Dear School Board members,

Denfeld High School is in its fifth year of being a BARR school and the success of its program comes down to the people on the ground doing the work.

BARR stands for "Building Assets, Reducing Risks." It is an educational model that focuses on teachers creating strong relationships with students as a way to make sure the students succeed.

Over 50 staff members at Denfeld have been part of building the BARR program at Denfeld throughout the years and that number continues to grow. Each individual person, from administration to teachers, counselors, social workers, integration specialists, school psychologists, and administrative assistants has played an important role in building and sustaining a quality program to support our students.

Recently, 9th-grade counselor and BARR Coordinator Jennifer Wellnitz and Denfeld Principal Tom Tusken attended the BARR National Conference in Palm Springs, CA, where Denfeld was awarded the BARR 2022 School of Excellence honor.

Denfeld is one of six schools out of two hundred plus BARR schools in the nation to receive this designation. This is a very big honor that is all due to Denfeld's intentional commitment to building and fostering positive relationships with our 9th-grade students.

So we want to say congratulations to Denfeld High School, Counselor Wellnitz and Principal Tusken for their continued work with intentional commitment to building and fostering positive relationships with our 9th grade students.

Sincerely,  
Anthony Bonds  
Assistant Superintendent

We had red and grey week last week with an oscars theme and We crowned Mr. and Ms. East. The Ms. East candidates were Claire Beaumier, Sophia Revoir, Lussi Salmela, Brooke Paine, and Kasey Menegini. The Mr. East candidates were Cameron Donahue, Aiden Yung, Amma Okoro, Daniel Neimi, and Jackson DesCombaz.

The winners were Amma Okoro and Sophia Revoir.

Exec put on a well attended Movie night as well as a cake walk at lunch that people were excited to participate in. Even though burn out is at its peak right now, we were able to make the most of our week.

More people than ever at East are advancing to nationals for history day. Grace Beaster and Martyn Dahl got first place for their history day project at state. Natilie Miller wrote a paper and got first at state and Emma Ambrosi and Taven Roth both also advanced.

Track sections are in two weeks. Leif Zering broke the school record for pole vault. Jackson DesCombaz just broke a meet record for mile time.

Exec and association are selecting new boards this week. We are working very hard to select a diverse board and make sure all groups in the school are represented.

The play, Harvey, was the week before prom. Turnout was good and the play was really well done. Thomas Racette played the lead role, Elwood P. Dowd.

Prom was May 7th and was a definite success. There were multiple photo booths for many picture opportunities as well and snacks and a game room. Seniors were very excited to have their one and only prom, and juniors were happy to have their first.

Some students in levels three and four in Spanish and German are taking the Seal of biliteracy test right now in hopes to receive a seal on their transcripts.

The talent show at Ordean had a surprisingly large turnout. Acapella did a wonderful job with creative skits and all the acts were very entertaining.

Houndpack applications for next year were due yesterday.

Cheer tryouts happened recently.

Girls lacrosse is having a good season so far. They had a team bonding dinner at East last night and have games today and Friday.

Choralaires are waiting for their audition results, and Sterling has their new members decided.

Year book has picked out their new members for next year and the year books just came in. They have gone through and organized them all by grade and they will be adding the supplements tomorrow. Year books will be distributed on the 27th.

# Why Evaluate the Superintendent?

A quality superintendent evaluation process provides benefits not only for a school board and its superintendent but also benefits the school community and the community at large by allowing school board members to follow school district progress and learn about a superintendent's ongoing professional development; providing input, feedback, and support for a superintendent to help him/her improve throughout the school year; creating and establishing a climate of trust and collaboration; providing the school community and the community at large with assurance that their priorities are being addressed; and providing oversight and assurance that a school board's vision, priorities, and policies are being implemented as intended.

## Revenue Budget Summary - Fiscal Year 2023 (FY23)

### General Fund

**Overview/Definitions:**

**General Fund** includes General (01), Transportation (03), and Operating Capital (05).

Within the General and Operating Capital funds, certain revenues will have reserve requirements.

Revenues originate from Federal, State, or Local Sources. Some Federal revenues are allocated to states who, in turn, distribute those revenues to eligible school districts, charter schools, or other programs.

Revenue that is equalized, or has a tax levy component in the formula, will have the levy portion identified as local revenue. This may be state mandated, district opted, or voter approved.

Other local revenues include grants, gifts & donations, tuition billing, fees, gate receipts, and interest. The sale proceeds for properties may be identified separately from regular local revenue.

State revenue may be a component of statewide funding formulas, categorical aids in which a district must qualify, or state grants with specific scope and requirements.

The process for General Fund Revenue budgeting will include projecting and analyzing current Federal, State, and Local revenues along with forecasting legislative or local district changes to revenues.

**Current estimated INITIAL GENERAL FUND Revenues for FY23:**

**\*\*At this time the General Fund Budget is not taking into account investments from ESSER to adjust amounts.**

<b>Federal:</b>	\$	5,738,555.00
<b>State:</b>	\$	84,606,948.66
<b>Local:</b>	\$	23,254,914.51
	<hr style="width: 100%;"/>	
	<b>\$</b>	<b>113,600,418.17</b>

**Initial Budget Assumptions:**

Basic Formula Allowance remains at \$6,863 but MAY change with legislation.

Pupil Counts are projected lower in FY23 compared to the FY21 budgeted enrollment, projected at 7,985 Adjusted Average Daily Membership (ADM) - this is an increase of approximately 100 students compared to final FY21.

Categorical Revenues are estimated at FY22 levels unless other information is known.

Federal Title program revenue estimates are projected to be similar to FY22 based on projections due to Free & Reduced counts.

Other local revenues are estimated by prior

**Restricted Revenues** require a reserved fund balance if funding is not all spent in the allocated fiscal year. Most restricted revenues are intended to be spent in full in the allocated fiscal year.

Some **Unrestricted Revenues** may have defined uses but do not require a designated set aside balance to reserve.

**Restricted Revenues** come from state and local sources (aid and levy).

**Unrestricted Revenues** come from federal, state, and local sources.

Federal Sources are often reimbursements and have allowable carryover provisions to subsequent fiscal years. Use of Federal funds have limitations.

## Expense Budget Summary - Fiscal Year 2023 (FY23)

### General Fund

#### Overview/Definitions:

General Fund expenses encompass a wide range of categories and are identified through coding to represent programming areas and use of funds.

Expenses may be funded through unrestricted, restricted, or fund balances. If a fund balance is being used, revenues and expenses may not tie out.

An overall surplus or deficit is the combination of all available funding sources.

Staffing for FY23 is currently an estimate. The District will continue to analyze programs and pupil trends to determine base needs. Staff funded by entitlement revenues may need to be adjusted based on funding.

Consideration for effective use of funds will be the baseline to appropriately budget expenses in programs that best represent any restricted guidelines.

FY23 expense considerations may be the result of impacts from prior year budget or levy consequences.

Revenues that may become available through legislation or other sources not currently budgeted may trigger changes in expenses.

More meetings with building and program administration will be needed to determine any specific changes needed due to revenue adjustments, program reductions, or district priorities.

#### Labor/Non-Labor Summary

The majority of General Fund expenses are tied to salaries, wages, and benefits.

This pie chart shows the district's breakdown of Labor and Non-Labor expenses in the General Fund for Fiscal Year 2021.

It is expected that FY23 will look differently because of the use of Federal dollars for technology and equipment purchases.

This will be reviewed and updated for FY22 after

\* Of the 79% Labor, 69% is Salaries and Wages and 31% is Benefits

## Expense Budget Summary - Fiscal Year 2023 (FY23)

### General Fund

The **preliminary** expense budget was created using Fiscal Year 2022 (FY22) as a baseline and adjusting for a number of factors, including impacts from revenue. Due to COVID-19, FY21 has some unique factors. We will be spending the next 2 months going over expenses in more detail and providing adjustments.

The program areas below are defined by the Minnesota Department of Education (MDE).

Program areas may include expenses using restricted or unrestricted revenues.

Fund Balance is not a program area, but it is noted here as a budget component in relation to use of revenue as a budget priority or need.

## Expense Budget Summary - Fiscal Year 2023 (FY23)

### General Fund

#### Preliminary Budget Considerations - Expenses

Salaries, Wages, and Benefits were adjusted based on average contractual increases and projected FY22 staffing changes (retirements) currently known. Upcoming negotiations may impact this category.

The FY23 budget includes the impacts of labor negotiations.

A \$1.2 million transfer from General to LTFM was done in FY22 to balance the General Fund. Original use of LTFM funds is for building and facilities improvements. This will continue in FY23.

Planning for HR department staffing changes, along with considerations for strategic planning and other district planning initiatives are included in this budget.

Any potential property sales are not included in this budget. Should there be a sale, statute requires a deposit into the operating capital reserve. Funds will be reviewed and reserved.

This budget includes the continued investment in Special Education that started in FY20, but may adjust.

Projected Compensatory revenue is currently lower by \$300,000. Legislation may change this. Administration will be recommending changes in Compensatory allocation changes.

**The use of ESSER funds will be determined after the regular operational budget is reviewed and built. One-time funds may fill gaps or create short-term initiatives to address district goals.**

Special Education funding is still being reviewed, with consideration for impacts of tuition billing.

**This budget is PRELIMINARY and subject to change.**

Reductions may be required.

### Food and Supplies availability:

Supply chain issues continue to affect our ability to get products. Paper goods and food supplies are sometimes unavailable and have all gone up in price. We continue to find suitable substitutions so that students will still get a nutritional lunch and breakfast. The USDA outlook appears to see this trend continue into the summer months.

### USDA Audit Preparation:

Child Nutrition is preparing to host a USDA/Minnesota State Audit. Auditor will be on site May 18, 19, 2022.

## **Transportation Report April 2022 Activities**

The ISD #709 Transportation department manages both a district owned fleet of vehicles and district employees, including bus drivers, monitors, and mechanics, along with the coordination of contracted transportation services through Voyageur Bus Company.

The Transportation department uses Versatrans as its student transportation software. The department is busy building and/or updating about 434 routes, many field trips and coordinating with Voyageur. There are *many* updates daily.

- 54 trips happened in April, 2022
- 86 scheduled so far for May, 2022

The last hired driver passed the final test on 4/29/22. COVID continues to be a concern, due to quarantine time.

As of February 7<sup>th</sup> 2022, the FMCSA has instituted the ELDT program for entry level drivers. This is a far more complex system than the previous and has required that Steven Johnson take lead on training since this is a new system and the protocol needs to be set. Also, since the ELDT requires that anyone training other drivers have a license the same or better than the one they are teaching for, this has removed a trainer as our router/trainer (Tobin) has not made that deadline.

In terms of COVID response, drivers have access to a Hudson sprayer with Virex to be used between routes for disinfection. Additionally, they have alcohol wipes for their own disinfection purposes. All drivers have access to two electrostatic sprayers as well.

The Transportation Department is pleased to announce the replacement of one engine as we await final approval for the purchase of two new buses.

Routine general bus maintenance is ongoing (wiring/electrical, brakes, stop arms, belts, etc.). Maintenance on non-transportation vehicles “under 5” has begun. A&B scheduled maintenance inspection continues as well.

The average fleet age is 6.7 years. Current average mileage is 77,250 (goal is 50,000 – 60,000).

### **Health Care Savings Plan (HCSP)**

**Section 8.1** - To be eligible to receive the Health Care Savings Plan (HCSP) through the Minnesota State Retirement System (MSRS), a Principal or Assistant Principal (employee) must be immediately eligible for a Minnesota pension plan at separation of service and have fifteen (15) years of total service to the School District or 7 years of service as a member of the Duluth Principals Association.

**Section 8.2** - Employees shall be granted sick leave in accordance with Article IV, Section 4.4 of the Principals' contract. Up to one hundred eighty (180) days of accumulated sick leave may be used for HCSP purposes.

**Section 8.3** - The daily rate of pay (DRP) shall be the basic daily rate of pay, including longevity, plus performance pay at the time of separation (retirement or resignation) and does not include additional compensation for extra-curricular, extended employment or other additional compensation.

**Section 8.4 - Determination Of the First HCSP amount.** Up to one hundred (100) days of accumulated sick leave multiplied by the daily rate of pay at the time of retirement shall be contributed to the HCSP at the time of separation. The dollar amount for unused sick leave beyond one hundred (100) days as calculated according to Section 8.5 shall also be contributed to the HCSP at the time of separation.

**Section 8.5 - Calculation Of Employee's second HCSP amount.** Each employee shall be credited one (1) day for each year of service to the District. This total will be multiplied using the multiplier determined from the chart below. Formula days referred to in the chart shall be equal to the number of accumulated sick leave days at retirement or resignation. The number of days derived (1 day/year of service x multiplier) shall be added to any sick leave days remaining after subtraction of days determined in Section 8.4. This total will be multiplied by the

employee's daily rate of pay at the time of separation and discounted by 3.5 percent. The discounted amount will be credited to the employee's HCSP.

**Formula Multiplier Chart**  
**(Accumulated Sick Leave Days = Formula Days)**

<u>Formula Days</u>	<u>Multiplier</u>
171-180	3.38
0-170	2.50

1. The dollar amount for unused sick leave beyond one hundred (100) days will be discounted by 3.5%

**EXAMPLE:**

Years of Service	30.00
x 3.38	3.38
= Subtotal	101.40
+ Unused Sick Leave	180.00
= Total Days	281.40
x Daily Rate of Pay	\$ 300.00
= Total Value of (HCSP)	\$ 84,420.00
- First 100 Days	(\$ 30,000.00)
= Remainder	\$ 54,420.00
- Discount	(\$ 1,904.70)
= Amount to MSRS	\$ 52,515.30

**Section 8.6** - Employees discharged for cause shall not be eligible for benefits under the HCSP payable at retirement or resignation.

**Section 8.7** - The employee must give written notice of separation to the Senior Human Resources Manager prior to April 1 if not returning for the following school year, or three (3) months prior to separation if separating during the school year, except in cases involving serious illness or other justifiable cause, an employee may separate after such time limits with the approval of the Superintendent and may receive benefits under the HCSP.

Buyer's Signature Accepting Terms of Contract

CAE Please acknowledge, by initialing, you have read & agree to the "Additional Terms and Conditions"

### ADDITIONAL TERMS AND CONDITIONS OF THIS VEHICLE PURCHASE CONTRACT

1. **Definitions:** As used in this CONTRACT, "YOU" or "YOUR" means the buyer and co-buyer. "I", "ME", or "MY" means the seller or dealer. "VEHICLE" means the car, truck, or other vehicle described on the front of this CONTRACT including all the options listed. "Manufacturer" means the company which makes the VEHICLE. "Trade-In" means the vehicle that YOU trade to ME in partial payment for the VEHICLE.
2. **Purpose:** By signing the CONTRACT, YOU agree to buy the VEHICLE from ME. By accepting this CONTRACT, I agree to deliver the VEHICLE to YOU if the VEHICLE is in my inventory. If the VEHICLE is not in my inventory, I agree to order it from the Manufacturer. After receiving the VEHICLE from the Manufacturer, I agree to deliver the VEHICLE to YOU.
3. **Price Changes by the Manufacturer:** The VEHICLE price stated on the front of this CONTRACT is based on the current price the Manufacturer charges ME. At any time before I receive the VEHICLE, the Manufacturer has the right to raise the price it charges to ME. If the Manufacturer does raise the price, I may raise the price to YOU by the same amount. If I do raise MY price, YOU may cancel the CONTRACT and get back any down payment YOU have made. If I have not already sold the Trade-In (See Paragraph 4), YOU may have the Trade-In back by paying ME the reasonable cost of storage and any repair work or reconditioning I may have done.
4. **Trade-In:** If YOU are using a Trade-In to partially pay for the VEHICLE, YOU may deliver the Trade-In to ME either when YOU sign this CONTRACT or when the VEHICLE is delivered to YOU. If YOU do not deliver the Trade-In to ME when YOU sign this CONTRACT, YOU agree that at the time YOU deliver the Trade-In, I may reinspect the Trade-In and lower the allowance stated on the front of this CONTRACT. If I do lower the allowance, YOU may cancel this CONTRACT and get back your cash down payment. If YOU deliver the Trade-In when YOU sign this CONTRACT, I may sell the Trade-In at any time and at any price I think proper. If this CONTRACT is cancelled and I have already sold the Trade-In, I will pay YOU the price I received for the Trade-In minus 15% commission, minus any money I spent repairing, storing, insuring, or advertising the Trade-In, unless otherwise required by law.  
When YOU deliver the Trade-In to ME, YOU guarantee that YOU own the Trade-In free and clear and agree to furnish proper proof of ownership, including the Certificate of Title. If any outstanding security interests are attached to the Trade-In vehicle, YOU are obligated to satisfy the debt secured and to obtain a release of all liens. If I arrange payment of the debt, and the total amount is greater than the amount shown on this CONTRACT as the balance owing to lienholder, YOU agree to pay the difference to ME in cash immediately upon notice of the deficiency. If the debt is less than the amount shown, I will refund the surplus to YOU.
5. **YOUR Refusal to Take Delivery:** Unless YOU cancelled this CONTRACT under paragraphs 3 or 4, I will retain the cash down payment YOU gave ME as an offset to MY damages if YOU refuse to complete the purchase. YOU are also responsible for any other damages which I may incur as a result of YOUR failure to perform YOUR obligations under the terms of this CONTRACT. If YOU have delivered the Trade-In to ME when YOU signed this CONTRACT, I may retain the Trade-In and sell it to reimburse MYSELF for the expenses of repairing, storing, or reconditioning the Trade-In and for other expenses or losses I may incur as a result of YOU failed to perform YOUR obligations under this CONTRACT.
6. **Design Changes by the Manufacturer:** The Manufacturer has the right to change the design of the VEHICLE, its chassis, its parts or accessories at any time without notice to YOU or to ME. In the event of a change in design, I have no duty to YOU except to deliver the VEHICLE as made by the manufacturer.
7. **Delays in Delivery:** I am not responsible for delays in delivery caused by the Manufacturer, or by accidents, fires, or other causes beyond MY control. I do not control the Manufacturer and am not part of the Manufacturer and do not work for the Manufacturer.
8. **Taxes:** The price of the VEHICLE does not include federal or state taxes or any other tax or governmental fee. YOU must pay ME the proper amount of any tax or governmental fee which applies to this sale.
9. **Pollution Control Certification:** I certify to the best of MY knowledge that the pollution control system on the VEHICLE including the restricted gasoline pipe has not been revised, altered or rendered inoperative.
10. **New VEHICLE Disclaimer of Warranties:** If YOU are buying a new VEHICLE, the VEHICLE will come with a Manufacturer's warranty which is a promise from the Manufacturer directly to YOU. Unless otherwise agreed in a separate document (see Paragraph 12 below), I expressly disclaim all warranties, express or implied, including any implied warranty of merchantability or fitness for a particular purpose. I sell the VEHICLE "AS IS" and make no guarantees of any kind about the VEHICLES's quality or performance. YOU have complete responsibility and all the risk for any problems with the VEHICLE.
11. **Use VEHICLE Disclaimer of Warranties:** Except as may be provided in the Buyer's Guide Window Form and a separate warranty document (see Paragraph 12 below), if YOU are purchasing a used VEHICLE, I expressly disclaim all warranties, express or implied, including any implied warranty of merchantability or fitness for a particular purpose. I sell the VEHICLE "AS IS" and make no guarantees of any kind about the VEHICLE's quality or performance. YOU have complete responsibility and all the risk for any problems with the VEHICLE. I do not guarantee that the VEHICLE will pass an exhaust emissions inspection.
12. **Dealer Warranty Service Contract:** If I give a warranty on a used VEHICLE or YOU purchase an extended service contract on a new or used VEHICLE, I may not disclaim implied warranties of merchantability or fitness for a particular purpose.
13. **Used VEHICLE Window Sticker Form:** If YOU are purchasing a used VEHICLE or a demonstrator, the information YOU see on the window form for this VEHICLE is part of this CONTRACT. Information on the window form overrides any contrary provisions in the CONTRACT of sale. (La información que aparece en la ventanilla de este vehículo forma es parte de este contrato. La información contenida en el formulario de la ventanilla anula cualquier prevision que establezca lo contrario y que aparezca en el contrato de venta.)

Re: Consultant Agreement

Superintendent Magas,

Thank you for extending the invitation to partnership with TeamWorks International, Inc. through the Comprehensive Strategic Planning for 2022-25, dated April 1, 2022. TeamWorks International, Inc. is a Minnesota company which provides consulting, coaching, research, analysis and related planning / organizational development services. A clear understanding of our respective roles and responsibilities helps both of us to benefit from our cooperative relationship; for that reason, it is our policy to provide a written confirmation of our agreement with respect to our services, fees and billing in this matter. For purposes of this Agreement, TeamWorks International, Inc. may be referred to as "Consultant" and the Duluth Public Schools may be referred to as "Client."

To enable you to benefit as fully as possible from our work with you, per this Agreement, you will provide to us: (a) the general objectives and scope of work, (b) the availability of you and your staff to confer with us, and (c) the format of any report required by you with your request for the particular actions to be taken and procedures to be followed. Except as specifically agreed, the scheduling of our work and the amount of time devoted to it will be at our discretion.

When our services are for an entity, such as Duluth Public Schools, this firm's services are for the entity, not the individuals associated with said entity, such as officers, directors, employees and the like.

1. **SCOPE OF CONSULTING, COACHING AND PLANNING SERVICES.** We mutually anticipate that our services will consist of research, analysis, reports, meetings, retreats, workshops, review of your practices and needs, review of your specific requests for assistance and providing of services appropriate to your needs and the circumstances of each assignment. Attached as "A Proposal for Services" and incorporated herein by reference is a further description of particular consulting, coaching, planning, research, and development services requested.

This accepted Proposal for Services includes the Client's right to copy any provided copyrighted and/or trademarked property in printed and electronic forms. In order to protect intellectual property and copyrights, Client agrees not to attempt in any way to obliterate or destroy the copyright notice and associated name and address as they are incorporated into and part of the documents and reports. Client agrees to reproduce

fully the copyright notice and name in all materials produced. Violation of any provision in this Subsection shall be the basis for the immediate termination of this accepted Agreement.

2. **IDENTIFICATION OF CONSULTANT-USE OF NAME.** Consultant agrees to identify itself to your stakeholders and employees, and other persons whenever performing services under this Agreement by Consultant's name. Neither this Agreement nor the services provided hereunder gives the Consultant the right to use the Client's name or any derivations thereof or any trademark or service marks owned by the Client, except for the limited rights expressly granted hereunder, and the Consultant hereby disclaims any right, title or interest in such names and marks.
3. **FEES.** As defined in the separate "A Proposal for Services" document or in subsequent Work Orders or written Amendments. The enclosed "Standard Client Billing Policy" (Schedule B) is incorporated as a part of the terms of our engagement. That policy and this letter comprise our services agreement with you. We will send you monthly statements itemizing the services performed and the costs and disbursements incurred. Prior to billing, statements will be reviewed to assure their accuracy.
4. **EXPENSE REIMBURSEMENT.** Client will reimburse Consultant for all production, duplication and out-of-pocket expenses such as travel incurred by it in carrying out each assignment hereunder, which shall be in addition to Consultant's fees for services rendered. All costs and expenses (including production, copies at the Consultant's standard rates, duplication, and out of pocket expenses such as travel) incurred by Consultant will be billed at actual cost without any premium or mark up. Reasonably necessary travel expenses will be paid. Reasonable travel is travel by non-first class rate, hotel accommodations that are moderately priced or provided at no cost by the Client, meal charges that are reasonable, and rental cars to be of reasonable cost only, or as may be provided by the Client. Copies of invoices/receipts for out-of-pocket expenses will be appended to the invoices the Consultant provides to the Client.
5. **FEE AND EXPENSE STATEMENTS.** Consultant agrees to submit statements to Client for fees and expenses payable or reimbursable hereunder within ten (10) days after the end of each month. Services will be billed either in full day increments or in hourly increments. Services will be adequately described to inform the Client of the nature, purpose, or subject of the work performed, and the specific activity that is being undertaken. When the billings are hourly, the statements for fees and expenses will disclose, for each separate matter, (a) a brief description of the nature of the services rendered, indicating the dates on which the services were rendered, (b) the amount of time and expenses in rendering such services, and (c) the fees for such services. Undisputed Statements submitted will be paid promptly upon receipt of each statement by Client.
6. **OUR COMMITMENT TO EXCELLENCE.** It is our goal to provide services of the highest quality in the most efficient, timely and responsible manner possible, consistent with our standards of excellence. You can expect the following from us in providing our services:

Consultant shall not be held responsible for any damages in excess of the service fees payable to Consultant by Client.

11. **CONFIDENTIALITY OF INFORMATION.** Each party hereto agrees to hold in strict confidence and not to disclose to any third party any information relating to the Consultant or Client and their respective businesses gained in the performance of, or by reason of the relationship established by, this Agreement, except as it may be required by law or if expressly permitted or required to perform obligations undertaken in this Agreement; provided, however, that the obligation to keep such information confidential will not apply to any information which is received from an independent source which, to the best of the respective parties' knowledge, is not bound by any obligation of secrecy regarding such information. If a subpoena, notice to provide or other legal process is received requiring disclosure of

information which would otherwise be subject to the confidentiality provisions of this Agreement, each party hereto will immediately notify the other party, and cooperate with the other party in any efforts it may make to intervene on its own behalf and at its own expense to prevent or limit disclosure of its confidential information.

12. **DISCLAIMER OF WARRANTIES.** The performance of Consultant services is dependent upon the sufficiency of information and expression of needs provided by Client. Consultant hereby disclaims any and all express or implied warranties of its services, including, without limitation, warranties of fitness for purpose, and Consultant shall not be liable upon any claims of breach of warranty.

## INTRODUCTION TO TEAMWORKS INTERNATIONAL, INC.

For 26 years, TeamWorks International, Inc. has been working with organizations to enhance their capacity for strategic, constructive change resulting in realization of vision in practical and measurable ways. Our clients come from education, community, religious, business, and government settings but they share a common aspiration; to achieve their goals while remaining healthy, dynamic and accountable.

### OUR MISSION

In partnership with school districts, we support design and delivery of the desired daily experience and outcomes for students, families, and staff in bridging the difference between What Is and What Ought to Be

### OUR CORE APPROACH

- We honor our clients as competent and offer realism, hope and compassion in challenging situations.
- We take the time to really know our clients and their organizations.
- We customize our services specifically for each client and each situation.
- We are co-learners with our clients and recognize the value of their perceptions and insights.
- We have made a conscious choice to engage in this work in these environments and are deeply invested in our clients' success.

### OUR TOOLS

**Proprietary FrameWorks™ Series ~** FrameWorks are graphical images that help guide and support leadership and organizational development. Developed and delivered exclusively by TeamWorks professionals, these simple, memorable images provide both a process and a frame of reference through which leaders can interpret and manage complex webs of situations, environments, people, and influences.

### OUR CORE SERVICES

#### Education Leadership System Services

The Education Leadership System (ELS) is an established approach for aligning school boards, administration, staff, and the public to increase learning for all students. ELS clarifies the roles, responsibilities, and relationships that are most often at the source of tension and conflict among these groups of adults.

#### Classroom to Board Room Strategic Planning and Performance Improvement Service

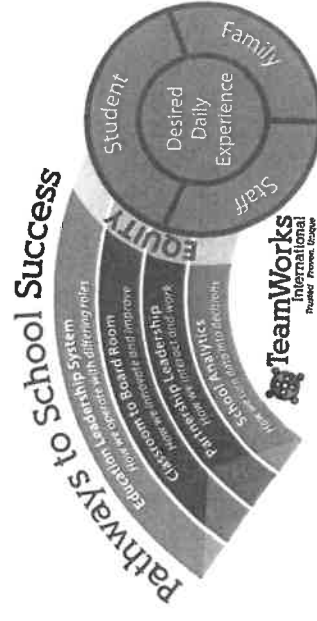

We help clients integrate their mission, vision, strategies, structures, success systems and leadership practice. We then develop a roadmap for the ongoing organizational journey. Our comprehensive, practical and personalized approach encourages those in governance, management and consultative roles to work in concert for the mission and success of their organization.

#### Partnership Leadership Services

TeamWorks International has earned a national reputation for helping organizations develop the capacity for *Partnership Leadership*, a compliment to the traditional "command/control" style of leadership. Through this approach, organizations become more adaptive, responsive and proactive as individuals and groups at different levels of authority and begin to use consistent images, language and process in their interactions with one another.

#### School Analytics

School Analytics involves the synthesis of client data with relevant external data derived from demographic research, surveys and cultural analyses to deepen clients' understanding of both challenges and opportunities. Our specific services include GIS mapping, online surveys, customized research and analysis, and student learning analytics.

## CLASSROOM TO BOARDROOM STRATEGIC PLANNING PROCESS

This proposed process does not follow the typical public planning process in which parents and public drive the focus of the strategic and operational plans for schools and departments.

This process asks the staff and administrators to engage in, and be accountable for, a process of assessment, development, planning, and prioritization as the professional educators of the district.

Parents, students, and the public provide consultation at key points in the process, the School Board engages in the development of a Strategic Roadmap in its' governance work of oversight, policy, and community engagement rather than management work in developing the "nuts and bolts" of the District Strategic Plan for the next 3 - 5 years.

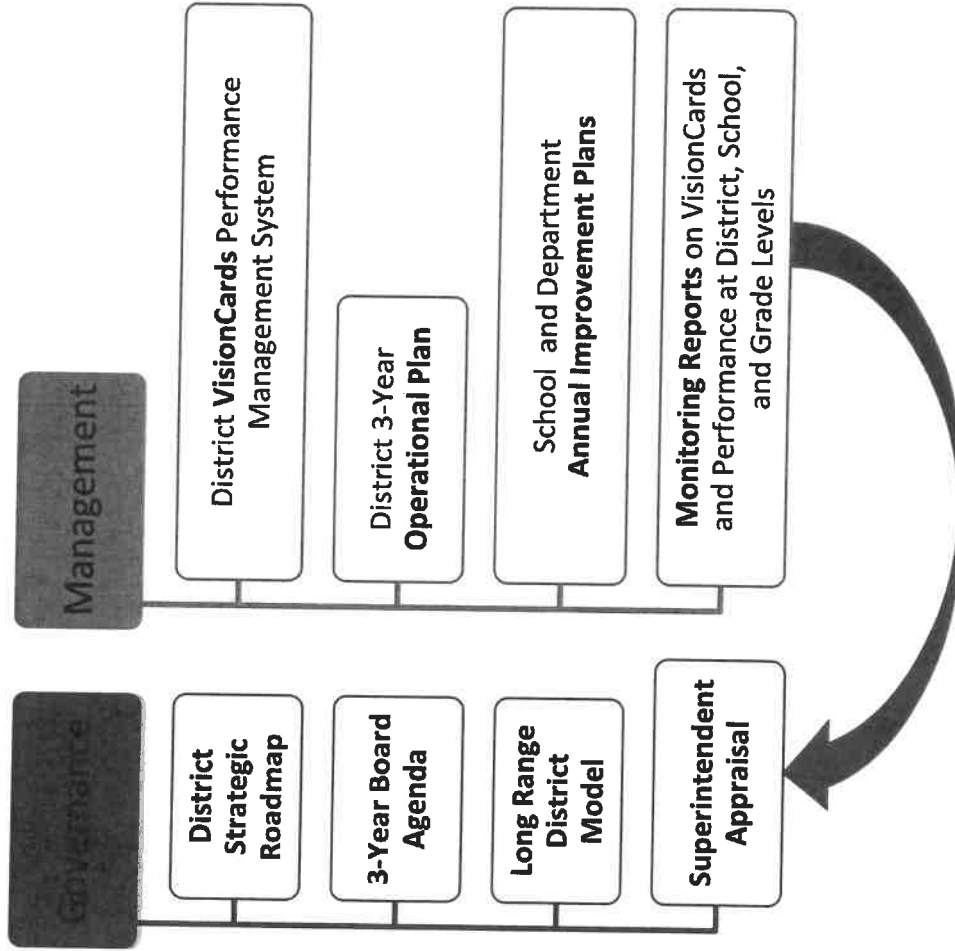

## CLASSROOM TO BOARDROOM COMPREHENSIVE STRATEGIC PLANNING PROCESS KEY DELIVERABLES

1. Full Environmental Scan and StoryWall Report to provide a baseline from stakeholders internal and external to the district.

6. School and Department Annual Improvement Plans in alignment with the District 3 Year Operational Plan, District VisionCard, and Key Strategic Directions.

## Optional Letter of Support:

### Modern Classrooms Project Program-Impact Research

*This optional memorandum is not a binding contract, nor does it replace or constitute formal research approval. Instead, it expresses support for MCP's ongoing program-evaluation efforts, and will be helpful in the event that the Modern Classrooms Project seeks formal research approval at a later date.*

As part of its ongoing efforts to measure its impacts and improve its programming, the Modern Classrooms Project seeks to collaborate with Duluth Public Schools as a partner in program evaluation. The data the Modern Classrooms Project seeks to collect may eventually include:

- **Student Questionnaires:** A validated online survey, which may be administered to both Modern Classroom (MC) and Comparison (C) students 2-3 times during the school year.
- **Teacher Surveys:** A validated online survey, which may be administered to both MC and C teachers 2-3 times during the school year.
- **Teacher Interviews:** 30-minute phone interviews which are parallel to the teacher survey items but permit more in-depth exploration of teachers' program experiences, activities, and reactions.
- **Student Test Scores:** Official assessments of student learning, for both MC and C students.
- **Student Attendance Records:** Official records of student attendance, for both MC and C students.
- **Student Demographics:** Relevant demographic information on both MC and C students.

As an incentive for study participation, and pending formal district approval, the Modern Classrooms Project may provide stipends to both MC and C teachers who complete the Teacher Survey and administer the Student Questionnaire.

In the event that The Modern Classrooms Project receives formal research approval at a later date, The Modern Classrooms Project will share the results of all program-impact research with school and district partners. All student and teacher data will remain anonymous, and The Modern Classrooms Project will seek appropriate parental consent as dictated by the partner's research and legal departments. To express your personal support for these research efforts, please review and sign the statement below.

**I am eager to understand the impacts that The Modern Classrooms Project's work makes on teachers and students. I support this research effort and, in the event that The Modern Classrooms Project seeks formal research approval, would be glad to speak further about my endorsement.**

## AGREEMENT

**THIS AGREEMENT**, made and entered into this 6th day of May, 2022, by and between Independent School District #709, a public corporation, hereinafter called District, and Burns Van Fleet, an independent contractor, hereinafter called Contractor.

**THE PURPOSE OF THE AGREEMENT** is to set out the terms and conditions whereby Contractor will provide programs or services for the District at the times and locations set forth in this Agreement.

**The terms and conditions of this Agreement are as follows:** *(insert here or attach as appropriate)*

The Contractor is hired to engage in interviews with identified staff for the purposes of conducting an analysis of leadership climate and culture. The district will reimburse for all travel, lodging and all other related expenses.

**1. Dates of Service.** This Agreement shall be deemed to be effective as of October 1, 2022 and shall remain in effect until June 30, 2022 , unless terminated earlier as provided for herein, or unless and until all obligations set forth in this Agreement have been satisfactorily fulfilled, whichever occurs first.

**2. Performance.**

A B/VF partner would be on-site in Duluth for five (5) or more days. During that time, he will conduct interviews with every principal and central office administrator who desires to participate. All seven board members will also have the opportunity to participate. All interviews are voluntary and anonymous. The report neither mentions nor quotes anyone directly. Obviously, no attempt is made to evaluate any individual. If desired, upon return from Duluth, the Consultants will review relevant documents, synthesize what was learned from the interviews, and thoughts from their own experiences to prepare the report. If desired, the report would then be sent to the Superintendent and his team for next steps.

**3. Background Check.** *(applies to contractors working independent with students)*

Contractor must provide an executed criminal history consent form and a money order or check payable to the District in an amount equal to the actual cost of conducting a criminal history background check on all of its employees assigned to the program. Contractor is precluded from performance of contract until the results of the criminal background check(s) are on file.

If Contractor has already completed background checks for their business needs, Contractor stipulates that the background checks are completed, on file, and will be made available for review if the District should request.

Contractor will notify the District of any individual working in our schools with convictions of a gross misdemeanor or felony.

**4. Reimbursement.** In consideration of the performance of Contractor of its obligations pursuant to this Agreement, District hereby agrees to reimburse Contractor for its services and expenses in performing said obligations up to a sum not to exceed \$15,000 in total.

Contractor is required by Minnesota Statutes, Section 270.66, subd. 3, to provide their Taxpayer Identification Number (TIN) used in the enforcement of Federal and State tax laws. The TIN will be available to Federal and State tax authorities and State personnel involved in the payment of State obligations. This Agreement will not be approved unless TIN is provided.

**5. Requests for Reimbursement.** The terms of payment under this Agreement are as follows:

- a. Payment shall be made by the District within 30 days of submission of a proper invoice by the Contractor;
- b. Any other terms of payment in the performance of services are incorporated by reference in this Agreement.

**6. Propriety of Expenses.** The fact that the District has reimbursed Contractor for any expense claimed by Contractor shall not preclude District from questioning the propriety of any such item. District reserves the right to offset any overpayment or disallowance of any item or items at any time under this Agreement by reducing future payments to Contractor. This clause shall not be construed to bar any other legal remedies District may have to recover funds expended by Contractor for disallowed costs.

**7. Ownership of Materials.** The District reserves the rights to reproduce the programming in any fashion, or appropriate the contents of the programming, or any portion thereof, to its own use for any and all programs, forms and other materials that Contractor has provided, prepared, or utilized in performance of the terms of this Agreement.

**8. Independent Contractor.** Both the District and Contractor agree that they will act as an independent contractor in the performance of its duties under this Agreement. Nothing contained in this Agreement shall be construed as in any manner creating a relationship of joint venture between the parties, which shall remain independent contractors with respect to all actions performed pursuant to this Agreement.

Accordingly, Contractor shall be responsible for payment of all taxes, including Federal, State, and local taxes, arising out of Contractor's activities in accordance with this Agreement, including by way of illustration, but not limited to, Federal and State income tax, Social Security tax, Unemployment Insurance taxes, workers compensations, and any other taxes or business license fees as required.

**9. Indemnity and defense of the District.** Contractor hereby agrees to defend, indemnify and hold the District harmless from all claims relating to its work pursuant to this Agreement.

In the event that Contractor breaches its obligation to defend, indemnify and hold the District harmless, then in addition to its other damages the District shall be entitled to recover its attorney's fees and costs and disbursements incurred in enforcing this Agreement.

10. **Notices.** All notices to be given by Contractor to District shall be deemed to have been given by depositing the same in writing in the United States Mail: ISD 709, Duluth Public Schools, Attn: Superintendent's Office , 4316 Rice Lake Rd, Suite 108, Duluth, MN 55811.

All notices to be given by District to Contractor shall be deemed to have been given by depositing the same in writing in the United States Mail to: Burns/Van Fleet, 416 Hawthorne St, Houston, TX 77006.

11. **Assignment.** Contractor shall not in any way assign or transfer any of its rights, interests or obligations under this Agreement in any way whatsoever without the prior written approval of the District.

12. **Modification or Amendment.** No amendment, change or modification of this Agreement shall be valid unless in writing signed by the parties' hereto.

13. **Governing Laws.** This Agreement, together with all its paragraphs, terms and provisions is made in the State of Minnesota and shall be construed and interpreted in accordance with the laws of the State of Minnesota.

14. **Entire Agreement.** This Agreement contains the entire understanding of the parties hereto with respect to the subject matter hereof and shall not be changed or otherwise altered except by written agreement of the parties.

15. **Cancellation.** Either party shall have the right to terminate this Agreement, without cause, upon (30) days written notice to the other party as provided for in this Agreement.

16. **Data Practices.** Contractor further understands and agrees that it shall be bound by the Minnesota Government Data Practices Act (Minnesota Statutes 13.03-13.04) with respect to "data on individuals"; as defined in 13.02, subd. 5 of that Statute) which it collects, receives, stores, uses, creates or disseminates pursuant to this Agreement.

## Terms of the Publication Agreement

**THIS PUBLICATION AGREEMENT** includes the Terms on the front and back of this form and cannot be changed except in writing, signed by the School and Shutterfly Lifetouch, LLC. ("Lifetouch").

**LIFETOUGH** will provide materials in the form of yearbook kits, layouts, envelopes, instructions and a production schedule for the programs selected to enable the School to prepare its yearbook for printing. The School agrees to prepare and submit all materials, including photographs, graphics and clip art in accordance with the instructions and deadline schedules.

**INTERNET-BASED APPLICATION:** Some of the Lifetouch products and services are provided through an Internet-based application ("Application"). By selecting an Application, the School authorizes Lifetouch to transmit information, including images, to and from the School and Lifetouch, its affiliated companies, their employees, agents and representatives. The School agrees to comply with the security features of the Application and to protect and control access to the Application, including without limitation, user access credentials.

**EMAIL COMMUNICATIONS:** Many yearbook communications between Lifetouch and the School will be by email. The Yearbook Adviser email address designated on the front of this Agreement, or such other email address as provided by the School, will be an agreed communication address and communication method. The School agrees to regularly monitor and keep secure the email address and advise Lifetouch promptly of any changes.

**PHOTOGRAPHS AND GRAPHICS:** Lifetouch reserves the right to crop photographs, graphics, clip art and other materials as deemed necessary by Lifetouch and is not liable for their loss or damage. Lifetouch will make a reasonable effort to return original materials but does not guarantee their return.

**PROOFS:** So that production will not be delayed, the School agrees to check proofs and return them in the envelope provided or approved via the Web site within 48 hours after receipt. Delay in returning proofs will delay delivery of the yearbooks.

**DELIVERY:** For on-time delivery, Lifetouch must receive the materials for the correct pages (including cover selection and final order quantity) on or before the deadline dates indicated on the front of this Agreement as may be updated via the Web site. Lifetouch is excused from meeting the requested ship date if pages are not in the plant by the specified deadline date. Handwork in the book or on the cover will require the final deadline to be one week earlier. Books will be shipped to the School.

**ADDITIONAL CHARGE ITEMS:** The School agrees to pay for artwork provided by Lifetouch, corrective work on School material and non-standard composition or layout. All artwork and custom design work provided by Lifetouch, including any embossing or debossing dies and designs developed at the School's expense, are provided to the School on a nonexclusive basis, and Lifetouch retains all copyrights therein. Charges will be discussed with a School Representative and appear on the final invoice. If the School misses deadline dates and desires to maintain originally-scheduled ship date, the request will be considered based on available capacity. If capacity is available, the School agrees to pay the then current weekly fee.

**END USER BOOK SALES:** As a convenience to the School, Lifetouch may collect yearbook deposits/payments from end users (parents and students) on the school's behalf. In all cases, the Seller of the yearbook to end users is the School or associated School organization, not Lifetouch. Sales tax may or may not apply depending on applicable state and local laws. The School is solely responsible for collecting and remitting any taxes applicable to yearbook sales to end users.

**PAYMENT PLAN:** The School is the purchaser of the books. The School agrees to pre-sell all books. The School agrees to pay a minimum deposit of 75% at the time final pages are submitted to Lifetouch's plant. A deposit notice will be sent at the later of on or about October 1 or 30 days after this Agreement has been signed. The deposit must be remitted to Shutterfly Lifetouch, LLC, Accounts Receivable, P.O. Box 46993, Eden Prairie, MN 55344-9728. A final invoice will be sent to the School approximately three days after book shipment. Full payment is due (to above address) within 10 days after books are received at the School. The School agrees to pay a 1% monthly service fee for late payment. If during the manufacturing process overruns are printed, Lifetouch may offer to sell extra yearbooks to the School.

**PAYING BY CHECK:** When the School pays by check, the School authorizes Lifetouch to process the payment as a check transaction, or to use information from the check to make a one-time electronic fund transfer from the School's checking account. Funds may be withdrawn from the account on the day Lifetouch receives payment, and the financial institution will not return the check. A service fee may be charged on returned checks.

**THE SCHOOL** grants to Lifetouch and its related companies permission to reproduce, distribute and otherwise use reproductions of the School's materials, including without limitation the cover design and production materials, in sales and promotional literature and as samples, without compensation to the School.

**MISC:** Lifetouch may assign its rights and obligations hereunder. This Agreement binds and benefits the parties and their respective successors and assigns.

**LIFETOUGH** reserves the right to refuse to print any material, which in its opinion is tortious, illegal or violates any copyright or proprietary rights. Lifetouch assumes no obligation for reviewing or editing materials submitted by or on behalf of the School.

**THE SCHOOL** is responsible for the content of the book and materials submitted to Lifetouch for printing. Upon request, the School agrees to obtain such authorizations as considered necessary by Lifetouch. The School releases Lifetouch and, to the extent permitted by applicable law, will indemnify and hold harmless Lifetouch, its affiliated companies, employees, agents and representatives from any and all claims, demands, actions, losses, costs, expenses and reasonable attorney fees arising out of or in connection with the printing of any materials submitted by the School, its faculty, administrators, students, employees, representatives, agents or breach of the School's obligations for Applications.

**CANCELLATION:** This Agreement is not subjected to cancellation by either party during the term of this Agreement except by written consent of both the School and Lifetouch.

**NEITHER PARTY** is liable for delays or losses as a result of strikes, accidents, government restrictions, acts of God, acts of war, or other causes beyond its control, and such delays will not constitute a breach of contract.

## **508 EXTENDED SCHOOL YEAR FOR CERTAIN STUDENTS WITH INDIVIDUALIZED EDUCATION PROGRAMS**

***[Note: The provisions of this policy substantially reflect statutory and regulatory requirements.]***

### **I. PURPOSE**

The purpose of this policy is to ensure that the school district complies with the overall requirements of law as mandated for certain students subject to individualized education programs (IEPs) when necessary to provide a free appropriate public education (FAPE).

### **II. GENERAL STATEMENT OF POLICY**

- A. Extended School Year Services Must Be Available to Provide a FAPE. The school district shall provide extended school year (ESY) services to a student who is the subject of an IEP if the student's IEP team determines the services are necessary during a break in instruction in order to provide a FAPE.
- B. Extended School Year Determination. At least annually, the IEP team must determine that a student is in need of ESY services if the student meets any of the following conditions:
1. There will be significant regression of a skill or acquired knowledge from the student's level of performance on an annual goal that requires more than the length of the break in instruction to recoup unless the IEP team determines a shorter time for recoupment is more appropriate; OR
  2. Services are necessary for the student to attain and maintain self-sufficiency because of the critical nature of the skill addressed by an annual goal, the student's age and level of development, and the timeliness for teaching the skill; OR
  3. The IEP team otherwise determines, given the student's unique needs, that ESY services are necessary to ensure the pupil receives a FAPE.
- C. Required Factors Schools Must Consider in Making ESY Determinations. The IEP team must decide ESY eligibility using information including:
1. Prior observations of the student's regression and recoupment over the summer;
  2. Observations of the student's tendency to regress over extended breaks in instruction during the school year; and
  3. Experience with other students with similar instructional needs.
- D. Additional Factors to Consider, Where Relevant. In making its determination of ESY needs, the following factors must be considered, where relevant:
1. The student's progress and maintenance of skills during the regular school year.
  2. The student's degree of impairment.

3. The student's rate of progress.
  4. The student's behavioral or physical problems.
  5. The availability of alternative resources.
  6. The student's ability and need to interact with nondisabled peers.
  7. The areas of the student's curriculum which need continuous attention.
  8. The student's vocational needs.
- E. No Unilateral Decisions. In the course of providing ESY services to children with disabilities, the school district may not unilaterally limit the type, amount, or duration of those services.
- F. Services to Nonresident Students Temporarily Placed in School District. A school district may provide ESY services to nonresident children with disabilities temporarily placed in the school district in accordance with applicable state law.

## **518 DNR-DNI ORDERS**

### **I. PURPOSE**

The school district recognizes that it is serving students with complex health needs. The school district also recognizes that school district staff may be confronted with requests to withhold emergency care of a student in the event of a life threatening situation at school or school activities or be presented with Do Not Resuscitate/Do Not Intubate (DNR-DNI) orders. The purpose of this policy is to provide guidance to school district staff and parents or guardians in these situations.

### **II. GENERAL STATEMENT OF POLICY**

- A. The primary mission of the school district is education. DNR-DNI orders are medical documents. School district staff will not accept or honor requests to withhold emergency care or DNR-DNI orders. The school district will not convey such orders to emergency medical personnel.
- B. School district staff will provide reasonable emergency care and assistance when a student is undergoing a medical emergency during school or school activities.
- C. School district staff will activate emergency medical services (911) as soon as possible when a student is undergoing a medical emergency during school or school activities.
- D. The parent/guardian will be notified of the emergency as soon as possible.
- E. Notwithstanding this school district policy, IEP and Section 504 teams must develop individualized medical emergency care plans for students when appropriate in accordance with state and federal law.
- F. Parents/guardians who request that emergency care be withheld for their child or who present DNR-DNI orders, shall be advised of and shall be given a copy of this policy.

## **535 SERVICE ANIMALS IN SCHOOLS**

### **I. PURPOSE**

The purpose of this policy is to establish parameters for the use of service animals by students, employees, and visitors within school buildings and on school grounds.

### **II. GENERAL STATEMENT OF POLICY**

Individuals with disabilities shall be permitted to bring their service animals into school buildings or on school grounds in accordance with, and subject to, this policy.

### **III. DEFINITIONS**

#### **A. Service Animal**

A "service animal" is a dog (regardless of breed or size) or miniature horse that is individually trained to perform "work or tasks" for the benefit of an individual with a disability, including an individual with a physical, sensory, psychiatric, intellectual, or mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals. Service animals are working animals that perform valuable functions; they are not pets. The work or tasks performed by the service animal must be directly related to the individual's disability. An animal accompanying an individual for the sole purpose of providing emotional support, therapy, comfort, or companionship is not a service animal.

#### **B. Handler**

A "handler" is an individual with a disability who uses a service animal. In the case of an individual who is unable to care for and supervise the service animal for reasons such as age or disability, "handler" means the person who cares for and supervises the animal on that individual's behalf. School district personnel are not responsible for the care, supervision, or handling responsibilities of a service animal.

#### **C. Work or Tasks**

1. "Work or tasks" are those functions performed by a service animal.
2. Examples of "work or tasks" include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing non-violent protection or rescue work, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine or the telephone, providing physical support and assistance with balance and stability to individuals with mobility disabilities, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors.
3. The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship are not "work or tasks" for the purposes of this policy.

D. Trainer

A "trainer" is a person who is training a service animal and is affiliated with a recognized training program for service animals.

**IV. ACCESS TO PROGRAMS AND ACTIVITIES; PERMITTED INQUIRIES**

- A. In general, handlers (i.e., individuals with disabilities or trainers) are permitted to be accompanied by their service animals in all areas of school district properties where members of the public, students, and employees are allowed to go. A handler has the right to be accompanied by a service animal whenever and to the same extent that the handler has the right: (a) to be present on school district property or in school district facilities; (b) to attend or participate in a school- sponsored event, activity, or program; or (c) to be transported in a vehicle that is operated by or on behalf of the school district.
- B. When an individual with a disability brings a service animal to a school district property, school district employees shall not ask about the nature or extent of a person's disability, but may make the following two inquiries to determine whether the animal qualifies as a service animal:
1. Is the service animal required because of a disability; and
  2. What work or tasks is the service animal trained to perform.
- C. School district employees shall not make these inquiries of an individual with a disability bringing a service animal to school district property when it is readily apparent that an animal is trained to do work or perform tasks for an individual with a disability. However, school district employees may inquire whether the individual with a disability has completed and submitted the request form described in Part VI., below.
- D. An individual with a disability may not be required to provide documentation such as proof that the animal has been certified, trained, or licensed as a service animal.

**V. REQUIREMENTS FOR ALL SERVICE ANIMALS**

- A. The service animal must be required for the individual with a disability.
- B. The service animal must be individually trained to do work or tasks for the benefit of the individual with a disability.
- C. A service animal must have a harness, leash, or other tether, unless either the handler is unable, because of a disability, to use a harness, leash, or other tether, or the use of a harness, leash, or other tether would interfere with the service animal's safe, effective performance of work or tasks, in which case, the service animal must be otherwise under the handler's control (e.g., voice control, signals, or other effective means).
- D. The service animal must be housebroken.
- E. The service animal must be under the control of its handler at all times. The handler is responsible for the care and supervision of a service animal, including walking the service animal, feeding the service animal, grooming the service animal, providing veterinary care to the service animal, and responding to the service animal's need to relieve itself, including the proper disposal of the service animal's waste.
- F. The school district is not responsible for providing a staff member to walk the service animal or to provide any other care or assistance to the animal.
- G. In the case of a student who is unable to care for and/or supervise his or her service animal, the student's parent/guardian is responsible for arranging for such care and

supervision. In the case of an employee or other individual who is unable to care for and/or supervise his or her service animal, the employee or other individual's authorized representative is responsible for arranging for a service animal's care and supervision.

- H. The service animal must be properly licensed and vaccinated in accordance with applicable state laws and local ordinances.

#### **VI. REQUESTING THE USE OF A SERVICE ANIMAL AT SCHOOL**

- A. Students with a disability seeking to be accompanied by a service animal are requested to submit the Approval Request Form to the building principal of the school the student attends. The principal will notify the superintendent or the administrator designated with responsibility to address such requests. School district employees seeking to be accompanied by a service animal are requested to submit the Approval Request Form to the superintendent or the administrator designated with responsibility to address such requests.
- B. Students or employees seeking to bring a service animal onto district premises are requested to identify whether the need for the service animal is required because of a disability and to describe the work or tasks that the service animal is trained to perform.
- C. The owner of the service animal shall provide written evidence that the service animal has received all vaccinations required by state law or local ordinance.

#### **VII. REMOVAL OR EXCLUSION OF A SERVICE ANIMAL**

- A. A school official may require a handler to remove a service animal from school district property, a school building, or a school-sponsored program or activity, if:
  - 1. Any of the requirements described in Part V., above, are not met.
  - 2. The service animal is out of control and/or the handler does not effectively control the animal's behavior;
  - 3. The presence of the service animal would fundamentally alter the nature of a service, program or activity; or
  - 4. The service animal behaves in a way that poses a direct threat to the health or safety of others, has a history of such behavior, or otherwise poses a significant health or safety risk to others that cannot be eliminated by reasonable accommodations.
- B. If the service animal is properly excluded, the school district shall give the individual with a disability the opportunity to participate in the service, program, or activity without the service animal, unless such individual has violated a law or school rule or regulation that would warrant the removal of the individual.

#### **VIII. ADDITIONAL LIMITATIONS FOR MINIATURE HORSES**

In assessing whether a miniature horse may be permitted in a school building or on school grounds as a service animal, the following factors shall be considered:

- A. The type, size, and weight of the miniature horse and whether the facility can accommodate these features;
- B. Whether the handler has sufficient control of the miniature horse;

- C. Whether the miniature horse is housebroken; and
- D. Whether the miniature horse's presence in a specific building or on school grounds compromises legitimate health and safety requirements.

**IX. ALLERGIES; FEAR OF ANIMALS**

If a student or employee notifies the school district that he or she is allergic to a service animal, the school district will balance the rights of the individuals involved. In general, allergies that are not life threatening are not a valid reason for prohibiting the presence of a service animal. Fear of animals is generally not a valid reason for prohibiting the presence of a service animal.

**X. NON-SERVICE ANIMALS FOR STUDENTS WITH INDIVIDUALIZED EDUCATION PROGRAMS (IEPS) OR SECTION 504 PLANS**

If a special education student or a student with a Section 504 plan seeks to bring an animal onto school property that is not a service animal, the request shall be referred to the student's IEP team or Section 504 team, as appropriate, to determine whether the animal is necessary for the student to receive a free appropriate public education (FAPE) or, in the case of a Section 504 student, to reasonably accommodate the student's access to the school district's programs and activities.

**XI. NON-SERVICE ANIMAL AS AN ACCOMMODATION FOR EMPLOYEES**

If an employee seeks to bring an animal onto school property that is not a service animal, the request shall be referred to the superintendent or the administrator designated to handle such requests. A school district employee who is a qualified individual with a disability will be allowed to bring such animal onto school property when it is determined that such use is required to enable the employee to perform the essential functions of his or her position or to enjoy the benefits of employment in a manner comparable to those similarly situated non-disabled employees.

**XII. LIABILITY**

- A. The owner of the service animal or non-service animal is responsible for any harm or injury to an individual and for any property damage caused by the service animal while on school district property.
- B. An individual who, directly or indirectly through statements or conduct, intentionally misrepresents an animal in that person's possession as a service animal may be subject to criminal liability.

## **615 TESTING ACCOMMODATIONS, MODIFICATIONS, AND EXEMPTIONS FOR IEPs, SECTION 504 PLANS, AND LEP STUDENTS**

### **I. PURPOSE**

The purpose of the policy is to provide adequate opportunity for students identified as having individualized education program (IEP), Rehabilitation Act of 1973, § 504 accommodation plan (504 plan), or English Learner (EL) needs to participate in statewide assessment systems designed to hold schools accountable for the academic performance of all students.

### **II. GENERAL STATEMENT OF POLICY**

#### **A. Minnesota Test of Academic Skills (MTAS)**

1. The school district will utilize the existing annual review of IEPs or 504 plans to review, on a case-by-case basis, and determine how a student with a disability will participate in statewide testing.
2. Participation decisions will be made separately for mathematics, reading, and science. The assessment options are the Minnesota Comprehensive Assessment (MCA) and the MTAS.
3. Eligibility Requirements
  - a. The following requirements must be met for a student with a significant cognitive disability to be eligible for the MTAS:
    - (1) The IEP team must consider the student's ability to access the MCA, with or without accommodations;
    - (2) The IEP must review the student's instructional program to ensure that the student is receiving instruction linked to the general education curriculum to the extent appropriate. If instruction is not linked to the general education curriculum, the IEP team must review the student's goals and determine how access to the general curriculum will be provided;

- (3) The IEP team determined the student's cognitive functioning to be significantly below age expectations. The team also determined that the student's disability has a significant impact on his or her ability to function in multiple environments, including home, school, and community;
  - (4) The IEP team determined that the student needs explicit and intensive instruction and/or extensive supports in multiple settings to acquire, maintain, and generalize academic and life skills in order to actively participate in school, work, home, and community environments;
  - (5) The IEP team must document, in the IEP, reasons the MCA is or is not an appropriate measure of the student's academic progress and how the student would participate in statewide testing.
- b. MTAS participation decisions must not be made on the following factors:
- (1) Student's disability category;
  - (2) Placement;
  - (3) Participation in a separate, specialized curriculum;
  - (4) An expectation that the student will receive a low score on the MCA;
  - (5) Language, social, cultural, or economic differences;
  - (6) Concern for accountability calculations.

B. Alternate ACCESS for ELs

1. The school district will utilize the existing annual review of IEPs or 504 plans to review, on a case-by-case basis, and determine how an identified EL student with a disability will participate in statewide testing.
2. Eligibility Requirements
  - a. The student must be identified as EL in MARSS in order to take an English language proficiency assessment.

- b. The student must have a significant cognitive disability. If the student has been identified as eligible to take the MTAS in mathematics, reading, or science, the student meets this criterion.
  - c. For students in grades that the MTAS is not administered:
    - (1) the student must have cognitive functioning significantly below age level;
    - (2) the student's disability must have a significant impact on his or her ability to function in multiple environments, including home, school, and community; and
    - (3) the student needs explicit and intensive instruction and/or extensive supports in multiple settings to acquire, maintain, and generalize academic and life skills in order to actively participate in school, work, home, and community environments.
  - d. The IEP team must consider the student's ability to access the ACCESS, with or without accommodations.
  - e. The IEP team must document, in the IEP, reasons the MCA is or is not an appropriate English language proficiency assessment for the student.
3. Alternate ACCESS participation decisions must not be made on the following factors:
- a. Student's disability category;
  - b. Participation in a separate, specialized curriculum;
  - c. Current level of English language proficiency;
  - d. The expectation that the student will receive a low score on the ACCESS for ELs;
  - e. Language, social, cultural, or economic differences;
  - f. Concern for accountability calculations.

C. EL Students New to the United States

EL students new to the United States will take all assessments, including all academic assessments (math, reading, and science), as well as the English Language Proficiency Assessment (ACCESS).

## **802 DISPOSITION OF OBSOLETE EQUIPMENT AND MATERIAL**

### **I. PURPOSE**

The purpose of this policy is to provide guidelines for the superintendent to assist in timely disposition of obsolete equipment and material.

### **II. GENERAL STATEMENT OF POLICY**

Effective use of school building space, and consideration for safety of personnel, will at times require disposal of obsolete equipment and material.

### **III. DEFINITIONS**

- A. "Contract" means an agreement entered into by the school district for the sale of supplies, materials, or equipment.
- B. "Official newspaper" is a regular issue of a qualified legal newspaper.

### **IV. MANNER OF DISPOSITION**

#### A. Authorization

The superintendent shall be authorized to dispose of obsolete equipment and materials by selling it at a fair price consistent with the procedures outlined in this policy. Any sale exceeding the minimum amount for which bids are required must first be specifically authorized by the school board. The superintendent shall be authorized to properly dispose of used books, materials, and equipment deemed to have little or no value.

#### B. Contracts Over \$175,000

1. If the value of the equipment or materials is estimated to exceed \$175,000, sealed bids shall be solicited by two weeks' published notice in the official newspaper. This notice shall state the time and place of receiving bids and contain a brief description of the subject matter. Additional publication in the official newspaper or elsewhere may be made as the school board shall deem necessary.
2. The sale shall be awarded to the highest responsible bidder, be duly executed in writing, and be otherwise conditioned as required by law.
3. A record shall be kept of all bids, with names of bidders and amounts of bids, and an indication of the successful bid. A bid containing an alteration or erasure of any price contained in the bid which is used in determining the highest responsible bid shall be rejected unless the alteration or erasure is corrected by being crossed out and the correction printed in ink or typewritten adjacent thereto and initialed in ink by the person signing the bid.
4. In the case of identical high bids from two or more bidders, the school board may, at its discretion, utilize negotiated procurement methods with the tied high bidders so long as the price paid does not go below the high tied bid price. In the case where only a single bid is received, the school board may, at its discretion, negotiate a mutually agreeable contract with the bidder so long as the price paid does not fall below the original bid. If no satisfactory bid is received, the board may readvertise.

5. All bids obtained shall be kept on file for a period of at least one year after their receipt. Every contract made without compliance with the foregoing provisions shall be void.
6. Data submitted by a business to a school in response to a request for bids are private until opened. Once opened, the name of the bidder and the dollar amount specified become public; all other data are private until completion of the selection process, meaning the school has completed its evaluation and ranked the responses. After completion of the selection process, all data submitted by all bidders are public except trade secret data. If all responses are rejected prior to completion of the selection process, all data remain private, except the name of the bidder and the dollar amount specified which were made public at the bid opening for one year from the proposed opening date or until resolicitation results in completion of the selection process or until a determination is made to abandon the purchase, whichever occurs sooner, at which point the remaining data becomes public. Data created or maintained by the school district as part of the selection or evaluation process are protected as nonpublic data until completion of the selection or evaluation process. At that time, the data are public with the exception of trade secret data.

C. Contracts From \$25,000 to \$175,000

If the amount of the sale is estimated to exceed \$25,000 but not to exceed \$175,000, the contract may be made either upon sealed bids in the manner directed above or by direct negotiation, by obtaining two or more quotations for the purchase or sale when possible, and without advertising for bids or otherwise complying with the requirements of competitive bidding notice. All quotations obtained shall be kept on file for a period of at least one year after receipt.

D. Contracts \$25,000 or Less

If the amount of the sale is estimated to be \$25,000 or less, the contract may be made either upon quotation or in the open market, in the discretion of the school board. The sale in the open market may be by auction. If the contract is made on quotation, it shall be based, so far as practicable, on at least two quotations which shall be kept on file for a period of at least one year after receipt.

E. Electronic Sale of Surplus Supplies, Materials, and Equipment

Notwithstanding the other procedural requirements of this policy, the school district may contract to sell supplies, materials, and equipment which is surplus, obsolete, or unused through an electronic selling process in which purchasers compete to purchase the supplies, materials, or equipment at the highest purchase price in an open and interactive environment.

F. Notice of Quotation

Notice of procedures to receive quotations shall be given by publication or other means as appropriate to provide reasonable notice to the public.

G. Sales to Employees

No officer or employee of the school district shall sell or procure for sale or possess or control for sale to any other officer or employee of the school district any property or materials owned by the school district unless the property and materials are not needed for public purposes and are sold to a school district employee after reasonable public notice, at a public auction or by sealed response, if the employee is not directly involved in the auction or sale process. Reasonable notice shall include at least one

week's published or posted notice. A school district employee may purchase no more than one motor vehicle from the school district at any one auction. This section shall not apply to the sale of property or materials acquired or produced by the school district for sale to the general public in the ordinary course of business. Nothing in this section shall prohibit an employee of the school district from selling or possessing for sale public property if the sale or possession for sale is in the ordinary course of business or the normal course of the employee's duties.

H. Exceptions for Surplus School Computers

1. A school district may bypass the requirements for competitive bidding and is not subject to any other laws relating to school district contracts if it is disposing of surplus school computer and related equipment, including a tablet device, by conveying the property and title to:
  - a. another school district;

  - e. a charitable organization under section 501(c)(3) of the Internal Revenue Code that is registered with the attorney general's office for educational use.
2. If surplus school computers are not disposed of as described in Paragraph 1., upon adoption of a written resolution of the school board, when updating or replacing school computers, including tablet devices, used primarily by students, the school district may sell or give used computers or tablets to qualifying students at the price specified in the written resolution. A student is eligible to apply to the school board for a computer or tablet under this subdivision if the student is currently enrolled in the school and intends to enroll in the school in the year following the receipt of the computer or tablet. If more students apply for computers or tablets than are available, the school must first qualify students whose families are eligible for free or reduced-price meals and then dispose of the remaining computers or tablets by lottery.

## **807 HEALTH AND SAFETY POLICY**

### **I. PURPOSE**

The purpose of this policy is to assist the school district in promoting health and safety, reducing injuries, and complying with federal, state, and local health and safety laws and regulations.

### **II. GENERAL STATEMENT OF POLICY**

- A. The policy of the school district is to implement a health and safety program that includes plans and procedures to protect employees, students, volunteers, and members of the general public who enter school district buildings and grounds. The objective of the health and safety program will be to provide a safe and healthy learning environment; to increase safety awareness; to help prevent accidents, illnesses, and injuries; to reduce liability; to assign duties and responsibilities to school district staff to implement and maintain the health and safety program; to establish written procedures for the identification and management of hazards or potential hazards; to train school district staff on safe work practices; and to comply with all health and safety, environmental, and occupational health laws, rules, and regulations.
- B. All school district employees have a responsibility for maintaining a safe and healthy environment within the school district and are expected to be involved in the health and safety program to the extent practicable. For the purpose of implementing this policy, the school district may form a health and safety advisory committee to be appointed by the superintendent. The health and safety advisory committee will be composed of employees and other individuals with specific knowledge of related issues. The advisory committee will provide recommendations to the administration regarding plans and procedures to implement this policy and to establish procedures for identifying, analyzing, and controlling hazards, minimizing risks, and training school district staff on safe work practices. The committee will also recommend procedures for investigating accidents and enforcement of workplace safety rules. Each recommendation shall include estimates of annual costs of implementing and maintaining that proposed recommendation. The superintendent may request that the safety committee established under Minn. Stat. § 182.676 carry out all or part of the duties of the advisory committee or the advisory committee may consider recommendations from a separate safety committee established under Minn. Stat § 182.676.

### **III. PROCEDURES**

- A. Based upon recommendations from the health and safety advisory committee and subject to the budget adopted by the school board to implement or maintain these recommendations, the administration will adopt and implement written plans and procedures for identification and management of hazards or potential hazards existing within the school district in accordance with federal, state, and local laws, rules, and regulations. Written plans and procedures will be maintained, updated, and reviewed by the school board on an annual basis and shall be an addendum to this policy. The administration shall identify in writing a contact person to oversee compliance with each specific plan or procedure.
- B. To the extent that federal, state, and local laws, rules, and regulations do not exist for identification and management of hazards or potential hazards, the health and safety advisory committee shall evaluate other available resources and generally accepted best practice recommendations. Best practices are techniques or actions which, through experience or research, have consistently proven to lead to specific positive outcomes.

- C. The school district shall monitor and make good faith efforts to comply with any new or amended laws, rules, or regulations to control potential hazards.

**IV. PROGRAM AND PLANS**

- A. For the purpose of implementing this policy, the administration will, within the budgetary limitations adopted by the school board, implement a health and safety program that includes specific plan requirements in various areas as identified by the health and safety advisory committee. **V. BUDGET**

The superintendent shall be responsible to provide for periodic school board review and approval of the various plan requirements of the health and safety program, including current plan requirements and related written plans and procedures and recommendations for additional plan requirements proposed to be adopted. The superintendent, or such other school official as designated by the superintendent, each year shall prepare preliminary revenue and expenditure budgets for the school district’s health and safety program. The preliminary budgets shall be accompanied by such written commentary as may be necessary for them to be clearly understood by the members of the school board and the public. The school board shall review the projected revenues and expenditures for this program and make such adjustments within the expenditure budget to carry out the current program and to implement new recommendations within the revenues projected and appropriated for this purpose. No funds may be expended for the health and safety program in any school year prior to the adoption of the budget document authorizing that expenditure for that year, or prior to the adoption of an amendment to that budget document by the school board to authorize that expenditure for that year. The health and safety program shall be implemented, conducted, and administered within the fiscal restraints of the budget so adopted.

**VI. ENFORCEMENT**

Enforcement of this policy is necessary for the goals of the school district’s health and safety program to be achieved. Within applicable budget limitations, school district employees will be trained and receive periodic reviews of safety practices and procedures, focusing on areas that directly affect the employees’ job duties. Employees shall participate in practice drills. Willful violations of safe work practices may result in disciplinary action in accordance with applicable school district policies.

## **419R SMUDGING AND PIPE CEREMONIES**

### **Statement of Support**

Duluth Public Schools is committed to diversity, inclusion, and creating an open and respectful climate for all. The District recognizes plants such as tobacco, kinikinik, sage, sweet grass, and cedar as traditional American Indian medicines and essential elements of purification and sacred ceremony.

(MN Statute 144.4167) It shall not be a violation of policy for an American Indian adult to light tobacco in a public school as part of a traditional Indian spiritual or cultural ceremony, or to carry loose tobacco in a tobacco pouch intended for spiritual or cultural ceremonial support.

It shall not be a violation for an American Indian student to carry loose tobacco in a tobacco pouch intended for spiritual or cultural ceremonial support with the permission of the student's parent or guardian and with written or verbal notice to the site administrator or principal.

### **Purpose**

- This regulation allows for students, staff, elders, and cultural teachers who are members of an American Indian Tribe\* to conduct individual or group traditional practices including but not limited to: Opening/Closing prayers, Individual or Group Smudging, Feasts, Pipe Ceremonies, Pow Wows, and Drumming/Singing.
- The defined procedures provide direction to the Duluth Public Schools' community for engagement in these traditions respectfully.

### **Smudging and Pipe Ceremonies Procedure**

- Duluth Public Schools is committed to creating an inclusive, open, and respectful climate for our diverse community members and guests.
- There are many types or forms of ceremony: individual, as part of engagement with Indigenous pedagogies in a classroom; and for community engagement.
- Regulation includes the use of tobacco, sage, sweet grass or cedar.
- It is assumed that very small quantities are used for individual offices, workstations, and indoor classrooms

### ***Notification requirements***

#### *Individual offices or workstations*

An American Indian member of the community may conduct smudging in an individual office of work space without prior approval provided he/she:

- Has Office and Work Space pre-approved through the Facilities Department.
- Works in an enclosed space.
- Posts a notice on the door(s) of offices 24 hours in advance.
- Make sure doors are closed.

- Notifies occupants of neighboring offices and classrooms.
- Ask neighbors if they have allergies.

### *Classroom Spaces*

An American Indian teacher, staff member, member of the community, or other cultural/religious groups who plans to conduct smudging or pipe ceremony in a classroom or meeting room shall:

- Ensure the room is reserved through building during the school day, (exemption for classroom teachers that are assigned to that classroom).
- Inform participants/meeting attendees of the intention to use tobacco, sage, sweet grass, and or cedar in the space.
- Post notices on the door(s).
- Make sure the door(s) is (are) closed.
- Provide notice to neighboring classrooms and other spaces.
- Provide the Building Administrators, Building Engineers, and Manager of Facilities with Five (5) business days' notice.
- Consider scheduling set days and times for this practice.

### *Pre-approved Event Spaces*

To conduct smudging or pipe ceremonies at community events on school property, the event sponsors shall:

- Ensure the room is reserved through the Community Education office.
- Inform participants/meeting attendees of the intention to use tobacco, sage, sweet grass, and or cedar in the space.
- Specify in the event advertising and publicity that the event will include the intention to use tobacco, sage, sweet grass, cedar, or other natural plants.
- The event coordinator will notify the building administrator and building engineer via email/phone at least 24 hours in advance of the event, including the room number and time

### ***Responsibilities of the Building Administrators, Engineers, and Manager of Facilities***

- Evaluate the fire and ventilation systems in the requested space.
- Inform relevant staff
- In either case, students/staff who claim physical sensitivities to smoke or scent will be allowed to make alternate arrangements with the teacher for class participation or changes to office/space assignments.

### ***Other Considerations***

- Facilities will work with the organizers to ensure alarm issues will not disrupt the event; however, it is possible that some building occupants may smell the smoke or odor from the lighted tobacco, sage, sweet grass, cedar, and other natural plants.
- If there is an alarm during a ceremony people should treat it as an actual fire alarm and take appropriate action.
- Maintenance will clear the issue as soon as possible.

- The event manager will take accountability for the people attending and be responsible for making the decision to wait to return to the building or allow participants to leave and cancel the remainder of the event.
- Maintenance will be responsible for calling the event manager with updates.

## Fwd: Denfeld Diploma

Hello Kayla and Jodi,

I believe in the past diploma ordering of students who graduated went through the head secretary. But, then I never got the information (not you Jodi) to be able to change that on the students CUM cards. Since I will be leaving I would suggest that the Guidance office would order diplomas for the Bridge program so they are able to change the CUM card appropatly.

With that being said, can I put an order in through you Kayla and then you would send that information to the Print Shop?

\* The diploma would have this information:

Name: Chase Firm

Date of graduation: May 19, 2022

Thanks ladies. Please let me know if I should be doing this differently.

## **508 EXTENDED SCHOOL YEAR FOR CERTAIN STUDENTS WITH INDIVIDUALIZED EDUCATION PROGRAMS**

***[Note: The provisions of this policy substantially reflect statutory and regulatory requirements.]***

### **I. PURPOSE**

The purpose of this policy is to ensure that the school district complies with the overall requirements of law as mandated for certain students subject to individualized education programs (IEPs) when necessary to provide a free appropriate public education (FAPE).

### **II. GENERAL STATEMENT OF POLICY**

- A. Extended School Year Services Must Be Available to Provide a FAPE. The school district shall provide extended school year (ESY) services to a student who is the subject of an IEP if the student's IEP team determines the services are necessary during a break in instruction in order to provide a FAPE.
- B. Extended School Year Determination. At least annually, the IEP team must determine that a student is in need of ESY services if the student meets any of the following conditions:
1. There will be significant regression of a skill or acquired knowledge from the student's level of performance on an annual goal that requires more than the length of the break in instruction to recoup unless the IEP team determines a shorter time for recoupment is more appropriate; OR
  2. Services are necessary for the student to attain and maintain self-sufficiency because of the critical nature of the skill addressed by an annual goal, the student's age and level of development, and the timeliness for teaching the skill; OR
  3. The IEP team otherwise determines, given the student's unique needs, that ESY services are necessary to ensure the pupil receives a FAPE.
- C. Required Factors Schools Must Consider in Making ESY Determinations. The IEP team must decide ESY eligibility using information including:
1. Prior observations of the student's regression and recoupment over the summer;
  2. Observations of the student's tendency to regress over extended breaks in instruction during the school year; and
  3. Experience with other students with similar instructional needs.
- D. Additional Factors to Consider, Where Relevant. In making its determination of ESY needs, the following factors must be considered, where relevant:
1. The student's progress and maintenance of skills during the regular school year.
  2. The student's degree of impairment.

3. The student's rate of progress.
  4. The student's behavioral or physical problems.
  5. The availability of alternative resources.
  6. The student's ability and need to interact with nondisabled peers.
  7. The areas of the student's curriculum which need continuous attention.
  8. The student's vocational needs.
- E. No Unilateral Decisions. In the course of providing ESY services to children with disabilities, the school district may not unilaterally limit the type, amount, or duration of those services.
- F. Services to Nonresident Students Temporarily Placed in School District. A school district may provide ESY services to nonresident children with disabilities temporarily placed in the school district in accordance with applicable state law.

## **518 DNR-DNI ORDERS**

### **I. PURPOSE**

The school district recognizes that it is serving students with complex health needs. The school district also recognizes that school district staff may be confronted with requests to withhold emergency care of a student in the event of a life threatening situation at school or school activities or be presented with Do Not Resuscitate/Do Not Intubate (DNR-DNI) orders. The purpose of this policy is to provide guidance to school district staff and parents or guardians in these situations.

### **II. GENERAL STATEMENT OF POLICY**

- A. The primary mission of the school district is education. DNR-DNI orders are medical documents. School district staff will not accept or honor requests to withhold emergency care or DNR-DNI orders. The school district will not convey such orders to emergency medical personnel.
- B. School district staff will provide reasonable emergency care and assistance when a student is undergoing a medical emergency during school or school activities.
- C. School district staff will activate emergency medical services (911) as soon as possible when a student is undergoing a medical emergency during school or school activities.
- D. The parent/guardian will be notified of the emergency as soon as possible.
- E. Notwithstanding this school district policy, IEP and Section 504 teams must develop individualized medical emergency care plans for students when appropriate in accordance with state and federal law.
- F. Parents/guardians who request that emergency care be withheld for their child or who present DNR-DNI orders, shall be advised of and shall be given a copy of this policy.

## **535 SERVICE ANIMALS IN SCHOOLS**

### **I. PURPOSE**

The purpose of this policy is to establish parameters for the use of service animals by students, employees, and visitors within school buildings and on school grounds.

### **II. GENERAL STATEMENT OF POLICY**

Individuals with disabilities shall be permitted to bring their service animals into school buildings or on school grounds in accordance with, and subject to, this policy.

### **III. DEFINITIONS**

#### **A. Service Animal**

A "service animal" is a dog (regardless of breed or size) or miniature horse that is individually trained to perform "work or tasks" for the benefit of an individual with a disability, including an individual with a physical, sensory, psychiatric, intellectual, or mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals. Service animals are working animals that perform valuable functions; they are not pets. The work or tasks performed by the service animal must be directly related to the individual's disability. An animal accompanying an individual for the sole purpose of providing emotional support, therapy, comfort, or companionship is not a service animal.

#### **B. Handler**

A "handler" is an individual with a disability who uses a service animal. In the case of an individual who is unable to care for and supervise the service animal for reasons such as age or disability, "handler" means the person who cares for and supervises the animal on that individual's behalf. School district personnel are not responsible for the care, supervision, or handling responsibilities of a service animal.

#### **C. Work or Tasks**

1. "Work or tasks" are those functions performed by a service animal.
2. Examples of "work or tasks" include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing non-violent protection or rescue work, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine or the telephone, providing physical support and assistance with balance and stability to individuals with mobility disabilities, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors.
3. The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship are not "work or tasks" for the purposes of this policy.

D. Trainer

A "trainer" is a person who is training a service animal and is affiliated with a recognized training program for service animals.

**IV. ACCESS TO PROGRAMS AND ACTIVITIES; PERMITTED INQUIRIES**

- A. In general, handlers (i.e., individuals with disabilities or trainers) are permitted to be accompanied by their service animals in all areas of school district properties where members of the public, students, and employees are allowed to go. A handler has the right to be accompanied by a service animal whenever and to the same extent that the handler has the right: (a) to be present on school district property or in school district facilities; (b) to attend or participate in a school- sponsored event, activity, or program; or (c) to be transported in a vehicle that is operated by or on behalf of the school district.
- B. When an individual with a disability brings a service animal to a school district property, school district employees shall not ask about the nature or extent of a person's disability, but may make the following two inquiries to determine whether the animal qualifies as a service animal:
1. Is the service animal required because of a disability; and
  2. What work or tasks is the service animal trained to perform.
- C. School district employees shall not make these inquiries of an individual with a disability bringing a service animal to school district property when it is readily apparent that an animal is trained to do work or perform tasks for an individual with a disability. However, school district employees may inquire whether the individual with a disability has completed and submitted the request form described in Part VI., below.
- D. An individual with a disability may not be required to provide documentation such as proof that the animal has been certified, trained, or licensed as a service animal.

**V. REQUIREMENTS FOR ALL SERVICE ANIMALS**

- A. The service animal must be required for the individual with a disability.
- B. The service animal must be individually trained to do work or tasks for the benefit of the individual with a disability.
- C. A service animal must have a harness, leash, or other tether, unless either the handler is unable, because of a disability, to use a harness, leash, or other tether, or the use of a harness, leash, or other tether would interfere with the service animal's safe, effective performance of work or tasks, in which case, the service animal must be otherwise under the handler's control (e.g., voice control, signals, or other effective means).
- D. The service animal must be housebroken.
- E. The service animal must be under the control of its handler at all times. The handler is responsible for the care and supervision of a service animal, including walking the service animal, feeding the service animal, grooming the service animal, providing veterinary care to the service animal, and responding to the service animal's need to relieve itself, including the proper disposal of the service animal's waste.
- F. The school district is not responsible for providing a staff member to walk the service animal or to provide any other care or assistance to the animal.
- G. In the case of a student who is unable to care for and/or supervise his or her service animal, the student's parent/guardian is responsible for arranging for such care and

supervision. In the case of an employee or other individual who is unable to care for and/or supervise his or her service animal, the employee or other individual's authorized representative is responsible for arranging for a service animal's care and supervision.

- H. The service animal must be properly licensed and vaccinated in accordance with applicable state laws and local ordinances.

#### **VI. REQUESTING THE USE OF A SERVICE ANIMAL AT SCHOOL**

- A. Students with a disability seeking to be accompanied by a service animal are requested to submit the Approval Request Form to the building principal of the school the student attends. The principal will notify the superintendent or the administrator designated with responsibility to address such requests. School district employees seeking to be accompanied by a service animal are requested to submit the Approval Request Form to the superintendent or the administrator designated with responsibility to address such requests.
- B. Students or employees seeking to bring a service animal onto district premises are requested to identify whether the need for the service animal is required because of a disability and to describe the work or tasks that the service animal is trained to perform.
- C. The owner of the service animal shall provide written evidence that the service animal has received all vaccinations required by state law or local ordinance.

#### **VII. REMOVAL OR EXCLUSION OF A SERVICE ANIMAL**

- A. A school official may require a handler to remove a service animal from school district property, a school building, or a school-sponsored program or activity, if:
  - 1. Any of the requirements described in Part V., above, are not met.
  - 2. The service animal is out of control and/or the handler does not effectively control the animal's behavior;
  - 3. The presence of the service animal would fundamentally alter the nature of a service, program or activity; or
  - 4. The service animal behaves in a way that poses a direct threat to the health or safety of others, has a history of such behavior, or otherwise poses a significant health or safety risk to others that cannot be eliminated by reasonable accommodations.
- B. If the service animal is properly excluded, the school district shall give the individual with a disability the opportunity to participate in the service, program, or activity without the service animal, unless such individual has violated a law or school rule or regulation that would warrant the removal of the individual.

#### **VIII. ADDITIONAL LIMITATIONS FOR MINIATURE HORSES**

In assessing whether a miniature horse may be permitted in a school building or on school grounds as a service animal, the following factors shall be considered:

- A. The type, size, and weight of the miniature horse and whether the facility can accommodate these features;
- B. Whether the handler has sufficient control of the miniature horse;

- C. Whether the miniature horse is housebroken; and
- D. Whether the miniature horse's presence in a specific building or on school grounds compromises legitimate health and safety requirements.

**IX. ALLERGIES; FEAR OF ANIMALS**

If a student or employee notifies the school district that he or she is allergic to a service animal, the school district will balance the rights of the individuals involved. In general, allergies that are not life threatening are not a valid reason for prohibiting the presence of a service animal. Fear of animals is generally not a valid reason for prohibiting the presence of a service animal.

**X. NON-SERVICE ANIMALS FOR STUDENTS WITH INDIVIDUALIZED EDUCATION PROGRAMS (IEPS) OR SECTION 504 PLANS**

If a special education student or a student with a Section 504 plan seeks to bring an animal onto school property that is not a service animal, the request shall be referred to the student's IEP team or Section 504 team, as appropriate, to determine whether the animal is necessary for the student to receive a free appropriate public education (FAPE) or, in the case of a Section 504 student, to reasonably accommodate the student's access to the school district's programs and activities.

**XI. NON-SERVICE ANIMAL AS AN ACCOMMODATION FOR EMPLOYEES**

If an employee seeks to bring an animal onto school property that is not a service animal, the request shall be referred to the superintendent or the administrator designated to handle such requests. A school district employee who is a qualified individual with a disability will be allowed to bring such animal onto school property when it is determined that such use is required to enable the employee to perform the essential functions of his or her position or to enjoy the benefits of employment in a manner comparable to those similarly situated non-disabled employees.

**XII. LIABILITY**

- A. The owner of the service animal or non-service animal is responsible for any harm or injury to an individual and for any property damage caused by the service animal while on school district property.
- B. An individual who, directly or indirectly through statements or conduct, intentionally misrepresents an animal in that person's possession as a service animal may be subject to criminal liability.

## **615 TESTING ACCOMMODATIONS, MODIFICATIONS, AND EXEMPTIONS FOR IEPs, SECTION 504 PLANS, AND LEP STUDENTS**

### **I. PURPOSE**

The purpose of the policy is to provide adequate opportunity for students identified as having individualized education program (IEP), Rehabilitation Act of 1973, § 504 accommodation plan (504 plan), or English Learner (EL) needs to participate in statewide assessment systems designed to hold schools accountable for the academic performance of all students.

### **II. GENERAL STATEMENT OF POLICY**

#### **A. Minnesota Test of Academic Skills (MTAS)**

1. The school district will utilize the existing annual review of IEPs or 504 plans to review, on a case-by-case basis, and determine how a student with a disability will participate in statewide testing.
2. Participation decisions will be made separately for mathematics, reading, and science. The assessment options are the Minnesota Comprehensive Assessment (MCA) and the MTAS.
3. Eligibility Requirements
  - a. The following requirements must be met for a student with a significant cognitive disability to be eligible for the MTAS:
    - (1) The IEP team must consider the student's ability to access the MCA, with or without accommodations;
    - (2) The IEP must review the student's instructional program to ensure that the student is receiving instruction linked to the general education curriculum to the extent appropriate. If instruction is not linked to the general education curriculum, the IEP team must review the student's goals and determine how access to the general curriculum will be provided;

- (3) The IEP team determined the student's cognitive functioning to be significantly below age expectations. The team also determined that the student's disability has a significant impact on his or her ability to function in multiple environments, including home, school, and community;
  - (4) The IEP team determined that the student needs explicit and intensive instruction and/or extensive supports in multiple settings to acquire, maintain, and generalize academic and life skills in order to actively participate in school, work, home, and community environments;
  - (5) The IEP team must document, in the IEP, reasons the MCA is or is not an appropriate measure of the student's academic progress and how the student would participate in statewide testing.
- b. MTAS participation decisions must not be made on the following factors:
- (1) Student's disability category;
  - (2) Placement;
  - (3) Participation in a separate, specialized curriculum;
  - (4) An expectation that the student will receive a low score on the MCA;
  - (5) Language, social, cultural, or economic differences;
  - (6) Concern for accountability calculations.

B. Alternate ACCESS for ELs

1. The school district will utilize the existing annual review of IEPs or 504 plans to review, on a case-by-case basis, and determine how an identified EL student with a disability will participate in statewide testing.
2. Eligibility Requirements
  - a. The student must be identified as EL in MARSS in order to take an English language proficiency assessment.

- b. The student must have a significant cognitive disability. If the student has been identified as eligible to take the MTAS in mathematics, reading, or science, the student meets this criterion.
  - c. For students in grades that the MTAS is not administered:
    - (1) the student must have cognitive functioning significantly below age level;
    - (2) the student's disability must have a significant impact on his or her ability to function in multiple environments, including home, school, and community; and
    - (3) the student needs explicit and intensive instruction and/or extensive supports in multiple settings to acquire, maintain, and generalize academic and life skills in order to actively participate in school, work, home, and community environments.
  - d. The IEP team must consider the student's ability to access the ACCESS, with or without accommodations.
  - e. The IEP team must document, in the IEP, reasons the MCA is or is not an appropriate English language proficiency assessment for the student.
3. Alternate ACCESS participation decisions must not be made on the following factors:
- a. Student's disability category;
  - b. Participation in a separate, specialized curriculum;
  - c. Current level of English language proficiency;
  - d. The expectation that the student will receive a low score on the ACCESS for ELs;
  - e. Language, social, cultural, or economic differences;
  - f. Concern for accountability calculations.

C. EL Students New to the United States

EL students new to the United States will take all assessments, including all academic assessments (math, reading, and science), as well as the English Language Proficiency Assessment (ACCESS).

**III. DEFINITION OF TERMS**

## **802 DISPOSITION OF OBSOLETE EQUIPMENT AND MATERIAL**

### **I. PURPOSE**

The purpose of this policy is to provide guidelines for the superintendent to assist in timely disposition of obsolete equipment and material.

### **II. GENERAL STATEMENT OF POLICY**

Effective use of school building space, and consideration for safety of personnel, will at times require disposal of obsolete equipment and material.

### **III. DEFINITIONS**

- A. "Contract" means an agreement entered into by the school district for the sale of supplies, materials, or equipment.
- B. "Official newspaper" is a regular issue of a qualified legal newspaper.

### **IV. MANNER OF DISPOSITION**

#### **A. Authorization**

The superintendent shall be authorized to dispose of obsolete equipment and materials by selling it at a fair price consistent with the procedures outlined in this policy. Any sale exceeding the minimum amount for which bids are required must first be specifically authorized by the school board. The superintendent shall be authorized to properly dispose of used books, materials, and equipment deemed to have little or no value.

#### **B. Contracts Over \$175,000**

1. If the value of the equipment or materials is estimated to exceed \$175,000, sealed bids shall be solicited by two weeks' published notice in the official newspaper. This notice shall state the time and place of receiving bids and contain a brief description of the subject matter. Additional publication in the official newspaper or elsewhere may be made as the school board shall deem necessary.
2. The sale shall be awarded to the highest responsible bidder, be duly executed in writing, and be otherwise conditioned as required by law.
3. A record shall be kept of all bids, with names of bidders and amounts of bids, and an indication of the successful bid. A bid containing an alteration or erasure of any price contained in the bid which is used in determining the highest responsible bid shall be rejected unless the alteration or erasure is corrected by being crossed out and the correction printed in ink or typewritten adjacent thereto and initialed in ink by the person signing the bid.
4. In the case of identical high bids from two or more bidders, the school board may, at its discretion, utilize negotiated procurement methods with the tied high bidders so long as the price paid does not go below the high tied bid price. In the case where only a single bid is received, the school board may, at its discretion, negotiate a mutually agreeable contract with the bidder so long as the price paid does not fall below the original bid. If no satisfactory bid is received, the board may readvertise.

5. All bids obtained shall be kept on file for a period of at least one year after their receipt. Every contract made without compliance with the foregoing provisions shall be void.
6. Data submitted by a business to a school in response to a request for bids are private until opened. Once opened, the name of the bidder and the dollar amount specified become public; all other data are private until completion of the selection process, meaning the school has completed its evaluation and ranked the responses. After completion of the selection process, all data submitted by all bidders are public except trade secret data. If all responses are rejected prior to completion of the selection process, all data remain private, except the name of the bidder and the dollar amount specified which were made public at the bid opening for one year from the proposed opening date or until resolicitation results in completion of the selection process or until a determination is made to abandon the purchase, whichever occurs sooner, at which point the remaining data becomes public. Data created or maintained by the school district as part of the selection or evaluation process are protected as nonpublic data until completion of the selection or evaluation process. At that time, the data are public with the exception of trade secret data.

C. Contracts From \$25,000 to \$175,000

If the amount of the sale is estimated to exceed \$25,000 but not to exceed \$175,000, the contract may be made either upon sealed bids in the manner directed above or by direct negotiation, by obtaining two or more quotations for the purchase or sale when possible, and without advertising for bids or otherwise complying with the requirements of competitive bidding notice. All quotations obtained shall be kept on file for a period of at least one year after receipt.

D. Contracts \$25,000 or Less

If the amount of the sale is estimated to be \$25,000 or less, the contract may be made either upon quotation or in the open market, in the discretion of the school board. The sale in the open market may be by auction. If the contract is made on quotation, it shall be based, so far as practicable, on at least two quotations which shall be kept on file for a period of at least one year after receipt.

E. Electronic Sale of Surplus Supplies, Materials, and Equipment

Notwithstanding the other procedural requirements of this policy, the school district may contract to sell supplies, materials, and equipment which is surplus, obsolete, or unused through an electronic selling process in which purchasers compete to purchase the supplies, materials, or equipment at the highest purchase price in an open and interactive environment.

F. Notice of Quotation

Notice of procedures to receive quotations shall be given by publication or other means as appropriate to provide reasonable notice to the public.

G. Sales to Employees

No officer or employee of the school district shall sell or procure for sale or possess or control for sale to any other officer or employee of the school district any property or materials owned by the school district unless the property and materials are not needed for public purposes and are sold to a school district employee after reasonable public notice, at a public auction or by sealed response, if the employee is not directly involved in the auction or sale process. Reasonable notice shall include at least one

week's published or posted notice. A school district employee may purchase no more than one motor vehicle from the school district at any one auction. This section shall not apply to the sale of property or materials acquired or produced by the school district for sale to the general public in the ordinary course of business. Nothing in this section shall prohibit an employee of the school district from selling or possessing for sale public property if the sale or possession for sale is in the ordinary course of business or the normal course of the employee's duties.

H. Exceptions for Surplus School Computers

1. A school district may bypass the requirements for competitive bidding and is not subject to any other laws relating to school district contracts if it is disposing of surplus school computer and related equipment, including a tablet device, by conveying the property and title to:
  - a. another school district;
  - b. the state department of corrections;
  - c. the board of trustees of Minnesota State Colleges and Universities;

  - e. a charitable organization under section 501(c)(3) of the Internal Revenue Code that is registered with the attorney general's office for educational use.
2. If surplus school computers are not disposed of as described in Paragraph 1., upon adoption of a written resolution of the school board, when updating or replacing school computers, including tablet devices, used primarily by students, the school district may sell or give used computers or tablets to qualifying students at the price specified in the written resolution. A student is eligible to apply to the school board for a computer or tablet under this subdivision if the student is currently enrolled in the school and intends to enroll in the school in the year following the receipt of the computer or tablet. If more students apply for computers or tablets than are available, the school must first qualify students whose families are eligible for free or reduced-price meals and then dispose of the remaining computers or tablets by lottery.

### **II. GENERAL STATEMENT OF POLICY**

- A. The policy of the school district is to implement a health and safety program that includes plans and procedures to protect employees, students, volunteers, and members of the general public who enter school district buildings and grounds. The objective of the health and safety program will be to provide a safe and healthy learning environment; to increase safety awareness; to help prevent accidents, illnesses, and injuries; to reduce liability; to assign duties and responsibilities to school district staff to implement and maintain the health and safety program; to establish written procedures for the identification and management of hazards or potential hazards; to train school district staff on safe work practices; and to comply with all health and safety, environmental, and occupational health laws, rules, and regulations.

The committee will also recommend procedures for investigating accidents and enforcement of workplace safety rules. Each recommendation shall include estimates of annual costs of implementing and maintaining that proposed recommendation. The superintendent may request that the safety committee established under Minn. Stat. § 182.676 carry out all or part of the duties of the advisory committee or the advisory committee may consider recommendations from a separate safety committee established under Minn. Stat § 182.676.

### **III. PROCEDURES**

Written plans and procedures will be maintained, updated, and reviewed by the school board on an annual basis and shall be an addendum to this policy. The administration shall identify in writing a contact person to oversee compliance with each specific plan or procedure.
- B. To the extent that federal, state, and local laws, rules, and regulations do not exist for identification and management of hazards or potential hazards, the health and safety advisory committee shall evaluate other available resources and generally accepted best practice recommendations. Best practices are techniques or actions which, through experience or research, have consistently proven to lead to specific positive outcomes.

- C. The school district shall monitor and make good faith efforts to comply with any new or amended laws, rules, or regulations to control potential hazards.

**IV. PROGRAM AND PLANS**

- A. For the purpose of implementing this policy, the administration will, within the budgetary limitations adopted by the school board, implement a health and safety program that includes specific plan requirements in various areas as identified by the health and safety advisory committee.
