Subject: Proposed Revisions to Section 7.00.000 Policies (Community)

Staff recommend reviewing, revising, and rescinding the Section 7 policies relating to community involvement in schools as shown in the attached redlines and summarized below. Some of the Section 7 policies have not been revised since 2002 or 2007 and require rescission or substantial updates to align with current practice. Other more recent policies require only minor updates including reformatting and non-substantive language and grammar adjustments.

In reviewing and suggesting changes to the Section 7 policies, we relied in part on review of related Beaverton School District (BSD) and Oregon School Boards Association (OSBA) policies. (Beaverton SD adopts Oregon School Boards Association (OSBA) model policies, typically without revision.) In some cases, staff recommend borrowing or adapting language from BSD/OSBA to improve our policies or add important detail. Where applicable, we have attached the relevant policies to each redline for the Board's review.

Staff recommend applying the following non-substantive formatting and language updates to all Section 7 policies:

- Apply consistent template, heading, margins, spacing, font, etc., based on an updated template developed by the Board Office
- Apply consistent capitalization to Superintendent, Board, etc.
- Correct typos
- Update language: Replace all instances of "District" with "PPS" and "shall" with "will"; change "she/he" to "they" or "his/her" to "their"

These non-substantive changes have been incorporated in the attached redlines. (However, in order to render the redlined policies more readily readable with a focus on substantive changes, staff did not redline the format or numbering adjustments.)

Policy	Title	Date of Last Revision	Proposed Action	Summary of Changes
7.10.010-P	School Site Councils	7/2022	Revise	Non-substantive updates and deletion of redundant language
7.10.020-P	Districtwide Advocacy and Fundraising	5/2024	Revise	Non-substantive updates and deletion of obsolete language related to 2023-24 and 2024-25 school years

The district expects and shall encourage families and community members to be active participants in our schools. They shall be welcomed, valued and connected to each other, to staff and to what students are learning and doing in class.

Every effort should be made to recruit and organize parent and community volunteer resources in a manner which will ensure maximum contribution to the welfare and educational growth of students, improvement of school programs and to increased school-community involvement and communication.

The safety of students is paramount. Volunteers shall operate under the direction of a staff member, within an open public space, and should be within sight or sound of a staff member while working with students. Volunteers must never be asked to supervise or manage a classroom.

Subject: Proposed Revisions to Section 2.00.000 Policies (District Administration)

Staff recommend reviewing, revising, and rescinding the Section 2 policies relating to District Administration as shown in the attached redlines and summarized below. Many of the Section 2 policies have been updated in recent years and now require only minor updates including reformatting and non-substantive language and grammar adjustments. Staff recommend rescission of one policy that is duplicative and outdated.

In reviewing and suggesting changes to the Section 2 policies, we relied in part on review of related Beaverton School District (BSD) and Oregon School Boards Association (OSBA) policies. (Beaverton SD adopts Oregon School Boards Association (OSBA) model policies, typically without revision.) In some cases, staff recommend borrowing or adapting language from BSD/OSBA to improve our policies or add important detail. Where applicable, we have attached the relevant policies to each redline for the Board's review.

Staff recommend applying the following non-substantive formatting and language updates to all policies:

- Apply consistent template, heading, margins, spacing, font, etc., based on an updated template developed by the Board Office
- Apply consistent capitalization to Superintendent, Board, etc.
- Correct typos
- Remove hyperlinks
- Update language: Replace all instances of "District" with "PPS" and "shall" with "will"; change "she/he" to "they" or "his/her" to "their"

These non-substantive changes have been incorporated in the attached redlines. (However, in order to render the redlined policies more readily readable with a focus on substantive changes, staff did not redline the format or numbering adjustments.)

Racial Educational Equity Policy

The Board of Education for Portland Public Schools is committed to the success of every student in each of our schools. The mission of Portland Public Schools is that by the end of elementary, middle, and high school, every student by name will meet or exceed academic standards and will be fully prepared to make productive life decisions. We believe that every student has the potential to achieve, and it is the responsibility of our school district to give each student the opportunity and support to meet ~~their~~^{his or her} highest potential.

In light of this mission and our beliefs, ~~Portland Public Schools~~ PPS's historic, persistent achievement gap between white students and students of color is unacceptable. While efforts have been made to address the inequities between white students and students of color, these efforts have been largely unsuccessful. Recognizing that there are other student groups that have not reached their achievement potential, this policy focuses on the most historically persistent achievement gap, which is that between white students and students of color. Closing this achievement gap while raising achievement for all students is the top priority of the Board, ~~of Education~~, the Superintendent, and all ~~PPS district~~ staff. Race must cease to be a predictor of student achievement and success.¹

In ~~PPS Portland Public Schools~~, for every year that we have data, white students have clearly outperformed Black, ~~Latino/a/e/Hispanic~~ and Native American students on state assessments in every subject at every grade level. White students consistently graduate at higher percentages than students of color, while students of color are disciplined far more frequently than white students. These disparities are unacceptable and are directly at odds with our belief that all students can achieve.

The responsibility for the disparities among our young people rests with adults, not the children. We are aware that student achievement data from school districts across the country reveal similar patterns, and that complex societal and historical factors contribute to the inequities our students face. Nonetheless, rather than perpetuating disparities, Portland Public Schools must address and overcome this inequity and institutional racism, providing all students with the support and opportunity to succeed.

Portland Public Schools will significantly change its practices in order to achieve and maintain racial equity in education. Educational equity means raising the achievement of all students while (1) narrowing the gaps between the lowest and highest performing students and (2) eliminating the racial predictability and disproportionality of which student groups occupy the highest and lowest achievement categories.² The concept of educational equity goes beyond formal equality -- where all students are treated the same -- to fostering a barrier-free environment where all students, regardless of their race, have the opportunity to benefit equally. Educational equity benefits all students, and our entire community. Students of all races ~~will~~^{shall} graduate from PPS ready to succeed in a racially and culturally diverse local, national and global community. To achieve educational equity, PPS will provide additional and differentiated resources to support the success of all students, including students of color.

In order to achieve racial equity for our students, the Board establishes the following goals:

¹ For the purposes of this policy, "race" is defined as "A social construct that artificially divides people into distinct groups based on characteristics such as physical appearance (particularly color), ancestral heritage, cultural affiliation, cultural history, ethnic classification, and the social, economic, and political needs of a society at a given period of time. Racial categories subsume ethnic groups." Maurianne Adams, Lee Anne Bell, and Pat Griffin, editors. *Teaching for Diversity and Social Justice: A Sourcebook*. (2007).

² ~~Glenn Singleton and Curtis Linton *Courageous Conversations About Race*, p. 46 (2006).~~

- A. ~~PPS~~The District ~~will~~~~shall~~ provide every student with equitable access to high quality and culturally relevant instruction, curriculum, support, facilities and other educational resources, even when this means differentiating resources to accomplish this goal.
- B. ~~PPS~~The District ~~will~~~~shall~~ create multiple pathways to success in order to meet the needs of our diverse students, and ~~will~~~~shall~~ actively encourage, support and expect high academic achievement for students from all racial groups.
- C. ~~PPS~~The District ~~will~~~~shall~~ recruit, employ, support and retain racially and linguistically diverse and culturally competent administrative, instructional and support personnel, and ~~will~~~~shall~~ provide professional development to strengthen employees' knowledge and skills for eliminating racial and ethnic disparities in achievement. Additionally, in alignment with the Oregon ~~Minority Teacher Act~~, ~~PPS~~the District ~~will~~~~shall~~ actively strive to have our teacher and administrator workforce reflect the diversity of our student body.
- D. ~~PPS~~The District ~~will~~~~shall~~ remedy the practices, including assessment, that lead to the over-representation of students of color in areas such as special education and discipline, and the under-representation in programs such as ~~Talented and Gifted~~ and Advanced Placement.
- E. All staff and students ~~will~~~~shall~~ be given the opportunity to understand racial identity, and the impact of their own racial identity on themselves and others.
- F. ~~PPS~~The District ~~will~~~~shall~~ welcome and empower students and families, including underrepresented families of color (including those whose first language may not be English) as essential partners in their student's education, school planning and ~~PPS~~District decision-making. ~~PPS~~The District ~~will~~~~shall~~ create welcoming environments that reflect and support the racial and ethnic diversity of the student population and community. In addition, ~~PPS~~the District will include other partners who have demonstrated culturally-specific expertise -- including government agencies, non-profit organizations, businesses, and the community in general -- in meeting our educational outcomes.

The Board will hold the Superintendent and central and school leadership staff accountable for making measurable progress in meeting the goals. Every ~~PPS~~Portland Public Schools employee is responsible for the success and achievement of all students. The Board recognizes that these are long term goals that require significant work and resources to implement across all schools. As such, the Board directs the Superintendent to develop action plans with clear accountability and metrics, and including prioritizing staffing and budget allocations, which will result in measurable results on a yearly basis towards achieving the above goals. Such action plans ~~will~~~~shall~~ identify specific staff leads on all key work, and include clear procedures for ~~PPS~~district schools and staff. ~~The Superintendent will present the Board with a plan to implement goals A through F within three months of adoption of this policy. Thereafter, the Superintendent will report on progress towards these goals at least twice a year, and will provide the Board with updated action plans each year.~~

Naming School District Property

I. Responsibility and Authority

- A. The naming of all ~~Portland Public Schools School District~~ properties including, but not limited to, ~~School District~~ schools, school facilities, programs, non-~~school~~ facilities, as well as school mascots, symbols and other images considered for representation of a school or ~~PPS District~~ is the responsibility of the Board of Education.
- B. In considering appropriate names for any school, facility, programs, or representative images, it is the responsibility of the Board to ensure that the name properly reflects the type and mission of the school, facility, and focus option so as to not cause public confusion. In respect for the diversity of our community, names ~~will~~^{shall} have broad acceptance in a multicultural society as determined by the Board ~~of Education~~.
- C. In the naming process, the Board recognizes the importance of soliciting student, staff, parent and community input, as appropriate, in the selection of names. Names may be presented by individuals, by petition, by chosen committees, or by other representative groups. While efforts will be made to respect student, staff, parent, and community preferences, the Board ~~of Education~~ retains the final authority over selection of names for schools, facilities, programs and representative images.
- D. Requests for renaming of ~~PPS District~~ properties may be presented by individuals, by petition, by chosen committees, or by other representative groups to the ~~School~~ Board. The petition needs to demonstrate diverse school community support or indicate the name change is being requested in accordance with section II (A4) in this policy.
- E. The ~~School~~ Board will take one of these actions:
 - i. Direct the Superintendent to conduct a renaming process;
 - ii. Decline the request; ~~or~~
 - iii. Defer action on the request to a later date.
- F. If the ~~School~~ Board directs the Superintendent to conduct a renaming process, the Superintendent will note the staff or financial resources needed to conduct the process.

II. General Criteria for Names

When evaluating school, non-school facility, program names, and representative images, the following general criteria ~~will~~^{shall} be followed:

- A. Names submitted for consideration may:
 - i. be known and significant to the community, students and staff; ~~or~~
 - ii. relate to local neighborhoods, to relevant geographic areas; to places of historical, geographical, geologic or cultural significance; to indigenous and characteristic flora or fauna; ~~or~~

- iii. be persons or groups of persons, deceased at least three years, who have demonstrated international, national, state or local leadership in the fields of education, arts and sciences, or public service; or be thematic to reflect the character of the community culture and history; or
- iv. reflect features of the facility or program type, and the mission of the facility.
- v. All considerations must reflect our commitment to eliminating racism and other systemic discrimination based on protected classes and its impact on student learning and educational activities.

B. Names submitted for consideration ~~will~~ not:

- i. conflict with the names of other schools or programs in ~~PPS the School District~~ or surrounding ~~S school D districts~~;
- ii. reflect the names of specific cities with the exception of “Portland”;
- iii. be a person, location or character whose primary identification is of a religious nature or be a name of a religious group or members;
- iv. include the word ‘neighborhood’ in the school name unless the school has defined attendance barriers; or
- v. include the word ‘school’ in its name if it is a special program that does not meet the definition of a school as stated in Board Policy 6.10.022-P.

III. Special Recognition of Specific Persons

A. The Board of Education acknowledges that communities served by ~~PPS School District~~ facilities periodically desire to recognize individuals for long and honorable service. Locations within school facilities or buildings may be named for former ~~PPS School District~~ employees, citizens or students (not necessarily deceased) who have made specific contributions to education within ~~Portland Public Schools PPS~~.

B. Naming of locations inside schools and school facilities are subject to the approval of the Superintendent, with notice to the Board of the naming and the reasons for the recognition.

IV. Gifts

The Board acknowledges that it has the authority to accept monetary or in-kind donations from individuals and entities. In exceptional circumstances, consideration may be given to naming locations within a school or non-school facility for a significant gift as determined by the Board, in consultation with the Superintendent. Any names in this instance ~~will~~ be consistent with all ~~School~~ Board policies and ~~will~~ reflect the donor’s appropriate financial support as well as the donor commitment to ~~the School District PPS’s~~ mission and vision and the objectives of the public-school system.

V. Charter Schools

Agreements signed between ~~P public C charter S schools~~ and ~~PPS the School District~~ will contain the requirement that the word ‘Charter’ be included as part of the ~~C charter S school~~ name. Charter schools do not have defined attendance boundaries and, thus, ~~will~~ not have the title ‘neighborhood’ as part of their name.

VI. School Conversions, Mergers, or Reconfigurations

When a school undergoes conversion or is reconfigured into separate distinct units, each of which meets the definition of a school as stated in Board Policy 6.10.022-P, those schools will be named following the conditions and criteria for new schools as outlined in this policy. When two or more schools are merged and there is community support for a name other than the current name of the facility, the school community ~~will~~ **shall** go through the renaming process using the criteria in this policy. ~~The district~~ **PPS will** ~~shall~~ waive the fiscal impact statement in these cases.

VII. Renaming or Amending of Current Names

- A. The Board recognizes that renaming existing schools or facilities or amending existing names by adding or deleting words or phrases is a serious, considered decision, and should not be made arbitrarily, frivolously, or in haste.
- B. Such a decision must take into account ~~the District~~ **PPS's** focus on eliminating racism and other systemic discrimination based on protected classes and its impact on student learning and educational activities.
- C. Because the impact of renaming an existing school or amending an existing name is substantial in terms of potential public confusion, and administrative and fiscal costs, the burden is upon the party or parties proposing the name change to present persuasive evidence that the benefits of renaming outweigh community and ~~PPS School District~~ impacts.
- D. Central ~~PPS District~~ staff will provide significant support to school-based administrators during a renaming process.
- E. In considering a name change, the Board ~~will~~ **shall** consider input and recommendations from the school community and the community at large. The request for a name change must be accompanied by a fiscal impact statement and a proposed method of covering the expense of the name change.
 - i. ~~PPS The District~~ will allow for an exemption to the fiscal impact statement and proposed method of covering the expense of the name change when a party can show the change is being made to address discrimination.

VIII. Implementation

- A. The Board ~~of Education~~ has the ultimate authority to determine if the criteria in this policy have been satisfied.
- B. The Board authorizes the Superintendent to develop procedures which provide for implementation of this policy.

History: Adopted 7/12/2004; Amended 4/10/18; Amended 12/2023

Religious and Cultural Observances

We respect and protect the constitutional rights of our students, families, and employees to practice and observe their religion or to practice no religion at all. We also respect and protect our students, families, and employees' rich and diverse cultural observances and practices. At all times, we seek to balance those important individual rights with the constitutional requirement that PPS, as a public-school district, may not favor or promote a particular religion over another. And, at all times, we encourage all students, families, and staff to show respect, tolerance, and curiosity about religious and cultural practices that differ from their own. These differences and our acceptance of them make our school community an inclusive and welcoming community in which all students can authentically thrive.

I. Excused Absences & Other Accommodations

Students and families may request accommodations to enable them to observe their religious and cultural practices. Those accommodations may include excused absences for religious instruction or holiday observances. Requests for absences or other accommodations should be in writing from a student's parent/guardian directed to a teacher and/or principal at the student's school.

A. Classes. Students may be excused from classes for their individual religious or cultural practices without penalty. Students who have missed an assignment or assessment must be given a reasonable opportunity to make up that test or assessment. Make-up opportunities will not be required of a student on the school day immediately after a student is absent from school to observe a religious or cultural holiday.

B. Co-Curricular and Extracurricular activities. Students may also be excused from co-curricular and extracurricular activities for their individual religious or cultural practices without penalty.

II. Identification of Major Religious Holidays and Cultural Observances

As part of the annual school calendar creation and adoption process, the Superintendent ~~will~~ identify major religious and cultural holidays in our community using legally acceptable methods to do so. ~~PPS The District~~ and each of its schools should avoid scheduling grade-, school- or district-wide events (e.g., Back-to-School nights, all-school assemblies, parent-teacher conferences, School Board meetings) on those dates. Such events can be scheduled on major religious holidays only if such scheduling is reasonably necessary to carry out the proper functioning of a school program ~~or~~ course of study, ~~or~~ to avoid an unreasonable burden on other students, ~~;~~ or if such scheduling is outside the control of ~~PPS District~~ employees. Staff will inform students and parents of plans as far in advance as possible so that conflicts with religious or cultural observances can be avoided if possible and otherwise accommodated if not.

III. Non-~~PPS District~~-Sponsored Events

When school or ~~PPS District~~ events are scheduled and controlled by organizations other than ~~PPS the District~~ (e.g., OSAA, Outdoor School, national testing organizations), ~~PPS the District~~ ~~will~~ advocate with those organizations that such events are not held on major religious or cultural holidays.

Adopted 1/2024

2.40.020-P Student Participation

- (1) The district affirms the proposition that student input and participation is important to committees dealing with decisions that affect the students. Therefore, committees shall provide opportunities for student participation, input and involvement, except for matters which are reserved for discussion with district employees or are legally reserved for a specific party. Examples of appropriate instances for student representation include, but are not limited to, the following:
- (a) Any curriculum design and evaluation committees;
 - (b) Committees regarding testing, benchmarks and standards;
 - (c) Committees on district budget or policy;
 - (d) Committees regarding the selection of principals, administrators and faculty, with exceptions for specific components involving confidential personnel information;
 - (e) Ad hoc committees;
 - (f) Committees involving the planning or discussion of activities and events;
 - (g) Committees dealing with the principles and philosophies of the district; and
 - (h) Site councils.

Public Access to District Records

~~In order to~~ To promote transparency and provide an accurate accounting of how ~~PPS the district~~ carries out the public's business, it is the intent of the Board that all ~~PPS district records should~~ be disclosed courteously and consistent with state and federal law. ~~PPS The district will~~ ~~shall~~ rely upon the definition of "Public Record" set forth in Oregon law.

- I. The Superintendent ~~will~~ ~~shall~~ hire a Public Records Officer and develop administrative directives and procedures to provide clarity and consistency to the public about access to ~~PPS district~~ public records. The Public Records Officer ~~will~~ ~~shall~~ process all requests as soon as practicable and without unreasonable delay, without regard to the nature of the records or identity of the requester.
- II. It is the goal of ~~PPS the school district~~ to provide the public with records at no or minimal cost when the documents requested are not voluminous or do not require significant time to locate and process. The Superintendent ~~will~~ ~~shall~~ develop clear guidelines regarding when it is appropriate to charge fees and to provide clarity to requesters as to how fees are determined.
- III. ~~PPS The district~~ recognizes that it is in possession of sensitive and confidential information about our students, staff, and families. Upon receiving a public records request seeking potentially sensitive, personal, or private information related to a staff member, ~~PPS the District will~~ ~~shall~~ notify the staff member and the staff member's union (if represented) in writing of the existence and nature of the records request. In responding to public records requests, ~~PPS the District~~ will follow state and federal law.
- IV. When public records are requested that could be considered exempt under one of the conditional exemptions under Oregon law, ~~PPS the district will~~ ~~shall~~ construe the public interest liberally in favor of disclosure.
- V. The Public Records Officer ~~will~~ ~~shall~~, with the advice and counsel of the General Counsel or its designee, make determinations as to whether (a) a record is responsive to a public records request; (b) a record contains information ~~PPS the district~~ is prohibited from disclosing; or (c) a record is exempt from disclosure. The Public Records Officer ~~will~~ ~~shall~~ have the responsibility of ensuring exemptions are legally and appropriately applied.
- VI. Records ~~will~~ ~~shall~~ be made available to persons with disabilities in an appropriate format on request in accordance with the requirements of the Americans with Disabilities Act. No fee to cover the costs of providing records in an alternative format ~~will~~ ~~shall~~ be charged. All other actual costs may be recovered, consistent with Board policies, administrative directives, and the public records law.
- VII. If ~~PPS the district~~ requires clarification from the requester, such clarification ~~will~~ ~~shall~~ be requested in writing, and the requestor ~~will~~ ~~shall~~ be informed that work on the request will stop until the clarification is received. If the original scope of a request is likely to necessitate high fees, the Public Records Officer will offer to work with requesters to negotiate or narrow the scope ~~in order~~ to reduce the costs.
- VIII. Requesters who believe ~~PPS the district~~ has inappropriately withheld records or assessed fees may request ~~an expedited review of such decisions by the Board, which will decide whether to hear the appeal and, if it does, issue a decision within 30 days. The Board's procedures will preserve the confidentiality of the records in question during such an~~

~~appeal. Requesters retain their statutory right to request such review from the Multnomah County District Attorney in accordance with ORS Chapter 192, and the availability of an appeal to the Board does not preclude a requester from appealing a denial directly to the District Attorney rather than to the Board.~~

- IX. No PPS District employee, student, or Board member may engage in unlawful retaliation against any person who requests public records or requests review of a public records decision. JO - Education Records**

Policy JO

JO-AR

Code: JO

Adopted: 6/3/13

Readopted: 11/4/25

Orig. Code(s): JO

Education records are those records maintained by the district that are directly related to a student.

The primary reason for the keeping and maintaining of education records for students is to help the individual student in their educational development by providing pertinent information for the student, their teachers and their parents. These records also serve as an important source of information to assist students in seeking productive employment and/or post-high school education.

The district shall maintain confidential education records of students in a manner that conforms with state and federal laws and regulations.

Information recorded on official education records should be carefully selected, accurate, verifiable and should have a direct and significant bearing upon the student's educational development.

The district annually notifies parents or adult students that it forwards educational records requested by an educational agency or institution in which the student seeks to enroll or receive services, including special education evaluation services.

The district may impose certain restrictions and/or penalties until fees, fines or damages are paid. Records requested by another district to determine a student's appropriate placement may not be withheld. Students or parents will receive written notice at least 10 days in advance of any restrictions and/or penalties to be imposed until the debt is paid. The notice will include the reason the student owes money to the district, an itemization of the fees, fines or damages owed and the right of parents to request a hearing. The district may pursue fees, fines or damages through a private collection agency or other method available to the district. The district may waive fees, fines and charges if the student or parents cannot pay, the payment of the debt could impact the health and safety of the student or if the cost of collection would be more than the total collected or there are mitigating circumstances, as determined by the superintendent.

The district shall comply with a request from parents or an adult student to inspect and review records without unnecessary delay. Upon request, the district will provide parents or an adult student a list of the types and locations of education records collected, maintained and used by the district. The district must give parents of children with disabilities an opportunity to examine all student education records in accordance with Oregon Administrative Rule (OAR) 581-021-0220 through 581-021-0430. This includes all education records with respect to the identification, evaluation and educational placement of the child and the provision of a free appropriate public education to the child. Unless authorized by federal law, the district will provide parents a copy of the student's education record, with the exception of copies of test protocols, test questions or other documents as described in ORS 192.345(4). The district will respond to reasonable requests for explanations and interpretations of the records.

The district annually notifies parents of all students, including adult students, currently in attendance that they have the right to:

1. Inspect and review the student's records;
2. Request the amendment of the student's educational records to ensure that they are not inaccurate, misleading or otherwise in violation of the student's privacy or other rights;
3. Consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that the student educational record rules authorize disclosure without consent (See Board policy JOB – personally Identifiable Information);
4. File with the U.S. Department of Education a complaint concerning alleged failures by the district to comply with the requirements of the Family Educational Rights and Privacy Act; and
5. Obtain a copy of the district's education records policy.

English

Regarding records to be released to district officials within the agency, the district's notice includes criteria for determining legitimate educational interest and the criteria for determining which school officials have legitimate educational interests. School officials may also include a contractor who performs an institutional service on behalf of the school.

The district annually notifies parents and adult students of what it considers to be directory information and the disclosure of such. (See Board policy JOA – Directory Information)

The district shall give full rights to education records to either parent, unless the district has been provided legal evidence that specifically revokes these rights. Once the student reaches age 18 those rights transfer to the student.

The district may impose a fee for the copy of an educational record unless this fee would effectively bar a parent or eligible student from inspection of the record.

A copy of this policy and administrative regulation shall be made available upon request to parents and students 18 years of age or older or emancipated and the general public.

The district will develop administrative regulations for the maintenance, access and release of education records as well as for preserving confidentiality and for challenging the content of those records.
