David Hammond moved for approval of the consent agenda. Chad Fleenor seconded the motion which carried on roll call vote:

- Gregg Huddlestone: *yes*
- Mike Masters: *yes*
- Whitney Riddle: *yes*
- Vince Walters: *yes*
- Keith Ervin: *yes*
- Annette Buchanan: *yes*
- Mary Beth Dellinger: *yes*
- Chad Fleenor: *yes*
- David Hammond: *yes*

VIII. DISCUSSIONS/PRESENTATIONS

IX. Other

A. Acceptance of FY22 System Audit Report

David Hammond moved for acceptance of the FY22 System Audit Report. Vince Walters seconded the motion which carried on roll call vote:

- Gregg Huddlestone: *yes*
- Mike Masters: *yes*
- Whitney Riddle: *yes*
- Vince Walters: *yes*
- Keith Ervin: *yes*
- Annette Buchanan: *yes*

- Mary Beth Dellinger: *yes*
- Chad Fleenor: *yes*
- David Hammond: *yes*

B. Approval of FY23 General Fund Budget Amendment 1

Gregg Huddleston moved for approval of FY23 Budget Amendment 1. Whitney Riddle seconded the motion which carried on roll call vote:

- Gregg Huddleston: *yes*
- Mike Masters: *yes*
- Whitney Riddle: *yes*
- Vince Walters: *yes*
- Keith Ervin: *yes*
- Annette Buchanan: *yes*
- Mary Beth Dellinger: *yes*
- Chad Fleenor: *yes*
- David Hammond: *yes*

C. Approval of Overnight Trip Requests

**1. David Crockett High School Band
Concert Performance Assessment & Reward Trip; March 8-9, 2023
Maryville, TN & Gatlinburg, TN**

**2. David Crockett High School
Band; All East Sr. Clinic; Gatlinburg, TN
February 2-4, 2023**

Chad Fleenor moved for approval of the overnight trips, as presented. Annette Buchanan seconded the motion which carried on roll call vote:

- Gregg Huddleston: *yes*
- Mike Masters: *yes*
- Whitney Riddle: *yes*
- Vince Walters: *yes*
- Keith Ervin: *yes*
- Annette Buchanan: *yes*
- Mary Beth Dellinger: *yes*
- Chad Fleenor: *yes*
- David Hammond: *yes*

X. ADJOURNMENT

At the conclusion of the Workshop, the Board will convene to a Board Retreat for strategic planning and FY24 Budget discussion.

**WASHINGTON COUNTY
BOARD OF EDUCATION**

January 17, 2023

5:00 PM

Central Office

I. Call to Order

II. Academics

-No report.

III. Business/Finance

The Board reviewed the December 2022 Expense and Revenue for the General, Federal, and Dietary Funds.

A. Updated Omnia Contract for 403B Retirement

IV. Operations

A. Updates

1. Update on International Propane Buses

Dr. Jarrod Adams, Chief of Operations, provided the update. He said there are several issues with the buses, including pressure and fuel rails. After replacement of parts, issue continued. The system is waiting on their counter offer to our offer. A follow up report will be provided at the February board meeting.

2. Stove Hoods for David Crockett High School Culinary Arts Department

Dr. Adams reported he had reached out to Lewis Group Architects who had contacted State Fire Marshall office. They reported because the stoves are more than four burners and used in a commercial setting, commercial stove hoods are required. The estimate for the stove hoods are \$100,000. To proceed with the stove hood project will be an action item at the February meeting.

3. Surveys of Daniel Boone High & David Crockett High Athletic Areas

Mr. Riddle had communicated with Lewis Group Architects and McCoy Surveying group that is completing the surveys. The survey at David Crockett was almost complete. It is targeted for Lewis Group to receive both surveys the beginning of February and able to report back to the Board at the February 21st called meeting and workshop.

4. Furniture for new Jonesborough Elementary School

Dr. Adams reported the system had met with Inspire earlier in the day to begin finalizing the plans for the classrooms. He reminded Inspire was the company who furnished Boones Creek Elementary five years ago. He noted furniture is about 25% to 30% more expensive now than five years ago. He continued to outfit each classroom with student desks, chairs, teacher desk and chair, minimal bookshelves, and storage area for student belongings was around \$1.115 million. He said the first estimate that included “extra” furniture in the classrooms was \$1.7 million. The group revisited the list and omitted some items. It was noted that \$1.54 million is the amount allotted for furnishings/infrastructure. Mrs. Dellinger requested a list of the omitted items requested by teachers. The furniture purchase, not exceeding the \$.154 million will be an action item at the February meeting.

5. Insurance updates regarding recent flooding damage

Dr. Adams reported the insurance company deemed both Daniel Boone High and Ridgeview Elementary gym floors a total loss. Praders Flooring is providing a quote. A company in Kingsport will examine the light pole that broke and fell at Daniel Boone High baseball field. FEMA will be meeting with system personnel in the coming week – the losses in Washington County qualified all entities for funding. Insurance requested the carpet in David Crockett High’s library be cleaned and dehumidified, as well as the guidance office at Daniel Boone High. If that does not work, insurance will re-evaluate.

B. Playground Analysis

The Board reviewed the analysis of the schools’ playgrounds, ranking the needs from greatest to least.

C. Items to be declared as surplus and sold on GovDeals

D. Estimate of Access Control System for Exterior Doors

The estimate for the control system for all schools was \$566, 440.10. The Board consider approval at the February meeting.

E. Release of bids for Janitorial Services (system-wide)

F. New Jonesborough Elementary School Project

The Board viewed the proposed layout of the playgrounds for the new school and a request from the Town of Jonesborough for the Board to commit to help with funding. The Town of Jonesborough is applying for a grant for funding. The request was for \$300,000. The Board will consider the request, contingent upon the grant being obtained.

G. Purchase of Propane School Buses (5) through Blue Bird Sourcewell Contract 063020-BBB; Funded by County Commission Educational Capital Plan

Mr. Masters asked if filling the buses in route to Knoxville would be an issue. Dr. Adams replied destinations had been identified for refueling. Mr. Ervin requested the price of diesel buses to compare. The Board will consider purchase at the February meeting and will review the cost comparison.

H. Purchase of HVAC Controls; Funded by County Commission Educational Capital Plan

I. Purchase of equipment for the Dietary Department (pending Budget Amendment approval); \$299,340.65; Line Item 143E-73100-710

J. Modified purchase request of a One-Ton Pickup Truck; Included in vehicle purchases approved by the Board on November 3, 2022; \$59,145.00; Line Item 141E-72710-729

It was questioned if the proposed vehicle was gas or diesel. The Board will review and take possible action at the February meeting.

V. Items requested for discussion

A. Design in new Jonesborough Elementary School gymnasium in memory of Terry Crowe

Town of Jonesborough asked for Board input regarding the memorial to be placed in the new school. The Board had previously approved for the current gym at Jonesborough Middle to be named in memory of Terry L. Crowe and would transfer to the new school's gym. It was agreed for a casting/plaque to be designed.

B. Work Order System

Board members asked if it would be possible to review the work orders more in-depth – current status and how long to complete a work order.

C. Remedy for the Daniel Boone High drains in dressing rooms adjacent to the gymnasium

The Board discussed the drain issue under the insurance update. Mr. Masters asked if the drain issue could be evaluated. Dr. Adams answered they had been checked. He continued the ultimate plan is to reopen(renovate) the restrooms in that area – only during ballgame events.

D. MOU with Crossroads Christian Church regarding parking lot use (adjacent to Daniel Boone High School)

Mr. Masters said the MOU is in the development phase and possibly will be ready for the February meeting.

VI. Student Supports

-No report.

VII. Superintendent

A. Available land for purchase adjacent to David Crockett High

The Board viewed the property, specifically the direct connection to David Crockett High property (approximately 20 acres). Mr. Riddle said the seller is flexible on the amount (portion) to sell. He continued the seller would request the Board to cover the sewer, surveying, easement, and water tap. The price is \$20,000.00 per acre. The Board will consider the purchase at the February meeting.

B. Board of Education Owned Property

Mr. Boyd said information on the property identified close to West View Elementary is still being sought.

Mr. Walters requested the Board to develop a resolution regarding the 3rd grade retention legislation to state the Board's position.

A resolution will be drafted and presented to the Board at the February meeting.

VIII. Adjournment of Workshop

IX. Board Retreat

A. FY24 Budget & Strategic Planning

Mr. Boyd displayed the four strategic priorities from the Board's Strategic Plan: 1)Focus on Student Success Every Day 2)Invest In Our People 3)Partner With Our Stakeholders 4)Act With Responsible Stewardship. He asked the Board members to place notes with suggested items (relating to upcoming budget season) under the appropriate category.

FIRST AMENDMENT TO THE SERVICES AGREEMENT

This Agreement effective; November 16, 2022 (effective Date) is the first amendment to the Services Agreement entered into on November 10, 2008 between U.S. OMNI & TSACG Compliance Services, Inc. (OMNI/TSA) with offices located at; 220 Alexander Street, Suite 400, Rochester, NY 14607 and Washington County Board of Education (Employer) located at; 405 West College Street, Jonesborough, TN 37659.

RECITALS

WHEREAS, OMNI/TSA and Employer entered into a Services Agreement on November 10, 2008 to provide compliance and remittance 403(b) and/or 457(b) plan administration services;

WHEREAS, pursuant to the Services Agreement, Employer elected to pay OMNI/TSA's administrative fee (i.e., Standard Billing);

WHEREAS, the Employer desires to enroll in the Preferred Provider Program under P3L (Limited); and

WHEREAS, the employer desires to amend the Services Agreement "Fee and Schedule" Page to select P3L;

NOW, THEREFORE, BE IT RESOLVED, that the Plan and Fee Schedule is hereby amended to read as follows:

PLAN & FEE SCHEDULE

Name of Employer	Washington County Board of Education
Plan(s):	<input checked="" type="checkbox"/> 403(b) <input type="checkbox"/> 457(b)*
Fees: \$36/yr/contributing participant	<input type="checkbox"/> P3E (Exclusive) <input checked="" type="checkbox"/> P3L (Limited) <input type="checkbox"/> P3F (Flexible) <input type="checkbox"/> Employer Pay <input type="checkbox"/> Vendor Pay (Fee passed on to participant) <input type="checkbox"/> P3 Administrative Fee: \$N/C <input type="checkbox"/> Non-P3 Fee: \$N/C <input type="checkbox"/> Grandfathered P3 Fee: N/A <input type="checkbox"/> Employer Paid / Standard Billing

Investment providers in the Preferred Provider Program (P3) have agreed to cover OMNI/TSA's fees for the Employer at the above rate, billed quarterly. In P3E (Exclusive), all future contributions are made to P3 providers; In P3L (Limited), contributions can continue to existing non-P3 provider accounts and new accounts are opened with P3 providers only. In P3F (Flexible), the Employer chooses to pay for the Vanguard participant accounts or elects to have Vanguard pay, who then deducts the fee from the individual participant's account. Employers agree to pay fees for these accounts as set forth above.

For accounts receiving OMNI/TSA invoices, billing will commence upon first remittance.

OMNI/TSA'S REMITTANCE

Files Received By	Funds Available For Use By	Day Processed
Wednesday Midnight	Friday 11:00 A.M. EST	Friday
Friday Midnight	Tuesday 11:00 A.M. EST	Tuesday

OMNI/TSA processes remittances on Tuesdays and Fridays provided that the Employer adheres to the above. Processing days during holiday weeks may vary.

**Where applicable, to the extent OMNI/TSA provides 403(b) remittance and compliance services to the Employer, it shall provide limited remittance and monitoring maximum allowable contribution limit services for an Employer who is participating in its state's 457(b) plan

Signer Initials: _____

WHEREAS, the Employer and OMNI/TSA have caused this First Amendment to the Services Agreement to be on the earlier of the dates written below.

SERVICES AGREEMENT

This services agreement ("Agreement") is entered into on November 7, 2008, ("Effective Date") by Washington County Board of Education, an educational institution as defined by the Internal Revenue Code of 1986, as amended, with principal offices located at 405 West College Street, Jonesborough, TN 37659 ("Employer"), and The OMNI Financial Group, Inc., a New York State Corporation with its principal offices located at Water Tower Office Park, 1099 Jay Street, Rochester, New York 14611, ("OMNI").

RECITALS

WHEREAS, Employer desires to retain OMNI's services as a third party administrator of Employer's 403(b) Plan, and
WHEREAS, OMNI agrees to provide such services to Employer,
NOW, THEREFORE, in consideration of the mutual promises contained herein the parties agree as follows:

1. DEFINITIONS

- (a) "403(b) Plan" means the 403(b) plan (within the meaning of Section 1.403(b)-3(b)(3) of the Treasury Regulations maintained by the Employer.
- (b) "403(b) Requirements" means the requirements and provisions of Section 403(b) of the Code (as defined in this Section 1 (e) of the Agreement) the final regulations promulgated thereunder, and any additional guidance issued by the Internal Revenue Service, each as amended from time to time.
- (c) "Administrator" means the Employer, where the Employer may designate an Employee (e.g. a school district's business official), or an internal entity associated with the Employer, (e.g. Board of Education), which holds responsibility, for the internal formulation and administration of the 403(b) Plan of Employer.
- (d) "Annuity Contract" means a nontransferable contract as defined in Section 403(b)(1) of the Code (as defined in this Section 1(e) of the Agreement) established for each Employee by the Employer, or by each Employee individually, issued by a Participating Service Provider (or its affiliate).
- (e) "Code" means the Internal Revenue Code of 1986, as amended.
- (f) "Contract Exchange" means an exchange of one 403(b) Annuity Contract and/or Custodial Account (as defined in this Section 1(g) of the Agreement) for another, as described in Section 1.403(b)-10(b)(2) of the Treasury Regulations, that occurs on or after September 25, 2007.
- (g) "Custodial Account" means the group or individual custodial account or accounts, as defined in Section 403(b)(7) of the Code, established for each Employee (as defined in this Section 1(h) of the Agreement), by the Employer, or by each Employee individually, to hold assets of the Plan.
- (h) "Employee" means each individual, whether appointed or elected, who is a common law Employee of the Employer performing services for a public school as an Employee of Employer. This definition is not applicable unless the Employee's compensation for performing services for a public school is paid by the Employer. Further, a person occupying an elective or appointive public office is not an Employee performing services for a public school unless such office is one to which an individual is elected or appointed only if the individual has received training, or is experienced, in the field of education. A public office includes any elective or appointive office of a state or local government.
- (i) "Information Sharing Agreement" means an agreement entered into by OMNI and a Service Provider (as described in Section 1(l) of the Agreement), in order to share information in accordance with Section 1.403(b)-10(b)(2) of the Treasury Regulations.
- (j) "Participant" means an Employee who participates in an Employer's 403(b) program.
- (k) "Participating Service Provider" means a Service Provider (as defined in this Section 1(l) of the Agreement), that has entered into an Information Sharing Agreement with OMNI.
- (l) "Service Provider" means:
 - (i) An issuer of annuity contracts under Section 403(b)(1) of the Code or A custodian of custodial accounts under Section 403(b)(7) of the Code; or
 - (ii) A related entity of the foregoing that provides recordkeeping or administrative services in connection with such contracts or custodial accounts.

2. OMNI'S SERVICES

OMNI agrees to:

- (a) Provide all necessary Code compliant forms for salary reductions and Service Provider participation.
- (b) Oversee the following aspects of the Employer's 403(b) Plan, subject to the terms of the Agreement:
 - (i) Monitor compliance with the contribution limits under Sections 402(g), 414(v) and 415 of the Code based upon contribution information provided by the Employer, advise the Employer, according to data collected by OMNI, (including data, if any, obtained from an Information Sharing Agreement, having made a reasonable, good faith effort in such collection, and accordingly determine, if corrective action may be required.
 - (ii) Where applicable, receive requests from Employees for distributions such as loans and hardship distributions, and communicate relevant information to Participating Service Providers regarding such distribution requests. Omni will

monitor loans to ensure compliance with Code Section 72(p). Further, Omni will approve and monitor Employee requests for hardships.

- (c) Review Employee files and OMNI's online records to ensure that each participating Employee has an IRS compliant salary reduction agreement on file. OMNI then will review all Employee salary reduction agreements and sign the forms or confirm the online enrollments to verify compliance with the Code. Such review shall be conducted with minimal disruption to payroll and business office staff of Employer. OMNI shall receive copies of new and revised salary reduction agreements via facsimile or United States First Class or Priority mail. As an alternative to written salary reduction agreements, OMNI at its discretion may provide for salary reduction agreements to be completed online. In that case, OMNI shall verify changes by e-mail to Employer's payroll department.
- (d) To enter into Information Sharing Agreements with various Service Providers that the Employer makes available through a payroll slot under its 403(b) Plan. These Information Sharing Agreements shall be Code compliant.
- (e) Provide the Employer with a list of Participating Service Providers, and notify the Employer of changes in such list.
- (f) Provide and pay the full premiums for errors and omissions insurance coverage issued by a carrier authorized to provide such coverage in the State of New York, insuring against claims made, resulting or emanating from the services that OMNI is providing the Employer pursuant to this agreement with a limit to \$1,000,000.00 per claim, \$5,000,000 in aggregate. OMNI shall also provide and pay the full premiums on a crime fidelity bond in the amount of \$5,000,000.00 by a surety licensed to issue such bonds in the State of New York; covering OMNI'S financial & distribution accounts for Employee theft, fraud, forgery or alteration, computer crime, fund transfer fraud, and related claim expenses, from a company licensed in the State of New York to issue such policies.
- (g) Serve as common remitter for the Employer's 403(b) Plan, and as paying agent on behalf of the Employer to promptly remit all funds to Service Providers, according to the timetable set forth in Section 3 of Schedule, attached hereto, and made a part hereof.
- (h) Establish a distribution account with a bank of its choosing, and transfer funds as necessary.
- (i) Maintain and archive all Employee 403(b) files, and ensure confidentiality of all Employee data, records, and files and shall adhere to the Confidentiality obligations set forth in Section 4 (b) of the Agreement.
- (j) Any and all of OMNI's obligations under this Agreement, shall be subject to the Employer's, Service Provider's, and/or any other relevant parties' timely and reasonable cooperation including but not limited to information sharing, and voluntary information disclosure where appropriate and relevant, with OMNI, whether or not solicited by OMNI. Omni will promptly disclose to Employer any failure by any aforementioned parties to provide such cooperation.
- (k) Provide a legally compliant Plan Document.
- (l) Update as needed any forms provided pursuant to the Agreement.
- (m) Notify all Participants of eligibility for contributions, including applicable catch-up provisions.
- (n) Monitor and authorize Participant's requests for distributions, loans, and hardship withdrawals, including any necessary suspension of contributions following a withdrawal.
- (o) Prior to 01/01/09 monitor and authorize contract exchanges among Service Providers.
- (p) Monitor and authorize all plan to plan transfers permissible pursuant to the 403(b) Plan.
- (q) Monitor and authorize rollovers and transfers, including, but not limited to transfers to purchase government service credit.
- (r) Notify Participants and Service Providers of any approved transactions.
- (s) Monitor Employee commencement date for required minimum vested time and distribution.
- (t) Any and all information sharing shall be pursuant to the terms and conditions of an executed information sharing agreement.

3. EMPLOYER'S OBLIGATIONS AND ACKNOWLEDGEMENTS

Obligations.

Employer agrees to:

- (a) Certify to OMNI that it is eligible to sponsor a 403(b) program and accepts all liability with respect to, resulting or emanating from, arising out of, or in way connected with this determination.
- (b) Permit all Employees that are eligible under the 403(b) Requirements and the terms of its 403(b) Plan to participate in its 403(b) Plan.
- (c) Make available to each Employee a current list of Participating Service Providers.
- (d) Allow each Participating Service Provider which Employer agrees to make available a payroll slot under its 403(b) Plan to have reasonable access to eligible Employees.
- (e) Be responsible to ensure that all money transfers for 403(b) contributions are made by wire or ACH (no checks will be accepted) to the distribution account established pursuant to Section 2(m). OMNI's remittances will be as set forth in Schedule attached hereto, and made a part hereof.
- (f) Use only OMNI approved salary reduction agreement forms and ensure that reductions will not be initiated until such forms are approved by OMNI (or confirmed by OMNI, in the case of online enrollments).
- (g) Ensure and then advise Employees that a minimum of one pay period will transpire before a new salary reduction is included in payroll.

- (h) Ensure that a Service Provider will be permitted to receive salary reduction contributions only if it executes an Information Sharing Agreement.
- (i) Remit contributions to OMNI only, and further agrees to submit any refunds of Employee's monies by any Service Providers to OMNI, immediately.
- (j) Provide OMNI with updated Employee compensation data within 30 days after changes are made to compensation levels.
- (k) Provide OMNI with timely and relevant information and data, including but not limited to types and amounts of contributions, in order for OMNI to fulfill its obligations under the Agreement properly and timely.
- (l) The Employer shall be solely responsible for determining, from among the list of Participating Service Providers, the entities to which it shall permit 403(b) Plan contributions to be made. The Employer hereby agrees not to permit 403(b) Plan contributions to be made to any entity that is not a Participating Service Provider.
- (m) If the Employer elects to make Nonelective Employer Contributions of Accumulated Leave under its Plan, the Employer shall ensure, and shall be solely responsible for ensuring, that such contributions are nonelective in form and operation, and for any tax consequences of such contributions, and that it has consulted with its own legal counsel regarding such tax consequences.
- (n) Fulfill its obligations under this agreement, timely and diligently.

Acknowledgments.

The Employer understands and acknowledges that:

- (o) An entity's status as a Participating Service Provider is not nor shall be in any manner construed as a recommendation, certification, approval, or endorsement of any such entity by OMNI.
- (p) OMNI shall not be responsible for: determining the propriety of contributions made after an Employee's termination of employment with the Employer, implementing its recommendations resulting from its compliance review, and any act or omission by the Employer which adversely affects OMNI's ability to act as remitter for the Employer's 403(b), or otherwise fulfill its obligations under the Agreement.
- (q) If the Employer fails to comply with any of its obligations, or breaches of the same as set forth in this Section 3, and Section 4, to the extent that OMNI is not in breach of its obligations, OMNI shall not be liable in any way whatsoever, for any ensuing 403(b) compliance failures and/or errors, omissions, in contract or in tort, or any other matters arising out of, connected with, or related to the Employer's failures and/or errors. Notwithstanding the foregoing, in the event that Omni becomes aware of such failure or breach, Omni shall give the Employer notice of such failure or breach at the earliest practicable.
- (r) OMNI's services under this Agreement do not include legal or tax advice, and that no analysis and/or recommendation made by any Employee, agent, officer, or director of OMNI, in fulfilling OMNI's obligations under this Agreement, shall be so construed. Further, EMPLOYER understands and acknowledges that OMNI has advised the Employer to consult with EMPLOYER's legal counsel with respect to any questions or concerns that the Employer may have with respect to ANY 403(b) questions and concerns.
- (s) To the extent that Employer alters any of Omni's documents or forms, Omni shall not be responsible or liable for any such alterations or any consequences relating to or arising out of such alterations, in any way whatsoever.

4. MUTUAL OBLIGATIONS

- (a) **Information Sharing**
OMNI and EMPLOYER agree to share with each other such information as may be necessary for the 403(b) Plan to meet the 403(b) Requirements, including but not limited to, information:
 - (i) Concerning contribution limits imposed under the Code or the terms of the 403(b) Plan and information concerning the Employee's employment status (such information to include whether an Employee's employment with Employer is continuing, and notification to OMNI when a Employee has had a severance from employment);
 - (ii) Required to determine whether the hardship withdrawal rules under the 403(b) requirements have been satisfied;
 - (iii) Required to ensure compliance with the distribution rules applicable to the 403(b) Plan and annuity contracts or custodial accounts issued or maintained thereunder.
 - (iv) Regarding any loans to the Employee under the 403(b) Plan;
 - (v) Concerning any after-tax Employee contributions (as necessary in order to determine the extent to which a distribution is includible in gross income);
 - (vi) Reasonably required for the 403(b) Plan to satisfy the 403(b) requirements; or mutually agreed to by OMNI and the Employer.
- (b) **CONFIDENTIALITY**
Omni will not make available to any outside vendor or sales/marketing organization, any records or information pertaining to Employer's Employees. Omni shall use all information provided by Employer and Employees to Omni only to fulfill its obligations under the Agreement.
The duty of confidentiality by the parties shall survive and continue in case of termination or expiration of the Agreement as set forth in Section 7, whichever may be sooner.

The parties shall mutually agree to a reasonable time period for any such continued duty, and where relevant and appropriate, shall cease and desist immediately any further use of the proprietary information, except to fulfill remaining obligations under the Agreement, if any. In the event of termination or expiration of the Agreement, the parties further agree to the manner and method where proprietary information may be returned to its owner, or properly disposed of, and agree to share any such costs equally.

5. LIMITATION OF LIABILITY AND DISCLAIMERS

NEITHER PARTY SHALL BE LIABLE TO THE OTHER FOR ANY SPECIAL, INDIRECT, INCIDENTAL, DAMAGES WHATSOEVER UNDER ANY CIRCUMSTANCES WHATSOEVER.

6. INDEMNIFICATIONS

Subject to the limitations set forth in other Sections of the Agreement, OMNI and Employer, each agrees to indemnify and hold harmless the other and their respective affiliates, directors, officers, Employees, representative or agents from any claim, demand, lawsuit, judgment, cost or expense, losses, damages and liabilities to the extent arising out of or based upon a breach by such party of this Agreement.

Provided, however, that OMNI's obligations and liability, if any, under this Section shall not begin until after (a) OMNI has completed in a timely manner its compliance review of the Employer's 403(b) program, (b) the Employer has implemented all recommendations made by OMNI with respect to the Employer's 403(b) program, and (c) OMNI has established the distribution account described in the Agreement and has commenced making distributions therefrom, so long as OMNI fulfills its above obligations (a), (b), and (c) within a reasonable time.

To the extent that OMNI has fulfilled its material obligations under this agreement. OMNI shall have no obligations or liability under this Section with respect to the time period before it completes its review hereunder. That Employer understands and acknowledges that if the Employer fails to comply with any of its obligations, or breaches of the same as set forth in this Section 3, and Section 4, OMNI shall not be liable in any way whatsoever, for any ensuing 403(b) compliance failures and/or errors, omissions, negligent or otherwise, in contract or in tort, or any other matters arising out of, connected with, or related to such failures and/or errors. Accordingly, Employer understands and acknowledges that indemnifications otherwise provided for in the Agreement, will not be applicable in the event that the aforementioned failures, errors, and/or omissions should occur.

Notices shall be sent to the following address: _____

7. TERM AND TERMINATION

- (a) This Agreement shall commence on the Effective Date and, unless sooner terminated as provided in Section 7(b) of the Agreement, shall remain in full force and effect from the Effective Date to the end of June of the current academic year.
- (b) Termination. This Agreement may be terminated at any time prior to the expiration of its term, as follows: Either Employer or OMNI may terminate this Agreement by giving the other no less than thirty (30) days advance written notice of termination, in which case this Agreement shall terminate on the effective date specified in such notice (which date shall not be less than thirty (30) days from the date of notice). Either party may cancel this Agreement immediately, in whole or in part, for material default, material breach, insolvency, bankruptcy, and inability to pay debts, or similar financial circumstances by the other. In the event of any such termination, OMNI shall invoice the Employer for any amounts due and payable for services rendered to Employer prior to the effective date of termination and Employer shall pay such invoice within ten (10)) days of Employer's receipt thereof. Upon payment of such invoice, OMNI shall deliver to Employer all work completed up to the effective date of such termination and neither party shall have any further obligation or liability to the other.

8. GENERAL

- (a) Entire Agreement and Amendment. This Agreement, together with any exhibits attached hereto, contains the complete and exclusive understanding and agreement of the parties with respect to its subject matter and supersedes, merges, and replaces all prior writings, discussions and understandings relating to such subject matter. This Agreement may only be amended by a written agreement and signed by authorized representatives of both parties.
- (b) Governing Law. This Agreement shall be governed by, and construed in accordance with, the laws of the State of New York. The Parties hereby consent to the exclusive jurisdiction of any State or Federal court located in _____ County, New York.
- (c) Force Majeure. Neither party shall be responsible to the other party for any loss, damage, compliance error or expense caused by its failure to perform any duty or obligation under this Agreement which is due to causes beyond its control, such as an act

of God, fire, flood, explosion, war, insurrection, riot, vandalism, terrorism, strike, power failure, interruption or loss of telephone/telecommunication services, or governmental act of regulation.

- (d) Severability. If any term or provision of this Agreement is found to be invalid or unenforceable for any reason, it shall be adjusted rather than avoided, if possible, so as best to accomplish the objective of the parties to the extent possible. In any event, the remaining terms and provisions shall be deemed valid and enforceable. It is expressly understood and agreed that each provision of this Agreement providing for a limitation of liability disclaimer or limitation of warranties, or exclusion of damages is intended by the parties to be severable and independent of any other provisions and to be enforced as such.
- (e) Assignment. This Agreement shall be binding on the parties and on their successors and assigns. Except as expressly provided herein, neither party shall transfer, assign or subcontract any right or obligation hereunder without the prior written consent of the other party, which consent shall not be unreasonably withheld.
- (f) Waiver. The failure of either party any time to require performance by the other party of any provision hereof shall not affect in any way the full right to require such performance at any time thereafter; nor shall the waiver by either party of a breach of any provision hereof be taken or held to be a waiver of the provision itself.
- (g) Cooperation. Each party to this Agreement agrees to execute and deliver all documents and to perform all further acts and to take any and all further steps that may be reasonably necessary to carry out the provisions of this Agreement and the transactions contemplated hereby.
- (h) Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original, but which together shall constitute a single instrument.
- (i) Notices. All notices relating to this Agreement shall be in writing, signed by the party giving or making such notice or communication, and shall be delivered by:
 - (a) Personal delivery;
 - (b) Telecopier facsimile transmission; or
 - (c) By postage-prepaid certified or registered mail (airmail if available), return receipt requested. Notices shall be sent to the address of the other party set forth below, or such other address as either party may specify in writing in accordance with this Section 8(i), and shall be deemed given upon personal delivery, three (3) business days after deposit in the mail, or upon acknowledgment or receipt of facsimile transmission:
- (j) This Agreement shall be incorporated by reference into and made a part of the governing document or documents of the 403(b) Plan.
- (k) This Agreement has been arrived at mutually and is not to be construed against any party hereto as being the drafter hereof or causing the same to be drafted. The undersigned representative of each party to this Agreement hereby represents and warrants that the undersigned is an officer, director, or agent of OMNI with full legal rights, power and authority to enter into this Agreement on behalf of the party and bind that party with respect to the obligations enforceable against the other party in accordance with its terms.

IN WITNESS WHEREOF, the parties have signed this Agreement as of the date or dates written below.

SCHEDULE

NAME OF DISTRICT: Washington County Board of Education

OMNI SALES REP.: Rodney Williams

EFFECTIVE DATE:

NO. OF ACTIVE PARTICIPANTS: 167

1. FEES

(a) Initial Set Up Fee, if applicable	\$3,495.00
(b) Ongoing Maintenance Fee	\$5,010.00 Minimum Fee \$2,995.00
(c) Plan Document Fee	\$3,000.00

2. Payment Schedule

(a) Initial Deposit, if applicable \$4,747.50

Due Date for Initial Deposit With signed contract

(Initial deposit: Set Up Fee, plus 25% of Ongoing Maintenance fee, due with signed contract)

(b) Balance \$6,757.50

The balance will be a prorated portion of the On-going Maintenance Fee, for remaining months in the Employer's current fiscal year, plus the Plan Document Fee. The balance will be invoiced 30 days after the signed contract is received and payment is due before OMNI remits contributions to the Participating Service Providers.

The first year price above is calculated based on number of Participants (as supplied by Employer) and will be adjusted to the actual number of Participants based on final count.

The above fees will be honored for a period of sixty (60) days from the receipt of this Service Agreement.

3. OMNI'S Remittance Schedule

Except for holiday weeks when processing days may vary, OMNI processes remittances on Tuesdays and Fridays provided that the Employer adheres the following:

<u>Files Received By</u>	<u>Funds Available For Use By</u>	<u>Day Processed</u>
Wednesday Midnight	Friday 11:00 A.M. EST	Friday
Friday Midnight	Tuesday 11:00 A.M. EST	Tuesday

4. 457(b)

Where applicable, to the extent that OMNI provides 403(b) remittance and compliance services to the Employer, it shall provide remittance and compliance services for 457(b) free of charge.

Jonesborough, TN 37659

Dear Ms. Thomas:

Thank you for returning your signed Services Agreement/Contract and initial deposit to The Omni Financial Group, Inc. for the administrative and IRS tax-compliance services for your district's 403(b) tax deferred plan. I have enclosed an executed copy of the Services Agreement for your records. OMNI will proceed in preparing the Written Plan Document for your district, and someone from our Start-up department will be contacting you shortly to begin the start-up process.

Thank you for your confidence in The Omni Group. We are looking forward to working with you and your staff. Please do not hesitate to contact me or your sales representative if you have any questions.

Sincerely,

Susan A. Jones
Omni Financial Group, Inc.

Re: Updated - Proposal for Control Upgrades
(6) Elem. School Locations + Added Controllers for DCHS & DBHS

Gentlemen,

HSC has updated the previous proposal to now include the upgraded controllers for the (2) High Schools. Proposal provided for the consideration of upgrading existing controls with ALC's latest line of controllers. Control upgrades on the existing ALC systems as well as on for the existing JCI system shall keep the existing control points and Sequence of Operations in place with no other points being added. Scope for each location is as follows:

Ridgeview Elementary

-This location shall involve removing the existing Johnson Controls system and replacing with ALC's latest line of Ethernet controllers. Control points provided shall be based off from what had been observed during initial walk-thru that took place when project was first evaluated back in '21.

-A total of (52) fifty-two controllers shall be provided for the Heat Pump units along with non-digital space temp sensors, discharge air temp sensors and current transformers for monitoring fan status amps.

-Four (4) controllers shall be furnished for the FAU's which shall be mounted inside the existing enclosures. Each controller shall be provided with the following sensors: exhaust air temp, return air temp, supply air temp, and outside air temp.

-The two (2) Gym units shall be furnished with a controller along with a non-digital space temp sensor, discharge air temp sensor and current transformer.

-Water Loop control shall be established by a controller which shall be installed in an existing enclosure. Outside air temperature shall be monitored by this panel as well as the Loop Water Supply and Return Temperatures by which strap-on sensors shall be

provided. Pump statuses shall be monitored thru a current transformer which shall read amperage. The existing Emergency Shutdown shall also tie into this control panel for operation.

-One Gateway shall be provided and/installed.

-Kitchen Unit, Café Unit and Dishwasher Unit shall each be furnished with a controller, non-digital space temp sensor, discharge air temp sensor and current transformer to read fan status.

-Ethernet wiring shall be provided which shall network back to each of the ALC controllers being provided and be fed thru a series of Ethernet manageable switches which shall come back to the main ALC system controller. Owners IT department shall be responsible for issuing the IP address for the system controller.

-All controllers furnished shall be programmed and system checked for operation which shall be viewable back onto the existing ALC Web server complete with graphics.

-It is HSC's intent to reuse all existing control wiring that is currently in place with exception of the communication wiring.

Lamar Elementary

-A total of (60) sixty controllers shall be provided and installed for the Heat Pump units along with non-digital space temp sensors, discharge air temp sensors and current transformers which shall be added for monitoring fan status amps. All existing control and thermostat wiring shall be reused. Additional control wiring for the fan statuses shall be furnished as needed.

-One controller shall be furnished for the Booster Unit along with (2) space temp sensors and current transformers.

-The sum of (2) two controllers shall be provided for the ERV units. Each unit shall be provided with a non-digital space thermostat and current transformer.

-Water Loop control shall consist of new controllers replacing the existing which shall control and/or monitor the following points: pump statuses, loop water supply/return temperature, common hot water supply temperature, tower supply temperature, and outside air temperature. Control functions shall consist of enabling/disabling the pumps, spray pump, cooling tower fan, tower damper, and boilers enable/disable functions. All new temperature sensors and current transformers shall be provided. Existing control wiring shall be reused.

-All Ethernet wiring shall be provided as required to network each of the new ALC controllers together by a series of Ethernet manageable switches which shall all come back to the main ALC system controller. Owners IT department shall be responsible for issuing the IP address for the system controller.

-All controllers furnished shall be programmed and system checked for operation which shall be viewable back onto the existing ALC Web server complete with color graphics.

South Central Elementary

-A total of (30) thirty controllers shall be provided and installed for the Heat Pump units along with non-digital space temp sensors, discharge air temp sensors and current transformers which shall be added for monitoring fan status amps. All existing control and thermostat wiring shall be reused. Additional control wiring for the fan statuses shall be furnished.

-The sum of (2) two controllers shall be provided for the ERV units. Each unit shall be provided with a non-digital space thermostat and a discharge air temp sensor. Controllers shall open/close the existing dampers and enable/disable units.

-One controller shall be furnished for the Administrations Split Unit. This controller shall have a non-digital space temp sensor provided as well as a discharge air temp sensor and current transformer to read fan status.

-Gym unit shall be supplied with new controller in addition to a non-digital combination space temp/CO2 sensor. Additionally, new sensors consisting of discharge air temp sensor and current transformer will be supplied. Controller shall operate the fan, emergency electric heat, cooling, and the existing outside air damper.

-The correct number of controllers shall be furnished to monitor/operate the upper and lower water loops. New temperature sensors and current transformers shall be provided to replace the existing devices.

-Communication wiring consisting of Ethernet shall network each of the ALC controllers back to the main ALC system controller thru a series of Ethernet manageable switches. Owners IT department shall be responsible for issuing the IP address for the system controller.

-All controllers furnished shall be programmed and system checked for operation which shall be viewable back onto the existing ALC Web server complete with color graphics.

Sulphur Springs Elementary

-A total of (50) fifty controllers shall be provided and installed for the Heat Pump units along with non-digital space temp sensors, discharge air temp sensors and current transformers which shall be added for monitoring fan status amps. All existing control and thermostat wiring shall be reused. Additional control wiring for the fan statuses shall be furnished.

-The sum of (3) three controllers shall be provided for the HRU's which shall contain the same type of controls being furnished as the Heat Pumps.

-Water Loop control shall consist of new controllers replacing the existing which shall control and/or monitor the following points: pump statuses, boilers 1 and 2 water supply temperature, loop water supply/return temperatures and outside air temperature. Control functions shall consist of enabling/disabling the pumps, spray pump on cooling tower, boilers enable/disable functions, open/close cooling tower fan, open/close existing hot water valves, and operation of the cooling tower fan speeds. All new temperature sensors and current transformers shall be provided. Existing control wiring shall be reused.

-Ethernet wiring shall be provided which shall network each of the new ALC controllers back thru a series of Ethernet manageable switches which shall all come back to the main ALC system controller. Owners IT department shall be responsible for issuing the IP address for the system controller.

-All controllers furnished shall be programmed and system checked for operation which shall be viewable back onto the existing ALC Web server complete with color graphics

Gray Elementary

-A total of (56) fifty-six controllers shall be provided and installed for the Heat Pump units along with non-digital space temp sensors, discharge air temp sensors and current transformers which shall be added for monitoring fan status amps. Additional control wiring for the fan statuses shall be furnished.

-Water Loop control shall be established by a controller which shall be installed to monitor Loop Water Return and Supply Temperature. This shall be achieved by new sensors that will be installed. Pump Status shall also be monitored by current transformers. An Outside Air temperature sensor shall also be provided.

-Ethernet wiring shall be provided that shall network each of the ALC controllers being provided that will feed back to a series of Ethernet manageable switches which shall all

come back to the main ALC system controller. Owners IT department shall be responsible for issuing the IP address for the system controller.

-All controllers furnished shall be programmed and system checked for operation which shall be viewable back onto the existing ALC Web server complete with color graphics.

-All existing thermostat & control wiring shall be reused. Additional wiring shall be provided for fan status as indicated above.

Fall Branch Elementary

-A total of (50) fifty controllers shall be provided and installed for the HCU's along with non-digital space temp sensors, discharge air temp sensors and current transformers which shall be added for monitoring fan status amps. Additional control wiring for the fan statuses shall be furnished.

-The Geothermal Loop shall be furnished with new ALC controllers which shall monitor the Loop Water Return and Supply temperatures, Outside Air temperature, and both Pump statuses. New temperature sensors and current transformers for status shall be supplied and terminated to the new controller.

-Ethernet wiring shall be provided which shall network each of the ALC controllers being provided and be fed back to a series of Ethernet manageable switches which shall all come back to the main ALC system controller. Owners IT department shall be responsible for issuing the IP address for the system controller.

-All controllers furnished shall be programmed and system checked for operation which shall be viewable back onto the existing ALC Web server complete with color graphics.

-It is the intent to reuse all existing thermostat and control wiring that is in place with the additional wiring provided for fan statuses as indicated above.

David Crockett and Daniel Boone High School including New Annex - Remainder

-These locations shall consist of new controllers along with new non-digital space temp sensors that will be provided/installed that will replace the remaining ZN Line and S-Line controllers that were not changed out under the original ESG project. There is a total of (91) ZN controllers and (6) S-Line controllers left to be upgraded.

General Notes/Conditions:

- Any existing control valves and/or control dampers shall be re-used.
- All existing low voltage control wiring shall be reused as much as possible.
- Installation shall be coordinated with owner.
- Working areas shall be cleaned up after each working session.
- All materials/labor provided shall have a 1-year warranty.
- Invoices shall be based on monthly progress and/or materials that have been purchased and received.
- Pricing good for 30 days

Cost Breakout per Location

Ridgeview Elementary: \$243,480.00

Lamar Elementary: \$292,917.00

1. Southbend Lathe #1 (13" x 40") Working condition, comes with 3 jaw chuck and taper attachment. Has typical wear for a machine of this age. Does not come with any extra tooling. Machine is wired for 208 3-Phase power.
2. Southbend Lathe #2 (13" x 40") Working condition, comes with collet chuck and taper attachment. Has typical wear for a machine of this age. Does not come with any extra tooling. Machine is wired for 208 3-Phase power.
3. Bridgeport Series 1 Vertical Milling Machine #3 Working condition when taken out of service. Has typical wear for a machine of this age. Power feed does not work. Has Acu-Rite digital readout, but is missing the x scale. Does not come with any tooling. Machine is wired for 208 3- Phase power.
4. Bridgeport Series 1 Vertical Milling Machine Not sure on working condition. Machine has a Bridgeport head but is on a Jet brand base. Has typical wear for a machine of this age. Does have a digital readout that worked when taken out of service. Machine is missing some parts as seen in pictures. Does not come with any tooling. Machine is wired for 208 3-Phase power.
5. Pantograph Machine with Brass Letters Machine appears to be in above average condition, and appears to function correctly. It does come with 4 sets of brass numbers/letters. Has not been in operation at our facility, so we know little about it. I believe it runs on 110 volt single phase power.
6. Small Pantograph Machine Machine appears to be in average condition, and appears to function correctly. Has not been in operation at our facility, so we know little about it. Wired for 110 volt single phase power.
7. Cutter/Tool Grinder Machine appears to be in good shape. It was not used at our facility so we know little about it.
8. Rockwell Model 20 Drill Press Machine operated as it should until it had a small electrical issue. Needs a fuse holder to be repaired. We don't use it and need floor space. Machine is wired for 208 3-Phase power.
9. Elox Wire EDM Has been sitting for a few years. It is an older and a slower machine that is mostly outdated. Some buttons don't work as well as they should. It did cut the last time it was used, but had some problems with consistency. Comes with a partial roll of wire. No other tooling is offered. Machine is wired for 208 3-Phase power.
10. Trailer from Grounds Crew
11. Flatbed from old Grounds Crew truck
12. Scag mower! 52 inch cut with a 26 hp engine.
13. Snapper mower
14. 136 1 piece student desks for students in grades 5 thru 8.
15. 225 2 piece student desks for students in grades 2 thru 12.
16. 73 30x60 tables for students from K thru 12
17. F-150 4x4, Bad Engine
18. Chevy Malibu (Driver's Ed)
19. Chevy Malibu (Driver's Ed)
20. E-250, Weak Engine, Bad Brakes
21. E-150, Rusted, Body Rough, Transmission slips
22. Chevy-3500 4x4, Rusted, Body Rough, Transfer Case problem, Very Bad Wiring

23. Passenger Van

Destination(include location) Key Club District Convention and Leadership Conference - Gatlinburg, TN - Park Vista Doubletree Hotel

Teacher Brandon Fenwick Class Key Club Grade Karen Norton Key Club

Chaperones Brandon Fenwick Number of Students Involved 15

Karen Norton Estimated Total Miles (Both Ways) of Trip 224 miles

*Bus Driver Allen Bishop has Bus Number agreed to drive us

if a substitute driver can be found for his regular route on Friday afternoon

Will the chaperones have a list (roll) that they are responsible for? Yes

As you plan the trip, will all children be given instructions as to what they should do if they become separated (lost) from the group? Yes

Will you have on file parental release forms signed by parents or legal guardians? Yes

Explain the educational value of this trip:

The K-T (Kentucky-Tennessee) District Convention is an opportunity for Key Club members from 15 divisions to be energized about involvement in Key Club. Through a keynote address, workshop opportunities, contest availability, and time to be social, students can grow in leadership skills, responsibility, and discover how to better impact their communities through service.

Total Cost Estimate: Cost range per student = \$220 - \$420

Plans for meeting the costs: Students/parents will cover costs, which vary based on hotel room occupancy (1, 2, 3, or 4 students per room)

Transportation cost for education trips shall be calculated in the following manner:

\$16.00 per hour for driver (2 hour minimum)
3.15 per hour to cover fixed charges (SS, Retirement, etc.)
\$19.15 Total to be remitted to the Central Office

Reimbursement for the bus and fuel shall be made at the rate of \$.75 per mile.

Chief Petty Officer, USN (Ret.)
Naval Science Instructor

IN REPLY REFER TO:
1533 / SNSI

From: Senior Naval Science Instructor
To: Cadets / Parents

Subj: **NJROTC ORIENTATION TRIP TO PATRIOT'S POINT SOUTH CAROLINA**

Encl: (1) Patriots Point Sea Bag List and Itinerary

Overnight Stay

David Crockett High School NJROTC will travel to Mount Pleasant, South Carolina to visit Patriot's Point. "Become a United States sailor aboard the historic USS Yorktown by participating in Operation Overnight. During your adventure, you'll walk among some of our military's most notable airplanes and ships while learning what life was like for Navy sailors. You'll sleep in traditional Navy berthing compartments and eat meals in one of the ship's many galleys. While aboard, you'll hear stories of heroism and experience the WWII aircraft carrier like no other as you go behind the scenes to Live Like a Sailor."

Schedule / Costs

We will depart David Crockett High School ROTC at 8:00 AM on Thursday (16 March 2023) and return on Saturday (18 March 2023) at around 2:00 PM. We will be staying onboard USS YORKTOWN for 2 nights. The cost for the trip will be **\$125.00** (points request authorized) which covers meals except Cadets should bring money for (2) meals while traveling and any spending money for the Ship's Store and gift shop.

Notes

Cadets will be provided a sea bag list. All cadets attending this trip will have approval from their teachers for missing school on Thursday and Friday. Cadets must be passing all classes and have no zero grades for uniform wear in NJROTC. Additionally, this is a school sponsored trip! No tobacco, alcohol, or drug use will be permitted. Cadets are expected to be ambassadors for the NJROTC program and your behavior will determine future success for other cadets. Chief Frank and I reserve the right to refuse cadets that do not meet the standards of dress or behavior. Any questions may be directed to Warrant Shumate: (423) 753-1165 or Chief Frank: (423) 913-3471

Hi Jeff,

Happy New Year. I am now able to give you a more accurate picture of our AP Exam order for this Spring.

At this time I plan to order 126 exams. Eleven will qualify for the reduced price of \$23.00. We will need to pay \$88.00 for 115 exams. Total will be about \$10,373.00 (provided I've done the math correctly) ;)

The order will be made in March, but I wanted to get these figures to you so you can communicate with the Board.

Miriam Robinson

School Counselor, David Crockett High School

I will order for these tests:

- AP Chemistry - 8 **One** with fee reduction.
- AP Literature & Composition - 7 **One** with fee reduction.
- AP Language & Composition - 12 None with fee reduction.
- AP Human Geography - 31 **Three** with fee reduction.
- AP US History - 12 None with fee reduction.
- AP US Government & Politics - 38 **Four** with fee reduction.
- AP Calculus AB - 9 **One** with fee reduction.
- AP Statistics - 9 **One** with fee reduction.

There is not a way for me to generate an invoice until the tests are all given. If someone misses a test there is a fee to return it unused, but that is much less than returning it used.

So we won't really know what we owe until we are finished. I will be finished May 9th.

You could turn in a PO "not to exceed" an amount.

Miriam Robinson

School Counselor, David Crockett High School

AP Exam Fees

June 15, 2023, is the postmark deadline for invoices and payments to be submitted to the AP Program. Late payments incur a \$225 late fee. Payment is **not** due to College Board at the time of ordering.

Schools determine when and how to collect and track exam payment. Students' checks or money orders should be made payable to the school administering the exam, **not** to College Board. Visit [Managing Fee Collection \(exam-administration-ordering-scores/ordering-fees/exam-fees/managing-fee-collection\)](#) for information about exam fee collection processes.

The cost per AP Exam increased by \$1 in 2022-23. The College Board fee reduction also increased by \$1 per exam for eligible students. Schools still retain a \$9 rebate per exam.

Exam Fees, Rebate, and Fee Reduction

Exam fee for on-time exam orders (by November 15, 2022, for full-year and first-semester courses; by March 15, 2023, for courses that start after November 15)

- **\$97** per exam at schools in the U.S., U.S. territories, Canada, and DoDEA schools
- **\$127** per exam at schools everywhere else (Note: Fees may vary for exams at College Board–authorized test centers outside the U.S.)
- **\$145** per exam for AP Capstone™ Exams (AP Seminar and Research)

School rebate

- **\$9 per exam**

College Board fee reduction for eligible students

- **\$35 per exam**

Fees may apply to exams ordered after the November 15 final ordering deadline. The table below outlines the fees for 2022-23.

Other Fees

Late order fee

\$40 per exam in addition to base exam fee.

 [Live Chat](#)

Other Fees

Additional fee applied to each exam ordered between November 16, 2022, and March 15, 2023, 11:59 p.m. ET

(Note: This fee won't apply to exams for courses that start after the November 15 final ordering deadline—for example, second-semester or spring block courses—and exams for students who transfer to your school.)

Unused/canceled exam fee

\$40 per exam for:

- Exams canceled in AP Registration and Ordering after November 15 and by March 15 (11:59 p.m. ET)
- Exams that aren't taken and are indicated as unused in AP Registration and Ordering before the school's invoice is generated. (Invoices are generated after late testing ends.)

The original exam fee is removed from the invoice.

Late-testing fee

\$40 per exam (in addition to base exam fee) as applicable for alternate exams for late testing.

(Note: Most reasons for late testing don't incur an additional late-testing fee. Review the [late-testing policies](#) ([/exam-administration-ordering-scores/ordering-fees/late-testing](#)) for details.)

 [Live Chat](#)

AP Exam Fee Reduction

- Visit [AP Exam Fee Reductions](#) ([/exam-administration-ordering-scores/ordering-fees/exam-fees/reductions](#)) for information about eligibility criteria and the procedure for indicating eligible students for the College Board fee reductions in AP Registration and Ordering.
- Some states also provide funding for AP Exams. Learn more at [Federal and State AP Exam Fee Assistance](#) ([/exam-administration-ordering-scores/ordering-fees/exam-fees/federal-state-assistance](#)).

00:29:53

diffuse the emotional stress."

The Coordinated School Health Department, which includes the Nurses, would like to continue to support students by expanding social and emotional support throughout the school buildings, serving students in need that are showing they need time to be able to just step away from the whole group for a short period but still hear the lesson in a calming space or seat. Students who need to improve their social skills before reaching high school need support. School personnel has noticed a behavior change in students who have been affected by the experience of how school was done with COVID-19 in the past three years. The items are researched and strategies to provide schools resilience and social and emotional support.

One school notes: Multiple students receive breaks to assist with regulating emotions and controlling impulsive behaviors. Based on the needs assessment data from the counseling program, students in grades 4th-8th have difficulty managing emotions. A calm-down corner start-up kit would give teachers the tools to create a safe place for students to process their thoughts and emotions.

RE: Funding of Athletic Area & Playgrounds

We have an opportunity to obtain a substantial amount of grant funding to complete the playgrounds and athletic area associated with the new Jonesborough School. Facilities eligible for funding include the following:

- Athletic fields
- Play courts (tennis & pickleball courts)
- Playgrounds
- Picnic areas and pavilions
- Trail (walkway) construction
- Recreation buildings and structures (concession/ restrooms and maintenance buildings)

There is no cap this cycle on the amount of the grant request through TDEC's Local Parks and Renovation Fund. This is the first time and likely will be the only time there is no cap. It is usually \$500,000. The only restriction is that we have to provide a 50% match. As you can see from the list of eligible facilities above there is essentially nothing in our overall site plan for the project that is not grant eligible. We have been in touch with the leadership of the LPRF grant program, and they are expecting at least a grant request from us of a million dollars which results in a \$2 million project. As you know, the grading and sowing of the fields is in BurWil's contract and that is a large cost of ballfield development. We have also already contracted with McCall Commercial Fencing to fence the baseball and the softball fields. McCall has the materials they are waiting for final grading to be completed and the weather has not cooperated.

Playgrounds We have design plans for the three playgrounds around the school building that we have sent to you a number of months ago for your input. I can have those plans sent to you again if you need them. The LPRF application has to be submitted by the Town by February 15th, and we would like to include the three (3) playgrounds in our application. The cost figures we have received that are supposedly based in 2023 pricing for all the equipment and installation in the 3 playgrounds is a little over \$900,000. There is no funding originally allocated in the project expectations or budget for playground equipment. However, we know it should be a priority because playgrounds are heavily used by students.

We are requesting that you and the School Board members consider allocating the same amount of \$300,000 to help fund the Jonesborough K-8 School playgrounds that was allocated in the recent past for the playground at Boones Creek Elementary. A commitment of \$300,000 from the School Board actually generates an additional \$300,000 in LPRD grant funding. We would then only have to come up with an additional \$150,000 - \$160,000 in funds in order to match the entire \$900,000 for all three playgrounds. We can come up with the additional match through the project savings. Again, we are only requesting the same allocation previously provided for Boones Creek Elementary and we feel we can have all three playgrounds in place when the new Jonesborough School opens.

Shared Lease Agreement The LPRD funding is available to the Town, but it can be used with facilities associated with a school site as long as those outside facilities are made accessible to the general public after school hours or formal school functions. The Town's community recreation programming with the outside facilities is certainly based on scheduling after school use. Our maintenance at the facilities and field preparation would include both school and community use.

Athletic Area We will need to build the concession/ restroom building that is located between the baseball/ softball field area and the large football/ soccer field and track area. We had a budget of \$827,000 in the project costs for Athletic fields and we spent about \$223,000 for the ballfield fencing. So we have a little over \$600,000 we can use for match which would generate project costs of \$1.2 million. We have about \$85,000 in BurWil's contract for walkway paving, and that could match the same amount of money of the timing works out, and grading is already in the budget.

Field lighting is a major expense. The field area the Town is probably most interested in lighting is the multipurpose (practice) field area because that is the field space that will be used by the Youth Soccer Association that partners with the Town currently at Persimmon Ridge Park. Other new sports like field hockey or lacrosse are likely to be played on the multipurpose field area whether sponsored by the school or the Town. We will develop plans to light the two ballfields as well as the football/ soccer field.

The most updated for the athletic area includes two tennis/ pickleball courts, and a playground between the concession building and the multipurpose field area. We will also look at cost figures associated with those two facilities. The application for Blue Cross Healthy Place funding was not successful, so we are looking at a different approach to that playground in the field area.

The LPRF funding allows for in-kind work, and Town staff can perform some of the labor and equipment, but that only can happen if we have the time. Our street crew will be tied up making improvements to N. Cherokee Street, and there is a significant cost in paving the northern lane above the school.

Park Name - The LPRF application process calls for the park name in the title of the project. With a community recreation program involved, naming the athletic field area would be helpful. I would think Tiger Park would be a good name. We have a turn off of US-11E onto "Tiger Way" taking you to Tiger Park. It gives the fields a specific name and ties them to the school. Regardless, it would be helpful in the grant applications to have a park name.

Summary The Town has to be the applicant for LPRF grant dollars, and with just a commitment from the School Board to provide \$300,000 for the playgrounds, we know we will have at least a \$2 million project. Th \$300,000 is all we are asking financially of the School System. We know we have a lot of support from Nashville. The head of the program was at the McKinney Center when Clark Nexsen did the video presentation for the BMA and others. We can use land cost for match, and it is very likely that we will request more than \$1 million in grant assistance. Our goal is to have the entire site complete when the new school opens. Obviously, there is no way to make that happen without some serious grant assistance.

Please let me know if you have any questions. We will be working on concession and lighting plans, and I will work to continuously keep you informed in the next few weeks.

Thanks

RE: Final Layout Plans for Jonesborough K-8 Courtyard & K-5 Playground

Attached are what is being considered the latest potentially final plans of the Courtyard area and K-5 Playground/ Social Area of the new Jonesborough K-8 School. Please take a look at these plans and let us know if we have missed something important to you. We have sent you previously the plans for the playground areas around the school building, and the equipment within those playgrounds has not changed. These equipment schematics were also attached to a narrative of the homework” Rachel Conger undertook in determining the safety and skill building features involved in the design process. The more recent reviews of the courtyard and K-5 Playground/ Social areas have been based on security, utilities and maintenance.

The following are general assumptions that have been made that have impacted the design of these two areas close to the school building:

1. The three playground areas have been designed so that there is an outside entrance that will allow community use of the three playground areas after school hours. This community use aspect is built-in to the original agreement documents but is also a critical component of obtaining the funding necessary to build the playgrounds. There never has been any playground funding in the project funding. The CDC playground is the most expensive of the three playground areas, and the Town has no playground that is designed to facilitate use by handicapped persons. Because of the expense, it makes sense to allow community use of one really good playground area for the handicapped that is attached to the CDC classrooms but available to others after school hours.
2. The fencing of the playground areas on the outside is six-feet high for safety reasons in order to discourage someone trying to go over it. For example, with the CDC playground, the fencing across the open end of the U-shaped building is six (6) feet high, while the remaining fence around the CDC playground area within the courtyard is four (4) feet high.

3. The only area of the courtyard that is intended to be available to the public after school hours is the CDC playground. The use of the remaining area of the courtyard would be determined by school system staff.
4. The Town is assuming that the routine care and maintenance of the courtyard and playground areas will be the responsibility of the Town through the Facility Lease Agreement. The courtyard and K-5 playground/ social areas have double gates in the fencing. That will allow access by a maintenance vehicle. Electrical outlets are along the building wall. Water hydrants are available on the building walls in the Courtyard and playground areas, but there will be two surface mounted yard hydrants in key locations near the outside fence of the playground/ social area allowing access to water.
5. There is no outside lighting included at this time that would allow after dark use of the courtyard, the K-5 playground/ social area or the Pre-K playground. The Town is not encouraging community use of these areas after dark. The School System, however, may want us to consider some lighting within the courtyard that might facilitate to school use after dark. It is a fairly large area that will be nicely landscaped and the patio area from the Media Center and Art/ Band Room area would make a nice outside location for school-based meetings or activities. Please let us know if you want us to look at lighting in the Courtyard other than maybe some building mounted security lights.
6. We want the CDC classrooms to have quick and easy access to the CDC playground in order to reduce the opportunity for CDC kids to become "runners". We will try to look at a more decorative style of fencing associated with the Pre-school playground. Parents bringing and picking up pre-school children will need to access their classrooms directly through the playground unless school leadership changes current access expectations.
7. There is an assumption that the K2 portion of the playground should be located together in a grouping slightly separate from equipment designed for slightly older youth.
8. The outside eating area associated with the cafeteria is only accessed from the cafeteria.
9. The fountain area within the courtyard creates a central focal point of interest, but still allows someone in the media center patio to look all the way through to the other end of the courtyard. The only active area within the courtyard is within the CDC playground, and landscaping will screen the east and south sides of the playground fencing in order to greatly reduce any distraction to the classrooms with windows facing the Courtyard. The fountain is a medallion shaped (potentially a mosaic) feature of a tiger paw or head with water coming out of its center flowing over the edge into a re-circulating pond where it is pumped back up again. The water creates some soothing background noise.
10. There are grassed areas and landscaped areas. We will explore the cost of artificial turf in the grassed areas which would reduce maintenance and extend availability of use.

Again, please let us know if we have missed something you would like us to address. Otherwise, we will proceed with the final plan and moved forward with the utility installation.

Note: I am sending you a separate memo regarding playground and athletic area funding.

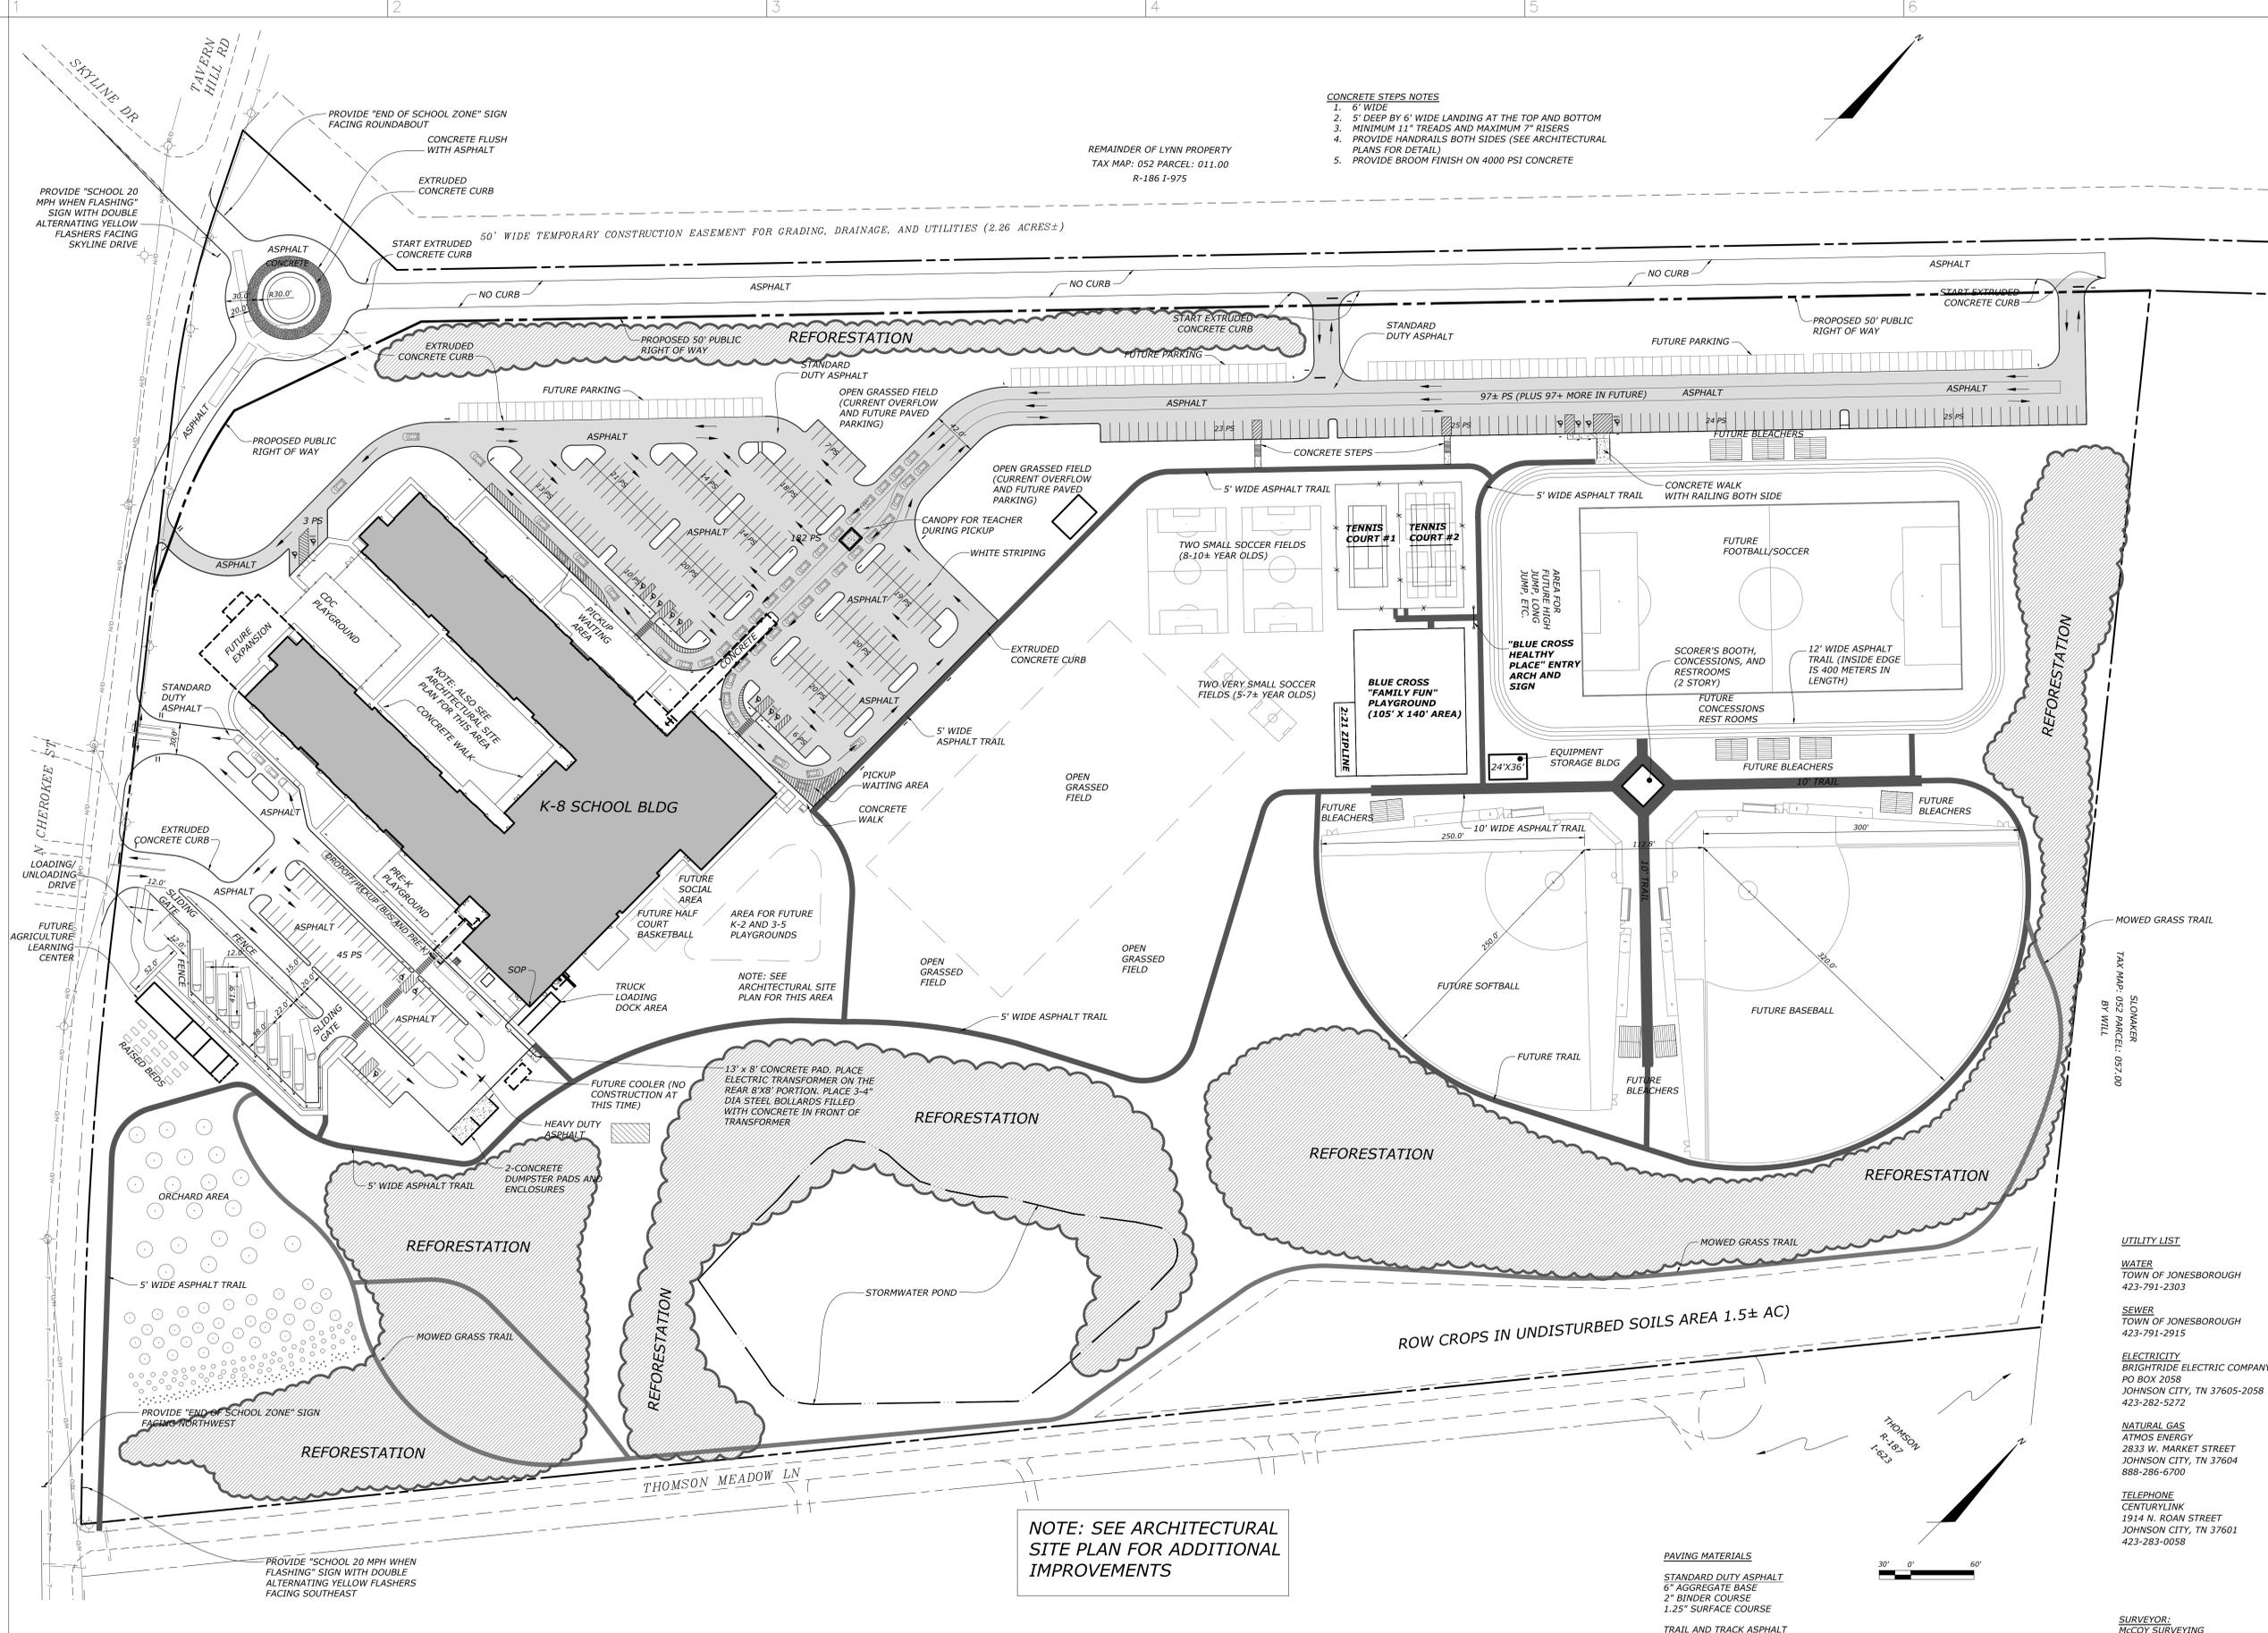

Thanks

RESOLUTION REQUESTING GENERAL ASSEMBLY TO AMEND TENNESSEE CODE ANNOTATED § 49-6-3115 TO ALLOW SCHOOL DISTRICTS TO MAKE RETENTION DECISIONS FOR STUDENTS

WHEREAS, the role of the Washington County Board of Education is defined in Board Policy 1.101, which includes striving to provide the best educational opportunities possible for all children; and

WHEREAS, during its 2021 first extraordinary session, the Tennessee General Assembly adopted Public Chapter No. 1, now codified as T.C.A. 49-6-3115, which provides in pertinent part that, “Beginning with the 2022-2023 school year, a student in third-grade shall not be promoted to the next grade level unless the student is determined to be proficient in English language arts (ELA) based on the student achieving a performance level rating of “on track” or “mastered” on the ELA portion of the student’s most recent Tennessee Comprehensive Assessment Program (TCAP) test”; and,

WHEREAS, the Washington County Board of Education believes that retention decisions regarding children should be research-based, informed by multiple data sources, and include parental input; and

WHEREAS, the Tennessee State Board of Education’s Promotion and Retention Policy 3.300 lists a minimum of factors to be considered when identifying students for retention, including:

1. The student’s ability to perform at the expectations of the current grade-level standards;
2. The results of local assessments, screening, or monitoring tools;
3. State assessments, as applicable;
4. The overall academic achievement of the student;
5. The student’s likelihood of success with more difficult material if promoted to the next grade;
6. The student’s attendance record; and
7. The student’s social and emotional maturity; and

WHEREAS, the same Tennessee State Board of Education policy notes that “Retention shall be considered only when it is in the best interests of the student;” and

WHEREAS, retention may have adverse effects on students, including those with disabilities and at-risk students; and

WHEREAS, other states that have adopted legislation regarding retention of third grade students have included a provision allowing school districts to promote students not proficient in ELA as measured by standardized tests based on school district data demonstrating an understanding of ELA via alternative knowledge assessments.

NOW, THEREFORE, BE IT RESOLVED, on this 7th day of February, 2023, that the Washington County Board of Education urges the General Assembly to amend Tennessee Code Annotated § 49-6-3115 to allow school districts to make retention decisions for all students based upon the totality of data, discussion among stakeholders, and the expertise of education professionals regarding the best interests of each student.

Tenn. Code Ann. § 49-6-3115

Copy Citation

Current through the 2022 Regular Session.

[TN - Tennessee Code Annotated](#) [Title 49 Education](#) [Chapter 6 Elementary and Secondary Education](#) [Part 31 Assignment of Students Generally](#)

49-6-3115. Promotion of students from third grade.

(a)

(1) Beginning with the 2022-2023 school year, a student in the third grade shall not be promoted to the next grade level unless the student is determined to be proficient in English language arts (ELA) based on the student's achieving a performance level rating of "on track" or "mastered" on the ELA portion of the student's most recent Tennessee comprehensive assessment program (TCAP) test.

(2) Notwithstanding subdivision (a)(1):

(A) A student who is not proficient in ELA, as determined by the student's achieving a performance level rating of "approaching" on the ELA portion of the student's most recent TCAP test may be promoted if:

(i) The student is an English language learner and has received less than two (2) years of ELA instruction;

(ii) The student was previously retained in any of the grades kindergarten through three (K-3);

(iii) The student is retested before the beginning the next school year and scores proficient in ELA;

(iv) The student attends a learning loss bridge camp before the beginning of the upcoming school year, maintains a ninety percent (90%) attendance rate at the camp, and the student's performance on the post-test administered to the student at the end of the learning loss bridge camp, as required under § 49-6-1502(4)(F), demonstrates adequate growth, as determined by the department; or

(v) The student is assigned a tutor through the Tennessee accelerating literacy and learning corps (TALLC) to provide the student with tutoring services for the entirety of the upcoming school year based on tutoring requirements established by the department; and

(B) A student who is not proficient in ELA, as determined by the student's achieving a performance level rating of "below" on the ELA portion of the student's most recent TCAP test may be promoted if:

(i) The student is an English language learner and has received less than two (2) years of ELA instruction;

(ii) The student was previously retained in any of the grades kindergarten through three (K-3);

(iv) The student attends a learning loss bridge camp before the beginning of the upcoming school year and maintains a ninety percent (90%) attendance rate at the camp, and is assigned a tutor through the TALLC to provide the student with tutoring services for the entirety of the upcoming school year based on tutoring requirements established by the department.

(3)

(A) A student who is promoted to the fourth grade pursuant to subdivision (a)(2)(A)(v) or (a)(2)(B)(iv), must show adequate growth on the fourth grade ELA portion of the TCAP test, as determined by the department, before the student may be promoted to the fifth grade.

(B) Notwithstanding subdivision (a)(3)(A), a student shall not be retained in the fourth grade more than once.

(b) Subject to available funding, and to the extent authorized by federal law, LEAs and public charter schools may use temporary assistance for needy families (TANF) program funds to cover up to fifty percent (50%) of the costs associated with providing tutoring services for students pursuant to subdivision (a)(2)(B)(iv).

(c)

(1) Subsection (a) does not supersede an LEA's or public charter school's obligation to comply with the Individuals with Disabilities Education Act (20 U.S.C. § 1400 et seq.) or Section 504 of the Rehabilitation Act (29 U.S.C. § 794).

(2) LEAs and public charter schools shall not retain a student based on the student's disability or suspected disability.

(d) The state board of education shall promulgate rules to establish an appeal process, to be administered by the department, for a student who is identified for retention in third grade pursuant to subdivision (a)(1) based on the student's achieving a performance level rating of "approaching" on the ELA portion of the student's most recent TCAP test. The rules must provide that if an appeal is filed, the filing must be made by the student's parent or guardian. The rules must be promulgated in accordance with the Uniform Administrative Procedures Act, compiled in title 4, chapter 5.
