The RDB-U14 Preliminary Plat Subdivision application was approved August 9, 2022; however, the application expired, and the applicant resubmitted the application. There have been no changes to the application since the initial submittal and approval. The application expired due to a pending TIA issue that has now been resolved. The proposed RDB-U14 Preliminary Plat Subdivision includes 68 lots for single-family residential development, the smallest lot measuring approximately 6,186 square feet and the largest lot measuring approximately 8,769 square feet in size. The applicant proposes a 52' ROW Residential Subcollector Street and a 76' ROW Minor Arterial Street to serve all the lots in the subdivision.

The developer has proposed to dedicate 5.022 acres of parkland with Unit 13 to account for the entirety of the remaining Rancho Desierto Bello development, Units 12-20. The

total number of units for both phases of Unit 15 is 149 lots, putting the current cumulative lot total for Units 12-20 of Rancho Desierto Bello at 386 lots. In accordance with Section 2.8.1 of the Subdivision Ordinance, this results in 2.5 acres of required parkland and \$4,400 parkland fees due. After Unit 15, the developer will carry 2.522 acres of parkland credit that is eligible to apply to the remaining units of the development. RDB Unit 14 requires cumulative parkland of 0.5 acres for the proposed 68 lots and \$1,600 parkland fees due. After Unit 14 the developer will carry 2.022 acres of parkland credit that is eligible to apply to the remaining units of the development and the remaining credits will expire 9/21/2023, if not used.

El Paso County 9-1-1 District:

The 911 District requests that another name be substituted for Desert Cactus as this street name already exists in our response area. Also, please see below link to proper spelling for the proposed Ferro Cactus listed on the plat.

El Paso Electric:

Please have the developer include a 5' wide easement along the back of the lots 134 - 118 as shown below. We have an existing line in the area, not shown with easement, 1836, 1381.

Additional Requirements:

Within twelve (12) months of the approval of the final plats by the Town Council, a recording plat application will need to be submitted for City Council approval.

Failure of the subdivider to submit a recording plat within twelve (12) months of approval of the final plat by the City Council will nullify the approval of the final plat and obligate the subdivider to reapply for preliminary plat approval should the subdivider wish to pursue the subdivision. (§4.11.2 Subdivision Municode Chapter 10)

- Any required parks fees shall be paid prior to the recordation of the plat.

**TOWN OF HORIZON CITY
MEMORANDUM**

Date: July 11, 2023
To: Honorable Mayor and Members of City Council
From: Art Rubio, Planner
SUBJECT: **1st Reading of Ordinance No. _____**, An Ordinance adopting a zoning change within the municipal limits of the Town of Horizon City, Texas; rezoning four tracts from R-2 (Single-Family Dwelling) to C-2 (Heavy Commercial); containing approximately 5.8326 acres; Being tracts 1, 10-c, 10-d-1 and 12, Section 32, Block 78, Township 3, Texas ad Pacific Railway Company survey, El Paso County, Town of Horizon City, Texas; North of Horizon Blvd. and East Eastlake Blvd.; and authorizing the notation of the change on the official zoning map of the town; providing for the following: findings of fact; repealer; severability; and proper notice and hearing.

On June 19, 2023, the Planning and Zoning Commission voted unanimously to recommend that the City Council approve the rezoning of the subject properties from a R-2 (Single-Family Dwelling) zone to a C-2 (Heavy Commercial) zone district.

The applicant's request is to rezone the property to a C-2 (Heavy Commercial) zone district to allow for an RO Treatment Plant. Staff recommendation to the Planning and Zoning Commission was approval of a C-2 zone for all four tracts of land due to the necessity of expanding the treatment plant to serve the Town of Horizon City.

The Comprehensive plan designates this area for commercial, staff believes that the development of this area, as proposed, will provide expanded water services to the city.

The applicant is aware that the property is in tract survey and a platting determination is recommended to determine if the property meets any platting exemptions.

Attached for your review are the draft Ordinances and the consolidated and revised staff report that was presented to the Planning and Zoning Commission.

TOWN OF HORIZON CITY MEMORANDUM

Date: July 11, 2023
To: Honorable Mayor and Members of City Council
From: Art Rubio, Planner
SUBJECT: **1st Reading of Ordinance No. _____**, An Ordinance adopting a zoning change within the municipal limits of the Town of Horizon City, Texas; rezoning four tracts from R-PD (Residential-Planned Development) to A-1 (Apartments); containing approximately 17.8630 acres; Being Lot 1, Block 4, Tuscan Village Replat A Subdivision, El Paso County, Town of Horizon City, Texas; South of Eastlake Blvd. and west of Kenazo Ave; and authorizing the notation of the change on the official zoning map of the town; providing for the following: findings of fact; repealer; severability; and proper notice and hearing.

On June 19, 2023, the Planning and Zoning Commission voted to recommend that the City Council approve the rezoning of the subject properties from a R-PD (Residential-Planned Development) to A-1 (Apartments) zone district.

The applicant's request is to rezone the property to A-1 zone district to allow for a 357-unit multi-family complex. Staff recommendation to the Planning and Zoning Commission was approval of A-1 zone district for all 17.8630-acres to provide additional multi-family stock needed in Horizon City.

The Comprehensive plan designates this area for multi-family development. The Plan also states that there is a demand for a variety of housing types, beyond detached single-family housing, to include apartment units (Page 74). Staff believes that the property has the appropriate size and location to accommodate the proposed development with two major arterials fronting the development and existing commercial development to the north and proposed commercial to the east of the development making it a good transition to the single-family development to the east and south of the development. Any proposed apartment units above two floors require a setback of 100' ft. which the applicant satisfies.

Based on the proposed change in zoning and the addition of multi-family dwelling units, the following is the required parkland dedication and fees: 107 units over 250 at \$240.00 per unit = \$25,680 in park fees and 1 acre of parkland dedication over 250 units and ½ acre for every 75 units = 1.5 acres of parkland dedication as it was not addressed during the platting stage as it was platted as a single lot at the time.

Staff received one e-mail in opposition citing preference for single-family development and one person that attended the P&Z Commission public hearing citing safety, traffic, lack of school capacity and privacy concerns with the proposed 3 floor buildings.

Attached for your review are the draft Ordinances and the consolidated and revised staff report that was presented to the Planning and Zoning Commission.

Designation directly to the north of the subject property is Commercial development (Page 42). The Plan also states that there is a demand for a variety of housing types, beyond detached single-family housing, to include apartment units (Page 74).

Options available to the Planning and Zoning Commission:

The Planning and Zoning Commission may consider the following options and additional requirements that it identifies when reviewing this Rezoning application:

1. Recommend approval of the request for Rezoning from P-RD to A-1 Zoning District as stated.

2. Recommend approval of the request for Rezoning as stated, including any modifications to bring the Rezoning into conformance with the Zoning Ordinance and the Vision 2030: Comprehensive and Strategic Plan.

Staff Recommendation:

The Comprehensive plan designates this area for High-Density Multi-Family development with a Commercial designation to the north. Staff believes that the development of this area will provide additional housing stock and an additional housing choice not currently as available. The multi-family development proposed will serve as a transition from the low to heavy commercial development proposed along Eastlake Boulevard to the existing single-family development to the south and west; staff recommends **APPROVAL** of the zone change from R-PD to A-1 as the request is compatible with the Future Land Use designation and surrounding uses.

Planning Department Comments:

1. Pursuant to Section 502.6.1 General. All buildings: Maximum height of thirty five (35) feet, not to exceed two and one half stories, except that three story buildings with heights of up to forty five (45) feet may be permitted, provided such buildings are not closer than one hundred (100) feet from a property zoned for single family residential use, and subject to the site plan review process as described in Section 502.6 [502.8].
2. Add addresses
3. Applicant has complied with the required Site Development Plan, Landscape Plan and Lighting Plan.

Public Works Department Comments:

No comments

City Engineer Comments:

I do not have any comments on the overall concept. During design, we will need to pay particular attention to the number, location and orientation of dumpsters and site illumination to minimize light scatter from the on to the neighborhoods.
