## Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

**Note:** If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

## Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

**Certification instructions.** You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

### What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

### Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

Good Afternoon Wanda,

I have reviewed the estimate, and I am ready to issue payment. We will have a release that will need to be signed by an authorized representative as the check will be made to the County. In my system I just have Washington County listed. I see that you are with Washington County Board of Education. Whom does the check need to be made too as well as the address for them to make sure I have the correct information. I can process this via DocuSign, or I can have the check printed and ready for pick up at my office listed below. Please advise.

As an athletic trainer working at David Crockett High School, I see firsthand the impact that injuries can have on our student-athletes. With a ratio of one athletic trainer to 350 plus student-athletes, it's challenging to provide the level of care and attention each student deserves. Partnering with Highland Sports Medicine would significantly enhance the support system available to our athletes.

This collaboration would not only provide access to specialized physical therapy for rehabilitation but would also allow sports medicine physicians to see our athletes directly in the athletic training room on an as needed basis. Having these highly qualified professionals come to us would be an incredible time-saver for both parents and students, minimizing the need for off-campus appointments which will also reduce lost instruction time in the classroom. Most importantly, it ensures that our student-athletes are receiving the most comprehensive and convenient care possible, helping them recover safely and efficiently to return to their sport in optimal condition.

Respectfully,

Bryon Grant

## **BucSports Partnership with Washington County Schools**

### **Purpose/Objective**

The primary objective of this partnership is to provide on-site, evidence-based physical therapy services to athletes at David Crockett and Daniel Boone High Schools, with the flexibility to expand services to middle schools as necessary. The program will also support and supplement the athletic trainer (ATC) when required, ensuring comprehensive care for student-athletes.

### **Strategy**

BucSports will deploy a Sports Certified Specialist Physical Therapist (or a sports specialist in training) to be present at the high schools during hours determined by the needs of the program and in collaboration with the Athletic Trainer Coordinator (ATC). The physical therapist will provide on-site care for injured athletes and will be present at athletic events when necessary, particularly when multiple events are taking place simultaneously.

The program will commence in the fall with an initial commitment of six (6) hours per week, consisting of two (2) 3-hour sessions after school. The schedule and hours will be adjusted as necessary to meet the growing demands of the program.

### **Financial and Billing Procedures**

BucSports will bill the athlete's or parent's insurance provider based on the patient's age, following a referral from the ATC. This billing process will be identical to what would occur if the athlete sought care at a traditional physical therapy clinic. No billing or evaluation will take place without prior communication and consent from the athlete and their parent or guardian.

Additionally, the secondary insurance provided by the high school will be billed to minimize out-of-pocket costs for student-athletes.

### **Documentation and Compliance**

A Memorandum of Understanding (MOU) between BucSports and Washington County Schools is currently under review by the legal team at East Tennessee State University (ETSU) to ensure compliance with legal standards and formalize the partnership.

BucSports will also provide a parental consent-to-treat form, which will be included in the student-athlete's pre-season paperwork to meet legal and ethical standards of care. Prior to the initiation of any treatment, the physical therapist and/or ATC will contact the parent or guardian of the injured athlete to discuss the proposed care plan and obtain verbal consent in accordance with ethical best practices.

## **Disclaimers**

Participation in the BucSports program is entirely voluntary. Athletes and their families have the right to seek care from any healthcare provider of their choosing. While BucSports will maintain an exclusive presence within the school system to avoid conflicts with other clinics, students are not required to use BucSports for their physical therapy needs.

## **Benefits for the School**

### **1. On-Site Physical Therapy Services:**

On-site physical therapy will be available, ensuring prompt access to care by board-certified specialists. This will expedite recovery, enabling athletes to return to their respective sports at peak performance levels and minimize the risk of injury.

### **2. Supplemental Sports Coverage:**

BucSports will provide additional sports coverage to alleviate the workload on the Athletic Trainer (ATC), particularly during situations where multiple athletic events occur simultaneously. This will ensure that athletes continue to receive proper care, even in busy or overlapping event schedules.

### **3. Educational Benefits:**

The partnership with BucSports allows for the integration of expert specialists in the fields of sports medicine and physical therapy during injury rehabilitation. This collaboration with the ATC will form a comprehensive medical team dedicated to student-athletes' health. Furthermore, the development of residency programs within the partnership will expand coverage and care options as demand grows. The introduction of athletic training and sports physical therapy residency programs will further strengthen the school's medical team and enhance service delivery.

## Benefits for BucSports

1. **Expanded Reach and Diverse Clientele:**

BucSports will extend its presence into the local school system, broadening its service footprint and accessing a diverse population for rehabilitation services.

2. **Reimbursement Opportunities:**

BucSports will be eligible to receive reimbursements from the insurance policies of student-athletes' parents/guardians, as well as from the school's secondary insurance coverage. This will help offset the costs associated with the provision of treatment and operational services.

3. **Marketing and Brand Visibility:**

BucSports will gain significant marketing exposure through its presence within the school system and at sporting events, strengthening brand recognition and community engagement.

## Requirements from the School

1. **Space Allocation:**

The school will provide designated space within the training room to accommodate the physical therapy services in collaboration with the ATC.

2. **Formal Agreement:**

A Memorandum of Understanding (MOU) will be established to formalize the partnership, outlining expectations, responsibilities, and terms of the collaboration.

3. ATC/school will be responsible for providing the plan of care forms created by BucSports to the student athletes with their pre-season paperwork.

## Requirements from BucSports

1. **Evidence-Based Care:**

BucSports will provide care that adheres to evidence-based practices, ensuring compliance with the legal and ethical standards set by the state and the governing physical therapy boards.

2. **Liability Insurance Coverage:**

BucSports will maintain appropriate liability insurance for its providers at the facility, ensuring no financial burden is placed on the school system.

3. **Consistent Communication and Coordination:**

BucSports will maintain clear and regular communication with student-athletes, their parents/guardians (in compliance with HIPAA regulations), and the ATC to ensure optimal care delivery.

4. **Supplemental Sports Coverage:**

BucSports will provide supplemental sports coverage as needed, ensuring that all services comply with Tennessee state law and the state practice act.

## **Partnership Duration**

The partnership will have an initial term of one year, as stipulated in the MOU. The agreement will automatically be renewed unless either party raises concerns or disputes prior to the renewal date.

I just wanted to send you a quick message regarding a partnership with Highland Sports medicine physical therapy. I believe this will be a great benefit to our student athletes and their families.

They have proposed sending a physical therapist to the athletic training room at each high school to offer physical therapy services to any of our student athletes that require physical therapy. I believe this is a great benefit to our athletic community for several different reasons.

1. Accessibility: being able to receive services in a convenient location so student athletes wouldn't need to miss class.
2. Increased quality of care: The PT's have a strong background in treating athletes at the collegiate level. With the amount of athletic events we host, I am often unable to offer our student athletes the one-on-one time needed to administer the in-depth rehabilitation necessary for their return to sport.
3. Communication: Being able to communicate with the PT's on a regular basis will be better for everyone involved, including the student athlete, their parents, coaches, myself and the athletic administration. With increased communication with them, it will lead to a greater continuity of care and expedited recovery because I will be able to oversee their rehab plans on days that the PT's are not on campus ( continuation of #2). It has been my experience that when one of our student athletes is attending formal PT, there is a disconnect in communication between the therapist, the student athlete and myself.

Ultimately, I believe that this partnership would greatly benefit our student athletes and our community through greater accessibility to physical therapy services. This is an opportunity to provide something to our student athletes that is usually only seen at the collegiate level or beyond.

Thanks for giving me the opportunity to share my thoughts on this subject.

### **Policy 1.1021 - Student Board Member (New Policy for WCBOE)**

Public Chapter 359 requires Boards that operate at least one high school to adopt a policy authorizing a student board member. Boards that already have policies on student board members or student advisory groups may maintain the current language. Based on this new requirement, we created the model policy below. This model contains suggested language for criteria, and we encourage you to update this model to best serve your district.

### **Policy 1.407 - School District Records (WCBOE 1.408)**

Previously, state law permitted individuals to submit a records request via fax. Public Chapter 94 removes this option.

### **Charter School Policy Changes**

We are recommending changes to several charter school policies based on Public Chapter 275. This new law shifts certain responsibilities to the State Board of Education and the TN Public Charter Schools Commission. Additionally, there is a new requirement that Boards report all charter applications received to the TN Public Charter Schools Commission.

### **Policy 2.403 - Surplus Property Sales**

In the past, federal regulations required that certain actions be taken when property valued at \$5,000 or below was disposed of. This limit has been increased to \$10,000. We have revised policy 2.403 to align with this new standard. Additionally, Public Chapter 500 includes new criteria for posting notices on news and information websites. This new law clarifies that the website is not intended to be the same newspaper of general circulation utilized for the printed publication.

### **Policy 3.202 - Emergency Preparedness Plans**

Public Chapter 315 clarifies that no more than two fire drills are required to occur within the first thirty full school days.

### **Policy 3.204 - Threat Assessment Team**

There are new reporting requirements regarding threats and significantly disruptive behavior. A report must be made to parents/guardians within forty-eight hours of the district reporting to law enforcement. Additionally, there must be a quarterly report of incidents provided at board meetings.

### **Policy 4.100 - Instructional Program**

### **Policy 5.500 - Discrimination/Harassment of Employees**

### **Policy 6.304 - Student Discrimination, Harassment, Bullying, Cyber-bullying, and Intimidation**

We are updating three policies in response to Public Chapter 293. This new state law requires Boards to include the definition of antisemitism in anti-discrimination policies. The full definition is included in the updated version of policy 4.100, and policies 5.500 and 6.304 have been updated to refer to that definition.

### **Policy 4.212 - Virtual Education Program**

Public Chapter 484 permits districts to use hybrid learning in the event of dangerous or extreme weather or in an emergency, as determined by the Director of Schools. If a district uses hybrid learning, the Board must have a policy in place regarding student attendance.

### **Policy 4.301 - Interscholastic Athletics**

Students attending virtual schools will now be permitted to participate in interscholastic athletics in accordance with TSSAA or TMSAA guidelines. If a school is not a member with these organizations, virtual school students zoned for the particular school shall be able to participate in interscholastic athletics to the same extent as other students. We have added a provision to the model policy on this aspect.

### **Policy 4.403 - Library Materials**

A recent change to state law clarifies that materials may not be excluded from school libraries solely on the grounds that they are religious.

### **Policy 4.406 - Use of the Internet**

The Teen Social Media Act specifies limits that must be in place for district internet use regarding age-appropriate content and protecting personal information. This new law also requires that districts prevent students from accessing social media platforms on district provided internet unless expressly authorized by a teacher for educational purposes.

### **Policy 4.601 - Reporting Student Progress**

Report cards for students in grades K-8 must now include the student's score on the most recently administered universal reading screener and the results of a dyslexia screener, if applicable.

## **Policy 5.110 - Compensation Guides & Contracts**

State law now permits Boards to determine whether to compensate a teacher's estate or designated beneficiary for unused leave time. If your Board would like to offer this benefit, we recommend adding a provision to your policy.

## **Policy 5.119 - Employment of Retirees**

Public Chapter 159 makes several changes that will impact employing retirees in the 2025-2026 school year. Importantly, there is now a requirement for a bona fide separation of service prior to reemployment. This includes a sixty day separation of service, and there can be no previous agreement to return to work. We have reworked this model policy to align with the changes to state law.

## **Policies 5.305 (Family and Medical Leave) & 5.701 (Substitute Teachers)**

A clean-up bill, Public Chapter 235, made several changes to state law. One significant change is to the paid parental leave statute and which employees may use this type of leave. Under the new law, employees must satisfy the following criteria to be eligible for this paid leave: (1) have received a license or an emergency credential from the Department of Education required for the relevant position; and (2) be in a full-time position that requires the relevant license or emergency credential for at least twelve consecutive months. The changes to state law also clarify how this leave can be taken. Now, employees may choose whether to take the leave consecutively or nonconsecutively but in increments of no less than one week. Please note that there is a difference in how attorneys are interpreting this law. We recommend speaking with your board attorney prior to implementation. If necessary, we will send out further updates to this policy.

Additionally, Public Chapter 235 changes the number of days that a substitute teacher can teach without a license. This was previously set at twenty days and has been increased to thirty.

### **Policy 6.200a - Attendance**

Public Chapter 401 requires entities that provide released time courses to submit proof of compliance with state law on background checks. We maintain an optional provision on released time courses in our alternate version of policy 6.200. This version of the model policy has been updated to highlight the responsibility of these independent entities.

### **Policy 6.303 - Questioning Students and Searches**

There is a new training requirement for school personnel who may conduct searches of students. Going forward, any searches of students must be carried out by a school resource officer, a school security officer, or a school administrator who has completed state required training. Public Chapter 244 requires the Department of Education to develop this training. We have updated this policy to align with these legal changes.

### **Policy 6.312 - Use of Wireless Communication Devices**

Public Chapter 103 requires Boards to adopt a policy on student use of wireless communication devices. We have created two versions of this model policy to assist Boards that may desire to have different practices for younger students. Both versions include exceptions required by state law (e.g., use during emergencies).

### **Policy 6.411 - Student Wellness**

Previously, state law required elementary students to receive 130 minutes of physical activity per week. This has now been increased to 40 minutes each full school day. Middle and high school students are still required to receive 90 minutes of physical activity per full school week. These requirements are separate from physical education classes.

## **Policy 6.600 - Student Records**

If a student transfers from one school to another, Public Chapter 156 requires the district to provide a copy of a student's records to the new school within five business days. We have added a provision to our model policy to clarify this obligation.
