on the ability of the district to comply with laws and rules relating to historically underutilized businesses.

7. The total long-term cost to the district to acquire the vendor's goods or services.

8. For a contract for goods and services, other than goods and services related to telecommunications and information services, building construction and maintenance, or instructional materials, whether the vendor or the vendor's ultimate parent company or majority owner has its principal place of business in this state or employs at least 500 persons in this state.

9. Any other relevant factor specifically listed in the request for bids or proposals.

Education Code 44.031(b)

In awarding a contract by competitive sealed bid under Education Code 44.031, a district that has its central administrative office located in a municipality with a population of less than 250,000 may consider a bidder's principal place of business in the manner provided by Local Government Code 271.9051. This provision does not apply to the purchase of telecommunications services or information services, as those terms are defined by 47 U.S.C. Section 153. *Education Code 44.031(b-1)*

The factors listed above are the only criteria that may be considered by a district in its decision to award a contract. *R.G.V. Vending v. Weslaco Indep. Sch. Dist., 995 S.W.2d 897 (Tex. App.—Corpus Christi 1999, no pet.)*

Preferences

Agricultural Products

A district that purchases agricultural products shall give preference to those produced, processed, or grown in Texas if the cost to the district is equal and the quality is equal. If agricultural products produced, processed, or grown in Texas are not equal in cost and quality to other products, the district shall give preference to agricultural products produced, processed, or grown in other states of the United States, if the cost and quality of the U.S. and foreign products are equal.

"Agricultural products" includes textiles and other similar products.

"Processed" means canning, freezing, drying, juicing, preserving, or any other act that changes the form of a good from its natural state to another form.

A district may not adopt product purchasing specifications that unnecessarily exclude agricultural products produced, processed, or grown in Texas.

Vegetation for Landscaping

A district that purchases vegetation for landscaping purposes, including plants, shall give preference to Texas vegetation if the cost to the district is equal and the quality is equal.

Education Code 44.042

[For legal requirements applicable to school nutrition procurement, including produce and agricultural products, with federal funds, see COA.]

Recycled Products

A district shall give preference in purchasing to products made of recycled materials if the products meet applicable specifications as to quantity and quality and the average price of the product is not more than ten percent greater than the price of comparable nonrecycled products. Preferences will be applied in accordance with state procurement statutes and rules. *30 TAC 328.203*

Subchapter K of 30 Administrative Code (Governmental Entity Recycling and Purchasing of Recycled Materials) does not apply to a district with a student enrollment of less than 10,000 students. *30 TAC 328.204(a)*

A district regularly shall review and revise its procurement procedures and specifications for the purchase of goods, supplies, equipment, and materials in order to:

1. Eliminate procedures and specifications that explicitly discriminate against products made of recycled materials;
2. Encourage the use of products made of recycled materials; and
3. Ensure to the maximum extent economically feasible that the district purchases products that may be recycled when they have served their intended use.

In developing new procedures and specifications, the district shall encourage the use of recycled products and products that may be recycled or reused.

Health and Safety Code 361.426(b)–(c)

Bidder's Place of Business

In awarding a contract by competitive sealed bid under Education Code 44.031, a district that has its central administrative office located in a municipality with a population of less than 250,000 may consider a bidder's principal place of business in the manner provided by Local Government Code Section 271.9051. This provision does not apply to the purchase of telecommunications services or information services, as those terms are defined by 47 U.S.C. 153. *Education Code 44.031(b-1)*

Notice Publication

Notice of the time by when and place where the bids or proposals, or the responses to a request for qualifications, will be received and opened shall be published in the county in which the district's central administrative office is located, once a week for at least two weeks before the deadline for receiving bids, proposals, or responses to a request for qualifications. If there is not a newspaper in that county, the advertising shall be published in a newspaper in the county nearest the county seat of the county in which a district's central administrative office is located. In a two-step procurement process, the time and place where the second-step bids, proposals, or responses will be received are not required to be published separately. *Education Code 44.031(g)*

Electronic Bids or Proposals

A district may receive bids or proposals under Education Code Chapter 44 through electronic transmission if the board adopts rules to ensure the identification, security, and confidentiality of electronic bids or proposals and to ensure that the electronic bids or proposals remain effectively unopened until the proper time.

Notwithstanding any other provision of Education Code Chapter 44, an electronic bid or proposal is not required to be sealed. A provision of Education Code Chapter 44 that applies to a sealed bid or proposal applies to a bid or proposal received through electronic transmission in accordance with the rules adopted by the board.

Education Code 44.0313

Right to Work

While a district is engaged in procuring goods and services or awarding a contract, or overseeing procurement or construction for a public work or public improvement, a district:

1. May not consider whether a vendor is a member of or has another relationship with any organization; and
2. Shall ensure that its bid specifications and any subsequent contract or other agreement do not deny or diminish the right of a person to work because of the person's membership or other relationship status with respect to any organization.

Education Code 44.043

Contract with Person Indebted to District

The board by resolution may establish regulations permitting the district to refuse to enter into a contract or other transaction with a person indebted to the district. It is not a violation of Education Code Chapter 44, Subchapter B (Purchases; Contracts) for a district, under regulations adopted under this provision, to refuse to award a contract to or enter into a transaction with an apparent low bidder or successful proposer that is indebted to the district.

"Person" includes an individual, sole proprietorship, corporation, nonprofit corporation, partnership, joint venture, limited liability company, and any other entity that proposes or otherwise seeks to enter into a contract or other transaction with the district requiring approval by the board.

Education Code 44.044

Out-of-State Bidders

A district may not award a governmental contract to a nonresident bidder unless the nonresident underbids the lowest bid submitted by a responsible resident bidder by an amount that is not less than the greater of the amount by which a resident bidder would be required to underbid the nonresident bidder to obtain a comparable contract in the state in which the nonresident's principal place of business is located, or the state in which a majority of the manufacturing relating to the contract will be performed. *Gov't Code 2252.002*

This requirement does not apply to a contract involving federal funds. A district shall use the information published by the comptroller under Government Code 2252.003 (Publication of Other State's Laws on Contracts) to evaluate the bid of a nonresident bidder. A district may rely on information published under Government Code 2252.003 to meet the requirements of Government Code 2252.002. *Gov't Code 2252.003–.004*

"Governmental contract" means a contract awarded by a governmental entity, including a public school district, for general construction, an improvement, a service, or a public works project or for a purchase of supplies, materials, or equipment.

Gov't Code 2252.001

Professional Services

Education Code 44.031 does not apply to a contract for professional services rendered, including the services of an architect, attorney, certified public accountant, engineer, or fiscal agent. A district may, at its option, contract for professional services rendered

by a financial consultant or a technology consultant in the manner provided by Government Code 2254.003 (Professional Services Procurement Act) (see below), in lieu of the methods provided by Education Code 44.031. *Education Code 44.031(f)*

Professional Services Procurement Act

Selection

A district may not select a provider of professional services or a group or association of providers or award a contract for the services on the basis of competitive bids submitted for the contract or for the services, but shall make the selection and award on the basis of demonstrated competence and qualifications to perform the services and for a fair and reasonable price. *Gov't Code 2254.003(a)*

[For specific information on procuring architectural or engineering services, see CV. For information on procuring services of physicians, optometrists, and registered nurses under certain circumstances, see Government Code 2254.008.]

Contingent Fee Contract for Legal Services

"Contingent fee contract" means a contract for legal services under which the amount or the payment of the fee for the services is contingent in whole or in part on the outcome of the matter for which the services were obtained. The term includes an amendment to a contract for legal services described by this provision if the amendment changes the scope of representation or may result in the filing of an action or the amending of a petition in an existing action. *Gov't Code 2254.101(2)*

Government Code Chapter 2254, Subchapter C provides the manner in which and the situations under which a district may compen-

sate a public contractor under a contingent fee for legal services. That subchapter does not apply to a contract for legal services:

1. Provided to a district under Government Code Chapter 403, Subchapter M; or

2. Entered into by a district for the collection of an obligation, as defined by Government Code 2107.001, that is delinquent [see CCGA(LEGAL) regarding delinquent tax collection] or for services under Government Code 1201.027 [see CCA(LEGAL) regarding issuance of public securities], except that Government Code sections 2254.1032, 2254.1034, 2254.1036, and 2254.1037 do apply to the contract.

Gov't Code 2254.102

A district may select an attorney or law firm to award a contingent fee contract only in accordance with Government Code 2254.003(a) (Professional Services Procurement Act) [see Selection, above] and Government Code 2254.1032.

Automated Information System

A district may purchase an automated information system using the purchasing method described by Government Code 2157.068 for commodity items or a purchasing method designated by the comptroller to obtain the best value for the state, including a request for offers method. A district that purchases an item using a method described above satisfies any state law requiring the district to seek competitive bids for the purchase of the item. *Gov't Code 2157.006; 34 TAC 20.222* [See 1 Administrative Code Chapter 212 for rules related to purchases of commodity items.]

Automated External Defibrillators

A district that purchases or leases an automated external defibrillator (AED), as defined by Health and Safety Code 779.001, shall ensure that the AED meets standards established by the federal Food and Drug Administration. *Education Code 44.047(a)*

Insurance

A contract for the purchase of insurance is not a contract for professional services. A district must award such a contract using one of the methods in Education Code 44.031. *Atty. Gen. Op. DM-418 (1996)*

Multiyear Contracts

A district may execute an insurance contract for a period longer than 12 months, if the contract complies with Local Government Code 271.903(a) [see Commitment of Current Revenue, below]. If a district executes a multiyear insurance contract, it need not advertise for insurance vendors until the 12-month period during which the district will be executing a new insurance contract. *Atty. Gen. Op. DM-418 (1996)*

Other Purchasing Methods

The comptroller shall establish a program by which the comptroller performs purchasing services for local governments. The services must include:

State Purchasing Program

1. The extension of state contract prices to participating local governments when the comptroller considers it feasible.
2. Solicitation of bids on items desired by local governments if the solicitation is considered feasible by the comptroller and is desired by the local government.
3. Provision of information and technical assistance to local governments about the purchasing program.

The comptroller may charge a participating local government an amount not to exceed the actual costs incurred by the comptroller in providing purchasing services to the local government under the program.

Local Gov't Code 271.082

District Participation

A district may participate in the purchasing program, including participation in purchases that use the reverse auction procedure, by filing with the comptroller a resolution adopted by the board requesting that the district be allowed to participate on a voluntary basis, and to the extent the comptroller deems feasible, and stating that the district will:

1. Designate an official to act for the district in all matters relating to the program, including the purchase of items from the vendor under any contract, and that the board will direct the decisions of the representative;

3. Be responsible for making payment directly to the vendor;

4. Be responsible for the vendor's compliance with all conditions of delivery and quality of the purchased item.

A district that purchases an item under a state contract or under a reverse auction procedure, sponsored by the comptroller satisfies any state law requiring the district to seek competitive bids for the purchase of the item.

Local Gov't Code 271.083

A purchase authorized by this provision satisfies any requirement of state law relating to competitive bids or proposals.

The price listed for a good or service under a multiple award contract is a maximum price. A district may negotiate a lower price for goods or services under a contract listed on a schedule developed under Government Code Chapter 2155, Subchapter I.

Gov't Code 2155.504

Cooperative Purchasing Program

A district may participate in a cooperative purchasing program with another local government of this state or another state or with a local cooperative organization of this state or another state. A district that is participating in a cooperative purchasing program may sign

2. Make payments to another participating local government or local cooperative organization or directly to a vendor under a contract made under these provisions, as provided in the agreement between the participating local governments or between a local government and a local cooperative organization; and

3. Be responsible for the vendor's compliance relating to the quality of items and terms of delivery, to the extent provided in the agreement between the participating local governments or between a local government and a local cooperative organization.

A district that purchases goods or services under these provisions satisfies any state law requiring the district to seek competitive bids for the purchase of the goods or services.

Local Gov't Code 271.102; Atty. Gen. Op. JC-37 (1999)

1. Strategies for achieving energy efficiency that:
    a. Result in net savings for the district; or
    b. Can be achieved without financial cost to the district; and
2. For each strategy identified above, the initial, short-term capital costs and lifetime costs and savings that may result from implementation of the strategy.

A strategy for achieving energy efficiency includes facility design and construction.

In determining whether a strategy may result in financial cost to the district, the board shall consider the total net costs and savings that may occur over the seven-year period following implementation of the strategy.

The board may submit the plan to the State Energy Conservation Office for the purposes of determining whether funds available through loan programs administered by the office or tax incentives administered by the state or federal government are available to the district. Education Code 44.902

Energy Savings Performance Contracts

"Energy savings performance contract" has the meaning assigned by Local Government Code 302.001.

Each energy or water conservation measure must comply with current local, state, and federal construction, plumbing, and environmental codes and regulations. An energy savings performance contract may not include improvements or equipment that allow or cause water from any condensing, cooling, or industrial process or any system of nonpotable usage over which the public water supply system officials do not have sanitary control, to be returned to the potable water supply.

The board may enter into energy savings performance contracts only with persons who are experienced in the design, implementation, and installation of the energy or water conservation measures addressed by the contract.

Government Code Chapter 2269 (Contracting and Delivery Procedures for Construction Projects) does not apply to energy savings performance contracts.

Performance Bond

Before entering an energy savings performance contract, the board shall require the provider of the energy or water conservation measures to file with the board a payment and performance bond relating to the installation of the measures in accordance with Government Code Chapter 2253 (Public Work Performance and Payment Bonds). The board may also require a separate bond to cover the value of the guaranteed savings on the contract.

Financing

An energy savings performance contract may be financed:

1. Under a lease/purchase contract that has a term not to exceed 20 years from the final date of installation and that meets federal tax requirements for tax-free municipal leasing or long-term financing.
2. With the proceeds of bonds.
3. Under a contract with the provider of the energy or water conservation measures that has a term not to exceed the lesser of 20 years from the final date of installation or the average useful life of the energy or water conservation or usage measures.

Notwithstanding other law, the board may use any available money to pay the provider of the energy or water conservation measures under these provisions, and the board is not required to pay for such costs solely out of the savings realized by the district under an energy savings performance contract. The board may contract with the provider to perform work that is related to, connected with, or otherwise ancillary to the measures identified in the scope of an energy savings performance contract.

An energy savings performance contract shall contain provisions requiring the provider of the energy or water conservation measures to guarantee the amount of the savings to be realized by the district under the contract. If the term of an energy savings performance contract exceeds one year, the district's contractual obligations in any one year during the term of the contract beginning after the final date of installation may not exceed the total energy, water, wastewater, and operating cost savings, including electrical, gas, water, wastewater, or other utility cost savings and operating cost savings resulting from the measures as determined by the district, divided by the number of years in the contract term.

Contract Procurement

An energy savings performance contract shall be let according to the procedures established for professional services by Government Code 2254.004 (the Professional Services Procurement Act). [See CH] Notice of the request for qualifications shall be published in the manner provided for competitive bidding.

Cost Savings Review

Before entering into an energy savings performance contract, the board must require that the cost savings projected by an offeror be reviewed by a licensed professional engineer who has a minimum of three years of experience in energy calculation and review, is not an officer or employee of an offeror for the contract under review, and is not otherwise associated with the contract. In conducting the review, the engineer shall focus primarily on the proposed improvements from an engineering perspective, the methodology and calculations related to cost savings, increases in revenue, and, if applicable, efficiency or accuracy of metering equipment. An engineer who reviews a contract shall maintain the confidentiality of any proprietary information the engineer acquires while reviewing the contract. Occupations Code 1001.053 and 1001.407 (Texas Engineering Practice Act) apply to work performed under the contract.

3. Evaluate the amount of recyclable material recycled and modify the recycling program as necessary to ensure that all recyclable materials are effectively and practicably recycled.
4. Establish educational and incentive programs to encourage maximum employee participation.

Health and Safety Code 361.425; 30 TAC 328.202

Exemptions

These provisions do not apply to a school district with a student enrollment of less than 10,000 students.

A district may exclude one or more recyclable materials from their program if the Texas Commission on Environmental Quality (TCEQ) finds that:

1. A recycling program for a recyclable material is not available through their solid waste provider; or
2. The inclusion of a recyclable material would create a hardship.

A district may request additional consideration from TCEQ if compliance with these provisions would create a hardship.

If such an emergency exists, the consumer information sheet must be made available by the licensee. The statement must be kept on file with the pest control use records. If the customer is not available to sign a statement at the time of treatment, that shall be recorded in the use records along with the customer's name and telephone number. An emergency is defined as an imminent hazard to health. An emergency treatment is limited to the localized area of the emergency. *4 TAC 7.147(g), .148(d)*

All pesticides used by districts must be registered with the EPA and the TDA, with the exception of those pesticides that have been exempted from registration by the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), Section 25(b). All pesticides used by districts must also bear a label as required by FIFRA and Chapter 76 of the Texas Agriculture Code. Pesticide use must also meet the following requirements:

1. Pest control signs shall be posted at least 48 hours prior to a pesticide application inside district buildings, including residential properties, as provided for under 4 Administrative Code 7.148.

2. For outdoor applications made on district grounds, including residential properties, the treated area must be identified at all entry points with a sign, or must be secured using a locking device, a fence or other practical barrier such as commercially available barrier caution tape, or periodically monitored to

Pest control use records for all incidental pesticide use application, including the reason for application and justification for emergency, must be maintained by the IPM coordinator for two years. *4 TAC 7.205*

Inspections

School districts will be inspected at least once every five years. TDA may waive these requirements due to TDA staff availability, budgetary constraints, inspection trends, or operational efficiencies. School districts demonstrating a lack of compliance with TDA rules may be inspected more frequently based on risk using the following elements of consideration: prior violations, prior inspection results, and prior complaints. *4 TAC 7.149*

Integrated Pest Management Program

The District is committed to following integrated pest management (IPM) guidelines as required by Chapter 1951 of the Occupations Code and Title 4, Chapter 7 of the Administrative Code in all pest control activities that take place on District property.

Definition

IPM is a pest management strategy that relies on accurate identification and scientific knowledge of target pests, reliable monitoring methods to assess pest presence, preventative measures to limit pest problems, and thresholds to determine when corrective control measures are needed. Under IPM, whenever economical and practical, multiple control tactics shall be used to achieve the best control of pests. These tactics shall include, but are not limited to, the judicious use of pesticides.

Standards

The District's IPM program shall govern the District's use of pesticides, herbicides, and other chemical agents for the purpose of controlling pests, rodents, insects, and weeds in and around District facilities, including residential property primarily used as student housing.

IPM Coordinator

The Superintendent shall designate the IPM coordinator(s), who shall be registered with the Texas Department of Agriculture. The IPM coordinator(s) shall receive training in accordance with law and shall provide training to District employees, as necessary.

Application Time Frame

The IPM coordinator(s), in addition to the responsibilities set out in CLB(LEGAL), shall coordinate with appropriate District administrators or other designated and trained employees regarding pesticide or herbicide applications in accordance with law. The IPM coordinator(s) shall determine when an emergency situation exists and an exception to the 48-hour notice requirement may be made.

No Unauthorized Application

If the IPM coordinator is a licensed applicator, the IPM coordinator may apply pesticides in accordance with law. No other employee or other person or entity shall be permitted to apply a pesticide or herbicide at a District facility, including residential property primarily used as student housing, without the prior approval of the IPM coordinator and other than in the manner prescribed by law and the District's IPM program.

Note: For provisions regarding selection and adoption of instructional materials, see EFA.

Instructional Materials and Technology

Instructional materials selected for use in the public schools shall be furnished without cost to the students attending those schools. Except as provided by Education Code 31.104(d), a district may not charge a student for instructional material or technological equipment purchased by the district with the district's technology and instructional materials allotment. *Education Code 31.001*

Each instructional material, including electronic instructional material only to the extent of any applicable licensing agreement, purchased as provided by Education Code Chapter 31 for a district is the property of the district. *Education Code 31.102(a)–(b)*

Allotment

A district is entitled to an allotment each biennium from the state instructional materials and technology fund for each student enrolled in the district on a date during the last year of the preceding biennium specified by the commissioner of education. The commissioner shall determine the amount of the allotment per student each biennium on the basis of the amount of money available in the state instructional materials and technology fund to fund the allotment. The allotment shall be transferred from the state instructional materials and technology fund to the credit of the district's instructional materials and technology account as provided by Education Code 31.0212. *Education Code 31.0211(a)*

The commissioner shall, as early as practicable during each biennium, notify each district of the estimated amount to which the district will be entitled during the next fiscal biennium. *Education Code 31.0215(a)*

No Appeal

The amount of the allotment determined by the commissioner is final and may not be appealed. *19 TAC 66.1307(d)*

Delayed Publisher Payment Option

A district may requisition and receive state-adopted instructional materials before allotment funds for those materials are available. The total cost of delayed-payment-option materials requisitioned may not exceed 80 percent of the district's expected allotment for the subsequent biennium.

When a district submits a requisition for instructional materials under this provision, the Texas Education Agency (TEA) will expend a district's existing allotment balance before applying the delayed payment option. TEA will make payment for any remaining balance for a district's order as the allotment funds become available and

will prioritize payment for requisitions under this provision over reimbursement of purchases made directly by a district.

19 TAC 66.1312(a)–(e)

The commissioner shall ensure that publishers of instructional materials are informed of any potential delay in payment and that payment is subject to the availability of appropriated funds. *Education Code 31.0215(d)*

Publishers may decline orders for which payments could be delayed. A publisher's decision to decline an order shall affect all of that publisher's orders for which payments could be delayed. Publishers may not selectively decline individual orders or orders from individual districts. *19 TAC 66.1312(f); Education Code 31.0215(d)*

Allotment Adjustment

Change in Enrollment

Not later than May 31 of each school year, a district may request that the commissioner adjust the number of students for which the district is entitled to receive an allotment on the grounds that the number of students attending school in the district will increase or decrease during the school year for which the allotment is provided. The commissioner may also adjust the number of students for which a district is entitled to receive an allotment, without a request by the district, if the commissioner determines a different number of students is a more accurate reflection of students who will be attending school in the district. The commissioner's determination is final. *Education Code 31.0211(e)*

High Enrollment Growth

Each year the commissioner shall adjust the instructional materials and technology allotment of districts experiencing high enrollment growth. *Education Code 31.0214(a)*

High-enrollment growth adjustments will be based on the difference between the district's percentage of enrollment growth and that of the state. Enrollment growth calculations will be determined each fiscal year based on fall Texas Student Data Systems Public Education Information Management System (TSDS PEIMS) enrollment data. The amount of the adjustment determined by the commissioner is final and may not be appealed.

If sufficient funds are available, high-enrollment growth adjustments will be granted once each fiscal year. Notwithstanding this, a district that experiences an unexpected growth:

1. Of at least two percent due to a natural or man-made disaster or catastrophic event may apply for additional allotment funding at any time during a fiscal year.
2. In its bilingual population of at least ten percent in any school year may apply for additional bilingual allotment funding at any time during a fiscal year.

Any additional funding will be dependent on the availability of funds.

The per-student high-enrollment growth adjustment granted in the second year of a biennium shall not exceed one-half of the per-student amount established as the biennial allotment.

19 TAC 66.1309

Permitted Expenditures

Each district's allotment funds must be expended according to the following priorities established in Education Code 31.0211:

2. Then, any other instructional materials or allowed technological equipment.

Maintaining the priorities above, the allotment funds may be used to pay for:

Certification of Allotment

A district shall annually certify to the commissioner that the district's allotment has been used only for permitted expenses. *Education Code 31.0213*

Instructional Materials and Technology Account

The commissioner shall maintain an instructional materials and technology account for each district. In the first year of each biennium, the commissioner shall deposit the district's allotment in the account. The commissioner shall pay the cost of instructional materials requisitioned by a district under Education Code 31.103 using funds from the district's instructional materials and technology account.

A district may also use funds in the district's account to purchase electronic instructional materials or technological equipment. The district shall submit to the commissioner a request for funds for this purpose from the district's account in accordance with the commissioner's rules.

Money deposited in a district's instructional materials and technology account during each state fiscal biennium remains in the account and available for use by the district for the entire biennium. At the end of each biennium, a district with unused money in the district's account may carry forward any remaining balance to the next biennium.

Education Code 31.0212

Access to Allotment

The allotment for each biennium will be made available for district use through the state's online instructional material ordering system as early as possible in the fiscal year preceding the beginning of the biennium for which the funds have been appropriated. A district may access its allotment for any upcoming school year upon completion of:

1. Submission to the commissioner certification that:
    a. The district has instructional materials that cover all the required Texas Essential Knowledge and Skills (TEKS), except those for physical education, as required by Education Code 31.004 [see Certification of Instructional Materials, below]; and
    b. The district has used its allotment for only allowable expenditures [see Permitted Expenditures and Certification of Allotment Use, above]; and
2. Preparation by TEA of the state ordering system for the new school year with the new allotment amounts.

Upon completion of these requirements, a district may access its funds by correctly providing all information required in the state ordering system.

A district may requisition instructional materials on the SBOE instructional materials list for grades above the grade level in which a student is enrolled. *Education Code 31.103(b)–(c)*

Distribution

The board shall distribute printed instructional materials to students in the manner that the board determines is most effective and economical. *Education Code 31.102(c)*

Supplemental Instructional Materials

A district may requisition supplemental instructional material adopted by the SBOE but not on the instructional material list adopted under Education Code 31.023 only if the district requisitions the supplemental instructional material along with other supplemental instructional materials or instructional materials on the list adopted under Education Code 31.023 that in combination cover each element of the essential knowledge and skills for the course for which the district is requisitioning the supplemental instructional materials. *Education Code 31.035(d)*

Availability of Open Education Resource Instructional Materials

A district that selects open education resource instructional material shall requisition a sufficient number of printed copies for use by students unable to access the instructional material electronically unless the district provides to each student:

1. Electronic access to the instructional material at no cost to the student; or
2. Printed copies of the portion of the instructional material that will be used in the course.

Education Code 31.103(d)

Employee Training

The board shall require the employee responsible for ordering instructional materials to complete TEA-developed training in the use of the allotment and the use of the instructional materials ordering system known as EMAT. Training shall be completed prior to ordering instructional materials for the first time and again each time the district is notified by TEA that the training has been updated. The district shall maintain documentation of the completion of the required training. *19 TAC 66.107(d)*

Special Instructional Materials

All laws and rules applying to instructional materials provided to students with no disabilities that are not in conflict with Education Code 31.028 or 19 Administrative Code 66.1311 shall apply to the distribution and control of special instructional materials. Special instructional materials include braille, large-print, and audio books and any other formats designed specifically to provide equal access to students with disabilities.

Requisitions for special instructional materials shall be based on actual student enrollment but may include up to two copies per student if necessary to meet individual need.

Special instructional materials are the property of the state. A district is responsible for replacing or reimbursing the state for lost, stolen, or damaged special instructional materials.

For Teachers — Adopted instructional materials needed by a teacher with a print disability to carry out his or her instructional duties shall be furnished in the required format without cost. The materials are to be loaned to the district as long as needed and are to be returned to the state when they are no longer needed.

For Parents — Adopted instructional materials in a specialized format that are requested by a parent with a print disability shall be furnished without cost by the state. Requests for electronic files shall be filled by TEA after the parent signs and TEA receives a statement, through the district, promising that the parent will safeguard the security of the files and observe all current copyright laws, including those that forbid reproduction of the files and their transfer to other parties. All specialized instructional material formats and electronic files that have been provided must be returned to the local school district at the end of the school year.

Bilingual Instructional Materials

A district shall purchase with its allotment or otherwise acquire instructional materials for use in bilingual education classes. Certification of Instructional Materials

Prior to the beginning of each school year, a district shall submit to the SBOE and commissioner certification that for each subject in the required curriculum under Education Code 28.002, other than physical education, and each grade level, the district provides each student with instructional materials that cover all elements of the essential knowledge and skills adopted by the SBOE for that subject and grade level. The certification shall be submitted in a format approved by the commissioner and can be based on both state-adopted and non-state-adopted materials.

To determine whether each student has instructional materials that cover all elements of the essential knowledge and skills, a district may consider:

1. Instructional materials adopted by the SBOE;
2. Materials adopted or purchased by the commissioner under Education Code 31.0231 or Education Code Chapter 31, Subchapter B-1;
3. Open education resource instructional materials submitted by eligible institutions and adopted by the SBOE;

4. Open education resource instructional materials made available by other public schools;

5. Instructional materials developed or purchased by the district; and

6. Open education resource instructional materials and other electronic instructional materials included in the repository under Education Code 31.083.

Each district shall certify, in a format approved by the commissioner, that the district protects against access to obscene or harmful content in compliance with the requirements for certification under the Children's Internet Protection Act, 47 U.S.C. 254(h)(5)(B) and (C). [See CQ]

The certifications shall be ratified by the board in a public, noticed meeting.

Education Code 31.004; 19 TAC 66.105

Ownership

Except as otherwise provided, a student must return all instructional materials to the teacher at the end of the school year or when the student withdraws from school. At the end of the school year for which open education resource instructional material that a district does not intend to use for another student is distributed, the printed copy of the open education resource instructional material becomes the property of the student to whom it is distributed.

This provision does not apply to an electronic copy of open education resource instructional material.

Education Code 31.104(c), (g)–(h); 19 TAC 66.107(b)

Responsibility for Instructional Materials and Equipment

Each student or the student's parent or guardian is responsible for all instructional material and technological equipment not returned in an acceptable condition by the student. A student who fails to return in an acceptable condition all instructional materials and technological equipment forfeits the right to free instructional materials and technological equipment until all instructional materials and technological equipment previously issued but not returned in an acceptable condition are paid for by the student, parent, or guardian.

As provided by board policy, a district may waive or reduce the payment required if the student is from a low-income family. [See FP] The district shall allow the student to use instructional materials and technological equipment at school during each school day.

If instructional materials or technological equipment is not returned in an acceptable condition or paid for, a district may withhold the

student's records. A district may not prevent the student from graduating, participating in a graduation ceremony, or receiving a diploma. [See FL and GBA regarding student and parental right to access records; and FD, FFAB, and FL regarding a district's duties to provide records to another district]

The board may not require an employee of the district who acts in good faith to pay for instructional materials or technological equipment that is stolen, misplaced, or not returned by a student. [See DG]

These provisions do not apply to an electronic copy of open education resource instructional material.

2. No component of the instructional materials is soiled, torn, or damaged (whether intentionally or by lack of appropriate care) to the extent that any portion of the content is too disfigured or obscured to be fully accessible to other students.

Electronic instructional materials are considered to be in acceptable condition if:

1. All components or applications that are a part of the electronic instructional materials are returned;
2. The electronic materials perform as they did when they were new;
3. The electronic instructional materials do not contain computer code (e.g., bug, virus, worm, or similar malicious software) that has been designed to self-replicate, damage, change, or otherwise hinder the performance of any computer's memory, file system, or software; and
4. The electronic instructional materials have not been installed with plug-ins, snap-ins, or add-ins without the prior approval of the district.

Technological equipment is considered to be in acceptable condition if:

1. The equipment is returned with the software and hardware in their original condition unless the district authorized changes; and
2. The physical condition of the equipment is fully usable as it was originally intended to be used.

19 TAC 66.1310

Sale — The board may sell printed instructional materials on the date the instructional material is discontinued for use in the public schools by the SBOE or the commissioner. The board may also sell electronic instructional materials and technological equipment owned by the district.

Use of Proceeds — Any funds received by a district from a sale must be used to purchase instructional materials and technological equipment allowed under Education Code 31.0211.

Disposal — The board may dispose of printed instructional material before the date the instructional material is discontinued for use in the public schools by the SBOE if the board determines that the instructional material is not needed by the district and the board does not reasonably expect that the instructional material will be needed. A district must notify the commissioner of any instructional material the district disposes of under this provision.

Education Code 31.105

Annual Inventory — A district shall conduct an annual physical inventory of all currently adopted instructional materials that have been requisitioned by and delivered to the district. The results of the inventory shall be recorded in the district's files. *19 TAC 66.107(a)*

The donated food may be received, stored, and distributed on the campus. Food donated by the campus may include:

Criminal History Reviews

Definitions

"Criminal history clearinghouse" (clearinghouse) means the electronic clearinghouse and subscription service established by the Department of Public Safety (DPS) to provide criminal history record information to persons entitled to receive that information and to provide updates to such information. A person who is the subject of the criminal history record information requested must consent to the release of the information. *Gov't Code 411.0845(a), (h)*

"Criminal history record information" (CHRI) means information collected about a person by a criminal justice agency that consists of identifiable descriptions and notations of arrests, detentions, indictments, information, and other formal criminal charges and their dispositions. *Gov't Code 411.082(2)*

"National criminal history record information" (NCHRI) means criminal history record information obtained from DPS under Government Code Chapter 411, Subchapter F, and the Federal Bureau of Investigation (FBI) under Government Code 411.087. *Education Code 22.081(2)*

"Request for CHRI" is the processing and entry of a person's complete set of fingerprints in DPS's tenprint database and the comparison of those prints to DPS's latent print database and if authorized the entry into FBI's tenprint and comparison to the FBI's latent print database. *37 TAC 27.172*

Participation in the Criminal History Clearinghouse

The purpose of the clearinghouse is to:

1. Provide authorized entities with the Texas and FBI fingerprint-based criminal history results.
2. Provide authorized entities with subscription and notification service to disseminate updated criminal history information.

Districts shall only submit a request for CHRI on a person who has authorized the access of their information.

Districts may subscribe to a person in the clearinghouse, if the entity has the authority to view the record. Entities shall unsubscribe from a person when it no longer has authority to view a record.

Districts shall validate their subscriptions in accordance with DPS policies. "Validation" is a process whereby the subscriber reviews a subscription to determine whether they are still authorized to receive CHRI on that individual and updates the subscription accordingly. Validations are required on a yearly basis.

Districts shall maintain compliance with the FBI Criminal Justice Information Services Security Policy. Districts shall allow DPS and

the FBI to conduct audits of their clearinghouse accounts to prevent any unauthorized access, use, or dissemination of the information.

37 TAC 27.171, .172(8), .174

2. May not be employed as a substitute teacher because the person's educator certification has been revoked or is suspended.

Employment Pending Review

After the required information is submitted, the person may begin employment, but that employment is conditional upon the review of that person's CHRI by TEA and must be terminated if TEA makes a determination that the employee or applicant is ineligible for employment.

A district may obtain the CHRI from:

1. DPS;

2. A law enforcement or criminal justice agency; or

3. A private consumer reporting agency [see Consumer Credit Reports, below].

Education Code 22.083(a), (a-1); Gov't Code 411.097

Note: For criminal history record provisions regarding volunteers, see GKG. For provisions on employees of entities that contract with a district, see CJA.

Confidentiality of Record

CHRI that a district obtains from DPS, including any identification information that could reveal the identity of a person about whom CHRI is requested and information that directly or indirectly indicates or implies involvement of a person in the criminal justice system:

1. Is for the exclusive use of the district; and

2. May be disclosed or used by the district only if, and only to the extent, disclosure is authorized or directed by a statute, rule, or order of a court of competent jurisdiction.

For purposes of these confidentiality provisions, "criminal history record" information does not refer to any specific document provided by DPS, but to the information contained, wholly or partly, in a document's original form or any subsequent form or use.

A district or an individual may not confirm the existence or nonexistence of CHRI to any person who is not eligible to receive the information.

Gov't Code 411.084

CHRI obtained by a district, in the original form or any subsequent form, may not be released to any person except the individual who is the subject of the information, TEA, or SBEC, or by court order. The CHRI is not subject to disclosure under Government Code Chapter 552 (Public Information Act).

An employee of a district may request from the district a copy of any CHRI related to that employee that the district has obtained from DPS. The district may charge a fee to provide the information, not to exceed the actual cost of copying the CHRI.

Gov't Code 411.097(d), (f)

Destruction of CHRI

A district shall destroy CHRI obtained from DPS on the earlier of:

1. The date the information is used for the authorized purpose; or
2. The first anniversary of the date the information was originally obtained.

Gov't Code 411.097(d)(3)

Confidentiality of Information Obtained from Applicant or Employee

A district may not release information collected about a person in order to obtain CHRI, including the person's name, address, phone number, social security number, driver's license number, other identification number, and fingerprint records, except:

1. To comply with Government Code Chapter 22, Subchapter C (criminal records);
2. By court order; or
3. With the consent of the person who is the subject of the information.

In addition, the information is not subject to disclosure under Government Code Chapter 552.

The district shall destroy the information not later than the first anniversary of the date the information is received.

Education Code 22.08391

Unauthorized Disclosure of CHRI

A person commits a Class B misdemeanor if the person knowingly or intentionally:

1. Obtains CHRI in an unauthorized manner, uses the information for an unauthorized purpose, or discloses the information to a person who is not entitled to the information; or
2. Violates a DPS rule adopted under Government Code Chapter 411, Subchapter F.

A person commits a second degree felony if the person:

1. Obtains, uses, or discloses CHRI for remuneration or for the promise of remuneration; or
2. Employs another person to obtain, use, or disclose CHRI for remuneration or for the promise of remuneration.

Gov't Code 411.085

Refusal to Hire Convicted Applicants

A district shall discharge or refuse to hire an employee or applicant for employment if the district obtains information through a CHRI review that the employee or applicant has been:

1. Convicted of or placed on deferred adjudication community supervision for an offense requiring registration as a sex offender under Code of Criminal Procedure Chapter 62; or
2. Convicted of:
    a. A felony under Title 5, Penal Code, if the victim of the offense was under 18 years of age at the time the offense was committed; or
    b. An offense under the laws of another state or federal law that is equivalent to an offense under item 1 or 2a, above.

Exception

However, a district is not required to refuse to hire an applicant if the person committed an offense under Title 5, Penal Code and:

1. The date of the offense is more than 30 years before the date the person's employment will begin; and

2. The applicant for employment satisfied all terms of the court order entered on conviction.

Certification to Commissioner

Each school year, the superintendent shall certify to the commissioner that the district has complied with the above provisions.

Sanctions

SBEC may impose a sanction on an educator who does not refuse to hire an applicant for employment if the educator knew that the applicant had been adjudicated for or convicted of having an inappropriate relationship with a minor in accordance with Education Code 21.009(e), or knew or should have known, through a CHRI review, that the applicant has been convicted of or placed on deferred adjudication community supervision for an offense described above.

SBEC may impose a sanction on a superintendent who falsely or inaccurately certified to the commissioner that the district had complied with Education Code 22.085. [See Certification to Commissioner, above]

Termination for Failure to Disclose

A district may discharge an employee if the district obtains information of the employee's conviction of a felony or misdemeanor involving moral turpitude that the employee did not disclose to SBEC or to the district. An employee so discharged is considered to have been discharged for misconduct for the purposes of Labor Code 207.044 (unemployment compensation).

Education Code 22.085; 19 TAC 249.15(b)(12), (14) [See DF]

Pre-employment Affidavit

An applicant for a certified or licensed position [see Professional Personnel at DBA(LEGAL)] with a school district, including a district of innovation, must submit, using a form adopted by TEA, a pre-employment affidavit disclosing whether the applicant has ever been charged with, adjudicated for, or convicted of having an inappropriate relationship with a minor.

An applicant who answers affirmatively concerning an inappropriate relationship with a minor must disclose in the affidavit all relevant facts pertaining to the charge, adjudication, or conviction, including, for a charge, whether the charge was determined to be true or false.

An applicant is not precluded from being employed based on a disclosed charge if the district determines based on the information disclosed in the affidavit that the charge was false.

A determination that an employee failed to disclose required information is grounds for termination of employment.

SBEC may revoke the certificate of an administrator if the board determines it is reasonable to believe that the administrator employed an applicant for a position described by Education Code 21.003(a) or (b) despite being aware that the applicant had been adjudicated for or convicted of having an inappropriate relationship with a minor.

Education Code 21.009

Do Not Hire Registry

TEA shall develop and maintain an internet portal through which required reports may be confidentially and securely filed and TEA makes available:

1. The registry of persons who are not eligible to be employed in public schools; and
2. Information indicating that a person is under investigation.

Education Code 22.095

TEA shall maintain and make available through its internet portal a registry of persons who are not eligible to be employed by a district, district of innovation, open-enrollment charter school, other charter entity, regional education service center, or shared services arrangement.

A district, district of innovation, open-enrollment charter school, other charter entity, regional education service center, or shared services arrangement shall discharge or refuse to hire a person listed on the registry.

The registry must list:

1. An employee of an open enrollment charter school determined by TEA under Education Code 22.0832 as a person who would not be eligible for educator certification based on their NCHRI;
2. A noncertified person determined by TEA to be not eligible for employment based on the person's CHRI, as provided by Education Code 22.0833 [see DBAA];
3. A person who is not eligible for employment based on CHRI received by TEA under Education Code 21.058(b) indicating that a certified employee is required to register as a sex offender;
4. A person whose certification or permit is revoked by SBEC on a finding that the person engaged in misconduct described by Education Code 21.006(b)(2)(A) or (A-1) [see DHB]; and

5. A noncertified person who is determined by the commissioner under Education Code 22.094 to have engaged in misconduct described by Education Code 22.093(c)(1)(A) or (B) [see DHC].

Education Code 22.092

Commercial Driver License Drug and Alcohol Clearinghouse

The U.S. Department of Transportation (DOT) operates and maintains a national clearinghouse for records relating to alcohol and controlled substances testing of commercial motor vehicle operators in order to improve compliance with DOT's alcohol and controlled substances testing program applicable to commercial motor vehicle operators [see DHE] and to enhance the safety of roadways by reducing accidents and injuries involving the misuse of alcohol or use of controlled substances by operators of commercial motor vehicles. *49 U.S.C. 31306a*

Pre-employment Query Required

A district must not employ a driver subject to controlled substances and alcohol testing under 49 C.F.R. Part 382 to perform a safety-sensitive function without first conducting a pre-employment query of the federal Drug and Alcohol Clearinghouse to obtain information about the driver's previous test results.

Annual Query Required

A district must conduct a query of the federal Drug and Alcohol Clearinghouse at least once per year for information for all employees subject to controlled substance and alcohol testing under 49 C.F.R. Part 382 to determine whether information exists about those employees.

Prohibition

A district may not allow a driver the district employs or intends to hire or use to perform any safety-sensitive function if the results of a Clearinghouse query demonstrate that the driver has a prohibited test result.

Recordkeeping Required

A district must retain for three years a record of each query and all information received in response to each query made under this section.

49 C.F.R. 382.701

Consumer Credit Reports

Definitions

"Adverse action" includes a denial of employment or any other decision for employment purposes that adversely affects any current or prospective employee.

"Consumer report" includes any information from a consumer reporting agency that is used or expected to be used as a factor in establishing the person's eligibility for employment.

"Consumer reporting agency" is an agency that, for monetary fees, dues, or on a cooperative nonprofit basis, regularly assembles or

evaluates consumer credit information or other information on consumers for the purpose of furnishing consumer reports to third parties.

"Employment purposes" when used in connection with a consumer report means a report used for the purpose of evaluating a person for employment, promotion, reassignment, or retention as an employee.

15 U.S.C. 1681a

Obtaining Reports

A district may not procure a consumer report for employment purposes unless:

1. The district has provided the applicant or employee a written disclosure that a consumer report may be obtained for employment purposes; and
2. The applicant or employee has authorized in writing the procurement of the consumer report.

Adverse Action

Before taking any adverse action based on the consumer report, a district shall provide the applicant or employee a copy of the consumer report and a written description of the person's rights under the Fair Credit Reporting Act, as prescribed by the Federal Trade Commission.

15 U.S.C. 1681b(b)(2)

Disposal of Records

A district must properly dispose of a consumer report by taking reasonable measures to protect against unauthorized access to or use of the information.

"Dispose" includes discarding or abandoning the consumer report, or selling, donating, or transferring any medium, including computer equipment, upon which the consumer report is stored.

Examples of reasonable measures include:

1. Burning, pulverizing, or shredding papers containing a consumer report so the information cannot practicably be read or reconstructed;
2. Destroying or erasing electronic media containing a consumer report so that the information cannot practicably be read or reconstructed; or
3. After due diligence, entering into and monitoring compliance with a contract with another party engaged in the business of record destruction to dispose of the consumer report.

16 C.F.R. 682.3

The Superintendent shall recommend an annual compensation plan for all District employees. The compensation plan may include wage and salary structures, stipends, benefits, and incentives. [See also DEAA] The recommended plan shall support District goals for hiring and retaining highly qualified employees. The Board shall review and approve the compensation plan to be used by the District. The Board shall also determine the total compensation package for the Superintendent. [See BJ series]

Pay Administration

The Superintendent shall implement the compensation plan and establish procedures for plan administration consistent with the budget. The classification of each job title within the compensation plan shall be based on the qualifications, duties, and market value of the position.

Annualized Salary

The District shall pay all salaried employees over 12 months in equal monthly or semi-monthly installments, regardless of the number of months employed during the school year. Salaried employees hired during the school year shall be paid in accordance with administrative regulations.

Pay Increases

The Superintendent shall recommend to the Board an amount for employee pay increases as part of the annual budget. Any pay adjustments for individual employees shall be determined within the approved budget following established procedures.

Midyear Pay Increases

Contract Employees

A contract employee's pay may be increased after performance on the contract has begun only if authorized by the compensation plan of the District or there is a change in the employee's job assignment or duties during the term of the contract that warrants additional compensation. Any such changes in pay that do not conform with the compensation plan shall require Board approval. [See DEA(LEGAL) for provisions on pay increases and public hearing requirements.]

Noncontract Employees

The Superintendent may grant a pay increase to a noncontract employee after duties have begun because of a change in the employee's job assignment or to address pay equity. The Superintendent shall report any such pay increases to the Board at the next regular meeting.

Pay During Closing

During an emergency closure, all employees shall continue to be paid for their regular duty schedule unless otherwise provided by Board action. Following an emergency closure, the Board shall adopt a resolution or take other Board action establishing the purpose and parameters for such payments. [See EB for the authority to close schools.]

Premium Pay During Disasters

Nonexempt employees who are required to work to mitigate the reason for an emergency closing shall be paid at the rate of one and one-half times their regular rate of pay for all hours worked up to 40 hours per week. All other nonexempt employees who are required to work during an emergency closing shall be paid their regular rate of pay.

Overtime for time worked over 40 hours in a week shall be calculated and paid according to law. [See DEAB] The Superintendent shall approve payments and ensure that accurate time records are kept of actual hours worked during emergency closings.

Fair Labor Standards Act

Minimum Wage and Overtime

Unless an exemption applies, a district shall pay each of its employees not less than minimum wage for all hours worked. *29 U.S.C. 206(a)(1)*

Unless an exemption applies, a district shall pay an employee not less than one and one-half times the employee's regular rate of pay for all hours worked in excess of 40 in any workweek. *29 U.S.C. 207(a)(1); 29 C.F.R. pt. 778*

Breaks for Nonexempt Employees

Rest periods of up to 20 minutes must be counted as hours worked. Coffee breaks or time for snacks are rest periods, not meal periods. *29 C.F.R. 785.18*

Bona fide meal periods of 30 minutes or more are not counted as hours worked if the employee is completely relieved from duty. The employee is not relieved from duty if the employee is required to perform any duties, whether active or inactive, while eating. For example, an office employee who is required to eat at his or her desk is working while eating. It is not necessary that an employee be permitted to leave the premises if the employee is otherwise completely freed from duties during the meal period. *29 C.F.R. 785.19*

Compensatory Time

Accrual

Nonexempt employees may receive, in lieu of overtime compensation, compensatory time off at a rate of not less than one and one-half hours for each hour of overtime work, pursuant to an agreement or understanding arrived at between the employer and employee before the performance of the work. Such agreement or understanding may be informal, such as when an employee works overtime knowing that the employer rewards overtime with compensatory time.

An employee may accrue not more than 240 hours of compensatory time. If the employee's overtime work included a public safety activity, an emergency response activity, or a seasonal activity, the employee may accrue not more than 480 hours of compensatory time. After the employee has reached these limits, the employee shall be paid overtime compensation for additional overtime work.

Payment for Accrued Time

Compensation paid to an employee for accrued compensatory time shall be paid at the regular rate earned by the employee at the time of payment. An employee who has accrued compensatory time off shall be paid for any unused compensatory time upon separation from employment at the rates set forth at 29 U.S.C. 207(o)(4).

Use

An employee who has requested the use of compensatory time shall be permitted to use such time within a reasonable period after making the request if the use of the compensatory time does not unduly disrupt the operations of the district.

The Fair Labor Standards Act (FLSA) does not prohibit a district from compelling the use of accrued compensatory time.

29 U.S.C. 207(o); Christensen v. Harris Cnty., 529 U.S. 576 (2000); Houston Police Officers' Union v. City of Houston, 330 F.3d 298 (5th Cir. 2003)

Exempt Employees

The minimum wage and overtime provisions do not apply to any employee employed in a bona fide executive, administrative, or professional capacity. *29 U.S.C. 213(a)(1)*

Academic Administrators

The term ''employee employed in a bona fide administrative capacity'' includes an employee:

1. Compensated on a salary or fee basis at a rate of not less than $684 per week, exclusive of board, lodging, or other facilities; or on a salary basis which is at least equal to the entrance salary for teachers in the district by which employed; and

2. Whose primary duty is performing administrative functions directly related to academic instruction or training in a district or department or subdivision thereof.

"Performing administrative functions directly related to academic instruction or training'' means work related to the academic operations and functions in a school rather than to administration along the lines of general business operations. Such academic administrative functions include operations directly in the field of education. Jobs relating to areas outside the educational field are not within the definition of academic administration.

Employees engaged in academic administrative functions include:

1. The superintendent or other head of an elementary or secondary school system, and any assistants, responsible for administration of such matters as curriculum, quality and methods of instructing, measuring and testing the learning potential and achievement of students, establishing and maintaining academic and grading standards, and other aspects of the teaching program;

2. The principal and any vice principals responsible for the operation of an elementary or secondary school;

3. Academic counselors who perform work such as administering school testing programs, assisting students with academic problems and advising students concerning degree requirements; and

4. Other employees with similar responsibilities.

Jobs relating to building management and maintenance, jobs relating to the health of the students, and academic staff such as social workers, psychologists, lunchroom managers, or dietitians do not perform academic administrative functions, although such employees may qualify for another exemption.

29 C.F.R. 541.204

Salary Basis

To qualify as an exempt executive, administrative, or professional employee, the employee must be compensated on a salary basis, unless the employee is a teacher. Subject to the exceptions listed in the rule, an employee must receive the full salary for any week in which the employee performs any work, without regard to the number of days or hours worked. A district that makes improper deductions from salary shall lose the exemption if the facts demonstrate that the district did not intend to pay exempt employees on a salary basis. *29 C.F.R. 541.600, .602(a), .603*

Partial-Day Deductions

A district employee who otherwise meets the salary basis requirements shall not be disqualified from exemption on the basis that the employee is paid according to a pay system established by statute, ordinance, or regulation, or by a policy or practice established pursuant to principles of public accountability, under which the employee accrues personal leave and sick leave and which requires the employee's pay to be reduced or the employee to be placed on leave without pay for absences for personal reasons or because of illness or injury of less than one workday when accrued leave is not used by an employee because:

1. Permission for its use has not been sought or has been sought and denied;
2. Accrued leave has been exhausted; or
3. The employee chooses to use leave without pay.

Deductions from the pay of a district employee for absences due to a budget-required furlough shall not disqualify the employee from being paid on a salary basis except in the workweek in which the furlough occurs and for which the employee's pay is accordingly reduced.

29 C.F.R. 541.710

Safe Harbor Policy

If a district has a clearly communicated policy that prohibits improper pay deductions and includes a complaint mechanism, reimburses employees for any improper deductions, and makes a good faith commitment to comply in the future, the district will not lose the exemption unless the district willfully violates the policy by con-

tinuing to make improper deductions after receiving employee complaints.

The best evidence of a clearly communicated policy is a written policy that was distributed to employees before the improper pay deductions by, for example, providing a copy of the policy to employees upon hire, publishing the policy in an employee handbook, or publishing the policy on a district's intranet.

29 C.F.R. 541.603(d)

Teachers

The term ''employee employed in a bona fide professional capacity'' includes any employee with a primary duty of teaching, tutoring, instructing, or lecturing in the activity of imparting knowledge and who is employed and engaged in this activity as a teacher in an elementary or secondary school system by which the employee is employed. The salary basis requirements do not apply to teaching professionals.

Exempt teachers include:

1. Regular academic teachers;
2. Teachers of kindergarten or nursery school pupils;
3. Teachers of gifted or disabled children;
4. Teachers of skilled and semi-skilled trades and occupations;
5. Teachers engaged in automobile driving instruction;
6. Home economics teachers; and
7. Vocal or instrumental music instructors.

Those faculty members who are engaged as teachers but also spend a considerable amount of their time in extracurricular activities such as coaching athletic teams or acting as moderators or advisors in such areas as drama, speech, debate, or journalism are engaged in teaching. Such activities are a recognized part of the schools' responsibility in contributing to the educational development of the student.

The possession of an elementary or secondary teacher's certificate provides a clear means of identifying the individuals contemplated as being within the scope of the exemption for teaching professionals. Teachers who possess a teaching certificate qualify for the exemption regardless of the terminology (e.g., permanent, conditional, standard, provisional, temporary, emergency, or unlimited) used by the state to refer to different kinds of certificates. However, a teacher who is not certified may be considered for

School Library

A district possesses significant discretion to determine the content of its school libraries. A district must, however, exercise its discretion in a manner consistent with the First Amendment.

Removal of Library Materials

Students' First Amendment rights are implicated by the removal of books from the shelves of a school library. A district shall not remove materials from a library for the purpose of denying students access to ideas with which the district disagrees. A district may remove materials because they are pervasively vulgar or based solely upon the educational suitability of the books in question.

Bd. of Educ. v. Pico, 457 U.S. 853 (1982)

Instructional Materials

Instructional materials selected for use in the public schools shall be furnished without cost to students attending those schools. Except as provided by Education Code 31.104(d), a district may not charge a student for instructional material or technological equipment purchased by the district with the district's technology and instructional materials allotment [see CMD]. *Education Code 31.001*

Parental Access

A parent is entitled to:

1. Review all teaching materials, instructional materials, including while the child is participating in virtual or remote learning, and other teaching aids used in the classroom of the parent's child;
2. Review each test administered to the child after the test is administered; and
3. Observe virtual instruction while the parent's child is participating in virtual or remote learning to the same extent the parent would be entitled to observe in-person instruction of the child.

A district shall make teaching materials and tests readily available for parental review and may specify reasonable hours for such review.

Taking Home Materials

A student's parent is entitled to request that a district allow the student to take home any instructional materials used by the student. Subject to the availability of the instructional materials, a district or school shall honor the request. A student who takes home instructional materials must return the instructional materials to school at the beginning of the next school day if requested to do so by the student's teacher.

Students Without Reliable Access to Technology

A district must provide the instructional materials to the student in printed format if the student does not have reliable access to technology at the student's home. This requirement does not require a

district to purchase printed copies of instructional materials that the district would not otherwise purchase. A district may comply with this requirement by providing the student a printout of the relevant electronic instructional materials.

Learning Management System or Online Portal

A district that uses a learning management system or any online learning portal to assign, distribute, present, or make available instructional materials as defined by Education Code 31.002 [see EFA] to students shall provide login credentials to the system or portal to each student's parent.

Education Code 26.006

Harmful Materials

"Harmful material" means material whose dominant theme taken as a whole:

1. Appeals to the prurient interest of a minor, in sex, nudity, or excretion;
2. Is patently offensive to prevailing standards in the adult community as a whole with respect to what is suitable for minors; and
3. Is utterly without redeeming social value for minors.

Penal Code 43.24(a)

Obscene

"Obscene" means material or a performance:

1. The average person, applying contemporary community standards, would find that taken as a whole appeals to the prurient interest in sex;
2. Depicts or describes
    a. Patently offensive representations or descriptions of ultimate sexual acts, normal or perverted, actual or simulated, including sexual intercourse, sodomy, and sexual bestiality; or
    b. Patently offensive representations or descriptions of masturbation, excretory functions, sadism, masochism, lewd exhibition of the genitals, the male or female genitals in a state of sexual stimulation or arousal, covered male genitals in a discernibly turgid state or a device designed and marketed as useful primarily for stimulation of the human genital organs; and
3. Taken as a whole, lacks serious literary, artistic, political, and scientific value.

Penal Code 43.21(1)

Information Collection and Access

Consent Required

Under the Protection of Pupil Rights Amendment (PPRA), no student shall be required, as part of any program funded in whole or in part by the U.S. Department of Education (ED), to submit to a survey, analysis, or evaluation that reveals information concerning the topics listed at Protected Information, below, without the prior consent of the student (if the student is an adult or emancipated minor), or, in the case of an unemancipated minor, without the prior written consent of the parent. *20 U.S.C. 1232h(b)*

Parental Inspection

All instructional materials, including teacher's manuals, films, tapes, or other supplementary material, that will be used in connection with any survey, analysis, or evaluation as part of any program funded in whole or in part by the U.S. ED shall be available for inspection by the parents or guardians of the children. *20 U.S.C. 1232h(a)*

5. The collection, disclosure, or use of personal information collected from students for the purpose of marketing or selling that information. This provision does not apply to use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for or to students or educational institutions, such as recruiters, book clubs, curriculum and instruc-

tional materials used by schools, sale by students of products or services to raise funds for school-related or education-related activities, or student recognition programs.

6. The parent's right to inspect any instrument used in collection of personal information in item 5 above, before the instrument is administered and any applicable procedures for granting a request by a parent for reasonable access to such instrument within a reasonable period of time after the request is received.

The ARD committee must also determine the child's placement once a year.

A "meeting" does not include informal or unscheduled conversations involving district personnel and conversations on issues such as teaching methodology, lesson plans, or coordination of service provisions if those issues are not addressed in the child's IEP. Written Notice

If a parent is unable to speak English, a district must provide the parent with a written notice regarding the ARD committee meeting required under 19 Administrative Code 89.1050(d) (notice for purposes of scheduling) or (e)(2) (notice explaining why the district refuses to convene a meeting) in the parent's native language, unless it is clearly not feasible to do so. If the parent's native language is not a written language, the school district must take steps to ensure that the notice is translated orally or by other means to the parent in his or her native language or other mode of communication so that the parent understands the content of the notice. *19 TAC 89.1050(f)*

Transfer Students

In-State Transfers

When a student transfers to a new district within the state in the same school year and the parents verify that the student was receiving special education services in the previous district or the previous district verifies in writing or by telephone that the student was receiving special education services, the new school district must meet the requirements of 34 C.F.R. 300.323(e) regarding the provision of special education services. The timeline for completing the requirements outlined in 34 C.F.R. 300.323(e)(1) or (2) is 30 school days from the date the student is verified as being a student eligible for special education services.

Transfers from Another State

When a student transfers from a district in another state in the same school year and the parents verify that the student was receiving special education services in the previous district or the previous district verifies in writing or by telephone that the student was receiving special education services, the new district must meet the requirements of 34 C.F.R. 300.323(f) regarding the provision of special education services. If the new district determines that an evaluation is necessary, the evaluation is considered a full individual and initial evaluation and must be completed within the timelines established by 19 Administrative Code 89.1011(c) and (e). The timeline for completing the requirements in 34 C.F.R. 300.323(f)(2), if appropriate, is 30 calendar days from the date of the completion of the evaluation report. If the school district deter-

mines that an evaluation is not necessary, the timeline for completing the requirements outlined in 34 C.F.R. 300.323(f)(2) is 30 school days from the date the student is verified as being a student eligible for special education services.

A student with a disability who has an IEP in place from a previous in- or out-of-state district and who enrolls in a new district during the summer is not considered a transfer student for the purposes of this provision or for 34 C.F.R. 300.323(e) or (f). For these students, the new district must implement the IEP from the previous district in full on the first day of class of the new school year or must convene an ARD committee meeting during the summer to revise the student's IEP for implementation on the first day of class of the new school year.

19 TAC 89.1050(j)

Transfer of Records

The district in which the child enrolls shall take reasonable steps to promptly obtain the child's records, including the IEP and supporting documents and any other records relating to the provision of special education or related services to the child, from the previous district.

The previous district shall take reasonable steps to promptly respond to the request from the new district and must furnish the new school district with a copy of the student's records, including the student's special education records, not later than the tenth working day after the date a request for the information is received by the previous school district.

20 U.S.C. 1414(d)(2)(C)(ii); 34 C.F.R. 300.323(g); 19 TAC 89.1050(j)(3)

Students Who Are Homeless or in Substitute Care

When a student who is homeless or in substitute care transfers into a district after being referred by a previous district for a special education evaluation, the receiving district must accept the referral and ensure that any written report of a full individual and initial evaluation is completed in accordance with the timelines established in 19 Administrative Code 89.1011 (relating to Full and Individual Initial Evaluation).

When a student who is homeless or in substitute care is eligible for special education and transfers into a new district during the school year, the receiving district must ensure that it meets the student transfer requirements of 19 Administrative Code 89.1050(j) (relating to the Admission, Review, and Dismissal Committee).

19 TAC 89.1615

Military Dependents

A district shall initially provide comparable services to a military student with disabilities based on his or her current IEP. This does not preclude the district from performing subsequent evaluations to ensure appropriate placement of the student. *Education Code 162.002 art. V, C* [See FDD]

Individualized Education Program

A district shall develop, review, and revise an IEP for each child with a disability. *20 U.S.C. 1412(a)(4); 34 C.F.R. 300.320(a)*

At the beginning of each school year, a district shall have in effect, for each child with a disability in its jurisdiction, an IEP. *20 U.S.C. 1414(d)(2)(A); 34 C.F.R. 300.323(a)*

14. The date of the meeting;

15. The name, position, and signature of each member participating in the meeting; and

16. An indication of whether the child's parents, the adult student, if applicable, and the administrator agreed or disagreed with the decisions of the ARD committee.

20 U.S.C. 1414(d); 34 C.F.R. 300.320; Education Code 29.005(b-1), .011; 19 TAC 89.1055

The written statement of a student's IEP may be required to include only information included in the model form developed by the Texas Education Agency (TEA) under Education Code 29.0051(a) and posted on the TEA website. A district may use the model form to comply with the requirements for an IEP under 20 U.S.C. 1414(d). *Education Code 29.005(f), .0051*

IEP Supplement

For each child who was enrolled in a district's special education program during the 2019–20 school year or the 2020–21 school year, the district shall prepare a supplement to be included with the written statement of the IEP. For more information about the required supplement, see Education Code 29.0052 and the commis-

sioner rules, when adopted. This requirement expires September 1, 2023. *Education Code 29.0052*

Supplemental Special Education Services

The ARD committee of a student approved for participation in the supplemental special education services and instructional materials program shall provide to the student's parent at an ARD committee meeting for the student:

1. Information regarding the types of supplemental special education services available under the program and provided by agency-approved providers for which an account maintained under Education Code 29.042(b) for the student may be used; and

2. Instructions regarding accessing the account.

The supplemental special education services and instructional materials program (SSES) expires September 1, 2024.

Education Code 29.048

A district shall notify parents and guardians of students served by special education of the SSES program and how to apply.

A student's ARD committee may not consider a student's current or anticipated eligibility for any supplemental special education instructional materials or services that may be provided under the SSES program when developing or revising a student's IEP, when determining a student's educational setting, or in the provision of a free appropriate public education.

19 TAC 102.1601(i)-(j)

Behavioral Intervention Plan

The ARD committee may determine that a behavior improvement plan or a behavioral intervention plan is appropriate for a student for whom the committee has developed an IEP. *Education Code 29.005(g)*

If the committee makes that determination, the behavior improvement plan or behavioral intervention plan shall be included as part of the student's IEP and provided to each teacher with responsibility for educating the student.

If a behavior improvement plan or a behavioral intervention plan is included as part of a student's IEP, the ARD committee shall review the plan at least annually, and more frequently if appropriate, to address:

1. Changes in a student's circumstances that may impact the student's behavior, such as:

a. The placement of the student in a different educational setting;

b. An increase or persistence in disciplinary actions taken regarding the student for similar types of behavioral incidents;

c. A pattern of unexcused absences; or

d. An unauthorized, unsupervised departure from an educational setting; or

2. The safety of the student or others.

19 TAC 89.1055(g); Education Code 29.005(h)

Translation of IEP into Native Language

If the parent is unable to speak English and Spanish is the parent's native language, a district shall provide a written or audiotaped copy of the student's IEP translated into Spanish. If the parent's native language is other than Spanish or English, a district shall make a good faith effort to provide a written or audiotaped copy of the student's IEP translated into the parent's native language. *Education Code 29.005(d)*

A written copy of the student's IEP translated into Spanish or the parent's native language means that all of the text in the student's IEP in English is accurately translated into the target language in written form. The IEP translated into the target language must be a comparable rendition of the IEP in English and not a partial translation or summary of the IEP in English.

An audio recording of the student's IEP translated into Spanish or the parent's native language means that all of the content in the student's IEP in English is orally translated into the target language and recorded with an audio device. A district is not prohibited from providing the parent with an audio recording of an ARD committee meeting at which the parent was assisted by an interpreter as long as the audio recording provided to the parent contains an oral translation into the target language of all of the content in the student's IEP in English.

If a parent's native language is not a written language, the district must take steps to ensure that the student's IEP is translated orally or by other means to the parent in his or her native language or other mode of communication.

Under 34 C.F.R. 300.322(f), a district must give a parent a written copy of the student's IEP at no cost to the parent. A school district meets this requirement by providing a parent with a written copy of the student's IEP in English or by providing a parent with a written

translation of the student's IEP in the parent's native language as provided above.

19 TAC 89.1050(i)

Autism/Pervasive Developmental Disorder

For students with autism/pervasive developmental disorders, the following strategies shall be considered by the ARD committee, based on peer-reviewed, research-based educational programming practices to the extent practicable and, when needed, addressed in the IEP:

1. Extended educational programming;
2. Daily schedules reflecting minimal unstructured time and active engagement in learning activities;
3. In-home training and community-based training or viable alternatives that assist the student with the acquisition of social/behavioral skills;
4. Positive behavior support strategies based on relevant information;
5. Beginning at any age, futures planning for integrated living, work, community, and educational environments that considers skills necessary to function in current and postsecondary environments;
6. Parent/family training and support, provided by qualified personnel with experience in Autism Spectrum Disorders (ASD);
7. Suitable staff-to-student ratio appropriate to identified activities and as needed to achieve social/behavioral progress based on the student's developmental and learning level (acquisition, fluency, maintenance, generalization) that encourages work towards individual independence;
8. Communication interventions, including language forms and functions that enhance effective communication across settings;
9. Social skills supports and strategies based on social skills assessment/curriculum and provided across settings;
10. Professional educator/staff support; and
11. Teaching strategies based on peer-reviewed, research-based practices for students with ASD.

If the ARD committee determines that services are not needed in one or more of the areas in 1–11 above, the IEP shall include a

statement reflecting that decision and the basis upon which the determination was made.

19 TAC 89.1055(e)–(f)

Visual Impairment

If a district provides special education services to students with visual impairments, it shall have written procedures as required in Education Code 30.002(c)(10) (staff access to resources). *19 TAC 89.1075(b)*

Collaborative Process

All members of the ARD committee shall have the opportunity to participate in a collaborative manner in developing the IEP. Decisions of the ARD committee concerning the required elements of the IEP shall be made by mutual agreement, if possible. The ARD committee may agree to an annual IEP or an IEP of shorter duration.

Ten-Day Recess

When mutual agreement about all required elements of the IEP is not achieved, the parent who disagrees must be offered a single opportunity to recess and reconvene the ARD committee meeting. The period of time for reconvening the ARD committee meeting must not exceed ten school days, unless the parties mutually agree otherwise. The ARD committee must schedule the reconvened meeting at a mutually agreed upon time and place. The opportunity to recess and reconvene is not required when:

1. The student's presence on campus represents a danger of physical harm to the student or others;
2. The student has committed an expellable offense; or
3. The student has committed an offense that may lead to placement in a disciplinary alternative education program. [See FOF]

These requirements do not prohibit the ARD committee from recessing an ARD committee meeting for reasons other than the failure to reach mutual agreement about all required elements of an IEP.

During the recess, the ARD committee members must consider alternatives, gather additional data, prepare further documentation, and/or obtain additional resource persons who may assist in enabling the ARD committee to reach mutual agreement.

Failure to Reach Agreement

If a recess is implemented and the ARD committee still cannot reach mutual agreement, a district shall implement the IEP it has determined to be appropriate for the student. Each member of the ARD committee who disagrees with the IEP developed by the ARD

committee is entitled to include a statement of disagreement in the IEP.

If the IEP is not developed by agreement, the written statement of the program must include the basis of the disagreement. Each member of the ARD committee who disagrees with the IEP developed by the committee is entitled to include a statement of disagreement in the written statement of the program.

Education Code 29.005(c); 19 TAC 89.1050(g)

Modification of Existing IEP

Changes to the IEP may be made either by the entire ARD committee or by amending the IEP by agreement, rather than redrafting the entire IEP.

After the annual IEP meeting for a school year, the parent and district may agree not to convene an IEP meeting for the purposes of making changes to the IEP and instead may develop a written document to amend or modify the child's current IEP.

Upon request, a parent shall be provided with a revised copy of the IEP with amendments incorporated.

To the extent possible, a district shall encourage the consolidation of reevaluation meetings for the child and other ARD meetings for the child.

20 U.S.C. 1414(d)(3)(D)–(F); 34 C.F.R. 300.324(a)(4)–(6)

Teacher Access to IEP

Each district must ensure that each teacher who provides instruction to a student with a disability has access to relevant sections of the student's current IEP, is informed of the teacher's specific responsibilities related to implementation of the IEP, and has an opportunity to request assistance regarding implementation of the student's IEP. *19 TAC 89.1075(c)*

Teacher Request to Review IEP

Each district shall develop a process to be used by a teacher who instructs a student with a disability in a regular classroom setting:

1. To request a review of the student's IEP;
2. To provide input in the development of the student's IEP;
3. That provides for a timely district response to the teacher's request; and
4. That provides for notification to the student's parent or legal guardian of that response.

In order to promote student safety, on receipt of an authorized written request, a district shall provide equipment, including a video camera, to the campus in the district specified in the request.

Classroom or Other Setting

A campus that receives equipment shall place, operate, and maintain one or more video cameras in self-contained classrooms and other special education settings in which a majority of the students in regular attendance are provided special education and related services and are assigned to one or more self-contained classrooms or other special education settings for at least 50 percent of the instructional day, provided that:

1. A campus that receives equipment as a result of the request by a parent or staff member is required to place equipment only in classrooms or settings in which the parent's child is in regular attendance or to which the staff member is assigned, as applicable; and

2. A campus that receives equipment as a result of the request by a board of trustees, principal, or assistant principal is required to place equipment only in classrooms or settings identified by the requestor, if the requestor limits the request to specific classrooms or settings subject to Education Code 29.022.

The inside of a bathroom or any area in the classroom or other special education setting in which a student's clothes are changed may not be visually monitored, except for incidental coverage of a minor portion of a bathroom or changing area because of the layout of the classroom or setting.

Education Code 29.022(c)–(c-1)

Written Notice

Before a campus activates a video camera in a classroom or special education setting, the campus shall provide written notice of the placement to all campus staff and to the parents of each student attending class or engaging in school activities in the classroom or setting.

If for any reason a campus will discontinue operation of a video camera during a school year, not later than the fifth school day before the date the operation of the video camera will be discontinued, the campus must notify the parents of each student in regular attendance in the classroom or setting that operation of the video camera will not continue unless requested by a person eligible to make a request. Not later than the tenth school day before the end of each school year, the campus must notify the parents of each student in regular attendance in the classroom or setting that operation of the video camera will not continue during the following

school year unless a person eligible to make a request for the next school year submits a new request.

If the recording documents an alleged incident, the district or campus shall retain the recording until the alleged incident has been resolved, including the exhaustion of all appeals.

Education Code 29.022(e)–(e-1)

Gifts, Grants, and Donations

No Monitoring

A district may not:

1. Allow regular or continual monitoring of video recorded under Education Code 29.022; or
2. Use video for teacher evaluation or for any other purpose other than the promotion of safety of students receiving special education services.

Duty to Report

If a person described by item 4 or 5, above, views a video recording and has cause to believe that the recording documents possible abuse or neglect of a child under Family Code Chapter 261, the person must submit a report to the Texas Department of Family and Protective Services or other authority in accordance with the local policy adopted under 19 Administrative Code 61.1051 (Reporting Child Abuse and Neglect) and Family Code Chapter 261 [see FFG].

19 TAC 103.1301(j); Education Code 29.022(j)

Use in Disciplinary Actions Against District Personnel

If a person described by items 3, 4, or 5, above, views the recording and believes that it documents a possible violation of district or campus policy, the person may allow access to the recording to appropriate legal and human resources personnel of the district to the extent not limited by the Family Educational Rights and Privacy Act (FERPA) or other law. A recording believed to document a possible violation of district policy relating to the neglect or abuse of a student may be used in a disciplinary action against district personnel and must be released in a legal proceeding at the request of a

parent of the student involved in the incident documented by the recording. A recording believed to document a possible violation of district policy relating to the neglect or abuse of a student must be released for viewing by the district employee who is the subject of the disciplinary action at the request of the employee. *19 TAC 103.1301(k)*

Federal Law / FERPA

19 Administrative Code 103.1301(j) (child abuse reporting) and (k) (disciplinary actions against personnel) do not limit the access of a student's parent to a record regarding the student under FERPA or other law. To the extent any provisions in Education Code 29.022 and 19 Administrative Code 103.1301 conflict with FERPA or other federal law, federal law prevails. *19 TAC 103.1301(l)*

District Policy

A district must adopt written policies relating to the placement, operation, and maintenance of video cameras under Education Code 29.022 and 19 Administrative Code 103.1301. At a minimum, the policies must include:

1. A statement that video surveillance is for the purpose of promoting student safety in certain self-contained classrooms and other special education settings;

2. Information on how a person may appeal an action by the district that the person believes to be in violation of this section or a policy adopted in accordance with this section, including the appeal and expedited review processes under 19 Administrative Code 103.1303 (Commissioner's Review of Actions Concerning Video Cameras in Special Education Settings) and the appeals process under Education Code 7.057;

3. A requirement that the district provide a response to a request made under this section not later than the seventh school business day after receipt of the request by the person to whom it must be submitted under Education Code 29.022(a-3) (at Limited Release, above) that authorizes the request or states the reason for denying the request;

4. Except as provided by item 6 of this provision, a requirement that a campus begin operation of a video camera in compliance with this provision not later than the 45th school business day, or the first school day after the 45th school business day if that day is not a school day, after the request is authorized unless the Texas Education Agency (TEA) grants an extension of time;

5. A provision permitting the parent of a student whose admission, review, and dismissal (ARD) committee has determined that the student's placement for the following school year will

be in a classroom or other special education setting in which a video camera may be placed under this section to make a request for the video camera by the later of:

a. The date on which the current school year ends; or

b. The tenth school business day after the date of the placement determination by the ARD committee;

6. A requirement that, if a request is made by a parent in compliance with item 5 of this provision, unless TEA grants an extension of time, a campus begins operation of a video camera in compliance with this provision not later than the later of:

   a. The tenth school day of the fall semester; or

   b. The 45th school business day, or the first school day after the 45th school business day if that day is not a school day, after the date the request is made;

7. The procedures for requesting video surveillance and the procedures for responding to a request for video surveillance;

8. The procedures for providing advanced written notice to the campus staff and the parents of the students assigned to a self-contained classroom or other special education setting that video and audio surveillance will be conducted or cease in the classroom or setting, including procedures for notice, in compliance with Education Code 29.022(b), of the opportunity to request continued video and audio surveillance if video and audio surveillance will otherwise cease;

9. A requirement that video cameras be operated at all times during the instructional day when one or more students are present in a self-contained classroom or other special education setting in which video cameras are placed;

10. A statement regarding the personnel who will have access to video equipment or video recordings for purposes of operating and maintaining the equipment or recordings;

11. A requirement that a campus continue to operate and maintain any video camera placed in a self-contained classroom or other special education setting for as long as the classroom or setting continues to satisfy the requirements in Education Code 29.022(a), for the remainder of the school year in which the campus received the request, unless the requester withdraws the request in writing;

12. A requirement that video cameras placed in a self-contained classroom or other special education setting be capable of

recording video and audio of all areas of the classroom or setting, except that no visual monitoring of bathrooms and areas in which a student's clothes are changed may occur. Incidental visual coverage of the inside of a bathroom or any area of the classroom or other special education setting in which a student's clothes are changed is permitted only to the extent that such coverage is the result of the layout of the classroom or setting. Audio recording of the inside of a bathroom or any area of the classroom or other special education setting in which a student's clothes are changed is required;

13. A statement that video recordings must be retained for at least three months after the date the video was recorded and that video recordings will be maintained in accordance with the requirements of Education Code 29.022(e-1), when applicable;

14. A statement that the regular or continual monitoring of video is prohibited and that video recordings must not be used for teacher evaluation or monitoring or for any purpose other than the promotion of student safety;

15. At the district's discretion, a requirement that campuses post a notice at the entrance of any self-contained classroom or other special education setting in which video cameras are placed stating that video and audio surveillance are conducted in the classroom or setting;

16. The procedures for reporting an allegation to the district that an incident occurred in a self-contained classroom or other special education setting in which video surveillance under Education Code 29.022 and 19 Administrative Code 103.1301 is conducted;

17. The local grievance procedures for filing a complaint alleging violations of Education Code 29.022, and/or 19 Administrative Code 103.1301; and

18. A statement that video recordings made under Education Code 29.022 and 19 Administrative Code 103.1301 are confidential and a description of the limited circumstances under which the recordings may be viewed.

19 TAC 103.1301(g)

Governmental Record

A video recording under this section is a governmental record only for purposes of Penal Code 37.10.

Operation of Camera

These provisions apply to the placement, operation, and maintenance of a video camera in a self-contained classroom or other

special education setting during the regular school year and extended school year services.

A video camera placed under this section is not required to be in operation for the time during which students are not present in the classroom or other special education setting.

Education Code 29.022(s)–(t)

Exclusions

A district is not required to provide video equipment to a campus of another district or charter school or to a nonpublic school. *19 TAC 103.1301(c)*

Dispute Resolution

The special education dispute resolution procedures in 34 Code of Federal Regulations 300.151–.153 and 300.504–.515 do not apply to complaints alleging that a district has failed to comply with Education Code 29.022 and 19 Administrative Code 103.1301. Complaints alleging violations of those sections must be addressed through the district's local grievance procedures or other dispute resolution channels. *19 TAC 103.1301(e)*

Denial of Request

The following standards and procedures apply to a denial of a request for placement of a video camera under Education Code 29.022(a), or to the denial of a request to release a video or to view a video made under Education Code 29.022(i) or (l)(2).

Exhaustion of Administrative Remedies

Once a request for placement of a video camera or a request to release a video is administratively denied, the requester must exhaust administrative remedies through the district's grievance process even if the requester opts for the expedited review process. However, a district, parent, staff member, or administrator may request an expedited review even before the local remedies are exhausted.

After local remedies are exhausted by filing a grievance with the board and obtaining a board determination, the requester may appeal the denial to the commissioner of education under Education Code 7.057 by filing a petition for review.

Proper Request

In a case where there is a denial of a request for the placement of a video camera, the commissioner will determine whether the person requesting placement is a person allowed to request placement under Education Code 29.022(a-1) (see Limited Release, above) and whether the requester made a proper request under Education Code 29.022(a-3) (see Processing the Request, above).

Cost

The commissioner will not consider the cost to the district of installing cameras or releasing video.

Release Determination

In a case where there is a denial of a request to release a video, the commissioner will determine whether the requester is a person allowed to receive a video under Education Code 29.022(i) (described at Limited Release, above).

Timelines for Petition for Review

The following timelines are established for filing a petition for review:

1. A petition for review shall be filed with the commissioner within ten calendar days of the decision of the board denying the request being first communicated to the requester or requester's counsel, whichever occurs first. The petition for review shall be made in accordance with 19 Administrative Code 157.1073(c) (hearings brought under Education Code 7.057) and may include a request for expedited review.
2. The district's answer and local record shall comply with 19 Administrative Code 157.1052(b) and (c) and 19 Administrative Code 157.1073(d) and shall be filed with the commissioner within ten calendar days of the district receiving notification from the commissioner of the appeal.
3. The procedures specified in 19 Administrative Code 157.1059; .1061; and .1073(e)–(h), (j), and (k) apply to a case brought to the commissioner under this section.

Expedited Review

A request for expedited review is governed by the following.

1. The expedited review process is designed to allow a requester to promptly receive a preliminary judgment from the commissioner as to a decision to deny a request for the installation of cameras or a decision to deny a request to release a video while at the same time respecting the school grievance process. The expedited review process does not apply to a request to only view a video. Invoking the expedited review process results in a prompt initial determination. However, the final commissioner's determination is to be based on a substantial evidence review of the district's grievance record. This allows for a full record to be developed at the district level and does not require the requester and the district to make an evidentiary record before TEA in Austin, Texas. Because the requirements of Education Code 7.057 are met when the board's decision is heard by the commissioner, an appeal to district court is allowed under Education Code 7.057(d). Education Code 29.022 does not by itself allow an appeal to district court.
2. A district, parent, staff member, or administrator may request an expedited review. Any request for an expedited review

shall include the names, telephone numbers, and addresses of all interested parties to the request. “Interested parties” are all persons who brought the grievance, all persons who have testified or provided written statements as part of the grievance process, and the district. The request for expedited review shall specify whether the district denied a request for the placement of a video camera or the district denied a request to release a video and briefly describe why that decision is either correct or incorrect.

3. A request for expedited review shall be filed with the commissioner no earlier than 14 business days after a request for placement of a video camera or a request to release a video is administratively denied under Education Code 29.022(i) or (l)(2) (see Limited Release and Process, above), and no later than the fifth business day after a board resolves a grievance as to a request for placement of a video camera or a request to release a video. A request for expedited review shall be filed with the commissioner electronically as provided on TEA’s Division of Hearings and Appeals website or by U.S. Mail, facsimile, hand-delivery, or by a commercial delivery service.

4. Whenever an interested party files a document with the commissioner, with the exception of the request for expedited review, the interested party shall send the same document to all other interested parties by the same method that the document was sent to the commissioner. Hand-delivery of the document by the next day may be substituted for service by facsimile delivery.

5. If a request for expedited review is timely filed, the commissioner will establish a briefing schedule and will send to all interested parties a notice that an expedited review has been filed, which will include relevant statutes and rules. Any interested party who knows of any additional interested parties who have not been notified will promptly inform the commissioner in writing.

6. All briefing shall clearly state the facts relied upon. Documents relevant to the issues presented may be attached to a brief. All briefing shall provide the reasons why the commissioner should or should not grant the request for expedited review. Citations to statutes, rules, commissioner decisions, and case law are important to identify the legal basis for the claims made.

7. All interested parties who are in favor of granting the request for expedited review shall file briefing at the time specified for the requester of the expedited review.

8. All interested parties who are opposed to granting the request for expedited review shall file briefing at the same time.

9. Briefing is not limited to the issues specifically raised in the pleadings in the case. However, no new arguments may be raised in the reply briefs. Reply briefs may contain new citations to the record and legal authority as to issues previously raised.

10. A preliminary judgment shall be issued based on the briefing of the interested parties. The preliminary judgment will be sent to the requestor, the district, and all interested parties. If it is determined that a district is not likely to prevail on the issue of a request for the placement of video cameras or the issue of a request to view a video under full review, the district will fully comply with Education Code 29.022.

11. After a preliminary judgment is made, a final judgment will be made in accordance with the procedures set forth in 19 Administrative Code 103.1303(b)(1)–(5) (the Denial of Request Review process).

19 TAC 103.1303(b)

Extension of Time

A request by a district for an extension of time to begin the operation of a video camera under Education Code 29.022 shall be made and decided using the following procedures.

Request

Any request by a district for an extension of time to begin the operation of a video camera shall be filed with the commissioner prior to the 45th school business day after a request to begin operating a video camera is received. However, a district should request an extension of time as soon as it determines that an extension of time should be filed.

A request for an extension of time to begin the operation of a video camera shall specify why an extension of time should be granted. The request shall include affidavits supporting any factual claims made in the request and reference any legal authority as to why the request should be granted. The request may include a request for expedited review. The request shall name the individual who requested the installation of cameras and provide the individual's address and telephone number. Immediately following the individual's address and telephone number there shall appear in bold type: "You have been identified as the individual who requested the operation of a video camera that is the subject of this request to the

commissioner of education to extend the statutory timeline. You may, but are not required to, participate in the proceedings before the commissioner concerning the school district's request for an extension of time. It is entirely up to you whether and to what extent you wish to participate in these proceedings. The procedures governing these proceedings are found at 19 Texas Administrative Code 103.1303(c) and Texas Education Code 29.022."

A request for an extension of time to begin the operation of a video camera shall list the names, telephone numbers, and addresses of all interested parties to the request. All interested parties include all parents of students in the classroom or other special education setting for which a video camera has been requested and all staff who provided services in a classroom for which a video camera has been requested.

Filing Documents All documents in a case shall be filed with the Division of Hearings and Appeals, Texas Education Agency, 1701 N. Congress Ave., Austin, Texas 78701, facsimile number (512) 475-3662. Documents shall be filed electronically as provided on the division's website or by mail, delivery, or facsimile. All documents must be actually received by the Division of Hearings and Appeals by the date specified in this section. The mailbox rule does not apply to filings in a case filed under this subsection. Electronic filing is strongly encouraged.

All filings in a case shall be sent to the district, the individual who initially requested the installation of the cameras, and all interested parties who have filed a request to receive documents filed in the case by the same method as the request is filed with the commissioner. Due to the requirements of FERPA, the names, telephone numbers, and addresses of parents and other publicly identifiable student information may not be given to the interested parties. The copies of the filings sent to interested parties shall be redacted to remove all personally identifiable student information.

Filing Responses Any response to a request for an extension of time to begin the operation of a video camera shall be filed with the commissioner by an interested party within ten calendar days of the filing of the request. If no response to the request is timely filed, the commissioner shall issue a final decision within 20 calendar days of the filing of the request.

A response to a request for an extension of time to begin the operation of a video camera shall specify why an extension of time should or should not be granted. The response shall include affidavits concerning any factual claims made in the request and reference any legal authority as to why the request should or should not

be granted. The response may include a request for expedited review.

Expedited Review

A request for expedited review must be filed with the commissioner within ten calendar days of the filing of the request for an extension of time to begin the operation of a video camera. If a request for expedited review is made, all interested parties shall be notified that they have been identified as interested parties in the request for an extension of time to begin the operation of a video camera. In particular, the interested parties will be informed that it is their choice whether to participate in the proceedings before the commissioner, that it is entirely up to them to determine to what extent they wish to participate in the proceedings, that the procedures governing these proceedings are found in 19 Administrative Code 103.1303 and Education Code 29.022, and that upon their written request filed with the commissioner they will be sent all filings in this case.

If a request for an expedited review is not made, the commissioner shall issue a final decision within 45 calendar days of the filing of the request for an extension of time to begin the operation of a video camera, unless the commissioner determines that an evidentiary hearing would be helpful in deciding the issues raised. If the commissioner decides to hold an evidentiary hearing, the commissioner shall establish the timelines and procedures to be used. Whether to conduct the hearing by telephone or other electronic methods will be considered.

If a request for expedited review is made, the following procedures shall be followed:

1. Any reply by the district to any response to the request shall be filed with the commissioner within 25 calendar days of the filing of the request for an extension of time to begin the operation of a video camera.
2. A preliminary judgment shall be made by the commissioner within 35 calendar days of the filing of the request for an extension of time to begin the operation of a video camera.
3. Any interested party or the district may file objections to the preliminary judgment within 40 calendar days of the filing of the request for an extension of time to begin the operation of a video camera.
4. Any reply to an objection to a preliminary judgment must be filed within 45 calendar days of the filing of a request for an extension of time to begin the operation of a video camera.

5. The commissioner shall issue a final decision within 55 calendar days of the filing of the request for an extension of time to begin the operation of a video camera, unless the commissioner determines that an evidentiary hearing would be helpful in deciding the issues raised. If the commissioner decides to hold an evidentiary hearing, the commissioner shall establish the timelines and procedures to be used. Whether to conduct the hearing by telephone or other electronic methods will be considered.

Commissioner Consideration — In making either a preliminary judgment or a final judgment under this subsection, the commissioner will consider whether granting the requested extension is reasonable considering all factors, including contracting statutes, architectural and structural issues, and the difference in costs to the district if a moderate extension of time is granted.

No Appeal — A commissioner's final decision under this provision is not subject to appeal.

19 TAC 103.1303(c)

Designing and Implementing Services

A district shall use student performance data from state basic skills assessment instruments and achievement tests to design and implement appropriate compensatory, intensive, or accelerated instructional services for students in the district's schools that enable the students to perform at grade level at the conclusion of the next regular school term. *Education Code 29.081(a)*

[See EHBCA for information regarding acceleration instruction and accelerated learning committees.]

Intensive Program of Instruction

A district shall offer an intensive program of instruction to a student who does not perform satisfactorily on a state assessment instrument or is not likely to receive a high school diploma before the fifth school year following the student's enrollment in grade 9, as determined by the district.

State Assessments

The program shall be designed to:

1. Enable the student to:
    a. To the extent practicable, perform at the student's grade level at the conclusion of the next regular school term; or
    b. Attain a standard of annual growth specified by a district and reported by the district to TEA; and
2. If applicable, carry out the purposes of Education Code 28.0211. [See EIE]

Students Receiving Special Education Services

For a student in a special education program who does not perform satisfactorily on an assessment instrument administered under Education Code 39.023(a), (b), or (c), the student's admission, review, and dismissal committee shall design the program to:

1. Enable the student to attain a standard of annual growth on the basis of the student's individualized education program (IEP); and
2. If applicable, carry out the purposes of Education Code 28.0211. [See EIE]

Use of State Funds

A district shall use funds appropriated by the legislature for an intensive program of instruction to plan and implement intensive instruction and other activities aimed at helping a student satisfy state and local high school graduation requirements.

No Cause of Action

A district's determination of the appropriateness of an intensive program of instruction for a student is final and does not create a cause of action.

Education Code 28.0213

Compensatory Education Allotment

Census Block

On a schedule determined by the commissioner of education and in accordance with Education Code 48.104, each district shall report to the agency the census block group in which each student enrolled in the district who is educationally disadvantaged resides. *Education Code 48.104(i)*

Use

At least 55 percent of the district's compensatory education funds must be used to:

1. Fund supplemental programs and services, including services provided by an instructional coach, designed to eliminate any disparity in performance on assessment instruments administered under Education Code Chapter 39, Subchapter B or disparity in the rates of high school completion between:
    a. Students who are educationally disadvantaged and students who are not educationally disadvantaged; and
    b. Students at risk of dropping out of school, as defined below, and all other students; or
2. Support a program eligible under Title I of the Elementary and Secondary Education Act of 1965 [see AID], and its subsequent amendments, and by federal regulations implementing that Act.

Education Code 48.104(k)

Dropout Prevention Strategies

A district with a high dropout rate, as determined by the commissioner, shall submit a plan to the commissioner describing the manner in which the district intends to use its compensatory education allotment for developing and implementing research-based strategies for dropout prevention.

A district shall submit the plan not later than December 1 of each school year preceding the school year in which the district will receive the compensatory education allotment to which the plan applies.

A district may not spend or obligate more than 25 percent of the district's compensatory education allotment unless the commissioner approves the plan.

A district's plan shall:

1. Design a dropout recovery plan that includes career and technology education courses or technology applications courses that lead to industry or career certification;

2. Integrate into the dropout recovery plan research-based strategies to assist students in becoming able academically to pursue postsecondary education, including:

    a. High-quality, college readiness instruction with strong academic and social supports;

    b. Secondary to postsecondary bridging that builds college readiness skills, provides a plan for college completion, and ensures transition counseling; and

    c. Information concerning appropriate supports available in the first year of postsecondary enrollment to ensure postsecondary persistence and success, to the extent funds are available for the purpose; and

3. Plan to offer advanced academic and transition opportunities, including dual credit courses and college preparatory courses, such as advanced placement courses.

A district may enter into a partnership with a public junior college in accordance with Education Code 29.402 [see GNC] in order to fulfill a plan.

Any program designed to fulfill a plan must comply with the requirements of Education Code 29.081(e) and (f).

Education Code 29.918

Reporting

A district shall report financial information relating to expenditure of the state compensatory education allotment under the Foundation School Program to the Texas Education Agency (TEA), according to standards for financial accounting provided in 19 Administrative Code 109.41 (relating to *Financial Accountability System Resource Guide*). Costs charged to state compensatory education shall be for programs and services that supplement the regular education program. *19 TAC 109.25(a)*

A district shall ensure that supplemental direct costs and personnel attributed to compensatory education and accelerated instruction are identified in district and/or campus improvement plans at the summary level for financial units or campuses. A district shall maintain documentation that supports the attribution of supplemental costs and personnel to compensatory education. A district must also maintain sufficient documentation supporting the appropriate identification of students in at-risk situations, under criteria established in Education Code 29.081 [see At-Risk Student, below]. *19 TAC 109.25(b)*

Districts may use the following approved methods for the purpose of receiving the compensatory education allotment pursuant to Education Code 48.104:

1. Parent certification, where the parent or guardian asserts meeting the income requirements for eligibility;
2. Direct certification, where the process by which eligible children are certified for free meals without the need for a household application based on household participation in one or more federal assistance programs; or
3. Direct verification, where public records are used to verify a student's eligibility for free or reduced-price meals when verification of student eligibility is required.

19 TAC 61.1027(a)

Instructional Materials

Each district, in consultation with each institution of higher education with which the district partners, shall develop or purchase instructional materials for a course consistent with Education Code Chapter 31. The instructional materials must include technology resources that enhance the effectiveness of the course and draw on established best practices.

Education Code 28.014

End-of-Course Exam

A student enrolled in a college preparatory mathematics or English language arts course under Education Code 28.014 who satisfies the TSI college readiness benchmarks on an assessment instrument administered at the end of the course satisfies the requirements concerning and is exempt from the administration of the Algebra I or the English I and English II end-of-course assessment instruments, as applicable, as prescribed by Education Code 39.023(c) [see EKB], even if the student did not perform satisfactorily on a previous administration of the applicable end-of-course assessment instrument. A student who fails to perform satisfactorily on the assessment instrument may retake that assessment instrument or may take the appropriate end-of-course assessment instrument. *Education Code 39.025(a-1)*

Accelerated Instruction in Grades 3–8

Each time a student fails to perform satisfactorily on a state assessment instrument in the third, fourth, fifth, sixth, seventh, or eighth grade [see EKB], the district in which the student attends school shall provide to the student accelerated instruction in the applicable subject area during the subsequent summer or school year and either:

1. Allow the student to be assigned a classroom teacher who is certified as a master, exemplary, or recognized teacher under the local optional teacher designation system [see DEAA] for the subsequent school year in the applicable subject area; or
2. Provide the student supplemental instruction under Education Code 28.0211(a-4) [see below].

Education Code 28.0211(a-1)

Participation Requirements

Supplemental accelerated instruction may require a student to participate before or after normal school hours and may include participation at times of the year outside normal school operations. *19 TAC 104.1001(c)*

In providing accelerated instruction, a district may not remove a student, except under circumstances for which a student enrolled in the same grade level who is not receiving accelerated instruction would be removed, from:

1. Instruction in the foundation curriculum and enrichment curriculum adopted under Education Code 28.002 [see EHA series] for the grade level in which the student is enrolled; or
2. Recess or other physical activity that is available to other students enrolled in the same grade level.

Education Code 28.0211(a-3)

The foundation curriculum includes English language arts, mathematics, science, and social studies. Courses in the enrichment curriculum include languages other than English; health, with emphasis on physical health, proper nutrition, and exercise; mental health, including instruction about mental health conditions, substance abuse, skills to manage emotions, establishing and maintaining positive relationships, and responsible decision making; suicide prevention; physical education; fine arts; career and technical education; technology applications; religious literature; and personal financial literacy.

In the event that a school week is three or less instructional days, the school is exempt from meeting the requirement of meeting once per week for supplemental accelerated instruction. [See Sup-

plemental Instruction Requirements for Certain Funding, item 3, below.]

19 TAC 104.1001(c)

ARD Committee Determination

For a student served by special education who does not perform satisfactorily on an assessment instrument administered under Education Code 39.023(a) [see EKB], the student's admission, review, and dismissal (ARD) committee must determine the manner in which the student will engage in supplemental accelerated instruction. ARD committees must consider the individual needs of a student with a disability when determining the manner in which supplemental accelerated instruction is to be provided to the student. If supplemental accelerated instruction is to be provided to the student, the supplemental accelerated instruction must meet the requirements outlined in this subsection unless the ARD committee specifically determines that some or all of the requirements for supplemental accelerated instruction would deny the student access to a FAPE. *19 TAC 104.1001(b)(3)*

If a district receives funding under Education Code 29.0881, the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (Div. M, Pub. L. No. 116-260), or the American Rescue Plan Act of 2021 (Pub. L. No. 117-2), then supplemental instruction provided by a district must:

1. Include targeted instruction in the essential knowledge and skills for the applicable grade levels and subject area;
2. Be provided in addition to instruction normally provided to students in the grade level in which the student is enrolled;
3. Be provided for no less than 30 total hours during the subsequent summer or school year and, unless the instruction is provided fully during summer, include instruction no less than once per week during the school year;
4. Be designed to assist the student in achieving satisfactory performance in the applicable grade level and subject area;
5. Include effective instructional materials designed for supplemental instruction;
6. Be provided to a student individually or in a group of no more than three students, unless the parent or guardian of each student in the group authorizes a larger group;
7. Be provided by a person with training in the applicable instructional materials for the supplemental instruction and under the oversight of the district; and

8. To the extent possible, be provided by one person for the entirety of the student's supplemental instruction period.

Education Code 28.0211(a-4)

Supplemental Accelerated Instruction Requirements

Supplemental accelerated instruction shall be based on, but not limited to, targeted instruction in the essential knowledge and skills for the applicable grade levels and subject areas and be provided by a person with training in the applicable instructional materials for the supplemental accelerated instruction and under the oversight of the school district. Supplemental accelerated instruction shall be provided as outlined in items 2–5 and 8 (above), to a student individually or in a group of no more than three students, unless the parent or guardian of each student in the group authorizes a larger group. *19 TAC 104.1001(d)*

Transportation

A district shall provide students required to attend the accelerated programs described above with transportation to those programs if the programs occur outside of regular school hours. *Education Code 28.0211(j)*

Notice to Parents of Performance and Accelerated Instruction

Whenever a district is required to notify a parent or guardian about the requirements related to promotion and accelerated instruction, the district shall make a good-faith effort to ensure that the notice is provided either in person or by regular mail, is clear and easy to understand, and is written in English or in the parent or guardian's native language. *Education Code 28.0211(h)*

Assessments Not Required

Education Code 28.0211 does not require the administration of a fifth or eighth grade assessment instrument in a subject under Education Code 39.023(a) to a student enrolled in the fifth or eighth grade, as applicable, if the student:

1. Is enrolled in a course in the subject intended for students above the student's grade level and will be administered an assessment instrument adopted or developed under Education Code 39.023(a) [see EKB] that aligns with the curriculum for the course in which the student is enrolled; or

2. Is enrolled in a course in the subject for which the student will receive high school academic credit and will be administered an end-of-course (EOC) assessment instrument [see EKB] for the course.

Notwithstanding any other provision of Education Code 28.0211, the student may not be denied promotion on the basis of failure to perform satisfactorily on an assessment instrument not required to be administered to the student, nor may a student in grade 5 or grade 8 be denied promotion to the next grade on the basis of fail-

ure to perform satisfactorily on a reading or mathematics assessment instrument intended for use above the student's grade level.

Education Code 28.0211(o)–(p)

Accelerated Instruction After EOC Assessments

A district shall provide accelerated instruction to an enrolled student who has taken an EOC assessment instrument and has not performed satisfactorily or who is at risk of dropping out of school.

A district shall offer before the next scheduled administration of the assessment instrument, without cost to the student, additional accelerated instruction to each student in any subject in which the student failed to perform satisfactorily on an end-of-course assessment instrument required for graduation.

A district that is required to provide accelerated instruction must separately budget sufficient funds for that purpose. [See CE]

A district shall evaluate the effectiveness of accelerated instruction programs and annually hold a public hearing to consider the results.

Education Code 29.081(b), (b-1), (b-2), (b-3), 39.025(b-1)

Each time a student fails to perform satisfactorily on an assessment instrument administered under Education Code 39.023(c), the district in which the student attends school shall provide to the student accelerated instruction in the applicable subject area.

Accelerated instruction may require participation of the student before or after normal school hours and may include participation at times of the year outside normal school operations and must comply with the requirements for accelerated instruction provided under Education Code 28.0211 [see above].

Education Code 28.0217

Effectiveness

A district shall evaluate and document the effectiveness of the accelerated instruction in reducing any disparity in performance on state assessment instruments or disparity in the rates of high school completion between students at risk of dropping out of school and all other district students. *Education Code 29.081(c)*

No Available Test Score

The superintendent of each district shall establish procedures to ensure that each eligible student who is absent or does not receive a test score for any test administration shall receive appropriate supplemental accelerated instruction as warranted on an individual student basis.*19 TAC 104.1001(b)(4)*

Accelerated Learning Committee

A district shall establish an accelerated learning committee for each student who does not perform satisfactorily on the following state assessment instruments [see EKB]:

1. The third grade mathematics or reading assessment;
2. The fifth grade mathematics or reading assessment; or
3. The eighth grade mathematics or reading assessment.

Education Code 28.0211(a)

Composition

The accelerated learning committee shall be composed of the principal or the principal's designee, the student's parent or guardian, and the teacher of the subject of an assessment instrument on which the student failed to perform satisfactorily. The district shall notify the parent or guardian of the time and place for convening the accelerated learning committee and the purpose of the committee. *Education Code 28.0211(c)*

If a student is changing campuses, the committee must include the receiving principal or designee, the sending principal or designee, the receiving content teacher or designee, and the sending content teacher or designee. *19 TAC 104.1001(e)(1)*

Educational Plan

An accelerated learning committee shall, not later than the start of the subsequent school year, develop an educational plan for the student that provides the necessary accelerated instruction to enable the student to perform at the appropriate grade level by the conclusion of the school year. The educational plan must be documented in writing, and a copy must be provided to the student's parent or guardian.

During the school year, the student shall be monitored to ensure that the student is progressing in accordance with the educational plan. The district shall administer to the student the assessment instrument for the grade level in which the student is placed at the time the district regularly administers the assessment instruments for that school year.

The board shall adopt a policy consistent with the grievance procedure adopted under Education Code 26.011 [see FNG] to allow a parent to contest the content or implementation of an educational plan.

Education Code 28.0211(f)–(f-3)

Failure in a Subsequent School Year

If a student who fails to perform satisfactorily on the third, fifth, or eighth grade math or reading assessment fails in the subsequent school year to perform satisfactorily on an assessment instrument in the same subject, the superintendent, or the superintendent's

designee, shall meet with the student's accelerated learning committee to:

1. Identify the reason the student did not perform satisfactorily; and
2. Determine, in order to ensure the student performs satisfactorily on the assessment instrument at the next administration of the assessment instrument, whether the educational plan developed for the student must be modified to provide the necessary accelerated instruction for that student and any additional resources are required for that student.

The superintendent's designee may be an employee of a regional education service center and may not be a person who served on the student's accelerated learning committee.

Education Code 28.0211(f-4)–(f-5)

ARD Determination for Grades 3, 5, and 8

The ARD committee of a student who does not perform satisfactorily on a third, fifth, or eighth grade math or reading assessment must meet to determine the manner in which the student will participate in an accelerated instruction program. *Education Code 28.0211(i)*

Students Who Meet Criteria for the Alternative Assessment

The ARD committee must serve as the accelerated learning committee for students who meet the criteria for participation in alternative assessment instruments under Education Code 39.023(b) [see EKB], who do not perform satisfactorily on a mathematics or reading assessment instrument in grade 3, 5, or 8. The ARD committee must determine the manner in which the student will participate in supplemental accelerated instruction; however, the requirements for supplemental accelerated instruction described by 19 Administrative Code 104.1001(b) do not apply.

ARD Committee Responsibilities

In serving as the accelerated learning committee for a student served by special education, the ARD committee must meet and develop a plan [see Education Plan, above] to determine the manner in which the student will participate in supplemental accelerated instruction, and this meeting must include the required members of a properly constituted ARD committee [see EHBAB].

When the ARD committee for a student served by special education serves as the accelerated learning committee, efforts must be taken to ensure parental participation as specified within the requirements of 19 Administrative Code 89.1050(d) and 34 Code of Federal Regulations 300.322 [see EHBAB].

The ARD committee, serving as the accelerated learning committee, must document decisions regarding supplemental accelerated

instruction in writing and a copy must be provided to the student's parent or guardian. This documentation may either be included in ARD deliberations or as a supplemental attachment to the student's individualized education program.

Dispute Resolution

A parent or guardian of a student served by special education may use a dispute resolution mechanism specified in 19 Administrative Code 89.1150 [see EHBAE] to resolve any dispute between the parent and a public education agency relating to the identification, evaluation, or educational placement of or the provision of a free appropriate public education (FAPE) to a student with a disability. If a parent or guardian of a student served by special education does not agree with the decision of the ARD committee serving as the accelerated learning committee regarding supplemental accelerated instruction, the parent or guardian may follow the district grievance policy [see FNG].

19 TAC 104.1001(f)

Parent Request

Each district shall establish a process allowing for the parent or guardian of a student who fails to perform satisfactorily on a third, fifth, or eighth grade math or reading assessment to make a request for district consideration that the student be assigned to a particular classroom teacher in the applicable subject area for the subsequent school year, if more than one classroom teacher is available. *Education Code 28.0211(a-5); 19 TAC 104.1001(g)*

Classroom Assignment

A student who fails to perform satisfactorily on a third, fifth, or eighth grade math or reading assessment and is promoted to the next grade level must be assigned in the subsequent school year in each subject in which the student failed to perform satisfactorily on the applicable assessment instrument to an appropriately certified teacher who meets all state and federal qualifications to teach that subject and grade.

In a manner consistent with federal law and notwithstanding any other law, the commissioner may waive the requirement regarding the assignment of a student to an appropriately certified classroom teacher on the request of a district.

Education Code 28.0211(n)–(n-1)

Students who are deaf or hard of hearing must have an education in which their unique communication mode is respected, used, and developed to an appropriate level of proficiency. *Education Code 29.303*

Personnel

A student who is deaf or hard of hearing must have an education in which teachers, psychologists, speech therapists, progress assessors, administrators, and others involved in education understand the unique nature of deafness and the hard-of-hearing condition. A teacher of deaf or hard-of-hearing students either must be proficient in appropriate language modes or use an interpreter certified in appropriate language modes if certification is available. Regular and special personnel who work with students who are deaf or hard of hearing must be adequately prepared to provide educational instruction and services to those students.

The district shall employ or provide access to appropriate qualified staff with proficient communications skills, consistent with credentialing requirements, to fulfill the responsibilities of the district and shall make positive efforts to employ qualified individuals with disabilities.

Education Code 29.304

Involvement of Others

Assessment

The district shall not discriminate on the basis of race, culture, or sex when selecting and administering procedures and materials for assessment and placement of students who are deaf or hard of hearing. *Education Code 29.310(a)*

Placement

A single assessment instrument may not be the sole criterion for determining the placement of a student who is deaf or hard of hearing. *Education Code 29.310(b)*

Procedures and materials for the assessment and placement of a student who is deaf or hard of hearing shall be in the student's preferred mode of communication. All other procedures and materials

	used with any student who is deaf or hard of hearing and who has limited English proficiency shall be in the student's preferred mode of communication. *Education Code 29.310(c)*
Deaf or Hard-of-Hearing Programs	Programs for students who are deaf or hard of hearing must be coordinated with other public and private agencies, including agencies operating early childhood intervention programs, preschools, agencies operating child development programs, nonpublic nonsectarian schools, agencies operating regional occupational centers and programs, and the Texas School for the Deaf. The programs must also be coordinated with postsecondary and adult programs for persons who are deaf or hard of hearing. *Education Code 29.311*

Transition to Regular Class	In addition to satisfying requirements under state and federal law for vocational training, the district shall develop and implement a transition plan for transition of students who are deaf or hard of hearing into a regular class program if the students are to be transferred from a special class or center or from a nonpublic, nonsectarian school into a regular class for any part of the school day. The transition plan must provide for activities to integrate the students into the regular education program and to support the transition of the students from the special education program into the regular education program. *Education Code 29.314*
Regional Day School Programs for the Deaf	In accordance with Education Code 30.081 through 30.087, a district shall have access to regional day school programs for the deaf operated by districts at sites previously established by the State Board of Education. Any student who is deaf or hard of hearing with a disability that severely impairs processing linguistic information through hearing, even with recommended amplification, and that adversely affects educational performance shall be eligible for consideration for the Regional Day School Program for the Deaf, subject to the ARD committee recommendations. *19 TAC 89.1080*

Adult Education

A district must provide an adult education program designed to meet the education and training needs of adults to the extent possible using available public and private resources. Bilingual education must be used to instruct students who do not function satisfactorily in English whenever it is appropriate for those students' optimum development. *Labor Code 315.003*

Essential Program Components

An Adult Education and Literacy (AEL) grant recipient shall ensure that essential program components are provided as outlined in the grant application for statewide AEL funds, which include the components described by 40 Administrative Code 805.4. *40 TAC 805.4*

Reimbursement for Community Education

If a board elects to provide community education for all age groups, it may be eligible for reimbursement for the costs of the program. In order to receive reimbursement, it must submit an application in accordance with TEA rules and reimbursement shall be made to the extent authorized.

Conditions	A district will receive such reimbursement only if it has achieved the level of community services prescribed by TEA in the current or preceding year. *Education Code 29.256*

Innovative Courses

A district may offer innovative courses to enable students to master knowledge, skills, and competencies not included in the essential knowledge and skills of the required curriculum. Applications shall not be approved if the proposed course significantly duplicates the content of a Texas Essential Knowledge and Skills (TEKS)-based course or can reasonably be taught within an existing TEKS-based course.

To request approval for an innovative course from the State Board of Education or the commissioner, a district or organization must submit a request for approval at least six months before planned implementation. The request must address the elements listed at 19 Administrative Code 74.27(a)(4).

To request approval from the commissioner for a career and technical education innovative course, the applying school district or organization must submit with its request for approval evidence that the course is aligned with state and/or regional labor market data.

To request approval of a new innovative course, the applying district or organization must submit with its request for approval evidence that the course has been successfully piloted in its entirety in at least one school in the state of Texas.

With the approval of the board, a district may offer, without modifications, any state-approved innovative course.

19 TAC 74.27(a)(3)–(7)

Magnet Schools or Programs

A district may operate a magnet program, academy, or other innovative program to serve student populations with specialized interests and aptitudes. *19 TAC 74.22(b)*

Award of Credit

The award of credit for a course affirms that a student has satisfactorily met state and local requirements. Any course for which credit is awarded must be provided according to 19 TAC 74.26(a)(1) and (a)(2) [see FDA]. *19 TAC 74.26(a)*

Early Award of Credit

A district may offer courses designated for grades 9–12 in earlier grade levels. A course must be considered completed and credit must be awarded if the student has demonstrated achievement by meeting the standard requirements of the course, including demonstrated proficiency in the subject matter, regardless of the time the student received instruction in the course or the grade level at which proficiency was attained. The academic achievement record (transcript) shall reflect that students have satisfactorily completed courses at earlier grade levels from grades 9–12 and have been awarded state graduation credits. *19 TAC 74.26(b)*

Partial Award

In accordance with a district's local policy, a student who is able to successfully complete only half of a course can be awarded credit proportionately. *19 TAC 74.26(d)*

A district shall award credit proportionately to a student who is homeless or in substitute care who successfully completes only half of a course. *19 TAC 74.26(e)*

Attendance for Credit or Final Grade

Unless credit is awarded by the attendance committee or regained in accordance with a principal's plan [see FEC], a student in any grade level from kindergarten through grade 12 may not be given credit or a final grade for a class unless the student is in attendance for at least 90 percent of the days the class is offered. *Education Code 25.092*

Homeless or Substitute Care

A district shall adopt a local policy to ensure credit, including proportionate credit, has been awarded appropriately to a student who is homeless or in substitute care for coursework completed prior to the student enrolling in or transferring to the district in accordance with 19 Administrative Code 74.26 (Award of Credit).

A district must ensure that student records or transcripts provided by the previous district or charter school are evaluated promptly and are complete, accurate, and up to date.

The receiving district must develop, maintain, and regularly update local records and documentation, including transcripts if applicable, for a student who is homeless or in substitute care.

A district must ensure that the records or transcripts of a student who is homeless or in substitute care and transferring from out of state, out of country, or a Texas nonpublic school are evaluated and the award of credit is determined in a timely manner, as required by 19 Administrative Code 74.26(a)(2). [See FDA]

A district must award credit proportionately to a student who is homeless or in substitute care who successfully completes only half of a course. Districts must evaluate the student record upon a student's enrollment and ensure that proportionate credit has been awarded appropriately.

If a district determines that there are courses in which a student was enrolled but for which the student has not earned credit, the district may use a variety of methods to determine whether the student may be eligible for full or proportionate credit for coursework completed. The award of credit must be based on demonstrated proficiency in all state and local requirements for a course in accordance with 19 Administrative Code 74.26.

A district must provide opportunities for a student who is homeless or in substitute care who enrolls in the district after the start of the school year to be administered credit by examination at any point during the school year, as required by 19 Administrative Code 74.24 (Credit by Examination) [see EHDB and EHDC].

Districts must:

1. Develop processes for students who have credit deficits or incomplete coursework that would impede on-time promotion or graduation to earn credit and implement appropriate academic interventions to address any credit deficiencies identified;

2. Develop and administer a personal graduation plan in accordance with Education Code 28.0212 (see EIF) for each student in junior high or middle school who is not likely to receive a high school diploma before the fifth school year following the student's enrollment in grade 9, as determined by the district, or does not perform satisfactorily on a state assessment instrument;

3. Review personal graduation plan options with each student entering grade 9 and with that student's parent or guardian as required by Education Code 28.02121 [see EIF]. Before the conclusion of the school year, the student and the student's parent or guardian must confirm and sign a personal graduation plan for the student;

4. Ensure that school staff actively engage with the student and the student's parent or guardian, as applicable, to develop a plan to recover credits if the student has credit deficits or incomplete coursework that would impede on-time promotion or graduation; and

5. Comply with Education Code 28.025(i) [see EIF], concerning the award of diplomas for students who are homeless or in substitute care who are in grade 11 or 12.

19 TAC 89.1607

[For information on transition assistance for students who are homeless or in substitute care, including enrollment and placement in education programs and courses, see FFC.]

Graduation Requirements

Credit for courses for high school graduation may be earned only if the student received a grade equivalent to 70 on a scale of 100, based upon the essential knowledge and skills of each course. Credit earned toward state graduation requirements in an accredited school district shall be transferable and must be accepted by any other school district in the state. *19 TAC 74.26(a)(1), (c)*

Academic Achievement Record

Following guidelines developed by the commissioner of education, a district shall use an academic achievement record (transcript) form that includes student demographics, school data, student data, and the record of courses and credits earned.

The academic achievement record (transcript) shall serve as the academic record for each student and shall be maintained permanently by a district.

Any credit earned by a student must be recorded on the academic achievement record (transcript), regardless of when the credit was earned.

A student's performance on a state assessment, including an end-of-course assessment instrument required under Education Code 39.023(c) [see EKB], must be included in the student's academic achievement record (transcript).

Copies of the record shall be made available to students transferring to another district. A district shall respond promptly to all requests for student records from receiving districts. [See also FD, FDA, and FL]

Notation on Transcript or Diploma	A district shall ensure that each student's official transcript or diploma indicates whether the student has completed or is on schedule to complete: 1. The recommended or advanced high school curriculum; or 2. For a district that is covered by Education Code 56.304(f)(1) (unavailability of courses), the required portion of the recommended or advanced high school curriculum offered at the district's high school.

State Assessment of Academic Skills

Every student receiving instruction in the essential knowledge and skills shall take the appropriate criterion-referenced assessments, as required by Education Code Chapter 39, Subchapter B [see Testing in Grades 3–8, below]. *Education Code 39.023(a), (c), (f); 19 TAC 101.5*

A student may not receive a high school diploma until the student has performed satisfactorily on end-of-course (EOC) assessment instruments [see End-of-Course Assessments, below]. *Education Code 39.025(a); 19 TAC 101.4001*

Emergent Bilingual Students

In grades 3–12, an emergent bilingual student, as defined by Education Code Chapter 29, Subchapter B, shall participate in the state assessment in accordance with commissioner rules at 19 Administrative Code Chapter 101, Subchapter AA. *Education Code 39.023(l), (m)* [See EKBA]

Special Education

The Texas Education Agency (TEA) shall develop or adopt appropriate criterion-referenced alternative assessment instruments to be administered to each student in a special education program for whom a state assessment instrument adopted under Education Code 39.023(a), even with allowable accommodations, would not provide an appropriate measure of student achievement, as determined by the student's admission, review, and dismissal (ARD) committee, including assessment instruments approved by the commissioner of education that measure growth. The assessment instruments developed or adopted, including the assessment instruments approved by the commissioner, must, to the extent allowed under federal law, provide a district with options for the assessment of students.

TEA may not adopt a performance standard that indicates that a student's performance on the alternate assessment does not meet standards if the lowest level of the assessment accurately represents the student's developmental level as determined by the student's ARD committee.

The student's ARD committee shall determine whether any allowable modification is necessary in administering to the student a required EOC assessment instrument under Education Code 39.023(c), and whether the student is required to achieve satisfactory performance on an EOC assessment instrument to receive a high school diploma.

Education Code 39.023(b)–(c), .025(a-4)

Military Dependents

If the student is a military dependent, the district shall incorporate procedures to accept:

1. Exit or EOC exams required for graduation from the sending state;

2. National norm-referenced achievement tests; or

3. Alternative testing, in lieu of testing requirements for graduation in the receiving state.

In the event the above alternatives cannot be accommodated by the receiving state for a military dependent transferring in his or her senior year, then Education Code 162.002 article VII, section C, shall apply.

Substitute Passing Standard

The commissioner shall adopt a passing standard on one or more national norm-referenced achievement tests for purposes of permitting a qualified military dependent to meet that standard as a substitute for achieving a score on an assessment instrument otherwise required for graduation. The passing standard is available only for a student who enrolls in a public school in this state for the first time after completing the ninth grade or who reenrolls in a public school in this state at or above the grade 10 level after an absence of at least two years from the public schools of this state. Each passing standard in effect when a student first enrolls in a Texas public high school remains applicable to the student for the duration of the student's high school enrollment, regardless of any subsequent revision of the standard.

Education Code 162.002 art. VII [See EIF]

Administration

A district shall follow the test administration procedures established by TEA in the applicable test administration materials. A superintendent shall be responsible for administering tests. *19 TAC 101.25, .27*

The commissioner shall specify the schedule for testing that is in compliance with Education Code 39.023(c-3) and supports reliable and valid assessments. Participation in University Interscholastic League (UIL) area, regional, or state competitions is prohibited on any days on which testing is scheduled between Monday and Thursday of the school week in which the primary administration of assessment instruments occurs.

The commissioner may provide alternate dates for the administration of tests required for a high school diploma to students who are migratory children and who are out of the state.

19 TAC 101.25

On request by a district, the commissioner may allow the district to administer an assessment instrument on the first instructional day

of a week if administering the assessment instrument on another instructional day would result in a significant administrative burden due to specific local conditions. *Education Code 39.023(c-3)*

Alternate Test Dates

The commissioner shall consider requests from districts or campuses for alternate test dates on a case-by-case basis. Alternate test dates will only be allowed if the campus or district is closed on the day on which testing is scheduled or if there is an exceptional circumstance, defined below, that may affect a district's or campus's ability to administer an assessment or the students' performance on the assessment.

"Exceptional circumstances" include:

1. Inclement weather or natural disasters that would cause a district or campus to be closed or that would cause a small percentage of students to be in attendance on the day testing is scheduled;
2. Health epidemics that result in a large number of students being absent on the day of testing;
3. Death of a student or school official that may impact student performance; and
4. Sudden emergencies that occur on the day of testing or shortly before testing that may inhibit students from completing the assessments, such as a fire on campus, a bomb threat, an extended power outage, or a water main break.

If an alternate test date for primary test administration is approved, the commissioner may prohibit a district or campus from participating in UIL competition on the new test date if that is determined to be in the best interest of the district, campus, and students.

19 TAC 101.5003

Test Administration Training

The commissioner may require training for district employees involved in the administration of the assessment instruments. The commissioner may only require for the employee at each district campus who oversees the administration of the assessment instruments to annually receive the training. The district employee who oversees test administration on a district campus may, with discretion, require other district employees involved in the administration of assessment instruments to repeat the training. *Education Code 39.0304(a), (b-1)–(b-2)*

Notice to Parents and Students

A superintendent shall be responsible for the following in order to provide timely and full notification of graduation requirements:

1. Notifying each student and his or her parent or guardian in writing no later than the beginning of the student's seventh-grade year of the testing requirements for graduation;
2. Notifying each student in grades 7–12 new to the district and his or her parent or guardian in writing of the testing requirements for graduation; and
3. Notifying each student who shall take the tests required for graduation and his or her parent or guardian, as well as out-of-school individuals, of the dates, times, and locations of testing.

19 TAC 101.3012

Testing in Grades 3–8

Except as provided below, all students, other than students who are assessed under Education Code 39.023(b) (alternative assessment instrument) or 39.023(l) (emergent bilingual students) or exempted under Education Code 39.027, shall be assessed in:

1. Mathematics, annually in grades 3–8;
2. Reading, annually in grades 3–8;
3. Social studies in grade 8;
4. Science in grades 5 and 8; and
5. Any other subject and grade required by federal law.

Education Code 39.023(a)

Exception

For purposes of federal accountability, a student shall not be administered a grade-level assessment if the student:

1. Is enrolled in a course or subject intended for students above the student's enrolled grade level and will be administered a grade-level assessment instrument developed under the list above that aligns with the curriculum for that course or subject within the same content area; or
2. Is enrolled in a course for high school credit in a subject intended for students above the student's enrolled grade level and will be administered an EOC assessment instrument that aligns with the curriculum for that course or subject within the same content area.

For purposes of federal accountability, a grade 3–8 student who is accelerated in mathematics, reading/language arts, or science and on schedule to complete the high school end-of-course assessments in that same content area prior to high school shall be assessed at least once in high school with the ACT or the SAT.

A student is only eligible to take an assessment instrument intended for use above the student's enrolled grade if the student is on schedule to complete instruction in the entire curriculum for that subject during the semester the assessment is administered.

A student in grade 5 or 8 described above may not be denied promotion on the basis of failure to perform satisfactorily on an assessment instrument not required to be administered to the student.

Education Code 28.0211(o)–(p), 39.023(a-2); 19 TAC 101.3011(a)(1)–(4)

Kindergarten Assessment

An assessment instrument under Education Code 39.023 may not be administered to a kindergarten student except for the purpose of determining whether the student is entitled to the benefit of the Foundation School Program [see FD]. *Education Code 39.023(a-16)*

Prekindergarten Assessment

Performance on an assessment instrument administered to students in prekindergarten may not be considered for any purpose related to Education Code Chapters 39 and 39A. *Education Code 39.0237*

Accommodations

Testing accommodations are permitted for any student unless they would make a particular test invalid. Decisions regarding testing accommodations shall take into consideration the needs of the student and the accommodations the student routinely receives in classroom instruction. Permissible testing accommodations shall be described in the appropriate test administration materials.

The committee established by a board to determine the placement of students with dyslexia or related disorders shall determine whether any allowable modification is necessary in administering an assessment to such a student.

A student's ARD committee shall determine the allowable accommodations and shall document them in the student's individualized education program (IEP). [See Special Education, above]

19 TAC 101.3013; Education Code 39.023(a)–(c), (n); 34 C.F.R. 300.320(a)(6)

End-of-Course Assessments

Beginning with students first enrolled in grade 9 in the 2011–12 school year, a student enrolled in a course for which an EOC assessment exists as required by Education 39.023(c) shall take the appropriate assessment. *19 TAC 101.3021(a)*

TEA shall adopt EOC assessment instruments for secondary-level courses in Algebra I, biology, English I, English II, and United

States history. The Algebra I EOC assessment instrument must be administered with the aid of technology but may include one or more parts that prohibit the use of technology. The English I and English II EOC assessment instruments must each assess essential knowledge and skills in both reading and writing and must provide a single score. A district shall comply with State Board of Education rules regarding administration of the assessment instruments listed in this provision.

If a student is in a special education program, the student's ARD committee shall determine whether any allowable modification is necessary in administering to the student an assessment instrument required under this provision.

Education Code 39.023(c)

Students Enrolled Below High School Level

Beginning in the 2011–12 school year, a student in grade 8 or lower who takes a high school course for credit is required to take the applicable EOC assessment. The EOC assessment result shall be applied toward the student's assessment graduation requirements, as specified in 19 Administrative Code 101.3022. *19 TAC 101.3021(d)*

Assessment Requirements for Graduation

A student must meet satisfactory performance on an EOC assessment listed in Education Code 39.023(c) in order to be eligible to receive a Texas diploma, except as described below at Exceptions, Credits Earned Prior to Enrollment, Individual Graduation Committee, and Special Education.

The standard in place when a student first takes an EOC assessment is the standard that will be maintained throughout the student's school career.

Exceptions

English I or English II

A student who was administered separate reading and writing EOC assessments under Education Code 39.023(c), for the English I or English II course has met that course's assessment graduation requirement if the student has:

1. Achieved satisfactory performance on either the reading or writing EOC assessment for that course;
2. Met at least the minimum score on the other EOC assessment for that course; and
3. Achieved an overall scale score of 3750 or greater when the scale scores for reading and writing are combined for that course.

Exceptions related to English I also apply to emergent bilingual students who meet the criteria in 19 Administrative Code 101.1007. [See EKBA]

19 TAC 101.3022(a)–(c)

Credits Earned Prior to Enrollment

If a student earned high school credit for a course with an EOC assessment prior to enrollment in a Texas public school district and the credit has been accepted by a Texas public school district, or a student completed a course for Texas high school credit in a course with an EOC assessment prior to the 2011–12 spring administration, the student is not required to take the corresponding EOC assessment. *19 TAC 101.3021(e)*

Substitute Assessments

The commissioner adopts certain assessments as substitute assessments that a student may use in place of a corresponding EOC assessment to meet the student's assessment graduation requirements. A satisfactory score on an approved assessment may be used in place of only one specific EOC assessment, except as provided by 19 Administrative Code 101.4002(d)(1) (student who qualifies for use of the Texas Success Initiative (TSI) as a substitute assessment and is enrolled in certain college preparatory courses).

A student at any grade level is eligible to use a substitute assessment as provided in the commissioner's chart at 19 Administrative Code 101.4002(b) if the student:

1. Was administered an approved substitute assessment for an equivalent course in which the student was enrolled;
2. Received a satisfactory score on the substitute assessment as determined by the commissioner and provided in the chart at 19 Administrative Code 101.4002(b); and
3. Using a Texas Success Initiative Assessment (TSIA) or a Texas Success Initiative Assessment, Version 2.0 (TSIA2) also meets the additional criteria of 19 Administrative Code 101.4002(d).

TSI Additional Criteria

A student must meet the criteria established in 19 Administrative Code 101.4002(d) in order to qualify to use TSIA or TSIA2 as a substitute assessment.

Accountability Testing

A student electing to substitute an assessment for graduation purposes must still take the corresponding EOC assessment required under Education Code 39.023(c) at least once for accountability purposes. If a student sits for an EOC assessment, a district may not void or invalidate the test in lieu of a substitute assessment.

A student who fails to perform satisfactorily on a PSAT, PLAN, or Aspire test (or any versions of these tests) as indicated in the chart in 19 Administrative Code 101.4003(b) must take the appropriate EOC assessment required under Education Code 39.023(c). However, a student who does not receive a passing score on the EOC assessment and retakes a PSAT, PLAN, or Aspire test (or any versions of these tests) is eligible to meet the requirements specified in 19 Administrative Code 101.4002(c).

19 TAC 101.4002

Verification of Results

An eligible student is responsible for providing a district an official copy of the student's scores from the substitute assessment.

Upon receipt of official results of an approved substitute assessment, a district must:

1. Verify the student's score on the substitute assessment; and
2. Determine whether the student met the performance standard required to qualify for a public high school diploma in Texas as established by the commissioner.

19 TAC 101.4005

Satisfactory Performance

A student is required to achieve a scale score that indicates satisfactory performance, as determined by the commissioner on each EOC assessment instrument administered to the student. *Education Code 39.025(a)*

Individual Graduation Committee

A student in grade 11 or 12 who has failed to comply with the EOC assessment instrument performance requirements under Education Code 39.025 for not more than two courses may qualify to graduate on the basis of a review by an individual graduation committee (IGC). [See EIF] *Education Code 28.0258, 39.025(a-5)*

A student may not graduate under an IGC if the student did not take each required EOC assessment or an approved substitute assessment for each course in which the student was enrolled in a Texas public school for which there is an EOC assessment. A district shall determine whether the student took each required EOC assessment or an approved substitute assessment. For purposes of this provision only, a student who does not make an attempt to take all required EOC assessments may not qualify to graduate by means of an individual graduation committee.

Notwithstanding any action taken by a student's individual graduation committee, a district must provide a student an opportunity to retake an EOC assessment under Education Code 39.023(c) if the student has not previously achieved satisfactory performance on

an assessment for that course. A student is not required to retake a course in order to be administered a retest of an EOC assessment.

19 TAC 101.3022(e)(1), (3)

For provisions related to an IGC and emergent bilingual students, see EKBA.

Special Education

A student receiving special education services is not subject to the IGC requirements in Education Code 28.0258. As provided in 19 Administrative Code 89.1070 (Graduation Requirements) and 19 Administrative Code 101.3023 (Participation and Graduation Assessment Requirements for Students Receiving Special Education Services), a student's ARD committee determines whether a student is required to achieve satisfactory performance on an EOC assessment to graduate. [See EIF]

A student dismissed from a special education program who achieved satisfactory performance on an alternate EOC assessment while enrolled in a special education program is not required to take and achieve satisfactory performance on the general EOC assessment to graduate. A student who took an EOC assessment while enrolled in a special education program is not required to retake and achieve satisfactory performance on the EOC assessment if the student's ARD committee determined that the student was not required to achieve satisfactory performance on the EOC assessment to graduate. A student dismissed from a special education program must achieve satisfactory performance on any remaining EOC assessments that the student is required to take. If the student fails to achieve satisfactory performance on no more than two of the remaining EOC assessments, the student is eligible for IGC review under Education Code 28.0258 and is subject to the IGC provisions above. [See Individual Graduation Committee, above]

19 TAC 101.3022(f)

For more information on graduation requirements for special education students, see EIF.

Credit by Examination

An EOC assessment administered under Education Code 39.023(c) cannot be used for purposes of credit by examination under 19 Administrative Code 74.24. [See EHDB, EHDC] *19 TAC 101.3021(c)*

Additional State Assessments

TEA may adopt EOC assessment instruments for courses not listed in statute, as described above. A student's performance on these EOC assessment instruments is not subject to the perfor-

mance requirements established for the statutory assessments. *Education Code 39.023(c-2)*

Retakes

Each time an EOC assessment instrument is administered, a student who failed to achieve a score requirement may retake the assessment instrument. [See Satisfactory Performance, above]

A student is not required to retake a course as a condition of retaking an EOC assessment instrument.

If a student failed a course but achieved satisfactory performance on the applicable EOC assessment, that student is not required to retake the assessment if the student is required to retake the course.

Education Code 39.025(b); 19 TAC 101.3021(f), .3022(d)

Reporting Results

To the Public

Overall student performance data, aggregated by ethnicity, sex, grade level, subject area, campus, and district, shall be made available to the public, with appropriate interpretations, at regularly scheduled meetings of a board, after receipt from TEA. The information shall not contain the names of individual students or teachers. *Education Code 39.030(b)*

To the Board

A superintendent shall accurately report all test results with appropriate interpretations to a board according to the schedule in the applicable test administration materials.

To Parents, Students, and Teachers

A district shall notify each of its students, his or her parent or guardian, and his or her teacher for that subject of test results, observing confidentiality requirements stated at Confidentiality of Results, below. All test results shall be included in each student's academic achievement record and shall be furnished for each student transferring to another district or charter school or private school. The scoring contractor will provide districts with the results of the machine-scorable assessments within a 21-day period following the close of the testing window. Upon receipt of the assessment results from the test contractor, a district shall disclose a student's assessment results to a student's teacher in the same subject area as the assessment for that school year. [See BQ series, FD, and FL]

19 TAC 101.3014(a)–(d)

TEA shall adopt a series of questions to be included in an EOC assessment instrument administered under Education Code 39.023(c) to be used for purposes of identifying students who are likely to succeed in an advanced high school course. A district shall notify a student who performs at a high level on the questions and the student's parent or guardian of the student's performance and

potential to succeed in an advanced high school course. A district may not require a student to perform at a particular level on the questions to be eligible to enroll in an advanced high school course. *Education Code 39.0233(b)*

Parents Right-to-Know Under ESEA

As a condition of receiving assistance under Title I, Part A of the Elementary and Secondary Education Act (ESEA) (20 U.S.C. 6301 et seq.), a district shall provide to each individual parent of a child who is a student in such school, with respect to such student information on the level of achievement and academic growth of the student, if applicable and available, on each of the state academic assessments required under Part A. *20 U.S.C. 6312(e)(1)(B)(i)*

Parental Access

A parent is entitled to access to a copy of each state assessment instrument administered to the parent's child. This right of access does not apply, however, to those instruments or particular questions that are being field-tested by TEA. *Education Code 26.005, .006(a)(2), 39.023(e)*

Note: For information on instructional requirements for students who fail to perform satisfactorily on a state assessment instrument, see EHBC and EHBCA.

Out-of-State Transfers

A district shall accurately report to TEA whether that student transferred into the district from out of state during the current school year.

Procedures for the reporting of out-of-state-transfer students to TEA shall be established in the applicable test administration materials. A district shall follow procedures specified in those test administration materials.

The assessment results of the out-of-state transfer students shall be reported separately to districts from the results of the district's other students in addition to the current reporting of assessment results for all students and other student subsets.

19 TAC 101.3014(e)

Security and Confidentiality

All assessment instruments included in the student assessment program are considered secure, and the contents of these tests, including student information used or obtained in their administration, are confidential.

Districts and campuses and the superintendent and campus principals in each district and campus shall:

1. Implement and ensure compliance with state test administration procedures and training activities;

2. Notify TEA as soon as the district becomes aware of any alleged or suspected violation of the security or confidential integrity of a test [see Violations, below];

3. Report all confirmed testing violations to TEA within ten working days of the district becoming aware of the violation in accordance with the reporting process stipulated in the test administration materials;

4. Ensure that the only individuals with access to secure test materials are district employees who have:

   a. Met the requirements to participate in the student assessment program;

   b. Received training in test security and test administration procedures; and

   c. Signed an oath affirming they understand their obligation to maintain and preserve the security and confidentiality of all state assessments and student information, acknowledge their responsibility to report any suspected testing violation, and are aware of the range of penalties that may result from a violation of test security and confidentiality or a departure from test administration procedures; and

5. Ensure the security of the test materials as required by 19 Administrative Code 101.3031(a)(2)(E).

19 TAC 101.3031(a)(1)–(2)

Violations

Violations of the security and confidential integrity of a test include:

1. Directly or indirectly assisting students with responses to test questions;

2. Tampering with student responses;

3. Falsifying holistic ratings or student responses;

4. Viewing secure test content before, during, or after an administration unless specifically authorized by TEA or by the procedures outlined in the test administration materials;

5. Discussing or disclosing secure test content or student responses;

6. Scoring students' tests, either formally or informally;

7. Duplicating, recording, or electronically capturing confidential test content unless specifically authorized by TEA or by the procedures outlined in the test administration materials;
8. Responding to secure test questions;
9. Fraudulently exempting or preventing a student from participating in the administration of a required state assessment;
10. Receiving or providing unallowable assistance during calibration activities (e.g., taking notes, providing answer sheets, or sharing answers);
11. Encouraging or assisting an individual to engage in the conduct described above or in any other serious violation of security and confidentiality;
12. Failing to report to an appropriate authority that an individual has engaged or is suspected of engaging in the above conduct or in any other serious violation of security and confidentiality under this provision;
13. Failing to implement sufficient procedures to prevent student cheating; and
14. Failing to implement sufficient procedures to prevent alteration of test documents by anyone other than the student.

Consequences

If a district determines that a student has cheated or attempted to cheat on a state assessment either by providing or receiving direct assistance, the district shall invalidate the student's test results.

Any violation of test security or confidential integrity may result in TEA:

1. Invalidating student test results;
2. Referring certified educators to the State Board for Educator Certification (SBEC) for sanctions in accordance with 19 Administrative Code Chapter 247 (Educators' Code of Ethics) and Chapter 249 (Disciplinary Proceedings, Sanctions, and Contested Cases); and
3. Lowering the district's accreditation status or a district's or campus's accountability rating in accordance with Education Code 39.003(d), or appointment of a monitor, conservator, or management team to the district in accordance with Education Code Chapter 39A.

Test Administration Procedures

Test administration procedures shall be delineated in the test administration materials provided to districts annually. Districts must

comply with all of the applicable requirements specified in the test administration materials.

Districts shall ensure that test coordinators and administrators receive training to ensure that testing personnel have the necessary skills and knowledge required to administer assessment instruments in a valid, standardized, and secure manner.

Records Retention

As part of test administration procedures, the commissioner shall require districts to maintain records related to the security of assessment instruments for five years.

19 TAC 101.3031(a)(3)–(d)

Disciplinary Action and Penalties

SBEC may take disciplinary action against a person who has violated the security or integrity of any assessment required by Education Code Chapter 39, Subchapter B or has committed an act that is a departure from the test administration procedures established by the commissioner under 19 Administrative Code Chapter 101.

The superintendent and campus principal must develop procedures to ensure the security and confidentiality of the tests and will be responsible for notifying TEA in writing of conduct that violates the security or confidentiality of a test. Failure to report can subject the person responsible to the applicable penalties.

19 TAC 249.15(a)–(b), (g)(8)

Minimize Disruptions

In implementing the commissioner's procedures for the administration of assessment instruments adopted or developed under Education Code 39.023, including procedures designed to ensure the security of the assessment, a district shall minimize disruptions to school operations and the classroom environment. *Education Code 39.0301(a-1)*

Confidentiality of Results

Individual student performance results are confidential and may be released only in accordance with the Family Educational Rights and Privacy Act of 1974. *Education Code 39.030(b)* [See FL and GBA]

General Eligibility

A board or its designee shall admit into the public schools of a district free of tuition all persons who are over five and younger than 21 years of age on September 1 of any school year in which admission is sought, and may admit a person who is at least 21 and under 26 for the purpose of completing the requirements for a high school diploma, if any of the following conditions exist:

Students Living Separate and Apart

The person is under the age of 18 and has established a separate residence in the district apart from his or her parent, guardian, or other person having lawful control under an order of a court and has established that the person's presence in the district is not for the primary purpose of participation in extracurricular activities. A board is not required to admit such person, however, if the person has:

1. Engaged in conduct that resulted in removal to a disciplinary alternative education program or expulsion within the preceding year;
2. Engaged in delinquent conduct or "conduct in need of supervision" and is on probation or other conditional release for that conduct; or
3. Been convicted of a criminal offense and is on probation or other conditional release.

Foreign Exchange Students

The person is a foreign exchange student placed with a host family that resides in the district by a nationally recognized foreign exchange program, unless the district has applied for and been granted a waiver by the commissioner of education because:

1. This requirement would impose a financial or staffing hardship on the district;

When admission is sought under the provision at Students Living Separate and Apart above, a board shall determine whether an applicant qualifies as a resident of a district and may adopt reasonable guidelines for making that determination as necessary to protect the best interest of students. *Education Code 25.001(c), (d)*
"Residence" Defined	"Residence" requires living in the district and having the present intention to remain there. *Martinez v. Bynum, 461 U.S. 321 (1983*) A district may withdraw any student who ceases to be a resident. *Daniels v. Morris, 746 F.2d 271 (5th Cir. 1984)*

3. Authorizing the child to participate in age-appropriate extracurricular, civic, social, or recreational activities, including athletic activities.

Family Code 34.002

A parent may enter into an authorization agreement with an adult caregiver with whom a child is placed under a parental child safety placement agreement approved by the Department of Family and Protective Services (DFPS) to allow the person to perform the acts described above with regard to the child during an investigation of

abuse or neglect or while the department is providing services to the parent. *Family Code 34.0021*

The authorization agreement must conform to the requirements of Family Code Chapter 34.

A child who is the subject of an authorization agreement is not considered to be placed in foster care and the parties to the agreement are not subject to any law or rule governing foster care providers. *Family Code 34.0022(b)*

An authorization agreement does not affect the rights of the child's parent or legal guardian regarding the care, custody, and control of the child, and does not mean that the adult caregiver has legal custody of the child. *Family Code 34.007(b)*

Only one authorization agreement may be in effect for a child at any time. Execution of a subsequent authorization agreement does not by itself supersede, invalidate, or terminate a prior authorization agreement. An authorization agreement is void if it is executed while a prior authorization agreement remains in effect. *Family Code 34.002(d), .008(f)*

An authorization agreement is for a term of six months and renews automatically for six-month terms unless an earlier expiration date is stated in the agreement, the agreement is terminated under Family Code 34.008, or a court authorizes continuation. *Family Code 34.0075*

Immunity

A person who is not a party to the authorization agreement who relies in good faith on the authorization agreement, without actual knowledge that the authorization agreement is void, revoked, or invalid, is not subject to civil or criminal liability to any person, and is not subject to professional disciplinary action, for that reliance if the agreement is completed as required by Family Code Chapter 34. *Family Code 34.007(a)*

Note: The Authorization Agreement for Nonparent Relative (PDF)[1] is available on the DFPS website.

Temporary Authorization for Care

A person eligible to consent to treatment of a child under Family Code 32.001 or a person eligible to enter an authorization agreement [see Authorization Agreement, above] may seek a court order for temporary authorization for care of a child by filing a petition in the district court in the county in which the person resides if:

1. The child has resided with the person for at least the 30 days preceding the date the petition was filed; and

2. The person does not have an authorization agreement or other signed, written documentation from a parent, conservator, or guardian that enables the person to provide necessary care for the child.

Family Code 35.001–.002

The order may authorize the petitioner to, among other things:

1. Consent to medical, dental, psychological, and surgical treatment and immunization of the child;
2. Enroll the child in the district; and
3. Authorize the child to participate in age-appropriate extracurricular, civic, social, or recreational activities, including athletic activities.

A temporary authorization order does not affect the rights of the child's parent, conservator, or guardian regarding the care, custody, and control of the child, and does not establish legal custody of the child. *Family Code 35.007(b)*

Immunity

A person who relies in good faith on a temporary authorization order is not subject to civil or criminal liability to any person, or to professional disciplinary action. *Family Code 35.007(a)*

Students in Foster Care

A child placed in foster care by an agency of the state or a political subdivision shall be permitted to attend schools in the district in which the foster parents reside free of any charge to the foster parents or to the agency. A durational residence requirement may not be used to prohibit that child from fully participating in any activity sponsored by a district. *Education Code 25.001(f)*

A student who was enrolled in a primary or secondary public school before the student entered the conservatorship of DFPS and who is placed at a residence outside the attendance area for a school or outside a district is entitled to continue to attend the school in which the student was enrolled immediately before entering conservatorship until the student successfully completes the highest grade level offered by the school at the time of placement without payment of tuition. The student is entitled to continue to attend the school regardless of whether the student remains in the conservatorship of DFPS for the duration of the student's enrollment in the school. *Education Code 25.001(g)*

If a student who is in the conservatorship of DFPS is enrolled in a primary or secondary public school, other than the school in which the student was enrolled at the time the student was placed in the conservatorship of DFPS, the student is entitled to continue to at-

tend that school without payment of tuition until the student successfully completes the highest grade level offered by the school at the time of enrollment in the school, even if the child's placement is changed to a residence outside the attendance area for that school or outside the district. The student is entitled to continue to attend the school regardless of whether the student remains in the conservatorship of DFPS for the duration of the student's enrollment in the school. *Education Code 25.001(g-1)*

A written case plan for any child in foster care under the responsibility of the state must include a plan for ensuring the educational stability of the child while in foster care, including:

1. Assurances that each placement of the child in foster care takes into account the appropriateness of the current educational setting and the proximity to the school in which the child in enrolled at the time of placement; and

2. An assurance that the appropriate state agency has coordinated with a district to ensure that the child remains in the school in which the child is enrolled at the time of each placement; or if remaining in that school is not in the best interests of the child, assurances by the state agency and the district to provide immediate and appropriate enrollment in a new school, with all of the educational records of the child provided to the school.

Any such tuition charge must be submitted to the commissioner for approval. The attendance of students admitted under this provision shall not be counted for purposes of allocating state funds to a district. *Education Code 25.003*

Students Holding F-1 Student Visas

If a student is required, as a condition of obtaining or holding the appropriate U.S. student visa, to pay tuition to the district that the student attends to cover the cost of the student’s education provided by the district, the district shall accept tuition for the student in an amount equal to the full unsubsidized per capita cost of providing the student’s education for the period of the student's attendance at school in the district.

The commissioner shall develop guidelines for determining the amount of the full unsubsidized per capita cost of providing a stu-

dent's education. A district may not accept tuition in an amount greater than the amount computed under the commissioner's guidelines unless the commissioner approves a greater amount as a more accurate reflection of the cost of education to be provided by the district.

The attendance of a student for whom a district accepts tuition is not counted for purposes of allocating state funds to the district.

Education Code 25.0031

Note: Enrolling students with F-1 visas is optional. If the district is interested in enrolling students with F-1 visas, it must comply with the federal Student and Exchange Visitor Program[2] (SEVP) under the Department of Homeland Security.

required to be immunized, or proof that the child is entitled to provisional admission. [See FFAB]

If a district provides notice to the parent or person standing in parental relation to a student enrolled in the district of the district's intent to offer only virtual instruction for more than one grading period during a school year, the student may transfer for that school year to another district that offers in-person instruction during that school year and accepts the student's transfer.

"Virtual instruction" means instructional activities delivered to students primarily over the internet.

A student who transfers to another school district under this section may not be charged tuition. The student is included in the average daily attendance of the district in which the student attends school.

Education Code 25.045

A district may use a wide variety of methods to verify the content of courses for which a transfer student has earned credit. *19 TAC 74.26(a)(2)*

A receiving district may charge a tuition fee to the extent that the district's actual expenditure per student in average daily attendance exceeds the sum of state available school fund apportionment benefits transferred under Education Code 25.037. However, unless a tuition fee is prescribed and set out in a transfer agreement prior to its execution by the parties, no increase in tuition charge shall be made for the year of that transfer that exceeds the tuition charge, if any, of the preceding school year. *Education Code 25.038*

Transfers to Adjoining States

Note: The following provision applies to a district located on the border of an adjoining state.

Any student who would be entitled to attend the public school of any district situated on the border of Louisiana, Arkansas, Oklahoma, or New Mexico and who may find it more convenient to attend the public school in a district in one of those contiguous states, may have the state and county per capita apportionment of the available school funds paid to the school district of the contiguous state and may have additional tuition, if necessary, paid by the district of residence on such terms as may be agreed upon by the trustees of the receiving district and the trustees of the residence district. *Education Code 25.040*

Contracts for Education Outside Districts

Note: The following section applies only to districts that do not offer all grades, kindergarten–grade 12.

A district that does not offer each grade, kindergarten–grade 12, may provide by contract for students residing in the district who are at grade levels not offered by the district to be educated at those grade levels in one or more other districts. In each contract, the

districts also shall agree to the transfer of school funds or other payments proportionate to the transfer of attendance.

Tuition

The district in which the students reside shall pay tuition to any district with which it has a contract under this section for each of its students attending school in that district at a grade level for which the district has contracted. The amount of the tuition paid may not exceed the greater of the amount provided for by Education Code 25.038 [see above], or an amount specified by commissioner rule [see below].

A district is not required to pay tuition to any district with which it has not contracted for the attendance by any of its students at a grade level for which it has contracted under this provision with another district.

A contract under this provision may not be for a period exceeding five years.

Education Code 25.039

Definitions

"Home district" means a district of residence of a transferring student.

"Receiving district" means a district to which a student is transferring for the purpose of obtaining an education.

"Tuition" means an amount charged to the home district by the receiving district to educate the transfer student.

Tuition Allotment of the Home District

For the purposes of calculating the tuition allotment of the home district as authorized by Education Code 48.154, the amount of tuition that may be attributed to a home district for a transfer student in payment for that student's education may not exceed an amount per enrollee calculated for each receiving district. The calculated limit applies only to tuition paid to a receiving district for the education of a student at a grade level not offered in the home district. Tuition may be set at a rate higher than the calculated limit if both districts enter a written agreement, but the calculated tuition limit will be used in the calculation of the tuition allotment for the home district. The calculation will use the most currently available data in an ongoing school year to determine the limit that applies to the subsequent school year. For purposes of this provision, the number of students enrolled in a district will be appropriately adjusted to account for students ineligible for the Foundation School Program funding and those eligible for half-day attendance.

Calculated Tuition Limit

The calculated tuition limit is the sum of the excess maintenance and operations (M&O) revenue per enrollee and the excess debt

revenue per enrollee, as calculated in 19 Administrative Code 61.1012(b)(2)–(3).

Notification and Appeal Process

In the spring of each school year, the commissioner will provide each district with its calculated tuition limit and a worksheet with a description of the derivation process. A district may appeal to the commissioner if it can provide evidence that the use of projected student counts from the LPE in making the calculation is so inaccurate as to result in an inappropriately low authorized tuition charge and undue financial hardship. A district that used significant nontax sources to make any of its debt service payments during the base year for the computation may appeal to the commissioner to use projections of its tax collections for the year for which the tuition limit will apply. The commissioner's decision regarding an appeal is final.

Note: For more information regarding support services for students experiencing homelessness, including provisions regarding district liaisons and transition services, see FFC.

Children Who Are Homeless

As a condition of receiving funds under the McKinney-Vento Homeless Assistance Act (McKinney-Vento Act), a district serving children who are homeless shall, according to the child's best interest:

1. Continue the child's education in the school of origin for the duration of homelessness:
    a. If the child's family becomes homeless between academic years or during an academic year; and
    b. For the remainder of the academic year, if the child becomes permanently housed during an academic year; or
2. Enroll the child in any school that nonhomeless students who live in the attendance area in which the child is actually living are eligible to attend.

"Enroll" and "enrollment" include attending classes and participating fully in school activities.

School of Origin

"School of origin" means the school that the child attended when permanently housed or the school in which the child was last enrolled, including a preschool.

When the child completes the final grade level served by the school of origin, the term "school of origin" shall include the designated receiving school at the next grade level for all feeder schools.

42 U.S.C. 11432(g)(3)(I)

School Stability

In determining the best interest of a child who is homeless, a district shall:

1. Presume that keeping the child in the school of origin is in the child's best interest, except when doing so is contrary to the

request of the child's parent or guardian, or (in the case of an unaccompanied youth) the youth;

2. Consider student-centered factors related to the child's best interest, including factors related to the impact of mobility on achievement, education, health, and safety of children who are homeless, giving priority to the request of the child's parent or guardian or the unaccompanied youth;

3. If, after conducting the best interest determination based on consideration of the presumption in item 1 above and the student-centered factors in item 2 above, the district determines that it is not in the child's best interest to attend the school of origin or the school requested by the parent or guardian or the unaccompanied youth, provide the parent, guardian, or unaccompanied youth with a written explanation of the reasons for its determination, in a manner and form understandable to such parent, guardian, or unaccompanied youth, including information regarding the right to appeal as set forth at Enrollment Disputes, below; and

4. In the case of an unaccompanied youth, ensure that the homeless liaison [see FFC] assists in placement and enrollment decisions under these provisions, gives priority to the views of such unaccompanied youth, and provides the notice to such youth of the right to appeal as set forth at Enrollment Disputes, below.

42 U.S.C. 11432(g)(3)(B)

Contact Information

A district may require the parent or guardian of a child who is homeless to submit contact information. *42 U.S.C. 11432(g)(3)(H)*

Immediate Enrollment

The school selected in accordance with these provisions shall immediately enroll a child who is homeless, even if the child:

1. Is unable to produce records normally required for enrollment, such as previous academic record, records of immunization and other required health records, proof of residency, or other document; or

2. Has missed application or enrollment deadlines during any period of homelessness.

42 U.S.C. 11432(g)(3)(C)

Enrollment Disputes

If a dispute arises over eligibility, or school selection or enrollment in a school:

1. The child shall be immediately enrolled in the school in which enrollment is sought, pending final resolution of the dispute, including all available appeals;

2. The parent or guardian of the child or an unaccompanied youth shall be provided with a written explanation of any decisions related to school selection or enrollment made by the district, including the rights of the parent, guardian, or unaccompanied youth to appeal such decisions.

3. The parent, guardian, or unaccompanied youth shall be referred to the homeless liaison [see FFC], who shall carry out the dispute resolution process as expeditiously as possible after receiving notice of the dispute; and

4. In the case of an unaccompanied youth, the liaison shall ensure that the youth is immediately enrolled in the school in which the youth seeks enrollment pending resolution of such dispute.

42 U.S.C. 11432(g)(3)(E) [See FNG]

School Placement

As a condition of receiving funds under the McKinney-Vento Act, TEA shall submit to the U.S. Secretary of Education a plan that includes assurances that a district will adopt policies and practices to ensure that children who are homeless are not stigmatized or segregated on the basis of their status as homeless. *42 U.S.C. 11432(g)(1)(J)(i)*

The choice regarding placement shall be made regardless of whether the child lives with the parents who are homeless or has been temporarily placed elsewhere. *42 U.S.C. 11432(g)(3)(F)*

Records

Academic

The enrolling school shall immediately contact the school last attended by the child to obtain relevant academic and other records. *42 U.S.C. 11432(g)(3)(C)(ii)*

Health

If the child needs to obtain immunizations or other required health records, the enrolling school shall immediately refer the child's parent or guardian or an unaccompanied youth to the district homeless liaison [see FFC] who shall assist in obtaining necessary immunizations or screenings, or immunization or other required health records. [See also FFAB] *42 U.S.C. 11432(g)(3)(C)(iii)*

Maintenance

Any record ordinarily kept by a school, including immunization or other required health records, academic records, birth certificates, guardianship records, and evaluation for special services or programs, regarding each child who is homeless shall be maintained so that the records involved are available, in a timely fashion, when a child enters a new school or district, and in a manner consistent

with the Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. 1232g) [see FL]. *42 U.S.C. 11432(g)(3)(D)*

Privacy

Information about the living situation of a child who is homeless shall be treated as a student education record and shall not be deemed to be directory information under FERPA. [See FL] *42 U.S.C. 11432(g)(3)(G)*

Comparable Services

The district shall provide a child who is homeless with services that are comparable to services offered to other students in the school in which the child is enrolled, including:

1. Transportation services;
2. Educational services for which the child meets the eligibility criteria;

2. Transportation, transfer of school records, and other interdistrict activities with other local educational agencies.

Housing Assistance

If applicable, a district shall coordinate with state and local housing agencies responsible for developing the comprehensive housing affordability strategy described in the Cranston-Gonzalez National Affordable Housing Act (42 U.S.C. 12705), to minimize educational disruption for children who become homeless.

Purpose

The coordination shall be designed to:

1. Ensure that children who are homeless are promptly identified and have access to, and are in reasonable proximity to, available education and related support services; and
2. Raise the awareness of school personnel and service providers of the effects of short-term stays in a shelter and other challenges associated with homelessness.

Children who are Homeless with Disabilities

For children who are to be assisted both under the McKinney-Vento Act and under the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.) or section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), a district shall coordinate provision of services under the McKinney-Vento Act with the provision of programs for children with disabilities served by that district and other involved local educational agencies. [See EHBA series]

42 U.S.C. 11432(g)(5)

Barriers to Enrollment

A district shall review and revise any policies that may act as barriers to the identification or enrollment of children who are homeless. A district shall give consideration to issues concerning transportation, immunization, residency, birth certificates, school records and other documentation, and guardianship. A district shall give special attention to ensuring the identification, enrollment, and attendance of children who are homeless who are not currently attending school*. 42 U.S.C. 11432(g)(7)*

Website Information on Local Programs

Each campus within a district with 3,000 or more students and located in a county with a population of at least 50,000 that maintains an internet website shall post on the campus website information regarding local programs and services, including charitable programs and services, available to assist students who are homeless.

A campus shall make a good faith effort to compile information and shall post the information compiled in a format and style that is easily understandable by students or parents, as appropriate based on the grade levels the campus offers.

A representative of a local program or service available to assist students who are homeless may request to have information concerning the program or service posted on a campus website. A campus may determine the information that is posted on its website and is not required to post information as requested by the representative.

The district is not liable for any harm to a student that results in connection with a local program or service referred to on the website of a campus.

A board may adopt a policy requiring the student who is under 21 years of age to attend school until the end of the school year.

After the third unexcused absence of a person who voluntarily enrolls, a district shall issue a warning letter to the person that states the person's enrollment may be revoked for the remainder of the school year if the person has more than five unexcused absences in a semester.

A district may revoke for the remainder of the school year the enrollment of a person who has more than five unexcused absences in a semester, except a school district may not revoke the enrollment of a person under this provision on a day on which the person is physically present at school.

A person whose enrollment is revoked for exceeding this limit may be considered an unauthorized person on school grounds for the purposes of Education Code 37.107 regarding trespassing.

As an alternative to revoking a person's enrollment, a school district may impose a behavior improvement plan described by Education Code 25.0915(a-1)(1).

Education Code 25.085(e)–(h)

Accelerated / Compensatory Programs

Unless specifically exempted, a student must also attend:

1. An extended-year program for which the student is eligible that is provided by a district for students identified as likely not to be promoted to the next grade level or tutorial classes required by the district under Education Code 29.084 [see EHBC];

Education Code 25.087(b)(1)

Health-Care Appointments

A district shall excuse a student from attending school for a temporary absence resulting from an appointment with a health-care professional for the student or the student's child if the student commences classes or returns to school on the same day of the appointment. "Temporary absence" includes the temporary absence of a student diagnosed with autism spectrum disorder on the day of the student's appointment with a health-care practitioner to receive a generally recognized service for persons with autism spectrum disorder, including applied behavioral analysis, speech therapy, and occupational therapy. *Education Code 25.087(b)(2)–(b-3)*

Serious or Life-Threatening Illness

A district shall excuse an absence resulting from a serious or life-threatening illness or related treatment that makes the student's attendance infeasible, if the student or the student's parent or guardian provides a certification from a physician licensed to practice medicine in Texas specifying the student's illness and the an-

Higher Education Visits

A district may excuse a student from attending school to visit an institution of higher education accredited by a generally recognized accrediting organization during the student's junior and senior years of high school for the purpose of determining the student's interest in attending the institution of higher education, provided that:

1. The district may not excuse for this purpose more than two days during the student's junior year and two days during the student's senior year; and

2. The district adopts:

    a. A policy to determine when an absence will be excused for this purpose; and

    b. A procedure to verify the student's visit at the institution of higher education.

Education Code 25.087(b-2)

Early Voting Clerks

A district may adopt a policy excusing a student from attending school for service as a student early voting clerk in an election. A district may excuse a student for serving as an election clerk [see Election Clerks, above] or early voting clerk for a maximum of two days in a school year. *Education Code 25.087(b-1), (e)*

A district may not excuse a student under this provision more than five days in a school year. An excused absence under this provision must be taken not earlier than the 60th day before the date of deployment or not later than the 30th day after the date of return from deployment. *Education Code 25.087(b-4)* [See FDD]

No Penalty

A student whose absence is excused for a reason described beginning at Excused Absences for Compulsory Attendance Determinations, above, may not be penalized for that absence and shall be counted as if the student attended school for purposes of calculating the average daily attendance of students in the district.

Make-Up Work

The student shall be allowed a reasonable time to make up schoolwork missed on the days described above. If the student satisfactorily completes the work, the days of absence shall be counted as days of compulsory attendance.

Education Code 25.087(d)

Other Excused Absences

A person required to attend school may be excused for temporary absence resulting from any cause acceptable to the teacher, principal, or superintendent of the school in which the person is enrolled. *Education Code 25.087(a)*

Notices to Parents

Warning Notice

A district shall notify a student's parent in writing at the beginning of the school year that, if the student is absent from school on ten or more days or parts of days within a six-month period in the same school year, the student's parent is subject to prosecution under Education Code 25.093, and the student is subject to referral to a truancy court for truant conduct under Family Code 65.003(a).

Notice of Absences

A district shall notify a student's parent if the student has been absent from school, without excuse under Education Code 25.087, on

three days or parts of days within a four-week period. The notice must:

1. Inform the parent that:
    a. It is the parent's duty to monitor the student's school attendance and require the student to attend school;
    b. The student is subject to truancy prevention measures under Education Code 25.0915; and
2. Request a conference between school officials and the parent to discuss the absences.

The fact that a parent did not receive the notices described above is not a defense for the parent's failure to require a child to attend school nor for the student's failure to attend school.

Education Code 25.095

Non-Attendance

Parent Liability

A parent or person standing in parental relation commits an offense if:

1. A warning notice is issued;
2. The parent with criminal negligence fails to require the child to attend school as required by law; and
3. The child has absences for the amount of time specified under Family Code 65.003(a).

The attendance officer [see FED] or other appropriate school official shall file a complaint against the parent in an appropriate court, as permitted under Education Code 25.093.

Affirmative Defense—Parent

It is an affirmative defense to prosecution that one or more of the absences required to be proven was excused by a school official or should be excused by the court. A decision by the court to excuse an absence for this purpose does not affect the ability of a district to determine whether to excuse the absence for another purpose.

Education Code 25.093

Student Liability

A child engages in truant conduct if the child is required to attend school under the compulsory attendance laws, and fails to attend school on ten or more days or parts of days within a six-month period in the same school year. Truant conduct may be prosecuted only as a civil case in a truancy court. *Family Code 65.003(a)–(b)*

"Child" means a person who is 12 years of age or older and younger than 19 years of age. *Family Code 65.002(1)*

Truancy Courts

The following are designated as truancy courts:

1. The constitutional county court in a county with a population of 1.75 million or more;
2. Justice courts; and
3. Municipal courts.

A truancy court has exclusive original jurisdiction over cases involving allegations of truant conduct.

Family Code 65.004(a)–(b)

Affirmative Defense—Student

It is an affirmative defense to an allegation of truant conduct that one or more of the absences required to be proven:

1. Have been excused by a school official or by the court;
2. Were involuntary; or
3. Were due to the child's voluntary absence from the child's home because of abuse, as defined by Family Code 261.001.

The affirmative defense is not available if, after deducting the absences described above, there remains a sufficient number of absences to constitute truant conduct.

In asserting an affirmative defense, the burden is on the child to show by a preponderance of the evidence that the absence has been or should be excused, was involuntary, or was due to the child's voluntary absence from the child's home because of abuse, as defined by Family Code 261.001.

A decision by the court to excuse an absence does not affect the ability of the district to determine whether to excuse the absence for another purpose.

Family Code 65.003(c)–(f)

Truancy Prevention Measures

If a student fails to attend school without excuse on three or more days or parts of days within a four-week period but does not fail to attend school for the time described below, the district shall initiate truancy prevention measures on the student. [See FED] *Education Code 25.0915(a-4)*

District Complaint or Referral

If a student fails to attend school without excuse on ten or more days or parts of days within a six-month period in the same school year, a district shall within ten school days of the student's tenth absence refer the student to a truancy court for truant conduct under Family Code 65.003(a). [See FED] *Education Code 25.0951(a)*

Uniform Accounting System

Each district shall use a uniform accounting system adopted by the commissioner for the data required to be reported for the Public Education Information Management System. *Education Code 48.008(b)*

Student Attendance Accounting Handbook

The commissioner will annually establish student attendance accounting guidelines and procedures to be used by a district to maintain records and make reports on student attendance and student participation in special programs.

The standard procedures that a district must use to maintain records and make reports on student attendance and student participation in special programs are described in the official TEA publication *Student Attendance Accounting Handbook.* A copy of the *Student Attendance Accounting Handbook* is available on the TEA website with information related to financial compliance.

Data from previous school years will continue to be subject to the student attendance accounting handbook as the handbook existed in those years.

19 TAC 129.1025

Incentive for Additional Instructional Days

The commissioner shall adjust the average daily attendance of a district under Education Code 48.005 in the manner provided by Education Code 48.0051(b) if the district:

1. Provides the minimum number of minutes of operational and instructional time required under Education Code 25.081 and commissioner rules adopted under that section over at least 180 days of instruction; and

2. Offers an additional 30 days of half-day instruction for students enrolled in prekindergarten through fifth grade.

Education Code 48.0051(a)

Funding for Off-Campus Programs

Funding eligibility for a student participating in an off-campus program will include time instructed in the off-campus program. A campus may choose an alternate attendance-taking time for a group of students that is scheduled to be off-campus during the regular attendance-taking time. The alternate attendance-taking time will be in effect for the period of days or weeks for which the group is scheduled to be off-campus during the regular attendance-taking time (for example, for the semester or for the duration

of employment). This alternate attendance-taking time may not be changed once it is selected for a particular group of students. If attendance is taken at an off-campus location, the district must ensure that attendance is taken in accordance with the *Student Attendance Accounting Handbook*.

For a district to receive FSP funding for a student participating in an off-campus program, the district must have documentation of an agreement between the district and the college.

19 TAC 129.1031(c)–(d) [See EHDD]

[For information regarding funding for virtual instruction and remote learning programs, see EHDE and EHDF.]

Disasters

The commissioner may adjust the average daily attendance of a district all or part of which is located in an area declared a disaster area by the governor under Government Code Chapter 418 if the district experiences a decline in average daily attendance that is reasonably attributable to the impact of the disaster.

The commissioner may make the adjustment under this section for the two-year period following the date of the governor's initial proclamation or executive order declaring the state of disaster.

Diabetes Management and Treatment Plan

The parent or guardian of a student who will seek care for diabetes while at school or while participating in a school activity, and the physician responsible for the student's diabetes treatment, shall develop a diabetes management and treatment plan (DMTP).

Required Elements

The DMTP must:

1. Identify the health-care services the student may receive at school;
2. Evaluate the student's ability to manage and level of understanding of the student's diabetes; and
3. Be signed by the parent or guardian and the physician.

Submission to School

The parent or guardian must submit the DMTP to the school, and the school must review the plan:

1. Before or at the beginning of the school year;
2. On enrollment of the student, if the student enrolls after the beginning of the school year; or
3. As soon as practicable following a diagnosis of diabetes for the student.

Health and Safety Code 168.002

Individualized Health Plan

Upon receiving the student's DMTP, the school principal, or designee, and the school nurse, if a school nurse is assigned to the school, shall develop an individualized health plan (IHP) for the student. The IHP shall be developed in collaboration with the student's parent or guardian and, to the extent practicable, the physician responsible for the student's diabetes treatment and one or more of the student's teachers.

A student's IHP must incorporate components of the student's DMTP, including the information required under Health and Safety Code 168.002(b) [see Required Elements, above].

Health and Safety Code 168.001(3), .003

Independent Monitoring and Treatment

In accordance with the student's IHP, a school shall permit the student to attend to the management and care of the student's diabetes, which may include:

1. Performing blood glucose level checks;

2. Administering insulin through the insulin delivery system the student uses;

3. Treating hypoglycemia and hyperglycemia;

4. Possessing on the student's person at any time any supplies or equipment necessary to monitor and care for the student's diabetes; and

5. Otherwise attending to the management and care of the student's diabetes in the classroom, in any area of the school or school grounds, or at any school-related activity.

Health and Safety Code 168.008

Required Care

Each school shall adopt a procedure to ensure that a school nurse or at least one unlicensed diabetes care assistant (UDCA) is present and available to provide the required care to a student with diabetes during the regular school day. A district may not restrict the assignment of a student with diabetes to a particular campus on the basis that the campus does not have the required UDCAs. *Health and Safety Code 168.007(c)–(d)*

If a school nurse is assigned to a campus and the nurse is available, the nurse shall perform the tasks necessary to assist a student with diabetes in accordance with the student's IHP.

School Nurse Not Available

If a school nurse is not assigned to the campus or a school nurse is not available, a UDCA shall perform the tasks necessary to assist the student in accordance with the student's IHP and in compliance with any guidelines provided during UDCA training. A UDCA may perform these tasks only if the parent or guardian of the student signs an agreement that:

1. Authorizes a UDCA to assist the student; and

2. States that the parent or guardian understands that a UDCA is not liable for civil damages [see Immunity from Liability, below].

Health and Safety Code 168.007(a)

If a school nurse is not assigned to a campus:

1. A UDCA must have access to an individual with expertise in the care of persons with diabetes, such as a physician, a registered nurse, a certified diabetes educator, or a licensed dietitian; or

2. The principal must have access to the physician responsible for the student's diabetes treatment.

Health and Safety Code 168.007(b)

Unlicensed Diabetes Care Assistants

At each school in which a student with diabetes is enrolled, the principal, or designee, shall:

A district shall annually review the policy and, as necessary, revise its policy for the care of students with a diagnosed food allergy at risk for anaphylaxis to ensure the policy is consistent with the most current version of the guidelines.

This section does not waive any liability or immunity of the district or its officers or employees or create any liability for or a cause of action against the district or its officers or employees.

Notwithstanding any other law, these provisions do not create a civil, criminal, or administrative cause of action or liability or create a standard of care, obligation, or duty that provides the basis for a cause of action.

Education Code 38.032(a)–(b)

Immunity

The care of a student with a seizure disorder by a district employee under a seizure management plan submitted under Education Code 38.032 is incident to or within the scope of the duties of the employee's position of employment and involves the exercise of judgment or discretion on the part of the employee for purposes of Education Code 22.0511, regarding immunity from liability.

The immunity from liability provided by Education Code 22.0511 applies to an action or failure to act by a district employee in administering a medication, assisting with self-administration, or otherwise providing for the care of a student under a seizure management plan submitted for the student.

Definitions

Educational and Course Programs

"Educational and course programs" means programs intended to provide instruction to students in conjunction with or outside of the required curriculum, which may include, but are not limited to, gifted and talented services, bilingual or special language services for emergent bilingual students, career and technical education, and early college high school.

Enrollment Conference

"Enrollment conference" means a student-centered meeting between key district staff and the newly enrolled student and/or the student's parent or guardian that occurs within the first two weeks of enrollment, as soon as feasible, at a new school to collaboratively ease transitions; identify the student's academic strengths and extracurricular interests; introduce school processes and opportunities for engagement; and identify any interventions and additional support services (e.g., special education or Section 504

services, academic and/or behavioral interventions, social and emotional needs, college and career readiness). The student's attendance in the conference should be addressed on a case-by-case basis.

Records "Records" means documents in printed or electronic form that include, but are not limited to, student transcripts; individual course grades; academic achievement records; course credits, whether full or partial; individualized education program referrals; intervention data; immunizations; state assessment scores; student attendance data; disciplinary reports; graduation endorsements; special education/Section 504 committee records; performance acknowledgements; and personal graduation plans.

19 TAC 89.1601(2), (4), (9), (11)

Transfer of Student Records

Each district shall ensure that school records for students who are identified as homeless or in substitute care are transferred to the student's new school after receiving a request for records. Student records must be requested, sent, and received using the Texas Records Exchange (TREx) system.

Each district is required to transfer student records within ten working days of receipt of a request from a district to which a student who is homeless or in substitute care enrolls, as required by Education Code 25.002(a-1) [see FD(LEGAL)]. The discretionary authority under Education Code 31.104(d) [see CMD(LEGAL)] to withhold records of a student if the student has not returned or paid for instructional materials or technological equipment does not exempt a district from the mandatory provision to send records to another public school in which the student enrolls.

If a district fails to receive the required information within ten working days, the requesting district may report the noncompliant district to the division responsible for TREx Support at TEA.

Proof of enrollment in a different district permits retroactive withdrawal to the date a student enrolled in the new school. The date of enrollment in the new district is considered the date of withdrawal from the previous district.

19 TAC 89.1603

Systems and Procedures

A district shall develop systems to ease transition of a student who is homeless or in substitute care during the first two weeks of enrollment at a new school. These systems shall include the following:

1. Welcome packets containing applicable information regarding enrollment in extracurricular activities, club activities, information on fee waivers, tutoring opportunities, the student code of conduct, available student supports, and contact information for key school staff members such as principals, registrars, counselors, designated liaisons, nutrition coordinators, and transportation specialists;

2. Introductions for new students that maintain student privacy and confidentiality to the school environment and school processes by district faculty, campus-based student leaders, or ambassadors; and

3. Mechanisms to ensure that a process is in place for all students who qualify to receive nutrition benefits upon enrollment, as all students who are homeless or in substitute care are eligible for United States Department of Agriculture Child Nutrition Programs. The process must expedite communication with the district nutrition coordinator to ensure that eligible students are not charged in error or experience delays in receiving these benefits.

19 TAC 89.1605(a)

A district must provide professional development opportunities and resources to support key staff members such as principals, registrars, counselors, designated liaisons, nutrition coordinators, and transportation specialists on local processes and procedures for facilitating successful school transitions for students who are homeless or in substitute care.

A district must use the TREx, the Personal Identification Database (PID), or the Person Enrollment Tracking (PET) application to facilitate records transfer and expedite coordination and communication between the sending and receiving schools. In cases where records from the student's previous school are missing or cannot be located, a district should use the Texas Student Data System (TSDS) Unique ID application to identify where the student was previously enrolled.

19 TAC 89.1605(c)–(d)

Enrollment Conference

A district shall convene an enrollment conference within the first two weeks or as soon as feasible, after a student who is homeless or in substitute care enrolls at a new school. The convening of the

enrollment conference shall not delay or impede the enrollment of the student.

The student's attendance in the conference should be addressed on a case-by-case basis. The enrollment conference may be used in conjunction with an existing meeting that is designed for similar purposes for newly enrolled students.

The enrollment conference shall address the student's credit recovery, credit completion, attendance plans and trauma-informed interventions, interests and strengths, discipline or behavior concerns, previous successes, college readiness, and social and emotional supports as well as district policies relating to transfers and withdrawals and communication preferences with parents or guardians.

The enrollment conference may be comprised of:

2. McKinney-Vento or foster care liaisons;
3. Social workers;
4. Teachers;

11. A parent or guardian, unless the caseworker indicates the parent's or guardian's rights to participate have been restricted by the court.

19 TAC 89.1605(b)

Educational Placement

A district must establish procedures to receive, review, and assess student records for the initial course and educational program placement for a student who is homeless or in substitute care upon enrollment at a new school.

A district must ensure that a student who is homeless or in substitute care has the opportunity to pursue the same endorsement cat-

egories, to the extent possible. If only one endorsement is offered, it must be multidisciplinary studies.

To the extent possible, a district shall ensure the continuation of a student's course and educational programs, if appropriate, from the previous district by placing the student in comparable courses and programs for which they are eligible.

A district shall promote placement in academically challenging and career preparation courses.

19 TAC 89.1609

[For award of credit for students who are homeless or in substitute care, see EI. For special education services for students who are homeless or in substitute care, see EHBAA.]

Access to Educational and Extracurricular Programs and Courses

A district must develop processes to increase awareness of opportunities available to students who are homeless or in substitute care to participate in extracurricular programs, summer programs, credit transfer services, electronic courses, and after-school tutoring programs.

A district must identify and remove barriers, whenever possible, to participation by students who are homeless or in substitute care in extracurricular programs, summer programs, credit transfer services, electronic courses, and after-school tutoring programs.

Appropriate district staff must facilitate the process to complete and submit a University Interscholastic League (UIL) waiver of residence application form for a student who is homeless and plans to participate in varsity athletics.

In compliance with Education Code 25.001(f) [see FD], a durational residence requirement may not be used to prohibit a student in substitute care from fully participating in any activity sponsored by the district.

19 TAC 89.1611

Postsecondary Information for Students who are Homeless or in Substitute Care

District counselors or other designated staff shall work with district McKinney-Vento and foster care liaisons to ensure that all students who are identified as homeless or in substitute care graduate with endorsements, if applicable, and have postsecondary plans identified in their personal graduation plans, to the extent required by Education Code 28.02121 [see EIF].

Districts must provide postsecondary counseling in alignment with Education Code 33.007 [see FFEA], for all students, including students who are homeless or in substitute care.

Districts must connect students to college readiness initiatives, campus visits, and other postsecondary preparation opportunities provided by the district.

School counselors must provide information about postsecondary education to the student and the student's parent or guardian during the first school year a student is enrolled in high school and each subsequent year throughout high school. [See FFEA]

Provisions for Students Experiencing Homelessness

McKinney-Vento liaisons must inform unaccompanied homeless youths of their status as independent students for the purpose of applying for financial aid for higher education and provide verification of such status for the Free Application for Federal Student Aid (FASFA), pursuant to 42 United States Code 11432(g)(6)(A)(x)(III).

School counselors must assist and advise students experiencing homelessness with college preparation and readiness, pursuant to 42 United States Code 11432(g)(1)(K).

19 TAC 89.1613(a)–(b)

Provisions for Students in Substitute Care

A district shall ensure that a student in substitute care who is enrolled in grade 11 or 12 is provided information regarding tuition and fee exemptions under Education Code 54.366, for dual-credit or other courses provided by a public institution of higher education for which a high school student may earn joint high school and college credit.

A district shall inform students in substitute care of tuition and fee exemptions under Education Code 54.367, regarding monthly payments, medical assistance benefits, and reimbursement of fees.

A district shall ensure students in substitute care are informed that every higher education institution in Texas has a designated foster care liaison to assist students.

Foster care liaisons are encouraged to support students in substitute care with linking to colleges to develop connections and facilitate effective transitions into postsecondary education.

Foster care liaisons, school counselors, and others must assist students with seeking and applying for all types of scholarships for which the student may qualify.

19 TAC 89.1613(c)

Notice of Events for Students in Substitute Care

A district must provide notice in writing to the educational decision-maker and caseworker of a student who is in substitute care regarding events that may significantly impact the education of the student. *19 TAC 89.1617*

Events that may significantly impact the education of a child include:

1. Requests or referrals for an evaluation under Section 504, Rehabilitation Act of 1973 (29 U.S.C. Section 794), or special education under Education Code 29.003 [see EHBAA];

A district may establish a school-community guidance center designed to locate and assist children with problems that interfere with their education, including juvenile offenders and children with severe behavioral problems or character disorders.

Each center shall coordinate efforts of district personnel, local police departments, school attendance officers, and probation officers in working with students, dropouts, and parents in identifying and correcting factors that adversely affect the education of the children.

Education Code 37.051

Reporting Procedures

Student Report

To obtain assistance and intervention, any student who believes that he or she has experienced bullying or believes that another student has experienced bullying should immediately report the alleged acts to a teacher, school counselor, principal, or other District employee. The Superintendent shall develop procedures allowing a student to anonymously report an alleged incident of bullying.

Employee Report	Any District employee who suspects or receives notice that a student or group of students has or may have experienced bullying shall immediately notify the principal or designee.
Report Format	A report may be made orally or in writing. The principal or designee shall reduce any oral reports to written form.
Periodic Monitoring	The Superintendent shall periodically monitor the reported counts of bullying incidents, and that declines in the count may represent not only improvements in the campus culture because bullying declines but also declines in the campus culture because of a decline in openness to report incidents.

Notice of Report

When an allegation of bullying is reported, the principal or designee shall notify a parent of the alleged victim on or before the third business day after the incident is reported. The principal or designee shall also notify a parent of the student alleged to have engaged in the conduct within a reasonable amount of time after the incident is reported.

Prohibited Conduct

The principal or designee shall determine whether the allegations in the report, if proven, would constitute prohibited conduct as defined by policy FFH, including dating violence and harassment or discrimination on the basis of race, color, religion, sex, gender, national origin, or disability. If so, the District shall proceed under policy FFH. If the allegations could constitute both prohibited conduct and bullying, the investigation under FFH shall include a determination on each type of conduct.

Investigation of Report

The principal or designee shall conduct an appropriate investigation based on the allegations in the report. The principal or designee shall promptly take interim action calculated to prevent bullying during the course of an investigation, if appropriate.

Concluding the Investigation

Absent extenuating circumstances, the investigation should be completed within ten District business days from the date of the initial report alleging bullying; however, the principal or designee shall take additional time if necessary to complete a thorough investigation.

The principal or designee shall prepare a final, written report of the investigation. The report shall include a determination of whether bullying occurred, and if so, whether the victim used reasonable self-defense. A copy of the report shall be sent to the Superintendent or designee.

Notice to Parents

If an incident of bullying is confirmed, the principal or designee shall promptly notify the parents of the victim and of the student who engaged in bullying.

District Action

Bullying — If the results of an investigation indicate that bullying occurred, the District shall promptly respond by taking appropriate disciplinary action in accordance with the District's Student Code of Conduct and may take corrective action reasonably calculated to address the conduct. The District may notify law enforcement in certain circumstances.

Discipline — A student who is a victim of bullying and who used reasonable self-defense in response to the bullying shall not be subject to disciplinary action.

The discipline of a student with a disability is subject to applicable state and federal law in addition to the Student Code of Conduct.

Corrective Action — Examples of corrective action may include a training program for the individuals involved in the complaint, a comprehensive education program for the school community, follow-up inquiries to determine whether any new incidents or any instances of retaliation have occurred, involving parents and students in efforts to identify problems and improve the school climate, increasing staff monitoring of areas where bullying has occurred, and reaffirming the District's policy against bullying.

Transfers — The principal or designee shall refer to FDB for transfer provisions.

Counseling — The principal or designee shall notify the victim, the student who engaged in bullying, and any students who witnessed the bullying of available counseling options.

Improper Conduct — If the investigation reveals improper conduct that did not rise to the level of prohibited conduct or bullying, the District may take action in accordance with the Student Code of Conduct or any other appropriate corrective action.

Confidentiality — To the greatest extent possible, the District shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation.

Appeal — A student who is dissatisfied with the outcome of the investigation may appeal through FNG(LOCAL), beginning at the appropriate level.

Records Retention — Retention of records shall be in accordance with CPC(LOCAL).

Access to Policy and Procedures — This policy and any accompanying procedures shall be distributed annually in the employee and student handbooks. Copies of the policy and procedures shall be posted on the District's website, to the extent practicable, and shall be readily available at each campus and the District's administrative offices.

3. Records maintained by a law enforcement unit of a district that were created by that law enforcement unit for the purpose of law enforcement.
4. Records on a student who is 18 years of age or older, or who is attending an institution of postsecondary education, that are:

Personal information from student education records shall be transferred to a third party only on the condition that such party will not permit any other party to have access to such information without the written consent of the student's parent. If a third party permits access to information in violation of this policy or fails to destroy the information as required by 20 U.S.C. 1232g(b)(1)(F), a district shall not permit access to information from education records to that third party for a period of not less than five years. *20 U.S.C. 1232g(b)(4)(B); 34 C.F.R. 99.33(a)(1)*

A district shall inform a party to whom a disclosure is made of the requirements of 34 C.F.R. 99.33, unless the disclosure is made pursuant to a court order, lawfully issued subpoena, or litigation; the disclosed information is directory information; the disclosure concerns sex offenders; or the disclosure is made to a parent of a student who is not an eligible student or to a student. *34 C.F.R. 99.33(c)–(d)*

A district may disclose personally identifiable information with the understanding that the party receiving the information may make further disclosures of the information on behalf of the district if:

1. The disclosures meet the requirements of 34 C.F.R. 99.31; and

2. The district has complied with the requirements of 34 C.F.R. 99.32(b) regarding the record of disclosure; or a state or local educational authority or federal official or agency listed requesting information through a subpoena or ex parte order has complied with the requirements of 34 C.F.R. 99.32(b)(2).

34 C.F.R. 99.33(b)

Record of Access to Student Records

Each school shall maintain a record, kept with the education record of each student that indicates all individuals, agencies, or organizations that have requested or obtained access to a student's education records, as well as the names of state and local educational authorities and federal officials and agencies listed in 34 C.F.R. 99.31(a)(3) that may make further disclosures of personally identifiable information from the student's education records without consent. A district must obtain a copy of the record of further disclosures maintained by the named authorities, officials, and agencies under 34 C.F.R. 99.32(b)(2) and make it available in response to a parent's request to review the record.

A district must record the following information when it discloses personally identifiable information from education records under the health or safety emergency exception [see Health or Safety Emergency, above]:

1. The articulable and significant threat to the health or safety of a student or other individuals that formed the basis for the disclosure; and

2. The parties to whom the district disclosed the information.

34 C.F.R. 99.32

The records shall include at least the name of the person or agency that made the request and the legitimate interest the person or agency had in the information. The record will be maintained as long as the district maintains the student's education record. The record of access shall be available only to parents, school officials responsible for custody of the records, and those state, local, and federal officials authorized to audit the operation of the system. *20 U.S.C. 1232g(b)(4)(A); 34 C.F.R. 99.33(a)(2)*

The record shall not include requests for access by, or access granted to, parents of the student or officials of a district, requests accompanied by prior written consent of the parent, requests for directory information, or a party seeking or receiving records in accordance with a subpoena or ex parte order. *34 C.F.R. 99.32(d)*

Right to Amend

The parent of a student whose records are covered by this policy may ask a district to amend the student's record if the parent believes it contains information that is inaccurate, misleading, or in violation of the student's right of privacy or other rights. If a district decides not to amend the education records requested, it shall inform the parent of its decision and his or her right to a hearing to challenge the content of the student's education records. *34 C.F.R. 99.20*

If a district decides to amend the records as a result of the hearing, it shall inform the parent in writing. If, as a result of the hearing, the district decides not to amend the records, it shall inform the parent of the right to place a statement in the records commenting on the contested information and/or stating why the parent disagrees with the decision of the district. Any explanation shall be maintained with the contested part of the record for as long as the record is maintained and shall be disclosed whenever the contested portion of the record is disclosed. *34 C.F.R. 99.21*

Fees for Copies

No fee shall be charged to search for or to retrieve the education records of a student. A fee may be charged for a copy of education records which is made for the parent or an eligible student, unless the imposition of a fee effectively prevents a parent or eligible student from exercising the right to inspect and review those records. *20 U.S.C. 1232g; 34 C.F.R. 99.11; Education Code 26.012*

Records of Students with Disabilities

A district shall permit parents to inspect and review education records collected, maintained, or used for purposes of identifying, evaluating, placing, or educating students with disabilities. *34 C.F.R. 300.613(a)*

Access Rights

In addition to policies applicable to all student records, the following guidelines shall apply when parents of a student with disabilities request to review or inspect district records relating to the education of their child:

1. Parents may request that a representative inspect and review the records. *34 C.F.R. 300.613(b)(3)*

2. A district shall comply with a request without unnecessary delay and before any meeting regarding an individualized education program (IEP) or hearing relating to the identification,

evaluation, or placement of the child, and in no case longer than 45 days after the request. *34 C.F.R. 300.613(a)*

3. A district shall keep a record of persons obtaining access to these student records (except access by parents and authorized employees), including name, date of access, and the purpose for which the person is authorized to use the records. *34 C.F.R. 300.614*

Record Types and Locations — A district shall provide parents on request a list of types and locations of education records. *34 C.F.R. 300.616*

Parental Consent — Parental consent must be obtained before personally identifiable information is used for any purpose other than meeting a requirement under the Individuals with Disabilities Education Act or disclosed to anyone other than officials of agencies collecting or using this information. A district may not release information from these records without parental consent except as provided in FERPA. *34 C.F.R. 300.622*

Confidentiality — A district shall protect the confidentiality of personally identifiable information in collection, storage, disclosure, and destruction of records. One official in a district shall assume responsibility for ensuring confidentiality of personally identifiable information. All persons collecting or using this information shall receive training or instruction concerning the legal requirements involved in handling these records. A district shall maintain for public inspection a current listing of the names and positions of employees who may have access to this information. *34 C.F.R. 300.623*

Information Destruction — A district shall inform parents when personally identifiable information collected, maintained, or used to provide special education and related services is no longer needed to provide educational services to the student. Such information shall be destroyed at the request of the parents.

A permanent record of the student's name, address, phone number, grades, attendance record, classes attended, grade level completed, and year completed may be maintained without time limitation.

34 C.F.R. 300.624

Annual Notification of Rights — A district shall give parents of students in attendance and eligible students in attendance annual notification of their rights under FERPA.

The notice must inform parents or eligible students that they have the right to:

1. Inspect and review the student's education records;
2. Seek amendment of the student's education records that the parent or eligible student believes to be inaccurate, misleading, or otherwise in violation of the student's privacy rights;
3. Consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that the Act and 34 C.F.R. 99.31 authorize disclosure without consent; and
4. File with the U.S. ED a complaint under 34 C.F.R. 99.63 and 99.64 concerning alleged failures by the district to comply with the requirements of the Act and 34 C.F.R. Part 99.

The notice must include all of the following:

1. The procedure for exercising the right to inspect and review education records.
2. The procedure for requesting amendment of records under 34 C.F.R. 99.20.
3. If the district has a policy of disclosing education records under 34 C.F.R. 99.31(a)(1), a specification of criteria for determining who constitutes a school official and what constitutes a legitimate educational interest.

A district may provide this notice by any means that are reasonably likely to inform the parents or eligible students of their rights.

A district shall effectively notify parents who are disabled and parents of students who have a primary or home language other than English.

20 U.S.C. 1232g(e); 34 C.F.R. 99.7

Directory Information

"Directory Information" Defined

"Directory information" means information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. Directory information includes the student's name, address, telephone listing, electronic mail address, photograph, date and place of birth, dates of attendance, grade level, enrollment status, participation in officially recognized activities and sports, weight and height of members of athletic teams, honors and awards received, and the most recent educational agency or institution attended. "Directory information" does not include a student's:

1. Social security number; or
2. Student identification (ID) number, unless:

a. The student ID number, user ID number, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password, or other factor known or possessed only by the authorized user; or

b. The student ID number or other unique personal identifier that is displayed on a student ID badge cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a PIN, password, or other factor known or possessed only by the authorized user.

34 C.F.R. 99.3

Disclosure of Directory Information

A district may release directory information if it has given public notice to parents of students in attendance and eligible students in attendance at the district of:

1. The types of personally identifiable information that it has designated as directory information.
2. A parent's or eligible student's right to refuse to let the district designate any or all of those types of information about the student as directory information.
3. The period of time within which the parent has to notify the district in writing that he or she does not want any or all of those types of information about the student designated as directory information.

Restrictions on the Right of Refusal

A parent or eligible student may not use the right of refusal to opt out of directory information disclosures to prevent a district from disclosing or requiring a student to disclose the student's name, identifier, or institutional email address in a class in which the student is enrolled or to prevent a district from requiring a student to wear, to display publicly, or to disclose a student ID card or badge that exhibits information that may be designated as directory information and that has been properly designated by the district as directory information in the public notice provided under this section.

Former Students

A district may disclose directory information about former students without satisfying the public notice conditions above. However, the district must continue to honor any valid request to opt out of the disclosure of directory information made while a student was in attendance unless the student rescinds the opt-out request.

Confirmation of Identity or Records

A district may not disclose or confirm directory information without meeting the written consent requirements in 34 C.F.R. 99.30 if a student's social security number or other non-directory information is used alone or combined with other data elements to identify or help identify the student or the student's records.

34 C.F.R. 99.3, .37

Homeless Students

Information about a homeless child's living situation shall be treated as a student education record, and shall not be deemed to be directory information. *42 U.S.C. 11432(g)(3)(G)*

Directory Information Designation

A district may designate as directory information any or all information defined as directory information by FERPA. Directory information under that Act that is not designated by a district as directory information for that district is excepted from disclosure by the district under Government Code Chapter 552. [See GBA]

Directory information consented to by a parent for use only for a limited school-sponsored purpose, such as for a student directory, student yearbook, or district publication, if any such purpose has been designated by a district, remains otherwise confidential and may not be released under Government Code Chapter 552.

Annual Notice

A district shall provide the following to the parent of each district student, at the beginning of each school year or on enrollment of the student after the beginning of the school year:

1. A written explanation of the provisions of FERPA regarding the release of directory information about the student; and
2. Written notice of the right of the parent to object to the release of directory information about the student under FERPA.

Contents

The notice must contain:

1. The following statement in boldface type that is 14-point or larger: "Certain information about district students is considered directory information and will be released to anyone who follows the procedures for requesting the information unless the parent or guardian objects to the release of the directory information about this student. If you do not want [insert name of district] to disclose directory information from your child's education records without your prior written consent, you must notify the district in writing by [insert date]. [Insert name of district] has designated the following information as directory information: [Here the district must include any directory information it chooses to designate as directory information for the district, such as a student's name, address, telephone listing, electronic mail address, photograph, degrees, honors,

and awards received, date and place of birth, major field of study, dates of attendance, grade level, most recent education institution attended, participation in officially recognized activities and sports, and the weight and height of members of athletic teams.]";

2. A form, such as a check-off list or similar mechanism, that:

   a. Immediately follows, on the same page or the next page, the required statement; and

   b. Allows a parent to record:

      (1) The parent's objection to the release of all directory information or one or more specific categories of directory information if district policy permits the parent to object to one or more specific categories of directory information;

      (2) The parent's objection to the release of a secondary student's name, address, and telephone number to a military recruiter or institution of higher education; and

      (3) The parent's consent to the release of one or more specific categories of directory information for a limited school-sponsored purpose if such purpose has been designated by the district and is specifically identified, such as for a student directory, student yearbook, or district publication; and

3. A statement that federal law requires districts receiving assistance under the Elementary and Secondary Education Act of 1965 to provide a military recruiter or an institution of higher education, on request, with the name, address, or telephone number of a secondary student unless the parent has advised the district that the parent does not want the student's information disclosed without the parent's prior written consent.

Education Code 26.013

Student Recruiting Information

Notwithstanding the Directory Information provisions above, each district receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) shall provide, on a request made by a military recruiter or an institution of higher education, access to secondary school students' names, addresses, and telephone listings unless a student's parent has submitted the prior consent request below.

Consent to Release

A student who has attained 18 years of age or a parent of a secondary school student may submit a written request to a district that the student's name, address, and telephone listing not be released for purposes described above without prior written consent. Upon receiving such request, a district may not release the student's name, address, and telephone listing for such purposes without the prior written consent of the parent or student. A district shall notify parents of the option to make a request.

No Opt-In Process

Nothing in this provision shall be construed to allow a district to withhold access to a student's name, address, and telephone listing from a military recruiter or institution of higher education by implementing an opt-in process or any other process other than the written consent request process above.

20 U.S.C. 7908

A district shall:

1. Provide to military recruiters the same access to secondary school students as is provided generally to postsecondary educational institutions or to prospective employers of those students; and

2. Upon a request made by military recruiters for military recruiting purposes, provide access to secondary school student names, addresses, electronic mail addresses (which shall be the electronic mail addresses provided by the school, if available), and telephone listings, notwithstanding directory information requirements in FERPA [see above].

A district shall notify parents of their right to submit a request to the district that the student's name, address, electronic mail address, and telephone listing not be released.

10 U.S.C. 503(c)(1)(A)–(B) [See also GKC]

Videotapes and Recordings

A district employee must obtain the written consent of a child's parent before the employee may make or authorize the making of a videotape of a child or record or authorize the recording of a child's voice.

Exceptions

A district employee is not required to obtain the consent of a child's parent before the employee may make a videotape of a child or authorize the recording of a child's voice if the videotape or voice recording is to be used only for:

1. The purposes of safety, including the maintenance of order and discipline in common areas of the school or on school buses;

2. A purpose related to a cocurricular or extracurricular activity;
3. A purpose related to regular classroom instruction;
4. Media coverage of the school; or
5. A purpose related to the promotion of student safety under Education Code 29.022.

Education Code 26.009 [See EHA, EHBAF, FM, and FO]

Public Information

See GB(LEGAL) for the definition of public information.

Availability of Public Information

Public information is available to the public at a minimum during the normal business hours of a district. Government Code Chapter 552 (Public Information Act [PIA]) does not authorize the withholding of public information or limit the availability of public information to the public, except as expressly provided by the PIA. *Gov't Code 552.006, .021*

Special Rights of Access

Person Whose Information the District Holds

A person or a person's authorized representative has a special right of access, beyond the right of the general public, to information held by the district that relates to the person and that is protected from public disclosure by laws intended to protect that person's privacy interests. A district may not deny this access on the grounds that the information is considered confidential by privacy principles under the Public Information Act but may assert as grounds for denial other provisions of the PIA or other law not intended to protect the person's privacy interests. Access to information under this provision shall be provided in the manner prescribed by Government Code 552.229 (consent to release) and 552.307 (timely release), below. *Gov't Code 552.023(a), (b), (e)*

Board Members

For information on board members' special access rights to district information, see BBE.

Parents

A district that receives a request from a parent for public information relating to the parent's child shall comply with the Public Information Act. *Education Code 26.0085(e)*

For information on parents' special access rights to their child's education records, see FL.

Information That Must Be Disclosed

The following categories of information are public information and not excepted from required disclosure unless made confidential under the Public Information Act or other law:

1. A completed report, audit, evaluation, or investigation made of, for, or by a board or district, except as provided in Government Code 552.108.
2. The name, sex, ethnicity, salary, title, and dates of employment of each employee and officer of a district.
3. Information in an account, voucher, or contract relating to the receipt or expenditure of public or other funds by a board.

4. The name of each official and the final record of voting on all proceedings of a board.

5. All working papers, research material, and information used to estimate the need or expenditure of public funds or taxes by a board, on completion of the estimate.

6. A description of a district's central and campus organization, including where, from whom, and how the public may obtain information, submit information or requests, and obtain decisions.

7. A statement of the general course and method by which a district's functions are channeled and determined, including the nature and requirements of all formal and informal policies and procedures.

8. A rule of procedure, a description of forms available or the places at which forms may be obtained, and instructions relating to the scope and content of all papers, reports, or examinations.

9. A substantive rule of general applicability adopted or issued by a board as authorized by law, and a statement of general policy or interpretation of general applicability formulated and adopted by the board.

10. Each amendment, revision, or repeal of the information described in items 6–9.

11. Final opinions and orders issued in the adjudication of cases.

12. A policy statement or interpretation adopted or issued by a board.

13. Administrative manuals and instructions to staff that affect a member of the public.

14. Information regarded as open to the public under a district's policies.

15. Information that is in a bill for attorney's fees and that is not privileged under the attorney-client privilege.

16. Information that is also contained in a public court record.

17. A settlement agreement to which a board is a party.

Gov't Code 552.022

Contracting Information

Contracting information, as that term is defined in Government Code 552.003(1-a) [see GBAA], is public and must be released unless excepted from disclosure under the Public Information Act. The exceptions to disclosure provided by Government Code 552.110 (trade secrets) and 552.1101 (proprietary information) do not apply to the types of contracting information listed at Government Code 552.0222(b). *Gov't Code 552.0222(a), (b)* [See GBAA for additional procedures related to contracting information.]

Investment Information

Certain categories of information held by a district relating to its investments, as specified by Government Code 552.0225(b), are public information and not excepted from disclosure under the Public Information Act. *Gov't Code 552.0225*

Confidential Information That Must Not Be Disclosed

A person commits an offense if the person distributes information considered confidential under the terms of the Public Information Act. A violation under this provision also constitutes official misconduct. *Gov't Code 552.352*

Confidential by Law

Information is excepted from public disclosure if it is information considered to be confidential by law, either constitutional, statutory, or by judicial decision. *Gov't Code 552.101*

Note: For confidentiality and access provisions addressed by specific statutes other than Government Code Chapter 552 (Public Information Act), see the applicable policy code.

Privileged Attorney-Client Information

The Texas Rules of Civil Procedure and the Texas Rule of Evidence are "other law" within the meaning of Government Code 552.022 (allowing "other law" to make information confidential from required disclosure). A district does not forfeit the attorney-client privilege by failing to timely request an attorney general's decision, and the privilege is sufficiently compelling to rebut the presumption of public disclosure after an untimely request. *In re City of Georgetown, 53 S.W.3d 328, 336 (Tex. 2001); Paxton v. City of Dallas, 509 S.W.3d 247 (Tex. 2017)*

The attorney-client privilege does not apply if the attorney or attorney's representative acts in a capacity other than that of providing or facilitating professional legal services to the client. *Harlandale Indep. Sch. Dist. V. Cornyn, 25 S.W.3d 328 (Tex. App.–Austin 2000, pet. Denied)*

Closed Meeting Records

The certified agenda or tape recording of a closed meeting is available for public inspection only under a court order issued in litigation in a district court involving an alleged violation of the Open Meetings Act. *Gov't Code 551.104(c); Atty. Gen. ORD 684 (2009)*

[For information regarding minutes or recording of an open meeting, see BE.]

Student Education Records

The Public Information Act does not require the release of information contained in education records of the district, except in conformity with the Family Educational Rights and Privacy Act of 1974, 20 U.S.C. Section 1232g (FERPA).

In this provision, "student record" means information that constitutes education records as that term is defined by FERPA or information in a record of an applicant for admission to an educational institution, including a transfer applicant.

Information is confidential and excepted from required disclosure if it is information in a student record at a district.

The district is not prohibited from disclosing or providing information included in an education record if the disclosure or provision is authorized by FERPA or other federal law. 1. A motor vehicle operator's or driver's license or permit issued by an agency of this state or another state or country;
2. A motor vehicle title or registration issued by an agency of this state or another state or country; or
3. A personal identification document issued by an agency of this state, another state or country, or a local agency authorized to issue an identification document.

The motor vehicle record information described above may be released only if, and in the manner, authorized by Transportation Code Chapter 730.

Subject to Transportation Code Chapter 730 (the Motor Vehicle Records Disclosure Act), a district may redact motor vehicle or driver license information (including a Texas driver's license number, a copy of a Texas driver's license, a Texas license plate number, the portion of a photograph that reveals a Texas license plate number, and the portion of any video depicting a discernible Texas license plate number) under this provision from any information the district discloses without the necessity of requesting a decision from the attorney general. The district shall provide the information specified at Government Code 552.130(e) to the requestor on a form prescribed by the attorney general. The requestor is entitled to seek a decision from the attorney general about the matter.

Gov't Code 552.130; Atty. Gen. ORD 684 (2009)

Economic Development Negotiations

Information is excepted from public disclosure if the information relates to economic development negotiations involving a board and a business prospect that the board seeks to have locate, stay, or expand in or near a district and the information relates to:

1. A trade secret of the business prospect; or
2. Commercial or financial information for which it is demonstrated based on specific factual evidence that disclosure would cause substantial competitive harm to the person from whom the information was obtained.

Gov't Code 552.131(a)

Unless and until an agreement is made with the business prospect, information about a financial or other incentive being offered to a business prospect by a board or by another person is excepted from public disclosure.

After an agreement is made, the exception no longer applies to information about a financial or other incentive being offered to the business prospect:

1. By the board; or
2. By another person, if the financial or other incentive may directly or indirectly result in the expenditure of public funds by a district or a reduction in revenue received by the district from any source.

Gov't Code 552.131(b), (c)

Social Security Numbers of Any Living Person

Except for the social security number of a district employee in the custody of the district, the social security number of a living person is excepted from public disclosure, but is not confidential under the Public Information Act. A district may redact the social security

number of a living person from any information the district discloses to the public without the necessity of requesting a decision from the attorney general. *Gov't Code 552.147(a), (c)*

Exclusions from Public Information

Protected Health Information

An individual's protected health information as defined by Health and Safety Code 181.006 is not public information and is not subject to disclosure under the Public Information Act. *Gov't Code 552.002(d)*

Subpoena or Discovery Request

A subpoena duces tecum or a request for discovery that is issued in compliance with a statute or a rule of civil or criminal procedure is not considered to be a request for information under the Public Information Act. The Public Information Act does not affect the scope of civil discovery under the Texas Rules of Civil Procedure, and exceptions from disclosure under the PIA do not create new privileges from discovery. *Gov't Code 552.005, .0055*

No Right of Access

Commercially Available Publications

A district is not required under the Public Information Act to allow the inspection of or to provide a copy of information in a commercial book or publication purchased or acquired by the district for research purposes, if the book or publication is commercially available to the public. Although information in a book or publication may be made available to the public as resource material, such as a library book, a district is not required to make a copy of the information in response to a request for public information.

Exception

The district shall allow the inspection of information in a book or publication that is made part of, incorporated into, or referred to in a rule or policy of the board or district.

Gov't Code 552.027

Requests from Incarcerated Individuals

A district is not required to accept or comply with a request for information from an individual who is imprisoned or confined in a correctional facility or an agent of that individual, other than the individual's attorney when the attorney is requesting information that is subject to disclosure under the Public Information Act. This provision does not prohibit a district from disclosing to an incarcerated individual or the individual's agent information held by the district that pertains to the individual. *Gov't Code 552.028*

Retirement Eligibility Records

Records, including any identifying information, of individual members, annuitants, retirees, beneficiaries, alternate payees, program participants, or persons eligible for benefits from TRS or another retirement system that are in the custody of the system or in the custody of an administering firm, a carrier, the district, or another governmental body, acting in cooperation with or on behalf of the retirement system are confidential and not subject to public disclosure.

An administering firm, carrier, or the district acting in cooperation with or on behalf of the retirement system is not required to accept or comply with a request for a record or information about a record or to seek an opinion from the attorney general.

For this provision, "participant" means a member, former member, retiree, annuitant, beneficiary, or alternate payee of the retirement system, or an employee or contractor of an employer covered by the retirement system for whom records were received by the retirement system for the purpose of administering the terms of the plan, including for audit or investigative purposes.

Officer for Public Information and Required Sign

The superintendent of a district is the officer for public information. Each department head is an agent of the officer for public information for purposes of complying with Government Code Chapter 552 (Public Information Act [PIA]).

Officer and Agents

Duties

The officer is responsible for the release of public information as required by the Public Information Act. Subject to penalties provided by the Public Information Act, the officer for public information shall:

1. Make public information available for public inspection and copying;
2. Carefully protect public information from deterioration, alteration, mutilation, loss, or unlawful removal;
3. Repair, renovate, or rebind public information when necessary to maintain it properly; and
4. Make reasonable efforts to obtain public information from a temporary custodian if:
    a. The information has been requested from the district;
    b. The officer is aware of facts sufficient to warrant a reasonable belief that the temporary custodian has possession, custody, or control of the information;
    c. The officer is unable to comply with the duties imposed by the Public Information Act without obtaining the information from the temporary custodian; and
    d. The temporary custodian has not provided the information to the officer or the officer's agent.

The officer is not responsible for the use made of the information by the requestor or the release of the information after it is removed from a record as a result of an update, correction, or change of status of the person to whom the information pertains.

Gov't Code 552.201(a)–.204; Keever v. Finlan, 988 S.W.2d 300 (Tex. App.–Dallas 1999, pet. dism'd) (a district's chief administrative officer is the superintendent)

Training

This provision applies to an elected or appointed board member and the officer for public information.

Each person shall complete a course of training of not less than one and not more than two hours regarding the responsibilities of the district and its board members and employees under the Public Information Act not later than the 90th day after the date:

1. The board member takes the oath of office; or
2. The officer for public information assumes duties as officer for public information.

A public information coordinator who is primarily responsible for administering the responsibilities of the board under the Public Information Act and designated for board members to satisfy the training requirement of this provision shall complete the training course regarding the responsibilities of the board and district employees under the PIA not later than the 90th day after the date the coordinator assumes the person's duties as coordinator. [See BBD, CPC(LOCAL)]

Designation of a public information coordinator does not relieve a board member from the duty to comply with any other requirement of the Public Information Act that applies to the board member. A district shall maintain and make available for public inspection the record of its board members' or, if applicable, the public information coordinator's completion of the training.

Gov't Code 552.012(a)–(c), (e)

PIA Sign

The officer for public information shall prominently display a sign (PIA sign) in the form prescribed by the attorney general that contains basic information about the rights of a requestor, the responsibilities of a district, and the procedures for inspecting or obtaining a copy of public information under the Public Information Act. The officer shall display the sign at one or more places in the district's administrative offices where it is plainly visible to:

1. Members of the public who request public information in person; and
2. Employees of the district whose duties include receiving or responding to public information requests.

Gov't Code 552.205(a)

Requests for Public Information

Method of Requesting Public Information

A person may make a written request for public information only by delivering the request by one of the following methods to the officer for public information or a person designated by that officer:

1. United States mail;
2. Electronic mail;

3. Hand delivery; or

4. Any other appropriate method approved by the district, including facsimile transmission and electronic submission through the district's website.

A district is considered to have approved another method only if the district includes a statement on the PIA sign or the district's website that states a request for public information may be made by that method.

Designated Addresses to Receive Requests

A district may designate one mailing address and one electronic mail address for receiving written requests for public information and shall provide the designated mailing address and electronic mailing address to any person on request.

A district that posts a designated mailing address or electronic mail address on the district's website or that prints those addresses on the PIA sign is not required to respond to a written request for public information unless the request is received:

1. At one of those addresses;

2. By hand delivery; or

3. By a method described above that has been approved by the district.

Gov't Code 552.234(c), (d)

Optional Request Form

The attorney general shall create a public information request form that provides a requestor the option of excluding from a request information that the district determines is:

1. Confidential; or

2. Subject to an exception to disclosure that the district would assert if the information were subject to the request.

A district that allows requestors to use the attorney general's form and maintains a website shall post the form on its website.

Gov't Code 552.235

District Response to Requests

Uniform Treatment

The officer for public information or the officer's agent shall treat all requests for information uniformly without regard to the position or occupation of the requestor, the person on whose behalf the request is made, or the status of the individual as a member of the media. *Gov't Code 552.223*

Inquiries by District

The officer for public information and the officer's agent may not make an inquiry of a requestor except to establish proper identification or except as provided below.

Requests to Clarify or Narrow

If what information is requested is unclear to the district, the district may ask the requestor to clarify the request. If a large amount of information has been requested, the district may discuss with the requestor how the scope of the request might be narrowed, but the district may not inquire into the purpose for which the information will be used.

Additional Information for Vehicle Records

If the information requested relates to a motor vehicle record, the officer for public information or agent may require the requestor to provide additional identifying information sufficient for the officer or agent to determine whether the requestor is eligible to receive the information under Transportation Code Chapter 730. In this provision, "motor vehicle record" has the meaning assigned that term by Transportation Code 730.003.

Gov't Code 552.222(a)–(c)

Statement of Consequences

A written request for clarification or discussion or for additional information, as described above, must include a statement as to the consequences of the failure by the requestor to timely respond to the request for clarification, discussion, or additional information. *Gov't Code 552.222(e)*

Requestor's Failure to Respond

If by the 61st day after the date the district sends a written request for clarification or discussion or for additional information, as described above, the district, officer for public information, or agent does not receive a written response from the requestor, the underlying request for public information is considered to have been withdrawn by the requestor.

Exception to Automatic Withdrawal

Except when the requestor's information request was sent by electronic mail, described below, if the requestor's information request included the requestor's physical or mailing address, the request may not be considered to have been withdrawn unless the district or officer for public information or agent sends the request for clarification or discussion or for additional information, as described above, to that address by certified mail.

If the requestor's information request was sent by electronic mail, the request may be considered to have been withdrawn if:

1. The district, officer for public information, or agent sends the request for clarification or discussion or the written request for additional information by electronic mail to the same electronic mail address from which the original request was sent

or to another electronic mail address provided by the requestor; and

2. The district, officer for public information, or agent does not receive from the requestor a written response or response by electronic mail within the period described by Government Code 552.222(d).

Gov't Code 552.222(d), (f)–(g)

Time for Production

Promptly

An officer for public information shall promptly produce public information for inspection, duplication, or both, on application by any person to the officer. "Promptly" means as soon as possible under the circumstances, that is, within a reasonable time, without delay. A district may not automatically withhold for ten business days public information not excepted from disclosure. *Gov't Code 552.221(a); Atty. Gen. ORD 664 (2000)*

Certifications of Availability

If an officer for public information cannot produce the public information for inspection or duplication within ten business days after the date the information is requested, the officer shall certify that fact in writing to the requestor and set a date and hour within a reasonable time when the information will be available for inspection or duplication.

If the requested information is unavailable at the time of the request to examine because it is in storage or active use, an officer for public information shall certify this fact in writing to the requestor and set a date and hour within a reasonable time when the information will be available for inspection or duplication.

Gov't Code 552.221(c), (d)

Administrative Offices Closed

Unless the district has initiated a temporary suspension of the Public Information Act during a catastrophe [see below], if a district closes its physical offices, but requires staff to work, including remotely, then the district shall make a good faith effort to continue responding to applications for public information, to the extent staff have access to public information responsive to an application while its administrative offices are closed.

Failure to respond to requests may constitute a refusal to request an attorney general's decision or a refusal to supply public information or information that the attorney general has determined is public information that is not excepted from disclosure.

Gov't Code 552.2211

Methods of Production

An officer for public information complies with the requirement to promptly produce public information by:

1. Providing the information for inspection or duplication in the offices of a district. The Public Information Act does not authorize a requestor to remove an original copy of a public record from the office of a district;

2. Sending copies of the information by first class United States mail, if the requestor requests that copies be provided and pays the postage and any other applicable charges that the requestor has accrued under Government Code Chapter 552, Subchapter F [see Authorized Costs and Charges, below]; or

3. Referring a requestor to an exact internet location or uniform resource locator (URL) address on a website maintained by the district and accessible to the public if the requested information is identifiable and readily available on that website. If the person requesting the information prefers a manner other than access through the URL, the district must supply the information in the manner described above at items 1 and 2.

   If the officer for public information provides by email an internet location or URL address as permitted by item 3, above, the email must contain a statement in a conspicuous font clearly indicating that the requestor may nonetheless access the requested information by inspection or duplication or by receipt through United States mail, as described above at items 1 and 2.

Gov't Code 552.221(b)–(b-2), .226

Inspection and Duplication Procedures

A district may promulgate reasonable rules of procedure under which public information may be inspected and copied efficiently, safely, and without delay. These rules may not be inconsistent with any provision of the Public Information Act. *Gov't Code 552.230*

The officer for public information or agent shall give the requestor all reasonable comfort and facility for the full exercise of the right granted by the Public Information Act. *Gov't Code 552.224*

Time For District to Provide Copies

It shall be a policy of a district to provide a suitable copy of public information within a reasonable time after the date on which the copy is requested. *Gov't Code 552.228(a)*

Time for Requestor to Appear and Complete Inspection

A request is considered to have been withdrawn if the requestor fails to inspect or duplicate the public information in district offices on or before the 60th day after the date the information is made available or fails to pay the postage and any other applicable charges accrued under Government Code Chapter 552, Subchapter F on or before the 60th day after the date the requestor is informed of the charges.

A requestor must complete the examination of the information not later than the tenth business day after the date the custodian of the information makes it available. If the requestor does not complete the examination within ten business days and does not file a request for additional time under Government Code 552.225(b) (described below), the requestor is considered to have withdrawn the request.

The officer for public information shall extend the initial examination period by an additional ten business days if, within the initial period, the requestor files with the officer a written request for additional time. The officer shall extend an additional examination period by another ten business days if, within the first additional period, the requestor files with the officer a written request for more additional time.

The time during which a person may examine information may be interrupted by the officer if the information is needed for use by the district. The period of interruption is not considered to be a part of the time during which the person may examine the information.

Gov't Code 552.221(e), .225

Electronic Data

If public information exists in an electronic or magnetic medium, the requestor may request a copy in an electronic medium, such as on diskette or on magnetic tape. A district shall provide a copy in the requested medium if:

1. The district has the technological ability to produce a copy of the information in the requested medium;
2. The district is not required to purchase any software or hardware to accommodate the request; and
3. Provision of a copy of the information in the requested medium will not violate the terms of any copyright agreement between the district and a third party.

If a district is unable to comply with a request to produce a copy of information in a requested medium for any of these reasons, the district shall provide a copy in another medium that is acceptable to the requestor. A district is not required to copy information onto a diskette or other material provided by the requestor but may use district supplies.

Gov't Code 552.228(b), (c)

Requests Requiring Programming or Data Manipulation

A district shall provide to a requestor a written statement, described below, if the district determines:

1. That responding to a request for information will require programming or manipulation of data; and

Written Statement Required

2. That:

   a. Compliance with the request is not feasible or will result in substantial interference with operations; or

   b. The information could be made available in the requested form only at a cost that covers the programming and manipulation of data.

The written statement shall include:

1. A statement that the information is not available in the requested form;

2. A description of the form in which the information is available;

3. A description of any contract or services that would be required to provide the information in the requested form;

4. A statement of the estimated cost of providing the information in the requested form, as determined in accordance with the rules established by the attorney general under Government Code 552.262; and

5. A statement of the anticipated time required to provide the information in the requested form.

Time For Programming or Manipulation Statement

A district shall provide the written statement to the requestor within 20 days after the date the district receives the request. The district has an additional ten days to provide the statement if the district gives written notice to the requestor, within 20 days after receiving the request, that additional time is needed.

Requestor Reply Required

On providing the written statement described above, the district does not have any further obligation to provide the information in the requested form or in the form in which it is available, unless within 30 days the requestor states in writing that the requestor:

1. Wants the district to provide the information in the requested form according to the cost and time parameters set out in the written statement or according to other terms to which the requestor and the district agree; or

2. Wants the information in the form in which it is available.

If a requestor does not make a timely written statement to the district, the requestor is considered to have withdrawn the request for information.

Processing Procedures and Recordkeeping

The officer for public information shall establish policies that assure the expeditious and accurate processing of requests for information that require programming or manipulation of data. A district shall maintain a file containing all written statements issued concerning responding to requests for information that require programming or manipulation of data in a readily accessible location.

Gov't Code 552.231

Repetitious or Redundant Requests

A district that determines a requestor has made a request for information for which the district has previously furnished or made copies available to the requestor on payment of applicable charges must respond to the request, in relation to the information for which copies have already been furnished or made available, except that:

1. The district is not prohibited from furnishing the information or making the information available to the requestor again in accordance with the request; and
2. The district is not required to comply with these provisions in relation to information that the district simply furnishes or makes available to the requestor again in accordance with the request.

Gov't Code 552.232(a)

These provisions do not apply to information not previously furnished to a requestor or made copies available to the requestor on payment of applicable charges.

A request by the requestor for information for which copies have not previously been furnished or made available to the requestor, including information for which copies were not furnished or made available because the information was redacted from other information that was furnished or made available or because the information did not exist at the time of an earlier request shall be treated in the same manner as any other request for public information under the Public Information Act.

Gov't Code 552.232(d)

Certification of Previous Production

A district shall certify to the requestor that copies of all or part of the requested information were previously furnished or made available to the requestor. The certification must include:

1. A description of the information for which copies have been previously furnished or made available to the requestor;

2. The date the district received the requestor's original request for that information;

3. The date the district previously furnished copies or made available copies of the information to the requestor;

4. A certification that no subsequent additions, deletions, or corrections have been made to that information; and

5. The name, title, and signature of the officer for public information or agent making the certification.

A charge may not be imposed for making and finishing this certification.

Gov't Code 552.232(b), (c)

Withholding Excepted Information

Request for Attorney General Decision Required

A district that receives a written request for information that it wishes to withhold from public disclosure and that it considers to be within one of the exceptions to required disclosure under Government Code Chapter 552, Subchapter C [see GBA] must ask for a decision from the attorney general about whether the information is within that exception if there has not been a previous determination about whether the information falls within one of the exceptions [see Request for Attorney General Decision Not Required, below]. A district may only request an attorney general decision if the district reasonably believes that the requested information is excepted from required disclosure. *Gov't Code 552.301(a); Atty. Gen. ORD 665 (2000)*

Consequences of Missed Deadlines

If a district does not request an attorney general decision and provides the requestor with the information required by Government Code 552.301(d) and (e-1) [see Information to Requestor, below], the information requested in writing is presumed to be subject to public disclosure and must be released unless there is a compelling reason to withhold it. *Gov't Code 552.302*

Request and Submissions to Attorney General

The district must ask for the attorney general's decision and state the exceptions that apply within a reasonable time but not later than the tenth business day after the date of receiving the written request.

When a district requests an attorney general decision, it shall, within a reasonable time but not later than the 15th business day after receiving the request for information, submit to the attorney general all of the following:

1. Written comments stating the reasons why the stated exceptions apply that would allow the information to be withheld;

2. A copy of the written request for information;

3. A signed statement as to the date on which the written request for information was received by the district or evidence sufficient to establish that date; and

4. A copy of the specific information requested, or representative samples of the information if a voluminous amount of information was requested. The district shall label the copies or representative samples to indicate which exceptions apply to which parts of the copy.

Gov't Code 552.301(b), (e)

Information to Requestor

A district that requests an attorney general decision shall provide to the requestor within a reasonable time but not later than the tenth business day after the date of receiving the requestor's written request:

1. A written statement that the district wishes to withhold the requested information and has asked for a decision from the attorney general about whether the information is within an exception to public disclosure; and

2. A copy of the district's written communication to the attorney general asking for the decision. If a district's written communication to the attorney general discloses the requested information, the district shall provide a redacted copy of that written communication.

The district shall send a copy of the comments to the requestor not later than the 15th business day after the district receives the written request. If the written comments disclose or contain the substance of the information requested, the copy of the comments provided to the requestor shall be redacted.

Gov't Code 552.301(d), (e-1)

Calculating Timeliness

For the purposes of Government Code Chapter 552, Subchapter G (Attorney General Decisions), if a district receives a written request by United States mail and cannot adequately establish the actual date of receipt, the request is considered to have been received by the district on the third business day after the date of the postmark on a properly addressed request. *Gov't Code 552.301(a-1)*

When Government Code Chapter 552, Subchapter G requires a request, notice, or other document to be submitted or otherwise given to the attorney general within a specified period, the requirement is met in a timely fashion if the district submits the document through the attorney general's designated electronic filing system within that period. This provision does not affect the right of a dis-

trict to submit information to the attorney general by specified methods of mail under Government Code 552.308.

When the attorney general is required to deliver a notice, decision, or other document within a specified period, the requirement is met in a timely fashion if the attorney general electronically transmits the document within that period.

For information surrendered or returned to a district by a temporary custodian, the district is considered to receive the request for that information on the date the information is surrendered or returned to the district. [See GB]

Gov't Code 552.233(d), .309

When Government Code Chapter 552, Subchapter G requires a request, notice, or other document to be submitted or otherwise given to a person within a specified period, the requirement is met in a timely fashion if the document is sent to the person by first class United States mail or common or contract carrier properly addressed with postage or handling charges prepaid and:

1. It bears a post office cancellation mark or a receipt mark of a common or contract carrier indicating a time within that period; or
2. The person required to submit or otherwise give the document furnishes satisfactory proof that it was deposited in the mail or with a common or contract carrier within that period.

Gov't Code 552.308

Third Party Privacy or Property Interests

In a case in which information is requested under the Public Information Act and a person's privacy or property interests may be involved, including a case under Government Code 552.101 (information confidential by law), 552.110 (trade secrets), 552.1101 (proprietary information), 552.114 (student records), 552.131 (economic development information), or 552.143 (investment information), a district may decline to release the information for the purpose of requesting a decision from the attorney general.

Third Party Submissions

A person whose interests may be involved as described above, or any other person, may submit in writing to the attorney general the person's reasons why the information should be withheld or released. A district may, but is not required to, submit its reasons why the information should be withheld or released. The proprietary information exception to disclosure provided by Government Code 552.1101(a) may be asserted only by a vendor, contractor, potential vendor, or potential contractor in the manner described by Government Code 552.305(b) for the purpose of protecting the in-

terests of the vendor, contractor, potential vendor, or potential contractor.

Gov't Code 552.305(a)–(c), .1101(c)

Notice to Third Party

If release of a person's proprietary information may be subject to exception under Government Code 552.101 (information confidential by law), 552.110 (trade secrets), 552.1101 (proprietary information), 552.113 (geological or geophysical information), 552.131 (economic development information), or 552.143 (investment information), a district that requests an attorney general decision shall make a good faith attempt to notify that person of its request. The notice must:

1. Be in writing and sent within a reasonable time not later than the tenth business day after the district receives the request for information; and

2. Include:

   a. A copy of the written request for information, if any, received by the district; and

   b. A statement, in the form prescribed by the attorney general, that the person is entitled to submit to the attorney general, not later than the tenth business day after the person receives the notice:

      (1) Each reason the person has as to why the information should be withheld; and

      (2) A letter, memorandum, or brief in support of that reason.

A person who submits a letter, memorandum, or brief to the attorney general under this provision shall send a copy of that letter, memorandum, or brief to the person who requested the information from the district. If the letter, memorandum, or brief submitted to the attorney general contains the substance of the information requested, the copy of the letter, memorandum, or brief may be a redacted copy.

Gov't Code 552.305(d), (e)

Requests for Contracting Information Not Maintained by the District

"Contracting information" means the following information maintained by a district or sent between a district and a vendor, contractor, potential vendor, or potential contractor:

1. Information in a voucher or contract relating to the receipt or expenditure of public funds by a district;

2. Solicitation or bid documents relating to a contract with a district;

3. Communications sent between a district and a vendor, contractor, potential vendor, or potential contractor during the solicitation, evaluation, or negotiation of a contract;

4. Documents, including bid tabulations, showing the criteria by which a district evaluates each vendor, contractor, potential vendor, or potential contractor responding to a solicitation and, if applicable, an explanation of why the vendor or contractor was selected; and

5. Communications and other information sent between a district and a vendor or contractor related to the performance of a final contract with the district or work performed on behalf of the district.

Gov't Code 552.003(1-a)

Government Code 552.371 applies to an entity that is not a governmental body that executes a contract with a district that:

1. Has a stated expenditure of at least $1 million in public funds for the purchase of goods or services by the district; or

2. Results in the expenditure of at least $1 million in public funds for the purchase of goods or services by the district in a fiscal year of the district.

Government Code 552.371 applies to a written request for public information received by a district that is party to a contract described above for contracting information related to the contract that is in the custody or possession of the entity and not maintained by the district.

Gov't Code 552.371(a), (b)

District Request to Contracting Entity

A district that receives a written request for contracting information shall request that the entity provide the information to the district. The district must send the request in writing to the party not later than the third business day after the date the district receives the written request. *Gov't Code 552.371(c)*

Requesting Decision About Contracting Information

A district's request for an attorney general's decision to determine whether contracting information not maintained by the district falls within an exception to disclosure under the Public Information Act is considered timely if made not later than the 13th business day after the date the district receives the written request described above. *Gov't Code 552.371(d)(1)*

The statement and copy described above [see Information to Requestor] is considered timely if provided to the requestor not later than the 13th business day after the date the district receives the written request. *Gov't Code 552.371(d)(2)*

A submission and copy described above [see Request and Submissions to Attorney General] is considered timely if sent not later than the 18th business day after the date the district receives the written request. *Gov't Code 552.371(d)(3), (4)*

The presumption that information is subject to disclosure for failing to comply with Government Code 552.301 [see Request and Submissions to Attorney General, above] does not apply if a district:

1. Complies with the requirements of Government Code 552.371(c) in a good faith effort to obtain contracting information not maintained by the district;
2. Is unable to meet a deadline because the contracting entity failed to provide the information to the district not later than the 13th business day after the date the district received the written request for the information; and
3. Complies with all notice requirements not later than the eighth business day after the date the district receives the information from the contracting entity.

Gov't Code 552.371(e)

Nothing in Government Code 552.371 affects the deadlines or duties of a district related to requesting an attorney general opinion regarding contracting information the district maintains. *Gov't Code 552.371(f)*

Request for Attorney General Decision Not Required

A district must release the requested information and is prohibited from asking for a decision from the attorney general about whether information requested under this chapter is within an exception under Government Code Chapter 552, Subchapter C if the district has previously requested and received a determination from the attorney general concerning the precise information at issue in a pending request and the attorney general or a court determined that the information is public information that is not excepted by Subchapter C. *Gov't Code 552.301(f)*

Previous Determinations

Same Information

Categories of Previously Determined Information

A district may rely on a previous determination by the attorney general regarding a specific, clearly delineated category of information if:

1. The previous decision is applicable to a school district;

2. The previous decision concludes that the category of information is or is not excepted from public disclosure;

3. The elements of law, fact, and circumstances are met to support the previous decision's conclusion that the requested records and information at issue are or are not excepted from public disclosure; and

4. The previous decision explicitly provides that the governmental body or bodies, such as the district, to which the decision applies may withhold the information without the necessity of seeking a decision from the attorney general.

Atty. Gen. ORD 673 (2001)

A district that relies on a previous determination to withhold information from disclosure should notify the requestor in writing of the decision or ruling upon which it is relying. *Atty. Gen. ORD 684 (2009)*

When Request Is Allowed for Previous Determination

A district may ask for another decision from the attorney general concerning the precise information that was at issue in a prior decision made by the attorney general if:

1. A suit challenging the prior decision was timely filed against the attorney general in accordance with the Public Information Act concerning the precise information at issue;

2. The attorney general determines that the requestor has voluntarily withdrawn the request for the information in writing or has abandoned the request; and

3. The parties agree to dismiss the lawsuit.

Gov't Code 552.301(g)

Note: For rules regarding the attorney general's review of redactions and electronic submissions to the attorney general, see 1 Administrative Code Chapter 63. For complete cost rules issued by the attorney general, see 1 Administrative Code Chapter 70.

Authorized Costs and Charges

Attorney General's Cost Rules

A district shall use the attorney general's rules to determine the charges for providing copies of public information and to determine the charge, deposit, or bond required for making public information that exists in a paper record available for inspection, except to the extent that other law provides for charges for specific kinds of public information. The charges for providing copies of public information may not be excessive and may not exceed the actual cost of

producing the information or for making public information that exists in a paper record available for inspection.

A district may determine its own charges for providing copies of public information and its own charge, deposit, or bond for making public information that exists in a paper record available for inspection. However, a district may not charge an amount that is greater than 25 percent more than the amount established by the attorney general, unless the district requests an exemption.

Gov't Code 552.262(a); 1 TAC 70.1(b), .3, .10.

Exemption

A district may request that it be exempt from part or all of the rules adopted by the attorney general for determining charges. The request must be made in writing to the attorney general and must state the reason for the exemption. If a district receives notice from the attorney general that an exemption has been granted, the district may amend its charges according to the attorney general's determination. *Gov't Code 552.262(c)*

Multiple Requests

All requests received in one calendar day from an individual may be treated as a single request for purposes of calculating costs. A district may not combine multiple requests from separate individuals who submit requests on behalf of an organization. *Gov't Code 552.261(e)*

Charges for Producing Copies

The charge for providing a copy of public information shall be an amount that reasonably includes all costs related to reproducing the information, including costs of materials, labor, and overhead.

50 Pages or Less

If a request is for 50 or fewer pages of paper records, the charge for providing the copy of the information may not include costs of materials, labor, or overhead, but shall be limited to the charge for each page of the paper record that is photocopied, unless the pages to be photocopied are located in two or more separate buildings that are not physically connected with each other or a remote storage facility. A connection of two buildings by a covered or open sidewalk, an elevated or underground passageway, or a similar facility is insufficient to cause the buildings to be considered separate buildings.

Statement of Labor Costs

If the charge for providing a copy of public information includes costs of labor, the requestor may require the officer for public information or agent to provide the requestor with a written statement as to the amount of time that was required to produce and provide the copy. The statement must be signed by the officer or agent, and the officer or agent's name must be typed or legibly printed below the signature. A charge may not be imposed for providing the written statement to the requestor.

Accrual of Charges

Charges for providing a copy of public information are considered to accrue at the time the district advises the requestor that the copy is available on payment of the applicable charges.

Gov't Code 552.261(a)–(d)

Deposit or Bond for Copies

The officer for public information or agent may require a deposit or bond for payment of anticipated costs for the preparation of a copy of public information if:

1. The officer or agent has provided the requestor with the written itemized statement required by Government Code 552.2615 (itemized estimate of charges, below); and
2. The charge for providing the copy is estimated by the district to exceed $100, if the district has more than 15 full-time employees, or $50, if the district has fewer than 16 full-time employees.

The officer or agent may not require a deposit or bond as a down payment for copies of public information that the requestor may request in the future.

Gov't Code 552.263(a), (b)

Effect on Timelines

For purposes of Government Code Chapter 552, Subchapters F (Charges for Providing Copies of Public Information) and G (Attorney General Decisions), a request for a copy of public information is considered to have been received by the district on the date the district receives the deposit or bond for payment of anticipated costs or unpaid amounts if the officer for public information or agent requires a deposit or bond.

A requestor who fails to make such a deposit or post such a bond for payment of anticipated costs for the preparation of copies before the tenth business day after the date the deposit or bond is required is considered to have withdrawn the request for the copy of public information that precipitated the requirement of the deposit or bond.

Gov't Code 552.263(e), (f)

Modified Request

If a requestor modifies a request in response to the requirement of a deposit or bond, the modified request is considered a separate request and is considered received on the date the district receives the written modified request. *Gov't Code 552.263(e-1)*

Unpaid Amounts

The officer for public information or agent may require a deposit or bond for payment of unpaid amounts the requestor owes a district in relation to previous public information requests before preparing a copy of public information in response to a new request, if those

unpaid amounts exceed $100. The officer for public information or agent may not seek payment of those unpaid amounts through any other means.

Documentation of Unpaid Amounts

A district must fully document the existence and amount of those unpaid amounts or the amount of any anticipated costs before requiring a deposit or bond. The documentation is subject to required public disclosure.

Gov't Code 552.263(c), (d)

Pre-Payments

A district that receives a request from a requestor to produce public information for inspection or publication or to produce copies of public information in response to a requestor who, within the preceding 180 days, has accepted but failed to pay written itemized statements of estimated charges from the district as provided under Government Code 552.261(b) (statement of labor costs, above) may require the requestor to pay the estimated charges for the request before the request is fulfilled. *Gov't Code 552.2661*

Waivers

A district shall provide a copy of public information without charge or at a reduced charge if the district determines that waiver or reduction of the charge is in the public interest because providing the information primarily benefits the general public.

If the cost to a district of processing the collection of a charge for providing a copy of public information will exceed the amount of the charge, the district may waive the charge.

Gov't Code 552.267

District Publications

Government Code Chapter 552, Subchapter F (charges for providing copies of public information) does not apply to a publication that is compiled and printed by or for a district for public dissemination. If the cost of the publication is not determined by state law, a district may determine the charge for providing the publication. This provision does not prohibit the district from providing the publication free of charge if state law does not require that a certain charge be made. *Gov't Code 552.270*

Copies for Parents

A district may charge a reasonable fee in accordance with the above requirements for copies of materials provided to parents pursuant to Education Code Chapter 26. *Education Code 26.012*

Charges for Inspection Without Copies

If the requestor does not request a copy of public information, a district may not impose a charge for making available for inspection any public information that exists in a paper record, except as set forth below.

Copy of Edited Page

If a page contains confidential information that must be edited from the record before the information can be made available for inspection, the district may charge for the cost of making a photocopy of the page from which the confidential information must be edited. No charge other than the cost of the photocopy may be imposed.

Payment, Deposit, or Bond for Inspections

The officer for public information or agent may require a requestor to pay, or to make a deposit or post a bond for the payment of, anticipated personnel costs for making available for inspection public information that exists in paper records if:

1. The information specifically requested by the requestor is older than five years or completely fills, or when assembled will completely fill, six or more archival boxes; and
2. The officer for public information or agent estimates that more than five hours will be required to make the information available for inspection.

Gov't Code 552.271(a)–(c)

Exception for Certain Small Districts

If a district has fewer than 16 full-time employees, the payment, deposit, or bond may be required only if:

1. The information specifically requested by the requestor is older than three years or completely fills, or when assembled will completely fill, three or more archival boxes; and
2. The officer for public information or agent estimates that more than two hours will be required to make the information available for inspection.

Gov't Code 552.271(d)

Inspection of Electronic Records

In response to a request to inspect information that exists in an electronic medium and that is not available directly online to the requestor, a charge may not be imposed for access to the information unless complying with the request will require programming or manipulation of data. If programming or manipulation of data is required, a district shall notify the requestor before assembling the information and provide the requestor with an estimate of charges that will be imposed to make the information available [see also Requests Requiring Programming or Data Manipulation, above].

If public information exists in an electronic form on a computer owned or leased by a district and if the public has direct access to that computer through a computer network or other means, the electronic form of the information may be electronically copied from that computer without charge if accessing the information does not require processing, programming, or manipulation on the district-

owned or district-leased computer before the information is copied. If such information also requires processing, programming, or manipulation before it can be electronically copied, a district may impose charges.

If information is created or kept in an electronic form, a district is encouraged to explore options to separate confidential information from public information and make the public information available to the public through electronic access through a computer network or by other means.

Gov't Code 552.272

Itemized Estimate of Charges

If a request for a copy of public information will result in the imposition of a charge that exceeds $40, or a request to inspect a paper record without requesting copies will result in the imposition of a charge that exceeds $40, a district shall provide the requestor with a written itemized statement that details all estimated charges that will be imposed, including any allowable charges for labor or personnel costs. If an alternative less costly method of viewing the records is available, the statement must include a notice that the requestor may contact the district regarding the alternative method. A district must inform the requestor of the responsibilities imposed on the requestor by Government Code 552.2615 and the rights granted by that section and give the requestor the information needed to respond as detailed in Government Code 552.2615(a).

If, after a district provides the requestor the itemized statement but before it makes the copy or the paper record available, the district determines that the estimated charges will exceed the charges detailed in the original itemized statement by 20 percent or more, the district shall send to the requestor an updated written itemized statement that details all estimated charges that will be imposed, including any allowable charges for labor or personnel costs.

Requestor's Response

A request for which a district is required to produce an (original or updated) itemized statement of estimated charges is considered to have been withdrawn if the requestor does not respond in writing to the itemized statement by informing the district within ten business days after the date the statement is sent to the requestor that:

1. The requestor will accept the estimated charges;
2. The requestor is modifying the request in response to the itemized statement; or
3. The requestor has sent to the attorney general a complaint alleging that the requestor has been overcharged for being provided with a copy of the public information.

Actual Charges

If the actual charges exceed $40, the charges may not exceed:

1. The amount estimated in the updated itemized statement; or
2. If an updated itemized statement is not sent to the requestor, an amount that exceeds by 20 percent or more the amount estimated in the original itemized statement.

No Effect on Deadlines To Request Attorney General Decision

An original or updated itemized statement is considered to have been sent by a district, and a requestor is considered to have responded to the statement, on the date that the statement or response is:

1. Delivered in person;
2. Deposited, properly addressed, in the United States mail; or
3. Transmitted by electronic mail or facsimile, provided the requestor agrees to receive the statement by those means.

The time deadlines for providing or responding to the required statement of estimated charges do not affect the application of a time deadline imposed on a district for requesting a decision by the attorney general under Government Code Chapter 552, Subchapter G.

Gov't Code 552.2615

Temporary Suspension of Requirements for Districts Impacted by Catastrophe

The requirements of the Public Information Act do not apply to a district that is currently significantly impacted by a catastrophe such that the catastrophe directly causes the inability of the district to comply with the requirements of the PIA and the district complies with requirements below to elect a suspension period.

"Catastrophe" means a condition or occurrence that directly interferes with the ability of a district to comply with the requirements of the PIA, including:

1. Fire, flood, earthquake, hurricane, tornado, or wind, rain, or snow storm;
2. Power failure, transportation failure, or interruption of communication facilities;
3. Epidemic; or
4. Riot, civil disturbance, enemy attack, or other actual or threatened act of lawlessness or violence.

"Catastrophe" does not mean a period when staff is required to work remotely and can access information responsive to an appli-

cation for information electronically, but the physical office of the governmental body is closed.

"Suspension period" means the period of time during which a district may suspend the applicability of the requirements of the Public Information Act.

Initial Suspension Period

A district may suspend the applicability of the Public Information Act to the district for an initial suspension period only once for each catastrophe, which may not exceed seven consecutive days and must occur during the period that:

1. Begins not earlier than the second day before the date the district submits notice to the attorney general; and
2. Ends not later than the seventh day after the date the district submits that notice.

Extension of Initial Suspension Period

A board may extend an initial suspension period if the board determines that the district is still impacted by the catastrophe on which the initial suspension period was based. The initial suspension period may be extended one time for not more than seven consecutive days that begin on the day following the day the initial suspension period ends.

Maximum Suspension Period Per Catastrophe

A board that initiates an initial suspension period may not initiate another suspension period related to the same catastrophe, except for a single extension period as described above.

The combined suspension period for a district filing for both an initial suspension period and a subsequent extension may not exceed a total of 14 consecutive calendar days with respect to any single catastrophe.

Upon conclusion of any suspension period the district shall immediately resume compliance with all requirements of the Public Information Act.

Notices to the Attorney General

A district that elects to suspend the Public Information Act must submit notice to the attorney general that the district is currently impacted by a catastrophe and has elected to suspend the applicability of the PIA during the initial suspension period.

A board that elects to extend an initial suspension period must submit notice of the extension on the form prescribed by the attorney general.

The notices on the form prescribed by the attorney general must require the district to:

1. Identify and describe the catastrophe that the district is currently impacted by;
2. State the date the initial suspension period determined by the board begins and the date that period ends;
3. If the board has determined to extend the initial suspension period:
    a. State that the district continues to be impacted by the catastrophe; and
    b. State the date the extension to the initial suspension period begins and the date the period ends; and
4. Provide any other information the office of the attorney general determines necessary.

Notice to the Public — A district that elects to suspend the Public Information Act must provide notice to the public of the suspension in a place readily accessible to the public and in each other location the district is required to post a notice under Government Code Chapter 551, Subchapter C (Notice of Meetings). The district must maintain the notice of the suspension during the suspension period.

Requests During Suspension Period — Notwithstanding another provision of the Public Information Act, a request for public information received by a district during a suspension period is considered to have been received by the district on the first business day after the date the suspension period ends.

Pending Requests Tolled — A request for public information received by a district before the date an initial suspension period begins are tolled until the first business day after the date the suspension period ends.

Gov't Code 552.2325(a)–(j), (l), (m)

Large or Frequent Requests

Annual Limits on Personnel Time — A district may establish reasonable monthly and yearly limits on the amount of time that district employees are required to spend producing public information for inspection or duplication by a requestor, or providing copies of public information to a requestor, without recovering its costs attributable to that personnel time. A yearly time limit may not be less than 36 hours for a requestor during the 12-month period that corresponds to a district's fiscal year. A monthly time limit may not be less than 15 hours for a requestor for a one-month period.

Request by Minor — In determining whether a time limit applies, any time spent complying with a request submitted in the name of a minor, as defined by Family Code 101.003(a), is to be included in the calculation of the cumulative amount of time spent complying with a request for public information by a parent, guardian, or other person who has con-

trol of the minor under a court order and with whom the minor resides, unless that parent, guardian, or other person establishes that another person submitted that request in the name of the minor.

Gov't Code 552.275(a), (b), (c)

Written Statement of Cumulative Personnel Time

If a district establishes a time limit, each time the district complies with a request for public information, the district shall provide the requestor with a written statement of the amount of personnel time spent complying with that request and the cumulative amount of time spent complying with requests for public information from that requestor during the applicable monthly or yearly period. The amount of time spent preparing the written statement may not be included in the amount of time included in the statement to the requestor. *Gov't Code 552.275(d)*

Written Estimate of Charges Beyond Time Limit

Subject to unpaid cost estimates for large and frequent requests, as described below, if in connection with a request for public information, the cumulative amount of personnel time spent complying with requests for public information from the same requestor equals or exceeds the district-established time limit, the district shall provide the requestor with a written estimate of the total cost, including materials, personnel time, and overhead expenses, necessary to comply with the request. The written estimate must be provided to the requestor on or before the tenth day after the date on which the public information was requested. The amount of this charge relating to the cost of locating, compiling, and producing the public information shall be established by rules prescribed by the attorney general under Government Code 552.262(a) and (b).

Additional Time

If a district provides the requestor with written notice that additional time is required to prepare the written estimate, the district must provide the written estimate as soon as practicable, but on or before the tenth day after the date the district provided the notice that additional time was required.

Gov't Code 552.275(e), (f)

Unpaid Cost Estimate

When a request is made by a requestor who has made a previous request to the district that has not been withdrawn, for which the district has located and compiled documents in response, and for which the district has issued a written estimate of charges that remains unpaid on the date the requestor submits the new request, the district is not required to locate, compile, produce, or provide copies of documents or prepare an estimate of charges in response to a new request until the date the requestor pays each unpaid statement issued in connection with a previous request or

withdraws the previous request to which the statement applies. *Gov't Code 552.275(e-1)*

Production Not Required Until Payment

If a district provides a requestor with the estimate of charges and the district's time limits regarding the requestor have been exceeded, the district is not required to produce public information for inspection or duplication or to provide copies of public information in response to the requestor's request unless on or before the tenth day after the date the district provided the written estimate, the requestor submits payment of the amount stated in the written estimate.

If the requestor fails or refuses to submit payment, the requestor is considered to have withdrawn the request.

Gov't Code 552.275(g)–(h)

Exceptions

The provisions above concerning requests that require large amounts of employee or personnel time do not apply if the requestor is:

1. An individual who, for a substantial portion of the individual's livelihood or for substantial financial gain, gathers, compiles, prepares, collects, photographs, records, writes, edits, reports, investigates, processes, or publishes news or information for and is seeking the information for:
    a. Dissemination by a news medium or communication service provider (as defined by Government Code 552.275(m)), including:
        (1) An individual who supervises or assists in gathering, preparing, and disseminating the news or information; or
        (2) An individual who is or was a journalist, scholar, or researcher employed by an institution of higher education at the time the person made the request for information; or
    b. Creation or maintenance of an abstract plant as described by Insurance Code 2501.004.
2. An elected official of the United States, this state, or a political subdivision of this state.
3. A representative of a publicly funded legal services organization that is exempt from federal income taxation under Internal Revenue Code 501(a), as amended, by being listed as an exempt entity under 501(c)(3) of that code.

Gov't Code 552.275(j)–(l)

Filing Suit to Challenge Attorney General's Decision

The only suit a district may file seeking to withhold information from a requestor is a suit that:

1. Is filed in a Travis County district court against the attorney general in accordance with Government Code 552.325, and
2. Seeks declaratory relief from compliance with a decision by the attorney general issued under Government Code Chapter 552, Subchapter G.

The district must bring the suit not later than the 30th calendar day after the date the district receives the attorney general's decision determining that the requested information must be disclosed to the requestor. If the district does not bring suit within that period, the district shall comply with the decision of the attorney general.

Exception for Affirmative Defenses

If the district wishes to preserve an affirmative defense for its officer for public information as provided by Government Code 552.353(b)(3), the district must file suit not later than the tenth calendar day after receipt of the attorney general's decision.

Gov't Code 552.324, .353(b)(3)

Suits Over Parent's Request

A district that seeks to withhold information from a parent who has requested public information relating to the parent's child under the Public Information Act, and that files suit as described by Government Code 552.324 to challenge a decision by the attorney general, must bring the suit not later than the 30th calendar day after the date the district receives the decision of the attorney general, unless an earlier deadline is established by the Public Information Act.

A court shall grant such a suit precedence over other pending matters to ensure prompt resolution of the subject matter of the suit. Notwithstanding any other law, a district may not appeal the decision of the court. This prohibition does not affect the right of a parent to appeal the decision. If a district does not bring suit within the period established, the district shall comply with the decision of the attorney general.

This provision does not affect the earlier deadline for purposes of Government Code 532.353(b)(3) (exception for affirmative defenses, above) for a suit brought by an officer for public information.

Note: The following legal provisions address the notification requirements and right of access to students when DFPS investigates reports of abuse and neglect at school. For additional legal provisions addressing reporting child abuse and neglect and investigations generally, see FFG.

Child Protective Investigations

A Texas Department of Family and Protective Services (DFPS) investigation of a report of child abuse or neglect under Family Code Chapter 261 may include an interview and examination of the subject child, which may be conducted at any reasonable time and place, including the child's school. A school official may not deny the request of an investigator, investigating a report of suspected child abuse or neglect, to interview, at school, a student who is an alleged victim. A school official may not condition granting the request on a requirement that school personnel, such as a counselor, attend the interview. *Family Code 261.302(a), (b); Atty. Gen. Op. DM-476 (1998)*

A person that has confidential locating or identifying information regarding a family that is the subject of an investigation under Family Code Chapter 261 shall release that information to DFPS on request. The release of information to DFPS by a person is not subject to Government Code 552.352 or any other law providing liability for the release of confidential information. *Family Code 261.303(e)*

Special Investigations

On receipt of a report of alleged or suspected child abuse or neglect in a public school, DFPS shall perform an investigation as provided by Family Code Chapter 261 and the rules adopted thereunder.

The Special Investigations program (SI) of the Child Protective Investigations division (CPI) of DFPS investigates allegations of abuse or neglect of a child by school personnel or volunteers in a school setting.

Family Code 261.406(a); 40 TAC 707.597–.625

Definitions

"School personnel and volunteers" means persons who have access to children in a school setting and are providing services to or caring for the children. School personnel include but are not limited to school employees, contractors, school volunteers, school bus drivers, school cafeteria staff, and school custodians.

"School setting" means the physical location of a child's school or of an event sponsored or approved by the child's school, or any other location where the child is in the care, custody, or control of

school personnel in their official capacity, including transportation services. This does not include:

1. School settings involving only children in facilities regulated by the Texas Health and Human Services Commission (HHSC) when HHSC contracts with the local school district to provide education services; or

2. School settings that are a part of child care operations regulated by the Child Care Licensing division of HHSC.

40 TAC 707.605(6)–(7)

Notice to School Personnel

Prior to conducting an investigation of school personnel or volunteers, SI shall notify the school principal (or the principal's supervisor if the school principal is an alleged perpetrator) of the fact that a report has been assigned for investigation, the nature of the allegations contained in the report, and the date and time SI plans to visit the school campus to begin the investigation.

SI must also orally notify the superintendent about the investigation.

SI must request that the school personnel notified of the investigation not alert the alleged perpetrator or others regarding the report until SI has had an opportunity to interview the alleged perpetrator.

Family Code 261.105(d); 40 TAC 707.615

No Interference with Investigation

School officials or other persons related to the school setting may not interfere with an investigation of a report of child abuse or neglect conducted by DFPS.

Interviews on School Premises

Interviews and examinations in a school investigation may take place on or off the school premises, as deemed appropriate by SI, pursuant to all applicable standards. SI will notify appropriate school personnel prior to conducting an interview or visual inspection on school premises.

Presence of School Personnel

SI may request that school personnel or volunteers not be present during the interview or visual inspection of an alleged victim, an alleged perpetrator, an adult or child witness, or any other person who may have information relevant to the investigation if the investigator determines that:

1. The presence of school personnel or volunteers would compromise the integrity of the investigation; or

2. A better interview or examination of the child would result without school personnel or volunteers being present.

Family Code 261.303(a); 40 TAC 707.619(a)

Report of Findings

After the completion of an investigation, SI must provide a report of the investigation, redacted to remove the identity of the reporter, to the Texas Education Agency (Director of Education Investigations) for an investigation concerning an employee of the district. On request, SI shall provide a redacted copy of the report to the following:

1. State Board for Educator Certification;
2. The president of the school board;
3. The superintendent; and
4. The school principal, unless the principal is the alleged perpetrator.

SI is not required to provide notice to a school official if it administratively closes a report of abuse or neglect prior to notifying school officials that DFPS received a report of abuse or neglect in the school setting.

Family Code 261.406(b); 40 TAC 707.623

Prohibited Law Enforcement Citations

For this provision, a "school offense" means an offense committed by a child enrolled in a public school that is a Class C misdemeanor other than a traffic offense and that is committed on property under the control and jurisdiction of a school district. "Child" means a person who is a student and at least ten years of age and younger than 18 years of age.

A peace officer, law enforcement officer, or school resource officer may not issue a citation to a child who is alleged to have committed a school offense. Education Code Chapter 37, Subchapter E-1 (Criminal Procedure) does not prohibit a child from being taken into custody under Family Code 52.01 (described below).

Education Code 37.141, .143

Students Taken into Custody

For the following provisions, "child" means a person who is:

1. Ten years of age or older and under 17 years of age, or
2. Seventeen years of age or older and under 18 years of age who is alleged or found to have engaged in delinquent conduct or conduct indicating a need for supervision as a result of acts committed before becoming 17 years of age.

Family Code 51.02(2)

A child may be taken into custody under Family Code Title 3 (Juvenile Justice Code):

1. Pursuant to an order of the juvenile court.
2. Pursuant to the laws of arrest.
3. By a law enforcement officer, including a school district peace officer, if there is probable cause to believe the student has engaged in a criminal violation, delinquent conduct, conduct indicating a need for supervision, or conduct that violates a condition of probation.
4. By a probation officer, if there is probable cause to believe the student has violated a condition of probation or a condition of release.
5. Pursuant to a directive to apprehend issued by a juvenile court.
6. By a law enforcement officer, to take the child's fingerprints or photograph, as set forth at Family Code 58.0021.

Family Code 52.01(a), 58.0021

In addition, a child may be taken into custody without a court order:

1. By an authorized representative of the DFPS, a law enforcement officer, or a juvenile probation officer under the conditions set out in Family Code 262.104, relating to the student's physical health or safety; or
2. As otherwise provided by Family Code Chapter 262 (Suit by Governmental Entity to Protect Health and Safety of Child).

Family Code Ch. 262

Students in Custody

A person taking a child into custody may, if school is in session and the child is a student, bring the child to the campus to which the child is assigned if the principal, the principal's designee, or a peace officer assigned to the campus agrees to assume responsibility for the child for the remainder of the school day. *Family Code 52.02(a)(7)*

For approval with Consent Agenda.

RATIONALE
TASB regularly sends updates of legal and local policy reflective of legislative changes, court cases, Commissioner's rulings, letters, etc. Update 122 includes revisions to local policies as a result of changes implemented during the 88th Regular Legislative Session and changes to the Texas Administrative Code. The legal policies are also being updated due to changes from the legislative session.

For a detailed summary of the recommended changes see the Update 122 packet, explanatory notes, and local policy comparison packet. Below is a summary of the recommended changes to local policies.

CQB(LOCAL): TECHNOLOGY RESOURCES – CYBERSECURITY - Based on the new notification requirements imposed by SB 271, the security breach notification provisions have been revised to include security incidents.

CSA(LOCAL): FACILITY STANDARDS - SAFETY AND SECURITY - This new local policy on facility safety and security includes recommended provisions addressing audits of building access control to comply with the commissioner's new school safety rules for facilities, effective May 31, 2023.

DC(LOCAL): EMPLOYMENT PRACTICES - HB 1789 creates a nepotism exception for hiring bus drivers, regardless of county population, if the board approves employment. We recommend adding a note referring to DBE(LEGAL) (concerning nepotism) to this policy that delegates hiring authority for noncontractual employees to the superintendent as a reminder of the special requirements related to this nepotism exception for bus drivers.

EHB(LOCAL): CURRICULUM DESIGN - SPECIAL PROGRAMS – New provisions are recommended to comply with HB 3928, which requires the board to adopt and implement a policy requiring the district

to comply with all rules and standards adopted by the SBOE and guidance published by the commissioner to implement the program to test students for dyslexia and related disorders.

EHBC(LOCAL): SPECIAL PROGRAMS - COMPENSATORY SERVICES AND INTENSIVE PROGRAMS – This local policy containing provisions on accelerated instruction has been moved to EHBCA(LOCAL) (see below) to align with the legal policy created at that code in Update 121.

EHBCA(LOCAL): COMPENSATORY SERVICES AND INTENSIVE PROGRAMS - ACCELERATED INSTRUCTION - This local policy has been recoded from EHBC(LOCAL) to align with EHBCA(LEGAL) created in Update 121. HB 1416 made several changes to the requirements for accelerated instruction. Recommended changes to this local policy reflect that a parent's ability to request a particular teacher after a student fails to perform satisfactorily on a state assessment is no longer limited to students in grades 3, 5, and 8. Other changes delete references to the accelerated learning committee, which has been eliminated. A district now must develop an accelerated learning plan for certain students, and parents still may file a complaint about the plan in accordance with FNG.

FEA(LOCAL): ATTENDANCE - COMPULSORY ATTENDANCE – SB 68 allows a district to excuse a student from attending school for career investigation days to visit a professional's workplace during the student's junior and senior years to determine the student's interest in a career in the professional's field. Districts that choose to excuse students for absences to visit a professional's workplace to explore a career in that professional's field must adopt a policy to determine when an absence will be excused for this purpose and a procedure to verify the visit. A new provision offered for the board's consideration at Career Investigation permits such absences for the maximum amount allowed in law — up to two days during a student's junior year and up to two days during the student's senior year. Contact your policy consultant for revisions if the district will allow fewer excused absences or will not allow any excused absences for this purpose.

FFAC(LOCAL): WELLNESS AND HEALTH SERVICES - MEDICAL TREATMENT - Recommended revisions to the provisions on opioid antagonists are based on SB 629, which requires a district to have at least one person who is authorized and trained to administer the medication present during regular school hours on each campus that serves grades 6 through 12. The district's current language does not limit administration of the opioid antagonist medication to specific grade levels or campuses; therefore, the revisions state that the provision will be applicable to every campus. If the district wishes to implement this policy only for campuses with certain grade levels, contact the district's policy consultant for appropriate adjustments.

FFB(LOCAL): STUDENT WELFARE - CRISIS INTERVENTION - Recommended revisions to this local policy on crisis intervention include the following: • In accordance with HB 3, provisions have been added at Student Reports to require each campus to establish a clear procedure for students to report concerning behavior by another student. • Revisions at Employee Confidentiality are based on SB 1720 and allow employees who report a potential threat to elect to keep their identities confidential.

FL(LOCAL): STUDENT RECORDS - HB 1416 repeals provisions related to accelerated learning committees. The references to the accelerated learning committee have been replaced with references to the

accelerated education plan that now must be created for certain students who fail to perform satisfactorily on state assessments.

The changes in policy DEC (LOCAL) were also recommended as a part of Update 122; however, this policy was presented at the July 17, 2024 board meeting and will presented in the consent agenda separately at the August 21, 2024 board meeting.

(LEGAL) vs. (LOCAL): Remember the Difference

Legal policies:

- Reflect the ever-changing legal context for governance and management of the district
- Inform local decision making
- Are NOT adopted, but only reviewed

Local policies:

- Require close attention by the administration and the board
- Reflect the practices of the district and the intentions of the board
- Are changed only by board action (adopt, revise, or repeal)

Keep Your Administrative Regulations Current

Regulations Resource Manual[6] Update 68, which includes revisions to model regulations and forms corresponding with Update 122, is now available through the Governance and Management Library (*TASB login required*).

Inspect your district's administrative procedures and documents — including exhibits, regulations, handbooks, and guides — that may be affected by Update 122 policy changes.

If you need to make changes to the regulations or exhibits contained in your board policy manual, please notify your policy consultant.

Explanatory Notes
TASB Localized Policy Manual Update 122

Lake Travis ISD

ATTN(NOTE) GENERAL INFORMATION ABOUT THIS UPDATE

Please note:

Changes at Update 122 are based almost exclusively on legislation from the 88th Regular Legislative Session.

Unless otherwise noted, references to legislative bills throughout these explanatory notes refer to Senate Bills (SB) or House Bills (HB) from the 88th Regular Legislative Session. All referenced bills have already gone into effect unless otherwise noted.

Each regular legislative session, legislation is passed that makes nonsubstantive additions, revisions, or corrections to existing statutes. HB 4595 was passed for this purpose in the 88th Regular Legislative Session. Minor nonsubstantive changes throughout Update 122 result from HB 4595 and are not otherwise mentioned in the explanatory notes.

For more information about the bills mentioned throughout and other changes from the 88th Legislative Session, download the free *2023 Legislative Summary for TASB Members* PDF from the TASB store.

The *Local Policy Overview* for Update 122, available with your Update 122 materials under Local Manual Updates on Policy Online® (TASB login required), provides a general, high-level overview of the changes to the local policies included in the update. **Legal policies provide the legal framework for key areas of district operations and are not adopted by the board.**

Changes to the policy manual based on bills from the special called sessions will be included in Update 123.

AF(LEGAL) INNOVATION DISTRICTS

New and amended Administrative Code rules, effective June 20, 2023, revise the process and timeline for renewing an innovation plan. (See pages 5-6.)

AIB(LEGAL) ACCOUNTABILITY: PERFORMANCE REPORTING

Provisions regarding remote instruction expired on September 1, 2023, and have been removed from this legal policy.

BBB(LEGAL) BOARD MEMBERS: ELECTIONS

This legal policy has been updated to increase the population threshold for certain districts to conduct elections jointly with a hospital district. (HB 4559)

BBBA(LEGAL) ELECTIONS: CONDUCTING ELECTIONS

HB 1217 repeals Election Code provisions creating different requirements for days and hours of early voting at temporary branch polling places in counties with a population under 100,000. The same requirements now apply regardless of county size.

BBBB(LEGAL) ELECTIONS: POST-ELECTION PROCEDURES

HB 2559 adds retired justices of the peace, the comptroller of public accounts, and former comptrollers to the list of persons authorized to administer an oath in Texas. Because this legal policy includes only the four broadest categories of authorized persons, it has been amended to include retired justices of the peace. (See Oath of Office on page 4.)

Lake Travis ISD

BBBC(LEGAL) ELECTIONS: CAMPAIGN FINANCE

HB 2626 requires all districts, regardless of size, to post campaign finance reports filed with the district on the district website not later than the 10th business day after receipt. Certain address information may be removed before posting, and the reports must remain accessible on the website for five years.

BBC(LEGAL) BOARD MEMBERS: VACANCIES AND REMOVAL FROM OFFICE

SB 232 implements automatic removal from office for certain criminal offenses. If a board member is removed, the board must fill the vacancy at the first regular meeting following the removal. (See page. 4.)

HB 17 makes nonsubstantive changes to existing law regarding removal of a board member by written petition and trial. (See page 3.)

BBD(LEGAL) BOARD MEMBERS: TRAINING AND ORIENTATION

The attorney general (AG) may require board members to complete Public Information Act (PIA) training if the AG determines the district has failed to comply with a requirement of the PIA (see page 1). (HB 3033)

BBI(LEGAL) BOARD MEMBERS: TECHNOLOGY RESOURCES AND ELECTRONIC COMMUNICATIONS

The Note at the beginning of this policy has been updated to include a reference to CQC(LEGAL), where provisions from SB 1893 regarding prohibited applications on district-owned devices have been added.

BE(LEGAL) BOARD MEETINGS

HB 3440 requires all districts to post both the notice *and* agenda for a board meeting on the district website under the Open Meetings Act. (See Internet Posting — Notice on page 4.) The bill repeals the previous provision that tied the requirement to post the agenda to the size of a municipality in the district.

C(LEGAL) BUSINESS AND SUPPORT SERVICES

The Section C table of contents has been revised to rename CKA as Safety Program/Risk Management: Safety and Security Audits and Monitoring. Provisions regarding asbestos management have been moved to a new code CSC, Facility Standards: Asbestos Management.

CCA(LEGAL) LOCAL REVENUE SOURCES: BOND ISSUES

For bonds authorized at an election after September 1, 2023, HB 3 allows the use of bond proceeds to pay for compliance with school safety and security requirements for school facilities. If TEA finds that the district is not in compliance, the district must use bond proceeds to achieve compliance before using the proceeds for other purposes. (See page 3.)

CDA(LEGAL) OTHER REVENUES: INVESTMENTS

SB 1246 amends the Public Funds Investment Act to authorize districts to invest in repurchase agreements through a joint account.

CDB(LEGAL) OTHER REVENUES: SALE, LEASE, OR EXCHANGE OF SCHOOL-OWNED PROPERTY

HB 2518 requires a public property lease between a district and another person to include terms requiring the person to include payment and performance bond requirements in any construction contract the person enters related to the leased property. In addition, the person must provide notice of commencement to the district at least 90 days before any construction begins. (See pages 3-4.)

Lake Travis ISD

CHE(LEGAL) PURCHASING AND ACQUISITION: VENDOR DISCLOSURES AND CONTRACTS

HB 1817 specifies the circumstances under which a district contract is voidable for the vendor's failure to provide the required disclosure of interested parties. (See page 2.)

A provision has been added from HB 900 prohibiting the purchase of library material from vendors included on a list created by TEA. Other provisions of HB 900 are set out in EFB(LEGAL). (See page 10.)

CJA(LEGAL) CONTRACTED SERVICES: CRIMINAL HISTORY

HB 4123 makes significant changes to the laws regarding criminal history record information (CHRI) reviews by the district and "qualified school contractors," as defined in the bill, and repeals provisions relating to CHRI reviews for certain public works contractors. The bill creates a single statutory approach to CHRI reviews for contractors and their employees.

CK(LEGAL) SAFETY PROGRAM/RISK MANAGEMENT

Several legislative changes affect this legal policy on safety programs and risk management:

- HB 3 requires sheriffs in counties with a population of less than 350,000 to conduct semiannual meetings to discuss issues related to school safety.
- HB 1905 allows districts to make school safety training courses, including active shooter training courses, available at no cost to employees of private schools or child-care facilities in the district.
- SB 29 prohibits districts from implementing mandates related to COVID-19.

To better present legislative changes related to school safety and make the associated policies easier to use, provisions in this policy related to safety and security audits have been relocated to CKA(LEGAL).

CKA(LEGAL) SAFETY PROGRAM/RISK MANAGEMENT: SAFETY AND SECURITY AUDITS AND MONITORING

To better present legislative changes related to school safety and make the associated policies easier to use, this legal policy has been renamed Safety and Security Audits and Monitoring, and provisions regarding asbestos management have been relocated to CSC(LEGAL) in the policy series related to facility standards. Provisions regarding safety and security audits have been moved from CK(LEGAL) and amended by HB 3.

Other revisions from HB 3 include new provisions related to the following:

- Monitoring by TEA of district implementation and operation of safety and security requirements through a new office of school safety and security
- Vulnerability assessments by TEA
- Intruder detection audits by regional school safety review teams
- Assignment of a conservator by the commissioner if a district fails to comply with specified safety and security requirements

CKC(LEGAL) SAFETY PROGRAM/RISK MANAGEMENT: EMERGENCY PLANS

Numerous legislative changes affect this legal policy on emergency plans.

Under HB 3, a district must:

- Adopt a policy for providing notice regarding violent activity at a district campus or facility or at a district-sponsored activity. (See page 1.) [TEA issued a To the Administrator Addressed letter to provide

Lake Travis ISD

guidance to educational leaders on September 7, 2023, with Guidance on Model Standards for Parental Notification that can be used to develop administrative procedures.]

- Provide the Department of Public Safety (DPS) and local law enforcement with emergency response maps and an opportunity to conduct a walk-through using the maps. (See page 1.)
- Follow TEA guidelines in adopting and implementing the district's multihazard emergency operations plan (EOP) to ensure the safety of students and personnel with disabilities or impairments in a disaster or emergency. TEA must develop the guidelines. (See page 3.)
- Submit its multihazard EOP no later than the 30th day after the Texas School Safety Center (TxSSC) requests it. HB 3 modifies the timelines related to submitting the plan and correcting any deficiencies. (See page 5.)
- Provide information from DPS and TxSSC regarding safe storage of firearms to parents. (See pages 6-7.) [TxSSC released information on September 1, 2023.]

Provisions have been added to this policy from the Texas Disaster Act regarding confidentiality of certain types of information the district may have related to safety and disaster response. (See pages 7-8.)

CKE(LEGAL) SAFETY PROGRAM/RISK MANAGEMENT: SECURITY PERSONNEL

Several revisions to this legal policy on security personnel result from HB 3.

- The board must determine the appropriate number of armed security officers for each campus. The board must ensure that at least one armed security officer, as defined by the bill, is present during regular school hours at each campus or claim a good cause exception due to availability of funding or qualified personnel. A board that claims a good cause exception must develop an alternative standard. (See page 1.)
- The board's options as to who may be hired for security purposes are expanded. (See pages 1-2.)
- Security personnel are no longer required to be commissioned peace officers to carry weapons, but a person permitted to carry a firearm on campus may not perform certain law enforcement duties, except in an emergency, unless they are commissioned peace officers. (See page 5.)

HB 3 and SB 999 modify requirements related to active shooter response training. (See page 3.)

HB 1133 allows peace officers providing volunteer security services at school events to wear their uniforms under certain circumstances. (See pages 3-4.)

For more information, see TASB Legal Services' School Law eSource article "Armed Security Officer Requirement in House Bill 3 (2023)."

CKEA(LEGAL) SECURITY PERSONNEL: COMMISSIONED PEACE OFFICERS

This legal policy has been updated to include existing provisions regarding the circumstances under which a body-worn camera recording may be released. (See page 5.)

The Department of Information Resources (DIR) and the Department of Public Safety (DPS) must develop a model policy for districts to use in developing the required policy, and the district must adopt the required policy no later than 60 days after the model is released. Policy Service will recommend local policy revisions, as appropriate, following publication of the DIR/DPS model policy.

CS(LEGAL) FACILITY STANDARDS

For clarity and ease of use, this legal policy on Facility Standards has been divided into four codes:

DP(LOCAL) PERSONNEL POSITIONS

SB 763 authorizes districts to employ chaplains or accept chaplains as volunteers to provide support, services, and programs for students as assigned by the board. These provisions apply beginning with the 2023-24 school year. While your district currently may allow chaplains along with other visitors or volunteers on campus, SB 763 requires each board to take a record vote not later than six months after the effective date, September 1, 2023, on whether to adopt a policy authorizing a campus to employ or accept as a volunteer a chaplain. To facilitate this record vote, TASB Policy Service sent a draft resolution with the 2023 Post-Legislative Policy Changes Policy Alert, available in the Policy Online® Governance and Management Library (TASB login required), for consideration by the board between September 1, 2023, and March 1, 2024. If the board approves the option to adopt a policy to authorize district campuses to employ or accept as a volunteer a chaplain, send your TASB policy consultant a copy of the resolution for TASB to update the district's DP(LOCAL) policy to reflect the board's decision. If the board would prefer only to accept chaplains as volunteers like other district or campus volunteers, contact your policy consultant for assistance with language at GKG(LOCAL).

Lake Travis ISD

- Adds circumstances under which the commissioner may waive a district's accelerated instruction requirements (See pages 8-9.)
- Repeals several provisions, including provisions related to accelerated learning committees
- Amends the ARD committee meeting requirements

EHBCA(LOCAL) COMPENSATORY SERVICES AND INTENSIVE PROGRAMS: ACCELERATED INSTRUCTION

This local policy has been recoded from EHBC(LOCAL) to align with EHBCA(LEGAL) created in Update 121. HB 1416 made several changes to the requirements for accelerated instruction. Recommended changes to this local policy reflect that a parent's ability to request a particular teacher after a student fails to perform satisfactorily on a state assessment is no longer limited to students in grades 3, 5, and 8. Other changes delete references to the accelerated learning committee, which has been eliminated. A district now must develop an accelerated learning plan for certain students, and parents still may file a complaint about the plan in accordance with FNG.

HB 2729 makes several changes related to prekindergarten programs:

- Expands teacher qualifications (See page 5.)

FEA(LEGAL) ATTENDANCE: COMPULSORY ATTENDANCE

HB 1212 prohibits a district from requiring documentation from a clergy member or other religious leader and requires the district to accept a note from a parent when excusing a student's absence to observe a religious holy day. (See page 4.)

SB 68 allows a district to excuse a student from attending school for career investigation days to visit a professional's workplace during the student's junior and senior years to determine the student's interest in a career in the professional's field. (See page 6.)

HB 4559 increases the population threshold for constitutional county courts in certain counties to be designated as truancy courts. (See page 8.)

FEA(LOCAL) ATTENDANCE: COMPULSORY ATTENDANCE

SB 68 allows a district to excuse a student from attending school for career investigation days to visit a professional's workplace during the student's junior and senior years to determine the student's interest in a career in the professional's field. Districts that choose to excuse students for absences to visit a professional’s workplace to explore a career in that professional’s field must adopt a policy to determine when an absence will be excused for this purpose and a procedure to verify the visit. A new provision offered for the board's consideration at Career Investigation permits such absences for the maximum amount allowed in law — up to two days during a student’s junior year and up to two days during the student’s senior year. Contact your policy consultant for revisions if the district will allow fewer excused absences or will not allow any excused absences for this purpose.

FFAC(LEGAL) WELLNESS AND HEALTH SERVICES: MEDICAL TREATMENT

SB 629 requires a district to adopt a policy regarding maintenance, administration, and disposal of opioid antagonists at each campus that serves students in grades 6 through 12; a district may adopt a policy at campuses serving students in grades below 6. Provisions have been added beginning on page 4 regarding reporting, training, immunity, and other topics.

General provisions related to the administration of opioid antagonists have been deleted in light of the new requirements.

SB 294 revises provisions related to a district's option to adopt a policy regarding maintenance, administration, and disposal of medication for respiratory distress. A district that adopts a policy must require each campus to have at least one authorized and trained person present during regular school hours. Provisions have been added beginning on page 11 regarding required referrals after medication is administered, training, reporting, parental notice of the policy, and other topics.

Also under SB 294, a district that implements a policy for the maintenance, administration, and disposal of epinephrine auto-injectors must give notice *of the policy* to parents before the policy is implemented or before the start of each school year. (See page 10.)

Finally, SB 294 prohibits disciplinary action against an employee or volunteer who refuses to administer or receive training to administer epinephrine auto-injectors or medication for respiratory distress in accordance with board policy. (See pages 13-14.)

FFAC(LOCAL) WELLNESS AND HEALTH SERVICES: MEDICAL TREATMENT

Recommended revisions to the provisions on opioid antagonists are based on SB 629, which requires a district to have at least one person who is authorized and trained to administer the medication present during regular school hours on each campus that serves grades 6 through 12. The district's current language does not limit administration of the opioid antagonist medication to specific grade levels or campuses; therefore, the revisions state that the provision will be applicable to every campus. If the district wishes to implement this policy only for campuses with certain grade levels, contact the district's policy consultant for appropriate adjustments.

- Under HB 3, the policy must require each campus to establish a procedure for students to report concerning behavior by another student.
- SB 1720 requires the policy to allow employees who report a potential threat to elect to keep their identities confidential.

District of Innovation

A district is eligible for designation as a district of innovation if the district's final and most recent performance rating under Education Code 39.054 reflects at least acceptable performance.

A board may not vote on the final approval of the innovation plan if the district is assigned either a final or preliminary rating below acceptable performance. In the event the preliminary rating is changed, the board may then vote to become an innovation district.

Consideration of designation as a district of innovation may be initiated by a resolution adopted by the board or a petition signed by a majority of the members of the district-level committee [see BQA].

Education Code 12A.001; 19 TAC 102.1303

Public Hearing

After adopting a resolution or receiving a petition for consideration as a district of innovation, a board shall hold a public hearing as soon as possible, but not later than 30 days, to consider whether the district should develop a local innovation plan for the designation of the district as a district of innovation.

At the conclusion of the public hearing or within 30 days after conclusion of the public hearing, the board may decline to pursue designation of the district as a district of innovation or appoint a committee to develop a local innovation plan.

The board may outline the parameters around which the innovation plan committee may develop the plan.

Education Code 12A.002; 19 TAC 102.1305

Local Innovation Plan

A local innovation plan meeting all legal requirements must be developed for a district before the district may be designated as a district of innovation.

The local innovation plan must provide for a comprehensive educational program for the district, which program may include:

1. Innovative curriculum, instructional methods, and provisions regarding community participation, campus governance, and parental involvement;
2. Modifications to the school day or year [see EB, EC];
3. Provisions regarding the district budget and sustainable program funding;
4. Accountability and assessment measures that exceed the requirements of state and federal law; and
5. Any other innovations prescribed by the board of trustees.

The plan must also identify requirements imposed by the Education Code that inhibit the goals of the plan and from which the district should be exempted on adoption of the plan, subject to Education Code 12A.004. [See Exceptions, below]

The commissioner of education shall maintain a list of provisions from which designated districts of innovation are exempt. The commissioner shall notify the legislature of each provision from which districts enrolling a majority of students in this state are exempt.

Adoption of Local Innovation Plan

The board may not vote on adoption of a proposed local innovation plan unless:

1. The final version of the proposed plan has been available on the district's website for at least 30 days;
2. The board has notified the commissioner of the board's intention to vote on adoption of the proposed plan; and
3. The district-level committee [see BQA] has held a public meeting to consider the final version of the proposed plan and has approved the plan by a majority vote of the committee members. The public meeting may occur at any time, including up to or on the same date at which the board intends to vote on final adoption of the proposed plan.

The board may adopt a proposed local innovation plan by an affirmative vote of two-thirds of the membership of the board.

On adoption of a local innovation plan, the district is designated as a district of innovation for the term specified in the plan, but no longer than five calendar years, and shall begin operation in accordance with the plan. In addition, the district is exempt from state requirements identified under Education Code 12A.003(b)(2). [See Local Innovation Plan, above]

The district shall notify the commissioner of approval of the plan along with a list of approved exemptions by completing the agency’s form provided at 19 Administrative Code 102.1307(d).

A district's exemption under the plan includes any subsequent amendment or redesignation of an identified state requirement, un-

less the subsequent amendment or redesignation specifically applies to an innovation district.

The district shall ensure that a copy of the plan is posted on the district's website in accordance with Education Code 12A.0071, for the term of the designation as an innovation district.

Education Code 12A.005; 19 TAC 102.1307

Notice to TEA

Not later than the 15th day after the date on which the board finalizes a local innovation plan either through adoption, amendment, or renewal, the district shall provide a link to the local innovation plan as posted on the district's website to the Texas Education Agency (TEA). TEA shall promptly post the current local innovation plan on the agency's website. *19 TAC 102.1307(g); Education Code 12A.0071(b)*

Term

The term of a district's designation as a district of innovation may not exceed five years and is effective upon district approval and notification of the plan to the TEA. A district may only have one innovation plan at any given time. *Education Code 12A.006; 19 TAC 102.1311*

Amendment, Rescission, or Renewal of Local Innovation Plan

A local innovation plan may be amended, rescinded, or renewed if the action is approved by a vote of the district-level committee [see BQA] and a two-thirds majority vote of the board.

An amendment to an approved plan does not change the date of the term of designation as an innovation district. Exemptions that were already formally approved are not required to be reviewed.

A district must notify TEA within five business days of rescission and provide a date at which time it will be in compliance with all sections of the Education Code, but no later than the start of the following school year.

During renewal, all sections of the plan and exemptions shall be reviewed, and the district must follow all components outlined in 19 Administrative Code 102.1307 relating to Adoption of Local Innovation Plans, except that a district is not required to notify the commissioner of the board's intention to vote on the adoption of the proposed plan.

The district shall notify the commissioner of any actions taken along with the associated exemptions and local approval dates.

A district must meet eligibility requirements under 19 Administrative Code 102.1303 in order to renew an innovation plan.

Education Code 12A.007; 19 TAC 102.1313

Renewal Timeline

In the event that a district fails to renew a plan prior to the expiration of its term, a district may renew the plan in the six months subsequent to the plan's date of expiration in order to maintain a continuous designation as a district of innovation.

The term of a renewed plan, subject to 19 Administrative Code 102.1311, may not begin prior to the date on which the board votes to adopt the renewed plan, unless the plan is adopted during the six months subsequent to the plan's date of expiration.

If a plan is renewed during the timeline described in this provision, the renewed plan will have a term not to exceed five calendar years, beginning on the date of expiration of the prior term.

If a plan is renewed during the timeline described in this provision and changes are made to the plan during the renewal process, those changes will be in effect from the date of adoption of the renewed plan through the expiration date of the renewed plan, unless amended, rescinded, or terminated.

If changes are made to the plan during the renewal process, the district shall mark the changes with the date of the vote to renew the plan in order to denote the earliest date those changes may take effect.

A district whose plan is not renewed during the timeline described in this provision shall comply with all previously adopted exemptions immediately upon expiration of the plan and begin the adoption process over again in its entirety should the district wish to pursue designation as a district of innovation in the future.

19 TAC 102.1313(a)(3)(B)

Website Posting

A district designated as a district of innovation shall ensure that a copy of the district's current local innovation plan is available to the public by posting and maintaining the plan in a prominent location on the district's internet website. *Education Code 12A.0071(a); 19 TAC 102.1307(f)*

Results Driven Accountability (RDA)

In accordance with Education Code 7.028(a), the purpose of the Results Driven Accountability (RDA) framework is to evaluate and report annually on the performance of districts for certain populations of students included in selected program areas. The performance of a district is included on the RDA report through indicators of student performance and program effectiveness and corresponding performance levels established by the commissioner. *19 TAC 97.1005; Education Code 7.028(a)*

Federal Report Card

A district that receives Title I funding shall prepare and disseminate an annual federal report card that includes information on the district as a whole and each school within the district.

Implementation

The federal report card shall be concise; presented in an understandable and uniform format, and to the extent practicable, in a language that parents can understand; and accessible to the public, which shall include placing the report card on the district's website. If the district does not operate a website, the information in the report card must be provided to the public in another manner determined by the district.

Minimum Requirements

The federal report card shall include the information required in the annual state report card described at 20 U.S.C. 6311(h)(1)(C), as applied to the district and each school served by the district, including:

1. In the case of the district, information that shows how students served by the district achieved on state academic assessments compared to students in the state as a whole;

2. In the case of a school, information that shows how the school's students' achievement on state academic assessments compared to students served by the district and the state as a whole; and

3. Any other information that the district determines is appropriate and will best provide parents, students, and other mem-

20 U.S.C. 6311(h)(2)

District Data on Academic Achievement

On request by the board, TEA shall create a website that members of the board may use to review campus and district academic achievement data. The website must also be made available to campuses in a similar manner that access is provided to the board.

The website must:

1. Include district information, disaggregated by campus, grade, sex, race, academic quarter or semester, as applicable, and school year, regarding the following:
    a. Student academic achievement and growth;
    b. Teacher and student attendance; and
    c. Student discipline records; and
2. Be updated at least once each quarter of the school year.

The commissioner shall provide information that permits a board member to compare the district's academic performance with the academic performance of other districts of similar size and racial and economic demographics.

A district must provide requested information to the commissioner for the creation of the website. Confidential information received by the commissioner remains confidential. The commissioner shall design the website to ensure that public information is made available to the public, and information submitted by districts noted as confidential is not made available to the public.

A request for public information under this provision shall be submitted to the district that provides the agency with the information. TEA may not release information submitted by a district that is noted as confidential information.

Education Code 11.1516

Note: If the district is subject to a court order or other binding legal determination, the district shall conduct its elections in accordance with that court order or determination, applicable law, and this policy. To the extent of any conflict, the court order or other legal determination shall prevail. [See BBB(LOCAL)]

Membership

The board consists of the number of members that the district had on September 1, 1995. *Education Code 11.051(b)*

Increase in Membership

A board that has three or five members may by resolution increase the membership to seven. A board that votes to increase its membership must consider whether the district would benefit from also adopting a single-member election system under Education Code 11.052. [See Single-Member Districts, below.]

A resolution increasing the number of trustees takes effect with the second regular election of trustees that occurs after the adoption of the resolution. The resolution must provide for a transition in the number of trustees so that when the transition is complete, trustees are elected as provided by Education Code 11.059 (terms).

Education Code 11.051(c)

Terms

A trustee of a district serves a term of three or four years.

Elections for trustees with three-year terms shall be held annually. The terms of one-third of the trustees, or as near to one-third as possible, expire each year.

Elections for trustees with four-year terms shall be held biennially. The terms of one-half of the trustees, or as near to one-half as possible, expire every two years.

Board policy must state the schedule on which specific terms expire.

Education Code 11.059

Note: For website posting requirements regarding trustee information, see CQA.

Uniform Election Dates

Each general or special election of board members shall be on one of the following dates:

1. The first Saturday in May.

2. The first Tuesday after the first Monday in November.

Election Code 41.001(a)

Joint Elections

Required

A district trustee election shall be held on the same date as:

1. The election for the members of the governing body of a municipality located in the district;
2. The general election for state and county officers, which is held on the first Tuesday after the first Monday in November in even-numbered years under Election Code 41.002;
3. The election for the members of the governing body of a hospital district, if the school district:
    a. Is wholly or partly located in a county with a population of less than 50,000 that is adjacent to a county with a population of more than three million; and
    b. Held its election for board members jointly with the election for the members of the governing body of the hospital district before May 2007; or
4. The election for the members of the governing board of a public junior college district in which the school district is wholly or partly located.

Elections held on the same date as provided above shall be held as a joint election under Election Code Chapter 271, and the voters shall be served by common polling places consistent with Election Code 271.003(b).

Education Code 11.0581(a)-(c)

A board may enter into an agreement with another political subdivision holding an election on the same day in all or part of the same county to hold the elections jointly. The terms of a joint election agreement must be stated in an order, resolution, or other official action adopted by the board. *Election Code 271.002*

Methods of Election — Options

At Large

In a district in which the positions of trustees are not designated by number or in which the trustees are not elected from single-member trustee districts, the candidates receiving the highest number of votes shall fill the positions the terms of which are normally expiring. *Education Code 11.057(b)*

Position or Place

The positions on the board shall be designated by number in any district in which the board by resolution orders that all candidates for trustee be voted on and elected separately for positions on the board and that all candidates be designated on the official ballot

according to the number of the positions for which they seek election.

Not later than the 60th day before the date of an election, the board must make the resolution and number the positions on the board in the order in which the terms of office expire. Once a board has ordered the election of trustees by numbered positions, neither the board nor their successors may rescind the action.

Education Code 11.058(c)-(f)

Single-Member Districts

On Board's Motion

Except as provided below, the board, on its own motion, may order that trustees of the district are to be elected from single-member districts or that not fewer than 70 percent of the members of the board are to be elected from single-member districts with the remaining board members to be elected from the district at large.

If a majority of the area of a district is located in a county with a population of less than 10,000, a board, on its own motion, may order that trustees of the district are to be elected from single-member districts or that not fewer than 50 percent of the members of the board are to be elected from single-member districts with the remaining board members to be elected from the district at large.

Before adopting an order, a board must:

1. Hold a public hearing at which registered voters of a district are given an opportunity to comment on whether or not they favor the election of trustees in the manner proposed by the board; and

2. Publish notice of the hearing in a newspaper that has general circulation in the district, not later than the seventh day before the date of the hearing.

An order adopted by the board must be entered not later than the 120th day before the date of the first election at which all or some of the trustees are elected from single-member districts authorized by the order.

Education Code 11.052(a)-(d)

By Voter Petition

If at least 15 percent or 15,000 of the registered voters of the district, whichever is less, sign and present to the board a petition requesting submission to the voters of the proposition that trustees be elected in a specific manner, which must be generally described on the petition and which must be a manner of election the board could have ordered on its own motion, the board shall order that the appropriate proposition be placed on the ballot at the first regular election of trustees held after the 120th day after the date the

petition is submitted to the board. The proposition must specify the number of trustees to be elected from single-member districts. Beginning with the first regular election of trustees held after an election at which a majority of the registered voters voting approve the proposition, trustees shall be elected in the manner prescribed by the approved proposition. *Education Code 11.052(e)*

Board Member Districts

If single-member districts are adopted or approved by either method described above, the board shall divide the district into the appropriate number of trustee districts, based on the number of members that are to be elected from single-member districts, and shall number each trustee district. The trustee districts must be compact and contiguous and must be as nearly as practicable of equal population. In a district with 150,000 or more students in average daily attendance, the boundary of a trustee district shall not cross a county election precinct boundary except at a point at which the district boundary crosses the county election precinct boundary. Trustee districts must be drawn not later than the 90th day before the date of the first election of trustees from those districts. *Education Code 11.052(f)*

Residency for First Election

Residents of each trustee district are entitled to elect one trustee to the board. A trustee elected to represent a trustee district at the first election of members must be a resident of the district the trustee represents not later than the 90th day after the date election returns are canvassed, or the 60th day after the date of a final judgment in an election contest filed concerning that trustee district. A trustee vacates the office if the trustee fails to move into the district the trustee represents within the time provided. [For more information on residency, see BBA and BBC.] *Education Code 11.052(g)*

Number and Term

At the first election at which some or all of the trustees are elected from single-member trustee districts and after each redistricting, all positions on a board shall be filled. The trustees then elected shall draw lots for staggered terms as provided by Education Code 11.059 (terms). *Education Code 11.052(h)*

Redistricting

Not later than the 90th day before the date of the first regular board election at which trustees may officially recognize and act on the last preceding federal census, a board shall redivide a district into the appropriate number of trustee districts if the census data indicates that the population of the most populous district exceeds the population of the least populous district by more than 10 percent. Redivision of a district shall be in the manner provided above at Board Member Districts. *Education Code 11.052(i)*

Phase-in Option

The board of a district that adopts a redistricting plan may provide for the trustees in office when the plan is adopted or the district is

redistricted to serve for the remainder of their terms in accordance with this provision. The trustee district and any at-large positions provided by the district's plan shall be filled as the staggered terms of trustees then in office expire. Not later than the 90th day before the date of the first election from trustee districts and after each redistricting, a board shall determine the order in which the positions will be filled. *Education Code 11.053*

Boundary Change Notice

A district that changes its boundaries or the boundaries of districts used to elect members to the board shall not later than the 30th day after the date the change is adopted:

1. Notify the voter registrar of the county in which the area subject to the boundary change is located of the adopted boundary change; and
2. Provide the voter registrar with a map of an adopted boundary change in a format that is compatible with the mapping format used by the registrar's office.

Election Code 42.0615

Methods of Voting — Options

Plurality

Except as otherwise provided at Majority, below, to be elected to a public office, a candidate elected at large, at large by position, or by single-member districts must receive more votes than any other candidate for the office. *Education Code 11.057(a), (b); Election Code 2.001*

Cumulative

The board of a district that elects its trustees at large or at large by position may order that elections for trustees be held using the cumulative voting procedure.

If a board adopts an order requiring the use of cumulative voting, only the board member positions that were scheduled to be filled at the election are filled through the use of cumulative voting.

At an election at which more than one board member position is to be filled, all of the positions that are to be filled at the election shall be voted on as one race by all the voters of a district. Each voter is entitled to cast a number of votes equal to the number of positions to be filled at the election.

A voter may cast one or more of the specified number of votes for any one or more candidates in any combination. Only whole votes may be cast and counted. If a voter casts more than the number of votes to which the voter is entitled in the election, none of the voter's votes may be counted in that election. If a voter casts fewer votes than entitled, all of the voter's votes are counted in that election.

The candidates who are elected are those, in the number to be elected, receiving the highest number of votes.

A district that adopts an order requiring the use of cumulative voting may not elect its members by position as provided by Education Code 11.058.

Education Code 11.054

Majority

The board of a district in which the positions of trustees are designated by number or in which the trustees are elected from single-member districts may provide by resolution, not later than the 180th day before the date of an election, that a candidate must receive a majority of the votes cast for a position or in a trustee district, as applicable, to be elected.

The resolution is effective until rescinded by a subsequent resolution adopted not later than the 180th day before the date of the first election to which the rescission applies.

Education Code 11.057(c)

Note: If the district is subject to a court order or other binding legal determination, the district shall conduct its elections in accordance with that court order or determination, applicable law, and this policy. To the extent of any conflict, the court order or other legal determination shall prevail. [See BBB(LOCAL)]

Notice of Polling Place

Any written notice of a polling place location must state the building name, if any, and the street address, including the suite or room number, if any, of the polling place. *Election Code 1.021*

Election Order

The board shall order an election. An election to be held on a uniform election date shall be ordered not later than the 78th day before election day. *Election Code 3.004, .005*

Each election order must state:

1. The date of the election;
2. The offices or measures to be voted on;
3. The early voting clerk's official mailing address or street address at which the clerk may receive delivery by common or contract carrier, if different, phone number, email address, and internet website, if the early voting clerk has an internet website;
