Franklin, NE 68939

Dr. Conradt, Mrs. Kahrs, Mr. Boettcher, and Franklin School Board:

Please accept this letter as formal notice of my resignation as the 2nd grade teacher in the Franklin Public School District effective at the conclusion of the 2019-2020 school year.

My time with the Franklin Public School District has been a huge blessing to me and I consider it an honor to be among its staff members. I truly enjoyed teaching here and working with the amazing students and staff members.

I am grateful for my time here. Best wishes and many blessings to the students and staff.

Cordially,

Alexandra Stuhmer

February 26, 2020

Dr. Conradt, Mrs. Kahrs, Mr. Boettcher, and the Franklin School Board:

Please accept this letter as a formal notification that I will be resigning my position of 6th grade teacher at Franklin Public Schools at the end of the 2019-2020 school year.

I sincerely thank you all for the chance to begin my teaching career at Franklin Public Schools. Thank you for all your support, kind words, and encouragement. Franklin is truly a great school full of wonderful staff, administration, and students. It has been a great experience, and I am extremely thankful for my time at Franklin.

Sincerely,

Hannah Hays

COOPERATIVE AGREEMENT FOR DRIVER EDUCATION
2020

This constitutes an agreement between the Nebraska Safety Center (NSC) at the University of Nebraska at Kearney and Franklin High School.

The NSC will provide our Driver Education course to Franklin High School during the 2020 calendar year for the sum of $330 per student. The driver's education course consists of parent and student orientation, classroom instruction, slow-speed driving exercises on the NSC driving Range, and on-street driving with a certified instructor.

The NSC requires a minimum number of 8 students in order to hold the class, which may consist of students from the surrounding areas. The class will be held at the Franklin High School. The registration deadline is two weeks prior to the start of class.

A brochure and registration form for the school to copy and distribute, will be sent separately after receipt of the signed agreement by the NSC. The NSC will process student registrations. A student and parent orientation will be scheduled at the beginning of the first class session.

Franklin 1   Classroom: June 29-July 2; from 8:00 a.m. to 12:30 p.m.
Range Exercises in Kearney: Friday, July 3; from 9:00 a.m. to 5:30 p.m.
Scheduling for on-street driving and testing will be arranged by the instructor for outside of classroom times and will be conducted in the local school area. No on-street interstate lesson will be taught in Kearney on July 24th.

The NSC will provide the on-street vehicle(s) and fuel, classroom materials, and use of the Cope Driving Range; as well as set-up and instruction of Range exercises.

Franklin High School is responsible for transporting and supervising students to and from the classroom facility and the Cope Driving Range in Kearney.

Franklin High School is also responsible for communicating class dates, times, and locations to the students and providing a classroom, computer including Internet access and DVD player with a projector as well as required usernames/passwords.

Emergency Closings

School shall be held on the dates set forth on the official calendar, and shall not be closed or dismissed except when superintendent or his or her designee determines that it is impossible or impracticable to hold school. When school is closed there will be no school-sponsored activities held without the permission of the superintendent or building administrator.

3048
Communicable Disease

The school district strives to provide a safe environment for both students and staff while safeguarding the rights of all students and employees, including those with communicable diseases.

Communicable Diseases. Communicable diseases are defined by the Nebraska Department of Health and Human Services in Title 173 Nebraska Administrative Code Chapter 1 and include HIV/AIDS, Hepatitis (A, B, and E), Measles, Mumps, and Tuberculosis.

School Attendance and Participation in School Sponsored Activities. A student who has been diagnosed with a communicable disease shall be provided with educational services in accordance with state law and board policy. Generally, individuals with a communicable disease will be restricted only to the extent necessary to prevent the transmission of the disease, to protect their health and rights of privacy, and to protect the health and safety of others. The decision regarding a student's education program and placement shall be made on an individual basis in light of current medical and educational information and recommendations. These will be determined by the superintendent, the student's Section 504 or Individualized Education Program (IEP) team, or the district's Crisis Team. In addition, participation in Nebraska School Athletic Association (NSAA) events will be subject to its rules and procedures, if any.

Infection and Exposure Control Procedures/Universal Precautions. The district will monitor the information available through the Federal Centers for Disease Control, the Nebraska Department of Health and Human Services, and the Occupational Safety and Health Administration. This policy and any procedures, universal precautions, or exposure control plan will be modified, if appropriate, based upon the best new medical information provided by the above sources.

The superintendent will take appropriate measures if there is an epidemic or outbreak of a communicable disease which may include, but it's not limited to, the emergency exclusion or alternative placement of students or the closure of a school building or the entire school district.

Confidentiality. The existence of an individual's communicable disease shall be treated as confidential and will be limited to school staff on a "need-to-know" basis. If it is necessary to inform a person of another's condition (due to exposure, for instance), the person will be notified of the confidentiality of that disclosure. In addition, any communication about a student's

communicable disease shall be consistent with that student's IEP or Section 504 Plan, if any.

Staff Training. Staff will receive training regarding communicable diseases and the requirements of this policy and any adopted procedures as part of the training received under the Workplace Injury Prevention and Safety Committee policy.

Reporting. School staff who learn that an individual has a communicable disease will report it to the proper authority as required by Title 173 Nebraska Administrative Code Chapter 1

6031
Emergency Exclusion

Grounds for Emergency Exclusion. Any student may be excluded from school in the following circumstances subject to the procedural provisions governing short term suspension found elsewhere in these policies or state law:

(a) If the student has a dangerous communicable disease transmissible through normal school contacts and poses an imminent threat to the health or safety of the school community; or

(b) If the student's conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.

Any emergency exclusion shall be based upon a clear factual situation warranting it and shall last no longer than is necessary to avoid the dangers that prompted the exclusion.

Extension of Exclusion. Pursuant to the Student Discipline Act, the principal has the authority to exclude a student from school for up to five school days on an emergency basis. If the superintendent or superintendent's designee determines that it is appropriate to consider the extension of an exclusion beyond five days, such consideration shall be made according to the procedures set forth below.

Notification of Student's Parent(s) or Guardian(s). The superintendent or the superintendent's designee shall notify the student's parent(s) or guardian(s) that the principal has proposed the extension of the exclusion. If the initial notice is oral, the superintendent shall confirm it in writing.

Opportunity to Request a Hearing. The student's parent(s) or guardian(s) may submit an oral request for a hearing on the proposed extension of the exclusion within two school days of receiving the initial notice. If the initial request for a hearing is oral, they shall confirm the request in writing.

Failure to Request a Hearing. If the parent(s) or guardian(s) do not request a hearing within two school days of receiving oral or written notice, the proposed extension of the exclusion shall automatically go into effect.

Appointment and Qualifications of a Hearing Examiner. If the parent(s) or guardian(s) request a hearing, the superintendent shall appoint a hearing examiner upon receiving a request for a hearing. The hearing examiner may be any person who did not bring charges against the student, is not to be a witness at the hearing, and has no involvement in the charge.

Hearing Examiner's Notice to Parent(s) or Guardian(s). The hearing examiner shall promptly give written notice of the time, date and place of the hearing. The hearing will be held within five school days after the school district receives the initial oral or written request; provided, the hearing may be held more than five school days after receipt of the request upon a showing of good cause. No hearing will be held on less than two (2) school days' notice unless otherwise agreed to by the student's parent(s) or guardian(s) and school officials.

Continued Exclusion. If a hearing is requested, the principal may determine in his or her sole discretion that the student shall remain excluded from school until the hearing officer makes a recommendation to the superintendent.

Examination of Student's Records and Affidavits. Prior to the hearing, the student and his/her parent(s) or guardian(s) shall have the right to examine and have school officials explain the student's records and any affidavits that will be used by school officials at the hearing.

Attendance at Hearing. The hearing may be attended by the hearing examiner, the principal (or designee), the student, and the student's parents or guardian(s). The student may be represented at this hearing by a representative of the family's choice.

Student's Witness(es). The student and his/her parent(s) or guardian(s) may ask any person with knowledge of the events leading up to the sanction or with general knowledge of the student's character to testify on behalf of the student. If school personnel or other students are requested to testify by the student's parent(s) or guardian(s), the hearing officer shall endeavor to help obtain the presence of such witnesses at the hearing.

Right to Know Issues and Nature of Testimony. The student and his/her parent(s) or guardian(s) have the right to request in advance of the hearing the issues which the administration will propose in support of the extension, and the general nature of the testimony of any administrative or expert witnesses.

Presence of Student and Witnesses at the Hearing. The student and witnesses may be excluded at the discretion of the hearing examiner in accordance with state statutes. The student may speak in his/her own defense and may be questioned on such testimony, but may choose not to testify.

Sworn or Affirmed Testimony. The principal or his or her designee shall present evidence supporting the recommended extension of the exclusion. Witnesses will give testimony under oath of affirmation, and may be questioned.

Hearing Examiner's Report and Recommendations. The hearing examiner shall prepare a report of his or her findings and recommendations, and forward the report to the superintendent.

Superintendent's Decision. The superintendent will review the hearing examiner's report and determine whether to extend the exclusion. He or she shall have the decision delivered or sent by registered or certified mail to the student, student's parent(s), or guardian(s). If the superintendent decides to extend the exclusion, the extension will take effect immediately.

Keep Calm and Carry On

If you've caught the news, hopped on Twitter, or checked your email this week you know that more cases of COVID-19, commonly referred to as the coronavirus, are being reported worldwide. As a result, schools are being urged again to review their preparedness for outbreaks of communicable disease. Fortunately, most schools already have policies in place that allow them to effectively respond to a pandemic. Additionally, schools can look to their state educational agency for support in responding to this issue. For example, we've been communicating with the Nebraska Department of Education, which is working closely with the Nebraska Department of Health and Human Services to make resources and support readily available. The Nebraska Department of Health and Human Services is already providing the public its most up-to-date information at this site.

With this foundation in place, the best thing you can do is keep calm, and use this opportunity to review your policies, consider your implementing procedures, and reassure your school community that you are monitoring the situation and prepared to respond as appropriate.

Check Your Policies and Procedures

Most schools will already have policies in place that authorize school officials to exclude students, close school, or take other appropriate actions to respond to an outbreak of communicable disease. For our policy service subscribers, policies 3013 *Emergency Closings*, 3048 *Communicable Diseases*, and 6031 *Emergency Exclusion* provide this authority to the superintendent. Policy 3048 *Communicable Disease*, best summarizes the superintendent's authority and responsibility should the coronavirus require responsive action:

The superintendent will take appropriate measures if there is an epidemic or outbreak of a communicable disease which may include, but is not limited to, the emergency exclusion or alternative placement of students or the closure of a school building or the entire school district.

As you review your policies, you should also consider what procedures you would follow to carry them out. We would also recommend that you identify who will be responsible for monitoring the developing information related to the spread of coronavirus and what resources will be relied upon, such as the Department of Health and Human Services.

It is also important to take proactive steps to maintain health and peace of mind. Remind your students and staff of the importance of good hygiene, and encourage those who are sick to remain home. To that end, refresh yourself on your sick-leave and FMLA policies. Finally, remind your employees that a considerable amount of disinformation is shared during any public health emergency, and that they should seek out reliable sources of information that do not benefit from misrepresenting the facts (such as state and local health departments, the CDC, or the WHO.).

Communicate Effectively

In situations like these, we always recommend that schools communicate with the public about their proactive approach. To help you do so, we've developed the following statement you can provide parents after reviewing your policies and, if necessary, updating them.

Dear Parents and Students,

The district is monitoring the developing information related to the spread of COVID-19 (commonly referred to as the coronavirus). To date, the district is unaware of any native cases of COVID-19 being reported in our state. However, the district has reviewed its relevant policies and procedures and is confident that it is prepared to respond to any outbreak of communicable disease that may occur. Should this situation interfere with the district's

ordinary operations or schedule, you will be provided notice in the customary fashion.

We encourage you to remain informed about the spread of the coronavirus, and would recommend that you visit the website for the Department of Health and Human Services, found here, for further information as it develops. We would also encourage you to use this opportunity to remind your students of the importance of getting rest and washing hands, especially during cold and flu season.

You should hyperlink "*here*" to take readers to the relevant page from your state, and update the name of the respective agency as necessary. For convenience, we've produced the links here:

Colorado Department of Public Health and Environment:

Nebraska Department of Health and Human Services

Conclusion

We appreciate the apprehension many have regarding the coronavirus (trust us, we closely monitored both Shari and Karen for it.)*On the other hand, schools are regularly tasked with educating students in the midst of public health crises, and are well- equipped with the policies and experience necessary to respond appropriately. Further, schools in Nebraska can be confident in making the best decision for students should the coronavirus require disruptions to the regular school schedule. We've conferred with Commissioner Blomstedt and the Nebraska Department of Education, and were assured that NDE would work with schools that suffer impediments to the provision of instructional hours as it has during previous emergencies.

If you have any questions about your school's preparedness for the outbreak of communicable disease, we recommend you contact your school attorney, or call Karen, Steve, Bobby, Coady, or Jordan.

Editor's Note: Don't worry, both Karen and Shari tested negative!

Halo Vape Detector Quote:

Thank you for your interest in Halo. I would love to talk to you and answer any questions you may have. I'll give you some basic information here and if you would like to learn more, we can set up a convenient time for a phone conference.

First, to answer your question about cost, the MSRP is $1,295 per unit. Local resellers may be able to offer additional discounts, but this would be the most you would expect to pay. There are no additional licensing, software or App fees associated with the Halo. They simply require one Cat 5, 5a, or 6 cable pulled from the data closet to the restroom. Some schools are having their IT department do this, while others have a local contractor install them and do the initial programing.

There are some new features, including key word recognition and gunshot detection, being released soon. These would be free firmware updates.

Please let me know what additional questions you may have. Like I said, we can schedule a phone conference or I can also get you and/or your team set up with an informational webinar. I can also connect you with a local reseller if you would like specific pricing for your needs.

FlySense Vape Detector Quote:

Thank you again for inquiring about our innovative FlySense™ solution. We're excited to be sharing our world class **Detect-Educate-Deter** process with you and I've outlined some of the information we discussed below for your reference. Please check out our [website](#) to download our new game "SoterFly" on the app store & pre-order our new educational books!

MSRP of the FlySense™ device is $995.00 per unit and there is a one-time server activation fee of $495.00, this activation fee is **NOT** per device it is per school. This supports the onboarding process, which includes IT support and portal dashboard training.

The "Smart Shell aka decoy device" looks identical in appearance to the FlySense™ device except it does NOT detect anything. It's simply used as a deterrent. The unit is battery operated, blinks with an LED light, and when used with a FlySense™ device is very effective in deterring students from vaping. The Smart Shell is $195.00/unit and there's no software fee associated with it. The Smart Shells are great to scatter around locker rooms as well.

Post year one there's an annual support fee applied to each FlySense™ device of $150.00 to maintain the smart alert notification system, real-time cloud based updates, IT support, and the ability to upgrade to new technology(hardware) when it's released for a nominal fee. All of this is to make sure our customers have the most cutting edge technology, experience, and support.

During onboarding our support specialist will walk your IT/Facilities Team through install and the back end portal dashboard. In the portal you will be able to create an account, assign each device to the portal, create a custom subscriber list for each device, and view all the data and analytics that are associated with your systems.

Schools across the country have been very successful in reducing the number of students vaping with our FlySense™ solution. We have found that deterring students from vaping takes a two pronged approach. By combining sensor technology with education you can help improve school culture. At Soter we help schools with our sensor technology along with our trained staff of educators who will prepare your team on how to create the no vaping campaign for your campus.

FlySense™: The Tool

Receive data from the devices and monitor all restrooms through the easy to use and interactive portal. This is an important feature for Principals, Superintendents and school boards for showing progress/ROI or ROE (Return on Education). No Portal for Competitive Devices

When devices are first installed, students are vaping very often in the restrooms and there are many alerts.

Note that over time, the overall amount of incidents decreases due to presence of FlySense™.

FlySense™: Remote Device Management

Update and manage devices through the easy-to-use and interactive FlySense™ portal.

FlySense™ VDL
Vape Detector Locator

VDL was created to help schools locate the optimal location to install FlySense™

We have had customers install detectors next to a vent blowing external air. Needless to say the senor was not able to always detect vape. Vent kept blowing the vape away from the sensor.

VDL allows for school to design their bathroom and simulate the sensor performance.
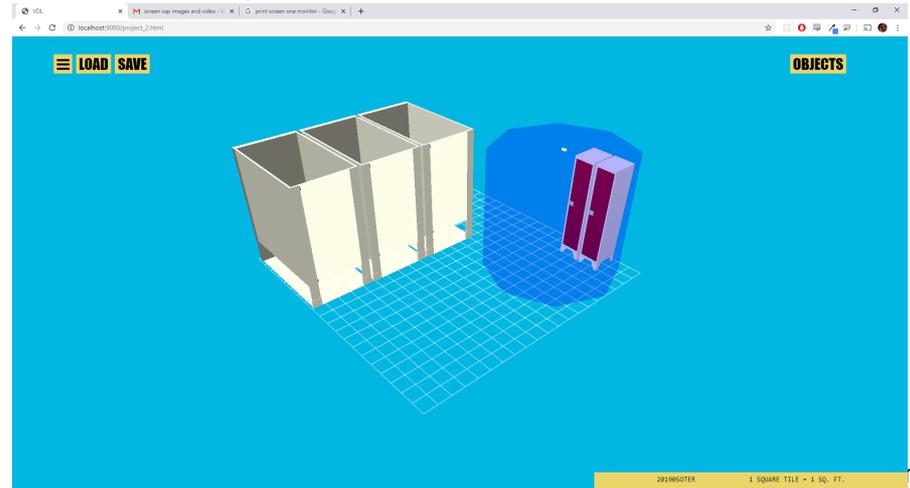

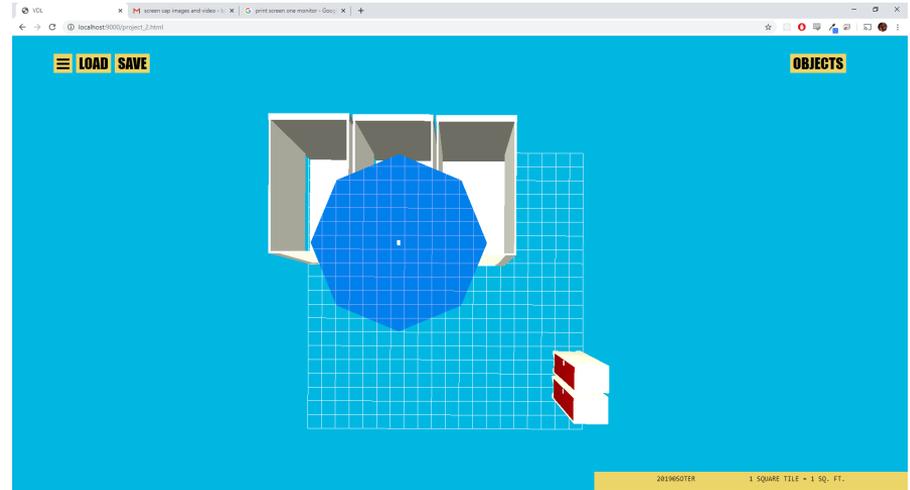

FlySense™: Training

Soter Technologies offers extensive training to help schools have a vape free climate and improve student culture. To do that we offer multiple training classes.

Regardless of where the customer purchased FlySense™ they will have a chance to sign up for the various training programs. When a customer creates their account on the FlySense™ portal they are automatically sent an email thanking them and asking them to sign up for 1 or all of the following training classes:

- **Technical** – This course is designed for I.T. Administrators. This course will go over all the technical aspects of the FlySense™ and how to configure it for their network.

- **On Boarding** – This course is designed for I.T. Administrators and Principals. This course will go over how to effectively use tools gain insights and metrics.

- **AVC (A Vape free Campus) –** This course is designed for Principals and Superintendents. This course is taught by our Director of Implementation who is a former Principal and a **recognized national leader** in helping schools fight the vaping epidemic.

Our Books

For Principals

The purpose of this book is to change vaping culture. In this book, we will give you the basic structure and guidelines on how to implement a '#NoVaping Campaign' for your school. We provide practical instructions on how to change student behavior and improve culture.

To a safer world- one healthier and safer school at a time.

The AVC'S

THE GUIDE TO CREATING A VAPE-FREE CAMPUS.

WRITTEN BY:
DEREK PETERSON & BRITNI HOLLERAN

For Students

"It's just water vapor, try it..." Kids and adults do not understand the harmful effects vaping has on the body. Sure, it doesn't smell as bad as cigarette smoke, but the effects are detrimental to a healthy pair of lungs and a healthy body. This is a collection of short stories about kids who didn't think vaping was that bad.

Each story will give a new perspective on what it is to really face the perils of vaping.

THINK YOU'RE CUUL?

DON'T BE FUULED.

Fly Sense™

PATENT PENDING

THE LEADING SOLUTION FOR REAL-TIME VAPING DETECTION

Introducing FlySense™, the real-time vaping and elevated sound incident detection solution that gives you control of areas where you cannot place a camera or microphone.

Our multi-sensor devices are capable of detecting vaping, smoke, and noise disturbances that may suggest violence such as bullying.

Take control

The key to improving life safety and security in schools is through automated situational awareness. Principals and teachers must receive real-time information about a possible threat or situation, so they can initiate the appropriate response plan.

FlySense™ is a cutting-edge, turnkey solution for detecting vaping and bullying — particularly in school bathrooms and locker rooms. The solution is comprised of an array of multi-sensor devices connected to a cloud-based platform. Each sensor device is capable of detecting vaping, smoke, and noise disturbance that suggests school violence such as bullying or fighting. When a sensor detects decibel level anomalies that suggest violence or chemicals from vaping, it sends an immediate, location-specific notification to the computers or mobile devices of one or more designated school officials.

Be in the know. No more compromise.

FlySense™ provides environmental intelligence that allows a possible dangerous or harmful situation to be addressed in a timely and effective manner — thus averting potential disaster.

Through the FlySense™ Dashboard, accessible through a computer or phone with our mobile app, it is possible to obtain analytical reports to determine which locations and time of day experience the most activity to help schools align operations and react accordingly.

Benefits

Easy installation and set-up

Real-time vape, smoke, and elevated sound detection — that may indicate bullying or fighting — for areas including bathrooms, locker rooms, and labs

Successfully identify, analyze, manage incidents on school grounds with customizable, real-time SMS and email alert notifications

Increased situational awareness and deterrence of harmful and dangerous behavior.

Risk mitigation, reduction in the staffing burden for designated coverage areas, and increased efficiency through coordination of resources

Support state laws and compliances

Zero invasion of student privacy

Features

Incident Detection
Smart sensor array detects vaping signatures and decibel level anomalies associated with bullying or fighting in real time, 24/7.

Alert Notifications
Zero-delay, location-specific alert notifications on vape and sound incidents sent by SMS or email to designated school officials.

Solution Management
Easy to use administrator web portal for schools teams to manage devices, customize subscriber schedules and view alerts.

Performance Optimization
30-day, categorized alert history allows devices to learn environments, reduce false positives, and optimize performance.

Insights & Analytics
Real-time sensor data and analytical reports help to determine which locations and time of day experience the most activity.

Power Options
Options to power devices via Power-over-Ethernet (PoE) or external input power with Wi-Fi capability.

#NoVaping Grant Application Outline:

About the Program
The Soter Technologies' #NoVaping Grant Program provides financial support and alternative opportunities for secondary schools looking to implement our innovative FlySense™ real-time vaping and elevated sound detection solution on their campuses.

In working with thousands of schools across the country we have created two models designed to help schools afford our solution. 2019-2020 awards include up to a 40% price reduction on the following models:

I.   **Full Capability FlySense™ 275:** Unit Price $995.00 | Minimum 2 Devices
II. **Full Capability FlySense™ 275 + LED-Enabled Smart Shell:** Unit Price $995 / $195 | Minimum 1 FS™ 275 Device, Minimum 1 Smart Shell

Our LED-Enabled Smart Shell uses LED indicators to mimic a full capability device. These units complement the 275 models by expanding product visibility at a reduced cost.

Soter's #NoVaping Grant Committee will award up to $2M in grants to qualified applicants. The Committee evaluates candidates in three award rounds over the course of the 2019-2020 school year beginning in September 2019. All verified school applicants will receive a complimentary Soter #NoVaping Core E-File Package (a $350 value) to help tackle vaping on their campuses and equip their students with the knowledge to make more informed decisions in the face of vaping with purchase.

~~Round 1 Deadline: September 30, 2019~~
~~Round 2 Deadline: January 31, 2020~~
Round 3 Deadline: June 30, 2020

Qualifications
To qualify for the Soter #NoVaping Grant Program, applicants must fit the following criteria:

1. Be an individual secondary public or private school (Grades 6-12)
2. Consist of a single school campus (we will not be accepting district applications)
3. Have an annual enrollment of 500 students or less

How We Award

Qualifying schools will be considered for an award based on the following criteria:

1. Candidacy: How well suited the school is for the program; Ability to show a verifiable need for funding.
2. Impact: Strength of school narrative and ability to illustrate vaping deterrence goals and provide clear objectives for FlySense™ implementation.
3. Metrics: Ability to represent the existing vaping climate with quantifiable data; quality of data.
4. Readiness: Quality of deployment plan.

Application Overview

Section 1 | School Details

Provide the following information about your school for the 2019-20 year.

A. School Name
B. School Grade Levels
C. School Address and Associated District
D. Number of Students Enrolled
E. Number of FTEs
F. Student/Teacher Ratio
G. School Description and Mission Statement
H. School Demographics
I. Annual Operating Budget
J. School Security: What are your current security solutions? Do you utilize any social media monitoring or anonymous reporting technologies?

Section 2 | Vaping Narrative

Virtually every school in America has a vaping problem. Illustrate the current vaping environment at your school. Provide context, survey statistics, and current #NoVaping initiatives in a 500-2500 word narrative or a 2-5 minute video testimonial.

A. How is vape-use affecting your campus and its students and faculty?
B. Tell us why FlySense™ is important to your school.
C. In addition to implementing the FlySense™ solution, how do you plan to reduce vaping on your campus?
D. Student Survey: What percentage of your student body is currently vaping? Consider segmenting by grade or other groups as well as overtime.
E. What is your existing vaping policy?
F. Include any relevant student initiatives, groups, or recent campaigns against vaping.

Section 3 | FlySense™ for Your School

In 250-750 words, outline your plans for implementing the FlySense™ solution at your school.

A. What are your objectives for implementing FlySense™ at your school?
B. Identify which model (I-II) you are applying for and the requested number of units.
C. If pursuing model II, how do you plan to manage the device layout?
D. What is your plan of action for deployment? Be as specific as possible.

Elementary Principal's Report
March 2020

MTSS Leadership Meeting
The MTSS Multiple Tiered System of Support team attended training on February 12th at the ESU11. I attend with these school leaders Holly Largent, Kelsey Hanshaw, Katie James, and Polly Sindt. I am so proud of the note of praise the team received following the training and workday. We feel we are making great strides in the development of this system.

Dr. Conradt—
I had the privilege of facilitating the Refine and Refocus Day at ESU 11 for Ne MTSS this past week. Your staff members were some of the hardest working professionals that day, and I wanted you to be aware of this. If you have the opportunity, I would encourage you to reach out to them in regards to what they accomplished, as well as congratulate them on a job well done! Your district is in great hands with this group of leaders, and NeMTSS thanks you for the continued support!
—Claudine Kennicutt

Kindergarten Roundup
We are expecting around 16 students to attend Kindergarten Roundup on April 9th for the upcoming 2020-2021 school year. Jan Weiss and Linda Bush will be working with me during Roundup to get filework in place while Mrs. Marks will get to spend time with the new students.

Dr. Seuss Day
Students in the elementary school enjoyed the annual "Dr. Suess Day" celebration last week in the gym. Thank you to the NHS students who read books to students and led the games. Thank you to the elementary staff and custodians who helped set up the gym for the day!

High School Principal's Report – March, 2020
Board of Education

1. **Academic Information**
   ✓ Working to finalize Curriculum Purchases in English, and FCS. Social Studies has reached out for textbook samples and should have those soon.
2. **Activity Information**
   ✓ Spring Sports seasons are underway… There are 9 girls and 9 boys out for track (I believe this is accurate might have added more since the meeting); 11 boys and 1 girls out for golf.

3. **Other Information**
   ✓ Wellness Committee Met on February 12th – See attached minutes.

Wellness Committee Meeting
February 12, 2020

Members Present: Adam Boettcher (Chair), Donna Wery (Food Services Director), Jamie Silas (Elem. Teacher), Taelyn Pritchard (Student), Ryan Hoffman (PE Teacher), Erica Bonham (FACS Teacher), Jan Weiss (Parent), and Leah Stall (Elem. PE Teacher)

Members Absent: Seth Elley (Science Teacher), Claire Harrison (Student), Logan Wentworth (Student), Raquel Felzien (Board Member), and Michelle Kahrs (Parent)

1. The purpose of tonight's meeting was to discuss the results of the Lunch Survey which was made available to Students and Staff, as well as, Patrons from January 6th to January 31st. Below is a list of recommendations for improvement in our schools Lunch Program that came from this discussion:

   a. Portion Size and Guidelines continues to be a hot topic between patrons and staff. The committee recommends putting out to the public a student friendly flyer, post on facebook, or something that explains what the guidelines for meals are and why we need to follow those guidelines. Donna Wery stated that she would be willing to share this information and we would work with our technology coordinator to put something together to be shared.

   b. We would like to see a creative sign posted every time we are serving beef and/or pork that has been donated from our patrons. This would be posted in the serving line so that all staff and students know that the beef or pork that they are eating was donated and being used.

   c. Donna Wery (Food Services Director) stated that she would like to get a list of food items from staff and students that they truly like, and wants to put together a rotating menu with those items from month to month starting next year.

   d. It was suggested that each week there is at least one meal that is "homemade" using the beef or pork that was donated, and do less weeks that tend to be "chicken week, beef week, or pre-packaged week," which sometimes seem to happen.

   e. It was suggested that there be at least one if not two times a week that some kind of dessert is made available with meals. As of this semester so far there has not been a dessert with a meal.

   f. One issue that continually seems to arise is that the last group of students that are served tend to have slim or sometimes no pickings. This is something that needs to be addressed, along with the fact that often times when we are getting to those last students food is sometimes cold.

   g. Lunch Counts each day still seem to be an issue and something that will continue to be addressed with staff. The kitchen was also reminded that on the "homemade" meal days they need to account for way more than the count as that tends to be a day that students want to eat, and don't always say so.

h. For the optional chef salad, it has been nice having the different dressing options, it is still our request though that more things be made available to put on their salad, like tomatoes, peas, peppers, etc.
i. We would like to see a warm vegetable option be made more available during meals.
j. Especially for younger students it was suggested that maybe Monday, Wednesday, Friday, there be a second option of PB & J, and/or Ham Sandwich, and possibly having a PB and J option made more available more often to K-3 especially.
k. On the salad bar continue to try and provide more fresh fruit, and consider cutting up the fresh fruit for ease of the students. Slice up the apples and pears, so that students can take a bunch of slices instead of the whole fruit that tends to not get eaten.
l. On the salad bar, consider having Cheesesticks and go-gurt type options as well.

This is the list of recommendations that the Wellness Committee is requesting of the lunch program to help with the image of the program, but also the well being of our students and staff. We would really like to see these recommendations put into action over the next few months and into next school year.

The meeting was adjourned at 6:40 pm

Next Meeting - The wellness committee will meet one more time this year to finalize our revisions of the Wellness Policy.

1	I dislike paying for meals and finding out there's not enough. That's my biggest concern about the lunch program.	1/18/2020 7:25 PM
2	MAKE REAL FOOD	1/13/2020 5:42 PM
3	Lunch count is taken everyday there should not be days they run out of the main corse.	1/12/2020 6:25 PM
4	Make sure food is hot. Give HS students and staff larger portions than elementary.	1/12/2020 5:06 PM
5	There needs to be PB & J offered instead of chef salad. My child doesn't want chef salad for lunch when they don't like the main meal.	1/9/2020 1:19 PM
6	A lot of times there is some good meals that are then never repeated again. Pick the top 20 meals and just rotate them every month. Keep it simple, but good from scratch as much as possible. Also, several times my kiddo complained the food is cold.	1/9/2020 9:25 AM
7	Add honey back to the salad bar during Popcorn Chicken.	1/8/2020 9:43 PM
8	Broccoli cheese soup and tomato soup aren't very kid friendly and aren't very filling. The taco shells are too small to make a taco without being messy.	1/8/2020 8:25 PM
9	I know it has to be a challenge to make home made meals - but it is also much better for the kids and well worth the time. I say bring in Myrna Duncan for a consultation.	1/8/2020 9:01 AM
10	Overplay Take advantage of beef program All portions need to be same size for same age of child Less desserts Better breakfast less packaged food	1/8/2020 7:07 AM
11	More time to sit and eat. Not so rushed.	1/7/2020 10:01 PM
12	Preschool does not get enough choices. Secondly my kid has not even gotten the main meal many times because they have ran out.	1/7/2020 7:56 PM
13	None	1/7/2020 2:37 PM
14	fresh meals, homemade	1/7/2020 2:12 PM
15	Unfortunately it happens often that my child does not eat the hot meal, as you've ran out. Providing EVERY kid with a hot meal would be not only ideal, vital. We are paying for food for our children. Provide 'healthy' nutritious alternatives when necessary- NOT 4-5+ pieces of garlic bread. Ex: Chef salad with protein (meat), frozen alternative like chicken patty? Chicken nuggets? A meat. Having teachers stick to bell schedule. My kid seems to be last time eat every day?? Shouldn't this rotate? So those same kids aren't the same ones missing the hot meal 1-2+ days a week, week after week?	1/7/2020 8:42 AM
16	My kids have started taking their lunch more because of the fact that there is so many days that they run out. And I don't agree with paying full price and them having to eat salad bar only!	1/7/2020 8:03 AM

65	salad	1/9/2020 11:31 AM
66	more options: fruits	1/9/2020 11:31 AM
67	I WANT MORE FRUITS ON THE SALAD BAR	1/9/2020 11:30 AM
68	More choices: Have all the stuff like tomatoes and olives and stuff.	1/9/2020 11:30 AM
69	more options	1/9/2020 11:30 AM
70	more options	1/9/2020 11:30 AM
71	more fruit	1/9/2020 11:30 AM
72	more options	1/9/2020 11:29 AM

73	More fruits not in contaners	1/9/2020 11:28 AM
74	have more options	1/9/2020 11:27 AM
75	Homemade salad options and switch them up on a rotation. It is always the same things.	1/9/2020 10:30 AM
76	more offerings and be sure it is refilled at certain intervals throughout the lunch times	1/9/2020 10:29 AM
77	more fruit	1/9/2020 9:39 AM
78	Fresh green salad mix	1/9/2020 9:12 AM
79	Most days I really like the variety on the salad bar.	1/9/2020 9:10 AM
80	Have more fresh vegetables that can be added on top of the lettuce. Grape tomatoes, hard boiled eggs, peppers, cheese, feta cheese, craisins, red onion. Have a vinaigrette type salad dressing.	1/9/2020 9:10 AM
81	I think it is great.	1/9/2020 8:51 AM
82	I think we need to offer more warm vegetables; Corn, carrots, peas, beans, broccoli...etc.	1/9/2020 8:49 AM
83	more strawberries less olives	1/9/2020 8:35 AM
84	Serve lettuce that's not brown around the edges for 5 days in a row. Less raw broccoli, more peppers. Less cauliflower, more croutons	1/9/2020 8:30 AM
85	I don't believe that the offerings need to change. What needs to happen is keep the Salad Bar full. Most of the time, for High School Lunch, half of the Salad Bar is empty and won't get refilled.	1/9/2020 8:23 AM
86	More vaciety	1/9/2020 8:21 AM
87	Another pasta salad option.	1/9/2020 8:17 AM
88	more fruit	1/9/2020 8:13 AM
89	na	1/9/2020 8:11 AM
90	more fruit	1/9/2020 8:09 AM
91	Lettuce that is not brown. No ladle for ketchup More fruit More help at the salad bar to serve the younger elementary.	1/8/2020 3:46 PM
92	make sure there is enough for the people at the back	1/8/2020 2:59 PM
93	Having different options, sanitary setup (mostly students' responsibility for taking food more carefully)	1/8/2020 10:47 AM
94	put apples out everyday	1/8/2020 10:28 AM
95	I would be nice to have help from the kitchen staff to help serve the younger students every day. I would like to see Ketchup and mayo as a topping option every day in the squeeze bottles or a pump bottle. The laddals/spoons are very hard for the younger students to use. The packets are ok, except for the younger students. It is hard for them to tear them open. Then the teacher has to go around and open each individual packet of ketchup or mayo.	1/8/2020 9:16 AM
96	why is the broccoli sour	1/8/2020 8:57 AM
97	cleaner	1/8/2020 8:34 AM
98	streded ledus	1/8/2020 8:13 AM
99	a lot more lettice or salad	1/8/2020 8:11 AM
100	better options	1/8/2020 8:04 AM
101	its good the way it is	1/7/2020 3:22 PM
102	Hire a professional to receive a professional opinion	1/7/2020 1:52 PM
103	its frustrating that it is never stocked before high school gets there.	1/7/2020 1:48 PM
104	change it up with more options	1/7/2020 1:41 PM

105	need more fruit & have enough for everybody because sometimes they run out of things	1/7/2020 1:40 PM
106	More Fruit Options	1/7/2020 1:40 PM
107	Fresh fruit by the time second bell comes through and making sure there's just enough for everyone especially SALAD	1/7/2020 1:38 PM
108	more fruit, its all gone by the time highschool gets it	1/7/2020 11:35 AM
109	Have more dressing	1/7/2020 11:33 AM
110	more fresh fruit and veggies	1/7/2020 11:31 AM
111	hard boiled eggs, more fruits and stuff you can think of	1/7/2020 11:30 AM
112	idk	1/7/2020 11:30 AM

133	Fresh fruit	1/7/2020 10:46 AM
134	Put more fruit options on the salad bar and order more portions so high school doesn't run out of salad bar options as quick	1/7/2020 10:44 AM
135	More fruit	1/7/2020 10:15 AM
136	Have enough of everything to last the whole day for the High Schoolers	1/7/2020 9:54 AM
137	Offer crackers for salads?	1/7/2020 9:53 AM
138	Nothing, its good as it is.	1/7/2020 9:30 AM
139	nothing its fine	1/7/2020 9:29 AM

140	i think the salad bar is good	1/7/2020 9:21 AM
141	nothing	1/7/2020 9:18 AM
142	more options, more sweets	1/7/2020 8:46 AM
143	Refill it more often	1/7/2020 8:16 AM
144	Not sure, I've only had school lunch 3 times.	1/7/2020 8:15 AM
145	I feel i would not like the same thing every week and try different stuff. Also, at the end of the lines we dont get enough food cause they are empty!	1/7/2020 8:14 AM
146	I think our variety is good and that we should keep switching but we also need to fill up the containers more often.	1/7/2020 8:14 AM
147	Serve dressings differently	1/7/2020 8:12 AM
148	Always have the salad bar full will all the foods	1/7/2020 8:12 AM

150	Make sure that the food is refilled throughout the lunch line. Offer more diverse options.	1/7/2020 8:12 AM
151	more fruit that's not from a can	1/7/2020 8:08 AM
152	have some good food on them	1/7/2020 8:08 AM
153	not put the SAME stuff every single dang day	1/7/2020 8:07 AM
154	pay attention to what you go through the most on the salad bar and put that stuff out every day or more because more kids are actually eating those.	1/7/2020 8:07 AM
155	More fruit	1/7/2020 8:07 AM
156	add more fruits	1/7/2020 8:06 AM
157	More fruit like strawberries, oranges, apples, kiwi, mixed fruit, and peaches	1/7/2020 8:06 AM
158	Freshness	1/7/2020 8:00 AM
159	Keeping it stocked with food for EVERYONE. Also keeping it clean. Usually by the time high school gets there it is dirty and not restocked from the classes before.	1/7/2020 7:36 AM

Q8 Besides Open Campus, what do you feel is the top priority for change in our Lunch Program?

73	More fruit	1/9/2020 11:28 AM

74	to have different food	1/9/2020 11:27 AM
75	Having a better meal. A meal example would be.... Tacos with a side of rice and black beans.	1/9/2020 10:30 AM
76	make sure there is enough food for everyone who wants to eat	1/9/2020 10:29 AM
77	??	1/9/2020 9:39 AM
78	Unfortunately, I'm not sure able to give an opinion for change since I don't eat school food regularly.	1/9/2020 9:12 AM
79	NA	1/9/2020 9:10 AM
80	Try and have more days that food is served from scratch rather than prepared and warmed up. Also by the time high school, and/or last lunch depending if it is Friday the food offerings are minimal and the salad bar is picked over. The kids leave hungry and that is not good. Have some top dishes that people love and just repeat them monthly. Also on game days try and have a good meal offered like spaghetti or pasta bake that will give them energy for the game.	1/9/2020 9:10 AM
81	Lower preservatives - as much "from scratch" food as possible.	1/9/2020 8:51 AM
82	I think we have a lot of meet from the beef program, we need to be using it more. Otherwise we are standing a chance for upsetting our stakeholders. More spaghetti, hamburger stroganoff, Runza casserole, enchiladas, hamburgers, better lasagna, pot roast, beef and noodles....etc.	1/9/2020 8:49 AM
83	Hot lunch (hot!!!)	1/9/2020 8:35 AM
84	Bigger helpings, more flavor offerings (salt, pepper always)	1/9/2020 8:30 AM
85	Increase portion size Keep the Salad Bar full	1/9/2020 8:23 AM
86	Make more from scratch.	1/9/2020 8:21 AM
87	Use beef from the beef program more regularly.	1/9/2020 8:17 AM
88	kitchen making more than enough for everyone	1/9/2020 8:13 AM
89	na	1/9/2020 8:11 AM
90	bigger preparations of food.	1/9/2020 8:09 AM
91	Not running out of food. Using the beef from the beef program.	1/8/2020 3:46 PM
92	having enough food for everyone	1/8/2020 2:59 PM
93	Having enough food (which is already being reinforced through ensuring accurate lunch counts)	1/8/2020 10:47 AM
94	put 3 main dishes so we don't have t pick that one	1/8/2020 10:28 AM
95	I would like to have the second lunch options not only be Chef Salad. I don't like salad and if I don't like the lunch option I feel that I HAVE to bring my own lunch on those days.	1/8/2020 9:16 AM
96	broccoli that isnt sour	1/8/2020 8:57 AM
97	getting out of class	1/8/2020 8:34 AM
98	not burning the food	1/8/2020 8:13 AM
99	good food	1/8/2020 8:11 AM
100	More polite cooks	1/8/2020 8:04 AM
101	its good	1/7/2020 3:22 PM
102	I feel like all problems will be resolved if open campus lunch was allowed instead of having to constantly harp at kids to behave which may result in reducing stress for the staff and the lunch ladies. Also it kind of seems like the staff is constantly nagging at the students in the lunchroom so if the kids were to be at open campus lunch they could have a chance to relax at home or maybe catch a couple of breaths before having to enter the building again for the second part of the day.	1/7/2020 1:52 PM
103	food thats not out of a box.	1/7/2020 1:48 PM

104	more courses. feels like we always have the same things. make it more homey?	1/7/2020 1:41 PM
105	*optional choices for main dishes* & not run out of food.	1/7/2020 1:40 PM
106	bigger food portions and make sure to cook enough food.	1/7/2020 1:40 PM
107	making sure there's enough of the main food as well as salad bar food throughout everyone	1/7/2020 1:38 PM
108	open campus	1/7/2020 11:35 AM
109	its fine	1/7/2020 11:33 AM
110	fresh fruit and more flavor added to the food	1/7/2020 11:31 AM
111	more courses of food	1/7/2020 11:30 AM
112	open campus	1/7/2020 11:30 AM
113	Actually decent tasting food it aint that hard to make good food when you're in there all day, and actually make enough food for everyone.	1/7/2020 11:14 AM
114	none	1/7/2020 11:05 AM
115	I think everything is fine.	1/7/2020 11:04 AM
116	get bag milks instead of cartoon milk because cartoon milk tates like cardboard and they freeze all the time	1/7/2020 11:04 AM
117	having more food for everyone including the high schoolers restock all the items in the chef salad	1/7/2020 11:04 AM
118	to make sure the salad bar doesn't have bad or old food and needs fresh food on the salad bar	1/7/2020 11:03 AM
119	bigger milk cartons	1/7/2020 11:03 AM
120	bag milk and watermellon	1/7/2020 11:03 AM
121	have pizza hut like in k-3, put warm food on the salad like macaroni and cheese as an option to get other than the main course.	1/7/2020 11:03 AM
122	nothing	1/7/2020 11:03 AM
123	Restocking the salad bar for every group of kids, and making sure there is enough food for everybody so everyone gets food.	1/7/2020 11:01 AM
124	To have food for the end of the line and to have to salad bar stocked up for new people.	1/7/2020 11:01 AM
125	fresh fruit	1/7/2020 11:01 AM
126	less mexican food	1/7/2020 11:01 AM
127	bag milk instead of cartaned milk	1/7/2020 11:01 AM
128	LARGER MILK CARTENS OR BAGS BETTER APPLES	1/7/2020 11:00 AM
129	nothing	1/7/2020 11:00 AM
130	more spices	1/7/2020 11:00 AM
131	getting bigger milk cartons	1/7/2020 10:59 AM
132	more food choices	1/7/2020 10:58 AM
133	Nothing	1/7/2020 10:46 AM
134	There needs to be more flavor in the casseroles because most of them are very bland. Maybe by adding salt and pepper packets for all of the meal options would be better to give more flavor. I understand some kids are allergic, but when the food tastes bland, it causes people to bring their lunch or go out.	1/7/2020 10:44 AM
135	Give a little more food because one time I got only two or three bites of the main dish given to me.	1/7/2020 10:15 AM
136	Really setting the 1st and 2nd bell people and making them equal because their might be equal	1/7/2020 9:54 AM

classes going but there might not be a lot of people in some classes.

137	Other drink options besides water or milk, what used to be included like the energy drinks.	1/7/2020 9:53 AM
138	More meals total, I feel like theres a lot of repeated meals	1/7/2020 9:30 AM
139	let students vote on lunch once a month	1/7/2020 9:29 AM
140	i dont know	1/7/2020 9:21 AM
141	stay the same	1/7/2020 9:18 AM
142	bringing back the drinks behind the counter	1/7/2020 8:46 AM
143	Make enough food for everyone	1/7/2020 8:16 AM
144	Actually making enough food.	1/7/2020 8:15 AM
145	Have enough food on salad food and having less process foods	1/7/2020 8:14 AM
146	Safe nutritious foods and have enough food on the salad bar.	1/7/2020 8:14 AM
147	nothing	1/7/2020 8:12 AM
148	having enough food for all of us on the salad bar and having less processed food	1/7/2020 8:12 AM
149	better quality foods and recipes	1/7/2020 8:12 AM
150	Making sure that everyone gets fed and there are good options to eat.	1/7/2020 8:12 AM
151	i don't know	1/7/2020 8:08 AM
152	enough food	1/7/2020 8:08 AM
153	make sure everybody gets food and i dont mean replaceable chips when they are supposed to have french fries/or cookies from last weeks lunch	1/7/2020 8:07 AM
154	bigger servings and/or more food choices that the lower elementary are more likely to eat.	1/7/2020 8:07 AM
155	Different options and a variety in meals	1/7/2020 8:07 AM
156	the games on the side	1/7/2020 8:06 AM
157	Being able to get full from the lunch	1/7/2020 8:06 AM
158	Variety and homemade options	1/7/2020 8:00 AM
159	To serve every kid in the lunch line food every single day. Keeping the lunch room clean is also very important. Most days the salad bar is out of food and dirty.	1/7/2020 7:36 AM
