C. Grant Applications

1) Northland Foundation Thrive Initiative Grant - The First Year Program

Jay Roesler, Director of Community Education and Early Childhood Programs, has submitted a grant application to the Northland Foundation Thrive Initiative in the amount of \$5000. If awarded, funds will be used to support mental health services (a clinician) for participants in the Early Childhood Family Education (ECFE) First Year Program. The program assists first-time parents (18 years and over) who have experienced multiple ACES (Adverse Childhood Experiences), have identified mental health needs and received limited support during the critical transition time between pregnancy and actual parenthood. Through participatory parent education sessions, mental health assessment and support services, early childhood education, home visiting and other supports, the systematic barriers are removed and families find the individual and community supports necessary for successful growth.

July 2016

2015-16 Entry Plan Review

The following were areas I identified as goal areas for FY16:

- Goal #1: To become acquainted with staff, students and programs at each school site.
- Goal #2: To determine effectiveness of school programs as related to student outcomes.
- Goal #3: To become better acquainted with each principal/director and establish expectations for myself and the principal/director
- Goal #4: To become acquainted with school climate at each school site.
- Goal #5: To become familiar with key communicators and representatives of important community organizations.
- Goal #6: To become acquainted with all members of the Board of Education and their perspectives on the District's strengths and challenges.
- Goal #7: To become familiar with district level priorities and policies.

Overall, I feel I completed each action steps in an effort to grow in the areas above. The majority of the work was to better understand stakeholder perspectives in order to identify the strengths and challenges for each school as well as the district as a whole. Some of the most valuable activities I engaged in were one on one interviews and classroom visits each week. I look forward to sharing my goals for next year.

Other

- Planning is well underway to implement Continuous Improvement Teams at each site next year. These teams will be taking part in PLC training on August 23 and 24.
- There is a lot of work happening this summer within the Curriculum Department to plan the August 30 teacher workshop day. Thanks to Mike and his team for the work they have put into this day!
- I am working to update the teacher and principal evaluation process. There will be some changes occurring for next year and we are planning how this information will be rolled out to principals and teachers this fall.

RESOLUTION

Acceptance of Grant Awards to Duluth Public Schools

WHEREAS, Minnesota Statute 465.03 requires a school district to accept grants by resolution expressed in the terms prescribed by the donor in full; and,

WHEREAS, acceptance of the grant in accordance with the donor's terms is in the best interest of the Duluth Public Schools:

NOW, THEREFORE, BE IT RESOLVED that the Duluth Public Schools does accept the below-described grant from said organization in accordance with the terms set forth herein.

BE IT FURTHER RESOLVED that the Duluth Public Schools wishes to extend its grateful appreciation to this organization.

Organization	Author/Contact	Project Title	Award Amount	Terms
Perpich Center for Arts Education (PCAE)	Teri Akervik	Perpich Center for Arts Education (PCAE) Grant	\$45,300.00	Funds from this grant award will be used for staff development of Arts educators (Music, Media Arts, Visual Arts, dance and Theater) in Duluth as well as the Arrowhead region. Duluth Public Schools will continue to serve as a Regional Center for PCAE in Northeastern Minnesota.
Northland Foundation Thrive Initiative	Jay Roesler	The First Year Program	\$5,000.00	Funds from this grant award will be used to support The First Year Program at the Washington Family Center, which is a collaborative partnership between Duluth Public School, St Louis County Health and Social Services and the University of Minnesota Extended Services.

Dear Regional Center Leaders,

Thank you for a successful year in your regional centers. Perpich has reviewed your 2016-2017 proposals and approved your proposed project-based budgets. Your FY 2016-2017 proposal represent strong, innovative outreach to arts educators through a variety of projects and/or programs. Thank you for continuing to support arts education and teachers in your area. As a reminder, here are important guidelines to consider as you implement next year's proposal:

1. Programs designed for a specific school or schools within only your district do not meet program parameters.
2. Funds cannot be used for school field trips. You can explore community support and/or Legacy funding from regional arts councils for these activities.
3. Up to .3FTE for coordination of the regional center programming is an acceptable expense. We do not cover expenses for administrative support.
4. Other acceptable funds for personnel include contracts with community and teaching artists, guest speakers, or specialized professional development personnel. Collaborative partners need to cover costs for their employees and/or use of their facility.

Final reports for FY 2015-2016 are due by Thursday, June 30, 2016. We will process the final disbursement of your regional center money after the final report and applicable invoices have been submitted to Perpich. Please refer to the final report template shared with you (as a Google doc) on February 1st.

FY16 project allocations are as follows:

Duluth \$45,300

- Coordinator/team member stipends (up to) \$21,000
- Peer Coaching \$8,000
- Curriculum & Assessment Development \$16,300

Sincerely,

Betsy Maloney, PhD

To be submitted to the July 2016 - Education Committee

From: Susan Schmidt, Social Studies Curriculum Coach

Minnesota Standards in Social Studies were adopted by the legislature in May, 2013. In addition, the College Board has made significant changes to its Advanced Placement United States History course description and advanced placement test. To continue to meet these requirements, the Advanced Placement American History teachers met during the months of April and May, 2016 to explore options in textbooks for the AP American History classes at both Denfeld and East High School. After reviewing the textbooks the teachers and Social Studies Curriculum Specialist, Susan Schmidt, are recommending the following purchase: 150 copies of America's History, For the AP Course 8e & LearningCurve & Strive for a 5 for America's History, Eighth Edition. This text is on the list of textbooks approved by the College Board, administrator of the AP test. The total cost of this purchase including shipping, handling and Teacher's Resource Guide will be \$19,766.07.

The Department of Curriculum and Instruction under the leadership of Dr. Michael Cary, are submitting this proposal of \$19,766.07 will be taken out of the secondary adoption budget for the fiscal year 16-17 as an action item.
