- K. A school administrator must not engage in conduct involving dishonesty, fraud, or misrepresentation in the performance of professional duties.

~~A. An educational administrator's professional behavior must conform to an ethical code. However, the administrator assumes responsibility for providing professional leadership in the school and community. This responsibility requires the administrator to maintain standards of exemplary professional conduct. It must be recognized that the administrator's actions will be viewed and appraised by the community, professional associates, and students. To these ends, the administrator must subscribe to the following standards.~~

~~B. The Educational Administrator:~~

### **II. GENERAL STATEMENT OF POLICY**

The policy of this school district is to modify its revenue and expenditure budgets in accordance with the applicable provisions of law.

### **III. REQUIREMENT**

- A. The school district's adopted expenditure budget shall be considered the school board's expenditure authorization for that school year.
- B. If revisions or modifications in the adopted expenditure budget are determined to be advisable by the administration, the superintendent shall recommend the proposed changes to the school board. The proposed changes shall be accompanied by sufficient and appropriate background information on the revenue and policy issues involved to allow the school board to make an informed decision. A school board member may also propose modifications on that board member's own motion, provided, however, the school board member is encouraged to review the proposed modifications with the superintendent prior to their being proposed so that the administration may prepare necessary background materials for the school board prior to its consideration of those proposed modifications.
- C. If sufficient funds are not included in the expenditure budget in a particular fund to allow the proposed expenditure, funds for this purpose may not be expended from that fund prior to the adoption of an expenditure budget amendment by the school board to authorize that expenditure for that school year. An amended expenditure shall not exceed the projected revenues available for that purpose in that fund.
- D. The school district's revenue budget shall be amended from time to time during a fiscal year to reflect updated or revised revenue estimates. The superintendent shall make recommendations to the school board for appropriate revisions. If necessary, the school board shall also make necessary revisions in the expenditure budget if it appears that expenditures would otherwise exceed revenues and fund balances in a fund.

# DISTRICT ANALYTICS STRATEGY DISCUSSION

*Demographic · Housing · Enrollment · Market Share*

PREPARED BY TEAMWORKS | EDUCATION LEADERSHIP SOLUTIONS

# EXECUTIVE SUMMARY

Realities that must drive every strategic planning conversation

**94,884**

District Population

+1.4% since 2010

**-26.4%**

Resident Birth Decline

1,070 → 788 births (2010–2025)

**-5.9%**

K–12 Enrollment Decline

8,906 → 8,384 (2010–2026)

**67.3%**

Overall Market Share

Elementary lowest at 63.3%

**+8.6%**

Combined 10-yr Projection

Development + market share

**32.7%**

Private, charter, open enroll

**Strategic Bottom Line:** Declining births and aging housing stock are structural — they cannot be reversed. Market share is the one variable entirely within district control. A focused market share strategy, alone, has the potential to more than offset every enrollment loss of the past 15 years.

# COMMUNITY DEMOGRAPHICS

# STRATEGIC PRIORITIES

*What the data demands from leadership*

**01**

## MARKET SHARE RECOVERY

Develop a comprehensive plan to move from 67.3% to 75%+ market share. Identify the specific block groups, grade levels, and competitor alternatives where the district has the most recovery opportunity.

**02**

## BIRTH ZONE STRATEGY

Differentiate capacity, staffing, and programming strategy by attendance area based on birth trends. Growth areas (Lakewood, Lowell, Homecroft) need different investments than areas with 45–50% birth declines.

**03**

## FAMILY RECRUITMENT

Create a proactive family attraction strategy focused on neighborhoods with home price appreciation. This is the one lever that can supplement market share gains with new-resident enrollment.

**04**

## PROGRAM DIFFERENTIATION

Understand why 1,150 resident students choose charter schools and 1,217 choose private schools. Close the program gap and communicate the district's unique value proposition more effectively.

**05**

## CAPACITY PLANNING

Facility utilization data is pending the capacity study. When results arrive, integrate them directly with these projection scenarios — especially the -7% base case — to guide right-sizing decisions.

**06**

## DECIDE WHICH FUTURE TO BUILD

The data presents four scenarios — from -7% to +8.6% over 10 years. The district's future is not fixed. Leadership must choose which scenario to plan and resource toward, then build backward from that goal.

## Why We Are Implementing AI

- **Preparing Students for the Future:** Employers are seeking AI-literate candidates. Fluency in these tools is becoming a vital skill for future career efficiency.
- **Deepening Critical Thinking:** When used appropriately, AI helps students gain a deeper understanding and encourages independent thinking.
- **Empowering Educators:** AI acts as an assistant, helping teachers with administrative tasks like standard alignment. This gives them more time for direct student interaction.
- **Proactive Response:** We are addressing the reality of AI usage in society; strict detection is no longer a viable sole strategy.

**THE "SOCRATIC TUTOR" METHOD**  
(For Student AI Use)

Don't ban AI. **Teach students** how to use it the right way.

→ Shift AI from answer-giving ~~X~~ → thinking support

**STUDENT PROMPT TEMPLATE**

"Act as my expert Algebra 1 tutor. My goal is to truly understand how to solve the math problems I give you."  
**Rule 1:** NEVER give me the final answer or all the steps at once.  
**Rule 2:** Ask me a guiding question to help me figure out the first step. Wait for my response.  
**Rule 3:** If I make a mistake, point it out gently and ask me to correct it before moving on.  
Here is my first problem: [Insert Problem]"

**HOW TO ENFORCE IT**

- Require students to submit their AI chat link
- Grade the conversation, not just the answer
- Look for effort, thinking, and participation
- Reward the problem-solving process

**WHAT THIS BUILDS**

- Independent thinking
- Deeper understanding
- Academic integrity
- Confidence in problem solving

Nathan Glockle  
Area Learning Center  
Duluth Public School District

Duluth, MN 55802-2013

Greetings,

As stated in the August 25, 2025, letter to the district, the Minnesota Department of Education (MDE), through the Career and College Success Division, initiated monitoring of the district's Area Learning Center (ALC) programs to review compliance with all applicable state statutes to ensure the programs maintain approved status. This review has gathered information regarding the statutory obligations of the ALC under Minnesota Statutes 2024, sections 123A.05 to 123A.08 - State Approved Alternative Programs, 124D.68 - Graduation Incentives, and 124D.128 - Learning Year Program. Minnesota Statutes 2024, section 123A.09, confers the authority of the commissioner of education to designate and approve that state-approved alternative programs (SAAPs) are meeting the provisions under sections 123A.05 to 123A.08.

The review is in response to the district's use of a Google form that indicated students could complete a short submission to be in attendance for independent study. This letter is a response to the documents submitted with findings and recommendations. Please find attached a monitoring report and statutory references.

In January 2026, MDE expanded monitoring request based on initial review of the documents provided in the first portion of the desk review and additional information received by Duluth Public School District regarding program design for the ALC including student schedule, teacher instructional time, and comprehensive programming.

MDE would like to take this opportunity to thank you and staff members of Duluth Public School District for their cooperation and assistance during the review process. If you have any questions regarding the enclosed information, please do not hesitate to contact [MDE.AlternativeLearning@state.mn.us](mailto:MDE.AlternativeLearning@state.mn.us).

# Monitoring Report

## Summary of Monitoring Process

MDE staff who participated in the monitoring process include Christy Irrgang, Eric Billiet, and Sally Reynolds of Career and College Success Division. Documents necessary for monitoring, including a list of students enrolled in independent study (IS) for fiscal year (FY) 2023 and FY 2024 and teacher schedules, licenses, and file folder numbers if providing IS instruction for FY 2023 and FY 2024, were requested by September 26, 2025. The district submitted the documents in part on September 11, 2025. On November 18, 2025, MDE indicated that continual learning plans (CLP) for each student participating in IS programming for FY 2023 and FY 2024 were needed to proceed with the desk review, and that the complete documents were needed by December 5. On December 22, 2025, MDE requested clarification if the documents submitted included complete records of the requested documents. Following several clarification emails between MDE and the district, MDE indicated that the district needed to submit evidence of the full requirements of the continual learning plans. This request was fulfilled in part by January 5, 2026, and the information is missing some required elements of the CLP.

In January 2025, the district reached out to school finance for technical assistance on reporting a four-day week and instructional time that would be labeled as “Outreach” in the SIS and count for instructional time, to bring the total instructional minutes for the day to 510. As a result of that question, additional conversation occurred between MDE staff, district student accounting staff, and district program staff. The result of this conversation indicated the need for additional information from the district in an expansion of the monitoring. MDE sent a letter on January 26 requesting, from the ALC programming in FY 2024 and FY 2025, transcripts, teacher and student schedules, enrollment procedures, and course catalog. The documents were requested by February 27, 2026. The district completed the request by February 6, 2026.

## Elements Reviewed

### Critical Element I — Organization and Administration

Sub Element	Status	Statute / Rule / Guidance
<p>The ALC must have received approval from MDE to operate as a SAAP. The ALC must be a site on MDE-ORG.</p> <p>"Site" means a separate facility. A program within a facility or within a district, such as a “school within a school” is a separate ALC site once the school board recognizes it as a site.</p>	<p><input type="checkbox"/> In Compliance</p> <p><input checked="" type="checkbox"/> Partial Compliance w/recommendations</p> <p><input type="checkbox"/> Not in compliance w/ findings</p>	<p><a href="#">Minn. <p>The ALC must develop and maintain a separate record system that permits identification of membership attributable to students participating in the program. The record system and identification must ensure that the program will not have the effect of increasing the total average daily membership attributable to an individual student as a result of a learning year program. The record system must include the date the student originally enrolled in a learning year program, the student's grade level, the date of each grade promotion, the average daily membership generated in each grade level, the number of credits or standards earned, and the number needed to graduate.</p>	<input type="checkbox"/> In Compliance <input type="checkbox"/> Partial Compliance w/recommendations <input checked="" type="checkbox"/> Not in compliance w/ findings	<a href="#">Minn. Stat. 124D.128, subd. 2</a>

The following compliance issues were found.

- Online instruction is being implemented in a manner that does not align with statutory requirements or MDE guidance for state-approved alternative programs.
  - There is a lack of clarity on the attendance expectations and how records are kept to reflect the attendance policies and procedures.
- The ALC is operating on a four-day instructional week without receiving approval for a flexible learning year.
- The district does not follow IS requirements.
  - Enrollment records cannot blend between seat based and IS instruction in one record.
  - Students should not be required to complete a certain amount of “contact hours” to pass the class. They should be awarded credit when they pass and marked for attendance and membership per the [Independent Study Membership Hours Calculation for State-Approved Alternative Programs](#).
  - IS is blended into the school day schedule, and there is a lack of clarity on how the district is differentiating between these enrollment records and documented time and effort of teachers.
- Course catalog does not include some of the courses for which teachers are assigned to teach.
  - Student transcripts reflect IS courses that are not included in the annual IS report.

- The district’s recordkeeping system does not clearly identify student enrollment by course or instructional activity, nor does it demonstrate how average daily membership is generated and connected to coursework.
  - Teacher schedules are insufficiently documented to support instructional delivery and membership claims.
  - In some cases, students took 13 or more courses over a year in IS, and further data would be needed to analyze student schedules, MARSS record and ADM generated, and teacher instruction and attendance.

## Critical Element II — Admissions

Sub Element	Status	Statute / Rule / Guidance
<p>A continual learning plan must be developed at least annually for each student with the participation of the student, parent or guardian, teachers, and other staff; each participant must sign and date the plan. The plan must specify the learning experiences that must occur during the entire fiscal year and are necessary for grade progression or, for secondary students, graduation.</p> <p>The CLP must include:</p> <ul style="list-style-type: none"> <li>• the student's learning objectives and experiences, including courses or credits the student plans to complete each year and, for a secondary student, the graduation requirements the student must complete;</li> <li>• the assessment measurements used to evaluate a student's objectives;</li> <li>• requirements for grade level or other appropriate progression; and</li> <li>• for students generating more than one average daily membership in a given grade, an indication of which objectives were unmet.</li> </ul>	<input type="checkbox"/> In Compliance <input type="checkbox"/> Partial Compliance w/recommendations <input checked="" type="checkbox"/> Not in compliance w/ findings	<p><a href="#">Minn. Stat. 124D.128, subd. 3</a></p> <p><a href="#">Minn Stat. 126C.05, subd. 15</a></p>

The following compliance issues were found.

- The district was unable to provide valid, compliant CLPs for enrolled students.
  - CLPs did not meet statutory requirements for annual development, participant involvement, signatures, or required content elements.
  - The district submitted the forms but not the completed CLPs with graduation requirements and courses. Clarification was sought on the completion of the records but the district was unable to

provide signed copies of the completed CLPs. In some cases it appears the referral form serves as the CLP.

### Critical Element III – Programming

Sub Element	Status	Statute / Rule / Guidance
Districts providing online instruction in the ALC must meet the requirements of the online and digital instruction act and all SAAP statutes.	<input type="checkbox"/> In Compliance <input type="checkbox"/> Partial Compliance w/recommendations <input checked="" type="checkbox"/> Not in compliance w/ findings	<a href="#">Online Instruction in State-Approved Alternative Programs</a>

Stat. 120A.22, subd. 10</a>

The following compliance issues were found.

- Student instructional modality (seat-based, IS, or online instruction), schedules, and teacher contact time are not consistently or clearly documented across CLPs and teacher schedules.
- Instruction is provided in subject areas without appropriately licensed staff. Specifically, there is no licensed teacher assigned for chemistry instruction, and instruction in health, physical education, and music is provided by individuals without appropriate licensure.
- Teacher contact time was counted when students fill out a Google form, which does not meet the requirements for attendance for membership in independent study.

### Next Steps

1. The district’s ALC will be reclassified as an alternative learning program starting July 1, 2026. The targeted services programs will be closed as of July 1, 2026. The independent study approval will be discontinued as of July 1, 2026.
2. The district must complete a full ALC application process, independent study application process, and targeted services application process.
3. Within thirty (30) days of receipt of this letter, the district must submit an action plan addressing compliance issues listed above. The plan should include specific steps, responsible staff, timelines for implementation, and evidence the district will provide to MDE to verify completion of tasks.

Failure to submit the required information and corrective action plan within the stated timelines may result in continued noncompliance and could place the program’s approval status at risk for fiscal year 2027.

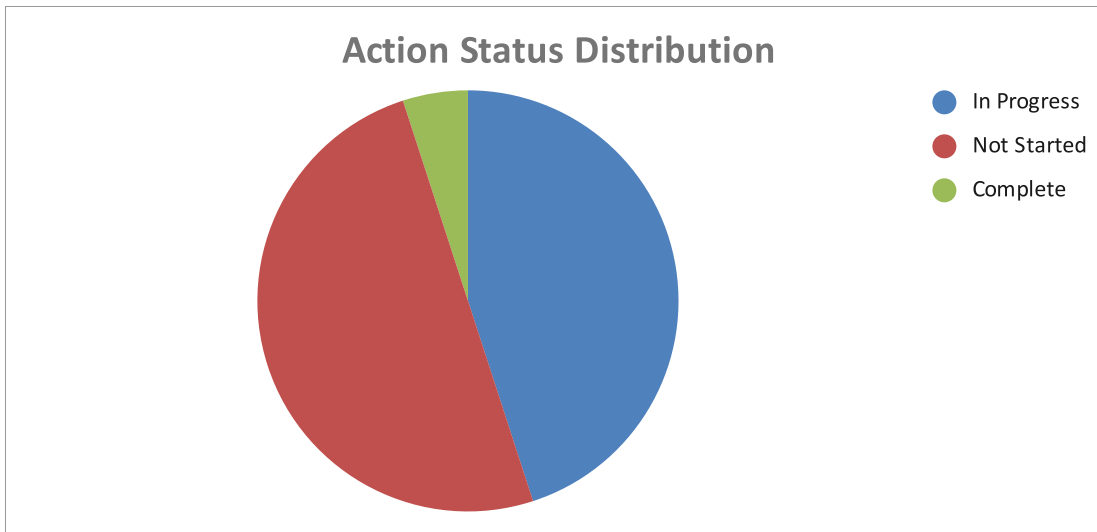

## Written Response

A response to this letter shall be directed towards [MDE.AlternativeLearning@state.mn.us](mailto:MDE.AlternativeLearning@state.mn.us) within 30 days of the letter's receipt indicating the action plan to complete the above items. The district is able to request a meeting with MDE within 30 days to receive any guidance on writing the action plan. We appreciate the time and effort to participate in this review process and look forward to continued partnership in supporting your program.

### Official Response and Corrective Action Plan Submission

**To:** Minnesota Department of Education – Career and College Success Division

**Attention:** Christy Irrgang, Alternative Education Specialist

**Date:** April 30, 2026

---

Dear Ms. Irrgang,

On behalf of Duluth Public Schools, thank you for the comprehensive monitoring review of our Area Learning Center (ALC) programs and for the detailed feedback provided in your letter dated April 20, 2026. We appreciate the clarity of the findings and the opportunity to strengthen our systems to ensure full alignment with Minnesota statutes governing State-Approved Alternative Programs (SAAPs). We would also like to extend our sincere appreciation to you and Eric Billiet for meeting with our team virtually on Thursday, April 23, to answer questions and provide additional guidance regarding the findings and next steps. We value this support and the collaborative approach taken by MDE, and we look forward to continuing this partnership as we move forward.

We submit this response and accompanying Corrective Action Plan with a clear commitment to bring all ALC programming into full statutory compliance while preserving high-quality, student-centered pathways to graduation. The district acknowledges the findings across the three critical elements of Organization and Administration, Admissions (Continual Learning Plans), and Programming (Instructional Delivery and Licensure). The review identified several systemic issues, including a lack of clarity and separation between instructional models, inconsistent and noncompliant recordkeeping and ADM reporting practices, incomplete and noncompliant Continual Learning Plans, and misalignment between course offerings, staffing, and licensure requirements. We recognize that these issues reflect system-level misalignment rather than isolated concerns and therefore require a comprehensive, system-level response.

Since the time of the review, there has been a change in site leadership, and responsibility for implementation of corrective actions now rests with district leadership under the supervision of the Director of Secondary Education. This transition provides an important opportunity to re-establish clear systems of accountability, align program design with statutory expectations, and strengthen oversight of alternative programming across the district. While we are building upon work already initiated, this plan reflects a district-led and sustainable approach to compliance moving forward.

The district's corrective actions are centered on three primary areas. First, we are undertaking a structural realignment of the ALC program to ensure clear separation of instructional models, including seat-based instruction (School 611) and independent study (School 616), supported by a compliant and well-documented master schedule aligned to learning year requirements. This includes the submission of a Flexible Learning Year application for a one-year extension and implementation of a redesigned master schedule for the 2026–27 school year to ensure accurate and transparent ADM generation tied directly to instructional delivery. Second, we are implementing statutorily compliant systems for Continual Learning Plans, Independent Study programming, and student recordkeeping. New CLP processes are being developed to ensure that plans are completed annually, include all required elements, and are

created collaboratively with students, families, and staff. Independent Study programming is being aligned to competency-based credit attainment with clearly documented teacher-student engagement, and student record systems are being redesigned to ensure alignment between enrollment, coursework, attendance, and ADM reporting. Third, we are ensuring the integrity of instruction by taking immediate steps to align all course offerings with appropriately licensed staff and to ensure that online and independent learning models meet state requirements for instructional quality and engagement. A full licensure audit is currently underway, and staffing adjustments will be completed prior to the 2026–27 school year.

We respectfully request continued guidance as we complete the reapplication process for ALC, Independent Study, and Targeted Services programming, ensure alignment with all statutory and program approval requirements, and implement sustainable systems that meet both compliance expectations and student needs. We value our partnership with the Minnesota Department of Education and are committed to working collaboratively throughout this process. We welcome the opportunity to continue dialogue with your team to review progress, receive feedback, and ensure alignment throughout implementation.

Duluth Public Schools is fully committed to ensuring that our alternative learning programs meet the highest standards of compliance, integrity, and student-centered practice. This Corrective Action Plan reflects not only our response to identified findings, but our commitment to building a stronger, more coherent system that supports all learners in achieving graduation and postsecondary success. Thank you for your partnership and continued support in this work.

Sincerely,

**Jennifer Larva, Director of Secondary Education**

# Put Summary Report

## I. Program Objectives & Goals (What are we trying to achieve?)

**The Big Picture** The Intra-City Student Council gives students from our high schools a direct way to talk to district leaders. Our goal is to make sure student perspectives are a regular part of how we make decisions.

### Our Main Goals

- **Give Students a Voice:** Create a direct line for students to tell district leaders what is really happening in their schools.
- **Improve School Rules:** Let students give feedback on policies and programs before they are finalized.
- **Build Leadership Skills:** Help students from different backgrounds learn how to lead and work as a team.
- **Create a Better School Environment:** Make schools feel more inclusive and safe by listening to and acting on student concerns.

### What We are Working on Right Now

- **Getting Started:** Moving from the planning stage to holding regular meetings (starting with the first group meeting on April 29).
- **Full Participation:** Making sure we have student representation
- **Setting a Routine:** Determining how meetings will run and how students will pick the topics they want to discuss.
- **Clear Communication:** Setting up a system (like a shared email and news updates) so the whole district knows what the council is working on.

## II. Key Actions & Activities (What have we done recently?)

- **Action 1: Refined Program Design and Logistics.** While this project took longer to launch than originally intended, we used the "pause" to ensure the program would actually work for students. Early efforts included meeting with School Board Student Representatives to set a vision and create an application process. We then spent time restructuring the program to fit within the regular academic day and school calendar. This was a critical step to ensure that underclassmen could participate and that transportation needs were addressed so every student has a way to attend.
- **Action 2: Held the First Cross-City Meeting on April 29.** After navigating several scheduling conflicts on previous "Opportunity Days," we successfully brought students from the different sites together for the first time on April 29. It is important to note that because the planning phase was handled by district leadership and student board reps, the students currently on the council are now stepping into this new structure for the first time to begin their work.
- **Action 3: Transitioned Leadership to Schools.** With the first meeting complete, the project has been turned over to the high school principals who will work with their building staff to set agendas and

invite district participation. They will now lead the council's day-to-day activities, ensuring the work remains student-centered and grounded in each school building.

### III. Outcomes & Results (What was the impact?)

The launch of the Intra-City Student Council on April 29 was successful. Five students from East High School, accompanied by the MTSS coordinator, traveled to Denfeld High School to join 18 Denfeld students and the Student Government coordinator for an afternoon of collaboration. The energy in the room was positive as students broke into small groups to discuss why this council matters.

The most impactful result was the students' own realization that they are stronger together. They shared that a city-wide council gives them a "collective voice" that can actually reach district leadership and the School Board. Beyond just talking about policy, the students focused on community building. They noted that meeting peers from across town helps break down old stereotypes and turns the cross-town rivalry into a positive partnership.

By the end of the meeting, the impact was visible through a list of student-led ideas. They moved quickly from "getting to know each other" to brainstorming real projects, such as joint fundraising for local non-profits, friendly school-spirit competitions like city-wide medallion hunts, and winter community events. The meeting proved that when we provide the space, our students are eager to lead and connect across school boundaries.

### IV. Next Steps & Future Focus (What is planned for the future?)

- **Next Step 1: Formalize the Communication Loop.** To ensure student voices reach the highest level of leadership, the communication link to the School Board will now come directly through each site's School Board Student Representative. They will be responsible for reporting on the council's progress, priorities, and recommendations.
- **Next Step 2: Summer Planning & Governance (August 2026).** In early August, students and staff partners will meet to finalize the council's structure for the new school year. This includes launching a formal application process to ensure balanced representation (10 students each from East, Denfeld, and the ALC) and establishing a bi-weekly meeting schedule that fits within the academic day to ensure all students can participate.
- **Future Focus Area: Service and Community Building.** A major highlight of the council's future work will be launching district-wide community-building initiatives. Students are planning joint service projects, such as fundraising for local non-profits, and "friendly rivalry" events—like city-wide medallion hunts and winter competitions—to break down barriers between schools and foster a unified district spirit.
- **Future Focus Area: Shift to Student-Led Design.** This project is officially "flipping" from district-led initiative to one that is student-designed and student-driven. Moving forward, district and school site leadership will serve as partners who provide support and resources only upon invitation from the students. This ensures the council's work is authentic to the students' own vision.

## **306 ADMINISTRATOR CODE OF ETHICS**

### **I. PURPOSE**

The purpose of this policy is to establish the requirements of the school board that school administrators adhere to the standards of ethics and professional conduct in this policy and Minnesota law.

### **II. GENERAL STATEMENT OF POLICY**

The standards of professional conduct are as follows:

- A. A school administrator must provide professional educational services in a nondiscriminatory manner.
- B. A school administrator must take reasonable action to protect students and staff from conditions harmful to health and safety.
- C. A school administrator must take reasonable action to provide an atmosphere conducive to learning.
- D. A school administrator must not use professional relationships with students, parents and caregivers, staff, or colleagues to private advantage.
- E. A school administrator must disclose confidential information about individuals only when a compelling professional purpose is served in accordance with state and federal laws and school district policies.
- F. A school administrator must not knowingly falsify or misrepresent records or facts relating to the administrator's qualifications or to the qualifications of other staff or personnel.
- G. A school administrator must not knowingly make false or malicious statements about students, students' families, staff, or colleagues.
- H. A school administrator must not accept gratuities, gifts, or favors that impair professional judgment, nor offer any favor, service, or item of value to obtain special advantage.
- I. A school administrator must only accept a contract for a position when licensed for the position or when a school district is issued a variance by the Minnesota Board of School Administrators.
- J. A school administrator, in filling positions requiring licensure, must employ, recommend for employment, and assign only appropriately licensed personnel, or persons for whom the school district has been issued a variance by the appropriate state board or agency, unless, after making reasonable efforts to obtain a variance, an appropriately licensed person cannot be assigned and the position must be filled to meet a legitimate emergency educational need.
- K. A school administrator must not engage in conduct involving dishonesty, fraud, or misrepresentation in the performance of professional duties.

~~A. An educational administrator's professional behavior must conform to an ethical code. The code must be idealistic and at the same time practical, so that it can apply reasonably to all educational administrators. The administrator acknowledges that the schools belong to the public they serve for the purpose of providing educational opportunities to all. However, the administrator assumes responsibility for providing professional leadership in the school and community. This responsibility requires the administrator to maintain standards of exemplary professional conduct. It must be recognized that the administrator's actions will be viewed and appraised by the community, professional associates, and students. To these ends, the administrator must subscribe to the following standards.~~

~~B. The Educational Administrator:~~

- ~~1. Makes the well-being of students the fundamental value of all decision-making and actions.~~
- ~~2. Fulfills professional responsibilities with honesty and integrity.~~
- ~~3. Supports the principle of due process and protects the civil and human rights of all individuals.~~
- ~~4. Obeys local, state, and national laws and does not knowingly join or support organizations that advocate, directly or indirectly, the overthrow of the government.~~
- ~~5. Implements the school board's policies.~~
- ~~6. Pursues appropriate measures to correct those laws, policies, and regulations that are not consistent with sound educational goals.~~
- ~~7. Avoids using positions for personal gain through political, social, religious, economic, or other influence.~~
- ~~8. Accepts academic degrees or professional certification only from duly accredited institutions.~~
- ~~9. Maintains the standards and seeks to improve the effectiveness of the profession through research and continuing professional development.~~
- ~~10. Honors all contracts until fulfillment, release, or dissolution is mutually agreed upon by all parties to the contract.~~
- ~~11. Adheres to the Code of Ethics for School Administrators in Minnesota Rule.~~

- B. ~~The school district must maintain separate accounts to identify revenues and expenditures for each building.~~ Expenditures shall be reported in compliance with Minnesota Statutes, § section 123B.76.
- C. Prior to July 1 of each year, the school board **shall must** approve and adopt its **initial** revenue and expenditure budgets for the next school year. The ~~adopted expenditure budget document so adopted must shall~~ be considered ~~the school board's an expenditure authorizing or appropriations document authorization for that school year.~~ No funds ~~may shall~~ be expended for any purpose in any school year prior to the adoption of the budget document which authorizes that expenditure for that year, or prior to the adoption of an amendment to that budget document by the school board to authorize that expenditure for that year.
- D. Each year, the school district **shall must** publish its adopted revenue and expenditure budgets for the current year, the actual revenues, expenditures, and fund balances for the prior year, and the projected fund balances for the current year in the form prescribed by the Commissioner of the Minnesota Department of Education (Commissioner) within one week of the acceptance of the final audit by the school board, or November 30, whichever is earlier. A statement **shall must** be included in the publication that the complete budget in detail may be inspected by any resident of the school district upon request to the superintendent. ~~A summary of this information and the address of the school district's official website where the information can be found must be published in a newspaper of general circulation in the school district.~~ At the same time as this publication, the school district shall publish the other information required by Minnesota Statutes, § section 123B.10.

- E. At the public hearing on the adoption of the school district's proposed property tax levy, the school board shall review its current budget and the proposed property taxes payable in the following calendar year.
- F. The school district must also post the materials specified in Paragraph III.D. above **in a conspicuous place** on the school district's official website, including a link to the school district's school report card on the Minnesota Department of Education's website. ~~and publish a summary of information and the address of the school district's website where the information can be found in a qualified newspaper of general circulation in the district.~~

**IV. IMPLEMENTATION**

- A. The school board places the responsibility for administering the adopted budget with the superintendent. The superintendent may delegate duties related thereto to other school officials, but maintains the ultimate responsibility for this function.
- B. The program-oriented budgeting system will be supported by a program-oriented accounting structure organized and operated on a fund basis as provided for in Minnesota statutes through the Uniform Financial Accounting and Reporting Standards for Minnesota School Districts (UFARS).
- C. The superintendent or the superintendent's designee is authorized to make payments of claims or salaries authorized by the adopted or amended budget prior to school board approval.
- D. Supplies and capital equipment can be ordered prior to budget adoption only by authority of the school board. If additional personnel are provided in the proposed budget, actual hiring may not occur until the budget is adopted unless otherwise approved by the school board. Other funds to be expended in a subsequent school year may not be encumbered prior to budget adoption unless specifically approved by the school board.
- E. The school district shall make such reports to the Commissioner as required relating to initial allocations of revenue, reallocations of revenue, and expenditures of funds.

## **701.1 MODIFICATION OF SCHOOL DISTRICT BUDGET**

### **I. PURPOSE**

The purpose of this policy is to establish procedures for the modification of the school district's adopted revenue and expenditure budgets.

### **II. GENERAL STATEMENT OF POLICY**

The policy of this school district is to modify its revenue and expenditure budgets in accordance with the applicable provisions of law.

### **III. REQUIREMENT**

- A. The school district's adopted expenditure budget shall be considered the school board's expenditure authorization for that school year.
- B. If revisions or modifications in the adopted expenditure budget are determined to be advisable by the administration, the superintendent shall recommend the proposed changes to the school board. The proposed changes shall be accompanied by sufficient and appropriate background information on the revenue and policy issues involved to allow the school board to make an informed decision. A school board member may also propose modifications on that board member's own motion, provided, however, the school board member is encouraged to review the proposed modifications with the superintendent prior to their being proposed so that the administration may prepare necessary background materials for the school board prior to its consideration of those proposed modifications.
- C. If sufficient funds are not included in the expenditure budget in a particular fund to allow the proposed expenditure, funds for this purpose may not be expended from that fund prior to the adoption of an expenditure budget amendment by the school board to authorize that expenditure for that school year. An amended expenditure shall not exceed the projected revenues available for that purpose in that fund.
- D. The school district's revenue budget shall be amended from time to time during a fiscal year to reflect updated or revised revenue estimates. The superintendent shall make recommendations to the school board for appropriate revisions. If necessary, the school board shall also make necessary revisions in the expenditure budget if it appears that expenditures would otherwise exceed revenues and fund balances in a fund.

## 511R FUNDRAISING

The following information will help you coordinate your fundraising efforts and includes guidelines and procedures for District staff when wanting to initiate a fundraiser.

**Note: Fundraising may not begin until approved by completing the following steps.**

### I. DEFINITIONS

There are two sections below based on the type of fundraising you want to do:

**General fundraising** (examples below, this is not an all-inclusive list)

- o Box Tops
- o Sale of coupon books
- o Bagging groceries
- o Percentage of sales at local businesses
- o Sale of wreaths, wrapping paper, food

#### **Crowdfunding**

- o The practice of funding a project or idea by raising small amounts of money from a large number of people, typically via the internet. The following is a list of approved crowdfunding sites:
  - Adopt-A-Classroom
  - ClassWish
  - DonorsChoose
  - GoFundMe
  - PledgeCents
  - TeacherLists
  - Boost My School

### II. PROCEDURES

#### **General fundraising**

1. Building staff must complete the District Fundraising Google form indicating that there is an active fundraising request. General fundraising includes activities like Box Tops, ~~school pictures~~, sale of coupon books, bagging groceries, sale of clothing, food, etc.
  - Fundraisers completed by an outside organization (not the school itself) such as a PTA, parent group or school foundation are not reported to the Board.
  - If any monies from these fundraisers are donated to a school, they would be reported as a donation by the school's clerical staff using the District Google Donation form located on the [Business Services intranet page](#).
  - District Fundraising Google form located on the [Business Services intranet page](#).
  - Answer all the questions including staff person coordinating the fundraising, building and/or program, amount of request, description of use of funds, estimated gross and net revenues and start and end date of fundraising.
  - Ignore the crowdfunding questions as they do not apply to general fundraising (follow instructions on Google form).

- If the fundraising effort results in non-monetary items (supplies, equipment, etc.), the items must be sent to the District and become property of the District.
  - All monetary donations must be recorded by the District and deposited into a District account. A check should be requested to be mailed to the school in the District's name, not an individual person. The District will ensure appropriate accounting. Items cannot be purchased until the donation is received by the District and approved through the District finance department.
2. Business Services staff will compile all fundraiser information on a monthly basis and report it to the School Board for approval. The School Board currently meets on a monthly basis so plan accordingly.
  3. After the School Board meeting, Business Services staff will notify the fundraiser coordinators if their fundraising requests were approved or denied by the School Board.

### **Crowdfunding**

1. Building staff must complete the District Fundraising Google form indicating that there is an active crowdfunding request. All requests must follow the Approval Criteria Guidelines. You will be asked to verify that you discussed with the appropriate parties and that they approve of your request:
  - Requests that involve **athletics** must have Athletic Director approval before moving to final approval.
  - Requests that involve **technology** must have Technology Department approval before moving to final approval. Examples include hardware such as Chromebooks, laptops, and software.
  - Requests that involve **curriculum**, such as workbooks, textbooks, or learning materials must have Curriculum Director approval before moving to final approval.
  - Requests that involve **facility** considerations, such as electrical, plumbing, or construction must have Facilities Manager approval before moving to final approval.
- ~~2. Once initial approvals occurs (step #1 above), Business Services will forward crowdfunding applications for final approval by District Cabinet. The District Cabinet meets every two weeks so plan accordingly.~~
  - ~~• District Cabinet will confirm data and approvals from appropriate directors.~~
  - ~~• District Cabinet will review Approval Criteria Guidelines to determine final approval.~~
  - ~~• Business Services will notify building administration or program directors of application status.~~
- 32.** Following notification of final approval, the staff member can create the crowdfunding page through one of the District approved crowdfunding sites. **The following is a list of approved crowdfunding sites:**
  - Adopt-A-Classroom
  - ClassWish

- DonorsChoose
  - GoFundMe
  - PledgeCents
  - TeacherLists
  - **Boost My School**
- Staff should be aware that some sites may retain a portion/percentage of the donations.
  - Staff should consider that if a specific goal is reached and there is no alternate designation for use of funds, any additional funds received would be returned to the donors.
  - If the crowdfunding effort results in non-monetary items (supplies, equipment, etc.), the items must be sent to the District and become property of the District.
  - No purchases can be made prior to successfully reaching the fundraising goal or the end of the crowdfunding campaign.
  - The District will not fund the remainder of projects receiving partial funding from donors.
  - All monetary donations must be recorded by the District and deposited into a District account. A check should be requested to be mailed to the school in the District's name, not an individual person. The District will ensure appropriate accounting. Items cannot be purchased until the donation is received by the District and approved through the District finance department.
  - The Business Office must be notified of any unspent funds and will determine the appropriate way to spend or return the unused funds.

### **III. APPROVAL CRITERIA GUIDELINES FOR ALL FUNDRAISING**

- Proposals that support the curriculum must be standards-based.
- The proposal must not conflict with the current and/or planned curriculum and instruction activities set forth by the District.
- Proposals must support district priorities.
- Proposals may not request materials that could be substituted by similar materials that are already supplied by the District or could be supplied by the District.
- Proposals may not start a program that would require the continued use of materials or funding beyond what is obtained through the proposal.
- The proposal cannot result in demands on staff not involved in the proposal.
- The proposal cannot request athletic equipment in conflict with the athletic programs of the District.
- The proposal must not cast a negative light on the District or any of its programs or employees.
- Campaigns cannot benefit individuals.

- Proposals must follow District policy, including the Wellness Policy.
- Crowdfunding campaigns cannot be contingent on additional District spending or require matching funds from the District or other organization.
- Crowdfunding campaigns may not raise money to be used by outside groups or vendors such as booster clubs, PTA/PTO, scholarships, or foundations.
- Crowdfunding campaigns cannot contain language that suggests or states that an item for which the donations are being sought are required for or integral to a student’s special education program, necessary for a student to achieve their IEP goals, or necessary to ensure participation of a student of students with disabilities in school or any program offered by the District.

**NOTE:** The District will take into account the volume of requests as well as the above criteria and reserve the right to limit the number of requests approved.

#### **IV. OTHER CONSIDERATIONS**

- Under the Family Educational Rights and Privacy Act (FERPA), the publication of student images (or names) is not authorized except as to specified permitted categories of “directory information,” and even then for specific purposes. Even if directory information is used properly, parents have a right to opt their children out. ONLY PHOTOS OF UNIDENTIFIABLE CHILDREN (ex., the backs of heads) may be used on your crowdfunding application page.
- Administrators will verify that statements regarding special education programs are consistent with Free Appropriate Public Education (FAPE), Individuals with Disabilities Act (IDEA), and Health Insurance Portability and Accountability Act (HIPPA).
- All items/materials obtained through District approved crowdfunding are the property of the District. While preference is given for the items/materials to be used and maintained by the employee who originally obtained them through crowdfunding, the District reserves the right to transfer such items/materials to another classroom and/or teacher, where necessary.

**Questions on Criteria or Eligibility should be sent to the District Finance Manager.**

**Questions on forms and submissions should be sent to Business Services.**

- Walkthroughs with Critical Response Group (CRG) have been scheduled for mid-May, CRG will be assisting in creating maps to be shared with first responders

- **Employee Injury Update for February**

- Our total case injury rate (TCIR) for March 2026 was 3.36, this is higher than last month. The increased TCIR for this month is likely due to the decrease in actual hours worked this month compared to last still with two recordable injuries. Our year to date TCIR is now 2.36. We had a total of 21 reports of injury with two of them being OSHA recordable. One recordable injury was from a student, the other from a fall on a school bus. Our highest category for reported injuries remains injured by student.

## Technology Report for May 2026 School Board Meeting Highlighting April 2026 Activities

Department:	Technology
HR Business Services Committee:	05.11.2026
Regular Board Meeting:	05.19.2026
Report Prepared By:	Greg Krueger

### Manager's Minutes:

- Our department is reviewing a variety of proposed service and subscription renewals for the coming fiscal year. Several of our higher-cost services have rapidly escalated in cost. We're making changes to services in an effort to stay within our budget, working to right-size each contract and considering alternatives to existing services when practical. This year's review process should wrap up in June.
- Additional feedback on Artificial Intelligence implementation was sought from the District Advisory Committee and via a Thought Exchange survey sent to high school students. We're actively reviewing stakeholder feedback and discussing AI plans with district leadership.

### What We're Working On:

- Our datacenter contract renewal has been finalized for the coming five years beginning this May. The contract reflects a reduction in occupied space, less electrical consumption allocation, and a lower overall cost in comparison to our present agreement.
- Technical preparations are underway for a change to our wide area network setup and addition of our First Street building to the district's network. These changes will be implemented by early July.
- Chromebooks have been ordered for next year's incoming class of students at Ordean and Lincoln Park middle schools.
- Additional interactive panels will be ordered to make use of the remainder of our department's budget this fiscal year.

### Staffing Report:

- No staffing changes to report

### What We're Working On:

- Refining and modifying current routes to facilitate a smoother transition into the 2026-2027 academic year

Guidelines for

**TRANSPORTATION REIMBURSEMENT**

2025-2026

1. Each parent is to submit an initial odometer reading from home to school. ISD 709 will determine Maximum Mileage allowed based on District Transportation Routing Software. The initial request should include your school's calendar for the year.
2. ISD 709 Transportation Department will complete the "Invoice/Reimbursement Form" (Form 3000) for each month. Please submit your information monthly, to include mileage and days attended for each family, listing all students in the family. Reimbursement is calculated by:

$$\underline{\hspace{2cm}} \text{ days } \times \underline{\hspace{2cm}} \text{ miles } \times 38 \text{ Cents per mile} = \text{reimbursement.}$$

*(One round trip from home to school)*

3. Email "DRIVING REIMBURSEMENT REQUEST FORM" to the Transportation Department. A check will be sent to your school in 3-4 weeks from the date received at the Transportation Department.
4. Reimbursement is per family when Duluth Public Schools are in session and only for their mileage. Car pool mileage should not be submitted. For the 2025-2026 school year one family reimbursement is a maximum of \$346.00.
5. All reimbursement claims must be received at ISD 709 by June 5, 2026.

OF DATA UNDER "SCHOOL OFFICIAL" EXCEPTION**

This Data Sharing Agreement ("Agreement") between Independent School District No. 709, Duluth Public Schools ("District") and THE COLLEGE OF ST. SCHOLASTICA, UPWARD BOUND, is entered into as of July 1, 2026 ("Effective Date"). The District and THE COLLEGE OF ST. SCHOLASTICA, UPWARD BOUND are referred to collectively as the "Parties."

WHEREAS, the services to be provided by individuals affiliated with Requesting Entity are institutional services and functions for which the District would otherwise use its own employees; and

WHEREAS, the District anticipates individuals affiliated with Requesting Entity will be required to access personally identifiable information related to students and educational data in order to effectively provide services to the District; and

WHEREAS, both the Family Educational Rights and Privacy Act ("FERPA") and the Minnesota Government Data Practices Act ("MGDPA") allow certain contractors, consultants, volunteers, and other parties to access information that would otherwise be protected from disclosure under a "school official" exception; and

WHEREAS, individuals affiliated with Requesting Entity will be providing services in a manner that meets the relevant requirements to qualify as a "school official" under both FERPA and the MGDPA; and

WHEREAS, the Parties wish to enter into this Agreement in order to outline in greater detail the terms and conditions upon which individuals affiliated with Requesting Entity will be granted access to certain protected student data as a "school official."

NOW, THEREFORE, in consideration of the mutual promises contained in this Agreement, the parties agree to the following:

1. **Services Provided to the District.** Requesting Entity is a NON-PROFIT ORGANIZATION whose TUTOR will provide *EDUCATIONAL SUPPORT* to the District. The services to be provided to the District are institutional services and functions for which the District would otherwise use its own employees.
